Federal Program B	Federal Agency	CFDA Number	CFDA Title	Funding Amount	State Appropriation Category
				$	

Note: Of the resources awarded to the recipient represent more than one federal program, list applicable compliance requirements for each federal program in the same manner as shown below:

Federal Program A	First Compliance requirement: i.e.: (what services of purposes resources must be used for)	
	Second Compliance requirement: i.e.:(eligibility requirement for recipients of the resources)	
	Etc.	
	Etc.	
Federal Program B	First Compliance requirement: i.e.: (what services of purposes resources must be used for)	
	Second Compliance requirement: i.e.: (eligibility requirement for recipients of the resources)	
	Etc.	
	Etc.	

Note: If the resources awarded to the recipient for matching represent more than one federal program, provide the same information shown below for each federal program and show total state resources awarded for matching.

State Resources Awarded to the Recipient Pursuant to this Agreement Consist of the Following Matching Resources for Federal Programs:					
Federal Program A	Federal Agency	CFDA	CFDA Title	Funding Amount	State Appropriation Category
Federal Program B	Federal Agency	CFDA	CFDA Title	Funding Amount	State Appropriation Category

Note: If the resources awarded to the recipient represent more than one state project, provide the same information shown below for each state project and show total state financial assistance awarded that is subject to section 215.97, F.S.

State Resources Awarded to the Recipient Pursuant to this Agreement Consist of the Following Resources Subject to Section 215.97, F.S.:						
State Program A	State Awarding Agency	State Fiscal Year[1]	CSFA Number	CSFA Title or Funding Source Description	Funding Amount	State Appropriation Category
Original Agreement	Department of Environmental Protection	2022-2023	37.039	Statewide Water Quality Restoration Projects – LI 1665A	$2,000,000.00	140047
State Program B	State Awarding Agency	State Fiscal Year[2]	CSFA Number	CSFA Title or Funding Source Description	Funding Amount	State Appropriation Category

Total Award	$2,000,000.00	

Note: List applicable compliance requirement in the same manner as illustrated above for federal resources. For matching resources provided by the Department for DEP for federal programs, the requirements might be similar to the requirements for the applicable federal programs. Also, to the extent that different requirements pertain to different amount for the non-federal resources, there may be more than one grouping (i.e. 1, 2, 3, etc.) listed under this category.

For each program identified above, the recipient shall comply with the program requirements described in the Catalog of Federal Domestic Assistance (CFDA) [https://sam.gov/content/assistance-listings] and/or the Florida Catalog of State Financial Assistance (CSFA) [https://apps.fldfs.com/fsaa/searchCatalog.aspx], and State Projects Compliance Supplement (Part Four: State Projects Compliance Supplement [https://apps.fldfs.com/fsaa/compliance.aspx]. The services/purposes for which the funds are to be used are included in the Agreement's Grant Work Plan. Any match required by the Recipient is clearly indicated in the Agreement.

Please use the most current form found on the website, linked above, for each progress report submitted for this project.

BOARD OF COUNTY COMMISSIONERS
AGENDA MEMORANDUM

COMMISSION DISTRICT: 5 **FILE NO.:** PW23-0059 **DATE:** 4/4/2023

SUBJECT: Standard Grant Agreement No. LPA0361 between the Florida Department of Environmental Protection and Pasco County – Pasco County Green Key Drainage Improvements (LPA0361) (SW-1088) – $2,000,000.00

REFERENCES: RSQ-ML-19-088, PW19-0121, PW20-0043, SMO20-015

AGENDA SECTION: Consent Agenda

THRU: Branford Adumuah, Assistant County Administrator

FROM: Joseph Amoah, Assistant Director of Public Works

RECOMMENDED BOARD ACTION:

Approve Standard Grant Agreement No. LPA0361 between the Florida Department of Environmental Protection (FDEP) and Pasco County ("Agreement"). Authorize the Chairman to execute the two originals of the Agreement provided, and direct Board Records to distribute as set forth under the Distribution section below.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

The Pasco County Green Key Drainage Improvements project consists of drainage improvements to abate localized flooding in the Green Key neighborhood. The project is based on a concept plan developed under Task Order No. SMO20-015 issued to Jacobs Engineering Group, Inc., and completed on August 19, 2020.

The project will be conducted in two phases: Design/Permitting and Construction. The Public Works Department is currently pursuing a task order for design and permitting services. The Agreement will fund a portion of the cost of the design, permitting, and construction phases of the project.

A tentative project schedule is provided below:

DESCRIPTION	COMMENCE	COMPLETE
Design	Spring 2023	Winter 2024
Permitting	Winter 2024	Spring 2024
Bidding & Contract Award	Spring 2024	Winter 2025
Construction and Construction Engineering & Inspection (CEI)	Winter 2025	Fall 2025
As-Built Survey, Record Drawings & Substantial Completion	Fall 2025	Spring 2026

FISCAL IMPACT/COST/REVENUE STATEMENT:

Funding in the amount of $2,000,000.00 will be available in the Grant Fund, Public Works Capital, Project 23017.

DISTRIBUTION:

Board Records to distribute as set forth below:
1. Retain One Original
2. Electronically to: Richmond Abellera, Environmental Specialist III, FDEP, at Richmond.Abellera@FloridaDEP.gov
3. Mail One Original to:
   Richmond Abellera, Environmental Specialist III
   State of Florida Department of Environmental Protection
   3900 Commonwealth Blvd.
   Tallahassee, FL 32399-3000

RE: Pasco County Green Key Drainage Improvements
C26 PW23-0059

Dear Sir/Madam:

At the April 4, 2023 meeting of the Pasco County Board of County Commissioners, the above mentioned agenda item was approved. Attached are two (2) documents for final execution. Upon signing, please return one (1) fully executed document to the following address:

Board Records Division
East Pasco Government Center
14236 6th Street, Suite 201
Dade City, FL 33525

Any exhibits related to this document can be viewed by visiting the Pasco County Website as follows: go to www.pascocountyfl.net, scroll down and click on "Transparency", click on "Agendas & Minutes", select the meeting date from the list, click on "Agenda", click on the agenda item number indicated above, and click on the attachment you wish to view.

If you have any questions, please contact the appropriate department or call (352) 521-4274 or (727) 847-2411.

Sincerely,

Meaghan Legnini
Records Clerk I, Board Records Division

STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION
Standard Grant Agreement

This Agreement is entered into between the Parties named below, pursuant to Section 215.971, Florida Statutes:

1. Project Title (Project): **Pasco County Green Key Drainage Improvements**

Agreement Number: **LPA0361**

2. Parties: **State of Florida Department of Environmental Protection**
3900 Commonwealth Boulevard
Tallahassee, Florida 32399-3000 (Department)

Grantee Name: **Pasco County** Entity Type: **Local Government**

Grantee Address: **4454 Grand Boulevard, New Port Richey, Florida 34652** FEID: **59-6000793** (Grantee)

3. Agreement Begin Date: **Upon Execution**

Date of Expiration: **December 31, 2027**

4. Project Number: *(If different from Agreement Number)*

Project Location(s): **Lat/Long (28.2549, -82.7330)**

Project Description: **The Green Key project will consist of bilateral conveyance improvements, from the Green Key neighborhood to both the upper and lower lobes of Oyster Creek, and roadway elevation, to directly reduce roadway flooding susceptibility.**

5. Total Amount of Funding: **$2,000,000.00**

Funding Source?	Award #s or Line Item Appropriations:	Amount per Source(s):
☑ State ☐ Federal	**LP, GAA LI 1665A, FY 22-23**	**$2,000,000.00**
☐ State ☐ Federal		
☐ Grantee Match		
	Total Amount of Funding + Grantee Match, if any:	**$2,000,000.00**

6. Department's Grant Manager

Name: **Arlene Acevedo** or successor

Address: **Florida Dept. of Environmental Protection**
3900 Commonwealth Blvd. MS-3602
Tallahassee, FL 32399-3000

Phone: **850-245-2819**

Email: **Arlene.Acevedo@FloridaDEP.gov**

Grantee's Grant Manager

Name: **Sandy Choquette** or successor

Address: **Pasco County**
4454 Grand Boulevard
New Port Richey, FL 34652

Phone: **727-834-3611**

Email: **schoquette@pascocountyfl.net**

7. The Parties agree to comply with the terms and conditions of the following attachments and exhibits which are hereby incorporated by reference:

- ☑ Attachment 1: Standard Terms and Conditions Applicable to All Grants Agreements
- ☑ Attachment 2: Special Terms and Conditions
- ☑ Attachment 3: Grant Work Plan
- ☑ Attachment 4: Public Records Requirements
- ☑ Attachment 5: Special Audit Requirements

STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION
STANDARD TERMS AND CONDITIONS
APPLICABLE TO GRANT AGREEMENTS

ATTACHMENT 1

1. Entire Agreement.

This Grant Agreement, including any Attachments and Exhibits referred to herein and/or attached hereto (Agreement), constitutes the entire agreement between the parties with respect to the subject matter hereof and supersedes all prior agreements, whether written or oral, with respect to such subject matter. Any terms and conditions included on Grantee's forms or invoices shall be null and void.

2. Grant Administration.

a. Order of Precedence. If there are conflicting provisions among the documents that make up the Agreement, the order of precedence for interpretation of the Agreement is as follows:
   i. Standard Grant Agreement
   ii. Attachments other than Attachment 1, in numerical order as designated in the Standard Grant Agreement
   iii. Attachment 1, Standard Terms and Conditions
   iv. The Exhibits in the order designated in the Standard Grant Agreement

b. All approvals, written or verbal, and other written communication among the parties, including all notices, shall be obtained by or sent to the parties' Grant Managers. All written communication shall be by electronic mail, U.S. Mail, a courier delivery service, or delivered in person. Notices shall be considered delivered when reflected by an electronic mail read receipt, a courier service delivery receipt, other mail service delivery receipt, or when receipt is acknowledged by recipient. If the notice is delivered in multiple ways, the notice will be considered delivered at the earliest delivery time.

c. If a different Grant Manager is designated by either party after execution of this Agreement, notice of the name and contact information of the new Grant Manager will be submitted in writing to the other party and maintained in the respective parties' records. A change of Grant Manager does not require a formal amendment or change order to the Agreement.

d. This Agreement may be amended, through a formal amendment or a change order, only by a written agreement between both parties. A formal amendment to this Agreement is required for changes which cause any of the following:
   (1) an increase or decrease in the Agreement funding amount;
   (2) a change in Grantee's match requirements;
   (3) a change in the expiration date of the Agreement; and/or
   (4) changes to the cumulative amount of funding transfers between approved budget categories, as defined in Attachment 3, Grant Work Plan, that exceeds or is expected to exceed twenty percent (20%) of the total budget as last approved by Department.
   A change order to this Agreement may be used when:
   (1) task timelines within the current authorized Agreement period change;
   (2) the cumulative transfer of funds between approved budget categories, as defined in Attachment 3, Grant Work Plan, are less than twenty percent (20%) of the total budget as last approved by Department;
   (3) changing the current funding source as stated in the Standard Grant Agreement; and/or
   (4) fund transfers between budget categories for the purposes of meeting match requirements.
   This Agreement may be amended to provide for additional services if additional funding is made available by the Legislature.

e. All days in this Agreement are calendar days unless otherwise specified.

3. Agreement Duration.

The term of the Agreement shall begin and end on the dates indicated in the Standard Grant Agreement, unless extended or terminated earlier in accordance with the applicable terms and conditions. The Grantee shall be eligible for reimbursement for work performed on or after the date of execution through the expiration date of this Agreement, unless otherwise specified in Attachment 2, Special Terms and Conditions. However, work performed prior to the execution of this Agreement may be reimbursable or used for match purposes if permitted by the Special Terms and Conditions.

4. Deliverables.

The Grantee agrees to render the services or other units of deliverables as set forth in Attachment 3, Grant Work Plan. The services or other units of deliverables shall be delivered in accordance with the schedule and at the pricing outlined in the Grant Work Plan. Deliverables may be comprised of activities that must be completed prior to Department making payment on that deliverable. The Grantee agrees to perform in accordance with the terms and conditions set forth in this Agreement and all attachments and exhibits incorporated by the Standard Grant Agreement.

5. Performance Measures.

The Grantee warrants that: (1) the services will be performed by qualified personnel; (2) the services will be of the kind and quality described in the Grant Work Plan; (3) the services will be performed in a professional and workmanlike manner in accordance with industry standards and practices; (4) the services shall not and do not knowingly infringe upon the intellectual property rights, or any other proprietary rights, of any third party; and (5) its employees, subcontractors, and/or subgrantees shall comply with any security and safety requirements and processes, if provided by Department, for work done at the Project Location(s). The Department reserves the right to investigate or inspect at any time to determine whether the services or qualifications offered by Grantee meet the Agreement requirements. Notwithstanding any provisions herein to the contrary, written acceptance of a particular deliverable does not foreclose Department's remedies in the event deficiencies in the deliverable cannot be readily measured at the time of delivery.

6. Acceptance of Deliverables.

a. Acceptance Process. All deliverables must be received and accepted in writing by Department's Grant Manager before payment. The Grantee shall work diligently to correct all deficiencies in the deliverable that remain outstanding, within a reasonable time at Grantee's expense. If Department's Grant Manager does not accept the deliverables within 30 days of receipt, they will be deemed rejected.

b. Rejection of Deliverables. The Department reserves the right to reject deliverables, as outlined in the Grant Work Plan, as incomplete, inadequate, or unacceptable due, in whole or in part, to Grantee's lack of satisfactory performance under the terms of this Agreement. The Grantee's efforts to correct the rejected deliverables will be at Grantee's sole expense. Failure to fulfill the applicable technical requirements or complete all tasks or activities in accordance with the Grant Work Plan will result in rejection of the deliverable and the associated invoice. Payment for the rejected deliverable will not be issued unless the rejected deliverable is made acceptable to Department in accordance with the Agreement requirements. The Department, at its option, may allow additional time within which Grantee may remedy the objections noted by Department. The Grantee's failure to make adequate or acceptable deliverables after a reasonable opportunity to do so shall constitute an event of default.

7. Financial Consequences for Nonperformance.

a. Withholding Payment. In addition to the specific consequences explained in the Grant Work Plan and/or Special Terms and Conditions, the State of Florida (State) reserves the right to withhold payment when the Grantee has failed to perform/comply with provisions of this Agreement. None of the financial consequences for nonperformance in this Agreement as more fully described in the Grant Work Plan shall be considered penalties.

b. Corrective Action Plan. If Grantee fails to correct all the deficiencies in a rejected deliverable within the specified timeframe, Department may, in its sole discretion, request that a proposed Corrective Action Plan (CAP) be submitted by Grantee to Department. The Department requests that Grantee specify the outstanding deficiencies in the CAP. All CAPs must be able to be implemented and performed in no more than sixty (60) calendar days.

    i. The Grantee shall submit a CAP within ten (10) days of the date of the written request from Department. The CAP shall be sent to the Department's Grant Manager for review and approval. Within ten (10) days of receipt of a CAP, Department shall notify Grantee in writing whether the CAP proposed has been accepted. If the CAP is not accepted, Grantee shall have ten (10) days from receipt of Department letter rejecting the proposal to submit a revised proposed CAP. Failure to obtain Department approval of a CAP as specified above may result in Department's termination of this Agreement for cause as authorized in this Agreement.

    ii. Upon Department's notice of acceptance of a proposed CAP, Grantee shall have ten (10) days to commence implementation of the accepted plan. Acceptance of the proposed CAP by Department does not relieve Grantee of any of its obligations under the Agreement. In the event the CAP fails to correct or eliminate performance deficiencies by Grantee, Department shall retain the right to require additional or further remedial steps, or to terminate this Agreement for failure to perform. No actions approved by Department or steps taken by Grantee shall preclude Department from subsequently asserting any deficiencies in performance. The Grantee shall continue to implement

the CAP until all deficiencies are corrected. Reports on the progress of the CAP will be made to Department as requested by Department's Grant Manager.

iii. Failure to respond to a Department request for a CAP or failure to correct a deficiency in the performance of the Agreement as specified by Department may result in termination of the Agreement.

8. Payment.

a. Payment Process. Subject to the terms and conditions established by the Agreement, the pricing per deliverable established by the Grant Work Plan, and the billing procedures established by Department, Department agrees to pay Grantee for services rendered in accordance with Section 215.422, Florida Statutes (F.S.).

b. Taxes. The Department is exempted from payment of State sales, use taxes and Federal excise taxes. The Grantee, however, shall not be exempted from paying any taxes that it is subject to, including State sales and use taxes, or for payment by Grantee to suppliers for taxes on materials used to fulfill its contractual obligations with Department. The Grantee shall not use Department's exemption number in securing such materials. The Grantee shall be responsible and liable for the payment of all its FICA/Social Security and other taxes resulting from this Agreement.

c. Maximum Amount of Agreement. The maximum amount of compensation under this Agreement, without an amendment, is described in the Standard Grant Agreement. Any additional funds necessary for the completion of this Project are the responsibility of Grantee.

d. Reimbursement for Costs. The Grantee shall be paid on a cost reimbursement basis for all eligible Project costs upon the completion, submittal, and approval of each deliverable identified in the Grant Work Plan. Reimbursement shall be requested on Exhibit C, Payment Request Summary Form. To be eligible for reimbursement, costs must be in compliance with laws, rules, and regulations applicable to expenditures of State funds, including, but not limited to, the Reference Guide for State Expenditures, which can be accessed at the following web address: https://www.myfloridacfo.com/division/aa/state-agencies.

e. Invoice Detail. All charges for services rendered or for reimbursement of expenses authorized by Department pursuant to the Grant Work Plan shall be submitted to Department in sufficient detail for a proper pre-audit and post-audit to be performed. The Grantee shall only invoice Department for deliverables that are completed in accordance with the Grant Work Plan.

f. Interim Payments. Interim payments may be made by Department, at its discretion, if the completion of deliverables to date have first been accepted in writing by Department's Grant Manager.

g. Final Payment Request. A final payment request should be submitted to Department no later than sixty (60) days following the expiration date of the Agreement to ensure the availability of funds for payment. However, all work performed pursuant to the Grant Work Plan must be performed on or before the expiration date of the Agreement.

h. Annual Appropriation Contingency. The State's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature. This Agreement is not a commitment of future appropriations. Authorization for continuation and completion of work and any associated payments may be rescinded, with proper notice, at the discretion of Department if the Legislature reduces or eliminates appropriations.

i. Interest Rates. All interest rates charged under the Agreement shall be calculated on the prevailing rate used by the State Board of Administration. To obtain the applicable interest rate, please refer to: https://www.myfloridacfo.com/division/aa/state-agencies.

j. Refund of Payments to the Department. Any balance of unobligated funds that have been advanced or paid must be refunded to Department. Any funds paid in excess of the amount to which Grantee or subgrantee is entitled under the terms of the Agreement must be refunded to Department. If this Agreement is funded with federal funds and the Department is required to refund the federal government, the Grantee shall refund the Department its share of those funds.

9. Documentation Required for Cost Reimbursement Grant Agreements and Match.

If Cost Reimbursement or Match is authorized in Attachment 2, Special Terms and Conditions, the following conditions apply. Supporting documentation must be provided to substantiate cost reimbursement or match requirements for the following budget categories:

a. Salary/Wages. Grantee shall list personnel involved, position classification, direct salary rates, and hours spent on the Project in accordance with Attachment 3, Grant Work Plan in their documentation for reimbursement or match requirements.

b. Overhead/Indirect/General and Administrative Costs. If Grantee is being reimbursed for or claiming match for multipliers, all multipliers used (i.e., fringe benefits, overhead, indirect, and/or general and administrative rates)

shall be supported by audit. If Department determines that multipliers charged by Grantee exceeded the rates supported by audit, Grantee shall be required to reimburse such funds to Department within thirty (30) days of written notification. Interest shall be charged on the excessive rate.

c. Contractual Costs (Subcontractors). Match or reimbursement requests for payments to subcontractors must be substantiated by copies of invoices with backup documentation identical to that required from Grantee. Subcontracts which involve payments for direct salaries shall clearly identify the personnel involved, salary rate per hour, and hours spent on the Project. All eligible multipliers used (i.e., fringe benefits, overhead, indirect, and/or general and administrative rates) shall be supported by audit. If Department determines that multipliers charged by any subcontractor exceeded the rates supported by audit, Grantee shall be required to reimburse such funds to Department within thirty (30) days of written notification. Interest shall be charged on the excessive rate. Nonconsumable and/or nonexpendable personal property or equipment costing $5,000 or more purchased for the Project under a subcontract is subject to the requirements set forth in Chapters 273 and/or 274, F.S., and Chapter 69I-72, Florida Administrative Code (F.A.C.) and/or Chapter 69I-73, F.A.C., as applicable. The Grantee shall be responsible for maintaining appropriate property records for any subcontracts that include the purchase of equipment as part of the delivery of services. The Grantee shall comply with this requirement and ensure its subcontracts issued under this Agreement, if any, impose this requirement, in writing, on its subcontractors.
    i. For fixed-price (vendor) subcontracts, the following provisions shall apply: The Grantee may award, on a competitive basis, fixed-price subcontracts to consultants/contractors in performing the work described in Attachment 3, Grant Work Plan. Invoices submitted to Department for fixed-price subcontracted activities shall be supported with a copy of the subcontractor's invoice and a copy of the tabulation form for the competitive procurement process (e.g., Invitation to Bid, Request for Proposals, or other similar competitive procurement document) resulting in the fixed-price subcontract. The Grantee may request approval from Department to award a fixed-price subcontract resulting from procurement methods other than those identified above. In this instance, Grantee shall request the advance written approval from Department's Grant Manager of the fixed price negotiated by Grantee. The letter of request shall be supported by a detailed budget and Scope of Services to be performed by the subcontractor. Upon receipt of Department Grant Manager's approval of the fixed-price amount, Grantee may proceed in finalizing the fixed-price subcontract.
    ii. If the procurement is subject to the Consultant's Competitive Negotiation Act under section 287.055, F.S. or the Brooks Act, Grantee must provide documentation clearly evidencing it has complied with the statutory or federal requirements.

d. Travel. All requests for match or reimbursement of travel expenses shall be in accordance with Section 112.061, F.S.

e. Direct Purchase Equipment. For the purposes of this Agreement, Equipment is defined as capital outlay costing $5,000 or more. Match or reimbursement for Grantee's direct purchase of equipment is subject to specific approval of Department, and does not include any equipment purchased under the delivery of services to be completed by a subcontractor. Include copies of invoices or receipts to document purchases, and a properly completed Exhibit B, Property Reporting Form**.**

f. Rental/Lease of Equipment. Match or reimbursement requests for rental/lease of equipment must include copies of invoices or receipts to document charges.

g. Miscellaneous/Other Expenses. If miscellaneous or other expenses, such as materials, supplies, non-excluded phone expenses, reproduction, or mailing, are reimbursable or available for match or reimbursement under the terms of this Agreement, the documentation supporting these expenses must be itemized and include copies of receipts or invoices. Additionally, independent of Grantee's contract obligations to its subcontractor, Department shall not reimburse any of the following types of charges: cell phone usage; attorney's fees or court costs; civil or administrative penalties; or handling fees, such as set percent overages associated with purchasing supplies or equipment.

h. Land Acquisition. Reimbursement for the costs associated with acquiring interest and/or rights to real property (including access rights through ingress/egress easements, leases, license agreements, or other site access agreements; and/or obtaining record title ownership of real property through purchase) must be supported by the following, as applicable: Copies of Property Appraisals, Environmental Site Assessments, Surveys and Legal Descriptions, Boundary Maps, Acreage Certification, Title Search Reports, Title Insurance, Closing Statements/Documents, Deeds, Leases, Easements, License Agreements, or other legal instrument documenting acquired property interest and/or rights. If land acquisition costs are used to meet match requirements, Grantee agrees that those funds shall not be used as match for any other Agreement supported by State or Federal funds.

10. Status Reports.

The Grantee shall submit status reports quarterly, unless otherwise specified in the Attachments, on Exhibit A, Progress Report Form**,** to Department's Grant Manager describing the work performed during the reporting period, problems encountered, problem resolutions, scheduled updates, and proposed work for the next reporting period. Quarterly status reports are due no later than twenty (20) days following the completion of the quarterly reporting period. For the purposes of this reporting requirement, the quarterly reporting periods end on March 31, June 30, September 30 and December 31. The Department will review the required reports submitted by Grantee within thirty (30) days.

11. Retainage.

The following provisions apply if Department withholds retainage under this Agreement:

a. The Department reserves the right to establish the amount and application of retainage on the work performed under this Agreement up to the maximum percentage described in Attachment 2, Special Terms and Conditions. Retainage may be withheld from each payment to Grantee pending satisfactory completion of work and approval of all deliverables.

b. If Grantee fails to perform the requested work, or fails to perform the work in a satisfactory manner, Grantee shall forfeit its right to payment of the retainage associated with the work. Failure to perform includes, but is not limited to, failure to submit the required deliverables or failure to provide adequate documentation that the work was actually performed. The Department shall provide written notification to Grantee of the failure to perform that shall result in retainage forfeiture. If the Grantee does not correct the failure to perform within the timeframe stated in Department's notice, the retainage will be forfeited to Department.

c. No retainage shall be released or paid for incomplete work while this Agreement is suspended.

d. Except as otherwise provided above, Grantee shall be paid the retainage associated with the work, provided Grantee has completed the work and submits an invoice for retainage held in accordance with the invoicing procedures under this Agreement.

12. Insurance.

a. Insurance Requirements for Sub-Grantees and/or Subcontractors. The Grantee shall require its sub-grantees and/or subcontractors, if any, to maintain insurance coverage of such types and with such terms and limits as described in this Agreement. The Grantee shall require all its sub-grantees and/or subcontractors, if any, to make compliance with the insurance requirements of this Agreement a condition of all contracts that are related to this Agreement. Sub-grantees and/or subcontractors must provide proof of insurance upon request.

b. Deductibles. The Department shall be exempt from, and in no way liable for, any sums of money representing a deductible in any insurance policy. The payment of such deductible shall be the sole responsibility of the Grantee providing such insurance.

c. Proof of Insurance. Upon execution of this Agreement, Grantee shall provide Department documentation demonstrating the existence and amount for each type of applicable insurance coverage ***prior to*** performance of any work under this Agreement. Upon receipt of written request from Department, Grantee shall furnish Department with proof of applicable insurance coverage by standard form certificates of insurance, a self-insured authorization, or other certification of self-insurance.

d. Duty to Maintain Coverage. In the event that any applicable coverage is cancelled by the insurer for any reason, or if Grantee cannot get adequate coverage, Grantee shall immediately notify Department of such cancellation and shall obtain adequate replacement coverage conforming to the requirements herein and provide proof of such replacement coverage within ten (10) days after the cancellation of coverage.

e. Insurance Trust. If the Grantee's insurance is provided through an insurance trust, the Grantee shall instead add the Department of Environmental Protection, its employees, and officers as an additional covered party everywhere the Agreement requires them to be added as an additional insured.

13. Termination.

a. Termination for Convenience. When it is in the State's best interest, Department may, at its sole discretion, terminate the Agreement in whole or in part by giving 30 days' written notice to Grantee. The Department shall notify Grantee of the termination for convenience with instructions as to the effective date of termination or the specific stage of work at which the Agreement is to be terminated. The Grantee must submit all invoices for work to be paid under this Agreement within thirty (30) days of the effective date of termination. The Department shall not pay any invoices received after thirty (30) days of the effective date of termination.

b. Termination for Cause. The Department may terminate this Agreement if any of the events of default described in the Events of Default provisions below occur or in the event that Grantee fails to fulfill any of its other obligations under this Agreement. If, after termination, it is determined that Grantee was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had

been issued for the convenience of Department. The rights and remedies of Department in this clause are in addition to any other rights and remedies provided by law or under this Agreement.

c. Grantee Obligations upon Notice of Termination. After receipt of a notice of termination or partial termination unless as otherwise directed by Department, Grantee shall not furnish any service or deliverable on the date, and to the extent specified, in the notice. However, Grantee shall continue work on any portion of the Agreement not terminated. If the Agreement is terminated before performance is completed, Grantee shall be paid only for that work satisfactorily performed for which costs can be substantiated. The Grantee shall not be entitled to recover any cancellation charges or lost profits.
d. Continuation of Prepaid Services. If Department has paid for any services prior to the expiration, cancellation, or termination of the Agreement, Grantee shall continue to provide Department with those services for which it has already been paid or, at Department's discretion, Grantee shall provide a refund for services that have been paid for but not rendered.
e. Transition of Services Upon Termination, Expiration, or Cancellation of the Agreement. If services provided under the Agreement are being transitioned to another provider(s), Grantee shall assist in the smooth transition of Agreement services to the subsequent provider(s). This requirement is at a minimum an affirmative obligation to cooperate with the new provider(s), however additional requirements may be outlined in the Grant Work Plan. The Grantee shall not perform any services after Agreement expiration or termination, except as necessary to complete the transition or continued portion of the Agreement, if any.

14. Notice of Default.

If Grantee defaults in the performance of any covenant or obligation contained in the Agreement, including, any of the events of default, Department shall provide notice to Grantee and an opportunity to cure that is reasonable under the circumstances. This notice shall state the nature of the failure to perform and provide a time certain for correcting the failure. The notice will also provide that, should the Grantee fail to perform within the time provided, Grantee will be found in default, and Department may terminate the Agreement effective as of the date of receipt of the default notice.

15. Events of Default.

Provided such failure is not the fault of Department or outside the reasonable control of Grantee, the following non-exclusive list of events, acts, or omissions, shall constitute events of default:

a. The commitment of any material breach of this Agreement by Grantee, including failure to timely deliver a material deliverable, failure to perform the minimal level of services required for a deliverable, discontinuance of the performance of the work, failure to resume work that has been discontinued within a reasonable time after notice to do so, or abandonment of the Agreement;
b. The commitment of any material misrepresentation or omission in any materials, or discovery by the Department of such, made by the Grantee in this Agreement or in its application for funding;
c. Failure to submit any of the reports required by this Agreement or having submitted any report with incorrect, incomplete, or insufficient information;
d. Failure to honor any term of the Agreement;
e. Failure to abide by any statutory, regulatory, or licensing requirement, including an entry of an order revoking the certificate of authority granted to the Grantee by a state or other licensing authority;
f. Failure to pay any and all entities, individuals, and furnishing labor or materials, or failure to make payment to any other entities as required by this Agreement;
g. Employment of an unauthorized alien in the performance of the work, in violation of Section 274 (A) of the Immigration and Nationality Act;
h. Failure to maintain the insurance required by this Agreement;
i. One or more of the following circumstances, uncorrected for more than thirty (30) days unless, within the specified 30-day period, Grantee (including its receiver or trustee in bankruptcy) provides to Department adequate assurances, reasonably acceptable to Department, of its continuing ability and willingness to fulfill its obligations under the Agreement:
    i. Entry of an order for relief under Title 11 of the United States Code;
    ii. The making by Grantee of a general assignment for the benefit of creditors;
    iii. The appointment of a general receiver or trustee in bankruptcy of Grantee's business or property; and/or
    iv. An action by Grantee under any state insolvency or similar law for the purpose of its bankruptcy, reorganization, or liquidation.

16. Suspension of Work.

The Department may, in its sole discretion, suspend any or all activities under the Agreement, at any time, when it is in the best interest of the State to do so. The Department shall provide Grantee written notice outlining the particulars of suspension. Examples of reasons for suspension include, but are not limited to, budgetary constraints, declaration of emergency, or other such circumstances. After receiving a suspension notice, Grantee shall comply with the notice. Within 90 days, or any longer period agreed to by the parties, Department shall either: (1) issue a notice authorizing resumption of work, at which time activity shall resume; or (2) terminate the Agreement. If the Agreement is terminated after 30 days of suspension, the notice of suspension shall be deemed to satisfy the thirty (30) days' notice required for a notice of termination for convenience. Suspension of work shall not entitle Grantee to any additional compensation.

17. Force Majeure.

The Grantee shall not be responsible for delay resulting from its failure to perform if neither the fault nor the negligence of Grantee or its employees or agents contributed to the delay and the delay is due directly to acts of God, wars, acts of public enemies, strikes, fires, floods, or other similar cause wholly beyond Grantee's control, or for any of the foregoing that affect subcontractors or suppliers if no alternate source of supply is available to Grantee. In case of any delay Grantee believes is excusable, Grantee shall notify Department in writing of the delay or potential delay and describe the cause of the delay either (1) within ten days after the cause that creates or will create the delay first arose, if Grantee could reasonably foresee that a delay could occur as a result; or (2) if delay is not reasonably foreseeable, within five days after the date Grantee first had reason to believe that a delay could result. **THE FOREGOING SHALL CONSTITUTE THE GRANTEE'S SOLE REMEDY OR EXCUSE WITH RESPECT TO DELAY**. Providing notice in strict accordance with this paragraph is a condition precedent to such remedy. No claim for damages, other than for an extension of time, shall be asserted against Department. The Grantee shall not be entitled to an increase in the Agreement price or payment of any kind from Department for direct, indirect, consequential, impact or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency, arising because of delay, disruption, interference, or hindrance from any cause whatsoever. If performance is suspended or delayed, in whole or in part, due to any of the causes described in this paragraph, after the causes have ceased to exist Grantee shall perform at no increased cost, unless Department determines, in its sole discretion, that the delay will significantly impair the value of the Agreement to Department, in which case Department may: (1) accept allocated performance or deliveries from Grantee, provided that Grantee grants preferential treatment to Department with respect to products subjected to allocation; (2) contract with other sources (without recourse to and by Grantee for the related costs and expenses) to replace all or part of the products or services that are the subject of the delay, which purchases may be deducted from the Agreement quantity; or (3) terminate Agreement in whole or in part.

18. Indemnification.

a. The Grantee shall be fully liable for the actions of its agents, employees, partners, or subcontractors and shall fully indemnify, defend, and hold harmless Department and its officers, agents, and employees, from suits, actions, damages, and costs of every name and description arising from or relating to:
    i. personal injury and damage to real or personal tangible property alleged to be caused in whole or in part by Grantee, its agents, employees, partners, or subcontractors; provided, however, that Grantee shall not indemnify for that portion of any loss or damages proximately caused by the negligent act or omission of Department;
    ii. the Grantee's breach of this Agreement or the negligent acts or omissions of Grantee.

b. The Grantee's obligations under the preceding paragraph with respect to any legal action are contingent upon Department giving Grantee: (1) written notice of any action or threatened action; (2) the opportunity to take over and settle or defend any such action at Grantee's sole expense; and (3) assistance in defending the action at Grantee's sole expense. The Grantee shall not be liable for any cost, expense, or compromise incurred or made by Department in any legal action without Grantee's prior written consent, which shall not be unreasonably withheld.

c. Notwithstanding sections a. and b. above, the following is the sole indemnification provision that applies to Grantees that are governmental entities: Each party hereto agrees that it shall be solely responsible for the negligent or wrongful acts of its employees and agents. However, nothing contained herein shall constitute a waiver by either party of its sovereign immunity or the provisions of Section 768.28, F.S. Further, nothing herein shall be construed as consent by a state agency or subdivision of the State to be sued by third parties in any matter arising out of any contract or this Agreement.

d. No provision in this Agreement shall require Department to hold harmless or indemnify Grantee, insure or assume liability for Grantee's negligence, waive Department's sovereign immunity under the laws of Florida, or

otherwise impose liability on Department for which it would not otherwise be responsible. Any provision, implication or suggestion to the contrary is null and void.

19. Limitation of Liability.

The Department's liability for any claim arising from this Agreement is limited to compensatory damages in an amount no greater than the sum of the unpaid balance of compensation due for goods or services rendered pursuant to and in compliance with the terms of the Agreement. Such liability is further limited to a cap of $100,000.

20. Remedies.

Nothing in this Agreement shall be construed to make Grantee liable for force majeure events. Nothing in this Agreement, including financial consequences for nonperformance, shall limit Department's right to pursue its remedies for other types of damages under the Agreement, at law or in equity. The Department may, in addition to other remedies available to it, at law or in equity and upon notice to Grantee, retain such monies from amounts due Grantee as may be necessary to satisfy any claim for damages, penalties, costs and the like asserted by or against it.

21. Waiver.

The delay or failure by Department to exercise or enforce any of its rights under this Agreement shall not constitute or be deemed a waiver of Department's right thereafter to enforce those rights, nor shall any single or partial exercise of any such right preclude any other or further exercise thereof or the exercise of any other right.

22. Statutory Notices Relating to Unauthorized Employment and Subcontracts.

a. The Department shall consider the employment by any Grantee of unauthorized aliens a violation of Section 274A(e) of the Immigration and Nationality Act. If Grantee/subcontractor knowingly employs unauthorized aliens, such violation shall be cause for unilateral cancellation of this Agreement. The Grantee shall be responsible for including this provision in all subcontracts with private organizations issued as a result of this Agreement.

b. Pursuant to Sections 287.133, 287.134, and 287.137 F.S., the following restrictions apply to persons placed on the convicted vendor list, discriminatory vendor list, or the antitrust violator vendor list:

   i. Public Entity Crime. A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a Grantee, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, F.S., for CATEGORY TWO for a period of 36 months following the date of being placed on the convicted vendor list.

   ii. Discriminatory Vendors. An entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity.

   iii. Antitrust Violator Vendors. A person or an affiliate who has been placed on the antitrust violator vendor list following a conviction or being held civilly liable for an antitrust violation may not submit a bid, proposal, or reply on any contract to provide any good or services to a public entity; may not submit a bid, proposal, or reply on any contract with a public entity for the construction or repair of a public building or public work; may not submit a bid, proposal, or reply on leases of real property to a public entity; may not be awarded or perform work as a Grantee, supplier, subcontractor, or consultant under a contract with a public entity; and may not transact new business with a public entity.

   iv. Notification. The Grantee shall notify Department if it or any of its suppliers, subcontractors, or consultants have been placed on the convicted vendor list, the discriminatory vendor list, or antitrust violator vendor list during the life of the Agreement. The Florida Department of Management Services is responsible for maintaining the discriminatory vendor list and the antitrust violator vendor list and posts the list on its website. Questions regarding the discriminatory vendor list or antitrust violator vendor list may be directed to the Florida Department of Management Services, Office of Supplier Diversity, at (850) 487-0915.

23. Compliance with Federal, State and Local Laws.

a. The Grantee and all its agents shall comply with all federal, state and local regulations, including, but not limited to, nondiscrimination, wages, social security, workers' compensation, licenses, and registration requirements. The Grantee shall include this provision in all subcontracts issued as a result of this Agreement.

b. No person, on the grounds of race, creed, color, religion, national origin, age, gender, or disability, shall be excluded from participation in; be denied the proceeds or benefits of; or be otherwise subjected to discrimination in performance of this Agreement.

c. This Agreement shall be governed by and construed in accordance with the laws of the State of Florida.

d. Any dispute concerning performance of the Agreement shall be processed as described herein. Jurisdiction for any damages arising under the terms of the Agreement will be in the courts of the State, and venue will be in the Second Judicial Circuit, in and for Leon County. Except as otherwise provided by law, the parties agree to be responsible for their own attorney fees incurred in connection with disputes arising under the terms of this Agreement.

24. Scrutinized Companies.

a. Grantee certifies that it is not on the Scrutinized Companies that Boycott Israel List or engaged in a boycott of Israel. Pursuant to Section 287.135, F.S., the Department may immediately terminate this Agreement at its sole option if the Grantee is found to have submitted a false certification; or if the Grantee is placed on the Scrutinized Companies that Boycott Israel List or is engaged in the boycott of Israel during the term of the Agreement.

b. If this Agreement is for more than one million dollars, the Grantee certifies that it is also not on the Scrutinized Companies with Activities in Sudan, Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or engaged with business operations in Cuba or Syria as identified in Section 287.135, F.S. Pursuant to Section 287.135, F.S., the Department may immediately terminate this Agreement at its sole option if the Grantee is found to have submitted a false certification; or if the Grantee is placed on the Scrutinized Companies with Activities in Sudan List, or Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or engaged with business operations in Cuba or Syria during the term of the Agreement.

c. As provided in Subsection 287.135(8), F.S., if federal law ceases to authorize these contracting prohibitions then they shall become inoperative.

25. Lobbying and Integrity.

The Grantee agrees that no funds received by it under this Agreement will be expended for the purpose of lobbying the Legislature or a State agency pursuant to Section 216.347, F.S., except that pursuant to the requirements of Section 287.058(6), F.S., during the term of any executed agreement between Grantee and the State, Grantee may lobby the executive or legislative branch concerning the scope of services, performance, term, or compensation regarding that agreement. The Grantee shall comply with Sections 11.062 and 216.347, F.S.

26. Record Keeping.

The Grantee shall maintain books, records and documents directly pertinent to performance under this Agreement in accordance with United States generally accepted accounting principles (US GAAP) consistently applied. The Department, the State, or their authorized representatives shall have access to such records for audit purposes during the term of this Agreement and for five (5) years following the completion date or termination of the Agreement. In the event that any work is subcontracted, Grantee shall similarly require each subcontractor to maintain and allow access to such records for audit purposes. Upon request of Department's Inspector General, or other authorized State official, Grantee shall provide any type of information the Inspector General deems relevant to Grantee's integrity or responsibility. Such information may include, but shall not be limited to, Grantee's business or financial records, documents, or files of any type or form that refer to or relate to Agreement. The Grantee shall retain such records for the longer of: (1) three years after the expiration of the Agreement; or (2) the period required by the General Records Schedules maintained by the Florida Department of State (available at: http://dos.myflorida.com/library-archives/records-management/general-records-schedules/).

27. Audits.

a. Inspector General. The Grantee understands its duty, pursuant to Section 20.055(5), F.S., to cooperate with the inspector general in any investigation, audit, inspection, review, or hearing. The Grantee will comply with this duty and ensure that its sub-grantees and/or subcontractors issued under this Agreement, if any, impose this requirement, in writing, on its sub-grantees and/or subcontractors, respectively.

b. Physical Access and Inspection. Department personnel shall be given access to and may observe and inspect work being performed under this Agreement, with reasonable notice and during normal business hours, including by any of the following methods:

    i. Grantee shall provide access to any location or facility on which Grantee is performing work, or storing or staging equipment, materials or documents;

ii. Grantee shall permit inspection of any facility, equipment, practices, or operations required in performance of any work pursuant to this Agreement; and,
iii. Grantee shall allow and facilitate sampling and monitoring of any substances, soils, materials or parameters at any location reasonable or necessary to assure compliance with any work or legal requirements pursuant to this Agreement.

c. Special Audit Requirements. The Grantee shall comply with the applicable provisions contained in Attachment 5, Special Audit Requirements. Each amendment that authorizes a funding increase or decrease shall include an updated copy of Exhibit 1, to Attachment 5. If Department fails to provide an updated copy of Exhibit 1 to include in each amendment that authorizes a funding increase or decrease, Grantee shall request one from the Department's Grants Manager. The Grantee shall consider the type of financial assistance (federal and/or state) identified in Attachment 5, Exhibit 1 and determine whether the terms of Federal and/or Florida Single Audit Act Requirements may further apply to lower tier transactions that may be a result of this Agreement. For federal financial assistance, Grantee shall utilize the guidance provided under 2 CFR §200.331 for determining whether the relationship represents that of a subrecipient or vendor. For State financial assistance, Grantee shall utilize the form entitled "Checklist for Nonstate Organizations Recipient/Subrecipient vs Vendor Determination" (form number DFS-A2-NS) that can be found under the "Links/Forms" section appearing at the following website: https:\\apps.fldfs.com\fsaa.

d. Proof of Transactions. In addition to documentation provided to support cost reimbursement as described herein, Department may periodically request additional proof of a transaction to evaluate the appropriateness of costs to the Agreement pursuant to State guidelines (including cost allocation guidelines) and federal, if applicable. Allowable costs and uniform administrative requirements for federal programs can be found under 2 CFR 200. The Department may also request a cost allocation plan in support of its multipliers (overhead, indirect, general administrative costs, and fringe benefits). The Grantee must provide the additional proof within thirty (30) days of such request.

e. No Commingling of Funds. The accounting systems for all Grantees must ensure that these funds are not commingled with funds from other agencies. Funds from each agency must be accounted for separately. Grantees are prohibited from commingling funds on either a program-by-program or a project-by-project basis. Funds specifically budgeted and/or received for one project may not be used to support another project. Where a Grantee's, or subrecipient's, accounting system cannot comply with this requirement, Grantee, or subrecipient, shall establish a system to provide adequate fund accountability for each project it has been awarded.
    i. If Department finds that these funds have been commingled, Department shall have the right to demand a refund, either in whole or in part, of the funds provided to Grantee under this Agreement for non-compliance with the material terms of this Agreement. The Grantee, upon such written notification from Department shall refund, and shall forthwith pay to Department, the amount of money demanded by Department. Interest on any refund shall be calculated based on the prevailing rate used by the State Board of Administration. Interest shall be calculated from the date(s) the original payment(s) are received from Department by Grantee to the date repayment is made by Grantee to Department.
    ii. In the event that the Grantee recovers costs, incurred under this Agreement and reimbursed by Department, from another source(s), Grantee shall reimburse Department for all recovered funds originally provided under this Agreement and interest shall be charged for those recovered costs as calculated on from the date(s) the payment(s) are recovered by Grantee to the date repayment is made to Department.
    iii. Notwithstanding the requirements of this section, the above restrictions on commingling funds do not apply to agreements where payments are made purely on a cost reimbursement basis.

28. Conflict of Interest.

The Grantee covenants that it presently has no interest and shall not acquire any interest which would conflict in any manner or degree with the performance of services required.

29. Independent Contractor.

The Grantee is an independent contractor and is not an employee or agent of Department.

30. Subcontracting.

a. Unless otherwise specified in the Special Terms and Conditions, all services contracted for are to be performed solely by Grantee.

b. The Department may, for cause, require the replacement of any Grantee employee, subcontractor, or agent. For cause, includes, but is not limited to, technical or training qualifications, quality of work, change in security status, or non-compliance with an applicable Department policy or other requirement.

c. The Department may, for cause, deny access to Department's secure information or any facility by any Grantee employee, subcontractor, or agent.
d. The Department's actions under paragraphs b. or c. shall not relieve Grantee of its obligation to perform all work in compliance with the Agreement. The Grantee shall be responsible for the payment of all monies due under any subcontract. The Department shall not be liable to any subcontractor for any expenses or liabilities incurred under any subcontract and Grantee shall be solely liable to the subcontractor for all expenses and liabilities incurred under any subcontract.
e. The Department will not deny Grantee's employees, subcontractors, or agents access to meetings within the Department's facilities, unless the basis of Department's denial is safety or security considerations.
f. The Department supports diversity in its procurement program and requests that all subcontracting opportunities afforded by this Agreement embrace diversity enthusiastically. The award of subcontracts should reflect the full diversity of the citizens of the State. A list of minority-owned firms that could be offered subcontracting opportunities may be obtained by contacting the Office of Supplier Diversity at (850) 487-0915.
g. The Grantee shall not be liable for any excess costs for a failure to perform, if the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is completely beyond the control of both Grantee and the subcontractor(s), and without the fault or negligence of either, unless the subcontracted products or services were obtainable from other sources in sufficient time for Grantee to meet the required delivery schedule.

31. Guarantee of Parent Company.

If Grantee is a subsidiary of another corporation or other business entity, Grantee asserts that its parent company will guarantee all of the obligations of Grantee for purposes of fulfilling the obligations of Agreement. In the event Grantee is sold during the period the Agreement is in effect, Grantee agrees that it will be a requirement of sale that the new parent company guarantee all of the obligations of Grantee.

32. Survival.

The respective obligations of the parties, which by their nature would continue beyond the termination or expiration of this Agreement, including without limitation, the obligations regarding confidentiality, proprietary interests, and public records, shall survive termination, cancellation, or expiration of this Agreement.

33. Third Parties.

The Department shall not be deemed to assume any liability for the acts, failures to act or negligence of Grantee, its agents, servants, and employees, nor shall Grantee disclaim its own negligence to Department or any third party. This Agreement does not and is not intended to confer any rights or remedies upon any person other than the parties. If Department consents to a subcontract, Grantee will specifically disclose that this Agreement does not create any third-party rights. Further, no third parties shall rely upon any of the rights and obligations created under this Agreement.

34. Severability.

If a court of competent jurisdiction deems any term or condition herein void or unenforceable, the other provisions are severable to that void provision, and shall remain in full force and effect.

35. Grantee's Employees, Subcontractors and Agents.

All Grantee employees, subcontractors, or agents performing work under the Agreement shall be properly trained technicians who meet or exceed any specified training qualifications. Upon request, Grantee shall furnish a copy of technical certification or other proof of qualification. All employees, subcontractors, or agents performing work under Agreement must comply with all security and administrative requirements of Department and shall comply with all controlling laws and regulations relevant to the services they are providing under the Agreement.

36. Assignment.

The Grantee shall not sell, assign, or transfer any of its rights, duties, or obligations under the Agreement, or under any purchase order issued pursuant to the Agreement, without the prior written consent of Department. In the event of any assignment, Grantee remains secondarily liable for performance of the Agreement, unless Department expressly waives such secondary liability. The Department may assign the Agreement with prior written notice to Grantee of its intent to do so.

37. Compensation Report.

If this Agreement is a sole-source, public-private agreement or if the Grantee, through this agreement with the State, annually receive 50% or more of their budget from the State or from a combination of State and Federal funds, the Grantee shall provide an annual report, including the most recent IRS Form 990, detailing the total compensation for the entities' executive leadership teams. Total compensation shall include salary, bonuses, cashed-in leave, cash equivalents, severance pay, retirement benefits, deferred compensation, real-property gifts, and any other payout. The Grantee must also inform the Department of any changes in total executive compensation between the annual

reports. All compensation reports must indicate what percent of compensation comes directly from the State or Federal allocations to the Grantee.

38. Execution in Counterparts and Authority to Sign.

This Agreement, any amendments, and/or change orders related to the Agreement, may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument. In accordance with the Electronic Signature Act of 1996, electronic signatures, including facsimile transmissions, may be used and shall have the same force and effect as a written signature. Each person signing this Agreement warrants that he or she is duly authorized to do so and to bind the respective party to the Agreement.

STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION
Special Terms and Conditions
AGREEMENT NO. LPA0361

ATTACHMENT 2

These Special Terms and Conditions shall be read together with general terms outlined in the Standard Terms and Conditions, Attachment 1. Where in conflict, these more specific terms shall apply.

1. Scope of Work.
The Project funded under this Agreement is Pasco County Green Key Drainage Improvements. The Project is defined in more detail in Attachment 3, Grant Work Plan.

2. Duration.
a. Reimbursement Period. The reimbursement period for this Agreement begins on July 1, 2022 and ends at the expiration of the Agreement.
b. Extensions. There are extensions available for this Project.
c. Service Periods. Additional service periods are not authorized under this Agreement.

3. Payment Provisions.
a. Compensation. This is a cost reimbursement Agreement. The Grantee shall be compensated under this Agreement as described in Attachment 3.
b. Invoicing. Invoicing will occur as indicated in Attachment 3.
c. Advance Pay. Advance Pay is not authorized under this Agreement.

4. Cost Eligible for Reimbursement or Matching Requirements.
Reimbursement for costs or availability for costs to meet matching requirements shall be limited to the following budget categories, as defined in the Reference Guide for State Expenditures, as indicated:

Reimbursement	Match	Category
☐	☐	Salaries/Wages
		Overhead/Indirect/General and Administrative Costs:
☐	☐	a. Fringe Benefits, N/A.
☐	☐	b. Indirect Costs, N/A.
☒	☐	Contractual (Subcontractors)
☐	☐	Travel, in accordance with Section 112, F.S.
☐	☐	Equipment
☐	☐	Rental/Lease of Equipment
☐	☐	Miscellaneous/Other Expenses
☐	☐	Land Acquisition

5. Equipment Purchase.
No Equipment purchases shall be funded under this Agreement.

6. Land Acquisition.
There will be no Land Acquisitions funded under this Agreement.

7. Match Requirements
There is no match required on the part of the Grantee under this Agreement.

8. Insurance Requirements

Required Coverage. At all times during the Agreement the Grantee, at its sole expense, shall maintain insurance coverage of such types and with such terms and limits described below. The limits of coverage under each policy maintained by the Grantee shall not be interpreted as limiting the Grantee's liability and obligations under the Agreement. All insurance policies shall be through insurers licensed and authorized to issue policies in Florida, or alternatively, Grantee may provide coverage through a self-insurance program established and operating under the laws of Florida. Additional insurance requirements for this Agreement may be required elsewhere in this Agreement, however the minimum insurance requirements applicable to this Agreement are:

a. Commercial General Liability Insurance.
The Grantee shall provide adequate commercial general liability insurance coverage and hold such liability insurance at all times during the Agreement. The Department, its employees, and officers shall be named as an additional insured on any general liability policies. The minimum limits shall be $250,000 for each occurrence and $500,000 policy aggregate.

b. Commercial Automobile Insurance.
If the Grantee's duties include the use of a commercial vehicle, the Grantee shall maintain automobile liability, bodily injury, and property damage coverage. Insuring clauses for both bodily injury and property damage shall provide coverage on an occurrence basis. The Department, its employees, and officers shall be named as an additional insured on any automobile insurance policy. The minimum limits shall be as follows:

$200,000/300,000	Automobile Liability for Company-Owned Vehicles, if applicable
$200,000/300,000	Hired and Non-owned Automobile Liability Coverage

c. Workers' Compensation and Employer's Liability Coverage.
The Grantee shall provide workers' compensation, in accordance with Chapter 440, F.S. and employer liability coverage with minimum limits of $100,000 per accident, $100,000 per person, and $500,000 policy aggregate. Such policies shall cover all employees engaged in any work under the Grant.

d. Other Insurance. None.

9. Quality Assurance Requirements.

There are no special Quality Assurance requirements under this Agreement.

10. Retainage.

No retainage is required under this Agreement.

11. Subcontracting.

The Grantee may subcontract work under this Agreement without the prior written consent of the Department's Grant Manager except for certain fixed-price subcontracts pursuant to this Agreement, which require prior approval. The Grantee shall submit a copy of the executed subcontract to the Department prior to submitting any invoices for subcontracted work. Regardless of any subcontract, the Grantee is ultimately responsible for all work to be performed under this Agreement.

12. State-owned Land.

The work will not be performed on State-owned land.

13. Office of Policy and Budget Reporting.

The Grantee will identify the expected return on investment for this project and provide this information to the Governor's Office of Policy and Budget (OPB) within three months of execution of this Agreement. For each full calendar quarter thereafter, the Grantee will provide quarterly update reports directly to OPB, no later than 20 days after the end of each quarter, documenting the positive return on investment to the state that results from the Grantee's project and its use of funds provided under this Agreement. Quarterly reports will continue until the Grantee is instructed by OPB that no further reports are needed, or until the end of this Agreement, whichever occurs first. All reports shall be submitted electronically to OPB at env.roi@laspbs.state.fl.us, and a copy shall also be submitted to the Department at legislativeaffairs@floridaDEP.gov.

14. Common Carrier.

a. Applicable to contracts with a common carrier – firm/person/corporation that as a regular business transports people or commodities from place to place. If applicable, Contractor must also fill out and return PUR 1808 before contract execution] If Contractor is a common carrier pursuant to section 908.111(1)(a), Florida Statutes, the Department will terminate this contract immediately if Contractor is found to be in violation of the law or the attestation in PUR 1808.

b. Applicable to solicitations for a common carrier – Before contract execution, the winning Contractor(s) must fill out and return PUR 1808, and attest that it is not willfully providing any service in furtherance of transporting a person into this state knowing that the person unlawfully present in the United States according to the terms of the federal Immigration and Nationality Act, 8 U.S.C. ss. 1101 et seq. The Department will terminate a contract immediately if Contractor is found to be in violation of the law or the attestation in PUR 1808

15. Additional Terms.

None.

ATTACHMENT 3
GRANT WORK PLAN

PROJECT TITLE: Pasco County Green Key Drainage Improvements

PROJECT LOCATION: The Project will be located in the City of New Port Richey within Pasco County; Lat/Long (28.2549, -82.7330). See Figures 1 for a location map and site plan.

PROJECT BACKGROUND: The Green Key neighborhood is located west of US-19 and north of Green Key Boulevard. The neighborhood is in the Lower Coastal Watershed and its elevation ranges from approximately 6 feet to approximately 2.5 feet. Due to its low-lying topography, the neighborhood experiences regular flooding especially during high tides and storm surges.

Pasco Board of County Commissioners (Grantee) proposes to perform drainage improvements in an effort to reduce localized flooding in the Green Key neighborhood. The primary goal of this project is to reduce structural and roadway flooding in an area of medium-density residential land uses, protecting resources such as housing, transportation, emergency services, and commerce.

PROJECT DESCRIPTION: The Grantee will make bilateral conveyance improvements, from the Green Key neighborhood to both the upper and lower lobes of Oyster Creek, and roadway elevation by approximately nine inches, to directly reduce roadway flooding susceptibility. The grant funding will result in a completed project.

TASKS: All documentation should be submitted electronically unless otherwise indicated.

Task 1: Design and Permitting

Deliverables: The Grantee will complete the design of the drainage improvements and roadway elevations for the Green Key Neighborhood and obtain all necessary permits for construction of the project.

Documentation: The Grantee will submit: 1) a signed acceptance of the completed work to date, as provided in the Grantee's Certification of Payment Request; and 2) a summary of design activities to date, indicating the percentage of design completion for the time period covered in the payment request. For the final documentation, the Grantee will also submit a copy of the design completed with the funding provided for this task and a list of all required permits identifying issue dates and issuing authorities.

Performance Standard: The Department's Grant Manager will review the documentation to verify that the deliverables have been completed as described above. Upon review and written acceptance by the Department's Grant Manager, the Grantee may proceed with payment request submittal.

Payment Request Schedule: The Grantee may submit a payment request for cost reimbursement no more frequently than monthly.

Task 2: Construction

Deliverables: The Grantee will construct the drainage improvements and elevate roadways within the Green Key neighborhood in accordance with the construction contract documents.

Documentation: The Grantee will submit 1) a copy of the final design; 2) a signed acceptance of the completed work to date, as provided in the Grantee's Certification of Payment Request; and 3) a signed Engineer's Certification of Payment Request.

Performance Standard: The Department's Grant Manager will review the documentation to verify that the deliverables have been completed as described above. Upon review and written acceptance by the Department's Grant Manager, the Grantee may proceed with payment request submittal.

Payment Request Schedule: The Grantee may submit a payment request for cost reimbursement no more frequently than monthly.

PROJECT TIMELINE & BUDGET DETAIL:

The tasks must be completed by, and all documentation received by, the corresponding task end date. Cost reimbursable grant funding must not exceed the budget amounts as indicated below.

Task No.	Task Title	Budget Category	Grant Amount	Task Start Date	Task End Date
1	Design and Permitting	Contractual Services	$100,000	07/01/2022	06/30/2027
2	Construction	Contractual Services	$1,900,000	07/01/2022	06/30/2027
		Total:	$2,000,000

STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION
Public Records Requirements

Attachment 4

1. **Public Records.**

a. If the Agreement exceeds $35,000.00, and if Grantee is acting on behalf of Department in its performance of services under the Agreement, Grantee must allow public access to all documents, papers, letters, or other material, regardless of the physical form, characteristics, or means of transmission, made or received by Grantee in conjunction with the Agreement (Public Records), unless the Public Records are exempt from section 24(a) of Article I of the Florida Constitution or section 119.07(1), F.S.

b. The Department may unilaterally terminate the Agreement if Grantee refuses to allow public access to Public Records as required by law.

2. **Additional Public Records Duties of Section 119.0701, F.S., If Applicable.**
For the purposes of this paragraph, the term "contract" means the "Agreement." If Grantee is a "contractor" as defined in section 119.0701(1)(a), F.S., the following provisions apply and the contractor shall:

a. Keep and maintain Public Records required by Department to perform the service.

b. Upon request, provide Department with a copy of requested Public Records or allow the Public Records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, F.S., or as otherwise provided by law.

c. A contractor who fails to provide the Public Records to Department within a reasonable time may be subject to penalties under section 119.10, F.S.

d. Ensure that Public Records that are exempt or confidential and exempt from Public Records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the Public Records to Department.

e. Upon completion of the contract, transfer, at no cost, to Department all Public Records in possession of the contractor or keep and maintain Public Records required by Department to perform the service. If the contractor transfers all Public Records to Department upon completion of the contract, the contractor shall destroy any duplicate Public Records that are exempt or confidential and exempt from Public Records disclosure requirements. If the contractor keeps and maintains Public Records upon completion of the contract, the contractor shall meet all applicable requirements for retaining Public Records. All Public Records stored electronically must be provided to Department, upon request from Department's custodian of Public Records, in a format specified by Department as compatible with the information technology systems of Department. These formatting requirements are satisfied by using the data formats as authorized in the contract or Microsoft Word, Outlook, Adobe, or Excel, and any software formats the contractor is authorized to access.

f. **IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, F.S., TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THE CONTRACT, CONTACT THE DEPARTMENT'S CUSTODIAN OF PUBLIC RECORDS AT:**

Telephone: **(850) 245-2118**

STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION
Special Audit Requirements
(State and Federal Financial Assistance)

Attachment 5

The administration of resources awarded by the Department of Environmental Protection *(which may be referred to as the "Department", "DEP", "FDEP" or "Grantor", or other name in the agreement*) to the recipient *(which may be referred to as the "Recipient", "Grantee" or other name in the agreement)* may be subject to audits and/or monitoring by the Department of Environmental Protection, as described in this attachment.

MONITORING

In addition to reviews of audits conducted in accordance with 2 CFR Part 200, Subpart F-Audit Requirements, and Section 215.97, F.S., as revised (see "AUDITS" below), monitoring procedures may include, but not be limited to, on-site visits by DEP Department staff, limited scope audits as defined by 2 CFR 200.425, or other procedures. By entering into this Agreement, the recipient agrees to comply and cooperate with any monitoring procedures/processes deemed appropriate by the Department of Environmental Protection. In the event the Department of Environmental Protection determines that a limited scope audit of the recipient is appropriate, the recipient agrees to comply with any additional instructions provided by the Department to the recipient regarding such audit. The recipient further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Chief Financial Officer (CFO) or Auditor General.

AUDITS

PART I: FEDERALLY FUNDED

This part is applicable if the recipient is a State or local government or a non-profit organization as defined in 2 CFR §200.330

1. A recipient that expends $750,000 or more in Federal awards in its fiscal year, must have a single or program-specific audit conducted in accordance with the provisions of 2 CFR Part 200, Subpart F. EXHIBIT 1 to this Attachment indicates Federal funds awarded through the Department of Environmental Protection by this Agreement. In determining the federal awards expended in its fiscal year, the recipient shall consider all sources of federal awards, including federal resources received from the Department of Environmental Protection. The determination of amounts of federal awards expended should be in accordance with the guidelines established in 2 CFR 200.502-503. An audit of the recipient conducted by the Auditor General in accordance with the provisions of 2 CFR Part 200.514 will meet the requirements of this part.

2. For the audit requirements addressed in Part I, paragraph 1, the recipient shall fulfill the requirements relative to auditee responsibilities as provided in 2 CFR 200.508-512.

3. A recipient that expends less than $750,000 in federal awards in its fiscal year is not required to have an audit conducted in accordance with the provisions of 2 CFR Part 200, Subpart F-Audit Requirements. If the recipient expends less than $750,000 in federal awards in its fiscal year and elects to have an audit conducted in accordance with the provisions of 2 CFR 200, Subpart F-Audit Requirements, the cost of the audit must be paid from non-federal resources (i.e., the cost of such an audit must be paid from recipient resources obtained from other federal entities.

4. The recipient may access information regarding the Catalog of Federal Domestic Assistance (CFDA) via the internet at https://sam.gov/content/assistance-listings.

PART II: STATE FUNDED

This part is applicable if the recipient is a nonstate entity as defined by Section 215.97(2), Florida Statutes.

1. In the event that the recipient expends a total amount of state financial assistance equal to or in excess of $750,000 in any fiscal year of such recipient (for fiscal years ending June 30, 2017, and thereafter), the recipient must have a State single or project-specific audit for such fiscal year in accordance with Section 215.97, F.S.; Rule Chapter 69I-5, F.A.C., State Financial Assistance; and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General. EXHIBIT 1 to this form lists the state financial assistance awarded through the Department of Environmental Protection by this agreement. In determining the state financial assistance expended in its fiscal year, the recipient shall consider all sources of state financial assistance, including state financial assistance received from the Department of Environmental Protection, other state agencies, and other nonstate entities. State financial assistance does not include federal direct or pass-through awards and resources received by a nonstate entity for Federal program matching requirements.

2. In connection with the audit requirements addressed in Part II, paragraph 1; the recipient shall ensure that the audit complies with the requirements of Section 215.97(8), Florida Statutes. This includes submission of a financial reporting package as defined by Section 215.97(2), Florida Statutes, and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General.

3. If the recipient expends less than $750,000 in state financial assistance in its fiscal year (for fiscal year ending June 30, 2017, and thereafter), an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, is not required. In the event that the recipient expends less than $750,000 in state financial assistance in its fiscal year, and elects to have an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, the cost of the audit must be paid from the non-state entity's resources (i.e., the cost of such an audit must be paid from the recipient's resources obtained from other than State entities).

4. For information regarding the Florida Catalog of State Financial Assistance (CSFA), a recipient should access the Florida Single Audit Act website located at https://apps.fldfs.com/fsaa for assistance. In addition to the above websites, the following websites may be accessed for information: Legislature's Website at http://www.leg.state.fl.us/Welcome/index.cfm, State of Florida's website at http://www.myflorida.com/, Department of Financial Services' Website at http://www.fldfs.com/and the Auditor General's Website at http://www.myflorida.com/audgen/.

PART III: OTHER AUDIT REQUIREMENTS

(NOTE: This part would be used to specify any additional audit requirements imposed by the State awarding entity that are solely a matter of that State awarding entity's policy (i.e., the audit is not required by Federal or State laws and is not in conflict with other Federal or State audit requirements). Pursuant to Section 215.97(8), Florida Statutes, State agencies may conduct or arrange for audits of State financial assistance that are in addition to audits conducted in accordance with Section 215.97, Florida Statutes. In such an event, the State awarding agency must arrange for funding the full cost of such additional audits.)

PART IV: REPORT SUBMISSION

1. Copies of reporting packages for audits conducted in accordance with 2 CFR Part 200, Subpart F-Audit Requirements, and required by PART I of this form shall be submitted, when required by 2 CFR 200.512, by or on behalf of the recipient directly to the Federal Audit Clearinghouse (FAC) as provided in 2 CFR 200.36 and 200.512

   A. The Federal Audit Clearinghouse designated in 2 CFR §200.501(a) (the number of copies required by 2 CFR §200.501(a) should be submitted to the Federal Audit Clearinghouse), at the following address:

By Mail:

Federal Audit Clearinghouse
Bureau of the Census
1201 East 10th Street
Jeffersonville, IN 47132

Submissions of the Single Audit reporting package for fiscal periods ending on or after January 1, 2008, must be submitted using the Federal Clearinghouse's Internet Data Entry System which can be found at http://harvester.census.gov/facweb/

2. Copies of financial reporting packages required by PART II of this Attachment shall be submitted by or on behalf of the recipient directly to each of the following:

A. The Department of Environmental Protection at one of the following addresses:

By Mail:
Audit Director
Florida Department of Environmental Protection
Office of Inspector General, MS 40
3900 Commonwealth Boulevard
Tallahassee, Florida 32399-3000

Electronically:
FDEPSingleAudit@dep.state.fl.us

B. The Auditor General's Office at the following address:

Auditor General
Local Government Audits/342
Claude Pepper Building, Room 401
111 West Madison Street
Tallahassee, Florida 32399-1450

The Auditor General's website (http://flauditor.gov/) provides instructions for filing an electronic copy of a financial reporting package.

3. Copies of reports or management letters required by PART III of this Attachment shall be submitted by or on behalf of the recipient directly to the Department of Environmental Protection at one of the following addresses:

By Mail:
Audit Director
Florida Department of Environmental Protection
Office of Inspector General, MS 40
3900 Commonwealth Boulevard
Tallahassee, Florida 32399-3000

Electronically:
FDEPSingleAudit@dep.state.fl.us

4. Any reports, management letters, or other information required to be submitted to the Department of Environmental Protection pursuant to this Agreement shall be submitted timely in accordance with 2 CFR 200.512, section 215.97, F.S., and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General, as applicable.

5. Recipients, when submitting financial reporting packages to the Department of Environmental Protection for audits done in accordance with 2 CFR 200, Subpart F-Audit Requirements, or Chapters 10.550 (local governmental entities) and 10.650 (non and for-profit organizations), Rules of the Auditor General, should indicate the date and the reporting package was delivered to the recipient correspondence accompanying the reporting package.

PART V: RECORD RETENTION

The recipient shall retain sufficient records demonstrating its compliance with the terms of the award and this Agreement for a period of **five (5)** years from the date the audit report is issued, and shall allow the Department of Environmental Protection, or its designee, Chief Financial Officer, or Auditor General access to such records upon request. The recipient shall ensure that audit working papers are made available to the Department of Environmental Protection, or its designee, Chief Financial Officer, or Auditor General upon request for a period of **three (3)** years from the date the audit report is issued, unless extended in writing by the Department of Environmental Protection.

EXHIBIT – 1

FUNDS AWARDED TO THE RECIPIENT PURSUANT TO THIS AGREEMENT CONSIST OF THE FOLLOWING:

Note: If the resources awarded to the recipient represent more than one federal program, provide the same information shown below for each federal program and show total federal resources awarded

Federal Resources Awarded to the Recipient Pursuant to this Agreement Consist of the Following:					
Federal Program A	Federal Agency	CFDA Number	CFDA Title	Funding Amount	State Appropriation Category
				$	
Federal Program B	Federal Agency	CFDA Number	CFDA Title	Funding Amount	State Appropriation Category
				$	

Note: Of the resources awarded to the recipient represent more than one federal program, list applicable compliance requirements for each federal program in the same manner as shown below:

Federal Program A	First Compliance requirement: i.e.: (what services of purposes resources must be used for)	
	Second Compliance requirement: i.e.:(eligibility requirement for recipients of the resources)	
	Etc.	
	Etc.	
Federal Program B	First Compliance requirement: i.e.: (what services of purposes resources must be used for)	
	Second Compliance requirement: i.e.: (eligibility requirement for recipients of the resources)	
	Etc.	
	Etc.	

Note: If the resources awarded to the recipient for matching represent more than one federal program, provide the same information shown below for each federal program and show total state resources awarded for matching.

State Resources Awarded to the Recipient Pursuant to this Agreement Consist of the Following Matching Resources for Federal Programs:					
Federal Program A	Federal Agency	CFDA	CFDA Title	Funding Amount	State Appropriation Category
Federal Program B	Federal Agency	CFDA	CFDA Title	Funding Amount	State Appropriation Category

Note: If the resources awarded to the recipient represent more than one state project, provide the same information shown below for each state project and show total state financial assistance awarded that is subject to section 215.97, F.S.

State Resources Awarded to the Recipient Pursuant to this Agreement Consist of the Following Resources Subject to Section 215.97, F.S.:						
State Program A	State Awarding Agency	State Fiscal Year[1]	CSFA Number	CSFA Title or Funding Source Description	Funding Amount	State Appropriation Category
Original Agreement	Department of Environmental Protection	2022-2023	37.039	Statewide Water Quality Restoration Projects - LI 1665A	$2,000,000	140047
State Program B	State Awarding Agency	State Fiscal Year[2]	CSFA Number	CSFA Title or Funding Source Description	Funding Amount	State Appropriation Category

Total Award	$2,000,000	

Note: List applicable compliance requirement in the same manner as illustrated above for federal resources. For matching resources provided by the Department for DEP for federal programs, the requirements might be similar to the requirements for the applicable federal programs. Also, to the extent that different requirements pertain to different amount for the non-federal resources, there may be more than one grouping (i.e. 1, 2, 3, etc.) listed under this category.

For each program identified above, the recipient shall comply with the program requirements described in the Catalog of Federal Domestic Assistance (CFDA) [https://sam.gov/content/assistance-listings] and/or the Florida Catalog of State Financial Assistance (CSFA) [https://apps.fldfs.com/fsaa/searchCatalog.aspx], and State Projects Compliance Supplement (Part Four: State Projects Compliance Supplement [https://apps.fldfs.com/fsaa/state_project_compliance.aspx]. The services/purposes for which the funds are to be used are included in the Agreement's Grant Work Plan. Any match required by the Recipient is clearly indicated in the Agreement.

Exhibit A
Progress Report Form

DEP Agreement No.:	**LPA0361**
Project Title:	**Pasco County Green Key Drainage Improvements**
Grantee Name:	**Pasco County**
Grantee's Grant Manager:	**Sandy Choquette**
Reporting Period:	Select Quarter - Select Year

Provide the following information for all tasks identified in the Grant Work Plan:
Summarize the work completed within each task for the reporting period, provide an update on the estimated completion date for each task, and identify any anticipated delays or problems encountered. Use the format provided below and use as many pages as necessary to cover all tasks. Each quarterly progress report is due no later than twenty (20) days following the completion of the quarterly reporting period.

Task 1: Design and Permitting

- **Progress for this reporting period**:
- **Identify delays or problems encountered**:

Task 2: Construction

- **Progress for this reporting period**:
- **Identify delays or problems encountered**:

Completion Status for Tasks:
Indicate the completion status for the following tasks, if included in the Grant Work Plan. For construction, the estimated completion percentage should represent the work being funded under this Agreement.

Design (Plans/Submittal): 30% ☐, 60% ☐, 90% ☐, 100% ☐

Permitting (Completed): Yes ☐, No ☐

Construction (Estimated): _____ %

▪

This report is submitted in accordance with the reporting requirements of the above DEP Agreement number and accurately reflects the activities associated with the project.

BOARD OF COUNTY COMMISSIONERS
AGENDA MEMORANDUM

COMMISSION DISTRICT: All **FILE NO.:** PW26-0054 **DATE:** 6/16/2026

SUBJECT: Additional Purchasing Authority and First Amendment to Agreement for Solicitation No. IFB-KM-24-007 – Megascapes Landscape and Maintenance, Inc – As Needed Landscape Beautification and Maintenance Services – $300,000.00

REFERENCES: IFB-KM-24-007, PW24-0091, UTOM25-0664, NI25-1048, NI26-0216

AGENDA SECTION: Consent Agenda

THRU: Branford Adumuah, Assistant County Administrator

FROM: Jason Mickel, Public Works Director

RECOMMENDED BOARD ACTION:

Approve the additional purchasing authority and First Amendment to the Agreement for solicitation no. IFB-KM-24-007 for as-needed landscape and beautification and maintenance services for medians and rights-of-way within the U.S. Highway 19 corridor (Agreement), with Megascapes Landscape and Maintenance, Inc (Megascapes), in the annual Not to Exceed (NTE) amount of $300,000.00 for Fiscal Year (FY) 2026, resulting in the cumulative NTE contract amount of $1,672,000.00. Authorize the Chairman to execute the two originals of the First Amendment provided, and direct Board Records to distribute as set forth under the Distribution section below.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

On March 7, 2017, the Board of County Commissioners (BCC) approved the District Seven Highway Landscape Reimbursement and Maintenance Memorandum of Agreement with the Florida Department of Transportation (FDOT) to beautify certain portions of U.S. Highway 19 within Pasco County. Under this agreement, the County is responsible for maintaining sections of the rights-of-way and medians along the U.S. Highway 19 corridor. FDOT does not reimburse the County for these maintenance activities. (PDD17-853)

On September 17, 2024, the BCC approved the award of solicitation no. IFB-KM-24-007 to Megascapes for as-needed landscape beautification and maintenance services in the NTE amount of $620,000.00 for FY 2025 and $652,000.00 for FY 2026, resulting in the total NTE amount of $1,272,000.00 for the contract term beginning on the date of BCC approval and continuing through September 30, 2026 (PW24-0091).

On July 23, 2025, the Purchasing Director approved the addition of the bid line item for viburnum trees to the Agreement to maintain a clean and appropriate standard for neighboring customers and constituents (UTOM25-0664).

On July 25, 2025, the Purchasing Director approved additional purchasing authority for the Agreement in the NTE amount of $25,000.00 for FY 2025, and $25,000.00 for FY 2026, resulting in a new cumulative NTE amount of $1,322,000.00 for the term of the Agreement (NI25-1048).

On September 10, 2025, the County Administrator approved additional purchasing authority for the Agreement in the NTE amount of $50,000.00 for FY 2025, resulting in

a new cumulative NTE amount of $1,372,000.00 for the term of the Agreement (NI26-0216).

On October 6, 2025, the Purchasing Director approved the addition of the bid line items for litter collection to address the extreme amount of litter and debris along the US Highway 19 corridor and the other county-maintained medians and rights-of-way (PWM26-0005).

The Public Works Department has identified the need for additional funding for the Agreement in the NTE amount of $300,000.00 to meet the level of service demands for landscape plants and maintenance services for the Pasco County-maintained medians and rights-of-way within the US Highway 19 corridor. The First Amendment modifies the Agreement to reflect this increased funding.

The Public Works Department, with concurrence from the Purchasing Department, requests approval of the First Amendment to the Agreement and additional purchasing authority in the amount of $300,000.00 for FY 2026, resulting in the new NTE amount of $1,672,000.00 for the contract term ending September 30, 2026.

FISCAL IMPACT/COST/REVENUE STATEMENT:
Funding in the amount of $300,000.00 is budgeted and available for FY 2026 in the County Transportation Trust Fund, Stormwater Management Fund, and Tree Mitigation Fund, Public Works Department.

DISTRIBUTION:
1. Retain One Original
2. Mail One Original to:

FIRST AMENDMENT TO AGREEMENT BETWEEN PASCO COUNTY AND MEGASCAPES LANDSCAPE AND MAINTENANCE, INC. FOR THE LANDSCAPE BEAUTIFICATION AND MAINTENANCE SERVICES CONTRACT

THIS FIRST AMENDMENT to the Landscape Beautification and Maintenance Services Contract for Solicitation No. IFB-KM-24-007 is made and entered into by and between Pasco County, by and through its Board of County Commissioners (hereinafter referred to as the "Owner"), and Megascapes Landscape and Maintenance, whose business address is 9535 Fort King Road, Dade City, Florida 33525 (hereinafter referred to as the "Contractor").

WHEREAS, the Owner awarded solicitation no. IFB-KM-24-007 for "As Needed Landscape Beautification and Maintenance" Services to the Contractor, and subsequently entered into an agreement made effective on September 17, 2024 (the "Agreement"); and

WHEREAS, July 23, 2025, the Purchasing Director approved the addition of the bid line item for viburnum trees to the approved solicitation in order to maintain a clean and appropriate standard for neighboring customers and constituents (UTOM25-0664); and

WHEREAS, July 25, 2025, the Purchasing Director approved the additional purchasing authority with Megascapes for as needed landscape beautification and maintenance services in the additional NTE amount of $25,000.00 for FY 2025, and $25,000.00 for FY 2026 resulting in a new cumulative NTE amount of $1,322,000.00 for the term of the contract (NI25-1048); and

WHEREAS, September 10, 2025, the County Administrator approved the additional purchasing authority with Megascapes for as needed landscape beautification and maintenance services in the additional NTE amount of $50,000.00 for FY 2025, resulting in a new cumulative NTE amount of $1,372,000.00 for the term of the contract (NI26-0216);and

WHEREAS, October 6, 2025, the Purchasing Director approved the addition of the bid line items for litter collection that are required due to the extreme amount of litter and debris accumulation along the US19 corridor and the other County-maintained medians and rights-of-way (PWM26-0005); and

WHEREAS, the Contractor is agreeable to continuing to provide the services as specified under the terms of this Agreement.

NOW, THEREFORE, the Owner and the Contractor, in consideration of the mutual covenants and provisions contained herein, the sufficiency of which are hereby acknowledged, agree as follows:

1. The statements contained in the recitation of facts set forth above are true and correct and are hereby incorporated in and made a part of this First Amendment to the Agreement.

2. Section 5.1 of the Agreement is modified to read:
   The Owner shall pay the Contractor for the completion of the Work in current funds and in accordance with the Contract Documents subject to the Not to Exceed amount of **$1,672,000.00**, provided however, the Owner may increase this amount via unilateral Change Order. The County Administrator shall have discretion to approve up to two one-year renewal options on the same terms and conditions as the original agreement in the NTE amount of **$686,200.00** for FY 2027; and **$721,620.00** for FY 2028, pending budget approval, for a total NTE contract amount of up to **$3,079,820.00**.

3. The terms, covenants, and conditions set forth in the Agreement, except as specifically modified by this Amendment, are approved, ratified, and confirmed in their entirety. The Agreement shall remain in full force and effect until its expiration or termination.

[SIGNATURES FOLLOW ON THE NEXT PAGE.]

IN WITNESS WHEREOF, the parties, hereto have executed this First Amendment to the Agreement, effective June 2, 2026.

BOARD OF COUNTY COMMISSIONERS
AGENDA MEMORANDUM

COMMISSION DISTRICT: All **FILE NO.:** PW24-0091 **DATE:** 9/17/2024

SUBJECT: Award of Bid No. IFB-KM-24-007 – Megascapes Landscape and Maintenance, Inc. – As Needed Landscape Beautification and Maintenance Services – Multi-Year Award – $1,272,000.00

REFERENCES: IFB-KM-24-007

AGENDA SECTION: Consent Agenda

THRU: Branford Adumuah, Assistant County Administrator

FROM: Jason Mickel, Public Works Director

RECOMMENDED BOARD ACTION:

Approve the Award of Bid No. IFB-KM-24-007 to the sole, responsive, and responsible bidder, Megascapes Landscape and Maintenance, Inc. (Megascapes), for as needed landscape beautification and maintenance services, in the annual Not to Exceed (NTE) amount of $620,000.00 for Fiscal Year (FY) 2025; and $652,000.00 for FY 2026. This will result in the cumulative NTE amount of $1,272,000.00 for the two-year term of the contract beginning on the date of Pasco County Board of County Commissioners (BCC) approval and continuing through September 30, 2026. Delegate to the County Administrator the discretion to approve each of the two one-year renewal options on the same terms and conditions as the original agreement in the NTE amount of $686,200.00 for FY 2027; and $721,620.00 for FY 2028, pending budget approval for a total NTE contract amount of up to $2,679,820.00. Authorize the Chairman to execute the two originals of the Agreement provided, and direct Board Records to distribute as set forth under the Distribution section below.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

On February 21, 2024, at the request of Public Works Department, the Purchasing Department solicited an Invitation for Bid (IFB), Solicitation No. IFB-KM-24-007, for as needed landscape beautification and maintenance services. The specifications were prepared by the Public Works Department. All provisions of the Pasco County's Purchasing Ordinance have been met.

On April 26, 2024, all bids were publicly opened. Two thousand fourteen vendors received automatic email notices. Fifty-seven vendors downloaded the solicitation. A summary of the document takers list for this solicitation is attached. One response was received and is from Dade City, FL. Final award was negotiated with the sole bidder, Megascapes, in accordance with the Purchasing Ordinance. The final tabulation is attached.

The Public Works Department uses this contract for as needed landscape beautification and maintenance services for County-maintained medians and rights of way, including the newly acquired US 19 corridor.

The Public Works Department, with concurrence from the Purchasing Department, requests award to Megascapes, for a cumulative NTE amount of $1,272,000.00 for the contract period beginning on the date of approval from the BCC, and continuing through

September 30, 2026, with two optional annual renewals, pending budget approval for a total four-year contract amount of up to $2,679,820.00.

FISCAL IMPACT/COST/REVENUE STATEMENT:

Funding in the amount of $600,000.00 will be budgeted for FY 2025, and $630,000.00 for FY 2026, in the County Transportation Trust Fund, Public Works Department, contingent upon approval from the BCC of the various budgets. Funding in the amount of $662,000.00 will be requested for FY 2027, and $695,000.00 will be requested for FY 2028, contingent upon annual renewals and approval from the BCC of these budgets.

Funding in the amount of $20,000.00 will be budgeted for FY 2025, and $22,000.00 for FY 2026 in the Water and Wastewater Unit Fund, Utilities O&M Department. Funding in the amount of $24,200.00 will be requested for FY 2027, and $26,620.00 will be requested for FY 2028, contingent upon annual renewals and approval from the BCC of these budgets.

FILE: UTOM25-0664

SUBJECT: Additional Tree – Megascapes Landscape and Maintenance, Inc. – As Needed Landscape Beautification and Maintenance Services – No Additional Funding Required

REFERENCES: IFB-KM-24-007; PW24-0091

Solicitation IFB-KM-24-007 was approved by the Board of County Commissioners on September 17, 2024. The Utilities Operations and Maintenance (O&M) Department utilizes this solicitation to purchase viburnum trees. This solicitation allows for the addition of trees not specified in the solicitation.

The Utilities O&M Department is requesting the addition of viburnum trees to this solicitation for us to be able to maintain a clean and appropriate standard for neighboring customers and constituents. This type of tree was recommended for use by Megascapes to solve the complaints coming from the Dupree Lakes Subdivision located just to the South of the Land O' Lakes Wastewater Treatment Plant.

Please approve adding the requested viburnum tree cost to the above referenced solicitation.

Thank you for your assistance.

BOARD OF COUNTY COMMISSION
AGENDA MEMORANDUM

COMMISSION DISTRICT: ALL **FILE NO.**: PDD17-853 **DATE**: 2/27/2017

SUBJECT: District Seven Highway Landscape Reimbursement and Maintenance Memorandum of Agreement – State of Florida Department of Transportation and Pasco County – Beautification of S.R. 55 (U.S. 19) – F.P.I.D. 440200-1-58-01 – $1,000,000.00

THRU: Don Rosenthal, M.B.A., Assistant County Administrator, Planning and Development

FROM: Mr. Kristen M. Hughes, AICP, Planning and Development Administrator

STAFF: Mary Helen Duke, Planner II

RECOMMENDED BOARD ACTION:
Approve the proposed Agreement, and adopt the District Seven Highway Landscape Reimbursement and Maintenance Memorandum of Agreement (HLRMA) and Authorize the Chairman to execute the six originals of the Agreement provided, and direct the Board Records Department to distribute as set forth under the Distribution Section below.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

In 2015, Pasco County initiated discussions with FDOT on grant funding opportunities for beautification of the US 19 Corridor. FDOT encouraged coordination with the Cities of New Port Richey and Port Richey to ensure a cohesive plan was developed for the corridor.

In May 2016, Pasco County submitted a Letter of Interest to the Florida Department of Transportation District Seven office requesting $1,000,000.00 for 2017 reimbursable funding for landscape design and installation along the US 19 corridor (SR 55) rights-of-way within the unincorporated areas between the Hernando County line to the Pinellas County line.

On July 14, 2016, Pasco County was informed that the County's request for funding for the landscape project on SR 55 was approved by FDOT.

On July 20, 2016, Pasco County forwarded a Letter of Acceptance to Michael Kidde, District 7 FDOT Landscape Architect, accepting the $1,000,000.00 funding for landscaping on US 19 (SR 55).

In October 2016, the Gulf Coast Highway Roadway Maintenance Organization (RMO) was formed by the West Pasco Chamber of Commerce and the Pasco County Board of Realtors to serve as a non-profit organization responsible for maintenance of the US 19 corridor, which is in the process of being rebranded as the Gulf Coast Highway. Greg Armstrong serves as President of the RMO and has been instrumental in development of the project and the RMO. The RMO plans to sell landscape sponsorships along the US 19 corridor to fund landscape improvements. Upon approval of the District Seven Highway Landscape Reimbursement and Maintenance Memorandum of Agreement by the BOCC, Pasco County plans to enter into a parallel agreement with the RMO to maintain the US 19 corridor.

On February 13, 2017 a copy of the FY 17 District Seven Highway Landscape Reimbursement and Maintenance Memorandum of Agreement was forwarded to the County for execution with a corresponding Resolution within thirty (30) calendar days from receipt of the letter.

If approved by the BOCC, a fully executed agreement **must be submitted to FDOT by March 14, 2017.**

DISCUSSION:

- The *Harbors West Market Development/Infill Plan* recommends beautification of US 19 through the following strategies:
  - Strategy T10: "Coordinate with FDOT on future transportation improvements on US 19 including ***beautification/landscaping,*** multi-modal applications, and improving safety."
  - Strategy T14: "Improve pedestrian circulation and safety along the major roadways employing a combination of strategies/elements such as access management, sidewalks***, landscaped medians***, street lighting, countdown pedestrian signals, and traffic calming mechanisms."
  - Strategy U13: "Identify redevelopment opportunities that help create gateways in the West Market Area at the north and south entrances on US 19. The gateway could be a building or cluster of buildings, or ***any feature*** that marks the arrival to the West Market Area."
  - Strategy U16: "Identify different segments along US 19 and other major corridors which have or could have a unique concept for future development. Formulate ***streetscape improvement strategies*** that help provide a distinct and unified identity to these corridor segments."
  - Strategy U18: "Evaluate strategies for providing access to the Gulf along the US 19 corridor to ***improve the coastal image of the area***."

- The estimated cost of landscaping the entire US 19 corridor unincorporated area is $3.5 million. Up to $100,000.00 of the $1million FDOT landscaping grant may be utilized for planning and design of the landscaping project. Construction plans/drawings will be prepared for the entire project (unincorporated areas, county line to county line). $900,000.00 of the $1 million FDOT grant will be utilized for landscape materials and installation costs. These funds will be expended for landscaping of prioritized areas of the US 19 corridor (to be determined during the planning and design phase).

- The District Seven HLRMA Agreement specifies that the County will provide FDOT:

  - Within 120 calendar days of the agreement landscape plans and specifications, including:
    - A Maintenance Plan
    - Maintenance of Traffic plan sheets
    - Project Schedule
    - Letter of no conflict from all utilities within the Project limits.
    - Project cost estimate.

  - Any plan revisions and/or FDOT rejected elements must be approved and resubmitted to FDOT within 180 calendar days following the execution of the Agreement, or the Agreement may be terminated by FDOT.

  - The Agreement details installation, billing and payment, standard financial provisions, maintenance, termination, claims, and general (including E-Verify) requirements that Pasco County must follow.

- Landscaping installation will not commence until a Notice to Proceed with Construction is received from FDOT.

- Pasco County must comply with Maintenance of Traffic plans in accordance with project plans and FDOT's Maintenance of Traffic Regulations.

- HLRMA grant is reimbursable upon completion of the 90 calendar day establishment period and approval of Project installation by FDOT. County must furnish FDOT final billing within 180 calendar days of approval of Project installation. Eligible reimbursement activities include professional design, inspection and enforcement of material and installation standards and the purchase, installation and establishment of plant materials. Reimbursement for design fees may not exceed 10% of the total reimbursement amount. Travel expenses are not reimbursable. The grant will not pay for "hardscape" elements, such as brick pavers within medians. The County may submit pedestrian safety oriented hardscape elements that are directly connected to landscaping and pedestrian safety to the FDOT Landscape Architect for approval, prior to installation.
- By signing the Agreement, Pasco County agrees to:
    - Remove litter from all landscaped areas of the Project
    - Remove fallen palm fronds, fruit and flower stalks and twigs and limbs from all landscaped areas of the Project;
    - Water and fertilize all plants;
    - Mulch all plant beds;
    - Keep plants as free as practible from disease and harmful insects;
    - Weed the Project premises routinely;
    - Mow and/or cut grass within the areas delineated by the landscape plans;
    - Prune all plants, specifically remove all dead or diseased parts of plants and prune all parts of plants that present a visibility hazard to those using the roadway;
    - Replace, or at the County's option, remove all dead or diseased plants or other parts of the Project that have fallen below Project standards. Replace with plants of substantially the same grade, size, and specification as originally provided for in the plans and specifications, unless otherwise authorized by the Department; and
    - Perform routine maintenance as prescribed by the manufacturer of a Project irrigation system; and
    - Trim, alter, relocate or remove landscaping as needed for any future Intelligent Transportation System (ITS).
    - Maintenance of the project is subject to periodic inspections by FDOT.
    - FDOT may require the County to remove, relocate or adjust landscaping with 60 days' notice at the County's cost. Removed plantings will belong to the County.
    - The County covenants to appropriate in its annual budget, for each Fiscal year, non-ad valorem funds lawfully available to satisfy the maintenance responsibilities, under this Agreement.

- The Gulf Coast Highway Roadway Maintenance Organization (RMO) was formed by the West Pasco Chamber of Commerce and the Pasco County Board of Realtors specifically to serve as a non-profit organization responsible for maintenance of the US 19 corridor (see attached Articles of Incorporation), which is being rebranded as

the Gulf Coast Highway. Greg Armstrong serves as President of the RMO and is the responsible agent for the RMO. Upon approval of the District Seven Highway Landscape Reimbursement and Maintenance Memorandum of Agreement, Pasco County plans to enter into a parallel agreement with the RMO to maintain the US 19 corridor. The RMO has reviewed the boilerplate FDOT Highway Landscape Roadway Maintenance Memorandum of Agreement (HLRMA) and their Board of Directors has approved draft language.

- *The next step is for County staff to redraft the HLRMA Agreement as an agreement between the County and the RMO specifically for maintenance aspects of the Project. This agreement will be drafted immediately upon approval of the FY17HLRMA Agreement with FDOT by the BOCC.*

FISCAL IMPACT/COST/REVENUE STATEMENT:

Funding will be obligated through future work task orders. Work task orders and any associated budget amendments will be brought back to the BCC at a future date.

SUBJECT: Request for Addition of Bid Line Items to Awarded Contract IFB-KM-24-007, to Megascapes Landscape and Maintenance, Inc. for As Needed Landscape Beautification and Maintenance Services

REFERENCES: IFB-KM-24-007, PW24-0091, PWM25-0065 (NI25-1048), PMW25-0070 (NI26-0216), UTOM25-0664

The Public Works Department requests the addition of the attached bid line items to the awarded contract IFB-KM-24-007, to Megascapes Landscape and Maintenance, Inc. for as needed landscape beautification and maintenance services.

The Public Works Department uses this contract for as-needed landscape plants and maintenance services for Pasco County-maintained medians and rights-of-way, including the US19 corridor.

The additional bid line items for litter collection are required due to the extreme amount of litter and debris accumulation along the US19 corridor and the other County-maintained medians and rights-of-way.

If you have any questions, please contact Faith Jackson at x1067 or Sandy Choquette at x1009.

APPROVED:

SUBJECT: Award of Bid No. IFB-KM-24-007 – Megascapes Landscape and Maintenance, Inc. – As Needed Landscape Beautification and Maintenance Services – Multi-Year Award – $1,272,000.00

REFERENCES: IFB-KM-24-007

AGENDA SECTION: Consent Agenda

THRU: Branford Adumuah, Assistant County Administrator

FROM: Jason Mickel, Public Works Director

RECOMMENDED BOARD ACTION:

Approve the Award of Bid No. IFB-KM-24-007 to the sole, responsive, and responsible bidder, Megascapes Landscape and Maintenance, Inc. (Megascapes), for as needed landscape beautification and maintenance services, in the annual Not to Exceed (NTE) amount of $620,000.00 for Fiscal Year (FY) 2025; and $652,000.00 for FY 2026. This will result in the cumulative NTE amount of $1,272,000.00 for the two-year term of the contract beginning on the date of Pasco County Board of County Commissioners (BCC) approval and continuing through September 30, 2026. Delegate to the County Administrator the discretion to approve each of the two one-year renewal options on the same terms and conditions as the original agreement in the NTE amount of $686,200.00 for FY 2027; and $721,620.00 for FY 2028, pending budget approval for a total NTE contract amount of up to $2,679,820.00. Authorize the Chairman to execute the two originals of the Agreement provided, and direct Board Records to distribute as set forth under the Distribution section below.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

On February 21, 2024, at the request of Public Works Department, the Purchasing Department solicited an Invitation for Bid (IFB), Solicitation No. IFB-KM-24-007, for as needed landscape beautification and maintenance services. The specifications were prepared by the Public Works Department. All provisions of the Pasco County's Purchasing Ordinance have been met.

On April 26, 2024, all bids were publicly opened. Two thousand fourteen vendors received automatic email notices. Fifty-seven vendors downloaded the solicitation. A summary of the document takers list for this solicitation is attached. One response was received and is from Dade City, FL. Final award was negotiated with the sole bidder, Megascapes, in accordance with the Purchasing Ordinance. The final tabulation is attached.

The Public Works Department uses this contract for as needed landscape beautification and maintenance services for County-maintained medians and rights of way, including the newly acquired US 19 corridor.

The Public Works Department, with concurrence from the Purchasing Department, requests award to Megascapes, for a cumulative NTE amount of $1,272,000.00 for the contract period beginning on the date of approval from the BCC, and continuing through

September 30, 2026, with two optional annual renewals, pending budget approval for a total four-year contract amount of up to $2,679,820.00.

FISCAL IMPACT/COST/REVENUE STATEMENT:

Funding in the amount of $600,000.00 will be budgeted for FY 2025, and $630,000.00 for FY 2026, in the County Transportation Trust Fund, Public Works Department, contingent upon approval from the BCC of the various budgets. Funding in the amount of $662,000.00 will be requested for FY 2027, and $695,000.00 will be requested for FY 2028, contingent upon annual renewals and approval from the BCC of these budgets.

Funding in the amount of $20,000.00 will be budgeted for FY 2025, and $22,000.00 for FY 2026 in the Water and Wastewater Unit Fund, Utilities O&M Department. Funding in the amount of $24,200.00 will be requested for FY 2027, and $26,620.00 will be requested for FY 2028, contingent upon annual renewals and approval from the BCC of these budgets.

SUBJECT: Additional Tree – Megascapes Landscape and Maintenance, Inc. – As Needed Landscape Beautification and Maintenance Services – No Additional Funding Required

REFERENCES: IFB-KM-24-007; PW24-0091

Solicitation IFB-KM-24-007 was approved by the Board of County Commissioners on September 17, 2024. The Utilities Operations and Maintenance (O&M) Department utilizes this solicitation to purchase viburnum trees. This solicitation allows for the addition of trees not specified in the solicitation.

The Utilities O&M Department is requesting the addition of viburnum trees to this solicitation for us to be able to maintain a clean and appropriate standard for neighboring customers and constituents. This type of tree was recommended for use by Megascapes to solve the complaints coming from the Dupree Lakes Subdivision located just to the South of the Land O' Lakes Wastewater Treatment Plant.

Please approve adding the requested viburnum tree cost to the above referenced solicitation.

Thank you for your assistance.

Invitation for Bid

For

AS NEEDED LANDSCAPE BEAUTIFICATION AND MAINTENANCE

February 21, 2024

Solicitation Number:	**IFB-KM-24-007**
Due Date:	**March 26, 2024**
Time Due:	**1:30 p.m., ET**

TENTATIVE TIMELINE

February 21, 2024	Release IFB to the marketplace
March 12, 2024	Deadline for written questions, 5:00 p.m., ET
March 19, 2024	Response to questions to be posted to Bonfire
March 26, 2024	IFB due online Bonfire by 1:30 p.m., ET

ADVERTISEMENT FOR INVITATION FOR BID

The Pasco County Board of County Commissioners invites vendors to submit a bid to provide landscape beautification and maintenance with specific features, as per the listed specifications.

In using this method for solicitation, we are requesting your best effort in seeking the lowest cost for our requirements. To be entitled to consideration, online submission shall be presented in accordance with the instructions of this solicitation and within the timeframe specified. It shall be the responsibility of the selected offeror to meet all specifications and guidelines set forth herein. Each bid shall be opened and read publicly. The Pasco County Board of County Commissioners (hereinafter, "Pasco County" or "County"), at its discretion, determines the criteria and process whereby bids are evaluated and awarded. No damages shall be recoverable by any challenger as a result of these determinations or decisions by the County.

If you are unable to download these documents, experiencing any technical issues, or have questions about how to submit, please reach out to support@gobonfire.com.

All questions or requests for clarification must be sent via Bonfire under Message - Opportunity Q&A: https://pascocountyfl.bonfirehub.com.

All addendums related to this solicitation will be posted on Bonfire website at https://pascocountyfl.bonfirehub.com. It is the bidder's responsibility to check the Bonfire website for any addendums, responses to bidder questions, or other communications related to this solicitation.

Bids shall be submitted online at https://pascocountyfl.bonfirehub.com. The Pasco County Purchasing Department will only accept bids submitted online. **Bid submissions are due no later than 1:30 p.m., ET, March 26,2024, and will be opened at 2:00 p.m., ET (same day) as noted above.**

Pasco County will ***only*** accept online submissions for this bid. Bids can be submitted online at: https://pascocountyfl.bonfirehub.com. Bids submitted after the bid close date will not be accepted. Note: Any bid submitted in any other format (email, paper, fax, mail, etc.) will not be accepted for any reason.

Solicitations will be publicly opened in accordance with the public notice.

Public Openings are held each Tuesday at 2:00 p.m., ET. A public opening of responses will be conducted at the posted Public Opening following the submission deadline. In the event of a County Holiday or unforeseen delay, responses shall remain sealed until the next public meeting. Firms will be able to attend the public opening virtually, see the following instructions:

Tabulations shall be available thirty (30) days after opening on the Pasco County website at: https://www.pascocountyfl.net/480/Do-Business-with-Us
or upon notice of intended action, whichever is sooner.

PASCO COUNTY BOARD OF COUNTY COMMISSIONERS

Carrie C. Roberts, NIGP-CPP, C.P.M., CPPO

Purchasing Director

IMPORTANT! — PLEASE READ CAREFULLY BEFORE SUBMITTING BID

GENERAL PROVISIONS

These general terms and conditions apply in like force to this solicitation and to any contract resulting therefrom.

COMMUNICATIONS DURING SOLICITATION AND LOBBYING PROHIBITION

Communicating with or lobbying of evaluation committee members, county government employees, or elected officials (including County Commissioners) regarding requests for proposals, requests for qualifications, bids, or contracts by the Bidders or any member of the Bidder's staff, an agent of the Bidder, or any person employed by any legal entity affiliated with or representing an organization that is responding to the requests for proposal, requests for qualification, bid or contract outside a publicly noticed meeting specifically called to address this particular solicitation is strictly prohibited. Nothing herein shall prohibit a prospective Proposer from contacting the Purchasing Director, or Purchasing staff identified in the solicitation, to address concerns or grievances or receive clarification about a particular procurement. In addition, nothing herein shall prohibit a Proposer that has been shortlisted in the Notice of Intent to Award from engaging in contract negotiations with the County staff designated to negotiate the contract.

For purposes of this provision lobbying activities shall include, but not be limited to, influencing or attempting to influence action or non-action in connection with any requests for proposals, requests for statements of qualifications, invitations for bids, related processes or contracts through direct or indirect oral or written communication or an attempt to obtain goodwill of persons and/or entities specified in this provision. Such actions may cause any proposal, statement of qualification, bid, contract or any other response to be rejected.

The prohibition on communication with County Persons (including County Commissioners) by Proposers and their representatives regarding a procurement in which they have a pecuniary interest begins upon issuance of the solicitation and ends upon final award, when the protest is finally resolved, or when the procurement process is otherwise concluded, whichever occurs later. This prohibition does not apply to communication on other matters in which a Proposer may have an interest outside of the solicitation.

AMERICANS WITH DISABILITIES ACT

Pasco County does not discriminate upon the basis of any individual’s disability status. This non-discrimination policy involves every aspect of the County’s functions including one’s access to, participation, employment, or treatment in its programs or activities. Anyone requiring reasonable accommodation to the solicitation documents or for the public meetings related to any solicitation should contact the Purchasing staff member named on the solicitation summary at least twenty- four (24) hours in advance of the meeting. Requests for accommodation may also be directed to the Human Resources Department, Internal Services Building, 7536 State Street, New Port Richey, FL 34654 at (727) 847-8030 or at (727) 847-8949 if you are hearing impaired. Please be advised that if you contact the County by email, your email address will become a public record and may be subject to disclosure under the Florida Public Records Act.

ACCEPTANCE/REJECTION/MODIFICATION TO BID

The County may (1) amend or modify this request, (2) revise requirements of this request, (3) require supplemental statements or information from any firm, (4) accept or reject any or all bids, (5) extend the deadline for submission of bids, (6) waive non-material defects, and (7) cancel this request, in whole or in part, if the County deems it in its best interest to do so (8) may negotiate with a non-Bidder in the event no bids are received. The County may exercise the foregoing rights at any time without notice and without liability to any offering firm or any other party for their expenses incurred in the preparation of bid or otherwise.

ACKNOWLEDGMENT OF ADDENDUM

Bidders shall acknowledge receipt of any addendum to the solicitation by identifying the addendum number in the space provided for this purpose on the bid form, by letter, or by returning a copy of the issued amendment with the submitted bid. The acknowledgment should be received by Pasco County by the time and at the place specified for the receipt of bids. Failure to acknowledge an issued addendum may result in bid rejection and disqualification.

ALTERNATIVE BIDS

The Bidder WILL NOT be allowed to offer more than one (1) price (for the goods or services specified). If a Bidder submits more than one (1) price on any item (or service), ALL prices will be rejected for that item.

ANTITRUST

By entering into a contract, the Bidder conveys, sells, assigns, and transfers to Pasco County all rights, titles, and interest it may now have or hereafter acquire under the antitrust laws of the United States and the State of Florida that relate to the particular goods or services purchased or acquired by Pasco County under the said contract.

APPLICABLE LAW

The resulting contract shall be governed in all respects by the laws of the State of Florida, and any litigation with respect thereto shall be brought in the courts of Pasco County, Florida. The Bidder shall comply with all applicable Federal, State, and local laws and regulations. Lack of knowledge by the Bidder will in no way be a cause for relief from responsibility.

ASSIGNMENT

The successful Bidder(s) shall not assign, transfer, convey, sublet, or otherwise dispose of any award or any or all of its rights, title, or interest therein, or delegate the duties hereunder without the prior written consent of Pasco County.

AWARD

Consideration for award will be by proximity to specifications given, costs, time of delivery, and other factors deemed by the County to be appropriate. All purchases, leases, or contracts that are based on competitive bids will be awarded to the lowest, responsive, and responsible Bidder. Complete and accurate responses to all items are necessary for the complete and fair evaluation of bids. Total-cost or life-cycle-costing, which includes the identification of identifiable costs associated with acquisition, installation, maintenance, and operation of the Bidder's offered equipment may be used to determine the lowest Bidder. Such analysis may be based upon the Bidder's proposal data and other data which is gathered by the County. Additional factors that may be considered include the expected life of equipment, output, maintenance, consumption

costs, disposal value, warranty, complexity of operation, required training, and other factors that may contribute to the overall cost of ownership. In determining the responsibility of Bidders, past performance, references, documented experience, financial capability, and other reasonable factors may be considered. Pasco County reserves the right to award by item, group of items, lowest total, or whatever manner is deemed to be in the County's best interest. The County reserves the right to award to a single or multiple Bidder is found to be in the County's best interest.

BID ACCEPTANCE PERIOD

The Bidder agrees that if this offer is accepted within ninety (90) calendar days from the bid opening date, the Bidder will furnish to Pasco County and all items from which prices are offered in this bid solicitation at the price(s) so offered, delivered to the designated point(s), within the time period specified, and at the terms and conditions so stipulated in this solicitation document. Any bid for which the Bidder specifies a shorter acceptance period may be rejected.

BID CLARIFICATIONS

If any party contemplating the submission of a bid on this invitation is in doubt as to the true meaning of any part of the plans, specifications, or other documents, they should submit a written request for an interpretation via the County's electronic solicitation system. Questions or requests for interpretations shall clearly state, in detail, the basis for such question(s) or request(s) including a reference to the specific paragraph or language in the solicitation. Modifications to solicitations will be made only by properly issued written addenda. All such addenda shall become part of the solicitation and resulting contract documents. Pasco County shall only be responsible for explanations or interpretations that are issued by written addendum. No oral interpretations will be made as to the meaning of specifications or any other contract documents. Failure to comply with this provision will result in the Bidder waiving his/her right to dispute the bid specification.

BIDDER CERTIFICATION

The Bidder agrees that submission of a signed bid form is certification that the Bidder will accept an award made to it as a result of the submission.

BIDDER INVESTIGATIONS

Before submitting a bid, each Bidder shall make all investigations and examinations necessary to ascertain all site conditions, specifications, delivery requirements and performance requirements affecting the full performance of the contract and to verify any representations made by Pasco County upon which the Bidder will rely. If the Bidder receives an award as a result of its bid submission, failure to have made such investigations and examinations will in no way relieve the Bidder from its obligation to comply in every detail with all provisions and requirements of the contract documents, nor will a plea of ignorance of such conditions and requirements be accepted as a basis for any claim whatsoever by the Bidder for additional compensation.

BID ENVELOPES

If the County has indicated in the Advertisement for Bids that a hard copy of the bid will be accepted, envelopes containing bids must be sealed and marked in the lower left-hand corner with the solicitation number, solicitation name, and the date and hour of opening of bids. Failure to do so may cause bid not to be considered. Express Company or Express Mail envelopes

containing a sealed bid shall also be sealed and should be clearly marked with the solicitation number, solicitation name, and date and hour of opening of bids. Failure to clearly mark envelopes may delay delivery and render the response late. PLEASE NOTE: Unless otherwise noted in the Advertisement for Bids, all submissions MUST be made electronically through the County's electronic solicitation system.

BID FORM SUBMISSION

Bids must be uploaded into via the County's electronic solicitation system unless otherwise indicated in the Advertisement for Bids. All forms must be printed, completed signed (if noted) and submitted in the County's electronic solicitation system. Bids concerning separate bid invitations must not be combined on the same electronic submission form or placed in the same envelope (if allowable under the specific solicitation). Bids submitted in violation of this provision shall not be considered. All bids must be signed, in ink, in order to be considered. Erasures are not acceptable on bids; if necessary to make a change, strike out or draw a line through incorrect item and type the correction above, and initial the correction in ink. If the Bidder is a firm or corporation, the Bidder must show the title of the individual executing the bid, and if the individual is not an officer of the firm or corporation, the Bidder must submit proof that the individual has the authority to obligate the firm or corporation. BIDS MAY NOT BE ALTERED OR AMENDED AFTER THE BID CLOSING.

BUSINESS NAME REQUIREMENT

The Bidder must provide on the Bid Form, Bidder/Certification Form, and if awarded, on all remittance of invoices for payment, the business name that is provided on their W9 Form. Additionally, if there is a name change and/or EIN number that is changed at any time, the vendor must immediately notify the Purchasing Department as to the change and provide all supporting documentation.

BID RECEIPT AND OPENING

Pasco County will receive sealed bid proposals until date and time indicated on bid cover via the County's electronic solicitation system unless otherwise noticed in the Advertisement for Bids. The system will not allow for bids to be received after the bid opening date and time. It is the responsibility of the Bidder to ensure that bids are submitted online by the designated opening time. FAXED, EMAILED OR HARD COPY BIDS WILL NOT BE ACCEPTED AND SHALL NOT BE CONSIDERED FOR EVALUATION OR AWARD unless otherwise noted in the Advertisement for Bids. In accordance with Section 119.071, Florida Statutes, sealed bids, proposals, or replies received by an agency pursuant to a competitive solicitation are exempt from public inspection until such time as the agency provides notice of an intended decision or until thirty (30) days after opening the bids, proposals, or replies, whichever is earlier.

Failure to print, complete and upload all forms required to be included with any bid will result in the Bidder being deemed nonresponsive and will result in rejection of the bid.

BID WITHDRAWAL

Bids may not be changed after the bid closing time.

To withdraw a bid that includes a clerical error after bid opening, the Bidder must give notice in writing to the Pasco County Purchasing Department of claim or right to withdraw a bid. Within

two (2) business days after the bid opening, the Bidder requesting withdrawal must provide to Pasco County all original work papers, documents, and other materials used in the preparation of the bid. A Bidder may also withdraw a bid prior to the time set for the opening of bids by simply making a request in writing to Pasco County; no explanation is required. No Bidder who is permitted to withdraw a bid shall, for compensation, supply any material or labor to or perform any subcontract or other work for the person to whom the contract is awarded or otherwise benefit from the contract. No partial withdrawals of a bid are permitted after the time and date set for the bid opening; only complete withdrawals are permitted. The decision to allow or disallow bid withdrawal remains solely with Pasco County.

BRAND NAMES

Any catalog, brand name, or manufacturer's reference used in the specifications is intended to be descriptive and not restrictive and is used only to indicate type and quality desired. Any article, equipment, or material, which shall conform to the standards and excellence, so established, and is of equal merit, strength, durability, and appearance to perform the desired function, is deemed eligible for offer as a substitute. The qualifications of the offering shall be judged as to their conformance with these specifications. Any equipment offered other than herein specified shall be subject to a competitive demonstration and evaluation by Pasco County. The determination as to whether any alternate product or service is or is not equal shall be made by Pasco County, and such determination(s) shall be final and binding upon all Bidders.

CANCELLATION

Pasco County reserves the right to cancel a resulting contract, without cause, by giving thirty (30) days' prior written notice to the Bidder of the intention to cancel, or with cause if at any time the Bidder fails to fulfill or abide by any of the terms or conditions specified. Failure of the Bidder to comply with any of the provisions of a resulting contract shall be considered a material breach of contract and shall be cause for immediate termination of the contract at the sole discretion of Pasco County. In addition to all other legal remedies available to Pasco County, Pasco County reserves the right to cancel and obtain from another source, any services which have not been provided within the required period of time or, if no such time is stated, within a reasonable period of time from the date of order or request, as determined by Pasco County.

CERTIFICATION OF INDEPENDENT PRICE DETERMINATION

The Bidder certifies that the prices submitted in response to the solicitation have been arrived at independently and without—for the purpose of restricting competition—any consultation, communication, or agreement with any other Bidder or competitor relating to those prices, the intention to submit a bid, or the methods or factors used to calculate the prices bid.

CHANGE IN SCOPE OF WORK

Pasco County may order changes in the work consisting of additions, deletions, or other revisions within the general scope of the contract. No claims may be made by the Bidder that the scope of the project or of the Bidder's services has been changed, requiring changes to the amount of compensation to the Bidder or other adjustments to the contract, unless such changes or adjustments have been made by written amendment to the contract or purchase order signed by Purchasing Director. If the Bidder believes that any particular work is not within the scope of the project, is a material change, or will otherwise require more compensation to the Bidder, the Bidder must immediately notify Pasco County in writing of this belief. If Pasco County believes

that the particular work is within the scope of the contract as written, the Bidder will be ordered to and shall continue with the work as changed and at the cost stated for the work within the scope.

COLLUSION AMONG BIDDERS

Each Bidder, by submitting a bid, certifies that it is not a party to any collusive action or any action that may be in violation of the Sherman Antitrust Act. Any or all bids shall be rejected if there is any reason for believing that collusion exists among the Bidders. Pasco County may or may not, at its discretion, accept future bids for the same work from participants in such collusion. More than one (1) bid from an individual, firm, partnership, cooperation, or association under the same or different names may be rejected. Reasonable grounds for believing that a Bidder has interest in more than one (1) bid for the work being bid may result in rejection of all bids in which the Bidder is believed to have interest. Nothing in this clause shall preclude a firm acting as a subcontractor to be included as a subcontractor for two (2) or more primary contractors submitting a bid for the work.

CONFLICT OF INTEREST

The Bidder, by submission of its bid, certifies that to the best of his/her knowledge or belief, no elected/appointed official or employee of Pasco County is financially interested, directly or indirectly, in the offer of goods or services specified in this invitation.

DEBARMENT

By submitting a bid, the Bidder certifies that it is not currently debarred from submitting bids for contracts issued by any political subdivision or agency of the Federal Government of the United States, an agency of the State of Florida, or an agency within the Tampa Bay-Clearwater-St. Petersburg Metropolitan Statistical Area (MSA) and that it is not an agent of a person or entity that is currently debarred from submitting bids for contracts issued by any agency noted herein. The Bidder also certifies that the components used in the production of the commodities offered herein are not supplies by a vendor who currently is debarred from submitting bids for contracts issued by any political subdivision or agency of the Federal Government of the United States, an agency of the State of Florida, or an agency within the Tampa Bay-Clearwater-St. Petersburg Metropolitan Statistical Area (MSA).

E-VERIFY REQUIREMENT

A CONTRACTOR OR CONSULTANT ENTERING INTO A CONTRACT WITH A PUBLIC ENTITY (SUCH AS THE COUNTY) IS REQUIRED TO BE REGISTERED WITH THE U.S. DEPT. OF HOMELAND SECURITY'S E-VERIFY SYSTEM AND TO UTILIZE IT TO VERIFY THE WORK AUTHORIZATION STATUS OF ALL NEWLY HIRED EMPLOYEES THROUGHOUT THE TERM OF THE CONTRACT. THE CONTRACTOR OR CONSULTANT SHALL ALSO BE REQUIRED TO OBTAIN AND RETAIN AFFIDAVITS FROM ALL SUBCONTRACTORS OR SUBCONSULTANTS UTILIZED DURING THE CONTRACT VERIFYING THAT THEY DO NOT EMPLOY, CONTRACT WITH, OR SUBCONTRACT WITH ANY UNAUTHORIZED ALIENS AS THAT TERM IS DEFINED IN 8 U.S.C.s. 1342a(h)(3). THE FAILURE TO COMPLY WITH THIS REQUIREMENT CONSTITUTES GROUNDS FOR TERMINATION OF THE CONTRACT AND FOR SUCH OTHER PENALTIES AS PROVIDED UNDER SECTION 448.095, FLA. STAT.

If a public employer has terminated a contract with a contractor for failure to comply with the requirements of the paragraph above, the contractor may not be awarded a public contract for at

least ONE year after the date on which the contract was terminated.

THE COUNTY RESERVES THE RIGHT TO REQUEST VERIFICATION OF COMPLIANCE FROM ITS CONSULTANTS AND CONTRACTORS DURING THE TERM OF ITS CONTRACT WITH THE COUNTY AND FOR A PERIOD OF UP TO FIVE (5) YEARS THEREAFTER. SHOULD A COUNTY RETAINED CONSULTANT, CONTRACTOR AND/OR ITS SUBCONSULTANT'S BE FOUND TO BE NON-COMPLIANT WITH E-VERIFY AS PART OF A FEDERAL AUDIT OR OTHER INQUIRY, THE CONSULTANT, CONTRACTOR AND/OR ITS SUBCONSULTANT(S) WILL BE SOLELY RESPONSIBLE FOR THE PAYMENT OF ANY FINES OR COSTS IMPOSED UPON THE COUNTY AS A RESULT OF SUCH NON- COMPLIANCE. COMPLIANCE WITH THIS SECTION IS MANDATORY FOR ALL PROJECTS.

ERRORS IN EXTENSIONS

If a written Bid Form is required, the BIDDER should initial erasures or corrections in any Bid Form in ink. The COUNTY shall reject any Bid Form with such erasures or corrections where County staff concludes it cannot determine with certainty the accuracy or intent of said Bid Form, as corrected. In the case of unit price contracts, if an error is committed in the extension of an item, the unit price as shown in the Bid Form will govern. If the unit price and the extension price are at variance, the unit price shall prevail. Unit prices will be utilized to adjust the total compensation due the successful BIDDER based on actual quantities encountered. No negotiation of these unit prices after contract award will be allowed. Significant changes in quantities, including total deletions, are possible. Therefore, each BIDDER shall proportionately distribute overhead and profit across the unit prices.

ETHICS IN PUBLIC PROCUREMENT

The contract upon award shall incorporate by reference, but shall not be limited to, the provisions of law contained in Chapter 112, Florida Statutes. A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid on a contract to provide any goods or services to a public entity; may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids on leases or real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statutes, for CATEGORY TWO for a period of thirty-six (36) months from the date of being placed on the convicted vendor list. The Bidder certifies that its bid was made without collusion or fraud; that it has not offered or received any kickbacks or inducements from any other Bidder, supplier, manufacturer, or subcontractor in connection with this bid; and that it has not conferred on any public employee having official responsibility for this procurement transaction any payment, loan, subscription, advance, deposit of money, services, or anything of value.

EXCEPTIONS

Bidders taking exception to any part or section of the solicitation shall indicate such exceptions on the bid form or appendix. Failure to indicate any exception will be interpreted as the Bidder's intent to comply fully with the minimum requirements as written. Conditional or qualified bids, unless such exception(s) are deemed non-material by the County (in it's sole discretion), shall be subject to rejection in whole or in part.

EXPENSES INCURRED IN PREPARING BID
Pasco County accepts no responsibility for any expense incurred by the Bidder in the preparation and presentation of a bid. Such expenses shall be borne exclusively by the Bidder.

FAILURE TO DELIVER
In the event of failure of the Bidder to deliver the goods and services in accordance with the contract terms and conditions, Pasco County may procure the goods and services from other sources and hold the Bidder responsible for any resulting additional costs. A failure to deliver will result in immediate termination of a resulting contract, and immediate disqualification and debarment from submitting bids to Pasco County for a maximum of five (5) years. These remedies shall be in addition to any other remedies that Pasco County may have available.

FAILURE TO ENFORCE
Failure by Pasco County at any time to enforce the provisions of the contract shall not be construed as a waiver of any such provisions. Such failure to enforce shall not affect the validity of the contract or any part thereof or the right of Pasco County to enforce any provision at any time in accordance with its terms.

FAIR LABOR STANDARDS
By submission of a bid, the Bidder certifies that the contractor(s) and/or subcontractor(s) providing product(s) or service(s) shall, in the execution or performance of such a contract, maintain fair labor standards as defined in applicable State and Federal regulations.

FORCE MAJEURE
The Bidder shall not be held responsible for failure to perform the duties and responsibilities imposed by the contract due to legal strikes, fires, riots, rebellions, government actions, and acts of God beyond the control of the Bidder, unless otherwise specified in the contract. If government actions include the imposition of tariffs that directly affect the materials or equipment to be provided by the Bidder under the solicitation, the Bidder must submit certification from its supplier that the materials required were acquired by the Bidder after the tariffs went into effect and that the Bidder now has to pay additional costs for the materials or equipment. The County has the discretion to approve an increase in price based on the information supplied or to terminate the contract.

IDENTICAL BIDS
Identical bids or bids which otherwise appear suspicious will be reported to the County Attorney for investigation.

INDEMNIFICATION
In consideration of the sum of Fifteen and 00/100 Dollars ($15.00), the receipt and sufficiency of which is acknowledged by the contractor to be included and paid for in the contract price, the contractor shall indemnify, defend, and hold harmless Pasco County and its agents and employees from and against all liabilities, claims, damages, losses, and expenses, including attorneys' fees, arising out of or resulting from the performance of the work, provided that any such liability, claim, damage, loss, or expense: 1) is attributable to bodily injury, sickness, disease

or death, or to injury to or destruction of tangible property (other than the work itself), including the loss of use resulting therefrom; and 2) is caused in whole or in part by any negligent act or omission of the Bidder and subcontractor, anyone directly or indirectly employed by any of them, or anyone for whose acts any of them may be liable, except for those caused by the negligent act or omission of Pasco County.

In any and all claims against Pasco County or any of its agents or employees by any employee of the contractor, any subcontractor, anyone directly or indirectly employed by any of them, or anyone for whose acts any of them may be liable, the indemnification obligation under the previous paragraph shall not be limited in any way as to the amount or type of damages, compensation, or benefits payable by or for the contractor or any subcontractor under Workers' Compensation Acts, disability benefit acts, or other employee benefit acts.

INDEPENDENT CONTRACTOR

The Bidder shall be legally considered an independent contractor and neither the Bidder nor its employees shall, under any circumstances, be considered servants or agents of Pasco County; and Pasco County shall be at no time legally responsible for any negligence or other wrongdoing by the Bidder, its servants, or agents. Pasco County shall not withhold from the Bidder any Federal or State unemployment taxes, Federal or State income taxes, Social Security tax, or any other amounts for benefits to the Bidder. Further, Pasco County shall not provide to the Bidder any insurance coverage or other benefits, including workers' compensation, normally provided by Pasco County for its employees.

INFORMALITIES AND IRREGULARITIES

Pasco County has the right to waive minor defects or variations of a bid from the exact requirements of the specifications that do not affect the price, quality, quantity, delivery, or performance time of the services being procured. If insufficient information is submitted by a Bidder with the bid for Pasco County to properly evaluate the bid, Pasco County has the right to require such additional information as it may deem necessary after the time set for receipt of bids, provided that the information requested does not change the price, quality, quantity, delivery, or performance time of the services being procured. Pasco County reserves the right to reject any or all bids in whole or in part; to award by any item, group(s) of items, total bid, or accept the bid that is most advantageous and in the best interest of Pasco County.

LAW COMPLIANCE

Each party will comply with all applicable Federal, State and local laws, rules, regulations, and guidelines related to performance under this agreement. In particular, the contractor/vendor/named party verifies and affirms that it is in compliance with 8 U.S.C., Sec. 1324, prohibiting the employment either directly or by contract, subcontract, or exchange of unauthorized aliens in the United States. The County will consider the employment of unauthorized aliens by any contractor/vendor/named party, during the term of the agreement, a violation of the Immigration and Nationality Act. Such violation shall be cause for unilateral cancellation of this agreement by the County.

LIMITATION OF COST

The Bidder agrees to perform the work specified and complete all obligations under the contract within the stated amounts.

NON-APPROPRIATION

All funds for payment by Pasco County under this contract are subject to the availability of an annual appropriation for this purpose by Pasco County. In the event of non-appropriation of funds by Pasco County for the services provided under the contract, Pasco County will terminate the contract, without termination charge or other liability, on the last day of the then- current fiscal year or when the appropriation made for the then-current year for the services covered by this contract is spent, whichever event occurs first. If at any time funds are not appropriated for the continuance of this contract, cancellation shall be accepted by the Bidder on thirty (30) days' prior written notice, but failure to give such notice shall be of no effect, and Pasco County shall not be obligated under this contract beyond the date of termination.

NON-DISCRIMINATION

During the performance of this Agreement, the BIDDER herein assures the COUNTY that said BIDDER is in compliance with Title VII of the 1964 Civil Rights Act, as amended, and The Florida Civil Rights Act of 1992 in that the BIDDER does not on the grounds of race, color, national origin, religion, sex, age, handicap or marital status, discriminate in any form or manner against the employees of the BIDDER or its applicants for employment. The BIDDER understands and agrees that this Agreement is conditioned upon the veracity of this Statement of Assurance. Furthermore, the BIDDER herein assures the COUNTY that said BIDDER shall comply with Title VI of the Civil Rights Act of 1964 when any Federal grant is involved. Other applicable Federal and State laws, executive orders and regulations prohibiting the type of discrimination as hereinabove delineated are included by this reference thereto. This Statement of Assurance shall be interpreted to include Vietnam Era Veterans and Disabled Veterans within its protective range of applicability.

OFFICIAL DOCUMENTS

Pasco County is not responsible for expenses incurred prior to award. Pasco County officially distributes solicitation documents through an electronic solicitation system as noted on our web page at https://www.pascocountyfl.net/480/Do-Business-with-Us. Solicitation documents MUST be downloaded at NO COST using this system. Copies of solicitation documents obtained from other sources are not considered official and should not be relied upon. Pasco County is not responsible for solicitation documents obtained from sources other than the site listed at the link above. Only vendors who properly register and obtain solicitation documents directly from the system listed at the link above will receive addenda and other important information if issued. Vendors are responsible for acquiring knowledge of changes, modifications, or additions to official solicitation documents. Vendors who submit responses and later claim they did not receive complete documents or had no knowledge of any change, modifications, or additions made to the official solicitation documents shall still be bound by the solicitation, including any changes, modifications, or additions to the official solicitation documents. IF YOU OBTAINED A SOLICITATION DOCUMENT FROM A SOURCE OTHER THAN THE SITE LISTED AT THE LINK ABOVE, IT IS REQUIRED THAT YOU REGISTER AS A VENDOR AND DOWNLOAD THE OFFICIAL DOCUMENT AT THE WEBSITED LISTED AT THE LINK ABOVE AT NO COST.

ORAL STATEMENTS

No oral statement of any person shall modify or otherwise affect the terms, conditions, or specifications stated in this contract. All modifications to the contract or purchase order must be made in writing by Pasco County.

PATENTS AND ROYALTIES

The Bidder covenants to save, defend, keep harmless, and indemnify Pasco County and all of its officers, departments, agencies, agents, and employees from and against all claims, loss, damage, injury, fines, penalties, and cost—including court costs and attorney's fees, charges, liability, and exposure, however caused—for or on account of any copyright or patented or unpatented invention, process, or article manufactured or used in the performance of the contract, including its use by Pasco County. If the Bidder uses any design, device, or materials covered by patent or copyright, it is mutually agreed and understood without exception that the contract price includes all royalties or costs arising from the use of such design, device, or materials in any way in the work.

PAYMENT PROCEDURES

The Pasco County Board of County Commissioners will process payments in a timely manner and in accordance with Chapter 218, Part VII, Florida Statutes, (The Local Government Prompt Payment Act).

Several payment options are available to the successful Bidder upon receipt of a correct invoice:

- Check may be mailed to the remit address on the invoice. The check is sent to the Post Office the day after Board of County Commissioners approval.

- Check may be picked up in Dade City. The vendor must pick up the check the day after Board of County Commissioners approval. The successful Bidder or contractor must call (352) 521-4599 for detailed instructions.

- Payment may be wire-transferred to the vendor's bank account. The vendor must call (352) 521-4599 for detailed instructions.

PAYMENT TERMS AND DISCOUNTS

Unless otherwise indicated in the bid documents or required by state law, payment terms will be net forty-five (45) days. Terms not consistent with this provision are not acceptable and may be cause for rejection. Pasco County will pay the vendor within forty-five (45) days after the receipt of a correct invoice for the specified work or goods received. Unless otherwise indicated in the bid documents, only one (1) lump-sum payment will be made.

Discounts for prompt payment requiring payment by Pasco County within a stipulated number of days will be interpreted as applying within the stipulated number of calendar days after the date of receipt by Pasco County of a correct invoice describing reasonable work allocable to the contract or after the date of acceptance of work/goods that meets contract requirements, whichever event occurs later. Discounts for payment in less than forty-five (45) days will not be considered during evaluation for award but may be taken if applicable after award.

PUBLIC INFORMATION

After the County provides notice of an intended decision or thirty (30) days after opening the bids, proposal, or replies, whichever is earlier, any and all information contained therein, is considered public and may be reviewed by any person interested in doing so as provided under Florida Law.

All materials submitted in response to this solicitation ultimately become public record and shall be subject to inspection and copying as provided under Florida's public records laws. Unrestricted disclosure of proprietary information places it in the public domain. Only submittal information clearly identified with the words "Confidential Disclosure" and placed in a separate envelope marked as such shall be considered to qualify as Trade Secret Data. Any material to be treated as Trade Secret Data must include a justification for the request. The request will be reviewed and either approved or denied by the County. If denied, the Bidder shall have the opportunity to withdraw the entire Proposal or to remove the confidential or proprietary restrictions. Neither cost nor pricing information nor the total Proposal shall be considered confidential or proprietary. Any costs to preserve the Trade Secret data designation shall be the responsibility of the Bidder.

PUBLISHED PRODUCT SPECIFICATIONS

The Bidder should submit a copy of the manufacturer's published and advertised specifications, including warranty information, for the product(s) being offered, if applicable. Failure to provide these specifications may be cause for bid rejection. If the County is unable to verify compliance with the specifications, the response may be rejected. The County's inability to verify responsiveness may result in a determination of non-responsiveness and rejection.

PURCHASE ORDER REQUIREMENT

Purchases of Pasco County are authorized only if a signed purchase order issued in advance of the transaction, showing that the ordering agency has sufficient funds available to pay for the service. Vendors providing services without a signed purchase order do so at their own risk. Pasco County will not be liable for payment for any services provided under the contract unless a valid purchase order has been issued to the vendor.

QUALIFICATIONS OF BIDDERS

The Bidder may be required, before the award of any contract, to show to the complete satisfaction of Pasco County that it has the necessary facilities, ability, and financial resources to provide the service specified therein in a satisfactory manner. The Bidder may also be required to give a past history and references in order to satisfy Pasco County in regard to the Bidder's qualifications. Pasco County may make reasonable investigations deemed necessary and proper to determine the ability of the Bidder to perform the work, and the Bidder shall furnish to Pasco County all information for this purpose that may be requested. Pasco County reserves the right to reject any bid if the evidence submitted by, or investigation of, the Bidder fails to satisfy Pasco County that the Bidder is properly qualified to carry out the obligations of the contract and to complete the work described therein. Evaluation of the Bidder's qualifications shall include:

- The ability, capacity, skill, and financial resources to perform the work or provide the service required.
- The ability of the Bidder to perform the work or provide the service promptly or within the time specified, without delay or interference.
- The character, integrity, reputation, judgment, experience, and efficiency of the Bidder.
- The quality of performance of previous contracts or services.

QUALITY OF GOODS

All goods shall be new, in first class condition, and of the manufacturer's latest design of the model presently in production. All materials, supplies, and equipment furnished, or services performed under the terms of this purchase order or contractual agreement shall comply with the requirements and standards specified in the Williams-Steiger Occupational Safety and Health Act of 1970 (Public Law 91-596), as well as other applicable Federal, State, and local codes. Equipment and materials furnished by the Bidder having serious defects, corrosion, or scratches which tend to present an "other than new" appearance shall be promptly replaced or such defects promptly corrected by the Bidder at no cost to Pasco County. Any existing Material Safety Data Sheets (MSDS) for the products, materials, supplies, or equipment being bid must be submitted with the bid. No product containing asbestos, lead paint or polychlorinated biphenyl (PCB) in any form will be considered for award by Pasco County.

RECOVERY OF MONEY

Whenever, under the contract, any sum of money shall be recoverable from or payable by the Bidder to Pasco County, the same amount may be deducted from any sum due the Bidder under the contract or under any other contract between the Bidder and Pasco County. The rights of Pasco County are in addition and without prejudice to any other right Pasco County may have to claim the amount of any loss or damage suffered by Pasco County on account of the acts or omissions of the Bidder.

RIGHT TO AUDIT

The Bidder shall maintain such financial records and other records as they relate to the purchase of goods and/or services by Pasco County from the subject vendor. The Bidder shall retain these records for a period of three (3) years after final payment, or until they are audited by Pasco County, whichever event occurs first. These records shall be made available during the term of the contract and the subsequent three (3) year period for examination, transcription, and audit by Pasco County, its designees, or other authorized bodies.

RISK OF LOSS

Pasco County shall be relieved from all risks of loss or damage to goods during periods of transportation, manufacture, and the entire time the goods are in the possession of Pasco County prior to acceptance by Pasco County. At such time, the risk of loss or damage for goods shall pass to Pasco County. The Bidder shall not be responsible for damage to the goods occasioned by negligence of Pasco County or its employees.

TABULATIONS

Solicitation results (tabulations) will not be given over the telephone or via fax.

TAXES

All bids shall be submitted exclusive of direct Federal, State, and local taxes; however, if the Bidder believes certain taxes are properly payable, he/she may list such taxes separately in each case directly below the respective item bid price. Prices quoted must be in units specified and shall not include the cost of any such taxes, including those on any material, supplies, or equipment used or installed in the work. Pasco County does not pay Federal Excise and Sales Taxes on direct purchases of tangible personal property. See Exemption Number on face of the resulting purchase order. This exemption does not apply to purchases of tangible personal

property made by contractors who use the tangible personal property in the performance of contracts for improvement of County-owned real property. Please refer to Chapter 192, Florida Statutes.

UNSATISFACTORY WORK

If, at any time during the contract term, the service performed or work done by the Bidder is considered by Pasco County to create a condition that threatens the health, safety, or welfare of the community, the Bidder shall, on being notified by Pasco County, immediately correct such deficient service or work. In the event the Bidder fails, after notice, to correct the deficient service or work immediately, Pasco County shall have the right to order the correction of the deficiency by separate contract or with its own resources at the expense of the Bidder. Notwithstanding the above, Pasco County reserves the right to cancel a resulting contract, without cause, by giving thirty (30) days' prior written notice to the Bidder of the intention to cancel.

VENDORS LIST

Bidders must visit https://www.pascocountyfl.net/480/Do-Business-with-Us and follow the link provided to the County's electronic solicitation system to register as a vendor. Once registered, Bidders will have the ability to view and download solicitations for Pasco County as well as other participating government agencies in North America.

WARRANTIES

The Bidder agrees that the supplies and services furnished under this award shall be covered by the most favorable commercial warranties the Bidder gives to any customer for comparable quantities of such supplies or services and that the rights and remedies provided herein are in addition to and do not limit any rights afforded to the County by any other provision of this award.

END OF GENERAL PROVISIONS

SPECIAL PROVISIONS

In addition to the General Provisions of this solicitation, these Special Provisions, along with the specifications that follow, apply in like force to this solicitation and to any subsequent contract resulting therefrom.

AUDIT COOPERATION REQUIREMENT FOR STATE FUNDED PROJECTS
In those instances where state funding is involved, the selected Bidder, and its subconsultant(s) must agree to cooperate with the inspector general in any investigation, audit, inspection, review, or hearing pursuant Section 20.055 (5), Florida Statutes. By submitting a bid to this solicitation, the Bidder certifies that they understand and will comply with this subsection.

State Funds Involved: N (Y if applicable, N if not applicable)

CONTRACTOR'S PUBLIC RECORDS REQUIREMENTS
The CONTRACTOR shall comply with the requirements of Florida's Public Records Act, Chapter 119, Florida Statutes. To the extent required by Section 119.0701, Florida Statutes, CONTRACTOR shall (a) keep and maintain public records required by the COUNTY to perform the service under the Agreement; (b) upon request from the COUNTY's custodian of public records provide the COUNTY with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided for under Florida's Public Records law; (c) ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if CONTRACTOR does not transfer the records to the COUNTY; and (d) upon completion of the contract, transfer, at no cost to the COUNTY, all public records in possession of CONTRACTOR. Upon transfer, CONTRACTOR shall destroy any duplicate public records that are exempt or confidential and exempt from public records requirements. All records stored electronically must be provided to the COUNTY in a format that is compatible with the information technology systems of the COUNTY. All documentation produced as part of this Agreement will become the property of the COUNTY. This paragraph shall survive the expiration or termination of this Agreement.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 727-834-3611 EXT. 1067, FJACKSON@PASCOCOUNTYFL.NET, AND 4454 GRAND BLVD., NEW PORT RICHEY, FL 34652.

Under Florida law, a Contractor who fails to provide the public records to the COUNTY within a reasonable time may be subject to penalties under Section 119.10, Florida Statutes, and such non-compliance will constitute a breach of the Agreement and may serve as grounds for

termination of this Agreement.

LOCAL PREFERENCE

Under Sec. 2-111(a)(1) of Pasco County's Purchasing Ordinance, a business qualifies as "Local Business" if it meets the following requirements and is: a) a vendor, supplier, or contractor who does business in Pasco County by providing goods, services, or construction; and b) maintains a physical business address located within the jurisdictional limits of Pasco County in an area zoned for the conduct of such business; and c) the vendor, supplier or contractor operates or performs business on a daily basis at said location; and d) has so operated or performed business at that location for at least twelve (12) months prior to the Bid or Proposal opening date; and (e) includes a copy of their local business tax receipt with their Bid or Proposal. Post office boxes shall not be used for the purpose of establishing said physical address. The justification for the application of a local preference to a particular Bidder, along with a copy of the Bidder's local business tax receipt, must be included as part of any Bid submitted.

In bidding for, or letting contracts or procurement of goods, services or construction, as described herein, the Board of County Commissioners (BOARD) may give a preference to Local Businesses in making purchases (unless otherwise precluded by the ordinance, state or federal law) as described below:

(i) When written quotations or sealed bids are received that do not exceed $1,000,000.00, and the lowest price is offered by a vendor that is not a Local Business, and the next lowest price is offered by a Local Business, and is within 10% of the lowest price offered, then the Local Business shall be given the opportunity to match the lowest price offered, and if agreement to match the lowest price is reached, the Local Business will be awarded the quotation or bid if the Local Business is otherwise fully qualified and meets all requirements of the solicitation.

(ii) When sealed bids are received that are greater than $1,000,000.00, and the lowest price is offered by a business that is not a Local Business, and the next lowest price is offered by a Local Business, and is within 5% of the lowest price offered, then the Local Business shall be given the opportunity to match the lowest price offered, and if agreement to match the lowest price is reached, the Local Business will be awarded the quotation or bid if the Local Business is otherwise fully qualified and meets all County requirements.

(iii) The total quote or bid price shall include not only the base bid price, but also all alterations to the base bid price resulting from alternates which were both part of the bid and that will be actually purchased or awarded by the BOARD.

If two or more identical quotations or bids are received at the time the written quotations or sealed bids are opened, the award shall be made to the responsive, responsible "Local Business" as defined herein.

The preference established in this section does not prohibit the right of the BOARD to compare quality or fitness for use of supplies, materials, equipment and services proposed for purchase and compare qualifications, character, responsibility and fitness of all persons, firms, or corporations submitting bids or proposals nor prohibit the BOARD from giving any other preference permitted by law in addition to the preference authorized in this section.

This local preference provision is not applicable to those solicitations involving the use of either State or Federal funds as indicated below:

State Funds Involved: N (Y if applicable, N if not applicable)

CONTRACT TERM

The contract period **will begin on date of Pasco County Board of County Commission approval and continue until September 30, 2026**, subject to the Price Escalation terms described elsewhere herein, unless canceled in writing by Pasco County. The County reserves the right to extend the contract, under the same prices, terms and conditions as in the original contract approved by Pasco County for two additional one-year periods, as found to be in the best interest of the County. All contracts are subject to the appropriation of funds by Pasco County.

COPYRIGHT

The contractor shall irrevocably transfer, assign, set over, and convey to Pasco County all rights, title, and interest, including the sole exclusive and complete copyright interest, in any and all copyrightable works created pursuant to the contract. The contractor further agrees to execute such documents as Pasco County may request to affect such transfer or assignment. Further, the contractor agrees that the rights granted to Pasco County by this paragraph are irrevocable. The contractor's remedy in the event of termination of or dispute over any agreement entered into as a result of this Invitation for Bid shall not include any right to rescind, terminate, or otherwise revoke or invalidate in any way the rights conferred pursuant to the provisions of this paragraph. Similarly, no termination of any agreement entered into as result of this Invitation for Bid shall have the effect of rescinding, termination, or otherwise invalidating the rights acquired pursuant to the provisions of this paragraph.

COST REIMBURSEMENT

Unless an alternative cost methodology is specified herein, the contractor agrees that payment by Pasco County to the contractor for materials used in the performance of any work under the contract on a cost plus a percentage of cost basis is specifically prohibited. The cost of all materials provided in the performance of the work is to be reimbursed to the contractor in the following manner: Pasco County shall reimburse the contractor, on completion and acceptance of each assigned job, only for those materials, equipment parts, supplies, rentals, services, etc., actually used in the performance of the work that are supported by invoices issued by the suppliers of the contractor describing the quantity and cost of the materials purchased. No surcharges shall be added to the suppliers' invoices or included in the contractor's invoice submitted to Pasco County that would increase the dollar mount indicated on the suppliers'

invoices for the materials purchased for the assigned job. All incidental costs, including allowances for profit and tools of the trade, must be included in the contract hourly labor rates.

ECONOMIC PRICE ADJUSTMENT

Any reference in the solicitation to *economic price adjustment* or *price escalation* shall be considered to mean price decreases as well as increases, unless otherwise stipulated.

Bids will be evaluated on the basis of the prices bid without consideration of the allowable escalation. If a bidder increased the ceiling stipulated in the Invitation for Bid or places limits on the provisions of the Invitation for Bid that allow prices to drop in accordance with the movement of the escalator, the bid will be rejected as nonresponsive.

If a bidder deletes the price escalation clause from its bid, the bid will be rejected as non-responsive. If a bidder lowers the ceiling stipulated in the Invitation for Bid, the bid will be evaluated at the base price in the same manner as those bids that do not reduce the stipulated ceiling. If the bidder offering a lower ceiling ultimately receives the award, that ceiling will be incorporated into the contract documents.

PRICE ADJUSTMENTS BASED ON THE CONSUMER PRICE INDEX (CPI)

Unit prices in contracts that are longer than twelve (12) months and include provisions for price adjustments based on movement in the Consumer Price Index (CPI) may be adjusted bi-annually. The unit prices may be adjusted based on the movement of the of the U.S. Department of Labor's Consumer Price Index for All Urban Consumers (CPI-U) (1982-84=100), as posted at http://www.bls.gov/cpi/. The baseline index will be the month and year in which the contract began. The adjustments will not be cumulative and will be computed using the original contract unit prices. Adjustments may be requested no earlier than 180 days after the contract start date. Adjustments shall be computed using the latest CPI-U that is published and available on the date the County receives the adjustment request in writing. The unit price(s) changed as a result of these adjustments shall become effective on the first (1st) day of the next month, provided the request is submitted at least fifteen (15) days prior. If later than fifteen (15) days prior, the adjustment will become effective on the first (1st) day of the following month. Adjustments may be requested every 180 days thereafter for the term of the contract. Adjustments will not be retroactive or prorated. The County reserves the right to also request adjustments, following the first adjustment and at the same interval, especially if the CPI decreases and it is deemed to be in the County's best interest.

INSURANCE REQUIREMENTS

The insurance required must be written by an insurer authorized to do business in the State of Florida and also have an "A" policyholder's rating and a financial rating of at least Class VIII in accordance with the most current *Best's Key Rating Guide*. Prior to the time the contractor is entitled to commence any part of the project, work, or services under this contract, the contractor shall procure, pay for, and maintain at least the following insurance coverages and limits. Policies of insurance required by the contract shall be primary insurance and non-contributory with respect to the County, its officials, agents, or employees. The said insurance

shall be evidenced by delivery to Pasco County of 1) Certificates of Insurance executed by the insurers listing coverages and limits, expiration dates and terms of policies and all endorsements whether or not required by Pasco County and listing all carriers issuing the said policies; and 2) upon request, a certified copy of each policy, including all endorsements. The insurance requirements shall remain in effect throughout the term of this contract.

1. Workers' Compensation in at least the limits as required by law; Employers' Liability Insurance of not less than One Hundred Thousand and 00/100 Dollars ($100,000.00) for each accident. The contractor agrees to waive its right of subrogation as part of this coverage.

2. Comprehensive General Liability Insurance including, but not limited to, Independent, Contractor, Contractual, Premises/Operations, Products/Completed Operation and Personal Injury covering the liability assumed under indemnification provisions of this contract, with limits of liability for personal injury and/or bodily injury, including death, of not less than Two Million and 00/100 Dollars ($2,000,000.00), each occurrence; and property damage of not less than One Million and 00/100 Dollars ($1,000,000.00), each occurrence. (Combined single limits of not less than Two Million and 00/100 Dollars [$2,000,000.00], each occurrence, will be acceptable unless otherwise stated.) Coverage shall be on an "occurrence" basis, and the policy shall include Broad Form Property Damage coverage and Fire Legal Liability of not less than Fifty Thousand and 00/100 Dollars ($50,000.00) per occurrence, unless otherwise stated by exception herein.

3. Comprehensive Automobile and Truck liability covering owned, hired, and nonowned vehicles with combined single limits of not less than One Million and 00/100 Dollars ($1,000,000.00), each occurrence. Coverage shall be on an "occurrence" basis, such insurance to include coverage for loading and unloading hazards.

Each insurance policy shall include the following conditions by endorsement to the policy:

1. Each policy shall require that thirty (30) days prior to expiration, cancellation, nonrenewal, or any material change in coverages or limits, a notice thereof shall be given to Pasco County by certified mail to: Pasco County Risk Management Department, 7536 State Street, Suite 111, New Port Richey, Florida 34654. The contractor shall also notify Pasco County, in a like manner, within twenty-four (24) hours after receipt, of any notices of expiration, cancellation, nonrenewal, or material change in coverage received by the said contractor from its insurer; and nothing contained herein shall absolve the contractor of this requirement to provide notice.

2. Companies issuing the insurance policy, or policies, shall have no recourse against Pasco County for payment of premiums or assessments for any deductibles that all are at the sole responsibility and risk of the contractor.

3. The term "County" or "Pasco County" shall include all Authorities, Boards, Bureaus, Commissions, Divisions, Departments, and Offices of County and individual members, employees thereof in their official capacities, and/or while acting on behalf of Pasco County.

4. Pasco County shall be endorsed to the required policy or policies as an additional insured, with the exception of Worker's Compensation and Professional Liability, if applicable.

5. Pasco County shall also be listed as a certificate holder.

6. The policy clause "Other Insurance" shall not apply to any insurance coverage currently held by Pasco County to any such future coverage, or to Pasco County's self-insured retentions of whatever nature.

MOTOR VEHICLE INDUSTRY LICENSING

The contractor shall comply with Chapter 320, Florida Statutes. Failure to comply may result in a determination of no responsibility on the basis that the bidder is not qualified to legally contract with Pasco County and may further cause such noncompliant offers to be rejected.

REPORT STANDARDS

Reports or written material prepared by the contractor in response to the requirements of this contract shall be thoroughly researched for accuracy of content, shall be grammatically correct and not contain spelling errors, shall be submitted in a format approved in advance by the Purchasing Department, and shall be submitted in draft form for advance review and comment by the Purchasing Department. The cost of correcting grammatical errors, correcting report data, or other revisions required to bring the report or written material into compliance with the contract requirements shall be borne by the contractor.

REQUIREMENTS CONTRACT

During the period of the contract, the contractor shall provide all the services described in the contract. The contractor understands and agrees this is a requirements contract and Pasco County shall have no obligation to the contractor if no services are required. Any quantities that are included in the scope of work reflect the current expectations of Pasco County for the period of the contract. The amount is only an estimate, and the contractor understands and agrees Pasco County is under no obligation to the contractor to buy any amount of the services as a result of having provided this estimate or of having any typical or measurable requirement in the past. The contractor further understands and agrees Pasco County may require services in an amount less than or in excess of the estimated annual contract amount, and the quantity actually used, whether in excess of the estimate or less than the estimate, shall not give rise to any claim for compensation other than the total of the unit prices in the contract for the quantity actually used.

BONDS REQUIRED

1. **Performance Bond**: A Performance Bond, in the amount specified on the sample Performance Bond Form, shall be required of the successful bidder to ensure satisfactory completion of the work. The bond shall be a Corporate Surety Bond issued by a surety company authorized to do business in the State of Florida. The Attorney in Fact, who signs the bond, must file with the bond, a certificate and effective dated copy of a Power of Attorney. The surety company shall have a current, valid Certificate of Authority issued by the State of Florida. The surety company shall have current, valid Certificate of Authority issued by the United States Treasury Department under Sections 9304 to 9308 of Title 31 of the U.S. Code. The surety company shall be in full compliance with the provisions of Division 69O of the Florida Administrative Code and shall have at least twice the minimum surplus and capital required by the same at the time the Invitation for Bid is issued.

SALES TAX

Pasco County, as a governmental entity, is exempt from sales tax under Florida Law. A copy of the County's tax-exempt certificate or number will be provided at the time a purchase order is issued.

TRAFFIC CONTROL

The contractor shall conduct its operations in a manner that will not interrupt pedestrian or vehicle traffic except as approved by Pasco County. The work area shall be confined to the smallest area possible to allow maximum use of the street or sidewalk and to reduce any hazard to traffic or pedestrians to a minimum. At all times, the contractor shall use workers and traffic control signs and devices necessary to comply with all applicable Federal, State, and local laws, rules, and regulations. In addition to signs and devices, when the street is obstructed to any extent by contract operations, special workers equipped with flags shall be designated by the contractor to direct vehicle and pedestrian traffic. The workers so designated shall not be assigned to any other duties while engaged in directing traffic. All personnel, signs, barricades, and any other items or devices necessary for the maintenance of traffic and safety shall be provided by the contractor. No separate payment shall be made by Pasco County for this work. All cost of this work is included by the contractor as part of the contract price. The plan for traffic control shall be as directed by Pasco County. A Right-of-Way Use Permit shall be obtained from Pasco County prior to the commencement of any work in such a right-of-way. The cost for securing such permits shall be included in the Bid.

TRANSPORTATION AND PACKING

Prices quoted shall be net, including transportation and delivery charges fully prepaid by the seller, f.o.b. **throughout Pasco County, FL**. No additional charges will be allowed for packing, packages, or partial delivery costs. By submitting their bids, all bidders certify and warrant that the price offered for f.o.b. destination includes only the actual freight rate costs at the lowest and best rate and is based upon actual weight of the goods to be shipped. Standard

commercial packaging, packing, and shipping containers shall be used, except as otherwise specified herein.

VENDOR'S EQUIPMENT

Responding vendors must submit a list of owned equipment and major tools, and a list of current employees and respective skill level or discipline. Pasco County, at its sole discretion, reserves the right to award this work to vendors who are able to demonstrate current ownership and possession of the equipment, tools, and personnel deemed reasonably sufficient to perform the specified work at the lowest possible cost.

It is Pasco County's intent to award this work to a vendor at the lowest possible cost, while securing sufficient quality of services. Preference may be given to those vendors who own and possess the necessary tools, equipment, and services to minimize reimbursement costs associated with rentals and purchases from third parties.

MULTIPLE AWARD

1. The County reserves the right to award non-exclusive contracts to multiple respondents for the specified services based on total bid as provided for in the bid, to the lowest responsive, responsible bidders who, in the sole and absolute judgment of the County, can provide the goods and/or services required. Complete and accurate responses to all line items within the bid form are necessary for the complete and fair evaluation of bids.

2. **Verbiage for Tier Approach**
   It is the intent of Pasco County to award this contract using a tiered approach. While awards shall be made to multiple respondents, each respondent shall be assigned a status as primary, secondary or tertiary, based on responses to this solicitation. The lowest responsive, responsible bidder shall be assigned primary, the second lowest bidder shall be assigned secondary, and the third lowest shall be assigned tertiary.

3. When a need for services occurs, a Pasco County Representative (PCR) shall contact the primary respondent first. If the primary respondent is unable to supply the required services, the PCR shall proceed to the secondary respondent. If the primary and secondary respondents are both unable to supply the required services, the PCR shall proceed to the tertiary respondent.

AS SPECIFIED

All items delivered must meet the specifications herein. Items delivered not as specified will be returned at no expense by the County. The County may return, for full credit, any unused items received which fail to meet the County’s performance standards. Replacement items meeting specifications must be submitted within a reasonable time after rejection of the non-conforming items.

QUANTITIES
The Pasco County Board of County Commissioners shall not be required to purchase any minimum or maximum quantities during the term of any award resulting from this specification.

ADDITION/DELETION
The Pasco County Board of County Commissioners reserves the right to add or delete any item from this bid or resulting award when deemed to be in the best interest of the Board.

END OF SPECIAL PROVISIONS

SPECIFICATIONS

AS NEEDED LANDSCAPE BEAUTIFICATION AND MAINTENANCE

1. **INTRODUCTION**

1.1 Pasco County is seeking **multiple vendors** to provide landscape and grounds maintenance services at various locations throughout Pasco County (the County).

2. MINIMUM QUALIFICATIONS

2.1 Vendor Qualifications

2.1.1 Vendor must have been in business for landscaping and grounds maintenance services for a minimum of three (3) years.

2.1.2 Vendor must have held at least two (2) contracts similar in size and nature.

3. MINIMUM REQUIREMENTS

3.1 Vendors are required to adhere to Attachment A – Maintenance Calendar.

3.2 Vendors must provide Safety Data Sheets (SDS) for all chemicals used on all Pasco County properties.

3.3 Vendors must comply with all landscaping practices, equipment and materials and accepted industry and Occupational Safety and Health Administration (OSHA) safety standards, including "right-to-know" (hazard communication regulations) as well as applicable local, State, and federal regulations and statutes relating to the use of pesticides, fertilizers, run-off, or watering restrictions throughout the term of this contract.

3.4 Vendors are responsible for all costs associated with obtaining and maintaining all certificates and licenses issued by the Florida Department of Agriculture and Consumer Services for all pesticides, herbicides, or fertilizer applicator to be used in conjunction with this contract.

3.5 Vendors providing product(s) or service(s) under this contract must maintain fair labor standards as defined in applicable State and Federal Regulations.

3.6 The County reserves the right to award to the lowest, responsive, responsible vendor per line item.

3.7 The locations will include, but are not limited to, Rights of Way (ROW) and Road Medians per Attachment B – Public Works Locations.

3.8 Services will include, but are not limited to:

- Visual Appearance of the grounds
- Health and condition of the shrubs, trees, ground cover, flowers, and turf.

3.9 Clearance elevation cuts must only be done by trained employees, skilled in this class of work, in accordance with the National Arborist Association (NAA).

3.10 Pricing must include all labor, tools, materials, and equipment needed to complete all services as described herein.

4. SCOPE OF SERVICES

4.1 All work under this contract shall be in accordance with Attachment A – Maintenance Calendar. Services include, but not limited to:

- Mowing
- Trimming
- Edging of turf and lawn areas
- Watering
- Application of fertilizers
- Herbicides
- Pesticides
- Pruning
- Weeding
- Dead heading
- Replacement planting
- Loose trash removal
- Disposal of leaves
- Maintenance of ground covers, annuals, perennials, shrubs, and trees
- Irrigation maintenance at various locations throughout the County as approved by the Pasco County Point of Contact (POC).

4.2 The POC for each County Department will be identified in the resulting contract.

4.3 Prior to the commencement of any additional work not specified on the bid form, the County and the vendor must agree in writing prior to the skill level and hours needed to perform the work.

4.4 The County may require the Vendors (s) to perform additional services. Such additional services will be performed at the prices quoted on the Vendor's

submitted Bid Form.

4.5 The vendor is responsible for all costs and labor needed to promptly remove all landscape debris and material from the County sites upon completion of work.

4.6 The vendors must accomplish all work during the County's normal working hours, between 8:00 a. m. and 5:00 p. m., Monday – Friday, excluding County holidays.

4.6.1 Work outside these hours must be coordinated with the specific County's Department POC prior to the start of work.

4.7 The County reserves the right to vary the frequency of service throughout the term of this contract.

4.8 The County reserves the right to add and delete site locations throughout the term of this contract.

5. BID LINE-ITEM DETAILS

5.1 Mowing

5.1.1 Vendors must mow turf and ground covering areas as needed per Attachment A – Maintenance Calendar.

5.1.2 Mowing shall be to a height of 3" in order to remove seed heads from weeds and help control invasive weeds.

5.1.3 Perennial Peanut (ARACHIS glabrata) grass must be mowed at least five times a year:

- Twice in the Spring (March and May)
- Twice in the Summer (July and September)
- Once in the Winter (December)

5.1.4 Vendors may leave clippings on the lawn as long as no readily visible clumps remain on the grass surface thirty-six (36) hours after mowing.

- Vendors must distribute large clumps of clippings by mechanical blowing or by collection and removal.

- In the case of fungal disease outbreaks, vendors must collect clippings until the disease is undetectable.

5.1.5 The County expects all grass to be uniform with no splotches.

5.2 Hard Edging

5.2.1 Vendors must hard edge sidewalks, driveways, parking lots, and other surfaced areas bordered by grass at every servicing.

5.2.2 Vendors must clean all clippings from sidewalks, curbs, and roadways immediately after mowing and/or edging.

5.2.3 Vendors must not sweep, blow, or otherwise dispose of clippings in sewer drains or in plant beds or mulched areas.

5.2.4 Perennial peanut must be edged off the back of curbs and around the edges of the internal plant beds. This must coincide with the mowing schedule to keep the runners out of the planting beds and off of the edge of curbs.

5.3 Line Trimming

5.3.1 Vendors are responsible for line trimming all areas that need trimming but cannot be done with a hard edger at every servicing. This includes, but is not limited to:

- Signs
- Poles
- Fences

5.4 Fertilization

5.4.1 Complete fertilizers must be granular in composition and contain 30% to 50% or more of the nitrogen in a slow- or controlled-release form.

5.4.2 The ratio of nitrogen to potash will approximate 1:1 or 2:1 for complete fertilizer formulations (Examples: 15-5-15, 16-4-8, 15-0-15, 12-2-14, 14-3-14).

5.4.3 While nitrogen fertilization is based on the desired growth rate and type of turf grass being grown, the phosphorus fertilization rate should be based on the analysis of a lawn soil sample and the recommendations obtained from it.

5.4.4 The fertilizer must also contain magnesium and micro-nutrients (i.e., manganese, iron, zinc, copper, etc.).

5.4.5 Iron must be in the sulfate, sucrate, or chelated form.

5.4.6 Fertilizer will be swept from walks and drives onto lawns or beds.

5.4.7 After fertilization, a minimum of ¼ inch of water will be applied by the vendor.

5.4.8 Newly ornamental shrubs, trees and ground covers must be fertilized four (4) to six (6) weeks after planting and then two (2) to three (3) times per year for the first three (3) years.

- Two (2) of the annual applications are normally scheduled around April and October for central Florida.

- A third application can be made during the summer. Rate will be one (1) pound of nitrogen per 1,000 square feet per application.

5.4.9 Mature palms in the landscape must be fertilized four (4) times per year at a rate of 5 to 8 lbs. each application. Palms under eight (8) feet tall will receive 2-5 lbs. per application four (4) times per year.

5.4.10 Fertilizer applied to shrubs and trees planted in beds must be broadcasted over the entire plant bed.

5.4.11 Fertilizer may be punched into the soil on berms and slopes where runoff is likely.

5.4.12 Nutrient deficiencies must be treated with supplemental applications of the specific lacking nutrient according to University of Florida Cooperative Extension recommendations.

5.4.13 The County recommends “Impose” herbicide (Makhteshim Agan) or equivalent for the control of weeds in the Perennial Peanut bed areas.

5.4.14 All applications of pesticides and fertilizations must be performed when wind drift is negligible.

5.4.15 No fertilization will be allowed in summer as per local water regulations.

5.4.16 Vendors will provide the County with a fertilizer information sheet for approval, prior to application.

5.5 Pest/Insect Control

5.5.1 The vendors are responsible for inspecting lawn areas during each visit for indications of pest problems and advise the County POC of such

problems.

5.5.2 The vendors must provide a detailed Cogon grass maintenance/control plan, upon request.

5.5.3 Upon identification of a specific problem requiring treatment, the vendors must apply pesticides as needed and only in affected spots, using the least toxic, effective pesticide possible.

5.5.4 No pesticide (including weed and feed formulations) will be applied to turf areas without the express approval of the County POC.

- Vendors are responsible for keeping records on pests identified and treatment(s) rendered for control.

5.5.5 Pesticide applications must be made in accordance with the rules and regulations governing use of pesticides in Florida.

5.5.6 Vendors must post alerts and notify pesticide-sensitive persons (if applicable) of the pesticide application at no additional cost to the County.

5.5.7 Vendors must practice Integrated Pest Management (IPM) to control insects, diseases, and weeds on and around perennials, ground covers, shrubs, vines, and trees.

- This must include frequent monitoring and spot treatment as necessary using the least toxic methods.

5.5.8 Upon County approval, herbicides may be employed for heavy weed infestations.

5.6 Herbicide

5.6.1 Vendors must apply herbicide to raceways, fences, sprinkler heads, guardrails, and pavements when necessary to maintain weed control.

5.6.2 Vendors must follow manufacturer’s directions when applying herbicides.

5.6.3 The use of herbicides is encouraged only within plant beds, to minimize hand pulling of weeds in the medians of roadways.

5.6.4 Care should be taken not to overspray onto the leaves of the desired landscape planting.

5.6.5 Weeding shall be monthly from June through September and then bi-monthly from October through May.

5.7 Pruning

5.7.1 Shrubs must be pruned with hand shears (as needed) to provide an informal shape, fullness, and blooms.

5.7.2 Palm pruning must be done one (1) time per year to remove brown fronds and seed heads.

5.7.3 Dead palm fronds must be removed.

5.7.4 Frond and date (flower) removal should take place in March when the palms first show signs of setting flowers. Pruning should take place again in August before the palm dates are set.

5.7.5 No green palm fronds will be removed.

5.7.6 Pruning may not be done during, or immediately following, growth flushes. Branches must be pruned just outside the branch collar and pruning paint may not be applied.

5.7.7 Sucker growth must be removed by hand from the base of trees.

- No herbicides may be used for this purpose.

5.7.8 Tree work must be performed by an International Society of Arboriculture Arborist.

5.8 Shrub Trimming

5.8.1 Vendors must trim all shrubs during every site visit to maintain a curbside aesthetic appeal.

5.8.2 Shrubs shall be pruned to a height of 18” or less.

5.8.3 Ribbon Fan Palms, Carnavon George Palms and Pygmy Date Palms must be a single trunk.

5.9 Manual and Pavement Weed Control

5.9.1 Vendors are responsible for the weed control of all properties assigned under this contract. Beds are to be kept weed free by chemical, manual, or mechanical means for plant health and aesthetics.

5.9.2 It is expected that the vendors provide weed control services at every scheduled maintenance frequency.

5.10 Litter Control

5.10.1 Vendors are responsible for the removal and disposal of all trash and litter. This includes but is not limited to:

- Bottles
- Cans
- Paper
- Tires
- Tire pieces
- Lumber
- Vehicle parts
- Metal junk
- Brush debris

5.10.2 Litter must be removed weekly or semi-weekly (as necessary) to keep the landscape tidy and trash free.

5.11 Water Truck

5.11.1 Vendors are responsible for supplying, delivering and distribution of water (as included in the price of the Water Truck bid line)

5.11.2 Vendors are responsible for developing a Maintenance of Traffic (MOT) plan for the trucks during the watering period is required.

5.11.3 Some areas may require manual watering by hose.

5.11.4 Vendor is responsible for ensuring that watering levels are adequate throughout the year, to include daily watering if needed.

5.12 Irrigation Services

5.12.1 Vendors are responsible for maintaining adequate watering of the site if/when there is an irrigation system on site.

5.12.2 Vendors shall adhere to all state and local current watering restriction guidelines.

5.13 Irrigation Inspection

5.13.1 Vendors are responsible for inspecting and testing rain shut-off devices and other components and zones in the irrigation system monthly and must reset zone times according to seasonal evapotranspiration changes.

5.13.2 Vendors are responsible for minor adjustments and repairs such as head/emitter cleaning or replacement, filter cleaning, small leaks, and minor timer adjustments.

5.13.3 The County will pay for parts at a percentage mark-up on a vendor's invoice.

5.13.4 The vendors must recalibrate each zone annually to allow for the application of ½ inch - ¾ inch of water per irrigation.

5.13.5 During weekly maintenance, the vendors will note and report to the PCR any symptoms of inadequate or excessive irrigation, drainage problems, etc.

5.13.6 Vendors are responsible for irrigation scheduling, to include shutting off timers during the summer rainy season and turning on the system manually as needed.

5.14 Irrigation Repairs

5.14.1 Any repairs or system service beyond the scope of work will be charged to the County at an hourly rate (as provided on the bid form) plus percentage mark-up for parts.

5.14.2 Vendors must notify the County in writing of any irrigation system problems before repairs are made. The POC must approve all repairs.

5.15 Palm Tree Trimming

5.15.1 Palm tree trimming consists of trimming the height and sides of trees.

- Palm tree trimming includes cleanup and disposal of all tree cutting waste and debris.

5.15.2 All work must be done in accordance with recognized and approved principles of modern arboriculture methods with emphasis on tree health and symmetry.

5.15.3 All work must be done without damage to surrounding trees and shrubs that are intended to remain in the work area.

5.16 Planting Soil

5.16.1 Delivery and installation of planting soil must be included in the bid line-item price.

5.16.2 The prepared planting soil must be original loam of good, rich, uniform grade, without a mixture of subsoil material.

5.16.3 Prepared planting soil must be sandy loam in texture with a mechanical analysis of 50-50% sand, 15-25% silt, 10-15% clay, and having a minimum organic content of 10%.

5.16.4 The prepared planting soil must be free from hard clods, stiff clay, hardpan, sods, large stones, lime, cement, tar, tarred paper, boards, clips, sticks, or other objectional material.

5.17 Geotextile Fabric

5.17.1 The fabric must be a minimum of 4 ounces, non-woven, needle punch, high water flow, mildew resistant, and rot resistant.

5.17.2 The fabric must be tucked under the edges of the mulch, so it will not be visible.

5.18 Mulch Replacement

5.18.1 All mulch must be free of vegetative yard waste, plastic, glass, metal, sand, and other foreign materials.

5.18.2 The mulch must be consistent and uniform in appearance.

5.18.3 All mulch must be certified as sterile and free from viable weed and grass seed.

5.18.4 Perennial peanut and sunshine mimosa will not need to be mulched once established.

5.18.5 Pine Bark

a. All mulched areas must be replenished annually during the winter months (November - February).

b. Vendors are responsible for the removal and disposal of old existing mulch.

c. Mulch must be maintained at a depth of three (3) inches to help reduce invasive weeds.

d. Full re-mulching of Pine Bark Mulch shall be done once a year.

e. All curb, roadway and bed edges must be trenched to help contain the applied mulch.

f. Mulch must not be placed against the trunks of plants.

5.18.6 Lava Rock

a. Must not be able to pass through a sleeve of 3/4" diameter.

b. The lava rock must be set on geotextile fabric laying the stone over top.

5.18.7 Crushed Shell

a. Crushed shell mulch must consist of Florida crushed clam and oyster shell and is described as: "1/2" Coastal Shell- 3/8" – 3/4".

b. Color must be natural white and may not be colored or dyed.

c. Must be placed on geotextile fabric, under each bed of shell mulch.

5.19 Sod Replacement

5.19.1 All sod must be freshly cut and meet the current FDOT Specifications 981-3 and 570-3.3

5.19.2 Vendors are responsible for the removal and disposal of existing sod before the installment of any new sod.

5.20 Plant and Tree Replacement

5.20.1 Pricing of plants and trees is inclusive of delivery, removal, disposal, and installation.

5.20.2 Vendors are responsible for all costs associated with the replacement of dead or injured plants due to pests or vendors negligence.

5.20.3 Replacement of stolen, vandalized, or damaged flowers will be an additional service (not in base contract monthly cost). Any costs associated with additional services must be agreed on by the POC and the vendors in writing before such service is rendered.

5.20.4 Annuals and perennial bedding plants are to be fertilized monthly, at a rate of ½ pound of nitrogen per 1,000 square feet of area every 3-4 weeks.

5.20.5 The County requires an optional fertilizer schedule using a slow-release fertilizer such as Osmocote or Nutricote incorporated in the bed at planting and applied thereafter according to label directions.

5.20.6 Staking and Guying

- Cost is included in the bid line cost of plants and trees.
- Must be per the requirements of Index No. 544, FDOT Design Standards 2018.
- Must be maintained throughout the one-year warranty period and shall be removed at the end of that year at the Vendor's expense.

5.21 Unspecified Materials

5.21.1 Vendors are required to submit invoices from suppliers to substantiate the cost of the material incorporated into the work.

5.22 Rope Fence

5.22.1 Bid line-item pricing for rope fence is inclusive of delivery, removal, disposal, and installation.

5.22.2 All portions of wood posts set below grade are to be treated with additional preservative acceptable to FDOT based on the FDOT 2019 Design Manual and 2019-2020 Plan Standards acceptable wood preservatives.

6. EQUIPMENT

6.1 Equipment must meet all safety requirements as established for this type of work.

7. FREQUENCY OF SERVICE

7.1 The County has the right to vary the frequency of service depending on the weather and the availability of funds.

8. EXISTING UTILITIES AND PRIVATE PROPERTIES PROTECTION

8.1 Before starting any excavation, the vendors will verify the locations and sizes of all underground utilities in the work area, including but not limited to:

- Irrigation system components
- Stub-outs for water sources
- Sewer lines
- Gas lines
- Communication cables
- Electrical conduits
- No additional compensation will be provided for utility location.

8.2 The vendor is responsible for obtaining all necessary spotting and/or utility locating services.

8.3 The vendors will not damage or disturb any underground utilities.

8.4 If a conflict exists between the location of underground utilities and the proposed work, vendors will notify the POC in writing and arrange for field and design adjustments and relocations.

8.5 Vendors will ensure all equipment and/or vehicles do not disturb or damage existing site grading, walks, curbs, pavements, utilities, plants, tree protection zones, and other existing items and elements of the proposed work site.

8.6 Vendors will use extreme caution when working near existing construction.

8.7 Vendors will not damage existing features (if not specifically indicated to be removed).

8.8 The vendors will repair any utility damage caused by their work as directed by the Utility and/or their Designee at no additional cost to the County.

9. TRAFFIC CONTROL

9.1 The vendors must provide all personnel, signs, barricades, and any other items or devices necessary for the maintenance of traffic and safety, at no additional cost to the County.

9.2 The vendors must conduct operations in a manner that will not interrupt pedestrian or vehicle traffic, except with prior approval by the County.

9.3 The work area must be confined to the smallest area possible to allow maximum use of the street or sidewalk and to reduce any hazard to traffic or pedestrians to a minimum.

9.4 The vendors must use workers and traffic control signs and devices necessary to comply with all applicable Federal, State, and local laws, rules, and regulations, at all times.

9.5 Maintenance of Traffic (MOT)

9.5.1 All MOT work shall be in accordance with FDOT Standard Plans Index 102.

9.5.2 When the street is obstructed to any extent by contract operations, special workers equipped with flags shall be designated by the vendors to direct vehicle and pedestrian traffic, in addition to any necessary signs and devices.

9.5.3 Workers assigned to this task will not perform any other duties while engaged in directing traffic.

10. PERSONNEL REQUIREMENTS

10.1 Vendors are responsible for ensuring staffing levels are adequate to perform services described herein and are responsible for all costs associated with labor under this contract.

10.2 The term "on-site supervisor" will be a person designated to be at the work site, and act as the Vendor’s POC to the County.

10.3 Phone numbers for the on-site supervisor will be provided to the County at the beginning of the contract. Should the on-site supervisor change, the Vendor must immediately notify the County of the change. The County reserves the right to reject a supervisor and request a replacement.

10.4 Vendors must provide current copies of licenses and training certificates upon request. Effective January 1, 2014, the vendors staff must be trained through the Green Industry Best Management Practices Program.

10.5 Personnel must wear appropriate uniforms, carry photo identification, and always present a neat and professional image.

11. INSPECTION PROGRAM

11.1 Vendors are responsible for establishing an inspection program to assure the requirements, intent and standards of the Contract are met.

11.2 This program must be submitted to the POC prior to the start of work. The County reserves the right to approve or reject the proposed program.

11.3 The program must include, but not be limited to:

- Weekly inspection schedules
- Checklist for each area covered by this contract

11.4 Vendors and the County will jointly develop inspection forms.

11.5 The County will conduct weekly spot inspections of all areas covered by this contract.

11.6 Damages or hazardous conditions observed which affect the appearance, condition or safety of the grounds will be noted during inspections.

11.7 Any identified deficiencies will be incorporated in the weekly inspection reports provided to the County by the vendors.

12. WARRANTY AND DAMAGES

12.1 Vendors are responsible for all damage or personal injury resulting from its operations, including, but not limited to:

- Damage to plants
- Turf
- Irrigation systems
- Buildings
- Structures

12.2 Any damage or personal injury will be reported immediately to the POC.

12.3 Plants and turf must be maintained in a healthy condition.

12.4 Newly installed material must be warranted for at least one (1) year.

12.5 Damage discovered during the course of work will be reported to the POC on the day the damage is discovered.

12.6 The vendors must complete warranty and damage repair within five (5) working days of discovery or occurrence, whichever is applicable.

12.7 Should the vendor fail to perform damage repair or warranty work as scheduled, and to a standard acceptable by the County, the County will procure services from another vendor. These costs will be the responsibility of the vendor.

12.8 Vendor will be responsible for any costs (from neglect damage or personal injury) determined to be caused by the vendor.

13. WORK OUTSIDE SCOPE OF WORK

13.1 Additional work identified outside the scope of this contract must be authorized in advance and in writing by the County.

13.2 The vendors must provide a price for any additional work identified prior to commencement.

13.3 No work will begin until a County Purchase Order or Encumbered Contract number is provided.

14. DISTRICTS

14.1 For this contract the work has been divided into six (6) districts. (Map Attached)

a. US-19 District 1: Flora Avenue North to Trouble Creek Road - Est. 98,969 sf
b. US-19 District 2: Springer Drive North to State Road 52 - Est. 144,901 sf
c. US-19 District 3: State Road 52 North to New York Avenue - Est. 135,989 sf
d. US-19 District 4: New York Avenue North to County Line Road - Est. 322,357sf
e. US-19 District 5: South Rights of Way - Est. 5,599 sf
f. US 19 District 6: North Rights of Way - Est. 18,950sf
g. Miscellaneous: Starkey/Alico: Starkey Boulevard North and South of Alico Pass - Est. 46.347sf

14.2 Vendors may submit bids for one or more districts.

14.3 Vendors do not need to bid on all districts to be considered for award.

14.4 The County reserves the right to award one or more districts to a vendor as found to be in the County's best interest.

END OF SPECIFICATIONS

	JANUARY	FEBRUARY	MARCH	APRIL	MAY	JUNE
TURF	Control broad leaf weeds and winter annuals. Plan for renovation of turf if needed for spring scheduling.	February 15 pre-emergent herbicide if needed Central Florida. Begin spot testing (especially if a warm winter has just accrued) for chinch bugs and mole crickets and continue through May. Use soap test.	Fertilize using a good 12-4-12 in Central Florida. Check on thatch build up and if needed remove. This begins the dry season check for truck watering every few days for dry spots and once a week run and observe conditions of turf etc. Apply at lease 3/4 Inch per week.	Second driest month continue checks on watering requirements. Nematode populations at their peak by end of April check for damage and systems and test if there are any sign of. Encourage deep roots by high mowing, deep irrigation and fertilizers with potassium and	During summer months post emergent herbicide can damage turf, do not use unless there is a severe weed problem. Continue checking for chinch bugs (June-August) and for white grubs, army worms, sod web worms and mole crickets.	Mow as needed to maintain 3" ht. No fertilizer as per Florida law. Check for sod webworms, Mole Crickets, fungus, cinch bugs.
GROUND COVERS	Check for any signs of fungus, or freeze damage	Check for any signs of fungus, or freeze damage	Mow the Perennial Peanut and Sensitive Plant to remove any winter dead materials and weed. Mow to 2' for Sensitive Plant and 3" for Peanut. Begin bi-weekly watering for the ground covers if temps are in the 80's	Check for watering needs - this is a dry month. Edge as needed, if growth rate has started to create need.		Use Impose™, the recommended post emergent herbicide on the Perennial Peanut if needed. Do not use "Impose" on the Sensitive Plant. Spot weed the Sensitive Plant with Roundup
SHRUBS	Check for any signs of fungus, or freeze damage	Fertilize acid loving plants at the end of February such as Ixora. Check for any signs of fungus, or freeze damage	Prune any cold damage on sensitive shrubs. Shrubs such Knockout Rose, Ixora and Dw... can be severely pruned at this time so little pruning is needed in the warm season that will remove flower buds.	Prune any spring flowing shrubs that have finished blooming.	Prune any spring flowing shrubs that have finished blooming.	Check junipers for spider mites - treat as needed.
PALMS	Trim old fronds and yellowed fronds from the palms.	Trim old fronds and yellowed fronds from the palms.	Trim old fronds and yellowed fronds from the palms. Fertilize as per notes and specifications. Treat with OTC as per manufacturer's directions.	First palm fertilization - as per notes and specifications	Fertilize palms with the recommended fertilizer mix that contains manganese, use a min of 5lbs per mature palm.	Prune dead fronds as needed. No fertilization. Treat with OTC as per manufacturer's directions.
WATERING	Very little truck watering should be needed, unless temps are unseasonably warm, and no rainfall has occurred.	Very little truck watering should be needed, unless temps are unseasonably warm, and no rainfall has occurred.	Begin bi-weekly watering for shrubs and ground covers and depending on temps, weekly watering if temps are in 80's, for shrubs and ground covers.	Begin bi-weekly watering for palms, shrub and ground covers, and depending on temps, weekly watering if temps are in 80's, for palms, shrubs, and ground covers.	Driest month of the year continue to monitor all plantings for watering, plan to do weekly watering on all beds.	Rainy season should be in-place, so no supplemental watering is required unless there are more than 10 days without rainfall, then apply truck watering to all materials.

	JULY	AUGUST	SEPTEMBER	OCTOBER	NOVEMBER	DECEMBER
TURF	Mow as needed to maintain 3" ht. No fertilizer as per Florida law. Check for sod webworms, Mole Crickets, fungus, cinch bugs.	Mow as needed to maintain 3" ht. No fertilizer as per Florida law. Check for sod webworms, Mole Crickets, fungus, cinch bugs.	Mow as needed to maintain 3" ht. No fertilizer as per Florida law. Check for sod webworms, Mole Crickets, fungus, cinch bugs.			
GROUND COVERS	Mow the Perennial Peanut and Senstive Plant to remove any winter dead materials and weed. Mow to 2" for Sensitive Plant and 3" for Peanut. Begin bi-weekly watering for ground covers if temps are in the 80's. Use Impose™, the recommended post emergent herbicide on Peanut, if needed. Do not use "Impose" on the Sensitive Plant. Spot weed the Sensitive Plant with Roundup, if needed.	Mow the Perennial Peanut and Sensitive Plant to remove any winter dead materials and weed. Mow to 2" for Sensitive Plant and 3" for Peanut. Begin bi-weekly watering for ground covers if temps are in the 80's. Use Impose™, the recommended post emergent herbicide on Peanut, if needed. Do not use "Impose" on the Sensitive Plant. Spot weed the Sunshine Mimosa with Roundup, if needed.	Mow the Perennial Peanut and Sensitive Plant to remove any winter dead materials and weed. Mow to 2" for Sensitive Plant and 3" for Peanut. Begin bi-weekly watering for ground covers if temps are in the 80's. Use Impose™, the recommended post emergent herbicide on Peanut, if needed. Do not use "Impose" on the Sensitive Plant. Spot weed the Sunshine Mimosa with Roundup, if needed.	Mow the Perennial Peanut and Sensitive Plant to remove any winter dead materials and weed. Mow to 2" for Sensitive Plant and 3" for Peanut. OFFEROR INFORMATION/CERTIFICATION FORM

This form MUST BE:

- **INCLUDED DOWLOADED, COMPLETED AND UPLOADED INTO BONFIRE WITH OFFEROR'S SUBMISSION**

- **FULLY executed with original authorized signature and TWO witness signatures**

1. "We offer to sell/provide Pasco County, Florida, the above item(s) and/or service(s) at the price(s) stated, in accordance with the terms and conditions contained herein. In addition, the item(s) and/or service(s) offered above meet all specifications contained herein or attached, unless otherwise stipulated by exception. This offer to sell/provide is firm for ninety (90) days."

MUST BE SIGNED BY THE PRESIDENT OF THE CORPORATION, OR A MEMBER OF A MEMBER-MANAGED LIMITED LIABILITY COMPANY, OR THE MANAGER OF A MANAGER-MANAGED LIMITED LIABILITY COMPANY; OR INCLUDE WRITTEN PROOF THAT THE INDIVIDUAL SIGNING HAS THE AUTHORITY TO OBLIGATE THE FIRM.

OFFEROR MUST BE REGISTERED ON SUNBIZ (http://www.sunbiz.org/index.html), FLORIDA DEPARTMENT OF STATE DIVISION OF CORPORATIONS.

2. Legal Name of Offeror. Indicate if the Offeror is a Corporation, Joint Venture, Partnership, etc.:

_____

(This name must match the name on your current W9 Form. The W9 will be requested at the time of award.)

3. Name/title of contact person for the Offeror:_____

4. Business and mailing address:_____(If claiming Local Vendor Preference, a valid Local Business Tax Receipt must be provided at the time the response is submitted in order to qualify for such consideration)

5. Primary business and mailing address (if different): _____

6. Telephone number: (_)_____Fax: (__)_____

   Email Address: _____

The above-named Offeror affirms and declares:

A. That the Offeror understands all requirements of this request and states that as a serious Offeror they will comply with all the stipulations included in this request.

B. That the Offeror is of lawful age and that no other person, firm or corporation has any interest in this Proposal or in the contract proposed to be entered into except as expressly stated below:

C. That this proposal is made without any understanding, agreement, or connection with any other person, firm or corporation making a proposal for the same purpose, and is in all respects fair and without collusion or fraud except as expressly stated below:

D. That the Offeror is not in arrears to the Pasco County Board of County Commissioners upon debt or contract and is not a defaulter, as surety or otherwise, upon any obligation to the Pasco County Board of County Commissioners except as expressly stated below:

E. That the Offeror is in compliance with Section 448.095(2), Florida Statutes, requiring Contractor and its Subcontractors to register with and utilize the U.S. Department of Homeland Security's E-Verify program to verify the work authorization status of all newly hired employees and acknowledges that it will be required to maintain such compliance throughout the term of any Contract entered between the parties. The Offeror also confirms that no public employer has terminated a contract with the Offeror for failure to comply with Section 448.095(2), Florida Statutes, within the 12 months preceding the date this Certification Form is signed by the Offeror.

F. That no officer or employee or person whose salary is payable in whole or in part from the County is, will be or become interested, directly, or indirectly, surety or otherwise in this response; in the performance of the resulting contract; in the purchase of supplies, materials, equipment, work and/or labor to which they relate; or in any portion of the profits thereof.

G. That the Offeror has received and carefully examined all Addenda issued prior to uploading its Response and its Response will be in accordance with all Addenda prior to Response Opening.

H. That by submitting a response, the Offeror certifies that it is not currently debarred from submitting proposals for contracts issued by any political subdivision or agency of the State of Florida and that it is not an agent of a person or entity that is currently debarred from submitting proposals for contracts issued by any subdivision or agency of the State of Florida.

I. That pursuant to Section 287.087, Florida Statutes, Offerors understands that they <u>may</u> certify in their response that they have implemented a drug free workplace program. If two or more responses are deemed equal, preference will be given in the award process to the Offeror who has furnished such certification with their response.

J. If claiming Local Vendor Preference, the Offeror certifies that they satisfy each of the following criteria at the time of their submission of a response to the solicitation necessary to qualify as a "Local Business": a) a vendor, supplier, or contractor who does business in Pasco County by providing goods, services, or construction; and b) maintains a physical business address located within the jurisdictional limits of Pasco County in an area zoned for the conduct of such business; and c) which the vendor, supplier or contractor operates or performs business on a daily basis; and d) has for at least twelve (12) months prior to the bid or proposal opening date;

and (e) a copy of their local business tax receipt or qualifies as a business in a neighboring county as listed in the County's Purchasing Ordinance. Post office boxes shall not be used for the purpose of establishing said physical address.

Please put an "X" in the applicable box or mark N/A
_____Local Business located in Pasco County
_____Business located within Hillsborough, Pinellas, Polk, or Hernando County

This local preference provision is not applicable to those solicitations involving the use of either State or Federal funds as indicated below:

State/Federal Funds Involved: N (Y if applicable, N if not applicable)

Note: If claiming Local Vendor Preference, a valid Local Business Tax Receipt must be provided at the time the response is submitted in order to qualify for such consideration.

K. By signing this Certification, I represent that I am of lawful age and have the authority to bind the Offeror for contract purposes. **If someone other than the President of the corporation, or a member of a member-managed limited liability company, or the manager of a manager managed limited liability company, then one of the following must be submitted with this Certification**:

1. If Offeror is a corporation (includes incorporated or company, or abbreviations thereof, in its name), and if other than the President of the corporation is signing this Certification, then one of the following must be submitted with this Certification:

   a. a current corporate resolution naming the officer or person signing this Certificate as authorized to sign contracts on behalf of the company or,

   b. a copy of the Board of Directors' resolution or meeting minutes designating the officer or person signing this Certificate as authorized to sign contracts for the corporation, certified by the secretary of the corporation.

2. If Offeror is a limited liability company, then the following must be submitted with this Certification: a copy of the Operating Agreement of the limited liability company showing that that person signing this Certificate is authorized to sign contracts for the limited liability company.

L. Attached to this response is a copy of the Certificate of Status from the Florida Secretary of State, Division of Corporations, which can be downloaded from https://dos.myflorida.com/sunbiz/search/.

M. Exceptions to any Contract Provisions and Miscellaneous Declarations (attach additional sheets, if necessary):

SAMPLE AGREEMENT

THIS AGREEMENT is entered by and between **PASCO COUNTY, FLORIDA,** by and through its Board of County Commissioners (hereinafter called "Owner") and _____ _____ (hereinafter called "Contractor").

WITNESSETH:

WHEREAS, Owner desires to retain Contractor to provide _____ _____**;** and

WHEREAS, Owner has selected Contractor in accordance with competitive bidding procedures; and

WHEREAS, Contractor agrees to serve as Owner's Contractor for _____ _____**,** based upon the terms and conditions set forth in this Agreement.

NOW, THEREFORE, in consideration of the premises set forth hereinabove, and of the mutual promises hereinafter set forth, the sufficiency and adequacy of which are hereby acknowledged, the parties hereto, intending to be legally bound hereby, agree as follows:

ARTICLE 1 - WORK

Contractor will _____

ARTICLE 2 – OWNER'S REPRESENTATIVE

The Project is administered by:

Public Infrastructure
Pasco County Utilities Department

Who is to act as Owner's representative, assume all duties and responsibilities, and have the rights and authority assigned to Owner's representative in the Contract Documents in connection with completion of the Work in accordance with the Contract Documents.

ARTICLE 3 - CONTRACT TIME

3.1 Except as otherwise specified herein, **the Agreement shall remain in full force and effect from _____,**

SAMPLE

subject to the Price Escalation terms described elsewhere herein, unless cancelled in writing by Pasco County. The County reserves the right to extend the contract, under the same prices, terms and conditions as in the original contract approved by Pasco County for two additional one-year periods, as found to be in the best interest of the County. All contracts are subject to the appropriation of funds by Pasco County.

3.2 Liquidated Damages. The Contractor agrees that should the Contractor fail to complete the work as specified in any work as directed by the County, the Contractor shall pay the Owner for delay and loss of use, and not as a penalty but as liquidated damages, the sum of One Hundred Dollars and 00/100 ($100.00) for each calendar day after the date of completion. Default days will be counted in calendar days, excluding Sundays and legal holidays.

ARTICLE 4 - CONTRACT PRICE

4.1 The Owner shall pay the Contractor for completion of the Work in current funds and in accordance with the Contract Documents subject to the Not to Exceed annual amount of $_____, provided however, the Owner may increase this amount via unilateral Change Order.

4.2 All incidental costs, including allowances for profit and tools of the trade, must be included in the Contract bid prices.

ARTICLE 5 - CONFLICTS

5.1 To the extent there is a conflict regarding indemnification and contract term between the Instructions to bidders and this Agreement, the provisions of this Agreement will control.

ARTICLE 6 - TERMINATION OF AGREEMENT

6.1 In return for good and valuable consideration in the amount of $100.00, the receipt of which is acknowledged by the Contractor, Owner may terminate or cancel this Agreement at its discretion and termination will be effective, with cause immediately or without cause after 30 days, after written notice has been provided to the Contractor.

6.2 Following termination, Owner shall make a settlement with the Contractor upon a pro rata basis as determined by Owner, which will fix the value of the Services performed by the Contractor prior to the termination or cancellation of this Agreement.

ARTICLE 7 - CONTRACTOR'S REPRESENTATIONS

In order to induce Owner to enter into this Agreement, Contractor makes the following representations:

SAMPLE

7.1 Contractor has familiarized itself with the nature and extent of the Contract Documents, Work, site, locality, and all local conditions and Laws and Regulations that in any manner may affect cost, progress, performance, or furnishing of the Work.

7.2 Contractor understands the estimate of quantities of the various items of work and materials, if set forth in the Proposal Form, is approximate only and is given solely to be used as a uniform basis for the comparison of Proposals. The quantities actually required to complete the work may be less or more than so estimated, and, if awarded a contract for the work specified, the Contractor agrees that he will not make any claim for damages or for loss of profits or for an extension of time because of a difference between the quantities of the various classes of work assumed for comparison of Proposals and quantities of work actually performed. The Owner further reserves the right to vary the quantities in any amount.

ARTICLE 8 - CONTRACT DOCUMENTS

The Contract Documents, which comprise the entire Agreement between Owner and Contractor concerning the Work, consist of the following:

8.1 This Agreement.

8.2 Invitation to Bid.

8.3 Instructions to Bidders.

8.4 Conditions of Contract.

8.5 Proposal and Bid Forms.

8.6 Insurance Certificates.

8.7 Contract Forms

8.8 Specifications.

8.9 Exhibits.

8.10 Addenda numbers ____ to ___ inclusive.

8.11 Documents submitted by Contractor prior to Notice of Award (Pages _____ to _____ inclusive).

SAMPLE

8.12 The following, which may be delivered or issued after the Effective Date of the Agreement and are not attached hereto: All written WORK ORDERS or authorizations; all written amendments; and all other documents amending, modifying, or supplementing the Contract Documents.

There are no Contract Documents other than those listed above in this Article 8. The Contract Documents may only be amended, modified, or supplemented as provided in the Conditions of Contract section of the Contract Documents.

ARTICLE 9 - SUBCONTRACTORS

The Contractor shall not sublet, assign, or transfer any Goods and/or Services specifically set forth under this Agreement without the prior written consent of Owner. All persons used by the Contractor for fulfilling the requirements of this Agreement must be employees of the Contractor.

ARTICLE 10 – INDEMNIFICATION

10.1 The CONTRACTOR shall indemnify and hold harmless the COUNTY and the employees and agents of the COUNTY from, and against, all liabilities, claims, suits, demands, damages, losses, and expenses, including, but not limited to, attorneys' fees, arising out of, or resulting from, the performance of the Work, provided that any such liability, claim, suit, demand, damage, loss, or expense: (a) is attributable to bodily injury, sickness, disease or death, or injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom; and (b) to the extent caused by an act or omission of the CONTRACTOR, any SUBCONTRACTOR, anyone directly or indirectly employed by any of them, or anyone for whose acts any of them may be liable.

10.2 In any and all claims against the COUNTY, or against any of the agents or employees of the COUNTY, by any employee of the CONTRACTOR, any SUBCONTRACTOR, anyone directly or indirectly employed by any of them, or anyone for whose acts any of them may be liable, the indemnification obligation under the previous paragraph will not be limited in any way as to the amount or type of damages, compensation, or benefits payable by or for the CONTRACTOR or any SUBCONTRACTOR under workmen's compensation acts, disability benefit acts, or other employee benefit acts.

10.3 The CONTRACTOR shall indemnify and hold harmless the COUNTY and anyone directly or indirectly employed by the COUNTY from and against all claims, suits, demands, damages, losses, and expenses including, but not limited to, attorneys' fees, arising out of any infringement of patent rights, copyrights, trademarks, trade dress, or other intellectual property rights held by others, and shall defend all such claims in connection with any alleged infringement of such rights.

SAMPLE

10.4 The CONTRACTOR shall, at the option of the COUNTY, underwrite on an interim basis all expenses associated with the legal defense of the COUNTY, pending the outcome of any litigation through appeal, with respect to any liabilities, claims, suits, demands, damages, losses, and expenses, including, but not limited to, attorneys' fees, for which the CONTRACTOR may be liable to the COUNTY, in whole or in part, pursuant to 10.1 – 10.3 above, irrespective of whether said liabilities, claims, suits, demands, damages, losses, and expenses, including, but not limited to, attorneys' fees, may ultimately be found by a court of law to have been caused, in whole or in part, by the negligence or other fault of the COUNTY. In discharging this duty to the COUNTY, the CONTRACTOR shall strictly account to the COUNTY on a monthly basis for all expenditures so incurred. Upon the conclusion of any litigation through appeal, to the extent that the CONTRACTOR has been found less than fully liable for any liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees, the COUNTY shall reimburse the CONTRACTOR for that portion of the reasonable costs of underwriting the legal defense of the COUNTY.

10.5 With respect to, and in consideration for, the indemnification provided herein by the CONTRACTOR, as well as the duty of the CONTRACTOR, at the option of the COUNTY, to underwrite the legal defense of the COUNTY pending the outcome of any litigation through appeal, the COUNTY agrees to pay to the CONTRACTOR, as separate consideration, the sum of $100.00, the sufficiency and receipt of which is hereby acknowledged.

10.6 Notwithstanding any language to the contrary which may be contained herein, the ultimate duty of the CONTRACTOR to indemnify and hold the COUNTY harmless under this Article will be limited to the extent that any liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees, are caused by the negligence, recklessness, or intentional wrongful misconduct of the indemnifying party and persons employed or utilized by the indemnifying party in the performance of the construction contract.

ARTICLE 11 - MISCELLANEOUS

11.1 Contractor shall provide Goods and/or perform all Services under this Agreement as an independent contractor. Contractor will not be considered an agent of Owner nor will Contractor's subcontractors, suppliers, experts, or other persons, or organizations retained or utilized by the Contractor be considered agents of Owner.

11.2 No assignment by a party hereto of any rights under or interests in the Contract Documents will be binding on another party hereto without written consent of the party sought to be

SAMPLE

bound; and specifically but without limitation moneys that may become due and moneys that are due may not be assigned without such consent (except to the extent that the effect of this restriction may be limited by law), and unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under the Contract Documents.

11.3 Owner and Contractor each binds itself, its partners, successors, assigns, and legal representatives to the other party hereto, its partners, successors, assigns, legal representatives in respect of all covenants, agreements, and obligations contained in the Contract Documents.

11.4 The Contractor hereby guarantees all work performed in accordance with the terms of the Contract with Owner against defects due to faulty workmanship or materials for a period of 365 days from the date of service. During the period of the guarantee, the Contractor agrees to make all repairs necessitated by reason of faulty workmanship or materials at no cost to the owner, subject to the following additional conditions.

11.4.1 This guarantee is in addition to factory warranties covering certain equipment where applicable under contract.

11.4.2 Nothing herein contained will serve to modify or limit the obligations of the Contractor to faithfully fulfill and complete its obligations under the Contract.

11.4.3 Specifically excluded from this guarantee is maintenance of equipment or repair of any damage caused by normal wear and tear, fire, windstorm, or other casualties.

11.5 The Agreement will be governed by and construed under the laws of the State of Florida.

11.6 Venue for any action arising under this Agreement will lie in Pasco County, Florida at the West Pasco Judicial Center.

11.7 During the performance of this Agreement, the CONTRACTOR herein assures the COUNTY that said CONTRACTOR is in compliance with Title VII of the 1964 Civil Rights Act, as amended, and The Florida Civil Rights Act of 1992 in that the CONTRACTOR does not on the grounds of race, color, national origin, religion, sex, age, handicap or marital status, discriminate in any form or manner against the employees of the CONTRACTOR or its applicants for employment. The CONTRACTOR understands and agrees that this Agreement is conditioned upon the veracity of this Statement of Assurance. Furthermore, the CONTRACTOR herein assures the COUNTY that said CONTRACTOR shall comply with Title VI of the Civil Rights Act of 1964 when any Federal grant is involved. Other applicable Federal and State laws, executive orders and regulations prohibiting the type of discrimination as

SAMPLE

hereinabove delineated are included by this reference thereto. This Statement of Assurance shall be interpreted to include Vietnam Era Veterans and Disabled Veterans within its protective range of applicability.

11.8 Any notices or other writings permitted or required to be delivered as described and required under the provisions of this Agreement must be delivered by sending the notice by Certified Mail, Return Receipt Requested, and addressed as follows:

If to Owner:
Pasco County Utilities
19420 Central Boulevard
Land O' Lakes, FL 34637

Attention: Branford Adumuah
Assistant County Administrator, Public Infrastructure

If to the Contractor:

_____

_____

_____

Attention: _____

ARTICLE 12 – LAW COMPLIANCE

Each party will comply will all applicable Federal, State and Local laws, rules, regulations and guidelines, related to performance under this Agreement. In particular, the Contractor verifies and affirms that it is in compliance with 8 USC Sec. 1324 prohibiting the employment either directly or by contract, subcontract or exchange of unauthorized aliens in the United States. The County will consider the employment of unauthorized aliens by any Contractor during the term of the Agreement a violation of the Immigration and Nationality Act. Such violation will be cause for unilateral cancellation of this Agreement by the County.

KNOW ALL MEN BY THESE PRESENT, that we, _____
(Name of Contractor)

located at _____
(Address and Telephone Number of Contractor)

hereinafter called the Principal, and _____
(Name of Surety)

located at _____
(Address and Telephone Number of Surety)

hereinafter called the SURETY, are held and firmly bound unto PASCO COUNTY BOARD OF COUNTY COMMISSIONERS, 7536 STATE STREET, NEW PORT RICHEY, FLORIDA 34654, (727) 847-2411, A POLITICAL SUBDIVISION OF THE STATE OF FLORIDA, hereinafter called the COUNTY, in the penal sum of _____and _____ Dollars (_____) for the payment of which we bind ourselves, our heirs, executors, administrators, successors, and assigns for the faithful performance of a certain written CONTRACT, entered into between the Principal and the COUNTY, for the WORK described, a copy of which said CONTRACT dated: the _____ day of _____, 20____ is made a part hereof as if fully copied herein.

Now, therefore, the conditions of this obligation are such, that if the Principal shall In all respects comply with the terms and conditions of said CONTRACT, and his obligation thereunder, including the CONTRACT Documents which include the Notice to BIDDERS, Instructions to BIDDERS, CONTRACT CONDITIONS, PROPOSAL AND BID FORMS, Contract Forms, Notice of Award, Exhibits and Technical SPECIFICATIONS therein referred to and made a part thereof, and such alterations as may be made in said SPECIFICATIONS as therein provided for, NOTICE TO PROCEED, CONTRACT BOND, and any CHANGE ORDER, Purchase Order, or SUPPLEMENTAL AGREEMENT, and shall indemnify, defend, and save harmless the said COUNTY against and from all costs, expenses,

SAMPLE

damages, injury, or conduct, want of care or skill, negligence or default, including patent infringements on the part of the said Principals, agents, or employees, in the execution of performance of said CONTRACT, including errors in the plans furnished by the Principal, and further, if such CONTRACTOR or CONTRACTORS shall promptly make payments to all persons supplying him, them, or it, labor, MATERIAL, and supplies, used directly or indirectly by said CONTRACTOR, CONTRACTORS, SUBCONTRACTOR, or SUBCONTRACTORS in the prosecution of the WORK provided for in said CONTRACT, this obligation shall be void; otherwise, the Principal and SURETY jointly and severally agree to pay to the COUNTY any difference between the sum to which the said Principal would be entitled on the completion of the CONTRACT, and that which the COUNTY may be obliged to pay for the completing of said WORK BY CONTRACT or otherwise, and any damages, direct or indirect, or consequential, which the said COUNTY may sustain on account of such WORK, or on account of the failure of the said CONTRACTOR to properly and in all things keep and execute all provisions of said CONTRACT.

And the said Principal and SURETY hereby further bind themselves, their successors, and executors, administrators, and assigns jointly and severally, that they will amply and fully protect the said COUNTY against, and will pay any and all amounts, damage costs, and judgements which may be recovered against or which the COUNTY may be called upon to pay to any person or corporation by reason of any damages arising from the performance of said WORK, or of the repair or maintenance thereof, or the manner of doing the same or the neglect of the said Principal, or his agents or servants, or the improper performance of the said WORK by the Principal, or his agents or servants, or the failure to keep and execute all provisions of said CONTRACT or the infringements of any patent rights by reason of the use of any MATERIAL furnished, or WORK done; as aforesaid, or otherwise.

And the said Principal and SURETY hereby further bind themselves, their successors, heirs, executors, administrators, and assigns, jointly and severally, to repay the COUNTY any sum which the COUNTY may be compelled to pay because of any lien for labor or MATERIAL furnished for the WORK embraced by said CONTRACT, and the said SURETY, for value received, hereby stipulates and agrees that no change, purchase order, task order, extension of time, alterations, or additions to the terms of the CONTRACT or to the WORK to be performed thereunder, or the SPECIFICATIONS accompanying the same shall in any way affect its obligations on this BOND, and it does hereby waive notice of any such change, extensions of time, alterations, or additions to the WORK or to the SPECIFICATIONS.

Florida Department of State, Division of Corporations

BOARD OF COUNTY COMMISSIONERS
AGENDA MEMORANDUM

COMMISSION DISTRICT: All **FILE NO.:** PW26-0056 **DATE:** 6/16/2026

SUBJECT: Additional Purchasing Authority and Third Amendment to Agreement IFB-RH-21-193 – Ajax Paving Industries of Florida LLC – Annual Concrete Sidewalk Replacement Contract – $1,900,000.00

REFERENCES: IFB-RH-21-193, PW22-0050, PW23-0093, PW25-0016, NI26-0559

AGENDA SECTION: Consent Agenda

THRU: Branford Adumuah, Assistant County Administrator

FROM: Jason Mickel, Public Works Director

RECOMMENDED BOARD ACTION:

Approve the additional purchasing authority and Third Amendment to the Agreement for solicitation no. IFB-RH-21-193 for the annual concrete sidewalk replacement contract (Agreement) with Ajax Paving Industries of Florida LLC (Ajax) in the annual Not to Exceed (NTE) amount of $1,500,000.00 for Fiscal Year (FY) 2026 and $400,000.00 for FY 2027, resulting in the new cumulative NTE amount of $8,350,000.00 for the term of the Agreement continuing through January 11, 2027. Authorize the Chairman to execute the two originals of the Third Amendment provided, and direct Board Records to distribute as set forth under the Distribution section below.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

On January 11, 2022, the Board of County Commissioners (BCC) approved the award of solicitation no. IFB-RH-21-193 to Ajax for the County's annual concrete sidewalk replacement (Agreement), in the annual NTE amount of $650,000.00 for FY 2022; $650,000.00 for FY 2023; $650,000.00 for FY 2024; and $650,000.00 for FY 2025, resulting in the cumulative NTE contract amount of $2,600,000.00 (PW22-0050).

On June 20, 2023, the BCC approved Change Order No. 1 to the Agreement for additional purchasing authority in the NTE amount of $350,000.00 for Fiscal Year (FY) 2023; $350,000.00 for FY 2024; and $350,000.00 for FY 2025, resulting in the new cumulative NTE contract amount of $3,650,000.00 for the remainder of the contract term ending January 11, 2025 (PW23-0093).

On November 12, 2024, the BCC approved the First Amendment to the Agreement with Ajax for (i) additional purchasing authority in the NTE amount of $900,000.00 for FY 2025 and $650,000.00 in FY 2026, resulting in the new cumulative NTE contract amount of $5,200,000.00; (ii) to extend the Agreement for the first renewal term beginning January 12, 2025, and continuing through January 11, 2026; and (iii) to delegate authority to County Administrator to approve the second one-year renewal term under the same terms and conditions as the original Agreement in the NTE amount of $1,250,000.00 for FY 2026, resulting in the new total NTE contract amount of up to $6,450,000.00 (PW25-0016).

On November 6, 2025, the County Administrator approved the Second Amendment to the Agreement with Ajax to extend the Agreement for the second one-year renewal term beginning on January 12, 2026, and continuing through January 11, 2027 (NI26-

0559).

The Public Works Department uses this contract for repairs and replacement of county-maintained sidewalks and curbs. Additional funding for the Agreement is needed to meet the demand for sidewalk repairs and replacements.

The Public Works Department, with concurrence from the Purchasing Department, requests approval of the Third Amendment to the Agreement and additional purchasing authority in the NTE amount of $1,500,000.00 for FY 2026; and $400,000.00 for FY 2027, resulting in the new cumulative NTE amount of $8,350,000.00 for the term of the contract continuing through January 11, 2027.

FISCAL IMPACT/COST/REVENUE STATEMENT:
Funding in the amount of $1,500,000.00 is budgeted and available for FY 2026 in the County Transportation Trust Fund, Public Works Department. Funding in the amount of $400,000.00 will be requested for FY 2027, contingent upon approval from the BCC of the various budgets.

DISTRIBUTION:
Board Records to distribute as set forth below:

THIRD AMENDMENT TO AGREEMENT BETWEEN PASCO COUNTY AND AJAX PAVING INDUSTRIES OF FLORIDA LLC FOR THE ANNUAL CONCRETE SIDEWALK REPLACEMENT CONTRACT

THIS THIRD AMENDMENT to the Annual Concrete Sidewalk Replacement Contract for Solicitation No. IFB-RH-21-193 is made and entered into by and between Pasco County, by and through its Board of County Commissioners (hereinafter referred to as the "COUNTY"), and Ajax Paving Industries of Florida LLC, whose business address is One Ajax Drive, North Venice, FL 34275 (hereinafter referred to as the "CONTRACTOR").

WHEREAS, the COUNTY awarded Solicitation No. IFB-RH-21-193 for the "Annual Concrete Sidewalk Replacement Contract" to the CONTRACTOR, pursuant to which the COUNTY and the CONTRACTOR entered into an agreement made effective on January 11, 2022 (the "Agreement"); the Agreement is incorporated herein and made part hereof by reference; and

WHEREAS, the COUNTY and the CONTRACTOR entered into the first change order to the Agreement, made effective on June 20, 2023, for additional funding in the amount of $350,000.00 for Fiscal Year (FY) 2023; $350,000.00 for FY 2024; and $350,000.00 for FY 2025, resulting in the new cumulative Not to Exceed (NTE) contract amount of $3,650,000.00 (the "Change Order"); the Change Order is incorporated herein and made part hereof by reference; and

WHEREAS, the COUNTY and the CONTRACTOR entered into the First Amendment to the Agreement to extend the Agreement for the first one-year renewal term beginning on January 12, 2025, and continuing through January 11, 2026; and to increase funding for the Agreement in the NTE amount of $900,000.00 for FY 2025 and $650,000.00 for FY 2026, resulting in the new cumulative NTE contract amount of $5,200,000.00; the First Amendment to the Agreement is incorporated herein and made part hereof by reference; and

WHEREAS, the COUNTY and the CONTRACTOR entered into the Second Amendment to the Agreement to extend the Agreement for the second one-year renewal term beginning on January 12, 2026, and continuing through January 11, 2027; and to increase funding for the Agreement in the NTE amount of $1,250,000.00 for FY 2026, resulting in the new cumulative NTE contract amount of $6,450,000.00; the Second Amendment to the Agreement is incorporated herein and made part hereof by reference; and

WHEREAS, to address the demand for sidewalk repairs and replacements, the COUNTY needs additional funding for the Agreement in the NTE amount of $1,500,000.00 for FY 2026, and $400,000.00 for FY 2027; and

WHEREAS, the CONTRACTOR is ready, willing, and able to provide additional sidewalk repairs and replacements.

NOW, THEREFORE, the COUNTY and the CONTRACTOR, in consideration of the mutual covenants and provisions contained herein, the sufficiency of which are hereby acknowledged, agree as follows:

1. The statements contained in the recitation of facts set forth above are true and correct and are hereby incorporated in and made a part of this Third Amendment to the Agreement.

2. The Agreement is increased in the NTE amount of $1,500,000.00 for FY 2026, and $400,000.00 for FY 2027, resulting in the new cumulative NTE contract amount of $8,350,000.00 for the term of the contract continuing through January 11, 2027. The total NTE Contract Price in paragraph 7 of the Agreement is amended to reflect that the total NTE Contract Price is $8,350,000.00 for the term of the contract continuing through January 11, 2027.

3. All terms and conditions of the Agreement, except as modified by this Amendment, are ratified in their entirety and shall remain in full force and effect.

[SIGNATURES FOLLOW ON THE NEXT PAGE]

IN WITNESS WHEREOF, the parties, hereto have executed this Third Amendment to the Agreement, effective the last day written below.

BOARD OF COUNTY COMMISSIONERS
AGENDA MEMORANDUM

COMMISSION DISTRICT: All **FILE NO.:** PW25-0016 **DATE:** 11/12/2024

SUBJECT: First Amendment to Agreement IFB-RH-21-193 and Additional Purchasing Authority – Ajax Paving Industries of Florida LLC – Annual Concrete Sidewalk Replacement Contract – $1,550,000.00

REFERENCES: IFB-RH-21-193, PW22-0050, PW23-0093

AGENDA SECTION: Consent Agenda

THRU: Branford Adumuah, Assistant County Administrator

FROM: Jason Mickel, Public Works Director

RECOMMENDED BOARD ACTION:

Approve the First Amendment to the Agreement for annual concrete sidewalk replacement for IFB-RH-21-193 with Ajax Paving Industries of Florida LLC (Ajax), to extend the Agreement for the first one-year renewal term beginning on January 12, 2025, and to increase the cumulative Not to Exceed (NTE) contract amount by $1,550,000.00 (with the NTE amount being $900,000.00 for Fiscal Year (FY) 2025 and $650,000.00 for FY 2026) making the new cumulative NTE contract amount $5,200,000.00. Delegate authority to the County Administrator to approve the second one-year renewal option under the same terms and conditions as the original agreement in the NTE amount of $1,250,000.00 for FY 2026, pending budget approval, for a total NTE contract amount of $6,450,000.00. Authorize the Chairman to execute two originals of the First Amendment to Agreement IFB-RH-21-193 provided and direct Board Records to distribute as set forth under the Distribution section below.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

On January 11, 2022, the Board of County Commissioners (BCC) approved the award of bid to Ajax for IFB-RH-21-193, for the County's annual concrete sidewalk replacement (the "Agreement"), for an annual NTE amount of $650,000.00 for FY 2022; $650,000.00 for FY 2023; $650,000.00 for FY 2024; and $650,000.00 for FY 2025, for a cumulative NTE contract amount of $2,600,000.00 (this amount included $200.00 for indemnification and termination for convenience, and $250,000.00 for allowance work) (PW22-0050).

On June 20, 2023, the BCC approved Change Order No. 1 to the Agreement for additional purchasing authority for the annual concrete sidewalk replacement with Ajax, in the additional amount of $350,000.00 for Fiscal Year (FY) 2023; $350,000.00 for FY 2024; and $350,000.00 for FY 2025, resulting in the new cumulative NTE contract amount of $3,650,000.00 for the remainder of the three-year contract term, ending January 11, 2025, unless canceled earlier or extended in accordance with the solicitation documents (PW23-0093).

The Public Works Department uses the Agreement for repairs and replacement of the county-maintained sidewalks and curbs.

The Public Works Department, with concurrence from the Purchasing Department, requests approval of the First Amendment to the Agreement with Ajax in the NTE

amount of $900,000.00 for FY 2025 and $650,000.00 in FY 2026, resulting in the new cumulative NTE contract amount of $5,200,000.00 for the first renewal term of the contract beginning January 12, 2025, and ending January 12, 2026.

FISCAL IMPACT/COST/REVENUE STATEMENT:
Funding in the amount of $900,000.00 is budgeted and available for FY 2025 in the County Transportation Trust Fund and Stormwater Management Fund, Public Works Department. Funding in the amount of $650,000.00 will be requested for FY 2026, contingent upon annual renewals and approval from the BCC of the various budgets.

FIRST AMENDMENT TO AGREEMENT BETWEEN PASCO COUNTY AND AJAX PAVING INDUSTRIES OF FLORIDA LLC FOR THE ANNUAL CONCRETE SIDEWALK REPLACEMENT CONTRACT

THIS FIRST AMENDMENT to the Annual Concrete Sidewalk Replacement Contract for Solicitation No. IFB-RH-21-193 (the "Amendment") is made and entered into by and between Pasco County, by and through its Board of County Commissioners, hereinafter referred to as the COUNTY, and Ajax Paving Industries of Florida LLC, whose business address is One Ajax Drive, North Venice, FL 34275, hereinafter referred to as the CONTRACTOR.

WHEREAS, the COUNTY awarded the Annual Concrete Sidewalk Replacement Contract for Solicitation No. IFB-RH-21-193 to the CONTRACTOR, made effective on January 11, 2022 (the "Agreement"), which is incorporated herein and made part hereof by reference; and

WHEREAS, the COUNTY and the CONTRACTOR entered into the first change order to the Agreement, made effective on June 20, 2023, for additional funding in the amount of $1,050,000.00, resulting in a new cumulative Not to Exceed (NTE) contract amount of $3,650,000.00 for the remainder of the three-year contract term, ending January 11, 2025 (the "Change Order"), which is incorporated herein and made part hereof by reference; and

WHEREAS, the Agreement provides the COUNTY the option to renew the Agreement for two additional one-year terms upon providing the CONTRACTOR notice pursuant to the terms of the Agreement; and

WHEREAS, the COUNTY finds that it would serve a public purpose to exercise the first one-year renewal of the Agreement effective January 12, 2025; and

WHEREAS, the Contract Price of the Agreement provides for a cumulative NTE amount of $3,650,000.00 for the initial three-year term of the Agreement; and

WHEREAS, the COUNTY is requesting the CONTRACTOR provide additional services during the one-year renewal period under the same terms and conditions, requiring a new cumulative NTE amount of $5,200,000.00 for the initial term and one-year extension; and

WHEREAS, the CONTRACTOR agrees to continue providing the services as specified under the terms of this Amendment.

NOW, THEREFORE, the COUNTY and the CONTRACTOR, in consideration of the mutual covenants and provisions contained herein, the sufficiency of which are hereby acknowledged, agree as follows:

1. The statements contained in the recitation of facts set forth above are true and correct and are hereby incorporated in and made a part of this Amendment.

2. The COUNTY and CONTRACTOR wish to extend the Agreement for an additional one (1) year period, beginning on January 12, 2025, pursuant to the terms of the Agreement. The Agreement will now expire on January 12, 2026 unless further extended or terminated earlier pursuant to the terms of the Agreement.

3. The terms, covenants, and conditions set forth in the Agreement, except as specifically amended herein, are hereby ratified, approved, and confirmed in their entirety.

[SIGNATURES FOLLOW ON THE NEXT PAGE]

IN WITNESS WHEREOF, the parties, hereto have executed this First Amendment to the Agreement for Solicitation No. IFB-RH-21-193, effective January 12, 2025:

BOARD OF COUNTY COMMISSIONERS
AGENDA MEMORANDUM

COMMISSION DISTRICT: All **FILE NO.:** PW23-0093 **DATE:** 6/20/2023

SUBJECT: Change Order No. 1 to Agreement IFB-RH-21-193 – Additional Purchasing Authority – Ajax Paving Industries of Florida LLC – Annual Concrete Sidewalk Replacement – $1,050,000.00

REFERENCES: IFB-RH-21-193, PW22-0050

AGENDA SECTION: Consent Agenda

THRU: Branford Adumuah, Assistant County Administrator

FROM: Jason Mickel, Public Works Director

RECOMMENDED BOARD ACTION:

Approve Change Order No. 1 for additional purchase authority for the annual concrete sidewalk replacement with Ajax Paving Industries of Florida LLC (Ajax), in the additional amount of $350,000.00 for Fiscal Year (FY) 2023; $350,000.00 for FY 2024; and $350,000.00 for FY 2025, resulting in the new cumulative Not to Exceed (NTE) amount of $3,650,000.00 for the remainder of the three-year contract term, ending January 11, 2025, unless canceled earlier or extended in accordance with the solicitation documents. Authorize the Chairman to execute the two originals of Change Order No. 1 provided, and direct Board Records to distribute as set forth in the Distribution section.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

On January 11, 2022, the Board of County Commissioners (BCC) approved the award for IFB-RH-21-193, for the County's annual concrete sidewalk replacement, with Ajax (PW22-0050), for an annual NTE amount of $650,000.00 for FY 2022; $650,000.00 for FY 2023; $650,000.00 for FY 2024; and $650,000.00 for FY 2025, for a cumulative NTE amount of $2,600,000.00, which includes $200.00 for indemnification and termination for convenience, and $250,000.00 for allowance work.

The Public Works Department has identified the need for additional funding for concrete and sidewalk replacement countywide related to stormwater pipe repair projects.

The Public Works Department, with concurrence from the Purchasing Department, request approval for additional purchasing authority with Ajax in the amount of $1,050,000.00, resulting in the new cumulative NTE amount of $3,650,000.00 for the remainder of the three-year contract term, ending January 11, 2025.

FISCAL IMPACT/COST/REVENUE STATEMENT:

Funding in the amount of $350,000.00 is available in FY 2023 in the Stormwater Management Fund and County Transportation Trust Fund, Public Works Department. Funding in the amount of $350,000.00 will be requested in FY 2024 and in FY 2025, contingent on approval of the budgets by the BCC.

DISTRIBUTION:

Board Records to distribute as set forth below:

PART II

EXHIBIT H

Pasco County, Florida

CHANGE ORDER NO. 1

CONTRACT: Annual Concrete Sidewalk Replacement

CONTRACTOR: Ajax Paving Industries of Florida LLC.

BID NO.: IFB-RH-21-193 TASK (if applicable) None

CONTRACT DATE: January 11, 2022

(Underline as applicable)

TIME CHANGE **EXTRA WORK** **CREDIT** **OTHER**

The CONTRACTOR is hereby authorized and directed to make the following changes and modifications to the aforesaid Contract in accordance with all requirements applicable thereto.

DESCRIPTION OF CHANGE:	COST IMPACT	FINAL COMPLETION DAYS
1. ADDITIONAL: The Public Works Department (DPW) request approval for additional purchasing authority with Ajax, in the amount of $1,050,000.00, which breaks down as; $350,000.00 for FY23, $350,000.00 for FY24 and $350,000.00 for FY25, resulting in the new cumulative NTE amount of $3,650,000.00 for the remainder of the three-year contract term, ending January 11, 2025.	**$3,650,000.00**	**00**
2. **NEGATIVE:**	**$0.00**	**00**

REASON FOR CHANGE:

The Department of Public Works has identified the need for additional funding for concrete and sidewalk replacement related to stormwater pipe repair projects.

As result, Change Order No. 1 will increase to the overall contract value to new cumulative NTE amount of $3,650,000.00 for the remainder of the three-year contract term, ending January 11, 2025.

The initial Contract Price (FINAL TOTAL BID PRICE) was..... $2,600,000.00

Net change by previous Change Orders..... ..... $0.00

The Contract Price prior to this Change Order was..... ..... $2,600,000.00

The Contract Price will be INCREASED (increased, decreased, unchanged) by this Change Order..... $1,050,000.00

The Final Completion Milestone prior to this Change Order: ... Jan 11, 2025

The time for the Final Milestone will REMAIN UNCHANGED

The Final Completion Milestone as of this Change Order: January 11, 2025

The CONTRACTOR waives any and all claims to additional time extension and/or monetary compensation resulting from these changes and all costs associated with and addressed by this Change Order. Except to the extent expressly modified by this Change Order, the aforesaid Contract and all terms and conditions therein, as amended by all previous Change Orders, is reaffirmed in its entirety and shall remain in full force and effect.

IN WITNESS WHEREOF, this Change Order No. 1 to Ajax Paving Industries of Florida LLC, has been executed by the parties hereto or by their authorized representatives.

This Power of Attorney is made and executed pursuant to and by authority of the following By-laws and Authorizations of The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company which resolutions are now in full force and effect reading as follows:

ARTICLE IV – OFFICERS: Section 12. Power of Attorney.
Any officer or other official of the Corporation authorized for that purpose in writing by the Chairman or the President, and subject to such limitation as the Chairman or the President may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Corporation to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Corporation by their signature and execution of any such instruments and to attach thereto the seal of the Corporation. When so executed, such instruments shall be as binding as if signed by the President and attested to by the Secretary. Any power or authority granted to any representative or attorney-in-fact under the provisions of this article may be revoked at any time by the Board, the Chairman, the President or by the officer or officers granting such power or authority.

ARTICLE XIII – Execution of Contracts: Section 5. Surety Bonds and Undertakings.
Any officer of the Company authorized for that purpose in writing by the chairman or the president, and subject to such limitations as the chairman or the president may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Company by their signature and execution of any such instruments and to attach thereto the seal of the Company. When so executed such instruments shall be as binding as if signed by the president and attested by the secretary.

Certificate of Designation – The President of the Company, acting pursuant to the Bylaws of the Company, authorizes David M. Carey, Assistant Secretary to appoint such attorneys-in-fact as may be necessary to act on behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations.

Authorization – By unanimous consent of the Company's Board of Directors, the Company consents that facsimile or mechanically reproduced signature of any assistant secretary of the Company, wherever appearing upon a certified copy of any power of attorney issued by the Company in connection with surety bonds, shall be valid and binding upon the Company with the same force and effect as though manually affixed.

I, Renee C. Llewellyn, the undersigned, Assistant Secretary, The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company do hereby certify that the original power of attorney of which the foregoing is a full, true and correct copy of the Power of Attorney executed by said Companies, is in full force and effect and has not been revoked.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seals of said Companies this 7th day of June, 2023.

BOARD OF COUNTY COMMISSIONERS
AGENDA MEMORANDUM

COMMISSION DISTRICT: All **FILE NO.:** PW22-0050 **DATE:** 1/11/2022

SUBJECT: Award of Bid No. IFB-RH-21-193 – Ajax Paving Industries of Florida LLC – Annual Concrete Sidewalk Replacement Contract – $2,600,000.00

REFERENCES: IFB-RH-21-193

AGENDA SECTION: Consent Agenda

THRU: Michael Carballa, Assistant County Administrator

FROM: Branford Adumuah, Public Works Director

RECOMMENDED BOARD ACTION:

Approve the Award of Bid No. IFB-RH-21-193 to the lowest, responsive, and responsible bidder, Ajax Paving Industries of Florida LLC (Ajax), for the annual concrete sidewalk replacement contract, in the annual Not to Exceed (NTE) amount of $650,000.00 for Fiscal Year (FY) 2022; $650,000.00 for FY 2023; $650,000.00 for FY 2024; and $650,000.00 for FY 2025, for a cumulative NTE amount of $2,600,000.00 for a term of three years, which includes $200.00 for indemnification and termination for convenience, and $250,000.00 for allowance work. Authorize the Chairman to execute the two originals of the Agreement provided, and direct Board Records to date the two originals of the provided Bonds and distribute the Agreement and Bonds as set forth under the Distribution section below.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

On August 19, 2021, at the request of the Public Works Department, the Purchasing Department solicited an Invitation for Bid (IFB) for an annual concrete sidewalk replacement contract. The specifications were prepared by the Public Works Department. All provisions of the Purchasing Ordinance have been met.

On September 28, 2021, all bids were received, publicly opened, and read. The results are shown on the attached bid tabulation. Two hundred eighty-four vendors received automatic email notices; twenty-four of which were from Pasco County. Twenty-three vendors manually searched for and downloaded the solicitation; two of which were from Pasco County. Two responses were received; none of which were from Pasco County. A summary of the download history for this solicitation is attached.

The Public Works Department, with concurrence from the Purchasing Department, requests award to Ajax for a cumulative NTE amount of $2,600,000.00 for the three-year term of the contract. The contract can be renewed by Pasco County for up to two additional one-year terms under the same terms and conditions. Work will be assigned to Ajax on an as needed basis by issuance of individual notices-to-proceed, pursuant to the terms of the solicitation and the Agreement.

FISCAL IMPACT/COST/REVENUE STATEMENT:

Funding in the amount of $650,000.00 is budgeted and available for FY 2022 in the Stormwater Management Fund, Public Infrastructure Branch, Public Works, Stormwater Management, Other Services, and in the County Transportation Trust Fund, Public Infrastructure Branch, Public Works, Road & Bridge, Other Services. Funding in the amount of $650,000.00 will be budgeted for FY 2023;

$650,000.00 for FY 2024; and $650,000.00 for FY 2025; contingent upon approval from the Board of County Commissioners of the various budgets.

DISTRIBUTION:

Board Records to distribute as set forth below:

RE: Annual Concrete Sidewalk Replacement Contract
C53 PW22-0050

Dear Sir/Madam:

At the Pasco County Board of County Commissioners meeting of January 11, 2022, the above mentioned agenda item was approved. Attached is a copy of the document for your files as well as a set of bond.

Any exhibits related to this document can be viewed by visiting the Pasco County Website as follows: go to www.pascocountyfl.net, click on "Agendas & Minutes" on the left side of the home page, select the meeting date from the list, click on "Agenda" click on the agenda item number indicated above, and click on the attachment you wish to view.

If you have any questions, please contact the appropriate department or call (352) 521-4274 or (727) 847-2411.

Sincerely,

Allie Knupp
Records Clerk I, Board Records Division
Deputy Clerk
Office of Nikki Alvarez-Sowles, Esq.
Pasco County Clerk & Comptroller

Enclosure

PART IV

AGREEMENT

THIS AGREEMENT is made and entered into by and between the BOARD OF COUNTY COMMISSIONERS OF PASCO COUNTY, FLORIDA, hereinafter called COUNTY,
and AJAX PAVING INDUSTRIES OF FLORIDA LLC, hereinafter called the CONTRACTOR, whose business address is ONE AJAX DRIVE, NORTH VENICE, FL 34275.

WITNESSETH THAT:

In consideration of the mutual covenants and provisions contained herein, the parties hereto agree as follows:

1. The CONTRACTOR shall provide to the COUNTY, within the Contract Time, all labor, materials, and appurtenances thereto per the requirements set forth in the Contract Documents for:

ANNUAL CONCRETE SIDEWALK REPLACEMENT CONTRACT
Bid No.: IFB-RH-21-193

2. The CONTRACTOR shall complete the Work to be performed under this Agreement for a **three (3) year term** (the initial Contract Time) from the date of the first Notice to Proceed issued by the COUNTY. This Contract can also be renewed by the COUNTY for two (2) additional one (1) year option(s) to renew at the County's option at the same terms and conditions upon notice to the CONTRACTOR within ninety (90) days prior to the expiration on the initial contract time or any renewal period thereof.

3. In addition to the number of calendar days specified for the initial Contract Time in the preceding paragraph, **60** calendar days have been included in the overall Contract Time for allocation to the CONTRACTOR for performance of Allowance Work in accordance with the Allowances provision of the Contract Documents.

4. **Time is of the essence for this Agreement.** Timely completion of the Work after the issuance of the aforesaid Notice to Proceed is of central importance to the COUNTY. This Project has certain various critical milestones to be met.

5. **Liquidated damages shall apply to compensate for delays.** The parties acknowledge and agree that the damages to the COUNTY associated with any delay in completion of the Project are not readily ascertainable as of the time of execution of this Agreement and concur that the sum of **$1,241.00/Day** per diem**,** bears a reasonable relationship to the actual damages which the COUNTY would suffer as a consequence of any such delay in completion of the Work. The parties agree that such sums are reasonable and would not constitute a penalty against the CONTRACTOR. In arriving at these sums, consideration has been given to the loss to the public of the use of the Project due to delay, the additional administrative costs caused by any delay,

higher labor and material costs associated with delay, risks associated with litigation from delay, and other factors. Failure to complete the Work by any Milestone Date(s) set forth in the agreed upon Work Schedule or in this Agreement, up to and including that for Final Completion, therefore, shall entitle the COUNTY to deduct these sums from the Contract Price for each day of delay in meeting each such Milestone Date. The amounts of Liquidated Damages for individual Milestone Dates are additive for each day of delay they are concurrently in effect.

6. This Agreement includes and incorporates by reference all Contract Documents, as the term Contract Documents is defined within Article 1 of the General Conditions found in Conditions of the Contract (Part II).

7. The total Contract Price for the full and complete performance by Contractor of all Work required by the Contract Documents shall not exceed **$2,600,000.00**, unless otherwise modified as provided herein. The total Contract Price includes **$100.00** for Indemnification, **$100.00** for termination for convenience, **$250,000.00** for Allowance Work, and **$N/A** for Alternate No. ___. Payment shall be made not more often than once per month and in accordance with the Contract Documents.

8. During the performance of this Agreement, the CONTRACTOR herein assures the COUNTY that said CONTRACTOR is in compliance with Title VII of the 1964 Civil Rights Act, as amended, and The Florida Civil Rights Act of 1992 in that the CONTRACTOR does not on the grounds of race, color, national origin, religion, sex, age, handicap or marital status, discriminate in any form or manner against the employees of the CONTRACTOR or its applicants for employment. The CONTRACTOR understands and agrees that this Agreement is conditioned upon the veracity of this Statement of Assurance. Furthermore, the CONTRACTOR herein assures the COUNTY that said CONTRACTOR shall comply with Title VI of the Civil Rights Act of 1964 when any Federal grant is involved. Other applicable Federal and State laws, executive orders and regulations prohibiting the type of discrimination as hereinabove delineated are included by this reference thereto. This Statement of Assurance shall be interpreted to include Vietnam Era Veterans and Disabled Veterans within its protective range of applicability.

9. The CONTRACTOR shall furnish to the COUNTY (when and in the manner required by the Contract Documents) all appropriate Certificates of Insurance, and a Performance Bond and/or Payment Bond for the Contract Price within ten (10) days following Notification of Award.

10. The COUNTY and the CONTRACTOR acknowledge the acceptance from the Bid Proposal (Part III) of the following Alternate(s).

No. **N/A**	No._____	No._____	No._____
No. _____	No._____	No._____	No._____

The COUNTY and the CONTRACTOR acknowledge that the corresponding price as shown in the Bid Proposal (Part III) for each accepted Alternate is incorporated in the amount of compensation

specified in paragraph 7 above.

11. The COUNTY and the CONTRACTOR acknowledge that all addendums issued with respect to this Project are herein incorporated into the list of Contract Documents listed in Article 1, Part II and made a part of this Agreement.

12. The funding required for this Project is contingent upon the availability of County funds and the appropriation of such funds by the Board of County Commissioners.

13. This Agreement and any changes hereto shall constitute the entire agreement between CONTRACTOR and COUNTY relating to Work. This Agreement supersedes all previous or contemporary representations or warranties of COUNTY or CONTRACTOR not set forth or referenced in the Contract Documents.

14. Except as specifically provided herein, no modification, waiver, termination, rescission, discharge, or cancellation of this Agreement, or of any term thereof, shall be binding on the COUNTY unless in writing and executed by the BOARD.

15. Waiver by the COUNTY of a breach of any provision of this Agreement by the CONTRACTOR shall not be deemed to be a waiver or any other breach and shall not be construed to be a modification of the terms of this Agreement.

16. No modification, waiver, termination, discharge, or cancellation of the Agreement or of any terms thereof shall impair the rights of the COUNTY with respect to any liabilities, whether or not liquidated, of the CONTRACTOR to the COUNTY theretofore accrued.

17. The duties and obligations imposed upon the CONTRACTOR by this Agreement and the rights and remedies available hereunder, shall be in addition, and not limited, to any otherwise imposed or available in law or in equity, whether by statute, special guarantee, or otherwise.

18. The CONTRACTOR shall at all times remain an independent contractor and shall have no power, nor shall the CONTRACTOR represent that the CONTRACTOR has any power, to bind COUNTY or to assume or to create any obligation expressed or implied on behalf of the COUNTY.

19. This Agreement shall be binding upon and its benefits and advantages shall inure to the heirs, personal representatives, successors and assigns of the parties hereto.

20. The parties agree that if any part, term or provision of this Agreement is held to be illegal, unenforceable or in conflict with any applicable federal, state or local law or regulation, such part, term or provision shall be severable with the remainder of the Agreement remaining valid and enforceable.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the last day written below (bid award date for the Project subject thereto).

PROJECT NAME: ANNUAL CONCRETE SIDEWALK REPLACEMENT CONTRACT

PRE-BID CONFERENCE: **N/A**

_____Attendance Mandatory
(mark with 'X' if applicable)

BID OPENING: TUESDAY, SEPTEMBER 28, 2021 @ 1:15 P.M.

PLACE OF BID OPENING: Internal Services Building
7536 State Street, Suite 221
New Port Richey, Florida, 34654

1. COMMUNICATIONS DURING SOLICITATION AND LOBBYING PROHIBITION.

1.1 It is strictly prohibited for an offeror to communicate with or lobby evaluation committee members, county government employees, or elected officials **(including County Commissioners)** regarding requests for proposals, requests for qualifications, invitations for bids, or contracts. The term "offeror" shall include the offeror or any member of the offeror's staff, an agent of the offeror, or any person employed by any legal entity affiliated with or representing an organization that is responding to the requests for proposal, requests for qualification, bid or contract outside a publicly noticed meeting specifically called to address this particular Request for Proposals. Nothing herein shall prohibit a prospective offeror from contacting the Purchasing Director to request a public record, address concerns or grievances, or to receive clarification about a particular procurement.

1.2 For purposes of this provision lobbying activities shall include, but not be limited to, influencing or attempting to influence action or non-action in connection with any requests for proposals, requests for statements of qualifications, invitations for bids, related processes, or contracts through direct or indirect oral or written communication or an attempt to obtain goodwill of persons and/or entities specified in this provision. Such actions may cause any proposal, statement of qualification, bid, contract or any other response to be rejected.

1.3 The prohibition on communication with County Persons (including County Commissioners) by offerors and their representatives regarding procurement in which they have pecuniary interest begins upon issuance of the solicitation and ends upon final award, when a protest is

finally resolved or when the procurement process is otherwise concluded, whichever occurs later. This prohibition does not apply to communication on other matters in which an offeror may have an interest outside of the solicitation.

2. AMERICANS WITH DISABILITIES ACT

Pasco County does not discriminate upon the basis of any individual's disability status. This non-discrimination policy involves every aspect of the County's functions including one's access to, participation, employment, or treatment in its programs or activities. Anyone requiring reasonable accommodation to review the solicitation or for the public meetings related to any solicitation should contact the Purchasing staff member named on the solicitation summary and if for a meeting accommodation at least twenty-four (24) hours in advance of the meeting.

3. BIDS

3.1 Bid Package. The Instructions to Bidders (Part I), the General Conditions of the Contract (Part II), the Bid Proposal (Part III), and the Agreement (Part IV), together with all other documents identified in Article I of the General Conditions of the Contract (Part II), constitute the entire Bid Package, and upon award, shall constitute the Contract Documents concerning the above-referenced Project. Said Bid Package must be the basis upon which all Bid Proposals are offered.

One (1) fully completed and executed original Bid Proposal must be submitted in a sealed BID NUMBER envelope to the Pasco County Purchasing Department, along with any other documentation required by this Bid Package, at the time and place herein specified. Errors in any Bid Proposal submitted may result in the rejection or disqualification of the Bid Proposal. No BIDDER is required to return the Instructions to Bidders, Conditions of the Contract, or Agreement with their bids, unless specified elsewhere in this Bid Package. The BIDDER must manually sign the Bid Proposal (Part III).

3.2 Prices (Bid Proposals). Prices must be quoted only upon the Bid Proposal form attached hereto and identified as the Bid Proposal (Part III), and no other Bid Proposals will be accepted. Sealed Bid Proposals may not be amended or otherwise changed by any writing placed outside the sealed bid package; except, however, any such written external communication by a BIDDER may be construed by the COUNTY as indicating a *withdrawal* of the proffered, sealed bid to which the communication relates (thereby causing the BIDDER to have issued *no bid* for consideration by the County). All prices quoted are to be F.O.B. for the designated Project site in Pasco County, Florida.

3.3 Delivery of Bids. The BIDDER is hereby directed to cause delivery of its Bid Proposal for this Project to the Pasco County Purchasing Department, Internal Services Building, 7536 State Street, 2nd Floor, New Port Richey, Florida, 34654, prior to the bid opening time, which is specified above. The delivery of said Bid Proposal to the Purchasing Department, prior to the time and date stated in the preceding sentence, is solely and strictly the responsibility of the BIDDER. The COUNTY will in no way be responsible for delays caused by the United States Postal Service or for delays caused by any other occurrence. All Bid Proposals must be manually and duly signed by an authorized corporate

director or officer, authorized agent, or authorized partner (as applicable). All Bid Proposals must be marked, on the outside sealed envelope, with the PROJECT NAME, BID OPENING LOCATION, AND BID OPENING DATE AND TIME SPECIFIED ABOVE.

3.4 Execution of Bids. When a BIDDER is a partnership, the Bid Proposal shall be signed in the name of the firm and by all partners required to do so under the terms of their partnership agreement. When a corporation or limited liability company is a BIDDER, the authorized director or officer signing the Bid Proposal shall set out the legal name of the entity in full, beneath which said director or officer shall sign his or her name and give the title of his or her office, and the Bid Proposal shall bear the seal of the corporation. Anyone signing the Bid Proposal as an agent for the BIDDER must file with the Bid Proposal legal evidence of the authority to do so. A BIDDER that is a corporation, a limited liability company or a limited partnership shall furnish to COUNTY staff a duly certified copy of its permit, certificate of registration with the Florida Secretary of State, or other authorization, if any, to transact business in the State of Florida, preferably along with the Bid Proposal, and no later than forty-eight (48) hours after any request for the same is made by the COUNTY. In addition, any such authorization must be effective as of the date of the Bid Proposal. Failure to submit evidence that the BIDDER qualifies to transact business in the State of Florida as stated above may be the basis for rejection of the Bid Proposal.

3.5 Other Responsibilities of the BIDDER. The BIDDER is solely responsible for reading and completely understanding the terms, conditions, and other requirements of the Contract Documents. The Bid opening time shall be scrupulously observed. Under no circumstances will Bid Proposals delivered after the delivery time specified be considered. Late Bid Proposals will not be accepted.

3.6 Business Name Requirement. The Offeror must provide on the Pricing Form, Offeror/Certification Form, and if awarded, on all remittance of invoices for payment, the business name that is provided on their W9 Form. Additionally, if there is a name change and/or EIN number that is changed at any time, the Offeror must immediately notify the Purchasing Department as to the change and provide all supporting documentation.

3.7 Withdrawal or Modification of Bids. Bid Proposals may be withdrawn on written or telegraphic requests dispatched by the BIDDER in time for delivery in the normal course of business prior to the time fixed for the opening of Bid Proposals; provided, however, that written confirmation of any telegraphic withdrawal over the signature of the BIDDER is deposited with the United States Postal Service, postage pre-paid for first- class or express mail delivery and postmarked prior to the time set for the opening of Bid Proposals. Except as specifically provided herein, no BIDDER may modify a bid after the appointed bid opening time. Negligence on the part of the BIDDER in preparing its Bid Proposal confers no right of withdrawal or modification of its Bid Proposal after COUNTY staff has opened such Bid Proposal at the appointed time and place. BIDDERS may not withdraw or modify their Bid Proposals after the appointed Bid Proposal opening time. Said Bid Proposals and any bid security shall be in force for a period of not less than ninety (90) days after the bid opening time. Further, said bid security and Bid Proposal shall continue in force after said period of ninety (90) days, until thirty (30) days following the date of receipt by the COUNTY of written notice from the BIDDER of its intent to withdraw its Bid Proposal, or until the date specified in said written notice as the expiration date of the Bid Proposal, whichever is later. The

aforementioned bid security or Bid Proposal times will remain in effect irrespective of whether an award has theretofore been made by the COUNTY. Notwithstanding the provisions of the preceding sentence, the BIDDER may extend its Bid Proposal at any time prior to the scheduled expiration thereof. BIDDER may not assign or otherwise transfer their Bid Proposals prior to, or after, the Bid Proposal opening time.

3.8 Opening of Bids. At the time and place fixed for the opening of Bid Proposals (see above), every Bid Proposal properly delivered within the time fixed for receiving Bid Proposals will be opened and publicly read aloud, irrespective of any irregularities found therein. Any BIDDER and other persons interested may be present or represented.

3.9 Power of Attorney. Attorneys-in-fact who sign bonds or other surety instruments must attach with each bond or surety instrument an effective and certified power of attorney.

3.10 Bidder's Request for Interpretation of Contract Documents. No interpretation of the meaning of the Drawings, Specifications, or other Contract Documents will be made to, or if made may be relied upon by, any BIDDER except as expressly noted below. Every request for such interpretation must be in writing, addressed to the Purchasing Director. To be given consideration, such requests must be received prior to the question deadline as set by the solicitation. Any and all such interpretations from bidders and any supplemental instructions will be in the form of a written addendum which, if issued, will be posted at the Pasco County Purchasing Department, and on the Florida Online Bid System (www.bidnetdirect.com) and sent to each prospective BIDDER, at the respective addresses furnished for such purposes not later than five (5) days prior to the bid opening date. If requested, a copy may be obtained by the prospective BIDDER or its representative at the Pasco County Purchasing Department, Internal Services Building, 7536 State Street, 2nd Floor, New Port Richey, Florida, 34654. Failure of any BIDDER to acknowledge any such addendum or interpretation shall not relieve said BIDDER from any obligation imposed in such addendum. All addenda so issued shall become part of the Contract Documents when the COUNTY has provided addenda within the time frame stated above. No oral statement of any person shall modify or otherwise affect the terms, conditions, or specifications of this solicitation.

3.11 Site Examination. Before submitting a Bid Proposal, every BIDDER must carefully examine the site of the proposed Work and make all necessary investigations to inform themselves thoroughly as to all difficulties involved in the completion of all Work required pursuant to the mandates and requirements of this bid package. No pleas of ignorance of conditions or difficulties that may exist prior to the bid opening time, or of conditions or difficulties that may be encountered in the execution of the Work pursuant to this bid package as a result of a failure to make necessary and reasonable examinations and investigations, will be accepted as an excuse for any failure or omission on the part of the successful BIDDER (i.e., the CONTRACTOR) to fulfill, in every detail, all of the requirements of the Contract Documents, nor will they be accepted as a basis for any claims whatsoever for extra compensation, or for any extension of time.

4. CONTRACTOR LICENSING, REGISTRATION, AND CERTIFICATION

4.1 Each BIDDER shall be properly licensed, registered, and/or certified, as necessary, or otherwise appropriate, by the State of Florida, Pasco County, and/or any municipality in Pasco County, for each category of Work specified in this bid. The County reserves the right to request copies of such licenses, registrations, or certifications.

4.2 For categories of work that are exempt from licensing, registration, and/or certification requirements under Florida Statute, but where certification by the Florida Department of Transportation is available, the BIDDER shall be certified by the Florida Department of Transportation in each category, as necessary or otherwise appropriate.

4.3 All required licenses, registrations, and/or certifications must be current and effective as of the Bid Opening date and must be maintained throughout the life of the contract. Failure to be properly licensed, registered, and/or certified as of the Bid Opening date will result in rejection of the bid as non-responsive, and at any other time during the life of the contract shall constitute sufficient grounds for a declaration by the COUNTY that the CONTRACTOR is in default and for termination of the contract for cause by the COUNTY.

5. OFFICIAL DOCUMENTS

Pasco County is not responsible for expenses incurred prior to award. Pasco County officially distributes solicitation documents through the Florida Online Bid System at www.BidNetDirect.com. Solicitation documents may be downloaded at NO COST using this system and may also be obtained from the Purchasing Department in accordance with Florida Statutes that pertain to Public Records. Copies of solicitation documents obtained from other sources are not considered official and should not be relied upon. Pasco County is not responsible for solicitation documents obtained from sources other than the Florida Online Bid System or the Purchasing Department. Only vendors who properly register and obtain solicitation documents directly from the Florida Online Bid System or Purchasing Department will receive addenda and other important information if issued. Vendors are responsible for acquiring knowledge of changes, modifications, or additions to official solicitation documents. Vendors who submit responses and later claim they did not receive complete documents or had no knowledge of any change, modifications, or additions made to the official solicitation documents shall still be bound by the solicitation, including any changes, modifications, or additions to the official solicitation documents. **IF YOU OBTAINED A SOLICITATION DOCUMENT FROM A SOURCE OTHER THAN THE FLORIDA ONLINE BID SYSTEM OR THE PASCO COUNTY PURCHASING DEPARTMENT, IT IS HIGHLY RECOMMENDED THAT YOU REGISTER AS A VENDOR AND DOWNLOAD THE OFFICIAL DOCUMENT AT WWW.BIDNETDIRECT.COM AT NO COST.**

6. CONFLICT OF INTEREST

The Bidder, by submission of its Bid Proposal, certifies that to the best of his/her knowledge or belief, no elected/appointed official or employee of Pasco County is financially interested, directly or indirectly, in the offer of goods or services specified in this invitation.

7. DEBARMENT

By submitting a Bid, the Bidder certifies that it is not currently debarred from submitting bids for

contracts issued by any political subdivision or agency of the State of Florida and that it is not an agent of a person or entity that is currently debarred from submitting bids for contracts issued by any subdivision or agency of the State of Florida.

8. LOCAL PREFERENCE

Under Sec. 2-111(a)(1) of Pasco County's Purchasing Ordinance, a business qualifies as "Local Business" if it meets the following requirements and is: a) a vendor, supplier, or contractor who does business in Pasco County by providing goods, services, or construction; and b) maintains a physical business address located within the jurisdictional limits of Pasco County in an area zoned for the conduct of such business; and c) the vendor, supplier or contractor operates or performs business on a daily basis at said location; and d) has so operated or performed business at that location for at least twelve (12) months prior to the Bid or Proposal opening date; and (e) includes a copy of their local business tax receipt with their Bid or Proposal. Post office boxes shall not be used for the purpose of establishing said physical address. The justification for the application of a local preference to a particular Bidder must be included as part of any written quotation, Proposal, or sealed Bid along with a copy of the Bidder's local business tax receipt at the time of submission.

In bidding for, or letting contracts or procurement of goods, services or construction, as described herein, the Board of County Commissioners (BOARD) may give a preference to Local Businesses in making purchases (unless otherwise precluded by the ordinance, state or federal law) as described below:

(i) When written quotations or sealed bids are received that do not exceed $1,000,000.00, and the lowest price is offered by a vendor that is not a Local Business, and the next lowest price is offered by a Local Business, and is within 10% of the lowest price offered, then the Local Business shall be given the opportunity to match the lowest price offered, and if agreement to match the lowest price is reached, the Local Business will be awarded the quotation or bid if the Local Business is otherwise fully qualified and meets all requirements of the solicitation.

(ii) When sealed bids are received that are greater than $1,000,000.00, and the lowest price is offered by a business that is not a Local Business, and the next lowest price is offered by a Local Business, and is within 5% of the lowest price offered, then the Local Business shall be given the opportunity to match the lowest price offered, and if agreement to match the lowest price is reached, the Local Business will be awarded the quotation or bid if the Local Business is otherwise fully qualified and meets all County requirements.

(iii) The total quote or bid price shall include not only the base bid price, but also all alterations to the base bid price resulting from alternates which were both part of the bid and that will be actually purchased or awarded by the BOARD.

If two or more identical quotations or bids are received at the time the written quotations or sealed bids are opened, the award shall be made to the responsive, responsible "Local Business" as defined herein.

The preference established in this section does not prohibit the right of the BOARD to compare quality or fitness for use of supplies, materials, equipment and services proposed for purchase and compare qualifications, character, responsibility and fitness of all persons, firms, or corporations submitting bids or proposals nor prohibit the BOARD from giving any other preference permitted by law in addition to the preference authorized in this section.

This local preference provision is not applicable to those solicitations involving the use of either State or Federal funds as indicated below:

State or Federal Funds Involved N/A (Mark X or N/A as applicable)

9. COLLUSION AMONG BIDDERS

Each Bidder, by submitting a bid, certifies that it is not a party to any collusive action or any action that may be in violation of the Sherman Antitrust Act. Any or all bids shall be rejected if there is any reason for believing that collusion exists among the bidders. Pasco County may or may not, at its discretion, accept future bids for the same work from participants in such collusion. More than one (1) bid from an individual, firm, partnership, cooperation, or association under the same or different names may be rejected. Reasonable grounds for believing that a Bidder has interest in more than one (1) bid for the work being bid may result in rejection of all bids in which the bidder is believed to have interest. Nothing in this clause shall preclude a firm acting as a subcontractor to be included as a subcontractor for two (2) or more primary contractors submitting a bid for the work.

10. TAXES

The attention of the BIDDER is directed to the fact that the tax laws of the State of Florida, including but not limited to Chapter 212, Florida Statutes, apply to this bid matter, and that all applicable taxes and fees shall be deemed to have been included in Bid Proposal of the BIDDER, unless otherwise specifically indicated in the bid.

11. BID ERRORS

The BIDDER should initial erasures or corrections in any Bid Proposal in ink. The COUNTY shall reject any Bid Proposal with such erasures or corrections where County staff concludes it cannot determine with certainty the accuracy or intent of said Bid Proposal, as corrected. In the case of unit price contracts, if an error is committed in the extension of an item, the unit price as shown in the Bid Proposal will govern. Unit prices will be utilized to adjust the total compensation due the successful BIDDER based on actual quantities encountered. *No negotiation of these unit prices after contract award will be allowed.* Significant changes in quantities, including total deletions, are possible. Therefore, each BIDDER shall proportionately distribute overhead and profit across the unit prices.

12. DEVIATIONS

No material deviations or exceptions shall be accepted with the Bid Proposal. This shall not preclude

the proposal of substitute brand names, pursuant to paragraph 14 below.

13. CONDITION OF MATERIALS AND PACKAGING

In instances where the Specifications make this subject applicable (and unless otherwise indicated), all goods and items offered for sale and/or shipped by the successful BIDDER pursuant to the requirements imposed upon said BIDDER by this bid package, will be new and of good quality; all related containers being new and suitable for storage and shipment; and all prices shall include the cost of standard commercial packaging. The successful BIDDER shall be solely responsible for making any and all claims against carriers as concerns missing or damaged items.

14. BRAND NAMES, REQUESTED INFORMATION, AND DESCRIPTIVE LITERATURE

In instances where the Contract Documents make this subject applicable, any use therein of brand names, manufacturer's makes, trade names, information and/or catalog numbers are so used for the purpose of providing description and for establishing acceptable quality levels. Such references are not intended for the purpose of placing restrictions upon a BIDDER (other than as to quality), and any BIDDER may propose and describe brands believed to be equal or better than the otherwise-specified brand. The burden of proof that the brand proposed by the BIDDER is in fact equal to that referenced in the Contract Documents lies exclusively with the BIDDER. In the event that either COUNTY staff or the Professional determines that the equal proposed by the BIDDER does not meet the specifications, the successful BIDDER shall be required to provide the named brand item, or an equal acceptable to the County, at no additional cost to the County.

Each BIDDER must furnish all requested information in the spaces provided on the Bid Proposal (Part III). Additionally, where required pursuant to the provisions of this bid package, each BIDDER must submit the following with their Bid Proposal: catalog cuts, sketches, descriptive literature, and/or complete specifications relative to the items proposed and offered. References to previously submitted material concerned with previous Bid Proposals are not acceptable to the COUNTY.

15. COMPLIANCE WITH OCCUPATIONAL SAFETY AND HEALTH ACT

All material, equipment, etc., as proposed and offered by a BIDDER, in instances where applicable due to the nature of the bid matter with which this bid package is concerned, must meet and conform to all O.S.H.A. requirements as set forth in Subpart E of the O.S.H.A. Standards for Construction (29 CFR 1926), as amended. The signature of the BIDDER or of the authorized representative thereof upon the Bid Proposal (Part III) shall constitute certification of such fact.

16. TIME IS OF THE ESSENCE; LIQUIDATED DAMAGES

Each BIDDER is reminded that *time is of the essence of this Agreement*, and failure to complete the Work on time shall constitute a material breach of the Agreement, the basis for a determination of the default of the CONTRACTOR, and termination of the Agreement for cause. If the Contract Documents so indicate, an amount determined for liquidated damages at the daily rate specified

shall be assessed against the successful BIDDER not complying with a stated delivery time or performance time (or similarly stated information) as found in the Agreement (Part IV).

17. ASSIGNMENT OF THE CONTRACT

No successful BIDDER may make any assignment of any resulting Agreement between the parties, in whole or in part, without the prior written authorization of the BOARD, which authorization shall remain the exclusive option of the BOARD or its designee, the COUNTY ADMINISTRATOR.

18. AWARD OF CONTRACT; REJECTION OF BIDS

The apparent low BIDDER will be so notified by COUNTY staff, and shall be required, upon receiving such notice, to complete the Contractor Responsibility Survey form identified as Exhibit E to Part III of the contract documents and provide all information and documentation requested therein. If, after reviewing the responsibility survey and accompanying submissions, the COUNTY elects to reject the apparent low bidder based on its responsibility evaluation, the COUNTY may perform the same responsibility evaluation, in succession, with each apparent next lowest bidder until the contract is awarded to a suitable candidate or withdrawn.

The BOARD shall award a contract to the lowest responsive and responsible BIDDER, *provided* that the Bid Proposal of said BIDDER is considered, in the sole discretion of the BOARD, to be reasonable and in the best interests of the COUNTY to accept. No award of the contract shall be made until the BIDDER who has received from the COUNTY a Notice to Apparent Low Bidder and a Notice of Intent to Recommend Award has submitted to the COUNTY a performance bond, payment bond, and any and all insurance certificates and such other further documentation as may be required by the COUNTY as a condition precedent to such an award.

A Bid Proposal may be rejected upon the failure of an apparent low BIDDER to provide to the COUNTY in a timely fashion any such required documentation. The COUNTY, in its sole discretion, reserves the right to reject any and all Bid Proposals and to waive any informality concerning Bid Proposals whenever such rejection or waiver is deemed by the COUNTY to be in the best interests of the COUNTY. Likewise, the COUNTY reserves the right to reject the Bid Proposal of any BIDDER that has previously failed to perform properly, or to complete on time, contracts of a similar nature; that is not, or does not appear to the satisfaction of the COUNTY, in a position to perform the contract; or that has habitually, and without just cause, neglected the payment of bills or otherwise disregarded its obligations to subcontractors, material men, or employees.

The ability of a BIDDER to obtain a performance bond or a payment bond shall not be regarded as the sole test of the competency or responsibility of any BIDDER. In those situations where the lowest responsible and responsive bid exceeds the COUNTY's budget amount, the COUNTY reserves the right to purchase by negotiation as provided in Section 2-113(C) of the Pasco County Code of Ordinances.

19. EXECUTION OF WRITTEN CONTRACT

The BIDDER receiving from the COUNTY a Notice of Intent to Recommend Award will be required to

sign and submit to the COUNTY, within ten (10) days after the issuance of said notice, a written agreement that has been made a part of this bid package and identified as the Agreement (Part IV). Said written agreement will evidence in written form the contract to be made by the COUNTY following award by the BOARD to the successful BIDDER. For Projects involving funds from EPA, the ten (10) day period will not begin to run until after the COUNTY has received approval of the award by DEP and/or EPA, as applicable. The Contract shall be contingent upon the timely provision by the BIDDER to the COUNTY of all documentation required by these contract documents, and may be unilaterally terminated by the COUNTY for cause upon the failure of the BIDDER to supply said bonds, insurance certificates and other required documentation within the time frames set forth in the Contract Documents.

20. BID BONDS AND OTHER BID SECURITIES

A bid bond or other security is required with this bid. Either cash, a certified check, a cashier's check, an irrevocable letter of credit or in the alternative, a Bid Bond completed and signed by all required parties shall be required to accompany each Bid Proposal in a stated dollar amount which equals not less than five percent (5%) of the sum of the computed total amount of the Bid Proposal of the BIDDER. The preferred Bid Bond format is provided at Exhibit B to the Bid Proposal (Part III). Any submitted certified check, cashier's check, or irrevocable letter of credit submitted in lieu of a bid bond shall be drawn on a solvent bank or trust company authorized to do business in Florida, payable to the order of the Pasco County Board of County Commissioners, and shall have all necessary documentary revenue stamps attached, if required by law. Sureties on Bid Bonds shall be companies authorized to do business in the State of Florida; all such bonds shall be issued or countersigned by a local producing agent who is licensed in the State of Florida and satisfactory evidence of the authority of the person or persons executing such bonds shall be submitted with the bond. Personal and corporate checks are not acceptable to the COUNTY. *Any deviation from these requirements may result in rejection of a bid as non- responsive.*

21. PERFORMANCE BOND AND PAYMENT BOND

[CHECK ONE]

[**X**] A Performance Bond and Payment Bond will be required regardless of the award amount of this Agreement.

[ ] A Performance Bond and Payment Bond will be required on this Agreement only if the amount of award is Two Hundred Thousand Dollars and No Cents ($200,000.00) or greater.

The Performance Bond shall be issued in a sum equal to one hundred percent (100%) of the total awarded contract amount by a surety company considered satisfactory by the COUNTY and authorized to transact business in the State of Florida, and shall be provided by the successful BIDDER for purposes of insuring the faithful performance of the obligations imposed by the resulting contract. The Payment Bond shall be issued in a sum equal to one hundred percent (100%) of the total awarded contract amount by a surety company considered satisfactory by the COUNTY and authorized to transact business in the State of Florida, and shall be provided by the successful BIDDER

for purposes of protecting the County from lawsuits for non-payment of debts as might be incurred during the performance by the successful BIDDER under such contract. The Performance Bond and Payment Bond forms have been included in the Contract Documents as Exhibits A and B in Part II, and said forms must be properly executed by the surety company and the successful BIDDER and submitted to COUNTY staff within ten (10) days after issuance of Notice of Intent to Recommend Award by the COUNTY PURCHASING DIRECTOR. In lieu of the bonds required by this section, the successful BIDDER may file with the COUNTY an alternative form of security that shall be in the form of cash, money order, certified check, cashier's check, irrevocable letter of credit, or a security of the type listed in Part II of Chapter 625, Florida Statutes. Such alternative forms of security shall be for the same purpose and shall be subject to the same conditions as those applicable to the bonds required by this section. The determination of the value and acceptability of such alternative forms of security shall be made exclusively by the COUNTY.

22. SECURITY FORFEITURE

If within ten (10) days after the issuance of the Notice of Intent to Recommend Award, the successful BIDDER refuses, or otherwise neglects, to execute and deliver the required Agreement, or fails to furnish the required Performance and Payment Bonds, or acceptable alternative forms of security as stipulated herein, or any required insurance certification, the amount of the bid security provided by said BIDDER, whether cash, check, Bid Bond, or some other acceptable form, or any combination of these, may be forfeited, and the BIDDER shall be excluded from further consideration for award of the bid. No plea of mistake in the bid or misunderstanding of the conditions of forfeiture shall be available to the BIDDER for the recovery of its bid security, or as a defense to any action based upon the neglect or refusal to execute the required Agreement, and/or to furnish the required bonds and/or applicable insurance certification.

23. LAWS AND REGULATIONS

All applicable Federal, State, and local laws, ordinances, rules and regulations shall apply to this Agreement throughout, and they will be deemed to be included in the Agreement as though herein written. Florida law will govern all questions concerning implementation and execution of this contract and shall also be controlling in any cause of action brought pursuant to this contract.

24. CONTRACTUAL OBLIGATIONS

The successful BIDDER may not sublet or subcontract any of the contractual obligations concerning this bid matter except as provided for in the written contract between the COUNTY and the CONTRACTOR. This statement does not prohibit subcontracting of the Work but does prohibit subcontracting overall management obligations pertaining to the Work, or any substantial component thereof, and not more than eighty percent (80%) of the Work, as measured against the Bid Price, shall be subcontracted under any circumstances. This limitation on subcontracting shall not apply to any aspect of the Work that involves the supply of equipment or materials alone. The CONTRACTOR shall retain ultimate liability for all contractual obligations.

25. NONAPPROPRIATION

All funds for payment by the County under the resulting contract are subject to the availability of an annual appropriation for this purpose by the County. In the event funds are not appropriated by the County for the subject services, the County will terminate the contract, without termination charge or other liability, on the last day of the then-current fiscal year or when the appropriation made for the then-current year for the services covered by this contract is spent, whichever event occurs first. If at any time funds are not appropriated for the continuance of this contract, cancellation shall be accepted by the Consultant on thirty (30) days' prior written notice, but failure to give such notice shall be of no effect and the County shall not be obligated under this contract beyond the date of termination.

26. NON-DISCRIMINATION

During the performance of this Agreement, the CONSULTANT herein assures the COUNTY that said CONSULTANT is in compliance with Title VII of the 1964 Civil Rights Act, as amended, and The Florida Civil Rights Act of 1992 in that the CONSULTANT does not on the grounds of race, color, national origin, religion, sex, age, handicap or marital status, discriminate in any form or manner against the employees of the CONSULTANT or its applicants for employment. The CONSULTANT understands and agrees that this Agreement is conditioned upon the veracity of this Statement of Assurance. Furthermore, the CONSULTANT herein assures the COUNTY that said CONSULTANT shall comply with Title VI of the Civil Rights Act of 1964 when any Federal grant is involved. Other applicable Federal and State laws, executive orders and regulations prohibiting the type of discrimination as hereinabove delineated are included by this reference thereto. This Statement of Assurance shall be interpreted to include Vietnam Era Veterans and Disabled Veterans within its protective range of applicability.

27. E-VERIFY REQUIREMENT

EFFECTIVE JANUARY 1, 2021, A CONTRACTOR OR CONSULTANT ENTERING INTO A CONTRACT WITH A PUBLIC ENTITY (SUCH AS THE COUNTY) IS REQUIRED TO BE REGISTERED WITH THE U.S. DEPT. OF HOMELAND SECURITY'S E-VERIFY SYSTEM AND TO UTILIZE IT TO VERIFY THE WORK AUTHORIZATION STATUS OF ALL NEWLY HIRED EMPLOYEES THROUGHOUT THE TERM OF THE CONTRACT. THE CONTRACTOR OR CONSULTANT SHALL ALSO BE REQUIRED TO OBTAIN AND RETAIN AFFIDAVITS FROM ALL SUBCONTRACTORS OR SUBCONSULTANTS UTILIZED DURING THE CONTRACT VERIFYING THAT THEY DO NOT EMPLOY, CONTRACT WITH, OR SUBCONTRACT WITH ANY UNAUTHORIZED ALIENS AS THAT TERM IS DEFINED IN 8 U.S.C.s. 1342a(h)(3). THE FAILURE TO COMPLY WITH THIS REQUIREMENT CONSTITUTES GROUNDS FOR TERMINATION OF THE CONTRACT AND FOR SUCH OTHER PENALTIES AS PROVIDED UNDER SECTION 448.095, FLA. STAT.

IF A PUBLIC EMPLOYER HAS TERMINATED A CONTRACT WITH A CONTRACTOR FOR FAILURE TO COMPLY WITH THE REQUIREMENTS OF THE PARAGRAPH ABOVE, THE CONTRACTOR MAY NOT BE AWARDED A PUBLIC CONTRACT FOR AT LEAST ONE YEAR AFTER THE DATE ON WHICH THE CONTRACT WAS TERMINATED.

THE COUNTY RESERVES THE RIGHT TO REQUEST VERIFICATION OF COMPLIANCE FROM ITS CONSULTANTS AND CONTRACTORS DURING THE TERM OF ITS CONTRACT WITH THE COUNTY AND FOR A PERIOD OF UP TO FIVE (5) YEARS THEREAFTER. SHOULD A COUNTY RETAINED CONSULTANT, CONTRACTOR AND/OR ITS SUBCONSULTANT'S BE FOUND TO BE NON-COMPLIANT WITH E-VERIFY AS PART OF A FEDERAL AUDIT OR OTHER INQUIRY, THE CONSULTANT, CONTRACTOR AND/OR ITS SUBCONSULTANT(S) WILL BE SOLELY RESPONSIBLE FOR THE PAYMENT OF ANY FINES OR COSTS IMPOSED UPON THE COUNTY AS A RESULT OF SUCH NON-COMPLIANCE. COMPLIANCE WITH THIS SECTION IS MANDATORY FOR ALL PROJECTS.

END OF SECTION

PART II

CONDITIONS OF THE CONTRACT

A. GENERAL CONDITIONS

ARTICLE 1 – CONTRACT DOCUMENTS

Except for Titles, Subtitles, Headings, Running Headings, Table of Contents, and Indices (all of which are printed herein merely for convenience), the following, except for such portions that may be specifically excluded, constitute the Contract Documents:

1.1 BIDDING REQUIREMENTS – INSTRUCTIONS TO BIDDERS

1.2 CONDITIONS OF CONTRACT

A. **GENERAL CONDITIONS EXHIBITS TO SUBPART A**:

Exhibit A: PUBLIC CONSTRUCTION BOND FORM

Exhibit B: PAYMENT BOND FORM

Exhibit C: CERTIFICATE OF INSURANCE

Exhibit D: ENDORSEMENT

Exhibit E: APPLICATION FOR PAYMENT – FORM

Attachment 1 – Disputes viz. prior application
Attachment 2 – Disputes viz. current application Schedule of Values

Exhibit F: CONTRACTOR'S AFFIDAVIT OF PAYMENT OF DEBT AND CLAIMS

Exhibit G: SUBCONTRACTOR WAIVER OF LIEN AGAINST PAYMENT BOND (PROGRESS AND FINAL)

Exhibit H: CHANGE ORDER FORMS

Exhibit I: CONSENT OF SURETY TO CHANGE ORDER

Exhibit J: ALLOWANCE AUTHORIZATION RELEASE (AAR) FORM

Exhibit K: CONSENT OF SURETY TO FINAL PAYMENT

B. SPECIAL CONDITIONS

C. TECHNICAL SPECIFICATIONS

1.3 BID PROPOSAL (including documentation accompanying the Bid and any post-Bid documentation submitted prior to the Notice to Apparent Low Bidder)

Exhibit A: Bid Bond Form

Exhibit B: FLORIDA TRENCH SAFETY ACT CERTIFICATION AND DISCLOSURE STATEMENT FORM

Exhibit C: CONFLICT OF INTEREST DISCLOSURE FORM

Exhibit D: CERTIFICATION OF UNDERSTANDING (NPDES AND PPCP)

Exhibit E: CONTRACTOR RESPONSIBILITY SURVEY FOR ENGINEERING AND CONSTRUCTION SERVICES

1.4 AGREEMENT

1.5 The Executed Bid, Payment and Performance Bonds.

1.6 All Addenda Issued by the County.

1.7 The original Specifications and Drawings.

1.8 All Supplemental Drawings Issued After Award of the Agreement.

1.9 All Field Orders, AARs, and/or Change Orders issued after Award of the Agreement.

1.10 Site Examination

ARTICLE 2 – DEFINITIONS

The following words and expressions shall, wherever they appear in the Contract Documents be construed as follows.

2.1 Addenda. Written or graphic instruments issued prior to the opening of Bids that clarify, correct, or change the Contract Documents.

2.2 **Agreement.** The principal written agreement between the COUNTY and the CONTRACTOR that, along with other Contract Documents, sets forth the respective rights and obligations of the parties. The Agreement will be attached to and made a part of these Contract Documents as Part IV thereof.

2.3 **Allowance Authorization Release (AAR).** The written pre-approval of the COUNTY ADMINISTRATOR or his designee for Allowance Work.

2.4 **Allowance Work.** That additional or revised work described in Article 21 of this Part II of the Contract Documents.

2.5 **Application for Payment.** The formal written request of a CONTRACTOR for a or final payment, which is to include such supporting documentation as may be required by the Contract Documents and which is to be submitted on the most recent COUNTY-approved form.

2.6 **Beneficial Occupancy.** The status of completion of a specified portion of the Project which (in the opinion of the DIRECTOR, upon recommendation by the PROJECT MANAGER, as evidenced by a Certificate of Beneficial Occupancy) is sufficiently complete, in accordance with the Contract Documents, so that the COUNTY may utilize that portion for the purposes for which it was intended, when said use will not significantly interfere with the construction of the remaining (uncompleted) part of the Project.

2.7 **Bid Proposal.** The offer or proposal of the BIDDER submitted on the prescribed form setting forth the price(s) for the Work to be performed.

2.8 **Bidder.** Any natural person, partnership, corporation, limited liability company, or any other legal entity submitting a Bid Proposal for the Work.

2.9 **BOARD.** Shall mean the Board of County Commissioners of Pasco County, Florida.

2.10 **Bonds.** Bid, Performance, Payment, Warranty Bonds, and other instruments of security furnished by the CONTRACTOR and the SURETY for the CONTRACTOR in accordance with the Contract Documents.

2.11 **Change Order (CHOR).** A written order signed by the Chairman of the Pasco County Board of County Commissioners or in the alternative, the COUNTY ADMINISTRATOR, (to the extent provided for under Sections 2-110(d)(4) and 2-101 of the COUNTY'S Purchasing Ordinance and Section 2.1.18 of General Conditions of the Contract Documents), authorizing an addition, deletion or revision in the Work or an adjustment in the Contract Price or the Contract Time issued after execution of the Agreement.

2.12 **Contract Documents.** The Agreement between the parties and all other documents

delineated in Article I of Subpart A of this Part II of the Conditions of the Contract.

2.13 CONTRACTOR. The successful BIDDER, whether a natural person, partnership, corporation, limited company, or any other legal entity or combination thereof, with whom the BOARD has entered into the Agreement.

2.14 Contract Price. The total monies payable by the COUNTY to the CONTRACTOR under the Contract Documents.

2.15 Contract Time. The number of calendar days stated in the Agreement for Completion of the Work and for performance of any Allowance Work hereunder, as amended by one or more approved Change Orders. The first day of the Contract Time shall be the date the Chairman of the BOARD executes the Agreement (Part IV) on behalf of the COUNTY, unless otherwise specified in the Contract Documents.

2.16 Cost of Work. With respect to Change Orders, the costs necessarily incurred and paid by the CONTRACTOR in the proper performance of the change order work, as delimited and restricted by Article 15 of this Part II of the Contract Documents.

2.17 COUNTY. The BOARD and the BOARD acting by and through its authorized designees, agents and employees.

2.18 COUNTY ADMINISTRATOR. The County Administrator of Pasco County, Florida, acting directly or through duly authorized representatives, which representatives are acting exclusively within the scope of the duties and authority assigned to them as set forth in the Contract Documents. Pursuant to Pasco County Code Section 2-110(d)(4), the County Administrator shall have direct authority to execute all written Change Orders involving name changes of the CONTRACTOR; the assignment by the CONTRACTOR to another entity of its obligations under this Contract; and for time extensions only for completion of the Work, provided they are in conformance with the law and applicable, policies, rules and regulations as well as for emergency purchases under Pasco County Code Section 2-101. The COUNTY ADMINISTRATOR is also specifically authorized to execute unilateral Change Orders up to the amount of the Allowance time and funds approved for this Project.

2.19 COUNTY ENGINEER. The Director of Engineering Services of Pasco County, Florida, acting directly or through duly authorized representatives, which representatives are acting exclusively within the scope of the duties and authority assigned to them.

2.20 COUNTY PURCHASING DIRECTOR. The Purchasing Director of Pasco County, Florida, acting directly or through duly authorized representatives, which representatives are acting exclusively within the scope of the duties and authority assigned to them.

2.21 Day. One calendar day when used in the Contract Documents, measured from midnight

to the next midnight, unless specified as a business day, in which case the term shall exclude Saturdays, Sundays, and holidays for which COUNTY offices is closed for business during any given calendar year.

2.22 **Defective.** An adjective which, when modifying the Work, refers to Work that is unsatisfactory, faulty, deficient or otherwise does not conform to the Contract Documents.

2.23 **DEPARTMENT.** Except as otherwise modified, a term that refers to the Branch, Division, Department or Office within the COUNTY that is administering the Project.

2.24 **DIRECTOR.** Except as otherwise modified, a term that refers to the Administrator or Director of the Branch, Division, Department or Office initiating and managing the Project or the authorized designee thereof.

2.25 **Draft Payment Request.** The draft of an Application for Payment, utilizing the most current COUNTY-approved Application for Payment form and designated by the word "DRAFT" in the top-right corner of each page thereof, submitted by a CONTRACTOR to the PROJECT MANAGER in advance of, and as a condition precedent to, the submission by the CONTRACTOR of the Application for Payment, for the purpose of identifying and resolving possible errors which could cause any or all amounts of the Application for Payment to be rejected as disputed pursuant to the Florida Prompt Payment Act, Florida Statutes Section 218.735.

2.26 **Drawings.** The drawings that show the character and scope of the Work to be performed and which have been prepared or approved by the PROFESSIONAL.

2.27 **Equal/Equivalent.** A product, service, component or system that is demonstrated to the satisfaction of the DIRECTOR, upon the recommendation of the PROJECT MANAGER, to be equal to the product service, component or system specified. The DIRECTOR shall be the sole judge of acceptability of a proposed Equal/Equivalent.

2.28 **Field Order (FO).** A written direction to the CONTRACTOR from the PROFESSIONAL that modifies Drawings and Specifications without changing Contract Price or Contract Time.

2.29 **Final Acceptance.** The acceptance of the Work by COUNTY as evidenced by the signature of the PROJECT MANAGER and the DIRECTOR upon the Certificate of Final Completion form. Final Acceptance shall be deemed to have taken place only if and when such signature is affixed to such certificate. The Certificate of Final Completion shall be signed only after the PROJECT MANAGER and the DIRECTOR have assurance by tests, inspection, or otherwise that all of the provisions of the Contract Documents have been carried out. Final Acceptance may also require inspection by certain regulatory agencies.

2.30 **Final Total Bid Price.** The ultimate bid price to be used by the COUNTY in its determination of the lowest and best Bid Proposal, which shall be calculated by the COUNTY based on the Total Bid Price submitted by a BIDDER and which may include the addition or deletion of Alternates included in the Alternate Bid Schedule submitted by the BIDDER in the Bid Proposal, as well as any allowances established and approved by the COUNTY. Upon acceptance and award of the bid, the Final Total Bid Price shall form the basis for the initial Contract Price.

2.31 **Final Completion.** The status of completion of the Work such that, in the opinion of the DIRECTOR, upon the recommendation of the PROJECT MANAGER, as evidenced by a definitive and duly executed Certificate of Final Completion, all Work has been completed in accordance with the General Documents, and there remain no outstanding and unfinished Punch List items.

2.32 **Non-conformance Report (NR).** A written notice from the PROJECT MANAGER to the CONTRACTOR reporting on an aspect of defective work that requires the immediate correction of the same by the CONTRACTOR.

2.33 **Notice.** Any notice required or permitted by the Contract Documents. Said Notice shall be in written form. Notice shall be served upon the CONTRACTOR at the place of business given in the Contract Documents. Notice to the COUNTY shall be served at the office of the DIRECTOR.

2.34 **Notice to Proceed (NTP).** The written notice issued to the CONTRACTOR by the PROJECT MANAGER, upon the instructions of the DIRECTOR, to begin the Work.

2.35 **Notice of Suspension.** The written notice issued to the CONTRACTOR by the PROJECT MANAGER, upon the instructions of the DIRECTOR, to suspend the Work pursuant to paragraph 16.1 of Article 16 of this Part II of the Contract Documents.

2.36 **Notice of Termination.** The written notice issued to the CONTRACTOR by the PROJECT MANAGER, upon the instructions of the DIRECTOR, to terminate the Work for reasons other than the convenience of the COUNTY, pursuant to paragraph 16.2 of Article 16 of this Part II of the Contract Documents.

2.37 **Notice of Termination of Convenience.** The written notice issued to the CONTRACTOR by the PROJECT MANAGER, upon the instructions of the DIRECTOR, to terminate the Work for the convenience of the COUNTY pursuant to paragraph 16.2.3 of Article 16 of this Part II of the Contract Documents.

2.38 **Notice to Apparent Low Bidder.** The written notice issued by the COUNTY to the apparent low BIDDER, directing said BIDDER to complete the Contractor's Responsibility Survey (Part III – Exhibit F) and execute and submit the Agreement (Part IV) for possible submission to the BOARD.

2.39 **Pay Quantity.** When applicable, the estimated quantity multiplied by the unit price for each pay item specified in the Bid Proposal (Part III).

2.40 **Professional.** The professional architectural/engineering firm designated to perform the design and/or resident engineer services for the Work by a prior agreement entered into between the COUNTY and said firm, or the COUNTY ENGINEER on those occasions when, and to the extent that, COUNTY shall perform the design and/or resident engineer services for the Work of a portion thereof.

2.41 **Project.** The total construction activities comprising the Work to be provided under the Contract Documents, in whole or in part as indicated elsewhere in the Contract Documents.

2.42 **Project Manager (PM).** A natural person employed by the COUNTY and assigned to manage and administer the Project that is the subject of the Contract Documents. The PROJECT MANAGER may designate in writing a PROJECT REPRESENTATIVE to perform certain duties and responsibilities as maybe set forth in the Special Conditions.

2.43 **Project Representative (PR).** A natural person employed by the COUNTY and designated in writing by the PROJECT MANAGER, with the written concurrence of the DIRECTOR, to perform certain duties and responsibilities as set forth in the Special Conditions.

2.44 **Punch List.** A detailed list of Work remaining after Substantial Completion prepared or approved by the PROJECT MANAGER with the consent of the DIRECTOR that the CONTRACTOR must complete to achieve Final Completion and a prerequisite to Final Acceptance.

2.45 **Schedule.** A plan for performing Work or achieving an objective.

2.46 **Schedule of Values.** A statement furnished by the CONTRACTOR to the COUNTY reflecting the portions of the Contract Price sum allotted for the various parts of the Work and used as the basis for reviewing the applications of the CONTRACTOR for progress payments.

2.47 **Site.** The area(s) on which the operations of the CONTRACTOR are carried out and such other adjacent areas that may be designated as such by the Contract Documents.

2.48 **Specifications.** Those portions of the Contract Documents consisting of written (general or detailed) technical descriptions of materials, equipment, construction systems, standards, and workmanship as applied to the Work and certain administrative details applicable thereto.

2.49 **Subcontractor.** Any natural person, partnership, corporation, limited liability company, or other legal entity or combination thereof, other than employees of the

CONTRACTOR, who contracts with the CONTRACTOR to furnish labor, materials, and/or equipment for the Work.

2.50 Submittals. All drawings, diagrams, illustrations, schedules, samples, test results, and other data which are specifically prepared by a CONTRACTOR, SUBCONTRACTOR, manufacturer, fabricator, supplier, or distributor to illustrate some portion of the Work and all such illustrations, brochures, standard schedules, performance charts, instructions, diagrams, and other information submitted by CONTRACTOR to illustrate material or equipment for some portion of the Work.

2.51 Substantial Completion. The status of completion of the Work which, in the opinion of the DIRECTOR, upon recommendation of the PROJECT MANAGER, as evidenced by a definitive Certificate of Substantial Completion, is sufficiently complete, in accordance with the Contract Documents, so that the Work can be utilized for the purposes for which it was intended. All tests reports required to verify the Project's compliance with the Contract Documents must be provided as a condition precedent to the COUNTY'S issuance of a Certificate of Substantial Completion.

2.52 Substitution. A product, service, component or system that is not equal to that delineated in the Specifications, but which is proposed by the CONTRACTOR in lieu thereof. The acceptability of a Substitution shall be based on the data submitted and the benefit of the COUNTY, including, but not limited to, appropriate adjustments in price. The PROJECT MANAGER shall make a recommendation to the DIRECTOR with respect to any proposed substitutions, and the DIRECTOR shall be the sole judge of acceptability of any Substitution.

2.53 Supplemental Drawings. The drawings issued after the execution of the Agreement to explain further, to illustrate, or to show changes in the Work.

2.54 Surety. Any business entity that executes, as Surety, the Bid, Performance, Payment or Warranty Bonds submitted by or on behalf of a CONTRACTOR.

2.55 Total Bid Price. The total price for which a BIDDER proposes to complete the Work, as submitted by a BIDDER in a Bid Proposal to the COUNTY, based on the Bid Schedule included with the Bid Proposal, but exclusive of adjustments by the COUNTY for Alternates listed in the Alternative Bid Schedule included in the Bid Proposal, and exclusive of any Allowances by the COUNTY.

2.56 Work. The work to be performed under this Agreement shall consist of furnishing all plant, tools, equipment, materials, supplies, and manufactured articles and for furnishing all transportation and service, including fuel, power, water, and essential communications, and for the performance of all labor, work or other operations required for the fulfillment of the Agreement in strict accordance with the specifications, schedules, drawings and other Contract Documents as herein defined, all

of which are made a part hereof, and including such detailed sketches as may be furnished by the PROFESSIONAL from time to time during construction in explanation of said Contract Documents. The Work shall be complete and all work, materials, and services not expressly shown or called for in the Contract Documents which may be necessary for the complete and proper construction of the Work in good faith shall be performed, furnished and installed by the CONTRACTOR as though originally so specified or shown, at no increase in cost to the COUNTY.

ARTICLE 3 –PRELIMINARY MATTERS

3.1 Delivery of Bonds and Other Documents. When the BIDDER delivers the executed Agreement to the COUNTY, Payment and Performance Bonds shall be delivered as may be required in accordance with these Contract Documents. Subsequent to the COUNTY's execution of the Agreement and as a strict precedent to the issuance of a Notice to Proceed for the WORK, the BIDDER must deliver to the COUNTY a certified copy of the recorded bonds, along with a Project schedule, a schedule of values and a Maintenance of Traffic plan for County review and approval on or before the date of the pre-construction meeting. A Warranty Bond on the completed Work, to ensure that the Warranty obligations of the CONTRACTOR will be fulfilled, shall be delivered to the COUNTY in accordance with these Contract Documents as a prerequisite to the issuance of a Certificate of Substantial Completion, unless such coverage has otherwise been provided under the express terms of a Performance Bond. ***UNLESS THE DIRECTOR OR PURCHASING DIRECTOR HAS GRANTED AN EXTENSION OF TIME TO THE CONTRACTOR, THE FAILURE OF THE CONTRACTOR TO SUBMIT BONDS OR ANY OTHER DOCUMENTATION REQUIRED BY THESE CONTRACT DOCUMENTS TO THE COUNTY IN A TIMELY MANNER SHALL CONSTITUTE GROUNDS FOR THE TERMINATION BY THE COUNTY OF THE AGREEMENT FOR CAUSE.***

3.2 Commencement of Contract Time. The Contract Time shall commence on the date specified in the County's written Notice to Proceed. Such Notice will be issued by the COUNTY after execution of the Agreement (Part IV) by the Chairman of the BOARD on behalf of the COUNTY.

3.3 Commencement of the Project. The CONTRACTOR shall begin the Work on the date the Contract Time commences. No Work shall be done prior to the date on which the Contract Time commences. ***Any Work performed by the CONTRACTOR prior to date on which Contract Time commences shall be at the sole risk and expense of the CONTRACTOR.***

3.4 Before Commencement of Each Part of the Work

3.4.1 Before undertaking each part of the Work, the CONTRACTOR shall carefully

study and compare the Contract Documents and check and verify pertinent figures and all applicable field measurements. The CONTRACTOR shall promptly report in writing to the PROJECT MANAGER any conflict, error, or discrepancy that it may discover. However, the CONTRACTOR shall not be liable to the COUNTY for failure to report any conflict, error, or discrepancy in the Drawings or Specifications unless the CONTRACTOR had actual knowledge thereof, or if the CONTRACTOR, by the exercise of reasonable diligence, should have known thereof.

3.4.2 At or before the pre-construction conference, the CONTRACTOR shall submit to the PROJECT MANAGER a proposed preliminary progress schedule covering the activities of Work. The schedule shall also include start and completion dates of the various stages of the entire Work and a preliminary schedule of submittals. The preliminary schedule will be superseded by final schedules as called for in the Contract Documents. The CONTRACTOR must also provide a schedule of values and a MOT Plan for COUNTY review and approval.

3.4.3 The CONTRACTOR or SUBCONTRACTORS shall perform no Work, and make no irrevocable commitments to vendors made, until the Contract Time commences.

3.5 Qualifications of Subcontractors, Vendors, and Suppliers

3.5.1 Within ten (10) days after receipt of Notice to Apparent Low Bidder, or prior to the award of the bid by the County (whichever is earlier) the CONTRACTOR shall submit to the PROJECT MANAGER a list of all SUBCONTRACTORS and all such other persons and organizations whom the CONTRACTOR intends to utilize in performing portion of the Work. The CONTRACTOR shall indicate the corresponding line item as shown on the Schedule of Values under which each SUBCONTRACTOR will be working.

3.5.2 The CONTRACTOR agrees, within fourteen (14) days of receipt of a written request from DIRECTOR, to promptly remove from the Project any personnel employed or retained by the CONTRACTOR, whom DIRECTOR may request in writing to be removed, with or without cause. Any substitution submitted by CONTRACTOR must be acceptable to the DIRECTOR and said substitution shall be at no additional cost to the COUNTY.

3.5.3 The CONTRACTOR agrees, within fourteen (14) days of receipt of a written request from DIRECTOR, to promptly remove and replace any SUBCONTRACTOR employed or retained by the CONTRACTOR, whom DIRECTOR shall request in writing to be removed, with cause. If DIRECTOR requires the removal of any SUBCONTRACTOR, the CONTRACTOR shall submit a substitute acceptable to DIRECTOR and said substitution shall be at no additional cost to the COUNTY.

3.5.4 The CONTRACTOR may remove or replace a SUBCONTRACTOR employed or retained by the CONTRACTOR only with the prior written approval of the DIRECTOR.

Said approval shall not be issued absent submission by the CONTRACTOR to the DIRECTOR of evidence, acceptable to the DIRECTOR, that the SUBCONTRACTOR to be removed or replaced has been paid in full for all services and material rendered by the SUBCONTRACTOR in connection with the Project.

3.6 Pre-construction Conference. Within ten (10) days following the award of bid by the BOARD, a conference shall be held for review and acceptance of the preliminary schedules and other deliverable specified (see 3.4.2 above); to establish procedures for handling submittals and process Applications for Payment, and to establish a working understanding among the parties as to the Work. These items are discussed in greater detail in the Special Conditions and/or Technical Specifications.

ARTICLE 4 – CONTRACT DOCUMENTS; INTENT, CONFLICTS, INTERPRETATION AND REUSE

4.1 Precedence

4.1.1 The Contract Documents comprise the entire agreement between the COUNTY and CONTRACTOR concerning the Work and may be altered only by Change Order.

4.1.2 It is the intent of the Contract Documents to describe the total Work to be constructed. The Contract Documents are complementary. What is called for by one is as binding as if called for by all. If the CONTRACTOR finds a conflict, error, or discrepancy in the Contract Documents, the CONTRACTOR shall call it to the attention of the PROFESSIONAL in writing before proceeding with the Work. The PROFESSIONAL shall respond with a written clarification as provided in Article 10. Any delays associated with the clarification shall be considered for time extensions only and *no damages for delay will be allowed,* absent fraud, bad faith, or active interference on the part of the COUNTY accompanied by actual malicious intent to delay. In resolving such conflicts, errors, and discrepancies, the Contract Documents shall be given precedence in terms of the most stringent requirements as determined by the DIRECTOR. Enforcement of the most stringent requirements shall be at the option of the COUNTY. Figure dimensions on the Drawings shall govern over scale dimensions, and the detailed Drawings shall govern over general Drawings. Any Work that may reasonably be inferred from the Contract Documents as being required to produce the intended result shall be supplied whether or not it is specifically called for Work, materials, or equipment described in words that, so applied, have a well-known technical or trade meaning shall be deemed to have such recognized meaning.

4.2 Reuse of Documents. Neither the CONTRACTOR nor any SUBCONTRACTOR, manufacturer, fabricator, supplier, or distributor shall have or acquire any title or ownership rights in any of the Drawings, Specifications, or other documents (or copies thereof) prepared by, or bearing the seal of, the

PROFESSIONAL, and they shall not reuse any of them on extensions of the Project or in connection with any other project.

ARTICLE 5 – PROJECT CONDITONS

5.1 Availability of Lands

5.1.1 The COUNTY shall furnish, at the times indicated in the Contract Documents, the lands upon which the Work is to be done, rights-of-way for access thereto, and such other lands that are designated for use by the CONTRACTOR for the Project. The COUNTY shall obtain easements for permanent structures or permanent changes in existing facilities unless otherwise specified in the Contract Documents. If the CONTRACTOR believes that any delay in the furnishing of these lands or easements by the COUNTY constitutes a valid reason for an extension of the Contract Time, the CONTRACTOR may make a claim for such time extension as provided for in Articles 11 and 13, *but in no event will the CONTRACTOR be entitled to any damages or additional compensation for such delay,* absent fraud, bad faith, or active interference on the part of the COUNTY accompanied by actual malicious intent to delay. The CONTRACTOR shall provide for all additional lands and access thereto that may be required for temporary construction facilities or storage of materials and equipment.

5.1.2 Upon request, the PROJECT MANAGER shall furnish to the CONTRACTOR copies of all available boundary surveys and subsurface tests.

5.2 Unknown or Concealed Conditions

5.2.1 If conditions are encountered, excluding existing utilities, at the Site which are (1) subsurface or otherwise concealed physical conditions which differ materially from those indicated in the Contract Documents, or (2) unknown physical conditions, of an unusual nature, which differ materially from those ordinarily found to exist and generally recognized as inherent in construction activities of the character provided for in the Contract Documents, then the CONTRACTOR shall give the COUNTY notice thereof promptly before conditions are disturbed and in no event later than 48 hours after first observance of the conditions. Failure to provide timely notice shall be considered a waiver by the CONTRACTOR of any claim relating to such unknown or concealed condition, unless the COUNTY in its sole discretion allots some additional time for notice.

5.2.2 The PROJECT MANAGER and the PROFESSIONAL shall promptly investigate such conditions, and, if they differ materially and cause an increase or decrease in the cost of, or the time required for, performance of any part of the Work by the CONTRACTOR, the PROJECT MANAGER shall recommend to the DIRECTOR, for approval by the BOARD or the COUNTY ADMINISTRATOR, as authorized herein, an equitable adjustment in the Contract Price or Contract Time, or both. If the PROFESSIONAL and the PROJECT

MANAGER determine that the conditions at the Site are not materially different from those indicated in the Contract Documents or are not materially different from those ordinarily found and that no change in the terms of the Agreement is justified, the PROJECT MANAGER shall notify the CONTRACTOR of the determination in writing. The Work shall be performed after the PROJECT MANAGER provides direction.

5.2.3 The CONTRACTOR shall ascertain such conditions, described in 5.2.1 as may be readily determined by inspection and inquiry, such as the location, accessibility, and general character of the Site, prior to submitting a Bid Proposal.

5.2.4 The basis of determining payment for unknown or concealed conditions involving excavation and/or fill shall be by representative cross-sections taken before, and after, the performance of the Work by the CONTRACTOR.

5.3 Reference Points. The PROFESSIONAL shall establish on the Drawings such general reference points as in its judgment will enable the CONTRACTOR to proceed with the Work. The CONTRACTOR shall establish the coordinates and elevations of two permanent benchmarks on the site. The CONTRACTOR shall establish construction control including, but not limited to construction baseline, any additional temporary benchmarks, and elevations at 1000-foot intervals by utilizing a registered land surveyor in compliance with all of the requirements of Chapter 472, Florida Statutes (Land Surveying). The CONTRACTOR shall be responsible for the layout of the Work, shall protect and preserve the established reference points and shall make no changes or relocations to them without the prior written approval of the PROFESSIONAL. The CONTRACTOR shall, within forty-eight (48) hours, give notice to the PROJECT MANAGER or Project Representative whenever any reference point is lost or destroyed or requires relocation because of necessary changes in grades or locations. The CONTRACTOR shall replace and accurately relocate all reference points so lost, destroyed, or moved by utilizing a registered land surveyor in compliance with all of the requirements of Chapter 472, Florida Statutes (Land Surveying).

5.4 Existing Utilities. Information shown on the Drawings as to the location of existing utilities has been prepared from the most reliable data available to the COUNTY. The provision of such information does not relieve the CONTRACTOR from performing its own due diligence regarding existing utilities. The CONTRACTOR also acknowledges that the COUNTY has no control over the relocation schedules of the effected utilities within the Project area. Prior to commencing Work, the CONTRACTOR shall be responsible for verification of the location of all underground utilities to the extent that the utilities can be reasonably located. The CONTRACTOR shall, at a minimum, contact all utility companies for the purpose of having all utilities located by the utility companies. The CONTRACTOR shall clear and grub those areas identified by the affected utility as essential to its work. Furthermore, the CONTRACTOR shall be

responsible for discovery of existing underground installations, in advance of excavating or trenching, by contacting all local utilities, and by prospecting to ascertain that the utilities shown or otherwise identified are in the area shown. When such exploratory excavations show the utility location as indicated on the drawings to be in error, the CONTRACTOR shall so notify the PROJECT MANAGER. The COUNTY shall not be liable for any damage or delay caused by any utility line that was or could have been identified by the CONTRACTOR using reasonable means. If the CONTRACTOR fails to fulfill its due diligence investigation or negligently conducts the due diligence investigation with respect to existing utilities prior to the commencement of Work, the CONTRACTOR will be deemed to have waived any claim the CONTRACTOR might otherwise have had to an adjustment of the Contract Price or Contract Time. If the CONTRACTOR fully performs a due diligence investigation with respect to existing utilities prior to the commencement of Work, and the CONTRACTOR is subsequently delayed by an unknown existing utility conflict, the CONTRACTOR may make a claim for an extension to the Contract Time in accordance with the requirements of the Contract Documents, but in no event will the CONTRACTOR be entitled to any damages or additional compensation from the COUNTY.

ARTICLE 6 – BONDS, INSURANCE AND INDEMNIFICATION

6.1 Performance and Payment Bonds. The CONTRACTOR shall execute a Performance Bond and a Payment Bond as shown in Part II, Exhibits A and B, or furnish acceptable alternative forms of security as stipulated in the Instruction To Bidders (Part I) as security for the faithful performance and payment by the CONTRACTOR of all obligations of the CONTRACTOR under the Contract Documents. The CONTRACTOR shall cause each such bond (or acceptable alternative) to be in an amount equal to 100% of the Contract Price, as said Contract Price may be adjusted from time to time by an appropriate Change Order. Additionally, each such bond shall be as shown on the attached forms and shall be executed by the CONTRACTOR, and by a SURETY, authorized to do business as a surety in Florida, who is otherwise acceptable to the COUNTY. Said executed Performance Bond and Payment Bond shall be provided to the COUNTY by the CONTRACTOR prior to submission of the Agreement (Part IV) to the BOARD for its approval and execution. Prior to commencing Work, it shall be the responsibility of the CONTRACTOR to record in the Public Records of the COUNTY the executed Performance Bond and Payment Bond and to provide the COUNTY with a certified copy of the recorded bonds.

6.2 Warranty Bond. Upon completion of the Project and as a condition of Substantial Completion, the CONTRACTOR shall execute a Warranty Bond in a form acceptable to the COUNTY, or furnish acceptable alternative forms of security for the faithful performance by the CONTRACTOR of the obligation of

the CONTRACTOR to warranty and guarantee the Work under the Contract Documents, unless coverage is already provided under the express terms of a Performance Bond. The CONTRACTOR shall cause said Warranty Bond (or an acceptable alternative) to be in an amount sufficient to guarantee the Work pursuant to Article 14 of this Part II, as said Work may be adjusted from time to time by an appropriate Change Order. Each such bond shall be executed by the CONTRACTOR, and by a SURETY, authorized to do business as a surety in Florida, that is otherwise acceptable to the COUNTY, and delivered to the COUNTY immediately before, and as a condition of Substantial Completion.

6.3 Insurance of the Contractor

6.3.1 During the life of this Agreement, the CONTRACTOR shall provide, pay for, and maintain insurance of the types and in the amounts described herein. All such insurance shall be provided by responsible companies with A.M. Best ratings of A-, Class 8 or better, authorized to transact business in the State of Florida, and which are satisfactory to the COUNTY. Promptly after the issuance by the COUNTY of the Notice to Apparent Low Bidder of this Agreement, and prior to submission of the Agreement (Part IV) to the BOARD for its approval and execution, the CONTRACTOR shall provide to the COUNTY evidence of insurance coverage of the types, and in the amounts, required hereunder by submitting executed Certificates of Insurance, the preferred form of which is found in this Part II, Exhibit C. Each Certificate shall set forth the original manual signature of the authorized representative of the insurance company/companies identified therein and shall have attached thereto proof that said representative is authorized to execute the same. In addition, the CONTRACTOR shall provide certified true and exact copies of all required policies and of endorsements to the COUNTY within sixty (60) days of the issuance by the COUNTY of the Notice to Apparent Low Bidder.

6.3.2 All policies of insurance mandated by this Agreement shall name the COUNTY as a certificate holder and require that the insurer give the COUNTY thirty (30) days written notice of any cancellation, intent not to renew, or reduction in coverage; and ten (10) days written notice of any non-payment of premium. Such notice shall be delivered by First-Class U.S. Mail to: Pasco County Risk Management Department, 7536 State Street, New Port Richey, Florida 34654. In the event of any reduction in the aggregate limit of any policy, the CONTRACTOR shall immediately restore such limit to the amount required herein.

6.3.3 All insurance coverage provided by the CONTRACTOR shall be primary to any insurance or self-insurance program of the COUNTY that is applicable to the Work provided for in this Agreement.

6.3.4 Receipt by the COUNTY of any Certificate of Insurance or copy of any policy evidencing the insurance coverage and limits required by the Contract Documents does not constitute approval or agreement by the COUNTY that the insurance requirements

have been satisfied or that the insurance policies shown on the Certificates of Insurance are in compliance with the requirements of the Contract Documents.

6.3.5 No work for the COUNTY shall commence, nor occupancy by the CONTRACTOR of any of its property take place, until the required Bonds, Certificates of Insurance, and copies of the associated policies, if requested, are received by the COUNTY, even if the Contract Time has commenced.

6.3.6 The insurance coverage and limits required of the CONTRACTOR under the Contract Documents are designed to meet the minimum requirements of the COUNTY. They are not designed as a recommended insurance program for the CONTRACTOR. The CONTRACTOR shall be responsible for the sufficiency of its own insurance program. Should the CONTRACTOR have any questions concerning its exposures to loss under the Contract Documents or the insurance coverage needed therefore, it should seek professional assistance.

6.3.7 If the insurance coverage initially provided by the CONTRACTOR is to expire prior to completion of the Work, renewal Certificates of Insurance shall be furnished to the COUNTY thirty (30) days prior to expiration of current coverage.

6.3.8 Should the CONTRACTOR fail to maintain any of the insurance coverage required by the Contract Documents, the COUNTY may, at its option, either terminate this Agreement for default, or procure and pay for such coverage, charging the CONTRACTOR for, and deducting the costs of, the same from payments due the CONTRACTOR? A decision by the COUNTY to procure and pay for such insurance coverage shall not operate as a waiver of any of its rights under the Contract Documents.

6.3.9 In addition to being listed as a certificate holder, all liability insurance policies obtained by the CONTRACTOR to meet the requirements of the Contract Documents, other than the Worker's Compensation and Employer's Liability Policy, shall provide that the COUNTY, its employees and agents, and the PROFESSIONAL shall be "additional insureds" under the Policy and shall also incorporate a Severability of Interest provision. All insurance coverage provided under this Section shall apply to all the activities of the CONTRACTOR under the Contract Documents without regard for the location of such activity.

6.3.10 Coverage. Amounts and type of insurance shall conform to the following minimum requirements with the use of current Insurance Service Office forms and endorsements or their equivalent.

6.3.10.1 Worker's Compensation and Employer's Liability Insurance. The CONTRACTOR shall maintain coverage for all employees engaged in the Work, in accordance with the laws of the State of Florida. The CONTRACTOR also agrees to waive its right of

subrogation as part of this coverage. The amount of each insurance shall not be less than:

a.	Workers' Compensation	Florida Statutory Requirements
b.	Employer's Liability	$100,000.00 Limit Each Accident $500,000.00 Limit Disease Aggregate $100,000.00 Limit Disease Each Employee

6.3.10.2 Commercial General Liability Insurance. Coverage shall include, but not limited to, liability arising from the Premises, operations, independent contractors, products, completed operations, personal and advertising injury. Contractual coverage for this Contract, including any hold harmless and/or indemnification agreement(s), shall be provided on an ISO form CG 0001 or its equivalent. Limits of coverage shall not be less than the following on a per occurrence basis:

General Aggregate	$2,000,000.00
Products – Completed Operations Aggregate	$2,000,000.00
Personal and Advertising Injury	$500,000.00
Each Occurrence	$2,000,000.00
Fire Damage (Any One Fire)	$50,000.00
Specific Contract Aggregate Limits	$ (*same as above*)

a. The Aggregate Limits shall be separately applicable through the use of the endorsement attached hereto as Exhibit D or its equivalent according to the Risk Management Division of the COUNTY.

b. If the General Liability Insurance required herein is issued or renewed on a "claims made" form, as opposed to the occurrence" form, the retroactive date for coverage shall be no later than the date the Contract Time commences and shall provide that in the event of cancellation or non-renewal the discovery period for insurance claims (Tail Coverage) shall be extended for three (3) years beyond the completion and acceptance date of the Project under this Contract.

6.3.10.3 Business Automobile Liability Insurance. Coverage shall be maintained by the CONTRACTOR as to ownership, maintenance, and use of all of its owned, non-owned, leased or hired vehicles with limits of not less than:

a. Bodily Injury & Property Damage Liability:
$1,000,000.00 Combined Single Limit Each Accident

6.3.10.4 All Risk Coverage. For purposes of this Agreement, **Builder's Risk** coverage is /is not **X** required; Installation **Floater coverage** is _ /is not **X required**. If either or both are required, the CONTRACTOR shall provide said coverage, which shall include the following minimum requirements:

a. All Risk coverage shall be issued by insurance company(s) approved by the State of Florida Department of Insurance and acceptable to the COUNTY. All coverage and endorsements must be on forms acceptable to the COUNTY. The CONTRACTOR shall pay any and all premiums for this insurance, with any deductibles being the sole responsibility of the CONTRACTOR. If both Builder's Risk and Installation Floater have been specified, no more than one deductible per occurrence shall apply. Maximum deductible per occurrence for this Project: $ N/A .

b. Limit of coverage shall be 100% of the completed value of any building(s) or structure(s), or 100% of the value of the equipment to be installed, as appropriate; and Installation Floater coverage shall also provide for coverage of the installed equipment, including labor and materials, prior to final completion of the Project.

c. Waiver of Occupancy Clause or Warranty: Policy must be specifically endorsed to eliminate any "occupancy clause" or similar warranty or representation that the building(s) or structure(s) will not be occupied.

6.3.10.3.5 Pollution Liability Insurance. For purposes of this Agreement, **Pollution** Liability Insurance coverage is _ /is not **X** required. If required, the CONTRACTOR shall provide said coverage, which shall include the following minimum requirements: The minimum limits of liability shall be: $2,000,000.00 per occurrence/ $2,000,000.00 aggregate for the incident. The CONTRACTOR shall maintain pollution liability coverage for bodily injury, property damage and environmental damage caused by a pollution incident.

6.3.10.6 Certificates of Insurance. Certificates of Insurance evincing the insurance coverage specified in paragraphs 6.3.10.1 through 6.10.5 inclusive, and in paragraph 6.2.10.4, when required, shall be filed with the Purchasing Department within ten (10) days of the Notice to Apparent Low Bidder. The required Certificates of Insurance shall name the types of policies provided and shall refer specifically to this Contract.

6.4 Untimely Submission. The failure of the CONTRACTOR to submit the required Payment Bond, Performance Bond, and Certificates of Insurance within the times required by this Article may result in a delay in issuing the Award. The parties

specifically agree that such a delay is neither excusable nor compensable and will not entitle the CONTRACTOR to a change in the Contract Price or Time. The COUNTY also reserves the right to reject the CONTRACTOR's Bid Proposal and to award the bid to the next lowest bidder if the required documents are not received within the timeframe specified herein.

6.5 Indemnification

6.5.1 The CONTRACTOR shall indemnify and hold harmless the COUNTY and the employees and agents of the COUNTY from, and against, all liabilities, claims, suits, demands, damages, losses, and expenses, including, but not limited to attorneys' fees, arising out of, or resulting from, the performance of the Work, provided that any such liability, claim, suit, demand, damage, loss or expense: (a) is attributable to bodily injury, sickness, disease or death, or injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom; and (b) is caused in whole or in part by the negligence, recklessness or intentional wrongful misconduct of the CONTRACTOR, any SUBCONTRACTOR, anyone directly or indirectly employed by any of them, or anyone for whose acts any of them may be liable in the performance of the Construction Contract.

6.5.2 In any and all claims against the COUNTY, or against any of the agents or employees of the COUNTY, by any employee of the CONTRACTOR, any SUBCONTRACTOR, anyone directly or indirectly employed by any of them, or anyone for whose acts any of them may be liable, the indemnification obligation under the previous paragraph shall not be limited in any way as to the amount or type or damages, compensation or benefits payable by or for the CONTRACTOR or any SUBCONTRACTOR under workmen's compensation acts, disability benefit acts, or other employee benefit acts.

6.5.3 The CONTRACTOR shall indemnify and hold harmless the COUNTY and anyone directly or indirectly employed by the COUNTY from and against all claims, suits, demands, damages, losses, and expenses including, but not limited to, attorney's fees, arising out of any infringement of patent rights, copyrights, trademarks, trade dress, or other intellectual property rights held by others, and shall defend all such claims in connection with any alleged infringement of such rights.

6.5.4 The CONTRACTOR shall, at the option of the COUNTY, underwrite on an interim basis all expenses associated with the legal defense of the COUNTY, pending the outcome of any litigation through appeal, with respect to any liabilities, claims, suits, demands, damages, losses, and expenses, including, but not limited to, attorneys' fees, for which the CONTRACTOR may be liable to the COUNTY, in whole or in part, pursuant to 6.5.1-6.5.3 above, irrespective of whether said liabilities, claims, suits, demands, damages, losses, and expenses, including, but not limited to, attorneys' fees, may ultimately be found by a court of law to have been causes, in whole or in part, by the

negligence or other fault of the COUNTY. In discharging this duty to the COUNTY, the CONTRACTOR shall strictly account to the COUNTY on a monthly basis for all expenditures so incurred. Upon the conclusion of any litigation through appeal, to the extent that the CONTRACTOR has been found less than fully liable for any liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees, the COUNTY shall reimburse the CONTRACTOR for that portion of the reasonable costs of underwriting the legal defense of the COUNTY.

6.5.5 With respect to, and in consideration for, the indemnifications provided herein by the CONTRACTOR, as well as the duty of the CONTRACTOR, at the option of the COUNTY, to underwrite the legal defense of the COUNTY pending the outcome of any litigation through appeal, the COUNTY agrees to pay to the CONTRACTOR as a, separate consideration, the sum of $100.00, the sufficiency and receipt of which is hereby acknowledged.

6.5.6 Notwithstanding any language to the contrary which may be contained herein, the ultimate duty of the CONTRACTOR to indemnify and hold the COUNTY harmless under this Article 6 shall be limited to the extent that any liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees, are caused by the negligence, recklessness, or intentional wrongful misconduct of the indemnifying party and persons employed or utilized by the indemnifying party in the performance of the construction contract.

ARTICLE 7 – RESPONSIBILITIES OF THE CONTRACTOR

7.1 Supervision and Superintendence. The CONTRACTOR shall supervise and direct the Work efficiently and with its best skill and attention. The CONTRACTOR shall be solely responsible for the means, methods, techniques, sequences, and procedures of construction unless specifically addressed in the Contract Documents. The CONTRACTOR shall be responsible for seeing that the finished Work complies accurately with the Contract Documents. The CONTRACTOR shall cooperate with and be responsible for coordination of the Work with other contractors and/or utilities at the Site in accordance with the Specifications, if applicable. The CONTRACTOR shall attend meetings as requested by the PROJECT MANAGER.

7.1.1 The CONTRACTOR shall keep on the Work at all times during its progress a competent resident superintendent who shall not be replaced without written notice to the PROJECT MANAGER except under extraordinary circumstances. The CONTRACTOR shall provide Notice to the COUNTY of the identity of the superintendent at the Pre-construction Conference, and the COUNTY shall at that time be provided with a 24-hour, 7 days-per-week telephone number for the superintendent which shall remain valid until Final Completion. The superintendent shall be the representative of the CONTRACTOR at the Site and shall have authority to act on behalf of the CONTRACTOR.

All communications given to the superintendent shall be as binding as if given to the CONTRACTOR.

7.2 Labor, Materials, and Equipment. The CONTRACTOR shall provide and pay for competent, suitable, qualified personnel to survey and layout the Work and perform construction as required by the Contract Documents. The CONTRACTOR shall at all times maintain good discipline and order on the Site.

7.2.1 The CONTRACTOR shall furnish and pay for all materials, equipment, labor, transportation, construction equipment and machinery, tools, appliances, fuel, power, light, heat, telephone, water and sanitary facilities, and all other facilities and incidentals whether temporary or permanent necessary for the execution, testing, initial operation, and completion of the Work as required by the Contract Documents.

7.2.2 All materials and equipment shall be applied, installed, connected, erected, used, cleaned, and conditioned in accordance with the instructions of the applicable manufacturer, fabricator, or processors, except as otherwise provided in the Contract Documents.

7.2.3 All materials and equipment shall meet or exceed contract specifications and, except as may otherwise be provided in the Contract Documents, shall be new and of good quality. When requested by the PROJECT MANAGER, the CONTRACTOR shall furnish promptly a statement of the origin, compositions, and manufacture of any and all materials to be used in the construction of the Work, together with samples that may be subjected to the tests provided for in the Specifications, to determine their quality and fitness for the Work. The CONTRACTOR shall further promptly supply, at the request of the PROJECT MANAGER, certification from the supplier of any material to be incorporated into the Work that said material meets or exceeds the Specifications.

7.2.4 At any time during the course of the CONTRACT, with respect to any and all materials and equipment to be used in the construction of the Work, the PROJECT MANAGER may request, and upon such request the CONTRACTOR shall furnish in form and substance satisfactory to the PROJECT MANAGER within ten (10) days, documentation which provides reasonable assurances to the COUNTY that the CONTRACTOR will be able to furnish said materials and equipment, all of proper quality and quantity, at bid prices, in a timely manner. Any and all risk of fluctuation in the market price of materials or equipment, or the availability thereof, shall remain at all times the sole responsibility of the CONTRACTOR.

7.3 Substitute Materials or Equipment. In the event the CONTRACTOR notifies the PROJECT MANAGER that certain materials or equipment described in the CONTRACT cannot be procured by the CONTRACTOR for the project, or should the DIRECTOR, upon the recommendation of the PROJECT MANAGER, find to be inadequate the documentation submitted by the CONTRACTOR in response

to a request for reasonable assurances of ability to furnish the materials or equipment as described above, the COUNTY may, as its option:

a. Waive any specification with respect to said materials or equipment, authorize acceptable substitute materials or equipment, and make an appropriate adjustment to the amounts due the CONTRACTOR for the cost of said materials or equipment, including labor, and other expenses associated with the change; or

b. Procure the materials or equipment itself and charge the actual cost thereof, including labor and other incidental expenses incurred by the COUNTY, to the CONTRACTOR by deducting said costs and expenses from amounts otherwise due the CONTRACTOR.

Approval of any change in costs or schedule as a result of tentative acceptance of the substitute by the DIRECTOR, based on the recommendation of the PROJECT MANAGER, shall be by Changer Order.

7.4 Concerning Subcontractors

7.4.1 The CONTRACTOR may not subcontract overall management obligations pertaining to the Work, or any substantial component thereof, and not more than eighty percent (80%) of the Work shall be subcontracted under any circumstances. This limitation on subcontracting shall not apply to any aspect of the Work that involves the supply of equipment or materials alone. The CONTRACTOR shall retain ultimate liability for all contractual obligations under the Contract Documents. The CONTRACTOR shall further be fully responsible for all acts and omissions of SUBCONTRACTORS, and of persons directly or indirectly employed by them, and of persons for whose acts any of them may be liable to the same extent as if the CONTRACTOR had employed them. Nothing in the Contract Documents shall create any contractual relationship between any SUBCONTRACTOR and the COUNTY or any obligation on the part of the COUNTY to pay or to see to the payment of any monies due any SUBCONTRACTOR, except as may otherwise be required by law. The COUNTY may furnish to any SUBCONTRACTOR, to the extent practicable, evidence of amounts paid to the CONTRACTOR for specific Work done.

7.4.2 Any divisions and sections of the Specifications and the identifications of any Drawings shall not control the CONTRACTOR in dividing Work among SUBCONTRACTORS or delineating the Work to be performed by any specific trade.

7.4.3 The CONTRACTOR agrees to bind specifically every SUBCONTRACTOR, by way of an appropriate written agreement, to the applicable terms and conditions of the Contract Documents, including but not limited to the General Conditions, Special Conditions, and Technical Specifications, for the benefit of the COUNTY.

7.4.4 All Work performed for the CONTRACTOR by a SUBCONTRACTOR shall be pursuant to an appropriate written agreement between the CONTRACTOR and the SUBCONTRACTOR which shall contain provisions that waive all rights the contracting parties may have against one another for damages cause by fire or other perils covered by insurance, except such rights as they may have to proceeds of such insurance held by the COUNTY as trustee. The CONTRACTOR shall pay each SUBCONTRACTOR an appropriate amount determined by value of Work, of any insurance monies received by the CONTRACTOR under this insurance.

7.4.5 County as Intended Beneficiary of Subcontracts. The COUNTY shall be an intended substantial beneficiary of the written agreements between the CONTRACTOR and its SUBCONTRACTORS.

7.5 Patent Fees and Royalties. The CONTRACTOR shall pay all license fees and royalties and shall assume all costs incident to the use of any invention, design, process, or device which is the subject of patent rights or copyrights held by others.

7.6 Permits. The CONTRACTOR shall secure and pay all construction permits, licenses, governmental charges and inspection fees, and all public utility charges that are applicable and necessary for the execution of the Work as listed in the Construction Documents at the time of its Bid. A permit allowance may be established in the Bid Proposal. In the absence of a permit allowance being established, all permit costs shall be included in the base bid. Permits, if any, which are provided and paid for by the COUNTY, are listed in the Contract Documents. Any delays associated with the permitting process will be considered for time extensions only, and *no damages or additional compensation for delay will be allowed.*

7.7 Laws and Regulations. The CONTRACTOR shall give all notice and comply with all laws, ordinances, rules, and regulations applicable to the Work. If the CONTRACTOR observes that any of the Contract Documents are contradictory to such laws, rules, and regulations, the CONTRACTOR will notify the PROJECT manager promptly in writing. An appropriate Change Order shall then be used to institute any necessary changes. If the CONTRACTOR performs any Work that it knows or should have known to be contrary to such laws, ordinances, rules and regulations and without such notice to the PROJECT MANAGER, the CONTRACTOR shall bear all related costs.

7.7.1 LAW COMPLIANCE. Each party will comply with all applicable federal, state and local laws, rules, regulations and guidelines, related to performance under this Agreement. In particular, the CONTRACTOR verifies and affirms that it is in compliance with 8 USC Sec. 1324 prohibiting the employment either directly or by contract, subcontract or exchange of unauthorized aliens in the United States. The County will

consider the employment of unauthorized aliens by any CONTRACTOR during the term of the Agreement a violation of the Immigration and Nationality Act. Such violation shall be cause for unilateral cancellation of this Agreement by the County.

7.8 Use of Premises. The CONTRACTOR shall confine its equipment, the storage of materials and equipment, and the operations of its workers to the area permitted by law, ordinances, permits, or the requirements of the Contract Documents. The CONTRACTOR shall not unreasonably encumber the Site with materials and equipment. Any loss or damage to the materials or equipment of the CONTRACTOR or of any SUBCONTRACTOR shall be solely at the risk of the CONTRACTOR.

7.8.1 The CONTRACTOR shall not load or permit any part of any structure to be loaded in any manner that will endanger the structure. The CONTRACTOR shall not subject any part of the Work or adjacent property to stresses or pressures that will endanger them.

7.8.2 The COUNTY shall retain ownership of any usable material on the Premises such as fill, millings, etc. unless otherwise specified by the COUNTY at the pre-construction meeting.

7.9 Record Drawings

7.9.1 The CONTRACTOR shall keep at the Site and in good order one record copy of the Contract Documents, the Construction Plans, and the Shop Drawings. These documents shall be annotated on a continuing basis to show all changes made during the construction process. These shall be available to the PROFESSIONAL and the PROJECT MANAGER and shall be submitted to the PROJECT MANAGER prior to, or contemporaneously with, the Application for Final Payment. The CONTRACTOR shall provide record drawings in accordance with the Technical Specifications.

7.9.2 For water and wastewater facilities, the minimum requirements for record drawings are specified in the Special Conditions.

7.10 Safety and Protection

7.10.1 The CONTRACTOR shall be responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the Work and for maintaining the Project Site in a safe and good order (which would include such activities as mowing or trimming grass, bushes or other vegetation and trash removal on the Site and as deemed necessary by the COUNTY) during the term of the Agreement. The CONTRACTOR shall take all necessary precautions for the safety of and will provide the necessary protection to prevent damage, injury, or loss to:

a. All employees on the Work and other persons who may be affected by it;

b. All the Work and all materials or equipment to be incorporated, whether in storage on or off the Site. The CONTRACTOR shall assume all risk of loss for stored equipment or materials, irrespective of whether the CONTRACTOR has transferred the title of the stored equipment or materials to the COUNTY; and

c. Other property at the Site or adjacent to it, including trees, shrubs, lawns, walks, pavements, roadways, structures, and utilities not designated for removal, relocation, or replacement in the course of construction.

7.10.2 The CONTRACTOR shall comply with all applicable laws, ordinances, rules, regulations, and orders of any public body having jurisdiction for the safety of persons or property or to protect them from damage, injury, or less. The CONTRACTOR shall erect and maintain, as required by the conditions and progress of the Work or as otherwise required or directed by the COUNTY, all necessary safeguards for safety and protection of persons and property throughout the term of the Agreement. CONTRACTOR shall notify owners of adjacent property and utilities when execution of Work may affect them prior to start of work. All damage, injury, or loss to any property caused directly or indirectly, in whole or in part, by the CONTRACTOR, any SUBCONTRACTOR, anyone directly or indirectly employed by any of them, or anyone for whose acts any of them may be liable shall be remedied by the CONTRACTOR.

7.10.3 The CONTRACTOR shall designate a responsible member of its organization whose duty shall be the prevention of accidents at the Site. This person shall be the superintendent of the CONTRACTOR unless otherwise designated in writing by the CONTRACTOR to the PROJECT MANAGER.

7.11 Emergencies. In emergencies affecting the safety of persons, the Work or property at the Site or adjacent thereto, the CONTRACTOR, without special instructions or authorization from the PROJECT MANAGER, and then only if time or circumstances do not permit such special instructions or authorization, is obligated to prevent or mitigate threatened damage, injury, or loss. The CONTRACTOR shall give the PROJECT MANAGER written notice that the emergency provision has been invoked and shall state the reasons therefore within twenty-four (24) hours of the incident. If the CONTRACTOR believes the emergency resulted in additional Work, an otherwise untimely claim for a Change Order is permissible and may be submitted in accordance with the procedures set forth herein.

7.11.1 The CONTRACTOR shall immediately notify the PROJECT MANAGER of all events involving personal injuries to any person on the Site, whether or not such person was engaged in the construction of the Project, and shall file a written report on such person(s) and any other events resulting in property damage of any amount within five (5) days of the occurrence of each such event.

7.11.2 The PROJECT MANAGER upon learning of an emergency situation threatening the safety of persons or the integrity of property shall immediately report the circumstances to the DIRECTOR. If the DIRECTOR is unavailable to provide direction, or if the circumstances do not allow the PROJECT MANAGER a reasonable opportunity to seek guidance from the DIRECTOR, the PROJECT MANAGER may direct the CONTRACTOR to call out Work crews, equipment and materials to prevent threatened damage, injury or loss. The CONTRACTOR shall be obligated to comply with any directions issued by the PROJECT MANAGER when the PROJECT MANAGER has determined that an emergency situation exists. If the CONTRACTOR believes the emergency resulted in additional Work, an otherwise untimely claim for Change Order is permissible and may be submitted in accordance with the procedures set forth herein.

7.12 Submittals and Samples

7.12.1 After checking and verifying all field measurements, the CONTRACTOR shall promptly submit to the PROFESSIONAL for approval, in accordance with the accepted schedule of submittals, all Submittals required by the Contract Documents. All Submittals shall have been checked by and stamped with the approval of the CONTRACTOR and identified as the PROFESSIONAL may require. The data shown on or with the Submittals will be complete with respect to dimensions, design criteria, materials and any other information necessary to enable the PROFESSIONAL to review the Submittal as required. At the time of each submission, the CONTRACTOR shall give notice to the PROFESSIONAL of all deviations that the Submittal or sample may have from the requirement of the Contract Documents.

7.12.2 The CONTRACTOR shall submit to the PROJECT MANAGER for review and recommendation to the DIRECTOR for approval, within ten (10) days after Notice To Apparent Low Bidder, a preliminary Schedule of Values for all of the Work which will include quantities and prices of items aggregating the Contract Price and will subdivide the Work into component parts in sufficient detail to serve as the basis for progress payments during construction. Such prices shall include an appropriate amount of overhead and profit applicable to each item of Work that will be confirmed in writing by the CONTRACTOR at the time of submittal.

7.12.3 The PROFESSIONAL shall review and approve Submittals. This review and approval by the PROFESSIONAL shall be only for conformance with the design concept of the Project and compliance with the information given in the Contract Documents. The approval of a separate item as such will not indicate approval of the assembly in which the item functions. The CONTRACTOR will make any corrections required by the PROFESSIONAL and resubmit the required number of corrected copies until approved. The signature, initials, or stamp of approval of the CONTRACTOR on any Submittal shall constitute its representation to the PROFESSIONAL and COUNTY that the CONTRACTOR has determined and verified all quantities, dimensions, field construction criteria, materials, catalog numbers, and similar data, and that each Submittal has been

reviewed or coordinated with the requirements of the Work and the Contract Documents.

7.12.4 No Work requiring a Submittal shall commence until the PROFESSIONAL has approved the Submittal. A copy of each approved Submittal shall be kept in good order by the CONTRACTOR at the Site and shall be available to the PROFESSIONAL and COUNTY staff. Any delays associated with the submittal process will be considered for time extensions only, and *no damages or additional compensation for delay will be allowed.* No time extensions will be allowed for delays not attributable to the either the COUNTY or the PROFESSIONAL.

7.12.5 The approval by the PROFESSIONAL of Submittals shall not relieve the CONTRACTOR of its responsibility for any deviations from the requirements of the Contract Documents unless the CONTRACTOR has called the attention of the PROFESSIONAL and the PROJECT MANAGER to such deviation in writing at the time of submission, and the PROJECT MANAGER, with the consent of the DIRECTOR, has given written approval to the specific deviation; any such approval by the PROFESSIONAL alone shall not relieve the CONTRACTOR from responsibility for errors or omissions in the Submittals.

7.12.6 To facilitate review, the CONTRACTOR shall number consecutively each Submittal. This numbering system shall be in order of Submittal. Any re-submittal required shall have the same number as the original Submittal followed by notation signifying that this is a second or third Submittal (e.g." #14-2nd submittal"). All Submittals shall provide a space for the review stamp of the PROFESSIONAL, preferably on the first page. In addition, all Submittals shall contain the following notation completed by the CONTRACTOR:

Project Number and Name: _____

Submittal Number: _____

Deviations: _____

None: _____

As listed: _____

Reference Specification Number: _____

Reference Drawing Number: _____

Space Requirement: _____

As designed: _____

Different, as listed: _____

Contractor has reviewed and submitted for approval.

Signature:_____ Date: _____

The review of a particular Submittal will be undertaken only if the above such information is provided.

7.13 Cleaning Up. The CONTRACTOR shall maintain the Site free from accumulations of waste materials, rubbish, and other debris resulting from the Work on a daily basis as well as overgrown grass, plants or vegetation on Site or as otherwise required by the COUNTY during the term of the Agreement. At the completion of the Work, the CONTRACTOR shall remove all waste materials, rubbish, and debris from the Site as well as all tools, construction equipment and machinery, and surplus materials and will leave the Site clean and ready for occupancy by the COUNTY. In addition to any other rights available to COUNTY under the Contract Documents, the failure of the CONTRACTOR to maintain the Site may result in the withholding by the COUNTY of any amounts due CONTRACTOR. The COUNTY also reserves the right, upon the CONTRACTOR'S failure to perform clean-up activities, after written notice, to use its own forces or a third-party contractor and to delete the costs incurred from any amount due the CONTRACTOR. The CONTRACTOR will restore to original condition those portions of the Site not designated for alteration by the Contract Documents as part of its obligations under the Contract.

ARTICLE 8 – WORK BY OTHERS

8.1 The COUNTY may perform additional Work related to the Project with its own forces or may carry out such Work through direct contract with third-party contractors. The CONTRACTOR shall provide any third-party contractors, including, but not limited to, the employees, agents, subcontractors, and suppliers of such third-party contractors (or of the forces of the COUNTY performing the additional Work, reasonable opportunity for the introduction and storage of materials and equipment, and for the execution of work, and shall properly connect and coordinate its Work with theirs. The CONTRACTOR is not entitled to exclusive use of the Site. The COUNTY reserves the right to accept or reject Work related to the Project based on the quality of Work performed by the CONTRACTOR or its SUBCONTRACTORS.

8.2 If any part of the Work of the CONTRACTOR depends (for proper execution or results) upon the work of any such third-party contractor (or of the COUNTY), the CONTRACTOR will inspect and promptly report to the PROJECT MANAGER in writing any defects or deficiencies in such work that render it unsuitable for such proper execution and results with respect to the Work. The failure of the CONTRACTOR to so report shall constitute an acceptance of the other work,

except as to defects and deficiencies that may appear in the other work after the execution of its Work. The CONTRACTOR shall be entitled to extension of time*, but not to damages or additional compensation from the COUNTY related to delay,* whether caused by such third-party contractors, or the COUNTY, absent fraud, bad faith, or active interference by the COUNTY which is accompanied by an actual malicious intent on the part of the COUNTY to cause delay.

8.3 The CONTRACTOR will do all cutting, fitting, and patching of its Work that may be required to make its several parts come together properly, and fit it to receive or be received by such third-party work. The CONTRACTOR will not endanger any work of others by cutting, excavating, or otherwise altering such other work and will only cut or alter such other work with the written consent of the PROJECT MANAGER, and only if such alteration will not increase the Contract Price or Contract Time.

8.4 If the performance of additional work by third-party contractors or the COUNTY is not noted in the Contract Documents prior to the execution of the Agreement, written notice shall be given to the CONTRACTOR prior to starting any such additional work. If the CONTRACTOR believes that the performance of such additional work by the COUNTY or others involves additional expense or entitles it to an extension of the Contract Time, the CONTRACTOR may make a claim as provided in Articles 11, 12, and 13.

ARTICLE 9 - RESPONSIBILITIES OF THE COUNTY

9.1 The COUNTY shall issue all communications to the CONTRACTOR through the PROJECT MANAGER, except for authorization required by Change Order pursuant to the Contract Documents.

9.2 The COUNTY shall furnish the data required under the Contract Documents, and shall make payments to the CONTRACTOR when due as provided in Article 15.

9.3 The responsibilities of the COUNTY for providing lands, easements, and engineering surveys to establish reference points are set forth in Article 5.

ARTICLE 10 – STATUS OF THE PROFESSIONAL DURING CONSTRUCTION

10.1 **County's Representative.** The PROFESSIONAL shall be a representative of the COUNTY during the construction period. The duties, responsibilities, and limitations of authority of the PROFESSIONAL as the COUNTY'S representative during construction are set forth in these General Conditions and shall not be extended without written designation from the Department administering the Project.

10.2 **Visits to the Site.** The PROFESSIONAL shall make periodic visits to the Site to

observe the progress and quality of the executed Work and to determine, in general, if the Work is proceeding in accordance with the Contract Documents.

10.3 Clarifications and Interpretations. The PROFESSIONAL shall issue such written clarifications or interpretations of the Contract Documents (in the form of Drawings or otherwise) as may be determined necessary, or as reasonably requested by the CONTRACTOR, which shall be consistent with, or reasonably inferable from the overall intent of the Contract Documents. If the CONTRACTOR believes that a written clarification and interpretation entitles it to an increase in the Contract Price, and/or Contract Time, the CONTRACTOR may make a claim as provided for in Article 11, 12 and 13.

10.4 Rejecting Defective Work. The PROFESSIONAL has the authority to disapprove or reject Work that is defective. The PROFESSIONAL also has authority to require special inspection or testing of the Work at the CONTRACTOR'S expense, as provided in Article 14, whether or not the Work is fabricated, installed or completed.

10.5 Resident Engineer. The PROFESSIONAL may furnish a full or part-time Resident Engineer and other personnel to assist it in carrying out services at the Site. The duties, responsibilities, and limitations of authority of any such Resident Engineer and other personnel are set forth in the Special Conditions, if applicable.

10.6 Decisions on Disagreements. The PROFESSIONAL shall interpret the requirements of the Contract Documents and determine the acceptability of the Work. If CONTRACTOR disagrees with the opinion of the PROFESSIONAL, CONTRACTOR shall refer claim, disputes, and other matters relating to the acceptability of the Work or the interpretation of the requirements of the Contract Documents initially to the PROJECT MANAGER in writing with a request for a formal decision. The PROFESSIONAL will render in writing an opinion concerning the request of the CONTRACTOR for a formal decision and shall submit same to the PROJECT MANAGER. After receipt of the written opinion of the PROFESSIONAL and all information requested from CONTRACTOR, the PROJECT MANAGER shall make a recommendation to the DIRECTOR, who shall then render a formal decision in writing. Written notice of each such claim, dispute, and other matter shall be delivered by the CONTRACTOR to the PROJECT MANAGER within seven (7) days of the first occurrence of the circumstances giving rise to the claim, dispute, or other matter. Written supporting data will be submitted to the PROJECT MANAGER within fifteen (15) days after said first occurrence unless the PROJECT MANAGER, with the consent of the DIRECTOR, allows additional time. If CONTRACTOR fails to

comply strictly with these notice and submittal time periods, the CONTRACTOR shall be deemed to have waived its right to assert any claim that the CONTRACTOR might otherwise have had concerning any such matter.

10.7 Limitations on the Responsibilities of the Professional. Neither the authority of the PROFESSIONAL to act under this Article or elsewhere in the Contract Documents, nor any decision made in good faith to exercise such authority, shall give rise to any duty or responsibility of the PROFESSIONAL to the CONTRACTOR, any SUBCONTRACTOR, or any of their respective agents or employees.

10.7.1 The PROFESSIONAL shall not be responsible for the construction means, methods, techniques, sequences, or procedures or the safety precautions and programs used. The PROFESSIONAL shall not be responsible for the failure of the CONTRACTOR to perform the Work in accordance with the Contract Documents.

10.7.2 The PROFESSIONAL shall not be responsible for the acts or omissions of the CONTRACTOR, any SUBCONTRACTORS, any of their respective agents or employees, or any other persons performing any of the Work.

ARTICLE 11 – CHANGES IN THE WORK

11.1 Without invalidating the Agreement, the COUNTY may from time to time, order additions, deletions, or revisions in the Work. The CONTRACTOR shall promptly submit a written proposal for the changed work prepared in accordance with Articles 12 and 13. If the proposal request calls only for the deletion of Work, the PROJECT MANAGER, with the consent of the DIRECTOR, may order the partial suspension of any Work related to the proposed deletion, in which case the CONTRACTOR must cease performance as directed; the CONTRACTOR shall not be entitled to additional compensation or an increase in the Contract Time as a result of the suspension. The CONTRACTOR shall not be entitled to claim lost profits on deleted work. All changed Work shall be executed under the applicable conditions of the Contract Documents.

11.2 Additional Work performed by the CONTRACTOR without authorization, as represented by a properly executed Change Order approved by the BOARD or the COUNTY ADMINISTRATOR, as specified herein, will not entitle the CONTRACTOR to an increase in the Contract Price or to an extension of the Contract Time, except in the case of a *bona fide e*mergency as provided in Article 7. No other employee or representative of the COUNTY including, but not limited to, the PROJECT MANAGER and the DIRECTOR, has the authority to approve a Change Order on behalf of the COUNTY. ***The effect of this paragraph shall remain paramount and shall prevail irrespective of any conflicting provisions contained in these Contract Documents.***

11.3 Upon agreement between the PROJECT MANAGER and the CONTRACTOR as to changes in the Work to be performed, subject to consent of the DIRECTOR, or with respect to a claim by the CONTRACTOR for Work performed in an emergency as provided in Article 7, the CONTRACTOR will prepare a written Change Order to be signed and submitted to the PROJECT MANAGER and/or the Professional (as directed by the County) for transmission by the DIRECTOR to the BOARD for approval.

11.4 It is the responsibility of the CONTRACTOR to notify its SURETY of any changes affecting the general scope of the Work, Contract Price, or Contract Time and to secure the written consent of the Surety to any such changes.

11.5 In the absence of agreement between the PROJECT MANAGER and the CONTRACTOR or consent of the DIRECTOR as provided in paragraph 11.3, the COUNTY may, in its sole discretion, issue a unilateral Change Order to the CONTRACTOR. Pricing of the unilateral Change Order will be in accordance with Section 12.1.5. The Change Order will specify a price, and if applicable, a time extension determined to be reasonable by the COUNTY. If the CONTRACTOR fails to sign said Change Order, the CONTRACTOR shall nevertheless be obligated to fully perform the work as directed by the Change Order.

11.6 Should the CONTRACTOR make a claim for an increase in Contract Time or an increase in Contract Price, then upon the request of the PROJECT MANAGER, the claim shall be accompanied by an affidavit stating that:

a. The claim is made in good faith;

b. The supporting data have been thoroughly reviewed by the CONTRACTOR and are accurate and complete to the best knowledge and belief of the CONTRACTOR; and

c. The amount requested accurately reflects the contract adjustment for which the CONTRACTOR believes the COUNTY is liable.

Absent such affidavit, if requested by the PROJECT MANAGER, the claim will not be considered. Submission of the affidavit shall be a condition precedent to the commencement by the CONTRACTOR of any action at law or in equity against the COUNTY.

11.7 If the COUNTY determines the CONTRACTOR has submitted a baseless, frivolous, unsupported, exaggerated, or otherwise spurious request for a Change Order or Claim, the COUNTY shall deduct from any amounts due the CONTRACTOR the costs incurred by the COUNTY in reviewing and responding to that Change Order request or Claim. Deductible costs include, but are not limited to, any costs incurred by the COUNTY or its PROFESSIONAL to review

and respond to the requested Change Order or Claim.

11.8 The CONTRACTOR shall proceed diligently with performance of the Work as directed by the COUNTY, regardless of pending claims or actions, unless otherwise agreed to in writing.

ARTICLE 12 – CHANGE OF CONTRACT PRICE

12.1 The Contract Price

12.1.1 The Contract Price is as defined in Paragraph 2.1.14. All duties, responsibilities, and obligations assigned to or undertaken by the CONTRACTOR shall be at its expense without change in the Contract Price.

12.1.2 The Contract Price represents the total compensation to which the CONTRACTOR may be entitled under the terms of these Contract Documents, which Contract Price is based upon the estimated quantities of items listed therein or a lump sum price. The actual total compensation paid to the CONTRACTOR for the Work described in these Contract Documents may vary due to:

a. Adjustments in pay quantity/quantities resulting from changes in item quantity/quantities; and/or
b. Adjustments in pay quantity/quantities as otherwise permitted by these Contract Documents.

12.1.3 The Contract Price may only be increased or decreased by a written Change Order. Any claim for an increase shall be in writing and delivered to the PROJECT MANAGER within seven (7) days of the first occurrence of the circumstances necessitating an increase. Written supporting data will be submitted to the PROJECT MANAGER within fifteen (15) days after said occurrence, unless the DIRECTOR, in his absolute discretion, allows additional time.

12.1.4 Except as provided for in Section 12.1.5, any Change Order adjusting the compensation to be paid to the CONTRACTOR shall be priced in accordance with the following procedures:

12.1.4.1 Unit Prices Included in the Bid Proposal. The CONTRACTOR and the COUNTY recognize and acknowledge that the quantities shown for those items designated in the Bid Proposal (Part III) as unit price items are approximations prepared by the COUNTY for bid purposes and that the actual compensation payable to the CONTRACTOR for the utilization of such items is based upon the application of unit prices to the actual quantities of items involved as measured in the field and required to complete the Project as originally defined in the Contract Documents. When it is determined by the COUNTY that an addition, deletion, or revision to the Project, as defined in these

Contract Documents, is required and affects the quantities required for items designated in the Bid Proposal (Part III) as unit price items, the CONTRACTOR and the COUNTY agree that the compensation payable to the CONTRACTOR for such unit price items shall be adjusted accordingly by a Change Order based upon the application of the appropriate unit prices shown in the Bid Proposal (Part III) to the quantity of the unit price item required to complete the Project as defined in the Contract Documents.

12.1.4.2 Unit Prices Not Included in the Bid Proposal. Unit prices for items not designated in the Bid Proposal (Part III), but which have been mutually agreed upon by the COUNTY and the CONTRACTOR, may be utilized in determining the actual compensation payable to the CONTRACTOR based upon field measured quantities.

12.1.4.3 Lump Sum. When it is determined by the COUNTY that an addition, deletion, or revision to the Project is required, resulting in a change in Work designated in the Bid Proposal as a lump sum item, the amount of increase or decrease in the lump sum price shall be established by mutual agreement of the parties.

12.1.5 If the pricing methods specified in Article 12.1.4 are inapplicable, or if the parties are unable to agree on a price for the changed Work, the COUNTY shall establish a reasonable price for the same in accordance with Article 12.2. The COUNTY shall then process a unilateral Change Order, specifying the said reasonable price, in accordance with paragraph 11.5. The CONTRACTOR shall perform the Work as directed in the Change Order.

12.1.6 Failure on the part of the CONTRACTOR to construct any item to plan, or in conformity with authorized dimensions and within the specification tolerances set forth herein, shall result in:

a. Reconstruction to acceptable tolerances, at no additional cost to the COUNTY;
b. Acceptance at no pay; or
c. Acceptance at reduced final pay quantity or reduced unit price, all at the discretion of the COUNTY.

The COUNTY shall make determinations of the aggregate monetary change for items identified as lump sum quantities based upon an analysis of the score of the failure of the CONTRACTOR to construct to plan or in conformity with authorized dimensions and within applicable specification tolerances.

12.2 Cost of Work

12.2.1 The term "Cost of Work", when used in connection with Change Orders, means the costs necessarily incurred and paid by the CONTRACTOR in the proper performance of the Change Order Work. Except as may be agreed to in writing by the PROJECT MANAGER, such costs shall be in amounts no higher than those prevailing in the relevant market for substantially similar work associated with projects akin to the Project, and shall be limited to the following categories:

a. Actual cost of Labor (payroll, taxes, fringe benefits, worker's compensation, health and retirement benefits, sick leave) to perform change order work;

b. Owned Equipment (at lowest applicable equipment rate manual rate);

c. Rented Equipment (at actual rental rates);

d. Materials;

e. Costs of SUBCONTRACTOR;

f. Extra Bonds and Insurance;

g. Fee of CONTRACTOR (per Article 12.3).

12.2.2 The CONTRACTOR shall require all SUBCONTACTORS and suppliers to comply with all requirements of, and provide itemizations of, all claims in accordance with this Article.

12.2.3 The term "Cost of the Work", when used in connection with Change Orders, shall not include any of the following:

a. Payroll costs and other compensation of the officers, executives, principals (of partnership and sole proprietorships), general managers, engineers, architects, estimators, lawyers, auditors, accountants, purchasing and contracting agents, expediters, timekeepers, job superintendents, Project managers, and clerks of the CONTRACTOR, and all personnel employed by the CONTRACTOR, whether at the Site, at the principal office of the CONTRACTOR, at a branch office of the CONTRACTOR, or elsewhere, for general administration of the Change Order Work and not specifically included in the agreed-upon schedule of job classifications, all of which are to be considered administrative costs covered by the Fee of the CONTRACTOR;

b. Extraordinary fringe benefits not specifically identified in Article 12.2;

c. Expenses of the principal and branch offices of the CONTRACTOR, other than the office of the CONTRACTOR at the Site;

d. Field overhead costs, including, but not limited to, the cost on-site temporary facilities and the on-site supervision provided by the CONTRACTOR; compensation for these costs will be considered only if the Final Completion date is extended by a Change Order or Allowance Authorization Release.

e. Any part of the capital expenses of the CONTRACTOR, including interest on the capital used by the CONTRACTOR for the Change Order Work and charges against the CONTRACTOR for delinquent payments;

f. Cost of premiums for all bonds and insurance, whether or not the CONTRACTOR is required by the Contract Documents to purchase and maintain the same (except for additional bonds and insurance required because of changes in the Work).

g. Costs due to the negligence of the CONTRACTOR, any SUBCONTRACTOR, or anyone directly or indirectly employed by any of them, or for whose acts any of them may be liable, including, but not limited to, the correction of defective Work, disposal of materials or equipment wrongly supplied, and correcting for any damage to property;

h. All overhead or general expense costs of any kind (other than as provide in Article 12.3).

12.3 Fee of Contractor

12.3.1 The maximum percentage allowed for the combined overhead (including main office and field office overhead) and profit of the CONTRACTOR shall be as follows:

12.3.1.1 For all such Change Order Work done, or to be done, by the CONTRACTOR alone, a fixed percentage of the total adjustment to the Contract Price shall not exceed ten percent (10%).

12.3.1.2 For all such change Order Work done or to be done by SUBCONTRACTORS, each SUBCONTRACTOR may add up to ten percent (10%) to its allowable cost of Work for combined overhead and profit and the CONTRACTOR may add up to five percent (5%) to the allowable cost of work of the SUBCONTRACTOR for its combined overhead and profit; provided, however, that:

a No markup of the cost incurred in connection with premiums for bonds or insurance shall be permitted; and

b. The total maximum markup allowed by Article 12, including but not limited to the CONTRACTOR, SUBCONTRACTORS, and all lower-tier subcontractors, shall in no event exceed twenty percent (20%) of allowable costs.

12.3.2 For all changes, the CONTRACTOR shall submit an itemized cost breakdown, together with supporting data in such detail and form as the PROJECT MANAGER may prescribe from to time. When a credit is due, the amount of credit to be allowed by the CONTRACTOR to the COUNTY for any such change which results in a net decrease in cost will be the amount of the actual net decrease in direct cost as determined by the PROJECT MANAGER, with the consent of the DIRECTOR, plus the applicable reduction in overhead and profit. When both additions and credits are involved in any change, the combined overhead and profit shall be calculated on the basis of the net change, whether an increase or decrease. In any event, the minimum detail shall be an itemization of all man-hours required by the discipline or trade, with the unit cost per man-hour and total labor price, labor burden, equipment hours and rate for each piece of equipment, material by units of measure and price per unit, and all other costs specifically itemized, in addition to the overhead and profit markup.

12.4 Cash Allowance. It is understood that the Final Total Bid Price, which shall serve as the basis for the initial Contract Price, includes any allowances named in the Contract Documents. The CONTRACTOR shall cause the Work to be done, using such SUBCONTRACTORS or suppliers, and for such sums, within the limit of the allowances, as the COUNTY may approve as provided in Section 21 of the Contract Documents. Prior to final payment, the Contract Price shall be adjusted, as required, and an appropriate Change Order issued to reflect actual authorized expenditures made against the allowances. The CONTRACTOR agrees that the initial Contract Price includes such sums as it deems proper for all cost, overhead, and profit required for cash allowances. The CONTRACTOR further agrees that in the event the COUNTY authorizes only a portion of the Allowance Work, the CONTRACTOR shall only receive the amount for Work actually performed as set forth in the Contract Documents for cash allowance upon submittal of the proper documentation. Reductions or increases in the Work will not entitle CONTRACTOR to any further increase in overhead and profit.

12.5 Non-Recoverable Items. Notwithstanding any other provision of the Contract Documents**, t**he parties agree that for any claim filed by the CONTRACTOR on this Project, whether on account of delay, acceleration, breach of contract or otherwise, the COUNTY will not have any liability for the following items of damage or expense:

1. Loss of profit, incentives or bonuses;
2. Any claim for other than extra work or delay;
3. Consequential damages, including but not limited to, loss of

bonding capacity; loss of bidding opportunities; loss of credit standing; cost of financing; interest paid; loss of other Project or insolvency;

4. Acceleration costs and expenses, except where the COUNTY has expressly and specifically directed the CONTRACTOR in writing "to accelerate at the COUNTY'S expense";

5. Attorney fees, claims preparation expenses and costs of litigation.

ARTICLE 13 – CHANGE OF CONTRACT TIME

13.1 The Contract Time may only be changed by way of a Change Order. Any request for an extension in the Contract Time shall be made in writing and delivered to the PROJECT MANAGER within seven (7) days of the first occurrence of the circumstances giving rise to the claim, therefore. A change of Contract Time does not automatically qualify as grounds for additional compensation for the CONTRACTOR except under the conditions specified in Article 12, 12.1.2. Written supporting data will be submitted to the PROJECT MANAGER within fifteen (15) days after such occurrence unless the PROJECT MANAGER, with the consent of the DIRECTOR allows additional time. All claims submitted by the CONTRACTOR for adjustments to the Contract Time must set forth in detail the reasons for, and causes of, the delay, and clearly indicate why the subject delay was beyond the control or fault of the CONTRACTOR.

13.1.1 If the CONTRACTOR is delayed at any time in the performance, progress, commencement, or completion on the Work by any act or neglect of the COUNTY or the PROFESSIONAL, or by any employee of either of them, or by any third-party contractor employed by the COUNTY, or by changes ordered in the Work, or by labor disputes, fire, unavoidable casualties, utility conflicts which could not have been identified or foreseen by the CONTRACTOR through the exercise of reasonable diligence, or any causes beyond the control or fault of the CONTRACTOR, then the Contract Time shall be extended by Change Order for such reasonable time as the COUNTY may determine. The CONTRACTOR shall be entitled to an extension of time for such causes, but only for the number of days of delay which the COUNTY may determine to be solely due to such causes, and then only to the extent that such causes actually delay the completion of the Project, and only if the CONTRACTOR shall have strictly complied with all the requirements of the Contract Documents. Notwithstanding anything in the Contract Documents to the contrary, no interruption, interference, inefficiency, suspension or delay in the performance, progress, commencement or completion of the Work for any cause whatsoever, including those for which the COUNTY or the PROFESSIONAL may be responsible in whole or in part, shall relieve the CONTRACTOR of the duty to perform, or give rise to any right to damages or additional compensation from the COUNTY. The sole and exclusive remedy of the CONTRACTOR against the COUNTY for interruption, interference, inefficiency, suspension or delay of any aspect of the Work shall be the

right to seek an extension of the Contract Time in accordance with the procedures set forth herein. This paragraph shall apply expressly to claims for early completion, as well as claims based upon late completion.

13.1.2 The CONTRACTOR shall become familiar with, and prepare for, the normal weather conditions existing in Pasco County, Florida throughout the course of any given year. Normal weather conditions are expected to impact the Work in numerous ways, including, but not limited to, those impacts caused by delays during and after periods of rainfall, temporary flooding and ponding, wet ground, high winds and debris. For purposes of this Article 13, the term "normal weather conditions", includes both high rainfalls caused by periodic "El Niño" events and low rainfall caused by periodic drought conditions. By execution of the Agreement (Part IV), the CONTRACTOR acknowledges that the Contract Time constitutes a sufficient time in which to complete the Work, and that the bid and subsequent schedule of the CONTRACTOR anticipates and includes unfavorable weather conditions which may occur during the Contract Time. The consequences and impact of such unfavorable weather conditions are neither excusable nor compensable.

13.1.2.1 If adversely affected by a hurricane or other extreme weather event for which the Governor of the State of Florida or the BOARD has declared to have created an emergency within the geographical area which includes the site of the Work, then the COUNTY may, but is not obligated to, approve a request by the CONTRACTOR for an extension of the Contract Time. The CONTRACTOR acknowledges that the following conditions must all have taken place before the CONTRACTOR may apply for a Change Order requesting additional time to compensate for delays due to extreme weather events:

a. Unfavorable weather conditions from a hurricane or other extreme weather event, for which an emergency has been declared by the Governor or the BOARD, actually existed at the Project Site for one or more workdays;

b. As a direct result of the unfavorable weather conditions at the Project Site, the CONTRACTOR was unable to perform critical path Work for a continuous period of more than eight (8) hours on each specific day;

c. The CONTRACTOR had taken precautions, such as, but not limited to, proper drainage, temporary drainage or diversion, and pumping (including pre- and post-shift pumping) to mitigate the impact of such unfavorable weather conditions;

d. The CONTRACTOR was scheduled, and actually attempted, to perform Work.

e. The CONTRACTOR took prudent, appropriate, and necessary steps to secure the site, including, but not limited to, securing, and storing materials and equipment, and removing materials and equipment, in advance of unfavorable weather conditions.

13.1.3 All time limits stated in the Contract Documents are of the essence of this Agreement. The provisions of this Article, however, shall under no circumstance preclude recovery of liquidated damages by the COUNTY.

13.1.4 As a condition precedent to receiving an extension of the Contract Time for delay on any portion of the Work, the CONTRACTOR shall reasonably reschedule the Work so as to minimize the impact of the delay and to allow continued progress on the unaffected portions of the Work.

ARTICLE 14 – WARRANTY AND GUARANTEE: ACCEPTANCE OF DEFECTIVE WORK

14.1 Warranty and Guarantee. The CONTRACTOR warrants and guarantees to the COUNTY that all materials and requirements will be new unless otherwise specified, and that all Work will be of good quality, performed in a workmanlike manner, free from faults or defects, and in accordance with the requirements of the Contract Documents and any inspections, tests, or approvals referred to in this Article for a minimum period of one year following the date of Final Acceptance. To the extent the Work may be required in order to achieve and maintain compliance with any permit issued by any federal or state authority (e.g., mitigation planting required as a condition of a permit by the Southwest Florida Water Management District) and no written final approval by said authority has been received within one year following Final Acceptance, the CONTRACTOR shall warrant and guarantee that portion of the Work beyond one (1) year and until such time as written final approval has been issued by the applicable authority. All unsatisfactory Work, all faulty Work, and all Work not conforming to the requirements of the Contract Documents, or to such inspections, tests, approvals, or to any and all applicable building, construction and safety requirements, shall be considered defective. The PROJECT MANAGER shall give notice of all defects to the CONTRACTOR. All defective Work, whether or not in place, may be rejected, corrected, or accepted as provided in this Article.

14.2 Tests and Inspections

14.2.1 If the Contract Documents, laws, ordinances, rules, regulations or orders of any public authority with jurisdiction over the Contractor or the Work require the Work, or any portion thereof, to be specifically inspected, tested, or approved by someone other than the CONTRACTOR, the CONTRACTOR shall give the PROJECT MANAGER timely Notice when the Work to be tested is ready for testing. The testing firm(s) shall be supplied by the CONTRACTOR, subject to the approval of the COUNTY in its absolute discretion, and all inspections, tests, or approvals to be provided by the CONTRACTOR

shall be timely identified in writing by the CONTRACTOR to the PROJECT MANAGER. For all required inspections, tests, and approvals on any Work prepared, performed, or assembled away from the Site, the CONTRACTOR will furnish the PROJECT MANAGER with the required certificates of inspection, testing, or approval. All such tests will be in accordance with the methods prescribed by the American Society for Testing and Materials or such other applicable organizations as may be required by law or by the Contract Documents. Prior to testing, the CONTRACTOR shall secure the written approval of the PROFESSIONAL as to the testing for or laboratory to conduct any tests. Materials or Work in place that fail to pass acceptability tests, or where the test results provided by the CONTRACTOR appear to the COUNTY to be unreliable in any way, shall be retested by a testing firm selected by the COUNTY, through the PROJECT MANAGER upon the instructions of the DIRECTOR, and at the sole expense of the CONTRACTOR. The rates charged the CONTRACTOR pursuant to this Article shall be those found in the current annual Testing Contract of the COUNTY, if any, or otherwise in an Exhibit hereto.

14.2.2 Neither observations by the PROFESSIONAL or the PROJECT MANAGER, nor inspections, tests, or approvals by persons other than the CONTRACTOR, shall relieve the CONTRACTOR of the obligation to perform the Work in accordance with the requirements of the Contract Documents.

14.3 Access to the Work. For the duration of the Project, the PROFESSIONAL and representatives thereof, other designated representatives of the COUNTY, and authorized representatives of any regulatory agency with jurisdiction over the Work or any aspect thereof, shall at all times be given access to the Work. The CONTRACTOR shall provide proper facilities for such access and observation of the Work, and also for any inspection or testing by others.

14.4 Uncovering the Work

14.4.1 If any Work required to be inspected, tested or approved is covered prior thereto without the prior written approval of the PROJECT MANAGER, or if any Work is covered contrary to the request of the PROJECT MANAGER, the Work shall, if requested by the PROJECT MANAGER, be uncovered for observation, inspection, testing or approval, and replaced at the sole expense of the CONTRACTOR.

14.4.2 If any Work has been covered which either the PROFESSIONAL or the PROJECT MANAGER has not specifically requested to observe, or if the PROFESSIONAL or the PROJECT MANAGER considers it necessary or advisable that covered Work be inspected or tested by others, the CONTRACTOR, upon the written request of the PROJECT MANAGER, shall uncover, expose, or otherwise make available for observation, inspection, or testing that portion of the Work in question, furnishing all necessary labor, material, and equipment. If it is found that such Work is defective, the CONTRACTOR alone shall bear the expense of such uncovering, exposure, observation, inspection, testing, and satisfactory reconstruction. If, however, such Work is not found

to be defective, the CONTRACTOR shall be allowed an increase in the Contract Price, or an extension of the Contract Time, or both, to the extent directly attributable to such uncovering, exposure, observation, inspection, testing, and reconstruction, but only if the CONTRACTOR initiates a claim as provided in Articles 11, 12 and 13.

14.5 Stop Work. When Work is defective, or when the CONTRACTOR fails to supply sufficient skilled workmen or suitable materials or equipment, or to make prompt payments to SUBCONTRACTORS for labor, materials, or equipment, or if the CONTRACTOR violates any provision of these Contract Documents, the DIRECTOR may order the CONTRACTOR to stop the Work until the cause for such order has been eliminated. However, this right of the DIRECTOR to stop the Work shall not give rise to any duty on the part of the DIRECTOR to exercise this right for the benefit of the CONTRACTOR or any other party. The CONTRACTOR shall have no right to claim an increase in the Contract Price or Contract Time or other damages for a stop work order issued under this paragraph.

14.6 Correction or Removal of Defective Work

14.6.1 When directed by the COUNTY or its PROJECT MANAGER, the CONTRACTOR shall promptly, without cost to the COUNTY and as specified by the COUNTY or its PROJECT MANAGER, either correct the defective Work whether fabricated, installed, or completed, or remove it from the Site and replace it with non-defective Work. If the CONTRACTOR does not correct such defective Work or remove and replace such defective Work within a reasonable time, all as specified in a written notice from the COUNTY or its PROJECT MANAGER, the COUNTY may have the deficiency corrected. All direct and indirect costs of such correction shall be paid by the CONTRACTOR or deducted from payment to CONTRACTOR. The CONTRACTOR will also bear the expense of correcting or removing and replacing all Work of others destroyed or damaged by the correction, removal, or replacement of the defective Work.

14.6.2 After approval of final payment, and prior to the expiration of one (1) year after the date of Final Completion, or such longer period of time as may be prescribed by law or by the terms of any applicable special guarantee required by the Contract documents, if any Work is found to be defective, incomplete, or otherwise not in accordance with the Contract Documents, the CONTRACTOR shall promptly, without cost to the COUNTY and in accordance with the written instructions of the COUNTY, either correct such defective Work, or if it has been rejected by the COUNTY, remove it from the Site and replace it with non- defective Work. If the CONTRACTOR does not promptly comply with the terms of such instructions, the COUNTY may have the defective Work corrected, removed, or replaced. The CONTRACTOR will pay all direct and indirect costs of such action.

14.7 Acceptance of Defective Work. If, instead of requiring the correction, or the removal and replacement, of defective Work the COUNTY prefers to accept it,

the COUNTY may do so. In such case, if acceptance occurs prior to approval of final payment, a Change Order incorporating the necessary revisions in the Contract Documents, including an appropriate reduction in the Contract Price, shall be issued. If the acceptance occurs after approval of final payment, the CONTRACTOR shall pay to the COUNTY an appropriate sum to compensate for the defect in the Work.

14.8 Neglected Work by Contractor

If the CONTRACTOR neglects to execute the Work in accordance with the Contract Documents, including any requirements of the progress schedule, the PROJECT MANAGER may direct the CONTRACTOR to submit a recovery plan and take specific corrective actions including, but not limited to, employing additional workmen, and/or equipment, and working extended hours and additional days, all at no cost to the COUNTY, in order to put the Project back on schedule. If the CONTRACTOR fails to correct the deficiency or take appropriate corrective action, the COUNTY may terminate the Contract or the right of the CONTRACTOR to proceed with that portion of Work and may have the Work done by others. The cost of completion under such procedure shall be charged against the CONTRACTOR. A Change Order shall be issued incorporating the necessary revisions in the Contract Documents, including an appropriate reduction in the Contract Price. If the payments due the CONTRACTOR are not sufficient to cover such amount, the CONTRACTOR shall pay the difference to the COUNTY.

When the CONTRACTOR is more than ten percent (10%) behind schedule, based on the approved Project Schedule, the PROJECT MANAGER may deduct from any progress payment to the CONTRACTOR a sum equal to the liquidated damages for the number of days behind schedule. Additional withholding may be made if the PROJECT MANAGER determines the Work cannot be completed for the unpaid balance of the Contract Price.

Should the CONTRACTOR work weekends or holidays to regain the schedule, all costs to the COUNTY of associated inspections, construction management and resident engineering shall be identified to the CONTRACTOR, and the Contract Price shall be reduced by a like amount via Change Order.

ARTICLE 15 – PAYMENT AND COMPLETION

15.1 Schedule of Values

15.1.1 Prior to submitting the first Draft Payment Request, the CONTRACTOR shall submit to the PROJECT MANAGER a final Schedule of Values and, if previously requested by the PROJECT MANAGER, cash flow projection for all activities of the Work shown on the accepted schedule, including quantities and unit prices totaling to the Contract Price. This Schedule of Values shall be satisfactory in form and substance to the PROJECT

MANAGER and the DIRECTOR and shall subdivide the Work into component parts in sufficient detail to serve as the basis for measuring quantities in place and calculating amounts for progress payments during construction. Unsupported or unreasonable allocation of the Contract Price to any one activity shall be justification for rejection of the Schedule of Values. Upon approval of the Schedule of Values by the PROJECT MANAGER, with the consent of the DIRECTOR, it shall be incorporated into the most recent COUNTY-approved Application for Payment form. The CONTRACTOR shall not submit an unbalanced Schedule of Values that provides for overpayment to the CONTRACTOR on activities that would be performed first. The Schedule of Values shall be revised, as necessary, and resubmitted until acceptable to PROJECT MANAGER and the DIRECTOR. Once the schedule has been accepted by the PROJECT MANAGER, with the consent of the DIRECTOR, the COUNTY reserves the right, at its exclusive option, to require at any time that the CONTRACTOR honors a particular price contained in the Schedule of Values, if the activity pertaining to it is being deleted or modified.

15.1.2 On unit price contracts, the Schedule of Value shall be in accordance with the Bid Proposal (Part III).

15.1.3 No payment can be made, and no Draft Payment Request or Application for Payment submitted or accepted, until the PROJECT MANAGER with the consent of the DIRECTOR has approved the Schedule of Values, including the activity dollar resources and the CONTRACTOR has submitted a copy of the recorded Performance and Payment Bonds. Every Draft Payment Request and Application for Payment shall delineate all activities on the schedule, the approved value, previous Work completed, current percentage complete requested, and value of percentage requested.

15.1.4 The cash flow projection, if required, shall be a monthly projection of the value of Work in place. If the actual cash flow (represented by the Application for Payment) for any month is less than eighty-five percent (85%) of the projected amount for that month, then the CONTRACTOR may be barred from bidding on other COUNTY projects until the value of Work in place is corrected and within at least ninety-five (95%) of the projected value.

15.2 Draft Payment Requests and Application for Payment

15.2.1 As a strict condition precedent to the submission of any Application for Payment, the CONTRACTOR shall first submit to the PROJECT MANAGER a Draft Payment Request, which shall be on the most recent COUNTY-approved Application for Payment form, and clearly designated by the word “DRAFT” in the top-right corner of each page. The Draft Payment Request shall include all documentation that the CONTRACTOR must submit in connection with the Application for Payment, including a proposed Schedule of Values that properly reflects all Work to the date of the request. The PROJECT MANAGER shall promptly review the Draft Payment Request and proposed Schedule of Values for possible errors, deficiencies, discrepancies, or disputes. If the PROJECT MANAGER, with

the consent of the DIRECTOR, determine(s) that the Draft Payment Request and proposed Schedule of Values are acceptable as originally submitted, the PROJECT MANAGER shall, within ten (10) business days of their receipt, direct the CONTRACTOR in writing to prepare and submit the Application for Payment, all in proper form and suitable for signature, to the designated reviewer named below. The PROJECT MANAGER shall also provide a contemporaneous copy of that notice to the designated reviewer. If the PROJECT MANAGER, with the consent of the DIRECTOR, determines that errors, deficiencies, discrepancies, or disputes exist as to any of the amounts claimed by the CONTRACTOR, the PROJECT MANAGER shall promptly notify the CONTRACTOR in writing of the existence thereof, and the PROJECT MANAGER and the CONTRACTOR shall work informally and in good faith to resolve the problems identified. Should a complete resolution not be achieved within ten (10) business days following the receipt by the PROJECT MANAGER of the Draft Payment Request and proposed Schedule of Values, then the PROJECT MANAGER shall notify in writing the designated reviewer as to the unresolved matters, and the CONTRACTOR may proceed to prepare and submit the Application for Payment to the designated reviewer.

The designated reviewer for this Project shall be:

Branford Adumuah, P.E., Public Works Department Director
4454 Grand Boulevard
New Port Richey, FL 34652

15.2.2 Application for Payment shall be made no earlier than thirty (30) days after the Contract Time has commenced, and monthly thereafter, but not more often than once a month. The Application for Payment, when submitted, shall be filled out accurately and signed by the CONTRACTOR, covering the Work completed as of the date of the Application and supported by such data as required by the COUNTY. The CONTRACTOR shall certify in writing that all SUBCONTRACTORS and suppliers have been paid for acceptable Work and materials from previous progress payments received; less any retainage, prior to the receipt of any further progress payments. The CONTRACTOR shall submit an Application for Payment on the most recent COUNTY-approved form, and which shall include the aforementioned certification. If payment is requested on the basis of materials or equipment not incorporated in the Work, but delivered and suitably stored at the Site or at another location agreed to in writing, the Application for Payment shall also be accompanied by such supporting data as will establish the title of the COUNTY to the material and equipment and protect its interest therein, including applicable insurance. Payment for stored materials, in whole or in part, shall be at the sole discretion of the COUNTY. The CONTRACTOR may request payment by electronic funds transfer (EFT). Each Application for Payment after the first payment must also be accompanied by an inclusive Record of Change Order (RCO) listing requested Change Orders and the final Change Order cost through completion of PROJECT.

15.2.3 Upon receipt by the designated reviewer, the Application for Payment shall be

date stamped “Received” and forwarded to the Office of the Clerk of the Court for pre-audit review and processing. If the Office of the Clerk of the Court determines the Application for Payment to be deficient in any respect, it shall so notify the PROJECT MANAGER in writing within fifteen (15) business days of the date the Application for Payment was stamped as received by the COUNTY, specifying the deficiencies and the requisite action to render the Application for Payment proper. The deficiencies to be identified by the Office of the Clerk of the Court shall specifically include disputed portions of the total amount claimed by the CONTRACTOR. Upon receipt of notice from the Office of the Clerk of the Court, the PROJECT MANAGER shall immediately, and in no event more than twenty (20) business days of the date the Application for Payment was stamped as received by the COUNTY, forward a copy of the written determination by the Office of the Clerk of the Court to the CONTRACTOR and request that the Application for Payment be corrected.

In the event the deficiency in the Application for Payment relates solely to a disputed portion of the total amount claimed, the COUNTY shall pay the undisputed portion within twenty (20) business days of the date the Application for Payment was stamped as received by the COUNTY. Any Application for Payment that has been corrected as to deficiencies identified by the Office of the Clerk of the Court shall be paid within ten (10) business days of the date the corrected Application for Payment was stamped as received by the COUNTY; otherwise, the CONTRACTOR shall be notified within that time of the failure to correct the deficiencies and shall be afforded a second opportunity to correct the Application for Payment.

If, following the second attempt by a CONTRACTOR to submit a proper Application for Payment, the COUNTY continues to find the Application for Payment deficient; it shall so notify the CONTRACTOR in writing within ten (10) business days of when the corrected Application for Payment was received by the COUNTY. The CONTRACTOR shall thereafter have thirty (30) calendar days in which to request an administrative review of the dispute, submitting a concise written summary of its position and any supporting documents to the COUNTY ADMINISTRATOR by an acceptable delivery method. Acceptable delivery methods are limited to the following: 1) hand delivery; 2) pre-paid, certified United States first-class mail, return receipt requested; 3) a nationally recognized overnight courier service, such as Federal Express. Delivery shall be to:

Dan Biles, County Administrator
West Pasco Government Center
8731 Citizens Drive, Suite 350
New Port Richey, Florida 34654

The COUNTY ADMINISTRATOR or his authorized designee, which designee shall not be directly affiliated with the Department managing the Project, shall review the materials submitted by the CONTRACTOR and may solicit and consider relevant information and materials from the managing DEPARTMENT and the Office of the Clerk of the Court. The

COUNTY ADMINISTRATOR or authorized designee shall render a final decision on behalf of the COUNTY within sixty (60) calendar days of the date the second corrected Application for Payment was stamped as received by the COUNTY. Should the CONTRACTOR fail to submit a first or second corrected Application for Payment, or otherwise fail to request an administrative review on a timely basis, the CONTRACTOR shall be deemed to have waived any claims in dispute.

15.2.4 As a strict precedent to payment of the first Application for Payment, the CONTRACTOR must provide a certified copy of the recorded Performance and Payment Bonds for the Project, if not previously provided to the COUNTY.

15.2.5 Beginning with the second request of the CONTRACTOR for payment, the CONTRACTOR shall submit a properly executed Waiver of Lien – Progress Payment (Waiver of Lien), on the most recent COUNTY-approved form, from each SUBCONTRACTOR whose work appeared on the prior Application for Payment, and for which the CONTRACTOR has been paid. All unpaid or contested amounts must be listed on each Application for Payment until paid or resolved. If the CONTRACTOR is unable to obtain the required Waiver of Lien, a properly executed Written Consent from the SURETY for the CONTRACTOR may be accepted in lieu thereof. In the event the CONTRACTOR is unable to furnish either a Waiver of Lien from a SUBCONTRACTOR or the Written Consent from the SURETY, the COUNTY may withhold the disputed amount until the CONTRACTOR can provide one of these two documents.

15.3 Retainage

15.3.1 All progress payments shall be subject to the retention of five percent (5%) retainage. Nothing herein shall limit the DIRECTOR's discretionary authority to release retainage held by the COUNTY as provided in Section 218.735(8), F. S.

15.3.2 For any payment of retainage to the Contractor attributable to the labor, services or materials provided by one or more SUBCONTRACTORS or suppliers the Contractor must timely remit payment of such retainage to such SUBCONTRACTORS or suppliers.

15.4 Warranty of Title of CONTRACTOR. If at any time there shall be evidence of any claim for which, if established, the COUNTY might become liable, and which may be chargeable to the CONTRACTOR, or if the CONTRACTOR shall incur any liability to the COUNTY, or the COUNTY shall have any claim or demand against the CONTRACTOR, of any kind or for any reason, whether related to or arising out of this Agreement or any other agreement between the CONTRACTOR and the COUNTY, and whether or not reduced to judgment or award, the COUNTY shall have the right to retain out of any payment due the CONTRACTOR, or which may become due to the CONTRACTOR, under this Agreement or any other Agreement between the CONTRACTOR and the COUNTY, an

amount sufficient to indemnify the COUNTY against such claim, and/or to compensate the COUNTY for, and fully satisfy, such liability, claim or demand, and to charge or deduct all cost of defense or collection with respect thereto, including, but not limited to, reasonable attorneys' fees, expert consultant fees, and expert witness fees. Should any claim develop after final payment has been made, the CONTRACTOR shall refund to the COUNTY all monies that the latter may be compelled to pay in discharging such claims, or that the latter may have incurred in collecting said monies from the CONTRACTOR.

15.5 Rejection of Applications for Payment by the Director. The DIRECTOR may refuse to approve the whole or any part of any payment if, in the opinion of the DIRECTOR, the DIRECTOR is unable to make the representation that the Application for Payment is acceptable to the COUNTY. The DIRECTOR may also refuse to approve any such Application for Payment or because of subsequently discovered evidence, or the results of subsequent inspections or tests, nullify any such payment previously approved to such extent as may be necessary, in the opinion of the DIRECTOR, to protect the COUNTY from loss because:

a. The Work is defective;

b. The Critical Path Method (CPM) schedule or another method of scheduling, as directed, and regular updates, as described in the Technical Specifications, have not been submitted or accepted;

c. Claims have been filed against the COUNTY for which the CONTRACTOR may be liable;

d. The Contract Price has been reduced because of Change Order(s);

e. The COUNTY has been required to correct defective Work or to complete the Work in accordance with Article 14;

f. Approved Maintenance of Traffic Plan (MOT) or revisions thereto, as directed by the PROJECT MANAGER, have not been submitted;

g. The Work was executed unsatisfactorily, or the CONTRACTOR failed to clean up as required in Article 7, failed to control dust, failed to control traffic, or otherwise has failed to comply with these Contract Documents.

15.6 Substantial Completion. When the CONTRACTOR believes Substantial Completion has been achieved on the Project, the CONTRACTOR shall certify in writing to the PROJECT MANAGER that the entire Project is substantially complete in accordance with the Contract Documents and that all test reports

required under the Contract verifying compliance with the Contract Documents have been provided to the COUNTY and request that the PROJECT MANAGER issue a Certificate of Substantial Completion. Thereafter, the PROJECT MANAGER, assisted by other personnel as required, along with the CONTRACTOR, shall undertake an inspection of the Project to determine the status of completion in accordance with the contract specifications. After inspection, if the PROJECT MANAGER does not believe Substantial Completion has been attained with respect to the Project, the PROJECT MANAGER will notify the CONTRACTOR in writing, giving specific reasons why the Project is not substantially complete. If the PROJECT MANAGER considers the Project substantially complete, then upon approval by the DIRECTOR, the PROJECT MANAGER shall issue a Certificate of Substantial Completion signed by the DIRECTOR. This Certificate of Substantial Completion shall fix the date of Substantial Completion and will define the remaining deficiencies with respect to the elements outlined in the specifications of this Contract.

15.6.1 Substantial Completion cannot occur until all conditions necessary for safe and proper use, occupancy, maintenance and operations and other requirements required for Substantial Completion are in place.

15.7 Partial Utilization. Where a portion of a Project is sufficiently completed to allow Beneficial Occupancy, but any significant other portions(s) remain(s) uncompleted, the PROJECT MANAGER, with the consent of the DIRECTOR, may direct the CONTRACTOR to permit the COUNTY to take control of the sufficiently completed portions(s), and to operate and utilize said portion(s) by taking Beneficial Occupancy thereof, if the COUNTY believes such use will not significantly interfere with construction of the other parts of the Project. If the CONTRACTOR is of the opinion that said Beneficial Occupancy is not in the best interests of the COUNTY, it shall give the COUNTY Notice of such an opinion, include with said Notice a statement of every reason that certification of Beneficial Occupancy should not be issued. Otherwise, the CONTRACTOR shall certify to the COUNTY that all critical elements of that part of the Project are sufficiently complete to allow the COUNTY to take Beneficial Occupancy thereof, and request the PROJECT MANAGER to prepare a Certificate of Beneficial Occupancy for said portion(s) of the Project. Thereafter, the PROJECT MANAGER, assisted by other personnel as required, along with CONTRACTOR, shall make an inspection of said portion(s) of the Project to determine the status of completion. If the PROJECT MANAGER considers the portion(s) of the Project so inspected to be ready and appropriate for Beneficial Occupancy, then with the consent of the DIRECTOR, the PROJECT MANAGER will deliver to the CONTRACTOR a Certificate of Beneficial Occupancy to that effect, fixing the date of Beneficial Occupancy as to said portion(s) of the Project, attaching punch list of items to be completed or corrected before final payment on the total Contract, and fixing responsibility between the COUNTY and CONTRACTOR for

any outstanding obligations on that part of the Project. The COUNTY shall have the right to occupy and use the portion(s) of the Project after date of Beneficial Occupancy for the portion(s) covered by the Certificate of Beneficial Occupancy, but the PROJECT MANAGER will allow the CONTRACTOR reasonable access to complete or correct items on the list. Acceptance of Beneficial Occupancy shall not negate the obligation of the CONTRACTOR to meet any milestone requirements, including the respective dates of Substantial Completion and Final Completion for the entire Project, as said dates may have been set forth in the Contract Documents. Although Beneficial Occupancy may be established for a portion of the Project, warranties for that portion shall not commence until the date of Final Acceptance by the COUNTY, unless the Contract Documents expressly provide otherwise.

15.8 Final Completion

15.8.1 Upon written notice from the CONTRACTOR that the Project is complete, the PROJECT MANAGER shall schedule a final inspection with the CONTRACTOR and any other personnel requested by the PROJECT MANAGER. The PROJECT MANAGER shall, if necessary, notify the CONTRACTOR in writing of any Work this inspection reveals to be defective, or otherwise not in accordance with the Contract Documents. Should the CONTRACTOR receive notice of such defective or non-conforming Work, the CONTRACTOR shall immediately take all such action as may be necessary to remedy these defects and bring the Project into full compliance with the Contract Documents, following which the CONTRACTOR shall request another such inspection, subject to the procedures and conditions set forth in this paragraph.

15.8.1.1 Final Completion of the Work shall be deemed achieved by the CONTRACTOR when all Work required under the Contract Documents has been satisfactorily completed in accordance with the contract specifications.

15.8.1.2 After the PROJECT MANAGER has determined that all Work has been completed, the PROJECT MANAGER, with the approval of the DIRECTOR, will issue a Certificate of Final Completion for the Work signed by the DIRECTOR. Warranties will commence on the date of Final Completion.

15.9 Application for Final Payment. After PROJECT MANAGER has issued the Certificate of Final Completion for the Work, the CONTRACTOR may make Application for Final Payment, following the procedure for progress payments. The final Draft Payment Request and Application for Payment shall be accompanied by an Affidavit of Payment of Debts and Claims by the CONTRACTOR, a Subcontractor's Waiver of Lien – Final Payment for each subcontractor, as applicable, as well as the Certificate of Final Completion, Certificate of Occupancy or of Beneficial Occupancy (if appropriate), and the Consent of Surety to Final Payment when required, all submitted on forms

provided by the COUNTY. Where Certificates of Beneficial Occupancy have been issued for portions of the Project in accordance with Article 15.7, they shall be maintained in the Project file.

15.10 Approval of Final Payment. If, on the basis of the observations and review of Work during construction by the PROJECT MANAGER, the final inspection; a review of the Draft Payment Request, and all conditions required by the Contract Documents for Final Acceptance, the DIRECTOR, upon the recommendation of the PROJECT MANAGER, is satisfied that the Work has been completed and the CONTRACTOR has fulfilled all of its obligations under the Contract Documents (including but not limited to the submission of final as-built plans in hard copy and PDF form and all warranties), the PROJECT MANAGER will, within twenty (20) days of receipt of the Draft Payment Request shall, in writing, direct the CONTRACTOR to prepare and submit the final Application for Payment, all in proper form and suitable for signature, to the designated reviewer, and provide a contemporaneous copy of this written notice to the designated reviewer. Processing shall thereafter proceed pursuant to paragraph 15.2.3 hereof If the PROJECT MANAGER, with the consent of the DIRECTOR, determines that errors, deficiencies, discrepancies, or disputes exist as to any of the amounts claimed by the CONTRACTOR, the PROJECT MANAGER shall, in writing, promptly notify the CONTRACTOR of the existence of any such errors, deficiencies, discrepancies, or disputes, and the CONTRACTOR shall work informally and in good faith to resolve the problems identified. Should a complete resolution not be achieved within twenty (20) business days following the receipt by the PROJECT MANAGER of the Draft Payment Request and proposed Schedule of Values, then the PROJECT MANAGER shall notify in writing the designated reviewer as to the unresolved matters, and the CONTRACTOR may proceed to prepare and submit the final Application for Payment to the designated reviewer for processing in accordance with paragraph 15.2.3 hereof.

15.11 Continuing Obligation of the CONTRACTOR. The obligation of the CONTRACTOR to perform the Work and complete the Project in accordance with the Contract Documents shall be absolute. The approval by the COUNTY of any progress payment or Final Payment, the issuance of a Certificate of Substantial Completion, any payment by the COUNTY to the CONTRACTOR under the Contract Documents, any use or occupancy of the Project or any part thereof by the COUNTY (with or without issuance of a Certificate of Beneficial Occupancy), the issuance of a Certificate of Final Completion, the occurrence or absence of any act of acceptance by the COUNTY, or any correction of defective Work by the COUNTY shall not constitute, or be deemed or construed to constitute, an acceptance of Work not in accordance with the Contract Documents, as amended by any properly executed Change Order(s) issued during the term of the Contract.

15.12 Waiver of Claims. The making of an Application for Final Payment, or

acceptance of Final Payment, shall constitute an absolute waiver of any and all claims by the CONTRACTOR against the COUNTY, except for those previously submitted in writing in accordance with the Contract Documents.

15.13 Liquidated Damages. When the CONTRACTOR is in default for nonperformance within the stipulated Contract Time, including any intermediate Milestone Dates, the PROJECT MANAGER will notify the CONTRACTOR in writing within thirty (30) days after the intermediate Milestone Date, Substantial Completion Date, or Final Completion Date, and shall deduct the daily liquidated damages in the amount stated in the Contract Documents from any monies due the CONTRACTOR. The DIRECTOR, however, retains discretion to recommend to the BOARD that any portion or all of the liquidated damages be waived in order to advance the best interests of the COUNTY. The deduction of liquidated damages shall be in addition to any retainage withheld. Additional liquidated damages, if any, may be indicated in the circumstances referenced in Subpart C, Technical Specifications, of this Part II of the Contract Documents. Any failure of the COUNTY to provide written notice to the CONTRACTOR within the applicable thirty (30) day period of its intent to assess liquidated damages shall not constitute a waiver of the right of the COUNTY to liquidated damages, or otherwise relieve the CONTACTOR of liability for liquidated damages.

ARTICLE 16 – SUSPENSION OF WORK AND TERMINATION

16.1 Suspension of Work. The DIRECTOR may, at any time, suspend the Work or any portion thereof for a continuous period of not more than ninety (90) days by issuing to the CONTRACTOR a Notice of Suspension. The PROJECT MANAGER, with the consent of the DIRECTOR, shall fix the date on which Work shall be resumed, and the CONTRACTOR shall resume the Work on the date so fixed. The CONTRACTOR shall be allowed an extension of the Contract Time, if directly attributable to any such suspension, as the sole compensation and remedy for the suspension, provided it makes a proper claim for same as provided for in Article 13. The CONTRACTOR shall, under no circumstances, be entitled to any damages or additional compensation for any such suspensions.

16.2 Termination of Work

16.2.1 If the CONTRACTOR is adjudged bankrupt or insolvent, if it makes a general assignment for the benefit of its creditors, if a trustee or receiver is appointed for it or for any of its property, if it files a petition to take advantage of any debtor's act or to reorganize under the bankruptcy or similar laws, if it repeatedly fails to supply sufficient skilled workmen or suitable materials or equipment, or make prompt payments to SUBCONTRACTORS, or prompt payments for labor, materials, or equipment; if it disregards laws, ordinances, rules, regulations, or orders of any public body having jurisdiction; if it fails to submit the bonds and Certificates of Insurance within the times required by Article 6 of this Agreement; if it disregards the authority of the PROFESSIONAL; or if it otherwise materially violates any provisions of the Contract

Documents, then the BOARD may, without prejudice to any other right or remedy and after giving the CONTRACTOR and its SURETY seven (7) days written notice, terminate the services of the CONTRACTOR. Upon termination the COUNTY shall take possession of the Project, and may take possession of all materials, equipment, tools, construction equipment, and machinery thereon owned by the CONTRACTOR, and may finish the Work by whatever method it may deem expedient. In such case, the CONTRACTOR shall not be entitled to receive any further payment until the Work is completed. If the unpaid balance of the Contract Price exceeds the direct and indirect cost of completing the Project, including compensation for additional professional services, such excess shall be paid to the CONTRACTOR. If such cost exceeds the unpaid balance, the CONTRACTOR shall pay the difference to the COUNTY. Such cost incurred by the COUNTY shall be incorporated in a Change Order. If, after the issuance of Notice of Termination of this Agreement, it is determined for any reason that the CONTRACT was not in default, or that its default was excusable, or that the COUNTY was not entitled to the remedy against CONTRACTOR provided herein, the termination will be deemed to be a termination for convenience pursuant to paragraph 16.2.3, and the remedies of the CONTRACTOR against the COUNTY shall be the same as, and limited to, those afforded under said paragraph.

16.2.2 Where the services of the CONTRACTOR have been so terminated pursuant to paragraph 16.2.1 by the COUNTY, said termination shall not affect any rights of the COUNTY against the CONTRACTOR then existing, or which may thereafter accrue. Any retention or payment of monies by the COUNTY due the CONTRACTOR will not release the CONTRACTOR from any liability whatsoever.

16.2.3 Termination for Convenience

16.2.3.1 In return for good and valuable consideration in the amount of $100.00, the receipt of which is acknowledged by the CONTRACTOR, the COUNTY may terminate the required performance of Work by the CONTRACTOR under this Agreement, in whole or in part, whenever the COUNTY shall determine that such complete or partial termination is in the best interest of the COUNTY. Any such termination shall be affected by delivery to the CONTRACTOR of a Notice of Termination for Convenience, specifying the extent to which the performance of Work under the Agreement shall be terminated, and the date upon which such termination shall be effective.

16.2.3.2 After receipt of a Notice of Termination for Convenience, and except as otherwise directed by the COUNTY, the CONTRACTOR shall:

a. Stop Work under this Agreement on the date, and to the extent, specified in the Notice of Termination for Convenience;

b. Place no further orders or subcontracts for materials, services, or facilities, except as may be necessary for the full and proper completion of that portion of the Work under this Agreement not to be terminated;

c. Terminate all orders and subcontracts to the extent that they relate to the performance of Work terminated by the Notice of Termination for Convenience;

d. In the sole and absolute discretion of the COUNTY, the CONTRACTOR shall either:

i. Assign to the COUNTY, in the manner, at the time, and to the extent directed by the PROJECT MANAGER, with the consent of the DIRECTOR, all of the right, title, and interest of the CONTRACTOR under some or all of the orders and subcontracts so terminated; or

ii. Settle all outstanding liabilities and all claims arising out of such termination of unassigned orders and subcontracts.

e. Transfer title and deliver to the COUNTY, in the manner, at the times and to the extent, if any, directed by the PROJECT MANAGER, with the consent of the DIRECTOR, the fabricated or un-fabricated parts, work in process, completed work, supplies, and other material produced as a part of, or acquired in connection with the performance of the Work terminated by the Notice of Termination for Convenience.

f. Complete performance of that part of the Work not terminated by the Notice of Termination for Convenience.

g. Take all such action as may be necessary or prudent, or as the COUNTY may direct, for the protection and preservation of the property related to this Agreement which is in the possession of the CONTRACTOR and in which the COUNTY has, or may acquire, an interest.

16.2.3.3 After the receipt of a Notice of Termination for Convenience, the CONTRACTOR shall submit to the COUNTY its termination claim, in the form and with the certification set forth in paragraph 11.1.6. Such claim shall be submitted

promptly, but in no event later than four (4) months from the effective date of termination, unless one or more extensions in writing are granted by the DIRECTOR in his absolute discretion. No claim will be allowed for machinery and equipment rental expense incurred after the effective date of the Notice of Termination for Convenience. Upon the failure of the CONTRACTOR to submit its termination claim within the time allowed, the COUNTY shall determine, on the basis of information available to it, the amount, if any, due to the CONTRACTOR by reason of the Termination for Convenience.

16.2.3.4 The CONTRACTOR and the COUNTY may agree upon the whole or any part of the amount or amounts to be paid to the CONTRACTOR by reason of the complete or partial Termination for Convenience, which amount or amounts may include a reasonable allowance for profit on Work done; provided, that such agreed amount or amounts, exclusive of settlement costs, shall not exceed the total Contract Price as reduced by the amount of payments otherwise made, and as further reduced by the Contract Price of Work not terminated. The Agreement shall be amended accordingly, and the CONTRACTOR shall be paid the agreed amount.

16.2.3.5 In the event of the failure of the CONTRACTOR and the COUNTY to agree, as provided in paragraph 16.2.3.4, on the whole amounts to be paid to the CONTRACTOR by reason of any Termination for Convenience, the COUNTY shall determine, on the basis of information available to it, with respect to all Work performed prior to the effective date of the Notice of Termination for Convenience, the total (without duplication of any items) cost of such work and a sum, as profit, equal to seven (7) percent of said cost of the Work; provided, however, that if it appears that the CONTRACTOR would have sustained a loss on the entire Contract had it been completed, no profit shall be included or allowed, and an appropriate adjustment shall be made, reducing the amount of the settlement to reflect the indicated rate of loss. In no event will the CONTRACTOR be entitled to recover any anticipated or lost profit.

16.2.3.6 The total sum to be paid to the CONTRACTOR shall not exceed the total Contract Price, as reduced by the amount of payment otherwise made, and as further reduced by the

Contract Price of Work not terminated. Except for normal spoilage, and except to the extent that the COUNTY shall have otherwise expressly assumed the risk of loss, there shall be excluded from the amounts payable to the CONTRACTOR the fair value, as determined by the COUNTY, of property which has been destroyed, lost, stolen, or damaged so as to become undeliverable to the COUNTY.

16.2.3.7 In arriving at the amount due the CONTRACTOR following a Termination for Convenience, there shall be deducted:

a. All unliquidated advance or other payments on account theretofore made to the CONTRACTOR, applicable to the terminated portion of this Agreement;

b. Any claim which the COUNTY may have against the CONTRACTOR in connection with this Agreement; and

c. The agreed price for, or the proceeds from the sale of, any materials, supplies, or other things kept by the CONTRACTOR or sold, pursuant to the provisions hereof, and not otherwise recovered by, or credited to, the COUNTY.

16.3 **Cross-Default**. Should the CONTRACTOR be determined by the COUNTY to be in default of this Agreement, such default shall constitute a default of all other contracts to which the COUNTY and the CONTRACTOR may be a party. The COUNTY, as a result, may pursue any and all remedies available to it up to and including termination of all such contracts between the parties.

ARTICLE 17 – MISCELLANEOUS

17.1 All specifications, drawings, and copies furnished by the COUNTY shall remain the property of the COUNTY. They shall not be used by anyone other than the COUNTY on any other Project and, with the exception of those sets that have been signed in connection with the execution of the Agreement, shall be returned to the COUNTY upon completion of the Project.

17.2 Should the COUNTY or the CONTRACTOR suffer injury or damage to their respective persons or property because of any error, omission, or act of the other, or of any of their respective employees, agents, or others for whose acts they may be legally liable, claim should be made in writing to the other party within a reasonable time of the first observance of such injury or damage.

17.3 If the Contract Price exceeds $100,000, the CONTRACTOR shall comply with all the requirements of Section 114 of the Clean Air Act (42 USC 7414 et seq.), as amended, and with Section 308 of the Federal Water Pollution Control Act (33 USC 1251 et seq.), as amended.

17.4 Pending resolution of any claim or dispute between the COUNTY and the CONTRACTOR, unless otherwise agreed in writing by the COUNTY, the CONTRACTOR shall proceed diligently with Performance of the Project as directed by the COUNTY, and the COUNTY may continue to make payments in accordance with the Contract Documents.

17.5 **Project Representative.** The COUNTY may furnish a Project Representative and assistants to aid the PROJECT MANAGER in carrying out the responsibilities of the PROJECT MANAGER at the Site. The duties, responsibilities, and limitations of authority of the Project Representative are set forth in Article 10 of these General Conditions.

17.6 **Historical or Archaeological Deposits**. If, during the course of construction, evidence of deposits of historical or archaeological interest if found, the CONTRACTOR shall cease immediately operations affecting the find, and shall notify the PROJECT MANAGER, who shall notify the Regional Office of the Environmental Protection Agency and the State Historic Preservation Office. No further disturbance of the deposits shall ensue until CONTRACTOR has received written instructions from the PROJECT MANAGER. The PROJECT MANAGER will issue written instructions only after the state office has surveyed the find and made a determination to the Environmental Protection Agency and COUNTY. Compensation to CONTRACTOR, if any, for changes in construction shall be determined in accordance with changed conditions or change order provisions of the Contract Documents; provided however, in no event will the CONTRACTOR be entitled to damages or additional compensation for any delays incurred, and the sole remedy of the CONTRACTOR shall be to seek an extension of the Contract Time pursuant to the provisions of the Contract Documents.

17.7 **Compliance with Federal Immigration Laws**. The CONTRACTOR by signing the contract will comply with all applicable federal, state and local laws, rules, regulations and guidelines, related to performance under this Agreement. In particular, the CONTRACTOR by signing the Agreement verifies and affirms that it is in compliance with 8 USC Sec. 1342 prohibiting the employment either directly or by contract or exchange of unauthorized aliens by any CONTRACTOR during the term of the Agreement a violation of the Immigration and Nationality Act. Such violation shall be cause for unilateral cancellation of this Agreement by the COUNTY.

17.8 **Pesticides, Herbicides and Fertilizer Application** For those projects requiring the application of pesticides, herbicides and fertilizers, the Contractor must have

and maintain at his expense certificates and licenses issued by the Florida Department of Agriculture and Consumer Services (FDACS) for all pesticides, herbicides or fertilizers applicators he/she is planning to use to provide the services contracted herein. Current copies of licensees shall be provided upon demand at any time during the contact period.

17.9 **Federal No-Lead Standards** The Contractor shall comply with the "Safe Drinking Water Act" regulatory standards and any applicable regulations for lead content in all materials that will be in contact with potable water during the course of the Project.

ARTICLE 18 – MAINTENANCE OF RECORDS

18.1 The CONTRACTOR shall keep adequate records and supporting documentation applicable to this Project and Agreement. Said records and documentation shall be retained by the CONTRACTOR for a minimum of five (5) years from the date of final completion or termination of this Agreement. The COUNTY shall have the right to audit, inspect, and copy such records and documentation, and any and all such records of the CONTRACTOR as may relate to this, or any other, Project and Agreement between the CONTRACTOR and the COUNTY, or to any legal, administrative, or other action brought against the COUNTY by the CONTRACTOR or any other person, as often as the COUNTY deems necessary, during the period of this Agreement and for a period of five (5) years thereafter; provided, however, such activity shall be conducted only during normal business hours. The COUNTY during this period of time shall also have the right to obtain a copy of and otherwise inspect any audit made at the direction of the CONTRACTOR as concerns the aforesaid records and supporting documentation. The CONTRACTOR shall, at all times, take all reasonable steps necessary to ensure and to enforce the right of the COUNTY to access the aforesaid documentation.

18.2 **PUBLIC RECORDS**. CONTRACTOR shall comply with the requirements of Florida's Public Records Act, Chapter 119, Florida Statutes. To the extent required by Section 119.0701, Florida Statutes, CONTRACTOR shall (a) keep and maintain public records required by the COUNTY to perform the service under the Agreement; (b) upon request from the COUNTY's custodian of public records provide the COUNTY with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided for under Florida's Public Records law; (c) ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if CONTRACTOR does not transfer the records to the COUNTY; and (d) upon completion of the contract, transfer, at no cost to the COUNTY, all public records

in possession of CONTRACTOR. Upon transfer, CONTRACTOR shall destroy any duplicate public records that are exempt or confidential and exempt from public records requirements. All records stored electronically must be provided to the COUNTY in a format that is compatible with the information technology systems of the COUNTY. All documentation produced as part of this Agreement will become the property of the COUNTY. This paragraph shall survive the expiration or termination of this Agreement.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT PUBLIC WORKS, CYNTHIA CROCE AT 727-267-1394, CCROCE@PASCOCOUNTYFL.NET, OR 4454 GRAND BLVD., NEW PORT RICHEY, FL 34652.

Under Florida law, a Contractor who fails to provide the public records to the COUNTY within a reasonable time may be subject to penalties under Section 119.10, Florida Statutes, and such non-compliance will constitute a breach of the Agreement and may serve as grounds for termination of this Agreement.

ARTICLE 19 – APPRENTICES AND TRAINEES

19.1 When apprentices and trainees are utilized by the CONTRACTOR on the Work pursuant to this Agreement, the CONTRACTOR shall be governed by the provisions of Chapter 446, Florida Statutes.

ARTICLE 20 – EQUAL OPPORTUNITY COMPLIANCE PROVISIONS

20.1 During the performance of this Agreement, the CONTRACTOR agrees as follows.

20.1.1 General. The CONTRACTOR shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, age, handicap or marital status.

20.1.2 Sanctions. In the event the CONTRACTOR fails to comply with any non-discrimination provision of this Agreement or with any such laws, regulations or orders, this Agreement may be cancelled, terminated, or suspended, in whole or part, and the CONTRACTOR may be declared ineligible for further COUNTY contracts by rule, regulation, or order of the BOARD, or as may otherwise be provided by law.

20.1.3 Subcontractors. The CONTRACTOR shall include the provisions of paragraphs 20.1.1 and 20.1.2 in every subcontract under this Agreement so that such provisions will be binding upon each SUBCONTRACTOR. The CONTRACTOR will take such action with

respect to any SUBCONTRACTOR as the COUNTY may direct as a means of enforcing such provisions, including sanctions for noncompliance.

20.1.4 Federal Requirements. In the event this Agreement is funded, in whole or in part, from any federal governmental agency or source, the specific terms, regulations, and requirements governing the disbursement of these funds shall be incorporated by reference herein and become a part of this clause.

20.1.5 Equal Opportunity Laws, Regulations, and Requirements Throughout the term of this Agreement, the CONTRACTOR shall not violate any of the following federal or state laws, regulations, and requirements:

a. Federal

1. Section One of the Fourteenth Amendment to the United States Constitution.
2. Title VI of the Civil Rights Act of 1964.
3. Civil Rights Restoration Act of 1987.
4. Title VII of the Civil Rights Act of 1964, as amended by the Equal Employment Opportunity Act of 1972 and 1975.
5. Civil Rights Acts of 1866 and 1870.
6. Standards for a Merit System of Personnel Administration, 45 CFR 70.
7. Revised Order Number 4, 41 CFR 60-2.10.
8. Rehabilitation Act of 1973, P.L. 93-112.
9. Interagency Agreement dated March 23, 1973.
10. Executive Order 11914, Nondiscrimination with Respect to the Handicapped in federally assisted programs.
11. Age Discrimination Act of 1975 amended by P.L. 94-135.
12. Civil Rights Act of 1968. P.L. 90-284.
13. Veterans Readjustment Act.
14. Section 14001 of Consolidated Omnibus Budget Reconciliation Act of 1985, (State and Local Assistance Act of 1972, as amended)
15. Office of Management and Budget Circular A-102, Attachment O.
16. Age Discrimination in Employment Act, as amended.
17. Federal Civil Rights Act of 1991.
18. Americans with Disabilities Act.

b. State

1. State Constitution (Preamble) and Section 13.251 (Powers and Purposes) protects citizens from discrimination because of race, national origin and religion.
2. Florida Statutes, Chapter 112.041, requires non-discrimination in employment by counties and municipalities because of race, color,

national origin, sex, handicap, or religious creed.

3. Florida Statutes, Chapter 112.043, prohibits age discrimination in employment.
4. Florida Statutes, Chapter 413.08, prohibits discrimination against physically disabled persons in employment.
5. Florida Statutes, Chapter 448.07, prohibits wage rate discrimination based on sex.
6. Florida Civil Rights Act of 1992.

ARTICLE 21 – ALLOWANCES

21.1 Allowance Categories. Because of the size, complexity and nature of the Project, the BOARD has determined it is in the best interest of the COUNTY to establish certain allowance categories for various portions of additional or revised work. The Allowance Work may consist of, but is not limited to, the following:

a. General Site Work;
b. Concrete Structures;
c. General Road Work;
d. Utility Work; and
e. Process Work.

The Allowance Work is included in the Contract Price and the Contract Work and shall be performed in full compliance with all requirements of the Contract Documents. The Contract Time also includes a number of calendar days reserved for performance of Allowance Work in accordance with this Article, calculated as follows: twenty percent (20%) of days allocated from the date the Contract Time commences to Final Completion (as awarded),or sixty (60) days, whichever is less, unless otherwise specified in the Contract Documents. The election of the Contractor's performance of Allowance Work and the allocation of Contract Time for such Allowance Work shall be within the sole discretion of the County.

21.2 Authorized Expenditures and Allocations of Time. All charges and time for Allowance Work must be pre-approved in writing by the COUNTY ADMINISTRATOR for the COUNTY or by his appropriately authorized designee. Said written pre-approval shall be in the form of an Allowance Authorization Release (AAR), which shall describe in detail the Allowance Work to be performed, the time, if any, required, and the price for the Allowance Work, and shall contain the authorized signature of the COUNTY ADMINISTRATOR, or his appropriately authorized designee. If the CONTRACTOR proceeds to perform any Allowance Work without the required AAR, the CONTRACTOR shall be deemed to have waived any rights it might otherwise have had to additional compensation or additional time, or both, for such Allowance Work. Any monies designated for Allowance Work remaining upon the completion of all Work shall be deducted from the Contract Price by an approved Change Order.

21.3 **Pricing of Allowance Work.** When the COUNTY has determined that it wishes to have the CONTRACTOR perform certain Allowance Work, the PROJECT MANAGER shall provide the CONTRACTOR with an allowance proposal request, identifying the Allowance Work to be performed, and requesting the CONTRACTOR to submit a price for such proposed Allowance Work. The CONTRACTOR shall submit a price for the proposed Allowance Work in a timely fashion, but in no event shall the CONTRACTOR expend more than five (5) days within which to submit its price on the proposed Allowance Work, unless the PROJECT MANAGER, with the consent of the DIRECTOR, permits a longer period of time. The CONTRACTOR shall prepare its price for the proposed Allowance Work in accordance with the pricing procedures established for Change Orders under Article 12.

21.4 **Allocation of Contract Time.** If the CONTRACTOR requests an allocation of Contract Time for performance of Allowance Work, the CONTRACTOR shall state with particularity in its response to the allowance proposal request of the COUNTY the reasons for its request and the manner in which performance of Allowance Work will affect the Contract schedule. The CONTRACTOR shall be entitled to an allocation of time for performance of Allowance Work only for the number of the days that the COUNTY ADMINISTRATOR or his designee determine to be appropriate, and then only to the extent such performance affects the ability of the CONTRACTOR to meet contract milestone dates. The COUNTY ADMINISTRATOR or his designee may not allocate more Contract Time for all Allowance Work hereunder than the number of calendar days designated for Allowance Work in the Agreement. If the COUNTY and CONTRACTOR agree on the time to be allocated for performance of Allowance Work, the time shall be stated in the AAR. The COUNTY ADMINISTRATOR or his designee may adjust any milestone dates affected by allocation of time for Allowance Work and shall state such adjusted milestone dates in the AAR. CONTRACTOR shall not be entitled to damages for delays or disruptions caused by performance of Allowance Work hereunder. An approved Change Order shall be used to deduct any time designated for Allowance Work remaining at the completion of all Work from the Contract Time.

21.5 **Disputes as to Price or Time.** If the COUNTY and CONTRACTOR agree on the price for proposed Allowance Work but cannot agree on the amount of time for such Work, or vice-versa, then the item agreed upon shall be stated in the AAR.

ARTICLE 22 – DISPUTE RESOLUTION

22.1 **Mediation.** As a condition precedent to filing any action in law or equity on any claim against the COUNTY that may be arise out of these Contract Documents or the subject thereof, the CONTRACTOR agrees to provide advance Notice to

the COUNTY of its intent to file a lawsuit or other action against the COUNTY. The CONTRACTOR further agrees to submit the dispute in good faith to non-binding mediation before a single mediator, pending completion of which any lawsuit or other action that may have been filed by or on behalf of, the CONTRACTOR shall be tolled. The costs for such mediation shall be split equally between the parties.

22.1.1 Venue for Mediation. The mediation shall be conducted at the West Pasco Government Center, located at 8731 Citizens Drive, New Port Richey, Florida, or at such other convenient location in New Port Richey as the mediator may determine.

22.1.2 Selection of Mediator. The mediator shall be selected from the official list of certified mediators maintained by the Circuit Court for the Sixth Judicial Circuit, in and for Pasco County, Florida or such other list as agreed upon by the parties. Said mediator shall possess a minimum of ten (10) years' experience in handling construction transactions and litigation.

22.1.3 Rules and Administration. Unless otherwise contrary to these Contract Documents, to any subsequent written expression of mutual intent executed by the parties, or to any provision of the law, the mediation shall be administered by the American Arbitration Association and conducted in accordance with its most recent Construction Industry Mediation Rules.

22.2 Governing Law. The Contract Documents shall be governed by and interpreted according to Florida law.

22.3 Venue and Jurisdiction. Any action brought under this Agreement or with respect to any claim arising from the subject matter thereof shall be brought and heard in a state court of competent jurisdiction at the West Pasco Judicial Center in New Port Richey, Pasco County, Florida. If the claim(s) that form the basis for any such action must be adjudicated in federal court, then venue for that action shall be in the United States District Court for the Middle District of Florida, Tampa Division.

22.4 Notice of Claim; Contractor Books and Records. As a condition precedent to the initiation by the CONTRACTOR of any claim (regardless of how such a claim or demand shall be entitled by the CONTRACTOR) against the COUNTY through administrative proceedings or in arbitration, or to the filing of any action in law or equity against the COUNTY, the CONTRACTOR shall, at least sixty (60) days in advance thereof, provide Notice to the COUNTY of its intent to pursue said claim, and for a period not less than fifteen days during the first (45) days following the date of the Notice, deliver to the COUNTY at the Office of the County Attorney in New Port Richey, Florida, for inspection and copying, all of the original books and records in the possession or control of the CONTRACTOR

which may be related, directly or indirectly to the claim or action, regardless of whether the COUNTY has affirmatively and expressly requested the same. In lieu of delivering the original books and records, the CONTRACTOR may, at its own expense, deliver to said Office of the County Attorney complete and legible photocopies of all such original books and records within thirty (30) days of the date of the Notice; however, nothing herein shall be construed to curtail the rights of the COUNTY to, *inter alia*, inspection and copying under Article 18 hereof.

(Bid No.): IFB-RH-21-193

Description of Project (including if applicable, a legal description and the street address of the property being improved and a general description of the improvement):

[ ] See Attachment ("Legal Description")

The general intent of this Contract is the repair and replacement of sidewalks as directed by the County throughout Pasco County.

BOND NO._____

PUBLIC CONSTRUCTION BOND

BY THIS BOND, We _____, as Principal and _____, a corporation, as Surety, are bound to _____, herein called Owner, in the sum of $ _____, for payment of which we bind ourselves, our heirs, personal representatives, successors, and assigns, jointly and severally.

THE CONDITION OF THIS BOND is that if Principal:

1. Performs the contract dated _____, between Principal and Owner for construction of ANNUAL CONCRETE SIDEWALK REPLACEMENT CONTRACT, (hereinafter the "Contract"), the Contract being made a part of this bond by reference, at the times and in the manner prescribed in the Contract; and

2. Promptly makes payment to all claimants, as defined in Section 255.05(1), Florida Statutes, supplying Principal with labor, materials or supplies used directly or indirectly by Principal in the prosecution of the work provided for in the contract; and

3. Pays Owner all losses, damages, expenses, costs, and attorney's fees, including appellate proceedings, that Owner sustains because of a default by Principal under the Contract; and

4. Performs the guarantee of all work and materials furnished under the Contract for the time specified in the contract, then this bond is void; otherwise it remains in full force.

Any action instituted by a claimant under this bond for payment must be in accordance with the notice and time limitation provisions in Section 255.05(2), Florida Statutes.

Any changes in or under the Contract documents (including extension of time, alternatives or additions to the terms of the Contract or specifications referred to within), and compliance or noncompliance with any formalities connected with the Contract or the changes does not affect Surety's obligation under this bond, and it does hereby waive notice of any such changes, extension of time, alterations or additions to the terms of the Contract or to work or to the specifications.

THIS BOND IS DATED THIS _____ day of _____, 20____ (the date of issue by the Surety or by the Surety's agent and the date of such agent's power-of-attorney).

Obligee of Property Being Improved:

Pasco County Board of County Commissioners
Attn: Purchasing Department
7536 State Street, Suite 221
New Port Richey, Florida 34654
Telephone No. (727) 847 - 8194

Contracting Public Entity (if different from Owner): (N/A)

Contract Number Assigned by Public Entity (BOCC No.):

(Bid No.): IFB-RH-21-193

Description of Project (including if applicable, a legal description and the street address of the property being improved and a general description of the improvement):

[ ] See Attachment ("Legal Description")

The general intent of this Contract is the repair and replacement of sidewalks as directed by the County throughout Pasco County.

BOND NO._____

PAYMENT BOND

I. KNOW ALL PERSONS BY THESE PRESENTS: That _____, as Principal, whose address is _____, and _____, as Surety, whose address is _____ _____, are held and firmly bound unto the Board of County Commissioners, Pasco County, Florida, as Obligee in the sum of $ _____,__for the payment whereof we bind ourselves, our heirs, executors, personal representatives, successors and assigns, jointly and severally, firmly by these presents.

II. WHEREAS, the Principal has entered into a contract with Obligee, dated the _day of _____ _____, 20___, for ANNUAL CONCRETE SIDEWALK REPLACEMENT CONTRACT; in accordance with drawings and specifications, which contract is by reference made a part hereof, and is hereinafter referred to as the Contract.

III. A. NOW THEREFORE, THE CONDITION OF THIS BOND IS THAT IF THE PRINCIPAL:

1. Shall promptly make payments to all claimants as defined in section 255.05(1), Florida Statutes, supplying the Principal with labor, materials, or supplies, as used directly or indirectly by the Principal in the prosecution of the work provided for in the Contract; and

2. Shall pay the Obligee for all losses, damages, expenses, costs, and attorney's fees, including those resulting from appellate proceedings, that the Obligee sustains because of a default by the Principal in contravention to the Contract in regard to payment for such labor, materials, or supplies furnished to the Principal; then this Bond is void; otherwise, this Bond remains in full force and effect.

B. BE IT FURTHER KNOWN:

1. Any changes in or under the Contract and compliance or noncompliance with any formalities connected with the said Contract or alterations which may be made in the terms of the said Contract, or in the work to be done under it, or the giving by the Obligee of any extension of time for the performance of the said Contract, or any other forbearance on the part of the Obligee or Principal to the other, shall not in any way release the Principal and the Surety, or either or any of them, their heirs, their personal representatives, their successors or their assigns from liability hereunder, notice to the Surety of any such changes, alterations, extensions or forbearance being hereby waived.

2. Certain claimants seeking the protection of this Bond must timely comply with the strict requirements set forth in section 255.05, Florida Statutes, and as otherwise provided by law.

3. As concerns payment for labor, materials and supplies, as affects certain claimants, no legal action shall be instituted against the Principal or Surety on this Bond after one (1) year from the performance of labor or the completion of delivery of the materials or supplies as is specifically mandated pursuant to section 255.05, Florida Statutes.

THIS BOND IS DATED THIS ___ day of _____, 20___ (the date of issue by the Surety or by the Surety's agent and the date of such agent's power-of-attorney).

CSFP-2

PART II

CONDITIONS OF THE CONTRACT

B. SPECIAL CONDITIONS

1. REQUIREMENTS CONTRACT

The Bid (if awarded to a selected CONTRACTOR) will result in a non-exclusive requirements contract for a three (3) year term with two (2) additional one-year option(s) to renew at the County's option at the same terms and conditions. By entering into such a contract with the COUNTY, the successful Bidder acknowledges that the COUNTY does not guarantee all or any of the WORK provided for herein to a particular Bidder. The COUNTY also specifically reserves the right to use its own forces or other contracted labor to perform the type of WORK included hereunder during the term of the Agreement or any applicable renewal period.

2. PROJECT INTENT

The COUNTY reserves the right to award a contract to a single CONTRACTOR, who submits the lowest most responsive and responsible Bid. The selected CONTRACTOR shall be able to perform all requirements and services as stated in the Bid. The WORK to be performed hereunder will involve specific project areas (Project(s)) within the County where WORK will be required. All Bidders will be required to provide prices on a line items basis for WORK to be performed at the designated location.

Projects will be assigned by a Notice To Proceed (NTP) on an as-needed basis and as determined by the COUNTY's Public Works Director or their designee. The term "WORK" as referred to in this Contract Documents shall have the same meaning as "Project". At the COUNTY's discretion. Work will be assigned based on such factors as, but not limited to: COUNTY time schedules, CONTRACTOR response time, turn-around times and completion dates; previous Project performance, etc.

3. WORK ASSIGNMENTS

The COUNTY will award WORK to the CONTRACTOR based on the prices reflected in the Bid Proposal incorporated into the final contract. In an effort to expedite construction activities and the WORK schedule, it is the COUNTY's intent, when possible, to issue a notice to proceed (NTP) on a "bi-annual basis". This NTP issuance shall cover several Projects. A NTP shall be issued for all Projects assigned hereunder, including a description of the total days for completion of the Project(s). No NTP shall be issued for any Work if the time for completion of that Work, as stated in the NTP, will exceed the last day of the contract time of this Agreement.

If when contacted about a particular Project, a CONTRACTOR cannot respond or fails to respond to a NTP for a particular Project or WORK, for any reason (i.e.: failure to meet at a Project site when scheduled, missed telephone calls, etc.), within seven (7) calendar days of the initial contact attempt by the COUNTY), the COUNTY specifically reserves the right to cancel the NTP.

Repeated and documented instances of non-performance or failure to provide services as requested in this Bid shall be grounds for termination of the Contract.

4. **CONTRACTOR PERFORMANCE**

The COUNTY shall track the CONTRACTOR's performance, via the use of a COUNTY performance evaluation form. A performance evaluation will be completed on a per Project basis.

THE EVALUATION SHALL ENCOMPASS SUBJECTS, SUCH AS:

- KNOWLEDGE
- TIMELINESS OF PERFORMANCE
- SAFETY AND PROTECTION
- EFFECTIVENESS OF MANAGEMENT
- COMPLIANCE WITH REQUIREMENTS
- QUALITY OF WORK
- INVOICING AND PAYMENT
- CITIZEN/COMMUNITY RELATIONS
- ABILITY TO WORK WITHIN ALLOTED COST
- LAW AND REGULATIONS

The intent of the evaluation is to assess the CONTRACTOR's performance, both strengths and weaknesses, and provide a record of performance during the COUNTY Contract. Such information on the CONTRACTOR's performance will be taken into consideration in future procurement selections.

5. **DAMAGE TO PRIVATE PROPERTY**

If during the course of the "WORK" provided for hereunder, the CONTRACTOR damages private property, the CONTRACTOR shall be responsible for correcting the damage and restoring the property or correcting the defect, within seventy-two (72) hours, upon receiving a request, from the COUNTY to correct the defect or damage.

THEREFORE, THE CONTRACTOR SHALL CONDUCT A PRE- EXISTING VIDEO SURVEY OF THE PROJECT LIMITS AND ADJACENT PRIVATE PROPERTY PRIOR TO COMMENCEMENT OF ANY ACTIVITIES. THE INTENT OF THIS VIDEO SURVEY IS FOR THE PURPOSES OF ESTABLISHING "**THE PRE-EXISTING CONDITIONS"**.

THE COST OF THIS VIDEO SURVEY SHALL BE AT THE CONTRACTOR'S EXPENSE.

6. **ADVANCE RESIDENT NOTIFICATION**

The CONTRACTOR shall distribute by hand, a typed notice to all residences and businesses on the street(s) on which WORK will be performed. The notice will be delivered no more than seventy-two (72) hours prior to any WORK being performed on the Project. The notice must include a local phone number that residents may call to ask questions.

The notice shall be of the door hanger type that secures to the door handle of each dwelling. Unsecured notices will not be allowed. The CONTRACTOR shall also place the notice on the windshield of any parked cars on the street. The cost to furnish and hand distribute this notice will be considered, included in the overall price of the contract.

At the discretion of the COUNTY, depending on factors such as: the size of the footprint of the effected Project and other considerations, the COUNTY may choose to require that the CONTRACTOR also employ portable changeable message board(s) as a means to alert and advise the community of the upcoming Project(s). These portable changeable message board(s) shall be installed no less than eight (8) calendar days prior to construction commencement. Message board(s) shall be placed at major roads entering and exiting the Project limits.

The portable changeable message boards shall read:

a) "Road Work Begins"
b) "Project Name"
c) "Start Date"

Displayed messages shall be in accordance with the federal highway portable changeable message signs, handbook:

www.fhwa.dot.gov/publications/research/infrastructure/pavements/ltpp/reports/03066/

The associated cost to furnish and install the portable changeable message board(s) shall be considered included in the overall contract price.

SEE ADDITIONAL SPECIAL CONDITIONS THAT FOLLOW:

B. ADDITIONAL SPECIAL CONDITIONS

SC-1 CONFORMITY OF WORK WITH CONTRACT DOCUMENTS

All WORK performed and all materials furnished shall be in close conformity with the lines, grades, cross sections, dimensions, and material requirements, and shall be within the tolerance indicated in the Contract Documents. The CONTRACTOR shall not deviate from the Contract Documents in any instance except under direction of the DIRECTOR, or his designee.

SC-2 OBSERVATION OF THE WORK

The COUNTY'S PUBLIC WORKS DIRECTOR AND/OR HIS DESIGNEE and Inspectors shall have free access to the materials, material suppliers, sources of supply, and to the WORK at all times for measuring, testing or observing the same, and the CONTRACTOR shall afford him/her all necessary facilities and assistance for such activities. After the issuance of Notice to Proceed for the WORK, the PUBLIC WORKS DIRECTOR OR HIS DESIGNEE may:

(A) Make visits to the WORK site at intervals or provide full-time inspection as the PUBLIC WORKS DIRECTOR OR HIS DESIGNEE deems appropriate to the various stages of construction to observe the progress and quality of the executed WORK and to determine in general if the WORK is proceeding in accordance with the Contract Documents. The COUNTY will not be required to make exhaustive or continuous on-site observations to check the quality or quantity of the WORK, nor will it be responsible for the CONTRACTOR'S means, methods, procedures and techniques. The COUNTY will not be responsible for the CONTRACTOR'S failure to perform the WORK in accordance with the Contract Documents, nor will the COUNTY be responsible for the safety precautions and procedures in connection with maintaining a safe Project area, including but not limited to Maintenance of Traffic.

(B) Check and approve samples, catalog data, submittals, laboratory results, shop and mill tests of material and equipment, and other data, which the CONTRACTOR is to submit.

(C) Act as the COUNTY'S representative at the Project site, and issue instructions of the COUNTY to the CONTRACTOR.

(D) Based on his/her on-site observations as a representative of the COUNTY and, on his/her review of the CONTRACTOR'S application for payment, the PUBLIC WORKS DIRECTOR OR HIS DESIGNEE shall determine the amount owed to the CONTRACTOR based on quantities furnished by the CONTRACTOR and the COUNTY'S field personnel; such approvals of payment shall constitute a representation to the COUNTY, based on such observations and review of the data comprising such applications, that the WORK has progressed to the point indicated and that, to the best of his/her information and belief, the quality of WORK is in substantial compliance with the Contract Documents. Payments are subject to the results of any subsequent testing required by the Contract Documents and any qualifications stated in his/her approval. Such partial and final payments will be specified elsewhere herein, except as modified in this paragraph.

(E) The COUNTY'S PUBLIC WORKS DIRECTOR OR HIS DESIGNEE may conduct, in the company of the CONTRACTOR, a final construction inspection of the Project for conformance with the Contract Documents and other specific direction provided by the PUBLIC WORKS DIRECTOR. If acceptable to the COUNTY, the PUBLIC WORKS DIRECTOR may then, in writing, issue final acceptance and final payment for each Project in accordance with the terms provided in the Contract Documents.

SC-3 MAINTENANCE UNTIL FINAL ACCEPTANCE

The CONTRACTOR shall be responsible for and maintain ALL WORK and the Project area in a safe, clean and neat manner and condition until it has been completed as a whole and the CONTRACTOR has received written final acceptance from the PUBLIC WORKS DIRECTOR.

SC-4 INSPECTION FOR ACCEPTANCE

Upon notification that ALL WORK has been completed, the PUBLIC WORKS DIRECTOR OR HIS DESIGNEE will make an inspection for acceptance. If the PUBLIC WORKS DIRECTOR OR HIS DESIGNEE finds that ALL WORK has been satisfactorily completed, the inspection will be considered as the final inspection. If any of the WORK is found to be unsatisfactory, the PUBLIC WORKS DIRECTOR OR HIS DESIGNEE will detail the remedial WORK required to achieve acceptance and furnish such findings in writing to the CONTRACTOR. The CONTRACTOR shall immediately perform such remedial WORK. Subsequent inspections will be made on the remedial WORK until the PUBLIC WORKS DIRECTOR accepts all WORK.

SC-5 FINAL ACCEPTANCE

When, upon completion of the final construction inspection of the WORK, the PUBLIC WORKS DIRECTOR determines that the CONTRACTOR has satisfactorily completed the WORK, the PUBLIC WORKS DIRECTOR will give the CONTRACTOR written notice of final acceptance. This shall begin the one (1) year warranty period for that specific Task.

The COUNTY shall conduct a final warranty inspection approximately eleven
(11) months following the COUNTY'S acceptance of the CONTRACTOR'S Affidavit of Completion.

The COUNTY will notify the CONTRACTOR in writing of all the particulars when the inspection reveals the WORK to be defective, inadequate, incorrect, incomplete or unsatisfactory. The CONTRACTOR shall immediately take such action as required to correct any such deficiencies and schedule a re-inspection with the appropriate parties.

In no event shall this provision be construed to be a release of any claim or cause of action whatsoever that may be asserted against said bonds by any claimant. No provision provided in Section 255.05, Florida Statutes (1997) should be construed to create a statute of limitations for any claim or causes of action against the bonds. Final payment for individual Tasks shall not be considered as a release of the Surety's obligations under the Contract Documents.

SC-6 SCOPE OF PAYMENT

The CONTRACTOR shall accept the compensation for WORK or Project as provided in the NTP and/or the Contract Documents as full payment for furnishing all materials and for performing ALL WORK included and

contemplated in the Contract Documents; also for all loss or damage arising out of action of the elements, weather events, or from unforeseen difficulties or obstructions that may arise or be encountered in the prosecution of the WORK until its final acceptance; also for all costs incurred under the provisions of the NTP and/or the Contract Document.

For any item of WORK contained in the Bid, except as might be specifically provided otherwise in the basis of payment clause for the item, the Contract unit price for the pay item or items shall include all labor, equipment, materials, tools, and incidentals required for the complete item of WORK, including all requirements of the section specifying such item of WORK. Unless specifically provided for in the Special Provisions, the CONTRACTOR will not be paid for materials delivered or stored on site.

SC-7 INTEGRATION OF WORK BY OTHERS

If any part of the CONTRACTOR'S WORK depends upon the WORK of any other CONTRACTOR, utility owner, or the COUNTY itself for proper execution or results, the CONTRACTOR shall inspect and promptly report to the COUNTY, in writing, any delays, defects, or deficiencies in such WORK that render it unavailable or unsuitable for such proper execution and results. CONTRACTOR'S failure to so report will constitute an acceptance of the other WORK as fit and proper for integration with the CONTRACTOR'S WORK except for latent or non-apparent defects and deficiencies in the other WORK.

SC-8 PUBLIC SAFETY

The CONTRACTOR shall be singularly and wholly responsible for the safety of the public and property in and around the Project limits as well as for his/her employees. The CONTRACTOR shall provide, erect, and maintain necessary barricades, suitable and sufficient warning lights, danger signals, and signs; provide a sufficient number of personnel to direct traffic; and take all necessary precautions for the protection of the WORK and the safety of the public. The safety provisions of applicable laws and existing building and construction codes shall be observed.

1. **CONSTRUCTION SITE RUNOFF, SITE OPERATOR TRAINING**

TO ENSURE NPDES COMPLIANCE, THE CONTRACTOR MUST HAVE AND MAINTAIN AT THEIR EXPENSE TRAINING CERTIFICATES ISSUED BY THE FLORIDA STORMWATER EROSION AND SEDIMENT CONTROL INSPECTOR TRAINING PROGRAM OR EQUIVALENT PROGRAM APPROVED BY FDEP FOR ALL INSPECTORS HE/SHE IS PLANNING TO USE TO PROVIDE THE SERVICES CONTRACTED HEREIN. CURRENT COPIES OF CERTIFICATES SHALL BE PROVIDED UPON DEMAND AT ANY TIME DURING THE CONTRACT PERIOD, (IF APPLICABLE).

2. DIVERSITY IN CONTRACTING AND SUBCONTRACTING

THE CONTRACTOR IS REQUIRED TO MAKE GOOD FAITH EFFORT TO ENCOURAGE THE PARTICIPATION OF MINORITY AND WOMAN OWNED BUSINESS ENTREPRISES AS SUBCONTRACTORS IN THE PERFORMANCE OF THEIR AGREMENT, IN ACCORDANCE WITH APPLICABLE LAWS.
IF REQUESTED, THE CONTRACTOR WILL BE REQUIRED TO PROVIDE INFORMATION TO THE COUNTY IDENTIFYING THE MINORITY AND/OR WOMAN OWNED BUSINESS ENTERPRISES OR WHAT STEPS WERE TAKEN TO AFFORD SUCH ENTERPRISERS AND OPPORTUNITY TO PARTICIPATE IN THE PERFORMANCE OF THIS AGREEMENT.

SEE ADDITIONAL SPECIAL CONDITIONS THAT FOLLOW:

SPECIAL PROVISIONS

SP-1 PROJECT INTENT AND CONTRACT PLANS

I. GENERAL

The general intent of the **Annual Concrete Sidewalk Replacement Contract** is to repair existing 4-ft to 8-ft concrete sidewalk and multi-use path and associated improvements

This Work, involves, but is not limited to:

- Furnishing and installation of:
  - 4-ft concrete sidewalk
  - 5-ft concrete sidewalk
  - 6-ft concrete sidewalk or multi-use path
  - 8-ft concrete multi-use path
  - Related Appurtenances
    - Handicapped Accessible ramps
    - Signage
    - Pavement Markings
    - Sidewalk Enhancements

- Control of Fugitive Sediments from work area via employment of BMP's, such as:
  - Silt Fence
  - Turbidity Barrier

- Removal and/or replacement of existing appurtenances, such as but not limited:
  - Handrails
  - Drainage Appurtenances (pipes, culverts, etc.)
  - Related Appurtenances

- Restoration of:
  - Sod
  - Any other existing appurtenances removed and/or replaced to complete the contracted work

- Removal and Relocation of Gopher tortoises
  - Survey
  - Excavation, Entrapment and Removal
  - Relocation

II. SCOPE OF WORK

The end result the COUNTY requires for this Project, and in accordance with Contract Documents, is the execution and completion of the WORK as described within the Contract Documents. The Project sites are to be restored to a condition equal or better than pre-existing condition upon completion of the WORK.

III. MEANS AND METHODS

The CONTRACTOR shall be fully responsible for the means and methods of achieving the SCOPE OF WORK stated above, by commonly accepted construction methods for the removal, replacement and / or installation of the concrete sidewalk and multi-use path.

IV. DUST CONTROL

The CONTRACTOR shall be responsible for controlling dust created by the Project activities. The CONTRACTOR shall apply one (1) or more applications of water or dust palliative (as determined necessary by the COUNTY/Project Manager) to the work area to control dust.

There will be no separate payment for Dust control. The cost for Dust control shall be considered incidental to the project.

V. NOISE CONTROL

The WORK on this Project shall be done between the hours of 7 AM to 5 PM. Night WORK, or work outside the hours above referenced is NOT allowed in this Project without the approval of the COUNTY.

The COUNTY could still be concerned about the noise that may be caused by the CONTRACTOR'S operations at the Project. Therefore, the CONTRACTOR will take all reasonable precautions to limit the noise his/her operations may generate. As directed by the COUNTY, the CONTRACTOR shall fully enclose any necessary equipment in a plywood structure, to the satisfaction of the COUNTY in order to abate the equipment noise as much as possible. There will be no separate payment for noise control. The cost for noise control shall be considered incidental to the project

VI. PIPE INSPECTION

IF APPLICABLE TO A PROJECT

All new drainage systems (pipe and structures), as well as any existing drainage system within the Project limits, shall be thoroughly cleaned and cleared of all obstructions and/or debris prior to being accepted by the COUNTY.

As a condition of acceptance, the CONTRACTOR shall complete a Close Caption Televised (CC TV) Pipe Inspection and provide a video (DVD only) of the complete inside view of the entire drainage system at the completion of the Project. The associated cost of this CC TV Pipe Inspection shall be included in the cost of the pipe installation.

VII. MAINTENANCE OF TEMPORARY DRAINAGE SYSTEM

IF APPLICABLE TO A PROJECT

The work in this CONTRACT may be constructed through the rainy season. As a result, while the improvements are being constructed, there may be the need for a functioning and operable “temporary drainage system” to meet the community drainage needs.

Therefore, it shall be the CONTRACTOR’s responsibility to keep and maintain a functioning and operable temporary drainage system until such time as the drainage conveyance system, sidewalk or multi-use path, here contracted is in place and operational.

Therefore, the CONTRACTOR shall assess every and all weather events on its own merits and prepare as needed for the required drainage appurtenances, such as: temporary

pump, pipe and/or other accessories, to ensure the community is NOT adversely affected as result of the weather and/or deficiencies on the temporary drainage system.

The cost of the Maintenance of Temporary Drainage Systems shall be included as part of the entire project <u>TOTAL BID PRICE.</u>

SP-2 BID ITEM NO. 1000-5 - GOPHER TORTOISE SURVEY, per Each Task Work Order Location

The CONTRACTOR shall conduct a Gopher Tortoise Survey prior to the start of construction on this Project in accordance with the FWC'S "Gopher Tortoise Permitting Guidelines". After the CONTRACTOR stakes the Project right-of-way, the CONTRACTOR shall have a Florida Fish and Wildlife Conservation Commission (FWC) Authorized Gopher Tortoise Agent conduct a Gopher Tortoise Survey of the Project Area. The Authorized Gopher Tortoise Agent shall prepare the permit application, submit the application, pay any associated fee, and obtain the Gopher Tortoise Conservation Permit from the FWC. The Authorized Gopher Tortoise Agent shall prepare any maps and other material necessary for the FWC Gopher Tortoise Conservation Permit. Under this Bid Item No. 1000-5, the CONTRACTOR will be responsible for the Gopher Tortoise Survey, Permit Application, Permit Fees, and other associated work necessary to obtain and satisfy the requirements of the Gopher Tortoise Conservation Permit.

SP-3 BID ITEM NO. 1000-6 - GOPHER TORTOISE BURROWS EXCAVATIONS, per Each

The CONTRACTOR shall have the Authorized Gopher Tortoise Agent, with experience in this subject area and approved by the COUNTY, perform the Gopher Tortoise Burrows Excavation of potentially occupied burrows. The CONTRACTOR and the Authorized Gopher Tortoise Agent will be responsible for obtaining permit, following all permit requirements, and all rules and regulations of the FWC. The recipient site shall be approved by the COUNTY and acceptable to the FWC.

The CONTRACTOR will provide a Per Each unit price for the actual excavation of potentially occupied burrows. Five (5) burrows per each Gopher Tortoise excavation will be used as an estimate of the number of Gopher Tortoises within **Each Task Work Order Location** right-of-way. However, the CONTRACTOR will be paid based on the actual number of excavations.

SP-4 BID ITEM NO. 1000-7 – GOPHER TORTOISE RELOCATION, per Each

The CONTRACTOR shall have the FWC Authorized Gopher Tortoise Agent, with experience in this subject area and approved by the COUNTY, perform the Gopher Tortoise Relocation work. The Gopher Tortoise Relocation work shall commence within 30 days of the completion of the Gopher Tortoise Survey. The CONTRACTOR and the Authorized Gopher Tortoise Agent will be responsible for following all permit requirements and all rules and regulations of the FWC. The recipient site shall be approved by FWC.

The CONTRACTOR will provide a Per Each unit price for the actual gathering, removal, handling and relocation of Gopher Tortoises to the approved FWC mitigation bank. Five (5) Tortoise relocations will be used as an estimate of the number of Gopher Tortoises within **Each Task Work Order Location** right-of-way. . However, the CONTRACTOR will be paid based on the actual number of Gopher Tortoises gathered, removed, handled and relocated from **Each Task Work Order Location area** to the recipient site.

For the purposes of bidding on the Bid Item 1000-7 – Gopher Tortoises Relocation, the gopher tortoise shall be relocated to an approved FWC mitigation bank.

The CONTRACTOR shall be responsible for all costs involved in the gathering, removal, handling and relocation to an FWC-approved recipient site of all Gopher Tortoises in **Each Task Work Order Location** area in accordance with FWC Gopher Tortoise Conservation Permit and guidelines.

The CONTRACTOR shall be responsible for the applicable FWC-approved recipient site costs. The CONTRACTOR will arrange for the payment to the FWC approved recipient site.

SP-5 BID ITEMS AND QUANTITIES

If there is a difference between the items and quantities on the Plans (or other Contract Documents) and the Bid Proposal (BP) Sheets in the Contract Documents, the Bid shall be based on the items and quantities on the Bid Proposal (BP) Sheets.

ATTENTION BIDDERS:

1. **MATERIALS**

   All materials, products and/or services required for the execution and completion of this Project shall be procured and/or furnished and installed by the CONTRACTOR. The COUNTY will NOT supply any materials.

2. **EXISTING STRUSTURE: DECK & HANDRAIL**

   The existing structure shall be addressed as indicated in the construction plans.

3. **TREES, PLANTER'S AND STRUCTURES**

   The CONTRACTOR shall protect all trees, planters and/or structures; including but not limited to wells, pumps, irrigation, etc., as identified in the contract documents, and / or within the immediate proximity to the work area.

SP-6 PRECONSTRUCTION CONFERENCE

A Preconstruction Conference must take place and Notice to Proceed (NTP) must be issued by the COUNTY **before any work is started on a Project**

The Preconstruction Conference will take place within twenty (20) calendar days after complete execution of the contract and will be held at the Department of Public Works , Conference Room, located at 4454 Grand Blvd., New Port Richey, Florida 34654, as arranged by the COUNTY ENGINEERING MANAGER.

The CONTRACTOR shall submit to the COUNTY a work schedule in the format of a Critical Performance Measure no less than five (5) days prior to the Preconstruction Conference showing, in detail, the day on which the CONTRACTOR intends to begin and complete each of the major items of work and the relationship of each operation to the other. The work schedule shall include and incorporate all utility work signed as reviewed and approved by all affected utilities. The CONTRACTOR'S work schedule must be accepted by the COUNTY ENGINEERING MANAGER prior to the issuance of an NTP.

If required for the project, the CONTRACTOR shall submit the Certification of Understanding (National Pollutant Discharge Elimination System [NPDES]/Pollution Prevention Control Plan) as found in Part III - Bid Proposal, Exhibit E, at or prior to the Preconstruction Conference. If required for the project, a Notice of Intent must be submitted to the director of the NPDES prior to issuing an NTP. This may also require the submittal of a Stormwater Pollution Prevention Plan for the NPDES submittal. Additional information related to the Preconstruction Conference can be found in Part I - Bidding

Requirements, Section 20, and in Part II - Conditions of the Contract, Sections 3.4.2 and 7.1.1.

The CONTRACTOR shall submit any "Request to Subcontract" form(s) to the COUNTY ENGINEERING MANAGER for approval prior to initiation of work by that SUBCONTRACTOR.

The CONTRACTOR shall submit an initial Maintenance of Traffic (MOT) Plan at the Preconstruction Conference and shall submit updated the MOT plans as the work progresses. The CONTRACTOR shall not begin work, nor will an NTP be issued, until the MOT Plan has been approved in writing by the COUNTY ENGINEER. In the case of an existing approved MOT Plan, this is not required.

Any related preconstruction photographs and/or pre-existing video survey the CONTRACTOR feels are of importance prior to starting work shall be submitted and explained to the COUNTY prior to the COUNTY's issuance of the NTP.

The CONTRACTOR shall send an authorized representative to the Preconstruction Conference who will be responsible for the work to be performed on the job.

SP-7 NOTICE TO PROCEED

Until an NTP is issued, the CONTRACTOR is forbidden from performing any work. THE CONTRACTOR can NOT and will NOT be reimbursed for any work done prior to the issuance of the NTP.

If THE CONTRACTOR chooses and/or elects to perform ANY WORK prior to the issuance of the NTP, the action shall be classified as a BREACH OF CONTRACT AGREEMENT. As result, The COUNTY may elect to seek damages from THE CONTRACTOR

SP-8 PERIODIC PROGRESS MEETINGS

The COUNTY'S Project Manager will chair weekly progress meetings. The general purpose of these meetings will be to coordinate the various operations in progress, review and update the status of the Schedule, plan future operations, update all utility relocations, resolve conflicts, and address other issues as necessary. It is required that the County Project Manager and the CONTRACTOR'S Superintendent be present at these meetings. Payment shall be incorporated in the Mobilization Lump Sum Bid Item for this Project.

SP-9 UTILITIES

The CONTRACTOR is advised of the following; **there may be utilities located within the right-of-way and / or existing and / or proposed drainage easements that may need to be removed, adjusted and / or relocated during construction.**

The CONTRACTOR shall cooperate and coordinate with ALL the utility owners and their work during the period of construction.

The Contractor shall stage his work as needed or be required to accommodate the utility construction or relocations by others.

All existing utilities (above and/or underground) lines, power poles and overhead wiring shall be protected, in place, at all times, except as noted otherwise on the plans. Any damage to utilities caused by the Contractor's operation shall be repaired or replaced at the Contractor's expense.

All work done by the CONTRACTOR to protect existing utilities shown or described in the Contract Documents, or which can be reasonably inferred from the presence of other

visible facilities, is at Contractor's expense, the cost of which is deemed included in Contractor's Proposal to do the work.

SP-10 SUBCONTRACTORS

All Subcontractors shall be approved by the COUNTY prior to the commencement of their particular aspect of the work and/or specialty.

SP-11 EMERGENCY TELEPHONE LIST

The CONTRACTOR is advised that in addition to all the other submittals at the Pre-construction Conference, an emergency, personnel telephone list shall be submitted. The emergency, personnel telephone list shall include all individuals that shall be available and their telephone numbers in the event of an emergency. This list shall also be forwarded to the COUNTY Sheriff's Office.

SP-12 CONFORMITY WITH PLANS AND ALLOWABLE DEVIATIONS

Finished surfaces in all cases shall conform with the lines, grades, cross-sections, and dimensions shown on the approved plans. Deviations from the approved plans and working drawings, as may be required by the necessities of construction, will in all cases be determined by the Engineer and authorized in writing.

SP-13 INTERPRETATION OF PLANS AND SPECIFICATIONS

Should it appear that the work to be done or any of the matters relative thereto are not sufficiently detailed or explained in these specifications and the Special Provisions, the Contractor shall apply to the Engineer for such further explanations as may be necessary and shall conform to the same part of the contract, so far as may be consistent with the original specifications; and in the event of any doubt or questions arising respecting the true meaning of the specifications; reference shall be made to the Engineer, whose decision thereon shall be final.

In the event of any discrepancy between any drawings and the figures written thereon, the figures shall be taken as correct. The Contractor will not be allowed to take advantage of errors and omissions in the drawings and specifications. When errors or omissions are found, they will be corrected or supplied by the Engineer

The CONTRACTOR shall be issued three (3) sets of plans and specifications at the time of the Pre- construction Conference. If the CONTRACTOR requires more sets, it shall be produced either by the COUNTY or the CONTRACTOR at the CONTRACTOR'S expense.

SP-14 MAINTENANCE OF TRAFFIC

Night Operations

Night operations will not be allowed unless approved by the County Project Manager. (subject to the approval of the County Project Manager, the CONTRACTOR shall submit a **Lighting Plan** at the Pre-construction Conference for review and approval of the COUNTY together with the **Traffic Control Plan** for such night work. These Plans shall be submitted on standard plan sheets, not larger than 24"X36" and on a scale of either 1 "=50' or 100'. Prior to the commencement of any night work, the COUNTY must approve the Plans in writing. For any approved night work, a foreman and adequate personnel and/or labor shall be present to undertake the work so that all approved night work will be completed by 5:30 AM on the following morning. No additional compensation will be made to the CONTRACTOR for work performed at night.

During night operations, the CONTRACTOR shall furnish, place and maintain lighting adequate to permit proper workmanship and inspection. The CONTRACTOR shall employ lighting with five (5) foot-candles minimum intensity. The lighting shall be arranged to prevent interference with traffic. The lighting shall not produce undue glare to the adjacent property owners. The CONTRACTOR shall provide a light meter to demonstrate that the minimum light intensity is being maintained. Lighting will be accomplished by the use of portable floodlights, standard equipment lights, existing streetlights, temporary streetlights, or other lighting methods, or combination of lighting methods approved by the COUNTY.

The CONTRACTOR shall furnish and place variable message signs to alert approaching motorists of lighted construction work zones ahead. The variable message signs shall only be operated during active construction activities. The CONTRACTOR shall also equip all vehicles used on the Project with either amber or white flashing lights. All other equipment shall be equipped with a minimum of four (4) square feet of reflective sheeting or flashing lights. To avoid distraction to motorists, the lights on the vehicles and equipment shall not be operated when the vehicles or equipment are outside of the clear zone or behind other traffic control devices.

Lane Closures

Lane closures shall NOT be permitted during the hours of 6:00 AM to 9:00 AM and 4:00 PM to 7:00 PM. Lane closures within any school zone or within 500 feet of any school zone shall not be permitted from one (1) hour before to one (1) hour after the starting and ending times for school. All lane closures shall be properly signed, coned, or barricaded in accordance with FDOT standards. Variable message signs shall be used to advise motorists of the lane closures. The CONTRACTOR shall notify all emergency, law enforcement, and rescue agencies operating in the vicinity of the Project twenty-four (24) hours in advance of the proposed lane closures or restrictions. The CONTRACTOR shall, at the direction of the County Project Manager, open any temporary lane closure causing extended traffic congestion, until traffic has returned to an acceptable flow as judged by the County Project Manager.

Law Enforcement Officer

The CONTRACTOR shall provide two (2) uniformed, off-duty, law enforcement officers for traffic control: during night operations, and within 600 feet of a signalized intersection.

General Maintenance of Traffic Provisions

(A) The CONTRACTOR shall exercise caution while relocating existing signs or installing new signs to prevent unnecessary damage to the signs. If the signs are damaged beyond use, as determined by the County Project Manager, signs will be replaced at the CONTRACTOR'S expense.

(B) The CONTRACTOR shall maintain at least one (1) lane of traffic throughout the duration of the Project.

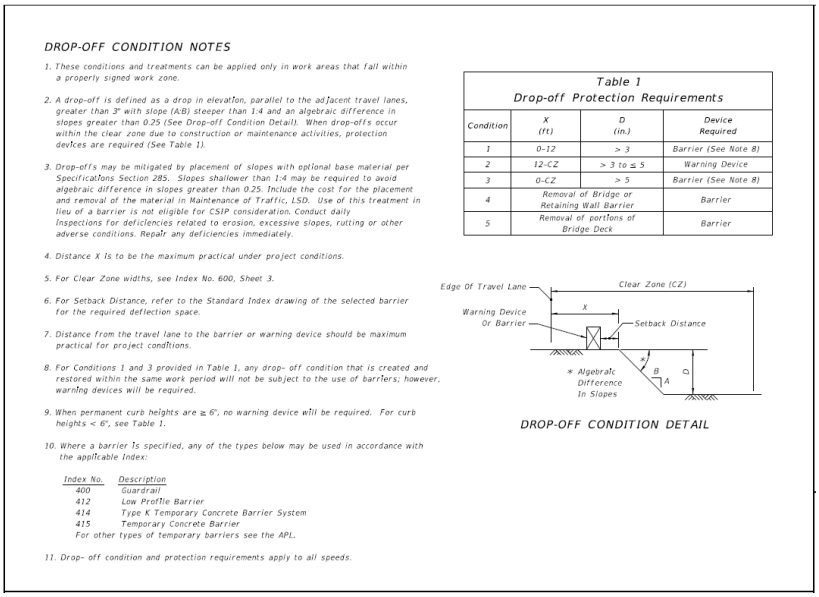
(C) The CONTRACTOR shall maintain access to all adjacent properties and streets at all times. Except when written permission is given by the COUNTY, no road or street Intersecting the Project shall be blocked or unduly restricted.

(D) No street closing shall be made without the COUNTY'S written approval. The CONTRACTOR shall notify the Fire Department, Police Department, Florida Highway Patrol, COUNTY Traffic Operations Division, COUNTY Emergency

Management Division and COUNTY Emergency Services before and after the closing of any street or portion thereof.

(E) Temporary markings shall be installed immediately when required.

(F) Temporary signage, example “Sidewalk Close”, shall be installed immediately when required.



(G) Temporary Reflectorized Pavement Markers (RPM) shall be installed with all temporary lane lines.

(H) Maintenance of Traffic shall include all temporary pavement markings required prior to installation of permanent pavement markings.

(I) This Project may require the submission of a Maintenance of Traffic (MOT) Plan, which will be approved by Pasco COUNTY Traffic Operations. The MOT Plan shall include the Project Name, Work Order No. and Bid No. The MOT Plan must comply with the Manual of Uniform Traffic Control Devices and FDOT Index 102-600, latest edition. All detours require 60 days for processing and Board of County Commissioners (BOCC} approval. The MOT Plan shall include an overview map of the Project; Including the name of the roadways represented, a north arrow, scale and the work activity area.

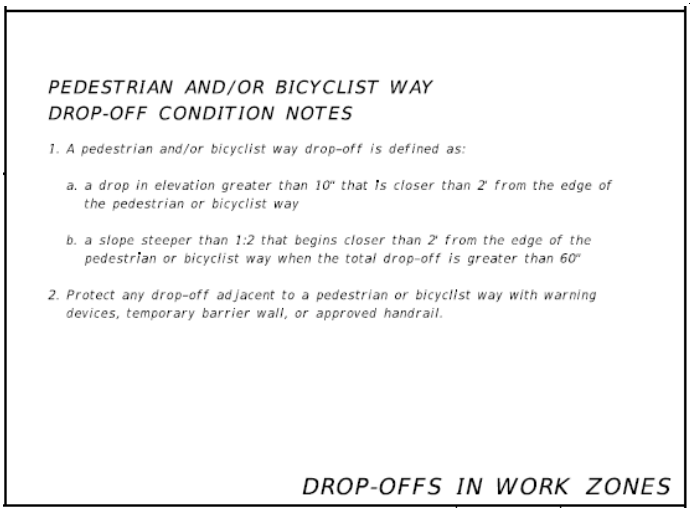
Drop Offs

The CONTRACTOR shall not have drop-offs greater than three (3) inches adjacent to any travel lane; therefore, the asphalt base shall be installed by the end of the working day without a drop-off greater than four (4) inches. The CONTRACTOR is referred to the FDOT Standard Plans (FY 2019-20) General Construction Operations for Maintenance of Traffic 102-000 through 102-120.

DROP-OFF CONDITION NOTES

1. These conditions and treatments can be applied only in work areas that fall within a properly signed work zone.
2. A drop-off is defined as a drop in elevation, parallel to the adjacent travel lanes, greater than 3" with slope (A:B) steeper than 1:4 and an algebraic difference in slopes greater than 0.25 (See Drop-off Condition Detail). When drop-offs occur within the clear zone due to construction or maintenance activities, protection devices are required (See Table 1).
3. Drop-offs may be mitigated by placement of slopes with optional base material per Specifications Section 285. Slopes shallower than 1:4 may be required to avoid algebraic difference in slopes greater than 0.25. Include the cost for the placement and removal of the material in Maintenance of Traffic, LSD. Use of this treatment in lieu of a barrier is not eligible for CSIP consideration. Conduct daily inspections for deficiencies related to erosion, excessive slopes, rutting or other adverse conditions. Repair any deficiencies immediately.
4. Distance X is to be the maximum practical under project conditions.
5. For Clear Zone widths, see Index No. 600, Sheet 3.
6. For Setback Distance, refer to the Standard Index drawing of the selected barrier for the required deflection space.
7. Distance from the travel lane to the barrier or warning device should be maximum practical for project conditions.
8. For Conditions 1 and 3 provided in Table 1, any drop- off condition that is created and restored within the same work period will not be subject to the use of barriers; however, warning devices will be required.
9. When permanent curb heights are ≥ 6", no warning device will be required. For curb heights < 6", see Table 1.
10. Where a barrier is specified, any of the types below may be used in accordance with the applicable Index:

Index No.	Description
400	Guardrail
412	Low Profile Barrier
414	Type K Temporary Concrete Barrier System
415	Temporary Concrete Barrier



For other types of temporary barriers see the APL.

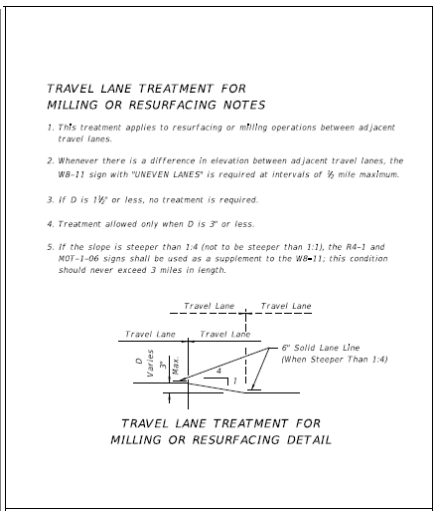
11. Drop- off condition and protection requirements apply to all speeds.

Table 1
Drop-off Protection Requirements

Condition	X (ft)	D (in.)	Device Required
1	0-12	> 3	Barrier (See Note 8)
2	12-CZ	> 3 to ≤ 5	Warning Device
3	0-CZ	> 5	Barrier (See Note 8)
4	Removal of Bridge or Retaining Wall Barrier		Barrier
5	Removal of portions of Bridge Deck		Barrier

DROP-OFF CONDITION DETAIL

PEDESTRIAN AND/OR BICYCLIST WAY
DROP-OFF CONDITION NOTES



1. A pedestrian and/or bicyclist way drop-off is defined as:

   a. a drop in elevation greater than 10" that is closer than 2' from the edge of the pedestrian or bicyclist way

   b. a slope steeper than 1:2 that begins closer than 2' from the edge of the pedestrian or bicyclist way when the total drop-off is greater than 60"

2. Protect any drop-off adjacent to a pedestrian or bicyclist way with warning devices, temporary barrier wall, or approved handrail.

DROP-OFFS IN WORK ZONES

TRAVEL LANE TREATMENT FOR
MILLING OR RESURFACING NOTES

1. This treatment applies to resurfacing or milling operations between adjacent travel lanes.

2. Whenever there is a difference in elevation between adjacent travel lanes, the W8-11 sign with "UNEVEN LANES" is required at intervals of ½ mile maximum.

3. If D is 1½" or less, no treatment is required.

4. Treatment allowed only when D is 3" or less.

5. If the slope is steeper than 1:4 (not to be steeper than 1:1), the R4-1 and M0T-1-06 signs shall be used as a supplement to the W8-11; this condition should never exceed 3 miles in length.

TRAVEL LANE TREATMENT FOR
MILLING OR RESURFACING DETAIL

All costs associated with these Maintenance of Traffic provisions shall be included under the Lump Sum Maintenance of Traffic Bid Item for this Project.

SP-15 SOILS REPORT

Any available soils report(s) for the Project will be made available for review in the offices of the County Department of Public Works, Engineering Division, 4454 Grand Boulevard, New Port Richey, FL 34652-5402. Any report(s) are made available to prospective bidders for general information only and no warranty is made, either expressed or implied, regarding its accuracy or factual depiction of the soil conditions.

SP-16 MATERIALS

Only new materials conforming to the requirements of the specifications and approved by the COUNTY'S Project Manager shall be used in the work. The CONTRACTOR shall employ the services of an FDOT-qualified testing laboratory certified in Group 9.3, Highway Testing Materials, to sample, test, and certify compliance with the specifications of all materials and applicable field testing. Additionally, all onsite work on private property shall be in accordance with Pasco County Engineering Inspections criteria for Commercial and Right-of-Ways (https://www.pascocountyfl.net/344/Engineering-Inspections). Any materials proposed for use may be inspected or tested at any time during its preparation and use. No material that, after approval, has, in any way, become deficient shall be used in the work. All materials must meet or exceed current FDOT specifications and the requirements of this Contract. The COUNTY'S Project Manager shall require any or all materials to be subjected to tests by means of samples or otherwise, at production points, after delivery, or both, as the COUNTY'S Project Manager may determine. The tests shall be performed in accordance with the FDOT *Standard Specifications, July 2019 Edition,* and the COUNTY Engineering Services Department *Testing Specifications for Construction of Roads, Storm Drainage, and Utilities, October 2006 Edition*, by an FDOT-qualified, test laboratory certified in Group 10.3, Construction Materials Testing. Should there be any difference between these documents or with any other Contract Document or referenced document, the more stringent shall apply. Such tests will be made by and at the expense of the CONTRACTOR, and if any test should fail, the CONTRACTOR will be responsible for the expense of retesting required by the COUNTY. The CONTRACTOR shall provide facilities as required by the COUNTY'S Project Manager for collecting and forwarding samples. The CONTRACTOR shall not

use or incorporate any sample material in the work until the tests have been made and acceptable test reports provided to the COUNTY. **Test results must be provided prior to the project being considered substantially complete. The COUNTY'S Project Manager shall be provided with a bound, certified copy of the test results as condition of the determination of substantial completion of the Project.** In the case of pavements, both base course and surface course, the CONTRACTOR shall, when required by the COUNTY'S Project Manager, furnish additional samples taken from the completed Work at any point indicated by the COUNTY'S Project Manager. The CONTRACTOR shall immediately replace the removed areas in a manner and with materials that conform to the specifications and meet the line and grade of the immediate surrounding pavement surface. No additional compensation will be allowed for furnishing such samples and replacing the areas with new pavement as described above. Where the American Association of State Highway Officials (AASHTO) or the American Society of Testing Materials (ASTM) specifications are stipulated, the reference shall be construed to be the most recent Standard Specification of AASHTO or ASTM in force on the date of advertisement for bids. The COUNTY may conduct, at its own expense, any testing beyond that specified that it deems necessary to ensure the level of quality dictated by the Contract Documents. The CONTRACTOR shall reimburse the cost of any test performed by the COUNTY on material that does not meet or exceed the specifications.

SP-17 DRAINAGE

The CONTRACTOR is advised to use extreme caution during the construction operation in order to prevent material from entering the system. Prior to the start of construction, the CONTRACTOR shall conduct a physical survey of the existing drainage system within the limits of the Project in order to ascertain the condition of the system.

At the end of construction, and prior to substantial completion, the system (existing and new) shall be surveyed to ascertain if any debris entered the system as a result of the CONTRACTOR'S operations. If it is concluded that any debris entered the system as a result of the CONTRACTOR'S operations, the CONTRACTOR shall be required to clean the system. The surveys of the drainage system, at the start and end of construction, shall be with the CONTRACTOR'S forces and the COUNTY forces (both Engineering Services Department and The Department of Public Works).

SP-18 PERMIT CONDITIONS

The cost of any permits, such as; NPDES, SWFWMD Dewatering Permit and for any other local, state and federal permits, example; Rights Of Way (ROW) Use Permit, as required for the execution of the work, and/or as delineated within the contract documents, **shall be included as part of the entire project TOTAL BID PRICE**

The CONTRACTOR shall be considered as the PERMITTEE for all permits applicable to this Project during the period of construction of this Project. Therefore, the CONTRACTOR shall be responsible for all requirements, specific conditions and general conditions included in the permits. **Fines or other costs resulting from the CONTRACTOR'S non-compliance with the permits will be borne by the CONTRACTOR and may be deducted from the final payment if not removed or resolved by the end of the Contract time.**

SP-19 INSURANCE

The CONTRACTOR is apprised of the fact the COUNTY shall require the CONTRACTOR to include the COUNTY Board of COUNTY Commissioners as an additional insured on the required insurance policies.

The CONTRACTOR, in the appropriate items throughout the Contract, shall include all cost incurred as results of this requirement and NO special item shall appear for this cost.

SP-20 FENCING

IF APPLICABLE TO THIS PROJECT

Prior to the removal of an existing fence along the Project, the CONTRACTOR shall install/erect a new fence, of the same type as the existing fence unless otherwise indicated, along the new boundary of the existing fence property.

The new fence shall be similar to the existing fence and provide firm and secure connection to the remaining existing fence.

The cost of removing the existing fence **and installing a new fence shall be included as part of bid line item no 1055-10-222; Fencing, LF unit**

SP-21 CLEANUP

The CONTRACTOR is responsible for the maintenance of the Project within the entire right-of-way (ROW) and / or drainage easement for the duration of the Project. This shall include the mowing of grass, edging, bagging of the clippings, and the clean-up of al the litter. **This also includes the maintenance of stormwater retention/detention areas and mitigation areas included in this Project**

The CONTRACTOR shall keep such areas free of cattails and other exotic species as required by the permits for the Project. All costs incurred as a result of this work shall be incorporated in the cost of all items in the Contract.

SP-22 RESTORATION

After the CONTRACTOR completes the improvement WORK included in this Project, he/she shall be responsible for restoring the constructed area to a condition similar to that prior to construction.

The CONTRACTOR shall provide any necessary grading, seed and mulch, sodding, etc. as directed by the County Project Manager. **Payment for this work shall be included as part of the entire project TOTAL BID PRICE.**

SP-23 SANITARY PROVISIONS

Necessary conveniences, properly secluded from public observation, shall be provided by the Contractor where needed for the use of laborers on the work.

Their location, construction and maintenance shall be subject to the approval of the Engineer, and their use shall be strictly enforced. The Contractor shall obey and enforce such sanitary regulations as may be prescribed by the State Department of Health and/or any other authorities having jurisdiction.

Payment for this work shall be included as part of the entire project TOTAL BID PRICE

SP-24 CONSTRUCTION VIBRATION MONITORING AND CONTROLS

Vibration producing activities, such as: pile driving, vibratory compaction or operation of heavy construction equipment) may be required for the construction of this project.

The CONTRACTOR is advised that structures are located close to the proposed work and that construction activities shall be conducted so as to preclude damage to these structures and undue annoyance to its occupants. As result, the CONTRACTOR shall be responsible for all damage caused by its activities.

- **Monitoring and Controls Plan**

At no less than 30 days prior to commencement of such work, the CONTRACTOR shall provide a compaction plan to the COUNTY, which shall include, but not be limited to the following: proposed construction method(s), vibration monitoring plans (including the format for reporting the vibration readings), anticipated vibration levels at the closest building(s), condition survey format, and public relations activities. A copy of all reports shall be provided to the COUNTY

- **Condition "Base Line" Survey**

A preconstruction building Condition Survey shall be conducted by the CONTRACTOR on the ALL surrounding buildings, This survey, at a minimum, shall cover a radius of 400 ft. from the vibration producing activity. However, this distance can be adjusted based on the sensitivity of the receptors.

This survey shall include documentation of interior sub-grade and above grade accessible walls, ceilings, floors, roof and visible exterior as viewed from the grade level. It will detail (by engineering sketches, video tape, photographs, and/or notes) any existing structural, cosmetic, plumbing or electrical damage. The survey will be conducted by a Professional Surveyor, registered in the State of Florida. A report shall be issued that will summarize the pre-construction condition of the building(s) and will identify areas of concern, including potential personnel hazards (falling debris) and structural elements that may require support or repair.

Crack displacement monitoring gages will be installed as appropriate across any significant existing cracks to help verify any additional building distress if it should develop. The appropriate location, number, and type of gages will be established by the CONTRACTOR and/or the COUNTY Project Manager. The gages will be read prior to vibration producing activities, as well as during these activities. Data shall be obtained on a weekly basis for as long as vibration-producing activities are being conducted. A report shall be submitted which summarizes the data. The COUNTY shall be alerted if any significant movement is detected by the monitoring gages

- **Controls**

In the event the CONTRACTOR plans to utilize vibration-producing equipment, the CONTRACTOR shall employ a qualified vibration specialist to establish a safe vibration level for ALL surrounding buildings, . This specialist shall also supervise the CONTRACTOR's vibration-monitoring program.

During ALL vibration-producing activities, the CONTRACTOR shall monitor vibration levels at ALL surrounding buildings and shall not exceed the safe level established to preclude damage to this structure(s). The vibration monitoring equipment shall be capable of continuously recording the peak particle velocity and providing a permanent record of

the entire vibration event. Copies of all vibration records and associated construction activity (blasting, pile driving, pavement breaking, etc.) data shall be provided to the COUNTY in a format approved by the COUNTY Project Manager.

- **Public Relations**

The CONTRACTOR shall maintain a complaint log and make this available to the COUNTY on request. Occupants/owners of adjacent buildings shall be notified by the CONTRACTOR at least 2 weeks prior to commencement of any vibration producing activity that might affect the structure and/or inhabitants.

- **Payment**

The CONTRACTOR shall provide any and ALL necessary Construction Vibration Monitoring and Control.

No direct payment shall be made for the Construction Vibration Monitoring and Control, as required under the Contract.

Therefore, all costs incurred as a result of this work shall be incorporated within the cost of ALL items in the Contract.

END OF SPECIAL PROVISIONS SECTION

PART II

CONDITIONS OF THE CONTRACT

C. TECHNICAL SPECIFICATIONS

The cost of any work included in the Project or referred to in the Technical Specifications shall be included in the price of all Bid Items unless a specific Bid Item is included for the particular work or unless otherwise stated. Some Sections of these Technical Specifications are in **bold** letters.

These Sections are highlighted in order to particularly bring them to the attention of the CONTRACTOR. However, all Sections of the Technical Specifications are equally important and carry the same amount of weight and authority whether or not in bold letters.

CONDITIONS OF THE CONTRACT

D. TECHNICAL SPECIFICATIONS AND PLANS

THESE TECHNICAL SPECIFICATIONS HAVE BEEN WRITTEN TO PROVIDE SPECIFIC REQUIREMENTS FOR ANNUAL CONCRETE SIDEWALK CONTRACT ONLY. THE INTENTION OF ALL TECHNICAL SPECIFICATIONS IS TO BE COMPLEMENTARY AND SUPPLEMENTARY TO ALL GENERAL AND SPECIAL CONDITIONS IN THESE CONTRACT DOCUMENTS. SHOULD ANY CONFLICTS EXIST BETWEEN THE TECHNICAL SPECIFICATIONS AND THE GENERAL OR SPECIAL CONDITIONS (IF ANY), THE STRICTER PROVISION SHALL PREVAIL AND CONTROL THE INTERPRETATION OF THESE TECHNICAL SPECIFICATIONS.

TECHNICAL SPECIAL PROVISIONS

Florida Department of Transportation Standard Specifications for Road and Bridge Construction January of July 2019 (Standard Specifications), as approved and adopted by FDOT, shall govern all work on this Project except that the General Requirements and Covenants Division of the Standard Specifications, is deleted and replaced by the Instructions to Bidders and General Conditions Sections of this Contract. All references to sections or articles of the General Requirements and Covenants Division of the Standard Specifications shall be considered as references to parallel sections of the General Conditions Section of this Contract or shall be dealt with in accordance with COUNTY policy or determinations.

The Construction Details and Materials Divisions of the Standard Specifications shall govern all work on this Project except as amended in the Special Provisions and the Technical Special Provisions. The Standard Specifications and Project plans are English units of measure. References in the Standard Specifications to the DEPARTMENT shall be considered as references to the COUNTY.

DIVISION II

Construction Details

TSP-100 CONSTRUCTION EQUIPMENT - GENERAL REQUIREMENTS

100-3 Experimental Equipment
This section is deleted

TSP-101 MOBILIZATION
This article is revised as follows

101-1 Description
This article applies with the addition that mobilization shall include those operations necessary for the movement of incidentals to and from the Project site. The cost of the final cleanup and demobilization shall also be included.

Delete the last paragraph of this section. Payment for the costs of bonds and insurance will be made under Bid Item No. 1000-2, Bonds and Insurance, Lump Sum (see the General Conditions for the bond and insurance requirements of this bid item).

101-2 2 Partial Payments

101-2-3 When No Separate Items Is Included in the Proposal
These subsections are deleted

Add the following sections

101-3 Mailbox Relocation

The CONTRACTOR shall provide daily, temporary access to all existing mailboxes or temporarily relocate the mailboxes. Temporary access, temporary relocation, and/or a temporary mail service scheme shall be to the satisfaction of the U.S. Postal Service and the property owner recipient and shall be subject to acceptance by the COUNTY.

Upon completion of the Project, the CONTRACTOR shall place the mailboxes in a permanent location to the satisfaction of the property owner and the U.S. Postal Service.

The installation of all mailboxes shall be in accordance with the latest version of the AASHTO publication, “A Guide for Erecting Mailboxes on Highways," and the servicing office of the U.S. Postal Service.

All costs associated with the removal, relocation and installation of mailboxes required under the Contract shall be included in **Bid Item No. 101-1, Mobilization, Lump Sum**.

101-4 Job Signs

The COUNTY shall furnish two (2) 4' X 8’ job sign - one (1) for each Project location. The CONTRACTOR shall install the Job Sign at the locations designated by the COUNTY'S Project Manager. The CONTRACTOR shall furnish two (2) 4" X 4" X 12' pressure-treated posts per sign and any and all required labor, materials, and equipment to install each sign. All signs shall be located outside the roadway clear zone and clear-sight triangle. The signs shall be the property of the CONTRACTOR for the duration of the Project and shall be maintained by the CONTRACTOR to the satisfaction of the COUNTY'S Project Manager. Upon completion of all Contract work, the CONTRACTOR shall return the signs to the COUNTY.

The price of any job sign erection, location, and removal shall be included in **Bid Item No. 101-1, Mobilization, Lump Sum.**

101-5 Utility Location Confirmation

The CONTRACTOR shall verify the horizontal and vertical location of any utilities within the roadway right-of-way at locations designated by the COUNTY'S Project Manager. The CONTRACTOR shall excavate around each utility by hand digging and shall use due care to protect each utility.

Utility locations will be verified at locations of potential conflict and wherever an existing utility is to remain as directed by the COUNTY'S Project Manager. Utilities located beneath the traveled roadway will be verified at each location. The utility locations will be verified within the first month of the Contract. Any utilities damaged by the CONTRACTOR shall be repaired at the CONTRACTOR'S expense.

The CONTRACTOR shall notify each utility company prior to excavation in the vicinity of the utility. The intent of this work is to determine the accuracy of the utility location information provided to the COUNTY by the utility companies and to further evaluate the potential of utility conflicts with proposed construction at the start of construction. All costs associated with this work shall be included in **Bid Item No. 101- 1, Mobilization, Lump Sum**

TSP-102 MAINTENANCE OF TRAFFIC (Also refer to the Special Provisions for particular MOT provisions regarding this Project)

102-4 Alternative Traffic Control Plan

This section is deleted and replaced with the following:

The CONTRACTOR shall be responsible for developing and implementing a MOT Plan that shall comply with this section, any documents incorporated by reference, and the requirements of the COUNTY Traffic Operations Engineer. The CONTRACTOR shall **NOT** begin any work within or near the Project limits without an approved MOT Plan. The MOT Plan shall address each and every phase or stage of the CONTRACTOR'S construction operation.

The COUNTY shall have fourteen (14) calendar days from the date of submittal of the MOT Plan to either: approve the plan as submitted or to return the plan to the CONTRACTOR for correction and re-submittal. If the CONTRACTOR wishes to modify an approved MOT Plan that is in use, the CONTRACTOR shall submit a modified MOT Plan which might be subject to the fourteen (14) day calendar, review period.

The information to be shown on the MOT Plan shall include, but not be limited to, the construction to be performed, the existing roadway, the limits of any proposed temporary pavement, all intersecting streets, the width of maintained travel lanes, the dimensions and locations of important geometry features, the location and types of all signs, the location and types of striping, and the location and type of all barricades.

102-5.3 Number of Traffic Lanes
Add the following to this subsection:

One-way operations are only allowable with authorization from the COUNTY Traffic Operations Manager.

102-5.6 Protection of the Work from Injury by Traffic
Substitute the terms "damage" and "damaging" for "injury" and "injurious", respectively, in this subsection.

102-6 Detours
This section is deleted and replaced with the following:

Detours are only allowable with authorization from the COUNTY Traffic Operations Manager and his approval of a detailed Detour Route Plan. All parties potentially affected by the detour shall be notified in accordance with the COUNTY Traffic Operations Manager direction.

102-11.8 Warning / Channelizing Devices
Title Change from Channelizing Devices to Warning / Channelizing Devices

Add the following to this subsection:

Only Type lll B reflective sheeting, as specified in Section 994, shall be used for signs and barricades used in connection with MOT. All construction warning signs shall be 48" X 48" or larger along the Project. All construction signs for signalized intersections shall be 48" X 48" or larger along crossroads.

102-13.1 Maintenance of Traffic (General Work)
Add the following text at the end of this subsection:

Any costs associated with compliance with the above provisions of this section shall be included in Bid Item No. 101-1, Mobilization, Lump Sum.

TSP-103 TEMPORARY WORK STRUCTURES
This article is deleted

TSP-104 PREVENTION CONTROL, AND ABATEMENT OF EROSION AND WATER POLLUTION

Control of CONTRACTOR'S Operations, Which May Result in Water Pollution.

Add the following text to the end of this section:

Stabilized construction entrances shall be constructed to comply with the requirements of the Storm Water Pollution Prevention Plan (SWPPP) at all points of the Project ingress and egress.

104-9 Method of Measure

Add following subsections

104-9.1 Compliance

The CONTRACTOR shall become familiar with SWFWMD ERP, EPA NPDES General Permit conditions, the **SWPPP and any other applicable local, state and federal permit which the CONTRACTOR shall provide for this Project**. The CONTRACTOR shall also become familiar with all the permits and conditions as contained in these Contract Documents and shall be wholly and singularly responsible for compliance with the conditions and terms contained therein. The CONTRACTOR shall further hold the COUNTY harmless from all consequences resulting from any lack of compliance with the permit conditions. **Payment for this compliance and all other necessary work under Article 104 shall be made under the Bid Item No. 1000-1, NPDES Permits, Lump Sum.**

104-9.2 NPDES Permit Compliance

A National Pollutant Discharge Elimination System (NPDES) permit will be required through the Florida Department of Environmental Protection Agency (FDEP) for the issuance of a Construction Generic Permit (CGP**)**

(http://floridadep.gov/water/stormwater/content/construction-activity-cgp**).**

The sediment and erosion control measures are considered to be the minimum requirements to prevent sediment and other pollutants from leaving construction sites significantly impacting water quality. The contractor will prepare the NPDES permit application and Stormwater Pollution Prevention Plan (SWPPP) for permitting with the FDEP in order to obtain a “Notice of Intent (NOI)”. The Stormwater Pollution Prevention Plan (SWPPP) to be in accordance with the EPA’s 2017 Construction General Permit (CGP) Publication, FDEP Chapters: 62-25, Florida Statue 403.0885, and any other regulatory permits issued for the project. The SWPPP to depict erosion control measures associated with areas within the project limits; limits of demolition, soil disturbance, clearing or grubbing activities, pipe replacement, material storage, etc. The SWPPP shall have a designated area for signatures by each subcontractor acknowledging NPDES permit requirements for construction activities. It will be the Contractor’s sole responsibility to property train subconsultants and obtain signatures prior to their mobilization at the site. Upon issuance of the NOI, the contractor shall submit two hard copies of the permits and SWPPP plan to the COUNTY’s Project Manager (prior to mobilization). During construction it will be the CONTRACTOR’S sole responsibility to inspect and reinstall all sediment and erosion control devices on a daily basis to ensure compliance with the NPDES permit requirements. The Contractor is to furnish and install any additional control measures needed in order to prevent sediment from leaving the Project site throughout the course of construction and as required by the FDEP during construction activities. **A copy of the permit and SWPPP plan shall be subject to inspection by the County, FDEP, or inspectors at any given time during construction.** Upon completion of construction all disturbed areas shall be sodded. The site shall be cleaned with all stockpiles and materials removed from the site prior to closing out the NPDES permit with the FDEP by obtaining a Notice of Termination (NOT) for construction TS-6 IFB-RH-20-059 activities. Prior to applying for the NOT, the contractor shall properly clean the site and remove all stockpiled areas. Compensation for erosion control devices, SWPPP plan, inspections and all other work required by the NPDES General Permit including, but not limited to, preparation and submission of the documents as well as all labor and materials

required for compliance shall be included in **Bid Item No. 1000-1 NPDES and SWFWMD Permit, Lump Sum.**

Payment schedule for work under these bid Item No. 1000-1 will be as follows: thirty (30) percent on the initial pay request accompanied by the Storm Water Pollution Prevention Plan (SWPPP) and the NOI, 2.5 percent per month up to a combined maximum of seventy-five (75) percent, and twenty-five (25) percent or the balance due with the final pay request accompanied by the Stormwater Permit NOT

TSP-105 CONTRACTOR QUALITY CONTROL GENERAL REQUIREMENTS.
This article is revised as follows:

Provide and maintain a quality control system that provides reasonable assurance that all materials, products, and completed construction submitted for acceptance meet Contract requirements. The criteria, methods, requirements, and determinations included in such quality control system shall be the responsibility of the CONTRACTOR to provide and implement subject to approval by the COUNTY.

TSP-110 CLEARING AND GRUBBING

110-3 Selective Clearing & Grubbing
Add the following text to the end of this subsection:

Any trees and/or shrubbery located within the right-of-way shall be protected and preserved unless otherwise directed by the COUNTY'S Project Manager or indicated in the Plans.

The CONTRACTOR shall relocate existing fences to the new right-of-way line. Where additional fencing is required, the new fencing shall be the same type and material as that which exists or as designated on the plans. Any fences located within the areas of Temporary Construction Easement (TCE) limits shall be relocated to the edge of the TCE and then relocated to the new right-of-way when construction is completed. All costs associated with the removal, relocation and installation and/or re-installation of fencing in the Project area shall be included in **Bid Item No. 110-1-1 Clearing and Grubbing, Acres.**

TSP-120 EXCAVATION AND EMBANKMENT

120-3 Preliminary Soils Investigation.
Add the following text to this section:

The CONTRACTOR shall be responsible for determining to his/her satisfaction prior to the submission of his/her bid, the nature and location of the work, the conformation of the ground, the character and quality of the substrata, the types and quantity of materials to be encountered, the nature of the groundwater conditions, the character of equipment and facilities needed preliminary to and during the execution of the work, the general and local conditions, and all other matters which can in any way affect the work under this Contract. The prices established for the work to be done will reflect all costs pertaining to that work. Any claims for extras based on the substrata or groundwater table conditions will not be allowed.

120-4.1 Subsoil Excavation:
Add the following text to this section:

Consists of over excavation of limestone material that is unsuitable in its original position (determined by a Geotechnical Engineer and County Project Manager), and that is excavated 3-feet below the finished grade line template. Also includes all suitable material necessary to be removed in order to excavate the unsuitable material. The areas

used to calculate subsoil excavation must also be used in calculating the fill areas, if material is to be replaced.

120-7 Materials for Embankment

Add the following text to this section:

Consists of Natural Clay Borrow for Pond Liner as determined by a Geotechnical Engineer. Include placing and compacting in accordance with FDOT Standard Specifications, Geotechnical Engineer, and the plans.

TSP-160 STABILIZING

160-4 Acceptance Program.

This section is revised as follows:

Provide and maintain a quality control system that provides reasonable assurance that all materials, products, and completed construction submitted for acceptance meet Contract requirements. The criteria, methods, requirements, and determinations included in such quality control system shall be the responsibility of the CONTRACTOR to provide and implement subject to approval by the COUNTY.

160-7 Test Frequency

This subsection is added as follows

Lime Rock Bearing Ratio

- One (1) per 500 linear feet in randomly selected locations (left, right, and on the centerline)
- One (1) per street minimum

Field Density

1. Test Frequency for Roadway

- One (1) per 300 linear feet in randomly selected locations (left, right, and on the centerline)
- One (1) per street minimum

2. Test Frequency for Curt> Pad (where curb is required)

- One (1) per 300 linear feet
- One (1) per street minimum

Thickness

Test Frequency

- One (1) at each density test location
- If the thickness is not specified, twelve (12) inches is assumed

TSP-162 PREPARED SOIL LAYER

Acceptance Testing

Provide and maintain a quality control system that provides reasonable assurance that all materials, products, and completed construction submitted for acceptance meet Contract requirements. The criteria, methods, requirements, and determinations included

in such quality control system shall be the responsibility

TSP-175 CRACKING AND RESEATING EXISTING CONCRETE PAVEMENT
TSP-200 ROCK BASE
TSP-204 GRADED AGGREGATE BASE
TSP-210 REWORKING LIME ROCK BASE
TSP-230 LIMEROCK STABILIZED BASE
TSP-234 SUPERPAVE ASPHALT BASE
TSP-283 RECLAIMED ASPHALT PAVEMENT BASE
These articles are deleted

TSP-285 OPTIONAL BASECOURSE
This article is revised as follows:

Only lime rock and asphalt shall be considered acceptable optional, base-course materials

285-8 Method of Measurement
This section is deleted and replaced with the following:

The quantity to be paid shall be the actual area, in square yards, of material placed and accepted. There will be no payment for additional square yards of surface area of base due to measured thickness greater than the thickness shown in the plans.

TSP-287 ASPHALT TREATED PERMEABLE BASE
TSP-288 CEMENT TREATED PERMEABLE BASE
TSP-290 GRANULAR SUBBASE
These articles are deleted.

TSP-300 PRIME AND TACK COAT FOR BASE COURSES

300-4 CONTRACTOR'S Quality Control
This section is revised as follows:

Provide and maintain a quality control system that provides reasonable assurance that all materials, products, and completed construction submitted for acceptance meet Contract requirements. The criteria, methods, requirements, and determinations included in such quality control system shall be the responsibility **of the CONTRACTOR**.

TSP-330 HOT BITUMINOUS MIXTURES-GENERAL CONSTRUCTION REQUIREMENTS

330-11 Density Control.
Add the following to this section:

The following field density requirements and test frequencies shall be used in lieu of those specified in Section 330:

Field Density
The field density shall be ninety-five (95) percent of the laboratory density.

Test Frequency, Per Course

- One (1) per 300 linear feet per lane taken along the roadway mainline in randomly selected locations (left, right, and on the centerline).
- One (1) per acceleration / deceleration lane and taper in a randomly selected location.
- One (1) per median opening in a randomly selected location.
- Two (2) per street minimum.

Thickness

Test Frequency

- One (1) per 300 linear feet for both roadway mainlines in randomly selected locations (left, right, and on the centerline).

- One (1) per acceleration / deceleration lane and taper in a randomly selected location.
- One (1) per median opening in a randomly selected location.
- Two (2) per street minimum

TSP-334 SUPERPAVE ASPHALT CONCRETE

334-5.1.4.3 Control

This subsection is revised to add the following:

The following field density requirements and test frequencies shall be used in lieu of those specified in Section 334:

Field Density

The density, as determined by core samples shall be as follows:
Density Samples (minimum percent G_{mm})
Coarse Grade Mix – 93.00%
Fine Graded Mix – 90.00%

Test Frequency Per Course

- One (1) per 300 linear feet per lane taken along the roadway mainline in randomly selected locations (left, right, and on the centerline).
- One (1) per acceleration/deceleration lane and taper in a randomly selected location.
- One (1) per median opening in a randomly selected location.
- Two (2) per street minimum.

Thickness

Test Frequency

- One (1) per 300 linear feet for both roadway mainlines in randomly selected locations (left, right, and on the centerline).
- One (1) per acceleration/deceleration lane and taper in a randomly selected location.
- One (1) per median opening in a randomly selected location.
- Two (2) per street minimum.

Thickness Tolerance

Structural Lift - ± ¼ inch
Friction Course - ± ¼ inch
Total Pavement Section - ± ¼ inch

TSP-337 ASPHALT CONCRETE FRICTION COURSE

This article is deleted.

TSP-338 VALUE ADDED ASPHALT PAVEMENT

This article is deleted

TSP-341 ASPHALT RUBBER MEMBRANE INTERLAYER

This article is deleted

TSP-346 PORTLAND CONCRETE CEMENT

The following test frequencies shall be used in lieu of the frequencies outlined in this article:

Compressive Strength

Concrete Sidewalks: 3,000 PSI with polymer fibers
All other Components: FDOT Specifications, Section 346

Test Frequency per Type

- Set of three (3) cylinders for each day's placement or per fifty (50) cubic yards, whichever is greater.
- Air content, where applicable.

TSP-425 INLETS, MANHOLES AND JUNCTION BOXES

425-1 Description

The following text shall be added at the end of this section

Constructed elevations for inlets, manholes, and junction boxes shall not vary more than ± 0.05 feet from the grades as shown on the plans and shall maintain the designated direction of flow.

425-3.2 Gratings

The following text shall be added at the end of this subsection

All grates shall be traffic-bearing steel grates, Alternate G, hot-dipped galvanized after fabrication.

TSP-430 PIPE CULVERTS

430-1 Description

The following text shall be added at the end of this section:

Constructed elevations and grades for pipe culverts shall not vary more than 0.10 percent in slope or ± 0.05 feet in elevation from grades as shown on the plans and shall maintain the designated direction of flow.

430-4.1 General

The following text shall be added at the end of this subsection:

Drainage structures shall not be altered to accommodate pipe not laid true to line and grade

430-4.2 Trench Excavation

The following text shall be added at the end of this subsection:

The cost for excavation and backfill for culverts shall be included in the unit cost for the culverts

430-12 Basis of Payment

430-12.1 General

This subsection is revised as follows:

All pipes shall be paid for at the contract unit price, per linear foot, for the quantity of pipe measured in place, completed, and accepted.

TSP-520 CONCRETE GUTTER, CURB ELEMENTS AND TRAFFIC SEPARATOR

520-11 Method of Measurement

This section is revised as follows:

The term "plan quantity" is deleted and replaced with "quantity placed'.

TSP-521 CONCRETE BARRIERS, TRAFFIC RAILING BARRIERS AND PARAPETS.

521-8 Method of Measurement

This section is revised as follows:

The term “plan quantity" is deleted and replaced with "quantity in placed'.

TSP-523 PATTERN TEXTURE PAVEMENT

TSP-525 ASPHALT CONCRETE CURB

TSP-526 ARCHITECTURAL PAVERS

TSP-534 NOISE AND PERIMETER WALLS

These articles are deleted.

TSP-550 FENCING

550-5.1 General

Delete the text in this section and replace with the following:

The quantities to be paid for under this section shall be the length of each type of fence constructed and accepted, including corner pull and end-post assemblies constructed. In addition, no extra payment will be made for any additional lengths of post that are necessary for the crossing of depressions in accordance with 550-4.4.3, muck areas, or other areas of inadequate support for a post of standard length.

No direct payment will be made for the relocation of fencing or the installation of in-kind fencing and gates as it is incidental to Clearing and Grubbing under this Contract.

TSP-563 ANTI-GRAFFITI COATING SYSTEM.

Delete these articles.

TSP-570 PERFORMANCE TURF

570-8 Method of Measurement

Delete the text in this section and replace with the following:

The quantity of Performance Turf to be paid for under this section shall be the area in square yards of turf satisfactorily installed and accepted. The CONTRACTOR shall be required to mow the established turf when the height exceeds six (6) inches as determined by the COUNTY'S Project Manager

570-9 Basis of Payment

Delete the text in this section and replace with the following

The quantity shall be paid for under **Bid Item No. 570-1-2, Performance Turf, per square yard**. The price and payment for performance turf shall constitute full compensation for all work, described herein, and soil preparation and application including, but not limited to, grass seed (permanent type),mulch material, fertilizer, dolomitic limestone, water, grass seed (quick growing),and complete maintenance of grassing areas until accepted by the COUNTY.

TSP-581 CONSTRUCTION LAYOUT

The CONTRACTOR shall retain a registered Professional Surveyor and Mapper (CONTRACTOR'S Surveyor) licensed in the State of Florida to establish all centerlines, base lines, horizontal and vertical control for all structures, roads, pipelines, and facilities, and set benchmarks as necessary to establish the basic layout. The CONTRACTOR'S Surveyor shall be responsible for developing all detail surveys needed for construction, such as slope stakes, batter boards, stakes for pipe locations, utility locations, and other working points, lines, elevations, and cut sheets. The CONTRACTOR shall furnish the necessary labor and materials to accurately layout the work and set the required elevations from the information indicated and shall utilize the CONTRACTOR'S Surveyor for all detailed surveys needed for construction.

Prior to the start of construction, the CONTRACTOR'S Surveyor shall stake the right-of-way. At a minimum, staking shall be at 100-foot intervals and at all changes in right-of-way width or direction. Station numbers (e.g., 50+00) shall be painted on the stakes and shall be maintained in legible condition by the CONTRACTOR until final acceptance of the Project. All survey baseline control points must be referenced outside the limits of construction and a copy of field notes submitted to the COUNTY Surveyor prior to the start of construction.

The dimensions for lines, elevations, and grades for structures and appurtenances are indicated in the plans, together with other pertinent information required for laying out the work.

If site conditions vary from those indicated on the plans, the CONTRACTOR shall notify the COUNTY'S Project Manager immediately of such variations. The COUNTY'S Project

Manager shall then adjust the plans as may be required. The location and elevation of the benchmarks are shown in the plans. The CONTRACTOR'S Surveyor shall check all benchmarks shown on the plans and notify the COUNTY'S Project Manager of any discrepancies prior to the start of construction.

The CONTRACTOR'S Surveyor shall provide the COUNTY'S Project Manager with all original field notes used and generated during the construction of the Project. All notes shall be kept in bound field books supplied by the COUNTY. All survey notes taken for the "As- Built" Drawings shall also be contained inbound field books. The COUNTY shall provide two (2) field books to the CONTRACTOR'S Surveyor. Additional field books shall be provided, if necessary, within forty-eight (48) hours of the receipt of a written request. The field books shall be returned to the COUNTY prior to the final acceptance of the Project.

The CONTRACTOR shall also be responsible for all property monuments, geodetic survey control points, and points shown on the plans with State plane coordinates. The CONTRACTOR shall, at his/her own expense, utilize the CONTRACTOR'S Surveyor to set such markers. All geodetic control points and monuments with State plane coordinates shall be re-established using standard GPS methods acceptable within the industry. Monumentation of same shall be by a method approved by the COUNTY Surveyor. **After the Project is constructed, the CONTRACTOR'S Surveyor shall monument the right-of-way unless excused, In writing, by the COUNTY Surveyor's office. Monuments for the right- of-way shall be approved by the COUNTY Surveyor's office for Installation and location and shall be concrete monuments**

A boundary survey drawing must be prepared in accordance with Chapter 5J-17,FAC by the CONTRACTOR'S Surveyor

The CONTRACTOR'S Surveyor shall be available during normal hours to assist the COUNTY'S Project Manager, when required, in checking lines and elevations in the CONTRACTOR'S lay Out and for measuring quantities for payment purposes as the work proceeds. The CONTRACTOR shall cooperate with the COUNTY'S Project Manager so that the checking and measuring may be accomplished with the least interference to the CONTRACTOR'S operations. The CONTRACTOR'S Surveyor shall provide the COUNTY'S Project Manager with survey assistance for subsoil excavation quantities and other Project quantities as required by the COUNTY'S Project Manager.

All costs associated with this work including but not limited to construction layout, survey, and staking the right-of-way and maintenance of the stakes by the CONTRACTOR'S Surveyor shall be incidental to the Contract and Included In the other bid items in the contract.

TSP-582 SECTION CORNER BOX

The CONTRACTOR shall furnish and install a section-corner box at each section-corner monument or quarter section-corner monument within the Project Work area prior to the application of the asphaltic-concrete surface course. In the event that a section of)-corner or quarter section-corner is not located within the boundary of the Project, a minimum of two (2) monuments inside boxes shall be set as directed by the COUNTY Surveyor. The COUNTY Surveyor shall be notified forty-eight (48) hours prior to the installation of the section-corner boxes. If the section or quarter section-corner monuments are destroyed during construction, the CONTRACTOR shall furnish and install a new monument as established by GPS methods and certified as to State plane coordinates by the CONTRACTOR'S Surveyor. The section-corner box shall be an adjustable monument box as manufactured by the Neenah Foundry Company, R-1968, Type 36-8, or approved equal. The existing monuments must be referenced outside the construction limits and a copy of the field notes submitted to the COUNTY Surveyor prior to the start of construction. **All costs associated with this work shall be incidental to the Contract and included in the other bid Items in the Contract**

TSP-700 HIGHWAY SIGNING

700-2.1 General

Add the following text at the end of this subsection.

All post systems, mounting brackets, and hardware shall be a type currently in use by the COUNTY Public Works Department and currently certified by FDOT for use in the State of Florida. Alternative systems, brackets, or hardware shall only be used if approved by the COUNTY'S Project Manager.

700-2.1.1 Materials.

Add the following text at the end of this subsection:

All post systems, mounting brackets, and hardware shall be a type currently in use by the COUNTY The Department of Public Works and currently certified by FDOT for use in the State of Florida. Alternative systems, brackets, or hardware shall only be used if approved by the COUNTY'S Project Manager.

Add the following section

700-7 Certification of Materials

All traffic-control devices and materials shall be on the current FDOT Approved Products List (APL). Proof of certification is required for all traffic-control devices. A Traffic-Control Device Submittal Data Form shall be submitted for approval prior to the installation of any traffic control device. No traffic-control device shall be installed until the COUNTY Traffic Operations Division has approved the certification submittal. These forms are available from the COUNTY Traffic Operations Division

TSP-706 REFLECTIVE PAVEMENT MARKERS AND BITUMINOUS ADHESIVE

706-1 Description

Add the following text at the end of this section:

Raised retro-reflective pavements markers shall be Class B

TSP-911 BASE AND STABILIZED BASE MATERIAL

911-2 Furnishing of Material

Add the following text at the end of this section:

LIMEROCK

All lime rock material utilized in the execution of this Contract shall originate from a certified FDOT quarry. The lime rock material shall be supplied from a currently certified stockpile from the FDOT quarry. A certification stamp must appear on the tickets supplied to the COUNTY'S Project Manager prior to the placement of the material. The COUNTY reserves the right to split samples with the supplier's quality control, testing laboratory at the point of production

TSP-934 NON-SHRINK GROUT

934-1 Scope

The following shall be added at the end of this section:

Testing will be carried out using samples of actual job materials mixed according to manufacturer's recommendation

934-5 Product Acceptance on the Project

Delete the text of this section and replace with the following:

For job site acceptance, the CONTRACTOR shall submit a unit sample to the COUNTY'S Project Manager for testing. Materials will be accepted at the job site after meeting the test requirements of 934-4. Unit samples submitted for testing shall be a single package of no less than one (1) cubic foot. Materials remaining in storage for more than six (6) months after testing must be re-tested before use.

TSP-934 GEOSYNTHETIC MATERIALS

All costs associated with GEOSYNTHETIC MATERIALS, aka Filter Fabric, shall be incidental to the Contract and included within the other bid items in the contract.

TSP-1000-1 NPDES PERMIT – LUMP SUM
See Items TSP-104-9.1 Permit Compliance and 104-9.2 NPDES Permit and Compliance.

TSP-1000-2 BONDS AND INSURANCE - LUMP SUM.
See Item TSP-101-1 Mobilization.

TSP-1000-3 RECORD DRAWINGS ("AS-BUILT" DRAWINGS)

During the entire construction, the CONTRACTOR shall maintain records of all deviations from the plans and specifications and shall submit those deviations to the COUNTY'S Project Manager in the form of Record Drawings ("As-Built" Drawings). The "As-Built" Drawings shall be initiated at the Notice to Proceed and shall be updated at least every seven (7) days (or as frequently as necessary to capture the necessary information) throughout the Contract duration. The CONTRACTOR shall engage the services of a Florida-registered Professional Surveyor and Mapper (CONTRACTOR'S Surveyor) to prepare the "As-Built" Drawings. The "As-Built" Drawings shall be developed in accordance with Florida's Minimum Technical Standards, FAC, Chapter 5J-17, FAC. The "As-Built" Drawings shall be developed using the CONTRACTOR'S records of all deviations from the Plans and" As-Built" surveying performed by the CONTRACTOR'S Surveyor.

The "As-Built" Drawings shall be plotted on the plans and/or detail sheets of the Contract Plans. The COUNTY will lend the mylar originals to the CONTRACTOR to allow for the production of the base mylars to be used for the "As-Built" Drawings. As-built information shall be plotted in ink on the base mylars so as to be easily distinguished from the "proposed" plan, boldly denoted as "as-built."

At. a minimum, the following information shall be shown on the "As-Built" Drawings:

Vertical as-built information:

- Final elevations along the profile grade line at least every 100 feet for linear grades and at least every fifty (50) feet along vertical curves.
- Final elevations on the edge of pavement and transitions every 100 feet, with stationing matching as-built elevations on the profile grade line
- Final elevations of pipe inverts for all manholes and inlets. Final grate or rim elevations for manholes and inlets. Final elevations of inlets for all end walls or mitered end sections. Final elevations and dimensions for pond discharge structures.
- Final elevations for ditch bottoms, pond bottoms, and berms at locations where proposed elevations are given.

Horizontal as-built information:

- Horizontal locations (station and offset) confirmed, if located per plan and plotted, and denoted if not plotted for all manholes, inlets, mitered end sections, end walls, and pond discharge structures.
- Horizontal locations plotted and denoted for any significant deviation from the roadway's geometric features.
- Horizontal locations and approximate dimensions plotted for constructed driveways.
- Horizontal locations plotted and denoted for signalization poles, pull boxes, and controllers.

- Horizontal locations plotted for power poles.

Pond mitigation area as-built information:

"As-Built" Drawings for stormwater management ponds and mitigation areas shall meet the as-built requirements of various environmental permitting agencies issuing permits for the Project. These Contract Documents contain the permits issued by the various environmental permitting agencies issuing permits for this Project, for example, SWFWMD.

Discharge areas as-built information:

"As-Built" Drawings for stormwater management discharge areas shall meet the as-built requirements of various environmental permitting agencies issuing permits for the Project. These Contract Documents contain the permits issued by the various environmental permitting agencies issuing permits for this Project, for example; SWFWMD

The CONTRACTOR shall deliver to the COUNTY prior to final acceptance or final payment four (4) sets of blue-line "As-Built" Drawings signed and -led by the CONTRACTOR'S Surveyor. The CONTRACTOR shall also submit one (1) set of reproducible "As-Built" Drawings (mylar) that will bear the name and Professional Surveyor and Mapper number of the CONTRACTOR'S Surveyor as well as the CONTRACTOR'S Surveyor company name and address.

All costs associated with the preparation of "As-Built" Drawings shall be included in the Contract price tor Bid Item No. 1000-3, As-Built Drawings, Per Lump Sum.

TSP-1000-4 CONSTRUCTION PHOTOGRAPHS

IF APPLICABLE

Preconstruction Videos

The CONTRACTOR shall provide professionally recorded, color videos showing the preconstruction site. **The video(s) shall show pertinent, physical features, including existing structures located adjacent to the existing pond and structures prior to the start of construction.** One (1) copy of the video(s) shall be furnished to the COUNTY'S Project Manager prior to the start of construction. The video(s) shall be electronic format, ex. CD, Thumb drive or other county acceptable format and shall be labeled at the beginning of the tape and on the front of the data media with the date, project name, location, and a brief description of the video. The person taking the video shall sign the video log. A representative of the COUNTY shall be present when the pre-construction video is recorded.

Progress Photographs

Aerial progress photographs taken at a low altitude shall be provided by the CONTRACTOR prior to the start of construction for the entire area covered by the Project and on a bimonthly basis illustrating the work executed in the preceding sixty (60) days. The 8" X 10" glossy, color photographs shall be of professional quality and shall be submitted in an album with the date, station or location, and direction printed or typed on the reverse side of each photograph. A negative of each photograph shall also be submitted

Submission of the aerial photographs shall accompany every other pay request submitted by the CONTRACTOR (i.e., bimonthly). All aerial photographs shall be organized in an album, in a logical fashion, from front to back, first from earliest to latest date, and then by Project begin to end stationing. The album shall be permanently bound and contain a pouch or similar compartment in which the negatives may be stored. The Project name and date shall be permanently embossed on the outside front cover of the album.

All costs associated with the preparation of construction photographs shall be Included in the Contract price for Bid Item No. 101-1, Mobilization, Lump Sum.

TSP-1000-5 Gopher Tortoise Survey and Permit (if needed) Refer to SP-2

TSP-1000-6 Gopher Tortoise Burrows Excavation (if needed) Refer to SP-3

TSP-1000-7 Gopher Tortoise Relocation (if needed) Refer to SP-4

END OF SECTIONS

END OF THE TECHNICAL SPECIFICATIONS SECTION

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK

PART III

BID PROPOSAL

PROJECT NAME: **ANNUAL CONCRETE SIDEWALK REPLACEMENT CONTRACT**

By signing this Bid Proposal, the undersigned affirms that said Bid Proposal is made without any understanding, agreement, or connection with any other person, firm or corporation providing a Bid Proposal for the same purpose, and that this Bid Proposal is in all respects fair, and without collusion or fraud. The undersigned understands that this Bid Proposal must be signed to avoid rejection by Pasco County (hereinafter the "COUNTY").

IN EXECUTING THIS DOCUMENT, THE UNDERSIGNED REPRESENTS THAT THE BIDDER ACCEPTS THE TERMS, CONDITIONS, MANDATES, AND OTHER PROVISIONS OF THE ASSOCIATED **INSTRUCTIONS TO BIDDERS (PART I)**, THE **CONDITIONS OF CONTRACT (PART II)**, AND THE **AGREEMENT (PART IV)**, SAID DOCUMENTS AND THEIR RESPECTIVE EXHIBITS AND ATTACHMENTS BEING THE SOLE BASIS UPON WHICH THE BIDDER MAKES THIS PROPOSAL.

*** * * USE BLUE OR BLACK INK * * ***

ALL THE **FOLLOWING** REQUESTED INFORMATION MUST BE GIVEN FOR THIS BID PROPOSAL TO BE CONSIDERED BY PASCO COUNTY:

1. **Bid Price.** Note that this sum represents the total of the prices shown in the following Bid Schedule (page(s) **BP 1 – 9).** Should the BIDDER make any errors in determining a line item total or in the summation of the line item totals in said Bid Schedule, upon discovery of the errors, the correct multiplication and/or sum, will be used by the County in determining the Bid Price of a BIDDER; provided, however, the COUNTY shall not be liable for any failure to discover such errors: $_____
(DO NOT LEAVE BLANK)

2. **Indemnification & Termination for Convenience** (See GC 6.5 & 16.2.3.1): $ 200.00

3. **Total Bid Price** (add the dollar amounts stated in the above lines.) $_____
(DO NOT LEAVE BLANK)

4. **Allowances**

   A. **Allowance Work** in accordance with Article 21 of the General Conditions. $ 250,000.00
   (FOR COUNTY USE ONLY)

   B. **Other Allowances** $ N/A

5. **Alternates** (none) $ N/A
   (FOR COUNTY USE ONLY)

6. **Final Total Bid Price ***: $_____
   (FOR COUNTY USE ONLY)

---

* The dollar amounts shown herein are to be utilized by the COUNTY as a guide to selecting the *best qualified* low BIDDER. The COUNTY reserves the right to award on more than one or none of the Alternates at its sole discretion. The actual total compensation paid BIDDER for the Project described in these Contract Documents may vary from the amount stated herein due to adjustments in pay quantity/ quantities resulting from changes in item quantity/quantities, and/or adjustments in pay quantity/quantities as otherwise permitted by these Contract Documents.

7. BIDDER acknowledges that included in the various items of the proposal, and in the Total Bid Price as indicated above, are costs for complying with the Florida Trench Safety Act.

The BIDDER further identifies the cost to be $_____ **[IMPORTANT: this blank to be filled in by the BIDDER]**. This cost is itemized in the Florida Trench Safety Act Certification and Disclosure Statement that is included in this proposal as Exhibit B. It is a ***MANDATORY REQUIREMENT*** that the Disclosure Statement be submitted with a bid.

8. The Total Bid Price quoted above represents the Bid Proposal of the BIDDER, exclusive of consideration of Reserves for Specified Allowances and of the Alternate(s) listed in any accompanying Alternative Bid Schedule. Pasco County may select one or more of any said Alternate(s) relative to determining the lowest and best bid proposal. The Final Total Bid Price will be computed by Pasco County to reflect all Reserves for Allowances, as well as the addition or deletion of any Alternate(s) selected by the COUNTY. Where an Alternative Bid Schedule is provided, ***A FAILURE TO SUBMIT A PRICE FOR EACH ALTERNATE WILL RESULT IN REJECTION OF THE BID AS NONRESPONSIVE.***

9. Receipt of Addendum No._____ through No._____ is acknowledged.

10. Legal name of the BIDDER:_____.

(**This name must match the name on your current W9 Form. The W9 will be requested at the time of award.** Designate with name, in typed or printed form, whether corporation, limited liability company, partnership, individual, or other type of legally recognized entity or person; if not a natural person, designate also the state or country of incorporation or other legal establishment, as applicable)

All fictitious names or aliases:_____.

11. Local (to New Port Richey, Florida) business and mailing address of the BIDDER:

_____.

12. Primary business and mailing address of the BIDDER:_____

_____.

Contractor License No. _____.

Federal Employer Identification Number (FEIN): _____.

13. Business phone number of the BIDDER: (___)_____; Fax: (_____)_____.

14. The BIDDER has been operating under the present trade name continuously since:

_____.

15. The BIDDER represents by execution of this document below that the BIDDER understands all the requirements associated with this Bid, that this is a serious Bid, and that the BIDDER will comply fully with all the stipulations included in the Bid Package.

The above-named BIDDER affirms and declares:

A. That the BIDDER, if an individual, is of lawful age, and that no other person, firm or corporation has any interest in this Proposal, or in the contract proposed hereby, except as expressly stated below (if none, so state):

_____

_____

B That this Proposal is made without any understanding, agreement, or connection with any other person, firm or corporation making a Proposal for the same purpose, and is in all respects fair and without collusion or fraud except as expressly stated below:

C. That the BIDDER is not in arrears to the COUNTY upon debt or contract and is not a defaulter, as surety or otherwise, upon any obligation to the COUNTY except as expressly stated below:

D. That no officer or employee or person whose salary is payable in whole or in part from the Treasury of the COUNTY is, shall be or shall become interested, directly or indirectly, as surety or otherwise in this Proposal, in the performance of this Contract, in the supplies, materials, equipment, and work or labor to which they relate, or in any portion of the profits thereof.

E. That the BIDDER is in compliance with Section 448.095(2), Fla. Stat. requiring CONTRACTOR and its SUBCONTRACTORS to register with and utilize the U.S. Department of Homeland Security's E-Verify program to verify the work authorization status of all newly hired employees and acknowledges that it will be required to maintain such compliance throughout the term of any Contract entered between the parties. The BIDDER also confirms that no public employer has terminated a contract with the BIDDER for failure to comply with Section 448.095(2), Fla. Stat. (2020) within the 12 months preceding the date this Certification Form is signed by the BIDDER.

F. That the BIDDER has received and carefully examined all Addenda issued prior to Bid Opening.

G. That the BIDDER has carefully examined the site of the Work and that, based alone upon investigations by the BIDDER, the BIDDER is fully satisfied as to: (1) the nature and location of the Work; (2) the location of all existing utilities, whether above or below the surface; (3) all subsurface conditions; (4) the character, quality and quantity of all materials needed for the performance of the Work; (5) the kind and extent of the equipment, labor and other resources or facilities needed for the performance of the Work; (6) the general and local conditions, as well as all

difficulties that may be encountered, including but not limited to weather conditions; and (7) all other items which may in any way affect or impact the Work or its performance.

H. That the BIDDER or any officer of the BIDDER has not been found guilty of a public entity crime or is on the convicted vendor list as set forth in Sections 287.132 and 287.133, F.S.

I. If claiming Local Vendor Preference, the Offeror certifies that they satisfy each of the following criteria at the time of their submission of a response to the solicitation necessary to qualify as a "Local Business": a) a vendor, supplier, or contractor who does business in Pasco County by providing goods, services, or construction; and b) maintains a physical business address located within the jurisdictional limits of Pasco County in an area zoned for the conduct of such business; and c) which the vendor, supplier or contractor operates or performs business on a daily basis; and d) has for at least twelve (12) months prior to the bid or proposal opening date; and (e) provides a copy of their local business tax receipt or evidence of qualification as a business in a neighboring county as listed in the County's Purchasing Ordinance at the time of submittal. Post office boxes shall not be used for the purpose of establishing said physical address.

Please put an "X" in the applicable box or mark N/A
_____ Local Business located in Pasco County

This local preference provision is not applicable to those solicitations involving the use of either State or Federal funds as indicated below:

State or Federal Funds Involved <u>N/A</u> (Mark X or N/A as applicable)

Note: If claiming Local Vendor Preference, a valid Local Business Tax Receipt <u>must</u> be provided at the time the response is submitted in order to qualify for such consideration.

16. The individual executing this document, under penalty of perjury, represents that he or she is either the BIDDER, or that he or she is of lawful age and has been duly AUTHORIZED to execute this document on behalf of the BIDDER. A copy of the document authorizing the signer to sign is included with this Bid Proposal.

IN WITNESS WHEREOF, this Bid Proposal has been signed and sealed as of the date indicated below by the BIDDER.

BID BOND

KNOW ALL MEN BY THESE PRESENTS THAT WE, _____ _____ (hereinafter called the Principal) and _____ _____ (hereinafter called the Surety), a corporation chartered and existing under the laws of the State of _____ _____, with its principal offices in the City of _____ and authorized to do business in the State of Florida, are held and firmly bound unto the Board of County Commissioners, Pasco County, Florida, in the full and just sum of **FIVE PERCENT (5%) OF THE TOTAL BID PRICE** in good and lawful money of the United States of America, to be paid upon demand of Pasco County and to which payment, will and truly to be made, we bind ourselves, heirs, executors, administrators, successors, and assignees, jointly and severally and firmly by these presents.

WHEREAS, the Principal is about to submit or has submitted a Proposal to Pasco County for the purpose of:

ANNUAL CONCRETE SIDEWALK REPLACEMENT CONTRACT

for Pasco County, designated as Bid No. IFB-RH-21-193; and

WHEREAS, the Principal desires to file this Bid Bond in accordance with law, in lieu of an acceptable check otherwise required to accompany the Proposal;

NOW THEREFORE, the conditions of this Bid Bond are such that if the Proposal is accepted by Pasco County and if the Principal, within ten (10) days after written Notice of Apparent Low Bidder, (a) executes a written contract in the form and manner required by Pasco County, in accordance with the Proposal, and upon the terms, conditions and price(s) set forth therein and (b) executes any Performance Bond and/or Payment Bond required by the Proposal; valued in the amount(s) specified therein; and in a form and with sureties satisfactory to Pasco County, or furnishes an alternate form of security acceptable to Pasco County and (c) submits certificates of insurance in the manner specified in the Contract Documents, with companies acceptable to Pasco County, and in such amounts as required by the Contract Documents; then this Bid Bond is void. Otherwise, this Bid Bond remains in full force and effect and the Surety shall immediately pay to Pasco County, upon demand, the amount secured by this Bid Bond in good and lawful money of the United States of America, upon failure of the Principal to comply with any and all of the foregoing requirements within the time specified above.

PART III

EXHIBIT B

PASCO COUNTY, FLORIDA

FLORIDA TRENCH SAFETY ACT
CERTIFICATION AND DISCLOSURE STATEMENT (MANDATORY)

The undersigned acknowledges the requirements of the Florida Trench Safety Act and hereby certifies that the undersigned is an authorized representative of the bidder and in that capacity commits the bidder to the following in the performance of the work in the event that the subject contract is awarded to and executed by said bidder.

1. The bidder acknowledges the Florida Trench Safety Act and the requirements established herein.

2. The bidder further acknowledges that the aforementioned Act established the Federal excavation safety standards set forth at 29 CFR Part 1926.650, Subpart P as the interim State standard until such time as the State of Florida, through its Department of Labor and Employment Security, or any successor agency, adopts, updates or reviews said interim standard. This State of Florida standard may be supplemented by special shoring requirements established by the State of Florida or any of its political subdivisions.

3. The bidder, as Contractor, shall comply with all applicable excavation/trench safety standards.

4. The Contractor shall consider the geotechnical information available from the County, its own sources and all other relevant information in its design of the trench safety system it will employ on the subject project. The Contractor acknowledges that it is *solely responsible* for the selection of the data on which it relies in designing said safety system, as well as for the system itself.

5. The amount the bidder has set forth in Item 7 of page BP-2 includes the following excavation/trench safety measures and the linear feet of trench excavated under each safety measure. These units, cost and the unit prices inferred shall be disclosed solely for the purpose of compliance with the procedural requirements of the aforementioned Act. No adjustment to the Contract Time or Price shall be made for any difference in the number of linear feet of trench excavation, except as may otherwise be provided in these Contract Documents.

Trench Safety Measure (Description)	Unit (Qty)	Unit of Measure (LF,SY)	Unit Cost	Extended Cost
A. _____	_____	_____	$_____	$_____
B. _____	_____	_____	$_____	$_____
C. _____	_____	_____	$_____	$_____
D. _____	_____	_____	$_____	$_____
			TOTAL	**$**_____

6. This amount disclosed as the cost of compliance with the applicable trench safety requirement does *not* constitute the extent of the Contractor's obligation to comply with said standards. Contractor shall expend additional sums, at no additional cost to the County (except as may otherwise be provided), which are necessary to so comply.

7. Acceptance of the bid to which this certification and disclosure applies in no way represents that the County or its representatives has evaluated and thereby determined that the above costs are adequate to comply with the applicable trench safety requirements nor does it in any way relieve the bidder, as Contractor, of its sole responsibility to comply with the applicable trench safety requirements.

PART III

EXHIBIT E

CONTRACTOR RESPONSIBILITY SURVEY FOR ENGINEERING AND CONSTRUCTION SERVICES

In order to determine the lowest responsive and responsible bidder for this project, Pasco County mandates that the apparent lowest bidder provide the following survey when requested by the COUNTY. **THE FAILURE OF A BIDDER TO PROVIDE TIMELY ALL INFORMATION REQUESTED BY THE SPECIFIED DATE MAY RESULT IN A FINDING THAT THE BIDDER IS NOT RESPONSIBLE. PASCO COUNTY MAY RELY ON THIS INFORMATION IN AWARDING THE CONTRACT FOR THIS PROJECT, THEREFORE, ANY MATERIALLY FALSE, MISLEADING, OR INCOMPLETE INFORMATION SUBMITTED BY A BIDDER MAY BE GROUNDS FOR REJECTION OF A BID OR REVOCATION OF AN AWARDED BID IF THE MATERIAL FALSITY, MISLEADING NATURE, OR INCOMPLETENESS OF THE INFORMATION SUBMITTED IS DISCOVERED BEFORE BOARD APPROVAL OF THE CONTRACT, OR FOR THE TERMINATION OF THE CONTRACT FOR CAUSE IF DISCOVERED AFTER BOARD APPROVAL OF THE CONTRACT.** Any questions concerning the requested information may be directed to the Pasco County Purchasing Director.

Information and Documents to be provided

1. List all projects on which the BIDDER has worked in the last two (2) years. Please include, for each project, the job location, the cost and/or contract value, the name and telephone number of the owner's representative, and the name and telephone number of the surety.

2. List all projects for which the BIDDER is currently under contract. Please include, for each project, the job location, the cost/contract value, the name and telephone number of the owner's representative, and the name and telephone number of the surety. Also indicate whether the BIDDER is the prime contractor on the project, and whether all subcontractors have been paid to date in a timely fashion.

3. Provide a copy of the current resume of the project manager and full-time job superintendent for the BIDDER who will be used on this project for Pasco County, if the contract is awarded to the BIDDER.

4. Provide a critical path management plan within ten days of Notice to Proceed or date of pre-construction meeting whichever is later detailing the approach the BIDDER anticipates taking towards this project for Pasco County.

5. Provide a copy of a balance sheet and income statement for the most recent quarterly period of the fiscal year of the BIDDER.

PART IV

AGREEMENT

THIS AGREEMENT is made and entered into by and between the BOARD OF COUNTY COMMISSIONERS OF PASCO COUNTY, FLORIDA, hereinafter called COUNTY,
and _____ hereinafter called the CONTRACTOR, whose business address is _____.

WITNESSETH THAT:

In consideration of the mutual covenants and provisions contained herein, the parties hereto agree as follows:

1. The CONTRACTOR shall provide to the COUNTY, within the Contract Time, all labor, materials, and appurtenances thereto per the requirements set forth in the Contract Documents for:

ANNUAL CONCRETE SIDEWALK REPLACEMENT CONTRACT
Bid No.: IFB-RH-21-193

2. The CONTRACTOR shall complete the Work to be performed under this Agreement for a **three (3) year term** (the initial Contract Time) from the date of the first Notice to Proceed issued by the COUNTY. This Contract can also be renewed by the COUNTY for two (2) additional one (1) year option(s) to renew at the County's option at the same terms and conditions upon notice to the CONTRACTOR within ninety (90) days prior to the expiration on the initial contract time or any renewal period thereof.

3. In addition to the number of calendar days specified for the initial Contract Time in the preceding paragraph, **60** calendar days have been included in the overall Contract Time for allocation to the CONTRACTOR for performance of Allowance Work in accordance with the Allowances provision of the Contract Documents.

4. **Time is of the essence for this Agreement.** Timely completion of the Work after the issuance of the aforesaid Notice to Proceed is of central importance to the COUNTY. This Project has certain various critical milestones to be met.

5. **Liquidated damages shall apply to compensate for delays.** The parties acknowledge and agree that the damages to the COUNTY associated with any delay in completion of the Project are not readily ascertainable as of the time of execution of this Agreement, and concur that the sum of **$1,241.00/Day** per diem**,** bears a reasonable relationship to the actual damages which the COUNTY would suffer as a consequence of any such delay in completion of the Work. The parties agree that such sums are reasonable and would not constitute a penalty against the CONTRACTOR. In arriving at these sums, consideration has been given to the loss to the public of the use of the Project due to delay, the additional administrative costs caused by any delay,

higher labor and material costs associated with delay, risks associated with litigation from delay, and other factors. Failure to complete the Work by any Milestone Date(s) set forth in the agreed upon Work Schedule or in this Agreement, up to and including that for Final Completion, therefore, shall entitle the COUNTY to deduct these sums from the Contract Price for each day of delay in meeting each such Milestone Date. The amounts of Liquidated Damages for individual Milestone Dates are additive for each day of delay they are concurrently in effect.

6. This Agreement includes and incorporates by reference all Contract Documents, as the term Contract Documents is defined within Article 1 of the General Conditions found in Conditions of the Contract (Part II).

7. The total Contract Price for the full and complete performance by Contractor of all Work required by the Contract Documents shall not exceed **$_____** , unless otherwise modified as provided herein. The total Contract Price includes **$100.00** for Indemnification, **$100.00** for termination for convenience, **$250,000.00** for Allowance Work, and **$_____** for Alternate No. ___. Payment shall be made not more often than once per month and in accordance with the Contract Documents.

8. During the performance of this Agreement, the CONTRACTOR herein assures the COUNTY that said CONTRACTOR is in compliance with Title VII of the 1964 Civil Rights Act, as amended, and The Florida Civil Rights Act of 1992 in that the CONTRACTOR does not on the grounds of race, color, national origin, religion, sex, age, handicap or marital status, discriminate in any form or manner against the employees of the CONTRACTOR or its applicants for employment. The CONTRACTOR understands and agrees that this Agreement is conditioned upon the veracity of this Statement of Assurance. Furthermore, the CONTRACTOR herein assures the COUNTY that said CONTRACTOR shall comply with Title VI of the Civil Rights Act of 1964 when any Federal grant is involved. Other applicable Federal and State laws, executive orders and regulations prohibiting the type of discrimination as hereinabove delineated are included by this reference thereto. This Statement of Assurance shall be interpreted to include Vietnam Era Veterans and Disabled Veterans within its protective range of applicability.

9. The CONTRACTOR shall furnish to the COUNTY (when and in the manner required by the Contract Documents) all appropriate Certificates of Insurance, and a Performance Bond and/or Payment Bond for the Contract Price within ten (10) days following Notification of Award.

10. The COUNTY and the CONTRACTOR acknowledge the acceptance from the Bid Proposal (Part III) of the following Alternate(s).

No._____ No._____ No._____ No._____

No. _____ No._____ No._____ No._____

The COUNTY and the CONTRACTOR acknowledge that the corresponding price as shown in the Bid Proposal (Part III) for each accepted Alternate is incorporated in the amount of compensation

specified in paragraph 7 above.

11. The COUNTY and the CONTRACTOR acknowledge that all addendums issued with respect to this Project are herein incorporated into the list of Contract Documents listed in Article 1, Part II and made a part of this Agreement.

12. The funding required for this Project is contingent upon the availability of County funds and the appropriation of such funds by the Board of County Commissioners.

13. This Agreement and any changes hereto shall constitute the entire agreement between CONTRACTOR and COUNTY relating to Work. This Agreement supersedes all previous or contemporary representations or warranties of COUNTY or CONTRACTOR not set forth or referenced in the Contract Documents.

14. Except as specifically provided herein, no modification, waiver, termination, rescission, discharge, or cancellation of this Agreement, or of any term thereof, shall be binding on the COUNTY unless in writing and executed by the BOARD.

15. Waiver by the COUNTY of a breach of any provision of this Agreement by the CONTRACTOR shall not be deemed to be a waiver or any other breach and shall not be construed to be a modification of the terms of this Agreement.

16. No modification, waiver, termination, discharge, or cancellation of the Agreement or of any terms thereof shall impair the rights of the COUNTY with respect to any liabilities, whether or not liquidated, of the CONTRACTOR to the COUNTY theretofore accrued.

17. The duties and obligations imposed upon the CONTRACTOR by this Agreement and the rights and remedies available hereunder, shall be in addition, and not limited, to any otherwise imposed or available in law or in equity, whether by statute, special guarantee, or otherwise.

18. The CONTRACTOR shall at all times remain an independent contractor and shall have no power, nor shall the CONTRACTOR represent that the CONTRACTOR has any power, to bind COUNTY or to assume or to create any obligation expressed or implied on behalf of the COUNTY.

19. This Agreement shall be binding upon and its benefits and advantages shall inure to the heirs, personal representatives, successors and assigns of the parties hereto.

20. The parties agree that if any part, term or provision of this Agreement is held to be illegal, unenforceable or in conflict with any applicable federal, state or local law or regulation, such part, term or provision shall be severable with the remainder of the Agreement remaining valid and enforceable.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the last day written below (bid award date for the Project subject thereto).

ADDENDUM TO INVITATION FOR BID

September 7, 2021

TO: Concerned Bidders

RE: Addendum No. 1: **IFB-RH-21-193 – ANNUAL CONCRETE SIDEWALK REPLACEMENT CONTRACT**

Please make note to the following changes, additions, deletions and clarifications to the above referenced solicitation:

QUESTIONS AND ANSWERS

Question 1: What is the County's annual budget?

Answer 1: **The County's annual budget is $250,000.00 per year - $750,000.00 for three years.**

Question 2: What does the unit of measure WTOL stand for?

Answer 2: **The unit of measure WTOL stands for WORK TASK ORDER LOCATION.**

Question 3: There are 5 MOBs and 5 MOT pay items; are there only going to be 5 work orders issued per year?

Answer 3: **A new Bid Form is attached – There will be one (1) Mobilization MOB per year. This Bid Solicitation was prepared on the presumption that not all work task orders locations will require maintenance or traffic. Therefore, the bid accounts for five (5) instances were MOT plan submission and approval by the County Building Department and Traffic Operations may be required. The intent here is to compensate the Contractor for all associated expenses, directly and indirectly related but not limited, such as; ROW Permit acquisition, MOT Plan preparation, implementation and operation (manpower and equipment) MOT removal, etc.**

Question 4: Can you provide a sample work order from a previous contract so I can get an understanding of the amount of work per each work order?

Answer 4: **Unfortunately, we do not have a sample work order form to provide as an example. This will be the 1st Annual Sidewalk Contract for Pasco County Department of Public Works. As with other Annual Contracts currently in place, the procedure to follow will be:**

1. **Issuance of a Contract Notice to Proceed immediately after Board approval.**
    - **NPT officially recognizes the contract and advices the contractor the contract is active life span.**

2. **Issuance of Work Task Order Location NTP.**
    - **This NTP officially communicates and conveys to the contractor DPW request for work to be completed at a particular location and projected scope of work and expenditures.**
    - **This NTP will be accompanied by request of contracted services based on the approved contract Schedule of Values.**

Question 5: There is no pay item for concrete removal. Would this be covered under your clearing/grubbing pay item?

Answer 5: The Bid Sheet has been revised to show a new bid line item; 110-4, "Removal of Existing Pavement (Concrete).

Bidders should acknowledge receipt of this addendum on the Bid Form. Failure to acknowledge receipt of this addendum may be cause for rejection. The opening date will remain unchanged.

I appreciate your kind cooperation and regret any inconvenience this may have caused. If there are any additional questions, please contact the Purchasing Department at (727) 847-8194, ext. 2440.

Sincerely,

Robin L. Harris

PART III

BID PROPOSAL

PROJECT NAME: **ANNUAL CONCRETE SIDEWALK REPLACEMENT CONTRACT**

By signing this Bid Proposal, the undersigned affirms that said Bid Proposal is made without any understanding, agreement, or connection with any other person, firm or corporation providing a Bid Proposal for the same purpose, and that this Bid Proposal is in all respects fair, and without collusion or fraud. The undersigned understands that this Bid Proposal must be signed to avoid rejection by Pasco County (hereinafter the "COUNTY").

IN EXECUTING THIS DOCUMENT, THE UNDERSIGNED REPRESENTS THAT THE BIDDER ACCEPTS THE TERMS, CONDITIONS, MANDATES, AND OTHER PROVISIONS OF THE ASSOCIATED **INSTRUCTIONS TO BIDDERS (PART I)**, THE **CONDITIONS OF CONTRACT (PART II)**, AND THE **AGREEMENT (PART IV)**, SAID DOCUMENTS AND THEIR RESPECTIVE EXHIBITS AND ATTACHMENTS BEING THE SOLE BASIS UPON WHICH THE BIDDER MAKES THIS PROPOSAL.

*** * * USE BLUE OR BLACK INK * * ***

ALL THE **FOLLOWING** REQUESTED INFORMATION MUST BE GIVEN FOR THIS BID PROPOSAL TO BE CONSIDERED BY PASCO COUNTY:

1. **Bid Price.** Note that this sum represents the total of the prices shown in the following Bid Schedule (page(s) **BP 1 – 9).** Should the BIDDER make any errors in determining a line item total or in the summation of the line item totals in said Bid Schedule, upon discovery of the errors, the correct multiplication and/or sum, will be used by the County in determining the Bid Price of a BIDDER; provided, however, the COUNTY shall not be liable for any failure to discover such errors:

$ 961,875.00
(DO NOT LEAVE BLANK)

2. **Indemnification & Termination for Convenience** (See GC 6.5 & 16.2.3.1):

$ 200.00

3. **Total Bid Price** (add the dollar amounts stated in the above lines.)

$ 962,075.00
(DO NOT LEAVE BLANK)

4. **Allowances**

A. **Allowance Work** in accordance with Article 21 of the General Conditions.

$ 250,000.00
(FOR COUNTY USE ONLY)

B. **Other Allowances**

$ N/A

5. **Alternates** (none)

$ N/A
(FOR COUNTY USE ONLY)

6. **Final Total Bid Price ***:

$ _____
(FOR COUNTY USE ONLY)

---

* The dollar amounts shown herein are to be utilized by the COUNTY as a guide to selecting the *best qualified* low BIDDER. The COUNTY reserves the right to award on more than one or none of the Alternates at its sole discretion. The actual total compensation paid BIDDER for the Project described in these Contract Documents may vary from the amount stated herein due to adjustments in pay quantity/ quantities resulting from changes in item quantity/quantities, and/or adjustments in pay quantity/quantities as otherwise permitted by these Contract Documents.

7. BIDDER acknowledges that included in the various items of the proposal, and in the Total Bid Price as indicated above, are costs for complying with the Florida Trench Safety Act.

The BIDDER further identifies the cost to be $ 105.00 **[IMPORTANT: this blank to be filled in by the BIDDER]**. This cost is itemized in the Florida Trench Safety Act Certification and Disclosure Statement that is included in this proposal as Exhibit B. It is a ***MANDATORY REQUIREMENT*** that the Disclosure Statement be submitted with a bid.

8. The Total Bid Price quoted above represents the Bid Proposal of the BIDDER, exclusive of consideration of Reserves for Specified Allowances and of the Alternate(s) listed in any accompanying Alternative Bid Schedule. Pasco County may select one or more of any said Alternate(s) relative to determining the lowest and best bid proposal. The Final Total Bid Price will be computed by Pasco County to reflect all Reserves for Allowances, as well as the addition or deletion of any Alternate(s) selected by the COUNTY. Where an Alternative Bid Schedule is provided, ***A FAILURE TO SUBMIT A PRICE FOR EACH ALTERNATE WILL RESULT IN REJECTION OF THE BID AS NONRESPONSIVE.***

9. Receipt of Addendum No. 1 through No. 1 is acknowledged.

10. Legal name of the BIDDER: Ajax Paving Industries of Florida, LLC.
(**This name must match the name on your current W9 Form. The W9 will be requested at the time of award.** Designate with name, in typed or printed form, whether corporation, limited liability company, partnership, individual, or other type of legally recognized entity or person; if not a natural person, designate also the state or country of incorporation or other legal establishment, as applicable)

All fictitious names or aliases: n/a.

11. Local (to New Port Richey, Florida) business and mailing address of the BIDDER:

_____.

12. Primary business and mailing address of the BIDDER:_____

One Ajax Drive, North Venice FL 34275.

Contractor License No. CGC1516738.

Federal Employer Identification Number (FEIN): 26-1871966.

13. Business phone number of the BIDDER: (941-)486-3600; Fax: (941) 486-3500.

14. The BIDDER has been operating under the present trade name continuously since:
2/1/2008.

15. The BIDDER represents by execution of this document below that the BIDDER understands all the requirements associated with this Bid, that this is a serious Bid, and that the BIDDER will comply fully with all the stipulations included in the Bid Package.

The above-named BIDDER affirms and declares:

A. That the BIDDER, if an individual, is of lawful age, and that no other person, firm or corporation has any interest in this Proposal, or in the contract proposed hereby, except as expressly stated below (if none, so state):
None

B That this Proposal is made without any understanding, agreement, or connection with any other person, firm or corporation making a Proposal for the same purpose, and is in all respects fair and without collusion or fraud except as expressly stated below:

C. That the BIDDER is not in arrears to the COUNTY upon debt or contract and is not a defaulter, as surety or otherwise, upon any obligation to the COUNTY except as expressly stated below:

D. That no officer or employee or person whose salary is payable in whole or in part from the Treasury of the COUNTY is, shall be or shall become interested, directly or indirectly, as surety or otherwise in this Proposal, in the performance of this Contract, in the supplies, materials, equipment, and work or labor to which they relate, or in any portion of the profits thereof.

E. That the BIDDER is in compliance with Section 448.095(2), Fla. Stat. requiring CONTRACTOR and its SUBCONTRACTORS to register with and utilize the U.S. Department of Homeland Security's E-Verify program to verify the work authorization status of all newly hired employees and acknowledges that it will be required to maintain such compliance throughout the term of any Contract entered between the parties. The BIDDER also confirms that no public employer has terminated a contract with the BIDDER for failure to comply with Section 448.095(2), Fla. Stat. (2020) within the 12 months preceding the date this Certification Form is signed by the BIDDER.

F. That the BIDDER has received and carefully examined all Addenda issued prior to Bid Opening.

G. That the BIDDER has carefully examined the site of the Work and that, based alone upon investigations by the BIDDER, the BIDDER is fully satisfied as to: (1) the nature and location of the Work; (2) the location of all existing utilities, whether above or below the surface; (3) all subsurface conditions; (4) the character, quality and quantity of all materials needed for the performance of the Work; (5) the kind and extent of the equipment, labor and other resources or facilities needed for the performance of the Work; (6) the general and local conditions, as well as all

difficulties that may be encountered, including but not limited to weather conditions; and (7) all other items which may in any way affect or impact the Work or its performance.

H. That the BIDDER or any officer of the BIDDER has not been found guilty of a public entity crime or is on the convicted vendor list as set forth in Sections 287.132 and 287.133, F.S.

I. If claiming Local Vendor Preference, the Offeror certifies that they satisfy each of the following criteria at the time of their submission of a response to the solicitation necessary to qualify as a "Local Business": a) a vendor, supplier, or contractor who does business in Pasco County by providing goods, services, or construction; and b) maintains a physical business address located within the jurisdictional limits of Pasco County in an area zoned for the conduct of such business; and c) which the vendor, supplier or contractor operates or performs business on a daily basis; and d) has for at least twelve (12) months prior to the bid or proposal opening date; and (e) provides a copy of their local business tax receipt or evidence of qualification as a business in a neighboring county as listed in the County's Purchasing Ordinance at the time of submittal. Post office boxes shall not be used for the purpose of establishing said physical address.

Please put an "X" in the applicable box or mark N/A
__X__ Local Business located in Pasco County

This local preference provision is not applicable to those solicitations involving the use of either State or Federal funds as indicated below:

State or Federal Funds Involved N/A (Mark X or N/A as applicable)

Note: If claiming Local Vendor Preference, a valid Local Business Tax Receipt must be provided at the time the response is submitted in order to qualify for such consideration.

16. The individual executing this document, under penalty of perjury, represents that he or she is either the BIDDER, or that he or she is of lawful age and has been duly AUTHORIZED to execute this document on behalf of the BIDDER. A copy of the document authorizing the signer to sign is included with this Bid Proposal.

PASCO COUNTY BUSINESS TAX RECEIPT

2022

Expires September 30th

Issued pursuant and subject to Florida Statutes and Pasco County Ordinances. Issuance does not certify compliance with zoning or other laws. This receipt must be posted conspicuously in place of business.

Dear Business Owner:

Your 2022 Pasco County Business Tax Receipt is printed above. Please detach the receipt and display it in a place that is visible to the public and available for inspection.

The Pasco County Business Tax Receipt is in addition to any other license or certificate that may be required by law and does not signify compliance with zoning, health, or regulatory requirements. The Pasco County Business Tax Receipt is non-regulatory and is not meant to be a certification of the holder's ability to perform the service for which it is registered.

Business Tax Receipts expire September 30th. Annual renewals are mailed in June to the address of record at that time. Please contact our office if there are any changes to your business name, ownership, physical address, or closing of your business.

Thank you for allowing us to serve you!

MIKE FASANO
PASCO COUNTY TAX COLLECTOR

Florida Department of State, Division of Corporations

BOARD OF COUNTY COMMISSIONERS
AGENDA MEMORANDUM

COMMISSION DISTRICT: All **FILE NO.:** PW26-0059 **DATE:** 6/16/2026

SUBJECT: Additional Purchasing Authority IFB-CA-25-069 – J and V Fence LLC d/b/a Big Jerry's Fencing of Tampa – As Needed Furnishing, Installation, Repair and Replacement of Fencing Systems – $300,000.00

REFERENCES: IFB-CA-25-069, UTOM25-0562

AGENDA SECTION: Consent Agenda

THRU: Branford Adumuah, Assistant County Administrator

FROM: Jason Mickel, Public Works Director

RECOMMENDED BOARD ACTION:

Approve the additional purchasing authority to J and V Fence LLC d/b/a Big Jerry's Fencing of Tampa (Big Jerry's Fencing) for the furnishing, installation, repair and replacement of fencing systems on an as-needed basis, in the additional Not to Exceed (NTE) amount of $300,000.00 for Fiscal Year (FY) 2026, resulting in the new cumulative NTE contract amount of $1,194,000.00 for the initial term of the contract continuing through September 30, 2028.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

On May 6, 2025, at the request of the Utilities Operations and Maintenance (O&M) Department, the Purchasing Department solicited an Invitation for Bid (IFB-CA-25-069) for as-needed furnishing, installation, repair and replacement of fencing systems. Per the terms of IFB-CA-25-069, "other Pasco County departments may utilize this contract (at the same terms and conditions) for similar work."

On August 19, 2025, the Board of County Commissioners (BCC) approved the award of IFB-CA-25-069 to the sole responsive and responsible bidder, Big Jerry's Fencing, in the annual NTE amount of $60,000.00 for FY 2025; $278,000.00 for FY 2026; $278,000.00 for FY 2027; $278,000.00 for FY 2028, resulting in the cumulative NTE amount of $894,000.00 for the term of the contract beginning upon approval from the BCC and continuing through September 30, 2028. Authority was delegated to the County Administrator to approve each of the two one-year renewal options under the same terms and conditions as the solicitation in the NTE amount of $228,000.00 for FY 2029; and $228,000.00 for FY 2030, pending budget approval, for a cumulative NTE contract amount of $1,350,000.00 (UTOM25-0562).

The Public Works Department uses this contract for repairs, replacements, modifications, and new additions to fencing systems throughout Pasco County. Since the date of contract award, the Public Works Department has identified additional fencing needs of constituents. This additional purchasing authority will allow Public Works to address those needs and will not affect the Utilties O&M Department's ability to use this contract or other departments' ability to use the contract.

The Public Works Department, with concurrence from the Purchasing Department, requests approval of additional purchase authority in the amount of $300,000.00 for FY

2026, resulting in the new NTE amount of $1,194,000.00 for the initial term of the contract continuing through September 30, 2028.

FISCAL IMPACT/COST/REVENUE STATEMENT:
Funding in the amount of $300,000.00 is budgeted and available for FY 2026 in the County Transportation Trust Fund and Stormwater Management Fund, Public Works Department.

DISTRIBUTION:
Not applicable.

Time Due:	**1:30 p.m., ET**

TENTATIVE TIMELINE

May 6, 2025	Release IFB to the marketplace
May 20, 2023	Deadline for written questions, **1:30 p.m**., ET
May 27, 2023	Response to questions to be posted to Bonfire
June 10, 2025	IFB due online Bonfire by 1:30 p.m., ET

ADVERTISEMENT FOR INVITATION FOR BID

The Pasco County Board of County Commissioners invites vendors to submit bids for **AS NEEDED FURNISH, INSTALL, REPAIR AND REPLACE FENCING SYSTEMS**, as per the listed statement of work.

In using this method for solicitation, we are requesting your best effort in seeking the lowest cost for our requirements. To be entitled to consideration, online submission shall be presented in accordance with the instructions of this solicitation and within the timeframe specified. It shall be the responsibility of the selected offeror to meet all specifications and guidelines set forth herein. Each bid shall be opened and read publicly. The Pasco County Board of County Commissioners (hereinafter, "Pasco County" or "County"), at its discretion, determines the criteria and process whereby bids are evaluated and awarded. No damages shall be recoverable by any challenger as a result of these determinations or decisions by the County.

If you are unable to download these documents, experiencing any technical issues, or have questions about how to submit, please reach out to support@gobonfire.com.

All questions or requests for clarification must be sent via Bonfire under Message - Opportunity Q&A: https://pascocountyfl.bonfirehub.com.

All addendums related to this solicitation will be posted on Bonfire website at https://pascocountyfl.bonfirehub.com. It is the bidder's responsibility to check the Bonfire website for any addendums, responses to bidder questions, or other communications related to this solicitation

Bids shall be submitted online at https://pascocountyfl.bonfirehub.com. The Pasco County Purchasing Department will only accept bids submitted online. **Bid submissions are due no later than 1:30 p.m., ET, June 10, 2025, and will be opened at 2:00 p.m., ET (same day) as noted above.**

Pasco County will ***only*** accept online submissions for this bid. Bids can be submitted online at: https://pascocountyfl.bonfirehub.com. Bids submitted after the bid close date will not be accepted. Note: Any bid submitted in any other format (email, paper, fax, mail, etc.) will not be accepted for any reason.

Solicitations will be publicly opened in accordance with the public notice.

Public Openings are held each Tuesday at 2:00 p.m., ET. A public opening of responses will be conducted at the posted Public Opening following the submission deadline. In the event of a County Holiday or unforeseen delay, responses shall remain sealed until the next public meeting. Firms will be able to attend the public opening virtually, see the following instructions:

Tabulations shall be available thirty (30) days after opening on the Pasco County website at: https://www.pascocountyfl.net/480/Do-Business-with-Us
or upon notice of intended action, whichever is sooner.

PASCO COUNTY BOARD OF COUNTY COMMISSIONERS

Carrie C. Roberts, NIGP-CPP, C.P.M., CPPO

Purchasing Director

IMPORTANT! — PLEASE READ CAREFULLY BEFORE SUBMITTING BID

GENERAL CONDITIONS

These general terms and conditions apply in like force to this solicitation and to any contract resulting therefrom.

1. ACCEPTANCE/REJECTION/MODIFICATION TO BID

The County may (1) amend or modify this request, (2) revise requirements of this request, (3) require supplemental statements or information from any firm, (4) accept or reject any or all bids, (5) extend the deadline for submission of bids, (6) waive non-material defects, and (7) cancel this request, in whole or in part, if the County deems it in its best interest to do so (8) may negotiate with a non-Bidder in the event no bids are received. The County may exercise the foregoing rights at any time without notice and without liability to any offering firm or any other party for their expenses incurred in the preparation of bid or otherwise.

2. ACKNOWLEDGMENT OF ADDENDUM

2.1 Bidders shall acknowledge receipt of any addendum to the solicitation by identifying the addendum number in the space provided for this purpose on the bid form, by letter, or by returning a copy of the issued amendment with the submitted bid. The acknowledgment should be received by Pasco County by the time and at the place specified for the receipt of bids.

2.2 Failure to acknowledge an issued addendum may result in bid rejection and disqualification.

3. ALTERNATIVE BIDS

The Bidder WILL NOT be allowed to offer more than one (1) price (for the goods or services specified). If a Bidder submits more than one (1) price on any item (or service), ALL prices will be rejected for that item.

4. AMERICANS WITH DISABILITIES ACT

Pasco County does not discriminate upon the basis of any individual's disability status. This non- discrimination policy involves every aspect of the County's functions including one's access to, participation, employment, or treatment in its programs or activities. Anyone requiring reasonable accommodation to the solicitation documents or for the public meetings related to any solicitation should contact the Purchasing staff member named on the solicitation summary at least twenty- four (24) hours in advance of the meeting. Requests for accommodation may also be directed to the Human Resources Department, Internal Services Building, 7536 State Street, New Port Richey, FL 34654 at (727) 847-8030 or at (727) 847-8949 if you are hearing impaired. Please be advised that if you contact the County by email, your email address will become a public record and may be subject to disclosure under the Florida Public Records Act.

5. ANTITRUST

By entering into a contract, the Bidder conveys, sells, assigns, and transfers to Pasco

County all rights, titles, and interest it may now have or hereafter acquire under the antitrust laws of the United States and the State of Florida that relate to the particular goods or services purchased or acquired by Pasco County under the said contract.

6. APPLICABLE LAW

The resulting contract shall be governed in all respects by the laws of the State of Florida, and any litigation with respect thereto shall be brought in the courts of Pasco County, Florida. The Bidder shall comply with all applicable Federal, State, and local laws and regulations. Lack of knowledge by the Bidder will in no way be a cause for relief from responsibility.

7. ASSIGNMENT

The successful Bidder(s) shall not assign, transfer, convey, sublet, or otherwise dispose of any award or any or all of its rights, title, or interest therein, or delegate the duties hereunder without the prior written consent of Pasco County.

8. AWARD

8.1 Consideration for award will be by proximity to specifications given, costs, time of delivery, and other factors deemed by the County to be appropriate. All purchases, leases, or contracts that are based on competitive bids will be awarded to the lowest, responsive, and responsible Bidder.

8.2 Complete and accurate responses to all items are necessary for the complete and fair evaluation of bids. Total-cost or life-cycle-costing, which includes the identification of identifiable costs associated with acquisition, installation, maintenance, and operation of the Bidder's offered equipment may be used to determine the lowest Bidder. Such analysis may be based upon the Bidder's proposal data and other data which is gathered by the County. Additional factors that may be considered include the expected life of equipment, output, maintenance, consumption costs, disposal value, warranty, complexity of operation, required training, and other factors that may contribute to the overall cost of ownership. In determining the responsibility of Bidders, past performance, references, documented experience, financial capability, and other reasonable factors may be considered. Pasco County reserves the right to award by item, group of items, lowest total, or whatever manner is deemed to be in the County's best interest. The County reserves the right to award to a single or multiple Bidder is found to be in the County’s best interest.

9. BID ACCEPTANCE PERIOD

The Bidder agrees that if this offer is accepted within ninety (90) calendar days from the bid opening date, the Bidder will furnish to Pasco County and all items from which prices are offered in this bid solicitation at the price(s) so offered, delivered to the designated point(s), within the time period specified, and at the terms and conditions so stipulated in this solicitation document. Any bid for which the Bidder specifies a shorter acceptance period may be rejected.

10. BIDDER CERTIFICATION

The Bidder agrees that submission of a signed bid form is certification that the Bidder will accept an award made to it as a result of the submission.

11. BID CLARIFICATIONS

If any party contemplating the submission of a bid on this invitation is in doubt as to the true meaning of any part of the plans, specifications, or other documents, they should submit a written request for an interpretation via the County's electronic solicitation system. Questions or requests for interpretations shall clearly state, in detail, the basis for such question(s) or request(s) including a reference to the specific paragraph or language in the solicitation. Modifications to solicitations will be made only by properly issued written addenda. All such addenda shall become part of the solicitation and resulting contract documents. Pasco County shall only be responsible for explanations or interpretations that are issued by written addendum. No oral interpretations will be made as to the meaning of specifications or any other contract documents. Failure to comply with this provision will result in the Bidder waiving his/her right to dispute the bid specification.

12. BID ENVELOPES

If the County has indicated in the Advertisement for Bids that a hard copy of the bid will be accepted, envelopes containing bids must be sealed and marked in the lower left-hand corner with the solicitation number, solicitation name, and the date and hour of opening of bids. Failure to do so may cause bid not to be considered. Express Company or Express Mail envelopes containing a sealed bid shall also be sealed and should be clearly marked with the solicitation number, solicitation name, and date and hour of opening of bids. Failure to clearly mark envelopes may delay delivery and render the response late. PLEASE NOTE: Unless otherwise noted in the Advertisement for Bids, all submissions MUST be made electronically through the County's electronic solicitation system.

13. BID FORM SUBMISSION

Bids must be uploaded into via the County's electronic solicitation system unless otherwise indicated in the Advertisement for Bids. All forms must be printed, completed signed (if noted) and submitted in the County's electronic solicitation system. Bids concerning separate bid invitations must not be combined on the same electronic submission form or placed in the same envelope (if allowable under the specific solicitation). Bids submitted in violation of this provision shall not be considered. All bids must be signed, in ink, in order to be considered. Erasures are not acceptable on bids; if necessary to make a change, strike out or draw a line through incorrect item and type the correction above, and initial the correction in ink. If the Bidder is a firm or corporation, the Bidder must show the title of the individual executing the bid, and if the individual is not an officer of the firm or corporation, the Bidder must submit proof that the individual has the authority to obligate the firm or corporation. BIDS MAY NOT BE ALTERED OR AMENDED AFTER THE BID CLOSING.

14. BIDDER INVESTIGATIONS

Before submitting a bid, each Bidder shall make all investigations and examinations necessary to ascertain all site conditions, specifications, delivery requirements and performance requirements affecting the full performance of the contract and to verify any representations made by Pasco County upon which the Bidder will rely. If the Bidder receives an award as a result of its bid submission, failure to have made such investigations

and examinations will in no way relieve the Bidder from its obligation to comply in every detail with all provisions and requirements of the contract documents, nor will a plea of ignorance of such conditions and requirements be accepted as a basis for any claim whatsoever by the Bidder for additional compensation.

15. BID RECEIPT AND OPENING

15.1 Pasco County will receive sealed bid proposals until date and time indicated on bid cover via the County's electronic solicitation system unless otherwise noticed in the Advertisement for Bids. The system will not allow for bids to be received after the bid opening date and time. It is the responsibility of the Bidder to ensure that bids are submitted online by the designated opening time. FAXED, EMAILED OR HARD COPY BIDS WILL NOT BE ACCEPTED AND SHALL NOT BE CONSIDERED FOR EVALUATION OR AWARD unless otherwise noted in the Advertisement for Bids. In accordance with Section 119.071, Florida Statutes, sealed bids, proposals, or replies received by an agency pursuant to a competitive solicitation are exempt from public inspection until such time as the agency provides notice of an intended decision or until thirty (30) days after opening the bids, proposals, or replies, whichever is earlier.

15.2. Failure to print, complete and upload all forms required to be included with any bid will result in the Bidder being deemed nonresponsive and will result in rejection of the bid.

16. BID WITHDRAWAL

16.1. Bids may not be changed after the bid closing time.

16.2. To withdraw a bid that includes a clerical error after bid opening, the Bidder must give notice in writing to the Pasco County Purchasing Department of claim or right to withdraw a bid. Within two (2) business days after the bid opening, the Bidder requesting withdrawal must provide to Pasco County all original work papers, documents, and other materials used in the preparation of the bid. A Bidder may also withdraw a bid prior to the time set for the opening of bids by simply making a request in writing to Pasco County; no explanation is required. No Bidder who is permitted to withdraw a bid shall, for compensation, supply any material or labor to or perform any subcontract or other work for the person to whom the contract is awarded or otherwise benefit from the contract. No partial withdrawals of a bid are permitted after the time and date set for the bid opening; only complete withdrawals are permitted. The decision to allow or disallow bid withdrawal remains solely with Pasco County.

17. BRAND NAMES

Any catalog, brand name, or manufacturer's reference used in the specifications is intended to be descriptive and not restrictive and is used only to indicate type and quality desired. Any article, equipment, or material, which shall conform to the standards and excellence, so established, and is of equal merit, strength, durability, and appearance to perform the desired function, is deemed eligible for offer as a substitute. The qualifications of the offering shall be judged as to their conformance with these specifications. Any equipment

offered other than herein specified shall be subject to a competitive demonstration and evaluation by Pasco County. The determination as to whether any alternate product or service is or is not equal shall be made by Pasco County, and such determination(s) shall be final and binding upon all Bidders.

18. BUSINESS NAME REQUIREMENT

The Bidder must provide on the Bid Form, Bidder/Certification Form, and if awarded, on all remittance of invoices for payment, the business name that is provided on their W9 Form. Additionally, if there is a name change and/or EIN number that is changed at any time, the vendor must immediately notify the Purchasing Department as to the change and provide all supporting documentation.

19. CANCELLATION

Pasco County reserves the right to cancel a resulting contract, without cause, by giving thirty (30) days' prior written notice to the Bidder of the intention to cancel, or with cause if at any time the Bidder fails to fulfill or abide by any of the terms or conditions specified. Failure of the Bidder to comply with any of the provisions of a resulting contract shall be considered a material breach of contract and shall be cause for immediate termination of the contract at the sole discretion of Pasco County. In addition to all other legal remedies available to Pasco County, Pasco County reserves the right to cancel and obtain from another source, any services which have not been provided within the required period of time or, if no such time is stated, within a reasonable period of time from the date of order or request, as determined by Pasco County.

20. CERTIFICATION OF INDEPENDENT PRICE DETERMINATION

The Bidder certifies that the prices submitted in response to the solicitation have been arrived at independently and without—for the purpose of restricting competition—any consultation, communication, or agreement with any other Bidder or competitor relating to those prices, the intention to submit a bid, or the methods or factors used to calculate the prices bid.

21. CHANGE IN SCOPE OF WORK

Pasco County may order changes in the work consisting of additions, deletions, or other revisions within the general scope of the contract. No claims may be made by the Bidder that the scope of the project or of the Bidder's services has been changed, requiring changes to the amount of compensation to the Bidder or other adjustments to the contract, unless such changes or adjustments have been made by written amendment to the contract or purchase order signed by Purchasing Director. If the Bidder believes that any particular work is not within the scope of the project, is a material change, or will otherwise require more compensation to the Bidder, the Bidder must immediately notify Pasco County in writing of this belief. If Pasco County believes that the particular work is within the scope of the contract as written, the Bidder will be ordered to and shall continue with the work as changed and at the cost stated for the work within the scope.

22. COLLUSION AMONG BIDDERS

Each Bidder, by submitting a bid, certifies that it is not a party to any collusive action or any action that may be in violation of the Sherman Antitrust Act. Any or all bids shall be

rejected if there is any reason for believing that collusion exists among the Bidders. Pasco County may or may not, at its discretion, accept future bids for the same work from participants in such collusion. More than one (1) bid from an individual, firm, partnership, cooperation, or association under the same or different names may be rejected. Reasonable grounds for believing that a Bidder has interest in more than one (1) bid for the work being bid may result in rejection of all bids in which the Bidder is believed to have interest. Nothing in this clause shall preclude a firm acting as a subcontractor to be included as a subcontractor for two (2) or more primary contractors submitting a bid for the work.

23. COMMUNICATIONS DURING SOLICITATION AND LOBBYING PROHIBITION

23.1. Communicating with or lobbying of evaluation committee members, county government employees, or elected officials (including County Commissioners) regarding requests for proposals, requests for qualifications, bids, or contracts by the Bidders or any member of the Bidder's staff, an agent of the Bidder, or any person employed by any legal entity affiliated with or representing an organization that is responding to the requests for proposal, requests for qualification, bid or contract outside a publicly noticed meeting specifically called to address this particular solicitation is strictly prohibited. Nothing herein shall prohibit a prospective Proposer from contacting the Purchasing Director, or Purchasing staff identified in the solicitation, to address concerns or grievances or receive clarification about a particular procurement. In addition, nothing herein shall prohibit a Proposer that has been shortlisted in the Notice of Intent to Award from engaging in contract negotiations with the County staff designated to negotiate the contract.

23.2. For purposes of this provision lobbying activities shall include, but not be limited to, influencing or attempting to influence action or non-action in connection with any requests for proposals, requests for statements of qualifications, invitations for bids, related processes or contracts through direct or indirect oral or written communication or an attempt to obtain goodwill of persons and/or entities specified in this provision. Such actions may cause any proposal, statement of qualification, bid, contract or any other response to be rejected.

23.3. The prohibition on communication with County Persons (including County Commissioners) by Proposers and their representatives regarding a procurement in which they have a pecuniary interest begins upon issuance of the solicitation and ends upon final award, when the protest is finally resolved, or when the procurement process is otherwise concluded, whichever occurs later. This prohibition does not apply to communication on other matters in which a Proposer may have an interest outside of the solicitation.

24. CONFLICT OF INTEREST

The Bidder, by submission of its bid, certifies that to the best of his/her knowledge or belief, no elected/appointed official or employee of Pasco County is financially interested, directly or indirectly, in the offer of goods or services specified in this invitation.

25. DEBARMENT

By submitting a bid, the Bidder certifies that it is not currently debarred from submitting bids for contracts issued by any political subdivision or agency of the Federal Government of the United States, an agency of the State of Florida, or an agency within the Tampa Bay-Clearwater-St. Petersburg Metropolitan Statistical Area (MSA) and that it is not an agent of a person or entity that is currently debarred from submitting bids for contracts issued by any agency noted herein. The Bidder also certifies that the components used in the production of the commodities offered herein are not supplies by a vendor who currently is debarred from submitting bids for contracts issued by any political subdivision or agency of the Federal Government of the United States, an agency of the State of Florida, or an agency within the Tampa Bay-Clearwater-St. Petersburg Metropolitan Statistical Area (MSA).

26. E-VERIFY REQUIREMENT

26.1. A contractor or consultant entering into a contract with a public entity (such as the County) is required to be registered with the U.S. Department of Homeland Security's E-Verify System and to utilize it to verify the work authorization status of all newly hired employees throughout the term of the contract. The contractor or consultant shall also be required to obtain and retain affidavits from all subcontractors or subconsultants utilized during the contract verifying that they do not employ, contract with, or subcontract with any unauthorized aliens as that term is defined in 8 U.S.C.S. 1324a(h)(3). The failure to comply with this requirement constitutes grounds for termination of the contract and for such other penalties as provided under section 448.095, Fla. Stat.

26.2. If a public employer has terminated a contract with a contractor for failure to comply with the requirements of the paragraph above, the contractor may not be awarded a public contract for at least one year after the date on which the contract was terminated.

26.3. The County reserves the right to request verification of compliance from its consultants and contractors during the term of its contract with the County and for a period of up to five (5) years thereafter. Should a County-retained consultant, contractor, and/or its subconsultants be found to be non-compliant with E-Verify as part of a federal audit or other inquiry, the consultant, contractor and/or its subconsultant(s) will be solely responsible for the payment of any fines or costs imposed upon the county as a result of such non-compliance. Compliance with this section is mandatory for all projects.

27. ERRORS IN EXTENSIONS

If a written Bid Form is required, the BIDDER should initial erasures or corrections in any Bid Form in ink. The COUNTY shall reject any Bid Form with such erasures or corrections where County staff concludes it cannot determine with certainty the accuracy or intent of said Bid Form, as corrected. In the case of unit price contracts, if an error is committed in the extension of an item, the unit price as shown in the Bid Form will govern. If the unit price and the extension price are at variance, the unit price shall prevail. Unit prices will be utilized to adjust the total compensation due the successful BIDDER based on actual

quantities encountered. No negotiation of these unit prices after contract award will be allowed. Significant changes in quantities, including total deletions, are possible. Therefore, each BIDDER shall proportionately distribute overhead and profit across the unit prices.

28. ETHICS IN PUBLIC PROCUREMENT

The contract upon award shall incorporate by reference, but shall not be limited to, the provisions of law contained in Chapter 112, Florida Statutes. A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid on a contract to provide any goods or services to a public entity; may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids on leases or real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statutes, for CATEGORY TWO for a period of thirty-six (36) months from the date of being placed on the convicted vendor list. The Bidder certifies that its bid was made without collusion or fraud; that it has not offered or received any kickbacks or inducements from any other Bidder, supplier, manufacturer, or subcontractor in connection with this bid; and that it has not conferred on any public employee having official responsibility for this procurement transaction any payment, loan, subscription, advance, deposit of money, services, or anything of value.

29. EXCEPTIONS

Bidders taking exception to any part or section of the solicitation shall indicate such exceptions on the bid form or appendix. Failure to indicate any exception will be interpreted as the Bidder's intent to comply fully with the minimum requirements as written. Conditional or qualified bids, unless such exception(s) are deemed non-material by the County (in its sole discretion), shall be subject to rejection in whole or in part.

30. EXPENSES INCURRED IN PREPARING BID

Pasco County accepts no responsibility for any expense incurred by the Bidder in the preparation and presentation of a bid. Such expenses shall be borne exclusively by the Bidder.

31. FAILURE TO DELIVER

In the event of failure of the Bidder to deliver the goods and services in accordance with the contract terms and conditions, Pasco County may procure the goods and services from other sources and hold the Bidder responsible for any resulting additional costs. A failure to deliver will result in immediate termination of a resulting contract, and immediate disqualification and debarment from submitting bids to Pasco County for a maximum of five (5) years. These remedies shall be in addition to any other remedies that Pasco County may have available.

32. FAILURE TO ENFORCE

Failure by Pasco County at any time to enforce the provisions of the contract shall not be construed as a waiver of any such provisions. Such failure to enforce shall not affect the validity of the contract or any part thereof or the right of Pasco County to enforce any

provision at any time in accordance with its terms.

33. FAIR LABOR STANDARDS

By submission of a bid, the Bidder certifies that the contractor(s) and/or subcontractor(s) providing product(s) or service(s) shall, in the execution or performance of such a contract, maintain fair labor standards as defined in applicable State and Federal regulations.

34. FORCE MAJEURE

The Bidder shall not be held responsible for failure to perform the duties and responsibilities imposed by the contract due to legal strikes, fires, riots, rebellions, government actions, and acts of God beyond the control of the Bidder, unless otherwise specified in the contract. If government actions include the imposition of tariffs that directly affect the materials or equipment to be provided by the Bidder under the solicitation, the Bidder must submit certification from its supplier that the materials required were acquired by the Bidder after the tariffs went into effect and that the Bidder now has to pay additional costs for the materials or equipment. The County has the discretion to approve an increase in price based on the information supplied or to terminate the contract.

35. IDENTICAL BIDS

Identical bids or bids which otherwise appear suspicious will be reported to the County Attorney for investigation.

36. INDEMNIFICATION

36.1. In consideration of the sum of Fifteen and 00/100 Dollars ($15.00), the receipt and sufficiency of which is acknowledged by the contractor to be included and paid for in the contract price, the contractor shall indemnify, defend, and hold harmless Pasco County and its agents and employees from and against all liabilities, claims, damages, losses, and expenses, including attorneys' fees, arising out of or resulting from the performance of the work, provided that any such liability, claim, damage, loss, or expense: 1) is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the work itself), including the loss of use resulting therefrom; and 2) is caused in whole or in part by any negligent act or omission of the Bidder and subcontractor, anyone directly or indirectly employed by any of them, or anyone for whose acts any of them may be liable, except for those caused by the negligent act or omission of Pasco County.

36.2. In any and all claims against Pasco County or any of its agents or employees by any employee of the contractor, any subcontractor, anyone directly or indirectly employed by any of them, or anyone for whose acts any of them may be liable, the indemnification obligation under the previous paragraph shall not be limited in any way as to the amount or type of damages, compensation, or benefits payable by or for the contractor or any subcontractor under Workers' Compensation Acts, disability benefit acts, or other employee benefit acts.

37. INDEPENDENT CONTRACTOR

The Bidder shall be legally considered an independent contractor and neither the Bidder

nor its employees shall, under any circumstances, be considered servants or agents of Pasco County; and Pasco County shall be at no time legally responsible for any negligence or other wrongdoing by the Bidder, its servants, or agents. Pasco County shall not withhold from the Bidder any Federal or State unemployment taxes, Federal or State income taxes, Social Security tax, or any other amounts for benefits to the Bidder. Further, Pasco County shall not provide to the Bidder any insurance coverage or other benefits, including workers' compensation, normally provided by Pasco County for its employees.

38. INFORMALITIES AND IRREGULARITIES

Pasco County has the right to waive minor defects or variations of a bid from the exact requirements of the specifications that do not affect the price, quality, quantity, delivery, or performance time of the services being procured. If insufficient information is submitted by a Bidder with the bid for Pasco County to properly evaluate the bid, Pasco County has the right to require such additional information as it may deem necessary after the time set for receipt of bids, provided that the information requested does not change the price, quality, quantity, delivery, or performance time of the services being procured. Pasco County reserves the right to reject any or all bids in whole or in part; to award by any item, group(s) of items, total bid, or accept the bid that is most advantageous and in the best interest of Pasco County.

39. LAW COMPLIANCE

Each party will comply with all applicable Federal, State and local laws, rules, regulations, and guidelines related to performance under this agreement. In particular, the contractor/vendor/named party verifies and affirms that it is in compliance with 8 U.S.C., Sec. 1324, prohibiting the employment either directly or by contract, subcontract, or exchange of unauthorized aliens in the United States. The County will consider the employment of unauthorized aliens by any contractor/vendor/named party, during the term of the agreement, a violation of the Immigration and Nationality Act. Such violation shall be cause for unilateral cancellation of this agreement by the County.

40. LIMITATION OF COST

The Bidder agrees to perform the work specified and complete all obligations under the contract within the stated amounts.

41. NON-APPROPRIATION

All funds for payment by Pasco County under this contract are subject to the availability of an annual appropriation for this purpose by Pasco County. In the event of non-appropriation of funds by Pasco County for the services provided under the contract, Pasco County will terminate the contract, without termination charge or other liability, on the last day of the then- current fiscal year or when the appropriation made for the then-current year for the services covered by this contract is spent, whichever event occurs first. If at any time funds are not appropriated for the continuance of this contract, cancellation shall be accepted by the Bidder on thirty (30) days' prior written notice, but failure to give such notice shall be of no effect, and Pasco County shall not be obligated under this contract beyond the date of termination.

42. NON-DISCRIMINATION

42.1. During the performance of this Agreement, the BIDDER herein assures the COUNTY that said BIDDER is in compliance with Title VII of the 1964 Civil Rights Act, as amended, and The Florida Civil Rights Act of 1992 in that the BIDDER does not on the grounds of race, color, national origin, religion, sex, age, handicap or marital status, discriminate in any form or manner against the employees of the BIDDER or its applicants for employment. The BIDDER understands and agrees that this Agreement is conditioned upon the veracity of this Statement of Assurance. Furthermore, the BIDDER herein assures the COUNTY that said BIDDER shall comply with Title VI of the Civil Rights Act of 1964 when any Federal grant is involved. Other applicable Federal and State laws, executive orders and regulations prohibiting the type of discrimination as hereinabove delineated are included by this reference thereto. This Statement of Assurance shall be interpreted to include Vietnam Era Veterans and Disabled Veterans within its protective range of applicability.

42.2. An entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid, proposal, or reply on a contract to provide any goods or services to the state or any department or agency of this state ("public entity"); may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity. The Consultant agrees to include this provision in all contracts issued as a result of this Agreement.

43. OFFICIAL DOCUMENTS

43.1. Pasco County is not responsible for expenses incurred prior to award. Pasco County officially distributes solicitation documents through an electronic solicitation system as noted on our web page at https://www.pascocountyfl.net/480/Do-Business-with-Us. Solicitation documents MUST be downloaded at NO COST using this system. Copies of solicitation documents obtained from other sources are not considered official and should not be relied upon. Pasco County is not responsible for solicitation documents obtained from sources other than the site listed at the link above. Only vendors who properly register and obtain solicitation documents directly from the system listed at the link above will receive addenda and other important information if issued.

43.2. Vendors are responsible for acquiring knowledge of changes, modifications, or additions to official solicitation documents. Vendors who submit responses and later claim they did not receive complete documents or had no knowledge of any change, modifications, or additions made to the official solicitation documents shall still be bound by the solicitation, including any changes, modifications, or additions to the official solicitation documents.

43.3. IF YOU OBTAINED A SOLICITATION DOCUMENT FROM A SOURCE OTHER THAN THE SITE LISTED AT THE LINK ABOVE, IT IS REQUIRED THAT YOU REGISTER AS A VENDOR AND DOWNLOAD THE OFFICIAL DOCUMENT AT THE WEBSITED LISTED AT THE LINK ABOVE AT NO COST.

44. ORAL STATEMENTS

No oral statement of any person shall modify or otherwise affect the terms, conditions, or specifications stated in this contract. All modifications to the contract or purchase order must be made in writing by Pasco County.

45. PATENTS AND ROYALTIES

The Bidder covenants to save, defend, keep harmless, and indemnify Pasco County and all of its officers, departments, agencies, agents, and employees from and against all claims, loss, damage, injury, fines, penalties, and cost—including court costs and attorney's fees, charges, liability, and exposure, however caused—for or on account of any copyright or patented or unpatented invention, process, or article manufactured or used in the performance of the contract, including its use by Pasco County. If the Bidder uses any design, device, or materials covered by patent or copyright, it is mutually agreed and understood without exception that the contract price includes all royalties or costs arising from the use of such design, device, or materials in any way in the work.

46. PAYMENT PROCEDURES

46.1. The Pasco County Board of County Commissioners will process payments in a timely manner and in accordance with Chapter 218, Part VII, Florida Statutes, (The Local Government Prompt Payment Act).

46.2. Several payment options are available to the successful Bidder upon receipt of a correct invoice:

(a) Check may be mailed to the remit address on the invoice. The check is sent to the Post Office the day after Board of County Commissioners approval.

(b) Check may be picked up in Dade City. The vendor must pick up the check the day after Board of County Commissioners approval. The successful Bidder or contractor must call (352) 521-4599 for detailed instructions.

(c) Payment may be wire-transferred to the vendor’s bank account. The vendor must call (352) 521-4599 for detailed instructions.

47. PAYMENT TERMS AND DISCOUNTS

47.1. Unless otherwise indicated in the bid documents or required by state law, payment terms will be net forty-five (45) days. Terms not consistent with this provision are not acceptable and may be cause for rejection. Pasco County will pay the vendor within forty-five (45) days after the receipt of a correct invoice for the specified work or goods received. Unless otherwise indicated in the bid documents, only one (1) lump-sum payment will be made.

47.2. Discounts for prompt payment requiring payment by Pasco County within a stipulated number of days will be interpreted as applying within the stipulated number of calendar days after the date of receipt by Pasco County of a correct invoice describing reasonable work allocable to the contract or after the date of acceptance of work/goods that meets contract requirements, whichever event

occurs later. Discounts for payment in less than forty-five (45) days will not be considered during evaluation for award but may be taken if applicable after award.

48. PROHIBITION AGAINST CONSIDERING SOCIAL, POLITICAL, OR IDEOLOGICAL INTERESTS

Effective July 1, 2023, and pursuant to section 287.05701, the County: (1) may not request documentation of or consider a vendor's social, political, or ideological interests when determining if the vendor is a responsible vendor; and (2) may not give preference to a vendor based on the vendor's social, political, or ideological interests.

49. PUBLIC INFORMATION

49.1. After the County provides notice of an intended decision or thirty (30) days after opening the bids, proposal, or replies, whichever is earlier, any and all information contained therein, is considered public and may be reviewed by any person interested in doing so as provided under Florida Law.

49.2. All materials submitted in response to this solicitation ultimately become public record and shall be subject to inspection and copying as provided under Florida's public records laws. Unrestricted disclosure of proprietary information places it in the public domain. Only submittal information clearly identified with the words "Confidential Disclosure" and placed in a separate envelope marked as such shall be considered to qualify as Trade Secret Data. Any material to be treated as Trade Secret Data must include a justification for the request. The request will be reviewed and either approved or denied by the County. If denied, the Bidder shall have the opportunity to withdraw the entire Proposal or to remove the confidential or proprietary restrictions. Neither cost nor pricing information nor the total Proposal shall be considered confidential or proprietary. Any costs to preserve the Trade Secret data designation shall be the responsibility of the Bidder.

50. PUBLISHED PRODUCT SPECIFICATIONS

The Bidder should submit a copy of the manufacturer's published and advertised specifications, including warranty information, for the product(s) being offered, if applicable. Failure to provide these specifications may be cause for bid rejection. If the County is unable to verify compliance with the specifications, the response may be rejected. The County's inability to verify responsiveness may result in a determination of non-responsiveness and rejection.

51. PURCHASE ORDER REQUIREMENT

51.1. Purchases of Pasco County are authorized only if a signed purchase order issued in advance of the transaction, showing that the ordering agency has sufficient funds available to pay for the service. Vendors providing services without a signed purchase order do so at their own risk.

51.2. Pasco County will not be liable for payment for any services provided under the contract unless a valid purchase order has been issued to the vendor.

52. QUALIFICATIONS OF BIDDERS

The Bidder may be required, before the award of any contract, to show to the complete satisfaction of Pasco County that it has the necessary facilities, ability, and financial resources to provide the service specified therein in a satisfactory manner. The Bidder may also be required to give a past history and references in order to satisfy Pasco County in regard to the Bidder's qualifications. Pasco County may make reasonable investigations deemed necessary and proper to determine the ability of the Bidder to perform the work, and the Bidder shall furnish to Pasco County all information for this purpose that may be requested. Pasco County reserves the right to reject any bid if the evidence submitted by, or investigation of, the Bidder fails to satisfy Pasco County that the Bidder is properly qualified to carry out the obligations of the contract and to complete the work described therein. Evaluation of the Bidder's qualifications shall include:

a) The ability, capacity, skill, and financial resources to perform the work or provide the service required.

b) The ability of the Bidder to perform the work or provide the service promptly or within the time specified, without delay or interference.

c) The character, integrity, reputation, judgment, experience, and efficiency of the Bidder.

d) The quality of performance of previous contracts or services.

53. QUALITY OF GOODS

53.1. All goods shall be new, in first class condition, and of the manufacturer's latest design of the model presently in production. All materials, supplies, and equipment furnished, or services performed under the terms of this purchase order or contractual agreement shall comply with the requirements and standards specified in the Williams-Steiger Occupational Safety and Health Act of 1970 (Public Law 91-596), as well as other applicable Federal, State, and local codes.

53.2. Equipment and materials furnished by the Bidder having serious defects, corrosion, or scratches which tend to present an "other than new" appearance shall be promptly replaced or such defects promptly corrected by the Bidder at no cost to Pasco County. Any existing Material Safety Data Sheets (MSDS) for the products, materials, supplies, or equipment being bid must be submitted with the bid. No product containing asbestos, lead paint or polychlorinated biphenyl (PCB) in any form will be considered for award by Pasco County.

54. RECOVERY OF MONEY

Whenever, under the contract, any sum of money shall be recoverable from or payable by the Bidder to Pasco County, the same amount may be deducted from any sum due the Bidder under the contract or under any other contract between the Bidder and Pasco County. The rights of Pasco County are in addition and without prejudice to any other right Pasco County may have to claim the amount of any loss or damage suffered by Pasco County on account of the acts or omissions of the Bidder.

55. RIGHT TO AUDIT

The Bidder shall maintain such financial records and other records as they relate to the purchase of goods and/or services by Pasco County from the subject vendor. The Bidder shall retain these records for a period of three (3) years after final payment, or until they are audited by Pasco County, whichever event occurs first. These records shall be made available during the term of the contract and the subsequent three (3) year period for examination, transcription, and audit by Pasco County, its designees, or other authorized bodies.

56. RISK OF LOSS

Pasco County shall be relieved from all risks of loss or damage to goods during periods of transportation, manufacture, and the entire time the goods are in the possession of Pasco County prior to acceptance by Pasco County. At such time, the risk of loss or damage for goods shall pass to Pasco County. The Bidder shall not be responsible for damage to the goods occasioned by negligence of Pasco County or its employees.

57. SCRUTINIZED COMPANIES AND OTHER PROHIBITED ENTITIES OR ACTIVITIES

57.1. A company is ineligible to, and may not, bid on, submit a proposal for, or enter into or renew a contract with the County for goods or services of:

(a) Any amount if, at the time of bidding on, submitting a proposal for, or entering into or renewing such contract, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to s. 215.4725, or is engaged in a boycott of Israel; or

(b) One million dollars or more if, at the time of bidding on, submitting a proposal for, or entering into or renewing such contract, the company:

1. Is on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to s. 215.473; Florida Statute, or

2. Is engaged in business operations in Cuba or Syria.

57.2. By signing this Agreement, the BIDDER certifies that it is not participating in a boycott of Israel, is not on any of the aforementioned lists, and it does not have business operations in Cuba or Syria. The BIDDER agrees to notify the COUNTY if placement on any of the aforementioned lists occurs or if the BIDDER is engaged in a boycott of Israel or has business operations in Cuba or Syria.

57.3. The COUNTY may terminate this Agreement if the BIDDER's certification above is found to be false; has been placed on the Scrutinized Companies that Boycott Israel List or is engaged in a boycott of Israel; has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector

List; or has been engaged in business operations in Cuba or Syria. In addition to possible termination of this Agreement based on the above grounds, the County will comply with section 287.135, Florida Statutes, regarding submittal of a false certification.

58. TABULATIONS

Solicitation results (tabulations) will not be given over the telephone or via fax.

59. TAXES

All bids shall be submitted exclusive of direct Federal, State, and local taxes; however, if the Bidder believes certain taxes are properly payable, he/she may list such taxes separately in each case directly below the respective item bid price. Prices quoted must be in units specified and shall not include the cost of any such taxes, including those on any material, supplies, or equipment used or installed in the work. Pasco County does not pay Federal Excise and Sales Taxes on direct purchases of tangible personal property. See Exemption Number on face of the resulting purchase order. This exemption does not apply to purchases of tangible personal property made by contractors who use the tangible personal property in the performance of contracts for improvement of County-owned real property. Please refer to Chapter 192, Florida Statutes.

60. UNSATISFACTORY WORK

60.1. If, at any time during the contract term, the service performed or work done by the Bidder is considered by Pasco County to create a condition that threatens the health, safety, or welfare of the community, the Bidder shall, on being notified by Pasco County, immediately correct such deficient service or work. In the event the Bidder fails, after notice, to correct the deficient service or work immediately, Pasco County shall have the right to order the correction of the deficiency by separate contract or with its own resources at the expense of the Bidder.

60.2. Notwithstanding the above, Pasco County reserves the right to cancel a resulting contract, without cause, by giving thirty (30) days' prior written notice to the Bidder of the intention to cancel.

61. VENDORS LIST

Bidders must visit https://www.pascocountyfl.net/480/Do-Business-with-Us and follow the link provided to the County's electronic solicitation system to register as a vendor. Once registered, Bidders will have the ability to view and download solicitations for Pasco County as well as other participating government agencies in North America.

62. WARRANTIES

The Bidder agrees that the supplies and services furnished under this award shall be covered by the most favorable commercial warranties the Bidder gives to any customer for comparable quantities of such supplies or services and that the rights and remedies provided herein are in addition to and do not limit any rights afforded to the County by any other provision of this award.

END OF GENERAL CONDITIONS

SPECIAL PROVISIONS

In addition to the General Provisions of this solicitation, these Special Provisions, along with the specifications that follow, apply in like force to this solicitation and to any subsequent contract resulting therefrom.

AUDIT COOPERATION REQUIREMENT FOR STATE FUNDED PROJECTS
In those instances where state funding is involved, the selected Bidder, and its subconsultant(s) must agree to cooperate with the inspector general in any investigation, audit, inspection, review, or hearing pursuant Section 20.055 (5), Florida Statutes. By submitting a bid to this solicitation, the Bidder certifies that they understand and will comply with this subsection.

State Funds Involved: Y (Y if applicable, N if not applicable)

CONTRACTOR'S PUBLIC RECORDS REQUIREMENTS
The CONTRACTOR shall comply with the requirements of Florida's Public Records Act, Chapter 119, Florida Statutes. To the extent required by Section 119.0701, Florida Statutes, CONTRACTOR shall (a) keep and maintain public records required by the COUNTY to perform the service under the Agreement; (b) upon request from the COUNTY's custodian of public records provide the COUNTY with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided for under Florida's Public Records law; (c) ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if CONTRACTOR does not transfer the records to the COUNTY; and (d) upon completion of the contract, transfer, at no cost to the COUNTY, all public records in possession of CONTRACTOR. Upon transfer, CONTRACTOR shall destroy any duplicate public records that are exempt or confidential and exempt from public records requirements. All records stored electronically must be provided to the COUNTY in a format that is compatible with the information technology systems of the COUNTY. All documentation produced as part of this Agreement will become the property of the COUNTY. This paragraph shall survive the expiration or termination of this Agreement.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT (727) 847-8147, PRR@MYPASCO.NET, OR 7536 STATE STREET, NEW PORT RICHEY, FL 34654.

Under Florida law, a Contractor who fails to provide the public records to the COUNTY within a reasonable time may be subject to penalties under Section 119.10, Florida Statutes, and such non-compliance will constitute a breach of the Agreement and may serve as grounds for

termination of this Agreement.

LOCAL PREFERENCE

Under Sec. 2-111(a)(1) of Pasco County's Purchasing Ordinance, a business qualifies as "Local Business" if it meets the following requirements and is: a) a vendor, supplier, or contractor who does business in Pasco County by providing goods, services, or construction; and b) maintains a physical business address located within the jurisdictional limits of Pasco County in an area zoned for the conduct of such business; and c) the vendor, supplier or contractor operates or performs business on a daily basis at said location; and d) has so operated or performed business at that location for at least twelve (12) months prior to the Bid or Proposal opening date; and (e) includes a copy of their local business tax receipt with their Bid or Proposal. Post office boxes shall not be used for the purpose of establishing said physical address. The justification for the application of a local preference to a particular Bidder, along with a copy of the Bidder's local business tax receipt, must be included as part of any Bid submitted.

In bidding for or letting contracts or procurement of goods, services or construction, as described herein, the Board of County Commissioners (BOARD) may give a preference to Local Businesses in making purchases (unless otherwise precluded by the ordinance, state or federal law) as described below:

(i) When written quotations or sealed bids are received that do not exceed $1,000,000.00, and the lowest price is offered by a vendor that is not a Local Business, and the next lowest price is offered by a Local Business, and is within 10% of the lowest price offered, then the Local Business shall be given the opportunity to match the lowest price offered, and if agreement to match the lowest price is reached, the Local Business will be awarded the quotation or bid if the Local Business is otherwise fully qualified and meets all requirements of the solicitation.

(ii) When sealed bids are received that are greater than $1,000,000.00, and the lowest price is offered by a business that is not a Local Business, and the next lowest price is offered by a Local Business, and is within 5% of the lowest price offered, then the Local Business shall be given the opportunity to match the lowest price offered, and if agreement to match the lowest price is reached, the Local Business will be awarded the quotation or bid if the Local Business is otherwise fully qualified and meets all County requirements.

(iii) The total quote or bid price shall include not only the base bid price, but also all alterations to the base bid price resulting from alternates which were both part of the bid and that will be actually purchased or awarded by the BOARD.

If two or more identical quotations or bids are received at the time the written quotations or sealed bids are opened, the award shall be made to the responsive, responsible "Local Business" as defined herein.

The preference established in this section does not prohibit the right of the BOARD to compare quality or fitness for use of supplies, materials, equipment and services proposed for purchase and compare qualifications, character, responsibility and fitness of all persons, firms, or corporations submitting bids or proposals nor prohibit the BOARD from giving any other preference permitted by law in addition to the preference authorized in this section.

This local preference provision is not applicable to those solicitations involving the use of either State or Federal funds as indicated below:

State Funds Involved: Y (Y if applicable, N if not applicable)

CONTRACT TERM

The contract period **will begin on the date of Pasco County Board of County Commission (BOCC) approval and continue through September 30, 2028**, subject to the Price Escalation terms described elsewhere herein, unless canceled in writing by Pasco County. The County reserves the right to extend the contract, under the same prices, terms, and conditions as in the original contract approved by Pasco County for two additional one-year periods, as found to be in the best interest of the County. All contracts are subject to the appropriation of funds by Pasco County.

COPYRIGHT

The contractor shall irrevocably transfer, assign, set over, and convey to Pasco County all rights, title, and interest, including the sole exclusive and complete copyright interest, in any and all copyrightable works created pursuant to the contract. The contractor further agrees to execute such documents as Pasco County may request to affect such transfer or assignment. Further, the contractor agrees that the rights granted to Pasco County by this paragraph are irrevocable. The contractor's remedy in the event of termination of or dispute over any agreement entered into as a result of this Invitation for Bid shall not include any right to rescind, terminate, or otherwise revoke or invalidate in any way the rights conferred pursuant to the provisions of this paragraph. Similarly, no termination of any agreement entered into as result of this Invitation for Bid shall have the effect of rescinding, termination, or otherwise invalidating the rights acquired pursuant to the provisions of this paragraph.

COST REIMBURSEMENT

Unless an alternative cost methodology is specified herein, the contractor agrees that payment by Pasco County to the contractor for materials used in the performance of any work under the contract on a cost plus a percentage of cost basis is specifically prohibited. The cost of all materials provided in the performance of the work is to be reimbursed to the contractor in the following manner: Pasco County shall reimburse the contractor, on completion and acceptance of each assigned job, only for those materials, equipment parts, supplies, rentals, services, etc., actually used in the performance of the work that are supported by invoices issued by the suppliers of the contractor describing the quantity and cost of the materials purchased. No surcharges shall be added to the suppliers' invoices or included in the contractor's invoice submitted to Pasco County that would increase the dollar amount indicated on the suppliers'

invoices for the materials purchased for the assigned job. All incidental costs, including allowances for profit and tools of the trade, must be included in the contract hourly labor rates.

ECONOMIC PRICE ADJUSTMENT

Any reference in the solicitation to *economic price adjustment* or *price escalation* shall be considered to mean price decreases as well as increases, unless otherwise stipulated.

Bids will be evaluated on the basis of the prices bid without consideration of the allowable escalation. If a bidder increased the ceiling stipulated in the Invitation for Bid or places limits on the provisions of the Invitation for Bid that allow prices to drop in accordance with the movement of the escalator, the bid will be rejected as nonresponsive.

If a bidder deletes the price escalation clause from its bid, the bid will be rejected as non-responsive. If a bidder lowers the ceiling stipulated in the Invitation for Bid, the bid will be evaluated at the base price in the same manner as those bids that do not reduce the stipulated ceiling. If the bidder offering a lower ceiling ultimately receives the award, that ceiling will be incorporated into the contract documents.

PRICE ADJUSTMENTS BASED ON THE PRODUCER PRICE INDEX (PPI)

If approved by the County, unit prices in contracts that are longer than twelve (12) months may be adjusted bi-annually based on movement in the Producer Price Index (PPI) may be adjusted bi-annually. The unit prices may be adjusted, up or down, based on the movement of the U.S. Department of Labor's Producer Price Index for Finished Goods (1982=100), as posted at http://www.bls.gov/ppi/home.htm. The baseline index will be the month and year in which the contract began. The adjustments will not be cumulative and will be computed using the original contract unit prices. Adjustments may be requested no earlier than 180 days after the contract start date. Adjustments shall be computed using the latest PPI that is published and available on the date the County receives the adjustment request in writing. The unit price(s) changed as a result of these adjustments shall become effective on the first (1st) day of the next month, provided the request is submitted at least fifteen (15) days prior. If later than fifteen (15) days prior, the adjustment will become effective on the first (1st) day of the following month. Adjustments may be requested every 180 days thereafter for the term of the contract. Adjustments will not be retroactive or prorated. The County reserves the right to also request adjustments, following the first adjustment and at the same interval, especially if the PPI decreases and it is deemed to be in the County's best interest.

INSURANCE REQUIREMENTS

The insurance required must be written by an insurer authorized to do business in the State of Florida and also have an "A" policyholder's rating and a financial rating of at least Class VIII in accordance with the most current *Best's Key Rating Guide*. Prior to the time the contractor is entitled to commence any part of the project, work, or services under this contract, the contractor shall procure, pay for, and maintain at least the following insurance coverages and limits. Policies of insurance required by the contract shall be primary insurance and non-contributory with respect to the County, its officials, agents, or employees. The said insurance

shall be evidenced by delivery to Pasco County of 1) Certificates of Insurance executed by the insurers listing coverages and limits, expiration dates and terms of policies and all endorsements whether or not required by Pasco County and listing all carriers issuing the said policies; and 2) upon request, a certified copy of each policy, including all endorsements. The insurance requirements shall remain in effect throughout the term of this contract.

1. Workers' Compensation in at least the limits as required by law; Employers' Liability Insurance of not less than One Hundred Thousand and 00/100 Dollars ($100,000.00) for each accident. The contractor agrees to waive its right of subrogation as part of this coverage.

2. Comprehensive General Liability Insurance including, but not limited to, Independent, Contractor, Contractual, Premises/Operations, Products/Completed Operation and Personal Injury covering the liability assumed under indemnification provisions of this contract, with limits of liability for personal injury and/or bodily injury, including death, of not less than Two Million and 00/100 Dollars ($2,000,000.00), each occurrence; and property damage of not less than One Million and 00/100 Dollars ($1,000,000.00), each occurrence. (Combined single limits of not less than Two Million and 00/100 Dollars [$2,000,000.00], each occurrence, will be acceptable unless otherwise stated.) Coverage shall be on an "occurrence" basis, and the policy shall include Broad Form Property Damage coverage and Fire Legal Liability of not less than Fifty Thousand and 00/100 Dollars ($50,000.00) per occurrence, unless otherwise stated by exception herein.

3. Comprehensive Automobile and Truck liability covering owned, hired, and nonowned vehicles with combined single limits of not less than One Million and 00/100 Dollars ($1,000,000.00), each occurrence. Coverage shall be on an "occurrence" basis, such insurance to include coverage for loading and unloading hazards.

Each insurance policy shall include the following conditions by endorsement to the policy:

1. Each policy shall require that thirty (30) days prior to expiration, cancellation, nonrenewal, or any material change in coverages or limits, a notice thereof shall be given to Pasco County by certified mail to: Pasco County Risk Management Department, 7536 State Street, Suite 111, New Port Richey, Florida 34654. The contractor shall also notify Pasco County, in a like manner, within twenty-four (24) hours after receipt, of any notices of expiration, cancellation, nonrenewal, or material change in coverage received by the said contractor from its insurer; and nothing contained herein shall absolve the contractor of this requirement to provide notice.

2. Companies issuing the insurance policy, or policies, shall have no recourse against Pasco County for payment of premiums or assessments for any deductibles that all are at the sole responsibility and risk of the contractor.

3. The term "County" or "Pasco County" shall include all Authorities, Boards, Bureaus, Commissions, Divisions, Departments, and Offices of County and individual members, employees thereof in their official capacities, and/or while acting on behalf of Pasco County.

4. Pasco County shall be endorsed to the required policy or policies as an additional insured, with the exception of Worker's Compensation and Professional Liability, if applicable.

5. Pasco County shall also be listed as a certificate holder.

6. The policy clause "Other Insurance" shall not apply to any insurance coverage currently held by Pasco County to any such future coverage, or to Pasco County's self-insured retentions of whatever nature.

MOTOR VEHICLE INDUSTRY LICENSING

The contractor shall comply with Chapter 320, Florida Statutes. Failure to comply may result in a determination of no responsibility on the basis that the bidder is not qualified to legally contract with Pasco County and may further cause such noncompliant offers to be rejected.

REPORT STANDARDS

Reports or written material prepared by the contractor in response to the requirements of this contract shall be thoroughly researched for accuracy of content, shall be grammatically correct and do not contain spelling errors, shall be submitted in a format approved in advance by the Purchasing Department, and shall be submitted in draft form for advance review and comment by the Purchasing Department. The cost of correcting grammatical errors, correcting report data, or other revisions required to bring the report or written material into compliance with the contract requirements shall be borne by the contractor.

REQUIREMENTS CONTRACT

During the period of the contract, the contractor shall provide all the services described in the contract. The contractor understands and agrees this is a requirements contract and Pasco County shall have no obligation to the contractor if no services are required. Any quantities that are included in the scope of work reflect the current expectations of Pasco County for the period of the contract. The amount is only an estimate, and the contractor understands and agrees Pasco County is under no obligation to the contractor to buy any amount of the services as a result of having provided this estimate or of having any typical or measurable requirement in the past. The contractor further understands and agrees Pasco County may require services in an amount less than or in excess of the estimated annual contract amount, and the quantity actually used, whether in excess of the estimate or less than the estimate, shall not give rise to any claim for compensation other than the total of the unit prices in the contract for the quantity actually used.

SALES TAX

Pasco County, as a governmental entity, is exempt from sales tax under Florida Law. A copy of the County's tax-exempt certificate or number will be provided at the time a purchase order is issued.

TRAFFIC CONTROL

The contractor shall conduct its operations in a manner that will not interrupt pedestrian or vehicle traffic except as approved by Pasco County. The work area shall be confined to the smallest area possible to allow maximum use of the street or sidewalk and to reduce any hazard to traffic or pedestrians to a minimum. At all times, the contractor shall use workers and traffic control signs and devices necessary to comply with all applicable Federal, State, and local laws, rules, and regulations. In addition to signs and devices, when the street is obstructed to any extent by contract operations, special workers equipped with flags shall be designated by the contractor to direct vehicle and pedestrian traffic. The workers so designated shall not be assigned to any other duties while engaged in directing traffic. All personnel, signs, barricades, and any other items or devices necessary for the maintenance of traffic and safety shall be provided by the contractor. No separate payment shall be made by Pasco County for this work. All costs of this work are included by the contractor as part of the contract price. The plan for traffic control shall be directed by Pasco County. A Right-of-Way Use Permit shall be obtained from Pasco County prior to the commencement of any work in such a right-of-way. The cost for securing such permits shall be included in the Bid.

VENDOR'S EQUIPMENT

Responding vendors must submit a list of owned equipment and major tools, and a list of current employees and respective skill level or discipline. Pasco County, at its sole discretion, reserves the right to award this work to vendors who are able to demonstrate current ownership and possession of the equipment, tools, and personnel deemed reasonably sufficient to perform the specified work at the lowest possible cost.

It is Pasco County's intent to award this work to a vendor at the lowest possible cost, while securing sufficient quality of services. Preference may be given to those vendors who own and possess the necessary tools, equipment, and services to minimize reimbursement costs associated with rentals and purchases from third parties.

MULTIPLE AWARD

1. The County reserves the right to award non-exclusive contracts to multiple respondents for the specified services based on the total bid as provided for in the bid, to the lowest responsive, responsible bidders who, in the sole and absolute judgment of the County, can provide the goods and/or services required. Complete and accurate responses to all

line items within the bid form are necessary for the complete and fair evaluation of bids.

2. **Verbiage for Tier Approach**
   It is the intent of Pasco County to award this contract using a tiered approach. While awards shall be made to multiple respondents, each respondent shall be assigned a status as primary, secondary or tertiary, based on responses to this solicitation. The lowest responsive, responsible bidder shall be assigned primary, the second lowest bidder shall be assigned secondary, and the third lowest shall be assigned tertiary.

3. When a need for services occurs, a Pasco County Representative (PCR) shall contact the primary respondent first. If the primary respondent is unable to supply the required services, the PCR shall proceed to the secondary respondent. If the primary and secondary respondents are both unable to supply the required services, the PCR shall proceed to the tertiary respondent.

PERFORMANCE OF THE WORK

Work and/or purchases are authorized by the County only if a properly executed Work Order is issued in advance of the transaction, showing that the County has sufficient funds available to pay for the goods and/or services. Respondents providing goods and/or services without a properly executed Work Order do so at their own risk. The County will not be liable for payment for any services provided under the Contract unless a valid Work Order has been issued to the Respondent.

In the event that Bidder is awarded the Contract, Bidder agrees that should Bidder fail to complete the work within the time stipulated in the Work Order or within such extra time granted by the County as provided in the Agreement, the Bidder shall pay to the County for delay and loss of use, and not as a penalty but as liquidated damages as stated in the Agreement section.

WORK ORDERS AND WORK ORDER PROCEDURES

Upon execution of the Agreement, the Respondent will begin receiving Work Orders. The Respondent will be issued a separate Work Order for each particular item of work assigned by the County. Each Work Order shall describe the work included and stipulate the maximum fee as well as the number of calendar days within which the Respondent must both commence and complete the work for the particular Work Order. Work Orders will be executed by the County Administrator, Assistant County Administrator for Public Infrastructure, or their designee.

For non-emergency as-needed on-site work, the County will contact the Respondent for a work order proposal to complete a particular Work Order. The Respondent shall respond within three (3) business days with a work order proposal, including time to complete from the Notice to Proceed, proposed bid items to be utilized for the work, anticipated materials with cost, and total cost. The County shall then execute a Work Order and deliver it to the Respondent. The Respondent shall not receive additional compensation for the work order proposal process.

The Respondent shall have no claim for compensation greater than the maximum listed on the work order proposal and Work Order form.

Following execution of any part of any work as described in Work Order, and within time stipulated in the Work Order, the Respondent shall submit a written proposal for any additional work that, in the Respondent's opinion, is not listed in the Work Order. The proposal shall list all recommended work, describing each item of work in sufficient detail to complete the work order. If it agrees, the County shall then revise the Work Order and deliver it to the Respondent to complete the work or reject the proposal.
The Assistant County Administrator for Public Infrastructure, or their designee, may order emergency as-needed on-site work. Emergency work is performed any day, including weekends and Holidays recognized by Pasco County. The Respondent shall respond to emergency requests within four (4) hours of notification and begin work on-site within twenty-four (24) hours. The Respondent shall perform the work not to exceed that listed in the Work Order Form. The Respondent shall have no claim for compensation greater than the maximum listed on the Work Order Form.

Critical or emergency work shall take priority over normal priority work. In the event that critical or emergency work prevents timely completion of normal priority work, at the request of the Respondent, the County Administrator, Assistant County Administrator for Public Infrastructure, or their designee will review outstanding Work Order(s) to determine an appropriate extension of time to complete the Work Order(s).

The County may order critical as-needed on-site work during normal business hours. The Respondent shall respond to critical requests on-site within one (1) hour of notification and begin work on-site within two (2) hours. Critical work is defined by the required response time and is performed Monday through Friday 7:00 am to 6:00 pm. The Respondent shall perform the work not to exceed that listed on the Work Order form. Only actual time on-site shall be billed. Respondents shall fill out logs at the nearest County Facility to substantiate the work performed.

WORK ORDER CLOSE-OUT
For payment of work under this contract, the Respondent shall submit to the COUNTY the properly executed copies of the Work Order(s), and invoice. The invoice shall include Work Order number, location of work, cost of the work according to the rates listed in the Bid Form, and actual dates of the work. The COUNTY will evaluate the Application for Payment within forty-five (45) days, which shall meet the requirements set forth in these Contract Documents. Upon approval, the County Administrator, Assistant County Administrator for Public Infrastructure, or their designee, will authorize final payment to be made and close out the Work Order(s).

All work and support are subject to verification by the County. Respondents shall maintain logs to verify work and support performed. Failure to maintain adequate records or provide authorized work orders shall result in non-payment or cancellation or the Contract.

The Bidder further agrees to begin work within three (3) calendar days after the date of the Notice to Proceed or otherwise approved in advance and to complete the project, in all respects, within the number of calendar days allotted for each Work Order, after the date indicated on the Work Order executed by the Assistant County Administrator for Public Infrastructure, or his designee. The Bidder shall also comply with specific completion dates and sequences indicated elsewhere in the Contract Documents or as set forth in the Work Order. All work is subject to verification by the County. Respondents shall maintain proper records to verify the work performed. Failure to maintain adequate records or provide authorized work orders shall result in non-payment or cancellation of the Contract.

AS SPECIFIED

All items delivered must meet the specifications herein. Items delivered not as specified will be returned at no expense by the County. The County may return, for full credit, any unused items received which fail to meet the County's performance standards. Replacement items meeting specifications must be submitted within a reasonable time after rejection of the non-conforming items.

QUANTITIES

The Pasco County Board of County Commissioners shall not be required to purchase any minimum or maximum quantities during the term of any award resulting from this specification.

ADDITION/DELETION

The Pasco County Board of County Commissioners reserves the right to add or delete any item from this bid or resulting award when deemed to be in the best interest of the Board.

END OF SPECIAL PROVISIONS

SPECIFICATIONS

AS NEEDED FURNISH, INSTALL, REPAIR AND REPLACE FENCING SYSTEMS

1. INTRODUCTION

Pasco County is seeking one (1) or more Vendors for the installation and repair of commercial grade and residential fence systems for various departments throughout Pasco County.

2. GENERAL REQUIREMENTS

2.1 All work must be performed in accordance with all applicable state, local and national laws and codes.

2.2 All work must be completed by a contractor licensed in the state of Florida to perform all work as described herein.

2.3 Vendor is responsible for all processes and costs associated with obtaining and maintaining any required permits.

2.4 All work assigned under the agreement will be performed at various locations throughout Pasco County.

2.5 Vendors must provide Safety Data Sheets (SDS) for all chemicals used on all Pasco County properties.

2.6 In addition to the Pasco County Utilities Department, other Pasco County departments may utilize this contract (at the same terms and conditions) for similar work.

2.7 All work must be performed according to the manufacturer's installation requirements and recommendations and in accordance with all plans and specifications.

2.8 The County reserves the right to award to the lowest, responsive, responsible vendor per line item.

2.9 While it is the county's intent to the contract to one Vendor, we reserve the right to award to multiple Vendors if found to be in our best interest.

2.10 All quantities stated in this solicitation are estimates for bidding purposes. The County does not guarantee any quantities mentioned herein.

2.11 Pricing must include all labor, tools, materials, and equipment needed to complete all the services described herein.

3. MINIMUM QUALIFICATIONS

3.1 Contractor Qualifications

3.1.1 The Contractor must have been in business for a minimum of three (3) years.

3.1.2 The Contractor must have held at least five (5) contracts similar in size and nature.

3.1.3 The Contractor must be certified by the Florida Department of Transportation (FDOT) as a selected contractor/provider, or Certified and licensed Contractor in the State of Florida.

3.2 The County reserves the right to request information necessary to determine the ability of the Contractor(s) to perform the work, to include references.

3.3 All work must be performed by, or under the direct supervision of a General Contractor or a manufacturer certified Fence Installer.

4. SCOPE OF SERVICES

4.1 The Contractor will provide all labor, materials, supplies, equipment, tools, and transportation, and perform all reasonable incidental work in connection with the complete installation and/or repairing, replacement of various fence systems. Work will be performed as stated in these specifications and Florida Department of Transportation (FDOT) standards for fence type A and B, as applicable.

4.1.1 Fencing installation will include, but not be limited to:

- Chain-link fencing systems
- Chain-link Poly-vinyl Chloride (PVC) coated fencing systems
- Field fencing systems
- Barbed wire assembly
- Fence gates; and
- Other miscellaneous fencing systems as needed

4.2 **Utility Locates**

4.2.1 Before starting any excavation, the vendor(s) will verify the locations and sizes of all underground utilities in the work area, including but not limited to:

- irrigation system components
- stub-outs for water sources
- sewer lines
- gas lines
- communication cables
- electrical conduits, etc.

4.2.2 Contractor(s) will be responsible for all Utility Locates (SunshineState One, Call 8-1-1). Call (800) 432-4770 or e-mail http://www.callsunshine.com in the State of Florida.

4.2.3 If a conflict exists between the location of underground utilities and the proposed work, vendor(s) will notify the County in writing and arrange for field and design adjustments and relocations.

4.3 **Materials**

4.3.1 Chain-Link Fencing Systems

- Weight of zinc coating will not be less than one and eight/tenths (1.8) ounces per square foot of surface of fabric.

- Chain-link fabric, post, truss rods, tension wires, tie wires, stretcher bars, gates and all miscellaneous fittings and hardware will meet the requirements of the latest version of the AASHTO and ASTM Standards as applicable. Must be Commercial grade where applicable.

4.3.2 **Fence Wire Fabric Mesh**

- Steel wire chain-link two-inch (2”) mesh, No. 9 gauge wire, Hot Dip Galvanized steel wire after weaving (GAW); or

- PVC coated Steel Wire Chain-link two-inch (2”) mesh, No. 9 gauge wire, Hot Dip GAW, extruded and bonded. Colors: black, brown and green

4.3.3 **Line Post**

- Tubular galvanized steel and Schedule 40; vinyl coated -- when applicable.

- Two inches (2”) in diameter

- Line post will not be less than two feet (2') longer than the fence height

- Post will have top fittings to allow passage of top rail, loop cans

4.3.4 **End and Corner Post**

- Tubular galvanized steel, Schedule 40; vinyl coated – where applicable

- Two inches (2") in diameter. Three inches (3") terminal post, Schedule 40

- End corner post will not be less than two feet (2') longer than the height of the fence

4.3.5 **Top Rail**

- Tubular galvanized steel with no less that a twenty-one-foot (21') joint with steel expansion sleeves; vinyl coated – where applicable

- One and five-eighths inch (1⅝") wedged, galvanized steel Schedule 40

4.3.6 **Gate Frame**

- One and five/eights inch (1⅝") galvanized steel Schedule 40

- Two-inch (2") mesh with Knuckles fabric, vinyl coated – where applicable

- Joint at all corners by malleable iron fittings or by welding

- All frames are to be braced and trussed

4.3.7 **Gate Post**

- Tubular galvanized steel, vinyl coated – where applicable

- Galvanized steel Schedule 40

- Post will not be less than three feet (3') longer than the fence panel

- Size dictated by application

4.3.8 **Ties Wire and Hog Rings**

- Will be No. 9 gauge wire. Nine- and one-half inch (9 ½") Aluminum ties

- Galvanized steel

- Vinyl coated – where applicable

- Selection of wire ties may depend on the installation

4.3.9 **Bracing**

- Bracing rail, vinyl coated – where applicable

- One and five eights inch (1⅝") diameter tubular steel

- Galvanized steel Schedule 40 gauge

- Truss rod

- Three-eighths inch (⅜") diameter steel rod

4.3.10 **Tension Band**

- Flat press steel, vinyl coated – where applicable

- End corners, truss, and brace bands

- Miscellaneous fittings will be provided as necessary to make a complete installation and will be malleable iron of pressed steel

- All ferrous materials will be thoroughly galvanized by the HOT DIP method or Vinyl Coated method

- All posts will be capped with HOT DIP or Vinyl Coated Cap designed to fit over the outside of the post to form an overlapping barrier to exclude water from the tubular post

- Aluminum fittings are not permitted

4.3.11 **Tension Wire - Top and Bottom**

- Top tension wire - No. 7 wire gauge

- Bottom tension wire - No. 7 wire gauge; coil spring type

- Zinc coated at eight-tenths (0.80) ounce per square foot of uncoated wire surface for ASTM standards, or vinyl coated – where applicable

- Will be fastened by steel hog rings

4.3.12 **Gate Construction**

4.3.12.1 Frames will be vinyl coated – where applicable

4.3.12.2 Will be welded at joints to provide rigid watertight construction

4.3.12.3 Welds will be ground smoothly

4.3.12.4 All welded areas will have one (1) coat of zinc oxide primer applied on the area

4.3.12.5 Internal bracing will be provided as required to eliminate racking and make the gate as rigid; consisting of:

- One and five-eighths inch (1⅝") tubular steel pipe
- Three-eighths inch (⅜") adjustable truss rods

4.3.12.6 Fabric will be vinyl coated – where applicable

4.3.12.7 Will match the specified fence fabric

4.3.12.8 Will be tied to the gate frame at intervals not to exceed fifteen inches (15") apart

4.3.13 **Hinges**

- Will be vinyl coated – where applicable

- Will be the offset type which allows the gate to swing one hundred and eighty degrees (180º) parallel to the fence

- Will be of adequate strength for the fence gate

- No sagging gates will be accepted

4.4 **Field Fencing Systems**

- This fence system will be utilized generally in rural areas or as directed by the County and supplied by the vendor(s) as per fence FDOT type A four feet (4') high and barbed wire.

- Fabric will be galvanized steel 9-gauge, Grade 60, Class 3 Zinc coated meeting the ASTM A116 Standards.

- The wire fabric will be attached to posts by a minimum of five (5) tie wires. Tie wires will be applied to the top, bottom and three (3) intermittent line wires. Tie wires will be made of steel not less than

zero point one two (0.120) inch diameter, zinc coated Class 3.

- Six inch (6”) spacing between vertical wires
- Provided with at least two (2) lines of barbed wire
- Small bottom mesh spacing and wider upper mesh
- Weather resistant

4.5 **Posts, Braces and Slats**

4.5.1 Will be standard steel at a rate of two (2) ounces per square foot supplied with all necessary hardware and wire clamps

4.5.2 **Line posts** - Minimum of eight feet (8’) long

4.5.3 **Approach posts**

- Minimum of eight feet (8’) long
- Two and one-half inch by two and one-half inch by one quarter inch (2 ½” x 2 ½” x 1/4”) angles, fabricated for attaching brace

4.5.4 **Pulls, end and corner posts**

- Minimum of eight feet (8’) long
- Two and one-half inch by two and one-half inch by one quarter inch (2 ½” x 2 ½” x 1/4”) angles, fabricated for attaching brace

4.5.5 **Braces**

- Two and one-half inch by two and one-half inch by one quarter inch (2 ½” x 2 ½” x 1/4”)

4.5.6 **Slats**

- Black Six-Foot (6’) Vinyl Privacy Slats
- Green Six-Foot (6’) Vinyl Privacy Slats

4.6 **Clearing and site preparation**

- All trees, brushes, stumps, logs and other debris which would interfere with the proper construction of the fence in the required location will be removed a minimum width of two feet (2’) on each side of the fence centerline before starting fence operations. The cost of removing and disposing of the removed material will not constitute a pay item and will be considered incidental to fence construction.

- Surveying, clearing, grubbing, grading and removal of debris for the fence line or any required clear areas adjacent to the fence beyond the fence line and deeper than twelve inches (12”) including removal of big trees higher than twenty-five feet (25’) or greater than six inches(6”) in diameter, will be negotiated with the as part under the Work Order negotiation and compensated under the “Unspecified Bid Items”, per case basis.

4.7 **Installation**

4.7.1 Installation will be completed free of standing and without buckles and/or kinks.

4.7.2 Will be set accurately and be true, plumb, and rigid.

4.7.3 When required the vendor (s) will remove and dispose of existing fencing system(s).

4.7.4 Surfaces that have been cut, filed or where the galvanized coating has been damaged will be coated with a zinc-enriched paint to prevent corrosion per ASTM A780.

4.7.5 **Installation of Chain-Link Systems**

4.7.5.1 **Post**

- Will be spaced not to exceed a maximum of ten-foot (10’) spans
- Terminal spans may be allowed to be less than regular span to adjust line spans to even footage
- A minimum allowable span will be seven feet (7’)
- Post will be plumb

4.7.5.2 **Anchorage**

- Top of concrete footing to be at grade crowned to shed water away from the post
- Line post will be set in the ground via concrete foundations to a minimum depth of:
  - Eighteen inches (18”) for fences four feet (4’) in height
  - Twenty-four inches (24”) for fences six feet (6’) in height
  - Thirty inches (30”) for fences higher than six feet (6’)

- Corner or pull post will be set in the ground, via concrete foundations, to a minimum depth of thirty-six inches (36”) for four feet (4’), six feet (6’) and higher

- Foundation diameter will be a minimum of nine inches (9”) except for:
  - Gate post

  - Foundation diameter will be no less than three (3) times the diameter of the gate post

  - Corner, end, and/or pull post; foundation diameter will be no less than twelve inches (12”)

- Concrete mix used will be of a ready mix, commercial grade, supplied with a minimum strength of three thousand pounds per square inch (3,000 psi) at twenty-eight (28) days.

4.7.5.3 **Top Rail, Vinyl Coated – where applicable**

- Will be continuous for the full length of the fence

- Pass through openings and fittings for the purposes on the line post tops

- Couple with expansion sleeves, rail ends, and brace bands

4.7.5.4 **Tension Wire**

- Will be installed four inches (4”) up from the bottom of fabric

- Fences without top rail will have a tension wire installed four inches (4”) down from the top of the fabric

- Will be installed at intervals of twenty-four inches (24”) or less for the full height of the fabric

- Will be stretched taut, independently and prior to the fabric between terminal posts and secured to the terminal post using a brace band

- Secure the tension wire to each line post with a tie wire

4.7.5.5 **Nuts and Bolts**

- Bolts/Carriage bolts used for fittings will be installed with the head on the secure side of the fence

- All bolts will be peened over to prevent removal of nut, and where applicable painted to match vinyl color

4.7.5.6 **Gates**

- Cross diagonal truss rods will be required/installed for all frames exceeding six (6) feet in length

- Wire fabric will be fastened in the frames and/or panels on all edges by use of suitable tension band stretch bars

- Latches will be provided for all gates with plunger rod, forked latch type, which will include provisions for padlocking

- Installation of swing gates and gateposts in compliance with ASTM F 567.Direction of swing will be as directed by the County.
- Will be plumb in the closed position having a bottom clearance of three inches (3”), grade permitting

- Hinge and latch offset opening space will be no greater than three inches (3”) in the closed position

- Double gate drop bar receivers will be set in a concrete footing a minimum of six inches (6”) in diameter, twenty- four inches (24”) deep

- Gate leaf holdbacks will be installed for all double gates

4.7.5.7 **Braces**

- Horizontal braces will be provided on each terminal

- At corner and gate post will be located midway between top rail and ground

- Will extend from poles to the first adjacent line post fastened with brace bands and/or rail ends and brace bands.

4.7.5.8 **Diagonal Brace Rods**

- Will be trussed from the braced ends on the line post back to the terminal corner and/or gate post

- Will be provided with tightened and/or turnbuckle

4.7.5.9 **Pull post**

- Will be used at breaks in vertical grades fifteen degrees (15°) or steeper

- For flatter grades will be used every three hundred and thirty feet (330') on centers

    - This maximum interval will be reduced, but evenly spaced, on horizontal curves where the degree of curve exceeds three degrees (3º)

- The horizontal brace rail and diagonal truss rod will be installed in accordance with ASTM F567

4.7.6 **Fabric fastening**

4.7.6.1 **Line Post**

- Secure via bands installed at a maximum of twelve inches (12") per interval

4.7.6.2 **Top rail**

- Secure via single wrap of No. 9 wire ties at a maximum of twelve inches (12") apart

4.7.6.3 **Terminal corner or gate post**

- Secure via stretcher bars/tension bars fastened to the post by bands space no greater than fifteen inches (15") apart

4.7.6.4 **Fabric**

- Will be installed fabric to outside/secure side of the framework having a ground clearance of no more than two inches (2")

- Will be stretched tightly to eliminate sags and/or buckles

- Will be laced with top salvage bars projecting above the top rail and with bottom salvage bars not more than two inches (2”) above grade

4.7.6.5 **Tie wire**

- Tie wire will be power fastened and wrapped three hundred and sixty degrees (360°) (6.28 radius) around the post or rail and the two (2) ends twisted together three (3) full turns

- Excess wire will be cut off and bent over to prevent injury

4.7.7 **Installation; Field Fence Systems**

- Field fence system installations will meet FDOT standards for these types of fencing systems

- Wire will be stretched only until one half (1/2) the tension curl has been pulled

- All posts will be set in concrete footings of thirty-nine inches (39”) deep by twelve inches (12”) wide minimum

- Post separation of eight feet (8’) minimum and fourteen feet (14’) maximum

- Concrete mix used will be of a ready mix, commercial grade, supplied with a minimum strength of three thousand (3,000) psi at twenty-eight (28) days

- Post will be installed by driving or digging. If by digging, the posts will be set at the center of the hole and the soil tamped securely on all sides

- Two (2) No. 9 gage wires twisted to cinching tightness, diagonal steel wire between posts will be included with all installations to reinforce mesh fabric spans. The wire will be galvanized at the rate of eight-tenths ounces (0.8oz) per square foot

4.7.8 **Installation; Barbed Wire**

- Stretched taut between terminal posts and secured in the slots provided on the line post barb arms

- Attach each strand of barbed wire to the terminal post using a brace band. Barb arms to be riveted or bolted to the post

4.7.9 **Installation; Electrical Grounding; Power Lines Crossover**

4.7.9.1 When a power line passes over the fences, a ground will be installed directly below the point of crossing, which will consist of:

- Copper or galvanized rod with connection of similar metal, if required, or other appropriate material, as approved by the County

- Eight feet (8') in length, no less than five-eighths inches (⅝") in diameter

- The ground rod will be driven vertically until the top end of the rod is six inches (6") below ground surface (BGS)

- A No. 6 conductor will be used to connect the rod and all fence elements

- The No. 6 conductor connection from fence elements to ground rod will be achieved by means of electrical-type clamps, which will prevent corrosion

4.7.10 **Cleanup**

- Work site will be left in acceptable condition at the end of each day (no debris on sidewalks, front yards, and work site debris picked up

- The area of the fence line will be left neat and free of any debris caused by the installation of the fence

- Ruts to be smoothed/flattened to return work area to previous or better condition

4.8 **Scheduling**

4.8.1 The work should only be performed during normal business hours of 7 AM- 3 PM Monday – Friday, excluding holidays, unless otherwise approved by the County.

4.8.2 When it is necessary to perform work outside the normal business hours for the County, the Contractor shall give a minimum of seventy-two (72) hours' notice to the County.

4.8.3 The County reserves the right to add and delete site locations as needed depending on the availability of funds.

4.9 **Pricing**

4.9.1 Prices quoted will be net, including transportation and delivery charges fully prepaid by the seller, FOB Pasco County, Florida.

4.9.2 No additional charges will be allowed for packing, packages, or partial delivery costs.

4.9.3 The following items are considered incidental work for the fencing system installations but not limited to:

- Site preparation
- Locates of existing underground utilities
- Any work requiring leveling and preparing the terrain along the fence line
- Furnishing and installing electrical grounds
- Preparation for post holes
- Any cost of erection and removal of any temporary fencing that might be necessary to secure the site during construction activities
- Disposal offsite of construction debris
- Work area restoration

4.9.4 **Un-Specified Bid Items**

- The hourly rates and materials unit prices are intended for any other fence installations, fence repairs, clearing and grubbing, survey and any additional work NOT covered under any other bid line item under this Contract
- Payment will be based on actual time on- site in one quarter (¼) hour increments (travel time will be excluded)

4.9.5 **Unspecified Materials**

- Materials incorporated in the work NOT covered by any other line items herein plus ten percent (10%) mark-up including materials for

other types of fencing systems. No mark-up on taxes and/or freights will be allowed.

- Survey work plus the mark-up, when required, will be paid under this item.

4.10 **Submittals**

4.10.1 If requested by the County, Contractor(s) will deliver, electronically, all required submittals three (3) days from receipt of the NTP or as instructed by the County.

4.10.2 When required, provide samples of chain link fabric, framework and fittings. Submittals may include product data sheets, and manufacturer's data sheet and other requirements as stated in the following sections

4.10.3 **Shop Drawings**

For fence installations, if requested by the County, Contractor(s) will provide site plan showing layout of fence location with dimensions, cleared area, elevation of fence footings, and details of attachments.

4.10.4 **Certifications**

Manufacturer's Material Certifications in compliance with the current ASTM specifications and Contractor(s) certification confirming installation in accordance with the specifications will be provided by Contractor(s) upon request.

5. TRAFFIC CONTROL

5.1 The Contractor is responsible for ensuring all Maintenance of Traffic (MOT) is conducted in accordance with Special Conditions.

5.2 **Maintenance of Traffic (MOT)**

5.2.1 All MOT work shall be in accordance with FDOT Standard Plans Index 102.

5.2.2 When the street is obstructed to any extent by contract operations, special workers equipped with flags shall be designated by the Vendors to direct vehicle and pedestrian traffic, in addition to any necessary signs and devices.

5.2.3 Workers assigned to this task will not perform any other duties while engaged in directing traffic.

5.3 The Vendors must provide all personnel, signs, barricades, and any other items or devices necessary for the maintenance of traffic and safety, at no additional cost to the County.

5.4 The Vendors must conduct operations in a manner that will not interrupt pedestrian or vehicle traffic, except with prior approval by the County.

5.5 The work area must be confined to the smallest area possible to allow maximum use of the street or sidewalk and to reduce any hazard to traffic or pedestrians to a minimum.

5.6 The Vendors must use workers and traffic control signs and devices necessary to comply with all applicable Federal, State, and local laws, rules, and regulations, at all times.

6. STAFFING/PERSONNEL REQUIREMENTS

6.1 Vendors are responsible for ensuring staffing levels are adequate to perform services described herein and are responsible for all costs associated with labor under this contract.

6.2 **On-Site Supervisor**

6.2.1 The term "on-site supervisor" will be a person designated to be at the work site, and act as the Contractor's POC to the County.

6.2.2 Phone numbers for the on-site supervisor, with an emergency contact list identifying the names, positions held, and phone numbers of key contact personnel for emergency work, will be provided to the County at the beginning of the contract.

6.2.3 Should the on-site supervisor change, the Contractor must immediately notify the County of the change. The County reserves the right to reject a supervisor and request a replacement.

6.3 Vendors must provide current copies of licenses and training certificates upon request.

6.4 Personnel must wear appropriate uniforms, carry photo identification, and always present a neat and professional image.

6.5 The Contractor(s) will register (login and logout) with the County's designated on-site Representative prior to starting and finishing a repair or installation project,

7. WORK OUTSIDE SCOPE OF WORK

7.1 Additional work identified outside the scope of this contract must be authorized in advance and in writing by the County.

7.2 The Vendors must provide a price for any additional work identified prior to commencement.

7.3 No work will begin until County Notice to Proceed (NTP) is provided.

8. PROJECT SCOPE MEETING

8.1 Prior to the start of the services for each Work Order, a joint meeting may be held with representatives of the contractor, the County, and any other invited parties and/or government agencies which may be affected by, or have jurisdiction over, the project or some aspect thereof to scope the work, as necessary.

8.2 This will be the Contractor's opportunity to learn about the various key personnel, discuss the commencement of the work, any special requirements for the work, submittal requirements, protection to existing facilities and/or private property, and any other pertinent items associated with the work.

9. WARRANTY AND DAMAGES

9.1 Vendors are responsible for all damage or personal injury resulting from its operations.

9.2 Any damage or personal injury will be reported immediately to the POC.

9.3 Contractor(s) will repair any utility damage caused by their work as directed by the Utility and/or their Designee at no cost to the County. Disturbed areas will be restored to pre-existing conditions or better.

9.4 All fencing systems, including all work done under this Contract and/or per individual work order, will be guaranteed against all defects and fault of material and workmanship for a period of one (1) year following final acceptance by the County.

9.5 Vinyl coated chain-link fence systems will be supplied with a minimum ten (10) year factory warranty.

9.6 All materials used under this Contract will carry a manufacturer's guarantee of one (1) year from work acceptance by the County.

9.7 Should any problem with the fencing system be discovered within the guarantee period, it will be corrected by the Contractor at no additional costs to the County within seven (7) calendar days of written notice from the County.

9.8 Should the Contractor fail to perform damage repair or warranty work as scheduled, and to a standard acceptable by the County, the County will procure

services from another Contractor. These costs will be the responsibility of the Contractor.

9.9 Contractor will be responsible for any costs (from neglect damage or personal injury) determined to be caused by the Contractor.

OFFEROR INFORMATION/CERTIFICATION FORM

This form MUST BE:

- **INCLUDED DOWNLOADED, COMPLETED AND UPLOADED INTO BONFIRE WITH OFFEROR'S SUBMISSION**
- **FULLY executed with original authorized signature and notarized signature**

1. "We offer to sell/provide Pasco County, Florida, the above item(s) and/or service(s) at the price(s) stated, in accordance with the terms and conditions contained herein. In addition, the item(s) and/or service(s) offered above meet all specifications contained herein or attached, unless otherwise stipulated by exception. This offer to sell/provide is firm for ninety (90) days."

MUST BE SIGNED BY THE PRESIDENT OF THE CORPORATION, OR A MEMBER OF A MEMBER-MANAGED LIMITED LIABILITY COMPANY, OR THE MANAGER OF A MANAGER-MANAGED LIMITED LIABILITY COMPANY; OR INCLUDE WRITTEN PROOF THAT THE INDIVIDUAL SIGNING HAS THE AUTHORITY TO OBLIGATE THE FIRM.

OFFEROR MUST BE REGISTERED ON SUNBIZ (http://www.sunbiz.org/index.html), FLORIDA DEPARTMENT OF STATE DIVISION OF CORPORATIONS.

2. Legal Name of Offeror. Indicate if the Offeror is a Corporation, Joint Venture, Partnership, etc.:

_____

(This name must match the name on your current W9 Form. The W9 will be requested at the time of award.)

3. Name/title of contact person for the Offeror:_____

4. Business and mailing address:_____(If claiming Local Vendor Preference, a valid Local Business Tax Receipt must be provided at the time the response is submitted in order to qualify for such consideration)

5. Primary business and mailing address (if different): _____

6. Telephone number: (_)_____Fax: (__)_____

   Email Address: _____

The above-named Offeror affirms and declares:

A. That the Offeror understands all requirements of this request and states that as a serious Offeror they will comply with all the stipulations included in this request.

B. That the Offeror is of lawful age and that no other person, firm or corporation has any interest in this Proposal or in the contract proposed to be entered into except as expressly stated below:

C. That this proposal is made without any understanding, agreement, or connection with any other person, firm or corporation making a proposal for the same purpose, and is in all respects fair and without collusion or fraud except as expressly stated below:

D. That the Offeror is not in arrears to the Pasco County Board of County Commissioners upon debt or contract and is not a defaulter, as surety or otherwise, upon any obligation to the Pasco County Board of County Commissioners except as expressly stated below:

E. That the Offeror is in compliance with Section 448.095(2), Florida Statutes, requiring Contractor and its Subcontractors to register with and utilize the U.S. Department of Homeland Security's E-Verify program to verify the work authorization status of all newly hired employees and acknowledges that it will be required to maintain such compliance throughout the term of any Contract entered between the parties. The Offeror also confirms that no public employer has terminated a contract with the Offeror for failure to comply with Section 448.095(2), Florida Statutes, within the 12 months preceding the date this Certification Form is signed by the Offeror.

F. That no officer or employee or person whose salary is payable in whole or in part from the County is, will be or become interested, directly, or indirectly, surety or otherwise in this response; in the performance of the resulting contract; in the purchase of supplies, materials, equipment, work and/or labor to which they relate; or in any portion of the profits thereof.

G. That the Offeror has received and carefully examined all Addenda issued prior to uploading its Response and its Response will be in accordance with all Addenda prior to Response Opening.

H. That by submitting a response, the Offeror certifies that it is not currently debarred from submitting proposals for contracts issued by any political subdivision or agency of the State of Florida and that it is not an agent of a person or entity that is currently debarred from submitting proposals for contracts issued by any subdivision or agency of the State of Florida.

I. That pursuant to Section 287.087, Florida Statutes, Offerors understands that they <u>may</u> certify in their response that they have implemented a drug free workplace program. If two or more responses are deemed equal, preference will be given in the award process to the Offeror who has furnished such certification with their response.

J. If claiming Local Vendor Preference, the Offeror certifies that they satisfy each of the following criteria at the time of their submission of a response to the solicitation necessary to qualify as a "Local Business": a) a vendor, supplier, or contractor who does business in Pasco County by providing goods, services, or construction; and b) maintains a physical business address located within the jurisdictional limits of Pasco County in an area zoned for the conduct of such

business; and c) which the vendor, supplier or contractor operates or performs business on a daily basis; and d) has for at least twelve (12) months prior to the bid or proposal opening date; and (e) a copy of their local business tax receipt or qualifies as a business in a neighboring county as listed in the County's Purchasing Ordinance. Post office boxes shall not be used for the purpose of establishing said physical address.

Please put an "X" in the applicable box or mark N/A
_____Local Business located in Pasco County
_____Business located within Hillsborough, Pinellas, Polk, or Hernando County

This local preference provision is not applicable to those solicitations involving the use of either State or Federal funds as indicated below:

State/Federal Funds Involved: Y (Y if applicable, N if not applicable)

Note: If claiming Local Vendor Preference, a valid Local Business Tax Receipt must be provided at the time the response is submitted in order to qualify for such consideration.

K. By signing this Certification, I represent that I am of lawful age and have the authority to bind the Offeror for contract purposes. **If someone other than the President of the corporation, or a member of a member-managed limited liability company, or the manager of a manager managed limited liability company, then one of the following must be submitted with this Certification**:

1. If Offeror is a corporation (includes incorporated or company, or abbreviations thereof, in its name), and if other than the President of the corporation is signing this Certification, then one of the following must be submitted with this Certification:

   a. a current corporate resolution naming the officer or person signing this Certificate as authorized to sign contracts on behalf of the company or,

   b. a copy of the Board of Directors' resolution or meeting minutes designating the officer or person signing this Certificate as authorized to sign contracts for the corporation, certified by the secretary of the corporation.

2. If Offeror is a limited liability company, then the following must be submitted with this Certification: a copy of the Operating Agreement of the limited liability company showing that that person signing this Certificate is authorized to sign contracts for the limited liability company.

L. Attached to this response is a copy of the Certificate of Status from the Florida Secretary of State, Division of Corporations, which can be downloaded from https://dos.myflorida.com/sunbiz/search/.

M. Exceptions to any Contract Provisions and Miscellaneous Declarations (attach additional sheets, if necessary):

SUPPLEMENTAL CONTRACT PROVISIONS

FEDERAL PROVISIONS

Within these Federal Contract Provisions, the successful Offeror is referred to as Contractor. **On a case-by-case basis, Contractors with Pasco County may be subject to Federal Grant Provisions found under 2 CFR 200 and its Appendix, as well as other federal grant funding statutes. Contractors shall be able to comply with those federal provisions if funding is from a federal source.**

Compliance and Monitoring

The COUNTY shall monitor the performance of the CONTRACTOR against goals and performance standards as required herein. Substandard performance, as determined by the COUNTY, in its sole and absolute discretion, shall constitute noncompliance of a resulting Agreement. If such substandard performance is not corrected by the CONTRACTOR within thirty (30) days after being notified by the COUNTY, contract suspension or termination procedures may be initiated and enforced in accordance with regulations set forth in 2 CFR Part 200, Subpart D, and herein.

In addition to the COUNTY's procurement procedures, CONTRACTOR shall comply with 24 CFR § 570.502 and applicable Federal law and standards identified in 2 CFR Part 200, Subpart D (§§ 200.318 – 200.326). All procurement transactions shall be conducted in a manner to provide to the maximum extent practical, open, and free competition. Qualification-based procurements, requests for proposals, bid packages, and advertisements shall be subject to COUNTY review and approval before being published.

Uniform Administrative Requirements

The CONTRACTOR shall comply with 24 CFR § 570.502, § 570.503, and § 570.610, and adhere to accounting principles and procedures required therein, utilize adequate internal controls, and maintain necessary source documentation for all costs incurred. The CONTRACTOR shall administer the Project in conformance with 2 CFR Part 200, "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards", as amended, and in accordance with 24 CFR § 570.502, as appropriate, to ensure substantial adherence to the applicable accounting principles and procedures required therein, utilization of adequate internal controls, and the maintenance of necessary source documentation for all costs incurred.

Suspension and debarment (2 CFR § 200.214)

Contractors with Pasco County are subject to the non-procurement debarment and suspension regulations implementing Executive Orders 12549 and 12689, 2 CFR part 180. These regulations restrict awards, subawards, and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs or activities.

Domestic preferences for procurements (2 CFR § 200.322)

(a) As appropriate and to the extent consistent with law, Pasco County should, to the greatest extent practicable under a federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this section must be included in all subawards including all contracts and purchase orders for work or products under this award.

(b) For purposes of this section:

1. "Produced in the United States" means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

2. "Manufactured products" means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

Contracting with small and minority businesses, women's business enterprises, and labor surplus area firms (2 CFR § 200.321)

(a) Contractors will take all necessary affirmative steps to assure that minority business, women's business enterprises, and labor surplus area firms are used when possible.

(b) Affirmative steps must include:

1. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;

2. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;

3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;

4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises;

5. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce; and

6. Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs (1) through (5) of this section.

Compliance with Copeland "Anti-Kickback" Act

(a) CONTRACTOR. The contractor shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.

(b) Subcontracts. The CONTRACTOR or subcontractor shall insert in any subcontracts the clause above and such other clauses as appropriate instructions may require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

(c) Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. § 5.12.

Records

The CONTRACTOR including all of its employees or agents, contractors, subcontractors and consultants to be paid from funds provided under a resulting Agreement, shall allow access to its records at reasonable times to representatives of Department of Economic Opportunity (DEO), the Chief Financial Officer of the State of Florida, the Auditor General of the State of Florida, the Florida Office of Program Policy Analysis and Government Accountability or representatives of the Federal government or their duly authorized representatives. "Reasonable" shall ordinarily mean during normal business hours of 8:00 a.m. to 5:00 p.m., local time, Monday through Friday.

The CONTRACTOR shall include the aforementioned recordkeeping requirements in all approved contracts, subcontracts, and assignments.

Hatch Act (5 U.S.C. § 1501, et seq.) / Byrd Amendment (31 U.S.C. § 1352)

The CONTRACTOR agrees that no funds provided, nor personnel employed under a resulting Agreement, shall be in any way or any extent engaged in the conduct of political activities in violation of Chapter 15 of Title V of the U.S.C. The CONTRACTOR shall not use any portion of the Project Budget or personnel employed to carry out a resulting Agreement for political activities, inherently religious activities, lobbying, political patronage, or nepotism activities.

Federal Conflict of Interest Provisions

The CONTRACTOR shall abide by the provisions of 24 CFR § 570.611 and 2 CFR § 200.112. The CONTRACTOR shall maintain no present or future financial interest, direct or indirect, which would conflict in any manner or degree with the performance of services required under a resulting Agreement as indicated in 2 CFR § 200.318. The CONTRACTOR further covenants that in the performance of a resulting Agreement, no person having such a financial interest shall be

employed or retained by the CONTRACTOR hereunder. These conflict-of-interest provisions apply to any person who is a person, agent, consultant, officer, elected official or appointed official of the County, or of any designated public agencies or developers that are receiving funds under the CDBG Program.

Lobbying Prohibition (31 U.S.C. § 1352)

(a) No funds or other resources received under a resulting Agreement may be used directly or indirectly to influence legislation or any other official action by the Florida Legislature or any state agency.

(b) The CONTRACTOR certifies, by its signature to its response to this solicitation, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the CONTRACTOR, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment or modification of any Federal contract, grant, loan or cooperative agreement;

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress or an employee of a Member of Congress in connection with this Federal contract, grant, loan or cooperative agreement, the CONTRACTOR shall complete and submit Standard Form - LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and

3. CONTRACTOR shall require that this certification be included in the award documents for all subawards at all tiers (including subcontracts, contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose as described in this paragraph above. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. § 1352. Any person who fails to file the required certification shall be subject to a civil penalty of not less than ten thousand dollars ($10,000) and not more than one hundred thousand dollars ($100,000) for each such failure.

Employment Eligibility Verification

(a) Executive Order 11-116, signed May 27, 2011, by the Governor of Florida, requires DEO contracts in excess of nominal value to expressly require the CONTRACTOR to:

1. Utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the Subrecipient during the Agreement term; and,
2. Include in all contracts under this Agreement the requirement that contractors, subcontractors, and consultants performing work or providing services pursuant to this Agreement use the E-Verify system to verify the employment eligibility of all new employees hired by the contractors, subcontractors, and consultants during the term of the contract.

(b) The Department of Homeland Security's E-Verify system can be found at: http://www.uscis.gov/e-verify

(c) If the CONTRACTOR does not have an E-Verify MOU in effect, the CONTRACTOR must enroll in the E-Verify system prior to hiring any new employee after the effective date of a resulting Agreement.

Audit Requirements

(a) In the event that the Contractor expends Seven-Hundred-Fifty-Thousand and 00/100 Dollars ($750,000.00) or more in Federal awards in its fiscal year, the Contractor must have a single or program-specific audit conducted in accordance with the provisions of 2 CFR Part 200, Subpart F, Audit Requirements, as revised. In determining the Federal awards expended in its fiscal year, the Contractor shall consider all sources of Federal awards, including Federal resources received from the County. The determination of amounts of Federal awards expended must be in accordance with the guidelines established by 2 CFR § 200.502, as revised. An audit of the Contractor conducted by the Auditor General in accordance with the provision of 2 CFR Part 200, as revised, will meet the requirements of this part.

(b) In connection with the audit requirements addressed in Subsection (a) above, the County shall:
    1. verify that the Contractor has fulfilled the requirements relative to audit responsibilities as provided in 2 CFR Part 200, Subpart F, and that the required audit(s) are completed within nine (9) months of the end of the Contractor's fiscal year;
    2. issue a management decision on audit findings within six (6) months after receipt of the Contractor's audit report; and
    3. ensure that the Contractor takes timely and appropriate action on all audit findings. If the Contractor is unable or unwilling to have the required audits, the County shall take the appropriate action using sanctions as provided for in 2 CFR Part 200.

(c) In the event that the Contractor expends less than Seven-Hundred-Fifty-Thousand and 00/100 Dollars ($750,000.00) in Federal awards in its fiscal year, the Contractor is exempt from the Federal audit requirements for that year, but records must be

available for review or audit by HUD, the County, the Government Accountability Office, or their authorized representatives.

(d) If the Contractor is not subject to the audit requirements found at 2 CFR Part 200, Subpart F, a financial report in accordance with FAS Statement No. 117, Financial Statement of Not-for-Profit Organizations, as amended, shall be submitted to the County within 30 days after the end of its fiscal year.

(e) In addition to review of audits conducted in accordance with 2 CFR Part 200, Subpart F, or financial reports conducted in accordance with FAS Statement No. 117, the County shall monitor the performance of the Contractor as necessary to ensure that the subaward is used for authorized purposes, is in compliance with Federal statutes, regulations, and the terms and conditions of the subaward, and that the performance goals are achieved for the duration of the Agreement.

(f) Monitoring provides information for making informed judgment about program effectiveness and management efficiency, as well as identifying internal weaknesses that may contribute to fraud or abuse. The monitoring procedures established for the Contractor may include, but are not limited to, on-site visits by the County or HUD; limited-scope audits as defined by 2 CFR Part 200, as revised; submittal and review of financial management statements as defined by FAS Statement No. 117, performance reports; and other procedures as determined necessary.

(g) By entering into a resulting Agreement, the Contractor agrees to comply and cooperate with any monitoring procedures/processes deemed appropriate by the County and/or HUD. In the event the County or HUD determines that more than a limited-scope audit of the Contractor is appropriate, the Contractor agrees to comply with any additional instructions provided by the County or HUD to the Contractor regarding such audit. The Contractor further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the County, Chief Financial Officer, or Auditor General.

(h) A copy of the audit or financial management report must be provided to the Purchasing Department within thirty (30) days after receipt by the Contractor.

(i) This Article shall survive any termination, cancellation, or expiration of a resulting Agreement.

Civil Rights Provisions

(a) The CONTRACTOR shall comply with Title VI of the Civil Rights Act of 1964, as amended; Title VIII of the Civil Rights Act of 1968, as amended; Section 104(b) and Section 109 of Title I of the Housing and Community Development Act of 1974, as amended; Section 504 of the Rehabilitation Act of 1973, as amended; the Americans with Disabilities Act of

1990, as amended; the Age Discrimination Act of 1975, as amended; Executive Order 11063, as amended; and Executive Order 11246, as amended.

(b) The CONTRACTOR shall comply with nondiscrimination in employment and contracting opportunities laws, regulations, and executive orders referenced in 24 CFR § 570.607, Executive Order 13279, as amended, and all other applicable laws, rules, and regulations. The CONTRACTOR shall not discriminate against any person on the basis of race, color, religion, gender, national origin, marital status, age, disability, sexual orientation, genetic information, or other protected category with regard to public assistance. The CONTRACTOR will take affirmative action to ensure that all employment practices prohibit such discrimination. Such employment practices include, but are not limited to, the following: hiring, promotion, demotion, transfer, recruitment or recruitment advertising, lay-off, termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. The CONTRACTOR shall post, in conspicuous places available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.

(c) Rehabilitation Act of 1973, Section 504: The CONTRACTOR shall comply with Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. § 794, and 24 CFR Parts 8 and 9), as amended, which prohibits discrimination against individuals with disabilities in any federally assisted program. The County will provide the CONTRACTOR with assistance regarding guidelines necessary for compliance with that portion of the regulations during the term of this Agreement; however, it shall remain the CONTRACTOR's responsibility to ensure compliance.

Equal Employment Opportunity Provisions (41 CFR § 60-1.4)

(a) The CONTRACTOR will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The CONTRACTOR will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer, recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The CONTRACTOR agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.

(b) The CONTRACTOR will, in all solicitations or advertisements for employees placed by or on behalf of the CONTRACTOR, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(c) The CONTRACTOR will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the CONTRACTOR's legal duty to furnish information.

(d) The CONTRACTOR agrees that it shall be committed to carry out its activities pursuant to the County's specifications and to the Affirmative Action program in keeping with principles as provided in the President's Executive Order 11246 of September 24, 1965, as amended. Such information shall be made available to the CDBG Program Administrator for review upon request.

(e) The CONTRACTOR will make every effort to afford women-owned and minority-owned business enterprises the maximum practical opportunity to participate in the performance of a resulting Agreement. The term "minority-owned and “women-owned business enterprise" means a business at least fifty one percent (51%) owned and controlled by minority group members or women. The CONTRACTOR may rely on written representations by subcontractors regarding their status as minority and women-owned business enterprises in lieu of an independent investigation.

(f) The CONTRACTOR will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice to be provided by the agency contracting officer, advising the labor union or workers' representative of the contractor's commitments under section 202 of Executive Order 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(g) The CONTRACTOR will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(h) The CONTRACTOR will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(i) In the event of the CONTRACTOR's non-compliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this contract may be canceled, terminated or suspended in whole or in part and the CONTRACTOR may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(j) In those instances where State funding is involved, the CONTRACTOR and its subcontractors will cooperate with the Inspector General in any investigation, audit, inspection, review, or hearing pursuant to section 20.055(5), Florida Statutes.

(k) The CONTRACTOR will include the provisions of paragraphs (a) through (k) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or contractor. The CONTRACTOR will take such action with respect to any subcontract or purchase order as may be directed by the Secretary of Labor as a means of enforcing such provisions including sanctions for noncompliance: Provided, however, that in the event the CONTRACTOR becomes involved in, or is threatened with, litigation with a subcontractor or contractor as a result of such direction, the CONTRACTOR may request the United States to enter into such litigation to protect the interests of the United States.

Contracts for more than the simplified acquisition threshold currently set at $150,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

All contracts in excess of $10,000 must address termination for cause and for convenience by the non-Federal entity, including the manner by which it will be affected, and the basis for settlement.

Procurement of recovered materials (2 CFR § 200.323)
The CONTRACTOR must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired during the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes

energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

Contract Work Hours and Safety Standards Act (40 U.S.C. §§ 3701-3708)
In compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5) and under 40 U.S.C. § 3702 of the Act, each contractor must compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours.

Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. § 3704 are applicable to construction work and no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

Clean Air Act (42 U.S.C. §§ 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. §§ 1251-1387)
For contracts and subgrants of amounts in excess of $150,000 the non-Federal contractor shall agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. §§ 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. §§ 1251-1387). Violations will be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency.

Labor Standards
The CONTRACTOR agrees to comply with the requirements of the Secretary of Labor in accordance with the Davis-Bacon Act, as amended (40 U.S.C. §§ 3141-3148); the provisions of the Contract Work Hours and Safety Standards Act (40 U.S.C. § 3701, et seq. and 48 CFR 22.403-3); the Copeland "Anti-Kickback" Act (40 U.S.C. §§ 276, 327-333; 18 U.S.C. § 874, et seq. and 48 CFR 22.403-2); and all other applicable federal, state, and local laws and regulations pertaining to labor standards insofar as such acts apply to the performance of a resulting Agreement. The CONTRACTOR shall maintain documentation that demonstrates compliance with hour and wage requirements of this provision. Such documentation shall be made available to the County for review upon request.

The CONTRACTOR further agrees that, except with respect to the rehabilitation or construction of residential property designed for residential use for less than eight (8) households, all subcontractors engaged under contracts in excess of Two-Thousand and 00/100 Dollars ($2,000.00) for construction, renovation, or repair of any building, or work financed in whole or in part with assistance provided under a resulting Agreement, shall comply with Federal requirements adopted by the County pertaining to such Agreements. With the applicable requirements of the regulations of the United States Department of Labor under 29 CFR Parts 1, 3, 5, 6, and 7, governing the payment of wages and ratio of apprentices and trainees to

journeymen provided, if wage rates higher than those required under the regulations are imposed by State or local law, nothing hereunder is intended to relieve the CONTRACTOR of its obligation, if any, to require payment of the higher wage. The CONTRACTOR shall cause or require language to be inserted in full in all such contracts subject to such regulations and provisions, meeting the requirements of this article.

Appendix II to 2 CFR Part 200 – FEDERAL CONTRACT PROVISIONS FOR NON-FEDERAL ENTITY CONTRACTS UNDER FEDERAL AWARDS

On a case-by-case basis, Contractors with Pasco County may be subject to Federal Grant Provisions found under 2 CFR 200 and its Appendix, as well as other federal grant funding statutes. Contractors shall be able to comply with those federal provisions if funding is from a federal source.

Within these Federal Contract Provisions, the successful Offeror is referred to as Contractor and contract means a contract resulting from this solicitation.

A. Contracts for more than the simplified acquisition threshold, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

B. All contracts in excess of $10,000.00 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be affected and the basis for settlement.

C. Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

D. Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of $2,000.00 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141- 3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity

must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti- Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

E. Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of $100,000.00 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

F. Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of "funding agreement" under 37 CFR § 401.2(a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by

the awarding agency.

G. Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended - Contracts and subgrants of amounts in excess of $150,000.00 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

H. Debarment and Suspension (Executive Orders 12549 and 12689) - A contract award (see 2 CFR 180.220) must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

I. Byrd Anti-Lobbying Amendment (31 U.S.C. 1352) - Contractors that apply or bid for an award exceeding $100,000.00 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

J. Procurement of recovered materials (2 CFR 200.323) - A non-Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000.00 or the value of the quantity acquired during the preceding fiscal year exceeded $10,000.00; procuring solid waste management services in a manner that maximizes energy and resource

recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

K. Prohibition on certain telecommunications and video surveillance services or equipment (2 CFR 200.216) - Recipients and subrecipients are prohibited from obligating or expending loan or grant funds to:

(1) Procure or obtain;

(2) Extend or renew a contract to procure or obtain; or

(3) Enter into a contract (or extend or renew a contract) to procure or obtain equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. As described in Public Law 115-232, section 889, covered telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).

(i) For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).

(ii) Telecommunications or video surveillance services provided by such entities or using such equipment.

(iii) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of the National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

(4) In implementing the prohibition under Public Law 115-232, section 889, subsection (f), paragraph (1), heads of executive agencies administering loan, grant, or subsidy programs shall prioritize available funding and technical support to assist affected businesses, institutions and organizations as is reasonably necessary for those affected entities to transition from covered communications equipment and services, to procure replacement equipment and services, and to ensure that communications service to users and customers is sustained.

(5) See Public Law 115-232, section 889 for additional information.

(6) See also § 200.471.

(L) Domestic preferences for procurements (2 CFR 200.322) - The County prefers to purchase or use goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this section must be included in all subawards including all contracts and purchase orders for work or products under this award.

(1) For purposes of this section:

(i) "Produced in the United States" means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

(ii) "Manufactured products" means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

[78 FR 78608, Dec. 26, 2013, as amended at 79 FR 75888, Dec. 19, 2014; 85 FR 49577, Aug. 13, 2020]

OFFEROR INFORMATION/CERTIFICATION FORM

This form MUST BE:

- **INCLUDED DOWNLOADED, COMPLETED AND UPLOADED INTO BONFIRE WITH OFFEROR'S SUBMISSION**
- **FULLY executed with original authorized signature and notarized signature**

1. "We offer to sell/provide Pasco County, Florida, the above item(s) and/or service(s) at the price(s) stated, in accordance with the terms and conditions contained herein. In addition, the item(s) and/or service(s) offered above meet all specifications contained herein or attached, unless otherwise stipulated by exception. This offer to sell/provide is firm for ninety (90) days."

MUST BE SIGNED BY THE PRESIDENT OF THE CORPORATION, OR A MEMBER OF A MEMBER-MANAGED LIMITED LIABILITY COMPANY, OR THE MANAGER OF A MANAGER-MANAGED LIMITED LIABILITY COMPANY; OR INCLUDE WRITTEN PROOF THAT THE INDIVIDUAL SIGNING HAS THE AUTHORITY TO OBLIGATE THE FIRM.

OFFEROR MUST BE REGISTERED ON SUNBIZ (http://www.sunbiz.org/index.html), FLORIDA DEPARTMENT OF STATE DIVISION OF CORPORATIONS.

2. Legal Name of Offeror. Indicate if the Offeror is a Corporation, Joint Venture, Partnership, etc.: J and V Fence LLC DBA Big Jerry's Fencing of Tampa
   (This name must match the name on your current W9 Form. The W9 will be requested at the time of award.)
3. Name/title of contact person for the Offeror: Vanessa Castro
4. Business and mailing address: 1005 S. Ashley Drive Ste# 600 Tampa, FL 33602 (If claiming Local Vendor Preference, a valid Local Business Tax Receipt must be provided at the time the response is submitted in order to qualify for such consideration)
5. Primary business and mailing address (if different): same
6. Telephone number: ( ) 813-864-4858 Fax: ( )

   Email Address: tampa@bigjerrysfencing.com.

The above-named Offeror affirms and declares:

A. That the Offeror understands all requirements of this request and states that as a serious Offeror they will comply with all the stipulations included in this request.

Scanned with CamScanner

B. That the Offeror is of lawful age and that no other person, firm or corporation has any interest in this Proposal or in the contract proposed to be entered into except as expressly stated below:

C. That this proposal is made without any understanding, agreement, or connection with any other person, firm or corporation making a proposal for the same purpose, and is in all respects fair and without collusion or fraud except as expressly stated below:

D. That the Offeror is not in arrears to the Pasco County Board of County Commissioners upon debt or contract and is not a defaulter, as surety or otherwise, upon any obligation to the Pasco County Board of County Commissioners except as expressly stated below:

E. That the Offeror is in compliance with Section 448.095(2), Florida Statutes, requiring Contractor and its Subcontractors to register with and utilize the U.S. Department of Homeland Security's E-Verify program to verify the work authorization status of all newly hired employees and acknowledges that it will be required to maintain such compliance throughout the term of any Contract entered between the parties. The Offeror also confirms that no public employer has terminated a contract with the Offeror for failure to comply with Section 448.095(2), Florida Statutes, within the 12 months preceding the date this Certification Form is signed by the Offeror.

F. That no officer or employee or person whose salary is payable in whole or in part from the County is, will be or become interested, directly, or indirectly, surety or otherwise in this response; in the performance of the resulting contract; in the purchase of supplies, materials, equipment, work and/or labor to which they relate; or in any portion of the profits thereof.

G. That the Offeror has received and carefully examined all Addenda issued prior to uploading its Response and its Response will be in accordance with all Addenda prior to Response Opening.

H. That by submitting a response, the Offeror certifies that it is not currently debarred from submitting proposals for contracts issued by any political subdivision or agency of the State of Florida and that it is not an agent of a person or entity that is currently debarred from submitting proposals for contracts issued by any subdivision or agency of the State of Florida.

I. That pursuant to Section 287.087, Florida Statutes, Offerors understands that they may certify in their response that they have implemented a drug free workplace program. If two or more responses are deemed equal, preference will be given in the award process to the Offeror who has furnished such certification with their response.

J. If claiming Local Vendor Preference, the Offeror certifies that they satisfy each of the following criteria at the time of their submission of a response to the solicitation necessary to qualify as a "Local Business": a) a vendor, supplier, or contractor who does business in Pasco County by providing goods, services, or construction; and b) maintains a physical business address located within the jurisdictional limits of Pasco County in an area zoned for the conduct of such

Scanned with CamScanner

business; and c) which the vendor, supplier or contractor operates or performs business on a daily basis; and d) has for at least twelve (12) months prior to the bid or proposal opening date; and (e) a copy of their local business tax receipt or qualifies as a business in a neighboring county as listed in the County's Purchasing Ordinance. Post office boxes shall not be used for the purpose of establishing said physical address.

Please put an "X" in the applicable box or mark N/A

X Local Business located in Pasco County

n/a Business located within Hillsborough, Pinellas, Polk, or Hernando County

This local preference provision is not applicable to those solicitations involving the use of either State or Federal funds as indicated below:

State/Federal Funds Involved: Y (Y if applicable, N if not applicable)

Note: If claiming Local Vendor Preference, a valid Local Business Tax Receipt must be provided at the time the response is submitted in order to qualify for such consideration.

K. By signing this Certification, I represent that I am of lawful age and have the authority to bind the Offeror for contract purposes. **If someone other than the President of the corporation, or a member of a member-managed limited liability company, or the manager of a manager managed limited liability company, then one of the following must be submitted with this Certification:**

1. If Offeror is a corporation (includes incorporated or company, or abbreviations thereof, in its name), and if other than the President of the corporation is signing this Certification, then one of the following must be submitted with this Certification:

   a. a current corporate resolution naming the officer or person signing this Certificate as authorized to sign contracts on behalf of the company or,

   b. a copy of the Board of Directors' resolution or meeting minutes designating the officer or person signing this Certificate as authorized to sign contracts for the corporation, certified by the secretary of the corporation.

2. If Offeror is a limited liability company, then the following must be submitted with this Certification: a copy of the Operating Agreement of the limited liability company showing that that person signing this Certificate is authorized to sign contracts for the limited liability company.

L. Attached to this response is a copy of the Certificate of Status from the Florida Secretary of State, Division of Corporations, which can be downloaded from https://dos.myflorida.com/sunbiz/search/.

BOARD OF COUNTY COMMISSIONERS
AGENDA MEMORANDUM

COMMISSION DISTRICT: All **FILE NO.:** UTOM25-0562 **DATE:** 8/19/2025

SUBJECT: Award of Bid No. IFB-CA-25-069 – J and V Fence LLC d/b/a Big Jerry's Fencing of Tampa – As Needed Furnishing, Installation, Repair and Replacement of Fencing Systems – $894,000.00

REFERENCES: IFB-CA-25-069

AGENDA SECTION: Consent Agenda

THRU: Branford Adumuah, Assistant County Administrator

FROM: Stewart Shook, Interim Utilities Operations and Maintenance Director

RECOMMENDED BOARD ACTION:

Approve the Award of solicitation no. IFB-CA-25-069 to the sole responsive and responsible bidder, J and V Fence LLC d/b/a Big Jerry's Fencing of Tampa (Big Jerry's Fencing), for as-needed furnishing, installation, repair and replacement of fencing systems, in the annual Not to Exceed (NTE) amount of $60,000.00 for Fiscal Year (FY) 2025; $278,000.00 for FY 2026; $278,000.00 for FY 2027; $278,000.00 for FY 2028, resulting in the cumulative NTE amount of $894,000.00 for the term of the contract beginning upon approval from the Pasco County Board of County Commissioners (BCC) and continuing until September 30, 2028. Delegate to the County Administrator the discretion, based on need, budget and prior performance, to approve each of the two one-year renewal options under the same terms and conditions as the solicitation in the NTE amount of $228,000.00 for FY 2029; and $228,000.00 for FY 2030, pending budget approval for a cumulative contract total amount of up to $1,350,000.00.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

The Utilities Operations and Maintenance (O&M) Department is responsible for the maintenance, repair and security of all water, wastewater, and reclaim plant infrastructure, which requires ongoing and constant repairs, additions, and modifications to fencing systems across the county. This contract will allow the department to minimize the possibility of potential damage, risks, and threats to public infrastructure locations, including, but not limited to, wells, lift stations, wastewater treatment facilities, reclaim distribution sites, and water treatment facilities.

On May 6, 2025, at the request of the Utilities O&M Department, the Purchasing Department solicited an Invitation for Bid (IFB-CA-25-069) for as-needed furnishing, installation, repair and replacement of fencing systems. The specifications were prepared by the Utilities O&M Department. All provisions of the Purchasing Ordinance have been met.

On June 10, 2025, all bids were received and publicly opened. One hundred eighty-one vendors received automatic email notices. Thirty vendors downloaded the solicitation. Four responses were received.

The Utilities O&M Department, with concurrence from the Purchasing Department, requests the award of solicitation no. IFB-CA-25-069 to Big Jerry's Fencing, for a cumulative NTE amount of $894,000.00 for the contract period beginning on the date of

approval from the BCC and continuing until September 30, 2028, with two optional one-year renewals pending budget approval, for a cumulative contract total amount of up to $1,350,000.00.

FISCAL IMPACT/COST/REVENUE STATEMENT:
Funding in the amount of $10,000.00 is budgeted and available for FY 2025 in the Water and Wastewater Unit Fund, Utilities O&M Department. Funding in the amount of $178,000.00 will be budgeted for FY 2026; $178,000.00 for FY 2027; and $178,000.00 for FY 2028, contingent upon approval from the BCC of the various budgets. Funding in the amount of $178,000.00 will be requested for FY 2029, and $178,000.00 for FY 2030, contingent upon annual renewals and approval from the BCC of the various budgets.

Funding in the amount of $50,000.00 is available for FY 2025 in the Solid Waste System Fund, Solid Waste Disposal-Landfill, Other Services. Funding in the amount of $50,000.00 for FY 2026; $50,000.00 for FY 2027; and $50,000.00 for FY 2028, contingent upon approval from the BCC of various budgets.

Funding in the amount of $50,000.00 will be budgeted for FY 2026 in the Transportation Trust Fund and Stormwater Management Fund, Public Works Department. Funding in the amount of $50,000.00 will be budgeted for FY 2027, and $50,000.00 for FY 2028, contingent upon approval from the BCC of various budgets. Funding in the amount of $50,000.00 will be requested for FY 2029, and $50,000.00 for FY 2030, contingent upon annual renewals and approval from the BCC of the various budgets.

BOARD OF COUNTY COMMISSIONERS
AGENDA MEMORANDUM

COMMISSION DISTRICT: All **FILE NO.:** SW26-0306 **DATE:** 6/16/2026

SUBJECT: Public Construction and Payment Bond with Surety Rider – Reworld Pasco, LLC f/k/a Reworld Pasco, Inc. f/k/a Covanta Pasco, Inc. – Pasco County Waste-to-Energy (WTE) Expansion – No Funding Required

REFERENCES: SW23-0430

AGENDA SECTION: Consent Agenda

THRU: Branford Adumuah, Assistant County Administrator

FROM: Kevin Pliska, Solid Waste Director

RECOMMENDED BOARD ACTION:
Approve and accept the certified copy of the recorded Public Construction and Payment Bond with Surety Rider, pursuant to the approved Design-Build Agreement entered into on September 5, 2023, between the County and Reworld Pasco, LLC f/k/a Reworld Pasco, Inc. f/k/a Covanta Pasco, Inc. for the Waste-to-Energy (WTE) Expansion and direct Board Records to distribute per the distribution section below.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:
On September 5, 2023, the Board of County Commissioners approved the Design-Build Agreement with Reworld Pasco, LLC, f/k/a Reworld Pasco, Inc., f/k/a Covanta Pasco, Inc. for the WTE Expansion. Pursuant to the Design-Build Agreement, a Public Construction and Payment Bond is required to be obtained, recorded, and a certified copy of the recorded Public Construction and Payment Bond be provided to the County for the County's files prior to commencing construction and payment for construction services. The certified copy of the recorded Public Construction and Payment Bond was received on August 1, 2024.

FISCAL IMPACT/COST/REVENUE STATEMENT:
Funding is not required for this action.

DISTRIBUTION:
Board Records to distribute as set forth below:

1. Retain the Certified copy of the recorded Construction and Payment Bond with Surety Rider and file with the Design-Build Agreement approved on September 5, 2023.

ATTACHMENT(S):
1. SW26-0306 Performance and Payment Bond Forms K41915882 with Rider (Recorded Certified Copy)

[ ] See Attachment ("Legal Description")

The existing Pasco County Solid Waste Resource Recovery Facility, located at 14230 Hays Road Spring Hill Florida, shall be expanding by adding a Unit #4 (The "Pasco Expansion" or "Expansion"). The Expansion will include one mass-burn thermal treatment unit, with capacity of 475 tons/day of waste. The Expansion will incorporate an independent process train with a combustion grate, boiler, air pollution control equipment, and a 15MW steam turbine generator.

BOND NO. K41915882

PUBLIC CONSTRUCTION BOND

BY THIS BOND, We Reworld Pasco, Inc. f/k/a Covanta Pasco, Inc., as Principal and Federal Insurance Company, an Indiana corporation, as Surety, are bound to Pasco County Board of County Commissioners, herein called Owner, in the sum of TWO HUNDRED FORTY MILLION SIX HUNDRED THIRTY SEVEN THOUSAND FOUR HUNDRED TWENTY SIX 99/100—($240,637,426.99) DOLLARS, for payment of which we bind ourselves, our heirs, personal representatives, successors, and assigns, jointly and severally.

THE CONDITION OF THIS BOND is that if Principal:

1. Performs the contract dated 9/5/2023, between Principal and Owner for construction of **Pasco County Waste-to-Energy Plant Expansion at 14230 Hays Road, Spring Hill, FL, 34610**, (hereinafter the "Contract"), the Contract being made a part of this bond by reference, at the times and in the manner prescribed in the Contract; and

2. Promptly makes payment to all claimants, as defined in Section 255.05(1), Florida Statutes, supplying Principal with labor, materials or supplies used directly or indirectly by Principal in the prosecution of the work provided for in the contract; and

3. Pays Owner all losses, damages, expenses, costs, and attorney's fees, including appellate proceedings, that Owner sustains because of a default by Principal under the Contract; and

4. Performs the guarantee of all work and materials furnished under the Contract for the time specified in the contract, then this bond is void; otherwise it remains in full force.

Any action instituted by a claimant under this bond for payment must be in accordance with the notice and time limitation provisions in Section 255.05(2), Florida Statutes.

Any changes in or under the Contract documents (including extension of time, alternatives or additions to the terms of the Contract or specifications referred to within), and compliance or noncompliance with any formalities connected with the Contract or the changes does not affect Surety's obligation under this bond, and it does hereby waive notice of any such changes, extension of time, alterations or additions to the terms of the Contract or to work or to the specifications.

PROVIDED, HOWEVER, if modifications of the original contract amount cumulatively result in modifications of the contract amount in excess of fifteen percent (15%) of the original contract amount, the Surety's approval shall be required to bind the Surety under the Bond on that portion in excess of fifteen percent (15%) of the original contract amount.

THIS BOND IS DATED THIS 22nd day of July, 2024 (the date of issue by the Surety or by the Surety's agent and the date of such agent's power-of-attorney).

Description of Project (including if applicable, a legal description and the street address of the property being improved and a general description of the improvement):

[ ] See Attachment ("Legal Description")

The existing Pasco County Solid Waste Resource Recovery Facility, located at 14230 Hays Road Spring Hill Florida, shall be expanded by adding a Unit #4 (The "Pasco Expansion" or "Expansion"). The Expansion will include one mass-burn thermal treatment unit, with a capacity of 475 tons/day of waste. The Expansion will incorporate an independent process train with a combustion grate, boiler, air pollution control equipment, and a 15MW steam turbine generator

BOND NO. K41915882

PAYMENT BOND

I. KNOW ALL PERSONS BY THESE PRESENTS: That Reworld Pasco, Inc. f/k/a Covanta Pasco, Inc. , as Principal, whose address is 14230 Hays Road, Spring Hill, FL 34610 , and Federal Insurance Company , as Surety, whose address is 600 Independence Parkway, Chesapeake, Virginia 23320 are held and firmly bound unto the Board of County Commissioners, Pasco County, Florida, as Obligee in the sum of TWO HUNDRED FORTY MILLION SIX HUNDRED THIRTY SEVEN THOUSAND FOUR HUNDRED TWENTY SIX 99/100----($240,637,426.99)DOLLARS, for the payment whereof we bind ourselves, our heirs, executors, personal representatives, successors and assigns, jointly and severally, firmly by these presents.

II. WHEREAS, the Principal has entered into a contract with Obligee, dated the 5th day of September, 2023, for **Pasco County Waste-to-Energy Plant Expansion at 14230 Hays Road, Spring Hill, FL 34610,**; in accordance with drawings and specifications, which contract is by reference made a part hereof, and is hereinafter referred to as the Contract.

III. A. NOW THEREFORE, THE CONDITION OF THIS BOND IS THAT IF THE PRINCIPAL:

1. Shall promptly make payments to all claimants as defined in section 255.05(1), Florida Statutes, supplying the Principal with labor, materials, or supplies, as used directly or indirectly by the Principal in the prosecution of the work provided for in the Contract; and

2. Shall pay the Obligee for all losses, damages, expenses, costs, and attorney's fees, including those resulting from appellate proceedings, that the Obligee sustains because of a default by the Principal in contravention to the Contract in regard to payment for such labor, materials, or supplies furnished to the Principal; then this Bond is void; otherwise, this Bond remains in full force and effect.

B. BE IT FURTHER KNOWN:

1. Any changes in or under the Contract and compliance or noncompliance with any formalities connected with the said Contract or alterations which may be made in the terms of the said Contract, or in the work to be done under it, or the giving by the Obligee of any extension of time for the performance of the said Contract, or any other forbearance on the part of the Obligee or Principal to the other, shall not in any way release the Principal and the Surety, or either or any of them, their heirs, their personal representatives, their successors or their assigns from liability hereunder, notice to the Surety of any such changes, alterations, extensions or forbearance being hereby waived.

2. Certain claimants seeking the protection of this Bond must timely comply with the strict requirements set forth in section 255.05, Florida Statutes, and as otherwise provided by law.

3. As concerns payment for labor, materials and supplies, as affects certain claimants, no legal action shall be instituted against the Principal or Surety on this Bond after one (1) year from the performance of labor or the completion of delivery of the materials or supplies as is specifically mandated pursuant to section 255.05, Florida Statutes.

THIS BOND IS DATED THIS 22nd day of July, 2024 (the date of issue by the Surety or by the Surety's agent and the date of such agent's power-of-attorney).

BOARD OF COUNTY COMMISSIONERS
AGENDA MEMORANDUM

COMMISSION DISTRICT: All **FILE NO.:** SW23-0430 **DATE:** 9/5/2023

SUBJECT: Approval of Waste to Energy (WTE) Design-Build Agreement, Contingent Payments Agreement, and Service Agreement for WTE Expansion and Continued Facility Operation – Covanta Pasco, Inc. – $260,000,000.00 Design-Build Agreement and $290,000,000.00 Service Agreement

REFERENCES: UTSW20-0373, UTSW22-0050

AGENDA SECTION: Regular Agenda

THRU: Branford Adumuah, Assistant County Administrator

FROM: Justin Roessler, Solid Waste Director

RECOMMENDED BOARD ACTION:

Approve the Fourth Amended and Restated Service Agreement (Service Agreement), the Design-Build Agreement (DBA) for WTE Facility Expansion, and the Contingent Payments Agreement between Covanta Pasco, Inc. (Covanta) and Pasco County. The Not to Exceed (NTE) price for the DBA is $260 Million (M), inclusive of $9.85M for allowance work. The anticipated direct costs (not inclusive of pass-through costs for consumables such as chemicals) to be incurred over the 10 year term of the service agreement, are estimated to be $290M. The Contingent Payments Agreement may provide tax credits to the County. Authorize the Chairman to execute three originals of each Agreement, and direct Board Records to distribute as set forth under the Distribution section below.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

In 1988, the Board of County Commissioners (BCC) entered into an agreement with Covanta to design, build, and operate the Pasco County WTE facility. On March 28, 1989, the BCC approved an Amended and Restated Service Agreement with Covanta to operate and maintain the WTE facility for a 20-year period. This agreement has been extended twice since that time, most recently on December 5, 2013, and is currently set to expire on December 31, 2024.

On April 2, 2019, the Solid Waste and Resource Recovery Department (Department) presented the BCC its solid waste master plan, outlining the long-term waste management strategy for the County. The key component of this plan is expanding the capacity of the WTE Facility to allow for processing of all garbage within the County into renewable energy, thereby reducing the volume of waste landfilled. On February 18, 2020, the BCC authorized staff to begin negotiations with Covanta on a 10-year service agreement (2025 through 2034) and the DBA for the WTE expansion.

On December 7, 2021, the BCC awarded Covanta a Stage 1 Design and Pre-Procurement Services contract to develop the expansion up to a 30% design level of effort and to secure more firm commitments from large equipment suppliers. On August 16, 2022, the Inflation Reduction Act (IRA) was signed into law. The IRA provides certain financial incentives and tax credits for renewable energy projects, under which the DBA qualifies, provided certain labor and domestic materials requirements are met.

Consistent with directions from the BCC, the Department has reached an agreement with Covanta for the WTE DBA and Service Agreements and is presenting them for execution. In addition, a Contingent Payments Agreement has been developed which outlines the steps the parties will take in pursuing funding under the IRA and the cost and labor structure associated with that process. A high-level summary of the critical components of the agreements is provided in the bullets below:

Design Build Agreement

- A NTE of $260M for the WTE expansion. The NTE price is inclusive of a $30M project contingency fund used for cost escalation due to the dynamic construction and supply chain marketplace and additional possible cost increases. In the event the contingency fund is not depleted during the project the remaining funds will be split between the parties.
- A 36-month project timeline; the table below outlines the project schedule:

Project Phase	**Start**	**Finish**
Design and Off-Site Fabrication	Summer 2023	Fall 2024
Construction	Summer 2024	Summer 2026
First Fire and Commissioning	Summer 2026	Summer 2026
Commercial Operation	Summer 2026	September 2026

- Liquidated damages of up to $29,500.00 dollars per day of delay in the event that Covanta fails to reach full commercial operation prior to the 36-month contract end date.
- A funds drawdown schedule outlining the County's maximum monthly obligation with respect to payments for WTE expansion construction. This will allow the enterprise fund to effectively manage its cash reserves and appropriately plan its borrowing schedule.
- WTE expansion performance guarantees garbage throughput, electrical generation, and environmental permit compliance. In the event these guarantees are not met, there are significant financial penalties for Covanta up to and including repayment of all project funds.
- The DBA includes an allowance that can be authorized by the Assistant County Administrator for County authorized changes to the scope of work.

Inflation Reduction Act (IRA)

- The Contingent Payments Agreement requires Covanta's initial funding of costs associated with qualification for the Investment Tax Credit (ITC) under the IRA.

This will include an insurance product to provide reimbursement in the event that the funds associated with the ITC are not captured or not paid in the maximum amount.

- The parties will split the ITC following reimbursement to Covanta of the expenses associated with qualification.
- The County's net award is anticipated to be on the order of approximately $20M following completion of the project and federal approval of the associated tax return in 2027.

Fourth Amended and Restated Service Agreement

- A 10-year service agreement extension, starting on January 1, 2025, and continuing through December 31, 2034.
- An extension of the current cost per ton pricing structure for the existing WTE facility prior to expansion operation. Once the expansion commences operation, Covanta's fee will be reduced by 6.6%. The cost structure is presented in the table below. It is in 2023 dollars, and will escalate annually consistent with the cost escalation indices contained in the agreement. The per ton costs do not consider revenues received by the County from the sale of power and recycled materials generated during the WTE process.
- Covanta will receive a $9.75 MW/hr payment for the generation of electricity from the WTE facility starting in 2025. This is materially lower than the $26 MW/hr the County is obligated to pay in FY 2024 under its current agreement.

Facility Size		**Cost Per Ton**
Existing Plant	1 to 326,000 tons - $53.82	326,001 tons and above - $36.70
Expanded Plant	1 to 448,001 tons - $50.50	448,002 tons and above - $33.38

Costs associated with the project fall within the budgeted range of the Department's 7 dollars for 7 years non-ad valorem assessment rate adjustment plan. The 7 for 7 plan was developed in 2019 prior to Covid-19 and the nationwide economic and inflationary impacts associated with the recovery. It is expected that following the 7 for 7 plan the non-ad valorem rates will need to be adjusted periodically to remain consistent with inflation. The Department does expect to secure debt financing on the order of $90M to $100M in late 2025 to fund a portion of the construction costs.

FISCAL IMPACT/COST/REVENUE STATEMENT:

Funding in the amount of $19,000,000.00 is budgeted and available for FY 2023, $62,000,000.00 in FY 2024; $106,000,000.00 in FY 2025; $73,000,000.00 in FY 2026; in the Solid Waste Capital Fund, Solid Waste Capital, Project #20132 subject to approval from the BCC of future year budgets. There is a drawdown schedule attached to the contract that provides a maximum spend per fiscal year. At this time, Solid Waste is requesting permission to allow leftover funds to roll to subsequent periods and years

(in the Not-to-Exceed amount of $260,000,000.00 to be encumbered as needed). Therefore, the amounts described above, including remaining amounts to be financed with debt, per Reimbursement Resolution No. 23-084 will serve as identification of funding sources for this project.

Funding in the amount of $290,000,000.00 for the service agreement component described above, and which is subject to future commodity price indexing, will be identified and requested beginning with the FY 2025 budget process and will continue through the duration of the agreement in the Solid Waste System Fund, Solid Waste/Resource Recovery Department, and other various accounts within the Public Infrastructure Branch. These amounts will be subject to board approval of the various budgets.

DISTRIBUTION:

Board Records to distribute as set forth below:

BOARD OF COUNTY COMMISSIONERS
AGENDA MEMORANDUM

COMMISSION DISTRICT: 5 **FILE NO.:** TED26-0028 **DATE:** 6/16/2026

SUBJECT: Task Order No. TED26-0028 – WSP USA Inc. – Design and Post Design Services for Zimmerman Road Sidewalk from Ranch Road to State Road 52 – $184,975.67

REFERENCES: RSQ-KM-23-060, PMM24-010, PU23-0036

AGENDA SECTION: Consent Agenda

THRU: Branford Adumuah, Assistant County Administrator

FROM: Panos Kontses, P.E., CPM, Interim Transportation Engineering Director

RECOMMENDED BOARD ACTION:

Approve Task Order No. TED26-0028 for WSP USA Inc. (WSP) to provide project management support for design and post design services for a 6-foot-wide sidewalk along the east side of Zimmerman Road (from Ranch Road to State Road 52) in the Not to Exceed (NTE) amount of $184,975.67 for Fiscal Year (FY) 2026. Authorize the Chairman to execute the one original of the Task Order provided, and direct Board Records to distribute as set forth under the Distribution section below.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

On July 11, 2023, the Board of County Commissioners (BCC) approved the shortlist for miscellaneous professional engineering services for Solicitation No. RSQ-KM-23-060, and delegated authority to the County Administrator to approve professional services agreements with fifteen shortlisted consultants, including WSP, to provide services to the Transportation Engineering Department (TED) related to planning, design, construction, installation, operation, and administration of Transportation Capital Improvement Projects (PU23-0036).

On December 20, 2023, the County Administrator signed the Professional Services Agreement with WSP, effective October 1, 2023 (IOM No. PMM24-010). The agreement is still in effect and work is assigned on a task-order basis.

This Task Order authorizes WSP to provide design and post design services for a 6-foot-wide sidewalk along the east side of Zimmerman Road (from Ranch Road to State Road 52), a length of approximately 1.0 mile, and for a mid-block crossing with Rectangular Rapid Flashing Beacons on Zimmerman Road south of Foxbloom Drive.

The proposed sidewalk will enhance pedestrian safety and accessibility for local residents and students attending Gulf Highlands Elementary School. Construction will be procured under a separate award. Funding for construction will be provided through the Florida Department of Transportation's Local Agency Program and the Safe Routes to School initiative.

The design services for this Task Order shall be completed within two hundred and forty (240) calendar days following the issuance of the initial Notice to Proceed. The post design services shall be completed within sixty (60) days of the date that final completion is achieved on the construction portion of the project.

The Project Management Division of TED, with concurrence from the Purchasing Department, requests approval of Task Order No. TED26-0028 with WSP in the NTE amount of $184,975.67 for FY 2026.

Project Phase	Schedule Start	Schedule Finish	Budget FY	Budget Amount
Design and Post-Design Services	June 2026	June 2028	2026	$184,975.67
Construction*	July 2027	April 2028	2028	$1,809,655.35
Construction and Engineering Inspection (CEI) Services*	July 2027	April 2028	2028	$125,000.00
			Total:	$2,119,631.02

*The costs of Construction and CEI Services are estimates and subject to change based on final design.

FISCAL IMPACT/COST/REVENUE STATEMENT:
Funding in the amount of $184,975.67 is budgeted and available for FY 2026 in the Penny Transportation Infrastructure Fund, Transportation Engineering Department, Project Number 25027.

PASCO COUNTY, FLORIDA

TASK ORDER NO. TED26-0028

ZIMMERMAN ROAD SIDEWALK (RANCH ROAD TO STATE ROAD 52)

This Task Order No. TED26-0028 between Pasco County, Florida, by and through its Board of County Commissioners ("County"), and WSP USA Inc. (Consultant), is executed pursuant to the Professional Services Agreement for solicitation no. RSQ-KM-23-060, effective as of October 1, 2023 ("Agreement"), which is incorporated herein by reference.

1. **SCOPE OF SERVICES**

The Scope of Services to be rendered by the Consultant is described within Exhibit "A" of this Task Order, which is attached hereto and made part hereof as if fully set forth herein.

2. **TERM**

The term of this Task Order shall begin on the date the Task Order is signed by the County, and shall continue as set forth within Exhibit "A" of this Task Order. Any separate written Notice to Proceed issued pursuant to this Task Order shall become part of it.

3. **COMPENSATION AND METHOD OF PAYMENT**

The Consultant will be paid for these services in accordance with Exhibit "B" of this Task Order, the Fee Summary, which is attached hereto and made part hereof as if fully set forth herein. The maximum compensation amount under this Task Order is one hundred eighty-four thousand nine hundred seventy-five and 67/100 dollars ($184,975.67).

4. **CONFLICT**

To the extent there is a conflict between the terms of the Agreement and this Task Order, the terms of the Agreement shall prevail.

[Signature Page Follows]

IN WITNESS WHEREOF, the parties hereto, by their duly authorized representatives, have executed this Task Order No. TED26-0028, effective the last date listed below.

ZIMMERMAN ROAD SIDEWALK
(RANCH ROAD TO S.R. 52)

TASK ORDER NO. TED26-0028

WORK ORDER NO. 025027

JUNE 2026

Pasco County Transportation Engineering Department
Project Management Division
5418 Sunset Rd.
New Port Richey, Florida 34652

I. PROJECT DESCRIPTION

The purpose of this exhibit is to describe the Task Order scope of services and the responsibilities of the Consultant and the County in connection with the preparation of Construction Plans, Design Documentation, Technical Special Provisions and Technical Specifications, the list of items and quantities to be bid (collectively, "Solicitation Documents"), and post design services for a 6-foot wide sidewalk along the east side of Zimmerman Road from Ranch Road to SR 52; a length of approximately 1.0 mile.

The work includes, but is not limited to, designing sidewalks, curb ramps, side street and driveway adjustments, and all associated signing and pavement markings. Other work activities include review of existing drainage patterns and facilities for compatibility with the project, permitting, and utility coordination services.

II. GENERAL REQUIREMENTS

The services performed by the Consultant shall comply with all applicable County and FDOT manuals and guidelines, Florida Statutes, Federal regulations, and all applicable local, state, and federal law. The current edition, including updates, of the following manuals and guidelines shall be used in the performance of this work. The governing regulations and laws include but are not limited to:

- The Americans with Disabilities Act (ADA)
- Manual of Uniform Minimum Standards for Design, Construction and Maintenance for Streets and Highways (2023 Florida Greenbook)
- FDOT Standard Plans for Road Construction
- FDOT Standard Specifications for Road and Bridge Construction
- FHWA Manual on Uniform Traffic Control Devices for Streets and Highways (MUTCD)
- AASHTO Highway Safety Manual
- FDOT Flexible Pavement Design Manual
- FDOT CADD Manual
- FDOT Basis of Estimates Manual
- U.S. Access Board's Public Right-of-Way Accessibility Guidelines

The Consultant shall produce all plans consistent with the following:

- English units of measurement
- Plan and profile sheets at a scale of 1" = 40'
- 11"x17" sheet size

III. SCOPE OF WORK

Task 1: Project Management & Quality Control

1.1 General Tasks

The Consultant shall be responsible for managing the work of its personnel and the work of its subconsultants. The Consultant will also be responsible for communicating with third parties, documenting such communications, and maintaining proper project files for delivery to the County at the completion of the work.

The Consultant, including their subconsultant(s), are responsible for their work, including plan reviews. The Consultant's plan reviews must ensure the plans follow state and federal design criteria, with the County concept, and that the Consultant's submittals are complete. All subconsultant submittals shall be directly provided to the Consultant for their independent Quality Assurance/Quality Control ("QC") review and subsequently submitted to the County.

It is the Consultant's responsibility to independently and continually QC their plans and other deliverables. The Consultant should regularly communicate with the County's Project Manager to discuss and resolve issues or solicit opinions from those within designated areas of expertise. The Consultant shall be responsible for the professional quality, technical accuracy, and coordination of all surveys, designs, drawings, specifications, and other services furnished by the Consultant and their subconsultant(s) under this Task Order.

The Consultant shall also be responsible for invoicing, attaching progress reports, and updating the project schedule, as necessary.

1.2 Project Meetings

The Consultant shall participate in one (1) project kickoff meeting with the County and conduct informal telephone meetings on an as-needed basis.

The Consultant shall attend three (3) progress meetings with the County, including one (1) progress meeting following the County's review of the 30% submittal (Conceptual Layout); one (1) site review meeting, in the field, with the County after the Consultant has reviewed the County's 60% submittal comments; and one (1) progress meeting following the County's review of the 100% submittal.

<u>Utility Coordination Meetings</u>

The Consultant shall organize and attend a utility coordination meeting held within eighteen days of the 60% & a utility coordination meeting held within eighteen days of the 100% design

review submittals. Representation at the meeting should consist of all Utility Agency Owners (UAOs), the Consultant and the County's Project Manager. The Consultant shall moderate the meeting and discuss the design with particular emphasis on drainage and maintenance of traffic. Additional discussion shall address special construction activities, project scheduling, and agreement options available. Based on commitments made at the utility meetings, the Consultant shall prepare and distribute detailed minutes and recommended course of action in the relocation of each utility in conflict with the Project.

Roadway Field Reviews

In addition to the field review meeting associated with the 60% submittal progress meeting, the Consultant shall conduct one (1) site review prior to the 60% plans submittal and one (1) additional site review after the 60% plan submittal and prior to 100% plans submittal.

The Consultant shall conduct two (2) drainage field reviews; one wet and one dry field review regarding drainage.

Task 2: 30% Design Stage

2.1 Topographic Survey

The County will provide the topographic survey. The Consultant shall review the topographic survey and, if necessary, request any additional survey from the County's Survey & Mapping/Geomatics Division (SAM/G).

2.2 Sidewalk Design

Horizontal/Vertical Master Design Files

The Consultant shall setup the horizontal/vertical master design file and maintain the design file throughout the life of the design.

The Consultant shall design geometrics with proper consideration to the adjacent land uses, design consistency and driver expectancy, aesthetics, pedestrian and bicycle concerns, ADA requirements, elder road user policy, and this scope of services.

The horizontal alignment or plan portion shall include the entire mainline baseline and/or centerline of construction, back of sidewalk profile, with the proposed sidewalk, proposed gravity wall, existing topography, existing and proposed right-of-way limits; begin and end transitions, begin and end project limits, and geometric parameters.

The Consultant shall develop a preliminary typical section including but not limited to right of way line, existing roadway, proposed sidewalk location, clear zone and any other pertinent information.

Design Documentation / Design Variations

The Consultant shall submit a request for a variance for design criteria not meeting the minimum requirements of the 2023 Florida Greenbook. The Consultant shall submit all required Design Variations in a short memo format (one page or less) for the County's approval.

Anticipated Design Variations: Lateral Offset.

Design variation to be provided with 60% submittal.

Cross Section Design Files

The Consultant shall establish and develop cross-sections every 50 feet, and at all driveways and side streets.

2.3 Drainage Design

The Consultant's drainage design shall maintain historical drainage patterns, outfall locations, and modify existing structures as practical. The proposed construction should require minimal drainage modifications, utilizing existing facilities where possible, avoid wetland impacts and maintain existing drainage/floodplain storage volumes; be cost-effective; not create flooding problems upstream or downstream; provide for the safety of roadway users; and be consistent with work in the vicinity by other municipalities, regulatory agencies and private developments. The Consultant shall be responsible for determining and coordinating with other projects or work in the area.

The Consultant shall gather all existing data, as-built information, and perform a preliminary drainage analysis.

The Consultant shall establish preliminary cross-sections capturing drainage ditches and structures.

2.4 30% Plan Set

The Consultant shall prepare and submit 30% plans to the County consistent with Table 1 (see Page A-12).

2.5 Permitting

Project Research

The Consultant shall identify, obtain, and review existing environmental permits, previously prepared reports, and details regarding easements within the corridor.

The Consultant shall schedule a Pre-Application meeting with applicable permitting agencies and the County to identify specific permitting requirements for the project. The Consultant shall provide meeting minutes for review and approval by the County.

2.6 Utility Coordination

Identifying Existing Utility Agency Owners (UAO(s))

The Consultant shall identify the existing utilities in the corridor; check with Sunshine 811 and the topographic survey.

The Consultant shall contact all UAO(s) identified above with an email notification of the proposed project and include 30% plans.

Task 3: 60% Design Stage

3.1 Sidewalk Design

Horizontal/Vertical Master Design Files

The Consultant shall complete the horizontal alignment and vertical profile for back of sidewalk and gravity wall(s).

The Consultant shall complete the typical sections and associated details.

Design Documentation / Design Variations

The Consultant must have approval from the County and, if applicable, FDOT for any requested Design Variations.

Cross Section Design Files

The Consultant shall continue developing the cross-sections design file.

3.2 Drainage Design

The Consultant shall establish a drainage design and make modifications to the existing drainage system, as necessary, to accommodate the proposed design while offsetting any impacts to ensure drainage volumes and flows are not adversely affected. The Consultant shall improve conveyance of runoff to historical outfall(s) at the Zimmerman Road / Ranch Road intersection through use of roadway pavement design The Consultant shall prepare a preliminary drainage report.

3.3 Consultant's Engineer's Cost Estimate and Bid Forms

The Consultant shall prepare a draft engineer's cost estimate for the construction of the project utilizing FDOT historical item average cost reports for Market Area 07 (includes Pasco County).

The Consultant shall prepare and submit draft bid forms with quantities for all items that comprise the project design using the bid sheet template provided by the County.

3.4 Subsurface Utility Engineering (SUE) Survey Services

The Consultant shall collect, analyze, and process all field data needed for **Quality Level B Designation** - two-dimensional survey location of existing utilities including non-destructive excavation to determine the size, type, and location of existing utilities for final three-dimensional verification. The Consultant shall review Level B designation survey to determine potential conflicts with proposed design and provide a **Quality Level A Designation** (SUE holes) at locations the Consultant identifies to be in potential conflict.

3.5 Signing and Pavement Marking Design

The Consultant shall prepare signing and pavement marking content to include on the sidewalk plan sheets, including any traffic control devices.

The Consultant shall design one (1) Rapid Rectangular Flashing Beacon (RRFB) crossing at the intersection of Zimmerman Road and Foxbloom Drive.

3.6 60% Plan Set

The Consultant shall prepare and submit 60% plans to the County, consistent with Table 1 (see Page A-12).

The Consultant, designated as a representative by the County for the purpose of comment responses in FDOT's Electronic Review Comment (ERC) system, will be responsible for comment responses in FDOT's ERC system.

3.7 Permitting

The Consultant shall delineate all Wetlands and Other Surface Waters if applicable. The Consultant shall acquire all state and federal permits required for the proposed project.

Species Surveys

The Florida Fish and Wildlife Conservation Commission (FWC) administers and maintains the state list of animals designated as endangered, threatened, or species of special concern and the Florida Administrative Code (F.A.C.) Rule 5B-40 contains the official list of protected plants (Florida Regulated Plant Index). The Consultant shall determine whether there are any listed plant and/or wildlife species within the limits of the project. A confirmation from the Consultant that a listed plant and/or wildlife species is present within the project limits will require the Consultant to initiate a Change Order to address this issue.

Agency Verification of Wetland Data

The Consultant shall be responsible for verification of wetland and other surface water data identified within the project limits, coordinating regulatory agency field reviews, and finalizing assessments and jurisdictional determinations with the applicable agencies.

Environmental Permit Applications

Per Rule 62-330.051(10), F.A.C., all work related to this project is exempt from permitting with SWFWMD.

The Consultant shall prepare a SWFWMD Request for Verification of an Exemption application. The Consultant shall prepare all forms, narratives, calculations, exhibits, permit drawings, etc., necessary for the application submittal.

The Consultant shall submit the completed draft application to the County for review and signature. After receiving and incorporating comments from the 60% design plans review, the Consultant shall submit the completed signed application to SWFWMD. Additionally, the Consultant shall prepare and publish a Notice of Agency Action form according to the Publishing Guidelines outlined on SWFWMD's website:

(https://www.swfwmd.state.fl.us/business/epermitting/third-party-noticing).

The Consultant shall prepare responses to all agency requests for additional information (RAI), including completion of design revisions that may be required to secure the required permits, and provide draft response packages to County.

The Consultant shall acquire all state and federal permits required for the proposed project.

3.8 Utility Coordination

The Consultant shall secure draft agreements, draft utility work schedules, and plans from the UAO(s).

Utility Adjustment Plans

The 60% design review submittal shall include all existing utilities drawn on the sidewalk plans, cross section and drainage structure sheets. The Consultant is to identify all potential conflicts based on the information provided by the utility agencies and companies and horizontal and vertical field investigations.

The Consultant shall provide the UAOs with the project plans, and/or electronic files at the 60% design phase, as drafted by the Consultant. At the completion of the 60% design stage, the Consultant shall instruct the UAOs to return a set of plans to the Consultant showing their utility relocation adjustment and new facilities designs, and existing utilities to remain. The County's utility coordination responsibilities throughout the design process is to assist the Consultant with resolving utility conflicts.

3.9 Technical Special Provisions and Technical Specifications

The Consultant shall assist the County in preparing a complete draft of solicitation documents. The Consultant shall provide a draft of all applicable Technical Special Provisions and review required County and FDOT technical specifications for all items and areas of work.

The Consultant will prepare and submit a draft set of the FDOT LAP Specifications utilizing FDOT Specs on the Web.

3.10 Temporary Traffic Control Plan (TTCP) and Notes

The Consultant shall prepare a project specific Level I Temporary Traffic Control Plan (TTCP) in accordance with applicable Florida Department of Transportation (FDOT) standards. The TTCP shall include, at a minimum:

- A typical section appropriate for the project scope and roadway conditions;
- Project-specific FDOT Standard Plans, 102 Series, tailored to the anticipated traffic control needs;
- Supporting notes and annotations necessary to convey intent, ensure compliance, facilitate implementation and pertinent details.

Task 4: 100% Design Stage

4.1 Sidewalk Design

Horizontal/Vertical Master Design Files

The Consultant shall make final adjustments to the horizontal alignment and vertical profile for back of sidewalk and gravity wall(s).

Cross Section Design Files

The Consultant shall complete the cross-sections design file.

The Consultant shall complete the half sections for driveways and side streets.

4.2 Drainage Design

The Consultant shall address all comments from the permitting agencies. The Consultant shall finalize special grading and the modifications made to the existing system to accommodate the proposed design. The Consultant shall finalize the drainage report, demonstrating that the proposed design has no adverse impacts on the existing drainage system.

4.3 Engineer's Cost Estimate and Bid Forms

The Consultant shall complete the Consultant's engineer's cost estimate and bid forms.

4.4 Signing & Pavement Marking Design

Signing & Pavement Marking Plans

The Consultant shall complete the Signing & Pavement Marking content shown on the sidewalk plan sheets.

The Consultant shall complete the design of one (1) Rapid Rectangular Flashing Beacon (RRFB) crossing at the intersection of Zimmerman Road and Foxbloom Drive.

4.5 100% Plan Set

The Consultant shall prepare and submit 100% plans to the County consistent with Table 1 (beginning on Page A-12).

4.6 Permitting

The Consultant shall coordinate with the County's Project Manager while obtaining permits and shall prepare responses to all agency requests for additional information (RAIs), including completion of design revisions necessary to secure the required permits, and provide draft response packages to County.

4.7 Utility Coordination

The Consultant shall secure agreements, utility work schedules, and plans from the UAO(s), ensuring no conflicts exist between utility facilities and the County's construction project. The Consultant shall certify all utility negotiations are complete and that arrangements are made for utility work.

Utility Adjustment Plans

The Consultant shall provide the UAO(s) the project plans, and/or electronic files at the 100% design phase, as drafted by the Consultant.

Final Agreements to Utilities (Final Plans)

The Consultant shall transmit the necessary documents and furnish one complete set of plans to each UAO.

Review and Acceptance

The Consultant shall be responsible for making all necessary reviews and accepting the utility work schedules (UWS) to schedule any utility work the construction contractor for the project is not contracted to perform.

Close-out

The Consultant shall provide to the County the following for each UAO with facilities within the project limits:

Executed Utility Work Schedule (UWS) and any technical special provisions.

OR

- A written No Conflict or No Involvement statement. .

4.8 Temporary Traffic Control Plan (TTCP) and Notes

The Consultant shall finalize Temporary Traffic Control Plan (TTCP).

Task 5: Provide Final Plans and Solicitation Documents

5.1 Final plan set

The Consultant shall prepare and submit Final plans to the County consistent with Table 1 (beginning on Page A-12).

5.2 Solicitation Documents Preparation

The Consultant shall provide final Technical Special Provisions and all required County and FDOT technical specifications for all items and areas of work.

5.3 Engineer's Cost Estimate & Quantities and Bid Forms

The Consultant shall finalize the Consultant's engineer's cost estimate and bid forms.

5.4 Design Deliverables

Prior to submitting final signed and sealed plans and solicitation documents, the Consultant shall submit one electronic copy of the plans and comment responses to the County's Project Manager for review. The final submittal will convey all Final Deliverables electronically in PDF and shall include the following:

- One (1) thumb drive or digital download with all CADD design files (DWG and/or DGN)
- Signed and sealed PDF of the construction plan set
- Signed and sealed Final Technical Special Provisions (if applicable)
- Signed Utility Agreements and Work Schedules
- Final Consultant Engineer's Cost Estimate
- Signed and sealed Final Drainage Analysis Report
- Final Bid forms (Excel file)
- Affidavit of publication from the newspaper for the Notice of Agency Action
- All above items electronically in PDF, with the exception of the bid form which shall be .xlsx format

IV. LENGTH OF DESIGN SERVICES

Work shall commence after the Board of County Commissioners' approval of the task order, on the date specified in a written Notice to Proceed (NTP) issued by the County. The Consultant shall have 240 calendar days from the date specified in the NTP to complete the Design Services.

Within Ten (10) calendar days after issuance of the NTP for Design Services, the Consultant shall provide a Microsoft Project Schedule to the County Project Manager. The Consultant shall update the project schedule and include the schedule with each monthly invoice submittal.

There will be four design submittals to the County: one at the 30% Design Phase (Conceptual Layout), one at the 60% Design Phase, one at the 100% Design Phase and a Final Submittal. The County and FDOT have 30 calendar days for review of each of these submittals and to submit comments to the Consultant. The County shall have seven (7) calendar days to provide the Consultant with comments on the draft Final Deliverables. The Consultant shall revise the Solicitation Documents as needed to satisfy the comments within the 240 calendar days allotted to the Consultant. If the Consultant is not able to provide satisfactory revisions to the Final Deliverables within the 240 calendar days, the Consultant shall request a no-cost

Change Order to extend the NTP's Time of Completion set forth in the Task Order prior to the expiration of said time period. If the County or FDOT's review of any submittal exceeds the allotted time at any point in the Design Phase, the County shall execute a Change Order with the Consultant to extend the NTP's remaining Time of Completion by the number of days that the review time has been exceeded. Subsequent milestone periods, if applicable, shall not begin until the County has provided the Consultant with its comments from the preceding review period.

The Consultant shall complete the final design in accordance with the following or better project schedule:

TABLE 2	
Milestone	**Due Date After NTP**
30% Deliverables	60 Calendar Days (Includes County review)
60% Deliverables	150 Calendar Days (Includes County and FDOT review)
100% Deliverables	210 Calendar Days (Includes County and FDOT review)
Final Deliverables	240 Calendar Days (Includes County review)

The Consultant shall provide responses to comments for the various required submittals. Any delays beyond the Consultant's control shall be documented in writing by the Consultant and submitted to the County for consideration to grant a schedule time extension.

V. POST DESIGN SERVICES

Field Services

There shall be a second NTP for the Post Design Services. The Post Design Services shall be completed sixty (60) calendar days after the Certificate of Final Completion (as that term is defined in the County's construction contract for the project) has been issued by the County to the construction contractor.

Post Design Services shall be performed up to the amount included in the attached Exhibit "B" (Fee Summary). Any services beyond that amount will require a change order.

The Consultant shall attend a preconstruction meeting and any field meetings during the duration of Post Design Services following issuance of the NTP for the Post Design Services.

The Consultant shall furnish prompt consultation to the County and regulatory agencies regarding the interpretation of any and all parts of the solicitation package, including the Plans and Technical Specifications Package, which it has prepared.

The Consultant shall review and process applicable shop drawings, requests for information (RFIs), pay requests, and test reports, as requested by the County.

The Consultant shall perform limited construction observation to become generally familiar with the progress and quality of the portion of the work completed, and to determine if the work observed is being performed in a manner indicating that the work, when completed, shall be in general conformance with the approved plans and specifications.

Project Close-out

The Consultant shall review the constructed facilities with the County and the construction contractor to assist in verifying substantial compliance with the approved construction plans and will assist the County in preparing a punch list to be provided to the construction contractor if requested by the County.

WSP USA INC.

SECRETARY'S CERTIFICATE

I, Hillary Jassey, Secretary of WSP USA Inc. (the "Corporation"), do hereby certify on behalf of the Corporation and not in my individual capacity that on May 1, 2024, the Board of Directors of the Corporation adopted the following resolutions:

> "**RESOLVED**, that, in accordance with the Corporation's Signature Authority Policy, any authorized signatory may execute binding legal documents, including any RFPs, RFQs and any resulting project contracts or amendments approved in accordance with the Regional Delegation of Authority."

I further certify that the resolutions have not been revoked, and that as the Florida Transportation Local Business Line Leader of the Corporation, Todd Laine, is an authorized signatory to sign legal documents, including project contracts, amendments, and task orders, by and between Pasco County, through the Board of County Commissioners, and the Corporation.

Hillary Jassey

BOARD OF COUNTY COMMISSIONERS
AGENDA MEMORANDUM

COMMISSION DISTRICT: All **FILE NO.:** PU23-0036 **DATE:** 7/11/2023

SUBJECT: Authorization to Shortlist and Delegate Negotiation and Execution of Agreements to County Administrator for RSQ-KM-23-060 - Continuing Miscellaneous Professional Engineering Services – Multiple Vendors – No Funding Required

REFERENCES: Not Applicable

AGENDA SECTION: Consent Agenda

THRU: Erik Breitenbach, Assistant County Administrator

FROM: Carrie Roberts, Purchasing Director

RECOMMENDED BOARD ACTION:

Approve the Evaluation Committee's recommendation to shortlist RSQ-KM-23-060 for Continuing Miscellaneous Professional Engineering Services with the following fifteen firms in ranked order: HNTB Corporation (HNTB); American Consulting Engineers of Florida, LLC (American); H.W. Lochner, Inc., (HW Lochner); Johnson Engineering, Inc. (Johnson); HDR Engineering, Inc. (HDR); Coastal Design Consultants, Inc. (Coastal); Cumbey and Fair, Inc. (Cumbey); AECOM Technical Services, Inc. (AECOM); WSP USA, Inc. (WSP); Kisinger, Campo & Associates, Corp. (KCA); DRMP, Inc. (DRMP); Burgess & Niple, Inc. (Burgess); Ayres Associates Inc. (Ayres); Pennoni Associates Inc. (Pennoni); and Atkins North America, Inc. (Atkins); and delegate authority to the County Administrator under Section 2-110(c) of the Pasco County Purchasing Ordinance to negotiate and execute a contract with all shortlisted firms, in order to secure professional services for Continuing Miscellaneous Professional Engineering Services.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

On March 15, 2023, at the request of the Project Management Division, the Purchasing Department solicited a Request for Statements of Qualifications (RSQ) RSQ-KM-23-060 for Continuing Miscellaneous Professional Engineering Services. The specifications were prepared by the Project Management Division. All provisions of the Purchasing Ordinance have been met.

On April 18, 2023, all responses received were publicly opened, with the names of the responding firms being read. One hundred and thirty-six vendors downloaded the solicitation. Twenty-seven responses were received; four of which were from Pasco County. A summary of the download history for this solicitation is attached.

A five-member committee evaluated the subject responses. The Evaluation Committee members were Branford Adumuah, Assistant County Administrator (Public Infrastructure); Clayton Watkins, Engineering Manager; Adolfo Gonzalez, Utilities Engineering Director; Panos Kontses, Assistant Engineering Services Director; and William Poon, Sr. Engineer.

On May 17, 2023, at a properly noticed public meeting, the Evaluation Committee discussed and carefully considered each proposer's qualifications and experience as outlined in their proposals. After scoring, the ranking of the top fifteen responses were as follows: HNTB; American; HW Lochner; Johnson; HDR; Coastal; Cumbey; AECOM; WSP; KCA; DRMP; Burgess; Ayres; Pennoni; and Atkins. The Evaluation Committee voted and recommended that the fifteen firms should be shortlisted for negotiations.

Section 2-110(c) of the Pasco County Purchasing Ordinance allows the Board of County Commissioners (BCC) to delegate authority to the County Administrator to negotiate and execute contracts such as the ones sought to be awarded under RSQ-KM-23-060. It specifically provides the following:

Awards of Consultant Services. The Board of County Commissioners may delegate to the County Administrator the authority to negotiate and execute a Consultant Services contract, or contracts if multiple contracts are specified in the Solicitation Package, with the shortlist of Vendors approved by the Board in the order approved on the shortlist. The contract negotiations shall be based on the terms and conditions and scope of work contained in the Solicitation Package and in accordance with F.S. § 287.055. The fees and costs negotiated by the County Administrator shall be prudent and reasonably consistent with fees and costs in similar County Consultant Services contracts negotiated in the last 12 months and shall not exceed the amount set by the Board without further Board action. The County Administrator may designate County staff to conduct the negotiations, but not sign the contract(s), and to present to the County Administrator a negotiated contract. The County Administrator may direct further negotiations by staff, conduct negotiations or may sign the contract(s). The County Administrator shall have final responsibility to ensure that the contract(s) is in compliance with this provision. Each contract, once executed, shall be reported and included in an agenda packet for a Board meeting.

Upon BCC approval under section 2-110(c), the Project Management Division can begin negotiations with the top fifteen ranked firms, in hopes of securing agreements. The resulting Agreements will be presented to the County Administrator for review and execution with no funding required, as funds expenditure authorization will be requested on a task-order basis. Approval for task orders under the resulting executed Agreements will be approved according to the thresholds of the Purchasing Ordinance.

Once negotiated, the executed Agreements will be submitted to the BCC by the Project Management Division in an agenda packet as required by section 2-110(c), specifically, through a Noted Item. The executed Agreements will be effective upon execution by the County Administrator and continue for a five-year contract term. The Project Management Division intends to contract with the fifteen firms selected to ensure availability, competition, and sufficient coverage for the numerous projects and work anticipated for the coming years.

FISCAL IMPACT/COST/REVENUE STATEMENT:

Funding is not required at this time. Task orders issued as a result of the executed Agreements will be approved according to the funding thresholds of the Pasco County Purchasing Ordinance.

DISTRIBUTION:

Not applicable.

PASCO COUNTY FLORIDA

INTEROFFICE MEMORANDUM

DATE: November 8, 2023 COMMISSION DISTRICTS: ALL FILE NO.: PMM24-010

TO: Michael J. Carballa, P.E., County Administrator
Carrie C. Roberts, Purchasing Director

Branford N. Adumuah Digitally signed by Branford N. Adumuah Date: 2023.11.13 14:15:19 -05'00'

THRU: Branford N. Adumuah, Assistant County Administrator (Public Infrastructure)

FROM: Nick Uhren, P.E., County Engineer/Engineering Services Director NU

SUBJECT: Professional Services Agreements for RSQ-KM-23-060 (Continuing Miscellaneous Professional Engineering Services) – Multiple Vendors – No Funding Required

RECOMMENDED ACTION:

Approve the award of the Professional Services Agreements for Continuing Miscellaneous Professional Engineering Services for RSQ-KM-23-060 to the following firms: HNTB Corporation (HNTB); American Consulting Engineers of Florida, LLC (American); H.W. Lochner, Inc., (HW Lochner); Johnson Engineering, Inc. (Johnson); HDR Engineering, Inc. (HDR); Coastal Design Consultants, Inc. (Coastal); Cumbey and Fair, Inc. (Cumbey); AECOM Technical Services, Inc. (AECOM); WSP USA, Inc. (WSP); Kisinger, Campo & Associates, Corp. (KCA); DRMP, Inc. (DRMP); Burgess & Niple, Inc. (Burgess); Ayres Associates Inc. (Ayres); Pennoni Associates Inc. (Pennoni); and Atkins North America, Inc. (Atkins); for a three-year contract term with two optional one-year renewals, unless canceled in accordance with the solicitation documents.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

On March 15, 2023, at the request of the Project Management Division, the Purchasing Department solicited a Request for Statements of Qualifications (RSQ) RSQ-KM-23-060 for Continuing Miscellaneous Professional Engineering Services. The specifications were prepared by the Project Management Division. All provisions of the Purchasing Ordinance have been met.

On April 18, 2023, all responses received were publicly opened, with the names of the responding firms being read. One hundred and thirty-six vendors downloaded the solicitation. Twenty-seven responses were received, four of which were from Pasco County. A summary of the download history for this solicitation is attached.

A five-member committee evaluated the subject responses. The Evaluation Committee members were Branford Adumuah, Assistant County Administrator (Public Infrastructure); Adolfo Gonzalez, Utilities Engineering Director; Panos Kontses, Assistant Engineering Services Director;Clayton Watkins, Engineering Manager; and William Poon, Sr. Engineer. On May 17, 2023, at a properly noticed public meeting, the Evaluation Committee discussed and carefully considered each proposer's qualifications and experience as outlined in their proposals. After scoring, the ranking of the top fifteen responses were as follows: HNTB; American; HW Lochner; Johnson; HDR; Coastal; Cumbey; AECOM; WSP; KCA; DRMP; Burgess; Ayres; Pennoni; and Atkins. The Evaluation Committee voted and recommended that the fifteen firms should be shortlisted for negotiations.

On July 11, 2023, at the Board of County Commissioners (BCC) meeting, the shortlist for the Continuing Miscellaneous Professional Engineering Services RSQ-KM-23-060 was approved, which included the following fifteen firms in ranked

order: HNTB; American; HW Lochner; Johnson; HDR; Coastal; Cumbey; AECOM; WSP; KCA; DRMP; Burgess; Ayres; Pennoni; and Atkins. The BCC also delegated authority to the County Administrator under Section 2-110(c) of the Pasco County Purchasing Ordinance to negotiate and execute contracts with all shortlisted firms, in order to secure professional services for Continuing Miscellaneous Professional Engineering Services.

FISCAL IMPACT/COST/REVENUE STATEMENT:
Funding is not required for this action. Funding will be requested as needed based on issuance of Task Orders.

Please contact Clayton T. Watkins, P.E. with any questions or concerns.

DISTRIBUTION:
Return the original documents to Engineering Service Project Management for distribution to the Consultants.

PASCO COUNTY PROFESSIONAL SERVICES AGREEMENT

THIS **PROFESSIONAL SERVICES AGREEMENT** (hereinafter referred to as "Agreement") by and between Pasco County, Florida, a political subdivision of the State of Florida, acting by and through its Board of County Commissioners (hereinafter referred to as "County"), and WSP USA Inc., a New York for-profit corporation licensed in the State of Florida, whose address is One Penn Plaza, 4th Floor, New York, New York 10119, and local address of 5411 SkyCenter Drive, Suite 650, Tampa, Florida 33607 (hereinafter referred to as "Consultant").

RECITALS:

WHEREAS, the County issued a Request for Statements of Qualifications (**RSQ-KM-23-060**), together with any addenda ("RSQ") for the **CONTINUING MISCELLANEOUS PROFESSIONAL ENGINEERING SERVICES,** to secure an experienced Consultant to render ongoing and as needed professional engineering services to implement the County's Transportation Capital Improvement Program (TCIP) and support other projects as assigned, as appropriate; and

WHEREAS, the Consultant submitted a response to the RSQ which was deemed by the County as the most responsive and responsible; and

WHEREAS, the Consultant desires to render certain architectural, engineering, and related services as defined in the Agreement and as more fully described in specific Task Orders that will be separately executed under this Agreement, and the Consultant hereby certifies it has the qualifications, experience, staff, and resources to perform those services; and

WHEREAS, the selection and engagement of the Consultant has been made by the County based on the Consultant's response to the RSQ and the County's solicitation process, and in accordance with the provisions of the Consultant's Competitive Negotiation Act, Chapter 287.055, Florida Statutes; and

WHEREAS, the Consultant hereby certifies that it has been granted and possesses a valid, current license to do business in the State of Florida and in Pasco County, Florida, issued by those state boards and/or governmental agencies responsible for regulating and licensing the professional services to be provided and performed by the Consultant pursuant to this Agreement; and

WHEREAS, the Consultant has been informed of and has reviewed the professional services required to be performed pursuant to this Agreement and is qualified, willing, and able to provide and perform all such services in accordance with the provisions, conditions, and terms hereinafter set forth in this Agreement and any executed Task Orders and Change Orders; and

NOW, THEREFORE, in consideration of the mutual covenants, terms, and provisions contained herein, the parties, as indicated by their respective execution of this Agreement,

agree that a Contract shall exist between the County and the Consultant specifically consisting of:

SECTION 1 – DEFINITIONS

The following definition of terms associated with this Agreement is provided to establish a common understanding between both parties to this Agreement as to the intended usage, application, interpretation, and meaning of such terms as they appear throughout this Agreement.

1.1 – COUNTY

The term County shall refer to the Board of County Commissioners of Pasco County, a political subdivision of the State of Florida, and any official and/or employee thereof who shall be duly authorized to act on the County's behalf relative to this Agreement.

1.2 - COUNTY ADMINISTRATOR

The term County Administrator shall refer to the County Administrator of Pasco County, Florida, acting directly or through duly authorized representatives, which representatives are acting exclusively within the scope of the duties and authority assigned to them as set forth in this Agreement and pursuant to the Purchasing Ordinance of Pasco County, Florida.

1.3 – CONSULTANT

The term Consultant shall refer to the individual, company, or firm that will offer the Consultant Services which, by execution of this Agreement, shall be legally obligated, responsible, and liable for providing and performing any and all of the work, materials, and/or services including work and materials required under the covenants, terms, and provisions contained in this Agreement and any and all Modifications, Task Orders, or Change Orders issued pursuant thereto.

1.4 – CONSULTANT SERVICES

The term Consultant Services or Services shall refer to all the work, materials, and services, and all related professional, technical, and administrative activities which are necessary to be provided and performed by the Consultant, its employees, and any subconsultants that the Consultant may engage to provide, perform, and complete the services required pursuant to the provisions of this Agreement, any Task Order, and as authorized under the Consultants' Competitive Negotiation Act ("CCNA").

The Consultant Services outlined below describes the general work and responsibilities the Consultant will be expected to perform. The professional engineering services will be ongoing and as needed on a task-order basis, to implement the County's Transportation Capital

Improvement Program (TCIP), and will support other projects as assigned, including, but not limited to, the following:

- Professional Engineering: Provide comprehensive professional engineering services related to roadways, bridges, intersections, multi-use paths, sidewalks, and utility capital improvements. Engineering services may include support for administration, planning, surveying, design, traffic forecasting modeling, collecting traffic data for modeling, drainage and environmental permitting, , plan and other deliverable reviews, scope of services and staff-hour estimate production and reviews, project management, constructability, value engineering reviews/analyses, project advertisement and bidding (procurement), and Construction Phase services including construction engineering and inspection (CEI).

- Procurement/Bidding: Provide services in support of the County's procurement/ solicitation processes for design and construction contractors, including preparation and reviews of scopes of services and staff-hours, as well as fee estimates provided in solicitation responses. Provide services in support of advertisement and bidding through attending Pre-Bid meetings, addressing bidders' requests for information, and reviewing and providing analyses of bids.

- Services to the Public: Provide services in support of public awareness, engagement, and outreach, including but not limited to: participation, presentation, coordination, and notification of public workshops and group meetings; coordination with County Commissioners; preparation of multimedia presentations and materials; notification of property owners; social media outreach and engagement; project specific websites production; graphic design support; and other public notifications, as required. Assist with and document Title VI compliance with special needs requests at public meetings and venues including bilingual capabilities, as necessary.

- Planning: Provide services in support of Planning Phases through performance of feasibility assessments, Route and Pond Siting Studies and Reports, Project Development & Environment (PD&E) studies, and traffic operations studies including signal warrant analyses, roundabout evaluations, safety studies, Intersection Control Evaluations (ICE), and other reports as needed or requested.

- GIS: Provide GIS assistance, as directed, to support the needs of the County.

- Design: Provide services in support of design through tasks including:

    - Data Collection: survey, all platforms of LiDAR, geotechnical investigation, and subsurface utility engineering (SUE)

    - Traffic Design: Perform and assist with the management and review of traffic forecasting modeling, collecting traffic data for modeling, and collecting data for

volume projections

- Maintenance of Traffic Plans
- Roadway Design, Drainage and Floodplain Compensation, Utility Coordination, Signing and Pavement Markings, Pavement Design, Permitting, and Maintenance of Traffic
- Signalization Design: Signal Design, Intelligent Transportation System (ITS), Structural Design of Mast Arms and Strain poles
- Lighting Design: Photometrics and pole design
- Structural Design: Retaining Walls, Bridges, Mast Arms, Strain Poles, Foundations, and other structures.

- Environmental Permitting: Prepare, manage, and review applicable environmental studies and the completion of required engineering and environmental documentation necessary to obtain approval from appropriate federal and state agencies. This also includes coordination with appropriate agencies, local officials, interested parties, and the general public. Coordinate with the applicable environmental permitting agencies (Southwest Florida Water Management District, U.S. Army Corps of Engineers, Florida Department of Environmental Protection, etc.) on behalf of the County to secure the necessary permits on a per-project basis.

- Cultural and Historic Resources: Provide cultural resource program services pursuant to the programs and regulations promulgated by the Florida Department of State Division of Historical Resources, including, but not limited to, performance of archaeological/historic structures surveys and subsequent reports, and historic architectural design.

- General Support to the County: Provide staff with sufficient knowledge and expertise of the subject-matter outlined herein, either on a full- or part-time basis, as requested by the County, to act as an extension of the County's staff. Provide services to the County in Project Management, Permitting, Construction, and other services to supplement County's resources. Provide other similar and/or associated services to the County on an as needed basis.

- Survey Assistance: Provide survey support services through performance of required surveys and title searches, development of right-of-way maps, legal descriptions, and parcel sketches, producing graphics, attending meetings, furnishing trial exhibits, and providing expert witness testimony.

- Quality Control: Provide services in support of miscellaneous plan, report, and other

engineering document reviews, including quality control, value engineering, and constructability reviews. The Professional shall be responsible for ensuring that work products submitted to the County by other professional/consulting firms conform with County standards and criteria, are of acceptable quality, and are constructible.

- Construction: Provide services in support of construction through constructability review of construction plans and specifications for contract bids, prepare construction duration estimates, prepare Traffic Control Plans (TCPs) upon request, attend pre-construction and progress meetings, provide contract management and schedule-keeping services, review shop drawings and other submittals, respond to contractor Requests for Information, provide construction engineering and inspection (CEI) services, and assist with construction projects closeouts.

- Transportation: Provide services in Intelligent Transportation Systems Support Services, prepare Advanced Traffic Management Systems (ATMS) plans, determine feasibility, and develop conceptual and design plans.

- County's FDOT Local Agency Program: Provide services in support of the County in the FDOT's Local Agency Program (LAP) process, in design, construction, and project closeout. Provide services in support of the County in the FDOT LAP Equal Employment Opportunity (EEO) assistance document processing in design, construction, and project closeout.

- Grant Writing: Provide services in support of grant writing for pursuits of State and Federal funding for various County programs and/or projects.

Work will be assigned on a task-order basis in the County's sole discretion.

1.5 – SUBCONSULTANT

The term Subconsultant shall refer to any individual, company, or firm offering Consultant Services that is engaged by the Consultant to assist the Consultant in providing and performing the Consultant Services for which the Consultant is contractually obligated, responsible, and liable to provide and perform pursuant to the provisions of this Agreement. The use of any Subconsultant(s) must be approved in writing by the County Administrator or his designee before such Subconsultant(s) may be retained by the Consultant.

The County shall not be a party to, responsible or liable for, or assume any obligation whatsoever for any agreement or contract entered into between the Consultant and any Subconsultant.

1.6 – ADDITIONAL SERVICES

The term Additional Services shall refer to such Consultant Services the County may request or

authorize the Consultant to provide or perform relative to this Agreement which are not included in the Agreement or Task Order. Additional Services shall be authorized by the execution of both parties to this Agreement of a Modification, a new Task Order, or a Change Order. Additional Services shall constitute a continuation of the Consultant Services under this Agreement and shall be provided and performed in accordance with the covenants, terms, and provisions set forth in this Agreement.

1.7 – MODIFICATION

The term Modification shall refer to a written document executed by both the County and the Consultant setting forth and authorizing Consultant Services or tasks which were not set forth in and are supplemental to this Agreement.

The amount of the change in contract compensation and time set forth in any Modification(s) executed and issued under this Agreement shall be understood and agreed by both the County and the Consultant to be fair, equitable, and adequate, and to represent the total of all costs associated with said Modification.

1.8 – TASK ORDER

The term Task Order shall refer to a written document executed by both parties to this Agreement, for which an individual Notice to Proceed may be issued that delineates a fixed number of days for completion of the specified Consultant Services, tasks, or scope of work set forth in the Task Order.
Through a properly executed Task Order and Notice to Proceed, the County provides authorization and notification to the Consultant to proceed to provide or perform certain Consultant Services, tasks, or work pursuant to the scope of Consultant's Services set forth in the Task Order and this Agreement. In the event that federal or state funding is ascertained, such additional state or federal provisions may be included in a Task Order as necessary. Each Task Order monetary amount shall be limited to the monetary thresholds set forth in section 287.055, Florida Statutes (the CCNA).

All terms in this Agreement shall be incorporated by reference in each executed Task Order, unless specifically altered, superseded, or modified. In the event of any conflict, the provisions of this Agreement will control over the conflicting provisions of any Task Order. Each fully executed Task Order shall become a supplement to and a part of this Agreement.

1.9 – CHANGE ORDER

The term Change Order shall refer to a written document executed by both the County and the Consultant setting forth and authorizing changes to the agreed-upon scope of Consultant Services, compensation, method of payment, time and schedule of performance, or project guidelines and criteria as such were set forth and agreed to in the Task Order(s), or previous Change Order(s) issued thereto. The Change Order document shall set forth authorized changes

to the scope of Consultant Services, tasks, work, or materials to be performed or provided by the Consultant as well as the compensation and method of payment, the schedule or time period for performance and completion, and the guidelines, criteria, and requirements pertaining thereto. Any changed compensation to the Consultant as a result of the Change Order shall be understood and agreed to be the total of all costs associated with said Change Order.

The time of performance for rendering Consultant Services pursuant to any Change Order shall commence to run from the date specified in the Notice to Proceed issued for said Change Order. The County specifically reserves the right to establish milestones for completion of the work required under the Change Order and/or to tie deliverables to any payment provided for under that Change Order.

All terms in this Agreement shall be incorporated by reference in each executed Change Order, unless specifically altered, superseded, or modified. In the event of any conflict, the provisions of this Agreement will control over the conflicting provisions of any Change Order. Each fully executed Change Order shall become a supplement to and a part of this Agreement.

1.10 – COUNTY PROJECT MANAGER

The term County Project Manager shall refer to that person employed by the County designated to serve and act on the County's behalf to provide direct contact and communication between the County and the Consultant throughout the effective period of this Agreement or, at the County's direction, for the duration of a particular Task Order and/or Change Order. The County Project Manager is not authorized to, and shall not, issue any verbal request or instruction to the Consultant that would have the effect, or be interpreted to have the effect, of modifying or changing in any way: (1) the scope of Consultant Services to be performed by the Consultant; (2) the time the Consultant is obligated to commence and complete all such services; and/or (3) the amount of compensation the County is obligated to pay the Consultant. The County Project Manager shall review and make appropriate recommendations on requests submitted by the Consultant for payment for services and work provided and performed pursuant to this Agreement and any Task Order(s) or Change Order(s) issued thereof.

1.11– CONSULTANT'S STANDARD HOURLY RATES

The Consultant's standard hourly rates for professional services rendered pursuant to this Agreement are those attached hereto as Exhibit "A," entitled "Standard Hourly Rates", which Exhibit "A" is specifically made part of this Agreement. The Standard Hourly Rates shall be considered the maximum rates for specific job and/or work classifications and shall cover all the Consultant's costs, including direct salaries, overhead, operating margin, Reimbursable Expenses as delineated in Section 5 below and profit. If the Consultant charges less than those maximum rates included in Exhibit "A," those charges will be considered acceptable to the County.

Within sixty (60) calendar days after the first anniversary of the effective date of this Agreement, and each one (1) year anniversary thereafter, the Consultant may request in writing to the County an adjustment to those rates delineated in Exhibit "A". The County shall approve the rate adjustment or reject the rate adjustment until documentation substantiating the rate adjustment is provided by the Consultant and deemed acceptable to the County.

If the Consultant's Exhibit "A" covers multiple years, any request for a rate adjustment cannot exceed the multiple year rates included in the Consultant's Exhibit "A."

If the rate adjustment is found acceptable, it shall only be effective for Task Orders (not Change Orders) executed after the rate adjustment has been approved by the Board of County Commissioners. Therefore, any Change Orders executed after the approved rate adjustment shall continue to utilize the rates effective at the time of their originating Task Orders.

1.12 – CONSULTANT'S DIRECT SALARIES

The Consultant's Direct Salaries under this Agreement are those attached hereto as Exhibit "B," entitled "Consultant's Direct Salaries," which Exhibit "B" is specifically made a part of this Agreement. The Consultant's Direct Salaries shall be the established rates for specific employees or the average rates for specific employment classifications utilized by the Consultant. The Consultant's Direct Salaries shall be subject to verification by a current payroll register or other appropriate payroll or salary records, if requested by the County. Those Direct Salaries which are based on average rates for specific employment classifications shall require supporting documentation which identifies the Consultant's employees within the specific employment classes and their respective wage rates. Within sixty (60) days after the first anniversary of the Effective Date of this Agreement, the Consultant may request in writing an adjustment to the rates delineated in Exhibit "B." Adjusted rates for Direct Salaries, if any, shall not modify any limiting amount or maximum compensation amount established by any executed Task Order.

1.13 – NOTICE TO PROCEED

The term Notice to Proceed shall refer to a written document, executed by the County Administrator or his designee and issued to the Consultant, that shall notify the Consultant to commence work or to provide Consultant Services pursuant to a properly executed Task Order or Change Order. The time for performance of Consultant Services or work required pursuant to any properly executed Task Order or Change Order shall commence to run from the date specified in the Notice to Proceed.

SECTION 2 – TERM

Except as otherwise specified herein, this Agreement shall remain in full force and effect for a period of **three years, with two one-year options to renew,** from the effective date of this

Agreement ("Effective Period"), unless terminated earlier as otherwise provided in this Agreement. The effective date for this Agreement shall be **October 1, 2023.**

Where applicable, in the event that a properly executed Task Order initiated within the term of the Agreement or Change Order to such Task Order requires or expressly permits work to be performed by the Consultant after termination of the Agreement, such Task Order or Change Order shall automatically extend the effective period of the Agreement to coincide with the completion date delineated in said Task Order or Change Order. No new Task Orders may be issued, however, during this extension period.

SECTION 3 – CONSULTANT'S RESPONSIBILITIES

The obligations of the Consultant with respect to all Consultant Services authorized pursuant to this Agreement and any Task Order(s) and/or Change Order(s) issued thereof shall include, but not be limited to, the following:

3.1 – LICENSES

The Consultant agrees to maintain throughout the period this Agreement is in effect all such licenses as are required to do business in the State of Florida and in Pasco County, Florida, including, but not limited to, licenses required by the respective regulatory boards and/or other governmental agencies responsible for regulating and licensing the Consultant Services provided and performed by the Consultant pursuant to this Agreement.

3.2 – PERSONNEL

(1) QUALIFIED PERSONNEL
The Consultant agrees that when services to be provided and performed pursuant to this Agreement relate to Consultant Services which, under the Florida Statutes, require a license, certificate of authorization, or other form of legal entitlement to practice such service, the Consultant will employ and/or retain only qualified personnel to be in responsible charge of all such services.

(2) CONSULTANT'S PROJECT DIRECTOR
The Consultant agrees to employ and designate in writing a qualified, and if required by law, a licensed professional, to serve as the Consultant's Project Director. The Consultant's Project Director shall be authorized and responsible to act on behalf of the Consultant with respect to directing, coordinating, and administering all aspects of the services to be provided and performed under this Agreement and any Task Order(s) and/or Change Order(s) issued thereof. The Consultant's Project Director shall have full authority to bind and obligate the Consultant on any matter arising under this Agreement unless substitute arrangements, acceptable to the County, have been furnished to the County in writing.

(3) REMOVAL OF PERSONNEL FROM WORK ON THE PROJECT
The Consultant agrees, within seven (7) calendar days of receipt of a written request from the County, to promptly remove and replace the Consultant's Project Director, or any other personnel employed or retained by the Consultant, or personnel of any Subconsultant(s) engaged by the Consultant pursuant to this Agreement. The County may make such request for the removal of personnel with or without cause.

SECTION 4 – COUNTY'S RESPONSIBILITIES

Except as otherwise provided herein, the County's responsibilities are as follows:

4.1 – DESIGNATION OF AUTHORITY

The County hereby designates the County Administrator, or his designee, to act on the County's behalf with respect to the Scope of Services of this Agreement and any Task Orders or Change Orders issued thereunder, where applicable. The County Administrator, or his designee, shall have complete authority to transmit instructions, receive information, interpret, and define County's policies and decisions with respect to materials, elements, and systems pertinent to Consultant's services.

4.2 – DESIGNATION OF COUNTY PROJECT MANAGER

The County agrees, after execution of this Agreement, to properly advise the Consultant, in writing, of the person designated to serve and act as the County Project Manager pursuant to the provisions of Section 1.10 of this Agreement.

4.3 – INFORMATION PROVIDED BY THE COUNTY

The County shall provide, within a reasonable time from request of the Consultant, existing data, plans, reports, and other information in the County's possession or under the County's control which are necessary for the performance of the duties of Consultant in the Scope of Services, and to provide full information regarding requirements of the Scope of Services, including objectives, budget constraints, criteria, and other requirements that exist at the time of signing of this Agreement or which may develop during the performance of this Agreement.

The County shall make available to the Consultant all information and data relative to the Consultant Services to be provided pursuant to this Agreement in the County's possession, including the County's objectives and constraints, previous studies, surveys, aerial photographs, maps, environmental reports, photographs, analytical data, and any other relevant information requested by the Consultant in writing.

4.4 – ACCESS TO COUNTY PROPERTY

The County agrees, with reasonable prior written notice given by the Consultant, to provide the Consultant with access to County property, facilities, buildings, and structures to enable the Consultant to provide and perform any required Consultant Services and work pursuant to this Agreement. Such rights of access shall not be exercised in such a manner or to such an extent as to impede or interfere with County operations, or the operations carried on by others under a lease, or other contractual arrangements with the County, or in such a manner to adversely affect the public health, safety, or welfare.

SECTION 5 – COMPENSATION AND METHOD OF PAYMENT

The County shall pay the Consultant for all authorized Consultant Services rendered hereunder by the Consultant and any Subconsultant(s) and completed in accordance with the requirements, provisions, and/or terms of this Agreement, Task Order(s), Modification(s), and/or Change Order(s) and in accordance with the provisions delineated below. The Consultant acknowledges that Consultant Services will be requested on an as-needed basis and agrees that it will not be entitled to make any claim for damages or loss of profits due to the amount of work assigned during the term of the Agreement.

5.1 – PAYMENT METHODS

The fee paid to the Consultant shall be based on one of the following methods or any combination thereof as determined by the County in its sole discretion:

(1) LUMP-SUM PAYMENT METHOD

The County may pay a negotiated fixed-price amount for an executed Task Order as a Lump Sum. The Lump-Sum compensation amount will be estimated based on the Standard Hourly Rates cost for work performed on a Task Order in accordance with the rates established in Exhibit "A". A negotiated Lump-Sum compensation amount shall be delineated in the executed Task Order. The Lump-Sum Compensation Method shall anticipate that all costs for the Consultant Services required are known and that no modifications to the established Lump-Sum amount will be necessary. The established Lump-Sum amount shall include all the Consultant's costs, including Direct Salaries (as defined on Exhibit "B"), Overhead, Operating Margin, Reimbursable Expenses, and charges, and profit. The County may also elect to apply the Lump-Sum Compensation Method on a line-item basis for a particular service or activity as defined within an individual Task Order, Change Order, or Modification to the Agreement. If the Lump-Sum Compensation Method is used, no additional documentation regarding costs for work will be required to be attached to the Consultant's invoices for Lump-Sum payment for the Task Order or Change Order or for a specific line item or items within a Task Order or Change Order.

(2) NOT TO EXCEED PAYMENT METHOD

The County will pay the Direct Salaries for work provided or services performed on an executed Task Order in accordance with the rates delineated in Exhibit "B," subject to a Not-to-Exceed Amount, which shall be delineated in said Task Order. In addition to payment of the aforementioned Direct Salaries, the County shall pay the Consultant an Overhead Rate as established pursuant to subsection (3) below, plus an Operating Margin defined in this Agreement, plus Reimbursable Expenses in accordance with the provisions of subsection (4) below, plus Subconsultant Charges in accordance with the provisions of subsection (6) below, plus profit. Operating Margin and Overhead Rate shall not be allowed on any premium portion of overtime or on any Reimbursable Expenses or Subconsultant Charges. In no event shall the established Not-to-Exceed method be increased except through the issuance of a new Task Order or Change Order approved by the County. The Consultant shall not be required to incur costs in excess of the Not-to Exceed amount without such County approval. The County may also elect to apply the Not-to-Exceed method on a line-item basis for a particular service or activity defined within an individual Task Order or Additional Service defined within a Change Order. If the Not-to-Exceed Method is used, additional documentation is required by the County (e.g., payroll sheets) regarding costs of work is required to be attached to the Consultant's invoices for Not-to-Exceed payment of a Task Order or specific line item within a Task Order.

(3) OVERHEAD RATE

In determining the Overhead Rate to be paid to the Consultant, it is the County's expressed intention to utilize the audit information compiled by the Florida Department of Transportation ("FDOT") pursuant to its Qualification, Selection, and Performance Evaluation requirements for consultants in accordance with Chapter 14-75 of the Florida Administrative Code. The overhead rate to be paid by the County shall be as established in Exhibit "C," which is provided in accordance with the audit information supplied by the FDOT and shall not exceed the uniform Overhead Rate cap established by the FDOT. In the event the Consultant has not supplied audit information to the FDOT in accordance with Chapter 14- 75 of the Florida Administrative Code, the County shall establish the Overhead Rate to be paid in each executed Task Order, which rate may be less than the current uniform Overhead Rate cap established by the FDOT. At the County's election, the parties may also agree at the outset of the Agreement to an alternative method for determining overhead. A lower overhead rate may be used, if submitted by the Consultant and approved by the County.

(4) REIMBURSEABLE EXPENSES

The County shall pay the Consultant for Reimbursable Expenses in accordance with the provisions of this Section. The term Reimbursable Expenses shall mean the Consultant's and/or the Subconsultant(s)'s out-of-pocket costs for items directly charged to any Task Order initiated pursuant to this Agreement including, but not limited to, charges for printing services and copying (both in-house or subcontracted), fees, and per diem and travel expenses of the Consultant's employees not to exceed the statutory limits

delineated in Chapter 112.061, Florida Statutes.

The County shall only compensate the Consultant for Reimbursable Expenses which are directly charged to tasks performed pursuant to this Agreement, and/or any executed Task Order or Change Order, which are not included in the Consultant's Overhead Rate, and which are consistently charged to all clients. The County, in its sole discretion, may require the Consultant to verify and/or provide supporting documentation which demonstrates that Reimbursable Expenses for which compensation has been sought have been generated or originated from or by a task performed pursuant to this Agreement. If the Consultant seeks compensation for CADD, PC'S or Facilities Capital Cost of Money (FCCM) as a Reimbursable Expense, the cost basis for the unit rates used for such items must be fully supported by appropriate documentation. Except as provided in Exhibit "B," all Reimbursable Expenses shall be charged at the actual cost to the Consultant.

(5) ADDITIONAL COSTS

The parties agree that any additional costs for work or services to be provided or performed under a Task Order issued pursuant to this Agreement, or pursuant to any other method utilized by the parties for determining the original costs of work or services to be provided or performed by the Consultant, must be approved in writing by the Board of County Commissioners at a regularly scheduled meeting of said Board of County Commissioners. If such additional costs are not authorized by the Board of County Commissioners in writing, no payment, reimbursement, or compensation for such additional costs shall be tendered by the County to the Consultant.

(6) SUBCONSULTANT CHARGES

The professional services of any Subconsultant(s), whose expertise is required within the scope of the Consultant's work under this Agreement, will be paid in accordance with the fees identified in the individual Task Order(s) or Change Order(s) for such services.

The use of any Subconsultant(s) referenced in the above paragraph must be approved in writing by the County Administrator or his designee before such Subconsultant(s) may be retained by the Consultant.

5.2 – TERMS OF PAYMENT

(1) MONTHLY INVOICES

The Consultant shall be entitled to submit no more than one invoice statement to the County each month covering services rendered during the preceding month. The Consultant's invoice statement(s) shall be itemized to correspond to the basis of compensation as set forth in the Agreement, Task Order(s), or Change Order(s) issued hereunder. The Consultant's invoice statements shall contain amount of work and description of services(s) provided and/or performed, and where appropriate, supportive documentation of charges consistent with the basis of compensation set

forth in this Agreement. If the Consultant has been issued more than one Task Order or Change Order pursuant to this Agreement, the Consultant shall submit separate invoices to the County for the specific services performed for each specific Task Order or Change Order.

Payment for services rendered during any billing period by the Consultant shall be due and payable by the County in accordance with the provisions of Chapter 218, Part VII, Florida Statutes (the Local Government Prompt Payment Act). In the event that federal aid is a source of funds for payment, then 49 CFR § 26.29 will also be applicable.

(2) PAYMENT FOR SERVICES PERFORMED

The County shall pay the Consultant on the basis of services completed for tasks set forth in any Task Orders and any Change Orders agreed upon by the Consultant and the County. Payments shall be made for the Consultant's work-in progress or completed service items based on the agreed method of compensation as outlined in the Task Order or Change Order.

When the Lump-Sum Payment Method is used for a particular service or activity within the Task Order or a Change Order, the County shall pay the Consultant for services performed for tasks set forth in the Task Order or Change Order on the basis of the invoice statement covering the Consultant's work-in-progress expressed as a percentage of the total cost of the work and/or services required for each task involved. All such work-in-progress percentages are subject to review and approval by the County Project Manager. The decision of the County shall be final as to work-in-progress percentages to be paid. Payment by the County for tasks on a work-in-progress percentage basis shall not be deemed or interpreted in any way to constitute an approval or acceptance by the County of any such service or work-in-progress. The Consultant shall be responsible for correcting, re-doing, modifying, or otherwise completing the work and services consistent with the standard of care (as defined in Section 8) required for each task before receiving final full payment, whether or not previous work-in-progress payments have been made by the County.

(3) PAYMENT SCHEDULE

In accordance with the provisions the Local Government Prompt Payment Act, within forty-five (45) days of receipt of an invoice, the County shall issue payment to the Consultant as invoices are provided from the Consultant, which invoices must be in acceptable form and must contain the requested detailed description of charges. Should the County object or take exception to the amount of the Consultant's invoice statement, the County shall notify the Consultant of such objection or exception within twenty (20) business days from date of payment period set forth hereinbefore. If such objection or exception remains unresolved at the end of said twenty (20) business-day period, the County, as represented by the County Project Manager, shall have the authority to withhold the disputed amount and make payment to the Consultant of any amount not in dispute. Payment of any disputed amount, or adjustment thereto

resolved by mutual agreement of the parties, will be paid in accordance with the Local Government Prompt Payment Act.

SECTION 6 – TASK ORDERS

The work and/or services to be provided and performed under this Agreement are Task Order driven. If and when the County requires the professional services of the Consultant, individual Task Orders or Orders will be approved by the County, by the County Administrator, or by the Purchasing Director, when applicable. For purposes of this Agreement, the Purchasing Director and County Administrator are specifically delegated authority by the County to issue and approve Task Order(s) for Consultant Services up to the allowable amount provided in the County's Purchasing Ordinance. The completion date for an individual Task Order will be specified in the Notice to Proceed. The completion date for an individual Task Order may be extended, in writing, by the County at a regularly scheduled meeting of the Board of County Commissioners or by the County Administrator, as provided herein.

For each Task required for a specific project, the County shall provide the Consultant a detailed description of the services to be performed, the method of payment to be utilized in accordance with this Agreement, and the time and cost limitations for such task, if appropriate. The Consultant shall respond in writing to such detailed description by describing the proposed Scope of Work, staffing, schedule, total compensation, and the number and type of deliverables that are required to complete the described services. If the response from the Consultant is acceptable, the County may issue a Task Order to the Consultant containing the agreed-upon scope of work, staffing, schedule, time of performance, total compensation, method of payment, and deliverables.

Each Task Order shall be numbered consecutively and shall reference this Agreement. In the event of any conflict, the provisions of this Agreement will control over conflicting provisions of any Task Order. Each Task Order, after execution by the Board of County Commissioners, the County Administrator, or the Purchasing Director, shall become a supplement to and a part of this Agreement.

SECTION 7 – TIMELY ACCOMPLISHMENT OF SERVICES

The timely performance, provision, and completion of the required Consultant Services, work, and materials is vitally important to the interests of the County. Time is of the essence for all the duties and obligations contained in this Agreement. The County may suffer damages in the event that the Consultant does not accomplish and complete the required services in a timely manner. The Consultant agrees to employ, engage, retain, and/or assign an adequate number of qualified personnel throughout the period this Agreement is in effect so that all Consultant Services will be provided and performed in a timely and diligent manner. If the Consultant fails to commence, provide, perform, and/or complete any service required under this Agreement in a timely and diligent manner as determined by the County, or within a specified time period delineated in executed

Modification(s), Task Order(s), or Change Order(s), the County may consider such failure as a material breach of this Agreement. In such an event, the County, in its sole discretion, may terminate the Agreement.

The Consultant, at all times that this Agreement is in effect, shall ensure that sufficient time remains in the project schedule within which to complete the services required and authorized by any given Task Order(s). In the event there are delays which would modify or extend a scheduled Task Order completion date, the Consultant shall, within seven (7) calendar days of discovery of such delay, submit a written request to the County seeking a time extension to complete a delayed project, which request shall specifically identify the reason(s) for the delay and the amount of time related thereto.

In the event the specified time of performance for a given Task Order or Change Order expires and the Consultant has not requested a time extension, or if the County has denied a request for a time extension in writing, partial progress payments will be stopped on the date time expires.

SECTION 8 – STANDARDS OF PROFESSIONAL SERVICE

The work and services to be provided and/or performed by the Consultant shall be done in accordance with the generally accepted standards of professional practice and in accordance with the laws, rules, regulations, ordinances, codes, policies, standards, or other guidelines issued by any governmental agency having jurisdiction over all or a portion of any work performed under this Agreement in effect at the time of the performance of the Consultant Services. All final documents, reports, studies, or other data prepared by the Consultant shall bear a professional's seal/signature in accordance with the applicable Florida Statutes and/or any applicable Administrative Rules promulgated by the Florida Department of Business and Professional Regulation (where applicable).

SECTION 9 – CONSULTANT'S QUALITY CONTROL

9.1 – RESPONSIBILITY TO CORRECT

The Consultant agrees to be responsible for the professional quality, technical adequacy and accuracy, timely completion in accordance with the mutually agreed upon schedule, and the coordination of all data, studies, surveys, designs, specifications, calculations, estimates, plans, drawings, construction documents, photographs, reports, memoranda, and other services, work, and materials performed, provided, and/or furnished by the Consultant, or any Subconsultant(s) utilized by the Consultant, pursuant to this Agreement.

Upon written notice from the County, the Consultant shall, without additional compensation, correct, redo, or revise any rendered Consultant Services that do not comply with the standard of care defined in Section 8 in such data, studies, calculations, estimates, plans, work, and materials resulting from the negligent act, errors or omissions, or intentional misconduct of the

Consultant.

If the Consultant does not correct the rendered Consultant Services that do not comply with the standard of care in Section 8 within the time specified in the County's written notice, the County may have the deficiency corrected. All direct or indirect costs of such correction shall be paid by the Consultant or deducted from payment due to the Consultant.

If any work or submittal prepared by the Consultant contains rendered Consultant Services that do not comply with the standard of care in Section 8 and the Consultant fails to correct such work or submittal within the time period established for completion in the notice to correct or the Task Order(s) requiring such work or submittal, the County, in its discretion, may terminate this Agreement.

9.2 – COUNTY'S APPROVAL SHALL NOT RELIEVE CONSULTANT OF RESPONSIBILITY

Neither review, approval, or acceptance by the County of data, studies, calculations, estimates, reports, memoranda, and incidental professional services, work and materials furnished hereunder by the Consultant shall in any way relieve the Consultant of responsibility for the adequacy, completeness, and accuracy of its services, work and/or materials, or the services, work and materials. Neither the County's review, approval, or acceptance of, nor payment for, any of the Consultant's work, services, and materials shall be construed to operate as a waiver of any of the County's rights under this Agreement, or any cause of action the County may have arising out of the performance of this Agreement.

The Consultant agrees and recognizes that the County shall not be held liable or responsible for any claims which may result from any rendered Consultant Service that do not comply with the standard of care in Section 8 of the Consultant, in which the County participates either through review of or concurrence with the Consultant's actions. In reviewing, approving, or rejecting any submissions or other work prepared by the Consultant, the County in no way assumes or shares any of the responsibility or liability of the Consultant under this Agreement.

SECTION 10 – REPORTS AND REVIEWS

10.1 The County may, at any time, require the Consultant to report in writing in a format approved by the County on the status and overall progress of the work with a projection as to whether deliverables will be on time and within budget. In addition, the County may require the Consultant to provide an estimate of the overall percentage of completion.

10.2 The County will monitor the Consultant's work product for compliance with project standards and criteria and may make comments and recommendations to the Consultant regarding the work. However, any such monitoring or comments and recommendations by the County, or absence thereof, shall not relieve the Consultant of any of its obligations under this Agreement. The Consultant retains sole authority and responsibility for the adequacy and accuracy of its Consultant Services in accordance with generally accepted practices.

SECTION 11 – WORK WITHIN COUNTY PROPERTY / CONSULTANT TO REPAIR PROPERTY DAMAGE CAUSED BY THE CONSULTANT OR ITS SUBCONSULTANTS

11.1 As applicable, the Consultant, any Subconsultant retained by Consultant, or any other person, firm, corporation, or other entity that contracts with or provides goods or services to the Consultant in connection with the work required to be performed pursuant to this Agreement shall perform all work within only the County-owned right-of-way(s) and/or any County easement(s), or as permitted by this solicitation or by law.

11.2 The Consultant agrees to promptly repair and/or replace, or cause to have repaired and/or replaced, at its sole cost and expense and in a manner acceptable to and approved by the County, any property damage arising out of, or caused by, the willful misconduct or negligent acts of the Consultant and/or its Subconsultant(s). The County reserves the right, should the Consultant fail to make such repairs and/or replacements within a reasonable period of time, to cause such repairs and/or replacements to be made. All costs and expenses associated with having such repairs and/or replacements performed shall be paid for by the Consultant directly or via reimbursement to the County from the Consultant.

SECTION 12 – DOCUMENTS

The documents comprising this Agreement between the County and the Consultant consist of the following:

1. This Professional Services Agreement and its Exhibits.
2. Any written amendments, modifications, or addenda to this Agreement.
3. Any Task Orders and Change Orders issued pursuant to this Agreement and executed by the County and the Consultant.
4. Request for Statements of Qualifications – **RSQ-KM-23-060**, including any written addenda.

SECTION 13 – COMPLIANCE AND AGREEMENT WITH LAWS AND REGULATIONS

13.1 The Consultant shall observe and comply with all applicable federal and state laws, County and municipal ordinances, and the rules and regulations of all authorities having jurisdiction over the project and all work performed pursuant to this Agreement, including but not limited to the federal and state provisions specifically provided for in the solicitation. All applicable federal, state, and local laws and ordinances are deemed to be included in this Agreement the same as though herein written out in full.

13.2 The Consultant shall give all notice and comply with all laws, ordinances, rules, and regulations applicable to the Consultant Services. If the Consultant observes that any of the Contract Documents or executed Task Order or Change Order are contradictory to such laws, rules, and regulations, the Consultant will notify the County Project Manager promptly in writing. An appropriate Change Order or Modification shall then be used to institute any

necessary changes. If the Consultant performs any work that it knows or should have known to be contrary to such laws, ordinances, rules, and regulations and without such notice to the County Project Manager, the Consultant shall bear all related costs.

SECTION 14 – PROHIBITION AGAINST CONTINGENCY FEES

In accordance with the provisions of section 287.055 of the Florida Statutes, the Consultant warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the Consultant to solicit or secure this Agreement and that the Consultant has not paid or agreed to pay any person, company, corporation, individual or firm, other than a bona fide employee working solely for the Consultant, any fee, commission, percentage, gift or any other consideration contingent upon or resulting from the award or making of this Agreement. For the breach or violation of this provision, the County shall have the right to terminate this Agreement without liability, and at its discretion, to deduct from the contract price, or otherwise recover, the full amount of such fee, commission, percentage, gift, or consideration.

SECTION 15 – TRUTH-IN-NEGOTIATIONS/PUBLIC ENTITY CRIMES AFFIDAVIT

The Consultant certifies that wage rates and other factual unit costs supporting the compensation are accurate, complete, and current at the time of contracting. The original contract price, and any additions thereto, shall be adjusted to exclude any significant sums by which the County determines the contract price was increased due to inaccurate, incomplete, or non-current wage rates and other factual unit costs. The Consultant represents that it has furnished a Public Entity Crimes Affidavit pursuant to section 287.133, Florida Statutes, verifying its eligibility for award of an Agreement. The County may exercise its rights under this "certification" within one (1) year following final payment.

Pursuant to subsections 287.133(2) and (3), Florida Statutes, a person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in section 287.017, Florida Statutes, for Category Two, for a period of 36 months following the date of being placed on the convicted vendor list. The Consultant agrees to include this provision in all contracts it issues as a result of this Agreement.

SECTION 16 – NON-DISCRIMINATION

Pursuant to subsection 287.134(2)(a), Florida Statutes, an entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid, proposal, or reply on a contract

to provide any goods or services to the state or any department or agency of this state ("public entity"); may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity. The Consultant agrees to include this provision in all contracts issued as a result of this Agreement.

SECTION 17 – SCRUTINIZED COMPANIES

(1) A company is ineligible to, and may not, bid on, submit a proposal for, or enter into or renew a contract with the County for goods or services of:

(a) Any amount if, at the time of bidding on, submitting a proposal for, or entering into or renewing such contract, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to s. 215.4725, or is engaged in a boycott of Israel; or

(b) One million dollars or more if, at the time of bidding on, submitting a proposal for, or entering into or renewing such contract, the company:

1. Is on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to s. 215.473; or

2. Is engaged in business operations in Cuba or Syria.

By signing this Agreement and/or accepting any Task Order, the Consultant certifies that it is not participating in a boycott of Israel, is not on any of the aforementioned lists, and it does not have business operations in Cuba or Syria. The Consultant agrees to notify the County if placement on any of the aforementioned lists occurs or if the Consultant is engaged in a boycott of Israel or has business operations in Cuba or Syria.

The County may terminate this Agreement if the Consultant certification above is found to be false; has been placed on the Scrutinized Companies that Boycott Israel List or is engaged in a boycott of Israel; has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List; or has been engaged in business operations in Cuba or Syria. In addition to possible termination of this Agreement based on the above grounds, the County will comply with section 287.135, Florida Statutes, regarding submittal of a false certification.

SECTION 18 – COMPLIANCE WITH PUBLIC RECORDS ACT

The Consultant shall allow public access to documents and materials made or received pursuant to this Agreement by either party in accordance with the Public Records Act, Chapter 119,

Florida Statutes. To the extent required by section 119.0701, Florida Statutes, the Consultant shall (1) keep and maintain public records required by the County to perform the service; (2) upon request by the below County custodian of records, provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided by law; (3) ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law; and (4) meet all requirements for retaining public records and transfer, at no cost to the Consultant, all public records in possession of the Consultant upon termination of this Agreement and destroy any duplicate public records that are exempt or confidential and exempt from public records requirements. All records stored electronically must be provided to the County in a format that is compatible with the information technology systems of the County. This paragraph shall survive the expiration or termination of this Agreement.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT PROJECT MANAGEMENT, DONNA HOLDREGE AT 727-834-3604, EXT. 1632, DHOLDREGE@PASCOCOUNTYFL.NET, OR 5418 SUNSET ROAD NEW PORT RICHEY, FL 34652.

Under Florida law, a consultant who fails to provide the public records to the County within a reasonable time may be subject to penalties under section 119.10, Florida Statutes, and such non-compliance will constitute a breach of the Agreement and may serve as grounds for termination of this Agreement.

SECTION 19 – RETENTION OF DOCUMENTS

Upon payment of any compensation due for completed and accepted work, all documents prepared or obtained under this Agreement will be considered the property of the County without restriction or limitation on their use and shall be made available upon request to the County at any time.

19.1 Said records and documentation shall be retained by the Consultant and made available to the County for a minimum of five (5) years from the date of completion of the work. The County shall have the right to audit, inspect, and copy all such records and documentation as often as the County deems necessary during the term of this Agreement and during the above referenced five (5) year period at actual costs; provided, however, such activity shall be conducted only during normal business hours. If agreed to by the parties, the Consultant shall retain records and supporting documentation until further notified.

19.2 For those projects funded by State funds, the Consultant agrees to cooperate with any audit(s) requested by the State Auditor General's Office or, in the instance of federal funding, by the funding agency.

SECTION 20 – CONFLICTS OF INTEREST

The Consultant represents that it presently has no interest, either direct or indirect, that may or could conflict in any manner with the performance of the services required by this Agreement, and which interest has not been disclosed to the County in writing. The Consultant expressly agrees that, throughout the Effective Period, it shall not acquire an interest, either direct or indirect, which would conflict in any manner with the performance of services required by this Agreement, or which would conflict with any interest of the County. The Consultant further agrees that no person having any such interest shall be employed or engaged by the Consultant for said performance. In addition, the Consultant shall require all Subconsultants to comply with the provisions of this Section.

If the Consultant is about to engage in representing another client, whom it in good faith believes could result in a conflict of interest with the work being performed by the Consultant pursuant to this Agreement, then the Consultant shall promptly bring such potential conflict of interest to the County's attention, in writing. The County will advise the Consultant within twenty (20) calendar days, in writing, if such conflict of interest exists. If the County determines that a conflict of interest exists, the Consultant and/or any Subconsultant shall decline the representation upon the County's written notice. If the County determines that there is no such conflict of interest, then the County shall give its written consent to such representation.

In the event the Consultant fails to advise or notify the County, as provided hereinabove, of representation which could, or does, result in a conflict of interest, or should the Consultant fail to decline such representation upon the County's written notice, the County may, in its sole discretion, terminate this Agreement in accordance with the provisions of Section 23 below.

SECTION 21 – INSURANCE

The Consultant shall not commence any work pursuant to this Agreement until satisfactory proof of all insurance required hereunder has been provided to and approved by the County. It shall be the responsibility of the Consultant to ensure that all Subconsultant(s) performing services pursuant to this Agreement comply with the insurance requirements of this provision. The Consultant shall furnish to the County certificate(s) of insurance in the form required by County and, if requested by the County, shall provide copies of the required insurance policies, redacted for confidential and/or proprietary information as defined under Chapters 119, 688, and 812, Florida Statutes. The certificate(s) of insurance shall clearly indicate that the Consultant has obtained insurance of the type, amount, and classification required for strict compliance with this Agreement and that no reduction in coverage or in limits, suspension, or cancellation of the insurance shall be effective without thirty (30) calendar days' prior written notice to the County, as provided below. All certificate(s) of insurance shall be signed by a person authorized by that

insurer to bind coverage on its behalf.

Each insurance policy required by this Agreement shall be endorsed to state that coverage shall not be suspended, voided, cancelled, reduced in coverage or in limits, except after thirty (30) calendar days' prior written notice by certified mail (return receipt requested) has been given to the County to the attention of the Pasco County Risk Manager, Internal Services Building, 7536 State Street, Suite 111, New Port Richey, Florida 34654. In the event any insurance coverage expires prior to the expiration of this Agreement, a renewal certificate shall be issued within thirty (30) calendar days prior to said expiration. Compliance with the foregoing requirements shall not relieve the Consultant of any liability and/or other obligations pursuant to this Agreement. Neither approval by the County, nor a failure to disapprove insurance certificates or policies furnished by the Consultant, shall release the Consultant from full responsibility of all liability or its obligations under this Agreement.

All insurance policies shall be issued by responsible companies authorized to do business under the laws of the State of Florida. Said insurance companies shall have an "A" policyholders' rating, have a financial rating of at least Class VIII in accordance with the most current Best Key Rating Guide, and shall be satisfactory to the County. All policies of insurance required by this Agreement shall be primary insurance with respect to the County, its officials, agents, or employees. Any insurance or self-insurance maintained by the County or its officials, agents, or employees, shall be in excess of the Consultant's insurance and shall not contribute with it. All policies of insurance required by this Agreement, except Workers' Compensation and Errors and Omissions Liability, shall specifically provide that Pasco County, Florida, a political subdivision of the State of Florida, by and through its Board of County Commissioners and its officials, agents, or employees shall be "additional insureds" under the policy and shall contain a provision for severability of interests. The County shall also be listed as a certificate holder. All insurance policies required herein shall apply to all operations, activities, or use by the Consultant or anyone employed by, contracting with, or acting at the Consultant's direction or supervision. The insurance coverage and limits provided herein are designed to meet the minimum requirements of the County.

Any deductibles or self-insured retentions must be declared and approved by the County and are the responsibility of the Consultant. The minimum kinds and limits of coverage to be carried by the Consultant throughout the term of this Agreement shall be as follows:

21.1 – WORKER'S COMPENSATION AND EMPLOYER'S LIABILITY INSURANCE

The Consultant and all Subconsultants shall take out and maintain, during the life of this Agreement, Worker's Compensation Insurance for all employees working on this Agreement. Coverage shall be for the statutory limits in compliance with the applicable State and Federal laws. The policy must include employer's liability with a limit of $100,000.00 each accident. The insurer shall agree to waive all rights of subrogation against the County, its officials, agents, and employees. In case any employee is engaged in any hazardous work pursuant to this Agreement and is not protected under the Workers' Compensation statute, the Consultant and any

Subconsultant(s) shall provide for adequate insurance coverage to protect these employees, as required under Florida law.

21.2 – COMMERCIAL GENERAL LIABILITY INSURANCE

The Commercial General Liability Insurance shall include premises and/or operations, products and/or competed operations, broad form of property damage, XCU coverage, independent contractors, and contractual liability, and shall be written on an "occurrence basis."

Bodily injury and personal injury, including death:

- $1,000,000.00 each person
- $3,000,000.00 aggregate

Property damage:

- $1,000,000.00 each occurrence
- $3,000,000.00 aggregate

21.3 – COMMERCIAL AUTOMOBILE LIABILITY INSURANCE

The Comprehensive Automobile Liability Insurance shall include owned vehicles, hired, and non-owned vehicles, and employees' non ownership.

Bodily injury and personal injury, including death:

- $1,000,000.00 each person
- $3,000,000.00 aggregate

Property damage:

- $1,000,000.00 each occurrence
- $3,000,000.00 aggregate

21.4 – PROFESSIONAL LIABILITY INSURANCE

The Consultant shall maintain during the term of this Agreement standard Professional Liability Insurance in the minimum amount of $1,000,000.00 per occurrence. The County may require a higher limit, as mutually agreed to with the Consultant, for specific Task Orders or Change Orders.

SPECIAL INSTRUCTIONS: Occurrence form Professional Liability Insurance is highly preferred. However, in the event the Consultant is only able to secure claims-made Professional Liability Insurance, special conditions apply. All certificates of insurance must clearly indicate whether the coverage is on a claims-made basis. Should coverage be afforded on a claims-made basis, the Consultant shall be obligated by virtue of this Agreement to maintain insurance coverage in effect with no less than limits of liability nor any more restrictive terms and conditions for a period of

seven (7) years from the date of this Agreement. All Certificates of Insurance must clearly indicate whether the coverage is on a claim made or an occurrence basis.

SECTION 22 – SUSPENSION OF WORK

In addition to the County's contractual right to terminate this Agreement in its entirety as set forth above, the County may, at its convenience, stop, suspend, supplement, or otherwise change all, or any part of, the Consultant Services set forth herein. The County shall provide written notice to the Consultant to implement a stoppage, suspension, supplement, or change. If any engineering, professional, or consulting services covered by this Agreement to be carried out by the Consultant shall be suspended, abated, or terminated at the direction of the County for reasons unrelated to the quality of work provided by the Consultant, the County shall pay the Consultant for such services actually rendered prior to the suspension, abatement, or termination, and any reasonable additional costs incurred by the Consultant to effectuate an orderly closing of its activities, with the payment to be based insofar as possible on the fees established in this Agreement.

SECTION 23 – TERMINATION OF AGREEMENT BY THE COUNTY

The County may terminate this Agreement for any one or more of the following reasons:

1. If adequate progress on any phase of the Consultant Services is not being made by the Consultant as a direct result of the Consultant's failure to perform.
2. The quality of the Consultant Services performed by the Consultant is not in conformance with commonly accepted design codes and standards, standards of the County and the requirements of Federal and/or State regulatory agencies in effect as of the date of this Agreement and the particular services involved are considered by the County to be essential to the proper completion of the Consultant Services.
3. The Consultant or any employee or agent of the Consultant is indicted or has a direct charge issued against him/her for any crime arising out of or in conjunction with any Consultant Services that have been performed by the Consultant.
4. The Consultant becomes involved in either voluntary or involuntary bankruptcy proceedings or makes an assignment for the benefit of creditors.
5. The Consultant is in non-compliance with any other provision of this Agreement.

In the event of any of the causes described in Items (1) through (5) above, the County's Project Manager will send a written notice to the Consultant requesting that the Consultant show cause why the Agreement should not be terminated. If adequate assurances or acceptable reasons are not given to the County within fifteen (15) calendar days of receipt by the Consultant of the show cause notice, the County may consider the Consultant to be in default and may immediately terminate this Agreement.

Notwithstanding any other provision of this Agreement, this Agreement and/or any Task Order(s) and/or any Change Order(s) may be terminated for any reason by the County giving

fourteen (14) calendar days' written notice to the Consultant of the County's intent to terminate. In the event that a task of this Agreement and/or any Task Order, and/or any Change Order is terminated, the County shall identify the specific Task Order and/or Change Order being terminated and the specific tasks and/or Task Order(s) and/or Change Order(s) to be continued for completion, pursuant to the provisions of this Agreement. This Agreement will remain in full force and effect as to all authorized tasks and/or Task Order(s) and/or Change Order(s) which are to be continued to completion, unless the Agreement is terminated in full.

In the event of termination of this Agreement, the County shall compensate the Consultant only for: (1) all services performed and accepted by the County prior to the effective date of the termination; (2) reimbursable expenses then due; and (3) reasonable expenses incurred by the Consultant in affecting the termination of services, including costs incurred by submittal to the County of project drawings, plans, data, and other documents.

The Consultant shall not be entitled to receive compensation for anticipated professional fees, profit, general and administrative overhead expenses or for any other anticipated income or expense which may be associated with services which are terminated, suspended, eliminated, or cancelled.

Upon termination of this Agreement by the County, the Consultant shall promptly deliver to the County copies of all then completed deliverable items and all plans, reports, studies, calculations, maps, graphics, and other documents that directly support the deliveries prepared by Consultant.

SECTION 24 – CHOICE OF LAW / VENUE

This Agreement is to be governed by the laws of the State of Florida. The venue for any litigation resulting out of this Agreement shall be at the West Pasco Judicial Center, in Pasco County, Florida (State court matters) and the United States District Court in and for the Middle District of Florida – Tampa Division (Federal court matters).

SECTION 25 – SUCCESSORS AND ASSIGNS

The County and the Consultant respectively, bind themselves, their partners, successors, assigns, and legal representatives to the other party to this Agreement and to the partners, successors, assigns and legal representatives of such other party with respect to all covenants of this Agreement. The Consultant shall not assign or transfer any interest in this Agreement without the prior written consent of the County.

SECTION 26 – ASSIGNMENT, TRANSFER, AND SUBCONTRACTS

Neither the County nor the Consultant shall assign, sublet, or transfer its interest in this Agreement without the written consent of the other party. Except as otherwise authorized in this Agreement, the Consultant shall not subcontract any of its service obligations hereunder to third parties without the prior written approval of the County. The Consultant shall have the

right, subject to the County's prior written approval, to employ other persons and/or firms to serve as Subconsultants to the Consultant pursuant to the requirements of this Agreement. The County shall have the right and be entitled to withhold its approval of Subconsultants, but such approval shall not be unreasonably withheld.

SECTION 27 – EXTENT OF THE AGREEMENT

This Agreement represents the entire and integrated agreement between the County and the Consultant and supersedes all prior negotiations, representations, or agreement, either written or oral. This Agreement may only be amended, supplemented, modified, changed, or canceled by a written instrument executed by both parties hereto.

SECTION 28 – NON-EXCLUSIVE AGREEMENT

This Agreement is not intended to be and shall not be construed as an exclusive contract and the County may employ additional or other Consultant consulting firms to perform any work contemplated by this Agreement without liability to the Consultant.

SECTION 29 – INDEMNIFICATION OF THE COUNTY

For good and valuable consideration, the receipt of which is acknowledged, and notwithstanding the provisions of section 725.06, Florida Statutes, and in accordance with section 725.08, Florida Statutes, the Consultant shall indemnify and hold harmless the County and the County's Commissioners, officers, agents, and employees, harmless from liabilities, damages, losses, and costs, including, but not limited to, reasonable attorneys' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Consultant and other persons employed or utilized by the Consultant in the performance of the contract.

The Consultant shall not be required to indemnify the County for any acts of the County's employees or agents not contemplated by section 725.08, Florida Statutes. This indemnity shall include, but not be limited to, charges of attorneys, legal assistants, and other professionals, and costs of both defense and appeal in a court of law or other tribunal, for any reason.

This provision shall also pertain to any claim brought against the County by any employee of the Consultant, its subconsultant(s), or anyone directly or indirectly employed by any of them.

The Consultant's indemnification obligation under the provision shall not be limited in any way to the consideration hereunder, the agreed-upon prices as shown in any Task Order issued pursuant to this Agreement, or any other agreed payment or compensation amount, nor shall this indemnification be limited due to the Consultant's lack of sufficient insurance protection. The Consultant hereby acknowledges and expressly agrees that the compensation to be paid to the Consultant by the County pursuant to this Agreement

specifically includes compensation as consideration for the indemnification provided herein.

Subject to the provisions of section 768.28, Florida Statutes, and unless otherwise specifically enumerated herein or mutually agreed to through a Task Order, Change Order, or Modification, except in the case of Fraud, Gross Negligence, or Willful Misconduct, neither party shall be liable to the other for any Consequential, Special, or Incidental damages, including damages for Loss of Use, Lost Profits, or Loss of Expected Gains, however caused, known or unknown, anticipated or unanticipated.

This Section 29 shall survive the expiration or termination of the Agreement.

SECTION 30 – NOTICES

Any notices to be given under this Agreement shall be in writing and delivered by United States Mail to the respective addresses referenced above. All such notices shall be sent to the designated project managers for each party.

SECTION 31 – INDEPENDENT CONSULTANT

Neither the County nor any of its employees shall have any control over the conduct of the Consultant or any of Consultant's employees, except as herein set forth. The Consultant and any and all Subconsultants are and shall be Independent Contractors in and throughout the performance of all work and services provided and performed pursuant to this Agreement. As Independent Contractors, the Consultant's and the Subconsultant's agents, servants, or employees shall not be deemed agents, servants, or employees of the County.

The Consultant does not have the power or authority to bind the County in any promise, agreement, or representation other than specifically provided for in this Agreement. The Consultant shall be responsible to the County for all the work or services performed by the Consultant, or any person or firm engaged as a Subconsultant pursuant to this Agreement. The County shall not be liable to any Subconsultant, or any other person, firm, corporation, or other entity that contracts with or provides goods or services to the Consultant in connection with the work required to be performed pursuant to this Agreement. The County shall not be liable to any Subconsultant, or any other person, firm, corporation, or other entity for debts or claims accruing to such parties against the Consultant pursuant to any work or services performed under this Agreement.

SECTION 32 – E-VERIFY PROGRAM

A contractor or consultant entering into a contract with a public entity (such as the County) is required to be registered with the U.S. Department of Homeland Security's E-Verify System and to utilize it to verify the work authorization status of all newly hired employees throughout the term of the contract. The contractor or consultant shall also be required to obtain and retain

affidavits from all subcontractors or subconsultants utilized during the contract verifying that they do not employ, contract with, or subcontract with any unauthorized aliens as that term is defined in 8 U.S.C.S. 1324a(h)(3). The failure to comply with this requirement constitutes grounds for termination of the contract and for such other penalties as provided under section 448.095, Fla. Stat.

If a public employer has terminated a contract with a contractor for failure to comply with the requirements of the paragraph above, the contractor may not be awarded a public contract for at least one year after the date on which the contract was terminated.

The County reserves the right to request verification of compliance from its consultants and contractors during the term of its contract with the County and for a period of up to five (5) years thereafter. Should a County-retained consultant, contractor, and/or its subconsultants be found to be non-compliant with E-Verify as part of a federal audit or other inquiry, the consultant, contractor and/or its subconsultant(s) will be solely responsible for the payment of any fines or costs imposed upon the county as a result of such non-compliance. Compliance with this section is mandatory for all projects.

SECTION 33 – MAINTENANCE OF RECORDS / COOPERATION WITH STATE AUDITS

The Consultant shall keep and maintain its accounting records and supporting documentation related to the services, work, information, expenses, costs, invoices, and materials provided and/or performed pursuant to the requirements of this Agreement for a minimum of five (5) years from the date of termination or expiration of this Agreement. The County, its authorized agents and representatives of federal and state agencies funding the Agreement ("Agencies") shall, with reasonable prior notice, have the right to audit, inspect and copy all such accounting records and supporting documentation as often as they deem reasonably necessary during the effective period of the Agreement and during the five (5) year period after the date of final payment or termination hereof. Any auditing, inspections, or copying of the Consultant's accounting records and supporting documentation performed by the County or Agencies shall be conducted during normal business hours upon reasonable prior notice to the Consultant and shall be at the sole expense of the County or the Agencies.

The Consultant specifically acknowledges that by accepting a Task Order which will be funded through state funds, the Consultant and any subconsultants retained by it will agree to cooperate with any audit initiated by the Office of the Auditor General of the State of Florida or any successor office. Such cooperation includes any investigation, audit, inspection, review, or hearing pursuant to section 20.055(5), Florida Statutes.

SECTION 34 – WAIVER OF BREACH

Waiver by either party of a breach of any provision of this Agreement shall not be deemed as a waiver of any other breach and shall not be construed to be a modification of the terms of this

Agreement.

SECTION 35 – EMERGENCIES

In the event that the Consultant's services are activated or requested during an event that disrupts essential operations, or when there is a threat to the public's health, welfare, or safety, or when normal purchasing procedures are not possible, or when there is a local, state, or federal declared state of emergency, the provisions of Section 2-101 of the Pasco County Code of Ordinances and any declaration of emergency, and orders issued thereto, shall apply and shall supersede as necessary, the terms and conditions of this Agreement, except as to Exhibit "B."

SECTION 36 – FORCE MAJEURE

Neither the County nor the Consultant shall be liable for delay or their failure to perform hereunder due to circumstances beyond their respective control, such as Acts of God, governmental laws or orders, wars, riots, pandemics, national emergencies, strikes, or accidents. The County or the Consultant may suspend their respective performance under this Agreement as a result of a force majeure and shall resume performance as soon as is reasonably possible. The delayed party must notify the other party promptly upon the occurrence of any such circumstance and inform the other party of its plans to resume performance; otherwise, performance by the delayed party will not be considered excused pursuant to this Section.

Should the Consultant be obstructed or delayed in the prosecution or completion of its obligations under this Agreement as a result of causes not due to its own fault or neglect, the Consultant shall notify the County in writing within seven (7) calendar days after commencement or discovery of such delay, stating the cause(s) therefore and requesting an extension of the Consultant's time of performance. Causes beyond the control of the Consultant shall include, but are not limited to, court orders and injunctions, actions or rulings of any federal, state or municipal authority (including the County) having jurisdiction over any project and/or any Force Majeure event as delineated in this Section.

Upon receipt of the Consultant's request for an extension of time for cause(s) beyond the control of the Consultant, the County Administrator shall have the discretion to grant an extension of time only if the County determines the delay encountered by the Consultant was not due to its own fault or neglect. All other extensions of time must be approved by the Board of County Commissioners.

No interruption, interference, inefficiency, suspension, or delay in the commencement or progress of the Consultant's services for any cause whatsoever, including those for which the County, including any of its agents or employees, may be responsible in whole or in part, shall relieve the Consultant of its duty to perform or give rise to any right to damages or additional compensation from the County unless such additional compensation can be

sufficiently evidenced by the Consultant and first approved by the County, and evidenced by a properly executed written Change Order.

The Consultant's sole remedy against the County in the event of such interruption, interference, inefficiency, suspension, or delay in the commencement or progress of such services shall be the right to seek an extension of the time only as included in any affected Task Order, unless such additional compensation can be sufficiently evidenced by the Consultant and first approved by the County, and evidenced by a properly executed written Change Order. However, such extension shall not operate as a waiver of any other rights of the County. This section shall expressly apply to claims for early completion, as well as claims based on late completion. The County shall not be responsible for any consequential damages or loss in profits incurred by the Consultant from such delays.

SECTION 37 – OWNERSHIP OF DOCUMENTS

All documents, such as drawings, tracings, notes, photographs, computer files, plans, specifications, maps, evaluations, reports, and other records and data relating to this Agreement shall become the property of the County and shall be delivered by the Consultant to the County within thirty (30) calendar days of completion of the Project or within seven (7) calendar days of the County making a request for said document delivery, whichever is applicable. In the event the County gives the Consultant a written Notice of Termination pursuant to Section 23 of this Agreement, or upon issuance to the Consultant by the County of a written Modification or Change Order which deletes all or part of the work or services required, the Consultant shall deliver to the County any and all documents listed above with the mutual understanding and commitment by the County that compensation earned or owing to the Consultant for services provided or performed by the Consultant pursuant to this Agreement prior to the date of any such termination will be paid to the Consultant as provided in Section 23 and within sixty (60) calendar days of the date of issuance of the Notice of Termination.

The Consultant, at its expense, may make and retain copies of all documents delivered to the County for the Consultant's reference and internal use. The Consultant shall not use any of these documents and/or data or information contained therein on any other project or for any other client without the prior expressed written permission of the County.

SECTION 38 – HEADINGS

The headings of the articles, sections, subsections, exhibits, and/or attachments contained in this Agreement are for the purpose of convenience only and shall not be deemed to expand, limit, or change the provisions contained in such articles, sections, subsections, exhibits and/or attachments.

SECTION 39 – EVALUATION OF THE CONSULTANT

The County shall perform a performance evaluation of the Consultant. The evaluation shall be forwarded to the Consultant for their records.

SECTION 40 – SEVERABILITY

In the event any one or more of the provisions contained in this Agreement shall for any reason be held invalid, illegal, or unenforceable in any respect, the invalidity, illegality, or unenforceability shall not affect any other provision and this Agreement shall be construed as if the invalid, illegal, or unenforceable provision had never been contained in it.

SECTION 41 – EXECUTION IN COUNTERPARTS

For the convenience of the parties and to facilitate execution, this Agreement may be executed in two (2) or more counterparts, each of which shall be deemed an original, but all of which shall constitute one and the same document.

SECTION 42 – ENTIRE AGREEMENT

This Agreement, including all referenced exhibits and attachments hereto, any written amendments, modifications or addenda to it, and any Task Order or Change Order executed pursuant to it, together with the RSQ and any written addenda, constitutes the entire Agreement between the County and the Consultant and shall supersede, replace, and nullify any and all prior agreements or understandings, written and oral, relating to the matters set forth herein. Prior agreements or understandings, if any, shall have no force or affect whatsoever on this Agreement.

(The Remainder of this Page Intentionally Left Blank).

IN WITNESS WHEREOF, the parties hereto by their duly authorized representatives have executed this Professional Services Agreement for solicitation number **RSQ-KM-23-060** effective the last day and year entered below, and effective **October 1, 2023**.

SECRETARY'S CERTIFICATE

I, Hillary F. Jassey, Secretary of WSP USA Inc. (the "Corporation"), do hereby certify on behalf of the Corporation and not in my individual capacity that on August 4, 2020 the Board of Directors of the Corporation adopted the following resolution:

> "**RESOLVED**, that parties authorized by the Delegation of Authority may sign RFPs, RFQs and any resulting project contracts or amendments in accordance with the Delegation of Authority "

I further certify that the resolution has not been revoked and that, as the Florida Transportation District Business Line Leader of the Corporation, Robert M. Clifford is authorized by the Delegation of Authority to sign prime agreements, amendments, and task work orders, between Pasco County, through its Board of County Commissioners, and the Corporation.

This Certification is valid from 03 May 2023 until 31 December 2023, at which time the responsibilities and authority conferred by this certificate will expire.

BOARD OF COUNTY COMMISSIONERS
AGENDA MEMORANDUM

COMMISSION DISTRICT: 4 **FILE NO.:** TED26-0214 **DATE:** 6/16/2026

SUBJECT: Aerial Easement and Temporary Construction Easement – CSX Transportation, Inc. – Ridge Road Extension, from Sunlake Boulevard to U.S. Highway 41 – $25,451.00

REFERENCES: PMA24-0020, TED26-0034

AGENDA SECTION: Consent Agenda

THRU: Branford Adumuah, Assistant County Administrator

FROM: Panos Kontses, P.E., CPM, Interim Transportation Engineering Director

RECOMMENDED BOARD ACTION:

Authorize the acquisition of a perpetual Aerial Easement and a Temporary Construction Easement from CSX Transportation, Inc. and authorize the Chairman to execute the two easements. Direct the Clerk and Comptroller's Office to issue a check in the amount of $25,451.00, made payable to CSX Transportation, Inc., and mail to: Attn: Sara Wehbe, CSX Transportation, Inc., 500 Water St J-180, Jacksonville FL 32202, and direct Board Records to distribute as set forth under the Distribution section below.

Delegate to the County Administrator or designee the full authority to act on behalf of the County for any purpose described in this memorandum in order to complete the transaction contemplated herein, including, but not limited to the authority to execute amended easements, approve or revise legal descriptions and to execute a termination of the Temporary Construction Easement upon completion of the project.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

On February 6, 2024, this Board awarded the Design-Build Agreement for the completion of Ridge Road Phase 2B, from Sunlake Boulevard to U.S. Highway 41 (PMA24-0020).

On January 6, 2026, the BCC approved the Construction Agreement between CSX Transportation, Inc. (CSX) and the County that outlines the terms and conditions under which the County will build, operate, and maintain a bridge over CSX's right-of-way (Project). The Construction Agreement requires the County to acquire from CSX all necessary easements required for the Project, which, in this instance, includes an Aerial Easement and a Temporary Construction Easement to construct and maintain the bridge over CSX's property.

The Aerial Easement allows the County to use a defined portion of CSX's property to build and maintain the Ridge Road bridge over the railroad corridor. CSX retains full rights to continue using the land and airspace outside the bridge envelope, and the County must meet CSX's construction, clearance, drainage, and future modification requirements. The Temporary Construction Easement allows the County to use a defined portion of CSX's property for construction access related to construction of the Ridge Road bridge. The Temporary Construction Easement terminates when the project is completed, or in three years, whichever occurs first.

CSX has agreed to convey the two easements to the County for the sum of $25,451.00, and has asked the County to issue payment, and CSX will deliver the original easement to the County for recording.

The Project Management Division of Transportation Engineering Department recommends approval.

FISCAL IMPACT/COST/REVENUE STATEMENT:
Funding in the amount of $24,451.00 is budgeted and available for FY 2026 in the Mobility Fee Central ROW Fund, Second Local Option Fuel Tax Fund, TXIF - Transportation CIP Fund, Project Number 20435.

DISTRIBUTION:
Board Records to distribute as set forth below:
1. Mail the original, executed Aerial Easement and Temporary Construction Easement to:

Attn: Sara Wehbe
CSX Transportation, Inc.
500 Water St J-180
Jacksonville FL 32202

2. The Clerk & Comptroller will issue a check in the amount of $25,451.00, made payable to CSX Transportation, Inc., and mail to:

Attn Sara Wehbe
CSX Transportation, Inc.
500 Water St J-180
Jacksonville FL 32202

3. Electronically to:

a. Whitney Haddox, Pasco County, at whaddox@pascocountyfl.net
b. Ashley Diesz, Pasco County, at adiesz@pascocountyfl.net
c. Sara Wehbe, CSX Transportation, Inc., at sara_wehbe@csx.com
d. Heather Wolff, Real Property Manager, at hwolff@pascocountyfl.net

Upon receipt of the payment, Ms. Wehbe will deliver the fully executed original easements to:

Attn: Ashley Diesz
Pasco County Transportation Eng.
5418 Sunset Road
New Port Richey, FL 34652
Tel: 727-834-3604 Ext. 1621

Ms. Diesz will record the easements and deliver the original, recorded easements to Board Records, to retain.

ATTACHMENT(S):
1. TED26-0214 Aerial Easement Deed

2. TED26-0214 Temporary Construction Easement
3. TED26-0214 Location Map

DEED OF AERIAL EASEMENT

THIS AERIAL EASEMENT DEED, made as of _____ day of _____, 20___, by and between CSX TRANSPORTATION, INC., a Virginia corporation, whose mailing address is 500 Water Street, Jacksonville, Florida 32202, hereinafter called "Grantor," and PASCO COUNTY, an Agency or Subdivision of the State of Florida, whose mailing address is 37918 Meridian Avenue, Dade City, Florida 33525, hereinafter called "Grantee"; WITNESSETH:

> (Wherever used herein, the terms "Grantor" and "Grantee" may be construed in the singular or plural as the context may require or admit, and for purposes of exceptions, reservations and/or covenants, shall include the heirs, legal representatives and assigns of individuals or the successors and assigns of corporations.)

THAT, for and in consideration of payment of the sum of TWENTY-FIVE THOUSAND FOUR HUNDRED FIFTY DOLLARS AND NO/100 DOLLARS ($25,450.00), which is the full monetary consideration for this conveyance, and other valuable consideration, the receipt whereof is hereby acknowledged, Grantor does hereby GRANT and CONVEY unto Grantee, Grantee's successors and assigns, WITHOUT WARRANTY and only to the extent that Grantor's title permits, and FURTHER SUBJECT TO the terms, conditions, exceptions and reservations herein made, (a) non-exclusive AERIAL easement, on, over or across Grantor's property at Land O'Lakes, County of Pasco, State of Florida, hereinafter designated "the Box Easement", which Box Easement is more particularly described in Exhibit A, attached hereto and incorporated herein, for the purpose of use for Ridge Road new bridge extension over the rail corridor located at DOT# 976887B, milepost SR 819.5.

EXCEPTING and RESERVING unto Grantor, its successors and assigns, the right to continue to occupy, possess and use the land upon which the Box Easement is imposed for any and all existing and future purposes.

TO HAVE AND TO HOLD the Box Easement and rights herein granted, solely for the purpose herein contained; SUBJECT, however, to any and all existing agreements, occupancies, easements, encroachments, ways and servitudes, any public or private utilities, cables, wires, pipes and other facilities located in, on, over, under or across the Box Easement, and all agreements, easements and rights granted or reserved therefor, whether the instruments granting or reserving the same be recorded or unrecorded; ALSO SUBJECT TO the following terms, conditions, exceptions and reservations:

EXCEPTING unto Grantor, its successors and assigns, airspace rights if any, above the Premises, which airspace lies above a horizontal plane, the elevation which begins at twenty- three (23) feet above the top of existing bridge which extends and is limited to the airspace required for the bridge appurtenances together with necessary lighting.

1. Said bridge, highway or roadway shall be constructed, maintained, repaired, renewed, reconstructed and/or removed in accordance with the provisions of that certain Agreement made between CSX Transportation, Inc. and Pasco County dated March 9th, 2026, and the Plans for the said improvements, which Agreement and Plans are on file in the respective offices of said parties; and the provisions of said Agreement shall survive delivery of this deed.

2. Grantee, its successors and assigns, shall provide and maintain, at Grantee's sole expense, drainage facilities in accordance with plans and specifications for said Road or Highway project, which plans and specifications are on file in the respective offices of the parties hereto, to prevent runoff and other surface waters collected on the Box Easement from flowing over Grantor's tracks and adjacent properties.

3. Grantee agrees that it shall not assess Grantor any stormwater fee associated with any drainage facilities, ditches or drainage structures associated or necessary due to the roadway. Furthermore, Grantee shall be responsible for any stormwater fees assessed by any County or State agency managing such systems.

4. If Grantee, its successors and assigns, desire to or is required to revise, renew, add to, expand or alter the bridge pursuant to this Easement, it shall submit plans for the same to Grantor's Chief Engineer or his authorized representative, and procure written approval thereof (which approval shall not be unreasonably withheld or delayed) before any such alteration or expansion is performed.

5. Grantee, its successors and assigns, shall not at any time impair or interfere with the lateral or subjacent support of Grantor's properties, structures, tracks or improvements on or adjacent to the Box Easement, or otherwise damage the same in any way.

6. Excluded from this grant are any and all rights of way for access, ingress or egress, whether by way of necessity, implication or otherwise, across, under or over any adjoining properties of

Grantor.

7. All road or highway structures shall be constructed, erected and maintained by Grantee, in, on or over the Box Easement to provide for a minimum vertical clearance of twenty-three (23) feet (from top of existing rail) and minimum lateral clearance of eighteen (18) feet (from center line of existing tracks).

8. If, at any time, the box Easement(s) herein granted, or any part thereof, shall no longer be used or required by Grantee, its successors or assigns, for the purposes for which granted, the same shall terminate, and Grantee, its successors or assigns, shall execute such instrument as provided or as hereafter may be required by law to clear title to the aforesaid property.

[THE REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, CSX TRANSPORTATION, INC., pursuant to due corporate authority, has caused its name to be signed hereto by its officers hereunto duly authorized and its corporate seal, duly attested, to be hereunto affixed.

DEED OF TEMPORARY CONSTRUCTION EASEMENT

THIS TEMPORARY CONSTRUCTION EASEMENT DEED, made this ___ day of _____, 20__, between CSX TRANSPORTATION, INC., a Virginia corporation, whose mailing address is 500 Water Street, Jacksonville, Florida 32202, hereinafter called "Grantor", and PASCO COUNTY, a political subdivision of the State of Florida, whose mailing address is 5418 Sunset Road, New Port Richey, Florida 34652, hereinafter called "Grantee", WITNESSETH:

(Wherever used herein, the terms "Grantor" and "Grantee" may be construed in the singular or plural as the context may require or admit, and for purposes of exceptions, reservations and/or covenants, shall include the heirs, legal representatives and assigns of individuals or the successors and assigns of corporations.)

THAT, for and in consideration of payment of the sum of ONE DOLLAR AND NO/100 DOLLARS ($1.00), which is the full monetary consideration for this conveyance, and other valuable consideration, the receipt whereof is hereby acknowledged, Grantor does hereby GRANT and CONVEY unto Grantee, Grantee's successors and assigns, WITHOUT WARRANTY and only to the extent that Grantor's title permits, and FURTHER SUBJECT TO the terms, conditions, exceptions and reservations herein made, (a) non-exclusive temporary access easement(s), on, over or across Grantor's property at Land O'Lakes, County of Pasco, State of Florida, hereinafter designated "the Easement(s)", which Easement(s) is/are more particularly described in Exhibit A, attached hereto and incorporated herein, for the purpose of use during the construction of the Ridge Road new bridge extension over the rail corridor located at DOT# 976887B, milepost SR 819.5. The term of this temporary access shall expire at the completion of the improvement project or three (3) years from date hereof, whichever first occurs.

EXCEPTING and RESERVING unto Grantor, its successors and assigns, the right to continue to occupy, possess and use the land upon which the Easement(s) is/are imposed for any and all existing and future purposes.

TO HAVE AND TO HOLD the Easement(s) and rights herein granted, solely for the purpose herein contained; SUBJECT, however, to any and all existing agreements, occupancies, easements, encroachments, ways and servitudes, any public or private utilities, cables, wires, pipes and other facilities located in, on, over, under or across the Easement(s), and all agreements, easements and rights granted or reserved therefor, whether the instruments granting or reserving the same be recorded or unrecorded; ALSO SUBJECT TO the following terms, conditions, exceptions and reservations:

1. Said bridge, highway or roadway shall be constructed, maintained, repaired, renewed, reconstructed and/or removed in accordance with the provisions of that certain Agreement made between CSX Transportation, Inc. and Pasco County dated_____, and the Plans for the said improvements, which Agreement and Plans are on file in the respective offices of said parties; and the provisions of said Agreement shall survive delivery of this deed.

2. Grantee, its successors and assigns, shall provide and maintain, at Grantee's sole expense, drainage facilities in accordance with plans and specifications for said Road or Highway project, which plans and specifications are on file in the respective offices of the parties hereto, to prevent runoff and other surface waters collected on the Easement(s) from flowing over Grantor's tracks and adjacent properties.

3. Grantee agrees that it shall not assess Grantor any stormwater fee associated with any drainage facilities, ditches or drainage structures associated or necessary do to the roadway. Furthermore, Grantee shall be responsible for any stormwater fees assessed by any County or State agency managing such systems.

4. If Grantee, its successors and assigns, desire to or is required to revise, renew, add to, expand or alter the bridge pursuant to this Easement, it shall submit plans for the same to Grantor's Chief Engineer or his authorized representative, and procure written approval thereof (which approval shall not be unreasonably withheld or delayed) before any such alteration or expansion is performed.

5. Excluded from this grant are any and all rights of way for access, ingress or egress, whether by way of necessity, implication or otherwise, across, under or over any adjoining properties of Grantor.

6. All road or highway structures shall be constructed, erected and maintained by Grantee, in, on or over the Easement(s) to provide for a minimum vertical clearance of twenty-three (23) feet (from top of existing rail) and minimum lateral clearance of eighteen (18) feet (from center line of existing tracks).

7. If, at any time, the Easement(s) herein granted, or any part thereof, shall no longer be used or required by Grantee, its successors or assigns, for the purposes for which granted, the same shall terminate, and Grantee, its successors or assigns, shall execute such instrument as provided or as hereafter may be required by law to clear title to the aforesaid property.

[THE REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, CSX TRANSPORTATION, INC., pursuant to due corporate authority, has caused its name to be signed hereto by its officers hereunto duly authorized and its corporate seal, duly attested, to be hereunto affixed.

BOARD OF COUNTY COMMISSIONERS
AGENDA MEMORANDUM

COMMISSION DISTRICT: 4 **FILE NO.:** TED26-0272 **DATE:** 6/16/2026

SUBJECT: Award of Bid No. IFB-BW-26-041 – Sun Civil LLC – Collier Parkway (Plantation Palms Boulevard and Collier Parkway) Traffic Signal – $1,057,285.03

REFERENCES: IFB-BW-26-041

AGENDA SECTION: Consent Agenda

THRU: Branford Adumuah, Assistant County Administrator

FROM: Panos Kontses, P.E., CPM, Interim Transportation Engineering Director

RECOMMENDED BOARD ACTION:

Approve the Award of Bid No. IFB-BW-26-041 to the lowest, responsive and responsible bidder, Sun Civil LLC (Sun Civil), for the Collier Parkway (Plantation Palms Boulevard and Collier Parkway Traffic Signal) project, in the Not to Exceed (NTE) amount of $1,057,285.03, which includes $200.00 for Indemnification and Termination for Convenience and $90,000.00 for Allowance Work, for Fiscal Year (FY) 2026. Authorize the Chairman to execute two originals of the Agreement provided and direct Board Records to date the bonds and power of attorney, and to distribute as set forth under the Distribution Section below.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

On December 24, 2025, at the request of the Project Management Division of the Transportation Engineering Department (TED), the Purchasing Department solicited an Invitation for Bid (IFB-BW-26-041) for the Collier Parkway (Plantation Palms Boulevard and Collier Parkway Traffic Signal) project. The specifications were prepared by TED. All provisions of the Purchasing Ordinance have been met.

On January 27, 2026, all bids were received, publicly opened and read. One thousand seventy-five vendors received automatic emails. Fifty-nine vendors downloaded the solicitation. Two responses were received, none of which were from Pasco County. A summary of the document takers list for this solicitation is attached.

The project signalizes the intersection of Plantation Palms Boulevard and Collier Parkway in Land O' Lakes, Pasco County, Florida. This signalization will significantly reduce vehicular peak hour delays and vehicular peak hour congestion, and will enhance pedestrian safety.

TED, with concurrence from the Purchasing Department, requests an award to Sun Civil in the amount of $1,057,285.03, which includes $200.00 for Indemnification and Termination of Convenience, and $90,000.00 for Allowance Work for FY 2026.

Project Phase	Estimated Start	Estimated Finish	Budget FY	Budget Amount
Design	February 2024	November 2025	2024-2025	$73,865.00

Construction	August 2026	February 2027	2026-2027	$1,057,285.03
Construction Engineering & Inspection (CEI) (In-House)	August 2026	February 2027	2026-2027	$160,000.00
			Total:	**$1,291,150.03**

FISCAL IMPACT/COST/REVENUE STATEMENT:
Funding in the amount of $800,000.00 is budgeted and available for FY 2026 in the Penny Transportation Infrastructure Fund, TXIF - Transportation CIP Fund, Transportation Engineering Department, Project Number 23074. Funding in the amount of $257,285.03 will be budgeted for FY 2027, contingent upon approval from the Board of County Commissioners of the various budgets.

AGREEMENT

THIS AGREEMENT is made and entered into by and between PASCO COUNTY, FLORIDA, by and through its Board of County Commissioners, hereinafter called COUNTY, and Sun Civil LLC, hereinafter called the CONTRACTOR, whose business address is 10323 Cross Creek Blvd., Suite A, Tampa, FL 33647.

WITNESSETH THAT:

In consideration of the mutual covenants and provisions contained herein, the parties hereto agree as follows:

1. The CONTRACTOR shall provide to the COUNTY, within the Contract Time, all labor, materials, and appurtenances thereto per the requirements set forth in the Contract Documents for:

   Solicitation Title: COLLIER PARKWAY (PLANTATION PALMS BLVD. & COLLIER PKWY TRAFFIC SIGNAL)

   Bid No.: IFB-BW-26-041

2. The CONTRACTOR shall complete the Work to be performed under this Agreement within 180 calendar days (the initial Contract Time) from the date of the Notice to Proceed issued by the COUNTY.

3. In addition to the number of calendar days specified for the initial Contract Time in the preceding paragraph, 90 calendar days have been included in the overall Contract Time for allocation to the CONTRACTOR for performance of Allowance Work in accordance with the Allowances provision of the Contract Documents.

4. **Time is of the essence for this Agreement.** Timely completion of the Work after the issuance of the aforesaid Notice to Proceed is of central importance to the COUNTY. This Project has certain various critical milestones to be met.

5. **Liquidated damages shall apply to compensate for delays.** The parties acknowledge and agree that the damages to the COUNTY associated with any delay in completion of the Project are not readily ascertainable as of the time of execution of this Agreement, and concur that the sum of $ 1,685.00 per diem, bears a reasonable relationship to the actual damages which the COUNTY would suffer as a consequence of any such delay in completion of the Work. The parties agree that such sums are reasonable and would not constitute a penalty against the CONTRACTOR. In arriving at these sums, consideration has been given to the loss to the public of the use of the Project due to delay, the additional administrative costs caused by any delay, higher labor and material costs associated with delay, risks associated with litigation from delay, and other factors. Failure to complete the Work by any Milestone Date(s) set forth in the agreed

upon Work Schedule or in this Agreement, up to and including that for Final Completion, therefore, shall entitle the COUNTY to deduct these sums from the Contract Price for each day of delay in meeting each such Milestone Date. The amounts of Liquidated Damages for individual Milestone Dates are additive for each day of delay they are concurrently in effect.

6. This Agreement includes and incorporates by reference all Contract Documents, as the term Contract Documents is defined within Article 1 of the General Conditions.

7. The total Contract Price for the full and complete performance by Contractor of all Work required by the Contract Documents shall not exceed $ 1,057,285.03, unless otherwise modified as provided herein. The total Contract Price includes **$100.00** for Indemnification, **$100.00** for termination for convenience, $ 90,000.00 for Allowance Work, and $_____ for Alternate No._____. Payment shall be made not more often than once per month and in accordance with the Contract Documents.

8. During the performance of this Agreement, the CONTRACTOR herein assures the COUNTY that said CONTRACTOR is in compliance with Title VII of the 1964 Civil Rights Act, as amended, and The Florida Civil Rights Act of 1992 in that the CONTRACTOR does not on the grounds of race, color, national origin, religion, sex, age, handicap or marital status, discriminate in any form or manner against the employees of the CONTRACTOR or its applicants for employment. The CONTRACTOR understands and agrees that this Agreement is conditioned upon the veracity of this Statement of Assurance. Furthermore, the CONTRACTOR herein assures the COUNTY that said CONTRACTOR shall comply with Title VI of the Civil Rights Act of 1964 when any Federal grant is involved. Other applicable Federal and State laws, executive orders and regulations prohibiting the type of discrimination as hereinabove delineated are included by this reference thereto. This Statement of Assurance shall be interpreted to include Vietnam Era Veterans and Disabled Veterans within its protective range of applicability.

9. The CONTRACTOR shall furnish to the COUNTY (when and in the manner required by the Contract Documents) all appropriate Certificates of Insurance, and a Performance Bond and/or Payment Bond for the Contract Price within ten (10) days following Notification of Award.

10. The COUNTY and the CONTRACTOR acknowledge the acceptance from the Bid Proposal of the following Alternate(s).

No._____ No._____ No._____ No._____

No. _____ No._____ No._____ No._____

The COUNTY and the CONTRACTOR acknowledge that the corresponding price as shown in the

Bid Proposal for each accepted Alternate is incorporated in the amount of compensation specified in paragraph 7 above.

11. The COUNTY and the CONTRACTOR acknowledge that all addendums issued with respect to this Project are herein incorporated into the list of Contract Documents listed in Article 1 of the General Conditions.

12. The funding required for this Project is contingent upon the availability of County funds and the appropriation of such funds by the Board of County Commissioners.

13. This Agreement and any changes hereto shall constitute the entire agreement between CONTRACTOR and COUNTY relating to Work. This Agreement supersedes all previous or contemporary representations or warranties of COUNTY or CONTRACTOR not set forth or referenced in the Contract Documents.

14. Except as specifically provided herein, no modification, waiver, termination, rescission, discharge, or cancellation of this Agreement, or of any term thereof, shall be binding on the COUNTY unless in writing and executed by the Board of County Commissioners.

15. Waiver by the COUNTY of a breach of any provision of this Agreement by the CONTRACTOR shall not be deemed to be a waiver or any other breach and shall not be construed to be a modification of the terms of this Agreement.

16. No modification, waiver, termination, discharge, or cancellation of the Agreement or of any terms thereof shall impair the rights of the COUNTY with respect to any liabilities, whether or not liquidated, of the CONTRACTOR to the COUNTY theretofore accrued.

17. The duties and obligations imposed upon the CONTRACTOR by this Agreement and the rights and remedies available hereunder, shall be in addition, and not limited, to any otherwise imposed or available in law or in equity, whether by statute, special guarantee, or otherwise.

18. The CONTRACTOR shall at all times remain an independent contractor and shall have no power, nor shall the CONTRACTOR represent that the CONTRACTOR has any power, to bind COUNTY or to assume or to create any obligation expressed or implied on behalf of the COUNTY.

19. This Agreement shall be binding upon, and its benefits and advantages shall inure to the heirs, personal representatives, successors and assigns of the parties hereto.

20. The parties agree that if any part, term, or provision of this Agreement is held to be illegal, unenforceable or in conflict with any applicable federal, state or local law or regulation, such part, term or provision shall be severable with the remainder of the Agreement remaining valid and enforceable.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the last day written below (bid award date for the Project subject thereto).

Description of Project (including if applicable, a legal description and the street address of the property being improved and a general description of the improvement):

The Pasco County Board of County Commissioners invites vendors to submit bids for Collier Parkway (Plantation Palms Blvd. & Collier Pkwy traffic signal), as per the listed statement of work.

See Attachment ("Legal Description")

BOND NO. 602-213964-3

PUBLIC CONSTRUCTION BOND

BY THIS BOND, We Sun Civil, LLC., as Principal and United States Fire Insurance Company, a corporation, as Surety, are bound to Board of County Commissioners, Pasco County, Florida, herein called Owner, in the sum of $ 1,057,285.03, for payment of which we bind ourselves, our heirs, personal representatives, successors, and assigns, jointly and severally.

THE CONDITION OF THIS BOND is that if Principal:

1. Performs the contract dated _____, **(This date is to be filled in by Board Records on the date of contract award)** between Principal and Owner for construction of IFB-BW-26-041 - Collier Parkway (Plantation Palms Blvd & Collier Parkway Traffic Signal), (hereinafter the "Contract"), the Contract being made a part of this bond by reference, at the times and in the manner prescribed in the Contract; and

2. Promptly makes payment to all claimants, as defined in Section 255.05(1), Florida Statutes, supplying Principal with labor, materials or supplies used directly or indirectly by Principal in the prosecution of the work provided for in the contract; and

3. Pays Owner all losses, damages, expenses, costs, and attorney's fees, including appellate proceedings, that Owner sustains because of a default by Principal under the Contract; and

4. Performs the guarantee of all work and materials furnished under the Contract for the time specified in the contract, then this bond is void; otherwise, it remains in full force.

Any action instituted by a claimant under this bond for payment must be in accordance with the notice and time limitation provisions in Section 255.05(2), Florida Statutes.

Any changes in or under the Contract documents (including extension of time, alternatives or additions to the terms of the Contract or specifications referred to within), and compliance or noncompliance with any formalities connected with the Contract or the changes does not affect Surety's obligation under this bond, and it does hereby waive notice of any such changes, extension of time, alterations or additions to the terms of the Contract or to work or to the specifications.

BOND NO. 602-213964-3

THIS BOND IS DATED THIS _____ day of _____, 20____. (This date to be filled in by Board Records on the date of contract award).

See Attachment ("Legal Description")

BOND NO. 602-213964-3

PAYMENT BOND

I. KNOW ALL PERSONS BY THESE PRESENTS: That Sun Civil, LLC., as Principal, whose address is 10323 Cross Creek Boulevard., Suite A, Tampa, FL 33647, and United States Fire Insurance Company, as Surety, whose address is 305 Madison Avenue, Morristown, NJ 07960, are held and firmly bound unto the Board of County Commissioners, Pasco County, Florida, as Obligee in the sum of $1,057,285.03, for the payment whereof we bind ourselves, our heirs, executors, personal representatives, successors and assigns, jointly and severally, firmly by these presents.

II. WHEREAS, the Principal has entered into a contract with Obligee, dated the _____ day of _____, 20_____, **(This date will be filled in by Board Records on the date of contract award)** for IFB-BW-26-041 - Collier Parkway (Plantation Palms Blvd & Collier Parkway Traffic Signal); in accordance with drawings and specifications, which contract is by reference made a part hereof, and is hereinafter referred to as the Contract.

III. A. NOW THEREFORE, THE CONDITION OF THIS BOND IS THAT IF THE PRINCIPAL:

1. Shall promptly make payments to all claimants as defined in section 255.05(1), Florida Statutes, supplying the Principal with labor, materials, or supplies, as used directly or indirectly by the Principal in the prosecution of the work provided for in the Contract; and

2. Shall pay the Obligee for all losses, damages, expenses, costs, and attorney's fees, including those resulting from appellate proceedings, that the Obligee sustains because of a default by the Principal in contravention to the Contract in regard to payment for such labor, materials, or supplies furnished to the Principal; then this Bond is void; otherwise, this Bond remains in full force and effect.

B. BE IT FURTHER KNOWN:

1. Any changes in or under the Contract and compliance or noncompliance with any formalities connected with the said Contract or alterations which may be made in the terms of the said Contract, or in the work to be done under it, or the giving by the Obligee of any extension of time for the performance of the said Contract, or any other forbearance on the part of the Obligee or Principal to the other, shall not in any way release the Principal and the Surety, or either or any of them, their heirs, their personal representatives, their successors or their assigns from liability hereunder, notice to the Surety of any such changes, alterations, extensions or forbearance being hereby waived.

BOND NO. 602-213964-3

2. Certain claimants seeking the protection of this Bond must timely comply with the strict requirements set forth in section 255.05, Florida Statutes, and as otherwise provided by law.

3. As concerns payment for labor, materials and supplies, as affects certain claimants, no legal action shall be instituted against the Principal or Surety on this Bond after one (1) year from the performance of labor or the completion of delivery of the materials or supplies as is specifically mandated pursuant to section 255.05, Florida Statutes.

(The remainder of this page is intentionally left blank)

The provisions and limitations of Section 255.05 Florida Statutes, including but not limited to the notice and time limitations in Sections 255.05(2) and 255.05(10), are incorporated in this bond by reference.

BOND NO. 602-213964-3

THIS PAYMENT BOND IS DATED THIS _____ day of _____, 20____. (This date to be filled in by Board Records on the date of contract award).

POWER OF ATTORNEY
UNITED STATES FIRE INSURANCE COMPANY
PRINCIPAL OFFICE - MORRISTOWN, NEW JERSEY

02725

KNOW ALL MEN BY THESE PRESENTS: That United States Fire Insurance Company, a corporation duly organized and existing under the laws of the state of Delaware, has made, constituted and appointed, and does hereby make, constitute and appoint:

Brett Rosenhaus, Dale Belis, Christian Collins

each, its true and lawful Attorney(s)-In-Fact, with full power and authority hereby conferred in its name, place and stead, to execute, acknowledge and deliver: Any and all bonds and undertakings of surety and other documents that the ordinary course of surety business may require, and to bind United States Fire Insurance Company thereby as fully and to the same extent as if such bonds or undertakings had been duly executed and acknowledged by the regularly elected officers of United States Fire Insurance Company at its principal office, in amounts or penalties: **Unlimited**

This Power of Attorney limits the act of those named therein to the bonds and undertakings specifically named therein, and they have no authority to bind United States Fire Insurance Company except in the manner and to the extent therein stated.

This Power of Attorney is granted pursuant to Article IV of the By-Laws of United States Fire Insurance Company as now in full force and effect, and consistent with Article III thereof, which Articles provide, in pertinent part:

> Article IV, Execution of Instruments - Except as the Board of Directors may authorize by resolution, the Chairman of the Board, President, any Vice-President, any Assistant Vice President, the Secretary, or any Assistant Secretary shall have power on behalf of the Corporation:
>
> (a) to execute, affix the corporate seal manually or by facsimile to, acknowledge, verify and deliver any contracts, obligations, instruments and documents whatsoever in connection with its business including, without limiting the foregoing, any bonds, guarantees, undertakings, recognizances, powers of attorney or revocations of any powers of attorney, stipulations, policies of insurance, deeds, leases, mortgages, releases, satisfactions and agency agreements;
> (b) to appoint, in writing, one or more persons for any or all of the purposes mentioned in the preceding paragraph (a), including affixing the seal of the Corporation.
>
> Article III, Officers, Section 3.11, Facsimile Signatures. The signature of any officer authorized by the Corporation to sign any bonds, guarantees, undertakings, recognizances, stipulations, powers of attorney or revocations of any powers of attorney and policies of insurance issued by the Corporation may be printed, facsimile, lithographed or otherwise produced. In addition, if and as authorized by the Board of Directors, dividend warrants or checks, or other numerous instruments similar to one another in form, may be signed by the facsimile signature or signatures, lithographed or otherwise produced, of such officer or officers of the Corporation as from time to time may be authorized to sign such instruments on behalf of the Corporation. The Corporation may continue to use for the purposes herein stated the facsimile signature of any person or persons who shall have been such officer or officers of the Corporation, notwithstanding the fact that he may have ceased to be such at the time when such instruments shall be issued.

IN WITNESS WHEREOF, United States Fire Insurance Company has caused these presents to be signed and attested by its appropriate officer and its corporate seal hereunto affixed this 4th day of April, 2025.

UNITED STATES FIRE INSURANCE COMPANY

Matthew E. Lubin, President

State of New Jersey }
County of Morris }

On this 4th day of April, 2025, before me, a Notary public of the State of New Jersey, came the above named officer of United States Fire Insurance Company, to me personally known to be the individual and officer described herein, and acknowledged that he executed the foregoing instrument and affixed the seal of United States Fire Insurance Company thereto by the authority of his office.

ETHAN SCHWARTZ
NOTARY PUBLIC
STATE OF NEW JERSEY
MY COMMISSION EXPIRES 6/25/2029
COMMISSION: #50223171

Ethan Schwartz (Notary Public)

I, the undersigned officer of United States Fire Insurance Company, a Delaware corporation, do hereby certify that the original Power of Attorney of which the foregoing is a full, true and correct copy is still in force and effect and has not been revoked.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the corporate seal of United States Fire Insurance Company on the day of 20

UNITED STATES FIRE INSURANCE COMPANY

ADDITIONAL INSURED – OWNERS, LESSEES OR CONTRACTORS – COMPLETED OPERATIONS

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART
PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART

SCHEDULE

Name Of Additional Insured Person(s) Or Organization(s)	Location And Description Of Completed Operations
Any person or organization in which the Named Insured has agreed in a written contract or written agreement executed prior to a loss.	Any location(s) in which the Named Insured has agreed in a written contract or written agreement executed prior to a loss.
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.	

A. **Section II – Who Is An Insured** is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury" or "property damage" caused, in whole or in part, by "your work" at the location designated and described in the Schedule of this endorsement performed for that additional insured and included in the "products-completed operations hazard".

However:

1. The insurance afforded to such additional insured only applies to the extent permitted by law; and

2. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

B. With respect to the insurance afforded to these additional insureds, the following is added to **Section III – Limits Of Insurance:**

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

1. Required by the contract or agreement; or

2. Available under the applicable limits of insurance;

whichever is less.

This endorsement shall not increase the applicable limits of insurance.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

ADDITIONAL INSURED – OWNERS, LESSEES OR CONTRACTORS – SCHEDULED PERSON OR ORGANIZATION

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Name Of Additional Insured Person(s) Or Organization(s)	Location(s) Of Covered Operations
Any person or organization in which the Named Insured has agreed in a written contract or written agreement executed prior to a loss.	Any location(s) in which the Named Insured has agreed in a written contract or written agreement executed prior to a loss.
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.	

A. **Section II – Who Is An Insured** is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

1. Your acts or omissions; or

2. The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional insured(s) at the location(s) designated above.

However:

1. The insurance afforded to such additional insured only applies to the extent permitted by law; and

2. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

B. With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

This insurance does not apply to "bodily injury" or "property damage" occurring after:

1. All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or

2. That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

 © Insurance Services Office, Inc., 2018

C. With respect to the insurance afforded to these additional insureds, the following is added to **Section III – Limits Of Insurance:**

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

1. Required by the contract or agreement; or

2. Available under the applicable limits of insurance;

whichever is less.

This endorsement shall not increase the applicable limits of insurance.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

PRIMARY AND NONCONTRIBUTORY – OTHER INSURANCE CONDITION

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART
LIQUOR LIABILITY COVERAGE PART
PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART

The following is added to the **Other Insurance** Condition and supersedes any provision to the contrary:

Primary And Noncontributory Insurance

This insurance is primary to and will not seek contribution from any other insurance available to an additional insured under your policy provided that:

(1) The additional insured is a Named Insured under such other insurance; and

(2) You have agreed in writing in a contract or agreement that this insurance would be primary and would not seek contribution from any other insurance available to the additional insured.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

WAIVER OF TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS TO US (WAIVER OF SUBROGATION)

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART
ELECTRONIC DATA LIABILITY COVERAGE PART
LIQUOR LIABILITY COVERAGE PART
POLLUTION LIABILITY COVERAGE PART DESIGNATED SITES
POLLUTION LIABILITY LIMITED COVERAGE PART DESIGNATED SITES
PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART
RAILROAD PROTECTIVE LIABILITY COVERAGE PART
UNDERGROUND STORAGE TANK POLICY DESIGNATED TANKS

SCHEDULE

Name Of Person(s) Or Organization(s):
Any person or organization in which the Named Insured has agreed in a written contract or written agreement executed prior to a loss to furnish this waiver.
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

The following is added to Paragraph **8. Transfer Of Rights Of Recovery Against Others To Us** of **Section IV – Conditions:**

We waive any right of recovery against the person(s) or organization(s) shown in the Schedule above because of payments we make under this Coverage Part. Such waiver by us applies only to the extent that the insured has waived its right of recovery against such person(s) or organization(s) prior to loss. This endorsement applies only to the person(s) or organization(s) shown in the Schedule above.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

DESIGNATED INSURED FOR COVERED AUTOS LIABILITY COVERAGE

This endorsement modifies insurance provided under the following:

AUTO DEALERS COVERAGE FORM
BUSINESS AUTO COVERAGE FORM
MOTOR CARRIER COVERAGE FORM

With respect to coverage provided by this endorsement, the provisions of the Coverage Form apply unless modified by this endorsement.

This endorsement identifies person(s) or organization(s) who are "insureds" for Covered Autos Liability Coverage under the Who Is An Insured provision of the Coverage Form. This endorsement does not alter coverage provided in the Coverage Form.

This endorsement changes the policy effective on the inception date of the policy unless another date is indicated below.

Named Insured: Sun Civil, LLC

Endorsement Effective Date: 4/30/2024

SCHEDULE

Name Of Person(s) Or Organization(s):
Any person or organization who has the Named Insured's permission to use covered, owned, hired or borrowed autos per written contract or written agreement prior to a loss.
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

Each person or organization shown in the Schedule is an "insured" for Covered Autos Liability Coverage, but only to the extent that person or organization qualifies as an "insured" under the Who Is An Insured provision contained in Paragraph **A.1.** of Section **II** – Covered Autos Liability Coverage in the Business Auto and Motor Carrier Coverage Forms and Paragraph **D.2.** of Section **I** – Covered Autos Coverages of the Auto Dealers Coverage Form.

© Insurance Services Office, Inc., 2011

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

WAIVER OF TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS TO US (WAIVER OF SUBROGATION)

This endorsement modifies insurance provided under the following:

AUTO DEALERS COVERAGE FORM
BUSINESS AUTO COVERAGE FORM
MOTOR CARRIER COVERAGE FORM

With respect to coverage provided by this endorsement, the provisions of the Coverage Form apply unless modified by the endorsement.

This endorsement changes the policy effective on the inception date of the policy unless another date is indicated below.

Named Insured: Sun Civil, LLC
Endorsement Effective Date: 4/30/2024

SCHEDULE

Name(s) Of Person(s) Or Organization(s):
Any person or organization in which the Named Insured has agreed in a written contract or written agreement executed prior to a loss to furnish this waiver.
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

The **Transfer Of Rights Of Recovery Against Others To Us** condition does not apply to the person(s) or organization(s) shown in the Schedule, but only to the extent that subrogation is waived prior to the "accident" or the "loss" under a contract with that person or organization.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

PRIMARY AND NONCONTRIBUTORY – OTHER INSURANCE CONDITION

This endorsement modifies insurance provided under the following:

AUTO DEALERS COVERAGE FORM
BUSINESS AUTO COVERAGE FORM
MOTOR CARRIER COVERAGE FORM

With respect to coverage provided by this endorsement, the provisions of the Coverage Form apply unless modified by the endorsement.

A. The following is added to the **Other Insurance** Condition in the Business Auto Coverage Form and the **Other Insurance – Primary And Excess Insurance Provisions** in the Motor Carrier Coverage Form and supersedes any provision to the contrary:

This Coverage Form's Covered Autos Liability Coverage is primary to and will not seek contribution from any other insurance available to an "insured" under your policy provided that:

1. Such "insured" is a Named Insured under such other insurance; and

2. You have agreed in writing in a contract or agreement that this insurance would be primary and would not seek contribution from any other insurance available to such "insured".

B. The following is added to the **Other Insurance** Condition in the Auto Dealers Coverage Form and supersedes any provision to the contrary:

This Coverage Form's Covered Autos Liability Coverage and General Liability Coverages are primary to and will not seek contribution from any other insurance available to an "insured" under your policy provided that:

1. Such "insured" is a Named Insured under such other insurance; and

2. You have agreed in writing in a contract or agreement that this insurance would be primary and would not seek contribution from any other insurance available to such "insured".

BID PROPOSAL

IFB No.: IFB-BW-26-041

PROJECT NAME: COLLIER PARKWAY (PLANTATION PALMS BLVD. & COLLIER PKWY TRAFFIC SIGNAL)

1. **Bid Price.** Note that this sum represents the total of the prices shown in the following Bid Schedule. Should the BIDDER make any errors in determining a line item total or in the summation of the line item totals in said Bid Schedule, upon discovery of the errors, the correct multiplication and/or sum, will be used by the County in determining the Bid Price of a BIDDER; provided, however, the COUNTY shall not be liable for any failure to discover such errors:

   $ 967,085.03
   (DO NOT LEAVE BLANK)

2. **Indemnification & Termination for Convenience** (See GC 6.2 & 16.2.3):

   $ 200.00

3. **Total Bid Price** (Add the dollar amounts stated in the above lines.)

   $ 967,285.03
   (DO NOT LEAVE BLANK)

4. **Allowances**

   A. **Allowance Work** in accordance with Article 21 of the General Conditions.

   $ 90,000.00
   (FOR COUNTY USE ONLY)

   B. **Other Allowances**

   $ _____
   (FOR COUNTY USE ONLY)

5. **Alternates (☐)**

   $ _____
   (FOR COUNTY USE ONLY)

6. **Final Total Bid Price *:**

   $ **1,057,285.03 K. Miller**
   (FOR COUNTY USE ONLY)

* The dollar amounts shown herein are to be utilized by the COUNTY as a guide to selecting the *best qualified* low BIDDER. The COUNTY reserves the right to award on more than one or none of the Alternates at its sole discretion. The actual total compensation paid BIDDER for the Project described in these Contract Documents may vary from the amount stated herein due to adjustments in pay quantity/ quantities resulting from changes in item quantity/quantities, and/or adjustments in pay quantity/quantities as otherwise permitted by these Contract Documents.

7. BIDDER acknowledges that included in the various items of the proposal, and in the Total Bid Price as indicated above, are costs for complying with the Florida Trench Safety Act.

The BIDDER further identifies the cost to be $ 0.00 **[IMPORTANT: this blank to be filled in by the BIDDER].** This cost is itemized in the Florida Trench Safety Act Certification and Disclosure Statement that is included in this proposal as Exhibit B. It is a ***MANDATORY REQUIREMENT*** that the Disclosure Statement be submitted with a bid.

8. The Total Bid Price quoted above represents the Bid Proposal of the BIDDER, exclusive of consideration of Reserves for Specified Allowances and of the Alternate(s) listed in any accompanying Alternative Bid Schedule. Pasco County may select one or more of any said Alternate(s) relative to determining the lowest and best bid proposal. The Final Total Bid Price will be computed by Pasco County to reflect all Reserves for Allowances, as well as the addition or deletion of any Alternate(s) selected by the COUNTY. Where an Alternative Bid Schedule is provided, ***A FAILURE TO SUBMIT A PRICE FOR EACH ALTERNATE WILL RESULT IN REJECTION OF THE BID AS NONRESPONSIVE.***

9. Legal name of the BIDDER: Sun Civil LLC.
(This name must match the name on your current W9 Form. The W9 will be requested at the time of award. Designate with name, in typed or printed form, whether corporation, limited liability company, partnership, individual, or other type of legally recognized entity or person; if not a natural person, designate also the state or country of incorporation or other legal establishment, as applicable)

All fictitious names or aliases:

_____

_____

10. Local (to New Port Richey, Florida) business and mailing address of the BIDDER:

_____

11. Primary business and mailing address of the BIDDER: ☐ Same as local address.

10333 Cross Creek Blvd., Suite A, Tampa, FL 33647

Contractor License No. See attached FDOT Prequalification

Federal Employer Identification Number (FEIN): 85-0544174

12. Business phone number of the BIDDER: (813) 388-9812; Fax: _____

Email Address: rbrooks@sun-civil.com

13. The BIDDER has been operating under the present trade name continuously since:

March 2020

14. The BIDDER represents by execution of this document below that the BIDDER understands all the requirements associated with this Bid, that this is a serious Bid, and that the BIDDER will comply fully with all the stipulations included in the Bid Package.

The above-named BIDDER affirms and declares:

A. That the BIDDER, if an individual, is of lawful age, and that no other person, firm or corporation has any interest in this Proposal, or in the contract proposed hereby, except as expressly stated below (if none, so state):

None

B. That this Proposal is made without any understanding, agreement, or connection with any other person, firm or corporation making a Proposal for the same purpose, and is in all respects fair and without collusion or fraud except as expressly stated below:

None

C. That the BIDDER is not in arrears to the COUNTY upon debt or contract and is not a defaulter, as surety or otherwise, upon any obligation to the COUNTY except as expressly stated below:

None

D. That no officer or employee or person whose salary is payable in whole or in part from the Treasury of the COUNTY is, shall be or shall become interested, directly or indirectly, as surety or otherwise in this Proposal, in the performance of this Contract, in the supplies, materials, equipment, and work or labor to which they relate, or in any portion of the profits thereof.

E. That the BIDDER is in compliance with Section 448.095(2), Fla. Stat. requiring CONTRACTOR and its SUBCONTRACTORS to register with and utilize the U.S. Department of Homeland Security's E-Verify program to verify the work authorization status of all newly hired employees and acknowledges that it will be required to maintain such compliance throughout the term of any Contract entered between the parties. The BIDDER also confirms that no public employer has terminated a contract with the BIDDER for failure to comply with Section 448.095(2), Fla. Stat. (2020) within the 12 months preceding the date this Certification Form is signed by the BIDDER.

F. That the BIDDER has received and carefully examined all Addenda issued prior to uploading its Bid Proposal and its Bid Proposal will be accordance with all Addenda prior to Bid Opening.

G. That the BIDDER has examined publicly available information regarding site conditions, observed the side, received responses to questions regarding the site conditions submitted to the Purchasing Department at the link for this solicitation at https://pasococountyfl.bonfirehub.com prior to the deadline for questions, and attended any site visits offered by the County. Based on that information, BIDDER is fully satisfied as to: (1) the nature and location of the Work; (2) the location of all existing utilities; (3) subsurface conditions; (4) the character, quality and quantity of all materials needed for the performance of the Work; (5) the kind and extent of the equipment, labor and other resources or facilities needed for the performance of the Work; (6) the general and local conditions, as well as all difficulties that may be encountered, including but not limited to weather conditions; and (7) all other items which may in any way affect or impact the Work or its performance.

H. That the BIDDER or any officer of the BIDDER has not been found guilty of a public entity crime or is on the convicted vendor list as set forth in Sections 287.132 and 287.133, F.S.

I. If claiming Local Vendor Preference, the Offeror certifies that they satisfy each of the following criteria at the time of their submission of a response to the solicitation necessary to qualify as a "Local Business": a) a vendor, supplier, or contractor who does business in Pasco County by providing goods, services, or construction; and b) maintains a physical business address located within the jurisdictional limits of Pasco County in an area zoned for the conduct of such business; and c) which the vendor, supplier or contractor operates or performs business on a daily basis; and d) has for at least twelve (12) months prior to the bid or proposal opening date; and (e) provides a copy of their local business tax receipt. Post office boxes shall not be used for the purpose of establishing said physical business address.

Check the below box if applicable:

☐ BIDDER is a Local Business located in Pasco County.

This local preference provision is not applicable to those solicitations involving the use of either State or Federal funds as indicated below:

☐ State and/or Federal Funds are involved in this project.

Note: If claiming Local Vendor Preference, a valid Local Business Tax Receipt must be provided at the time the response is submitted in order to qualify for such consideration.

J. In executing this document, the undersigned represents that the BIDDER accepts the terms, conditions, mandates, and other provisions of the associated Instructions to Bidders, the Conditions of Contract, and the Agreement, said documents and their respective exhibits and attachments being the sole basis upon which the bidder makes this proposal.

K. By signing this Certification, I represent that I am of lawful age and have the authority to bind the Offeror for contract purposes. **If someone other than the President of the corporation, or a member of a member-managed limited liability company, or the manager of a manager managed limited liability company, then one of the following must be submitted with this Certification**:

1. If Offeror is a corporation (includes incorporated or company, or abbreviations thereof, in its name), and if other than the President of the corporation is signing this Certification, then one of the following must be submitted with this Certification:

   a. a current corporate resolution naming the officer or person signing this Certificate as authorized to sign contracts on behalf of the company or,

   b. a copy of the Board of Directors' resolution or meeting minutes designating the officer or person signing this Certificate as authorized to sign contracts for the corporation, certified by the secretary of the corporation.

2. If Offeror is a limited liability company, then the following must be submitted with this Certification: a copy of the Operating Agreement of the limited liability company showing that that person signing this Certificate is authorized to sign contracts for the limited liability company.

L. Attached to this Bid Proposal is a copy of the Certificate of Status from the Florida Secretary of State, Division of Corporations, which can be downloaded from https://dos.myflorida.com/sunbiz/search/.

IN WITNESS WHEREOF, this Bid Proposal has been signed and sealed as of the date indicated below by the BIDDER.

January 12, 2026	Deadline for written questions, **5:00 p.m**., ET
January 16, 2026	Response to questions to be posted to Bonfire
January 27, 2026	IFB due online Bonfire by 1:30 p.m., ET

ADVERTISEMENT FOR INVITATION FOR BID

The Pasco County Board of County Commissioners invites vendors to submit bids for **Collier Parkway (Plantation Palms Blvd. & Collier Pkwy traffic signal)**, as per the listed statement of work.

In using this method for solicitation, we are requesting your best effort in seeking the lowest cost for our requirements. To be entitled to consideration, online submission shall be presented in accordance with the instructions of this solicitation and within the timeframe specified. It shall be the responsibility of the selected offeror to meet all specifications and guidelines set forth herein. Each bid shall be opened and read publicly. The Pasco County Board of County Commissioners (hereinafter, "Pasco County" or "County"), at its discretion, determines the criteria and process whereby bids are evaluated and awarded. No damages shall be recoverable by any challenger as a result of these determinations or decisions by the County.

If you are unable to download these documents, experiencing any technical issues, or have questions about how to submit, please reach out to support@gobonfire.com.

All questions or requests for clarification must be sent via Bonfire under Message - Opportunity Q&A: https://pascocountyfl.bonfirehub.com.

All addendums related to this solicitation will be posted on Bonfire website at https://pascocountyfl.bonfirehub.com. It is the bidder's responsibility to check the Bonfire website for any addendums, responses to bidder questions, or other communications related to this solicitation

Bids shall be submitted online at https://pascocountyfl.bonfirehub.com. The Pasco County Purchasing Department will only accept bids submitted online. **Bid submissions are due no later than 1:30 p.m., ET, January 27, 2026, and will be opened at 2:00 p.m., ET (same day) as noted above.**

Pasco County will ***only*** accept online submissions for this bid. Bids can be submitted online at: https://pascocountyfl.bonfirehub.com. Bids submitted after the bid close date will not be accepted. Note: Any bid submitted in any other format (email, paper, fax, mail, etc.) will not be accepted for any reason.

Solicitations will be publicly opened in accordance with the public notice.

Public Openings are held each Tuesday at 2:00 p.m., ET. A public opening of responses will be conducted at the posted Public Opening following the submission deadline. In the event of a County Holiday or unforeseen delay, responses shall remain sealed until the next public meeting. Firms will be able to attend the public opening virtually, see the following instructions:

Microsoft Teams meeting

Phone Conference ID: 688 629 844#

Tabulations shall be available thirty (30) days after opening on the Pasco County website at: https://www.pascocountyfl.net/480/Do-Business-with-Us
or upon notice of intended action, whichever is sooner.

PASCO COUNTY BOARD OF COUNTY COMMISSIONERS

Carrie C. Roberts, NIGP-CPP, C.P.M., CPPO

Purchasing Director

BIDDING REQUIREMENTS

- INSTRUCTIONS TO BIDDERS -

1. AMERICANS WITH DISABILITIES ACT

Pasco County does not discriminate upon the basis of any individual's disability status. This non- discrimination policy involves every aspect of the County's functions including one's access to, participation, employment, or treatment in its programs or activities. Anyone requiring reasonable accommodation to the solicitation documents or for the public meetings related to any solicitation should contact the Purchasing staff member named on the solicitation summary at least twenty- four (24) hours in advance of the meeting. Requests for accommodation may also be directed to the Human Resources Department, Internal Services Building, 7536 State Street, New Port Richey, FL 34654 at (727) 847-8030 or at (727) 847-8949 if you are hearing impaired. Please be advised that if you contact the County by email, your email address will become a public record and may be subject to disclosure under the Florida Public Records Act.

2. ASSIGNMENT OF THE CONTRACT

No successful BIDDER may make any assignment of any resulting Agreement between the parties, in whole or in part, without the prior written authorization of the BOARD, which authorization shall remain the exclusive option of the BOARD or its designee, the COUNTY ADMINISTRATOR.

3. AWARD OF CONTRACT; REJECTION OF BIDS

3.1. The apparent low BIDDER will be so notified by COUNTY staff, and shall be required, upon receiving such notice, to complete the Contractor Responsibility Survey form provided as part of this solicitation and provide all information and documentation requested therein. If, after reviewing the responsibility survey and accompanying submissions, the COUNTY elects to reject the apparent low bidder based on its responsibility evaluation, the COUNTY may perform the same responsibility evaluation, in succession, with each apparent next lowest bidder until the contract is awarded to a suitable candidate or withdrawn.

3.2. The BOARD shall award a contract to the lowest responsive and responsible BIDDER, provided that the Bid Proposal of said BIDDER is considered, in the sole discretion of the BOARD, to be reasonable and in the best interests of the COUNTY to accept. No award of the contract shall be made until the BIDDER who has received from the COUNTY a Notice to Apparent Low Bidder and a Notice of Intent to Recommend Award has submitted to the COUNTY a performance bond, payment bond, and any and all insurance certificates and such other further documentation as may be required by the COUNTY as a condition precedent to such an award.

3.3. A Bid Proposal may be rejected upon the failure of an apparent low BIDDER to provide to the COUNTY in a timely fashion any such required documentation. The COUNTY, in its sole discretion, reserves the right to reject any and all Bid Proposals and to waive any informality concerning Bid Proposals whenever such rejection or waiver is deemed by the COUNTY to be in the best interests of the COUNTY.

Likewise, the COUNTY reserves the right to reject the Bid Proposal of any BIDDER that has previously failed to perform properly, or to complete on time, contracts of a similar nature; that is not, or does not appear to the satisfaction of the COUNTY, in a position to perform the contract; or that has habitually, and without just cause, neglected the payment of bills or otherwise disregarded its obligations to subcontractors, material men, or employees.

3.4. The ability of a BIDDER to obtain a performance bond or a payment bond shall not be regarded as the sole test of the competency or responsibility of any BIDDER. In those situations where the lowest responsible and responsive bid exceeds the COUNTY's budget amount, the COUNTY reserves the right to purchase by negotiation as provided by the Pasco County Code of Ordinances.

4. BIDS

4.1. **Bid Package**. The Instructions to Bidders, the General Conditions of the Contract, the Bid Proposal, and the Agreement, together with all other documents identified in Article I of the General Conditions of the Contract, constitute the entire Bid Package, and upon award, shall constitute the Contract Documents, as defined in the General Conditions, concerning the above-referenced Project. Said Bid Package must be the basis upon which all Bid Proposals are offered.

4.1.1. One (1) fully completed and executed original Bid Proposal, along with any other documentation required by this Bid Package, must be uploaded through the County's electronic solicitation system, Bonfire, unless otherwise indicated in the advertisement for proposals, at the time and place herein specified. Errors in any Bid Proposal submitted may result in the rejection or disqualification of the Bid Proposal. No BIDDER is required to return the Instructions to Bidders, Conditions of the Contract, or Agreement with their bids, unless specified elsewhere in this Bid Package. The BIDDER must manually sign the Bid Proposal. All forms must be printed, completed, and signed (if noted), and submitted via Bonfire for the designated solicitation. All forms must be signed in blue or black ink in order to be considered.

4.2. **Prices (Bid Proposals).** Prices must be quoted only upon the Bid Proposal form identified as the Bid Proposal, and no other Bid Proposals will be accepted. Bid Proposals may not be amended or otherwise changed by any writing other than on the BIDDER'S electronic Bid Proposal submission in Bonfire; and any written external communication by a BIDDER may be construed by the COUNTY as indicating a withdrawal of the proffered electronic Bid Proposal to which the communication relates (thereby causing the BIDDER to have issued no bid for consideration by the County). All prices quoted are to be F.O.B. for the designated Project site in Pasco County, Florida.

4.3. **Execution of Bids**. When a BIDDER is a partnership, the Bid Proposal shall be signed in the name of the firm and by all partners required to do so under the terms of their partnership agreement. When a corporation or limited liability company is a BIDDER, the authorized director or officer signing the Bid Proposal shall set out the legal name of the entity in full, beneath which said director or officer shall sign his or her name

and give the title of his or her office, and the Bid Proposal shall bear the seal of the corporation. Anyone signing the Bid Proposal as an agent for the BIDDER must file with the Bid Proposal legal evidence of the authority to do so. A BIDDER that is a corporation, a limited liability company or a limited partnership shall furnish to COUNTY staff a duly certified copy of its permit, certificate of registration with the Florida Secretary of State, or other authorization, if any, to transact business in the State of Florida, preferably along with the Bid Proposal, and no later than forty-eight (48) hours after any request for the same is made by the COUNTY. In addition, any such authorization must be effective as of the date of the Bid Proposal. Failure to submit evidence that the BIDDER qualifies to transact business in the State of Florida as stated above may be the basis for rejection of the Bid Proposal.

4.4. **Other Responsibilities of the BIDDER.** The BIDDER is solely responsible for reading and completely understanding the terms, conditions, and other requirements of the Contract Documents, as defined in the General Conditions. The Bid opening time shall be scrupulously observed. Under no circumstances will Bid Proposals delivered after the delivery time specified be considered. Late Bid Proposals will not be accepted.

4.5. **Business Name Requirement.** The Offeror must provide on the Bid Proposal, and if awarded, on all remittance of invoices for payment, the business name that is provided on their W9 Form. Additionally, if there is a name change and/or EIN number that is changed at any time, the Offeror must immediately notify the Purchasing Department as to the change and provide all supporting documentation.

4.6. **Withdrawal or Modification of Bids**. Prior to the bid closing date and time as indicated on the Bonfire solicitation page for this solicitation, Bid Proposals may be withdrawn by the BIDDER only through Bonfire. Except as specifically provided herein, no BIDDER may modify or withdraw a bid after the appointed bid closing time. Negligence on the part of the BIDDER in preparing its Bid Proposal confers no right of withdrawal or modification of its Bid Proposal after the solicitation has closed on Bonfire. Said Bid Proposals and any bid security shall be in force for a period of not less than one-hundred twenty (120) days after the bid opening time. Further, said bid security and Bid Proposal shall continue in force after said period of one-hundred twenty (120) days, until thirty (30) days following the date of receipt by the COUNTY of written notice from the BIDDER of its intent to withdraw its Bid Proposal, or until the date specified in said written notice as the expiration date of the Bid Proposal, whichever is later. The aforementioned bid security or Bid Proposal times will remain in effect irrespective of whether an award has theretofore been made by the COUNTY. Notwithstanding the provisions of the preceding sentence, the BIDDER may extend its Bid Proposal at any time prior to the scheduled expiration thereof. BIDDER may not assign or otherwise transfer their Bid Proposals prior to, or after, the Bid Proposal opening time.

4.7. **Opening of Bids.** At the time and place fixed for the opening of Bid Proposals (see above), every Bid Proposal properly submitted via the County's electronic solicitation system, Bonfire, within the time fixed for receiving Bid Proposals, will be electronically opened through a virtual meeting as indicated on the cover page for

this specific solicitation and publicly read aloud, irrespective of any irregularities found therein. Any BIDDER and other persons interested may be present or represented on the virtual meeting.

4.8. **Power of Attorney.** Attorneys-in-fact who sign bonds or other surety instruments must attach with each bond or surety instrument an effective and certified power of attorney.

4.9. **Bidder's Request for Interpretation of Contract Documents.** No interpretation of the meaning of the Drawings, Specifications, or other Contract Documents, as defined in the General Conditions, will be made to, or if made may be relied upon by, any BIDDER except as expressly noted below. Every request for such interpretation must be submitted in writing to the Pasco County Purchasing Department through the Vendor Discussions tab in the Messages section of this solicitation's page on Bonfire. To be given consideration, such requests must be received prior to the question deadline as set by the solicitation. Any and all such interpretations from bidders and any supplemental instructions will be in the form of a written addendum which, if issued, will be posted on the Bonfire page for this solicitation (https://pascocountyfl.bonfirehub.com/) not later than five (5) days prior to the bid closing date. Failure of any BIDDER to acknowledge any such addendum or interpretation shall not relieve said BIDDER from any obligation imposed in such addendum. All addenda so issued shall become part of the Contract Documents, as defined in the General Conditions, when the COUNTY has provided addenda within the time frame stated above. No oral statement of any person shall modify or otherwise affect the terms, conditions, or specifications of this solicitation.

4.10. **Site Examination**. Before submitting a Bid Proposal, every BIDDER should examine publicly available information regarding site conditions, submit any questions about the site conditions to the Pasco County Purchasing Department through the Vendor Discussions tab in the Messages section of this solicitation's page at the link at https://pascocountyfl.bonfirehub.com, and attend any site visits offered by the County. The BIDDER shall satisfy itself as to: (1) the nature and location of the Work; (2) the location of existing utilities; (3) subsurface conditions; (4) the character, quality and quantity of all materials needed for the performance of the Work; (5) the kind and extent of the equipment, labor and other resources or facilities needed for the performance of the Work; (6) the general and local conditions, as well as all difficulties that may be encountered, including but not limited to weather conditions; and (7) all other items which may in any way affect or impact the Work or its performance. No pleas of ignorance of conditions or difficulties that may exist prior to the bid opening time, or of conditions or difficulties that may be encountered in the execution of the Work pursuant to this bid package as a result of a failure to investigate as provided above, will be accepted as an excuse for any failure or omission on the part of the successful BIDDER (i.e., the CONTRACTOR) to fulfill, in every detail, all of the requirements of the Contract Documents, as defined in the General Conditions, nor will they be accepted as a basis for any claims whatsoever for extra compensation, or for any extension of time.

5. BID BONDS AND OTHER BID SECURITIES

A bid bond or other security is required with this bid. Either cash, a certified check, a cashier's check, an irrevocable letter of credit or in the alternative, a Bid Bond completed and signed by all required parties shall be required to accompany each Bid Proposal in a stated dollar amount which equals not less than five percent (5%) of the sum of the computed total amount of the Bid Proposal of the BIDDER. The BIDDER shall use the Bid Bond form provided in the Bid Proposal. Any submitted certified check, cashier's check, or irrevocable letter of credit submitted in lieu of a bid bond shall be drawn on a solvent bank or trust company authorized to do business in Florida, payable to the order of the Pasco County Board of County Commissioners, and shall have all necessary documentary revenue stamps attached, if required by law. Sureties on Bid Bonds shall be companies authorized to do business in the State of Florida; all such bonds shall be issued or countersigned by a local producing agent who is licensed in the State of Florida and satisfactory evidence of the authority of the person or persons executing such bonds shall be submitted with the bond. Personal and corporate checks are not acceptable to the COUNTY. Any deviation from these requirements may result in rejection of a bid as non- responsive.

6. BID ERRORS

The BIDDER should initial erasures or corrections in any Bid Proposal in ink. The COUNTY shall reject any Bid Proposal with such erasures or corrections where County staff concludes it cannot determine with certainty the accuracy or intent of said Bid Proposal, as corrected. In the case of unit price contracts, if an error is committed in the extension of an item, the unit price as shown in the Bid Proposal will govern. Unit prices will be utilized to adjust the total compensation due the successful BIDDER based on actual quantities encountered. No negotiation of these unit prices after contract award will be allowed. Significant changes in quantities, including total deletions, are possible. Therefore, each BIDDER shall proportionately distribute overhead and profit across the unit prices.

7. BRAND NAMES, REQUESTED INFORMATION, AND DESCRIPTIVE LITERATURE

7.1. In instances where the Contract Documents, as defined in the General Conditions, make this subject applicable, any use therein of brand names, manufacturer's makes, trade names, information and/or catalog numbers are so used for the purpose of providing description and for establishing acceptable quality levels. Such references are not intended for the purpose of placing restrictions upon a BIDDER (other than as to quality), and any BIDDER may propose and describe brands believed to be equal or better than the otherwise-specified brand. The burden of proof that the brand proposed by the BIDDER is in fact equal to that referenced in the Contract Documents, as defined in the General Conditions, lies exclusively with the BIDDER. In the event that either COUNTY staff or the Professional determines that the equal proposed by the BIDDER does not meet the specifications, the successful BIDDER shall be required to provide the named brand item, or an equal acceptable to the County, at no additional cost to the County.

7.2. Each BIDDER must furnish all requested information in the spaces provided on the Bid Proposal. Additionally, where required pursuant to the provisions of this bid package, each BIDDER must submit the following with their Bid Proposal: catalog cuts, sketches, descriptive literature, and/or complete specifications relative to the items proposed and offered. References to previously submitted material concerned

with previous Bid Proposals are not acceptable to the COUNTY.

8. COLLUSION AMONG BIDDERS

Each Bidder, by submitting a bid, certifies that it is not a party to any collusive action or any action that may be in violation of the Sherman Antitrust Act. Any or all bids shall be rejected if there is any reason for believing that collusion exists among the bidders. Pasco County may or may not, at its discretion, accept future bids for the same work from participants in such collusion. More than one (1) bid from an individual, firm, partnership, cooperation, or association under the same or different names may be rejected. Reasonable grounds for believing that a Bidder has interest in more than one (1) bid for the work being bid may result in rejection of all bids in which the bidder is believed to have interest. Nothing in this clause shall preclude a firm acting as a subcontractor to be included as a subcontractor for two (2) or more primary contractors submitting a bid for the work.

9. COMMUNICATIONS DURING SOLICITATION AND LOBBYING PROHIBITION

9.1. Communicating with or lobbying of evaluation committee members, county government employees, or elected officials (including County Commissioners) (collectively "County Persons") regarding requests for proposals, requests for qualifications, bids, or contracts by the Bidders or any member of the Bidder's staff, an agent of the Bidder, or any person employed by any legal entity affiliated with or representing an organization that is responding to the requests for proposal, requests for qualification, bid or contract outside a publicly noticed meeting specifically called to address this particular solicitation is strictly prohibited. Nothing herein shall prohibit a prospective Bidder from contacting the Purchasing Director, or Purchasing staff identified in this solicitation, to address concerns or grievances or receive clarification about a particular procurement.

9.2. For purposes of this provision lobbying activities shall include, but not be limited to, influencing, or attempting to influence action or non-action in connection with any requests for proposals, requests for statements of qualifications, invitations for bids, related processes, or contracts through direct or indirect oral or written communication or an attempt to obtain goodwill of persons and/or entities specified in this provision. Such actions may cause any proposal, statement of qualification, bid, contract or any other response to be rejected.

9.3. The prohibition on communication with County Persons by Bidders and their representatives regarding a procurement in which they have a pecuniary interest begins upon issuance of the solicitation and ends upon final award, when the protest is finally resolved, or when the procurement process is otherwise concluded, whichever occurs later. This prohibition does not apply to communication on other matters in which a Bidder may have an interest outside of the solicitation.

10. COMPLIANCE WITH OCCUPATIONAL SAFETY AND HEALTH ACT

All material, equipment, etc., as proposed and offered by a BIDDER, in instances where applicable due to the nature of the bid matter with which this bid package is concerned, must meet, and conform to all O.S.H.A. requirements as set forth in Subpart E of the O.S.H.A. Standards for Construction (29 CFR 1926), as amended. The signature of the BIDDER or of the authorized representative thereof upon the Bid Proposal shall constitute

certification of such fact.

11. CONDITION OF MATERIALS AND PACKAGING

In instances where the Specifications make this subject applicable (and unless otherwise indicated), all goods and items offered for sale and/or shipped by the successful BIDDER pursuant to the requirements imposed upon said BIDDER by this bid package, will be new and of good quality; all related containers being new and suitable for storage and shipment; and all prices shall include the cost of standard commercial packaging. The successful BIDDER shall be solely responsible for making any and all claims against carriers as concerns missing or damaged items.

12. CONFLICT OF INTEREST

The Bidder, by submission of its Bid Proposal, certifies that to the best of his/her knowledge or belief, no elected/appointed official or employee of Pasco County is financially interested, directly or indirectly, in the offer of goods or services specified in this invitation.

13. CONTRACTOR LICENSING, REGISTRATION, AND CERTIFICATION

13.1. Each BIDDER shall be properly licensed, registered, and/or certified, as necessary, or otherwise appropriate, by the State of Florida, Pasco County, and/or any municipality in Pasco County, for each category of Work specified in this bid. The County reserves the right to request copies of such licenses, registrations, or certifications.

13.2. For categories of work that are exempt from licensing, registration, and/or certification requirements under Florida Statute, but where certification by the Florida Department of Transportation is available, the BIDDER shall be certified by the Florida Department of Transportation in each category, as necessary or otherwise appropriate.

13.3. All required licenses, registrations, and/or certifications must be current and effective as of the Bid Opening date and must be maintained throughout the life of the contract. Failure to be properly licensed, registered, and/or certified as of the Bid Opening date will result in rejection of the bid as non-responsive, and at any other time during the life of the contract shall constitute sufficient grounds for a declaration by the COUNTY that the CONTRACTOR is in default and for termination of the contract for cause by the COUNTY.

14. CONTRACTUAL OBLIGATIONS

The successful BIDDER may not sublet or subcontract any of the contractual obligations concerning this bid matter except as provided for in the written contract between the COUNTY and the CONTRACTOR. This statement does not prohibit subcontracting of the Work but does prohibit subcontracting overall management obligations pertaining to the Work, or any substantial component thereof, and not more than eighty percent (80%) of the Work, as measured against the Bid Price, shall be subcontracted under any circumstances. This limitation on subcontracting shall not apply to any aspect of the Work that involves the supply of equipment or materials alone. The CONTRACTOR shall retain ultimate liability for all contractual obligations.

15. DEBARMENT

By submitting a bid, the Bidder certifies that it is not currently debarred from submitting bids for contracts issued by any political subdivision or agency of the Federal Government of the United States, an agency of the State of Florida, or an agency within the Tampa Bay-Clearwater-St. Petersburg Metropolitan Statistical Area (MSA) and that it is not an agent of a person or entity that is currently debarred from submitting bids for contracts issued by any agency noted herein. The Bidder also certifies that the components used in the production of the commodities offered herein are not supplies by a vendor who currently is debarred from submitting bids for contracts issued by any political subdivision or agency of the Federal Government of the United States, an agency of the State of Florida, or an agency within the Tampa Bay-Clearwater-St. Petersburg Metropolitan Statistical Area (MSA).

16. DEVIATIONS

No material deviations or exceptions shall be accepted with the Bid Proposal. This shall not preclude the proposal of substitute brand names, pursuant to paragraph 7 above.

17. EXECUTION OF WRITTEN CONTRACT

The BIDDER receiving from the COUNTY a Notice of Intent to Recommend Award will be required to sign and submit to the COUNTY, within ten (10) days after the issuance of said notice, a written agreement that has been made a part of this bid package and identified as the Agreement. Said written agreement will evidence in written form the contract to be made by the COUNTY following award by the BOARD to the successful BIDDER. For Projects involving funds from EPA, the ten (10)-day period will not begin to run until after the COUNTY has received approval of the award by DEP and/or EPA, as applicable. The Contract shall be contingent upon the timely provision by the BIDDER to the COUNTY of all documentation required by these Contract Documents and may be unilaterally terminated by the COUNTY for cause upon the failure of the BIDDER to supply said bonds, insurance certificates and other required documentation within the time frames set forth in the Contract Documents.

18. E-VERIFY REQUIREMENT

18.1. A contractor or consultant entering into a contract with a public entity (such as the COUNTY) is required to be registered with the U.S. Dept. of Homeland Security's E-Verify System and to utilize it to verify the work authorization status of all newly hired employees throughout the term of the contract. The contractor or consultant shall also be required to obtain and retain affidavits from all subcontractors or subconsultants utilized during the contract verifying that they do not employ, contract with, or subcontract with any unauthorized aliens as that term is defined in 8 U.S.C. § 1324a(h)(3). The failure to comply with this requirement constitutes grounds for termination of the contract and for such other penalties as provided under section 448.095, Florida Statutes.

18.2. If a public employer has terminated a contract with a contractor for failure to comply with the requirements of the paragraph above, the contractor may not be awarded a public contract for at least one year after the date on which the contract was terminated.

18.3. The County reserves the right to request verification of compliance from its

consultants and contractors during the term of its contract with the COUNTY and for a period of up to five (5) years thereafter. Should a COUNTY-retained consultant, contractor, and/or its subconsultants be found to be non-compliant with E-Verify as part of a federal audit or other inquiry, the consultant, contractor and/or its subconsultant(s) will be solely responsible for the payment of any fines or costs imposed upon the county as a result of such non-compliance. Compliance with this section is mandatory for all projects.

19. LAWS AND REGULATIONS

All applicable Federal, State, and local laws, ordinances, rules, and regulations shall apply to this Agreement throughout, and they will be deemed to be included in the Agreement as though herein written. Florida law will govern all questions concerning implementation and execution of this contract and shall also be controlling in any cause of action brought pursuant to this contract.

20. NON-APPROPRIATION

All funds for payment by Pasco County under this contract are subject to the availability of an annual appropriation for this purpose by Pasco County. In the event of non-appropriation of funds by Pasco County for the services provided under the contract, Pasco County will terminate the contract, without termination charge or other liability, on the last day of the then- current fiscal year or when the appropriation made for the then-current year for the services covered by this contract is spent, whichever event occurs first. If at any time funds are not appropriated for the continuance of this contract, cancellation shall be accepted by the Bidder on thirty (30) days' prior written notice, but failure to give such notice shall be of no effect, and Pasco County shall not be obligated under this contract beyond the date of termination.

21. NON-DISCRIMINATION (DISCRIMINATORY VENDOR LIST)

21.1. During the performance of this Agreement, the BIDDER herein assures the COUNTY that said BIDDER is in compliance with Title VII of the 1964 Civil Rights Act, as amended, and The Florida Civil Rights Act of 1992 in that the BIDDER does not on the grounds of race, color, national origin, religion, sex, age, handicap or marital status, discriminate in any form or manner against the employees of the BIDDER or its applicants for employment. The BIDDER understands and agrees that this Agreement is conditioned upon the veracity of this Statement of Assurance. Furthermore, the BIDDER herein assures the COUNTY that said BIDDER shall comply with Title VI of the Civil Rights Act of 1964 when any Federal grant is involved. Other applicable Federal and State laws, executive orders and regulations prohibiting the type of discrimination as hereinabove delineated are included by this reference thereto. This Statement of Assurance shall be interpreted to include Vietnam Era Veterans and Disabled Veterans within its protective range of applicability.

21.2. Pursuant to Subsection 287.134(2)(a), Florida Statutes, an entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid, proposal, or reply on a contract to provide any goods or services to the state or any department or agency of this state (“public entity”); may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a

public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity.

21.3. The BIDDER agrees to include this provision in all subcontracts issued under this solicitation.

22. OFFICIAL DOCUMENTS

The Pasco County Board of County Commissioners (Pasco County) is not responsible for expenses incurred prior to award. Pasco County officially distributes solicitation documents through an electronic solicitation system, which can be accessed by following the link to the Bonfire website at https://pascocountyfl.bonfirehub.com. Solicitation documents MUST be downloaded at NO COST using this system. Copies of solicitation documents obtained from other sources are not considered official and should not be relied upon. Pasco County is not responsible for solicitation documents obtained from sources other than Bonfire. Only vendors who properly register and obtain solicitation documents directly from Bonfire will receive addenda and other important information if issued. Vendors are responsible for acquiring knowledge of changes, modifications, or additions to official solicitation documents. Vendors who submit responses and later claim they did not receive complete documents or had no knowledge of any change, modifications, or additions made to the official solicitation documents shall still be bound by the solicitation, including any changes, modifications, or additions to the official solicitation documents. IF YOU OBTAINED A SOLICITATION DOCUMENT FROM A SOURCE OTHER THAN THE SITE LISTED AT THE LINK ABOVE, IT IS REQUIRED THAT YOU REGISTER AS A VENDOR AND DOWNLOAD THE OFFICIAL DOCUMENT AT THE WEBSITE LISTED AT THE LINK ABOVE AT NO COST.

23. PERFORMANCE BOND AND PAYMENT BOND

23.1. A Performance Bond and Payment Bond will be required regardless of the award amount of this Agreement.

23.2. A Performance Bond is required from the successful Bidder and shall be issued in a sum equal to one hundred percent (100%) of the total awarded contract amount by a surety company considered satisfactory by the COUNTY and authorized to transact business in the State of Florida and shall be provided by the successful BIDDER for purposes of insuring the faithful performance of the obligations imposed by the resulting contract.

23.3. A Payment Bond is required from the successful Bidder and shall be issued in a sum equal to one hundred percent (100%) of the total awarded contract amount by a surety company considered satisfactory by the COUNTY and authorized to transact business in the State of Florida and shall be provided by the successful BIDDER for purposes of protecting the County from lawsuits for non-payment of debts as might be incurred during the performance by the successful BIDDER under such contract.

23.4. The Performance Bond and Payment Bond forms have been included in the Contract Documents, as defined in the General Conditions, and said forms must be properly

executed by the surety company and the successful BIDDER and submitted to COUNTY staff within ten (10) days after issuance of Notice of Intent to Recommend Award by the COUNTY PURCHASING DIRECTOR. In lieu of the bonds required by this section, the successful BIDDER may file with the COUNTY an alternative form of security that shall be in the form of cash, money order, certified check, cashier's check, irrevocable letter of credit, or a security of the type listed in Part II of Chapter 625, Florida Statutes. Such alternative forms of security shall be for the same purpose and shall be subject to the same conditions as those applicable to the bonds required by this section. The determination of the value and acceptability of such alternative forms of security shall be made exclusively by the COUNTY.

24. PUBLIC ENTITY CRIMES STATEMENT

Pursuant to Sections 287.133(2) and (3), Florida Statutes, a person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a response to provide any goods or services to a public entity for the construction or repair of a public building or public work, may not submit response for leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statutes, for CATEGORY TWO for a period of thirty-six (36) months from the date of being placed on the convicted vendor list. Additionally, a conviction of a public entity crime may form the basis for the rejection of a bid, offer, or proposal by the COUNTY, or for termination of a contract with the COUNTY. The COUNTY may make inquiries regarding alleged convictions of public entity crimes at any time. The unreasonable failure of a BIDDER to promptly supply information in connection with any such inquiry shall be adequate grounds for rejection of a bid, offer, or proposal, or for termination of a contract. The BIDDER agrees to include this provision in all contracts it issues resulting from this solicitation.

25. TAXES

All bids shall be submitted exclusive of direct Federal, State, and local taxes; however, if the Bidder believes certain taxes are properly payable, he/she may list such taxes separately in each case directly below the respective item bid price. Prices quoted must be in units specified and shall not include the cost of any such taxes, including those on any material, supplies, or equipment used or installed in the work. Pasco County does not pay Federal Excise and Sales Taxes on direct purchases of tangible personal property. See Exemption Number on face of the resulting purchase order. This exemption does not apply to purchases of tangible personal property made by contractors who use the tangible personal property in the performance of contracts for improvement of County-owned real property. Please refer to Chapter 192, Florida Statutes.

26. TIME IS OF THE ESSENCE; LIQUIDATED DAMAGES

Each BIDDER is reminded that time is of the essence of this Agreement, and failure to complete the Work on time shall constitute a material breach of the Agreement, the basis for a determination of the default of the CONTRACTOR, and termination of the Agreement for cause. If the Contract Documents, as defined in the General Conditions, so indicate, an amount determined for liquidated damages at the daily

rate specified shall be assessed against the successful BIDDER not complying with a stated delivery time or performance time (or similarly stated information) as found in the Agreement.

27. SECURITY FORFEITURE

If within ten (10) days after the issuance of the Notice of Intent to Recommend Award, the successful BIDDER refuses, or otherwise neglects, to execute and deliver the required Agreement, or fails to furnish the required Performance and Payment Bonds, or acceptable alternative forms of security as stipulated herein, or any required insurance certification, the amount of the bid security provided by said BIDDER, whether cash, check, Bid Bond, or some other acceptable form, or any combination of these, may be forfeited, and the BIDDER shall be excluded from further consideration for award of the bid. No plea of mistake in the bid or misunderstanding of the conditions of forfeiture shall be available to the BIDDER for the recovery of its bid security, or as a defense to any action based upon the neglect or refusal to execute the required Agreement, and/or to furnish the required bonds and/or applicable insurance certification.

28. SCRUTINIZED COMPANIES AND OTHER PROHIBITED ENTITIES OR ACTIVITIES

28.1. A company is ineligible to, and may not, bid on, submit a proposal for, or enter into or renew a contract with the County for goods or services of:

(a) Any amount if, at the time of bidding on, submitting a proposal for, or entering into or renewing such contract, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to s. 215.4725, or is engaged in a boycott of Israel; or

(b) One million dollars or more if, at the time of bidding on, submitting a proposal for, or entering into or renewing such contract, the company:

1. Is on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to s. 215.473; Florida Statute, or

2. Is engaged in business operations in Cuba or Syria.

28.2. By signing this Agreement, the BIDDER certifies that it is not participating in a boycott of Israel, is not on any of the aforementioned lists, and it does not have business operations in Cuba or Syria. The BIDDER agrees to notify the COUNTY if placement on any of the aforementioned lists occurs or if the BIDDER is engaged in a boycott of Israel or has business operations in Cuba or Syria.

28.3. The COUNTY may terminate this Agreement if the BIDDER's certification above is found to be false; has been placed on the Scrutinized Companies that Boycott Israel List or is engaged in a boycott of Israel; has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized

Companies with Activities in the Iran Petroleum Energy Sector List; or has been engaged in business operations in Cuba or Syria. In addition to possible termination of this Agreement based on the above grounds, the County will comply with section 287.135, Florida Statutes, regarding submittal of a false certification.

29. PROHIBITION AGAINST CONSIDERING SOCIAL, POLITICAL, OR IDEOLOGICAL INTERESTS

Effective July 1, 2023, and pursuant to section 287.05701, the County: (1) may not request documentation of or consider a vendor's social, political, or ideological interests when determining if the vendor is a responsible vendor; and (2) may not give preference to a vendor based on the vendor's social, political, or ideological interests.

CONDITIONS OF THE CONTRACT

A. GENERAL CONDITIONS

ARTICLE 1 – CONTRACT DOCUMENTS

Except for Titles, Subtitles, Headings, Running Headings, Table of Contents, and Indices (all of which are printed herein merely for convenience), the following, except for such portions that may be specifically excluded, constitute the Contract Documents:

1.1 BIDDING REQUIREMENTS – INSTRUCTIONS TO BIDDERS

1.2 CONDITIONS OF CONTRACT

A. GENERAL CONDITIONS
B. SPECIAL CONDITIONS
C. PROJECT-SPECIFIC CONDITIONS

1.3 BID PROPOSAL DOCUMENTS includes the Bid Proposal Form and the documents below and any documentation submitted prior to the Notice to Apparent Low Bidder.

BID BOND FORM
FLORIDA TRENCH SAFETY ACT CERTIFICATION AND DISCLOSURE STATEMENT FORM
CONFLICT OF INTEREST DISCLOSURE FORM
CERTIFICATION OF UNDERSTANDING (NPDES AND PPCP)
CONTRACTOR RESPONSIBILITY SURVEY FOR ENGINEERING AND CONSTRUCTION SERVICES

1.4 AGREEMENT

1.5 DOCUMENTS (SAMPLES OF REQUIRED POST-AWARD FORMS):

PUBLIC CONSTRUCTION BOND FORM
PAYMENT BOND FORM
CERTIFICATE OF INSURANCE
ENDORSEMENT
APPLICATION FOR PAYMENT – FORM

Attachment 1 – Disputes viz. prior application
Attachment 2 – Disputes viz. current application Schedule of Values

CONTRACTOR'S AFFIDAVIT OF PAYMENT OF DEBT AND CLAIMS
SUBCONTRACTOR WAIVER OF LIEN AGAINST PAYMENT BOND (PROGRESS AND FINAL)

CHANGE ORDER FORMS
CONSENT OF SURETY TO CHANGE ORDER
ALLOWANCE AUTHORIZATION RELEASE (AAR) FORM
CONSENT OF SURETY TO FINAL PAYMENT

1.6 The Executed Bid, Payment and Performance Bonds.

1.7 All Addenda Issued by the County.

1.8 The original Specifications and Drawings.

1.9 All Supplemental Drawings Issued After Award of the Agreement.

1.10 All Field Orders, AARs, and/or Change Orders issued after Award of the Agreement.

1.11 Site Examination

ARTICLE 2 – DEFINITIONS

The following words and expressions shall, wherever they appear in the Contract Documents be construed as follows.

2.1 Addenda. Written or graphic instruments issued prior to the opening of Bids that clarify, correct, or change the Contract Documents.

2.2 Agreement. The principal written agreement between the COUNTY and the CONTRACTOR that, along with the other Contract Documents, sets forth the respective rights and obligations of the parties. The Agreement will be attached to and made a part of these Contract Documents thereof.

2.3 Allowance Authorization Release (AAR). The written pre-approval of the COUNTY ADMINISTRATOR or his designee for Allowance Work.

2.4 Allowance Work. That additional or revised work described in Article 21 of these General Conditions of the Contract.

2.5 Application for Payment. The formal written request of a CONTRACTOR for a or final payment, which is to include such supporting documentation as may be required by the Contract Documents and which is to be submitted on the most recent COUNTY- approved form.

2.6 Beneficial Occupancy. The status of completion of a specified portion of the Project which (in the opinion of the DIRECTOR, upon recommendation by the

PROJECT MANAGER, as evidenced by a Certificate of Beneficial Occupancy) is sufficiently complete, in accordance with the Contract Documents, so that the COUNTY may utilize that portion for the purposes for which it was intended, when said use will not significantly interfere with the construction of the remaining (uncompleted) part of the Project.

2.7 **Bid Proposal.** The offer or proposal of the BIDDER submitted on the prescribed form setting forth the price(s) for the Work to be performed.

2.8 **Bidder.** Any natural person, partnership, corporation, limited liability company, or any other legal entity submitting a Bid Proposal for the Work.

2.9 **BOARD.** Shall mean the Board of County Commissioners of Pasco County, Florida.

2.10 **Bonds.** Bid, Performance, Payment, Warranty Bonds, and other instruments of security furnished by the CONTRACTOR and the SURETY for the CONTRACTOR in accordance with the Contract Documents.

2.11 **Change Order.** A written order signed by the Chairman of the Pasco County Board of County Commissioners or in the alternative, the COUNTY ADMINISTRATOR, (to the extent provided for under the COUNTY'S Purchasing Ordinance and Articles 8 and 21 of the General Conditions of the Contract Documents), authorizing an addition, deletion or revision in the Work or an adjustment in the Contract Price or the Contract Time issued after execution of the Agreement.

2.12 **Contract Documents.** The Agreement between the parties and all other documents delineated in Article I of these General Conditions of the Contract.

2.13 **CONTRACTOR.** The successful BIDDER, whether a natural person, partnership, corporation, limited company, or any other legal entity or combination thereof, with whom the BOARD has entered into the Agreement.

2.14 **Contract Price.** The total monies payable by the COUNTY to the CONTRACTOR under the Contract Documents.

2.15 **Contract Time.** The number of calendar days stated in the Agreement for Completion of the Work and for performance of any Allowance Work hereunder, as amended by one or more approved Change Orders. The first day of the Contract Time shall be the date the Chairman of the BOARD executes the Agreement on behalf of the COUNTY, unless otherwise specified in the Contract Documents.

2.16 **Cost of Work.** With respect to Change Orders, the costs necessarily incurred and

paid by the CONTRACTOR in the proper performance of the change order work, as delimited and restricted by Article 15 of these General Conditions of the Contract.

2.17 COUNTY. The BOARD and the BOARD acting by and through its authorized designees, agents and employees.

2.18 COUNTY ADMINISTRATOR. The County Administrator of Pasco County, Florida, acting directly or through duly authorized representatives, which representatives are acting exclusively within the scope of the duties and authority assigned to them as set forth in the Contract Documents. Pursuant to the Pasco County Code of Ordinances, the County Administrator shall have direct authority to execute all written Change Orders involving name changes of the CONTRACTOR; the assignment by the CONTRACTOR to another entity of its obligations under this Contract; and for time extensions only for completion of the Work, provided they are in conformance with the law and applicable, policies, rules and regulations as well as for emergency purchases under the Pasco County Code of Ordinances. The COUNTY ADMINISTRATOR is also specifically authorized to execute unilateral Change Orders up to the amount of the Allowance time and funds approved for this Project.

2.19 COUNTY ENGINEER. The Director of Engineering Services of Pasco County, Florida, acting directly or through duly authorized representatives, which representatives are acting exclusively within the scope of the duties and authority assigned to them.

2.20 COUNTY PURCHASING DIRECTOR. The Purchasing Director of Pasco County, Florida, acting directly or through duly authorized representatives, which representatives are acting exclusively within the scope of the duties and authority assigned to them.

2.21 Day. One calendar day when used in the Contract Documents, measured from midnight to the next midnight, unless specified as a business day, in which case the term shall exclude Saturdays, Sundays, and holidays for which COUNTY offices is closed for business during any given calendar year.

2.22 Defective. An adjective which, when modifying the Work, refers to Work that is unsatisfactory, faulty, deficient, or otherwise does not conform to the Contract Documents.

2.23 DEPARTMENT. Except as otherwise modified, a term that refers to the Branch, Division, Department or Office within the COUNTY that is administering the Project.

2.24 DIRECTOR. Except as otherwise modified, a term that refers to the

Administrator or Director of the Branch, Division, Department or Office initiating and managing the Project or the authorized designee thereof.

2.25 Draft Payment Request. The draft of an Application for Payment, utilizing the most current COUNTY-approved Application for Payment form and designated by the word "DRAFT" in the top-right corner of each page thereof, submitted by a CONTRACTOR to the PROJECT MANAGER in advance of, and as a condition precedent to, the submission by the CONTRACTOR of the Application for Payment, for the purpose of identifying and resolving possible errors which could cause any or all amounts of the Application for Payment to be rejected as disputed pursuant to the Florida Prompt Payment Act, Florida Statutes Section 218.735.

2.26 Drawings. The drawings that show the character and scope of the Work to be performed and which have been prepared or approved by the PROFESSIONAL.

2.27 Equal/Equivalent. A product, service, component, or system that is demonstrated to the satisfaction of the DIRECTOR, upon the recommendation of the PROJECT MANAGER, to be equal to the product service, component or system specified. The DIRECTOR shall be the sole judge of acceptability of a proposed Equal/Equivalent.

2.28 Field Order (FO). A written direction to the CONTRACTOR from the PROFESSIONAL that modifies Drawings and Specifications without changing Contract Price or Contract Time.

2.29 Final Acceptance. The acceptance of the Work by COUNTY as evidenced by the signature of the PROJECT MANAGER and the DIRECTOR upon the Certificate of Final Completion form. Final Acceptance shall be deemed to have taken place only if and when such signature is affixed to such certificate. The Certificate of Final Completion shall be signed only after the PROJECT MANAGER and the DIRECTOR have assurance by tests, inspection, or otherwise that all of the provisions of the Contract Documents have been carried out. Final Acceptance may also require inspection by certain regulatory agencies.

2.30 Final Total Bid Price. The ultimate bid price to be used by the COUNTY in its determination of the lowest and best Bid Proposal, which shall be calculated by the COUNTY based on the Total Bid Price submitted by a BIDDER and which may include the addition or deletion of Alternates included in the Alternate Bid Schedule submitted by the BIDDER in the Bid Proposal, as well as any allowances established and approved by the COUNTY. Upon acceptance and award of the bid, the Final Total Bid Price shall form the basis for the initial Contract Price.

2.31 Final Completion. The status of completion of the Work such that, in the opinion of the DIRECTOR, upon the recommendation of the PROJECT MANAGER, as evidenced

by a definitive and duly executed Certificate of Final Completion, all Work has been completed in accordance with the General Documents, and there remain no outstanding and unfinished Punch List items.

2.32 Non-conformance Report (NR). A written notice from the PROJECT MANAGER to the CONTRACTOR reporting on an aspect of defective work that requires the immediate correction of the same by the CONTRACTOR.

2.33 Notice. Any notice required or permitted by the Contract Documents. Said Notice shall be in written form. Notice shall be served upon the CONTRACTOR at the place of business given in the Contract Documents. Notice to the COUNTY shall be served at the office of the DIRECTOR.

2.34 Notice to Proceed (NTP). The written notice issued to the CONTRACTOR by the PROJECT MANAGER, upon the instructions of the DIRECTOR, to begin the Work.

2.35 Notice to Procure (NTPr). The written notice issued to the CONTRACTOR by the PROJECT MANAGER, upon the instructions of the DIRECTOR, to begin to source, procure and schedule delivery of materials, supplies, manufactured articles, and equipment necessary to complete the Work.

2.36 Notice of Suspension. The written notice issued to the CONTRACTOR by the PROJECT MANAGER, upon the instructions of the DIRECTOR, to suspend the Work pursuant to paragraph 16.1 of Article 16 of these General Conditions of the Contract.

2.37 Notice of Termination. The written notice issued to the CONTRACTOR by the PROJECT MANAGER, upon the instructions of the DIRECTOR, to terminate the Work for reasons other than the convenience of the COUNTY, pursuant to paragraph 16.2 of Article 16 of these General Conditions of the Contract.

2.38 Notice of Termination of Convenience. The written notice issued to the CONTRACTOR by the PROJECT MANAGER, upon the instructions of the DIRECTOR, to terminate the Work for the convenience of the COUNTY pursuant to subparagraph 16.2.3 of Article 16 of these General Conditions of the Contract.

2.39 Notice to Apparent Low Bidder. The written notice issued by the COUNTY to the apparent low BIDDER, directing said BIDDER to complete the Contractor's Responsibility Survey and execute and submit the Agreement for possible submission to the BOARD.

2.40 Pay Quantity. When applicable, the estimated quantity multiplied by the unit price for each pay item specified in the Bid Proposal.

2.41 **Procurement.** The activity of sourcing, procuring, and scheduling delivery of materials, supplies, manufactured articles and equipment necessary to complete the Work.

2.42 **Professional.** The professional architectural/engineering firm designated to perform the design and/or resident engineer services for the Work by a prior agreement entered into between the COUNTY and said firm, or the COUNTY ENGINEER on those occasions when, and to the extent that, COUNTY shall perform the design and/or resident engineer services for the Work of a portion thereof.

2.43 **Project.** The total construction activities comprising the Work to be provided under the Contract Documents, in whole or in part as indicated elsewhere in the Contract Documents.

2.44 **Project Manager (PM).** A natural person employed by the COUNTY and assigned to manage and administer the Project that is the subject of the Contract Documents. The PROJECT MANAGER may designate in writing a PROJECT REPRESENTATIVE to perform certain duties and responsibilities as maybe set forth in the Special Conditions.

2.45 **Project Representative (PR).** A natural person employed by the COUNTY and designated in writing by the PROJECT MANAGER, with the written concurrence of the DIRECTOR, to perform certain duties and responsibilities as set forth in the Special Conditions.

2.46 **Punch List.** A detailed list of Work remaining after Substantial Completion prepared or approved by the PROJECT MANAGER with the consent of the DIRECTOR that the CONTRACTOR must complete to achieve Final Completion and a prerequisite to Final Acceptance.

2.47 **Schedule.** A plan for performing Work or achieving an objective.

2.48 **Schedule of Values.** A statement furnished by the CONTRACTOR to the COUNTY reflecting the portions of the Contract Price sum allotted for the various parts of the Work and used as the basis for reviewing the applications of the CONTRACTOR for progress payments.

2.49 **Site.** The area(s) on which the operations of the CONTRACTOR are carried out and such other adjacent areas that may be designated as such by the Contract Documents.

2.50 **Specifications.** Those portions of the Contract Documents consisting of written (general or detailed) technical descriptions of materials, equipment, construction systems, standards, and workmanship as applied to the Work and certain administrative details applicable thereto.

2.51 **Subcontractor.** Any natural person, partnership, corporation, limited liability company, or other legal entity or combination thereof, other than employees of the CONTRACTOR, who contracts with the CONTRACTOR to furnish labor, materials, and/or equipment for the Work.

2.52 **Submittals.** All drawings, diagrams, illustrations, schedules, samples, test results, and other data which are specifically prepared by a CONTRACTOR, SUBCONTRACTOR, manufacturer, fabricator, supplier, or distributor to illustrate some portion of the Work and all such illustrations, brochures, standard schedules, performance charts, instructions, diagrams, and other information submitted by CONTRACTOR to illustrate material or equipment for some portion of the Work.

2.53 **Substantial Completion.** The status of completion of the Work which, in the opinion of the DIRECTOR, upon recommendation of the PROJECT MANAGER, as evidenced by a definitive Certificate of Substantial Completion, is sufficiently complete, in accordance with the Contract Documents, so that the Work can be utilized for the purposes for which it was intended. All tests and/or reports required to verify the Project's compliance with the Contract Documents must be provided as a condition precedent to the COUNTY'S issuance of a Certificate of Substantial Completion.

2.54 **Substitution.** A product, service, component, or system that is not equal to that delineated in the Specifications, but which is proposed by the CONTRACTOR in lieu thereof. The acceptability of a Substitution shall be based on the data submitted and the benefit of the COUNTY, including, but not limited to, appropriate adjustments in price. The PROJECT MANAGER shall make a recommendation to the DIRECTOR with respect to any proposed substitutions, and the DIRECTOR shall be the sole judge of acceptability of any Substitution.

2.55 **Supplemental Drawings.** The drawings issued after the execution of the Agreement to explain further, to illustrate, or to show changes in the Work.

2.56 **Surety.** Any business entity that executes, as Surety, the Bid, Performance, Payment, or Warranty Bonds submitted by or on behalf of a CONTRACTOR.

2.57 **Total Bid Price.** The total price for which a BIDDER proposes to complete the Work, as submitted by a BIDDER in a Bid Proposal to the COUNTY, based on the Bid Schedule included with the Bid Proposal, but exclusive of adjustments by the COUNTY for Alternates listed in the Alternative Bid Schedule included in the Bid Proposal, and exclusive of any Allowances by the COUNTY.

2.58 **Work.** The work to be performed under this Agreement shall consist of Procurement, furnishing all plant, tools, equipment, materials, supplies, and manufactured articles and for furnishing all transportation and service, including fuel, power, water, and

essential communications, and for the performance of all labor, work or other operations required for the fulfillment of the Agreement in strict accordance with the specifications, schedules, drawings and other Contract Documents as herein defined, all of which are made a part hereof, and including such detailed sketches as may be furnished by the PROFESSIONAL from time to time during construction in explanation of said Contract Documents. The Work shall be complete, and all work, materials, and services not expressly shown or called for in the Contract Documents which may be necessary for the complete and proper construction of the Work in good faith shall be performed, furnished, and installed by the CONTRACTOR as though originally so specified or shown, at no increase in cost to the COUNTY.

ARTICLE 3 –PRELIMINARY MATTERS

3.1 **Delivery of Bonds and Other Documents.** When the BIDDER delivers the executed Agreement to the COUNTY, Payment and Performance Bonds shall be delivered as may be required in accordance with these Contract Documents. Subsequent to the COUNTY's execution of the Agreement and as a strict precedent to the issuance of a Notice to Proceed for the WORK, the BIDDER must deliver to the COUNTY a certified copy of the recorded bonds, along with a Project schedule, a schedule of values and a Maintenance of Traffic plan for County review and approval on or before the date of the pre-construction meeting. A Warranty Bond on the completed Work, to ensure that the Warranty obligations of the CONTRACTOR will be fulfilled, shall be delivered to the COUNTY in accordance with these Contract Documents as a prerequisite to the issuance of a Certificate of Substantial Completion, unless such coverage has otherwise been provided under the express terms of a Performance Bond. ***UNLESS THE DIRECTOR OR PURCHASING DIRECTOR HAS GRANTED AN EXTENSION OF TIME TO THE CONTRACTOR, THE FAILURE OF THE CONTRACTOR TO SUBMIT BONDS OR ANY OTHER DOCUMENTATION REQUIRED BY THESE CONTRACT DOCUMENTS TO THE COUNTY IN A TIMELY MANNER SHALL CONSTITUTE GROUNDS FOR THE TERMINATION BY THE COUNTY OF THE AGREEMENT FOR CAUSE.***

3.2 **Notice To Procure.** Upon the date specified in the County's written Notice to Procure, the
Contractor shall begin to source, procure, and schedule for delivery the materials, supplies,
manufactured articles and equipment necessary for the Work. No other Work shall be
performed until the County issues a Notice to Proceed.

3.3 **Commencement of Contract Time.** The Contract Time shall commence on the date specified in the County's written Notice to Proceed. Such Notice will be issued by the COUNTY after execution of the Agreement by the Chairman of the BOARD on behalf of the COUNTY.

3.4 **Commencement of the Project.** The CONTRACTOR shall begin the Work on

the date the Contract Time commences. No Work shall be done prior to the date on which the Contract Time commences. ***Any Work performed by the CONTRACTOR prior to date on which Contract Time commences shall be at the sole risk and expense of the CONTRACTOR.***

3.5 Before Commencement of Each Part of the Work

3.5.1 Before undertaking each part of the Work, the CONTRACTOR shall carefully study and compare the Contract Documents and check and verify pertinent figures and all applicable field measurements. The CONTRACTOR shall promptly report in writing to the PROJECT MANAGER any conflict, error, or discrepancy that it may discover. However, the CONTRACTOR shall not be liable to the COUNTY for failure to report any conflict, error, or discrepancy in the Drawings or Specifications unless the CONTRACTOR had actual knowledge thereof, or if the CONTRACTOR, by the exercise of reasonable diligence, should have known thereof.

3.5.2 At or before the pre-construction conference, the CONTRACTOR shall submit to the PROJECT MANAGER a proposed preliminary progress schedule covering the activities of Work. The schedule shall also include start and completion dates of the various stages of the entire Work and a preliminary schedule of submittals. The preliminary schedule will be superseded by final schedules as called for in the Contract Documents. The CONTRACTOR must also provide a schedule of values and a MOT Plan for COUNTY review and approval.

3.5.3 Except for Procurement, the CONTRACTOR or SUBCONTRACTORS shall perform no Work, and make no irrevocable commitments to vendors made, until the Contract Time commences.

3.6 Qualifications of Subcontractors, Vendors, and Suppliers

3.6.1 Within ten (10) days after receipt of Notice to Apparent Low Bidder, or prior to the award of the bid by the County (whichever is earlier) the CONTRACTOR shall submit to the PROJECT MANAGER a list of all SUBCONTRACTORS and all such other persons and organizations whom the CONTRACTOR intends to utilize in performing portion of the Work. The CONTRACTOR shall indicate the corresponding line item as shown on the Schedule of Values under which each SUBCONTRACTOR will be working.

3.6.2 The CONTRACTOR agrees, within fourteen (14) days of receipt of a written request from DIRECTOR, to promptly remove from the Project any personnel employed or retained by the CONTRACTOR, whom DIRECTOR may request in writing to be removed, with or without cause.

Any substitution submitted by CONTRACTOR must be acceptable to the DIRECTOR and said substitution shall be at no additional cost to the COUNTY.

3.6.3 The CONTRACTOR agrees, within fourteen (14) days of receipt of a written request from DIRECTOR, to promptly remove and replace any SUBCONTRACTOR employed or retained by the CONTRACTOR, whom DIRECTOR shall request in writing to be removed, with cause. If DIRECTOR requires the removal of any SUBCONTRACTOR, the CONTRACTOR shall submit a substitute acceptable to DIRECTOR and said substitution shall be at no additional cost to the COUNTY.

3.6.4 The CONTRACTOR may remove or replace a SUBCONTRACTOR employed or retained by the CONTRACTOR only with the prior written approval of the DIRECTOR. Said approval shall not be issued absent submission by the CONTRACTOR to the DIRECTOR of evidence, acceptable to the DIRECTOR, that the SUBCONTRACTOR to be removed or replaced has been paid in full for all services and material rendered by the SUBCONTRACTOR in connection with the Project.

3.7 Pre-construction Conference. Within ten (10) days following the award of bid by the BOARD, a conference shall be held for review and acceptance of the preliminary schedules and other deliverable specified (see 3.4.2 above); to establish procedures for handling submittals and process Applications for Payment, and to establish a working understanding among the parties as to the Work. These items are discussed in greater detail in the Special Conditions and/or Technical Specifications.

ARTICLE 4 – CONTRACT DOCUMENTS; INTENT, CONFLICTS, INTERPRETATION AND REUSE

4.1 Precedence

4.1.1 The Contract Documents comprise the entire agreement between the COUNTY and CONTRACTOR concerning the Work and may be altered only by Change Order.

4.1.2 It is the intent of the Contract Documents to describe the total Work to be constructed. The Contract Documents are complementary. What is called for by one is as binding as if called for by all. If the CONTRACTOR finds a conflict, error, or discrepancy in the Contract Documents, the CONTRACTOR shall call it to the attention of the PROFESSIONAL in writing before proceeding with the Work. The PROFESSIONAL shall respond with a written clarification as provided in Article 10. Any delays associated with the clarification shall be considered for time extensions only and *no damages for delay will be allowed,* absent fraud, bad faith, or active

interference on the part of the COUNTY accompanied by actual malicious intent to delay. In resolving such conflicts, errors, and discrepancies, the Contract Documents shall be given precedence in terms of the most stringent requirements as determined by the DIRECTOR. Enforcement of the most stringent requirements shall be at the option of the COUNTY. Figure dimensions on the Drawings shall govern over scale dimensions, and the detailed Drawings shall govern over general Drawings. Any Work that may reasonably be inferred from the Contract Documents as being required to produce the intended result shall be supplied whether or not it is specifically called for Work, materials, or equipment described in words that, so applied, have a well-known technical or trade meaning shall be deemed to have such recognized meaning.

4.2 Reuse of Documents. Neither the CONTRACTOR nor any SUBCONTRACTOR, manufacturer, fabricator, supplier, or distributor shall have or acquire any title or ownership rights in any of the Drawings, Specifications, or other documents (or copies thereof) prepared by, or bearing the seal of, the PROFESSIONAL, and they shall not reuse any of them on extensions of the Project or in connection with any other project.

ARTICLE 5 – PROJECT CONDITONS

5.1 Availability of Lands

5.1.1 The COUNTY shall furnish, at the times indicated in the Contract Documents, the lands upon which the Work is to be done, rights-of-way for access thereto, and such other lands that are designated for use by the CONTRACTOR for the Project. The COUNTY shall obtain easements for permanent structures or permanent changes in existing facilities unless otherwise specified in the Contract Documents. If the CONTRACTOR believes that any delay in the furnishing of these lands or easements by the COUNTY constitutes a valid reason for an extension of the Contract Time, the CONTRACTOR may make a claim for such time extension as provided for in Articles 11 and 13 of these General Conditions of the Contract, *but in no event will the CONTRACTOR be entitled to any damages or additional compensation for such delay,* absent fraud, bad faith, or active interference on the part of the COUNTY accompanied by actual malicious intent to delay. The CONTRACTOR shall provide for all additional lands and access thereto that may be required for temporary construction facilities or storage of materials and equipment.

5.1.2 Upon request, the PROJECT MANAGER shall furnish to the CONTRACTOR copies of all available boundary surveys and subsurface tests.

5.2 Unknown or Concealed Conditions

5.2.1 If conditions are encountered, excluding existing utilities, at the Site which are (1) subsurface or otherwise concealed physical conditions which differ materially from those indicated in the Contract Documents, or (2) unknown physical conditions, of an unusual nature, which differ materially from those ordinarily found to exist and generally recognized as inherent in construction activities of the character provided for in the Contract Documents, then the CONTRACTOR shall give the COUNTY notice thereof promptly before conditions are disturbed and in no event later than 48 hours after first observance of the conditions. Failure to provide timely notice shall be considered a waiver by the CONTRACTOR of any claim relating to such unknown or concealed condition unless the COUNTY in its sole discretion allots some additional time for notice.

The PROJECT MANAGER and the PROFESSIONAL shall promptly investigate such conditions, and, if they differ materially and cause an increase or decrease in the cost of, or the time required for, performance of any part of the Work by the CONTRACTOR, the PROJECT MANAGER shall recommend to the DIRECTOR, for approval by the BOARD or the COUNTY ADMINISTRATOR, as authorized herein, an equitable adjustment in the Contract Price or Contract Time, or both. If the PROFESSIONAL and the PROJECT MANAGER determine that the conditions at the Site are not materially different from those indicated in the Contract Documents or are not materially different from those ordinarily found and that no change in the terms of the Agreement is justified, the PROJECT MANAGER shall notify the CONTRACTOR of the determination in writing. The Work shall be performed after the PROJECT MANAGER provides direction.

5.2.2 The CONTRACTOR shall ascertain such conditions, described in 5.2.1 as may be readily determined by inspection and inquiry, such as the location, accessibility, and general character of the Site, prior to submitting a Bid Proposal.

5.2.3 The basis of determining payment for unknown or concealed conditions involving excavation and/or fill shall be by representative cross-sections taken before, and after, the performance of the Work by the CONTRACTOR.

5.3 Reference Points. The PROFESSIONAL shall establish on the Drawings such general reference points as in its judgment will enable the CONTRACTOR to proceed with the Work. The CONTRACTOR shall establish the coordinates and elevations of two permanent benchmarks on the site. The CONTRACTOR shall establish construction control including, but not limited to construction baseline, any additional temporary benchmarks, and elevations at 1000-foot intervals by utilizing a registered land

surveyor in compliance with all of the requirements of Chapter 472, Florida Statutes (Land Surveying). The CONTRACTOR shall be responsible for the layout of the Work, shall protect and preserve the established reference points and shall make no changes or relocations to them without the prior written approval of the PROFESSIONAL. The CONTRACTOR shall, within forty-eight (48) hours, give notice to the PROJECT MANAGER or Project Representative whenever any reference point is lost or destroyed or requires relocation because of necessary changes in grades or locations. The CONTRACTOR shall replace and accurately relocate all reference points so lost, destroyed, or moved by utilizing a registered land surveyor in compliance with all of the requirements of Chapter 472, Florida Statutes (Land Surveying).

5.4 Existing Utilities. Information shown on the Drawings as to the location of existing utilities has been prepared from the most reliable data available to the COUNTY. The provision of such information does not relieve the CONTRACTOR from performing its own due diligence regarding existing utilities. The CONTRACTOR also acknowledges that the COUNTY has no control over the relocation schedules of the effected utilities within the Project area. Prior to commencing Work, the CONTRACTOR shall be responsible for verification of the location of all underground utilities to the extent that the utilities can be reasonably located. The CONTRACTOR shall, at a minimum, contact all utility companies for the purpose of having all utilities located by the utility companies. The CONTRACTOR shall clear and grub those areas identified by the affected utility as essential to its work. Furthermore, the CONTRACTOR shall be responsible for discovery of existing underground installations, in advance of excavating or trenching, by contacting all local utilities, and by prospecting to ascertain that the utilities shown or otherwise identified are in the area shown. When such exploratory excavations show the utility location as indicated on the drawings to be in error, the CONTRACTOR shall so notify the PROJECT MANAGER. The COUNTY shall not be liable for any damage or delay caused by any utility line that was or could have been identified by the CONTRACTOR using reasonable means. If the CONTRACTOR fails to fulfill its due diligence investigation or negligently conducts the due diligence investigation with respect to existing utilities prior to the commencement of Work, the CONTRACTOR will be deemed to have waived any claim the CONTRACTOR might otherwise have had to an adjustment of the Contract Price or Contract Time. If the CONTRACTOR fully performs a due diligence investigation with respect to existing utilities prior to the commencement of Work, and the CONTRACTOR is subsequently delayed by an unknown existing utility conflict, the CONTRACTOR may make a claim for an extension to the Contract Time in accordance with the requirements of the Contract Documents, but in no event will the CONTRACTOR be entitled to any damages or additional compensation from the COUNTY.

ARTICLE 6 – BONDS AND INDEMNIFICATION

6.1 Bonds.

Payment and Performance Bonds. The CONTRACTOR shall execute a Performance

Bond and a Payment Bond as shown in the Sample Required Post-Award Forms or furnish acceptable alternative forms of security as stipulated in the Instruction To Bidders as security for the faithful performance and payment by the CONTRACTOR of all obligations of the CONTRACTOR under the Contract Documents. The CONTRACTOR shall cause each such bond (or acceptable alternative) to be in an amount equal to 100% of the Contract Price, as said Contract Price may be adjusted from time to time by an appropriate Change Order. Additionally, each such bond shall be as shown on the attached forms and shall be executed by the CONTRACTOR, and by a SURETY, authorized to do business as a surety in Florida, who is otherwise acceptable to the COUNTY.

Said executed Performance Bond and Payment Bond shall be provided to the COUNTY by the CONTRACTOR prior to submission of the Agreement to the BOARD for its approval and execution. Prior to commencing Work, it shall be the responsibility of the CONTRACTOR to record in the Public Records of the COUNTY the executed Performance Bond and Payment Bond and to provide the COUNTY with a certified copy of the recorded bonds.

Warranty Bond. Upon completion of the Project and as a condition of Substantial Completion, the CONTRACTOR shall execute a Warranty Bond in a form acceptable to the COUNTY or furnish acceptable alternative forms of security for the faithful performance by the CONTRACTOR of the obligation of the CONTRACTOR to warranty and guarantee the Work under the Contract Documents, unless coverage is already provided under the express terms of a Performance Bond. The CONTRACTOR shall cause said Warranty Bond (or an acceptable alternative) to be in an amount sufficient to guarantee the Work pursuant to Article 14 of these General Conditions of the Contract, as said Work may be adjusted from time to time by an appropriate Change Order. Each such bond shall be executed by the CONTRACTOR, and by a SURETY, authorized to do business as a surety in Florida, that is otherwise acceptable to the COUNTY, and delivered to the COUNTY immediately before, and as a condition of Substantial Completion.

Untimely Submission. The failure of the CONTRACTOR to submit the required Payment Bond, Performance Bond, and Certificates of Insurance within the times required by this Article may result in a delay in issuing the Award. The parties specifically agree that such a delay is neither excusable nor compensable and will not entitle the CONTRACTOR to a change in the Contract Price or Time. The COUNTY also reserves the right to reject the CONTRACTOR's Bid Proposal and to award the bid to the next lowest bidder if the required documents are not received within the timeframe specified herein.

6.2 Indemnification

6.2.1 The CONTRACTOR shall indemnify and hold harmless the COUNTY and the employees and agents of the COUNTY from, and against, all liabilities,

claims, suits, demands, damages, losses, and expenses, including, but not limited to attorneys' fees, arising out of, or resulting from, the performance of the Work, provided that any such liability, claim, suit, demand, damage, loss or expense: (a) is attributable to bodily injury, sickness, disease or death, or injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom; and (b) is caused in whole or in part by the negligence, recklessness or intentional wrongful misconduct of the CONTRACTOR, any SUBCONTRACTOR, anyone directly or indirectly employed by any of them, or anyone for whose acts any of them may be liable in the performance of the Construction Contract.

6.2.2 In any and all claims against the COUNTY, or against any of the agents or employees of the COUNTY, by any employee of the CONTRACTOR, any SUBCONTRACTOR, anyone directly or indirectly employed by any of them, or anyone for whose acts any of them may be liable, the indemnification obligation under the previous paragraph shall not be limited in any way as to the amount or type or damages, compensation or benefits payable by or for the CONTRACTOR or any SUBCONTRACTOR under workmen's compensation acts, disability benefit acts, or other employee benefit acts.

6.2.3 The CONTRACTOR shall indemnify and hold harmless the COUNTY, and anyone directly or indirectly employed by the COUNTY from and against all claims, suits, demands, damages, losses, and expenses including, but not limited to, attorney's fees, arising out of any infringement of patent rights, copyrights, trademarks, trade dress, or other intellectual property rights held by others, and shall defend all such claims in connection with any alleged infringement of such rights.

6.2.4 The CONTRACTOR shall, at the option of the COUNTY, underwrite on an interim basis all expenses associated with the legal defense of the COUNTY, pending the outcome of any litigation through appeal, with respect to any liabilities, claims, suits, demands, damages, losses, and expenses, including, but not limited to, attorneys' fees, for which the CONTRACTOR may be liable to the COUNTY, in whole or in part, pursuant to 6.2.1-6.2.3 above, irrespective of whether said liabilities, claims, suits, demands, damages, losses, and expenses, including, but not limited to, attorneys' fees, may ultimately be found by a court of law to have been causes, in whole or in part, by the negligence or other fault of the COUNTY. In discharging this duty to the COUNTY, the CONTRACTOR shall strictly account to the COUNTY on a monthly basis for all expenditures so incurred. Upon the conclusion of any litigation through appeal, to the extent that the CONTRACTOR has been found less than fully liable for any liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees, the COUNTY shall reimburse the CONTRACTOR for that portion of the reasonable costs of underwriting the legal defense of the COUNTY.

6.2.5 With respect to, and in consideration for, the indemnifications provided herein by the CONTRACTOR, as well as the duty of the CONTRACTOR, at the option of the COUNTY, to underwrite the legal defense of the COUNTY pending the outcome of any litigation through appeal, the COUNTY agrees to pay to the CONTRACTOR as a separate consideration, the sum of $100.00, the sufficiency and receipt of which is hereby acknowledged.

6.2.6 Notwithstanding any language to the contrary which may be contained herein, the ultimate duty of the CONTRACTOR to indemnify and hold the COUNTY harmless under this Article 6 shall be limited to the extent that any liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees, are caused by the negligence, recklessness, or intentional wrongful misconduct of the indemnifying party and persons employed or utilized by the indemnifying party in the performance of the construction contract.

ARTICLE 7 – RESPONSIBILITIES OF THE CONTRACTOR

7.1 **Supervision and Superintendence.** The CONTRACTOR shall supervise and direct the Work efficiently and with its best skill and attention. The CONTRACTOR shall be solely responsible for the means, methods, techniques, sequences, and procedures of construction unless specifically addressed in the Contract Documents. The CONTRACTOR shall be responsible for seeing that the finished Work complies accurately with the Contract Documents. The CONTRACTOR shall cooperate with and be responsible for coordination of the Work with other contractors and/or utilities at the Site in accordance with the Specifications, if applicable. The CONTRACTOR shall attend meetings as requested by the PROJECT MANAGER.

7.1.1 The CONTRACTOR shall keep on the Work at all times during its progress a competent resident superintendent who shall not be replaced without written notice to the PROJECT MANAGER except under extraordinary circumstances. The CONTRACTOR shall provide Notice to the COUNTY of the identity of the superintendent at the Pre- construction Conference, and the COUNTY shall at that time be provided with a 24-hour, 7 days-per-week telephone number for the superintendent which shall remain valid until Final Completion. The superintendent shall be the representative of the CONTRACTOR at the Site and shall have authority to act on behalf of the CONTRACTOR. All communications given to the superintendent shall be as binding as if given to the CONTRACTOR.

7.2 **Labor, Materials, and Equipment.** The CONTRACTOR shall provide and pay for competent, suitable, qualified personnel to survey and layout the Work and perform construction as required by the Contract Documents. The CONTRACTOR shall at all times maintain good discipline and order on the Site.

7.2.1 The CONTRACTOR shall furnish and pay for all materials, equipment, labor, transportation, construction equipment and machinery, tools, appliances, fuel, power, light, heat, telephone, water and sanitary facilities, and all other facilities and incidentals whether temporary or permanent necessary for the execution, testing, initial operation, and completion of the Work as required by the Contract Documents.

7.2.2 All materials and equipment shall be applied, installed, connected, erected, used, cleaned, and conditioned in accordance with the instructions of the applicable manufacturer, fabricator, or processors, except as otherwise provided in the Contract Documents.

7.2.3 All materials and equipment shall meet or exceed contract specifications and, except as may otherwise be provided in the Contract Documents, shall be new and of good quality. When requested by the PROJECT MANAGER, the CONTRACTOR shall furnish promptly a statement of the origin, compositions, and manufacture of any and all materials to be used in the construction of the Work, together with samples that may be subjected to the tests provided for in the Specifications, to determine their quality and fitness for the Work. The CONTRACTOR shall further promptly supply, at the request of the PROJECT MANAGER, certification from the supplier of any material to be incorporated into the Work that said material meets or exceeds the Specifications.

7.2.4 At any time during the course of the CONTRACT, with respect to any and all materials and equipment to be used in the construction of the Work, the PROJECT MANAGER may request, and upon such request the CONTRACTOR shall furnish in form and substance satisfactory to the PROJECT MANAGER within ten (10) days, documentation which provides reasonable assurances to the COUNTY that the CONTRACTOR will be able to furnish said materials and equipment, all of proper quality and quantity, at bid prices, in a timely manner. Any and all risk of fluctuation in the market price of materials or equipment, or the availability thereof, shall remain at all times the sole responsibility of the CONTRACTOR.

7.3 Substitute Materials or Equipment. In the event the CONTRACTOR notifies the PROJECT MANAGER that certain materials or equipment described in the CONTRACT cannot be procured by the CONTRACTOR for the project, or should the DIRECTOR, upon the recommendation of the PROJECT MANAGER, find to be inadequate the documentation submitted by the CONTRACTOR in response to a request for reasonable assurances of ability to furnish the materials or equipment as described above, the COUNTY may, as its option:

a. Waive any specification with respect to said materials or equipment,

authorize acceptable substitute materials or equipment, and make an appropriate adjustment to the amounts due the CONTRACTOR for the cost of said materials or equipment, including labor, and other expenses associated with the change; or

b. Procure the materials or equipment itself and charge the actual cost thereof, including labor and other incidental expenses incurred by the COUNTY, to the CONTRACTOR by deducting said costs and expenses from amounts otherwise due the CONTRACTOR.
Approval of any change in costs or schedule as a result of tentative acceptance of the substitute by the DIRECTOR, based on the recommendation of the PROJECT MANAGER, shall be by Change Order.

7.4 Concerning Subcontractors

7.4.1 The CONTRACTOR may not subcontract overall management obligations pertaining to the Work, or any substantial component thereof, and not more than eighty percent (80%) of the Work shall be subcontracted under any circumstances. This limitation on subcontracting shall not apply to any aspect of the Work that involves the supply of equipment or materials alone. The CONTRACTOR shall retain ultimate liability for all contractual obligations under the Contract Documents. The CONTRACTOR shall further be fully responsible for all acts and omissions of SUBCONTRACTORS, and of persons directly or indirectly employed by them, and of persons for whose acts any of them may be liable to the same extent as if the CONTRACTOR had employed them. Nothing in the Contract Documents shall create any contractual relationship between any SUBCONTRACTOR and the COUNTY or any obligation on the part of the COUNTY to pay or to see to the payment of any monies due any SUBCONTRACTOR, except as may otherwise be required by law. The COUNTY may furnish to any SUBCONTRACTOR, to the extent practicable, evidence of amounts paid to the CONTRACTOR for specific Work done.

7.4.2 Any divisions and sections of the Specifications and the identifications of any Drawings shall not control the CONTRACTOR in dividing Work among SUBCONTRACTORS or delineating the Work to be performed by any specific trade.

7.4.3 The CONTRACTOR agrees to bind specifically every SUBCONTRACTOR, by way of an appropriate written agreement, to the applicable terms and conditions of the Contract Documents, including but not limited to the General Conditions, Special Conditions, and Project Specific Conditions, for the benefit of the COUNTY.

7.4.4 All Work performed for the CONTRACTOR by a SUBCONTRACTOR shall be pursuant to an appropriate written agreement between the CONTRACTOR and the SUBCONTRACTOR which shall contain provisions that waive all rights the contracting parties may have against one another for damages cause by fire or other perils covered by insurance, except such rights as they may have to proceeds of such insurance held by the COUNTY as trustee. The CONTRACTOR shall pay each SUBCONTRACTOR an appropriate amount determined by value of Work, of any insurance monies received by the CONTRACTOR under this insurance.

7.4.5 **County as Intended Beneficiary of Subcontracts.** The COUNTY shall be an intended substantial beneficiary of the written agreements between the CONTRACTOR and its SUBCONTRACTORS.

7.5 **Patent Fees and Royalties.** The CONTRACTOR shall pay all license fees and royalties and shall assume all costs incident to the use of any invention, design, process, or device which is the subject of patent rights or copyrights held by others.

7.6 **Permits.** The CONTRACTOR shall secure and pay all construction permits, licenses, governmental charges and inspection fees, and all public utility charges that are applicable and necessary for the execution of the Work as listed in the Construction Documents at the time of its Bid. A permit allowance may be established in the Bid Proposal. In the absence of a permit allowance being established, all permit costs shall be included in the base bid. Permits, if any, which are provided and paid for by the COUNTY, are listed in the Contract Documents. Any delays associated with the permitting process will be considered for time extensions only, and *no damages or additional compensation for delay will be allowed.*

7.7 **Laws and Regulations.** The CONTRACTOR shall give all notice and comply with all laws, ordinances, rules, and regulations applicable to the Work. If the CONTRACTOR observes that any of the Contract Documents are contradictory to such laws, rules, and regulations, the CONTRACTOR will notify the PROJECT manager promptly in writing. An appropriate Change Order shall then be used to institute any necessary changes. If the CONTRACTOR performs any Work that it knows or should have known to be contrary to such laws, ordinances, rules and regulations and without such notice to the PROJECT MANAGER, the CONTRACTOR shall bear all related costs.

7.7.1 **LAW COMPLIANCE**. Each party will comply with all applicable federal, state and local laws, rules, regulations and guidelines, related to performance under this Agreement. In particular, the CONTRACTOR verifies and affirms that it is in compliance with 8 USC Sec. 1324 prohibiting the employment either directly or by contract, subcontract or exchange of unauthorized aliens in the United States. The County will consider the employment of unauthorized aliens by any CONTRACTOR during the term of the Agreement a violation of the Immigration and Nationality Act. Such violation shall be cause for unilateral cancellation of

this Agreement by the County.

7.8 Use of Premises. The CONTRACTOR shall confine its equipment, the storage of materials and equipment, and the operations of its workers to the area permitted by law, ordinances, permits, or the requirements of the Contract Documents. The CONTRACTOR shall not unreasonably encumber the Site with materials and equipment. Any loss or damage to the materials or equipment of the CONTRACTOR or of any SUBCONTRACTOR shall be solely at the risk of the CONTRACTOR.

7.8.1 The CONTRACTOR shall not load or permit any part of any structure to be loaded in any manner that will endanger the structure. The CONTRACTOR shall not subject any part of the Work or adjacent property to stresses or pressures that will endanger them.

7.8.2 The COUNTY shall retain ownership of any usable material on the Premises such as fill, millings, etc. unless otherwise specified by the COUNTY at the pre-construction meeting.

7.9 Record Drawings

7.9.1 The CONTRACTOR shall keep at the Site and in good order one record copy of the Contract Documents, the Construction Plans, and the Shop Drawings. These documents shall be annotated on a continuing basis to show all changes made during the construction process. These shall be available to the PROFESSIONAL and the PROJECT MANAGER and shall be submitted to the PROJECT MANAGER prior to, or contemporaneously with, the Application for Final Payment. The CONTRACTOR shall provide record drawings in accordance with the Technical Specifications.

7.9.2 For water and wastewater facilities, the minimum requirements for record drawings are specified in the Special Conditions.

7.10 Safety and Protection

7.10.1 The CONTRACTOR shall be responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the Work and for maintaining the Project Site in a safe and good order (which would include such activities as mowing or trimming grass, bushes or other vegetation and trash removal on the Site and as deemed necessary by the COUNTY) during the term of the Agreement. The CONTRACTOR shall take all necessary precautions for the safety of and will provide the necessary protection to prevent damage, injury, or loss to:

a. All employees on the Work and other persons who may be affected by it;

b. All the Work and all materials or equipment to be incorporated, whether in storage on or off the Site. The CONTRACTOR shall assume all risk of loss for stored equipment or materials, irrespective of whether the CONTRACTOR has transferred the title of the stored equipment or materials to the COUNTY; and

c. Other property at the Site or adjacent to it, including trees, shrubs, lawns, walks, pavements, roadways, structures, and utilities not designated for removal, relocation, or replacement in the course of construction.

7.10.2 The CONTRACTOR shall comply with all applicable laws, ordinances, rules, regulations, and orders of any public body having jurisdiction for the safety of persons or property or to protect them from damage, injury, or less. The CONTRACTOR shall erect and maintain, as required by the conditions and progress of the Work or as otherwise required or directed by the COUNTY, all necessary safeguards for safety and protection of persons and property throughout the term of the Agreement. CONTRACTOR shall notify owners of adjacent property and utilities when execution of Work may affect them prior to start of work. All damage, injury, or loss to any property caused directly or indirectly, in whole or in part, by the CONTRACTOR, any SUBCONTRACTOR, anyone directly or indirectly employed by any of them, or anyone for whose acts any of them may be liable shall be remedied by the CONTRACTOR.

7.10.3 The CONTRACTOR shall designate a responsible member of its organization whose duty shall be the prevention of accidents at the Site. This person shall be the superintendent of the CONTRACTOR unless otherwise designated in writing by the CONTRACTOR to the PROJECT MANAGER.

7.11 Emergencies. In emergencies affecting the safety of persons, the Work or property at the Site or adjacent thereto, the CONTRACTOR, without special instructions or authorization from the PROJECT MANAGER, and then only if time or circumstances do not permit such special instructions or authorization, is obligated to prevent or mitigate threatened damage, injury, or loss. The CONTRACTOR shall give the PROJECT MANAGER written notice that the emergency provision has been invoked and shall state the reasons therefore within twenty-four (24) hours of the incident. If the CONTRACTOR believes the emergency resulted in additional Work, an otherwise untimely claim for a Change Order is permissible and may be submitted in accordance with the procedures set forth herein.

7.11.1 The CONTRACTOR shall immediately notify the PROJECT MANAGER of all events involving personal injuries to any person on the Site, whether or not such person was engaged in the construction of the Project and shall file a written report on such person(s) and any other events resulting in property damage of any amount within five (5) days of the occurrence of each such

event.

7.11.2 The PROJECT MANAGER upon learning of an emergency situation threatening the safety of persons or the integrity of property shall immediately report the circumstances to the DIRECTOR. If the DIRECTOR is unavailable to provide direction, or if the circumstances do not allow the PROJECT MANAGER a reasonable opportunity to seek guidance from the DIRECTOR, the PROJECT MANAGER may direct the CONTRACTOR to call out Work crews, equipment and materials to prevent threatened damage, injury or loss. The CONTRACTOR shall be obligated to comply with any directions issued by the PROJECT MANAGER when the PROJECT MANAGER has determined that an emergency situation exists. If the CONTRACTOR believes the emergency resulted in additional Work, an otherwise untimely claim for Change Order is permissible and may be submitted in accordance with the procedures set forth herein.

7.12 Submittals and Samples

7.12.1 After checking and verifying all field measurements, the CONTRACTOR shall promptly submit to the PROFESSIONAL for approval, in accordance with the accepted schedule of submittals, all Submittals required by the Contract Documents. All Submittals shall have been checked by and stamped with the approval of the CONTRACTOR and identified as the PROFESSIONAL may require. The data shown on or with the Submittals will be complete with respect to dimensions, design criteria, materials, and any other information necessary to enable the PROFESSIONAL to review the Submittal as required. At the time of each submission, the CONTRACTOR shall give notice to the PROFESSIONAL of all deviations that the Submittal or sample may have from the requirement of the Contract Documents.

7.12.2 The CONTRACTOR shall submit to the PROJECT MANAGER for review and recommendation to the DIRECTOR for approval, within ten (10) days after Notice To Apparent Low Bidder, a preliminary Schedule of Values for all of the Work which will include quantities and prices of items aggregating the Contract Price and will subdivide the Work into component parts in sufficient detail to serve as the basis for progress payments during construction. Such prices shall include an appropriate amount of overhead and profit applicable to each item of Work that will be confirmed in writing by the CONTRACTOR at the time of submittal.

7.12.3 The PROFESSIONAL shall review and approve Submittals. This review and approval by the PROFESSIONAL shall be only for conformance with the design concept of the Project and compliance with the information given in the Contract Documents. The approval of a separate item as such will not indicate approval of the assembly in which the item functions. The CONTRACTOR will make any corrections required by the PROFESSIONAL and resubmit the required number of corrected copies until approved.

The signature, initials, or stamp of approval of the CONTRACTOR on any Submittal shall constitute its representation to the PROFESSIONAL and COUNTY that the CONTRACTOR has determined and verified all quantities, dimensions, field construction criteria, materials, catalog numbers, and similar data, and that each Submittal has been reviewed or coordinated with the requirements of the Work and the Contract Documents.

7.12.4 No Work requiring a Submittal shall commence until the PROFESSIONAL has approved the Submittal. A copy of each approved Submittal shall be kept in good order by the CONTRACTOR at the Site and shall be available to the PROFESSIONAL and COUNTY staff. Any delays associated with the submittal process will be considered for time extensions only, and no damages or additional compensation for delay will be allowed. No time extensions will be allowed for delays not attributable to the either the COUNTY or the PROFESSIONAL.

7.12.5 The approval by the PROFESSIONAL of Submittals shall not relieve the CONTRACTOR of its responsibility for any deviations from the requirements of the Contract Documents unless the CONTRACTOR has called the attention of the PROFESSIONAL and the PROJECT MANAGER to such deviation in writing at the time of submission, and the PROJECT MANAGER, with the consent of the DIRECTOR, has given written approval to the specific deviation; any such approval by the PROFESSIONAL alone shall not relieve the CONTRACTOR from responsibility for errors or omissions in the Submittals.

7.12.6 To facilitate review, the CONTRACTOR shall number consecutively each Submittal. This numbering system shall be in order of Submittal. Any re-submittal required shall have the same number as the original Submittal followed by notation signifying that this is a second or third Submittal (e.g.," #14-2nd submittal"). All Submittals shall provide a space for the review stamp of the PROFESSIONAL, preferably on the first page. In addition, all Submittals shall contain the following notation completed by the CONTRACTOR:

Project Number and Name: _____

Submittal Number: _____

Deviations: _____

None: _____

As listed: _____

Reference Specification Number: _____

Reference Drawing Number: _____

Space Requirement: _____

As designed: _____

Different, as listed: _____

Contractor has reviewed and submitted for approval.

Signature: _____ Date: _____

The review of a particular Submittal will be undertaken only if the above such information is provided.

7.13 **Cleaning Up**. The CONTRACTOR shall maintain the Site free from accumulations of waste materials, rubbish, and other debris resulting from the Work on a daily basis as well as overgrown grass, plants or vegetation on Site or as otherwise required by the COUNTY during the term of the Agreement. At the completion of the Work, the CONTRACTOR shall remove all waste materials, rubbish, and debris from the Site as well as all tools, construction equipment and machinery, and surplus materials and will leave the Site clean and ready for occupancy by the COUNTY. In addition to any other rights available to COUNTY under the Contract Documents, the failure of the CONTRACTOR to maintain the Site may result in the withholding by the COUNTY of any amounts due CONTRACTOR. The COUNTY also reserves the right, upon the CONTRACTOR'S failure to perform clean-up activities, after written notice, to use its own forces or a third-party contractor and to delete the costs incurred from any amount due the CONTRACTOR. The CONTRACTOR will restore to original condition those portions of the Site not designated for alteration by the Contract Documents as part of its obligations under the Contract.

ARTICLE 8 – WORK BY OTHERS

8.1 The COUNTY may perform additional Work related to the Project with its own forces or may carry out such Work through direct contract with third-party contractors. The CONTRACTOR shall provide any third-party contractors, including, but not limited to, the employees, agents, subcontractors, and suppliers of such third-party contractors (or of the forces of the COUNTY performing the additional Work, reasonable opportunity for the introduction and storage of materials and equipment, and for the execution of work, and shall properly connect and coordinate its Work with theirs. The CONTRACTOR is not entitled to exclusive use of the Site. The COUNTY reserves the right to accept or reject Work related to the Project based on the quality of Work performed by the CONTRACTOR or its SUBCONTRACTORS.

8.2 If any part of the Work of the CONTRACTOR depends (for proper execution or results) upon the work of any such third-party contractor (or of the COUNTY), the CONTRACTOR will inspect and promptly report to the PROJECT MANAGER in writing any defects or deficiencies in such work that render it unsuitable for such proper execution and results with respect to the Work. The failure of the CONTRACTOR to so report shall constitute an acceptance of the other work, except as to defects and deficiencies that may appear in the other work after the execution of its Work. The

CONTRACTOR shall be entitled to extension of time*, but not to damages or additional compensation from the COUNTY related to delay,* whether caused by such third-party contractors, or the COUNTY, absent fraud, bad faith, or active interference by the COUNTY which is accompanied by an actual malicious intent on the part of the COUNTY to cause delay.

8.3 The CONTRACTOR will do all cutting, fitting, and patching of its Work that may be required to make its several parts come together properly and fit it to receive or be received by such third-party work. The CONTRACTOR will not endanger any work of others by cutting, excavating, or otherwise altering such other work and will only cut or alter such other work with the written consent of the PROJECT MANAGER, and only if such alteration will not increase the Contract Price or Contract Time.

8.4 If the performance of additional work by third-party contractors or the COUNTY is not noted in the Contract Documents prior to the execution of the Agreement, written notice shall be given to the CONTRACTOR prior to starting any such additional work. If the CONTRACTOR believes that the performance of such additional work by the COUNTY or others involves additional expense or entitles it to an extension of the Contract Time, the CONTRACTOR may make a claim as provided in Articles 11, 12, and 13 of these General Conditions of the Contract.

ARTICLE 9 - RESPONSIBILITIES OF THE COUNTY

9.1 The COUNTY shall issue all communications to the CONTRACTOR through the PROJECT MANAGER, except for authorization required by Change Order pursuant to the Contract Documents.

9.2 The COUNTY shall furnish the data required under the Contract Documents and shall make payments to the CONTRACTOR when due as provided in Article 15 of these General Conditions of the Contract.

9.3 The responsibilities of the COUNTY for providing lands, easements, and engineering surveys to establish reference points are set forth in Article 5 of these General Conditions of the Contract.

ARTICLE 10 – STATUS OF THE PROFESSIONAL DURING CONSTRUCTION

10.1 **County's Representative.** The PROFESSIONAL shall be a representative of the COUNTY during the construction period. The duties, responsibilities, and limitations of authority of the PROFESSIONAL as the COUNTY'S representative during construction are set forth in these General Conditions and shall not be extended without written designation from the Department administering the Project.

10.2 **Visits to the Site.** The PROFESSIONAL shall make periodic visits to the Site to observe the progress and quality of the executed Work and to determine, in general, if the

Work is proceeding in accordance with the Contract Documents.

10.3 Clarifications and Interpretations. The PROFESSIONAL shall issue such written clarifications or interpretations of the Contract Documents (in the form of Drawings or otherwise) as may be determined necessary, or as reasonably requested by the CONTRACTOR, which shall be consistent with, or reasonably inferable from the overall intent of the Contract Documents. If the CONTRACTOR believes that a written clarification and interpretation entitles it to an increase in the Contract Price, and/or Contract Time, the CONTRACTOR may make a claim as provided for in Article 11, 12 and 13 of these General Conditions of the Contract.

10.4 Rejecting Defective Work. The PROFESSIONAL has the authority to disapprove or reject Work that is defective. The PROFESSIONAL also has authority to require special inspection or testing of the Work at the CONTRACTOR'S expense, as provided in Article 14 of these General Conditions of the Contract, whether or not the Work is fabricated, installed or completed.

10.5 Resident Engineer. The PROFESSIONAL may furnish a full or part-time Resident Engineer and other personnel to assist it in carrying out services at the Site. The duties, responsibilities, and limitations of authority of any such Resident Engineer and other personnel are set forth in the Special Conditions, if applicable.

10.6 Decisions on Disagreements. The PROFESSIONAL shall interpret the requirements of the Contract Documents and determine the acceptability of the Work. If CONTRACTOR disagrees with the opinion of the PROFESSIONAL, CONTRACTOR shall refer claim, disputes, and other matters relating to the acceptability of the Work or the interpretation of the requirements of the Contract Documents initially to the PROJECT MANAGER in writing with a request for a formal decision. The PROFESSIONAL will render in writing an opinion concerning the request of the CONTRACTOR for a formal decision and shall submit same to the PROJECT MANAGER. After receipt of the written opinion of the PROFESSIONAL and all information requested from CONTRACTOR, the PROJECT MANAGER shall make a recommendation to the DIRECTOR, who shall then render a formal decision in writing. Written notice of each such claim, dispute, and other matter shall be delivered by the CONTRACTOR to the PROJECT MANAGER within seven (7) days of the first occurrence of the circumstances giving rise to the claim, dispute, or other matter. Written supporting data will be submitted to the PROJECT MANAGER within fifteen (15) days after said first occurrence unless the PROJECT MANAGER, with the consent of the DIRECTOR, allows additional time. If CONTRACTOR fails to comply strictly with these notice and submittal time periods, the CONTRACTOR shall be deemed to have waived its right to assert any claim that the CONTRACTOR might otherwise have had concerning any such matter.

10.7 Limitations on the Responsibilities of the Professional. Neither the authority of the PROFESSIONAL to act under this Article or elsewhere in the Contract Documents, nor any decision made in good faith to exercise such authority, shall give rise to any duty or

responsibility of the PROFESSIONAL to the CONTRACTOR, any SUBCONTRACTOR, or any of their respective agents or employees.

10.7.1 The PROFESSIONAL shall not be responsible for the construction means, methods, techniques, sequences, or procedures or the safety precautions and programs used. The PROFESSIONAL shall not be responsible for the failure of the CONTRACTOR to perform the Work in accordance with the Contract Documents.

10.7.2 The PROFESSIONAL shall not be responsible for the acts or omissions of the CONTRACTOR, any SUBCONTRACTORS, any of their respective agents or employees, or any other persons performing any of the Work.

ARTICLE 11 – CHANGES IN THE WORK

11.1 Without invalidating the Agreement, the COUNTY may from time to time, order additions, deletions, or revisions in the Work. The CONTRACTOR shall promptly submit a written proposal for the changed work prepared in accordance with Articles 12 and 13. If the proposal request calls only for the deletion of Work, the PROJECT MANAGER, with the consent of the DIRECTOR, may order the partial suspension of any Work related to the proposed deletion, in which case the CONTRACTOR must cease performance as directed; the CONTRACTOR shall not be entitled to additional compensation or an increase in the Contract Time as a result of the suspension. The CONTRACTOR shall not be entitled to claim lost profits on deleted work. All changed Work shall be executed under the applicable conditions of the Contract Documents. Additional Work performed by the CONTRACTOR without authorization, as represented by a properly executed Change Order approved by the BOARD or the COUNTY ADMINISTRATOR, as specified herein, will not entitle the CONTRACTOR to an increase in the Contract Price or to an extension of the Contract Time, except in the case of a *bona fide e*mergency as provided in Article 7 of these General Conditions of the Contract. No other employee or representative of the COUNTY including, but not limited to, the PROJECT MANAGER and the DIRECTOR, has the authority to approve a Change Order on behalf of the COUNTY. ***The effect of this paragraph shall remain paramount and shall prevail irrespective of any conflicting provisions contained in these Contract Documents.***

11.2 Upon agreement between the PROJECT MANAGER and the CONTRACTOR as to changes in the Work to be performed, subject to consent of the DIRECTOR, or with respect to a claim by the CONTRACTOR for Work performed in an emergency as provided in Article 7 of these General Conditions of the Contract, the CONTRACTOR will prepare a written Change Order to be signed and submitted to the PROJECT MANAGER and/or the Professional (as directed by the County) for transmission by the DIRECTOR to the BOARD for approval.

11.3 It is the responsibility of the CONTRACTOR to notify its SURETY of any changes

affecting the general scope of the Work, Contract Price, or Contract Time and to secure the written consent of the Surety to any such changes.

11.4 In the absence of agreement between the PROJECT MANAGER and the CONTRACTOR or consent of the DIRECTOR as provided in paragraph 11.2 of these General Conditions of the Contract, the COUNTY may, in its sole discretion, issue a unilateral Change Order to the CONTRACTOR. Pricing of the unilateral Change Order will be in accordance with Section 12.1.5. The Change Order will specify a price, and if applicable, a time extension determined to be reasonable by the COUNTY. If the CONTRACTOR fails to sign said Change Order, the CONTRACTOR shall nevertheless be obligated to fully perform the work as directed by the Change Order.

11.5 Should the CONTRACTOR make a claim for an increase in Contract Time or an increase in Contract Price, then upon the request of the PROJECT MANAGER, the claim shall be accompanied by an affidavit stating that:

a. The claim is made in good faith;
b. The supporting data have been thoroughly reviewed by the CONTRACTOR and are accurate and complete to the best knowledge and belief of the CONTRACTOR; and
c. The amount requested accurately reflects the contract adjustment for which the CONTRACTOR believes the COUNTY is liable.

Absent such affidavit, if requested by the PROJECT MANAGER, the claim will not be considered. Submission of the affidavit shall be a condition precedent to the commencement by the CONTRACTOR of any action at law or in equity against the COUNTY.

11.6 If the COUNTY determines the CONTRACTOR has submitted a baseless, frivolous, unsupported, exaggerated, or otherwise spurious request for a Change Order or Claim, the COUNTY shall deduct from any amounts due the CONTRACTOR the costs incurred by the COUNTY in reviewing and responding to that Change Order request or Claim. Deductible costs include, but are not limited to, any costs incurred by the COUNTY or its PROFESSIONAL to review and respond to the requested Change Order or Claim.

11.7 The CONTRACTOR shall proceed diligently with performance of the Work as directed by the COUNTY, regardless of pending claims or actions, unless otherwise agreed to in writing.

ARTICLE 12 – CHANGE OF CONTRACT PRICE

12.1 The Contract Price

12.1.1 The Contract Price is as defined in Paragraph 2.1.14 of these General Conditions of the Contract. All duties, responsibilities, and obligations assigned to or

undertaken by the CONTRACTOR shall be at its expense without change in the Contract Price.

12.1.2 The Contract Price represents the total compensation to which the CONTRACTOR may be entitled under the terms of these Contract Documents, which Contract Price is based upon the estimated quantities of items listed therein or a lump sum price. The actual total compensation paid to the CONTRACTOR for the Work described in these Contract Documents may vary due to:

a. Adjustments in pay quantity/quantities resulting from changes in item quantity/quantities; and/or
b. Adjustments in pay quantity/quantities as otherwise permitted by these Contract Documents.

12.1.3 The Contract Price may only be increased or decreased by a written Change Order. Any claim for an increase shall be in writing and delivered to the PROJECT MANAGER within seven (7) days of the first occurrence of the circumstances necessitating an increase. Written supporting data will be submitted to the PROJECT MANAGER within fifteen (15) days after said occurrence, unless the DIRECTOR, in his absolute discretion, allows additional time.

12.1.4 Except as provided for in Section 12.1.5, any Change Order adjusting the compensation to be paid to the CONTRACTOR shall be priced in accordance with the following procedures:

12.1.4.1 **Unit Prices Included in the Bid Proposal.** The CONTRACTOR and the COUNTY recognize and acknowledge that the quantities shown for those items designated in the Bid Proposal as unit price items are approximations prepared by the COUNTY for bid purposes and that the actual compensation payable to the CONTRACTOR for the utilization of such items is based upon the application of unit prices to the actual quantities of items involved as measured in the field and required to complete the Project as originally defined in the Contract Documents. When it is determined by the COUNTY that an addition, deletion, or revision to the Project, as defined in these Contract Documents, is required and affects the quantities required for items designated in the Bid Proposal as unit price items, the CONTRACTOR and the COUNTY agree that the compensation payable to the CONTRACTOR for such unit price items shall be adjusted accordingly by a Change Order based upon the application of the appropriate unit prices shown in the Bid Proposal to the quantity of the unit price item required to

complete the Project as defined in the Contract Documents.

12.1.4.2 **Unit Prices Not Included in the Bid Proposal.** Unit prices for items not designated in the Bid Proposal, but which have been mutually agreed upon by the COUNTY and the CONTRACTOR, may be utilized in determining the actual compensation payable to the CONTRACTOR based upon field measured quantities.

12.1.4.3 **Lump Sum.** When it is determined by the COUNTY that an addition, deletion, or revision to the Project is required, resulting in a change in Work designated in the Bid Proposal as a lump sum item, the amount of increase or decrease in the lump sum price shall be established by mutual agreement of the parties.

12.1.5 If the pricing methods specified in Article 12.1.4 of these General Conditions of the Contract are inapplicable, or if the parties are unable to agree on a price for the changed Work, the COUNTY shall establish a reasonable price for the same in accordance with Article 12.2. The COUNTY shall then process a unilateral Change Order, specifying the said reasonable price, in accordance with Article 11.5. The CONTRACTOR shall perform the Work as directed in the Change Order.

12.1.6 Failure on the part of the CONTRACTOR to construct any item to plan, or in conformity with authorized dimensions and within the specification tolerances set forth herein, shall result in:

a. Reconstruction to acceptable tolerances, at no additional cost to the COUNTY;

b. Acceptance at no pay; or

c. Acceptance at reduced final pay quantity or reduced unit price, all at the discretion of the COUNTY.

The COUNTY shall make determinations of the aggregate monetary change for items identified as lump sum quantities based upon an analysis of the score of the failure of the CONTRACTOR to construct to plan or in conformity with authorized dimensions and within applicable specification tolerances.

12.2 Cost of Work

12.2.1 The term “Cost of Work”, when used in connection with Change Orders, means the costs necessarily incurred and paid by the CONTRACTOR in the proper performance of the Change Order Work. Except as may be agreed to in writing by the PROJECT MANAGER, such costs shall be in amounts no higher than those prevailing in the relevant market for substantially similar work associated with

projects akin to the Project, and shall be limited to the following categories:

a. Actual cost of Labor (payroll, taxes, fringe benefits, worker's compensation, health and retirement benefits, sick leave) to perform change order work;

b. Owned Equipment (at lowest applicable equipment rate manual rate);

c. Rented Equipment (at actual rental rates);

d. Materials;

e. Costs of SUBCONTRACTOR;

f. Extra Bonds and Insurance;

g. Fee of CONTRACTOR (per Article 12.3 of these General Conditions of the Contract).

12.2.2 The CONTRACTOR shall require all SUBCONTRACTORS and suppliers to comply with all requirements of, and provide itemizations of, all claims in accordance with this Article.

12.2.3 The term "Cost of the Work", when used in connection with Change Orders, shall not include any of the following:

a. Payroll costs and other compensation of the officers, executives, principals (of partnership and sole proprietorships), general managers, engineers, architects, estimators, lawyers, auditors, accountants, purchasing and contracting agents, expediters, timekeepers, job superintendents, Project managers, and clerks of the CONTRACTOR, and all personnel employed by the CONTRACTOR, whether at the Site, at the principal office of the CONTRACTOR, at a branch office of the CONTRACTOR, or elsewhere, for general administration of the Change Order Work and not specifically included in the agreed-upon schedule of job classifications, all of which are to be considered administrative costs covered by the Fee of the CONTRACTOR;

b. Extraordinary fringe benefits not specifically identified in Article 12.2 of these General Conditions of the Contract;

c. Expenses of the principal and branch offices of the CONTRACTOR, other than the office of the CONTRACTOR at the Site;

d. Field overhead costs, including, but not limited to, the cost on-site temporary facilities and the on-site supervision provided by the CONTRACTOR; compensation for these costs will be considered only if the Final Completion date is extended by a Change Order or Allowance Authorization Release.

e. Any part of the capital expenses of the CONTRACTOR, including interest on the capital used by the CONTRACTOR for the Change Order Work and charges against the CONTRACTOR for delinquent payments;

f. Cost of premiums for all bonds and insurance, whether or not the CONTRACTOR is required by the Contract Documents to purchase and maintain the same (except for additional bonds and insurance required because of changes in the Work).

g. Costs due to the negligence of the CONTRACTOR, any SUBCONTRACTOR, or anyone directly or indirectly employed by any of them, or for whose acts any of them may be liable, including, but not limited to, the correction of defective Work, disposal of materials or equipment wrongly supplied, and correcting for any damage to property;

h. All overhead or general expense costs of any kind (other than as provided in Article 12.3).

12.3 Fee of Contractor

12.3.1 The maximum percentage allowed for the combined overhead (including main office and field office overhead) and profit of the CONTRACTOR shall be as follows:

12.3.1.1 For all such Change Order Work done, or to be done, by the CONTRACTOR alone, a fixed percentage of the total adjustment to the Contract Price shall not exceed ten percent (10%).

12.3.1.2 For all such change Order Work done or to be done by SUBCONTRACTORS, each SUBCONTRACTOR may add up to ten percent (10%) to its allowable cost of Work for combined overhead and profit and the CONTRACTOR may add up to five percent (5%) to the allowable cost of work of the SUBCONTRACTOR for its combined overhead and profit; provided, however, that:

a No markup of the cost incurred in connection with premiums for bonds or insurance shall be permitted; and

b. The total maximum markup allowed by Article 12 of these General Conditions of the Contract, including but not limited to the CONTRACTOR, SUBCONTRACTORS, and all lower-tier subcontractors, shall in no event exceed twenty percent (20%) of allowable costs.

12.3.2 For all changes, the CONTRACTOR shall submit an itemized cost breakdown, together with supporting data in such detail and form as the PROJECT MANAGER may prescribe from to time. When a credit is due, the amount of credit to be allowed by the CONTRACTOR to the COUNTY for any such change which results in a net decrease in cost will be the amount of the actual net decrease in direct cost as determined by the PROJECT MANAGER, with the consent of the DIRECTOR, plus the applicable reduction in overhead and profit. When both additions and credits are involved in any change, the combined overhead and profit shall be calculated on the basis of the net change, whether an increase or decrease. In any event, the minimum detail shall be an itemization of all man-hours required by the discipline or trade, with the unit cost per man-hour and total labor price, labor burden, equipment hours and rate for each piece of equipment, material by units of measure and price per unit, and all other costs specifically itemized, in addition to the overhead and profit markup.

12.4 Cash Allowance. It is understood that the Final Total Bid Price, which shall serve as the basis for the initial Contract Price, includes any allowances named in the Contract Documents. The CONTRACTOR shall cause the Work to be done, using such SUBCONTRACTORS or suppliers, and for such sums, within the limit of the allowances, as the COUNTY may approve as provided in Section 21 of the Contract Documents. Prior to final payment, the Contract Price shall be adjusted, as required, and an appropriate Change Order issued to reflect actual authorized expenditures made against the allowances. The CONTRACTOR agrees that the initial Contract Price includes such sums as it deems proper for all cost, overhead, and profit required for cash allowances. The CONTRACTOR further agrees that in the event the COUNTY authorizes only a portion of the Allowance Work, the CONTRACTOR shall only receive the amount for Work actually performed as set forth in the Contract Documents for cash allowance upon submittal of the proper documentation. Reductions or increases in the Work will not entitle CONTRACTOR to any further increase in overhead and profit.

12.5 Non-Recoverable Items. Notwithstanding any other provision of the Contract Documents, the parties agree that for any claim filed by the CONTRACTOR on this Project, whether on account of delay, acceleration, breach of contract or otherwise, the COUNTY will not have any liability for the following items of damage or expense:

1. Loss of profit, incentives or bonuses;
2. Any claim for other than extra work or delay;
3. Consequential damages, including but not limited to, loss of bonding capacity;

loss of bidding opportunities; loss of credit standing; cost of financing; interest paid; loss of other Project or insolvency;

4. Acceleration costs and expenses, except where the COUNTY has expressly and specifically directed the CONTRACTOR in writing "to accelerate at the COUNTY'S expense";
5. Attorney fees, claims preparation expenses and costs of litigation.

ARTICLE 13 – CHANGE OF CONTRACT TIME

13.1 The Contract Time may only be changed by way of a Change Order. Any request for an extension in the Contract Time shall be made in writing and delivered to the PROJECT MANAGER within seven (7) days of the first occurrence of the circumstances giving rise to the claim, therefore. A change of Contract Time does not automatically qualify as grounds for additional compensation for the CONTRACTOR except under the conditions specified in Article 12, subparagraph 12.1.2 of these General Conditions of the Contract.

Written supporting data will be submitted to the PROJECT MANAGER within fifteen (15) days after such occurrence unless the PROJECT MANAGER, with the consent of the DIRECTOR allows additional time. All claims submitted by the CONTRACTOR for adjustments to the Contract Time must set forth in detail the reasons for, and causes of, the delay, and clearly indicate why the subject delay was beyond the control or fault of the CONTRACTOR.

13.1.1 If the CONTRACTOR is delayed at any time in the performance, progress, commencement, or completion on the Work by any act or neglect of the COUNTY or the PROFESSIONAL, or by any employee of either of them, or by any third-party contractor employed by the COUNTY, or by changes ordered in the Work, or by labor disputes, fire, unavoidable casualties, utility conflicts which could not have been identified or foreseen by the CONTRACTOR through the exercise of reasonable diligence, or any causes beyond the control or fault of the CONTRACTOR, then the Contract Time shall be extended by Change Order for such reasonable time as the COUNTY may determine. The CONTRACTOR shall be entitled to an extension of time for such causes, but only for the number of days of delay which the COUNTY may determine to be solely due to such causes, and then only to the extent that such causes actually delay the completion of the Project, and only if the CONTRACTOR shall have strictly complied with all the requirements of the Contract Documents. Notwithstanding anything in the Contract Documents to the contrary, no interruption, interference, inefficiency, suspension or delay in the performance, progress, commencement or completion of the Work for any cause whatsoever, including those for which the COUNTY or the PROFESSIONAL may be responsible in whole or in part, shall relieve the CONTRACTOR of the duty to perform, or give rise to any right to damages or additional compensation from the COUNTY. The sole and exclusive remedy of the CONTRACTOR against the

COUNTY for interruption, interference, inefficiency, suspension or delay of any aspect of the Work shall be the right to seek an extension of the Contract Time in accordance with the procedures set forth herein. This paragraph shall apply expressly to claims for early completion, as well as claims based upon late completion.

13.1.2 The CONTRACTOR shall become familiar with, and prepare for, the normal weather conditions existing in Pasco County, Florida throughout the course of any given year. Normal weather conditions are expected to impact the Work in numerous ways, including, but not limited to, those impacts caused by delays during and after periods of rainfall, temporary flooding and ponding, wet ground, high winds and debris. For purposes of this Article 13, the term "normal weather conditions", includes both high rainfalls caused by periodic "El Niño" events and low rainfall caused by periodic drought conditions. By execution of the Agreement, the CONTRACTOR acknowledges that the Contract Time constitutes a sufficient time in which to complete the Work, and that the bid and subsequent schedule of the CONTRACTOR anticipates and includes unfavorable weather conditions which may occur during the Contract Time. The consequences and impact of such unfavorable weather conditions are neither excusable nor compensable.

13.1.2.1 If adversely affected by a hurricane or other extreme weather event for which the Governor of the State of Florida or the BOARD has declared to have created an emergency within the geographical area which includes the site of the Work, then the COUNTY may, but is not obligated to, approve a request by the CONTRACTOR for an extension of the Contract Time. The CONTRACTOR acknowledges that the following conditions must all have taken place before the CONTRACTOR may apply for a Change Order requesting additional time to compensate for delays due to extreme weather events:

a. Unfavorable weather conditions from a hurricane or other extreme weather event, for which an emergency has been declared by the Governor or the BOARD, actually existed at the Project Site for one or more workdays;

b. As a direct result of the unfavorable weather conditions at the Project Site, the CONTRACTOR was unable to perform critical path Work for a continuous period of more than eight (8) hours on each specific day;

c. The CONTRACTOR had taken precautions, such as, but not limited to, proper drainage, temporary drainage or diversion, and pumping (including pre- and post-shift pumping) to mitigate the impact of such unfavorable weather conditions;

d. The CONTRACTOR was scheduled, and actually attempted, to perform Work.

e. The CONTRACTOR took prudent, appropriate, and necessary steps to secure the site, including, but not limited to, securing, and storing materials and equipment, and removing materials and equipment, in advance of unfavorable weather conditions.

13.1.3 All time limits stated in the Contract Documents are of the essence of this Agreement. The provisions of this Article, however, shall under no circumstance preclude recovery of liquidated damages by the COUNTY.

13.1.4 As a condition precedent to receiving an extension of the Contract Time for delay on any portion of the Work, the CONTRACTOR shall reasonably reschedule the Work so as to minimize the impact of the delay and to allow continued progress on the unaffected portions of the Work.

ARTICLE 14 – WARRANTY AND GUARANTEE: ACCEPTANCE OF DEFECTIVE WORK

14.1 Warranty and Guarantee. The CONTRACTOR warrants and guarantees to the COUNTY that all materials and requirements will be new unless otherwise specified, and that all Work will be of good quality, performed in a workmanlike manner, free from faults or defects, and in accordance with the requirements of the Contract Documents and any inspections, tests, or approvals referred to in this Article for a minimum period of one year following the date of Final Acceptance. To the extent the Work may be required in order to achieve and maintain compliance with any permit issued by any federal or state authority (e.g., mitigation planting required as a condition of a permit by the Southwest Florida Water Management District) and no written final approval by said authority has been received within one year following Final Acceptance, the CONTRACTOR shall warrant and guarantee that portion of the Work beyond one (1) year and until such time as written final approval has been issued by the applicable authority. All unsatisfactory Work, all faulty Work, and all Work not conforming to the requirements of the Contract Documents, or to such inspections, tests, approvals, or to any and all applicable building, construction and safety requirements, shall be considered defective. The PROJECT MANAGER shall give notice of all defects to the CONTRACTOR. All defective Work, whether or not in place, may be rejected, corrected, or accepted as provided in this Article.

14.2 Tests and Inspections

14.2.1 If the Contract Documents, laws, ordinances, rules, regulations or orders of any public authority with jurisdiction over the Contractor or the Work require the Work, or any portion thereof, to be specifically inspected, tested, or approved by someone other than the CONTRACTOR, the CONTRACTOR shall give the

PROJECT MANAGER timely Notice when the Work to be tested is ready for testing. The testing firm(s) shall be

supplied by the CONTRACTOR, subject to the approval of the COUNTY in its absolute discretion, and all inspections, tests, or approvals to be provided by the CONTRACTOR shall be timely identified in writing by the CONTRACTOR to the PROJECT MANAGER. For all required inspections, tests, and approvals on any Work prepared, performed, or assembled away from the Site, the CONTRACTOR will furnish the PROJECT MANAGER with the required certificates of inspection, testing, or approval. All such tests will be in accordance with the methods prescribed by the American Society for Testing and Materials, or such other applicable organizations as may be required by law or by the Contract Documents. Prior to testing, the CONTRACTOR shall secure the written approval of the PROFESSIONAL as to the testing for or laboratory to conduct any tests. Materials or Work in place that fail to pass acceptability tests, or where the test results provided by the CONTRACTOR appear to the COUNTY to be unreliable in any way, shall be retested by a testing firm selected by the COUNTY, through the PROJECT MANAGER upon the instructions of the DIRECTOR, and at the sole expense of the CONTRACTOR. The rates charged the CONTRACTOR pursuant to this Article shall be those found in the current annual Testing Contract of the COUNTY, if any, or otherwise included with this solicitation.

14.2.2 Neither observations by the PROFESSIONAL or the PROJECT MANAGER, nor inspections, tests, or approvals by persons other than the CONTRACTOR, shall relieve the CONTRACTOR of the obligation to perform the Work in accordance with the requirements of the Contract Documents.

14.3 Access to the Work. For the duration of the Project, the PROFESSIONAL and representatives thereof, other designated representatives of the COUNTY, and authorized representatives of any regulatory agency with jurisdiction over the Work or any aspect thereof, shall at all times be given access to the Work. The CONTRACTOR shall provide proper facilities for such access and observation of the Work, and also for any inspection or testing by others.

14.4 Uncovering the Work

14.4.1 If any Work required to be inspected, tested, or approved is covered prior thereto without the prior written approval of the PROJECT MANAGER, or if any Work is covered contrary to the request of the PROJECT MANAGER, the Work shall, if requested by the PROJECT MANAGER, be uncovered for observation, inspection, testing or approval, and replaced at the sole expense of the CONTRACTOR.

14.4.2 If any Work has been covered which either the PROFESSIONAL or the PROJECT MANAGER has not specifically requested to observe, or if the PROFESSIONAL or the PROJECT MANAGER considers it necessary or advisable that covered Work

be inspected or tested by others, the CONTRACTOR, upon the written request of the PROJECT MANAGER, shall uncover, expose, or otherwise make available for observation, inspection, or testing that portion of the Work in question, furnishing all necessary labor, material, and equipment. If it is found that such Work is defective, the CONTRACTOR alone shall bear the expense of such uncovering, exposure, observation, inspection, testing, and satisfactory reconstruction. If, however, such Work is not found to be defective, the CONTRACTOR shall be allowed an increase in the Contract Price, or an extension of the Contract Time, or both, to the extent directly attributable to such uncovering, exposure, observation, inspection, testing, and reconstruction, but only if the CONTRACTOR initiates a claim as provided in Articles 11, 12 and 13 of these General Conditions of the Contract.

14.5 Stop Work. When Work is defective, or when the CONTRACTOR fails to supply sufficient skilled workmen or suitable materials or equipment, or to make prompt payments to SUBCONTRACTORS for labor, materials, or equipment, or if the CONTRACTOR violates any provision of these Contract Documents, the DIRECTOR may order the CONTRACTOR to stop the Work until the cause for such order has been eliminated. However, this right of the DIRECTOR to stop the Work shall not give rise to any duty on the part of the DIRECTOR to exercise this right for the benefit of the CONTRACTOR or any other party. The CONTRACTOR shall have no right to claim an increase in the Contract Price or Contract Time or other damages for a stop work order issued under this paragraph.

14.6 Correction or Removal of Defective Work

14.6.1 When directed by the COUNTY or its PROJECT MANAGER, the CONTRACTOR shall promptly, without cost to the COUNTY and as specified by the COUNTY or its PROJECT MANAGER, either correct the defective Work whether fabricated, installed, or completed, or remove it from the Site and replace it with non-defective Work. If the CONTRACTOR does not correct such defective Work or remove and replace such defective Work within a reasonable time, all as specified in a written notice from the COUNTY or its PROJECT MANAGER, the COUNTY may have the deficiency corrected. All direct and indirect costs of such correction shall be paid by the CONTRACTOR or deducted from payment to CONTRACTOR. The CONTRACTOR will also bear the expense of correcting or removing and replacing all Work of others destroyed or damaged by the correction, removal, or replacement of the defective Work.

14.6.2 After approval of final payment, and prior to the expiration of one (1) year after the date of Final Completion, or such longer period of time as may be prescribed by law or by the terms of any applicable special guarantee required by the Contract documents, if any Work is found to be defective, incomplete, or otherwise not in accordance with the Contract Documents, the CONTRACTOR shall promptly, without cost to the COUNTY and in accordance with the written

instructions of the COUNTY, either correct such defective Work, or if it has been rejected by the COUNTY, remove it from the Site and replace it with non-defective Work. If the CONTRACTOR does not promptly comply with the terms of such instructions, the COUNTY may have the defective Work corrected, removed, or replaced. The CONTRACTOR will pay all direct and indirect costs of such action.

14.7 Acceptance of Defective Work. If, instead of requiring the correction, or the removal and replacement, of defective Work the COUNTY prefers to accept it, the COUNTY may do so. In such case, if acceptance occurs prior to approval of final payment, a Change Order incorporating the necessary revisions in the Contract Documents, including an appropriate reduction in the Contract Price, shall be issued. If the acceptance occurs after approval of final payment, the CONTRACTOR shall pay to the COUNTY an appropriate sum to compensate for the defect in the Work.

14.8 Neglected Work by Contractor

If the CONTRACTOR neglects to execute the Work in accordance with the Contract Documents, including any requirements of the progress schedule, the PROJECT MANAGER may direct the CONTRACTOR to submit a recovery plan and take specific corrective actions including, but not limited to, employing additional workmen, and/or equipment, and working extended hours and additional days, all at no cost to the COUNTY, in order to put the Project back on schedule. If the CONTRACTOR fails to correct the deficiency or take appropriate corrective action, the COUNTY may terminate the Contract or the right of the CONTRACTOR to proceed with that portion of Work and may have the Work done by others. The cost of completion under such procedure shall be charged against the CONTRACTOR. A Change Order shall be issued incorporating the necessary revisions in the Contract Documents, including an appropriate reduction in the Contract Price. If the payments due the CONTRACTOR are not sufficient to cover such amount, the CONTRACTOR shall pay the difference to the COUNTY.

When the CONTRACTOR is more than ten percent (10%) behind schedule, based on the approved Project Schedule, the PROJECT MANAGER may deduct from any progress payment to the CONTRACTOR a sum equal to the liquidated damages for the number of days behind schedule. Additional withholding may be made if the PROJECT MANAGER determines the Work cannot be completed for the unpaid balance of the Contract Price.

Should the CONTRACTOR work weekend or holidays to regain the schedule, all costs to the COUNTY of associated inspections, construction management and resident engineering shall be identified to the CONTRACTOR, and the Contract Price shall be reduced by a like amount via Change Order.

ARTICLE 15 – PAYMENT AND COMPLETION

15.1 Schedule of Values

Prior to submitting the first Draft Payment Request, the CONTRACTOR shall submit to the PROJECT MANAGER a final Schedule of Values and, if previously requested by the PROJECT MANAGER, cash flow projection for all activities of the Work shown on the accepted schedule, including quantities and unit prices totaling to the Contract Price. This Schedule of Values shall be satisfactory in form and substance to the PROJECT MANAGER and the DIRECTOR and shall subdivide the Work into component parts in sufficient detail to serve as the basis for measuring quantities in place and calculating amounts for progress payments during construction. Unsupported or unreasonable allocation of the Contract Price to any one activity shall be justification for rejection of the Schedule of Values. Upon approval of the Schedule of Values by the PROJECT MANAGER, with the consent of the DIRECTOR, it shall be incorporated into the most recent COUNTY-approved Application for Payment form. The CONTRACTOR shall not submit an unbalanced Schedule of Values that provides for overpayment to the CONTRACTOR on activities that would be performed first. The Schedule of Values shall be revised, as necessary, and resubmitted until acceptable to PROJECT MANAGER and the DIRECTOR. Once the schedule has been accepted by the PROJECT MANAGER, with the consent of the DIRECTOR, the COUNTY reserves the right, at its exclusive option, to require at any time that the CONTRACTOR honors a particular price contained in the Schedule of Values, if the activity pertaining to it is being deleted or modified.

15.1.1 On unit price contracts, the Schedule of Value shall be in accordance with the Bid Proposal.

15.1.2 No payment can be made, and no Draft Payment Request or Application for Payment submitted or accepted, until the PROJECT MANAGER with the consent of the DIRECTOR has approved the Schedule of Values, including the activity dollar resources and the CONTRACTOR has submitted a copy of the recorded Performance and Payment Bonds. Every Draft Payment Request and Application for Payment shall delineate all activities on the schedule, the approved value, previous Work completed, current percentage complete requested, and value of percentage requested.

15.1.3 The cash flow projection, if required, shall be a monthly projection of the value of Work in place. If the actual cash flow (represented by the Application for Payment) for any month is less than eighty-five percent (85%) of the projected amount for that month, then the CONTRACTOR may be barred from bidding on other COUNTY projects until the value of Work in place is corrected and within at least ninety-five (95%) of the projected value.

15.2 Draft Payment Requests and Application for Payment

15.2.1 As a strict condition precedent to the submission of any Application for Payment, the CONTRACTOR shall first submit to the PROJECT MANAGER a Draft Payment Request, which shall be on the most recent COUNTY-approved Application for Payment form, and clearly designated by the word "DRAFT" in the top-right corner of each page. The Draft Payment Request shall include all documentation that the CONTRACTOR must submit in connection with the Application for Payment, including a proposed Schedule of Values that properly reflects all Work to the date of the request. The PROJECT MANAGER shall promptly review the Draft Payment Request and proposed Schedule of Values for possible errors, deficiencies, discrepancies, or disputes. If the PROJECT MANAGER, with the consent of the DIRECTOR, determine(s) that the Draft Payment Request and proposed Schedule of Values are acceptable as originally submitted, the PROJECT MANAGER shall, within ten (10) business days of their receipt, direct the CONTRACTOR in writing to prepare and submit the Application for Payment, all in proper form and suitable for signature, to the designated reviewer named below. The PROJECT MANAGER shall also provide a contemporaneous copy of that notice to the designated reviewer. If the PROJECT MANAGER, with the consent of the DIRECTOR, determines that errors, deficiencies, discrepancies, or disputes exist as to any of the amounts claimed by the CONTRACTOR, the PROJECT MANAGER shall promptly notify the CONTRACTOR in writing of the existence thereof, and the PROJECT MANAGER and the CONTRACTOR shall work informally and in good faith to resolve the problems identified. Should a complete resolution not be achieved within ten (10) business days following the receipt by the PROJECT MANAGER of the Draft Payment Request and proposed Schedule of Values, then the PROJECT MANAGER shall notify in writing the designated reviewer as to the unresolved matters, and the CONTRACTOR may proceed to prepare and submit the Application for Payment to the designated reviewer.

15.2.2 Application for Payment shall be made no earlier than thirty (30) days after the Contract Time has commenced, and monthly thereafter, but not more often than once a month. The Application for Payment, when submitted, shall be filled out accurately and signed by the CONTRACTOR, covering the Work completed as of the date of the Application and supported by such data as required by the COUNTY. The CONTRACTOR shall certify in writing that all SUBCONTRACTORS and suppliers have been paid for acceptable Work and materials from previous progress payments received, less any retainage, prior to the receipt of any further progress payments. The CONTRACTOR shall submit an Application for Payment on the most recent COUNTY-approved form, and which shall include the aforementioned certification. If payment is requested on the basis of materials or equipment not incorporated in the Work but delivered and suitably stored at the Site or at another location agreed to in writing, the Application for Payment shall also be accompanied by such supporting data as will establish the title of the COUNTY to the material and equipment and protect its interest therein, including applicable insurance.

Payment for stored materials, in whole or in part, shall be at the sole discretion of the COUNTY. The CONTRACTOR may request payment by electronic funds transfer (EFT). Each Application for Payment after the first payment must also be accompanied by an inclusive Record of Change Order (RCO) listing requested Change Orders and the final Change Order cost through completion of PROJECT.

15.2.3 Upon receipt by the designated reviewer, the Application for Payment shall be date stamped "Received" and forwarded to the Office of the Clerk of the Court for pre- audit review and processing. If the Office of the Clerk of the Court determines the Application for Payment to be deficient in any respect, it shall so notify the PROJECT MANAGER in writing within fifteen (15) business days of the date the Application for Payment was stamped as received by the COUNTY, specifying the deficiencies and the requisite action to render the Application for Payment proper. The deficiencies to be identified by the Office of the Clerk of the Court shall specifically include disputed portions of the total amount claimed by the CONTRACTOR. Upon receipt of notice from the Office of the Clerk of the Court, the PROJECT MANAGER shall immediately, and in no event more than twenty (20) business days of the date the Application for Payment was stamped as received by the COUNTY, forward a copy of the written determination by the Office of the Clerk of the Court to the CONTRACTOR and request that the Application for Payment be corrected.

In the event the deficiency in the Application for Payment relates solely to a disputed portion of the total amount claimed, the COUNTY shall pay the undisputed portion within twenty (20) business days of the date the Application for Payment was stamped as received by the COUNTY. Any Application for Payment that has been corrected as to deficiencies identified by the Office of the Clerk of the Court shall be paid within ten (10) business days of the date the corrected Application for Payment was stamped as received by the COUNTY; otherwise, the CONTRACTOR shall be notified within that time of the failure to correct the deficiencies and shall be afforded a second opportunity to correct the Application for Payment.

If, following the second attempt by a CONTRACTOR to submit a proper Application for Payment, the COUNTY continues to find the Application for Payment deficient; it shall so notify the CONTRACTOR in writing within ten (10) business days of when the corrected Application for Payment was received by the COUNTY. The CONTRACTOR shall thereafter have thirty (30) calendar days in which to request an administrative review of the dispute, submitting a concise written summary of its position and any supporting documents to the COUNTY ADMINISTRATOR by an acceptable delivery method.

Acceptable delivery methods are limited to the following: 1) hand delivery; 2) pre-paid, certified United States first-class mail, return receipt requested; 3) a

nationally recognized overnight courier service, such as Federal Express. Delivery shall be to:

Michael J. Carballa, P.E., BCEE - County Administrator
West Pasco Government Center
8731 Citizens Drive, Suite 350
New Port Richey, Florida 34654

The COUNTY ADMINISTRATOR or his authorized designee, which designee shall not be directly affiliated with the Department managing the Project, shall review the materials submitted by the CONTRACTOR and may solicit and consider relevant information and materials from the managing DEPARTMENT and the Office of the Clerk of the Court. The COUNTY ADMINISTRATOR or authorized designee shall render a final decision on behalf of the COUNTY within sixty (60) calendar days of the date the second corrected Application for Payment was stamped as received by the COUNTY. Should the CONTRACTOR fail to submit a first or second corrected Application for Payment, or otherwise fail to request an administrative review on a timely basis, the CONTRACTOR shall be deemed to have waived any claims in dispute.

15.2.4 As a strict precedent to payment of the first Application for Payment, the CONTRACTOR must provide a certified copy of the recorded Performance and Payment Bonds for the Project, if not previously provided to the COUNTY.

15.2.5 Beginning with the second request of the CONTRACTOR for payment, the CONTRACTOR shall submit a properly executed Waiver of Lien – Progress Payment (Waiver of Lien), on the most recent COUNTY-approved form, from each SUBCONTRACTOR whose work appeared on the prior Application for Payment, and for which the CONTRACTOR has been paid. All unpaid or contested amounts must be listed on each Application for Payment until paid or resolved. If the CONTRACTOR is unable to obtain the required Waiver of Lien, a properly executed Written Consent from the SURETY for the CONTRACTOR may be accepted in lieu thereof. In the event the CONTRACTOR is unable to furnish either a Waiver of Lien from a SUBCONTRACTOR or the Written Consent from the SURETY, the COUNTY may withhold the disputed amount until the CONTRACTOR can provide one of these two documents.

15.3 Retainage

15.3.1 All progress payments shall be subject to the retention of five percent (5%) retainage. Nothing herein shall limit the DIRECTOR's discretionary authority to release retainage held by the COUNTY as provided in Section 218.735(8), Florida Statutes.

15.3.2 For any payment of retainage to the Contractor attributable to the labor,

services or materials provided by one or more SUBCONTRACTORS or suppliers the Contractor must timely remit payment of such retainage to such SUBCONTRACTORS or suppliers.

15.4 Warranty of Title of CONTRACTOR. If at any time there shall be evidence of any claim for which, if established, the COUNTY might become liable, and which may be chargeable to the CONTRACTOR, or if the CONTRACTOR shall incur any liability to the COUNTY, or the COUNTY shall have any claim or demand against the CONTRACTOR, of any kind or for any reason, whether related to or arising out of this Agreement or any other agreement between the CONTRACTOR and the COUNTY, and whether or not reduced to judgment or award, the COUNTY shall have the right to retain out of any payment due the CONTRACTOR, or which may become due to the CONTRACTOR, under this Agreement or any other Agreement between the CONTRACTOR and the COUNTY, an amount sufficient to indemnify the COUNTY against such claim, and/or to compensate the COUNTY for, and fully satisfy, such liability, claim or demand, and to charge or deduct all cost of defense or collection with respect thereto, including, but not limited to, reasonable attorneys' fees, expert consultant fees, and expert witness fees. Should any claim develop after final payment has been made, the CONTRACTOR shall refund to the COUNTY all monies that the latter may be compelled to pay in discharging such claims, or that the latter may have incurred in collecting said monies from the CONTRACTOR.

15.5 Rejection of Applications for Payment by the Director. The DIRECTOR may refuse to approve the whole or any part of any payment if, in the opinion of the DIRECTOR, the DIRECTOR is unable to make the representation that the Application for Payment is acceptable to the COUNTY. The DIRECTOR may also refuse to approve any such Application for Payment or because of subsequently discovered evidence, or the results of subsequent inspections or tests, nullify any such payment previously approved to such extent as may be necessary, in the opinion of the DIRECTOR, to protect the COUNTY from loss because:

a. The Work is defective;

b. The Critical Path Method (CPM) schedule or another method of scheduling, as directed, and regular updates, as described in the Technical Specifications, have not been submitted or accepted;

c. Claims have been filed against the COUNTY for which the CONTRACTOR may be liable;

d. The Contract Price has been reduced because of Change Order(s);

e. The COUNTY has been required to correct defective Work or to complete the Work in accordance with Article 14 of these General Conditions of

the Contract;

f. Approved Maintenance of Traffic Plan (MOT) or revisions thereto, as directed by the PROJECT MANAGER, have not been submitted;

g. The Work was executed unsatisfactorily, or the CONTRACTOR failed to clean up as required in Article 7, failed to control dust, failed to control traffic, or otherwise has failed to comply with these Contract Documents.

15.6 Substantial Completion. When the CONTRACTOR believes Substantial Completion has been achieved on the Project, the CONTRACTOR shall certify in writing to the PROJECT MANAGER that the entire Project is substantially complete in accordance with the Contract Documents and that all test reports required under the Contract verifying compliance with the Contract Documents have been provided to the COUNTY and request that the PROJECT MANAGER issue a Certificate of Substantial Completion. Thereafter, the PROJECT MANAGER, assisted by other personnel as required, along with the CONTRACTOR, shall undertake an inspection of the Project to determine the status of completion in accordance with the contract specifications. After inspection, if the PROJECT MANAGER does not believe Substantial Completion has been attained with respect to the Project, the PROJECT MANAGER will notify the CONTRACTOR in writing, giving specific reasons why the Project is not substantially complete. If the PROJECT MANAGER considers the Project substantially complete, then upon approval by the DIRECTOR, the PROJECT MANAGER shall issue a Certificate of Substantial Completion signed by the DIRECTOR. This Certificate of Substantial Completion shall fix the date of Substantial Completion and will define the remaining deficiencies with respect to the elements outlined in the specifications of this Contract.

15.6.1 Substantial Completion cannot occur until all conditions necessary for safe and proper use, occupancy, maintenance and operations and other requirements required for Substantial Completion are in place.

15.7 Partial Utilization. Where a portion of a Project is sufficiently completed to allow Beneficial Occupancy, but any significant other portions(s) remain(s) uncompleted, the PROJECT MANAGER, with the consent of the DIRECTOR, may direct the CONTRACTOR to permit the COUNTY to take control of the sufficiently completed portions(s), and to operate and utilize said portion(s) by taking Beneficial Occupancy thereof, if the COUNTY believes such use will not significantly interfere with construction of the other parts of the Project. If the CONTRACTOR is of the opinion that said Beneficial Occupancy is not in the best interests of the COUNTY, it shall give the COUNTY Notice of such an opinion, include with said Notice a statement of every reason that certification of Beneficial Occupancy should not be issued. Otherwise, the CONTRACTOR shall certify to the COUNTY that all critical elements of that part of the Project are sufficiently complete to allow the COUNTY to take Beneficial Occupancy thereof, and request the PROJECT MANAGER to prepare a Certificate of Beneficial Occupancy for said portion(s) of the Project. Thereafter, the PROJECT

MANAGER, assisted by other personnel as required, along with CONTRACTOR, shall make an inspection of said portion(s) of the Project to determine the status of completion. If the PROJECT MANAGER considers the portion(s) of the Project so inspected to be ready and appropriate for Beneficial Occupancy, then with the consent of the DIRECTOR, the PROJECT MANAGER will deliver to the CONTRACTOR a Certificate of Beneficial Occupancy to that effect, fixing the date of Beneficial Occupancy as to said portion(s) of the Project, attaching punch list of items to be completed or corrected before final payment on the total Contract, and fixing responsibility between the COUNTY and CONTRACTOR for any outstanding obligations on that part of the Project. The COUNTY shall have the right to occupy and use the portion(s) of the Project after date of Beneficial Occupancy for the portion(s) covered by the Certificate of Beneficial Occupancy, but the PROJECT MANAGER will allow the CONTRACTOR reasonable access to complete or correct items on the list. Acceptance of Beneficial Occupancy shall not negate the obligation of the CONTRACTOR to meet any milestone requirements, including the respective dates of Substantial Completion and Final Completion for the entire Project, as said dates may have been set forth in the Contract Documents. Although Beneficial Occupancy may be established for a portion of the Project, warranties for that portion shall not commence until the date of Final Acceptance by the COUNTY, unless the Contract Documents expressly provide otherwise.

15.8 Final Completion

15.8.1 Upon written notice from the CONTRACTOR that the Project is complete, the PROJECT MANAGER shall schedule a final inspection with the CONTRACTOR and any other personnel requested by the PROJECT MANAGER. The PROJECT MANAGER shall, if necessary, notify the CONTRACTOR in writing of any Work this inspection reveals to be defective, or otherwise not in accordance with the Contract Documents. Should the CONTRACTOR receive notice of such defective or non-conforming Work, the CONTRACTOR shall immediately take all such action as may be necessary to remedy these defects and bring the Project into full compliance with the Contract Documents, following which the CONTRACTOR shall request another such inspection, subject to the procedures and conditions set forth in this paragraph.

15.8.1.1 Final Completion of the Work shall be deemed achieved by the CONTRACTOR when all Work required under the Contract Documents has been satisfactorily completed in accordance with the contract specifications.

15.8.1.2 After the PROJECT MANAGER has determined that all Work has been completed, the PROJECT MANAGER, with the approval of the DIRECTOR, will issue a Certificate of Final Completion for the Work signed by the DIRECTOR. Warranties will commence on the date of Final Completion.

15.9 Application for Final Payment. After PROJECT MANAGER has issued the Certificate of Final Completion for the Work, the CONTRACTOR may make Application for Final Payment, following the procedure for progress payments. The final Draft Payment Request and Application for Payment shall be accompanied by an Affidavit of Payment of Debts and Claims by the CONTRACTOR, a Subcontractor's Waiver of Lien – Final Payment for each subcontractor, as applicable, as well as the Certificate of Final Completion, Certificate of Occupancy or of Beneficial Occupancy (if appropriate), and the Consent of Surety to Final Payment when required, all submitted on forms provided by the COUNTY. Where Certificates of Beneficial Occupancy have been issued for portions of the Project in accordance with Article 15.7, they shall be maintained in the Project file.

15.10 Approval of Final Payment. If, on the basis of the observations and review of Work during construction by the PROJECT MANAGER, the final inspection; a review of the Draft Payment Request, and all conditions required by the Contract Documents for Final Acceptance, the DIRECTOR, upon the recommendation of the PROJECT MANAGER, is satisfied that the Work has been completed and the CONTRACTOR has fulfilled all of its obligations under the Contract Documents (including but not limited to the submission of final as-built plans in hard copy and PDF form and all warranties), the PROJECT MANAGER will, within twenty (20) days of receipt of the Draft Payment Request shall, in writing, direct the CONTRACTOR to prepare and submit the final Application for Payment, all in proper form and suitable for signature, to the designated reviewer, and provide a contemporaneous copy of this written notice to the designated reviewer. Processing shall thereafter proceed pursuant to paragraph 15.2.3 hereof if the PROJECT MANAGER, with the consent of the DIRECTOR, determines that errors, deficiencies, discrepancies, or disputes exist as to any of the amounts claimed by the CONTRACTOR, the PROJECT MANAGER shall, in writing, promptly notify the CONTRACTOR of the existence of any such errors, deficiencies, discrepancies, or disputes, and the CONTRACTOR shall work informally and in good faith to resolve the problems identified. Should a complete resolution not be achieved within twenty (20) business days following the receipt by the PROJECT MANAGER of the Draft Payment Request and proposed Schedule of Values, then the PROJECT MANAGER shall notify in writing the designated reviewer as to the unresolved matters, and the CONTRACTOR may proceed to prepare and submit the final Application for Payment to the designated reviewer for processing in accordance with paragraph 15.2.3 hereof.

15.11 Continuing Obligation of the CONTRACTOR. The obligation of the CONTRACTOR to perform the Work and complete the Project in accordance with the Contract Documents shall be absolute. The approval by the COUNTY of any progress payment or Final Payment, the issuance of a Certificate of Substantial Completion, any payment by the COUNTY to the CONTRACTOR under the Contract Documents, any use or occupancy of the Project or any part thereof by the COUNTY (with or without issuance of a Certificate of Beneficial Occupancy), the issuance of a Certificate of Final

Completion, the occurrence or absence of any act of acceptance by the COUNTY, or any correction of defective Work by the COUNTY shall not constitute, or be deemed or construed to constitute, an acceptance of Work not in accordance with the Contract Documents, as amended by any properly executed Change Order(s) issued during the term of the Contract.

15.12 Waiver of Claims. The making of an Application for Final Payment, or acceptance of Final Payment, shall constitute an absolute waiver of any and all claims by the CONTRACTOR against the COUNTY, except for those previously submitted in writing in accordance with the Contract Documents.

15.13 Liquidated Damages. When the CONTRACTOR is in default for nonperformance within the stipulated Contract Time, including any intermediate Milestone Dates, the PROJECT MANAGER will notify the CONTRACTOR in writing within thirty (30) days after the intermediate Milestone Date, Substantial Completion Date, or Final Completion Date, and shall deduct the daily liquidated damages in the amount stated in the Contract Documents from any monies due the CONTRACTOR. The DIRECTOR, however, retains discretion to recommend to the BOARD that any portion or all of the liquidated damages be waived in order to advance the best interests of the COUNTY. The deduction of liquidated damages shall be in addition to any retainage withheld. Additional liquidated damages, if any, may be indicated in the circumstances referenced in the Technical Specifications of these Contract Documents. Any failure of the COUNTY to provide written notice to the CONTRACTOR within the applicable thirty (30) day period of its intent to assess liquidated damages shall not constitute a waiver of the right of the COUNTY to liquidated damages, or otherwise relieve the CONTACTOR of liability for liquidated damages.

ARTICLE 16 – SUSPENSION OF WORK AND TERMINATION

16.1 Suspension of Work. The DIRECTOR may, at any time, suspend the Work or any portion thereof for a continuous period of not more than ninety (90) days by issuing to the CONTRACTOR a Notice of Suspension. The PROJECT MANAGER, with the consent of the DIRECTOR, shall fix the date on which Work shall be resumed, and the CONTRACTOR shall resume the Work on the date so fixed. The CONTRACTOR shall be allowed an extension of the Contract Time, if directly attributable to any such suspension, as the sole compensation and remedy for the suspension, provided it makes a proper claim for same as provided for in Article 13 of these General Conditions of the Contract. The CONTRACTOR shall, under no circumstances, be entitled to any damages or additional compensation for any such suspensions.

16.2 Termination of Work

16.2.1 Termination for Cause. If the CONTRACTOR is adjudged bankrupt or insolvent, if it makes a general assignment for the benefit of its creditors, if a trustee or receiver is appointed for it or for any of its property, if it files a petition to take

advantage of any debtor's act or to reorganize under the bankruptcy or similar laws, if it repeatedly fails to supply sufficient skilled workmen or suitable materials or equipment, or make prompt payments to SUBCONTRACTORS, or prompt payments for labor, materials, or equipment; if it disregards laws, ordinances, rules, regulations, or orders of any public body having jurisdiction; if it fails to submit the bonds and Certificates of Insurance within the times required by Article 6 of this Agreement; if it disregards the authority of the PROFESSIONAL; or if it otherwise materially violates any provisions of the Contract Documents, then the BOARD may, without prejudice to any other right or remedy and after giving the CONTRACTOR and its SURETY seven (7) days written notice, terminate the services of the CONTRACTOR. Upon termination the COUNTY shall take possession of the Project, and may take possession of all materials, equipment, tools, construction equipment, and machinery thereon owned by the CONTRACTOR, and may finish the Work by whatever method it may deem expedient. In such case, the CONTRACTOR shall not be entitled to receive any further payment until the Work is completed. If the unpaid balance of the Contract Price exceeds the direct and indirect cost of completing the Project, including compensation for additional professional services, such excess shall be paid to the CONTRACTOR. If such cost exceeds the unpaid balance, the CONTRACTOR shall pay the difference to the COUNTY. Such cost incurred by the COUNTY shall be incorporated in a Change Order. If, after the issuance of Notice of Termination of this Agreement, it is determined for any reason that the CONTRACT was not in default, or that its default was excusable, or that the COUNTY was not entitled to the remedy against CONTRACTOR provided herein, the termination will be deemed to be a termination for convenience pursuant to paragraph 16.2.3, and the remedies of the CONTRACTOR against the COUNTY shall be the same as, and limited to, those afforded under said paragraph.

16.2.2 Where the services of the CONTRACTOR have been so terminated pursuant to paragraph 16.2.1 by the COUNTY, said termination shall not affect any rights of the COUNTY against the CONTRACTOR then existing, or which may thereafter accrue. Any retention or payment of monies by the COUNTY due the CONTRACTOR will not release the CONTRACTOR from any liability whatsoever.

16.2.3 Termination for Convenience

16.2.3.1 In return for good and valuable consideration in the amount of $100.00, the receipt of which is acknowledged by the CONTRACTOR, the COUNTY may terminate the required performance of Work by the CONTRACTOR under this Agreement, in whole or in part, whenever the COUNTY shall determine that such complete or partial termination is in the best interest of the COUNTY. Any such termination shall be affected by delivery to the CONTRACTOR of a Notice of

Termination for Convenience, specifying the extent to which the performance of Work under the Agreement shall be terminated, and the date upon which such termination shall be effective.

16.2.3.2 After receipt of a Notice of Termination for Convenience, and except as otherwise directed by the COUNTY, the CONTRACTOR shall:

a. Stop Work under this Agreement on the date, and to the extent, specified in the Notice of Termination for Convenience;

b. Place no further orders or subcontracts for materials, services, or facilities, except as may be necessary for the full and proper completion of that portion of the Work under this Agreement not to be terminated;

c. Terminate all orders and subcontracts to the extent that they relate to the performance of Work terminated by the Notice of Termination for Convenience;

d. In the sole and absolute discretion of the COUNTY, the CONTRACTOR shall either:

i. Assign to the COUNTY, in the manner, at the time, and to the extent directed by the PROJECT MANAGER, with the consent of the DIRECTOR, all of the right, title, and interest of the CONTRACTOR under some or all of the orders and subcontracts so terminated; or

ii. Settle all outstanding liabilities and all claims arising out of such termination of unassigned orders and subcontracts.

e. Transfer title and deliver to the COUNTY, in the manner, at the times and to the extent, if any, directed by the PROJECT MANAGER, with the consent of the DIRECTOR, the fabricated or un-fabricated parts, work in process, completed work, supplies, and other material produced as a part of, or acquired in connection with the performance of the Work terminated by the Notice of Termination for Convenience.

f. Complete performance of that part of the Work not terminated by the Notice of Termination for Convenience.

g. Take all such action as may be necessary or prudent, or as

the COUNTY may direct, for the protection and preservation of the property related to this Agreement which is in the possession of the CONTRACTOR and in which the COUNTY has, or may acquire, an interest.

16.2.3.3 After the receipt of a Notice of Termination for Convenience, the CONTRACTOR shall submit to the COUNTY its termination claim, in the form and with the certification set forth in paragraph 11.1.6. Such claim shall be submitted promptly, but in no event later than four (4) months from the effective date of termination, unless one or more extensions in writing are granted by the DIRECTOR in his absolute discretion. No claim will be allowed for machinery and equipment rental expense incurred after the effective date of the Notice of Termination for Convenience. Upon the failure of the CONTRACTOR to submit its termination claim within the time allowed, the COUNTY shall determine, on the basis of information available to it, the amount, if any, due to the CONTRACTOR by reason of the Termination for Convenience.

16.2.3.4 The CONTRACTOR and the COUNTY may agree upon the whole or any part of the amount or amounts to be paid to the CONTRACTOR by reason of the complete or partial Termination for Convenience, which amount or amounts may include a reasonable allowance for profit on Work done; provided, that such agreed amount or amounts, exclusive of settlement costs, shall not exceed the total Contract Price as reduced by the amount of payments otherwise made, and as further reduced by the Contract Price of Work not terminated. The Agreement shall be amended accordingly, and the CONTRACTOR shall be paid the agreed amount.

16.2.3.5 In the event of the failure of the CONTRACTOR and the COUNTY to agree, as provided in paragraph 16.2.3.4, on the whole amounts to be paid to the CONTRACTOR by reason of any Termination for Convenience, the COUNTY shall determine, on the basis of information available to it, with respect to all Work performed prior to the effective date of the Notice of Termination for Convenience, the total (without duplication of any items) cost of such work and a sum, as profit, equal to seven (7) percent of said cost of the Work; provided, however, that if it appears that the CONTRACTOR would have sustained a loss on the entire Contract had it been completed, no profit shall be included or allowed, and an appropriate adjustment shall be made, reducing the amount of the settlement to reflect the indicated rate of loss. In no event will the CONTRACTOR be

entitled to recover any anticipated or lost profit.

16.2.3.6 The total sum to be paid to the CONTRACTOR shall not exceed the total Contract Price, as reduced by the amount of payment otherwise made, and as further reduced by the Contract Price of Work not terminated. Except for normal spoilage, and except to the extent that the COUNTY shall have otherwise expressly assumed the risk of loss, there shall be excluded from the amounts payable to the CONTRACTOR the fair value, as determined by the COUNTY, of property which has been destroyed, lost, stolen, or damaged so as to become undeliverable to the COUNTY.

16.2.3.7 In arriving at the amount due the CONTRACTOR following a Termination for Convenience, there shall be deducted:

a. All unliquidated advance or other payments on account theretofore made to the CONTRACTOR, applicable to the terminated portion of this Agreement;

b. Any claim which the COUNTY may have against the CONTRACTOR in connection with this Agreement; and

c. The agreed price for, or the proceeds from the sale of, any materials, supplies, or other things kept by the CONTRACTOR or sold, pursuant to the provisions hereof, and not otherwise recovered by, or credited to, the COUNTY.

16.3 **Cross-Default**. Should the CONTRACTOR be determined by the COUNTY to be in default of this Agreement, such default shall constitute a default of all other contracts to which the COUNTY and the CONTRACTOR may be a party. The COUNTY, as a result, may pursue any and all remedies available to it up to and including termination of all such contracts between the parties.

ARTICLE 17 – MISCELLANEOUS

17.1 All specifications, drawings, and copies furnished by the COUNTY shall remain the property of the COUNTY. They shall not be used by anyone other than the COUNTY on any other Project and, with the exception of those sets that have been signed in connection with the execution of the Agreement, shall be returned to the COUNTY upon completion of the Project.

17.2 Should the COUNTY or the CONTRACTOR suffer injury or damage to their respective persons or property because of any error, omission, or act of the other, or of any of

their respective employees, agents, or others for whose acts they may be legally liable, claim should be made in writing to the other party within a reasonable time of the first observance of such injury or damage.

17.3 If the Contract Price exceeds $100,000, the CONTRACTOR shall comply with all the requirements of Section 114 of the Clean Air Act (42 USC 7414 et seq.), as amended, and with Section 308 of the Federal Water Pollution Control Act (33 USC 1251 et seq.), as amended.

17.4 Pending resolution of any claim or dispute between the COUNTY and the CONTRACTOR, unless otherwise agreed in writing by the COUNTY, the CONTRACTOR shall proceed diligently with Performance of the Project as directed by the COUNTY, and the COUNTY may continue to make payments in accordance with the Contract Documents.

17.5 **Project Representative.** The COUNTY may furnish a Project Representative and assistants to aid the PROJECT MANAGER in carrying out the responsibilities of the PROJECT MANAGER at the Site. The duties, responsibilities, and limitations of authority of the Project Representative are set forth in Article 10 of these General Conditions.

17.6 **Historical or Archaeological Deposits**. If, during the course of construction, evidence of deposits of historical or archaeological interest if found, the CONTRACTOR shall cease immediately operations affecting the find, and shall notify the PROJECT MANAGER, who shall notify the Regional Office of the Environmental Protection Agency and the State Historic Preservation Office. No further disturbance of the deposits shall ensue until CONTRACTOR has received written instructions from the PROJECT MANAGER. The PROJECT MANAGER will issue written instructions only after the state office has surveyed the find and made a determination to the Environmental Protection Agency and COUNTY. Compensation to CONTRACTOR, if any, for changes in construction shall be determined in accordance with changed conditions or change order provisions of the Contract Documents; provided however, in no event will the CONTRACTOR be entitled to damages or additional compensation for any delays incurred, and the sole remedy of the CONTRACTOR shall be to seek an extension of the Contract Time pursuant to the provisions of the Contract Documents.

17.7 **Compliance with Federal Immigration Laws**. The CONTRACTOR by signing the contract will comply with all applicable federal, state and local laws, rules, regulations and guidelines, related to performance under this Agreement. In particular, the CONTRACTOR by signing the Agreement verifies and affirms that it is in compliance with 8 USC Sec. 1324a prohibiting the employment either directly or by contract or exchange of unauthorized aliens by any CONTRACTOR during the term of the Agreement a violation of the Immigration and Nationality Act. Such violation shall be cause for unilateral cancellation of this Agreement by the COUNTY.

17.8 **Pesticides, Herbicides and Fertilizer Application**. For those projects requiring the

application of pesticides, herbicides and fertilizers, the Contractor must have and maintain at his expense certificates and licenses issued by the Florida Department of Agriculture and Consumer Services (FDACS) for all pesticides, herbicides or fertilizers applicators he/she is planning to use to provide the services contracted herein. Current copies of licensees shall be provided upon demand at any time during the contact period.

17.9 **Federal No-Lead Standards**. The Contractor shall comply with the "Safe Drinking Water Act" regulatory standards and any applicable regulations for lead content in all materials that will be in contact with potable water during the course of the Project.

ARTICLE 18 – MAINTENANCE OF RECORDS

18.1 The CONTRACTOR shall keep adequate records and supporting documentation applicable to this Project and Agreement. Said records and documentation shall be retained by the CONTRACTOR for a minimum of five (5) years from the date of final completion or termination of this Agreement. The COUNTY shall have the right to audit, inspect, and copy such records and documentation, and any and all such records of the CONTRACTOR as may relate to this, or any other, Project and Agreement between the CONTRACTOR and the COUNTY, or to any legal, administrative, or other action brought against the COUNTY by the CONTRACTOR or any other person, as often as the COUNTY deems necessary, during the period of this Agreement and for a period of five (5) years thereafter; provided, however, such activity shall be conducted only during normal business hours. The COUNTY during this period of time shall also have the right to obtain a copy of and otherwise inspect any audit made at the direction of the CONTRACTOR as concerns the aforesaid records and supporting documentation. The CONTRACTOR shall, at all times, take all reasonable steps necessary to ensure and to enforce the right of the COUNTY to access the aforesaid documentation.

ARTICLE 19 – APPRENTICES AND TRAINEES

19.1 When apprentices and trainees are utilized by the CONTRACTOR on the Work pursuant to this Agreement, the CONTRACTOR shall be governed by the provisions of Chapter 446, Florida Statutes.

ARTICLE 20 – EQUAL OPPORTUNITY COMPLIANCE PROVISIONS

20.1 During the performance of any resulting Agreement, the CONTRACTOR agrees as follows.

20.1.1 General. The CONTRACTOR shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, age, handicap or marital status.

20.1.2 Sanctions. In the event the CONTRACTOR fails to comply with any non-

discrimination provision of a resulting Agreement or with any such laws, regulations or orders, the Agreement may be cancelled, terminated, or suspended, in whole or part, and the CONTRACTOR may be declared ineligible for further COUNTY contracts by rule, regulation, or order of the BOARD, or as may otherwise be provided by law.

20.1.3 Subcontractors. The CONTRACTOR shall include the provisions of paragraphs 20.1.1 and 20.1.2 in every subcontract under a resulting Agreement so that such provisions will be binding upon each SUBCONTRACTOR. The CONTRACTOR will take such action with respect to any SUBCONTRACTOR as the COUNTY may direct as a means of enforcing such provisions, including sanctions for noncompliance.

20.1.4 Federal Requirements. In the event a resulting Agreement is funded, in whole or in part, from any federal governmental agency or source, the specific terms, regulations, and requirements governing the disbursement of these funds shall be incorporated by reference herein and become a part of this clause.

20.1.5 Equal Opportunity Laws, Regulations, and Requirements Throughout the term of a resulting Agreement, the CONTRACTOR shall not violate any of the following federal or state laws, regulations, and requirements:

a. Federal

1. Section One of the Fourteenth Amendment to the United States Constitution.
2. Title VI of the Civil Rights Act of 1964.
3. Civil Rights Restoration Act of 1987.
4. Title VII of the Civil Rights Act of 1964, as amended by the Equal Employment Opportunity Act of 1972 and 1975.
5. Civil Rights Acts of 1866 and 1870.
6. Standards for a Merit System of Personnel Administration, 45 CFR 70.
7. Revised Order Number 4, 41 CFR 60-2.10.
8. Rehabilitation Act of 1973, P.L. 93-112.
9. Interagency Agreement dated March 23, 1973.
10. Executive Order 11914, Nondiscrimination with Respect to the Handicapped in federally assisted programs.
11. Age Discrimination Act of 1975 amended by P.L. 94-135.
12. Civil Rights Act of 1968. P.L. 90-284.
13. Veterans Readjustment Act.
14. Section 14001 of Consolidated Omnibus Budget Reconciliation Act of 1985, (State and Local Assistance Act of 1972, as amended)
15. Office of Management and Budget Circular A-102, Attachment O.
16. Age Discrimination in Employment Act, as amended.
17. Federal Civil Rights Act of 1991.

18. Americans with Disabilities Act.

b. State

1. State Constitution (Preamble) and Section 13.251 (Powers and Purposes) protects citizens from discrimination because of race, national origin and religion.
2. Florida Statutes, Chapter 112.041, requires non-discrimination in employment by counties and municipalities because of race, color, national origin, sex, handicap, or religious creed.
3. Florida Statutes, Chapter 112.043, prohibits age discrimination in employment.
4. Florida Statutes, Chapter 413.08, prohibits discrimination against physically disabled persons in employment.
5. Florida Statutes, Chapter 448.07, prohibits wage rate discrimination based on sex.
6. Florida Civil Rights Act of 1992.

ARTICLE 21 – ALLOWANCES

21.1 Allowance Categories. Because of the size, complexity and nature of the Project, the BOARD has determined it is in the best interest of the COUNTY to establish certain allowance categories for various portions of additional or revised work. The Allowance Work may consist of, but is not limited to, the following:

a. General Site Work;
b. Concrete Structures;
c. General Road Work;
d. Utility Work; and
e. Process Work.

The Allowance Work is included in the Contract Price and the Contract Work and shall be performed in full compliance with all requirements of the Contract Documents. The Contract Time also includes a number of calendar days reserved for performance of Allowance Work in accordance with this Article, calculated as follows: twenty percent (20%) of days allocated from the date the Contract Time commences to Final Completion (as awarded), or sixty (60) days, whichever is less, unless otherwise specified in the Contract Documents. The election of the Contractor's performance of Allowance Work and the allocation of Contract Time for such Allowance Work shall be within the sole discretion of the County.

21.2 Authorized Expenditures and Allocations of Time. All charges and time for Allowance Work must be pre-approved in writing by the COUNTY ADMINISTRATOR for the COUNTY or by his appropriately authorized designee. Said written pre-approval shall

be in the form of an Allowance Authorization Release (AAR), which shall describe in detail the Allowance Work to be performed, the time, if any, required, and the price for the Allowance Work, and shall contain the authorized signature of the COUNTY ADMINISTRATOR, or his appropriately authorized designee. If the CONTRACTOR proceeds to perform any Allowance Work without the required AAR, the CONTRACTOR shall be deemed to have waived any rights it might otherwise have had to additional compensation or additional time, or both, for such Allowance Work. Any monies designated for Allowance Work remaining upon the completion of all Work shall be deducted from the Contract Price by an approved Change Order.

21.3 Pricing of Allowance Work. When the COUNTY has determined that it wishes to have the CONTRACTOR perform certain Allowance Work, the PROJECT MANAGER shall provide the CONTRACTOR with an allowance proposal request, identifying the Allowance Work to be performed, and requesting the CONTRACTOR to submit a price for such proposed Allowance Work. The CONTRACTOR shall submit a price for the proposed Allowance Work in a timely fashion, but in no event shall the CONTRACTOR expend more than five (5) days within which to submit its price on the proposed Allowance Work, unless the PROJECT MANAGER, with the consent of the DIRECTOR, permits a longer period of time. The CONTRACTOR shall prepare its price for the proposed Allowance Work in accordance with the pricing procedures established for Change Orders under Article 12.

21.4 Allocation of Contract Time. If the CONTRACTOR requests an allocation of Contract Time for performance of Allowance Work, the CONTRACTOR shall state with particularity in its response to the allowance proposal request of the COUNTY the reasons for its request and the manner in which performance of Allowance Work will affect the Contract schedule. The CONTRACTOR shall be entitled to an allocation of time for performance of Allowance Work only for the number of the days that the COUNTY ADMINISTRATOR or his designee determine to be appropriate, and then only to the extent such performance affects the ability of the CONTRACTOR to meet contract milestone dates. The COUNTY ADMINISTRATOR or his designee may not allocate more Contract Time for all Allowance Work hereunder than the number of calendar days designated for Allowance Work in the Agreement. If the COUNTY and CONTRACTOR agree on the time to be allocated for performance of Allowance Work, the time shall be stated in the AAR. The COUNTY ADMINISTRATOR or his designee may adjust any milestone dates affected by allocation of time for Allowance Work and shall state such adjusted milestone dates in the AAR. CONTRACTOR shall not be entitled to damages for delays or disruptions caused by performance of Allowance Work hereunder. An approved Change Order shall be used to deduct any time designated for Allowance Work remaining at the completion of all Work from the Contract Time.

21.5 Disputes as to Price or Time. If the COUNTY and CONTRACTOR agree on the price for proposed Allowance Work but cannot agree on the amount of time for such Work, or vice-versa, then the item agreed upon shall be stated in the AAR.

ARTICLE 22 – DISPUTE RESOLUTION

22.1 Mediation. As a condition precedent to filing any action in law or equity on any claim against the COUNTY that may be arise out of these Contract Documents or the subject thereof, the CONTRACTOR agrees to provide advance Notice to the COUNTY of its intent to file a lawsuit or other action against the COUNTY. The CONTRACTOR further agrees to submit the dispute in good faith to non- binding mediation before a single mediator, pending completion of which any lawsuit or other action that may have been filed by or on behalf of, the CONTRACTOR shall be tolled. The costs for such mediation shall be split equally between the parties.

22.1.1 Venue for Mediation. The mediation shall be conducted at the West Pasco Government Center, located at 8731 Citizens Drive, New Port Richey, Florida, or at such other convenient location in New Port Richey as the mediator may determine.

22.1.2 Selection of Mediator. The mediator shall be selected from the official list of certified mediators maintained by the Circuit Court for the Sixth Judicial Circuit, in and for Pasco County, Florida or such other list as agreed upon by the parties. Said mediator shall possess a minimum of ten (10) years' experience in handling construction transactions and litigation.

22.1.3 Rules and Administration. Unless otherwise contrary to these Contract Documents, to any subsequent written expression of mutual intent executed by the parties, or to any provision of the law, the mediation shall be administered by the American Arbitration Association and conducted in accordance with its most recent Construction Industry Mediation Rules.

22.2 Governing Law. The Contract Documents shall be governed by and interpreted according to Florida law.

22.3 Venue and Jurisdiction. Any action brought under a resulting Agreement or with respect to any claim arising from the subject matter thereof shall be brought and heard in a state court of competent jurisdiction at the West Pasco Judicial Center in New Port Richey, Pasco County, Florida. If the claim(s) that form the basis for any such action must be adjudicated in federal court, then venue for that action shall be in the United States District Court for the Middle District of Florida, Tampa Division.

22.4 Notice of Claim; Contractor Books and Records. As a condition precedent to the initiation by the CONTRACTOR of any claim (regardless of how such a claim or demand shall be entitled by the CONTRACTOR) against the COUNTY through administrative proceedings or in arbitration, or to the filing of any action in law or equity against the COUNTY, the CONTRACTOR shall, at least sixty (60) days in advance thereof, provide Notice to the COUNTY of its intent to pursue said claim, and for a period not less than fifteen days during the first (45) days following the date of the Notice, deliver to the

COUNTY at the Office of the County Attorney in New Port Richey, Florida, for inspection and copying, all of the original books and records in the possession or control of the CONTRACTOR which may be related, directly or indirectly to the claim or action, regardless of whether the COUNTY has affirmatively and expressly requested the same. In lieu of delivering the original books and records, the CONTRACTOR may, at its own expense, deliver to said Office of the County Attorney complete and legible photocopies of all such original books and records within thirty (30) days of the date of the Notice; however, nothing herein shall be construed to curtail the rights of the COUNTY to, *inter alia*, inspection and copying under Article 18 hereof.

REST OF PAGE LEFT INTENTIONALLY BLANK

CONDITIONS OF THE CONTRACT

B. SPECIAL CONDITIONS

1. LOCAL PREFERENCE

Under Sec. 2-111(a)(1) of Pasco County's Purchasing Ordinance, a business qualifies as "Local Business" if it meets the following requirements and is: a) a vendor, supplier, or contractor who does business in Pasco County by providing goods, services, or construction; and b) maintains a physical business address located within the jurisdictional limits of Pasco County in an area zoned for the conduct of such business; and c) the vendor, supplier or contractor operates or performs business on a daily basis at said location; and d) has so operated or performed business at that location for at least twelve (12) months prior to the Bid or Proposal opening date; and e) includes a copy of their local business tax receipt with their Bid or Proposal. Post office boxes shall not be used for the purpose of establishing said physical address. The justification for the application of a local preference to a particular Bidder must be included as part of any written quotation, Proposal or sealed Bid along with a copy of the Bidder's local business tax receipt at the time of submission.

In bidding for, or letting contracts or procurement of goods, services or construction, as described herein, the Board of County Commissioners (BOARD) may give a preference to Local Businesses in making purchases (unless otherwise precluded by the ordinance, state or federal law) as described below:

(i) When written quotations or sealed bids are received that do not exceed $1,000,000.00, and the lowest price is offered by a vendor that is not a Local Business, and the next lowest price is offered by a Local Business, and is within 10% of the lowest price offered, then the Local Business shall be given the opportunity to match the lowest price offered, and if agreement to match the lowest price is reached, the Local Business will be awarded the quotation or bid if the Local Business is otherwise fully qualified and meets all requirements of the solicitation.

(ii) When sealed bids are received that are greater than $1,000,000.00, and the lowest price is offered by a business that is not a Local Business, and the next lowest price is offered by a Local Business, and is within 5% of the lowest price offered, then the Local Business shall be given the opportunity to match the lowest price offered, and if agreement to match the lowest price is reached, the Local Business will be awarded the quotation or bid if the Local Business is otherwise fully qualified and meets all County requirements.

(iii) The total quote or bid price shall include not only the base bid price, but also all alterations to the base bid price resulting from alternates which were both part of the bid and that will be actually purchased or awarded by the BOARD.

If two or more identical quotations or bids are received at the time the written quotations or sealed bids are opened, the award shall be made to the responsive, responsible "Local Business" as defined herein.

The preference established in this section does not prohibit the right of the BOARD to compare quality or fitness for use of supplies, materials, equipment and services proposed for purchase and compare qualifications, character, responsibility and fitness of all persons, firms, or corporations submitting bids or proposals nor prohibit the BOARD from giving any other preference permitted by law in addition to the preference authorized in this section.

This local preference provision is not applicable to those solicitations involving the use of either State or Federal funds as indicated below:

State or Federal Funds Involved N (Mark Y or N as applicable)

2. INSURANCE OF THE CONTRACTOR

2.1 During the life of this Agreement, the CONTRACTOR shall provide, pay for, and maintain insurance of the types and in the amounts described herein. All such insurance shall be provided by responsible companies with A.M. Best ratings of A-, Class B or better, authorized to transact business in the State of Florida, and which are satisfactory to the COUNTY. Promptly after the issuance by the COUNTY of the Notice to Apparent Low Bidder of this Agreement, and prior to submission of the Agreement to the BOARD for its approval and execution, the CONTRACTOR shall provide to the COUNTY evidence of insurance coverage of the types, and in the amounts, required hereunder by submitting executed Certificates of Insurance, the preferred form of which has been included with this solicitation. Each Certificate shall set forth the original manual signature of the authorized representative of the insurance company/companies identified therein and shall have attached thereto proof that said representative is authorized to execute the same. In addition, the CONTRACTOR shall provide certified true and exact copies of all required policies and of endorsements to the COUNTY within sixty (60) days of the issuance by the COUNTY of the Notice to Apparent Low Bidder.

2.2 All policies of insurance mandated by this Agreement shall name Pasco County Board of County Commissioners as a certificate holder and require that the insurer give the COUNTY thirty (30) days written notice of any cancellation, intent not to renew, or reduction in coverage; and ten (10) days written notice of any non-payment of premium. Such notice shall be delivered by First-Class U.S. Mail to: Pasco County Risk Management Department, 7536 State Street, New Port Richey, Florida 34654. In the event of any reduction in the aggregate limit of any policy, the CONTRACTOR shall immediately restore such limit to the amount required herein.

2.3 All insurance coverage provided by the CONTRACTOR shall be primary to any insurance or self-insurance program of the COUNTY that is applicable to the Work provided for in this Agreement.

2.4 Receipt by the COUNTY of any Certificate of Insurance or copy of any policy evidencing the insurance coverage and limits required by the Contract Documents does not constitute approval or agreement by the COUNTY that the insurance requirements have been satisfied or that the insurance policies shown on the Certificates of Insurance are in compliance with the requirements of the Contract Documents.

2.5 No work for the COUNTY shall commence, nor occupancy by the CONTRACTOR of any of its property take place, until the required Bonds, Certificates of Insurance, and copies of the associated policies, if requested, are received by the COUNTY, even if the Contract Time has commenced.

2.6 The insurance coverage and limits required of the CONTRACTOR under the Contract Documents are designed to meet the minimum requirements of the COUNTY. They are not designed as a recommended insurance program for the CONTRACTOR. The CONTRACTOR shall be responsible for the sufficiency of its own insurance program. Should the CONTRACTOR have any questions concerning its exposures to loss under the Contract Documents or the insurance coverage needed therefore, it should seek professional assistance.

2.7 If the insurance coverage initially provided by the CONTRACTOR is to expire prior to completion of the Work, renewal Certificates of Insurance shall be furnished to the COUNTY thirty (30) days prior to expiration of current coverage.

2.8 Should the CONTRACTOR fail to maintain any of the insurance coverage required by the Contract Documents, the COUNTY may, at its option, either terminate this Agreement for default, or procure and pay for such coverage, charging the CONTRACTOR for, and deducting the costs of, the same from payments due the CONTRACTOR. A decision by the COUNTY to procure and pay for such insurance coverage shall not operate as a waiver of any of its rights under the Contract Documents.

2.9 In addition to being listed as a certificate holder, all liability insurance policies obtained by the CONTRACTOR to meet the requirements of the Contract Documents, other than the Worker's Compensation and Employer's Liability Policy, shall provide that the Pasco County Board of County Commissioners, its employees and agents, and the PROFESSIONAL shall be "additional insureds" under the Policy and shall also incorporate a Severability of Interest provision. All insurance coverage provided under this Section shall apply to all the activities of the CONTRACTOR under the Contract Documents without regard for the location of such activity.

2.10 **Coverage.** Amounts and type of insurance shall conform to the following minimum requirements with the use of current Insurance Service Office forms and endorsements or their equivalent.

2.11 **Worker's Compensation and Employer's Liability Insurance.** The CONTRACTOR shall maintain coverage for all employees engaged in the Work, in accordance with the laws of the State of Florida. The CONTRACTOR also agrees to waive its right of subrogation as part of this coverage. The amount of each insurance shall not be less than:

a.	Workers' Compensation	Florida Statutory Requirements
b.	Employer's Liability	$100,000.00 Limit Each Accident $500,000.00 Limit Disease Aggregate $100,000.00 Limit Disease Each Employee

2.12 **Commercial General Liability Insurance.** Coverage shall include, but not be limited to, liability arising from the Premises, operations, independent contractors, products, completed operations, personal and advertising injury. Contractual coverage for this Contract, including any hold harmless and/or indemnification agreement(s), shall be provided on an ISO form CG 0001 or its equivalent. Limits of coverage shall not be less than the following on a per occurrence basis:

General Aggregate	$5,000,000.00
Products – Completed Operations Aggregate	$2,000,000.00
Personal and Advertising Injury	$500,000.00
Each Occurrence	$5,000,000.00
Fire Damage (Any One Fire)	$50,000.00
Specific Contract Aggregate Limits	$(*same as above*)

a. The Aggregate Limits shall be separately applicable through the use of the Insurance Endorsement included as part of this solicitation, or its equivalent according to the Risk Management Division of the COUNTY.

b. If the General Liability Insurance required herein is issued or renewed on a "claims made" form, as opposed to the occurrence" form, the retroactive date for coverage shall be no later than the date the Contract Time commences and shall provide that in the event of cancellation or non-renewal the discovery period for insurance claims (Tail Coverage) shall be extended for three (3) years beyond the completion and acceptance date of the Project under this Contract.

2.13 **Business Automobile Liability Insurance.** Coverage shall be maintained by the CONTRACTOR as to ownership, maintenance, and use of all of its owned, non-owned, leased or hired vehicles with limits of not less than:

a. Bodily Injury & Property Damage Liability:
$1,000,000.00 Combined Single Limit Each Accident

2.14 **All Risk Coverage.** For purposes of this Agreement, **Builder's Risk** coverage **IS NOT** required; **Installation Floater** coverage **IS NOT** required. If either or both are required, the CONTRACTOR shall provide said coverage, which shall include the following minimum requirements:

a. All Risk coverage shall be issued by insurance company(s) approved by the State of Florida Department of Insurance and acceptable to the COUNTY. All coverage and endorsements must be on forms acceptable to the COUNTY. The CONTRACTOR shall pay any and all premiums for this insurance, with any

deductibles being the sole responsibility of the CONTRACTOR. If both Builder's Risk and Installation Floater have been specified, no more than one deductible per occurrence shall apply. Maximum deductible per occurrence for this Project: $ N/A .

b. Limit of coverage shall be 100% of the completed value of any building(s) or structure(s), or 100% of the value of the equipment to be installed, as appropriate; and Installation Floater coverage shall also provide for coverage of the installed equipment, including labor and materials, prior to final completion of the Project.

c. Waiver of Occupancy Clause or Warranty: Policy must be specifically endorsed to eliminate any "occupancy clause" or similar warranty or representation that the building(s) or structure(s) will not be occupied.

2.15 **Pollution Liability Insurance**. For purposes of this Agreement, **Pollution** Liability Insurance coverage **IS NOT** required. If required, the CONTRACTOR shall provide said coverage, which shall include the following minimum requirements: The minimum limits of liability shall be: $2,000,000.00 per occurrence/$2,000,000.00 aggregate for the incident. The CONTRACTOR shall maintain pollution liability coverage for bodily injury, property damage and environmental damage caused by a pollution incident.

2.16 **Certificates of Insurance.** Certificates of Insurance evincing the insurance coverage specified in paragraphs 2.11 through 2.15 shall be filed with the Purchasing Department within ten (10) days of the Notice to Apparent Low Bidder. The required Certificates of Insurance shall name the types of policies provided and shall refer specifically to this Contract.

3. PUBLIC RECORDS

CONTRACTOR shall comply with the requirements of Florida's Public Records Act, Chapter 119, Florida Statutes. To the extent required by Section 119.0701, Florida Statutes, CONTRACTOR shall (a) keep and maintain public records required by the COUNTY to perform the service under the Agreement; (b) upon request from the COUNTY's custodian of public records provide the COUNTY with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided for under Florida's Public Records law; (c) ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if CONTRACTOR does not transfer the records to the COUNTY; and (d) upon completion of the contract, transfer, at no cost to the COUNTY, all public records in possession of CONTRACTOR. Upon transfer, CONTRACTOR shall destroy any duplicate public records that are exempt or confidential and exempt from public records requirements. All records stored electronically must be provided to the COUNTY in a format that is compatible with the information technology systems of the COUNTY. All documentation produced as part of this Agreement will become the property of the COUNTY. This paragraph shall survive the expiration or termination of this Agreement.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT (727) 847-8147, PRR@MYPASCO.NET, OR 7536 STATE STREET, NEW PORT RICHEY, FL 34654.

Under Florida law, a Contractor who fails to provide the public records to the COUNTY within a reasonable time may be subject to penalties under Section 119.10, Florida Statutes, and such non-compliance will constitute a breach of the Agreement and may serve as grounds for termination of this Agreement.

END OF SPECIAL CONDITIONS

CONDITIONS OF THE CONTRACT

C. PROJECT-SPECIFIC CONDITIONS

SPECIFIC TERMS

1. DAMAGE TO PRIVATE PROPERTY

If during the course of the Work provided for hereunder, the Contractor damages private property, the Contractor shall be responsible for correcting the damage and restoring the property or correcting the defect upon the written request from the County to correct the defect or damage.

2. CONSTRUCTION SITE RUNOFF, SITE OPERATOR TRAINING

To ensure NPDES compliance, the Contractor must have and maintain at their expense training certificates issued by the Florida Stormwater Erosion and Sediment Control Inspector Training Program, or equivalent program approved by FDEP for all inspectors he/she is planning to use to provide the services contracted herein. Current copies of certificates shall be provided upon demand at any time during the contract period (if applicable).

3. PERMISSIBLE CONSTRUCTION LOCATIONS

As applicable, all construction shall be performed within County-owned rights-of-way, property, or easements, or as otherwise provided by this Bid Package.

END OF SPECIFIC TERMS

C. PROJECT-SPECIFIC CONDITIONS (cont.)

SUPPLEMENTAL SPECIFICATIONS
DIVISION I

Division I section numbers are based upon, and modify, corresponding section numbers in the General Conditions.

The *Florida Department of Transportation FY 2024-25 Standard Specifications for Road and Bridge Construction* (Standard Specifications), as approved and adopted by FDOT, shall govern all work on this Project, except as modified herein. Division I, General Requirements and Covenants, of the Standard Specifications is deleted and replaced by the Instructions to Bidders and General Conditions Sections of this Contract, as modified by this Division I. All references to sections or articles of the General Requirements and Covenants Division of the Standard Specifications shall be considered as references to parallel sections of the General Conditions Section of this Contract. COUNTY policy or determinations govern.

The Instructions to Bidders, General Conditions, the Construction Details Division of the Standard Specifications, and the Materials Division of the Standard Specifications shall govern all work on this Project except as supplemented and modified in these Supplemental Specifications. The Standard Specifications and Project plans use English units of measure. References in the FDOT Standard Specifications to the DEPARTMENT shall be considered as references to the COUNTY.

Refer to the Special Provisions and Plans sections following the Supplemental Specifications for project-specific modifications to these Supplemental Specifications and Standard Specifications.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK

SS-2 DEFINITIONS

SS-2.26 Drawings

The following is added to the end of this section:
"Drawings" may include Construction Plans, Shop Drawings, or Contract Plans, as used in these Contract Documents.

SS-2.59 Standard Specifications

This following section is added:

2.59 Standard Specifications. The *Florida Department of Transportation FY 2024-25 Standard Specifications for Road and Bridge Construction*, an electronic book setting out or relating to the method or manner of performing work, or to the quantities and qualities of materials and labor.

SS-2.60 Standard Plans

The following section is added:
2.60 Standard Plans (or FDOT Standard Plans). The *Florida Department of Transportation FY 2024-25 Standard Plans for Road and Bridge Construction*, an electronic book describing and detailing aspects of the Work.

SS-2.59 ABBREVIATIONS AND ACRONYMS

The following article is added:

2.59 Abbreviations and Acronyms. The following abbreviations and/or acronyms may be used in the Contract Documents:

AAN	American Association of Nurserymen, Inc.
AASHTO	American Association of State Highway and Transportation Officials
ACI	American Concrete Institute
AGC	The Associated General Contractors of America, Inc.
AGMA	American Gear Manufacturers Association
AIA	American Institute of Architects.
AISI	American Iron and Steel Institute
ANSI	American National Standards Institute, Inc.
AREA	American Railway Engineering Association
ASCE	American Society of Civil Engineers
ASME	American Society of Mechanical Engineers
ASTM	American Society for Testing and Materials
AWG	American Wire Gauge
AWPA	American Wood Preservers Association
AWS	American Welding Society
AWWA	American Water Works Association
CIGP	County Incentive Grant Program (FDOT State)
CRSI	Concrete Reinforcing Steel Institute

EASA	Electrical Apparatus Service Association
EPA	Environmental Protection Agency of the United States Government
FDOT	Florida Department of Transportation
FHWA	Federal Highway Administration
FSS	Federal Specifications and Standards
IEEE	Institute of Electrical and Electronics Engineers
IES	Illuminating Engineering Society
IPCEA	Insulated Power Cable Engineers Association
ISO	International Organization for Standards
LAP	Local Agency Program (FDOT Federal)
MASH	AASHTO Manual for Assessing Safety Hardware
MUTCD	Manual on Uniform Traffic Control Devices
NEC	National Electrical Code
NEMA	National Electrical Manufacturers Association
NFPA	National Fire Protection Association
NIST	National Institute for Standards and Technology
NOAA	National Oceanic and Atmospheric Administration
OSHA	Occupational Safety and Health Administration
SAE	Society of Automotive Engineers
SI	International System of Units
SSPC	Society of Protective Coatings
UL	Underwriters' Laboratories

SS-3 PRELIMINARY MATTERS

SS-3.7 Pre-Construction Conference

This article is expanded by the addition of the following:

3.7.1 Documents required at or before the Preconstruction Conference

The documents required at or before the Preconstruction Conference include, but are not limited to:

- CONTRACTOR'S Delineation of Lines of Authority
- Schedule
- Maintenance of Traffic Plan
- Hurricane Evacuation Plan
- Contractor's SWPPP
- Erosion Control Plan
- Personnel Qualifications
- Proposed Subcontractors
- Contractor's Quality Control (QC) Plan
- Supplier's QC Program
- Vehicles Registration in Florida
- Proposed Testing Laboratory
- CONTRACTOR provided permit(s)

- E-Verify documentation.
- Emergency Personnel Contact List with Telephone Numbers - This list shall also be forwarded to the COUNTY Sheriff's Office

SS-4 CONTRACT DOCUMENTS, INTENT, CONFLICTS, INTERPRETATION AND REUSE

SS-4.1 Precedence
The following paragraph is added:

4.1.3 In cases of discrepancy, the governing order of the documents is as follows:

1. The Special Provisions portion of the Project-Specific Conditions.
2. Contract Plans.
3. FDOT Standard Plans.
4. General Conditions, as modified by Division I of the Project Specific Conditions' Supplemental Specifications.
5. Standard Specifications, as modified by Division II of the Project Specific Conditions' Supplemental Specifications.
6. Special Conditions, and any other documents comprising the solicitation.

SS-5 PROJECT CONDITIONS

SS-5.4 Existing Utilities
The following paragraph is added:

5.4.1 Traffic Signals
When working in the vicinity of a traffic signal, notify the COUNTY Traffic Operations Division a minimum of two workdays in advance of excavation.

SS-7 RESPONSIBILITIES OF THE CONTRACTOR

SS-7.1 Supervision and Superintendence
The following paragraphs are added:

The CONTRACTOR shall have a copy of the Contract Documents available on the worksite at all times.

All work performed and all materials furnished shall be in close conformity with the lines, grades, cross sections, dimensions, and material requirements, and shall be within the tolerance indicated in the Contract Documents. The CONTRACTOR shall not deviate from the Contract Documents without prior written authorization from the COUNTY.

SS-7.1.2 Progress Meetings
The following article is added:

7.1.2 Progress Meetings

Attend meetings scheduled by the PROJECT MANAGER to discuss Contract progress, near-term scheduled activities, including utility relocations, problems, and their proposed solutions. Submit a three-week planning schedule at each weekly meeting, showing the Contract schedule activities completed in the previous week and planned for the next two weeks. Develop the three-week planning schedule in Gantt chart format from the updated Contract schedule, identifying completed, current and planned activities. Designate all activities that are controlling work items as determined by the currently accepted Contract Schedule. Submit a list of controlling work items with descriptions and locations (as requested by FDOT on its Construction Form #700-010-15) at each weekly progress meeting for review and approval by the COUNTY.

SS-7.2 Labor, Materials and Equipment

This article is expanded by the following:
It is prohibited as a conflict of interest for the CONTRACTOR to hire a SUBCONTRACTOR to perform CONTRACTOR quality control when the proposed SUBCONTRACTOR is under contract with Pasco County to perform work on any project described in the CONTRACTOR'S Contract with the COUNTY. Prior to approving a SUBCONTRACTOR for CONTRACTOR'S quality control, the CONTRACTOR shall submit to the COUNTY a certificate from the proposed SUBCONTRACTOR certifying that no conflict of interest exists.

Whenever the County Engineer determines that any person employed by the CONTRACTOR is incompetent, unfaithful, intemperate, disorderly, or insubordinate, the County Engineer will provide written notice and the CONTRACTOR shall discharge the person from the work. Do not employ any discharged person on the project without the written consent of the County Engineer. If the CONTRACTOR fails to remove such person or persons, the County Engineer may withhold all estimates that are or may become due or suspend the work until the CONTRACTOR complies with such orders. Protect, defend, indemnify, and hold the COUNTY, its agents, officials, and employees harmless from all claims, actions, or suite arising from such removal, discharge, or suspension of employees.

SS-7.4 Concerning Subcontractors

SS-7.4.1 This paragraph is expanded by the following:
All proposed SUBCONTRACTORS must be approved by the COUNTY prior to the start of their particular work.

SS-7.7 Laws and Regulations

The following paragraph is added:

7.7.2 Discovery of Unmarked Human Burials

When an unmarked human burial is discovered, immediately cease all activity that may disturb the unmarked human burial and notify the County Engineer. The County Engineer shall contact the Medical Examiner's Office for the Sixth District of Florida. Authorization to resume work will not be authorized by the County Engineer until such authorization is received from the Medical Examiner's Office or the Florida Department of State's Division of Historical Resources, whichever holds jurisdiction.

SS-7.10 Safety and Protection

The following paragraph is added:

7.10.4 The CONTRACTOR shall provide exclusion devices, (ex. temporary construction fencing, barriers, or channelizing devices) and manpower on site during the cure period of concrete to discourage potential injury to passerby and resultant damage to work.

SS-7.12 Submittals and Samples

SS-9 RESPONSIBILITIES OF THE COUNTY

The following paragraph is added:

9.4 The CONTRACTOR shall be issued three (3) sets of plans and specifications at the time of the Pre-construction Conference. If the CONTRACTOR requires more sets, they shall be produced either by the COUNTY or the CONTRACTOR at the CONTRACTOR'S expense.

SS-10 STATUS OF THE PROFESSIONAL DURING CONSTRUCTION

The following paragraph is added before Article 10.1:

This Article is provided to advise the CONTRACTOR of the authority and scope of the PROFESSIONAL'S responsibility. This Article is not all-inclusive. The PROFESSIONAL'S contract with the COUNTY defines the legal contractual responsibility of the PROFESSIONAL.

SS-14 WARRANTY AND GUARANTEE: ACCEPTANCE OF DEFECTIVE WORK

The title of this Article is changed to: **WARRANTY AND GUARANTEE**

SS-14.1 The last sentence is deleted.

SS-15 PAYMENT AND COMPLETION

SS-15.8 Final Completion.

The following subparagraph is added:

15.8.1.3 The CONTRACTOR shall be responsible for and maintain all work and the Project area in a safe, clean, and neat manner and condition until it has been completed as a whole and the CONTRACTOR has received written final acceptance from the COUNTY .

SS-17 MISCELLANEOUS

SS-17.8 Pesticides, Herbicides and Fertilizer Application
The text is deleted and the following substituted:

17.8.1 **Insecticides and Herbicides:** Use products found on the following website, http://state.ceris.purdue.edu/, approved by the Florida Department of Agriculture and Consumer Services. The use of restricted products is prohibited. Do not use any products in the sulfonylurea family of chemicals. Herbicide application by broadcast spraying is not allowed.

Procure any necessary licenses, pay all charges and fees, and give all notices necessary for lawful performance of the work.

Ensure that all insecticides and herbicides are applied in accordance with Chapter 5E-9, Florida Administrative Code. Submit a copy of current certificates to the PROJECT MANAGER upon request.

Ensure that employees who work with herbicides comply with all applicable Federal, State, and local regulations.

Comply with all regulations and permits issued by any regulatory agency within whose jurisdiction work is being performed. Post all permit placards in a protected, conspicuous location at the work site.

Acquire all permits required for aquatic plant control as outlined in Chapter 62C-20, Florida Administrative Code, Rules of the Florida Department of Environmental Protection. Contact the Regional Field Office of Bureau of Invasive Plant Management of the Florida Department of Environmental Protection for proper permits and subsequent approval. If application of synthetic organo-auxin herbicides is necessary, meet the requirements of Chapter 5E-2, Florida Administrative Code.

17.8.2 **Cogon Grass:** The Contractor shall identify and provide a plan to dispose of any Cogon grass within the project limits/COUNTY right of way. The plan shall be in accordance with the COUNTY Public Works Department's standard operating procedure for handling Cogon grass.

17.8.3 **Fertilizer:** Ensure that all employees applying fertilizer, possess a current Florida Department of Agriculture and Consumer Services Commercial Applicator license

in accordance with Section 482.1562, F.S. Upon request, submit the current certificates to the COUNTY.

SS-23 PROSECUTION OF WORK.

The following article is added:

ARTICLE 23 – PROSECUTION OF WORK

Working hours shall be Monday through Friday, exclusive of COUNTY holidays. The normal day shall be between the hours of 8:00 am to 5:00 pm unless stipulated otherwise in the Contract Documents. The COUNTY will deduct all costs for inspection from fees due to the CONTRACTOR for work authorized beyond normal working hours unless due to an emergency not due to CONTRACTOR operations, or as allowed in the Contract Documents.

23.1 Compliance with Time Requirements

Commence work in accordance with the accepted working schedule and provide sufficient labor, materials, and equipment to complete the work within the time limit(s) set forth in the proposal. Should the CONTRACTOR fail to furnish sufficient and suitable equipment, forces, and materials, as necessary to prosecute the work in accordance with the required schedule, the County Engineer may withhold all estimates that are, or may become due, or suspend the work until the Contractor corrects such deficiencies.

23.2 Submission of Working Schedule

Within 21 calendar days after Contract award or at the preconstruction conference, whichever is earlier, submit to the COUNTY a work progress schedule for the project. The COUNTY will review and respond to the CONTRACTOR within 15 calendar days of receipt.

Provide a schedule that shows the various activities of work in sufficient detail to demonstrate a reasonable and workable plan to complete the project within the Contract Time. Show the order and interdependence of activities and the sequence for accomplishing the work. Describe all activities in sufficient detail so that the County Engineer can readily identify the work and measure the progress on of each activity. Show each activity with a beginning work date, a duration, and a monetary value. Include activities for procurement fabrication, and delivery of materials, plants, and equipment, and review time for shop drawings and submittals. Include milestone activities when milestones are required by the Contract Documents. In a project with more than one phase, adequately identify each phase and its completion date, and do not allow activities to span more than one phase.

Conduct sufficient liaison and provide sufficient information to indicate coordination activities with utility owners that have facilities within the limits of construction have been resolved. Incorporate in the schedule any utility

adjustment schedules included in the Contract Documents unless the utility owner and the DEPARTMENT mutually agree to changes to the utility schedules shown in the Contract.

Submit a working plan with the schedule, consisting of a concise written description of the construction plan.

The COUNTY will return inadequate schedules to the CONTRACTOR for corrections. Resubmit a corrected schedule within 15 calendar days from the date of the County Engineer's return transmittal.

Electronically submit an updated Work Progress Schedule, for County Engineer's acceptance, if there is a significant change in the planned order or duration of an activity. The COUNTY will review the corrected schedule and respond within 7 calendar days of receipt.

By acceptance of the schedule, the County Engineer does not endorse or otherwise certify the validity or accuracy of the activity durations or sequencing of activities. The COUNTY will use the accepted schedule as the baseline against which to measure the progress.

If the Contractor fails to finalize either the initial or a revised schedule in the time specified, the County Engineer will withhold all Contract payments until the COUNTY accepts the schedule.

The costs of the initial and all updates and revisions are included in the price for Mobilization-Lump Sum, or if there is no Mobilization pay item, include in the various pay items in the contract.

23.3 Beginning Work

Notify the COUNTY not less than five days in advance of the planned start day of work. Upon receipt of such notice, the COUNTY may give the CONTRACTOR Notice to Proceed and may designate the point or points to start the work. In the Notice to Proceed, the COUNTY may waive the five-day advance notice and authorize the CONTRACTOR to begin immediately. Notify the COUNTY in writing at least two days in advance of the starting date of important features of the work. Do not commence work under the Contract until after the DEPARTMENT has issued the Notice to Proceed. The DEPARTMENT will issue the Notice to Proceed within 20 calendar days, excluding Saturdays, Sundays, and Holidays, after execution of the Contract.

23.4 Provisions for Convenience of Public

Schedule construction operations so as to minimize any inconvenience to adjacent businesses or residences. Where necessary, the County Engineer may require the CONTRACTOR to first construct the work in any areas along the project where

inconveniences caused by construction operations would present a more serious handicap. In such critical locations, where there is no assurance of continuous effective prosecution of the work once the construction operations are begun, the COUNTY may require the CONTRACTOR to delay removal of the existing (usable) facilities.

23.5 Nighttime Operations and Lighting

Do not perform work during nighttime hours unless authorized by the COUNTY. Night operations will require adequate lighting.

END OF SUPPLEMENTAL SPECIFICATIONS – DIVISION I

C. PROJECT-SPECIFIC CONDITIONS (cont.)

SUPPLEMENTAL SPECIFICATIONS
DIVISION II

Division II section numbers are based upon, and modify, corresponding section numbers in the FDOT Standard Specifications dated FY 2024-25 and available at
https://www.fdot.gov/programmanagement/implemented/specbooks/default.shtm.

Refer to the Special Provisions and Plans sections following the Supplemental Specifications for project-specific modifications to these Supplemental Specifications and Standard Specifications.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK

SS-100 CONSTRUCTION EQUIPMENT, GENERAL REQUIREMENTS.

100-3 Experimental Equipment.
This section is deleted.

SS-101 MOBILIZATION.
This article is revised as follows:

101-1 Description.
This article applies to the Project with the addition that mobilization shall include those operations necessary for the movement of incidentals to and from the Project site. The cost of the final cleanup and demobilization shall also be included.

Delete the last paragraph of this section. Payment for the costs of bonds and insurance will be made under **Bid Item No. 1000-2, Bonds and Insurance, Lump Sum** (see the General Conditions for the bond and insurance requirements of this bid item).

101-2.2 Partial Payments.
This subsection is deleted.

101-2.3 When No Separate Item is Included in the Proposal.
This subsection is deleted.

101-3 Mailbox Relocation.

The CONTRACTOR shall provide daily, temporary access to all existing mailboxes or temporarily relocate the mailboxes. Temporary access, temporary relocation, and/or a temporary mail service scheme shall be to the satisfaction of the U.S. Postal Service and the property owner recipient and shall be subject to acceptance by the COUNTY.

Upon completion of the Project, the CONTRACTOR shall place the mailboxes in a permanent location to the satisfaction of the property owner and the U.S. Postal Service. The installation of all mailboxes shall be in accordance with the latest version of the AASHTO publication, "A Guide for Erecting Mailboxes on Highways," and the servicing office of the U.S. Postal Service.

All costs associated with the removal, relocation and installation of mailboxes required under the Contract shall be included in **Bid Item No. 101-1, Mobilization, Lump Sum.**

101-4 Job Signs.
The COUNTY shall furnish two (2) 4' X 8' job signs for the CONTRACTOR to install at location designated by the PROJECT MANAGER. The CONTRACTOR shall furnish two

(2) 4" X 4" X 12' pressure-treated posts per sign and any and all required labor, materials, and equipment to install each sign. All signs shall be located outside the roadway clear zone and clear-sight triangle. The signs shall be the property of the CONTRACTOR for the duration of the Project and shall be maintained by the CONTRACTOR to the satisfaction of the PROJECT MANAGER. Upon completion of all Contract work, the CONTRACTOR shall return the signs to the COUNTY.

All costs associated with the job sign erection, location, and removal shall be included in **Bid Item No. 101-1, Mobilization, Lump Sum.**

101-5 Utility Location Confirmation.

The CONTRACTOR shall verify the horizontal and vertical location of any utilities within the roadway right-of-way at locations designated by the PROJECT MANAGER. The CONTRACTOR shall excavate around each utility by hand digging and shall use due care to protect each utility.

Utility locations will be verified at locations of potential conflict and wherever an existing utility is to remain as directed by the PROJECT MANAGER. Utilities located beneath the traveled roadway will not be verified at each location. The utility locations will be verified within the first month of the Contract. Any utilities damaged by the CONTRACTOR shall be repaired at the CONTRACTOR'S expense.

The CONTRACTOR shall contact the electric provider(s) to obtain all voltages for the facilities and comply with all clearance requirements.

The CONTRACTOR shall notify each utility owner prior to excavation in the vicinity of the utility. The intent of this work is to determine the accuracy of the utility location information provided to the COUNTY by the utility owners and to further evaluate the potential of utility conflicts with proposed construction at the start of construction.

All costs associated with this work shall be included in **Bid Item No. 101-1, Mobilization, Lump Sum.**

SS-102 MAINTENANCE OF TRAFFIC. (Also refer to the Special Provisions for particular MOT provisions regarding this Project.)

102-4 Alternative Traffic Control Plan.

This section is deleted and replaced with the following:

The CONTRACTOR shall be responsible for developing and implementing a Maintenance of Traffic (MOT) Plan that shall comply with this section, any documents incorporated by reference, and the requirements of the COUNTY Traffic Operations Manager. The CONTRACTOR shall not begin any work within or near the

Project limits without an approved Right of Way Use Permit and MOT Plan. The MOT Plan shall address each and every phase or stage of the CONTRACTOR'S construction operations.

The COUNTY shall have fourteen (14) calendar days from the date of submittal of the MOT Plan to either approve the plan as submitted or to return the plan to the CONTRACTOR for correction and re-submittal. If the CONTRACTOR wishes to modify an approved MOT Plan that is in use, the CONTRACTOR shall submit a modified MOT Plan which might be subject to the fourteen (14) day calendar review period. The information to be shown on the MOT Plan shall include, but not be limited to, the construction to be performed, the existing roadway, the limits of any proposed temporary pavement, all intersecting streets, the width of maintained travel lanes, the dimensions and locations of important geometry features, the location and types of all signs, the location and types of striping, and the location and type of all barricades.

102-5.3.1 Number of Traffic Lanes.

Add the following text to this subsection:

All work to be in compliance with the terms and conditions as outlined within the Project's Right-of-Way Use Permit without any deviations. In the event that the contractor wishes to reduce lane closures down to a single lane, the contractor will be required to submit a revised Maintenance of Traffic (MOT) plans to the PROJECT MANAGER for approval and written authorization from the COUNTY'S Traffic Operations Division. This includes any reduction from the initial Right-of-Way Use Permit for one-lane operations, on-way operations, detours and road closures.

102-5.6 Protection of the Work from Injury by Traffic.

Substitute the terms "damage" and "damaging" for injury and injurious, respectively.

102-6 Detours.

This section is deleted and replaced with the following:

Detours are only allowed with authorization from the COUNTY Traffic Operations Manager. All parties potentially affected by the detour shall be notified in accordance with the COUNTY Traffic Operations Manager's direction. Proposed detour plans shall meet the requirements of Section 102. Submit proposed detour plans to the PROJECT MANAGER a minimum of sixty (60) days prior to the proposed date of implementation.

Plan, construct, and maintain detours for the safe passage of traffic in all conditions of weather. Provide the detour with all facilities necessary to meet this requirement. Where pedestrian facilities are detoured, blocked or closed during the work, provide safe alternate accessible routes through or around the work zone

meeting the requirements of the ADA Standards for Transportation Facilities. When temporary walkway surfaces and ramps are required to be constructed, ensure surfaces are stable, firm, slip resistant, and kept free of any obstructions and hazards such as holes, debris, mud, construction equipment and stored materials.

102-13.1 Maintenance of Traffic (General Work).
Add the following text at the end of this subsection:

Any costs associated with compliance with the provisions of this section shall be included in **Bid Item No. 102-1, Maintenance of Traffic, Lump Sum**. Partial payments for Bid Item No. 102-1 shall be a pro-rated portion of the lump sum price over Contract time. The COUNTY has the complete discretion to adjust this calculation based on the quantity and quality of work performed.

SS-103 TEMPORARY WORK STRUCTURES.
This article is deleted.

SS-104 PREVENTION, CONTROL, AND ABATEMENT OF EROSION AND WATER POLLUTION.

104-3 Control of CONTRACTOR'S Operations, Which May Result in Water Pollution.

Add the following text to the end of this section:

Stabilized construction entrances shall be constructed to comply with the requirements of the Storm Water Pollution Prevention Plan (SWPPP) at all points of the Project ingress and egress.

104-9 METHOD OF MEASUREMENT.
Add the following subsections:

104-9.1 Permit Compliance.

The CONTRACTOR shall become familiar with Southwest Florida Water Management District (SWFWMD) Environmental Resources Permit (ERP), Florida Department of Environmental Protection (FDEP), National Pollution Discharge Elimination System (NPDES), General Construction Permit (GCP) conditions, and the SWPPP, which the CONTRACTOR shall provide for this Project. The CONTRACTOR shall also become familiar with all the permits and conditions as contained in these Contract Documents and shall be wholly and singularly responsible for compliance with the conditions and terms contained therein. The CONTRACTOR shall further hold the COUNTY harmless from all consequences resulting from any lack of compliance with the permit conditions.

Payment for this compliance and all other necessary work under Section 104 shall be made under Bid **Item No. 1000-1, NPDES Lump Sum.**

104-9.2 NPDES Permit and Compliance.

A National Pollutant Discharge Elimination System (NPDES) permit will be required through the Florida Department of Environmental Protection (FDEP) for the issuance of a Construction Generic Permit (CGP) (http://floridadep.gov/water/stormwater/content/construction-activity-cgp). The sediment and erosion control measures are considered to be the minimum requirements to prevent sediment and other pollutants from leaving construction sites significantly impacting water quality.

The contractor will prepare the NPDES permit application and Stormwater Pollution Prevention Plan (SWPPP) for permitting with the FDEP in order to obtain a "Notice of Intent (NOI)". The Stormwater Pollution Prevention Plan (SWPPP) to be in accordance with the EPA's 2017 Construction General Permit (CGP) Publication, FDEP Chapters: 62-25, Florida Statue 403.0885, and any other regulatory permits issued for the project. The SWPPP to depict erosion control measures associated with areas within the project limits; limits of demolition, soil disturbance, clearing or grubbing activities, pipe replacement, material storage, etc. The SWPPP shall have a designated area for signatures by each subcontractor acknowledging NPDES permit requirements for construction activities. It will be the Contractor's sole responsibility to property train subconsultants and obtain signatures prior to their mobilization at the site.

Upon issuance of the NOI, the contractor shall submit two hard copies of the permits and SWPPP plan to the PROJECT MANAGER (prior to mobilization). During construction it will be the CONTRACTOR'S sole responsibility to inspect and reinstall all sediment and erosion control devices on a daily basis ensuring compliance with the NPDES permit requirements. The Contractor is to furnish and install any additional control measures needed in order to prevent sediment from leaving the Project site throughout the course of construction and as required by the FDEP during construction activities. **A copy of the permit and SWPPP plan shall be subject to inspection by the County, FDEP, or inspectors at any given time during construction.**

Upon completion of construction all disturbed areas shall be sodded. The site shall be cleaned with all stockpiles and materials removed from the site prior to closing out the NPDES permit with the FDEP by obtaining a Notice of Termination (NOT) for construction activities. Prior to applying for the NOT, the contractor shall properly clean the site and remove all stockpiled areas.

Compensation for erosion control devices, SWPPP plan, inspections and all other work required by the NPDES General Permit including, but not limited to, preparation and submission of the documents as well as all labor and materials required for compliance shall be included in **Bid Item No. 1000-1 NPDES Permit, Lump Sum.**

Payment schedule for work under Bid Item No. 1000-1 will be as follows: The first payment will be thirty (30) percent on the initial pay request contingent upon acceptance of the Storm Water Pollution Prevention Plan (SWPPP). forty-five (45) percent prorated per month for the remainder of the original contract duration, and twenty-five (25) percent with the final pay request accompanied by proof of submittal of the Stormwater Permit NOT to SWFWMD.

SS-105 CONTRACTOR QUALITY CONTROL GENERAL REQUIREMENTS.

This article is revised as follows:

105-1 General

105-1.1 Quality Control Documentation

The following is added:

References to the "Department" shall refer to "Pasco County Transportation Engineering".

105-1.1.2 Deleted. All references to data input into the FDOT Database are deleted throughout this section.

105-1.1.3 Worksheets

The following is added at the end of this subarticle:

Where references are made to documentation, the Contractor may elect to utilize FDOT forms for reporting or submit alternate procedures to the PROJECT MANAGER for review and approval before construction commences. FDOT forms are available at https://pdl.fdot.gov/

105-1.2.1 Inspections to Assure Compliance with Acceptance Criteria

The following paragraph is added:

The COUNTY may conduct, at its own expense, any testing beyond that specified that it deems necessary to ensure the level of quality dictated by the Contract Documents. The CONTRACTOR shall reimburse the cost of any test performed by the COUNTY on material fails to meet the specifications.

105-2 Additional Requirements for Lump Sum Projects

Deleted.

105-3 Quality Control Program

Insert the following after the first paragraph:

Utilize Producers and Personnel pre-qualified by FDOT. Should a Producer or Personnel lose FDOT qualification suspend the affected production or construction operation, Notify the PROJECT MANAGER and do not resume operations until the Producer is re-qualified by FDOT or an alternate pre-qualified Producer is approved by the PROJECT MANAGER. Personnel whose qualification expires or is suspended

by FDOT shall not be employed on the project until the individual is re-qualified by FDOT.

105-4 Producer Quality Control Program

Notwithstanding other references to "Department" meaning "Pasco County Transportation Engineering", requirements of this subsection shall apply. Provide a statement on the Producer's letterhead stating the producer's FDOT plant / facility ID and a statement that all products will be produced in conformance with the requirements of FDOT Specification Section 105.

105-5 Contractor's Quality Control (QC) Plan

105-5.1 General

The text is deleted and replaced by the following:

105-5-1.1 When the Contractor is FDOT qualified, provide a copy of the Contractor's QC Plan and facility ID. Notwithstanding other references to "Department" meaning "Pasco County Transportation Engineering", requirements of this subsection shall apply.

105-5.1.2 When the Contractor is not FDOT qualified, prepare and submit a QC Plan identifying the Items of Work that are included in the contract and state how the Contractor intends to meet the QC requirements.

SS-110 CLEARING AND GRUBBING.

110-3 Selective Clearing and Grubbing.

110-3.2 Trees to Remain: Add the following text to the end of this section:

Any trees and/or shrubbery located within the right-of-way shall be protected and preserved in accordance with the Pasco County Land Development Code unless otherwise indicated in the Plans. Payment for this work shall be included under Clearing and Grubbing.

110-6 Removal of Existing Structures.

The CONTRACTOR shall be responsible for the removal of existing structures within the proposed right-of-way, which have not been removed by the adjacent property owners and are not otherwise addressed in the Contract Documents. Existing Structures to be removed shall include, but not be limited to, signs of any size not covered by other Bid Items, Footings, Foundations, any and all utility connections to the footings or foundations, any and all existing drainage structures or pipes of any type and size, which need to be removed to facilitate the construction of the Project. Payment shall be included under **Bid Item No. 110-1-1 – Clearing and Grubbing.**

110-6.3 Partial Removal of Bridges.
This subsection is deleted.

The following subsection is added:

110-8.1 Removal of Traffic Signs, Signals and Lighting
Coordinate with Pasco County Traffic Operations Division prior to removing existing signs, traffic signal and roadway lighting equipment. Pasco County Traffic Operations will identify those items to be salvaged. Carefully remove, protect, and transport signs and equipment to the location designated by Traffic Operations at no additional cost to the County.

SS 110-10 Miscellaneous Operations

110-10.3 Mailboxes
This paragraph is deleted.

The following article is expanded by the following:

110-10.4 Existing Guardrail
Where no provision for relocation of existing guardrail is provided in the Plans, protect existing guardrail from damage or displacement. Whenever guardrail exists within the limits of construction and construction operations necessitate removal to perform other items of work, the PROJECT MANAGER will direct the Contractor to remove, store and reset the guardrail at the original location or at a location designated by the PROJECT MANAGER.

All costs associated with the removal, relocation, and installation and/or re-installation of fencing in the Project area shall be incidental to the work necessitating removal and resetting guardrail.

110-10.5 Relocating Fences
The CONTRACTOR shall relocate existing fences to the new right-of-way line. Where additional fencing is required, the new fencing shall be the same type and material as that which exists or as designated on the plans. Any fences located within the areas of Temporary Construction Easement (TCE) limits shall be relocated to the edge of the TCE and then relocated to the new right-of-way when construction is completed.

All costs associated with the removal, relocation, and installation and/or re-installation of fencing in the Project area shall be included under **Bid Item No. 110-1-1 - Clearing and Grubbing**.

SS-120 EXCAVATION AND EMBANKMENT.

120-3 Preliminary Soils Investigation.

Add the following text to this section:

The CONTRACTOR shall be responsible for determining to his/her satisfaction prior to the submission of his/her bid, the nature and location of the work, the conformation of the ground, the character and quality of the substrata, the types and quantity of materials to be encountered, the nature of the groundwater conditions, the character of equipment and facilities needed preliminary to and during the execution of the work, the general and local conditions, and all other matters which can in any way affect the work under this Contract. The prices established for the work to be done will reflect all costs pertaining to that work. Any claims for extras based on the substrata or groundwater table conditions will not be allowed.

120-8.3 Hydraulic Method.

This subsection is deleted.

120-10.4 Verification Comparison Criteria and Resolution Procedures

This subsection is revised as follows:

All references to "The State Materials Office (SMO) or an AASHTO accredited laboratory are deleted and replaced by "An AASHTO accredited Laboratory selected by the PROJECT MANAGER.

120-14 Basis of Payment.

120-14.1 General.

Add the following text to this subsection:

Bid quantities are based on the typical sections utilizing a limerock base. There will be no adjustment of plan quantity if the CONTRACTOR requests, and the COUNTY approves, the use of a different base. Partial payments shall be based on calculations to approximate the amount of earthwork performed during the pay period.

SS-125 EXCAVATION FOR STRUCTURES AND PIPE.

125-9 Acceptance Program.

This section is revised as follows:

125-9.1 General Requirements:

The following is added at the end of this paragraph:

Provide (subject to approval by the COUNTY) and maintain a quality control system that provides reasonable assurance that all materials, products, and completed

construction submitted for acceptance meet Contract requirements. The criteria, methods, requirements, and determinations included in such quality control system shall be the responsibility of the CONTRACTOR to provide and implement.

SS-160 STABILIZING.

160-5 Method of Payment (Type B Stabilization).
This article is revised as follows:

The quantity to be paid for will be the measured area, in square yards, completed and accepted.

SS-285 OPTIONAL BASE COURSE.
This article is revised as follows:

SS-285-2 Materials**.**
This subsection is revised as follows:
Only limerock and asphalt are acceptable optional base-course materials.

285-8 Method of Measurement.
This section is deleted and replaced with the following:

The quantity to be paid shall be the actual area, in square yards, of material placed and accepted. There will be no payment for additional square yards of surface area of base due to measured thickness greater than the thickness shown in the plans.

SS-330 HOT BITUMINOUS MIXTURES—GENERAL CONSTRUCTION REQUIREMENTS.

330-2 Quality Control Requirements.

330-2.1 Minimum QC Requirements
This section is revised as follows:

Provide and maintain a quality control system that provides reasonable assurance that all materials, products, and completed construction submitted for acceptance and meet Contract requirements. The criteria, methods, requirements, and determinations included in such quality control system shall be the responsibility of the CONTRACTOR to provide (subject to approval by the COUNTY) and implement.

330-9.4.5 Quality Control Testing.
This subsection is revised as follows:

Provide and maintain a quality control system that provides reasonable assurance that all materials, products, and completed construction submitted for acceptance and meet Contract requirements. The criteria, methods, requirements, and

determinations included in such quality control system shall be the responsibility of the CONTRACTOR to provide (subject to approval by the COUNTY) and implement.

SS-334 SUPERPAVE ASPHALT CONCRETE.

This article is revised as follows:

334-1.1.1 Quality Control

Provide (subject to approval by the COUNTY) and maintain a quality control system that provides reasonable assurance that all materials, products, and completed construction submitted for acceptance and meet Contract requirements. The criteria, methods, requirements, and determinations included in such quality control system shall be the responsibility of the CONTRACTOR to provide and implement.

Quality Control and test result information shall be provided to the County. Asphalt Forms for Quality Control and Verification are available on the FDOT Construction website: https://www.fdot.gov/construction/asphalt/cqcasphaltforms.shtm
Do not enter data into the FDOT database

SS-338 VALUE ADDED ASPHALT PAVEMENT

This section is deleted.

SS-346 PORTLAND CEMENT CONCRETE.

This Article is revised as follows:

346-3 Classification, Strength, Slump and Air Content

346-3.1 General

Table 3 is deleted and replaced by the following:

TABLE 3
Concrete Class, Compressive Strength, and Slump

Class of Concrete	Specified Minimum Strength (28-day) (psi)	Target Slump Value (inches) (c)
Structural Concrete		
I [(a)]	3,000	3 [(b)]
I (Sidewalk) (with polymer fiber)	3,000	3
I (Pavement)	3,000	2
II [(a)]	3,400	3 [(b)]
III [(c)]	5,000	3 [(b)]
III (Seal)	3,000	8
IV [(d) (f)]	5,500	3 [(b)]
IV (Drilled Shaft)	4,000	8.5
V (Special) [(d) (f)]	6,000	3 [(b)]

V [(d) (f)]	6,500	3 [(b)]
VI [(d) (f)]	8,500	3 [(b)]
VII [(d) (f)]	10,000	3 [(b)]

(a) For precast three-sided culverts, box culverts, end walls, inlets, manholes and junction boxes, the target slump value and air content will not apply. The maximum allowable slump is 6 inches, except as noted in (b). The CONTRACTOR is permitted to use concrete meeting the requirements of ASTM C478 4,000 psi in lieu of Class I or Class II concrete for precast end walls, inlets, manholes and junction boxes.

(b) The County Engineer may allow a maximum target slump of 7 inches when a Type F, G, I or II admixture is used. When flowing concrete is used, the target slump is 9 inches.

(c) For a reduction in the target slump for slip-form operations, submit a revision to the mix design to the County Engineer. The target slump for slip-form mix is 1.50 inches.

(d) When precast three-sided culverts, box culverts, end walls, inlets, manholes or junction boxes require a Class III concrete, the minimum cementitious materials content is 470 pounds per cubic yard. Do not apply the air content range and the maximum target slump shall be 6 inches, except as allowed in (b).

346-4 Classification, Strength, Slump and Air Content

346-4.1 Master Proportion Table

Table 4 is deleted and replaced by the following:

TABLE 4
Concrete Master Proportions

Class of Concrete	Specified Total Cementitious Materials Content pounds per cubic yard	Maximum Water to Cementitious Material Ratio pounds pe pounds**
I [(a)]	470	0.53
I (Sidewalk) (with polymer fiber) *	470	0.53
I (Pavement)	470	0.50
II [(a)]	470	0.53
III [(c)]	611	0.44
III (Seal)	611	0.53
IV [(d) (f)]	658	0.41 ***
IV (Drilled Shaft)	658	0.41
V (Special) [(d) (f)]	752	0.37 ***

V [(d) (f)]	752	0.37 ***
VI [(d) (f)]	752	0.37 ***
VII [(d) (f)]	752	0.37 ***

*Polymer Fiber additive shall be added at the rate of 0.75 pounds per cubic yard.

** The calculation of the water to cementitious materials ratio (w/cm) is based on the total cementitious material including cement and supplemental cementitious materials that are used in the mix.

*** When silica fume or metakaolin is used, the maximum water to cementitious material ratio will be 0.35. When the use of ultrafine fly ash is required, the maximum water to cementitious ratio will be 0.30.

346-9 Acceptance Sampling and Testing

346-9.1 General

The fourth paragraph is deleted and replaced by the following:
The QC testing laboratory will provide the compressive strength test results to the PROJECT MANAGER or designee within 24 hours. The QC testing laboratory will notify the Verification testing laboratory within 24 hours of testing the cylinder and provide the Verification testing laboratory with the compressive strength test results. Ensure the compressive strength results are provided to the PROJECT MANAGER or designee within 72 hours of determining the compressive strength of the cylinders.

346-9.2 Sampling Frequency

Table 8 is deleted and replaced by the following:
Set of three (3) cylinders per fifty (50) cubic yards, or one day's production per class, whichever is less.

SS-350 CEMENT CONCRETE PAVEMENT.

350-1.1 Quality Control

Provide and maintain a quality control system that provides reasonable assurance that all materials, products, and completed construction submitted for acceptance meet Contract requirements. The criteria, methods, requirements, and determinations included in such quality control system shall be the responsibility of the CONTRACTOR to provide and implement subject to approval by the COUNTY.

SS-352 GRINDING CONCRETE PAVEMENT.

This article is deleted.

SS-353 CONCRETE PAVEMENT SLAB REPLACEMENT.

This article is deleted.

SS-355 VALUE ADDED PORTLAND CEMENT CONCRETE PAVEMENT.

This article is deleted.

SS-370 BRIDGE APPROACH EXPANSION JOINTS

This article is deleted.

SS-425 INLETS, MANHOLES, AND JUNCTION BOXES.

425-1 Description.

Add the following text to the end of this section:

Constructed elevations for inlets, manholes, and junction boxes shall not vary more than 0.05± feet from the grades as shown on the plans and shall maintain the designated direction of flow.

425-2 ADJUSTMENTS OF EXISTING INFRASTRUCTURE (APPLIES TO FDOT FUNDED PROJECTS ONLY)

The work specified under this section includes the adjustments of existing inlets, valves, signal boxes, meter boxes, manholes, junction boxes, conflict boxes, underdrain inspection boxes, testing ports, cleanouts, shoulder gutter inlets, yard drains, lids, back-of-sidewalk drains, French drain outlets, and similar structures to be raised or lowered to the finished plan grade. The work under this Section must be incidental to the scope allowing for adjustment of existing structures shown as part of the Plans ensuring the covers, rims, grates, lids, or infrastructure is flush with final grade or adjacent elevations (i.e., pavement, sidewalk) and for the satisfactory completion of the work. New infrastructure within the project limits must be constructed in accordance with these specifications, COUNTY Public Infrastructure Branch specifications and details, and Florida Department of Transportation specifications and standard construction details.

The work specified under this Section must include the furnishing and placement of all concrete, reinforcing steel and accessory items, gratings, frames, risers, lids, boxes, covers and any other necessary fittings, and providing plugs and openings in existing structures, as shown in the Plans or as directed by the County Engineer or COUNTY, all forms and false work, all excavation and backfilling around the structure, all labor and materials required to raise incidental infrastructure and restore the work site and affected property and facilities to a condition acceptable to the County Engineer, and the disposal of surplus materials not claimed by the COUNTY. Unless otherwise provided for in the contract documents, all materials disposed of by the CONTRACTOR must be disposed of in areas provided by the CONTRACTOR. All other work must adhere to Section 425 of the FDOT Standard Specifications.

Materials and construction must conform to the requirements of Section 425 of the FDOT Standard Specifications as amended herein, and such additional requirements as may be shown on the Plans, applicable standard drawings of the Pasco County Public Infrastructure Branch, and applicable drawings of the FDOT Standard Plans.

Basis of Payment
The pay quantity for the work specified under this Section to be included under **Bid Item No. 425-2, Adjustment of Existing Infrastructure, Per Each.**

425-3.2 Gratings, Covers and Frames.
The first paragraph is revised as follows:
Use "Alt. G" grates and frames. Provide structural steel grates that are galvanized in accordance with the requirements of ASTM A123.

425-7.7 Adjusting Structures.
The following paragraph is added:
Do not alter or modify precast structures without approval of the Engineer of Record.

SS-430 PIPE CULVERTS.

430-11 Method of Measurement
This section is revised as follows:

430-11.1 New Pipe Installed by Excavation
The quantity of storm and cross drainpipes, storm drain trench, side drain and gutter drainpipe, installed by pipe culvert optional material - excavation or trenching, to be paid for will be measured, in place as constructed and accepted from the inside wall of the structure as shown in the Plans, along the centerline of the pipe.

430-11.2 New Pipe Installed by Jack & Bore:
The quantity of storm and cross drainpipes, storm drain trench, side drain and gutter drainpipe, installed by Pipe Culvert Optional Material - Jack & Bore, to be paid for will be the plan quantity, in place and accepted. The measurement and payment will be the plan quantity length of the casing or carrier pipe installed by jack & bore. Carrier pipe installed through/inside the casing is paid for as pipe culvert optional material – excavation or trenching.

SS 452 PRECAST SEGMENTAL BRIDGE CONSTRUCTION
This article is deleted.

SS 458 BRIDGE DECK JOINTS
This article is deleted.

SS 461 MULTIROTATIONAL BEARINGS

This article is deleted.

SS 462 POST TENSIONING

This article is deleted.

SS 502 SHEAR CONNECTORS

This article is deleted.

SS 504 STEEL GRID FLOORS

This article is deleted.

SS 506 BRIDGE DRAINAGE SYSTEMS

This article is deleted.

SS 510 NAVIGATION LIGHTS FOR FIXED BRIDGES

This article is deleted.

SS-520 CONCRETE GUTTER, CURB ELEMENTS, AND TRAFFIC SEPARATOR.

520-11 Method of Measurement.

This section is revised as follows:

For curb or curb and gutter, the quantity to be paid will be the quantity, in feet, measured along the face of the completed and accepted curb or curb and gutter. Curb for sidewalk curb ramps or driveways will be paid at the Contract unit price for the adjacent curb type.

For valley gutters or shoulder gutters, the quantity to be paid will be the quantity, in feet, measured along the gutter line of the completed and accepted valley gutter or shoulder gutter.

For concrete traffic separator of constant width, meeting the requirements of FDOT Standard Plans, Index 520-020, the quantity to be paid will be the quantity, in feet, measured along the center of its width, completed, and accepted, including the length of the nose.

For concrete traffic separator of nonstandard or varying width, the quantity to be paid will be the quantity, in square yards, completed and accepted.

Basis of Payment

The pay quantity for the work specified under this Section to be included under Bid Item No. 520-1-10, Concrete Curb and Gutter, Type F, per linear foot.

SS-521 CONCRETE BARRIERS, TRAFFIC RAILING BARRIERS AND PARAPETS.

521-8 Method of Measurement.
This section is revised as follows:

The quantity to be paid for under this Section will be the quantity, in feet, completed and accepted. The quantity will be measured along the top of the rigid barrier from beginning to end station, including transitional and end sections, with no deduction for expansion joints or open joints.

SS 522 CONCRETE SIDEWALK AND DRIVEWAYS
This section is revised as follows:

522-2 Materials

522-2.1 Concrete: Use concrete meeting the requirements of Section 346.

522-2.2 Reinforcement: For all steel reinforcement required by the Plans, meet the requirements of Section 415.

522-2.3 Joint Materials: Meet the requirements of Section 932.

52210 Method of Measurement
The quantity to be paid will be the area, in square yards, completed and accepted. Ramps, reconstructed sidewalks, walk around sidewalks, sidewalk landings, sidewalk curbs, and driveways will be included in the area to be paid.

SS-523 PATTERNED / TEXTURED PAVEMENT.
This article is deleted.

SS-525 ASPHALT CONCRETE CURB.
This article is deleted.

SS-526 ARCHITECTURAL PAVERS.
This article is deleted.

SS-534 SOUND BARRIERS.
This article is deleted.

SS-550 FENCING.

550-5.1 Method of Measurement - **General.**
This subsection is deleted and replaced with the following:

The quantities to be paid for under this section shall be the number of gates and the length of each type of fence constructed and accepted, including corner pull

and end-post assemblies constructed. In addition, no extra payment will be made for any additional lengths of post that are necessary for the crossing of depressions in accordance with 550-4.4.3, muck areas, or other areas of inadequate support for a post of standard length.

550-6.2 Payment for Extra-Length Posts

This article is deleted.

SS-570 PERFORMANCE TURF (MATCH EXISTING SOD)

This article is revised as follows:

570-1 Description

Establish a growing, healthy turf over all areas designated in the Plans. Use sod in areas designated in the Plans to be sodded. Use seed, hydroseed, bonded fiber matrix, or sod in all other areas. Perform mowing and litter removal in accordance with Section 107. Maintain turf areas until final acceptance of all contract work. The pay quantity for the work specified under this Section to be included under Bid Item No. 570-1-2, Performance Turf, Sod, per square yard.

570-5 Responsible Party

For the purposes of this Specification, the CONTRACTOR shall be the responsible party throughout construction and establishment periods. Upon final acceptance of the Contract, the CONTRACTOR'S responsibility for maintenance of all the work or facilities within the project limits of the Contract will terminate in accordance with Section 107; with the sole exception that the facilities damaged due to lack of established turf and the obligations set forth in this Specification for performance turf shall continue thereafter to be responsibility of the CONTRACTOR as otherwise provided in this Section.

570-6 Disputes Resolution

The text is deleted and replaced by the following:
The CONTRACTOR and the COUNTY acknowledge that use of binding mediation is required and the determinations of the Mediator for disputes arising out of the performance turf specification will be binding on both the CONTRACTOR and the COUNTY, with no right of appeal by either party, for the purposes of this Specification.

Any and all mediation shall be in accordance with General Condition 22 – Dispute Resolution.

570-7 Failure to Perform

This article is deleted.

570-8 Method of Measurement.

This section is deleted and replaced with the following:

The quantity of Performance Turf to be paid for under this section shall be the area in square yards of turf satisfactorily installed and accepted.

SS-700 HIGHWAY SIGNING.

700-2.1 Ground Mounted Signs.

This article is revised as follows:

700-2.1.1 Materials.

Provide steel flanged U-channel or square tube steel meeting the mechanical requirements of ASTM A499, Grade 60. For each U-channel or square tube, punch or drill 3/8-inch diameter holes on 1-inch centers through the center of the post, starting approximately 1 inch from the top and extending the full length of the post. Ensure that the weight per foot of a particular manufacturer's post size does not vary more than plus or minus 3.5% of its specified weight per foot. Taper the bottom end of the post for easier installation. Machines straighten the U-channel to a tolerance of 0.4% of the length. Use only non-corrosive metal, aluminum, or galvanized steel attachment hardware. Sign systems shall be one of the products listed on the FDOT Approved Products List (APL).

All post systems, mounting brackets, and hardware shall be a type currently in use by the DEPARTMENT and currently approved by FDOT for use in the State of Florida.

Meet the requirements of FDOT Standard Plan 102-600 for installation of static ground mounted signs. When the Plans require structural steel sign supports, meet the requirements of the Plans and FDOT Standard Specification 962.

Add the following section:

700-7 Certification of Materials.

All traffic-control devices and materials shall be on the current FDOT Approved Products List (APL). Proof of certification is required for all traffic-control devices. A Traffic-Control Device Submittal Data Form shall be submitted for approval prior to the installation of any traffic-control device. No traffic-control device shall be installed until the COUNTY Traffic Operations Division has approved the certification submittal. These forms are available from the COUNTY Traffic Operations Division.

SS-911 LIMEROCK MATERIAL FOR BASE AND STABILIZED BASE.

911-2 Materials.

911-2.1.1 Approval of Material

Add the following text at the end of this section:

All limerock material shall originate from a certified FDOT quarry. The limerock material shall be supplied from a currently certified stockpile from the FDOT quarry. A certification stamp must appear on the tickets supplied to the PROJECT MANAGER prior to the placement of the material. The COUNTY reserves the right to split samples with the supplier's quality control, testing laboratory at the point of production.

SS-934 NON-SHRINK GROUT.

934-3 Sampling and Testing Methods.

Add the following text to the end of this section:

Testing will be carried out using samples of actual job materials mixed according to manufacturer's recommendation.

934-5 Product Acceptance on the Project.

This article is revised as follows:

Non-shrink grout used shall be one of the products listed on the FDOT Approved Product List (APL). Manufacturers seeking evaluation of their product shall submit an application in accordance with FDOT Standard Specification Section 6. Acceptance will be made in accordance with the products listed on the APL.

END OF SUPPLEMENTAL SPECIFICATIONS – DIVISION II

C. PROJECT-SPECIFIC CONDITIONS (cont.)

SPECIAL PROVISIONS

SP-1 PROJECT INTENT AND CONTRACT SCOPE

Construct diagonal span wire configuration with either concrete or steel strain poles for the existing Plantation Palms Blvd and Collier Pkwy intersection. The Project items and other associated work shall be in accordance with the Contract Documents and as directed by the PROJECT MANAGER.

SP-2 FUEL AND BITUMINOUS ADJUSTMENTS

SCOPE OF PAYMENTS – There shall be no price adjustments for Fuels or Bituminous Materials.

SP-3 CONSTRUCTION SCHEDULE PROGRESS MEETINGS

The PROJECT MANAGER will chair weekly construction schedule progress meetings. The general purpose of these meetings will be to coordinate the various operations in progress, review and update the status of the Schedule, plan future operations, update all utility relocations, resolve conflicts, and address other issues as necessary. It is required that the PROJECT MANAGER and the CONTRACTOR'S superintendent be present at these meetings. Payment shall be included in the other bid items in the Contract.

SP-4 UTILITIES

The CONTRACTOR is advised that there are utilities located within the right-of-way that may need to be removed, adjusted and/or relocated during construction. The CONTRACTOR shall cooperate and coordinate with the utility owners and their work during the period of construction.

SP-5 ENGINEERING AND LAYOUT

The CONTRACTOR shall retain a registered Professional Surveyor and Mapper licensed in the State of Florida (CONTRACTOR'S Surveyor) to establish all centerlines, base lines, horizontal and vertical control for all structures, roads, pipelines, and facilities, and set benchmarks as necessary to establish the basic layout. The CONTRACTOR'S Surveyor shall be responsible for developing all detail surveys needed for construction, such as slope stakes, batter boards, stakes for pipe locations, utility locations, and other working points, lines, elevations, and cut sheets. The CONTRACTOR shall furnish the necessary labor and materials to accurately layout the work and set the required elevations from the information indicated and shall utilize the CONTRACTOR'S Surveyor for all detailed surveys needed for construction.

Prior to the start of construction, the CONTRACTOR'S Surveyor shall stake the right-of-way. At a minimum, staking shall be at 100-foot intervals and at all changes in right-of-

way width or direction. Station numbers (e.g., 50+00) shall be painted on the stakes and shall be maintained in legible condition by the CONTRACTOR until final acceptance of the Project. All survey baseline control points must be referenced outside the limits of construction and a copy of field notes submitted to the COUNTY Surveyor prior to the start of construction.

The dimensions for lines, elevations, and grades for structures and appurtenances are indicated in the plans, together with other pertinent information required for laying out the work.

If site conditions vary from those indicated on the plans, the CONTRACTOR shall notify the PROJECT MANAGER immediately of such variations. The PROJECT MANAGER shall then make adjustments to the plans as may be required. The location and elevation of the benchmarks are shown in the plans. The CONTRACTOR'S Surveyor shall check all benchmarks shown on the plans and notify the PROJECT MANAGER of any discrepancies prior to the start of construction.

The CONTRACTOR'S Surveyor shall provide the PROJECT MANAGER with all original field notes used and generated during the construction of the Project. All notes shall be kept in bound field books supplied by the COUNTY. All survey notes taken for the "As- Built" Drawings shall also be contained in bound field books. The COUNTY shall provide two (2) field books to the CONTRACTOR'S Surveyor. Additional field books shall be provided, if necessary, within forty-eight (48) hours of receipt of a written request. The field books shall be returned to the COUNTY prior to the final acceptance of the Project.

The CONTRACTOR shall also be responsible for all property monuments, geodetic survey control points, and points shown on the plans with State plane coordinates. The CONTRACTOR shall, at his/her own expense, utilize the CONTRACTOR'S Surveyor to set such markers. All geodetic control points and monuments with State plane coordinates shall be re-established using standard GPS methods acceptable within the industry. Monumentation of same shall be by a method approved by the COUNTY Surveyor. After the Project is constructed, the CONTRACTOR'S Surveyor shall monument the right-of- way unless excused, in writing, by the COUNTY Surveyor’s office. Monuments for the right-of-way shall be approved by the COUNTY Surveyor’s office for installation and location and shall be concrete monuments.

A boundary survey drawing must be prepared in accordance with Chapter 5J-17, Florida Administrative Code, by the CONTRACTOR’S Surveyor.

The CONTRACTOR'S Surveyor shall be available during normal hours (e.g., 8:00am – 5:00pm) to assist the PROJECT MANAGER, when required, in checking lines and elevations in the CONTRACTOR'S layout and for measuring quantities for payment purposes as the work proceeds. The CONTRACTOR shall cooperate with the PROJECT MANAGER so that the checking and measuring may be accomplished with the least interference to the CONTRACTOR'S operations. The CONTRACTOR'S Surveyor shall

provide the PROJECT MANAGER with survey assistance for subsoil excavation quantities and other Project quantities as required by the PROJECT MANAGER.

Field Monumentation shall be performed by the CONTRACTOR'S Surveyor. Where monuments do not already exist, the CONTRACTOR'S Surveyor shall set 5/8" capped (per Chapter 5J-17 F.A.C.) iron rods, 24" in length, set along the entire right-of-way line, both sides of the right-of-way, at all changes in direction for the length of the Project. Monumentation shall be no farther apart than 1,000 feet unless approved by the COUNTY Surveyor, only right-of-way owned by the COUNTY in fee shall be monumented, not easements.

All costs associated with this work including but not limited to construction layout, survey, staking the right-of-way, maintenance of the stakes and monumentation by the CONTRACTOR'S Surveyor shall be incidental to the Contract and included in the other bid items in the Contract.

SP-6 SECTION-CORNER BOX

The CONTRACTOR shall furnish and install a section-corner box at each section-corner monument or quarter-section-corner monument with the Project work area prior to the application of the asphaltic-concrete surface course. In the event that a section-corner or quarter section-corner is not located within the boundary of the Project, a minimum of two (2) monuments inside boxes shall be set as directed by the COUNTY Surveyor. The COUNTY Surveyor shall be notified forty-eight (48) hours prior to the installation of the section-corner boxes. If the section or quarter section-corner monuments are destroyed during construction, the CONTRACTOR shall furnish and install a new monument as established by GPS methods and certified as to State plane coordinates by the CONTRACTOR'S Surveyor. The section-corner box shall be an adjustable monument box. The existing monuments must be referenced outside the construction limits and a copy of the field notes submitted to the COUNTY Surveyor prior to the start of construction. All costs associated with this work shall be incidental to the Contract and included in the other bid items in the Contract.

SP-7 TRAFFIC SIGNALS

The CONTRACTOR is advised that the locations of the traffic signal pole foundations might need to be adjusted depending on the actual field conditions. The CONTRACTOR shall provide for such actual field conditions and set the traffic signal pole foundations in locations approved by the COUNTY Traffic Operations Engineer.

SP-8 PERMIT COORDINATION

Act as the Permit Coordinator to prepare, submit and gain approval for a Right-of-Way Use Permit, National Pollutant Discharge Elimination System (NPDES) FDEP, and any other regulatory requirements as outlined within the solicitation package.

SP-9 MAINTENANCE OF TRAFFIC PLAN

Prepare, submit, and gain approval for a project specific Maintenance of Traffic (MOT) plan (latest edition) based on the latest edition of the Florida Department of Transportation (FDOT)'s Standard Plans for Road and Bridge Construction, and the Manual on Uniform Traffic Control Devices (MUTCD) latest edition. This MOT Plan shall be signed and sealed by a Professional Engineer.

SP-10 MAINTENANCE OFTRAFFIC

A. Lane Closures.

Lane closures shall not be permitted during the hours of 6:00 AM to 9:00 AM and 4:00 PM to 7:00 PM. Lane closures within any school zone or within 500 feet of any school zone shall not be permitted from one (1) hour before to one (1) hour after the starting and ending times for school. All lane closures shall be properly signed and barricaded in accordance with FDOT Standard Plans or the Temporary Traffic Control Plan. Variable message signs shall be used to advise motorists of the lane closures. The CONTRACTOR shall notify all emergency, law enforcement, and rescue agencies operating in the vicinity of the Projecttwenty-four (24) hours in advance of the proposed lane closures or restrictions. The CONTRACTOR shall, at the direction of the PROJECT MANAGER, open any temporary lane closure causing extended traffic congestion, until traffic has returned to an acceptable flow as judged by the PROJECT MANAGER.

The CONTRACTOR shall exercise caution while relocating existing signs or installing new signs to prevent unnecessary damage to the signs or existing infrastructure. If the signs are damaged beyond use, as determined by the PROJECT MANAGER, signs will be replaced at the CONTRACTOR'S expense. The CONTRACTOR shall maintain at least two (2) lanes of traffic throughout the duration of the Project as indicated on the County Right-of-Way Use Permit (as applicable).

Temporary markings shall be installed immediately when required. Temporary Reflectorized Pavement Markers (RPM) shall be installed with all temporary lane lines. Maintenance of Traffic shall include all temporary pavement markings required prior to installation of permanent pavement markings.

Drop-offs.
The CONTRACTOR shall not have drop-offs greater than four (4) inches adjacent to any travel lane; therefore, the asphalt base shall be installed by the end of the working day without a drop-off greater than three (3) inches. The CONTRACTOR is referred to the FDOT Standard Plans No. 102 series.

It will be the responsibility of the CONTRACTOR to prepare maintenance of traffic plans and submit for a Pasco County right-of-way use permit.

B. Road Closures

The CONTRACTOR shall maintain at least two (2) lanes of traffic throughout the duration of the Project as indicated on the County Right-of-Way Use Permit (as applicable).

The CONTRACTOR shall maintain access to all adjacent properties and streets at all times. Except when written permission is given by the COUNTY, no road or street intersecting the Project shall be blocked or unduly restricted.

No street closing shall be made without the COUNTY'S written approval. The CONTRACTOR shall notify the Fire Department, Police Department, Florida Highway Patrol, COUNTY Traffic Operations Division and COUNTY Emergency Management Division before and after the closing of any street or portion thereof.

All costs associated with the compliance with this Special Provision shall be included under: **Pay Item 102-1 Maintenance of Traffic – Lump Sum**

SP-11 LAW ENFORCEMENT OFFICERS

FDOT Standard Specification 102-7 Traffic Control Officer is expanded as follows:
The CONTRACTOR shall provide two (2) uniformed, off-duty, law enforcement officers for traffic control: during night operations, and within 600 feet of a signalized intersection and as directed by the PROJECT MANAGER.

All costs associated with the compliance with this Special Provision shall be included under: **Pay Item 102-1 Maintenance of Traffic – Lump Sum**

SP-12 INSURANCE

Include the COUNTY Board of County Commissioners as an additional insured, except for workers' compensation and employers' liability insurance, on the required insurance policies. The CONTRACTOR shall include all costs incurred as a result of this requirement in the appropriate items throughout the contract and no pay item shall appear for these costs.

SP-13 GOPHER TORTOISE SURVEY AND PERMIT. (If needed)

The CONTRACTOR will be responsible for obtaining and hiring a Gopher Tortoise Agent (Agent) registered with the Florida Fish and Wildlife Conservation Commission (FWC) and authorized to conduct a Gopher Tortoise Survey in accordance with the current edition of the Gopher Tortoise Permitting Guidelines (available at http://myfwc.com/license/wildlife/gopher-tortoise-permits/).

The CONTRACTOR will be required to stake the limits of construction or limits of right-of-way, prior to the authorized Agent conducting a Gopher Tortoise Survey. The Authorized Gopher Tortoise Agent will prepare the permit application, submit to FWC for approval, pay any associated fee(s), and obtain approval for a Gopher Tortoise Conservation Permit through the FWC. The authorized Agent will prepare any required exhibits, maps, or necessary materials as part of the permitting process. The CONTRACTOR will be responsible for the Gopher Tortoise Survey, permit application, permit fees, and associated work necessary to obtain and satisfy the requirements of the Gopher Tortoise Conservation Permit.

All costs associated with the compliance with this Special Provision shall be included under:
Pay Item 1000-5 Gopher Tortoise Survey and Permit – Lump Sum

SP-14 GOPHER TORTOISE CAPTURING & COLLECTION. (If needed)
The CONTRACTOR will be responsible for obtaining and hiring a Gopher Tortoise Agent (Agent) registered with the Florida Fish and Wildlife Conservation Commission (FWC) and authorized to capture tortoises through any methods necessary in accordance with the current edition of the Gopher Tortoise Permitting Guidelines (available at http://myfwc.com/license/wildlife/gopher-tortoise-permits/).

The CONTRACTOR and the authorized Agent will be responsible for following all permit requirements and all rules and regulations of the FWC. The CONTRACTOR will be paid based on the actual number of potentially occupied burrows for which relocation activities are required.

All costs associated with the compliance with this Special Provision shall be included under:
Pay Item 1000-6 Gopher Tortoise CAPTURING & COLLECTION – Per Each

SP-15 GOPHER TORTOISE RELOCATION. (If needed)

The CONTRACTOR will be responsible for obtaining and hiring a Gopher Tortoise Agent (Agent) registered with the Florida Fish and Wildlife Conservation Commission (FWC) and authorized to relocate Gopher Tortoises through any methods necessary in accordance with the current edition of the Gopher Tortoise Permitting Guidelines (available at http://myfwc.com/license/wildlife/gopher-tortoise-permits/).

The Gopher Tortoise Relocation work shall commence within 30 days of the completion of the Gopher Tortoise Survey. The CONTRACTOR and the Agent will be responsible for following all permit requirements and all rules and regulations of the FWC. The recipient site shall be approved by FWC.

The CONTRACTOR shall be responsible for all costs involved in the handling, removal, and relocation to an FWC-approved recipient site of all Gopher Tortoises in the Project area in accordance with the FWC Gopher Tortoise Conservation Permit and guidelines. The CONTRACTOR to be responsible for the applicable FWC-approved recipient site costs. The CONTRACTOR will arrange for the payment to the FWC-approved recipient site.

The CONTRACTOR will provide under Bid Item 1000-7 – Gopher Tortoises Relocation, a Per Each unit price for the actual handling, removal, and relocation of Gopher Tortoises to the approved FWC recipient site. The CONTRACTOR will be paid based on the actual number of Gopher Tortoises handled, removed, and relocated from the Project Area to the FWC-approved recipient site.

All costs associated with the compliance with this Special Provision shall be included under:
Pay Item 1000-7 Gopher Tortoise Relocation.

SP-16 NIGHT WORK AND LIGHTING

Roadway, drainage, signing, and pavement marking, and utility work may need to be accomplished at night in order to meet the project schedule, for coordination with construction activities.

During active nighttime operations, furnish, place, and maintain lighting sufficient to permit proper workmanship and inspection. Use lighting with 5 ft-cd minimum intensity. Arrange lighting to prevent interference with traffic or illumination of adjacent property. Provide a light meter to demonstrate the lighting intensity meets or exceeds the minimum requirement. Lighting may be accomplished by the use of existing streetlights, portable floodlights, equipment lights, temporary streetlights, or other lighting methods approved by the County Engineer. Submit lighting plans on standard 11" x 17" sheets with a scale of either 100 or 50 feet to 1 inch. Do not start night work without authorization of the County Engineer. Include costs for lighting in the contract prices for the various items of work.

All costs associated with the compliance with this Special Provision shall be included in the various work items.

SP-17 SOILS REPORTS

Any soil report(s) for the Project will be available to Bidders for review in the offices of the COUNTY Transportation Engineering Department, Project Management Division Offices, 5418 Sunset Road, New Port Richey, FL 34652-3617.

This report is made available to prospective bidders for general information only and no warranty is made, either expressed or implied, regarding their accuracy or factual depiction of conditions.

SP-18 PRE AND POST CONSTRUCTION VIDEO

The CONTRACTOR shall provide a professionally recorded, color video showing the pre-construction site and the site upon completion of construction. The CONTRACTOR shall provide the video in .mp4 format on a USB storage device. The videos must show pertinent, physical features, including existing structures located adjacent to the right-of-way, along the entire centerline of construction. One (1) copy of the preconstruction video(s) shall be furnished to the PROJECT MANAGER prior to the start of construction, and One (1) copy of the post-construction video(s) shall be furnished to the PROJECT MANAGER with the final application for payment. The video(s) shall be labeled at the beginning of the video and on a label attached to a USB storage device with the date, project name, location, and a brief description of the video. The person taking the video shall sign the video log. A representative of the COUNTY shall be present when the videos are recorded.

All costs associated with the preparation of these videos shall be included under: **Pay Item 1000-19 Pre and Post Construction Videos**

SP-19 AERIAL PROGRESS PHOTOGRAPHS

The CONTRACTOR shall provide monthly photograph(s) of areas of active work within the project at an altitude of at least 100'. The aerial photos shall be full color and high resolution (minimum of 300 DPI (dots per inch)). The photos shall be submitted in .jpg format, with the date, station or location, and direction labeled on each photo.

The aerial photos and a brief status report (2-3 sentences) of the work activities captured in the photos shall be submitted together with each application for payment, and the absence of aerial photos or status report shall be deemed sufficient cause for rejection of an application for payment.

The CONTRACTOR shall provide the PROJECT MANAGER photo documentation of unusual conditions, utility and other conflicts, and any condition anticipated to result in a request for additional time or contract change.

The CONTRACTOR shall use a file naming configuration that organizes the photos chronologically (example: YYYYMMDD supplemented with a brief description, if appropriate.)

All costs associated with the preparation of construction photographs shall be included under: **Pay Item 1000-20 Progress Photographs**

SP-20 CONTRACTOR'S WEEKLY REPORT OF CONSTRUCTION

CONTRACTOR shall maintain daily records and submit them to the COUNTY as a Weekly Report of Construction. Deliver the report to the PROJECT MANAGER no later than 9:00am of the Monday following the report week. Include the following in the report:

- Day of week
- date
- CONTRACTOR name
- County Project Number
- Report Number
- Summary of Work in progress, segregated by Contractor and Subcontractor Details of Work accomplished including quantities of Work constructed.
- Summary of equipment working and location of work
- Summary of manpower by work element and Contractor/ subcontractor
- Receipt of major equipment or materials Documentation of Quality Control Testing by type and location
- Copies of Quality Control Test Results.

All costs associated with the compliance with this Special Provision shall be included in the various work items.

SP-21 CRANES AND DERRICKS

THE CONTRACTOR shall comply with OSHA Rule (29 CFR Part 1926 Subpart CC) regarding Cranes and Derricks in Construction, available at https://www.osha.gov/laws-regs/regulations/standardnumber/1926. The CONTRACTOR shall contact the electric provider(s) to obtain all voltages for the energized lines.

All costs associated with the compliance with this Special Provision shall be included in the related work items.

SP-22 WORK IN VICINITY OF SCHOOLS

CONTRACTOR and SUBCONTRACTOR employees shall not access school property or interact with students without prior authorization from the Pasco County School Board. Authorization may require employee background checks meeting the requirements of the Pasco County School Board and Florida Statutes. CONTRACTOR shall coordinate all construction work activities in the vicinity of schools with the school officials to mitigate any impact to the students during entrance and exit school times.

SP-23 RECORD (AS-BUILT) DRAWINGS

SP-23.1 During the entire construction, the CONTRACTOR shall maintain records of all deviations from the plans and specifications and shall submit those deviations to the PROJECT MANAGER in the form of Record Drawings ("As-Built" Drawings). The "As-Built" Drawings shall be initiated at the Notice to Proceed and shall be updated at least every seven (7) days (or as frequently as necessary to capture the necessary information) throughout the Contract duration. The CONTRACTOR shall engage the services of a Florida-registered Professional Surveyor and Mapper (CONTRACTOR'S Surveyor) to prepare the "As-Built" Drawings. The "As-Built" Drawings shall be developed in accordance with Florida's Minimum Technical Standards, Chapter 5J-17, Florida Administrative Code. The "As-Built" Drawings shall be developed using the CONTRACTOR'S records of all deviations from the Plans and "As-Built" surveying performed by the CONTRACTOR'S Surveyor.

The "As-Built" Drawings shall be plotted on the plans and/or detail sheets of the Contract Plans. The COUNTY will provide the original CAD files to the CONTRACTOR to allow for the production of the "As-Built" Drawings. As-built information shall be plotted on the base drawings so as to be easily distinguished from the "proposed" plan, boldly denoted as "as- built."

At a minimum, the following information shall be shown on the "As-Built" Drawings:

- Vertical as-built information:
- Final elevations along the profile grade line at least every 100 feet for linear grades and at least every fifty (50) feet along vertical curves.
- Final elevations on the edge of pavement and transitions every 100 feet, with stationing matching as-built elevations on the profile grade line.
- Final elevations of pipe inverts for all manholes and inlets. Final grate or rim elevations for manholes and inlets. Final elevations of inlets for all end walls or mitered end sections. Final elevations and dimensions for pond discharge structures.
- Final elevations of sidewalks every 50 feet and at sidewalk ramps with sufficient points to verify ADA compliance.
- Final elevations for ditch bottoms, pond bottoms, and berms at locations where proposed elevations are given. Horizontal as-built information:
- Horizontal locations (station and offset) confirmed if located per plan and plotted, and denoted if not plotted for all manholes, inlets, mitered end sections, end walls, and pond discharge structures.
- Horizontal locations plotted and denoted for any significant deviation from the roadway's geometric features.
- Horizontal locations and approximate dimensions plotted for constructed driveways.
- Horizontal locations plotted and denoted for signalization poles, pull boxes, and controllers.
- Horizontal locations plotted for power poles. Pond mitigation area as-built information:

"As-Built" Drawings for stormwater management ponds and mitigation areas shall meet the as-built requirements of various environmental permitting agencies issuing permits for the Project. These Contract Documents contain the permits issued for this Project.

SP-23.2 The CONTRACTOR shall deliver to the COUNTY prior to final acceptance or final payment four (4) sets of blue-line "As-Built" Drawings signed and sealed by the CONTRACTOR'S Surveyor. The CONTRACTOR shall also submit one (1) CD or DVD of PDF and CAD files of reproducible "As-Built" Drawings that will bear the name and

Professional Surveyor and Mapper number of the CONTRACTOR'S Surveyor as well as the CONTRACTOR'S Surveyor's company name and address.

SP-23.3 For water and wastewater facilities, meet the requirements for record drawings specified in the COUNTY Utilities Department's Technical Manual for Design and Construction of Water, Wastewater, and Reclaimed Water Facilities, revised February 2021.

SP-23.4 Basis of Payment:

All costs associated with the preparation of "As-Built" Drawings shall be included in **Pay Item 1000-3 RECORD DRAWINGS ("As-Built" Drawings).**

END OF SPECIAL PROVISIONS

C. PROJECT-SPECIFIC CONDITIONS (cont.)

PLANS

CONTRACTOR WILL PERFORM WORK IN ACCORDANCE WITH THE PLANS CREATED BY **COASTAL DESIGN CONSULTANTS, INC,** DATED **07/16/2025**, WHICH AND PLANS ARE ATTACHED HERETO AND INCORPORATED HEREIN BY REFERENCE. THESE PLANS HAVE BEEN WRITTEN TO PROVIDE SPECIFIC REQUIREMENTS FOR THIS PROJECT, **COLLIER PARKWAY (PLANTATION PALMS BLVD AND COLLIER PKWY TRAFFIC SIGNAL)** ONLY.

END OF PLANS

C. PROJECT-SPECIFIC CONDITIONS (cont.)

PERMITS - ATTACHMENT- A

The CONTRACTOR will be required to adhere with all regulatory requirements contained in each permit.

1. Southwest Florida Water Management District
   a. Project Evaluation – Project Exempt
      ERP Exemption
      File Number: 895751
      Date: October 16, 2024

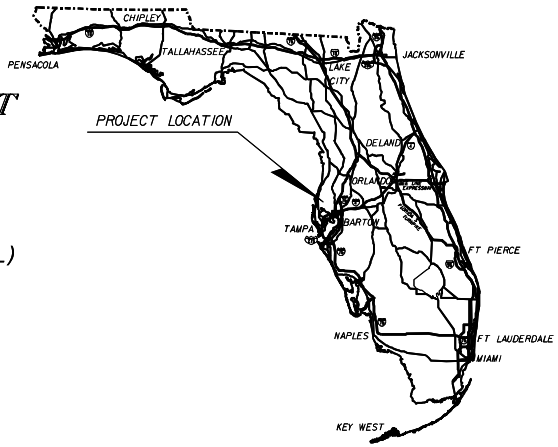
2. Pasco County Right-of-Way Use Permit – The CONTRACTOR is required to submit a Right-of-Way Use Permit per Pasco County Land Development Code (LDC) 406.5. Payment will be made under **Bid Item No. 101-1.**

3. Other Agencies That May Charge Permit Fees or Other Charges to CONTRACTOR (if any):
   - Florida Fish and Wildlife Conservation Commission (FWC)
     - Gopher Tortoise Survey and Permit (if needed/when required)

   - Florida Department of Environmental Protection (FDEP)
     - National Pollutant Discharge Elimination System (NPDES) FDEP Permit

C. PROJECT-SPECIFIC CONDITIONS (cont.)

REPORTS - ATTACHMENT- B



The CONTRACTOR will be required to adhere to the requirements listed in each report, UWS, or testing procedure.

1. Utility Work Schedules or No Conflict
   Spectrum – Date: 05/03/2024 – No Conflict
   TECO Peoples Gas – Date: 11/06/2024 – No Conflict

$DATE$ $TIME$ $FILE$

PAY ITEM FOOTNOTES:

630-2-AB:
INCLUDES DIRECTIONAL BORE FOR MULTIPLE RUNS IN ONE TRENCH. LINEAR FOOTAGE SHOWN ON PLANS ARE FOR LENGTH OF TRENCH. ALL CONDUIT RUNS SHOWN ON THE PLANS ARE SCHEMATIC AND FIELD ADJUSTMENTS MAY BE NECESSARY. WITH THE EXCEPTION OF ELECTRICAL POWER SERVICE DUCTS, JACK AND BORE SLEEVES, AND DIRECTIONAL BORE CONDUITS, ALL UNDERGROUND AND UNDER PAVEMENT CONDUITS SHALL BE SCHEDULE 40 PVC WITH A MINIMUM SIZE OF TWO INCHES UNLESS OTHERWISE SPECIFIED IN THE PLANS. CONDUITS INSTALLED WITH THE DIRECTIONAL BORE METHOD SHALL BE HDPE WITH A MINIMUM SIZE OF 2 INCHES.

632-7-1:
EACH PHASE/MOVEMENT SHALL BE WIRED FROM THE SIGNAL DISPLAY TO THE CONTROLLER AS A SEPARATE PHASE/MOVEMENT. THIS INCLUDES THE LEFT TURN MOVEMENT WHICH SHALL HAVE CONDUCTORS AVAILABLE FOR EITHER PROTECTED OR PERMISSIVE MOVEMENTS. THE CONTRACTOR SHALL VERIFY COLOR CODES FOR SIGNAL CABLE AND INTERCONNECT CABLE WITH THE PASCO COUNTY SIGNAL SHOP BEFORE ORDERING AND WIRE THE SIGNAL IN ACCORDANCE WITH THAT COLOR CODE AND F.D.O.T. SPECIFICATIONS. THERE SHALL BE ONE NEUTRAL PER APPROACH.

639-2-1
THE PAYMENT OF THIS ITEM SHALL BE BASED ON THE LINEAR FOOT OF A SINGLE CONDUCTOR.

646-1-11:
ALUMINUM PEDESTALS SHALL BE MOUNTED ON TRANSFORMER BASE.

649-3A-BCC:
AT LOCATIONS WHERE UNDERGROUND UTILITIES ARE IN CLOSE PROXIMITY TO THE SIGNAL POLE FOUNDATION, AS DETERMINED BY THE ENGINEER, THE CONTRACTOR SHALL HAND DIG THE FIRST FOUR FEET OF THE HOLE FOR THE POLE FOUNDATION. THE CONTRACTOR SHALL CONFIRM THE ABSENCE OF UTILITY CONFLICTS AT EACH POLE LOCATION PRIOR TO ORDERING POLES. ANY POTENTIAL CONFLICTS SHALL BE REPORTED TO THE PROJECT ENGINEER PRIOR TO ORDERING POLES.

653-1-11
PEDESTRIAN SIGNALS SHALL BE COUNTDOWN WITH OVERLAY/FILLED/FILLED HAND AND PEDESTRIAN SYMBOLS, AND SHALL BE FDOT APPROVED PRODUCT.

663-1-110
EMERGENCY PRE-EMPTION VEHICAL DETECTION UNIT ITEM SHALL INCLUDE DETECTORS AND ALL OTHER COMPONENTS, HARDWARE, INTERFERENCE PANELS, WIRING, ETC. TO PROVIDE A FULLY FUNCTIONAL SYSTEM AND SHALL BE COMPATIBLE WITH THE PASCO COUNTY SYSTEM. THE CONTRACTOR SHALL COORDINATE WITH THE MAINTAINING AGENCY FOR UNIT ACCEPTANCE AND SHALL BE LISTED IN THE FDOT APPROVED PRODUCT LIST.

665-1-11:
SHALL INCLUDE ADDITIONAL COST OF LABOR AND MATERIALS REQUIRED FOR INSTALLATION OF PEDESTRIAN SIGNAL SIGN FTP-688-06.

670-5-ABC:
THE CONTROLLER AND CABINET ASSEMBLY SHALL BE PER NOTE 3 UNDER "TRAFFIC SIGNAL CONTROLLER SPECIFICATIONS".

670-5-ABC:
THE CONTRACTOR SHALL NOTIFY THE PASCO COUNTY SIGNAL SHOP AT LEAST 48 HOURS IN ADVANCE OFRUNNING ON A NEW OR MODIFIED CONTROLLER CABINET ASSEMBLY. CABINET DOOR SHOULD OPEN AWAY FROM TRAFFIC. THE TECHNICIAN SERVICE SLAB SHALL BE A MAXIMUM OF 4" BELOW THE TOP OF THE CONCRETE PAD. THE CONTROLLER SHALL BE HOUSED IN A TYPE "V" CABINET. THE CABINET SHALL INCLUDE AN EIGHT PHASE BACKPLATE WITH A MINIMUM OF 16 POSITIONS ON THE LOAD BAY AND SHALL INCLUDE ADDITIONAL COST OF LABOR, CONCRETE, AND OTHER MATERIALS FOR CONTROLLER BASE, PAD, AND STEPS, AS ONE UNIT.

682-1-40:
INCLUDES POLE, MOUNTING HARDWARE, CABLING, CAMERA, AND POWER SUPPLY.

685-1-13
THE UNINTERRUPTED POWER SUPPLY UNIT (UPS) SHALL BE HOUSED IN A SEPERATE ENCLOSED CABINET OR IN A TRAFFIC SIGNAL CABINET WHICH IS DESIGNED TO HOUSE THE UPS ASSEMBLY IN ADDITION TO THE TRAFFIC SIGNAL CONTROL EQUIPMENT. IF A SEPERATE CABINET IS REQUIRED, THIS PAY ITEM SHALL INCLUDE THE CABINET TO HOUSE THE UPS ASSEMBLY. THE TRAFFIC SIGNAL CABINET CONCRETE BASE SHALL BE LARGE ENOUGH TO SUPPORT THE TRAFFIC SIGNAL CABINET AND THE UPS CABINET. PAYMENT FOR ADDITIONAL CONCRETE BASE, INCLUDING LABOR AND MATERIALS, SHALL BE INCLUDED IN THE TRAFFIC CONTROLLER ASSEMBLY PAY ITEM NUMBER. THE CONTRACTOR SHALL COORDINATE WITH THE PASCO COUNTY SIGNAL SHOP FOR SPECIFICATIONS. THE UPS UNIT SHALL BE OF THE SAME MAKE AND MODEL AS IS CURRENTLY BEING USED BY THE MAINTAINING AGENCY.

700-5-22
SHALL BE L.E.D. EDGE LIT AND SHALL BE LISTED IN THE FDOT APPROVED PRODUCTS LIST. SHOP DRAWINGS FOR INTERNALLY ILLUMINATED STREET NAME SIGNS MUST BE SUBMITTED TO THE PASCO COUNTY TRAFFIC OPERATIONS DIVISION FOR APPROVAL PRIOR TO ORDERING. CONNECT INTERNALLY ILLUMINATED STREET NAME SIGNS TO DEDICATED 15 AMP CIRCUIT BREAKER LOCATED INSIDE THE CONTROLLER CABINET.
SHALL INCLUDE PROPERLY DESIGNED AND SIZED ADJUSTABLE HANGERS, BRACKETS, CLAMPS, AND ALL MISCELLANEOUS HARDWARE NECESSARY TO INSTALL THE SIGNS AS SHOWN IN THE PLANS.

GENERAL NOTES:

1. THE SIGNAL INSTALLATION SHALL BE IN ACCORDANCE WITH THE LATEST VERSIONS OF THE FDOT "STANDARD SPECIFICATIONS FOR ROAD AND BRIDGE CONSTRUCTION", FDOT "ROADWAY AND TRAFFIC DESIGN STANDARDS", FDOT "MINIMUM SPECIFICATIONS FOR FOR TRAFFIC CONTROL SIGNALS AND DEVICES", AND "MANUAL OF UNIFORM TRAFFIC CONTROL DEVICES" EXCEPT AS SPECIFIED HEREIN.

2. THE LOCATIONS OF UTILITIES SHOWN ON THE PLANS ARE APPROXIMATE. PRIOR TO DIGGING, THE CONTRACTOR SHALL DETERMINE THE EXACT LOCATIONS OF ALL UTILITIES. THE CONTRACTOR SHALL NOTIFY THE "SUNSHINE STATE ONE CALL" NOTIFICATION CENTER NOT LESS THAN 48 HOURS, NOR MORE THAN FIVE DAYS IN ADVANCE OF ANY OF THE CONTRACTOR'S WORK ACTIVITY WHICH MAY IMPACT ANY UTILITY FACILITY. CALL "SUNSHINE STATE ONE CALL" AT (800) 432-4770. IT WILL BE THE CONTRACTOR'S SOLE RESPONSIBILITY FOR HAVING UNDERGROUND CABLE AND UTILITIES LOCATED AND IDENTIFIED BY PROPER AUTHORITIES AT CONSTRUCTION SITES.

3. ONE WEEK PRIOR TO THE TRAFFIC SIGNAL INSTALLATION, THE CONTRACTOR SHALL CONTACT:

A) MR. VENKAT VATTIKUTI, TRAFFIC OPERATIONS MANAGER
PASCO COUNTY TRAFFIC OPERATIONS DIVISION
7536 LITTLE ROAD
NEW PORT RICHEY, FLORIDA 34654
PHONE: (727) 847-8139

4. PRIOR TO ALL TRAFFIC SIGNAL CHANGES (I.E., MAINTENANCE OF TRAFFIC CHANGES, NEW SIGNAL INSTALLATIONS, DIFFERENT PAVEMENT CONFIGURATIONS, ETC.), CONTACT VENKAT VATTIKUTI AT (727)847-8139 FOR IMPLEMENTATION OF APPROPRIATE SIGNAL TIMINGS.

5. THE CONTRACTOR SHALL CONTACT THE LOCAL POWER COMPANY FOR THEIR ASSISTANCE IN PERFORMING ALL NECESSARY WORK UNDER POWER LINES. SUCH WORK SHALL INCLUDE, BUT NOT BE LIMITED TO THE INSTALLATION OF SPAN WIRE, SIGNAL CABLE, FIBERGLASS INSULATORS, AND/OR SIGNAL POLES.

6. THE CONTRACTOR SHALL SUBMIT THE AS-BUILT PLANS TO THE ENGINEER FOR APPROVAL PRIOR TO 48 HOUR TEST. UPON 48 HOUR TEST, THE ENGINEER SHALL PROVIDE AT LEAST ONE COPY OF THE FINAL AS-BUILT PLANS TO PASCO COUNTY.

7. THE SIGNAL SHALL FLASH FOR A MINIMUM OF 48 HOURS BEFORE PLACING INTO FULL OPERATION. FLASHING OPERATION SHALL START ON A MONDAY, TUESDAY OR WEDNESDAY. HOWEVER, THE FLASHING OPERATION SHALL NOT START ON THE DAY PRECEDING A HOLIDAY.

8. THE SIGNAL SHALL BE PLACED IN FULL OPERATION ON A MONDAY, TUESDAY OR WEDNESDAY, BUT SHALL NOT BE PLACED IN FULL OPERATION ON THE DAY PRECEDING A HOLIDAY.

9. DURING TRAFFIC SIGNAL FLASHING OPERATION, THE RED ARROW INDICATION OF ALL 3-SECTION LEFT-TURN HEADS SHALL BE THE FLASHING INDICATION DISPLAYED.

10. SIGNAL TO BE MAINTAINED BY PASCO COUNTY.

PASCO COUNTY TRAFFIC OPERATIONS DIVISION
TRAFFIC SIGNAL CONTROLLER SPECIFICATIONS AND STANDARD PLAN NOTES
MAST ARM WITH VIDEO DETECTION
REV. 7, MARCH 23, 2012

1) A MANDATORY PRE-SIGNALIZATION MEETING SHALL BE HELD PRIOR TO START OF THE PROJECT. ALL MATERIAL SUBMITTALS SHALL BE PROVIDED AT THE MEETING.

2) ALL CONTROLLER AND CABINET ASSEMBLIES SHALL BE IN ACCORDANCE WITH PASCO COUNTY SPECIFICATIONS 04-001 AND 04-002.

   1. ALL CABINET ASSEMBLIES SHALL BE NEMA TS2 TYPE 1 UNLESS OTHERWISE SPECIFIED.

   2. SCATS ADAPTIVE SYSTEM REQUIRES 2070 OR 2070N CONTROLLERS WITH PROPER SOFTWARE. THE COST OF ANY SCATS SOFTWARE FOR THE CONTROLLER AND THE COST OF THE 2070 CONTROLLER PERSONALITIES SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR.

   3. FOR ALL ISOLATED AND OTHER CLOSED LOOP APPLICATIONS, THE CONTROLLER SHALL BE NEMA CONTROLLER WITH "ABC" CONNECTORS AND BUSS COMMUNICATIONS AND BE COMPATIBLE WITH THE EXISTING SYSTEM SOFTWARE.

   4. FOR CLOSED LOOP SYSTEMS, VERIFY CONTROLLER AND COMMUNICATIONS TYPE WITH PASCO COUNTY. IF SPREAD SPECTRUM RADIO IS REQUIRED, IT SHALL BE SUPPLIED WITH RADIO, ANTENNA, COAX CABLE, CONNECTORS AND POLYPHASER.

3) PRIOR TO ORDERING THE CONTROLLER AND CABINET ASSEMBLIES, VERIFY THE TYPE SYSTEM THAT IT WILL BE USED IN. ALL CONTROLLER AND CABINET ASSEMBLIES SHALL BE FULLY COMPATIBLE WITH THE APPROPRIATE CLOSED LOOP OR SCATS SYSTEM. VERIFY THE TYPE OF COMMUNATIONS TO BE USED, RADIO, FIBER OR TWISTED PAIR.

4) ALL SIGNAL POLE FOUNDATIONS SHALL HAVE A MINIMUM OF TWO 2" AND ONE 1" PVC CONDUITS. UNUSED CONDUITS SHALL BE RUN TO THE NEAREST SIGNAL PULL BOX OR SIGNAL CABINET, WHICHEVER IS CLOSEST.

5) ALL TRAFFIC SIGNAL FIXTURES SHALL BE WIRED PER THE INTERSECTION WIRING DIAGRAM PROVIDED BY PASCO COUNTY TRAFFIC OPERATIONS. CABLE SIZE SHALL BE AS CALLED FOR IN THE WIRING DIAGRAM. ALL WIRING SHALL BE CONCEALED WITHIN THE ARM, MOUNTING BRACKET AND FUTURE; NO EXPOSED WIRING SHALL BE PERMITTED.

6) ALL SPARE CONDUCTORS IN TRAFFIC SIGNAL FIXTURES SHALL BE CONNECTED TO AC IN THE FIXTURE. ALL SPARE CONDUCTORS IN THE CABINET SHALL BE CONNECTED TO THE GROUND BUSS BAR.

7) ALL BACK PLATES SHALL HAVE A THREE-INCH YELLOW REFLECTIVE BORDER PER THE MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES.

8) ALL FIELD WIRES IN CABINET SHALL BE IDENTIFIED WITH PANDUIT #PLM1M-C MARKER TIES; OR EQUIVALENT.

9) ALL CONTROLLER AND CABINET BASES SHALL HAVE ONE 4-INCH CONDUIT FOR FUTURE FIBER OPTICS COMMUNICATIONS. IT SHALL BE STUBBED OUT TO A FIBER OPTICS PULL BOX.

10) ALL GROUND ROD CONNECTIONS SHALL BE MADE USING EXOTHERMIC WELD GROUND CONNECTORS.

11) ALL UNUSED REDS SHALL BE HARD WIRED TO 120V AC, UNLESS A FLORIDA DEPARTMENT OF TRANSPORTATION APPROVED PLUG-IN JUMPER IS USED.

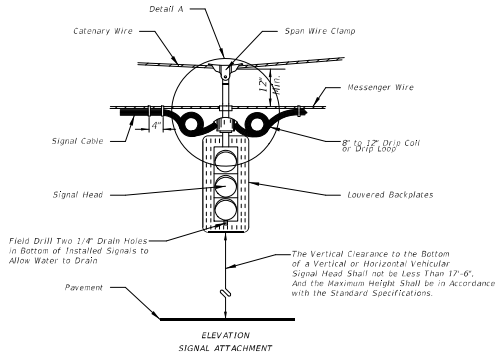
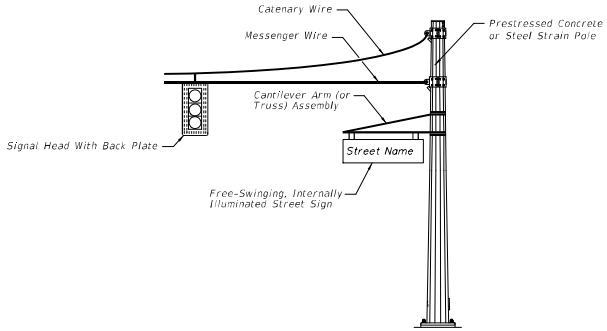
SCHEDULE NOTES:



For Steel Strain Poles, work with Standard Plans 649-010.

Notes:



1. This drawing is representative of a Proprietary Pivotal Adjustable Hanger Assembly listed on the Department's Approved Products List (APL). For specific details and requirements see the vendor drawings on the APL. The proprietary pivotal adjustable hanger assembly shall be assembled in accordance with the manufacturer's detailed drawings, procedures and specifications.
2. With the approval of the resident engineer, the service head hole for joint use poles may be drilled by the utility company at an angle of 90° but not less than 45° to the face of the pole.
3. Lashing wire should normally be used for distances of 12' or greater.
4. The overlapped connection of adjustable hangers shall use a minimum of 2 bolts with a minimum spacing of 2" between bolts.
5. Meet all grounding requirements of Section 620 of the Standard Specifications.

SIGNAL ATTACHMENT

FREE SWINGING INTERNALLY ILLUMINATED STREET SIGN ASSEMBLY

NOTES:

1. Free-swinging, internally-illuminated street signs shall only be installed on the signal pole for span wire assemblies. For mast arm assemblies the street sign may be installed on the arm or pole.
2. Free-swinging, internally-illuminated street signs shall meet the requirements of Section 700 of the Standard Specifications for Road and Bridge Construction.
3. Pole attachments and cantilever arm (or truss) assemblies may be accepted by Contractor certification provided the signs being supported meet the weight and area limitations included in Section 700 for "Acceptance by Certification".
4. Pole attachments and cantilever arm (or truss) assemblies supporting signs not meeting the weight or area limitations included in Section 700 for "Acceptance by Certification" require the submittal of structural calculations and Shop Drawings that have been prepared by and sealed by the Specialty Engineer.

NOTES

1. FOR ADDITIONAL DETAILS NOT SHOWN ON THIS SHEET, REFER TO DESIGN STANDARD PLAN 649-010.
2. DESIGN WIND SPEED: 140 MPH.
3. SHOP DRAWINGS FOR ALL POLES AND ATTACHMENTS SHALL BE SUBMITTED TO THE ENGINEER AND APPROVED PRIOR TO FABRICATION AND/OR CONSTRUCTION.
4. A PROPERLY SIZED SERVICE HEAD, (WEATHERHEAD) SHALL BE INSTALLED AND FASTENED SECURELY ONTO CONDUIT FOR EACH POLE LOCATION. AT LOCATIONS OTHER THAN SERVICE ENTRANCE, THE SERVICE HEAD FACE IS TO BE LEFT CLOSED TO OUTSIDE ATMOSPHERE. SERVICE ENTRANCE INSTALLATION PER INDEX 17723.
5. FOR GEOTECHNICAL INFORMATION, SEE REPORT OF CORE BORINGS.
6. LUMINAIRE AND ATTACHMENTS BY OTHERS. APPROVED SHOP DRAWINGS SIGNED AND SEALED BY A FLORIDA REGISTERED PROFESSIONAL ENGINEER ARE REQUIRED FOR LUMINAIRE DESIGN AND ATTACHMENT TO THE STRAIN POLES PRIOR TO THE START OF CONSTRUCTION.
7. THE CONTRACTOR SHALL PROVIDE, FOR APPROVAL BY THE ENGINEER, ALL FINISHED GRADE ELEVATIONS AT ALL POLE FOUNDATIONS PRIOR TO FURNISHING AND/OR INSTALLING ANY CATENARY AND/OR ANY MESSENGER CABLES. NO ADDITIONAL PAYMENT WILL BE MADE FOR WORK IN THIS NOTE.
8. THE CONTRACTOR SHALL PROVIDE, FOR APPROVAL BY THE ENGINEER, ALL FINISHED GRADE ELEVATIONS DIRECTLY UNDER ALL SIGNAL AND SIGN LOCATIONS ON ALL SPANS PRIOR TO FURNISHING AND/OR INSTALLING ANY CATENARY AND/OR ANY MESSENGER CABLES. NO ADDITIONAL PAYMENT WILL BE MADE FOR WORK IN THIS NOTE.
9. AT THE DIRECTION OF THE ENGINEER, THE CONTRACTOR SHALL REMOVE AND/OR MOVE AND/OR RELOCATE AND/OR FURNISH AND INSTALL NEW MATERIALS FOR CONNECTION OF ALL MESSENGER AND CATENARY WIRES TO ALL POLES AFTER APPROVAL OF PROVIDED FINISH GRADE ELEVATIONS IN THE ABOVE NOTE(S). NO ADDITIONAL PAYMENT WILL BE MADE FOR WORK IN THIS NOTE.
9. AT THE DIRECTION OF THE ENGINEER, THE CONTRACTOR SHALL REMOVE AND/OR MOVE AND/OR RELOCATE AND/OR FURNISH AND INSTALL AND/OR RE-INSTAL ALL SIGNAL HEADS, SIGNS AND AND ASSOCIATED MATERIALS TO MEET ANY CHANGED DESIGN AND/OR CONSTRUCTION REQUIREMENTS BY OTHERS. NO ADDITIONAL PAYMENT WILL BE MADE FOR WORK IN THIS NOTE.
10. CATENARY AND MESSENGER WIRE LOCATIONS FOR FUTURE SIGNAL LOCATIONS ARE BY OTHERS.
11. A DIMENSION OF 0.22 FT WAS ASSUMED IN DESIGN BETWEEN THE TOP OF FOUNDATION AND BOTTOM OF THE BASE PLATE NEAR THE BASE OF THE POLE.

DIMENSIONS TO AND FROM CATENARY AND MESSENGER WIRE CLAMPS

NOTES:

1. BORING LOCATIONS WERE DETERMINED USING GPS COORDINATES OBTAINED IN THE FIELD BY A TIERRA REPRESENTATIVE USING A GPS DEVICE WITH A REPORTED ACCURACY OF APPROXIMATELY +/- 10 FEET. THEREFORE, THE LOCATIONS SHOULD BE CONSIDERED APPROXIMATE.
2. BASED ON A REVIEW OF THE "UPPER FLORIDAN POTENTIOMETRIC SURFACE" MAP PUBLISHED BY THE USGS, THE POTENTIOMETRIC SURFACE ELEVATION OF THE UPPER FLORIDAN AQUIFER IN THE PROJECT VICINITY IS REPORTED UP TO APPROXIMATELY +70 FEET, NGVD 29. ARTESIAN FLOW CONDITIONS WERE NOT ENCOUNTERED DURING OUR FIELD EXPLORATION; HOWEVER, THE CONTRACTORS TOOLS AND CONSTRUCTION METHODS SHOULD ADDRESS AND HANDLE A POTENTIOMETRIC LEVEL UP TO +70 FEET, NGVD 29 AT NO ADDITIONAL COST TO THE OWNER.
3. TEMPORARY CASING METHODS FOR SHAFT INSTALLATION BEYOND WHAT IS REQUIRED IN THE FDOT SPECIFICATIONS MAY BE REQUIRED IN ORDER TO PREVENT THE COLLAPSE OF THE SANDY SOILS AND/OR GROUNDWATER INTRUSION DURING SHAFT CONSTRUCTION.

GENERAL NOTES

1. LOCATION, ELEVATION, AND DIMENSIONS OF EXISTING UTILITIES, STRUCTURES, AND OTHER FEATURES ARE SHOWN IN ACCORDANCE WITH THE BEST INFORMATION AVAILABLE AT TIME OF THE PREPARATION OF THESE PLANS BUT DO NOT PURPORT TO BE ABSOLUTELY CORRECT.
2. THE CONTRACTOR SHALL VERIFY THE LOCATION, ELEVATION, AND DIMENSIONS OF ALL EXISTING UTILITIES, STRUCTURES, AND OTHERS FEATURES AFFECTING HIS WORK AND SHALL COMPLY WITH ALL STATE, COUNTY, AND LOCAL ORDINANCES AND OBTAIN ANY NECESSARY WORK PERMITS THAT MAY BE REQUIRED PRIOR TO CONSTRUCTION.
3. UTILITIES NOT UNDER THIS CONTRACT TO BE ADJUSTED BY UTILITY OWNERS.
4. THE CONTRACTOR SHALL PROVIDE AT LEAST 48 HOURS NOTICE TO THE VARIOUS UTILITY COMPANIES, INCLUDING THE PASCO COUNTY TRAFFIC CONTROL SERVICES AT 744-5670, IN ORDER TO LOCATE AND IDENTIFY THEIR EXISTING UNDERGROUND FACILITIES PRIOR TO CONSTRUCTION, AS ESTABLISHED BY THE "UNDERGROUND FACILITY DAMAGE PREVENTION AND SAFETY ACT".
5. CONTRACTOR SHALL BE RESPONSIBLE FOR ALL OF THE COORDINATION OF CONSTRUCTION SCHEDULING BETWEEN THE CONTRACTOR & ALL UTILITY AGENCIES.
   NOTE :THIS INCLUDES MEETING WITH UTILITY AGENCIES PRIOR TO THE PRE-CONSTRUCTION CONFERENCE TO ADJUST THEIR SCHEDULES TO COINCIDE WITH THE CONTRACTORS CONSTRUCTION SCHEDULE. (REFERENCE CONTRACT DOCUMENTS.)
6. POSSIBLE TREE TRIMMING AND REMOVAL MAY BE REQUIRED TO PROVIDE ADEQUATE SIGHT DISTANCE, OR AS ORDERED BY THE ENGINEER. ALL EXPENSES INCURRED FOR THIS WORK WILL BE INCLUDED IN THE PRICE BID FOR CLEARING & GRUBBING.
7. MAINTENANCE OF TRAFFIC WILL BE THE RESPONSIBILITY OF THE CONTRACTOR AND MUST BE APPROVED BY THE PASCO COUNTY TRAFFIC CONTROL SERVICES SECTION PRIOR TO IT'S IMPLEMENTATION.
8. THE COUNTY RESERVES THE RIGHT TO PERFORM QUALITY ASSURANCE TESTING ON ALL MATERIALS DELIVERED TO PROJECT AND TO REJECT ALL MATERIALS NOT MEETING ACCEPTABLE STANDARDS.
9. ALL STREET SIGNS AND STREET MARKERS ARE TO BE REMOVED AND RELOCATED AS DIRECTED BY THE ENGINEER.
10. WHERE CONNECTION TO EXISTING ACCESS IS NOT INDICATED ON THE PLANS, PROPER CONNECTION IS TO BE MADE AT THE DIRECTION OF THE COUNTY PROJECT MANAGER. WHERE EXISTING ACCESS CONNECTIONS ARE SHOWN ON THE PLANS, SUCH CONNECTIONS MAY BE MOVED, ADJUSTED, MODIFIED, ADDED OR DELETED UPON REQUEST BY THE PROPERTY OWNER AND APPROVAL BY THE COUNTY PROJECT MANAGER. ALL APPROVALS BY THE COUNTY PROJECT MANAGER SHALL BE SUBJECT TO CONFORMANCE WITH APPLICABLE STANDARDS, CODES AND REGULATIONS, AND CONDITIONED UPON GRANT OF ANY NECESSARY RIGHT OF ENTRY BY THE PROPERTY OWNER WITHOUT CHARGE TO THE COUNTY.

    UPON PROPERTY OWNER'S REQUEST, MADE PRIOR TO COMMENCEMENT OF PROJECT CONSTRUCTION, THE COUNTY MAY SUBSTITUTE A GRAVITY WALL FOR A GRADED AND HARMONIZED SLOPE OR VICE VERSA CONTINGENT UPON COUNTY PROJECT MANAGER APPROVAL, WHICH APPROVAL SHALL BE SUBJECT TO CONFORMANCE WITH APPLICABLE STANDARDS, CODES AND REGULATIONS, AND CONDITIONED UPON GRANT OF ANY NECESSARY RIGHT OF ENTRY BY THE PROPERTY OWNER WITHOUT CHARGE TO THE COUNTY.
11. NO STABILIZING WILL BE REQUIRED FOR PAVED TURNOUTS TO PRIVATE PROPERTY.
12. ANY AND ALL MATERIAL TO BE REMOVED SUCH AS CULVERT PIPE, GUARDRAIL, ROAD SIGNS, ETC. THAT THE ENGINEER DEEMS SALVAGEABLE SHALL BE NEATLY STOCKPILED IN AN AREA DESIGNATED BY THE ENGINEER, FOR FUTURE REMOVAL BY COUNTY FORCES.
13. THE CONTRACTOR SHALL PROVIDE BORROW MATERIAL FROM BORROW PITS APPROVED BY THE ENGINEER, AND INCORPORATE IT INTO THE WORK IN ACCORDANCE WITH THE PLANS AND SPECIFICATIONS.
14. THE COUNTY SHALL SUPPLY CONTROL POINTS FOR LINE AND GRADE.
15. THE CONTRACTOR SHALL BE RESPONSIBLE FOR THE COMPLETE STAKE-OUT OF THE PROJECT, i.e., LINE, GRADE, SLOPE STAKE, UTILITY RELOCATIONS OR ANY OTHER STAKE-OUT THAT MAY BE REQUIRED TO COMPLETE THE PROJECT IN ACCORDANCE WITH THE PLANS AND SPECIFICATIONS. ANY AND ALL EXPENSES INCURRED FOR THIS WORK SHALL BE INCLUDED IN THE UNIT PRICE BID FOR OTHER ITEMS. NO ADDITIONAL PAYMENT SHALL BE MADE FOR THIS WORK.
16. OVERALL CLEAN-UP SHALL BE ACCOMPLISHED BY THE CONTRACTOR IN ACCORDANCE WITH COUNTY STANDARDS OR AS DIRECTED BY THE ENGINEER. ANY AND ALL EXPENSES INCURRED FOR THIS WORK SHALL BE INCLUDED IN THE UNIT PRICE BID FOR OTHER ITEMS.
17. THE CONTRACTOR SHALL ENDEAVOR TO PROTECT PRIVATE PROPERTY. ANY DAMAGE CAUSED BY THE CONTRACTOR IN THE PERFORMANCE OF HIS WORK SHALL BE CORRECTED TO THE SATISFACTION OF THE ENGINEER AT THE CONTRACTOR'S EXPENSE. PAYMENT SHALL NOT BE MADE FOR THIS WORK.
18. ANY DAMAGE TO STATE, COUNTY, OR LOCAL ROADS CAUSED BY THE CONTRACTOR'S HAULING OR EXCAVATION EQUIPMENT SHALL BE REPAIRED BY THE CONTRACTOR TO THE SATISFACTION OF THE ENGINEER. PAYMENT SHALL NOT BE MADE FOR THIS WORK.
19. ALL SIDEWALK RAMPS SHALL BE BUILT PER THE LATEST F.D.O.T. ROADWAY AND TRAFFIC DESIGN STANDARDS AT THE TIME OF BID.
20. ALL EROSION CONTROL FENCES AND BARRIERS SHALL BE ERECTED PRIOR TO ANY LAND ALTERATIONS, MAINTAINED DURING CONSTRUCTION, AND REMOVED FOLLOWING SOIL STABILIZATION AND FINAL DRESSING.
21. DURING DEWATERING OPERATIONS, THE CONTRACTOR SHALL NOT DISCHARGE DIRECTLY TO RECEIVING WATERS, EXISTING CONVEYANCES TO RECEIVING WATERS OR WETLAND SYSTEMS. TEMPORARY SEDIMENT BASINS OR TRAPS SHALL BE UTILIZED TO COLLECT THE DISCHARGE FROM DEWATERING ACTIVITIES TO ELIMINATE THE POTENTIAL FOR OFFSITE SEDIMENT TRANSPORT.
22. CONCRETE VALVE PADS ARE REQUIRED AND NOT A COST ITEM TO THE COUNTY - USE WATER TECHNICAL SPECIFICATION W-9 BY PASCO COUNTY.
23. ANY U.S.C. & G.S. MONUMENT WITHIN LIMITS OF CONSTRUCTION IS TO BE PROTECTED. IF IN DANGER OF DAMAGE, PROJECT ENGINEER SHOULD NOTIFY;
    DIRECTOR, NATIONAL GEODETIC SURVEY

GENERAL NOTES

SHEET NO. 1-2

THE OFFICIAL RECORD OF THIS SHEET IS THE ELECTRONIC FILE DIGITALLY SIGNED AND SEALED UNDER RULE 61G15-23.004, F.A.C.

SIGNALIZATION

1. The CONTRACTOR shall familiarize themself with Pasco County Technical Specifications For Traffic Signals. Some item numbers and tasks may differ from Florida Department Of Transportation Specifications.
2. The CONTRACTOR shall notify the "Sunshine State One Call" notification center not less than 48 hours, nor more than 5 days in advance of any of the CONTRACTOR'S work activity which may impact any utility facility. Call "Sunshine State One Call" at 1-800-432-4770. It will be the CONTRACTOR'S sole responsibility for having underground cable sites located and identified by proper authorities at time of construction.
3. The CONTRACTOR shall contact the local power company for their assistance in performing all necessary work under power lines. Such work shall include, but not be limited to, the installation of mast arms, signal cable, and/or signal poles.
4. The CONTRACTOR shall be responsible for the proper amount of rake for signal poles with respect to loading to be used on poles at the time of installation. This information is available from the pole manufacturer.
5. Traffic signal cable providing power to vehicular and pedestrian signal heads shall not be installed in the same conduit containing loop lead-ins and pedestrian detector cables.
6. All saw cuts for loops shall be sealed with flexible epoxy.
7. All signal heads shall be LED and furnished with tunnel visors.
8. The CONTRACTOR shall notify the Pasco County Traffic Services Division, at least 48 hours in advance of loop cutting and activating of new traffic controllers.
9. The CONTRACTOR shall verify all base of pole elevations ensure final signal head heights meet FDOT requirements , that the foundation is flush with the grade, etc. ,before ordering poles.
10. The CONTRACTOR is to de-water the foundation excavation if the elevation of water is higher than the elevation of the pole base.
11. Traffic shall be maintained during the splicing activity through the use of off-duty police officers, temporary signals, or by other means approved by the Pasco County Traffic Services Division.
12. At the time of final inspection of the project, the CONTRACTOR shall furnish the project manager with 2 complete sets of As-built plans.
13. The CONTRACTOR shall verify color codes for signal cable and interconnect cable with the Traffic Services Division. Contact the Traffic Signal Supervisor.
14. All grounding wire shall be exothermically welded to ground rod electrodes or an array of electrodes.
15. Possible tree trimming and removal may be required to provide adequate sight distance, or as ordered by the ENGINEER. All expenses incurred for this work will be divided among the item number for signalization.
16. At locations where underground utilities are in close proximity to signal pole foundations, the CONTRACTOR shall hand dig the first 48 inches of the foundation.
17. Five section heads over left turn lane lines shall be wired for future 3 or 5 section heads.

CONDUIT

1. It should be noted that no test borings were made where conduit runs are to be installed by boring or trenching.
2. Conduit shall be encased in sand cement in areas where a minimum depth of 18 inches cannot be met.
3. Three conduits shall be provided between the nearest signal pole and the controller cabinet. 2 conduits shall be 2 inch minimum PVC. 1 shall contain signal cable, and the other shall contain pedestrian push button cable. The third conduit shall be galvanized metal and shall contain the electrical power service.
4. All conduit shall be 2 inch minimum unless otherwise specified in plans.
5. All conduit shall be installed prior to roadway base or sidewalk construction.
6. The termination ends of all POLYVINYL CHLORIDE (PVC) plastic conduit entering all pull boxes and cabinet bases shall be fitted with an End Bell Duct Fitting prior to any pulline or cable installation.

INTERCONNECT CONDUIT

1. Neptco Inc. mule tape # 1250 P3 MF 11.75 Fx 9.5 1250 lb and a 14 gauge XHHW wire for tracing or approved equal shall be installed in all conduits which are to receive cable at a future time. At least 3 feet of pulline shall be accessible at each conduit termination and secured within the pullbox or place of termination.
2. All conduit shall be rodded and brushed as per Pasco County's Traffic Signal Specifications.
3. All conduit with pulline installed shall be sealed and capped to avoid further debris and soil from entering during construction.
4. Detectable locating tape shall be placed over the centerline of the 4" pvc outerduct one foot below grade. Payment for detection tape is included in the pay item for conduit.
5. The termination ends of all Polyvinyl Chloride (PVC) plastic conduit entering all pullboxes and cabinet bases shall be fitted with an End Bell Duct Fitting prior to any pulline or cable installation.

INTERCONNECT DETAILS

SHEET NO. 1-12

CLEAR ZONE WIDTHS FOR WORK ZONES:

The term 'clear zone' describes the unobstructed relatively flat area, impacted by construction, extending outward from the edge of the traffic lane. The table below gives clear zone widths in work zones for medians and roadside conditions other than for roadside canals; where roadside canals are present, clear zone widths are to conform with the distances to canals as described in the FDOT Design Manual 215.2.

TABLE 5
CLEAR ZONE WIDTHS FOR WORK ZONES

WORK ZONE SPEED (MPH)	TRAVEL LANES & MULTILANE RAMPS (feet)	AUXILIARY LANES & SINGLE LANE RAMPS (feet)
60-70	30	18
55	24	14
45-50	18	10
30-40	14	10
ALL SPEEDS CURB & GUTTER	4' BEHIND FACE OF CURB	4' BEHIND FACE OF CURB

NOTE: For temporary conditions where existing curb has been removed but not reconstructed, curb and gutter values may be used.

SUPERELEVATION:

Horizontal curves constructed in conjunction with work zone traffic control should have the required superelevation applied to the design radii. Under conditions where normal crown controls curvature, the minimum radii that can be applied are listed in the table below.

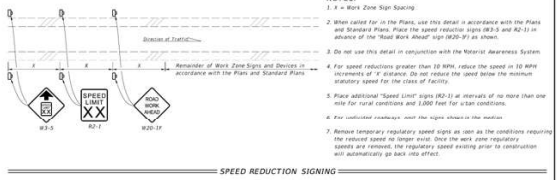

TABLE 6
MINIMUM RADII FOR NORMAL CROWN

WORK ZONE POSTED SPEED	MINIMUM RADIUS
MPH	Feet
70	4090
65	3130
60	2400
55	1840
50	1390
45	1085
40	820
35	610
30	430

Superelevation When Smaller Radii is Used

LENGTH OF LANE CLOSURES:

For interstates and state highways with a posted speed of 55MPH or greater, lane closures must not exceed 3 miles (includes taper, buffer, and work zone) in any given direction; and must not close two consecutive interchanges.

SPEED REDUCTION SIGNING

NOTES:

1. X = Work Zone Sign Spacing.
2. When called for in the Plans, use this detail in accordance with the Plans and Standard Plans. Place the speed reduction signs (R3-5 and R2-1) in advance of the "Road Work Ahead" sign (W20-1F) as shown.
3. Do not use this detail in conjunction with the Motorist Awareness System.
4. For speed reductions greater than 10 MPH, reduce the speed in 10 MPH increments of 'X' distance. Do not reduce the speed below the minimum statutory speed for the class of facility.
5. Place additional "Speed Limit" signs (R2-1) at intervals of no more than one mile for rural conditions and 1,000 feet for urban conditions.
6. For indicated roadways, omit the signs shown in the median.
7. Remove temporary regulatory speed signs as soon as the conditions requiring the reduced speed no longer exist. Once the work zone regulatory speeds are removed, the regulatory speed existing prior to construction will automatically go back into effect.

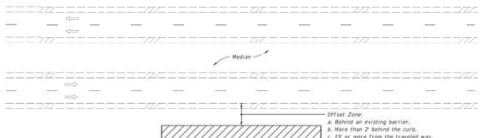
OVERWEIGHT/OVERSIZE VEHICLES:

Restrictions to Lane Widths, Heights or Load Capacity can greatly impact the movement of over dimensioned loads. The Contractor shall notify the Engineer who in turn shall notify the State Permits Office, phone no. (850) 410-5777, at least seven calendar days in advance of implementing a maintenance of traffic plan which will impact the flow of overweight/oversized vehicles. Information provided shall include location, type of restriction (height, width or weight) and restriction time frames. When the roadway is restored to normal service the State Permits Office shall be notified immediately.

LANE WIDTHS:

Lane widths of through roadways should be maintained through work zone transition areas wherever practical. Provide minimum widths for work zone travel lanes as follows: 11' for interstate with at least one 12' lane provided in each direction, unless formally exempted by the Federal Highway Administration; 11' for all other limited access roadways; and 10' for all other facilities.

HIGH-VISIBILITY SAFETY APPAREL:



All high-visibility safety apparel shall meet the requirements of the International Safety Equipment Association (ISEA) and the American National Standards Institute (ANSI) for "High-Visibility Safety Apparel", and labeled as ANSI/ISEA 107-2004 or newer. The apparel background (outer) material color shall be either fluorescent orange-red or fluorescent yellow-green as defined by the standard. The retroreflective material shall be orange, yellow, white, silver, yellow-green, or a fluorescent version of these colors, and shall be visible at a minimum distance of 1,000 feet. Class 3 apparel may be substituted for Class 2 apparel. Replace apparel that is not visible at 1,000 feet.

WORKERS: All workers within the right-of-way shall wear ANSI/ISEA Class 2 apparel. Workers operating machinery or equipment in which loose clothing could become entangled during operation shall wear fitted high-visibility safety apparel. Workers inside the bucket of a bucket truck are not required to wear high-visibility safety apparel.

UTILITIES: When other industry apparel safety standards require utility workers to wear apparel that is inconsistent with FDOT requirements such as NFPA, OSHA, ANSI, etc., the other standards for apparel may prevail.

FLAGGERS: For daytime activities, Flaggers shall wear ANSI/ISEA Class 2 apparel. For nighttime activities, Flaggers shall wear ANSI/ISEA Class 3 apparel.

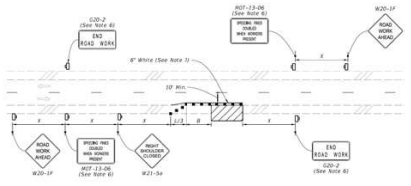
LAST REVISION 11/01/20	DESCRIPTION:	FY 2024-25 STANDARD PLANS	GENERAL INFORMATION FOR TRAFFIC CONTROL THROUGH WORK ZONES	INDEX 102-600	SHEET 3 of 11

MULTILANE ROADWAY SHOWN, TWO-LANE ROADWAY SIMILAR

NOTES:

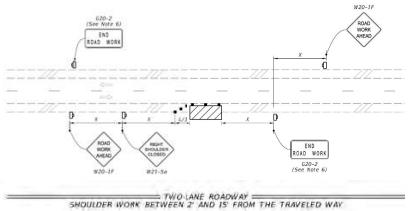
1. This Index applies to Two-Lane, Two-Way and Multilane Roadways, including Medians of divided roadways, with work beyond the shoulder.
2. Use Index 102-602 when the work operation (excluding establishing and terminating the work area) requires that two or more work vehicles cross the Offset Zone in any one hour period.
3. Use Index 102-660 when Work Area encroaches a Sidewalk.

SYMBOLS:



Work Area

Lane Identification and Direction of Traffic



LAST REVISION 11/01/20	DESCRIPTION:	FY 2024-25 STANDARD PLANS	TWO-LANE AND MULTILANE ROADWAY, WORK BEYOND THE SHOULDER	INDEX 102-601	SHEET 1 of 1

NOTE:

1. This Index applies to Two-Lane, Two-Way and Multilane Roadways, including Medians of divided roadways, with work on the shoulder.
2. L = Taper Length
   X = Work Zone Sign Spacing
   B = Buffer Length
   See Index 102-600 for "L", "X", "B", and channelizing device spacing values.
3. Where work activities are between 2' and 15' from the edge of traveled way, the Engineer may omit signs and channelizing devices for work operations 60 minutes or less.
4. When four or more work vehicles enter the through traffic lanes in a one hour period (excluding establishing and terminating the work area), use a Flagger or lane closure to accommodate work vehicle ingress and egress.
5. For work less than 2' from the traveled way and work zone speed is greater than 45 MPH, use a lane closure.
6. The "Speeding Fines Doubled When Workers Present" signs (MOT-13-06) and "End Road Work" Signs (G20-2) along with the associated work zone sign spacing distances may be omitted when the work operation is in place for 24 hours or less.
7. Temporary pavement markings may be omitted when the work operation is in place for 3 days or less.
8. Omit "Shoulder Closed" signs (W21-5a) along with associated work zone sign spacing distances for work on the median.
9. When there is no paved shoulder, the "Worker" sign (W21-1) may be used instead of the "Shoulder Closed" sign (W21-5a).

TWO-LANE ROADWAY
SHOULDER WORK LESS THAN 2' FROM THE TRAVELED WAY WITH WORK ZONE SPEED OF 45 MPH OR LESS

TWO-LANE ROADWAY
SHOULDER WORK BETWEEN 2' AND 15' FROM THE TRAVELED WAY

LAST REVISION 11/01/21	DESCRIPTION:	FY 2024-25 STANDARD PLANS	TWO-LANE AND MULTILANE, WORK ON SHOULDER	INDEX 102-602	SHEET 1 of 2

GENERAL NOTES:

1. L = Taper Length
   B = Buffer Length
   X = Work Zone Sign Distance
   See Index 102-600 for "L", "B", "X", and channelizing device spacing values.
2. If vehicles in a parking zone block the line of sight to TTZ signs, locate and post mount signs in accordance with Index 706-101.
3. Use temporary "STOP" sign (R1-1) where the existing stop bar is more than 30' from the taper, remove or cover existing sign.
4. The "Speeding Fines Doubled When Workers Present" sign (MOT-13-06) and "End Road Work" Sign (G20-2), along with associated Work Zone Sign Distances, may be omitted when the work operation will be in place for 24 hours or less. Additionally, arrow boards may be omitted when the work operation will be in place for 60 minutes or less and the speed limit is 45 mph or less.
5. If the work area extends across a crossroad, close the crossroad in accordance with Index 102-660.
6. Dual signs are required for divided roadways.

October 16, 2024

Pasco County
Attn: Panos Knotses, P.E.
5418 Sunset Road
New Port Richey, FL 34652

Subject:	**Project Evaluation - Project Exempt**	
	Project Name:	Plantation Palms Blvd. & Collier Parkway Signal
	File Number:	895751
	County:	Pasco
	Sec/Twp/Rge:	S20/T26S/R19E
Reference:	Rule 62-330, Florida Administrative Code (F.A.C.)	

Dear Mr. Knotses:

The District has reviewed the information you submitted for the project referenced above and has determined that an Environmental Resource Permit (ERP) **will not be required** for the proposed installation of a traffic signal and other minor safety improvements. [Rule 62-330.051(4)(c), F.A.C.].\

The information received by the District will be kept on file to support the District's determination regarding your application. This information is available for viewing or downloading through the District's Application and Permit Search Tools located at www.WaterMatters.org/permits.

The District's determination that your project does not require an ERP is only applicable pursuant to the statutes and rules in effect at the time the information was submitted and may not be valid in the event subsequent changes occur in the applicable rules and statutes. Additionally, this notification does not mean that the District has determined that your project is permanently exempt from permitting requirements. Any subsequent change you make in the project's operation may necessitate further evaluation or permitting by the District. Therefore, you are advised to contact the District before beginning the project and before beginning any activity which is not specifically described in your submittal. Your timely pursuit of this activity is encouraged to avoid any potential rule changes that could affect your request.

This letter constitutes notice of Intended Agency Action of the project referenced above. The District's action in this matter only becomes closed to future legal challenges from members of the public if such persons have been properly notified of the District's action and no person objects to the District's action within the prescribed period of time following the notification. The District does not publish notices of agency action. If you wish to limit the time within which a person who does not receive actual written notice from the District may request an administrative hearing regarding this action, you are strongly encouraged to publish, at your own expense, a notice of agency action in the legal advertisement section of a newspaper of general circulation in the county or counties where the activity will occur. Publishing notice of agency action will close the window for filing a petition for hearing. Legal requirements and instructions for publishing notice of agency action, as well as a noticing form that can be used is available from the District's website at www.WaterMatters.org/permits/noticing. If you publish notice of agency

action, a copy of the affidavit of publishing provided by the newspaper should be sent to the Regulation Division at the District Service Office that services this permit or other agency action, for retention in the File of Record for this agency action.

If you have questions regarding this matter, please contact Giancarlos Rivas-Fajardo in the Tampa Service Office, at 8134386703. Please reference the Project Name and Inquiry/Permit Number in future communications concerning this project.

Sincerely,

David Kramer, P.E.
Bureau Chief
Environmental Resource Permit Bureau
Regulation Division

Enclosures: Notice of Rights

cc: Hunter Brown, P.E.
Coastal Design Consultants

Notice of Rights

Administrative Hearing

1. You or any person whose substantial interests are or may be affected by the District's intended or proposed action may request an administrative hearing on that action by filing a written petition in accordance with Sections 120.569 and 120.57, Florida Statutes (F.S.), Uniform Rules of Procedure Chapter 28-106, Florida Administrative Code (F.A.C.) and District Rule 40D-1.1010, F.A.C. Unless otherwise provided by law, a petition for administrative hearing must be filed with (received by) the District within 21 days of receipt of written notice of agency action. "Written notice" means either actual written notice, or newspaper publication of notice, that the District has taken or intends to take agency action. "Receipt of written notice" is deemed to be the fifth day after the date on which actual notice is deposited in the United States mail, if notice is mailed to you, or the date that actual notice is issued, if sent to you by electronic mail or delivered to you, or the date that notice is published in a newspaper, for those persons to whom the District does not provide actual notice.

2. Pursuant to Subsection 373.427(2)(c), F.S., for notices of intended or proposed agency action on a consolidated application for an environmental resource permit and use of sovereignty submerged lands concurrently reviewed by the District, a petition for administrative hearing must be filed with (received by) the District within 14 days of receipt of written notice.

3. Pursuant to Rule 62-532.430, F.A.C., for notices of intent to deny a well construction permit, a petition for administrative hearing must be filed with (received by) the District within 30 days of receipt of written notice of intent to deny.

4. Any person who receives written notice of an agency decision and who fails to file a written request for a hearing within 21 days of receipt or other period as required by law waives the right to request a hearing on such matters.

5. Mediation pursuant to Section 120.573, F.S., to settle an administrative dispute regarding District intended or proposed action is not available prior to the filing of a petition for hearing.

6. A request or petition for administrative hearing must comply with the requirements set forth in Chapter 28-106, F.A.C.A petition for a hearing must: (1) explain how the substantial interests of each person requesting the hearing will be affected by the District's intended action or proposed action, (2) state all material facts disputed by the person requesting the hearing or state that there are no material facts in dispute, and (3) otherwise comply with Rules 28-106.201 and 28-106.301, F.A.C. Chapter 28-106, F.A.C., can be viewed at www.flrules.org or at the District's website at www.WaterMatters.org/permits/rules.

7. A petition for administrative hearing is deemed filed upon receipt of the complete petition by the District Agency Clerk at the District's Tampa Service Office during normal business hours, which are 8:00 a.m. to 5:00 p.m., Monday through Friday, excluding District holidays. Filings with the District Agency Clerk may be made by mail, hand-delivery or facsimile transfer (fax). The District does not accept petitions for administrative hearing by electronic mail. Mailed filings must be addressed to, and hand-delivered filings must be delivered to, the Agency Clerk, Southwest Florida Water Management District, 7601 US Hwy 301, Tampa, FL 33637-6759. Faxed filings must be transmitted to the District Agency Clerk at (813) 367-9776. Any petition not received during normal business hours shall be filed as of 8:00 a.m. on the next business day. The District's acceptance of faxed petitions for filing is subject to certain conditions set forth in the District's Statement of Agency Organization and Operation, available for viewing at www.WaterMatters.org/about.

Judicial Review

1. Pursuant to Sections 120.60(3) and 120.68, F.S., a party who is adversely affected by District action may seek judicial review of the District's action. Judicial review shall be sought in the Fifth District Court of Appeal or in the appellate district where a party resides or as otherwise provided by law.

2. All proceedings shall be instituted by filing an original notice of appeal with the District Agency Clerk within 30 days after the rendition of the order being appealed, and a copy of the notice of appeal, accompanied by any filing fees prescribed by law, with the clerk of the court, in accordance with Rules 9.110 and 9.190 of the Florida Rules of Appellate Procedure (Fla. R. App. P.). Pursuant to Fla. R. App. P. 9.020(h), an order is rendered when a signed written order is filed with the clerk of the lower tribunal.

UTILITY COORDINATION MEMORANDUM

Date: April 23, 2025

To: Pasco County Transportation Engineering Department

From: Hunter P. Brown, PE, Project Engineer

Reference: Plantation Palms Blvd & Collier Parkway Traffic Signal
Task Order No.: EDO24-009

Coastal No.: 24010

Coastal submitted a Sunshine 811 Design Ticket on March 21, 2024. The following summarizes the Utility Coordination that has been completed for the above referenced project:

Charter / Spectrum
No conflicts. Reference enclosed correspondence from May 3, 2024.

TECO Peoples Gas
No utilities within project limits. Reference enclosed correspondence from November 6, 2024.

Pasco County Traffic
No conflicts. Reference enclosed correspondence from November 7, 2024.

Pasco County Utilities
No conflicts. Reference enclosed correspondence from March 10, 2025.

Frontier Communications
Proposed conflicts. Reference enclosed correspondence and UWS from March 28, 2025.

MCI
Facilities within the project limits but no apparent conflicts. Reference enclosed correspondence from March 18, 2025.

Duke Energy
Proposed conflicts. Reference enclosed correspondence and UWS from April 23, 2025.

Reference the enclosed documentation and UWS, as applicable.

If you have any questions please contact our office at (727) 849-8010.

Tampa Electric Company
Energy Delivery Construction Services
P.O. Box 111
Tampa, FL 33601

Date: July 23, 2024

Attn: Joy Benedetti

Project Location: Plantation Palms Blvd and Collier Parkway

Project #: 124406604

Thank you for the notification of the above referenced project. Tampa Electric Company has reviewed the enclosed plans and it has been determined that:

☐ Tampa Electric Company (TEC) has facilities in the area of your proposed construction that do not appear to be in conflict. Please maintain caution when working near TEC facilities. If TEC facilities are damaged please call 877-588-1010 immediately. If the proposed construction will require assistance from TEC, please contact TEC One Source Department at 813-635-1500 and allow 21 calendar days for TEC to schedule our work.

☐ Tampa Electric Company has facilities in the area of your proposed construction, which do appear to be in conflict. Please see the attached as-builts and resubmit updated plans for review.

☐ Tampa Electric Company has facilities in the area of your proposed construction, which may have potential conflicts. Once we have received preliminary plans, we will then be able to provide you with green line mark-ups for your reference and review.

☒ Tampa Electric Company does not have facilities in your proposed construction area.

Please contact Sunshine State One Call, Inc. at least 48 hours prior to construction service by calling toll free 1-800-432-4770.

**TEC Facilities include: Transmission, Distribution, Lighting & Telecom/Fiber*

Thank you for your cooperation.

Arielle Sylvester
R/W and Govt. Liaison

Good afternoon,

Joy, the only utilities Pasco County Traffic Operation has in conflict is the traffic signal Collier Parkway & Killington Ave. If you have any more question please contact Pasco County Traffic Operations.

Thanks,
Jonah

Understood. We conducted a SUE survey for the (2) proposed pole locations.....see attached. The SUE survey indicated the middle line to be reclaim so I will leave the plans as-is.

Thank you for your help.

Hello Hunter,
I would go with the atlas map in this case it may take a little more investigation, this is a responsibility of the designer's company to do a sue survey prior to Design/construction.

George –

Based on the attached PCU Atlas Map, the reclaim is located between the WM & the FM. Which one is correct?

UTILITY WORK SCHEDULE
(UWS)

Project: Plantation Palms & Collier Parkway Traffic Signal

CIP Number:

Project ID: EDO24-009

Road Name / No.: Collier Parkway / Plantation Palms Blvd.

A. Summary of Utility Work and Execution

	Estimated Time (calendar days)
Total Time Prior To CIP Project Construction	103
Total Time During CIP Project Construction	0

This document has been developed as the method for a Utility Agency/Owner (UAO) to transmit to Pasco County, the County's Contractor, and other right-of-way users, the location, relocation, adjustment, installation, and/or protection of their facilities, on this Capital Improvement Plan (CIP) project. The following data is based on preliminary construction plans dated **April 11, 2024,** Any deviation by PascoCounty or its contractor from the plans, as provided, may render this work schedule null and void. Upon notification by Pasco County of such change, this utility may require additional days for assessment and negotiation of a new work schedule. This UAO is not responsible for events beyond the control of the UAO that could not reasonably be anticipated by the UAO, and which could not be avoided by the UAO with the exercise of due diligence at the time of the occurrence. The UAO agrees to notify Pasco County in writing prior to starting, stopping, resuming, or completing work.

UAO Project Representative: Kraivuth Choeykrajang Telephone Number: 941-504-4681

UAO Field Representative: Paul Lineberry Telephone Number: 813-838-8867

This document is a printout of a form maintained in an electronic format and all revisions thereto by the UAO in the form of additions, deletions or substitutions are reflected only in an Appendix entitled "Changes to Form Document" and no change is made in the text of the document itself. Hand notations on affected portions of this document may refer to changes reflected in the above-named Appendix but are for reference purposes only and do not change the terms of the document. By signing this document, the UAO hereby represents that no change has been made to the text of this document except through the terms of the appendix entitled "Changes to Form Document".

You MUST signify by selecting or checking which of the following applies:

☒ No changes to forms document.

UTILITY WORK SCHEDULE (UWS)

Project: Plantation Palms & Collier Parkway Traffic Signal

CIP Number:

Project ID: ED024-009

Road Name / No.: Collier Parkway / Plantation Palms Blvd.

B. Special Conditions / Constraints

1: Frontier Relocation Activities will not commence until receipt of Approved UWS which created based on FDOT road plans dated on this UWS form, and Approved Permits.

2: Frontier Inspector will be available for the pre-construction meeting in the field and be the point of contact for Frontier Construction for the Road Contractor for the duration of the project.

3: Frontier Working Days are during normal business hours, Monday – Friday, 7:30 am – 5:00 pm (excluding Holidays). Frontier will arrange any works after hour with an advance notice through Frontier field representative.

4: Frontier facilities that are to remain in place will be located and protected during construction.

5: Frontier requests Road Contractor to notify Frontier Demetria Thomas at 727-365-5214, 48 hours prior to start of construction.

6: Frontier is to have access throughout the duration of the project to monitor and maintain Frontier facilities for the ability to provide service.

7: Frontier requests road contractor to contact Frontier 48 hours (Mon-Fri) prior to Frontier monitoring / adjustments works during construction.

8: Frontier requests a copy of the CPM upon approval by FDOT.

9: Per OSHA Regulations, Frontier will prohibit work to be performed when adverse weather conditions that would jeopardize the safety of Frontier's crews.

10.Hold/Guard/Monitor may include the use of sheeting, shoring and bracing of (FRONTIER) facilities and should be decided upon by Field Representatives of (FRONTIER) in coordination with the Departments Contractor on a case by case basis. This by no means relieves the Contractor of its responsibilities as written in Statute 556 and contract documents.

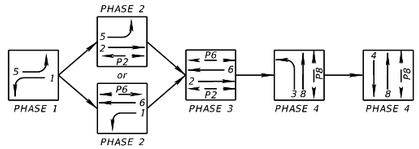
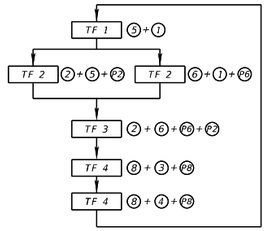
100% PLANS
NOVEMBER 4, 2024



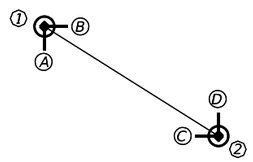
PASCO COUNTY PROJECT MANAGER: WILL POON, P.E.



ATTENTION IS DIRECTED TO THE FACT THAT THESE PLANS MAY HAVE BEEN REDUCED IN SIZE BY REPRODUCTION. THIS MUST BE CONSIDERED WHEN OBTAINING SCALED DATA.

FISCAL YEAR	SHEET NO.
2024	1

$DATE$ $TIME$ $FILE$

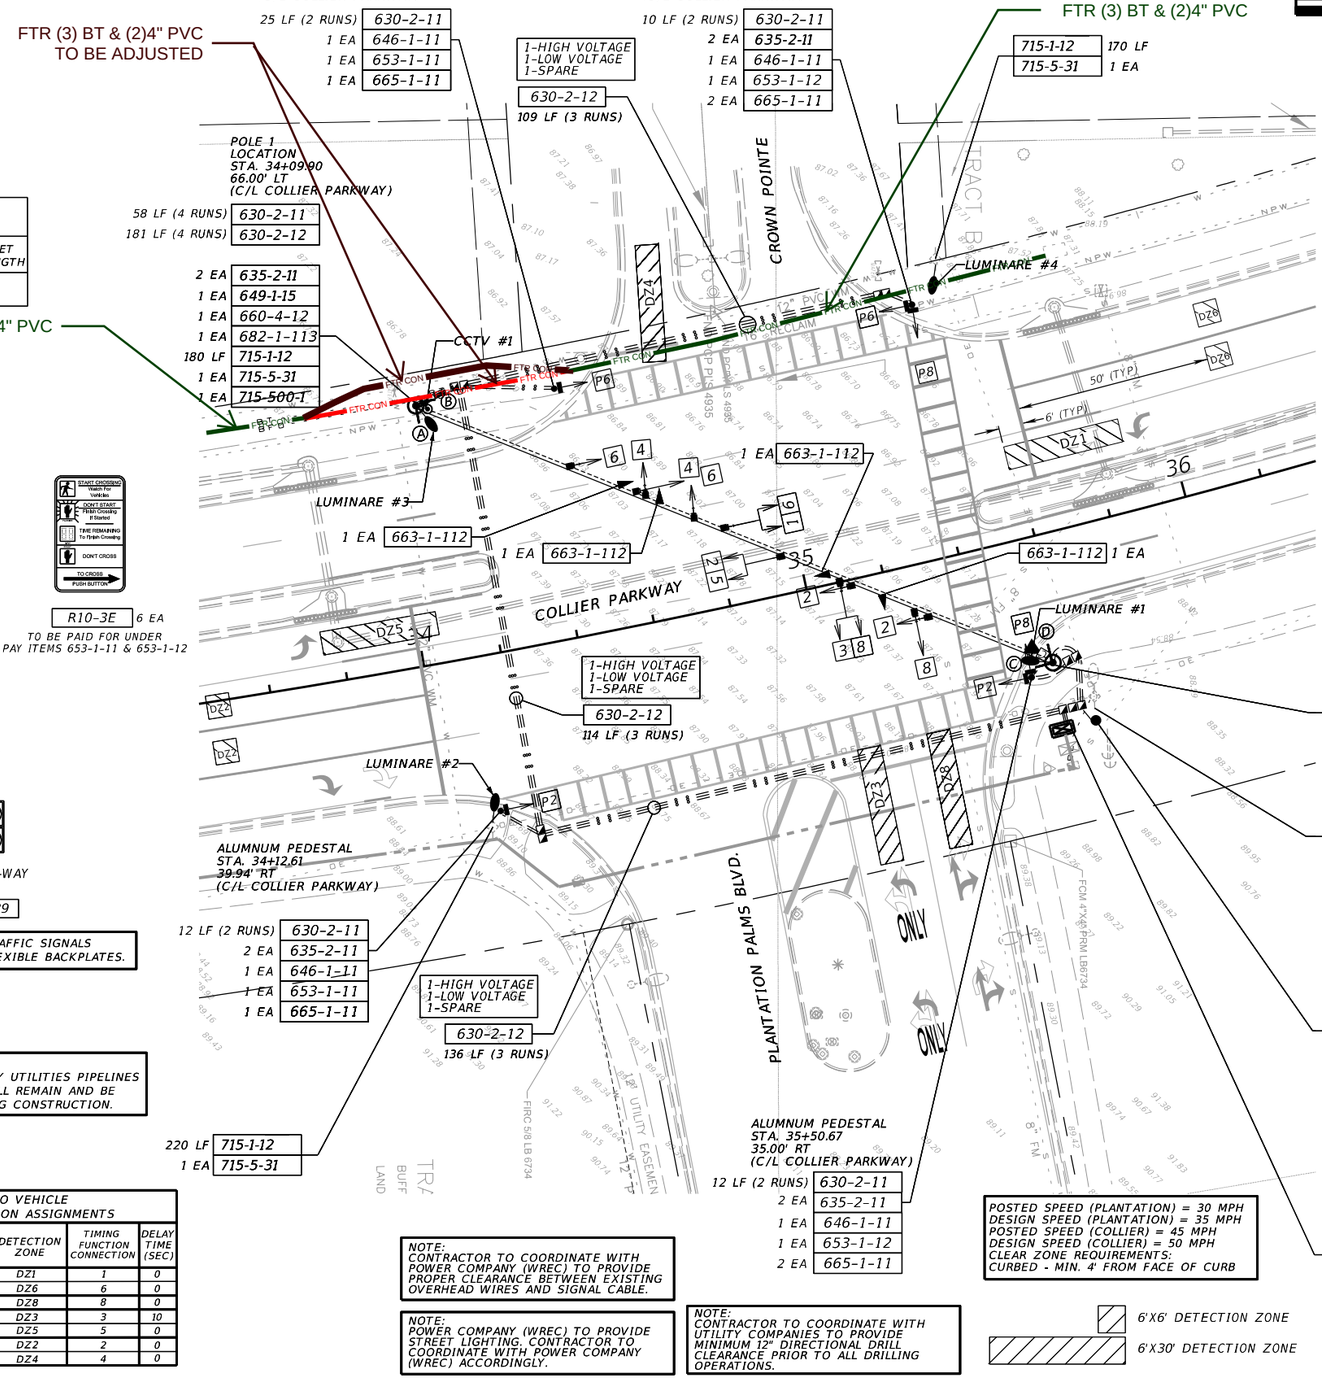


SPECIAL SIGNAL OPERATING PLAN

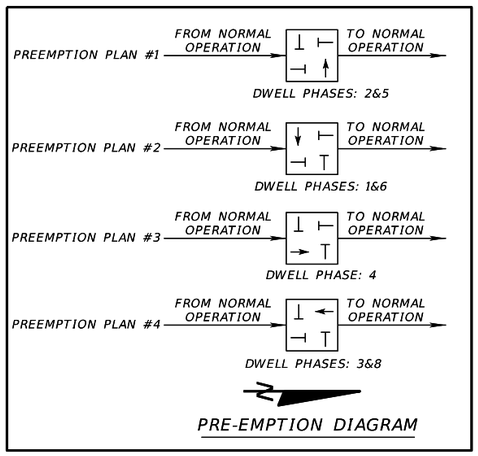
CONTROLLER OPERATIONS:
- MAJOR STREET IS COLLIER PARKWAY.
- MINOR STREET IS PLANTATION PALMS BOULEVARD/CROWN POINTE.
- THE CONTROLER SHALL BE WIRED FOR SOP NO. 10, BUT SHALL INITIALLY OPERATE WITH SEPECIAL SOP.
- REFER TO GENERAL NOTES SHEET FOR CONTROLLER REQUIREMENTS.

STREET NAME SIGN DETAILS

700-5-22 4 EA



REFER TO SHEET T-6 FOR DETAILS



LIGHTNING & MOUNTIING			
LUMINAIRE	TYPE	HEIGHT	BRACKET ARM LENGTH
1,2,3,4	ERL2-1-25-C5-40	35'	10'

NOTE:
660-4-12 VIDEO DETECTION CAMERA TO BE MOUNTED AT A MINIMUM HEIGHT OF 30'. IF POLE IS TOO SHORT, INSTALL A POLE EXTENDER.

PRE-EMPTION DIAGRAM

P2 / P6 — PED. SIGNAL COUNT-DOWN 1-SECT., 1-WAY, LED — 653-1-11 2 EA

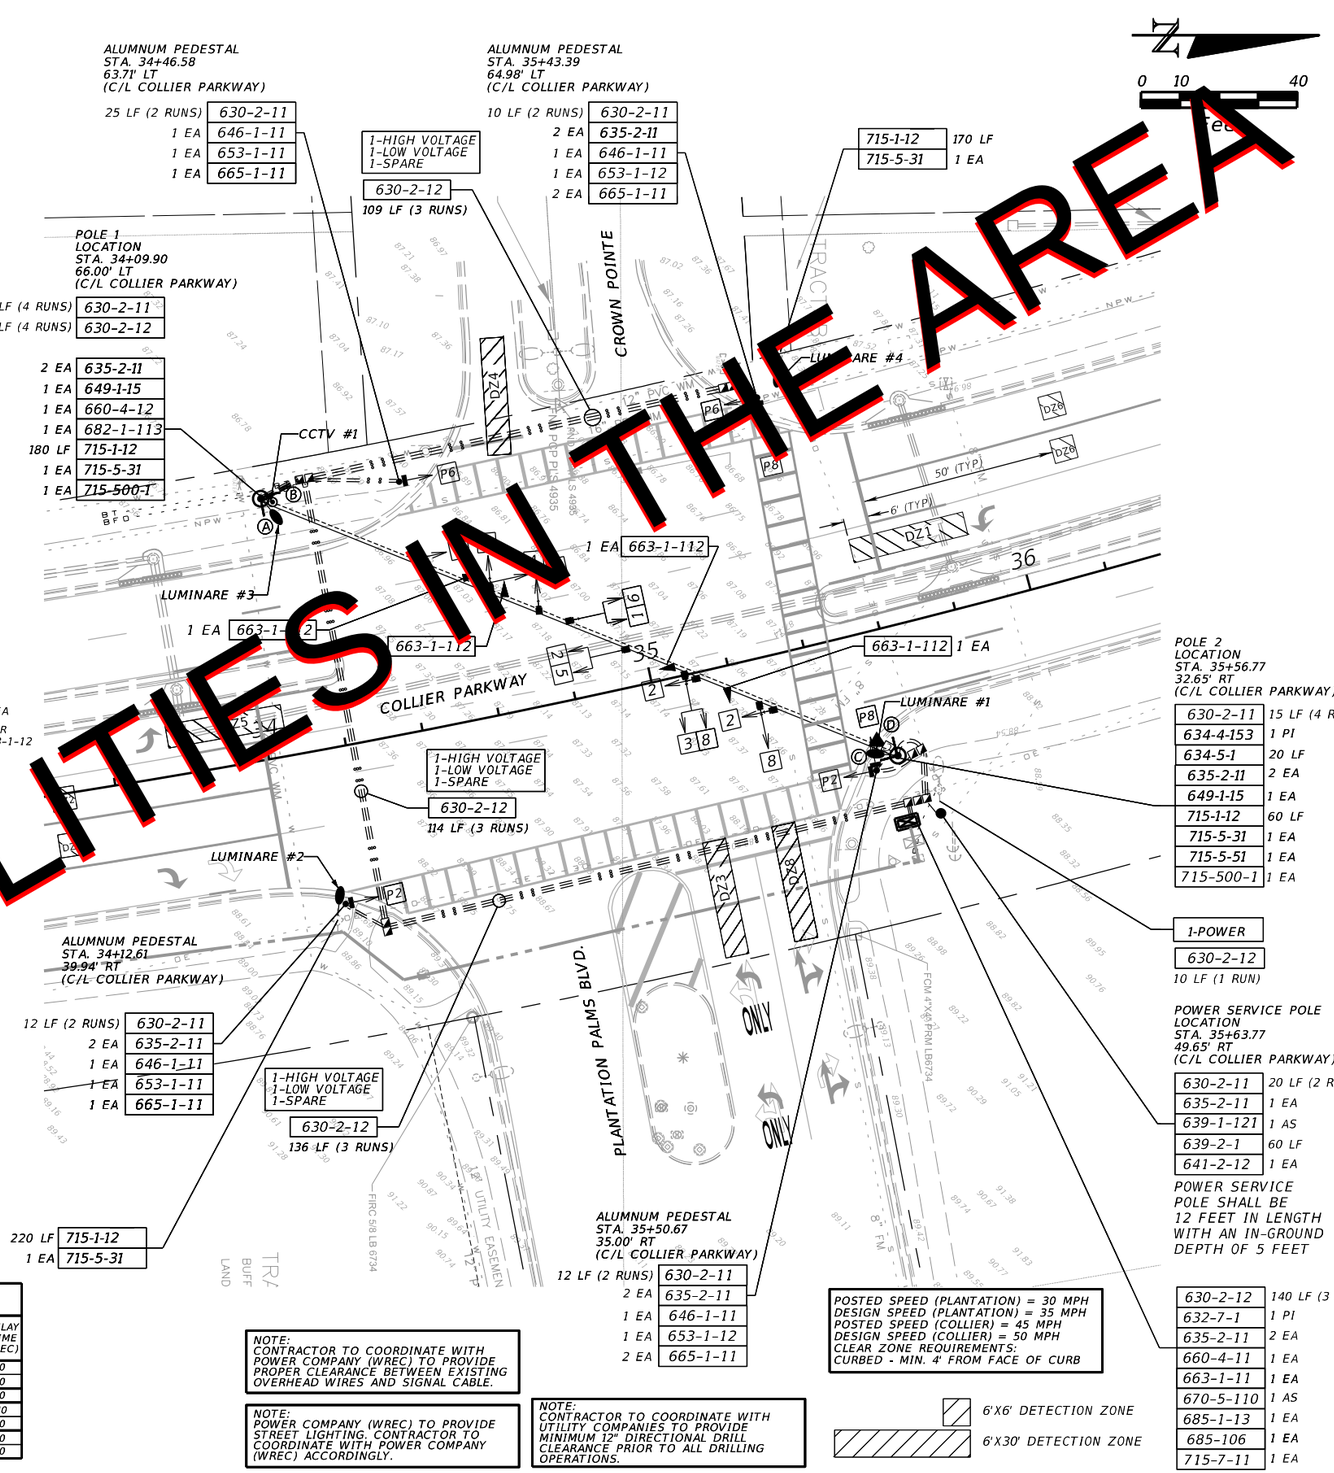
P6 P8 / P8 P2 — PED. SIGNAL COUNT-DOWN 1-SECT., 2-WAY, LED — 653-1-12 2 EA

R10-3E 6 EA

TO BE PAID FOR UNDER PAY ITEMS 653-1-11 & 653-1-12

ALL VEHICULAR TRAFFIC SIGNALS SHALL HAVE 2" FLEXIBLE BACKPLATES.

UTILITY NOTE:
ALL PASCO COUNTY UTILITIES PIPELINES AND ASSETES SHALL REMAIN AND BE PROTECTED DURING CONSTRUCTION.



CONTROLLER TIMINGS								
TIMING FUNCTION	1	2	3	4	5	6	7	8
MOVEMENT NUMBER	1	2	3	4	5	6	--	8
MOVEMENT	SBL	NB	WBL	EB	NBL	SB	--	WB
MINIMUM GREEN	5.0	20.0	5.0	20.0	5.0	20.0	--	10.0
MAXIMUM GREEN I	20.0	60.0	20.0	60.0	20.0	60.0	--	20.0
MAXIMUM GREEN II	--	--	--	--	--	--	--	--
YELLOW CLEARANCE	3.7	4.8	3.7	4.8	3.7	4.8	--	3.7
RED CLEARANCE	2.0	2.4	2.0	2.8	2.0	2.4	--	2.8
PEDESTRIAN WALK	--	7.0	--	7.0	--	7.0	--	7.0
PEDESTRIAN CLEARANCE	--	36.0	--	--	--	26.0	--	28.0
RECALL	NONE	MIN	NONE	NONE	NONE	MIN	--	NONE

SIGNAL TIMING ARE ACTUATED AND MAY REQUIRE FIELD ADJUSTMENTS.

THE CONTRACTOR SHALL VERIFY WITH THE VEHICLE DETECTION SYSTEM MANUFACTURER THAT THE PROPOSED DEGREE OF ANGLE OF VEHICLE DETECTION EQUIPMENT MOUNTING LOCATION IS ACCEPTABLE. IF NOT ACCEPTABLE, THE CONTRACTOR SHALL COORDINATE WITH THE VEHICLE DETECTION SYSTEM MANUFACTURER AND PASCO COUNTY FOR ACCEPTABLE MOUNTING ANGLES / LOCATIONS.

SPECIAL NOTES:
VIDEO CAMERA (VD)
(DZ) DETECTION ZONE

VIDEO VEHICLE DETECTION ASSIGNMENTS				
CAMERA DETECTOR NUMBER	SIZE	DETECTION ZONE	TIMING FUNCTION CONNECTION	DELAY TIME (SEC)
VD1	6'x30'	DZ1	1	0
	6'x6'	DZ6	6	0
	6'x30'	DZ8	8	0
	6'x30'	DZ3	3	10
	6'x30'	DZ5	5	0
	6'x6'	DZ2	2	0
	6'x30'	DZ4	4	0

NOTE:
CONTRACTOR TO COORDINATE WITH POWER COMPANY (WREC) TO PROVIDE PROPER CLEARANCE BETWEEN EXISTING OVERHEAD WIRES AND SIGNAL CABLE.

NOTE:
POWER COMPANY (WREC) TO PROVIDE STREET LIGHTING. CONTRACTOR TO COORDINATE WITH POWER COMPANY (WREC) ACCORDINGLY.

NOTE:
CONTRACTOR TO COORDINATE WITH UTILITY COMPANIES TO PROVIDE MINIMUM 12" DIRECTIONAL DRILL CLEARANCE PRIOR TO ALL DRILLING OPERATIONS.

UTILITY WORK SCHEDULE (UWS)

Project Description: Plantation Palms Blvd & Collier Pkwy Traffic Signal

Project Number: Task: EDO24-009/ Work Order: SIG004119

Road Name / No.: Collier Parkway

A. Summary of Utility Work and Execution

	Estimated Time (calendar days)
Total Time Prior To CIP Project Construction	90
Total Time During CIP Project Construction	12

This document has been developed as the method for a Utility Agency/Owner (UAO) to transmit to Pasco County, the County's Contractor, and other right-of-way users, the location, relocation, adjustment, installation, and/or protection of their facilities, on this Capital Improvement Plan (CIP) project. The following data is based on preliminary construction plans dated **11/04/2024**. Any deviation by Pasco County or its contractor from the plans, as provided, may render this work schedule null and void. Upon notification by Pasco County of such a change, this utility may require additional days for assessment and negotiation of a new work schedule. This UAO is not responsible for events beyond the control of the UAO that could not reasonably be anticipated by the UAO, and which could not be avoided by the UAO with the exercise of due diligence at the time of the occurrence. The UAO agrees to notify Pasco County in writing prior to starting, stopping, resuming, or completing work.

UAO Project Representative: Bill Ruland Telephone Number: 727-820-4641

UAO Field Representative: Bill Ruland Telephone Number: 727-820-4641

This document is a printout of a form maintained in an electronic format and all revisions thereto by the UAO in the form of additions, deletions or substitutions are reflected only in an Appendix entitled "Changes to Form Document" and no change is made in the text of the document itself. Hand notations on affected portions of this document may refer to changes reflected in the above-named Appendix but are for reference purposes only and do not change the terms of the document. By signing this document, the UAO hereby represents that no change has been made to the text of this document except through the terms of the appendix entitled "Changes to Form Document".

You MUST signify by selecting or checking which of the following applies:

☐ No changes to forms document.
☐ Appendix "Changes to Forms Document" is attached. ____ Number of Attachment Pages.

UTILITY WORK SCHEDULE (UWS)

Project Description: Plantation Palms Blvd & Collier Pkwy Traffic Signal

Project Number: Task: EDO24-009/ Work Order: SIG004119

Road Name / No.: Collier Parkway

B. Special Conditions / Constraints

• Duke Energy Work Order 54442710

• Emergency phone number (800)288-8485; including nights, weekends, and Duke Energy Florida holidays

• “Minimum Clearance Distances” specified in Subpart CC of OSHA Rule 29 CFR Part 1926 (as they pertain to crane/derrick operations), and/or those minimum distances specified in 29 CFR 1910.33©(3) for work in proximity to power lines not covered by this Subpart CC, must be maintained.

• Bucket truck and personnel access must be maintained to all of Duke Energy’s existing and proposed equipment locations throughout the duration of project construction for maintenance and outage construction restoration.

• Any temporary bracing or holding of this UAO's poles, existing or proposed that has not been identified in this work schedule, required for PASCO COUNTY construction, will require advance notice by PASCO COUNTY to this UAO's representative.

• Duke Energy Distribution cannot remove old facilities until new facilities are energized and existing customers services have been relocated, and/or joint use attachments have been removed.

• Work estimated in “Consecutive Calendar Days” is assumed to be non-inclement weather days. Duke Energy’s resources can also be affected by weather not directly contacting the Florida region as the company supports (MUTUAL AID) other utility companies in surrounding areas and states.

FISCAL YEAR	SHEET NO.
2024	1

$DATE$ $TIME$ $FILE$

PAY ITEM FOOTNOTES:

630-2-AB:
INCLUDES DIRECTIONAL BORE FOR MULTIPLE RUNS IN ONE TRENCH. LINEAR FOOTAGE SHOWN ON PLANS ARE FOR LENGTH OF TRENCH.
ALL CONDUIT RUNS SHOWN ON THE PLANS ARE SCHEMATIC AND FIELD ADJUSTMENTS MAY BE NECESSARY. WITH THE EXCEPTION OF ELECTRICAL POWER SERVICE DUCTS, JACK AND BORE SLEEVES, AND DIRECTIONAL BORE CONDUITS, ALL UNDERGROUND AND UNDER PAVEMENT CONDUITS SHALL BE SCHEDULE 40 PVC WITH A MINIMUM SIZE OF TWO INCHES UNLESS OTHERWISE SPECIFIED IN THE PLANS. CONDUITS INSTALLED WITH THE DIRECTIONAL BORE METHOD SHALL BE HDPE WITH A MINIMUM SIZE OF 2 INCHES.

632-7-1:
EACH PHASE/MOVEMENT SHALL BE WIRED FROM THE SIGNAL DISPLAY TO THE CONTROLLER AS A SEPARATE PHASE/MOVEMENT. THIS INCLUDES THE LEFT TURN MOVEMENT WHICH SHALL HAVE CONDUCTORS AVAILABLE FOR EITHER PROTECTED OR PERMISSIVE MOVEMENTS. THE CONTRACTOR SHALL VERIFY COLOR CODES FOR SIGNAL CABLE AND INTERCONNECT CABLE WITH THE PASCO COUNTY SIGNAL SHOP BEFORE ORDERING AND WIRE THE SIGNAL IN ACCORDANCE WITH THAT COLOR CODE AND F.D.O.T. SPECIFICATIONS. THERE SHALL BE ONE NEUTRAL PER APPROACH.

639-2-1
THE PAYMENT OF THIS ITEM SHALL BE BASED ON THE LINEAR FOOT OF A SINGLE CONDUCTOR.

646-1-11:
ALUMINUM PEDESTALS SHALL BE MOUNTED ON TRANSFORMER BASE.

649-3A-BCC:
AT LOCATIONS WHERE UNDERGROUND UTILITIES ARE IN CLOSE PROXIMITY TO THE SIGNAL POLE FOUNDATION, AS DETERMINED BY THE ENGINEER, THE CONTRACTOR SHALL HAND DIG THE FIRST FOUR FEET OF THE HOLE FOR THE POLE FOUNDATION. THE CONTRACTOR SHALL CONFIRM THE ABSENCE OF UTILITY CONFLICTS AT EACH POLE LOCATION PRIOR TO ORDERING POLES. ANY POTENTIAL CONFLICTS SHALL BE REPORTED TO THE PROJECT ENGINEER PRIOR TO ORDERING POLES.

653-1-11
PEDESTRIAN SIGNALS SHALL BE COUNTDOWN WITH OVERLAY/FILLED/FILLED HAND AND PEDESTRIAN SYMBOLS, AND SHALL BE FDOT APPROVED PRODUCT.

663-1-110
EMERGENCY PRE-EMPTION VEHICAL DETECTION UNIT ITEM SHALL INCLUDE DETECTORS AND ALL OTHER COMPONENTS, HARDWARE, INTERFERENCE PANELS, WIRING, ETC. TO PROVIDE A FULLY FUNCTIONAL SYSTEM AND SHALL BE COMPATIBLE WITH THE PASCO COUNTY SYSTEM. THE CONTRACTOR SHALL COORDINATE WITH THE MAINTAINING AGENCY FOR UNIT ACCEPTANCE AND SHALL BE LISTED IN THE FDOT APPROVED PRODUCT LIST.

665-1-11:
SHALL INCLUDE ADDITIONAL COST OF LABOR AND MATERIALS REQUIRED FOR INSTALLATION OF PEDESTRIAN SIGNAL SIGN FTP-68B-06.

670-5-ABC:
THE CONTROLLER AND CABINET ASSEMBLY SHALL BE PER NOTE 3 UNDER "TRAFFIC SIGNAL CONTROLLER SPECIFICATIONS".

670-5-ABC:
THE CONTRACTOR SHALL NOTIFY THE PASCO COUNTY SIGNAL SHOP AT LEAST 48 HOURS IN ADVANCE OTURNING ON A NEW OR MODIFIED CONTROLLER CABINET ASSEMBLY. CABINET DOOR SHOULD OPEN AWAY FROM TRAFFIC. THE TECHNICIAN SERVICE SLAB SHALL BE A MAXIMUM OF 4" BELOW THE TOP OF THE CONCRETE PAD. THE CONTROLLER SHALL BE HOUSED IN A TYPE "V" CABINET. THE CABINET SHALL INCLUDE AN EIGHT PHASE BACKPLATE WITH A MINIMUM OF 16 POSITIONS ON THE LOAD BAY AND SHALL INCLUDE ADDITIONAL COST OF LABOR, CONCRETE, AND OTHER MATERIALS FOR CONTROLLER BASE, PAD, AND STEPS, AS ONE UNIT.

682-1-40:
INCLUDES POLE, MOUNTING HARDWARE, CABLING, CAMERA, AND POWER SUPPLY.

685-1-13
THE UNINTERRUPTED POWER SUPPLY UNIT (UPS) SHALL BE HOUSED IN A SEPERATE ENCLOSED CABINET OR IN A TRAFFIC SIGNAL CABINET WHICH IS DESIGNED TO HOUSE THE UPS ASSEMBLY IN ADDITION TO THE TRAFFIC SIGNAL CONTROL EQUIPMENT. IF A SEPERATE CABINET IS REQUIRED, THIS PAY ITEM SHALL INCLUDE THE CABINET TO HOUSE THE UPS ASSEMBLY. THE TRAFFIC SIGNAL CABINET CONCRETE BASE SHALL BE LARGE ENOUGH TO SUPPORT THE TRAFFIC SIGNAL CABINET AND THE UPS CABINET. PAYMENT FOR ADDITIONAL CONCRETE BASE, INCLUDING LABOR AND MATERIALS, SHALL BE INCLUDED IN THE TRAFFIC CONTROLLER ASSEMBLY PAY ITEM NUMBER. THE CONTRACTOR SHALL COORDINATE WITH THE PASCO COUNTY SIGNAL SHOP FOR SPECIFICATIONS. THE UPS UNIT SHALL BE OF THE SAME MAKE AND MODEL AS IS CURRENTLY BEING USED BY THE MAINTAINING AGENCY.

700-5-22
SHALL BE L.E.D. EDGE LIT AND SHALL BE LISTED IN THE FDOT APPROVED PRODUCTS LIST. SHOP DRAWINGS FOR INTERNALLY ILLUMINATED STREET NAME SIGNS MUST BE SUBMITTED TO THE PASCO COUNTY TRAFFIC OPERATIONS DIVISION FOR APPROVAL PRIOR TO ORDERING. CONNECT INTERNALLY ILLUMINATED STREET NAME SIGNS TO DEDICATED 15 AMP CIRCUIT BREAKER LOCATED INSIDE THE CONTROLLER CABINET.
SHALL INCLUDE PROPERLY DESIGNED AND SIZED ADJUSTABLE HANGERS, BRACKETS, CLAMPS, AND ALL MISCELLANEOUS HARDWARE NECESSARY TO INSTALL THE SIGNS AS SHOWN IN THE PLANS.

GENERAL NOTES:

1. THE SIGNAL INSTALLATION SHALL BE IN ACCORDANCE WITH THE LATEST VERSIONS OF THE FDOT "STANDARD SPECIFICATIONS FOR ROAD AND BRIDGE CONSTRUCTION", FDOT "ROADWAY AND TRAFFIC DESIGN STANDARDS", FDOT "MINIMUM SPECIFICATIONS FOR FOR TRAFFIC CONTROL SIGNALS AND DEVICES", AND "MANUAL OF UNIFORM TRAFFIC CONTROL DEVICES" EXCEPT AS SPECIFIED HEREIN.

2. THE LOCATIONS OF UTILITIES SHOWN ON THE PLANS ARE APPROXIMATE. PRIOR TO DIGGING, THE CONTRACTOR SHALL DETERMINE THE EXACT LOCATIONS OF ALL UTILITIES. THE CONTRACTOR SHALL NOTIFY THE "SUNSHINE STATE ONE CALL" NOTIFICATION CENTER NOT LESS THAN 48 HOURS, NOR MORE THAN FIVE DAYS IN ADVANCE OF ANY OF THE CONTRACTOR'S WORK ACTIVITY WHICH MAY IMPACT ANY UTILITY FACILITY. CALL "SUNSHINE STATE ONE CALL" AT (800) 432-4770. IT WILL BE THE CONTRACTOR'S SOLE RESPONSIBILITY FOR HAVING UNDERGROUND CABLE AND UTILITIES LOCATED AND IDENTIFIED BY PROPER AUTHORITIES AT CONSTRUCTION SITES.

3. ONE WEEK PRIOR TO THE TRAFFIC SIGNAL INSTALLATION, THE CONTRACTOR SHALL CONTACT:

A) MR. VENKAT VATTIKUTI, TRAFFIC OPERATIONS MANAGER
PASCO COUNTY TRAFFIC OPERATIONS DIVISION
7536 LITTLE ROAD
NEW PORT RICHEY, FLORIDA 34654
PHONE: (727) 847-8139

4. PRIOR TO ALL TRAFFIC SIGNAL CHANGES (I.E., MAINTENANCE OF TRAFFIC CHANGES, NEW SIGNAL INSTALLATIONS, DIFFERENT PAVEMENT CONFIGURATIONS, ETC.), CONTACT VENKAT VATTIKUTI AT (727)847-8139 FOR IMPLEMENTATION OF APPROPRIATE SIGNAL TIMINGS.

5. THE CONTRACTOR SHALL CONTACT THE LOCAL POWER COMPANY FOR THEIR ASSISTANCE IN PERFORMING ALL NECESSARY WORK UNDER POWER LINES. SUCH WORK SHALL INCLUDE, BUT NOT BE LIMITED TO THE INSTALLATION OF SPAN WIRE, SIGNAL CABLE, FIBERGLASS INSULATORS, AND/OR SIGNAL POLES.

6. THE CONTRACTOR SHALL SUBMIT THE AS-BUILT PLANS TO THE ENGINEER FOR APPROVAL PRIOR TO 48 HOUR TEST. UPON 48 HOUR TEST, THE ENGINEER SHALL PROVIDE AT LEAST ONE COPY OF THE FINAL AS-BUILT PLANS TO PASCO COUNTY.

7. THE SIGNAL SHALL FLASH FOR A MINIMUM OF 48 HOURS BEFORE PLACING INTO FULL OPERATION. FLASHING OPERATION SHALL START ON A MONDAY, TUESDAY OR WEDNESDAY. HOWEVER, THE FLASHING OPERATION SHALL NOT START ON THE DAY PRECEDING A HOLIDAY.

8. THE SIGNAL SHALL BE PLACED IN FULL OPERATION ON A MONDAY, TUESDAY OR WEDNESDAY, BUT SHALL NOT BE PLACED IN FULL OPERATION ON THE DAY PRECEDING A HOLIDAY.

9. DURING TRAFFIC SIGNAL FLASHING OPERATION, THE RED ARROW INDICATION OF ALL 3-SECTION LEFT-TURN HEADS SHALL BE THE FLASHING INDICATION DISPLAYED.

10. SIGNAL TO BE MAINTAINED BY PASCO COUNTY.

PASCO COUNTY TRAFFIC OPERATIONS DIVISION
TRAFFIC SIGNAL CONTROLLER SPECIFICATIONS AND STANDARD PLAN NOTES
MAST ARM WITH VIDEO DETECTION
REV. 7, MARCH 23, 2012

1) A MANDATORY PRE-SIGNALIZATION MEETING SHALL BE HELD PRIOR TO START OF THE PROJECT. ALL MATERIAL SUBMITTALS SHALL BE PROVIDED AT THE MEETING.

2) ALL CONTROLLER AND CABINET ASSEMBLIES SHALL BE IN ACCORDANCE WITH PASCO COUNTY SPECIFICATIONS 04-001 AND 04-002.

1. ALL CABINET ASSEMBLIES SHALL BE NEMA TS2 TYPE 1 UNLESS OTHERWISE SPECIFIED.

2. SCATS ADAPTIVE SYSTEM REQUIRES 2070 OR 2070N CONTROLLERS WITH PROPER SOFTWARE. THE COST OF ANY SCATS SOFTWARE FOR THE CONTROLLER AND THE COST OF THE 2070 CONTROLLER PERSONALITIES SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR.

3. FOR ALL ISOLATED AND OTHER CLOSED LOOP APPLICATIONS, THE CONTROLLER SHALL BE NEMA CONTROLLER WITH "ABC" CONNECTORS AND BUSS COMMUNICATIONS AND BE COMPATIBLE WITH THE EXISTING SYSTEM SOFTWARE.

4. FOR CLOSED LOOP SYSTEMS, VERIFY CONTROLLER AND COMMUNICATIONS TYPE WITH PASCO COUNTY. IF SPREAD SPECTRUM RADIO IS REQUIRED, IT SHALL BE SUPPLIED WITH RADIO, ANTENNA, COAX CABLE, CONNECTORS AND POLYPHASER.

3) PRIOR TO ORDERING THE CONTROLLER AND CABINET ASSEMBLIES, VERIFY THE TYPE SYSTEM THAT IT WILL BE USED IN. ALL CONTROLLER AND CABINET ASSEMBLIES SHALL BE FULLY COMPATIBLE WITH THE APPROPRIATE CLOSED LOOP OR SCATS SYSTEM. VERIFY THE TYPE OF COMMUNATIONS TO BE USED, RADIO, FIBER OR TWISTED PAIR.

4) ALL SIGNAL POLE FOUNDATIONS SHALL HAVE A MINIMUM OF TWO 2" AND ONE 1" PVC CONDUITS. UNUSED CONDUITS SHALL BE RUN TO THE NEAREST SIGNAL PULL BOX OR SIGNAL CABINET, WHICHEVER IS CLOSEST.

5) ALL TRAFFIC SIGNAL FIXTURES SHALL BE WIRED PER THE INTERSECTION WIRING DIAGRAM PROVIDED BY PASCO COUNTY TRAFFIC OPERATIONS. CABLE SIZE SHALL BE AS CALLED FOR IN THE WIRING DIAGRAM. ALL WIRING SHALL BE CONCEALED WITHIN THE ARM, MOUNTING BRACKET AND FUTURE; NO EXPOSED WIRING SHALL BE PERMITTED.

6) ALL SPARE CONDUCTORS IN TRAFFIC SIGNAL FIXTURES SHALL BE CONNECTED TO AC IN THE FIXTURE. ALL SPARE CONDUCTORS IN THE CABINET SHALL BE CONNECTED TO THE GROUND BUSS BAR.

7) ALL BACK PLATES SHALL HAVE A THREE-INCH YELLOW REFLECTIVE BORDER PER THE MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES.

8) ALL FIELD WIRES IN CABINET SHALL BE IDENTIFIED WITH PANDUIT #PLM1M-C MARKER TIES; OR EQUIVALENT.

9) ALL CONTROLLER AND CABINET BASES SHALL HAVE ONE 4-INCH CONDUIT FOR FUTURE FIBER OPTICS COMMUNICATIONS. IT SHALL BE STUBBED OUT TO A FIBER OPTICS PULL BOX.

10) ALL GROUND ROD CONNECTIONS SHALL BE MADE USING EXOTHERMIC WELD GROUND CONNECTORS.

11) ALL UNUSED REDS SHALL BE HARD WIRED TO 120V AC, UNLESS A FLORIDA DEPARTMENT OF TRANSPORTATION APPROVED PLUG-IN JUMPER IS USED.

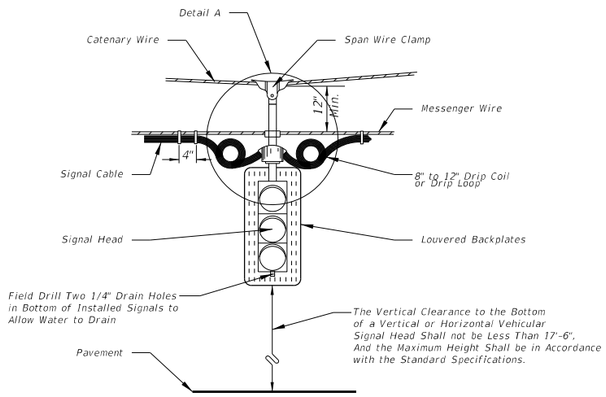
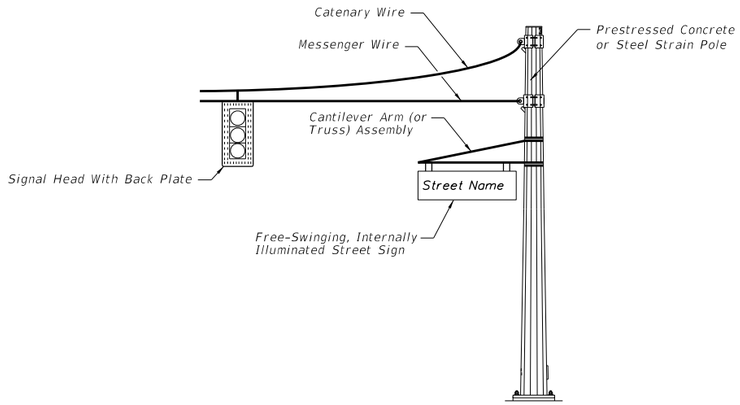
STEEL STRAIN POLE DIMENSIONS
TYPES PS-IV THROUGH PS-X

SCHEDULE NOTES:



For Steel Strain Poles, work with Standard Plans 649-010.

Notes:



1. This drawing is representative of a Proprietary Pivotal Adjustable Hanger Assembly listed on the Department's Approved Products List (APL). For specific details and requirements see the vendor drawings on the APL. The proprietary pivotal adjustable hanger assembly shall be assembled in accordance with the manufacturer's detailed drawings, procedures and specifications.
2. With the approval of the resident engineer, the service head hole for joint use poles may be drilled by the utility company at an angle of 90° but not less than 45° to the face of the pole.
3. Lashing wire should normally be used for distances of 12' or greater.
4. The overlapped connection of adjustable hangers shall use a minimum of 2 bolts with a minimum spacing of 2" between bolts.
5. Meet all grounding requirements of Section 620 of the Standard Specifications.

SPAN WIRE (PROPOSED)

ELEVATION
SIGNAL ATTACHMENT

FREE SWINGING INTERNALLY ILLUMINATED STREET SIGN ASSEMBLY

NOTES:

1. Free-swinging, internally-illuminated street signs shall only be installed on the signal pole for span wire assemblies. For mast arm assemblies the street sign may be installed on the arm or pole.
2. Free-swinging, internally-illuminated street signs shall meet the requirements of Section 700 of the Standard Specifications for Road and Bridge Construction.
3. Pole attachments and cantilever arm (or truss) assemblies may be accepted by Contractor certification provided the signs being supported meet the weight and area limitations included in Section 700 for "Acceptance by Certification".
4. Pole attachments and cantilever arm (or truss) assemblies supporting signs not meeting the weight or area limitations included in Section 700 for "Acceptance by Certification" require the submittal of structural calculations and Shop Drawings that have been prepared by and sealed by the Specialty Engineer.

NOTES

1. FOR ADDITIONAL DETAILS NOT SHOWN ON THIS SHEET, REFER TO DESIGN STANDARD PLAN 649-010.
2. DESIGN WIND SPEED: 140 MPH.
3. SHOP DRAWINGS FOR ALL POLES AND ATTACHMENTS SHALL BE SUBMITTED TO THE ENGINEER AND APPROVED PRIOR TO FABRICATION AND/OR CONSTRUCTION.
4. A PROPERLY SIZED SERVICE HEAD, (WEATHERHEAD) SHALL BE INSTALLED AND FASTENED SECURELY ONTO CONDUIT FOR EACH POLE LOCATION. AT LOCATIONS OTHER THAN SERVICE ENTRANCE, THE SERVICE HEAD FACE IS TO BE LEFT CLOSED TO OUTSIDE ATMOSPHERE. SERVICE ENTRANCE INSTALLATION PER INDEX 17723.
5. FOR GEOTECHNICAL INFORMATION, SEE REPORT OF CORE BORINGS.
6. LUMINAIRE AND ATTACHMENTS BY OTHERS. APPROVED SHOP DRAWINGS SIGNED AND SEALED BY A FLORIDA REGISTERED PROFESSIONAL ENGINEER ARE REQUIRED FOR LUMINAIRE DESIGN AND ATTACHMENT TO THE STRAIN POLES PRIOR TO THE START OF CONSTRUCTION.
7. THE CONTRACTOR SHALL PROVIDE, FOR APPROVAL BY THE ENGINEER, ALL FINISHED GRADE ELEVATIONS AT ALL POLE FOUNDATIONS PRIOR TO FURNISHING AND/OR INSTALLING ANY CATENARY AND/OR ANY MESSENGER CABLES. NO ADDITIONAL PAYMENT WILL BE MADE FOR WORK IN THIS NOTE.
8. THE CONTRACTOR SHALL PROVIDE, FOR APPROVAL BY THE ENGINEER, ALL FINISHED GRADE ELEVATIONS DIRECTLY UNDER ALL SIGNAL AND SIGN LOCATIONS ON ALL SPANS PRIOR TO FURNISHING AND/OR INSTALLING ANY CATENARY AND/OR ANY MESSENGER CABLES. NO ADDITIONAL PAYMENT WILL BE MADE FOR WORK IN THIS NOTE.
9. AT THE DIRECTION OF THE ENGINEER, THE CONTRACTOR SHALL REMOVE AND/OR MOVE AND/OR RELOCATE AND/OR FURNISH AND INSTALL NEW MATERIALS FOR CONNECTION OF ALL MESSENGER AND CATENARY WIRES TO ALL POLES AFTER APPROVAL OF PROVIDED FINISH GRADE ELEVATIONS IN THE ABOVE NOTE(S). NO ADDITIONAL PAYMENT WILL BE MADE FOR WORK IN THIS NOTE.
9. AT THE DIRECTION OF THE ENGINEER, THE CONTRACTOR SHALL REMOVE AND/OR MOVE AND/OR RELOCATE AND/OR FURNISH AND INSTALL AND/OR RE-INSTAL ALL SIGNAL HEADS, SIGNS AND AND ASSOCIATED MATERIALS TO MEET ANY CHANGED DESIGN AND/OR CONSTRUCTION REQUIREMENTS BY OTHERS. NO ADDITIONAL PAYMENT WILL BE MADE FOR WORK IN THIS NOTE.
10. CATENARY AND MESSENGER WIRE LOCATIONS FOR FUTURE SIGNAL LOCATIONS ARE BY OTHERS.
11. A DIMENSION OF 0.22 FT WAS ASSUMED IN DESIGN BETWEEN THE TOP OF FOUNDATION AND BOTTOM OF THE BASE PLATE NEAR THE BASE OF THE POLE.

NP		NON PLASTIC

NOTES:

1. BORING LOCATIONS WERE DETERMINED USING GPS COORDINATES OBTAINED IN THE FIELD BY A TIERRA REPRESENTATIVE USING A GPS DEVICE WITH A REPORTED ACCURACY OF APPROXIMATELY +/- 10 FEET. THEREFORE, THE LOCATIONS SHOULD BE CONSIDERED APPROXIMATE.
2. BASED ON A REVIEW OF THE "UPPER FLORIDAN POTENTIOMETRIC SURFACE" MAP PUBLISHED BY THE USGS, THE POTENTIOMETRIC SURFACE ELEVATION OF THE UPPER FLORIDAN AQUIFER IN THE PROJECT VICINITY IS REPORTED UP TO APPROXIMATELY +70 FEET, NGVD 29. ARTESIAN FLOW CONDITIONS WERE NOT ENCOUNTERED DURING OUR FIELD EXPLORATION; HOWEVER, THE CONTRACTORS TOOLS AND CONSTRUCTION METHODS SHOULD ADDRESS AND HANDLE A POTENTIOMETRIC LEVEL UP TO +70 FEET, NGVD 29 AT NO ADDITIONAL COST TO THE OWNER.
3. TEMPORARY CASING METHODS FOR SHAFT INSTALLATION BEYOND WHAT IS REQUIRED IN THE FDOT SPECIFICATIONS MAY BE REQUIRED IN ORDER TO PREVENT THE COLLAPSE OF THE SANDY SOILS AND/OR GROUNDWATER INTRUSION DURING SHAFT CONSTRUCTION.

GENERAL NOTES

1. LOCATION, ELEVATION, AND DIMENSIONS OF EXISTING UTILITIES, STRUCTURES, AND OTHER FEATURES ARE SHOWN IN ACCORDANCE WITH THE BEST INFORMATION AVAILABLE AT TIME OF THE PREPARATION OF THESE PLANS BUT DO NOT PURPORT TO BE ABSOLUTELY CORRECT.
2. THE CONTRACTOR SHALL VERIFY THE LOCATION, ELEVATION, AND DIMENSIONS OF ALL EXISTING UTILITIES, STRUCTURES, AND OTHERS FEATURES AFFECTING HIS WORK AND SHALL COMPLY WITH ALL STATE, COUNTY, AND LOCAL ORDINANCES AND OBTAIN ANY NECESSARY WORK PERMITS THAT MAY BE REQUIRED PRIOR TO CONSTRUCTION.
3. UTILITIES NOT UNDER THIS CONTRACT TO BE ADJUSTED BY UTILITY OWNERS.
4. THE CONTRACTOR SHALL PROVIDE AT LEAST 48 HOURS NOTICE TO THE VARIOUS UTILITY COMPANIES, INCLUDING THE PASCO COUNTY TRAFFIC CONTROL SERVICES AT 744-5670, IN ORDER TO LOCATE AND IDENTIFY THEIR EXISTING UNDERGROUND FACILITIES PRIOR TO CONSTRUCTION, AS ESTABLISHED BY THE "UNDERGROUND FACILITY DAMAGE PREVENTION AND SAFETY ACT".
5. CONTRACTOR SHALL BE RESPONSIBLE FOR ALL OF THE COORDINATION OF CONSTRUCTION SCHEDULING BETWEEN THE CONTRACTOR & ALL UTILITY AGENCIES.
   NOTE :THIS INCLUDES MEETING WITH UTILITY AGENCIES PRIOR TO THE PRE-CONSTRUCTION CONFERENCE TO ADJUST THEIR SCHEDULES TO COINCIDE WITH THE CONTRACTORS CONSTRUCTION SCHEDULE. (REFERENCE CONTRACT DOCUMENTS.)
6. POSSIBLE TREE TRIMMING AND REMOVAL MAY BE REQUIRED TO PROVIDE ADEQUATE SIGHT DISTANCE, OR AS ORDERED BY THE ENGINEER. ALL EXPENSES INCURRED FOR THIS WORK WILL BE INCLUDED IN THE PRICE BID FOR CLEARING & GRUBBING.
7. MAINTENANCE OF TRAFFIC WILL BE THE RESPONSIBILITY OF THE CONTRACTOR AND MUST BE APPROVED BY THE PASCO COUNTY TRAFFIC CONTROL SERVICES SECTION PRIOR TO IT'S IMPLEMENTATION.
8. THE COUNTY RESERVES THE RIGHT TO PERFORM QUALITY ASSURANCE TESTING ON ALL MATERIALS DELIVERED TO PROJECT AND TO REJECT ALL MATERIALS NOT MEETING ACCEPTABLE STANDARDS.
9. ALL STREET SIGNS AND STREET MARKERS ARE TO BE REMOVED AND RELOCATED AS DIRECTED BY THE ENGINEER.
10. WHERE CONNECTION TO EXISTING ACCESS IS NOT INDICATED ON THE PLANS, PROPER CONNECTION IS TO BE MADE AT THE DIRECTION OF THE COUNTY PROJECT MANAGER. WHERE EXISTING ACCESS CONNECTIONS ARE SHOWN ON THE PLANS, SUCH CONNECTIONS MAY BE MOVED, ADJUSTED, MODIFIED, ADDED OR DELETED UPON REQUEST BY THE PROPERTY OWNER AND APPROVAL BY THE COUNTY PROJECT MANAGER. ALL APPROVALS BY THE COUNTY PROJECT MANAGER SHALL BE SUBJECT TO CONFORMANCE WITH APPLICABLE STANDARDS, CODES AND REGULATIONS, AND CONDITIONED UPON GRANT OF ANY NECESSARY RIGHT OF ENTRY BY THE PROPERTY OWNER WITHOUT CHARGE TO THE COUNTY.

    UPON PROPERTY OWNER'S REQUEST, MADE PRIOR TO COMMENCEMENT OF PROJECT CONSTRUCTION, THE COUNTY MAY SUBSTITUTE A GRAVITY WALL FOR A GRADED AND HARMONIZED SLOPE OR VICE VERSA CONTINGENT UPON COUNTY PROJECT MANAGER APPROVAL, WHICH APPROVAL SHALL BE SUBJECT TO CONFORMANCE WITH APPLICABLE STANDARDS, CODES AND REGULATIONS, AND CONDITIONED UPON GRANT OF ANY NECESSARY RIGHT OF ENTRY BY THE PROPERTY OWNER WITHOUT CHARGE TO THE COUNTY.
11. NO STABILIZING WILL BE REQUIRED FOR PAVED TURNOUTS TO PRIVATE PROPERTY.
12. ANY AND ALL MATERIAL TO BE REMOVED SUCH AS CULVERT PIPE, GUARDRAIL, ROAD SIGNS, ETC. THAT THE ENGINEER DEEMS SALVAGEABLE SHALL BE NEATLY STOCKPILED IN AN AREA DESIGNATED BY THE ENGINEER, FOR FUTURE REMOVAL BY COUNTY FORCES.
13. THE CONTRACTOR SHALL PROVIDE BORROW MATERIAL FROM BORROW PITS APPROVED BY THE ENGINEER, AND INCORPORATE IT INTO THE WORK IN ACCORDANCE WITH THE PLANS AND SPECIFICATIONS.
14. THE COUNTY SHALL SUPPLY CONTROL POINTS FOR LINE AND GRADE.
15. THE CONTRACTOR SHALL BE RESPONSIBLE FOR THE COMPLETE STAKE-OUT OF THE PROJECT, i.e., LINE, GRADE, SLOPE STAKE, UTILITY RELOCATIONS OR ANY OTHER STAKE-OUT THAT MAY BE REQUIRED TO COMPLETE THE PROJECT IN ACCORDANCE WITH THE PLANS AND SPECIFICATIONS. ANY AND ALL EXPENSES INCURRED FOR THIS WORK SHALL BE INCLUDED IN THE UNIT PRICE BID FOR OTHER ITEMS. NO ADDITIONAL PAYMENT SHALL BE MADE FOR THIS WORK.
16. OVERALL CLEAN-UP SHALL BE ACCOMPLISHED BY THE CONTRACTOR IN ACCORDANCE WITH COUNTY STANDARDS OR AS DIRECTED BY THE ENGINEER. ANY AND ALL EXPENSES INCURRED FOR THIS WORK SHALL BE INCLUDED IN THE UNIT PRICE BID FOR OTHER ITEMS.
17. THE CONTRACTOR SHALL ENDEAVOR TO PROTECT PRIVATE PROPERTY. ANY DAMAGE CAUSED BY THE CONTRACTOR IN THE PERFORMANCE OF HIS WORK SHALL BE CORRECTED TO THE SATISFACTION OF THE ENGINEER AT THE CONTRACTOR'S EXPENSE. PAYMENT SHALL NOT BE MADE FOR THIS WORK.
18. ANY DAMAGE TO STATE, COUNTY, OR LOCAL ROADS CAUSED BY THE CONTRACTOR'S HAULING OR EXCAVATION EQUIPMENT SHALL BE REPAIRED BY THE CONTRACTOR TO THE SATISFACTION OF THE ENGINEER. PAYMENT SHALL NOT BE MADE FOR THIS WORK.
19. ALL SIDEWALK RAMPS SHALL BE BUILT PER THE LATEST F.D.O.T. ROADWAY AND TRAFFIC DESIGN STANDARDS AT THE TIME OF BID.
20. ALL EROSION CONTROL FENCES AND BARRIERS SHALL BE ERECTED PRIOR TO ANY LAND ALTERATIONS, MAINTAINED DURING CONSTRUCTION, AND REMOVED FOLLOWING SOIL STABILIZATION AND FINAL DRESSING.
21. DURING DEWATERING OPERATIONS, THE CONTRACTOR SHALL NOT DISCHARGE DIRECTLY TO RECEIVING WATERS, EXISTING CONVEYANCES TO RECEIVING WATERS OR WETLAND SYSTEMS. TEMPORARY SEDIMENT BASINS OR TRAPS SHALL BE UTILIZED TO COLLECT THE DISCHARGE FROM DEWATERING ACTIVITIES TO ELIMINATE THE POTENTIAL FOR OFFSITE SEDIMENT TRANSPORT.
22. CONCRETE VALVE PADS ARE REQUIRED AND NOT A COST ITEM TO THE COUNTY - USE WATER TECHNICAL SPECIFICATION W-9 BY PASCO COUNTY.
23. ANY U.S.C. & G.S. MONUMENT WITHIN LIMITS OF CONSTRUCTION IS TO BE PROTECTED. IF IN DANGER OF DAMAGE, PROJECT ENGINEER SHOULD NOTIFY;
    DIRECTOR, NATIONAL GEODETIC SURVEY

GENERAL NOTES

SHEET NO. 1-2

SIGNALIZATION

1. The CONTRACTOR shall familiarize themself with Pasco County Technical Specifications For Traffic Signals. Some item numbers and tasks may differ from Florida Department Of Transportation Specifications.
2. The CONTRACTOR shall notify the "Sunshine State One Call" notification center not less than 48 hours, nor more than 5 days in advance of any of the CONTRACTOR'S work activity which may impact any utility facility. Call "Sunshine State One Call" at 1-800-432-4770. It will be the CONTRACTOR'S sole responsibility for having underground cable sites located and identified by proper authorities at time of construction.
3. The CONTRACTOR shall contact the local power company for their assistance in performing all necessary work under power lines. Such work shall include, but not be limited to, the installation of mast arms, signal cable, and/or signal poles.
4. The CONTRACTOR shall be responsible for the proper amount of rake for signal poles with respect to loading to be used on poles at the time of installation. This information is available from the pole manufacturer.
5. Traffic signal cable providing power to vehicular and pedestrian signal heads shall not be installed in the same conduit containing loop lead-ins and pedestrian detector cables.
6. All saw cuts for loops shall be sealed with flexible epoxy.
7. All signal heads shall be LED and furnished with tunnel visors.
8. The CONTRACTOR shall notify the Pasco County Traffic Services Division, at least 48 hours in advance of loop cutting and activating of new traffic controllers.
9. The CONTRACTOR shall verify all base of pole elevations ensure final signal head heights meet FDOT requirements , that the foundation is flush with the grade, etc. ,before ordering poles.
10. The CONTRACTOR is to de-water the foundation excavation if the elevation of water is higher than the elevation of the pole base.
11. Traffic shall be maintained during the splicing activity through the use of off-duty police officers, temporary signals, or by other means approved by the Pasco County Traffic Services Division.
12. At the time of final inspection of the project, the CONTRACTOR shall furnish the project manager with 2 complete sets of As-built plans.
13. The CONTRACTOR shall verify color codes for signal cable and interconnect cable with the Traffic Services Division. Contact the Traffic Signal Supervisor.
14. All grounding wire shall be exothermically welded to ground rod electrodes or an array of electrodes.
15. Possible tree trimming and removal may be required to provide adequate sight distance, or as ordered by the ENGINEER. All expenses incurred for this work will be divided among the item number for signalization.
16. At locations where underground utilities are in close proximity to signal pole foundations, the CONTRACTOR shall hand dig the first 48 inches of the foundation.
17. Five section heads over left turn lane lines shall be wired for future 3 or 5 section heads.

CONDUIT

1. It should be noted that no test borings were made where conduit runs are to be installed by boring or trenching.
2. Conduit shall be encased in sand cement in areas where a minimum depth of 18 inches cannot be met.
3. Three conduits shall be provided between the nearest signal pole and the controller cabinet. 2 conduits shall be 2 inch minimum PVC. 1 shall contain signal cable, and the other shall contain pedestrian push button cable. The third conduit shall be galvanized metal and shall contain the electrical power service.
4. All conduit shall be 2 inch minimum unless otherwise specified in plans.
5. All conduit shall be installed prior to roadway base or sidewalk construction.
6. The termination ends of all POLYVINYL CHLORIDE (PVC) plastic conduit entering all pull boxes and cabinet bases shall be fitted with an End Bell Duct Fitting prior to any pulline or cable installation.

INTERCONNECT CONDUIT

1. Neptco Inc. mule tape # 1250 P3 MF 11.75 Fx 9.5 1250 lb and a 14 gauge XHHW wire for tracing or approved equal shall be installed in all conduits which are to receive cable at a future time. At least 3 feet of pulline shall be accessible at each conduit termination and secured within the pullbox or place of termination.
2. All conduit shall be rodded and brushed as per Pasco County's Traffic Signal Specifications.
3. All conduit with pulline installed shall be sealed and capped to avoid further debris and soil from entering during construction.
4. Detectable locating tape shall be placed over the centerline of the 4" pvc outerduct one foot below grade. Payment for detection tape is included in the pay item for conduit.
5. The termination ends of all Polyvinyl Chloride (PVC) plastic conduit entering all pullboxes and cabinet bases shall be fitted with an End Bell Duct Fitting prior to any pulline or cable installation.

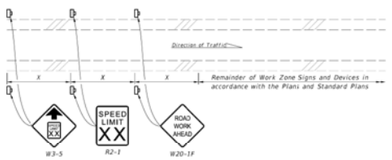
SHEET NO. 1-12

$USER$ $DATE$ $TIME$ $FILE$



CLEAR ZONE WIDTHS FOR WORK ZONES:

The term 'clear zone' describes the unobstructed relatively flat area, impacted by construction, extending outward from the edge of the traffic lane. The table below gives clear zone widths in work zones for medians and roadside conditions other than for roadside canals; where roadside canals are present, clear zone widths are to conform with the distances to canals as described in the FDOT Design Manual 215.2.

TABLE 5
CLEAR ZONE WIDTHS FOR WORK ZONES

WORK ZONE SPEED (MPH)	TRAVEL LANES & MULTILANE RAMPS (feet)	AUXILIARY LANES & SINGLE LANE RAMPS (feet)
60-70	30	18
55	24	14
45-50	18	10

ALL SPEEDS CURB & GUTTER	4' BEHIND FACE OF CURB	4' BEHIND FACE OF CURB

NOTE: For temporary conditions where existing curb has been removed but not reconstructed, curb and gutter values may be used.

SPEED REDUCTION SIGNING

NOTES:

1. X = Work Zone Sign Spacing
2. When called for in the Plans, use this detail in accordance with the Plans and Standard Plans. Place the speed reduction signs (W3-5 and R2-1) in advance of the "Road Work Ahead" sign (W20-1F) as shown.
3. Do not use this detail in conjunction with the Motorist Awareness System.
4. For speed reductions greater than 10 MPH, reduce the speed in 10 MPH increments of 'X' distance. Do not reduce the speed below the minimum statutory speed for the class of facility.
5. Place additional "Speed Limit" signs (R2-1) at intervals of no more than one mile for rural conditions and 1,000 feet for urban conditions.
6. For undivided roadways, omit the signs shown in the median.
7. Remove temporary regulatory speed signs as soon as the conditions requiring the reduced speed no longer exist. Once the work zone regulatory speeds are removed, the regulatory speed existing prior to construction will automatically go back into effect.

SUPERELEVATION:

Horizontal curves constructed in conjunction with work zone traffic control should have the required superelevation applied to the design radii. Under conditions where normal crown controls curvature, the minimum radii that can be applied are listed in the table below.

TABLE 6
MINIMUM RADII FOR NORMAL CROWN

WORK ZONE POSTED SPEED	MINIMUM RADIUS
MPH	Feet
70	4090
65	3130
60	2400
55	1840
50	1390
45	1080
40	820
35	610
30	430

Superelevate When Smaller Radii is Used

OVERWEIGHT/OVERSIZE VEHICLES:

Restrictions to Lane Widths, Heights or Load Capacity can greatly impact the movement of over dimensioned loads. The Contractor shall notify the Engineer who in turn shall notify the State Permits Office, phone no. (850) 410-5777, at least seven calendar days in advance of implementing a maintenance of traffic plan which will impact the flow of overweight/oversized vehicles. Information provided shall include location, type of restriction (height, width or weight) and restriction time frames. When the roadway is restored to normal service the State Permits Office shall be notified immediately.

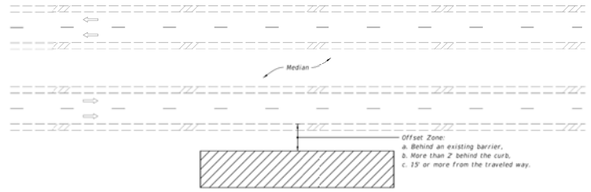
LANE WIDTHS:

Lane widths of through roadways should be maintained through work zone travel ways wherever practical. Provide minimum widths for work zone travel lanes as follows: 11' for interstate with at least one 12' lane provided in each direction, unless formally accepted by the Federal Highway Administration; 11' for all other limited access roadways; and 10' for all other facilities.

HIGH-VISIBILITY SAFETY APPAREL:

All high-visibility safety apparel shall meet the requirements of the International Safety Equipment Association (ISEA) and the American National Standards Institute (ANSI) for "High-Visibility Safety Apparel", and labeled as ANSI/ISEA 107-2004 or newer. The apparel background (outer) material color shall be either fluorescent orange-red or fluorescent yellow-green as defined by the standard. The retroreflective material shall be orange, yellow, white, silver, yellow-green, or a fluorescent version of these colors, and shall be visible at a minimum distance of 1,000 feet. Class 3 apparel may be substituted for Class 2 apparel. Replace apparel that is not visible at 1,000 feet.

WORKERS: All workers within the right-of-way shall wear ANSI/ISEA Class 2 apparel. Workers operating machinery or equipment in which loose clothing could become entangled during operation shall wear fitted high-visibility safety apparel. Workers inside the bucket of a bucket truck are not required to wear high-visibility safety apparel.



UTILITIES: When other industry apparel safety standards require utility workers to wear apparel that is inconsistent with FDOT requirements such as NFPA, OSHA, ANSI, etc., the other standards for apparel may prevail.

FLAGGERS: For daytime activities, Flaggers shall wear ANSI/ISEA Class 2 apparel. For nighttime activities, Flaggers shall wear ANSI/ISEA Class 3 apparel.

LENGTH OF LANE CLOSURES:

For interstates and state highways with a posted speed of 55MPH or greater, lane closures must not exceed 3 miles (includes taper, buffer, and work zone) in any given direction; and must not close two consecutive interchanges.

LAST REVISION	DESCRIPTION:	FDOT	FY 2024-25 STANDARD PLANS	GENERAL INFORMATION FOR TRAFFIC CONTROL THROUGH WORK ZONES	INDEX	SHEET
11/01/20					102-600	3 of 11

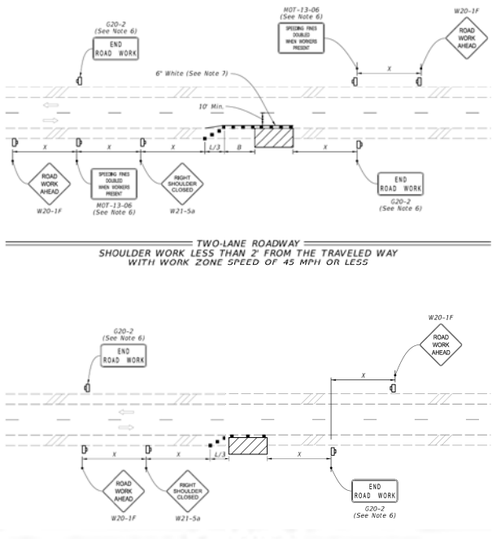
MULTILANE ROADWAY SHOWN, TWO-LANE ROADWAY SIMILAR

NOTES:

1. This Index applies to Two-Lane, Two-Way and Multilane Roadways, including Medians of divided roadways, with work beyond the shoulder.
2. Use Index 102-602 when the work operation (excluding establishing and terminating the work areas) requires that two or more work vehicles cross the Offset Zone in any one hour period.
3. Use Index 102-660 when Work Area encroaches a Sidewalk.

SYMBOLS:

- Work Area
- Lane Identification and Direction of Traffic



LAST REVISION	DESCRIPTION:	FDOT	FY 2024-25 STANDARD PLANS	TWO-LANE AND MULTILANE ROADWAY, WORK BEYOND THE SHOULDER	INDEX	SHEET
11/01/20					102-601	1 of 1

NOTE:

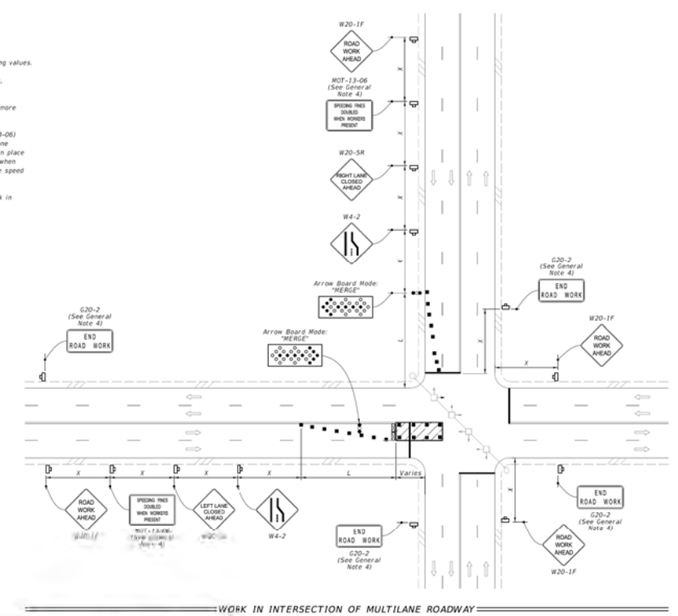
1. This Index applies to Two-Lane, Two-Way and Multilane Roadways, including Medians of divided roadways, with work on the shoulder.
2. L = Taper Length
   X = Work Zone Sign Spacing
   B = Buffer Length
   See Index 102-600 for "L", "X", "B", and channelizing device spacing values.
3. Where work activities are between 2' and 15' from the edge of traveled way, the Engineer may omit signs and channelizing devices for work operations 60 minutes or less.
4. When four or more work vehicles enter the through traffic lanes in a one hour period (excluding establishing and terminating the work area), use a flagger or lane closure to accommodate work vehicle ingress and egress.
5. For work less than 2' from the traveled way and work zone speed is greater than 45 MPH, use a lane closure.
6. The "Speeding Fines Doubled When Workers Present" signs (MOT-13-06) and "End Road Work" Signs (G20-2) along with the associated work zone sign spacing distances may be omitted when the work operation is in place for 24 hours or less.
7. Temporary pavement markings may be omitted when the work operation is in place for 3 days or less.
8. Omit "Shoulder Closed" signs (R21-5a) along with associated work zone sign spacing distances for work on the median.
9. When there is no paved shoulder, the "Worker" sign (R21-1) may be used instead of the "Shoulder Closed" sign (R21-5a).

SYMBOLS:

- Work Area
- Channelizing Device (See Index 102-600)
- Work Zone Sign
- Type III Barricade
- Arrow Board
- Stop Bar
- Lane Identification and Direction of Traffic

TWO-LANE ROADWAY
SHOULDER WORK LESS THAN 2' FROM THE TRAVELED WAY WITH WORK ZONE SPEED OF 45 MPH OR LESS

TWO-LANE ROADWAY
SHOULDER WORK BETWEEN 2' AND 15' FROM THE TRAVELED WAY



LAST REVISION	DESCRIPTION:	FDOT	FY 2024-25 STANDARD PLANS	TWO-LANE AND MULTILANE, WORK ON SHOULDER	INDEX	SHEET
11/01/21					102-602	1 of 2

GENERAL NOTES:

1. L = Taper Length
   B = Buffer Length
   X = Work Zone Sign Distance
   See Index 102-600 for "L", "B", "X", and channelizing device spacing values.
2. If vehicles in a parking zone block the line of sight to TCZ signs, locate and post mount signs in accordance with Index 700-101.
3. Use temporary "STOP" sign (R1-1) where the existing stop bar is more than 30' from the taper, remove or cover existing sign.
4. The "Speeding Fines Doubled When Workers Present" sign (MOT-13-06) and "End Road Work" Sign (G20-2), along with associated Work Zone Sign Distances, may be omitted when the work operation will be in place for 24 hours or less. Additionally, arrow boards may be omitted when the work operation will be in place for 60 minutes or less and the speed limit is 45 mph or less.
5. If the work area extends across a crosswalk, close the crosswalk in accordance with Index 102-660.
6. Dual signs are required for divided roadways.

SYMBOLS:

- Work Area
- Channelizing Device (See Index 102-600)
- Work Zone Sign
- Type III Barricade
- Arrow Board
- Stop Bar
- Lane Identification and Direction of Traffic

Re: Geotechnical Engineering Services Report
Intersection Signalization
Plantation Palms Boulevard & Collier Parkway
Pasco County, Florida
Tierra Project No. 6511-24-189

Mr. Brown:

Tierra, Inc. (Tierra) has performed a geotechnical study for the proposed intersection improvements at Plantation Palms Boulevard and Collier Parkway in Pasco County, Florida. Two (2) new signal pole structures are proposed at the intersection. This report presents the findings of our field explorations and geotechnical engineering recommendations for use in the design of the proposed strain signal pole structure foundations.

Subsurface Investigation

To evaluate the subsurface conditions, Tierra performed two (2) Standard Penetration Test (SPT) borings within close proximity to the proposed strain signal pole foundation locations to approximate depths of 30 feet below existing grade. The borings were located in the field by a representative of Tierra using project design information provided by Coastal Design Consultants, Inc. (Coastal) and hand-held, non-survey grade Garmin Etrex® Global Positioning System (GPS) equipment with a manufacturer's reported accuracy of ±10 feet. The boring locations should be considered approximate. If the boring locations become critical to design, then Tierra recommends that the boring locations be survey located. The approximate boring locations are provided on the **Boring Location Plan** in the **Attachments** of this report.

The SPT borings were performed in general accordance with the American Society for Testing and Materials (ASTM) Test Designation D-1586. The initial 6 feet of the borings were manually augered to verify clearance of underground utilities. The SPT resistance values were then recorded at intervals of 2 feet to a depth of 10 feet and on intervals of 5 feet thereafter to the boring termination depth. Detailed soil information is presented on the attached **Soil Profiles**.

Groundwater Information

Within the borings performed, groundwater was encountered at a depth of approximately 1½ to 2 feet below existing grades. It should be noted that groundwater levels tend to fluctuate during periods of prolonged drought and extended rainfall and may be affected by man-made influences. In addition, a seasonal effect can also occur in which higher groundwater levels are normally recorded in rainy seasons.

Review of Topographic Information

Based on a review of the "Lutz, Florida" USGS Quadrangle Map, it appears that the natural ground surface elevation at the project site is on the order of approximately +85 feet, National Geodetic Vertical Datum of 1929 (NGVD 29).

Review of Potentiometric Information

Based on a review of the "Upper Floridan Potentiometric Surface" Maps Published by the USGS, the potentiometric surface elevation of the Upper Floridan Aquifer at the proposed signal pole structure locations is approximately +70 feet, NGVD. The natural ground elevation at the project site is on the order of approximately +85 feet, NGVD 29. The SPT borings performed at the signal pole foundation locations did not encounter artesian flow conditions during the field exploration. However, the contractor's tools and construction methods should address and handle a potentiometric level of up to +70 feet, NGVD 29 at no additional cost to the owner.

Geotechnical Considerations and Recommendations

General – It is our understanding that the design of the strain signal pole foundations will be performed by Coastal with the approved Florida Department of Transportation (FDOT) *Mathcad* program for the design of the strain signal pole foundations and/or *Atlas* program for strain piles. These programs model the subsurface as a uniform soil type with consistent strength properties; however, the results of the borings indicate different soil types and properties throughout the boring depths.

Recommended soil parameters for the proposed signal pole foundations are provided below. We recommended the signal pole foundations be designed based on saturated conditions, i.e. the groundwater table at the surface. Tierra recommends the upper sandy soil layer be used for the design:

Recommended Soil Design Parameters for Strain Signal Pole Structures
Plantation Palms at Collier Parkway
Pasco County, Florida

Boring	Intersection Quadrant	FDOT MathCad Soil Type	Total Unit Weight (PCF)	Effective Unit Weight[(1)] (PCF)	Friction Angle φ°	Cohesion (PSF)
SG-1	NE	SAND	112	50	30	0
SG-2	SW	SAND	112	50	30	0

Notes:
(1) Effective unit weight based on saturated conditions.

The torsional resistance calculated for the SAND soil model in the FDOT *Mathcad* program requires an average SPT N value. Tierra has provided the equivalent average N-value for different shaft depths on the attached **Recommended Average N-Value Table.**

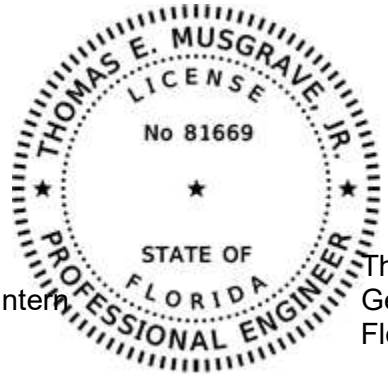
Shaft Embedment/Length – If the proposed signal pole foundation is to be installed within berms or embankments with side slopes steeper than 4H:1V, the foundation designer should include the portion of the shaft with less than 2.5D (D=shaft diameter) horizontal soil cover (face-of-shaft to face-of-slope) in the unsupported length, and design the portion of the shafts with more than 2.5D horizontal soil cover as though founded in level ground.

Within SPT boring SG-1, very loose sandy soils were encountered within the initial 8 feet of the borehole. Tierra recommends that the shaft should not be tipped within two shaft diameters of the very loose sandy soils.

Once tip elevations are determined, Tierra recommends that we be provided the design tip elevations for review prior to incorporation into the final design to ensure that the foundation is tipped/embedded at an elevation consistent with suitable material.

Shaft Installation – The proposed signal pole foundations should be installed in accordance with the FDOT Specifications. Temporary casing methods for shaft installation may be required to prevent the collapse/sloughing of the sandy and silty soils and/or groundwater intrusion during the shaft excavation.

Temporary casing methods for shaft installation beyond what is required in the FDOT specifications may be required in order to prevent the collapse of sandy soils and/or groundwater intrusion during shaft construction.



Report Limitations

The scope of our services did not include an environmental assessment for determining the presence or absence of wetlands or hazardous or toxic materials in the soil, bedrock, groundwater, or air, on or below or around this site. The scope of our services did not include determination of the potential for sinkhole activity. Any statements in this report or on the boring logs regarding odors, colors, unusual or suspicious items or conditions are strictly for the information of our client.

Tierra appreciates the opportunity to be of service to Coastal Design Consultants, Inc. on this project. If you have any questions or comments, please contact our office at your earliest convenience.

Respectfully Submitted,

TIERRA, INC.

NOTES:

1. BORING LOCATIONS WERE DETERMINED USING GPS COORDINATES OBTAINED IN THE FIELD BY A TIERRA REPRESENTATIVE USING A GPS DEVICE WITH A REPORTED ACCURACY OF APPROXIMATELY +/- 10 FEET. THEREFORE, THE LOCATIONS SHOULD BE CONSIDERED APPROXIMATE.

2. BASED ON A REVIEW OF THE "UPPER FLORIDAN POTENTIOMETRIC SURFACE" MAP PUBLISHED BY THE USGS, THE POTENTIOMETRIC SURFACE ELEVATION OF THE UPPER FLORIDAN AQUIFER IN THE PROJECT VICINITY IS REPORTED UP TO APPROXIMATELY +70 FEET, NGVD 29. ARTESIAN FLOW CONDITIONS WERE NOT ENCOUNTERED DURING OUR FIELD EXPLORATION; HOWEVER, THE CONTRACTORS TOOLS AND CONSTRUCTION METHODS SHOULD ADDRESS AND HANDLE A POTENTIOMETRIC LEVEL UP TO +70 FEET, NGVD 29 AT NO ADDITIONAL COST TO THE OWNER.

3. TEMPORARY CASING METHODS FOR SHAFT INSTALLATION BEYOND WHAT IS REQUIRED IN THE FDOT SPECIFICATIONS MAY BE REQUIRED IN ORDER TO PREVENT THE COLLAPSE OF THE SANDY SOILS AND/OR GROUNDWATER INTRUSION DURING SHAFT CONSTRUCTION.

BID PROPOSAL

IFB No.: IFB-BW-26-041

PROJECT NAME: COLLIER PARKWAY (PLANTATION PALMS BLVD. & COLLIER PKWY TRAFFIC SIGNAL)

1. **Bid Price.** Note that this sum represents the total of the prices shown in the following Bid Schedule. Should the BIDDER make any errors in determining a line item total or in the summation of the line item totals in said Bid Schedule, upon discovery of the errors, the correct multiplication and/or sum, will be used by the County in determining the Bid Price of a BIDDER; provided, however, the COUNTY shall not be liable for any failure to discover such errors:

   $_____
   (DO NOT LEAVE BLANK)

2. **Indemnification & Termination for Convenience** (See GC 6.2 & 16.2.3):

   $ 200.00

3. **Total Bid Price** (Add the dollar amounts stated in the above lines.)

   $_____
   (DO NOT LEAVE BLANK)

4. **Allowances**

   A. **Allowance Work** in accordance with Article 21 of the General Conditions.

   $ 90,000.00
   (FOR COUNTY USE ONLY)

   B. **Other Allowances**

   $_____
   (FOR COUNTY USE ONLY)

5. **Alternates (☐)**

   $_____
   (FOR COUNTY USE ONLY)

6. **Final Total Bid Price ***:

   $_____
   (FOR COUNTY USE ONLY)

---

* The dollar amounts shown herein are to be utilized by the COUNTY as a guide to selecting the *best qualified* low BIDDER. The COUNTY reserves the right to award on more than one or none of the Alternates at its sole discretion. The actual total compensation paid BIDDER for the Project described in these Contract Documents may vary from the amount stated herein due to adjustments in pay quantity/ quantities resulting from changes in item quantity/quantities, and/or adjustments in pay quantity/quantities as otherwise permitted by these Contract Documents.

7. BIDDER acknowledges that included in the various items of the proposal, and in the Total Bid Price as indicated above, are costs for complying with the Florida Trench Safety Act.

   The BIDDER further identifies the cost to be $_____ **[IMPORTANT: this blank to be filled in by the BIDDER]**. This cost is itemized in the Florida Trench Safety Act Certification and Disclosure Statement that is included in this proposal as Exhibit B. It is a ***MANDATORY REQUIREMENT*** that the Disclosure Statement be submitted with a bid.

8. The Total Bid Price quoted above represents the Bid Proposal of the BIDDER, exclusive of consideration of Reserves for Specified Allowances and of the Alternate(s) listed in any accompanying Alternative Bid Schedule. Pasco County may select one or more of any said Alternate(s) relative to determining the lowest and best bid proposal. The Final Total Bid Price will be computed by Pasco County to reflect all Reserves for Allowances, as well as the addition or deletion of any Alternate(s) selected by the COUNTY. Where an Alternative Bid Schedule is provided, ***A FAILURE TO SUBMIT A PRICE FOR EACH ALTERNATE WILL RESULT IN REJECTION OF THE BID AS NONRESPONSIVE.***

9. Legal name of the BIDDER:_____.
   (**This name must match the name on your current W9 Form. The W9 will be requested at the time of award.** Designate with name, in typed or printed form, whether corporation, limited liability company, partnership, individual, or other type of legally recognized entity or person; if not a natural person, designate also the state or country of incorporation or other legal establishment, as applicable)

   All fictitious names or aliases:

   _____

   _____

10. Local (to New Port Richey, Florida) business and mailing address of the BIDDER:

    _____

11. Primary business and mailing address of the BIDDER: ☐ Same as local address.

    _____

    Contractor License No. _____

    Federal Employer Identification Number (FEIN): _____

12. Business phone number of the BIDDER: _____; Fax: _____

    Email Address: _____

13. The BIDDER has been operating under the present trade name continuously since:

_____

14. The BIDDER represents by execution of this document below that the BIDDER understands all the requirements associated with this Bid, that this is a serious Bid, and that the BIDDER will comply fully with all the stipulations included in the Bid Package.

The above-named BIDDER affirms and declares:

A. That the BIDDER, if an individual, is of lawful age, and that no other person, firm or corporation has any interest in this Proposal, or in the contract proposed hereby, except as expressly stated below (if none, so state):

B. That this Proposal is made without any understanding, agreement, or connection with any other person, firm or corporation making a Proposal for the same purpose, and is in all respects fair and without collusion or fraud except as expressly stated below:

C. That the BIDDER is not in arrears to the COUNTY upon debt or contract and is not a defaulter, as surety or otherwise, upon any obligation to the COUNTY except as expressly stated below:

D. That no officer or employee or person whose salary is payable in whole or in part from the Treasury of the COUNTY is, shall be or shall become interested, directly or indirectly, as surety or otherwise in this Proposal, in the performance of this Contract, in the supplies, materials, equipment, and work or labor to which they relate, or in any portion of the profits thereof.

E. That the BIDDER is in compliance with Section 448.095(2), Fla. Stat. requiring CONTRACTOR and its SUBCONTRACTORS to register with and utilize the U.S. Department of Homeland Security's E-Verify program to verify the work authorization status of all newly hired employees and acknowledges that it will be required to maintain such compliance throughout the term of any Contract entered between the parties. The BIDDER also confirms that no public employer has terminated a contract with the BIDDER for failure to comply with Section 448.095(2), Fla. Stat. (2020) within the 12 months preceding the date this Certification Form is signed by the BIDDER.

F. That the BIDDER has received and carefully examined all Addenda issued prior to uploading its Bid Proposal and its Bid Proposal will be accordance with all Addenda prior to Bid Opening.

G. That the BIDDER has examined publicly available information regarding site conditions, observed the side, received responses to questions regarding the site conditions submitted to the Purchasing Department at the link for this solicitation at https://pasococountyfl.bonfirehub.com prior to the deadline for questions, and attended any site visits offered by the County. Based on that information, BIDDER is fully satisfied as to: (1) the nature and location of the Work; (2) the location of all existing utilities; (3) subsurface conditions; (4) the character, quality and quantity of all materials needed for the performance of the Work; (5) the kind and extent of the equipment, labor and other resources or facilities needed for the performance of the Work; (6) the general and local conditions, as well as all difficulties that may be encountered, including but not limited to weather conditions; and (7) all other items which may in any way affect or impact the Work or its performance.

H. That the BIDDER or any officer of the BIDDER has not been found guilty of a public entity crime or is on the convicted vendor list as set forth in Sections 287.132 and 287.133, F.S.

I. If claiming Local Vendor Preference, the Offeror certifies that they satisfy each of the following criteria at the time of their submission of a response to the solicitation necessary to qualify as a "Local Business": a) a vendor, supplier, or contractor who does business in Pasco County by providing goods, services, or construction; and b) maintains a physical business address located within the jurisdictional limits of Pasco County in an area zoned for the conduct of such business; and c) which the vendor, supplier or contractor operates or performs business on a daily basis; and d) has for at least twelve (12) months prior to the bid or proposal opening date; and (e) provides a copy of their local business tax receipt. Post office boxes shall not be used for the purpose of establishing said physical business address.

Check the below box if applicable:

☐ BIDDER is a Local Business located in Pasco County.

This local preference provision is not applicable to those solicitations involving the use of either State or Federal funds as indicated below:

☐ State and/or Federal Funds are involved in this project.

Note: If claiming Local Vendor Preference, a valid Local Business Tax Receipt must be provided at the time the response is submitted in order to qualify for such consideration.

J. In executing this document, the undersigned represents that the BIDDER accepts the terms, conditions, mandates, and other provisions of the associated Instructions to Bidders, the Conditions of Contract, and the Agreement, said documents and their respective exhibits and attachments being the sole basis upon which the bidder makes this proposal.

K. By signing this Certification, I represent that I am of lawful age and have the authority to bind the Offeror for contract purposes. **If someone other than the President of the corporation, or a member of a member-managed limited liability company, or the manager of a manager managed limited liability company, then one of the following must be submitted with this Certification**:

1. If Offeror is a corporation (includes incorporated or company, or abbreviations thereof, in its name), and if other than the President of the corporation is signing this Certification, then one of the following must be submitted with this Certification:

   a. a current corporate resolution naming the officer or person signing this Certificate as authorized to sign contracts on behalf of the company or,

   b. a copy of the Board of Directors' resolution or meeting minutes designating the officer or person signing this Certificate as authorized to sign contracts for the corporation, certified by the secretary of the corporation.

2. If Offeror is a limited liability company, then the following must be submitted with this Certification: a copy of the Operating Agreement of the limited liability company showing that that person signing this Certificate is authorized to sign contracts for the limited liability company.

L. Attached to this Bid Proposal is a copy of the Certificate of Status from the Florida Secretary of State, Division of Corporations, which can be downloaded from https://dos.myflorida.com/sunbiz/search/.

IN WITNESS WHEREOF, this Bid Proposal has been signed and sealed as of the date indicated below by the BIDDER.

KNOW ALL MEN BY THESE PRESENTS THAT WE, _____ (hereinafter called the Principal) and _____ (hereinafter called the Surety), a corporation chartered and existing under the laws of the State of _____, with its principal offices in _____ and authorized to do business in the State of Florida, are held and firmly bound unto the Board of County Commissioners, Pasco County, Florida, in the full and just sum of **FIVE PERCENT (5%) OF THE TOTAL BID PRICE** in good and lawful money of the United States of America, to be paid upon demand of Pasco County and to which payment, will and truly to be made, we bind ourselves, heirs, executors, administrators, successors, and assignees, jointly and severally and firmly by these presents.

WHEREAS, the Principal is about to submit or has submitted a Proposal to Pasco County for the purpose of

for Pasco County, designated as Bid No. _____; and

WHEREAS, the Principal desires to file this Bid Bond in accordance with law, in lieu of an acceptable check otherwise required to accompany the Proposal;

NOW THEREFORE, the conditions of this Bid Bond are such that if the Proposal is accepted by Pasco County and if the Principal, within ten (10) days after written Notice of Apparent Low Bidder, (a) executes a written contract in the form and manner required by Pasco County, in accordance with the Proposal, and upon the terms, conditions and price(s) set forth therein and (b) executes any Performance Bond and/or Payment Bond required by the Proposal; valued in the amount(s) specified therein; and in a form and with sureties satisfactory to Pasco County, or furnishes an alternate form of security acceptable to Pasco County and (c) submits certificates of insurance in the manner specified in the Contract Documents, with

companies acceptable to Pasco County, and in such amounts as required by the Contract Documents; then this Bid Bond is void. Otherwise, this Bid Bond remains in full force and effect and the Surety shall immediately pay to Pasco County, upon demand, the amount secured by this Bid Bond in good and lawful money of the United States of America, upon failure of the Principal to comply with any and all of the foregoing requirements within the time specified above.

PASCO COUNTY, FLORIDA

FLORIDA TRENCH SAFETY ACT
CERTIFICATION AND DISCLOSURE STATEMENT (MANDATORY)

The undersigned acknowledges the requirements of the Florida Trench Safety Act and hereby certifies that the undersigned is an authorized representative of the bidder and in that capacity commits the bidder to the following in the performance of the work in the event that the subject contract is awarded to and executed by said bidder.

1. The bidder acknowledges the Florida Trench Safety Act and the requirements established herein.

2. The bidder further acknowledges that the aforementioned Act established the Federal excavation safety standards set forth at 29 CFR Part 1926.650, Subpart P as the interim State standard until such time as the State of Florida, through its Department of Labor and Employment Security, or any successor agency, adopts, updates or reviews said interim standard. This State of Florida standard may be supplemented by special shoring requirements established by the State of Florida or any of its political subdivisions.

3. The bidder, as Contractor, shall comply with all applicable excavation/trench safety standards.

4. The Contractor shall consider the geotechnical information available from the County, its own sources and all other relevant information in its design of the trench safety system it will employ on the subject project. The Contractor acknowledges that it is *solely responsible* for the selection of the data on which it relies in designing said safety system, as well as for the system itself.

5. The amount the bidder has set forth in Item 7 of page BP-2 includes the following excavation/trench safety measures and the linear feet of trench excavated under each safety measure. These units, cost and the unit prices inferred shall be disclosed solely for the purpose of compliance with the procedural requirements of the aforementioned Act. No adjustment to the Contract Time or Price shall be made for any difference in the number of linear feet of trench excavation, except as may otherwise be provided in these Contract Documents.

Trench Safety Measure (Description)	Unit (Qty)	Unit of Measure (LF,SY)	Unit Cost	Extended Cost
A. _____	_____	_____	$_____	$_____
B. _____	_____	_____	$90,000.00	$_____
C. _____	_____	_____	$_____	$_____
D._____	_____	_____	$_____	$_____
			TOTAL $_____	

6. This amount disclosed as the cost of compliance with the applicable trench safety requirement does *not* constitute the extent of the Contractor's obligation to comply with said standards. Contractor shall expend additional sums, at no additional cost to the County (except as may otherwise be provided), which are necessary to so comply.

7. Acceptance of the bid to which this certification and disclosure applies in no way represents that the County or its representatives has evaluated and thereby determined that the above costs are adequate to comply with the applicable trench safety requirements nor does it in any way relieve the bidder, as Contractor, of its sole responsibility to comply with the applicable trench safety requirements.

CONFLICT OF INTEREST DISCLOSURE
(MANDATORY)

The award hereunder is subject to provisions of Chapter 112, Florida Statutes. All BIDDERS must disclose with their Bid Proposal the name of any officer, director, or agent who is also an employee of Pasco County, Florida. Further, all BIDDERS must disclose the name of any Pasco County employee who owns, directly or indirectly, an interest of ten (10) percent or more in the BIDDER'S firm or any of its branches.

AGREEMENT

THIS AGREEMENT is made and entered into by and between PASCO COUNTY, FLORIDA, by and through its Board of County Commissioners, hereinafter called COUNTY, and _____, hereinafter called the CONTRACTOR, whose business address is _____.

WITNESSETH THAT:

In consideration of the mutual covenants and provisions contained herein, the parties hereto agree as follows:

1. The CONTRACTOR shall provide to the COUNTY, within the Contract Time, all labor, materials, and appurtenances thereto per the requirements set forth in the Contract Documents for:

   Solicitation Title: COLLIER PARKWAY (PLANTATION PALMS BLVD. & COLLIER PKWY TRAFFIC SIGNAL)

   Bid No.: IFB-BW-26-041

2. The CONTRACTOR shall complete the Work to be performed under this Agreement within 180 calendar days (the initial Contract Time) from the date of the Notice to Proceed issued by the COUNTY.

3. In addition to the number of calendar days specified for the initial Contract Time in the preceding paragraph, 90 calendar days have been included in the overall Contract Time for allocation to the CONTRACTOR for performance of Allowance Work in accordance with the Allowances provision of the Contract Documents.

4. **Time is of the essence for this Agreement.** Timely completion of the Work after the issuance of the aforesaid Notice to Proceed is of central importance to the COUNTY. This Project has certain various critical milestones to be met.

5. **Liquidated damages shall apply to compensate for delays.** The parties acknowledge and agree that the damages to the COUNTY associated with any delay in completion of the Project are not readily ascertainable as of the time of execution of this Agreement, and concur that the sum of **$**_____ per diem**,** bears a reasonable relationship to the actual damages which the COUNTY would suffer as a consequence of any such delay in completion of the Work. The parties agree that such sums are reasonable and would not constitute a penalty against the CONTRACTOR. In arriving at these sums, consideration has been given to the loss to the public of the use of the Project due to delay, the additional administrative costs caused by any delay, higher labor and material costs associated with delay, risks associated with litigation from delay, and other factors. Failure to complete the Work by any Milestone Date(s) set forth in the agreed

upon Work Schedule or in this Agreement, up to and including that for Final Completion, therefore, shall entitle the COUNTY to deduct these sums from the Contract Price for each day of delay in meeting each such Milestone Date. The amounts of Liquidated Damages for individual Milestone Dates are additive for each day of delay they are concurrently in effect.

6. This Agreement includes and incorporates by reference all Contract Documents, as the term Contract Documents is defined within Article 1 of the General Conditions.

7. The total Contract Price for the full and complete performance by Contractor of all Work required by the Contract Documents shall not exceed **$_____,** unless otherwise modified as provided herein. The total Contract Price includes **$100.00** for Indemnification, **$100.00** for termination for convenience, **$_____** for Allowance Work, and **$_____** for Alternate No._____. Payment shall be made not more often than once per month and in accordance with the Contract Documents.

8. During the performance of this Agreement, the CONTRACTOR herein assures the COUNTY that said CONTRACTOR is in compliance with Title VII of the 1964 Civil Rights Act, as amended, and The Florida Civil Rights Act of 1992 in that the CONTRACTOR does not on the grounds of race, color, national origin, religion, sex, age, handicap or marital status, discriminate in any form or manner against the employees of the CONTRACTOR or its applicants for employment. The CONTRACTOR understands and agrees that this Agreement is conditioned upon the veracity of this Statement of Assurance. Furthermore, the CONTRACTOR herein assures the COUNTY that said CONTRACTOR shall comply with Title VI of the Civil Rights Act of 1964 when any Federal grant is involved. Other applicable Federal and State laws, executive orders and regulations prohibiting the type of discrimination as hereinabove delineated are included by this reference thereto. This Statement of Assurance shall be interpreted to include Vietnam Era Veterans and Disabled Veterans within its protective range of applicability.

9. The CONTRACTOR shall furnish to the COUNTY (when and in the manner required by the Contract Documents) all appropriate Certificates of Insurance, and a Performance Bond and/or Payment Bond for the Contract Price within ten (10) days following Notification of Award.

10. The COUNTY and the CONTRACTOR acknowledge the acceptance from the Bid Proposal of the following Alternate(s).

No._____ No._____ No._____ No._____

No. _____ No._____ No._____ No._____

The COUNTY and the CONTRACTOR acknowledge that the corresponding price as shown in the

Bid Proposal for each accepted Alternate is incorporated in the amount of compensation specified in paragraph 7 above.

11. The COUNTY and the CONTRACTOR acknowledge that all addendums issued with respect to this Project are herein incorporated into the list of Contract Documents listed in Article 1 of the General Conditions.

12. The funding required for this Project is contingent upon the availability of County funds and the appropriation of such funds by the Board of County Commissioners.

13. This Agreement and any changes hereto shall constitute the entire agreement between CONTRACTOR and COUNTY relating to Work. This Agreement supersedes all previous or contemporary representations or warranties of COUNTY or CONTRACTOR not set forth or referenced in the Contract Documents.

14. Except as specifically provided herein, no modification, waiver, termination, rescission, discharge, or cancellation of this Agreement, or of any term thereof, shall be binding on the COUNTY unless in writing and executed by the Board of County Commissioners.

15. Waiver by the COUNTY of a breach of any provision of this Agreement by the CONTRACTOR shall not be deemed to be a waiver or any other breach and shall not be construed to be a modification of the terms of this Agreement.

16. No modification, waiver, termination, discharge, or cancellation of the Agreement or of any terms thereof shall impair the rights of the COUNTY with respect to any liabilities, whether or not liquidated, of the CONTRACTOR to the COUNTY theretofore accrued.

17. The duties and obligations imposed upon the CONTRACTOR by this Agreement and the rights and remedies available hereunder, shall be in addition, and not limited, to any otherwise imposed or available in law or in equity, whether by statute, special guarantee, or otherwise.

18. The CONTRACTOR shall at all times remain an independent contractor and shall have no power, nor shall the CONTRACTOR represent that the CONTRACTOR has any power, to bind COUNTY or to assume or to create any obligation expressed or implied on behalf of the COUNTY.

19. This Agreement shall be binding upon, and its benefits and advantages shall inure to the heirs, personal representatives, successors and assigns of the parties hereto.

20. The parties agree that if any part, term, or provision of this Agreement is held to be illegal, unenforceable or in conflict with any applicable federal, state or local law or regulation, such part, term or provision shall be severable with the remainder of the Agreement remaining valid and enforceable.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the last day written below (bid award date for the Project subject thereto).

PUBLIC CONSTRUCTION BOND

BY THIS BOND, We _____, as Principal and _____, a corporation, as Surety, are bound to Board of County Commissioners, Pasco County, Florida, herein called Owner, in the sum of $ _____, for payment of which we bind ourselves, our heirs, personal representatives, successors, and assigns, jointly and severally.

THE CONDITION OF THIS BOND is that if Principal:

1. Performs the contract dated _____, **(This date is to be filled in by Board Records on the date of contract award)** between Principal and Owner for construction of _____, (hereinafter the "Contract"), the Contract being made a part of this bond by reference, at the times and in the manner prescribed in the Contract; and

2. Promptly makes payment to all claimants, as defined in Section 255.05(1), Florida Statutes, supplying Principal with labor, materials or supplies used directly or indirectly by Principal in the prosecution of the work provided for in the contract; and

3. Pays Owner all losses, damages, expenses, costs, and attorney's fees, including appellate proceedings, that Owner sustains because of a default by Principal under the Contract; and

4. Performs the guarantee of all work and materials furnished under the Contract for the time specified in the contract, then this bond is void; otherwise, it remains in full force.

Any action instituted by a claimant under this bond for payment must be in accordance with the notice and time limitation provisions in Section 255.05(2), Florida Statutes.

Any changes in or under the Contract documents (including extension of time, alternatives or additions to the terms of the Contract or specifications referred to within), and compliance or noncompliance with any formalities connected with the Contract or the changes does not affect Surety's obligation under this bond, and it does hereby waive notice of any such changes, extension of time, alterations or additions to the terms of the Contract or to work or to the specifications.

PAYMENT BOND

I. KNOW ALL PERSONS BY THESE PRESENTS: That _____, as Principal, whose address is _____, and _____, as Surety, whose address is _____, are held and firmly bound unto the Board of County Commissioners, Pasco County, Florida, as Obligee in the sum of $ _____, for the payment whereof we bind ourselves, our heirs, executors, personal representatives, successors and assigns, jointly and severally, firmly by these presents.

II. WHEREAS, the Principal has entered into a contract with Obligee, dated the _____ day of _____, 20_____, **(This date will be filled in by Board Records on the date of contract award)** for _____; in accordance with drawings and specifications, which contract is by reference made a part hereof, and is hereinafter referred to as the Contract.

III. A. NOW THEREFORE, THE CONDITION OF THIS BOND IS THAT IF THE PRINCIPAL:

1. Shall promptly make payments to all claimants as defined in section 255.05(1), Florida Statutes, supplying the Principal with labor, materials, or supplies, as used directly or indirectly by the Principal in the prosecution of the work provided for in the Contract; and

2. Shall pay the Obligee for all losses, damages, expenses, costs, and attorney's fees, including those resulting from appellate proceedings, that the Obligee sustains because of a default by the Principal in contravention to the Contract in regard to payment for such labor, materials, or supplies furnished to the Principal; then this Bond is void; otherwise, this Bond remains in full force and effect.

B. BE IT FURTHER KNOWN:

1. Any changes in or under the Contract and compliance or noncompliance with any formalities connected with the said Contract or alterations which may be made in the terms of the said Contract, or in the work to be done under it, or the giving by the Obligee of any extension of time for the performance of the said Contract, or any other forbearance on the part of the Obligee or Principal to the other, shall not in any way release the Principal and the Surety, or either or any of them, their heirs, their personal representatives, their successors or their assigns from liability hereunder, notice to the Surety of any such changes, alterations, extensions or forbearance being hereby waived.

2. Certain claimants seeking the protection of this Bond must timely comply with the strict requirements set forth in section 255.05, Florida Statutes, and as otherwise provided by law.

3. As concerns payment for labor, materials and supplies, as affects certain claimants, no legal action shall be instituted against the Principal or Surety on this Bond after one (1) year from the performance of labor or the completion of delivery of the materials or supplies as is specifically mandated pursuant to section 255.05, Florida Statutes.

CONTRACTOR RESPONSIBILITY SURVEY FOR
ENGINEERING AND CONSTRUCTION SERVICES

In order to determine the lowest responsive and responsible bidder for this project, Pasco County mandates that the apparent lowest bidder provide the following survey when requested by the COUNTY. **THE FAILURE OF A BIDDER TO PROVIDE TIMELY ALL INFORMATION REQUESTED BY THE SPECIFIED DATE MAY RESULT IN A FINDING THAT THE BIDDER IS NOT RESPONSIBLE. PASCO COUNTY MAY RELY ON THIS INFORMATION IN AWARDING THE CONTRACT FOR THIS PROJECT, THEREFORE, ANY MATERIALLY FALSE, MISLEADING, OR INCOMPLETE INFORMATION SUBMITTED BY A BIDDER MAY BE GROUNDS FOR REJECTION OF A BID OR REVOCATION OF AN AWARDED BID IF THE MATERIAL FALSITY, MISLEADING NATURE, OR INCOMPLETENESS OF THE INFORMATION SUBMITTED IS DISCOVERED BEFORE BOARD APPROVAL OF THE CONTRACT, OR FOR THE TERMINATION OF THE CONTRACT FOR CAUSE IF DISCOVERED AFTER BOARD APPROVAL OF THE CONTRACT.** Any questions concerning the requested information may be directed to the Pasco County Purchasing Director.

Information and Documents to be provided

1. List all projects on which the BIDDER has worked in the last two (2) years. Please include, for each project, the job location, the cost and/or contract value, the name and telephone number of the owner's representative, and the name and telephone number of the surety.

2. List all projects for which the BIDDER is currently under contract. Please include, for each project, the job location, the cost/contract value, the name and telephone number of the owner's representative, and the name and telephone number of the surety. Also indicate whether the BIDDER is the prime contractor on the project, and whether all subcontractors have been paid to date in a timely fashion.

3. Provide a copy of the current resume of the project manager and full-time job superintendent for the BIDDER who will be used on this project for Pasco County, if the contract is awarded to the BIDDER.

4. Provide a critical path management plan within ten days of Notice to Proceed or date of pre-construction meeting whichever is later detailing the approach the BIDDER anticipates taking towards this project for Pasco County.

5. Provide a copy of a balance sheet and income statement for the most recent quarterly period of the fiscal year of the BIDDER.

BOARD OF COUNTY COMMISSIONERS
AGENDA MEMORANDUM

COMMISSION DISTRICT: 1 **FILE NO.:** TED26-0279 **DATE:** 6/16/2026

SUBJECT: Resolution to Modify the Speed Limit – Blanton Road – Speed Limit Modification – $1,000.00

REFERENCES: Not Applicable

AGENDA SECTION: Consent Agenda

THRU: Branford Adumuah, Assistant County Administrator

FROM: Panos Kontses, P.E., CPM, Interim Transportation Engineering Director

RECOMMENDED BOARD ACTION:

Adopt the Resolution to modify the speed limit on Blanton Road from Lipsey Road to 500 feet East of Trestle Road from 55 miles per hour (MPH) to 45 MPH in accordance with Section 316.189, Florida Statutes. Authorize the Chairman to execute the Resolution and direct Board Records to distribute, as set forth under the Distribution section below.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

The Traffic Operations Division of the Transportation Engineering Department has completed a review of conditions on Blanton Road. The Florida Department of Transportation's Speed Zoning Manual permits the application of engineering judgment when setting speed limits as required. The existing speed limit on Blanton Road along the study area is 55 miles per hour (MPH).A review of traffic conditions and operational safety on Blanton Road from Lipsey Rd to 500 feet East of Trestle Road was conducted. A speed study was conducted on Blanton Road to determine the average speed of drivers on this roadway. This study concluded that 85% of drivers travel at or below 58 MPH. The operational factors taken into consideration for this study included the location of Pasco County Fire Rescue Station 36 and the intersection of Trilby Road in the curve in this segment. It is the engineering judgment of the Traffic Operations Division that the speed limit on Blanton Road along the 0.77-mile segment be reduced from 55 MPH to 45 MPH to improve operational safety as depicted in Exhibit A.

The attached Resolution establishes the recommended revised speed limit. This will be effective upon signposting, as required for law enforcement. The cost to install new speed limit signs is estimated to be $1,000.00.

FISCAL IMPACT/COST/REVENUE STATEMENT:

Funding in the amount of $1,000.00 is budgeted and available for Fiscal Year 2026 in the County Transportation Trust Fund, Public Works Department.

DISTRIBUTION:

Board Records to distribute as set forth below:
1. Retain One Original
2. One Copy to the County Attorney's Office, West Pasco Government Center, Suite 340

ATTACHMENT(S):

1. TED26-0279 Resolution (One Original)
2. TED26-0279 Exhibit A - Location Map (One Original)
3. TED26-0279 Speed Study Summary

BY THE BOARD OF COUNTY COMMISSIONERS RESOLUTION NO._____

A RESOLUTION BY THE BOARD OF COUNTY COMMISSIONERS OF PASCO COUNTY, FLORIDA, AUTHORIZING THE MODIFICATION OF THE SPEED LIMIT ON BLANTON ROAD FROM LIPSEY ROAD TO 500 FEET EAST OF TRESTLE ROAD FROM 55 MILES PER HOUR TO 45 MILES PER HOUR AND WHICH IS LOCATED IN SECTION 7, TOWNSHIP 24, RANGE 21.

WHEREAS, Chapter 316, Section 189, Florida Statutes, provides that the Board of County Commissioners shall have original jurisdiction over the streets and highways located within its boundaries and may place and maintain such traffic control devices as the Board deems necessary; and

WHEREAS, the Board of County Commissioners has determined that to protect the health, safety, and welfare of the citizens of the County, it is necessary to regulate certain types of traffic on Blanton Road, from Lipsey Road to 500 feet East of Trestle Road, which is located in Section 7, Township 24, Range 21; and

WHEREAS, County staff has investigated and determined that the proposed speed limit is reasonable and conforms to criteria promulgated by the Florida Department of Transportation.

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of Pasco County, Florida, in regular session, duly assembled:

1**.** The Whereas Clauses above are incorporated by reference and made part of this Resolution.

2. On Blanton Road, from Lipsey Road to 500 feet East of Trestle Road, which is located in Section 7, Township 24, Range 21, the speed limit shall be modified as follows: from 55 miles per hour (MPH) to 45 MPH, as depicted in Exhibit A - Location Map.

3. The modified speed limit shall be established upon the installation of traffic control signs.

4. Funding in the amount of $1,000.00 is budgeted for traffic control devices and is available in County Transportation Trust, Public Infrastructure, Public Works, Road & Bridge, Materials for Maintenance.

5. This Resolution shall take effect immediately.

DONE AND RESOLVED with a quorum present and voting this ____ day of _____ 2026.

Speed Study Summary

April 21, 2026

Subject: Speed Limit Modification Proposal for Blanton Road

Background:
The Transportation Engineering Department, Traffic Operations Division, conducted an exhaustive operational review of Blanton Road, focusing specifically on the stretch from Lipsey Road east to 500 feet East of Trestle Road. This segment spans approximately 0.77 miles and encompasses moderate traffic volume characteristics, underscoring the importance of regular safety assessments.

Analysis:
Our team evaluated the safety efficiency of this section of Blanton Road using crash data collected from 2023 through 2026. During this period, we documented 13 crashes within the research parameters, 2 angles, 1 left turn, 2 off roads, 4 rear ends, 2 right turns, and 2 sideswipes. Of those crashes, 2 of them (off road and rollover) can be reduced or corrected by reducing the speed limit in this area. Additionally, by reducing the speed at which drivers travel through this area, it can reduce the rate of occurrence and the severity of all crash types.

A speed study was conducted all along Blanton Road to determine the 85th percentile speed of drivers using this road. In this segment of Blanton Road, the 85th percentile speed was 58 MPH, which is consistent with expectations given the posted speed limit of 55 MPH. This creates an undesired safety risk for those attempting to turn into or out of Trilby Road, Pasco County Fire Rescue Station 36, Citgo gas station, or Vaughn's Country Store.

These findings underscore the necessity for bolstered safety interventions.

Recommendation:
Based on the results of our investigation and our ongoing dedication to enhancing safety conditions, we propose reducing the posted speed limit on Blanton Road, from Lipsey Road east to 500 feet East of Trestle Road, from the existing 55 MPH to 45 MPH.

Rationale:
Consistency and Alignment: Standardizing the speed limit on Blanton Road to match adjacent road sections and surrounding areas will facilitate a uniform traffic flow, reduce driver confusion, and enhance overall road safety. Moreover, the suggested speed limits more aptly reflect the design and current usage of the respective segments of the roadway.

Crash Reduction: Data consistently demonstrates that speed limit moderation significantly diminishes the number and severity of accidents. By altering the speed limit in the recommended sections of Blanton Road, we anticipate a reduction in crash frequency and severity.

Improved Safety: Lowering the speed limit to the proposed rates will encourage safer driving practices and afford motorists increased reaction time, thereby minimizing collision risks.

Conclusion:
Considering the findings of our traffic study, and our commitment to enhancing safety, we advocate for speed limit modifications on Blanton Road, as described above. These proposed changes aim to foster safer driving habits, ensure speed limit consistency, and align the speed limit with the road's characteristics. Implementing these speed limit modifications will necessitate updating relevant signage to ensure drivers are aware of the changes and can adjust their driving behaviors accordingly.

BOARD OF COUNTY COMMISSIONERS
AGENDA MEMORANDUM

COMMISSION DISTRICT: 2 **FILE NO.:** TED26-0283 **DATE:** 6/16/2026

SUBJECT: Unauthorized Purchase Request (UPR), Budget Amendment, and Budget Resolution – Traffic Control Products of Florida, Inc. – Oakwood Preserve Drive/Wiregrass School Road and Mansfield Boulevard Signalized Intersection Improvements – $66,037.00

REFERENCES: IFB-SN-22-156, TR23-0037, TR23-0159, TED26-0005

AGENDA SECTION: Consent Agenda

THRU: Branford Adumuah, Assistant County Administrator

FROM: Panos Kontses, P.E., CPM, Interim Transportation Engineering Director

RECOMMENDED BOARD ACTION:

Approve the Unauthorized Purchase Request (UPR) for Purchase Order No. 24001356 with Traffic Control Products of Florida, Inc. (TCP) authorizing final payment to TCP in the amount of $66,037.00 for Fiscal Year (FY) 2026.

Approve Budget Amendment Journal No. 2026 09 0008 in the amount of $24,000.00; adopt the Resolution amending the final budget for FY 2026; authorize the Chairman to execute the one original of the Resolution provided and direct Board Records to distribute the Resolution as set forth under the Distribution section below.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

On December 6, 2022, the Board of County Commissioners (BCC) approved the award of Solicitation No. IFB-21-SN-156 to the overall lowest responsive and responsible bidder, TCP (TR23-0037). The initial contract award totaled $15,000,000.00 and allows issuance of purchase orders for specific projects under the master contract.

On March 18, 2024, a Notice to Proceed (NTP) in the amount of $818,733.30 was issued for the construction of the Oakwood Preserve Drive/Wiregrass School Road and Mansfield Boulevard Signalized Intersection Improvements.

Also on March 18, 2024, a separate NTP in the amount of $323,110.75 was issued for the construction and installation of Intelligent Transportation Systems (ITS) associated with the Mansfield Boulevard and Oakwood Preserve Drive signalized intersection improvement project.

The IFB-21-SN-156 solicitation did not allow for a conventional construction contract structure, resulting in the project being administered through a Purchase Order. As the contractor completed additional work beyond the original contract amount, it was determined that there was no mechanism within the Purchase Order framework to issue payments for overruns or unforeseen work, typically addressed through the Allowance Authorization Release process or a change order. With no allowance funds available and no means to distribute them, a UPR was the only viable method to settle the outstanding balance.

Although several projects remain active under this contract, the Transportation

Engineering Department (TED) will explore other means for settling potential overruns and overages to avoid a UPR in the future. Furthermore, the TED will actively pursue other formal solicitation programs, such as Request for Statements of Qualifications, to establish a more conventional structure for administering as-needed construction services.

TCP has completed all work under Purchase Order No. 24001356. The Transportation Engineering Division (TED), with concurrence from the Purchasing Department, requests BCC approval of the UPR for Purchase Order No. 24001356 to initiate final payment to TCP in the amount of $66,037.00.

Budget Amendment Journal No. 2026 09 0008, and the associated Resolution, will transfer $24,000.00 from Reserves Future Capital in the Penny Transportation Infrastructure Fund for the UPR for FY 2026. Funding for the balance of costs is already budgeted and available.

Project Phase	Schedule Start	Schedule Finish	Budget FY	Amount
Construction	February 2024	March 2025	2024	$1,207,638.25
			Total:	$1,207,638.25

FISCAL IMPACT/COST/REVENUE STATEMENT:
Funding in the amount of $66,037.00 will be available upon approval of Budget Amendment Journal No. 2026 09 0008 for FY 2026 in the Penny Transportation Infrastructure Fund, Transportation Engineering Department, Project Number 20113.

DISTRIBUTION:
Board Records to distribute as set forth below:
1. Retain One Original of the Resolution

ATTACHMENT(S):
1. TED26-0283 Budget Amendment Resolution (One Original)
2. TED26-0283 Budget Amendment Journal No. 2026 09 0008

BY THE BOARD OF COUNTY COMMISSIONERS **RESOLUTION NO. _____**

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF PASCO COUNTY, FLORIDA, AMENDING THE FINAL BUDGET FOR FISCAL YEAR 2026; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, Section 129.06(2), Florida Statutes provides legal authority and defines how a budget may be amended for that year, and may within the first 60 days of a fiscal year amend the budget for the prior fiscal year; and,

WHEREAS, pursuant to Section 129.06(2)(c), Florida Statutes, the reserve for future construction and improvements may be appropriated by resolution of the board for the purposes for which the reserve was made.

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of Pasco County, Florida, that:

1. The Fiscal Year 2026 Final Budget be amended.
2. The Penny Transportation Infrastructure Fund appropriates reserves in the amount of $24,000.00 for funding the Unauthorized Purchase Request for the Oakwood Preserve Drive/Wiregrass School Road & Mansfield Boulevard Signalized Intersection Improvements.
3. This resolution will take effect immediately upon its adoption.

DULY ADOPTED with a quorum present and voting this _____ day of _____, 2026.

December 2023

Unauthorized Purchase Request – TCP Invoice 8 (FINAL)

Describe the circumstances:

The IFB-21-SN-156 solicitation did not allow for a conventional construction contract structure, resulting in the project being administered through a Purchase Order. As the contractor completed additional necessary work beyond the original contract amount, no mechanism existed within the Purchase Order framework to issue payment for overruns or unforeseen work that would typically be addressed through the Allowance Authorization Release (AAR) process or a change order. With no allowance funds available and no means to distribute them, a UPR is the only viable method to settle the outstanding balance. This situation demonstrates that Purchase Orders are not suitable for construction projects requiring flexibility for field driven changes.

Describe the corrective action taken:

While several projects remain active under this contract, staff will explore other means for settling overruns and overages that may arise during active construction. TED is actively pursuing an RSQ to establish a more conventional structure for administering as needed construction services and, in the interim, has been letting new signal projects through formal competitive bidding.

POWER OF ATTORNEY APPOINTING INDIVIDUAL ATTORNEY-IN-FACT

Know All Men By These Presents, That WESTERN SURETY COMPANY, a South Dakota corporation, is a duly organized and existing corporation having its principal office in the City of Sioux Falls, and State of South Dakota, and that it does by virtue of the signature and seal herein affixed hereby make, constitute and appoint

Stephen P Farmer, Tyler D DeBord, Robyn Elizabeth Cohen Gagnon, Individually

of Daytona Beach, FL, its true and lawful Attorney(s)-in-Fact with full power and authority hereby conferred to sign, seal and execute for and on its behalf bonds, undertakings and other obligatory instruments of similar nature - In Unlimited Amounts - for any and all surety bonds and any and all consents required by the State Department of Transportation of the State of Florida, incident to the release of retained percentages and/or estimates on engineering and/or construction contracts - and to bind it thereby as fully and to the same extent as if such instruments were signed by a duly authorized officer of the corporation and all the acts of said Attorney, pursuant to the authority hereby given, are hereby ratified and confirmed.

This Power of Attorney is made and executed pursuant to and by authority of the Authorizing By-Laws and Resolutions printed at the bottom of this page, duly adopted, as indicated, by the shareholders of the corporation.

In Witness Whereof, WESTERN SURETY COMPANY has caused these presents to be signed by its Vice President and its corporate seal to be hereto affixed on this 19th day of February, 2026.

WESTERN SURETY COMPANY

Larry Kasten, Vice President

State of South Dakota }
County of Minnehaha } ss

On this 19th day of February, 2026, before me personally came Larry Kasten, to me known, who, being by me duly sworn, did depose and say: that he resides in the City of Sioux Falls, State of South Dakota; that he is a Vice President of WESTERN SURETY COMPANY described in and which executed the above instrument; that he knows the seal of said corporation; that the seal affixed to the said instrument is such corporate seal; that it was so affixed pursuant to authority given by the Board of Directors of said corporation and that he signed his name thereto pursuant to like authority, and acknowledges same to be the act and deed of said corporation.

My commission expires
December 4, 2031

CERTIFICATE

I, Paula Kolsrud, Assistant Secretary of WESTERN SURETY COMPANY do hereby certify that the Power of Attorney hereinabove set forth is still in force, and further certify that the By-Laws and Resolutions of the corporation printed below this certificate are still in force. In testimony whereof I have hereunto subscribed my name and affixed the seal of the said corporation this **5th** day of **May**, **2026**.

WESTERN SURETY COMPANY

Paula Kolsrud, Assistant Secretary

Authorizing By-Laws and Resolutions

ADOPTED BY THE SHAREHOLDERS OF WESTERN SURETY COMPANY

This Power of Attorney is made and executed pursuant to and by authority of the following By-Law duly adopted by the shareholders of the Company.

Section 7. All bonds, policies, undertakings, Powers of Attorney, or other obligations of the corporation shall be executed in the corporate name of the Company by the President, Secretary, and Assistant Secretary, Treasurer, or any Vice President, or by such other officers as the Board of Directors may authorize. The President, any Vice President, Secretary, any Assistant Secretary, or the Treasurer may appoint Attorneys in Fact or agents who shall have authority to issue bonds, policies, or undertakings in the name of the Company. The corporate seal is not necessary for the validity of any bonds, policies, undertakings, Powers of Attorney or other obligations of the corporation. The signature of any such officer and the corporate seal may be printed by facsimile.

This Power of Attorney is signed by Larry Kasten, Vice President, who has been authorized pursuant to the above Bylaw to execute power of attorneys on behalf of Western Surety Company.

This Power of Attorney may be signed by digital signature and sealed by a digital or otherwise electronic-formatted corporate seal under and by the authority of the following Resolution adopted by the Board of Directors of the Company by unanimous written consent dated the 27th day of April, 2022:

"RESOLVED: That it is in the best interest of the Company to periodically ratify and confirm any corporate documents signed by digital signatures and to ratify and confirm the use of a digital or otherwise electronic-formatted corporate seal, each to be considered the act and deed of the Company."

Go to www.cnasurety.com > Owner / Obligee Services > Validate Bond Coverage, if you want to verify bond authenticity.

Re: **Final Acceptance**
Oakwood Preserve Drive/Wiregrass School Road & Mansfield Boulevard Signalized Intersection Improvements and ITS Conduit from Oakwood Preserve Drive to Hueland Pond Boulevard.
Work Order No. 20113.00
Bid No. IFB-SN-22-156

Dear Ms. Karen Wasielewski:

This is to certify that the above-referenced project, under contract with the Pasco County Board of County Commissioners, is considered complete as of March 13, 2025, and in accordance with the plans and specifications.

Please be advised that pursuant to Article 14 of the contract, Warranty and Guarantee, all work must be of good quality, free from faults and defects, and in accordance with the requirements of the contract documents and any inspections, tests, or approvals referred to in this article for a minimum period of one year following the date of final acceptance. In addition, the paved roadway surface will be warrantied and guaranteed for a two-year period starting July 29, 2025.

Thank you for your contribution toward the expansion of a Safe, Connected, and Efficient Multimodal Transportation System for All Users within Pasco County.

Sincerely,
PASCO COUNTY

PASCO COUNTY, FLORIDA
PURCHASE ORDER TERMS AND CONDITIONS

These terms and conditions apply to the purchase order issued by Pasco County, Florida ("County"), as evidence of its agreement with the Vendor providing the purchased goods or services.

1. Collect shipments will not be accepted. Shipments F.O.B. shipping point must be prepaid and included on the invoice. The original shipping bill must be included with the invoice.

2. If prices are higher than specified, the Vendor shall not ship without the County Purchasing Director's approval.

3. The Vendor must bill all invoices and payment requests (to "Pasco County Board of County Commissioners" and furnish them by email) to accts.payable@pascoclerk.com, or by mail to Pasco County Board of County Commissioners c/o Office of Pasco County Clerk & Comptroller Finance Department, Accounts Payable Division, P.O. BOX 1554, Dade City, Florida 33526-1554.

4. The Vendor must send a separate invoice for each shipment. A purchase order number must appear on each invoice.

5. Delivery will be accepted at the Vendor's risk. Goods are subject to inspection and will be returned to the Vendor if the County finds them unsatisfactory.

6. If the conditions of this purchase order are not acceptable to the Vendor, the Vendor must so advise the County Purchasing Director upon receipt of the order and before any delivery is made.

7. If this purchase order does not meet minimum billing, or if there is a set-up charge, the Vendor must advise the County Purchasing Director before shipping.

8. All credit adjustments must be made by check or credit memo to "Pasco County Board of County Commissioners." See item 3 for mailing instructions.

9. The County is exempt from payment of all federal excise taxes and generally all state government taxes. Additionally, the County is exempt from the payment of Florida sales and use tax on real property rented, transient rental property rented, tangible personal property purchased or rented, or services purchased. A copy of the exemption is available on the County's website or may be obtained by request.

10. Correspondence regarding this purchase order must be addressed to the County Purchasing Department at 7536 State Street, New Port Richey, FL 34654. A purchase order number must appear on all correspondence.

11. The Vendor, by accepting this purchase order, assumes complete responsibility for any alleged patent infringements relating to the purchased goods or services, and will hold the County harmless from all suits and payments arising from alleged patent infringements relating to the purchased goods or services.

12. The County requires vendors to have a purchase order or a purchase order number issued by a representative of the County Purchasing Department before shipping any merchandise. The County assumes no responsibility for purchases which are not covered by a purchase order number or approved by the County Purchasing Director or their designee.
