c. **Public Infrastructure Plan Review Process**. Subject to mutual approval by the Planning & Development Department (PDD) and the Co-Developer(s), the plans and permit applications submitted for the public roadway infrastructure pursuant to this Agreement, if submitted as stand-alone plans (not combined with internal subdivision plans), may be outsourced to a qualified third-party engineering consultant (the "**Road Plan Review Consultant**"). Such supplemental agreement is subject to mutual agreement between PDD and the Co-Developer(s) and may include the following: (i) the timeline and costs for the initial third-party review by the Road Plan Review Consultant; (ii) the timeline and review fees for final County review and approval after submittal by the Road Plan Review Consultant; and (iii) the potential award of VOPH Planning & Review Administrative Fee credits to the Co-Developer(s) for the Road Plan Review Consultant expenses (and subject to BCC approval, if legally required). Any such Road Plan Review Consultant process shall not apply to any internal VOPH-MPUD subdivision improvement plans or infrastructure plans which are combined with internal subdivision improvement plans, which shall be subject to standard review process by applicable County departments. All public utilities infrastructure plans and permit applications shall be processed exclusively by PCUD as set forth in Section 5.g., below, of this Agreement.

4. **Designated Master Roadway Pipeline Projects; Phasing Plan; Funding Process; Escrow Arrangement; VOPH Transportation Development Fee Credits.**

a. **Initial Designated Master Roadway Plan Pipeline Projects; Additional Projects.** The County and the Co-Developers have agreed on the initial "**Designated Master Roadway Pipeline Projects**" identified on **Exhibit B-1** hereto, which also are graphically depicted on **Exhibit B-2** hereto. The initial Designated Master Roadway Pipeline Projects identified on Exhibits B-1 and B-2 are allocated and linked to the respective Designated VOPH-MPUD which has been obligated or will be obligated to design, permit, and construct the respective Master Roadway Pipeline Improvement(s), pursuant to its VOPH-MPUD County approval process for each such VOPH-MPUD. The list of roadway obligations identified in Exhibit B-1 and B-2 are subject to change as a result of the VOPH-MPUD review and approval process; in the event that any such obligations change, the County Administrator and specified Co-Developer(s) shall approve administrative amendments to Exhibit B-1 and B-2 to conform this Agreement to the approved VOPH-MPUD conditions of approval, and provide copies of the amended Exhibits to the Engineer Verification Agent and Financial Escrow Agent. Either Co-Developer shall have the right to designate, subject to approval by the County Administrator or the County Administrator's Designee, additional Designated Master Roadway Pipeline Projects identified within and linked to additional Designated VOPH-MPUDs owned or controlled by such Co-Developer, in which event such additional Designated VOPH-MPUDs and the respective additional linked Designated Master Roadway Pipeline Projects shall be added to this Agreement by administrative amendment executed by the County Administrator or designee and the specified Co-Developer (with copies provided to the Engineer Verification Agent and Financial Escrow Agent), and joined in by such additional Designated VOPH-MPUD as a third-party beneficiary of this Agreement.

b. **Phasing Plan; Subsequent Revisions.** The County and the Co-Developers have agreed on the "**Initial Phasing Plan for Designated Master Roadway and Developer Utility Pipeline Projects**" set forth on **Exhibit C** hereto. The sequencing for the individual VOPH-MPUD roadway projects may change or overlap, such projects may be designed, permitted or constructed in phases, and concurrent or combined roadway project design, permitting and/or construction may occur in the sole discretion of either Co-Developer; however, the applicable Co-Developer shall meet the "Initial Commencement Date" for each such roadway project phase as set forth on Exhibit C and shall complete each project phase by not later than the completion date set forth for each such roadway project phase on Exhibit C, subject to Force Majeure (as defined in Section 13.v. of this Agreement). In addition, the phasing plan for the individual pipeline projects may be modified by the applicable Co-Developer with the consent of the County Administrator or the County Administrator's Designee, through administrative amendment to the applicable exhibits to this Agreement, provided that (a) the functionality of the VOPH roadway capacity intended to serve the applicable Designated VOPH-MPUD at such time is not adversely impacted by such modifications (as reasonably determined by the County Administrator or his/her Designee), and (b) copies of the amended phasing plan are provided to the Engineer Verification Agent and Financial Escrow Agent. The County acknowledges and agrees that the Co-Developers shall not be required to be the Constructing Entity or otherwise responsible for any roadway segments or other transportation improvements related to

any County roadway project or to any other development project which is not a Designated VOPH-MPUD initially or hereafter identified by a Co-Developer as owned or controlled by such Co-Developer, pursuant to this Agreement. With respect to any Designated Master Roadway Pipeline Project identified by this Agreement or subsequently designated as authorized above, either Co-Developer (or its designee) shall have the right upon thirty (30) days' prior written notice to the Engineer Verification Agent, the Financial Escrow Agent, the County and the other Co-Developer to assume responsibility for funding, design, permitting and construction thereof in the event (i) the Co-Developer or Designated VOPH-MPUD Owner originally assigned such roadway pipeline project fails to pursue same as and when required by this Agreement or (ii) the roadway pipeline project otherwise becomes necessary to serve another Designated VOPH-MPUD Project at an earlier date, due to actual project development sequencing within VOPH. In such case the Co-Developer or Designated VOPH-MPUD Owner which actually provides the funding to the Roadway Escrow Account or otherwise designs, permits, constructs and pays for the roadway pipeline shall receive the Transportation Credits for such roadway pipeline under this Agreement.

c. **Prepayment of VOPH Roadway Pipeline Project Costs; Alternative Funding Options.** The Co-Developers' initial funding mechanism for the Designated Master Roadway Pipeline Projects is intended to be the pre-payment of projected costs for each such Designated Master Roadway Pipeline Project as allocated to each Designated VOPH-MPUD, pursuant to the funding schedule set forth in Section 4.e., below, in exchange for the "Transportation Credits" as defined in Section 4.f. below. Such Co-Developer pre-payment of projected roadway pipeline costs or other Alternative Funding Source (defined below) may occur at any time prior to the funding schedule deadlines set forth in Section 4.e., below, and Exhibit C, in the discretion of the applicable Co-Developer or the applicable VOPH-MPUD Owner. All such prepaid amounts shall be earmarked and deposited by the "Financial Escrow Agent" (defined below) directly into the "VOPH Roadway Escrow Account" as provided in Section 4.d., below, and held, disbursed, and administered as required by this Agreement. Either Co-Developer also may elect in its discretion, in whole or in part, to fund the VOPH Roadway Escrow Account through Community Development District (CDD) funding in accordance with applicable law, capital funding from the Co-Developer and/or the applicable VOPH-MPUD Owner(s), or other private funding sources (jointly and severally the "**Alternative Funding Source**"). The initial funding amounts for the respective Developer Master Roadway Pipeline Projects shall be based upon (i) the project engineer's opinion of probable cost ("OPC") for each respective pipeline project, inclusive of design, permitting, construction, testing/inspection, and other construction contract costs, (ii) a pre-deposit for the aggregate Financial Escrow Agent fees and the aggregate Engineer Verification Agent fees for the first three (3) year period commencing with the first such escrow deposit under this Agreement (a 3-year total of $140,000 for the Financial Escrow Agent fees and a 3-year total of $337,842 for the Engineer Verification Agent fees), and (iii) any other known or anticipated costs (such as any applicable right-of-way acquisition costs), but subject to subsequent reconciliation and adjustment when the final, selected contract bid(s) are received for each applicable pipeline project. The Developer shall provide any additional funding to the Financial Escrow Agent that is required to pay the actual costs incurred for each applicable Developer Master Roadway Pipeline Project, if the initial deposit of funds for such project are not sufficient. Any funds deposited into the VOPH Roadway Escrow Account by a Co-Developer or any Designated VOPH-MPUD,

whether from pre-paid roadway pipeline costs or any Alternative Funding Source, shall be governed by this Agreement. The County shall not be required to contribute to the VOPH Roadway Escrow Account.

d. **VOPH Roadway Escrow Account.** The Financial Escrow Agent shall establish a segregated escrow account for the private funding provided by the Co-Developers and/or the Designated VOPH-MPUD Owner(s) pursuant to Section 4.c., above, for the exclusive purpose of funding the Designated VOPH Master Roadway Pipeline Projects identified in this Agreement from time to time (the "**VOPH Roadway Escrow Account**"). The funds deposited into the VOPH Roadway Escrow Account shall not be commingled with any other funds nor any funds related to any other developer's projects or any other VOPH developer(s) or VOPH-MPUD ownership entities not initially or hereafter identified and included by the Co-Developers under this Agreement. However, the County reserves the right to make other, independent business arrangements with other developers or owners within VOPH for other roadway improvements required for unrelated VOPH-MPUDs not owned, controlled by, or affiliated with the Co-Developers, in the sole discretion of the County. However, any such unrelated projects shall be governed by separate agreement(s) between the County and such unrelated developer(s) and the VOPH Roadway Escrow Account required herein shall be utilized and administered by the Financial Escrow Agent solely for the Co-Developer's Designated VOPH Master Roadway Pipeline Projects as set forth in this Agreement.

e. **VOPH Roadway Escrow Account Funding Schedule**. The Co-Developers anticipate closing on the respective VOPH-MPUD projects over time; therefore, the required funding schedule for the respective Designated Master Roadway Pipeline Project(s) which are linked to each separate Designated VOPH-MPUD, shall be based upon the schedule set forth in **Exhibit C** as to each Designated VOPH-MPUD. By way of clarification, in the event either Co-Developer or its designated VOPH-MPUD Owner fails to fund the VOPH Escrow Account when required pursuant to Exhibit C, then: (i) no Transportation Credits (defined below) shall be awarded to such Co-Developer for such VOPH-MPUD unless and until such funding occurs, and (ii) the applicable Master Roadway Pipeline Project(s) which are linked to such VOPH-MPUD pursuant to each respective VOPH-MPUD approval, shall remain an obligation of such VOPH-MPUD Owner in order for development to proceed for such VOPH-MPUD, unless such project(s) first is/are constructed by others pursuant to any separate VOPH-MPUD approvals by the County. If the applicable Co-Developer or its Designated VOPH-MPUD Owner does not pre-fund the VOPH Roadway Escrow Account for a designated roadway pipeline project as contemplated herein, then no Transportation Credits for such roadway pipeline until such construction is completed and costs are verified pursuant to this Agreement. All final Transportation Fee Credits shall be verified and reported by the Engineering Verification Agent and the Financial Escrow Agent pursuant to the terms of this Agreement and shall be adjusted as required when confirmed and ratified by the County pursuant to Section 6 below.

f. **VOPH Transportation Development Fee Credits; Use and Assignment.** As a material inducement for the Co-Developers and the Designated VOPH-MPUD Owners to enter into this Agreement and to fund the VOPH Roadway Escrow Account, the County agrees that the applicable Co-Developer (or its designee in its sole discretion) shall receive VOPH Transportation Development Fee Credits (the "**Transportation Credits**") for a portion (as specified below) of the initial deposits with the Financial

Escrow Agent, which Transportation Credits shall be issued by the County within forty-five (45) days of the date that the Financial Escrow agent confirms to the County that funds have been deposited into the VOPH Roadway Escrow Account, so that the Transportation Credits shall thereafter be immediately usable and assignable by the Co-Developer and its designee(s). The Co-Developers and their respective designee(s) shall be allowed to use and/or assign the Transportation Credits (i) against applicable VOPH Transportation Development Fees (both base mobility fees and surcharges, if any) for any Designated VOPH-MPUD, (ii) by and through registration on the VOPH Fee Credit Registry pursuant to the County's adopted policies applicable thereto, and/or (iii) for private sale and assignment to any other VOPH owners, developers, builders, CDDs, or other persons or entities within VOPH not included within this Agreement, in the sole discretion of the Co-Developer or its designee(s). Pursuant to the VOPH Enabling Documents, however, the Transportation Credits shall not be used against the VOPH External Improvements Fee (which includes the SIS and Transit portions) or the Administrative Fee portion of the applicable VOPH base mobility fees, which must be paid to the County in cash by the applicable VOPH-MPUD developer(s) or builder(s). With respect to the issuance of the Transportation Credits to the applicable co-Developer (or its designee) as provided herein, upon the deposit of the Co-Developer's or VOPH-MPUD Owner(s)' funds into the VOPH Roadway Escrow Account, Transportation Credits shall be issued by the County to the Co-Developer or its designee for ninety percent (90%) of such amount tendered, as the "Interim Credit Amount." Once the Financial Escrow Agent confirms to the County the amount and owner of the Interim Credit Amount, the County shall create a Transportation Credit account for such owner for the Interim Credit Amount. Thereafter, Transportation Credits up to the Interim Credit Amount shall be usable or assignable by the Co-Developer or its designee. At any time after funding for a specific project in the VOPH Roadway Escrow Account, the Co-Developer shall submit documentation to revise the amount so required for the applicable project, based upon receipt of either an updated OPC, revised bid amount, or interim contract change. In the event of such interim adjustment, the amount(s) required to be funded into the VOPH Roadway Escrow Account shall be revised accordingly, with any shortfall to be paid by the Co-Developer into the VOPH Roadway Escrow Account within fifteen (15) days thereafter (with 90% Interim Credits also issued by the County for such additional deposit amount within forty-five (45) days of the County receiving written confirmation of the additional deposit from the Financial Escrow Agent). Upon completion of the applicable project and final reconciliation of the VOPH Roadway Escrow Account, which reconciliation shall be made by the Engineer Verification Agent and Financial Escrow Agent within forty-five (45) days after the Final Disbursement (as defined in Section 11.f.), the Co-Developer's (or its designee's) Transportation Credit account shall be adjusted by the County to equal the final, total amount expended from the VOPH Roadway Escrow Account for the applicable project (the "Final Credit Amount"). Any unused cash amounts tendered by the Co-Developer or its designee into the VOPH Roadway Escrow Account for the applicable project then shall be disbursed and returned to the applicable Co-Developer or its designee, within fifteen (15) days after the final VOPH Roadway Escrow Account reconciliation is made for said project.

g. VOPH Financial Plan Update; Intermediate Roadway Credits. In order to support the award of Transportation Credits for the number of off-site intermediate roadways included herein and also to include on-site intermediate roadways as creditable

improvements, the County has requested and the Co-Developers have agreed to provide a proposed VOPH Financial Plan update to the County which will include an analysis of the roadway budget impact to provide credits for all intermediate roadways (in addition to primary roadways) within VOPH. In connection with such Financial Plan update, the availability of a portion of the future tax increment funding within VOPH will be taken into account. Upon completion and delivery of the required budget analysis the County agrees to process such VOPH Financial Plan update concurrently or soon after the date of this Agreement and in accordance with the VOPH Enabling Documents, for consideration by the Board of County Commissioners.

5. **Designated Master Utility Pipeline Projects; Phasing Plan; Funding Process; Escrow Arrangement; VOPH Utility Surcharge Fee Credits; Internal MPUD Requirements.**

a. **County Master Utility Pipeline Projects.** The County and the Co-Developers have agreed on the following County master utility projects for VOPH which shall be implemented through either of the Co-Developers or their designee as the "**Constructing Entity**" (also referred to as the "**Developer**" below) for the County (collectively the "**County Utility Projects**"):

(i) Handcart Road Master Potable Water Transmission Line Extension & Appurtenances. As the County's designated Constructing Entity pursuant to Section 8, below, the Developer shall design, permit and construct, pursuant to plans approved by the Pasco County Utilities Department (PCUD), the "**Handcart Main Potable Water Transmission Line**" as conceptually depicted on **Exhibit D-1**. At a minimum, such plans shall include (x) the initial 16-inch main transmission line (or larger if specified by the County), (y) all required booster pumps and other appurtenances, and (z) all storage facilities required to extend the existing main potable water transmission line from its existing terminus in Handcart Road northward to Kiefer Road, with sufficient potable water and fire suppression capacity and pressure to serve not less than 6,000 equivalent residential units ("ERU's") in such intended initial VOPH service area (such approved plans collectively are referred to herein as the "**Main Potable Water System Extension**"). The County agrees to fund the design, permitting and construction costs for the Main Potable Water System Extension pursuant and subject to Section 5.b., below. The County agrees to be the permit applicant for the Main Potable Water System Extension (but not for any private developer project improvements) and shall provide the system-wide capacity required from time-to-time to serve the Designated VOPH-MPUDs pursuant to the VOPH Enabling Documents. Applicable VOPH potable water commitment/surcharge fees and connection/service fees shall apply to all parcel developers and users within VOPH, as specified in the VOPH Enabling Documents as adopted by the County from time-to-time. No VOPH Utility Surcharge Fee Credits (defined below) shall be awarded to Developer for any portion of the Handcart Main Potable Water System Extension that is funded by the County.

(ii) Handcart Road Main Sanitary Sewer Collection System Extension. As the County's designated Constructing Entity pursuant to Section 8, below, the Developer shall design, permit and construct, pursuant to plans approved by the PCUD, the "**Handcart Main Sanitary Sewer Transmission Line**" as conceptually depicted on **Exhibit D-2.** At a minimum such plans shall include the primary 12-inch sanitary sewer collection/transmission line (or larger if specified by the County) and any related pumps or other appurtenances required to extend the existing main sanitary sewer

transmission line from its existing terminus in Handcart Road north to Kiefer Road, with sufficient capacity to serve not less than 6,000 ERU's in such intended initial VOPH service area (such approved plans collectively are referred to herein as the "**Main Sanitary Sewer Collection System Extension**"). The County agrees to fund the design, permitting and construction costs for the Handcart Main Sanitary Sewer Transmission Line pursuant and subject to Section 5.b., below. The County agrees to be the permit applicant for the public project improvements (but not any private developer improvements)and shall provide the system-wide treatment capacity required from time-to-time to serve the Designated VOPH-MPUDs pursuant to the VOPH Enabling Documents. Applicable VOPH sewer commitment/surcharge fees and connection/service fees shall apply to all parcel developers and users within VOPH as specified in the VOPH Enabling Documents as adopted by the County from time-to-time. No VOPH Utility Surcharge Fee Credits (defined below) shall be awarded to Developer for any portion of the Handcart Main Sanitary Sewer Collection System Extension that is funded by the County.

(iii) **Schedule for County Utility Projects**. The Developer and PCUD agree that the schedule for design, permitting, award of bid(s), and construction of each of the County Utility Projects identified above shall comply with the process and deadlines (to be set by the County) required for the County to meet the terms and conditions of that certain Standard Grant Agreement (LPA 0206) between the County and the State of Florida Department of Environmental Protection (DEP) for "Pasco County Handcart Road Water and Wastewater" (the "DEP Grant Agreement").

b. County Utility Project(s) Funding Agreement. The DEP Grant Agreement provides for County reimbursement from the State of Florida for the two (2) County Utility Projects identified in Sections 5.a (i) and 5.a.(ii) above, up to the amount of $6,500,000.00 the ("**VOPH State Funding**"). To comply with the VOPH State Funding reimbursement requirements, the County and the Developer(s) agree to negotiate in good faith to agree upon the following matters within sixty (60) days after the Effective Date of this Agreement:

i. a master utility plan ("MUP") for the County Utility Projects, including the sizing and scope for the main transmission lines, booster pumps, storage facilities, and other required appurtenances;
ii. a preliminary budget for the County Utility Projects based on the MUP and the VOPH Enabling Documents;
iii. a County Utility Projects Reimbursement Agreement (which shall be deemed a supplement to this Agreement) which includes the process and requirements pursuant to the DEP Grant Agreement, which currently expires on March 31, 2024, for the County to receive the VOPH State Funding reimbursement amount; and
iv. the funding source(s) and process for the County Utility Projects (but excluding any "Developer Utility Projects" (defined below) for any required transmission line extensions outside the County Utility Projects), including any additional amounts required for the County Utility Projects beyond the VOPH State Funding Amount. The funding and disbursements for the County Utility Projects shall be managed entirely by the County, and the Financial Escrow Agent and Engineer Verification Agent shall not have any responsibility for managing the County Utility Projects or for administering or requesting reimbursements under the DEP Grant Agreement.

c. **Initial Developer Master Utility Projects; Phasing Plan; Additional Projects.** Apart from the County Utility Projects identified in Section 5.a., above, the County and the Developer have agreed that the applicable Co-Developer or its Designated VOPH-MPUD(s) shall design, permit and construct the additional VOPH master utility projects (the "**Developer Utility Projects**") to the extent necessary (after the County Utility Projects) to complete the master transmission lines identified on **Exhibit E-1** (as to potable water transmission lines), **Exhibit E-2** (as to wastewater transmission lines), and **Exhibit E-3** (as to reclaim transmission lines), attached hereto. The Developer Utility Projects are linked and allocated to the respective VOPH-MPUDs, as graphically depicted on Exhibits E-1 through E-3, and more specifically described on **Exhibit E-4** hereto. The "**Initial Phasing Plan for Designated Master Roadway & Developer Utility Pipeline Projects**" as set forth in **Exhibit C** shall apply to the Developer Utility Projects on the same schedule and in the same manner as to the Designated Master Roadway Pipeline Projects applicable to each individual VOPH-MPUD. Not later than the commencement of site development for each respective VOPH-MPUD, the VOPH-MPUD Owner, its successor or assign, shall initially fund the VOPH Utility Escrow Account (defined below) for each of the Developer Utility Projects linked and allocated to such VOPH-MPUD, based upon the amount of the project engineer's OPC for each respective Developer Utility Project linked to such VOPH-MPUD and as set forth in Section 7(d) below. When bids are awarded for contracts, the Developer shall fund any additional amount required to supplement the VOPH Utility Escrow Account deposit amount required to fully fund such Developer Utility Project (or the Financial Escrow Agent shall refund any excess deposit amount to the Developer). Subject to approval by PCUD, the County Administrator and the applicable Co-Developer by mutual agreement may by administrative amendment to this Agreement (with copies to the Engineer Verification Agent and Financial Escrow Agent) add additional Developer Utility Projects subject to the same terms and conditions of this Agreement. VOPH Master and Galvin hereby agree that VOPH Master will be the initial responsible party for the design, permitting and construction of certain aspects of the Developer Utility Projects and the County Utility Projects. With respect to any Developer Utility Projects or the County Utility Projects, either Co-Developer (or its designee) shall have the right upon sixty (60) days' prior written notice to the Engineer Verification Agent, the Financial Escrow Agent, the County and the other Co-Developer to assume responsibility for funding, design, permitting and construction thereof in the event (i) the Co-Developer or Designated VOPH-MPUD Owner originally assigned such utility pipeline project fails to pursue same as and when required by this Agreement or (ii) the utility pipeline project otherwise becomes necessary to serve another Designated VOPH-MPUD Project at an earlier date, due to actual project development sequencing within VOPH. In such case, the Co-Developer or Designated VOPH-MPUD owner (or its applicable CDD) which actually provides the funding to the VOPH Utility Escrow Account (defined below) or otherwise designs, permits, constructs and pays for the utility pipeline shall receive the Utility Credits (defined below) for such pipeline under this Agreement (which credit amounts will be pro-rated in accordance with such funding/cost amounts actually paid by the respective parties).

d. **VOPH Utility Escrow Account.** The Financial Escrow Agent shall establish a segregated escrow sub-account for the private funding provided by the applicable Co-Developer and/or the Designated VOPH-MPUDs for the Developer Utility Projects,

for the exclusive purpose of funding the Developer Utility Projects within VOPH (collectively the sub-accounts are the "**VOPH Utility Escrow Account**"). In connection with the Developer Utility Projects, the VOPH Utility Escrow Account funding by the Developer shall include the applicable amounts required for the Financial Escrow Agent fees and Engineer Verification Agent fees, as part of the utility project costs. The funds deposited into the VOPH Utility Escrow Account shall not be commingled with any other funds nor any funds related to any other VOPH development projects or VOPH developers or VOPH-MPUD ownership entities not included under this Agreement. The County reserves the right to make other business arrangements with other developers or owners within VOPH for other master utility improvements required for unrelated VOPH-MPUDs not owned or controlled by either Co-Developer, in the sole discretion of the County; however, the VOPH Utility Escrow Account required by this Agreement shall be utilized and administered solely by the Financial Escrow Agent for the Developer Utility Projects now or hereafter identified under this Agreement.

e. **Developer Utility Projects Funding; VOPH Utility Surcharge Fee Credits; Use and Assignment.** As a material inducement for the Co-Developers and the Designated VOPH-MPUD Owners to enter into this Agreement and to fund the VOPH Utility Escrow Account as set forth in Section 5.d. above, the County agrees that the applicable Co-Developer (or its designee in its sole discretion) shall receive immediate VOPH Utility Surcharge Fee Credits (the "**Utility Credits**") within forty-five (45) days of the date that the Financial Escrow Agent confirms that private (non-County) funds are deposited into the VOPH Utility Escrow Account, so that the Utility Credits shall thereafter be immediately usable and assignable by the Co-Developer and its designee(s). The Developer or the applicable VOPH-MPUDs may fund the Developer Utility Projects as needed or desired for the advancement of the applicable VOPH-MPUD projects. The Co-Developer and/or the Designated VOPH-MPUDs may utilize (i) pre-paid VOPH Utility Surcharge Fees (but not base utility commitment/connection fees), (ii) CDD funding (pursuant and subject to applicable law), and/or (iii) other private capital funding for the funding required for the Developer Utility Projects now or hereafter identified under this Agreement. Pursuant to the VOPH Enabling Documents, the Utility Credits shall be used only against the VOPH Utility Surcharge Fees applicable within VOPH from time to time, and not against any base utility commitment/connection fees, which base utility commitment/connection fees must be paid to the County in cash by the applicable VOPH-MPUD developer(s) or builder(s). The Co-Developers and/or the Designated VOPH-MPUD Owner(s) shall have the right (i) to sell/assign the Utility Credits to any CDD, developer, builder, owner or other third-party entity within VOPH, and/or (ii) to use the Utility Credits against the applicable VOPH Utility Surcharge Fees (but not base commitment/connection impact fees) payable for any VOPH project. Pursuant to current VOPH Enabling Documents, the Utility Credits are subject to registration on the VOPH Fee Credit Registry and shall not be administered directly through PCUD. With respect to the issuance of the Utility Credits to the applicable co-Developer (or its designee) as provided herein, upon the deposit of the Co-Developer's or VOPH-MPUD Owner(s)' funds into the VOPH Utility Escrow Account, Utility Credits shall be issued by the County to the Co-Developer or its designee for ninety percent (90%) of such amount tendered, as the "Interim Credit Amount." Once the Financial Escrow Agent confirms to the County the amount and owner of the Interim Credit Amount, the County shall create a Utility Credit account for such owner for the Interim Credit Amount. Thereafter, Utility Credits up to the Interim Credit Amount shall be usable or assignable by the Co-

Developer or its designee. At any time after funding for a specific project in the VOPH Utility Escrow Account, the Co-Developer shall submit documentation to revise the amount so required for the applicable project, based upon receipt of either an updated OPC, revised bid amount, or interim contract change. In the event of such interim adjustment, the amount(s) required to be funded into the VOPH Utility Escrow Account shall be revised accordingly, with any shortfall to be paid by the Co-Developer into the VOPH Utility Escrow Account within fifteen (15) days thereafter (with 90% Interim Credits also issued by the County for such additional deposit amount within forty-five (45) days of the County receiving written confirmation of the additional deposit from the Financial Escrow Agent). Upon completion of the applicable project and final reconciliation of the VOPH Utility Escrow Account, which reconciliation shall be made by the Engineer Verification Agent and Financial Escrow Agent within forty-five (45) days after the Final Disbursement (as defined in Section 11.f.), the Co-Developer's (or its designee's) Utility Credit account shall be adjusted by the County to equal the final, total amount expended from the VOPH Utility Escrow Account for the applicable project (the "Final Credit Amount"). Any unused cash amounts tendered by the Co-Developer or its designee into the VOPH Utility Escrow Account for the applicable project then shall be disbursed and returned to the applicable
Co-Developer or its designee, within fifteen (15) days after the final VOPH Utility Escrow Account reconciliation is made for said project.

f. Internal Project Utilities System; Master Utilities Service Agreement. Other than the specific County Projects and Developer Projects now or hereafter identified pursuant to this Section 5 of this Agreement, all internal utilities lines and appurtenances required to serve any applicable VOPH-MPUD shall be the sole responsibility of the applicable VOPH-MPUD owner(s) or developer(s) for each respective parcel within VOPH. The applicable owner/developer shall enter into a master Utilities Service Agreement ("**USA**") with PCUD for all such internal utilities distribution or collection system.

g. PCUD Facilitation. The County agrees that the County Utilities Projects and the Developer Utilities Projects are critical infrastructure which presently impede any meaningful development within VOPH. Consequently, to facilitate the implementation of the County's longstanding VOPH Special Area Plan, PCUD shall expedite to the maximum extent practical, all County utility plan and permit application reviews and shall provide written comments not later than thirty (30) days after submittal of each plan set or application and shall expeditiously issue County permits for such work. To the extent applications to other review agencies are required, PCUD agrees to be the permit applicant for the County Utility Projects and to assist the applicable Co-Developer with procurement of all such required third-party permits.

6. <u>Financial Escrow Agent; Engineer Verification Agent; Respective Duties, Terms and Conditions; County Confirmation and Ratification of Credits.</u> As used in this Section 6, the term "Developer" shall mean the applicable Co-Developer or their respective VOPH-MPUD Owner(s), CDD's or other designees who deposit funding into escrow for roadway or utilities infrastructure projects under this Agreement:

a. Designation of Agents; Financial Account Administration and Engineering Credit Verification. The County shall designate the following agents (each an "**Agent**" and collectively the "**Agents**"):

i. The law firm of Phelps Dunbar, LLP (the "**Financial Escrow Agent**") to receive, hold, administer and disburse all monetary funds for the VOPH Roadway Escrow Account and the VOPH Utility Escrow Account, pursuant to the terms and conditions of this Agreement; and

ii. W.E. Oliver, P.E., LLC, through its sub-consultant Vanasse, Hangen, Brustlin, Inc., to review, verify, and confirm the validity of the expenditures for the creditable roadway and utility infrastructure projects as specified by this Agreement and as more specifically set forth in the Scope of Services attached as **Exhibit F** hereto and incorporated herein by reference, and to comply with the procedures set forth in this Agreement for verification and issuance of the Transportation Credits and/or Utility Credits, as applicable under this Agreement (the "**Engineer Verification Agent" or the "EVA").**

iii. The Agents upon their respective designation under this Agreement, shall execute a separate joinder and consent to this Agreement accepting the terms and conditions of this Agreement which are specifically applicable to each respective Agent and agreeing to perform faithfully in accordance therewith. The Developer and the County shall administer the VOPH Roadway Escrow Account and the VOPH Utility Escrow Account through the Financial Escrow Agent pursuant to the terms and conditions of this Agreement, and the process for verification of the costs and issuance of the Transportation Credits and the Utility Credits through the Engineer Verification Agent pursuant to the terms and conditions of this Agreement. Engineer Verification Agent shall develop the required standard approval forms for issuance and verification of credits, and assignment and use of same, for approval by the Developer and the County.

b. Respective Duties of Agents. The parties agree that the Financial Escrow Agent shall have a fiduciary duty to both the County and the Developer, and the Engineer Verification Agent shall have the standard professional duty of his/her industry to both the County and the Developer, in the performance of their respective duties under this Agreement. The Agents' duties are independent of each other and neither Agent shall be responsible for the performance of any duties which are assigned to the other Agent under this Agreement.

c. Allocation of Duties of Agents. The Agents shall have the following duties and responsibilities, subject to the terms and conditions of this Agreement:

(i) The Financial Escrow Agent shall receive and hold in escrow all of the cash deposits made in connection with this Agreement;

(ii) The Financial Escrow Agent shall notify the County, the Developer, and the Engineer Verification Agent upon receipt of any Developer deposit(s) into the VOPH Roadway Escrow Account or VOPH Utility Escrow Account, as applicable, and the resulting Interim Credit Amounts (as set forth above). Because such deposits will be based upon OPC's and other cost estimates, such Interim Credit Amounts shall be subject to true-up and final verification by the Engineer Verification Agent and to ultimate ratification and confirmation by the

County as final credits as set forth above.

(iii) The Engineer Verification Agent shall review and approve on behalf of the County all submittals made by the Developer, its designee(s), or any contractor, consultant or other third-party related to all contract or other third-party disbursement requests under this Agreement, and shall confirm that all disbursement requests (a) are for a project identified on Exhibit B, D or E, (b) comply with the deadlines in Exhibit C, (c) are supported by the documentation required by Section 11.f., (d) are consistent with the County and/or FDOT approved design pursuant to Section 9, and (d) comply with the bidding requirements and/or funding limitations in Sections 10.c. and 11.f. Upon completion of such confirmation, the Engineer Verification Agent shall provide confirmation and authorization for all such disbursements to the Financial Escrow Agent;

(iv) The Financial Escrow Agent shall separately account for all funds deposited into the VOPH Roadway Escrow Account and the VOPH Utility Escrow Account by the Developer or its designee(s), as applicable, and shall provide not less than a quarterly accounting for all receipts into and disbursements from the Escrow Account(s), organized separately for each public infrastructure project pursuant to this Agreement; in this regard, the applicable County department(s) shall reconcile its credit accounts with the quarterly reports of the Financial Escrow Agent;

(v) The Financial Escrow Agent shall have the right to rely upon the written request (which may be made via email) of the Developer and the written authorization of the Engineer Verification Agent to make all disbursements from the Escrow Account pursuant to this Agreement, subject to prior written notification by the Financial Escrow Agent to the County; the applicable County department shall provide any written objection to such disbursement within ten (10) business days, or the disbursement shall be deemed approved;

(vi) The Engineer Verification Agent shall review and recommend approval of the Final Credit Amounts for all VOPH Transportation Credits and VOPH Utility Credits required to be issued pursuant to this Agreement, and shall transmit such verified fee credit information to the Developer, the Financial Escrow Agent, and to other County departments impacted by the award of said VOPH Fee Credits, as applicable. Such recommendation shall not be final until confirmed and ratified by the applicable County department (as to Transportation Credits or Utility Credits, as applicable). In this regard, once approved by the Engineer Verification Agent each VOPH-MPUD Project's creditable costs packets shall be provided by the Engineer Verification Agent to the applicable County department(s) and the Developer prior to closing-out the project and determining the Final Credit Amounts for all VOPH Transportation Credits and VOPH Utility Credits, as applicable, and, upon approval by the applicable County department(s), the applicable County department(s) shall reconcile their credit account records with those of the Engineer Verification Agent. Upon such County confirmation and ratification, the Engineer Verification Agent shall implement any required true-up for the final credits versus the interim credits (which were based on deposit amounts, only), and shall report such adjustments and final credit amounts back to the applicable Developer, the County, and the VOPH Fee Credit Registry manager (if requested by such Developer).

(vii) Each Agent shall interact and coordinate with the Developer, the County's transportation and engineering departments, office of management and budget, real estate department, PCUD, and other departments and agencies as applicable and necessary to implement the terms and conditions of this Agreement, and to ensure compliance herewith;

(viii) The Financial Escrow Agent shall utilize commercially reasonable efforts to make the disbursements when and as required by this Agreement, absent notice of objection thereto by the County or the Developer, within ten (10) business days after written notice of such proposed disbursement;

(ix) Upon the completion of each separate public infrastructure project under this Agreement, the Financial Escrow Agent shall provide the final Escrow Account reconciliation and accounting, and shall disburse any amounts not expended for such project back to the Developer, as applicable, and after County confirmation and ratification of final credits, the Engineer Verification Agent shall provide the Final Credit Amount for such project as required under this Agreement;

(x) Upon the completion of all public infrastructure projects under this Agreement, or the mutual termination of this Agreement by the County and the Developer, the Financial Escrow Agent shall provide the final accounting and reconciliation required to make the final disbursements to the applicable parties and to close out the Escrow Account(s); and

(xi) The applicable Agent shall take such other actions as may be required or contemplated for implementation by the applicable Agent under this Agreement.

d. **Agent(s) Compensation**. The compensation for the Financial Escrow Agent and the Engineer Verification Agent shall be as follows: (a) the Financial Escrow Agent shall be paid $40,000 at the time of the initial deposit with the Financial Escrow Agent, then $33,333 per year (to be paid on the yearly anniversary date of the initial deposit) for the duration of the Agreement, including for any one (1) year renewal terms (if necessary); (b) the Engineer Verification Agent shall be paid $32,795 at the time of the initial deposit with the Financial Escrow Agent, then $30,505 per quarter (to be paid on the quarterly anniversary date of the initial deposit with the Financial Escrow Agent) for the first three years, $35,080 per quarter for the first additional year (if necessary), and $37,185 per quarter for the second additional year (if necessary). Such compensation shall be accepted by each Agent through its separate Joinder and Consent to this Agreement. Such Joinder and consent also shall be limited to the specific provisions of this Agreement which are applicable to each Agent. Provided that the Developer has made the deposits required by this Agreement, the Financial Escrow Agent shall be responsible for making the required payments to the Engineer Verification Agent, as set forth above.

e. **Escrow Account(s); Reports and Information Access.** The Financial Escrow Agent shall maintain one (1) or more interest bearing accounts into which all funds held in escrow shall be deposited, which interest bearing account(s) may

be held at any of the following financial institutions: (i) Wells Fargo, N.A.; (ii) Bank of America, N.A.; (iii) JP Morgan Chase & Co.; (iv) Truist Bank; (v) Capital One, N.A.; or (vi) any other institution that may be approved from time to time by the written consent of the County and the Developer. The Financial Escrow Agent shall provide the County and the Developer a quarterly report detailing the funds and documents then held in escrow by Escrow Agent and shall allow timely inspection and copying, within three (3) business days following receipt of a written request by either party, of all records and other documents maintained by the Financial Escrow Agent pursuant to this Agreement.

f. **Audit of Financial Escrow Agent and Escrowed Funds**. The County or the Developer shall have the right, but not the obligation, to request an audit of the Financial Escrow Agent's practices and procedures used in carrying out its responsibilities under this Escrow Agreement and/or to request an audit of the funds and documents held in escrow and disbursements and distributions made by the Financial Escrow Agent, in order to verify compliance with the terms and conditions of this Agreement. The party requesting the audit shall bear the cost of the audit unless such audit reveals a breach of the Financial Escrow Agent's obligations under this Agreement, in which event the Financial Escrow Agent shall pay the cost of such audit and shall cure, at its sole cost and expense, such breach or violation as noted therein. The report prepared by the auditor at the conclusion of any audit shall be made available without cost to the other party to this Agreement.

g. **Initial Term; Extension of Term.** The initial term of each Agent's service under this Agreement shall be for a period of three (3) years from the date of the initial deposit with the Financial Escrow Agent. Until this Agreement is terminated, such initial term shall automatically be extended for up to two additional one (1) year terms unless either the County or the Developer object, in which case a replacement Agent shall be designated by mutual agreement of the County and the Developer. Prior to each additional one (1) year extension, the Developer shall deposit additional funds with the Financial Escrow Agent to cover the Financial Escrow Agent and Engineer Verification Agent fees for such year, as set forth above.

h. **Termination or Resignation of Agent; Selection of Successor Agent**. Either Agent's service shall terminate and expire and such Agent shall be discharged and relieved of all further responsibilities, duties and obligations under and pursuant to this Agreement: (a) at the end of any term (as set forth above) of the Agent's service; (b) sixty days (60) after notice of resignation by the Agent; (c) termination of this Agreement; (d) for breach of the Agent's duties under this Agreement; or (e) for reasons as may be set forth in and pursuant to an order of a court of competent jurisdiction. Upon the resignation or removal of either Agent, the County shall designate a successor Agent, subject to approval of the Developer which shall not be unreasonably withheld.

i. **Nature of Agents' Duties**. The duties and obligations of each respective Agent pursuant to this Agreement shall be and hereby are limited to those duties and obligations of such Agent expressly set forth in this Agreement. No duties or obligations on the part of either Agent under and pursuant to this Agreement

shall be implied from the terms of this Agreement or otherwise. Each Agent assumes no duties or obligations under this Agreement except only those stated in this Agreement. The Financial Escrow Agent shall not be authorized to exercise any discretion in the release of documents or funds held in escrow. The Financial Escrow Agent shall have no responsibilities, duties or obligations with respect to the documents or funds held in escrow other than as expressly stated in this Escrow Agreement. Neither Agent shall be responsible or liable for any mistakes of fact or for any acts or omissions of any kind unless the same constitute gross negligence or willful misconduct.

j. **Reliance of Agents.** In the performance of their duties and obligations as an Agent under and pursuant to this Agreement, each Agent (a) may act in reliance upon any written notice, direction, document or instrument which the Agent believes in good faith, to be genuine, (b) may assume the validity and accuracy of any statement or assertion of fact and direction contained in any such written notice, direction, document or instrument, (c) may assume the genuineness of any signature presented to the Agent and the identity, right and authority of any person executing any such written notice, direction document or instrument and (d) may assume that any person purporting to sign such written notice, direction, document or instrument under or in connection with this Agreement has been duly authorized to do so.

k. **Institution and Defense of Legal Proceedings by Financial Escrow Agent or Engineer Verification Agent.** Neither Agent shall have any duty or obligation to institute legal proceedings of any kind or nature under or pursuant to this Agreement. In the event any litigation should arise between the parties to this Agreement concerning the escrowed funds or performance of any duties or obligations, then, subject to applicable statutory limitations and/or sovereign immunity limitations, Developer and County hereto do jointly and severally agree to hold Financial Escrow Agent harmless from, and indemnify and defend Financial Escrow Agent for, the payment of any cost or other expenses that may be involved in said litigation (including reasonable legal fees and expenses of attorneys chosen by Financial Escrow Agent, which may include Financial Escrow Agent's own costs using its usual billing rates for attorneys employed by Financial Escrow Agent), and from and for any and all loss, damage, tax, liability and expense that may be incurred by Financial Escrow Agent arising out of or in connection with its acceptance or appointment as Financial Escrow Agent, other than liability arising from the gross negligence, willful misconduct or bad faith of the Financial Escrow Agent. In the event of a dispute, Financial Escrow Agent's only obligation shall be to retain the escrowed funds until a final determination has been issued or to pay the escrowed funds into a court of competent jurisdiction.

l. **Interpleader of Documents and Funds in Escrow.** In the event that, in the good faith judgment of the Financial Escrow Agent, there shall exist some doubt on the part of the Agent as to whom, how, or under what circumstances the documents or funds being held in escrow are to be released or delivered by the Financial Escrow Agent pursuant to this Agreement, the Financial Escrow Agent shall so notify all parties in writing and, if, thereafter, the parties are unable to resolve such doubt and mutually agree and direct the Agent in writing as to whom, how, or under what circumstances the Financial Escrow Agent shall be

authorized to release or deliver the same, the Agent shall be entitled, but not obligated, to deposit the documents or funds about which the Agent is in doubt into the registry of the Court and to interplead all parties to this Agreement (other than Financial Escrow Agent) with respect thereto without any further responsibility or liability on the part of the Agent. All costs, expenses, including reasonable attorneys' fees and other charges, if any, suffered, incurred, or paid by the Financial Escrow Agent for, on account of or in connection with such interpleader action shall be borne equally by the parties and may be paid out of the escrowed funds without the consent of any parties. Should Financial Escrow Agent elect not to deposit the documents or funds into the registry of the Court, as aforesaid, the Financial Escrow Agent shall not be obligated or entitled to release or deliver the documents or funds then held by the Agent unless and until (a) both parties shall have jointly directed the Agent in writing to release or deliver the documents or funds at the time and in the manner designated in such joint written direction or (b) a final order of a court of competent jurisdiction, from which no appeal has been taken and with respect to which the appeal time has expired, or, if an appeal has been taken, has become final directing the Financial Escrow Agent to take the action specified in such final order with respect to the documents or funds about which the Agent was in doubt.

m. **Liability of Financial Escrow Agent**. Financial Escrow Agent shall not incur any liability in acting upon any signature, notice, demand, request, waiver, consent, receipt, or other writing, instrument or document reasonably believed by Financial Escrow Agent to be genuine. Financial Escrow Agent shall be obligated only for the performance of such duties as are specifically set forth in this Agreement, being purely ministerial in nature. Nothing contained herein shall be deemed to obligate Financial Escrow Agent to pay or transfer any monies hereunder unless and until such funds are received by Financial Escrow Agent. Financial Escrow Agent shall have no liability for loss arising from any cause beyond its control, including without limitation the following: (i) the act, failure, neglect or insolvency of any financial institution selected by Financial Escrow Agent; (ii) any delay, error, omission or default connected with the remittance of funds by another party; (iii) any delay, error, omission or default of any mail, telephone or e-mail service or operator; or (iv) the acts of any government or governmental agency or other entity exercising governmental powers.

7. **Procurement Process for Right-of-Way or Easements Required for Public Infrastructure Projects.** With respect to any rights-of-way, easements, or other use rights required for any of the VOPH master roadway or utility infrastructure projects identified under this Agreement, and which lie over, across or under any third-party land not owned or controlled by the Co-Developer or a Designated VOPH-MPUD, the following procurement process shall apply: (i) if the subject land lies within a previously approved VOPH-MPUD or is within lands included in a pending VOPH-MPUD application, the County shall require the provision of the subject right-of-way or easement area subject to and in accordance with the VOPH Enabling Documents; (ii), for any land not covered by (i) above, then: (x) the Co-Developer first shall utilize good faith, commercially reasonable efforts to negotiate the procurement from such third-party landowner, on the County's behalf, and any proposed compensation to be paid to such third-party owner shall be subject to the County's approval, which shall not be unreasonably withheld; (y) if the Co-Developer notifies the County in writing that the foregoing negotiations are not successful, the County shall initiate condemnation proceedings in accordance with applicable Florida law to effect a "quick taking" of

the required rights; and (z) the County then shall pursue the completion of such condemnation process to establish the final just compensation due to such third-party landowner pursuant to applicable Florida law. The foregoing condemnation process shall not apply in any circumstance where the affected landowner has an existing zoning or other development approval condition which requires the conveyance of right-of-way, easements, or other similar cooperation, in which event the County shall diligently pursue enforcement of such pre-existing zoning or development approval condition with such third-party landowner. No third-party landowner is intended to be a third-party beneficiary of this provision, which is intended solely to identify the respective rights and obligations of the County and the Co-Developers with respect to the VOPH public infrastructure projects identified herein. Prior to the initiation of any formal condemnation process under this Section 7, the Co-Developer or the applicable Designated VOPH-MPUD shall enter into a right-of-way acquisition agreement which memorializes the terms and conditions for such action consistent with this Agreement. The County shall initially advance the costs for any such condemnation action, subject to reimbursement by the Developer in exchange for 100% Transportation Credits or Utility Credits pursuant to Section 4 or Section 5 of this Agreement, as applicable.

8. **County Utility Project(s) Accounting, Reports and Administration of Funds.** The County Utility Projects identified in Section 5 above shall be undertaken by the applicable Co-Developer as the "**Constructing Entity**" for the County or on behalf of the Designated VOPH-MPUD Owner(s), as applicable (together with the master roadway projects under Section 4, above, the "**Public Infrastructure Project(s)")** (such Constructing Entity also is referred to as the "Developer" herein). For each such Public Infrastructure Project for which the Developer is designated as the County's Constructing Entity, the Developer as Constructing Entity shall comply with the provisions of Section 215.97, F.S., as applicable, and the following terms, conditions and processes for such Public Infrastructure Project(s):

    a. To be responsible for such portion of the design, permitting, bidding and construction of the improvements specified for such delegated Public Infrastructure Project in a manner reasonably satisfactory to Pasco County and consistent with any applicable permitting requirements of all agencies having jurisdiction thereof.

    b. To maintain books, records, documents, and other evidence including, but not limited to, records of all progress payments made for work in connection with the Public Infrastructure Project, any change orders and payments made pursuant to such orders, according to generally accepted accounting principles, procedures, and practices relating to the Public Infrastructure Project included, but not limited to, books, records, etc., which sufficiently and properly reflect all costs of any nature incurred by Developer for the Public Infrastructure Project, and to retain said books, records, documents, and other evidence for a period of five (5) years after final completion of the Public Infrastructure Project or termination of this Agreement whichever is later.

    c. That aforesaid records, books, documents, and other evidence shall be subject at all times to inspection, review, or financial audit as required by law or otherwise by County personnel authorized by the Pasco County Administrator or his designee.

    d. That the aforementioned audit and record-keeping requirements shall be included in contracts and subcontracts entered into by Developer with any party for work or services required for the Public Infrastructure Project.

e. That three (3) months after the date of execution of this Agreement and every three (3) months thereafter, Developer shall provide Pasco County with a progress report containing a narrative description of the work completed according to the Public Infrastructure Project schedule; a description of any change orders executed; a budget summary detailing planned expenditures versus actual expenditures; and identification of minority business enterprises used as contractors and subcontractors.

f. That upon final acceptance of the Public Infrastructure Project, the Developer shall provide the following:

i. Certification that the Public Infrastructure Project has been completed in compliance with the terms and conditions of this Agreement and meets minimum construction standards established in accordance with Section 336.045, Fla. Stat.

ii. A report that shall specify the total cost of the Public Infrastructure Project and the total direct costs of the Public Infrastructure Project paid from the funds made available by Pasco County from the VOPH Utility Escrow Account pursuant to this Agreement.

9. **VOPH Infrastructure Project(s) Design and Permitting Process.** The primary responsibility for design and permitting, and the applicable process and requirements for the respective infrastructure projects shall be allocated between the County and the applicable Co-Developer (or its designee), as follows (such Constructing Entity is referred to as the "Developer" herein) :

a. With respect to the County Utility Projects, the County and the Developer shall collaborate on the design plans, and upon approval for the design plans by the County, the Developer shall process the plans and permits for approval on behalf of the County, with PCUD identified as the applicant. Upon procurement of all required local, state, and/or federal permits for each such County Utilities Project, the Developer shall construct the project(s) as the County's Constructing Entity pursuant to Section 5 and Section 8, above.

b. With respect to the Developer Utility Projects, the Developer or its designee shall procure the design plans, subject to approval thereof by PCUD, and the Developer or its designee shall be the applicant and shall process the plans and permits for approval by all local, state and federal agencies having jurisdiction. Upon procurement of all required approvals, the Developer or its designee shall construct the Developer Utility Projects pursuant to Section 5, above.

c. With respect to the VOPH Master Roadway Pipeline Projects, the Developer shall procure the plans in accordance with the VOPH Master Roadway Plan, including the specific cross-section design requirements set forth in the VOPH Enabling Documents, for approval by the County (and by FDOT but only where applicable for a specific roadway segment under FDOT jurisdiction). The Developer or its designee shall be the applicant for the roadway plans and permits; provided, however, that upon request by the Developer, the County shall be the named applicant for any state or federal permit application processed by the Developer or its designee related to public roadway impacts to wetlands, flood plains, or other state or federal permitting issues, which consent shall not be unreasonably withheld. The Developer's roadway design plans and specifications shall be subject to County approval in accordance with applicable

VOPH Master Roadway Plan design criteria and/or Florida Department of Transportation design standards (but only where there is applicable FDOT jurisdiction). Any necessary wetland or floodplain impacts or compensation related to the roadway project shall be included in the design and indicated on the plans. The purchase of off-site mitigation bank credits shall be required in lieu of any County-maintained mitigation areas (provided, however, that any CDD, HOA, or Developer-maintained mitigation area, including comingled mitigation areas, shall be allowed).

d. The construction contractors used by Developer or its designee to construct and complete the utility and roadway projects shall be selected by the Developer and shall be reasonably satisfactory to Pasco County and/or FDOT, as applicable. The consent of Pasco County and/or the Developer to any plans, design, permit conditions, selection of contractors, or project contract costs shall not be unreasonably withheld, conditioned, or delayed.

e. Drainage and/or mitigation facilities for any VOPH infrastructure project may be commingled or combined with drainage and/or mitigation facilities for an adjacent VOPH-MPUD project or any other facilities or developments along the route of the infrastructure project; however, any such shared facilities shall be owned, operated, and maintained by a Community Development District ("**CDD**"), Homeowner/Property Owner's Association ("**POA**"), or such other legal entity as may be approved by Pasco County (which approval shall not be unreasonably or untimely withheld or conditioned). Any isolated stormwater or mitigation facilities which serve only the public infrastructure project shall be owned, operated, and maintained by the County. Where applicable for any shared facilities, the CDD, POA, or such other legal entity shall provide appropriate easements to Pasco County so that Pasco County has the ability to maintain such drainage and/or mitigation facilities in the event that the CDD, POA, or such other legal entity defaults on its obligations to maintain the drainage facilities. If the drainage facilities for the public infrastructure project are commingled or combined with drainage facilities for any adjacent private project then all such drainage facilities shall remain owned by an entity other than Pasco County, and operation and maintenance of the same shall be the responsibility of the respective underlying land owner, the CDD, the POA, or such other similar legal entity as may be approved by Pasco County (which approval shall not be unreasonably or untimely withheld or conditioned), as applicable. The underlying landowner, the CDD, the POA, or such other similar legal entity shall be responsible for the design, permitting, and construction of all such commingled or combined drainage facilities, unless otherwise approved by Pasco County (which approval shall not be unreasonably or untimely withheld or conditioned). Appropriate easements to Pasco County shall be provided on all lands owned by the applicable VOPH-MPUD Owner(s) and shall be obtained from all other underlying land owners, by condemnation if necessary, of land containing drainage facilities serving the public infrastructure project, including those drainage facilities that are commingled or combined, so that Pasco County has the ability to maintain the drainage facilities associated with the public infrastructure project in the event that the CDD, the POA, or such other legal entity fails properly to maintain same.

f. In the event that the permitted wetland and/or floodplain mitigation area(s) for the impacts associated strictly with the public infrastructure project are permitted and constructed separately and distinctly from impacts associated with any other private project facilities or developments, then Pasco County will accept ownership and

maintenance responsibilities after the completion of the maintenance and monitoring period and acceptance by any governing agencies having jurisdiction over the public infrastructure project (notwithstanding the foregoing, the County reserves the right to purchase off-site mitigation bank rights in lieu of on-site wetland or floodplain mitigation areas which require permanent maintenance). If the permitted wetland and floodplain mitigation areas related to the public infrastructure project are commingled/combined with wetland and floodplain mitigation areas of any other private project facilities or developments, all the wetland and floodplain mitigation areas shall be permitted, owned, operated, and maintained by the underlying landowner, the CDD, the POA, or such other legal entity as may be approved by Pasco County. Appropriate easements shall be provided to Pasco County for the wetland and floodplain mitigation areas associated with the public infrastructure project that are owned by the applicable VOPH-MPUD Owner(s), the CDD, or the POA, or such other legal entity as may be approved by Pasco County Pasco County and shall be obtained, by condemnation if necessary, from all other underlying landowners of land containing such mitigation areas serving the public infrastructure project, including those areas that are commingled or combined, so that Pasco County has the ability to maintain the wetland and/or floodplain mitigation area(s) in the event that the CDD, or the POA, or such other legal entity as may be approved by Pasco County or any other underlying landowner defaults on its [their] obligations to maintain the facilities.

g. For any County roadway project delegated by the County Administrator to the Developer as the Constructing Entity for design and permitting, if the County review will be completed by a department other than the Planning and Development Department, the Developer shall complete and submit sixty (60) percent, ninety (90) percent, and final design plans for those portions of the public infrastructure project to Pasco County and/or FDOT, as appropriate, for review and approval unless FDOT and/or Pasco County, as appropriate, agrees in writing to, or have adopted, an alternative submittal schedule. Developer shall obtain approval of the 100 percent design and right-of-way plans for those portions of the public infrastructure project from Pasco County and/or FDOT, as applicable, prior to commencement of any bidding of the public infrastructure project. Developer shall provide at the time of 100 percent design and right-of-way plan submission for the public infrastructure project an engineer's estimate of the cost of the constructing the public infrastructure project, including inspection costs, which estimate shall be certified by an engineer duly registered in the State of Florida and approved by Pasco County.

10. **Pasco County Cooperation and Assistance with Developer Projects; Bidding Process for Developer Infrastructure Projects**. Pasco County shall cooperate with the applicable Constructing Entity (also referred to as the "Developer" herein) with respect to plans and permit applications and construction for the Developer roadway and utility projects pursuant to this Agreement, including assistance when appropriate with other agencies having jurisdiction over such projects, subject to the following terms and conditions:

a. **County and FDOT Review**. Developer agrees and recognizes that Pasco County and FDOT shall not be held liable or responsible for any claims which may result from any actions or omissions of Developer, or engineers/contractors selected by Developer, for any Developer project in which Pasco County or FDOT participated, either through review or concurrence of their actions. In reviewing, approving, or rejecting any submissions or acts of Developer, or engineers/contractors selected by Developer, Pasco County and FDOT in no way assume or share any of the responsibility or liability

of Developer or its consultants, contractors, or registered professionals (e.g., architects and/or engineers) under this Agreement. All work covered under this Agreement shall be performed in accordance with good engineering practice, and all established design criteria and procedures shall be followed. Pasco County and FDOT, as applicable, will review the submittals, although detailed checking will not necessarily be done. Developer remains solely responsible for the work related to any Developer project and is not relieved of that responsibility by review comments.

b. **Utilities Relocation**. Developer shall coordinate the relocation of any utilities infrastructure in conflict with any County or Developer infrastructure project, including Pasco County utilities. Relocation of any utilities infrastructure which is in conflict with the County or Developer infrastructure project, including Pasco County utilities, shall be completed and paid for by the owner of the utilities infrastructure to the extent required by Sections 337.403-404, Fla. Stat. Pasco County agrees, upon request of Developer, to cooperate with Developer in requiring the relocations of any such utilities infrastructure to the extent allowed by Section 337.403-404, Fla. Stat., in a timely manner. However, under no circumstances shall Pasco County incur any expenses for the relocation of such utilities for any infrastructure projects.

c. **Bidding Process**. With respect to any County or Developer infrastructure project that is subject to impact, mobility, or other fee credits or County funding under this Agreement, the Developer shall comply with the bidding procedures set forth in either (i) Pasco County's Guidelines for Development Pipeline Bid Process, as amended by the County from time to time, (ii) the required bid procedures for a CDD pursuant to Florida Statutes as amended from time to time, and subject to County approval thereof, (iii) the bidding procedures set forth in any subsequent VOPH Fee Credit Registry Resolution or Policy Memorandum approved by the County Administrator or his designee, or (iv) such other public bidding process as approved by the County Administrator or his designee. The Developer shall retain full control of all bids and determinations regarding bidder qualification and determination of the qualified lowest bidder. The Developer may elect in its reasonable discretion to award the bids of portions, phases, or segments of the roadway or utility improvements to a qualified bidder that is not the lowest overall bidder; provided, however, that in such event any fee credit amounts or reimbursements for construction of the roadway or utility improvements that are the subject to such bid may be limited to quantities and amounts awarded in comparable projects located in Pasco County, Florida, as reasonably determined by the County.

11. **Construction of and Disbursements for County Project(s) Delegated to a Co-Developer as Constructing Entity.** With respect any County or Developer infrastructure project delegated by the County Administrator to a Co-Developer or its designee as Constructing Entity (also referred to as the "Developer" herein), the following requirements and procedures shall apply:

    a. **Construction Schedule**. Subject to design plan and permit approvals from all agencies having jurisdiction, the Developer shall commence and complete construction of the Developer infrastructure projects in accordance with Exhibit C, and shall commence and complete construction of the County Utility Projects in accordance with the schedule set forth in the subsequent agreement for such projects. Developer shall proceed and complete the construction of the County and Developer infrastructure projects in accordance with the final alignment, design, specification, and construction plans as approved by Pasco County and other applicable Federal, State, and regional

regulatory agencies. Developer and Pasco County agree that nothing contained herein shall prohibit or in any way restrict Developer's ability to accelerate the schedule for construction of any portion of the County and Developer infrastructure projects, subject only to procurement of required permits.

b. **Tender of Improvement Area**. Upon the issuance to Developer or its contractor of a Pasco County construction permit, the area covered by such construction permit shall be deemed to be tendered to Developer or its contractor, as applicable, and such entity shall be in the custody and control of the project areas. Developer or its contractor shall be responsible for providing a safe work zone for the public.

c. **Pasco County Observation**. Pasco County reserves the right to inspect, observe, and materials-test any and all work associated with the County and Developer infrastructure projects and shall at all times have access to the work being performed pursuant to this Agreement for Pasco County's observation. However, should Pasco County observe any deficiencies inconsistent with the plans or construction not accordance with the specifications, Pasco County shall notify Developer and its representative in writing and Developer shall correct the deficiencies as necessary. Nothing herein shall require Pasco County to observe or inspect the work of the County and Developer infrastructure projects. Developer shall be solely responsible for ensuring that the County and Developer infrastructure projects are constructed in accordance with the plans, specifications, and required standards for such projects. Observations by Pasco County or its inspectors that do not discover that construction is not in accordance with the approved plans, specifications, and required standards shall not be deemed a waiver of Developer's requirements herein.

d. **Acceptance of County and Developer Infrastructure Projects**. Prior to acceptance of any portion of the County and Developer infrastructure projects by Pasco County, Developer shall meet the application requirements of the County. All conveyances for any project areas outside existing public rights-of-way shall include appropriate utilities and access easements and shall be in a form acceptable to Pasco County's Real Estate Division.

e. **Construction Requirements**. During the construction phase of the County and Developer infrastructure projects the Developer and/or its construction contractor(s) shall:

    i. Provide its own on-site inspection and observation under the direction of a professional engineer registered in the State of Florida for the purpose of observing and inspecting the progress and quality of the work and to ensure that it is constructed according to the plans, contract documents, and specifications. The construction engineering and inspection contract shall be approved by Pasco County.

    ii. Obtain all necessary Right-of-Way Use Permits; provided, however, that the County shall be the applicant on any required permits.

    iii. Be responsible for supervising and inspecting the construction of the County and Developer infrastructure projects and shall be responsible for ensuring the accuracy of all reference points, grade lines, right-of-way lines, and field measurements associated with such constructions.

iv. Be responsible for full and complete performance of all construction activities required pursuant to this Agreement. Developer shall be responsible for the care and protection of any materials provided or work performed for the County and Developer infrastructure projects until the improvements are completed and accepted by Pasco County, which acceptance shall not be unreasonable nor untimely withheld or conditioned.

v. Require testing by an independent laboratory, acceptable to Pasco County, in accordance with Pasco County Engineering Services Department and/or PCUD, as applicable. Any failed tests shall be immediately reported to the Pasco County Engineer and/or PCUD, as applicable, and all test reports shall be provided on a quarterly basis to the Pasco County Engineer and/or PCUD, as applicable.

vi. Provide to Pasco County copies of all design drawings, as-build drawings, and permits received for the County and Developer infrastructure projects. All plans submitted to Pasco County shall include reproducible Mylars™ and electronic files compatible with *AutoCADD*.

vii. Upon completion of the County and Developer infrastructure projects, the engineer shall provide any required documentation of completion such as but not limited to final quantities and payment certifications, record drawings, and copies of final inspection reports.

f. **Escrow Account Disbursement Documentation; Fee Credit Amount Reconciliation.** For all disbursements to be made from either the VOPH Roadway Escrow Account or the VOPH Utility Escrow Account, the following required documentation shall be provided. All disbursements to be made by the Financial Escrow Agent from the respective escrow account(s) shall be made not later than fifteen (15) days after receipt of the required documentation (including the Engineer Verification Agent and County review approvals) and shall be made on an interim basis for each interim contractor draw period ("**Interim Disbursements**"), and then for the final closeout of each project or phase covered by the applicable contract ("**Final Disbursements**"), pursuant to the following procedures and requirements. In addition, the following cost limits shall apply to all projects for which the Developer is the Constructing Entity for the County:

i. costs for design, permitting and other pre-construction consultants: 10% of construction costs;
ii. costs for construction engineering inspections, construction phase services and testing: 10% of construction costs;
iii. costs for insurance: 1% of construction costs;
iv. costs for bonding expenses: 1.5% of construction costs; and
v. costs for roadway landscape (excluding sod) and irrigation: 2% of construction costs (not for utilities); plus 100% of sod costs (this also may require a License and Maintenance Agreement within County public right-of-way areas); and
vi. No disbursements shall be provided for any site-related improvements which are the responsibility of any adjacent, approved VOPH-MPUD, such as turn

lanes or driveway aprons, unless the turn lanes are within existing or future VOPH Primary or Intermediate Roadway segments for which the County is providing Transportation Credits pursuant to this Agreement. The Developer shall separately calculate the cost of any such excluded site-related improvements as a percentage of the design or construction contract, and deduct such costs from each disbursement request to the Engineer Verification Agent, and the affected adjacent VOPH-MPUD Owner shall separately pay such excluded site-related amount.

A complete disbursement request package shall include one hard copy and an electronic version (pdf) for the following (as to both Interim Disbursements and Final Disbursements, as applicable:

(a) Copies of all vendor contracts for which reimbursement is being requested, i.e., Design & Permitting, CEI, Construction Contractor, etc. The contract copies shall be submitted with the first Interim Reimbursement request that includes each vendor, and copies of any change order contracts shall be submitted when they are included in subsequent reimbursement requests.

(b) A signed Cover Sheet (Invoice) denoting the reimbursement amount being requested and pertinent remittance information.

(c) A Summary Sheet reflecting the invoice numbers, invoice dates, invoice amounts, check numbers, cancelled check amounts, check dates, eligible amount, ineligible amount (if any) and amount requested. The summary sheet shall be segregated by vendor, and include subtotals for each vendor, along with grand total amounts, ensuring that the grand total requested equals the amount requested on the cover sheet.

(d) One hard copy and one electronic version (pdf) of the invoices and proof of payment (cancelled checks or evidence of electronic payments/transfers) for invoices reflected on the Summary Sheet. An affidavit from the vendor affirming payment in full of the invoices and amounts included on the Summary Sheet can be provided in lieu of cancelled checks.

In addition, for the Final Disbursement submittal, two (2) hard copies and one electronic file for the following also shall be submitted:

(e) All deeds and easements, including, but not limited to, deeds for rights-of-way or ponds, drainage easements, slope easements (where allowed), ingress/egress easements or any other property interest required for the County to own or control the road, the right-of-way identified in the approved construction plans as well as all structures and features (including, but not limited to, such items as retaining walls, drainage structures, etc.) which serve or support the road and the right-of-way required to be conveyed by the Developer and/or other fee owner. The required conveyances referred to under this section shall also include any other conveyances required by this Agreement. The Developer or other fee owner must submit the conveyance documents(s) required to the Real Estate Division for review and submittal to the Board of County Commissioners for acceptance and recording.

(f) Where applicable, evidence that the Southwest Florida Water Management District (SWFWMD) Operation and Maintenance (O&M) permit has been transferred to a CDD

or Homeowners' Association. The O&M may be transferred to the County only for projects wherein the SWFWMD Project Area consists exclusively of County-owned right-of-way and County-owned ponds that are not co-mingled with flows from non-County owned property.

(g) Evidence that all permit conditions from all applicable permitting regulatory agencies for the project have been satisfied.

(h) An Engineer's Certificate of Completion from the Engineer of Record, as-built / record drawings, test reports, Warranty/Maintenance Guarantee(s) required for the project, License & Maintenance Agreements (if necessary), and other documentation as required by this Agreement.

The Financial Escrow Agent shall withhold payment of the Final Disbursement request (which includes the contractor's previous contract retainage amounts) until the items listed in (e) through (h) are provided to the Engineer Verification Agent and accepted by the County.

g. **Developer Default; County Use of Escrow Account Funds.** In the event either Co-Developer or its Designated MPUD Owner or MPUD developer/builder fails to complete when required by this Agreement: (i) a Designated Master Roadway Pipeline Project for which the applicable Co-Developer or its designee has funded the VOPH Roadway Escrow Account for Transportation Credits, or (ii) a Developer Utility Project for which the applicable Co-Developer or its designee has funded the VOPH Utility Escrow Account for Utility Credits, then: (x) after not less than thirty (30) days' written notice of default to the Co-Developer and failure of the Co-Developer or its designee to address the cure thereof to the reasonable satisfaction of the County, or if such cure cannot reasonably be made within thirty (30) days, then within such reasonable time as necessary for the Co-Developer to commence and thereafter diligently complete such cure, (y) the County shall have the right to access all remaining funds within the VOPH Roadway Escrow Account or VOPH Utility Escrow Account and designated for use on the applicable VOPH infrastructure project, and (z) to utilize said funds in the County's discretion to complete the applicable project. The foregoing remedy is without limitation to any other remedies which may be available to the County under applicable law. Any default by a Co-Developer under this Agreement shall not constitute a default by the other Co-Developer, as each Co-Developer (and its Designated VOPH-MPUD Owner) shall be responsible only for the specific roadway and utility pipeline projects assigned to it under this Agreement. To the extent the County uses funds previously deposited by a Co-Developer, Designated MPUD Owner, or MPUD developer-builder to complete such project(s), the party who originally deposited such funds shall retain the fee credits applicable thereto.

12. **Payment and Performance Bonds, Maintenance Guarantees, and Insurance Requirements for Public Infrastructure Projects**. As the County's designated Constructing Entity, no letter of credit, surety bond, or other performance guarantee shall be required from the Constructing Entity (referred to as the "Developer" herein) with respect to any County infrastructure project delegated to it by the County Administrator and to be funded by the County under this Agreement. Similarly, because the Developer (or its designee) is tendering all estimated costs into the applicable VOPH escrow account in advance for the Developer infrastructure projects, such cash escrow account deposit(s) shall serve as the security to the County for the Developer's performance under this Agreement. However, with respect to each public infrastructure project administered by the

Developer (both as the Constructing Entity for the County Utility Projects and all Developer projects involving public infrastructure) the following requirements shall apply to the general contractor and other third-party professionals selected by the Developer for such public infrastructure project:

a. **Performance and Payment Bond(s)**. The applicable contractor(s) shall be required, prior to commencing construction of the public infrastructure project, to post in favor of the applicable Co-Developer and Pasco County and provide to Pasco County, for its approval, a performance and payment bond acceptable to the Co-Developer and Pasco County to guarantee payment of the contractors' obligations as required by the law (the **"Performance and Payment Bond"**). The Performance and Payment Bond shall be with a bank, surety, or other financial institution reasonably acceptable to Developer and Pasco County, which is authorized to do business in the State of Florida, and which has an "A" policyholders rating and a financial rating of at least Class VII in accordance with the most current Best's Key Rating Guide. The Performance and Payment Bond shall be in the amount of 125% of the construction contract amount. The cost of issuance of the Performance and Payment Bond(s) required pursuant to this Agreement is hereby authorized and shall be included in the total approved costs for the public infrastructure project(s).

b. **Conditions of Performance Guarantees**.

   i. The Performance and Payment Bonds required pursuant to this Agreement must be issued by a bank, surety, savings association, or other financial institution (the **"Performance Guarantee Issuer"**) reasonably acceptable to Developer and Pasco County that is authorized to do business in the State of Florida.

   ii. The Performance Guarantee Issuer must have and maintain (1) a minimum financial ranking of 120 in the Bank Financial Quarterly, or a similar financial ranking acceptable to Pasco County's Risk Manager, and (2) a minimum rating of at least AA/Aa/AA by S&P, Moody's, or Fitch. If the Performance Guarantee Issuer does not maintain the minimum financial ranking above or is downgraded below the minimum rating above, the Performance Guarantee Issuer must notify Pasco County and Developer within five (5) days, and the contractor must provide a substitute Performance Guarantee in substantially the same form and containing the same terms as the original Performance Guarantee from a bank of financial institution with the minimum ratings set forth above within fifteen (5) days of such downgrade event, or Pasco County or Developer may draw on the original Performance Guarantee and complete or cause the completion of the Public Infrastructure Project.

   iii. The Performance Guarantee must provide for draws to be made on a bank or savings association located in West Central Florida or by facsimile to other Performance Guarantee Issuers.

c. **Default Event**. In the event of a contractor default hereunder with respect to the construction of any public infrastructure project, Pasco County or applicable Co-Developer may call on and avail itself of the Performance Guarantee and complete or cause the completion of the public infrastructure project.

d. **Maintenance Guarantee**. Upon completion of the public infrastructure project and final acceptance by Pasco County and/or FDOT, applicable, in accordance with the County Engineering Inspections Division certification as required in this Section, the construction contractors shall be required to guarantee that the Pasco County improvements included in the public infrastructure project (not the FDOT improvements) and all work performed thereon is free from defects in workmanship or materials for a maintenance period of three (3) years (the **"Maintenance Period"**). Accordingly, each construction contractor shall provide a maintenance guarantee valid for such Maintenance Period, and the monetary amount that shall be made available to the Pasco County Board of County Commissioners under the terms of such guarantee shall equal fifteen percent (15%) of the cost of the Pasco County improvements included in the public infrastructure project (the **"Maintenance Guarantee"**). The Maintenance Period shall commence on the date of acknowledgement of completion and acceptance of the Maintenance Guarantee in accordance with this section. The costs for the Maintenance Guarantee are authorized and shall be included in the approved total costs for the public infrastructure project. The applicable contractor shall be responsible for maintaining the Pasco County improvements included in the public infrastructure project during the Maintenance Period and, if any part of the Pasco County improvements included in the public infrastructure project should fail within this period due to a defect in workmanship or materials, it shall be repaired, replaced and/or restored to satisfactory condition and/or operation at no cost to Pasco County. In the event the applicable contractor does not maintain the Pasco County improvements included in the public infrastructure project during the Maintenance Period, the Pasco County Administrator shall notify such contractor in writing via certified mail, return receipt requested, of the areas that require maintenance. Such contractor shall have sixty (60) days from receipt of the notice to perform the required maintenance to the satisfaction of the Pasco County Administrator or be in default of the Maintenance Guarantee, unless a longer time is agreed upon between the contractor and the Pasco County Administrator. Developer shall be responsible for requesting, in writing, a final inspection from the Pasco County Engineering Inspection Division not before ninety (90) days prior to the termination of the Maintenance Period. Upon receipt of the request for final inspection, the Engineering Inspections Division shall notify Developer and the applicable contractor via certified mail, return receipt requested, postmarked within thirty (30) days of such request, providing a list of deficiencies of items to be remedied by the contractor before the expiration of the Maintenance Period. In the event the contractor does not remedy the deficiencies before the expiration of the maintenance Period, the contractor shall be in default of the Maintenance Guarantee. This remedy for correction shall be a contractual obligation in the applicable construction contract that is a cumulative and not exclusive remedy. Upon completion of construction of the public infrastructure project and final inspection by Pasco County as being constructed in accordance with all appropriate contract documents and permit requirements, etc., and upon the expiration of the required Maintenance Guarantee during the Maintenance Period, Pasco County shall be responsible for maintenance of the Pasco County improvements included in the public infrastructure project and all associated drainage facilities which are not commingled/combined. Upon the remedy of any defects to the satisfaction of the Pasco County Administrator, or in the case of no defects, but in any case no sooner than the expiration of the Maintenance Period, the Pasco County Administrator and County Attorney may release this Maintenance Guarantee.

e. **Insurance**.

i. **General**. No work shall commence on the public infrastructure project, nor shall occupancy of any of the property within the public infrastructure project limits take place until the required Certificates of Insurance and certified true and exact copies of all insurance policies are received by Pasco County and/or FDOT, as applicable, as set forth below:

1. During the term of this Agreement, Developer shall require any engineers and/or general contractors providing work for the improvements to pay for or maintain insurance of the types and in the amounts described herein. All such insurance shall be provided by responsible companies authorized to transact business in the State of Florida which have an "A" policyholder's rating and a financial rating of at least Class VIII in accordance with the most current *Best's Key Rating Guide* and which are reasonable satisfactory to Pasco County and/or FDOT, as applicable.

2. Developer shall require the engineers and/or general contractor to provide to Developer and to Pasco County and/or FDOT, as applicable, evidence of insurance coverage of the types and in the amounts required by submitting four (4) original, executed Certificates of Insurance on the form to be provided by Pasco County and/or FDOT, as applicable, to Developer. Each certificate shall set for the original, manual signatures of the authorized representative of the insurance company[ies], identified therein and shall have attached thereto, proof that said representative is authorized to execute the same. In addition to the Certificates of Insurance required herein, Developer shall require the engineers and/or contractors to also provide to Pasco County and/or FDOT, as applicable, certified true and exact copies of all insurance policies required hereunder at the time of submittal of the Certificates of Insurance. The required Certificates of Insurance not only shall name the types of policies provided, but also shall refer specifically to the agreement between Developer and the contractor for the improvement.

3. All policies of insurance required by this Agreement shall require that the insurer deliver to Pasco County and/or FDOT, as applicable, and Developer thirty (30) days' written notice prior to any cancellation, intent not to renew, or reduction in coverage and ten (10) days' written notice of any nonpayment of premium. Such notice shall be delivered by certified U.S. Mail to Pasco County and Developer, addressed to the parties as described in the notice provision of this Agreement. In the event of any reduction in the aggregate limit of any policy, Developer shall require the engineers and/or contractor to immediately restore such limit to the amount required herein.

4. Developer shall require that all insurance coverage provided by the engineers and/or general contractor be primary to any insurance or self-insurance program of Pasco County and/or FDOT, as applicable, and Developer that is applicable to the work provided for in this

Agreement. All such insurance shall also remain in effect until final payment and until after the Maintenance Period provided herein.

5. Receipt by Pasco County and/or FDOT, as applicable, of any Certificate of Insurance or copy of any policy evidencing the insurance coverage and limits required by the contract documents does not constitute approval or agreement by Pasco County and/or FDOT, as applicable, that the insurance requirements have been satisfied or that the insurance policies or Certificate of Insurance are in compliance with the requirements under this Agreement.

6. The insurance coverage and limits that Developer shall require from engineers and/or contractors under this Agreement are designed to meet the minimum requirements of Pasco County and/or FDOT, as applicable. They are not designed as a recommended insurance program. Developer shall notify the engineers and/or contractors that the engineers and/or contractors shall be responsible for the sufficiency of its own insurance program.

7. If the insurance coverage initially provided by the engineers and/or contractors is to expire prior to completion of the work, Developer shall require the engineers and/or contractors to provide renewal Certificates of Insurance on Pasco County or FDOT's forms, as applicable, thirty (30) days prior to expiration of current coverage.

8. All insurance policies that Developer shall require the engineers and/or contractors to obtain pursuant to this Agreement, other than workers' compensation and employer's liability policy, shall specifically provide that Pasco County, the Pasco County Engineer, FDOT (if applicable), and each of their respective officers, employees, and agents shall be "additional insured" under the policy and shall also incorporate a severability of interests provision. All insurance coverages required herein shall apply to all engineers' and/or contractors' activities and any subcontractors' activities for the Public Infrastructure Project without regard for the location of such activity.

ii. **Coverage**. Amounts and types of insurance shall conform to the following minimum requirements and shall be listed on a current Pasco County Certificate of Insurance form, which shall be provided by the engineers and/or contractors to Developer.

1. **Workers' Compensation and Employer's Liability Insurance**. Developer shall require that coverage be maintained by the engineers and/or contractors for all employees engaged in the work in accordance with the laws of the State of Florida. The amount of such insurance shall not be less than (a) Florida's statutory requirements for workers' compensation insurance, and (b) One Million Dollars ($1,000,000.00 USD) per incident. Developer shall require the engineers and/or contractors and their respective insurance companies

to waive their rights of subrogation against Pasco County and/or FDOT, as applicable, and their respective agents and employees.

2. **Commercial General Liability Insurance**. Developer shall require commercial general liability insurance coverage be maintained by the engineers and/or contractors, which shall include, but not be limited to personal and advertising injury; contractual for the improvements, including any hold-harmless and/or indemnification agreement; independent contractors; broad form property and personal injury, and combined single limits:

    a. **General Aggregate**. Two Million Dollars ($2,000,000.00 USD).

    b. **Products, Completed Operations Aggregate**. Two Million Dollars ($2,000,000.00 USD).

    c. **Bodily Injury, Including Death (Each Person)**. One Million Dollars ($1,000,000.00 USD).

    d. **Bodily Injury, Including Death (Each Occurrence)**. Two Million Dollars ($2,000,000.00 USD).

    e. **Property Damage (Each Occurrence)**. One Million Dollars ($1,000,000.00 USD).

    f. **Personal and Advertising Injury (Each Occurrence)**. Five Hundred Thousand Dollars ($500,000.00 USD).

    g. **Fire Damage (Any One (1) Fire)**. Five Hundred Thousand Dollars ($500,000.00 USD).

3. **Business Automobile Liability Insurance**. Developer shall require coverage to be maintained by the engineers and/or contractors as to the ownership, maintenance, and use of all owned, non-owned, leased, or hired vehicles and employees' non-ownership with limits of not less than (a) One Million Dollars ($1,000,000.00 USD) combined, single limit for bodily injury and personal injury, including death, and (b) One Million Dollars ($1,000,000.00 USD) combined, single limit for property damage.

4. **Excess Liability Insurance**. Developer shall require coverage be maintained by the contractors for excess liability, which shall be over and above the commercial general liability insurance and business automobile liability insurance requirements, with limits of not less than (a) Three Million Dollars ($3,000,000.00 USD) per occurrence, and (b) Three Million Dollars ($3,000,000.00 USD) aggregate.

5. **Professional Error and Omissions Liability Insurance**. Developer shall require that the engineers maintain standard, professional-

liability insurance in the minimum amount of One Million Dollars ($1,000,000.00 USD) per occurrence.

6. **Special Instructions**. Occurrence form professional, liability insurance is highly preferred. However, if the consultant is only able to secure claims-made, professional-liability insurance, then special conditions apply. Any Certificate of Insurance issued to Pasco County and/or FDOT, as applicable, must clearly indicate whether the coverage is on a claims-made basis. If coverage is afforded on a claims-made basis, then Developer shall require the consultant to be obligated by virtue of this Agreement to maintain insurance in effect with no less limits of liability nor any more restrictive and/or conditions for a period of five (5) years from the Effective Date (as defined below) of this Agreement.

13. **General Provisions**.

a. **Constitutional Limitations**. The terms and conditions of this Agreement placed upon Pasco County are applicable only to the extent they are within and consistent with the constitutional and statutory limitations on the authority of the County. Specifically, the parties acknowledge that the County is without authority to grant or pledge a security interest in any of the County's revenue sources or County property.

b. **Independent Capacity; Limitation on Liability.** The Co-Developers, Designated MPUD Owner(s), any designated Constructing Entity/Developer and any consultants, contractors, or agents are and shall be, in the performance of all work, services, and activities under this Agreement, independent contractors and not employees, agents, or servants of Pasco County or joint venturers with Pasco County. The Co-Developer, their agents and representatives do not have the power or authority to bind Pasco County in any promise, agreement, or representation other than specifically as provided for in this Agreement. Pasco County shall not be liable to any person, firm, or corporation who contracts with or provides goods or services to the Co-Developers with respect to any private infrastructure project for debts or claims accruing to such parties against the Co-Developer(s) for such private infrastructure project, and the County's liability hereunder shall extend only to the funds deposited into the VOPH Roadway Escrow Account or the VOPH Utility Escrow Account, as applicable, for the public infrastructure projects included in this Agreement. There is no contractual relationship expressed or implied between Pasco County and any other person, firm, or corporation supplying any work, labor, services, foods, or materials to any private infrastructure project.

c. **Time Extensions**.

i. If Pasco County reasonably requires additional time beyond that allocated herein to act upon a submission by the Co-Developer or its designee of complete and correct documents for review and/or approval, there shall be an automatic extension of the time periods set forth in this Agreement for the public infrastructure project for the documented number of days which it takes Pasco County beyond the days allowed for the Pasco County's review and/or approval.

ii. If the Co-Developer is unable to meet a deadline as set forth in this Agreement for any public infrastructure project, the Co-Developer may, prior to the deadline, submit a request to the County Administrator for administrative amendment, which shall not be unreasonably withheld or delayed.

d. **Contracts**. All contracts entered into by either Co-Developer for any public infrastructure projects shall be made in accordance with all applicable laws, rules, and regulations; shall be specified by written contract or agreement; and shall be subject to each applicable paragraph set forth in this Agreement. The applicable Co-Developer shall monitor all contracts on a regular basis to ensure contract compliance. Results of monitoring efforts shall be summarized in written reports submitted to Pasco County and supported with documented evidence of follow-up actions taken to correct areas of noncompliance.

i. The Co-Developer shall cause all applicable provisions of this Agreement to be included and made a part of any contract for the public infrastructure project.

ii. The Co-Developer agrees to include in all construction contracts a retainage clause providing that upon completion of all work the retainage will be reimbursed.

e. **Law Compliance**. The Co-Developers and Pasco County will comply with all applicable Federal, State, and local laws, rules, regulations, and guidelines related to performance under this Agreement. In particular, the Co-Developers verify and affirm that each party is in compliance with the 8 U.S.C. 1324, prohibiting the employment either directly or by contract, subcontract, or exchange of unauthorized aliens in the United States. Pasco County will consider the employment of unauthorized aliens by the Co-Developer(s) during the term of this Agreement a violation of the Immigration and Nationality Act.

f. **Certification**. The applicable Co-Developer shall provide certification to Pasco County and/or FDOT, as applicable, under the seal and signature of a registered, professional engineer that any public roadway infrastructure project has been designed and constructed in accordance with the applicable standards promulgated by the FDOT in Section 336.045, Fla. Stat., if applicable; Pasco County standards; the contract documents; and this Agreement.

g. **Notice**. Any notice or demand to be given to or served upon any party hereto in connection with this Agreement shall be in writing and shall be (i) delivered by hand, or (ii) delivered through the United States mail, postage prepaid, certified or registered, return receipt required, or (iii) delivered through a nationally recognized overnight delivery service, such as FedEx, which provides proof of delivery. Or, if notice is given by a method other than the foregoing, it shall be deemed to be given and received when delivered to and received by the party to whom it is addressed. Such notices shall be given to the parties hereto at the following addresses:

It is agreed that, if any party hereto is represented by legal counsel, such legal counsel is authorized to delivered notice directly to the other party on behalf of his or her client, and the same shall be deemed proper notice hereunder if delivered in the manner hereinabove specified.

Any party hereto may, at any time by giving three (3) days written notice to the other party hereto, designate any other address in substitution of the foregoing address to which such notice shall be given and other parties to whom copies of all notices hereunder shall be sent.

Any notice or demand that may be given hereunder shall be deemed complete (notwithstanding the lack of actual receipt by addressee) (i) three (3) days, after depositing any such notice or demand in the United States mail with proper postage affixed thereto, certified or registered, return receipt requested, or (ii) on the next business day after deposit (prior to the deadline for delivery on such business day) with a nationally recognized overnight delivery service which provides evidence of delivery, or (iii) upon hand-delivery to the appropriate address as herein provided during normal business hours.

h. **Entire Agreement**. Except for the respective VOPH-MPUD approvals and subsequent development approvals through application of the Land Development Code for such VOPH-MPUD's, this Agreement embodies and constitutes the entire understanding and agreement between the parties with respect to the transactions contemplated herein, and this Agreement supersedes all prior and contemporaneous agreements, understands, representations, communications, and statements, either oral or written between the Co-Developers, the Engineer Verification Agent, the Financial Escrow Agent, and Pasco County as to the specific subject matters set forth herein.

i. **Modification and Amendment**. Neither this Agreement, nor any portion hereof, may be waived, modified, amended, discharged, nor terminated, except as authorized by law pursuant to an instrument in writing, signed by the party against which the enforcement of such waiver, modification, amendment, discharge, or termination is sought and then only to the extent set forth in such instrument. The County Administrator shall be authorized to bind the County to any modification or amendment hereto without Board approval provided the item does not exceed the Administrator's authorized expenditure (or fee credit award) limit of fifty thousand dollars ($50,000.00). Any amendment to this Agreement shall require only the Co-Developers' execution, and not any VOPH-MPUD Owner(s) (who shall be deemed third-party beneficiaries, only, as set forth below).

j. **Waiver**. The failure of any party to this Agreement to object to or to take affirmative action with respect to any conduct of the other which is a violation of the terms of this

Agreement shall not be construed as a waiver of the violation or breach or of any future violation, breach, or wrongful conduct.

k. **Contract Execution**. This Agreement may be executed in several counterparts, each constituting a duplicate original, but all such counterparts shall constitute one (1) and the same agreement.

l. **Gender**. Whenever the context hereof shall so require, the singular shall include the plural, the male gender shall include the female gender and the neuter and vice versa.

m. **Headings**. All article and descriptive headings of paragraphs in this Agreement are inserted for convenience only and shall not affect the construction or interpretation hereof.

n. **Severability**. In case anyone (1) or more of the provisions contained in this Agreement is found to be invalid, illegal, or unenforceable in any respect, such invalidity, or unenforceability shall not affect any other provision hereof, and this Agreement shall be construed as if such invalid, illegal, or unenforceable provisions had never been contained herein, unless such unenforceable provision results in ta frustration of the purpose of this Agreement or the failure of consideration.

o. **Construction**. The parties hereby agree that each has played an equal part in the negotiation and drafting of this Agreement and, in the event any ambiguity should be realized in the construction or interpretation of this Agreement, the result of such ambiguity shall be equally assumed and realized by each of the parties to this Agreement.

p. **Cancellation**. This Agreement may be canceled by mutual consent of the parties to this Agreement.

q. **Third Party Beneficiaries**. Pasco County and the Co-Developers acknowledge and agree that, upon their consummation of the respective closings upon the Designated VOPH-MPUD, each VOPH-MPUD Owner and its successors and assign(s) shall be deemed an express, intended third-party beneficiary of this Agreement to the extent this Agreement pertains to any off-site infrastructure which serves the Designated VOPH-MPUD. Such VOPH-MPUD Owner(s) shall not be deemed "parties" to this Agreement and nothing in this Agreement shall be construed to benefit any person or entity not a party or an express third-party beneficiary to this Agreement.

r. **Signatories Authority**. By the execution hereof, the parties covenant that the provisions of this Agreement have been duly approved and signatories hereto are duly authorized to execute this Agreement.

s. **Controlling Law**. This Agreement shall be governed by and construed in accordance with the laws of the State of Florida. Venue for any litigation arising from this Agreement shall be in the 6th Judicial Circuit in and for Pasco County, Florida.

t. **Successors and Assigns**. The terms of this Agreement shall be binding upon the Co-Developers, their respective successors and assigns. Either Co-Developer may assign its interest in this Agreement and its respective rights and obligations hereunder, in whole or in part, to any firm, corporation, or other legal entity, to any authorized CDD,

POA, or other County-approved entity created for the purpose of constructing or operating a public infrastructure project with the consent of all parties to this Agreement, which consent shall not be unreasonably withheld or delayed, and any such assignee shall be entitled to all the rights and powers of such participation hereunder; provided however, that the Co-Developer shall deliver to Pasco County a copy of any such fully executed assignment instrument as a condition to the effectiveness of such assignment, and further, if such assignee (a) is not wholly owned or majority controlled by the Co-Developer, or (b) is not an authorized CDD or POA as provided for herein, such assignment shall require Pasco County's prior written consent, which shall not be unreasonably withheld. Upon any such assignment, such assignee shall succeed to all the rights and obligations of the applicable Co-Developer as to such assigned matters, only. The duties, rights and obligations of the Financial Escrow Agent and Engineer Verification Agent under this Agreement shall not be assignable without the prior written consent of the County and Co-Developers.

u. **Survival**. The provisions of all sections of this Agreement that, from their sense and context are intended to survive the term or any termination of this Agreement, including, but not limited to, affirmative maintenance and other obligations, in order for them to be effectual and have the meaning intended by the parties, shall so survive (but shall expire within any specific time limitation which may be expressly stated elsewhere in this Agreement) the term or any termination of this Agreement and remain independently binding upon the parties, as applicable.

v. **Force Majeure**. In the event any party's performance of this Agreement is delayed or interrupted by consequent act of God, or the public enemy, or national emergency, or a government restriction upon the use of availability of labor or materials, or civil insurrection, riot, racial or civil rights disorders or demonstration, strike, embargo, flood, tidal wave, fire, explosion, bomb detonation, nuclear fallout, windstorm hurricane, sinkholes, earthquake, or other casualty, disaster, or catastrophe, or judgment, or a restraining order or injunction of any court, or material supply shortage, equipment or labor disruption beyond the control of such party (individually or collectively a "Force Majeure" event), such party shall not be liable for such nonperformance, and the time of performance shall be extended for the number of days that the force majeure event delays or interrupts such party's performance of this Agreement as reasonably determined by the other parties. This paragraph shall not apply to Force Majeure events caused by the party with delayed or interrupted performance or under the control or caused by the party with delayed or interrupted performance . In the event performance by any party of the commitments set forth in this Agreement shall be interrupted or delayed in connection with acquisition of necessary governmental permits or approvals which interruption or delay is caused through no fault of the party with a delayed performance, then the party with a delayed performance shall submit documentation to the other parties regarding such event for review and concurrence. If such documentation shows that such event(s) have taken place, then the party with a delayed performance shall be excused from such performance for such period of time as is reasonably necessary after such occurrence to remedy the effects thereof. Any Force Majeure event which exceeds one hundred eighty (180) days shall require a formal amendment to this Agreement. For purposes of this paragraph, the Engineer Verification Agent and Financial Escrow Agent shall be considered parties to this Agreement.

w. Indemnification. Developer shall indemnify and hold harmless the County, the Engineer Verification Agent and the Financial Escrow Agent and their employees and agents from and against all liabilities, claims, suits, demands, damages, losses, and expenses, including, but not limited to, attorneys' fees, arising out of or resulting from the Developer's design, permitting or construction of the Infrastructure Projects, provided that any such liability, claim, suit, demand, damage, loss or expense: (a) is attributable to bodily injury, sickness, disease or death, or injury to or destruction of tangible property (other than the Infrastructure Projects themselves), or arises out of any infringement of patent rights, copyrights, trademarks, or other intellectual property rights held by others, and (b) is caused in whole or in part by an act or omission of Developer or anyone directly or indirectly employed or retained by Developer, or anyone for whose act any of them may be liable. The foregoing indemnity by the Developer shall not apply to any willful misconduct, gross negligence or other malfeasance by either the Financial Escrow Agent or the Engineer Verification Agent in the performance of their prescribed duties under this Agreement.

x. **Public Records**. The Developer, Financial Escrow Agent, Engineer Verification Agent, and all contractors performing work under this Agreement, as applicable, shall comply with the requirements of Florida's Public Records Act, Chapter 119, Florida Statutes. To the extent required by Section 119.0701, Florida Statutes, each such party shall (a) keep and maintain those public records required by the County hereunder to perform the services under this Agreement; (b) upon request from the County's custodian of public records provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided for under Florida's Public Records law; (c) ensure that the public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement term and following completion of the Agreement if the applicable party does not transfer the records to the County; and (d) upon completion of the Agreement, transfer, at no cost to the County, all public records in possession of such party. Upon transfer, the party shall destroy any duplicate public records that are exempt or confidential and exempt from public records requirements. All records stored electronically must be provided to the County in a format that is compatible with the information technology systems of the County. All documentation produced as part of this Agreement will become the property of the County. This paragraph shall survive the expiration or termination of this Agreement.

IF ANY APPLICABLE PARTY HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE PARTY'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT TELEPHONE NUMBER (727) 815-7092, E-MAIL ADDRESS oeg@pascocountyfl.net, WEST PASCO GOVERNMENT CENTER, 8731 CITIZENS DRIVE, SUITE 135, NEW PORT RICHEY, FLORIDA 34654.

y. Under Florida law, a company who fails to provide the public records to the County within a reasonable time may be subject to penalties under Section 119.10, Florida Statutes, and such non-compliance will constitute a breach of the Agreement and may serve as grounds for termination of this Agreement. Such records shall be and remain

available at the applicable party's place of business at all reasonable times during the term of this Agreement and for five (5) years after Agreement termination.

z. **Term**. This Agreement shall remain in effect from the date of execution by the last party to sign the agreement (the **"Effective Date"**) until December 31, 2050, unless otherwise extended by mutual consent of the parties.

IN WITNESS WHEREOF, the parties have set their hands and seals on the respective dates set forth below.

Initial Phasing Plan for Designated Master Roadway Plan & Developer Utility Pipeline Projects

Design/Permitting:	Commence design/permitting and right-of-way acquisition (if necessary) not later than thirty (30) days after (i)the VOPH-MPUD rezoning final approval and (ii) the closing by the Co-Developer or its Designated VOPH-MPUD Owner have both occurred, for the applicable Designated VOPH-MPUD Project (the "Initial Commencement Date")
Escrow Funding Date:	Not later than thirty (30) days after issuance of the Site Development Permit (or Site Development Placard) for the applicable roadway and/or utility project
Construction:	Commence roadway and/or utility construction not later than twelve (12) months after issuance of the Site Development Permit (or Site Development Placard) for the applicable roadway and/or utility project
Completion:	Complete roadway and/or utility construction not later than eighteen (18) months after commencement of construction for the applicable roadway and/or utility phase. Construction shall be deemed "complete" when the applicable roadway or utility project is open for public use and the applicable Maintenance Guarantee (as defined in the Agreement) has been accepted by the County.

Note: The foregoing schedule shall apply to each separate VOPH-MPUD Master Roadway Pipeline Project and/or Developer Utility Project, which project(s) may be designed, permitted and/or constructed in phases, and may overlap or occur concurrently, in the Co-Developer's discretion, provided that each applicable, individual VOPH-MPUD pipeline project deadline nevertheless is met. The subsequent, actual sequencing of the Master Roadway Pipeline and/or Developer Utility Projects by the Co-Developer or its designee(s) shall not affect the credibility of any Master Roadway Pipeline or Developer Utility Project, as established in each applicable Designated VOPH-MPUD approval or this Agreement. Applicable credits shall be awarded upon the earlier of (i) funding by the applicable Co-Developer of the VOPH Roadway Escrow Account or VOPH Utility Escrow Account, as applicable, or (ii) completion of construction and verification of costs for the Designated Master Roadway Plan Pipeline Project or Developer Utility Project (as applicable), as provided in this Agreement.

Scope of Engineer Verification Agent Services
for Roadways and Utilities Capital Infrastructure
Villages of Pasadena Hills MPUD Owner Projects

RECITALS

The EVA will review and verify the propriety of requests for third-party disbursement payments, reimbursements, and/or award of fee credits (as applicable) for implementing capital improvement infrastructure described in the "Funding and Escrow Agreement" ("F&EA"), and provide its recommendation to the requestor, Co-Developer, Pasco County, and a Financial Escrow Agent. Within this scope of services, EVA will create submittal requirement checklists, review regular (monthly) electronic submittal packages, maintain public records, and issue acceptance/approval letters to the above parties.

These services will be primarily led by and undertaken by a W.E. Oliver, P.E., LLC sub-Consultant firm, Vanasse, Hangen, Brustlin, Inc., referred to herein as "VHB". W.E. Oliver, P.E., LLC and Vanasse Hangen Brustlin, Inc. are jointly referred to as the "EVA".

SCOPE OF WORK

Task 1: Project Administration
The EVA will prepare project kick-off, quality assurance review, monitoring procedures, regular administration services for communications, project billing, filing and administer the work order assignment through the project term of service.

Up to a bi-monthly basis, EVA will meet by video-conference (e.g. MS Teams, WebEx, ZOOM, etc.) and coordinate with Pasco County, Financial Escrow Agent, Co-Developers, and/or representatives to discuss current progress, explain steps and process of obtaining disbursement, reimbursement, and/or credit reviews, and the role of the EVA.

Task 2: Prepare Typical Disbursement, Reimbursement, and/or Fee Credit Materials
The EVA will coordinate with Pasco County, Financial Escrow Agent, Co-Developers, and/or representatives to create payment disbursement, reimbursement, and fee credit review requirement checklists and define Co-Developer materials required for submittal, process diagrams, and approval letter templates. The EVA will provide a draft copy of the checklist (substantively consistent with the terms of the F&EA) to the County and the Co-Developers for review and comment. The EVA will then revise the checklist based on consolidated comments

received for resubmit. A maximum total of three (3) reviews and revisions will be undertaken. All of the materials will be created using MS Office Suite software.

Co-Developers will be required to submit an official letter that lists the required materials for the EVA to determine the amount of eligible disbursement, reimbursement, or fee credits, as applicable, and include in the package, at a minimum, the following evidence:

A. Co-Developer applicant letter indicating amount of third-party disbursement, reimbursement, or fee credits requested, with amounts segmented by Escrow Account (as needed);
B. Eligibility Criteria Checklist signed by Co-Developer applicant;
C. Co-Developer Applicant Contact information, address, etc.;
D. Installation Segment Location: Location of the applicable capital improvements (e.g. transmission lines are located in the ROW (Name of Road) from X segment to Y Segment, with map);
E. Proof that all improvements adhere to the capital improvements identified in the F&EA;
F. Certified 3rd party (e.g. Co-Developer's Engineer of Record) cost estimate verification for requested disbursement, reimbursement, or fee credit amount;
G. Approved Pasco County sign off of Construction Drawings for the creditable improvements;
H. Land is dedicated or easements are in place for installation of improvements;
I. Proof of Inspection Verification Sign off by Pasco County; and
J. Other criteria as required by EVA to complete reviews for Pasco County and Financial Escrow Agent approvals (consistent with the terms of the F&EA).

Task 3: Receive, Review, and Process Co-Developer Authorization Requests

The EVA will review and document Co-Developer application submittals for third-party disbursements, reimbursements, and/or fee credit awards, as applicable under the F&EA. It is anticipated that thirty (30) Co-Developer verification requests will occur on a no more frequently than monthly basis over the initial three (3) years, and with optional extensions, up to five (5) year anticipated project length.

It is assumed that the applications will occur electronically, will contain all required Task 2 materials, that review correspondence will occur through email, that multiple reviews and issuance of printed deficiency comments will not be typically necessary.

The EVA will prepare and maintain a database (MS Office Suite) that summarizes the review completed for the submitted materials and prepare a document to submit to the County for concurrence review prior to issuance of an acceptance letter to the County and the Escrow Agent.

Upon completed review and acceptance of Co-Developer verification application materials, the EVA will issue a signed and sealed letter to the County and Escrow Agent approving the third-

party disbursement or Co-Developer reimbursement payment from the Escrow Account(s), and/or the recommendation for award of fee credits to the County, as applicable.

The EVA will maintain the submitted materials and record of actions in an organized, electronic filing system per County and Florida Statutes requirements.

SCHEDULE

The EVA will begin performance of the above services on the date written authorization to proceed is received. The schedule is also subject to timely delivery of information required by the Co-Developer and is exclusive of County or other review of interim products. Upon receipt of a complete review request, review and recommendation is expected to be completed within 20 days.

A three (3) year-long project is initially anticipated to complete the Co-Developer projects, but the F&EA provides for two additional one-year extension options. Tasks One and Two services will be commenced upon receipt of Notice to Proceed and confirmation of sufficient Co-Developer application funding. Subsequent Tasks Three and Four services will be undertaken as disbursement, reimbursement, and/or fee credit verification requests are received.

Approve Budget Amendment Journal No. 924 in the amount of $341,104.00 for FY 2023.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

On October 26, 2021, the County entered into a $6,500,000.00 grant agreement with the FDEP to construct water and wastewater infrastructure improvements along a portion of Handcart Road. The project's purpose is to stimulate economic growth in the area of Pasadena Hills.

On October 25, 2022, the County approved the Villages of Pasadena Hills (VOPH) Global Funding and Escrow Agreement to provide roadway and utility infrastructure inside the VOPH Special Planning Area. The agreement also designated the VOPH Developers as the constructing entity for the Handcart Road utility infrastructure described in the FDEP Grant. The Global Funding Agreement included a provision for a supplemental joint funding agreement to allocate any excess costs beyond the $6,500,000.00 FDEP Grant.

On February 21, 2023, the County approved a Joint Funding Agreement between Pasco County, VOPH Master Development Company, LLC, and Galvin Land Services, LLC (collectively referred to as the “VOPH Developers”) and budget amendment for the design and construction of water and wastewater infrastructure along Handcart Road. Project costs associated with the FDEP Grant Segment will be paid by the County, with reimbursement from the FDEP up to the $6,500,000.00 grant amount.

On April 19, 2022, the County approved Task Order No. 1-22 with Ardurra Group, Inc. (Ardurra), for engineering management services for the Handcart Road Utility Improvements Program Management project in the NTE amount of $343,688.00, $2,585.00 was expended in FY 2022 leaving a remaining amount of $341,103.00 on Task Order No. 1-22.

The Utilities Department, with concurrence from the Purchasing Department, requests approval to reallocate the FY 2022 approved amount with FDEP for Pasco County Handcart Road Water and

Wastewater in the NTE amount of $6,500,000.00 for FY 2023 resulting in the cumulative NTE amount of $9,057,500.00 for the contract term expiring on March 31, 2024. This amount associated with FDEP includes the full value of the construction and design award for the grant as well as engineering and project management services provided by Ardurra, as described above.

FISCAL IMPACT/COST/REVENUE STATEMENT:
Funding in the amount of $6,500,000.00 is available in FY 2023 in the Water and Wastewater Capital Fund, Water and Wastewater Connection Fees, Utilities Capital Improvement, Project 22043, Grant # G22001.

Funding in the amount of $341,103.00 will be available for Fiscal Year 2023 upon approval of Budget Amendment Journal No. 924 in the Water and Wastewater Capital Fund, Water and Wastewater Connection Fees, Project 22043.

RECOMMENDED BOARD ACTION:

Approve the amendment to the Funding Agreement. Authorize the Chairman to execute the Amendment and direct Board Records to distribute as set forth under the Distribution Section below.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

On February 21, 2023, the BCC approved, and the parties executed, the County Utility Projects Joint Funding Agreement for Villages of Pasadena Hills (VOPH) Water and Wastewater Infrastructure.

The proposed amendment to the Joint Funding Agreement includes the following main updates:

- Galvin-Harris Land Services, LLC, has completed a feasibility design analysis for the County for the Tyndall Water Line Route, per section 5.e of the agreement; this route has been approved by the County to connect to the Boyette WTP System.
- Pasco County Utilities (PCU) has designated Galvin-Harris Land Services as the construction party for the Tyndall Water Line Route and will initiate the construction design phase for the project.
- As the designated construction party, Galvin will fund the initial design phase, with the County reimbursing Galvin quarterly (as allowed by "Budget Constraints").
- Galvin shall also act as the designated construction party and will be reimbursed on a monthly basis after submitting contractor invoices (subject to "Budget Constraints"). For more information on the "Budget Constraints", see Fiscal Impact section noted below.

FISCAL IMPACT/COST/REVENUE STATEMENT:

The County has budgeted funds allocated for design, permitting and construction for the Boyette WTP System Interconnect as follows: Fiscal Year 2023: $250,000 for design; Fiscal Year 2024: $250,000 for design/permitting; Fiscal Year 2025: $7,000,000 for construction; and FY 2026: $7,000,000 for construction. Each of these Fiscal Year

funding allocations are the respective "Budget Constraints" noted in the Joint Funding Agreement. The funding source is BRU 41505, Water Connection Fees.

FIRST AMENDMENT TO

COUNTY UTILITY PROJECTS JOINT FUNDING AGREEMENT

VILLAGES OF PASADENA HILLS (VOPH)

WATER AND WASTEWATER INFRASTRUCTURE

THIS FIRST AMENDMENT TO COUNTY UTILITY PROJECTS JOINT FUNDING AGREEMENT FOR VILLAGES OF PASADENA HILLS (VOPH) WATER AND WASTEWATER INFRASTRUCTURE (the "First Amendment"), is made and entered into between Pasco County, Florida, a political subdivision of the State of Florida, by and through its Board of County Commissioners ("BCC") (also referred to as the "County"), and VOPH Master Development Company, LLC, a Florida limited liability company ("VOPH Master") Galvin Land Services, LLC, a Florida limited liability company, and Galvin-Harris Land Services, LLC, a Florida limited liability company ("Galvin") (VOPH Master and Galvin are also referred to as the "Co-Developers"), with reference to the following facts:

A. On February 21, 2023, the BCC approved and the parties executed that certain County Utilities Projects Joint Funding Agreement for Villages of Pasadena Hills (VOPH) Water and Wastewater Infrastructure (the "Agreement").
B. Galvin Land Services, LLC, as one of the Co-Developers under the Agreement, has assigned to Galvin-Harris Land Services, LLC, and Galvin-Harris Land Services, LLC has accepted, all rights and obligations of Galvin Land Services, LLC, pursuant to the Agreement. Henceforth "Galvin" shall refer to Galvin-Harris Land Services, LLC, for all purposes under the Agreement, as now or hereafter as amended.
C. Section 5.e. of the Agreement contemplated multiple alternatives for capacity expansion/upgrade to the County's water treatment system to provide the future water service capacity required pursuant to the Agreement. One such potential system upgrade identified in the Agreement is the transmission infrastructure interconnection to the Boyette WTP (identified as the "Boyette WTP System Interconnect" herein).
D. Section 5.e. of the Agreement also identified various alternative route alignments for the future Boyette WTP System Interconnect.
E. The County has budget funds allocated for design, permitting and construction for the Boyette WTP System Interconnect, as follows: Fiscal Year 2023 $250,000 for design; Fiscal Year 2024 $250,000 for design/permitting; Fiscal Year 2025 $7,000,000 for construction; and FY 2026 $7,000,000 for construction (respectively for each FY, the "Budget Constraint").

Based upon the foregoing recitals and in consideration for the services to be performed and the funds to be expended by the respective parties, the County and the Co-Developers agree as follows:

1. The above recitals are true and correct and are incorporated into this First Amendment.

2. Pursuant to Section 5.e. of the Agreement, Galvin has completed the feasibility design analysis for the County and the County has approved the "Tyndall Water Line Route" as identified in

Section 5.e. of the Agreement, as the route alignment for the Boyette WTP System Interconnect.

3. Galvin as the County's designated Constructing Party under the Agreement shall retain a qualified engineering design consultant (the "Consultant") and shall promptly initiate the "Construction Design Phase" for the Tyndall Water Line Route. Galvin shall advance the costs for the Consultant's design services and the County shall reimburse Galvin on a quarterly basis for the design costs incurred with the Consultant for the Construction Design Phase, subject to the Budget Constraint. PCU agrees to review the Construction Design Phase plans in a timely manner and shall have the final authority to approve the construction design plans and engineer's opinion of probable cost for the Boyette WTP System Interconnect (inclusive of transmission lines, booster pump(s), and other required appurtenances). To facilitate the County's budget process, the Consultant shall provide (i) sixty percent (60%) design plans with Opinions of Probable Cost (OPC's) for County review and budgeting purposes, and then (ii) final design plans with updated OPC's for County review, prior to solicitation of formal bids for the Tyndall Water Line Route. In addition, the County may require one or more other third-party developers (other than a Co-Developer under this Agreement) to construct one or more segment portion(s) of the Tyndall Water Line Route incident to development of other projects, in which event the following procedures shall apply:
    a. Promptly upon execution of a development agreement or other binding written commitment by such third-party developer to design and/or construct any portion of the Tyndall Water Line Route, the County shall provide a copy of such written commitment to Galvin and the Consultant. At such time, the consultant shall modify the pending design plans for the Tyndall Water Line Route to incorporate such third-party's County-approved plans and shall re-submit the master plans as part of the Construction Design Phase, for County review and approval.
    b. Any segment or portion of the Tyndall Water Line Route approved by the County for design and/or construction by a third-party developer than shall be excluded from the Co-Developer's responsibility under this Agreement, and this Agreement then shall apply only to such remaining work for the Tyndall Water Line Route to be designed and constructed by the Co-Developer hereunder. In addition, the County shall then have direct responsibility (rather than the Co-Developer) for the performance by such third-party developer for such portion or segment which is excluded from the Co-Developer's work under this Agreement.
    c. Not later than sixty (60) days prior to the date that the Co-Developer intends to solicit contractor bids for the Tyndall Water Line Route based on the final design plans approved by the County, the County shall confirm in writing the specific segments or portions of the Tyndall Water Line Route which shall be constructed by other third-party developers, if any. The Co-Developer shall rely upon such final determination by the County and then shall proceed with the construction of the Tyndall Water Line Route as directed by the County and shall have responsibility for such County-designated portion, only. No further revisions then shall be made by the County pending completion of the Co-Developer's work.

4. Promptly after the County's approval of the final Construction Design Phase plans pursuant to Section 3.c. above, Galvin as the County's designated Constructing Party shall prepare bid packages and procure bids from qualified construction entities for the portion of the Boyette WTP Interconnect as determined by the County pursuant to Section 3.c. above and pursuant to the procedures set forth in the Agreement. Upon approval of the bid selection by PCU, the following procedures shall apply:

    a. Galvin as the County's designated Constructing Party shall administer the construction contract(s) and shall advance all "Costs of Construction" (inclusive of right-of-way acquisition, permitting, construction, testing, bond and insurance, and related contract costs) for the Boyette WTP Interconnect, which will include the water transmission line extension via Tyndall Road from Handcart Road to Curley Road, together with the booster pump station and other appurtenances as approved by the County in the Construction Design Phase, less only any segment(s) or portion(s) previously allocated by the County to a third-party developer pursuant to Section 3.c., above.
    b. The County shall reimburse Galvin monthly for all Costs of Construction based upon contractor invoices, subject to the Budget Constraint.
    c. In the event the Budget Constraint limits reimbursement for any given budget period, such reimbursement shall be deferred to the next budget period.
    d. In the event the aggregate costs for feasibility design, construction design, and costs of construction for the Boyette WTP Interconnect exceed the Budget Constraint, then in such event Galvin agrees to fund such budget shortfall in exchange for County reimbursement not later than December 31, 2027.

5. The County acknowledges that reclaim water capacity is not presently available for the co-Developers' VOPH-MPUD projects. Consequently, in consideration for the services of Galvin as the County's Constructing Party with respect to the Boyette WTP System Interconnect as set forth above, the County agrees that potable water may be used for irrigation purposes for any of the Co-Developers' Designated VOPH-MPUD projects (on an interim basis, only) pending the availability of reclaim water service for such projects. Once the County provides reclaim water service to a Co-Developer's Designated VOPH-MPUD project, this interim provision shall terminate as to such VOPH-MPUD project.

6. Notwithstanding any other provision of this Agreement, all deadlines set forth herein providing for reimbursement and/or funding by the County under this First Amendment or the Agreement are subject to the terms of the Local Government Prompt Payment Act (Sections 218.70 through 218.80, Florida Statutes), provided, however, Co-Developers hereby waive the reimbursement deadlines in the Local Government Prompt Payment Act to the extent any specific reimbursement request exceeds the amount budgeted by the County for reimbursement for the fiscal year in which the reimbursement request is submitted ("Excess Reimbursement Amount"); in such event, the County's reimbursement deadline under the Local Government Prompt Payment Act for the Excess Reimbursement Amount shall begin on October 1 of the fiscal year in which the County has budgeted sufficient funds for

reimbursement of the Excess Reimbursement Amount. Furthermore, nothing in this First Amendment or the Agreement shall be construed as a direct or indirect pledge of the County's ad valorem taxing authority, and the Co-Developers shall not have any authority to compel the County to increase ad valorem taxes to comply with the terms of the Agreement or this First Amendment.

7. No provision of this First Amendment shall be deemed to alter, amend, or abrogate the respective commitments made by the parties in the Agreement, as this First Amendment is intended and shall serve solely to facilitate the County's design and construction for the Boyette WTP System Interconnect as contemplated by Section 5.e. of the Agreement. Except as expressly set forth herein, all terms and conditions of the Agreement shall remain in full force and effect.

Wherefore, the parties have executed this First Amendment effective as of the date approved by the BCC, below.

AGENDA SECTION: Consent Agenda

THRU: Branford Adumuah, Assistant County Administrator

FROM: Adolfo Gonzalez, Utilities Engineering and Contract Management Director

RECOMMENDED BOARD ACTION:

Approve the Third Amendment to County Utility Projects Joint Funding Agreement (JFA) between Pasco County, VOPH Master Development Company, LLC, Galvin-Harris Land Services, LLC (collectively referred to as the Co-Developers), for design and construction services related to the Tyndall Road segment described in the Joint Funding Agreement and to clarify the allocation of utility system capacity reservation credits. Authorize the Chairman to execute the three originals of the agreement provided and direct Board Records to distribute as set forth under the Distribution section below.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

The Third Amendment clarifies and allocates the rights and obligations of the County and Co-Developers described in the Joint Funding Agreement (the “Agreement”) with respect to 1) the phasing of utility system capacity reservations requested by the Co-Developers, 2) the timeline for conversion of utility system capacity reservations to actual physical connections and placement into service, 3) the process for approving proposed connections by third-party developers, 4) the construction schedule for County funded projects within the VOPH, and 5) the upsizing of an existing water main in Curley Road from 12- to 24-inches between Elam Road and Kiefer Road.

On October 25, 2022, the Board of County Commissioners (BCC) approved the VOPH Global Funding and Escrow Agreement to provide infrastructure for the VOPH planning area. The Agreement allows Pasco County and the Co-Developers to mutually agree to enter into an agreement to induce the Co-Developers and their designated VOPH Master Planned Unit Development (MPUD) Owner(s) to privately fund, design, permit, and construct designated roadway and utilities infrastructure projects within the VOPH planning area.

On February 21, 2023, the County approved a Joint Funding Agreement (JFA) between Pasco County and the Co-Developers, and a budget amendment for the design and construction of water and wastewater infrastructure along Handcart Road. Project costs associated with the FDEP Grant Segment will be paid by the County, with reimbursement from the FDEP up to the $6,500,000.00 grant amount.

On March 21, 2023, the County approved to reallocate the amount approved in Fiscal

Year (FY) 2022 for the FDEP Standard Grant Agreement No. LPA0206 in the NTE amount of $6,500,000.00 for FY 2023, resulting in a cumulative NTE amount of $9,057,500.00. The amount associated with the FDEP grant includes engineering management services by Ardurra Group, Inc., the County's Owner's Representative.

On December 5, 2023, the BCC ratified Amendment No. 1 to Agreement No. LPA0206 Standard Grant Agreement with the State of Florida Department of Environmental Protection for the design and construction of water and wastewater infrastructure along Handcart Road up to a Not to Exceed (NTE) grant reimbursement amount of $6,500,000.00.

On June 4, 2024, the BCC approved, and the parties executed, the First Amendment to the Agreement designating the constructing entity for the additional County funded water infrastructure improvements to be designed and constructed on Tyndall Road in VOPH.

On December 10, 2024, the BCC approved, and the parties executed, the Second Amendment to the Agreement for the final water and wastewater infrastructure budget of $18,534,412.42 for the design and construction services related to the Handcart Road segment.

FISCAL IMPACT/COST/REVENUE STATEMENT:
No additional funding is required.

THIRD AMENDMENT TO
COUNTY UTILITY PROJECTS JOINT FUNDING AGREEMENT
VILLAGES OF PASADENA HILLS (VOPH)
WATER AND WASTEWATER INFRASTRUCTURE

THIS THIRD AMENDMENT TO COUNTY UTILITY PROJECTS JOINT FUNDING AGREEMENT FOR VILLAGES OF PASADENA HILLS (VOPH) WATER AND WASTEWATER INFRASTRUCTURE (the "Third Amendment"), is made and entered into between Pasco County, Florida, a political subdivision of the State of Florida, by and through its Board of County Commissioners ("BCC") (also referred to as the "County"), and VOPH Master Development Company, LLC, a Florida limited liability company ("VOPH Master"), and Galvin-Harris Land Services, LLC, a Florida limited liability company ("Galvin") (VOPH Master and Galvin are also referred to as the "Co-Developers"), with reference to the following facts:

A. On February 21, 2023, the BCC approved and the parties executed that certain County Utility Projects Joint Funding Agreement for Villages of Pasadena Hills (VOPH) Water and Wastewater Infrastructure (the "Agreement").
B. On June 4, 2024, the BCC approved and the parties executed the First Amendment to the Agreement (together, the "First Amendment").
C. On December 10, 2024, the BCC approved and the parties executed the Second Amendment to the Agreement (together, the original Agreement, the First Amendment and the Second Amendment, are the "Agreements").
D. The County and the Co-Developers mutually have determined that clarification is needed to allocate and define the rights and obligations of the County and the Co-Developers with respect to (i) the phasing and timing for the issuance of utility system capacity reservations by the County to the Co-Developers for their Designated VOPH-MPUD's pursuant to the Agreements, (ii) the projected timeline for the conversion of utility system capacity reservations to actual physical connections and placement into service for constructed and occupied development units which are covered by the Agreements; (iii) the process for approving proposed connections by third-party developers/owners other than the Co-Developers and their Designated VOPH-MPUD owners/builders to the Co-Developers' funded portions of the Handcart Road water and wastewater improvements; and (iv) the construction schedule for County funded capacity improvements to meet the projected service connections pursuant to the Agreements.
E. The County and Co-Developers desire to amend sections 7.c. and 7.d. of the Agreement to provide a phasing schedule for the additional County funded capacity improvements needed to support the number of Equivalent Residential Units (ERUs) that the County has agreed to guarantee for the Co-Developers, subject to the terms and conditions of section 7.c. of the Agreement, and to establish additional performance requirements in Section 7.d. of the Agreement.

Based upon the foregoing recitals, and in consideration for the services to be performed and the funds to be expended by the respective parties, the County and Co-Developers agree as follows:

1. The above recitals are true and correct and are incorporated into this Third Amendment.

2. Galvin, as the designated construction entity for the Tyndall Water Line Route, as described in Section 5.e. of the agreement, as amended, shall include within the scope of the Tyndall

Water Line Route, the upsizing of an existing water main in Curley Road from 12- to 24-inches between Elam Road and Kiefer Road.

3. Section 7.c. of the Agreement is hereby amended to read as follows:

c. Either Co-Developer or any Designated VOPH-MPUD Owner included within the VOPH Funding & Escrow Agreement (including all additional Designated VOPH MPUDs previously or hereafter approved by the County pursuant to that VOPH Funding & Escrow Agreement) shall have the right to secure a guaranty of capacity for water and/or wastewater service by the County, within such Designated VOPH-MPUD, subject to and upon the occurrence of the following:

i. The County's obligation to accept and issue the reservation(s) of capacity for the Co-Developers shall be limited to the maximum, aggregate ERU's reserved within each Co-Developer's Designated VOPH-MPUDs from time to time as set forth in Schedule 1 attached hereto, which is incorporated herein by reference into the Agreements. Schedule 1 also allocates the maximum number of such guaranteed capacity reservations between the two Co-Developers (and/or their respective Designated VOPH-MPUD developers/builders within each such Designated VOPH MPUD).

ii. Payment to the County of fifty percent (50%) of the County's water and wastewater base connection fees applicable to such Equivalent Residential Units (ERUs), which shall not require pre-payment of any portion of the VOPH utility surcharge amount. However, Co-Developers shall either pay the utility surcharge fee pursuant to the Pasco County Land Development Code, apply the equivalent amount of surcharge credits, or if the VOPH Credit Registry is not yet established or operational to convert eligible expenditures into surcharge credits, the Co-Developers shall provide documentation of eligible expenditures in amount equal to the amount of the utility surcharge payment associated with the Letter of Commitment.

iii. The submittal of a map depicting the boundary of the Designated VOPH-MPUD and indicating the number of residential and/or commercial entitlements that shall be used for the calculation of the ERU capacity reservation. The amount of the guaranteed capacity assigned to a Designated VOPH-MPUD shall not exceed the approved residential and/or commercial entitlements approved by the County for the Designated VOPH-MPUD.

The County shall issue capacity reservations for such Designated VOPH-MPUDs within 10 days from the date that the foregoing conditions have been satisfied. In the event the capacity reservation is made for a specific phase or parcel as opposed to the entire Designated VOPH-MPUD, any unused ERU's under such capacity reservation may be transferred to another parcel or phase within the same VOPH-MPUD upon written request to the County, whether such parcel or phase is owned by a Co-Developer or controlled under a binding purchase and sale agreement by such Co-Developer or its affiliate. In the event a binding sale agreement is terminated, any capacity reservations that have been issued will remain with the Designated VOPH-MPUD.

The capacity reservations shall be assignable by the applicable Co-Developer to its developer/builder designees for the Designated VOPH-MPUD designated in the capacity reservation issued by the County.

After the issuance of the capacity reservation by the County for Galvin's 429 ERU's for the Harvest Hills North MPUD Phase 2 pursuant to Section 4, below, and the reservation by VOPH Master for 282 ERU's for the Evans Pasadena MPUD, as authorized in Schedule 1, Galvin and VOPH Master agree not to request additional capacity reservations for a Co-Developer Designated VOPH-MPUD prior to commencement of construction for the Tyndall Road East-West watermain transmission line and booster pump station improvements identified as Phase 2B on Schedule 3 hereto.

Apart from the Co-Developers' ability to secure capacity reservations for their respective Designated VOPH-MPUDs pursuant to Schedule 1, and after construction of the Phase 2B improvements as identified on Schedule 3 is commenced, the County, in its sole discretion, may issue additional capacity reservations to either of the Co-Developers, or approve other third-party development projects within VOPH, for future connections to the Handcart Road-Tyndall Road utility system, provided that (i) the Co-Developers will not be required to fund or install additional water or wastewater conveyance infrastructure beyond what is necessary to serve the Co-Developers' Designated VOPH MPUD's described in this Agreement and (ii) the projected connection date(s) and placement into service for such ERU's as an actual demand on the Handcart Road-Tyndall Road utility system, does not exceed the actual, cumulative (aggregate) demand projections set forth in Schedule 2 attached hereto, and incorporated herein by reference. For the purposes of this paragraph, commencement shall mean upon confirmation by the County that the required temporary erosion and sedimentation controls have been installed. Such confirmation shall be documented in writing to the Co-Developers.

4. Section 7.d. of the Agreement is hereby amended to read as follows:

d. In consideration for the obligations undertaken by the Co-Developers pursuant to this Agreement, the County agrees that it shall:

i. Provide notice to the Co-Developers upon the County's receipt of any application for utility plan or permit approval from any developer or builder for connection of a VOPH development project, other than a project within a Co-Developer's Designated VOPH-MPUD, to the County funded portions of the Handcart Road Segment water and/or wastewater transmission lines required to be constructed by the Co-Developers under this Agreement; and

ii. Add to its VOPH utility plan approval/permit application checklist a required written letter of confirmation from each of the Co-Developers confirming that either (a) the utility surcharge fee, calculated pursuant to the Pasco County Land Development Code, has been paid, or is required to be paid, by the third party to the County or Financial Escrow Agent, or (b) the third party has purchased or has been assigned VOPH utility surcharge credits by a Co-Developer. Such confirmation letters shall be provided to the County no more than 30 days from the date the County notifies the Co-Developers in accordance with (i) above. In the event one or both of the Co-Developers fails to provide the confirmation letter(s) within such 30-day timeframe following notice from the County, the third party shall have the right to proceed under option (ii)(a) above and the County may issue final approvals on a utility permit application without letters of confirmation from the Co-Developers. If either of the Co-Developers assigns VOPH utility surcharge credits to the third party, such Co-Developer

shall be responsible for coordinating the reporting of the sale of such credits to the VOPH Fee Credit Registry manager.

5. Within 10 days after approval of this Third Amendment and execution hereof on behalf of the BCC, VOPH Master shall provide its confirmation letter to the County confirming that the reasonable proportionate share payment of the VOPH utility surcharges associated with the proposed Chapel Manor PH 1 and PH 2 project by KB Homes will be resolved by direct payment for 153 ERUs, and the County shall accept the 50% deposit for Chapel Manor PH 1 and PH2. Concurrent with this action, the County shall issue capacity reservations for (i) 429 ERU's to Galvin for its designated builder, M/I Homes, within Phase 2 of the Harvest Hills North MPUD and (ii) 282 ERU's to VOPH Master for the Evans Pasadena MPUD.

6. To ensure its ability to meet the VOPH utility system capacity required from time to time to meet the anticipated VOPH utility demand timelines set forth in Schedule 1 and Schedule 2, the County agrees to implement the construction schedule for the VOPH system-wide improvements in accordance with Schedule 3 attached hereto, which is incorporated by reference into the Agreements.

7. The terms, covenants, and conditions set forth in the Agreement, except as specifically amended herein, are hereby ratified, approved, and confirmed in their entirety.

8. If there is any conflict between the terms and conditions of the Agreement and the terms and conditions of this Third Amendment, this Third Amendment shall prevail.

9. The Parties intend for the Agreement, the First Amendment, Second Amendment, and this Third Amendment to be hereinafter considered and interpreted together as a single contract between the parties and that the capitalized terms of the Agreement not otherwise defined herein shall have the same meaning as defined in the Agreement.

[SIGNATURE PAGES FOLLOW]

Wherefore, the parties have executed this Third Amendment effective as of the date approved by the BCC, below.

Schedule 1 – Capacity Reservation Issuance Schedule
(Third Amendment to County Utility Projects
Joint Funding Agreement**)**

Projected Number of Annual and Cumulative* Capacity Reservations (in ERU's) Allowed for Each Respective Co-Developers' Designated VOPH-MPUDs**:

Year	Galvin-Harris Land Services, LLC	VOPH Master Development Company, LLC	Total New Additions	Cumulative Total
2024	1,000	1,000	2,000	**2,000**
2025	429	282	711	**2,711**
2026	1,618	1,174	2,792	**5,503**
2027	690	-	690	**6,193**
2028	844	-	844	**7,037**
2029	735	-	735	**7,772**
TOTAL	**5,316**	**2,456**	**7,772**	

*The ERU maximum reservation allowance figures for the Co-Developers' Designated VOPH MPUD's are cumulative including all ERU reservations made for prior calendar years and includes any previous or future Designated VOPH-MPUD approved by the BCC pursuant to the VOPH Funding & Escrow Agreement.

**This Schedule 1 does not include any capacity reservations approved and accepted by the County from third-party developers/builders other than the Co-Developers or their Designated VOPH-MPUD developers/builders pursuant to Section 7 of the Agreement.

***This Schedule 1 also does not include the prior, vested capacity reserved by VOPH Master or its affiliate for Magnolia Island MPUD, which is a legacy project not included under the Funding & Escrow Agreement as a Designated VOPH MPUD.

Schedule 2 – Capacity Reservation Connection Schedule

(Third Amendment to County Utility Projects
Joint Funding Agreement)

Projected Timing to Serve Utility System Capacity Reservations for Co-Developers' Occupied ERU's Within the Handcart Road-Tyndall Road VOPH Utility System*:

Year	Projected ERU Connections	Cumulative ERU Connections
2024	141	141
2025	114	255
2026	810	1,065
2027	1,820	2,885
2028	2,869	5,754
2029	2,258	8,012
2030	1,774	9,786
2031	1,271	11,057
2032	817	11,874
2033	568	12,442
TOTAL	**12,442**	

*Actual demand/usage upon the VOPH system capacity only occurs upon completion of construction and occupancy of units and/or space, which is significantly later than the earlier date of capacity reservation(s) needed to finance development infrastructure and/or to construct vertical building units within a project. The projections are based upon reasonable estimated project construction/sale absorption/occupancy timelines within VOPH projects (the foregoing demand schedule includes both the Co-Developers' Designated VOPH MPUDs and other known VOPH projects). This Schedule 2 is also consistent with the system capacity estimates prepared by an independent third-party design engineer for the 2024 Master Utility Plan Update and approved by the County for the Handcart Road-Tyndall Road VOPH Utility System, which includes completion of the Phase 2 improvements as identified on Exhibit 3 of the 2024 Master Utility Plan Update. To ensure that actual ERU absorption and placement into service does not exceed these MUP projections, Galvin agrees that it will not request final connections to the Handcart Road-Tyndall Road system for more than 1,429 ERU's, and VOPH Master agrees that it will not request final connections to the Handcart Road-Tyndall Road system for more than 1,282 ERU's, prior to the commencement of the Phase 2B improvements as identified on Exhibit 3 of the 2024 Master Utility Plan Update.

**The projections are for residential uses only; any ERU's utilized for non-residential uses will be deducted from the available ERU's for residential units.

Schedule 3 – County Funded Capacity Projects
(Third Amendment to County Utility Projects
Joint Funding Agreement)

County's Required Phasing for VOPH Potable Water System Capacity Improvements Required to Meet Projected VOPH Overall Capacity Demand (Per Schedule 2)*:

Phase 1:

- Handcart Road watermain extension from Old Bridge Road to Prospect Road and Booster Pump Station
- Presently under construction, to be completed by December 31, 2025.

Phase 2A:

- Expansion of the Southeast Wastewater Treatment Plant to 6.0 million gallons per day (GPD)
- Complete construction by December 31, 2025

Phase 2B:

- Tyndall Road east-west watermain interconnect from Curley Road to Handcart Road and Booster Pump Station;
- Complete design plans by June 30, 2025;
- Complete permitting by June 30, 2026; and
- Complete construction by December 31, 2027.

Phase 2C:

- Curley Road watermain upsizing from 12- to 24-inches between Elam Road and Kiefer Road;
- Complete design plans by December 31, 2025;
- Complete permitting by December 31, 2026; and
- Complete construction by June 30, 2028.

Phase 3:

- Ground Storage Tank and Booster Pump Station located at the Price-Altman Facility
- Complete design/build plans by December 31, 2026;
- Complete permitting by June 30, 2027; and
- Commence construction upon placement of 8,000 ERU's into actual service (see Schedule 2) and diligently and continuously pursue construction to completion not later than placement of 10,000 ERU's into service (see Schedule 2).

With respect to any deadline set forth for Phase 3 above, in the event the County, or the County's designated Construction Entity, does not expect to meet the construction schedule, then either Co-Developer may request an amendment to the Agreement to assume the role of the Constructing Entity to complete such phase of the required improvements for the County.

*By way of explanation and example, the County's policy allows single family development projects with 25 or more residential units to make a partial payment of 50% of the base utility connection fees as a condition for approving construction plans. The remaining 50% payment of the base utility connection fees for the project are due at the time of connection for actual service (which is the first point of demand on the system).

COMMISSION DISTRICT: All **FILE NO.:** UTOM23-0203 **DATE:** 3/21/2023

SUBJECT: Award of Bid No. IFB-RH-22-166 – Envirowaste Services Group, Inc. – As Needed Emergency and Non-Emergency Wastewater Retrieval and Sludge Hauling – Multi-Year Award – $732,329.00

REFERENCES: IFB-RH-22-166

AGENDA SECTION: Consent Agenda

THRU: Branford Adumuah, Assistant County Administrator

FROM: Jason Mickel, Utilities Operations & Maintenance Director

RECOMMENDED BOARD ACTION:

Approve the Award of Bid No. IFB-RH-22-166 to the second lowest, responsive and responsible bidder, Envirowaste Services Group, Inc. (Envirowaste), for as needed emergency and non-emergency wastewater retrieval and sludge hauling in the annual Not to Exceed (NTE) amount of $207,350.00 for Fiscal Year (FY) 2023; $228,085.00 for FY 2024; $250,894.00 for FY 2025; and $46,000.00 for FY 2026, resulting in the cumulative NTE amount of $732,329.00, retroactively beginning on January 29, 2023, and continuing through November 18, 2025. Authorize the Chairman to execute the two originals of the Agreement provided and direct Board Records to date the Bonds and to distribute as set forth under the Distribution section below.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

On June 30, 2022, at the request of the Utilities Operations and Maintenance (O&M) Department, the Purchasing Department solicited an Invitation for Bid (IFB) for as needed emergency and non-emergency wastewater retrieval and sludge hauling. The specifications were prepared by the Utilities O&M Department. All provisions of the Purchasing Ordinance have been met.

On August 2, 2022, all bids were received, publicly opened and read. The results are shown on the attached bid tabulation. Two hundred four vendors received automatic email notices; eighteen of which were from Pasco County. Thirteen vendors manually searched for and downloaded the solicitation; three of which were from Pasco County. Two responses were received; none of which were from Pasco County. A summary of the download history for this solicitation is attached.

On November 15, 2022, the Board of County Commissioners (BCC) approved the award to NRC Environmental Services Inc. (NRC) in the NTE amount of $732,329.00.

On December 29, 2022, the County Administrator issued a Notice of Termination to NRC for convenience pursuant to Pasco County section 2-110(h). The Utilities O&M Department requested to award to the second lowest bidder, Envirowaste.

The Utilities O&M Department, with concurrence from the Purchasing Department, requests award to Envirowaste for a cumulative NTE amount of $732,329.00 for the term of the contract retroactively beginning on January 29, 2023, and continuing through November 18, 2025.

FISCAL IMPACT/COST/REVENUE STATEMENT:

Funding in the amount of $207,350.00 is budgeted and available for FY 2023 in the Water and Wastewater Unit Fund, Utilities Operations and Maintenance department. Funding in the amount of $228,085.00 will be budgeted for FY 2024; $250,894.00 for FY 2025; and $46,000.00 for FY 2026, contingent upon approval from the BCC of the various budgets.

BOARD OF COUNTY COMMISSIONERS
AGENDA MEMORANDUM

COMMISSION DISTRICT: All **FILE NO.:** UTOM23-0029 **DATE:** 11/15/2022

SUBJECT: Award of Bid No. IFB-KM-22-176 – Envirowaste Services Group, Inc. – As Needed Sewage Debris Retrieval and Hauling Services – Multi-Year Award – $1,556,730.00

REFERENCES: IFB-KM-22-176

AGENDA SECTION: Consent Agenda

THRU: Branford Adumuah, Interim Assistant County Administrator

FROM: Jason Mickel, Utilities Operations & Maintenance Director

RECOMMENDED BOARD ACTION:

Approve the Award of Bid No. IFB-KM-22-176 to the lowest, responsive and responsible bidder, Envirowaste Services Group, Inc. (Envirowaste), for as needed sewage debris retrieval and hauling services in the annual Not to Exceed (NTE) amount of $427,350.00 in Fiscal Year (FY) 2023; $470,085.00 for FY 2024; $517,094.00 for FY 2025; and $142,201.00 for FY 2026, for a cumulative NTE amount of $1,556,730.00 for the three-year term of the agreement beginning November 19, 2022 through November 18, 2025. Authorize the Chairman to execute the two originals of the Agreement provided, and direct Board Records to date bonds and to distribute as set forth under the Distribution section below.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

On July 20, 2022, at the request of the Utilities Operations and Maintenance (O&M) Department, the Purchasing Department solicited an Invitation for Bid (IFB) for as needed sewage debris retrieval and hauling services. The specifications were prepared by the Utilities O&M Department. All provisions of the Purchasing Ordinance have been met.

On August 23, 2022, all bids were received, publicly opened and read. The results are shown on the attached bid tabulation. One hundred and ninety-three vendors received automatic email notices; twenty-three of which were from Pasco County. Ten vendors manually searched for and downloaded the solicitation; two of which were from Pasco County. Two responses were received; none of which were from Pasco County. A summary of the download history for this solicitation is attached.

The Utilities O&M Department, with concurrence from the Purchasing Department, requests award of Bid No. IFB-KM-22-176 to the lowest, responsive and responsible bidder, Envirowaste, for a cumulative NTE amount of $1,556,730.00 for the three-year term of the agreement beginning November 19, 2022.

FISCAL IMPACT/COST/REVENUE STATEMENT:

Funding in the amount of $427,350.00 is currently budgeted and available for FY 2023 in the Water and Wastewater Unit Fund, Utilities Operation and Maintenance Department. Funding in the amount of $470,085.00 will be requested for FY 2024; $517,094.00 for FY 2025; and $142,201.00 for FY 2026, contingent upon approval from the Board of County Commissioners of the various budgets.

POWER OF ATTORNEY
BERKLEY INSURANCE COMPANY
WILMINGTON, DELAWARE

KNOW ALL MEN BY THESE PRESENTS, that BERKLEY INSURANCE COMPANY (the "Company"), a corporation duly organized and existing under the laws of the State of Delaware, having its principal office in Greenwich, CT, has made, constituted and appointed, and does by these presents make, constitute and appoint: ***Stephen A. Vann; Sarah C. Belcastro; Jodi Jennings; or Oana R. Dimulescu of Lockton Companies, LLC of Atlanta, GA*** its true and lawful Attorney-in-Fact, to sign its name as surety only as delineated below and to execute, seal, acknowledge and deliver any and all bonds and undertakings, with the exception of Financial Guaranty Insurance, providing that no single obligation shall exceed **Fifty Million and 00/100 U.S. Dollars (U.S.$50,000,000.00),** to the same extent as if such bonds had been duly executed and acknowledged by the regularly elected officers of the Company at its principal office in their own proper persons.

This Power of Attorney shall be construed and enforced in accordance with, and governed by, the laws of the State of Delaware, without giving effect to the principles of conflicts of laws thereof. This Power of Attorney is granted pursuant to the following resolutions which were duly and validly adopted at a meeting of the Board of Directors of the Company held on January 25, 2010:

RESOLVED, that, with respect to the Surety business written by Berkley Surety, the Chairman of the Board, Chief Executive Officer, President or any Vice President of the Company, in conjunction with the Secretary or any Assistant Secretary are hereby authorized to execute powers of attorney authorizing and qualifying the attorney-in-fact named therein to execute bonds, undertakings, recognizances, or other suretyship obligations on behalf of the Company, and to affix the corporate seal of the Company to powers of attorney executed pursuant hereto; and said officers may remove any such attorney-in-fact and revoke any power of attorney previously granted; and further

RESOLVED, that such power of attorney limits the acts of those named therein to the bonds, undertakings, recognizances, or other suretyship obligations specifically named therein, and they have no authority to bind the Company except in the manner and to the extent therein stated; and further

RESOLVED, that such power of attorney revokes all previous powers issued on behalf of the attorney-in-fact named; and further

RESOLVED, that the signature of any authorized officer and the seal of the Company may be affixed by facsimile to any power of attorney or certification thereof authorizing the execution and delivery of any bond, undertaking, recognizance, or other suretyship obligation of the Company; and such signature and seal when so used shall have the same force and effect as though manually affixed. The Company may continue to use for the purposes herein stated the facsimile signature of any person or persons who shall have been such officer or officers of the Company, notwithstanding the fact that they may have ceased to be such at the time when such instruments shall be issued.

IN WITNESS WHEREOF, the Company has caused these presents to be signed and attested by its appropriate officers and its corporate seal hereunto affixed this 1st day of December, 2021.

COMMISSION DISTRICT: 5 **FILE NO.:** UT26-2910 **DATE:** 1/20/2026

SUBJECT: Budget Amendment and Resolution for the Septic Upgrade Incentive Project – Pasco County Utilities Department – Transfer of Funds from Fiscal Year (FY) 2025 to FY 2026 – $2,222,222.22

REFERENCES: UT24-0428, OMB25-0007

AGENDA SECTION: Consent Agenda

THRU: Branford Adumuah, Assistant County Administrator

FROM: Joseph Amoah, Utilities Director

RECOMMENDED BOARD ACTION:

Approve Budget Amendment Journal No. 2026 04 05, in the amount of $2,222,222.22; adopt the Resolution amending the final budget for Fiscal Year (FY) 2026. Authorize the Chairman to execute the one original Resolution provided and direct Board Records to distribute as set forth under the Distribution section below.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

On August 21, 2024, the Board of County Commissioners (BCC) approved the Florida Department of Environmental Protection (FDEP) Septic Upgrade Incentive Project (SUIP), funded through Grant Agreement No. LPF5701, in the amount of $2,222,222.22.

Although this grant spans multiple years, the funding is managed through an annual account, requiring a BCC agenda memorandum every Fiscal Year (FY) to carry forward any unspent funds. This action will roll the budget from FY 2025 into FY 2026.

Budget Amendment Journal No. 2026 04 05 will transfer the previously approved funding from FY 2025 to FY 2026 to maintain ongoing program operations.

FISCAL IMPACT/COST/REVENUE STATEMENT:

Upon approval of Budget Amendment Journal No. 2026 04 05, funding in the amount of $2,222,222.22 will carry forward from FY 2025 and be budgeted and available in FY 2026 in the Water and Wastewater Unit Fund, Utilities Department - Administration.

BY THE BOARD OF COUNTY COMMISSIONERS **RESOLUTION NO. _____**

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF PASCO COUNTY, FLORIDA, AMENDING THE FINAL BUDGET FOR FISCAL YEAR 2026 ; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, Section 129.06(2), Florida Statutes provides legal authority and defines how a budget may be amended for that year, and may within the first 60 days of a fiscal year amend the budget for the prior fiscal year; and,

WHEREAS, pursuant to Section 129.06(2)(d), Florida Statutes, a receipt of a nature from a source not anticipated in the budget and received for a particular purpose, including but not limited to grants, donations, gifts, or reimbursement for damages, may, by resolution of the board spread on its minutes, be appropriated and expended for that purpose, in addition to the appropriations and expenditures provided for in the budget. Such receipts and appropriations must be added to the budget of the proper fund. The resolution may amend the budget to transfer revenue between funds to properly account for unanticipated revenue.

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of Pasco County, Florida, that:

1. The Fiscal Year 2026 Final Budget be amended.
2. Revenues and expenses are increased in the amount of $2,222,222.22 within the Water and Wastewater Unit Fund for Florida Department of Environmental Protection (FDEP) Septic Upgrade Incentive Project (SUIP), funded through Grant Agreement No. LPF5701.
3. This resolution will take effect immediately upon its adoption.

DULY ADOPTED with a quorum present and voting this _____ day of _____, 2026.

AGENDA SECTION: Consent Agenda

THRU: Erik Breitenbach, Assistant County Administrator

FROM: Amielee Farrell, Budget Director

RECOMMENDED BOARD ACTION:
Approve correction to Agenda Item UT24-0248 for the Septic Upgrade Incentive Project (SUIP) Grant Agreement No. LPF5701 (Grant Agreement) with the Florida Department of Environmental Protection. Authorize the replacement of the corrected fund in the Fiscal Impact Statement in the Agenda Item.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:
On August 21, 2024, the Board of County Commissioners approved Agenda Item UT24-0248 for the Florida Department of Environmental Protection (FDEP) Springs Restoration Grant for a voluntary incentive program to upgrade existing onsite sewage treatment and disposal systems (OSTDS). However, the Agenda Item referenced the incorrect fund number in the Fiscal Impact Statement.

According to the County's policies and procedures for recording grants in the Enterprise Funds, the correct fund that should have been referenced in UT24-0248 is the Utilities Water and Wastewater Unit Fund.

The Office of Management and Budget, along with the concurrence of the Utilities Department, requests approval of the correction to the Fiscal Impact Statement on Agenda Item UT24-0248.

FISCAL IMPACT/COST/REVENUE STATEMENT:
Funding in the amount of $2,222,222.22 will be budgeted and available in the Water & Wastewater Unit Fund, Utilities Department.

SUBJECT: Septic Upgrade Incentive Project Grant Agreement No. LPF5701 Standard Grant Agreement, State of Florida Department of Environmental Protection – Septic Upgrade Incentive Project to Encourage Homeowners to Install Nitrogen-Reducing Enhancements – $2,222,222.22

REFERENCES: Not Applicable

AGENDA SECTION: Regular Agenda

THRU: Branford Adumuah, Assistant County Administrator

FROM: David Allen, Utilities Director

RECOMMENDED BOARD ACTION:

Approve the Septic Upgrade Incentive Project (SUIP) Grant Agreement No. LPF5701 (Grant Agreement) with the Florida Department of Environmental Protection. Authorize the Chairman of the Board of County Commissioners (BCC) to execute the two original Grant Agreements and direct Board Records to distribute as set forth under the Distribution section below.

Delegate to the County Administrator, or his designee, the full authority to act on behalf of the County to ensure eligibility requirements under the Grant Agreement, including but not limited to: provide any necessary certifications and notices, approve modifications to the Grant Agreement, and execute any necessary documentation required within the Grant Agreement, or agree to a termination of the Grant Agreement if eligibility cannot be confirmed.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

This item requests approval from the BCC of a Florida Department of Environmental Protection (FDEP) Springs Restoration Grant in the amount of $2,222,222.22 for a voluntary incentive program to upgrade existing onsite sewage treatment and disposal systems (OSTDS), which are commonly referred to as septic systems, with nitrogen-reducing enhancements in the Priority Focus Area (PFA) of the Weeki Wachee Springs Basin Management Action Plan (BMAP).

Pasco County Utilities Department will develop a SUIP to encourage homeowners to voluntarily remediate existing conventional OSTDS to include nitrogen-reducing enhancements. The program will offset a portion of homeowner costs by providing up to $10,000.00 after the installation of an OSTDS with enhanced nitrogen-reducing features. Pursuant to the FDEP Grant Agreement, existing septic systems located within the PFA of the Weeki Wachee BMAP area will be eligible to participate. A portion of the funding will be used for third party program administration.

Under the SUIP, homeowners will hire a licensed septic installer or plumber of their choice to upgrade their OSTDS. The licensed septic installer or plumber would apply for the program on the homeowner's behalf and submit to the program administrator an initial application that contains permits, estimated costs, proof of state license and state registration, a vendor registration packet, and other documents outlined in the Standard

Operation Procedure (SOP). Upon approval, the licensed septic installer or plumber would complete the OSTDS upgrade. A second package of information would then be sent to the program administrator that includes a final copy of the invoice to the property owner showing the address of the residence, identifying the equipment, materials and labor performed and the property owner's share of the cost, as well as proof of inspection from applicable county departments, and any other documentation requested by the county. Upon approval of the documents, Pasco County would then reimburse the licensed septic installer or plumber the balance of the invoice up to $10,000.00. Pasco County would subsequently request reimbursement from FDEP on a monthly basis.

The Pasco County Utilities Department estimates that the amount of funding in the grant would allow for 210 homes to be reimbursed for upgrading their septic systems. Pasco County will be eligible to apply for additional funding for the SUIP following disbursement of the $2,222,222.22.

FISCAL IMPACT/COST/REVENUE STATEMENT:
Funding in the amount of $2,222,222.22 will be budgeted and available in the Grant Fund, Utilities Department.

SUBJECT: Cooperative Purchase — Stryker Sales, LLC — LUCAS 3, V3.1 Chest Compression Systems and Accessories — $672,651.85

REFERENCES: Not Applicable

AGENDA SECTION: Consent Agenda

THRU: Joanna Cheshire, Interim Assistant County Administrator (Public Safety)

FROM: Ryan Guynn, Fire Chief

RECOMMENDED BOARD ACTION:

Approve the purchase of forty-five (45) Lucas 3, v3.1 Chest Compression automated CPR systems and associated accessories for medical patient transportation, pursuant to section 2-96(b) of the Pasco County Purchasing Ordinance by utilizing Sourcewell, contract No. 041823-STY, with Stryker Sales, LLC (Stryker), which is currently still in effect, in the Not to Exceed (NTE) amount of $672,651.85 for Fiscal Year (FY) 2026.

Declare forty-five (45) Zoll Autopulse Resuscitation Systems as surplus upon receipt of their replacements and authorize Fire Rescue to transfer ownership of these assets to Stryker for a trade-in allowance of $247,500.00.

Authorize the Chairman to sign the quote and direct Board Records to distribute as set forth under the Distribution section below.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

The Fire Rescue Department (Fire Rescue) has adopted Stryker equipment for safer, more efficient patient movement and transport, to enhance safety, improve efficiency, and protect personnel from injuries. At this time, Fire Rescue needs to replace older mechanical CPR devices as our current devices are nearing end of life and require frequent servicing, including repairs to the devices and batteries. The LUCAS device delivers consistent, high-quality compressions during cardiac arrest. The use of identical equipment across neighboring emergency departments, and two of the three helicopter services used makes the transition of care nearly seamless. Furthermore, unlike our older equipment, LUCAS devices are more reliable, easier to deploy, and designed to reduce rescuer fatigue and improve patient outcomes. By upgrading to LUCAS, we will enhance both the safety of our personnel and the survival chances of those we serve.

Fire Rescue, with concurrence from the Purchasing Department, finds it in is the County's best interest to utilize Sourcewell, contract No. 041823-STY, with Stryker for the purchase of forty-five (45) Lucas 3, v3.1 Chest Compression automated CPR systems and associated accessories, in the NTE amount of $672,651.85 for FY 2026.

FISCAL IMPACT/COST/REVENUE STATEMENT:

Funding in the amount of $672,651.85 is budgeted and available for FY 2026 in the Penny for Pasco Public Safety Fund, Rescue Division.

Solicitation Number: 041823

CONTRACT

This Contract is between Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 (Sourcewell) and Stryker Sales, LLC, through its Medical Division**,** 11811 Willows Road NE, Redmond, WA 98052 (Supplier).

Sourcewell is a State of Minnesota local government unit and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that offers cooperative procurement solutions to government entities. Participation is open to eligible federal, state/province, and municipal governmental entities, higher education, K-12 education, nonprofit, tribal government, and other public entities located in the United States and Canada. Sourcewell issued a public solicitation for Critical Care and EMS Equipment from which Supplier was awarded a contract.

Supplier desires to contract with Sourcewell to provide equipment, products, or services to Sourcewell and the entities that access Sourcewell's cooperative purchasing contracts (Participating Entities).

1. TERM OF CONTRACT

A. EFFECTIVE DATE. This Contract is effective upon the date of the final signature below.

EXPIRATION DATE AND EXTENSION. This Contract expires June 30, 2027, unless it is cancelled sooner pursuant to Article 22. This Contract allows up to three additional one-year extensions upon the request of Sourcewell and written agreement by Supplier. Sourcewell retains the right to consider additional extensions beyond seven years as required under exceptional circumstances.

B. SURVIVAL OF TERMS. Notwithstanding any expiration or termination of this Contract, all payment obligations incurred prior to expiration or termination will survive, as will the following: Articles 11 through 14 survive the expiration or cancellation of this Contract. All other rights will cease upon expiration or termination of this Contract.

DocuSign Envelope ID: D480AE7D-7D7E-416C-A1A1-EEAB75214029

2. EQUIPMENT, PRODUCTS, OR SERVICES

A. EQUIPMENT, PRODUCTS, OR SERVICES. Supplier will provide the Equipment, Products, or Services as stated in its Proposal submitted under the Solicitation Number listed above. Supplier's Equipment, Products, or Services Proposal (Proposal) is attached and incorporated into this Contract.

All Equipment and Products provided under this Contract must be new and the current model. Supplier may offer close-out or refurbished Equipment or Products if they are clearly indicated in Supplier's product and pricing list. Unless agreed to by the Participating Entities in advance, Equipment or Products must be delivered as operational to the Participating Entity's site.

This Contract offers an indefinite quantity of sales, and while substantial volume is anticipated, sales and sales volume are not guaranteed.

B. WARRANTY. Supplier warrants that (i) Supplier has good title to Equipment shipped directly to Participating Entities, free of all liens, claims, and encumbrances; (ii) the Equipment will, at the time of manufacture, in all material respects have been manufactured in conformance with the Equipment specifications; and (iii) the Equipment will in all material respects, at the time of shipment, meet the technical specifications set forth in the FDA-approved or cleared labeling. EXCEPT AS SET FORTH IN THE IMMEDIATELY PRECEDING SENTENCE, SUPPLIER HEREBY EXPRESSLY DISCLAIMS ANY AND ALL EXPRESS OR IMPLIED WARRANTIES REGARDING THE PRODUCTS INCLUDING, BUT NOT LIMTED TO, AND FITNESS FOR A PARTICULAR PURPOSE.

C. DEALERS, DISTRIBUTORS, AND/OR RESELLERS. Upon Contract execution and throughout the Contract term, Supplier must provide to Sourcewell a current means to validate or authenticate Supplier's authorized dealers, distributors, or resellers relative to the Equipment, Products, and Services offered under this Contract, which will be incorporated into this Contract by reference. It is the Supplier's responsibility to ensure Sourcewell receives the most current information.

3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the price stated in Supplier's Proposal. If the Agreement is a multi-year contract, Supplier may increase pricing no more than once annually. Such price increase shall be incorporated by amendment to this Agreement and signed by Sourcewell and Supplier.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

DocuSign Envelope ID: D480AE7D-7D7E-416C-A1A1-EEAB75214029

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. SHIPPING AND SHIPPING COSTS. All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Supplier must permit the Equipment and Products to be returned in accordance with the return policy, incorporated by reference, at no cost to Sourcewell or its Participating Entities. Participating Entities reserve the right to inspect the Equipment and Products within thirty (30) days after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity. All shipping will be FOB destination, freight prepaid and added to the invoice.

Supplier must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcewell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

B. SALES TAX. Each Participating Entity is responsible for supplying the Supplier with valid tax-exemption certification(s). When ordering, a Participating Entity must indicate if it is a tax-exempt entity.

C. HOT LIST PRICING. At any time during this Contract, Supplier may offer a specific selection of Equipment, Products, or Services at discounts greater than those listed in the Contract. When Supplier determines it will offer Hot List Pricing, it must be submitted electronically to Sourcewell in a line-item format. Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcewell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product

Change Request Form to the assigned Sourcewell Supplier Development Administrator. This approved form is available from the assigned Sourcewell Supplier Development Administrator. At a minimum, the request must:

- Identify the applicable Sourcewell contract number;
- Clearly specify the requested change;
- Provide sufficient detail to justify the requested change;
- Individually list all Equipment, Products, or Services affected by the requested change, along with the requested change (e.g., addition, deletion, price change); and
- Include a complete restatement of pricing documentation in Microsoft Excel with the effective date of the modified pricing, or product addition or deletion. The new pricing restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

A fully executed Sourcewell Price and Product Change Request Form will become an amendment to this Contract and will be incorporated by reference.

5. PARTICIPATION, CONTRACT ACCESS, AND PARTICIPATING ENTITY REQUIREMENTS

A. PARTICIPATION. Sourcewell's cooperative contracts are available and open to public and nonprofit entities across the United States; such as federal, state, municipal, K-12 and higher education, tribal government, and other public entities.

The benefits of this Contract should be available to all Participating Entities that can legally access the Equipment, Products, or Services under this Contract. A Participating Entity's authority to access this Contract is determined through its cooperative purchasing, interlocal, or joint powers laws. Any entity accessing benefits of this Contract will be considered a Service Member of Sourcewell during such time of access. Supplier understands that a Participating Entity's use of this Contract is at the Participating Entity's sole convenience and Participating Entities reserve the right to obtain like Equipment, Products, or Services from any other source.

Supplier is responsible for familiarizing its sales and service forces with Sourcewell contract use eligibility requirements and documentation and will encourage potential participating entities to join Sourcewell. Sourcewell reserves the right to add and remove Participating Entities to its roster during the term of this Contract.

B. PUBLIC FACILITIES. Supplier's employees may be required to perform work at government-owned facilities, including schools. Supplier's employees and agents must conduct themselves in a professional manner while on the premises, and in accordance with Participating Entity policies and procedures, and all applicable laws.

6. PARTICIPATING ENTITY USE AND PURCHASING

A. ORDERS AND PAYMENT. To access the contracted Equipment, Products, or Services under this Contract, a Participating Entity must clearly indicate to Supplier that it intends to access this Contract; however, order flow and procedure will be developed jointly between Sourcewell and Supplier. Typically, a Participating Entity will issue an order directly to Supplier or its authorized subsidiary, distributor, dealer, or reseller. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell contract number. All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract; however, Supplier performance, Participating Entity payment obligations, and any applicable warranty periods or other Supplier or Participating Entity obligations may extend beyond the term of this Contract. Payment terms are net thirty (30).

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM. Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Supplier, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum, the terms of which will be negotiated directly between the Participating Entity and the Supplier or its authorized dealers, distributors, or resellers, as applicable. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. SPECIALIZED SERVICE REQUIREMENTS. In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

D. TERMINATION OF ORDERS. Participating Entities may terminate an order, in whole or in part, immediately upon notice to Supplier in the event of any of the following events:

1. The Participating Entity fails to receive funding or appropriation from its governing body at levels sufficient to pay for the equipment, products, or services to be purchased; or
2. Federal, state, or provincial laws or regulations prohibit the purchase or change the Participating Entity's requirements.

DocuSign Envelope ID: D480AE7D-7D7E-416C-A1A1-EEAB75214029

E. GOVERNING LAW AND VENUE. The governing law and venue for any action related to a Participating Entity's order will be determined by the Participating Entity making the purchase.

7. CUSTOMER SERVICE

A. PRIMARY ACCOUNT REPRESENTATIVE. Supplier will assign an Account Representative to Sourcewell for this Contract and must provide prompt notice to Sourcewell if that person is changed. The Account Representative will be responsible for:

- Maintenance and management of this Contract;
- Timely response to all Sourcewell and Participating Entity inquiries; and
- Business reviews to Sourcewell and Participating Entities, if applicable.

B. BUSINESS REVIEWS. Supplier must perform a minimum of one business review with Sourcewell per contract year. The business review will cover sales to Participating Entities, pricing and contract terms, administrative fees, sales data reports, performance issues, supply issues, customer issues, and any other necessary information.

8. REPORT ON CONTRACT SALES ACTIVITY AND ADMINISTRATIVE FEE PAYMENT

A. CONTRACT SALES ACTIVITY REPORT. Each calendar quarter, Supplier must provide a contract sales activity report (Report) to the Sourcewell Supplier Development Administrator assigned to this Contract. Reports are due no later than 45 days after the end of each calendar quarter. A Report must be provided regardless of the number or amount of sales during that quarter (i.e., if there are no sales, Supplier must submit a report indicating no sales were made).

The Report must contain the following fields:

- Participating Entity Name (e.g., City of Staples Highway Department);
- Participating Entity Physical Street Address;
- Participating Entity City;
- Participating Entity State/Province;
- Participating Entity Zip/Postal Code;
- Participating Entity Contact Name;
- Participating Entity Contact Email Address;
- Participating Entity Contact Telephone Number;
- Sourcewell Assigned Entity/Participating Entity Number;
- Item Purchased Description;
- Item Purchased Price;
- Sourcewell Administrative Fee Applied; and
- Date Purchase was invoiced/sale was recognized as revenue by Supplier.

DocuSign Envelope ID: D480AE7D-7D7E-416C-A1A1-EEAB75214029

B. ADMINISTRATIVE FEE. In consideration for the support and services provided by Sourcewell, the Supplier will pay an administrative fee to Sourcewell on all Equipment, Products, and Services provided to Participating Entities. The Administrative Fee must be included in, and not added to, the pricing. Supplier may not charge Participating Entities more than the contracted price to offset the Administrative Fee.

The Supplier will submit payment to Sourcewell for the percentage of administrative fee stated in the Proposal multiplied by the total sales of all Equipment, Products, and Services purchased by Participating Entities under this Contract during each calendar quarter. Payments should note the Supplier's name and Sourcewell-assigned contract number in the memo; and must be mailed to the address above "Attn: Accounts Receivable" or remitted electronically to Sourcewell's banking institution per Sourcewell's Finance department instructions. Payments must be received no later than 45 calendar days after the end of each calendar quarter.

Supplier agrees to cooperate with Sourcewell in auditing transactions under this Contract to ensure that the administrative fee is paid on all items purchased under this Contract.

In the event the Supplier is delinquent in any undisputed administrative fees, Sourcewell reserves the right to cancel this Contract and reject any proposal submitted by the Supplier in any subsequent solicitation. In the event this Contract is cancelled by either party prior to the Contract's expiration date, the administrative fee payment will be due no more than 30 days from the cancellation date.

9. AUTHORIZED REPRESENTATIVE

Sourcewell's Authorized Representative is its Chief Procurement Officer.

Supplier's Authorized Representative is the person named in the Supplier's Proposal. If Supplier's Authorized Representative changes at any time during this Contract, Supplier must promptly notify Sourcewell in writing.

10. AUDIT, ASSIGNMENT, AMENDMENTS, WAIVER, AND CONTRACT COMPLETE

A. AUDIT. Pursuant to Minnesota Statutes Section 16C.05, subdivision 5, the books, records, documents, and accounting procedures and practices relevant to this Contract are subject to examination by Sourcewell or the Minnesota State Auditor for a minimum of six years from the end of this Contract. This clause extends to Participating Entities as it relates to business conducted by that Participating Entity under this Contract.

B. ASSIGNMENT. Neither party may assign or otherwise transfer its rights or obligations under this Contract without the prior written consent of the other party and a fully executed assignment agreement. Such consent will not be unreasonably withheld.

DocuSign Envelope ID: D480AE7D-7D7E-416C-A1A1-EEAB75214029

C. AMENDMENTS. Any amendment to this Contract must be in writing and will not be effective until it has been duly executed by the parties.

D. WAIVER. Failure by either party to take action or assert any right under this Contract will not be deemed a waiver of such right in the event of the continuation or repetition of the circumstances giving rise to such right. Any such waiver must be in writing and signed by the parties.

E. CONTRACT COMPLETE. This Contract represents the complete agreement between the parties. No other understanding regarding this Contract, whether written or oral, may be used to bind either party. For any conflict between the attached Proposal and the terms set out in Articles 1-22 of this Contract, the terms of Articles 1-22 will govern.

F. RELATIONSHIP OF THE PARTIES. The relationship of the parties is one of independent contractors, each free to exercise judgment and discretion with regard to the conduct of their respective businesses. This Contract does not create a partnership, joint venture, or any other relationship such as master-servant, or principal-agent.

11. INDEMNITY AND HOLD HARMLESS

Supplier must indemnify, defend, save, and hold Sourcewell and its Participating Entities , including their agents and employees, harmless from any third-party claims or causes of action incurred by Sourcewell or its Participating Entities, arising out of any act or omission in the performance of this Contract by the Supplier or its agents or employees; this indemnification includes injury or death to person(s) or property alleged to have been caused by some defect in the Equipment, Products, or Services under this Contract to the extent the Equipment, Product, or Service has been used according to its specifications. The foregoing indemnification does not apply to any claims arising from: (i) the combination of any Stryker Product with one or more non-Stryker products wherein such combination is the sole basis of the claim; (ii) the use of the Products contrary to their labeling, manuals, and/or instructions for use or (iii) modification of any Product by any person other than Stryker without Stryker's express written authorization. Stryker will have no liability hereunder unless it is notified promptly of any such claim and given control of the defense and any settlement thereof; however, any claim that obligates Sourcewell for payment of any kind may not be settled without prior consultation and written approval by the Sourcewell Board of Directors Sourcewell's responsibility will be governed by the State of Minnesota's Tort Liability Act (Minnesota Statutes Chapter 466) and other applicable law.

12. GOVERNMENT DATA PRACTICES

Supplier and Sourcewell must comply with the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13, as it applies to all data provided by or provided to Sourcewell

DocuSign Envelope ID: D480AE7D-7D7E-416C-A1A1-EEAB75214029

under this Contract and as it applies to all data created, collected, received, maintained, or disseminated by the Supplier under this Contract.

13. INTELLECTUAL PROPERTY, PUBLICITY, MARKETING, AND ENDORSEMENT

A. INTELLECTUAL PROPERTY

1. *Grant of License.* During the term of this Contract:
   Subject to Section 13(B), Sourcewell grants to Supplier a royalty-free, non-exclusive right and license to use the trademark(s) provided to Supplier in certain advertising and promotional materials for the purpose of marketing Sourcewell's relationship with Supplier for use in the United States only and solely in the format provided in Exhibit A. For the avoidance of doubt, the license granted by Supplier to Sourcewell shall be limited to the following promotional materials:
   i. Sourcewell's Contract Directory located on Sourcewell's website and/or in a printed format for distribution by Sourcewell;
   ii. Sourcewell's Cooperative Purchasing (through Buy Sourcewell) located on Sourcewell's website;
   iii. Tradeshow or other conference banners prepared and approved by Sourcewell;
   iv. Award announcement emails; and
   v. Any reseller or distributor advertising or promotional flyers for distribution by Sourcewell.

2. *Limited Right of Sublicense*. The right and license granted herein includes a limited right of each party to grant sublicenses to their respective subsidiaries, distributors, dealers, resellers, marketing representatives, and agents (collectively "Permitted Sublicensees") in advertising and promotional materials for the purpose of marketing the Parties' relationship to Participating Entities. The sublicense granted hereunder will be subject to the terms and conditions of this Article and shall not exceed the rights granted pursuant to Section 1.b. of this Article 13. A party shall approve each use of the other party's trademarks by its respective Permitted Sublicensees. Each party will be responsible for any breach of this Article by any of their respective sublicensees.

3. *Use; Quality Control.*
   a. Neither party may alter the other party's trademarks from the form provided and must immediately comply with removal requests as to specific uses of its trademarks or logos.
   b. Each party agrees to use, and to cause its Permitted Sublicensees to use, the other party's trademarks only in good faith and in a dignified manner consistent with such party's use of the trademarks. Upon written notice to the breaching party, the breaching party has 30 days of the date of the written notice to cure the breach or the license will be terminated.

4. *Termination*. Upon the termination of this Contract for any reason, each party, including Permitted Sublicensees, will have 30 days to remove all Trademarks from signage, websites, and the like bearing the other party's name or logo (excepting Sourcewell's pre-printed catalog of suppliers which may be used until the next printing). Each party must return all

DocuSign Envelope ID: D480AE7D-7D7E-416C-A1A1-EEAB75214029

marketing and promotional materials, including signage, provided by the other party or dispose of it according to requesting party's written directions.

B. PUBLICITY. Any publicity regarding the subject matter of this Contract must not be released without prior written approval from the Authorized Representatives. Publicity includes notices, informational pamphlets, press releases, research, reports, signs, and similar public notices prepared by or for the Supplier individually or jointly with others, or any subcontractors, with respect to the program, publications, or services provided resulting from this Contract.

C. MARKETING. Any direct advertising, marketing, or offers to Participating Entities that offer Equipment, Products, or Services available under this Contract and utilizes the terms of this Contract while offering pricing lower than this Contract, must be approved by Sourcewell. Send all approval requests to the Sourcewell Supplier Development Administrator assigned to this Contract.

D. ENDORSEMENT. The Supplier must not claim that Sourcewell endorses its Equipment, Products, or Services.

14. GOVERNING LAW, JURISDICTION, AND VENUE

The substantive and procedural laws of the State of Minnesota will govern this Contract. Venue for all legal proceedings arising out of this Contract, or its breach, must be in the appropriate state court in Todd County, Minnesota or federal court in Fergus Falls, Minnesota.

15. FORCE MAJEURE

Neither party to this Contract will be held responsible for delay or default caused by acts of God or other conditions that are beyond that party's reasonable control. A party defaulting under this provision must provide the other party prompt written notice of the default.

16. SEVERABILITY

If any provision of this Contract is found by a court of competent jurisdiction to be illegal, unenforceable, or void then both parties will be relieved from all obligations arising from that provision. If the remainder of this Contract is capable of being performed, it will not be affected by such determination or finding and must be fully performed.

17. PERFORMANCE, DEFAULT, AND REMEDIES

A. PERFORMANCE. During the term of this Contract, the parties will monitor performance and address unresolved contract issues as follows:

DocuSign Envelope ID: D480AE7D-7D7E-416C-A1A1-EEAB75214029

1. *Notification.* The parties must promptly notify each other of any known dispute and work in good faith to resolve such dispute within a reasonable period of time. If necessary, Sourcewell and the Supplier will jointly develop a short briefing document that describes the issue(s), relevant impact, and positions of both parties.
2. *Escalation.* If parties are unable to resolve the issue in a timely manner, as specified above, either Sourcewell or Supplier may escalate the resolution of the issue to a higher level of management. The Supplier will have 30 calendar days to cure an outstanding issue.
3. *Performance while Dispute is Pending*. Notwithstanding the existence of a dispute, the Supplier must continue without delay to carry out all of its responsibilities under the Contract that are not affected by the dispute. If the Supplier fails to continue without delay to perform its responsibilities under the Contract, in the accomplishment of all undisputed work, the Supplier will bear any additional costs incurred by Sourcewell and/or its Participating Entities as a result of such failure to proceed.

B. DEFAULT AND REMEDIES. Either of the following constitutes cause to declare this Contract, or any Participating Entity order under this Contract, in default:

1. Nonperformance of contractual requirements, or
2. A material breach of any term or condition of this Contract.

The party claiming default must provide written notice of the default, with 30 calendar days to cure the default. Time allowed for cure will not diminish or eliminate any liability for liquidated or other damages. If the default remains after the opportunity for cure, the non-defaulting party may:

- Exercise any remedy provided by law or equity, or
- Terminate the Contract or any portion thereof, including any orders issued against the Contract.

18. INSURANCE

A. REQUIREMENTS. At its own expense, Supplier must maintain insurance policy(ies) in effect at all times during the term of this Contract with insurance company(ies) licensed or authorized to do business in the State of Minnesota having an “AM BEST” rating of A- or better, with the following required coverage and limits of insurance:

1. *Workers’ Compensation and Employer’s Liability.*

Failure of Supplier to maintain the required insurance will constitute a material breach entitling Sourcewell to immediately terminate this Contract for default.

DocuSign Envelope ID: D480AE7D-7D7E-416C-A1A1-EEAB75214029

B. CERTIFICATES OF INSURANCE. Prior to commencing under this Contract, Supplier must furnish to Sourcewell a certificate of insurance, as evidence of the insurance required under this Contract. Prior to expiration of the policy(ies), renewal certificates must be mailed to Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 or sent to the Sourcewell Supplier Development Administrator assigned to this Contract. The certificates must be issued by a person authorized by the insurer(s) to bind coverage on their behalf.

Failure to request certificates of insurance by Sourcewell, or failure of Supplier to provide certificates of insurance, in no way limits or relieves Supplier of its duties and responsibilities in this Contract.

C. ADDITIONAL INSURED ENDORSEMENT AND PRIMARY AND NON-CONTRIBUTORY INSURANCE CLAUSE. Supplier agrees to include Sourcewell and its Participating Entities, including their officers, agents, and employees, as an additional insured under the Supplier's commercial general liability insurance policy with respect to vicarious liability of Sourcewell and/or its Participating Entities which may arise out of activities, "operations," or "work" performed by Supplier, and products and completed operations of Supplier. The policy provision(s) or endorsement(s) must further provide that except with respect to any claim or loss that arise from the negligence or willful misconduct of Sourcewell and/or its Participating Entities, the commercial general liability insurance coverage is primary and not excess over or contributory with any other valid, applicable, and collectible insurance or self-insurance in force for the additional insureds.

D. WAIVER OF SUBROGATION. Supplier waives and must require (by endorsement or otherwise) all its insurers to waive subrogation rights against Sourcewell and other additional insureds for losses paid under the workers' compensation and employer's liability and commercial automobile liability insurance policies required by this Contract. The waiver must apply to all deductibles and/or self-insured retentions applicable to such insurance maintained by the Supplier or its subcontractors. Where permitted by law, Supplier must require similar written express waivers of subrogation and insurance clauses from each of its subcontractors.

E. UMBRELLA/EXCESS LIABILITY/SELF-INSURED RETENTIONINTENTIONALLY OMITTED.

F. SELF-INSURANCE. Notwithstanding any other insurance requirements within this Agreement to the contrary, to the extent allowed by applicable law or regulation, Supplier shall be permitted to comply with these insurance requirements through a program of self-insurance

19. COMPLIANCE

A. LAWS AND REGULATIONS. All Equipment, Products, or Services provided under this Contract must comply fully with applicable federal laws and regulations, and with the laws in the states and provinces in which the Equipment, Products, or Services are sold.

DocuSign Envelope ID: D480AE7D-7D7E-416C-A1A1-EEAB75214029

B. LICENSES. Supplier must maintain a valid and current status on all required federal, state/provincial, and local licenses, bonds, and permits required for the operation of the business that the Supplier conducts with Sourcewell and Participating Entities.

This Agreement is the entire, final, complete, and fully integrated agreement between Sourcewell **and** Supplier for the benefit of any Participating Entity with respect to the subject matter hereof and supersedes any prior agreements or communications between the parties, whether written, oral, electronic or otherwise.

20. BANKRUPTCY, DEBARMENT, OR SUSPENSION CERTIFICATION

Supplier certifies and warrants that it is not in bankruptcy or that it has previously disclosed in writing certain information to Sourcewell related to bankruptcy actions. If at any time during this Contract Supplier declares bankruptcy, Supplier must immediately notify Sourcewell in writing.

Supplier certifies and warrants that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated by the State of Minnesota; the United States federal government or the Canadian government, as applicable; or any Participating Entity. Supplier certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this Contract. Supplier further warrants that it will provide immediate written notice to Sourcewell if this certification changes at any time.

21. PROVISIONS FOR NON-UNITED STATES FEDERAL ENTITY PROCUREMENTS UNDER UNITED STATES FEDERAL AWARDS OR OTHER AWARDS

Participating Entities that use United States federal grant or FEMA funds to purchase goods or services from this Contract may be subject to additional requirements including the procurement standards of the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, 2 C.F.R. § 200. Participating Entities may have additional requirements based on specific funding source terms or conditions. Within this Article, all references to “federal” should be interpreted to mean the United States federal government. The following list only applies when a Participating Entity accesses Supplier’s Equipment, Products, or Services with United States federal funds.

A. EQUAL EMPLOYMENT OPPORTUNITY. Except as otherwise provided under 41 C.F.R. § 60, all contracts that meet the definition of “federally assisted construction contract” in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. §60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 C.F.R. §, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 C.F.R. § 60, “Office of Federal Contract Compliance Programs, Equal

DocuSign Envelope ID: D480AE7D-7D7E-416C-A1A1-EEAB75214029

Employment Opportunity, Department of Labor." The equal opportunity clause is incorporated herein by reference.

B. DAVIS-BACON ACT, AS AMENDED (40 U.S.C. § 3141-3148). When required by federal program legislation, all prime construction contracts in excess of $2,000 awarded by non-federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. § 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 C.F.R. § 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-federal entity must report all suspected or reported violations to the federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations (29 C.F.R. § 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-federal entity must report all suspected or reported violations to the federal awarding agency. Supplier must be in compliance with all applicable Davis-Bacon Act provisions.

C. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT (40 U.S.C. § 3701-3708). Where applicable, all contracts awarded by the non-federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations (29 C.F.R. § 5). Under 40 U.S.C. § 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. § 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence. This provision is hereby incorporated by reference into this Contract. Supplier certifies that during the term of an award for all contracts by Sourcewell resulting from this procurement process, Supplier must comply with applicable requirements as referenced above.

DocuSign Envelope ID: D480AE7D-7D7E-416C-A1A1-EEAB75214029

D. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT. If the federal award meets the definition of "funding agreement" under 37 C.F.R. § 401.2(a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 C.F.R. § 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency. Supplier certifies that during the term of an award for all contracts by Sourcewell resulting from this procurement process, Supplier must comply with applicable requirements as referenced above.

E. CLEAN AIR ACT (42 U.S.C. § 7401-7671Q.) AND THE FEDERAL WATER POLLUTION CONTROL ACT (33 U.S.C. § 1251-1387). Contracts and subgrants of amounts in excess of $150,000 require the non-federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. § 7401- 7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. § 1251- 1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA). Supplier certifies that during the term of this Contract will comply with applicable requirements as referenced above.

F. DEBARMENT AND SUSPENSION (EXECUTIVE ORDERS 12549 AND 12689). A contract award (see 2 C.F.R. § 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 C.F.R. §180 that implement Executive Orders 12549 (3 C.F.R. § 1986 Comp., p. 189) and 12689 (3 C.F.R. § 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. Supplier certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency.

G. BYRD ANTI-LOBBYING AMENDMENT, AS AMENDED (31 U.S.C. § 1352). Suppliers must file any required certifications. Suppliers must not have used federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Suppliers must disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the non-federal award. Suppliers must file all certifications and disclosures required by, and otherwise comply with, the Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352).

H. RECORD RETENTION REQUIREMENTS. To the extent applicable, Supplier must comply with the record retention requirements detailed in 2 C.F.R. § 200.333. The Supplier further certifies that it will retain all records as required by 2 C.F.R. § 200.333 for a period of 3 years after grantees or subgrantees submit final expenditure reports or quarterly or annual financial reports, as applicable, and all other pending matters are closed.

I. ENERGY POLICY AND CONSERVATION ACT COMPLIANCE. To the extent applicable, Supplier must comply with the mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act.

J. BUY AMERICAN PROVISIONS COMPLIANCE. To the extent applicable, Supplier must comply with all applicable provisions of the Buy American Act. Purchases made in accordance with the Buy American Act must follow the applicable procurement rules calling for free and open competition.

K. ACCESS TO RECORDS (2 C.F.R. § 200.336). Supplier agrees that duly authorized representatives of a federal agency must have access to any books, documents, papers and records of Supplier that are directly pertinent to Supplier's discharge of its obligations under this Contract for the purpose of making audits, examinations, excerpts, and transcriptions. The right also includes timely and reasonable access to Supplier's personnel for the purpose of interview and discussion relating to such documents.

L. PROCUREMENT OF RECOVERED MATERIALS (2 C.F.R. § 200.322). A non-federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 C.F.R. § 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired during the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

M. FEDERAL SEAL(S), LOGOS, AND FLAGS. The Supplier cannot use the seal(s), logos, crests, or reproductions of flags or likenesses of Federal agency officials without specific pre-approval.

N. NO OBLIGATION BY FEDERAL GOVERNMENT. The U.S. federal government is not a party to this Contract or any purchase by a Participating Entity and is not subject to any obligations or liabilities to the Participating Entity, Supplier, or any other party pertaining to any matter resulting from the Contract or any purchase by an authorized user.

DocuSign Envelope ID: D480AE7D-7D7E-416C-A1A1-EEAB75214029

O. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS. The Contractor acknowledges that 31 U.S.C. 38 (Administrative Remedies for False Claims and Statements) applies to the Supplier's actions pertaining to this Contract or any purchase by a Participating Entity.

P. FEDERAL DEBT. The Supplier certifies that it is non-delinquent in its repayment of any federal debt. Examples of relevant debt include delinquent payroll and other taxes, audit disallowance, and benefit overpayments.

Q. CONFLICTS OF INTEREST. The Supplier must notify the U.S. Office of General Services, Sourcewell, and Participating Entity as soon as possible if this Contract or any aspect related to the anticipated work under this Contract raises an actual or potential conflict of interest (as described in 2 C.F.R. Part 200). The Supplier must explain the actual or potential conflict in writing in sufficient detail so that the U.S. Office of General Services, Sourcewell, and Participating Entity are able to assess the actual or potential conflict; and provide any additional information as necessary or requested.

R. U.S. EXECUTIVE ORDER 13224. The Supplier, and its subcontractors, must comply with U.S. Executive Order 13224 and U.S. Laws that prohibit transactions with and provision of resources and support to individuals and organizations associated with terrorism.

S. PROHIBITION ON CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT. To the extent applicable, Supplier certifies that during the term of this Contract it will comply with applicable requirements of 2 C.F.R. § 200.216.

T. DOMESTIC PREFERENCES FOR PROCUREMENTS. To the extent applicable, Supplier certifies that during the term of this Contract will comply with applicable requirements of 2 C.F.R. § 200.322.

22. CANCELLATION

Sourcewell or Supplier may cancel this Contract at any time, with or without cause, upon 60 days' written notice to the other party. However, Sourcewell may cancel this Contract immediately upon discovery of a material defect in any certification made in Supplier's Proposal. Cancellation of this Contract does not relieve either party of financial, product, or service obligations incurred or accrued prior to cancellation.

Exhibit A

Stryker Trademark Usage

stryker

Logo position, spacing and size

Position

- Stryker logo must appear prominent and not compete with word marks, surrounding text, images or other visual elements.
- Our preferred logo placement is horizontal; however, Sourcewell can position Stryker logo vertically.
- When horizontally positioned, place Stryker logo in either the top left or top right corner of the layout.
- When horizontally positioned, Stryker prefers Sourcewell places Stryker logo above all other text and in a position that doesn't appear aligned with any visual elements other than a color field and/or dimensional frame.
- When vertically positioned, Stryker logo must be the most dominant element on the layout (for example, up the side of a trade show banner).
- Avoid overuse of Stryker logo by using only one logo per layout and refrain from using our logo multiple times across a multi-page document.
- Stryker logo must appear on the first page or section of a document.

Clear space

- Provide clear space around our logo to clearly identify it as our master brand.
- The diagram below demonstrates the minimum space required; clear space is equal to 1.5 times the height of our logo.

Minimum size

- When using Stryker logo, maintain a minimum size of 1" (25.4mm) in print applications to maintain brand presence.
- The goal is to maximize the size of Stryker logo in proportion to the size of the layout.

Clear space

1" (25.4mm)

Minimum size

Do not:

- use any color except black for Stryker logo.
- use Stryker logo with a registration mark (®).
- show Stryker logo upside down or reflected.
- angle or tilt except at a 90° angle.
- violate clear space in any way.
- show Stryker logo at minimum size in a large-scale layout.
- show Stryker logo oversized on a layout relative to the scale of the other visual elements.
- use Stryker logo with other text; instead, spell out "Stryker" or "Stryker's" when using Stryker name.
- translate Stryker logo; however, Sourcewell can translate our Stryker in text.
- include Stryker logo as part of another trademark or service mark.
- alter any part of Stryker logo.
- skew or distort Stryker logo.
- animate Stryker logo; except in videos.
- add a line above or below Stryker logo.
- crop Stryker logo.
- use Stryker logo at a low resolution.
- use Stryker logo vertically with text that has more dominance.
- add shadows or shading.
- add a border.
- use an outline.
- use on unapproved background colors.
- place in a shape (for example, a circle or triangle) unless placed on a square or rectangular.
- place business, function, region, service names or word marks on the same line as Stryker logo.

Line Item	Question	Response *	

10	Provide a brief history of your company, including your company's core values, business philosophy, and industry longevity related to the requested equipment, products or services.	About Stryker Stryker is one of the world's leading medical technology companies and, together with our customers, is driven to make healthcare better. We offer innovative products and services in Orthopaedics, Medical and Surgical, and Neurotechnology and Spine that help improve patient and hospital outcomes. As the pioneer in portable defibrillation and monitoring technology, Stryker's Emergency Care business continues to define the standard for cardiac emergency care equipment, solutions and services. We are the world leader in developing, manufacturing, selling and servicing emergency care products. The company pioneered defibrillation technology over 68 years ago and continues to design and develop advanced emergency medical devices for in-hospital and out-ofhospital use. The company's LIFEPAK defibrillators have been carried to the top of Mount Everest and launched into orbit on the International Space Station. More than 800,000 units are in use today on fire and rescue rigs, ambulances, hospital crash carts and in thousands of public access locations worldwide. Global Presence Stryker serves a global market of thousands of customers in over 100 countries that use our products every day to protect their communities. We are well-positioned to continue serving the worldwide medical community for generations to come. Stryker Emergency Care employs over 1,000 team members worldwide. Approximately 700 of these team members are based in Redmond, WA. Vision and Mission We have been involved in emergency medical care for more than 68 years and lead the industry in developing products that monitor or treat patients in emergency medical situations. We develop technologies and design devices according to the unique needs of our customers and our goal is to provide complete solutions for cardiorespiratory emergencies. Everything is designed for customers, to work with them- whether it is accessories, disposables, flexible energy dosing or data management solutions that help them capture patient data and learn from it to improve patient care. Our approach to product development is with the values our customers expect front and center: quality, innovation, durability and reliability. We hold ourselves to rigorous quality and innovation standards, and firmly believe that good enough is never good enough when you are talking about devices used on a daily basis in a variety of emergency care environments. We are always innovating our product and clinical technologies and looking for ways to improve our processes— because our customers and their patients depend on it. MISSION: Together with our customers, we make healthcare better.	*
11	What are your company's expectations in the event of an award?	If Stryker is the winner, Stryker will negotiate in good faith mutually benefitial terms following award issuance.	*
12	Demonstrate your financial strength and stability with meaningful data. This could include such items as financial statements, SEC filings, credit and bond ratings, letters of credit, and detailed reference letters. Upload supporting documents (as applicable) in the document upload section of your response.	Stryker Corporation Annual Report has been uploaded to the attachment section. Stryker Sales, LLC, through its Medical Division is a wholly owned affilate of Stryker Corporation.	*
13	What is your US market share for the solutions that you are proposing?	In 2022, our prehospital business captured 69% of market share. We are unique in that we have solutions that equip the back of the ambulance with everything from monitor/defibrillaotrs, to cots and fasteners, to data solutions, and beyond. We are unmatched when it comes to the breadth of products and service that we can provide our customers. Our flagship product lines have captured majority market share in their respective categories as described below: • LIFEPAK 15 (monitor/defibrillators in pre-hospital): 55% • LIFEPAK CR2, HeartSine (AEDs in pre-hospital and public access): 30% • Transport equipment (cots, fasteners, chairs in prehospital): 94% • LUCAS 3 (mechanical chest compression systems in pre-hospital): 80%	*
14	What is your Canadian market share for the solutions that you are proposing?	This submittal reflects U.S. proposal and applies to US participating entities only. Products, services and T&Cs outside the U.S. may vary by country. Please refer to Proposal submitted by Stryker Canada team for information.	*
15	Has your business ever petitioned for bankruptcy protection? If so, explain in detail.	No. Stryker has never petitioned for bankruptcy protection. Instead, the whole Stryker corperation has persevered, delivered outstanding sales growth and made progress on our strategy for many years, making the Stryker brand stronger than ever.	*

16	How is your organization best described: is it a manufacturer, a distributor/dealer/reseller, or a service provider? Answer whichever question (either a) or b) just below) best applies to your organization. a) If your company is best described as a distributor/dealer/reseller (or similar entity), provide your written authorization to act as a distributor/dealer/reseller for the manufacturer of the products proposed in this RFP. If applicable, is your dealer network independent or company owned? b) If your company is best described as a manufacturer or service provider, describe your relationship with your sales and service force and with your dealer network in delivering the products and services proposed in this RFP. Are these individuals your employees, or the employees of a third party?	Stryker is the manufacturer and service provider of equipment as proposed in this RFP. All technical support, trainings and education, ProCare services will be conducted by Stryker employees. No third party like distributor/dealer/reseller will be involved.	*
17	If applicable, provide a detailed explanation outlining the licenses and certifications that are both required to be held, and actually held, by your organization (including third parties and subcontractors that you use) in pursuit of the business contemplated by this RFP.	Stryker's Medical division certifies that it is the original equipment manufacturer (OEM) or sole source distributor of parts for Emergency Care products. All parts are either manufactured by Stryker or outside suppliers and are new, tested and approved for use on Stryker's products. Our field service team uses OEM parts for repairs and has exclusive use of certain proprietary tools for diagnostics and repairs. Please refers to Section 6 of the pdf. proposal for relevant sole source certificatations.	*
18	Provide all "Suspension or Debarment" information that has applied to your organization during the past ten years.	No suspension or Debarment applies to Stryker.	*

Line Item	Question	Response *	

26	Sales force.	Stryker Emergency Care is committed to providing unmatched professional support through our Sales and Field Service Representatives who are strategically located throughout the U.S. to make us a customer centered organization. Our pre-hospital account manager team is the largest in comparison to our competitors with 291 Emergency Care account managers supporting customer needs. While everyone will be responsive and timely during the purchase process, Stryker has built a model that allows us to truly serve and partner with customers before, during, and after the sales.	*
27	Dealer network or other distribution methods.	Stryker is the manufacturer and service provider of equipment as proposed in this RFP. No dealer or distributor will be involved.	*
28	Service force.	Stryker has made in our Field Service team that provides on-site product maintenance and repair. This team consists of 310 ProCare technicians nationwide and allows us to take the approach of conducting necessary equipment repairs at your location versus requiring you to ship devices in and wait for replacement units. Repairs by the numbers Enhance equipment life: Of those surveyed, 85 percent of EMS customers reported the life of their equipment has been extended because of ProCare Services. Equipment experts: ProCare technicians receive over 200 hours of equipment training, and have an average tenure of 12 years with Stryker. Proactive approach:In 2019, ProCare Services did preventive maintenance inspections on over 83,450 pieces of EMS equipment. Increased efficiency: 86 percent of EMS customers surveyed reported they are able to operate more efficiently because of ProCare Services. The Quality Management System of Stryker's Medical division is ISO 13485:2016 certified.	*
29	Describe the ordering process. If orders will be handled by distributors, dealers or others, explain the respective roles of the Proposer and others.	If ordering Capital Goods 1. Customer calls(phone at 800 327 0770 option 1) or emails our Customer Service Team to get the contact information of the account manager for their region. 2. Customer reaches out to Account Manager letting them know what is needed. 3. Account Manager creates quote for items. 4. Customer creates PO meeting all requirements based on the quote. 5. PO is submitted back to the Account Manager 6. Account Manager submits order and confirms with customer. If ordering parts, accessories or disposables: 1. Customer can call or email our Customer Service Team for a price quote. 2. PO meeting all requirements is created by customer based on pricing quote. 3. PO emailed in to medicalcustomerservice@stryker.com 4. Customer Service Team would process and send confirmation. If ordering services: Stryker won't be using any distributors / subcontracts for ProCare Contract execution. All work will be done locally or in our factory depot by Stryker employees. Stryker provides copies of work orders describing all work performed, parts used and labor time involved with the repair. Customers can also access on our online ProCare portal should they choose to do so.	*
30	Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.	Stryker ProCare is the largest on-site OEM team in the pre-hospital space for maintaining, repairing, and serving customers equipment needs in North America. Our competitive difference is that we provide people who handle all device needs at your facilities versus being required to organize, track, box, and ship devices back to corporate headquarters for maintenance and repair.	*
31	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in the United States.	Stryker is able to provide products and accessories to entities where 3rd party carrier can reach in US.	*
32	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in Canada.	Not applicable	*

Please refer to Proposal submitted by Stryker Canada team for information.	*

34	Identify any Sourcewell participating entity sectors (i.e., government, education, not-for-profit) that you will NOT be fully serving through the proposed contract. Explain in detail. For example, does your company have only a regional presence, or do other cooperative purchasing contracts limit your ability to promote another contract?	Stryker is able to serve through the proposed contract throughout the whole US.	*
35	Define any specific contract requirements or restrictions that would apply to our participating entities in Hawaii and Alaska and in US Territories.	There's no additional requirements or restrictions to entities in Hawaii and Alaska. As there is no local Hawaii stock available for these Stryker items and these items will be shipped from our mainland warehouses. We are not able to provide timeliness of deliveries at this time based on specific product availability and carrier processes, but products will be shipped as soon as possible in the order it was placed.	*

Table 7: Marketing Plan

Line Item	Question	Response *	
36	Describe your marketing strategy for promoting this contract opportunity. Upload representative samples of your marketing materials (if applicable) in the document upload section of your response.	Co-op contracts are vital components of Stryker Emergency Care's marketing and sales strategy. The Sourcewell contract will be promoted internally with flyers, a road map, links to our internal marketing database, and education calls with our outside sales team of over 200 representative. For external marketing efforts, we keep a large library of product resources online for customers to easily access: www.stryker.com/us/en/emergency-care/product-resources.html Additionally, we share a library of videos featuring product in-service instructions, best practice tips, survivor stores, and more all available online: www.stryker.com/us/en/emergency-care/news and www.youtube.com/@StrykerEMS1 Please download this file to see a sample of our marketing collateral: https://we.tl/t-4vJsEZkENy	*
37	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	Stryker uses a host of digital marketing efforts to promote our mission of Together, we save lives. We are active on Facebook, LinkedIn and Twitter and use these platforms to connect with our customers and share valuable information regarding our product and educational offerings. We actively optimize our web properties through SEO monitoring and metadata/alt tag updates to provide the most up-to-date information as well as increase our visibility in online searches on both Google and Bing. We also work on improving our website CX to bring the best web experience possible to our customers and prospects. Our digital advertising focuses on connecting our prospective customers with sales reps in an efficient manner that drives quick and meaningful connections to build long lasting relationships built on trust and performance.	*
38	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	Stryker will expect Sourcewell to promote the value and benefits of co-op contracting and what differentiates Sourcewell from other contracting entities in the EMS market. More specifically, we would like for Sourcewell to make members aware of the new contract, what products/services are available, and provide the information about the awardees. Stryker will leverage the contract actively with the appropriate market segment customers through our dedicated team of field represantives that solely serve the EMS, Fire, Ambulance and Education markets. We will also promote the contract internally with active efforts from the Stryker marketing team. We are always open do joint promotions and other marketing efforts.	*
39	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	1. Line Item	Question	Response *	
40	Describe any product, equipment, maintenance, or operator training programs that you offer to Sourcewell participating entities. Include details, such as whether training is standard or optional, who provides training, and any costs that apply.	As one of the world's leading medical technology companies, we are driven to make healthcare better by creating innovative products and services that improve patient outcomes. To deliver the full potential of these innovations, customers must be trained on their safe and effective use. We support care team member learning in many parts of the world through a full range of virtual trainings on our MedEd portal, including trainings delivered in virtual reality. Please visit https://www.stryker.com/us/en/training-and-education/medical-and-surgical-equipment--/emergency-care/emergency-care.html#upcoming-events for a comprehensive selections of webinars, online courses and others resources. In addition, training is included with equipment purchase. With over 291 Emergency Care account managers, 310 field service representatives, 15 field clinical specialists, we ensure every customer has access to personalized, hands-on training across the communities we serve.	*
41	Describe any technological advances that your proposed products or services offer.	Stryker Emergency Care pioneered external defibrillation over 68 years ago and today continues to be the world market leader. LIFEPAK 15, the only monitor on market with ability to deliver over 200J Energyseries, offers 360J Biphasic Energy (Stryker Exclusive)	*
42	Describe any "green" initiatives that relate to your company or to your products or services, and include a list of the certifying agency for each.	We are committed to reducing our environmental impact on the world through responsible, sustainable operations. In 2022, we reduced carbon emissions by 20 percent for all Stryker facilities compared to a 2019 baseline. We have made a commitment to becoming carbon neutral for all Stryker facilities by 2030 and powering 100 percent renewable electricity by 2027. The local Stryker Environmental Alliance chapters identify environmental opportunities at each site. Stryker is also proactively working to reduce both what we use and what we leave behind. We're tracking our progress and installing global reporting systems, setting goals for manufacturing and looking at our use of resources across the business. We're also partnering with our customers to reduce what is left behind in landfill waste and grow resources that will help the planet, like national forests. Stryker has also made a committment to be Carbon neutral for all facilities by 2030 - https://www.stryker.com/content/m/c/2020-comprehensive-annual-report/performance-and-governance/corporate-responsibility-strategy.html	*
43	Identify any third-party issued eco-labels, ratings or certifications that your company has received for the equipment or products included in your Proposal related to energy efficiency or conservation, life-cycle design (cradle-to-cradle), or other green/sustainability factors.	Stryker is committed to achieving excellence as an environmental steward by conserving natural resources, promoting energy efficiency and eliminating waste. Our goal is to divert the highest possible amount of materials from the landfill through recycling. We strive to meet or exceed all relevant laws, regulations and other environmental legislation which are applicable to our business like e-waste and universal waste. Physio-Control strives to address chemicals of concern, and is RoHS, WEEE and battery directive compliant and conducts bio-compatibility testing on targeted materials. For additional information, please refer to: Corporate Responsibility: https://www.stryker.com/us/en/about/corporate-responsibility.html Stryker Recycling: https://www.strykeremergencycare.com/recycling/	*

44	Describe any Women or Minority Business Entity (WMBE), Small Business Entity (SBE), or veteran owned business certifications that your company or hub partners have obtained. Upload documentation of certification (as applicable) in the document upload section of your response.	Stryker Corporation does not hold any of the referenced certifications but we are committed to partnering with and providing opportunities for suppliers that do (http://www.stryker.com/en-us/corporate/AboutUs/SupplierDiversity/index.htm). Stryker is increasing the representation of disability-, LGBTQ-, minority-, veteran and women-owned businesses and small businesses in our supply chain and we engage suppliers that reflect the diversity of our customers and their patients, our employees and our communities. We are continually working to promote and facilitate diverse supplier engagement as a component of our overall corporate responsibility efforts. In 2022, Stryker's North American spend was over $300M with diverse-owned businesses and over $890M with small businesses. Examples include: Disability Owned Business Enterprise (DOBE), Lesbian, Gay, Bisexual, Transgender Owned Business Enterprise (LGBTBE), Minority Owned Business Enterprise (MBE), Veteran Owned Business Enterprise (VBE), Woman Owned Business Enterprise (WBE), Small Business Enterprise (SBE), Historically Underutilized Business (HUBZone), Service-disabled Veteran Owned Small Business (SDVOSB), Small Disadvantaged Business (SDB), Veteran Owned Small Business (VOSB), and Woman Owned Small Business (WOSB). Stryker Supplier Diversity We are also committed to serving our communities and creating a healthy, diverse, equitable and inclusive workplace where employees thrive. Stryker has several employee resource groups (ERG) that promote a culture of inclusion and belonging by amplifying our diversity, equity, and inclusion initiatives – with a focus on supporting and enhancing career development and providing education in the work environment. Examples include: • Stryker Women's Network (SWN): fostering an open and inclusive culture with a focus on attracting, developing, and retaining talented women • Women in Science and Engineering (WISE): accelerating growth of women in Stryker with technical expertise • Stryker's Allies for Equality (SAFE): championing LGBTA authenticity at work • Stryker's African Ancestry Network (SAAN): making Stryker a career destination for Black employees • Stryker's Emerging Professionals (SEP): engaging and inspiring the next generation • SOMOS Hispanic/Latinx network: celebrating diversity while advocating for the Hispanic/Latinx community • Stryker's Veterans Association (SVA): supporting, recruiting, developing, and retaining veteran employees while giving back to our military communities • Allies for All Abilities (3A): positively changing the lives of employees, families, and communities with visible and invisible disabilities • Asian Community Empowerment (ACE): promoting Asian cultural diversity and professional development Stryker Employee Resource Groups	*

45	What unique attributes does your company, your products, or your services offer to Sourcewell participating entities? What makes your proposed solutions unique in your industry as it applies to Sourcewell participating entities?	What can you expect from a partnership with Stryker: • Harness the power of a systems-based approach: One integrated system of equipment, devices and data empowers your teams to improve clinical care and enhances operational performance. • Depend on Stryker's technology: Drive better care with resuscitation technology like the LIFEPAK 15 monitor/defibrillator and the LUCAS 3 chest compression system integrated with Stryker's data solutions. With easy access to support and continuing education, rely on us as the innovative partner you trust most. • Overcome the challenges you face every day: From event scenes and long-distance patient transport to tight budgets and complex documentation, rely on a trusted system from Stryker to stay ready, respond effectively and review quickly for ongoing performance improvement. • Readiness: Handle your team's demands with insight into performance, readiness, systems and equipment, turning data into measurable improvement. • Response: Enable more effective care with an integrated system of equipment, CPR devices, monitor/defibrillators and data solutions that help improve your ability to handle time-dependent emergencies like cardiac arrest, STEMI, stroke or sepsis and other emergent care needs. • Review: Automatically access or share data, review performance, and identify improvements so your team can work more efficiently, stretch budgets and streamline billing. What you can expect from our products: • Power-PRO Ambulance Cot and Power-LOAD Fastener System: Stryker collaborates closely with customers to design and develop transport equipment to help reduce caregiver injury and increase patient care. Powered transport equipment can help with some of the common challenges facing EMS today including obesity, medic shortage and medic retention. Stryker offers a program that financially guarantees at least a 50% reduction in cot-related injuries pertaining to raishing, lowering, loading and unloading cots and 100% reduction in missed safety hooks while unloading cots with Stryker’s powered cot and Power-LOAD powered cot fastener in full power operation. If not, Stryker will refund the price paid for the powered cots and Power-LOAD cot fastening systems. • LIFEPAK 15 Monitor/Defibrillator, LIFEPAK CR2, and LIFEPAK 1000 Defibrillator: Depend on durable, reliable, and easy-to-use LIFEPAK monitor/defibrillators. Provide high energy quickly (only monitor to deliver energy up to 360j to help difficult to defibrilate patients), monitor patient information such as EtC02, Sp02, SpMet and send data ahead to the receiving caregiving team to save time, ease handoffs and help drive improved patient outcomes. • LUCAS 3 Chest Compression System: Contribute to improved cardiac arrest outcomes with the LUCAS 3, v3.1 chest compression system. CPR quality, consistency and continuity matter. Provide Guidelines-compliant compressions — in most working conditions — while freeing responders to safely focus on assessment, care and transport. • McGRATH MAC Video Laryngoscope: Improve the view and gain better guidance for placement to reduce intubation difficulty. Enhance airway management with one durable, easy-to-use and cost-effective device. Maximize visualization of the airway with the McGRATH MAC video laryngoscope. • LIFENET System: Drive better care with the LIFENET System. Alert the receiving providers, share patient data and capture information to enhance team efficiency. • CODE-STAT Data Review Software and Service: Drive improved performance with data review software and services. Enhance quality and efficiency when you can easily access, share, analyze and review data from any LIFEPAK device. Customize documentation and gain advanced reporting for the insights you need to improve care, team performance and operational efficiency. • ProCare Services: When lives are at stake, you need someone who takes a proactive approach to keeping your equipment up and running. With ProCare, you can count on trusted field-based experts dedicated to caring for your equipment, so you can focus on what truly matters – saving lives. We're your ideal service partner and will provide you with OEM expertise as well as propriety diagnostics tools that help us fix equipment efficiently and effectively.	*

Table 9: Warranty

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *	
46	Do your warranties cover all products, parts, and labor?	Please refer to Stryker Limited Warranty for details.	*
47	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	Yes, if the product is modified or used in a way that is not part of the instructions for use, it may affect warranty coverage. Reference the Operations and Maintenance manuals for proper usage. Please visit this link to see a detailed warranty description of Stryker's Emergency Care products: https://techweb.stryker.com/Terms_Conditions/Warranty/Warranty_and_Compliance_Statement_Emergency_Care_2022.pdf	*
48	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	Yes.	*
49	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell participating entities in these regions be provided service for warranty repair?	No for US. This submittal reflects U.S. proposal and applies to US participating entities only. Products, services and T&Cs outside the U.S. may vary by country. Please refer to Proposal submitted by Stryker Canada team for information.	*
50	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	Stryker is the original equipment manufacturer and will be the only factory authorized service provider with access to proprietary software necessary to perform proper maintenance and repairs. No items made by other manufacturers will be offered in this proposal.	*
51	What are your proposed exchange and return programs and policies?	If Customer desires to return a purchased product, Customer must call its local Stryker representative or the Stryker regional sales office for information on credit or replacement of any purchased and non-expired product. A Returned Material Authorization (RMA) number will be provided and must be clearly identified on the carton of any returned product. Customer must return the product to Stryker in its original packaging, unopened, and undamaged, except for product that was received in a damaged condition or as otherwise authorized by Stryker, which product may be returned in its existing condition. Stryker will not accept the return of a non-defective and conforming product if Customer breaks the security seal on the product. Stryker will provide an RMA and accept the return of any product under any of the following circumstances: a) Stryker shipped the product in error; b) Customer received the product after the product's expiration date; c) Customer received the product in a damaged condition; d) The product is recalled and must be removed from the market; or e) Stryker specifically authorizes the return of the product (a 15% restocking fee may apply). Product must be returned within 30 working days from the date the Customer receives the product or within 30 working days from the date the Customer receives notice of recall, if applicable. Upon receipt of a properly returned product, Stryker will apply a full credit to Customer's account or provide replacement. Customer is advised that product returned without an RMA number, or not otherwise authorized, will not be accepted and will be returned to Customer at Customer's expense.	*
52	Describe any service contract options for the items included in your proposal.	Service contracts will be available for all equipment included with this bid. Service contracts include: 2-hour call back time, 24-72 hour repair turnaround, a Stryker-trained service specialist, Service parts, labor, and travel, Preventive maintenance, Proper PM documentation for Joint Commission, DNV, CMS, Dedicated service representative. (Service flyer included with bid proposal)	*

Table 10: Payment Terms and Financing Options

Line Item	Question	Response *	
53	Describe your payment terms and accepted payment methods.	All invoices issued under this Agreement are to be paid within thirty (30) days of the date of the invoice.	*
54	Describe any leasing or financing options available for use by educational or governmental entities.	Through Stryker's Flex Financial business, we provide a range of smart alternatives designed to fit your organization's needs. We offer flexibility beyond a cash purchase - enabling you to acquire our full portfolio of products. Ask your Sales Representatives for assistance in finding the financial solution that best fits your needs.	*
55	Describe any standard transaction documents that you propose to use in connection with an awarded contract (order forms, terms and conditions, service level agreements, etc.). Upload a sample of each (as applicable) in the document upload section of your response.	Samples of Work orders have been uploaded to the required section.	*
56	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	ACH is our preferred payment method.	*

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *	
57	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	List price is established by three primary inputs: - Cost of goods/manufacture - Customer's willingness to pay - Competitive/market pressure Standard/list pricing and the Sourcewell discounted price are included in the pdf proposal and uploaded as a separate attachment in the pricing Section as required.	*
58	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	Pricing is based on the category of the products, ranging from 10% to 40% discount. Please refer to the pdf proposal or separate pricelist for details.	*
59	Describe any quantity or volume discounts or rebate programs that you offer.	No special discounts or rebate programs will be offered. Products or services will be sold at the discount level as advised in the pdf price list.	*
60	Propose a method of facilitating “sourced” products or related services, which may be referred to as “open market” items or “nonstandard options”. For example, you may supply such items “at cost” or “at cost plus a percentage,” or you may supply a quote for each such request.	All products or services are quoted in the pdf price list. If the required item is not available in the pricelist, the participating entity can contact local Sales Account Manager through https://www.stryker.com/us/en/emergency-care/contact.html for advice.	*
61	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	Freight will be prepaid and added to the invoice. Sales tax applies if applicable. No additional charges for pre-delivery inspection, installation, set up, mandatory training, or initial inspection.	*
62	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	Shipping charges depend on the method of shipping customer chooses and the total dollar amount of the order. Freight value will be advised at check out, prepaid and added to the invoice.	*
63	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	As there is no local Hawaii or Alaska stock available for these Stryker items, these items will be shipped from our mainland warehouses. We are not able to provide timeliness of deliveries at this time based on specific product availability and carrier processes, but products will be shipped as soon as possible in the order it was placed. This submittal reflects U.S. proposal and applies to US participating entities only. Products, services and T&Cs outside the U.S. may vary by country. Please refer to Proposal submitted by Stryker Canada team for freight, shipping and delivery terms	*
64	Describe any unique distribution and/or delivery methods or options offered in your proposal.	All equipment and accessories will be sold directly through Stryker and shipped through 3rd party carriers. No special distribution channel will be used.	*

Table 12: Pricing Offered

Line Item	The Pricing Offered in this Proposal is: *	Comments
65	b. the same as the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.	Stryker is aware that the pricing proposed here may vary from other publicly available pricing. We hope there is understanding in the marketplace that with the current and unprecedented economic environment, Stryker has had to make pricing adjustments. The pricing posed here is not a growing profit center for Stryker but is based on global economic changes, inflation, and dramatic increases in transportation, materials, and labor costs. Pricelists publicly available are likely under review and negotiated under different circumstances.

Table 13: Audit and Administrative Fee

Line Item	Question	Response *	
66	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell. Provide sufficient detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template.	Stryker employs a contract coordinator position tasked with post-award management of contract requirements, including sales reporting and sales administration fees.	*
67	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	Stryker will utilize annual revenue generated by this contract and view success as consistent year over year growth.	*
68	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	1%	*

Table 14A: Depth and Breadth of Offered Equipment Products and Services

Line Item	Question	Response *	
69	Provide a detailed description of the equipment, products, and services that you are offering in your proposal.	Please refer to the proposal that is uploaded to the portal.	*
70	Within this RFP category there may be subcategories of solutions. List subcategory titles that best describe your products and services.	All prducts and services is included in the proposal.	*

Only those Proposer Exceptions to Terms, Conditions, or Specifications that have been accepted by Sourcewell have been incorporated into the contract text.

Documents

Ensure your submission document(s) conforms to the following:

1. Documents in PDF format are preferred. Documents in Word, Excel, or compatible formats may also be provided.

2. Documents should NOT have a security password, as Sourcewell may not be able to open the file. It is your sole responsibility to ensure that the uploaded document(s) are not either defective, corrupted or blank and that the documents can be opened and viewed by Sourcewell.

3. Sourcewell may reject any response where any document(s) cannot be opened and viewed by Sourcewell.

4. If you need to upload more than one (1) document for a single item, you should combine the documents into one zipped file. If the zipped file contains more than one (1) document, ensure each document is named, in relation to the submission format item responding to. For example, if responding to the Marketing Plan category save the document as "Marketing Plan."

Addenda, Terms and Conditions

PROPOSER AFFIDAVIT AND ASSURANCE OF COMPLIANCE

I certify that I am the authorized representative of the Proposer submitting the foregoing Proposal with the legal authority to bind the Proposer to this Affidavit and Assurance of Compliance:

1. The Proposer is submitting this Proposal under its full and complete legal name, and the Proposer legally exists in good standing in the jurisdiction of its residence.

2. The Proposer warrants that the information provided in this Proposal is true, correct, and reliable for purposes of evaluation for contract award.

3. The Proposer, including any person assisting with the creation of this Proposal, has arrived at this Proposal independently and the Proposal has been created without colluding with any other person, company, or parties that have or will submit a proposal under this solicitation; and the Proposal has in all respects been created fairly without any fraud or dishonesty. The Proposer has not directly or indirectly entered into any agreement or arrangement with any person or business in an effort to influence any part of this solicitation or operations of a resulting contract; and the Proposer has not taken any action in restraint of free trade or competitiveness in connection with this solicitation. Additionally, if Proposer has worked with a consultant on the Proposal, the consultant (an individual or a company) has not assisted any other entity that has submitted or will submit a proposal for this solicitation.

4. To the best of its knowledge and belief, and except as otherwise disclosed in the Proposal, there are no relevant facts or circumstances which could give rise to an organizational conflict of interest. An organizational conflict of interest exists when a vendor has an unfair competitive advantage or the vendor's objectivity in performing the contract is, or might be, impaired.

5. The contents of the Proposal have not been communicated by the Proposer or its employees or agents to any person not an employee or legally authorized agent of the Proposer and will not be communicated to any such persons prior to Due Date of this solicitation.

6. If awarded a contract, the Proposer will provide to Sourcewell Participating Entities the equipment, products, and services in accordance with the terms, conditions, and scope of a resulting contract.

7. The Proposer possesses, or will possess before delivering any equipment, products, or services, all applicable licenses or certifications necessary to deliver such equipment, products, or services under any resulting contract.

8. The Proposer agrees to deliver equipment, products, and services through valid contracts, purchase orders, or means that are acceptable to Sourcewell Members. Unless otherwise agreed to, the Proposer must provide only new and first-quality products and related services to Sourcewell Members under an awarded Contract.

9. The Proposer will comply with all applicable provisions of federal, state, and local laws, regulations, rules, and orders.

10. The Proposer understands that Sourcewell will reject RFP proposals that are marked "confidential" (or "nonpublic," etc.), either substantially or in their entirety. Under Minnesota Statutes Section 13.591, subdivision 4, all proposals are considered nonpublic data until the evaluation is complete and a Contract is awarded. At that point, proposals become public data. Minnesota Statutes Section 13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.

11. Proposer its employees, agents, and subcontractors are not:
    1. Included on the "Specially Designated Nationals and Blocked Persons" list maintained by the Office of Foreign Assets Control of the United States Department of the Treasury found at: https://www.treasury.gov/ofac/downloads/sdnlist.pdf;

    2. Included on the government-wide exclusions lists in the United States System for Award Management found at: https://sam.gov/SAM/; or

    3. Presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated

by the State of Minnesota; the United States federal government or the Canadian government, as applicable; or any Participating Entity. Vendor certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this solicitation.

☑ By checking this box I acknowledge that I am bound by the terms of the Proposer's Affidavit, have the legal authority to submit this Proposal on behalf of the Proposer, and that this electronic acknowledgment has the same legal effect, validity, and enforceability as if I had hand signed the Proposal. This signature will not be denied such legal effect, validity, or enforceability solely because an electronic signature or electronic record was used in its formation. - Maggie Wang, Associate Manager, Bids & Proposals, Stryker Sales, LLC, through its Medical Division

The Proposer declares that there is an actual or potential Conflict of Interest relating to the preparation of its submission, and/or the Proposer foresees an actual or potential Conflict of Interest in performing the contractual obligations contemplated in the bid.

RECOMMENDED BOARD ACTION:

Approve Budget Amendment, Journal No. 2026 01 4700, amending the budget amendment for FR26-1005; and direct Board Records to distribute as set forth under the Distribution section below.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

On December 9, 2025, the Board of County Commissioners approved the funding for the Drone Replacement Program Financial Assistance Award between the Florida Department of Law Enforcement and Pasco County Board of County Commissioner's with Reference Agenda Memorandum No. FR26-1005. Upon approval of Budget Amendment, Journal No. 2026 01 1970, and the corresponding Budget Resolution, it was recognized that the journal number had a scrivener's error. The correct Journal No. 2026 01 4700 is now being provided to correct the error.

This memorandum serves to correct this error on the Agenda Memo to reflect the correct journal number.

FISCAL IMPACT/COST/REVENUE STATEMENT:

Upon approval of Budget Amendment, Journal No. 2026 01 4700, funding in the amount of $125,000.00 will be budgeted and available in the Grant Fund, Rescue and Fire Suppression Divisions.

DISTRIBUTION:

Drone Replacement Program Financial Assistance Agreement between Florida Department of Law Enforcement and Pasco County Board of County Commissioners

This agreement is entered into by and between the Florida Department of Law Enforcement (herein referred to as "FDLE" or "Department") and the Recipient Agency named above.

WHEREAS, the Department has the authority pursuant to Florida law and does hereby agree to provide state financial assistance to the Recipient upon the terms and conditions hereinafter set forth, and

WHEREAS, The General Appropriations Act, 2023 Legislature, Section 123 provides approximately $25,000,000 in nonrecurring funds to the Florida Department of Law Enforcement for the Drone Replacement Program established in Chapter 2023-240, Laws of Florida, and

WHEREAS, The General Appropriations Act, 2024 Legislature, Section 147, reverted and appropriated the unexpended balance of funds for use in the 2024-2025 fiscal year, and

WHEREAS, Chapter No. 2024-228, Section 44, amended Drone Replacement Program requirements, and

WHEREAS, The General Appropriations Act, 2025 Legislature, Section 132, reverted and appropriated the unexpended balance of funds for use in the 2025-2026 fiscal year, and

WHEREAS, Chapter No. 2025-199, Section 55, amended Drone Replacement Program requirements, and

WHEREAS, Section 934.50, Florida Statutes establishes rules, regulations, and security standards for the use of drones by governmental entities, and

WHEREAS, pursuant to Rule 60GG-2.0075, Florida Administrative Code, the Department of Management Services (DMS) has published minimum security standards for drones used by governmental entities; and

WHEREAS, the Recipient seeks to receive funding to purchase a drone that meets required minimum security standards.

NOW THEREFORE, in consideration of the foregoing, the parties hereto agree to this agreement as follows:

This agreement is subject to all applicable state financial assistance standard conditions provided in **Appendix B**.

The State of Florida's performance and obligation to pay under this agreement is contingent upon an appropriation by the Legislature, availability of funds, and subject to any modification in accordance with Chapter 216, Florida Statutes or the Florida Constitution.

FDLE will administer and disburse funds under this agreement in accordance with sections 215.97, 215.971, 215.981 and 215.985, F.S. for state financial assistance. The Recipient shall perform all tasks, activities, and provide deliverables, including reports, as specified in this agreement. FDLE's determination of acceptable expenditures shall be conclusive.

The Recipient certifies with respect to this agreement that it possesses the legal authority to receive the funds to be provided under this agreement and that, if applicable, its governing body has authorized, by resolution or otherwise, the execution and acceptance of this agreement with all covenants and assurances

contained herein. The Recipient also certifies that the undersigned possesses the authority to legally execute and bind Recipient to the terms of this agreement.

Expenditures of state financial assistance shall be compliant with laws, rules and regulations applicable to expenditures of State funds, including, but not limited to, the Reference Guide for State Expenditures published by the Florida Department of Financial Services.

OVERVIEW AND FUNDING

Project Title: FY2025-26 Drone Replacement Program

Project Start Date: 07/01/2025 **Project End Date:** 06/30/2026

Program Activities and Scope of Work

The Florida Legislature amended Section 934.50, Florida Statutes during the 2022 session. By July 1, 2022 governmental agencies using any drone not produced by an approved manufacturer must implement a plan to discontinue the use of the such drone by January 1, 2023. This grant provides funding for the Recipient to purchase drones that meet the compliance requirements outlined in Rule 60GG-2.0075, Florida Administrative Code.

The Recipient must prepare a Drone Funding Request Form (**Appendix A**) to receive funding under the revised program guidelines in Chapter 2025-199, Section 55, Laws of Florida. This form includes information about the recipient agency and how many drones they anticipate purchasing. The Department will review the request and allocate funding based on the information provided. The Recipient will be awarded funds, not to exceed $25,000 per compliant drone, approved by the Department on the Drone Funding Request Form (**Appendix A**).

DELIVERABLES

As stated in the scope and responsibilities above, the Recipient shall purchase new drones that are compliant with Rule 60GG-2.0075, Florida Administrative Code.

DISTRIBUTION AND PAYMENTS

This award is a cost-reimbursement agreement with the ability to request a cash advance. The Recipient will be awarded funds, not to exceed $25,000 for each compliant drone approved to purchase under this award.

Any funds paid in excess of the amount to which the participating agency is entitled under the terms and conditions of the agreement must be refunded to FDLE. Factual misrepresentations of drone purchases or other certifications will result in the loss of funding.

Funds under this agreement will be disbursed when all the following criteria are met:

- Executed agreement is signed by the Chief Official and provided to OCJGSFA@fdle.state.fl.us;
- The Drone Funding Request Form (Appendix A) is prepared and signed by the Chief Official and provided to OCJGSFA@fdle.state.fl.us; and
- Criteria is met for Option 1 (Reimbursement) or Option 2 (Cash Advance):

  Option 1 = Reimbursement: The Recipient may use its own funds to purchase the compliant drone and provide documentation related to the purchase including: purchase order, invoice, and proof of payment (cancelled check, bank/card statement, etc.).

  Option 2 = Cash Advance: The Recipient may request a cash advance to receive program funds and subsequently purchase the compliant drone. In order to qualify for this method of payment, the Recipient must provide a valid, executed purchase order and must be ready to order the compliant drone immediately upon the receipt of advanced funds. The Recipient must

provide documentation of purchase (invoice) and proof of payment (cancelled check, bank/card statement, etc.) within 45 days of receiving the advanced funds. Failure to provide documentation within 45 days will result in the Recipient being required to submit a refund to FDLE.

Appendix B – FY2025-26 State Financial Assistance Standard Conditions

The following terms and conditions will be binding upon approval of the grant award and execution of the contract by both the Recipient and the Florida Department of Law Enforcement. The Recipient will maintain required registrations and certifications for eligibility under this program.

The Department and the Recipient agree that they do not contemplate the development, transfer or receipt of intellectual property as a part of this agreement.

SECTION I: PROJECT IMPLEMENTATION

Legal Authority: The Recipient certifies with respect to this agreement that it possesses the legal authority to receive the funds to be provided under this agreement and that, if applicable, its governing body has authorized, by resolution or otherwise, the execution and acceptance of this agreement with all covenants and assurances contained herein. The Recipient also certifies that the undersigned possesses the authority to legally execute and bind Recipient to the terms of this agreement.

Not Operational within 60 and 90 Days: If a project is not operational within 60 days of the original start date of the award period, the Recipient must report by letter to the Department the steps taken to initiate the project, the reasons for delay, and the expected start date. If a project is not operational within 90 days of the original start date of the award period, the Recipient must submit a second statement to the Department explaining the implementation delay. Upon receipt of the 90-day letter, the Department shall determine if the reason for delay is justified or shall, at its discretion, require additional project documentation and justifications throughout the award period. The Department will also require the Recipient provide a revised project timeline that includes all anticipated project activities, tasks, and estimated completion date(s).

SECTION II: PAYMENTS

Obligation to Pay: The State of Florida's obligation to pay under this agreement is contingent upon an appropriation by the Legislature.

Overpayments: Any funds paid in excess of the amount to which the Recipient is entitled under the terms and conditions of the agreement must be refunded to the Department. Any balance of unobligated cash that has been paid and has not been authorized to be retained for direct program costs in a subsequent period must be refunded to the Department.

Advance Funding (Drone Program Only): Advance funding may be provided to a Recipient upon completion and submission of the following to the assigned FDLE Grant Manager: (1) a completed "Compliant Drone Cash Advance Request" form, (2) a valid, executed Purchase Order, and (3) vendor quote(s) for the compliant drone. The request form must be signed by the Chief Official. Advanced funds must be spent on drone purchase within 30 days of receipt. In order to reconcile the Cash Advance, the Recipient must provide the invoice and proof of payment for the compliant drone to the assigned FDLE Grant Manager within 45 days of the receipt of the advanced funding. Should extenuating circumstances arise which prevent the expenditure of advance funds within 30 days of receipt, or the provision of required documentation to reconcile the funds, a written request to retain the funds must be provided by the Recipient and approved by the Department. Failure to provide documentation will result in a refund of any advanced funding.

SECTION III: PROJECT AND GRANT MANAGEMENT

Personnel Changes: The Recipient must notify the FDLE grant manager of any change in the Chief Officials or Project Director or any change in contact information, including mailing address, phone number, email, or title change.

Obligation of Grant Funds: Grant funds shall not under any circumstances be obligated prior to the effective date, or subsequent to the termination date, of the period of performance. Only project costs incurred on or after the effective date, and on or prior to the termination date of the Recipient's project are eligible for reimbursement. All payments must be completed within thirty (30) days of the end of the grant period of performance.

Financial Management: The Recipient must have a financial management system able to record and report on the receipt, obligation, and expenditure of grant funds. An adequate accounting system must be able to separately track receipts, expenditures, assets, and liabilities for awards, programs, and subrecipients. The Recipient shall maintain books, records, and documents (including electronic storage media) in accordance with generally accepted accounting procedures and practices. Recipient must have written procedures for procurement transactions.

Travel: Cost for travel shall be reimbursed at the Recipient's travel rate, but the maximum reimbursement for each type of travel cost shall not exceed rates established in State of Florida Travel Guidelines, §112.061, F.S.

Subcontracts: Recipient agrees that all employees, subcontractors, or agents performing work under the agreement shall be properly trained individuals who meet or exceed any specified training qualifications. Recipient agrees to be responsible for all work performance and all expenses incurred in fulfilling the obligations of this agreement, and will not assign the responsibility for this agreement to another party. If the Recipient subcontracts any or all of the work required under this agreement, the Recipient must provide a completed DFS-A2-NS (Recipient-Subrecipient vs. Vendor Determination) form and a copy of the executed subcontract within thirty (30) days after execution of the subcontract. The Recipient agrees to include in the subcontract that (i) the subcontractor is bound by all applicable state and federal laws and regulations, and (ii) the subcontractor shall hold the Department and Recipient harmless against all claims of whatever nature arising out of the subcontractor's performance of work under this agreement, to the extent allowed and required by law.

Grant Adjustments: Recipients must submit a Request for Grant Adjustment to the FDLE grant manager for substantive changes such as: scope modifications, changes to project activities, target populations, service providers, implementation schedules, project director, designs or research plans set forth in the approved agreement, and for any budget changes affecting a cost category that was not included in the original budget. Recipients may transfer up to 10% of the total budget between current, approved budget categories without prior approval, as long as the funds are transferred to an existing line item. Adjustments are required when there will be a transfer of 10% or more of the total budget between budget categories. Under no circumstances can transfers of funds increase the total award. Requests for changes to the grant agreement must be signed by the Recipient or Implementing Agency's chief official or the chief official's designee. All requests for changes must be submitted no later than thirty (30) days prior to grant expiration date.

Property Management: The Recipient shall establish and administer a system to protect, preserve, use, maintain, and dispose of any property furnished to it by the Department or purchased pursuant to this agreement.

SECTION IV: MANDATORY DISCLOSURES

Conflict of Interest: The Recipient will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain. Recipients must disclose in writing any potential conflict of interest to the Department.

Violations of Criminal Law: The Recipient must disclose all violations of state or federal criminal law involving fraud, bribery or gratuity violations potentially affecting the grant award.

Convicted Vendors: The Recipient shall disclose to the Department if it, or any of its affiliates, as defined in §287.133(1)(a) F.S., is on the convicted vendor list. A person or affiliate placed on the convicted vendor list following a conviction for a public entity crime is prohibited from doing any activities listed in the agreement for a period of thirty-six (36) months from the date of being placed on the convicted vendor list.

Vendors on Scrutinized Companies Lists: If this agreement is in the amount of $1 million or more, Recipient certifies upon executing this agreement, that it is not listed on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to §215.473, F.S., or engaged in business operations in Cuba or Syria. In the event that federal law ceases to authorize the states to adopt and enforce the contracting prohibition identified herein, this provision shall be null and void.

Discriminatory Vendors: The Recipient shall disclose to the Department if it or any of its affiliates, as defined by §287.134(1)(a), F.S. appears on the discriminatory vendors list. An entity or affiliate placed on the discriminatory vendor list pursuant to §287.134, F.S. may not a) submit a bid, proposal, or reply on a contract or agreement to provide any goods or services to a public entity; b) submit a bid, proposal, or reply on a contract or agreement with a public entity for the construction or repair of a public building or public work; c) submit bids, proposals, or replies on leases of real property to a public entity; d) be awarded or perform work as a contractor, subcontractor, Recipient, supplier, subrecipient, or consultant under a contract or agreement with any public entity; or e) transact business with any public entity.

Reporting Potential Fraud, Waste, Abuse, and Similar Misconduct: The Recipient must promptly refer to the Department of Law Enforcement, Bureau of Criminal Justice Grants any credible evidence that a principal, employee, agent, contractor, subcontractor, or other person has either 1) submitted a claim for grant funds that violates the False Claims Act; or 2) committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct involving grant funds.

Non-Disclosure Agreements: Restrictions and certifications regarding non- disclosure agreements and related matters Recipients or contracts/subcontracts under this award may not require any employee or contractor to sign an internal confidentiality agreement or statement that prohibits, restricts or purports to prohibit or restrict, the reporting of waste, fraud or abuse in accordance with law, to an investigative or law enforcement representative of a state or federal department or agency authorized to receive such information. The Recipient certifies that if informed or notified of any subrecipient, or contractor/subcontractor has been requiring their employees to execute agreements or statements that prohibit the reporting of fraud, waste, or abuse that it will immediately cease all further obligations of award funds to the entity and will immediately notify the Department. The Recipient will not resume obligations until expressively authorized to do so from the Department.

SECTION V: COMPLIANCE WITH STATUTES, RULES, AND REGULATIONS

In performing its obligations under this agreement, the Recipient shall without exception be aware of and comply with all State and Federal laws, rules and regulations relating to its performance under this agreement as they may be enacted or amended from time-to-time, as well as any court or administrative order, judgment, settlement or compliance agreement involving the Department which by its nature affects the services provided under this agreement. The following are examples of rules and regulations that govern Recipient's performance under this agreement.

Lobbying Prohibited: The Recipient shall comply with the provisions of 11.062 and 216.347, F.S., which prohibit the expenditure of funds for the purpose of lobbying the Legislature, judicial branch, or a State agency. No funds or other resources received from the Department in connection with this agreement may

be used directly or indirectly to influence legislation or any other official action by the Florida Legislature or any state agency.

State of Florida E.O. 20-44: Public-Private Partnerships: Any entity named in statute with which the agency must form a sole-source, public-private agreement; and any nongovernmental Recipient receiving 50% or more of their annual budget from any combination of state or federal funding must submit an annual report to the Bureau of Criminal Justice Grants. The report must include the most recent IRS Form 990, detailing the total compensation for the entities' executive leadership teams. Total compensation shall include salary, bonuses, cashed-in leave, cash equivalents, severance pay, retirement benefits, deferred compensation, real-property gifts, and any other payout. In addition, the Recipient must agree through appropriate contract or grant agreement amendment to inform the agency of any changes in total executive compensation between the annual reports. All compensation reports must indicate what percent of compensation comes directly from the State or Federal allocations to the Recipient.

Civil Rights: The Recipient agrees to comply with the Americans With Disabilities Act (Public Law 101-336, 42 U.S.C. Section 12101 et seq.) and shall not discriminate against any employee (or applicant for employment) in the performance of this agreement because of race, color, religion, sex, national origin, disability, age, or marital status. These requirements shall apply to all contractors, subcontractors, subgrantees or others with whom it arranges to provide services or benefits to clients or employees in connection with its programs and activities.

E-Verify: The Department shall consider the employment by any contractor of unauthorized aliens a violation of section 274(e) of the Immigration and Nationalization Act. Such violation shall be cause for unilateral cancellation of this contract. Pursuant to F.S. 448.095, the Contracting Party and any subcontractors are required to register with and use the E-Verify system operated by the U.S. Department of Homeland Security beginning on January 1, 2021. The Contracting Party and any subcontractors are prohibited from entering into contracts with one another unless all parties register and use the E-Verify system. Subcontractors who enter into contracts with the Contracting Party are required to provide a certification that the subcontractor does not employ or use unauthorized aliens as defined in the statute, a copy of which the Contracting Party must maintain. The Contracting Party and any subcontractors are required to terminate a contract if a party has a good faith belief that another party is in violation of F.S. 448.09(1), prohibiting the employment of unauthorized aliens. If a public employer has a good faith belief that the subcontractor has violated these requirements, but that the Contracting Party has otherwise complied, the public employer must notify the Contracting Party to terminate its contract with the subcontractor. A party may challenge a contract termination in accordance with these requirements. A penalized Contractor is prohibited from obtaining another contract with a public employer for at least one year.

Background Check: Whenever a background screening for employment or a background security check is required by law for employment, unless otherwise provided by law, the provisions of Chapter 435 F.S., shall apply. All employees in positions designated by law as positions of trust or responsibility shall be required to undergo security background investigations as a condition of employment and continued employment. For the purposes of the subsection, security background investigations shall include, but not be limited to, employment history checks, fingerprinting for all purposes and checks in this subsection, statewide criminal and juvenile record checks through the Florida Department of Law Enforcement, and federal criminal record checks through the Federal Bureau of Investigation, and may include local criminal record checks through local law enforcement agencies.

Public Records: As required by 287.058(1)(c), F.S., the Recipient shall allow public access to all documents, papers, letters, or other public records as defined in 119.011(12), F.S.as prescribed by 119.07(1) F.S., made or received by the Recipient in conjunction with this agreement, except public records which are made confidential by law must be protected from disclosure. It is expressly understood that the Recipient's failure to comply with this provision shall constitute an immediate breach of contract, for which the Department may unilaterally terminate this agreement.

Independent Contractor, Subcontracting and Assignments: In performing its obligations under this agreement, the Recipient shall at all times be acting in the capacity of an independent contractor and not as an officer, employee, or agent of the State of Florida. Neither the Recipient nor any of its agents, employees, subcontractors or assignees shall represent to others that it is an agent of or has the authority to bind the Department by virtue of this agreement, unless specifically authorized in writing to do so.

Timely Payment of Subcontractors: To the extent that a subcontract provides for payment after Recipient's receipt of payment from the Department, the Recipient shall make payments to any subcontractor within 7 working days after receipt of full or partial payments from the Department in accordance with §287.0585, F.S., unless otherwise stated in the agreement between the Recipient and subcontractor. Failure to pay within seven (7) working days will result in a penalty that shall be charged against the Recipient and paid by the Recipient to the subcontractor in the amount of one-half of one percent (.005) of the amount due per day from the expiration of the period allowed for payment. Such penalty shall be in addition to actual payments owed and shall not exceed fifteen (15%) percent of the outstanding balance due.

Notice of Legal Actions: The Recipient shall notify the Department of potential or actual legal actions taken against the Recipient related to services provided through this agreement or that may impact the Recipient's ability to complete the deliverables outlined herein, or that may adversely impact the Department. The Department's Grant Manager will be notified within 10 days of Recipient becoming aware of such actions or potential actions or from the day of the legal filing, whichever comes first.

Property: In accordance with 287.05805, F.S., any State funds provided for the purchase of or improvements to real property are contingent upon the Recipient granting to the State a security interest in the property at least to the amount of the State funds provided for at least five (5) years from the date of purchase or the completion of the improvements or as further required by law.

SECTION VI: RECORDS, AUDITS, AND INFORMATION SECURITY

Records Retention: Retention of all financial records, supporting documents, statistical records, and any other documents (including electronic storage media) pertinent to this agreement shall be maintained by the Recipient during the term of this agreement and retained for a period of five (5) years after completion of the agreement or longer when required by law. In the event an audit is required under this agreement, records shall be retained for a minimum period of five years after the audit report is issued or until resolution of any audit findings or litigation based on the terms of this agreement, at no additional cost to the Department. Upon demand, at no additional cost to the Department, the Recipient will facilitate the duplication and transfer of any records or documents during the term of this agreement and the required five (5) year retention period. No record may be withheld, nor may the Recipient attempt to limit the scope of any of the foregoing inspections, reviews, copying, transfers or audits based on any claim that any record is exempt from public inspection or is confidential, proprietary or trade secret in nature; provided, however, that this provision does not limit any exemption to public inspection or copying to any such record. These records shall be made available at all reasonable times for inspection, review, copying, or audit by State, or other personnel duly authorized by the Department.

Records Inspection: Pursuant to Section 216.1366, F.S., in order to preserve the interest of the state in the prudent expenditure of state funds, the Department shall be authorized to inspect the (a) Financial records , papers, and documents of the Contractor that are directly related to the performance of the Contract or the expenditure of state funds, and (b) Programmatic records, papers, and documents of the Contractor which the Department determines are necessary to monitor the performance of the Contract or to ensure that the terms of the Contract are being met. The Contractor shall provide such records, papers, and documents requested by the Department within ten (10) business days after the request is made.

Monitoring: The Recipient agrees to comply with the Department's grant monitoring guidelines, protocols, and procedures; and to cooperate with the Department on all grant monitoring requests, including requests related to desk reviews, enhanced programmatic desk reviews, site visits, and/or Florida Department of Financial Services contract reviews and Expanded Audits of Payment (EAP). The Recipient agrees to provide the Department all documentation necessary to complete monitoring of the award and verify expenditures in accordance with 215.971, F.S. Further, the Recipient agrees to abide by reasonable deadlines set by the Department for providing requested documents. Failure to cooperate with grant monitoring activities may result in sanctions affecting the Recipient's award, including, but not limited to: withholding and/or other restrictions on the Recipient's access to funds, and/or referral to the Office of the Inspector General for audit review.

Florida Single Audit Act (FSAA): The Recipient shall comply and cooperate immediately with any inspections, reviews, investigations, or audits deemed necessary by The Office of the Inspector General (§20.055, F.S.). In the event that the Recipient expends a total amount of state financial assistance equal to or in excess of $750,000 in any fiscal year, the Recipient must have a single audit or project-specific audit in accordance with §215.97, F.S. and the applicable rules of the Department of Financial Services and the Auditor General. In determining the state financial assistance expended in its fiscal year, the Recipient shall consider all sources of state financial assistance, including state financial assistance received from the Department of Law Enforcement, other state agencies, and other non-state entities. State financial assistance does not include Federal direct or pass-through awards and resources received by a non-state entity for Federal program matching requirements. The schedule of expenditures should disclose the expenditures by contract/agreement number for each contract with the Department in effect during the audit period. All questioned costs and liabilities due the Department shall be fully disclosed in the audit report package with reference to the specific contract number. If the Recipient expends less than $750,000 in state financial assistance in its fiscal year, an audit conducted in accordance with the provisions of 215.97, F.S., is not required. In the event that the Recipient expends less than $750,000 in state financial assistance in its fiscal year and elects to have an audit conducted in accordance with the provisions of 215.97, F.S., the cost of the audit must be paid from the non-state entity's resources (i.e., the cost of such an audit must be paid from the Recipient's resources obtained from other than State entities). Pursuant to 215.97(8), F.S., state agencies may conduct or arrange for audits of state financial assistance that are in addition to audits conducted in accordance with §215.97, F.S. In such an event, the state awarding agency must arrange for funding the full cost of such additional audits. Any reports, management letters, or other information required to be submitted to the Department pursuant to this agreement shall be submitted within nine (9) months after the end of the Recipient's fiscal year or within 30 days of the Recipient's receipt of the audit report, whichever occurs first, unless otherwise required by Florida Statutes. Copies of financial reporting packages required by this agreement shall be submitted by or on behalf of the Recipient directly to each of the following:

The Department of Law Enforcement:
Florida Department of Law Enforcement
Bureau of Criminal Justice Grants
ATTN: State Financial Assistance
Post Office Box 1489 Tallahassee, Florida 32302-1489

The Auditor General's Office at:
Auditor General's Office, Room 401
Pepper Building
111 West Madison Street
Tallahassee, Florida 32399-1450

Criminal Justice Information Data Security: Acceptance of this award, constitutes understanding that transmission of Criminal Justice Information (CJI) between locations must be encrypted to conform to the Federal Bureau of Investigation (FBI) Criminal Justice Information Services (CJIS) Security Policy.

Recipient's Confidential and Exempt Information: By executing this agreement, the Recipient acknowledges that any information not marked as "confidential" or "exempt" will be posted by the Department on the public website maintained by the Department of Financial Services pursuant to 215.985, F.S. The Recipient agrees that, upon written request of the Department, it shall promptly provide to the Department a written statement of the basis for the exemption applicable to each provision identified by the Recipient as "confidential" or "exempt", including the statutory citation to an exemption created or afforded by statute, and state with particularity the reasons for the conclusion that the provision is exempt or confidential. Any claim by Recipient of trade secret (proprietary) confidentiality for any information contained in Recipient's documents (reports, deliverables or work papers, etc., in paper or electronic form) submitted to the Department in connection with this agreement cannot be waived, unless the claimed confidential information is submitted in accordance with the following two paragraphs.

The Recipient must clearly label any portion of the documents, data, or records submitted that it considers exempt from public inspection or disclosure pursuant to Florida's Public Records Law as trade secret. The labeling will include a justification citing specific statutes and facts that authorize exemption of the information from public disclosure. If different exemptions are claimed to be applicable to different portions of the protected information, the Recipient shall include information correlating the nature of the claims to the particular protected information.

The Department, when required to comply with a public records request including documents submitted by the Recipient, may require the Recipient to expeditiously submit redacted copies of documents marked as trade secret in accordance with this section. Accompanying the submission shall be an updated version of the justification, correlated specifically to redacted information, either confirming that the statutory and factual basis originally asserted remain unchanged or indicating any changes affecting the basis for the asserted exemption from public inspection or disclosure. The redacted copy must exclude or obliterate only those exact portions that are claimed to be trade secret. If the Recipient fails to promptly submit a redacted copy, the Department is authorized to produce the records sought without any redaction of proprietary or trade secret information.

SECTION VII: PENALTIES, TERMINATION, DISPUTE RESOLUTION, AND LIABILITY

Financial Penalties for Failure to Take Corrective Action: Corrective action plans may be required for noncompliance, nonperformance, or unacceptable performance under this agreement. Penalties may be imposed for failures to implement or to make acceptable progress on such corrective action plans.

Termination: The Department reserves the right to unilaterally cancel this agreement for refusal by the Recipient to allow public access to all documents, papers, letters or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the Recipient in conjunction with this agreement, unless the records are exempt pursuant to Article I. Section 24(a), of the Florida Constitution and §119.07(1), F.S. The Department shall be the final authority as to the appropriation, availability and adequacy of funds. In the event the Recipient fails to fully comply with the terms and conditions of this agreement, the Department may terminate the agreement upon written notice. Such notice may be issued without providing an opportunity for cure if it specifies the nature of the noncompliance and states that provision for cure would adversely affect the interests of the State or is not permitted by law or regulation. Otherwise, notice of termination will be issued after the Recipient's failure to fully cure such noncompliance within the time specified in a written notice of noncompliance issued by the Department specifying the nature of the noncompliance and the actions required to cure such noncompliance. In addition, the Department may employ the default provisions in Rule 60A-1.006(3), F.A.C., but is not required to do so in order to terminate the agreement. The Department's failure to demand performance of any provision of this agreement shall not be deemed a waiver of such performance. The Department's waiver of any one breach of any provision of this agreement shall not be deemed to be a waiver of any other breach and neither event shall be construed to be a modification of the terms and conditions of this agreement. The provisions herein do not limit the Department's right to remedies at law or in equity. The validity of this agreement is subject to the truth and accuracy of all the information, representations, and materials submitted or provided by the Recipient in this agreement, in any subsequent submission or response to Department request, or in any

submission or response to fulfill the requirements of this agreement, and such information, representations, and materials are incorporated by reference. The lack of accuracy thereof or any material changes shall, at the option of the Department and with thirty (30) days written notice to the Recipient, cause the termination of this agreement and the release of the Department from all its obligations to the Recipient. This agreement shall be construed under the laws of the State of Florida, and venue for any actions arising out of this agreement shall lie in Leon County. If any provision hereof is in conflict with any applicable statute or rule, or is otherwise unenforceable, then such provision shall be deemed null and void to the extent of such conflict, and shall be deemed severable, but shall not invalidate any other provision of this agreement. No waiver by the Department of any right or remedy granted hereunder or failure to insist on strict performance by the Recipient shall affect or extend or act as a waiver of any other right or remedy of the Department hereunder, or affect the subsequent exercise of the same right or remedy by the Department for any further or subsequent default by the Recipient. Any power of approval or disapproval granted to the Department under the terms of this agreement shall survive the terms and life of this agreement as a whole. The agreement may be executed in any number of counterparts, any one of which may be taken as an original. In the event of termination, the Recipient will be compensated for any work satisfactorily completed through the date of termination or an earlier date of suspension of work.

Disputes and Appeals: The Department shall make its decision in writing when responding to any disputes, disagreements, or questions of fact arising under this agreement and shall distribute its response to all concerned parties. The Recipient shall proceed diligently with the performance of this agreement according to the Department's decision. If the Recipient appeals the Department's decision, the appeal also shall be made in writing within twenty-one (21) calendar days to the Department's clerk (agency clerk). The Recipient's right to appeal the Department's decision is contained in Chapter 120, F.S., and in procedures set forth in Fla. Admin. Code R.28-106.104. Failure to appeal within this time frame constitutes a waiver of proceedings under Chapter 120, F.S. After receipt of a petition for alternative dispute resolution the Department and the Recipient shall attempt to amicably resolve the dispute through negotiations. Timely delivery of a petition for alternative dispute resolution and completion of the negotiation process shall be a condition precedent to any legal action by the Recipient concerning this agreement.

Liability: Unless the Recipient is a state agency or subdivision, the Recipient shall be solely responsible to parties with whom it shall deal in carrying out the terms of this agreement, and shall save the Department harmless against all claims of whatever nature by third parties arising out of the performance of work under this agreement. For purposes of this agreement, Recipient agrees that it is not an employee or agent of the Department, but is an independent contractor. Nothing herein shall be construed as consent by a state agency of the State of Florida to be sued by third parties in any matter arising out of any contract. Nothing shall be construed affect in any way the Recipient rights, privileges, and immunities under the doctrine of "sovereign immunity" and as set forth in 768.28, F.S.

BY THE BOARD OF COUNTY COMMISSIONERS **RESOLUTION NO.** 26-078

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF PASCO COUNTY, FLORIDA, AMENDING THE FINAL BUDGET FOR FISCAL YEAR 2026; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, Section 129.06(2), Florida Statutes provides legal authority and defines how a budget may be amended for that year, and may within the first 60 days of a fiscal year amend the budget for the prior fiscal year; and,

WHEREAS, pursuant to Section 129.06(2)(d), Florida Statutes, a receipt of a nature from a source not anticipated in the budget and received for a particular purpose, including but not limited to grants, donations, gifts, or reimbursement for damages, may, by resolution of the board spread on its minutes, be appropriated and expended for that purpose, in addition to the appropriations and expenditures provided for in the budget. Such receipts and appropriations must be added to the budget of the proper fund. The resolution may amend the budget to transfer revenue between funds to properly account for unanticipated revenue.

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of Pasco County, Florida, that:

1. The Fiscal Year 2026 Final Budget be amended.
2. Revenues and expenses are increased in the amount of $125,000.00 within the Grant Fund for the Fiscal Year 2025-26 Drone Replacement Program Financial Assistance Award between the Florida Department of Law Enforcement and the Board of County Commissioners.
3. This resolution will take effect immediately upon its adoption.

DULY ADOPTED with a quorum present and voting this 9th day of December, 2025.

BOARD OF COUNTY COMMISSIONERS
AGENDA MEMORANDUM

COMMISSION DISTRICT: All **FILE NO.:** PRN26-0028 **DATE:** 1/20/2026

SUBJECT: Multiple Award of Solicitation No. IFB-SP-25-149 – Central Florida Transport, LLC, and J & M Materials of Riverview, Inc. – As-Needed Beach Sand Fill Material – $320,000.00

REFERENCES: Not Applicable

AGENDA SECTION: Consent Agenda

THRU: Catherine Pearson, Assistant County Administrator

FROM: Keith Wiley, Parks, Recreation & Natural Resources Director

RECOMMENDED BOARD ACTION:

Approve the award of Bid No. IFB-SP-25-149 to the following multiple responsive and responsible bidders: Central Florida Transport, LLC and J & M Materials of Riverview, Inc., for as-needed beach sand fill material to be used by the Parks, Recreation, and Natural Resources Department, in the Not to Exceed (NTE) amount of $200,000.00 for FY 2026, $60,000.00 for FY 2027, and $60,000.00 for FY 2028. This will result in the cumulative total NTE amount of $320,000.00 for the three (3)-year contract term beginning on the date of Pasco County Board of County Commissioners (BCC) approval and continuing through September 30, 2028. Delegate to the County Administrator the discretion to approve each of the two one-year renewal options on the same terms and conditions as the original agreement in the NTE amount of $60,000.00 for FY 2029 and $60,000.00 for FY 2030, pending budget approval, for a total NTE contract amount of up to $440,000.00.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

On September 9, 2025, at the request of the Parks, Recreation, and Natural Resources Department, the Purchasing Department solicited an Invitation for Bid (IFB-SP-25-149) for as-needed beach sand fill material services. The specifications were prepared by the Parks, Recreation, and Natural Resources Department. All provisions of the Purchasing Ordinance have been met.

On October 14, 2025, all bids were publicly opened. The results are shown on the attached bid tabulation. Forty-nine (49) vendors received automatic email notices. Forty-three (43) vendors downloaded the solicitation. Three responses were received, none of which were from Pasco County. A summary of the document takers list for this solicitation is attached.

The Parks, Recreation, and Natural Resources Department, with concurrence from the Purchasing Department, requests award to Central Florida Transport, LLC, and J & M Materials of Riverview, Inc., for a cumulative NTE amount of $320,000.00 for the contract period beginning on the date of BCC approval, and continuing through September 30, 2028, with two optional one-year renewals, pending budget approval, for a total five-year contract amount of up to $440,000.00.

FISCAL IMPACT/COST/REVENUE STATEMENT:

PASCO COUNTY BOARD OF COUNTY COMMISSIONERS

Carrie C. Roberts, NIGP-CPP, C.P.M., CPPO

Purchasing Director

IMPORTANT! — PLEASE READ CAREFULLY BEFORE SUBMITTING BID

GENERAL CONDITIONS

These general terms and conditions apply in like force to this solicitation and to any contract resulting therefrom.

1. ACCEPTANCE/REJECTION/MODIFICATION TO BID

The County may (1) amend or modify this request, (2) revise requirements of this request, (3) require supplemental statements or information from any firm, (4) accept or reject any or all bids, (5) extend the deadline for submission of bids, (6) waive non-material defects, and (7) cancel this request, in whole or in part, if the County deems it in its best interest to do so (8) may negotiate with a non-Bidder in the event no bids are received. The County may exercise the foregoing rights at any time without notice and without liability to any offering firm or any other party for their expenses incurred in the preparation of bid or otherwise.

2. ACKNOWLEDGMENT OF ADDENDUM

2.1 Bidders shall acknowledge receipt of any addendum to the solicitation by identifying the addendum number in the space provided for this purpose on the bid form, by letter, or by returning a copy of the issued amendment with the submitted bid. The acknowledgment should be received by Pasco County by the time and at the place specified for the receipt of bids.

2.2 Failure to acknowledge an issued addendum may result in bid rejection and disqualification.

3. ALTERNATIVE BIDS

The Bidder WILL NOT be allowed to offer more than one (1) price (for the goods or services specified). If a Bidder submits more than one (1) price on any item (or service), ALL prices will be rejected for that item.

4. AMERICANS WITH DISABILITIES ACT

Pasco County does not discriminate upon the basis of any individual's disability status. This non- discrimination policy involves every aspect of the County's functions including one's access to, participation, employment, or treatment in its programs or activities. Anyone requiring reasonable accommodation to the solicitation documents or for the public meetings related to any solicitation should contact the Purchasing staff member named on the solicitation summary at least twenty- four (24) hours in advance of the meeting. Requests for accommodation may also be directed to the Human Resources Department, Internal Services Building, 7536 State Street, New Port Richey, FL 34654 at (727) 847-8030 or at (727) 847-8949 if you are hearing impaired. Please be advised that if you contact the County by email, your email address will become a public record and may be subject to disclosure under the Florida Public Records Act.

5. ANTITRUST

By entering into a contract, the Bidder conveys, sells, assigns, and transfers to Pasco County all rights, titles, and interest it may now have or hereafter acquire under the antitrust laws of the United States and the State of Florida that relate to the particular goods or services purchased or acquired by Pasco County under the said contract.

6. APPLICABLE LAW

The resulting contract shall be governed in all respects by the laws of the State of Florida, and any litigation with respect thereto shall be brought in the courts of Pasco County, Florida. The Bidder shall comply with all applicable Federal, State, and local laws and regulations. Lack of knowledge by the Bidder will in no way be a cause for relief from responsibility.

7. ASSIGNMENT

The successful Bidder(s) shall not assign, transfer, convey, sublet, or otherwise dispose of any award or any or all of its rights, title, or interest therein, or delegate the duties hereunder without the prior written consent of Pasco County.

8. AWARD

8.1 Consideration for award will be by proximity to specifications given, costs, time of delivery, and other factors deemed by the County to be appropriate. All purchases, leases, or contracts that are based on competitive bids will be awarded to the lowest, responsive, and responsible Bidder.

8.2 Complete and accurate responses to all items are necessary for the complete and fair evaluation of bids. Total-cost or life-cycle-costing, which includes the identification of identifiable costs associated with acquisition, installation, maintenance, and operation of the Bidder's offered equipment may be used to determine the lowest Bidder. Such analysis may be based upon the Bidder's proposal data and other data which is gathered by the County. Additional factors that may be considered include the expected life of equipment, output, maintenance, consumption costs, disposal value, warranty, complexity of operation, required training, and other factors that may contribute to the overall cost of ownership. In determining the responsibility of Bidders, past performance, references, documented experience, financial capability, and other reasonable factors may be considered. Pasco County reserves the right to award by item, group of items, lowest total, or whatever manner is deemed to be in the County's best interest. The County reserves the right to award to a single or multiple Bidder is found to be in the County’s best interest.

9. BID ACCEPTANCE PERIOD

The Bidder agrees that if this offer is accepted within ninety (90) calendar days from the bid opening date, the Bidder will furnish to Pasco County and all items from which prices are offered in this bid solicitation at the price(s) so offered, delivered to the designated point(s), within the time period specified, and at the terms and conditions so stipulated in this solicitation document. Any bid for which the Bidder specifies a shorter acceptance period may be rejected.

10. BIDDER CERTIFICATION

The Bidder agrees that submission of a signed bid form is certification that the Bidder will accept an award made to it as a result of the submission.

11. BID CLARIFICATIONS

If any party contemplating the submission of a bid on this invitation is in doubt as to the true meaning of any part of the plans, specifications, or other documents, they should submit a written request for an interpretation via the County's electronic solicitation system. Questions or requests for interpretations shall clearly state, in detail, the basis for such question(s) or request(s) including a reference to the specific paragraph or language in the solicitation. Modifications to solicitations will be made only by properly issued written addenda. All such addenda shall become part of the solicitation and resulting contract documents. Pasco County shall only be responsible for explanations or interpretations that are issued by written addendum. No oral interpretations will be made as to the meaning of specifications or any other contract documents. Failure to comply with this provision will result in the Bidder waiving his/her right to dispute the bid specification.

12. BID ENVELOPES

If the County has indicated in the Advertisement for Bids that a hard copy of the bid will be accepted, envelopes containing bids must be sealed and marked in the lower left-hand corner with the solicitation number, solicitation name, and the date and hour of opening of bids. Failure to do so may cause bid not to be considered. Express Company or Express Mail envelopes containing a sealed bid shall also be sealed and should be clearly marked with the solicitation number, solicitation name, and date and hour of opening of bids. Failure to clearly mark envelopes may delay delivery and render the response late. PLEASE NOTE: Unless otherwise noted in the Advertisement for Bids, all submissions MUST be made electronically through the County's electronic solicitation system.

13. BID FORM SUBMISSION

Bids must be uploaded into via the County's electronic solicitation system unless otherwise indicated in the Advertisement for Bids. All forms must be printed, completed signed (if noted) and submitted in the County's electronic solicitation system. Bids concerning separate bid invitations must not be combined on the same electronic submission form or placed in the same envelope (if allowable under the specific solicitation). Bids submitted in violation of this provision shall not be considered. All bids must be signed, in ink, in order to be considered. Erasures are not acceptable on bids; if necessary to make a change, strike out or draw a line through incorrect item and type the correction above, and initial the correction in ink. If the Bidder is a firm or corporation, the Bidder must show the title of the individual executing the bid, and if the individual is not an officer of the firm or corporation, the Bidder must submit proof that the individual has the authority to obligate the firm or corporation. BIDS MAY NOT BE ALTERED OR AMENDED AFTER THE BID CLOSING.

14. BIDDER INVESTIGATIONS

Before submitting a bid, each Bidder shall make all investigations and examinations necessary to ascertain all site conditions, specifications, delivery requirements and performance requirements affecting the full performance of the contract and to verify any

representations made by Pasco County upon which the Bidder will rely. If the Bidder receives an award as a result of its bid submission, failure to have made such investigations and examinations will in no way relieve the Bidder from its obligation to comply in every detail with all provisions and requirements of the contract documents, nor will a plea of ignorance of such conditions and requirements be accepted as a basis for any claim whatsoever by the Bidder for additional compensation.

15. BID RECEIPT AND OPENING

15.1 Pasco County will receive sealed bid proposals until date and time indicated on bid cover via the County's electronic solicitation system unless otherwise noticed in the Advertisement for Bids. The system will not allow for bids to be received after the bid opening date and time. It is the responsibility of the Bidder to ensure that bids are submitted online by the designated opening time. FAXED, EMAILED OR HARD COPY BIDS WILL NOT BE ACCEPTED AND SHALL NOT BE CONSIDERED FOR EVALUATION OR AWARD unless otherwise noted in the Advertisement for Bids. In accordance with Section 119.071, Florida Statutes, sealed bids, proposals, or replies received by an agency pursuant to a competitive solicitation are exempt from public inspection until such time as the agency provides notice of an intended decision or until thirty (30) days after opening the bids, proposals, or replies, whichever is earlier.

15.2. Failure to print, complete and upload all forms required to be included with any bid will result in the Bidder being deemed nonresponsive and will result in rejection of the bid.

16. BID WITHDRAWAL

16.1. Bids may not be changed after the bid closing time.

16.2. To withdraw a bid that includes a clerical error after bid opening, the Bidder must give notice in writing to the Pasco County Purchasing Department of claim or right to withdraw a bid. Within two (2) business days after the bid opening, the Bidder requesting withdrawal must provide to Pasco County all original work papers, documents, and other materials used in the preparation of the bid. A Bidder may also withdraw a bid prior to the time set for the opening of bids by simply making a request in writing to Pasco County; no explanation is required. No Bidder who is permitted to withdraw a bid shall, for compensation, supply any material or labor to or perform any subcontract or other work for the person to whom the contract is awarded or otherwise benefit from the contract. No partial withdrawals of a bid are permitted after the time and date set for the bid opening; only complete withdrawals are permitted. The decision to allow or disallow bid withdrawal remains solely with Pasco County.

17. BRAND NAMES

Any catalog, brand name, or manufacturer's reference used in the specifications is intended to be descriptive and not restrictive and is used only to indicate type and quality desired. Any article, equipment, or material, which shall conform to the standards and excellence, so established, and is of equal merit, strength, durability, and appearance to perform the

desired function, is deemed eligible for offer as a substitute. The qualifications of the offering shall be judged as to their conformance with these specifications. Any equipment offered other than herein specified shall be subject to a competitive demonstration and evaluation by Pasco County. The determination as to whether any alternate product or service is or is not equal shall be made by Pasco County, and such determination(s) shall be final and binding upon all Bidders.

18. BUSINESS NAME REQUIREMENT

The Bidder must provide on the Bid Form, Bidder/Certification Form, and if awarded, on all remittance of invoices for payment, the business name that is provided on their W9 Form. Additionally, if there is a name change and/or EIN number that is changed at any time, the vendor must immediately notify the Purchasing Department as to the change and provide all supporting documentation.

19. CANCELLATION

Pasco County reserves the right to cancel a resulting contract, without cause, by giving thirty (30) days' prior written notice to the Bidder of the intention to cancel, or with cause if at any time the Bidder fails to fulfill or abide by any of the terms or conditions specified. Failure of the Bidder to comply with any of the provisions of a resulting contract shall be considered a material breach of contract and shall be cause for immediate termination of the contract at the sole discretion of Pasco County. In addition to all other legal remedies available to Pasco County, Pasco County reserves the right to cancel and obtain from another source, any services which have not been provided within the required period of time or, if no such time is stated, within a reasonable period of time from the date of order or request, as determined by Pasco County.

20. CERTIFICATION OF INDEPENDENT PRICE DETERMINATION

The Bidder certifies that the prices submitted in response to the solicitation have been arrived at independently and without—for the purpose of restricting competition—any consultation, communication, or agreement with any other Bidder or competitor relating to those prices, the intention to submit a bid, or the methods or factors used to calculate the prices bid.

21. CHANGE IN SCOPE OF WORK

Pasco County may order changes in the work consisting of additions, deletions, or other revisions within the general scope of the contract. No claims may be made by the Bidder that the scope of the project or of the Bidder's services has been changed, requiring changes to the amount of compensation to the Bidder or other adjustments to the contract, unless such changes or adjustments have been made by written amendment to the contract or purchase order signed by Purchasing Director. If the Bidder believes that any particular work is not within the scope of the project, is a material change, or will otherwise require more compensation to the Bidder, the Bidder must immediately notify Pasco County in writing of this belief. If Pasco County believes that the particular work is within the scope of the contract as written, the Bidder will be ordered to and shall continue with the work as changed and at the cost stated for the work within the scope.

22. COLLUSION AMONG BIDDERS

Each Bidder, by submitting a bid, certifies that it is not a party to any collusive action or any action that may be in violation of the Sherman Antitrust Act. Any or all bids shall be rejected if there is any reason for believing that collusion exists among the Bidders. Pasco County may or may not, at its discretion, accept future bids for the same work from participants in such collusion. More than one (1) bid from an individual, firm, partnership, cooperation, or association under the same or different names may be rejected. Reasonable grounds for believing that a Bidder has interest in more than one (1) bid for the work being bid may result in rejection of all bids in which the Bidder is believed to have interest. Nothing in this clause shall preclude a firm acting as a subcontractor to be included as a subcontractor for two (2) or more primary contractors submitting a bid for the work.

23. COMMUNICATIONS DURING SOLICITATION AND LOBBYING PROHIBITION

23.1. Communicating with or lobbying of evaluation committee members, county government employees, or elected officials (including County Commissioners) regarding requests for proposals, requests for qualifications, bids, or contracts by the Bidders or any member of the Bidder's staff, an agent of the Bidder, or any person employed by any legal entity affiliated with or representing an organization that is responding to the requests for proposal, requests for qualification, bid or contract outside a publicly noticed meeting specifically called to address this particular solicitation is strictly prohibited. Nothing herein shall prohibit a prospective Proposer from contacting the Purchasing Director, or Purchasing staff identified in the solicitation, to address concerns or grievances or receive clarification about a particular procurement. In addition, nothing herein shall prohibit a Proposer that has been shortlisted in the Notice of Intent to Award from engaging in contract negotiations with the County staff designated to negotiate the contract.

23.2. For purposes of this provision lobbying activities shall include, but not be limited to, influencing or attempting to influence action or non-action in connection with any requests for proposals, requests for statements of qualifications, invitations for bids, related processes or contracts through direct or indirect oral or written communication or an attempt to obtain goodwill of persons and/or entities specified in this provision. Such actions may cause any proposal, statement of qualification, bid, contract or any other response to be rejected.

23.3. The prohibition on communication with County Persons (including County Commissioners) by Proposers and their representatives regarding a procurement in which they have a pecuniary interest begins upon issuance of the solicitation and ends upon final award, when the protest is finally resolved, or when the procurement process is otherwise concluded, whichever occurs later. This prohibition does not apply to communication on other matters in which a Proposer may have an interest outside of the solicitation.

24. CONFLICT OF INTEREST

The Bidder, by submission of its bid, certifies that to the best of his/her knowledge or belief,

no elected/appointed official or employee of Pasco County is financially interested, directly or indirectly, in the offer of goods or services specified in this invitation.

25. DEBARMENT

By submitting a bid, the Bidder certifies that it is not currently debarred from submitting bids for contracts issued by any political subdivision or agency of the Federal Government of the United States, an agency of the State of Florida, or an agency within the Tampa Bay-Clearwater-St. Petersburg Metropolitan Statistical Area (MSA) and that it is not an agent of a person or entity that is currently debarred from submitting bids for contracts issued by any agency noted herein. The Bidder also certifies that the components used in the production of the commodities offered herein are not supplies by a vendor who currently is debarred from submitting bids for contracts issued by any political subdivision or agency of the Federal Government of the United States, an agency of the State of Florida, or an agency within the Tampa Bay-Clearwater-St. Petersburg Metropolitan Statistical Area (MSA).

26. E-VERIFY REQUIREMENT

26.1. A contractor or consultant entering into a contract with a public entity (such as the County) is required to be registered with the U.S. Department of Homeland Security's E-Verify System and to utilize it to verify the work authorization status of all newly hired employees throughout the term of the contract. The contractor or consultant shall also be required to obtain and retain affidavits from all subcontractors or subconsultants utilized during the contract verifying that they do not employ, contract with, or subcontract with any unauthorized aliens as that term is defined in 8 U.S.C.S. 1324a(h)(3). The failure to comply with this requirement constitutes grounds for termination of the contract and for such other penalties as provided under section 448.095, Fla. Stat.

26.2. If a public employer has terminated a contract with a contractor for failure to comply with the requirements of the paragraph above, the contractor may not be awarded a public contract for at least one year after the date on which the contract was terminated.

26.3. The County reserves the right to request verification of compliance from its consultants and contractors during the term of its contract with the County and for a period of up to five (5) years thereafter. Should a County-retained consultant, contractor, and/or its subconsultants be found to be non-compliant with E-Verify as part of a federal audit or other inquiry, the consultant, contractor and/or its subconsultant(s) will be solely responsible for the payment of any fines or costs imposed upon the county as a result of such non-compliance. Compliance with this section is mandatory for all projects.

27. ERRORS IN EXTENSIONS

If a written Bid Form is required, the BIDDER should initial erasures or corrections in any Bid Form in ink. The COUNTY shall reject any Bid Form with such erasures or corrections where County staff concludes it cannot determine with certainty the accuracy or intent of said Bid Form, as corrected. In the case of unit price contracts, if an error is committed in the

extension of an item, the unit price as shown in the Bid Form will govern. If the unit price and the extension price are at variance, the unit price shall prevail. Unit prices will be utilized to adjust the total compensation due the successful BIDDER based on actual quantities encountered. No negotiation of these unit prices after contract award will be allowed. Significant changes in quantities, including total deletions, are possible. Therefore, each BIDDER shall proportionately distribute overhead and profit across the unit prices.

28. ETHICS IN PUBLIC PROCUREMENT

The contract upon award shall incorporate by reference, but shall not be limited to, the provisions of law contained in Chapter 112, Florida Statutes. A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid on a contract to provide any goods or services to a public entity; may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids on leases or real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statutes, for CATEGORY TWO for a period of thirty-six (36) months from the date of being placed on the convicted vendor list. The Bidder certifies that its bid was made without collusion or fraud; that it has not offered or received any kickbacks or inducements from any other Bidder, supplier, manufacturer, or subcontractor in connection with this bid; and that it has not conferred on any public employee having official responsibility for this procurement transaction any payment, loan, subscription, advance, deposit of money, services, or anything of value.

29. EXCEPTIONS

Bidders taking exception to any part or section of the solicitation shall indicate such exceptions on the bid form or appendix. Failure to indicate any exception will be interpreted as the Bidder's intent to comply fully with the minimum requirements as written. Conditional or qualified bids, unless such exception(s) are deemed non-material by the County (in its sole discretion), shall be subject to rejection in whole or in part.

30. EXPENSES INCURRED IN PREPARING BID

Pasco County accepts no responsibility for any expense incurred by the Bidder in the preparation and presentation of a bid. Such expenses shall be borne exclusively by the Bidder.

31. FAILURE TO DELIVER

In the event of failure of the Bidder to deliver the goods and services in accordance with the contract terms and conditions, Pasco County may procure the goods and services from other sources and hold the Bidder responsible for any resulting additional costs. A failure to deliver will result in immediate termination of a resulting contract, and immediate disqualification and debarment from submitting bids to Pasco County for a maximum of five (5) years. These remedies shall be in addition to any other remedies that Pasco County may have available.

32. FAILURE TO ENFORCE

Failure by Pasco County at any time to enforce the provisions of the contract shall not be construed as a waiver of any such provisions. Such failure to enforce shall not affect the validity of the contract or any part thereof or the right of Pasco County to enforce any provision at any time in accordance with its terms.

33. FAIR LABOR STANDARDS

By submission of a bid, the Bidder certifies that the contractor(s) and/or subcontractor(s) providing product(s) or service(s) shall, in the execution or performance of such a contract, maintain fair labor standards as defined in applicable State and Federal regulations.

34. FORCE MAJEURE

The Bidder shall not be held responsible for failure to perform the duties and responsibilities imposed by the contract due to legal strikes, fires, riots, rebellions, government actions, and acts of God beyond the control of the Bidder, unless otherwise specified in the contract. If government actions include the imposition of tariffs that directly affect the materials or equipment to be provided by the Bidder under the solicitation, the Bidder must submit certification from its supplier that the materials required were acquired by the Bidder after the tariffs went into effect and that the Bidder now has to pay additional costs for the materials or equipment. The County has the discretion to approve an increase in price based on the information supplied or to terminate the contract.

35. IDENTICAL BIDS

Identical bids or bids which otherwise appear suspicious will be reported to the County Attorney for investigation.

36. INDEMNIFICATION

36.1. In consideration of the sum of Fifteen and 00/100 Dollars ($15.00), the receipt and sufficiency of which is acknowledged by the contractor to be included and paid for in the contract price, the contractor shall indemnify, defend, and hold harmless Pasco County and its agents and employees from and against all liabilities, claims, damages, losses, and expenses, including attorneys' fees, arising out of or resulting from the performance of the work, provided that any such liability, claim, damage, loss, or expense: 1) is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the work itself), including the loss of use resulting therefrom; and 2) is caused in whole or in part by any negligent act or omission of the Bidder and subcontractor, anyone directly or indirectly employed by any of them, or anyone for whose acts any of them may be liable, except for those caused by the negligent act or omission of Pasco County.

36.2. In any and all claims against Pasco County or any of its agents or employees by any employee of the contractor, any subcontractor, anyone directly or indirectly employed by any of them, or anyone for whose acts any of them may be liable, the indemnification obligation under the previous paragraph shall not be limited in any way as to the amount or type of damages, compensation, or benefits payable by or for the contractor or any subcontractor under Workers' Compensation Acts,

disability benefit acts, or other employee benefit acts.

37. INDEPENDENT CONTRACTOR

The Bidder shall be legally considered an independent contractor and neither the Bidder nor its employees shall, under any circumstances, be considered servants or agents of Pasco County; and Pasco County shall be at no time legally responsible for any negligence or other wrongdoing by the Bidder, its servants, or agents. Pasco County shall not withhold from the Bidder any Federal or State unemployment taxes, Federal or State income taxes, Social Security tax, or any other amounts for benefits to the Bidder. Further, Pasco County shall not provide to the Bidder any insurance coverage or other benefits, including workers' compensation, normally provided by Pasco County for its employees.

38. INFORMALITIES AND IRREGULARITIES

Pasco County has the right to waive minor defects or variations of a bid from the exact requirements of the specifications that do not affect the price, quality, quantity, delivery, or performance time of the services being procured. If insufficient information is submitted by a Bidder with the bid for Pasco County to properly evaluate the bid, Pasco County has the right to require such additional information as it may deem necessary after the time set for receipt of bids, provided that the information requested does not change the price, quality, quantity, delivery, or performance time of the services being procured. Pasco County reserves the right to reject any or all bids in whole or in part; to award by any item, group(s) of items, total bid, or accept the bid that is most advantageous and in the best interest of Pasco County.

39. LAW COMPLIANCE

Each party will comply with all applicable Federal, State and local laws, rules, regulations, and guidelines related to performance under this agreement. In particular, the contractor/vendor/named party verifies and affirms that it is in compliance with 8 U.S.C., Sec. 1324, prohibiting the employment either directly or by contract, subcontract, or exchange of unauthorized aliens in the United States. The County will consider the employment of unauthorized aliens by any contractor/vendor/named party, during the term of the agreement, a violation of the Immigration and Nationality Act. Such violation shall be cause for unilateral cancellation of this agreement by the County.

40. LIMITATION OF COST

The Bidder agrees to perform the work specified and complete all obligations under the contract within the stated amounts.

41. NON-APPROPRIATION

All funds for payment by Pasco County under this contract are subject to the availability of an annual appropriation for this purpose by Pasco County. In the event of non-appropriation of funds by Pasco County for the services provided under the contract, Pasco County will terminate the contract, without termination charge or other liability, on the last day of the then- current fiscal year or when the appropriation made for the then-current year for the services covered by this contract is spent, whichever event occurs first. If at any time funds are not appropriated for the continuance of this contract, cancellation shall be accepted by the Bidder on thirty (30) days' prior written notice, but failure to give such

notice shall be of no effect, and Pasco County shall not be obligated under this contract beyond the date of termination.

42. NON-DISCRIMINATION

42.1. During the performance of this Agreement, the BIDDER herein assures the COUNTY that said BIDDER is in compliance with Title VII of the 1964 Civil Rights Act, as amended, and The Florida Civil Rights Act of 1992 in that the BIDDER does not on the grounds of race, color, national origin, religion, sex, age, handicap or marital status, discriminate in any form or manner against the employees of the BIDDER or its applicants for employment. The BIDDER understands and agrees that this Agreement is conditioned upon the veracity of this Statement of Assurance. Furthermore, the BIDDER herein assures the COUNTY that said BIDDER shall comply with Title VI of the Civil Rights Act of 1964 when any Federal grant is involved. Other applicable Federal and State laws, executive orders and regulations prohibiting the type of discrimination as hereinabove delineated are included by this reference thereto. This Statement of Assurance shall be interpreted to include Vietnam Era Veterans and Disabled Veterans within its protective range of applicability.

42.2. An entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid, proposal, or reply on a contract to provide any goods or services to the state or any department or agency of this state ("public entity"); may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity. The Consultant agrees to include this provision in all contracts issued as a result of this Agreement.

43. OFFICIAL DOCUMENTS

43.1. Pasco County is not responsible for expenses incurred prior to award. Pasco County officially distributes solicitation documents through an electronic solicitation system as noted on our web page at https://www.pascocountyfl.net/480/Do-Business-with-Us. Solicitation documents MUST be downloaded at NO COST using this system. Copies of solicitation documents obtained from other sources are not considered official and should not be relied upon. Pasco County is not responsible for solicitation documents obtained from sources other than the site listed at the link above. Only vendors who properly register and obtain solicitation documents directly from the system listed at the link above will receive addenda and other important information if issued.

43.2. Vendors are responsible for acquiring knowledge of changes, modifications, or additions to official solicitation documents. Vendors who submit responses and later claim they did not receive complete documents or had no knowledge of any change, modifications, or additions made to the official solicitation documents shall still be bound by the solicitation, including any changes, modifications, or additions to the official solicitation documents.

43.3. IF YOU OBTAINED A SOLICITATION DOCUMENT FROM A SOURCE OTHER THAN THE SITE LISTED AT THE LINK ABOVE, IT IS REQUIRED THAT YOU REGISTER AS A VENDOR AND DOWNLOAD THE OFFICIAL DOCUMENT AT THE WEBSITED LISTED AT THE LINK ABOVE AT NO COST.

44. ORAL STATEMENTS

No oral statement of any person shall modify or otherwise affect the terms, conditions, or specifications stated in this contract. All modifications to the contract or purchase order must be made in writing by Pasco County.

45. PATENTS AND ROYALTIES

The Bidder covenants to save, defend, keep harmless, and indemnify Pasco County and all of its officers, departments, agencies, agents, and employees from and against all claims, loss, damage, injury, fines, penalties, and cost—including court costs and attorney's fees, charges, liability, and exposure, however caused—for or on account of any copyright or patented or unpatented invention, process, or article manufactured or used in the performance of the contract, including its use by Pasco County. If the Bidder uses any design, device, or materials covered by patent or copyright, it is mutually agreed and understood without exception that the contract price includes all royalties or costs arising from the use of such design, device, or materials in any way in the work.

46. PAYMENT PROCEDURES

46.1. The Pasco County Board of County Commissioners will process payments in a timely manner and in accordance with Chapter 218, Part VII, Florida Statutes, (The Local Government Prompt Payment Act).

46.2. Several payment options are available to the successful Bidder upon receipt of a correct invoice:

(a) Check may be mailed to the remit address on the invoice. The check is sent to the Post Office the day after Board of County Commissioners approval.

(b) Check may be picked up in Dade City. The vendor must pick up the check the day after Board of County Commissioners approval. The successful Bidder or contractor must call (352) 521-4599 for detailed instructions.

(c) Payment may be wire-transferred to the vendor’s bank account. The vendor must call (352) 521-4599 for detailed instructions.

47. PAYMENT TERMS AND DISCOUNTS

47.1. Unless otherwise indicated in the bid documents or required by state law, payment terms will be net forty-five (45) days. Terms not consistent with this provision are not acceptable and may be cause for rejection. Pasco County will pay the vendor within forty-five (45) days after the receipt of a correct invoice for the specified work or goods received. Unless otherwise indicated in the bid documents, only one (1) lump-sum payment will be made.

47.2. Discounts for prompt payment requiring payment by Pasco County within a stipulated number of days will be interpreted as applying within the stipulated number of calendar days after the date of receipt by Pasco County of a correct invoice describing reasonable work allocable to the contract or after the date of acceptance of work/goods that meets contract requirements, whichever event occurs later. Discounts for payment in less than forty-five (45) days will not be considered during evaluation for award but may be taken if applicable after award.

48. PROHIBITION AGAINST CONSIDERING SOCIAL, POLITICAL, OR IDEOLOGICAL INTERESTS

Effective July 1, 2023, and pursuant to section 287.05701, the County: (1) may not request documentation of or consider a vendor's social, political, or ideological interests when determining if the vendor is a responsible vendor; and (2) may not give preference to a vendor based on the vendor's social, political, or ideological interests.

49. PUBLIC INFORMATION

49.1. After the County provides notice of an intended decision or thirty (30) days after opening the bids, proposal, or replies, whichever is earlier, any and all information contained therein, is considered public and may be reviewed by any person interested in doing so as provided under Florida Law.

49.2. All materials submitted in response to this solicitation ultimately become public record and shall be subject to inspection and copying as provided under Florida's public records laws. Unrestricted disclosure of proprietary information places it in the public domain. Only submittal information clearly identified with the words "Confidential Disclosure" and placed in a separate envelope marked as such shall be considered to qualify as Trade Secret Data. Any material to be treated as Trade Secret Data must include a justification for the request. The request will be reviewed and either approved or denied by the County. If denied, the Bidder shall have the opportunity to withdraw the entire Proposal or to remove the confidential or proprietary restrictions. Neither cost nor pricing information nor the total Proposal shall be considered confidential or proprietary. Any costs to preserve the Trade Secret data designation shall be the responsibility of the Bidder.

50. PUBLISHED PRODUCT SPECIFICATIONS

The Bidder should submit a copy of the manufacturer's published and advertised specifications, including warranty information, for the product(s) being offered, if applicable. Failure to provide these specifications may be cause for bid rejection. If the County is unable to verify compliance with the specifications, the response may be rejected. The County's inability to verify responsiveness may result in a determination of non-responsiveness and rejection.

51. PURCHASE ORDER REQUIREMENT

51.1. Purchases of Pasco County are authorized only if a signed purchase order issued in advance of the transaction, showing that the ordering agency has sufficient funds available to pay for the service. Vendors providing services without a signed purchase order do so at their own risk.

51.2. Pasco County will not be liable for payment for any services provided under the contract unless a valid purchase order has been issued to the vendor.

52. QUALIFICATIONS OF BIDDERS

The Bidder may be required, before the award of any contract, to show to the complete satisfaction of Pasco County that it has the necessary facilities, ability, and financial resources to provide the service specified therein in a satisfactory manner. The Bidder may also be required to give a past history and references in order to satisfy Pasco County in regard to the Bidder's qualifications. Pasco County may make reasonable investigations deemed necessary and proper to determine the ability of the Bidder to perform the work, and the Bidder shall furnish to Pasco County all information for this purpose that may be requested. Pasco County reserves the right to reject any bid if the evidence submitted by, or investigation of, the Bidder fails to satisfy Pasco County that the Bidder is properly qualified to carry out the obligations of the contract and to complete the work described therein. Evaluation of the Bidder's qualifications shall include:

a) The ability, capacity, skill, and financial resources to perform the work or provide the service required.

b) The ability of the Bidder to perform the work or provide the service promptly or within the time specified, without delay or interference.

c) The character, integrity, reputation, judgment, experience, and efficiency of the Bidder.

d) The quality of performance of previous contracts or services.

53. QUALITY OF GOODS

53.1. All goods shall be new, in first class condition, and of the manufacturer's latest design of the model presently in production. All materials, supplies, and equipment furnished, or services performed under the terms of this purchase order or contractual agreement shall comply with the requirements and standards specified in the Williams-Steiger Occupational Safety and Health Act of 1970 (Public Law 91-596), as well as other applicable Federal, State, and local codes.

53.2. Equipment and materials furnished by the Bidder having serious defects, corrosion, or scratches which tend to present an "other than new" appearance shall be promptly replaced or such defects promptly corrected by the Bidder at no cost to Pasco County. Any existing Material Safety Data Sheets (MSDS) for the products, materials, supplies, or equipment being bid must be submitted with the bid. No product containing asbestos, lead paint or polychlorinated biphenyl (PCB) in any form will be considered for award by Pasco County.

54. RECOVERY OF MONEY

Whenever, under the contract, any sum of money shall be recoverable from or payable by the Bidder to Pasco County, the same amount may be deducted from any sum due the

Bidder under the contract or under any other contract between the Bidder and Pasco County. The rights of Pasco County are in addition and without prejudice to any other right Pasco County may have to claim the amount of any loss or damage suffered by Pasco County on account of the acts or omissions of the Bidder.

55. RIGHT TO AUDIT

The Bidder shall maintain such financial records and other records as they relate to the purchase of goods and/or services by Pasco County from the subject vendor. The Bidder shall retain these records for a period of three (3) years after final payment, or until they are audited by Pasco County, whichever event occurs first. These records shall be made available during the term of the contract and the subsequent three (3) year period for examination, transcription, and audit by Pasco County, its designees, or other authorized bodies.

56. RISK OF LOSS

Pasco County shall be relieved from all risks of loss or damage to goods during periods of transportation, manufacture, and the entire time the goods are in the possession of Pasco County prior to acceptance by Pasco County. At such time, the risk of loss or damage for goods shall pass to Pasco County. The Bidder shall not be responsible for damage to the goods occasioned by negligence of Pasco County or its employees.

57. SCRUTINIZED COMPANIES AND OTHER PROHIBITED ENTITIES OR ACTIVITIES

57.1. A company is ineligible to, and may not, bid on, submit a proposal for, or enter into or renew a contract with the County for goods or services of:

(a) Any amount if, at the time of bidding on, submitting a proposal for, or entering into or renewing such contract, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to s. 215.4725, or is engaged in a boycott of Israel; or

(b) One million dollars or more if, at the time of bidding on, submitting a proposal for, or entering into or renewing such contract, the company:

1. Is on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to s. 215.473; Florida Statute, or

2. Is engaged in business operations in Cuba or Syria.

57.2. By signing this Agreement, the BIDDER certifies that it is not participating in a boycott of Israel, is not on any of the aforementioned lists, and it does not have business operations in Cuba or Syria. The BIDDER agrees to notify the COUNTY if placement on any of the aforementioned lists occurs or if the BIDDER is engaged in a boycott of Israel or has business operations in Cuba or Syria.

57.3. The COUNTY may terminate this Agreement if the BIDDER's certification above is found to be false; has been placed on the Scrutinized Companies that Boycott Israel List or is engaged in a boycott of Israel; has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List; or has been engaged in business operations in Cuba or Syria. In addition to possible termination of this Agreement based on the above grounds, the County will comply with section 287.135, Florida Statutes, regarding submittal of a false certification.

58. TABULATIONS

Solicitation results (tabulations) will not be given over the telephone or via fax.

59. TAXES

All bids shall be submitted exclusive of direct Federal, State, and local taxes; however, if the Bidder believes certain taxes are properly payable, he/she may list such taxes separately in each case directly below the respective item bid price. Prices quoted must be in units specified and shall not include the cost of any such taxes, including those on any material, supplies, or equipment used or installed in the work. Pasco County does not pay Federal Excise and Sales Taxes on direct purchases of tangible personal property. See Exemption Number on face of the resulting purchase order. This exemption does not apply to purchases of tangible personal property made by contractors who use the tangible personal property in the performance of contracts for improvement of County-owned real property. Please refer to Chapter 192, Florida Statutes.

60. UNSATISFACTORY WORK

60.1. If, at any time during the contract term, the service performed or work done by the Bidder is considered by Pasco County to create a condition that threatens the health, safety, or welfare of the community, the Bidder shall, on being notified by Pasco County, immediately correct such deficient service or work. In the event the Bidder fails, after notice, to correct the deficient service or work immediately, Pasco County shall have the right to order the correction of the deficiency by separate contract or with its own resources at the expense of the Bidder.

60.2. Notwithstanding the above, Pasco County reserves the right to cancel a resulting contract, without cause, by giving thirty (30) days' prior written notice to the Bidder of the intention to cancel.

61. VENDORS LIST

Bidders must visit https://www.pascocountyfl.net/480/Do-Business-with-Us and follow the link provided to the County's electronic solicitation system to register as a vendor. Once registered, Bidders will have the ability to view and download solicitations for Pasco County as well as other participating government agencies in North America.

62. WARRANTIES

The Bidder agrees that the supplies and services furnished under this award shall be covered by the most favorable commercial warranties the Bidder gives to any customer for

comparable quantities of such supplies or services and that the rights and remedies provided herein are in addition to and do not limit any rights afforded to the County by any other provision of this award.

END OF GENERAL CONDITIONS

SPECIAL PROVISIONS

In addition to the General Provisions of this solicitation, these Special Provisions, along with the specifications that follow, apply in like force to this solicitation and to any subsequent contract resulting therefrom.

AUDIT COOPERATION REQUIREMENT FOR STATE FUNDED PROJECTS
In those instances where state funding is involved, the selected Bidder, and its subconsultant(s) must agree to cooperate with the inspector general in any investigation, audit, inspection, review, or hearing pursuant Section 20.055 (5), Florida Statutes. By submitting a bid to this solicitation, the Bidder certifies that they understand and will comply with this subsection.

CONTRACTOR'S PUBLIC RECORDS REQUIREMENTS
The CONTRACTOR shall comply with the requirements of Florida's Public Records Act, Chapter 119, Florida Statutes. To the extent required by Section 119.0701, Florida Statutes, CONTRACTOR shall (a) keep and maintain public records required by the COUNTY to perform the service under the Agreement; (b) upon request from the COUNTY's custodian of public records provide the COUNTY with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided for under Florida's Public Records law; (c) ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if CONTRACTOR does not transfer the records to the COUNTY; and (d) upon completion of the contract, transfer, at no cost to the COUNTY, all public records in possession of CONTRACTOR. Upon transfer, CONTRACTOR shall destroy any duplicate public records that are exempt or confidential and exempt from public records requirements. All records stored electronically must be provided to the COUNTY in a format that is compatible with the information technology systems of the COUNTY. All documentation produced as part of this Agreement will become the property of the COUNTY. This paragraph shall survive the expiration or termination of this Agreement.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT (727) 847-8147, PRR@MYPASCO.NET, OR 7536 STATE STREET, NEW PORT RICHEY, FL 34654.

Under Florida law, a Contractor who fails to provide the public records to the COUNTY within a reasonable time may be subject to penalties under Section 119.10, Florida Statutes, and such non-compliance will constitute a breach of the Agreement and may serve as grounds for

termination of this Agreement.

LOCAL PREFERENCE

Under Sec. 2-111(a)(1) of Pasco County's Purchasing Ordinance, a business qualifies as "Local Business" if it meets the following requirements and is: a) a vendor, supplier, or contractor who does business in Pasco County by providing goods, services, or construction; and b) maintains a physical business address located within the jurisdictional limits of Pasco County in an area zoned for the conduct of such business; and c) the vendor, supplier or contractor operates or performs business on a daily basis at said location; and d) has so operated or performed business at that location for at least twelve (12) months prior to the Bid or Proposal opening date; and (e) includes a copy of their local business tax receipt with their Bid or Proposal. Post office boxes shall not be used for the purpose of establishing said physical address. The justification for the application of a local preference to a particular Bidder, along with a copy of the Bidder's local business tax receipt, must be included as part of any Bid submitted.

In bidding for, or letting contracts or procurement of goods, services or construction, as described herein, the Board of County Commissioners (BOARD) may give a preference to Local Businesses in making purchases (unless otherwise precluded by the ordinance, state or federal law) as described below:

(i) When written quotations or sealed bids are received that do not exceed $1,000,000.00, and the lowest price is offered by a vendor that is not a Local Business, and the next lowest price is offered by a Local Business, and is within 10% of the lowest price offered, then the Local Business shall be given the opportunity to match the lowest price offered, and if agreement to match the lowest price is reached, the Local Business will be awarded the quotation or bid if the Local Business is otherwise fully qualified and meets all requirements of the solicitation.

(ii) When sealed bids are received that are greater than $1,000,000.00, and the lowest price is offered by a business that is not a Local Business, and the next lowest price is offered by a Local Business, and is within 5% of the lowest price offered, then the Local Business shall be given the opportunity to match the lowest price offered, and if agreement to match the lowest price is reached, the Local Business will be awarded the quotation or bid if the Local Business is otherwise fully qualified and meets all County requirements.

(iii) The total quote or bid price shall include not only the base bid price, but also all alterations to the base bid price resulting from alternates which were both part of the bid and that will be actually purchased or awarded by the BOARD.

If two or more identical quotations or bids are received at the time the written quotations or sealed bids are opened, the award shall be made to the responsive, responsible "Local Business" as defined herein.

The preference established in this section does not prohibit the right of the BOARD to compare quality or fitness for use of supplies, materials, equipment and services proposed for purchase and compare qualifications, character, responsibility and fitness of all persons, firms, or corporations submitting bids or proposals nor prohibit the BOARD from giving any other preference permitted by law in addition to the preference authorized in this section.

This local preference provision is not applicable to those solicitations involving the use of either State or Federal funds as indicated below:

State Funds Involved: N (Y if applicable, N if not applicable)

CONTRACT TERM

The contract period **will begin on the date of Pasco County Board of County Commission (BOCC) approval and continue through September 30, 2028**, subject to the Price Escalation terms described elsewhere herein, unless canceled in writing by Pasco County. The County reserves the right to extend the contract, under the same prices, terms, and conditions as in the original contract approved by Pasco County for two additional one-year periods, as found to be in the best interest of the County. All contracts are subject to the appropriation of funds by Pasco County.

Commented [KM1]: You can add your specific dates here, or have an actual start date (for example MYA's, it would start October 1, 20XX ….)

Commented [KB2R1]: We hope to have funds from this point forward for sand however we only what we have for this year, recommend 3 years, ending Sept 2028, with the hope we get reoccurring funding for the next 3 years.

COPYRIGHT

The contractor shall irrevocably transfer, assign, set over, and convey to Pasco County all rights, title, and interest, including the sole exclusive and complete copyright interest, in any and all copyrightable works created pursuant to the contract. The contractor further agrees to execute such documents as Pasco County may request to affect such transfer or assignment. Further, the contractor agrees that the rights granted to Pasco County by this paragraph are irrevocable. The contractor's remedy in the event of termination of or dispute over any agreement entered into as a result of this Invitation for Bid shall not include any right to rescind, terminate, or otherwise revoke or invalidate in any way the rights conferred pursuant to the provisions of this paragraph. Similarly, no termination of any agreement entered into as result of this Invitation for Bid shall have the effect of rescinding, termination, or otherwise invalidating the rights acquired pursuant to the provisions of this paragraph.

COST REIMBURSEMENT

Unless an alternative cost methodology is specified herein, the contractor agrees that payment by Pasco County to the contractor for materials used in the performance of any work under the contract on a cost plus a percentage of cost basis is specifically prohibited. The cost of all materials provided in the performance of the work is to be reimbursed to the contractor in the following manner: Pasco County shall reimburse the contractor, on completion and acceptance of each assigned job, only for those materials, equipment parts, supplies, rentals, services, etc., actually used in the performance of the work that are supported by invoices issued by the suppliers of the contractor describing the quantity and cost of the materials purchased. No surcharges shall be added to the suppliers' invoices or included in the contractor's invoice submitted to Pasco County that would increase the dollar amount indicated on the suppliers'

invoices for the materials purchased for the assigned job. All incidental costs, including allowances for profit and tools of the trade, must be included in the contract hourly labor rates.

ECONOMIC PRICE ADJUSTMENT

Any reference in the solicitation to *economic price adjustment* or *price escalation* shall be considered to mean price decreases as well as increases, unless otherwise stipulated.

Bids that contain a provision for price escalation with a ceiling will be evaluated at the maximum possible escalation of the bid price. Bids that contain a provision for price escalation without a ceiling will be rejected unless, in the judgment solely of Pasco County, a clear basis exists for comparative evaluation with other bids received. Bids that provide for price escalation based upon a method other than a percentage factor will be rejected unless, in the judgment solely of Pasco County, there is a clear basis for comparative evaluation.

PRICE ADJUSTMENTS BASED ON THE CONSUMER PRICE INDEX (CPI)

If approved by the County, unit prices in contracts that are longer than twelve (12) months may be adjusted bi-annually based on movement in the Consumer Price Index (CPI) may be adjusted bi-annually. The unit prices may be adjusted based on the movement of the of the U.S. Department of Labor's Consumer Price Index for All Urban Consumers (CPI-U) (1982-84=100), as posted at http://www.bls.gov/cpi/. The baseline index will be the month and year in which the contract began. The adjustments will not be cumulative and will be computed using the original contract unit prices. Adjustments may be requested no earlier than 180 days after the contract start date. Adjustments shall be computed using the latest CPI-U that is published and available on the date the County receives the adjustment request in writing. The unit price(s) changed as a result of these adjustments shall become effective on the first (1st) day of the next month, provided the request is submitted at least fifteen (15) days prior. If later than fifteen (15) days prior, the adjustment will become effective on the first (1st) day of the following month. Adjustments may be requested every 180 days thereafter for the term of the contract. Adjustments will not be retroactive or prorated. The County reserves the right to also request adjustments, following the first adjustment and at the same interval, especially if the CPI decreases and it is deemed to be in the County's best interest.

INSURANCE REQUIREMENTS

The insurance required must be written by an insurer authorized to do business in the State of Florida and also have an "A" policyholder's rating and a financial rating of at least Class VIII in accordance with the most current *Best's Key Rating Guide*. Prior to the time the contractor is entitled to commence any part of the project, work, or services under this contract, the contractor shall procure, pay for, and maintain at least the following insurance coverages and limits. Policies of insurance required by the contract shall be primary insurance and non-contributory with respect to the County, its officials, agents, or employees. The said insurance shall be evidenced by delivery to Pasco County of 1) Certificates of Insurance executed by the insurers listing coverages and limits, expiration dates and terms of policies and all endorsements whether or not required by Pasco County and listing all carriers issuing the said

policies; and 2) upon request, a certified copy of each policy, including all endorsements. The insurance requirements shall remain in effect throughout the term of this contract.

1. Workers' Compensation in at least the limits as required by law; Employers' Liability Insurance of not less than One Hundred Thousand and 00/100 Dollars ($100,000.00) for each accident. The contractor agrees to waive its right of subrogation as part of this coverage.

2. Comprehensive General Liability Insurance including, but not limited to, Independent, Contractor, Contractual, Premises/Operations, Products/Completed Operation and Personal Injury covering the liability assumed under indemnification provisions of this contract, with limits of liability for personal injury and/or bodily injury, including death, of not less than Two Million and 00/100 Dollars ($2,000,000.00), each occurrence; and property damage of not less than One Million and 00/100 Dollars ($1,000,000.00), each occurrence. (Combined single limits of not less than Two Million and 00/100 Dollars [$2,000,000.00], each occurrence, will be acceptable unless otherwise stated.) Coverage shall be on an "occurrence" basis, and the policy shall include Broad Form Property Damage coverage and Fire Legal Liability of not less than Fifty Thousand and 00/100 Dollars ($50,000.00) per occurrence, unless otherwise stated by exception herein.

3. Comprehensive Automobile and Truck liability covering owned, hired, and nonowned vehicles with combined single limits of not less than One Million and 00/100 Dollars ($1,000,000.00), each occurrence. Coverage shall be on an "occurrence" basis, such insurance to include coverage for loading and unloading hazards.

Each insurance policy shall include the following conditions by endorsement to the policy:

1. Each policy shall require that thirty (30) days prior to expiration, cancellation, nonrenewal, or any material change in coverages or limits, a notice thereof shall be given to Pasco County by certified mail to: Pasco County Risk Management Department, 7536 State Street, Suite 111, New Port Richey, Florida 34654. The contractor shall also notify Pasco County, in a like manner, within twenty-four (24) hours after receipt, of any notices of expiration, cancellation, nonrenewal, or material change in coverage received by the said contractor from its insurer; and nothing contained herein shall absolve the contractor of this requirement to provide notice.

2. Companies issuing the insurance policy, or policies, shall have no recourse against Pasco County for payment of premiums or assessments for any deductibles that all are at the sole responsibility and risk of the contractor.

3. The term "County" or "Pasco County" shall include all Authorities, Boards, Bureaus, Commissions, Divisions, Departments, and Offices of County and individual members,

employees thereof in their official capacities, and/or while acting on behalf of Pasco County.

4. Pasco County shall be endorsed to the required policy or policies as an additional insured, with the exception of Worker's Compensation and Professional Liability, if applicable.

5. Pasco County shall also be listed as a certificate holder.

6. The policy clause "Other Insurance" shall not apply to any insurance coverage currently held by Pasco County to any such future coverage, or to Pasco County's self-insured retentions of whatever nature.

MOTOR VEHICLE INDUSTRY LICENSING
The contractor shall comply with Chapter 320, Florida Statutes. Failure to comply may result in a determination of no responsibility on the basis that the bidder is not qualified to legally contract with Pasco County and may further cause such noncompliant offers to be rejected.

REPORT STANDARDS
Reports or written material prepared by the contractor in response to the requirements of this contract shall be thoroughly researched for accuracy of content, shall be grammatically correct and not contain spelling errors, shall be submitted in a format approved in advance by the Purchasing Department, and shall be submitted in draft form for advance review and comment by the Purchasing Department. The cost of correcting grammatical errors, correcting report data, or other revisions required to bring the report or written material into compliance with the contract requirements shall be borne by the contractor.

REQUIREMENTS CONTRACT
During the period of the contract, the contractor shall provide all the services described in the contract. The contractor understands and agrees this is a requirements contract and Pasco County shall have no obligation to the contractor if no services are required. Any quantities that are included in the scope of work reflect the current expectations of Pasco County for the period of the contract. The amount is only an estimate, and the contractor understands and agrees Pasco County is under no obligation to the contractor to buy any amount of the services as a result of having provided this estimate or of having any typical or measurable requirement in the past. The contractor further understands and agrees Pasco County may require services in an amount less than or in excess of the estimated annual contract amount, and the quantity actually used, whether in excess of the estimate or less than the estimate, shall not give rise to any claim for compensation other than the total of the unit prices in the contract for the quantity actually used.

Commented [KB3]: Include, especially if the contract will be for three years in the event we don't received funding in following years.

SALES TAX
Pasco County, as a governmental entity, is exempt from sales tax under Florida Law. A copy of

the County's tax-exempt certificate or number will be provided at the time a purchase order is issued.

TRAFFIC CONTROL

The contractor shall conduct its operations in a manner that will not interrupt pedestrian or vehicle traffic except as approved by Pasco County. The work area shall be confined to the smallest area possible to allow maximum use of the street or sidewalk and to reduce any hazard to traffic or pedestrians to a minimum. At all times, the contractor shall use workers and traffic control signs and devices necessary to comply with all applicable Federal, State, and local laws, rules, and regulations. In addition to signs and devices, when the street is obstructed to any extent by contract operations, special workers equipped with flags shall be designated by the contractor to direct vehicle and pedestrian traffic. The workers so designated shall not be assigned to any other duties while engaged in directing traffic. All personnel, signs, barricades, and any other items or devices necessary for the maintenance of traffic and safety shall be provided by the contractor. No separate payment shall be made by Pasco County for this work. All cost of this work is included by the contractor as part of the contract price. The plan for traffic control shall be as directed by Pasco County. A Right-of-Way Use Permit shall be obtained from Pasco County prior to the commencement of any work in such a right-of-way. The cost for securing such permits shall be included in the Bid.

TRANSPORTATION AND PACKING

Prices quoted shall be net, including transportation and delivery charges fully prepaid by the seller, f.o.b. **destination.** No additional charges will be allowed for packing, packages, or partial delivery costs. By submitting their bids, all bidders certify and warrant that the price offered for f.o.b. destination includes only the actual freight rate costs at the lowest and best rate and is based upon actual weight of the goods to be shipped. Standard commercial packaging, packing, and shipping containers shall be used, except as otherwise specified herein.

VENDOR'S EQUIPMENT

Responding vendors must submit a list of owned equipment and major tools, and a list of current employees and respective skill level or discipline. Pasco County, at its sole discretion, reserves the right to award this work to vendors who are able to demonstrate current ownership and possession of the equipment, tools, and personnel deemed reasonably sufficient to perform the specified work at the lowest possible cost.

It is Pasco County's intent to award this work to a vendor at the lowest possible cost, while securing sufficient quality of services. Preference may be given to those vendors who own and possess the necessary tools, equipment, and services to minimize reimbursement costs associated with rentals and purchases from third parties.

AS SPECIFIED

All items delivered must meet the specifications herein. Items delivered not as specified will be returned at no expense by the County. The County may return, for full credit, any unused items received which fail to meet the County's performance standards. Replacement items meeting

specifications must be submitted within a reasonable time after rejection of the non-conforming items.

QUANTITIES
The Pasco County Board of County Commissioners shall not be required to purchase any minimum or maximum quantities during the term of any award resulting from this specification.

ADDITION/DELETION
The Pasco County Board of County Commissioners reserves the right to add or delete any item from this bid or resulting award when deemed to be in the best interest of the Board.

END OF SPECIAL PROVISIONS

SPECIFICATIONS

AS NEEDED BEACH SAND FILL MATERIAL

1. INTRODUCTION

Pasco County is seeking a qualified vendor to provide beach-quality sand fill material, meeting beach volleyball standards on an as-needed basis.

2. GENERAL REQUIREMENTS

2.1 All work must be performed in accordance with all applicable state, local and national laws and codes.

2.2 All work must be performed according to the manufacturer's installation requirements and recommendations and in accordance with all plans and specifications.

2.3 All work must be completed by a contractor licensed in the state of Florida to perform all the work as described herein.

2.4 The Vendor is responsible for all processes and costs associated with obtaining and maintaining any required permits.

2.5 All work assigned under the agreement will be performed at various locations throughout Pasco County.

ADDENDUM TO INVITATION FOR BID

September 18, 2025

TO: Concerned Bidders

RE: Addendum No. 1: **IFB-SP-25-149 AS NEEDED BEACH SAND FILL MATERIAL**

Please make note of the following clarifications regarding the above referenced solicitation:

Question 1: As stated under SPECIFICATIONS / Section 6.0 DELIVERY / 6.3 section: "Vendor shall be responsible for transportation, offloading, and placement of sand at the designed site, unless otherwise directed." If the material is delivered by Dump Trucks with a capacity of 20 tons each, the material can be dumped at the instructed area? Or besides dumping/offloading the material, the vendor is required to have the necessary equipment to spread the material along the delivery areas?

Answer 1: The vendor will not be responsible for spreading the sand. The vendor will be instructed to offload the material as close as possible to the area where the sand will ultimately be spread, while ensuring that park property, such as curbs and sidewalks, are not damaged. Offloading must also avoid excessive rutting or any condition that could cause the vehicle to become stuck. Essentially, the sand will be placed as near to the beach as the truck access safely allows.

By signing the Offeror Information/Certification Form, Bidders are acknowledging receipt of this addendum. Failure to acknowledge receipt of this addendum may be cause for rejection.

I appreciate your kind cooperation and regret any inconvenience this may have caused. If there are any additional questions, please contact the Purchasing Department at (727) 473-0046

Sincerely,

Shawna Pateiro

BOARD OF COUNTY COMMISSIONERS
AGENDA MEMORANDUM

COMMISSION DISTRICT: 5 **FILE NO.:** PRN26-0031 **DATE:** 1/20/2026

SUBJECT: Cooperative Service Agreement – United States Department of Agriculture Animal and Plant Health Inspection Service – Wildlife Management Services – $5,000.00

REFERENCES: Not Applicable

AGENDA SECTION: Consent Agenda

THRU: Catherine Pearson, Assistant County Administrator

FROM: Keith Wiley, Parks, Recreation & Natural Resources Director

RECOMMENDED BOARD ACTION:

Approve the Cooperative Service Agreement ("Agreement") between the United States Department of Agriculture Animal and Plant Health Inspection Service – Wildlife Management Service (“APHIS – WS”) and the County, authorizing APHIS – WS to manage Coyote and Feral Hog populations on Jumping Gully Preserve (“Preserve”). Approve the Work Initiation Document and the Work Initiation Addendum. Authorize the Chairman to sign two (2) provided originals of the Agreement, the Work Initiation Document and the Work Initiation Addendum, and direct Board Records to distribute as set forth in the Distribution section.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

APHIS – WS will be conducting feral hog and coyote mitigation for Pasco County solely on the Preserve. This work is intended to alleviate threats to human health and safety, damage to property and infrastructure, as well as protection of threatened and endangered species (ex. Gopher Tortoise). The feral hog work will be conducted under appropriated funds from the USDA APHIS intended for the monitoring and research of certain wildlife diseases feral hogs may carry, such as African Swine Fever (ASF). The coyote work will be based on a fee of $5,000.00 due from the County. Methods for removal will include cellular activated cameras, live feral hog traps, thermal imagery devices, foot traps and firearms. APHIS – WS personnel will coordinate directly with park management/staff when conducting work on the Preserve. APHIS – WS requests to be the last party to sign the Agreement, Work Initiation Form and Addendum.

FISCAL IMPACT/COST/REVENUE STATEMENT:

Funding in the amount of $5,000.00 will be budgeted and available in various accounts within the Environmental Lands Management Fund, PRNR - ELAMP account.

DISTRIBUTION:

Board Records to distribute as set forth below:

1. Retain one copy;

2. Mail two originals signed by the Board of County Commissioners (with one to be returned upon signing by USDA APHIS – Wildlife Services) to:

Angelo Tisone, Southwest Assistant District Supervisor
USDA APHIS – Wildlife Services
2820 E. University Avenue
Gainesville, FL 32641

Returned to:
Pasco County Clerk of Court & Comptroller
East Pasco Government Center
Division of Board Records
38053 Live Oak Avenue
Dade City, FL 33523-3805

3. Upon receipt of documents signed by USDA APHIS – Wildlife Services by Board Records, electronically to:

a. Angelo Tisone, Southwest Assistant District Supervisor, USDA APHIS Wildlife Services – Angelo.Tisone@usda.gov

b. Andrea Henry, Land Management Coordinator, Parks Recreation and Natural Resources – ahenry@pascocountyfl.net

COOPERATIVE SERVICE AGREEMENT
between
Pasco County, Florida (Cooperator) and
UNITED STATES DEPARTMENT OF AGRICULTURE
ANIMAL AND PLANT HEALTH INSPECTION SERVICE (APHIS)
WILDLIFE SERVICES (WS)

WHEREAS, Pasco County, Florida ("Cooperator") may enter into agreements with other government agencies outside its boundaries for the performance of either agency's authorized functions pursuant to Subsection 125.01(p), Florida Statutes, and

WHEREAS, the United States Department of Agriculture, Animal and Plant Health Inspection Service – Wildlife Services ("APHIS - WS") is granted the authority to contract with State and Local Jurisdictions as well as individuals to manage mammals who are "reservoirs for zoonotic disease," injurious, or a nuisance pursuant to 46 Stat. 1468-69, 7 U.S.C. §§ 8351-8352, as amended, Public L. No. 100-202, § 101(k), 101 Stat. 1329-331, 7 U.S.C. § 8353., and

WHEREAS, the Cooperator's Board of County Commissioners ("Board") finds that Coyotes and Feral Hogs are either injurious, a nuisance or "reservoirs for zoonotic disease," and

WHEREAS, the Cooperator owns real property known as the Jumping Gully Preserve ("Preserve") and the Board finds that the management of Coyote and Feral Hog populations on the Preserve serves the public health, safety, and welfare, and

NOW, THEREFORE, WITNESSETH the Cooperator and APHIS -WS enter into the following Cooperative Service Agreement:

ARTICLE 1

The recitals in the Whereas clauses above are true and accurate and are incorporated herein by reference. The purpose of this Agreement is to cooperate in a wildlife damage management project as described in the attached Work Plan and Financial Plan incorporated herein by reference.

ARTICLE 2

APHIS-WS has statutory authority under the Acts of March 2, 1931, 46 Stat. 1468-69, 7 U.S.C. §§ 8351-8352, as amended, and December 22, 1987, Public Law No. 100-202, § 101(k), 101 Stat. 1329-331, 7 U.S.C. § 8353., to cooperate with States, local jurisdictions, individuals, public and private agencies, organizations, and institutions while conducting a program of wildlife service's involving mammal and bird species that are reservoirs for zoonotic diseases, or animal species that are injurious and/or a nuisance to, among other things, agriculture, horticulture, forestry, animal husbandry, wildlife, and human health and safety.

ARTICLE 3

APHIS-WS and the Cooperator agree:

1. The Cooperator will provide payment within 45 days from the date of Cooperator's execution of this Agreement to "USDA, APHIS" in the amount of $5,000.00.

2. The performance of wildlife damage management actions by APHIS-WS under this Agreement is contingent upon a determination by APHIS-WS that such actions are in compliance with the National Environmental Policy Act, Endangered Species Act, and any other applicable federal statutes. APHIS-WS will not make a final decision to conduct requested wildlife damage management actions until it has made the determination of such compliance.
3. Nothing in this Agreement shall prevent APHIS-WS from entering into separate Agreements with any other organization or individual for the purpose of providing wildlife damage management services exclusive of those provided for under this Agreement.
4. The Cooperator certifies that APHIS-WS has advised the Cooperator there may be private sector service providers available to provide wildlife damage management services that the Cooperator is seeking from APHIS-WS.
5. The performance of wildlife damage management actions by APHIS-WS under this Agreement is contingent upon a determination by APHIS-WS that such actions are in compliance with the National Environmental Policy Act, Endangered Species Act, and any other applicable federal statutes. APHIS-WS will not make a final decision to conduct requested wildlife damage management actions until it has made the determination of such compliance.
6. The cooperating parties agree to coordinate with each other before responding to media requests on work associated with this project.

ARTICLE 4

This Agreement is contingent upon the passage by Congress of an appropriation from which expenditures may be legally met and shall not obligate APHIS-WS upon failure of Congress to so appropriate. This Agreement also may be reduced or terminated if Congress only provides APHIS-WS funds for a finite period under a Continuing Resolution.

ARTICLE 5

Pursuant to Section 22, Title 41, United States Code, no member of or delegate to Congress shall be admitted to any share or part of this Agreement or to any benefit to arise there from.

ARTICLE 6

APHIS-WS assumes no liability for any actions or activities conducted under this Agreement except to the extent that recourse or remedies are provided by Congress under the Federal Tort Claims Act (28 USC 1346(b), 2401(b), 2671-2680).
This Agreement is not a procurement contract (31 U.S.C. 6303), nor is it considered a grant (31 U.S.C. 6304). In this Agreement, APHIS-WS provides goods or services on a cost recovery basis to nonfederal recipients, in accordance with all applicable laws, regulations and policies.

This Agreement shall become effective upon execution and shall continue until 30 November 2026. This Agreement may be extended, amended or terminated at any time by mutual agreement of the parties in writing. The Cooperator's County Administrator is

authorized to extend the term of this Agreement on behalf of the Cooperator. Further, in the event the Cooperator does not, for any reason, provide necessary funds, APHIS-WS is relieved of the obligation to provide services under this Agreement.

As required by Debt Collection Improvement Act of 1996:

WORK PLAN

Wildlife Species: Coyotes

Description of Damage: Coyotes are preying upon the state-designated threatened gopher tortoise (*Gopherus polyphemus*) population at the Preserve. In addition, Coyotes are causing a risk to human health and safety at the preserve.

Location: 18812 Fishburne Drive, Spring Hill, FL 34610

Services Provided: USDA APHIS Wildlife Services ("APHIS – WS") will provide staff to remove Coyotes from the Preserve. Primary methods used will include foothold trapping and sharpshooting with thermal imaging equipment. Foothold traps will be removed from the Preserve at the time of taking by APHIS - WS. The Coyote remains will not be removed from the Preserve.

Miscellaneous Provisions:

(1) APHIS – WS is granted a license to enter the Preserve to conduct Feral Hog Mitigation, on the terms and conditions of this Agreement that are not exclusive to taking Coyotes, as Feral Hogs are "reservoirs for zoonotic disease." The Cooperator shall not be obligated to make any payments for Feral Hog Mitigation unless otherwise agreed to in writing. APHIS – WS shall be permitted to take blood samples from the deceased hogs. Foothold traps will be removed from the Preserve at the time of taking by APHIS - WS. Feral Hogs remains will not be removed from the Preserve. The Cooperator's County Administrator may elect to extend only the license granted in this Miscellaneous Provision (1), without extending the right of APHIS-WS to take Coyotes, for up to an additional four one-year terms, subject to the terms and conditions of this Agreement that are not exclusive to taking Coyotes.

(2) APHIS – WS shall not subcontract, delegate, or assign any duties or privileges agreed to pursuant to this Agreement to any third party. APHIS –WS shall perform all the work in the Preserve using its own employees.

(3) APHIS – WS shall operate solely within the Preserve as laid out in the Jumping Gully Preserve Map provided to APHIS – WS by the County, attached hereto and incorporated herein by reference.

(4) Should APHIS – WS determine that the Coyote wildlife management services to be performed pursuant to this Agreement are not compliant with the law, and thus terminate the services, APHIS – WS shall return $5,000.00 if already paid by the Cooperator. If APHIS -WS determines the Coyote wildlife management services to be compliant with the law, but elects to terminate the Coyote services, APHIS – WS shall

return to the Cooperator any unused funds.

(5) APHIS – WS shall remove all traps from the Preserve upon the expiration or termination of this Agreement.

17. I, the Cooperator or Cooperator's representative, have been informed of the methods and the manner in which the control materials and devices listed in Section 4 will be used, and of the possible hazards associated with their use. I understand that APHIS (to include its officers, employees, and agents) will exercise reasonable precautions to safeguard all persons to prevent injury to animal life other than those listed in Section 3, Item 13 (and Item 14, if applicable); guard against the mishandling of control devices and materials; and exercise due caution and proper judgment in all wildlife damage management operations. I understand that APHIS WS will maintain restricted use pesticide application records on applications made under the Work Initiation Document, and that APHIS WS will provide copies of the records or record information promptly upon the property owner's or cooperator's request. I understand that APHIS WS may collect Global Positioning System (GPS) coordinates at the project site as part of component or activity tracking or as wildlife disease monitoring or research data. As a Lessee, the Cooperator agrees that the lease is current and will remain so while APHIS WS conducts operational activities on the property, and will notify WS if the lease expires or is canceled. The Lessee agrees to notify the landowner about any methods or devices (components) in use by APHIS WS on the property.

SECTION 6

18. In consideration of these understandings and of the benefits to be derived, I, the Cooperator or Cooperator's representative, agree to take reasonable precautions to prevent injury to livestock and other domestic animals; assume responsibility for injury to my property under my control when said injury is not the result of negligence on the part of APHIS; assist in maintaining such warning signs as APHIS may place for the purpose of notifying persons entering onto such lands of the possible hazards associated with wildlife damage management measures in use thereon; and to give adequate warning of these possible hazards to persons I authorize to enter onto such lands. Further, in recognition of the benefits to be derived from the use of specified methods and devices authorized by this Work Initiation Document, I, the cooperator or cooperator's representative, agree not to concurrently use or allow to be used upon lands covered by this Work Initiation Document any toxic material that might reasonably be expected to take a species listed above in Section 3, Item 13 (and Item 14, if applicable), unless such use of said toxicant is agreed to by APHIS in writing.

PRIVACY ACT NOTICE

5 U.S.C. 552a(e)(3) requires that each agency that maintains a system of records provide each individual from whom the agency solicits information with the following information.

AUTHORITY FOR REQUESTING INFORMATION

7 U.S.C. 8351 to 8353, and 16 U.S.C. 667, authorizes officers, agents, and employees of the United States Department of Agriculture (USDA), Animal and Plant Health Inspection Service (APHIS), Wildlife Services (WS) to conduct a program of wildlife services and to enter into agreements with States, local jurisdictions, individuals, and public and private agencies, organizations, and institutions for the purpose of conducting such services.

NATURE OF YOUR DISCLOSURE OF INFORMATION

Disclosure of information solicited by USDA, APHIS, Wildlife Services is voluntary.

PRINCIPLE PURPOSE FOR WHICH THE INFORMATION IS SOLICITED

Information is solicited from you for the purpose of executing and implementing agreements for control of wildlife damage.

ROUTINE USES WHICH MAY BE MADE OF THE INFORMATION

(1) To cooperative Federal, State, Tribal, and local government officials, employees, or contractors and other parties as necessary to carry out the program; and other parties engaged to assist in administering the program. Such contractors and other parties will be bound by the nondisclosure provisions of the Privacy Act. This routine use assists the agency in carrying out the program, and thus is compatible with the purpose for which the records are created and maintained;

(2) To the appropriate agency, whether Federal, State, local, Tribal, or foreign, charged with responsibility of investigating or prosecuting a violation of law or of enforcing, implementing, or complying with a statute, rule, regulation, or order issued pursuant thereto, of any record within this system when information available indicates a violation or potential violation of law, whether civil, criminal, or regulatory in nature, and either arising by general statute or particular program statute, or by rule, regulation, or court order issued pursuant thereto;

(3) To the Department of Justice when the agency, or any component thereof, or any employee of the agency in his or her official capacity, or any employee of the agency in his or her individual capacity where the Department of Justice has agreed to represent the employee, or the United States, in litigation, where the agency determines that litigation is likely to affect the agency or any of its components, is a party to litigation or has an interest in such litigation, and the use of such records by the Department of Justice is deemed by the agency to be relevant and necessary to the litigation; provided, however, that in each case, the agency determines that disclosure of the records to the Department of Justice is a use of the information contained in the records that is compatible with the purpose for which the records were collected;

(4) For use in a proceeding before a court or adjudicative body before which the agency is authorized to appear, when the agency, or any component thereof, or any employee of the agency in his or her official capacity, or any employee of the agency in his or her individual capacity where the agency has agreed to represent the employee, or the United States, where the agency determines that litigation is likely to affect the agency or any of its components, is a party to litigation or has an interest in such litigation, and the agency determines that use of such records is relevant and necessary to the litigation; provided, however, that in each case, the agency determines that disclosure of the records to the court is a use of the information contained in the records that is compatible with the purpose for which the records were collected;

(5) To appropriate agencies, entities, and persons when the agency suspects or has confirmed that the security or confidentiality of information in the system of records has been compromised; the agency has determined that as a result of the suspected or confirmed compromise, there is a risk of harm to economic or property interests, a risk of identity theft or fraud, or a risk of harm to the security of integrity of this system or other systems or programs (whether maintained by the agency or another agency or entity) that rely upon the compromised information; and the disclosure made to such agencies, entities, and persons is reasonably necessary to assist in connection with the agency's efforts to respond to the suspected or confirmed compromise and prevent, minimize, or remedy such harm;

(6) To USDA contractors, partner agency employee or contractors, or private industry employed to identify patterns, trends, or anomalies indicative of fraud, waste, or abuse;

(7) To land management agencies, such as the Bureau of Land Management and the U.S. Fish and Wildlife Service, relating to wildlife damage on grazing allotments;

(8) To consumer reporting agencies in accordance with 31 U.S.C. 3711(e);

(9) To Federal, State, Tribal, and local regulatory agencies and their employees and contractors who collaborate with Wildlife Services in implementation of, or agencies that regulate, wildlife management projects or programs, or who have an interest in, or regulate, animal or public health, or national security;

(10) To Federal or State Government-level representatives of the U.S. Environmental Protection Agency, in compliance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) mandate in 7 U.S.C. 136(f, and i thru l), of the location on a cooperator's property where certain regulated pesticide devices are deployed or regulated pesticides are applied; and

(11) To the National Archives and Records Administration (NARA) or to the General Services Administration for records management inspections conducted under 44 U.S.C. 2904 and 2906.

AGENDA MEMORANDUM

COMMISSION DISTRICT: 5 **FILE NO.:** PRN26-0036 **DATE:** 1/20/2026

SUBJECT: Addition of the Sea Pines Drive Property, Parcel ID Nos. 22-24-16-0000-00300-0000, 23-24-16-0000-00600-0000, and 23-24-16-0000-00300-0000 – Parks, Recreation, and Natural Resources Department – Environmental Lands Acquisition and Management Program Acquisition List – No Funding Required

REFERENCES: Resolution No. 04-233

AGENDA SECTION: Consent Agenda

THRU: Catherine Pearson, Assistant County Administrator

FROM: Keith Wiley, Parks, Recreation & Natural Resources Director

RECOMMENDED BOARD ACTION:

Approve the addition of the Sea Pines Drive property, Parcel ID Nos. 22-24-16-0000-00300-0000, 23-24-16-0000-00600-0000, and 23-24-16-0000-00300-0000, to the Environmental Lands Acquisition and Management Program (ELAMP) Acquisition List, thereby authorizing the Natural Resources Division to proceed with the ELAMP acquisition process.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

On July 27, 2004, the Board of County Commissioners of Pasco County, Florida (BCC) approved a resolution which established the ELAMP, the Environmental Lands Acquisition Selection Committee (ELASC), and a process for the review of properties nominated for protection through the ELAMP.

The Sea Pines Drive property was nominated for protection through ELAMP by the owners, FF Florida Southern Holdings, LLLP and Bellew Investment Properties, L.L.C., in August 2025. The owners are interested in selling the property to Pasco County for fee simple interest. The nominated property is approximately 218 acres and is identified as Pasco County Parcel ID Nos. 22-24-16-0000-00300-0000, 23-24-16-0000-00600-0000, and 23-24-16-0000-00300-0000.

The property is located along Sea Pines Drive, U.S. Highway 19, and Old Dixie Highway, and is adjacent to the Weeki Wachee Preserve and the Coastal Marshes Ecological Planning Unit. This acquisition would connect to the more than 12,820 contiguous acres of Weeki Wachee Preserve conservation land which extends north along Florida's Nature Coast.

The property consists of eight (8) different land cover types: Pine Flatwoods, Stream and Lake Swamps (Bottomland), Residential Medium Density, Freshwater Marshes, Reservoirs, Commercial and Services, Open Land, and Upland Hardwood-Coniferous Mix. The property is zoned Master Planned Unit Development and General Commercial, with Future Land Use designations of Residential-6 and Retail/Office/Residential.

The ELASC conducted their initial review of the subject property on September 10, 2025, and voted for Acceptance for Further Review, calling for the Scientific

Subcommittee members to conduct a site review of the property. The results of that review were presented to the ELASC on November 12, 2025, and the average score for the site review was 51.24 out of 80. ELASC voted to recommend that the property be added to the ELAMP Acquisition List.

It is requested that the BCC consider the ELASC's recommendation to add the Sea Pines Drive property to the ELAMP Acquisition List. This action shall authorize the Natural Resources Conservation Division to proceed with the acquisition process but does not guarantee acquisition. If ELAMP is successful in its negotiations, the BCC will be asked to consider the resulting Agreement for Sale and Purchase of Interest for Fee Simple Acquisition at a later date.

FISCAL IMPACT/COST/REVENUE STATEMENT:
Funding is not required for this action.

Not applicable.

General Description of the Sea Pines Drive Property

The Sea Pines Drive Property **(Figure 1: Location Map)** is approximately 219 acres and is located west of US-19, and east of Southwest Florida Water Management District (SWFWMD) property.

The nominated property is composed of 8 land cover classifications, 4 soil types, and contains approximately 46 acres of wetlands.

Land Use Land Cover (LULC) Map

The Land Use/Land Cover data map is a representation of the various land cover types, and some natural plant communities, within a property. The data is drawn from the Florida land Use Land Cover System created by Southwest Florida Water Management District (SWFWMD) in 1999 **(Figure 2: LULC Map)**.

The Sea Pines Drive property consists of 8 different land cover types: 1) Pine Flatwoods, 2) Stream and Lake Swamps (Bottomland), 3) Residential Medium Density, 4) Freshwater Marshes, 5) Reservoirs, 6) Commercial and Services, 7) Open Land, 8) Upland Hardwood-Coniferous Mix. All subsequent descriptions are from *2014 South Florida Water Management District (SFWMD) Photointerpretation Key*, published by SFWMD.

1) **Pine Flatwoods (FLUCC ID 4110) (164.13 acres)** – "This class includes pine communities of a mostly open canopy with scrub and herbaceous understories but generally with at least 10% pine trees with as much as 90% a mixture of herbaceous and shrubs."
2) **Stream and Lake Swamps (Bottomland) (FLUCC ID 6150) (47.15 acres)** – "Stream and Lake Swamps (Bottomland) are those wetland areas which are usually found on but not restricted to river, creek, and lake floodplain or overflow areas."
3) **Residential Medium Density (FLUCC ID 1200) (3.67 acres)** – "This category represents Medium Density Residential housing not associated with agricultural activities. These will generally include between two and five dwellings per acre. This classification includes fixed single-family units, mobile home units, and mixed units (fixed and mobile home units), urban subdivisions, new developments, and trailer parks with scattered occupancy."
4) **Freshwater Marshes (FLUCC ID 6410) (2.85 acres)- "**This class is used for wetlands communities characterized by herbaceous plant species that occur on sites where surface water is present for extended periods during the growing season but is absent by the end of the growing season in most years. Freshwater marshes tend to be open expanses of grasses, sedges, rushes, and other types of herbaceous plants. Periods of inundation are intermediate between deep marshes (emergent aquatic 6440) and wet prairies (6430) - sites are usually covered with water at least two months of the year and undergo prolonged periods of soil saturation. Freshwater marshes occur on flat, low-lying areas subject to prolonged seasonal flooding and occasional fire. They are found adjacent to slow-moving streams, along edges of lakes or ponds, or in tidally influenced freshwater areas."
5) **Reservoirs (FLUCC ID 5300) (0.7 acres)** – "Reservoirs are artificial impoundments of water. They are used for irrigation, flood control, municipal and rural water supplies, recreation and hydro-

electric power generation. Dams, levees, other water control structures, or the excavation itself usually will be evident to aid in the identification."

6) **Commercial and Services (FLUCC ID 1400) (0.27 acres)** – "Commercial areas are predominantly associated with the distribution of products and services. This category is composed of a large number of individual types of commercial land uses which often occur in complex mixtures. Included are shopping centers and commercial strip developments. These areas have distinctive patterns which are readily identifiable in aerial photographs. It also includes commercial resorts catering to tourists and vacationers. Resorts are difficult to identify on aerial photography and often contain recreational facilities such as swimming pools and ball courts. Also included in the 1400 class are warehouses, junk yards, campgrounds and amusement parks."
7) **Open Land (FLUCC ID 1900) (0.15 acres)** – "This category includes undeveloped land within urban areas. Open Land normally does not exhibit any structures or any indication of intended use. Often, urban inactive land may be in a transitional state and ultimately will be developed into one of the typical urban land uses. Although at the time of the inventory, the intended use may be impossible to determine from aerial photo interpretation alone"
8) **Hardwood Conifer Mixed (FLUCC ID 4340) (0.12 acres)-** "This class includes those forested areas in which neither upland conifers nor hardwoods achieve 67% crown canopy dominance. The 4340 code is applied when the area cannot be broken down into individual hardwood or conifer species"

Soil Information

The Sea Pines Drive property contains 4 different soil types: **(Figure 3: Soils Map):** 1) Jonesville Fine Sand: 0 to 5 percent slopes, 2) Wabasso Variant Fine Sand, 3) Adamsville Fine Sand, 4) Aripeka Fine Sand. The data for the soil map was taken from the *Soil survey of Pasco County*, produced by United States Department of Agriculture Soil Conservation Service in cooperation with University of Florida, Institute of Food and Agriculture Sciences Agriculture Experiment Stations, Soil Science Department, and Florida Department of Agriculture and Consumer Services.

1) **Jonesville fine sand: 0 to 5 percent slopes –** This nearly level to gently sloping, well-drained soil is on the uplands. Individual areas are irregular in shape and commonly are somewhat long and narrow. Areas of this soil are in the western part of the county, slightly inland from the coast. They tend to parallel the coastline. Slopes are smooth to concave. Typically, the surface layer is dark gray fine sand about 4 inches thick. The subsurface layer is fine sand about 18 inches thick. It is gray in the upper 6 inches, light gray in the next 6 inches, and light yellowish brown in the lower 6 inches. The subsoil is about 6 inches thick. It is brownish yellow sandy clay loam. The substratum is soft limestone.
2) **Wabasso variant fine sand –** This nearly level, poorly drained soil is in the flatwoods. Individual areas are relatively long and narrow. Areas of this soil occur in two parts of the county. The largest areas are west of Highway 19. These are rapidly being reduced in extent by mining operations for limestone. The other areas of this soil are in the Withlacoochee State Forest in the northeastern part of the county. Here, delineations are small and scattered. Slopes range from O to 2 percent. Typically, the surface layer is fine sand about 9 inches thick. It is black in the upper 4 inches and dark gray in the lower 5 inches. The subsurface layer is gray fine sand about 7 inches thick. The upper part of the subsoil is fine sand about 10 inches thick. It is dark reddish brown in the upper 3 inches, dark brown in the next 4 inches, and brown in the lower 3 inches. Separating the upper and lower parts of the subsoil is a layer of light yellowish brown fine sand about 3 inches thick. Next is a strong brown fine sandy loam to a depth of 35 inches and below that, strong brown sandy clay loam to a depth of about 39 inches. Soft, white limestone is at a depth of 39 inches, and hard limestone is at a depth of about 45 inches.
3) **Adamsville fine sand –** This nearly level, somewhat poorly drained soil is on low broad flats that are less than 2 feet higher in elevation than the adjacent sloughs. In most years, under natural conditions, the water table is at a depth of 20 to 40 inches for 2 to 6 months; but it may rise to within 20 inches of the surface for less than 2 weeks during very wet seasons. It recedes to a depth of more than 40 inches during dry periods.
4) **Aripeka fine sand –** This nearly level, somewhat poorly drained soil is on low ridges adjacent to the saltwater marsh. Individual areas are commonly long and narrow and are parallel to the marsh. Slopes are less than 2 percent. Typically, the surface layer is dark grayish brown fine sand about 2 inches thick. The subsurface layer consists of fine sand and is 10 inches thick; it is grayish brown in the upper 7 inches and white in the lower 3 inches. The subsoil begins at a depth of 12 inches and extends to a depth of 26 inches. It is yellowish brown fine sand in the upper 5 inches, strong brown fine sandy loam in the next 6 inches, and strong brown sandy clay loam, which

contains limestone cobblestones, in the lower 3 inches. Hard, white and yellow limestone begins at a depth of 26 inches. Solution holes that vary in depth and diameter are in the limestone.

Water and Wetlands

The State of Florida defines wetlands in Section 373.019 (17) of the Florida Statutes, and Section 62-340.200 (19) of the Florida Administrative Code as "areas that are inundated or saturated by surface water or ground water at a frequency and duration sufficient to support, and under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soils. Soils present in wetlands generally are classified as hydric or alluvial, or possess characteristics that are associated with reducing soil conditions. The prevalent vegetation in wetlands generally consists of facultative or obligate hydrophytic macrophytes that are typically adapted to areas having soil conditions described above. These species, due to morphological, physiological, or reproductive adaptations, have the ability to grow, reproduce or persist in aquatic environments or anaerobic soil conditions."

The Sea Pines Drive property contains approximately 46 acres of Category I, Category II, or Category III Wetlands. **(Figure 4: Wetlands Map).** Per the Pasco County Future Land Use element, Category I, II and III wetlands are defined as follows:

Category I- "Category I conservation areas shall mean those wetland areas which meet at least one of the following criteria: 1) Any wetland of any size that has a hydrological connection to natural surface, water bodies or the Floridan aquifer, 2) Any wetland of any size that is within a lake-littoral zone, 3) Any large, isolated, uninterrupted wetlands 100 acres or larger, and 4) Any wetland of any size that provides critical habitat for Federal- and/or State-listed, threatened or endangered species."

**Pasco County protects Category I wetlands more strongly than does the state of Florida. No impacts are allowed to Category I wetlands or impacts to the 25' upland buffer around Category I wetlands, except for public roads.*

Category II- "Category II conservation areas shall mean those wetland areas which meet any of the following criteria: 1) Consist of isolated wetlands or formerly isolated wetlands which, by way of man's activities, have been directly connected to other surface-water drainage and are greater than or equal to five acres, and 2) Are less than 100 acres and do not otherwise qualify as a Category I conservation area."

Category III- "A category III wetland meets all of the following criteria: 1) Isolated wetlands less than five acres, and 2) Does not otherwise qualify as a Category I or Category II conservation area."

Figure 3: Soils Map

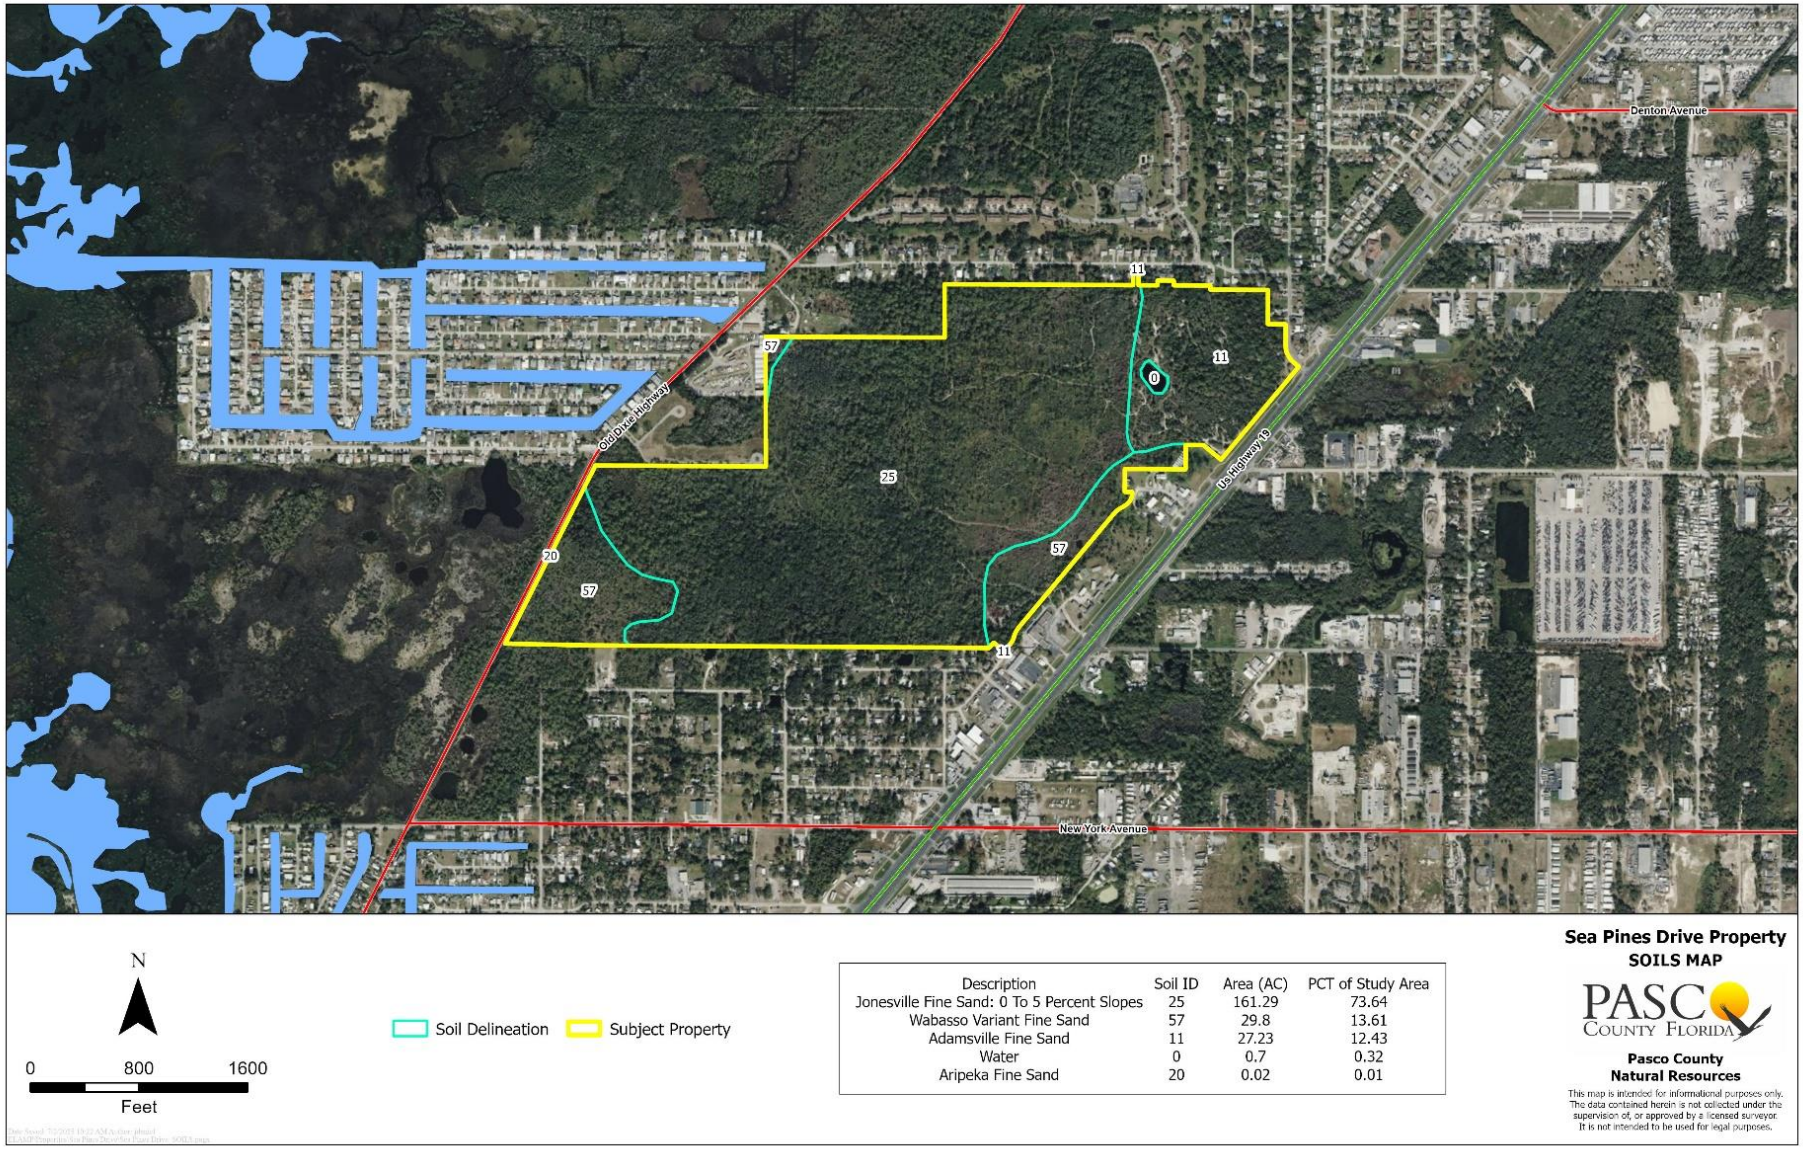

Figure 4: Wetlands Map

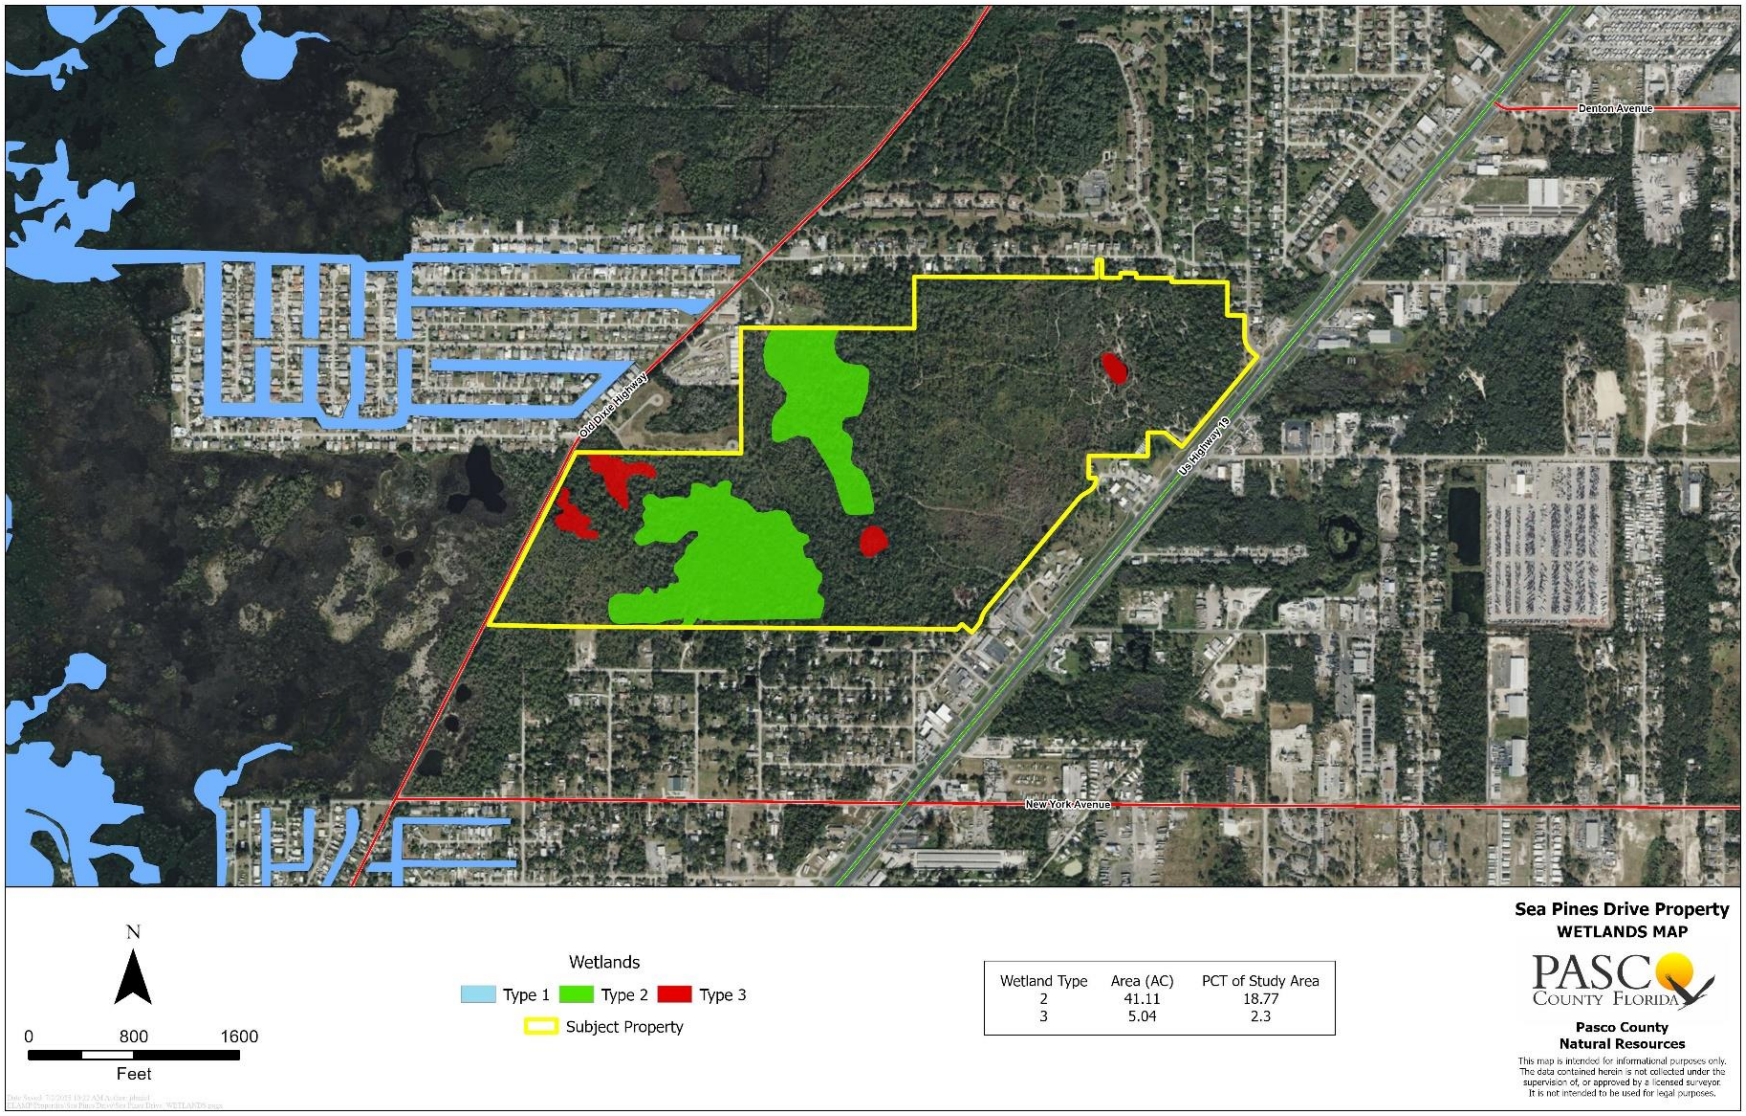

Current Zoning

The Sea Pines Drive Property is zoned MPUD* and C-2. **(Figure 5: Zoning Map).**

The purposes of the MPUD districts are "to encourage innovations in residential and nonresidential development and redevelopment so that the growing demand for housing in the County may be met by greater variety in type, design, and layout of dwellings to encourage the thoughtful consideration and inclusion of supporting nonresidential uses where appropriate, and to encourage the effective use of open space and recreational areas. To provide greater opportunities for better housing and recreation for all who are or will be residents of the County by encouraging a more efficient use of land and public services and to reflect changes in the technology of land development so that the economies so secured may inure to the benefit of those who need homes. To provide for residential cluster options and incentives that are designed to protect the rural character of the County's rural areas. To encourage more flexible land development which will respect and conserve natural resources such as streams, lakes, floodplains, groundwater, wooded areas, steeply sloped areas, and areas of unusual beauty or importance to the natural ecosystem. To encourage more efficient, flexible, and controlled employment centers, industrial, commercial, and other development under the MPUD concept."

The purpose of the C-2 General Commercial District is "to provide for the orderly development of those uses necessary to meet the community and regional needs for general goods and services, as well as those of a social, cultural, and civic nature, and to exclude uses not compatible with such activities."

Future Land Use (FLU)

Pasco County adopted the 2025 Comprehensive Plan in 2013 that dictates the future land use (FLU). The Sea Pines Drive property will be zoned Residential-6 and Retail/Office/Residential, depicted in the Future Land Use 2025 Map. **(Figure 6: FLU Map).**

The purpose of RES-6 is "to recognize those areas suited for single-and multi-family residential development having a maximum density of 6.0 dwelling units/developable residential acre."

Retail/Office/Residential (ROR) is "an inactive land use classification denoting areas which have developed into mixed use and commercial strips. Future application of this classification will denote areas appropriate for higher intensity, regional-serving, commercial and office uses. This land use classification was removed as an active designation in June 2006."

Flood Zones

The Federal Emergency Management Agency (FEMA) has placed more than 20,000 communities in the United States into a category of flood zones. Flood hazard areas identified on the Flood Insurance Rate Map are identified as a Special Flood Hazard Area (SFHA). SFHA are defined as the area that will be inundated by the flood event having a 1-percent chance of being equaled or exceeded in any given year. The 1-percent annual chance flood is also referred to as the base flood or 100-year flood. SFHAs are labeled as Zone A, Zone AO, Zone AH, Zones A1-A30, Zone AE, Zone A99, Zone AR, Zone AR/AE, Zone AR/AO, Zone AR/A1-A30, Zone AR/A, Zone V, Zone VE, and Zones V1-V30. Moderate flood hazard areas, labeled Zone B or Zone X (shaded) are also shown on the FIRM, and are the areas between the limits of

the base flood and the 0.2-percent-annual-chance (or 500-year) flood. The areas of minimal flood hazard, which are the areas outside the SFHA and higher than the elevation of the 0.2-percent-annual-chance flood, are labeled Zone C or Zone X (unshaded).

The Sea Pines Drive property **(Figure 7: Flood Zones)** contains:

AE Zone – 217.1 acres
X Zone – 1.93 acres

Zone A – "Areas with a 1% annual chance of flooding and a 26% chance of flooding over the life of a 30-year mortgage. Because detailed analyses are not performed for such areas; no depths or base flood elevations are shown within these zones."

X Zone – "Area of moderate flood hazard, usually the area between the limits of the 100- year and 500-year floods. B Zones are also used to designate base floodplains of lesser hazards, such as areas protected by levees from 100-year flood, or shallow flooding areas with average depths of less than one foot or drainage areas less than 1 square mile."

ELAMP Score Specific Information

Relationship to ELAMP Study (Index) Map

***This section corresponds with 1c of the scoring sheets.**

The ELAMP Study Area map is intended to show a potential project's relationship to the acquisition target areas identified in the 2002 report entitled, *Assessment of Measures to Protect Wildlife Habitat in Pasco County*. **(Figure 8: ELAMP Index Map).** The target areas visualized on the map are the Ecological Corridors and the EPUs. Ecological Corridors were identified as "linkages that would maintain a continuous network of wildlife habitat between existing public lands." For the most part, the boundaries of these corridors follow the boundaries of public lands, natural vegetation communities adjacent to public lands, and natural and altered (i.e. pasture) habitats underlying high biodiversity areas. EPUs are defined as an area with high biodiversity which harbors habitat for seven or more focal species and determined to represent the high biodiversity areas in the County. Areas of high biodiversity correspond with habitats high in species diversity including sandhill, hardwood swamp, and bottomland hardwoods.

The Sea Pines Drive contains the Connerton to Crossbar Ecological Corridor.

Edge Effect

***This section corresponds with 1d of the scoring sheets**

Edge effect is the negative impact of exterior conditions on interior species, habitat and populations. When a patch has a large amount of edge, it exposes the patch to greater perforation and permeability of non-habitat conditions, such as light, noise, disease, parasites, predators, pollutants, pathogens, temperature, and exotic species. Small patches, with more edge for a given area, experience proportionately greater negative effects than large patches. The number of species and health of populations are maximized when patches are large and compact, providing abundant interior areas, free from the impacts of edges. The simplest method to calculate edge effect is to determine the ratio of edge to area.

The ratio of edge to area for Sea Pines Drive is 0.00169, which is less than 0.0020, making it a matrix score of 5 (1 being the lowest and 5 being the highest priority).

Habitat Quality and Disturbance

The Sea Pines Drive property primarily comprises of 164.13 acres of pine flatwoods, 47.15 acres of streams and lake swamps, and freshwater marshes scattered throughout.

Florida Landscape Assessment Model

***This section corresponds with 2a of the scoring sheets.**

Per the FWC website, "the Florida Landscape Assessment Model (FLAM) is a Geographic Information Systems (GIS) tool that ranks the Florida landscape based upon natural resources and fish and wildlife habitat to help identify ecologically significant lands in the state. The FLAM incorporates a variety of spatial information from 15 variables including species habitat, managed lands, aquatic resources, and disturbance measures. The FLAM data can be used for conservation purposes such as determining ways to avoid or minimize project impacts and identifying appropriate parcels for public land acquisition. The FLAM was developed from 15 spatial variables. The variables were created from various sources including FWC, FNAI, and LCC. In general, the variables were based on species habitat, managed areas, disturbed areas, natural area connectivity, and aquatic resources. Each variable was assigned a weight to determine its influence on the final model. After assigning weights, the variables were summed and categorized into 10 classes using a quantile classification method. A transportation (e.g., paved roads) variable (value = 0) was burned on top of the summed layer so the final model had 11 classes ranging from 0–10 where 0 = worst and 10 = best landscape quality."

The Sea Pines Drive Property contains **(Figure 10: FLAM Map):**

Floral and Faunal Functions

Biodiversity

***This section corresponds with 3a of the scoring sheets.**

The Biodiversity Map is produced by FNAI. Biodiversity per the Critical Lands and Water Identification Project (CLIP) is defined as "the variety and variability among living organisms and the ecological complexes within which they occur including genetic diversity, species and natural communities". The Biodiversity category is comprised of Strategic Habitat Conservation Areas, Biodiversity Hotspots, Rare Species Habitat Conservation Priorities and Priority Natural Communities. The Biodiversity map includes all species and natural communities tracked by the Florida Natural Areas Inventory, including all federal listed species. The Biodiversity map is categorized by priority levels. The Priority levels are ranked from 1 to 5, 1 being the highest and 5 the lowest.

The Sea Pines Drive Property **(Figure 11: Biodiversity Map)** contains:

- Priority 2- 165.25 acres approximately
- Priority 5- 24.18 acres approximately
- Priority 4- 23.99 acres approximately
- No Resource Value- 3.72 acres approximately
- Priority 3- 1.9 acres approximately

Weighted Average Score 2.53

Critical Land Identification Project (CLIP)

The Florida Fish and Wildlife Conservation Commission (FWCC) funded the Critical Land Identification Project (CLIP) initiative, which is a hierarchical database consisting of 20 core natural resource data layers grouped into 5 Resource Categories. These categories are: Biodiversity, Landscape, Surface Water, Groundwater and Marine. A Resource Priority model was developed using simple rule-based selections for the Biodiversity, Landscape, and Surface Water categories. Those three models were then further combined into an Aggregated CLIP Priorities model based on both rule-based selections and overlap between resource category priorities. That data was compiled, analyzed and formed into qualitative categories, rendering a map that prioritizes all of Florida habitats for protection. Priorities are numerically ranked. Priority 1 is ranked the highest and priority 5 is the lowest.

The Sea Pines Drive Property contains **(Figure 12: CLIP Map)**:

- Priority 1- 136.9 acres approximately
- Priority 2- 47.65 acres approximately
- Priority 3- 31.62 acres approximately
- Priority 4- 1.18 acres approximately
- Priority 5- 0.85 acres approximately
- No Resource Value- 0.84 acres approximately

Weighted average score – 1.54

Water Resources/Wetlands

Water Quality

Staff is unsure of the water quality on site.

Adequate Buffer to the Wetlands

***This section corresponds with 4b of the scoring sheets.**

The alignment of the Ecological Corridors was prioritized to follow the existing riverine and water-based resources of the County. An average upland buffer width, perpendicular to the wetland line, can be used to determine the value of the buffer from the adjacent wetland systems. This determination can be made by using the conceptual wetland data set in the GIS, and then determining the average linear footage distance from the wetland to the upland. Scoring is from a 1 to 5 based on the available buffer in linear footage of 100-500. For example, a score of 1, indicates an available buffer of 100 feet. Available buffer of 500 feet or more is scored 5.0.

The Sea Pines Drive has a score of 2 due to majority of the identified wetlands being along the property boundary. The average distance from the property boundary to the edge wetlands is less than 200 feet.

Figure 11: Biodiversity Map

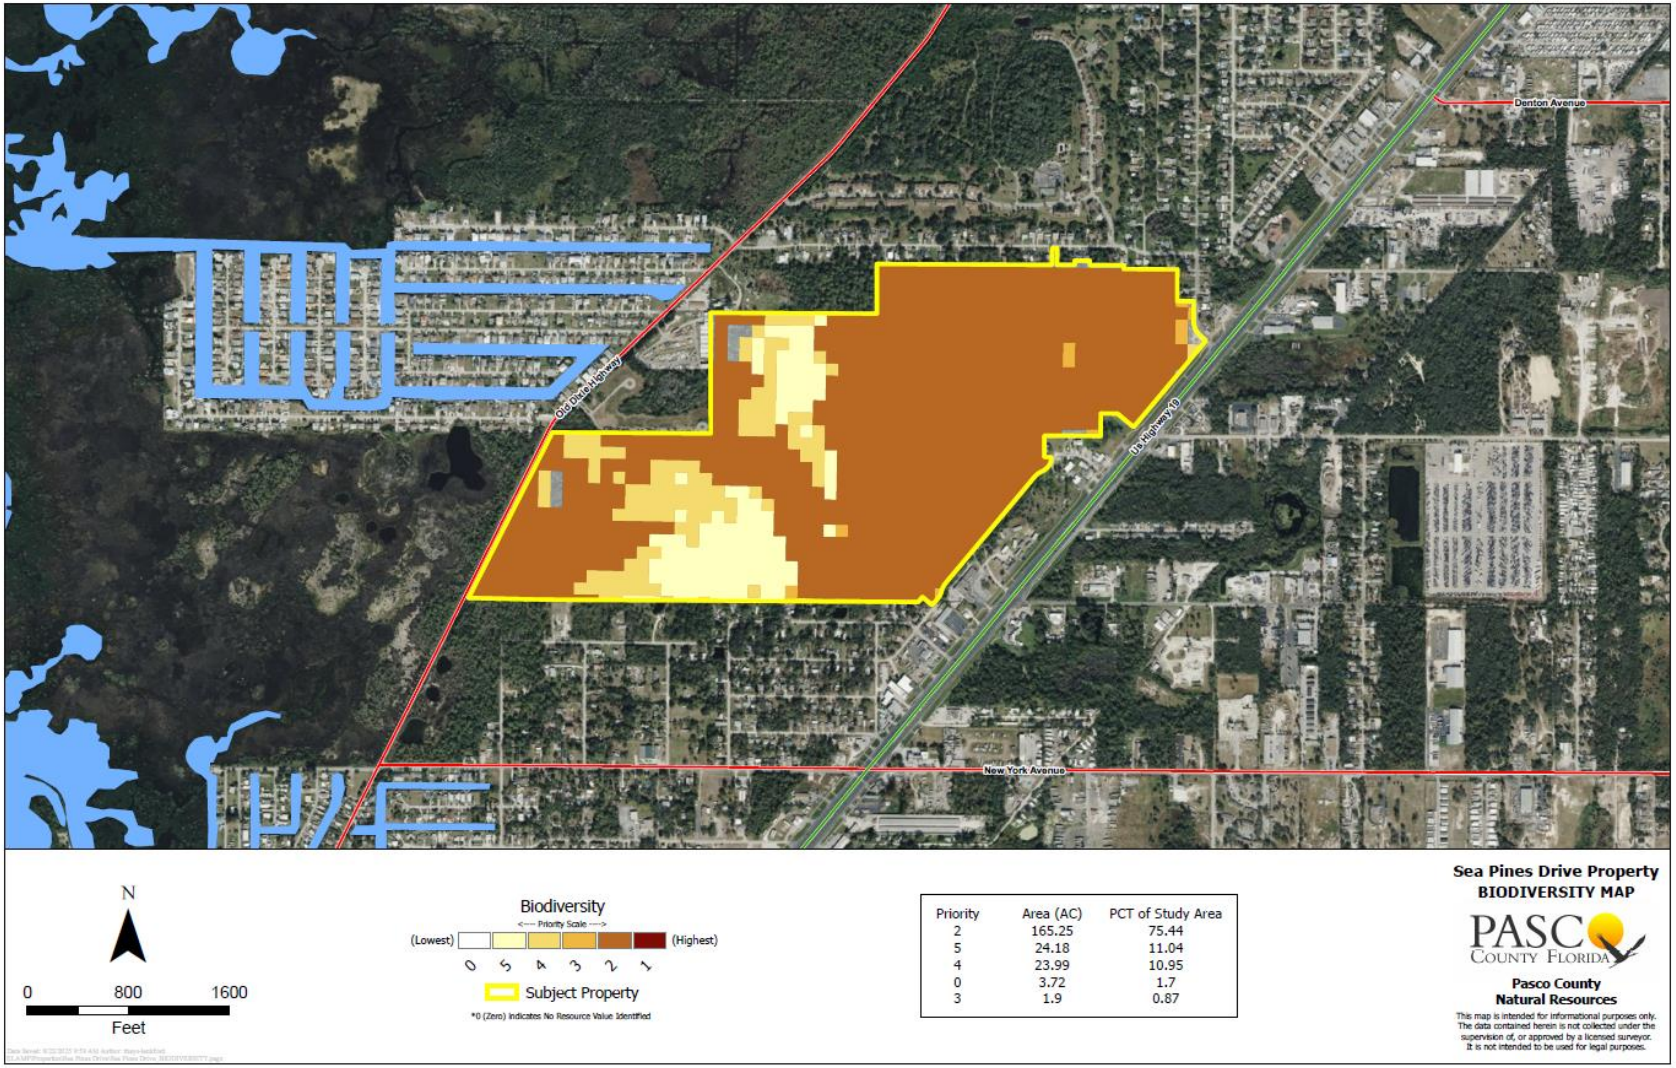

Figure 12: Critical Lands and Water Identification Project Map

Aquifer Recharge Map

***This section corresponds with 4c and 5 of the scoring sheets.**

The Florida Natural Areas Inventory (FNAI) subcontracted with Advanced Geospatial, Inc. (AGI) to develop a statewide Recharge Potential model. Input data layers for the model are consistent with those used in the Florida Aquifer Vulnerability Assessment (FAVA), developed by the Florida Geological Survey and consisted of soil hydraulic conductivity, proximity to karst features, depth to water, and overburden. The aquifer recharge map identifies conservation priorities for the protection of Florida's groundwater systems, including the Floridan, Intermediate and Surficial Aquifer systems. The map is represented by levels of priority with Priority 1 being the highest and 6 being the lowest. Prioritization also addresses the intent of Florida Forever to acquire recharge areas important for springs and water supply.

Due to the lack of information in the geodatabase, a weighted score cannot be calculated **(Figure 13: Aquifer Recharge Map**).

Unique Geological Resources

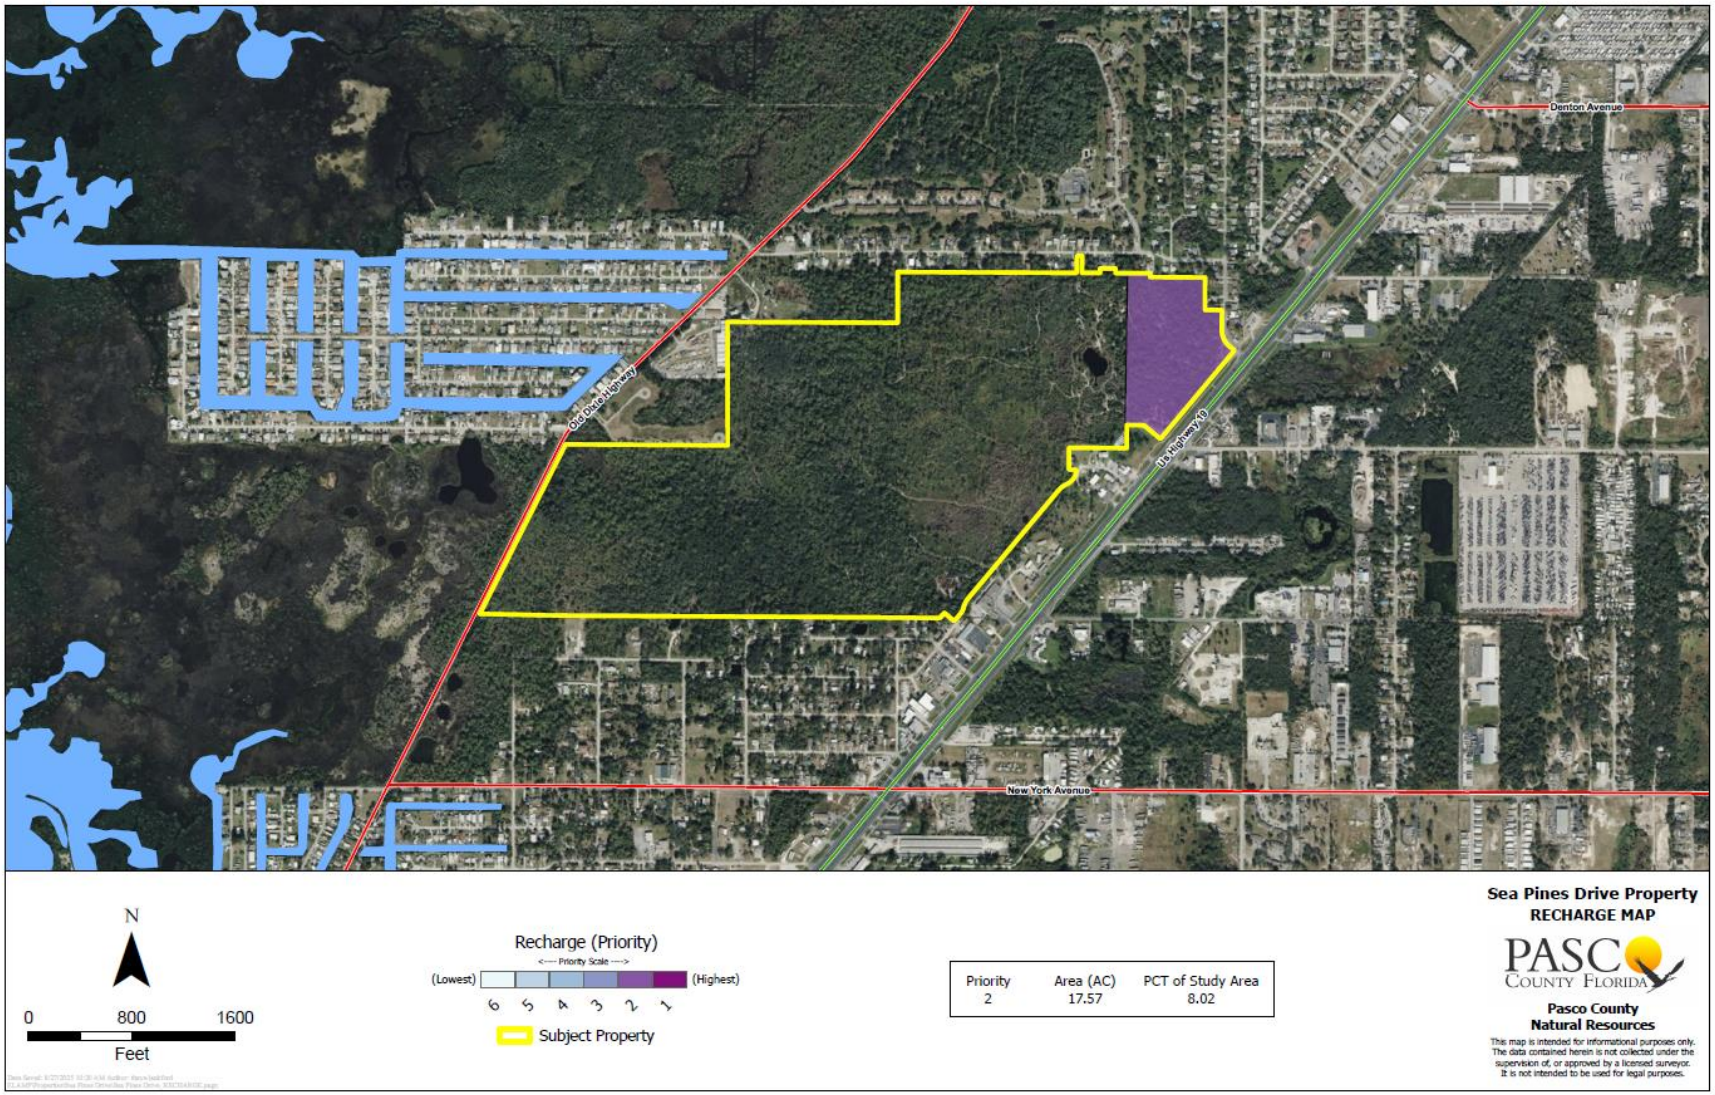
This property has no known unique geological resources.

Long term Management Requirements

***This section corresponds with 3b, 3c, 6a and 6b of the scoring sheets.**

Due to the surrounding development and urban interface, the property will need to be secured and monitored to prevent trespassing. The primary land management activities will be invasive species surveying and removal, prescribed fire or alternative mechanical methods, and restoring natural communities where possible.

Figure 13: Aquifer Recharge



Consistency with Larger ELAMP Objectives

The overall goals, objectives, and policies of ELAMP were stated in Resolution 04-233. The grid below lists these larger goals and attempts to measure the Sea Pines Drive property alongside them. AGENDA SECTION: Consent Agenda

THRU: Catherine Pearson, Assistant County Administrator

FROM: Keith Wiley, Parks, Recreation & Natural Resources Director

RECOMMENDED BOARD ACTION:

Approve the Parking Lease Agreement with Union Missionary Baptist Church of Port Richey, Inc. for additional parking for Pine Hill Park. Authorize the Chairman to execute the two originals of the Parking Lease Agreement, and direct Board Records to distribute as set forth under the Distribution section below.

Delegate to the County Administrator, or designee, the authority to act on behalf of the County for any purpose described in the agreement, upon approval by the County Attorney's Office, including the authority to provide any necessary notices or to modify the leased area or any non-substantive terms agreed to by lessor.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

Union Missionary Baptist Church of Port Richey, Inc. has generously agreed to lease parking space across the street from Pine Hill Park to Pasco County to provide additional parking for patrons during the year for Youth League programming. The lease with Union Missionary Baptist Church of Port Richey, Inc. is for a sum of $1,300.00 per year. The lease is a one-year lease with four one-year automatic renewals unless the agreement is terminated by one or both of the parties.

FISCAL IMPACT/COST/REVENUE STATEMENT:

Funding in the amount of $1,300.00 is available in the General Fund, Parks, Recreation, and Natural Resources Department, Recreation Division, Other Services Account.

DISTRIBUTION:

Board Records to distribute as set forth below:

1. Retain one original, fully executed agreement.

2. Electronically to:

PARKING LEASE AGREEMENT

THIS PARKING LEASE AGREEMENT made and entered into by and between UNION MISSIONARY BAPTIST CHURCH OF PORT RICHEY, INC., a Florida not for profit corporation, whose principal address is 6235 Pine Hill Road, Port Richey, Florida 34668 (herein referred to as "Lessor"), and PASCO COUNTY, FLORIDA, a political subdivision of the State of Florida, acting by and through its Board of County Commissioners, whose address is 37918 Meridian Avenue, Dade City, Florida 33525 (herein referred to as "Lessee").

W I T N E S S E T H:

WHEREAS, Lessor owns 1.24 acres of real property on north side of Pine Hill Road, Port Richey, Florida more specifically described in Exhibit "A" attached hereto and by reference made part hereof; and

WHEREAS, Lessor owns this parcel of land immediately across Pine Hill Road from the Parcel, commonly known as Pine Hill Park, and has a physical address of 6220 Pine Hill Road, Port Richey, Florida, and is currently utilized for youth sports and events; and

WHEREAS, the Lessee desires to utilize a portion of the property described in Exhibit "A" as additional parking for Pine Hill Park for the duration of the agreement;

NOW THEREFORE, IN CONSIDERATION of the mutual covenants contained herein, the parties agree as follows:

SECTION 1. DESCRIPTION OF PROPERTY

Parcel: 28-25-16-0010-05800-0091

See Exhibit "A," attached.

SECTION 2. P E R M I T T E D USE OF PROPERTY

Lessee will use the property to provide additional parking for Pine Hill Park as described herein:

Some sections of the property shall be restricted for parking by park users as depicted in Exhibit "B," attached.

- Usable parking includes a section located north of Union Missionary Baptist Church buildings and east of the Union Missionary Baptist Church buildings, as depicted by the blue section on Exhibit "B."
- The parking section north of the church buildings (behind the church) off Oakleaf Avenue may be utilized anytime during the week as depicted by the yellow section on Exhibit "B."
- There will be no parking allowed on Wednesdays from 6:00 p.m. to 9:00 p.m. and Sundays 9:00 a.m. to 3:00 p.m. in the section east of the Church buildings, as depicted by the blue section on Exhibit "B."
- No parking anytime on the concrete section, in handicapped spaces, or in spaces marked as guest parking, as depicted by the red section on Exhibit "B."
- No overnight parking will be permitted on any portion of the property.
- Lessor will post signs stating "No Parking" on days when the Lessor is holding special church

activities outside of the aforementioned days and times and will provide Lessee reasonable time in advance notice of such activities.

SECTION 3. TERM

The Term of the lease agreement will be one (1) year with four (4) one-year automatic renewals unless the agreement is terminated by one or both of the parties in writing.

SECTION 4. COMPENSATION

Lessee shall pay Lessor the total sum of One Thousand Three Hundred and 00/100 Dollars ($1,300.00) payable annually at the beginning of the contract term.

SECTION 5. AVAILABILITY OF FUNDS

The obligations of the Lessee under this lease agreement are subject to the availability of funds, lawfully appropriated for such purposes, by the Board of County Commissioners of Pasco County. In the event such funds are not appropriated or are terminated, during the term of this Lease, Agreement, the Lessee will have the option of non-renewal of this lease agreement by providing thirty (30) days written notice to Lessor.

SECTION 6. QUIET POSSESSION

Lessor warrants that Lessee, upon paying the annual rent, keeping, observing, and performing all other terms, conditions, and provisions herein, shall be entitled to peaceably and quietly have, hold, and enjoy the leased property according to the terms, conditions, and provisions hereof, during the full term of the lease agreement and any extensions thereof.

SECTION 7. IMPROVEMENTS

Lessee shall have the right to make alterations and improvements to the property with Lessor's prior written approval. Fencing previously installed by Lessee is to remain for the duration of this lease agreement and will be the responsibility of the Lessee to remove said fence within thirty (30) days of the expiration of this lease agreement.

SECTION 8. ASSIGNMENT OR SUBLEASE

Lessee shall not assign any rights, interest, or duties under this lease agreement, not sublet the property, nor allow any other person to utilize the property without prior written consent of Lessor. This lease agreement shall not be assignable by operation of law without the written consent of the Lessor and such consent shall not be unreasonably withheld.

SECTION 9. NOTICE

Whenever this lease agreement requires that notice or demand shall be given or served on either party to this lease agreement, such notice or demand shall be in writing and shall be delivered personally or forwarded by certified or registered mail, evidenced by return receipt, to the following addresses:

Lessee:
Pasco County Parks, Recreation and Natural Resources
4111 Land O' Lakes Boulevard, Suite 201

Land O' Lakes, Florida 34639

Lessor:
Union Missionary Baptist Church of Port Richey, Inc.

Port Richey, FL 34668

SECTION 10. AMENDMENTS

No amendments, modifications, or alterations of the terms hereof shall be binding unless the same is in writing, dated concurrent or subsequent to the date hereof, and duty executed by the parties hereto.

SECTION 11. ENTIRE AGREEMENT

This lease agreement represents the entire agreement between the parties and supersedes all prior and written communication and representations.

SECTION 12. GOVERNING LAW AND VENUE

The validity and interpretation of this lease agreement shall be governed by the law of the State of Florida, and venue shall be in the Sixth Judicial Circuit of Pasco County, Florida.

SECTION 13. BINDING EFFECT

This lease agreement shall be binding upon and inure to the benefit of the successors, assigns, heirs, and any administrators of the parties.

SECTION 14. MAINTENACE

Lessee agrees to add and maintain millings in the parking lot, as needed, during the term of this lease agreement.

SECTION 15. INSURANCE

Lessee is a self-insured political subdivision for the purposes of general liability and property damage and workers compensation, as provided under Florida Statute 111.072. Nonetheless, to the extent permitted by law, and subject to the provisions of Florida Statute 768.28, and without waiving its sovereign immunity, Lessee shall indemnify, defend, and hold harmless Lessor, its agents and employees, from any claim, loss, damage, costs, charge, or expense, including attorney's fees and costs, arising from or in connection with (i) the Lessee's use of the property, or any work or thing whatsoever done, or any condition created on or about the property, during the term of this lease agreement by Lessee; (ii) any act, omission or negligence of Lessee or any of Lessee's licensees or the officers, agents, employees, invitees, or contractors of Lessee or of Lessee's licensees; (iii) any accident, injury, or damage whatsoever occurring on or at the property; except the Lessee will not be liable under this provision for damages arising out of the injury or damage to persons or property directly caused or resulting from the negligence of the Lessor or any of its agents or employees".

SECTION 16. CANCELLATION OF LEASE AGREEMENT

This lease can be cancelled by either party with or without cause upon thirty (30) days written notice to the other party or earlier by mutual agreement.

SECTION 17. LESSOR AUTHORIZED

Lessor, below, represents that Lessor is authorized to enter into this lease agreement on behalf of the owners of the property.

IN WITNESS WHEREOF, the parties hereto have, by their duly authorized representatives executed this agreement on the dates set forth below.

BY THE BOARD OF COUNTY COMMISSIONERS **RESOLUTION NO. _____**

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF PASCO COUNTY, FLORIDA, AMENDING THE FINAL BUDGET FOR FISCAL YEAR 2026; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, Section 129.06(2), Florida Statutes provides legal authority and defines how a budget may be amended for that year, and may within the first 60 days of a fiscal year amend the budget for the prior fiscal year; and,

WHEREAS, pursuant to Section 129.06(2)(d), Florida Statutes, a receipt of a nature from a source not anticipated in the budget and received for a particular purpose, including but not limited to grants, donations, gifts, or reimbursement for damages, may, by resolution of the board spread on its minutes, be appropriated and expended for that purpose, in addition to the appropriations and expenditures provided for in the budget. Such receipts and appropriations must be added to the budget of the proper fund. The resolution may amend the budget to transfer revenue between funds to properly account for unanticipated revenue.

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of Pasco County, Florida, that:

1. The Fiscal Year 2026 Final Budget be amended.
2. Revenues and expenses are increased in the amount of $6,000.00 within the General Fund for the purchase of equipment in the Parks, Recreation, and Natural Resources department from funding provided by the Tourism Development Tax Fund.
3. This resolution will take effect immediately upon its adoption.

AGENDA SECTION: Consent Agenda

THRU: Catherine Pearson, Assistant County Administrator

FROM: Keith Wiley, Parks, Recreation & Natural Resources Director

RECOMMENDED BOARD ACTION:

Approve the Cooperation and Partnership License Agreement for the USA Calisthenics Association Inc., to build and install an outdoor Calisthenics Park within Sunwest Park. Authorize the Chairman to execute one original agreement provided, and direct Board Records to distribute as set forth under the Distribution section below.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

On June 18, 2025, the Tourist Development Council approved the Host Sponsorship Agreement with USA Calisthenics Association Inc. (USACA) for up to $15,000.00, which included $6,000.00 towards the installation of a Calisthenics Park at Sunwest Park.

Per the Host Sponsorship Agreement, USACA will host the Florida Cup on February 7, 2026, a WSWCF Ranking Series event for freestyle calisthenics. This event is expected to attract approximately 100 overnight athletes from across the country.

The Cooperation and Partnership Agreement will allow the Parks, Recreation, and Natural Resources Department (PRNR) to work cooperatively in designing, managing and performing the installation of the Calisthenics Park with USACA. The Park will be designed to promote inclusive outdoor fitness and community engagement and will include but not limited to short and long bars and parallel and snake bars.

The $6,000.00 was transferred to the General Fund, Passive Parks, Parks & Recreation, Other Equipment, Sunwest Park from the Tourist Development Tax Fund as the County share to pay for the installation and build the Calisthenics Park.

FISCAL IMPACT/COST/REVENUE STATEMENT:

PASCO COUNTY TOURIST DEVELOPMENT
SPONSORSHIP AGREEMENT

THIS TOURIST DEVELOPMENT SPONSORHIP AGREEMENT is made and entered into by and between PASCO COUNTY, a political subdivision of the State of Florida, by and through its Board of County Commissioners, hereinafter called "COUNTY," and USA Calisthenics Association Inc., a Florida not for profit corporation, hereinafter called the "USACA."

W I T N E S S E T H:

WHEREAS, the Pasco County Tourist Development Council seeks to provide for the advancement, generation, growth and promotion of tourism, the enhancement of the tourist industry, and the attraction of tourists from within and without the State of Florida to Pasco County; and

WHEREAS, Section 125.0104(5)(a)2, Florida Statutes, provides that tourist development tax revenues may be expended to promote and advertise tourism in the State of Florida, nationally and internationally; and

WHEREAS, USACA, has proposed to hold an event, the Florida Cup, hereafter referred to as "the Event," to be held February 7, 2026, in Hudson, Florida, that will attract tourists to Pasco County; and

WHEREAS, in furtherance of promoting Pasco County to tourists, the Board of Pasco County Commissioners desires to provide monetary reimbursement from tourist development tax revenues to USACA for qualifying promotion and advertising of the Event.

NOW, THEREFORE, IN CONSIDERATION of the covenants and promises contained herein, it is mutually agreed between the parties hereto as follows:

SECTION 1. RECITALS

The foregoing whereas clauses are incorporated herein by reference and made a part hereof.

SECTION 2. TERM

This Agreement shall commence upon execution of this Agreement, and shall end on March 25, 2026, unless otherwise terminated or extended in accordance with the provisions of this Agreement and without prejudice to any surviving obligation.

SECTION 3. MAXIMUM AMOUNT OF FUNDING

A total of up to $9,000.00 may be remitted to USACA by the COUNTY within forty-five (45) days after full execution of this Agreement.

SECTION 4. SPONSORSHIP BENEFITS

The COUNTY's destination brand, Florida's Sports Coast (hereinafter referred to as "FSC") shall be recognized as Sponsor of the Event. The COUNTY shall receive all of the following:

- The Event shall take place at Sunwest Park, located in Hudson, Florida.
- Florida's Sports Coast (FSC) shall be prominently featured via Instagram Collaboration in no fewer than six (6) co-branded reels or posts posted by USACA during the Event. All reels or posts shall incorporate FSC's approved branding and messaging and be published during the Event to maximize engagement and visibility across audiences.
- USACA shall produce and publish an Instagram post featuring both the calisthenics park at Sunwest Park and Florida's Sports Coast (FSC) no later than ninety (90) calendar days prior to the commencement of the Event. This initial post shall serve as the foundation for Event promotion and FSC brand visibility. Additionally, USACA shall promote the Event and FSC through Instagram posts and reels no fewer than two (2) times per month during the final three (3) months before up to the Event.
- FSC shall receive brand visibility through its inclusion on the Event's official t-shirts. These t-shirts shall be distributed to and worn by participating Florida-based calisthenics clubs during the Event. FSC's logo placement shall be prominent and aligned with the overall design theme approved by both USACA and FSC, ensuring consistent and high-impact exposure throughout the Event. During the Event, USACA shall ensure that each of the six (6) Florida- based freestyle athletes participates in real-time promotional activities featuring FSC via Instagram Collaborations. These activities shall include, at a minimum:

    - One (1) Instagram post or reel per athlete published on the day of their performance or appearance.
    - On-site engagement with FSC branding through apparel, signage, and verbal acknowledgments.
    - Behind-the-scenes content, interviews, or live interaction highlighting the athlete's experience and FSC's role as a key event sponsor.

SECTION 5. REQUIREMENTS FOR FUNDING

a. USACA shall comply with all Sponsorship Benefits included in Section 4 of this Agreement.
b. Within forty-five (45) days after the ending date of the Event (March 25, 2026), USACA shall submit to the COUNTY a complete Post Event Promotional Report, containing original or copies of advertisement(s), broadcast/video script(s) or demo video/audio versions of promotions, print advertisement, and/or internet advertisement, social media screenshots and any other applicable proof of performance of the Sponsorship Benefits as stated in Section 4 of this Agreement. The Post Event Promotional Report shall include promotional value and performance statistics for each of the Sponsorship Benefits.
c. Within forty-five (45) days after the ending date of the Event (March 25, 2026), USACA shall submit to the COUNTY a complete Post Event Report, provided as Exhibit B, reporting attendance and room night generation.
d. USACA must fill out Sports Tourism Survey using the QR Code included in the Post Event Report mentioned in Section 5.c. of this Agreement.
e. Failure to comply with the requirements of this Section shall render USACA ineligible for payment under this Agreement.

SECTION 6. NOTICES

All notices shall be deemed to have been duly given (a) when delivered in person, (b) upon confirmation of receipt when transmitted by facsimile transmission or by electronic mail (but, in the case of electronic mail, only if followed by hand delivery, transmittal by national overnight courier for delivery on the next Business Day, or when an email delivery receipt is obtained), (c) upon receipt after dispatch by registered or certified mail, postage prepaid, or upon refusal, or (d) on the next Business Day if transmitted by national overnight courier (with confirmation of delivery). All notices required or permitted hereunder shall be addressed to the parties as follows:

If to the COUNTY:

Pasco County Destination Management Organization
8731 Citizens Dr.
New Port Richey, FL 34654

If to USA Calisthenics Association Inc.:

Yohann Offredo

SECTION 7. MISCELLANEOUS PROVISIONS

a. Prior Agreements. This Agreement represents the entire Agreement between the parties and supersedes any and all prior agreements, negotiations or understandings, written or oral relating to the matters set forth herein. Prior agreements, negotiations, or understandings, if any, shall have no force or affect whatsoever on this Agreement.

b. Assignment. No assignment, delegation, transfer or novation of this Agreement or any part hereof shall be made unless approved in writing and signed by the parties to this Agreement.

c. Severability. If any part, term or provision of this Agreement is held to be illegal, unenforceable or in conflict with any applicable federal, state, or local law or regulation, such part, term or provision shall be severable, with the remainder of this Agreement remaining valid and enforceable.

d. Amendments. No modification, addendum, or amendments of any kind whatsoever may be made to this Agreement unless in written consent and signed by both parties.

e. Sovereign Immunity. Nothing in this Agreement shall be construed in any way to waive the sovereign immunity of the COUNTY under Section 768.28, Florida Statutes (2024), as this statute may be amended from time to time, is deemed to apply to this contractual Agreement. USACA shall be and act as independent contractors, and under no circumstances shall this Agreement be construed as one of agency, partnership or joint venture of employment between USACA and the COUNTY and/or agency thereof. None of the personnel under contract to, employed by, or volunteering for USACA shall be deemed in any way to have any contractual relationship with the COUNTY and/or agency thereof. USACA shall be solely responsible for the conduct of its employees and agents in connection with their performance of obligations hereunder.

f. Indemnification/Insurance. USACA agrees to indemnify and hold harmless the COUNTY, its respective directors, officers, employees, and agents from any and all liability and/or claims arising out of the negligence or willful misconduct of USACA in connection with the Event. USACA hereby

agrees to indemnify and hold harmless the COUNTY and its officers, agents, and employees from any and all liability and/or claims, demands, judgments, suits, causes of action, and attorneys' fees and costs assessed against it or them arising out of the negligence or willful misconduct of USACA or as a result of the COUNTY having provided the funding which is the subject of this Agreement.

USACA shall obtain and maintain occurrence-type general liability insurance coverage in amounts not less than one million dollars ($1,000,000.00) per occurrence and one million dollars ($1,000,000.00) annual aggregate, with insurance carriers approved by the County. If such coverage is provided on a claims-made basis, then such insurance shall continue throughout the term and upon the termination or expiration of this Agreement, USACA shall purchase tail coverage for a period of three years after the termination or expiration of this Agreement (said tail coverage shall be in amounts and type equivalent to the claims-made coverage).

USACA shall furnish to the County certificate(s) of insurance in the form required by the County and, if requested by the County, USACA shall provide certified copies of all required insurance policies. The certificate(s) of insurance shall clearly indicate that USACA has obtained insurance of the type, amount, and classification required for strict compliance with this Agreement and that no reduction in coverage or in limits, suspension, or cancellation of the insurance shall be effective without thirty (30) days prior written notice to the County. All certificate(s) of insurance shall be signed by a person authorized by that insurer to bind coverage on its behalf. Each insurance policy required by this Agreement shall be endorsed to state that coverage shall not be suspended, voided, cancelled, reduced in coverage or in limits, except after thirty (30) days prior written notice by certified mail (return receipt requested) has been given to the County to the attention of the Pasco County Risk Manager, Pasco County BOCC, 7536 State Street New Port Richey, Florida 34654. In the event any insurance coverage expires prior to the expiration of this Agreement, a renewal certificate shall be issued thirty (30) days prior to said expiration. Compliance with the foregoing requirements shall not relieve USACA of any liability and/or other obligations pursuant to this Agreement. Neither approval by the County, nor failure to disapprove insurance certificates or policies furnished by USACA, shall release USACA from full responsibility of all liability or its obligations under this Agreement.

All insurance policies shall be issued by responsible companies authorized to do business under the laws of the State of Florida. Said insurance companies shall have an "A" policyholders' rating, have a financial rating of at least Class VIII in accordance with the most current Best Key Rating Guide, and shall be satisfactory to the County. Policies of insurance required by this Agreement shall be

primary insurance with respect to the County, its officials, agents, or employees. Any insurance or self-insurance maintained by the County or its officials, agents, or employees, shall be in excess of USACA's insurance and shall not contribute with it. All policies of insurance required by this Agreement shall specifically provide that Pasco County, Florida, a political subdivision of the State of Florida, by and through its Board of County Commissioners and its officials, agents, or employees shall be "additional insureds" under the policy. The insurance coverage and limits provided herein are designed to meet the minimum requirements of the County. The provisions of this paragraph f. shall survive the Term and/or termination of this Agreement.

g. Governing Law. This Agreement shall be governed by the laws of the State of Florida, and venue for any litigation about this Agreement shall be in the 6th Judicial Circuit in and for Pasco County, Florida.

h. Time is of the Essence. Time is of the essence to all parts of this Agreement.

i. Force Majeure. Neither party shall be responsible for events beyond its reasonable control, such as acts of God, pandemics, weather delays, government restrictions, or unforeseen commercial delays. If the Events are postponed or cancelled, they may be rescheduled for another time prior to September 30, 2026.

j. Third Party Beneficiaries. The parties hereby acknowledge and agree that it is not the intent of any party to this Agreement to confer any rights on any persons or entities other than the parties to this Agreement. No person or entity not a party to this Agreement shall have any claim or cause of action against the County for the failure of any party to perform in accordance with the provisions of this Agreement except as may be provided by law.

k. Public Records. USACA shall comply with the requirements of Florida's Public Records Act, Chapter 119, Florida Statutes. To the extent required by Section 119.0701, Florida Statutes, USACA shall: (a) keep and maintain public records required by the County to perform the service under the Agreement; (b) upon request from the County's custodian of public records provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided for under Florida's Public Records law; (c) ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and

following completion of the contract if USACA does not transfer the records to the County; and (d) upon completion of the contract, transfer, at no cost to the County, all public records in possession of USACA. Upon transfer, USACA shall destroy any duplicate public records that are exempt or confidential and exempt from public records requirements. All records stored electronically must be provided to the County in a format that is compatible with the information technology systems of the County. All documentation produced as part of this Agreement will become the property of the County. This paragraph shall survive the expiration or termination of this Agreement.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 727-847-8129, tourism@FLSportsCoast.com, and 8731 Citizens Dr. New Port Richey, FL 34654.

Under Florida law, a Contractor who fails to provide the public records to the County within a reasonable time may be subject to penalties under Section 119.10, Florida Statutes, and such non-compliance will constitute a breach of the Agreement and may serve as grounds for termination of this Agreement.

I. Termination. Either party to this Agreement has the right to terminate the Agreement in whole or in part, upon thirty (30) days written notice to the other party. Notwithstanding the foregoing, this Agreement may be terminated upon the COUNTY's failure to approve a budgetary allocation for any given fiscal period or upon breach of the Agreement by AAFF. Upon termination of the Agreement, all obligations of the parties under this Agreement shall cease and any County funds, which have not been disbursed to USACA at the time of such termination shall remain property of the COUNTY.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:
The Food Policy Advisory Council (FPAC) was established by the Board of County Commissioners in 2015 and re-constituted through Resolution No. 21-185. FPAC was created for the purpose of supporting an equitable, resilient, local food system in the County and to facilitate the review of responsible policies that improve the access to culturally appropriate, nutritionally sound and affordable food produced in the County. FPAC provides credible, well-conceived community food policy advice that can dramatically reduce instances of chronic disease and obesity, preserve agricultural lands, promote agricultural uses throughout the County, and assist in the development of new businesses in the food system sector.

Duties of the Food Policy Advisory Council are to:

- Provide collaborative, educated insights on food system elements that touch on economic development, food security efforts, preservation and enhancement of agricultural lands, and environmental concerns through community workshops;
- Support the development and expansion of locally produced foods through venues such as farmers markets and corner stores;
- Review proposed and existing County ordinances that affect the food system and advise the BCC on actions related to supporting the County's food system as appropriate;
- Make recommendations to the BCC concerning County food system elements;
- Gather, synthesize, and share information regarding community food systems within the County and the municipalities; and
- Provide an annual status report on the activities that the FPAC has undertaken in support of its purpose.

FY2025 FPAC Activities:
The Food Policy Advisory Council's activities were limited by recovery after Hurricanes Helene and Milton. However, the FPAC did accomplish the following:

1. FPAC members tracked Florida House Bill 89, during the 2025 legislative session. This bill would have allowed local governments to enact land

development regulations to permit land use for small-footprint grocery stores located in food insecure areas. The bill died in committees and was not enacted.
2. FPAC conducted a food policy crosswalk to review food policy in other jurisdictions as noted in Resilient Pasco Action Plan (4.4.3). The goal of this effort was to learn from other areas how local food sovereignty is best supported.
3. FPAC conducted a policy review of the proposed Pasco County Backyard Chickens Ordinance. FPAC reviewed and provided comments to the Ordinance Development Team, relating to LDC Section 530.25 and Chapter 14 of the Code of Ordinances.
4. FPAC participated in Plants and Pints events throughout the year. The event is hosted by Keep Pasco Beautiful, and New Port Richey Farmnet. This plant swap and produce exchange occurs the third Thursday of the month at Ordinance One in New Port Richey, FL.
5. FPAC planned the Pasco County Second Annual Food Summit. The free event featured presentations from local experts in agriculture, food sustainability, and community food security. The First Food Summit was held in January of 2024 and its success helped guide the planning of the 2025 Food Summit.

BY THE BOARD OF COUNTY COMMISSIONERS **RESOLUTION No. 21-185**

A RESOLUTION BY THE PASCO COUNTY BOARD OF COUNTY COMMISSIONERS CONSOLIDATING RESOLUTION NOS. 15-165, 17-231, AND 20-154 AND RE-CONSTITUTING THE PASCO COUNTY FOOD POLICY ADVISORY COUNCIL

WHEREAS, the Pasco County Food Policy Advisory Council (FPAC), established by Resolution No. 15-165 and restructured by Resolution Nos. 17-231 and 20-154, has provided the Pasco County Board of County Commissioners and stakeholders with a forum to encourage the establishment of small businesses; the offering of safe, nutritious, affordable, and locally grown food; the efficient use of land, the preservation and conservation of agriculture; the reduction in food transportation distances; and the promotion of agricultural educational resources for the local population; and

WHEREAS, on March 10, 2021, at the regularly scheduled FPAC meeting, the FPAC voted unanimously to recommend to the Pasco County Board of County Commissioners to restructure the attorney member criteria to expand the pool of valuable skilled legal professionals for potential application to the FPAC attorney member position of the FPAC; and

WHEREAS, on March 10, 2021, at the regularly scheduled FPAC meeting, FPAC voted unanimously to recommend to the Pasco County Board of County Commissioners to extend the term of the FPAC for another six (6) year period to May 19, 2027; and

WHEREAS, the proposed restructuring of the FPAC member attorney criteria and extension of the FPAC term for another six (6) years will provide credible, well-conceived community food policy advice that can dramatically reduce instances of chronic disease and obesity, preserve agricultural lands, promote agricultural uses throughout the County and assist in the development of new business innovation in the food system sector; and

WHEREAS, the Board of County Commissioners desires to consolidate Resolutions Nos. 15-165, 17-231 and 20-154 and to re-constitute the FPAC as described herein.

NOW, THEREFORE, BE IT RESOLVED by the Pasco County Board of County Commissioners, in regular session duly assembled, that Resolution No. 15-165, as amended by Resolution No. 17-231, and as amended by Resolution No. 20-154 be consolidated and amended as follows:

Section 1. Recitals. The above recitals are true and correct and incorporated herein by reference.

Section 2. Purpose of the Food Policy Advisory Council.
The Pasco County Board of County Commissioner (BCC) has established the Food Policy Advisory Committee (FPAC) to support an equitable, resilient, local food system in Pasco County. The FPAC serves at the discretion of the BCC and provides advisement to the BCC by adhering to its mission of facilitating the review of responsible policies that improve the access to culturally appropriate, nutritionally sound and affordable food produced in Pasco County. Since its establishment in 2015, the FPAC has performed consistent with its mission and shall continue to be a resource to the BCC and the residents of Pasco County.

Section 3. Duties of the Food Policy Advisory Council.

The duties of the FPAC are as follows:

Provide collaborative, educated insight on food system elements that touch on economic development, food security efforts, preservation and enhancement of agricultural lands, and environmental concerns through community workshops that:

a) support the development and expansion of locally produced foods through venues such as farmers markets and corner stores;
b) review proposed and existing County ordinances that affect the food system and advise the BCC on a better course of action relative to supporting the County's food system as appropriate;
c) making recommendations to the BCC concerning County food system elements;
d) gather, synthesize, and share information regarding community food systems throughout the County and within the municipalities; and
e) provide an annual status report on the activities that the FPAC has undertaken in support of its Purpose.

Section 4. Composition of the Food Policy Advisory Council and Membership

a) Composition: The FPAC shall be comprised of eleven (11) voting members and one (1) non-voting member appointed by the BCC. The FPAC shall be comprised of:

i. Voting Members:

1. A farmer that resides and farms in Pasco County;
2. A health care professional employed by the Florida Department of Health located in Pasco County;
3. A food/nutrition/agricultural professional that is employed by the District School Board of Pasco County;
4. An academic professional specializing in cultural studies and ecology employed by a local university /higher education institution;
5. A local representative from an established farmers' market;
6. An attorney experienced in food systems, preferably residing and/or practicing in Pasco County or the Tampa Bay region.
7. A representative from a not-for-profit organization within the food system sector operating in Pasco County;
8. A representative from a grocer/distributor industry.
9. A food/nutrition professional that resides in Pasco County and possesses certified nutritionist credentials.
10. At-Large Position #1.
11. At-Large Position #2.

ii. Non-Voting Member:

1. A professional employed by the University of Florida's Institute of Food/Agriculture Science ("IFAS") program working in Pasco County's Cooperative Extension Program.

iii. Alternate Members:

1. Each of the above FPAC voting and non-voting members may have a designated alternate, with voting rights (except the non-voting member) if the seated FPAC member cannot attend an FPAC meeting. Designated alternates are expected to attend all FPAC quarterly meetings and workshops, as scheduled.

b) Terms. FPAC members shall be appointed to a three (3) year term with no person serving more than three consecutive terms as a member, except that if an appointment to the FPAC expires before the BCC has appointed a replacement member, then the member whose term has expired shall serve until a successor has been appointed.

c) Meetings. The FPAC shall meet at a minimum quarterly or more frequently as agreed upon by the majority vote of the members. A Pasco County staff member from the Planning and Development Department shall provide support based on availability.

d) Vacancy. If an FPAC member misses more than two meetings in a given year their membership shall be reviewed and replaced if agreed by a majority vote of the FPAC members. Member vacancies shall be filled in the same manner as the original appointment.

f) Compensation. Members shall be able to devote the time necessary to participate in the activities of the FPAC. Members shall receive no compensation for the performance of their duties as members of the FPAC; however each member may be paid necessary expenses, as authorized in Section 112.061, Florida Statutes, incurred while engaged in the performance of duties to the extent funds are available and such expenses are approved in advance by the County.

Section 5. Officers, Quorum, and Rules of Procedure.

a) Chairperson. The FPAC shall elect a Chairperson among the appointed FPAC members to preside at all meetings. The Chairperson shall be elected in June of each year and shall serve until the first meeting in June of the following year. The Chairperson will be responsible for creating meeting agendas with County staff designee. Additionally, the Chairperson will make all presentations, findings and determinations to the Pasco County BCC unless designated to another member and agreed upon by majority vote of the members. The Chairperson shallbe subject to the term limits set forth for all members.

b) Vice-Chairperson. The FPAC shall elect a Vice-Chairperson to preside and act on behalf of the Chairperson during his or her absence. The term of office and method of election for the Vice-Chairperson shall be the same as the Chairperson.

c) Quorum & Voting. The presence of a majority of the members of the FPAC shall constitute a quorum of the FPAC necessary to take action and transact business. No vacancy in the

membership of the FPAC shall impair the right of a quorum to exercise all the rights and perform all the duties of the FPAC. In addition, once quorum requirements have been met, an affirmative vote of the majority of the FPAC members present at a meeting shall be necessary for the FPAC to take any action. A tie vote shall not be considered an affirmative vote.

d) Conduct. The FPAC shall conduct its meetings in accordance with the current edition of Roberts Rules of Order. All FPAC activities shall be governed by the applicable federal, state, and local ordinances and are deemed to be included in this Resolution the same as though herein written out in full. All FPAC meetings shall be open to the public and subject to the applicable provisions of the Florida open meetings ("Sunshine") laws, Chapter 286, Florida Statutes. The records of the FPAC shall be subject to the applicable provisions of the Florida Public Records Law, Chapter 119, and Florida Statutes. The members of the FPAC shall be subject to the applicable provisions of the Code of Ethics for Public Officers and Employees, Chapter 112, Part III, Florida Statutes, including but not limited to sections 112.313 and 112.3143, Florida Statute.

Section 6. Meetings.

a) Meeting Notice. Notice of regular or special meetings of the FPAC and the time and location of each meeting shall be published to the public. FPAC meetings shall be held in a public facility of sufficient size to accommodate those present and at such locations as the FPAC may determine from time to time.

b) Regular Meetings. The F PAC shall establish a schedule of regular meetings,which shall be held at least quarterly. A schedule of each year's regular meetings shall be distributed to all FPAC members in June of the preceding calendar year.

c) Special Meetings. The Chairperson may call a special meeting of the FPAC on his/her initiative, at the request of any four (4) members or at the request of the BCC.

Section 7. Term. Six (6) years after the date of adoption of this Resolution, the Board shall review the activities of the FPAC to determine whether the FPAC still serves a necessary function and should continue in existence.

Section 8. Adoption.
This resolution shall become effective upon adoption.

DONE AND RESOLVED this 18th day of May 2021.

AGENDA SECTION: Public Hearings

THRU: David Allen, Assistant County Administrator

FROM: David Engel, Director Planning, Development and Economic Growth

RECOMMENDED BOARD ACTION:

Accept public comment. Adopt the proposed Comprehensive Plan Amendment and Ordinance by roll-call-vote. Authorize the Chair to execute the original(s) of the ordinance provided and direct the Board Records Department to distribute as set forth under the Distribution section below.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

PROJECT OVERVIEW

The petitioner is requesting a Comprehensive Plan Map Amendment to change the Future Land Use (FLU) designation from RES-6 (RESIDENTIAL- 6 DU/GA) to COM (COMMERCIAL) to allow for a mixture of neighborhood commercial uses on approximately 1.72 acres in accordance with Policy FLU 1.6.4. The subject site is currently vacant. The applicant proposes to build a retail plaza with multiple businesses to serve the local community.

On June 18, 2024, the Board of County Commissioners approved a Comprehensive Plan Amendment, CPA22(12), to increase the floor area ratio in the Urban Service Area to 3.0 Floor Area Ratio (FAR). This project is located in the Urban Service Area and as such will benefit from the additional FAR.

LPA/BCC ACTIONS

On November 20, 2025, the Local Planning Agency (LPA) held a public hearing on the proposed Amendment and unanimously found the proposed amendment consistent with the Comprehensive Plan.

FINDINGS OF FACT

The Administrative Element of the Comprehensive Plan provides a framework by which proposed Amendments shall be evaluated. The following are the Planning,

Development and Economic Growth (PDE) Department's findings of fact pursuant to each evaluation criterion.

1. **Consistency of Proposed Change with the Goals, Objectives, and Policies.**
The Planning, Development and Economic Growth Department (PDE) determined the proposed CPAS to be consistent with the Comprehensive Plan; as outlined in the Comprehensive Plan Consistency Analysis below.

2. **Additional Amendments Recommended.**
No further amendments are necessary in conjunction with the proposed amendment. There is an accompanying rezoning petition that is forthcoming.

3. **Analysis of the Capital Costs, Service Requirements, and Benefits.**
Pasco County shall collect and utilize impact fees pursuant to Chapter 1300 of the Land Development Code (LDC) and Chapter 11 of the Comprehensive Plan including but not limited to mobility, fire, water, and sewer. Any increased capital costs and services resulting from the proposed amendment will be addressed through the payment of impact fees, increased ad valorem taxes, special assessments, or other revenue sources designed to recapture the costs of providing public facilities and services to new growth.

4. **Live Local Provision.**
The applicant has agreed to a Voluntary Deed Restriction on the subject site to ensure the intended use of the property is for commercial uses, and not to include residential uses.

COMPREHENSIVE PLAN CONSISTENCY ANALYSIS

The following is a discussion of the Comprehensive Plan Policies that support the recommendation to approve the proposed amendment.

COM (COMMERCIAL)
Pursuant to the Comprehensive Plan, the intent of COM FLU designation is to establish appropriate sites for the development of commercial development of major future community or region-serving, commercial uses and to permit the land use intensities necessary to achieve this result.

The applicant is seeking a small-scale FLU amendment from RES-6 to COM to allow for commercial uses within the area while serving the surrounding residential communities. The following policies illustrate the appropriateness of the application of COM to the subject property and is supported as compatible transitional land use under POLICY FLU 1.4.3 between Ridge Road and the surrounding residential uses.

POLICY FLU 1.6.4: NEIGHBORHOOD COMMERCIAL USES
The proposed amendment to the COM designation is supported by POLICY FLU 1.6.4, Neighborhood Commercial Uses as the subject site meets the locational criteria to allow for an amendment to COM FLU. The proposed site is located along Ridge Road, an existing arterial roadway; the proposed development is not located internally within

existing single-family residential development; it will not proliferate, extend, or set a precedent for future strip commercialization and the development will serve the needs of the immediate neighborhoods because it will be less than four (4) acres in size.

The addition of COM at this location does not constitute strip commercialization along Ridge Road. Further west of this subject site, at the northeast corner of Ridge Road and Broad Street, lots were designated for non-residential use via C-2 General Commercial District zoning. Adjacent to the east of the subject site, lots are also designated for non-residential uses with more C-2 General Commercial zoning beyond which is the residential subdivision that naturally limits any further commercial development. The subjet site is between the two C-2 zones and is not an expansion of strip commercial. Additionally, the new COM aligns with existing commercial uses on the south side of Ridge Road, reinforcing the commercial character of this segment of Ridge Road.

POLICY FLU 1.4.3: TRANSITIONAL LAND USES
Pasco County shall evaluate Comprehensive Plan Amendments to ensure that transitional land uses are provided as a buffer between residential and nonresidential land use designations, between varying densities of residential land use designations, and in managing redevelopment of areas no longer appropriate as viable residential areas. Exhibit 2-2, Appropriate Transitional Land Uses, is to be used as a guideline in determining appropriate transitional land uses.

Exhibit 2-2, the Transitional Land Use table, depicts RES-6 and COM as compatible transitional uses with sensitive site design such as sufficient buffers, architectural controls, and limited hours of operations as set forth in the Land Development Code. The surrounding RES-6 is a compatible transitional use with the proposed COM which aligns with and is supported by Policy FLU 1.4.3. It is important to note that new single-family development directly on Ridge Road is not appropriate given the access needs of such forms of development and the quality of life along an arterial roadway. Changing to COM will buffer the existing single family residential to the north from the arterial roadway.

POLICY FLU 1.8.7: - ECONOMIC DEVELOPMENT
Pasco County shall encourage development which will contribute more to the County in revenue than it will consume in services, provided that such development can be accomplished within the spirit of this Comprehensive Plan. Location within the West and South Market Areas is encouraged.

The proposal to change the FLU from RES-6 to COM will increase the amount of employment generating uses for the West Market Area and the local area, which will generate more revenue to the County than it will consume in services. The intent of the COM FLU designation is to establish areas exhibiting a broad range of commercial uses and recognize the continued existence of such areas. Therefore, the change from RES-6 to COM will create more opportunities for new and additional employment generating uses for the area.

The project will serve as an extension of the existing COM FLU designation on the

south side of Ridge Road and will continue to encourage future employment generation thus being aligned with and supported by Policy FLU 1.8.7.

POLICY FLU 1.8.10: - PRESERVATION OF CAPACITY FOR EMPLOYMENT-GENERATING USES

The County shall, through the development review process, ensure that adequate land and transportation capacity is available for present and future high-paying, employment-generating land uses, such as office, industrial, employment center uses.

The addition of 1.72 acres of commercial uses to the area in the Embassy District within the West Market Area will help to ensure that the land is available for future employment-generating usage. The proposed amendment is consistent with and supported by Policy FLU 1.8.10 by converting land designated for residential to commercial and establishing additional land usage for employment generation along Ridge Road.

POLICY FLU 8.1.1: - WEST MARKET AREA ESTABLISHMENT

The mission for the West Market Area is to create a competitive and unique location with a choice of living, working, shopping, education, employment, and leisure time opportunities in an environmentally sound and safe setting.

The proposed development is located in the Embassy District within the West Market Area on the north side of Ridge Road. The Embassy District speaks to creating livable, walkable, and interconnected neighborhoods with adequate infrastructure. Ridge Road is a County arterial roadway with the infrastructure already in place for future commercial development. This will continue the commercial pattern east of the site from Little Road along Ridge Road. The applicant's proposal is supported in this area as it proposes a retail plaza with a mixture of different businesses.

Additionally, the proposed development is located within the Urban Service Area, which addresses the need to create a live, work, and play environment that is found with well-connected street networks and a mixture of uses intended to serve the community and provide for a sense of place. This proposal is intended to provide the community with additional employment generating uses and amenities that can strengthen the vitality of local neighborhoods and improve quality of life for area residents. This is supported by and aligns with the mission of the West Market Area and Policy FLU 8.1.1.

POLICY FLU 9.1.7: - URBAN SERVICE AREA

The Pasco County Urban Service Area pursuant to Section 163.3164(50), Florida Statutes, shall be the Urban Service Area as identified on Map 2-22.

The subject site is located within the Urban Service Area (USA), which is intended to prioritize higher levels of density and intensity along major corridors. Pursuant to Ordinance No. 24-27, adopted on June 18, 2024, any development within the USA is permitted a Floor Area Ratio (FAR) not to exceed 3.0. The proposed amendment is consistent with and supported by Policy FLU 9.1.7 due to its location in the West Market Area in proximity to the Little Road and Ridge Road intersection, as there is adequate infrastructure to accommodate this level of intensity along a major collector

roadway. The proposed project will have access to adequate infrastructure for the development to utilize.

PLANNING DISCUSSION

The following is a discussion of site-specific details related to the project.

1. Site Characteristics. The proposed project is located within the Embassy District of the West Market Area, and the Urban Service Area. The site currently has a FEMA Zone of "X". There are no archeological sites or wetlands on or near the subject property.

2. Right-of-Way (ROW). The subject site is located on Ridge Road, a County maintained 4-lane arterial roadway with 130 feet of Right-Of-Way. Ridge Road is also on the County's vision road map.

3. Trails. There is currently a five (5) foot sidewalk on the north side of Ridge Road and an eight (8) foot multi-use path on the south side of Ridge Road. Both paths extend from Little Road to Moon Lake Road and are in proximity to the subject site. The nearest crosswalk access is at Broad Street and Ridge Road, approximately 250 feet to the west of the proposed development.

4. Transit/Bus Stops. The subject site is also located along Route 16. Route 16 runs along Ridge Road with one-hour headways and provides service to Gulfview Square Mall, PHSC West Campus, and Bayonet Point. To the west of the site is bus stop #14207, which offers a connection to Route 14.

PRELIMINARY FEASIBILITY ANALYSIS

A preliminary feasibility analysis was conducted by the PDE. The following assessments are derived from the various County departments and other agencies.

1. Transportation Needs Assessment (TNA). On 5/28/25, the PDE Transportation Planner concluded that the "TNA report provided by the applicant confirms that the proposed development will not excessively strain the 2050 transportation infrastructure. The analysis indicates that the surrounding roadway network can support the development without requiring capacity upgrades. Consequently, no mitigation measures are necessary at this time."

2. Pasco County Utilities (PCU). The following comments were received on 4/17/25, "This property is within Pasco County Utilities Water, Wastewater and Reclaimed Water Service Areas. The property estimated potable water demand was not provided on the Comprehensive Plan Amendment (CPA) Application:

   Potable Water: Development within this property will be required to connect to Pasco County Utilities Water system. There is currently potable water capacity to support the proposed development. The nearest watermain to the subject property is located at: Approximately 85 feet south of the subject property on opposite side of Ridge Road.

Wastewater: Development within this property will be required to connect to Pasco County Utilities wastewater system. There is currently capacity at the Shady Hills WWTP to support the proposed development. The nearest sewer main to the subject property is at: Approximately 660 feet northwest of the subject property on Broad Street.

Reclaimed water: Development within this property will not be required to connect to Pasco County Utilities reclaimed water system. However, there is currently reclaimed water capacity to support the proposed development. The nearest reclaimed main to the project is at: Approximately 0.72 miles west of the subject property on Ridge Road.

Comprehensive plan approval does not reserve water, wastewater, or reclaimed water capacity. Offsite main extensions and connection points for water, wastewater, and reclaimed water will be assessed during Engineering Review and Construction Plan permitting. Construction of offsite water, wastewater, and reclaimed facilities may be required. Offsite improvements must be constructed at the developer's expense per Pasco County Code Chapter 110 – Utilities."

3. Pasco Sheriff's Office (PSO). On 4/9/25, the material was circulated, and a response was not recorded during the review.

4. Fire Rescue. On 5/15/24, Fire Rescue completed their review with a status of "No Comments."

5. Emergency Management. On 4/29/25, Emergency Management completed their review with a status of "No Comments."

6. School District. On 4/9/25, the material was circulated, and a response was not recorded during the review.

7. Parks, Recreation, and Natural Resources (Parks Comments). On April 4/14/25, Parks and Rec completed their review with a status of "No Comments."

8. Parks, Recreation, and Natural Resources (Natural Resources Comments). The following comments were received on 5/6/25, "The project is not located within an Ecological Corridor or Ecological Planning Unit. Natural Resources will address any potential listed species on site at the time of MPUD zoning and/or site development submittal. A preliminary wildlife survey will be required."

9. Library Services. On 4/10/25, Library Services completed their review with a status of "No Comments."

10. Bicycle and Pedestrian Comments from PDE. The following comments were received on 5/14/25, "This review, conducted by PDE's Active Transportation Planner, evaluates existing active transportation facilities. The subject site abuts Ridge Road, a four-lane, divided, county-maintained arterial. A five-foot sidewalk

is located on the north side of Ridge Road, and an eight-foot multi-use path runs along the south side. The concept plan proposes an internal sidewalk connection within the site. There is approximately four feet between the curb and the road edge, but it is not designated as a bike lane.

Route 16 runs along Ridge Road with one-hour headways and provides service to Gulfview Square Mall, PHSC West Campus, and Bayonet Point. To the west of the site is bus stop #14207, which offers a connection to Route 14. This stop lacks amenities. Future development on the site would benefit from an improved bus stop, including replacement of the existing sign and post."

THE BOARD OF COUNTY COMMISSIONERS **ORDINANCE NO. _____**

AN ORDINANCE AMENDING THE PASCO COUNTY COMPREHENSIVE PLAN; PROVIDING FOR A SMALL-SCALE COMPREHENSIVE PLAN AMENDMENT TO THE FUTURE LAND USE MAP (MAP 2-15 AND SHEET 10) FROM RES-6 (RESIDENTIAL 6 – DU/GA) TO COM (COMMERCIAL) ON APPROXIMATELY 1.72 ACRES OF REAL PROPERTY LOCATED ON THE NORTH SIDE OF RIDGE ROAD APPROXIMATELY 180 FEET EAST OF THE INTERSECTION OF BROAD STREET AND RIDGE ROAD; AND PROVIDING FOR ADDITIONAL TEXT AMENDMENTS AS NECESSARY FOR INTERNAL CONSISTENCY; PROVIDING FOR A REPEALER, SEVERABILITY, AND AN EFFECTIVE DATE.

WHEREAS, Chapters 125 and 163, Florida Statutes, authorize and require the Board of County Commissioners of Pasco County to prepare and enforce a Comprehensive Plan for the development of the County; and

WHEREAS, the Board of County Commissioners adopted a Comprehensive Plan on June 15, 1989, which has been subsequently amended; and

WHEREAS, the Board of County Commissioners has determined that the proposed Amendment meets the criteria for a Comprehensive Plan Amendment pursuant to Section 163.3187, Florida Statutes; and

WHEREAS, the Board of County Commissioners has considered the staff report including data and analysis and has determined that the proposed Amendment is consistent with Part II, Chapter 163, Florida Statutes, and the Pasco County Comprehensive Plan; and

WHEREAS, all map amendments exclude applicable Transportation Corridor Preservation width as established in Table 7-2, as may be amended from time to time, of the Pasco County Comprehensive Plan; and

WHEREAS, the Local Planning Agency, on November 20, 2025, held a public hearing, with a quorum attending and voting, on the proposed Amendment to the Comprehensive Plan with due public notice provided, pursuant to Section 125.66(2), Florida Statutes, and found the proposed amendment consistent with the adopted Comprehensive Plan; and

WHEREAS, the Board of County Commissioners, on January 20, 2026, held an adoption public hearing, with a quorum attending and voting, on the proposed Amendment to the Comprehensive Plan with due public notice provided, pursuant to Section 163.3184, Florida Statutes, and considered all comments received during the public hearing.

NOW, THEREFORE, BE IT ORDAINED by the Board of County Commissioners of Pasco County, Florida, as follows:

SECTION 1. FUTURE LAND USE ELEMENT MAP AMENDMENT.

The Official 2025 Future Land Use Comprehensive Plan Map 2-15 and Map Sheet 10 is hereby amended to change the Future Land Use classification from RES-6 (RESIDENTIAL-6 DU/GA) to COM (COMMERCIAL) on approximately 1.72 acres of real property, attached hereto as Exhibit A, and made a part hereof

SECTION 2. REPEALER.

All provisions of the Pasco County Comprehensive Plan adopted pursuant to Ordinance No. 89-13, as amended, in conflict herewith are hereby repealed.

SECTION 3. SEVERABILITY.

Each provision of this Ordinance and all Exhibits hereto is material to the Board of County Commissioners' adoption of this Ordinance. Accordingly, these provisions are not severable. In the event any section, subsection, sentence, clause, or provision of this Ordinance and/or any Exhibits hereto is declared illegal or invalid by a body with jurisdiction to make such determination, the remainder of this Ordinance and all Exhibits hereto shall be suspended until such time that the Board of County Commissioners modifies this Ordinance and/or Exhibits hereto to address the illegal or invalid provision of this Ordinance, and the remainder of this Ordinance after the exclusion of such part or parts shall be deemed to be valid.

SECTION 4. EFFECTIVE DATE.

This Ordinance shall be transmitted to the Department of State by the Clerk to the Board by electronic mail within ten (10) days of the adoption of this Ordinance, and this Ordinance shall take effect upon confirmation by the Department of State of its receipt. The effective date of this Plan Amendment, if the Amendment is not timely challenged, shall be (thirty-one) 31 days after adoption. If timely challenged, this Amendment shall become effective on the date the state land planning agency, or the Administration Commission enters a final order determining the Amendment to be in compliance. No development orders, development permits, or land uses dependent on this Amendment may be effective or commence before it has become effective. If a final order of noncompliance is issued by the Administration Commission, this Amendment may nevertheless be made effective by adoption of a resolution affirming its effective status, a copy of which resolution shall be sent to the state land planning agency.

SECTION 5. LEGISLATIVE FINDINGS OF FACT

The foregoing Whereas clauses, incorporated herein, are true and correct.

ADOPTED by the Board of County Commissioners of Pasco County, Florida, in a session with a quorum present and voting this 20th day of January 2026.

COM (COMMERCIAL)

Intent: To identify established areas exhibiting a broad range of commercial uses and to recognize the continued existence of such areas through the long-range-planning time frame. Also, to establish appropriate sites for the development of major future community- or region-serving, commercial uses and to permit the land use intensities necessary to achieve this result.

No uses which have a primary purpose of distribution of goods shall be permitted in the COM (Commercial) Land Use Classification.

General Range of Potential Uses:

Commercial uses, office uses, hotels, motels, compatible light manufacturing, processing and assembling of goods. No uses which have a primary purpose of distribution of goods shall be permitted in commercial.

Residential uses are only permitted when constructed in combination with commercial uses within a single building of two (2) or more stories, wherein the first-floor uses are commercial, office, and/or other nonresidential uses. Parking areas do not count as a nonresidential use in this context.

Density Restrictions: Dwelling Units/Developable Residential Acre

24.00 Maximum

Note: Small-Scale Comprehensive Amendments to the COM (Commercial) Future Land Use Classification shall be limited to a maximum residential density of ten (10) dwelling units/gross acre and shall be delineated on the Future Land Use Map with a specific symbol/pattern and a footnote.

March 22, 2025

Dear Mr. Khalil,

I am pleased to submit the Transportation Needs Assessment for the proposed future land use amendment project located along Ridge Road. This study has been prepared in accordance with the guidelines established by the Pasco County Land Development Code (LDC) to evaluate the potential traffic impacts associated with the development.

I trust that the enclosed report meets your expectations and provides valuable insights to support the review process. Should you have any questions or require additional information, please do not hesitate to contact me directly.

Thank you for your time and attention to this submission. I look forward to your feedback.

Project Overview

Comprehensive Plan Amendment

This project entails a comprehensive plan amendment application for a 1.72-acre parcel along Ridge Road in Pasco County, Florida. Current FLU is Residential-6 (RES-6), the property is proposed for FLU amendment to Commercial to enable a wider range of uses.

This study evaluates post-development traffic conditions, including trip generation, trip distribution, capacity analysis, and recommendations for any necessary roadway improvements. The methodology follows the Pasco County framework to ensure a thorough assessment of the project's traffic impacts.

The proposed site layout assumes a right in/out driveway onto Ridge Road.

Trip Generation

The trip generation associated with the project is calculated based on the Institute of Transportation Engineers (ITE) Trip Generation Manual, 11th Edition.

The maximum development potential for the proposed FLU is 28,097 square feet of commercial, which is estimated to generate 185 PM peak hour trips, including 74 passerby trips and 111 new trips.

The maximum allowable development for the current RES-6 FLU is 8 single family units, generating 9 PM peak hour trips, including 0 passerby trips and 9 new trips.

Consequently, the proposed FLU amendment results in an increase of 176 PM peak hour trips, including 74 passerby and 102 net trips.

Please refer to Appendix "A" for detailed maximum entitlement and trip generation calculations.

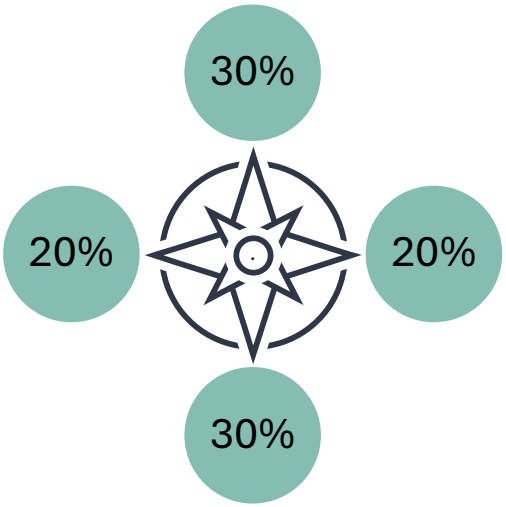
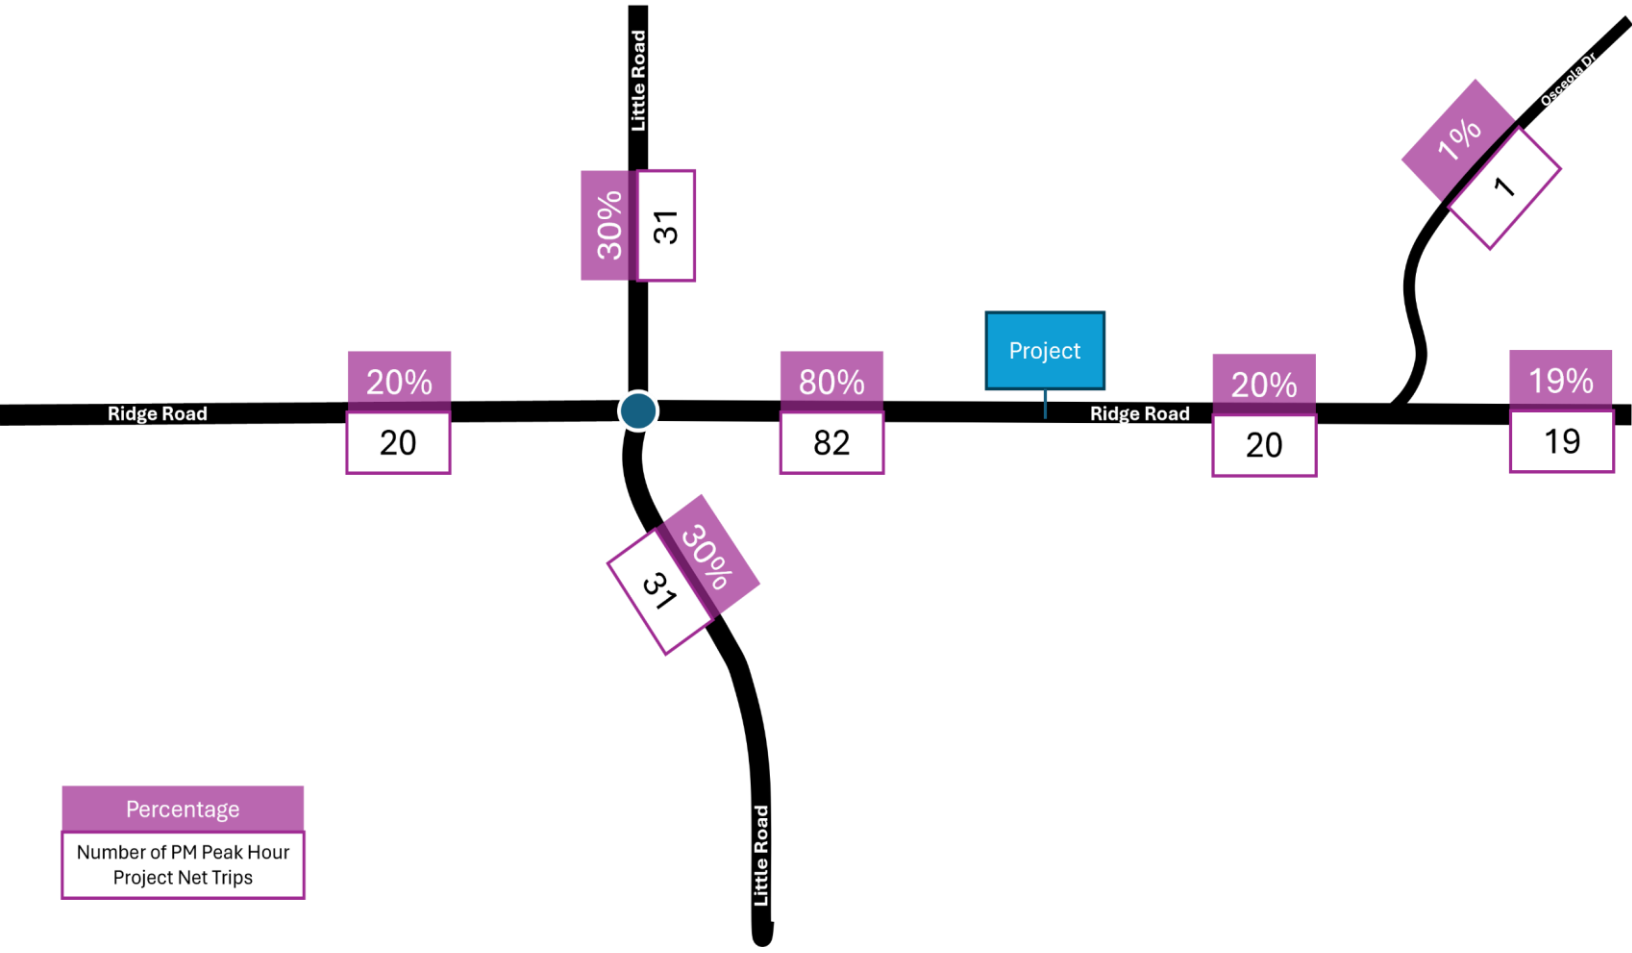
Project Traffic

Trip Distribution

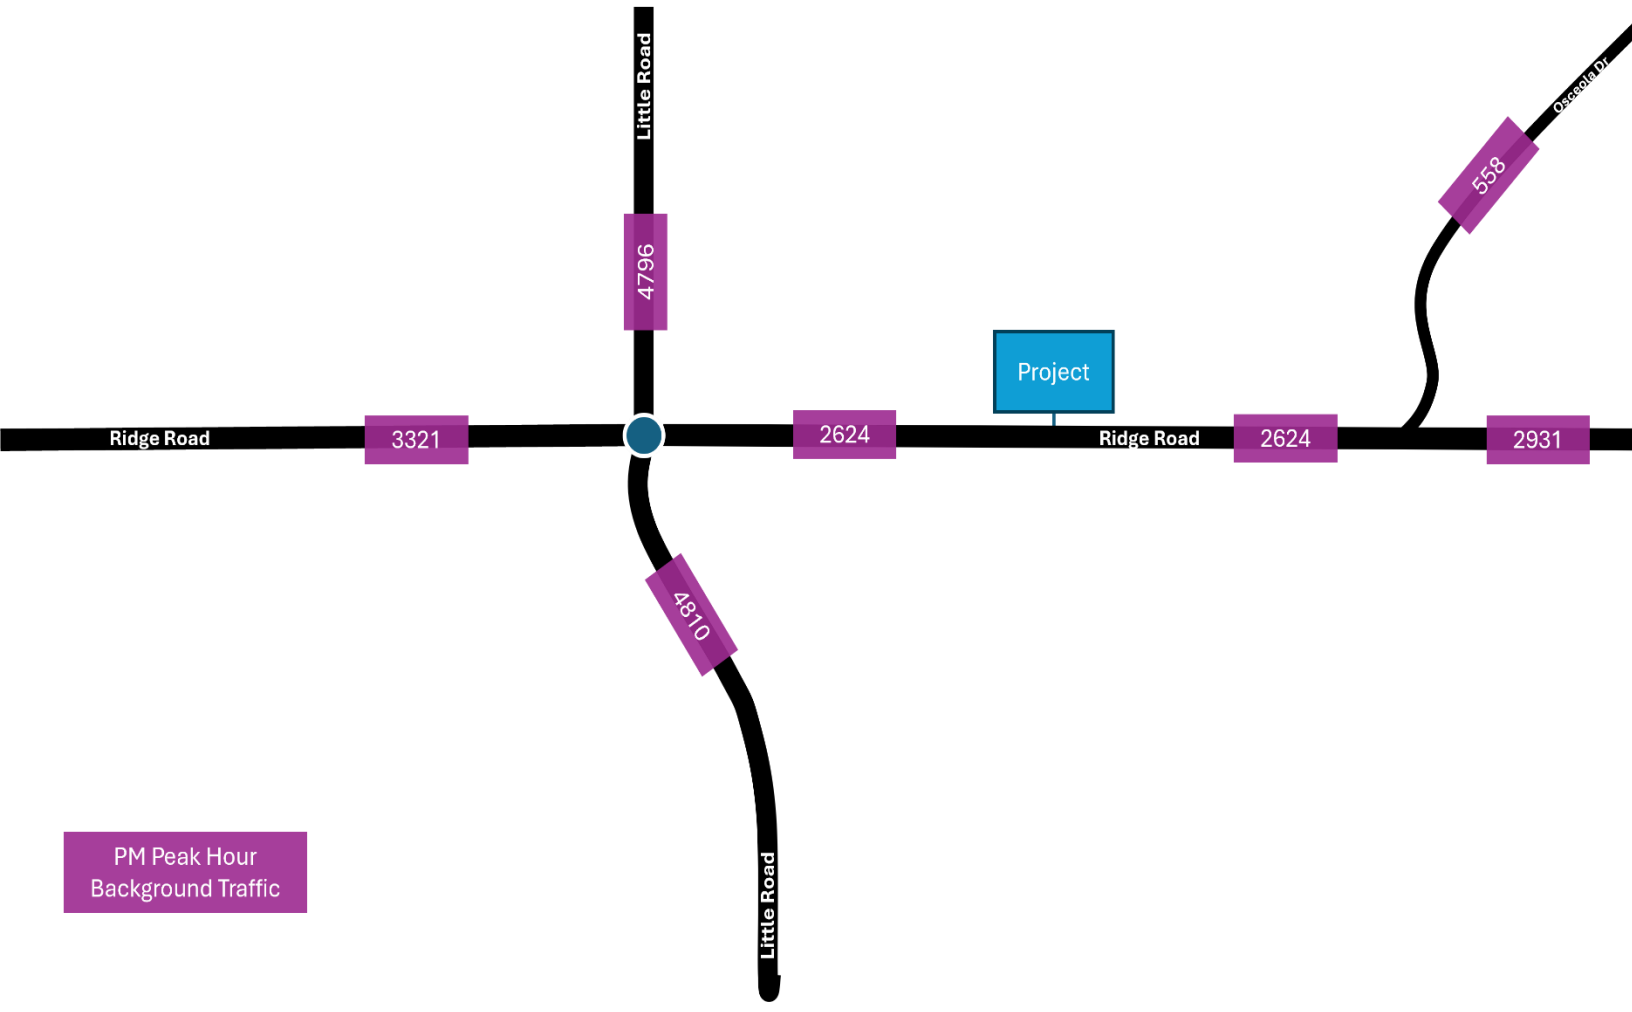
Per the 2050 LRTP Cost Affordable Plan (see Appendix "B"), it is assumed that 20% of the project traffic will travel east and 80% will travel west on Ridge Road. Of that 80% traveling west, 30% will continue north, 30% will continue south on Little Road, and 20% will continue further west on Ridge Road.





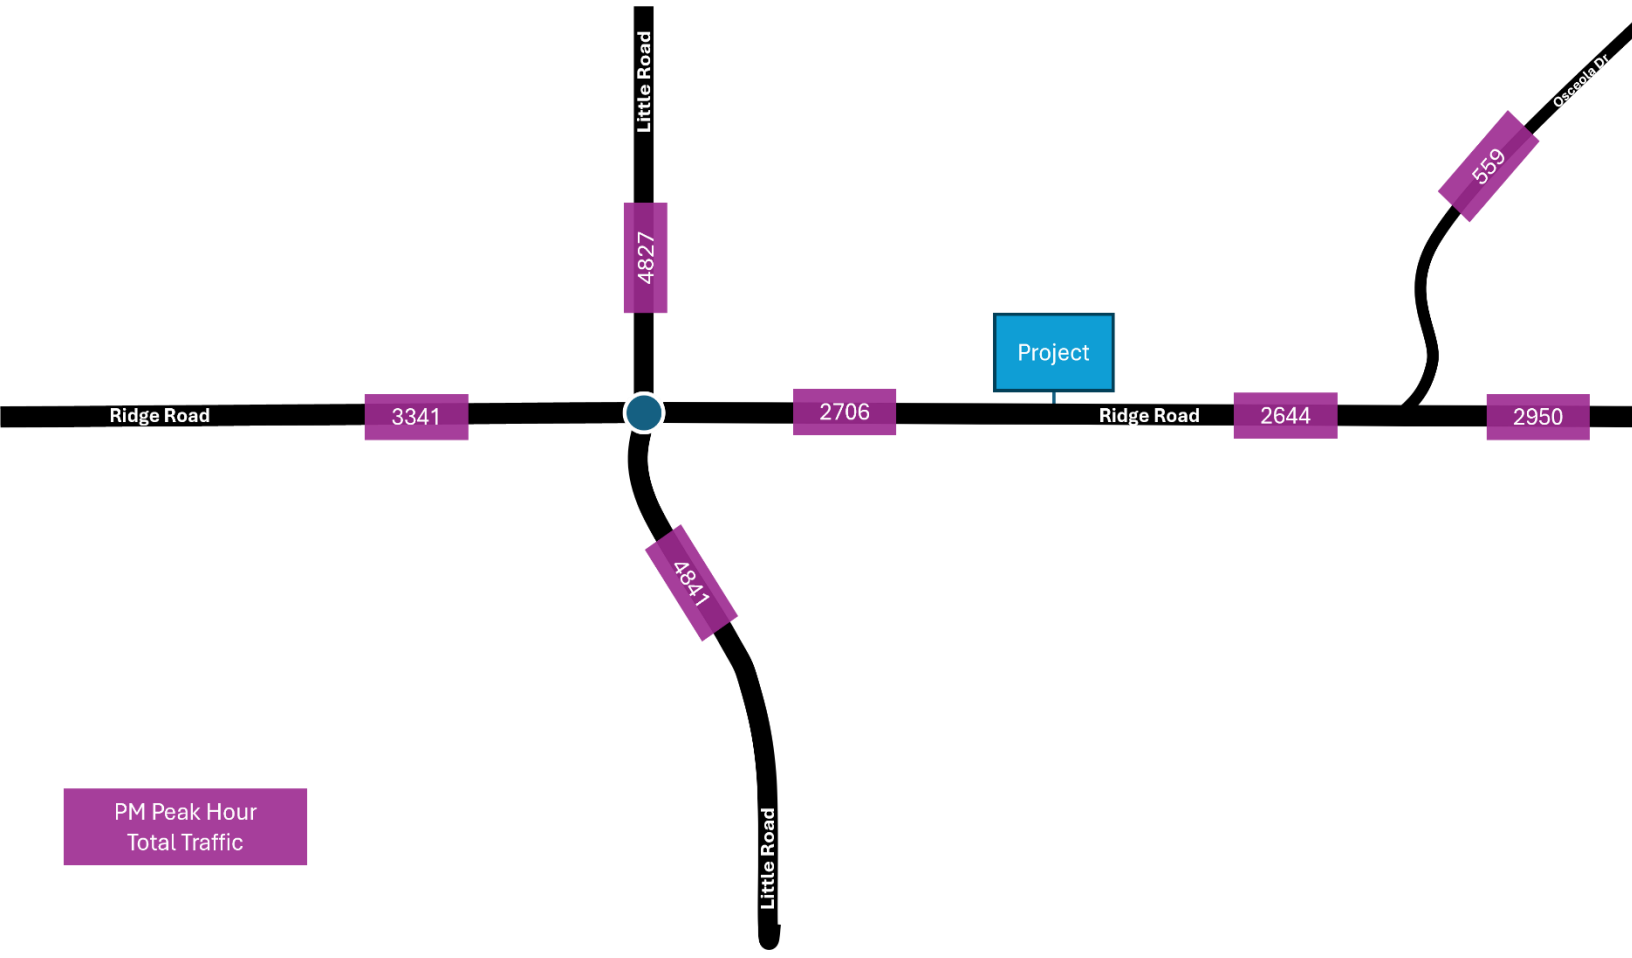
Background
Traffic

The 2050 background traffic was obtained from the 2050 LRTP Cost Affordable Plan (see Appendix "B"). The daily volumes were adjusted to calculate the peak hour traffic using the K-factor and MOCF factor established by FDOT (see Appendix "C"). Note that the daily volumes for each segment were averaged to determine the daily traffic for each roadway segment.



Total
Traffic

The 2050 total traffic volume is determined by combining the project-generated traffic with the 2050 background traffic projections obtained from the 2050 LRTP Cost Affordable Plan.



Capacity Assessment

The roadways capacity was sourced from the FDOT Generalized Service Volume Tables (see Appendix "D"). The table below presents the 2050 traffic conditions for the roadway segments within the study area.

As shown in the table below, the roadway segments directly accessed by the project will operate within acceptable Level of Service (LOS "D") standards. While Little Road is projected to operate below the acceptable LOS threshold even under background traffic conditions, the project's contribution remains minimal—adding less than 1% to total traffic volumes—indicating a negligible impact on overall roadway performance.

Budgeted Improvements

Pasco County CIP

According to the Pasco County Capital Improvement Plan (see Appendix "E"), there are no planned capacity improvement projects in the immediate vicinity of the project.

2050 Cost Affordable Plan

As outlined in the 2050 Pasco County Cost Affordable Plan (see Appendix "E"), no capacity improvement projects are planned in the immediate vicinity of the project.

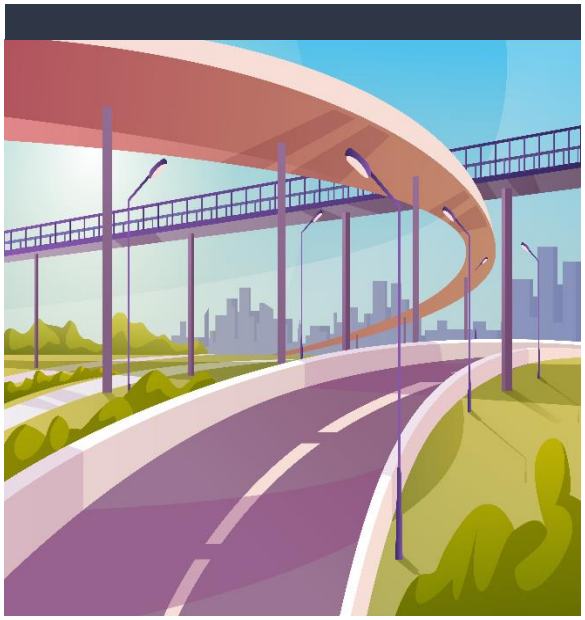
2050 Needs Plan

According to the Pasco County Needs Plan (see Appendix "E"), no capacity improvement projects are planned in the immediate vicinity of the project.

FDOT 5-Year Work Program

Based on the FDOT 5-Year Work Program (see Appendix "E"), no roadway capacity improvements are currently planned in the immediate area surrounding the project.

Report
Summary



Conclusion

The Traffic Impact Study for the proposed Future Land Use (FLU) amendment along Ridge Road has been conducted in compliance with Pasco County requirements. This analysis evaluates 2050 projected traffic conditions, including trip generation, distribution, and capacity impacts, to assess the potential effects of the development on the surrounding roadway network.

Based on the analysis conducted, the roadway segments directly accessed by the proposed development are expected to operate within acceptable Level of Service (LOS "D") standards. While it is acknowledged that Little Road is projected to operate below the acceptable LOS threshold under 2050 background traffic conditions, the addition of project-generated traffic does not significantly worsen conditions. In fact, the project contributes less than 1% to the overall traffic volumes on these roadway segments.

This minor increase confirms that the proposed development will not excessively strain the 2050 transportation infrastructure. The analysis indicates that the surrounding roadway network can support the development without requiring capacity upgrades. Consequently, no mitigation measures are necessary at this time.

AGENDA MEMORANDUM

COMMISSION DISTRICT: 4 **FILE NO.:** PDE26-0173 **DATE:** 1/20/2026

SUBJECT: An Ordinance Amending The Pasco County Comprehensive Plan; Providing For A Small-Scale Comprehensive Plan Amendment To The Future Land Use Map (Map 2-15 And Sheet 10) Changing From COM (Commercial) And RES-9 (RESIDENTIAL -9 DU/GA) To RES-6 (RESIDENTIAL-6 DU/GA) On Approximately 26.2 Acres Of Real Property Located Approximately 600 Feet East Of The Intersection Of Little Road And Ross Lane; And Providing For Additional Text Amendments As Necessary For Internal Consistency; Providing For a Repealer, Severability, And An Effective Date.

REFERENCES: All Local Planning Agency (LPA) and Board of County Commissioners (BCC) public hearings at 1:30 p.m. in New Port Richey (NPR): LPA at NPR 11/20/25 – BCC at NPR 01/20/26

AGENDA SECTION: Public Hearings

THRU: David Allen, Assistant County Administrator

FROM: David Engel, Director Planning, Development and Economic Growth

RECOMMENDED BOARD ACTION:

Accept public comment. Adopt the proposed Comprehensive Plan Amendment and Ordinance by roll-call-vote. Authorize the chair to execute the originals of the ordinance provided and direct the Board Records Department to distribute as set forth under the Distribution section below.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

The proposed amendment requests a change from COM (Commercial) and RES-9 (Residential-9 du/ga) to RES-6 (Residential-6) to create a uniform residential designation across the 26.2-acre site. The property lies within the Urban Service Area and is served by existing water, wastewater, and transportation infrastructure. The applicant is proposing to develop 74 single-family detached units, representing a gross density of approximately 2.96 dwelling units per acre of net density, which is well below the allowable 6 du/ga under the proposed RES-6 designation. However, it should be noted that there is not a Southwest Florida Water Management District (SWFWMD) official delineation of the wetlands on site, and the net density could fluctuate and slightly exceed a net density of three (3) dwelling units per acre. There is an estimated +/- 1.27 acres of wetland total on site, leaving approximately 24.93 acres of developable uplands on site. At 26.2 acres, the maximum density permitted through the proposed RES-6 FLU would allow for approximately 157 units.

The site is located approximately 600 feet east of Little Road and lacks direct frontage on a major arterial or collector roadway. Its position behind existing commercial uses limits visibility and access, rendering the commercial portion nonviable for sustainable economic use. The proposed RES-6 designation better reflects the site's physical and market context and aligns with the surrounding suburban development pattern, which is predominantly residential in character. Converting the remaining COM portion to RES-6 allows for a logical and compatible land use transition that aligns with both existing on-site conditions and the broader development pattern of the area.

By reducing the allowable residential density from RES-9 to RES-6 and eliminating a nonviable commercial component, the proposal lowers potential infrastructure demands, minimizes traffic generation, and promotes development that will not consume more in public costs than it contributes in long-term revenue, which directly supports the County's growth management objectives.

LPA/BCC ACTIONS

On November 20, 2025, the Local Planning Agency (LPA) held a public hearing on the proposed Amendment to the Comprehensive Plan and unanimously found the amendment consistent with the Comprehensive Plan.

FINDINGS OF FACT

The Administrative Element of the Comprehensive Plan provides a framework by which proposed Amendments shall be evaluated. The following are the Planning, Development and Economic Growth Department's findings of fact per each evaluation criterion.

1. **Consistency of Proposed Change with the Goals, Objectives, and Policies.** The Planning, Development and Economic Growth Department (PDE) determined the proposed CPA to be consistent with the Comprehensive Plan as outlined in the Comprehensive Plan Consistency Analysis below.
2. **Additional Amendments Recommended.** No further amendments are necessary in conjunction with the proposed amendment. There is an accompanying rezoning petition to MPUD Master Planned Unit Development District processed concurrently with this amendment.
3. **Analysis of the Capital Costs, Service Requirements, and Benefits**. Pasco County shall collect and utilize impact fees pursuant to Chapter 1300 of the Land Development Code (LDC) and Chapter 11 of the Comprehensive Plan including but not limited to mobility, school, fire, library, parks and recreation, water, and sewer. Any increased capital costs and services resulting from the proposed amendment will be addressed through the payment of impact fees, increased ad valorem taxes, special assessments, or other revenue sources designed to recapture the costs of providing public facilities and services to new growth.

COMPREHENSIVE PLAN CONSISTENCY ANALYSIS

The following is a discussion of the Comprehensive Plan Policies that support the recommendation to approve the proposed amendment.

RES-6 (RESIDENTIAL-6 DU/GA)

The proposed amendment from COM and RES-9 to RES-6 is consistent with the Goals, Objectives, and Policies (GOPs) of the Pasco County Comprehensive Plan. The RES-6 designation promotes a balanced, and context-sensitive development pattern within the Urban Service Area. It aligns with the Plan's intent to focus growth where infrastructure is available while maintaining compatibility with surrounding established neighborhoods. The amendment from COM FLU to RES-6 FLU replaces an existing commercial designation that lacks adequate roadway frontage and visibility, with a residential use that better reflects market conditions and compatibility with adjacent land uses. By reducing allowable density and intensity, the proposed RES-6 category decreases potential demands on transportation and utility infrastructure and ensures efficient use of existing public facilities.

POLICY FLU 1.4.3: TRANSITIONAL LAND USES

Pasco County shall evaluate Comprehensive Plan amendments to ensure that transitional land uses are provided as a buffer between residential and nonresidential land use designations, between varying densities of residential land use designations, and in managing redevelopment of areas no longer appropriate as viable residential areas. Exhibit 2-2, Appropriate Transitional Land Uses, is to be used as a guideline in evaluating appropriate transitional uses.

Exhibit 2-2 depicts the proposed RES-6 FLU as a compatible transitional land use to the surrounding RES-9 and COM land uses, through additional sensitive site design established through the MPUD Master Planned Unit Development District Conditions of Approval (COAs).

POLICY FLU 1.8.7: ECONOMIC DEVELOPMENT

The proposed amendment to redesignate the property from COM and RES-9 to RES-6 is supported by Policy FLU 1.8.7, particularly to comply with the intent of this Policy regarding desirable development within the West Market Area. Even though commercial uses generate more in revenue than they consume in services, these residential uses are necessary to provide a consistent customer base in order to generate continuous revenue instead of increasing a likelihood of business failure or blight. There are several commercial vacancies in shopping centers and plazas near the intersection of Little Road and Ridge Road. Although residential uses generally consume more in services than they generate in revenue, the additional revenue that will be generated by the surrounding commercial development offset the impact of the proposed FLU change. The RES-6 FLU designation to allow for 74 single-family will provide additional support to the existing businesses adjacent to the subject site.

POLICY FLU 1.8.10: PRESERVATION OF CAPACITY FOR EMPLOYMENT-GENERATING USES

The amendment from COM and RES-9 FLUs to RES-6 is supported by Policy FLU 1.8.10 as the existing COM FLU does not guarantee high-paying employment-generating land uses. Although the COM FLU allows for certain employment-generating

opportunities, it can be 100% lower-paying retail land uses. The preservation of capacity for employment-generating lands contemplated by Policy FLU 1.8.10 is for IL (Industrial-Light), OF (Office), and EC (Employment Center) FLUs, where higher-paying office and light manufacturing employment is guaranteed.

Additionally, the subject property lacks the arterial frontage, visibility, and access needed to support high-paying employment uses, which the policy intends to preserve. By redesignating the property to RES-6, the amendment enables the site to support the existing commercial activity occurring along the Little Road corridor and ensures that employment-supportive commercial lands remain available in areas where it can function effectively.

POLICY FLU 8.1.1: WEST MARKET AREA ESTABLISHMENT

The proposed amendment from COM and RES-9 to RES-6 is consistent with Policy FLU 8.1.1 as it supports the West Market Area's emphasis on compatibility and cohesive development patterns. The West Market Area is largely built out, and this policy encourages infill that complements existing neighborhoods rather than introducing isolated or incompatible uses. Converting the site to RES-6 for 74 single-family detached homes aligns with surrounding residential uses, reinforces the area's established character, and represents a more compatible and context-sensitive use of land. This amendment ensures a logical extension of the existing neighborhood fabric and supports the policy's goal of promoting orderly, compatible development within the West Market Area.

PLANNING DISCUSSION

The following is a discussion of site-specific details related to the project.

1. Site Characteristics. The proposed CPA is located within the West Market Area, and within the Urban Service Area. There is approximately 0.86 acre of a Category 1 Wetland, and approximately 4.09 acres of a Category 3 Wetland on the parcel. The FEMA Flood Zone is "X" and "A". There are no archeological sites on the subject site.
2. Right-of-Way (ROW). The property is located on Ross Lane, a two-lane, 60-foot wide, County maintained, residential roadway. Ross Lane is a dead end road (on the east end). Access to Ross Lane is from Little Road, a County maintained arterial roadway. The 2045 Long Range Transportation Plan includes no improvements to Little Road north of Decubellis Road.
3. Trails. According to Pasco Mapper there is an existing sidewalk on the east side of Little Road. There are no sidewalks on Ross Lane. Through the MPUD COAs, the applicant is constructing a portion of the sidewalk along the north side of Ross Lane that is offsite for mobility fee credits and shall be responsible for payment of a proportional share for the intersection improvements at Little Road and Ross Lane. This intersection is budgeted on the Capital Improvement Program (CIP) for Fiscal Year (FY) 27 for construction. Design was budgeted for FY 25.

4. Transit/Bus Stops. There are bus stops at Little Road and King Helie Boulevard for bus routes 14 and 24 within proximity to the project. The 2045 Transit Plan does not contemplate future expansion of the service in the proximity of the area.

PRELIMINARY FEASIBILITY ANALYSIS

A preliminary feasibility analysis was conducted by the PDE. The following assessments are derived from the various County departments and other agencies.

1. Transportation Needs Assessment (TNA). On 07/09/2025, the PDE Transportation Planner provided the following comment: “Transportation Needs Assessment not required.”
2. Pasco County Utilities (PCU). On 6/05/2025, the Utilities Department provided the following statement:
   This property is within Pasco County Utilities Water, Wastewater and Reclaimed Water Service Areas, and based on the use intensity information provided by the applicant, the property has an estimated potable water demand of 74 ERUs:

   Potable Water: Development within this property will be required to connect to Pasco County Utilities Water system. There is currently potable water capacity to support the proposed development. The nearest watermain to the subject property is located at: Approximately 5 feet southeast of the subject property.

   Wastewater: Development within this property will be required to connect to Pasco County Utilities wastewater system. There is currently capacity at the Shady Hills WWTP to support the proposed development. The nearest sewer main to the subject property is at: Approximately 25 feet west from the northwest portion of the subject property.

   Reclaimed water: Development within this property will be required to connect to Pasco County Utilities reclaimed water system. There is currently reclaimed water capacity to support the proposed development. The nearest reclaimed main to the project is at: Approximately 0.76 miles northwest of the subject property at intersection of Galen Wilson Boulevard and Ridge Road.

   Comprehensive plan approval does not reserve water, wastewater, or reclaimed water capacity. Offsite main extensions and connection points for water, wastewater, and reclaimed water will be assessed during Engineering Review and Construction Plan permitting. Construction of offsite water, wastewater, and reclaimed facilities may be required. Offsite improvements must be constructed at the developer’s expense per Pasco County Code Chapter 110 – Utilities.

3. Stormwater Review. On 7/7/2025, the following comments were received: "The applicant shall contact the SWFWMD Engineering & Watershed Management Section for the latest floodplain study information available for design. At the time of the first site development permit, the applicant shall comply with applicable County floodplain management requirements. All pass through/flow through

drainage and the finalized 100-year floodplain shall have access and maintenance easement over it. This easement shall be to Pasco County, granting the county the right, but not the obligation, to access and maintain it."

4. Pasco Sheriff's Office (PSO). On 5/20/2025, the material was distributed and did not receive any comments from the Pasco County Sheriff's department.
5. Fire. On 6/10/25, Fire Services reviewed this proposal and issued "No comments."
6. Emergency Management. On 5/29/2025, material was distributed, and Emergency Management Department issued "No comments" for this proposal.
7. School District. On 6/18/2025, the School Capacity Statement was uploaded, with a status of "No Comments" on the proposal.
8. Parks and Recreation. On 07/07/2025, the Parks and Recreation department had no comments.
9. Natural Resources: On 05/27/2025, the Natural Resources department had the following comments: "The project is not located within an ecological corridor or ecological planning unit. Natural Resources will address the on-site wetlands at the time of zoning and/or site development submittal. A state-approved wetland boundary survey will be required. Natural Resources will address any potential listed species on site at the time of MPUD zoning and/or site development submittal. A preliminary wildlife survey will be required".
10. Metropolitan Planning Organization (MPO). On 06/18/2025 MPO did not have comments on this proposal.
11. Transportation Access. On 05/30/2025 Transportation Access provided the following comments: "No Comments. — Transportation Access only reviews T&P."
12. Active Transportation Review. On 06/30/2025, Active Transportation Review provided the following comments: "The subject site is adjacent to Ross Lane, a two-lane undivided residential street privately maintained. There is an existing sidewalk on the south side of Ross Lane that ends at the west boundary of the VA Clinic. The concept plan proposes a sidewalk on the north side of Ross Lane connecting to Little Road. In 2017, the Greenways, Trails, and Blueways Map (Map 5-1) was adopted into the Comprehensive Plan (REC 1.6.2), identifying Little Road as a conceptual trail corridor. There are currently no plans in CIP to build this trail. Bus routes in the area have recently changed. Bus Routes 14, 23, and 24 are accessible on this segment of Little Road. Each route has a one-hour headway. There is a northbound and a southbound stop near Little Road and Ross Lane. Both stops lack amenities."
13. The Office of Economic Growth (OEG). OEG, as part of PDE, supports the analysis used for the proposed land use change and does not have any concerns.

THE BOARD OF COUNTY COMMISSIONERS **ORDINANCE NO. _____**

AN ORDINANCE AMENDING THE PASCO COUNTY COMPREHENSIVE PLAN; PROVIDING FOR A SMALL-SCALE COMPREHENSIVE PLAN AMENDMENT TO THE FUTURE LAND USE MAPS (2-15 AND SHEET 10) CHANGING FROM COM (COMMERCIAL) AND RES-9 (RESIDENTIAL-9 DU/GA) TO RES-6 (RESIDENTIAL-6 DU/GA) ON APPROXIMATELY 26.2 ACRES OF REAL PROPERTY LOCATED APPROXIMATELY 600 FEET EAST OF THE INTERSECTION OF LITTLE ROAD AND ROSS LANE; PROVIDING FOR ADDITIONAL TEXT AMENDMENTS AS NECESSARY FOR INTERNAL CONSISTENCY; PROVIDING FOR A REPEALER, SEVERABILITY, AND AN EFFECTIVE DATE.

WHEREAS, Chapters 125 and 163, Florida Statutes, authorize and require the Board of County Commissioners of Pasco County to prepare and enforce a Comprehensive Plan for the development of the County; and

WHEREAS, the Board of County Commissioners adopted a Comprehensive Plan on June 15, 1989, which has been subsequently amended; and

WHEREAS, the Board of County Commissioners has determined that the proposed Amendment meets the criteria for a Comprehensive Plan Amendment pursuant to Section 163.3187, Florida Statutes; and

WHEREAS, the Board of County Commissioners has considered the staff report including data and analysis and has determined that the proposed Amendment is consistent with Part II, Chapter 163, Florida Statutes, and the Pasco County Comprehensive Plan; and

WHEREAS, all map amendments exclude applicable Transportation Corridor Preservation width as established in Table 7-2, as may be amended from time to time, of the Pasco County Comprehensive Plan; and

WHEREAS, the Local Planning Agency, on November 20, 2025, held a public hearing, with a quorum attending and voting, on the proposed Amendment to the Comprehensive Plan with due public notice provided, pursuant to Section 125.66(2), Florida Statutes, and recommended approval to the Board of County Commissioners; and

WHEREAS, the Board of County Commissioners, on January 20, 2026, held an adoption public hearing, with a quorum attending and voting, on the proposed Amendment to the Comprehensive Plan with due public notice provided, pursuant to Section 163.3184, Florida Statutes, and considered all comments received during the public hearing.

NOW, THEREFORE, BE IT ORDAINED by the Board of County Commissioners of Pasco County, Florida, as follows:

SECTION 1. FUTURE LAND USE ELEMENT MAP AMENDMENT.

The Official 2025 Future Land Use Comprehensive Plan Map 2-15 and Map Sheet No. 10 is hereby amended to change the Future Land Use classification from COM (COMMERCIAL) and RES-9 (RESIDENTIAL-9 DU/GA) to RES-6 (RESIDENTIAL-6 DU/GA) on approximately 26.2 acres of real property, attached hereto as Exhibit A, and made a part hereof.

SECTION 2. REPEALER.

All provisions of the Pasco County Comprehensive Plan adopted pursuant to Ordinance No. 89-13, as amended, in conflict herewith are hereby repealed.

SECTION 3. SEVERABILITY.

Each provision of this Ordinance and all Exhibits hereto is material to the Board of County Commissioners' adoption of this Ordinance. Accordingly, these provisions are not severable. In the event any section, subsection, sentence, clause, or provision of this Ordinance and/or any Exhibits hereto is declared illegal or invalid by a body with jurisdiction to make such determination, the remainder of this Ordinance and all Exhibits hereto shall be suspended until such time that the Board of County Commissioners modifies this Ordinance and/or Exhibits hereto to address the illegal or invalid provision of this Ordinance, and the remainder of this Ordinance after the exclusion of such part or parts shall be deemed to be valid.

SECTION 4. EFFECTIVE DATE.

This Ordinance shall be transmitted to the Department of State by the Clerk to the Board by electronic mail within ten (10) days of the adoption of this Ordinance, and this Ordinance shall take effect upon confirmation by the Department of State of its receipt. The effective date of this Plan Amendment, if the Amendment is not timely challenged, shall be (thirty-one) 31 days after adoption. If timely challenged, this Amendment shall become effective on the date the state land planning agency, or the Administration Commission enters a final order determining the Amendment to be in compliance. No development orders, development permits, or land uses dependent on this Amendment may be effective or commence before it has become effective. If a final order of noncompliance is issued by the Administration Commission, this Amendment may nevertheless be made effective by adoption of a resolution affirming its effective status, a copy of which resolution shall be sent to the state land planning agency.

SECTION 5. LEGISLATIVE FINDINGS OF FACT

The foregoing Whereas clauses, incorporated herein, are true and correct.

ADOPTED by the Board of County Commissioners of Pasco County, Florida, in a session with a quorum present and voting this 20th day of January, 2026.

AGENDA SECTION: Public Hearings

THRU: David Allen, Assistant County Administrator

FROM: David Engel, Director Planning, Development and Economic Growth

RECOMMENDED BOARD ACTION:

Accept public comment. Adopt the proposed Comprehensive Plan Amendment and Ordinance by roll-call-vote. Authorize the Chair to execute the original(s) of the ordinance provided and direct the Board Records Department to distribute as set forth under the Distribution section below.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

PROJECT OVERVIEW

The proposed amendment seeks to change the Future Land Use designation of the 15.36-acre parcel from COM (Commercial) to PD (Planned Development) to allow for a mixed-use development consisting of approximately 290 multifamily dwelling units and 100,000 square feet of nonresidential uses, which may include commercial, medical, office, or retail functions. The property is located along the State Road 54 (SR 54) corridor within the Urban Service Area, where centralized infrastructure and multimodal transportation systems are available to support urban-level development.

Under the existing COM designation, the parcel is entitled to develop up to 24 dwelling units per gross acre and a maximum Floor Area Ratio (FAR) of 3.0, which would allow approximately 369 residential units or over 2,000,000 square feet of commercial intensity if developed to full potential. The proposed PD includes a residential density of approximately 18.9 dwelling units per gross acre and a nonresidential intensity of approximately 0.2 FAR, representing a reduction in potential development intensity.

The PD designation provides the flexibility to organize residential, commercial, and office components through the establishment of Subarea Policy FLU 7.1.80 and the

companion MPUD Master Planned Unit Development District MPUD Master Plan, which enables compatibility with the scale and character of adjacent developments along the SR 54 corridor. Together, the Subarea Area Policy and the MPUD conditions of approval enhance internal circulation, improve site design, and establish an orderly transition between uses while maintaining consistency with existing infrastructure capacities. The amendment therefore supports the County's intent to encourage infill development that is efficient, connected, and sustainable, while maintaining consistency with the Urban Service Area's growth management policies.

FINDINGS OF FACT

The Administrative Element of the Comprehensive Plan provides a framework by which proposed Amendments shall be evaluated. The following are the Planning, Development, and Economic Growth Department's findings of fact per each evaluation criterion.

1. **Consistency of Proposed Change with the Goals, Objectives, and Policies.** The Planning, Development and Economic Department (PDE) determined the proposed CPA to be consistent with the Comprehensive Plan; as outlined in the Comprehensive Plan Consistency Analysis below.
2. **Additional Amendments Recommended.** No further amendments are necessary in conjunction with the proposed amendment. There is a companion rezoning to MPUD Master Planned Unit Development District being processed concurrently with this amendment.
3. **Analysis of the Capital Costs, Service Requirements, and Benefits.** Pasco County shall collect and utilize impact fees pursuant to Chapter 1300 of the Land Development Code (LDC) and Chapter 11 of the Comprehensive Plan, including but not limited to mobility, school, fire, library, parks and recreation, water, and sewer. Any increased capital costs and services resulting from the proposed amendment will be addressed through the payment of impact fees, increased ad valorem taxes, special assessments, or other revenue sources designed to recapture the costs of providing public facilities and services to new growth.

COMPREHENSIVE PLAN CONSISTENCY ANALYSIS

The following is a discussion of the Comprehensive Plan Policies that support the recommendation to approve the proposed amendment.

PD (PLANNED DEVELOPMENT)

The proposed amendment from COM (Commercial) to PD (Planned Development) is consistent with the Goals, Objectives, and Policies (GOPs) of the Pasco County

Comprehensive Plan. The proposed PD Subarea Policy does not increase allowable density or intensity but instead introduces a more coordinated and integrated mixed-use form that reduces potential impacts on infrastructure while enhancing land use efficiency, connectivity, and design quality through the PD concept plan. The project supports the County's intent to promote compact, connected development within the Urban Service Area, strengthens the economic base of the SR 54 corridor, and advances the broader vision of sustainable and balanced growth (for example, by locating places of work and commerce within walking distance of residences). The amendment represents a remaking of the existing COM FLU that continues to align with the County's policy framework and enhances the long-term livability and urban framework on this corridor.

POLICY FLU 1.6.1. – COMMERCIAL USES WITHIN PLANNED DEVELOPMENTS

The proposed amendment is consistent with Policy FLU 1.6.1.a, which supports the integration of commercial development within PD designations when such development is compatible with surrounding land uses and designed to enhance multimodal accessibility. The PD concept plan demonstrates the site's frontage along SR 54 and provides the location for commercial and professional uses that are planned as integrated with residential development in a compact, pedestrian-oriented layout to the rear, or north, of the site. The PD framework allows these uses to function cohesively, with shared access, internal connections, and a unified design approach that minimizes curb cuts and promotes safe, efficient vehicular and pedestrian circulation. The result is a more efficient land use arrangement that strengthens the corridor's mixed-use character while improving site access and reducing potential traffic conflicts.

POLICY FLU 8.1.2 – SOUTH MARKET AREA

The project supports the vision set forth in Policy FLU 8.1.2 for the South Market Area by introducing a compact, mixed-use development pattern that supports multimodal connectivity and reinforces SR 54 as a key growth corridor in the Urban Service Area. The integration of residential and commercial uses within a single development site enables an active and functional land use mix that supports both local residents and businesses. By reducing overall density and intensity while improving land use coordination through the designs illustrated in the PD concept plan, the project enhances corridor mobility through internal trip capture and cross-access driveways to the east, which align with the County's Goals, Objectives and Policies (GOPs) for balanced growth within the Urban Service Area. The proposal represents an efficient use of urban land by locating multi-family residential within walking distance of commercial amenities that contribute to the economic and social vitality of the immediate vicinity and the South Market Area.

POLICY FLU 1.8.7 – ECONOMIC DEVELOPMENT

The project supports the intent of Policy FLU 1.8.7 by contributing to the County's economic base and fostering job creation through the inclusion of commercial, medical, office, and retail uses. These uses will generate employment opportunities and expand the local tax base, while the multifamily component provides proximate housing options for the workforce that serves the area and the customer base that shops in the surrounding corridor. The project's location within the Urban Service Area ensures that economic development occurs in a fiscally responsible manner, utilizing existing

infrastructure rather than requiring costly network extensions. The integration of residential and employment uses in one location enhances economic resilience, reduces commute distances, and supports the County's long-term economic and mobility goals.

While the proposed PD will reduce the gross acreage set aside for commercial purposes, it is important to note that COM allows for the development of multi-family residential at 24 dwelling units per gross acre. The depth of the subject site is much deeper than the immediately proximate prevailing non-residential lot depth along the SR 54 corridor (approximately 1,000 feet versus 250 feet). It is understood that based on the market established lot depth along SR 54, non-residential uses would consolidate along the frontage leaving other, likely residential, uses to fill the remaining property to the rear, which is also what is occurring to the west and east of the subject site in terms of the prevailing development pattern. In short, the PD essentially proposes the same land uses that COM currently enables, albeit with specific Subarea Policy controls and a PD concept plan that governs the proposed development outcome.

POLICY FLU 1.8.10 – PRESERVATION OF CAPACITY FOR EMPLOYMENT-GENERATING USES

The proposed PD aligns with the intent of Policy FLU 1.8.10 by establishing a compact, mixed-use development that integrates residential, commercial, and office uses in a coordinated and pedestrian-friendly form. The site plan envisions commercial buildings oriented toward SR 54, with multifamily residential uses located internally (to the rear or north on the site), connected through internal driveways, sidewalks, and open spaces that encourage walkability between uses and the reduction of vehicular trips. This design supports multimodal travel, encourages internal trip capture, and fosters a sense of place consistent with the County's objectives for higher-quality urban form within the Urban Service Area. The PD designation ensures that these design features are formally integrated into the project's entitlement process by way of the Subarea Policy, reinforcing consistency with Comprehensive Plan objectives.

Reducing vehicular trips through internal trip capture is an important facet of the proposed project. Strategies that reduce trips overall work toward ensuring transportation capacity is maintained on the main County arterial roadways, such as SR 54, and is consistent with other County planning objectives. In so doing, adequate transportation capacity is maintained for future employment-generating uses along major arterial roadways, since trips are reduced by virtue of compact development patterns that place residential land uses close to places of work for the local workforce and close to places of commerce for local consumers. The compactness of the development pattern illustrated in the PD concept plan also represents an overall conservation of land wihtin the County that can save other sites for employment-generating purposes. In this case, the frontage of SR 54 is preserved for employment generating purposes.

POLICY FLU 9.1.7 – URBAN SERVICE AREA

The amendment furthers the intent of Policy FLU 9.1.7 by promoting high-quality urban design principles that contribute positively to community character. The PD framework

incorporates enhanced architectural and landscape design standards through the proposed Subarea Policy, PD concept plan, and, ultimately the MPUD Master Plan (which will be the binding concept plan as set forth in the conditions of approval of the MPUD) by controlling the type of employment generating uses, establishing a walkable and pedestrian-conscious development, and enhanced landscaping to be compatible with adjacent residential and other area development patterns. The site design will orient buildings toward SR 54 with active frontages, incorporate internal pedestrian connections, orient internal buildings toward integrated green spaces and civic elements that create a cohesive and identifiable sense of place. The resulting development will establish a meaningful built environment consistent with the County's expectations for urban corridors within the Urban Service Area.

It is important to note that Policy FLU 9.1.7, which establishes the geographic limits of the Urban Service Area, should be understood in the context of Policy FLU 9.1.6, which discourages urban sprawl by establishing a minimum density within the Urban Concentration Area, which itself is the same extent as the Urban Service Area. While the density requirements are identified by the Future Land Use designation of a particular site, in this case COM (up to 24 dwelling units per acre), the proposed PD Subarea Policy establishes a minimum required density of 18.9 dwelling units per acre through the PD concept plan and the binding concept plan of the MPUD (also known as the MPUD Master Plan). The design of the PD concept plan and the MPUD Master Plan therefore fulfills the Policy FLU 9.1.6 mandate for a minimum density that supports urban transportation objectives (typically understood to be a density greater than 7 dwelling units per gross acre). It establishes an urban density for an urban transportation network, which is the objective of the Comprehensive Plan as it relates to the Urban Service Area.

PLANNING DISCUSSION

The following is a discussion of site-specific details related to the project.

1. Site Characteristics. The subject site is located in the South Market Area and Urban Service Area. There are four (4) archeological sites in proximity to the subject site: Seven Springs (PA00278) to the west, Jay Two Three 9 (PZ00413), Jay Two Three 10 (PZ00414), and Contented Cow (PA00279). There are no archeological sites located on the subject parcel. There are no wetlands on the subject site. A portion of the subject site to the rear has a FEMA Flood Zone of "AE", the remainder of the site is Flood Zone "X".
2. Right-of-Way (ROW). The subject site is located on SR 54, a 250-wide, 6-lane Florida Department of Transportation (FDOT) arterial roadway. There was a Capital Improvement Project (CIP) to resurface this segment for 2025 that has been completed and includes a mid-block pedestrian signal on SR 54 east of Starkey Blvd (source: https://www.fdottampabay.com/project/895/443784-1-52-01).
3. Trails. There is an 8-foot sidewalk on the north side of SR 54 that was recently widened as part of the FDOT CIP improvement project noted above. There is an existing 5-foot sidewalk that is on the south side of SR 54.

4. Transit/Bus Stops. The subject site is located on bus Route 54 with the nearest bus stops located on the north and south sides of SR 54, approximately .3 miles to the west (SR 54 & Starkey) and .4 miles to the east (SR 54 & Duck Slough Blvd).
5. Signal at SR 54. The proposed project will proportionally share in the cost of implementing the signal at its entrance, which is across SR 54 from the Mitchell SJP MPUD industrial development.

PRELIMINARY FEASIBILITY ANALYSIS

A preliminary feasibility analysis was conducted by the PDE. The following assessments are derived from the various County departments and other agencies.

1. Transportation Needs Assessment (TNA). On July 8, 2025, The PDE transportation staff reviewed the proposed amendment and concluded that a TNA is not required since the proposed FLU will not generate more trips than the existing FLU.
2. Pasco County Utilities (PCU). On January 22, 2024, PCU provided the following comments:

   This property is within Pasco County Utilities Water, Wastewater and Reclaimed Water Service Areas, and based on the use intensity information provided by the applicant, the property has an estimated potable water demand of 113 ERUs:

   Potable Water: Development within this property will be required to connect to Pasco County Utilities Water system. There is currently potable water capacity to support the proposed development. The nearest watermain to the subject property is located at: Approximately 10 feet south of the subject property at the right of way (R.O.W) of State Road 54.

   Wastewater: Development within this property will be required to connect to Pasco County Utilities wastewater system. There is currently capacity at the Shady Hills WWTP to support the proposed development. The nearest sewer main to the subject property is at: Approximately 200 feet south of the subject property at the opposite side of State Road 54.

   Reclaimed water: Development within this property will be required to connect to Pasco County Utilities reclaimed water system. There is currently reclaimed water capacity to support the proposed development. The nearest reclaimed main to the project is at: Approximately 10 feet south of the subject property at the R.O.W of State Road 54.

   Comprehensive plan/zoning approval does not reserve water, wastewater, or reclaimed water capacity. Offsite main extensions and connection points for water, wastewater, and reclaimed water will be assessed during Engineering Review and Construction Plan permitting. Construction of offsite water, wastewater, and reclaimed facilities may be required. Offsite improvements must be constructed at the developer's expense per Pasco County Code Chapter 110

– Utilities.

3. Pasco Sheriff's Office (PSO). On January 29, 2024, the Pasco County Sheriffs department provided the following comment:
Recognizing that the Pasco Sheriff's Office is currently 63rd out of 67 counties in terms of deputies per 1,000 citizens served, the Sheriff's Office continues to have concerns regarding the impact of any planned development, especially multi-family developments that have the
potential to bring in hundreds of people into a small area.

   These concerns should not be perceived as the Sheriff's Office being anti-growth, instead the Sheriff's Office encourages those who can have an impact on this decision to consider these important aspects when evaluating such projects. The individuals who move into these areas, which have often been re-zoned from agriculture or commercial zoning, will immediately need services but, yet, any impact had on these residences on the budget of the Pasco Sheriff's Office are at least 30 months away.

   Consider, if a development is move in ready in February of a given year, the calls for service begin immediately while the property taxes on that development is not due until the beginning of the next year. The property taxes are then appropriated to the Sheriff's Office in October when we can begin the hiring and training process for new deputies, which can take an additional year. By the time new deputies are available to respond to calls for service, the development that initially necessitated their hiring is 30 months old.

   Also, according to the United States Department of Agriculture, any residential development costs $1.08 for every $1 received in property taxes, whereas commercial and agricultural uses are far less than the $1 received.

   To reiterate, the Pasco Sheriff's Office is not anti-growth, but any rezoning, especially rezoning from commercial or agricultural, to residential must be weighed with the opportunity lost for commercial or agricultural development and the impact on our community through crime and other impacts to the Sheriff's Office and we would urge decision makers to be very cognizant of the impacts those decisions may have.

   Additionally, the proposed 230 unit multifamily development is projected to add up to 552 new residents to Pasco County. This growth represents additional strain on already stretched law enforcement resources which will need to be addressed in upcoming budgets. Furthermore, as with all multifamily housing complexes, we recommend a staffed management office, license plate readers at all points of entry/ exit, and gate-controlled access to reduce opportunities for criminality.

4. Emergency Management. On January 22, 2024, the Emergency Management department was provided an opportunity to comment. We did not receive any

comments to date.

5. School District. Although the proposed amendment is a reduction in density, on March 6, 2024, the School District provided a School Impact Analysis, attached hereto.

6. Parks, Recreation, and Natural Resources (PRNR). (1) On January 11, 2024, Parks and Recreation provided a response of "no comment."; and (2) On January 18, 2024, Natural Resources provided the following comments:
    1. The project is not located within an ecological corridor or ecological planning unit.

    2. Natural Resources will address the on-site wetlands and any potential listed species at the time of zoning and/or site development submittal. A preliminary wildlife survey will be required at zoning and/or site development submittal. A state-approved wetland boundary survey may be required.

7. Office of Economic Growth (OEG). On March 23, 2024, OEG provided the following comment:

    "The property is located in a light-industrial and commercial FLU node. There is market demand for light industrial flex buildings and medical/professional office space in this area of the County. Prior to endorsing this proposal, it would be important to examine the suitability of this property for multifamily residential regarding mobility management; project integration and connectivity to the surrounding neighborhood; and need for more multifamily in this area of the Township. The data indicates the County is currently in a surplus for market-based apartment residential. Lastly, Board policy has been to protect employment areas of the County as much as possible to maintain a balanced tax base." - this has been addressed through the companion MPUD Master Planned Unit Development Conditions of Approval (COAs).

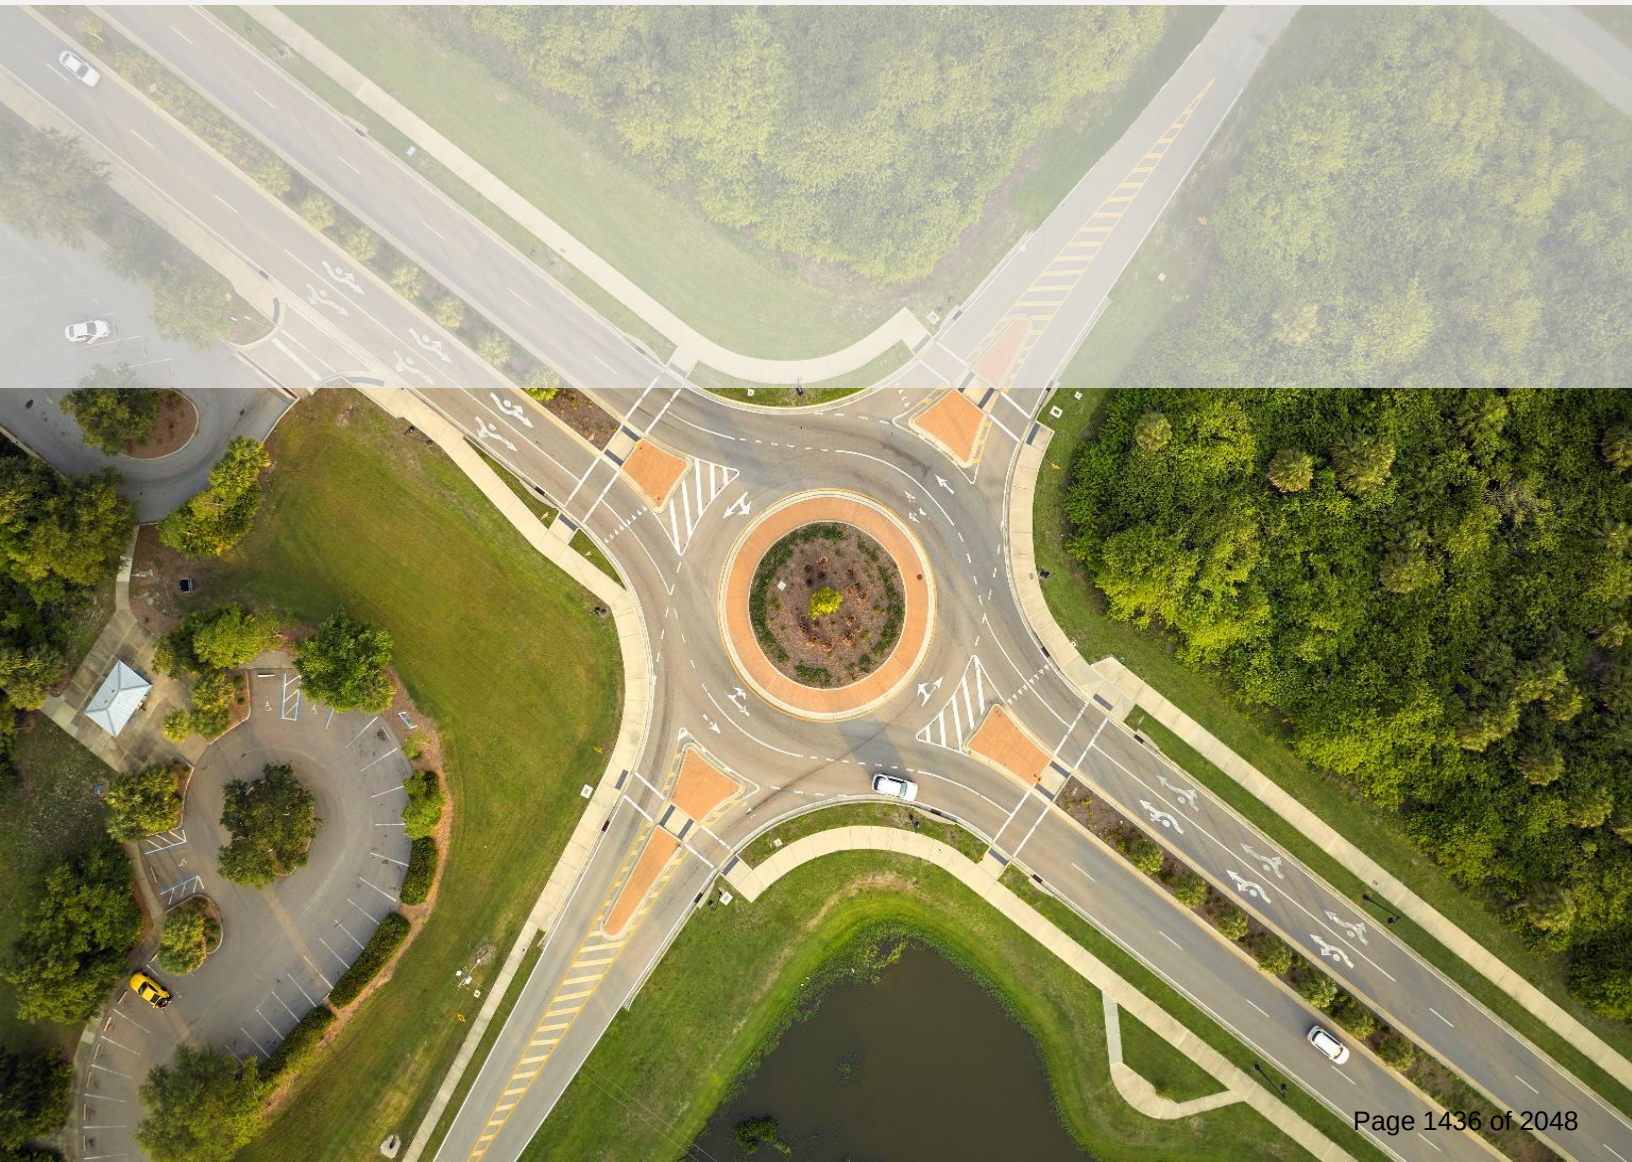
TRANSPORTATION NEEDS ASSESSMENT DETERMINATION

Pasco County



June 20, 2025

Hamed Haghshenas
Planning, Development, & Economic Growth Dept.
Pasco County
8731 Citizens Drive
New Port Richey, FL 34654

Mr. Haghshenas,

I hope this letter finds you well. I am pleased to submit the Transportation Needs Assessment Determination study for the PD application of the site located along SR SR 54 in New Port Richey, identified by Parcel ID: 30-26-17-0000-00600-0000.

The report evaluates the trip generation associated with both current and proposed FLUs, following the Institute of Transportation Engineers (ITE) Trip Generation Manual, 11th Edition.

Based on this analysis, it has been determined that the proposed PD does not result in an increase of 50 PM peak hour trips. In accordance with the Pasco County LDC 901.12, a Transportation Needs Assessment is not required for this project. Detailed trip generation calculations are provided in the following pages for your reference.

Thank you for reviewing this determination. Should you have any questions or require additional details, please feel free to reach out.

Maximum
Yield

The subject property comprises approximately 15.36 acres and is designated as Commercial (COM) under the Pasco County Comprehensive Plan. The maximum Floor Area Ratio (FAR) permitted in the COM Future Land Use category is 0.60, which allows for a maximum development potential of approximately 401,449 square feet of commercial uses.

The proposed Planned Development (PD) includes 30,000 square feet of medical offices, 20,000 square feet of commercial space, and 290 multifamily residential units.

Entitlement	FAR	Size
Current FLU (Retail/Office/Residential)		
Commercial	0.6	401,449 SQF
Proposed FLU (PD including 156 Multifamily Units)		
Multifamily	-	290 Units
Medical Office	-	30,000 SQF
Commercial	-	20,000 SQF

Trip
Generation

Trip generation for the project was calculated using the *Institute of Transportation Engineers (ITE) Trip Generation Manual, 11th Edition* (see Appendix "A").

Under the existing Future Land Use (FLU) designation, the site is assumed to support approximately 401,449 square feet of retail development. This scenario is estimated to generate approximately 1,363 PM peak hour trips, including 259 passerby trips and 1,104 net new trips.

The proposed Planned Development (PD) includes 290 multifamily residential units, 30,000 square feet of medical offices, and 20,000 square feet of commercial space, which is estimated to generate approximately 396 PM peak hour trips, including 53 passerby trips and 343 net new trips.

As a result, the proposed PD modification would reduce the number of net new PM peak hour trips when compared to the maximum development potential under the existing FLU designation.

Entitlement	ITE Code	Size	PM Peak Hour Trips	Passerby Trips	PM Peak Hour Net Trips
Current PD					
Retail	820	401,449 SQF	1,363	259[1]	1,104
Total			1,363	259	1,104
Proposed PD					
Multifamily	220	290 Units	145	0	145
Medical Office	720	30,000 SQF	119	0	119
Retail	821	20,000 SQF	132	53[2]	79
Total			396	53	343
Difference			-967	-206	-761

Notes:

1. A passerby rate of 19% is assumed based on ITE Trip Generation Handbook, Appendix "B".
2. A passerby rate of 40% is assumed based on ITE Trip Generation Handbook, Appendix "B".

THE BOARD OF COUNTY COMMISSIONERS **ORDINANCE NO. _____**

AN ORDINANCE AMENDING THE PASCO COUNTY COMPREHENSIVE PLAN; PROVIDING FOR A COMPREHENSIVE PLAN AMENDMENT TO THE FUTURE LAND USE MAP (MAP 2-15 AND SHEET 19) FROM COM (COMMERCIAL) TO PD (PLANNED DEVELOPMENT) ON APPROXIMATELY 15.36 ACRES OF REAL PROPERTY LOCATED ON THE NORTH SIDE OF SR 54 APPROXIMATELY .3 MILES SOUTHEAST OF THE INTERSECTION OF SR 54 AND STARKEY BLVD; AND A TEXT AMENDMENT CREATING SUBAREA POLICY FLU 7.1.80 – BLACKWELL MIXED-USE PD; AND A MAP AMENDMENT TO THE FUTURE LAND USE MAP 2-9 ADDING SUBAREA MAP 2-9(80) BLACKWELL MIXED-USE PD; AND PROVIDING FOR ADDITIONAL TEXT AMENDMENTS AS NECESSARY FOR INTERNAL CONSISTENCY; AND PROVIDING FOR ADDITIONAL TEXT AMENDMENTS AS NECESSARY FOR INTERNAL CONSISTENCY; PROVIDING FOR A REPEALER, SEVERABILITY, AND AN EFFECTIVE DATE.

WHEREAS, Chapters 125 and 163, Florida Statutes, authorize and require the Board of County Commissioners of Pasco County to prepare and enforce a Comprehensive Plan for the development of the County; and

WHEREAS, the Board of County Commissioners adopted a Comprehensive Plan on June 15, 1989, which has been subsequently amended; and

WHEREAS, the Board of County Commissioners has determined that the proposed Amendment meets the criteria for a Comprehensive Plan Amendment pursuant to Section 163.3187, Florida Statutes; and

WHEREAS, the Board of County Commissioners has considered the staff report including data and analysis and has determined that the proposed Amendment is consistent with Part II, Chapter 163, Florida Statutes, and the Pasco County Comprehensive Plan; and

WHEREAS, all map amendments exclude applicable Transportation Corridor Preservation width as established in Table 7-2, as may be amended from time to time, of the Pasco County Comprehensive Plan; and

WHEREAS, the Local Planning Agency, on November 20, 2025, held a public hearing, with a quorum attending and voting, on the proposed Amendment to the Comprehensive Plan with due public notice provided, pursuant to Section 125.66(2), Florida Statutes, and found the proposed amendment consistent with the adopted Comprehensive Plan; and

WHEREAS, the Board of County Commissioners, on January 20, 2026, held an adoption public hearing, with a quorum attending and voting, on the proposed Amendment to the Comprehensive Plan with due public notice provided, pursuant to Section 163.3184, Florida Statutes, and considered all comments received during the public hearing.

NOW, THEREFORE, BE IT ORDAINED by the Board of County Commissioners of Pasco County, Florida, as follows:

SECTION 1. FUTURE LAND USE ELEMENT MAP AMENDMENT.

The Official 2025 Future Land Use Comprehensive Plan Map 2-15 and Map Sheet No. 19 is hereby amended to change the Future Land Use classification from COM (Commercial) PD (Planned Development) on approximately 15.36 acres of real property, attached hereto as Exhibit A, and made a part hereof.

SECTION 2. FUTURE LAND USE ELEMENT TEXT AMENDMENT.

The Pasco County Comprehensive Plan, Future Land Use Element, Chapter 2, SUBAREA POLICY FLU 7.1.80 – BLACKWELL MIXED-USE PD, is hereby created, attached hereto as Exhibit B, and made a part hereof.

SECTION 3. FUTURE LAND USE SUBAREAS MAP AMENDMENT.

The Official 2025 Future Land Use Comprehensive Plan Series, Map 2-9, Subarea, is hereby replaced with Exhibit C, as attached hereto and made a part hereof.

SECTION 4. REPEALER.

All provisions of the Pasco County Comprehensive Plan adopted pursuant to Ordinance No. 89-13, as amended, in conflict herewith are hereby repealed.

SECTION 5. SEVERABILITY.

Each provision of this Ordinance and all Exhibits hereto is material to the Board of County Commissioners' adoption of this Ordinance. Accordingly, these provisions are not severable. In the event any section, subsection, sentence, clause, or provision of this Ordinance and/or any Exhibits hereto is declared illegal or invalid by a body with jurisdiction to make such determination, the remainder of this Ordinance and all Exhibits hereto shall be suspended until such time that the Board of County Commissioners modifies this Ordinance and/or Exhibits hereto to address the illegal or invalid provision of this Ordinance, and the remainder of this Ordinance after the exclusion of such part or parts shall be deemed to be valid.

SECTION 6. EFFECTIVE DATE.

This Ordinance shall be transmitted to the Department of State by the Clerk to the Board by electronic mail within ten (10) days of the adoption of this Ordinance, and this Ordinance shall take effect upon confirmation by the Department of State of its receipt. The effective date of this Plan Amendment, if the Amendment is not timely challenged, shall be (thirty-one) 31 days after adoption. If timely challenged, this Amendment shall become effective on the date the state land planning agency, or the Administration Commission enters a final order determining the Amendment to be in compliance. No development orders, development permits, or land uses dependent on this Amendment may be effective or commence before it has become effective. If a final order of noncompliance is issued by the Administration Commission, this Amendment may nevertheless be made effective by adoption of a resolution affirming its effective status, a copy of which resolution shall be sent to the state land planning agency.

SECTION 5. LEGISLATIVE FINDINGS OF FACT

The foregoing Whereas clauses, incorporated herein, are true and correct.

ADOPTED by the Board of County Commissioners of Pasco County, Florida, in a session with a quorum present and voting this 20th day of January, 2026.

BLACKWELL MIXED-USE PD SUBAREA

POLICY FLU 7.1.80: BLACKWELL MIXED-USE PD

Blackwell Mixed-Use PD (Planned Development) Subarea is identified as on Future Land Use Subarea Map 2-9 (80). This Subarea shall be zoned MPUD Master Planned Unit Development District and shall be consistent with the Goals, Objectives, and Policies (GOPs) of the Comprehensive Plan. Any development that would exceed the level of development allowed under this Subarea Policy shall require an amendment to Policy FLU 7.1.80, and such amendment shall be supported by data and analysis that demonstrates adequate public facilities, services, and infrastructure are available to accommodate the proposed density and intensity of development. Such amendment shall be consistent with the Goals, Objectives, and Policies of the Comprehensive Plan, and Chapter 163, Florida Statutes.

Intent: The intent of the Blackwell Mixed-Use PD Subarea is to allow for a mixture of residential and non-residential uses.

Maximum Levels of Development

General range of potential uses: Commercial, Medical Offices, Professional Offices/Services, Retail, and Multiple-family Apartments.

Land Use	Square Footage (SF)/Dwelling Units (DU)
Multiple-family Apartments	290 DU
Non-Residential Uses	100,000 SF

Blackwell Mixed-Use PD Subarea Development Standards

a. Building facades shall have enhanced and unified architectural features to add visual interest internally to this development.

b. Non-residential buildings shall be located along SR 54 with multiple-family apartments situated behind these uses to the rear. Buildings heights, enhanced setbacks, and buffering standards shall be enforced through the MPUD Master Planned Unit Development District Conditions of Approval (COAs) and Master Plan.

c. Pedestrian connectivity to adjacent uses shall be achieved through the MPUD Master Planned Unit Development District COAs and Master Plan to ensure adequate pedestrian facilities are provided internally to this development.

RECOMMENDED BOARD ACTION:

Approve the proposed Substantial Modification to the MPUD subject to the attached Conditions of Approval. Authorize the Chairman to execute one (1) original of the Resolution provided, and direct Board Records to distribute as set forth under the Distribution section below.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

PROJECT OVERVIEW

Land Development Code (LDC) Section 402.2, Zoning Amendment - MPUD Master Planned Unit Development; Section 522 - MPUD Zoning District

Proposed is a substantial modification to the Decubellis and Little MPUD, amending the conditions of approval for a revised typical section for the Plathe Road Extension, the addition of a binding concept plan for the residential portions of the MPUD, and the incorporation of the Live Local tax exemption voluntary conditions of approval.

The County Engineer reviewed the proposed typical section for the Plathe Road Extension and was in agreement with the new section. It should be noted that this particular section of the Plathe Road Extension inside of the MPUD's boundaries will be maintained by the owner of the multi-family residential development. A public access easement shall be placed over the sidewalk, multi-use path, and the travel lanes to preserve public access and throughput. The Plathe Road Extension as depicted by the MPUD Master Plan shall not be mobility fee creditable, nor will the sidewalks, multi-use paths, and travel lanes be mobility fee creditable.

The proposed revised roadway typical supports/cooperates with the existing approval and intended users of the Decubellis and Little MPUD, including the integrated non-residential users as well as the residents of the multi-family residential complex. As illustrated by the MPUD Master Plan and Exhibit 1 "Binding Concept Plan" the applicant has committed to a people-first design creating a streetscape with active pedestrian

connectivity and live-play amenities such as linear parks, trails, open space, and a residential amenity center.

The applicant is also seeking the following variation from the LDC:
Variation No. 1 - **LDC Section 901.2,** *Transportation - Corridor Management,* from **LDC Section 901,** *Infrastructure Standards,* and any other applicable section of the LDC.

STAFF VARIATION REQUEST ANALYSIS:
Variation No. 1 - The applicant requests a variation from LDC section 901.2, proposing a variation from the Right of Way Preservation Tables, Corridor Width, for Plathe Road Extension from 60 feet to 24 feet for travel lanes plus 6 feet for a sidewalk and 8 feet for a multi-use path. Further, in lieu of deeding this right of way to the County, the applicant proposes to convey a public access easement to the County over the 24-foot travel lanes, 6-foot sidewalk and 8-foot multi-use path. Private parking for the project is proposed on both sides of the 24-foot travel lanes. Furthermore, the New Port Corners MPUD is constructing a parallel reliever road, Dusty Lane, that intersects with Decubellis and is able to carry a portion of the volume that the original alignment of Plathe Road was expected to carry. There is an attachment titled “Aventon Little Surrounding Access Exhibit” which shows the areas transportation network, highlighting the multiple transportation connections in the immediate area. PDE is amenable to this request, as it accomplishes the intent of LDC Section 901.2; full development of Plathe Road, maintaining corridor integrity and service availability.

The Decubellis and Little MPUD contains two parcels as noted below. The permitted uses and the entitlements are not changed by this action. The approved uses in the MPUD are as follows:

Residential Parcel: maximum of 354 Multi-Family Residential Units.
Mixed Use Parcel: maximum of 30 Multi-Family residential Units, minimum of 16,000 sf, maximum of 21,000 sf, non-residential uses.

The permitted uses of the 21,000 sf non-residential entitlement shall follow LDC Sections 523: PO-1 Professional Office District, 524: PO-2 Professional Office District, 525: C-1 Neighborhood Commercial District, and 526: C-2 General Commercial District.

This agenda memo was prepared by Kurt Siverson, Planner I.

SITE DETAILS

The project is located approximately 300 feet south of the Little Road and Decubellis Road intersection, abutting east of Little Road and south of Decubellis Road, in the West Market Area (Parcel ID No's: 02 26 16 0010 00600 0000, 02 26 16 0010 00500 0000, 02 26 16 0010 00500 0010, 02 26 16 0010 00400 0000, 02 26 16 0010 00300 0000, and 02 26 16 0010 00300 0010).

Current Zoning District:	MPUD Master Planned Unit Development
Proposed Zoning District:	MPUD Master Planned Unit Development
Future Land Use (FLU) Classification:	ROR (Retail/Office/Residential), RES-24 (Residential-24 du/ga)
Water/Sewage	Pasco/Pasco
Flood Zone:	X
Approved Entitlements:	384 Multi-Family Units 21,000 SF Commercial/Retail
Roads/Access:	Little Road (County Arterial), Decubellis Road (County Collector)

MPUD SURROUNDING CONDITIONS ANALYSIS

The Decubellis and Little MPUD is planned for both multi-family residential uses and commercial/ employment generating uses along the Little Road frontage. The proposed MPUD is compatible with the immediate surrounding area which has developed as a mixed-use neighborhood that includes single-family, townhome, and multi-family uses with commercial areas in New Port Corners. This proposed MPUD will integrate with the New Port Corners road system and provide additional connectivity between New Port Corners and the surrounding built environment. The residents of and visitors to the subject site will have access to New Port Corners commercial amenities without having to put traffic on Little Road or Decubellis Road.

Within a 1-mile radius of the Decubellis and Little MPUD, MPUD approvals abut north and south, most notably:

1. North & South: New Port Corners MPUD: approved for 3400 residential units comprising single-family attached and detached residential units, multi-family residential units, age-restricted residential units, and 1,400,000 sf of non-residential uses by Resolution 22-12RZ (file PDD22-7598).

2. Southeast: Alico Estates MPUD (aka Timber Greens): approved for 950 single-family attached and detached residential units (GM98-051).

SURROUNDING ZONING AND LAND USES

	Zoning District	Future Land Use (FLU)	Existing Use
North	New Port Corners MPUD (Master Planned Unit Development)	ROR (Retail/Office/Residential), NPC (New Port Corners)	Primarily office, non-residential users, undeveloped land.
South	New Port Corners MPUD (Master Planned Unit Development)	NPC (New Port Corners)	Primarily residential users, undeveloped land.
East	E-R Estate Residential District, A-C Agricultural District	RES-3 (Residential-3 du/ga)	Primarily residential users, undeveloped land.
West	C-2 General Commercial District	ROR (Retail/Office/Residential)	Primarily commercial users.

PREVIOUS ZONING ACTION(S) AND BACKGROUND DETAILS

On July 22, 1980, the Board of County Commissioners (BCC) approved rezoning from A-C Agricultural Zoning to a C-2 General Commercial Zoning District (Parcel ID No. 02-26-16-0010-00600-0000).

On October 23, 1984, the BCC approved rezoning from A-C Agricultural Zoning District to an E-R Estate-Residential Zoning (Parcel ID No. 02-26-16-0010-00300-0010).

On August 22, 2023, the BCC approved rezoning from C-2 General Commercial District, E-R Estate Residential and A-C Agricultural District to MPUD Master Planned Unit Development in the name of Decubellis and Little MPUD (Parcel ID No.'s 02 26 16 0010 00600 0000, 02 26 16 0010 00500 0000, 02 26 16 0010 00500 0010, 02 26 16 0010 00400 0000, 02 26 16 0010 00300 0000, and 02 26 16 0010 00300 0010).

FINDINGS OF FACT

1. Proposed is a substantial modification to the Decubellis and Little MPUD, amending the conditions of approval for a revised typical section for the Plathe Road Extension, the addition of a binding concept plan for the residential portions of the MPUD, and the incorporation of the live local tax exemption conditions of approval.

2. The Decubellis and Little MPUD is located within the West Market Area and Commission District 4.
3. The ROR and RES-24 Future Land Use classifications of the Decubellis and Little MPUD support the proposed users.
4. The previously approved LDC variation requests, by BCC Resolution 23-62RZ, are to remain in effect by approval of this action.
5. On November 20, 2025, the proposed Substantial Modification was presented to the Planning Commission (PC). The PC voted to recommend approval to the Board of County Commissioners (BCC) of the proposed Substantial Modification to the Decubellis and Little MPUD Master Planned Unit Development District.
6. The proposed request is consistent with the Pasco County LDC, Chapter 400, Subsection 402.2 Zoning Amendment - MPUD Master Planned Unit Development, and with the applicable provisions of the Pasco County Comprehensive Plan.
7. LDC Section 402.2.C.8 specifies that variations from this Code may be reviewed and approved by the PC and BCC during the public hearing held on any application for an MPUD zoning amendment and the BCC finds, in the particular case, that the proposed variation meets or exceeds the intent of the Code. The Planning, Development, & Economic Growth Department (PDE) has reviewed the requested variation and finds it meets the intent of the LDC as noted.

PRELIMINARY FEASIBILITY ANALYSIS

1. Timing and Phasing (T&P) and/or Substandard Road Analysis (SSRRA): The Transportation Planner found application SSRRA-2025-00115 exempt, citing that neither Decubellis nor Little Road are substandard roadways. Additionally, the Timing and Phasing Analysis T&P-2025-00045 was found exempt since the proposal does not seek a change in entitlements nor uses. The Transportation Planner is in agreement with the conditions of approval provided herein.
2. Pasco County Utilities (PCU): The Utilities Department had no objection to the proposal and are in agreement with the conditions of approval herein.
3. Pasco Sheriff's Office (PSO): The Sheriff's Office did not provide comments on the proposal.
4. Fire: The Fire Services Department had no objection to the proposal and are in agreement with the conditions of approval herein.
5. Emergency Management: The Emergency Management Department had no objection to the proposal and are in agreement with the conditions of approval herein.
6. Parks, Recreation, and Natural Resources (PRNR): The Parks, Recreation, and Natural Resources Department provided comments and are in agreement with the conditions of approval herein.

FISCAL IMPACT/COST/REVENUE STATEMENT:
Funding is not required for this action.

BY THE BOARD OF COUNTY COMMISSIONERS **RESOLUTION NO. 26-18RZ**

RESOLUTION AMENDING ZONING CLASSIFCATION OF PROPERTY FROM AN MPUD MASTER PLANNED UNIT DEVELOPMENT DISTRICT TO AN MPUD MASTER PLANNED UNIT DEVELOPMENT DISTRICT AS DESCRIBED IN REZONING PETITION NO. 7894

WHEREAS, the Board of County Commissioners of Pasco County, after due public notice, held a public hearing on January 20th, 2026 on Rezoning Application No. 7894; and

WHEREAS, the Board of County Commissioners has heard the presentation and evidence of the applicant and individuals in opposition to and in favor of the application; and

WHEREAS, the Board of County Commissioners has reviewed the report and recommendations of the Planning Commission and the recommendation of the County staff and does hereby adopt the following findings of fact:

FINDINGS OF FACT

1. Proposed is a substantial modification to the Decubellis and Little MPUD amending the conditions of approval for a revised typical section for the Plathe Road Extension, the addition of a binding concept plan for the residential portions of the MPUD, and the incorporation of the voluntary Live Local conditions of approval.

2. The Decubellis and Little MPUD is located within the West Market Area and Commission District 4.

3. The ROR and RES-24 Future Land Use classifications of the Decubellis and Little MPUD support the proposed uses.

4. The previously approved LDC variation requests, by BCC Resolution 23-62RZ, are to remain in effect with approval of this action.

5. On November 20, 2025, the proposed Substantial Modification was presented to the Planning Commission (PC). The PC voted to recommend approval to the Board of County

Commissioners (BCC) of the proposed Substantial Modification to the Decubellis and Little MPUD Master Planned Unit Development District.

6. LDC Section 402.2.C.8 specifies that variations from this Code may be reviewed and approved by the PC and BCC during the public hearing held on any application for an MPUD zoning amendment. Variations shall be allowed where the BCC specifically finds, in the particular case, that the proposed variation meets or exceeds the intent of this Code.

a. The applicant requests a variation from LDC section 901, Infrastructure Standards, specifically 901.2, Transportation – Corridor Management, to introduce a 10-foot larger typical section to accommodate 24 feet total for travel lanes, 6 feet for a sidewalk, on-street parking on both sides of the travel lanes (angled and parallel parking stalls), and 10 feet for a multi-use path, which ends up being roughly 70 feet in total. Further, in lieu of dedicating this right of way to the County, the applicant proposes to convey a public access easement to the County over the 24-foot travel lanes, 6-foot sidewalk and 10-foot multi-use path. PDE is amenable to this request, as it accomplishes the intent of LDC Section 901.2; maintaining corridor integrity and service availability in addition to adequate pedestrian facilities. Additionally, the public access easements placed over the pedestrian facilities and travel lanes will reduce the associated maintenance and capital costs to the County, especially given that this portion of Plathe is not mobility fee creditable.

7. The proposed request is consistent with the Pasco County LDC, Chapter 400, Subsection 402.2 Zoning Amendment - MPUD Master Planned Unit Development, and with the applicable provisions of the Pasco County Comprehensive Plan. Further, the Board finds that the proposed variation from LDC Section 901 referenced above meets or exceeds the intent of the Code.

WHEREAS, the Board of County Commissioners has taken into consideration other factors relevant to the decision as to whether the rezoning request should be approved for the subject property.

WHEREAS, a description of the real property is attached hereto as Exhibit A and is made part hereof.

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of Pasco County, Florida, in regular session duly assembled with a quorum present and voting, this 20th day of January, 2026 that the rezoning petition of Decubellis and Little MPUD Master Planned Unit Development is hereby approved, subject to the conditions and master plan for the Decubellis and Little MPUD as set forth in Exhibits B and C attached hereto and made part hereof.

DONE AND RESOLVED this 20th day of January 2026.

SURVEYOR'S NOTES:

1) Easements, encumbrances, rights-of-ways, reservations, agreements and other similar matters taken from First American Title Insurance Company, commitment for title insurance No. 110660360, bearing an effective date of March 26, 2025.

2) This survey is limited to above ground visible improvements along and near the boundary lines, except as shown hereon, and that nothing below the ground was located including, but not limited to foundations (footings), utilities, etc.

3) Bearings shown hereon are based on the south Right-of-Way of Decubellis Rd, having a Grid bearing of S.89°29'06"E. The Grid Bearings as shown hereon refer to the State Plane Coordinate System, North America Horizontal Datum of 1983 (NAD 83-2011 ADJUSTMENT) for the west Zone of Florida.

4) This survey is intended to be displayed at 1" = 60' or smaller on Sheet 2 and 1" = 20' or smaller on sheets 3-7.

5) All boundary line dimensions are field measured unless otherwise noted.

6) Additions or Deletions to survey maps or reports by other than the signing party or parties is prohibited without the written consent of the signing party or parties.

7) The subject property lies in Flood Zone "X", according to Flood Insurance Rate Map, Map No. 12101C0193F for Pasco County Unincorporated Areas, Community No. 120230, Pasco County, Florida, dated 9/26/14 and issued by the Federal Emergency Management Agency. Lines shown have been digitally translated from DFIRM database information supplied by the FEMA Map Service Center https://msc.fema.gov).

8) Parcels shown hereon, are contiguous along their common boundaries without gap, gore, hiatus, or overlap.

9) Use of this survey for purposes other than intended, without written verification, will be at the user's sole risk and without liability to the surveyor. Nothing hereon shall be construed to give any rights or benefits to anyone other than those certified to.

10) On this drawing, certify means to state or declare a professional opinion of conditions regarding those findings or facts which are the subject of the certification and does not constitute a warranty or guarantee, either implied or expressed. This certification is only for the lands as described. This certification is not a certificate of title, easements, zoning or freedom of encumbrances.

11) The lands described hereon may contain lands that are considered environmentally sensitive wetlands that are subject to claim or restriction by one or more of the following agencies: Army Corp. of Engineers, Southwest Florida Water Management District (S.W.F.W.M.D.), or Department of Environmental Protection (D.E.P.). Wetland lines and areas, if any, are not shown hereon.

12) Underground utilities shown hereon may be based solely or in part on the following: Markings provided by utility companies, plans requested from utility providers, observed above ground evidence and remote sensing measurements taken by the surveyor. All evidence of underground utilities made available to the surveyor are shown hereon. However, lacking excavation, the exact location of underground features cannot be accurately, completely, and reliably depicted. Where additional or more detailed information is required, the user of this survey is advised that excavation and/or a private utility locate request may be necessary. Due to limitations outside the surveyor's control, underground infrastructure or utilities may exist within or near the subject property that are not depicted hereon.

13) It is hereby certified that a survey of the hereon described property was made under my supervision and meets the standards of practice set forth by the Florida Board of Professional Surveyors and Mappers in Chapter 5J-17.060 FAC, pursuant to Section 472.027, FS.

14) Elevations shown hereon are based on the North American Vertical Datum of 1988 (NAVD 88), based on National Geodetic Survey Benchmark "Q677", having a published elevation of 34.42 feet (NAVD 88).

15) No visible evidence of grave sites, burial grounds or cemeteries on subject property.

16) No observed evidence of substantial areas of refuse located on the property.

17) The subject property has direct access to and is contiguous with Decubellis Road, being dedicated public streets or highway with no gaps, gores or overlaps.

18) Per table a Item No. 16, no evidence of recent earth moving work, building construction, or building additions was observed in the process of conducting the fieldwork.

19) Per table a Item No. 17, no apparent changes in street right of way lines either completed or proposed, and available from the controlling jurisdiction.

20) Per table a Item No. 18, no offsite easements known to the surveyor.

CONDITIONS OF APPROVAL

DECUBELLIS AND LITTLE MPUD
MASTER PLANNED UNIT DEVELOPMENT
CONDITIONS OF APPROVAL
REZONING PETITION NO. RZ-7894

Master Development Plans

1. Development shall be in accordance with the plans and information submitted on October, 2025; the Land Development Code (LDC); and the Comprehensive Plan unless otherwise stipulated or modified herein. The original MPUD Master Planned Unit Development conditions of approval and Master Plan, Original Rezoning No. 7667 are hereby superseded by Rezoning Petition No. 7894. Development of the Residential Parcel shall substantially conform to the conceptual plan attached as Exhibit "1" ("Binding Concept Plan"). The County Administrator or designee is hereby delegated authority to interpret and apply the Binding Concept Plan to the PDP/Construction Plans for each phase or parcel within the Residential Parcel, provided the substantive intent and purpose of the Binding Concept Plan for the Residential Parcel is achieved. So long as the PDP/Construction Plans are deemed in substantial conformance with the Binding Concept Plan, a non-substantial or a substantial modification is not required. However, if the PDP/Construction Plans materially deviate from the Binding Concept Plan for the Residential Parcel, as determined by the County Administrator or designee, a substantial modification to this MPUD shall be required.

Environmental

2. If during construction activities any evidence of the presence of State or Federally protected plant and/or animal species is discovered, Pasco County and applicable agencies shall be notified within two working days of the plant and/or animal species found on the site. All work in the affected area shall come to an immediate stop until all pertinent permits have been obtained, agency written authorization to commence activities has been given, or unless compliance with state and federal guidelines can be demonstrated.

3. A copy of the SWFWMD Environmental Resource Permit (ERP) shall be submitted to the Pasco County project record prior to the issuance of the site development permit.

4. The applicant shall provide a 100% gopher tortoise burrow survey conducted according to Florida Fish and Wildlife Conservation Commission (FFWCC) guidelines prior to the issuance of the site development permit. The applicant shall demonstrate that this survey has been uploaded to the FFWCC gopher tortoise relocation permit record. The applicant shall provide the FFWCC accepted After Action Report prior to the issuance of the site development permit.

5. The wetland categories will be finalized at the time of the Southwest Florida Water Management District (SWFWMD) approval of the wetland jurisdictional lines.

6. The wetland upland buffer line shall be clearly field demarcated and shown on the Construction Plans prior to any construction activities

7. Unless otherwise approved by the County, no construction activities including clearing, grading, or grubbing shall occur within the Wetland Upland Buffer as depicted on the approved project Construction Plans.

Open Space/Buffering

8. Unless an alternative standard is approved at the Preliminary Site Plan review, which shall not require a modification to this MPUD approval, external landscape buffers shall be constructed following the Land Development Code.

9. The developer(s) shall create a mandatory homeowners'/property owners'/condominium owners'/merchants' association in the form of a nonprofit corporation registered with the State of Florida, Secretary of State, and/or, if approved, by the BCC or State of Florida, a Community Development District (CDD). The association(s) or District(s) shall encompass the entire boundaries of the MPUD except for any real property to be conveyed to the County or the District School Board of Pasco County (School Board). The developer(s) shall convey in fee simple to the association(s) or the CDD(s), for ownership and maintenance of all open space, drainage areas, common areas, landscape areas, wetland areas, buffer areas, preservation/conservation areas, and other special purpose areas unless the said area(s) is/are required to be dedicated to another governmental entity. Recreation areas and neighborhood parks shall be conveyed to the association(s) as well, but only to the CDD(s) if such special power, pursuant to Section 190.012(2), Florida Statutes, is consented to by the County. All such conveyances shall be for a value that does not exceed the fair market value of the land. Prior to platting the first unit or phase, homeowners'/property owners'/condominium owners'/merchants' association(s) or CDD documents, including Articles of Incorporation with proof of being filed with the State of Florida, Secretary of State, restrictive covenants, and all exhibits shall be submitted to the Survey Department for review along with copies of instruments to be used to convey in fee simple the above-mentioned areas to the said association or the CDD. Impact fee credits for improvements or dedications shall go to the association or the CDD that funded such improvements as applicable. Alternatively, for non-fee simple residential units and non-residential development, the developer may enter into a Reciprocal Easement and Maintenance Agreement in a form acceptable to the County. Notwithstanding any other provision of these conditions, the developer shall not be required to dedicate any open space, drainage areas, common areas, landscape areas, wetland areas, buffer areas, preservation/conservation areas, or other special-purpose areas to an association or CDD, or include such areas within an association or CDD boundaries, if the affected areas are located entirely within a non-fee simple residential parcel, or non-residential parcel, under single ownership.

10. The total neighborhood park acreage must equal at least ten percent (10%) of the upland acreage within the multifamily parcel, and unless an alternative standard is approved which shall not require a modification to this MPUD, the standard LDC provisions, Section 905.1, Neighborhood Parks, shall apply to determine what land and facilities may be counted toward such multifamily neighborhood park area requirement. Park sizes and locations shall be determined during PDP/PSP and shall be consistent with the neighborhood park attributes depicted on the Binding Concept Plan for the Residential Parcel.

Transportation/Circulation

11. The submitted Timing and Phasing Analysis in connection with the original approval assumed the following land uses: 21,000 SF Commercial/Retail and 384 Multifamily Residential Units ("Approved Land Uses"). Since no increase in the Approved Land Uses is being approved with this approval, no Timing and Phasing Analysis was submitted with this approval. The lands within the Decubellis and Little MPUD may be developed with up to these development rights for the Approved Land Uses without any requirements for timing and phasing analysis, or additional offsite transportation mitigation through the expiration date of the MPUD as set forth in condition 52, except any required external site-access improvements which shall be the developer's sole obligation. Any development of land use(s) that generate(s) greater traffic impacts than the Approved Land Uses may require an updated Timing and Phasing Analysis utilizing a methodology approved by the County. The Planning Commission (PC), BCC, or County Administrator or designee, may impose additional conditions on the applicant or developer based on the updated County-approved Timing and Phasing Analysis. Compliance with the conditions of approval and payment of mobility fees and other generally applicable taxes and assessments, fully mitigates the external transportation impacts of the Approved Land Uses through the expiration date of the MPUD as set forth in Condition 52, except any required external site-access improvements which shall be the developer's sole obligation.

Plathe Road Extension

12. Prior to the final building inspection for the final multi-family apartment building, developer shall, at Developer's sole cost: (1) design, permit and construct Plathe Road Extension as depicted on the cross-section on the MPUD Master Plan which shall not be mobility fee creditable; and (2) convey a public access easement to the County over the 24-foot travel way (which consists of two 10' paved travel lanes with a 2-ft curb on the outside of each lane), 6-foot sidewalk and 10-foot multi-use path as noted on the cross-section which shall not be mobility fee creditable. As noted/depicted on the cross-section, private parking for the project will be allowed on both sides of the 24-foot travel way.

13. Intersection improvements at Plathe Road Extension and Decubellis Road will be determined at the time construction plan review/approval.

Access Management

14. The access points shown on the master plan are conceptual only. The permanent placement of each access point shall be determined at the time of review with the corresponding PSP and shall meet established access-management criteria. Based on the corresponding PSP, County Administrator, or designee, may impose additional conditions on the applicant/developer.

15. At each PSP approval, the County Engineer, or designee, may also require site-specific internal or external intersection improvements. Internal or external intersection improvements shall be in accordance with the LDC and Access Management Standards as amended.

16. Unless otherwise determined at the time of PSP review through the appropriate review

and approval process pursuant to the LDC, access to any commercial out-parcels shall be provided from internal drives or parking areas.

17. Developer has provided a Substandard Road Application for Little Road and Decubellis Road. There are no substandard road impacts to Little Road or Decubellis Road from the Approved Land Uses that require mitigation by Developer. The developer shall not be responsible for any improvements to Little Road or Decubellis Road, or any proportionate share payment for any improvements to Little Road or Decubellis Road, other than access-related improvements which shall be the Developer's obligation.

Dedication of Right-of-Way

18. Driveway connections and rights-of-way to adjoining properties shall be as depicted on the MPUD Master Plan.

19. The internal driveways shall be privately owned and maintained. Pasco County will not be responsible for the maintenance of the private driveways.

20. In the case of private streets, and any amenities within those rights-of-way such as paths, trails, sidewalks, and any other non-vehicular accessways, dedication, and maintenance shall be the responsibility of the mandatory homeowners'/property owners'/condominium owners'/merchants' association(s) or an appropriate entity other than the County. Pasco County will not be responsible for the maintenance of any private streets or private access amenities.

21. Subject to the provisions of the LDC, Section 901.2.I. (Transportation-Corridor Management; Dedication-Rough Proportionality) the applicable landowner/developer shall convey, at no cost to the County, the required amount of right-of-way to achieve 73 feet of right-of-way from the centerline of construction of Little Road and 62 feet of right-of-way from the centerline of construction of Decubellis Road depicted on the MPUD Master Plan (Pasco County Corridor Preservation Table as amended, located in the Comprehensive Plan, Transportation Element, for arterial/collector and major intersection right-of-way requirements).

    In addition, the developer shall, at no cost to Pasco County, design, construct, provide, and obtain any and all permits required by any local, State, or Federal agency for appropriate and sufficient drainage/retention, wetland, and floodplain mitigation facilities on the developer's property or at another site acceptable to the County to mitigate all impacts associated with the initial and future planned roadway; i.e., in the current County Comprehensive Plan Transportation Element or Metropolitan Planning Organization Long-Range Plan, improvements of Little Road, and/or Decubellis Road, within or adjacent to the boundaries of the developer's property including, but not limited to, mitigation for initial and future lanes of travel, shoulders, frontage roads, sidewalks, multimodal paths, medians, permanent slope easements (once grade of roadway is set) and other roadway appurtenances. The required drainage/retention, wetland, and floodplain mitigation facilities shall be determined at the time of stormwater-management plan review for the portion(s) of the project adjacent to Decubellis Road and/or Little Road, and this paragraph of this condition shall expire after such stormwater-management plans have been approved unless such facilities are required pursuant to a development agreement approved pursuant to the LDC, Section 406.3. All stormwater-management plans, reports, or calculations for the developer's project shall include a detailed scope of design and permitting parameters and a signed and sealed certification that such plans, reports, or calculations comply with this condition.

22. To the extent that any of the conditions of this approval constitute monetary or property exactions that are subject to *Nollan v. California Coastal Comm'n*, 483 U.S. 825 (1987), and *Dolan v. City of Tigard*, 512 U.S 374 (1994), the applicant/owner, and successors and assigns (a), agrees that there is a nexus and rough proportionality between such conditions and the impacts of this project/development and that such conditions are necessary to ensure compliance with the criteria of the LDC and Comprehensive Plan that are applicable to this approval, and (b) waives any claims based on such conditions. This agreement/waiver was entered into voluntarily, in good faith, for valuable consideration, and with an opportunity to consult legal counsel, but does not affect the applicant/owner's ability to seek variances, administrative remedies, or modifications of the conditions of this approval through applicable processes in the LDC, and does not affect the applicant/owner's ability to bring an action pursuant to Section 70.45, Florida Statutes.

Design/Construction Specifications

23. Prior to the final building inspection for the first residential building in Phase 1 on the Binding Concept Plan, the driveway from Phase 1 to Little Road as depicted on the Binding Concept Plan shall be constructed.

24. Approval of the Decubellis and Little MPUD satisfies the County's collector and arterial design and spacing standards of the LDC, Section 901.1 (as to Transportation Corridor Spacing).

25. If, during construction activities, any evidence of historic resources including, but not limited to, aboriginal or historic pottery, prehistoric stone tools, bone or shell tools, historic trash pits, or historic building foundation, are discovered, work shall come to an immediate stop, and the Florida Department of Historic Resources (State Historic Preservation Officer) and Pasco County shall be notified within two working days of the resources found on the site.

26. If the adjacent property to the west has an approved PDP/PSP or is built out, then prior to PDP/PSP approval for the adjacent development, the developer shall supply evidence that it has coordinated with the developer(s) and engineer(s)/surveyor(s) of the adjoining parcels to identify and provide the location of any required interconnecting roadway [such interconnecting roadways do not include the collector/arterial/vision roadways as depicted on the approved master plan]. The following information shall be shown on all PDPs/PSPs and construction plans/construction site plans that include or abut the interconnecting roadway: location (by State plane coordinates), centerline, right-of-way width, cross-section, elevation of centerline, grade, and centerline geometry (tangent bearing/curve geometry) to provide a seamless continuation of this road at property lines.

27. The developers shall comply with the County and Pasco County Public Transportation requirements to accommodate mass transit service to and within the project if service is available or planned at the time of preliminary plan/preliminary site plan approval. A detailed description of the overall transit accommodations plan shall include but is not limited to, a proposed ingress and egress route for buses and bus stops proposed to service the project including, but not limited to, benches, shelters, lighting, pedestrian walkways, landscaping, and placement as required by the County or Pasco County Public Transportation. The developers shall submit a detailed description of the overall transit accommodations plan to PDD for review and approval prior to or concurrent with the PDP/PSP of the first unit or phase within the development. Approval of the detailed description of the overall transit-accommodations plan is subject to Pasco County Public Transportation review and approval in accordance with the Pasco County Public Transportation *Transit Infrastructure Guidelines* (June 2005), as may be amended from

time to time, or any subsequent ordinance adopted by Pasco County. The developers shall include and show on any PDP/PSP submittal the approved transit-accommodation facilities, which shall be constructed with the infrastructure improvements of each affected preliminary plan/preliminary site plan unless an alternative phasing of transit-accommodation-facilities construction is approved with the overall transit-accommodations plan. The applicant/developers and their successors shall not refuse the Pasco County Public Transportation, or any other transit authority, or any of its users/patrons access to such facilities.

28. The developer(s) may submit an overall pedestrian/bike path plan to the PDD for approval prior to the approval of the first PSP, which provides a path circulation in accordance with the Pasco County LDC, as amended, or an alternative method acceptable to the PDD, and in compliance with the handicapped provisions of Section 336.045, Florida Statutes, or other applicable law. In the absence of an approved pedestrian/bike path plan, compliance with the LDC is required.

29. All sidewalks, bike paths, multi-use trails, and other non-vehicular pathways within the Decubellis and Little MPUD shall not be the maintenance responsibility of the County.

Utilities/Water Service/Wastewater Disposal

30. A Master Utility Plan for the entire development shall be submitted to the Utilities Services Branch for review and approval prior to or concurrent with the submittal of the first construction plan/construction site plan. This utility plan shall show, at a minimum, the following:

    a. Trunk sewer lines and lift stations.

    b. Main potable water lines and non-potable water lines, if applicable.

    c. Sewage treatment facility locations, including discussion of the proposed method of treatment and the feasibility of a non-potable water system for irrigation.

    d. Method of lighting for all nonlocal roads shall be submitted at the time of record plat submittal for each unit or phase.

    e. A Master Utility Plan shall include *AutoCAD* and PDF electronic files and hydraulic analysis for the water, wastewater, and reclaimed water systems and shall be in conformance with the Utilities Services Plan guidelines implemented by the Utilities Services Branch.

31. Prior to the first construction plan/construction site plan approval, the developer(s) and the County shall enter into a Utilities Service Agreement.

32. The developer(s) shall construct all water and wastewater facilities within the development to current County standards. A complete set of instructions may be obtained from the Utilities Services Branch.

33. In consideration of Pasco County's agreement to provide potable water and/or reclaimed water to the subject property, the developer(s)/owner(s) and its successors and assigns, agree to the following:

a. In the event of production failure or shortfall by Tampa Bay Water (TBW), as set forth in Section 3.19 of the Interlocal Agreement creating TBW, and then only for so long as such a production failure or shortfall exists, the developer(s)/ the owner(s) shall transfer to the County any and all Water Use Permits or water- use rights the developer(s)/owner(s) may have to use or consume surface or groundwater within the subject property, provided that the same is not needed to continue any existing agricultural uses on the subject property, in which case, such transfer shall not be required as long as such agricultural uses are active.

b. Prior to the developer(s)/owner(s) selling water, Water Use Permits, or water-use rights, the developer(s)/owner(s) shall notify Pasco County and Pasco County shall have a right of first refusal to purchase such water, Water Use Permits, or water- use rights.

Stormwater

34. The applicant shall contact the SWFWMD Engineering & Watershed Management Section for the latest floodplain study information available for design.

35. At the time of the first site development permit, the applicant shall comply with applicable County floodplain management requirements.

36. All passthrough drainage and the finalized 100-year floodplain shall have an access and maintenance easement over it. This easement shall be to Pasco County granting the county the right, but not the obligation to access and maintain.

37. The applicant shall verify if the proposed project is within a Basin of Special Concern. If the project lies in or partially within a Basin of Special Concern, the applicant shall comply with Basin of Special Concern criteria requirements.

Land Use

38. Land uses are permitted in accordance with Table 1.

Table 1

Development Category	Totals
Multi-Family Apartments (du)	384
Commercial/Retail/Office (square feet)	21,000*

*Commercial/Retail/Office uses shall not be located outside of the portion of the project with a ROR (Retail/Office/Residential) Comprehensive Plan Land Use Designation.

39. There shall be a minimum 4.48-acre mixed-use area as depicted on the MPUD Master Plan ("Mixed Use Area"). Within the Mixed Use Area, there shall be a minimum of 16,000 SF of commercial, retail, and/or office uses and at least one vertically integrated mixed-use building which shall only contain commercial/retail, office, and multi-family apartment units, and shall contain a minimum of two (2) of these uses. Any Multi-Family Apartment Accessory Uses (leasing office, parking, storage, and maintenance areas, and amenities (i.e. pool, clubhouse, gym, etc.) within the Mixed Use Area shall not count towards the minimum use or minimum square footage requirements.

Any multi-family apartment units within the Mixed Use Area shall be located on the upper floor(s) of a mixed-use building. There shall be a maximum of 354 multi-family apartment units located outside of the Mixed Use Area.

It is anticipated that buildings fronting Decubellis or Plathe Roads may be partly within and partly outside of the Mixed Use Area. In that event, the portion of the building(s) outside of the Mixed Use Area shall contain only multi-family apartment units or Multi- Family Apartment Accessory Uses.

40. Permitted uses shall be as follows:

a. Multi-Family Apartments.

b. Commercial/Retail permitted uses shall be all C-1 Neighborhood Commercial District permitted uses and C-2 General Commercial District permitted uses as listed in the LDC in effect at the time of adoption of MPUD, including fitness centers, restaurants including drive-in and drive-through restaurants, financial institutions, banks, hotels, private schools, and daycares. Notwithstanding, the following uses shall be prohibited: stand-alone car washes; new or pre-owned vehicle sales or leasing; cabinet, carpentry, plumbing, electrical, mechanical, welding, machine, sheet metal, or other similar trade shops; warehousing and general storage (including mini-warehouse, self-storage, and boat/RV storage); vehicle or equipment garage; major auto service; lumber yards; stand-alone lawn mower or small equipment sales or repairs; mortuaries, funeral homes, or crematoriums; stand-alone outdoor pottery, propane, septic tank or sod sales; shooting or archery ranges; solar power collection facility; automobile towing or collection facility.

c. Office permitted uses shall include all office uses, including all, PO-1 permitted uses and PO-2 permitted uses as listed in the LDC in effect at the time of adoption of MPUD, medical offices, health care related uses, medical/dental laboratories and clinics, diagnostic imaging, rehabilitation services, wellness centers, institutional medical office, cancer research/center, urgent care, dental services, sports medicine, eye center/clinic, weight loss clinic, sleep center, spine & orthopedic, hyperbaric medicine, research center, surgery center, free-standing emergency department, banks and financial institutions with a drive-thru, professional services, such as medical, legal, dental, engineering, land surveying, clerical, bookkeeping, consultant drafting, research, real estate, tax and financial, title and abstract, bonding and other similar services.

41. The following height standards shall apply to all uses:

a. There shall be no maximum height.

42. Dimensional standards shall be as follows.

a. Residential Dimensional/Development Standards:

Multi-Family Apartments.

1. Minimum Lot Area 20,000 Square Feet

2. Building Line Setbacks (Measured from Property Lines):

a. Front: 10 feet
b. Side: 15 feet
c. Rear: 15 feet

3. Maximum Lot Coverage 55 Percent Total – Principal and Accessory

b. Non-Residential Dimensional/Development Standards:

NON-RESIDENTIAL LOT STANDARDS										
Product Type	Minimum Lot Dimensions		Minimum Setbacks							Maximum
	Lot Width	Lot Depth	Side (Structure to Structure)	Side (Structure to Parking)	Side (Structure to Public R/W)	Front (Structure to Parking	Front (Structure to Public R/W)	Rear (Structure to Parking	Rear (Structure to Public R/W)	Lot Coverage*
Non-Residential	0'	0'	5'	5'	0'	5'	10'	5'	0'	100%
*Subject to setbacks and landscape buffers.										

43. The total aggregate number of dwelling units shall not exceed 384.

44. The minimum floor area for the commercial/retail/office portion shall equal or exceed 16,000 square feet of gross floor area and the maximum floor area for the commercial/retail portion shall not exceed 21,000 square feet of gross floor area, including out-parcels.

45. Parcels may be developed out of numerical sequence and in multiples as long as the parcels being developed do not rely upon infrastructure construction of future parcels.

46. Interim silvicultural and/or agricultural activities shall be permitted until the commencement of development for that portion of the proposed development.

Procedures

47. Unless required elsewhere within the conditions of approval, all conveyances shall occur at record plat or the issuance of the first CO where a record plat is not required or within 90 days of the County's request, whichever occurs first. All conveyances shall include access easements, be in a form acceptable to the Real Estate Division, and be free and clear of all liens and encumbrances, including exemption from all covenants and deed restrictions.

48. The developer(s) shall submit and obtain approval of a Substantial Modification to add uses not previously approved or to reduce open-space or preservation/conservation areas. A Substantial Modification is also required if there is a cumulative increase in density or intensity of ten percent or more in the number of average daily trips as defined by the Institute of Traffic Engineers and the Pasco County Access Management Team.

49. Unless otherwise approved by the Fire Marshal or designee, the development shall be included into a Pasco County Municipal Fire Service Taxing Unit to provide fire protection. The developer(s) shall submit a petition for inclusion into the Pasco County Municipal Fire Service Taxing Unit at the time of record plat submission, or when no plat is required, prior to the issuance of the first Building Permit. In no case shall a Building Permit be issued until the Fire Marshal, or designee has received such a petition.

50. A PSP must be approved for an entire increment (bubble) prior to any phased construction plan/construction site plan approval. A PSP must also be approved for each multiple-family (non-fee simple) increment in its entirety prior to any phased construction site plan approval.

51. PSP submittals shall include a detailed breakdown of the individual plan approvals, including the plan name and increment or phase designation as it relates to the Master Development Plan, acreage of the site, total number of units which have received PSP approval, and/or construction plan/construction site plan approval.

52. If a PSP for the entire MPUD is not submitted and approved by August 22, 2029 (subject to any statutory or County-wide extensions issued subsequent to the approval of these revised conditions of approval), the conditions of approval for those portions of the MPUD that do not have (unexpired) PSP approval shall expire. If the MPUD expires, a new MPUD must be applied for and approved by the BCC, and the conditions of approval shall be in accordance with the Comprehensive Plan and LDC in effect at that time, including an updated Timing and Phasing Analysis as required. Additional conditions based upon the updated timing and phasing analysis may be imposed by the County.

53. This MPUD contains land areas that could be construed as being zoned for commercial or mixed-use, and that have been specifically reserved in the MPUD for such uses to ensure that the project provides the benefits of mixed-use development, including but not limited to, adequate employment generation and internal capture of vehicular trips. Accordingly, the applicant/developer has committed to, and is hereby requiring, that

the permitted uses for such commercial or mixed-use areas shall remain those uses required by these MPUD conditions of approval, notwithstanding any potential contrary requirements in Section 125.01055(7), Florida Statutes. This condition shall be construed as a requirement imposed by the applicant/developer, and not a requirement of the County, to the extent it prevents any use allowed or preempted by Section 125.01055(7), Florida Statutes.

54. The applicant/developer(s) agree that the applicant/developer and any successors or assigns are not eligible for the ad valorem tax exemption in Section 196.1978, Florida Statutes, and further agree the applicant/developer and any successors or assigns will not apply for such an exemption for any portion of the development authorized by this approval.

55. An extension of time limit for approval beyond August 22, 2029, shall be processed as a substantial modification approved by the BCC.

56. In addition to complying with the above conditions, no further plan approvals will be granted until such time as the acknowledgment portion of the **BCC-approved document** is completed (including notarization) and received by the PDD after the BCC action.

57. All conditions of this MPUD approval are material to the BCC approval. Accordingly, the conditions are not severable. In the event any section, subsection, sentence, clause, or provision of these conditions or the rezoning resolution is challenged and declared illegal, invalid, or in violation of any statutory or constitutional requirement by a body with jurisdiction to make such determination, the remainder of the conditions and MPUD approval shall be suspended until such time that the BCC modifies the MPUD conditions of approval to address the illegal or invalid provision, provided that such suspension shall not exceed nine months in duration. However, such determination shall not affect the validity of 1) MPUD entitlements that have received plat, Building Permit, or CO approval; or 2) any MPUD mitigation committed to or performed as of the date the determination is made, unless such approvals or mitigation are specifically declared to be illegal, invalid, or unenforceable. Requests for BCC-approved modifications to the MPUD or the MPUD conditions of approval shall not be considered challenges and decisions by the BCC regarding any modification or the like shall not have the effect of suspending the conditions and the MPUD approval under any circumstances.

BOARD OF COUNTY COMMISSIONERS
AGENDA MEMORANDUM

COMMISSION DISTRICT: 4 **FILE NO.:** FAC26-0004 **DATE:** 1/20/2026

SUBJECT: Petition to Vacate Platted Right-of-Way and Utility Easement (Regular) – Compass Land USA Fund 1 LP – Old Moon Lake Road, New Port Richey – No Funding Required

REFERENCES: Not Applicable

AGENDA SECTION: Public Hearings

THRU: Erik Breitenbach, Assistant County Administrator

FROM: Andrew Baxter, Facilities Management Director

RECOMMENDED BOARD ACTION:

Adopt the resolution vacating a portion of the undeveloped, platted right-of-way and utility easement, described as Old Moon Lake Road in New Port Richey, together with the internal lot lines of Lots 6 through 18. Authorize the Chairman to execute the resolution, direct the Clerk and Comptroller to mark the plat, and direct Board Records to record the resolution, and distribute as set forth under the Distribution section below.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

Compass Land USA Fund 1, LP ("Petitioner") seeks to vacate the undeveloped right-of-way named Old Moon Lake Road and utility easement as shown on Moon Lake Estates Unit Twelve Plat, recorded in Plat Book 5, Page 151. The Petitioner requests the vacation to allow for development.

The right-of-way to be vacated is a portion of Pasco County Property Appraiser Parcel ID No. 21-25-17-0120-49900-0000. The utility easement to be vacated is a portion of Pasco County Property Appraiser Parcel ID No. 21-25-17-0120-20900-0060. The specific legal description of the areas to be vacated are attached as Exhibit "A" to the proposed resolution.

A Notice of Hearing was published in the Tampa Bay Times on November 9, 2025, and November 16, 2025. There are no objections to the petition.

The Facilities Management Department recommends approval of the petition.

FISCAL IMPACT/COST/REVENUE STATEMENT:

Funding is not required for this action.

DISTRIBUTION:

Board Records to distribute as set forth below:

1. Record and retain the executed resolution.
2. One copy of the recorded resolution, electronically to:
   a. Denisse Diaz, Operations Lead, Pasco County Clerk's Office, at ddiaz@pascoclerk.com, to mark the plat.

NOTICE OF PUBLIC HEARING

PUBLIC NOTICE is hereby given that the Pasco County Board of County Commissioners (BCC) will hold a public hearing at the West Pasco Government Center Board Room, 1st Floor, 8731 Citizens Drive, New Port Richey, Florida 34654 on December 9, 2025, at 1:30 PM, to consider a petition submitted by Compass Land USA Fund 1 LP to vacate the following platted right-of-way and utility easement:

The undeveloped right-of-way labeled Moon Lake Road on Plat Book 5 Pages 151-153, west of Lots 6 – 15, together with the internal lot lines of Lots 6 – 18, and together with the utility easement along the rear of Lots 6 – 18, resulting in two tracts, Tract A-100 and Tract A-101.

All affected parties have a right to appear at this public hearing, to be heard regarding these issues, and to file written objections with the BCC, at the address above, before the public hearing. All interested persons in support of, or opposed to the vacation, are invited to attend the public hearing and give comment. To learn how to participate in this hearing virtually, which requires advance registration, please visit www.pascocountyfl.net and select Government, then Agendas and Minutes, then Public Comment Options, or call the County's Customer Service Center at (727) 847-2411.

Any person who wants to appeal any decision made by the BCC with respect to any matter considered at any meeting or public hearing will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made at their own expense, and which record includes the testimony and evidence on which the appeal is to be based. For meetings, persons may obtain a verbatim record of the proceeding by contacting the Clerk and Comptroller's Office, East Pasco Government Center, 14326 6th Street, Suite 201, Dade City, Florida 33523-3414; or at (352) 521-4345.

Information concerning this matter is on file and available for examination at Pasco County Real Property Division, 7220 Osteen Road, New Port Richey, Florida 34653; or by contacting the Pasco County Real Property Division at (727) 847-8138, or on the Pasco County website, www.pascocountyfl.net, three days before the public hearing, under the link "Agendas & Minutes."

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact the Pasco County Customer Service Center, 8731 Citizens Drive, New Port Richey, Florida 34654; (727) 847 2411 (V) at least 7 days before the public hearing, or immediately upon receiving this notification, if the time before the public hearing is less than 7 days; if you are hearing or voice impaired, call 711.

BOARD OF COUNTY COMMISSIONERS
AGENDA MEMORANDUM

COMMISSION DISTRICT: 4 **FILE NO.:** FAC26-0069 **DATE:** 1/20/2026

SUBJECT: Petition to Vacate Platted Utility Easement (Regular) – Gatun Street, New Port Richey – Moon Lake Estates Unit Twelve – Greg and Veronica Johnson – No Funding Required

REFERENCES: Not Applicable

AGENDA SECTION: Public Hearings

THRU: Erik Breitenbach, Assistant County Administrator

FROM: Andrew Baxter, Facilities Management Director

RECOMMENDED BOARD ACTION:

Adopt the resolution vacating a portion of platted utility easement located on lots 1-6 and 13-18 of the Moon Lake Estates Unit Twelve plat as recorded in Plat Book 5, Page 151-153. Authorize the Chairman to execute the resolution, direct the Clerk and Comptroller to mark the plat, and direct Board Records to record the Resolution, and distribute as set forth under the Distribution section below.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

Greg Johnson and Veronica Johnson ("Petitioners") seek to vacate the undeveloped utility easement as shown on as shown in Plat Book 5, Page 151-153, of the Official Records of Pasco County. The Petitioner requests the vacation to allow for development as the utility easement bisects Petitioner's properties.

The utility easement to be vacated is a portion of Pasco County Property Appraiser Parcel ID Nos. 21-25-17-0120-20100-0130 and 21-25-17-0120-20100-0010. The specific legal description of the areas to be vacated are attached as Exhibit "A" to the proposed resolution.

A Notice of Hearing was published in the Tampa Bay Times on December 14, 2025, and December 21, 2025. There are no objections to the petition.

The Facilities Management Department recommends approval of the petition.

FISCAL IMPACT/COST/REVENUE STATEMENT:

Funding is not required for this action.

DISTRIBUTION:

Board Records to distribute as set forth below:

1. Record and retain the executed Resolution.
2. One copy of the recorded Resolution, electronically to:
   a. Denise Diaz, Operations Lead, Pasco County Clerk's Office, at ddiaz@pascoclerk.com, to mark the plat.
   b. Daniel Fagan, Pasco County Property Appraiser's Office, at dfagan@pascopa.com, for action.

c. Michele Musser, Pasco County Tax Collector's Office, at mmusser@pascotaxes.com, for action.
d. Joann Ravida, Real Property Professional III, Real Property Division at jravida@pascocountyfl.net

PETITION TO VACATE

PLATS, ALLEYWAYS, RIGHTS-OF-WAY & PUBLIC EASEMENTS

TO: THE HONORABLE BOARD OF COUNTY COMMISSIONERS

Application is hereby made to the Honorable Board of County Commissioners of Pasco County, Florida (Board) requesting the vacation of certain county and public interests in property situated within an unincorporated area of the county.

Petitioner(s) Name(s): Greg C. Johnson & Veronica Johnson

Applicant's Mailing Address:

10218 Gallery St.
New Port Richey FL 34655

Tel: 727-243-6605 Email: gj13@icloud.com

(hereinafter Applicant) hereby requests that the Board adopt a resolution vacating and abandoning a plat, alleyway, right-of-way and/or easement, renouncing and disclaiming any right or interest of the public and the County in said plat, alleyway, right-of-way and/or easement, in said County, legally described as:

See Exhibit "A"

(A signed and sealed **boundary survey** prepared by a surveyor licensed by the State of Florida must comply with Florida's Standards of Practice F.A.C. 5J-17.052. The boundary survey must include the legal description of the property interest to be vacated, and it must include a depiction of the Applicant's entire parcel.)

2. Pasco County Property Appraiser's Parcel ID No. 21-25-17-0120-20100-0130
21-25-17-0120-20100-0010

3. Type of interest sought to be vacated:

5. The Applicant is making this request for the following reason (please check all that apply):

☐ to correct a code violation ☐ to obtain a building permit
☐ to correct an encroachment ☑ development ☐ other:

Explain reason for application:

Upon approval of Petition to fully vacate the utility easements running through the middle of both of the parcels, our intention is to build two neighboring primary residences and accessory structures as needed for our family to reside. Due to the intent to preserve the many large grandfather oak trees as well as adhere to the required setbacks the modified design will encroach over top of the vacant easements. We would also like to access the rear of the parcels requiring driveways and building of some of the structures will be built over top of the dormant easements we are asking the county to fully vacate the unused utility easements on both parcels

8. Attach an Ownership and Encumbrance Report showing the name of the property owner(s), mortgage holders, lien holders and lease holders of these land(s).

9. The total application fee is $891.00. Attach a cashier's check or business check in the amount of $566.00 payable to the Board of County Commissioners of Pasco County. Applicant understands the application fee is not refundable in the event the application is withdrawn, cancelled or denied. The balance of $325.00 is due before the public hearing. Upon receipt of staff's recommendation to the Board of County Commissioners, if Petitioner elects not to proceed, Petitioner may withdraw the application and not pay the fee balance of $325.00.

10. The Applicant and/or Attorney in Fact for the Applicant declares and affirms that:

a. Applicant has a fee interest in the property in which a vacation action is being requested, and that said property is not subject to any delinquent or unpaid ad valorem taxes, special assessments, or other improvement liens.

b. No portion of the property to be vacated constitutes or was acquired for a state or federal highway, nor will the vacation of said property deprive any entity of its legal rights, as a property owner, in adjacent or nearby properties.

c. Applicant understands that Pasco County, its employees or agents will not assume responsibility or liability for any matter that is the responsibility of the Applicant.

d. In making application, the Applicant specifically consents to the physical inspection of the properties described herein, and the providing of such additional information as may be deemed necessary to assist the Board of County Commissioners in its consideration of and action upon the requested action for vacation.

e. Applicant releases Pasco County, its Board of County Commissioners, employees and agents from any and all claims for damages that may result from acts occurring directly as the result of the Applicant's petition.

f. Applicant understands a vacation of public property by the County may affect substantial interests in real property and other proprietary rights.

g. Applicant assumes full and complete responsibility for compliance with the requirements of the law and all procedures arising out of any proceedings instituted by or on behalf of the Applicant.

The undersigned Applicant, having been duly sworn, deposes and says that he/she has read the foregoing application and attachments thereto, knows the content thereof, and that the matters and information set forth therein are true and correct.

AGENDA SECTION: Public Hearings

THRU: David Allen, Assistant County Administrator

FROM: David Engel, Director Planning, Development and Economic Growth

RECOMMENDED BOARD ACTION:

Approve the proposed Zoning Amendment subject to the attached Conditions of Approval. Authorize the Chairman to execute one (1) original of the Resolution provided, and direct Board Records to distribute as set forth under the Distribution section below.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

PROJECT OVERVIEW

Land Development Code (LDC) Section 402.2, Zoning Amendment - MPUD Master Planned Unit Development; Section 522 - MPUD Zoning District

Proposed is a zoning amendment in the name of DRB Little and Ross MPUD, a proposed rezoning from A-C & C-2 zoning districts to MPUD Master Planned Unit Development district to ultimately allow for the development of 74 single-family detached units on a currently vacant parcel. The MPUD Master Plan proposes a lot size of 60 feet wide by 100 feet in depth.

The proposed density supports and cooperates with the existing uses and users of the area, providing housing for a built environment primarily characterized by and to the rear of non-residential development located along Little Road to the west and Ridge Road to the north.

This MPUD is responsible for payment of a proportional share for the intersection improvements at Little Road and Ross Lane pursuant to condition of approval 18. This intersection is budgeted on the Capital Improvement Program (CIP) for Fiscal Year (FY) 27 for construction. Design was budgeted for FY 25.

There is a companion Comprehensive Plan Amendment, CPAS(25)11 from COM (Commercial) and RES-9 (Residential 9 du/ga) to RES-6 (Residential 6 du/ga), which more accurately represents the surrounding development pattern in the area, the majority of which is under the RES-6 Future Land Use. This project proposes roughly

2.96 dwelling units per acre of net developable density. However, it should be noted that there is not a Southwest Florida Water Management District (SWFWMD) official delineation of the wetlands on site, and the net density could fluctuate and slightly exceed a net density of three dwelling units per acre. There is an estimated +/- 1.27 acres of wetland total on site, leaving approximately 24.93 acres of developable uplands on site.

Ross Lane, the public road from which this project is getting its vehicular access, is currently a public road that was not on the County's road system for maintenance. The Public Works Department has agreed that this road should be accepted into the maintenance system of the County, as it currently serves as a minor collector roadway. Ross Lane is currently improved to County standards from Little Road to the eastern edge of the Veterans Affairs property. The rest of Ross Lane will require capital funding to be brought up to County standard when such funding becomes available. A resolution for the County to accept such maintenance will be presented to the BCC on or prior to March 10, 2026.

The DRB Little and Ross MPUD contains one parcel. The permitted uses for the parcel are as follows:

Parcel 1: 74 Single-Family Detached Units

Variation Request:
LDC Section 901.6.D.11- *Street Design and Dedication Requirements* - The applicant proposes not to provide a vehicular connection to the North and West.

Staff Variation Request Analysis:
LDC Section 901.6.D.11-*Street Design and Dedication Requirements*- To the northeast the adjacent parcel is encumbered by a Category One Wetland and to the northwest there is a Lowes Home Improvement Store. The applicant is providing a pedestrian connection to the north in lieu of a vehicular connection due to these site constraints and PDE is amenable to the request. The access to Lowe's, if vehicular, would be to the side drive aisle, which is used for raw material and other deliveries to the store and would not provide a meaningful/functional residential vehicular connection given the site layout and use of the commercial development in relation to this residential development. A meaningful pedestrian connection to the west is being provided by Ross Lane for the residents of this proposed development. The applicant is constructing a portion of sidewalk along the north side of Ross Lane that is offsite for mobility fee credits, which will allow the residents to move west along Ross Lane. Adding another vehicular connection to the west would not be as meaningful as the 8-foot pedestrian path connection proposed by the applicant, which allows pedestrians to access the commercial developments to the west. A vehicular connection to the west would have to be in the northern portion of the subject site because of the commercial subdivision that has already occurred on the parcels to the west. Providing a vehicular connection on the west property line at the north end of the site would mean that the open space and pedestrian paths would have to be removed given the site constraints of the wetlands on the northern end of the property. Because the vehicular connection to the west is already being achieved roughly 930 feet to the south via Ross Lane,

maintaining the open space with stormwater amenity, pedestrian pathways onsite, and pedestrian connections to the commercial development through the open space, in lieu of the vehicular connection, allows for a more fluent development. These features provide additional multimodal transportation options within the node that are mutually beneficial to the non-residential and residential developments. There is some question as to whether the subject MPUD has an existing legal right to access the commercial subdivision to the west pursuant to a Declaration of Covenants, Conditions, and Restrictions recorded in Official Records Book 4043, Page 1222 of the Public Records of Pasco County, Florida ("Declaration"). The applicant has provided a legal opinion (attached) that concludes that the subject MPUD is not subject to the Declaration. However, PDE has not relied on this legal opinion for purposes of the LDC variation, because (a) the opinion is not issued to the County, so it is not clear the County can rely on the opinion, (b) the opinion provides no explanation or analysis as to why the subject MPUD is not subject to the Declaration, and (c) PDE is supporting the LDC variation regardless of whether the subject MPUD does or does not have a right under the Declaration to access the commercial subdivision to the west. Given this, PDE is amenable to this request.

This agenda memo was prepared by Kurt Siverson, Planner I.

SITE DETAILS

The project is located within the West Market Area, northeast of the Little Road & Ross Lane intersection (Parcel ID No. 26 25 16 0000 00400 0000).

Commission District:	The Honorable Commissioner Lisa Yeager
Project Name:	DRB Little and Ross MPUD
Applicants' Name(s):	Citrico Alliance, LLC
Current Zoning District:	A-C (Agricultural), C-2 (General Commercial District)
Proposed Zoning District:	MPUD Master Planned Unit Development
Future Land Use (FLU) Classification:	COM (Commercial), RES-9 (Residential-9 du/ga)

Requested Entitlements:	74 Single-Family Detached Units
Roads/Access:	Little Road (County, Arterial), Ross Lane (Private, Residential)

MPUD SURROUNDING CONDITIONS ANALYSIS

The DRB Little and Ross MPUD proposes a residential community of 74 single-family detached units. The proposal supports the immediate surrounding area, which has a development pattern characterized by single-family detached units east and southeast of the subject site along with a non-residential development pattern of commercial users and extensive civic users west and north (facing the arterial roadways). The Veteran Affairs Center is adjacent to the south (across Ross Lane) and the West Pasco Government Center is approximately 0.35 miles south of the subject site.

The following MPUD zones/projects are within a 1-mile radius of the DRB Little and Ross MPUD.

1. Sandhill Ridge MPUD: Located to the southwest of the subject site is an affordable housing project, approved for 23 single-family detached units by Resolution 24-77RZ.

2. New Port Corners MPUD: Located roughly 1.25 miles to the south is a portion of the New Port Corners MPUD, identified as the northeast village, which has been entitled 300 Multi-Family units, 700 Single-Family units, 100,000 square feet Retail, and 300,000 square feet of Office/Target Industry/Light Industrial by Resolution 22-12RZ.

SURROUNDING ZONING AND LAND USES

	Zoning District	Future Land Use (FLU)	Existing Use
North	C-2 (General Commercial District), A-C (Agricultural)	COM (Commercial)	Primarily non-residential users, commercial development
South	C-1 (Neighborhood Commercial District), PO1 (Professional Office District), A-C (Agricultural)	ROR (Retail/Office/Residential), RES-6 (Residential-6 du/ga)	Veterans Affairs center, residential users
East	AC (Agricultural), R-2 (Low Density Residential District)	RES-6 (Residential-6 du/ga)	Residential users
West	C-2 (General Commercial District)	COM (Commercial)	Primarily non-residential users, commercial development

PREVIOUS ZONING ACTION(S) AND BACKGROUND DETAILS

The majority of the subject site retains the original zoning of A-C Agricultural (Parcel ID No. 26 25 16 0000 00400 0000).

In October 1997, a portion of the subject site was rezoned from A-C Agricultural to C-2 General Commercial by rezoning petition RZ5187, which established the commercial portion of the subject site. (Parcel ID No. 26 25 16 0000 00400 0000).

FINDINGS OF FACT

1. Proposed is a zoning amendment seeking the development of 74 single-family detached units.
2. The DRB Little and Ross MPUD is located within the West Market Area and Commission District 4.
3. The subject site is currently undeveloped.
4. The Conditions of Approval include a payment of $128,000 toward the signalization improvement of the Ross Lane and Little Road intersection. This improvement shall not be Mobility Fee creditable.
5. Development of the pedestrian facilities along Ross Lane, inclusive of an unfinished segment of sidewalk on the north side of Ross Lane by the commercial developer, will connect the residential project to the Little Landing commercial plaza.
6. The applicant voluntarily agreed to a 10-foot type A landscape buffer on the eastern property line, exceeding the Land Development Codes buffering requirement.
7. The applicant voluntarily agreed to the Live Local provision which has been incorporated within the Conditions of Approval.
8. Reviewed concurrently, CPAS(25)11 proposes to revise the Future Land Use of the subject site from COM (Commercial) and RES-9 (Residential-9 du/ga) to RES-6 (Residential-6 du/ga). Adoption of the proposed Comprehensive Plan Amendment will enable the proposed residential use and more accurately reflect the surrounding area's development pattern. The companion CPA memorandum contains the policy analyses to include Policy FLU 1.8.7.
9. On November 20th, 2025, the proposed rezoning was presented to the Planning Commission (PC). The PC voted unanimously to recommend approval to the Board of County Commissioners (BCC) of the proposed Zoning Amendment request with conditions in the name of the DRB Little and Ross MPUD Master Planned Unit Development District.
10. LDC Section 402.2.C.8 specifies that variations from this Code may be reviewed and approved by the PC and BCC during the public hearing held on any application for an MPUD zoning amendment and the BCC finds, in the particular case, that the proposed variation meets or exceeds the intent of the Code. The Planning, Development, & Economic Growth Department (PDE) has reviewed the requested variation and finds it meets the intent of the LDC as noted.
11. The proposed request is consistent with the Pasco County LDC, Chapter 400, Subsection 402.2 Zoning Amendment - MPUD Master Planned Unit Development, and with the applicable provisions of the Pasco County Comprehensive Plan.

PRELIMINARY FEASIBILITY ANALYSIS

1. Timing and Phasing (T&P) and/or Substandard Road Analysis (SSRRA): The Transportation Planner found application SSRRA-2025-00082 exempt, additionally, finding the Timing and Phasing Analysis T&P-2025-00030 exempt. The Transportation Planner concludes the currently allowable land uses by the existing zoning would attract more PM peak hour traffic than the proposed residential MPUD, thus the exemption of both analyses.
2. Pasco County Utilities (PCU): The Utilities Department had no objection to the proposal and are in agreement with the conditions herein.
3. Pasco Sheriff's Office (PSO): The Sheriff's Office did not provide comments on the proposal.
4. Fire: The Fire Services Department had no objection to the proposal and are in agreement with the conditions herein.
5. Emergency Management: The Emergency Management Department had no objection to the proposal and are in agreement with the conditions herein.
6. Parks, Recreation, and Natural Resources (PRNR): The Parks, Recreation, and Natural Resources Department are in agreement with the conditions herein.

FISCAL IMPACT/COST/REVENUE STATEMENT:
Funding is not required for this action.

BY THE BOARD OF COUNTY COMMISSIONERS **RESOLUTION NO. 26-17RZ**

RESOLUTION AMENDING ZONING CLASSIFCATION OF PROPERTY FROM AN A-C AGRICULTURAL DISTRICT TO AN MPUD MASTER PLANNED UNIT DEVELOPMENT DISTRICT AS DESCRIBED IN REZONING PETITION NO. 7893

WHEREAS, the Board of County Commissioners of Pasco County, after due public notice, held a public hearing on January 20th, 2026 on Rezoning Application No. 7893; and

WHEREAS, the Board of County Commissioners has heard the presentation and evidence of the applicant and individuals in opposition to and in favor of the application; and

WHEREAS, the Board of County Commissioners has reviewed the report and recommendations of the Planning Commission and the recommendation of the County staff and does hereby adopt the following findings of fact:

FINDINGS OF FACT

1. Proposed is a zoning amendment seeking the development of 74 single-family detached units.

2. The DRB Little and Ross MPUD is located within the West Market Area and Commission District 4.

3. The subject site is currently undeveloped.

4. The Conditions of Approval include a payment of $128,000 toward the signalization improvement of the Ross Lane and Little Road intersection. This improvement shall not be mobility fee creditable.

5. Development of the pedestrian facilities along Ross Lane, inclusive of an unfinished segment of sidewalk on the north side of Ross Lane by the commercial developer, will connect the residential project to the Little Landing commercial plaza.

6. The applicant voluntarily agreed to a 10-foot type A landscape buffer to their eastern property line, exceeding the Land Development Codes buffering requirement of like-kind

residential projects.

7. The applicant voluntarily agreed to the Live Local provision which has been incorporated within the Conditions of Approval.

8. Reviewed concurrently, CPAS(25)11 proposed to revise the Future Land Use of the subject site from COM (Commercial) and RES-9 (Residential-9 du/ga) to RES-6 (Residential-6 du/ga). Adoption of the proposed Comprehensive Plan Amendment will support the residential user and more accurately reflect the surrounding areas development pattern. The companion CPA memorandum contains the policy analyses to include Policy FLU 1.8.7.

9. On November 20th, 2025, the proposed rezoning was presented to the Planning Commission (PC). The PC voted unanimously to recommend approval to the Board of County Commissioners (BCC) of the proposed Zoning Amendment request with conditions in the name of the DRB Little and Ross MPUD Master Planned Unit Development District.

10. LDC Section 402.2.C.8 specifies that variations from this Code may be reviewed and approved by the PC and BCC during the public hearing held on any application for an MPUD zoning amendment. Variations shall be allowed where the BCC specifically finds, in the particular case, that the proposed variation meets or exceeds the intent of this Code.

a. The applicant requests a variation from LDC section 901, Infrastructure Standards, specifically 901.6.D.11, Street Design and Dedication Requirements, to provide pedestrian connections north and west of the subject site in lieu of vehicular connections. To the northeast the adjacent parcel is encumbered by a Category One Wetland and to the northwest there is a Lowes Home Improvement Store. The applicant is providing pedestrian connections to the north due to these site constraints and a meaningful pedestrian connection to the west is being provided by Ross Lane for the residents of the proposed development. PDE is amenable to the request given that the access to Lowe's, if vehicular, would be to the side drive aisle, which is used for deliveries to the store and unfit to provide a meaningful

vehicular connection for the residents. Providing a vehicular connection on the west property line at the north end of the site would require a reduction of open space and pedestrian paths given the site constraints of the wetlands on the northern end of the property. Because the vehicular connection to the west is already being achieved roughly 930 feet to the south via Ross Lane, PDE prefers the open space, pedestrian pathways onsite, and pedestrian connections north and west in lieu of the vehicular connections, as they contribute toward a more cohesively planned development and multimodal transportation options within the node which are mutually beneficial to the neighboring non-residential and residential developments. Given this, PDE is amenable to this request.

11. The proposed request is consistent with the Pasco County LDC, Chapter 400, Subsection 402.2 Zoning Amendment - MPUD Master Planned Unit Development, and with the applicable provisions of the Pasco County Comprehensive Plan. Further, the Board finds that the proposed variation from LDC Section 901 referenced above meets or exceeds the intent of the Code.

WHEREAS, the Board of County Commissioners has taken into consideration other factors relevant to the decision as to whether the rezoning request should be approved for the subject property.

WHEREAS, a description of the real property is attached hereto as Exhibit A and is made part hereof.

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of Pasco County, Florida, in regular session duly assembled with a quorum present and voting, this 20th day of January, 2026 that the rezoning petition of DRB Little and Ross MPUD Master Planned Unit Development is hereby approved, subject to the conditions and master plan for the DRB Little and Ross MPUD as set forth in Exhibits B and C attached hereto and made part hereof.

DONE AND RESOLVED this 20th day of January 2026.

CONDITIONS OF APPROVAL

DRB LITTLE AND ROSS MPUD
MASTER PLANNED UNIT DEVELOPMENT
CONDITIONS OF APPROVAL
REZONING PETITION NO. RZ-7893

Master Development Plans

1. Development shall be in accordance with the plans included in this petition; the Land Development Code (LDC); and the Comprehensive Plan unless otherwise stipulated or modified herein. Development shall substantially conform to the conceptual plan attached as Exhibit "1" ("Binding Concept Plan"). The County Administrator or designee is hereby delegated authority to interpret and apply the Binding Concept Plan to the PDP/Construction Plans for each phase or parcel, provided the substantive intent and purpose of the Binding Concept Plan is achieved. So long as the PDP/Construction Plans are deemed in substantial conformance with the Binding Concept Plan, a non-substantial or a substantial modification is not required. However, if the PDP/Construction Plans materially deviate from the Binding Concept Plan, as determined by the County Administrator or designee, a substantial modification to this MPUD shall be required.

Environmental

2. If during construction activities any evidence of the presence of State or Federally protected plant and/or animal species is discovered, Pasco County Natural Resources Inspector and applicable agencies shall be notified within two working days of the plant and/or animal species found on the site. All work in the affected area shall come to an immediate stop until all pertinent permits have been obtained, agency written authorization to commence activities has been given, or unless compliance with state and federal guidelines can be demonstrated.

3. The applicant shall provide a 100% gopher tortoise burrow survey conducted according to FFWCC guidelines, the FFWCC gopher tortoise relocation permit and FFWCC accepted after action report prior to issuance of site development placard. If additional gopher tortoise burrows are discovered after submittal of the documents required by this condition, then an additional survey, relocation permit, and accepted after action report will be required prior to issuance of the site development placard, unless the applicant can demonstrate that the additional gopher tortoise burrows will be excluded in accordance with the FFWCC guidelines. If site construction does not commence within 90 days from the date of the most recent 100% gopher tortoise survey or capture activities, a new gopher tortoise burrow survey must be completed to ensure gopher tortoises have not moved in and, if found, a valid permit must be obtained, amended, or acted on to capture and relocate all tortoises prior to commencing any site clearing. A copy of the relocation permit and accepted after action report shall be provided.

4. If construction activities are to occur between January 1 to July 1, the applicant/applicable developer or parcel developer shall submit a breeding season survey for the Florida Sandhill Crane conducted in accordance with FFWCC survey guidelines. A report shall be provided to FFWCC and Pasco County for review and consideration of approval prior to

issuance of site development placard. If nests are found, appropriate avoidance and/or mitigation measures shall be completed in cooperation with the FFWCC and the County.

5. The upland buffer line shall be clearly field demarcated prior to any construction activities. No construction activities, including clearing, grading, or grubbing, shall occur within the Wetland Upland Buffer unless otherwise approved by the County and as depicted on the County-approved construction plans for the project.

6. The SWFWMD-approved wetland boundary survey shall be submitted with the Preliminary Site Plan or Preliminary Development Plan, whichever is submitted first. Any proposed wetland impacts depicted on the MPUD Plan are conceptual.

7. The wetland categories are conceptual and will be finalized at the time of the SWFWMD approval of the wetland jurisdictional lines. The SWFWMD-approved wetland boundary survey shall be submitted with the Preliminary Site Plan or Preliminary Development Plan, whichever is submitted first. Any proposed wetland impacts depicted on the MPUD Plan are conceptual.

8. A copy of the SWFWMD Environmental Resource Permit (ERP) shall be submitted to the Pasco County project record prior to issuance of site development placard.

Open Space/Buffering

9. The developer(s) shall create a mandatory homeowners'/property owners'/condominium owners'/merchants' association(s) in the form of a nonprofit corporation registered with the State of Florida, Secretary of State, and/or, if approved, by the BCC or State of Florida, a Community Development District(s) (CDD). The association(s) or District(s) shall encompass the entire boundaries of the MPUD except for any real property to be conveyed to the County or the District School Board of Pasco County (School Board). The developer(s) shall convey in fee simple to the association(s) or the CDD(s), for ownership and maintenance all open space, drainage areas, common areas, landscape areas, wetland areas, buffer areas, preservation/conservation areas, and other special purpose areas unless the said area(s) is/are required to be dedicated to another governmental entity. Recreation areas and neighborhood parks shall be conveyed to the association(s) as well, but only to the CDD(s) if such special power, pursuant to Section 190.012(2), Florida Statutes, is consented to by the County. All such conveyances shall be for a value that does not exceed the fair market value of the land. Prior to platting the first unit or phase, homeowners'/property owners'/condominium owners'/merchants' association(s) or CDD documents, including Articles of Incorporation with proof of being filed with the State of Florida, Secretary of State, restrictive covenants, and all exhibits shall be submitted to the Survey Department for review along with copies of instruments to be used to convey in fee simple the above-mentioned areas to the said association or the CDD. Impact fee credits for improvements or dedications shall go to the association or the CDD that funded such improvements as applicable.

10. Street Tree Planting and/or Front Yard Tree Planting:

    a) Each single-family detached lot shall have a minimum of two trees on or in front of the lot, one of which may be in the side or back yard and one of which must be in the front of the home but may be either a street tree (in front of the lot) or a lot

tree (in the lot front yard).

11. If the applicant/developer demonstrates to the satisfaction of the County Administrator or designee that a site cannot accommodate the total number of replacement trees required by the LDC as a result of insufficient planting area, the applicant/developer shall provide a monetary contribution to the Tree Mitigation Fund at the rate established by resolution of the Board of County Commissioners (BCC)(Resolution 08-284, as amended).

12. Unless an alternative standard is approved at Preliminary Development Plan review, which shall not require a modification to this MPUD approval, landscape buffers shall be constructed following the Land Development Code.

13. Except for those neighborhood park attributes depicted on the Binding Concept Plan, specific review and approval of the Land Development Code (LDC), Section 905.1, Neighborhood Parks, will be conducted at PDP(s) submittal. At the time of the PDP(s) submittal, a park plan shall be provided, which shall depict the location, acreage, dimension, type (mini park, neighborhood park, linear park, trails, etc.), and planned amenities of each neighborhood park area in compliance with current LDC 905.1.

Transportation/Circulation

14. Rezoning petition RZ-7893 was determined exempt from Timing and Phasing Analysis/Review since the zoning amendment would result in less trip generation than the existing zoning districts on the property. The lands within the DRB Little and Ross MPUD may be developed with up to 74 single-family detached units ("Approved Land Use") without any requirements for an additional timing and phasing analysis through the expiration date of the MPUD as set forth in Condition 61. Any development of land use(s) that generate(s) greater traffic impacts than the Approved Land Uses may require an updated Timing and Phasing Analysis utilizing a methodology approved by the County. The Planning Commission (PC), BCC, or County Administrator or designee, may impose additional conditions on the applicant or developer based on the updated County-approved Timing and Phasing Analysis. Compliance with the conditions of approval and payment of mobility fees and other generally applicable taxes and assessments, fully mitigates the external transportation impacts of the Approved Land Uses through the expiration date of the MPUD as set forth in Condition 61, except any required external site-access improvements which shall be the developer's sole obligation.

Access Management

15. The access points shown on the master plan are conceptual only. Permanent placement of each access point shall be determined at the time of review with the corresponding PDP and shall meet established access-management criteria. Based on the corresponding PDP, County Administrator, or designee, may impose access management conditions on the applicant/developer.

16. At each PDP approval, the County Engineer, or designee, may also require site- specific intersection improvements. Intersection improvements shall be in accordance with the LDC and Access Management Standards as amended.

17. Developer has provided a Substandard Road Application for Ross Lane. There are no substandard road impacts to Ross Lane from Little Road to the Project Access as depicted on the MPUD Master Plan from the Approved Land Uses that require mitigation by Developer. Developer shall not be responsible for any substandard road improvements to Ross Lane or any proportionate share payment for any substandard road improvements other than payment of mobility fees and the proportionate share payment for the signalization of Little and Ross intersection pursuant to Condition 18. below.

18. At the time of the first record plat, Applicant/Developer shall pay the County the total sum of $128,000 towards signalization intersection improvements at Little Road and Ross Lane which shall be constructed by the County, which shall not be mobility fee creditable.

19. Compliance with the conditions of approval, including the proportionate share payment per Condition 18 payment of mobility fees and payment of other generally applicable taxes and assessments, fully mitigates the external transportation impacts of the Approved Land Use through the expiration date of the MPUD as set forth in Condition 61.

Dedication of Right-of-Way

20. Connections and rights-of-way to adjoining properties shall be as depicted on the MPUD Master Plan. The exact locations will be determined during PDP review.

21. In the case of private streets, and any amenities within those rights-of-way such as paths, trails, sidewalks, and any other non-vehicular accessways, dedication and maintenance shall be the responsibility of the mandatory homeowners'/property owners'/condominium owners'/merchants' association(s) or an appropriate entity other than the County. Pasco County will not be responsible for the maintenance of any private streets or private access amenities.

22. Subject to LDC, Section 901.2.I. (Transportation-Corridor Management; Dedication-Rough Proportionality, the developer agrees to convey to County, at no cost, right-of-way for Ross Lane as depicted on the MPUD Master Plan.

23. To the extent that any of the conditions of this approval constitute monetary or property exactions that are subject to *Nollan v. California Coastal Comm'n*, 483 U.S. 825 (1987), and *Dolan v. City of Tigard*, 512 U.S 374 (1994), the applicant/owner, and successors and assigns (a), agrees that there is a nexus and rough proportionality between such conditions and the impacts of this project/development, and that such conditions are necessary to ensure compliance with the criteria of the LDC and Comprehensive Plan that are applicable to this approval, and (b) waives any claims based on such conditions. This agreement/waiver was entered into voluntarily, in good faith, for valuable consideration, and with an opportunity to consult legal counsel, but does not affect the applicant/owner's ability to seek variances, administrative remedies, or modifications of the conditions of this approval through applicable processes in the LDC, and does not affect the applicant/owner's ability to bring an action pursuant to Section 70.45, Florida Statutes.

Design/Construction Specifications

24. Prior to the final building inspection for the first residential unit within the project, the Developer shall construct the 8 ft. Wide Path to Interconnect to Commercial, the 8 ft. Wide Path Along the Western Frontage, the 6 ft. Wide Nature/Trail Path, and the 5 ft. Sidewalk Along Frontage, all as depicted on the MPUD Master Plan. These improvements shall not be mobility fee creditable.

25. Prior to the final building inspection for the first residential unit within the project, the Developer shall construct an off-site five (5) foot sidewalk within the existing northerly Ross Lane right of way as depicted on the MPUD Master Plan ("Off-Site Sidewalk Improvement") subject to: (1) the County having the necessary existing right of way/easements for the Off-Site Sidewalk Improvement; and (2) issuance of permit(s)/approvals from agencies having jurisdiction.

After taking into account any reasonable design or construction modifications permitted by the County Engineer, should it be determined by the County Engineer that there is not sufficient existing right of way/easements to accommodate the Off-Site Sidewalk Improvement or that other issues identified during permitting would prevent or prohibit the construction of the Off-Site Sidewalk Improvement or make the construction of the Off-Site Sidewalk Improvement unreasonable, the Developer shall have no further obligation to construct the Off-Site Sidewalk Improvement.

The design, permitting and construction of the Off-Site Sidewalk Improvement shall be eligible for bicycle/pedestrian mobility fee credits. The Developer shall submit to the County an engineer's certified cost estimate for the design, permitting and construction of the Off-Site Sidewalk Improvement, which shall be reviewed and approved by the County Engineer, or designee, to determine whether the estimated cost is comparable to the County's recent expenditures for similar sidewalk projects. Upon approval of the certified cost estimate by the County, the approved estimated amount shall constitute the amount of bicycle/pedestrian mobility fee credits to be awarded to the Developer upon completion of the Off-Site Sidewalk Improvement, regardless of the Developer's actual cost of design, permitting and construction. Because the amount of the mobility fee credits is capped at the approved certified cost estimate amount, there is no requirement for the Developer to enter into a development agreement or competitively bid the Off-Site Sidewalk Improvement in order to be entitled to mobility fee credits. However, the Developer will be required to obtain a right of way use permit from the County to construct the Off-Site Sidewalk Improvement in the County's right of way.

26. Approval of the DRB Little and Ross MPUD satisfies the County's collector and arterial design and spacing standards of the LDC, Section 901.1 (as to Transportation Corridor Spacing).

27. If, during construction activities, any evidence of historic resources including, but not limited to, human burial sites such as Indian mounds, lost historic and aboriginal cemeteries, or other unmarked burials or associated artifacts, original or historic pottery, prehistoric stone tools, bone or shell tools, historic trash pits, or historic building foundation, are discovered, work shall come to an immediate stop, and the Florida Department of Historic Resources (State Historic Preservation Officer) and Pasco County shall be notified within two working days of the resources found on the site. Additionally, should any human burial sites such as Indian mounds, lost historic and aboriginal cemeteries, or other unmarked burials or associated artifacts be found, then

the provisions and guidelines set forth in Chapter 872.05, FS (Florida's Unmarked Burial Law) are to be followed.

28. If the adjacent property to the east has an approved PDP or is built-out, then prior to PDP approval for the DRB Little and Ross MPUD development, the developer shall supply evidence that it has coordinated with the developer(s) and engineer(s)/surveyor(s) of the adjoining parcels to identify and provide the location of any required interconnecting roadway/bike ped access [such interconnecting roadways do not include the collector/arterial/vision roadways as depicted on the approved master plan]. The following information shall be shown on all PDPs and construction plans/construction site plans that include or abut the interconnecting roadway/bike ped access: location (by State plane coordinates), centerline, right-of-way width, cross section, elevation of centerline, grade, and centerline geometry (tangent bearing/curve geometry) to provide a seamless continuation of this road at property lines.

29. The developers shall comply with the County and Pasco County Public Transportation requirements to accommodate mass transit service to and within the project if service is available or planned at the time of preliminary plan/preliminary site plan approval. A detailed description of the overall transit accommodations plan shall include, but is not limited to, a proposed ingress and egress route for buses and bus stops proposed to service the project including, but not limited to, benches, shelters, lighting, pedestrian walkways, landscaping, and placement as required by the County or Pasco County Public Transportation. The developers shall submit the detailed description of the overall transit accommodations plan to PDE for review and approval prior to or concurrent with the PDP of the first unit or phase within the development. Approval of the detailed description of the overall transit-accommodations plan is subject to Pasco County Public Transportation review and approval in accordance with the Pasco County Public Transportation *Transit Infrastructure Guidelines* (June 2005), as may be amended from time to time, or any subsequent ordinance adopted by Pasco County. The developers shall include and show on any PDP submittal the approved transit-accommodation facilities, which shall be constructed with the infrastructure improvements of each affected preliminary plan/preliminary site plan unless an alternative phasing of transit- accommodation-facilities construction is approved with the overall transit- accommodations plan. The applicant/developers and their successors shall not refuse the Pasco County Public Transportation, or any other transit authority, or any of its users/patrons access to such facilities.

30. All sidewalks, bike paths, multi-use trails, and other non-vehicular pathways within the DRB Little and Ross MPUD shall not be the maintenance responsibility of the County. The sidewalk within the Ross Lane right-of-way shall be the maintenance responsibility of the County.

31. Street lighting is required throughout the MPUD pursuant to LDC section 901.11.

32. As provided in Chapter 190, Florida Statutes, and subject to the BCC's separate approval, the CDD(s) is hereby authorized to undertake the funding and construction of any of the projects, whether within or outside the boundaries of the CDD(s) that are

identified within this rezoning approval. Further, any obligations of the developer contained in this approval may be assigned to a CDD, homeowners'/property owners' association, or other entity approved by the County. However, such CDD shall not be authorized to levy assessments on any property either owned or to be owned by the County or School Board (Public Properties) that are located within the boundary of the CDD. All applicable documents pertaining to the undertaking of funding and construction by the CDD shall reflect the following:

a. Public Properties shall not be considered benefited properties and shall not be assessed by the CDD.

b. No debt or obligation of such CDD shall constitute a burden on any Public Property.

Utilities/Water Service/Wastewater Disposal

33. A Master Utility Plan for the entire development shall be submitted to the Utilities Services Department for review and approval prior to or concurrent with submittal of the first construction plan/construction site plan. This utility plan shall show, at a minimum, the following:

a. Trunk sewer lines and lift stations.

b. Main potable water lines and non-potable water lines, if applicable.

c. Sewage treatment facility locations, including discussion of the proposed method of treatment and the feasibility of a non-potable water system for irrigation.

d. Method of lighting for all nonlocal roads shall be submitted at the time of record plat submittal for each unit or phase.

e. A Master Utility Plan shall include *AutoCAD* and PDF electronic files and hydraulic analysis for the water, wastewater, and reclaimed water systems and shall be in conformance with the Utilities Services Plan guidelines implemented by the Utilities Services Department.

34. Prior to the first construction plan/construction site plan approval, the developer(s) and the County shall enter into a Utilities Service Agreement.

35. The developer(s) shall construct all water and wastewater facilities within the development to current County standards. A complete set of instructions may be obtained from the Utilities Services Department.

36. In consideration of Pasco County's agreement to provide potable water and/or reclaimed water to the subject property, the developer(s)/owner(s) and its successors and assigns, agree to the following:

a. In the event of production failure or shortfall by Tampa Bay Water (TBW), as set forth in Section 3.19 of the Interlocal Agreement creating TBW, and then only for so long as such a production failure or shortfall exists, the

developer(s)/ owner(s) shall transfer to the County any and all Water Use Permits or water-use rights the developer(s)/owner(s) may have to use or consume surface or ground water within the subject property, provided that the same are not needed to continue any existing agricultural uses on the subject property, in which case, such transfer shall not be required as long as such agricultural uses are active.

b. Prior to the developer(s)/owner(s) selling water, Water Use Permits, or water-use rights, the developer(s)/owner(s) shall notify Pasco County, and Pasco County shall have a right of first refusal to purchase such water, Water Use Permits, or water-use rights.

Stormwater

37. The applicant shall contact the SWFWMD Engineering & Watershed Management Section for the latest floodplain study information available for design.

38. At time of the first site development permit, the applicant shall comply with applicable County floodplain management requirements.

39. The developer acknowledges that the HOA and/or CDD documents shall include language to prevent the residential lots from filling below the 100-year floodplain and/or altering drainage patterns on residential lots without permitted approval from Pasco County and/or SWFWMD as applicable. The HOA and/or CDD documents shall be provided to Pasco County for review and approval at the time of plat review.

40. All passthrough drainage shall have an access and maintenance easement over it. This easement shall be to Pasco County granting the county the right, but not the obligation to access and maintain.

41. The applicant shall verify if the proposed project is within a Basin of Special Concern. If the project lies in or partially within a Basin of Special Concern, the applicant shall comply with Basin of Special Concern criteria requirements.

Land Use

42. Land Use maximums shall be in accordance with the following Permitted Uses and Development Limits Table as shown in Table 1 below.

Table 1
Permitted Use and Development Limits

Development Category	Totals
Single Family Detached (du)	74

43. The Dimensional/Development standards for the Permitted Use are as set forth on the MPUD Master Plan.

44. The single family residential units shall be platted.

45. The Architectural Design Standards are as follows:

a) Monotony Control:
Single-family detached houses shall be required to address the following requirements to avoid architectural monotony:

i. A proposed home shall have three different architectural features (as defined below) from the two houses on either side of it that face the same street.
ii. A proposed home shall differ in architectural features (as defined below) from the house(s) directly across the street (i.e., the house directly across the street, but not diagonal or those on either side of the house directly across the street).
iii. The rear of a proposed home shall differ in appearance (as set forth in section (b) (ii) below) from the houses directly adjacent to it when facing another road.

b) Architecture Features:
To establish a difference in architectural features between homes of the same model type facing a street or mews, a minimum of three (3) architectural features shall differ on all Single Family Detached houses.

i. These features shall include different: colors, materials (e.g., stucco, siding, brick, stone, etc.), elevations, arrangement of openings such as windows and doors, gables and eaves, dentils, cornices, trim, division of lights within windows, variation of building elevation (i.e., height, recessed planes etc.) porches, porticos, dormers, location of garage (left, right or rear), ornamental or decorative garage doors, ornaments such as medallions, shutters etc., and color or material of rooftops (e.g., shingles, tiles etc.). If different models of homes are adjacent to or across from each other, monotony is avoided.
ii. For the rear of homes that back-up to or face a street (i.e., local, collector, or arterial), the differing appearance shall be accomplished, at a minimum, by the reversal of floor plans or changes in material colors.
iii. No more than 20% of garages shall protrude more than 8 feet beyond the roof line of each single family detached unit and each such garage (protruding more than 8 feet beyond the roof line) shall contain decorative garage fronts.

c) The applicant/developer has committed to, and is hereby requiring, the foregoing architectural and monotony controls, notwithstanding any potential contrary requirements in Section 163.3202(5)(a), Florida Statutes. This condition shall be construed as a requirement imposed by the applicant/developer pursuant to Section 163.3202(5)(c), Florida Statutes, and not a requirement of the County, to the extent that Section 163.3202(5)(a), Florida Statutes, prevents the County from applying or enforcing architectural or monotony controls in this MPUD.

46. Architectural standards shall be in substantial compliance or a superior alternative to those

identified herein.

47. The development standards for any recreation center(s) shall be in accordance with the C-1 Neighborhood Commercial District.

48. The maximum density set forth above is not a vested right and is subject to reduction based on, or as a result of, applicable County ordinances and resolutions.

49. Parcels may be developed out of numerical sequence and in multiples as long as the parcels being developed do not rely upon infrastructure construction of future parcels.

50. The developer may utilize one model center per product type which can exceed the ten percent maximum allowed model center lots per the LDC.

51. Interim silvicultural and/or agricultural activities shall be permitted until the commencement of development for that portion of the proposed development. Seasonal temporary uses pursuant to Section 530.9 LDC may be allowed with subsequent approval, pursuant to the County's Miscellaneous Permit process for temporary events.

52. The total aggregate number of dwelling units for the DRB Little and Ross MPUD shall not exceed 74.

Procedures

53. The applicant/developer(s) agree that the applicant/developer and any successors or assigns are not eligible for the ad valorem tax exemption in Section 196.1978, Florida Statutes, and further agree the applicant/developer and any successors or assigns will not apply for such an exemption for any portion of the development authorized by this approval.

54. The applicant/developer shall ensure that the HOA or CDD required to be established under this MPUD incorporates the minimum tree and architectural requirements in conditions 10 and 45 as applicable, into the HOA covenants, conditions, and restrictions and shall ensure that the HOA is the primary enforcement entity for the tree requirements in such single family residential phase(s), as applicable, after the MPUD entitlements have received a final inspection or Certificate of Occupancy, and the only enforcement entity for the architectural requirements. If the County becomes aware of violations of Conditions 10 and 45 the County reserves the right to hold the developer (until the turnover to the HOA) and/or the HOA responsible for violations of the foregoing requirements. This condition shall not be construed as any attempt by the County to enforce architectural requirements in this MPUD; rather, the condition is intended to ensure that the developer and HOA honor their commitment to privately impose such requirements pursuant to Section 163.3202(5)(c), Florida Statutes.

55. The HOA or CDD required to be established under this MPUD shall include provisions for the management of on-street parking and obstruction of roadways, including without limitation covenants, conditions, and restrictions which require the HOA or CDD, as applicable, to be the primary enforcement entity for all current or future LDC or Code of Ordinance provisions related to on-street parking and obstruction of roadways, and which require the HOA or CDD, as applicable, to adopt and enforce specific regulations which

empower the HOA or CDD Board, as applicable, to adopt, enforce, and otherwise regulate on-street parking and obstruction of roadways within the subdivision, which regulations may be more restrictive than applicable LDC or Code of Ordinance provisions. Such regulations shall specifically include the authority for the HOA or CDD to tow vehicles that violate such regulations. Such HOA or CDD enforcement shall include, at a minimum, any obstruction of any roadway in the subdivision that causes interference with the efficient delivery of emergency or law enforcement services and/or vehicles at any time, whether or not emergency services have been requested. This condition, and the applicable HOA or CDD regulations, do not preclude the County from also enforcing applicable LDC or Code of Ordinance provisions relating to on-street parking or obstruction of roadways. In addition to the other requirements of this condition, the HOA or CDD required to be established under this MPUD shall include provisions which limit parking to one side of each street within the MPUD (in those areas where on-street parking is allowed at all pursuant to the LDC) so as to avoid the obstruction of on-site roadways.

56. Unless required elsewhere within the conditions of approval, all conveyances shall occur at record plat or the issuance of the first CO where a record plat is not required or within 90 days of the County's request, whichever occurs first. All conveyances shall include access easements, be in a form acceptable to the Real Estate Division and be free and clear of all liens and encumbrances, including exemption from all covenants and deed restrictions, unless otherwise agreed to by the County.

57. The developer(s) shall submit and obtain approval of a Substantial Modification to add uses not previously approved or to reduce open-space or preservation/conservation areas. A Substantial Modification is also required if there is a cumulative increase in density or intensity of ten percent or more in the number of average daily trips as defined by the Institute of Traffic Engineers and the Pasco County Access Management Team.

58. Unless otherwise approved by the Fire Marshal, or designee, the development shall be included into a Pasco County Municipal Fire Service Taxing Unit to provide fire protection. The developer(s) shall submit a petition for inclusion into the Pasco County Municipal Fire Service Taxing Unit at the time of record plat submission, or when no plat is required, prior to the issuance of the first Building Permit. In no case shall a Building Permit be issued until the Fire Marshal, or designee has received such a petition.

59. A PDP/PSP must be approved for an entire increment (bubble) prior to any phased construction plan/construction site plan approval. An increase in dwelling units within increments is allowed without modification to the master plan as long as there is a corresponding decrease and the total maximum number of entitlements is not increased as approved for the MPUD.

60. PDP/PSP submittals shall include a detailed breakdown of the individual plan approvals, including the plan name and increment or phase designation as it relates to the Master Development Plan, acreage of the site, or total number of units which have received PDP/PSP approval, construction plan/construction site plan approval, and/or record plat approval.

61. If a PSP for the entire MPUD is not submitted and approved within six years of this rezoning approval or from the last substantial modification, whichever is later (subject to any statutory or County-wide extensions issued subsequent to the approval of these revised conditions

of approval), the conditions of approval for those portions of the MPUD that do not have (unexpired) PSP approval shall expire. If the MPUD expires, a new MPUD must be applied for and approved by the BCC, and the conditions of approval shall be in accordance with the Comprehensive Plan and LDC in effect at that time.

62. An extension of the time limit for approval as identified above shall be processed as a substantial modification approved by the BCC.

63. This MPUD shall not be effective until the corresponding future land use of RES-6 (Residential-6 du/ga) amendment is adopted.

64. In addition to complying with the above conditions, no further plan approvals will be granted until such time as the acknowledgment portion of the **BCC approved document** is completed (including notarization) and received by the PDE after the BCC action.

65. All conditions of this MPUD approval are material to the BCC approval. Accordingly, the conditions are not severable. In the event any section, subsection, sentence, clause, or provision of these conditions or the rezoning resolution is challenged and declared illegal, invalid, or in violation of any statutory or constitutional requirement by a body with jurisdiction to make such determination, the remainder of the conditions and MPUD approval shall be suspended until such time that the BCC modifies the MPUD conditions of approval to address the illegal or invalid provision, provided that such suspension shall not exceed nine months in duration. However, such determination shall not affect the validity of 1) MPUD entitlements that have received plat, Building Permit, or CO approval; or 2) any MPUD mitigation committed to or performed as of the date the determination is made, unless such approvals or mitigation are specifically declared to be illegal, invalid, or unenforceable. Requests for BCC-approved modifications to the MPUD or the MPUD conditions of approval shall not be considered challenges and decisions by the BCC regarding any modification, or the like shall not have the effect of suspending the conditions and the MPUD approval under any circumstances.

OWNER/DEVELOPER ACKNOWLEDGMENT:

The owner/developer acknowledges that it has read, understood, and accepted the above-listed conditions of approval. **Do not sign this document until a final disposition from the BCC regarding this Petition has been received.**

Re: BELLEVUE

Dear Ms. Jusovic:

Please be advised that, as of December 10, 2025, in our opinion, the fee simple marketable title of those lands described in Exhibit "A" attached hereto (the "Property") is vested in:

CITRICO ALLIANCE, LLC, a Florida limited liability company;

and that certain Declaration of Covenants, Conditions, and Restrictions recorded in Official Records Book 4042, Page 1222, Public Records of Pasco County, Florida ("Declaration"), does not benefit or otherwise affect the Property. The Property does not constitute any part of the real property described in the Declaration.

Very truly yours,

Nicole F. Cromie

RE: DRB Little and Ross MPUD / CPAS (RZ-7893 / CPAS25-11)
Parcel I.D. No(s): 26 25 16 0000 00400 0000 and 26 25 16 0010 03700 0000

Dear Property Owner:

This letter is to notify you that a Rezoning Application (RZ-7893) has been filed in the name of the property owner, Citrico Alliance LLC (DRB Little and Ross MPUD / CPAS), to rezone the Property from the C-2 (General Commercial) and A-C (Agricultural) zoning districts to the Master Planned Unit Development zoning district (MPUD) to allow for the development of a maximum of 74 single family homes. A companion Small Scale Comprehensive Plan Amendment Application (CPAS25-11) has also been filed to amend the Future Land Use Designation from COM (Commercial) and RES-9 (RESIDENTIAL- 9 units/developable acre) to RES-6 (RESIDENTIAL – 6 units/developable acre).

The Property is generally located on Ross Lane, east of Little Road, and contains 26.2 acres m.o.l.

The public hearings for the consideration of these applications will be held as follows:

Planning Commission RZ-7893 CPAS25-11	**11/20/2025**	**West Pasco Government Center 8731 Citizens Drive New Port Richey, FL 34654**	**1:30 p.m.**
Board of County Commissioners RZ-7893 CPAS25-11	**01/20/2026**	**West Pasco Government Center 8731 Citizens Drive New Port Richey, FL 34654**	**1:30 p.m.**

The application and all supporting documentation on file regarding the applications can be viewed by contacting:

Rezoning (RZ-7893)

Kurt Siverson, Planner I, Planning, Development, and Economic Growth Department, 8731 Citizens Drive, Suite 200, New Port Richey, FL 34644; 727-380-2689; ksiverson@pascocountyfl.net.

Comprehensive Plan Amendment (CPAS25-11)

Jenny De Granda, Planner II, Planning, Development, and Economic Growth Department, 8731 Citizens Drive, Suite 200, New Port Richey, FL 34644; 727-380-3509; jdegranda@mypascocountyfl.net.

If you are in opposition to the above-stated application, you will need competent, substantial evidence presented to support your opposition. Any person desiring to appeal any decision made by the Board of County Commissioners with respect to any matter considered at any meeting or hearing will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which the appeal is based.

On occasion, applications may be continued. It is your responsibility to contact this office or the above-contact at the County to confirm the above-scheduled public hearing dates.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact either the Pasco County Customer Service Center, 8731 Citizens Drive, New Port Richey, FL 34654, (727) 847-2411 (V) or the Pasco County Risk Management Office, 7536 State Street, New Port Richey, FL 34654, (727) 847-8028 (V) at least 7 days before the public hearing, or immediately upon receiving this notification if the time before the public hearing is less than 7 days; if you are hearing or voice impaired, call 711.

Very truly yours,

AGENDA SECTION: Public Hearings

THRU: David Allen, Assistant County Administrator

FROM: David Engel, Director Planning, Development and Economic Growth

RECOMMENDED BOARD ACTION:

Approve the proposed Zoning Amendment subject to the attached Conditions of Approval. Authorize the Chairman to execute one (1) original of the Resolution provided, and direct Board Records to distribute as set forth under the Distribution section below.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

PROJECT OVERVIEW

Land Development Code (LDC) Section 402.2, Zoning Amendment - MPUD Master Planned Unit Development; Section 522 - MPUD Zoning District

Proposed is a rezoning request from an A-C Agricultural District to an MPUD Master Planned Unit Development to allow for the development of 290 multi-family dwelling units and 50,000 square feet (sf) of commercial/office uses and associated infrastructure on approximately 15.36 acres.

The proposed MPUD Master Plan illustrates a site design that is people-centric and establishes an extensive internal pedestrian mobility network with an amenitized stormwater pond (including a trail cross-connection to the north) and open space for every residential structure.

The proposed 50,000 square feet of non-residential uses along the State Road 54 frontage will include the following permitted uses and entitlement allowance:

20,000 square feet of commercial uses as permitted in the C-1 Neighborhood Commercial District; and

30,000 square feet of office uses as permitted in the PO-2 Professional Office District.

The applicant is also seeking the following variations from the LDC:

Variation No. 1 - The Applicant requests a variation from LDC Section 901, *Infrastructure Standards*, specifically 901.6.D.11, *Continuation of Existing Street Pattern and Street Access to Adjoining Property*. The variation request is to not provide vehicular connections north or west of the subject property. A vehicular connection north of the subject property is infeasible due to the existing ponds and wetland networks. To the northeast of the subject site is the Solida development (a portion of the Starkey Ranch MPUD), which has a Site Development Permit approval with no vehicular interconnection to the subject site and has a pond located on the southwest corner of the development which prevents an interconnection. In lieu of a northeastern vehicular connection the applicant is providing a pedestrian connection to the Solida development. This would allow pedestrian connectivity north to the 12' path on the south side of Lake Blanche Road and further facilitate pedestrian mobility east-west to amenities like the Long Leaf downtown and civic uses such as Longleaf Elementary, Starkey District Park, Starkey Ranch Library, and Starkey Ranch K-8 School. A vehicular connection west of the subject property is not feasible by the building orientation of the existing commercial neighbor and the inability of the service roadway to absorb traffic volume from the residential and non-residential users of the proposed project. PDE is amenable to the request since the proposed project accomplishes the intent of LDC Section 901.6.D.11.

This agenda memo was prepared by Kurt Siverson, Planner I.

SITE DETAILS

The project is located within the South Market Area, abutting State Road 54 on the north and approximately .33 miles east of the State Road 54 and Starkey Boulevard intersection (Parcel ID No. 30-26-17-0000-00600-0000).

MPUD SURROUNDING CONDITIONS ANALYSIS

The immediate and peripheral built environment neighboring the proposed Blackwell MF & Office Complex MPUD project boundary is primarily characterized by residential communities, and commercial and (across SR 54) industrial developments.

- Abutting north of the prospective MPUD is a residential community in the name of Solida (a portion of the Starkey Ranch MPUD), which has been approved for the development of 139 single-family detached homes and future multi-family development.
- Abutting west of the prospective MPUD is a self-storage facility.
- Abutting east of the prospective MPUD is County Place Community, a manufactured home neighborhood.
- Abutting south of the prospective MPUD is State Road 54, which has an extensive network of residential, commercial and industrial uses.

Within a 1-mile radius of the prospective Blackwell MF & Office Complex MPUD exist multiple MPUDs, most notably:

- *Mitchell SJP MPUD*, originally approved for: 108,000 SF Commercial/Retail Uses, 515,000 SF Business Park Uses (File: PDE25-7825).
- *Trinity Communities MPUD*, originally approved for: 8,322 dwelling units, 1,133,000 sf of Commercial, 1,414,500 sf of Commerce Park, 60,000 sf of Neighborhood Center Office, 43,320 sf of Office, 186,000 sf of Medical Office, 240 Hospital Beds, 840 Units of Life Care Center, Elementary School, Golf Course, Cemetery (File: GM06-07).
- *Starkey Ranch MPUD*, originally approved for: 5,050 dwelling units, 200,000 sf of Office, 200,000 sf of Light Industrial, 200,000 sf of Retail, 220 Hotel Rooms (File: PGM12-170).
- *Longleaf MPUD*, originally approved for: 1,050 dwelling units, 108,000 sf of Work Place/Commercial, 42,000 sf of Commercial/Light Industry (File: GM98-676).
- *Mitchell Ranch East Mixed Use MPUD*, originally approved for: 322,000 sf of Commercial/Retail, 100,000 sf of Medical Office, 260 Senior Apartment Dwelling Units, 400 Multi-Family Dwelling Units (File: PDD23-7590).

PREVIOUS ZONING ACTION(S) AND BACKGROUND DETAILS

The site retains its original A-C Agricultural District zoning designation and presently remains unimproved. (Parcel ID No. 30-26-17-0000-00600-0000)

This proposal is consistent with the surrounding existing and planned areas as shown in the above table, as the neighboring built environment is characterized by residential, commercial and industrial land uses.

FINDINGS OF FACT

1. Proposed is a rezoning request from an A-C Agricultural District to an MPUD Master Planned Unit Development to allow for the maximum development of 290 multi-family dwelling units and 50,000 square feet of commercial and medical office uses and associated infrastructure on approximately 15.36 acres.
2. The subject property is located within the South Market Area, Commission District 3.
3. This project will be paying a proportionate share for the signalization of SR 54 and the project entrance that will be shared with the Mitchell SJP MPUD.
4. The Live Local provision was voluntarily agreed to by the applicant and incorporated within the Conditions of Approval.
5. There is a companion Comprehensive Plan Amendment, CPA23(16) in the name of Blackwell Mixed-Use PD to establish the PD (Planned Development) and create Subarea Policy FLU 7.1.80, to be identified on Subarea Map 2-9(80).
6. On December 11th, 2025, the proposed rezoning was presented to the Planning Commission (PC). The PC unanimously recommended approval to the Board of County Commissioners (BCC) of the Blackwell MF & Office Complex MPUD with conditions.
7. LDC Section 402.2.C.8 specifies that variations from this Code may be reviewed and approved by the PC and BCC during the public hearing held on any application for an MPUD zoning amendment and the BCC finds, in the particular case, that the proposed variation meets or exceeds the intent of the Code.
8. The proposed request is consistent with the Pasco County LDC, Chapter 400, Subsection 402.2 Zoning Amendment - MPUD Master Planned Unit Development, and with the applicable provisions of the Pasco County Comprehensive Plan.

PRELIMINARY FEASIBILITY ANALYSIS

1. Timing and Phasing (T&P) and/or Substandard Road Analysis (SSRRA): The timing and phasing analysis, provided June 20th 2025 and attached herein, indicates that traffic movement at the intersection of the project access and SR 54 exceeds the acceptable volume-to-capacity (v/c) ratio. The County will grant approval for this development proposal provided that condition 15 is satisfied. It should be noted that the volume capacity ratio on SR 54 exceeds 1.0. However, this project's mixed-use design allows for a projected internal capture of 19 percent of the total AM/PM peak hour trips. This project was marked exempt from the substandard roadway analysis as SR 54 is not a substandard roadway.
2. Pasco County Utilities (PCU): The Utilities Department had no objection to the proposal or applicable conditions provided herein.
3. Pasco Sheriff's Office (PSO): The Sheriff's Office did not provide comments.
4. Fire: The Fire Department is in agreement with the conditions provided herein.
5. Emergency Management: The Emergency Management Department had no objection to the proposal or applicable conditions provided herein.
6. Parks, Recreation, and Natural Resources (PRNR): The Parks, Recreation, and Natural Resources Department provided comments and are in agreement with conditions provided herein.

FISCAL IMPACT/COST/REVENUE STATEMENT:
Funding is not required for this action.

BY THE BOARD OF COUNTY COMMISSIONERS **RESOLUTION NO. 26-20RZ**

RESOLUTION AMENDING ZONING CLASSIFCATION OF PROPERTY FROM AN A-C AGRICULTURAL DISTRICT TO AN MPUD MASTER PLANNED UNIT DEVELOPMENT DISTRICT AS DESCRIBED IN REZONING PETITION NO. 7778

WHEREAS, the Board of County Commissioners of Pasco County, after due public notice, held a public hearing on January 20th, 2026 on Rezoning Application No. 7778; and

WHEREAS, the Board of County Commissioners has heard the presentation and evidence of the applicant and individuals in opposition to and in favor of the application; and

WHEREAS, the Board of County Commissioners has reviewed the report and recommendations of the Planning Commission and the recommendation of the County staff and does hereby adopt the following findings of fact:

FINDINGS OF FACT

1. Proposed is a rezoning request from an A-C Agricultural District to an MPUD Master Planned Unit Development to allow for the maximum development of 290 multi-family dwelling units and 50,000 square feet of commercial and medical office uses and associated infrastructure on approximately 15.36 acres.

2. The subject property is located within the South Market Area, Commission District 3.

3. This project will be paying a proportionate share for the signalization of SR 54 and the project entrance that will be shared with the Mitchell SJP MPUD.

4. The Live Local provision was voluntarily agreed to by the applicant and incorporated within the Conditions of Approval.

5. There is a companion Comprehensive Plan Amendment, CPA23(16) in the name of Blackwell Mixed-Use PD to establish the PD (Planned Development) and create Subarea Policy FLU 7.1.80, to be identified on Subarea Map 2-9(80).

6. On December 11th, 2025, the proposed rezoning was presented to the Planning Commission (PC). The PC unanimously recommended approval to the Board of County Commissioners (BCC) of the Blackwell MF & Office Complex MPUD with conditions.

7. LDC Section 402.2.C.8 specifies that variations from this Code may be reviewed and approved by the PC and BCC during the public hearing held on any application for an MPUD zoning amendment. Variations shall be allowed where the BCC specifically finds, in the particular case, that the proposed variation meets or exceeds the intent of the Code.

a. The applicant requests a variation from LDC section 901, Infrastructure Standards, specifically 901.6.D.11, Continuation of Existing Street Pattern and Street Access to Adjoining Property, as to not provide vehicular connections north or west of the subject property. A vehicular connection north of the property has been made infeasible by existing ponds and wetland networks, while a vehicular connection west of the subject property has been made infeasible by the building orientation of an existing non-residential user.

8. The proposed request is consistent with the Pasco County LDC, Chapter 400, Subsection 402.2 Zoning Amendment - MPUD Master Planned Unit Development, and with the applicable provisions of the Pasco County Comprehensive Plan. Further, the Board finds that the proposed variation from LDC Section 901 referenced above meets or exceeds the intent of the Code.

WHEREAS, the Board of County Commissioners has taken into consideration other factors relevant to the decision as to whether the rezoning request should be approved for the subject property.

WHEREAS, a description of the real property is attached hereto as Exhibit A and is made part hereof.

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of Pasco County, Florida, in regular session duly assembled with a quorum present and voting, this 20th

day of January, 2026 that the rezoning petition of Blackwell MF & Office Complex MPUD Master Planned Unit Development is hereby approved, subject to the conditions and master plan for the Blackwell MF & Office Complex MPUD as set forth in Exhibits B and C attached hereto and made part hereof.

DONE AND RESOLVED this 20th day of January 2026.

CONDITIONS OF APPROVAL

Blackwell MF & Office Complex
MASTER PLANNED UNIT DEVELOPMENT
CONDITIONS OF APPROVAL
REZONING PETITION NO. 7778

Master Development Plans

1. Development shall be in accordance with the plans and information submitted on July 2025; the Land Development Code (LDC); and the Comprehensive Plan unless otherwise stipulated or modified herein.

2. Development shall substantially conform to the MPUD Master Plan attached as Exhibit "C". The County Administrator or designee is hereby delegated authority to interpret and apply the MPUD Master Plan to the PDP/PSP/Construction Plans for each phase or parcel, provided the substantive intent and purpose of the MPUD Master Plan is achieved. So long as the PDP/PSP/Construction Plans are deemed in substantial conformance with the MPUD Master Plan, a non-substantial or a substantial modification is not required. However, if the PDP/PSP/Construction Plans materially deviate from the MPUD Master Plan, as determined by the County Administrator or designee, a substantial modification to this MPUD shall be required.

Instructions

3. The developer(s) shall submit, within 45 days of the BCC approval, or prior to the first preliminary development plan (PDP)/preliminary site plan (PSP) submittal, whichever occurs first, one electronic copy of the Master Plan with any additional revisions as noted below to the Planning, Development, and Economic Growth Department (PDE), for review and approval. Without the submittal and approval of the revised MPUD plans, PDPs (PDP)/preliminary site plan (PSP)s will not be accepted for review.

Environmental

4. A copy of the Southwest Florida Water Management District (SWFWMD) Environmental Resource Permit (ERP) shall be submitted to Pasco County project record prior to the issuance of the site development placard.

5. The applicant shall provide a 100% gopher tortoise burrow survey conducted according to FFWCC guidelines at the time of site development submittal. If potentially occupied burrows are found, the FFWCC gopher tortoise relocation permit and FFWCC accepted after action report prior to issuance of site development placard. If site construction does not commence within 90 days from the date of the most recent 100% gopher tortoise survey or capture activities, a new gopher tortoise burrow survey must be completed to ensure gopher tortoises have not moved in and, if found, a valid permit must be obtained, amended, or acted on to capture and relocate all tortoises prior to commencing any site clearing.

6. If during construction activities any evidence of the presence of State or Federally protected plant and/or animal species is discovered, Pasco County and applicable agencies shall be notified within two working days of the plant and/or animal species found on the site. All work in the affected area shall come to an immediate stop until all pertinent permits have been obtained, agency written authorization to commence activities has been given, or unless compliance with state and federal guidelines can be demonstrated.

7. Suitable foraging habitat for the Southeastern American Kestrel was observed within the project area. The FFWCC survey window is April through August. The applicant shall abide by current FFWCC permitting guidelines, conduct required surveys according to these guidelines and provide documentation from FFWCC that they are in conformance with the guidelines prior to issuance of site development placard.

Open Space/Buffering

8. The developer(s) shall create a mandatory homeowners'/property owners'/condominium owners'/merchants' association in the form of a nonprofit corporation registered with the State of Florida, Secretary of State, and/or, if approved, by the BCC or State of Florida, a Community Development District (CDD). The association(s) or District(s) shall encompass the entire boundaries of the MPUD except for any real property to be conveyed to the County or the District School Board of Pasco County (School Board). The developer(s) shall convey in fee simple to the association(s) or the CDD(s), for ownership and maintenance, open space, drainage areas, common areas, landscape areas, wetland areas, buffer areas, preservation/conservation areas, and other special-purpose areas unless the said area(s) is/are required to be dedicated to another governmental entity. Recreation areas and neighborhood parks shall be conveyed to the association(s) as well, but only to the CDD(s) if such special power, pursuant to Section 190.012(2), Florida Statutes, is consented to by the County. All such conveyances shall be for a value that does not exceed the fair market value of the land. Prior to platting the first unit or phase, homeowners'/property owners'/condominium owners'/merchants' association(s) or CDD documents, including Articles of Incorporation with proof of being filed with the State of Florida, Secretary of State, restrictive covenants, and all exhibits shall be submitted to the Survey Department for review along with copies of instruments to be used to convey in fee simple the above-mentioned areas to the said association or the CDD. Impact fee credits for improvements or dedications shall go to the association or the CDD that funded such improvements as applicable.

9. Except for those specific neighborhood park attributes depicted on the Blackwell MPUD Master Plan, specific review and approval of the neighborhood parks will be conducted at PDP/PSPs submittal. At the time of the PDP/PSPs submittal, a park plan shall be provided, which shall depict the location, acreage, dimension, type (mini park, neighborhood park, linear park, trails, etc.), and planned amenities of each neighborhood park area in accordance with the compliance of current LDC 905.1.

10. The developer/builder shall provide the appropriate number of trees pursuant to Table 905.2-C located in the LDC, Sections 905.2.D.1.a., and 905.2.D(1), If the developer/builder is unable to provide the appropriate number of trees due to easement(s) or other constraints as determined by the County Administrator or designee, then the

developer/builder may plant the tree(s) in common area(s). If trees are proposed to be moved to a location within any County rights-of-way, a Street Tree Plan submittal and review per LDC requirements will be necessary. If common area is not available, then the developer/builder shall pay into the tree mitigation fund at the rate established by resolution of the BCC (Resolution 08-284), as amended.

Transportation/Circulation

11. The Timing and Phasing Analysis submitted by the applicant assumes the following land uses: 20,000 sf Commercial uses, 30,000 sf Medical Offices, and 290 multiple-family dwelling units (apartments). Any development of land use(s) that generate(s) greater traffic impacts than those assumed shall require an updated Timing and Phasing Analysis utilizing a methodology approved by the County. A revised analysis will be submitted at the time of PSP/PDP. The PC, BCC, or County Administrator or designee, may impose additional conditions on the applicant or developer based on the updated County-approved Timing and Phasing Analysis.

12. The entire project must be platted, or if platting is not required, all building permits must be issued prior to the expiration of this MPUD, which is six (6) years from original approval or six (6) years from the latest substantial modification approval, or an updated Timing and Phasing Analysis utilizing a methodology approved by Pasco County shall be required. Additional conditions based upon the updated Timing and Phasing Analysis may be imposed by the County.

13. The applicant has provided a shared parking analysis consistent with 907.1.G.1 and the applicant/developer and any successors shall demonstrate compliance with LDC Section 907.1.G.2,3, and 4, at time of each PSP/PDP submittal.

Access Management

14. The access points shown on the master plan are conceptual only; with the exception of the FDOT signalized project entrance as illustrated by the MPUD Master Plan. Permanent placement of each access point shall be determined at the time of review with the corresponding PSP/PDP and shall meet established access-management criteria, in addition to the MPUD Master Plans general area and quantity. Based on the corresponding PSP/PDP, County Administrator, or designee, may impose additional conditions on the applicant/developer.

15. At each PDP/PSP approval, the County Engineer, or designee, may also require site-specific internal or external intersection improvements. Intersection improvements shall be in accordance with the LDC and Access Management Standards as amended.

16. Unless otherwise determined at the time of PSP/PDP review through the appropriate review and approval process pursuant to the LDC, access to any commercial out-parcels shall be provided from internal drives or parking areas.

17. A signal along State Road 54, located at the project entrance, has been identified as required and essential to this development. Prior to the final engineering inspection of the

first phase of development, the applicant/developer shall contribute their proportionate fair share of the total signal cost (inclusive of design, permitting, and construction of the signal) based on the project's percentage of total traffic volume at the project's entrance. The required proportionate share payment shall not be mobility fee creditable.

Dedication of Right-of-Way

18. Street connections and rights-of-way to adjoining areas shall be provided to give access to such areas and/or to provide for proper traffic circulation as determined necessary at the time of PDP approval; notwithstanding, the LDC Section 901.6 variation requests are subject to approval by the Board of County Commissioners.

19. In the case of private streets, and any amenities within those rights-of-way such as paths, trails, sidewalks, and any other non-vehicular accessways, dedication and maintenance shall be the responsibility of the mandatory homeowners'/property owners'/condominium owners'/merchants' association(s) or an appropriate entity other than the County. Pasco County will not be responsible for the maintenance of any private streets or private access amenities.

20. Subject to the provisions of the LDC, Section 901.2.I. (Transportation-Corridor Management; Dedication-Rough Proportionality), the developer(s) shall convey, at no cost to the County, the required amount of right-of-way to achieve 125 feet of right-of-way from the centerline of construction of State Road 54 (Pasco County Corridor Preservation Table as amended, located in the Comprehensive Plan, Transportation Element, for arterial/collector and major intersection right-of-way requirements).
In addition, the developer shall, at no cost to Pasco County, design, construct, provide, and obtain any and all permits required by any local, State, or Federal agency for appropriate and sufficient drainage/retention, wetland, and floodplain mitigation facilities on the developer's property or at another site acceptable to the County to mitigate all impacts associated with the initial and future planned roadway; i.e., in the current County Comprehensive Plan Transportation Element or Metropolitan Planning Organization Long-Range Plan, improvements of State Road 54 within or adjacent to the boundaries of the developer's property including, but not limited to, mitigation for initial and future lanes of travel, shoulders, frontage roads, sidewalks, multimodal paths, medians, permanent slope easements (once grade of roadway is set) and other roadway appurtenances. The required drainage/retention, wetland, and floodplain mitigation facilities shall be determined at the time of stormwater-management plan review for the portion(s) of the project adjacent to State Road 54, and this paragraph of this condition shall expire after such stormwater-management plans have been approved, unless such facilities are required pursuant to a development agreement approved pursuant to the LDC, Section 406.3. All stormwater-management plans, reports, or calculations for the developer's project shall include a detailed scope of design and permitting parameters and a signed and sealed certification that such plans, reports, or calculations comply with this condition.

21. To the extent that any of the conditions of this approval constitute monetary or property exactions that are subject to *Nollan v. California Coastal Comm'n*, 483 U.S. 825 (1987), and *Dolan v. City of Tigard*, 512 U.S 374 (1994), the applicant/owner, and successors and assigns (a), agrees that there is a nexus and rough proportionality between such

conditions and the impacts of this project/development, and that such conditions are necessary to ensure compliance with the criteria of the LDC and Comprehensive Plan that are applicable to this approval, and (b) waives any claims based on such conditions. This agreement/waiver was entered into voluntarily, in good faith, for valuable consideration, and with an opportunity to consult legal counsel, but does not affect the applicant/owner's ability to seek variances, administrative remedies, or modifications of the conditions of this approval through applicable processes in the LDC, and does not affect the applicant/owner's ability to bring an action pursuant to Section 70.45, Florida Statutes.

Design/Construction Specifications

22. If, during construction activities, any evidence of historic resources including, but not limited to, human burial sites such as Indian mounds, lost historic and aboriginal cemeteries, or other unmarked burials or associated artifacts, original or historic pottery, prehistoric stone tools, bone or shell tools, historic trash pits, or historic building foundation, are discovered, work shall come to an immediate stop, and the Florida Department of Historic Resources (State Historic Preservation Officer) and Pasco County shall be notified within two working days of the resources found on the site. Additionally, should any human burial sites such as Indian mounds, lost historic and aboriginal cemeteries, or other unmarked burials or associated artifacts be found, then the provisions and guidelines set forth in Chapter 872.05, FS (Florida's Unmarked Burial Law) are to be followed.

23. If the property to the east has an approved PDP/PSP or is built-out, then prior to PDP/PSP submittal for Blackwell MF and Office Complex MPUD, the developer shall supply evidence that they have coordinated with the developer(s) and engineer(s)/surveyor(s) of the adjoining parcels to identify and provide the location of the required interconnecting roadway. The following information shall be shown on all PDPs/PSPs and construction plans/construction site plans that include or abut the interconnecting roadway: Cross-access connection into the property directly east to provide a seamless continuation of this road at property lines.

24. The developers shall comply with the County and Pasco County Public Transportation requirements to accommodate mass transit service to and within the project if service is available or planned at the time of preliminary plan/preliminary site plan approval. A detailed description of the overall transit accommodations plan shall include, but is not limited to, a proposed ingress and egress route for buses and bus stops proposed to service the project including, but not limited to, benches, shelters, lighting, pedestrian walkways, landscaping, and placement as required by the County or Pasco County Public Transportation. The developers shall submit the detailed description of the overall transit accommodations plan to PDE for review and approval prior to or concurrent with the PDP/PSP of the first unit or phase within the development. Approval of the detailed description of the overall transit-accommodations plan is subject to Pasco County Public Transportation review and approval in accordance with the Pasco County Public Transportation *Transit Infrastructure Guidelines* (June 2005), as may be amended from time to time, or any subsequent ordinance adopted by Pasco County. The developers shall include and show on any PDP/PSP submittal the approved transit-accommodation

facilities, which shall be constructed with the infrastructure improvements of each affected preliminary plan/preliminary site plan unless an alternative phasing of transit-accommodation-facilities construction is approved with the overall transit-accommodations plan. The applicant/developers and their successors shall not refuse the Pasco County Public Transportation, or any other transit authority, or any of its users/patrons access to such facilities.

25. The developer(s) **shall** submit an overall pedestrian/bike path plan to the PDE for approval prior to approval of the first PDP/PSP, which provides a path circulation in accordance with the Pasco County LDC, as amended, or an alternative method acceptable to the PDE, and in compliance with the handicapped provisions of Section 336.045, Florida Statutes, or other applicable law. In the absence of an approved pedestrian/bike path plan, compliance with the LDC is required.

26. All sidewalks, bike paths (not including bike lanes within the pavement of any roadway accepted by the County for maintenance), multi-use trails, and other non-vehicular pathways within the rights-of-way of any roadways within the MPUD shall not be the maintenance responsibility of the County.

Utilities/Water Service/Wastewater Disposal

27. A Master Utility Plan for the entire development may be submitted to the Utilities Department for review and approval prior to or concurrent with submittal of the first construction plan/construction site plan. This utility plan shall show, at a minimum, the following:

    a. Trunk sewer lines and lift stations.

    b. Main potable water lines and non-potable water lines, if applicable.

    c. Sewage treatment facility locations, including discussion of the proposed method of treatment and the feasibility of a non-potable water system for irrigation.

    d. Method of lighting for all nonlocal roads shall be submitted at the time of record plat submittal for each unit or phase.

    e. A Master Utility Plan shall include *AutoCAD* and PDF electronic files and hydraulic analysis for the water, wastewater, and reclaimed water systems and shall be in conformance with the Utilities Services Plan guidelines implemented by the Utilities Services Branch.

28. Prior to the first construction plan/construction site plan approval, the developer(s) shall enter into a Utilities Service Agreement with Florida Governmental Utility Authority.

29. The developer(s) shall construct all water and wastewater facilities within the development to current County or FGUA standards. A complete set of instructions may be obtained from the Utilities Department or FGUA.

30. In the case that Pasco County provides potable water and/or reclaimed water to the subject property the developer(s)/owner(s) and its successors and assigns, agree to the following:

    a. In the event of production failure or shortfall by Tampa Bay Water (TBW), as set forth in Section 3.19 of the Interlocal Agreement creating TBW, and then only for so long as such a production failure or shortfall exists, the developer(s)/ owner(s) shall transfer to the County any and all Water Use Permits or water-use rights the developer(s)/owner(s) may have to use or consume surface or ground water within the subject property, provided that the same are not needed to continue any existing agricultural uses on the subject property, in which case, such transfer shall not be required as long as such agricultural uses are active.

    b. Prior to the developer(s)/owner(s) selling water, Water Use Permits, or water-use rights, the developer(s)/owner(s) shall notify Pasco County, and Pasco County shall have a right of first refusal to purchase such water, Water Use Permits, or water-use rights.

Stormwater

31. The applicant shall contact the SWFWMD Engineering & Watershed Management Section for the latest floodplain study information available for design.

32. At time of the first site development permit, the applicant shall comply with applicable County floodplain management requirements.

33. The applicant shall verify if the proposed project is within a Basin of Special Concern. If the project lies in or partially within a Basin of Special Concern, the applicant shall comply with Basin of Special Concern criteria requirements.

34. All pass-through drainage shall have an access and maintenance easement over it. This easement shall be to Pasco County granting the County the right, but not obligation, to access and maintain.

Land Use

35. The Multiple-Family residential dimensional standards shall be in accordance with regulations for Multiple-Family High Density District (MF-3) per LDC 520.

36. The Commercial and Medical Office dimensional standards are as follows:

    a. **Dimensional Standards for Commercial and Medical Office Uses:**

        (1) Minimum Lot Width of 80 Feet

        (2) Minimum Lot Depth of 110 Feet

(3) Minimum Front-Yard Building Setback of 25 Feet

(4) Minimum Side-Yard Building Setback of 40 Feet per side from residential and 25 feet from commercial or office districts; subject to required landscape buffering and/or landscaping.

(5) Minimum Rear-Yard Setback of 30 Feet from residential uses or 25 feet from commercial or office uses. The applicable side- or rear-yard setback shall be measured from each proposed lot line.

(6) Maximum Height of 55 feet to mid-point of roof for multiple-family and 65 feet for commercial, offices, or retail buildings.

(7) Minimum Lot Area of 8,800 Square Feet

(8) Maximum Lot Coverage of 60 Percent—Principal and Accessory Structure

(9) Land considered for the neighborhood park requirements or used for stormwater retention/detention shall be a minimum of 20 feet from the rear of the applicable structure and a minimum of 15 feet from the side of said structure.

** The average distance between structures, for any building containing more than four units, shall be in accordance with the Florida Fire Prevention Code.

♦ Landscape buffering for side-yard or rear setbacks between outparcels may be reduced to no less than 5 feet subject to compliance with LDC Section 902.2.K.2.b.

37. The Commercial and Medical Office uses shall be in accordance with regulations for C-1 Neighborhood Commercial District per LDC Sections 525.2.A, Principal Uses, to the extent consistency with the MPUD Master Plan and LDC Section 601.9.A are upheld.

38. The total aggregate number of dwelling units for the development shall not exceed 290.

39. The total square footage of the Office and Commercial Complex shall not exceed 30,000 square feet (sf) medical office uses and 20,000 square feet (sf) commercial uses.

40. The architectural features of the non-residential and residential areas of the MPUD shall adhere to Pasco County LDC Chapter 601, Traditional Neighborhood Development (TND), specifically, Section 601.9.A, Building Design Standards. Notwithstanding, adherence to LDC Section 601.9.A does not entitle the development to the TND mobility fee schedule.

41. The landscape buffers are to be located within easements for multiple-family developments and cannot be counted toward the minimum setback requirements. Commercial and office activity is to buffer from the proposed adjacent multiple-family use by substantial compliance with the landscaping depicted on the MPUD Master Plan.

42. Any clubhouse or amenity center shall follow the recreation center development standards in accordance with the C-1 Neighborhood Commercial District.

43. The approved 30,000 square feet of PO-2 Professional Office District Uses may not be exchanged for additional commercial/retail square footage or residential entitlements. The approved 20,000 square feet of C-1 Neighborhood Commercial District Uses may not be exchanged for additional residential entitlements. Of the 4.34 acres required to develop the aforementioned square footage of office and commercial entitlements, no more than 2 gross acres shall be used for the development of the commercial/retail entitlements.

44. The maximum density or square footage set forth above is not a vested right and is subject to reduction based on, or as a result of, applicable County ordinances and resolutions.

45. Parcels may be developed out of numerical sequence and in multiples as long as the parcels being developed do not rely upon infrastructure construction of future parcels.

46. Interim silvicultural and/or agricultural activities shall be permitted until the commencement of development for that portion of the proposed development. Seasonal temporary uses pursuant to Section 530.9 LDC may be allowed with subsequent approval, pursuant to the County's Miscellaneous Permit process for temporary events.

Procedures

47. This MPUD contains land areas that could be construed as being zoned for commercial or mixed-use, and that have been specifically reserved in the MPUD for such uses to ensure that the project provides the benefits of mixed-use development, including but not limited to, adequate employment generation and internal capture of vehicular trips Accordingly, the applicant/developer has committed to, and is hereby requiring, that the permitted uses for such commercial or mixed-use areas shall remain those uses required by these MPUD conditions of approval, notwithstanding any potential contrary requirements in Section 125.01055(7), Florida Statutes. This condition shall be construed as a requirement imposed by the applicant/developer, and not a requirement of the County, to the extent it prevents any use allowed or preempted by Section 125.01055(7), Florida Statutes.

48. The applicant/developer agrees that the applicant/developer and any successors or assigns, are not eligible for the ad valorem tax exemption in Section 196.1978, Florida Statutes, and further agrees the applicant/developer and any successors or assigns will not apply for such an exemption for any portion of the development authorized by this approval.

49. The applicant/developer shall ensure that the property owners' association, merchant's association, apartment management company, CDD, and/or any other similar association or entity required to be established under this MPUD incorporates the minimum tree and architectural requirements in Conditions 10 and 40 into the property owners' association, merchant's association, apartment management company, CDD, and/or any other similar association or entity covenants, conditions, and restrictions and shall ensure that the

property owners' association, merchant's association, apartment management company, CDD, and/or any other similar association or entity is the primary enforcement entity for the tree requirements after the MPUD entitlements have received a final inspection or Certificate of Occupancy, and the only enforcement entity for the architectural requirements. If the County becomes aware of violations of Conditions 10 or 40 the County reserves the right to hold the developer (until the turnover to the property owners' association, merchant's association, apartment management company, CDD, and/or any other similar association or entity) and/or the property owners' association, merchant's association, apartment management company, CDD, and/or any other similar association or entity responsible for violations of the foregoing requirements. This condition shall not be construed as any attempt by the County to enforce architectural requirements in this MPUD; rather, the condition is intended to ensure that the developer and property owners' association, merchant's association, apartment management company, CDD, and/or any other similar association or entity's honor their commitment to privately impose such requirements pursuant to Section 163.3202(5)(c), Florida Statutes.

50. On-street Parking: The property owners' association, merchant's association, apartment management company, CDD, and/or any other similar association or entity required to be established under this MPUD establishes under this MPUD shall include provisions for the management of on-street parking and obstruction of roadways, including without limitation covenants, conditions, and restrictions which require the property owners' association, merchant's association, apartment management company, CDD, and/or any other similar association or other entity required to be established, as applicable, to be the primary enforcement entity for all current or future LDC or Code of Ordinance provisions related to on-street parking and obstruction of roadways, and which require the property owners' association, merchant's association, apartment management company, CDD, and/or any other similar association or other entity , as applicable, to adopt and enforce specific regulations which empower the property owners' association, merchant's association, apartment management company, CDD, and/or any other similar association or other entity Board, as applicable, to adopt, enforce, and otherwise regulate on-street parking and obstruction of roadways within the subdivision, which regulations may be more restrictive than applicable LDC or Code of Ordinance provisions. Such regulations shall specifically include the authority for the property owners' association, merchant's association, apartment management company, CDD, and/or any other similar association or other entity to tow vehicles that violate such regulations. Such property owners' association, merchant's association, apartment management company, CDD, and/or any other similar association or other entity enforcement shall include, at a minimum, any obstruction of any roadway in the subdivision that causes interference with the efficient delivery of emergency or law enforcement services and/or vehicles at any time, whether or not emergency services have been requested. This condition, and the applicable property owners' association, merchant's association, apartment management company, CDD, and/or any other similar association or other entity regulations, do not preclude the County from also enforcing applicable LDC or Code of Ordinance provisions relating to on-street parking or obstruction of roadways.

51. Unless required elsewhere within the conditions of approval, all conveyances shall occur at record plat or the issuance of the first CO where a record plat is not required or within 90 days of the County's request, whichever occurs first. All conveyances shall include

access easements, be in a form acceptable to the Real Estate Division, and be free and clear of all liens and encumbrances, including exemption from all covenants and deed restrictions.

52. The developer(s) shall submit and obtain approval of a Substantial Modification to add uses not previously approved or to reduce open-space or preservation/conservation areas. A Substantial Modification is also required if there is a cumulative increase in density or intensity of ten percent or more in the number of average daily trips as defined by the Institute of Traffic Engineers and the Pasco County Access Management Team.

53. Unless otherwise approved by the Fire Marshal, or designee, the development shall be included into a Pasco County Municipal Fire Service Taxing Unit to provide fire protection. The developer(s) shall submit a petition for inclusion into the Pasco County Municipal Fire Service Taxing Unit at the time of record plat submission, or when no plat is required, prior to the issuance of the first Building Permit. In no case shall a Building Permit be issued until the Fire Marshal, or designee has received such a petition.

54. A PDP/PSP must be approved for an entire increment (bubble) prior to any phased construction plan/construction site plan approval. An increase in dwelling units within increments is allowed without modification to the master plan as long as there is a corresponding decrease and the total maximum number of entitlements is not increased as approved for the MPUD. A PSP must also be approved for each multiple-family (non-fee simple) or commercial increment in its entirety prior to any phased construction site plan approval.

55. PDP/PSP submittals shall include a detailed breakdown of the individual plan approvals, including the plan name and increment or phase designation as it relates to the Master Development Plan, acreage of the site, total number of units, or gross floor area ratio of commercial space which have received PDP/PSP approval, construction plan/construction site plan approval, and/or record plat approval.

56. If a PDP/PSP for the entire MPUD is not submitted and approved within six (6) years of the original MPUD rezoning approval or six (6) years from the last substantial modification approval (subject to any statutory or County-wide extensions issued subsequent to the approval of these revised conditions of approval), the conditions of approval for those portions of the MPUD that do not have (unexpired) PDP or PSP approval shall expire. If the MPUD expires, a new MPUD must be applied for and approved by the BCC, and the conditions of approval shall be in accordance with the Comprehensive Plan and LDC in effect at that time.

57. An extension of the time limit for approval as identified above shall be processed as a substantial modification approved by the BCC.

58. In addition to complying with the above conditions, no further plan approvals will be granted until such time as the acknowledgment portion of the **BCC approved document** is completed (including notarization) and received by the PDE after the BCC action.

59. All conditions of this MPUD approval are material to the BCC approval. Accordingly, the conditions are not severable. In the event any section, subsection, sentence, clause, or provision of these conditions or the rezoning resolution is challenged and declared illegal, invalid, or in violation of any statutory or constitutional requirement by a body with jurisdiction to make such determination, the remainder of the conditions and MPUD approval shall be suspended until such time that the BCC modifies the MPUD conditions of approval to address the illegal or invalid provision, provided that such suspension shall not exceed nine months in duration. However, such determination shall not affect the validity of 1) MPUD entitlements that have received plat, Building Permit, or CO approval; or 2) any MPUD mitigation committed to or performed as of the date the determination is made, unless such approvals or mitigation are specifically declared to be illegal, invalid, or unenforceable. Requests for BCC-approved modifications to the MPUD or the MPUD conditions of approval shall not be considered challenges and decisions by the BCC regarding any modification or the like shall not have the effect of suspending the conditions and the MPUD approval under any circumstances.

60. If the corresponding PD (Planned Development) Land Use Classification change is found not to be in compliance by the Florida Department of Commerce (Florida Commerce) or otherwise successfully challenged by a third party, this MPUD shall be null and void.

61. This MPUD shall not be effective until the corresponding PD (Planned Development) Land Use Classification change is effective.

[OWNER/DEVELOPER ACKNOWLEDGEMENT TO FOLLOW]

OWNER/DEVELOPER ACKNOWLEDGMENT:

The owner/developer acknowledges that they have read, understood, and accepted the above-listed conditions of approval. **Do not sign this document until a final disposition from the BCC regarding this Petition has been received.**

Dear Mr. Khalil,

I am pleased to submit the Timing and Phasing Study for the proposed SR 54 Blackwell MPUD application located along SR 54 in New Port Richey. This study has been prepared in accordance with the guidelines established by the Pasco County Land Development Code (LDC) to evaluate the potential traffic impacts associated with the development.

I trust that the enclosed report meets your expectations and provides valuable insights to support the review process. Should you have any questions or require additional information, please do not hesitate to contact me directly.

Thank you for your time and attention to this submission. I look forward to your feedback.

Sincerely,

Project Overview

SR 54 Blackwell MPUD

This project involves a rezoning application for a 15.36-acre parcel located along SR 54 in Pasco County. The property is currently zoned AC and is proposed for rezoning to MPUD to allow for a mix of commercial, medical offices, and multifamily residential uses.

This study evaluates both existing and post-development conditions, including trip generation, trip distribution, capacity analysis, and recommendations for any necessary roadway improvements. The analysis is conducted in accordance with the methodology outlined in Section 901.12 of the Pasco County LDC to ensure a comprehensive assessment of potential traffic impacts.

The proposed site layout assumes a full access driveway onto SR 54.

Project Traffic

Trip Generation

Trip generation for the proposed development was calculated using the Institute of Transportation Engineers (ITE) Trip Generation Manual, 11th Edition. The project includes 290 multifamily units, 20,000 square feet of commercial space, and 30,000 square feet of medical office. Per LDC Section 901.12, medical office uses are considered exempt from traffic impact evaluation.

The proposed MPUD is expected to generate approximately 396 PM peak hour trips, consisting of 68 internal trips, 41 passerby trips, and 287 new external trips. Of the net external trips, 178 are non-exempt and 109 are exempt.

During the AM peak hour, the project is anticipated to generate 242 total trips, including 24 internal trips, 15 passerby trips, and 203 new external trips. This includes 131 non-exempt and 72 exempt trips.

The estimated total daily trip generation is 4,189 trips. Passerby trips were verified to constitute less than 10% of the background traffic volume, consistent with acceptable practice.

Please refer to Appendix “A” for detailed trip generation calculations and assumptions.

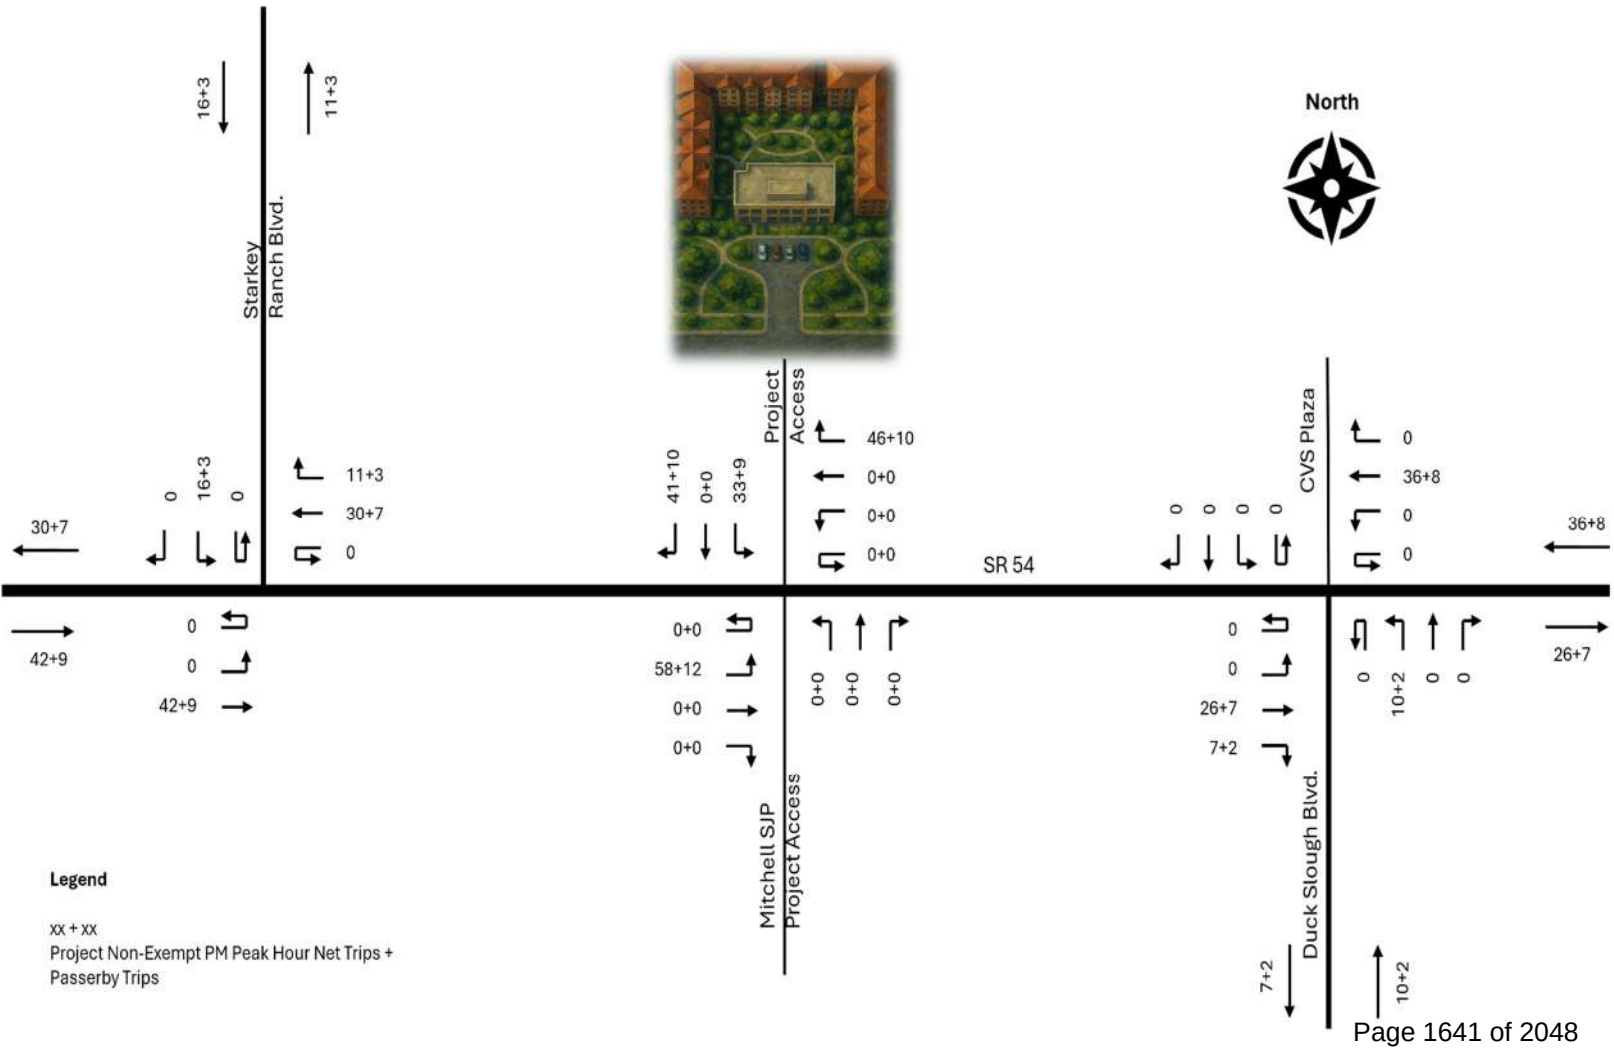
Project Traffic

Trip Distribution

It is assumed that 45% of the project-generated traffic will travel east along SR 54, while 55% will travel west. Of the westbound traffic, 40% is expected to continue west on SR 54, and 15% will turn north onto Starkey Ranch Boulevard. Of the eastbound traffic, 35% will continue east on SR 54, and 10% will turn south onto Duck Slough Boulevard.



Background

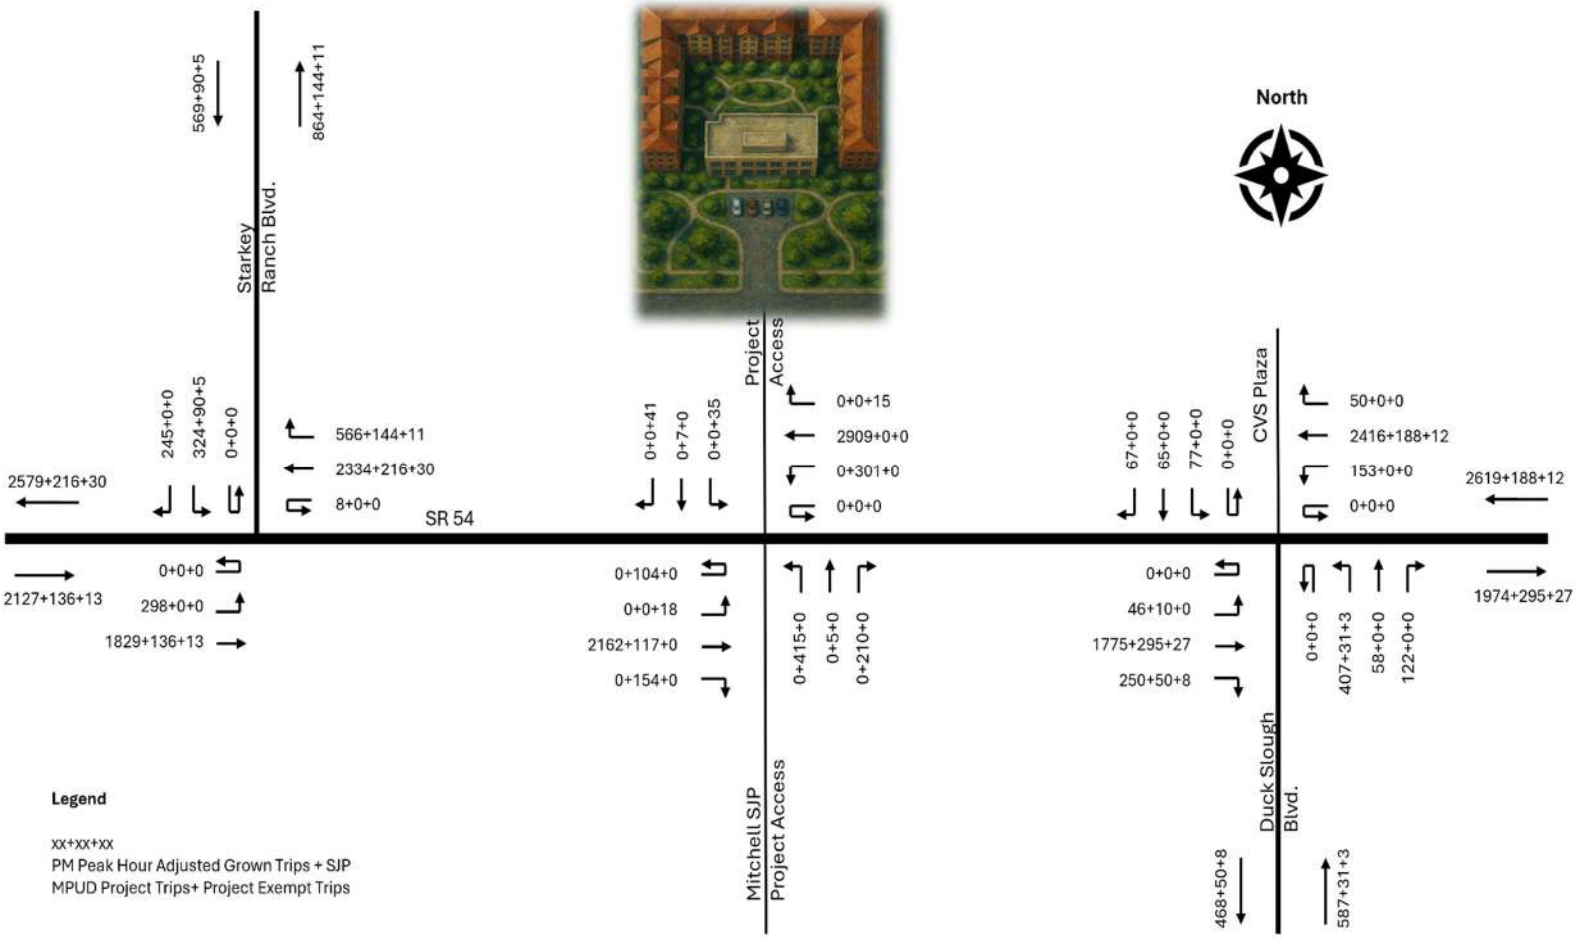
Traffic

To estimate background traffic conditions, the following components were incorporated:

1- Adjusted Intersection Counts: Turning movement count data (see Appendix B) for the intersections of SR 54 with Starkey Ranch Boulevard and Duck Slough Boulevard were adjusted to peak season conditions using FDOT Peak Season Factors (see Appendix C). These peak season volumes were then projected to the 2031 build-out year using a 2% annual growth rate.

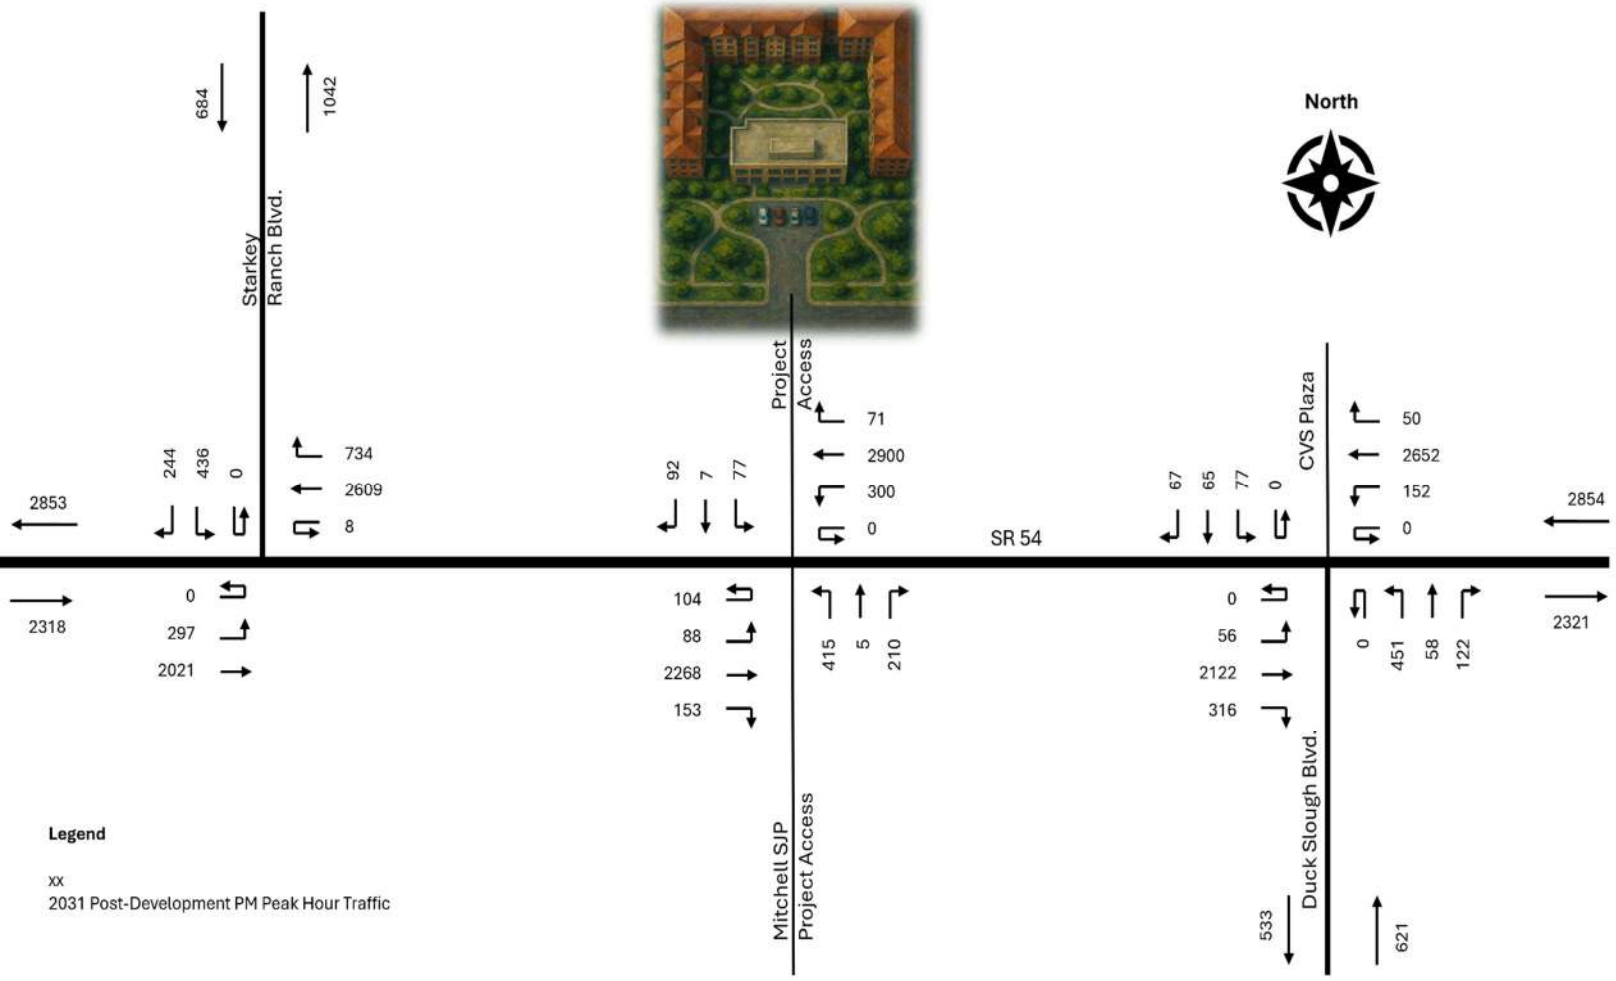
2- Adjacent Development Traffic: Projected traffic volumes from the Mitchell SJP MPUD (see Appendix D), located on the south side of SR 54, were added to reflect approved but not yet built development in the vicinity.

3- Exempt Land Use Traffic: Traffic generated by exempt land uses (i.e., office uses that are exempt under County policy) was included to ensure a conservative estimate of cumulative background traffic.



Post-Development Traffic

The 2031 total traffic volume combines project-generated traffic with background traffic projections. Background traffic includes: (1) peak season–adjusted turning movement counts at the SR 54 intersections with Starkey Ranch Boulevard and Duck Slough Boulevard, grown to the 2031 build-out year using a 2% annual growth rate; (2) traffic from the adjacent Mitchell SJP MPUD development located south of SR 54; and (3) traffic from exempt land uses (i.e., medical office), that are included for conservative planning. Project traffic is then added to this background traffic to estimate total future volumes at key intersections and roadway segments, providing a comprehensive assessment of anticipated 2031 traffic conditions with the proposed development in place.



Intersection Analysis

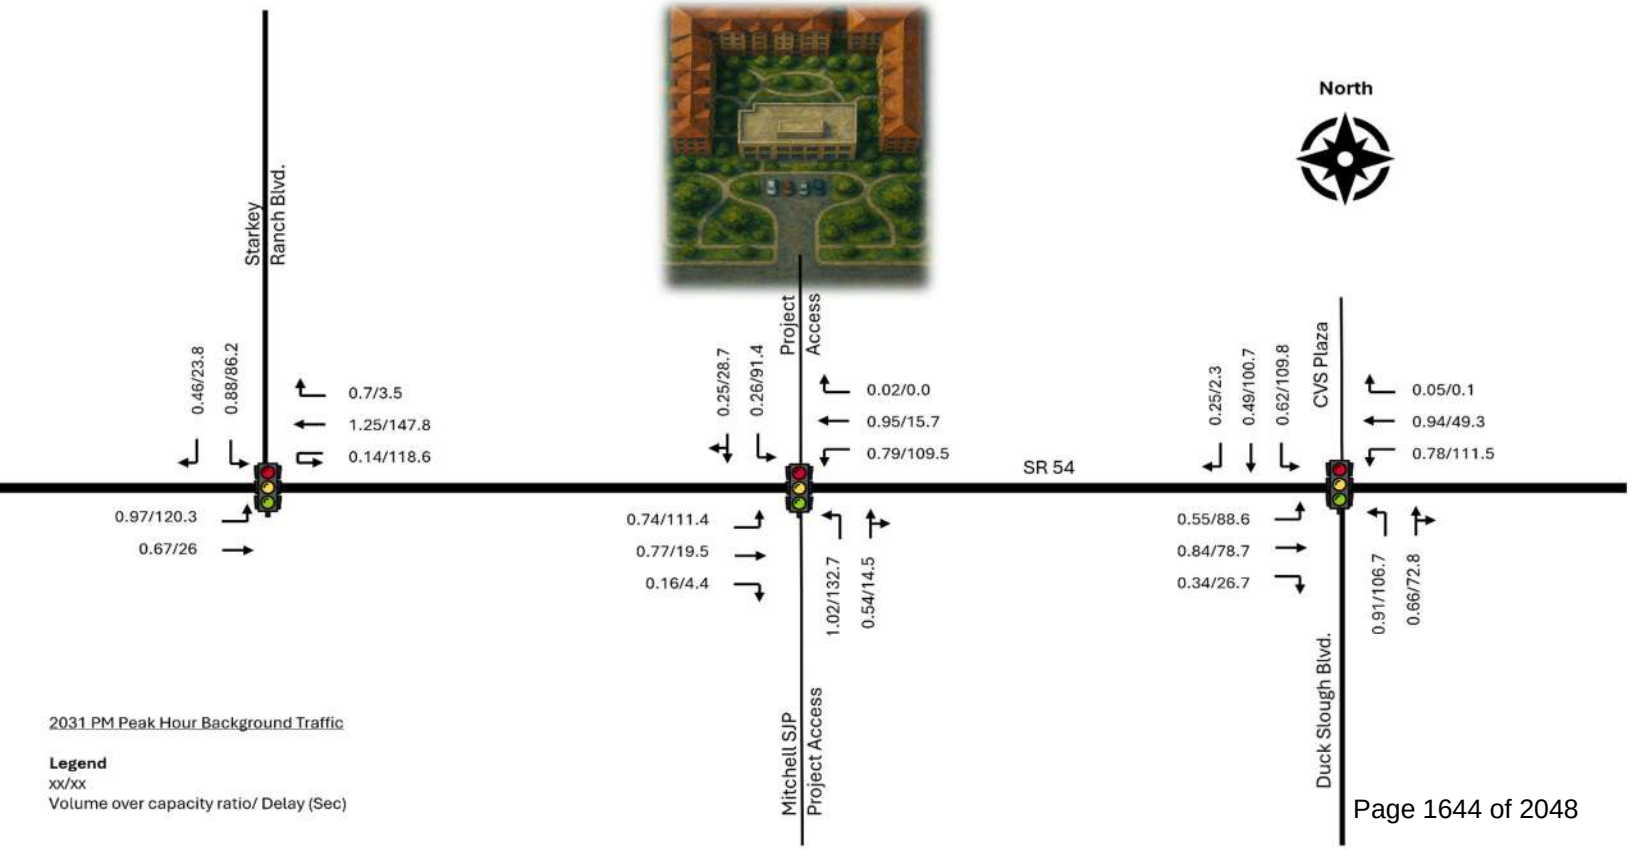
Background Traffic Condition

The proposed project access on SR 54 is aligned with the Mitchell SJP MPUD access. According to the Mitchell SJP MPUD traffic study, a signal is anticipated to be warranted at 30% buildout, with full buildout expected by 2030—one year prior to this project's assumed buildout year. As a result, this intersection is assumed to be signalized.

Additionally, the intersections of SR 54 with Starkey Ranch Boulevard and Duck Slough Boulevard are currently signalized.

Operational analyses for all signalized intersections were conducted using Synchro software. As shown in the exhibits below, all traffic movements operate within the acceptable volume-to-capacity (v/c) threshold of 1.0 under PM peak hour background conditions, with the exception of the westbound through movement at Starkey Ranch Boulevard intersection, which exceeds the threshold.

Detailed analysis tables and Synchro outputs are provided in Appendix E.



Intersection Analysis

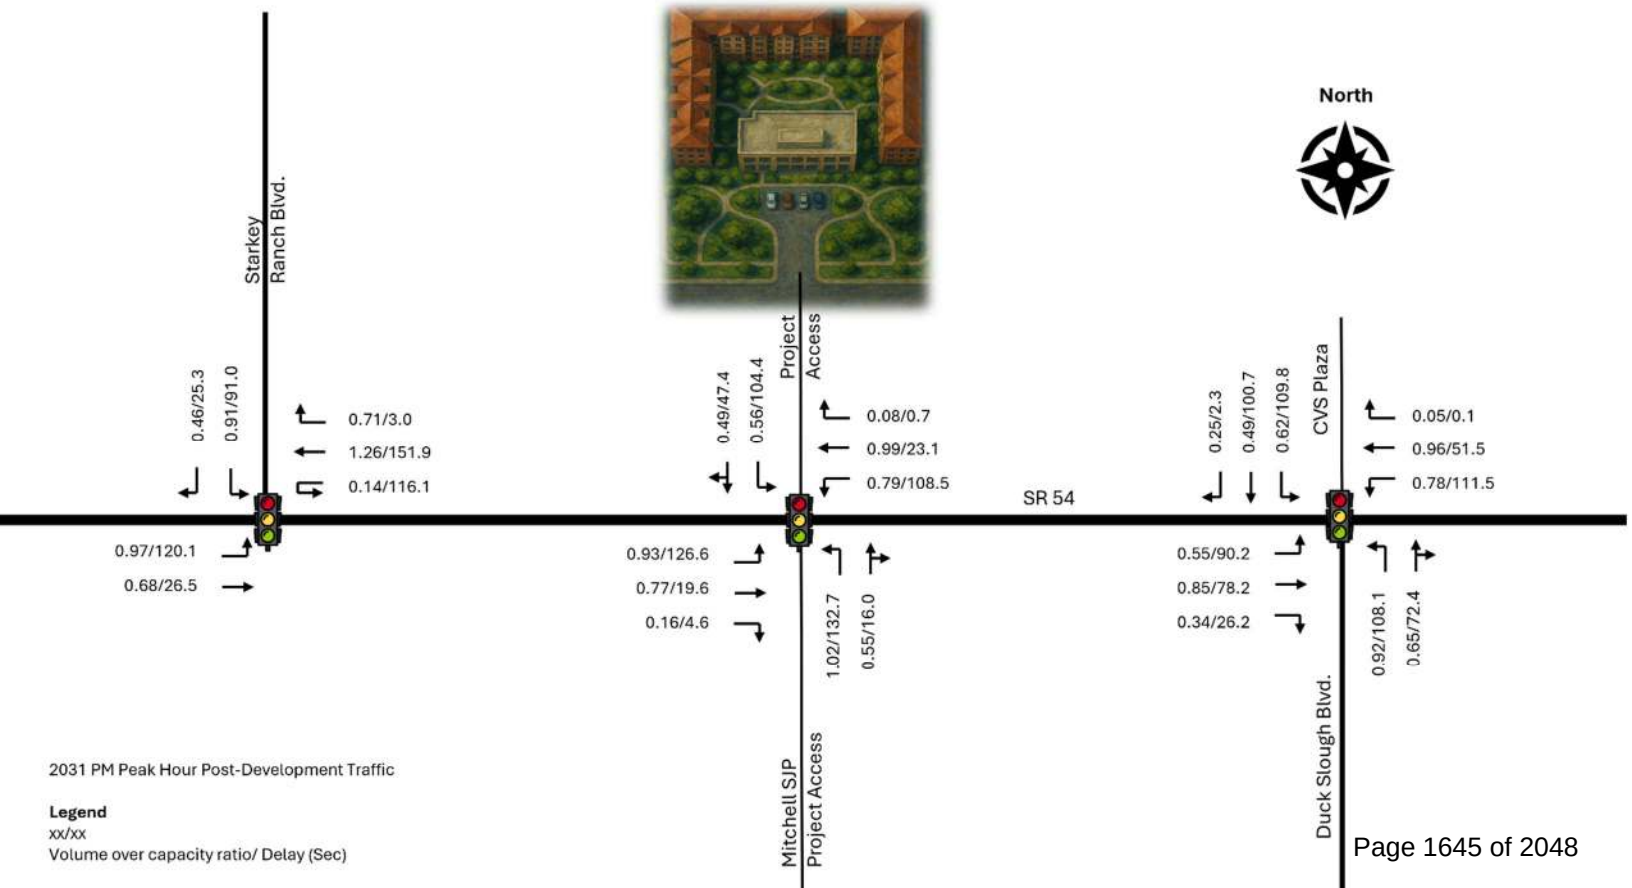
Post-Development Traffic Condition

Under post-development conditions, all signalized intersections continue to operate within the acceptable v/c threshold of 1.0 during the PM peak hour, with the exception of the westbound through movement at Starkey Ranch Boulevard, which already exceeds the threshold under background conditions. With the addition of project traffic, the v/c for this movement increases by only 3%, indicating a minimal impact attributable to the proposed development.

Overall, the analysis demonstrates that the project will not significantly degrade intersection operations, and its traffic impact on the surrounding network is expected to be negligible.

The intersection geometry at the project access was assumed to match that of the Mitchell SJP MPUD, and includes a westbound right-turn lane, eastbound left-turn lane, and southbound left-turn lane. A more detailed access management analysis will be conducted during the site plan review phase.

Detailed tables and supporting data can be found in Appendix "E".



Segment Analysis

FDOT Generalized Tables

Segment analysis was conducted using the FDOT Generalized Tables (see Appendix G). Even under background conditions, the SR 54 between Little Road and Trinity Boulevard exceeds the acceptable volume-to-capacity (v/c) ratio of 1.0, indicating existing operational constraints. In contrast, Starkey Boulevard and Duck Slough Boulevard operate within acceptable capacity thresholds and are not expected to experience any significant degradation as a result of the proposed development.

2- Failure year is estimated assuming a constant annual growth rate, calculated based on the increase from existing traffic to background traffic volumes.

Segment Analysis

Synchro Analysis

While the FDOT Generalized Tables provide a high-level assessment of segment capacity, they are typically intended for long-range planning purposes and may not fully capture the operational nuances of shorter segments near signalized intersections. To supplement the generalized results, a more detailed segment analysis was conducted using Synchro software, which accounts for factors such as signal timing, lane geometry, and traffic control devices.

The results confirm that, with the exception of the westbound segment from project access to Starkey Blvd. intersection, all SR 54 segments are projected to operate at acceptable LOS thresholds even with the addition of project traffic. This reinforces the conclusion that the proposed development will have minimal impact on corridor operations.

Detailed tables and supporting data can be found in Appendix "F".

Budgeted Improvements

Pasco County CIP

According to the Pasco County Capital Improvement Plan (see Appendix H), the following roadway improvements are planned in the vicinity of the project:

- Starkey Ranch Boulevard and Decubellis Road are scheduled to be widened to a 4-lane roadway, with construction planned for 2028.
- A new 4-lane connection between Rangeland Boulevard and Bexley Village Drive is also planned, with construction scheduled for 2029.

2050 Needs Plan

According to the 2050 Pasco County Needs Plan (see Appendix H), the following roadway improvement is planned:

- Construction of Mitchel Boulevard, a new 4-lane roadway connecting Little Road to SR 54.

2050 Cost Affordable Plan

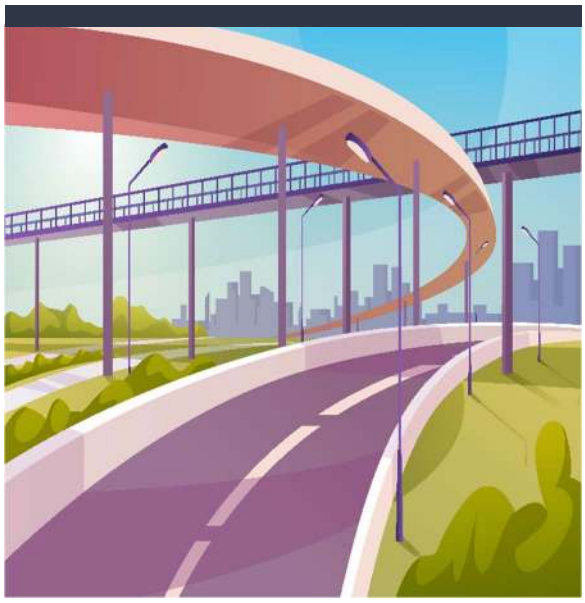
As outlined in the 2050 Pasco County Cost Affordable Plan (see Appendix H), the following roadway improvements are planned in the vicinity of the project:

- Trinity Boulevard is planned to be widened to a 4-lane divided roadway between 2031 and 2035.
- A PD&E Study is planned for the widening of Rangeland Boulevard from Starkey Boulevard to Long Spur, scheduled for 2041 to 2050.

FDOT 5-Year Work Program

According to the FDOT 5-Year Work Program (see Appendix H), there are no programmed roadway improvements identified in the immediate vicinity of the project.

Report Summary



Conclusion

This traffic analysis has been prepared in support of the proposed Blackwell MPUD application for the subject property along SR 54 in Pasco County, Florida. The study evaluated operational impacts at nearby signalized intersections, segment conditions, and the adequacy of roadway infrastructure to support future traffic demand generated by the proposed development.

Operational analyses using Synchro software show that, under both background and post-development conditions, most study area intersections operate within acceptable volume-to-capacity thresholds. The only exception is the westbound through movement at Starkey Ranch Boulevard, which exceeds the threshold under background conditions. With the addition of project traffic, this movement experiences only a 1% v/c increase and a 5-second delay, which is not considered significant.

While the FDOT Generalized Tables show SR 54 as over-capacity, the more detailed Synchro analysis indicates that only the westbound segment between the project access and Starkey Boulevard exceeds capacity. All other segments operate within acceptable limits, confirming that the project's impact is localized and minimal.

Planned roadway improvements in the vicinity, as outlined in the Pasco County Capital Improvement Plan, 2050 Cost Affordable Plan, and Needs Plan, are expected to support overall network performance. In particular, the Trinity Boulevard widening will help alleviate east-west demand on SR 54 by serving as a parallel facility. Additionally, the planned widening of Starkey Boulevard and Decubellis Road will provide further relief to SR 54 by improving north-south capacity and connectivity.

In summary, the proposed development can be accommodated within the existing and planned transportation network. Its traffic impact on the surrounding roadway system is expected to be minimal, and future improvements in the area will further support long-term mobility.

INTRODUCTION

The purpose of this report is to provide the Timing and Phasing Analysis and Access Management Analysis for the proposed development located south of SR 54 and east of Starkey Boulevard in Pasco County, Florida, as shown in Figure 1.

The Analysis was conducted in accordance with the approved Methodology Statement provided in the Appendix of this report. The property is proposed to be rezoned to MPUD to allow the following land uses:

- Business Park – 515,000 Square Feet
- Convenience Store/Gas Station – 6,000 Square Feet/16 Fueling Positions
- Fast Food Restaurants with Drive Thru – 11,750 Square Feet
- Fast Casual Restaurant – 4,000 Square Feet
- High-Turnover Restaurant – 7,000 Square Feet
- Retail – 77,660 Square Feet
- Coffee/Donut Shop with Drive Thru – 1,250 Square Feet

ESTIMATED DAILY PROJECT TRAFFIC

The trip rates utilized in this report were obtained from the latest computerized version of "OTISS" which utilizes the Institute of Transportation Engineers' (ITE) Trip Generation Manual, 11th Edition, 2021, as its database. Based on these trip rates, the proposed land uses would attract approximately 26,650 daily trip ends.

Given the project is to consist of business park, retail and restaurant land uses, there is potential for trips to originate at one land use within the development and have a destination at another land use within the development – internal capture. The internal capture rates utilized in this report were based on the data contained in the ITE Trip Generation Handbook, 3rd Edition (NCHRP 684).

Studies contained in the ITE Trip Generation Manual, 11th Edition, indicate that a percentage of the retail trip ends may exist on the adjacent roadways- passerby capture. However, the passerby trip ends should not exceed 10% of the background traffic on the adjacent roadway. Therefore, the proposed land uses are estimated to attract 15,860 new external daily trip ends, as shown in Table 1.

AM PEAK HOUR PROJECT TRAFFIC

Again, based on the ITE Trip Generation Manual, 11th Edition data, the proposed project would attract approximately 2,025 trip ends during the AM peak hour with 1,262 inbound and 763 outbound, as shown in Table 2.

Given the project is to consist of business park, retail and restaurant land uses, there is potential for trips to originate at one land use within the development and have a destination at another land use within the development – internal capture. The internal capture rates utilized in this report were based on the data contained in the ITE Trip Generation Handbook, 3rd Edition (NCHRP 684).

As stated previously, studies contained in the ITE Trip Generation Manual, 11th Edition, indicate that a percentage of the retail trips may exist on the adjacent roadways – passerby

capture. However, the passerby trip ends are not to exceed 10% of the background traffic on the adjacent roadways. Therefore, the new external AM peak hour trip ends attracted by the proposed project would be 1,235 trip ends with 850 inbound and 385 outbound, as shown in Table 2.

PM PEAK HOUR PROJECT TRAFFIC

Again, based on the ITE Trip Generation Manual, 11th Edition data, the proposed project would attract approximately 2,044 trip ends during the PM peak hour with 887 inbound and 1,157 outbound, as shown in Table 3.

Given the project is to consist of business park, retail and restaurant land uses, there is potential for trips to originate at one land use within the development and have a destination at another land use within the development – internal capture. The internal capture rates utilized in this report were based on the data contained in the ITE Trip Generation Handbook, 3rd Edition (NCHRP 684).

However, the passerby trip ends are not to exceed 10% of the background traffic on the adjacent roadways. Therefore, the new external PM peak hour trip ends attracted by the proposed project would be 1,172 trip ends with 452 inbound and 720 outbound, as shown in Table 3.

DISTRIBUTION/ASSIGNMENT

The distribution of the project traffic was based on the existing traffic and development patterns in the vicinity of the project. The proposed percent distribution of the project was based on the approved Methodology Statement. Figure 2 illustrates the PM peak hour project trip ends on the adjacent roadway network.

STUDY AREA

As per the approved Methodology Statement for the project, the study area includes the following:

Roadway Segment:

- SR 54 from Little Road to Gunn Highway

Intersections:

- SR 54 and Little Road
- SR 54 and Hospital Entrance
- SR 54 and Starkey Boulevard
- SR 54 and Duck Slough Boulevard
- SR 54 and Gunn Highway

BUILDOUT YEAR

The build out year for the project is anticipated to be 2030.

BUDGETED IMPROVEMENTS

According to the Pasco County Capital Improvement Plan (CIP), there are no capacity adding improvements budgeted in the vicinity of the project.

According to the Pasco County 2045 Cost Affordable Plan, the following improvements are planned in the vicinity of the project:

- Tower Road from Starkey Boulevard to US 41 is proposed to be a four (4) lane divided roadway.
- Starkey Boulevard is proposed to be extended from SR 54 to Little Road as a four (4) lane divided roadway.
- Corridor Improvements are proposed for SR 54/SR 56 from US 19 to Mansfield Boulevard.

According to the Pasco County 2045 Needs Plan, the following improvements are proposed in the vicinity of the project:

- Tower Road from Starkey Boulevard to US 41 is proposed to be a four (4) lane divided roadway.
- Starkey Boulevard is proposed to be extended from SR 54 to Little Road as a four (4) lane divided roadway.
- Corridor Improvements are proposed for SR 54/SR 56 from US 19 to Mansfield Boulevard.

BACKGROUND TRAFFIC

The 2030 background traffic utilized in the report was calculated as follows:

1) PM (4:00 – 6:00) peak hour turning movement counts were conducted at the following intersections:

    - SR 54 and Little Road
    - SR 54 and Hospital Boulevard
    - SR 54 and Starkey Boulevard
    - SR 54 and Trinity Towers Self Storage Driveway
    - SR 54 and Median Opening
    - SR 54 and Jallo Car Wash Driveway
    - SR 54 and Duck Slough Boulevard
    - SR 54 and Gunn Highway

Figure 3 illustrates the PM peak hour existing traffic.

2) The existing counts were factored to peak season based on the 2023 FDOT Peak Season Adjustment Factors for Pasco County.

Figure 4 illustrates the PM peak hour peak season traffic.

3) The peak season volumes were factored to 2030 utilizing a 2% per year growth rate. Growth rate calculations based on the FDOT AADTs are included in the Appendix.

5) In conjunction with the construction of this project, the existing directional median opening within SR 54 at Trinity Towers driveway is proposed to be relocated to provide a full access intersection at the proposed Project Access B.

Figure 5 illustrates the PM peak hour 2030 background traffic and Figure 6 illustrates the PM peak hour 2030 background plus project traffic.

LINK ANALYSIS

PM peak hour generalized capacity analysis was conducted with the 2030 background traffic and with the addition of the project traffic for SR 54 from Little Road to Gunn Highway.

The link analysis was conducted based on the FDOT Generalized Capacities. The results of the analysis are summarized in Table 4 with the existing/budgeted geometry. According to the results shown in Table 4, there are segments of SR 54 that may exceed the adopted V/C ratio 1.0 with the 2030 background traffic. With the addition of the project traffic the increase in the V/C ratio would be between 0.06 and 0.12.

A detailed Arterial Analysis was conducted for SR 54 from Little Road to Gunn Highway and it was summarized in Table 5. As shown in Table 5, SR 54 within the study network should operate within the adopted level of service with 2030 background traffic and the addition of the project traffic.

INTERSECTION ANALYSIS

The following intersections were analyzed during the PM peak hour:

- SR 54 and Little Road
- SR 54 and Hospital Entrance
- SR 54 and Starkey Boulevard
- SR 54 and Duck Slough Boulevard
- SR 54 and Gunn Highway

The analysis was performed utilizing the methodology described in Chapter 18, Signalized Intersections of Transportation Research Board (TRB) Special Report, the 2010 Highway Capacity Manual. Table 6 summarizes the results of the signalized intersection analysis. The results are summarized in the following paragraphs:

SR 54 and Little Road

This is a signalized intersection. Table 6 summarizes the results for signalized intersection analysis with the 2030 background traffic. With the addition of the project traffic only minor increase in the V/C ratio is shown (0.0 to 0.08).

SR 54 and Hospital Boulevard

This is a signalized intersection. Signalized intersection analysis indicates that all movements within the intersection should operate within the adopted V/C and delay criteria with the 2030 background traffic and with the addition of the project traffic, as shown in Table 6.

SR 54 and Starkey Boulevard

This is a signalized intersection. Table 6 summarizes the results of the signalized intersection analysis with the 2030 background traffic and with the addition of the project traffic, as shown in Table 6. The primary exceedance of the adopted V/C ratio in the southbound left turn movement. The required improvement – southbound dual left turn lanes have been deferred.

SR 54 and Duck Slough Boulevard

This is a signalized intersection. Signalized intersection analysis indicates that all movements within the intersection should operate within the adopted V/C and delay criteria with the 2030 background traffic and with the addition of the project traffic, as shown in Table 6.

SR 54 and Gunn Highway

This is a signalized intersection. Signalized intersection analysis indicates that all movements within the intersection should operate within the adopted V/C and delay criteria with the 2030 background traffic and with the addition of the project traffic, as shown in Table 6.

CONCLUSION

Based on the Timing and Phasing Analysis, the detailed Arterial Analysis shows the subject segment along SR 54 within the study network operates within the adopted level of service with the 2030 background traffic and with the addition of the project traffic. There are intersections along SR 54 that may exceed the adopted V/C ratio and delay

criteria with the 2030 background traffic and with the addition of the project traffic. However, the planned improvements within the vicinity of the project (I.E., Tower Road and Starkey Boulevard Extension) will divert traffic from SR 54 thus improving the operation of the roadway and intersections.

ACCESS MANAGEMENT ANALYSIS

The Access Management Analysis was conducted for the following intersections:

- SR 54 and Project Accesses

The Access Management Analysis was conducted for the AM and PM peak hours with the 2030 background plus project traffic. The AM peak hour volumes utilized in the analysis are included in the Appendix of this report. The AM and PM peak hour intersection capacity analyses were performed utilizing the methodology described Chapters 18 and 19, Signalized and Unsignalized Intersections of the Transportation Research Board (TRB) Special Report, the Highway Capacity Manual 6th Edition. Tables 7 and 8 summarize the results of the analysis and the results are also discussed in the following paragraphs:

SR 54 and Project Access A

This access is proposed to be unsignalized with right-in/right-out access to SR 54. Table 8 summarizes the results of the unsignalized intersection analysis during the AM and PM peak hours with the 2030 background plus project traffic.

SR 54 and Project Access B

This intersection is proposed to have full access to SR 54 and align with 54 Medical Development driveway. The intersection is proposed to be signalized when warranted. Table 7 summarizes the results of the signalized analysis during the AM and PM peak hours with the 2030 background plus project traffic.

SR 54 and Project Access C

This intersection is proposed to have left-in/right-in/right-out access to SR 54. Table 8 summarizes the results of the unsignalized intersection analysis during the AM and PM peak hours with the 2030 background plus project traffic. Although, the analysis shows the westbound left only exceeds the delay and V/C ratio, the HCS analysis does not take into account the gaps created in the eastbound traffic by the signal at the main entrance. Therefore, the delay and V/C ratio will likely be better than indicated in the analysis.

ACCESS RECOMMENDATIONS

The methodology utilized to determine the need for a right and/or left turn lanes was based on the Section 901.3 of the Pasco County Land Development Code and FDOT Multimodal Access Management Guidebook, 2023. The access recommendations are summarized in Table 9 and discussed below:

SR 54 and Project Access A

This project driveway is proposed to have right-in/right-out access to SR 54. Based on the projected volumes, an eastbound right turn lane is warranted, as shown in Table 9. It is recommended a 350 foot eastbound right turn lane be provided.

TABLE 9

(1) See Figures A-6 and 6, 2030 Background plus Project Traffic, of this report.
(2) Based on FDOT Multimodal Access Management Guidebook, 2023 and Section 901.3 of Pasco County Land Development Code.
(3) Queue Length Calculation:
SR 54 and Project Access B:
Based on 95th Percentile Queue from SYNCHRO
SR 54 and Project Access C:
WBL - 127/30 x 25 = 106' Use 100'
(4) Based on FDOT Design Manual Exhibit 212-1 and design speed of 55 MPH on SR 54 (Posted).

SR 54 and Project Access B

This project driveway is proposed to have full access to SR 54 and the future 54 medical driveway is to align with the access. Based on the projected volumes, a 700 foot eastbound left turn lane, a 450 foot eastbound right turn lane, and a 425 foot dual northbound left turn lanes are recommended, as shown in Table 9. It should be noted the required length of the dual westbound left turn lanes to meet full queue plus deceleration length should be 775 feet. However, due to the eastbound left turn lane serving the retail center the maximum length total be provided as 625 feet. It should be noted the length provided provides the 95th percentile queue. Also, the original design speed for SR 54 was 45 MPH. Therefore, the deceleration length for the turn lanes along SR 54 were designed with a 185 foot deceleration length versus the 350 feet utilized in the analysis.

SR 54 and Project Access C

This project driveway is proposed to have left-in/right-in/right-out access to SR 54. Based on the projected volumes, an eastbound right turn lane is warranted, as shown in Table 9. There is an existing approximately 310 foot westbound left turn. It is recommended a 350 foot eastbound right turn lane be provided. It is not feasible to extend the existing westbound left turn lane due to the eastbound left turn lane at Country Place Boulevard.

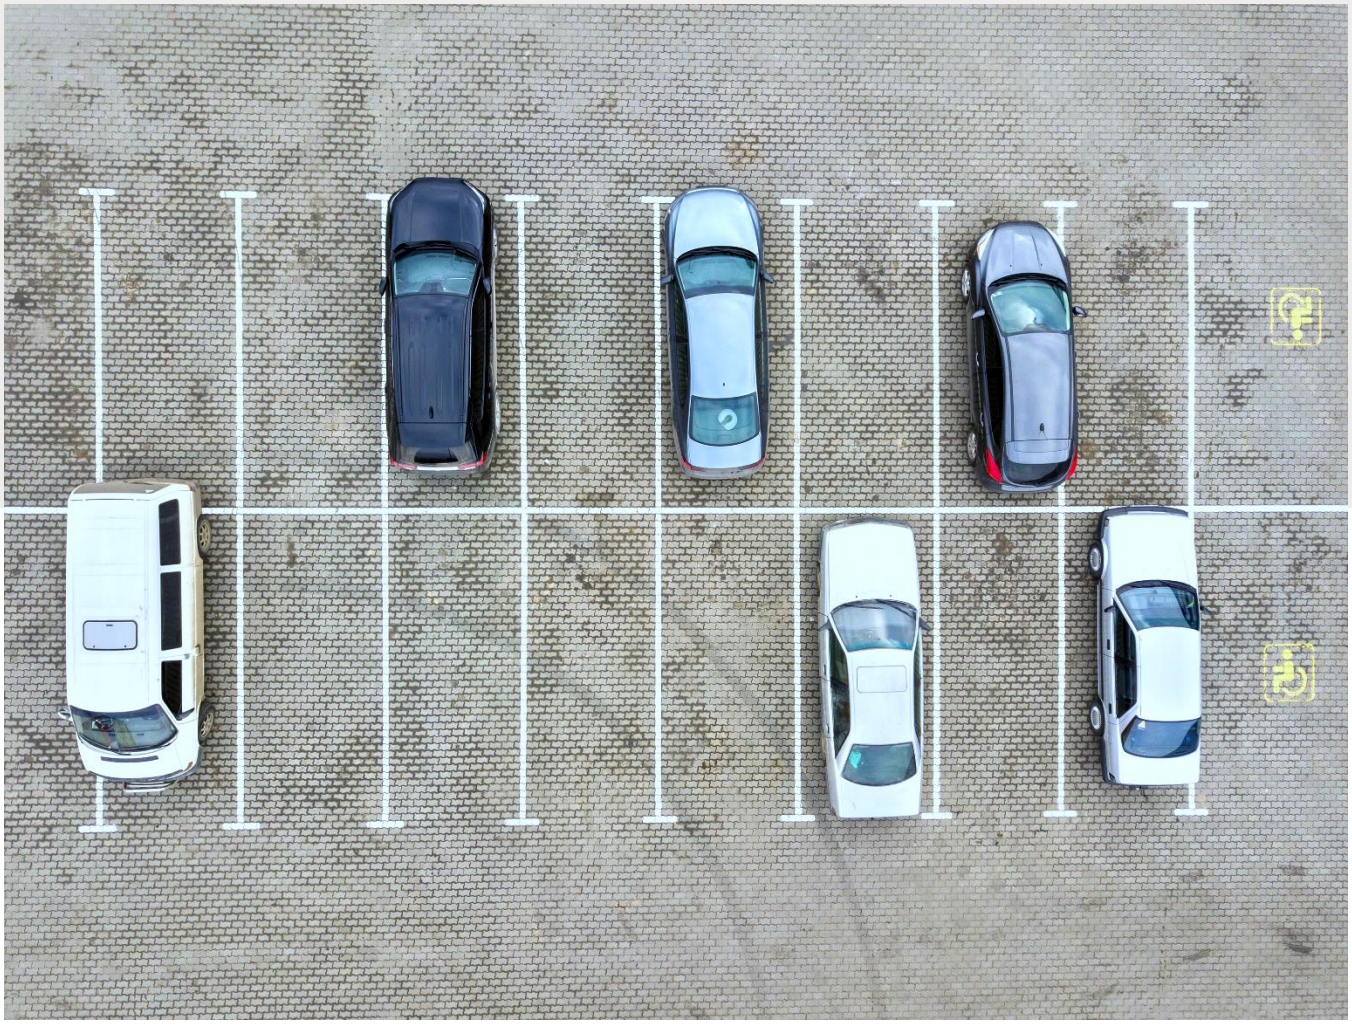
PARKING ANALYSIS

Pasco County



June 20, 2025

William E. Vermillion, AICP-C, CNU-A
Pasco County Planning Services
8731 Citizens Dr., Suite 210
New Port Richey, FL 34654

Mr. Vermillion,

I am pleased to submit the parking analysis report for the Blackwell MPUD application of the proposed mixed-use project located along SR 54 in New Port Richey.

This report evaluates the parking needs of the residential, medical office, and commercial components using rates from the ITE Parking Generation Manual and time-of-day demand factors from the ULI Shared Parking Manual, 3rd Edition. A shared parking analysis was performed for the medical office and commercial components, confirming that their peak demand periods are staggered and can be effectively accommodated within the proposed shared parking supply.

While the total proposed supply is slightly below the sum of unadjusted peak demands, the analysis demonstrates that it is adequate based on anticipated usage patterns, hourly accumulation characteristics, and national best practices. The findings support a functional and efficient site design while maintaining accessibility and compliance with the intent of the Pasco County's parking standards.

Thank you for the opportunity to provide this analysis. Please feel free to contact me with any questions or if additional information is needed.

Sincerely,

Amir Jamali, PE, AICP

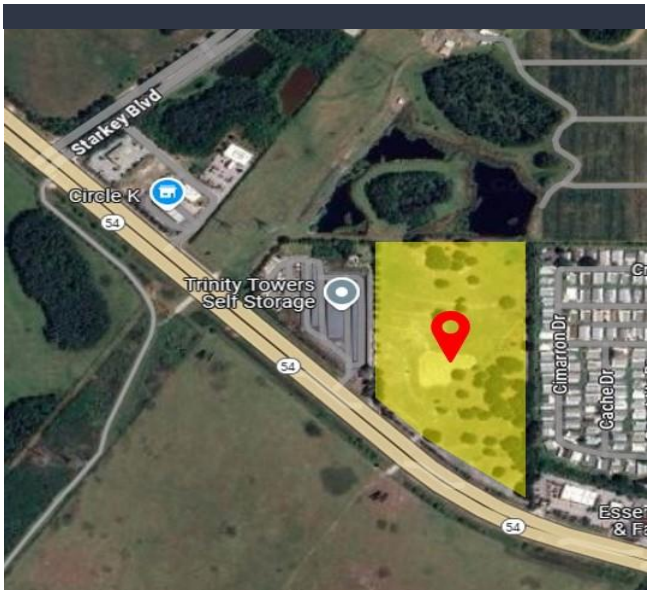
Project Overview



Introduction

This parking study has been prepared in support of an MPUD application for a proposed mixed-use development located along SR 54 in New Port Richey, Florida. The subject property, identified by Parcel ID 30-26-17-0000-00600-0000, is proposed to be rezoned to MPUD, which allows for a mix of commercial, office, and residential uses.

The proposed development consists of following entitlements:

- Residential: 290 Multifamily Units
- Office: 30,000 SQF Medical Office
- Commercial: 20,000 SQF Retail

A total of 496 parking spaces are proposed. Based on Pasco County Land Development Code Section 907.1, the required number of parking spaces for the proposed development is 819.

This analysis evaluates the parking needs of the proposed mixed-use development and supports the associated variance request by demonstrating that the projected parking demand can be adequately accommodated within the proposed supply. The study incorporates applicable Pasco County Land Development Code requirements, demand rates from the Institute of Transportation Engineers (ITE) Parking Generation Manual, and time-of-day parking demand patterns from the ULI Shared Parking Manual, 3rd Edition. The residential, medical office, and commercial components are each assessed based on their operational characteristics, with shared parking considerations applied to the office and commercial uses. The intent of the analysis is to confirm that the proposed parking strategy provides sufficient capacity to meet expected demand while promoting efficient land use, functional site design, and continued accessibility.

Proposed vs. Required Parking Plan

1 Residential Parcel

- Entitlement Area: 290 multifamily units
- Proposed Parking Rate: 1.28 space per unit (= 371 spaces)
- Required Parking Spaces: 2.25 space per unit (= 652 spaces)

2 Office Parcel

- Entitlement Area: 30,000 square feet
- Proposed Parking Rate: 1 space per 400 square feet (= 75 spaces)
- Required Parking Rate: 1 space per 300 square feet (= 100 spaces)

3 Commercial Parcel

- Entitlement Area: 20,000 square feet
- Proposed Parking Rate: 1 space per 400 square feet (= 50 spaces)
- Required Parking Rate: 1 space per 300 square feet (= 67 spaces)

Analysis Methodology

To estimate parking requirements for this mixed-use development, the analysis relies on the Institute of Transportation Engineers (ITE) Parking Generation Manual. The methodology applies ITE-recommended parking demand rates for each land use—residential, office, and commercial—to evaluate anticipated needs during peak periods.

Based on ITE data:

- The residential component is projected to require 355 spaces on a weekday and 339 spaces on a weekend.
- The medical office component is estimated to require 74 spaces on a weekday, with no weekend demand assumed based on typical operating patterns.
- The commercial/retail component is projected to require 56 spaces on weekdays and 55 spaces on weekends.

These estimates are calculated separately for each use and do not include reductions for internal capture or shared parking.

This conservative approach ensures a clear understanding of the maximum potential demand.

The proposed parking supply totals 496 spaces, distributed as follows: 371 for residential, 75 for office, and 50 for commercial. As shown in the summary table below, the total projected peak demand is 485 spaces on a weekday and 394 spaces on a weekend, indicating that the proposed supply is sufficient to meet expected demand under typical peak conditions.

A detailed breakdown of calculations and data sources is included in Appendix “A”.

Land use	*Weekday*	*Weekend*	*Proposed Spaces*
Office	74	-	75
Commercial	56	55	50
Multifamily	355	339	371
Total	485	394	496

Shared Parking Analysis

ULI Methodology

A shared parking analysis was conducted for the proposed mixed-use development to evaluate the potential efficiencies between the medical office and commercial/retail components. The methodology follows the approach outlined in the Urban Land Institute (ULI) Shared Parking Manual, 3rd Edition, which provides hourly parking demand factors based on observed accumulation patterns for various land uses.

For this analysis, the residential component was excluded from shared parking considerations, as multifamily residential parking is typically reserved for residents and may not be available for shared public or customer use. Therefore, only the 30,000-square-foot medical office and 20,000-square-foot commercial/retail uses were evaluated for shared demand.

Using the peak parking demand estimates derived from the ITE Parking Generation Manual, the following weekday peak parking demands were identified:

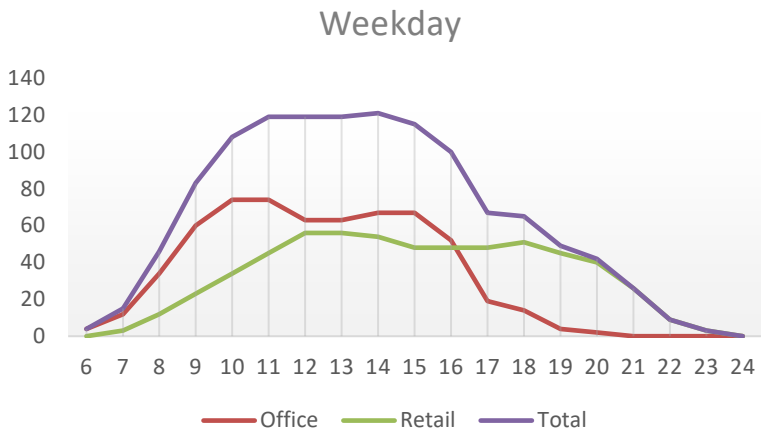
- Medical Office: 74 spaces during weekdays
- Retail: 56 spaces during weekdays & 55 spaces during weekends

Hourly demand percentages in the ULI manual were applied to determine the hourly parking accumulation for each use. The two demand curves were then overlaid to identify the combined hourly parking demand and determine the true peak requirement under a shared parking scenario.

Shared Parking Analysis

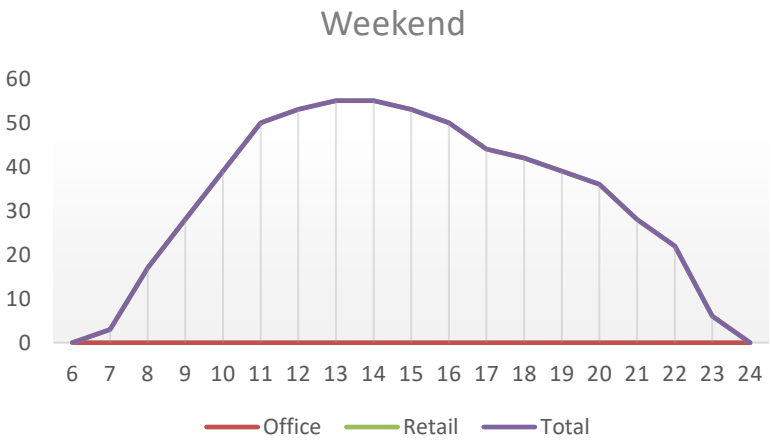
Peak Weekday Demand

The shared peak occurs between 11:00 a.m. and 2:00 p.m. on weekdays, during which time the maximum combined demand is approximately 121 spaces. This is lower than the sum of the individual peak demands (130 spaces) due to staggered usage patterns between the two land uses. Refer to Appendix “B” for more detailed shared parking analysis.



Peak Weekend Demand

For weekend conditions, it is assumed that medical office demand is zero, consistent with ULI guidance for typical medical and dental offices that do not operate on weekends. As such, weekend parking demand is driven solely by the retail component, and the proposed commercial parking supply is expected to be sufficient. Refer to Appendix “B” for more detailed shared parking analysis.



Report SUMMARY

This parking study has been prepared in support of a proposed mixed-use development. The analysis evaluated the parking needs of the residential, medical office, and commercial components using demand rates from the ITE Parking Generation Manual and hourly accumulation factors from the ULI Shared Parking Manual, 3rd Edition.

The total proposed supply of 496 spaces falls below the County-required 819 spaces but exceeds the ITE-projected demand of 485 spaces on weekdays and 394 spaces on weekends.

A shared parking analysis of the office and commercial components, based on ULI hourly demand profiles, confirms that the proposed supply is sufficient, as their peak periods are staggered and allow for efficient space utilization.

The residential component proposes 371 spaces, compared to 653 required by County code, but was evaluated using conservative ITE rates for two or more-bedroom units, representing a worst-case scenario. Many newer multifamily communities exhibit lower parking demand, particularly when serving smaller units, younger residents, or walkable mixed-use environments. In addition, residential guest parking on weekends can be accommodated in the unused office parking supply, providing added operational flexibility.

In conclusion, while the proposed parking supply is below traditional code requirements, it reflects a data-driven, context-sensitive approach that aligns with national best practices and is expected to adequately serve the development's operational needs.

RE: Blackwell MF & Office Complex MPUD Comprehensive Plan Amendment CPAS23(26) and Rezoning (RZ-7778)

Dear Property Owner:

This letter is to notify you that Comprehensive Plan Amendment CPAS 23(26) has been filed to change the Comprehensive Plan Land Use Designation for parcel ID No. 30-26-17-0000-00600-0000. The amendment to the future land-use from Commercial (COM) to PD (Planned Development) allows for 290 dwelling units and 50,000 sf of commercial/medical uses.

This letter is to further notify you that Petition No. RZ-7778 has been filed in the name of 5415, Inc. for a change in zoning from an Agriculture (A-C) and General Commercial (C-2) to a Master Planned Unit Development (MPUD) District. The parcel ID No. is 30-26-17-0000-00600-0000, containing approximately 15.36 acres. The proposed modification allows for 290 dwelling units and 50,000 sf of commercial/medical uses.

The parcel is located on the north side of the corridor, approximately 0.33 mile east of the intersection of Starkey Boulevard and State Road 54.

The public hearings for the consideration of these applications will be held as follows:

He voiced the ongoing support of the county for the Commission's efforts. Brian and Tracy Toner presented Liana with the Florida Attorney General's Community Advocate of the Year Award for the state of Florida. He and Tracy had nominated Liana for the award on behalf of the county for the work that she has done on behalf of the Commission over the last decade.

4. **Speaker, Capt. Larry Kraus, Operation Phoenix**
   Capt. Larry Kraus presented on the Pasco Sheriff's Office Operation Phoenix. Operation Phoenix is a new volunteer unit established by the Pasco Sheriff's Office to help combat human trafficking and exploitation. The program enlists trained volunteers who, after background checks, partner with detectives to use open-source information, like social media, to locate and rescue runaway teenagers who are at risk of being sexually exploited. The purpose is to increase the effectiveness of finding and

saving victims of human trafficking by increasing the number of people monitoring social media for signs of exploitation. The initiative aims to prevent young individuals from being victimized after running away and meeting dangerous individuals online who misrepresent their age and intentions.

5. Old Business

A. 2026 Meeting Schedule

Members discussed the meeting schedule for the upcoming calendar year (2026). Members would like to leave the meetings on the third Wednesday of the month. Discussion around moving the time of the meeting back half an hour to 8:30am. If approved, the new meeting time would be from 8:30-10:00 for the main monthly meeting and 10:00-11:00 for any Work Group meetings. Motion to approve the 3rd Wednesdays at 8:30am for the main monthly Commission meetings made by Kristen and seconded by Betsy. Paul is opposed. All other members are in favor. Motion carried with only Paul objecting. Commissioner Weightman inquired about virtual options for attending meetings. Liana stated that the Commission had been informed that having members attend virtually is not an option. He stated that he will look into the rules for having members participate virtually. Members present voiced that they feel that meetings should continue to occur in person despite what rules exist for virtual meetings.

B. FY 2025-2026 Finances

1. Red Sand Event Ask

Liana shared that Laura is requesting up to $1,000 for the 2026 Red Sand Events. The money will be used to pay survivor speakers honorariums, printing of materials, etc. Motion to approve up to $1,000 for use at the discretion of the Vice Chair for the Red Sand Events made by Paul and seconded by Megan. Motion carried with no objections. Liana will send Laura the forms to have survivor speakers set up as vendors so that they can be paid honorariums.

2. SAFE Alliance Sponsorship

Kristen presented on the Safe Alliance of Tampa Bay's request for the Commission to sponsor the Survivor Leadership Conference to be held February 20th and 21st, 2026. She is the Executive Director of SAFE Tampa Bay, and the Commission is a member of SAFE. This conference is the first of its kind in Florida. The conference will feature survivor leader, Rebecca Bender. Kristen has secured funding for the conference from both the Mel Greene Foundation as well as an event management company, but financial support is still needed. Kristen is requesting support for things like the printing of materials and for hotel rooms for survivors attending the conference. Ken stated that the Commission has had a partnership with SAFE for the last several years and that this is an incredible opportunity to show support for survivors. Motion to approve $1,000 as a sponsorship for the SAFE Alliance of Tampa Bay's 2026 Survivor Leadership Conference made by Ken and seconded by Kelly. Motion carried with no objections with Kristen recusing herself.

3. Printing of School District Indicator Cards

Megan reported that she had received information related to the Commission training school district staff. She learned that there is nothing preventing the school district from partnering with the Commission to train all 10,000-district staff. This training can be offered virtually, hopefully in January of 2026. House Bill 1237, Human Trafficking Awareness House Bill 1237, signed by Governor DeSantis on May 21, 2025, and effective July 1, 2025, creates section (s.) 1006.481, Florida Statutes (F.S.), Human trafficking awareness training. The bill requires the

Florida Department of Education (FDOE) to identify a free training curriculum regarding human trafficking awareness, which may be conducted either in-person or online. Each public school, including charter schools, must require that all instructional personnel, administrative personnel, and educational support personnel who have contact with students receive training on human trafficking awareness. Additionally, each employee must submit to the school an acknowledgement of having received the training, which must be retained by the school.

The identified human trafficking awareness curriculum shall include:

- The definition of human trafficking and an explanation of the difference between sex trafficking and labor trafficking;
- Guidance specific to the public education sector concerning how to identify students who may be victims of human trafficking;
- Guidance concerning the role of employees in reporting and responding to suspected human trafficking; and
- A protocol for reporting suspected human trafficking, which must require that suspicion of human trafficking be reported to the Department of Children and Families or the Florida Human Trafficking Hotline.
    - Liana to follow up regarding what protocol the district wants included in the presentation and to clarify if any numbers other than the Florida Abuse Registry should be included on the indicator card.

To accompany the training, the Commission will provide the district with 10,000 indicator cards to give to staff. Liana to talk to Megan about putting the district's response protocol on the back of the cards if possible. Motion to approve up to $1,200 for printing of indicator cards for the school district made by Kelly and seconded by Megan. Motion passed with no objections.

4. Printing of Youth Posters/Other Materials

Liana requested that some funds be allocated for the printing of materials for distribution at awareness events and to print additional posters for schools if needed. Motion to approve the Chair to spend up to $1,000 on printing awareness materials made by Paul, seconded by Ken. Motion carried with no objections.

5. Member Attendance at Conference (Example: IAHTI)

Members discussed using funds to provide a member(s) the opportunity to attend a conference related to human trafficking. In the ten years that the Commission has been in existence we have only sent members to one conference, the 2025 JUST Conference in Orlando. Provided that the member(s) bring back information to share with the full membership, members are in agreement that, provided the cost is reasonable, this should be something that should be considered moving forward. Members were encouraged to submit requests to attend conferences that interested them.

C. Sexting/Sextortion Campaign – Preproduction Discussion

JL Video submitted a creative proposal for the sexting/sextortion campaign that was sent out to the members with the reminder email. The JL Video representative had the wrong time and arrived at the very end of the meeting. The proposal will be discussed at the next meeting and a decision made regarding whether to do a live shoot or use stock footage. This decision will

determine the amount that is owed to JL Video as there is a difference in price between the two options. It is hoped that the project will be completed in time to be released in some format in January for Human Trafficking Awareness month.

D. Wage Theft Ordinance Update

Commissioner Weightman met with the County Attorney to discuss the development of a wage theft ordinance. The County Attorney stated that this would require the creation of a new position within the county, and he does not believe resources exist to do this. Commissioner Weightman is opposed to growing county government in any way. For that reason, he now no longer supports a wage theft ordinance. He invites the Commission to either here from the County Attorney directly or to solicit the support of the other county commissioners. Commissioner Weightman does not believe that this is the time to move forward with this initiative.

E. Engagement of the Faith-Based Community

Betsy reported that she has been reaching out to local area churches to engage them in awareness efforts. She is finding that they are very receptive. There is interest in the posters that were developed for the school district. She will let Liana know how many to order. She is also letting them know about the webinar on the Commission's website.

F. Run Away Youth Prevention Campaign Flyers

Liana will talk to Arturo about this initiative to get his insight as this is a population that he has researched.

6. New Business

A. Projects for New Fiscal Year

Due to time constraints, this was not discussed. In December, Liana would like to engage in strategic planning for the 2026 to identify projects/priorities.

7. Member Tasks for Next Month

This was not discussed.

8. Future Agenda Items/Guest Speakers

- Red Sand Event planning
- Creative for the anti-sexting/sextortion campaign and selection of package
- Run-away campaign next steps
- Ordering of materials for churches/school district (if amount exceeds that approved)
- Projects for the new fiscal year

9. Member Roundtable

Commissioner Weightman: discussed the Board of County Commissioners Plan to address homelessness in Pasco County. The 2025-2030 Strategic Plan for the Board of County Commissioners is prioritizing homelessness and has created a Work Group, headed up by former Chief Walters. They plan to look at what the county is doing and what the commissioners have influence over, but also how they can support nonprofits that work in that space. Town halls are being held to engage the community and to gather data on what people are seeing. They have gathered 2,500 responses to date. Brian sent Liana the survey link and it was forwarded to the members. The commissioners want to facilitate a collaborative approach that includes all sectors that touch the homeless population.

They want to educate county employees about the problem, the driving factors, and what resources are available. They are going to leverage their ability to work with the county attorney to hold property owners accountable who are setting prices for rent. On December 16th, they will present their findings from several months of fact-finding and community outreach efforts to the Board of County Commissioners to propose a plan for moving forward. They feel that this is related to anti-trafficking efforts as homelessness is a push factor that creates vulnerabilities for trafficking. Brian will connect Liana to James Walters via email. Liana emailed him and invited him to come to a meeting to discuss the initiative further.

Ken: suggested that future asks from the BOCC for funding include a standing request for printing. For instance, ask for $12,000 ($2,000 for printing, remaining for other initiatives) this would enable us to have an entire budget for only initiatives.

10. Public Comment

None.

11. Adjourn

Meeting adjourned by Liana at 9:29am.

Future Meetings: Meetings to be held on the third Wednesday (when possible) of the month from 8:00am-9:30am at the Pasco County Utilities Administration Building in Land O' Lakes. Work Groups are held immediately following from 9:30am-10:30am when needed.

PUBLIC COMMENT
Citizens are given an opportunity to comment on any proposition coming before the Committee during Public Comment. The Committee also takes Public Comment on items to be placed on a future Human Trafficking Commission meeting agenda.

No public comment.

TOPICS FOR DISCUSSION:

- **Approval of the October 8, 2025, monthly meeting minutes**
  Minutes not voted upon due to lack of quorum.

- **Guest Speaker, Felecia Foster, Journey to Destiny Ministries**
  Journey To Destiny Ministries (JTDM) is a global, faith-based nonprofit organization founded in 2015 by Felecia Foster. JTDM exists to restore dignity, hope, and opportunity to vulnerable individuals—especially children, women, and families affected by poverty, trafficking, abuse, or displacement. Operating in the United States, Dominican Republic, Ghana, Kenya, France, and Puerto Rico, JTDM meets urgent needs through a network of Journey Centers that provide safe housing, educational assistance, vocational training, emotional healing, and spiritual development. The program started in Memphis TN and is now in five countries. The organization has rescued nearly three hundred girls from exploitation/abuse in the Dominican Republic via the safe house there and they have graduated four classes of girls from their vocational program in Kenya. They work with unaccompanied minors in France and have a safe house in Guana for abandoned babies. Ms. Foster is interested in creating a residential program in Hillsborough County and an outreach program in Pasco County. She is working with other faith-based organizations to bring outreach and resources to underserved communities.

- **Old Business**
  - **A. Sexting/Sextortion Campaign – Preproduction Discussion**
    JL Video staff attended the meeting and outlined their creative concept for the campaign.
    JL Video stated that:
    - the content will be able to be placed on TV or social media
    - be cut both horizontally and vertically so that it can be viewed in either direction
    - the current format is for one thirty second PSA

A. Sexting/Sextortion Campaign – Preproduction Discussion

- we can either do a live shoot or grab pre-created online content
- the pros of online content (obtained via Art Grid) are that different kinds of content can be put together into a story that makes sense. The downsize is that it cannot be customized.
- the pros of a live shoot are that we have complete control over everything and can shoot it until we get it right. A live shoot is more authentic, and the content will be original/not available anywhere else (JL Video recommends this option; it is the more expensive option)
    - if we do a live shoot, we will need people from this age group as actors
    - shoot would take 2-4 hours
    - we will need at least 10-15 people; one primary female and a group of her peers that display the immediate impact of the sharing of the picture
    - we will need to identify a location
    - we would need to email JL Video the names/contact of the actors
    - Liana stated that there will likely be some legal issues involved due to the county wanting something signed saying that the Commission has permission of the actors to use their image/likeness
- The idea is that the pictures are shared and the girl is ridiculed by her peers (immediate impact)

Members discussed the following:

- Content needs to convey the exploitation piece rather than just the exposure piece
- the proposed concept needs to be revised to reflect that we are targeting young adults so the setting should not be a bus stop- we need a more neutral setting that this age group can relate to but that will also appeal to high schoolers
- we must show an immediate consequence
- everything is great up until it is not
- we do need to show that this is a pattern of behavior vs a first time event
- like the rewind concept
- add the threat/if you don't do this then….if you break up with me then this will happen…release pic to your new boyfriend/family, give me money and I won't (Larry says a lot of these cases go to the threat unit at the PSO)
- Add something to our website – put more resources up other resources up. Here are other steps that you can take, this person can help you….
- known relationship/people who know each other – emotional; Unknown relationship/the anonymous relationship - is financial.

Notes from Officers meeting following main meeting:

- we need to decide if the message is going to be that of prevention or intervention
- based on data from the work group we want this to be intervention as we know that young people are already engaging in this behavior and we have data that shows how many young people fall victim to this
    - if they are already doing the behavior then the campaign is not prevention
- the rewind concept does not make sense for this PSA if we are taking an intervention approach
- the rewinding concept is victim blaming- the girl shared the pictures so the consequences are her fault.
- If we take an intervention focus then we are acknowledging that this has happened and

the focus should be on what they can do now that it has happened

- We should be telling them about mental health resources, Take it Down, report to LE, get help to repair the damage, etc.
- we should be providing education about mental health supports, knowing their rights and who to report this to and how to take it down.
- the rewind concept does not fit with the intervention message. I cannot rewind my decision. What I need is for you to tell me what to do.
- a prevention focused PSA tells them what can happen (i.e., the ridicule)
    - letting them know what can happen if they decide to send NOT that they actually sent it
    - the rewind focuses on the decision moment – if you decide to send, this is what can happen; if you do not send, this will happen.
    - With prevention message the focus is on the decision
    - However, the focus group told us that abstinence/not sharing is not going to work – they are going to do it and do not plan to stop but educate us anyway

A. Red Sand Event Planning Update

Laura reported that the January 31st date for the West Pasco Government Center is confirmed. She is still waiting to hear about the February 28th date for the East side of the county. She is also looking into possibly hosting the event at the Historic Dade City Courthouse and will coordinate that with Commissioner Weightman's office. Betsy has a donor who will pay for the red sand. The sand for both events will be ordered in January. Laura was encouraged to register both events at the national level to help garner attention/increase awareness. Liana has sent Laura the vendor forms to get the survivor speakers set up as vendors so that they can be paid an honorarium.

B. School District Training Update – district response protocol

Members discussed the protocol proposed by the school district on how they want staff to respond when they suspect the trafficking of a student. Members feel that the presentation needs to address how to obtain quality information for an Abuse Registry report that does not involve questioning children as this can impact law enforcements investigation. We want school staff to be educated on how to obtain information to make a report that does not involve extensively questioning a child. Larry will ask his detectives for some input on this. Liana, Megan, and Laura need to meet to work on the presentation and Liana needs to update the indicator card and order 10,000 for the district.

C. January Awareness Activities

The Commission is cohosting a Red Sand event on January 31st. It is also hoped that the Commission will be able to announce its partnership with the school district to train all 10,00 staff. However, this may be delayed due to time constraints and members ability to develop the presentation and accompanying materials.

D. Projects for the New Fiscal Year

Not discussed due to time constraints and lack of quorum.

E. Engagement of the Faith-Based Community

Not discussed due to time constraints.

F. Updates from the JUST Conference
Not discussed due to time constraints.

- **New Business**

A. Request for Support from the Justice Restoration Center
Liana shared that Brent Woody with the Justice Restoration Center is requesting the Commission's assistance in obtaining authorization to determine human trafficking victim status and issue victim determination documentation related to the Debt Bondage Repair Act (DBRA). This authorization by a government entity will permit JRC to determine whether certain individuals were or are human trafficking victims as defined in federal law at 22 U.S.C. § 7102(11) for the purposes of DBRA submissions. JRC has the requisite experience, skill, and legal knowledge to make such determinations but is in need of support from an entity such as county government. Members present are in support of this initiative. Item to be included on December agenda for a formal vote.

- **Member Tasks for Next Month**

- **Future Agenda Items/Guest Speakers**
  - Sexting/Sextortion Campaign creative decisions
  - Red Sand Event
  - School District Training – approval of materials
  - Request from the Justice Restoration Center
  - January Resolution for Human Trafficking Prevention Month
  - Strategic planning for new calendar year – around continuation of anti- sexting/sextortion campaign, labor trafficking, club in a box, etc.

- **Member Roundtable**
  None.

- **Public Comment**
  None.

- **Adjourn**
  Meeting adjourned at 9:26 am by Liana.

Future Meetings: Meetings to be held on the third Wednesday (when possible) of the month from 8:00am-9:30am at the Pasco County Utilities Administration Building in Land O' Lakes. Work Groups are held immediately following from 9:30am-10:30am when needed.

Recommendation Approval with Conditions

The item was pulled from the Public Hearing Consent Agenda.

Ms. Hernandez noted ex parte forms from Mr. Moody and Mr. Girardi and that they would be provided to the Clerk's office.

Mr. Liam Devine, Planner II, used a PowerPoint presentation to review the item and spoke regarding the revision to the memo in condition number six, that the Commission and the Clerk were sent the revisions, and what the revisions were.

Mr. Clarke Hobby, Hobby & Hobby PA, spoke with maps displayed regarding the subject properties location and zoning, the request to build a self-storage facility, an overview of site benefits for neighbors, the distance of residences from the site, that the site they had was just the frontage parcel, that the rear of the parcel was zoned for office, the intention to develop as office, The Preserve community to the south, adequate buffering, the requirement of a Type B buffer on the south, that a Type B

buffer was already along the northside, neighborhood drainage concerns, and that he would be happy for neighbors to meet with him and the engineer to discuss issues.

Ms. Katrina Madewell spoke regarding her property to the south, that the property was zoned residential, when she received notification from the attorney, flooding concerns, the height of the building, confusion on what a Type B buffer was, and that she had not had the chance to speak to counsel on how it would affect her or the value of her property.

Chairman Grey spoke regarding that Mr. Hobby was making note of her questions, that he would try to answer them once everyone finished speaking, and more discussions could be had after the meeting.

Ms. Debbie Gunnlaugsson spoke regarding the location of her home, the assurance to the community about flooding and standing water, the engineer's plans dealing with flooding, pre-and post-Hurricane Debby flooding on her property, her fear of losing her foundation and for the other homes along Marsh Hawk, and her request for assurance that the flooding would not get worse with the storage unit being built.

Discussion was held with maps displayed regarding the engineers on the Board; footage of the water; Mr. Gunnlaugsson's property in relation to the lake; and concerns regarding a neighbor's property that backed up to the Barkley Lake.

Ms. Deborah L. Gillis spoke with maps displayed regarding the history of her residency, the amount of storage units on Land O' Lakes Boulevard, that the Board was putting businesses in place to support condos and apartments, that Land O Lakes was full of lakes and marsh land, that Lake Barkley was a natural, spring fed lake, that the storage unit would own all of the lake, run off and flooding concerns regarding the nearby lakes, her seawall installation, property value concerns, fill concerns, and that Ms. Madewell's husband had been working to maintain the front drainage.

Ms. Gina Finocchiaro spoke regarding her business running an animal sanctuary, the amount of storage units and car washes, and whether those businesses were the cheapest for developers to build or bring in business.

Discussion was held regarding what could be built under proper zoning laws; the task of the Planning Commission; that owners of a property could not be denied; an eyesore to the community; and flooding.

Mr. Hobby spoke regarding speaking with the neighbors, updates with an engineer on a project to the north, discussions with the project's engineer, that there would be no import of fill, the transitional view towards the storage facility, the height of the storage facility, that the drainage would be addressed during the site plan period, the site flooding history, that they would follow County and SWFWMD criteria in regards to stormwater, that they would follow the Board's Special Standards for storage facilities,

the special exception within the zoning district, that the neighbor to the south had received the notice, the Type B buffering condition, and that the neighbor would receive the landscape benefit.

Discussion followed regarding the requirements for not flooding someone's property; a meeting with the neighborhood and the engineer in regards to concerns; the extreme and unusual amount of rain; drainage canal clogs and backups; that the amount of rain received was beyond designed stormwater systems; an overview of stormwater discharge during property development; that ponds were designed to operate at the average wet season high water table elevation; the effects of a tropical storm and a higher than average wet season; why all stormwater systems were not designed for extreme amounts of rain over the average amount; clarification on the address and notification of Ms. Madewell; and the inclusion of the condition.

Mr. Brad Tippin, Development Review Director, spoke regarding the landscaping condition, the request to confirm with the property owner that she would be okay with the condition, and maintenance concerns.

Ms. Madewell spoke with maps displayed regarding her first time seeing the item, the residential properties, the distance from the edge of the house to the property line, her history in the County, the request to consult with an attorney for clarity on impacts for herself and her property value before approval, and the understanding that building would be happening on the property.

Discussion followed with documents displayed regarding the location of her property; the rehabbing of the home; the flooding and maintenance of the property; the clarification that the mailing address had been moved to another property; when Ms. Madewell received the notice; that the notice had been forwarded; the timeframe to retain an attorney; the width of a Type B buffer; the preference for the fence to be towards residents; the concern of landscaping crews being in the property's owners yard for maintenance; the potential need to move the driveway; property access concerns; if Ms. Madewell was amenable to the reversed Type B buffer; the need to understand what was being built; if an answer could be delayed regarding the buffering; that Ms. Madewell said she'd rather had the foliage on her side of the fence; the willingness to increase the Type B footage; the goal to keep improvements further away from Ms. Madewell's site; to strike the previously asked motion; to meet with Ms. Madewell for the buffering preference and she could bring anyone she wanted to the meeting; that a continuance was not needed; and that it was a site plan issue.

Ms. Hernandez spoke regarding the additional ex parte of Mr. Pontlitz with the others previously mentioned for the item.

MR. MOODY MOVED approval of the item per Staff's recommendation; **MR. GIRARDI SECONDED**.

Mr. Girardi spoke regarding the understanding of concerns, that C1 zoned property could get developed without any offerings, the additional provisions within the Code, the agreeance to meet prior to the site plan, and that it was good that they were willing to work with the residents and that concerns would be addressed.

Chairman Grey called on the motion; the vote was unanimous, and the motion carried.

Mr. Friedrichs stated no.

Mr. Boundy asked Ms. Connelly if all the new cases remaining before the Board had good service via certified mail and were posted in the Government Center.

Ms. Connelly stated yes.

Mr. Boundy requested there be a motion for anyone who was properly noticed but not present to be heard in absentia.

The Board approved to hear cases 4 and 5 in absentia.

1. BV22-00181 CHRISTIN & JORGE R MUNOZ

The case was withdrawn.

2. AC24-00001 QUALITY DOCKS, LLC c/o ALEXEI A SIDORENKO

The case was withdrawn.

3. BV24-00004 KROMOLICKI JEFFERY & SANDRA

A waiver of appearance was completed by the property owner prior to the meeting.

4. BV24-00006 PROGRESS RESIDENTIAL BORROWER 3 LLC

The Board approved to hear cases 4 and 5 in absentia.

Mr. Rocco Dottoli, Field Inspector II, read the case into the record, reviewed the violations, and responded to questions asked by the County Attorney while photographs were displayed.

Ms. Jessica Rodriguez, Assistant County Attorney, spoke during the discussion.

Discussion was held regarding the air handler and condenser change; that there was not proper wiring; that the tenant was in the process of moving; the legality of the drain lines; the explanation of permits in a Minimum Housing Standard violation; whether it

was an alteration to the plumbing system; that a permit would not be required for the drain; and that violations could be separated.

Mr. Friedrichs spoke regarding work exempted from a permit, that repairs would require a permit, the Minimum Housing Standard, that repairs happen all of the time, and only specific repairs were exempt from permitting.

Discussion followed regarding the intent of the Minimum Housing Standard; minor repairs; a list of items that would not require permits; Mr. Anthony Mastracchio's, Building Official, policy; the alterations to the plumbing system; the timeframe of pulling the permit; clarification on one permit for Minimum Housing; the timeline for a homeowner to pull a permit; store sold parts and permits; the real estate and homeowner consequences; that the home was currently for sale; the importance of safety and health; and the flexible pipe concern.

The Board approved to find the respondent guilty on violations A and C and order the respondent to cure the violations before January 1, 2025 or face a $250 per day penalty.

The Board approved to find the respondent not guilty on violation B.

5. BV24-00002 DEL TORO ALEJANDRO & IRENE

The Board approved to hear cases 4 and 5 in absentia.

Mr. Scott Steinhart, Field Inspector III, read the case into the record, reviewed the violations, and responded to questions asked by the County Attorney while photographs were displayed.

The Board approved to find the respondent guilty on all violations and order the respondent to cure the violations before January 1, 2025 or face a $250 per day penalty.

6. BV24-00011 BRIJE LLC c/o ADAM PEREZ

A waiver of appearance was completed by the property owner prior to the meeting.

7. BV24-00012 NOVAK MONICA APRIL

A waiver of appearance was completed by the property owner prior to the meeting.

8. BV24-00015 BURKE CRAIG & DEBRA

A waiver of appearance was completed by the property owner prior to the meeting.

E. Waiver of Appearance/Agreements for Entry of Orders by Board

Earlier in the meeting, the Board approved to move cases 3, 6, 7, and 8 to Section E on the Agenda.

Mr. Boundy requested there be a motion for all of the cases that were moved to Section E of the Agenda that approved and authorized the Chairman to sign orders ordering compliance on those cases by January 1, 2025, or face a penalty of $150.00 per day.

The Board approved to find the respondents guilty on all violations and order the respondent to cure the violations before January 1, 2025, or face a $150.00 per day penalty.

F. Request for Extension of Time

Mr. Boundy noted the extensions were retroactive.

Mr. Boundy noted that cases 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, and 20 had requested an extension to January 1, 2025 and with Board approval the Building Official had agreed to their request.

Ms. Connelly spoke during the discussion.

Discussion followed regarding that the cases were approved for extension; culminating fines; a formal process for reasonable requests; and the need for code compliance.

The Board approved the requested extension of time to January 1, 2025, for all cases in Section F or face a $150.00 per day penalty.

Mr. Orlando Borras, Planning Services, used a PowerPoint presentation to review the item and spoke regarding the project overview, map location, zoning map, future land use, the location within VOPH, roadway improvements, the master plan, and recommendations.

Discussion was held regarding the Watergrass dead end road; the developer agreement to build the roads; and impact fee credits.

Acting-Chairman Maggard called for public comment.

Mr. Jordan Schrader, applicant representative, stated he was present to answer any questions from the Board.

The Committee approved the item per Staff's recommendation.

Adjourn

Mr. Pittos spoke regarding the Financial Plan review and updates, the scope of work, the task order, the adequacy of the various planning assumptions, the development forecasts, the current development climate, timing and phasing of the infrastructure, the level of service and the performance goals, the revenue forecast, that it would be brought to the Committee and the Board of County Commissioners, the public meetings with stakeholders that would be held, that there were not any specifics at the moment, and the consultant.

Discussion was held regarding the effects on the current surcharge rates; potential affects to developers; that fees were assessed at building permitting; the County's updates to mobility fees; that nothing definitive could be provided; that a timeline may be available to share in August; the tax increment collections; Staff's plans to provide an annual VOPH budget update in September or October; future revenue sources; growth assumptions; affects to the tax increment revenue; and the taxes that had been collected.

The Committee approved to adjourn the meeting.

The meeting adjourned at 2:02 p.m.

Please approve the attached Revision No. 1 to Task Order No. 1-23 for Time Extension Only with Arcadis, U.S., Inc. (Arcadis) for the Crystal Springs Booster Station project. The Utilities and Contract Management Department requests a time extension of 900 days, changing the completion date to June 30, 2028. No additional funding is required.

This time extension is a necessary step to ensure continuity of professional services through all remaining phases of the project, allowing Arcadis to complete the final design tasks and remain engaged during the procurement and construction phases—providing critical engineering oversight and technical support until the construction phase is awarded in 2026.

The completion of this project has been impacted by factors that are beyond the control of the County. One factor is the parcel on which the booster station will be built must be platted over to the County by a developer (M/I Homes) in the area before construction can begin. Additionally, M/I Homes must construct a sewer collection system and lift station that will be utilized to drain the effluent discharge from the booster station, which is required before the booster station can be put into service. Please refer to the table below for the updated Task Order timeline.

REFERENCES: RSQ-DS-20-056, UTD24-0111

Please approve the attached Revision No. 1 to Task Order No. 3-24 with Carollo Engineers, Inc. (Engineer) for the update of the 2024 Pasco County Master Reuse System Master Plan. The Utilities Engineering and Contract Management Department is requesting a 147-day time extension to revise the contract completion date from November 4, 2025, to March 31, 2026. No additional funding is required.

This time extension is necessary to accommodate delays resulting from the recent extension of the Wastewater Master Plan completion date and the need to incorporate the most current and accurate available data into the 2024 Pasco County Master Reuse System Master Plan. Since the Wastewater Master Plan serves as an input to the Reclaimed Water Master Plan—specifically, projected wastewater flows inform projected reclaimed water supply—it was prudent to align the completion timelines of both master plans. The additional time will allow for a more thorough analysis and a resilient data-driven strategy for future reuse system development.

On January 13, 2021, the County Administrator, through delegation from the Board of County Commissioners (BCC), executed the Continuing Professional Services Agreement (RSQ-DS-20-056) with the Engineer for Continuing Professional Services.

On March 26, 2024, the BCC approved Task Order No. 3-24, which was negotiated to provide engineering services to collect, analyze, and prepare population projections, hydraulic engineering, and cost data. The Utilities Engineering & Contract Management Department supports the requested Revision No. 1 for Task Order No. 3-24 for time only and recommends approval..

The County Administrator has delegated authority to execute the attached documents pursuant to Article IV Division 2 of the Pasco County Code of Ordinances.

RE: Tier Determination Application ("MSTRGR-2025-00026") – 1526 Meadow Pointe Blvd. Proposed Parcel I.D. No.(s): 34 26 20 0000 00100 0020 – Proposed 166-foot above-ground-level (AGL) monopole

Dear Ms. Wood:

The Planning, Development and Economic Growth Department (PDE) is in receipt of your request for a Tier Two Determination for an existing Wireless Communication Facility (WCF) extension and expansion located at 1526 Meadow Point Blvd (MSTRGR-2025-00026), which was deemed complete on September 11, 2025. The proposal is to add a 20-foot extension for T-Mobile to an existing 146-foot monopole for a total height of 166 feet.

On July 3, 2008, this WCF was originally permitted as a 150-foot monopole flagpole (Permit # 675908). The finished tower came in at 146 feet. Pursuant to Land Development Code (LDC), Section 1002.6., Tier Two, specifically LDC, Section 1002.6.B.1, existing cell towers limited to a height increase of less than 20 feet in a RES-3 (Residential 3 – du/ga) Future Land Use (FLU) shall be reviewed as Tier Two cell tower.

Based on this review, PDE determined that the proposed 20-foot extension qualifies for review as a Tier Two WCF and has been completed in accordance with LDC, Section 1102.14., Review Timeframes (B.). As the tower was initially permitted as a 150-foot cell tower, but constructed at 146 feet, the request to increase the height is permitted and shall cannot exceed 166 feet.

The owner/applicant shall comply with all requirements to complete the Tier Two review, as outlined in the LDC, including, but not limited to:

- LDC, Section 1002.12, Notice of Preliminary Site Plan Filing for a Tier Two Wireless Communications Facility.

- No sooner than three (3) days prior to applying for a preliminary site plan (PSP) review for a Tier Two tower, the applicant shall provide written notice of the filing of the application to all of the property owner(s) within a distance of 500 feet of the subject property line ("noticed property owners"). The notice must be mailed with the Certificate of Mailing to provide evidence of the mailing date to the property owners noticed. Proof of such notice shall be included with the application for PSP.

    - Notice shall contain:
        - Basic description of the proposed tower;
        - Address and/or property identification number;
        - Map or description of where the tower is to be located on the parcel;
        - Contact information for the applicant's representative;
        - County address where written objections may be filed in accordance with LDC Section 407.1; and
        - A statement using this language (LDC Section 1002.12):

NOTICE

A Tier Two application for an administrative site plan review under the Pasco County Land Development Code, Section 1002.4, has been submitted for this proposed tower. If you have any questions about this application, you are encouraged to contact the applicant's representative. If you believe this application does not meet the applicable requirements of the Pasco County Land Development Code, Section 1002.6, you have the right to appeal the Zoning Administrator's Determination that this application meets the criteria for a Tier Two review. To appeal this determination, you must file an appeal in accordance with the Land Development Code Section 407.1 within 30 days of the mailing date of this letter.

- LDC, Section 1002.8, Development Standards (B., C.) – No approved unbuilt towers within 1,500 feet and no existing towers or other structures within the search ring available and Screening and Landscaping and Parking and Access.

- LDC, Section 1002.9, Submittal Requirements. A Copy of the applicable FCC license or authorization of the communications provider.

- LDC, Section 1002.9.B, Tier Two Applications for New Towers (notice).

- LDC, Section 1002.9.C, Tier Two and Tier Three Applications for New Towers (search ring, inventoried towers, etc.)

- LDC, Section 1002.11, Tier Confirmation Notification. If a preliminary site plan for the Tier Confirmation site has not been approved within one year of the Tier Confirmation, or if the preliminary site plan for the Tier Confirmation site expires, then said Tier Confirmation shall

be considered expired.

- LDC, Section 1002.13, Expert Review fees.

For the purposes of submitting for a preliminary site plan, which shall be submitted through Accela, the applicant shall also submit the items required by LDC, Section 403.3, Preliminary Site Plans.

Terms & Conditions

Updated September 30, 2025

1. Definitions. "Buyer" means the party purchasing goods or services pursuant to these Terms and Conditions of Sale ("Terms and Conditions"). [redacted] goods, software, services, and advisory services sold or otherwise provided pursuant to these Terms and Conditions.

2. Controlling Provisions.
Generally. This document, including the provisions in [redacted] quotation, proposal, price list, acknowledgment and invoice, and [redacted] Limited Warranties described in Section 12 (the "Agreement") constitutes an offer by [redacted] to provide the Goods to Buyer. If this document is deemed an acceptance of a prior offer by Buyer, such acceptance is limited to the express terms contained in this Agreement. Buyer's acceptance of this offer is limited to the terms, covenants and conditions contained in this offer. [redacted] hereby objects to and rejects any additional, different or varying terms proposed by Buyer, regardless of whether or when Buyer submitted its purchase order or such terms. Such proposal of additional, different or varying terms by Buyer shall not operate as a rejection of [redacted] offer, and [redacted] offer shall be deemed accepted without such additional, different or varying terms. Fulfillment of Buyer's order does not constitute acceptance of Buyer's terms and conditions and does not serve to modify this Agreement. **THIS AGREEMENT CONSTITUTES THE FINAL EXPRESSION OF THE AGREEMENT BETWEEN [redacted] AND BUYER REGARDING THE GOODS AND IT IS A COMPLETE AND EXCLUSIVE STATEMENT OF THAT AGREEMENT. ANY TERMS, CONDITIONS, NEGOTIATIONS OR UNDERSTANDINGS WHICH ARE NOT CONTAINED IN THIS AGREEMENT SHALL HAVE NO FORCE OF EFFECT UNLESS MADE IN WRITING AND SIGNED BY BUYER AND AN AUTHORIZED OFFICER OF** [redacted] sales representatives do not have authority to change this Agreement. [redacted] reserves the right to correct clerical errors in its documents. It is the express wish of the parties that this document and any related documents be drafted in English.

Acceptance. Buyer shall be deemed to have made an unqualified acceptance of this offer and the Agreement on the earliest of the following to occur: (a) [redacted] receipt of a copy of this Agreement (or any document incorporating this Agreement)signed by Buyer, (b) Buyer's order of Goods after receiving notice of this Agreement, (c) Buyer's payment of any amounts due under this Agreement, (d) Buyer's delivery to [redacted] of any material to be furnished by Buyer, (e) [redacted] delivery of the Goods following Buyer's order, (f) Buyer's failure to notify [redacted] to the contrary within ten (10) days of receipt of this Agreement, or (g) any other event constituting acceptance under applicable law.

3. Storage. If the Goods are not shipped within fifteen (15) days after notification to Buyer that they are ready for shipping, for any reason beyond [redacted] reasonable control,

including without limitation Buyer's failure to give shipping instructions, [redacted] may store such Goods, at Buyer's risk, in a warehouse or yard located on [redacted] premises, and [redacted] may at its sole discretion charge Buyer and Buyer shall pay all handling, transportation and storage costs at the prevailing commercial rates upon submission of invoices on the stored Goods.

4. Prices. Unless stated otherwise in a governing quotation or tender, prices are stated and payable in U.S. dollars or Euros [redacted] Facility (pursuant to Incoterms 2020 of the International Chamber of Commerce, as amended or restated from time to time ["Incoterms"]). All prices are subject to change based on [redacted] selling prices in effect as of the date of shipment. [redacted] reserves the right, upon notice to Buyer, to revise selling prices to adjust for changes in laws, such as changes to taxes, tariffs, fees, trade penalties, or any and all other government required duties on goods or services. Quoted prices are firm for acceptance, via an order, within the effective dates provided in the quote, shipping within sixty (60) days past the expiration of the quote. Prices quoted for blanket orders are subject to review and retroactive adjustment, if necessary, based on actual quantities shipped. Written quotations are void unless accepted within the effective dates listed on the quotation and are subject to earlier change upon notice from [redacted] Other [redacted] publications are maintained as sources of information and are not quotations or offers to sell.

5. Taxes. All prices are exclusive of all sales, use, value added, customs and excise taxes, and any other taxes, duties, fees and charges of any kind imposed by any governmental authority in connection with this Agreement.

6. Title and Risk of Loss. All Goods are shipped [redacted] Facility (pursuant to Incoterms 2020 of the International Chamber of Commerce, as amended or restated from time to time). Buyer is responsible for all delivery charges for Goods. Title and risk of loss or damage to Goods passes to Buyer when Goods are moved from [redacted] dock into the conveyance vehicle for transport.

7. Payment Terms. Buyer shall pay all invoices within forty five (45) days of the invoice date. [redacted] reserves the right to establish credit limits for Buyer and may require full or partial payment prior to shipment of any Goods or commencement of any services provided hereunder. All payments shall be made via payment methods allowed by [redacted] according to instructions provided by [redacted]. For Buyers outside the U.S., [redacted] may require cash in advance or a Letter of Credit for payment or security in a form acceptable to [redacted]. If Buyer does not pay [redacted] any amount due under this Agreement or any other Agreement when such amount is due or if Buyer defaults in the performance of this Agreement, [redacted] may, without incurring liability to Buyer and without prejudice to [redacted] other lawful remedies (a) terminate [redacted] obligations under this Agreement, (b) declare immediately and due payable all Buyer's obligations to [redacted], (c) change credit terms with respect to any further work or deliveries, and/or (d) suspend or discontinue any further work or deliveries. Buyer agrees to reimburse [redacted] for all costs and fees including, without limitation, attorneys' fees incurred by [redacted] in collecting any sum owed by Buyer to [redacted]. Any invoices

which Buyer does not pay within the time provided in this Agreement shall bear interest at the lower of (i) one and a half percent (1.5%) per month up to a maximum of eighteen percent (18%) per year; or (ii) the highest rate permitted by applicable law. Buyer shall not set off amounts due to [redacted] against claims against [redacted]

8. Packaging. [redacted] reserves the right to select the manner in which Goods are packaged. Special requirements for packing will be subject to extra charges.

9. Delivery. Shipping dates and completion dates quoted by [redacted] are made in good faith but are not guaranteed; [redacted] reserves the right to extend shipping dates as it deems necessary in its sole discretion, without incurring liability to Buyer and to make delivery in installments. Time for delivery is of the essence. In the absence of shipping instructions from Buyer, [redacted] will use its discretion as to the selection of shipping services and routings. Installation of Goods is the responsibility of the Buyer unless otherwise agreed in writing. Buyer is responsible for following all applicable installation instructions, guides, or other documentation. [redacted] is not responsible or liable for product that is installed or maintained improperly. [redacted] ships all products FOB – Factory within the United States (unless otherwise agreed to in writing, upon receipt of shipment, Buyer must inspect the goods for damage, shortage, or nonconformance. Buyer will make note of damage on the carrier's delivery receipt. Claims for shortages or other errors must be made in writing to [redacted] within seven (7) days after receipt of shipment and claims for concealed damage must be made to [redacted] within fifteen (15) days after receipt of shipment. Failure to give such notice shall constitutes unqualified acceptance and a waiver of all such claims by Buyer. When the Buyer's carrier and account are used for transit, the Buyer shall be responsible for any claims made for visible and concealed damage and/or loss of partial or complete shipment.

10. Force Majeure. Neither party to the Agreement will be liable for any delay or failure of performance that is the result of any happening or event that could not reasonably have been avoided or that is otherwise beyond its control, provided that the party hindered or delayed notifies the other party describing the circumstances causing delay. Such happenings or events will include, but not be limited to, terrorism, acts of war, riots, civil disorder, rebellions, cybercrime, fire, flood, earthquake, explosion, action of the elements, acts of God, epidemic, pandemic, or other health crises, inability to obtain or shortage of material, equipment or transportation, governmental orders, restrictions, priorities or rationing, accidents and strikes, lockouts or other labor trouble or shortage ("Cause"). Any delay that results from a Cause shall last only as long as the Cause remains beyond the reasonable control of the delayed party. However, the delayed party shall use its best efforts to minimize the delays. The delayed party must notify the other party promptly upon the occurrence of any Cause (or performance by the delayed party will not be considered excused pursuant to this paragraph), and must inform the other party of its plans to resume performance. In addition, any Cause resulting in impossibility to perform by a party shall be relayed to the other party promptly upon the occurrence of the Cause.

11. Orders; Changes and Cancellations. Buyer's orders or mutually agreed change orders shall be subject to all provisions of this Agreement, whether or not the order or change

order so states. No order shall be binding upon [redacted] until received and accepted by [redacted] in its sole discretion. Minimum order value is $200 U.S.D. Orders submitted to [redacted] may not be cancelled or amended, or deliveries deferred, by Buyer except with [redacted] prior written consent. For orders of less than $10,000, cancellation may be provided prior to shipment upon [redacted] approval. Any order that has a value greater than $10,000 and is cancelled, shall have a 15% restocking fee. Neither Buyer's acceptance of this offer nor any conduct by [redacted] (including but not limited to shipment of Goods) will oblige [redacted] to sell to Buyer any quantity of Goods in excess of the quantity that Buyer has committed to purchase from [redacted] at the time of such acceptance or conduct. Due to continuous efforts to improve and redesign of our products and technology solutions, [redacted] reserves the right to provide our newest product solutions as an alternative to the quoted or ordered Goods, provided they are in conformance with the requirements of any agreed specifications and do not exceed the prices quoted.

12. Limited Warranties. The equipment components of the [redacted] are warranted free from material defects of material and workmanship for a period of one (1) year from the date of installation. Unless otherwise stated, the [redacted] warranty herein is a parts only warranty. Should the Buyer discover any condition that might invoke a warranty claim, they are to expeditiously and without delay notify the [redacted] Technical Services group. Upon notification, [redacted] will assess and instruct the user on follow-on actions. Should a component fail as a result of a defect in material or workmanship, [redacted] will replace the component or repair it at the [redacted] location. For all valid warranty claims, as determined by [redacted] reasonable freight charges to and from Buyer shall be paid by [redacted]. In all cases, [redacted] shall determine the shipping method and/or carrier unless otherwise agreed to in writing by Buyer and [redacted] Upon approval of a warranty failure by [redacted] [redacted] will either repair or replace the defective component at [redacted] sole discretion.The foregoing warranty is exclusive. Repair or replacement in the manner provided above shall be the sole and exclusive remedy for breach of warranty and shall constitute fulfillment of all liabilities of [redacted] with respect to the quality and performance of the products. This warranty does not cover damage or repairs or replacements by any cause beyond the control of [redacted], including acts of nature, improper use, lack of proper maintenance, vandalism, or unauthorized repair. [redacted] shall not be liable for any actual, exemplary, indirect or consequential damages, including damages for loss of goodwill or profits and/or losses, that stem from a failure or malfunction of the [redacted] system. [redacted] does not provide traffic control. Buyer must provide traffic control for installation and servicing of all units.

Generally.
THE WARRANTIES IN THIS SECTION ARE THE ONLY WARRANTIES GIVEN WITH RESPECT TO GOODS SOLD OR OTHERWISE PROVIDED BY [redacted]. [redacted] EXPRESSLY DISCLAIMS ANY AND ALL OTHER REPRESENTATIONS AND WARRANTIES, EXPRESS, IMPLIED OR OTHERWISE, INCLUDING WITHOUT LIMITATION, WARRANTIES AS TO FITNESS FOR A PARTICULAR PURPOSE, MERCHANTABILITY, NON- INFRINGEMENT, AND ANY WARRANTIES ARISING FROM

COURSE OF DEALING OR USAGE OF TRADE.

Where [redacted] provides recommendations to Buyer to address or mitigate issues identified by the Buyer, Buyer acknowledges that [redacted] will not have access to the full operational aspects and attributes of the Buyer's network. [redacted] is not a certified consultant and does not provide consulting services unless specifically contracted. All Goods are selected by the Customer and [redacted] recommendations do not constitute a requirement for purchase. [redacted] does not warrant that its product recommendations are an adequate solution for any identified or unidentified Customer issues.

Buyer's Obligations. Buyer must satisfy the following obligations in order to be eligible for coverage by the applicable warranty. Prior to using or permitting use of the Goods, Buyer shall determine the suitability of the Goods for the intended use and Buyer assumes all risk and liability whatsoever in connection therewith. Buyer agrees that [redacted] has no post–sale duty to warn Buyer or any other party about any matter or, if such duty exists, [redacted] satisfies that duty by providing any required warnings only to Buyer. Buyer assumes all post–sale duty to warn its customers. Buyer agrees to test and evaluate Goods promptly upon receipt to ensure compliance with all specifications, quality requirements and other requirements of Buyer's application. [redacted] does not guaranty the accuracy of information given and recommendations made as to suitability of Goods for Buyer's application or operating conditions. Nothing shall be construed to imply the nonexistence of any relevant patents or to constitute a permission, inducement or recommendation to practice any invention covered by any patent without authority from the patent owner

13. Intellectual Property. No Intellectual Property (as defined below) is assigned to Buyer hereunder. [redacted] shall own or continue to own all Intellectual Property used or created in the course of performing this Agreement. To the extent, if any, that any ownership interest in and to such Intellectual Property does not automatically vest in [redacted], and instead vests in Buyer, Buyer agrees to grant and assign and hereby does grant and assign to [redacted] all right, title and interest that Buyer may have in and to such Intellectual Property. Buyer agrees not to reverse engineer any Goods purchased or provided hereunder. This includes the reverse engineering of software, source code, or other proprietary elements that [redacted] provides to Buyer. "**Intellectual Property**" means patents and patent applications, inventions, developments and discoveries, whether or not patentable or copyrightable, trademarks, service marks, trade dress, copyrights, trade secrets, designs, drawings, specifications, database rights, rights in and to confidential information and know-how, and any rights analogous to the same anywhere in the world and existing at any time in the Goods or arising out of or relative to the design or manufacture of the Goods or the provision of services, and all other Intellectual Property and proprietary rights.
Any use of [redacted] or its affiliates' or suppliers' trademarks in advertisements or promotion must be preapproved in writing by [redacted] r. Buyer agrees to take all steps which [redacted] may from time to time consider to be necessary to perfect or protect [redacted] or its affiliates' or suppliers' rights in [redacted] Intellectual Property including, without limitation, executing all necessary assignments, declarations, and other

documents requested by [redacted] from time to time. Upon expiration or termination of this Agreement for any reason, Buyer shall take such steps and execute such documents as [redacted] requests to cause [redacted] or its affiliates or suppliers to own all rights in the Intellectual Property and to terminate any rights Buyer or its affiliates may have to use the Intellectual Property. Buyer shall inform [redacted] promptly of any potential or actual infringement of any of [redacted] or its affiliates' or suppliers' Intellectual Property and shall provide all assistance and information required by [redacted], at [redacted] expense, in connection with any such infringement.

14. Compliance with Laws. Buyer agrees to familiarize itself with and comply with all laws and regulations now or hereafter in effect and applicable to the purchase, transport, use, supply, storage, sale, offer for sale, lease and/or disposal of the Goods ("Laws") including, without limitation, to the extent applicable, the U.S. Foreign Corrupt Practices Act and all other anti-bribery laws, all U.S. anti-boycott laws, and the U.S. Export Administration Act and all regulations thereunder.

If Buyer or its affiliates, agents or representatives engages a freight forwarder or similar service provider, Buyer shall provide [redacted] with copies of freight forwarder (or similar) records regarding Goods exports promptly upon request.

Buyer shall promptly notify [redacted] in writing if Buyer receives notice of or otherwise has reason to believe that a violation of any applicable trade laws has occurred or is likely to occur.Buyer assumes all risk with respect to compliance of Goods with applicable Laws (including without limitation all environmental laws in any jurisdiction).

Buyer acknowledges that certain Goods may have restrictions on who can purchase, transport, use, supply, store, sell, offer for sale, lease and/or dispose of ("Actions") the Goods and on how and where such Actions may take place. Buyer agrees to be responsible for determining who may take such Actions and how and where such Actions may take place after [redacted] delivery hereunder, and further agrees to ensure that its customers comply with such requirements.

By accepting this Agreement, Buyer confirms that:

- Buyer understands that Goods provided by [redacted] are subject to U.S. export control laws and regulations, including, without limitation, the International Traffic in Arms Regulation (ITAR) or the Export Administration Regulations;
- Buyer will comply with all applicable U.S., EU, and UN laws and regulations and any other laws, regulations, or orders of similar effect enforced any other applicable jurisdiction whenever we export, re-export, or transfer Product(s) acquired from [redacted], insofar as it does not infringe any applicable anti-boycott rule, and acknowledges that the controlling laws and regulations may be amended from time to time;
- Buyer acknowledges that U.S. law prohibits the sale, transfer, export, re-export, or

participation in any export transaction involving [redacted] Goods with individuals or companies listed in the United Nations Financial Sanctions List, Consolidated List of Persons, Groups, and Entities Subject to EU Financial Sanctions, U.S. Department of Commerce's Denied Persons List, Entity List, or Unverified List; the U.S. Department of State Nonproliferation Sanctions, AECA Debarred List; U.S. Department of Treasury's Specially Designated Nationals, Foreign Sanctions Evaders List, Sectoral Sanctions Identifications (SSI) List, Palestinian Legislative Council (PLC) List, The List of Foreign Financial Institutions Subject to Part 561 List, and Blocked Persons Lists; and any additional lists added by the U.S. Government. Buyer will not transfer, export, or re-export, directly or indirectly to any party identified on a restricted party list published by the U.S. government, European Union, or any other government, or to any party otherwise prohibited under any applicable law from receiving [redacted] Goods;

- Buyer will not use, sell, transfer, export or re-export [redacted] Goods for use in any activity related to the development, production, use, stockpiling, maintenance, or proliferation of weapons of mass destruction, including, without limitation, uses related to nuclear, chemical or biological weapons (i.e. the nuclear, chemical or biological materials/substances themselves could be used in weapons and/or the weapon delivery systems for those materials/substances) ("Weapons"), and that Buyer will not transfer, divert, export, or re-export, directly or indirectly, Goods, including any products developed or manufactured using [redacted] Goods, to any party engaged in any such activity, nor use such Goods in any facilities that are engaged in activities related to such Weapons.

  This restriction also includes, but is not limited to:
  - nuclear explosive activities, safeguarded and unsafeguarded nuclear activities
  - rocket systems or unmanned air vehicles
  - maritime nuclear propulsion;
- If Buyer is subsequently engaged in the use, development, production, transfer, export or re-export of any [redacted], Buyer acknowledges that it may be subject to and responsible for the export licensing requirements of the U.S. government or any other government;
- Buyer acknowledges that it may receive Goods from [redacted] exported under a written authorization from the U.S. government or any other government and acknowledge that it may be subject to and responsible for conditions subject to this written authorization and/or be subject to and responsible for the re-export licensing requirements applicable to the U.S. government's or any other government's written authorization;
- Buyer will comply with all applicable laws and regulations whenever Buyer transfers, exports, or re-export Goods obtained from [redacted], and Buyer acknowledges that the controlling laws and regulations may be amended from time to time; and
- Buyer will provide [redacted] with information regarding end-user, end-use, and

country of ultimate destination if purchasing [redacted] Goods for anything other than stock inventory.

Buyer acknowledges that [redacted] shall file all export formalities related to all export sales from the U.S. including exports where Buyer designates the freight forwarder, unless Buyer is otherwise instructed or notified by [redacted] in writing from the Global Logistics Department. Export formalities include, but are not limited to, preparing and filing the electronic export information ("EEI"), and obtaining any necessary export licenses. [redacted] shall ensure the goods are properly documented, cleared for export, and meet all requirements for lawful exportation. Buyer, or their freight forwarder, shall provide any necessary information or documentation requested by [redacted] to facilitate the export process, including, but not limited to, supplying the export EEI information, the onboard billing of lading/airway bill and notification of any split shipments, destination, consignee or ultimate consignee changes.

Buyer acknowledges the export transactions from the U.S. that are routed export transactions (RET) as defined in the U.S. Export Administration Regulations, 15 C.F.R. § 772.1 and the Federal Trade Regulations, 15 C.F.R. § 30.1(c) will only be transacted under [redacted] Facility U.S. (Incoterms 2020). Buyer, as the foreign party, shall be considered the Foreign Principal Party in Interest ("FPPI") for these transactions, and as the FPPI authorizes their U.S. agent to facilitate the export of items from the U.S. on the Buyer's behalf and prepare and file the EEI. Buyer shall comply with 15 C.F.R. § 30.3(e)(2) and 758.1(h)(1)(i) by supplying their U.S. agent with a power of attorney or other form of written authorization and shall provide a copy to [redacted] at time the order is placed. Buyer shall also instruct their U.S. agent to provide [redacted] a copy of the EEI transaction and the onboard bill of lading/airway bill. [redacted] will provide all EEI data elements to Buyer's U.S. agent as required under 15 C.F.R. § 30.3(e)(1) to complete the EEI filing.

15. Customer Validation. [redacted] reserves the right to determine OEM qualifications of any and all buyers to request end customer invoicing in situations where project pricing may have been granted by the factory. [redacted] reserves the right to determine market definition of any and all buyers and to employ third-party sources, including SIC codes, and/or information about the application or products purchased to determine market definition.

16. Nuclear Disclaimer. The Goods are not intended for use in connection with any nuclear facility or activity unless covered by a specific quotation where the conditions of such usage will be detailed. If the Goods are used in a nuclear facility or activity without a supporting quotation, [redacted] disclaims all liability for any damage, injury or contamination and Buyer shall indemnify and hold [redacted], its shareholders, directors, officers, agents, employees, successors, assigns and customers, whether direct or indirect, harmless from and against any and all Losses (as defined in Section 17) which they, any of them, may sustain or incur, whether as a result of breach of contract, warranty, tort (including negligence), strict liability or other theories of law, by reason of such use. The foregoing shall not be deemed to imply or impose liability on [redacted] where the Goods

are used in a nuclear facility or activity with a supporting quotation; all limitations and exclusions in this Agreement and in [redacted] Limited Warranty shall apply.

17. Limitation of Liability.

Cap on Liability. [redacted] aggregate liability in any and all claims and causes of action arising under, out of or in relation to this Agreement, its negotiation, performance, breach or termination (collectively "Causes of Action") shall not exceed the total amount paid by Buyer to [redacted] under this Agreement, whether the Causes of Action are in tort including, without limitation, negligence or strict liability, in contract, under statute or otherwise.

Limitation and Exclusion of Damages. AS A SEPARATE AND INDEPENDENT LIMITATION ON LIABILITY, [redacted] LIABILITY SHALL BE LIMITED TO DIRECT DAMAGES. [redacted] SHALL NOT BE LIABLE FOR: (I) ANY CONSEQUENTIAL, INDIRECT, INCIDENTAL, SPECIAL, EXEMPLARY, OR PUNITIVE DAMAGES, DIRECT OR INDIRECT LOST PROFITS OR REVENUES OR DIMINUTION IN VALUE, SHUTDOWN OR SLOWDOWN COSTS, OR LOSSES RELATING TO COLLATERAL CONTRACTS, ARISING OUT OF OR RELATING TO ANY BREACH OF THIS AGREEMENT, WHETHER OR NOT THE POSSIBILITY OF SUCH DAMAGES HAS BEEN DISCLOSED IN ADVANCE BY BUYER OR COULD HAVE BEEN REASONABLY FORESEEN, REGARDLESS OF THE LEGAL OR EQUITABLE THEORY (CONTRACT, TORT OR OTHERWISE) UPON WHICH THE CLAIM IS BASED, AND NOTWITHSTANDING THE FAILURE OF ANY AGREED OR OTHER REMEDY OF ITS ESSENTIAL PURPOSE; (II) ANY IN/OUT COSTS; (III) ANY MANUAL METER READING COSTS AND EXPENSES NOR (IV) ANY COSTS AND EXPENSES TO REMOVE PRODUCT FOR WARRANTY ANALYSIS, OR RE-INSTALLATION COSTS AND EXPENSES; "IN/OUT COSTS" MEANS ANY COSTS OR EXPENSES INCURRED BY BUYER IN TRANSPORTING GOOD BETWEEN ITS WAREHOUSE AND ITS END USER'S PREMISES. "END USER" MEANS ANY END USER OF THE WATER OR GAS THAT PAYS BUYER FOR THE CONSUMPTION OF WATER OR GAS, AS APPLICABLE.

Limitations Unconditional. The limitations on liability set forth in this Agreement are fundamental inducements to [redacted] entering into this Agreement. They apply unconditionally and in all respects. They are to be interpreted broadly so as to give [redacted] the maximum protection permitted under law.

Limit on Actions. To the maximum extent permitted by Florida law, no Cause of Action may be instituted by Buyer against [redacted] more than five (5) years after the cause of action accrues pursuant to Florida Statute 95.031.

18. Indemnification. Buyer releases and agrees to defend, indemnify and hold harmless [redacted] its shareholders, directors, officers, employees, agents, affiliates, successors, assigns and customers from and against all claims, liabilities, actions, causes of action, fines, penalties, judgments, demands, damages, losses, costs and expenses, including without limitation attorneys' fees and costs (collectively, "Losses"), arising out of (a) Buyer's or its End User's use of the Goods, (b) breach of this Agreement by Buyer, (c) Buyer's or its End User's products, materials, performance, designs, approvals or instructions, (d)

infringement of third party proprietary rights, except to the extent such Losses arise out of a breach of this Agreement by [redacted], (e) any violation of Buyer of any law, rule or regulation, (f) any negligence or willful misconduct of Buyer, or (g) any modifications or changes made to the Goods by or on behalf of any person other than Seller or its Representatives, if the infringement would have been avoided without such modification or change. Prior to settling any claims, Buyer will give [redacted] an opportunity to participate in the defense and/or settlement of such claim. Buyer shall not settle any claim without [redacted] written consent. In the event of any recall affecting Goods, [redacted] shall have the right to control the recall process and Buyer shall fully cooperate with [redacted] in connection with the recall.

19. Confidentiality.

Generally. Buyer acknowledges that all [redacted] Confidential Information (as defined below) which may be disclosed to it by [redacted] or its affiliates or suppliers shall at all times, during and after expiration or termination of this Agreement for any reason, remain [redacted] exclusive property, and Buyer shall not acquire any proprietary interest whatsoever therein. Subject to Florida Statute Chapter 119 and other public records provisions, Buyer shall (and shall cause its employees and contractors to) keep all [redacted] Confidential Information strictly confidential and shall not disclose it to any third party or use it, except to the extent reasonably required to perform this Agreement or as required under applicable law, court order or regulation. As used herein [redacted] Confidential Information" means any and all non-public information of [redacted], including without limitation the terms of this Agreement, and all non-public data, specifications, equipment and product information, prototypes, drawings, technical information, engineering drawings, forecasts, sales data, "know-how", designs, computer programs, processes, inventions, current and future (unreleased) products and technology, and confidential business information such as cost data, profit margins, sales strategies, supplier information, procurement requirements, employee information, customer preference or needs, customer data and employee capabilities which are not available to the public, unpublished U.S. and foreign patent applications, invention disclosure forms, all technical information about products or services, pricing information, marketing and marketing plans, Goods performance, Goods architecture and design, other business and financial information, software, third party information [redacted] is required to keep confidential, any materials derived from or based upon [redacted] Confidential Information, and all trade secrets. [redacted] Confidential Information may be transmitted orally, in writing, electronically or otherwise observed by Buyer. Notwithstanding the foregoing, "[redacted] Confidential Information" shall not include: (i) any information that is in the public domain other than due to Buyer's breach of this Agreement; or (ii) any information Buyer can demonstrate by documentary evidence was in the possession of the Buyer without restriction prior to disclosure by [redacted]. Upon expiration or termination of this Agreement for any reason, and otherwise upon [redacted] request, Buyer shall, within fifteen (15) days surrender to [redacted] all plans, drawings, specifications, sketches, literature, samples, documents and other tangible objects and copies thereof relating to [redacted] Confidential Information and all of [redacted] or its affiliates' or suppliers' property. Nothing in this Agreement shall be construed to limit or negate the common or statutory law of torts or trade secrets where it

provides [redacted], its affiliates or suppliers with broader protection than that provided herein.

Engineering Data. All engineering data, design information and engineering and shop drawings used in the completion of Buyer's order are and shall remain [redacted] property. Buyer shall not copy, distribute or communicate to any third party such data without [redacted] prior written permission. However, Buyer shall distribute appropriate product data regarding operation, safety and maintenance to the end user.

Personal Information Safeguards This Section will apply unless superseded by a prior agreement. Under this Agreement, [redacted] will not receive, or have access to, use or store Personal Information (as defined below), unless otherwise notified by Buyer with written notice that such information is pertinent to the transaction. If however, [redacted] receives, or has access to, uses or stores Personal Information under this Agreement, then this will apply (in addition to Section 18 [Confidentiality]).

"Data Protection Law" means: (a) the Directive 95/46/EC of the European Parliament and of the Council of 24 October 1995 (as updated); (b) any other applicable data privacy legislation or regulation; and (c) [redacted] privacy policy (available here.)

"Personal Information" means any information relating to an identified natural person or a directly or indirectly identifiable natural person.

To the extent [redacted] receives, or has access to, uses or stores Personal Information under this Agreement, [redacted] will:

immediately notify Buyer;

implement and maintain administrative, physical, and technical safeguards ("Safeguards") that meet or exceed relevant industry standards and that protect the security and privacy of Personal Information. [redacted] will not permit access to Personal Information except to those who need to know it in orderto perform under this Agreement, and will ensure that any third party accessing Personal Information protect it with Safeguards at least as strong as [redacted] Safeguards;
upon Buyer's instruction and in accordance with [redacted] electric record retention policy, delete such Personal Information immediately or return it to Buyer in a secure manner and delete all remaining copies of Personal Information after such return and provide documentation of the deletion to Buyer;

not use the Personal Information for any other purpose than compliance with its' obligations under this Agreement; and

if [redacted] r has reason to believe that Personal Information is reasonably likely to have been accessed for an unauthorized purpose or by unauthorized persons (a "Breach"): (a) promptly notify Buyer (b) reasonably assist Buyer in investigating and remedying any

Incident and any related inquiry or claim; and (c) provide Buyer with reasonable assurance that [redacted] has corrected all circumstances under [redacted] control that led to the Incident.

Notwithstanding the foregoing, the Buyer shall not be required to maintain as confidential the Agreement or any information, data, or records that have not been properly designated as trade secret or proprietary information pursuant to section 812.081, Florida Statutes, and is not otherwise exempted from the provisions of the Public Records Law, Chapter 119, Florida Statutes. In the event the Buyer receives a public records request for the same, they shall give [redacted] written notice (within five (5) business days of the request), allowing [redacted] to prevent disclosure of its proprietary information, data or records or trade secrets.

20. Returns. No Goods may be returned for credit or repair without a Returned Material Authorization (RMA) issued by [redacted]. [redacted] reserves the right to reject return if Buyer does not get prior authorization and RMA. Authorized return shipments must be returned in original packaging and in good condition to [redacted] designated receiving point, must be accompanied by a packing slip, including [redacted] RMA number, and must have transportation charges prepaid. NO RETURNS ACCEPTED WITHOUT PRIOR [redacted] AUTHORIZATION EVIDENCED BY A VISIBLE RMA NUMBER ON THE OUTSIDE OF THE PACKAGE. If returned Goods are severely damaged in shipping, based on poor packing, they may not be eligible for credit. Correspondence concerning all returned Goods must be addressed to the appropriate [redacted] office and party. [redacted] reserves the right to deduct an adequate service charge to cover all inspection, testing and handling from any credit, plus freight, insurance, packing, import and export costs. Unused or uninstalled product returns received prior to 90 days after invoice date are eligible to be credited back to the customer with [redacted] approval. Only current versions of other products are eligible to be credited back to the customer. [redacted] reserves the right to charge a restocking fee.

21. Assignment. This Agreement may not be assigned by either party without the written consent of the other(which consent shall not be unreasonably withheld). However, consent will not be required for internal transfers and assignments of [redacted], its subsidiaries or affiliates as part of a consolidation, merger or any other form of corporate reorganization.

22. Governing Law and Dispute Resolution. This Agreement shall be deemed as made and accepted in Florida, USA. This Agreement and all disputes hereunder shall be governed by, resolved and construed under the internal laws of the State of Florida without regard to rules relating to conflict of laws. Neither this Agreement nor sales hereunder shall be governed by the provisions of the United Nations Convention on Contracts for the International Sale of Goods.

VENUE FOR ANY SUIT OR ACTION RELATING TO OR ARISING OUT OF ANY GOODS PURCHASED FROM OR SERVICES PERFORMED BY [redacted] SHALL LIE

EXCLUSIVELY IN THE STATE OR FEDERAL COURTS LOCATED IN FLORIDA, USA, AND BUYER CONSENTS TO THE JURISDICTION OF SUCH COURTS AND AGREES TO APPEAR IN ANY SUCH ACTION UPON WRITTEN NOTICE THEREOF.

23. Severability. If any term or provision of this Agreement is invalid, illegal or unenforceable in any jurisdiction, such invalidity, illegality or unenforceability shall not affect any other term or provision of this Agreement or invalidate or render unenforceable such term or provision in any other jurisdiction.

24. Non-Waiver. Failure or delay of either party to exercise a right or power under this Agreement shall not operate as a waiver thereof, nor shall any single or partial exercise of a right or power preclude any other future exercise thereof.

25. Government Contracts. If the provision of Goods by [redacted] under accepted orders is subject to mandatory provisions of U.S. law concerning contracts or subcontracts with or for the benefit of the U.S. or any state or other national government, Buyer shall so notify [redacted] in advance of order acceptance specifying the mandatory provisions of U.S, state or other national government law which apply.

26. Cumulative Remedies. [redacted] rights and remedies under the Agreement are cumulative and in addition to all other rights and remedies available to [redacted] at law or in equity.

27. Relationship of Parties. Buyer and [redacted] are independent contractors, and nothing herein shall be construed to create a partnership, joint venture, agency or employment relationship Neither party has nor will have any power to bind the other, or to assume or create any obligation or responsibility, express or implied, on behalf of the other party.

28. The County adheres to subsection 287.134(2)(a), Florida Statutes, and will not transact business with entities or affiliates placed on the discriminatory vendor list maintained by the Florida Department of Management Services. The Supplier certifies that is not on the discriminatory vendor list. Violation of this provision by the Supplier is grounds for termination of the Agreement by the County.

29. Pursuant to section 287.135, Florida Statutes, the Supplier certifies that: (1) it is not on the Scrutinized Companies that Boycott Israel List, created pursuant to section 215.4725, Florida Statutes; (2) it is not participating in a boycott of Israel; (3) it is not on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Terrorism Sectors List, created pursuant to section 215.473, Florida Statutes; and (4) it is not engaged in business operations in Cuba or Syria.

The County reserves the right to terminate the Agreement if the County finds that: (1) any of the above certifications are false; (2) the Supplier has been placed on the Scrutinized Companies that Boycott Israel List; (3) the Supplier is engaged in a boycott of Israel; (4) the

Supplier has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Terrorism Sectors List; or (5) the Supplier is engaged in business operations in Cuba or Syria.

30. Pursuant to section 287.05701, Florida Statutes, the County: (1) may not request documentation of or consider a Supplier's social, political, or ideological interests when determining if the Supplier is a responsible vendor; and (2) may not give preference to a Vendor based on the Supplier's social, political, or ideological interests.

SUBJECT: Jail Expansion - Moss & Associates - Construction Change Directive CCD066 - Overhead Doors, Security Controls, Drywall and Framing, and Flooring - $35,000.00

On July 14, 2020, the Board of County Commissioners (BCC) approved RFP-KM-20-032, Construction Management at Risk Agreement with Moss for the preconstruction phase of the expansion and renovation of the Pasco County Jail Addition.

On August 9, 2022, the BCC approved Amendment No. 1 to the Agreement between Pasco County and the Construction Manager (Agreement) to establish a Guaranteed Maximum Price (GMP) and contract time for the work for the Jail Addition Project (Project) in the amount of one hundred ninety-two million, five hundred ninety-five thousand and four hundred and ninety-seven dollars. ($192,595,497.00).

On June 4, 2024, the BCC approved Amendment No. 2 to the Agreement to increase the GMP and the Project budget for a total of one hundred ninety-eight million, four hundred eighty-four thousand and four hundred ninety-seven dollars ($198,484,497.00), establish and add five million dollars ($5,000,000.00) to Owner's Contingency, and add 102 calendar days to contract time for a final completion date of December 26, 2025.

On April 9, 2025, the BCC approved Amendment No. 3 to the Agreement to increase the GMP and the Project budget by fourteen million, seven hundred ninety-one thousand, thirteen dollars and fifty-two cents ($14,791,013.52) for a Not to Exceed Amount of two hundred thirteen million, two hundred seventy-five thousand, five hundred ten dollars and fifty-two cents ($213,275,510.52); increase the Owner's Contingency by four million, four hundred sixty-nine thousand, four hundred thirty-one dollars ($4,469,431.00); and add two hundred eighty-four (284) days to the Contract Time for a final completion date of October 6, 2026.

Presented for review and approval is CCD066 in the amount of $35,000.00 for design revisions, including resizing three overhead doors in Area H; converting the Intermediate Distribution Frame (IDF, network closet) room in Area K into expanded storage, impacting lighting, flooring, and drywall finishes; and adding VCT flooring at IDF Room K246. Additionally, new security cameras have been incorporated into Area R dayrooms, modifying the scope of surveillance infrastructure. These updates reflect coordination across architectural, electrical, and security disciplines to support operational needs and facility enhancements. This will be funded by the Owner's Contingency.

Subject: 1112007 - CCD #66 Multidisciplinary Changes ROM

TJ,
I am following up on the ROM pricing for CCD #66 for the Multidisciplinary Changes. While CCD #66 has yet to be fully executed by Pasco, Moss has reviewed the initial version of the CCD provided by HOK on 8/4/2025 and has prepared the following ROM pricing based on our subcontractor feedback:

ROM Estimate, this CCD is anticipated to be a cost to the Owner in the amount of $35,000

- $7,500 - Overhead Doors
- $12,500 - Security Controls
- $10,000 - Drywall and Framing
- $5,000 - Flooring

This ROM assumes the funding will come from the Owner's Contingency within the existing contract. It does not include the expected cost and impact of additional time or CM markup for fees and insurance. This also assumes no cost from other trades currently on site supporting the directly affected subcontractors.

Please provide the executed CCD, providing us authorization to proceed.

As always, we will work to mitigate any related impact.

Thank you,

SUBJECT: Jail Expansion - Moss & Associates - Construction Change Directive CCD068 - Sitework, Security, and Plumbing - $100,000.00

FROM: Andrew W. Baxter Facilities Management Director

On July 14, 2020, the Board of County Commissioners (BCC) approved RFP-KM-20-032, Construction Management at Risk Agreement with Moss for the preconstruction phase of the expansion and renovation of the Pasco County Jail Addition.

On August 9, 2022, the BCC approved Amendment No. 1 to the Agreement between Pasco County and the Construction Manager to establish a Guaranteed maximum price and contract time for the work for the Jail Addition Project in the amount of one hundred ninety-two million, five hundred ninety-five thousand and four hundred and ninety-seven dollars. ($192,595,497.00).

On June 4, 2024, the BCC approved Amendment No. 2 to the Agreement between Pasco County and the Construction Manager to increase the Guaranteed Maximum Price and the project budget for a total of one hundred ninety-eight million, four hundred eighty-four thousand and four hundred ninety-seven dollars ($198,484,497.00), establish and add five million dollars ($5,000,000.00) to Owner's Contingency, and add 102 calendar days to contract time for a final completion date of December 26, 2025.

On April 9, 2025, the BCC approved Amendment No. 3 to the Agreement to increase the GMP and the Project budget by fourteen million, seven hundred ninety-one thousand, thirteen dollars and fifty-two cents ($14,791,013.52) for a Not to Exceed Amount of two hundred thirteen million, two hundred seventy-five thousand, five hundred ten dollars and fifty-two cents ($213,275,510.52); increase the Owner's Contingency by four million, four hundred sixty-nine thousand, four hundred thirty-one dollars ($4,469,431.00); and add two hundred eighty-four (284) days to the Contract Time for a final completion date of October 6, 2026.

Presented for review and approval is CCD068 in the ROM amount of $100,000.00 for design modification updates to the laundry facility's sanitary plumbing system with a phased construction strategy, and adjustments to the main security gate pedestal locations and mounting details in response to site coordination. These changes aim to improve operational efficiency and infrastructure alignment, requiring coordination with Moss/County teams for implementation and compliance. This will be funded from the Owner's Contingency.

Subject: 1112007 - ROM for CCD #68

TJ,
I am following up on the ROM pricing for CCD #68 for the Sitework, Plumbing, and Security Changes. While CCD #68 has yet to be fully executed by Pasco, Moss has reviewed the initial version of the CCD provided by HOK on 9/4/2025 and has prepared the following ROM pricing based on our subcontractor feedback:

ROM Estimate, this CCD is anticipated to be a cost to the Owner in the amount of **$100,000**

1. $80,000 Sitework
2. $10,000 Plumbing
3. $10,000 Security

This ROM assumes the funding will come from the Owner's Contingency within the existing contract. It does not include the expected cost and impact of additional time or CM markup for fees and insurance. This also assumes no cost from other trades currently on site supporting the directly affected subcontractors.

Please provide the executed CCD, providing us authorization to proceed.
As always, we will work to mitigate any related impact.

Thank you,

Presented for review and approval is CCD069R1 in the amount of $42,500.00 for modifying hardware set 59.1 to include Door Position Switches (DPS) for doors N141, N241, and N341. This update ensures enhanced monitoring and integration with the building's access control system. The DPS installation will be coordinated with electrical and security trades to maintain system compatibility and performance.

CCD069R1 also includes updating the hardware configuration for Door P1104A to support integration with a newly installed card reader. This includes necessary adjustments to the locking mechanism and coordination with the access control infrastructure to ensure seamless operation and security compliance. All work shall be performed in accordance with project specifications and coordinated with relevant trades to minimize disruption and ensure system integrity.

This will be funded by the Owner's Contingency.

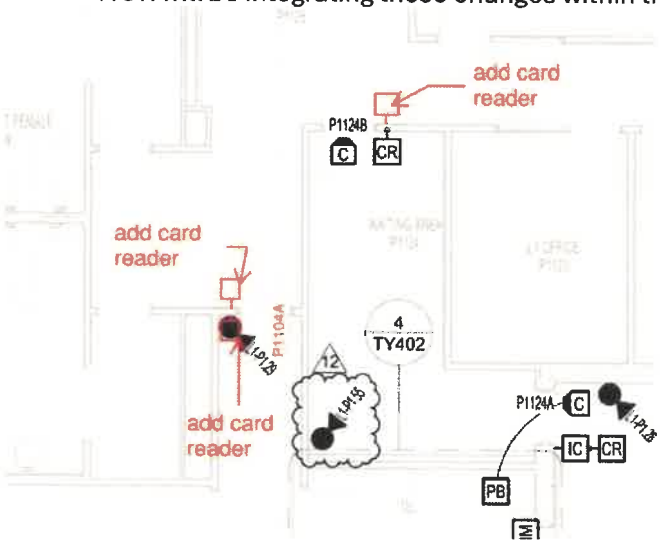
Michael, Capt. Riggans, + Proj Team,
Below are the notes from this morning's card readers and cameras coordination meeting between HOK and the Corrections team.

Item 1: Admin area (P1) doors P1124B and P1104A

- Need to add the necessary card readers to control access in and out of the admin suite. The will be times when trustees will be in the admin space thus we cannot allow for free egress from a security standpoint. Door P1104A will need the strike to be changed to an electric strike for new card reader to release door access.
- HOK will be integrating these changes within the RFI and future CCD.



Item 2: Vehicular Sallyport camera heights:

- The three cameras as indicated below need to be lowered as noted in the below mark-up.
- HOK will be integrating these changes within the RFI and future CCD.

FROM: Andrew W. Baxter
Facilities Management Director

Presented for your approval per Section 2 – Guaranteed Maximum Price - GMP Amendment is CAR No.CM-004 for the following:

- RFI #048 – Rerouting of the existing New Port Richey (NPR) Water Utility 10" Force Main that conflicted with the new building location. (Code CO-DC). This results in a cost increase of $59,115,00, which will be taken from the Construction Manager's Contingency.
- ASI #007 & RFI #55 – Revisions to the 20" Force Main relocations as required by NPR Water Utility and field conditions. (CO-DC). This results in a cost increase of $79,893.00, which will be taken from the Construction Manager's Contingency.

On June 10, 2024, the County Administrator approved Task Order FM24-022, Construction Management at Risk Agreement CMAR with Ajax Building Company, LLC. (Ajax) for pre-construction services of Fire Station No. 19 in the Not to Exceed (NTE) amount of $42,552.35.

On December 10, 2024, the BCC approved Amendment No. 1 to Task Order FM24-022, which established the Guaranteed Maximum Price (GMP) in the NTE amount of $15,379,609.00 which included $461,375.00 for the Construction Manager's Contingency.

The scope and total cost of CAR No. CM-004 has been evaluated by the Construction and Renovation team who find it to be a fair and reasonable sum for this work and recommend approval of this CAR. Should you concur, please sign, and return the two attached original CARs to Kimberly Corson at Facilities Management, 4111 Land O' Lakes Suite 307, in Land O' Lakes for distribution.

SUBJECT: Allowance Authorization Release, (AAR) No. 5 – Starkey Ranch District Park Phase 2B-2G – The Diaz/Fritz Group, Inc. $13,948.78

This memorandum is to formally advise that on May 7, 2024, the Board of County Commissioners approved IFB-DS-24-009 with The Diaz/Fritz Group, Inc., for the amount of $7,937,909.00. This agreement included a Cash Allowance of $200,000.00 and forty-five (45) additional calendar days for Allowance Work.

The Facilities Management Department Construction and Renovation team presents AAR No. 5 for your review and approval, in the amount of $13,948.78 as submitted by the contractor. This AAR includes three (3) changes and will require zero (0) additional calendar days.

- PCCO #010 – Reroute existing irrigation mainline and electrical conduit around newly installed goal post for field 3, which fell directly above the irrigation main line and could not be placed and secured properly without reworking and redirecting the irrigation and electrical lines. (CO-AE)
- PCCO #012 – Add no trespassing signage at reclaimed water retention pond. Park staff requested the signs to deter the public from entering or utilizing the pond. (CO-CR)
- PCCO #013 – Add ground preparation and concrete around the existing concession stand patio areas at fence lines as requested by Parks and Recreation. (CO-CR)

The scope and total cost of AAR No. 5 has been evaluated by the Construction and Renovation team, who find it to be a fair and reasonable sum for this work and recommend the approval of this AAR. Should you concur, please sign, and return the two attached original AARs to Linda Cagnoli at Facilities Management, Suite 307, in Land O' Lakes for distribution.

Should you have any questions, please feel free to contact George Scheitlin, Sr. Project Manager, at 813-929-2721 x 2454. Thank you.

SUBJECT: Change Order No. 2 to Task Order No. FM25-011 – Facilities Management Central Building, Site Improvements & Foundation Way – CPH Consulting, LLC, f/k/a CPH, LLC, f/k/a CPH, Inc. – No Funding Required

Presented for your review and signature are two originals of Change Order No. 2 to Task Order No. FM25-011, which increases the time for completion of design services by ninety (90) calendar days, extending the original time for completion from two hundred fifteen (215) calendar days to three hundred five (305) calendar days. Change Order No. 2 is needed due to U.S. Army Corps of Engineers (ACOE) permit issuance delays, which resulted from the United States Federal Government shutdown. No funding is needed for Change Order No. 2.

Background: On November 17, 2020, the Board of County Commissioners (BCC) approved the Agreement for RSQ-SS-19-068 (Agreement) with CPH Consulting, LLC, f/k/a CPH, LLC, f/ka CPH Inc. (CPH) for professional architectural and engineering services on an as-needed basis (FAC21-0021).

On March 6, 2025, the County Administrator approved Task Order No. FM25-011 with CPH to update the existing plans and prepare necessary documents for a wetland jurisdiction determination, and to prepare and re-submit documents for a Southwest Florida Water Management District wetlands permit application that was placed on hold, for the Facilities Management Central Building, Site Improvements and Foundation Way, in the Not-to-Exceed amount of $99,992.89.00 (Interoffice Memo FAC24-1158).

On July 29, 2025, the County Administrator approved Change Order No. 1 to Task Order No. FM25-011 with CPH to complete additional work related to the SWFWMD permit that was previously placed on hold, to update permit documents for a wetland jurisdiction determination, and to prepare and re-submit documents for a SWFWMD wetlands permit application, and to provide bidding and construction administration services, in the NTE amount of $14,900.00 (Interoffice Memo FAC25-1216).

On October 1, 2025, the United States Federal Government began a shutdown at 12:01 a.m. EDT because of a congressional filibuster. This has caused permit issuance delays, requiring an extension of time for completion of the services provided for under Task Order No. FM25-011.

The Facilities Management Department has reviewed Change Order No. 2 to Task Order No. FM25-011 and finds it to be fair and reasonable. Should you concur, please sign and return the two original attached Change Orders to Linda Cagnoli at the Facilities Management Department, 4111 Land O'Lakes Blvd. Suite 307, Land O'Lakes, FL for distribution.

If you have any questions, please contact Cynthia Rivera, Sr. Project Manager, at 813-929-2721 Ext. 2430. Thank you.

This Change Order No. 2 to Task Order No. FM25-011 is entered into between Pasco County, Florida, by and through its Board of County Commissioners (COUNTY) and CPH Consulting, LLC, f/k/a CPH, LLC f/k/a CPH, Inc. (CONSULTANT) pursuant to the Pasco County Professional Service Agreement for solicitation number RSQ-SS-19-068 (AGREEMENT), effective as of November 17, 2020, which is incorporated herein and made part hereof by reference.

1. SCOPE OF SERVICES

The CONSULTANT shall provide the services contained in Exhibit A (REVISED SCOPE OF SERVICES) to Task Order No. FM25-011, as amended by Change Order No. 1 to Task Order No. FM25-011 and Exhibit A (REVISED SCOPE OF SERVICES) attached thereto, and as further amended by Exhibit A (REVISED SCOPE OF SERVICES) attached to this Change Order No. 2 to Task Order No. FM25-011. Task Order No. FM25-011 and all exhibits attached thereto, Change Order No. 1 to Task Order No. FM25-011 and all exhibits attached thereto, and Exhibit A (REVISED SCOPE OF SERVICES) attached hereto, are incorporated herein and made part hereof by reference.

2. TERM

Task Order FM25-011 shall continue to remain in effect for a period of one year following the date that the County issues the Certificate of Final Completion to the contractor for completion of the construction services portion of the project, unless extended or terminated earlier as otherwise provided in the Agreement. The time for completion of design services shall increase as set forth under Exhibit "A" (REVISED SCOPE OF SERVICES) to this Change Order.

3. COMPENSATION AND METHOD OF PAYMENT

Change Order No. 2 to Task Order No. FM25-011 does not affect the compensation to be paid for Task Order No. FM-25-011.

4. CONFLICT

To the extent there is a conflict between the terms of Task Order No. FM-25-011 and this Change Order No. 2, the terms of the Task Order No. FM-25-011 shall prevail.

SUBJECT: Change Order No. 3 to Agreement IFB-DS-24-009 – The Diaz Fritz Group, Inc. – Starkey Ranch District Park Phase 2B-2G – $4,779.41

FROM: Andrew W. Baxter
Facilities Management Director

Presented to you for your review and approval are two Originals of Change Order No. 3, to Agreement IFB-DS-24-009, Starkey Ranch District Park Phase 2B-2G, to increase Agreement IFB-DS-24-009 by $4,779.41 and to add seventy (70) days to the completion of work time. A Stakeholder request was made for additional work very close to the work completion time. Seventy days are being requested in order to obtain the necessary quotes, approvals and to complete the removal and reinstallation of the fence and to prepare then pour concrete around the concession stand.

On May 7, 2024, the Board of County Commissioners approved IFB-DS-24-009 with The Diaz/Fritz Group, Inc., in the amount of $7,937,909.00. (FAC24-0054). This agreement included a Cash Allowance of $200,000.00 and sixty (60) additional calendar days for Allowance Work.

On June 5, 2025, the County Administrator approved Change Order 1, which added sixty (60) days to compensate for the back-to-back hurricanes and excessive rain experienced from September to December 2024.

On July 25, 2025, the County Administrator approved Change Order 2, which added sixty (60) days to compensate for unforeseen delays resulting from the use of a preapproved, plumbing bracket needing investigation.

The Completion Milestone prior to this Change Order No. 3 days are calculated as follows, which includes a total of forty-four (44) Allowance Authorization Release days approved by the ~~Assistance~~ Assistant County Administrator.

Description	Starting and Additional Days	New Date
Agreement Start Date	300 days from 6/27/24	4/23/2025
Change Order 1	60 days from 4/23/2025	6/22/2025
Change Order 2	60 days from 6/22/2025	8/21/2024
AAR days 44	44 AAR days from 8/21/2025	10/4/2025
Change Order 3 - Pending	70 days from 10/4/2025	12/13/2025

Facilities Management has reviewed Change Order No. 3 to Agreement IFB-DS-24-009 and finds it to be fair and reasonable. Should you concur, please sign, and return the two original attached Change Orders to Linda Cagnoli, at the Facilities Management Department, 4111 Land O' Lakes Blvd. Suite 307, Land O' Lakes, FL for distribution.

If you have any questions, please contact George Scheitlin, Sr. Project Manager, at 813-929-2721 x 2454. Thank you.

CONTRACT DATE: 5/7/2024

(Circle as applicable)

TIME CHANGE **EXTRA WORK** **CREDIT** **OTHER**

The CONTRACTOR is hereby authorized and directed to make the following changes and modifications to the aforesaid contract in accordance with all requirements applicable thereto.

DESCRIPTION OF CHANGE:	**COST IMPACT**	**FINAL COMPLETION DAYS**
PCCO No. 14 -Add thirty (30) days to the time of completion for additional work to include prepping around concession stand and completing the 4" thick concrete flatwork.	$0.00	30
PCCO No. 15 – Remove 133-feet of 4-foot-high Chain link fence and replace same length with 5-foot-high Chain link fence.	$4,779.41	40

REASON FOR CHANGE:

Parks, Recreation and Natural Resources has requested a concrete apron to be installed around the concessions building to improve appearance and reduce maintenance around the building. It was later requested to replace the portion of the fence that was not touching the ground. These requests were made after the Final Completion Milestone date. The timing of these requests has created the need to extend the contract date by seventy (70) days to obtain Pasco County approvals, quotes and complete the additional work.

The initial Contract Price (FINAL TOTAL BID PRICE) was	$	7,937,909.00
Net change by previous Change Orders	$	0.00
The Contract Price prior to this Change Order was	$	7,937,909.00
The Contract Price will be **(increased**, ~~decreased,~~ ~~unchanged~~) by this Change Order	$	4,779.41
The Contract Price including this Change Order	$	7,942,688.41
The Final Completion Milestone prior to this Change Order		October 4, 2025

The time for the Final Milestone will be **(extended**, ~~reduced~~, ~~unchanged~~) by 70 days.

The Final Completion Milestone as of this Change Order December 13, 2025

The CONTRACTOR waives any and all claims to additional time extension and/or monetary compensation resulting from these changes and all costs associated with and addressed by this change order. Except to the extent expressly modified by this change order, the aforesaid contract and all terms and conditions therein, as amended by all previous change orders, is reaffirmed in its entirety, and shall remain in full force and effect.

SUBJECT: Acceptance of Utility Improvements and Release of Maintenance Guarantee – Thornwood Associates, LLC – Chapel Crossings NW Quadrant Village C Phase 1(PCU12-111.13) – No Funding Required

REFERENCES: Parcel ID No: 10-26-20-0000-00300-0011

BACKGROUND SUMMARY:

The Developer has provided a Maintenance Guarantee in the form of Check No. 10414 for the project to guarantee the improvements are free of defects. This check was originally deposited into account No. 2401-40000-369900-369900-00000-0000-000000-000-0000 to be held by the County.

The County Administrator was never formally presented the Cash Bond Agreement for signature and the funds were not placed into a bond account because they were never formally accepted. The funds are currently available in account No. 2401-40500-536000-599001-00000-0000-000000-000-0000. Utility improvements for the subject project have been completed by the developer and are acceptable for ownership and operation by the County. The developer has provided the necessary public easement by dedication on the final subdivision plat of Chapel Crossing Parcel C and Bill of Sale. The maintenance period required by Section 110-36 Pasco County Code of Ordinances to protect the County against losses resulting from any and all defects in materials, workmanship, and performance for a period of one year has since expired. The Developer is requesting County return of his cash bond posted as a Maintenance Guarantee and that County accept the Utility Improvements described in the Bill of Sale and Cost Estimate.

MAINTENANCE GUARANTEE

AGREEMENT

This Agreement is made between Thornwood Associates, LLC, with a business address of 2940 Sports Core Circle, Wesley Chapel, FL 33544, and telephone number 813-994-2277, (herein "Developer"), and Pasco County, a political subdivision of the State of Florida, by and through its Board of County Commissioners (herein "County").

WITNESSETH:

The Developer submits to the County the sum of $156,076.58 to act as a financial guarantee for maintenance of certain utility improvements for Project Name Chapel Crossings NW Quadrant – Village C (Phase 1), these conditions, being more specifically, the maintenance of any required and approved items contemplated on the County-approved cost estimate, dated 6/19/24, in connection with the Project (herein "Improvements") and authorizes the County to draft any amount, or all of the sum above, upon the occurrence of any of the following conditions in the discretion of the Utilities Director or designee:

1. The Developer has failed to maintain all required, approved Improvements for a period of one year, or any different period agreed to by the County; or

2. The Developer has failed to repair or replace all such Improvements found by the County Utilities Director or designee not to comply with County approvals or requirements or found to be deficient in materials, workmanship, or structural integrity under County, State, or Federal regulations, whichever may be applicable, or industry standards; or

3. The Developer has failed to pay all costs and expenses incurred for or incidental to the maintenance of Improvements; or

4. The Developer has failed to submit a written request for an inspection of all Improvements to the Pasco County Utilities Department not before ninety (90) days prior to the termination of the maintenance period or any different time agreed to by the County.

In the event the County institutes legal proceedings in order to collect any funds under this agreement, or any amendment, the venue shall be exclusively in Pasco County, Florida, and the Developer shall be liable for attorney's fees and court costs incurred by the County in the event the County prevails. Prevails shall be a favorable decision by the court of law to permit the County to use any, or all, of the sum above for the purpose stated herein. No modifications may be made to this agreement unless in writing and signed by the County and the Developer.

IN WITNESS WHEREOF, the Developer has caused this Agreement to be duly executed in the Developer's name.

CHAPEL CROSSINGS PARCEL C

CHAPEL CROSSINGS PARCEL C

A SUBDIVISION OF LAND LYING IN THE NORTHWEST 1/4 OF SECTION 10, TOWNSHIP 26 SOUTH, RANGE 20 EAST, PASCO COUNTY, FLORIDA

PLAT BOOK 94 PAGE 36

1. THE LANDS AS DESCRIBED HEREON AND BEING REFERRED TO AS "CHAPEL CROSSINGS PARCEL C" ARE SUBJECT TO THE COMMUNITY DECLARATION FOR CHAPEL CROSSINGS AS RECORDED IN OFFICIAL RECORDS BOOK 10290, PAGE 2170 AND AMENDMENTS THERETO, OF THE PUBLIC RECORDS OF PASCO COUNTY, FLORIDA.

2. THE COORDINATE VALUES AND GRID BEARINGS SHOWN HEREON ARE BASED ON THE PASCO COUNTY PRIMARY HORIZONTAL CONTROL NETWORK (NAD 1983-1990 ADJUSTMENT) AND WERE ESTABLISHED TO THIRD-ORDER CLASS I ACCURACY AS DEFINED BY THE STANDARDS AND SPECIFICATIONS FOR GEODETIC CONTROL NETWORKS, AS PUBLISHED BY THE FEDERAL GEODETIC CONTROL COMMITTEE DATED SEPTEMBER 1984 OR LATEST EDITION. MORE PARTICULARLY BEARINGS ARE BASED UPON THE NORTH LINE OF THE NORTHWEST 1/4 OF SECTION 10, TOWNSHIP 26 SOUTH, RANGE 20 EAST, PASCO COUNTY, FLORIDA, BEING S89°25'05"W, AS SHOWN ON THE MAP OF SURVEY. CONTROL MONUMENTS UTILIZED ARE: (a) A FOUND 5/8" IRON ROD WITH PUNCH HOLE, INSIDE METAL CASING, L10 STAMPED "P19-067 1991", DESIGNATED BY NGS AS "P19 067", PID = AL8077 (NORTHING = 1,442,988.74, EASTING = 496,297.94), (b) A FOUND 5/8" IRON ROD WITH PUNCH HOLE, INSIDE METAL CASING, L10 STAMPED "X658-2006", DESIGNATED BY NGS AS "X 658", PID = DI7518 (NORTHING = 1,450,120.61, EASTING = 494,482.20); AS PUBLISHED BY THE NATIONAL GEODETIC SURVEY WEB SITE. (http://www.ngs.noaa.gov)

3. ALL SIDE LOT LINES LABELED (NR) ARE NON-RADIAL TO THE FRONT AND/OR REAR LOT LINE. ALL OTHER LINES INTERSECTING LOT LINES ARE CONSIDERED RADIAL UNLESS NOTED (NR).

4. ALL WETLAND JURISDICTIONAL LINES SHOWN ON MAP OF PLAT ARE THE MOST LANDWARD EXTENT OF EITHER ARMY CORPS OF ENGINEERS OR SOUTHWEST FLORIDA WATER MANAGEMENT DISTRICT JURISDICTIONAL LINES.

5. WETLAND CONSERVATION AREAS AS SHOWN HEREON MAYBE SUBJECT TO CERTAIN RESTRICTIONS FOUND IN PASCO COUNTY LAND DEVELOPMENT CODE, SOUTHWEST FLORIDA WATER MANAGEMENT DISTRICT (SWFWMD), ENVIRONMENT RESOURCE PERMIT, AND/OR UNITED STATES ARMY CORPS OF ENGINEERS (C.O.E.) PERMIT.

6. NO PERMANENT PRIVATE STRUCTURES INCLUDING MASONRY OR CONCRETE BLOCK WALLS ARE TO BE LOCATED WITHIN EASEMENTS ON RESIDENTIAL LOTS.

7. ALL UTILITY EASEMENTS SHALL ALSO BE EASEMENTS FOR THE CONSTRUCTION, INSTALLATION, MAINTENANCE, AND OPERATION OF TELECOMMUNICATION SERVICES; PROVIDED, HOWEVER NO SUCH CONSTRUCTION, INSTALLATION, MAINTENANCE, AND OPERATION OF TELECOMMUNICATION SERVICES SHALL INTERFERE WITH THE FACILITIES AND SERVICES OF AN ELECTRIC, TELEPHONE, GAS, OR OTHER PUBLIC UTILITY. IN THE EVENT A TELECOMMUNICATION COMPANY DAMAGES THE FACILITIES OF A PUBLIC UTILITY, IT SHALL BE SOLELY RESPONSIBLE FOR THE DAMAGES.

8. THIS PLAT CONTAINS EASEMENTS AND OTHER COMMON AREAS WHICH ARE NEITHER OWNED NOR MAINTAINED BY PASCO COUNTY.

9. PERMANENT CONTROL POINTS SET BY FLORIDA DESIGN CONSULTANTS, INC. WILL BE A SET NAIL WITH DISC STAMPED "PCP LB 6707". LOT AND TRACT CORNERS SET BY FLORIDA DESIGN CONSULTANTS, INC. WILL BE A SET 5/8" IRON ROD WITH CAP STAMPED FDC LB 6707 (IN SOFT SURFACES) OR A SET NAIL WITH DISC STAMPED FDC LB 6707 (IN HARD SURFACES) WITNESS POINTS SET BY FLORIDA DESIGN CONSULTANTS, INC. WILL BE A SET 5/8" IRON ROD WITH CAP STAMPED FDC LB 6707 WITNESS (IN SOFT SURFACES) OR A SET NAIL WITH DISC STAMPED LB 6707 WITNESS (IN HARD SURFACES). MONUMENTS WILL BE SET AT EACH LOT CORNER, POINT OF INTERSECTION AND CHANGES OF DIRECTION OF LINES WITHIN THE SUBDIVISION AS REQUIRED BY CHAPTER 177 OF THE FLORIDA STATUTES 177.091(8), WITHIN THE TIME ALLOTTED.

Developer: **Thornwood Associates, LLC**
Project Name: **Chapel Crossing NW Quadrant Village C (Phase1)**
PCU Number: **12-111.13**

This Certificate of Completion is issued pursuant to Section 110-36(c), 110-80(a), and 110-121(c) of the Pasco County Code of Ordinances, and Section 310.14 of the Pasco County Land Development Code. A final inspection of the required improvements occurred on August 8, 2025, and was found to be in substantial conformance with Pasco County Utilities standards, approvals of the Board of County Commissioners (BCC), and any variances from the standards approved by the BCC. This action is based on field review of the improvements and office review of the available documentation and certifications provided by the Engineer of Record.

Subject: Priority Release Cash Bond - UTD26-0141 - Chapel Crossing NW Quadrant Vill C Ph 1

Good afternoon,

Attached please find a cash bond which was released by the County Administrator in connection with memo dated November 24, 2025.

It has been requested for this item to be moved through the process as a priority, please see the attached email for reference. Board Records will be getting Mr. Carballa's signature for the Maintenance Guarantee Agreement on Tuesday, December 9, 2025 at the Board meeting and the notice will be mailed on Wednesday, December 10, 2025. We did not want those steps to slow down the process.

If you need anything further, please let me know.

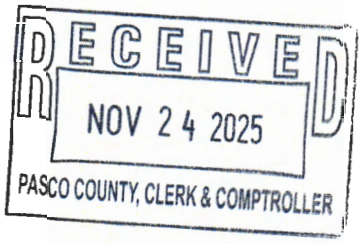
MEMORANDUM

November 14, 2025



To: Pasco County Clerk of Court
Attention-Minutes Department

From: Mary Ann Whitney
Secretary, PRM Board of Directors

Re: Filing of Intergovernmental Cooperative Agreement for the Pasco County Mosquito Control District [joined PRM Property & Casualty Pool effective 10/01/25]

****

This memorandum accompanies a copy of an Intergovernmental Cooperative Agreement, together with an Affidavit regarding authenticity, executed by several different governmental agencies throughout the State of Florida for the purpose of providing insurance through Public Risk Management of Florida. This Agreement, together with the Affidavit of Authenticity, is being delivered to you for filing by your Minutes Department in compliance with Florida Statute Section 163.01, the Florida Interlocal Cooperation Act of 1969. A copy of the relevant section of that statute is attached for your reference.

As you will note, the Statute does not define what filing is, for the purposes of this provision. Our research has indicated that because this Agreement is not directly related to real or personal property, that filing is appropriate with your Minutes Department. It is requested that this document, together with the Affidavit as to authenticity, be accepted by the Minutes Department and "filed" pursuant to the Statute.

Should there be any questions or comments regarding this request, please do not hesitate to contact me at 239-314-8739.

ARTICLES OF ASSOCIATION

AND BY-LAWS

OF

PUBLIC RISK MANAGEMENT OF FLORIDA

(PRM)

BE IT KNOWN THAT:

The below named public agency or agencies of the State of Florida for the purpose of forming a risk management and self-insurance association pursuant to the terms of Florida Statutes Sections 768.28(16)(a), 624.4621(8), and 163.01, Florida Interlocal Cooperation Act of 1969, do bind themselves contractually to and adopt these Articles of Association and By-Laws.

Article 1 - Name and Duration

1.1 Name. The name of this association shall be Public Risk Management of Florida, referred to hereinafter as the Pool.

Article 2 - Definitions and Purpose

2.1. Definitions. As used in this agreement, the following terms shall have the meaning hereinafter set out:

"Annual Payments": The amount each Member must annually pay to fully fund the costs of the full operation of the Pool.

"Aggregate Excess Insurance": Stop Loss Insurance purchased by the Pool from insurance companies and/or Lloyd's of London, or other similar entities, approved by the Board of Directors, or any committee appointed by the Board for such purpose, to protect the Pool from an accumulation of losses in any policy year should the "Loss Fund" be exhausted. Once the "Aggregate Excess Insurance" is triggered, any further losses within the "Self Insured Retention" will be paid by this coverage.

"Fiscal Year": The fiscal year of the Pool shall begin on October 1st and end on September 30th.

"Joint Self-Insurance" or "Self-Funded": A self-insurance or self-funded program in which Members agree to annual payments to fully fund the operations of the Risk Management Pool.

"Loss Fund": The fund established to pay claims occurring within the "Self Insured Retention." The "Loss Fund" represents the maximum amount for which the Pool is exposed in a single policy period.

"Maintenance Deductible": The amount paid by the "Member" before the loss is paid by the "Self Insured Retention." This is a nominal amount designed to protect the "Loss Fund" from small claims. The "Maintenance Deductible" applies only to property, automobile physical damage and crime losses."

"Member Deductible": The portion or monetary amount that PRM will invoice member as mutually agreed.

"Member Self-Insured Retention": A layer of assumed risk where the Member self-insures a pre-determined amount of loss per occurrence.

"Members": The public agencies of the State of Florida which initially or later enter into the intergovernmental association established by this Intergovernmental Agreement.

"Multi-Loss Coverage": This multiple loss protection limits a loss involving more than one line of coverage from one occurrence (i.e. property, liability, workers' compensation) to one "Self Insured Retention."

"Policy Year": The policy year of the Pool shall be from the date of inception of coverage to the termination of said coverage, or on other dates as approved by the membership in attendance at a scheduled meeting of the membership.

"Pool": Public Risk Management of Florida established pursuant to the Constitution and the Statutes of the State of Florida by this Intergovernmental Agreement.

"Preferred Member/membership": A Member with the Pool, who finds several benefits in pooling, including the multiple benefits to be achieved in participating in all available lines of coverage.

"Risk Management": A program attempting to reduce or limit casualty and property losses to Members and injuries to employees caused by or arising out of the operations of Members. Where claims arise the Pool will provide processing of claims, investigation, defense and settlement within the financial limits of the Pool as established in accordance with this Intergovernmental Agreement and will tabulate such claims, costs and losses.

"Risk Management Pool": A fund of public monies established by the Pool to jointly self-insure and self-fund property coverages, general liability, automobile liability, professional liability, public officials' liability and workers' compensation, and any other coverage lines approved by the Board of Directors.

"Self-Insurance": The decision by a public agency not to purchase insurance coverage for risks below certain limits; to seek and maintain immunities provided by law for a noninsured public agency; to rely upon its financial capabilities to pay covered losses which occur in case third-party claims are held valid and not barred or capped by available immunities: and to purchase some insurance to protect against catastrophic or aggregate losses. The purchase of liability insurance by the Pool or any of its Members is not intended to, and does not, waive sovereign immunity. Purchase of liability insurance shall only be pursuant to Florida Statutes, which allow for the purchase of insurance by the Pool without the waiver of sovereign immunity

by the Pool or any of the Pool's Members and is not pursuant to any other statute of the State of Florida.

"Self Insured Retention": A layer of assumed risk where the pool or Member self-insures a pre-determined amount of loss per occurrence.

"Specific Excess Insurance": Insurance purchased by the Pool from insurance companies and/or Lloyd's of London, approved by the Board of Directors, or any committee appointed by the Board for such purpose, that provides catastrophe coverage up to the limit(s) chosen by the Pool.

"Standard Member/membership": A Member with the Pool, who finds several benefits in pooling and who values pricing and the ability to not participate in all available lines of coverage.

2.2. Purpose: The Pool is a cooperative agency voluntarily established by Members as set forth in Florida Statutes Sections 163.01, 768.28(16)(a) and 624.4621(8) for the purpose of seeking the prevention or lessening of casualty and property losses to Members and injuries to persons or employees which might result in claims being made against Members. The purpose of this Pool is to carry out and effect the agreed upon functions and purposes of this Intergovernmental Agreement as stated herein.

It is the intent of the Members of this Pool to create an entity, which will administer a Risk Management Pool and utilize such funds to defend and protect, in accordance with this Intergovernmental Agreement, any Member of the Pool against liability for a covered loss. It is also the intent of the Members to have the Pool provide continuing stability and availability of needed coverage at reasonable costs. This Agreement shall constitute the substance of a contract among the Members.

All funds contained within the Risk Management Pool are funds directly derived from its Members who are public agencies of the State of Florida. It is the intent of the Members in entering into this Intergovernmental Agreement that, to the fullest extent possible, the scope of Risk Management undertaken by them through a Joint Self-Insurance or Self-funded program using governmental funds shall not waive, on behalf of any Member or such Member's employees as defined in Florida Statutes Section 768.28, any defenses or immunities therein provided, or provided by the laws of the State of Florida. The Pool and the Members of this Pool intend to effect no waiver of sovereign immunities through their use of public funds retained within the Risk Management Pool. Such funds being utilized to protect against risks in accordance with Florida Statutes Section 768.28 are not intended to constitute the existence, issuance or purchase of a policy for insurance. This Intergovernmental Agreement is not to be considered such as would cause this Pool to be treated as an "insurer" within the meaning of any legislation giving risk to liability or applicability to "insurer", for damages, costs, fees or expenses, etc., under Florida Statutes Sections 624.155, 626.9541, 626.9561, 627.426, 627.428, or other statutes applicable to Public Entity Self Insurance in the State of Florida.

2.3 Non- Assessable: Public Risk Management is a non-assessable pool.

Article 3 - Power and Duties

3.1. Powers: The powers of the Pool to perform and accomplish the functions and purposes set forth herein, within the budgetary limits and procedures set forth in this Intergovernmental Agreement, shall be as follows:

3.1.1. To establish By-Laws and Amendments to By-Laws, and operational procedures governing the operations of the Pool which are consistent with this Intergovernmental Agreement as set forth in Florida Statutes Sections 768.28, 163.01 and 624.4621(8), and to not waive any sovereign immunity not waived statutorily under Florida Law, and to expressly negate any past, present, or future waiver of sovereign immunity under Florida Statutes, and to continue to negate any waiver of sovereign immunity for discretionary and planning functions of government.

3.1.2. To employ agents and independent contractors and approve the rate of compensation, benefits and/or contracts that apply to Pool employees, Pool officers and service providers, and to ensure all benefits of Florida Statutes Section 163.01(9)(a) and all other applicable Florida Statutes.

3.1.3. To lease real property and to purchase or lease equipment, machinery or personal property necessary for the carrying out of the purpose of the Pool.

3.1.4. To carry out educational and other programs relating to risk reductions.

3.1.5. To cause the creation of this Pool and see to the collection of funds for the continued administration of the Risk Management Pool.

3.1.6. To purchase Aggregate Excess Insurance, Reinsurance, Excess Property Insurance, Excess Workers' Compensation Insurance, Excess Liability Insurance, Pollution Insurance, Boiler & Machinery Insurance and Specific Excess Insurance, and any other form of insurance deemed reasonable and necessary by the Board of Directors to promote or serve the powers and duties of the Pool to supplement the Risk Management Pool without such being a waiver of sovereign immunity under Florida Law.

3.1.7. To establish reasonable and necessary loss reduction and prevention procedures, which shall be followed by the Members.

3.1.8. To provide Risk Management services including the defense of and settlement of claims and to have the authority granted by Florida Statutes Section 768.28(16).

3.1.9. To negate, pursuant to Florida Statutes, any implication of a waiver of sovereign immunity, and to negate any waiver of sovereign immunity other than to the extent required under Florida Statutes Section 768.28.

3.1.10. To act solely within the budgetary limits established by the Members to carry out such other activities as are necessarily implied or required to carry out the purposes of the Pool.

3.1.11. To sue or be sued as a separate legal entity.

Article 4 - Participation and Term

4.1. Term: The initial term of the Pool shall be from 12:01 a.m. on October 1, 1987 to 12:01 a.m. September 30, 1989. After the initial two (2) year term of the Pool, the term shall automatically be renewed for an additional term of one (1) year each. Provided, however, the Members may, through the manner provided in Section 6.9.4., terminate the Pool as of the end of the initial or any additional term during which such action is taken.

4.2 Notice of Intent to Withdraw: So long as the Pool shall continue in existence, any current or new Preferred Member joining the Pool shall remain a Member for an initial two-year term, except a new Member coming into the Pool after the first day of the policy year shall be obligated to be a member for not less than eighteen (18) months. A new Preferred Member's rates will be guaranteed for their initial term.

Any Member may withdraw from the Pool at the end of the policy year, upon serving on the Pool, at least forty-five (45) days prior with a written Notice of Intent to Withdraw. Such notice shall be in the form of an adopted resolution of the governing body of the Member accompanied by a letter to the Executive Director of the Pool, with intent to withdraw from the Pool.

4.3. Actual Withdrawal/Required Withdrawal. Any Member who has served the Executive Director with prior written notice of its intent to withdraw at least forty-five (45) days prior to the beginning of the policy year for which the notice to withdraw is applicable, shall serve in writing to the Executive Director, no later than ten (10) days prior to the beginning of such policy year, a verification as to whether the Member intends to actually withdraw from the Pool at the end of the current policy year. Failure to serve such verification no later than ten (10) days prior to the beginning of the policy year for which notice of intent to withdraw is applied, shall be deemed a revocation of the prior notice of intent to withdraw; thus, binding the Member to the Pool for the ensuing policy year. An action to expel a Member shall be taken by the Executive Board in the manner described in Article 17 hereafter.

4.4. Admission of New Members: The Pool's Executive Board shall establish and periodically review standards and the approval process for the admission of new Members. Upon approval of these standards and of the approval process for admission by the Board of Directors, the Pool's Executive Board may grant or deny admission to proposed new Members based upon such criteria. Consideration of new Members may be communicated to all PRM Board Members by the Executive Director for any information or feedback that a Member may have regarding the prospective member.

Article 5 - Commencement of the Pool

5.1. Commencement Date: The Pool shall commence operations on October 1, 1987.

Article 6 - Board of Directors of the Pool

6.1. The Board: There is hereby established a Board of Directors (sometimes hereinafter referred to as the "Board") of the Pool. Each Member shall appoint one (1) person to represent that body (the "Representative") on the Board of Directors along with another person to serve as an alternate representative (the "Alternate") when the Representative is unable to carry out that Representative's duties. The Representative and Alternate shall be appointed in writing by the governing body of the Member and a copy of the written appointment shall be provided to the Executive Director of the Pool. Once such appointments are made known to the Pool, the persons appointed shall remain in office until the Pool receives evidence in writing of the appointment of other persons by the Member's governing body. The Representative and Alternate selected must be an employee, an appointed official or elected official of the entity.

6.2. The Chair and Vice Chair: The Board of Directors shall, commencing the 2003 fiscal year, select a Chair for a three year term. Thereafter, the Board of Directors shall bi-annually select a Chair to serve a two year term. The term of office for the Chair shall begin on the 1st day of a fiscal year and expire on the last day of a fiscal year. The Chair shall preside at all meetings of the Board. The Chair shall vote on all matters that come before the Board. The Chair shall have such other powers as may be given from time to time by action of the Board.

The Board of Directors shall bi-annually select a Vice Chair during the final quarter of each two-year term to serve during the subsequent two-year term. The term of office for the Vice Chair shall begin on the first day of a fiscal year and expire on the last day of a fiscal year. The Vice Chair shall carry out all duties of the Chair of the Board during the absence or inability of the Chair to perform such duties and shall carry out such other functions as are assigned from time to time by the Chair or the Board of Directors. The Board of Directors may from time to time appoint other officers of the Board.

6.3. Board Responsibilities. The Board of Directors shall have the responsibility for: (1) hiring of Pool officers, agents/brokers, and independent contractors; (2) setting of compensation for Executive Director, agents/brokers and all persons, firms and corporations employed by the Pool; (3) approval of amendments to the Intergovernmental Agreement; (4) approval of the expulsion of Members, except that the approval may be delegated to the Executive Board under Article 4 above, or by such procedures as are contained in the motion making delegation; (5) approval and amendment of the annual budget of the Pool; (6) approval of the operational procedures developed by the Executive Director; (7) approval of educational and other programs relating to risk reduction; (8) approval of reasonable and necessary loss reduction and prevention procedures which shall be followed by all Members; and (9) termination of the Pool in accordance with this Intergovernmental Agreement.

6.4. Voting: Each Preferred Member shall be entitled to one (1) vote on the Board of Directors. Standard Members have no entitlement to any vote on the Board of Directors, or otherwise. Such vote by each Preferred Member may be cast only by the Representative of the Preferred Member or in the Representative's absence by the Alternate. No proxy votes or absentee votes shall be permitted. Voting shall be conducted by show of hands or any method established by the Board that is consistent with Florida law. A simple majority vote of those Representatives present shall be required to pass on any motion. On such matters, the Chair and

the Executive Director of the Pool shall cause each Member's Representative and Alternate to receive the proposed ballot which will include at a minimum the text of the motion to be voted upon and the purpose of such motion. Only the Representative or the Alternate may vote on such ballots (not both). If both the Alternate and Representative submit ballots, only the Representative's ballot will be counted. Favorable votes by a majority of the Members' Representatives (or Alternates in their absence) entitled to vote shall pass any action unless an action is taken which is subject to 6.9 below, in which case passage will be based on the required number of votes as if each Member's Representative or Alternate was present at a regular or special meeting called to decide such question.

6.5. Representatives: The Representative selected by the Member shall serve until a successor has been selected. The Representative chosen by the Member may be removed at any time by the vote of the Member's governing body. In the event that a vacancy occurs in the position of Representative or Alternate selected by the governing body of a Member, that body shall appoint a successor in writing within 60 days of such vacancy occurring. The failure of a Member to select a Representative or the failure of that person to participate shall not affect the responsibilities or duties of a Member under this Intergovernmental Agreement.

6.6. The Executive Board and other Committees: The Board of Directors shall establish an Executive Board (known previously in this Agreement as Executive Committee). That Executive Board shall consist of the Chair of the Board of Directors, the Vice Chair of the Board of Directors, the Treasurer and four (4) Representatives elected by the Board of Directors. The Executive Board shall have the power to establish both standing and ad hoc committees to further the functions and purpose of this Pool. Unless the Board of Directors establishes some other procedure, the authority for selection of Representatives or Alternates serving on the Executive Board who shall serve on such committees and chair them shall reside with the Chair of the Board of Directors. The Chair of the Board of Directors may appoint non-voting and non-paid persons who are not Members of the Board of Directors to serve on committees of the Pool. The Board of Directors shall, bi-annually select the four (4) Representatives during the final quarter of each two-year term to serve during the subsequent two-year term. The term of office for the four (4) Representatives shall begin on the first day of a fiscal year and expire on the last day of a fiscal year. The Executive Board shall have the specific authority and power, as afforded herein by the Board of Directors, to grant binding approval for, and on behalf of, the Pool to bind any and all coverages for both Preferred Members and Standard Members with excess insurers, reinsurers, specific excess insurers, insurance underwriters, insurance wholesalers, insurance brokers and/or intermediaries, and with independent insurance contractors providing and/or affording both insurance and self-insurance coverages to the Pool Members. The Board of Directors shall grant to the Executive Board the authority to approve expenditures, authorize a settlement of claims and suits and take such other action as shall be specifically delegated to the Executive Board. The Executive Board may from time to time appoint interim replacements for any Executive Board member or Pool Officer who vacates their position on the Executive Board, who shall serve until the next scheduled election of such Executive Board member.

6.7. Operating Rules: The Board of Directors may establish rules governing its own conduct and procedure not inconsistent with this Intergovernmental Agreement.

6.8. Quorum: A quorum shall consist of a majority of the Representatives (or in their absence their Alternates) serving on the Board of Directors, or serving on the Executive Board.

Except as provided in Section 6.9 herein, or elsewhere in this Intergovernmental Agreement, a simple majority of a quorum shall be sufficient to pass upon all matters.

6.9. Super-Majority Voting: A greater vote than a majority of a quorum shall be required to approve the following matters:

6.9.1. Such matters as the Board of Directors shall establish within its rules as requiring for passage a vote greater than a majority of a quorum, provided, however, that such a rule can only be established by a greater than a majority vote at least equal to the greater than majority vote required by the proposed rule.

6.9.2. (Deleted effective June 19, 2009).

6.9.3. Any amendment of this Intergovernmental Agreement, except as provided in Subsection 4 below, shall require two-thirds (2/3) vote of all the Representatives serving on the Board of Directors.

6.9.4 The amendment of this Intergovernmental Agreement to cause a reduction or elimination in the scope of loss protection set out in Article 10 to be furnished by the self-insurance pool derived from payments from the Members, shall require that specific written notice of the proposed change be sent to the governing body of the Member and to the Representative serving on the Board of Directors, no less than ten (10) days prior to a meeting of the Executive Board at which this matter is proposed and the amendment as proposed or as amended must receive the approval of at least five (5) out of seven (7) Representatives of the then current Executive Board representing the then Members of the Pool.

6.9.5. In the event of a reduction or elimination in the scope of loss protection as set forth in Article 10 of this Intergovernmental Agreement receives the approval of at least five (5) out of the seven (7) Representatives of the then-current Executive Board as set forth in section 6.9.4, any Member may request, within twenty (20) days of the Executive Board voting to approve such reduction or elimination in the scope of loss protections as set forth in Article 10 of this Intergovernmental Agreement, in writing to the Chair of the Board of Directors that the Executive Board, at a special meeting, take official action to affirm, modify or reverse a decision of the Executive Board affecting the reduction or elimination in the scope of loss protection as set forth in section 6.9.4. The Member shall be provided a full opportunity to explain their position to the Executive Board. The Executive Board, by majority vote, may affirm, modify, reverse or defer the matter to the Board of Directors.

Any Member who disagrees with the Executive Board's final determination may request in writing, within twenty (20) days of the Executive Board's final determination, that the Board of Directors take action to affirm, modify or reverse the decision of the Executive Board. The Member shall be provided a full opportunity at a special, or regular, meeting to explain their position to the Board of Directors. The Board of Directors, by majority vote of the Members, may affirm, modify or reverse the final determination or decision of the Executive Board. Failure on the part of any Member to comply timely with the

requirements for appealing the determination by the Executive Board to the Board of Directors within twenty (20) days thereof shall be deemed to be a waiver of any contractual, legal or other rights of appeal by, or on the part of, that Member.

6.10. Compensation of Board of Directors: No Representative or Alternate serving on the Board of Directors shall receive any salary from the Pool.

6.11 Conflict of Interest: Representatives and Alternates shall abide by the guidelines established by the State Ethics Commission in the performance of their duties, particularly as it applies to conflicts of interest and financial disclosure.

Article 7 - Board of Directors Meetings

7.1. Meetings: The Executive Board will establish regular meetings, which shall be held at least three (3) times a year. Regular meetings of the Board of Directors may be held up to four (4) times a year. The tentative times, dates, and locations of regular meetings of the Board shall be established at the beginning of each fiscal year, and the Executive Board will establish the tentative times, dates and locations of its regular meetings, and give timely and appropriate prior notice of said meetings to all Preferred and Standard Members. Any item of business may be considered at a regular meeting, including the scheduling of future regular meetings. The Executive Director shall attend all Board meetings and Executive Board meetings to serve as an advisor and to report as the administrative officer of the Pool.

7.2. Special Meetings: Special meetings of the Board of Directors or the Executive Board may be called by its Chair, or by any three Representatives (or in their absence their Alternates), with no less than 48 hours prior written notice. The Chair or in their absence, the Vice Chair, shall give ten (10) days written notice of regular or special meetings to the Representative and Alternate of each Member and an agenda specifying the subject of any special meeting shall accompany such notice. Business conducted at special meetings shall be limited to those items specified in the agenda. The time, date and location of special meetings of the Board of Directors shall be determined by the Chair of the Board of Directors, or in their absence, by the Vice Chair. The Executive Board shall have the authority to call such special meetings when: (1) a threatened or actual natural disaster or other emergency exists which requires the scheduling of a special meeting; (2) it is substantially certain that a quorum of voting members will not be present for a scheduled, or upcoming, regular meeting of either the Board of Directors or Executive Board, such that consideration should be given to cancelling or rescheduling said meeting, and/or; (3) the Executive Board is requested to authorize the renegotiation of existing excess, reinsurance and any and all other coverages which occur or take place because of a significant reduction in the availability of existing capacity due to market conditions at that time.

7.3. Conduct of Meetings: To the extent not contrary to this Intergovernmental Agreement and except as modified by the Board of Directors, Robert's Rules of Order, latest edition, shall govern all meetings of the Board of Directors. Minutes of all regular and special meetings of the Board of Directors shall be sent to all Representatives (or in their absence their Alternates) serving on the Board of Directors.

Article 8 - Pool Officers

8.1. Officers: Officers of the Pool shall consist of an Executive Director, a Treasurer, a Secretary and such other officers as are established from time to time by the Board of Directors. All Pool officers, with the exception of the Board Secretary who is hired by and reports directly to the Executive Director, shall be appointed by the Board of Directors.

8.2. Executive Director: The Executive Director shall be the chief administrative officer of the Pool and shall in general supervise and control the day to day operations of the Pool and shall carry out the policy and operational procedures of the Pool as established in this Intergovernmental Agreement and by the Board of Directors. Among the Executive Director's duties shall be the following:

8.2.1. The Executive Director may sign, with such other person authorized by the Board of Directors or by the Executive Board, any instruments which the Board of Directors or Executive Board have authorized to be executed and, in general, shall perform all duties incident to the office of Executive Director and such other duties as may be prescribed by the Board of Directors.

8.2.2. The Executive Director shall prepare a proposed annual budget and shall submit such proposals to the Board of Directors, and to the Executive Board.

8.2.3. The Executive Director shall, where necessary, make recommendations regarding policy decisions, the creation of other Pool officers and the employment of agents and independent contractors. At each regular meeting of the Board of Directors and at such other times, as shall be required to do so, shall present a full report of activities and the fiscal condition of the Pool.

8.2.4. The Executive Director shall report annually to all Members on all claims filed and payouts made.

8.2.5. The Executive Director shall, within the constraints of the approved or amended budget, employ all secretarial, clerical and other similar help and expend funds for administrative expenses.

8.3. Treasurer: The Treasurer shall:

8.3.1. Provide general financial oversight of the pool; shall have the authority and shall perform the duties prescribed by the Board of Directors or by direction of any Officer authorized by the by laws or the Board of Directors; shall be selected by the Board of Directors;

8.3.2. In general, perform all duties incident to the office of Treasurer and such other duties as from time to time may be assigned to that individual by the Board of Directors. The Board of Directors shall bi-annually select a Treasurer to serve a two year term. The term of office for the Treasurer shall begin on the 1st day of a fiscal year and expire on the last day of a fiscal year.

8.4. Secretary: The Secretary shall issue notices of all Board meetings, and shall attend and keep the minutes of same. The Secretary shall have charge of all corporate books, records and papers; shall be custodian of the corporate seal; and shall keep all written contracts of the Pool. In general, the Secretary shall perform all duties incident to the office of Secretary and such other duties as from time to time may be assigned by the Executive Director or the Board of Directors.

8.5. Third Party Delegations: The Board may select a financial institution or certified public accountant to carry out some or all of the functions which would otherwise be assigned to a Treasurer and may select a risk management company or agent to serve as claims administrator or to carry out some or all of the functions which would otherwise be assigned to the Executive Director. The Board may also employ persons or companies as independent contractors to carry out some or all of the functions of officers of the Pool.

8.6. Officer Vacancies: In the absence of the Executive Director, Treasurer or Secretary, or in the event of the inability or refusal of such officers to act, the Chair of the Board of Directors may perform the duties of the Executive Director, Treasurer or Secretary, and, when so acting, shall have all of the powers of and be subject to all of the restrictions upon the Executive Director, Treasurer or Secretary.

Article 9 - Finances and Risk Management Pool

9.1. Fiscal Year: The fiscal year of the Pool shall commence on October 1, and end on September 30, of each year.

9.2. Budget: The Board of Directors shall approve a preliminary budget for the administration of the Pool. Copies of all preliminary and final budgets shall be provided to each Member of the Board of Directors. The Board of Directors shall adopt a final budget.

9.3. Annual Payment Factors: In determining the amount of the Annual Payment due from each Member, the Executive Director may consider some or all of the following factors:

9.3.1. Number of employees;

9.3.2. Property values of the Member;

9.3.3. Number and type of vehicles owned by the Member and the use made of the vehicles;

9.3.4. Population of the geographic area represented by the Member;

9.3.5. The payrolls of the Member;

9.3.6. Any unusual exposures presented by the Member;

9.3.7. The operating expenditures of the Member; and

9.3.8. The claims and loss experience of the Member.

9.3.9 Member Deductible

9.3.10 Member Self-Insured Retention

9.4. Budget Amendments: Budgets may be amended at any time by majority vote of the Board of Directors.

9.5. Payments – Timing: In subsequent years, the Board of Directors may permit the Annual Payments to be made on a monthly or quarterly basis.

9.6. Retirement Fund Obligations: Members shall be both severally and jointly liable to the State of Florida Department of Administration, Division of Retirement for any Florida Retirement Systems' contributions, which are owed by the Pool for Pool employees. Each member shall be responsible for expenses incurred which are attributable to the years of membership as outlined in the Intergovernmental Agreement, Article 11.

9.7. Distribution of Surplus Upon Cessation of the Pool: If in the event that the Pool ceases to exist or operate for any year during which the Pool was in existence, all claims known or unknown have either been paid or provision has been made for such payment, the Board of Directors as then constituted shall distribute surplus funds to the Members who constituted the membership of the Pool in that prior year, after first deducting there from reasonable administrative and other non-allocated costs incurred by the Pool in the processing of the claims in years other than the one in which the claim was made. The distribution among the Members shall be in the same proportion to the total as was their Annual Payment for that year to the Annual Payments of all Members for such year.

9.8. Audit: The Board of Directors shall provide to the Members an annual audit of the financial affairs of the Pool to be made by a certified public accountant at the end of each fiscal year in accordance with generally accepted auditing principles.

Article 10 - Excess Insurance

10.1. Specific Excess Insurance: The Pool may purchase Specific Excess Insurance from underwriters of insurance, insurance companies and/or Lloyd's of London, approved by the Board of Directors, or any committee appointed by the Board for such purpose, in such amounts which shall be approved by the Board of Directors and underwriters, based upon but not limited to the current assets, risk analysis, and loss history of the Pool. The purchase of Specific Excess Insurance does not, and is not, intended to waive sovereign immunity under Florida law.

10.2. Aggregate Excess Insurance: The Pool may purchase Aggregate Excess Insurance from underwriters of insurance, insurance companies and/or Lloyd's of London, approved by the Board of Directors, or any committee appointed by the Board for such purpose, in such amounts which shall be approved by the Board of Directors and underwriters, based upon but not limited, to the current assets, risk analysis, and loss history of the Pool. The purchase of Aggregate Excess Insurance does not, and is not, intended to waive sovereign immunity under Florida law.

10.3. Multiple Loss Coverage: The Pool may purchase Multiple Loss Coverage in the event a single occurrence involves more than one line of coverage, limiting the occurrence to a single "Self Insured Retention."

10.4. Losses: The Risk Management Pool (Loss Fund), the Specific Excess Insurance and any optional Aggregate Excess Insurance purchased, shall provide payment for covered losses in any one policy year for members up to the limits approved by the Board of Directors. Should losses in any one policy year extinguish all available funds provided by the Pool then the individual Member or Members whose judgment or settlement of claim has been perfected by Florida law shall be responsible for any additional payment. The Pool shall make payments in the order in which the judgments against the Pool have been entered or settlement of claims have been reached or other manner established at a meeting by the Board. Membership in the Pool shall not preclude any Member from purchasing any insurance coverage above those amounts purchased by the Pool.

Article 11 - Obligations of Members

11.1. Member Obligations: The obligations of Members of the Pool shall be as follows:

11.1.1. To budget for, where necessary, to levy for and to promptly pay all payments to the Risk Management Pool at such times and in such amounts as shall be established by the Board of Directors within the scope of this Intergovernmental Agreement. Any delinquent payments shall be paid with a penalty, which shall be set by the Board, but such rate shall not exceed the highest interest rate allowed by statute to be paid by a Florida public agency.

11.1.2. To select, in writing, a Representative to serve on the Board of Directors and to select an Alternate Representative, to meet quorum requirements for Board Meetings.

11.1.3. To allow the Pool reasonable access to all facilities of the Member and all records including, but not limited to, financial records, which relate to the purpose or powers of the Pool.

11.1.4. To allow attorneys employed by the Pool to represent the Member in investigation, settlement discussions and all levels of litigation arising out of any claim made against the Member within the scope of loss protection furnished by the Pool.

11.1.5. To furnish full cooperation with the Pool attorneys, claims adjusters, the Executive Director and any agent, employee, officer or independent contractor of the Pool relating to the purpose or powers of the Pool.

11.1.6. To follow in its operations all loss reduction and prevention procedures established by the Pool within its purpose or powers.

11.1.7. To report to the Executive Director or their designee within the time limit specified the following items:

11.1.7.1. To provide on or before December 15 of each policy year of the Pool, the Member's renewal application shall be completed by the member as required by the Underwriters.

11.1.7.2. To report, within five (5) days of receipt, any and all statutory notices of claims, as well as summons and complaint or other pleading before a court or agency involving any claim for which Pool coverage is sought.

11.1.7.3. To report, within ten (10) days of receipt, any oral or written demand for monetary relief for which coverage is sought to the Pool Executive Director.

11.1.7.4. To report to the Executive Director at the earliest practicable moment any information of an occurrence, claim or incident received by the Member and from which the Member could reasonably conclude that coverage will be sought by said Member for such an occurrence, claim or incident.

In the event that the items set forth above are not submitted to the Executive Director within the time periods set forth above, the Board of Directors of the Pool, by a vote of a majority of a quorum of the Board, at a regular or special meeting, may in whole or part decline to provide a defense to the Member or to extend the funds of the Pool for the payment of losses or damages incurred. In reaching its decision, the Board shall consider whether and to what extent the Pool was prejudiced in its ability to investigate and defend the claim due to the failure of the Member to promptly furnish timely notice of the occurrence, claim or incident to the Executive Director. The decision of the Board of Directors shall be final. Failure of a Member to abide by these requirements shall also be grounds for expulsion from the Pool.

11.1.8. To make Payment of any required Deductible(s).

11.2. Cancellation/Suspension of Coverage: In the event that a Member has made a material misstatement or failed to comply with an underwriting requirement that created a substantial change in risk exposure, the Executive Board has the authority to cancel or suspend coverage. The Member shall be notified of the reason in writing by the Executive Director and given a reasonable time to take corrective measure prior to the Executive Board's action.

Article 12 - Liability of Board of Directors or Officers of the Pool

12.1 Liability of Directors and Officers – The Representative (or in their absence their Alternates) serving on the Board of Directors or officers of the Pool should use ordinary care and reasonable diligence in the exercise of their power and in the performance of their duties hereunder; they shall not be liable for any mistake of judgment or other action made, taken or omitted by them in good faith; nor for any action taken or omitted by any agent, employee, or independent contractor selected with reasonable care; nor for loss incurred through investment of Pool funds, or failure to invest. No Representative shall be liable for any action taken or omitted by any other Representative. Representatives shall have the immunities provided by law and in particular Florida Statutes Section 163.01. The Pool will defend and indemnify any representative, officer or employee for actions taken by each in good faith within the scope of his

or her authority for PRM. The Pool may purchase insurance providing liability coverage for such Representatives or officers.

Article 13 - Additional Insurance

13.1. Member's Option to Purchase Additional Insurance: The Pool, through the distribution of the minutes of the Board of Directors or through other means shall inform all Members of the scope and amount of Specific Excess and Aggregate Excess Insurance in force at all times. Membership in the Pool shall not preclude any Member from purchasing any insurance coverage above those amounts purchased by the Pool. Such purchase shall not be construed to waive sovereign immunity of the Members of the Pool or the Pool. The Pool shall make its facilities available to advise Members of the types of additional or different coverages available to Pool Members.

Article 14 - Settlements

14.1. Settlement/Advance Notice: Whenever the Pool proposes to settle any pending claim or suit where the amount of that proposed settlement shall exceed Ten Thousand Dollars ($10,000.00), the Member shall be given advance notice of that settlement. Such notice may be given by the establishment of a reserve amount in excess of Ten Thousand Dollars ($10,000.00), provided that the amount of the settlement does not exceed the amount reserved. The officers and employees of the Pool shall, however, endeavor to give specific oral or written notice to the Member's Representative or Alternate of the exact amount of any proposed settlement in excess of Ten Thousand Dollars ($10,000.00) prior to the date at which the Pool proposes to bind itself to pay such settlement amount. The officers, employees or independent contractors of the Pool shall attempt to give the Members, as much notice of the settlement negotiations as is possible under the circumstances of each case.

Article 15 – Coverage & Indemnity Dispute Resolution

15.1. After having reviewed a claim forwarded to the Pool, the Executive Director, officer, employee or independent contractor shall, in writing, be permitted to decline to provide coverage or indemnification for such claim not believed to be within the scope of coverage provided by the Pool. The claim may also be accepted and defense provided but the Pool may reserve the right to withdraw from the defense or to refuse to provide indemnification against the claim in the event that it is later determined that the claim is not properly within the scope of coverage afforded by the Pool.

Any Member may request in writing to the Chair of the Board of Directors, that the Executive Board, at a regular scheduled meeting, take official action to affirm, modify or reverse a decision that a particular matter is or is not within the scope of coverage or indemnification provided by the Pool. The Member shall be provided a full opportunity to explain their position to the Executive Board. The Executive Board, by majority vote, may affirm, modify, reverse or defer the matter to the Board of Directors, subject to any insurance or reinsurance contractual obligations.

Any Member who disagrees with the Executive Board's determination may request in writing that the Board of Directors, at a regular scheduled meeting, take action to affirm, modify

or reverse the decision of the Executive Board. The Member shall be provided a full opportunity to explain their position to the Board of Directors. The Board of Directors, by majority vote of the Members, may affirm, modify or reverse the decision of the Executive Board, subject to any insurance or reinsurance contractual obligations.

Any Member may seek binding arbitration, if available, pursuant to the Pool's General Coverage Document and, is not required to appeal a coverage or indemnification declination to either the Executive Board or Board of Directors.

Article 16 - Contractual Obligation

16.1. Enforcement: This document shall constitute a binding contract under the Florida Interlocal Cooperation Act of 1969 among those public agencies, which become Members of the Pool. The obligations and responsibilities of the Members set forth herein, including the obligation to take no action inconsistent with this Intergovernmental Agreement as originally written or validly amended, shall remain a continuing obligation and responsibility of the Member. The terms of this Intergovernmental Agreement may be enforced in a court of law by the Pool.

The consideration for the duties herewith imposed upon the Members to take certain actions and to refrain from certain other actions shall be based upon the mutual promises and agreements of the Members set forth herein. This Intergovernmental Agreement may be executed in duplicate originals and its passage by the Member's governing body shall be evidenced by a certified copy of a resolution passed by the members of the governing body in accordance with the rules and regulations of such public agency, provided, however, that except to the extent of the limited financial contributions to the Pool agreed to herein or such additional obligations as may come about through amendments to this Intergovernmental Agreement no Member agrees or contracts herein to be held responsible for any claims in tort or contract made against any other Member. The Members intend in the creation of the Pool to establish an organization for Risk Management only within the scope herein set out and have not herein created as between Member and Member any relationship of surety, indemnification or responsibility for the debts of or claims against any Member.

16.2. Attorneys' Fees: In any legal action between the parties arising out of this Agreement, any attempts to enforce this Agreement, or any breach of this Agreement, the prevailing party may recover its expenses of such legal action including, but not limited to, its costs of litigation (whether taxed by the court or not) and its reasonable attorneys' fees (including fees generated on appeals) from the other party.

Article 17 - Expulsion or Termination of Members

17.1. Expulsion. By the vote of two-thirds (2/3) of the Directors serving on the Board of Directors, and by a vote of at least five (5) out of the seven (7) Members serving on the Executive Board on decisions, determinations or issues involving section 4.3 of this Intergovernmental Agreement, any Member may be expelled. Such expulsion may be carried out for one or more of the following reasons:

17.1.1. Failure to make any timely payments due to the Pool.

17.1.2. Failure to undertake or continue loss reduction and prevention procedures adopted by the Pool.

17.1.3. Failure to allow the Pool reasonable access to all facilities of the Member and all records which relates to the purpose, powers or functioning of the Pool.

17.1.4. Failure to furnish full cooperation with the Pool's attorneys, claims adjusters, the Executive Director and any agent, employee, officer or independent contractor of the Pool relating to the purpose, powers and proper functioning of the Pool.

17.1.5. Failure to carry out any obligation of a Member which impairs the ability of the Pool to carry out its purpose or powers or functions.

17.1.6. The Preferred Member has given the forty-five (45) days notice described in Section 4.2 and 4.3 above.

17.2. Notice: No Member may be expelled except after notice from the Pool of the alleged failure along with a reasonable opportunity of not less than thirty (30) days to cure the alleged failure. The Member may request a hearing before the Board before any decision is made as to whether the expulsion shall take place. The Board shall set the date for a hearing which shall not be less than fifteen (15) days after the expiration of the time to cure has passed.

A decision by the Board to expel a Member after notice and hearing and a failure to cure the alleged defect shall be final. The Board of Directors may establish the date at which the expulsion of the Member shall be effective at any time not less than sixty (60) days after the vote expelling the Member has been made by the Board of Directors. If the motion to expel the Member made by the Board of Directors or a subsequent motion does not state the time at which the expulsion shall take place, such expulsion shall take place sixty (60) days after the date of the vote by the Board of Directors expelling the Member.

17.3. Responsibilities of Terminated Member: A former Member shall only continue to be fully responsible only for its' portion of any obligations incurred but not satisfied during the period of time they were a Member of the Pool. Such obligations may include, but not be limited to, premiums, loss fund payments, maintenance deductibles, workers' compensations, final audit and administrative fees, etc., owed or unpaid by the former Member. The former Member shall no longer be entitled to participate or vote on the Board of Directors.

Article 18 - Special Provisions for Deferred Funding

During the fiscal years commencing on October 1, 1987 and ending on September 30, 1990, the entire Annual "Loss Fund" Contribution was not required by the Board of Directors to be paid within the fiscal year to which it was applicable. The difference between the Annual "Loss Fund" Contribution and the amount required by the Board of Directors to actually be paid to the Pool during such year by a Member is referred to herein as Deferred Funding. Members and former Members during any year for which there existed Deferred Funding may be required by the Board of Directors upon recommendation of the Executive Director to pay their applicable portion of the Deferred Funding in subsequent years. Members or former members will be

allowed forty-five (45) days after notification to make any payments of Deferred Funding. The amount of any payments required for Deferred Funding as to each Member shall be based upon the same formula as was used in establishing the Annual "Loss Fund" Contribution for that year.

Article 19 - Termination of the Pool

19.1. Termination: If, at the conclusion of any term of the Pool, the Board of Directors votes to discontinue the existence of the Pool in accordance with Section 6.9.4., then the Pool shall cease its existence at the close of the then current fiscal year. Under those circumstances, the Board of Directors shall continue to meet on such a schedule as shall be necessary to carry out the termination of the affairs of the Pool. It is contemplated that the Board of Directors may be required to continue to hold meetings for some substantial period of time in order to accomplish this task, including the settlement of all covered claims incurred during the term of the Pool. The Pool shall continue to be fully responsible and obligated to pay covered claims and expenses owed by the Pool, which accrued before the Pool's termination. The money used to pay such covered claims and expenses shall remain with the Pool until such claims are settled and expenses are paid.

19.2. Post-Termination Responsibilities of Member: After termination of the Pool, the Member shall continue to hold membership on the Board of Directors but only for the purpose of voting on matters affecting their limited continuing interest in the Pool for such years as they were Members of the Pool.

In witness whereof, this agreement has been executed by the Entity: Pasco County Mosquito Control District. The approval of the foregoing agreement was passed by the Entity: Pasco County Mosquito Control District on the 21 day of October, 2025, and attached hereto, I do hereby execute and the Board does hereby attest to my signature as evidence that the Pasco County Mosquito Control District has approved and hereby becomes a bound signatory member of the "Intergovernmental Cooperative Agreement" for Public Risk Management of Florida, a copy of which is attached hereto, and which is pursuant to Florida Statutes Section 163.01. which commenced its term on October 1, 1987.

BACKGROUND SUMMARY:

The Developer has provided a Maintenance Guarantee in the form of Check No. 10416 for the project to guarantee the improvements are free of defects. This check was originally deposited into account No. 2401-40000-369900-369900-00000-0000-000000-000-0000 to be held by the County.

The County Administrator was never formally presented the Cash Bond Agreement for signature and the funds were not placed into a bond account because they were never formally accepted. The funds are currently available in account No. 2401-40500-536000-599001-00000-0000-000000-000-0000. Utility improvements for the subject project have been completed by the developer and are acceptable for ownership and operation by the County. The developer has provided the necessary public easement by dedication on the final subdivision plat of Chapel Crossing Parcel A and Bill of Sale. The maintenance period required by Section 110-36 Pasco County Code of Ordinances to protect the County against losses resulting from any and all defects in materials, workmanship, and performance for a period of one year has since expired. The Developer is requesting County return of his cash bond posted as a Maintenance Guarantee and that County accept the Utility Improvements described in the Bill of Sale and Cost Estimate.

MAINTENANCE GUARANTEE

AGREEMENT

This Agreement is made between Thornwood Associates, LLC, with a business address of 2940 Sports Core Circle, Wesley Chapel, FL 33544, and telephone number 813-994-2277, (herein "Developer"), and Pasco County, a political subdivision of the State of Florida, by and through its Board of County Commissioners (herein "County").

WITNESSETH:

The Developer submits to the County the sum of $75,243.68 to act as a financial guarantee for maintenance of certain utility improvements for Project Name Chapel Crossings NW Quadrant – Village A (Phase 2), these conditions, being more specifically, the maintenance of any required and approved items contemplated on the County-approved cost estimate, dated 6/17/24, in connection with the Project (herein "Improvements") and authorizes the County to draft any amount, or all of the sum above, upon the occurrence of any of the following conditions in the discretion of the Utilities Director or designee:

1. The Developer has failed to maintain all required, approved Improvements for a period of one year, or any different period agreed to by the County; or

2. The Developer has failed to repair or replace all such Improvements found by the County Utilities Director or designee not to comply with County approvals or requirements or found to be deficient in materials, workmanship, or structural integrity under County, State, or Federal regulations, whichever may be applicable, or industry standards; or

3. The Developer has failed to pay all costs and expenses incurred for or incidental to the maintenance of Improvements; or

4. The Developer has failed to submit a written request for an inspection of all Improvements to the Pasco County Utilities Department not before ninety (90) days prior to the termination of the maintenance period or any different time agreed to by the County.

In the event the County institutes legal proceedings in order to collect any funds under this agreement, or any amendment, the venue shall be exclusively in Pasco County, Florida, and the Developer shall be liable for attorney's fees and court costs incurred by the County in the event the County prevails. Prevails shall be a favorable decision by the court of law to permit the County to use any, or all, of the sum above for the purpose stated herein. No modifications may be made to this agreement unless in writing and signed by the County and the Developer.

IN WITNESS WHEREOF, the Developer has caused this Agreement to be duly executed in the Developer's name.

Hello,

Thank you for the clarification on the process.

I just spoke to Tracy and we have agreed I will handle this moving forward along with William "Bill".

Please send me any documents that you would normally send to Jeri.

As for the three that you did not receive an account # I am showing the following on the cash log.

Subject: RE: Cash Maintenance Guarantees

Good morning all,

The most recent information and correspondence regarding the SOP for cash maintenance guarantees is attached.

Engineering receives a check and associated Cash Agreement Form when the Final FDEP Clearance process is complete.

Our Clearance processor then scans/copies the check and Cash Agreement form, and hand writes the date of receipt and forward to Fiscal on the copy.

The original Cash Agreement Form is retained by Engineering.

The **original check** and scanned copy of the Cash Agreement Form with routing date and Clearance Processor signature is delivered to the black lock-box in Fiscal. An email is sent to Jeri Kaupp jkaupp@pascocountyfl.net, Melida Perez mperez@pascocountyfl.net, and Carrie Donelan-Fisher cdonelanfisher@pascocountyfl.net alerting them that a check for maintenance guarantee has been placed in the lock-box and requesting the account number for the deposit.

This account number is needed by Engineering to create the associated Memo for maintenance guarantee acceptance to be signed by the Utility Director and Mike Carballa.

Per the attached spreadsheet – Engineering never received the associated account number for the following checks/projects:

PCU #12-111.11
PCU #12-111.12
PCU #12-111.13

Someone from Fiscal – previously Jeri Kaupp, would provide the account number to the Engineering Clearance Processor in response to the email.

The memo with UTD number would be provided when the associated Acceptance was then processed.

Please advise of the updated Fiscal contacts since Jeri has left.

Sincerely,

Developer: **Thornwood Associates, LLC**
Project Name: **Chapel Crossing NW Quadrant - Village A (Phase 2)**
PCU Number: **12-111.11**

This Certificate of Completion is issued pursuant to Section 110-36(c), 110-80(a), and 110-121(c) of the Pasco County Code of Ordinances, and Section 310.14 of the Pasco County Land Development Code. A final inspection of the required improvements occurred on September 5, 2025 and was found to be in substantial conformance with Pasco County Utilities standards, approvals of the Board of County Commissioners (BCC), and any variances from the standards approved by the BCC. This action is based on field review of the improvements and office review of the available documentation and certifications provided by the Engineer of Record.

BY THE BOARD OF COUNTY COMMISSIONERS **RESOLUTION NO. 26-103**

A RESOLUTION BY THE BOARD OF COUNTY COMMISSIONERS OF PASCO COUNTY, FLORIDA, DECLARING JANUARY 26, 2026, AS ALL IN FOR EARLY LEARNING DAY IN PASCO COUNTY

WHEREAS, a child's first five years of life are critical to healthy brain development, future learning, and lifelong success; and

WHEREAS, high-quality early learning programs help children enter school ready to learn, build strong social and emotional skills, and support families in fostering their child's growth and development; and

WHEREAS, Florida's early learning educators play a vital role in preparing children for school and life, serving as dedicated professionals who nurture curiosity, creativity, and confidence; and

WHEREAS, access to affordable, high-quality early learning strengthens communities, supports working families, and contributes to Florida's economic prosperity; and

WHEREAS, the statewide awareness campaign All in for Early Learning unites families, educators, businesses, and community leaders in championing early learning as the foundation for success; and

WHEREAS, recognizing and celebrating early learning raises awareness of its importance and reaffirms our commitment to ensuring every child in Florida and Pasco County has the opportunity to thrive.

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of Pasco County, Florida, that said Board hereby declares January 26, 2026, as All in for Early Learning Day in Pasco County and encourages citizens, businesses, organizations, and institutions to join in celebrating our youngest learners, their families, and the educators who inspire them.

DONE AND RESOLVED in regular session with a quorum present and voting this 20th day of January 2026.
