Ms. Cheryl Pollock, Chief Advancement and Community Engagement Officer for Premier Community Healthcare introduced Mr. Aaron Brandt, Chief Financial Officer for Premier Community Healthcare, and Mr. Jesse Dang, Vice President of Operations for Premier Community Healthcare, used a PowerPoint presentation to review the item and spoke regarding the history and services of Premier Community Healthcare; continuous response to the growing demands in behavioral health; growth from last year's proposal; and the clinic renovation proposal.

Discussion was held regarding hiring staff; CDBG funding; services at the current Dade City clinic versus the new clinic; the location of the new clinic to surrounding care facilities; the response to the influx of community members; statistics on people served; the need for more space to meet demand; that the clinic would not be a residential facility; roll over services and the integrated model for patients; the need to provide more access to care; response to patients waiting for services; challenges with private

sector referrals; payment inability and fundraising; that the Baycare office provided mental health and addiction services; and the wait list for receiving services.

The item was for information only.

Project 13 – Corrections, Pasco County: Inmate Medical/Drug Treatment Resiliency Program

Madam Chair Baracaldo abstained from the project discussion due to a conflict of interest.

Ms. Stacey Jenkins, Chief Correctional Officer for Pasco County Corrections, used a PowerPoint presentation to review the item and spoke regarding the number of inmates processed in 2023 and the anticipation of increased inmate processing this year, the statistics regarding inmates being treated for substance abuse or mental health disorders, the breakdown of funds, a run down of inmate treatment and services, and an overview of the Treatment Supported Housing Unit services and staffing.

Discussion was held regarding hiring staff; the integration of currently provided services with the housing unit services; to keep to like-minded individuals who were focused on recovery within the housing unit; the increase of inmates enrolled into the Medical Assistance Program; the potential to expand Operation Payback; the start and stay time of inmates in the jail and the program; the goals of drug court with individuals; a positive mindset for inmates; the definition and job description of a Designated Focused Based Supervisor; and the eligibility and screening process for the program and drug court.

The item was for information only.

Project 14 – Recovery Epicenter Foundation: The Sanctuary Respite Center

Ms. Teresa Mancuso, Peer Respite Center Director for The Catcher's Mitt, and Ms. Lindsey Mckeown, Chief Operations Officers for Recovery Epicenter Foundation, spoke regarding an overview of the respite home program; the connection to services and the success rate; the number of participants in The Catcher's Mitt; a variety of referrals to the program; the need for short term stabilization; the success in Pinellas County; and peer levels.

Ms. Samantha Bookhammer, former resident of The Catchers Mitt, spoke during the discussion.

Discussion was held regarding peer level; the facility in Clearwater; the goal to expand to Pasco; the breakdown of hired staff; if a dedicated space in Pasco had been located; that the proposed funding would be used to secure housing in Pasco; clarification that the funds would be used to secure housing and staff; that the budget included renting

and utilities of a property; if there were challenges with securing a home site; the good neighbor policy; the size and location of the home; the daily rate of the program; eligibility into the program for lower income individuals; a case-by-case basis for stay time; the number of individuals served yearly; if there were other avenues to receive funding if needed; the support of Live Tampa Bay and Baycare; services provided to individuals from other counties; and Samantha's experience with addiction and help from The Catcher's Mitt.

The item was for information only.

Project 15 – Steps to Recovery: Pasco Community SAFE Recovery Center

Ms. Esther Valiente, Clinical Director for Steps to Recovery, and Ms. LeeAnn Cox, Fiscal Officer for Steps Recovery, used a PowerPoint presentation to review the item and spoke regarding the funding breakdown.

Discussion was held regarding collaboration with community partners; recovery courses follow ups for clients; the status of the Trouble Creek Project; the building purchase; and to provide services to veterans and non-veterans.

The item was for information only.

Project 16 – The Hope Shot: Continuum Project 2.0

Mr. Nathan Cantie, Vice President of The Hope Shot, introduced Mr. Justin McPadden, President and CEO of The Hope Shot, and spoke regarding the history of the organization, advocating for Project 2.0, partnerships with other community organizations, an overview of The Bridge to Recovery Program, an overview of The Always Center, the benefits for the expansion of the project, the data collection system, and key funded positions and their importance to the program.

Mr. McPadden spoke during the discussion.

Discussion was held regarding the amount of people served; data tracking; the application process and requirements; the helpful partnership with Alliance for Healthy Communities; a case-by-case basis for an applicant's acceptance into the program especially pertaining to treatment; and connections to treatment centers in other counties and states.

The Committee approved to receive and file documents submitted by Mr. Nathan Cantie and Mr. Justin McPadden.

The item was for information only.

THE COMMITTEE RECESSED AT 10:02 A.M. AND RECONVENED AT 10:17 A.M. ALL MEMBERS WERE PRESENT.

Project 17 – Warrior Wellness Program: Prevention and Treatment for Veterans at Risk or with Substance Abuse Disorder

Mr. Chris Sowell, Executive Director for the Warrior Wellness Program, and Ms. Patty Fried, Director of Administration for the Warrior Wellness Program, used a PowerPoint presentation to review the item and spoke regarding Mr. Sowell's experience with addiction; the goals of the program; statistics on veterans in Pasco County with disabilities; an overview of veterans and substance abuse; the five day program with effective alternative treatment options; the different therapies provided; that there were veterans currently staffed; and the funding breakdown.

Discussion was held regarding the location of the program; ART certified staff members; the impressiveness of the program; Mr. Sowell's military experience and journey to find healing; veteran created art; services for significant others; the work with STEPS to Recovery and other organizations; the number of people currently served and would be served in the future; and the hopeful increase of people served through the funding.

The item was for information only.

Adjournment

Madam Chair Baracaldo spoke regarding the August 12, 2024 meeting agenda, that the slide on funding information would be sent out, and asked that the Committee reach out if there were any questions on funding or the applications.

Discussion was held regarding the scoring timeline.

The Committee approved to accept all scoring by the end of the day on Friday July 26, 2024.

The meeting adjourned at 10:51 a.m.

OPIOID TASK FORCE
REGULAR MEETING
JULY 23, 2024

COUNTY COMMISSIONERS ORGANIZED JUNE 2nd PASCO COUNTY FLORIDA

Office of Nikki Alvarez-Sowles, Esq., Clerk & Comptroller

OPIOID TASK FORCE
AGENDA MEMORANDUM

DATE: 4/1/2025

SUBJECT: Revisit Recommendations from Year 2

RECOMMENDED BOARD ACTION:
Review/Discuss

ATTACHMENT(S):
None

What, if anything, did you find the most challenging or confusing? Please provide specific details in the space below.	How satisfied were you with the level of support and guidance you received?	Were you aware of the resources for applicants provided by Pasco County?	If you answered yes, please use the space below to tell us which applicant resources you used along with how and where you found them (if applicable)	On a scale of 1 to 5, how would you rate your overall experience with this year's application process?	Please tell us about your rating in the space below.
The matrix for review and grading of projects. I wasn't sure how each area carried weight-wise and what was needed to ensure that I fulfilled the minimum required and added extra items that would help my project.	Somewhat satisfied	Yes	Contact Email, Florida Plan, Community Abatement Plan and PPT presentation.	4	Overall Neighborly was easy to use but just wish there was a better matrix and explanation for the grading system.
The entire process was very easy. The "Neighborly" application was extremely user friendly and having the ability to save your work was such a blessing, as many times, the process of entering our information was interrupted during the course of daily business. The Support Services Team that manages the OTF process was phenomenal to work with and very supportive. My only suggestion would be to increase presentation times to the OTF to 5-7 minutes each, and then allow 13-15 minutes for Q &A. It is extremely difficult to introduce presenter(s), introduce the background, state a problem, present the purpose, present a solution, and be able to provide enough supporting documentation, and then offer a compelling conclusion within a 3-minute timeframe. I feel as though many had to rush thru before the buzzer sounded. I witnessed many of the presentations, and most, if not all, did not go near the 20 minutes of allotted time for Q &A, which resulted in many presentations moving ahead of schedule. I believe a better use of this time would be for presenters to be given a few more minutes to plead their cases. Additionally, are programs vetted (other than the question in the application) beforehand by the OTF, to ensure they are evidence-based? I saw a couple of presentations that were not evidence-based, and they got excluded during the presentation. Not all community partners may understand what evidence-based means. One final thought, can applicants have the ability to print out their own application for their records?	Very satisfied	No		5	Kudos to the entire Support Services team, and OTF members who dedicate their time to ensure this valuable program is successful.
The only thing I found a bit confusing was the multi-year request. Unless there is consideration to actually awarding for multiple years, it would seem more efficient to make it a one year request. Also, because neighborly software was used and I had an account for CDBG, I had to navigate to a different link in neighborly.	Very satisfied	No		5	I was late in becoming aware of this grant opportunity. I very much appreciate the support and information that I was given by several people in the County that allowed me to complete the grant application.
Understanding exactly what is covered by funds and what is not. Some bigger applicants are not scrutinized for budget details as much as smaller agencies.	Very satisfied	No		4	Nicole and Riana are very supportive and helpful.
The application process using Neighborly was user friendly and efficient. However, Ace questions and is confused as to why Ace's application was removed from the final list where consideration and fund allocation was discussed and proposed during the 7/22/24 committee meeting. Ace has communicated the referenced concern to Pasco County staff. Pasco County staff has informed Ace that they are requesting details that will provide the information and facts needed that will enable the ability to respond to the inquiry. Pasco County staff has been responsive and professional during the inquiry.	Very satisfied	No		1	Outside of the referenced inquiry the application process was organized and efficient. Neighborly was an user friendly application process. The follow up presentation meeting was organized and efficient. Unfortunately for Ace, Aces inquiry skews the process and scoring with negative implications
The only challenging part is this is a reimbursement grant, so we have to put out the money in order to be reimbursed. I t would have been much easier on us as a small 501 (C) (3) to have the contractor paid directly.	Very satisfied	Yes	If I had any questions, there was always someone available to answer them.	5	We received the Opioid Grant award, so we are very grateful, and our project starts in November of 2024
We had little confusion on the application. All questions we had were answered in a timely manner.	Very satisfied	Yes	We followed the strategic plan that was forwarded to highlight what our program is able to provide.	4	Was difficult to explain program in a 3 minute window. Would like for the OTF to use uniform questions for all organizations presenting. It's understood extra questioning may be specific to an organization if clarification is needed on an application, but we felt it wasn't consistent.

Agency	Amount Funded	Amount Requested (YTD)	Amount Disbursed (YTD)	Amount Remaining	Expenditure Rate (Actual)	Expenditure Rate (Expected)	Term

What, if anything, did you find the most challenging or confusing? Please provide specific details in the space below.	How satisfied were you with the level of support and guidance you received?	Were you aware of the resources for applicants provided by Pasco County?	If you answered yes, please use the space below to tell us which applicant resources you used along with how and where you found them (if applicable).	On a scale of 1 to 5, how would you rate your overall experience with this year's application process?	Please tell us about your rating in the space below.
The matrix for review and grading of projects. I wasn't sure how each area carried weight-wise and what was needed to ensure that I fulfilled the minimum required and added extra items that would help my project.	Somewhat satisfied	Yes	Contact Email, Florida Plan, Community Abatement Plan and PPT presentation.	4	Overall Neighborly was easy to use but just wish there was a better matrix and explanation for the grading system.
The entire process was very easy. The "Neighborly" application was extremely user friendly and having the ability to save your work was such a blessing, as many times, the process of entering our information was interrupted during the course of daily business. The Support Services Team that manages the OTF process was phenomenal to work with and very supportive. My only suggestion would be to increase presentation times to the OTF to 5-7 minutes each, and then allow 13-15 minutes for Q &A. It is extremely difficult to introduce presenter(s), introduce the background, state a problem, present the purpose, present a solution, and be able to provide enough supporting documentation, and then offer a compelling conclusion within a 3-minute timeframe. I feel as though many had to rush thru before the buzzer sounded. I witnessed many of the presentations, and most, if not all, did not go near the 20 minutes of allotted time for Q &A, which resulted in many presentations moving ahead of schedule. I believe a better use of this time would be for presenters to be given a few more minutes to plead their cases. Additionally, are programs vetted (other than the question in the application) beforehand by the OTF, to ensure they are evidence-based? I saw a couple of presentations that were not evidence-based, and they got excluded during the presentation. Not all community partners may understand what evidence-based means. One final thought, can applicants have the ability to print out their own application for their records?	Very satisfied	No		5	Kudos to the entire Support Services team, and OTF members who dedicate their time to ensure this valuable program is successful.
The only thing I found a bit confusing was the multi-year request. Unless there is consideration to actually awarding for multiple years, it would seem more efficient to make it a one year request. Also, because neighborly software was used and I had an account for CDBG, I had to navigate to a different link in neighborly.	Very satisfied	No		5	I was late in becoming aware of this grant opportunity. I very much appreciate the support and information that I was given by several people in the County that allowed me to complete the grant application.
Understanding exactly what is covered by funds and what is not. Some bigger applicants are not scrutinized for budget details as much as smaller agencies.	Very satisfied	No		4	Nicole and Riana are very supportive and helpful.
The application process using Neighborly was user friendly and efficient. However, Ace questions and is confused as to why Ace's application was removed from the final list where consideration and fund allocation was discussed and proposed during the 7/22/24 committee meeting. Ace has communicated the referenced concern to Pasco County staff. Pasco County staff has informed Ace that they are requesting details that will provide the information and facts needed that will enable the ability to respond to the inquiry. Pasco County staff has been responsive and professional during the inquiry.	Very satisfied	No		1	Outside of the referenced inquiry the application process was organized and efficient. Neighborly was an user friendly application process. The follow up presentation meeting was organized and efficient. Unfortunately for Ace, Aces inquiry skews the process and scoring with negative implications
The only challenging part is this is a reimbursement grant, so we have to put out the money in order to be reimbursed. I t would have been much easier on us as a small 501 (C) (3) to have the contractor paid directly.	Very satisfied	Yes	If I had any questions, there was always someone available to answer them.	5	We received the Opioid Grant award, so we are very grateful, and our project starts in November of 2024
We had little confusion on the application. All questions we had were answered in a timely manner.	Very satisfied	Yes	We followed the strategic plan that was forwarded to highlight what our program is able to provide.	4	Was difficult to explain program in a 3 minute window. Would like for the OTF to use uniform questions for all organizations presenting. It's understood extra questioning may be specific to an organization if clarification is needed on an application, but we felt it wasn't consistent.

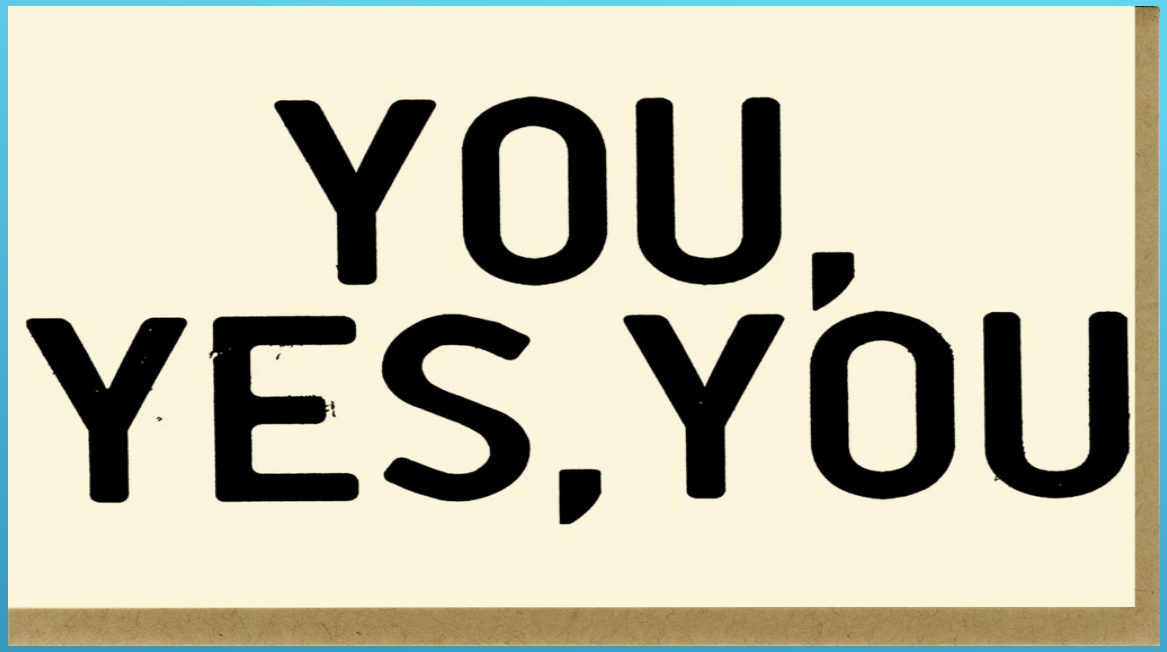
OPIOID TASKFORCE MEETING

April 1, 2025

PASCO COUNTY FLORIDA
OPEN SPACES. VIBRANT PLACES.

SUNSHINE REQUIREMENTS TRAINING

SUNSHINE LAW
Open Meetings



Florida's Government in the Sunshine Law provides a right of access to governmental proceedings at both the state and local levels.

Chapter 286, Florida Statutes

Who
Me?

Advisory boards created pursuant to law or ordinance or otherwise established by public agencies may be subject to the Sunshine Law even though their recommendations are not binding upon the agencies that create them.

Board members may not engage in private discussions

- with each other
- about board business
- in person or by
- telephoning,
- emailing,
- texting or
- any other type of electronic communication (Facebook, etc.)

In the absence of a statutory exemption, it applies to any gathering of two or more members of the same board to discuss some matter *which will foreseeably come before that board for action*.

While a board member is not prohibited from discussing board business with staff or a non-board member, these individuals may not be used as a "liaison" to communicate information between board members.

For example, a board member cannot ask staff to poll the other board members to determine their views on a board issue.

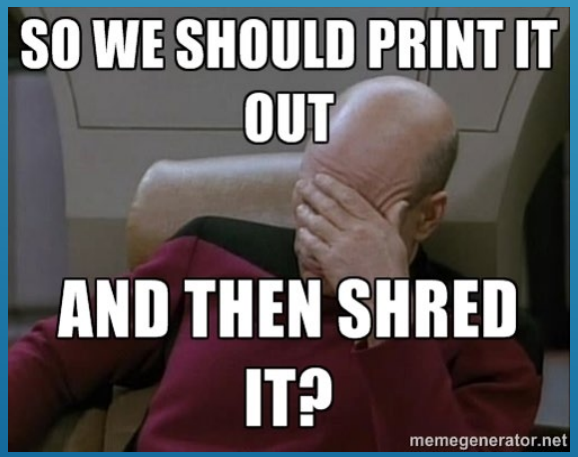
OH YES I LOVE
BEING THE MIDDLE MAN
makeameme.org

SCOPE OF THE SUNSHINE LAW

There are three basic requirements:

1) Meetings of public boards or commissions must be open to the public; and
2) Reasonable notice of such meetings must be provided; and
3) Minutes of the meetings must be prepared and open to public inspection.

I LOVE MEETINGS
MEETINGS ARE MY FAVORITE!



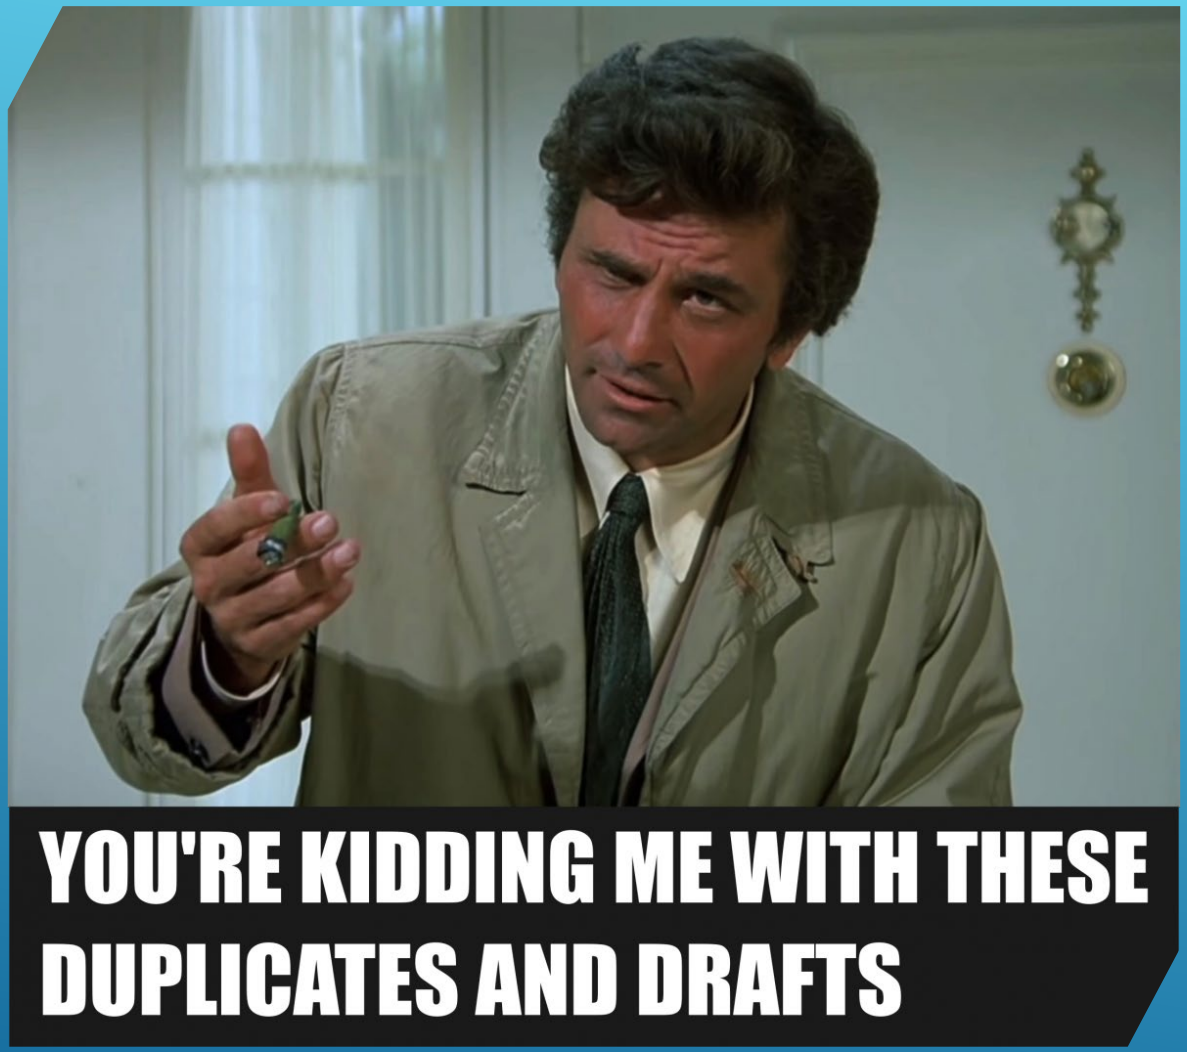
Public Right to:

- Attend
- Participate
- Be Heard

Florida's Public Records Law

It creates a right of access to inspect and/or have copies of public records.

Chapter 119, Florida Statutes



"Public records" means all documents, papers, letters, maps, books, tapes, photographs, films, sound recordings, data processing software, or other material, regardless of the physical form, characteristics, or means of transmission, made or received pursuant to law or ordinance or in connection with the transaction of official business by any agency.

Fla. Stat. 119.011(12)

Public Records

- A public record is something made or received in connection with the transaction of official business by any agency.
- The form of the record is not important. If it meets the definition, it is a public record.
- Anything, in any format, that is intended to **PERPETUATE**, **COMMUNICATE**, or **FORMALIZE** knowledge.
- Includes DRAFTS of documents that are not in "final form."

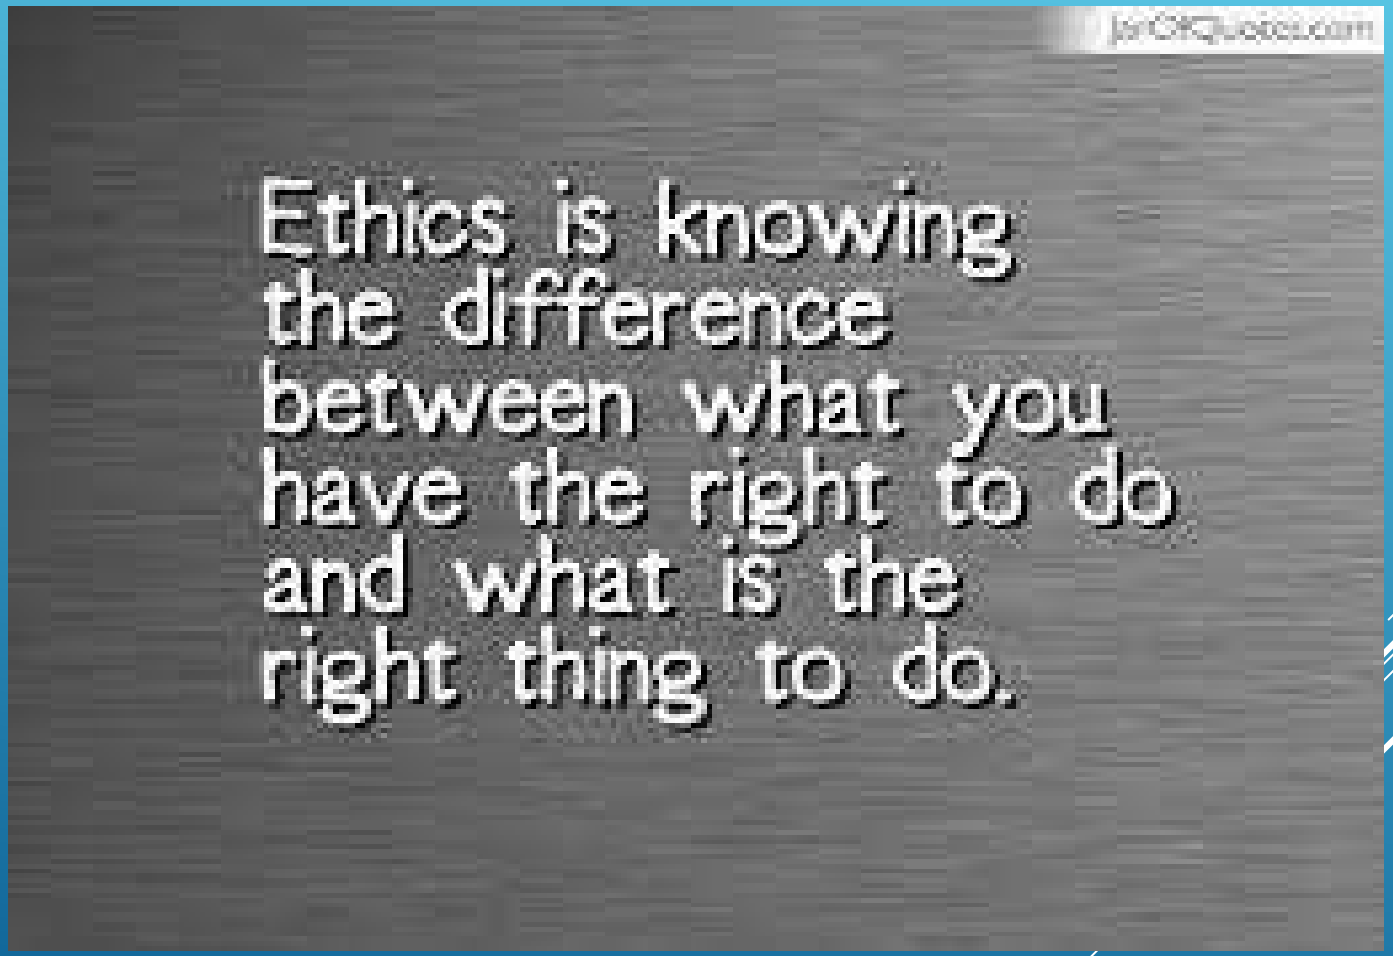
DUPLICATES AND DRAFTS

CODE OF ETHICS FOR PUBLIC OFFICERS & EMPLOYEES

CHAPTER 112, PART III, FLORIDA STATUTES



It is essential to the proper conduct and operation of government that public officials be **independent** and **impartial** and that public office not be used for private gain other than the remuneration provided by law.

LEGISLATIVE INTENT
SECTION 112.311, FLA. STAT.

Black's Law Dictionary defines ethics as "of or relating to moral action, conduct, motive or character… *professionally right or befitting*."

U.S. Supreme Court Justice Potter Stewart once said:

VOTING CONFLICTS OF INTEREST

No county, municipal, or other **local public officer** shall ***vote*** in an official capacity upon any measure which would **inure to his or her special private gain or loss**; **which he or she knows would inure to the special private gain or loss of any principal by whom he or she is retained or to the parent organization or subsidiary of a corporate principal by which he or she is retained**, other than an agency as defined in s. 112.312(2); **or which he or she knows would inure to the special private gain or loss of a relative or business associate of the public officer**.

VOTING CONFLICTS OF INTEREST

Such public officer shall, **prior** to the vote being taken, publicly state to the assembly the nature of the officer's interest in the matter from which he or she is abstaining from voting and, within 15 days after the vote occurs, disclose the nature of his or her interest as a public record in a memorandum filed with the person responsible for recording the minutes of the meeting, who shall incorporate the memorandum in the minutes.

Fla. Stat. 112.3143(3)(a)

VOTING CONFLICTS OF INTEREST

"**Public officer**" includes any person elected or appointed to hold office in any agency, including any person serving on an advisory body.

PARTICIPATION

No appointed public officer shall ***participate*** in any matter which would **inure to the officer's special private gain or loss**; **which the officer knows would inure to the special private gain or loss of any principal by whom he or she is retained or to the parent organization or subsidiary of a corporate principal by which he or she is retained**; or **which he or she knows would inure to the special private gain or loss of a relative or business associate of the public officer**, without **first disclosing the nature of his or her interest** in the matter.

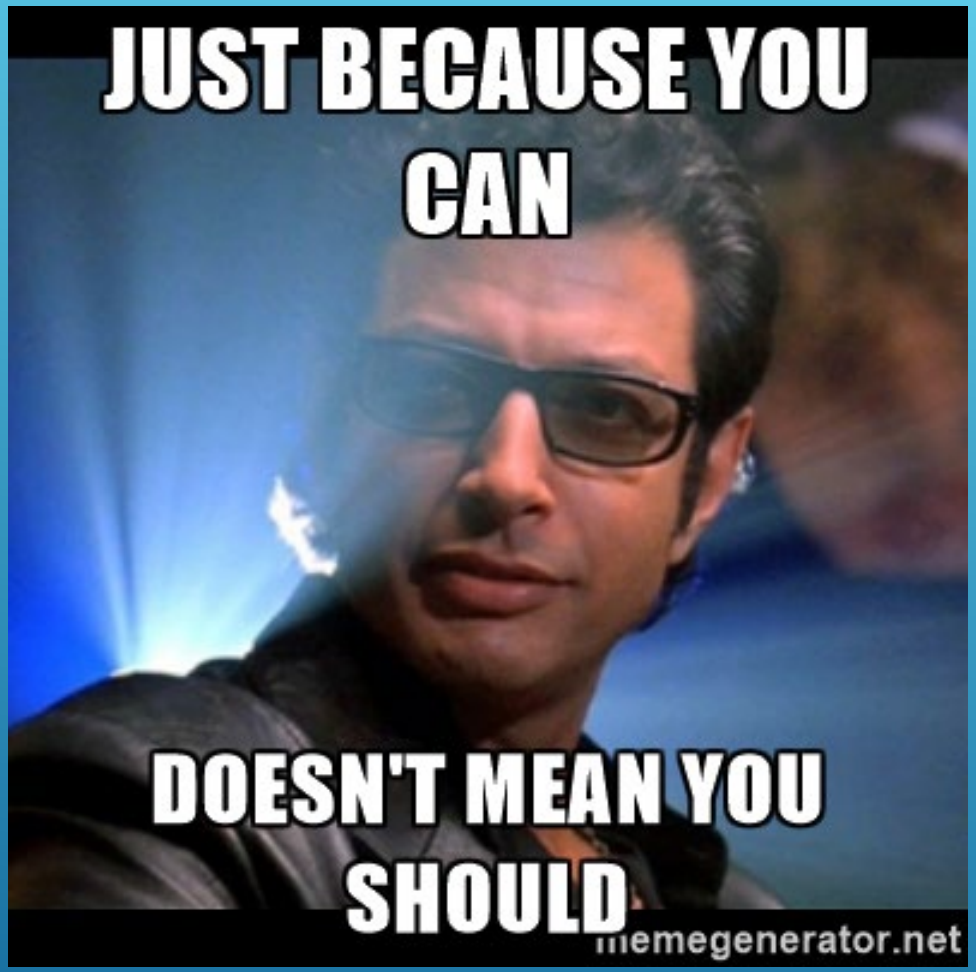
Fla. Stat. 112.3143(4)

PARTICIPATION

(a) Such disclosure, indicating the nature of the conflict, shall be made in a written memorandum filed with the person responsible for recording the minutes of the meeting, **prior** to the meeting in which consideration of the matter will take place, and shall be incorporated into the minutes. Any such memorandum shall become a public record upon filing, shall immediately be provided to the other members of the agency, and shall be read publicly at the next meeting held subsequent to the filing of this written memorandum.

PARTICIPATION

(b) In the event that disclosure has not been made prior to the meeting or that any conflict is unknown prior to the meeting, the disclosure shall be made orally at the meeting when it becomes known that a conflict exists. A written memorandum disclosing the nature of the conflict shall then be filed within 15 days after the oral disclosure with the person responsible for recording the minutes of the meeting and shall be incorporated into the minutes of the meeting at which the oral disclosure was made. Any such memorandum shall become a public record upon filing, shall immediately be provided to the other members of the agency, and shall be read publicly at the next meeting held subsequent to the filing of this written memorandum.



Fla. Stat. 112.3143(4)

BEST PRACTICES & CUSTOM

- Since inception, it has been this board's custom to treat voting and participation as one in the same and to avoid the appearance of impropriety
- To meet and exceed that goal of independence and impartiality

- Customary, and best practice, to:

  - Recuse oneself from participating in discussion of employer's project
  - Recuse oneself from voting on the same

JUST BECAUSE YOU CAN
DOESN'T MEAN YOU SHOULD

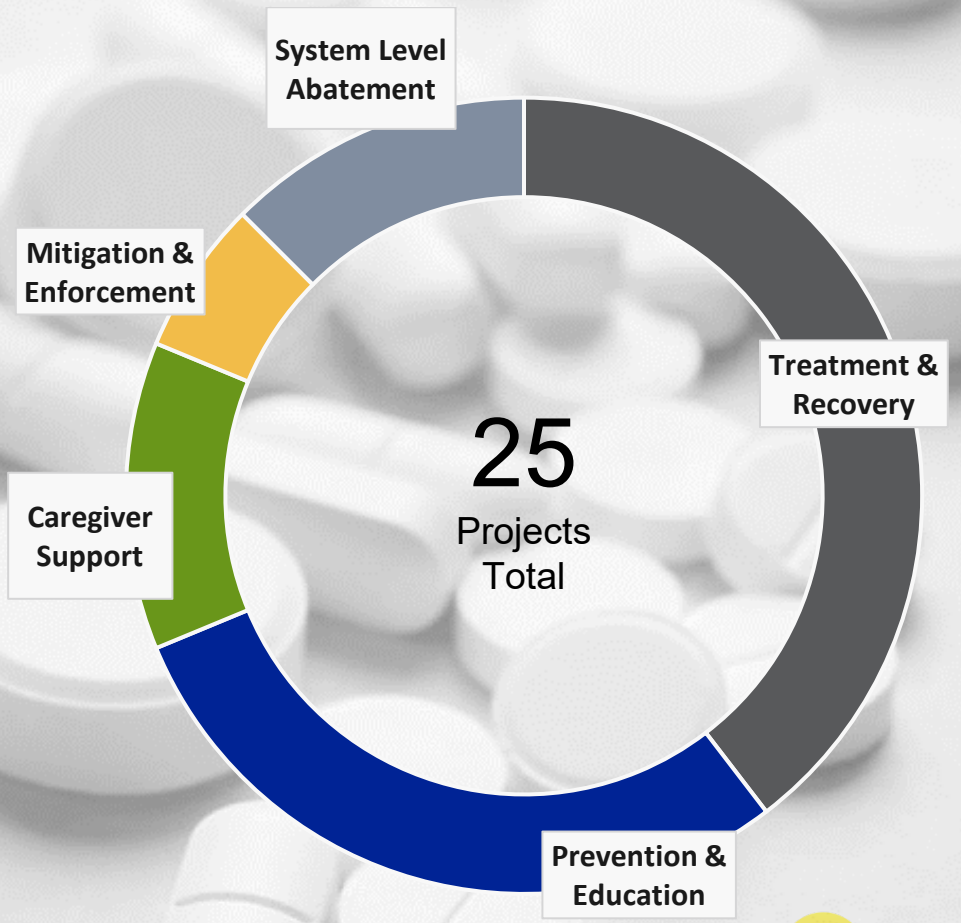
GENERAL UPDATES

OPIOID TASK FORCE MEMBERS - UPDATES

Member	Organization
Robert Chalmers, Chief Administrative Officer, Public Safety Branch	Pasco County Fire Rescue
Michelle Hudson, MSW, Supervisor of Social Work	Pasco County Schools
Toni Roach, Captain	Pasco County Sheriff's Office
Paula Baracaldo, Director of Support Services	Pasco County Public Services
Lauren Letona, Deputy Chief	City of New Port Richey
Derek Brewer, Police Chief	City of Zephyrhills
Trang Chitakone, Administrative Services Director	Department of Health
Joey Resnick, President and CEO	Premier Community Healthcare
Tracey Kaly, Director of Clinical Operations	BayCare Behavioral Health
The Honorable Judge Shawn Crane	Sixth Judicial Circuit Court
Parnia Roghani, Co-chair, ASAP Opioid Committee	Pasco County Alliance for Substance Addiction Prevention (ASAP)
Art Rowand, Retired Sergeant	Retired Public Health or Addiction Expert

**OTF reappointments 1/9/2026*

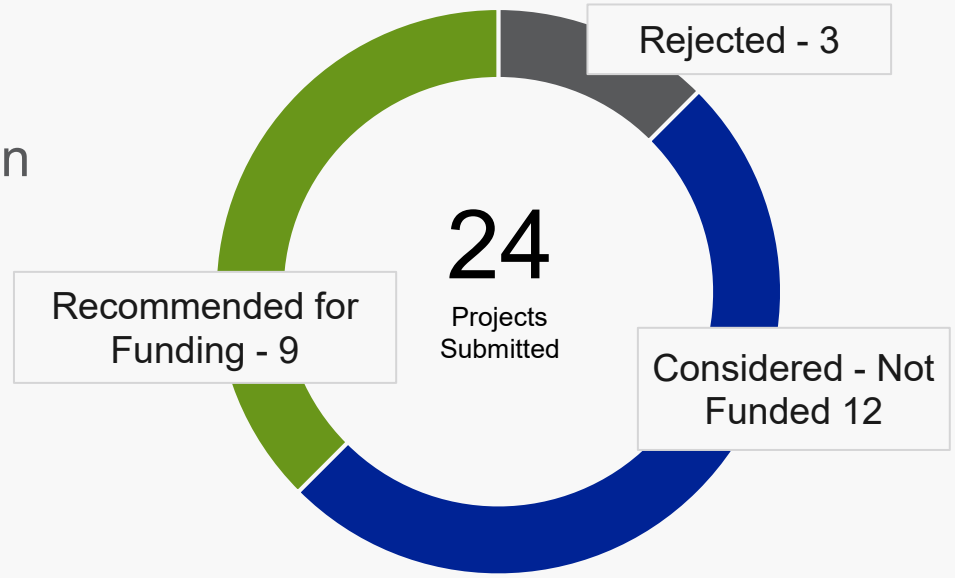


COMMUNITY ABATEMENT PLAN - UPDATES

- Scrivener's errors; pagination; table of contents
- Updates to Membership
- Adding overview of OTF
- Adding overview of funds
- Adding contact information
- No changes to community asks/content
- To be submitted for BCC approval, post-OTF change approvals.

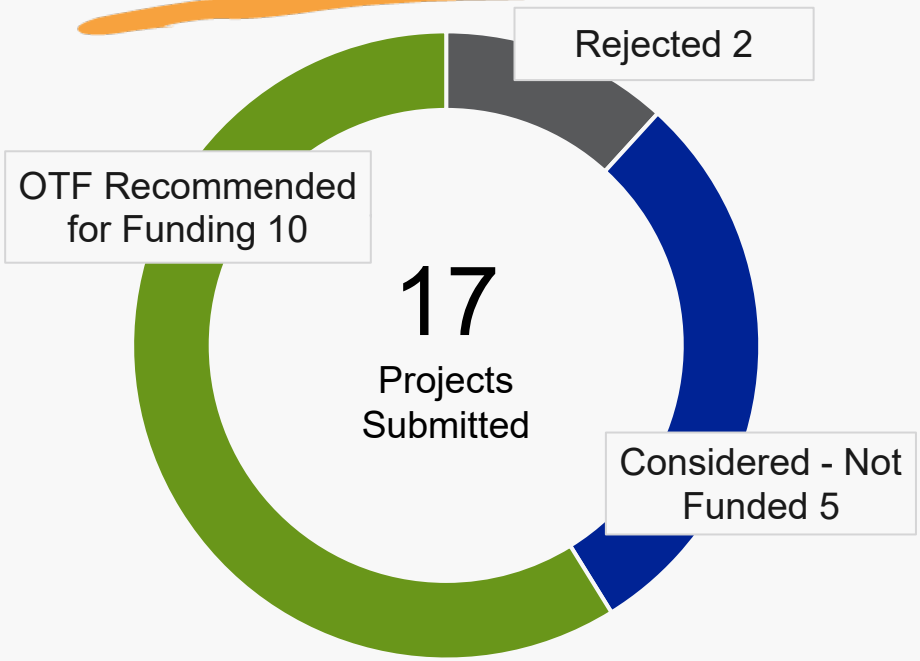
YEARS ONE AND TWO - RECAP

- $14.3M in encumbered (Yrs 1-2)
- Scope of community projects supporting Opioid Use Disorder and/or co-occurring mental health services



POTENTIAL STRATEGIC INTERVENTIONS FOR FUTURE FUNDING

- **Comprehensive Care Networks:**
  - Expand integrated care models that combine mental health, substance use disorder treatment, and primary care.
- **Workforce Development:**
  - Training and hiring more addiction/mental health specialists and peer recovery coaches.
  - Offer training programs for individuals in recovery.
- **Community-Based Harm Reduction:**
  - Support for naloxone distribution and *safe syringe programs* to reduce harm and save lives.
- **Address Housing Insecurity:**
  - Develop transitional housing programs/initiatives focused on reducing relapse rates.
- **Data /Information Systems:**
  - Invest in data-driven initiatives for tracking overdoses and evaluating program effectiveness.
  - Sharing services/making the accessible.



FUNDING OVERVIEW OF YEAR-1

- Over $8.4M available for allocation
- Over $24M total in community requests for funding
- 6 single-year projects
- 3 multi-year (2-3 years)

City/County Fund	Regional Fund	Total Combined Allocation	Contingency
$898,099.19	**$7,553,514.40**	**$8,180,289.00**	**$271,324.59**
Fully allocated to projects	Available for Funding		
	$7,282,189.81		
	Allocated to Projects		

Funding Overview of Year-2

- Over $18.4M total in community requests for funding
- All recommended projects are annual allocations

City/County Fund
$374,196.07
Fully allocated to community projects

Regional Fund
$4,632,809.38
Fully allocated to projects

Total Allocated to Community Projects
$5,007,005.45

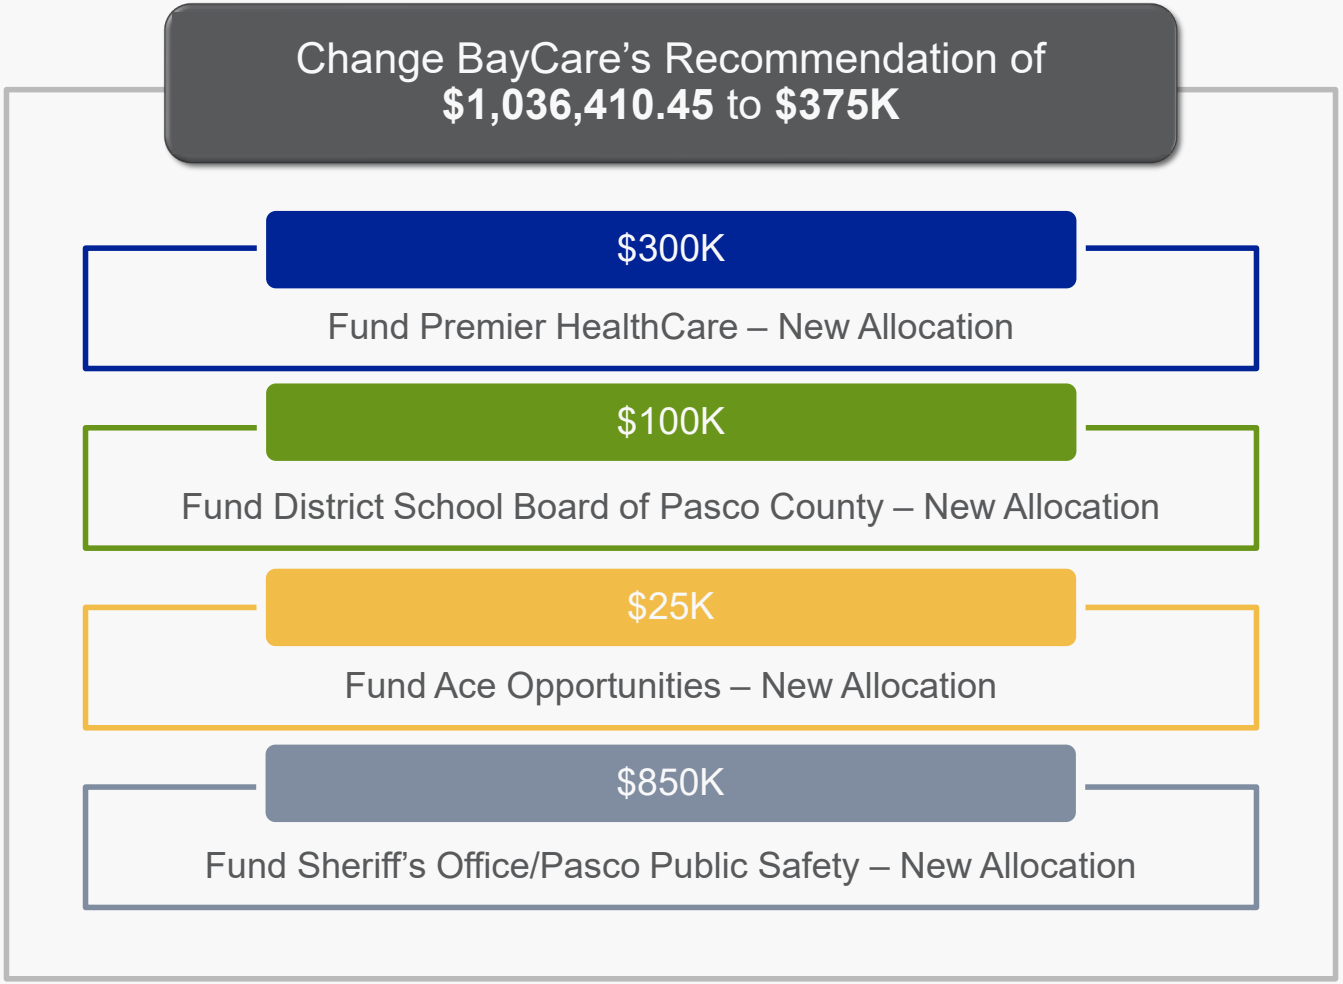
County Projects
$750,000.00
BCC-approved County projects

COUNTY PROJECTS FUNDED - $750,000.00 ALLOCATION

Total Amount Available per BCC Motion	$750,000.00
Total for Year-2 County Project Allocations	$694,421.00
Remaining Funds	**$55,579.00**

Sixth Judicial Circuit Court

- General Master - $135,889.00 *(includes FICA & Retirement)*
- Administrative Assistant II - $58,532.00 *(includes FICA & Retirement)*



Public Safety

- Mental Health Program - $500,000.00

YEAR 2 – OTF PROJECT FUNDING RECOMMENDATION LIST

Project No.	Applicant/Organization	Proposed Project Name	Amount Requested	CITY/COUNTY Amount to Fund	REGIONAL Amount to Fund
				$374,196.07	$4,632,809.38

APPLICATION TIMELINE

- **April 3, 2025** – Press Release and social media blast.
- **April 17, 2025** – First training session @ 10:00 AM
  - Grant requirements
  - Step-by-step application submission in the Neighborly platform
  - Q & A
- **April 24, 2025** - Second training session @ 2:30 PM
  - Grant requirements
  - Step-by-step application submission in the Neighborly platform
  - Q & A
- **May 1, 2025 @ 8:00 AM EST** – Online application window opens (Neighborly)
- **May 31, 2025 @ 5:00 PM EST** – Application closes
- **June 2 – 6, 2025** – Eligibility/qualification review
  - Ongoing during the application period by the SPS Team
- **June 9 – June 13, 2025** – Qualified applicants sent to OTF for review
  - Final scoring must be submitted by 7/22.
- **July 21 & 22, 2025** – Presentations to OTF
- **July 28, 2025** – Rankings and funding recommendations for Year-3 allocations finalized
- **September 2025** – Funding recommendations go to BCC for approval
- **October 2025** – Year 3 funding begins

NEIGHBORLY APPLICATION – UPDATES & SCORING RUBRIC

Category	Subcategory	Score	Description
Budgetary Information	Well-Defined Budget Proposal	5	Budget is comprehensive, detailed, and aligns with project goals. All expenses are justified.
		4	Budget is clear with only minor details missing; most expenses are well justified.
		3	Budget is included but lacks details on some key expenses or allocations.
		2	Budget is vague or missing significant details; justification is weak.
		1	Budget is incomplete or unrealistic.
	Financial Sustainability	5	Strong sustainability plan with clear long-term funding strategy.
		4	Financial sustainability is well-planned, with minor areas needing improvement.
		3	Some sustainability planning exists, but gaps remain in funding strategy.
		2	Sustainability plan is unclear or does not extend beyond initial funding.
		1	No sustainability plan provided.
Project Plan	Clear and Actionable Objectives	5	Objectives are well-defined, measurable, and achievable within the project scope.
		4	Objectives are clear but may need slight refinement for full measurability.
		3	Objectives are somewhat clear but lack strong measurability or focus.
		2	Objectives are vague or difficult to measure.
		1	No clear objectives presented.
	Completeness of Project Submittal	5	Proposal is thorough, includes all required documents, and meets submission standards.
		4	Submission is complete with only minor missing elements.
		3	Submission is mostly complete but missing key details.
		2	Submission is incomplete or lacks significant required documents.
		1	Proposal is substantially incomplete or unorganized.
	Overall Quality & Level of Professionalism	5	Proposal is highly polished, well-structured, and professionally presented.
		4	Proposal is well-written with minor formatting or clarity issues.
		3	Proposal is clear but lacks professional formatting or polish.
		2	Proposal is difficult to read, with major formatting or clarity issues.
		1	Proposal is unprofessional, disorganized, or poorly presented.
	Key Performance Indicators (KPIs)	5	KPIs are specific, measurable, and aligned with project outcomes.
		4	KPIs are mostly clear but could be more specific.
		3	KPIs are somewhat relevant but lack specificity.
		2	KPIs are vague or weakly tied to project goals.
		1	No KPIs provided.
	Clearly Defined Expected Community Outcomes	5	Outcomes are well-defined, measurable, and clearly aligned with community impact.
		4	Outcomes are mostly clear with minor refinements needed.
		3	Outcomes are present but not fully measurable or clearly defined.
		2	Outcomes are vague or not clearly linked to community impact.
		1	No defined outcomes provided.
	Qualified & Experienced Personnel	5	Team has extensive relevant experience, with strong qualifications.
		4	Team has solid experience, but some members may lack extensive qualifications.
		3	Team has relevant experience, but with gaps in expertise.
		2	Team has minimal experience or lacks necessary qualifications.
		1	No relevant experience demonstrated.
	Detailed Personnel Duties & Responsibilities	5	Roles and responsibilities are well-defined and clearly assigned.
		4	Roles are mostly clear, with minor areas needing clarification.
		3	Some roles are defined, but responsibilities are not well-distributed.
		2	Roles are vague or not clearly assigned.
		1	No roles or responsibilities are defined.
Timeline	Realistic Project Implementation Timeline	5	Timeline is detailed, feasible, and aligns with project deliverables.
		4	Timeline is mostly feasible with minor areas needing clarification.
		3	Timeline is present but lacks detail or clear milestones.
		2	Timeline is unrealistic or missing key deadlines.
		1	No timeline provided or unrealistic schedule.
Presentation	Ability to Answer Questions	5	Presenter confidently answers all questions with detailed and relevant responses.
		4	Presenter answers most questions well but lacks depth on a few points.
		3	Presenter answers some questions adequately but struggles with details.
		2	Presenter struggles to answer key questions or lacks confidence.
		1	Presenter is unprepared or unable to answer questions effectively.

REPORTING REQUIREMENTS - ODMS

OPIOID DATA MANAGEMENT SYSTEM (ODMS)

- Dept. of Children and Families (DCF) data collection efforts:
  - Data to track expenditures/outcomes
  - Impacts all agencies that have been awarded opioid funds

- Monthly submittals
  - Data on individuals served, diagnosis codes, demographics, and outcomes
  - Cost associated with services
  - Providers will submit 837 data through ODMS
  - Providers without an electronic health record system will be provided a .csv template to submit their data

SUBJECT: School Board Proposal for Year 2

RECOMMENDED BOARD ACTION:
Review/Discuss

ATTACHMENT(S):
1. District School Board - Opioid Narrative
2. District School Board - Vaping Budget Request

Pasco County Schools Grant Proposal

Objective: Increase awareness and action around vaping for all middle and high school students in Pasco County ultimately reducing the use of vaping.

Background/Overview of Pasco County Student Congress:

- Each school's student Congress team is comprised of three to five students and a school administrator from every middle and high school.
- The goal is to allow students and their administrator to voice needs in their school and its population that is safe, inclusive and where students thrive.
- Each school's student Congress team attends district-wide meetings during the school year and one large culmination event at the end of the school year called Together We Stand.

Grant Proposal for Pasco County School Student Congress:

- Student Congress participants will receive training and engage in learning about vaping and the impact it has in various health, economic and social environments.
    - Pasco Schools staff members will be trained in the Not-On-Tobacco Proven Teen Smoking and Vaping Cessation Program (NOT), INDEPTH: An Alternative to Suspension or Citation program (INDEPTH), and Teen Mental Health First Aid (TMHFA). The three programs mentioned are all evidence-based programs aimed at reducing tobacco use and increasing the mental health awareness of teens.
    - The staff members will then provide training to the student Congress members during the student Congress meetings to enhance the student Congress's ability to create an individualized plan for the school to reduce the number of students vaping and using drugs.
- Student Congress students and administrators will create and implement a targeted individualized vaping/tobacco mitigation and education program for each school.
- Each school will utilize a template that the students and administration will use as a backbone to create their program whether it be an advertising campaign, handouts, etc. This will include goals, objectives, content creation, data collection and budgeting.
- Any students involved in the student Congress that want to receive the Teen Mental Health First Aid training may also attend a training course and become certified as a Teen Mental Health First Aider.

Outcomes:

1. A 20% increase in the post assessment scores of Student Congress participants.
2. 90% of Middle and High schools have created and implemented a school-based plan of action to reduce drug and tobacco usage by the end of the 25/26 school year.
3. A 10% reduction the number of referrals for possession/using tobacco or drugs in middle and high schools by the end of the 26/27 school year.
4. Have at least three staff members trained in the NOT, INDEPTH, and TMHFA programs by the start of the 25/26 school year.

The funds from the grant will pay for the following:

- Key-note speaker
- Training costs for Teen Mental Health First Aid training
- Training costs for NOT
- Training costs for INDEPTH
- Supplies/materials for Student Congress sessions

Salary Budget

Function	Object	Staff title	Cost	Count	Total Salary

OPIOID TASK FORCE
AGENDA MEMORANDUM

DATE: 4/1/2025

SUBJECT: Year 3 Application Process

RECOMMENDED BOARD ACTION:
Review/Discuss

ATTACHMENT(S):
1. Scoring Rubric for Neighborly_Year3_DRAFT

Category	Subcategory	Score	Description
Budgetary Information	Well-Defined Budget Proposal	5	Budget is comprehensive, detailed, and aligns with project goals. All expenses are justified.
		4	Budget is clear with only minor details missing; most expenses are well justified.
		3	Budget is included but lacks details on some key expenses or allocations.
		2	Budget is vague or missing significant details; justification is weak.
		1	Budget is incomplete or unrealistic.
	Financial Sustainability	5	Strong sustainability plan with clear long-term funding strategy.
		4	Financial sustainability is well-planned, with minor areas needing improvement.
		3	Some sustainability planning exists, but gaps remain in funding strategy.
		2	Sustainability plan is unclear or does not extend beyond initial funding.
		1	No sustainability plan provided.
Project Plan	Clear and Actionable Objectives	5	Objectives are well-defined, measurable, and achievable within the project scope.
		4	Objectives are clear but may need slight refinement for full measurability.
		3	Objectives are somewhat clear but lack strong measurability or focus.
		2	Objectives are vague or difficult to measure.
		1	No clear objectives presented.
	Completeness of Project Submittal	5	Proposal is thorough, includes all required documents, and meets submission standards.
		4	Submission is complete with only minor missing elements.
		3	Submission is mostly complete but missing key details.
		2	Submission is incomplete or lacks significant required documents.
		1	Proposal is substantially incomplete or unorganized.
	Overall Quality & Level of Professionalism	5	Proposal is highly polished, well-structured, and professionally presented.
		4	Proposal is well-written with minor formatting or clarity issues.
		3	Proposal is clear but lacks professional formatting or polish.
		2	Proposal is difficult to read, with major formatting or clarity issues.
		1	Proposal is unprofessional, disorganized, or poorly presented.
	Key Performance Indicators (KPIs)	5	KPIs are specific, measurable, and aligned with project outcomes.
		4	KPIs are mostly clear but could be more specific.
		3	KPIs are somewhat relevant but lack specificity.
		2	KPIs are vague or weakly tied to project goals.
		1	No KPIs provided.
	Clearly Defined Expected Community Outcomes	5	Outcomes are well-defined, measurable, and clearly aligned with community impact.
		4	Outcomes are mostly clear with minor refinements needed.
		3	Outcomes are present but not fully measurable or clearly defined.
		2	Outcomes are vague or not clearly linked to community impact.
		1	No defined outcomes provided.
	Qualified & Experienced Personnel	5	Team has extensive relevant experience, with strong qualifications.
		4	Team has solid experience, but some members may lack extensive qualifications.
		3	Team has relevant experience, but with gaps in expertise.
		2	Team has minimal experience or lacks necessary qualifications.
		1	No relevant experience demonstrated.
	Detailed Personnel Duties & Responsibilities	5	Roles and responsibilities are well-defined and clearly assigned.
		4	Roles are mostly clear, with minor areas needing clarification.
		3	Some roles are defined, but responsibilities are not well-distributed.
		2	Roles are vague or not clearly assigned.
		1	No roles or responsibilities are defined.
Timeline	Realistic Project Implementation Timeline	5	Timeline is detailed, feasible, and aligns with project deliverables.
		4	Timeline is mostly feasible with minor areas needing clarification.
		3	Timeline is present but lacks detail or clear milestones.
		2	Timeline is unrealistic or missing key deadlines.
		1	No timeline provided or unrealistic schedule.
Presentation	Ability to Answer Questions	5	Presenter confidently answers all questions with detailed and relevant responses.
		4	Presenter answers most questions well but lacks depth on a few points.
		3	Presenter answers some questions adequately but struggles with details.
		2	Presenter struggles to answer key questions or lacks confidence.
		1	Presenter is unprepared or unable to answer questions effectively.

Call to Order

Madam Chair Baracaldo called the meeting to order at 9:00 a.m.

Invocation and Pledge

Ms. Amanda Dobson, Records Clerk, gave the Invocation and led the Pledge of Allegiance to the Flag.

Welcome and Introductions

Madam Chair Baracaldo introduced and welcomed Mr. Robert Hale, Assistant County Attorney, and Mr. J. David Feichtner, Deputy Fire Chief.

Roll Call

Ms. Dobson called the roll. All members were present.

Public Comment

Madam Chair Baracaldo reviewed the procedures to be followed and called for public comment.

There was none.

New Business

Madam Chair Baracaldo reviewed the recusal procedures.

Madam Chair Baracaldo spoke regarding the Pasco Kids First submission for funding, that they were unavailable to present today or tomorrow, and that they had requested to be added to the August meeting.

Discussion was held regarding approving the Pasco Kids First request.

The Committee approved to add the Pasco Kids First application presentation to the August 12, 2024 meeting.

1 Discussion - $750,000 to Public Safety Projects

Madam Chair Baracaldo used a PowerPoint presentation to review the item and spoke regarding $750,000.00 money allocation for County projects and the remaining $5,000,000.00 funds for community projects.

Ms. O'Neill distributed a Program Overview packet to the Committee for reference on the item.

Ms. Cathy Pearson, Assistant County Administrator for Public Services, spoke during the discussion.

Discussion was held regarding the current County applications being reviewed; the agencies that qualified for the $750,000.00 Public Safety Projects; the applications that had been submitted; the budget process and timeline; clarification that the $750,000.00 would go towards County projects only; the application process; the reason for a separate application process; that this was a particular fund for the BCC to utilize; the $750,000.00 fund distribution; regional funds; transparency on the allocation of funds; the 5% County take away; that funds would be specific to just a project; application case ID 30047; the breakdown of the budget and allocation process; the current applications that showed a need; awarding to community projects; and the eligibility status of the County funds for projects being reviewed.

The Committee approved the $750,000.00 for County projects with the Honorable Judge Crane, Mr. Rowand, and Captain Roach abstaining from the vote due to a conflict of interest.

2 Letter of Intent

Madam Chair Baracaldo used a PowerPoint presentation to review the item and spoke regarding the application process with the Community Abatement Plan and verification and contact with the state.

The item was for information only.

3 Project Presentations

Madam Chair Baracaldo spoke regarding the presentation rules and process for the presenters and that there would be eight presentations today.

Discussion was held regarding last year's applications and their status; the current reimbursement requests; the pending approval applications process; the funds disbursed in Munis; the ranking list for each project; and a clarification on how much money the Committee had to distribute.

Project 1 – Ace Opportunities: Ace Opportunities Rise Up 2024

Mr. Frank Seidl, Ace Opportunities, spoke regarding an overview of Ace Opportunities and it's recovery program, the ultimate goal of general housing, survey results on existing people at Ace Opportunities, an overview on services and the background of people served, the program's purpose, the success rate for individuals, the proven outcomes of the program, and the breakdown of the requested funds.

Discussion was held regarding clarification on what specific item would be funded; that clients would benefit from the whole program being funded; the importance to report to the state on a specific funded item; the matching of funds; to fund monthly housing and allocate the budget as needed; the importance of demonstrating the specific use of the funds; that the $50,000.00 could be used for a Case Manager's salary; that general housing would be easier to document; the Neighborly insight and a new version of the budget; and that Ace Opportunities received a lot of individuals through the court system.

The item was for information only.

Project 2 – Alliance for Healthy Communities: The Alliance Expansion Project

Mr. Rowand, Mr. Resnick, Ms. Roghani Shareef, Ms. Kaly, Captain Roach, and Ms. Chitakone abstained from the project discussion due to a conflict of interest.

Mr. Rikkard Rambo, Executive Director of Alliance for Healthy Communities, introduced Ms. Christine Parris, Board President of Alliance for Healthy Communities, Ms. Kellie Rodriguez, Programs and Outreach Director for Alliance for Healthy Communities, and Ms. Missy Coyle, ASAP Coalition Coordinator for Alliance for Healthy Communities, and spoke regarding the history of ASAP, the efforts of the program, an overview of year one with the OTF funding, the partnerships with The Hope Shot and the Always Center, funding to support staffing, an overview of the staffing positions, the success of the year one funding, and that the OTF's support would help sustain all of the program's efforts.

Discussion was held regarding salary range breakdowns; the congressional allocation; that the funds would be used for more than just salaries; and fundraising earnings and goals for the future.

The item was for information only.

Project 3 – BayCare Behavioral Healthcare: Pasco County Response Team

Ms. Roghani Shareef, Deputy Chief Letona, Captain Roach, Chief Brewer, and Ms. Kaly abstained from the project discussion due to a conflict of interest.

Ms. Sonya Bufe, Baycare Behavioral Health, introduced Ms. Erica Fritz, Baycare Behavioral Health, used a PowerPoint presentation to review the item and spoke regarding the need for increased law enforcement services, the co-responder model, Baycare's relationship with law enforcement, built upon funding with Baycare to start including other municipalities, the overdose statistics across the United States and Pasco County, and that the project connected Pasco citizens with lifesaving services.

Discussion was held regarding an overview of the job of the Pasco County Response Team; the availability of the Response Team; to add additional co-responders for all five municipalities; the salary breakdown and the determination of municipality needs; a breakdown of staff levels; the utilization of funds; the priority timeline with municipalities; that the fund request was based on population growth and the number of overdose and mental health calls; the number of calls responded to; the process of working with citizens who had been Baker or Marchman Acted; that opioid based issues or overdoses was the priority; the data on service calls and co-responder teams; and that the primary focus was on the west side of the County with the hope of expanding to all of Pasco.

The item was for information only.

Project 4 – Brianna's 2nd Chance: Future Fuel Youth Harm Reduction & Prevention

Ms. Angie Hatfield, President of Brianna's 2nd Chance Inc, spoke regarding the 2021 data of child deaths due to Fentanyl in Florida, an overview of her program and its approach towards individuals, reality-based prevention, studies on resistance-based training, ways to reduce harm, collateral consequences, her experience with the loss of her daughter, and project assistance within the program.

Ms. Bushway spoke during the discussion.

Discussion was held regarding if any groups were currently operating in Pasco County; the eligibility of the project; OTF versus CDBG funds; curriculum; the hosting of groups and classes; the interactiveness of the program; the grant funding in Polk County; that the project was non-evidence based; recruitment of members within the project; evidence for resistance training; conversations with youth; that the closest idea to Future Fuel would be Standford University Safety First; and that the project could be disqualified due to not being evidence based.

The item was for information only.

Project 5 – Public Safety 30049: Pasco County Pasco Sheriff's Office Mental, Physical, and Emotional Health Center - Joint Usage with Pasco County Public Safety

Mr. Rowand, Captain Roach, and Madam Chair Baracaldo abstained from the project discussion due to a conflict of interest.

Mr. Robert Chalmers, Senior Executive Officer for the Public Safety Administration, used a PowerPoint presentation to review the item and spoke regarding the loss of Officer Jean Karlo Santiago Miranda due to a mental health crisis, the amount of traumatic events an officer experienced per shift, the loss of state funding, part three of the abatement plan, the caregiver support focus area of the application, the unpredictability of first responder responsibilities, statistics on overdose response calls, an analogy of first responders and oxygen masks on an emergency aircraft, funds for the construction of a facility, and an example of a real life overdose call.

Discussion followed regarding construction on the health center; the appropriation amount; the location of the health center; that the health center was currently just for Pasco Sheriffs and Public Safety but could potentially open to other municipalities; the

potential expansion design of the health center; that the long-term goal would include all Pasco County first responders; and staffing.

The item was for information only.

THE COMMITTEE RECESSED AT 9:56 A.M. AND RECONVENED AT 10:11 A.M. ALL MEMBERS WERE PRESENT.

Project 6 – District School Board of Pasco County: In-School Vaping Mitigation

Ms. Hudson abstained from the project discussion due to a conflict of interest.

Mr. Mark Clairmont, Project Specialist with the Pasco County School District, used a PowerPoint presentation to review the item and spoke regarding the teenaged vaping epidemic in Florida, the Florida Youth Risk Survey results with vaping and supported data, the 2022 Florida Youth Substance Abuse Survey results comparing Pasco County with the State of Florida, his experience as a school nurse with Pasco County Schools, the Charlotte County Schools vaping pilot program and its success, an overview of the chosen schools, and the cameras and sensors.

Discussion was held regarding the TOOLS program; camera usage within schools; that school enforcement in real time was a challenge; the amount secondary students vaping; if the pilot program had decreased vaping within the Charlotte County School District; whether or not students could find another area within a school to vape; sensor tampering; the software's continuous updating capability; Pasco County Schools ongoing and future ideas for education on vaping; the ten-year commitment to the pilot program; the potential to slowly add more secondary schools; and that there had been issues of vaping within elementary schools.

The item was for information only.

Project 7 – Fire Rescue, Pasco County Pasco County: Fire Rescue Mobile Integrated Health

Madam Chair Baracaldo and Ms. Chitakone abstained from the project discussion due to a conflict of interest.

Mr. Eric Munroe, Firefighter Support II of Pasco County Fire Rescue Integrated Health Team, used a PowerPoint presentation to review the item and spoke regarding data for opioid addiction, an overview and success of the MIH team, use of funding, the size of the team versus the size of the County, zoning, a longitudinal approach to treatment, the ease of access in the County, and the goals of the project.

Discussion was held regarding supplementing CORE funding; the expansion of the program to match the size and population of the County; the difference from Baycare's project; access to care; overdose response; law enforcement assistance with MIH; acute treatment and long-term care; Baycare verses MIH care in the field; that MIH's priority aligned with treating substance abuse; and current unit size and expansion of the unit.

The item was for information only.

Project 8 – Florida Recovery Schools of Tampa Bay: Victory High School

Ms. Tina Miller, Executive Director of Florida Recovery Schools of Tampa Bay and Principal of Victory High School, used a PowerPoint presentation to review the item and spoke regarding an overview of this year's graduates from Victory High School, the importance of connection for overall success, and the second quarter success rate for Pasco students.

Discussion was held regarding funding; the breakdown of the funding usage; that they did not need to relocate the school; salary staff level breakdown; the number of Pasco students serving in the program; the average student attendance; and other outside grants and funding.

The item was for information only.

Projects 9 through 17 would be heard at the July 23, 2024 Opioid Task Force meeting.

Approval of Minutes

There was none.

Old Business

There was none.

Committees Reports

There was none.

Adjournment

Madam Chair Baracaldo reviewed the score card due dates, that the project ranking details would be sent out to the Committee along with other important information, and asked that any requests from the Committee be made known.

Discussion was held regarding the Sunbiz scoring.

The meeting adjourned at 10:55 a.m.

Call to Order

Madam Chair Baracaldo called the meeting to order at 9:02 a.m.

Invocation and Pledge

Ms. Amanda Dobson, Records Clerk, gave the Invocation and led the Pledge of Allegiance to the Flag.

Welcome and Introductions

Madam Chair Baracaldo clarified funding allocations and spoke regarding that information would be sent out ahead of the August 12, 2024 meeting, that Captain Roach would need to step out of today's meeting briefly, she reminded the Committee about recusal forms, and noted that an email was received by Brianna's 2nd Chance challenging the ineligibility disqualification and whether or not the Committee wanted to consider them in the process going forward.

Discussion was held regarding if Brianna's 2nd Chance could provide evidence than it could be considered and that they would reach back out to the organization for more information.

Deputy Fire Chief Feichtner spoke regarding clarification on County based organizations and Sunbiz with the scoring procedures.

Madam Chair Baracaldo spoke regarding that County organizations receiving a free score for Sunbiz due to them being a larger organization that met the established requirements, that a one year established structure of an organization was required, that Sunbiz reports would be resent, and to reach out for any further questions or information so it could be shared with the rest of the Committee.

Discussion was held regarding Sunbiz scoring; the screening process for applicants; and that an organization needed to be established for at least a year to show stability within the organization.

Roll Call

Ms. Dobson called the roll. All members were present.

Public Comment

Public comment was not called.

New Business

1 Project Presentations

Projects 1 through 8 were heard at the July 22, 2024 Opioid Task Force meeting.

Project 9 – Marching Forward: Marching Forward Stomping Out Addiction

Ms. Estell Keshock, Director and Founder of Marching Forward Stomping Out Addiction, spoke regarding research from The Children's Hospital of Philadelphia on opioid poisoning, the power of education for awareness and prevention, the program targets, the focus on children, the egg analogy for teaching children, community involvement, goals for student outreach, data collection, to help targeted age groups, and the abatement process.

Discussion was held regarding the program's intervention curriculum; if there was tested evidence pertaining to the program; the Shedding Out Silence program; examples of helping families in need; the potential for partnerships with schools; and clarification on the proposed budget.

Captain Roach left the meeting at 9:17 a.m.

Discussion continued regarding services provided to support the homeless; tracking and follow-ups for homeless individuals; and if there was a partnership with the homeless coalition.

The Committee approved to receive and file documents submitted by Ms. Estell Keshock with Captain Roach absent from the vote.

The item was for information only.

Project 10 – Operation PAR: MAPS Pasco

Mr. Jim Miller, CEO of Operation PAR, spoke regarding the MAPS program, the Pasco County overdose rate in 2022, the gaps in treatment during non-traditional hours, services provided by the MAPS program, to offer all three FDA approved medications and mental health supports, the uniqueness of the project, a 5% increase in the individuals accessing MAPS services in the first year, the benefits of weekend services, positive preliminary results from other counties, and the proposed budget breakdown.

Captain Roach returned at 9:29 a.m.

Discussion was held regarding extended hours and accessibility for individuals; the increased number of individuals helped; the program's difference from the Pasco Fire Rescue and Sherif's Office; the current amount of people served; and that the service was only in west Pasco currently with the potential in east Pasco depending on need and licensing.

The item was for information only.

Project 11 – Pasco Kids First: Mobile Opioid/Substance Abuse and Child Abuse Prevention Project

Madam Chair Paula Baracaldo noted that the item would be heard at the August 12, 2024 meeting.

Project 12 – Premier Community HealthCare: Premier's Integrated Capital Expansion Project: Access to Care for Residents with OUD & Any Co-Occuring SUD/MH Conditions

Mr. Resnick abstained from the project discussion due to a conflict of interest.

Ms. Cheryl Pollock, Chief Advancement and Community Engagement Officer for Premier Community Healthcare introduced Mr. Aaron Brandt, Chief Financial Officer for Premier Community Healthcare, and Mr. Jesse Dang, Vice President of Operations for Premier Community Healthcare, used a PowerPoint presentation to review the item and spoke regarding the history and services of Premier Community Healthcare; continuous response to the growing demands in behavioral health; growth from last year's proposal; and the clinic renovation proposal.

Discussion was held regarding hiring staff; CDBG funding; services at the current Dade City clinic versus the new clinic; the location of the new clinic to surrounding care facilities; the response to the influx of community members; statistics on people served; the need for more space to meet demand; that the clinic would not be a residential facility; roll over services and the integrated model for patients; the need to provide more access to care; response to patients waiting for services; challenges with private

sector referrals; payment inability and fundraising; that the Baycare office provided mental health and addiction services; and the wait list for receiving services.

The item was for information only.

Project 13 – Corrections, Pasco County: Inmate Medical/Drug Treatment Resiliency Program

Madam Chair Baracaldo abstained from the project discussion due to a conflict of interest.

Ms. Stacey Jenkins, Chief Correctional Officer for Pasco County Corrections, used a PowerPoint presentation to review the item and spoke regarding the number of inmates processed in 2023 and the anticipation of increased inmate processing this year, the statistics regarding inmates being treated for substance abuse or mental health disorders, the breakdown of funds, a run down of inmate treatment and services, and an overview of the Treatment Supported Housing Unit services and staffing.

Discussion was held regarding hiring staff; the integration of currently provided services with the housing unit services; to keep to like-minded individuals who were focused on recovery within the housing unit; the increase of inmates enrolled into the Medical Assistance Program; the potential to expand Operation Payback; the start and stay time of inmates in the jail and the program; the goals of drug court with individuals; a positive mindset for inmates; the definition and job description of a Designated Focused Based Supervisor; and the eligibility and screening process for the program and drug court.

The item was for information only.

Project 14 – Recovery Epicenter Foundation: The Sanctuary Respite Center

Ms. Teresa Mancuso, Peer Respite Center Director for The Catcher's Mitt, and Ms. Lindsey Mckeown, Chief Operations Officers for Recovery Epicenter Foundation, spoke regarding an overview of the respite home program; the connection to services and the success rate; the number of participants in The Catcher's Mitt; a variety of referrals to the program; the need for short term stabilization; the success in Pinellas County; and peer levels.

Ms. Samantha Bookhammer, former resident of The Catchers Mitt, spoke during the discussion.

Discussion was held regarding peer level; the facility in Clearwater; the goal to expand to Pasco; the breakdown of hired staff; if a dedicated space in Pasco had been located; that the proposed funding would be used to secure housing in Pasco; clarification that the funds would be used to secure housing and staff; that the budget included renting

and utilities of a property; if there were challenges with securing a home site; the good neighbor policy; the size and location of the home; the daily rate of the program; eligibility into the program for lower income individuals; a case-by-case basis for stay time; the number of individuals served yearly; if there were other avenues to receive funding if needed; the support of Live Tampa Bay and Baycare; services provided to individuals from other counties; and Samantha's experience with addiction and help from The Catcher's Mitt.

The item was for information only.

Project 15 – Steps to Recovery: Pasco Community SAFE Recovery Center

Ms. Esther Valiente, Clinical Director for Steps to Recovery, and Ms. LeeAnn Cox, Fiscal Officer for Steps Recovery, used a PowerPoint presentation to review the item and spoke regarding the funding breakdown.

Discussion was held regarding collaboration with community partners; recovery courses follow ups for clients; the status of the Trouble Creek Project; the building purchase; and to provide services to veterans and non-veterans.

The item was for information only.

Project 16 – The Hope Shot: Continuum Project 2.0

Mr. Nathan Cantie, Vice President of The Hope Shot, introduced Mr. Justin McPadden, President and CEO of The Hope Shot, and spoke regarding the history of the organization, advocating for Project 2.0, partnerships with other community organizations, an overview of The Bridge to Recovery Program, an overview of The Always Center, the benefits for the expansion of the project, the data collection system, and key funded positions and their importance to the program.

Mr. McPadden spoke during the discussion.

Discussion was held regarding the amount of people served; data tracking; the application process and requirements; the helpful partnership with Alliance for Healthy Communities; a case-by-case basis for an applicant's acceptance into the program especially pertaining to treatment; and connections to treatment centers in other counties and states.

The Committee approved to receive and file documents submitted by Mr. Nathan Cantie and Mr. Justin McPadden.

The item was for information only.

THE COMMITTEE RECESSED AT 10:02 A.M. AND RECONVENED AT 10:17 A.M. ALL MEMBERS WERE PRESENT.

Project 17 – Warrior Wellness Program: Prevention and Treatment for Veterans at Risk or with Substance Abuse Disorder

Mr. Chris Sowell, Executive Director for the Warrior Wellness Program, and Ms. Patty Fried, Director of Administration for the Warrior Wellness Program, used a PowerPoint presentation to review the item and spoke regarding Mr. Sowell's experience with addiction; the goals of the program; statistics on veterans in Pasco County with disabilities; an overview of veterans and substance abuse; the five day program with effective alternative treatment options; the different therapies provided; that there were veterans currently staffed; and the funding breakdown.

Discussion was held regarding the location of the program; ART certified staff members; the impressiveness of the program; Mr. Sowell's military experience and journey to find healing; veteran created art; services for significant others; the work with STEPS to Recovery and other organizations; the number of people currently served and would be served in the future; and the hopeful increase of people served through the funding.

Call to Order

Madam Chair Baracaldo called the meeting to order at 9:02 a.m.

Invocation and Pledge

Ms. Amanda Dobson, Records Clerk, gave the Invocation and led the Pledge of Allegiance to the Flag.

Welcome and Introductions

Madam Chair Baracaldo clarified funding allocations and spoke regarding that information would be sent out ahead of the August 12, 2024 meeting, that Captain Roach would need to step out of today's meeting briefly, she reminded the Committee about recusal forms, and noted that an email was received by Brianna's 2nd Chance challenging the ineligibility disqualification and whether or not the Committee wanted to consider them in the process going forward.

Discussion was held regarding if Brianna's 2nd Chance could provide evidence than it could be considered and that they would reach back out to the organization for more information.

Deputy Fire Chief Feichtner spoke regarding clarification on County based organizations and Sunbiz with the scoring procedures.

Madam Chair Baracaldo spoke regarding that County organizations receiving a free score for Sunbiz due to them being a larger organization that met the established requirements, that a one year established structure of an organization was required, that Sunbiz reports would be resent, and to reach out for any further questions or information so it could be shared with the rest of the Committee.

Discussion was held regarding Sunbiz scoring; the screening process for applicants; and that an organization needed to be established for at least a year to show stability within the organization.

Roll Call

Ms. Dobson called the roll. All members were present.

Public Comment

Public comment was not called.

New Business

1 Project Presentations

Projects 1 through 8 were heard at the July 22, 2024 Opioid Task Force meeting.

Project 9 – Marching Forward: Marching Forward Stomping Out Addiction

Ms. Estell Keshock, Director and Founder of Marching Forward Stomping Out Addiction, spoke regarding research from The Children's Hospital of Philadelphia on opioid poisoning, the power of education for awareness and prevention, the program targets, the focus on children, the egg analogy for teaching children, community involvement, goals for student outreach, data collection, to help targeted age groups, and the abatement process.

Discussion was held regarding the program's intervention curriculum; if there was tested evidence pertaining to the program; the Shedding Out Silence program; examples of helping families in need; the potential for partnerships with schools; and clarification on the proposed budget.

Captain Roach left the meeting at 9:17 a.m.

Discussion continued regarding services provided to support the homeless; tracking and follow-ups for homeless individuals; and if there was a partnership with the homeless coalition.

The Committee approved to receive and file documents submitted by Ms. Estell Keshock with Captain Roach absent from the vote.

The item was for information only.

Project 10 – Operation PAR: MAPS Pasco

Mr. Jim Miller, CEO of Operation PAR, spoke regarding the MAPS program, the Pasco County overdose rate in 2022, the gaps in treatment during non-traditional hours, services provided by the MAPS program, to offer all three FDA approved medications and mental health supports, the uniqueness of the project, a 5% increase in the individuals accessing MAPS services in the first year, the benefits of weekend services, positive preliminary results from other counties, and the proposed budget breakdown.

Captain Roach returned at 9:29 a.m.

Discussion was held regarding extended hours and accessibility for individuals; the increased number of individuals helped; the program's difference from the Pasco Fire Rescue and Sherif's Office; the current amount of people served; and that the service was only in west Pasco currently with the potential in east Pasco depending on need and licensing.

The item was for information only.

Project 11 – Pasco Kids First: Mobile Opioid/Substance Abuse and Child Abuse Prevention Project

Madam Chair Paula Baracaldo noted that the item would be heard at the August 12, 2024 meeting.

Project 12 – Premier Community HealthCare: Premier's Integrated Capital Expansion Project: Access to Care for Residents with OUD & Any Co-Occuring SUD/MH Conditions

Mr. Resnick abstained from the project discussion due to a conflict of interest.

Ms. Cheryl Pollock, Chief Advancement and Community Engagement Officer for Premier Community Healthcare introduced Mr. Aaron Brandt, Chief Financial Officer for Premier Community Healthcare, and Mr. Jesse Dang, Vice President of Operations for Premier Community Healthcare, used a PowerPoint presentation to review the item and spoke regarding the history and services of Premier Community Healthcare; continuous response to the growing demands in behavioral health; growth from last year's proposal; and the clinic renovation proposal.

Discussion was held regarding hiring staff; CDBG funding; services at the current Dade City clinic versus the new clinic; the location of the new clinic to surrounding care facilities; the response to the influx of community members; statistics on people served; the need for more space to meet demand; that the clinic would not be a residential facility; roll over services and the integrated model for patients; the need to provide more access to care; response to patients waiting for services; challenges with private

sector referrals; payment inability and fundraising; that the Baycare office provided mental health and addiction services; and the wait list for receiving services.

The item was for information only.

Project 13 – Corrections, Pasco County: Inmate Medical/Drug Treatment Resiliency Program

Madam Chair Baracaldo abstained from the project discussion due to a conflict of interest.

Ms. Stacey Jenkins, Chief Correctional Officer for Pasco County Corrections, used a PowerPoint presentation to review the item and spoke regarding the number of inmates processed in 2023 and the anticipation of increased inmate processing this year, the statistics regarding inmates being treated for substance abuse or mental health disorders, the breakdown of funds, a run down of inmate treatment and services, and an overview of the Treatment Supported Housing Unit services and staffing.

Discussion was held regarding hiring staff; the integration of currently provided services with the housing unit services; to keep to like-minded individuals who were focused on recovery within the housing unit; the increase of inmates enrolled into the Medical Assistance Program; the potential to expand Operation Payback; the start and stay time of inmates in the jail and the program; the goals of drug court with individuals; a positive mindset for inmates; the definition and job description of a Designated Focused Based Supervisor; and the eligibility and screening process for the program and drug court.

The item was for information only.

Project 14 – Recovery Epicenter Foundation: The Sanctuary Respite Center

Ms. Teresa Mancuso, Peer Respite Center Director for The Catcher's Mitt, and Ms. Lindsey Mckeown, Chief Operations Officers for Recovery Epicenter Foundation, spoke regarding an overview of the respite home program; the connection to services and the success rate; the number of participants in The Catcher's Mitt; a variety of referrals to the program; the need for short term stabilization; the success in Pinellas County; and peer levels.

Ms. Samantha Bookhammer, former resident of The Catchers Mitt, spoke during the discussion.

Discussion was held regarding peer level; the facility in Clearwater; the goal to expand to Pasco; the breakdown of hired staff; if a dedicated space in Pasco had been located; that the proposed funding would be used to secure housing in Pasco; clarification that the funds would be used to secure housing and staff; that the budget included renting

and utilities of a property; if there were challenges with securing a home site; the good neighbor policy; the size and location of the home; the daily rate of the program; eligibility into the program for lower income individuals; a case-by-case basis for stay time; the number of individuals served yearly; if there were other avenues to receive funding if needed; the support of Live Tampa Bay and Baycare; services provided to individuals from other counties; and Samantha's experience with addiction and help from The Catcher's Mitt.

The item was for information only.

Project 15 – Steps to Recovery: Pasco Community SAFE Recovery Center

Ms. Esther Valiente, Clinical Director for Steps to Recovery, and Ms. LeeAnn Cox, Fiscal Officer for Steps Recovery, used a PowerPoint presentation to review the item and spoke regarding the funding breakdown.

Discussion was held regarding collaboration with community partners; recovery courses follow ups for clients; the status of the Trouble Creek Project; the building purchase; and to provide services to veterans and non-veterans.

The item was for information only.

Project 16 – The Hope Shot: Continuum Project 2.0

Mr. Nathan Cantie, Vice President of The Hope Shot, introduced Mr. Justin McPadden, President and CEO of The Hope Shot, and spoke regarding the history of the organization, advocating for Project 2.0, partnerships with other community organizations, an overview of The Bridge to Recovery Program, an overview of The Always Center, the benefits for the expansion of the project, the data collection system, and key funded positions and their importance to the program.

Mr. McPadden spoke during the discussion.

Discussion was held regarding the amount of people served; data tracking; the application process and requirements; the helpful partnership with Alliance for Healthy Communities; a case-by-case basis for an applicant's acceptance into the program especially pertaining to treatment; and connections to treatment centers in other counties and states.

The Committee approved to receive and file documents submitted by Mr. Nathan Cantie and Mr. Justin McPadden.

The item was for information only.

THE COMMITTEE RECESSED AT 10:02 A.M. AND RECONVENED AT 10:17 A.M. ALL MEMBERS WERE PRESENT.

Project 17 – Warrior Wellness Program: Prevention and Treatment for Veterans at Risk or with Substance Abuse Disorder

Mr. Chris Sowell, Executive Director for the Warrior Wellness Program, and Ms. Patty Fried, Director of Administration for the Warrior Wellness Program, used a PowerPoint presentation to review the item and spoke regarding Mr. Sowell's experience with addiction; the goals of the program; statistics on veterans in Pasco County with disabilities; an overview of veterans and substance abuse; the five day program with effective alternative treatment options; the different therapies provided; that there were veterans currently staffed; and the funding breakdown.

Discussion was held regarding the location of the program; ART certified staff members; the impressiveness of the program; Mr. Sowell's military experience and journey to find healing; veteran created art; services for significant others; the work with STEPS to Recovery and other organizations; the number of people currently served and would be served in the future; and the hopeful increase of people served through the funding.

New Business

Madam Chair Baracaldo reviewed the recusal procedures.

1 Overview

Madam Chair Baracaldo used a PowerPoint presentation to review the item and spoke regarding the schedule, the recusal policy, and the scoring system.

Discussion was held regarding the presentations; project scoring; and voting.

The Committee approved to take the average vote score from all members, plug that in as a presentation score for all projects, and then get a total and final project score.

2 Grant Applicant Checklist

This item was not discussed.

3 Project Presentations

Madam Chair Baracaldo spoke regarding the presentation rules, process for the presenters, that there would be eight presentations today, and funding.

Project 1 - Premier's Integration Initiative: Access to Care for Pasco Residents with OUD & Any Co-Occuring SUD/MH Conditions

Mr. Aaron Brandt, Chief Financial Officer for Premier Community Healthcare, used a PowerPoint presentation and spoke regarding an overview of Premier and its integration initiative, patient visits, medical staffing, a behavioral health facility in Zephyrhills, new patient appointments, that this would act as an expansion for new and existing patients closer to Dade City, and patient insurance.

Discussion was held regarding the building; the distance from the Zephyrhills location; and the price and purpose for a recruiter.

This item was for information only.

Project 2 - Ace Opportunities Rise up 2025

Mr. Frank Seidl, Ace Opportunities, spoke regarding an overview of Ace Opportunities and its recovery program, the 2024 statistics, a recent survey, the proven outcomes of the program, and a breakdown of the requested funds.

Judge Crane spoke regarding a wedding with two Ace graduates that he had performed a ceremony for and that the money Ace was using was serving the public.

This item was for information only.

Project 3 - Alliance 3.0: Advancing the Mission

Mr. Rowand, Ms. Kaly, Captain Roach, and Ms. Chitakone abstained from the project discussion due to a conflict of interest.

Ms. Kellie Rodriguez, Executive Director of Alliance for Healthy Communities, introduced Ms. Missy Coyle, Coordinator for Alliance for Healthy Communities, and Ms. Maya Young, Alliance, and used a PowerPoint presentation to review the item. She spoke regarding the Always Center, an overview of year two with the OTF funding, the success of the year one funding, funding to support staffing and capacity, and that the OTF's support and year 3 funding would help sustain all of the program's efforts in Pasco County.

Discussion was held regarding plans for east Pasco and the community; ASAP; schooling; and partners.

This item was for information only.

Project 4 - Advancing Opiate Treatment and Recovery - East Pasco UrgentCare Center

Ms. Kaly and Deputy Chief Letona abstained from the project discussion due to a conflict of interest.

Ms. Erica Fritz, BayCare Behavioral Health, spoke regarding the expansion project, the amount of individuals served in the West Pasco Center, the success of the New Port Richey model, recognition for the BayCare Behavioral Health Urgent Care's innovation with State and National awards, access to care, that the funding would cover the initial startup costs for staffing and design needs, and the services that would be provided.

Discussion was held regarding the location and buildings in Dade City.

This item was for information only.

Project 5 - Pasco County Opioid Prevention Initiative

Ms. Mandy Taylor, Chief Operating Officer for Boys and Girls Clubs of Greater Tampa Bay, introduced Ms. Niki Evans, VP of Health and Wellness for Boys and Girls Clubs of Greater Tampa Bay, and used a PowerPoint presentation to review the item. They spoke regarding the prevention gap; the mission of Boys and Girls Clubs of Greater Tampa Bay; the partnership with Victory High School; trust with family and schools; and that the funding and resources would help bring this service to every middle school student in Pasco County.

Discussion was held regarding the funding for additional staff; the schools in the program; that they were working with the district; existing locations that provided the service; the evidence-based curriculum; model terms; partnerships; opioid-specific club locations; and the travel funds needed.

The item was for information only.

Project 6 - Victory High School

Ms. Tina Miller, Executive Director of Florida Recovery Schools of Tampa Bay and Principal of Victory High School, used a PowerPoint presentation to review the item and spoke regarding an overview of this year's graduates from Victory High School, goals of the school, student statistics, and success rates.

Discussion was held regarding the number of students; that they had an evidence-based program planned; that they would offer more mental health services; that they did not want to burn out their staff; and other outside grants and funding.

This item was for information only.

Project 7 - Unify Pasco Recovery Hub

Mr. Dan Dunmire, Help Us Help U, introduced Ms. Samantha Nettleton, Spring Gardens Recovery, and spoke regarding an overview of the two-faced project, that one would be for pregnant women who are addicted, that the other would be for the facility to provide services, the Spring Gardens Recovery Center, an experience with a client, the reason for the partnership with Help Us Help U, the two facility locations, and STI rates over the years.

Mr. Chirag Amin, CEO of Help Us Help U, spoke during the discussion.

Discussion was held regarding the facilities; the dental lab they could use to provide dental care; that they would be able to offer job services; the clientele for the dental practice; the anticipated amount of served individuals; that the other parts of the building were planned to be used for other primary care services; the relationship with Spring Gardens Recovery; that individuals were struggling with housing; the location of Spring Gardens Recovery's facilities; that they were not a non-profit organization; the whole body approach; whether the two projects could function independently; the total project value; housing in the facility; funding priority; that they would be able to do medical billing; and the duration of stay for mothers at the facility.

This item was for information only.

Project 8 - Partnerships for Pasco

Captain Roach abstained from the project discussion due to a conflict of interest.

Ms. Jennifer Webb, Live Tampa Bay, used a PowerPoint presentation to review the item and spoke regarding the three partnered projects and programs, that the projects acknowledged the stigma associated with addiction, overdose and recovery statistics, that they supported recovery by meeting individuals when and where they needed it, housing provided by the program, and that the OTF's investment would help sustain the program's success rates.

Discussion was held regarding the relation with other epicenters in the community; the existing partnerships; recovery housing; the main applicant for the funding; the total budget; the funding source for the epicenter; that they measured outcomes based on their data; training opportunities and navigation services they provided to partners; the amount of Pasco individuals served; the tracking system used; the amount of zip codes tracked in Pasco; law enforcement's involvement; and the Peer Respite Recovery Housing location.

The item was for information only.

Approval of Minutes

There was none.

Old Business

Madam Chair Baracaldo spoke regarding the start time for the July 22, 2025 Opioid Task Force meeting and her appreciation to the members and presenters.

Discussion was held regarding that an email would be sent to the presenters with the Agenda.

Committees Reports

There was none.

REGULAR MEETING
JULY 21, 2025

Office of Nikki Alvarez-Sowles, Esq., Clerk & Comptroller

Prepared by: Nevaeh Wilkes

Nevaeh Wilkes, Records Clerk I
Board Records Division

FORM 8B MEMORANDUM OF VOTING CONFLICT FOR COUNTY, MUNICIPAL, AND OTHER LOCAL PUBLIC OFFICERS

LAST NAME—FIRST NAME—MIDDLE NAME	NAME OF BOARD, COUNCIL, COMMISSION, AUTHORITY, OR COMMITTEE
Rowan Art	Opioid Task Force
MAILING ADDRESS Protection (Retired Life)	THE BOARD, COUNCIL, COMMISSION, AUTHORITY OR COMMITTEE ON WHICH I SERVE IS A UNIT OF: ☐ CITY ☑ COUNTY ☐ OTHER LOCAL AGENCY
CITY / COUNTY	NAME OF POLITICAL SUBDIVISION: Pasco County Board of County Commissioners
DATE ON WHICH VOTE OCCURRED 07/21/2025	MY POSITION IS: ☐ ELECTIVE ☑ APPOINTIVE

WHO MUST FILE FORM 8B

This form is for use by any person serving at the county, city, or other local level of government on an appointed or elected board, council, commission, authority, or committee. It applies to members of advisory and non-advisory bodies who are presented with a voting conflict of interest under Section 112.3143, Florida Statutes.

Your responsibilities under the law when faced with voting on a measure in which you have a conflict of interest will vary greatly depending on whether you hold an elective or appointive position. For this reason, please pay close attention to the instructions on this form before completing and filing the form.

INSTRUCTIONS FOR COMPLIANCE WITH SECTION 112.3143, FLORIDA STATUTES

A person holding elective or appointive county, municipal, or other local public office MUST ABSTAIN from voting on a measure which would inure to his or her special private gain or loss. Each elected or appointed local officer also MUST ABSTAIN from knowingly voting on a measure which would inure to the special gain or loss of a principal (other than a government agency) by whom he or she is retained (including the parent, subsidiary, or sibling organization of a principal by which he or she is retained); to the special private gain or loss of a relative; or to the special private gain or loss of a business associate. Commissioners of community redevelopment agencies (CRAs) under Sec. 163.356 or 163.357, F.S., and officers of independent special tax districts elected on a one-acre, one-vote basis are not prohibited from voting in that capacity.

For purposes of this law, a "relative" includes only the officer's father, mother, son, daughter, husband, wife, brother, sister, father-in-law, mother-in-law, son-in-law, and daughter-in-law. A "business associate" means any person or entity engaged in or carrying on a business enterprise with the officer as a partner, joint venturer, coowner of property, or corporate shareholder (where the shares of the corporation are not listed on any national or regional stock exchange).

* * * * * * * * * * * * * * * * *

ELECTED OFFICERS:

In addition to abstaining from voting in the situations described above, you must disclose the conflict:

PRIOR TO THE VOTE BEING TAKEN by publicly stating to the assembly the nature of your interest in the measure on which you are abstaining from voting; *and*

WITHIN 15 DAYS AFTER THE VOTE OCCURS by completing and filing this form with the person responsible for recording the minutes of the meeting, who should incorporate the form in the minutes.

* * * * * * * * * * * * * * * * *

APPOINTED OFFICERS:

Although you must abstain from voting in the situations described above, you are not prohibited by Section 112.3143 from otherwise participating in these matters. However, you must disclose the nature of the conflict before making any attempt to influence the decision, whether orally or in writing and whether made by you or at your direction.

IF YOU INTEND TO MAKE ANY ATTEMPT TO INFLUENCE THE DECISION PRIOR TO THE MEETING AT WHICH THE VOTE WILL BE TAKEN:

- You must complete and file this form (before making any attempt to influence the decision) with the person responsible for recording the minutes of the meeting, who will incorporate the form in the minutes. (Continued on page 2)

APPOINTED OFFICERS (continued)

- A copy of the form must be provided immediately to the other members of the agency.
- The form must be read publicly at the next meeting after the form is filed.

IF YOU MAKE NO ATTEMPT TO INFLUENCE THE DECISION EXCEPT BY DISCUSSION AT THE MEETING:

- You must disclose orally the nature of your conflict in the measure before participating.
- You must complete the form and file it within 15 days after the vote occurs with the person responsible for recording the minutes of the meeting, who must incorporate the form in the minutes. A copy of the form must be provided immediately to the other members of the agency, and the form must be read publicly at the next meeting after the form is filed.

DISCLOSURE OF LOCAL OFFICER'S INTEREST

I, Art Rowans, hereby disclose that on July 21, 20 25:

(a) A measure came or will come before my agency which (check one or more)

___ inured to my special private gain or loss;

___ inured to the special gain or loss of my business associate, _____;

___ inured to the special gain or loss of my relative, _____;

✓ inured to the special gain or loss of Alliance for Healthy Communities (AHC), by whom I am retained; or

___ inured to the special gain or loss of _____, which is the parent subsidiary, or sibling organization or subsidiary of a principal which has retained me.

(b) The measure before my agency and the nature of my conflicting interest in the measure is as follows:

Board Member of AHC.

If disclosure of specific information would violate confidentiality or privilege pursuant to law or rules governing attorneys, a public officer, who is also an attorney, may comply with the disclosure requirements of this section by disclosing the nature of the interest in such a way as to provide the public with notice of the conflict.

CE FORM 8B - EFF. 11/2013
Adopted by reference in Rule 34-7.010(1)(f), F.A.C.

FORM 8B MEMORANDUM OF VOTING CONFLICT FOR COUNTY, MUNICIPAL, AND OTHER LOCAL PUBLIC OFFICERS

LAST NAME—FIRST NAME—MIDDLE NAME	NAME OF BOARD, COUNCIL, COMMISSION, AUTHORITY, OR COMMITTEE
Chitalcone, Trang, Le	Opioid Task Force
MAILING ADDRESS 7509 State Road 52	THE BOARD, COUNCIL, COMMISSION, AUTHORITY OR COMMITTEE ON WHICH I SERVE IS A UNIT OF: ☐ CITY ☑ COUNTY ☐ OTHER LOCAL AGENCY
CITY / COUNTY Hudson FL Pasco	NAME OF POLITICAL SUBDIVISION: Pasco County Board of County Commissioners
DATE ON WHICH VOTE OCCURRED 07/21/2025	MY POSITION IS: ☐ ELECTIVE ☑ APPOINTIVE

WHO MUST FILE FORM 8B

This form is for use by any person serving at the county, city, or other local level of government on an appointed or elected board, council, commission, authority, or committee. It applies to members of advisory and non-advisory bodies who are presented with a voting conflict of interest under Section 112.3143, Florida Statutes.

Your responsibilities under the law when faced with voting on a measure in which you have a conflict of interest will vary greatly depending on whether you hold an elective or appointive position. For this reason, please pay close attention to the instructions on this form before completing and filing the form.

INSTRUCTIONS FOR COMPLIANCE WITH SECTION 112.3143, FLORIDA STATUTES

A person holding elective or appointive county, municipal, or other local public office MUST ABSTAIN from voting on a measure which would inure to his or her special private gain or loss. Each elected or appointed local officer also MUST ABSTAIN from knowingly voting on a measure which would inure to the special gain or loss of a principal (other than a government agency) by whom he or she is retained (including the parent, subsidiary, or sibling organization of a principal by which he or she is retained); to the special private gain or loss of a relative; or to the special private gain or loss of a business associate. Commissioners of community redevelopment agencies (CRAs) under Sec. 163.356 or 163.357, F.S., and officers of independent special tax districts elected on a one-acre, one-vote basis are not prohibited from voting in that capacity.

For purposes of this law, a "relative" includes only the officer's father, mother, son, daughter, husband, wife, brother, sister, father-in-law, mother-in-law, son-in-law, and daughter-in-law. A "business associate" means any person or entity engaged in or carrying on a business enterprise with the officer as a partner, joint venturer, coowner of property, or corporate shareholder (where the shares of the corporation are not listed on any national or regional stock exchange).

* * * * * * * * * * * * * * * * *

ELECTED OFFICERS:

In addition to abstaining from voting in the situations described above, you must disclose the conflict:

PRIOR TO THE VOTE BEING TAKEN by publicly stating to the assembly the nature of your interest in the measure on which you are abstaining from voting; *and*

WITHIN 15 DAYS AFTER THE VOTE OCCURS by completing and filing this form with the person responsible for recording the minutes of the meeting, who should incorporate the form in the minutes.

* * * * * * * * * * * * * * * * *

APPOINTED OFFICERS:

Although you must abstain from voting in the situations described above, you are not prohibited by Section 112.3143 from otherwise participating in these matters. However, you must disclose the nature of the conflict before making any attempt to influence the decision, whether orally or in writing and whether made by you or at your direction.

IF YOU INTEND TO MAKE ANY ATTEMPT TO INFLUENCE THE DECISION PRIOR TO THE MEETING AT WHICH THE VOTE WILL BE TAKEN:

- You must complete and file this form (before making any attempt to influence the decision) with the person responsible for recording the minutes of the meeting, who will incorporate the form in the minutes. (Continued on page 2)

APPOINTED OFFICERS (continued)

- A copy of the form must be provided immediately to the other members of the agency.
- The form must be read publicly at the next meeting after the form is filed.

IF YOU MAKE NO ATTEMPT TO INFLUENCE THE DECISION EXCEPT BY DISCUSSION AT THE MEETING:

- You must disclose orally the nature of your conflict in the measure before participating.
- You must complete the form and file it within 15 days after the vote occurs with the person responsible for recording the minutes of the meeting, who must incorporate the form in the minutes. A copy of the form must be provided immediately to the other members of the agency, and the form must be read publicly at the next meeting after the form is filed.

DISCLOSURE OF LOCAL OFFICER'S INTEREST

I, Trang Chitakone, hereby disclose that on July 21, 20 25:

(a) A measure came or will come before my agency which (check one or more)

___ inured to my special private gain or loss;

___ inured to the special gain or loss of my business associate, _____;

___ inured to the special gain or loss of my relative, _____;

✓ inured to the special gain or loss of Alliance for Healthy Communities, by whom I am retained; or Board member

___ inured to the special gain or loss of _____, which is the parent subsidiary, or sibling organization or subsidiary of a principal which has retained me.

(b) The measure before my agency and the nature of my conflicting interest in the measure is as follows:

If disclosure of specific information would violate confidentiality or privilege pursuant to law or rules governing attorneys, a public officer, who is also an attorney, may comply with the disclosure requirements of this section by disclosing the nature of the interest in such a way as to provide the public with notice of the conflict.

This form is for use by any person serving at the county, city, or other local level of government on an appointed or elected board, council, commission, authority, or committee. It applies to members of advisory and non-advisory bodies who are presented with a voting conflict of interest under Section 112.3143, Florida Statutes.

Your responsibilities under the law when faced with voting on a measure in which you have a conflict of interest will vary greatly depending on whether you hold an elective or appointive position. For this reason, please pay close attention to the instructions on this form before completing and filing the form.

INSTRUCTIONS FOR COMPLIANCE WITH SECTION 112.3143, FLORIDA STATUTES

A person holding elective or appointive county, municipal, or other local public office MUST ABSTAIN from voting on a measure which would inure to his or her special private gain or loss. Each elected or appointed local officer also MUST ABSTAIN from knowingly voting on a measure which would inure to the special gain or loss of a principal (other than a government agency) by whom he or she is retained (including the parent, subsidiary, or sibling organization of a principal by which he or she is retained); to the special private gain or loss of a relative; or to the special private gain or loss of a business associate. Commissioners of community redevelopment agencies (CRAs) under Sec. 163.356 or 163.357, F.S., and officers of independent special tax districts elected on a one-acre, one-vote basis are not prohibited from voting in that capacity.

For purposes of this law, a "relative" includes only the officer's father, mother, son, daughter, husband, wife, brother, sister, father-in-law, mother-in-law, son-in-law, and daughter-in-law. A "business associate" means any person or entity engaged in or carrying on a business enterprise with the officer as a partner, joint venturer, coowner of property, or corporate shareholder (where the shares of the corporation are not listed on any national or regional stock exchange).

* * * * * * * * * * * * * * * * *

ELECTED OFFICERS:

In addition to abstaining from voting in the situations described above, you must disclose the conflict:

PRIOR TO THE VOTE BEING TAKEN by publicly stating to the assembly the nature of your interest in the measure on which you are abstaining from voting; *and*

WITHIN 15 DAYS AFTER THE VOTE OCCURS by completing and filing this form with the person responsible for recording the minutes of the meeting, who should incorporate the form in the minutes.

* * * * * * * * * * * * * * * * *

APPOINTED OFFICERS:

Although you must abstain from voting in the situations described above, you are not prohibited by Section 112.3143 from otherwise participating in these matters. However, you must disclose the nature of the conflict before making any attempt to influence the decision, whether orally or in writing and whether made by you or at your direction.

IF YOU INTEND TO MAKE ANY ATTEMPT TO INFLUENCE THE DECISION PRIOR TO THE MEETING AT WHICH THE VOTE WILL BE TAKEN:

- You must complete and file this form (before making any attempt to influence the decision) with the person responsible for recording the minutes of the meeting, who will incorporate the form in the minutes. (Continued on page 2)

APPOINTED OFFICERS (continued)

- A copy of the form must be provided immediately to the other members of the agency.
- The form must be read publicly at the next meeting after the form is filed.

IF YOU MAKE NO ATTEMPT TO INFLUENCE THE DECISION EXCEPT BY DISCUSSION AT THE MEETING:

- You must disclose orally the nature of your conflict in the measure before participating.
- You must complete the form and file it within 15 days after the vote occurs with the person responsible for recording the minutes of the meeting, who must incorporate the form in the minutes. A copy of the form must be provided immediately to the other members of the agency, and the form must be read publicly at the next meeting after the form is filed.

DISCLOSURE OF LOCAL OFFICER'S INTEREST

I, TONI ROACH, hereby disclose that on July 22, 20 25 :

(a) A measure came or will come before my agency which (check one or more)

___ inured to my special private gain or loss;

___ inured to the special gain or loss of my business associate, _____ ;

↘ inured to the special gain or loss of my relative, KRISTINA SCHERER ;

___ inured to the special gain or loss of _____, by whom I am retained; or

___ inured to the special gain or loss of _____, which is the parent subsidiary, or sibling organization or subsidiary of a principal which has retained me.

(b) The measure before my agency and the nature of my conflicting interest in the measure is as follows:

MY SISTER IS EMPLOYED BY ALLIANCE FOR HEALTHY COMMUNITIES

If disclosure of specific information would violate confidentiality or privilege pursuant to law or rules governing attorneys, a public officer, who is also an attorney, may comply with the disclosure requirements of this section by disclosing the nature of the interest in such a way as to provide the public with notice of the conflict.

7/28/25

Category	Subcategory	Score	Description
Budgetary Information	Well-Defined Budget Proposal	5	Budget is comprehensive, detailed, and aligns with project goals. All expenses are justified.
		4	Budget is clear with only minor details missing; most expenses are well justified.
		3	Budget is included but lacks details on some key expenses or allocations.
		2	Budget is vague or missing significant details; justification is weak.
		1	Budget is incomplete or unrealistic.
	Financial Sustainability	5	Strong sustainability plan with clear long-term funding strategy.
		4	Financial sustainability is well-planned, with minor areas needing improvement.
		3	Some sustainability planning exists, but gaps remain in funding strategy.
		2	Sustainability plan is unclear or does not extend beyond initial funding.
		1	No sustainability plan provided.
Project Plan	Clear and Actionable Objectives	5	Objectives are well-defined, measurable, and achievable within the project scope.
		4	Objectives are clear but may need slight refinement for full measurability.
		3	Objectives are somewhat clear but lack strong measurability or focus.
		2	Objectives are vague or difficult to measure.
		1	No clear objectives presented.
	Completeness of Project Submittal	5	Proposal is thorough, includes all required documents, and meets submission standards.
		4	Submission is complete with only minor missing elements.
		3	Submission is mostly complete but missing key details.
		2	Submission is incomplete or lacks significant required documents.
		1	Proposal is substantially incomplete or unorganized.
	Overall Quality & Level of Professionalism	5	Proposal is highly polished, well-structured, and professionally presented.
		4	Proposal is well-written with minor formatting or clarity issues.
		3	Proposal is clear but lacks professional formatting or polish.
		2	Proposal is difficult to read, with major formatting or clarity issues.
		1	Proposal is unprofessional, disorganized, or poorly presented.
	Key Performance Indicators (KPIs)	5	KPIs are specific, measurable, and aligned with project outcomes.
		4	KPIs are mostly clear but could be more specific.
		3	KPIs are somewhat relevant but lack specificity.
		2	KPIs are vague or weakly tied to project goals.
		1	No KPIs provided.
	Clearly Defined Expected Community Outcomes	5	Outcomes are well-defined, measurable, and clearly aligned with community impact.
		4	Outcomes are mostly clear with minor refinements needed.
		3	Outcomes are present but not fully measurable or clearly defined.
		2	Outcomes are vague or not clearly linked to community impact.
		1	No defined outcomes provided.
	Qualified & Experienced Personnel	5	Team has extensive relevant experience, with strong qualifications.
		4	Team has solid experience, but some members may lack extensive qualifications.
		3	Team has relevant experience, but with gaps in expertise.
		2	Team has minimal experience or lacks necessary qualifications.
		1	No relevant experience demonstrated.
	Detailed Personnel Duties & Responsibilities	5	Roles and responsibilities are well-defined and clearly assigned.
		4	Roles are mostly clear, with minor areas needing clarification.
		3	Some roles are defined, but responsibilities are not well-distributed.
		2	Roles are vague or not clearly assigned.
		1	No roles or responsibilities are defined.
Timeline	Realistic Project Implementation Timeline	5	Timeline is detailed, feasible, and aligns with project deliverables.
		4	Timeline is mostly feasible with minor areas needing clarification.
		3	Timeline is present but lacks detail or clear milestones.
		2	Timeline is unrealistic or missing key deadlines.
		1	No timeline provided or unrealistic schedule.
Presentation	Ability to Answer Questions	5	Presenter confidently answers all questions with detailed and relevant responses.
		4	Presenter answers most questions well but lacks depth on a few points.
		3	Presenter answers some questions adequately but struggles with details.
		2	Presenter struggles to answer key questions or lacks confidence.
		1	Presenter is unprepared or unable to answer questions effectively.

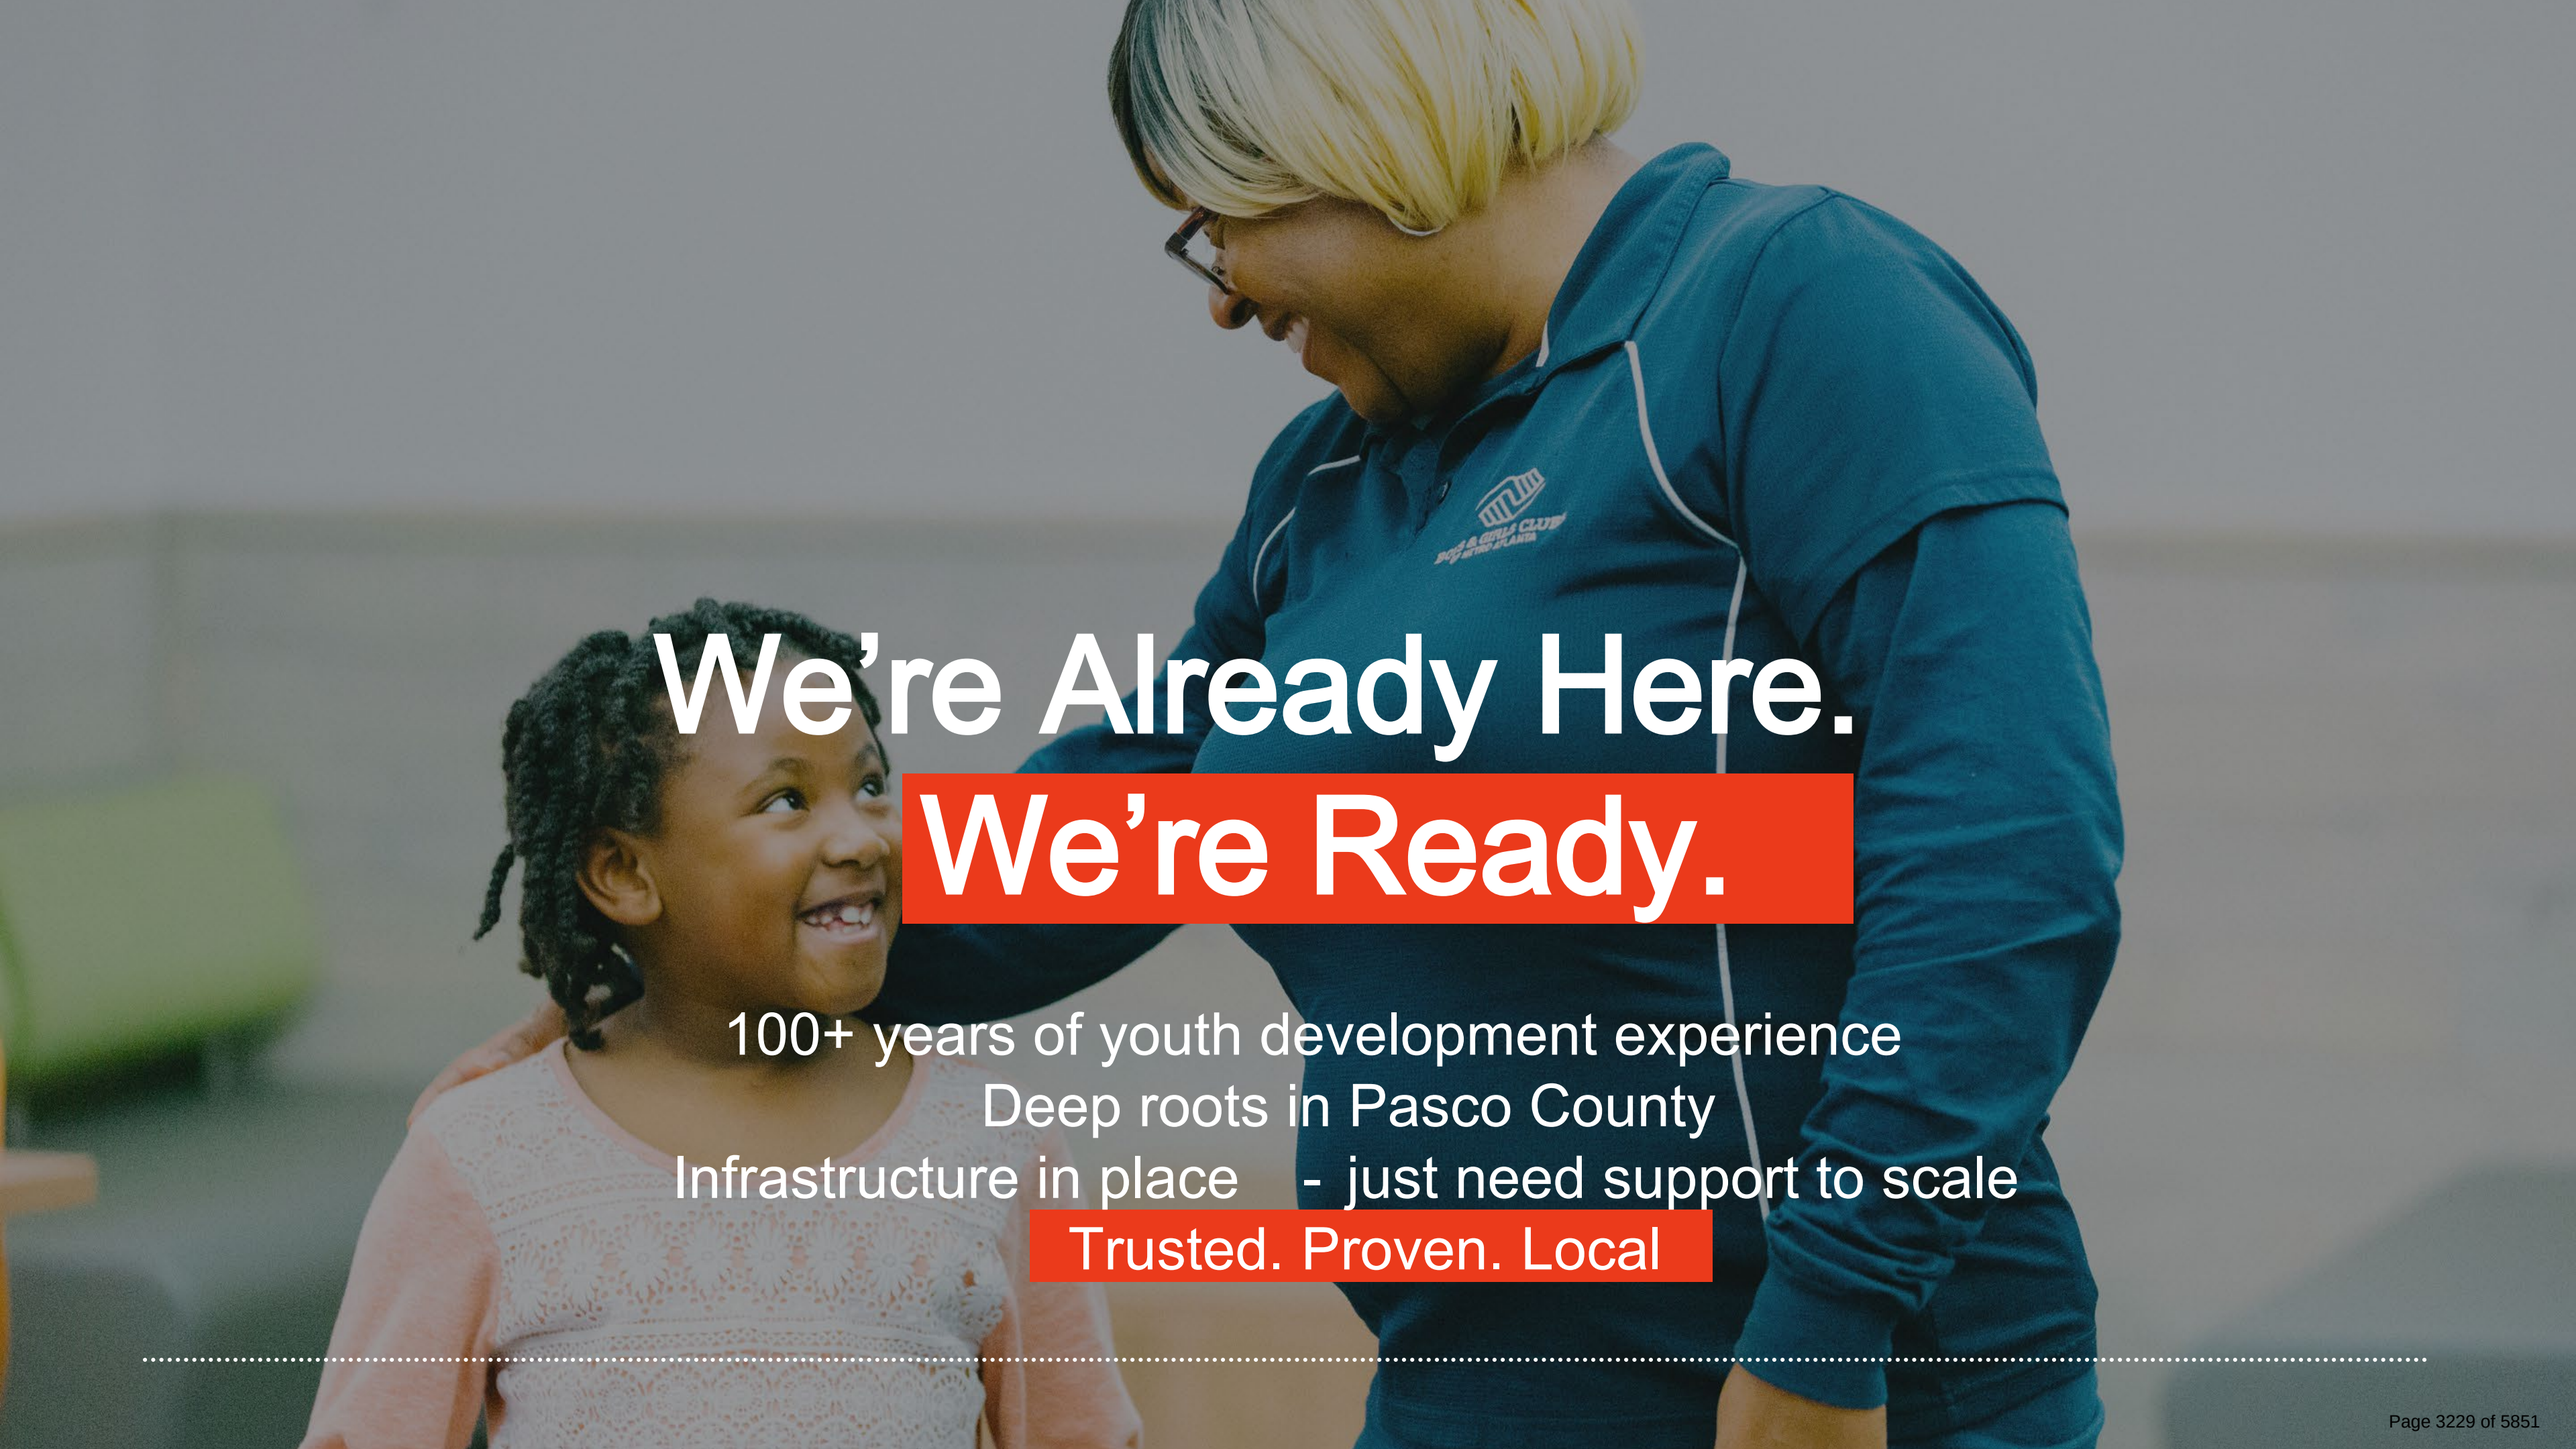
Opioid Prevention in Pasco County

What if we could stop the next wave of the opioid crisis — before it starts?
Prevention isn't just offering hope. It's a plan.

Average age of first drug misuse:

13 years old



- Addiction begins with exposure and risk-taking in middle school.
- Most prevention starts too late.

What we teach, they carry for life.

- Updated and trusted knowledge
- Emotional resilience and healthy coping skills
- Decision - making
- Mentorship from trusted adults and peers

We’re Already Here.

We’re Ready.

100+ years of youth development experience

Deep roots in Pasco County

Infrastructure in place - just need support to scale

Trusted. Proven. Local

BOYS & GIRLS CLUBS
OF GREATER TAMPA BAY
Let's Change
the Trajectory
— Together
Let's bring prevention to every middle schooler in Pasco County — before it's too late.

VICTORY HIGH SCHOOL

WE DO RECOVER!

Tina Miller, BA
Founder and Executive Director
www.frsoftb.com

Florida Recovery Schools of Tampa Bay

Our primary goal is to save young people's lives!

Our secondary goals:
improve school attendance
reduce dropout rates
increase graduation rates
reduce relapse
improve mental health
reduce cost to society
improve emotional wellness and self-regulation.

82% of students who attended a recovery high school graduated, compared to 57% of their peers who attended a regular high school.

SOURCE: Berny, Lauren-doctoral candidate in Prevention Science, March 2024

- Males and Females ages 14-19
- Safe, positive and nurturing therapeutic environment for youth in recovery from substance use disorders or co-occurring disorders
- Multiple pathways to recovery supported
- Accountability through weekly and random drug tests
- Small class sizes
- Maximum number of youth to attend each school is 25

We are victorious!

MARCHING FORWARD

To Stomp Out Addiction

RECOVERY EPICENTER

RE

FOUNDATION

July 21, 2025

PROBLEM

1. Overdose and overdose deaths are declining, but we are still far from pre-pandemic levels.

2. Deaths continue to cluster in specific zip codes.

3. Stigma remains one of the top 3 reasons why individuals do not reach out for help.

4. There are a dearth of family support programs.

4. The number of certified recovery peer specialists remains inadequate to meet the need for recovery support services.

5. Recovery peers burn out and have recurrence to substance use at a higher rate than their behavioral health tech colleagues and than their non-peer-employed, newly sober counterparts.

AGENDA

1. Welcome and Call to Order- Jennifer Webb
2. The impact of the Opioid Crisis- Jennifer Webb
3. LTB's Life Saving Intervention- Sean Daniels
4. Strategic Priorities Reviewed- Jennifer Webb
5. Presentation of Findings from Pilot Programs- Drs. Gerhardt & Kosyluk
6. Adjourn - Jennifer Webb

LIVE TAMPA BAY
PRESENTED BY THE TAMPA BAY PARTNERSHIP

SOLUTION

1. Certified Recovery Peer-based Outreach
2. 24x7 Transportation and Respite Recovery Housing
3. Peer Workforce Development
4. Communities and Public Health Anti-stigma Campaign
5. Hospital BriDGE Expansion
6. Ongoing coordination w/ Law Enforcement and Fire/Rescue

Numbers Served: 6,401

Peer Based Outreach/Respite Housing and B2R

3,600 Narcan distributed
1,920 Recovery kits distributed
1,500 Individuals engaged w peers
750 Individuals connected to care
400 Individuals served by Outfield
350 Individuals matriculate to HLOC
275 Uberhealth Rides
41 LEO/F-R TA/MI and other Trainings

Peer Workforce/BRIDGE Expansion

450 Biweekly attendees of trainings
18 Peers recruited to cert. program
15 Peers complete classes/500-hours
15 Attendees to each biweekly training
14 Peers employed within 12-months
12 Retained from previous year's cohort
3-5 Areas of CoC of peer employment

12 Bi-monthly Director's Meeting
2 Bi-annual Hospital Exec's Meeting

Numbers Served

Community-based Public Health Campaign

150 Stories Recorded by Recovery-based Interviews

120 Business, Faith, and Community Organizations Engaged

120 Community Leaders Engaged

100 One-boxes distributed to organizations with trainings

50 Families served by Marching Forward

IMPACT

1. 27% reduction of overdose in high overdose areas.
2. 35% increase in connection to care in high overdose areas
3. 87.5% of CM participants will successfully matriculate.
4. 31.5% reduction in community-based stigma
5. Increased retention of certified recovery peers.
6. Improved outcomes for Hopsital BriDGE patients.

KEY PERFORMANCE INDICATORS

1. 27% reduction of overdose in high overdose areas.
2. 35% increase in connection to care in high overdose areas
3. 87.5% of Catcher's Mitt participants will successfully matriculate.
4. 31.5% reduction in community based stigma
5. Increase in retention of certified recovery peer staff.
6. Improved outcomes for Hopsital BriDGE patients.

1 Project Presentations - Continued

The item was for information only.

Approval of Minutes

There was none.

Old Business

Madam Chair Baracaldo spoke regarding the July 28, 2025 Opioid Task Force meeting, that checklists would be sent out to the Committee along with other important information, the submitted letter, the spreadsheet, and reminded the Committee members to re-review those projects.

The Committee approved to receive and file for a response that was received on July 21, 2025 following the presentations from Ms. Jennifer Webb with Live Tampa Bay.

Discussion was held regarding the scoring process.

Mr. Brewer spoke regarding drug court and individuals moving from the east side to the west side, that when someone was seeking recovery that window might be small, and that getting them to a place as quickly as possible had been important.

Judge Crane spoke regarding transitional housing, looking long term, positive feedback, drug court, monitoring individuals, that he had closed down parts of businesses in Pasco, a holistic approach to individuals, that it was important to have a recovery unit in jail, the concern of overdosing, educating people, that those timeframes were critical, and the desire to promote that relationship with the jail.

Committees Reports

There was none.

Adjournment

Deputy Chief Letona left the meeting at 10:09 a.m. and returned at 10:15 a.m.

The meeting adjourned at 10:32 a.m.

1 Project Presentations - Continued

Madam Chair Baracaldo spoke regarding the presentation rules and process for the presenters and that there would be eight presentations today.

Projects 1 through 8 were heard at the July 21, 2025 Opioid Task Force meeting.

Project 9 - Pasco Recovery and Stabilization Network (Serving Veterans & Community Members Impacted by Opioids

Ms. Patti Templeton, Executive Director for One Community Now, and Ms. Jessica McIlveen, Assistant Director for One Community Now, used a PowerPoint Presentation to review the item and spoke regarding their implementation plan, a new recovery and resource hub in Zephyrhills, qualified personnel on their team, the amount administered in housing programs in Pasco, sustainability in sources of funding, a story regarding a client they had helped, that they had chief centers on the west side, and that they were ready to expand to the east side.

Discussion was held regarding the Veterans Stand Down Event; the Veteran's Support Center; that they focused on mental health; benefits for veterans; possible locations on the east side; that they wanted to start three days a week; the civilian population; the partnership with Silver Solutions; their experience with case management; volunteers and peer support; that they used attorneys to resolve legal issues; the recovery hub in the jail; recovery housing; security deposits; their work with the Hope Shot; that they had six apartment units; that the Sherrif's Office was successful in utilizing One Community Now; that another organization had already committed to a grant; and funding.

The item was for information only.

Project 10 - MAPS Pasco Mobile SUD Treatment

Mr. Jim Miller, CEO of Operation PAR, used a PowerPoint presentation to review the item and spoke regarding the Pasco Medication Assisted Patient Services Program, the impact of consistent community-based care, that the three high-impact areas their proposal focused on could be funded independently, the new Mobile Medication Assisted Treatment unit, new patient capacity, the expanded psychiatric care with therapy, that last year's investment in on-site psychiatric care was impactful, weekend MAPS services, funding, that they requested their application to be considered in full, that their approach was informed by trends and data, and appreciation for the Committee's time.

Discussion was held regarding the three proposals requested to be funded; the Pasco location; that they would drive out to east Pasco daily; that they had one in Hernando about to launch; the contract with DCF; staffing; the weekend project; that they had difficulty in finding a Nurse Practitioner; telehealth intakes; licensing; vehicles in other Counties; medication dosing; and funding from year 2.

The item was for information only.

Project 11 - Inmate Medical / Drug Treatment Resiliency Program

Madam Chair Baracaldo and Mr. Chalmers abstained from the project discussion due to a conflict of interest.

Chief Stacey Jenkins, Chief Correctional Officer for Pasco County, introduced Ms. Sarah Roos, Inmate Treatment Councilor for Pasco County, and Ms. Kathlen Graves, Inmate Treatment Councilor for Pasco County, and used a PowerPoint Presentation to review the item. They spoke regarding last year's funding and the current request for funding.

Discussion was held regarding the Task Force program; that the counselors had an eight-week program; graduates; counselor staffing; the measurables; their engagement with drug court; housing units; that it was only addressing the male population; that they wanted to expand the services; limitations; the amount of beds; and the purpose of funding.

The item was for information only.

Project 12 - Pasco Thrive - A Joint Collaboration with Pasco County Fire Rescue Mobile Integrated Health and Pasco County Human Services

Madam Chair Baracaldo, Mr. Chalmers, and Ms. Chitakone abstained from the project discussion due to a conflict of interest.

Mr. Eric Munroe, Pasco County Fire Rescue Mobile Integrated Health Team, reviewed the item and spoke regarding success with the Committee's investment, the community served, Pasco Thrive, that addiction was rarely an isolated issue, long term support, momentum, funding to retain their MIH team, that they wanted to bring on new human service case managers, overdose rates, and their appreciation to the Committee.

Discussion was held regarding the Pasco Thrive name; previous projects from the team; community based inductions; when they could begin; licensing; that the vehicles and team were ready; that they would split the west side of the County into two parcels due to demand; their nurse practitioner; the social navigator; credit for the overdose reduction; the amount of individuals served; the access to care; that DOH originally funded the core; and that it was nice to see the progress made.

The item was for information only.

Project 13 - Opioid / Substance and Child Abuse Prevention Project

Ms. Jessica Smalley, Outreach and Education Manager for Pasco Kids First, reviewed the item and spoke regarding the launch of their Mobile Outreach and Education Program, the individuals served, their Healthy Families program, their mass media campaign, a trailer, outcome tracking, partnerships, that they were pursuing strategies to ensure post-year 3 services, that they were addressing root causes at all ages, and their excitement to continue their work in year 3.

Discussion was held regarding the amount served in a year; that they also did training in businesses; in-home services; their media outlets; the amount served through direct services in year 3; last year's request; that they had just finished their extension; year 1 and year 2 funding; that education had been key; that they were providing families with tangible items; their partnership with Fire and Rescue; services on the east side of the County; a youth focused workshop an educator had done; the percentage of cases that involved drugs; the metrics tracked; and their referrals.

The item was for information only.

Project 14 – The Bridge to Recovery

Mr. Justin McPadden, Chief Executive Officer of the Hope Shot, and Mr. Nathan Cantie, Director of Peer Support of the Hope Shot, used a PowerPoint presentation to review the item and spoke regarding the funding that was requested; that this was a re-entry program; the gaps in treatment after an individual was discharged; that they strived to focus on under-resourced areas; long term qualities that were needed; the recovery care management system they used; survey results; that they had hit capacity; their partnerships; and the resources they offered.

Discussion was held regarding their plans for the future; that their goal was to create value; that they had diversified funding streams; the Hope Shot's assistance with the ambassador program in drug court; the groups and individuals helped; the collection in the provided letters; an experience with someone they had helped; the space that was available in the Always Center; the survey results; that they wanted to have more social activities; the Hope Shot Office; the coaching sessions; events pre-COVID; the prom event they had; that WestCare had a celebration for their Alumni; the wave wall; appreciation to the applicants; housing and relocation; that they used technology to advance their programs; open cases; resources for new applicants; that the Tampa RCON had asked for funding for that system as well; the responses from the administrative side of the house; HMIS training; that individuals had a sense of urgency; and that they could send a weekly report to the Committee.

The Committee approved to receive and file documents submitted by Mr. McPadden and Mr. Cantie.

The item was for information only.

Project 15 – Vincent House Recovery Through Work

Captain Roach abstained from the project discussion due to a conflict of interest.

Ms. Karis Kaeser, Vincent House, reviewed the item and introduced Ms. Lynn Nagel. They spoke regarding that they were known as a clubhouse; that they were evidence-based; licensing; that they were credited by Clubhouse International; individuals in a traditional substance use treatment continuum; their members; the successes with recovery; the work order day; exercises; and the teamwork involved.

Discussion was held regarding Ms. Nagel's schooling; congratulations on Ms. Nagel's progress; the number of active members with substance use disorders; their referrals; and their partnerships.

The item was for information only.

Project 16 - Prevention and Treatment for Warriors at Risk or with Substance Abuse

Mr. Chris Sowell, Executive Director of Warrior Wellness, used a PowerPoint presentation to review the item and spoke regarding his story, Pasco veterans that were dealing with trauma and substance use, their trauma informed services, that they offered an accelerated resolution therapy, those that were not connected to the VA, the team, the funding, and appreciation to the Committee for their investment.

Ms. Patty Fried, Director of Administration for Warrior Wellness, spoke during the discussion.

Discussion was held regarding the lawsuit mentioned in the subrecipient review; the KPI's; a veteran that had relapsed; that they had done significant outreach with this year's funding; day-to-day activities they offered; that their focus remained on the veteran and active-duty military; staff training; the alternatives they offered; Mr. Sowell's experience; and the partial award option from the Committee.

The item was for information only.

Approval of Minutes

There was none.

Old Business

Madam Chair Baracaldo spoke regarding the July 28, 2025 Opioid Task Force meeting, that checklists would be sent out to the Committee along with other important information, the submitted letter, the spreadsheet, and reminded the Committee members to re-review those projects.

DATE ON WHICH VOTE OCCURRED 07/22/2025	MY POSITION IS: ☐ ELECTIVE ☑ APPOINTIVE

WHO MUST FILE FORM 8B

This form is for use by any person serving at the county, city, or other local level of government on an appointed or elected board, council, commission, authority, or committee. It applies to members of advisory and non-advisory bodies who are presented with a voting conflict of interest under Section 112.3143, Florida Statutes.

Your responsibilities under the law when faced with voting on a measure in which you have a conflict of interest will vary greatly depending on whether you hold an elective or appointive position. For this reason, please pay close attention to the instructions on this form before completing and filing the form.

INSTRUCTIONS FOR COMPLIANCE WITH SECTION 112.3143, FLORIDA STATUTES

A person holding elective or appointive county, municipal, or other local public office MUST ABSTAIN from voting on a measure which would inure to his or her special private gain or loss. Each elected or appointed local officer also MUST ABSTAIN from knowingly voting on a measure which would inure to the special gain or loss of a principal (other than a government agency) by whom he or she is retained (including the parent, subsidiary, or sibling organization of a principal by which he or she is retained); to the special private gain or loss of a relative; or to the special private gain or loss of a business associate. Commissioners of community redevelopment agencies (CRAs) under Sec. 163.356 or 163.357, F.S., and officers of independent special tax districts elected on a one-acre, one-vote basis are not prohibited from voting in that capacity.

For purposes of this law, a "relative" includes only the officer's father, mother, son, daughter, husband, wife, brother, sister, father-in-law, mother-in-law, son-in-law, and daughter-in-law. A "business associate" means any person or entity engaged in or carrying on a business enterprise with the officer as a partner, joint venturer, coowner of property, or corporate shareholder (where the shares of the corporation are not listed on any national or regional stock exchange).

* * * * * * * * * * * * * * * * *

ELECTED OFFICERS:

In addition to abstaining from voting in the situations described above, you must disclose the conflict:

PRIOR TO THE VOTE BEING TAKEN by publicly stating to the assembly the nature of your interest in the measure on which you are abstaining from voting; *and*

WITHIN 15 DAYS AFTER THE VOTE OCCURS by completing and filing this form with the person responsible for recording the minutes of the meeting, who should incorporate the form in the minutes.

* * * * * * * * * * * * * * * * *

APPOINTED OFFICERS:

Although you must abstain from voting in the situations described above, you are not prohibited by Section 112.3143 from otherwise participating in these matters. However, you must disclose the nature of the conflict before making any attempt to influence the decision, whether orally or in writing and whether made by you or at your direction.

IF YOU INTEND TO MAKE ANY ATTEMPT TO INFLUENCE THE DECISION PRIOR TO THE MEETING AT WHICH THE VOTE WILL BE TAKEN:

- You must complete and file this form (before making any attempt to influence the decision) with the person responsible for recording the minutes of the meeting, who will incorporate the form in the minutes. (Continued on page 2)

APPOINTED OFFICERS (continued)

- A copy of the form must be provided immediately to the other members of the agency.
- The form must be read publicly at the next meeting after the form is filed.

IF YOU MAKE NO ATTEMPT TO INFLUENCE THE DECISION EXCEPT BY DISCUSSION AT THE MEETING:

- You must disclose orally the nature of your conflict in the measure before participating.
- You must complete the form and file it within 15 days after the vote occurs with the person responsible for recording the minutes of the meeting, who must incorporate the form in the minutes. A copy of the form must be provided immediately to the other members of the agency, and the form must be read publicly at the next meeting after the form is filed.

DISCLOSURE OF LOCAL OFFICER'S INTEREST

I, Robert J Clement, hereby disclose that on July 22, 20 25 :

(a) A measure came or will come before my agency which (check one or more)

✓ inured to my special private gain or loss;

___ inured to the special gain or loss of my business associate, _____ ;

___ inured to the special gain or loss of my relative, _____ ;

___ inured to the special gain or loss of _____, by whom I am retained; or

___ inured to the special gain or loss of _____, which is the parent subsidiary, or sibling organization or subsidiary of a principal which has retained me.

(b) The measure before my agency and the nature of my conflicting interest in the measure is as follows:

Pasco County Commissioner

If disclosure of specific information would violate confidentiality or privilege pursuant to law or rules governing attorneys, a public officer, who is also an attorney, may comply with the disclosure requirements of this section by disclosing the nature of the interest in such a way as to provide the public with notice of the conflict.

WHO MUST FILE FORM 8B

This form is for use by any person serving at the county, city, or other local level of government on an appointed or elected board, council, commission, authority, or committee. It applies to members of advisory and non-advisory bodies who are presented with a voting conflict of interest under Section 112.3143, Florida Statutes.

Your responsibilities under the law when faced with voting on a measure in which you have a conflict of interest will vary greatly depending on whether you hold an elective or appointive position. For this reason, please pay close attention to the instructions on this form before completing and filing the form.

INSTRUCTIONS FOR COMPLIANCE WITH SECTION 112.3143, FLORIDA STATUTES

A person holding elective or appointive county, municipal, or other local public office MUST ABSTAIN from voting on a measure which would inure to his or her special private gain or loss. Each elected or appointed local officer also MUST ABSTAIN from knowingly voting on a measure which would inure to the special gain or loss of a principal (other than a government agency) by whom he or she is retained (including the parent, subsidiary, or sibling organization of a principal by which he or she is retained); to the special private gain or loss of a relative; or to the special private gain or loss of a business associate. Commissioners of community redevelopment agencies (CRAs) under Sec. 163.356 or 163.357, F.S., and officers of independent special tax districts elected on a one-acre, one-vote basis are not prohibited from voting in that capacity.

For purposes of this law, a "relative" includes only the officer's father, mother, son, daughter, husband, wife, brother, sister, father-in-law, mother-in-law, son-in-law, and daughter-in-law. A "business associate" means any person or entity engaged in or carrying on a business enterprise with the officer as a partner, joint venturer, coowner of property, or corporate shareholder (where the shares of the corporation are not listed on any national or regional stock exchange).

* * * * * * * * * * * * * * * * *

ELECTED OFFICERS:

In addition to abstaining from voting in the situations described above, you must disclose the conflict:

PRIOR TO THE VOTE BEING TAKEN by publicly stating to the assembly the nature of your interest in the measure on which you are abstaining from voting; *and*

WITHIN 15 DAYS AFTER THE VOTE OCCURS by completing and filing this form with the person responsible for recording the minutes of the meeting, who should incorporate the form in the minutes.

* * * * * * * * * * * * * * * * *

APPOINTED OFFICERS:

Although you must abstain from voting in the situations described above, you are not prohibited by Section 112.3143 from otherwise participating in these matters. However, you must disclose the nature of the conflict before making any attempt to influence the decision, whether orally or in writing and whether made by you or at your direction.

IF YOU INTEND TO MAKE ANY ATTEMPT TO INFLUENCE THE DECISION PRIOR TO THE MEETING AT WHICH THE VOTE WILL BE TAKEN:

- You must complete and file this form (before making any attempt to influence the decision) with the person responsible for recording the minutes of the meeting, who will incorporate the form in the minutes. (Continued on page 2)

APPOINTED OFFICERS (continued)

- A copy of the form must be provided immediately to the other members of the agency.
- The form must be read publicly at the next meeting after the form is filed.

IF YOU MAKE NO ATTEMPT TO INFLUENCE THE DECISION EXCEPT BY DISCUSSION AT THE MEETING:

- You must disclose orally the nature of your conflict in the measure before participating.
- You must complete the form and file it within 15 days after the vote occurs with the person responsible for recording the minutes of the meeting, who must incorporate the form in the minutes. A copy of the form must be provided immediately to the other members of the agency, and the form must be read publicly at the next meeting after the form is filed.

DISCLOSURE OF LOCAL OFFICER'S INTEREST

I, TONI ROACH, hereby disclose that on July 22, 20 25 :

(a) A measure came or will come before my agency which (check one or more)

___ inured to my special private gain or loss;

___ inured to the special gain or loss of my business associate, _____ ;

↘ inured to the special gain or loss of my relative, THE HOPE SHOT ;

___ inured to the special gain or loss of _____, by whom I am retained; or

___ inured to the special gain or loss of _____, which is the parent subsidiary, or sibling organization or subsidiary of a principal which has retained me.

(b) The measure before my agency and the nature of my conflicting interest in the measure is as follows:

SISTER WORKS OUT OF ALL WAYS CENTER

If disclosure of specific information would violate confidentiality or privilege pursuant to law or rules governing attorneys, a public officer, who is also an attorney, may comply with the disclosure requirements of this section by disclosing the nature of the interest in such a way as to provide the public with notice of the conflict.

NOTICE: UNDER PROVISIONS OF FLORIDA STATUTES §112.317, A FAILURE TO MAKE ANY REQUIRED DISCLOSURE CONSTITUTES GROUNDS FOR AND MAY BE PUNISHED BY ONE OR MORE OF THE FOLLOWING: IMPEACHMENT, REMOVAL OR SUSPENSION FROM OFFICE OR EMPLOYMENT, DEMOTION, REDUCTION IN SALARY, REPRIMAND, OR A CIVIL PENALTY NOT TO EXCEED $10,000.

FORM 8B MEMORANDUM OF VOTING CONFLICT FOR COUNTY, MUNICIPAL, AND OTHER LOCAL PUBLIC OFFICERS

LAST NAME—FIRST NAME—MIDDLE NAME	NAME OF BOARD, COUNCIL, COMMISSION, AUTHORITY, OR COMMITTEE
ROACH TONI	Opioid Task Force
MAILING ADDRESS 8961 CITIZENS DR	THE BOARD, COUNCIL, COMMISSION, AUTHORITY OR COMMITTEE ON WHICH I SERVE IS A UNIT OF: ☐ CITY ☑ COUNTY ☐ OTHER LOCAL AGENCY
CITY NPR COUNTY PASCO	NAME OF POLITICAL SUBDIVISION: Pasco County Board of County Commissioners
DATE ON WHICH VOTE OCCURRED 07/22/2025	MY POSITION IS: ☐ ELECTIVE ☑ APPOINTIVE

WHO MUST FILE FORM 8B

This form is for use by any person serving at the county, city, or other local level of government on an appointed or elected board, council, commission, authority, or committee. It applies to members of advisory and non-advisory bodies who are presented with a voting conflict of interest under Section 112.3143, Florida Statutes.

Your responsibilities under the law when faced with voting on a measure in which you have a conflict of interest will vary greatly depending on whether you hold an elective or appointive position. For this reason, please pay close attention to the instructions on this form before completing and filing the form.

INSTRUCTIONS FOR COMPLIANCE WITH SECTION 112.3143, FLORIDA STATUTES

A person holding elective or appointive county, municipal, or other local public office MUST ABSTAIN from voting on a measure which would inure to his or her special private gain or loss. Each elected or appointed local officer also MUST ABSTAIN from knowingly voting on a measure which would inure to the special gain or loss of a principal (other than a government agency) by whom he or she is retained (including the parent, subsidiary, or sibling organization of a principal by which he or she is retained); to the special private gain or loss of a relative; or to the special private gain or loss of a business associate. Commissioners of community redevelopment agencies (CRAs) under Sec. 163.356 or 163.357, F.S., and officers of independent special tax districts elected on a one-acre, one-vote basis are not prohibited from voting in that capacity.

For purposes of this law, a "relative" includes only the officer's father, mother, son, daughter, husband, wife, brother, sister, father-in-law, mother-in-law, son-in-law, and daughter-in-law. A "business associate" means any person or entity engaged in or carrying on a business enterprise with the officer as a partner, joint venturer, coowner of property, or corporate shareholder (where the shares of the corporation are not listed on any national or regional stock exchange).

* * * * * * * * * * * * * * * * *

ELECTED OFFICERS:

In addition to abstaining from voting in the situations described above, you must disclose the conflict:

PRIOR TO THE VOTE BEING TAKEN by publicly stating to the assembly the nature of your interest in the measure on which you are abstaining from voting; *and*

WITHIN 15 DAYS AFTER THE VOTE OCCURS by completing and filing this form with the person responsible for recording the minutes of the meeting, who should incorporate the form in the minutes.

* * * * * * * * * * * * * * * * *

APPOINTED OFFICERS:

Although you must abstain from voting in the situations described above, you are not prohibited by Section 112.3143 from otherwise participating in these matters. However, you must disclose the nature of the conflict before making any attempt to influence the decision, whether orally or in writing and whether made by you or at your direction.

IF YOU INTEND TO MAKE ANY ATTEMPT TO INFLUENCE THE DECISION PRIOR TO THE MEETING AT WHICH THE VOTE WILL BE TAKEN:

- You must complete and file this form (before making any attempt to influence the decision) with the person responsible for recording the minutes of the meeting, who will incorporate the form in the minutes. (Continued on page 2)

APPOINTED OFFICERS (continued)

- A copy of the form must be provided immediately to the other members of the agency.
- The form must be read publicly at the next meeting after the form is filed.

IF YOU MAKE NO ATTEMPT TO INFLUENCE THE DECISION EXCEPT BY DISCUSSION AT THE MEETING:

- You must disclose orally the nature of your conflict in the measure before participating.
- You must complete the form and file it within 15 days after the vote occurs with the person responsible for recording the minutes of the meeting, who must incorporate the form in the minutes. A copy of the form must be provided immediately to the other members of the agency, and the form must be read publicly at the next meeting after the form is filed.

DISCLOSURE OF LOCAL OFFICER'S INTEREST

I, TONI ROACH, hereby disclose that on July 22, 20 25 :

(a) A measure came or will come before my agency which (check one or more)

___ inured to my special private gain or loss;

__X__ inured to the special gain or loss of my business associate, VINCENT HOUSE ;

___ inured to the special gain or loss of my relative, ;

___ inured to the special gain or loss of , by whom I am retained; or

___ inured to the special gain or loss of , which is the parent subsidiary, or sibling organization or subsidiary of a principal which has retained me.

(b) The measure before my agency and the nature of my conflicting interest in the measure is as follows:

BOARD OF DIRECTORS

If disclosure of specific information would violate confidentiality or privilege pursuant to law or rules governing attorneys, a public officer, who is also an attorney, may comply with the disclosure requirements of this section by disclosing the nature of the interest in such a way as to provide the public with notice of the conflict.

Category	Subcategory	Score	Description
Budgetary Information	Well-Defined Budget Proposal	5	Budget is comprehensive, detailed, and aligns with project goals. All expenses are justified.
		4	Budget is clear with only minor details missing; most expenses are well justified.
		3	Budget is included but lacks details on some key expenses or allocations.
		2	Budget is vague or missing significant details; justification is weak.
		1	Budget is incomplete or unrealistic.
	Financial Sustainability	5	Strong sustainability plan with clear long-term funding strategy.
		4	Financial sustainability is well-planned, with minor areas needing improvement.
		3	Some sustainability planning exists, but gaps remain in funding strategy.
		2	Sustainability plan is unclear or does not extend beyond initial funding.
		1	No sustainability plan provided.
Project Plan	Clear and Actionable Objectives	5	Objectives are well-defined, measurable, and achievable within the project scope.
		4	Objectives are clear but may need slight refinement for full measurability.
		3	Objectives are somewhat clear but lack strong measurability or focus.
		2	Objectives are vague or difficult to measure.
		1	No clear objectives presented.
	Completeness of Project Submittal	5	Proposal is thorough, includes all required documents, and meets submission standards.
		4	Submission is complete with only minor missing elements.
		3	Submission is mostly complete but missing key details.
		2	Submission is incomplete or lacks significant required documents.
		1	Proposal is substantially incomplete or unorganized.
	Overall Quality & Level of Professionalism	5	Proposal is highly polished, well-structured, and professionally presented.
		4	Proposal is well-written with minor formatting or clarity issues.
		3	Proposal is clear but lacks professional formatting or polish.
		2	Proposal is difficult to read, with major formatting or clarity issues.
		1	Proposal is unprofessional, disorganized, or poorly presented.
	Key Performance Indicators (KPIs)	5	KPIs are specific, measurable, and aligned with project outcomes.
		4	KPIs are mostly clear but could be more specific.
		3	KPIs are somewhat relevant but lack specificity.
		2	KPIs are vague or weakly tied to project goals.
		1	No KPIs provided.
	Clearly Defined Expected Community Outcomes	5	Outcomes are well-defined, measurable, and clearly aligned with community impact.
		4	Outcomes are mostly clear with minor refinements needed.
		3	Outcomes are present but not fully measurable or clearly defined.
		2	Outcomes are vague or not clearly linked to community impact.
		1	No defined outcomes provided.
	Qualified & Experienced Personnel	5	Team has extensive relevant experience, with strong qualifications.
		4	Team has solid experience, but some members may lack extensive qualifications.
		3	Team has relevant experience, but with gaps in expertise.
		2	Team has minimal experience or lacks necessary qualifications.
		1	No relevant experience demonstrated.
	Detailed Personnel Duties & Responsibilities	5	Roles and responsibilities are well-defined and clearly assigned.
		4	Roles are mostly clear, with minor areas needing clarification.
		3	Some roles are defined, but responsibilities are not well-distributed.
		2	Roles are vague or not clearly assigned.
		1	No roles or responsibilities are defined.
Timeline	Realistic Project Implementation Timeline	5	Timeline is detailed, feasible, and aligns with project deliverables.
		4	Timeline is mostly feasible with minor areas needing clarification.
		3	Timeline is present but lacks detail or clear milestones.
		2	Timeline is unrealistic or missing key deadlines.
		1	No timeline provided or unrealistic schedule.
Presentation	Ability to Answer Questions	5	Presenter confidently answers all questions with detailed and relevant responses.
		4	Presenter answers most questions well but lacks depth on a few points.
		3	Presenter answers some questions adequately but struggles with details.
		2	Presenter struggles to answer key questions or lacks confidence.
		1	Presenter is unprepared or unable to answer questions effectively.

Response to answer

From Jennifer Webb <jw@livetampabay.org>
Date Mon 7/21/2025 12:48 PM
To Paula A. Baracaldo <pbaracaldo@pascocountyfl.net>

Dear Paula,

Judge Crane asked what the role of LTB was in all of this. Here are our outcomes broken down by partners. I was going to share it directly with him but then thought that this might get LTB in trouble so I am sending this to the committee through you.

Peer Based Outreach/Respite Housing and B2R
3,600 Narcan distributed (LTB/REF/MF)
1,920 Recovery kits distributed (LTB/REF/MF)
1,500 Individuals engaged w peers (LTB/REF/MF)
750 Individuals connected to care (LTB/REF/MF)
400 Individuals served by Outfield (REF)
350 Individuals matriculate to treatment or recovery housing (REF)
275 Uberhealth Rides (LTB)
41 LEO/F-R TA/MI and other Trainings (LTB)

Peer Workforce/BRIDGE Expansion
450 Biweekly attendees of peer trainings (LTB)
18 Peers recruited to trainings (LTB/REF/community partners)
15 Peers complete classes/500-hours (LTB/REF)
15 Attendees to each biweekly training (LTB)
14 Peers employed within 12-months (LTB)
12 Retained from previous year's cohort (LTB)
3-5 Areas of CoC of peer employment (LTB)
12 Bi-monthly Director's Meeting (LTB)
2 Bi-annual Hospital Exec's Meeting (LTB)

Community-based Public Health Campaign
150 Stories Recorded by Recovery-based Interviews (LTB)
120 Business, Faith, and Community Organizations Engaged (LTB)
120 Community Leaders Engaged (LTB)
100 One-boxes distributed to organizations with trainings (LTB)
50 Families served by Marching Forward (MF)

Please let me know if you cannot send this along to the committee members.

Thank you!

Jennifer

New Port Richey, FL 34652

To whom this may concern,

I am writing this letter to express both my appreciation and gratitude for The Hope Shot organization. I moved to Florida over a year ago to try and change my life for the better and break old habits. What I didn't realize is I take myself wherever I go, so more deep rooted, fundamental changes had to be made. I decided to try an inpatient program within the community. It was there I learned about The Hope Shot and how they help individuals struggling with addiction and mental health find a better way of life to be productive members of their communities. I eagerly saved their information as this was an organization I felt was doing the right thing by people.

After leaving treatment, it wasn't long before I unfortunately had a relapse which was an extremely scary situation. I immediately called Nathan at The Hope Shot and he made time for me right away to start working on a game plan. It was soon after that I was in a sober living and connected with the resources needed to succeed and flourish. I found a sponsor and started working a twelve step program which I actively participate in today and have the privilege of sponsoring other men.

There came a time where additional 30 day treatment was encouraged and The Hope Shot secured for me a 30 day scholarship to Turning Point, one of the finest facilities in Florida. This allowed me to recenter and double down on my tools and skills to navigate life productively. When I came out of Turning Point, I moved into a sober living run by The Hopeshot which has been nothing short of life changing. I check in with The Hope Shot on a weekly basis where they follow up with me, hold me accountable to my goals, take my social capital scores, and provide both one on one and group mentorship. These valuable services have given me, and others like me, a second chance at life and the opportunity to contribute to our community in a productive manner.

I cannot thank The Hope Shot enough for all they have helped me with, especially in the areas I didn't even realize I needed help in. The Always Center is a welcoming and safe environment where real life miracles happen one person at a time. I am one of those miracles and I hope future miracles will continue to happen.

Sincerely

Timothy M Towasnicki

My experience with The Hopeshot, our local outreach & resource center, has truly been life-changing. After completing rehab, I knew I couldn't return to the destructive lifestyle I had been living. I also had no idea what came next. I didn't have a safe home to go back to, and I felt overwhelmed and unsure of how to start over. That's when I was connected with The Hopeshot and introduced to my soon to be recovery coach. Before I even left treatment, she stepped in and secured me a spot in a local sober living home. The Hope Shot sponsored my stay until I could find work and start supporting myself, (A challenge made harder because of my record) but one I was finally able to overcome with the right guidance.

From there, The Hopeshot continued to support me every step of the way. My coach met with me weekly for one-on-one/check-ins, always asking how she could help me move forward in my recovery. I also became a regular part of the women's group, an informal but powerful space where we could share our struggles, exchange resources. Just support each other. The Hopeshot gave me more than just resources. It gave me direction, community, and the tools to build a better life. Today, I'm living with hope, purpose, and deep gratitude for the people who helped me believe I had a future beyond barely surviving.

-Bec K-One of many HopeShots

My name is Tommy Weatherley and I am in recovery. I was addicted to IV opiates for 10+ years and spent a lot of time homeless on the streets of Kensington in North Philadelphia. I struggled to get sober for a long time through countless treatment centers and sober livings.

The Hope Shot helped me tremendously through my recovery. I left a treatment impulsively and I called Nathan expecting to endure a lecture but was met with nothing but love and compassion. He bought me a phone so I could connect with other people in recovery and The Hope Shot funded me for sober living. They also helped find employment. I struggled to get sober for a long time and I don't know where I would be without their help. I have been sober since December 2023. I have become a productive member of society and a father to my son, which I did not think was possible. This organization's service to this community cannot be overstated and I admire the work that they are doing saving the lives of myself and many others.

- Tommy Weatherley

In July of 2024, I was coming to the end of my stay in a residential treatment facility. At this point in time, my options and resources were extremely limited. I was left with only one option, which was to return to a place where I would be surrounded by others in active addiction...or so I thought. With 72 hours left and my discharge date starring me down the hopeless barrel of what felt like a shotgun, my therapist was told of a potential resource that could be of assistance, The Hope Shot. The following morning I found myself in his office, on the phone with Rachel Keegan. With what I can only imagine included a lot urgent scrambling, I came to find out there was hope. Upon discharge I was taken to a sober living house and received approval for a grant that would give me a chance. This was the first of many miracles to come. Fast forward a year later and my life is forever changed. I had nothing when I walked out of the doors of that residential treatment facility...that was my mindset back then. I had no idea what I truly had. Through The Hope Shot I was able to receive the support, coaching, resources and community I needed to build a foundation in myself and in my recovery. From basic material necessities, like clothing or photo identification, to job placement assistance, to place to come and receive guidance, encouragement and the support of predecessors, who knew when I needed to have difficult conversations to grow, The Hope Shot provided me all of these things and more. My life today has forever been changed, from someone who didn't have a chance or a hope at being a participant in this thing we call life, to a thriving member of my community, my family and an eternally grateful participant in this beautiful journey in life.

Carie Crowley
Sobriety Date: January 6, 2024

In 2023 I was in an impatient program called community recovery center I met the Hope Shot team because they would come once a week and deliver their message and honestly, they gave me so much. Hope that I was able to continue my journey and my recovery and they have helped me with 1 million different resources. They help place me and Housing and fund me. It has been a life-changing experience, and I have forever will be grateful. Thank you so much for everything that you guys do

Denise R

Hi, my name is Jimmie. I was a drug addict for 31 years, and with the help of others, I'm now a recovering addict. I get why they named it the Hope Shot because they gave me a shot when the world just saw me as a drug addict. They gave me hope when I felt like there was none. They gave me a chance when the world had already counted me out.

I can't thank them enough for giving me that chance, that's all I needed: for someone to believe in me. That made me believe in myself. They helped me get a place to live and a job, and they never gave up on me.

I now have 441 days sober, a good job, and my life back. I can never repay them for what they did and they would never ask me to. I want to thank Justin, Nathan, and everyone at Hope Shot. I love you guys. Thanks for giving me hope.

My name is Jimmie, recovering addict.

To whom it may concern,

I am writing to express my deepest gratitude for the incredible support and compassion The Hopeshot has shown in helping me in my journey to recovery from alcoholism.

Your dedication, patience, and professionalism have made an immeasurable difference in my life. What once felt like a hopeless situation has become a story of transformation, resilience, and healing, all thanks to the vital work you do.

From helping me find counseling and medical care to emotional support and community reintegration, your team has provided a level of care that goes beyond expectations. It is clear that your mission is not just about treatment, but about restoring dignity and hope to those who need it most.

Please extend my heartfelt appreciation to everyone involved at The Hopeshot. The work you do is truly life-saving, and my family an I will forever be grateful.

With sincere thanks,

Chris Varela

FILLING THE GAPS

OCN is committed to identifying and filling the gaps in services to ensure no one falls through the cracks.

Melissa’s Story

Client was referred to community partners for specialized services, while we provided support to fill critical gaps during her transition.

Resume & Job Development

OCN helped her create a resume and eventually hired her at OCN

Substance Abuse Recovery

Connected to NA and AA Recovery

Dental

Connected her to Smile Faith for dental assistance

Legal Process & License Recovery

Connected her to a criminal defense attorney and eventually got her license back

Shelter & Rental Assistance

She was living in a faith based halfway house, and OCN helped pay for her to stay there

Coaching

Helped her take classes for soft and hard skills for jobs, as well as financial coaching

PCCD Project Presentation:

Opioid Treatment, Prevention, and Recovery Fund

- Inmate Medical / Drug Treatment Resiliency Program
- Addressing the Needs of Criminal-Justice Involved Persons

July 2025

Chief S. Jenkins

AGENDA

- **Inmate Medical / Drug Treatment Resiliency Program**
  - *Medication Assisted Treatment*
  - *Medication Assisted Treatment Staff and Services*
- **Addressing the Needs of Criminal-Justice Involved Persons**
  - *Star Unit*
  - *Star Unit Staffing (4 Correctional Officers and 2 Inmate Treatment Counselors)*
- **Successes**
- **Request for Funding and Future Initiatives**

INMATE MEDICAL / DRUG TREATMENT RESILIENCY PROGRAM

- **Medication Assisted Treatment** (MAT) utilizes FDA-approved medications to manage withdrawal symptoms, reduce cravings, and block the euphoric effects of substances.
- Grant funds under the Inmate Medical / Drug Treatment Resiliency Program are utilized to cover the following costs associated with providing MAT:
  - Methadone Administration
  - Suboxone Administration
  - Offsite Care for Opioid Use Disorder
  - Staff time dedicated to the treatment of Opioid Use disorder (RN Detox, Nure Practitioner Detox/Patient Treatment, Physician Detox/Patient Treatment)

TREATMENT	TOTAL
10/01/2024-03/31/2025	Inmates Served
Methadone	48
Suboxone	408
Offsite Care	64

* Since inception of this grant to date, **$500,000.00** has been submitted for reimbursement of the allocated $500,000.00. **$499,932.75** has been reimbursed.

STAR Unit

(Substance Treatment and Recovery)

- **Specialized housing unit** within the detention facility providing services to individuals with opioid-related substance use disorder.
- Target population is male inmates with **opioid use disorder**, or co-occurring disorders.
- Acceptance into the unit is application-based, as individuals must demonstrate a **motivation to change** and display non-violent behavior.
- Individuals engaged in the STAR unit are **separated from general population**, allowing individuals to disconnect from substance-using peers and develop healthy new peer relationships with others in recovery.

ADDRESSING THE NEEDS OF CRIMINAL - JUSTICE INVOLVED PERSONS

- STAR Unit operates according to the "**Therapeutic Community**" model.
  - A Therapeutic Community, aka "TC," is a structured, residential program where individuals with similar challenges (i.e.: substance abuse, mental health) live together and actively participate in their own recovery by supporting each other through shared responsibility, group therapy and a focus on positive change.
  - Key concepts of a TC model include a rigid schedule of programs, community, peer support and professional growth, with a focus on accountability and honesty.

- Local treatment facilities and jails utilizing TC (or similar) model include:
  - Turning Point of Tampa Bay (Tampa)
  - DACCO (Tampa)
  - Riverside Recovery (Tampa)
  - ACTS Keystone Residential Treatment (Tarpon Springs)
  - Baycare Community Recovery Center (New Port Richey)
  - WestCare Gulfcoast-Florida (St. Petersburg)
  - BoardPrep Recovery (Tampa)
  - Century Correctional Institution (Century)
  - Lowell Correctional Institute (Ocala)
  - Polk Correctional Institution (Polk City)
  - Sarasota Correctional Facility: Community Offender Rehabilitative Treatment, aka "CORT" (Sarasota) *funded by Opioid Settlement
  - Collier County Jail: Project Recovery Program, aka "PRP"

ADDRESSING THE NEEDS OF CRIMINAL - JUSTICE INVOLVED PERSONS

- Operational expenses of **Correctional Officers** assigned to the unit
  - ➢ All selected officers have attended the following training, in partnership with Baycare:
    - *Implicit Bias*
    - *Recovery Oriented System of Care*
    - *Co-occurring Disorders*
    - *Compassion Fatigue*
    - *Substance Use Trends/Treatment and Trauma*
    - *Therapeutic Community*
    - *Roles of Correctional Officers in a TC*
    - *Mental Health First Aid for First Responders*
- Operational expenses of two **Inmate Treatment Counselors**
  - ➢ Counselors are assigned to the unit and provide one-on-one services and group sessions to inmates.

* To date, during Fiscal Year 2025, **$146,984.09** has been utilized for salary compensation of the allocated **$620,000.00.**

ADDRESSING THE NEEDS OF CRIMINAL - JUSTICE INVOLVED PERSONS

Orientation: *(Approximately 2 weeks)*

- All inmates complete a 2-week orientation process:
  - ➢ Adaptation to the TC model
  - ➢ Job assignment within the unit
  - ➢ Completion of orientation workbook
  - ➢ Assessment with counselors

Phases 1: The "Learning" Phase *(Approximately 2 months)*

- Phase 1 inmates attend classes instructed by facility instructors to address criminogenic needs, to include anger management, coping skills, emotional regulation and substance use education.

Phase 2: The "Practicing" Phase *(Approximately 2 months)*

- Phase 2 inmates attend cognitive behavioral therapy (CBT) group sessions led by the counselors to address negative thinking patterns, relapse prevention, behavior activation and core beliefs. Inmates are expected to practice skills learned in Phase 1.

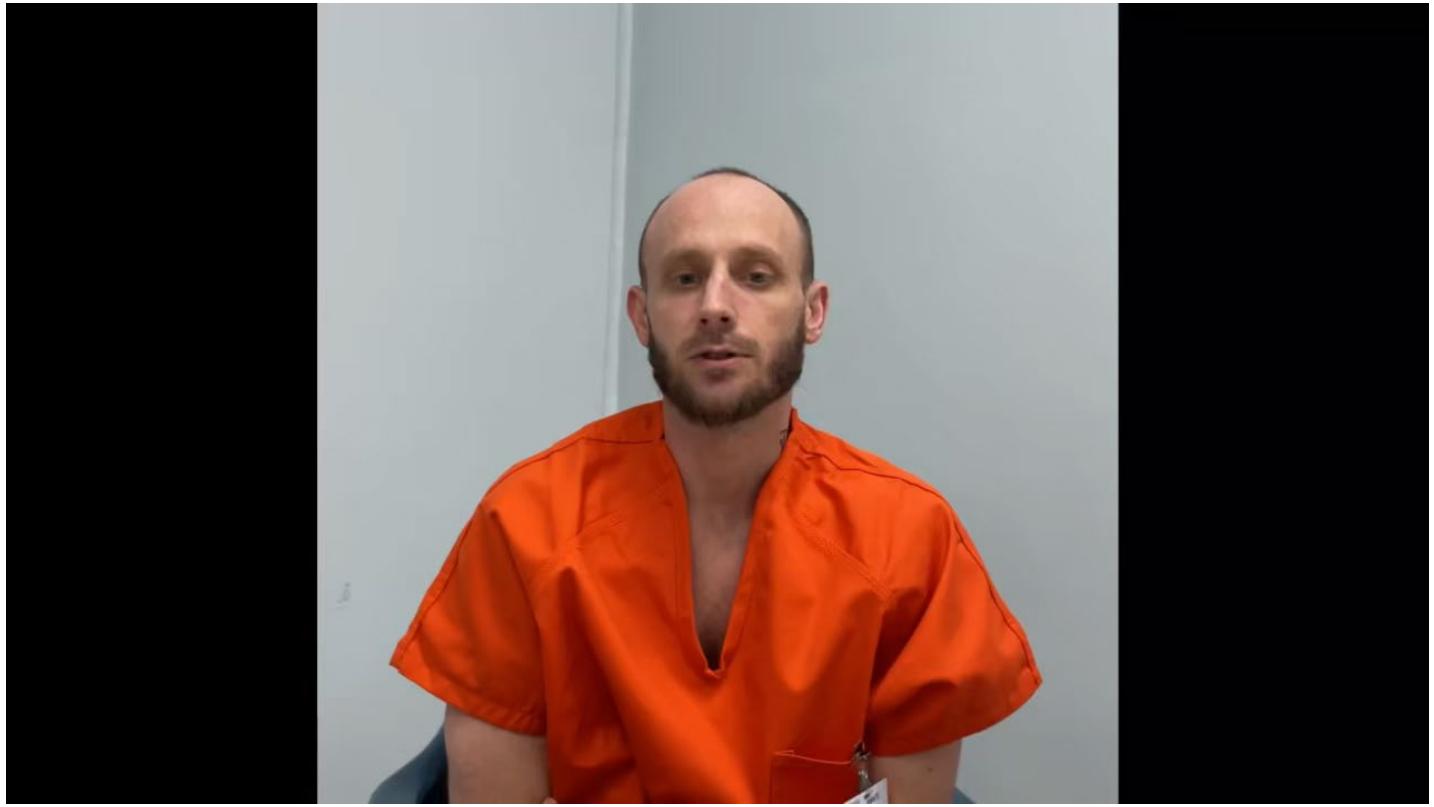
Phase 3: The "Demonstrating" Phase *(Approximately 2 months)*

- Phase 3 inmates attend Wellness Recovery Action Planning (WRAP) training and continued CBT. Inmates are expected to demonstrate learned skills and mentor new arrivals to the unit.

ADDRESSING THE NEEDS OF CRIMINAL - JUSTICE INVOLVED PERSONS

All members participate in:

- Morning meetings (held 2x weekly) to welcome new members, acknowledge member accomplishments, review unit rules and philosophy.
- Process groups (held 2x weekly) to address triggers, practice conflict resolution and process life events.
- Monthly sessions with counselors, to include development and maintenance of an individualized treatment plan.
- If determined necessary, inmates may also be provided bi-weekly individual therapy sessions and trauma counseling, to include Accelerated Resolution Therapy (ART).
- Assessments, to include:
  - Biopsychosocial Assessment
  - AUDIT Assessment (Alcohol Use Disorder Identification Test)
  - ASSIST (Alcohol, Smoking, & Substance Involvement Screening Tool
  - Beck's Depression Inventory
  - Brief Trauma Questionnaire
  - Beck's Anxiety Inventory
  - ACE (Adverse Childhood Experience)
  - Personality Test
- Individualized case plan and reentry planning, for those with a scheduled release date.
- Linkage to community providers for post release services.



SUCCESSES

Since unit inception on April 1, 2025:

- ✓ **Received Services: 98 inmates**
- ✓ **Phase 1 Graduates: 14 inmates**
- ✓ Over **200 hours of therapeutic services** provided by the counselors
- ✓ Over **20 hours of instructional services** provided by the facility instructors
- ✓ Program attendance: **2,150 sessions and participants**
- ✓ **Inmates released to a residential treatment program : 3 inmates**
- ✓ **Scheduled to be released to a residential treatment program: 3 inmates**
- ✓ **Engaged in Baycare's ATIP (Alternatives to Incarceration Pasco) program: 7 inmates**
- ✓ **Pending screening for Baycare's ATIP program: 3 inmates**
- ✓ **Increased partnerships** with **Baycare** and **Alcoholics Anonymous** for additional programming
- ✓ **Intel** provided to staff, increasing facility **security and safety**

What the inmates are saying about the STAR Unit:

REQUEST FOR FUNDING AND FUTURE INITIATIVES

Inmate Medical / Drug Treatment Resiliency Program

- Requesting $500,000.00 for continued MAT treatment and associated medical services

Addressing the Needs of Criminal-Justice Involved Persons

- Requesting $620,000.00 for continued salary compensation for STAR Unit staff members

FUTURE INITIATIVES

- Increase availability of MAT services within the correctional facility
- Increase the number of incarcerated individuals serviced via the STAR Unit
- Increase evidence-based programs provided to individuals with substance use disorder, to include psychoeducation on overdose risk and warning signs
- Increase number of individuals being released to treatment programs
- Reduce overdose risk post-release

Warrior Wellness Program

Opioid Addiction Prevention and Abatement
Key Considerations for Veterans

- A thorough understanding of opioid-related overdose among veterans must examine the interplay of pain, pain treatment, and stress, as well as psychological and social experiences—before, during, and after military service.

- Interventions that are delivered by peers – individuals who share key experiential or sociodemographic characteristics with the population being served

- Community care models could be beneficial for the large proportion of veterans who are not connected to the Veterans Health Administration or are reluctant to use traditional substance use services.

WARRIOR WELLNESS
Healthy · Connected · Resilient

Program approach

Program is not a “one size fits all” approach to therapy and provides a multitude of therapeutic services and outings.

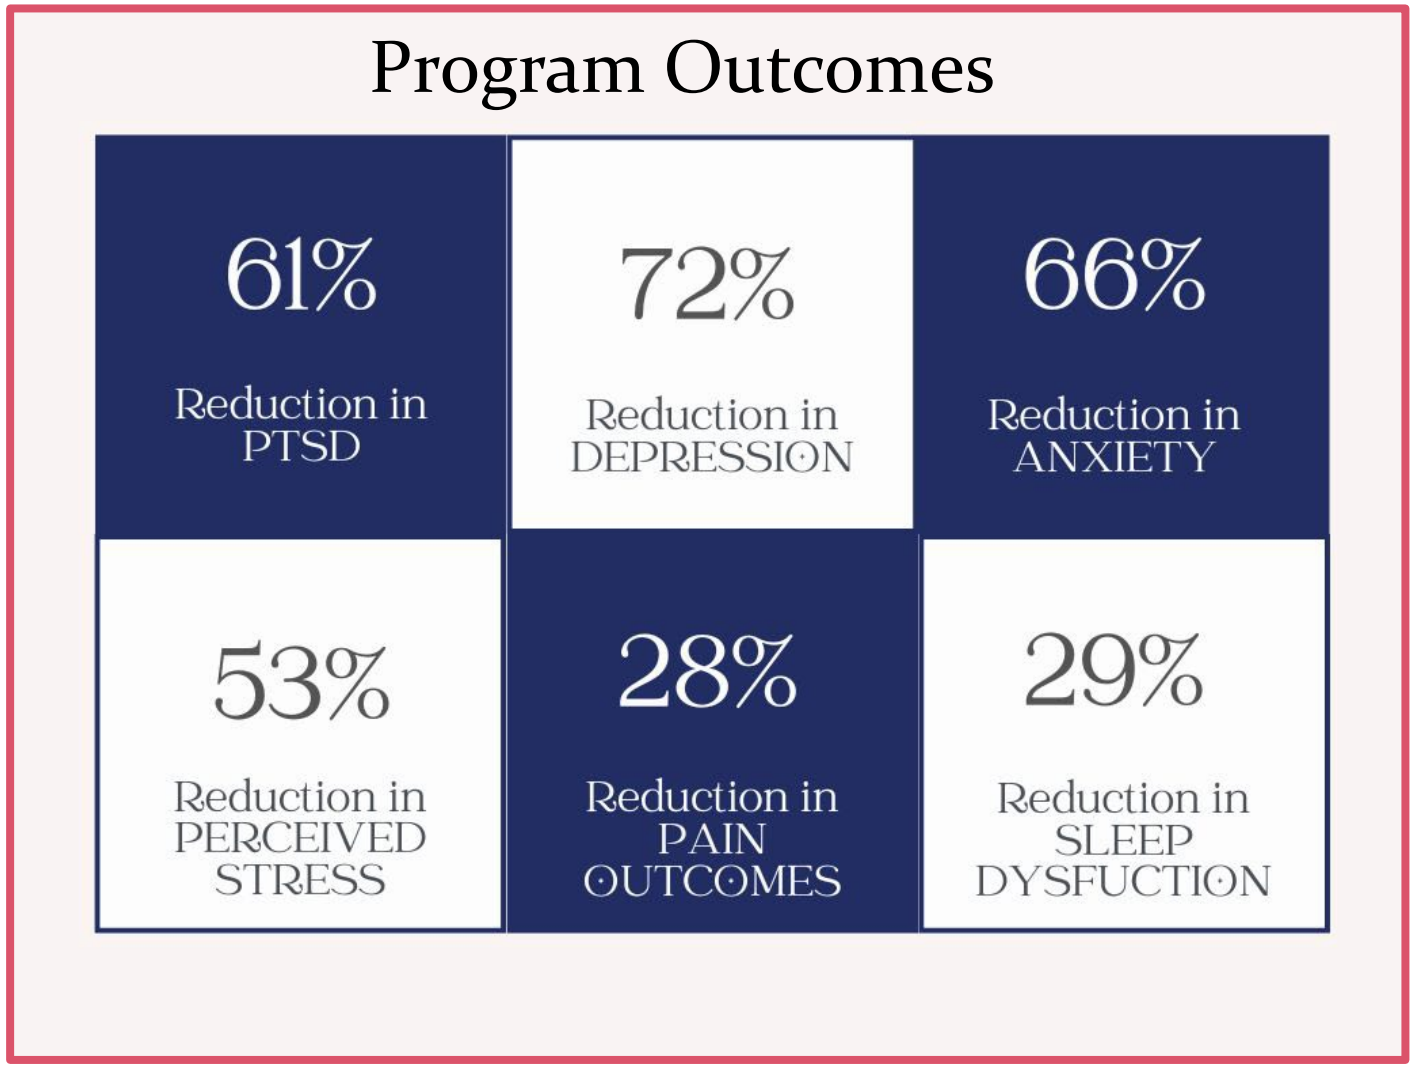
Accelerated Resolution Therapy (ART), integrative restoration (iRest)similar to a yoga nidra meditation, adaptive yoga, physical fitness, music, and art.

Camaraderie - Friday night community BBQs with the warriors, their families, staff, and volunteers.

Open access to the TRX training gym, hydro-massage bed, swimming pool, hammocks, or working in the community garden during down time.

All services are provided at no cost to the participants

Individual session of ART are available to local residents



As a result of Opioid Funding in Year 2

- Outreach within the local community is expanded with 15-20 activities a month
- Partnerships with treatment and recovery centers in Pasco County
  - The Hope Shot
  - Steps to Recovery
  - BayCare Behavioral Health
  - Alliance for Healthy Communities
- 26 Pasco residents have received mental health services YTD, while over 45 individuals have actively engaged in other activities and services at the team house
- Pilot of mindfulness/art group with families of those in recovery
- Executive Director, Peer Support Specialist and Program Coordinator are active in the recovery community

Results

Our program is evaluated annually to ensure we are meeting the need of our veteran participants.
Pre- and Post-program surveys show reductions in PTSD, anxiety and depression, pain, stress and sleep dysfunction.

Riana Giannico, Grants Coordinator for Support Services

Call to Order

Madam Chair Baracaldo called the meeting to order at 9:00 a.m.

Welcome and Introductions

There were none.

Invocation and Pledge of Allegiance

Ms. Jessica Faircloth, Deputy Clerk, gave the Invocation and led the Pledge of Allegiance to the Flag.

Roll Call

Ms. Faircloth called the roll. All members were present with the exception of Ms. Hudson who was absent.

Public Comment

There was none.

New Business

1 Selection and Ranking

Madam Chair Baracaldo used a PowerPoint presentation to review the item and spoke regarding a recap of projects that had been presented the previous week and what was before them.

Ms. Hilary Bruno, Community Development, spoke during the discussion.

Discussion was held regarding documents that had been distributed; the displayed Excel spreadsheet and how it was organized; how they used the scoring in the past; the recusal process; projects they felt were critical; return on investment; Drug Court in Pasco County; that they would be adjusting numbers on the spreadsheet as they went; the rankings; the project requests; starting from the bottom to eliminate funding; other funding sources for some projects; numbers and requests from the previous year; potentially partially funding projects; the Pasco County projects; those who did well the previous year; looking at the higher scores; concerns with some of the requests; patterns of spending; the Court System; those that had not spent funds from the previous years; the higher dollar requests; larger versus smaller agencies; potential contingencies to be put in place; minimum amount requests; the continuation of services; whether agreements could be extended; concerns of diluting programs if they cut too much; concerns with sustainability; the allocations; that the decisions were hard; splitting funds; east side projects; a potential minimum threshold; partnerships and relationships; a document that had been distributed; different ways to look at it; what their focus could be; potential next steps; prevention measures; measuring success; whether they could keep funds as a contingency; suggested language for their motion; and a document that had been distributed which would be discussed later and was not related to the current item.

The Committee approved the existing recommendations as listed on the screen for all Year Three projects and should any agency not accept the funding that it would be split amongst Vincent House, Florida Recovery, and Warrior Wellness.

2 Premier Community Healthcare Group - Request to Amend Contract From Non-Capital to Capital Agreement

Madam Chair Baracaldo used a PowerPoint presentation to review the item and spoke regarding the recommendation.

Discussion was held regarding concerns with the effect of the change; whether it would be a reduction in services; that it wasn't a change to the scope of the project; that it was being adjusted from a non-construction agreement to a construction agreement; and the funding that was earmarked.

The Committee approved to recommend the amendment of the existing agreement to allow the full expenditure of Year Two funds in the amount of $300.000.00 with Mr. Resnick abstaining from the vote due to a conflict of interest.

3 Implementation Plan

Madam Chair Baracaldo reviewed the item.

The item was for information only.

Approval of Minutes

There were none.

Miscellaneous

Old Business

Madam Chair Baracaldo spoke regarding the distributed letter from Steps to Recovery, that the request from Commissioner Mariano's Office, what the Opioid Task Force was being asked, that the funds for Year One had not yet been fully spent, the buffer that was reallocated the year prior, and what could be recommended to the Board of County Commissioners.

Ms. Hilary Bruno, Community Development, spoke during the discussion.

Discussion was held regarding the previous Task Force recommendation; the project being fully federalized; a brief history of the project; Federal requirements; a concern with running through the funds quickly; and the suggestion to come back in November.

The Committee approved to reconvene on November 3, 2025 to discuss the projects to see where they were at in the expenditure rates and make a motion at that point on how to move forward.

Madam Chair Baracaldo spoke regarding documents in the Agenda Packet, that they had to report to the State of Florida Department of Children and Families twice a year, that the Year Two Implementation Plan had recently been sent, what would be reported at the end of August, and that the expenditure reports would come back to them at the next meeting.

Ms. Cathy Pearson, Assistant County Administrator for Public Services, spoke regarding her appreciation to the Opioid Task Force and Staff for their efforts.

Discussion was held regarding the appreciation to everyone's hard work; that the projects should be sustainable in the future; wanting to look at the progress so far; wanting a metric if they were reapplying for funding; whether they should put a maximum dollar amount on projects moving forward as funds decreased; a request for a gap analysis to be prepared; and the next steps in the process.

Committees Reports

There was none.

Adjournment

THE BOARD RECESSED AT 9:57 A.M. AND RECONVENED AT 10:07 A.M.

The meeting adjourned at 11:29 a.m.

RE: Implementation Plan for the Use of Opioid Funds

To Whom It May Concern:

Consistent with the State's efforts to combat the negative impact of opiates and opioids in our community, please accept this letter as Pasco County's formal submittal to fulfill the reporting requirements, as stipulated by the Florida Opioid Allocation and Statewide Response Agreement, Section B.6.h.h., and intent to expend Opioid Funds. Below you will find details of how Pasco County is utilizing allocated funds in Year-2 to address the critical needs identified in our community.

Overview

The Opioid Treatment, Recovery and Prevention grant was formally established in 2023 to help support community-driven projects that aim to integrate evidence-based interventions that span across various facets outlined in Pasco County's Community Abatement Plan. This countywide fund returns opioid settlement allocations from the global settlement as critical investments and resources to community-based organizations that engage Pasco County residents affected by the opioid epidemic. These funds are then utilized through programs in substance use disorder treatment, overdose prevention, substance misuse awareness and education, and harm reduction, among others, as long as they are in alignment with the Community Abatement Plan and with Schedule A and B, as stipulated in the Florida Opioid Allocation and Statewide Response Plan.

The award amounts for each grant vary depending on available resources, priorities of the OTF, and the community's needs. While there is no set number of grants to be awarded, decisions are based on merit and the quality of the project application, provided they meet the OTF's criteria regarding experience, capacity, and community partnerships under this program. In Year 2, the County issued an application process under the Opioid Task Force (OTF) to allocate funds received from the City/County and Regional Funds, totaling $1,124,196.07 and $4,632,809.38, respectively, for a combined total of $5,757,005.45. The Board of County Commissioners also approved a motion to allocate $750,000.00 from the City/County fund for two (2) County projects, leaving a remaining total of $5,007,005.45 for competitive awards.

OTF Recommendations, County Projects, and Board Approval

For Year-2, the OTF reviewed seventeen (17) project applications, of which ten (10) were recommended for funding; two (2) were rejected; and five (5) were considered but not funded, totaling $5,007,005.45 (see the attached Project Funding

Recommendation List). Additionally, the Pasco County Board of County Commissioners recommended and approved four (4) more projects, bringing the grand total to $5,620,595.00 (see attached, Project Funding – Revised Recommendations). The difference between the original Year-2 allocation and the funding gap was covered by reallocating remaining funds from the $750,000.00 County project allocation, amounting to $55,579.00; contingency funds from Year-1, totaling $271,324.62; and the interest earned from settlement funds, used as program funding for Year-2, totaling $286,685.93.

The table below shows a list of the projects funded under this program for Year-2 and the focus areas they will address.

Focus Areas Funded (Year-2)

PROJECT NAME	Caregiver Support	Mitigation & Enforcement	Prevention & Education	System Level Abatement	Treatment & Supportive Services	Schedule A or B	Type of Program
ACE Opportunities					✓	B	Treatment
ASAP			✓			B	Prevention
BayCare Behavioral Health				✓	✓	A & B	Treatment
District School Board of Pasco County		✓	✓				Change in Scope post-award ***Unfunded*** *(funds to rollover to next award cycle)*
FL Recovery Schools (Victory High School)	✓		✓		✓	B	Treatment & Prevention
Operation PAR					✓	A & B	Treatment
Pasco Kids First	✓		✓			B	Prevention
Corrections - Inmate MAT					✓	A & B	Treatment

Program (PC BCC)							
Fire Rescue – Mobile Integrated Health (PC BCC)			✓	✓	✓	A & B	Treatment & Prevention
Public Safety – Mental Health of First Responders (PC BCC)					✓	B	Treatment
Public Safety – Wellness Center (PC BCC)	✓		✓		✓	B	Other Strategies
Premier Community Healthcare Group			✓		✓	B	Treatment & Prevention
Recovery Epicenter					✓	B	Treatment
Sixth Judicial Court				✓		B	Address the Needs of Criminal - Justice Involved Persons
The Hope Shot					✓	B	Treatment & Recovery
Warrior Wellness			✓		✓	B	Treatment & Supportive Services

Focus Areas Approved by the Pasco County Opioid Task Force:

- *Caregiver Support:* Heal individual and collective trauma related to substance use. Provide family peer mentoring, funding for reunification support, trauma treatment, child-parent psychotherapy, etc.
- *Mitigation and Enforcement:* Promote public safety and wellness for community workers in the substance use field. Create or leverage existing prevention strategies.
- *Prevention and Education:* Expand efforts in community-based prevention, education, and harm reduction. Reduce stigma in communities related to substance use. Support efforts to prevent over-prescribing and ensure appropriate prescribing and dispensing of opioids through evidence-based or evidence-informed programs.
- *System-Level Abatement:* Address and respond inclusively to complex, unmet community needs related to SUD for underserved populations.

- *Treatment and Supportive Services:* Support treatment of OUD and any co-occurring SUD or MH conditions through evidence-based or evidence-informed programs and promote and facilitate connections to behavioral health treatment and recovery services.

Recommended and Approved Projects by the OTF and BCC

Different from Year-1, Year-2 established a funding model focused on annual allocations only, as part of this grant. Estimating that the funds would be reduced over the next 15 years, the OTF made the decision to only allocate funding to projects on an annual basis, giving them the opportunity to adjust that funding and more strategically allocate those dollars to emerging needs across the community. The proposed expenditures outline a strategic allocation that ensures sustained impact over time for our community by leveraging existing partnerships and investments that will support the needs identified by the OTF and the public. During Year-2, most of the project allocations requested and approved for providers are going to be directly impacting areas like the U.S. 19 corridor from Hudson to Holiday, and on the east side of the County near the areas of Bruce B. Downs Boulevard and the City of Zephyrhills. In addition, to continue to expand capacity on the east side of the County, the OTF aims to optimize the utilization of the available funds while delivering tangible outcomes in line with the County's Community Abatement Plan.

Heat map of overdose locations across Pasco County (most overdoses located on the U.S. 19 corridor and in the area near Bruce B. Down Blvd.)

The projects funded will provide the following array of services:

- Expand the availability of experienced and licensed medical and MH personnel to support OUD and SUD

programming.

- Expand the availability of connections to care through licensed social workers and case management.
- Support and provide medical supplies and other equipment to support OUD/SUD programming.
- Build and expand the availability of supportive and transitional housing.
- Expand the availability of MH and recovery services.
- Community outreach and distribution of fentanyl test strips and naloxone.
- Medically assisted treatment for residents and to those criminally involved.
- Harm reduction and prevention for individuals, families, and children.
- Connection between primary care services and MH services, among others.

Project List and Descriptions

Below is a brief overview of each project recommended and approved for allocations under Year-2:

Ace Opportunities: Provides treatment and recovery support services (addressing MH, homelessness, and SUD), including transitional housing for 90 single individuals in the County. Through safe transitional housing provided for 3-6 months, this program will enable individuals to focus, attend, and maintain their responsibilities and obligations as they address their SUD/OUD. The program also provides a continuum of transitional housing & supportive services to assist individuals in progressing to being substance-free, self-sufficient, and in stable housing, and it is primarily geared towards unhoused individuals with low or no income.
Amount awarded: $25,000.00

Alliance for Healthy Communities, Inc.: Expansion of the Alliance for Healthy Communities initiatives, programs, and events, including youth education, advocacy, and awareness, including peer-to-peer intervention, pro-social involvement, and prevention. Some of these programs include the creation of a youth-led coalition, empowering Pasco's youth to be agents of change; providing educational programs that address youth opioid, methamphetamine, and prescription drug misuse; impaired driving; vaping; and bullying. In addition, the program seeks to continue to review and update community needs assessments to identify local trends, risk and protective factors, and root causes of addiction.
Amount awarded: $361,767.00

BayCare Behavioral Health, Inc.: This co-responder program engages law enforcement agencies to implement a countywide crisis response framework, as well as an interagency law enforcement-behavioral health interagency workgroup that aligns with the objectives of the OTF. This framework will lead to rapid linkage to urgent/emergent crisis support and a community-wide system approach to sustain viable, long-lasting impact.
Amount awarded: $375,000.00

Florida Recovery Schools of Tampa Bay, Inc. (Victory High School): Provides recovery-focused education geared towards adolescents struggling with SUD, MH, and recovery services. The program emphasizes assistance for adolescents with emotional regulation, education, and awareness of the consequences of prescription misuse to increase protective factors to prevent overdoses, addiction, and deaths.
Amount awarded: $181,000.00

Operation PAR: Medication-assisted-treatment (MAT) services to individuals suffering from OUD/SUD will be made available on the weekends, together with on-site psychiatric and MH services to community members in need.
Amount awarded: *$221,153.00*

Pasco Kids First: This program will launch a mobile education and outreach unit to support awareness, prevention education, training for health care providers and first responders, positive parenting information, resources, and referral services for treatment and recovery while conducting street outreach in neighborhoods, parks, schools, and other high traffic areas to children and families at risk.
Amount awarded: $238,350.00

Pasco County BCC – Corrections: Implementation of a substance abuse program within the detention center. The program consists of six FTEs (four correctional officers to set up a new substance abuse housing unit and two substance abuse counselors). The facility did not have a dedicated unit for individuals seeking recovery from OUD/SUD and did not have any MH professionals to support these services. Through this program, the County is looking to provide inmates with a better chance at rehabilitation while confined.
Amount awarded: $1,120,000.00

Pasco County Fire Rescue – Mobile Integrated Health: Coordinated Opioid Recovery (CORE) Program continuation and expansion. Adding additional positions, purchasing three vehicles and maintaining the expenses of three existing ones under the current CORE program.
Amount awarded: $680,000.00

Pasco County Public Safety/Pasco County Sheriff's Office: Construction of a state-of-the-art facility, as well as the acquisition of the necessary equipment and services to meet the mental, physical, and emotional wellness needs of the deputies at the Pasco Sheriff's Office and Pasco County Public Safety. This will include physical conditioning equipment, space for MH services and peer support-related activities, green space for mental relaxation, information technology to assist with the objectives of the centers, and other related equipment for services. The center will preserve the continued health and well-being of all public safety members. The center will also support first responders affected by current addiction by offering support services to provide counseling, support, and a safe place to receive treatment.
Amount awarded for capital: $850,000.00

Pasco County District School Board: The Project was unfunded due to a request in a change of scope post-award. The original allocation for this project was $100,000.00, and those funds will roll into the program funding for Year-3 allocations.

Pasco County System-Level Abatement Projects: Two positions to support the Sixth Judicial District Court, a Magistrate and an Assistant, to help support and expedite hearings for cases of criminal-justice-involved persons in direct relation to OUD/SUD and co-occurring mental health conditions. These funds also fund a Mental Health program for first responders, open to our Fire Rescue team and law enforcement personnel.
Amount awarded: *$750,000.00*
Amount allocated: $694,421.00 *(remainder was added to support other projects, see above).*

Premier Community Healthcare Group, Inc.: Renovation and construction costs of an existing facility to establish an integrated behavioral health/substance use disorder clinic with a pharmacy in Dade City, Florida. This facility, once operational, will serve over 13,000 annual patients (2,973 unduplicated patients) of all ages.
Amount awarded for capital/renovation costs: *$300,000.00.*

Recovery Epicenter Foundation: Creation of a sober living space and respite center to provide recovery housing for 3-14 days for participants seeking help from their SUD. In addition, the center will provide a non-medical withdrawal monitoring program specifically designed to support individuals who are experiencing emotional and physical discomfort but who do not meet the medical threshold for inpatient care at an emergency room or have

the means to check themselves into a private facility.
Amount awarded: $350,000.00

The Hope Shot, Inc.: Will provide recovery housing and sober living by expanding programs and support to those in recovery. This project supports individuals striving to stay sober but lacking the financial means to access supportive housing and sober living scholarships. Additionally, the project provides a safe space for peer recovery meetings and services through the All Ways Center, the County's first Prevention and Recovery Community Center. The center houses other partners like the Alliance for Healthy Communities and their services to expand available opportunities for the community on the west side of the County and along the US-19 corridor.
Amount awarded: *$668,325.00*

Warrior Wellness Program, Inc.: Serves veterans, first responders and their spouses/significant others with MH issues and primary/secondary traumas related to OUD and SUD. This program provides Accelerated Resolution Therapy (ART), Integrative Restoration (iRest) and other non-invasive, evidence-based protocols that effectively help alleviate triggers related to depression and trauma. Through this program, individuals will also be supported through a Peer Support Specialist who is a veteran with lived experience in substance use and addiction.
Amount awarded: *$150,000.00*

Program Monitoring and Evaluation

Regular monitoring and evaluation are actively conducted to ensure the effectiveness of funded programs. Expenditure and narrative reports are submitted via Neighborly to the Support Services Department for review on a monthly and quarterly basis, respectively. Updates of these projects are then submitted for consideration and review by the OTF during their regularly scheduled meetings, and an annual report of these projects is presented to the Board of County Commissioners.

Pasco County will continue to integrate feedback received during publicly held presentations, meetings, and community groups to incorporate a participatory approach to decision-making that prioritizes community needs as part of how these dollars are spent. Through collaborative efforts between organizations and innovative initiatives, we aim to achieve a tangible and positive impact on the lives of our residents and the response to care for OUD/SUD and MH. We are confident that the investments detailed above will continue to leverage, expand, and create new avenues and treatment options that will impact the community for generations to come.

Should you need any additional information, please do not hesitate to contact our office.

Sincerely,

Paula Baracaldo

Office: 727-848-8100 esther.valiente@steps-npr.org **Fax: 727-848-8111**

Opiod Task Force of Pasco County
RE: Trouble Creek Project – Transitional Housing for Homeless Veterans with Substance Use Disorders

We respectfully request your consideration for up to **$437,337.00** in additional funding to complete construction and furnish our transitional housing development. This support will ensure we meet all code, safety, and programmatic requirements to meet our accelerated timeline amid seasonal challenges.

Project Overview

Our contractor has reached the halfway point of building thirty efficiency units designed to support homeless veterans in early recovery. Originally budgeted with a **$124,012.00** contingency, but new requirements have exceeded that allowance.

Budget Adjustments and Unforeseen Costs

- **Davis-Bacon Wage Classification ("Commercial")**
  The Department of Labor defines "residential" as single-family homes or buildings up to four stories. Our project was bid under standard Building Code rates, (residential) but DOL's commercial wage mandate increased costs by **$116,337.00.**
- **Fire Safety Upgrades**
  Per the Fire Inspector's directive, we must install a fire valve and access panels in each unit—totaling **$40,000**. Current Change Order.
- **Furnishings & Appliances**
  Completing each unit requires small refrigerators, toaster ovens, beds, and dressers. We estimate **$25,000** for these essential items.
- **Contingency for Delays & Material Escalation**
  To account for potential hurricane delays, material price increases, and additional Change Orders we propose a **$250,000** buffer.

We appreciate your partnership and commitment to supporting veterans in recovery. Your prompt consideration will allow us to deliver safe, dignified housing on schedule.

Sincerely,

Esther Valiente

PASCO COUNTY FLORIDA
SUPPORT SERVICES

Grant Applicant Checklist - Opioid TPRF Year 3 (2025)

Applicant Name: *Alliance for Healthy Communities, Inc.*
Current Subrecipient: Yes
Most Recent Award: 2024 (Year 2)
Award Term: 10/01/2024-03/16/2026 (with extension - 18 months)*
New Applicant: No
Returning Applicant: Yes

	Returning Applicants ONLY		
	Expenditure Rates		**NOTES**
1	Has the applicant met their expected expenditure rates?	No	The applicant has not met their expected expenditure rates more often than they have met their expected rates during the term of their Year 1 and 2 agreements.
	Change Orders		
2	Has the applicant requested an extension for previous projects?	Yes	The applicant has requested a 90-day extension for the Year 1 and Year 2 agreements.
3	Has the applicant requested a budget amendment for previous projects?	Yes	The applicant has requested a budget reallocation for the Year 1 agreement.
4	Has the applicant requested a scope of work amendment for previous projects?	No	
	Invoice Submission		
5	Has the applicant submitted invoices on time to the County?	Yes	
	Responsiveness in Communication		
6	Has the applicant been responsive to requests for information (24-48 hours)?	Yes	
	Compliance & Responsible Spending		
7	Has the applicant had any **opioid funds recaptured** in the last 3 years?	No	
8	Has the applicant had any County opioid grant **agreements/contracts terminated** in the last 3 years?	No	
9	Has the applicant **returned any opioid funding** in the last 3 years?	Yes	The applicant anticipates returning approximately $795.12 from the Year 1 award. Final invoices have been submitted and are pending review.

Opioid Task Force
Old Business - Distributed by Staff
Page 3377 of 5851

10	Has the applicant **submitted required reports on time** to the County?	No	The applicant submitted 4 out of 6 reports on time for Year 1. The applicant submitted 1 out of 2 reports on time for Year 2.
11	Does the applicant currently have any projects that **have not submitted an invoice in the past 120** days?	No	
12	Has the applicant received any **Compliance Letters/Work Plan Requests from PCSPS** in the last 3 years?	No	
13	If applicant did receive **Compliance Letters** from PSSPS **in the last 3 years**, did they respond in a timely manner?	No	
14	Has the applicant received any requests for a **Compliance Meeting from PCSPS in the last 3 years**? If yes, what were the results?	No	
15	Has applicant been **monitored by PCSPS in the last 3 years**?	Yes	The overall monitoring process administered by PCSPS is ongoing. A formal desk review and site visit for the applicant's 2023 (Year 1) grant closeout is being formalized.
16	If the **applicant was monitored by PCSPS in the last 3 years,** did the applicant receive any findings?	No	No findings to date.
	Outcomes & KPIs		
17	Did the applicant **meet the goals they set for previous** projects?	Yes	See attachments for most recent KPI provided.

OPIOID TASK FORCE
YEAR – 3 FUNDING ALLOCATION MEETING

July 28, 2025

PASCO COUNTY FLORIDA
OPEN SPACES. VIBRANT PLACES.

Recap from 7/21/25 & 7/22/25 Sessions

Treatment, Prevention, and Recovery Fund – Year 3 Projects

- ACE Opportunities
  - ACE Opportunities Rise Up 2025
  - Transitional Housing/Supportive Services/Salaries
  - **$53,000.00**
- Alliance for Healthy Communities, Inc.
  - Alliance 3.0: Advancing the Mission
  - Salaries/Training/Supplies/Software/Outreach
  - Opioid-related Prevention Initiatives
  - **$369,150.00**
- BayCare Behavioral Health, Inc.
  - Advancing Opiate Treatment and Recovery – East Pasco Urgent Care Center
  - Expand behavioral health urgent care to East Pasco
  - **$697,896.00**
- Boys & Girls Clubs of Greater Tampa Bay
  - Pasco County Opioid Prevention Initiative
  - Expand opioid prevention programming in Club sites serving Pasco County youth
  - **$294,737.00**
- Florida Recovery Schools of Tampa Bay, Inc.
  - Victory High School
  - Salaries & Rent
  - **$181,000.00**
- Help Us Help You, Inc.
  - Unify Pasco Recovery Hub
  - Salaries/Training/Supplies/Software/Outreach/ Facility Improvements
  - **$925,000.00**
- Live Tampa Bay
  - Partnerships for Pasco
  - Personnel/Contractual Services/Administrative Training/Supplies/Software/Communications/ Uber Health Transportation/Travel/Building Costs
  - **$934,429.87**
- One Community Now
  - Pasco Recovery & Stabilization Network
  - New East Pasco Resource Center/Salaries/Education & Outreach
  - **$459,400.00**

Treatment, Prevention, and Recovery Fund – Year 3 Projects

- Operation PAR, Inc.
  - MAPS Pasco Mobile SUD Treatment
  - Salaries & Mobile MAT Vehicle
  - **$1,106,245.36**
- Pasco County Corrections
  - Inmate Drug Treatment Resiliency Program
  - STAR Unit Personnel/MAT
  - **$1,120,000.00**
- PCFR/ Human Services
  - Pasco Thrive - A joint collaboration with Pasco County Fire Rescue Mobile Integrated Health and Pasco County Human Services
  - Salaries/Equipment Needs/Vehicle Fuel & Maintenance
  - **$1,102,000.32**
- Pasco Kids First
  - Opioid/Substance and Child Abuse Prevention Project Opioid/Substance and Child Abuse Prevention Project
  - Salaries/Equipment Needs/Communications
  - **$240,987.99**
- Premier Community
  - Premier's Integration Initiative: Access to Care for Pasco Residents with OUD & Any Co-Occurring SUD/MH Conditions
  - Personnel/Supplies/Equipment Needs/Recruiter Fee
  - **$356,335.50**
- The Hope Shot, Inc.
  - Bridge to Recovery
  - Salaries/Sober Living Funds/All Ways Center Expansion/Outreach Materials/Training/Supplies/Accounting & Auditing Services
  - **$961,867.00**
- Van Gogh's Palette, Inc.
  - Vincent House Recovery Through Work
  - Salaries/Software Technologies
  - **$150,000.00**
- Warrior Wellness
  - Prevention and Treatment for Warriors at Risk or with Substance Use Disorder
  - Salaries/Training/Supplies/Software/Facility Costs
  - **$232,600.00**

FUNDING AVAILABLE YEAR-3

Allocations for Year-3 will be annual

- **City/County Fund**
  - $ 1,253,244.47
  - Smaller projects
  - Maximum Available
- **Regional Fund**
  - $ 4,533,431.74*
  - Capital/Larger scope
  - Maximum Available
- **Total Available Funds**
  - $ 5,786,676.21

*Includes $100K non-allocated from Year 2

FUNDING AVAILABLE YEAR-3

- **County Projects Allocation**
  - $750,000.00
  - Years 2, 3, and 4
  - Identified Through Budget Process
- **Total Available Funds for Community Allocation**
  - $5,036,676.21

PREMIER HEALTHCARE PROJECT – YEAR 2

Premier Community Healthcare Group, Inc.

Allocation Requested: $2,000,000.00

Awarded for Year-2
$300,000.00

- **Project Summary:**
  - Pre-construction costs for the renovation of an existing facility.
  - Establish an integrated mental health/SUD clinic with a pharmacy.
  - Across the street from their primary care health center in Dade City.

- **Community Impact:**
  - 13,380 annual patients (2,973 unduplicated patients)
  - Target Population – All

- **Additional Funding Sources:**
  - *Future* CDBG application: $500k; Private/corporate sources: $250k; Grants: $500k

APPROVED BY BCC FOR $300K

Premier – Year-2

- **Status:**
  - Requesting a change in scope
  - Documentation in your packet
  - Premier **has** entered into an agreement with PC
    - Non-real property project (pre-construction)

- **Considerations:**
  - No changes to allocated amount
  - Project funds have not been spent
  - Request to amend project scope to allow for construction expenses in their agreement

- **Recommendation:**
  - Amend the agreement to allow for the full expenditure of funds within term of existing agreement.

STEPS TO RECOVERY PROJECT – YEAR 1 UPDATE

STEPS TO RECOVERY – REQUEST FOR ADDITIONAL FUNDING

STEPS to Recovery, Inc.
Housing (Shelter, Transitional, & Supported), Case Management, and Advocacy for Homeless Veterans

Opiod Task Force of Pasco County
RE: Trouble Creek Project – Transitional Housing for Homeless Veterans with Substance Use Disorders

We respectfully request your consideration for up to **$437,337.00** in additional funding to complete construction and furnish our transitional housing development. This support will ensure we meet all code, safety, and programmatic requirements to meet our accelerated timeline amid seasonal challenges.

Project Overview

Our contractor has reached the halfway point of building thirty efficiency units designed to support homeless veterans in early recovery. Originally budgeted with a **$124,012.00** contingency, but new requirements have exceeded that allowance.

Budget Adjustments and Unforeseen Costs

- **Davis-Bacon Wage Classification ("Commercial")**
  The Department of Labor defines "residential" as single-family homes or buildings up to four stories. Our project was bid under standard Building Code rates, (residential) but DOL's commercial wage mandate increased costs by **$116,337.00.**
- **Fire Safety Upgrades**
  Per the Fire Inspector's directive, we must install a fire valve and access panels in each unit—totaling **$40,000**. Current Change Order.
- **Furnishings & Appliances**
  Completing each unit requires small refrigerators, toaster ovens, beds, and dressers. We estimate **$25,000** for these essential items.
- **Contingency for Delays & Material Escalation**
  To account for potential hurricane delays, material price increases, and additional Change Orders we propose a **$250,000** buffer.

We appreciate your partnership and commitment to supporting veterans in recovery. Your prompt consideration will allow us to deliver safe, dignified housing on schedule.

Sincerely,

Esther Valiente

Esther Valiente, BA. CRSS
Clinical Director, BOD Secretary

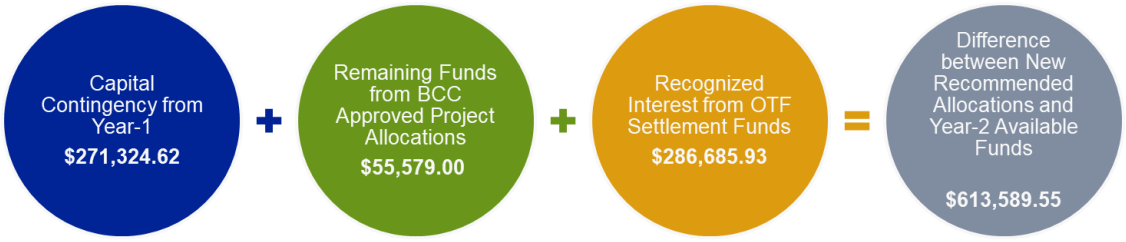
RE: Implementation Plan for the Use of Opioid Funds

To Whom It May Concern:

Consistent with the State's efforts to combat the negative impact of opiates and opioids in our community, please accept this letter as Pasco County's formal submittal to fulfill the reporting requirements, as stipulated by the Florida Opioid Allocation and Statewide Response Agreement, Section B.6.h.h., and intent to expend Opioid Funds. Below you will find details of how Pasco County is utilizing allocated funds in Year-2 to address the critical needs identified in our community.

Overview

The Opioid Treatment, Recovery and Prevention grant was formally established in 2023 to help support community-driven projects that aim to integrate evidence-based interventions that span across various facets outlined in Pasco County's Community Abatement Plan. This countywide fund returns opioid settlement allocations from the global settlement as critical investments and resources to community-based organizations that engage Pasco County residents affected by the opioid epidemic. These funds are then utilized through programs in substance use disorder treatment, overdose prevention, substance misuse awareness and education, and harm reduction, among others, as long as they are in alignment with the Community Abatement Plan and with Schedule A and B, as stipulated in the Florida Opioid Allocation and Statewide Response Plan.



The award amounts for each grant vary depending on available resources, priorities of the OTF, and the community's needs. While there is no set number of grants to be awarded, decisions are based on merit and the quality of the project application, provided they meet the OTF's criteria regarding experience, capacity, and community partnerships under this program. In Year 2, the County issued an application process under the Opioid Task Force (OTF) to allocate funds received from the City/County and Regional Funds, totaling $1,124,196.07 and $4,632,809.38, respectively, for a combined total of $5,757,005.45. The Board of County Commissioners also approved a motion to allocate $750,000.00 from the City/County fund for two (2) County projects, leaving a remaining total of $5,007,005.45 for competitive awards.

OTF Recommendations, County Projects, and Board Approval

For Year-2, the OTF reviewed seventeen (17) project applications, of which ten (10) were recommended for funding; two (2) were rejected; and five (5) were considered but not funded, totaling $5,007,005.45 (see the attached Project Funding

Page 241 of 5851

Recommendation List). Additionally, the Pasco County Board of County Commissioners recommended and approved four (4) more projects, bringing the grand total to $5,620,595.00 (see attached, Project Funding – Revised Recommendations). The difference between the original Year-2 allocation and the funding gap was covered by reallocating remaining funds from the $750,000.00 County project allocation, amounting to $55,579.00; contingency funds from Year-1, totaling $271,324.62; and the interest earned from settlement funds, used as program funding for Year-2, totaling $286,685.93.

The table below shows a list of the projects funded under this program for Year-2 and the focus areas they will address.

Focus Areas Funded (Year-2)

PROJECT NAME	Caregiver Support	Mitigation & Enforcement	Prevention & Education	System Level Abatement	Treatment & Supportive Services	Schedule A or B	Type of Program
ACE Opportunities					✓	B	Treatment
ASAP			✓			B	Prevention
BayCare Behavioral Health				✓	✓	A & B	Treatment
District School Board of Pasco County		✓	✓				Change in Scope post-award ***Unfunded*** *(funds to rollover to next award cycle)*
FL Recovery Schools (Victory High School)	✓		✓		✓	B	Treatment & Prevention
Operation PAR					✓	A & B	Treatment
Pasco Kids First	✓		✓			B	Prevention
Corrections - Inmate MAT					✓	A & B	Treatment

Program (PC BCC)							
Fire Rescue – Mobile Integrated Health (PC BCC)			✓	✓	✓	A & B	Treatment & Prevention
Public Safety – Mental Health of First Responders (PC BCC)					✓	B	Treatment
Public Safety – Wellness Center (PC BCC)	✓		✓		✓	B	Other Strategies
Premier Community Healthcare Group			✓		✓	B	Treatment & Prevention
Recovery Epicenter					✓	B	Treatment
Sixth Judicial Court				✓		B	Address the Needs of Criminal - Justice Involved Persons
The Hope Shot					✓	B	Treatment & Recovery
Warrior Wellness			✓		✓	B	Treatment & Supportive Services

Focus Areas Approved by the Pasco County Opioid Task Force:

- *Caregiver Support:* Heal individual and collective trauma related to substance use. Provide family peer mentoring, funding for reunification support, trauma treatment, child-parent psychotherapy, etc.
- *Mitigation and Enforcement:* Promote public safety and wellness for community workers in the substance use field. Create or leverage existing prevention strategies.
- *Prevention and Education:* Expand efforts in community-based prevention, education, and harm reduction. Reduce stigma in communities related to substance use. Support efforts to prevent over-prescribing and ensure appropriate prescribing and dispensing of opioids through evidence-based or evidence-informed programs.
- *System-Level Abatement:* Address and respond inclusively to complex, unmet community needs related to SUD for underserved populations.

- *Treatment and Supportive Services:* Support treatment of OUD and any co-occurring SUD or MH conditions through evidence-based or evidence-informed programs and promote and facilitate connections to behavioral health treatment and recovery services.

Recommended and Approved Projects by the OTF and BCC

Different from Year-1, Year-2 established a funding model focused on annual allocations only, as part of this grant. Estimating that the funds would be reduced over the next 15 years, the OTF made the decision to only allocate funding to projects on an annual basis, giving them the opportunity to adjust that funding and more strategically allocate those dollars to emerging needs across the community. The proposed expenditures outline a strategic allocation that ensures sustained impact over time for our community by leveraging existing partnerships and investments that will support the needs identified by the OTF and the public. During Year-2, most of the project allocations requested and approved for providers are going to be directly impacting areas like the U.S. 19 corridor from Hudson to Holiday, and on the east side of the County near the areas of Bruce B. Downs Boulevard and the City of Zephyrhills. In addition, to continue to expand capacity on the east side of the County, the OTF aims to optimize the utilization of the available funds while delivering tangible outcomes in line with the County's Community Abatement Plan.

Heat map of overdose locations across Pasco County (most overdoses located on the U.S. 19 corridor and in the area near Bruce B. Down Blvd.)

The projects funded will provide the following array of services:

- Expand the availability of experienced and licensed medical and MH personnel to support OUD and SUD

programming.
- Expand the availability of connections to care through licensed social workers and case management.
- Support and provide medical supplies and other equipment to support OUD/SUD programming.
- Build and expand the availability of supportive and transitional housing.
- Expand the availability of MH and recovery services.
- Community outreach and distribution of fentanyl test strips and naloxone.
- Medically assisted treatment for residents and to those criminally involved.
- Harm reduction and prevention for individuals, families, and children.
- Connection between primary care services and MH services, among others.

Project List and Descriptions

Below is a brief overview of each project recommended and approved for allocations under Year-2:

Ace Opportunities: Provides treatment and recovery support services (addressing MH, homelessness, and SUD), including transitional housing for 90 single individuals in the County. Through safe transitional housing provided for 3-6 months, this program will enable individuals to focus, attend, and maintain their responsibilities and obligations as they address their SUD/OUD. The program also provides a continuum of transitional housing & supportive services to assist individuals in progressing to being substance-free, self-sufficient, and in stable housing, and it is primarily geared towards unhoused individuals with low or no income.
Amount awarded: $25,000.00

Alliance for Healthy Communities, Inc.: Expansion of the Alliance for Healthy Communities initiatives, programs, and events, including youth education, advocacy, and awareness, including peer-to-peer intervention, pro-social involvement, and prevention. Some of these programs include the creation of a youth-led coalition, empowering Pasco's youth to be agents of change; providing educational programs that address youth opioid, methamphetamine, and prescription drug misuse; impaired driving; vaping; and bullying. In addition, the program seeks to continue to review and update community needs assessments to identify local trends, risk and protective factors, and root causes of addiction.
Amount awarded: $361,767.00

BayCare Behavioral Health, Inc.: This co-responder program engages law enforcement agencies to implement a countywide crisis response framework, as well as an interagency law enforcement-behavioral health interagency workgroup that aligns with the objectives of the OTF. This framework will lead to rapid linkage to urgent/emergent crisis support and a community-wide system approach to sustain viable, long-lasting impact.
Amount awarded: $375,000.00

Florida Recovery Schools of Tampa Bay, Inc. (Victory High School): Provides recovery-focused education geared towards adolescents struggling with SUD, MH, and recovery services. The program emphasizes assistance for adolescents with emotional regulation, education, and awareness of the consequences of prescription misuse to increase protective factors to prevent overdoses, addiction, and deaths.
Amount awarded: $181,000.00

Operation PAR: Medication-assisted-treatment (MAT) services to individuals suffering from OUD/SUD will be made available on the weekends, together with on-site psychiatric and MH services to community members in need.
Amount awarded: *$221,153.00*

Pasco Kids First: This program will launch a mobile education and outreach unit to support awareness, prevention education, training for health care providers and first responders, positive parenting information, resources, and referral services for treatment and recovery while conducting street outreach in neighborhoods, parks, schools, and other high traffic areas to children and families at risk.
Amount awarded: $238,350.00

Pasco County BCC – Corrections: Implementation of a substance abuse program within the detention center. The program consists of six FTEs (four correctional officers to set up a new substance abuse housing unit and two substance abuse counselors). The facility did not have a dedicated unit for individuals seeking recovery from OUD/SUD and did not have any MH professionals to support these services. Through this program, the County is looking to provide inmates with a better chance at rehabilitation while confined.
Amount awarded: $1,120,000.00

Pasco County Fire Rescue – Mobile Integrated Health: Coordinated Opioid Recovery (CORE) Program continuation and expansion. Adding additional positions, purchasing three vehicles and maintaining the expenses of three existing ones under the current CORE program.
Amount awarded: $680,000.00

Pasco County Public Safety/Pasco County Sheriff's Office: Construction of a state-of-the-art facility, as well as the acquisition of the necessary equipment and services to meet the mental, physical, and emotional wellness needs of the deputies at the Pasco Sheriff's Office and Pasco County Public Safety. This will include physical conditioning equipment, space for MH services and peer support-related activities, green space for mental relaxation, information technology to assist with the objectives of the centers, and other related equipment for services. The center will preserve the continued health and well-being of all public safety members. The center will also support first responders affected by current addiction by offering support services to provide counseling, support, and a safe place to receive treatment.
Amount awarded for capital: $850,000.00

Pasco County District School Board: The Project was unfunded due to a request in a change of scope post-award. The original allocation for this project was $100,000.00, and those funds will roll into the program funding for Year-3 allocations.

Pasco County System-Level Abatement Projects: Two positions to support the Sixth Judicial District Court, a Magistrate and an Assistant, to help support and expedite hearings for cases of criminal-justice-involved persons in direct relation to OUD/SUD and co-occurring mental health conditions. These funds also fund a Mental Health program for first responders, open to our Fire Rescue team and law enforcement personnel.
Amount awarded: *$750,000.00*
Amount allocated: $694,421.00 *(remainder was added to support other projects, see above).*

Premier Community Healthcare Group, Inc.: Renovation and construction costs of an existing facility to establish an integrated behavioral health/substance use disorder clinic with a pharmacy in Dade City, Florida. This facility, once operational, will serve over 13,000 annual patients (2,973 unduplicated patients) of all ages.
Amount awarded for capital/renovation costs: *$300,000.00.*

Recovery Epicenter Foundation: Creation of a sober living space and respite center to provide recovery housing for 3-14 days for participants seeking help from their SUD. In addition, the center will provide a non-medical withdrawal monitoring program specifically designed to support individuals who are experiencing emotional and physical discomfort but who do not meet the medical threshold for inpatient care at an emergency room or have

the means to check themselves into a private facility.
Amount awarded: $350,000.00

The Hope Shot, Inc.: Will provide recovery housing and sober living by expanding programs and support to those in recovery. This project supports individuals striving to stay sober but lacking the financial means to access supportive housing and sober living scholarships. Additionally, the project provides a safe space for peer recovery meetings and services through the All Ways Center, the County's first Prevention and Recovery Community Center. The center houses other partners like the Alliance for Healthy Communities and their services to expand available opportunities for the community on the west side of the County and along the US-19 corridor.
Amount awarded: *$668,325.00*

Warrior Wellness Program, Inc.: Serves veterans, first responders and their spouses/significant others with MH issues and primary/secondary traumas related to OUD and SUD. This program provides Accelerated Resolution Therapy (ART), Integrative Restoration (iRest) and other non-invasive, evidence-based protocols that effectively help alleviate triggers related to depression and trauma. Through this program, individuals will also be supported through a Peer Support Specialist who is a veteran with lived experience in substance use and addiction.
Amount awarded: *$150,000.00*

Program Monitoring and Evaluation

Regular monitoring and evaluation are actively conducted to ensure the effectiveness of funded programs. Expenditure and narrative reports are submitted via Neighborly to the Support Services Department for review on a monthly and quarterly basis, respectively. Updates of these projects are then submitted for consideration and review by the OTF during their regularly scheduled meetings, and an annual report of these projects is presented to the Board of County Commissioners.

Pasco County will continue to integrate feedback received during publicly held presentations, meetings, and community groups to incorporate a participatory approach to decision-making that prioritizes community needs as part of how these dollars are spent. Through collaborative efforts between organizations and innovative initiatives, we aim to achieve a tangible and positive impact on the lives of our residents and the response to care for OUD/SUD and MH. We are confident that the investments detailed above will continue to leverage, expand, and create new avenues and treatment options that will impact the community for generations to come.

Should you need any additional information, please do not hesitate to contact our office.

Sincerely,

Paula Baracaldo

Riana Giannico, Grants Coordinator for Support Services

Call to Order

Madam Chair Baracaldo called the meeting to order at 10:00 a.m.

Invocation and Pledge

Ms. Nevaeh Wilkes, Deputy Clerk, gave the Invocation and led the Pledge of Allegiance to the Flag.

Welcome and Introductions

There was none.

Roll Call

Ms. Wilkes called the roll. All members were present with the exception of Ms. Hudson and Ms. Garrison who were absent.

Public Comment

Madam Chair Baracaldo reviewed the procedures to be followed and called for public comment.

Ms. Esther Valiente, Steps to Recovery, spoke regarding that they tabled the request for the contingency money, the last Commissioner meeting, the amount requested, that the money collected from fundraisers and donations would help them finish the Trouble Creek project, the projected date, the contractor, Davis-Bacon, change orders, support from the Opioid Task Force, the total number of beds, assistance from Drug Court, and the services they provided.

New Business

1 OTF Membership Updates

Madam Chair Baracaldo used a PowerPoint presentation to review the item and spoke regarding that Ms. Hudson would be stepping off of the Task Force that year, that Chief Letona would be replaced by Corporal Mark Ambiano on the Committee, that Ms. Shareef would be stepping off and be represented by Ms. Kellie Rodriguez, that Mr. Rowand would stepping off, the position advertisement, appreciation for the member's service, the presentation of the formal membership of the new body of the Opioid Task Force to the Board of County Commissioners, and that they would start year 2026 with a brand new membership.

This item was for information only.

2 Update - Year-3 BCC Approvals

Madam Chair Baracaldo used a PowerPoint presentation and displayed documents to review the item and spoke regarding fund allocation, that the Board wanted to reinstate a capital contingency for the projects that were approved in year 1, capital contingency overall, the percentage breakdown of allocated funds, the impact of projects in the community, Pasco Kids First, the out-of-cycle request from Steps to Recovery, program funding the intent of the funding for year 3, the carveout from the City-County funds, estimates from the State, that the priority referred to the Mobile Integrated Health program, the funds that they had received already for the year's allocation, and that they would have an update in January.

Discussion was held regarding feedback from the Commissioners on the funding adjustments; concerns about capacity; priorities from the Board; executive salaries; the Hope Shot's salary lines; that they were expecting the final budget information from those projects to come back to them at their next meeting; the funding for One Community Now; the projects availability with the revised allocations; the funding for Steps to Recovery; and that it was reimbursement based.

The Committee approved of any capital contingency funds for the Steps Project as they come in.

3 Tentative Year-4 Meeting Schedule

Madam Chair Baracaldo displayed documents to review the item and spoke regarding the delays they had in the previous year, that they should be back to the normal schedule in January, that they would revisit the schedule with the new members, and that they would like to move future meetings to Tuesdays.

Discussion was held regarding a conflict with the presentation dates.

The Committee approved the draft calendar and to move future Opioid Task Force meetings to Tuesdays.

4 Gap Analysis

Madam Chair Baracaldo used a PowerPoint presentation and displayed documents to review the item and spoke regarding notes from the USF Behavioral Health Science team's meeting, the tentative proposal from USF, that Captain Roach had raised the issue, that they were open to adjustments, what was requested of the members, leadership, that the report would be available after the fact to all community members, the 6-month window, the study cost, and that the County Administrator supported measuring internal programs.

Discussion was held regarding the start date; that a shorter timeline could be provided; whether USF would follow the same process; the changes to year 3; the definition of direct services; that in smaller non-for-profits the lead could also be a provider; salaries; the agreement from the Board; capital projects in the past; and the focus on getting care to the patients.

The Committee approved to move forward with the Gap analysis.

Approval of Minutes

There was none.

Miscellaneous

Old Business

There was none.

Committees Reports

Ms. Kaly spoke regarding the Behavioral Health Urgent Care event, individuals served in year 1, responsiveness from the community, and that they were applying for another County board.

Mr. Resnick spoke regarding an update on the expansion in Dade City.

Mr. Chalmers spoke regarding the Mobile Integrated Health business and the new medication they began to provide.

Discussion was held regarding the treatment that was done at the center and medication dosage.

Judge Crane spoke regarding cases that were brought through the system to BayCare and the impact for the Opioid dollars.

Chief Letona spoke regarding that it was an honor and pleasure to serve with the members of the board, the new member, and her appreciation for the committee.

Ms. Shareef spoke regarding the ASAP event later that week and thanked the Board for their work.

Madam Chair Baracaldo spoke regarding the January meeting, that they would have a Sunshine refresher for the new team members, that she would follow up with the members for the USF study, access to the compiled data, and her appreciation of the members for their service.

Adjournment

The meeting adjourned at 10:34 a.m.

Recommendation:

- Approve the proposed Opioid Treatment, Prevention, and Recovery Fund project awardees, as recommended by the Opioid Task Force, and any revisions, as directed by the Board of County Commissioners (BCC). Delegate full authority to the County Administrator to execute the project-specific agreements in substantially similar form to the attached templates, with review and approval from the County Attorney's Office, on behalf of the Board of County Commissioners (BCC). Additionally, delegate full authority to the County Administrator or his designee to act on behalf of the BCC for any purpose described in the approved subrecipient agreements, including, but not limited to: the authority to provide any necessary notices; to exercise the right to terminate the agreements; to extend the agreements for a period not to exceed two years, if necessary; and to execute any and all documents deemed necessary by the Department of Children and Families related to the project-specific agreements for the use of the opioid settlement funds.

Pasco County
Planning Commission Agenda
Thursday, June 19, 2025
1:30 PM

PASCO COUNTY FLORIDA
OPEN SPACES. VIBRANT PLACES.

West Pasco Government Center
Board Room, 1st Floor
8731 Citizens Drive
New Port Richey, FL 34654

This meeting will be broadcast live on Pasco TV, YouTube Live, Frontier Channel 42 and Spectrum Channel 643 (only for residents living in Pasco County).

All electronic devices must be turned off while in the Board Room.

The Planning Commission has final decision-making authority for Special Exceptions. Any person desiring to appeal a special exception to the Board of County Commissioners will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which the appeal is based. All other decisions by the Planning commission are in the form of a recommendation to the Board of County Commissioners and are therefore not appealable. Appeals of special exceptions are limited to the testimony and evidence in the record, which means that new testimony and evidence outside the record cannot be considered during the appeal proceeding.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact the County's Human Resources Department, Internal Services Building, 7536 State Street, New Port Richey, FL 34654, (727) 847-8030 (V) at least 7 days before the public hearing, or immediately upon receiving this notification if the time before the public hearing is less than 7 days; if you are hearing or voice impaired, call711.

Ms. Kathryn Knight spoke regarding concerns with the addition of the building, the entitlements, the location, SWFWMD drainage, a possible bond from the builder, impact of damage, mailboxes, parking spots, and the golf course easement.

Mr. Tracy Shull, the applicant, spoke regarding being part of the HOA, the size, the bond insurance, the builder's responsibilities, and the plans for the golf course.

Discussion was held regarding one of the parcels and square footage.

MR. POOLE MOVED approval of Staff's recommendation; **MR. PONTLITZ SECONDED.**

Chairman Grey called on the motion; the vote was unanimous, and the motion carried with Mr. Girardi abstaining from the vote due to a conflict of interest.

Miscellaneous Business

7 Pasco 2050 Comprehensive Plan Update Workshop

File Number	PDE25-0287
Comm. Dist.	All
Recommendation	No Action Required Presentation Only

Mr. Kurt Siverson, Planning, Development and Economic Growth, read the item into the record.

Mr. Engel spoke regarding the collaborative effort and introduced the lead for the Comprehensive Plan rewrite.

Ms. Hayat Mazili, Planning, Development and Economic Growth, used a PowerPoint presentation to review the item and spoke regarding community engagement, new policies, updates to the language, the unaffected land, the Central Pasco Employment Village, and what could be found on the website.

Mr. Chris Dougherty, Planning, Development and Economic Growth, used a PowerPoint presentation to review the item and spoke regarding his appreciation to those involved, streamlining the Comprehensive Plan, creating new terms and definitions, being Statute compliant, and keeping up with growth and infrastructure.

Mr. Pittos used a PowerPoint presentation to review the item and spoke regarding streamlining the process, review time, establishing local control through the Comprehensive Plan, adding value to property owners, the current process, the

consolidation of future land use categories, key colorations on the land use map, utility requirements, density, the three tiers, a new housing product, requirements for future developments, the new FLU, small lots, population near business areas, distribution, classifying the MU, affordable housing, and community surveys.

Discussion was held regarding possible variances; revisions to categories; rent costs in other areas; what was being done in the interim; the existing zones; the Land Development Code update; vertically integrated mixed use; the categories; assessment county resources; the theory in planning; transportation corridors; where growth naturally occurred; criteria of investors; affordable housing; property values; the self-regulating market cycles; possible draft documents for the public; website corrections; and an upcoming press release.

Walk-Ons

There was none.

Adjourn

THE BOARD RECESSED AT 2:14 P.M. AND RECONVENED AT 2:29 P.M.

Mr. Pontlitz left the meeting at 3:34 p.m. and returned at 3:38 p.m.

Mr. Poole left the meeting at 3:52 p.m. and returned at 3:55 p.m.

MR. GIRARDI MOVED approval to adjourn; **MR. MOODY SECONDED.**

Chairman Grey called on the motion; the vote was unanimous, and the motion carried.

The meeting adjourned at 4:09 p.m.

NOTICE OF PUBLIC HEARINGS ON
REZONINGS AND SPECIAL EXCEPTIONS
FOR PROPERTIES LOCATED IN PASCO COUNTY

PUBLIC NOTICE is hereby given that the Pasco County Planning Commission will hold a public hearing on **Thursday, March 20, 2025, at the West Pasco Government Center, Board Room, 8731 Citizens Drive, New Port Richey, Florida, at 1:30 p.m.**, and that the Pasco County Board of County Commissioners will hold a public hearing on **Tuesday, April 22, 2025, at the West Pasco Government Center, Board Room, 8731 Citizens Drive, New Port Richey, Florida, at 1:30 p.m.,** to consider applications for rezoning and/or conditional use pursuant to the provisions of the Pasco County Land Development Code, Chapter 400. All hearings will be conducted at the stated time or as soon thereafter as is practical on the following application(s):

1. Karli Properties LLC (RZ-7722) petition for a rezoning from a MF-1 Multiple-Family Medium Density District to a C-3 Commercial/Light Manufacturing District for a parcel located on the south side of New York Avenue, approximately 680 feet east of Utica Drive (aka 26-24-16-0060-00300-0050).

2. Rubrecht Ronald C & Patsy M Living Trust/Bexley New Land (#CU25-08) petition for a conditional use for a 180-foot close-mount monopole communications facility in a 30x80 compound in a A-C Agricultural District for a parcel located on the west side of Joy Drive, approximately 650 feet north of Dogpatch Lane (aka 15-26-18-0000-00700-0000).

3. The Academy at the Lakes Inc/Enclave at Livingston MPUD (RZ-7781) petition for a rezoning from a A-R Agricultural-Residential District to a MPUD Master Planned Unit Development District for a parcel located west of 20 Mile Level Road, approximately 1,180 feet north of State Road 54 (aka 29-26-19-0000-01000-0040).

4. Hlavac Family Trust, Paul & Janie Hlavac/Suncoast Village MPUD (RZ-7820) petition for a rezoning from a A-C Agricultural District to a MPUD Master Planned Unit Development District for a parcel located on the south side of County Line Road, approximately three-quarter mile west of the Suncoast Parkway (aka 04-24-18-0000-01400-0000 et al).

5. Mary Eleanor Taube/Sun City County Line Road North MPUD (RZ-7849) petition for a rezoning from a A-C Agricultural District to a MPUD Master Planned Unit Development District for a parcel located on the south side of County Line Road, approximately one and one-half miles west of the Suncoast Parkway (aka 04-24-18-0000-00500-0000).

6. X05 Farm LLC et al/Elite SR 52 MPUD (RZ-7811) petition for a rezoning from a A-R Agricultural-Residential District and a A-C Agricultural District to a MPUD Master Planned Unit Development District for a parcel located on the north side of State Road 52, approximately one-half mile east of US 41 (aka 10-25-18-0000-00300-0021).

PUBLIC NOTICE is hereby given that the Pasco County Planning Commission will hold a public hearing on **Thursday, March 20, 2025, at the West Pasco Government Center, Board Room, 8731 Citizens Drive, New Port Richey, Florida, at 1:30 p.m.**, to consider an application for a special exception pursuant to the provisions of the Pasco County Land Development Code, Chapter 300. All hearings will be conducted at the stated time or as soon thereafter as is practical on the following applications:

7. Irina Whitmire/Dog Kennel Special Exemption (#SE-7822) petition for a special exception for a kennel in a A-R Agricultural-Residential District for a parcel located approximately 130 feet north of Tulane Street and approximately 340 feet east of Cordel Street (aka 10-25-17-0010-00000-0240).

8. FLEX-CP LLC/Odessa Town Centre SE (#SE-7862) petition for a special exception for a sports training facility in a A-R Agricultural-Residential District for a parcel located on the northwest corner of Old Gunn Highway and Interlaken Road (aka 27-26-17-0020-00800-0000).

9. MEARES FOUR LLC/Meares Special Exception (#SE-7862) petition for a special exception for a boat and RV storage in a C-3 Commercial/Light Manufacturing District for a parcel located on the southeast corner of the intersection of Suncoast Parkway and Shady Hills Road (aka 30-24-18-0000-00100-0017 portion of).

Information concerning these matters will be on file and available for examination by appointment only in the office of the Pasco County Planning, Development and Economic Growth Department, West Pasco Government Center, 8731 Citizens Drive, Suite 200, New Port Richey, Florida 34654, or anytime on our website: www.pascocountyfl.net. To make an appointment or for further information, you may call 727-847-8140. All interested parties may participate in the public hearing and be heard. To learn how to participate in this hearing virtually, which requires advance registration, please visit http://mypasco.net/meetingagendas.

Any person desiring to appeal any decision made by the Planning Commission or the Pasco County Board of County Commissioners with respect to any matter considered at any hearing will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which the appeal is to be based. Persons may obtain a verbatim record of the proceeding by contacting the Clerk and Comptroller's Office, East Pasco Government Center, 14236 6th Street, Suite 201, Dade City, Florida 33523-3414; or at (352) 521-4345.

For questions or inquiries about this meeting, members of the public can reach out to the County's Customer Service Center (727) 847-2411 or County Administration (727) 847-8115 or visit www.mypasco.net. To view the Local Planning Agency and Board of County Commissioners Agendas, please visit http://mypasco.net/meetingagendas.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact the County's Human Resources Department, Internal Services Building, 7536 State Street, New Port Richey, Florida 34654, (727) 847-8030 (V) at least 7 days before the public hearing, or immediately upon receiving this notification if the time before the public hearing is less than 7 days; if you are hearing or voice impaired, call 711.

Dear Property Owner:

This is to notify you that on the dates below, Pasco County intends to consider the following Applications:

MASTER PLANNED UNIT DEVELOPMENT("MPUD"):

Application for Zoning Amendment, Pasco County File No. RZ-7749, to rezone the subject property from C-1 Neighborhood Commercial District and A-C Agricultural District to MPUD Master Planned Unit Development District for the development of a mixed-use development consisting of retail and industrial uses.

COMPREHENSIVE PLAN AMENDMENT:

Small-Scale Comprehensive Plan Amendment, Pasco County File No. CPAS 23(18), to the Future Land Use Map from RES-1 (Residential-1 du/ga) to PD (Planned Development).

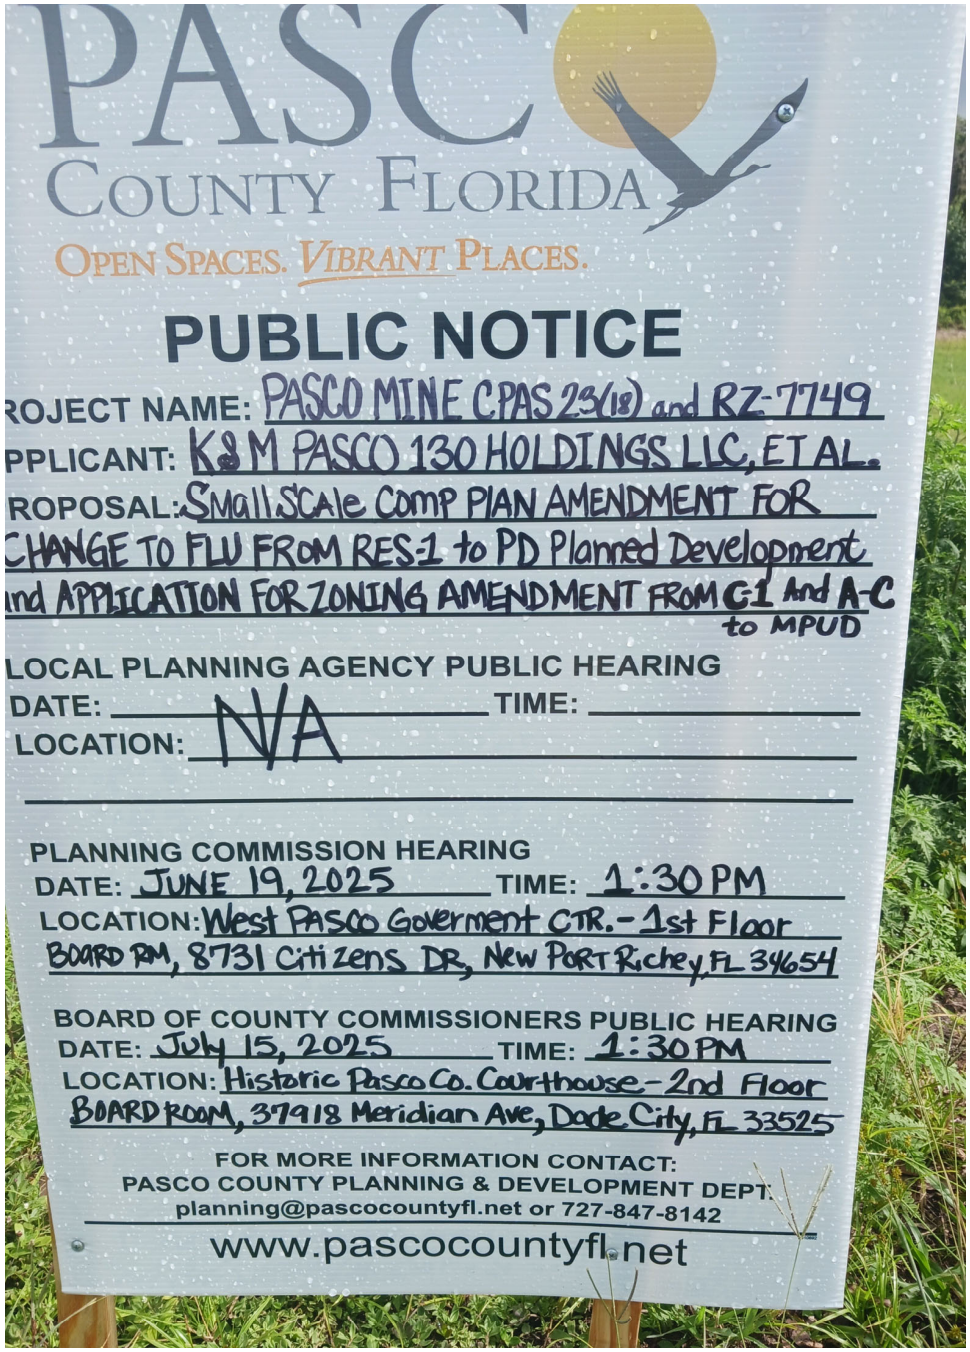
The property is located at the south side of Pasco-Hernando County Line Road, approximately 1.2 miles west of the Suncoast Parkway *(*Pasco County Parcel Nos.: 04-24-18-0000-00600-0000 and 04-24-18-0000-00200-0010) and contains 19.41 acres, more or less.

Public hearings for the consideration of this application will be held:

Planning Commission	**06/19/25**	**West Pasco Govt. Center 1st Floor, Board Room 8731 Citizens Drive New Port Richey, FL 34654**	**1:30 p.m.**
Board of County Commissioners	**07/15/25**	**Historic Pasco County Courthouse 2nd Floor, Board Room 37918 Meridian Avenue Dade City, FL 33525**	**1:30 p.m.**

If you are in opposition to the above-stated application, you will need competent, substantial evidence presented to support your opposition.

Any person desiring to appeal any decision made by the Planning Commission or Board of County Commissioners with respect to any matter considered at any meeting or hearing will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which the appeal is based.



On occasion, applications may be continued. It is your responsibility to contact this office to confirm the above-scheduled public hearing dates. If you desire any additional information concerning this application, please contact the Pasco County Planning and Development Department.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact either the Pasco County Customer Service Center, 8731 Citizens Drive, New Port Richey, FL 34654, (727) 847-2411 (V) or the Pasco County Risk Management Office, 7536 State Street, New Port Richey, FL 34654, (727) 847-8028 (V) at least 7 days before the public hearing, or immediately upon receiving this notification if the time before the public hearing is less than 7 days; if you are hearing or voice impaired, call 711.

Sincerely,

Clarke G. Hobby

NOTICE OF AMENDMENT TO COMPREHENSIVE PLAN FOR PASCO COUNTY

The Pasco County Board of County Commissioners proposes to adopt the following:

AN ORDINANCE AMENDING THE PASCO COUNTY COMPREHENSIVE PLAN; PROVIDING FOR A SMALL-SCALE COMPREHENSIVE PLAN AMENDMENT TO THE FUTURE LAND USE MAP (MAP 2-15 AND SHEET 05) FROM RES-1 (RESIDENTIAL 1 DU/GA) TO PD (PLANNED DEVELOPMENT) ON APPROXIMATELY 19.41 ACRES OF REAL PROPERTY LOCATED AT THE SOUTH SIDE OF COUNTY LINE ROAD, A TEXT AMENDMENT CREATING SUBAREA POLICY FLU 7.1.74-PASCO MINE, AND A MAP AMENDMENTTO THE FUTURE LAND USE MAP 2-9 ADDING SUBAREA MAP 2-9(74) PASCO MINE; AND PROVIDING FOR ADDITIONAL TEXT AMENDMENTS AS NECESSARY FOR INTERNAL CONSISTENCY; PROVIDING FOR A REPEALER, SEVERABILITY, AND AN EFFECTIVE DATE.

On **Thursday, June 19, 2025, at 1:30 pm**, the Pasco County Planning Commission, convened as the Local Planning Agency will hold a public hearing at the **West Pasco Government Center, Board Room, 8731 Citizens Drive, New Port Richey, Florida** to consider the consistency of the proposed amendment with the adopted Comprehensive Plan.

On **Tuesday, July 15, 2025, at 1:30 pm**, the Pasco County Board of County Commissioners will hold an adoption public hearing at the **Historic Pasco County Courthouse, Board Room, 2nd Floor, 37918 Meridian Avenue, Dade City, Florida.**

[CPAS23(18) Pasco Mine]

Information concerning this matter will be on file and available for examination by appointment only in the office of the Pasco County Planning, Development and Economic Growth Department, West Pasco Government Center, 8731 Citizens Drive, Suite 200, New Port Richey, Florida 34654, or anytime on our website: www.pascocountyfl.net. To make an appointment or for further information, you may call 727-847-8140. All interested parties may participate in the public hearing and be heard. To learn how to participate in this hearing virtually, which requires advance registration, please visit http://mypasco.net/meetingagendas.

Any person desiring to appeal any decision made by the Planning Commission or the Pasco County Board of County Commissioners with respect to any matter considered at any hearing will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which the appeal is to be based. Persons may obtain a verbatim record of the proceeding by contacting the Clerk and Comptroller's Office, East Pasco Government Center, 14236 6th Street, Suite 201, Dade City, Florida 33523-3414; or at (352) 521-4345.

For questions or inquiries about this meeting, members of the public can reach out to the County's Customer Service Center (727) 847-2411 or County Administration (727) 847-8115 or visit www.mypasco.net. To view the Local Planning Agency and Board of County Commissioners Agendas, please visit http://mypasco.net/meetingagendas.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact the County's Human Resources Department, Internal Services Building, 7536 State Street, New Port Richey, Florida 34654, (727) 847-8030 (V) at least 7 days before the public hearing, or immediately upon receiving this notification if the time before the public hearing is less than 7 days; if you are hearing or voice impaired, call 711.

Dear Property Owner:

This is to notify you that on the dates below, Pasco County intends to consider the following Applications:

MASTER PLANNED UNIT DEVELOPMENT("MPUD"):

Application for Zoning Amendment, Pasco County File No. RZ-7749, to rezone the subject property from C-1 Neighborhood Commercial District and A-C Agricultural District to MPUD Master Planned Unit Development District for the development of a mixed-use development consisting of retail and industrial uses.

COMPREHENSIVE PLAN AMENDMENT:

Small-Scale Comprehensive Plan Amendment, Pasco County File No. CPAS 23(18), to the Future Land Use Map from RES-1 (Residential-1 du/ga) to PD (Planned Development).

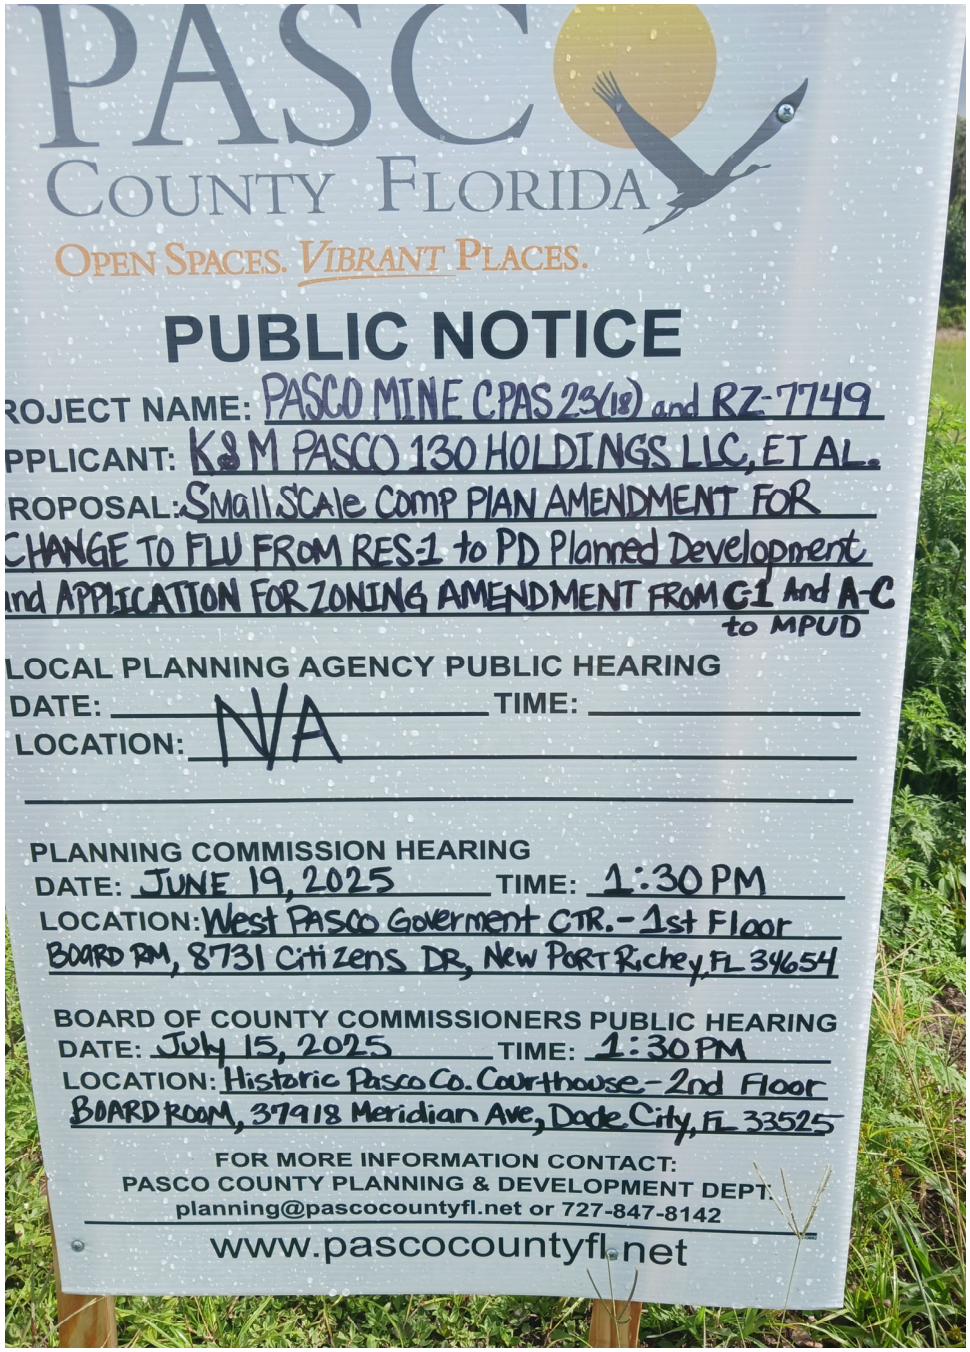
The property is located at the south side of Pasco-Hernando County Line Road, approximately 1.2 miles west of the Suncoast Parkway *(*Pasco County Parcel Nos.: 04-24-18-0000-00600-0000 and 04-24-18-0000-00200-0010) and contains 19.41 acres, more or less.

Public hearings for the consideration of this application will be held:

Planning Commission	**06/19/25**	**West Pasco Govt. Center 1st Floor, Board Room 8731 Citizens Drive New Port Richey, FL 34654**	**1:30 p.m.**
Board of County Commissioners	**07/15/25**	**Historic Pasco County Courthouse 2nd Floor, Board Room 37918 Meridian Avenue Dade City, FL 33525**	**1:30 p.m.**

If you are in opposition to the above-stated application, you will need competent, substantial evidence presented to support your opposition.

Any person desiring to appeal any decision made by the Planning Commission or Board of County Commissioners with respect to any matter considered at any meeting or hearing will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which the appeal is based.



On occasion, applications may be continued. It is your responsibility to contact this office to confirm the above-scheduled public hearing dates. If you desire any additional information concerning this application, please contact the Pasco County Planning and Development Department.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact either the Pasco County Customer Service Center, 8731 Citizens Drive, New Port Richey, FL 34654, (727) 847-2411 (V) or the Pasco County Risk Management Office, 7536 State Street, New Port Richey, FL 34654, (727) 847-8028 (V) at least 7 days before the public hearing, or immediately upon receiving this notification if the time before the public hearing is less than 7 days; if you are hearing or voice impaired, call 711.

Sincerely,

Clarke G. Hobby

NOTICE OF AMENDMENT TO COMPREHENSIVE PLAN FOR PASCO COUNTY

The Pasco County Board of County Commissioners proposes to adopt the following:

AN ORDINANCE AMENDING THE PASCO COUNTY COMPREHENSIVE PLAN; PROVIDING FOR A COMPREHENSIVE PLAN AMENDMENT TO THE FUTURE LAND USE MAP (MAP 2-15 AND SHEET 11) FROM RES-3 (RESIDENTIAL-3 DU/GA) TO PD (PLANNED DEVELOPMENT) ON APPROXIMATELY 10.42 ACRES OF REAL PROPERTY LOCATED ON THE SOUTH SIDE OF RIDGE ROAD APPROXIMATELY 1,185 FEET WEST OF THE INTERSECTION OF RIDGE ROAD AND MOON LAKE ROAD; AND RES-6 (RESIDENTIAL-6 DU/DA) TO PD (PLANNED DEVELOPMENT) ON APPROXIMATELY 13.03 ACRES OF REAL PROPERTY LOCATED ON THE SOUTH SIDE OF RIDGE ROAD APPROXIMATELY 1,187 FEET WEST OF THE INTERSECTION OF RIDGE ROAD AND MOON LAKE ROAD; AND RES-9 (RESIDENTIAL-9 DU/GA) TO PD (PLANNED DEVELOPMENT) ON APPROXIMATELY 9.86 ACRES OF REAL PROPERTY LOCATED ON THE EAST SIDE OF MOON LAKE ROAD APPROXIMATELY 1,455 NORTH OF THE INTERSECTION OF RIDGE ROAD AND MOON LAKE ROAD; AND A TEXT AMENDMENT CREATING SUBAREA POLICY FLU 7.1.84 – RIVER RIDGE PD; AND A MAP AMENDMENT TO THE FUTURE LAND USE MAP 2-9 ADDING SUBAREA MAP 2-9 (84) RIVER RIDGE PD. AND PROVIDING FOR ADDITIONAL TEXT AMENDMENTS AS NECESSARY FOR INTERNAL CONSISTENCY; PROVIDING FOR A REPEALER, SEVERABILITY, AND AN EFFECTIVE DATE.

On **Thursday, June 19, 2025, at 1:30 p.m.**, the Pasco County Planning Commission, convened as the Local Planning Agency will hold a public hearing **at the West Pasco Government Center, Board Room, 8731 Citizens Drive, New Port Richey, Florida** to consider the consistency of the proposed amendment with the adopted Comprehensive Plan.

On **Tuesday, August 19, 2025, at 1:30 p.m.**, the Pasco County Board of County Commissioners will hold an adoption public hearing **at the West Pasco Government Center, Board Room, 8731 Citizens Drive, New Port Richey, Florida.**

[CPAS24(22) River Ridge PD]

Information concerning this matter will be on file and available for examination by appointment only in the office of the Pasco County Planning, Development and Economic Growth Department, West Pasco Government Center, 8731 Citizens Drive, Suite 200, New Port Richey, Florida 34654, or anytime on our website: www.pascocountyfl.net. To make an appointment or for further information, you may call 727-847-8140. All interested parties may participate in the public hearing and be heard. To learn how to participate in this hearing virtually, which requires advance registration, please visit http://mypasco.net/meetingagendas.

Any person desiring to appeal any decision made by the Planning Commission or the Pasco County Board of County Commissioners with respect to any matter considered at any hearing will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which the appeal is to be based. Persons may obtain a verbatim record of the proceeding by contacting the Clerk and Comptroller's Office, East Pasco Government Center, 14236 6th Street, Suite 201, Dade City, Florida 33523-3414; or at (352) 521-4345.

For questions or inquiries about this meeting, members of the public can reach out to the County's Customer Service Center (727) 847-2411 or County Administration (727) 847-8115 or visit www.mypasco.net. To view the Local Planning Agency and Board of County Commissioners Agendas, please visit http://mypasco.net/meetingagendas.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact the County's Human Resources Department, Internal Services Building, 7536 State Street, New Port Richey, Florida 34654, (727) 847-8030 (V) at least 7 days before the public hearing, or immediately upon receiving this notification if the time before the public hearing is less than 7 days; if you are hearing or voice impaired, call 711.

Tampa Bay Times

Published Daily

STATE OF FLORIDA} ss
COUNTY OF PASCO County

Before the undersigned authority personally appeared Deirdre Bonett who on oath says that he/she is a Legal Advertising Representative of the Tampa Bay Times a daily newspaper printed in St. Petersburg, in Pasco County, Florida that the attached copy of advertisement being a Legal Notice in the matter PDE25-043 was published in said newspaper by print in the issues of 06/08/25 or by publication on the newspaper's website, if authorized.

Affiant further says that the website or newspaper complies with all legal requirements for publication in chapter 50, Florida Statutes. Affiant further says the said Tampa Bay Times is a newspaper published in Pasco County, Florida and that the said newspaper has heretofore been continuously published in said Pasco County, Florida each day and has been entered as a second class mail matter at the post office in said Pasco County, Florida for a period of one year next preceding the first publication of the attached copy of advertisement, and affiant further says that he/she neither paid nor promised any person, firm or corporation any discount, rebate, commission or refund for the purpose of securing this advertisement for publication in the said newspaper.

Signature of Affiant _____

CORRECTIVED NOTICE OF PUBLIC HEARINGS ON A REZONING FOR PROPERTIES LOCATED IN PASCO COUNTY

PUBLIC NOTICE is hereby given that the Pasco County Planning Commission will hold a public hearing on **Thursday, June 19, 2025, at the West Pasco Government Center, Board Room, 8731 Citizens Drive, New Port Richey, Florida, at 1:30 p.m.**, and that the Pasco County Board of County Commissioners will hold a public hearing on **Tuesday, August 19, 2025, at the West Pasco Government Center, Board Room, 8731 Citizens Drive, New Port Richey, Florida, at 1:30 p.m.**, to consider applications for a rezoning pursuant to the provisions of the Pasco County Land Development Code, Chapter 400. All hearings will be conducted at the stated time or as soon thereafter as is practical on the following application(s):

1. River Ridge Home Inc/River Ridge MPUD (RZ-7688) petition for a rezoning from a MPUD Master Planned Unit Development District to a MPUD Master Planned Unit Development District to substantially modify the MPUD and the associated entitlements. The River Ridge MPUD is generally located on the south side of Ridge Road west of the intersection of Ridge Road and Decubellis/Moon Lake Road; and on the north and south sides of Ridge Road east of the intersection of Ridge Road and Decubellis/Moon Lake Road.

Information concerning these matters will be on file and available for examination by appointment only in the office of the Pasco County Planning, Development and Economic Growth Department, West Pasco Government Center, 8731 Citizens Drive, Suite 200, New Port Richey, Florida 34654, or anytime on our website: www.pascocountyfl.net. To make an appointment or for further information, you may call 727-847-8140. All interested parties may participate in the public hearing and be heard. To learn how to participate in this hearing virtually, which requires advance registration, please visit http://mypasco.net/meetingagendas.

Any person desiring to appeal any decision made by the Planning Commission or the Pasco County Board of County Commissioners with respect to any matter considered at any hearing will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which the appeal is to be based. Persons may obtain a verbatim record of the proceeding by contacting the Clerk and Comptroller's Office, East Pasco Government Center, 14236 6th Street, Suite 201, Dade City, Florida 33523-3414; or at (352) 521-4345.

For questions or inquiries about this meeting, members of the public can reach out to the County's Customer Service Center (727) 847-2411 or County Administration (727) 847-8115 or visit www.mypasco.net. To view the Local Planning Agency and Board of County Commissioners Agendas, please visit http://mypasco.net/meetingagendas.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact the County's Human Resources Department, Internal Services Building, 7536 State Street, New Port Richey, Florida 34654, (727) 847-8030 (V) at least 7 days before the public hearing, or immediately upon receiving this notification if the time before the public hearing is less than 7 days; if you are hearing or voice impaired, call 711.

AFFIDAVIT ATTESTING TO PROVIDING PUBLIC NOTICE

Justyna Gale, Forward Planning & Design

Owner and Record Title Holder(s) or Authorized Representative Name(s)

That I am (we are) the owner(s) and record title holder(s) or the authorized representative for same of the following described property:

Parcel Identification Number(s) (List All): 32-25-17-0000-00200-0032 Parcel J/L ;29-25-17-0000-00600-0000 (MPUD Parcel K3)

30-25-17-0000-00200-0000 (MPUD Parcel I2); 29-25-17-0000-00400-0020 (MPUD Parcel P2)

That this property constitutes the property for which an approval is requested according to project name (or owner name) and project number (if associated with a site plan) and variance(s) if listed below:

Project Name: River Ridge MPUD Amendment (RZ-7688) and Comp Plan Amendment (CPA 24(22))

Project Number: RZ-7688 and CPA24(22)

Request: Change Comp Plan to Planned Development (MPUD Parcels I2, K3, P2); Modify Zoning: increase commercial to 125,000 SF and allow certain C-2 uses for K3; add 4 units to Parcel J/L for quadplex; increase height to 50 ft for P2 .

That attached is the following:

_____ Proof of publication from the _____ (newspaper name, if applicable).

x Certificate of mailing for the notices, which were mailed on 6/3/2025 and 6/4/2025.
(Date)

x Photos showing the placement of and language on the signage, which was posted on 6/4/2025.

FURTHER AFFIANT SAYETH NOT

STATE OF FL
COUNTY OF Pinellas

(Date)

Justyna Gale

The foregoing instrument was acknowledged before me me by means of ☑ physical presence or ☐ online notarization, this 6-5-25 (date) by Justyna Gale (name of person acknowledging), who is personally known to me or who has produced FL DL (type of identification) as identification.

FORM 8B MEMORANDUM OF VOTING CONFLICT FOR COUNTY, MUNICIPAL, AND OTHER LOCAL PUBLIC OFFICERS

LAST NAME—FIRST NAME—MIDDLE NAME	NAME OF BOARD, COUNCIL, COMMISSION, AUTHORITY, OR COMMITTEE
GREY, CHARLES ROBERT	PLANNING & ZONING
MAILING ADDRESS	THE BOARD, COUNCIL, COMMISSION, AUTHORITY OR COMMITTEE ON WHICH I SERVE IS A UNIT OF:
5636 GRAND BLVD. PASCO	☐ CITY ☑ COUNTY ☐ OTHER LOCAL AGENCY
CITY: NEW PORT RICHEY COUNTY:	NAME OF POLITICAL SUBDIVISION:
DATE ON WHICH VOTE OCCURRED	MY POSITION IS:
6-19-25	☐ ELECTIVE ☑ APPOINTIVE

WHO MUST FILE FORM 8B

This form is for use by any person serving at the county, city, or other local level of government on an appointed or elected board, council, commission, authority, or committee. It applies to members of advisory and non-advisory bodies who are presented with a voting conflict of interest under Section 112.3143, Florida Statutes.

Your responsibilities under the law when faced with voting on a measure in which you have a conflict of interest will vary greatly depending on whether you hold an elective or appointive position. For this reason, please pay close attention to the instructions on this form before completing and filing the form.

INSTRUCTIONS FOR COMPLIANCE WITH SECTION 112.3143, FLORIDA STATUTES

A person holding elective or appointive county, municipal, or other local public office MUST ABSTAIN from voting on a measure which would inure to his or her special private gain or loss. Each elected or appointed local officer also MUST ABSTAIN from knowingly voting on a measure which would inure to the special gain or loss of a principal (other than a government agency) by whom he or she is retained (including the parent, subsidiary, or sibling organization of a principal by which he or she is retained); to the special private gain or loss of a relative; or to the special private gain or loss of a business associate. Commissioners of community redevelopment agencies (CRAs) under Sec. 163.356 or 163.357, F.S., and officers of independent special tax districts elected on a one-acre, one-vote basis are not prohibited from voting in that capacity.

For purposes of this law, a "relative" includes only the officer's father, mother, son, daughter, husband, wife, brother, sister, father-in-law, mother-in-law, son-in-law, and daughter-in-law. A "business associate" means any person or entity engaged in or carrying on a business enterprise with the officer as a partner, joint venturer, coowner of property, or corporate shareholder (where the shares of the corporation are not listed on any national or regional stock exchange).

* * * * * * * * * * * * * * * * *

ELECTED OFFICERS:

In addition to abstaining from voting in the situations described above, you must disclose the conflict:

PRIOR TO THE VOTE BEING TAKEN by publicly stating to the assembly the nature of your interest in the measure on which you are abstaining from voting; *and*

WITHIN 15 DAYS AFTER THE VOTE OCCURS by completing and filing this form with the person responsible for recording the minutes of the meeting, who should incorporate the form in the minutes.

* * * * * * * * * * * * * * * * *

APPOINTED OFFICERS:

Although you must abstain from voting in the situations described above, you are not prohibited by Section 112.3143 from otherwise participating in these matters. However, you must disclose the nature of the conflict before making any attempt to influence the decision, whether orally or in writing and whether made by you or at your direction.

IF YOU INTEND TO MAKE ANY ATTEMPT TO INFLUENCE THE DECISION PRIOR TO THE MEETING AT WHICH THE VOTE WILL BE TAKEN:

- You must complete and file this form (before making any attempt to influence the decision) with the person responsible for recording the minutes of the meeting, who will incorporate the form in the minutes. (Continued on page 2)

APPOINTED OFFICERS (continued)

- A copy of the form must be provided immediately to the other members of the agency.
- The form must be read publicly at the next meeting after the form is filed.

IF YOU MAKE NO ATTEMPT TO INFLUENCE THE DECISION EXCEPT BY DISCUSSION AT THE MEETING:

- You must disclose orally the nature of your conflict in the measure before participating.
- You must complete the form and file it within 15 days after the vote occurs with the person responsible for recording the minutes of the meeting, who must incorporate the form in the minutes. A copy of the form must be provided immediately to the other members of the agency, and the form must be read publicly at the next meeting after the form is filed.

DISCLOSURE OF LOCAL OFFICER'S INTEREST

I, CHARLES R. GREY, hereby disclose that on 6-19, 20 25:

(a) A measure came or will come before my agency which (check one or more)

✓ inured to my special private gain or loss;

___ inured to the special gain or loss of my business associate, _____;

___ inured to the special gain or loss of my relative, _____;

___ inured to the special gain or loss of _____, by whom I am retained; or

___ inured to the special gain or loss of _____, which is the parent subsidiary, or sibling organization or subsidiary of a principal which has retained me.

(b) The measure before my agency and the nature of my conflicting interest in the measure is as follows:

#PC3 & #PC4
AGENT FOR THE PROPERTY OWNER

If disclosure of specific information would violate confidentiality or privilege pursuant to law or rules governing attorneys, a public officer, who is also an attorney, may comply with the disclosure requirements of this section by disclosing the nature of the interest in such a way as to provide the public with notice of the conflict.

PASCO MINE
MASTER PLANNED UNIT DEVELOPMENT
CONDITIONS OF APPROVAL
REZONING PETITION NO. 7749

Master Development Plans

1. Development shall be in accordance with the plans and information submitted August 21, 2023, January 25, 2024, and March 28, 2025; the Land Development Code (LDC); and the Comprehensive Plan unless otherwise stipulated or modified herein.

Environmental

2. If during construction activities any evidence of the presence of State or Federally protected plant and/or animal species is discovered, Pasco County and applicable agencies shall be notified within two working days of the plant and/or animal species found on the site. All work in the affected area shall come to an immediate stop until all pertinent permits have been obtained, agency written authorization to commence activities has been given, or unless compliance with state and federal guidelines can be demonstrated.

3. The applicant shall provide a 100% gopher tortoise burrow survey conducted according to FFWCC guidelines, the FFWCC gopher tortoise relocation permit and FFWCC accepted after action report prior to issuance of site development placard. If site construction does not commence within 90 days from the date of the most recent 100% gopher tortoise survey or capture activities, a new gopher tortoise burrow survey must be completed to ensure gopher tortoises have not moved in and, if found, a valid permit must be obtained, amended, or acted on to capture and relocate all tortoises prior to commencing any site clearing.

4. Suitable nest cavities for the Southeastern American Kestrel were observed within the project area. All suitable nest cavities shall be surveyed for kestrel activity during the breeding season (March 1 to July 31). All potential nesting cavities shall be identified, recorded, and clearly identified in the field. The applicant shall abide by current FFWCC permitting guidelines and provide documentation from FFWCC that they are in conformance with the guidelines prior to issuance of site development placard.

5. A copy of the SWFWMD Environmental Resource Permit (ERP) shall be submitted to the Pasco County project record prior to issuance of site development placard.

Open Space/Buffering

6. Prior to the first certificate of occupancy or equivalent for a concrete batch plant within the MPUD (which is only allowed in the portion of the MPUD depicted as “Concrete Batch Plant” on the MPUD Master Plan), Applicant/developer shall install a Type “C” landscape buffer along the west boundary of the MPUD. Otherwise, Applicant/developer shall install a Type “C” landscape buffer along the western boundary of the MPUD in phases as development occurs along the western boundary. The landscape buffers along the north and east boundaries of the MPUD shall be in accordance with the LDC. No landscape

buffer shall be required along the south boundary because the MPUD is adjacent to an active mine. Existing vegetation may be used to satisfy requirements pursuant to LDC section 905.2 and shall not require an alternative standard application. No internal landscape buffers between industrial uses shall be required.

7. The developer(s) shall create a mandatory homeowners'/property owners'/condominium owners'/merchants' association in the form of a nonprofit corporation registered with the State of Florida, Secretary of State, and/or, if approved, by the BCC or State of Florida, a Community Development District (CDD). The association(s) or District(s) shall encompass the entire boundaries of the MPUD except for any real property to be conveyed to the County or the District School Board of Pasco County (School Board). The developer(s) shall convey in fee simple to the association(s) or the CDD(s), for ownership and maintenance, open space, drainage areas, common areas, landscape areas, wetland areas, buffer areas, preservation/conservation areas, and other special-purpose areas unless the said area(s) is/are required to be dedicated to another governmental entity. Recreation areas and neighborhood parks shall be conveyed to the association(s) as well, but only to the CDD(s) if such special power, pursuant to Section 190.012(2), Florida Statutes, is consented to by the County. All such conveyances shall be for a value that does not exceed the fair market value of the land. Prior to platting the first unit or phase, homeowners'/property owners'/condominium owners'/merchants' association(s) or CDD documents, including Articles of Incorporation with proof of being filed with the State of Florida, Secretary of State, restrictive covenants, and all exhibits shall be submitted to the Survey Department for review along with copies of instruments to be used to convey in fee simple the above-mentioned areas to the said association or the CDD. Impact fee credits for improvements or dedications shall go to the association or the CDD that funded such improvements as applicable. Notwithstanding any other provision of this condition, the developer shall not be required to dedicate any open space, drainage areas, common areas, landscape areas, wetland areas, buffer areas, preservation/conservation areas, or other special purpose areas to such an association or CDD, or include such areas with such association or CDD boundaries, if the affected areas are located entirely within a commercial or industrial (including the concrete batch plant) parcel under single ownership.

8. The applicant shall replace any tree inches removed for this project and shall place them within any required landscaping; however if enough landscaping is not required to mitigate the tree removal and the applicant cannot find additional common area to plant the required number of tree inches, then the applicant shall pay into the tree mitigation fund at the rate established by resolution of the BCC (Resolution 08-284, as amended) as follows: $50.00 per inch but not to exceed $500.00 for each 2,000 square feet of the first-floor building area pursuant to Section 802.3.C of the LDC, and, as to the area on which the Concrete Batch Plant is located, $50.00 per inch, but not to exceed $500.00 for such Concrete Batch Plant area.

Transportation/Circulation

9. The Timing and Phasing Analysis submitted by the applicant assumes the following land uses: 30,000 sq. ft. of retail, 150,000 sq. ft. of light industrial, and a concrete batch plant. Any development of land use(s) that generate(s) greater traffic impacts than those assumed shall require an updated Timing and Phasing Analysis utilizing a methodology

approved by the County. The PC, BCC, or County Administrator or designee, may impose additional conditions on the applicant or developer based on the updated County-approved Timing and Phasing Analysis.

10. The entire project must be platted, or if platting is not required, all building permits must be issued prior to December 31, 2030, or an updated Timing and Phasing Analysis utilizing a methodology approved by Pasco County shall be required. Additional conditions based upon the updated timing and phasing analysis may be imposed by the County.

Access Management

11. The access points shown on the master plan are conceptual only. Permanent placement of each access point shall be determined at the time of review with the corresponding PSP/PDP and shall meet established access-management criteria. Based on the corresponding PSP/PDP, County Administrator, or designee, may impose additional conditions on the applicant/developer.

12. At each PDP/PSP approval, the County Engineer, or designee, may also require site-specific internal or external intersection improvements. Intersection improvements shall be in accordance with the LDC and Access Management Standards as amended.

13. Unless otherwise determined at the time of PSP/PDP review through the appropriate review and approval process pursuant to the LDC, access to any commercial out-parcels shall be provided from internal drives or parking areas.

14. The developer has provided a Substandard Road Application for County Line Road. There are no substandard road impacts to County Line Road that require mitigation by Developer. Developer shall not be responsible for any improvements to County Line, or any proportionate share payment for any improvements to County Line Road, other than access-related improvements and any fugitive dust control measures required pursuant to Condition No. 18, which shall be the Developer's obligation.

Dedication of Right-of-Way

15. Street connections and rights-of-way to adjoining areas to the east, south, and west shall be provided to give access to such areas and/or to provide for proper traffic circulation as determined necessary at the time of PDP approval. Those streets that are required to ensure adequate traffic flow to and through the land are to remain public and shall not be gated.

16. In the case of private streets, and any amenities within those rights-of-way such as paths, trails, sidewalks, and any other non-vehicular accessways, dedication and maintenance shall be the responsibility of the mandatory homeowners'/property owners'/condominium owners'/merchants' association(s) or an appropriate entity other than the County. Pasco County will not be responsible for the maintenance of any private streets or private access amenities.

17. Subject to the provisions of the LDC, Section 901.2.J. (Transportation-Corridor Management; Dedication-Rough Proportionality), the developer(s) is not required to

convey any right-of-way for County Line Road (Pasco County Corridor Preservation Table as amended, located in the Comprehensive Plan, Transportation Element, for arterial/collector and major intersection right-of-way requirements).

Design/Construction Specifications

18. The operator shall be responsible for controlling fugitive dust attributed to work. All access roadways shall be maintained by the operator in a dust-free condition at all times. Appropriate dust-control techniques shall be conducted at the operator's expense when, in the opinion of the County Administrator or designee, dust control becomes necessary.

19. Developer(s) shall protect the Weeki Wachee springshed by prohibiting application of fertilizer in the upland buffer areas, limiting fertilizer application in landscaped or grassed areas to the dry season (October 1st through May 30th) using only contractors holding a Florida Department of Agriculture and Consumer Services Commercial Urban Fertilizer Certification, and by requiring all lots served by septic to measure more than one acre in size.

20. If, during construction activities, any evidence of historic resources including, but not limited to, aboriginal or historic pottery, prehistoric stone tools, bone or shell tools, historic trash pits, or historic building foundation, are discovered, work shall come to an immediate stop, and the Florida Department of Historic Resources (State Historic Preservation Officer) and Pasco County shall be notified within two working days of the resources found on the site.

21. If the property to the east, south, and west has an approved PDP/PSP or is built-out, then prior to PDP/PSP submittal for development within the Commercial/Retail portion of the MPUD, the developer shall supply evidence that it has coordinated with the developer(s) and engineer(s)/surveyor(s) of the adjoining parcels to the east and west, to identify and provide the location of the required interconnecting roadway [such interconnecting roadways do not include the collector/arterial/vision roadways as depicted on the approved master plan]. The following information shall be shown on all PDPs/PSPs and construction plans/construction site plans that include or abut the interconnecting roadway: location (by State plane coordinates), centerline, right-of-way width, cross section, elevation of centerline, grade, and centerline geometry (tangent bearing/curve geometry) to provide a seamless continuation of this road at property lines.

22. The developers shall comply with the County and Pasco County Public Transportation requirements to accommodate mass transit service to and within the project if service is available at the time of preliminary plan/preliminary site plan approval. A detailed description of the overall transit accommodations plan shall include, but is not limited to, a proposed ingress and egress route for buses and bus stops proposed to service the project including, but not limited to, benches, shelters, lighting, pedestrian walkways, landscaping, and placement as required by the County or Pasco County Public Transportation. The developers shall submit the detailed description of the overall transit accommodations plan to Planning, Development, and Economic Growth Department (PDE) for review and approval prior to or concurrent with the PDP/PSP of the first unit or phase within the development. Approval of the detailed description of the overall transit-accommodations plan is subject to Pasco County Public Transportation review and

approval in accordance with the Pasco County Public Transportation *Transit Infrastructure Guidelines* (June 2005), as may be amended from time to time, or any subsequent ordinance adopted by Pasco County. The developers shall include and show on any PDP/PSP submittal the approved transit-accommodation facilities, which shall be constructed with the infrastructure improvements of each affected preliminary plan/preliminary site plan unless an alternative phasing of transit-accommodation-facilities construction is approved with the overall transit-accommodations plan. The applicant/developers and their successors shall not refuse the Pasco County Public Transportation, or any other transit authority, or any of its users/patrons access to such facilities.

23. All sidewalks, bike paths (not including bike lanes within the pavement of any roadway accepted by the County for maintenance), multi-use trails, and other non-vehicular pathways within the rights-of-way of any roadways within the MPUD shall not be the maintenance responsibility of the County.

24. As provided in Chapter 190, Florida Statutes, and subject to the BCC's separate approval, the CDD(s) is hereby authorized to undertake the funding and construction of any of the projects, whether within or outside the boundaries of the CDD(s) that are identified within this rezoning approval. Further, any obligations of the developer contained in this approval may be assigned to a CDD, homeowners'/property owners' association, or other entity approved by the County. However, such CDD shall not be authorized to levy assessments on any property either owned or to be owned by the County or School Board (Public Properties) that are located within the boundary of the CDD. All applicable documents pertaining to the undertaking of funding and construction by the CDD shall reflect the following:

    a. Public Properties shall not be considered benefited properties and shall not be assessed by the CDD.

    b. No debt or obligation of such CDD shall constitute a burden on any Public Property.

Utilities/Water Service/Wastewater Disposal

25. Applicant/developer will rely on well and septic for the subject development in compliance with applicable FDEP/Health Department rules until such time as central water and wastewater connections are required to serve the Light Industrial, Commercial, or Retail portions of the MPUD (the County acknowledges that central water/sewer are not required for the existing office within the MPUD that serves the existing mine, nor the Concrete Batch Plant, both of which may be served by well and septic), at which time Applicant/developer shall connect to such central facilities unless Pasco County Utilities otherwise approves of the same. At such time, a Master Utility Plan for the entire development shall be submitted to the Utilities Services Branch for review and approval prior to or concurrent with submittal of the first construction plan/construction site plan. This utility plan shall show, at a minimum, the following:

    a. Trunk sewer lines and lift stations.

b. Main potable water lines and non-potable water lines, if applicable.

c. Sewage treatment facility locations, including discussion of the proposed method of treatment and the feasibility of a non-potable water system for irrigation.

d. Method of lighting for all nonlocal roads shall be submitted at the time of record plat submittal for each unit or phase.

e. A Master Utility Plan shall include *AutoCAD* and PDF electronic files and hydraulic analysis for the water, wastewater, and reclaimed water systems and shall be in conformance with the Utilities Services Plan guidelines implemented by the Utilities Services Branch.

26. Prior to the time the connections to central water and wastewater services are required as set forth above, the developer(s) and the County shall enter into a Utilities Service Agreement.

27. At such time as the connections to central water and wastewater services are required as set forth above, the developer(s) shall construct all water and wastewater facilities within the development to current County standards. A complete set of instructions may be obtained from the Utilities Services Branch.

28. In consideration of Pasco County's agreement to provide potable water and/or reclaimed water to the subject property, the developer(s)/owner(s) and its successors and assigns, agree to the following:

a. In the event of production failure or shortfall by Tampa Bay Water (TBW), as set forth in Section 3.19 of the Interlocal Agreement creating TBW, and then only for so long as such a production failure or shortfall exists, the developer(s)/ owner(s) shall transfer to the County any and all Water Use Permits or water-use rights the developer(s)/owner(s) may have to use or consume surface or ground water within the subject property, provided that the same are not needed to continue any existing agricultural uses on the subject property, in which case, such transfer shall not be required as long as such agricultural uses are active.

b. Prior to the developer(s)/owner(s) selling water, Water Use Permits, or water-use rights, the developer(s)/owner(s) shall notify Pasco County, and Pasco County shall have a right of first refusal to purchase such water, Water Use Permits, or water-use rights.

Stormwater

29. The applicant shall contact the SWFWMD Engineering & Watershed Management Section for the latest floodplain study information available for design.

30. At time of the first site development permit, the applicant shall comply with applicable County floodplain management requirements.

31. The applicant shall verify if the proposed project is within a Basin of Special Concern. If the project lies in or partially within a Basin of Special Concern, the applicant shall comply with Basin of Special Concern criteria requirements.

32. All pass-through drainage shall have an access and maintenance easement over it. This easement shall be to Pasco County granting the County the right, but not obligation, to access and maintain.

Land Use

33. Land Use maximums shall be in accordance with the following Permitted Uses and Development Limits Table.

Table 1

Permitted Uses and Development Limits

Permitted Uses	Density/Intensity
Commercial/Retail	30,000 Square Feet
Light Industrial	150,000 Square Feet
Concrete Batch Plant	7 Acres (Not limited by square feet or FAR)

34. The permitted Commercial/Retail uses, except for those uses listed below as being prohibited, shall be all permitted uses set forth in the C-2 General Commercial Zoning District in effect at the time of adoption of this MPUD, and specifically including all retail, professional and other services, office (including administrative, medical and professional, medical facilities and clinics), entertainment (including, without limitation, theaters, bars and lounges), civic, cultural, restaurants, hotels/motels, residential treatment and care facilities (including assisted living facilities), daycare, churches, public safety and governmental uses, and educational facilities (including public [charter and traditional] and private schools, colleges, post-secondary and technical schools). The following uses, however, shall be prohibited within the MPUD:

(a) Stand-alone car washes, unless the car wash is owned and operated by a Big Box user in conjunction with its primary use.

(b) New or pre-owned vehicle sales or leasing with outdoor vehicle storage/displays; however, new or pre-owned vehicle sales or leasing is specifically permitted if all vehicle displays, and storage are located completely indoors.

(c) Cabinet, carpentry, plumbing, electrical, mechanical, welding, machine, sheet metal or other similar trade shops except in the areas where Light Industrial uses

are permitted in the MPUD.

(d) RV/Boat or outdoor storage.

(e) Vehicle or equipment garage or mechanical service.

(f) Stand-alone lawn mower or small equipment sales or repairs; lawn mower or small equipment sales are specifically permitted if owned and operated by a Big Box user in conjunction with its primary use.

(g) Mortuaries, funeral homes, or crematoriums.

(h) Stand-alone pottery, propane, septic tank, or sod sales; such uses are specifically permitted if owned and operated by a Big Box user in conjunction with its primary use.

(i) Outdoor shooting or archery ranges.

(j) Solar power collection facility.

(k) Automobile towing, collection, or storage facility.

(l) Mini-Warehouses and Self-Storage facilities within 200 feet of the County Line Road right-of-way.

For purposes of the foregoing requirements, a "Big Box user" shall mean a user subject to Section 1102 of the LDC pursuant to the applicability provision of Section 1102.2 of the LDC.

35. All permitted uses set forth in the I-1 (Light Industrial) Zoning District in effect at the time of adoption of this MPUD (which shall not prohibit Applicant/developer from later seeking conditional use permits or special exceptions within such area in accordance with the LDC) shall be permitted in all "industrial" areas on the MPUD Master Plan. Within the area labeled as "Concrete Batch Plant" on the MPUD Master Plan (the "Concrete Batch Plant"), the permitted uses will be (a) such foregoing I-1 (Light Industrial) Zoning District uses in effect at the time of adoption of this MPUD (which shall not prohibit Applicant/developer from later seeking conditional use permits or special exceptions within such area in accordance with the LDC), (b) the Concrete Batch Plant, which covers a portion of the MPUD, and (c) the office, temporary construction trailer, haul route (private road), drainage pond, truck scale and storage shown on the approved mining plans associated therewith, Exhibit 1. The dimensional and bulk standards shall be in accordance with non-residential lot standards on the MPUD Master Plan, subject to the exceptions in LDC section 530.1, Height Regulations Exceptions. In addition to the special industrial structures set forth in LDC section 530.1, the Concrete Batch Plant (including the Concrete and Concrete Products Plant Facilities, as hereinafter defined) shall be considered "special industrial structures" and may be erected to a greater height subject to the requirements in LDC section 530.1. In addition to the specific Concrete and Concrete Products Plant Facilities that are specifically permitted below, the Concrete Batch Plant may include: (1) Cement silos, associated transfer/conveying equipment, and air pollution (dust) control and exhaust equipment; and (2) Sand/aggregates storage bins, associated transfer/conveying equipment, and air pollution (dust) control and exhaust equipment. The hours of operation for the Concrete Batch Plant shall be 5:00 A.M. to 5:00 P.M., Monday-Saturday.

Formatted: Highlight

36. The Concrete Batch Plant shall be set back 300 feet from the western boundary of the MPUD.

37. The following conditions apply to the Concrete Batch Plant, which shall specifically allow the following facilities that mix cement and other materials to produce:

SIC Code	NAICS Code	Products
3271-01	327331-02	Concrete building block and brick manufacturing s and bricks (e.g. pavers)
3272-09	327390-02	Concrete Products Other than Block and Brick ManufacturingOther concrete products
3273-01	327320-01	Ready-mixed concrete manufacturing and soil cement

(hereinafter "Concrete and Concrete Products Plant Facility or Facilities")

a. Concrete and Concrete Products Plant Facilities must obtain and maintain an air general permit ("AGP") from the Florida Department of Environmental Protection (FDEP) under Rule 62-210.310(4)(g), (5)(b) or (5)(e), respectively, in the Florida Administrative Code (F.A.C.), as applicable. If the facility exceeds the emissions thresholds established in the respective sections of Rule 62-210.310, F.A.C., the facility cannot operate unless an individual air emissions operation permit is obtained and maintained as required by Chapter 62-212, F.A.C.

b. The Concrete and Concrete Products Plant Facility owner or operator shall submit a copy of the Air General Permit Registration Worksheet (the "Worksheet") to the County concurrent with the Preliminary Site Plan/Construction Plan application. In addition to the equipment list provided in the Worksheet, the owner or operator shall provide a site plan illustrating the locations of equipment within the site, if not already provided in the Preliminary Site Plan/Construction Plan submittal.

c. The owner or operator shall provide a description of the proposed operations at the facility in sufficient detail to demonstrate conformance with the emissions limitations established by the applicable sections in Rule 62-296.414, F.A.C. (Dust emissions limits) and/or the applicable AGP. The types of products manufactured shall be described as well as the maximum estimated annual production of each. All manufacturing processes shall be described, together with a list of all air pollutant emitting equipment and any air pollution control measures and equipment, except for mobile equipment (e.g., front end loaders). Emissions from silos, weigh hoppers (batchers), and other enclosed storage and conveying equipment shall be controlled to the extent necessary to limit visible emissions as required by the applicable sections in Rule 62-296, F.A.C. and/or the applicable AGP.

d. The owner or operator shall provide an analysis of the potential for dust emissions to escape and become airborne from unenclosed facilities and operations (I.e., "unconfined emissions" sources). The analysis must demonstrate control of such sources by enclosure and venting through dust collectors has been addressed by the design in accordance with the applicable AGP. Hoppers, storage, conveyance equipment, including

drop and transfer points must be addressed, as well as truck loading and unloading facilities. Control measures to be evaluated include:

i. Limiting the material drop distances between offloading points and stockpiles and restricting the flow of material using dead boxes, socks, and/or drop-down spouts/sleeves;
ii. Installing hoods, fans, and dust collectors to enclose and vent dusty processes through control equipment;
iii. Enclosing conveyor belts and using belt wipers;
iv. Installing and maintaining dust curtains around material transfer points, such a truck loading stations; and
v. Spraying water or dust suppressants on conveyor feed areas.

e. With the Preliminary Site Plan/Construction Plan submittal, owner or operator shall submit a "Fugitive Dust Control Plan" for the County's review and approval that addresses the potential for dust to be generated by wind and/or vehicle movements from open areas that is visible crossing the facility boundary/property line at or near ground level, and owner or operator shall be required to comply with same. The Fugitive Dust Control Plan shall identify all sources of fugitive dust taking into consideration the locations of the sources within the site, the distance to facility boundaries and predominant wind direction, and frequency of activity. Best Management Practices to be evaluated to control fugitive dust emissions include:

i. Monitoring the moisture content and size(s) of exposed materials (e.g., stockpiles);
ii. Applying water or approved chemical dust suppressants on a regular basis;
iii. Minimizing stockpile heights;
iv. Installing wind breaks or barriers around storage piles;
v. Washing, sweeping, or vacuuming paved surfaces on a scheduled basis;
vi. Paving unpaved surfaces;
vii. Enforcing vehicle speed limits;
viii. Installing wheel wash stations near every vehicle exit location; and
ix. Good housekeeping (i.e., removal of accumulated materials adjacent to loading, unloading, and transfer/drop points).

The Fugitive Dust Control Plan must include a description of operating and maintenance procedures to address fugitive dust potential; employee training procedures; and reporting and recordkeeping.

f. The owner or operator shall notify the County of any equipment changes at least 30 days prior to installation. If installation of new process or air pollution control equipment, alteration of existing process or air pollution control equipment, or replacement of existing process or air pollution control equipment with equipment that is substantially different in terms of capacity, control efficiencies, method of operation, material processed, or intended use is proposed, the owner or operator shall submit a copy of a Worksheet to the County at least 30 days in advance.

g. The owner or operator shall not circumvent any air pollution control device or allow the emissions of air pollutants without the operation of all applicable air pollution control devices.

h. The owner or operator shall operate and maintain the facility consistent with equipment manufacturer's recommendations and good air pollution control practices. The owner or operator shall ensure that the facility maintains its eligibility to use the AGP and complies with all terms and conditions of the AGP.

i. The owner or operator of the facility shall allow a duly authorized representative of the County access to the facility at reasonable times to inspect and test to determine compliance with these criteria.

j. This approval does not relieve the owner or operator of the facility from liabilities and penalties when the construction or operation of the facility causes harm or injury to human health or welfare; causes harm or injury to animal, plant, or aquatic life; or causes harm or injury to property. It does not allow the owner or operator to cause pollution in contravention of Florida law.

k. The owner or operator shall complete an emissions test within 60 days following start up on each dust collector exhaust point, and within 60 days prior to each anniversary of the County approval. The emissions test shall apply visible emissions test methods specified by FDEP. Copies of the test results shall be provided to the County within 30 days of the test date.

l. The owner or operator shall provide the County with copies of all correspondence with FDEP concerning the facility.

m. In the event of an upset or failure of an air pollution control device, the owner or operator shall immediately cease operation of the process equipment controlled by the failed device. The County shall be notified within 24 hours of the failure, followed by an estimate of when the device will be repaired or replaced.

n. The owner or operator shall submit a calendar year annual report summarizing the operation of the facility on or before March 1st of the following year. The report shall detail steps taken to ensure conformance with the conditions of this approval, the AGP, emissions testing results, upsets and exceedances (if any), and the effectiveness and revisions to the Fugitive Dust Control Plan.

38. This MPUD contains land areas that could be construed as being zoned for commercial, industrial, and/or mixed-use, and that have been specifically reserved in the MPUD for such uses to ensure that the project provides the benefits of commercial, industrial, and/or mixed-use development, including but not limited to, adequate employment generation and internal capture of vehicular trips. Accordingly, the applicant/developer has committed to, and is hereby requiring, that the permitted uses for such commercial, industrial, and/or mixed-use areas shall remain those uses required by these MPUD conditions of approval, notwithstanding any potential contrary requirements in Section 125.01055(7), Florida Statutes. This condition shall be construed as a requirement imposed by the applicant/developer, and not a requirement of the County, to the extent it prevents any use allowed or preempted by Section 125.01055(7), Florida Statutes.

39. The maximum floor area for the Commercial/Retail portion shall not exceed 30,000 square feet of gross floor area, including out-parcels.

40. The approved 150,000 square feet of light industrial entitlements and the area designated for only light industrial on the MPUD Master Plan may not be utilized or exchanged for retail or residential land uses. This acreage is in addition to the Concrete Batch Plant on the Master Plan, which such area may be used for a concrete batch plant or other approved light industrial uses.

41. The approved 30,000 square feet of Commercial/retail entitlements may not be utilized or exchanged for residential land uses.

42. The maximum square footage set forth above is not a vested right and is subject to reduction based on, or as a result of, applicable County ordinances and resolutions.

43. Parcels may be developed out of numerical sequence and in multiples as long as the parcels being developed do not rely upon infrastructure construction of future parcels.

44. Interim silvicultural and/or agricultural activities shall be permitted until the commencement of development for that portion of the proposed development. Seasonal temporary uses pursuant to Section 530.9 LDC may be allowed with subsequent approval, pursuant to the County's Miscellaneous Permit process for temporary events.

Procedures

45. Unless required elsewhere within the conditions of approval, all conveyances shall occur at record plat or the issuance of the first CO where a record plat is not required or within 90 days of the County's request, whichever occurs first. All conveyances shall include access easements, be in a form acceptable to the Real Estate Division, and be free and clear of all liens and encumbrances, including exemption from all covenants and deed restrictions.

46. The developer(s) shall submit and obtain approval of a Substantial Modification to add uses not previously approved or to reduce open-space or preservation/conservation areas. A Substantial Modification is also required if there is a cumulative increase in

density or intensity of ten percent or more in the number of average daily trips as defined by the Institute of Traffic Engineers and the Pasco County Access Management Team.

47. Unless otherwise approved by the Fire Marshal, or designee, the development shall be included into a Pasco County Municipal Fire Service Taxing Unit to provide fire protection. The developer(s) shall submit a petition for inclusion into the Pasco County Municipal Fire Service Taxing Unit at the time of record plat submission, or when no plat is required, prior to the issuance of the first Building Permit. In no case shall a Building Permit be issued until the Fire Marshal, or designee has received such a petition.

48. Unless otherwise approved by the PDE Administrator or designee, a PDP/PSP must be approved for an entire increment (bubble) prior to any phased construction plan/construction site plan approval. and a PSP must also be approved for each commercial increment in its entirety prior to any phased construction site plan approval.

49. PDP/PSP submittals shall include a detailed breakdown of the individual plan approvals, including the plan name and increment or phase designation as it relates to the Master Development Plan, acreage of the site, gross floor area ratio of commercial space which have received PDP/PSP approval, construction plan/construction site plan approval, and/or record plat approval.

50. If a PDP/PSP for the entire MPUD is not submitted and approved by December 31, 2030 (subject to any statutory or County-wide extensions issued subsequent to the approval of these revised conditions of approval), the conditions of approval for those portions of the MPUD that do not have (unexpired) PDP or PSP approval shall expire. If the MPUD expires, a new MPUD must be applied for and approved by the BCC, and the conditions of approval shall be in accordance with the Comprehensive Plan and LDC in effect at that time.

51. An extension of time limit for approval as identified above shall be processed as a substantial modification approved by the BCC.

52. In addition to complying with the above conditions, no further plan approvals will be granted until such time as the acknowledgment portion of the **BCC approved document** is completed (including notarization) and received by the PDE after the BCC action.

53. All conditions of this MPUD approval are material to the BCC approval. Accordingly, the conditions are not severable. In the event any section, subsection, sentence, clause, or provision of these conditions or the rezoning resolution is challenged and declared illegal, invalid, or in violation of any statutory or constitutional requirement by a body with jurisdiction to make such determination, the remainder of the conditions and MPUD approval shall be suspended until such time that the BCC modifies the MPUD conditions of approval to address the illegal or invalid provision, provided that such suspension shall not exceed nine months in duration. However, such determination shall not affect the validity of 1) MPUD entitlements that have received plat, Building Permit, or CO approval; or 2) any MPUD mitigation committed to or performed as of the date the determination is made, unless such approvals or mitigation are specifically declared to be illegal, invalid, or unenforceable. Requests for BCC-approved modifications to the MPUD or the MPUD conditions of approval shall not be considered challenges and decisions by the BCC

regarding any modification, or the like shall not have the effect of suspending the conditions and the MPUD approval under any circumstances.

54. This MPUD shall not be effective until the corresponding PD (Planned Development) Land Use Classification change is effective.

OWNER'S ACKNOWLEDGMENT:

The owner acknowledges that it has have read, understood, and accepted the above-listed conditions of approval. **Do not sign this document until a final disposition from the BCC regarding this Petition has been received.**

AGENDA

Comp Plan Update

Scope

Pasco 2050 Plan

Mapping the Future

COMPREHENSIVE PLAN UPDATE

1

WHAT IS PASCO 2050?

- A major update to the existing County's Comprehensive Plan; offering a long-range vision for the future

WHY UPDATE?

- ✓ **Understand current conditions**
- ✓ **Address changing needs**
- ✓ **Manage growth**
- ✓ **Expand opportunities**
- ✓ **Improve planning tools**

- Guide County decisions on growth, community development, and resources conservation

- Address multiple topics:
  - Land use, mobility, conservation, housing, coastal management, public infrastructure, public facilities, parks & trails, etc..

- Defines actions to achieve goals and objectives

Local governments are required to prepare, adopt and amend their Comprehensive Plans. (Florida Statutes, Chapter 163)

The existing 2025 Comprehensive Plan was adopted in 1989 and last updated in 2006.

Pasco GROWS

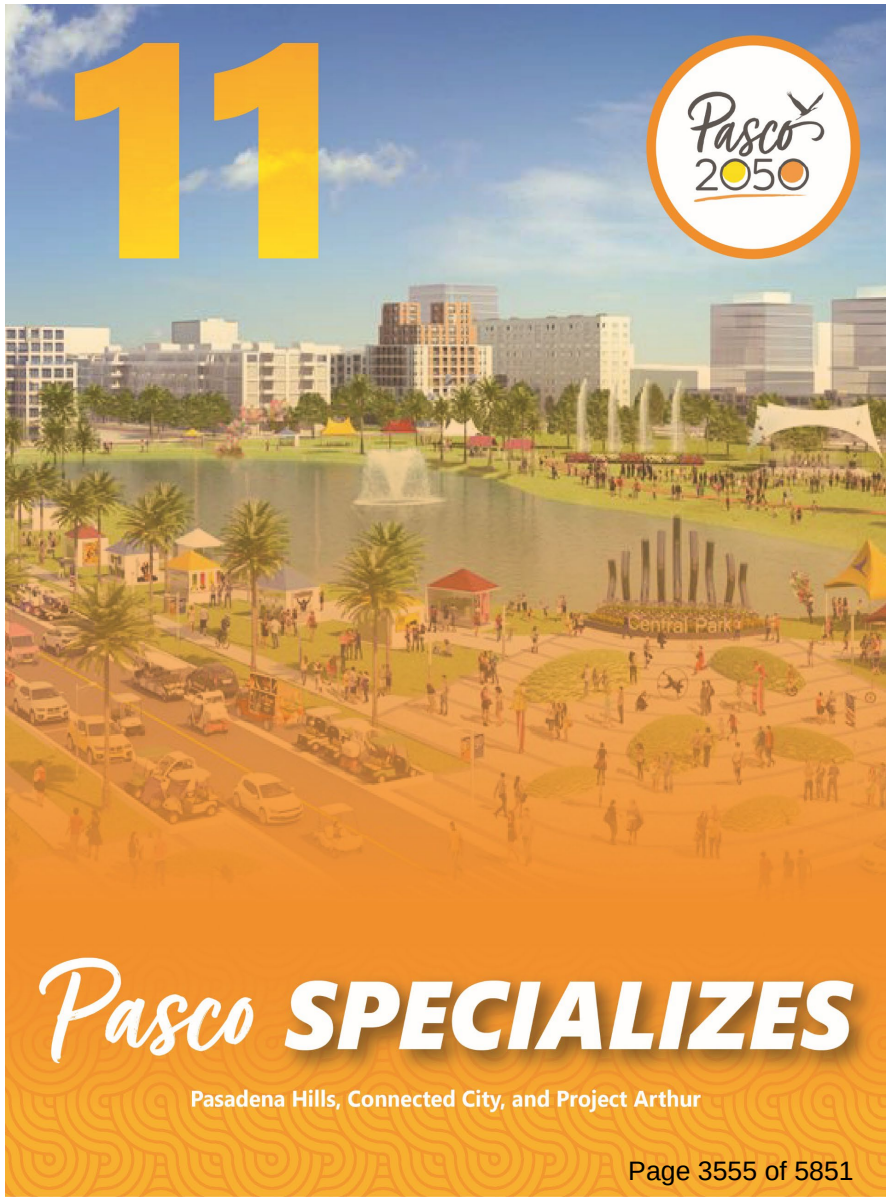
Future Land Use and Property Rights renamed GROWS

Pasco is planning strategic updates to guide future land use, growth, infrastructure, economic vitality, housing needs, quality of life, and sustainable funding sources.

What Changed?

- Streamlines and reorganizes Goals, Objectives, and Policies
- Updates ***Future Land Use Map (FLUM) Series***
- Provides new land use classifications informed by ***Envision Pasco 2050***
    - Creates ***Mixed-Use Nodes*** – Walkable, urban-style hubs at key intersections
    - Creates ***tiered land use*** approach to ***Suburban Density Residential (SDR) FLU***
- Relocates Administration Element to the ***GROWS Appendix***
- Relocates Area Plans – *Pasadena Hills, Connected City, Project Arthur, Connerton New Town, Gateway Hub,* and *Central Pasco Employment Village* – to ***Chapter 11. Specialized Districts Chapter***

Pasco SPECIALIZES



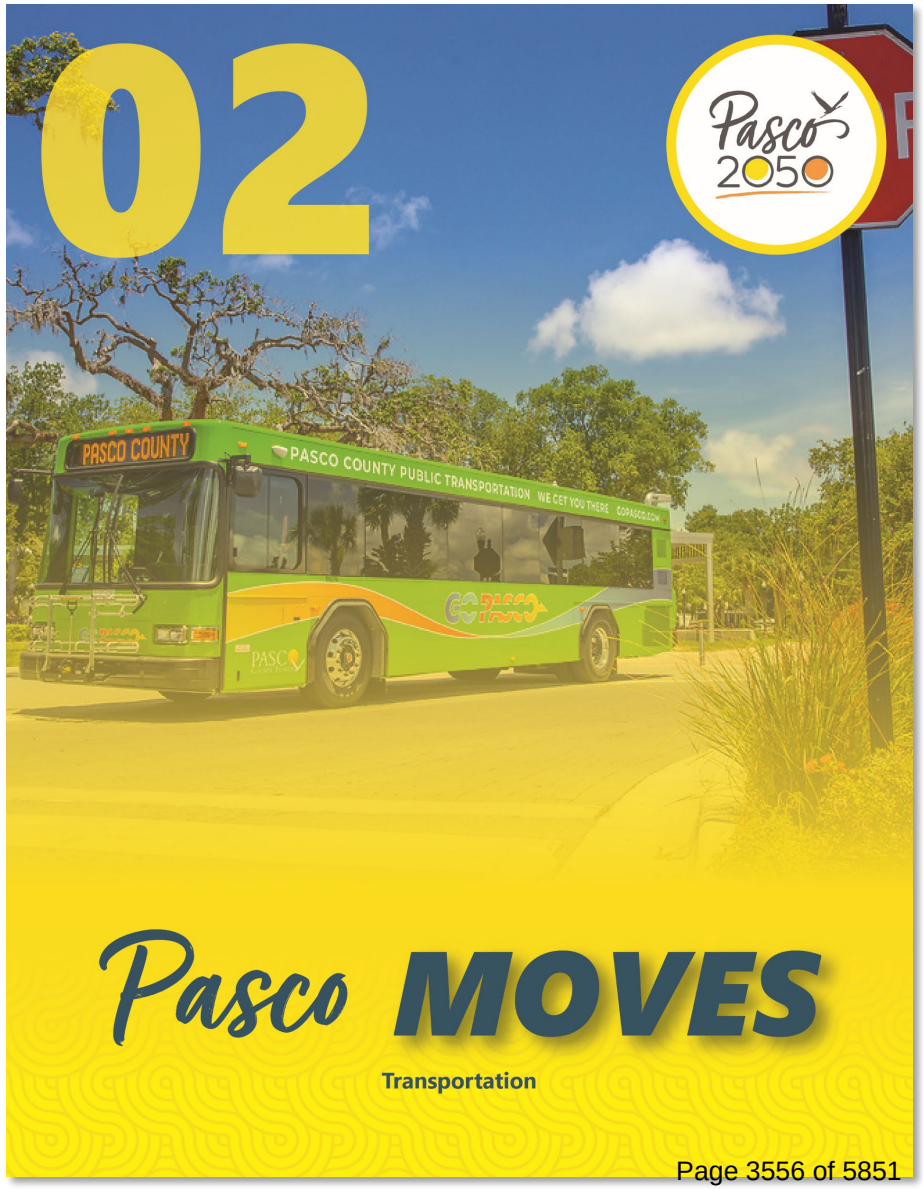
Specific Area Plans moved to SPECIALIZES

Pasco is shaping its future through strategic area planning that balances growth, infrastructure, and quality of life.

What Changed?

- Consolidates Specific Area Plans – ***Pasadena Hills, Connected City, Project Arthur, Connerton New Town,*** **and** ***Central Pasco Employment Village***

- Renames future land use categories in Pasadena Hills GOPs



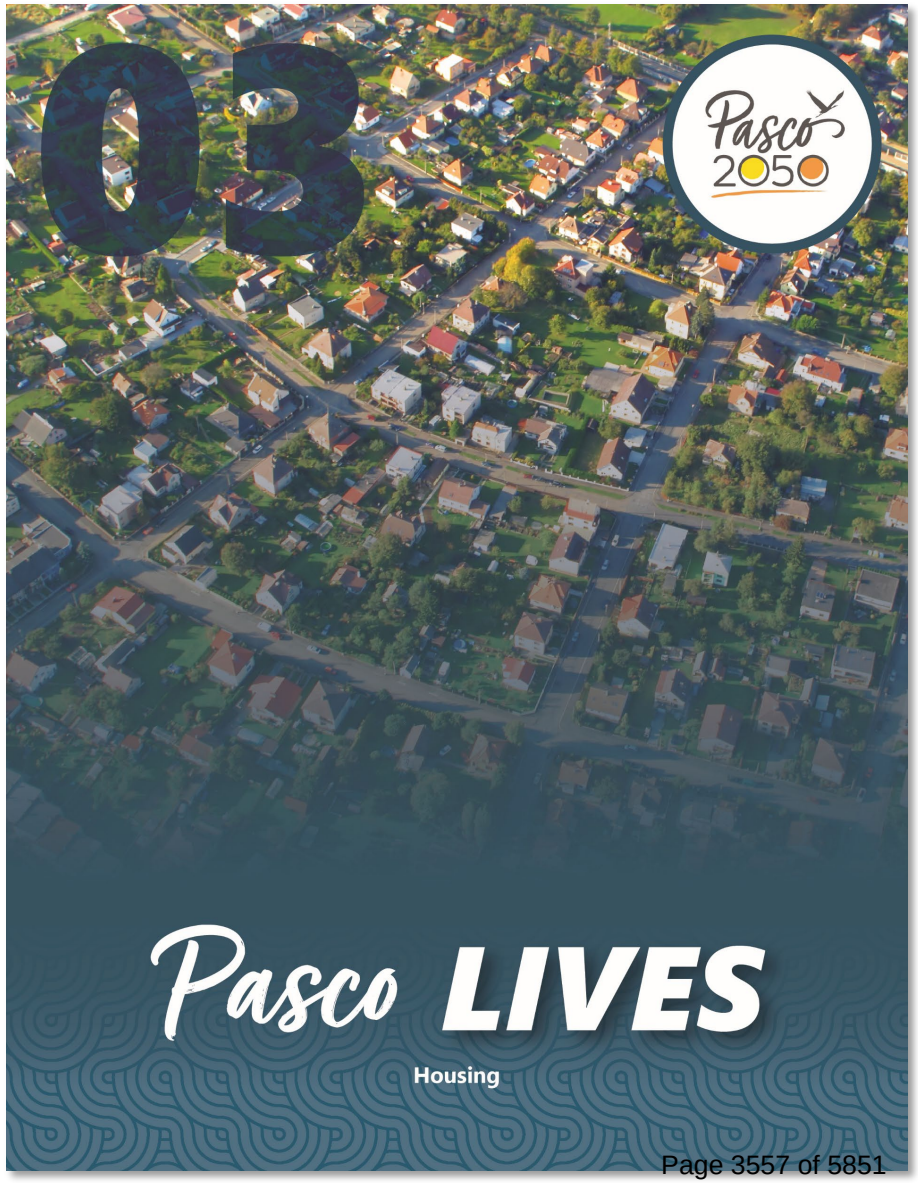
Pasco MOVES

Transportation renamed MOVES

Pasco County is planning a connected, multi-modal transportation system that is safe, reliable, affordable, and convenient for current and future needs.

What Changed?

- Streamlines and reorganizes Goals, Objectives, and Policies
- Promotes ***All Modes*** of transportation
- Encourages ***Stronger Partnerships and Smarter Systems*** (TDM, TSM, and ITS)
- Provides for County-wide Connected ***Greenways and Trails*** and an ***Active Transportation Plan***
- Prepares for ***beautification*** of Corridors Near Mixed-Use Nodes
- Envisions ***Safe Streets for All***

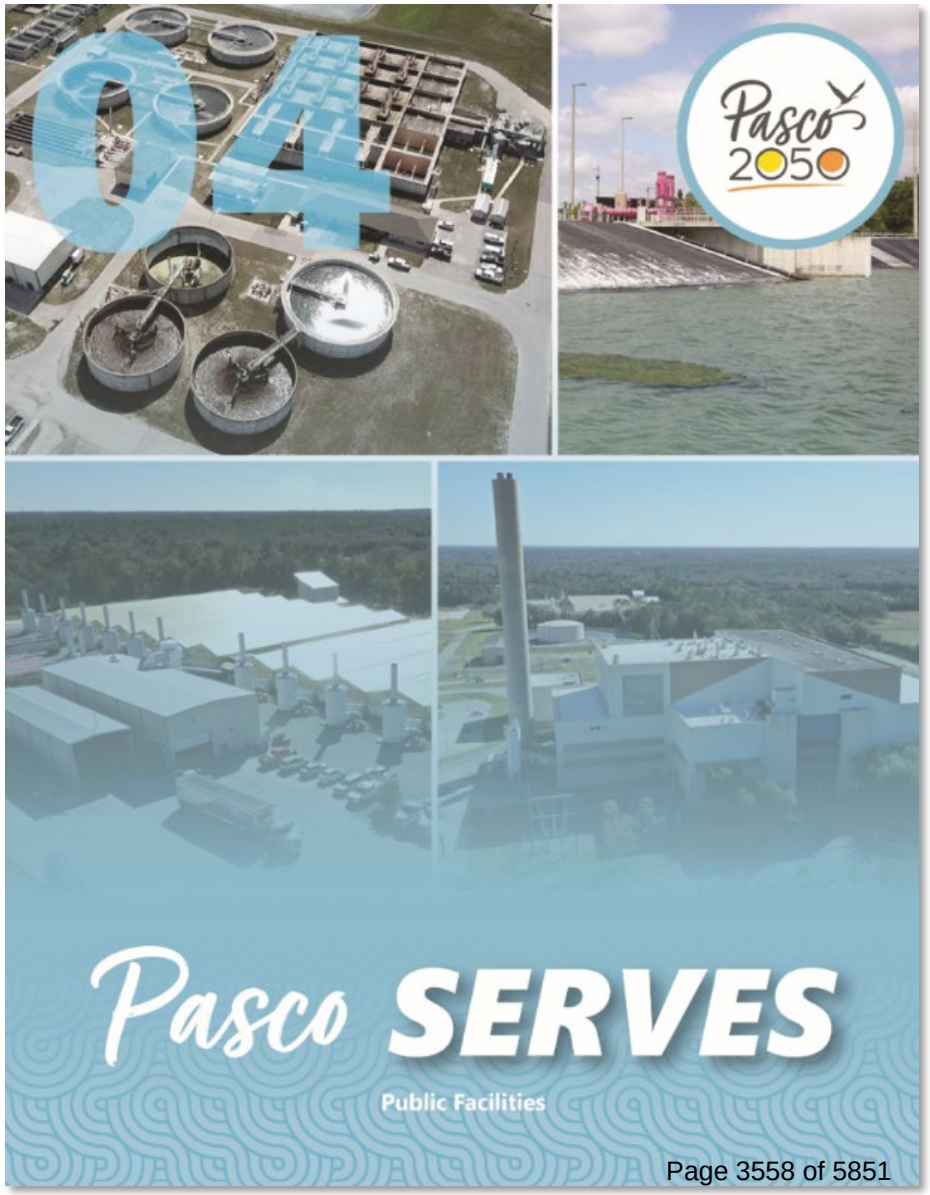


Housing renamed LIVES

Pasco County is planning a diverse mix of housing types to support different lifestyles, meet the needs of a growing population, and build a well-balanced, inclusive community, aligned with the USF Housing Study, IZO Study, and housing affordability strategies.

What Changed?

- Streamlines and reorganizes Goals, Objectives, and Policies
- Adjusts ***residential densities*** for population projections
- Supports new and missing ***middle housing types***
- Expands affordable housing ***options, programs,*** and ***partnerships***
- Provides ***incentives*** for affordable housing development
- Protects ***existing affordable units*** and explores ***surplus land*** and ***inclusionary zoning***
- Rehabilitates ***aging housing stock***



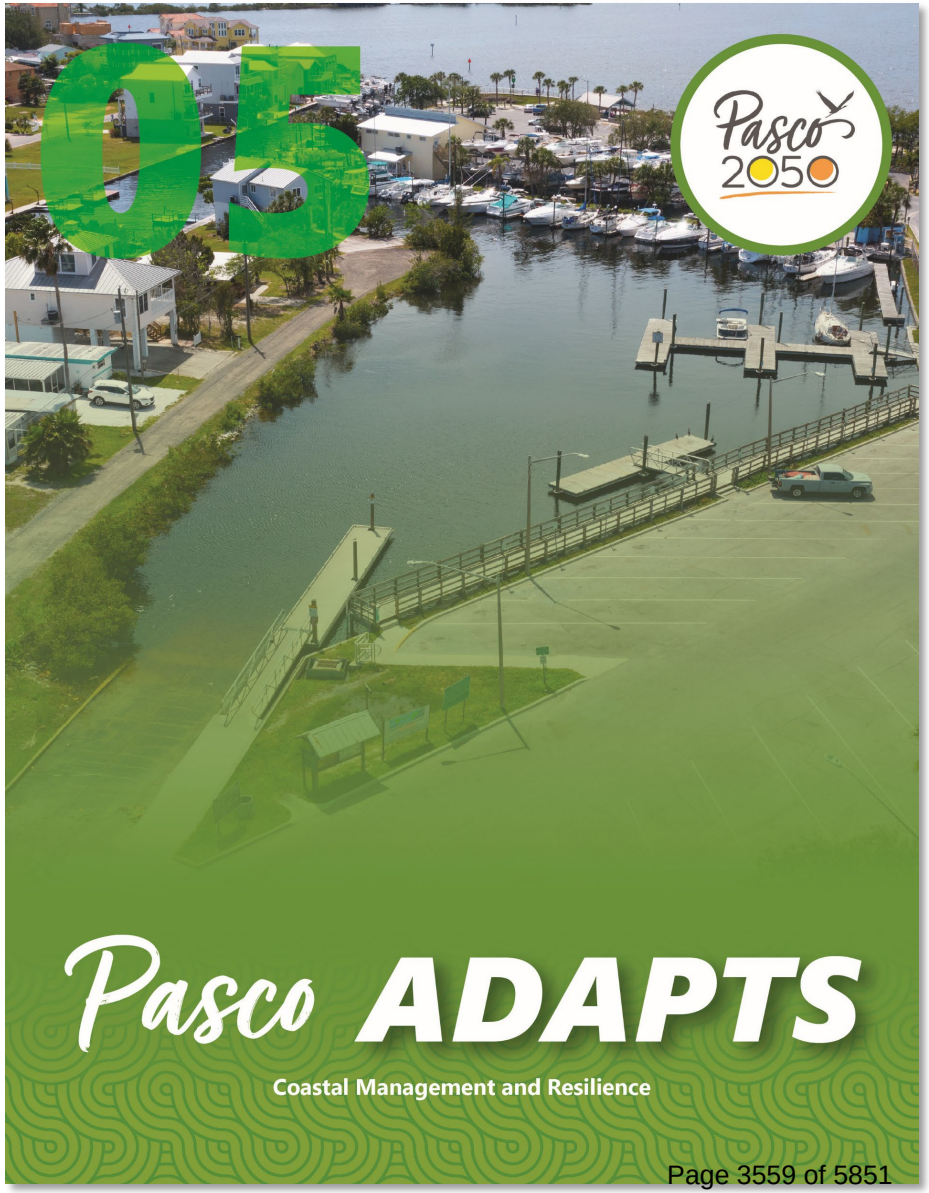
Pasco SERVES

Public Facilities renamed SERVES

Pasco County is planning essential public facilities and services that support potable water, sanitary sewer, solid waste drainage, and stormwater management systems and operations.

What Changed?

- Streamlines and reorganizes Goals, Objectives, and Policies
- Aligns with ***local*** and ***regional plans***
- Requires ***advanced wastewater treatment***
- ***Limits*** use of ***onsite sewage systems***
- Promotes transition from ***septic to central sewer***, where available
- Introduces new ***water conservation*** measures
- Advances alternative ***water supply development***



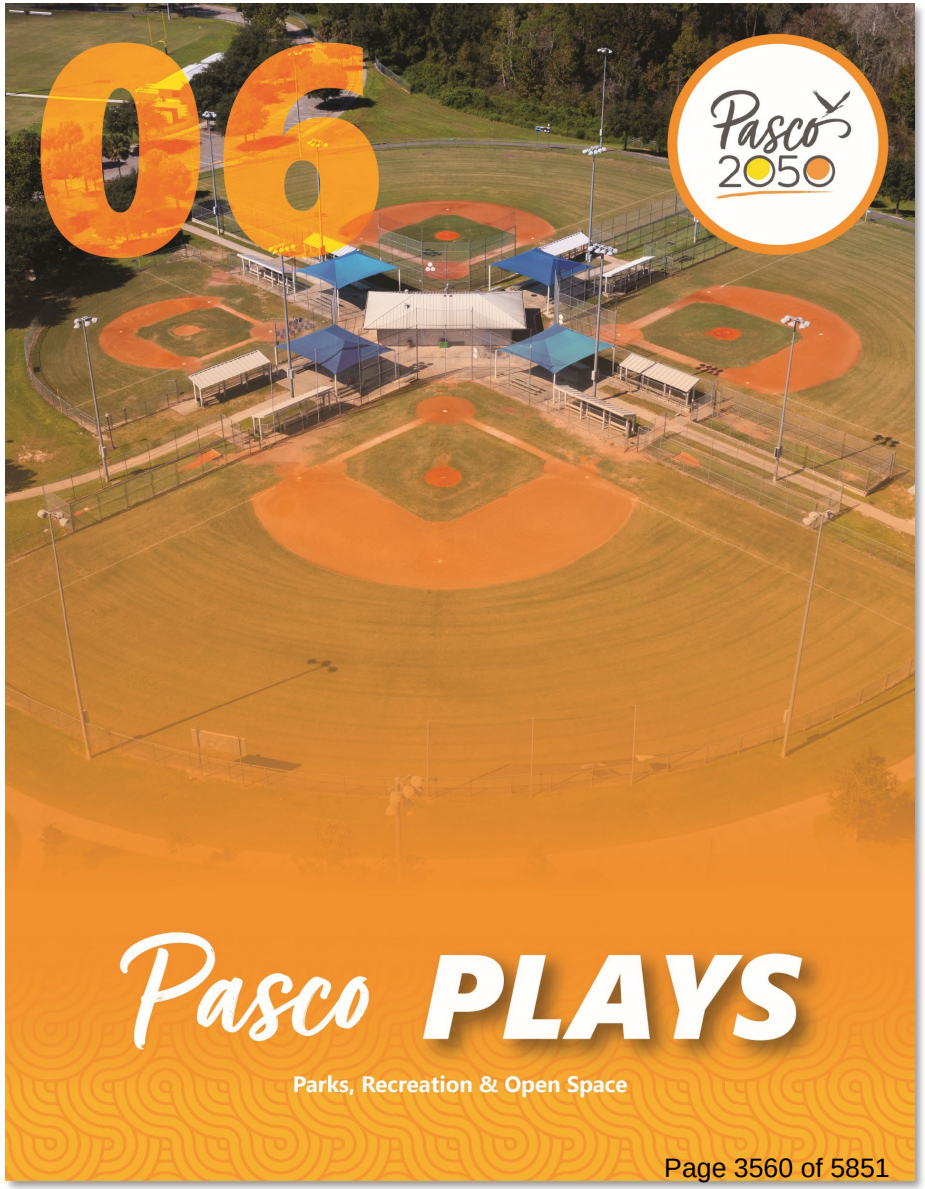
Pasco ADAPTS

Coastal Management renamed ADAPTS

Pasco County is planning for the responsible use and management of coastal resources to protect human life and property, limit public costs in disaster-prone areas, preserve wildlife and natural habitats, and guide safe and sustainable development.

What Changed?

- Streamlines and reorganizes Goals, Objectives, and Policies
- Incorporates ***resilience*** and ***sustainability*** initiatives
- Implements recommendations from the ***2025 Resilience and Sustainability Action Plan***
- Addresses current and future ***climate risks***
- Promotes resilient ***living shorelines*** to reduce flood and storm impacts



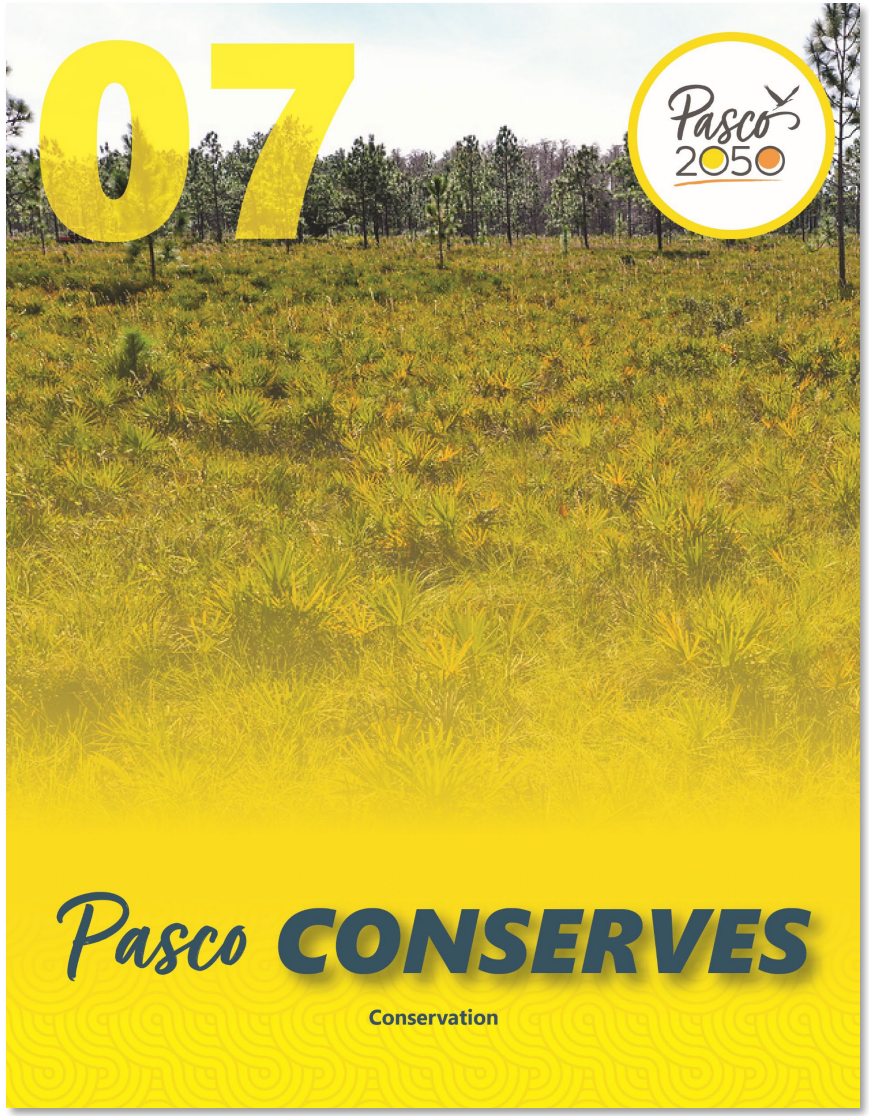
Pasco PLAYS

Parks, Recreation, and Open Space renamed PLAYS

Pasco County is planning a connected, inclusive, and sustainable parks and open space system that meets the needs of a growing population, enhances quality of life, and preserves the County's natural beauty.

What Changed?

- Streamlines and reorganizes Goals, Objectives, and Policies
- Supports the ***Parks Master Plan*** goals
- Enhances neighborhood ***park access*** for walkable neighborhoods
- Develops a ***connected system*** of Greenways, Trails, and Blueways
- Designates five ***Greenway Corridor Opportunity Zones***
- Expands recreational ***programming*** and community use opportunities
- Addresses ***parks deficits*** in urbanized areas



Pasco CONSERVES

Conservation renamed CONSERVES

Pasco County is planning for the long-term protection and enhancement of its natural resources to safeguard habitats, improve air and water quality, reduce flood risk, and ensure access to parks and preserves for future generations.

What Changed?

- Streamlines and reorganizes Goals, Objectives, and Policies
- Recommends open space that connects to nearby ***natural lands***
- Simplifies ***wetland category definitions***
- ***Preserves and manages trees*** through LDC regulations
- ***Reduces nutrient loads*** in surface water

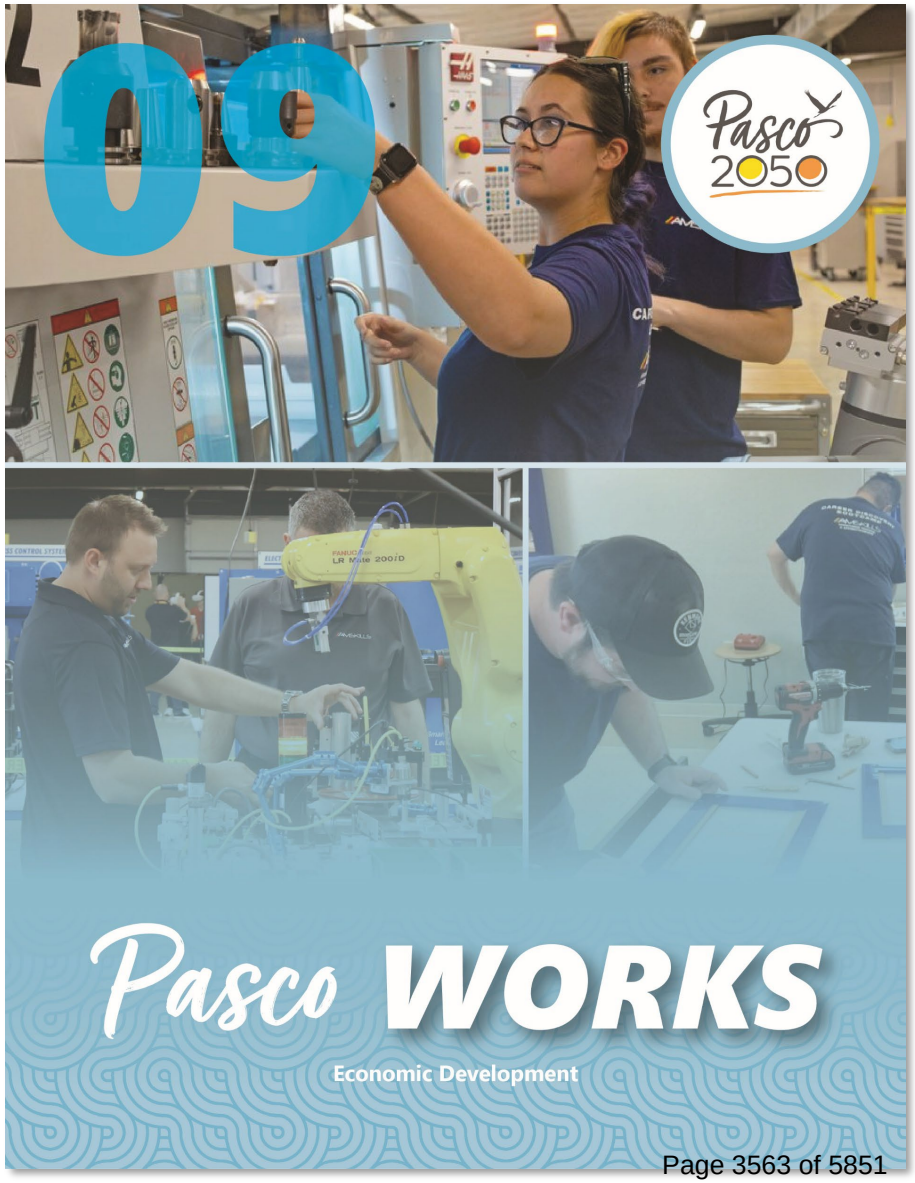
Pasco PARTNERS

Intergovernmental Coordination and Public-School Facilities renamed PARTNERS

Pasco County is planning for strong regional partnerships and coordinated growth by aligning land use, infrastructure, and school planning with local, regional, and state partners to support sustainable development and quality public services.

What Changed?

- Streamlines and reorganizes Goals, Objectives, and Policies
- Updates language to reflect ***current regulations*** and ***practices***
- Outlines ***coordination mechanisms, key partners,*** and ***required dispute resolution process***



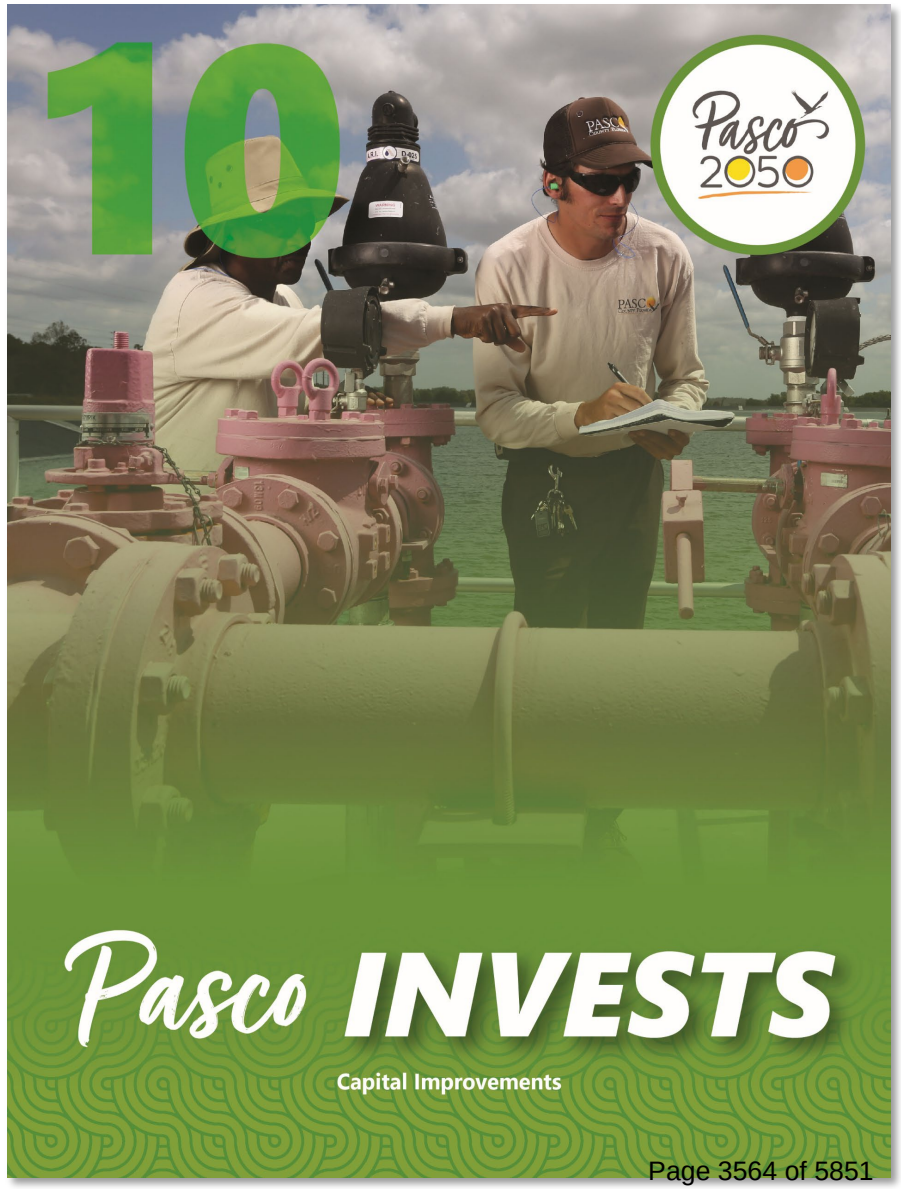
Pasco WORKS

Economic Development renamed WORKS

Pasco County is planning for a stronger local economy by transforming into a thriving employment hub, attracting new industries, and expanding opportunities through strategic investments and business incentives.

What Changed?

- Streamlines and reorganizes Goals, Objectives, and Policies
- Defines ***target businesses*** and ***recruits new businesses*** *and* ***retains existing businesses*** that strengthen the local economy
- Invests in ***infrastructure*** to support economic growth
- Offers ***incentives*** and ***reduces barriers*** to business development
- Develops a ***skilled workforce*** through strong partnerships
- Markets Pasco as a ***business*** and ***tourism destination***



Pasco INVESTS

Capital Improvements renamed INVESTS

Pasco County is prioritizing and funding critical infrastructure to ensure public facilities keep pace with development while supporting quality of life, economic opportunity, and environmental stewardship.

What Changed?

- Streamlines and reorganizes Goals, Objectives, and Policies
- Integrates language from ***Administration Element***
- Consolidates all ***Level of Service standards***
- Updates ***Capital Improvement Projects list***
- Removes ***financial feasibility requirement***, which is no longer mandated by the state

Exhibit 2-2

Transitional Land Uses General Guidelines

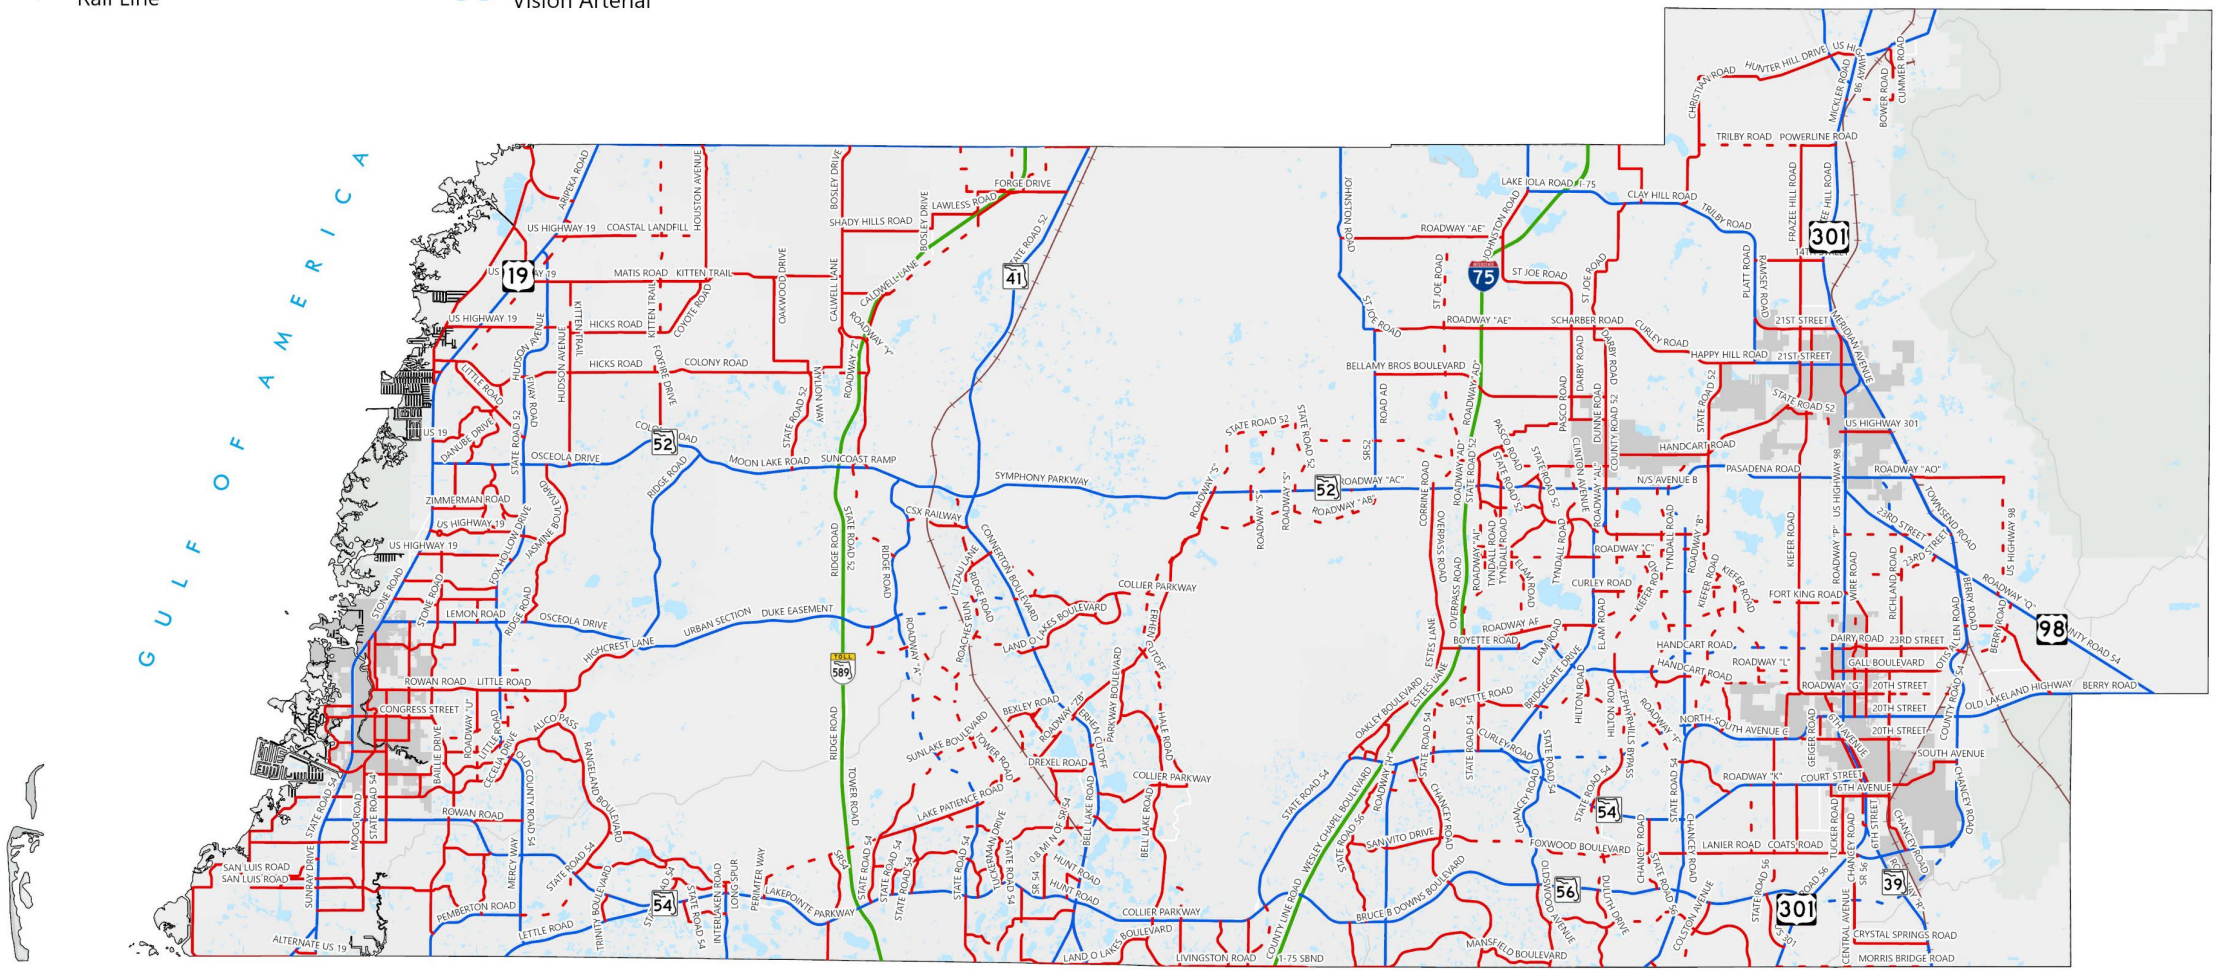
This table is to be used as a general guide in evaluating compatibility between proposed and adjacent land uses. A transitional land use is any land use which functions as: (1) a transition through space by a gradual increase in development intensity between land uses (e.g., development of medium density residential between high and low density uses, or a low density development at an urban fringe between an urban area and surrounding general rural areas); and/or (2) transition through time by the conversion of residential uses to higher intensity residential and office uses where the character of an area has changed and the existing use is no longer an appropriate long-term use. Other provisions such as maintaining community character, availability of facilities and services, and comprehensive plan policies will also apply to amendment requests.

Proposed Land Use / Adjacent Land Use	Agricultural	Agricultural/Rural	Residential-1	Residential-3	Residential-6	Residential-9	Residential-12	Residential-24	Connerton New Town	Commercial	Office	Industrial-Light	Industrial-Heavy	Employment Center	Town Center	Planned Development	Public/Semi-Public
Agricultural*	x	x	x														
Agricultural/Rural*	x	x	x														
Residential - 1 du/ga*			x	x	+	+	+	+	x	+	+			+	+	+	+
Residential - 3 du/ga				x	x	x	x	x	x	+	+	+		x	x	x	+
Residential - 6 du/ga				x	x	x	x	x	x	+	+	+		x	x	x	+
Residential - 9 du/ga				x	x	x	x	x	x	+	+	+		x	x	x	+
Residential - 12 du/ga				x	x	x	x	x	x	+	+	+		x	x	x	+
Residential - 24 du/ga				x	x	x	x	x	x	+	+	+		x	x	x	+
Commercial	+	+	+	+	x	x	x	x	+	x	x	x	+	x	x	x	x
Office			+	x	x	x	x	x	x	x	x	x	+	x	x	x	x
Industrial-Light					+	+	+	+		x	x	x	x	x	x	x	x
Industrial-Heavy								x		x	+	x	x	x	x	x	x
Employment Center					+	+	+	+		x	x	x	x	x	x	x	x
Town Center				+	+	+	+	+	+	x	x	x	+	x	x	x	x
Planned Development				+	+	+	+	+	+	x	x	x	+	x	x	x	x
Mixed Uses		+	+	+	+	+	+	+	+	x	x	x	+	x	x	x	x
Public/Semi-Public																	

X *Compatible Transitional Land Uses*

\+ *Can be a compatible transitional use with sensitive site design "such as **transitioning** lot sizes, sufficient buffers, limited building heights, architectural controls and limited hours of operation, limiting adjacent uses to passive, unobtrusive uses (e.g., no dump sites, loading areas, lighting, noise, odor or hazardous materials). May require an MPUD or CPD zoning to address these issues. Public use compatibility varies greatly with proposed uses. Because public uses support neighborhoods, these uses are appropriate near residential areas though special buffering may be required.*

* *Transitioning of land use (i.e., stepping down of land uses from higher densities to less intense uses) is ineffective in the Northeast Pasco Rural Area since it does not clearly identify the future limits of urban development, and will likely lead to urban sprawl. A clear and sharp distinction (e.g., establishment of the Northeast Pasco Rural Area and Rural Transition Area boundaries) between rural and urban densities is considered more effective in protecting rural character. For transitions that are being evaluated outside of the Northeast Pasco Rural Area and Rural Transition Area, the standard articulated in footnote (+) shall apply.*



Note: Conservation Lands and Coastal Lands adjacenticies are regulated by policy as stated in this Comprehensive Plan.

AGRICULTURAL AND RESIDENTIAL

CATEGORY	DENSITY RANGE	FAR	INTENT
AGR **Agricultural Rural**	**Minimum:** 1 dwelling unit per 10 gross acres **Maximum:** 1 dwelling unit per 3.5 gross acres **0.1 – 0.29**	0.25	To maintain agricultural character in appropriate areas and to minimize infrastructure needed in those areas to accommodate future development.
RDR **Rural Density Residential**	**Minimum:** 1 dwelling unit per 3 acres **Maximum:** 2.9 dwelling Unit per 1 gross acre **0.3 - 2.9** **NORTHEAST RURAL:** **Maximum** 1 dwelling unit per 1 gross acre **1.0**	0.27	To provide for rural, low density residential uses consistent with the rural, non-intensive qualities, and natural resource features of the area, while preserving the character of existing or proposed residential neighborhoods.
SDR **Suburban Density Residential** All tiers within SDR are compatible with each other. Locations and sites adjacent to municipalities, SDR FLU density shall NOT exceed the highest density allowed in the neighboring municipality. This cap is applicable within unincorporated areas included in any Joint Planning Area. Existing SDR classifications within the Northeast Pasco County Rural Area (Rural Area 1) are capped at a maximum density of 6 du/ga; SDR adjacent to the Greater Lacoochee NCR FLU is capped at 3 du/ga	**Minimum:** 3 dwelling unit per 1 gross acre **Maximum:** 17.9 dwelling Unit per 1 gross acre **3 - 17.9**	0.27	To provide for a range of suburban density residential uses implemented through three density tiers that include design criteria for each tier in order to achieve and/or maintain the character of the area and/or surrounding area(s), and to ensure harmony in the transitions between the tiers and neighboring FLUs as new development occurs over time.
	Tier 1: **3 – 5.9**	0.27	To provide for lower suburban density residential uses while preserving the character of existing or proposed residential neighborhoods.
	Tier 2: **6 – 11.9**	0.27	To provide for lower-medium suburban density residential uses and a mixture of housing types.
	Tier 3 **12 – 7.9**	0.27	To provide for medium- suburban density residential uses and for the most diverse groupings of housing types in the highest intensity suburban environment.
UDR **Urban Density Residential** All existing densities developed prior to Pasco 2050 that are within the UDR classification are recognized as compatible existing densities to UDR. Locations and sites adjacent to municipalities, UDR FLU density shall NOT exceed the highest density allowed in the neighboring municipality. This cap is applicable within unincorporated areas included in any Joint Planning Area.	**Minimum:** 18 dwelling unit per 1 gross acre **Maximum:** 64 dwelling unit per 1 gross acre **18 - 64**	1.6	To provide for high density urban residential uses in areas of the County (e.g., the Urban Concentration Area/ Urban Service Area) where existing infrastructure can accommodate intensive residential use(s).

PRODUCTIVE/BUSINESS

CATEGORY	INTENSITY/DENSITY	INTENT
CEO **Commercial, Employment Generating, Office**	**3.0** Urban Service Area: **4.0** 32 du/ga	To foster economic growth and provide high-intensity employment opportunities near to high-density residential uses. The CEO FLU shall require at a minimum MPUD Master Planned Unit Development District zoning as determined by the Land Development Code.
COR **Commercial, Office, Residential**	**0.75** Urban Service Area: 4.0 24 du/ga	To allow for a diverse mix of commercial, office, research, residential, and institutional uses to attract investment and support regional economic and employment goals.
ORI **Office, Research, Light Industrial/ Institutional**	**2.0** Urban Service Area: **4.0**	To support a mix of employment generating land uses focused on economic and institutional development with an emphasis on a flex office/ research environment and light industry.
PI **Planned Industrial**	**1.0**	To allow for manufacturing, processing, large-scale distribution centers, and other high-impact industrial activities which may have objectionable aesthetics or be associated with loud noise, noxious odors, smoke, dust, or vibration impacts. The intensity of the PI FLU shall be regulated by a context sensitive planned industrial subarea policy and shall require at a minimum MPUD Master Planned Unit Development District zoning as determined by the Land Development Code.

MIXED USE AND TRANSECT CENTERS

CATEGORY	DENSITY RANGE	DENSITY BONUS	FAR	INTENT
PD **Planned Development**	DENSITY: As determined in Subarea Policies Existing PD FLUs, which pre-date Pasco 2050 and contain heavy industrial uses are deemed consistent with this classification.		Floor Area Ratio: As determined in Subarea Policies	To provide for a variety of land uses and intensities within a development site to preserve conservation areas above and beyond Land Development Code requirements; reduce public investment in provision of services; encourage flexible and creative site design; and provide sites for schools, recreation, and other public facilities which provide an areawide benefit to the community.
NCR **Neighborhood Corner**	**6-12** Locations adjacent to municipalities, NCR FLU density shall NOT exceed the highest density of the nearby municipality's FLU. This cap is applicable within unincorporated areas included in any Joint Planning Area.	**+6** may access bonus if 10% of housing is affordable housing serving below 80% AMI needs. May receive additional units beyond density allowance if units are imported from Conservation Subdivision conserved open areas.	**0.60-0.85** Urban Service Area: **4.0**	To provide for concentrated areas of neighborhood-serving commercial, office, residential, recreational and cultural facilities, at intensities compatible with surrounding neighborhoods.
CSQ **Community Square**	**12-18** Locations adjacent to municipalities, CSQ FLU density shall NOT exceed the highest density of the nearby municipality's FLU. This cap is applicable within unincorporated areas included in any Joint Planning Area.	**+12** may access bonus if 10% of housing is affordable housing serving below 80% AMI needs. May receive additional units beyond density allowance if units are imported from Conservation Subdivision conserved open areas.	**0.75-2.0** Urban Service Area: **4.0**	To provide for concentrated areas of community-serving commercial, office, residential, recreational and cultural facilities, at higher intensities than in surrounding neighborhoods.
URC **Urban Center**	**19-64**	**+24** may access bonus if 10% of housing is affordable housing serving below 80% AMI needs. May receive additional units beyond density allowance if units are imported from Conservation Subdivision conserved open areas.	**0.85-4.0**	To provide for concentrated areas of mixed commercial, services, residential and office uses at high intensities.

SPECIFIC PURPOSE

CATEGORY	INTENSITY/DENSITY	INTENT
CL **Coastal Lands**	**1** dwelling unit per **40** gross acres **0.025**	To limit land use densities and intensities in Coastal High Hazard Areas where potential property damage and loss of life due to natural disasters exists.
CON **Conservation Lands**	Floor Area Ratio: 0 Density: 0	To recognize public or private lands held for conservation.
R/OS **Major Recreation/Open Space**	Floor Area Ratio: 0 Density: 0	To recognize major recreation and permanent open space lands.
P/SP **Public/Semi-Public**	Floor Area Ratio: **3.0** Urban Service Area: **4.0**	To recognize major existing and programmed public/semipublic facilities, primarily those facilities associated with public or private utilities and those associated with frequent or regular use by the residents of the community; e.g., educational and health care facilities. Also, to recognize major public facilities which are also not permitted within the residential land use classifications of this Comprehensive Plan. Additional uses under this classification may be recognized by amendments to the Future Land Use Map, if appropriate.

SPECIAL PLANNING AREA

CATEGORY	INTENSITY/DENSITY	INTENT
CPEV **Central Pasco Employment Village**	FAR: As determined in Subarea Policy DENSITY: As determined in Subarea Policy	To acknowledge the unique size, location, and characteristics of CPEV and to define the guiding principles and specific conditions for development.
GH **Gateway Hub**	Floor Area Ratio: As determined in Subarea Policies Density: As determined in Subarea Policy	To recognize the unique characteristics of the Gateway to the County and the Tampa Bay Region at the intersection of S.R. 52 and 1-75. The purpose is to create a mixed-use classification that will provide for appropriate development of this critical regional location.
NT **Connerton New Town**	See Table 5.1.3.1	To create a mixed-use development in Central Pasco County providing for employment opportunities, retail, a range of housing options, and multimodal opportunities.
NPC **New Port Corners**	Development Program Specified in FLU	To create a sense of place in a critical infill location in the West Market Area. The category provides for establishing a focal point on the Little Road as a destination for the region.
VOPH **Villages of Pasadena Hills**	Refer to the Pasco SPECIALIZES Chapter of the Pasco 2050 Comprehensive Plan	
CC **Connected City**	Refer to the Pasco SPECIALIZES Chapter of the Pasco 2050 Comprehensive Plan

PASCO 2050 VISION SURVEY

Nearly 1,050 residents took the survey and shared the following perspectives:

- **22.9%** believe Pasco County should plan for neighborhoods that include shops, healthcare, parks, schools, and leisure options within a 15-minute walk or bike ride from ***areas where residential units are already located***
- **43.5%** believe these destinations should be ***within walking distance***, ideally located within one larger, walkable area.
- **47.9%** support a "***no growth***" approach, believing that new development should always be concentrated within the County's existing urban areas.
- **62.5%** believe goods and services (e.g., grocery stores, gas stations, barbershops, retail, etc.) should be allowed in ***select locations within rural areas***.
- **Top three funding priorities**: **(1)** Land acquisition for natural resource protection, **(2)** Roadway Maintenance, and **(3)** Water Supply Quality Monitoring and Improvements.

PASCO 2050 VISION SURVEY

In an effort to improve the local quality of life and reduce traffic congestion, the County seeks to plan for neighborhoods that feature shops, healthcare, parks, schools, and leisure options within a 15-minute walking or biking distance. Where should these neighborhoods be located?

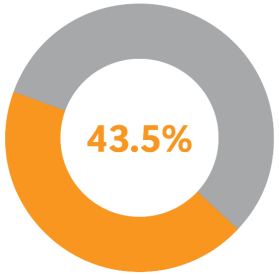
In areas where **residential units** are already located

In areas where **infrastructure** (e.g., roads, sidewalks, water and sewer facilities) already exists or is planned for in the future

In **areas near employment, healthcare, grocery/retail, and other services** already exist or are planned for in the future

In areas where **commercial developments** are already located

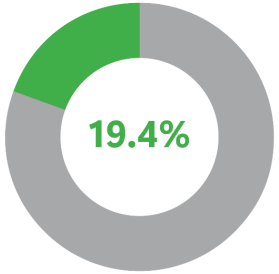
In **areas served by public transportation**



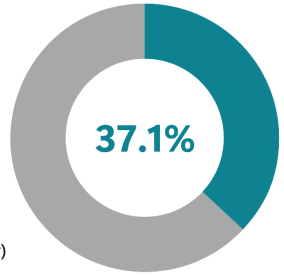
Other locations

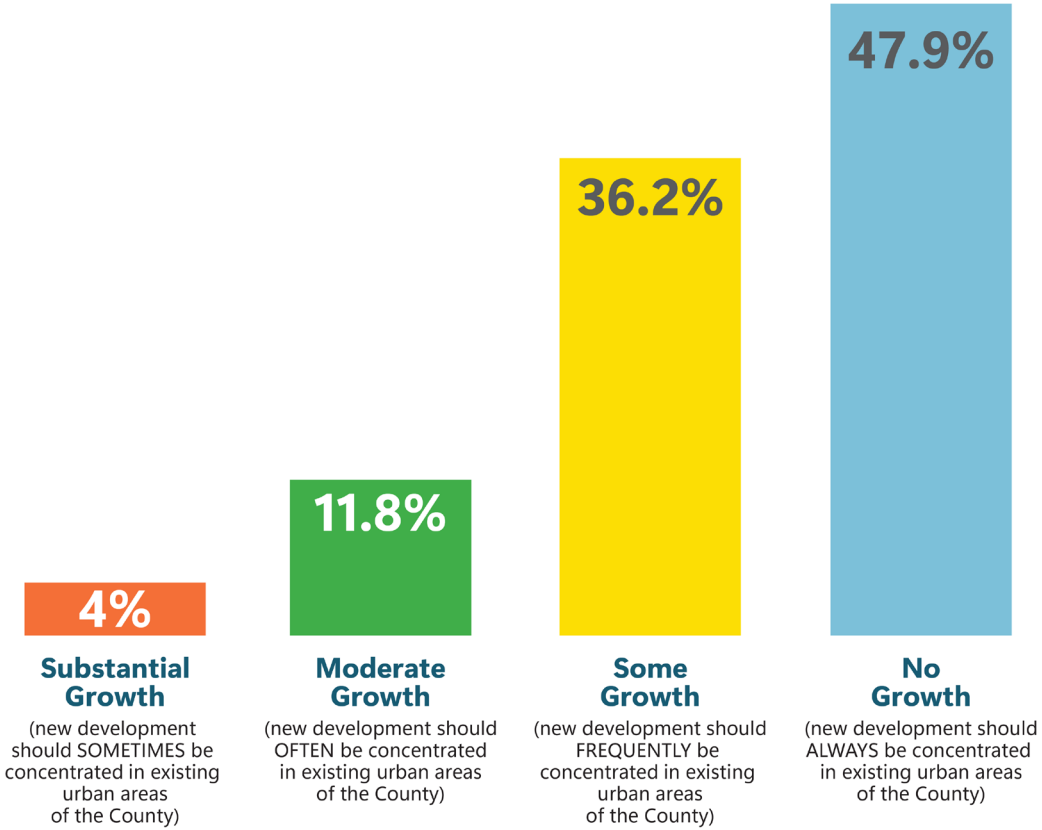
PASCO 2050 VISION SURVEY

In an effort to improve the local quality of life and reduce traffic congestion, the County seeks to plan for neighborhoods that feature shops, healthcare, parks, schools, and leisure options within a 15-minute walking or biking distance. Where should these neighborhoods be located?



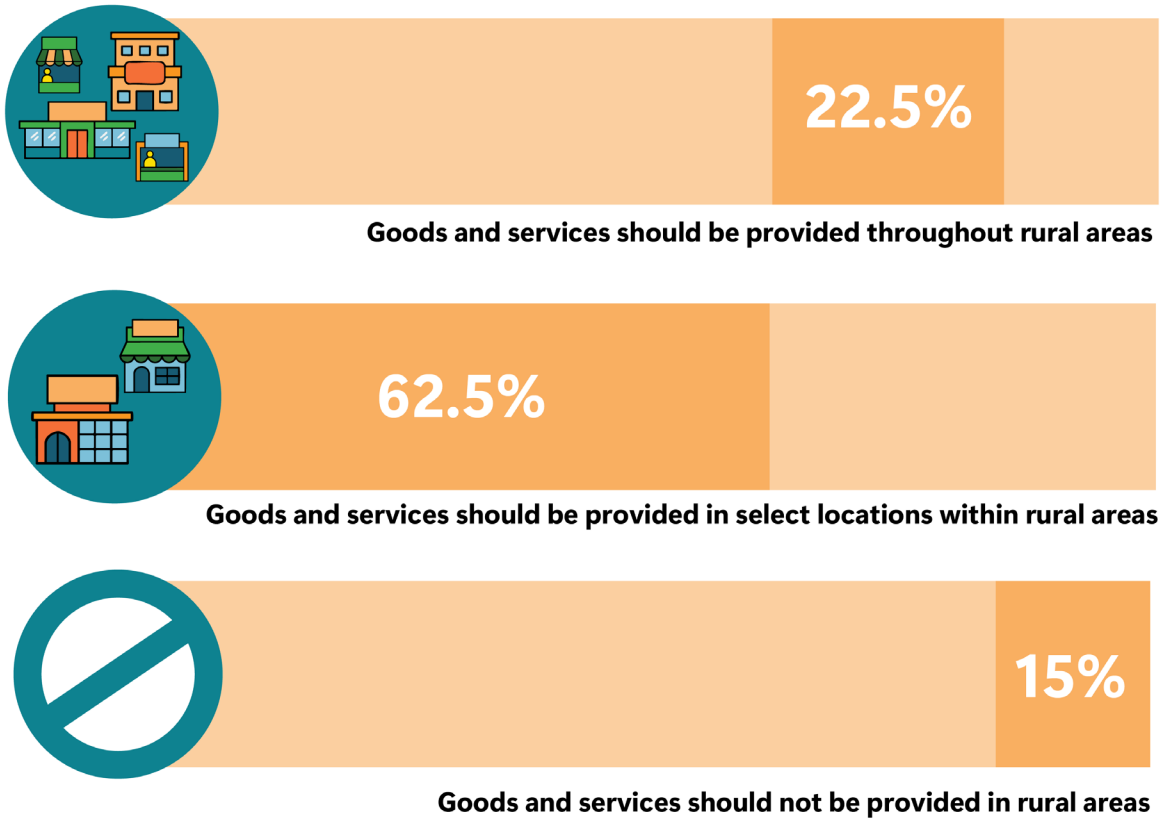
Within walking distance
(destinations should be located within one larger,walkable area)



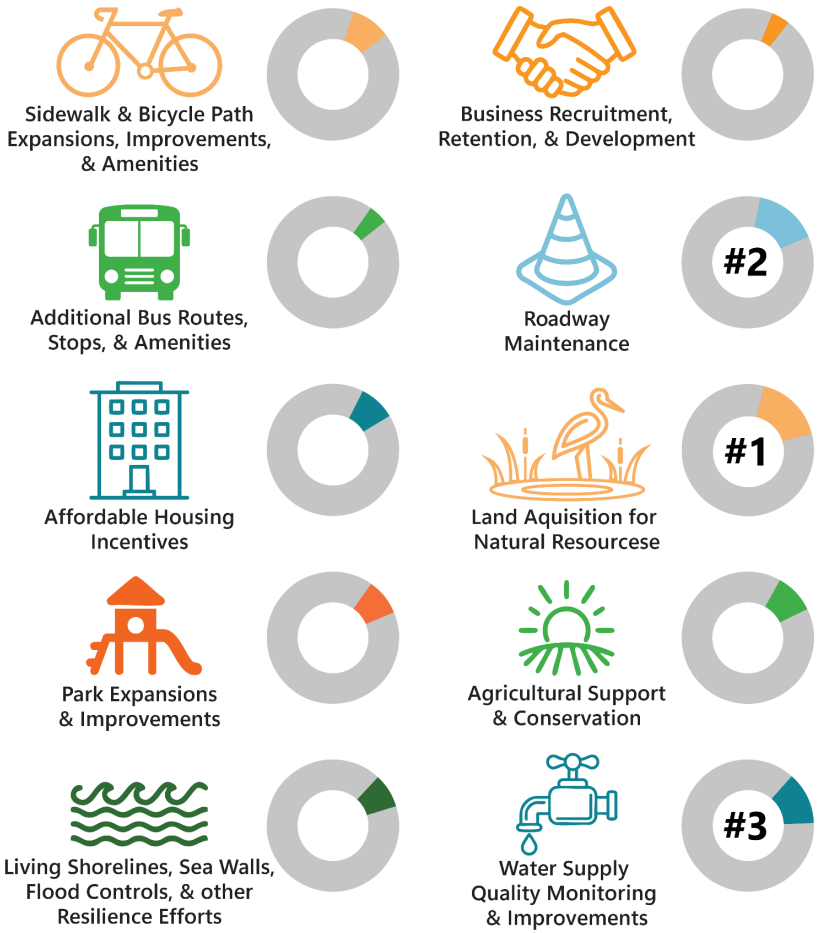


Within bus or biking distance
(destinations should be minimally separated from one another along a corridor)

Within driving distance
(destinations should be separated far away from one another and placed throughout the community)

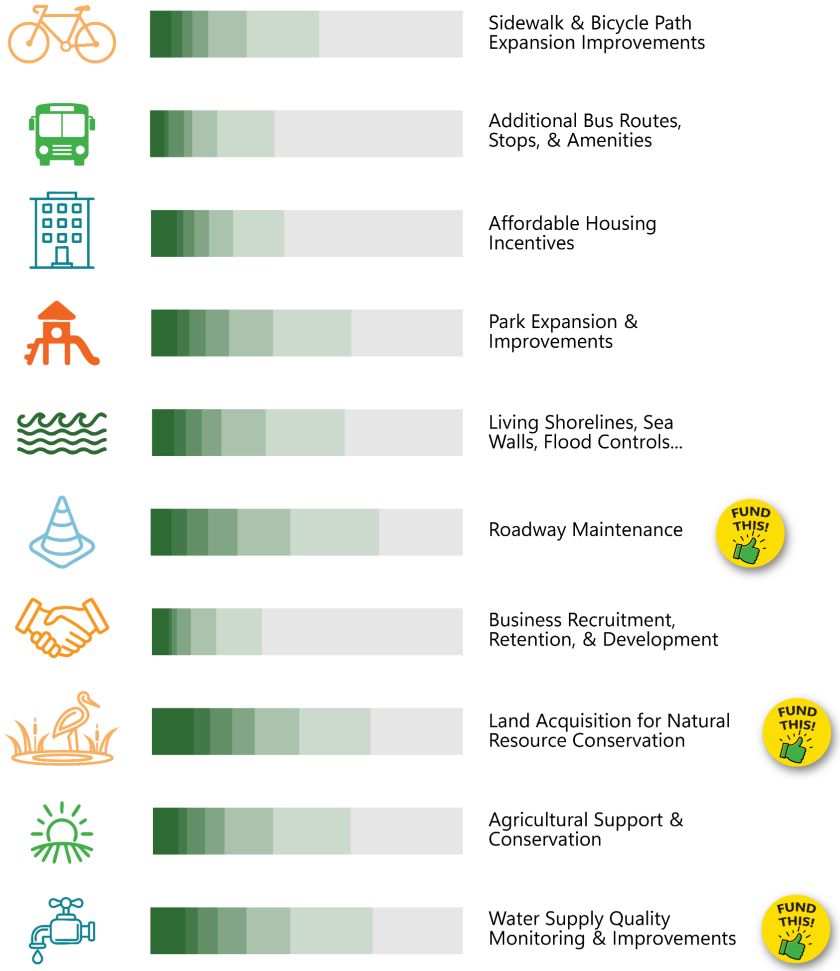


In an effort to improve the local quality of life and reduce traffic congestion, the County seeks to plan for neighborhoods that feature shops, healthcare, parks, schools, and leisure options within a 15-minute walking or biking distance. Where should these neighborhoods be located?



PASCO 2050 VISION SURVEY

Where should basic goods and services (e.g., grocery stores, gas stations, barber shops, etc.) be located for residents living within rural areas of the County?



PASCO 2050 VISION SURVEY

The County's Vision (Envision Pasco 2050) calls for new and expanded public services and facilities by 2050. Considering the limited funds available today, which of the following should the County prioritize? Select up to three options.

One method to fund most, if not all, of the new and expanded public services and facilities identified in Envision Pasco 2050 is to levy new fees or taxes on residents and visitors. Hypothetically speaking, what is the maximum you would be willing to pay annually for the following projects and improvements?

Natural Resource Preservation

- Require stronger tree preservation regulations for new development
- Utilize ELAMP to preserve wildlife corridors
- Ensure the protection of aquifer recharge from new and existing development
- Increase efforts to monitor, protect, and increase the County's water supply

Natural Resource Preservation

Pasco GROWS

- Policy 2.1.17 addressed maximizing aquifer recharge in the Northeast Rural Area
- Policy 4.1.10 emphasized arbor regulations and tree preservation in the LDC
- Policy 4.1.11 raised the issue of clear-cutting trees to prepare for new development

Pasco CONSERVES

- Policy 1.1.3 required the submission of a compatibility plan to protect conservation lands for passage of wildlife
- Policy 1.1.16 addressed the preservation of existing native and non-native trees
- Policy 1.6.7 incorporated permit monitoring for water usage
- Policy 1.6.13 established aquifer recharge provisions

Pasco SERVES

- Policy 1.7.1 expanded water supply facility capacity to meet projected needs through 2030
- Policy 1.8.1 advanced water conservation efforts within Water Supply Facilities Work Plan
- Policy 5.1.1 limited lot coverage and amount of impervious surface of developments in high aquifer-recharge areas

Mobility Enhancement

- Consider a pedestrian bridge over US Highway 19 in locations where other types of potential connections would be infeasible or insufficient
- Identify opportunities to increase the interconnectedness of the County's transportation network
- Plan new transit connections between residential communities and activity centers
- Expand the sidewalk and trail network within the County, particularly around public facilities such as schools and parks

Mobility Enhancement

Pasco GROWS

- Policy 1.6.4 established mixed use design standards in LDC for development within walking distance of transit stations
- Policy 1.6.8 adopted complete streets to encourage pedestrian activity

Pasco MOVES

- Policy 1.1.1 promoted integration of transportation systems
- Policy 1.2.6 prioritized safe and connected systems of sidewalks, multi-use pathways, and bike lanes
- Policy 2.2.2 introduced transit-oriented design standards and mixed-use nodes within residential and employment uses
- Policy 2.8.1 required sidewalks and bicycle facilities at bus stops

Pasco PLAYS

- Policy 1.2.1 identified need for County-wide network of greenways, trails, and blueways connecting to regional system
- Policy 1.3.2 required development of parks, schools, and neighborhoods to include trails, bike paths, and mass transit linkages

Rural Lands & Rural Character Protection

- Prohibit increases in maximum permitted densities within rural areas
- Work with agricultural property owners to develop incentives for placing portions of their property in conservation easements
- Maintain the development regulations applicable within the Northeast Rural Overlay
- Evaluate and refine standards for solar farming*

Rural Lands & Rural Character Protection

Pasco GROWS

- Policy 2.1.2 maintained maximum residential density of one dwelling unit per acre in Northeast Rural Area
- Policy 2.1.7 aimed to amend the LDC to limit topographic alterations in rural areas
- Policy 2.1.8 established conservation subdivision design guidelines to preserve open space and minimize disturbance to natural features
- Policy 2.1.9 protected rural neighborhoods from sensory intrusions of developments and nonresidential uses
- Policy 2.1.12 created the Northeast Pasco County Rural Area Scenic Roadway Overlay District to preserve rural character of roads
- Policy 2.1.18 advanced public facility improvements in the Northeast Rural Area to be consistent with the rural character
- Policy 2.2.4 encouraged pursuit of State and Federal funds to purchase agricultural conservation easements
- Policy 2.3.1 identified Rural Character Areas for protection from intrusion of urban uses and intensities

Park System Expansion

- Identify land acquisition opportunities to expand the County's parks system
- Require the provision of onsite parks and recreation facilities for new, large-scale developments
- Expand programming catered towards youth and senior populations
- Increase the connectivity of multiuse trails within the County

Park System Expansion

Pasco PLAYS

- Policy 1.1.6 maintained requirement for neighborhood parks in developments of more than 25 dwelling units
- Policy 1.1.8 addressed park deficiencies in urban areas through redevelopment project provisions
- Policy 1.1.10 encouraged community participation to assess community needs around parks and recreational programming
- Policy 1.2.1 identified need for County-wide network of greenways, trails, and blueways connecting to regional system
- Policy 1.2.3 established five Greenway Corridor Opportunity Zones to serve as future greenway corridors throughout County
- Policy 1.3.2 required development of parks, schools, and neighborhoods to include trails, bike paths, and mass transit linkages
- Policy 1.8.4 integrated cultural arts programming into parks and recreation system

Pasco MOVES

- Policy 1.2.6 prioritized safe and connected systems of sidewalks, multi-use pathways, and bike lanes

Pasco INVESTS

- Policy 1.2.16 committed to construction and expansion of parks where current population is underserved by existing parks

More Housing Options for All

- Work with property owners to explore eliminating regulatory barriers and fees for rehabilitating dilapidated homes
- Strategically reduce minimum living areas and lot sizes in select residential future land use categories and zoning districts
- Identify and work with developers to address the local housing shortage for senior citizens
- Explore opportunities for permitting additional housing types (e.g., accessory dwelling units, duplexes, etc.) within low-density future land use categories and zoning districts

More Housing Options for All

Pasco GROWS

- Policy 1.3.3 incorporated minimum density and floor area ratios as transit-oriented design standards for higher density residential uses
- Policy 1.5.6 established minimum density requirements within Mixed Use Nodes to discourage urban sprawl

Pasco LIVES

- Policy 1.1.4 revised regulatory barriers for developing Missing Middle Housing types in single family districts
- Policy 1.1.6 permitted accessory dwelling units in Future Land Use classifications that allow single-family residential uses
- Policy 1.2.4 incorporated incentives to produce affordable housing, including density increases and reduced minimum parking
- Policy 1.2.12 continued programs to rehabilitate aging structures for affordable housing
- Policy 1.4.14 targeted neighborhoods earning less than 80% of area median income for concentrated capital improvements
- Policy 1.5.1 connected special-needs populations, including elderly and persons with disabilities, to housing resources

Walkable & Vibrant Places

- Work with developers to establish town centers which act as community gathering spaces and offer goods and services to surrounding neighborhoods
- Permit limited commercial developments within a walkable distance to neighborhoods which can meet their daily needs for goods and services
- Refine landscaping standards for new development to require shade trees, sidewalks, and landscaped parkways within urbanizing areas of the County
- Work with residents to identify opportunities for transitioning existing single-use neighborhoods into vibrant, mixed-use communities

Walkable & Vibrant Places

Pasco GROWS

- Policy 1.3.1 provided Traditional Neighborhood Design guidelines that emphasized walkable streets and town centers with mixed uses
- Policy 1.6.4 established mixed use design standards in LDC for development within walking distance of transit stations
- Policy 1.6.8 adopted complete streets to encourage pedestrian activity
- Policy 4.6.1 allowed neighborhood scaled commercial development within suburban residential designations

Pasco MOVES

- Policy 1.2.6 prioritized safe and connected systems of sidewalks, multi-use pathways, and bike lanes
- Policy 1.3.4 asserted S.R. 54/56 Corridor as an urban roadway, allowing for streetscape improvements such as sidewalks, trees, and lighting
- Policy 2.2.2 introduced transit-oriented design standards and mixed-use nodes within residential and employment uses

Pasco PLAYS

- Policy 1.3.2 required development of parks, schools, and neighborhoods to include trails, bike paths, and mass transit linkages

Pasco WORKS

- Policy 1.5.4 emphasized mixed use activity nodes to facilitate the creation of the fifteen-minute city within urbanized areas

Public & Private Spaces Enhancement

- Prevent the elimination of mature, native trees from new development
- Revise lighting standards to mitigate light pollution within the County
- Establish design requirements for new commercial and office buildings
- Start a program to identify and address non-ADA compliant developments and infrastructure

Public & Private Spaces Enhancement

Pasco GROWS

- Policy 1.5.12 established design requirements for new development within Mixed Use Nodes
- Policy 2.1.1 incorporated rural lighting standards to reduce light pollution in rural areas
- Policy 4.1.10 emphasized arbor regulations and tree preservation in the LDC
- Policy 4.1.11 raised the issue of clear-cutting trees to prepare for new development

Pasco MOVES

- Policy 1.3.9 enhanced site planning and design standards for the S.R. 54/56 Corridor, including landscape, signage, and lighting improvements
- Policy 2.5.1 advanced landscaping regulations on public roadways

Pasco PLAYS

- Policy 1.2.4 required greenways and trails to be adopted in both public and private development projects
- Policy 1.3.3 prioritized accessibility in public recreational facilities, ensuring compliance with ADA requirements

Maintenance of Public Facilities

- Preserve historical and indigenous sites
- Increase funding and service capabilities of the County's emergency management program
- Improve the amenities available at bus stops
- Increase funding for identifying and repairing dilapidated roadways

Maintenance of Public Facilities

Pasco GROWS

- Policy 4.1.13 arranged for identification of historical structures by qualified archaeologist, historian, or architectural historian
- Policy 4.1.14 assigned the Register of Historical and Archaeological Resources to protect identified historical resources

Pasco MOVES

- Policy 1.1.4 committed design coordination between State and County roadway improvements and public transportation service
- Policy 2.8.1 required sidewalks and bicycle facilities at existing and future bus stops

Pasco PARTNERS

- Policy 1.1.6 emphasized coordination with local governments, community organization, and the public to fund the development of roadways
- Policy 1.1.11 prioritized submitting proposal to Board of Commissioners and state agencies to fund emergency management services
- Policy 1.1.12 directed a review and update of the emergency management plan every five years, considering emergency shelters and public education

Pasco INVESTS

- Policy 1.1.2 established annual five-year capital improvements schedule and budget
- Policy 1.3.1 incorporated impact fees as a means of paying for capital improvements and maintenance for public facilities

Resilient Pasco

- Limit the proliferation of large and intense development projects in low-lying, coastal areas
- Expand the capacity and reach of the County's stormwater management facilities
- Increase education and outreach efforts regarding natural hazard preparedness
- Consider utilizing vacant public lands for emergency stormwater overflow

Resilient Pasco

Pasco ADAPTS

- Policy 1.1.7 required activities within Coastal Planning Area to implement a stormwater management system
- Policy 2.1.4 emphasized annual hurricane preparedness simulations and provision of information on evacuation procedures to the public
- Policy 2.3.6 restricted development in Coastal High Hazard Areas by requiring open space preservation and prohibiting expansion of mobile homes
- Policy 2.2.6 committed to the County's acquisition of repetitive loss properties to be used as parks, open space, or stormwater retention
- Policy 3.1.14 expanded education and outreach programs on resilience and sustainability, linking scientific findings to practical applications

Pasco INVESTS

- Policy 1.2.13 required on-site drainage facilities for new projects to attenuate stormwater runoff from 100-year storms
- Policy 1.4.3 limited public investments that subsidize developments in Coastal High Hazard Areas

Pasco SERVES

- Policy 4.1.2 considered the usage of vacant public lands for emergency stormwater overflow
- Policy 4.4.1 prioritized natural water storage areas for the retention, infiltration, and evapotranspiration of stormwater
- Policy 4.6.4 directed fund allocation for public drainage projects in areas with prepared stormwater studies

More Employment Opportunities

- Expand learning and certification opportunities for skilled trades (e.g., automotive, construction, electrical, etc.)
- Support programs for high school students which provide work studies and apprenticeships
- Work with business owners and developers to expand fiber-optic internet services to existing and prospective employment centers
- Evaluate and potentially expand existing incentive programs for business recruitment and retention

More Employment Opportunities

Pasco WORKS

- Policy 1.3.8 addressed updates to the Economic Development Incentive Ordinance to attract targeted businesses
- Policy 1.3.10 enhanced service provision for targeted businesses, including site analysis, permitting assistance, and financing options
- Policy 1.6.2 emphasized coordination of workforce training programs with local higher education institutions and the District School Board
- Policy 1.6.3 identified state and local grant funds for training the local workforce, in addition to funding for target business expansion
- Policy 1.7.1 prioritized public infrastructure improvements to Commercial, Employment Generating Office areas
- Policy 1.7.2 ensured adequate land and transportation capacity for future employment-generating land uses through development review

Pasco PARTNERS

- Policy 7.1.1 committed to recruitment and engagement of high school students for work study or apprenticeship programs
- Policy 7.1.2 established an annual fair to showcase work study and apprenticeship opportunities for students
- Policy 7.1.3 advanced programs integrating skill-based learning with classroom instruction in collaboration with schools, businesses, and community organizations

SUBAREA POLICY

RIVER RIDGE PD SUBAREA POLICY

POLICY FLU 7.1.84 RIVER RIDGE PD

a. The River Ridge Planned Development (PD) is identified on Future Land Use (FLU) Subarea Map 2-9. All rezonings within the subarea shall be MPUD Master Planned Unit Development District(s) and shall be governed by the terms of this subarea policy. Any development that would exceed the level of development allowed under this subarea policy shall require an amendment to this policy, Policy FLU 7.1.84, and such amendment shall be supported by data and analysis that demonstrates adequate public facilities, services, and infrastructure are available to accommodate the proposed density and intensity of development. Such amendment shall be consistent with the Goals, Objectives, and Policies of the Comprehensive Plan, and Chapter 163, Florida Statutes.

b. The following maximum levels of development and permitted uses within River Ridge PD Subarea are approved.

Maximum Development Potential

Type of Development	Square Footage
29-25-17-0000-00600-0000 (Parcel K3) Retail Commercial Office	125,000 Square Feet
30-25-17-0000-00200-0000 (Parcel I2) Retail Commercial Office	13,590 Square Feet
29-25-17-0000-00400-0020 (Parcel P2) Retail Commercial Office Multi-Family Residential	7,500 Square Feet 225 Multi-Family Residential

COMPREHENSIVE PLAN CONSISTENCY

The proposed amendment is consistent with following Comprehensive Plan Policies:

Section FLU A-6:	**PD (Planned Development)**
POLICY FLU 8.1.3:	**Central Market Area Establishment**
POLICY FLU 1.6.1:	**Commercial Development**
POLICY FLU 1.8.7:	**Economic Development**
POLICY FLU 1.8.10:	**Preservation of Capacity for Employment Generating Uses**

RECOMMENDATION

Recommend the Local Planning Agency (LPA) find the proposed amendment consistent with the Comprehensive Plan.

Staff Analysis – Variation Request

- **LDC Sec. 805.6,** *Restrictions on Post-Development Wetlands and Upland Buffers Within Residential Lots and Nonresidential Parcels,* from **LDC Section 805,** *Wetlands,* and any other applicable section of the LDC.

  - The applicant requests a variation from LDC section 805, *Wetlands,* specifically 805.6, *Restrictions on Post-development Wetlands and Upland Buffers within Residential Lots and Nonresidential Parcels,* to ensure the property owners of non-residential parcels under single ownership are responsible for all open space, drainage areas, common areas, landscape areas, wetland areas, buffer areas, preservation/conservation areas, or other special-purpose areas without dedication to an association or CDD.

    PDE is amenable to the request as it accomplishes the intent of LDC section 805.6.

Recommendation

Recommend approval of the rezoning request to the Board of County Commissioners (BCC).

West Pasco Government Center
Board Room, 1st Floor
8731 Citizens Drive
New Port Richey, FL 34654

This meeting will be broadcast live on Pasco TV, YouTube Live, Frontier Channel 42 and Spectrum Channel 643 (only for residents living in Pasco County).

All electronic devices must be turned off while in the Board Room.

The Planning Commission has final decision-making authority for Special Exceptions. Any person desiring to appeal a special exception to the Board of County Commissioners will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which the appeal is based. All other decisions by the Planning commission are in the form of a recommendation to the Board of County Commissioners and are therefore not appealable. Appeals of special exceptions are limited to the testimony and evidence in the record, which means that new testimony and evidence outside the record cannot be considered during the appeal proceeding.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact the County's Human Resources Department, Internal Services Building, 7536 State Street, New Port Richey, FL 34654, (727) 847-8030 (V) at least 7 days before the public hearing, or immediately upon receiving this notification if the time before the public hearing is less than 7 days; if you are hearing or voice impaired, call711.

THRU: David Allen, Assistant County Administrator

FROM: David Engel, Director Planning, Development and Economic Growth

RECOMMENDED COMMITTEE ACTION:

Recommend a continuance to the 7/24/2025 Planning Commission meeting at 1:30 p.m. in New Port Richey.

BACKGROUND:

PROJECT OVERVIEW

Land Development Code (LDC) Section 402.2, Zoning Amendment – MPUD Master Planned Unit Development; Section 522 – MPUD Zoning District.

Proposed is a rezoning request from an A-R Agricultural-Residential Zoning District to an MPUD Master Planned Unit Development District to allow the development of 178 Front and Rear-Loaded Townhome Units and associated infrastructure on approximately 46.30 acres.

This agenda memo was prepared by: William Vermillion, AICP-C, CNU-A, Senior Planner

SITE DETAILS

The project is located in the South Market Area, west and east of 20 Mile Level Road, 0.10 Miles north of Livingston Road, 0.20 Miles north of State Road 54, and 0.25 Miles east of Collier Parkway. (Parcel ID No.: 29-26-19-0000-01000-0040).

Commission District:	The Honorable Seth Weightman
Project Name:	Enclave at Livingston MPUD
Applicants' Name(s) :	Academy at the Lakes Inc.
Current Zoning District:	A-R (Agricultural-Residential)
Proposed Zoning District:	MPUD Master Planned Unit Development
Future Land Use (FLU) Classification:	RES-6 (Residential 6 - du/ga)
Water/Sewage:	Pasco/Pasco
Flood Zone:	A, AE, and X
Requested Entitlements:	178 Front and Rear-Loaded Townhome Units

Roads/Access:	20 Mile Level Road (Public) Livingston Avenue (Public)

FISCAL IMPACT/COST/REVENUE STATEMENT:
Funding is not required for this action.

NOTICE OF PUBLIC HEARINGS ON
REZONINGS AND SPECIAL EXCEPTIONS
FOR PROPERTIES LOCATED IN PASCO COUNTY

PUBLIC NOTICE is hereby given that the Pasco County Planning Commission will hold a public hearing on **Thursday, March 20, 2025, at the West Pasco Government Center, Board Room, 8731 Citizens Drive, New Port Richey, Florida, at 1:30 p.m.**, and that the Pasco County Board of County Commissioners will hold a public hearing on **Tuesday, April 22, 2025, at the West Pasco Government Center, Board Room, 8731 Citizens Drive, New Port Richey, Florida, at 1:30 p.m.,** to consider applications for rezoning and/or conditional use pursuant to the provisions of the Pasco County Land Development Code, Chapter 400. All hearings will be conducted at the stated time or as soon thereafter as is practical on the following application(s):

1. Karli Properties LLC (RZ-7722) petition for a rezoning from a MF-1 Multiple-Family Medium Density District to a C-3 Commercial/Light Manufacturing District for a parcel located on the south side of New York Avenue, approximately 680 feet east of Utica Drive (aka 26-24-16-0060-00300-0050).

2. Rubrecht Ronald C & Patsy M Living Trust/Bexley New Land (#CU25-08) petition for a conditional use for a 180-foot close-mount monopole communications facility in a 30x80 compound in a A-C Agricultural District for a parcel located on the west side of Joy Drive, approximately 650 feet north of Dogpatch Lane (aka 15-26-18-0000-00700-0000).

3. The Academy at the Lakes Inc/Enclave at Livingston MPUD (RZ-7781) petition for a rezoning from a A-R Agricultural-Residential District to a MPUD Master Planned Unit Development District for a parcel located west of 20 Mile Level Road, approximately 1,180 feet north of State Road 54 (aka 29-26-19-0000-01000-0040).

4. Hlavac Family Trust, Paul & Janie Hlavac/Suncoast Village MPUD (RZ-7820) petition for a rezoning from a A-C Agricultural District to a MPUD Master Planned Unit Development District for a parcel located on the south side of County Line Road, approximately three-quarter mile west of the Suncoast Parkway (aka 04-24-18-0000-01400-0000 et al).

5. PLANNING COMMISSION AGENDA MEMORANDUM

COMMISSION DISTRICT: 4 **FILE NO.:** PDE25-0093 **DATE:** 6/19/2025

SUBJECT: Comprehensive Plan Amendment (Continuance) - CPAS24(23) Law Property – Providing for a Small-Scale Comprehensive Plan Amendment to the Future Land Use Map (2-15 and Sheet 20) Changing from RES-6 (Residential-6 du/ga) to COM (Commercial) on Approximately 4.67 Acres of Real Property Located at the Southeast Corner of the Intersection of Lake Patience Road and Perdew Drive.

REFERENCES: All Local Planning Agency (LPA) and Board of County Commissioners (BCC) public hearings at 1:30 p.m. in New Port Richey (NPR) or Dade City (DC): LPA at NPR at 6/19/25 – BCC at NPR 8/19/25

THRU: David Allen, Assistant County Administrator

FROM: David Engel, Director Planning, Development and Economic Growth

RECOMMENDED COMMITTEE ACTION:

Request a continuance to the 7/24/25 Local Planning Agency (LPA) meeting at 1:30 p.m. in New Port Richey.

BACKGROUND:

PROJECT OVERVIEW

The petitioner is requesting a Comprehensive Plan Map Amendment to change the Future Land Use (FLU) designation from RES-6 (Residential 6 - Du/Ga) to COM (Commercial) on approximately 4.67 acres to allow for Recreational Vehicle (RV) and Boat Storage. The proposed use of an RV and Boat Storage will be subject to comply with Land Development Code (LDC) standards set forth in LDC Section 1105.5 General Design Standards.

The applicant has agreed to a Voluntary Deed Restriction on the subject site to ensure the intended use of the property is for commercial uses, and not to include residential uses.

NOTICE OF AMENDMENT TO COMPREHENSIVE PLAN FOR PASCO COUNTY

The Pasco County Board of County Commissioners proposes to adopt the following:

AN ORDINANCE AMENDING THE PASCO COUNTY COMPREHENSIVE PLAN; PROVIDING FOR A SMALL-SCALE COMPREHENSIVE PLAN AMENDMENT TO THE FUTURE LAND USE MAP (MAP 2-15 AND SHEET 20) FROM RES-6 (RESIDENTIAL-6 DU/GA) TO COM (COMMERCIAL) ON APPROXIMATELY 4.67 ACRES LOCATED AT THE SOUTHEAST CORNER OF THE INTERSECTION OF LAKE PATIENCE ROAD AND PERDEW DRIVE; AND PROVIDING FOR ADDITIONAL TEXT AMENDMENTS AS NECESSARY FOR INTERNAL CONSISTENCY; PROVIDING FOR A REPEALER, SEVERABILITY, AND AN EFFECTIVE DATE.

On **Thursday, June 19, 2025, at 1:30 p.m.**, the Pasco County Planning Commission, convened as the Local Planning Agency will hold a public hearing at the **West Pasco Government Center, Board Room, 8731 Citizens Drive, New Port Richey, Florida** to consider the consistency of the proposed amendment with the adopted Comprehensive Plan.

On **Tuesday, August 19, 2025, at 1:30 p.m.**, the Pasco County Board of County Commissioners will hold an adoption public hearing at the **West Pasco Government Center, Board Room, 8731 Citizens Drive, New Port Richey, Florida.**

[CPAS24(23) Law Property]

Information concerning this matter will be on file and available for examination by appointment only in the office of the Pasco County Planning, Development and Economic Growth Department, West Pasco Government Center, 8731 Citizens Drive, Suite 200, New Port Richey, Florida 34654, or anytime on our website: www.pascocountyfl.net. To make an appointment or for further information, you may call 727-847-8140. All interested parties may participate in the public hearing and be heard. To learn how to participate in this hearing virtually, which requires advance registration, please visit http://mypasco.net/meetingagendas.

Any person desiring to appeal any decision made by the Planning Commission or the Pasco County Board of County Commissioners with respect to any matter considered at any hearing will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which the appeal is to be based. Persons may obtain a verbatim record of the proceeding by contacting the Clerk and Comptroller's Office, East Pasco Government Center, 14236 6th Street, Suite 201, Dade City, Florida 33523-3414; or at (352) 521-4345.

LOCAL PLANNING AGENCY
AGENDA MEMORANDUM

COMMISSION DISTRICT: 5 **FILE NO.:** PDE25-0165 **DATE:** 6/19/2025

SUBJECT: Comprehensive Plan Amendment (Consent) - CPAS23(18) Pasco Mine - Providing for a Small-Scale Comprehensive Plan Amendment to the Future Land Use Map (Map 2-15 and Sheet 05) Changing from RES-1 (Residential-1 Du/Ga) to PD (Planned Development) on Approximately 19.41 Acres of Real Property Located at the South Side of County Line Road; a Text Amendment Creating Subarea Policy FLU 7.1.74 – Pasco Mine PD; and a Map Amendment to the Future Land Use Map 2-9 Adding Subarea Map 2-9(74) Pasco Mine PD

REFERENCES: All Local Planning Agency (LPA) and Board of County Commissioners (BCC) public hearings at 1:30 p.m. in New Port Richey (NPR) or Dade City (DC): LPA at NPR 6/19/25 – BCC at DC 7/15/25

THRU: David Allen, Assistant County Administrator

FROM: David Engel, Director Planning, Development and Economic Growth

RECOMMENDED AGENCY ACTION:

Recommend the Local Planning Agency (LPA) find the proposed amendment consistent with the Comprehensive Plan.

BACKGROUND:

PROJECT OVERVIEW

The petitioner is requesting a small-scale comprehensive plan map amendment to change the Future Land Use (FLU) designation from RES-1 (Residential-1 du/ga) to PD (Planned Development) to allow for a mixture of 150,000 square feet (sf) of light industrial, 30,000 sf of commercial/office, and a stand-alone concrete batch plant on approximately 19.41 acres. The maximum lot coverage for all the proposed development shall be 75%; and the concrete batch plant shall be set back from the residential uses along the western boundary a minimum of 300 feet. However, the light industrial uses may be located within the 300-foot setback. There is no obligation for the light industrial or commercial/office uses to be constructed prior to the concrete batch plant. Additional sensitive site design may be required and shall be set forth within the associated MPUD Master Planned Unit Development.

The accompanying PD concept plan illustrates the proposed division of uses. However, an updated PD concept plan will be provided before the Board of County Commissioners meeting to illustrate the dimensional setbacks as defined in the Subarea Policy and articulated in the companion MPUD.

LPA/BCC ACTIONS

Not Applicable.

FINDINGS OF FACT

The Administrative Element of the Comprehensive Plan provides a framework by which proposed Amendments shall be evaluated. The following are the Planning, Development, and Economic Growth Department's findings of fact per each evaluation criterion.

1. **Consistency of Proposed Change with the Goals, Objectives, and Policies.** The Planning, Development and Economic Growth Department (PDE) determined the proposed CPA to be consistent with the Comprehensive Plan; as outlined in the Comprehensive Plan Consistency Analysis below.

2. **Additional Amendments Recommended.** There is an accompanying rezoning petition in the name of Rezoning Petition No. RZ-7749 requesting a change in zoning from A-C Agricultural District to MPUD Master Planned Unit Development District.
3. **Analysis of the Capital Costs, Service Requirements, and Benefits.** Pasco County shall collect and utilize impact fees pursuant to Chapter 1300 of the Land Development Code (LDC) and Chapter 11 of the Comprehensive Plan including but not limited to mobility, fire, water, and sewer. Any increased capital costs and services resulting from the proposed amendment will be addressed through the payment of impact fees, increased ad valorem taxes, special assessments, or other revenue sources designed to recapture the costs of providing public facilities and services to new growth.
4. **Live Local Provision**. The applicant has agreed to MPUD Conditions of Approval (COA) on the subject site to ensure the intended use of the property is for commercial/industrial uses, and not to include residential uses.

COMPREHENSIVE PLAN CONSISTENCY ANALYSIS

The following is a discussion of the Comprehensive Plan Policies that support the recommendation to approve the proposed amendment.

PD (PLANNED DEVELOPMENT)

This proposed Comprehensive Plan Amendment is seeking a FLU Map change from RES-1 to PD and creating Subarea Policy FLU 7.1.74, Pasco Mine, to develop a mixed-use project within the North Market Area. The applicant is proposing an amendment to PD FLU to enable the expansion of the existing operations of Pasco Mine which abuts the subject property and shall include 150,000 square feet of light industrial uses, 30,000 square feet of commercial/office uses, and a stand-alone concrete batch plant which will be screened/buffered by the light industrial uses to the west of the batch plant.

The intent of this PD is to enable the expansion of the Pasco Mine operations while protecting the abutting residential land uses through sensitive site design as set forth in the companion MPUD Master Planned Unit Development District rezoning. The proposed COA's for the companion MPUD require a type C buffer (20 feet) on the western property line adjoining the residential properties. However, the concrete batch plant use itself must be setback 300 feet from the western property line. There is no obligation for the light industrial or commercial/office uses to be constructed prior to the concrete batch plant. The proposed amendment is consistent with the intent of PD FLU by encouraging a mix-use nonresidential development. The proposed development will provide employment-generating land uses within the subject site.

POLICY FLU 8.1.5: NORTH MARKET AREA ESTABLISHMENT

North Market Area Vision

a. The North Market Area, as established on Map 2-21, is envisioned as a predominantly rural area with activity centers, employment nodes, and village centers at strategic locations. Development should be concentrated in clusters or nodes with a balance of mutually supportive uses.

The proposed amendment aligns with the vision of the North Market Area (NMA) as the development provides for employment generating opportunities centralized along a County arterial roadway within one (1) mile of residential developments. The commercial uses are compatible with the recently approved residential and mixed-use developments in the area as they prioritize commercial uses along the frontage of County Line Road. The current and future residents of the adjacent developments will have a variety of commercial services available with convenient access. This will

provide for a balance of mutually supportive uses within a one (1) mile radius, supporting the intent of the NMA.

POLICY FLU 1.8.7: ECONOMIC DEVELOPMENT

Pasco County shall encourage development which will contribute more to the County in revenue than it will consume in services, provided that such development can be accomplished within the spirit of this Comprehensive Plan. Location within the West and South Market Areas is encouraged.

The proposed amendment aligns with the intent of Policy FLU 1.8.7 by allowing the development of a mixture of non-residential and employment generating uses, including commercial and light industrial uses, with a concrete batch plant located along County Line Road, a two (2)-lane FDOT arterial roadway. The commercial and light industrial uses are intended to be located along the frontage of County Line Road, allowing for increased visibility, access, and economic output. As the existing RES-1 FLU doesn't provide opportunities for employment generation, the proposed amendment to PD would enable a mixture of nonresidential uses which will contribute more to the County in revenue than it will consume in cost through increased property values, increased tax revenue, and diversified job opportunities.

POLICY FLU 1.8.10: PRESERVATION OF CAPACITY FOR EMPLOYMENT- GENERATING USES

The County shall, through the development review process, ensure that adequate land and transportation capacity is available for present and future high-paying, employment-generating land uses, such as office, industrial, and employment center uses.

The proposed amendment aligns with the intent of Policy FLU 1.8.10 by increasing and enabling employment generating opportunities with 150,000 square feet of new light industrial uses, 30,000 square feet of new commercial uses, and a concrete batch plant located along County Line Road. County Line Road has the capacity to handle the level of development set forth in the proposed PD. The expansion of County Line Road is currently being designed; however, the construction phase has not yet been funded.

POLICY FLU 1.4.7: LIMITS ON INDUSTRIAL USES ADJACENT TO RESIDENTIAL AREAS

Pasco County shall ensure that future Comprehensive Plan amendments to industrial uses adjacent to residential land use categories and/or residentially zoned properties shall be light industrial uses only to protect residences from the adverse impacts of smoke, fumes, vibrations, light, glare, odors, and noise. Access, which is limited only to local residential roadways shall be considered unacceptable for heavy industrial uses, notwithstanding applicable access management requirements.

The proposed amendment is supported by Policy FLU 1.4.7 as the Subarea Policy enables the light industrial and commercial uses to be placed within the 300-foot setback adjacent to the residential uses on the western boundary to comply with this provision. The concrete batch plant will be located on the eastern edge of the subject property (furthest point from the Residential homes, approximately 300 feet from them), which abuts an existing COM (Commercial) FLU. This arrangement will mitigate the noise and potential dust that may emanate from the batch plant.

POLICY FLU 1.10.4.b.: INDUSTRIAL COMPATIBILITY AND PERFORMANCE MEASURES

Discourage the adjacency of any IH (Industrial - Heavy) classification on the Future Land Use Map to any residential classification and environmentally sensitive lands.

This Policy FLU provides standards to protect residential uses and environmental sensitive lands from heavy industrial uses. The proposed batch plant is located 300 feet to the east of the existing

residential uses complying with this provision. The setback acts as an additional buffer to the existing residential uses; the light industrial/commercial buildings are placed within the 300-foot buffer (between the existing residential uses and the plant) to provide additional separation and screening from the proposed concrete batch plant.

PLANNING DISCUSSION

The following is a discussion of site-specific details related to the project.

1. Site Characteristics. The proposed project is located within the North Market Area and the site is currently within the Hernando Sandhills Ecological Planning Unit (EPU). There is approximately 8 acres of Category 2 wetland on the site. The site currently has FEMA Flood Zone X.
2. Right-of-Way (ROW). Access to the subject site is located on County Line Road, a 2-lane, FDOT-maintained arterial roadway. Currently, CR-578/County Line Road is priority number 11 in the List of Project Priorities (LOPP) for 2024 from East Road to the Suncoast Parkway to add lanes and reconstruct the ROW. Table 7-2 Corridor Preservation Table (County Roadways) shows the eventual build-out of County Line Road as a 4-lane 160-foot wide ROW.
3. Trails. There is a Conceptual Trail along County Line Road. In 2017, a Greenways, Trails, and Blueways Map (Map 5-1) was adopted into the Comprehensive Plan (REC 1.6.2), designating this segment of County Line Road as a conceptual trail corridor. FDOT is currently re-designing the County Line Road widening project. The multi-use paths will be designed and constructed together with the roadway.

PRELIMINARY FEASIBILITY ANALYSIS

A preliminary feasibility analysis was conducted by the PDE. The original distribution was performed on September 13, 2023, and the following initial assessments are derived from the various County departments and other agencies. However, this item was redistributed on March 20, 2025, and any revisions are noted below:

1. Transportation Needs Assessment (TNA). On 3/20/25 and on 6/12/25, the material was circulated and, based on the Transportation Needs Assessment (TNA) provided by the project's PE to the PDE Transportation Planner, it is concluded that per the Transportation Needs Assessment (TNA) report provided by the project's PE, County Line Road will operate within the adopted Level of Service with the background traffic and with the addition of the net increase in the project traffic based on the 2050 Cost Affordable Plan.
2. Pasco County Utilities (PCU). On 4/23/2025, the material was circulated and, after further review, the Utilities Department concluded that Pasco County Utilities are not currently available for this site. The nearest sewer connection is approximately six (6) miles from the site and the water is approximately two (2) miles west of the site. The Comprehensive Plan (CH10 Matrix 10-1A) does not require a connection by virtue of the distance; however, the intensity of the uses would be limited to the capacity of the well and septic system that FDEP and the Health Department would approve. It is anticipated that a residential development (Northridge) to the west of this site will be constructing the utilities to its site. The utilities will, therefore, be available to the subject site and the project will be required to connect to the Pasco County Utilities once the utilities are available.
3. Pasco Sheriff's Office (PSO). On 3/25/25 the material was circulated and on 5/2/2025, after further review, they responded, "No comments".
4. Fire. On 3/25/25, the material was circulated and after further review they responded, "No Comments".

5. School District. This development will not be subject to school impact fees and a school concurrency review.
6. Office of Economic Growth (OEG). On 3/25/25, the material was circulated, and a response was not recorded during the review.

THE BOARD OF COUNTY COMMISSIONERS **ORDINANCE NO. _____**

AN ORDINANCE AMENDING THE PASCO COUNTY COMPREHENSIVE PLAN; PROVIDING FOR A COMPREHENSIVE PLAN AMENDMENT TO THE FUTURE LAND USE MAP (MAP 2-15 AND SHEET 05) FROM RES-1 (RESIDENTIAL-1 DU/GA) TO PD (PLANNED DEVELOPMENT) ON APPROXIMATELY 19.41 ACRES OF REAL PROPERTY LOCATED AT SOUTH SIDE OF COUNTY LINE ROAD; AND A TEXT AMENDMENT CREATING SUBAREA POLICY FLU 7.1.74 – PASCO MINE PD; AND A MAP AMENDMENT TO THE FUTURE LAND USE MAP 2-9 ADDING SUBAREA MAP 2-9(74) PASCO MINE PD; AND PROVIDING FOR ADDITIONAL TEXT AMENDMENTS AS NECESSARY FOR INTERNAL CONSISTENCY; PROVIDING FOR A REPEALER, SEVERABILITY, AND AN EFFECTIVE DATE.

WHEREAS, Chapters 125 and 163, Florida Statutes, authorize and require the Board of County Commissioners of Pasco County to prepare and enforce a Comprehensive Plan for the development of the County; and

WHEREAS, the Board of County Commissioners adopted a Comprehensive Plan on June 15, 1989, which has been subsequently amended; and

WHEREAS, the Board of County Commissioners has determined that the proposed Amendment meets the criteria for a Comprehensive Plan Amendment pursuant to Section 163.3187, Florida Statutes; and

WHEREAS, the Board of County Commissioners has considered the staff report including data and analysis and has determined that the proposed Amendment is consistent with Part II, Chapter 163, Florida Statutes, and the Pasco County Comprehensive Plan; and

WHEREAS, all map amendments exclude applicable Transportation Corridor Preservation width as established in Table 7-2, as may be amended from time to time, of the Pasco County Comprehensive Plan; and

WHEREAS, the Local Planning Agency, on June 19, 2025, held a public hearing, with a quorum attending and voting, on the proposed Amendment to the Comprehensive Plan with due public notice provided, pursuant to Section 125.66(2), Florida Statutes, and found the proposed amendment consistent with the adopted Comprehensive Plan; and

WHEREAS, the Board of County Commissioners, on July 15, 2025, held an adoption public hearing, with a quorum attending and voting, on the proposed Amendment to the Comprehensive Plan with due public notice provided, pursuant to Section 163.3184, Florida Statutes, and considered all comments received during the public hearing.

NOW, THEREFORE, BE IT ORDAINED by the Board of County Commissioners of Pasco County, Florida, as follows:

SECTION 1. FUTURE LAND USE ELEMENT MAP AMENDMENT.

The Official 2025 Future Land Use Comprehensive Plan Map 2-15 and Map Sheet No. 05 is hereby amended to change the Future Land Use classification from RES-1 (RESIDENTIAL-1 DU/GA) and to PD (Planned

Development) on approximately 19.41 acres of real property, attached hereto as Exhibit A, and made a part hereof.

SECTION 2. FUTURE LAND USE ELEMENT TEXT AMENDMENT.

The Pasco County Comprehensive Plan, Future Land Use Element, Chapter 2, Subarea Policy FLU 7.1.74 – PASCO MINE PD is hereby created, attached hereto as Exhibit B, and made a part hereof.

SECTION 3. FUTURE LAND USE SUBAREAS MAP AMENDMENT.

The Official 2025 Future Land Use Comprehensive Plan Series, Map 2-9, Subarea, is hereby replaced with Exhibit C, as attached hereto and made a part hereof.

SECTION 4. REPEALER.

All provisions of the Pasco County Comprehensive Plan adopted pursuant to Ordinance No. 89-13, as amended, in conflict herewith are hereby repealed.

SECTION 5. SEVERABILITY.

Each provision of this Ordinance and all Exhibits hereto is material to the Board of County Commissioners' adoption of this Ordinance. Accordingly, these provisions are not severable. In the event any section, subsection, sentence, clause, or provision of this Ordinance and/or any Exhibits hereto is declared illegal or invalid by a body with jurisdiction to make such determination, the remainder of this Ordinance and all Exhibits hereto shall be suspended until such time that the Board of County Commissioners modifies this Ordinance and/or Exhibits hereto to address the illegal or invalid provision of this Ordinance, and the remainder of this Ordinance after the exclusion of such part or parts shall be deemed to be valid.

SECTION 6. EFFECTIVE DATE.

This Ordinance shall be transmitted to the Department of State by the Clerk to the Board by electronic mail within ten (10) days of the adoption of this Ordinance, and this Ordinance shall take effect upon confirmation by the Department of State of its receipt. The effective date of this Plan Amendment, if the Amendment is not timely challenged, shall be (thirty-one) 31 days after adoption. If timely challenged, this Amendment shall become effective on the date the state land planning agency, or the Administration Commission enters a final order determining the Amendment to be in compliance. No development orders, development permits, or land uses dependent on this Amendment may be effective or commence before it has become effective. If a final order of noncompliance is issued by the Administration Commission, this Amendment may nevertheless be made effective by adoption of a resolution affirming its effective status, a copy of which resolution shall be sent to the state land planning agency.

SECTION 5. LEGISLATIVE FINDINGS OF FACT

The foregoing Whereas clauses, incorporated herein, are true and correct.

ADOPTED by the Board of County Commissioners of Pasco County, Florida, in a session with a quorum present and voting this 15th day of July, 2025.

(SEAL)

BOARD OF COUNTY COMMISSIONERS
OF PASCO COUNTY, FLORIDA

PASCO MINE PD SUBAREA POLICY

POLICY FLU 7.1.74: PASCO MINE PD

The Pasco Mine PD (Planned Development) Subarea is identified on Future Land Use (FLU) Subarea Map 2-9(74). All rezonings within the Subarea shall be MPUD Master Planned Unit Development District(s) and shall be governed by the terms of this subarea policy. Any development that would exceed the level of development allowed under this subarea policy shall require an amendment to this policy, Policy FLU 7.1.74, and such amendment shall be supported by data and analysis that demonstrates adequate public facilities, services, and infrastructure are available to accommodate the proposed density and intensity of development. Such amendment shall be consistent with the Goals, Objectives, and Policies of the Comprehensive Plan, and Chapter 163, Florida Statutes.

Intent: To recognize areas suited for development of light industrial, commercial, and office uses, with the additional use of a Concrete Batch Plant. This Planned Development is intended as an employment generating land use with the flexibility to combine light industrial uses and a stand-alone concrete batch plant.

Maximum Development Potential

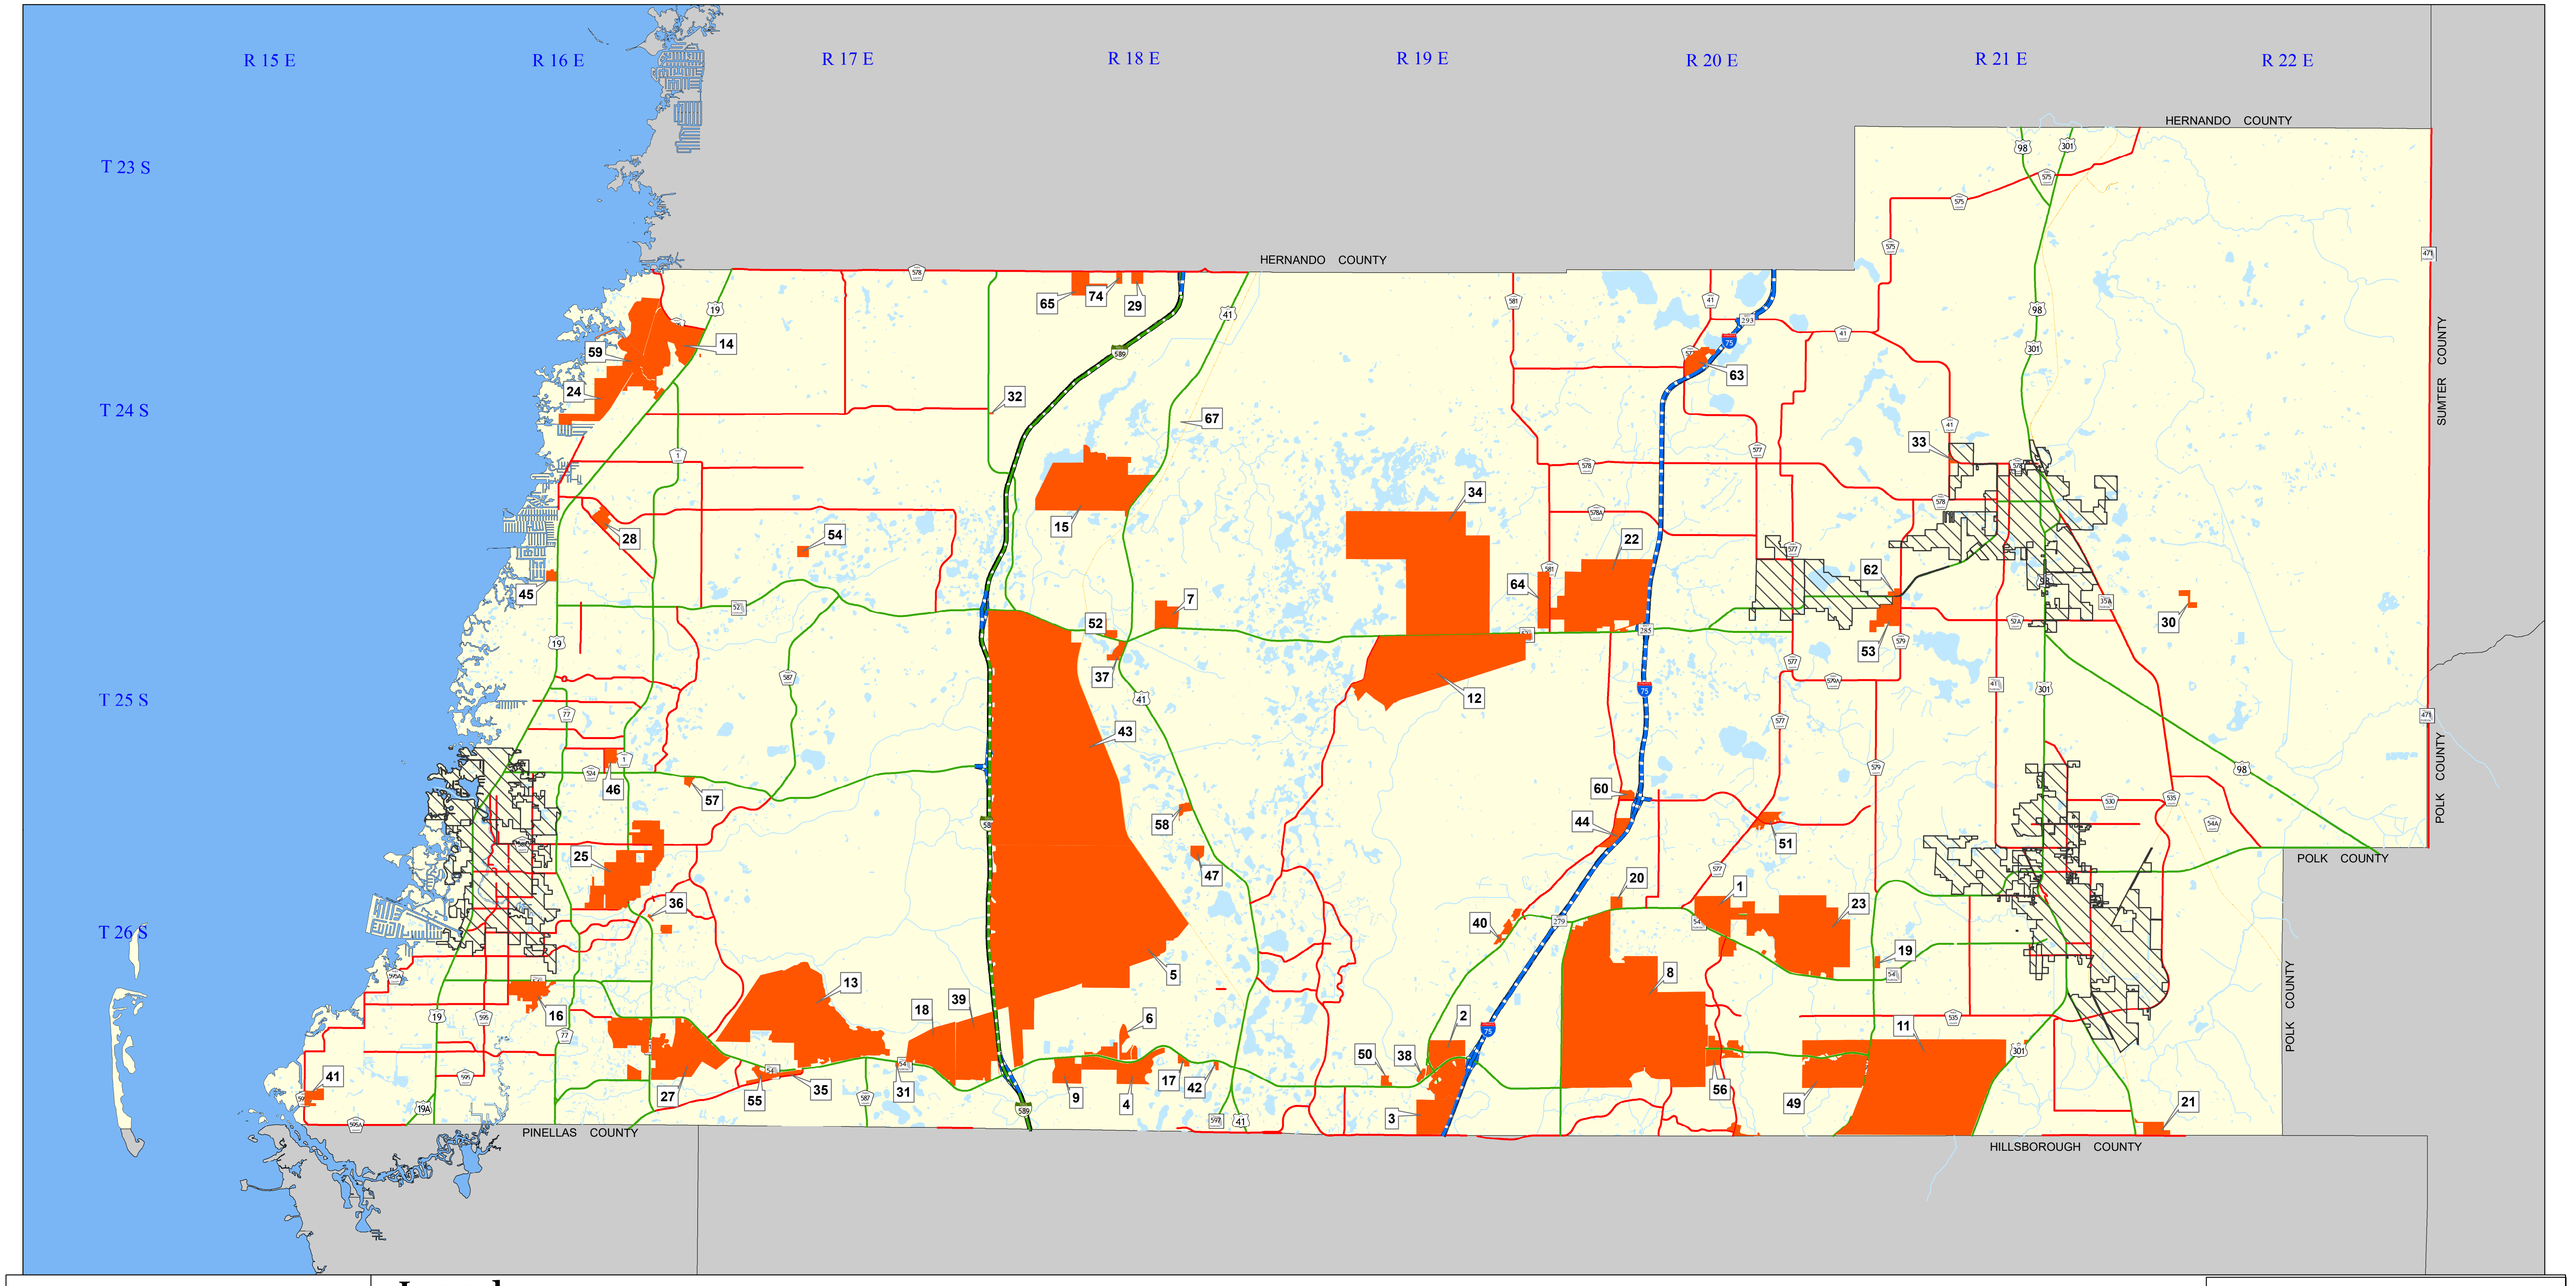
The following maximum levels of development and permitted uses within the Pasco Mine PD Subarea are as follows:

Land Uses	Density/Intensity	Maximum Lot Coverage
Light Industrial	150,000 Square Feet	75%
Commercial/Office	30,000 Square Feet	75%
Concrete Batch Plant	Determined by Maximum Lot Coverage	75%

*All buildings, including accessory buildings, and all accessory structures shall not cover more than 75% percent of a lot. Accessory structures shall be defined as a subordinate structure clearly incidental and related to the principal structure, building, or use of land and located on the same lot as that of the principal structure, building, or use including, but not limited to, cement silos, sand/aggregate storage bins, asphalt batch towers and asphalt storage silos

Development Restrictions

a. The Concrete Batch Plant shall be set back from residential uses along the western boundary a minimum of 300 feet.



b. Light Industrial uses may be located within the 300-foot setback stated in Policy FLU 7.1.74.a., and as set forth within the associated MPUD Master Planned Unit Development Master Plan.

c. Additional sensitive site design may be required, including but not limited to, increased setbacks, buffering, and locational criteria, and shall be set forth within the associated MPUD Master Planned Unit Development.

d. The processing of asphalt at the Concrete Batch Plant shall be in accordance with applicable provisions of the Florida Administrative Code (FAC).

PD (PLANNED DEVELOPMENT)

Intent: To provide for a variety of land uses and intensities within a development site to preserve conservation areas above and beyond Land Development Code requirements; reduce public investment in provision of services; encourage flexible and creative site design; and provide sites for schools, recreation, and other public facilities which provide an areawide benefit to the community.

Comprehensive Plan Amendment requests for the assignment of a PD (Planned Development) Future Land Use Classification must be accompanied by a concept plan identifying: the range of uses, density, intensity, maximum units, and nonresidential square feet. The concept plan shall also show a general arrangement of land uses and shall articulate the guiding development principles for the PD (Planned Development). All PD (Planned Developments) require rezoning to either MPUD Master Planned Unit Development or commercial planned development prior to development. All rezoning requests must be accompanied by a Master Development Plan as set forth in the Land Development Code. Such plans shall address, at a minimum, buffering, setbacks, lighting, and building heights to ensure compatibility with adjacent uses.

If the proposed plan does not or cannot achieve the desired level of compatibility as determined by the Board of County Commissioners, the Board of County Commissioners may deny the rezoning request.

PD (Planned Development) Land Use Classifications are made through amendments to the Future Land Use Map.

General Range of Potential Uses:

Mixed-use developments (residential and nonresidential uses on the development site); residential developments with a range of unit types and densities; nonresidential developments such as office, commercial, industrial, elementary schools, middle schools, and high schools; attendant-on-site facilities such as utilities and recreation areas. Service and facility requirements will vary according to development intensity. Services and facilities are to be at a minimum, consistent with the requirements of comparable individual (residential, office, commercial, industrial) land use classifications for uses on the development site (see Exhibit 2-1, Services and Facilities by Classification).

Special Provisions and Mix of Uses:

1. Future Land Use Classification Requires Concept Plan and Rezoning: Comprehensive Plan Amendments to PD (Planned Development) must be accompanied by a concept plan as provided above. The specific mix of uses of the land use classification will be established at the time that the classification is assigned. The specific arrangement of uses shall be determined upon completion of all required development review processes provided for the MPUD Master Planned Unit Development and commercial planned development zoning districts as described in the Pasco County Land Development Code.
2. Conservation and Open Space: Planned developments are required to provide protection of defined conservation areas and open space, and provide recreation and pedestrian circulation as a component of site design.
3. Minimum Open Space: Open space areas shall be designated as appropriate to meet the needs of the project, the community, and the vision of the market area in which the PD (Planned Development) is located.
4. Compatibility with Adjacent Uses: Due to the ability to cluster units and provide for a mixture of uses on site, planned developments require special consideration of the location, type, and size of buffer yards to maximize compatibility with adjacent land uses.
5. Nonresidential-Use Locations: Commercial and other nonresidential uses within planned developments are encouraged to be placed in locations that will provide convenient vehicular, pedestrian, and bicycle access for residents of the planned development community and will minimize the impact of commercial uses on adjacent and surrounding communities.
6. Minimum Size: Mixed-use planned developments are required to be the size necessary in order to effectively design the site for residential and nonresidential uses.

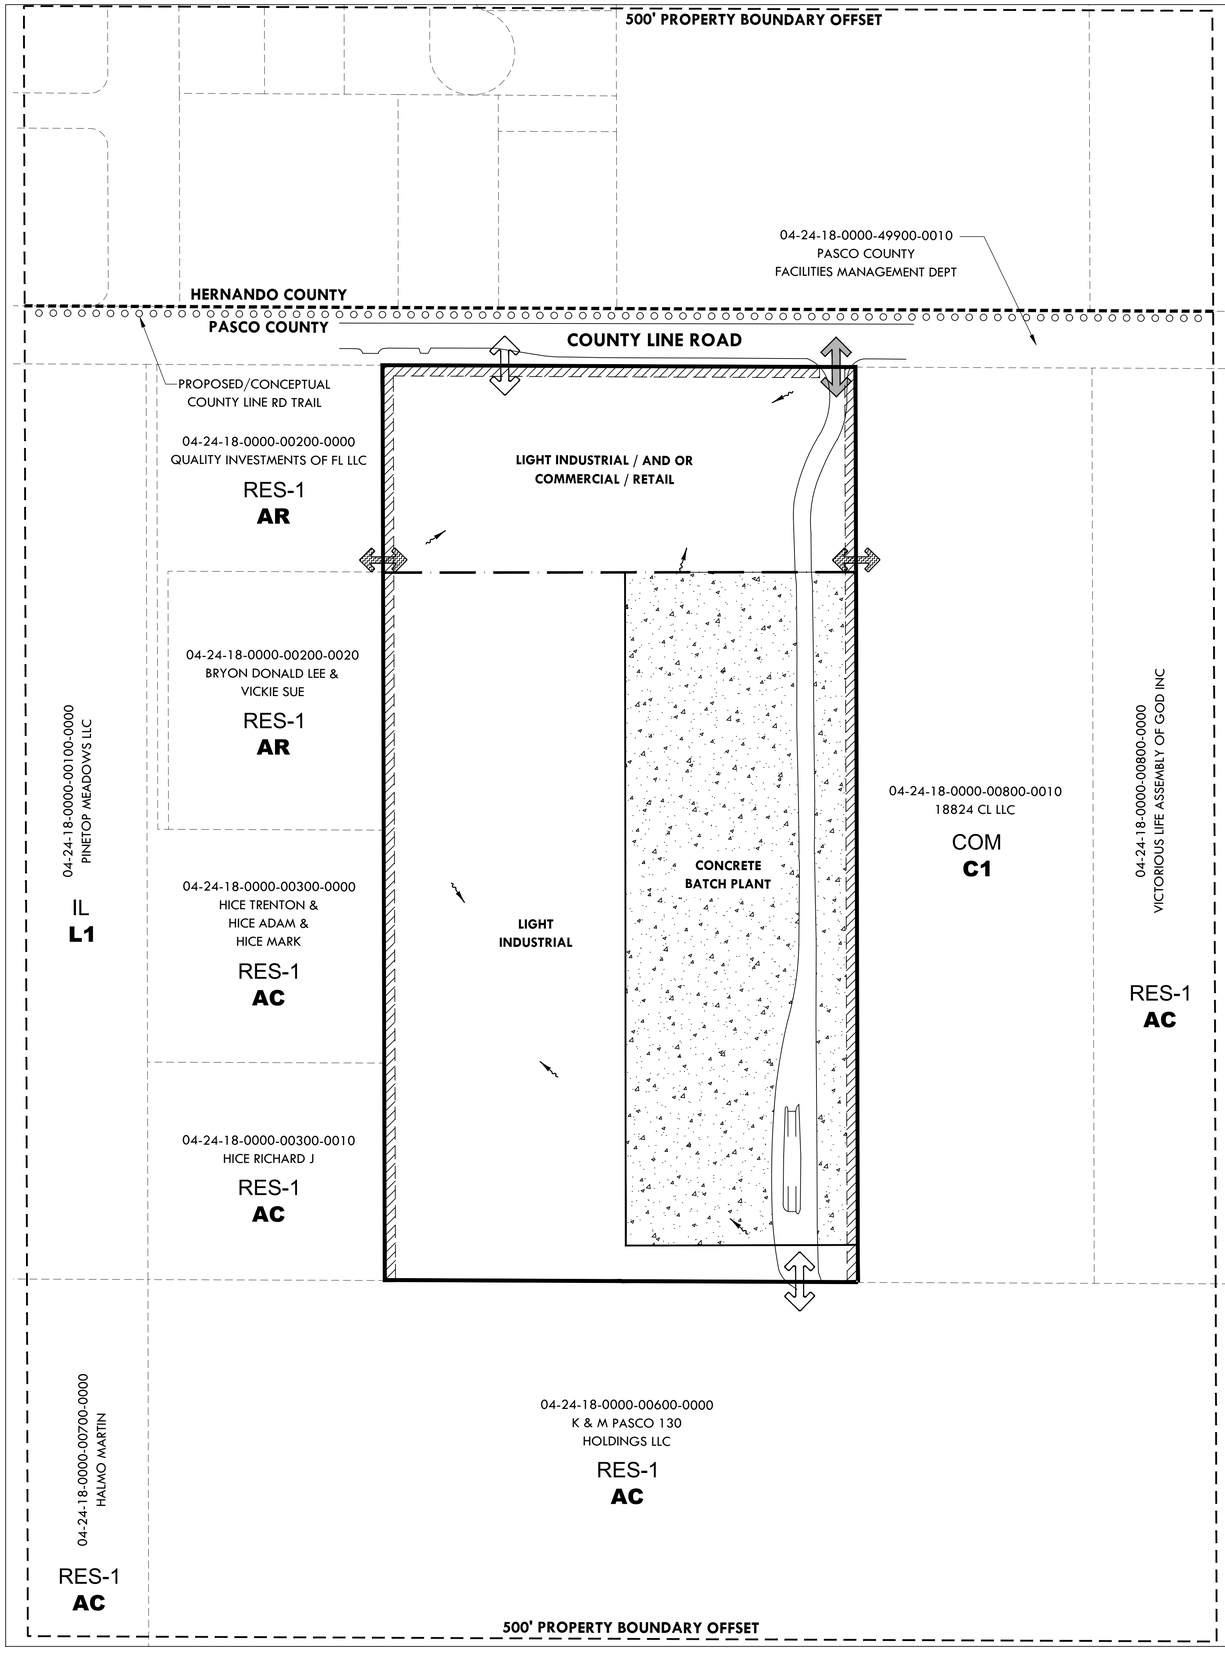
Mix of Uses:

The mix of uses for PD (Planned Development) Land Use Classifications shall be established at the time that the classification is assigned to an individual parcel through an amendment to the Future Land Use Map of the Comprehensive Plan.

Density Restrictions - Dwelling Units/Developable Residential Acre:

Established at the time that the classification is assigned to an individual parcel through an amendment to the Future Land Use Map of the Comprehensive Plan.

Maximum Nonresidential Intensity - Floor Area Ratio:



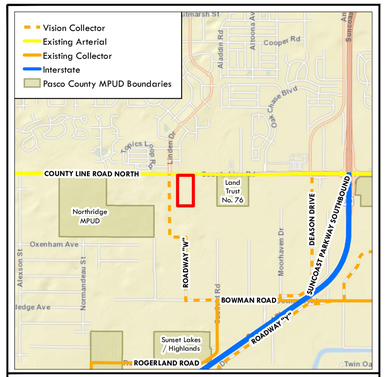
Established at the time that the classification is assigned to an individual parcel through an amendment to the Future Land Use Map of the Comprehensive Plan.

PD Index: Identification of Specific PD Designations and Associated Master Planned Unit Development (MPUD) Re-Zoning Conditions.

Each individual PD designation on the Future Land Use Map shall be indexed with a separate number to distinguish the specific MPUD conditions associated with the given PD designation. Each PD designation will also list within the Comprehensive Plan the density, intensity and general mix of uses approved by the associated MPUD. This index is contained in the following table:

Planned Development Index Table

PD No.	MPUD No.	Density	Intensity	Mix of Uses
PD-1	RZ6758	0 du/ga	61,090 sq. ft.	Commercial
			10,000 sq. ft.	Professional Office
PD-2	RZ6765	20 du/ga	25,000 sq. ft.	Commercial
			85,000 sq. ft.	Professional Office
			70,000 sq. ft.	Self Storage



NON-RESIDENTIAL LOT STANDARDS											
	Minimum Lot Dimensions		Minimum Setbacks							Maximum	
Product Type	Lot Width	Lot Depth	Side (Structure to Structure)	Side (Structure to Parking)	Side (Structure to Public R/W)	Front (Structure to Parking)	Front (Structure to Public R/W)	Rear (Structure to Parking)	Rear (Structure to Public R/W)	Lot Coverage *	Building Height

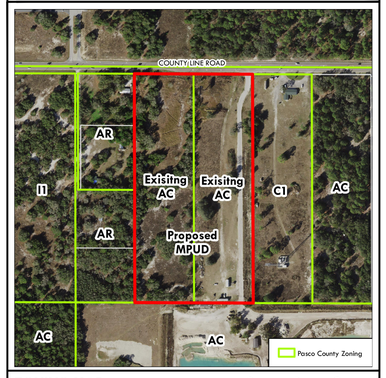
Proposed FLU	PD

NOTES



1. ACCESS POINTS SHOWN ON PLAN ARE CONCEPTUAL. FINAL LOCATIONS-MOBILITY PLAN SHALL BE DETERMINED AT TIME OF PDP/CP WITHOUT REQUIRING AN MPUD MODIFICATION.
2. PERMITTED INDUSTRIAL USES SHALL BE THOSE ALLOWED UNDER THE I-1 ZONING DISTRICTS. OTHER PERMITTED USES ARE SET FORTH IN THE CONDITIONS OF APPROVAL.
3. OFFICE IS A PERMITTED USE WITHIN THE COMMERCIAL/LIGHT INDUSTRIAL LAND USE CATEGORY.
4. LOCATION OF LAND USES ARE CONCEPTUAL AND SHALL BE DETERMINED AT TIME OF PDP/CP.
5. THE SITE LIES WITHIN PASCO COUNTY UTILITIES (WATER/WASTEWATER) AND TAMPA ELECTRIC COMPANY ELECTRIC SERVICE AREA. FIRE & RESCUE/EMS IS PROVIDED BY PASCO COUNTY. CABLE/TELEPHONE IS PROVIDED BY PRIVATE PROVIDERS.
6. PENDING DEVELOPMENT, INTERIM SILVICULTURAL AND/OR AGRICULTURAL ACTIVITIES SHALL BE PERMITTED UNTIL COMMENCEMENT FOR THAT PORTION OF THE PROPOSED DEVELOPMENT.
7. THE PROPERTY IS WITHIN THE NORTH MARKET AREA. IT IS WITHIN FEMA ZONE X AND WITHIN THE PITHLACHASCOTEE WATERSHED, AND THE HERNANDO SANDHILLS ECOLOGICAL PLANNING UNIT. THE PROPERTY IS NOT WITHIN THE URBAN SERVICE AREA, URBAN CONCENTRATION AREA, TRANSIT CENTER OVERLAY, SIGNIFICANT HABITAT AREA, WELLHEAD PROTECTION AREA OR OBSERVED FLOODING AREA.

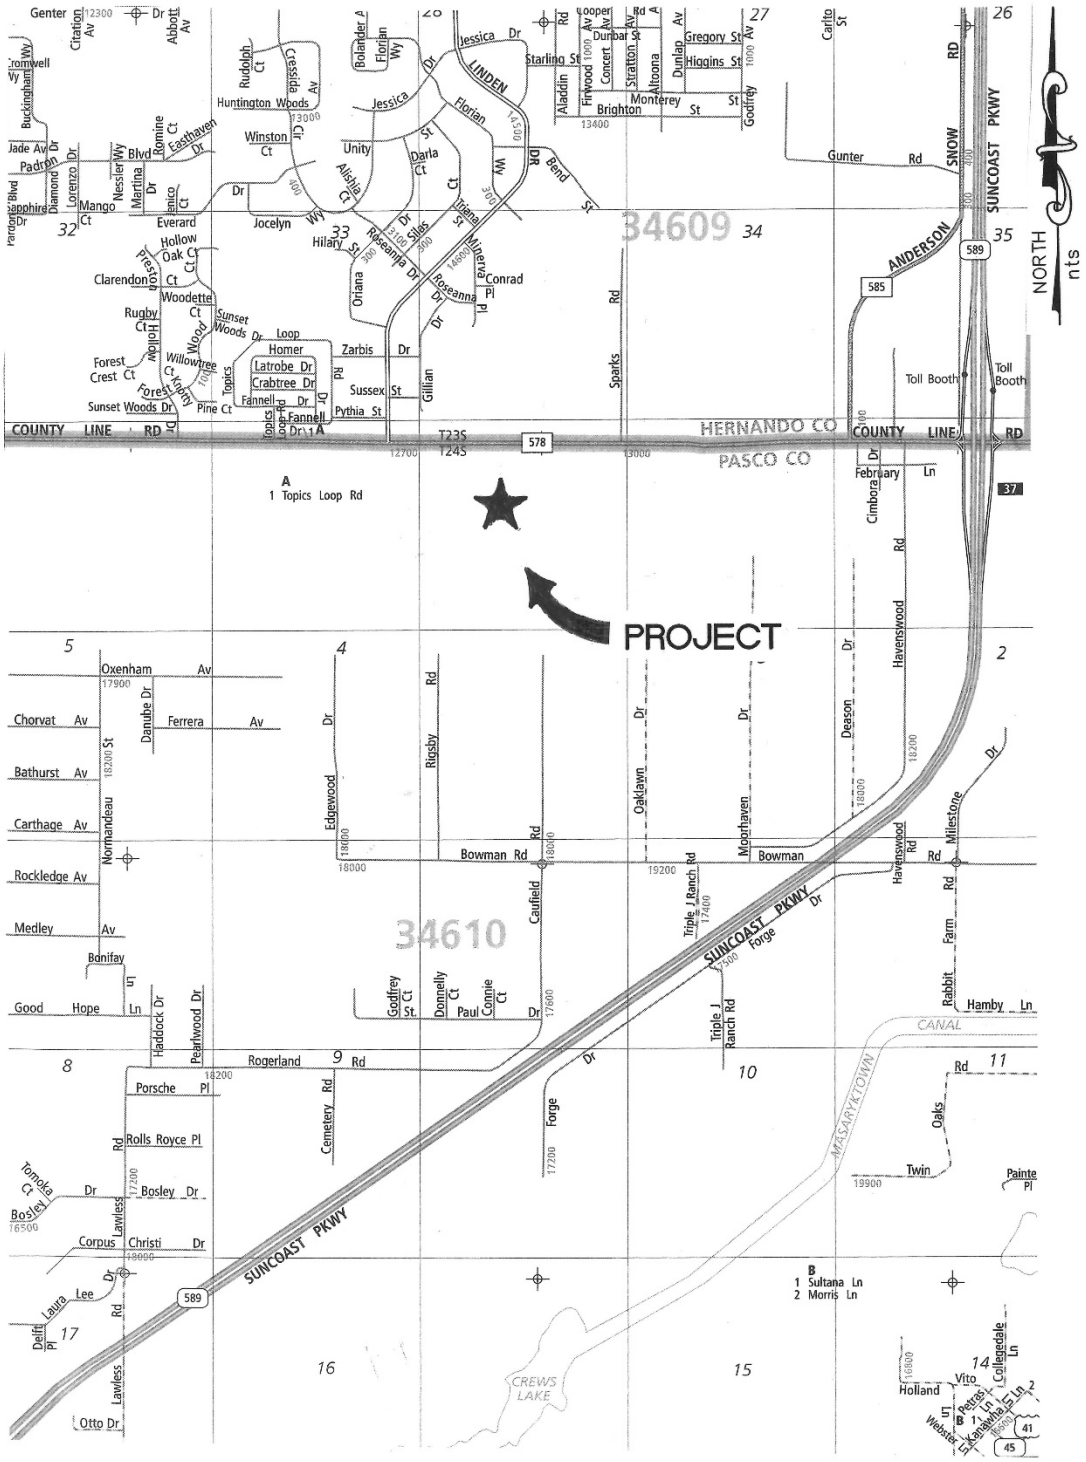
INTRODUCTION

The purpose of this report is to provide the Timing and Phasing Analysis and Access Management Analysis for the property located south of County Line Road and west of Suncoast Parkway in Pasco County, Florida, as shown in Figure 1.



The Analysis was conducted in accordance with the approved Methodology Statement provided in the Appendix of this report. The property is proposed to be rezoned to MPUD to include the following land uses:

- Retail – 30,000 Square Feet
- Light Industrial – 150,000 Square Feet
- Concrete Batch Plant

ESTIMATED DAILY PROJECT TRAFFIC

The trip rates utilized in this report were obtained from the latest computerized version of "OTISS" which utilizes the Institute of Transportation Engineers' (ITE) Trip Generation Manual, 11th Edition, 2021, as its data base and the data provided by the end user for Concrete Batch Plant. Based on these trip rates, the proposed land uses would attract approximately 2,364 daily trip ends.

Studies contained in the ITE Trip Generation Manual, 11th Edition, indicate that a percentage of the retail trip ends may exist on the adjacent roadways- passerby capture. However, the passerby trip ends should not exceed 10% of the background traffic on the adjacent

roadway. Therefore, the proposed land uses are estimated to attract 1,710 new daily trip ends, as shown in Table 1.

AM PEAK HOUR PROJECT TRAFFIC

Again, based on the ITE Trip Generation Manual, 11th Edition data and the data provided by the end user, the proposed project would attract approximately 194 trip ends during the AM peak hour with 147 inbound and 47 outbound, as shown in Table 2.

As stated previously, studies contained in the ITE Trip Generation Manual, 11th Edition, indicate that a percentage of the retail trips may exist on the adjacent roadways – passerby capture. However, the passerby trip ends are not to exceed 10% of the background traffic on the adjacent roadways. Therefore, the new AM peak hour trip ends attracted by the proposed project would be 166 trip ends with 130 inbound and 36 outbound, as shown in Table 2.

PM PEAK HOUR PROJECT TRAFFIC

Again, based on the ITE Trip Generation Manual, 11th Edition data and the data provided by the end user, the proposed project would attract approximately 237 trip ends during the PM peak hour with 95 inbound and 142 outbound, as shown in Table 3.

As stated previously, studies contained in the ITE Trip Generation Manual, 11th Edition, indicate that a percentage of the retail trips may exist on the adjacent roadways – passerby capture. However, the passerby trip ends are not to exceed 10% of the background traffic

TABLE 1

ESTIMATED DAILY TRIP GENERATION

Land Use	Size	ITE LUC	Daily Trip Ends (1)	Passerby Trip Ends (3)	New Daily Trip Ends
Retail	30,000 SF	822	1,634	654	980
Light Industrial	150,000 SF	110	614	0	614
Concrete Batch Plant	-	-	116 (2)	0	116
		Total	2,364	654	1,710

(1) Source: ITE Trip Generation Manual, 11th Edition, 2021.
(2) Data provided by the end user.
(3) Source: ITE Trip Generation Manual, 11th Edition.

- Passerby Trip Ends
  - Retail - 40%

    1,634 x 0.40 = 654
- Passerby Trip Ends should not exceed 10% of the adjacent street traffic.

  25,444 (a) x 0.10 = 2,544 > 654

(a) Based on PM peak hour background traffic on County Lin Rd and K = 0.09.

(2) Data provided by the end user.
(3) Source: ITE Trip Generation Manual, 11th Edition.

- Passerby Trip Ends
  - Retail- 40%
    - In - 85 x 0.40 = 34
    - Out - 85 x 0.40 = 34
- Passerby Trip Ends should not exceed 10% of the adjacent street traffic
  - 2,290 (a) x 0.10 = 229 > 68
  - (a) Based on PM peak hour background traffic on County Line Rd.

on the adjacent roadways. Therefore, the new PM peak hour trip ends attracted by the proposed project would be 169 trip ends with 61 inbound and 108 outbound, as shown in Table 3.

DISTRIBUTION/ASSIGNMENT

The distribution of the project traffic was based on the existing traffic and development patterns in the vicinity of the project. The proposed percent distribution of the project traffic is illustrated in Figure 2 per the approved Methodology Statement. Figure 3 illustrates the PM peak hour project trip ends on the adjacent roadway network.

STUDY AREA

As per the approved Methodology Statement for the project, the study area includes the following roadway segments and intersections.

a. Roadway Segments:
    - County Line Road from Shady Hills Road to Suncoast Parkway

b. Intersections:
    - County Line Road and Shady Hills Road
    - County Line Road and Suncoast Parkway

BUILDOUT YEAR

The build out year for the project is anticipated to be 2030.

FIGURE 2
PROJECT TRAFFIC DISTRIBUTION

FIGURE 3
PM PEAK HOUR
NEW PROJECT TRAFFIC

BUDGETED IMPROVEMENTS

According to the Pasco County Capital Improvement Plan (CIP), there are no improvements budgeted in the vicinity of the project.

According to the Pasco County 2050 Cost Affordable Plan, the following improvements are planned in the vicinity of the project:

- County Line Road from west of Shady Hills Road to Suncoast Parkway is proposed to be widened to a four (4) lane divided roadway.
- Shady Hills Road from south of County Line Road to SR 52 is proposed to be widened to a four(4) lane divided roadway.

BACKGROUND TRAFFIC

The 2030 background traffic utilized in the report was calculated as follows:

1) PM (4:00-6:00) peak hour turning movement count were conducted at the following intersections:
    - County Line Road and Shady Hills Road
    - County Line Road and Suncoast Parkway

Figure 4 illustrates the existing PM peak hour traffic.

FIGURE 4
PM PEAK HOUR
EXISTING TRAFFIC

Page 36 of 58

1) The existing counts were factored to peak season based on the 2022 FDOT Peak Season Adjustment Factors for Pasco County.

Figure 5 illustrates the PM peak hour peak season traffic.

2) The peak season volumes were factored to 2030 utilizing a 2% per year growth rate.

Figure 6 illustrates the PM peak hour 2030 background traffic and Figure 7 illustrates the PM peak hour 2030 background plus project traffic.

LINK ANALYSIS

PM peak hour generalized capacity analysis was conducted with the 2030 background traffic and with the addition of the project traffic for County Line Road from Shady Hills Road to Suncoast Parkway.

The link analysis was conducted based on the FDOT Generalized Capacities. The results of the analysis are summarized in Table 4 with the existing geometry.

According to the results in Table 4, some roadway segments within the study network are projected to exceed the adopted V/C ratio with the existing geometry with 2030 background traffic and with the addition of the project traffic. The 2050 Cost Affordable Plan shows County Line Road as a four (4) lane roadway.

As shown in Table 5, with 2050 Cost Affordable Plan improvements, all roadway segments within the study area should operate within the adopted V/C ratio with 2030

background traffic and the addition of the project traffic.

INTERSECTION ANALYSIS

The following intersections were analyzed during the PM peak hour:

- County Line Road and Shady Hills Road
- County Line Road and Suncoast Parkway Ramps

The analysis was performed utilizing the methodology described in Chapter 18, Signalized Intersections of Transportation Research Board (TRB) Special Report, the 2010 Highway Capacity Manual. Table 6 summarizes the results of the signalized analysis with the existing geometry. The results are summarized in the following paragraphs:

County Line Road and Shady Hills Road/Mariner Boulevard

This is a signalized intersection. Signalized intersection analysis indicates that all the movements within the intersection should operate within the adopted delay and V/C criteria with the 2030 background traffic, and with the addition of the project traffic with the existing/budgeted geometry, as shown in Table 6.

County Line Road and Suncoast Parkway Southbound Ramps

This is a signalized intersection. Signalized intersection analysis indicates that all movements within the intersection should operate within the adopted V/C and delay criteria with the 2030 background traffic and with the addition of the project traffic, as shown in Table 6.

TABLE 6

(1) The geometry will change with the addition of the project traffic

County Line Road and Suncoast Parkway Northbound Ramps

This is a signalized intersection. Signalized intersection analysis indicates that all movements within the intersection should operate within the adopted V/C and delay criteria with the 2030 background traffic and with the addition of the project traffic, as shown in Table 6.

CONCLUSION

Based on the Timing and Phasing Analysis, all roadway segments within the study area should operate within the adopted V/C ratio criteria with the 2030 background traffic and with the addition of the project traffic, with the 2050 Cost Affordable Plan improvements and all intersections within the study area should operate within the adopted delay and V/C ratio criteria with the 2030 background traffic and the addition of the project traffic with the existing geometry.

APPENDIX

METHODOLOGY STATEMENT

TIMING AND PHASING METHODOLOGY
ACCESS MANAGEMENT METHODOLOGY

Meeting Date: 7/21/23
Draft Submitted: 7/21/23
Final Approved:

Project Name: Pasco Mine MPUD
Accela Number: T&P-2023-00069
SSRRA-2023-00164
Zoning Action: AC to MPUD

Timing and Phasing Analysis

1) Exemption status:
   a. The property is currently zoned AC.
   b. The Developer proposes to rezone the property to MPUD.
   c. The applicant has elected not to have the County complete this analysis. As a result, all hearing dates have been waived.

Site Parameters:

a. *Description of Land Uses* –
   1. Developer proposes to rezone the property to MPUD to allow the following entitlements:

Status	Land Use	Size
Non-Exempt	Retail	30,000 SF
Exempt	Light Industrial	150,000 SF
Exempt	Concrete Batch Plant	

b. *Site Location* – South of County Line Road and west of the Suncoast Parkway.

c. *Buildout Schedule and Phasing* – The buildout year for the project is to be 2030.

d. Interim Uses Generating Traffic – N/A

2) Study Area:
The study area will include the following roadway segment and intersections:
   a. Roadway Segment
      - County Line Road from Shady Hills Road to the Suncoast Parkway.

b. Intersections
   - County Line Road and Shady Hills Road
   - County Line Road and Suncoast Parkway

3) Traffic Counts:
   a. Traffic counts shall be conducted within one (1) year from the date of the methodology meeting and shall occur during the PM peak hour (4:00 PM to 6:00 PM) along the roadways within the study network and for the following intersections:
      - County Line Road and Shady Hills Road
      - County Line Road and Suncoast Parkway

4) Trip Generation:
   a. The trip generation will be based on the Institute of Transportation Engineers (ITE) Trip Generation Manual, 11th Edition, 2021.
   b. The trip generation for the Concrete Batch Plant will be based on the estimation of trucks to be provided by the operator.

5) Passerby Capture:
   a. Passerby capture will be based on the methodology outlined in the ITE Trip Generation Manual, 11th Edition.

6) Background Growth Procedure:
   a. The background traffic to be utilized in the analysis will be calculated as follows:
      i. PM peak hour turning movement counts will be conducted at the intersections within the study network.
      ii. The existing counts will be adjusted to peak season based on the FDOT Seasonal Adjustment Factors.
      iii. The peak season volumes will be adjusted to the build out year based on a 2% per year growth rate, which includes exempt trips.

7) Distribution and Assignment:
   a. The distribution of the project traffic will be based on the percentage shown in Figure 1.

8) Analysis:
   a. FDOT Generalized Capacities, Artplan and/or SYNCHRO will be used to complete the Timing & Phasing portion of the analysis.

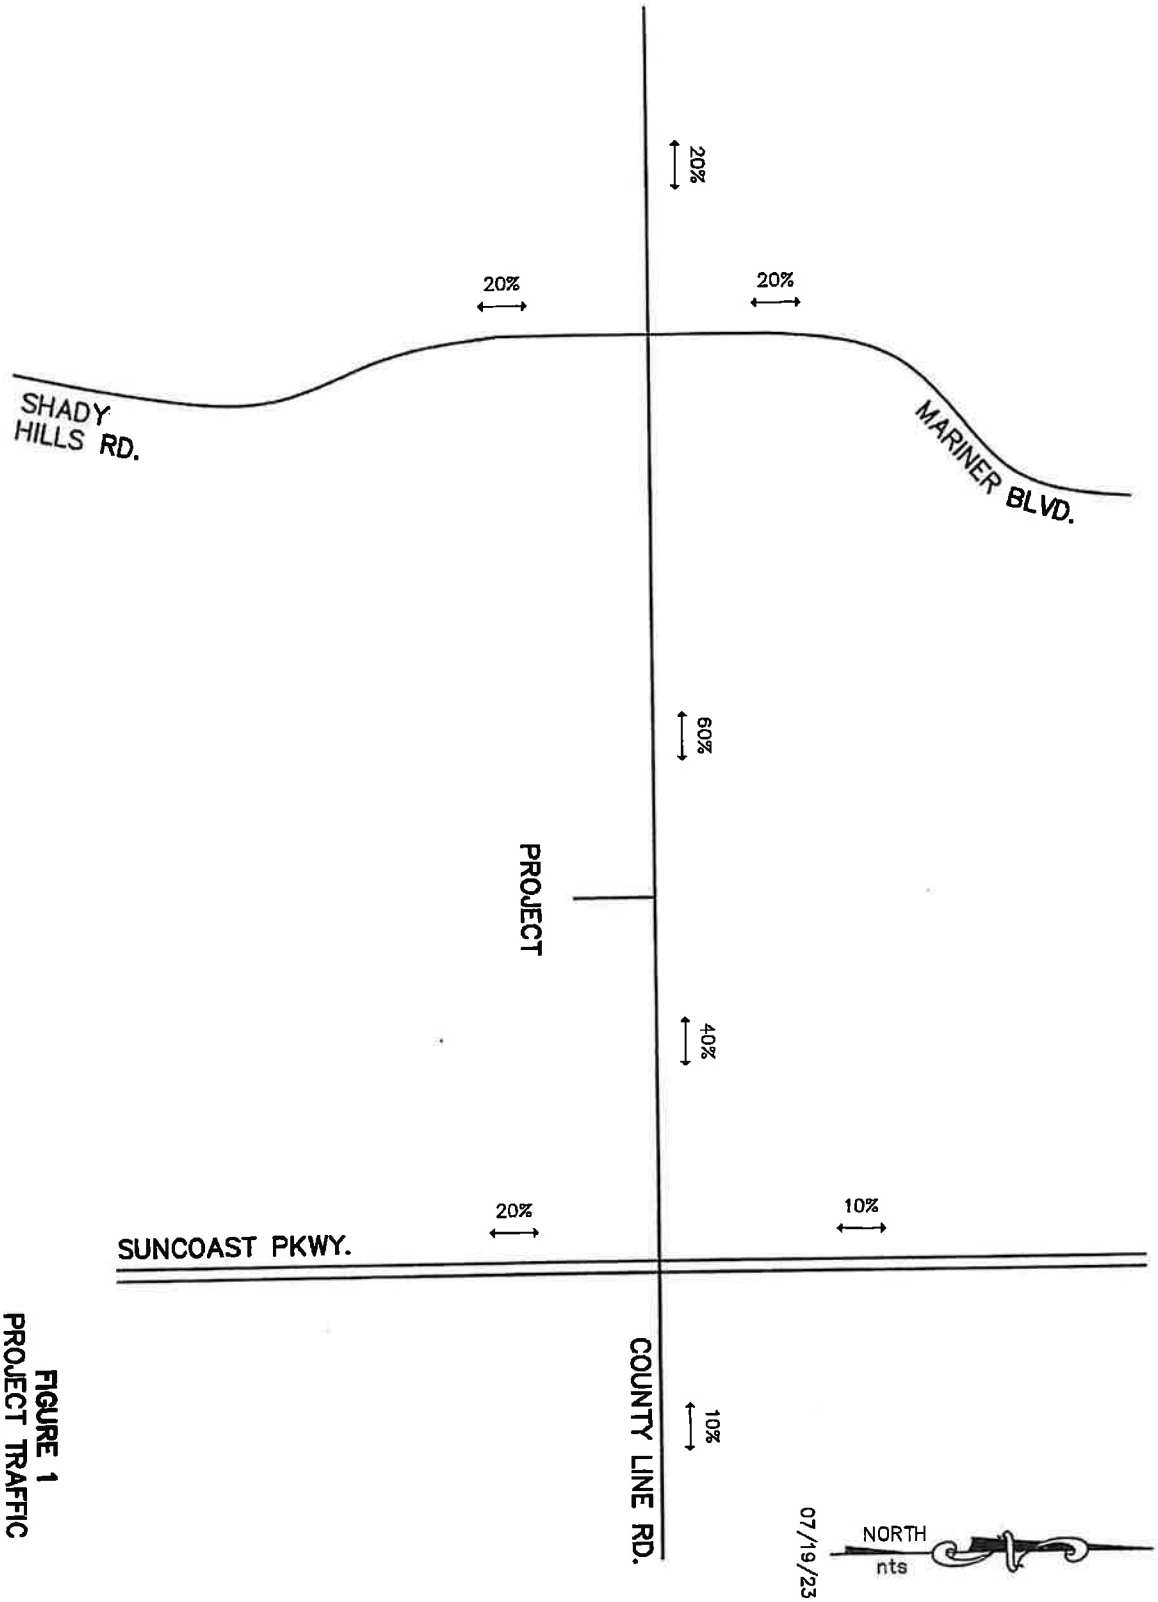

FIGURE 1
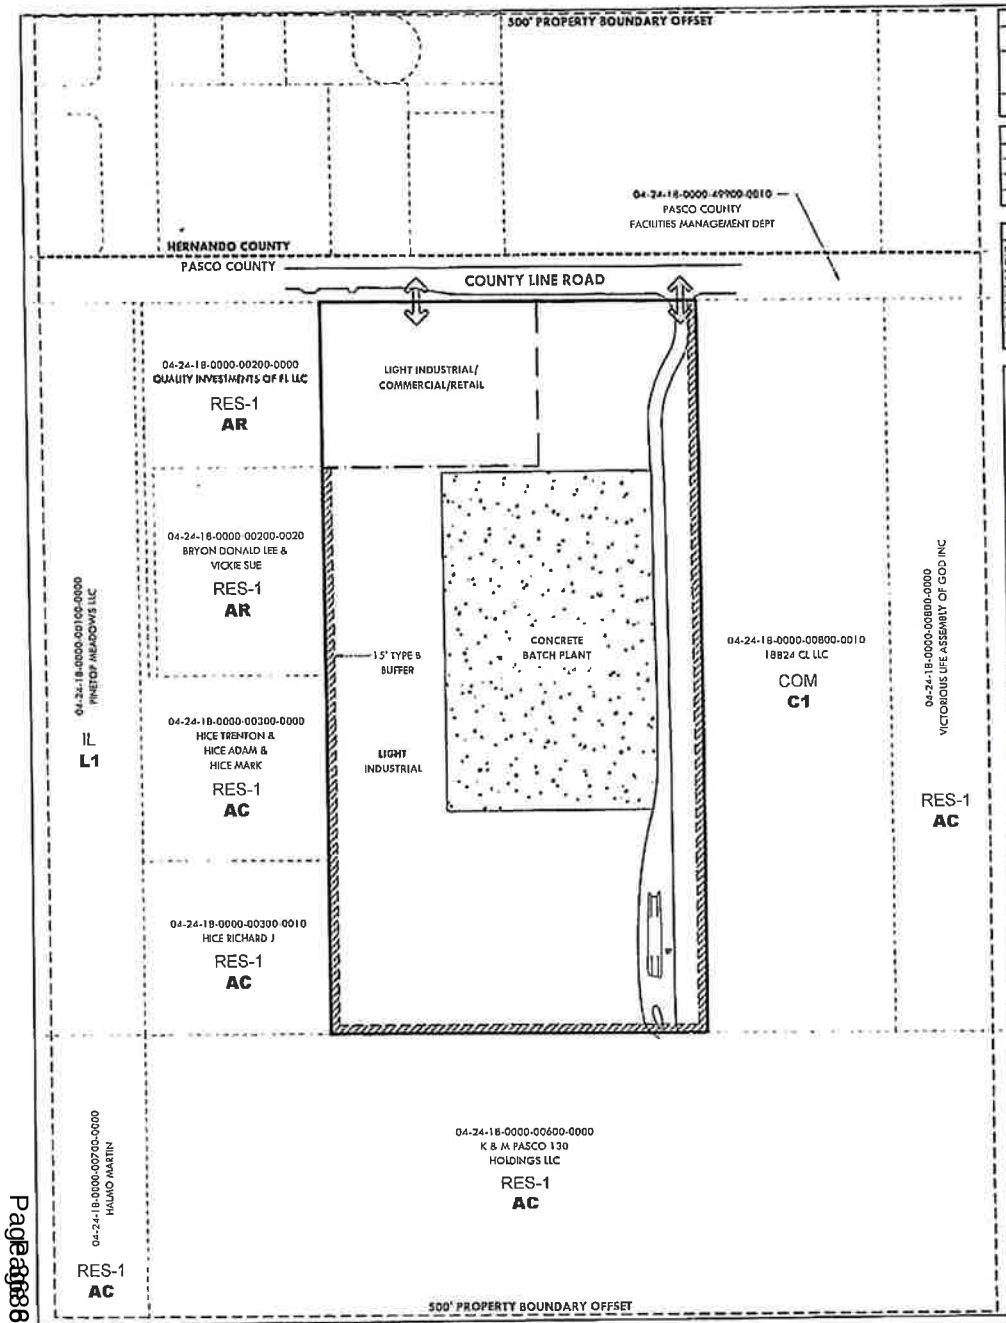
PROJECT TRAFFIC DISTRIBUTION

b. Existing G/C ratios will be based on the Pasco County/DOT timing sheets.
c. The improvements required to meet the adopted level of service identified in the comprehensive plan for the purpose of CIP development for each roadway within the study network will be identified for informational purposes only.

Access Management Analysis:



An Access Management Analysis will be conducted for the intersection of County Line Road and project access.

The analysis will be based on the parameters outlined in the Timing & Phasing Analysis, except for the following:

a. The analysis shall include exempt and non-exempt project traffic for both the AM and PM peak hour.
b. The signalized project accesses will be evaluated utilizing SYNCHRO model/software.
c. The unsignalized project accesses will be evaluated using the HCS and/or SYNCHRO model/software.
d. The required length of the turn lanes at the project accesses will be determined.

The current version of Transportation Analysis Guidelines will be used for parameters not specifically mentioned here.

To: Steven Henry <shenry@lincks.com>
Cc: Sales Pasco Mine <sales@pascomine.com>
Subject: Pasco Mine Concrete Batch Plant Trips

Good morning Steve, I went over the projected new trips for the concrete batch plant with the gentleman who handles sales at the mine and who also ran a concrete batch plant at one time.

Basically 12 trucks are running three rounds between 7:00 a.m. and 1:00 p.m. Things taper off in the afternoon with only about three trucks going out for odds-and-ends in the afternoon. Below is a projected distribution of trips for a typical day.

Employees arrive : 6:30 to 7:30= 11. Employees arrive 7:30 to 8:30 = 5
Employees depart: 4:30 to 5:30 = 11. Employees depart 5:30 to 6;30= 5

Concrete trucks departing and arriving:
7 to 8 am = 6 leaving
8 to 9 am = 6 leaving
9 to 10 am = 6 arriving and 6 leaving
10 to 11 am = 6 arriving and 6 leaving
11 to 12 pm = 6 leaving and 6 leaving

12 to 1 pm = 6 leaving and 6 leaving
1 to 2 pm = 6 arriving and 3 leaving
2 to 3 pm = 6 arriving and 0 leaving
3 to 4 pm = 1 arriving
4 to 5 pm = 2 arriving
Total concrete truck trips in and out = 78

Let me know if something doesn't seem right or any issues with the projected distribution.

PASCO COUNTY COST AFFORDABLE PLAN

COST FEASIBLE PLAN RESULTS

The cost feasible plan represents the culmination of combining the available revenues with the prioritized roadway capital projects. Each of these prioritized projects and its associated cost will be compared against the eligible revenue categories to determine whether it can be accommodated within the cost feasible plan. Projects that are not able to be fully funded within the cost feasible plan will be included in the illustrative project list.

NOTICE OF AMENDMENT TO COMPREHENSIVE PLAN FOR PASCO COUNTY

The Pasco County Board of County Commissioners proposes to adopt the following:

AN ORDINANCE AMENDING THE PASCO COUNTY COMPREHENSIVE PLAN; PROVIDING FOR A SMALL-SCALE COMPREHENSIVE PLAN AMENDMENT TO THE FUTURE LAND USE MAP (MAP 2-15 AND SHEET 05) FROM RES-1 (RESIDENTIAL 1 DU/GA) TO PD (PLANNED DEVELOPMENT) ON APPROXIMATELY 19.41 ACRES OF REAL PROPERTY LOCATED AT THE SOUTH SIDE OF COUNTY LINE ROAD, A TEXT AMENDMENT CREATING SUBAREA POLICY FLU 7.1.74-PASCO MINE, AND A MAP AMENDMENTTO THE FUTURE LAND USE MAP 2-9 ADDING SUBAREA MAP 2-9(74) PASCO MINE; AND PROVIDING FOR ADDITIONAL TEXT AMENDMENTS AS NECESSARY FOR INTERNAL CONSISTENCY; PROVIDING FOR A REPEALER, SEVERABILITY, AND AN EFFECTIVE DATE.

On **Thursday, June 19, 2025, at 1:30 pm**, the Pasco County Planning Commission, convened as the Local Planning Agency will hold a public hearing at the **West Pasco Government Center, Board Room, 8731 Citizens Drive, New Port Richey, Florida** to consider the consistency of the proposed amendment with the adopted Comprehensive Plan.

On **Tuesday, July 15, 2025, at 1:30 pm**, the Pasco County Board of County Commissioners will hold an adoption public hearing at the **Historic Pasco County Courthouse, Board Room, 2nd Floor, 37918 Meridian Avenue, Dade City, Florida.**

[CPAS23(18) Pasco Mine]

Information concerning this matter will be on file and available for examination by appointment only in the office of the Pasco County Planning, Development and Economic Growth Department, West Pasco Government Center, 8731 Citizens Drive, Suite 200, New Port Richey, Florida 34654, or anytime on our website: www.pascocountyfl.net. To make an appointment or for further information, you may call 727-847-8140. All interested parties may participate in the public hearing and be heard. To learn how to participate in this hearing virtually, which requires advance registration, please visit http://mypasco.net/meetingagendas.

Any person desiring to appeal any decision made by the Planning Commission or the Pasco County Board of County Commissioners with respect to any matter considered at any hearing will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which the appeal is to be based. Persons may obtain a verbatim record of the proceeding by contacting the Clerk and Comptroller's Office, East Pasco Government Center, 14236 6th Street, Suite 201, Dade City, Florida 33523-3414; or at (352) 521-4345.

For questions or inquiries about this meeting, members of the public can reach out to the County's Customer Service Center (727) 847-2411 or County Administration (727) 847-8115 or visit www.mypasco.net. To view the Local Planning Agency and Board of County Commissioners Agendas, please visit http://mypasco.net/meetingagendas.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact the County's Human Resources Department, Internal Services Building, 7536 State Street, New Port Richey, Florida 34654, (727) 847-8030 (V) at least 7 days before the public hearing, or immediately upon receiving this notification if the time before the public hearing is less than 7 days; if you are hearing or voice impaired, call 711.

Dear Property Owner:

This is to notify you that on the dates below, Pasco County intends to consider the following Applications:

MASTER PLANNED UNIT DEVELOPMENT("MPUD"):

Application for Zoning Amendment, Pasco County File No. RZ-7749, to rezone the subject property from C-1 Neighborhood Commercial District and A-C Agricultural District to MPUD Master Planned Unit Development District for the development of a mixed-use development consisting of retail and industrial uses.

COMPREHENSIVE PLAN AMENDMENT:

Small-Scale Comprehensive Plan Amendment, Pasco County File No. CPAS 23(18), to the Future Land Use Map from RES-1 (Residential-1 du/ga) to PD (Planned Development).

The property is located at the south side of Pasco-Hernando County Line Road, approximately 1.2 miles west of the Suncoast Parkway *(*Pasco County Parcel Nos.: 04-24-18-0000-00600-0000 and 04-24-18-0000-00200-0010) and contains 19.41 acres, more or less.

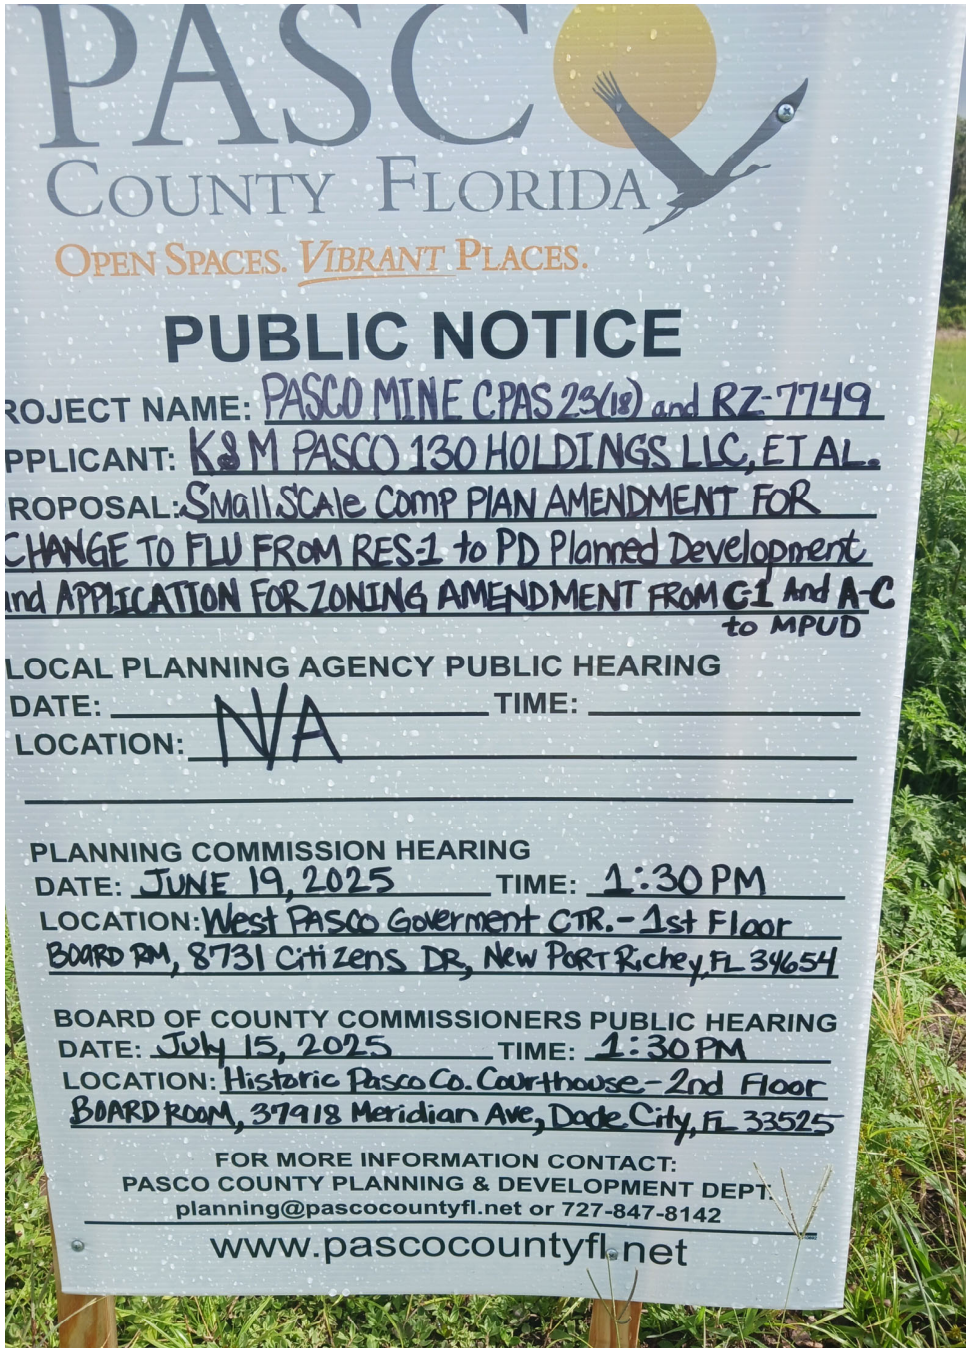
Public hearings for the consideration of this application will be held:

Planning Commission	**06/19/25**	**West Pasco Govt. Center 1st Floor, Board Room 8731 Citizens Drive New Port Richey, FL 34654**	**1:30 p.m.**
Board of County Commissioners	**07/15/25**	**Historic Pasco County Courthouse 2nd Floor, Board Room 37918 Meridian Avenue Dade City, FL 33525**	**1:30 p.m.**

If you are in opposition to the above-stated application, you will need competent, substantial evidence presented to support your opposition.

Page 37 of 58

Any person desiring to appeal any decision made by the Planning Commission or Board of County Commissioners with respect to any matter considered at any meeting or hearing will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which the appeal is based.



On occasion, applications may be continued. It is your responsibility to contact this office to confirm the above-scheduled public hearing dates. If you desire any additional information concerning this application, please contact the Pasco County Planning and Development Department.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact either the Pasco County Customer Service Center, 8731 Citizens Drive, New Port Richey, FL 34654, (727) 847-2411 (V) or the Pasco County Risk Management Office, 7536 State Street, New Port Richey, FL 34654, (727) 847-8028 (V) at least 7 days before the public hearing, or immediately upon receiving this notification if the time before the public hearing is less than 7 days; if you are hearing or voice impaired, call 711.

Sincerely,

Clarke G. Hobby

PLANNING COMMISSION AGENDA MEMORANDUM

COMMISSION DISTRICT: 5 **FILE NO.:** PDE25-7749 **DATE:** 6/19/2025

SUBJECT: Zoning Amendment (Consent) – Pasco Mine MPUD Master Planned Unit Development – K&M Pasco 130 Holdings, LLC– A Rezoning Petition from an A-C Agricultural District to an MPUD Master Planned Unit Development to allow for the maximum development of 30,000 Square Feet of Commercial/Retail, 150,000 Square Feet of Light Industrial, and 7 Acres for a Concrete Batch Plant and associated infrastructure, on Approximately 19.41 Acres, Located on the South side of County Line Road North and 1.25 miles West of Suncoast Parkway

REFERENCES: All Planning Commission (PC) and Board of County Commissioners (BCC) public hearings at 1:30 p.m. in New Port Richey (NPR) or Dade City (DC): PC at NPR 5/15/25 Continued; BCC at NPR 6/17/25 Continued; PC at NPR 6/19/25, BCC at DC 7/15/25

THRU: David Allen, Assistant County Administrator

FROM: David Engel, Director Planning, Development and Economic Growth

RECOMMENDED COMMITTEE ACTION:

Recommend approval with conditions of the rezoning request to the Board of County Commissioners.

BACKGROUND:

PROJECT OVERVIEW

Land Development Code (LDC) Section 402.2, Zoning Amendment – MPUD Master Planned Unit Development; Section 522 – MPUD Zoning District.

Proposed is a rezoning request from an A-C Agricultural Zoning District to an MPUD Master Planned Unit Development to allow for the maximum development of 30,000 square feet of commercial/retail, 150,000 square feet of light industrial, and 7 acres set aside for a concrete batch plant and associated infrastructure on approximately 19.41 acres.

The applicant is also seeking the following variations from the LDC:

LDC Section 805.6 - Restrictions on Post-Development Wetlands and Upland Buffers Within Residential Lots and Nonresidential Parcels – The applicant requests to seek relief from the requirement to form a mandatory association or CDD to own and manage the open space, drainage areas, common areas, landscape areas, wetland areas, buffer areas, preservation/conservation areas, or other special-purpose areas when within a multi-family parcel or under single ownership for any industrial or commercial/retail sites.

LDC Section 905.2- Landscaping and Buffering- The applicant requests not to provide internal buffers between industrial uses.

Staff Variation Request Analysis:

For the maintenance of the property, PDE has identified that the owner/developer will be responsible for overseeing its maintenance, which will include open spaces, drainage areas, common areas,

landscape areas, wetland areas, buffer areas, preservation/conservation areas or any other designated areas within the property. PDE has identified that a Type "C" landscape buffer will be provided to the west, and buffering will be provided in accordance with the LDC to the north and east. PDE is amenable to granting relief of the variations requested from the aforementioned section of the LDC.

SITE DETAILS

This project is located in the North Market Area, on the south side of County Line North and 1.15 miles west of the intersection of County Line Road and Suncoast (Parcel ID's: part of 04 24 18 0000 00600 0000; 04 24 18 0000 00200 0010).

Roads/Access:	County Line Road (Public)

MPUD SURROUNDING CONDITIONS ANALYSIS

Within a one (1)-mile radius of the Pasco Mine MPUD exists four (4) approved MPUDs. The area is mostly characterized by agricultural, industrial, and residential uses. Directly west of the subject site, there are single-family detached homes. However, just west of the single-family homes, approximately 350 feet west of the subject site, there are two parcels that are currently zoned as I-1 Light Industrial Park District and I-2 General Industrial Park District.

The neighboring MPUDs are characterized by single-family detached and attached, multi-family, and commercial/office uses. The Northridge MPUD (PDE-7795) is currently under construction and recently had a substantial modification approved by the BCC on 11/12/24 to add an additional 58 single-family detached units to the approved 700 single-family detached entitlements. Additionally, there is a commercial component of the Northridge MPUD which locates 60,000 square feet of commercial on the frontage of County Line Road. The owner/developer for Land Trust No. 76 MPUD (ZN12-7015) has not yet submitted any site plans for development. However, the Land Trust No.76 in COA # 42 specifically requires 75% of the nonresidential buildings to be located along the frontage of County Line Road.

There are two MPUDs that received approval by the BCC on 4/22/25, just west of the subject site, Sun City County Line North MPUD, and Suncoast Villages MPUD. Sun City County Line North is

approved for 156 platted townhomes and 10,000 square feet of Commercial/Retail (permitted uses in the C-2 General Commercial District) located at the frontage of County Line Road. The Suncoast Villages MPUD is approved for 144 townhome units.

The proposed MPUD locates the proposed 30,000 square feet of commercial uses along County Line Road, which is consistent with the existing approved MPUDs in the surrounding area, and locates the more intense light and heavy industrial uses internal to the subject site closer to the existing mining operation.

The existing Future Land Use of the subject site is RES-1(Residential-1 du/ga). In order to accomplish the proposed rezoning, a companion comprehensive plan amendment was filed to amend the Future Land Use to PD (Planned Development) with a corresponding subarea policy (POLICY FLU 7.1.74 PASCO MINE PD). The location of the commercial and industrial uses along a County arterial roadway is consistent with the Comprehensive Plan and is supported through the addition of the subarea policy, which provides maximum levels of development.

The proposed MPUD utilizes the conditions of approval from the Seven Diamonds Commerce Park MPUD (RZ-7649) that was approved on 11/14/23 by the BOCC for the conditions pertaining to the concrete batch plant to provide consistency for batch plants within the County.

MPUD Name	Approved Entitlements
Northridge MPUD (RZ-7795)	758 single-family detached/attached, 60,000 square feet of commercial/office
Land Trust No. 76 MPUD (ZN12-7015)	120 multi-family units, 55 single-family detached, 70,000 square feet of commercial/office
Sun City County Line Road MPUD (RZ-7849)	156 platted townhomes and 10,000 square feet of Commercial/Retail (permitted uses in the C-2 General Commercial District)
Suncoast Villages MPUD (RZ-7820)	144 platted townhomes

SURROUNDING ZONING AND LAND USES			
	Zoning District	Future Land Use (FLU)	Existing Use
North	Hernando County	Hernando County	County Line Road (Arterial County Road)
South	A-C Agricultural District	RES-1 (Residential-1 Du/Ga)	Existing Mining Operation
East	C-1 Neighborhood Commercial District	COM (Commercial)	Vacant
West	A-C Agricultural District, A-R Agricultural-Residential District	RES-1 (Residential-1 Du/Ga)	Residential

PREVIOUS ZONING ACTION(S) AND BACKGROUND DETAILS

On March 2009, the Board of County Commissioners (BCC) approved Petition No. CU08-64 for a conditional use for a Class I Mine in an A-C Agricultural and A-R Agricultural Residential Districts.

On March 2017, the Board of County Commissioners (BCC) approved PDD17-CU15, allowing the extraction of limestone/lime rock mechanically with no blasting.

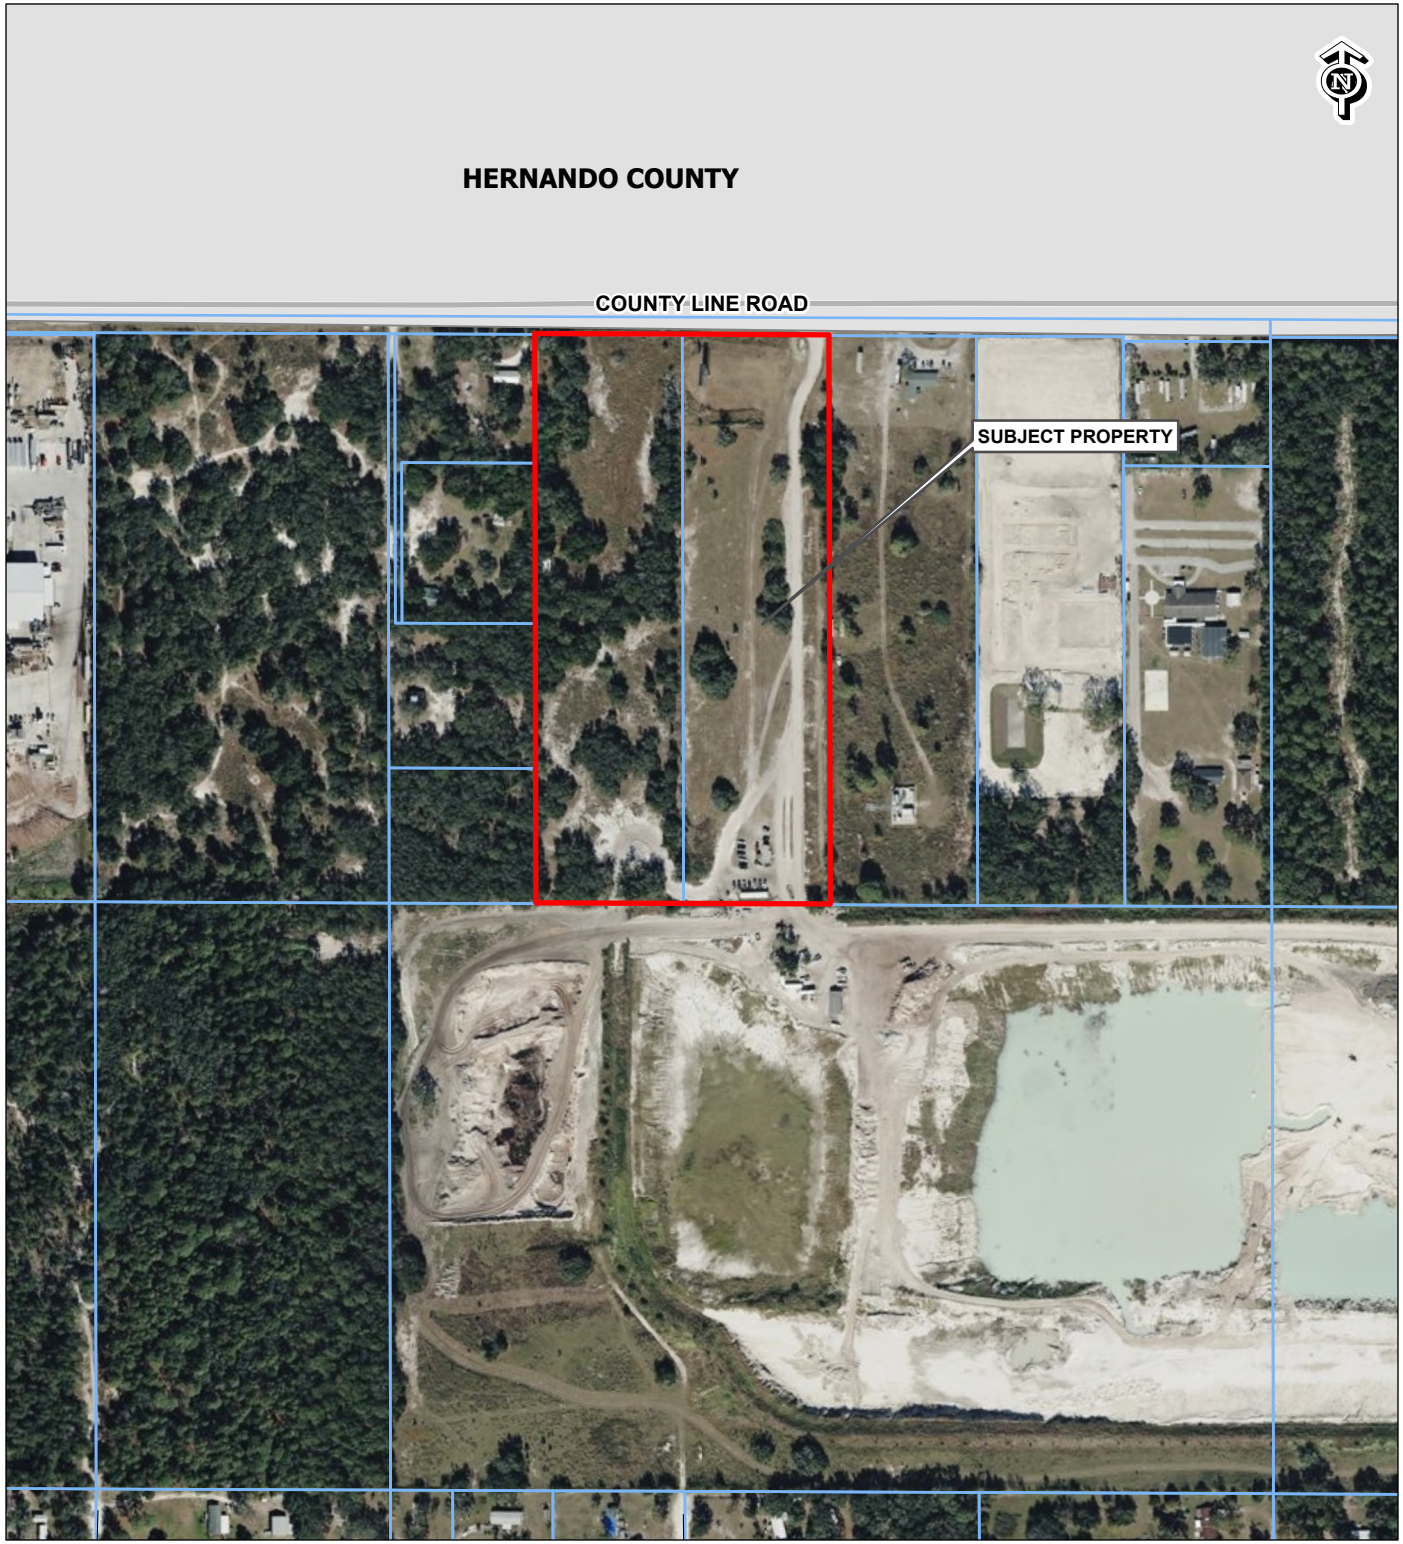
On October 2021, the Board of County Commissioners (BCC) approved PDD22-CU01 for the extension of a mining operating permit already existing in the property.

On December 2024, the Board of County Commissioners (BCC) approved PDE25-CU06 to revise the existing conditions and to allow for the expansion of the mining operation.

FINDING OF FACT

1. The subject property is located in the North Market Area.
2. The subject site contains two parcels: PID: 04-24-18-0000-00200-0010 is currently vacant, and 04-24-18-0000-00600-0000 is currently utilized for access to County Line Road for the mining operation, including a weight station.
3. The proposed development has a companion Comprehensive Plan Amendment (CPAS23-18) to amend the Future Land Use to PD(Planned Development).
4. Planning Services worked with the Florida Department of Transportation (FDOT) to understand the potential right-of-way improvements of County Line Road. FDOT and their contractor for the County Line Road widening have confirmed that even though a new Project Development and Environment (PD&E) study is being done, the current ROW on the south will hold at the existing extent of the current Right-of-Way (ROW), even with the new working design. The proposed improvements will take place on the northern side (Hernando County). The email correspondence from FDOT dated 12/26/24 has been included in the attachments for reference.
5. The applicant will be providing an interconnection to the west of the subject site to ensure connectivity in the event that non-residential uses are contemplated in the future with the inclusion of the Vision Road "W" running along the western boundary of the properties to the west of the subject site. The applicant will also be providing an interconnection to the east of the subject site, to provide consistency and accessibility with the proposed commercial uses of the Pasco Mines MPUD and the existing C-1 Neighborhood Commercial District zoning that is located on the property abutting the subject site (to the east).
6. The applicant will be providing a “Type C” buffer on the western portion of the subject site, which is 20 feet in width and includes a minimum 6 foot tall opaque fence.
7. The proposed Concrete Batch Plant will be set back 300 feet from the western boundary of the subject site/ MPUD. The applicant will provide an updated MPUD Master Plan before the July 15, 2025 BCC meeting reflecting this setback.
8. This project was submitted to Hernando County for review on May 6, 2024, and there were no comments or responses from Hernando County regarding this rezoning.
9. LDC Section 402.2.C.8 specifies that variations from this Code may be reviewed and approved by the PC and BCC during the public hearing held on any application for an MPUD zoning amendment and the BCC finds, in the particular case, that the proposed variation(s) meet(s) or exceed(s) the intent of the Code. The Planning, Development, and

Economic Growth Department (PDE) has reviewed the requested variation(s) and finds that it meets the intent of the LDC as noted.



10. The proposed request is consistent with the Pasco County LDC, Chapter 400, Subsection 402.2 Zoning Amendment - MPUD Master Planned Unit Development, and with the applicable provisions of the Pasco County Comprehensive Plan.

PRELIMINARY FEASIBILITY ANALYSIS A preliminary feasibility analysis was conducted by the PDE. The following assessments/comments/conditions are derived from the various County departments and other agencies.

1. Timing and Phasing (T&P) and/or Substandard Road Analysis (SSRA): The PDE Transportation Planner concluded "Considering County's Cost Affordable Plan and the identified improvements, all segments of County Line Road operate within acceptable V/C ratios. A detailed Access Management analysis will be required at the time of site plan review which may show additional improvements required at the project access locations". Per the Florida Department of Transportation (FDOT) and their contractor for the County Line Road widening, they have confirmed that even though a new PD&E is being done, the current ROW on the south will hold at the existing extent of current ROW, even with the new working design. The proposed improvements will take place on the northern side.
2. Pasco County Utilities (PCU): The applicant may need to make offsite improvements to the County's infrastructure to connect to water services. However, the applicant may rely on well and septic to serve the existing office within the MPUD that serves the existing mine and the Concrete Batch Plant.
3. Pasco Sheriff's Office (PSO): The PSO provided no comments on the proposed rezoning.
4. Fire: The Fire Department had no issues with the proposed rezoning.
5. Emergency Management: The Emergency Management Department had no issues with the proposed rezoning.
6. School District: The School District had no issues with the proposed rezoning.
7. Parks, Recreation, and Natural Resources (PRNR): The PRNR supports the proposed rezoning with the conditions that have been included.

FISCAL IMPACT/COST/REVENUE STATEMENT:
Funding is not required for this action.

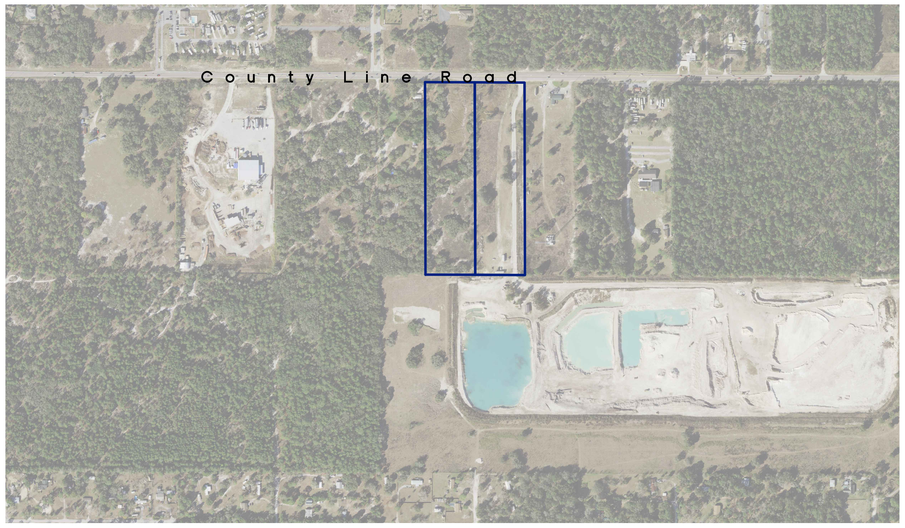
LEGAL DESCRIPTION

OF A PORTION OF

SECTION 4, TOWNSHIP 24 SOUTH, RANGE 18 EAST
PASCO COUNTY, FLORIDA



SURVEYOR'S NOTES:

1. Use of this survey for purposes other than intended, without written verification, will be at the user's sole risk and without liability to the surveyor. Nothing herein shall be construed to give any rights or benefits to anyone other than those certified to. This survey meets the "Standards of Practice" set forth by the Florida Board of Land Surveyors in Chapter 5J–17 Florida Administrative Code.
2. This survey was prepared without an abstract of title; therefore the undersigned makes no guarantees or representations regarding information shown hereon pertaining to easements, rights–of–way, setback lines, agreements, reservations, or other similar matters.
3. No instruments of record reflecting easements, right–of–ways and/or ownership were furnished to the undersigned except as shown.
4. No underground installations, improvements or encroachments, have been located except those shown hereon.
5. Bearings shown hereon are based on the Florida State Plane Coordinate System, FL–West Projection, with West boundary of the West 1/2 of the West 1/2 of the Northeast 1/4 of the Northeast 1/4, of Section 4, Township 24 South, Range 18 East, Pasco County, Florida, having a grid bearing of N.00°00'09"W.
6. Bearings and distances shown hereon are field measured, unless otherwise indicated.
7. The text for ties to improvements indicates the direction they lie in relation to the boundary.
8. Subject property may contain lands that are subject to jurisdiction or restriction by one or more of the following agencies: Army Corp. of Engineers, Southwest Florida Water Management District (S.W.F.W.M.D.) or Florida Department of Environmental Protection (F.D.E.P.).

ALTA TABLE A NOTES:

- [Item 1] See map of survey for found or set monuments.
- [Item 2] The physical address of the subject property is 18648 County Line Road, Spring Hill, FL 34610.
- [Item 3] Subject property appears to lie in Flood Zone "X" according for FEMA Flood Insurance Rate Map Panel No. 12101C0045F, dated 9/26/2014.
- [Item 4] Subject property contains 9.71 & 9.70 acres, more or less.
- [Item 6] Zoning Report not provided to Surveyor as of 6/9/23
- [Item 7] See map of survey for building dimensions and area.
- [Item 8] See map of survey for depiction of substantial features observed.
- [Item 14] Subject property lies approximately 1350' from the intersection of County Line Road and Linden Drive.
- [Item 16] No evidence of recent earth moving work, building construction, or building additions were observed.
- [Item 18] See Schedule B–II table for index of easements and servitudes disclosed in Title Documents. See map of survey for depiction thereof.

CONDITIONS OF APPROVAL

PASCO MINE
MASTER PLANNED UNIT DEVELOPMENT
CONDITIONS OF APPROVAL
REZONING PETITION NO. 7749

Master Development Plans

1. Development shall be in accordance with the plans and information submitted August 21, 2023, January 25, 2024, and March 28, 2025; the Land Development Code (LDC); and the Comprehensive Plan unless otherwise stipulated or modified herein.

Environmental

2. If during construction activities any evidence of the presence of State or Federally protected plant and/or animal species is discovered, Pasco County and applicable agencies shall be notified within two working days of the plant and/or animal species found on the site. All work in the affected area shall come to an immediate stop until all pertinent permits have been obtained, agency written authorization to commence activities has been given, or unless compliance with state and federal guidelines can be demonstrated.

3. The applicant shall provide a 100% gopher tortoise burrow survey conducted according to FFWCC guidelines, the FFWCC gopher tortoise relocation permit and FFWCC accepted after action report prior to issuance of site development placard. If site construction does not commence within 90 days from the date of the most recent 100% gopher tortoise survey or capture activities, a new gopher tortoise burrow survey must be completed to ensure gopher tortoises have not moved in and, if found, a valid permit must be obtained, amended, or acted on to capture and relocate all tortoises prior to commencing any site clearing.

4. Suitable nest cavities for the Southeastern American Kestrel were observed within the project area. All suitable nest cavities shall be surveyed for kestrel activity during the breeding season (March 1 to July 31). All potential nesting cavities shall be identified, recorded, and clearly identified in the field. The applicant shall abide by current FFWCC permitting guidelines and provide documentation from FFWCC that they are in conformance with the guidelines prior to issuance of site development placard.

5. A copy of the SWFWMD Environmental Resource Permit (ERP) shall be submitted to the Pasco County project record prior to issuance of site development placard.

Open Space/Buffering

6. Prior to the first certificate of occupancy or equivalent for a concrete batch plant within the MPUD (which is only allowed in the portion of the MPUD depicted as “Concrete Batch Plant” on the MPUD Master Plan), Applicant/developer shall install a Type “C” landscape buffer along the west boundary of the MPUD. Otherwise, Applicant/developer shall install a Type “C” landscape buffer along the western boundary of the MPUD in phases as development occurs along the western boundary. The landscape buffers along the north and east boundaries of the MPUD shall be in accordance with the LDC. No landscape

buffer shall be required along the south boundary because the MPUD is adjacent to an active mine. Existing vegetation may be used to satisfy requirements pursuant to LDC section 905.2 and shall not require an alternative standard application. No internal landscape buffers between industrial uses shall be required.

7. The developer(s) shall create a mandatory homeowners'/property owners'/condominium owners'/merchants' association in the form of a nonprofit corporation registered with the State of Florida, Secretary of State, and/or, if approved, by the BCC or State of Florida, a Community Development District (CDD). The association(s) or District(s) shall encompass the entire boundaries of the MPUD except for any real property to be conveyed to the County or the District School Board of Pasco County (School Board). The developer(s) shall convey in fee simple to the association(s) or the CDD(s), for ownership and maintenance, open space, drainage areas, common areas, landscape areas, wetland areas, buffer areas, preservation/conservation areas, and other special-purpose areas unless the said area(s) is/are required to be dedicated to another governmental entity. Recreation areas and neighborhood parks shall be conveyed to the association(s) as well, but only to the CDD(s) if such special power, pursuant to Section 190.012(2), Florida Statutes, is consented to by the County. All such conveyances shall be for a value that does not exceed the fair market value of the land. Prior to platting the first unit or phase, homeowners'/property owners'/condominium owners'/merchants' association(s) or CDD documents, including Articles of Incorporation with proof of being filed with the State of Florida, Secretary of State, restrictive covenants, and all exhibits shall be submitted to the Survey Department for review along with copies of instruments to be used to convey in fee simple the above-mentioned areas to the said association or the CDD. Impact fee credits for improvements or dedications shall go to the association or the CDD that funded such improvements as applicable. Notwithstanding any other provision of this condition, the developer shall not be required to dedicate any open space, drainage areas, common areas, landscape areas, wetland areas, buffer areas, preservation/conservation areas, or other special purpose areas to such an association or CDD, or include such areas with such association or CDD boundaries, if the affected areas are located entirely within a commercial or industrial (including the concrete batch plant) parcel under single ownership.

8. The applicant shall replace any tree inches removed for this project and shall place them within any required landscaping; however if enough landscaping is not required to mitigate the tree removal and the applicant cannot find additional common area to plant the required number of tree inches, then the applicant shall pay into the tree mitigation fund at the rate established by resolution of the BCC (Resolution 08-284, as amended) as follows: $50.00 per inch but not to exceed $500.00 for each 2,000 square feet of the first-floor building area pursuant to Section 802.3.C of the LDC, and, as to the area on which the Concrete Batch Plant is located, $50.00 per inch, but not to exceed $500.00 for such Concrete Batch Plant area.

Transportation/Circulation

9. The Timing and Phasing Analysis submitted by the applicant assumes the following land uses: 30,000 sq. ft. of retail, 150,000 sq. ft. of light industrial, and a concrete batch plant. Any development of land use(s) that generate(s) greater traffic impacts than those assumed shall require an updated Timing and Phasing Analysis utilizing a methodology

approved by the County. The PC, BCC, or County Administrator or designee, may impose additional conditions on the applicant or developer based on the updated County-approved Timing and Phasing Analysis.

10. The entire project must be platted, or if platting is not required, all building permits must be issued prior to December 31, 2030, or an updated Timing and Phasing Analysis utilizing a methodology approved by Pasco County shall be required. Additional conditions based upon the updated timing and phasing analysis may be imposed by the County.

Access Management

11. The access points shown on the master plan are conceptual only. Permanent placement of each access point shall be determined at the time of review with the corresponding PSP/PDP and shall meet established access-management criteria. Based on the corresponding PSP/PDP, County Administrator, or designee, may impose additional conditions on the applicant/developer.

12. At each PDP/PSP approval, the County Engineer, or designee, may also require site-specific internal or external intersection improvements. Intersection improvements shall be in accordance with the LDC and Access Management Standards as amended.

13. Unless otherwise determined at the time of PSP/PDP review through the appropriate review and approval process pursuant to the LDC, access to any commercial out-parcels shall be provided from internal drives or parking areas.

14. The developer has provided a Substandard Road Application for County Line Road. There are no substandard road impacts to County Line Road that require mitigation by Developer. Developer shall not be responsible for any improvements to County Line, or any proportionate share payment for any improvements to County Line Road, other than access-related improvements and any fugitive dust control measures required pursuant to Condition No. 18, which shall be the Developer's obligation.

Dedication of Right-of-Way

15. Street connections and rights-of-way to adjoining areas to the east, south, and west shall be provided to give access to such areas and/or to provide for proper traffic circulation as determined necessary at the time of PDP approval. Those streets that are required to ensure adequate traffic flow to and through the land are to remain public and shall not be gated.

16. In the case of private streets, and any amenities within those rights-of-way such as paths, trails, sidewalks, and any other non-vehicular accessways, dedication and maintenance shall be the responsibility of the mandatory homeowners'/property owners'/condominium owners'/merchants' association(s) or an appropriate entity other than the County. Pasco County will not be responsible for the maintenance of any private streets or private access amenities.

17. Subject to the provisions of the LDC, Section 901.2.J. (Transportation-Corridor Management; Dedication-Rough Proportionality), the developer(s) is not required to

convey any right-of-way for County Line Road (Pasco County Corridor Preservation Table as amended, located in the Comprehensive Plan, Transportation Element, for arterial/collector and major intersection right-of-way requirements).

Design/Construction Specifications

18. The operator shall be responsible for controlling fugitive dust attributed to work. All access roadways shall be maintained by the operator in a dust-free condition at all times. Appropriate dust-control techniques shall be conducted at the operator's expense when, in the opinion of the County Administrator or designee, dust control becomes necessary.

19. Developer(s) shall protect the Weeki Wachee springshed by prohibiting application of fertilizer in the upland buffer areas, limiting fertilizer application in landscaped or grassed areas to the dry season (October 1st through May 30th) using only contractors holding a Florida Department of Agriculture and Consumer Services Commercial Urban Fertilizer Certification, and by requiring all lots served by septic to measure more than one acre in size.

20. If, during construction activities, any evidence of historic resources including, but not limited to, aboriginal or historic pottery, prehistoric stone tools, bone or shell tools, historic trash pits, or historic building foundation, are discovered, work shall come to an immediate stop, and the Florida Department of Historic Resources (State Historic Preservation Officer) and Pasco County shall be notified within two working days of the resources found on the site.

21. If the property to the east, south, and west has an approved PDP/PSP or is built-out, then prior to PDP/PSP submittal for development within the Commercial/Retail portion of the MPUD, the developer shall supply evidence that it has coordinated with the developer(s) and engineer(s)/surveyor(s) of the adjoining parcels to the east and west, to identify and provide the location of the required interconnecting roadway [such interconnecting roadways do not include the collector/arterial/vision roadways as depicted on the approved master plan]. The following information shall be shown on all PDPs/PSPs and construction plans/construction site plans that include or abut the interconnecting roadway: location (by State plane coordinates), centerline, right-of-way width, cross section, elevation of centerline, grade, and centerline geometry (tangent bearing/curve geometry) to provide a seamless continuation of this road at property lines.

22. The developers shall comply with the County and Pasco County Public Transportation requirements to accommodate mass transit service to and within the project if service is available at the time of preliminary plan/preliminary site plan approval. A detailed description of the overall transit accommodations plan shall include, but is not limited to, a proposed ingress and egress route for buses and bus stops proposed to service the project including, but not limited to, benches, shelters, lighting, pedestrian walkways, landscaping, and placement as required by the County or Pasco County Public Transportation. The developers shall submit the detailed description of the overall transit accommodations plan to Planning, Development, and Economic Growth Department (PDE) for review and approval prior to or concurrent with the PDP/PSP of the first unit or phase within the development. Approval of the detailed description of the overall transit-accommodations plan is subject to Pasco County Public Transportation review and

approval in accordance with the Pasco County Public Transportation *Transit Infrastructure Guidelines* (June 2005), as may be amended from time to time, or any subsequent ordinance adopted by Pasco County. The developers shall include and show on any PDP/PSP submittal the approved transit-accommodation facilities, which shall be constructed with the infrastructure improvements of each affected preliminary plan/preliminary site plan unless an alternative phasing of transit-accommodation-facilities construction is approved with the overall transit-accommodations plan. The applicant/developers and their successors shall not refuse the Pasco County Public Transportation, or any other transit authority, or any of its users/patrons access to such facilities.

23. All sidewalks, bike paths (not including bike lanes within the pavement of any roadway accepted by the County for maintenance), multi-use trails, and other non-vehicular pathways within the rights-of-way of any roadways within the MPUD shall not be the maintenance responsibility of the County.

24. As provided in Chapter 190, Florida Statutes, and subject to the BCC's separate approval, the CDD(s) is hereby authorized to undertake the funding and construction of any of the projects, whether within or outside the boundaries of the CDD(s) that are identified within this rezoning approval. Further, any obligations of the developer contained in this approval may be assigned to a CDD, homeowners'/property owners' association, or other entity approved by the County. However, such CDD shall not be authorized to levy assessments on any property either owned or to be owned by the County or School Board (Public Properties) that are located within the boundary of the CDD. All applicable documents pertaining to the undertaking of funding and construction by the CDD shall reflect the following:

    a. Public Properties shall not be considered benefited properties and shall not be assessed by the CDD.

    b. No debt or obligation of such CDD shall constitute a burden on any Public Property.

Utilities/Water Service/Wastewater Disposal

25. Applicant/developer will rely on well and septic for the subject development in compliance with applicable FDEP/Health Department rules until such time as central water and wastewater connections are required to serve the Light Industrial, Commercial, or Retail portions of the MPUD (the County acknowledges that central water/sewer are not required for the existing office within the MPUD that serves the existing mine, nor the Concrete Batch Plant, both of which may be served by well and septic), at which time Applicant/developer shall connect to such central facilities unless Pasco County Utilities otherwise approves of the same. At such time, a Master Utility Plan for the entire development shall be submitted to the Utilities Services Branch for review and approval prior to or concurrent with submittal of the first construction plan/construction site plan. This utility plan shall show, at a minimum, the following:

    a. Trunk sewer lines and lift stations.

b. Main potable water lines and non-potable water lines, if applicable.

c. Sewage treatment facility locations, including discussion of the proposed method of treatment and the feasibility of a non-potable water system for irrigation.

d. Method of lighting for all nonlocal roads shall be submitted at the time of record plat submittal for each unit or phase.

e. A Master Utility Plan shall include *AutoCAD* and PDF electronic files and hydraulic analysis for the water, wastewater, and reclaimed water systems and shall be in conformance with the Utilities Services Plan guidelines implemented by the Utilities Services Branch.

26. Prior to the time the connections to central water and wastewater services are required as set forth above, the developer(s) and the County shall enter into a Utilities Service Agreement.

27. At such time as the connections to central water and wastewater services are required as set forth above, the developer(s) shall construct all water and wastewater facilities within the development to current County standards. A complete set of instructions may be obtained from the Utilities Services Branch.

28. In consideration of Pasco County's agreement to provide potable water and/or reclaimed water to the subject property, the developer(s)/owner(s) and its successors and assigns, agree to the following:

a. In the event of production failure or shortfall by Tampa Bay Water (TBW), as set forth in Section 3.19 of the Interlocal Agreement creating TBW, and then only for so long as such a production failure or shortfall exists, the developer(s)/ owner(s) shall transfer to the County any and all Water Use Permits or water-use rights the developer(s)/owner(s) may have to use or consume surface or ground water within the subject property, provided that the same are not needed to continue any existing agricultural uses on the subject property, in which case, such transfer shall not be required as long as such agricultural uses are active.

b. Prior to the developer(s)/owner(s) selling water, Water Use Permits, or water-use rights, the developer(s)/owner(s) shall notify Pasco County, and Pasco County shall have a right of first refusal to purchase such water, Water Use Permits, or water-use rights.

Stormwater

29. The applicant shall contact the SWFWMD Engineering & Watershed Management Section for the latest floodplain study information available for design.

30. At time of the first site development permit, the applicant shall comply with applicable County floodplain management requirements.

31. The applicant shall verify if the proposed project is within a Basin of Special Concern. If the project lies in or partially within a Basin of Special Concern, the applicant shall comply with Basin of Special Concern criteria requirements.

32. All pass-through drainage shall have an access and maintenance easement over it. This easement shall be to Pasco County granting the County the right, but not obligation, to access and maintain.

Land Use

33. Land Use maximums shall be in accordance with the following Permitted Uses and Development Limits Table.

Table 1
Permitted Uses and Development Limits

Permitted Uses	Density/Intensity
Commercial/Retail	30,000 Square Feet
Light Industrial	150,000 Square Feet
Concrete Batch Plant	7 Acres (Not limited by square feet or FAR)

34. The permitted Commercial/Retail uses, except for those uses listed below as being prohibited, shall be all permitted uses set forth in the C-2 General Commercial Zoning District in effect at the time of adoption of this MPUD, and specifically including all retail, professional and other services, office (including administrative, medical and professional, medical facilities and clinics), entertainment (including, without limitation, theaters, bars and lounges), civic, cultural, restaurants, hotels/motels, residential treatment and care facilities (including assisted living facilities), daycare, churches, public safety and governmental uses, and educational facilities (including public [charter and traditional] and private schools, colleges, post-secondary and technical schools). The following uses, however, shall be prohibited within the MPUD:

(a) Stand-alone car washes, unless the car wash is owned and operated by a Big Box user in conjunction with its primary use.
(b) New or pre-owned vehicle sales or leasing with outdoor vehicle storage/displays; however, new or pre-owned vehicle sales or leasing is specifically permitted if all vehicle displays, and storage are located completely indoors.
(c) Cabinet, carpentry, plumbing, electrical, mechanical, welding, machine, sheet metal or other similar trade shops.

(d) RV/Boat or outdoor storage.

(e) Vehicle or equipment garage or mechanical service.

(f) Stand-alone lawn mower or small equipment sales or repairs; lawn mower or small equipment sales are specifically permitted if owned and operated by a Big Box user in conjunction with its primary use.

(g) Mortuaries, funeral homes, or crematoriums.

(h) Stand-alone pottery, propane, septic tank, or sod sales; such uses are specifically permitted if owned and operated by a Big Box user in conjunction with its primary use.

(i) Outdoor shooting or archery ranges.

(j) Solar power collection facility.

(k) Automobile towing, collection, or storage facility.

(l) Mini-Warehouses and Self-Storage facilities within 200 feet of the County Line Road right-of-way.

For purposes of the foregoing requirements, a "Big Box user" shall mean a user subject to Section 1102 of the LDC pursuant to the applicability provision of Section 1102.2 of the LDC.

35. All permitted uses set forth in the I-1 (Light Industrial) Zoning District in effect at the time of adoption of this MPUD (which shall not prohibit Applicant/developer from later seeking conditional use permits or special exceptions within such area in accordance with the LDC) shall be permitted in all "industrial" areas on the MPUD Master Plan. Within the area labeled as "Concrete Batch Plant" on the MPUD Master Plan (the "Concrete Batch Plant"), the permitted uses will be (a) such foregoing I-1 (Light Industrial) Zoning District uses in effect at the time of adoption of this MPUD (which shall not prohibit Applicant/developer from later seeking conditional use permits or special exceptions within such area in accordance with the LDC), (b) the Concrete Batch Plant, which covers a portion of the MPUD, and (c) the office, temporary construction trailer, haul route (private road), drainage pond, truck scale and storage shown on the approved mining plans associated therewith, Exhibit 1. The dimensional and bulk standards shall be in accordance with non-residential lot standards on the MPUD Master Plan, subject to the exceptions in LDC section 530.1, Height Regulations Exceptions. In addition to the special industrial structures set forth in LDC section 530.1, the Concrete Batch Plant (including the Concrete and Concrete Products Plant Facilities, as hereinafter defined) shall be considered "special industrial structures" and may be erected to a greater height subject to the requirements in LDC section 530.1. In addition to the specific Concrete and Concrete Products Plant Facilities that are specifically permitted below, the Concrete Batch Plant may include: (1) Cement silos, associated transfer/conveying equipment, and air pollution (dust) control and exhaust equipment; and (2) Sand/aggregates storage bins, associated transfer/conveying equipment, and air pollution (dust) control and exhaust equipment. The hours of operation for the Concrete Batch Plant shall be 5:00 A.M. to 5:00 P.M., Monday-Saturday.

36. The Concrete Batch Plant shall be set back 300 feet from the western boundary of the MPUD.

37. The following conditions apply to the Concrete Batch Plant, which shall specifically allow the following facilities that mix cement and other materials to produce:

SIC Code	NAICS Code	Products
3217	32733	Concrete building blocks and bricks (e.g. pavers)
3272	32739	Other concrete products
3273	32732	Ready-mixed concrete and soil cement

(hereinafter "Concrete and Concrete Products Plant Facility or Facilities")

a. Concrete and Concrete Products Plant Facilities must obtain and maintain an air general permit ("AGP") from the Florida Department of Environmental Protection (FDEP) under Rule 62-210.310(4)(g), (5)(b) or (5)(e), respectively, in the Florida Administrative Code (F.A.C.), as applicable. If the facility exceeds the emissions thresholds established in the respective sections of Rule 62-210.310, F.A.C., the facility cannot operate unless an individual air emissions operation permit is obtained and maintained as required by Chapter 62-212, F.A.C.

b. The Concrete and Concrete Products Plant Facility owner or operator shall submit a copy of the Air General Permit Registration Worksheet (the "Worksheet") to the County concurrent with the Preliminary Site Plan/Construction Plan application. In addition to the equipment list provided in the Worksheet, the owner or operator shall provide a site plan illustrating the locations of equipment within the site, if not already provided in the Preliminary Site Plan/Construction Plan submittal.

c. The owner or operator shall provide a description of the proposed operations at the facility in sufficient detail to demonstrate conformance with the emissions limitations established by the applicable sections in Rule 62-296.414, F.A.C. (Dust emissions limits) and/or the applicable AGP. The types of products manufactured shall be described as well as the maximum estimated annual production of each. All manufacturing processes shall be described, together with a list of all air pollutant emitting equipment and any air pollution control measures and equipment, except for mobile equipment (e.g., front end loaders). Emissions from silos, weigh hoppers (batchers), and other enclosed storage and conveying equipment shall be controlled to the extent necessary to limit visible emissions as required by the applicable sections in Rule 62-296, F.A.C. and/or the applicable AGP.

d. The owner or operator shall provide an analysis of the potential for dust emissions to escape and become airborne from unenclosed facilities and operations (I.e., "unconfined emissions" sources). The analysis must demonstrate control of such sources by enclosure and venting through dust collectors has been addressed by the design in accordance with the applicable AGP. Hoppers, storage, conveyance equipment, including drop and transfer points must be addressed, as well as truck loading and unloading facilities. Control measures to be evaluated include:

i. Limiting the material drop distances between offloading points and stockpiles and restricting the flow of material using dead boxes, socks, and/or drop-down spouts/sleeves;

ii. Installing hoods, fans, and dust collectors to enclose and vent dusty processes through control equipment;
iii. Enclosing conveyor belts and using belt wipers;
iv. Installing and maintaining dust curtains around material transfer points, such a truck loading stations; and
v. Spraying water or dust suppressants on conveyor feed areas.

e. With the Preliminary Site Plan/Construction Plan submittal, owner or operator shall submit a "Fugitive Dust Control Plan" for the County's review and approval that addresses the potential for dust to be generated by wind and/or vehicle movements from open areas that is visible crossing the facility boundary/property line at or near ground level, and owner or operator shall be required to comply with same. The Fugitive Dust Control Plan shall identify all sources of fugitive dust taking into consideration the locations of the sources within the site, the distance to facility boundaries and predominant wind direction, and frequency of activity. Best Management Practices to be evaluated to control fugitive dust emissions include:

i. Monitoring the moisture content and size(s) of exposed materials (e.g., stockpiles);
ii. Applying water or approved chemical dust suppressants on a regular basis;
iii. Minimizing stockpile heights;
iv. Installing wind breaks or barriers around storage piles;
v. Washing, sweeping, or vacuuming paved surfaces on a scheduled basis;
vi. Paving unpaved surfaces;
vii. Enforcing vehicle speed limits;
viii. Installing wheel wash stations near every vehicle exit location; and
ix. Good housekeeping (i.e., removal of accumulated materials adjacent to loading, unloading, and transfer/drop points).

The Fugitive Dust Control Plan must include a description of operating and maintenance procedures to address fugitive dust potential; employee training procedures; and reporting and recordkeeping.

f. The owner or operator shall notify the County of any equipment changes at least 30 days prior to installation. If installation of new process or air pollution control equipment, alteration of existing process or air pollution control equipment, or replacement of existing process or air pollution control equipment with equipment that is substantially different in terms of capacity, control efficiencies, method of operation, material processed, or intended use is proposed, the owner or operator shall submit a copy of a Worksheet to the County at least 30 days in advance.

g. The owner or operator shall not circumvent any air pollution control device or allow the emissions of air pollutants without the operation of all applicable air pollution control devices.

h. The owner or operator shall operate and maintain the facility consistent with equipment manufacturer's recommendations and good air pollution control practices. The owner or operator shall ensure that the facility maintains its eligibility to use the AGP and complies with all terms and conditions of the AGP.

i. The owner or operator of the facility shall allow a duly authorized representative of the County access to the facility at reasonable times to inspect and test to determine compliance with these criteria.

j. This approval does not relieve the owner or operator of the facility from liabilities and penalties when the construction or operation of the facility causes harm or injury to human health or welfare; causes harm or injury to animal, plant, or aquatic life; or causes harm or injury to property. It does not allow the owner or operator to cause pollution in contravention of Florida law.

k. The owner or operator shall complete an emissions test within 60 days following start up on each dust collector exhaust point, and within 60 days prior to each anniversary of the County approval. The emissions test shall apply visible emissions test methods specified by FDEP. Copies of the test results shall be provided to the County within 30 days of the test date.

l. The owner or operator shall provide the County with copies of all correspondence with FDEP concerning the facility.

m. In the event of an upset or failure of an air pollution control device, the owner or operator shall immediately cease operation of the process equipment controlled by the failed device. The County shall be notified within 24 hours of the failure, followed by an estimate of when the device will be repaired or replaced.

n. The owner or operator shall submit a calendar year annual report summarizing the operation of the facility on or before March 1st of the following year. The report shall detail steps taken to ensure conformance with the conditions of this approval, the AGP, emissions testing results, upsets and exceedances (if any), and the effectiveness and revisions to the Fugitive Dust Control Plan.

38. This MPUD contains land areas that could be construed as being zoned for commercial, industrial, and/or mixed-use, and that have been specifically reserved in the MPUD for such uses to ensure that the project provides the benefits of commercial, industrial, and/or mixed-use development, including but not limited to, adequate employment generation and internal capture of vehicular trips. Accordingly, the applicant/developer has committed to, and is hereby requiring, that the permitted uses for such commercial, industrial, and/or mixed-use areas shall remain those uses required by these MPUD conditions of approval, notwithstanding any potential contrary requirements in Section 125.01055(7), Florida Statutes. This condition shall be construed as a requirement imposed by the applicant/developer, and not a requirement of the County, to the extent it prevents any use allowed or preempted by Section 125.01055(7), Florida Statutes.

39. The maximum floor area for the Commercial/Retail portion shall not exceed 30,000 square feet of gross floor area, including out-parcels.

40. The approved 150,000 square feet of light industrial entitlements and the area designated for only light industrial on the MPUD Master Plan may not be utilized or exchanged for

retail or residential land uses. This acreage is in addition to the Concrete Batch Plant on the Master Plan, which such area may be used for a concrete batch plant or other approved light industrial uses.

41. The approved 30,000 square feet of Commercial/retail entitlements may not be utilized or exchanged for residential land uses.

42. The maximum square footage set forth above is not a vested right and is subject to reduction based on, or as a result of, applicable County ordinances and resolutions.

43. Parcels may be developed out of numerical sequence and in multiples as long as the parcels being developed do not rely upon infrastructure construction of future parcels.

44. Interim silvicultural and/or agricultural activities shall be permitted until the commencement of development for that portion of the proposed development. Seasonal temporary uses pursuant to Section 530.9 LDC may be allowed with subsequent approval, pursuant to the County's Miscellaneous Permit process for temporary events.

Procedures

45. Unless required elsewhere within the conditions of approval, all conveyances shall occur at record plat or the issuance of the first CO where a record plat is not required or within 90 days of the County's request, whichever occurs first. All conveyances shall include access easements, be in a form acceptable to the Real Estate Division, and be free and clear of all liens and encumbrances, including exemption from all covenants and deed restrictions.

46. The developer(s) shall submit and obtain approval of a Substantial Modification to add uses not previously approved or to reduce open-space or preservation/conservation areas. A Substantial Modification is also required if there is a cumulative increase in density or intensity of ten percent or more in the number of average daily trips as defined by the Institute of Traffic Engineers and the Pasco County Access Management Team.

47. Unless otherwise approved by the Fire Marshal, or designee, the development shall be included into a Pasco County Municipal Fire Service Taxing Unit to provide fire protection. The developer(s) shall submit a petition for inclusion into the Pasco County Municipal Fire Service Taxing Unit at the time of record plat submission, or when no plat is required, prior to the issuance of the first Building Permit. In no case shall a Building Permit be issued until the Fire Marshal, or designee has received such a petition.

48. Unless otherwise approved by the PDE Administrator or designee, a PDP/PSP must be approved for an entire increment (bubble) prior to any phased construction plan/construction site plan approval. and a PSP must also be approved for each commercial increment in its entirety prior to any phased construction site plan approval.

49. PDP/PSP submittals shall include a detailed breakdown of the individual plan approvals, including the plan name and increment or phase designation as it relates to the Master Development Plan, acreage of the site, gross floor area ratio of commercial space which

have received PDP/PSP approval, construction plan/construction site plan approval, and/or record plat approval.

50. If a PDP/PSP for the entire MPUD is not submitted and approved by December 31, 2030 (subject to any statutory or County-wide extensions issued subsequent to the approval of these revised conditions of approval), the conditions of approval for those portions of the MPUD that do not have (unexpired) PDP or PSP approval shall expire. If the MPUD expires, a new MPUD must be applied for and approved by the BCC, and the conditions of approval shall be in accordance with the Comprehensive Plan and LDC in effect at that time.

51. An extension of time limit for approval as identified above shall be processed as a substantial modification approved by the BCC.

52. In addition to complying with the above conditions, no further plan approvals will be granted until such time as the acknowledgment portion of the **BCC approved document** is completed (including notarization) and received by the PDE after the BCC action.

53. All conditions of this MPUD approval are material to the BCC approval. Accordingly, the conditions are not severable. In the event any section, subsection, sentence, clause, or provision of these conditions or the rezoning resolution is challenged and declared illegal, invalid, or in violation of any statutory or constitutional requirement by a body with jurisdiction to make such determination, the remainder of the conditions and MPUD approval shall be suspended until such time that the BCC modifies the MPUD conditions of approval to address the illegal or invalid provision, provided that such suspension shall not exceed nine months in duration. However, such determination shall not affect the validity of 1) MPUD entitlements that have received plat, Building Permit, or CO approval; or 2) any MPUD mitigation committed to or performed as of the date the determination is made, unless such approvals or mitigation are specifically declared to be illegal, invalid, or unenforceable. Requests for BCC-approved modifications to the MPUD or the MPUD conditions of approval shall not be considered challenges and decisions by the BCC regarding any modification, or the like shall not have the effect of suspending the conditions and the MPUD approval under any circumstances.

54. This MPUD shall not be effective until the corresponding PD (Planned Development) Land Use Classification change is effective.

OWNER'S ACKNOWLEDGMENT:

The owner acknowledges that it has have read, understood, and accepted the above-listed conditions of approval. **Do not sign this document until a final disposition from the BCC regarding this Petition has been received.**

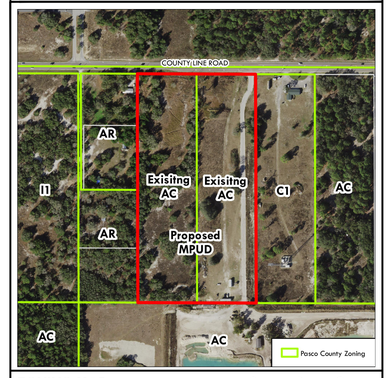
NOTES



1. ACCESS POINTS SHOWN ON PLAN ARE CONCEPTUAL. FINAL LOCATIONS-MOBILITY PLAN SHALL BE DETERMINED AT TIME OF PDP/CP WITHOUT REQUIRING AN MPUD MODIFICATION.
2. PERMITTED INDUSTRIAL USES SHALL BE THOSE ALLOWED UNDER THE I-1 ZONING DISTRICTS. OTHER PERMITTED USES ARE SET FORTH IN THE CONDITIONS OF APPROVAL.
3. OFFICE IS A PERMITTED USE WITHIN THE COMMERCIAL/LIGHT INDUSTRIAL LAND USE CATEGORY.
4. LOCATION OF LAND USES ARE CONCEPTUAL AND SHALL BE DETERMINED AT TIME OF PDP/CP.
5. THE SITE LIES WITHIN PASCO COUNTY UTILITIES (WATER/WASTEWATER) AND TAMPA ELECTRIC COMPANY ELECTRIC SERVICE AREA. FIRE & RESCUE/EMS IS PROVIDED BY PASCO COUNTY. CABLE/TELEPHONE IS PROVIDED BY PRIVATE PROVIDERS.
6. PENDING DEVELOPMENT, INTERIM SILVICULTURAL AND/OR AGRICULTURAL ACTIVITIES SHALL BE PERMITTED UNTIL COMMENCEMENT FOR THAT PORTION OF THE PROPOSED DEVELOPMENT.
7. THE PROPERTY IS WITHIN THE NORTH MARKET AREA. IT IS WITHIN FEMA ZONE X AND WITHIN THE PITHLACHASCOTEE WATERSHED, AND THE HERNANDO SANDHILLS ECOLOGICAL PLANNING UNIT. THE PROPERTY IS NOT WITHIN THE URBAN SERVICE AREA, URBAN CONCENTRATION AREA, TRANSIT CENTER OVERLAY, SIGNIFICANT HABITAT AREA, WELLHEAD PROTECTION AREA OR OBSERVED FLOODING AREA.

CROSS SECTION A-A
N.T.S.

POST RECLAMATION NOTES:

1. UPLAND RECLAMATION: THE UPLANDS ADJACENT TO MINING AREA SHALL BE RECONTOURED TO PROVIDE MAXIMUM SLOPE STEEPNESS OF 4 FOOT HORIZONTAL TO 1 FOOT VERTICAL TO ELEVATION 32.00. (SEE DETAIL THIS SHEET). THE RECOUNTOURED SIDE SLOPES SHALL BE REVEGETATED WITH BAHIA SEED AND MULCH.
2. ALL LANDS SHALL BE RECLAIMED TO A NEAT, CLEAN CONDITION BY REMOVING ALL VISIBLE DEBRIS, LITTER, JUNK, WORN-OUT OR UNUSABLE EQUIPMENT OR MATERIALS, AS WELL AS ALL POLES, PILING AND CABLES.
3. CONTOURING ACTIVITIES SHALL BE INITIATED AS MINE ACTIVITY IN THE AREA CEASES AND SHALL BE COMPLETED NO LATER THAN ONE (1) YEAR AFTER THE AREA BECOMES AVAILABLE FOR RECLAMATION. OVERBURDEN FROM EACH AREA MAY BE USED TO CREATE THE 4:1 SIDE SLOPE. FINAL CONTOURING OF THE ENTIRE MINE SHALL BE COMPLETED NO LATER THAN ONE YEAR AFTER THE CALENDAR YEAR AFTER MINING CEASES.
4. ALL RECONTOURED SIDE SLOPES SHALL BE SEEDED AND MULCHED AFTER COMPLETION. MULCHING, CONTOURING, AND OTHER SUITABLE TECHNIQUES SHALL BE USED TO ENHANCE STABILIZATION. SHOULD WASHES OR RILLS DEVELOP AFTER REVEGETATION AND BEFORE FINAL RELEASE OF THE AREA, THE AREA SHALL BE REPAIRED AND THE ERODED AREA STABILIZED.
5. LARGE ROCKS AND BOULDERS MAY BE PUSHED IN THE LAKE (AT LEAST TEN FEET BELOW THE SURFACE) OR PLACED IN COMMON LOCATIONS AT THE MINE SURFACE OR BURIED TO A MINIMUM DEPTH OF FOUR FEET.
6. POST RECLAMATION LAND USE WILL BE AGRICULTURAL/RECREATIONAL AND MADE UP OF GOOD CONDITION GRASS COVER.
7. A 20' WIDE PASCO COUNTY LANDSCAPE BUFFER ADJACENT TO FUTURE ROADWAY W SHALL BE PROVIDED, SEE LANDSCAPE PLAN. THE BUFFER IS ONLY PROVIDED ON THE NORTH SIDE OF THE EAST-WEST PORTION OF THE RESERVATION FOR ROADWAY W. INSTALLATION OF THE BUFFER MATERIAL IS DESIGNATED IN THE PASCO COUNTY'S CONDITIONAL USE PERMIT CONDITIONS.

ALTA/NSPS LAND TITLE SURVEY

OF A PORTION OF

SECTION 4, TOWNSHIP 24 SOUTH, RANGE 18 EAST
PASCO COUNTY, FLORIDA

N
W E
S

SURVEYOR'S NOTES:

1. Use of this survey for purposes other than intended, without written verification, will be at the user's sole risk and without liability to the surveyor. Nothing herein shall be construed to give any rights or benefits to anyone other than those certified to. This survey meets the "Standards of Practice" set forth by the Florida Board of Land Surveyors in Chapter 5J–17 Florida Administrative Code.
2. Surveyor has reviewed Commitment for Title Insurance, Commitment Number 11084446, as issued by Godbold, Downing, Bill & Rentz, P.A., and underwritten by Fidelity National Title Insurance Company, with a commitment date of 3/31/23 at 5:00 p.m. All pertinent matters except leases, liens, mortgages, taxes, and/or other similar financial matters, identified as encumbrances in Schedule B–II of said Commitment for Title Insurance, have been shown or noted hereon. The undersigned has relied solely upon said Title Insurance Commitment for all matters pertaining to easements, rights–of–way, setback lines, agreements, reservations, or other similar matters.
3. No instruments of record reflecting easements, right–of–ways and/or ownership were furnished to the undersigned except as shown.
4. No underground installations, improvements or encroachments, have been located except those shown hereon.
5. Bearings shown hereon are based on the Florida State Plane Coordinate System, FL–West Projection, with North boundary of the West 1/2 of the Southwest 1/4 of the Northeast 1/4, of Section 4, Township 24 South, Range 18 East, Pasco County, Florida, having a grid bearing of S.89°50'06"E
6. Bearings and distances shown hereon are field measured, unless otherwise indicated.
7. The text for ties to improvements indicates the direction they lie in relation to the boundary.
8. Subject property may contain lands that are subject to jurisdiction or restriction by one or more of the following agencies: Army Corp. of Engineers, Southwest Florida Water Management District (S.W.F.W.M.D.) or Florida Department of Environmental Protection (F.D.E.P.).

ALTA TABLE A NOTES:

- [Item 1] See map of survey for found or set monuments.
- [Item 2] The physical address of the subject property is 18648 County Line Road, Spring Hill, FL 34610.
- [Item 3] Subject property appears to lie in Flood Zone "X" according for FEMA Flood Insurance Rate Map Panel No. 12101C0045F, dated 9/26/2014.
- [Item 4] Subject property contains 20.04 acres, more or less.
- [Item 6] Zoning Report not provided to Surveyor as of 6/9/23
- [Item 7] See map of survey for building dimensions and area.
- [Item 8] See map of survey for depiction of substantial features observed.
- [Item 14] Subject property lies approximately 1350' from the intersection of County Line Road and Linden Drive.
- [Item 16] No evidence of recent earth moving work, building construction, or building additions were observed.
- [Item 18] See Schedule B–II table for index of easements and servitudes disclosed in Title Documents. See map of survey for depiction thereof.

INTRODUCTION

The purpose of this report is to provide the Timing and Phasing Analysis and Access Management Analysis for the property located south of County Line Road and west of Suncoast Parkway in Pasco County, Florida, as shown in Figure 1.

The Analysis was conducted in accordance with the approved Methodology Statement provided in the Appendix of this report. The property is proposed to be rezoned to MPUD to include the following land uses:

- Retail – 30,000 Square Feet
- Light Industrial – 150,000 Square Feet
- Concrete Batch Plant

ESTIMATED DAILY PROJECT TRAFFIC

The trip rates utilized in this report were obtained from the latest computerized version of "OTISS" which utilizes the Institute of Transportation Engineers' (ITE) Trip Generation Manual, 11th Edition, 2021, as its data base and the data provided by the end user for Concrete Batch Plant. Based on these trip rates, the proposed land uses would attract approximately 2,364 daily trip ends.

Studies contained in the ITE Trip Generation Manual, 11th Edition, indicate that a percentage of the retail trip ends may exist on the adjacent roadways- passerby capture. However, the passerby trip ends should not exceed 10% of the background traffic on the adjacent

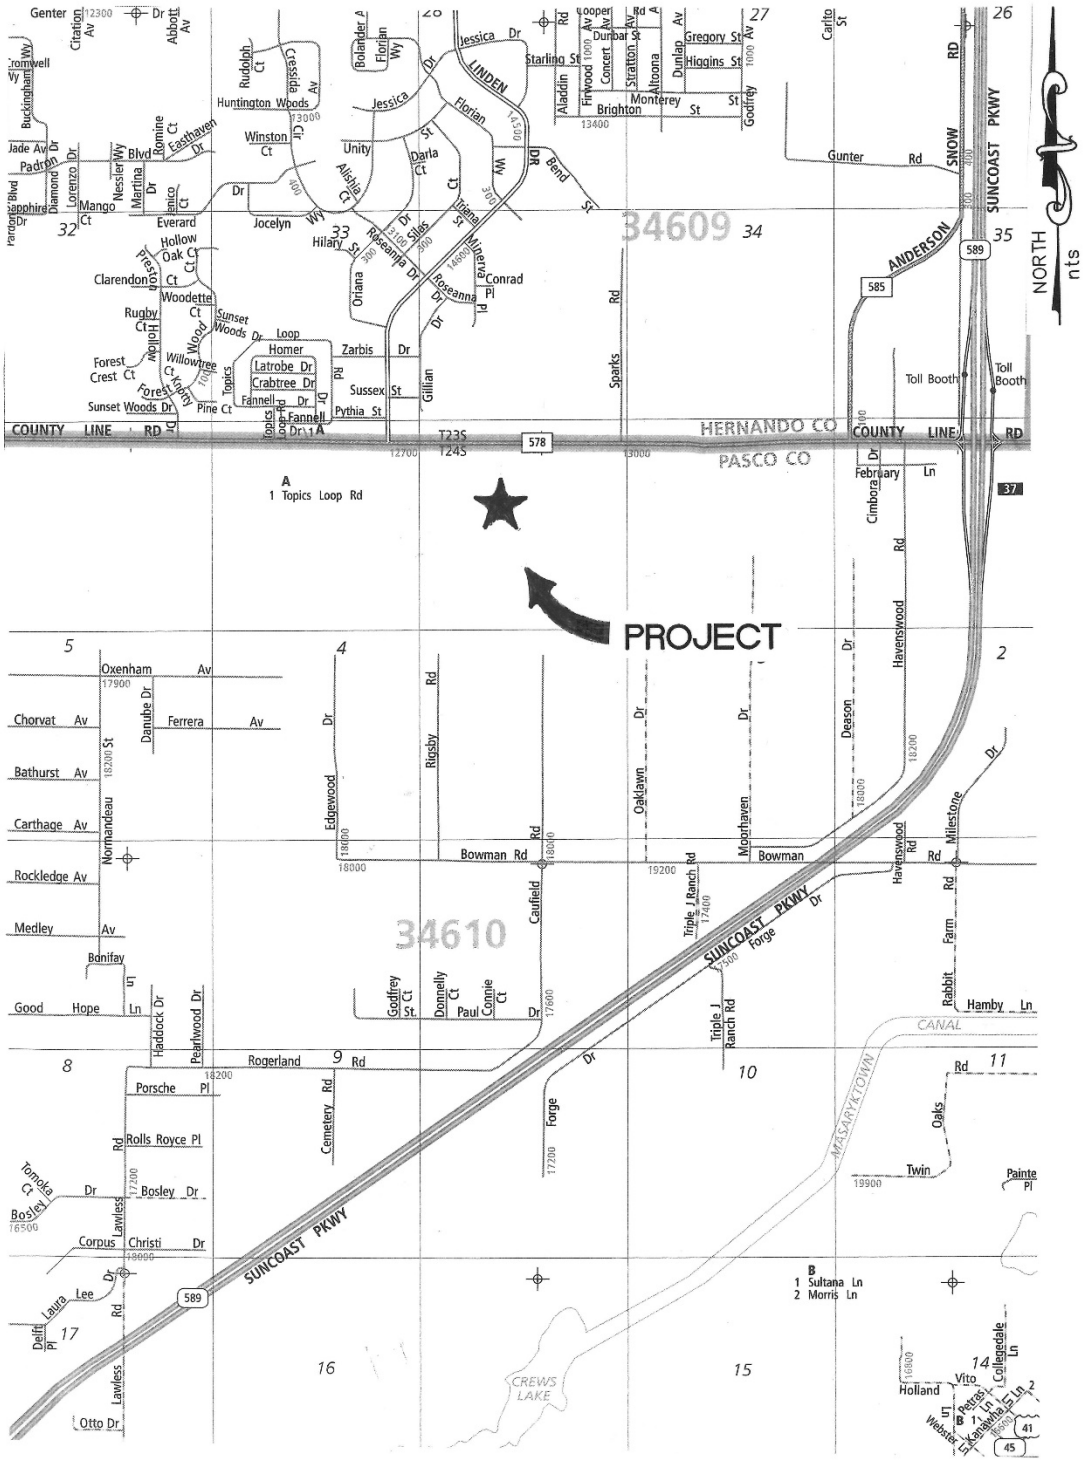

FIGURE 1
PROJECT LOCATION

roadway. Therefore, the proposed land uses are estimated to attract 1,710 new daily trip ends, as shown in Table 1.

AM PEAK HOUR PROJECT TRAFFIC

Again, based on the ITE Trip Generation Manual, 11th Edition data and the data provided by the end user, the proposed project would attract approximately 194 trip ends during the AM peak hour with 147 inbound and 47 outbound, as shown in Table 2.

As stated previously, studies contained in the ITE Trip Generation Manual, 11th Edition, indicate that a percentage of the retail trips may exist on the adjacent roadways – passerby capture. However, the passerby trip ends are not to exceed 10% of the background traffic on the adjacent roadways. Therefore, the new AM peak hour trip ends attracted by the proposed project would be 166 trip ends with 130 inbound and 36 outbound, as shown in Table 2.

PM PEAK HOUR PROJECT TRAFFIC

Again, based on the ITE Trip Generation Manual, 11th Edition data and the data provided by the end user, the proposed project would attract approximately 237 trip ends during the PM peak hour with 95 inbound and 142 outbound, as shown in Table 3.

As stated previously, studies contained in the ITE Trip Generation Manual, 11th Edition, indicate that a percentage of the retail trips may exist on the adjacent roadways – passerby capture. However, the passerby trip ends are not to exceed 10% of the background traffic

TABLE 1

ESTIMATED DAILY TRIP GENERATION

Land Use	Size	ITE LUC	Daily Trip Ends (1)	Passerby Trip Ends (3)	New Daily Trip Ends
Retail	30,000 SF	822	1,634	654	980
Light Industrial	150,000 SF	110	614	0	614
Concrete Batch Plant	-	-	116 (2)	0	116
		Total	2,364	654	1,710

  - Retail- 40%
    - In - 85 x 0.40 = 34
    - Out - 85 x 0.40 = 34
- Passerby Trip Ends should not exceed 10% of the adjacent street traffic
  - 2,290 (a) x 0.10 = 229 > 68
  - (a) Based on PM peak hour background traffic on County Line Rd.

LINCKS & ASSOCIATES, A TMC Company

Page 88 of 553

on the adjacent roadways. Therefore, the new PM peak hour trip ends attracted by the proposed project would be 169 trip ends with 61 inbound and 108 outbound, as shown in Table 3.

DISTRIBUTION/ASSIGNMENT

The distribution of the project traffic was based on the existing traffic and development patterns in the vicinity of the project. The proposed percent distribution of the project traffic is illustrated in Figure 2 per the approved Methodology Statement. Figure 3 illustrates the PM peak hour project trip ends on the adjacent roadway network.

STUDY AREA

As per the approved Methodology Statement for the project, the study area includes the following roadway segments and intersections.

a. Roadway Segments:
    - County Line Road from Shady Hills Road to Suncoast Parkway

b. Intersections:
    - County Line Road and Shady Hills Road
    - County Line Road and Suncoast Parkway

BUILDOUT YEAR

The build out year for the project is anticipated to be 2030.

FIGURE 2
PROJECT TRAFFIC DISTRIBUTION

FIGURE 3
PM PEAK HOUR
NEW PROJECT TRAFFIC

BUDGETED IMPROVEMENTS

According to the Pasco County Capital Improvement Plan (CIP), there are no improvements budgeted in the vicinity of the project.

According to the Pasco County 2050 Cost Affordable Plan, the following improvements are planned in the vicinity of the project:

- County Line Road from west of Shady Hills Road to Suncoast Parkway is proposed to be widened to a four (4) lane divided roadway.
- Shady Hills Road from south of County Line Road to SR 52 is proposed to be widened to a four(4) lane divided roadway.

BACKGROUND TRAFFIC

The 2030 background traffic utilized in the report was calculated as follows:

1) PM (4:00-6:00) peak hour turning movement count were conducted at the following intersections:
    - County Line Road and Shady Hills Road
    - County Line Road and Suncoast Parkway

Figure 4 illustrates the existing PM peak hour traffic.

FIGURE 4
PM PEAK HOUR
EXISTING TRAFFIC

1) The existing counts were factored to peak season based on the 2022 FDOT Peak Season Adjustment Factors for Pasco County.

Figure 5 illustrates the PM peak hour peak season traffic.

2) The peak season volumes were factored to 2030 utilizing a 2% per year growth rate.

Figure 6 illustrates the PM peak hour 2030 background traffic and Figure 7 illustrates the PM peak hour 2030 background plus project traffic.

LINK ANALYSIS

PM peak hour generalized capacity analysis was conducted with the 2030 background traffic and with the addition of the project traffic for County Line Road from Shady Hills Road to Suncoast Parkway.

The link analysis was conducted based on the FDOT Generalized Capacities. The results of the analysis are summarized in Table 4 with the existing geometry.

According to the results in Table 4, some roadway segments within the study network are projected to exceed the adopted V/C ratio with the existing geometry with 2030 background traffic and with the addition of the project traffic. The 2050 Cost Affordable Plan shows County Line Road as a four (4) lane roadway.

As shown in Table 5, with 2050 Cost Affordable Plan improvements, all roadway segments within the study area should operate within the adopted V/C ratio with 2030

background traffic and the addition of the project traffic.

INTERSECTION ANALYSIS

The following intersections were analyzed during the PM peak hour:

- County Line Road and Shady Hills Road
- County Line Road and Suncoast Parkway Ramps

The analysis was performed utilizing the methodology described in Chapter 18, Signalized Intersections of Transportation Research Board (TRB) Special Report, the 2010 Highway Capacity Manual. Table 6 summarizes the results of the signalized analysis with the existing geometry. The results are summarized in the following paragraphs:

County Line Road and Shady Hills Road/Mariner Boulevard

This is a signalized intersection. Signalized intersection analysis indicates that all the movements within the intersection should operate within the adopted delay and V/C criteria with the 2030 background traffic, and with the addition of the project traffic with the existing/budgeted geometry, as shown in Table 6.

County Line Road and Suncoast Parkway Southbound Ramps

This is a signalized intersection. Signalized intersection analysis indicates that all movements within the intersection should operate within the adopted V/C and delay criteria with the 2030 background traffic and with the addition of the project traffic, as shown in Table 6.

TABLE 6

ESTIMATED INTERSECTION ANALYSIS (SIGNALIZED)

(1) The geometry will change with the addition of the project traffic

County Line Road and Suncoast Parkway Northbound Ramps

This is a signalized intersection. Signalized intersection analysis indicates that all movements within the intersection should operate within the adopted V/C and delay criteria with the 2030 background traffic and with the addition of the project traffic, as shown in Table 6.

CONCLUSION

Based on the Timing and Phasing Analysis, all roadway segments within the study area should operate within the adopted V/C ratio criteria with the 2030 background traffic and with the addition of the project traffic, with the 2050 Cost Affordable Plan improvements and all intersections within the study area should operate within the adopted delay and V/C ratio criteria with the 2030 background traffic and the addition of the project traffic with the existing geometry.

APPENDIX

METHODOLOGY STATEMENT

TIMING AND PHASING METHODOLOGY
ACCESS MANAGEMENT METHODOLOGY

Meeting Date: 7/21/23
Draft Submitted: 7/21/23
Final Approved:

Project Name: Pasco Mine MPUD
Accela Number: T&P-2023-00069
SSRRA-2023-00164
Zoning Action: AC to MPUD

Timing and Phasing Analysis

1) Exemption status:
   a. The property is currently zoned AC.
   b. The Developer proposes to rezone the property to MPUD.
   c. The applicant has elected not to have the County complete this analysis. As a result, all hearing dates have been waived.

Site Parameters:

a. *Description of Land Uses* –
   1. Developer proposes to rezone the property to MPUD to allow the following entitlements:

Status	Land Use	Size
Non-Exempt	Retail	30,000 SF
Exempt	Light Industrial	150,000 SF
Exempt	Concrete Batch Plant	

b. *Site Location* – South of County Line Road and west of the Suncoast Parkway.

c. *Buildout Schedule and Phasing* – The buildout year for the project is to be 2030.

d. Interim Uses Generating Traffic – N/A

2) Study Area:
The study area will include the following roadway segment and intersections:
   a. Roadway Segment
      - County Line Road from Shady Hills Road to the Suncoast Parkway.

b. Intersections
   - County Line Road and Shady Hills Road
   - County Line Road and Suncoast Parkway

3) Traffic Counts:
   a. Traffic counts shall be conducted within one (1) year from the date of the methodology meeting and shall occur during the PM peak hour (4:00 PM to 6:00 PM) along the roadways within the study network and for the following intersections:
      - County Line Road and Shady Hills Road
      - County Line Road and Suncoast Parkway

4) Trip Generation:
   a. The trip generation will be based on the Institute of Transportation Engineers (ITE) Trip Generation Manual, 11th Edition, 2021.
   b. The trip generation for the Concrete Batch Plant will be based on the estimation of trucks to be provided by the operator.

5) Passerby Capture:
   a. Passerby capture will be based on the methodology outlined in the ITE Trip Generation Manual, 11th Edition.

6) Background Growth Procedure:
   a. The background traffic to be utilized in the analysis will be calculated as follows:
      i. PM peak hour turning movement counts will be conducted at the intersections within the study network.
      ii. The existing counts will be adjusted to peak season based on the FDOT Seasonal Adjustment Factors.
      iii. The peak season volumes will be adjusted to the build out year based on a 2% per year growth rate, which includes exempt trips.

7) Distribution and Assignment:
   a. The distribution of the project traffic will be based on the percentage shown in Figure 1.

8) Analysis:
   a. FDOT Generalized Capacities, Artplan and/or SYNCHRO will be used to complete the Timing & Phasing portion of the analysis.

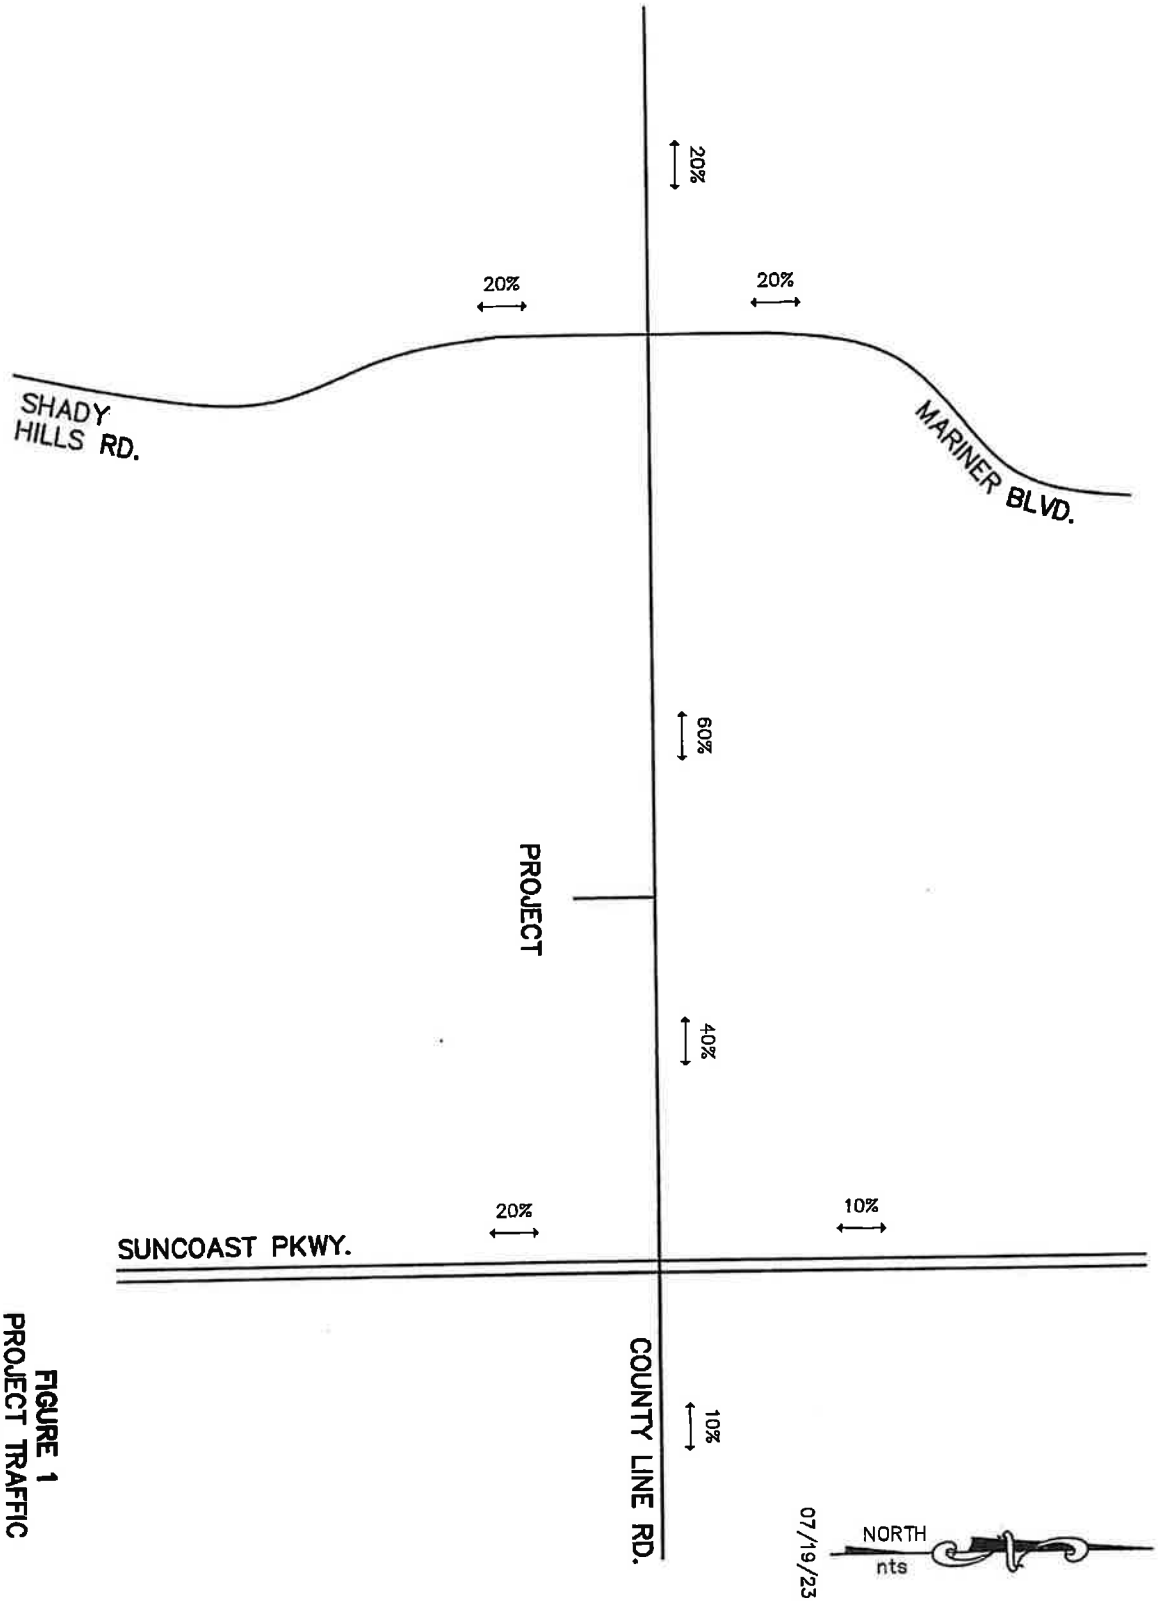

FIGURE 1
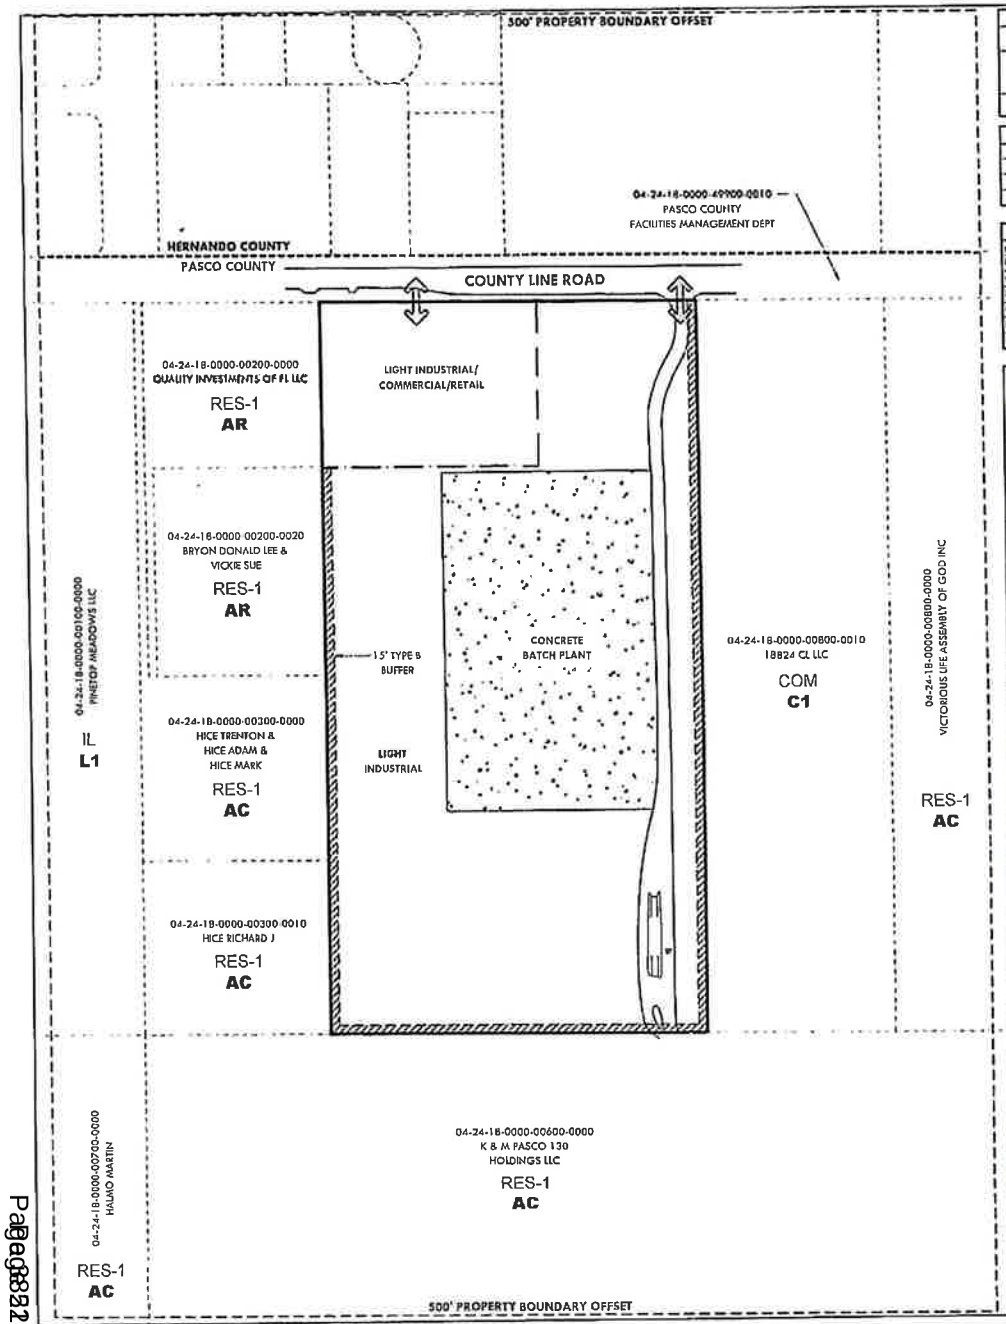
PROJECT TRAFFIC DISTRIBUTION

b. Existing G/C ratios will be based on the Pasco County/DOT timing sheets.
c. The improvements required to meet the adopted level of service identified in the comprehensive plan for the purpose of CIP development for each roadway within the study network will be identified for informational purposes only.

Access Management Analysis:



An Access Management Analysis will be conducted for the intersection of County Line Road and project access.

The analysis will be based on the parameters outlined in the Timing & Phasing Analysis, except for the following:

a. The analysis shall include exempt and non-exempt project traffic for both the AM and PM peak hour.
b. The signalized project accesses will be evaluated utilizing SYNCHRO model/software.
c. The unsignalized project accesses will be evaluated using the HCS and/or SYNCHRO model/software.
d. The required length of the turn lanes at the project accesses will be determined.

The current version of Transportation Analysis Guidelines will be used for parameters not specifically mentioned here.

Cc: Sales Pasco Mine <sales@pascomine.com>
Subject: Pasco Mine Concrete Batch Plant Trips

Good morning Steve, I went over the projected new trips for the concrete batch plant with the gentleman who handles sales at the mine and who also ran a concrete batch plant at one time.

Basically 12 trucks are running three rounds between 7:00 a.m. and 1:00 p.m. Things taper off in the afternoon with only about three trucks going out for odds-and-ends in the afternoon. Below is a projected distribution of trips for a typical day.

Employees arrive : 6:30 to 7:30= 11. Employees arrive 7:30 to 8:30 = 5
Employees depart: 4:30 to 5:30 = 11. Employees depart 5:30 to 6;30= 5

Concrete trucks departing and arriving:
7 to 8 am = 6 leaving
8 to 9 am = 6 leaving
9 to 10 am = 6 arriving and 6 leaving
10 to 11 am = 6 arriving and 6 leaving
11 to 12 pm = 6 leaving and 6 leaving

12 to 1 pm = 6 leaving and 6 leaving
1 to 2 pm = 6 arriving and 3 leaving
2 to 3 pm = 6 arriving and 0 leaving
3 to 4 pm = 1 arriving
4 to 5 pm = 2 arriving
Total concrete truck trips in and out = 78

Let me know if something doesn't seem right or any issues with the projected distribution.

PASCO COUNTY COST AFFORDABLE PLAN

COST FEASIBLE PLAN RESULTS

The cost feasible plan represents the culmination of combining the available revenues with the prioritized roadway capital projects. Each of these prioritized projects and its associated cost will be compared against the eligible revenue categories to determine whether it can be accommodated within the cost feasible plan. Projects that are not able to be fully funded within the cost feasible plan will be included in the illustrative project list.

Per FDOT and their contractor for the County Line Road widening, they have confirmed that even though a new PD&E is being done, the current ROW on the south will hold at the existing extent of current ROW, even with the new working design. The proposed improvements will take place on the northern side.

You don't often get email from bruno.fiori@aecom.com. Learn why this is important

Hi Alex, we have not begun the design yet, so we don't have plans that would be useful for you. We have older plans (please see attached 2009 partial plans between Alexson St. and Sparks Rd.), but you will not be able to use these plans as the basis of your design because the currently proposed Typical Section is very different than what was proposed in 2009 (see attached concept Typical Section). Therefore, sidewalk and median locations will not be as shown in the 2009 plans. The only thing that is staying consistent is that both the 2009 design and the current design hold the existing RW on the south side (Pasco Co.) and the proposed improvements are to the north, into Hernando Co.

Considering you're proposing a left-turn lane, access connection, and pedestrian facilities, we may need to discuss this further to determine the most efficient way to approach your design in anticipation of ours. I'm available to coordinate with you further if you'd like to reach out to me.

Thanks,

EXTERNAL SENDER: Use caution with links and attachments.

Good evening Marylou,

I am getting started on design for a residential subdivision on the South (Pasco County) side of County Line Rd adjacent to the referenced FDOT project. I see online that this project is in design. Could you please share your current design plans from Alexson Street to Sparks Rd? We will have a left-turn lane, access connection, & pedestrian facilities to coordinate.

Thank you and Happy Holidays!

NOTICE OF PUBLIC HEARINGS
ON REZONINGS FOR PROPERTIES
LOCATED IN PASCO COUNTY

PUBLIC NOTICE is hereby given that the Pasco County Planning Commission will hold a public hearing on **Thursday, May 15, 2025, at the West Pasco Government Center, Board Room, 8731 Citizens Drive, New Port Richey, Florida, at 1:30 p.m.**, and that the Pasco County Board of County Commissioners will hold a public hearing on **Tuesday, June 17, 2025, at the West Pasco Government Center, Board Room, 8731 Citizens Drive, New Port Richey, Florida, at 1:30 p.m.,** to consider applications for rezoning and/or conditional use pursuant to the provisions of the Pasco County Land Development Code, Chapter 400. All hearings will be conducted at the stated time or as soon thereafter as is practical on the following application(s):

1. Daniel CC Lian/Arcola Townhomes MPUD (RZ-7850) petition for a rezoning from a A-R Agricultural-Residential District to a MPUD Master Planned Unit Development District for a parcel located at the northwest corner of Crela Drive and Annhurst Lane (aka 19-24-18-0000-00500-0000).

2. K&M Pasco 130 Holdings LLC & Olusanya A Oyekoya & Regina LM Matthews MPUD (RZ-7749) petition for a rezoning from a A-C Agricultural District and a C-1 Neighborhood Commercial District to a MPUD Master Planned Unit Development District for a parcel located on the south side of County Line Road, approximately one and one-quarter miles west of the Suncoast Parkway (aka 04-24-18-0000-00600-0000 et al).

3. Kasting LLC/Little Road Rezoning (RZ-7868) petition for a rezoning from a PO-2 Professional Office District to a C-1 Neighborhood Commercial District with deed restrictions for a parcel located on the northeast corner of the intersection of Little Road and Jasmine Boulevard (aka 13-25-16-0020-00000-0025).

Information concerning these matters will be on file and available for examination by appointment only in the office of the Pasco County Planning, Development and Economic Growth Department, West Pasco Government Center, 8731 Citizens Drive, Suite 200, New Port Richey, Florida 34654, or anytime on our website: www.pascocountyfl.net. To make an appointment or for further information, you may call 727-847-8140. All interested parties may participate in the public hearing and be heard. To learn how to participate in this hearing virtually, which requires advance registration, please visit http://mypasco.net/meetingagendas.

Any person desiring to appeal any decision made by the Planning Commission or the Pasco County Board of County Commissioners with respect to any matter considered at any hearing will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which the appeal is to be based. Persons may obtain a verbatim record of the proceeding by contacting the Clerk and Comptroller's Office, East Pasco Government Center, 14236 6th Street, Suite 201, Dade City, Florida 33523-3414; or at (352) 521-4345.

For questions or inquiries about this meeting, members of the public can reach out to the County's Customer Service Center (727) 847-2411 or County Administration (727) 847-8115 or visit www.mypasco.net. To view the Local Planning Agency and Board of County Commissioners Agendas, please visit http://mypasco.net/meetingagendas.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact the County's Human Resources Department, Internal Services Building, 7536 State Street, New Port Richey, Florida 34654, (727) 847-8030 (V) at least 7 days before the public hearing, or immediately upon receiving this notification if the time before the public hearing is less than 7 days; if you are hearing or voice impaired, call 711.

Dear Property Owner:

This is to notify you that on the dates below, Pasco County intends to consider the following Applications:

MASTER PLANNED UNIT DEVELOPMENT("MPUD"):

Application for Zoning Amendment, Pasco County File No. RZ-7749, to rezone the subject property from C-1 Neighborhood Commercial District and A-C Agricultural District to MPUD Master Planned Unit Development District for the development of a mixed-use development consisting of retail and industrial uses.

COMPREHENSIVE PLAN AMENDMENT:

Small-Scale Comprehensive Plan Amendment, Pasco County File No. CPAS 23(18), to the Future Land Use Map from RES-1 (Residential-1 du/ga) to PD (Planned Development).

The property is located at the south side of Pasco-Hernando County Line Road, approximately 1.2 miles west of the Suncoast Parkway *(*Pasco County Parcel Nos.: 04-24-18-0000-00600-0000 and 04-24-18-0000-00200-0010) and contains 19.41 acres, more or less.

Public hearings for the consideration of this application will be held:

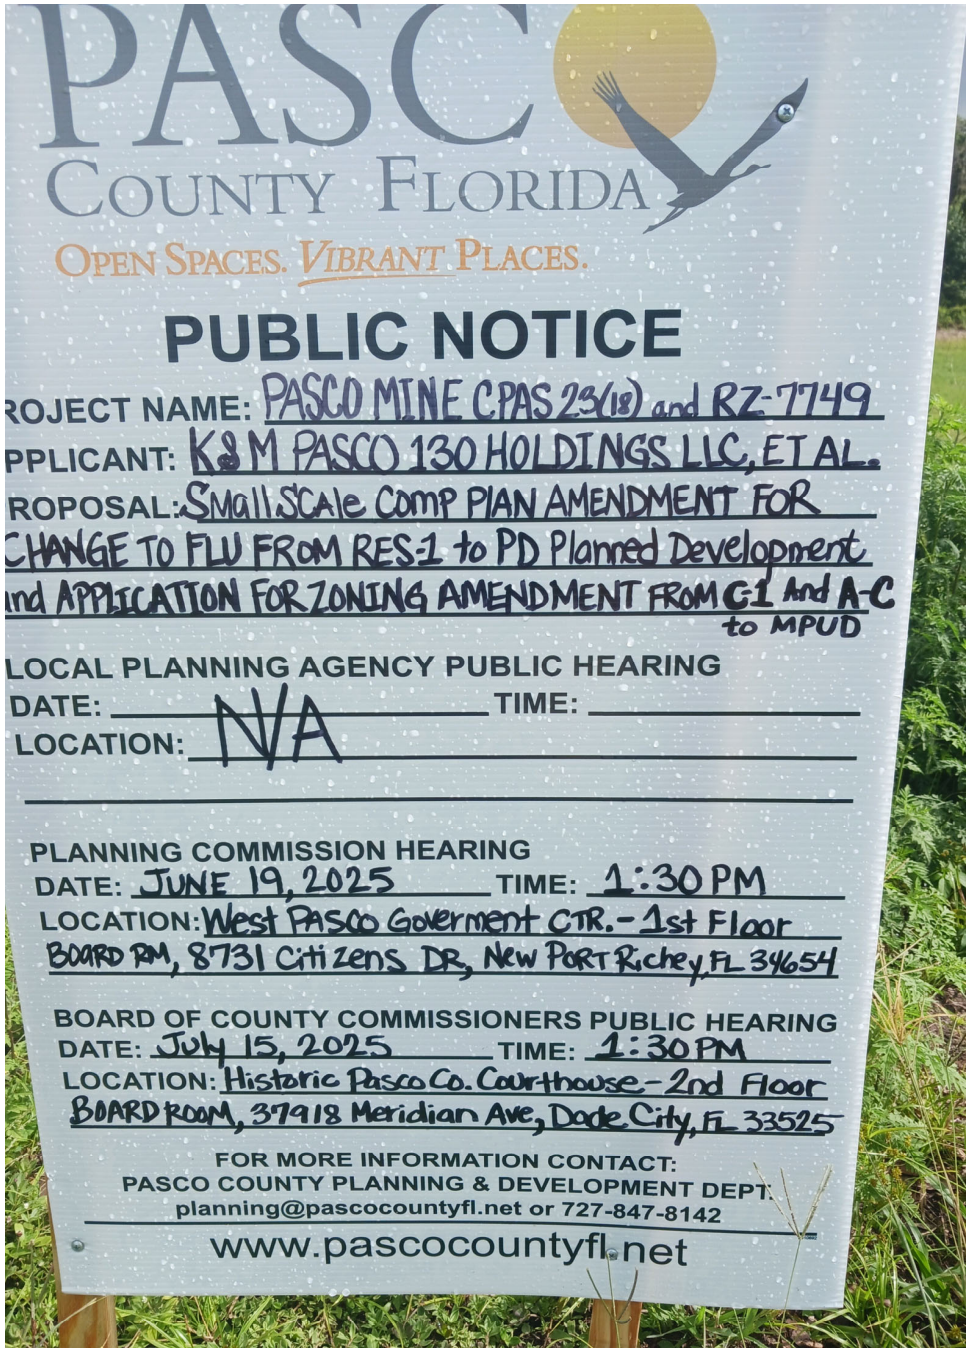
Planning Commission	**06/19/25**	**West Pasco Govt. Center 1st Floor, Board Room 8731 Citizens Drive New Port Richey, FL 34654**	**1:30 p.m.**
Board of County Commissioners	**07/15/25**	**Historic Pasco County Courthouse 2nd Floor, Board Room 37918 Meridian Avenue Dade City, FL 33525**	**1:30 p.m.**

If you are in opposition to the above-stated application, you will need competent, substantial evidence presented to support your opposition.

Page 320 of 451

Any person desiring to appeal any decision made by the Planning Commission or Board of County Commissioners with respect to any matter considered at any meeting or hearing will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which the appeal is based.

On occasion, applications may be continued. It is your responsibility to contact this office to confirm the above-scheduled public hearing dates. If you desire any additional information concerning this application, please contact the Pasco County Planning and Development Department.



If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact either the Pasco County Customer Service Center, 8731 Citizens Drive, New Port Richey, FL 34654, (727) 847-2411 (V) or the Pasco County Risk Management Office, 7536 State Street, New Port Richey, FL 34654, (727) 847-8028 (V) at least 7 days before the public hearing, or immediately upon receiving this notification if the time before the public hearing is less than 7 days; if you are hearing or voice impaired, call 711.

Sincerely,

Clarke G. Hobby

LOCAL PLANNING AGENCY
AGENDA MEMORANDUM

COMMISSION DISTRICT: 4 **FILE NO.:** PDE25-0148 **DATE:** 6/19/2025

SUBJECT: Comprehensive Plan Amendment (Consent) – CPAS24 (22) River Ridge PD – Providing For A Comprehensive Plan Amendment To The Future Land Use Map (Map 2-15 And Sheet 11) From Res-3 (Residential-3 Du/Ga) To PD (Planned Development) On Approximately 10.42 Acres Of Real Property Located On The South Side Of Ridge Road Approximately 1,185 Feet West Of The Intersection Of Ridge Road And Moon Lake Road; And Res-6 (Residential-6 Du/Da) To PD (Planned Development) On Approximately 13.03 Acres Of Real Property Located On The South Side Of Ridge Road Approximately 1,187 Feet West Of The Intersection Of Ridge Road And Moon Lake Road; And Res-9 (Residential-9 Du/Ga) To PD (Planned Development) On Approximately 9.86 Acres Of Real Property Located On The East Side Of Moon Lake Road Approximately 1,455 Feet North Of The Intersection Of Ridge Road And Moon Lake Road; And A Text Amendment Creating Subarea Policy Flu 7.1.84 – River Ridge PD; And A Map Amendment To The Future Land Use Map 2-9 Adding Subarea Map 2-9 (84) River Ridge PD.

REFERENCES: All Local Planning Agency (LPA) and Board of County Commissioners (BCC) public hearings at 1:30 p.m. in New Port Richey (NPR) or Dade City (DC): LPA at NPR on 6/19/2025 – BCC at DC on 7/15/2025

THRU: David Allen, Assistant County Administrator

FROM: David Engel, Director Planning, Development and Economic Growth

RECOMMENDED AGENCY ACTION:

Recommend the Local Planning Agency (LPA) find the proposed amendment consistent with the Comprehensive Plan.

BACKGROUND:

PROJECT OVERVIEW

The petitioner is requesting a Comprehensive Plan Map Amendment to change the Future Land Use (FLU) designation on Parcels K3, I2, and P2 which is part of the existing River Ridge MPUD Master Planned Unit Development District, and set forth in Subarea Policy FLU 7.1.84:

- Parcel K3 – 29-25-17-0000-00600-0000
  - From RES-6 (Residential-6 du/ga) to PD (Planned Development) to reinstate the existing entitlements previously approved as part of the River Ridge DRI and allow for the development of 125,000 square feet of retail/office/commercial on approximately 13.03 acres. This request is an increase in intensity from 60,715 square feet to 125,000 square feet, which will result in a net gain of 64,285 square feet for retail/office/commercial uses.

- Parcel I2 – 30-25-17-0000-00200-0000
  - From RES-3 (Residential-3 du/ga) to PD (Planned Development) to reinstate the existing entitlements previously approved as part of the River Ridge DRI. This will result in allowing 13,590 square feet of retail/commercial/office development on approximately 10.42 acres. There is no request to increase entitlements on this parcel.

- Parcel P2 – 29-25-17-0000-00400-0020
    - From RES-9 (Residential-9 du/ga) to PD (Planned Development) to reinstate the existing entitlements previously approved as part of the River Ridge DRI. This will result in allowing 7,500 square feet of retail/commercial/office development and 225 multifamily units on approximately 9.86 acres. There is no request to increase entitlements on this parcel.

The River Ridge MPUD Master Planned Unit Development District was approved on November 24, 1981, before the effective date of the Pasco County Comprehensive Plan on April 8, 1991 (Ord. No. 90-14). On April 10, 2024, the Board of County Commissioners (BCC) approved the rescission of the associated Development of Regional Impact (DRI) for the River Ridge community (Resolution No. 24-48RZ). As a result of the DRI rescission, a portion of the entitlements previously approved on the River Ridge MPUD were also rescinded as the conditions of approval (COAs) in the MPUD referenced the River Ridge DRI Master Plan and did not establish COAs specific to granting entitlement(s).

The intent of the PD amendment is to remedy the inconsistencies created as a result of the River Ridge DRI rescission, and to ensure that parcels K3, I2, and P2 retain the previously approved entitlements within the River Ridge MPUD. As a result, this amendment will enable a maximum development potential of 138,590 square feet of commercial/office/retail uses and 225 multi-family dwelling units on approximately 33.31 acres.

This agenda memo was prepared by: Brian Yunker, Planner II

FINDINGS OF FACTS

The Administrative Element of the Comprehensive Plan provides a framework by which proposed Amendments shall be evaluated. The following are the Planning, Development and Economic Growth Department's (PDE) findings of fact per each evaluation criterion.

1. **Consistency of Proposed Change with the Goals, Objectives, and Policies.** The Planning, Development and Economic Growth Department (PDE) determined the proposed CPA to be consistent with the Comprehensive Plan; as outlined in the Comprehensive Plan Consistency Analysis below.
2. **Additional Amendments Recommended.** There is an accompanying rezoning petition in the name of Rezoning Petition No. 7688 River Ridge MPUD submitted concurrently after the Comprehensive Plan Amendment is effective.
3. **Analysis of the Capital Costs, Service Requirements, and Benefits.** Pasco County shall collect and utilize impact fees pursuant to Chapter 1300 of the Land Development Code (LDC) and Chapter 11 of the Comprehensive Plan including but not limited to mobility, school, fire, library, parks and recreation, water, and sewer. Any increased capital costs and services resulting from the proposed amendment will be addressed through the payment of impact fees, increased ad valorem taxes, special assessments, or other revenue sources designed to recapture the costs of providing public facilities and services to new growth.

COMPREHENSIVE PLAN CONSISTENCY ANALYSIS (Parcels K3, I2, P2)

The following is a discussion of the Comprehensive Plan Policies that support the recommendation to approve the proposed amendment.

Pursuant to Section 203, Local Planning Agency, of the LDC, the Planning Commission is designated by the Board of County Commissioners as the Local Planning Agency (LPA) and shall have all the functions, powers, and duties as set forth in Section 163.3174, Florida Statutes. For the purposes of comprehensive plan amendments, the LPA shall review proposed amendments as to their consistency with the adopted Pasco County Comprehensive Plan.

COMPREHENSIVE PLAN CONSISTENCY ANALYSIS (Parcel K3)

PD (PLANNED DEVELOPMENT)

The intent of the PD FLU is to provide for a variety of land uses and intensities within a development site. The applicant proposes an amendment from RES-6 to PD to allow for the development of 125,000 square feet of retail/commercial/office on approximately 13.03 acres. This would equate to approximately .22 Floor Area Ratio (FAR) on the K3 parcel. The purpose of this amendment is to re-adopt the previously approved 60,715 square feet of commercial uses entitled in the existing River Ridge DRI and request an increase of 64,285 square feet of nonresidential intensity to allow for a maximum development of up to 125,000 square feet of commercial/office/retail. This amendment will result in a net gain of 64,285 square feet of commercial/office/retail uses that are consistent with the character of the surrounding area.

Furthermore, parcel K3 is in an optimal location to achieve a net gain in commercial opportunities by adding an additional 64,285 square feet of commercia/office/retail uses along Ridge Road, a County arterial roadway. The intent of the proposed project is to reinstate the River Ridge entitlements and allow for the request to increase commercial/office/retail entitlements through the proposed PD FLU. The proposed amendment is consistent with the intent of the PD FLU as it aligns with the general range of potential uses for nonresidential developments.

POLICY FLU 8.1.3: - CENTRAL MARKET AREA ESTABLISHMENT

The vision and mission of the Central Market Area is the creation of a compact and mixed-use location to preserve open space, enhance existing ecological areas, and attract a broad selection of employers to designated employment centers and nodes.

The proposed project aligns with the intent of the Central Market Area as the applicant is proposing to develop commercial/retail/office uses along the frontage of Ridge Road, a County arterial roadway, and encourages job growth, and integrates non-residential uses into the surrounding community. The proposed amendment will create job opportunities and aligns with the vision and mission to encourage commercial uses near to residential locations. Therefore, the applicant's proposal is consistent with Policy FLU 8.1.3.

POLICY FLU 1.6.1: - COMMERCIAL DEVELOPMENT

According to Policy FLU 1.6.1.a, commercial development may only be permitted within areas designated as COM (Commercial) or TC (Town Center) on the Future Land Use Map with the exception if the development occurs in the PD (Planned Development) Future Land Use classification.

The proposed project aligns with the intent of Policy FLU 1.6.1.a as the project seeks to re-adopt the previously approved commercial entitlements on parcel K3 pursuant to Rezoning Petition No. 1530, approved on September 19, 2016. The proposed amendment includes a Subarea Policy that allows for a general range of potential uses to include commercial, retail, and office uses within the proposed PD FLU. Therefore, the proposed amendment to PD FLU is consistent with Policy FLU 1.6.1.a since commercial development is permitted within a PD FLU classification.

POLICY FLU 1.8.7: - ECONOMIC DEVELOPMENT

Pasco County shall encourage development which will contribute more to the County in revenue than it will consume in services, provided that such development can be accomplished within the spirit of this Comprehensive Plan.

The proposed amendment aligns with the intent of Policy FLU 1.8.7 by enabling the development of commercial and other non-residential uses to be located along Ridge Road, a County arterial roadway. By placing these non-residential uses along major roadways, the commercial areas are centralized within the River Ridge MPUD community where existing infrastructure can accommodate this level of development and serve the existing and future residents within the area. Additionally, the increase in non-residential uses will generate higher taxes for the County and lower service demands as compared to residential development. Therefore, the applicant's proposal is consistent with Policy FLU 1.8.7.

POLICY FLU 1.8.10: - PRESERVATION OF CAPACITY FOR EMPLOYMENT GENERATING USES

The County shall, through the development review process, ensure that adequate land and transportation capacity is available for present and future high-paying, employment-generating land uses, such as office, industrial, and employment center uses.

The proposed project aligns with Policy FLU 1.8.10 by adding 125,000 square feet of commercial opportunities on parcel K3 to the area and by enabling commercial development to occur along the south side of Ridge Road. The proposed level of intensity aligns with the 2025 Pasco County Comprehensive Plan. There is adequate land and transportation capacity available to accommodate the proposed level of commercial development. Therefore, the proposed amendment is consistent with Policy FLU 1.8.10.

COMPREHENSIVE PLAN CONSISTENCY ANALYSIS (Parcel I2)

PD (PLANNED DEVELOPMENT)

The intent of the PD FLU is to provide for a variety of land uses and intensities within a development site. The applicant proposes an amendment from RES-3 to PD to reinstate the previously approved 13,590 square feet of retail/commercial/office set forth in the River Ridge DRI on approximately 10.42 acres. This would equate to approximately .03 FAR on the I2 parcel. There is no request to increase intensity on parcel I2.

The applicant's proposed amendment is consistent with the original intent of the River Ridge DRI/MPUD as it would continue to enable commercial development on Parcel I2 as approved on September 19, 2016. The proposed amendment includes a Subarea Policy that allows for a general range of potential uses to include commercial, office, and residential uses and aligns with the intent of the PD FLU classification.

POLICY FLU 8.1.3: - CENTRAL MARKET AREA ESTABLISHMENT

The vision and mission of the Central Market Area is the creation of a compact and mixed-use location to preserve open space, enhance existing ecological areas, and attract a broad selection of employers to designated employment centers and nodes.
The proposed project aligns with the intent of the Central Market Area as the applicant is proposing to develop commercial/retail/office uses along the frontage of Ridge Road, a County arterial roadway, and encourages job growth, and integrates non-residential uses into the surrounding community. The intent of this amendment is to retain the existing entitlements permitted through the River Ridge DRI/MPUD and enable commercial development to occur on this site. Therefore, the applicant's proposal is consistent with Policy FLU 8.1.3.

POLICY FLU 1.6.1: - COMMERCIAL DEVELOPMENT

According to Policy FLU 1.6.1.a, commercial development may only be permitted within areas

designated as COM (Commercial) or TC (Town Center) on the Future Land Use Map with the exception if the development occurs in the PD (Planned Development) Future Land Use classification.

The proposed project aligns with the intent of Policy FLU 1.6.1.a. as the project seeks to re-adopt the previously approved commercial entitlements on parcel I2 pursuant to Rezoning Petition No. 1530, approved on September 19, 2016. The proposed amendment includes a Subarea Policy that allows for a general range of potential uses to include commercial, retail, and office uses within the proposed PD FLU. Therefore, the proposed amendment PD FLU is consistent with Policy FLU 1.6.1.a. as commercial development is permitted within a PD FLU classification.

POLICY FLU 1.8.7: - ECONOMIC DEVELOPMENT

Pasco County shall encourage development which will contribute more to the County in revenue than it will consume in services, provided that such development can be accomplished within the spirit of this Comprehensive Plan.

The proposed amendment aligns with the intent of Policy FLU 1.8.7 by enabling the development of commercial and other non-residential uses to be located along Ridge Road, a County arterial roadway. By placing these non-residential uses along major roadways, the commercial areas are centralized within the River Ridge MPUD community where existing infrastructure can accommodate this level of development and serve the existing and future residents within the area. Additionally, the non-residential uses will generate higher taxes for the County and lower service demands as compared to residential development. Therefore, the applicant's proposal is consistent with Policy FLU 1.8.7.

POLICY FLU 1.8.10: - PRESERVATION OF CAPACITY FOR EMPLOYMENT GENERATING USES

The County shall, through the development review process, ensure that adequate land and transportation capacity is available for present and future high-paying, employment-generating land uses, such as office, industrial, and employment center uses.

The proposed project aligns with Policy FLU 1.8.10 by reinstating 13,590 square feet of employment-generating opportunities in parcel I2 to the area and by enabling commercial development to occur along the south side of Ridge Road. By ensuring this land is available to accommodate the proposed level of intensity, the project aligns with the 2025 Pasco County Comprehensive Plan and preserves land for long-term employment growth, utiliziing existing transportation infrastructure to support commercial activity. Therefore, the proposed amendment is consistent with Policy FLU 1.8.10.

COMPREHENSIVE PLAN CONSISTENCY ANALYSIS (Parcel P2)

PD (PLANNED DEVELOPMENT)

The intent of the PD FLU is to provide for a variety of land uses and intensities within a development site. The applicant proposes an amendment from RES-9 to PD to reinstate the previously approved 7,500 square feet of retail/commercial/office and 225 multifamily units as set forth in the River Ridge DRI on approximately 9.86 acres. This would equate to approximately .02 FAR, and approximately 22.8 du/ga on the P2 parcel. However, the intent of the PD FLU is to enable commercial development to occur on this parcel. The residential uses are currently permitted through the RES-9 FLU and are intended to remain consistent with the previously approved entitlements. There is no request to increase density/intensity on parcel P2.

The applicant's proposed amendment is consistent with the original intent of the River Ridge DRI/MPUD as it would continue to enable commercial and residential development on parcels P2 as approved on September 19, 2016. The proposed amendment includes a Subarea Policy that allows for a general range of potential uses to include commercial, office, and residential uses and aligns with the intent of the PD FLU classification.

POLICY FLU 8.1.3: - CENTRAL MARKET AREA ESTABLISHMENT

The vision and mission of the Central Market Area is the creation of a compact and mixed-use location to preserve open space, enhance existing ecological areas, and attract a broad selection of employers to designated employment centers and nodes.

The proposed project aligns with the intent of the Central Market Area as the applicant is proposing to develop commercial/retail/office and residential uses along the frontage of Moon Lake Road, a County arterial roadway, and encourages job growth, and integrates non-residential and residential uses into the surrounding community. The combination of multifamily housing and non-residential uses promotes compact, mixed-use development along Ridge Road and Moon Lake Road, and the project supports job creation and housing diversity, which is consistent with the intent of the Central Market Area. Therefore, the applicant's proposal is consistent with Policy FLU 8.1.3.

POLICY FLU 1.6.1: - COMMERCIAL DEVELOPMENT

According to Policy FLU 1.6.1.a, commercial development may only be permitted within areas designated as COM (Commercial) or TC (Town Center) on the Future Land Use Map with the exception if the development occurs in the PD (Planned Development) Future Land Use classification.

The proposed project aligns with the intent of Policy FLU 1.6.1.a. as the project seeks to re-adopt the previously approved commercial entitlements on parcel P2 pursuant to Rezoning Petition No. 1530, approved on September 19, 2016. The proposed amendment includes a Subarea Policy that allows for a general range of potential uses to include commercial, retail, and office uses within the proposed PD FLU. Therefore, the proposed amendment PD FLU is consistent with Policy FLU 1.6.1.a. as commercial development is permitted within a PD FLU classification.

POLICY FLU 1.8.7: - ECONOMIC DEVELOPMENT

Pasco County shall encourage development which will contribute more to the County in revenue than it will consume in services, provided that such development can be accomplished within the spirit of this Comprehensive Plan.

The proposed amendment aligns with the intent of Policy FLU 1.8.7 by enabling the development of commercial and other non-residential uses to be located along Moon Lake Road, a County arterial roadway. By placing these non-residential uses along major roadways, the commercial areas are centralized within the River Ridge MPUD community, together with parcels K3 and I2, where existing infrastructure can accommodate this level of development and serve the existing and future residents within the area. The non-residential uses will generate higher taxes for the County and lower service demands as compared to residential development.

Additionally, the allowance of multifamily apartments can generate more revenue than it will consume in services by producing higher property tax revenue per acre due to their density, are considered a more efficient use of existing infrastructure, reducing the need for costly expansions, and lowers the per-unit cost of delivering public services as a result of their compact footprint. Therefore, the applicant's proposal is consistent with Policy FLU 1.8.7.

POLICY FLU 1.8.10: - PRESERVATION OF CAPACITY FOR EMPLOYMENT GENERATING

USES

The County shall, through the development review process, ensure that adequate land and transportation capacity is available for present and future high-paying, employment-generating land uses, such as office, industrial, and employment center uses.

The proposed project aligns with Policy FLU 1.8.10 by restating the previously approved 7,500 square feet of employment-generating opportunities in parcel P2 to the area and enabling commercial development to occur along the east side of Moon Lake Road. By ensuring this land is available to accommodate the proposed level of intensity, the project aligns with the 2025 Pasco County Comprehensive Plan. There is adequate land and transportation capacity available to accommodate the proposed level of commercial development. Therefore, the proposed amendment is consistent with Policy FLU 1.8.10.

The proposed project aligns with Policy FLU 1.8.10 by adding back 13,590 square feet of employment-generating opportunities in parcel P2 to the area and by enabling commercial development to occur along the south side of Ridge Road. By ensuring this land is available to accommodate the proposed level of intensity, the project aligns with the 2025 Pasco County Comprehensive Plan and helps to preserve the area's capacity for future employment uses. Therefore, the proposed amendment is consistent with Policy FLU 1.8.10.

PLANNING DISCUSSION

The following is a discussion of site-specific details related to the project.

1. Site Characteristics. The subject properties are located in the Central Market Area. There is a Category I wetland on parcel K3 which will be protected in accordance with the Land Development Code (LDC) and is in Flood Zone "AE" and "X".
2. Right-of-Way (ROW). Parcel K3 is located on the south side of Ridge Road, a 120-foot wide, 4-lane divided, County arterial roadway, approximately 1,185 feet west of Moon Lake Road, a 70-foot wide, 2-lane, County arterial roadway; Parcel I2 is on the south side of Ridge Road, a 120-foot wide, 4-lane divided, County arterial roadway, approximately 1,187 feet west of Moon Lake Road, a 70-foot wide, 2-lane, County arterial roadway; and Parcel P2 is located on the east side of Moon Lake Road, a 70-foot wide, 2-lane, County arterial roadway, approximately 1,455 feet north of Ridge Road, a 120-foot wide, 4-lane divided, County arterial roadway. There are currently no funds allocated for capital improvements on either roadway.
3. Trails. An 8-foot path runs along the south side of Ridge Road and east side of Moon Lake Road adjacent to the sites, with a 5-foot sidewalk on the north side of Ridge Road and west side of Moon Lake Road. A 4-foot bicycle lane exists on both sides of Ridge Road and Moon Lake Road.
4. Bus Stops. The nearest bus stop is approximately 2.2 miles to the west, on the north and south side Ridge Road, at the intersection of Ridge Road and Sycamore Drive. Public transit is available via Route 16, south of Ridge Road, with an eastbound bus stop (ID: 16102) nearby. The stop includes a bench but no additional amenities, and the route operates on a 60-minute headway.

PRELIMINARY FEASIBILITY ANALYSIS

A preliminary feasibility analysis was conducted by the PDE. The following assessments are derived from the various County departments and other agencies. The proposed amendment was originally distributed on 11/15/2024 and redistributed on 03/27/2025. The following assessments are derived from the various County departments and other agencies.

1. Transportation Needs Assessment (TNA). On 6/13/2025, the PDE Transportation Planner updated

the comment as follows: "TNA review: The Transportation Needs Assessment (TNA) report provided by the project's PE indicates that the study area roadway segments are anticipated to have adequate capacity to accommodate the proposed Comprehensive Plan Future Land Use Amendment".

2. Pasco County Utilities (PCU). On 6/12/2025, PCU updated the comments as follows: This property is within Pasco County Utilities Water, Wastewater and Reclaimed Water Service Areas. The property estimated potable water demand was not provided on the Comprehensive Plan Amendment (CPA) Application:

Potable Water: Development within this property will be required to connect to Pasco County Utilities Water system. There is currently potable water capacity to support the proposed development. The nearest watermain to the subject property is located at:
- o Approximately 5 feet south of the subject property on Harbor Bridge Boulevard. (Parcel K3)
- o Approximately 5 feet west of Moon Lake Road. (Parcel P2)
- o Approximately 5 feet south of Ridge Road. (Parcel I2)

Wastewater: Development within this property will be required to connect to Pasco County Utilities wastewater system. There is currently capacity at Shady Hills WWTP to support the proposed development. The nearest sewer main to the subject property is at:
- o Approximately 5 feet south of the subject property on Harbor Bridge Boulevard. (Parcel K3)
- o Approximately 5 feet east of Moon Lake Road. (Parcel P2)
- o Approximately 250 feet east of Hathaway drive. (Parcel I2)

Reclaimed water: Development within this property will be required to connect to Pasco County Utilities reclaimed water system. There is currently reclaimed water capacity to support the proposed development. The nearest reclaimed main to the project is at:
- o Approximately 950 feet southeast of the subject property at the intersection of Ridge Road and Moon Lake Road. (Parcel K3)
- o Approximately 10 feet west of Moon Lake Road. (Parcel P2)
- o Approximately 1,380 feet south of Parcel I2 at the intersection of River Ridge Boulevard and Decubellis Road.

Comprehensive plan approval does not reserve water, wastewater, or reclaimed water capacity. Offsite main extensions and connection points for water, wastewater, and reclaimed water will be assessed during Engineering Review and Construction Plan permitting. Construction of offsite water, wastewater, and reclaimed facilities may be required. Offsite improvements must be constructed at the developer's expense per Pasco County Code Chapter 110 – Utilities.

3. Pasco Sheriff's Office (PSO). On 3/31/2025, the Pasco County Sheriff's department commented: "The Pasco Sheriff's Office has no comment or objections to the proposed project".
4. Fire. On 3/27/2025 the material was circulated, and a response was not recorded during the review.
5. Emergency Management. On 3/27/2025 the material was circulated, and a response was not recorded during the review.
6. School District. On 3/27/2025 the material was circulated, and after further review, the School District responded: "No comments".
7. Parks, Recreation (PR). On 3/27/2025 the material was circulated, and after further review PR responded: "No comments"
8. Natural Resources (NR). On 3/27/2025 the material was circulated and NR commented:

- The project is not located within an Ecological Corridor or Ecological Planning Unit.

- Natural Resources will address the on-site Category I wetland at the time of zoning and/or site development submittal. A state-approved wetland boundary survey will be required at first site plan submittal.
- Natural Resources will address any potential listed species on site at the time of MPUD zoning and/or site development submittal. A preliminary wildlife survey will be required.

9. Active Transportation. On 6/13/2025, the material was circulated, and MPO submitted the following comments: "An 8-foot path runs along the south side of Ridge Road adjacent to parcels P2 and K3, with a 5-foot sidewalk on the north side. East of Moon Lake Road, these paths connect to a 12-foot multi-use trail along Ridge Road leading to the Suncoast Trail. A 4-foot bicycle lane exists on both sides of Ridge Road.
An 8-foot path runs along the east side of Moon Lake Road, adjacent to parcel I2. Route 16 runs along Moon Lake Road with one-hour headways and provides service to Gulfview Square Mall, PHSC West Campus, and Bayonet Point. There are no bus stops near the site".

THE BOARD OF COUNTY COMMISSIONERS **ORDINANCE NO. _____**

AN ORDINANCE AMENDING THE PASCO COUNTY COMPREHENSIVE PLAN; PROVIDING FOR A COMPREHENSIVE PLAN AMENDMENT TO THE FUTURE LAND USE MAP (MAP 2-15 AND SHEET 11) FROM RES-3 (RESIDENTIAL-3 DU/GA) TO PD (PLANNED DEVELOPMENT) ON APPROXIMATELY 10.42 ACRES OF REAL PROPERTY LOCATED ON THE SOUTH SIDE OF RIDGE ROAD APPROXIMATELY 1,185 FEET WEST OF THE INTERSECTION OF RIDGE ROAD AND MOON LAKE ROAD; RES-6 (RESIDENTIAL-6 DU/DA) TO PD (PLANNED DEVELOPMENT) ON APPROXIMATELY 13.03 ACRES OF REAL PROPERTY LOCATED ON THE SOUTH SIDE OF RIDGE ROAD APPROXIMATELY 1,187 FEET WEST OF THE INTERSECTION OF RIDGE ROAD AND MOON LAKE ROAD; AND RES-9 (RESIDENTIAL-9 DU/GA) TO PD (PLANNED DEVELOPMENT) ON APPROXIMATELY 9.86 ACRES OF REAL PROPERTY LOCATED ON THE EAST SIDE OF MOON LAKE ROAD APPROXIMATELY 1,455 FEET NORTH OF THE INTERSECTION OF RIDGE ROAD AND MOON LAKE ROAD; AND A TEXT AMENDMENT CREATING SUBAREA POLICY FLU 7.1.84 – RIVER RIDGE PD; AND A MAP AMENDMENT TO THE FUTURE LAND USE MAP 2-9 ADDING SUBAREA MAP 2-9 (84) RIVER RIDGE PD; AND PROVIDING FOR ADDITIONAL TEXT AMENDMENTS AS NECESSARY FOR INTERNAL CONSISTENCY; PROVIDING FOR A REPEALER, SEVERABILITY, AND AN EFFECTIVE DATE.

WHEREAS, Chapters 125 and 163, Florida Statutes, authorize and require the Board of County Commissioners of Pasco County to prepare and enforce a Comprehensive Plan for the development of the County; and

WHEREAS, the Board of County Commissioners adopted a Comprehensive Plan on June 15, 1989, which has been subsequently amended; and

WHEREAS, the Board of County Commissioners has determined that the proposed Amendment meets the criteria for a Comprehensive Plan Amendment pursuant to Section 163.3187, Florida Statutes; and

WHEREAS, the Board of County Commissioners has considered the staff report including data and analysis and has determined that the proposed Amendment is consistent with Part II, Chapter 163, Florida Statutes, and the Pasco County Comprehensive Plan; and

WHEREAS, all map amendments exclude applicable Transportation Corridor Preservation width as established in Table 7-2, as may be amended from time to time, of the Pasco County Comprehensive Plan; and

WHEREAS, the Local Planning Agency, on June 19, 2025, held a public hearing, with a quorum attending and voting, on the proposed Amendment to the Comprehensive Plan with due public notice provided, pursuant to Section 125.66(2), Florida Statutes, and found the proposed amendment consistent with the adopted Comprehensive Plan; and

WHEREAS, the Board of County Commissioners, on July 15, 2025, held an adoption public hearing, with a quorum attending and voting, on the proposed Amendment to the Comprehensive Plan with due public notice

provided, pursuant to Section 163.3184, Florida Statutes, and considered all comments received during the public hearing.

NOW, THEREFORE, BE IT ORDAINED by the Board of County Commissioners of Pasco County, Florida, as follows:

SECTION 1. FUTURE LAND USE ELEMENT MAP AMENDMENT.

The Official 2025 Future Land Use Comprehensive Plan Map 2-15 and Map Sheet No. 11 is hereby amended to change the Future Land Use classification from RES-3 (Residential-3 du/ga) to PD (Planned Development) on approximately 10.42 acres of real property, and RES-6 (Residential-6 du/ga) to PD (Planned Development) on approximately 13.03 acres of real property, and RES-9 (Residential-9 du/ga) to PD (Planned Development) on approximately 9.86 acres of real property, attached hereto as Exhibit A, and made a part hereof.

SECTION 2. FUTURE LAND USE ELEMENT TEXT AMENDMENT.

The Pasco County Comprehensive Plan, Future Land Use Element, Chapter 2, Subarea Policy FLU 7.1.84 – RIVER RIDGE PD is hereby created, attached hereto as Exhibit B, and made a part hereof.

SECTION 3. FUTURE LAND USE SUBAREAS MAP AMENDMENT.

The Official 2025 Future Land Use Comprehensive Plan Series, Map 2-9, Subarea, is hereby replaced with Exhibit C, as attached hereto and made a part hereof.

SECTION 4. REPEALER.

All provisions of the Pasco County Comprehensive Plan adopted pursuant to Ordinance No. 89-13, as amended, in conflict herewith are hereby repealed.

SECTION 5. SEVERABILITY.

Each provision of this Ordinance and all Exhibits hereto is material to the Board of County Commissioners' adoption of this Ordinance. Accordingly, these provisions are not severable. In the event any section, subsection, sentence, clause, or provision of this Ordinance and/or any Exhibits hereto is declared illegal or invalid by a body with jurisdiction to make such determination, the remainder of this Ordinance and all Exhibits hereto shall be suspended until such time that the Board of County Commissioners modifies this Ordinance and/or Exhibits hereto to address the illegal or invalid provision of this Ordinance, and the remainder of this Ordinance after the exclusion of such part or parts shall be deemed to be valid.

SECTION 6. EFFECTIVE DATE.

This Ordinance shall be transmitted to the Department of State by the Clerk to the Board by electronic mail within ten (10) days of the adoption of this Ordinance, and this Ordinance shall take effect upon confirmation by the Department of State of its receipt. The effective date of this Plan Amendment, if the Amendment is not timely challenged, shall be (thirty-one) 31 days after adoption. If timely challenged, this Amendment shall become effective on the date the state land planning agency, or the Administration Commission enters a final order determining the Amendment to be in compliance. No development orders, development permits, or land uses dependent on this Amendment may be effective or commence before it has become effective. If a final order of

noncompliance is issued by the Administration Commission, this Amendment may nevertheless be made effective by adoption of a resolution affirming its effective status, a copy of which resolution shall be sent to the state land planning agency.

SECTION 5. LEGISLATIVE FINDINGS OF FACT

The foregoing Whereas clauses, incorporated herein, are true and correct.

ADOPTED by the Board of County Commissioners of Pasco County, Florida, in a session with a quorum present and voting this 15th day of July 2025.

(SEAL)

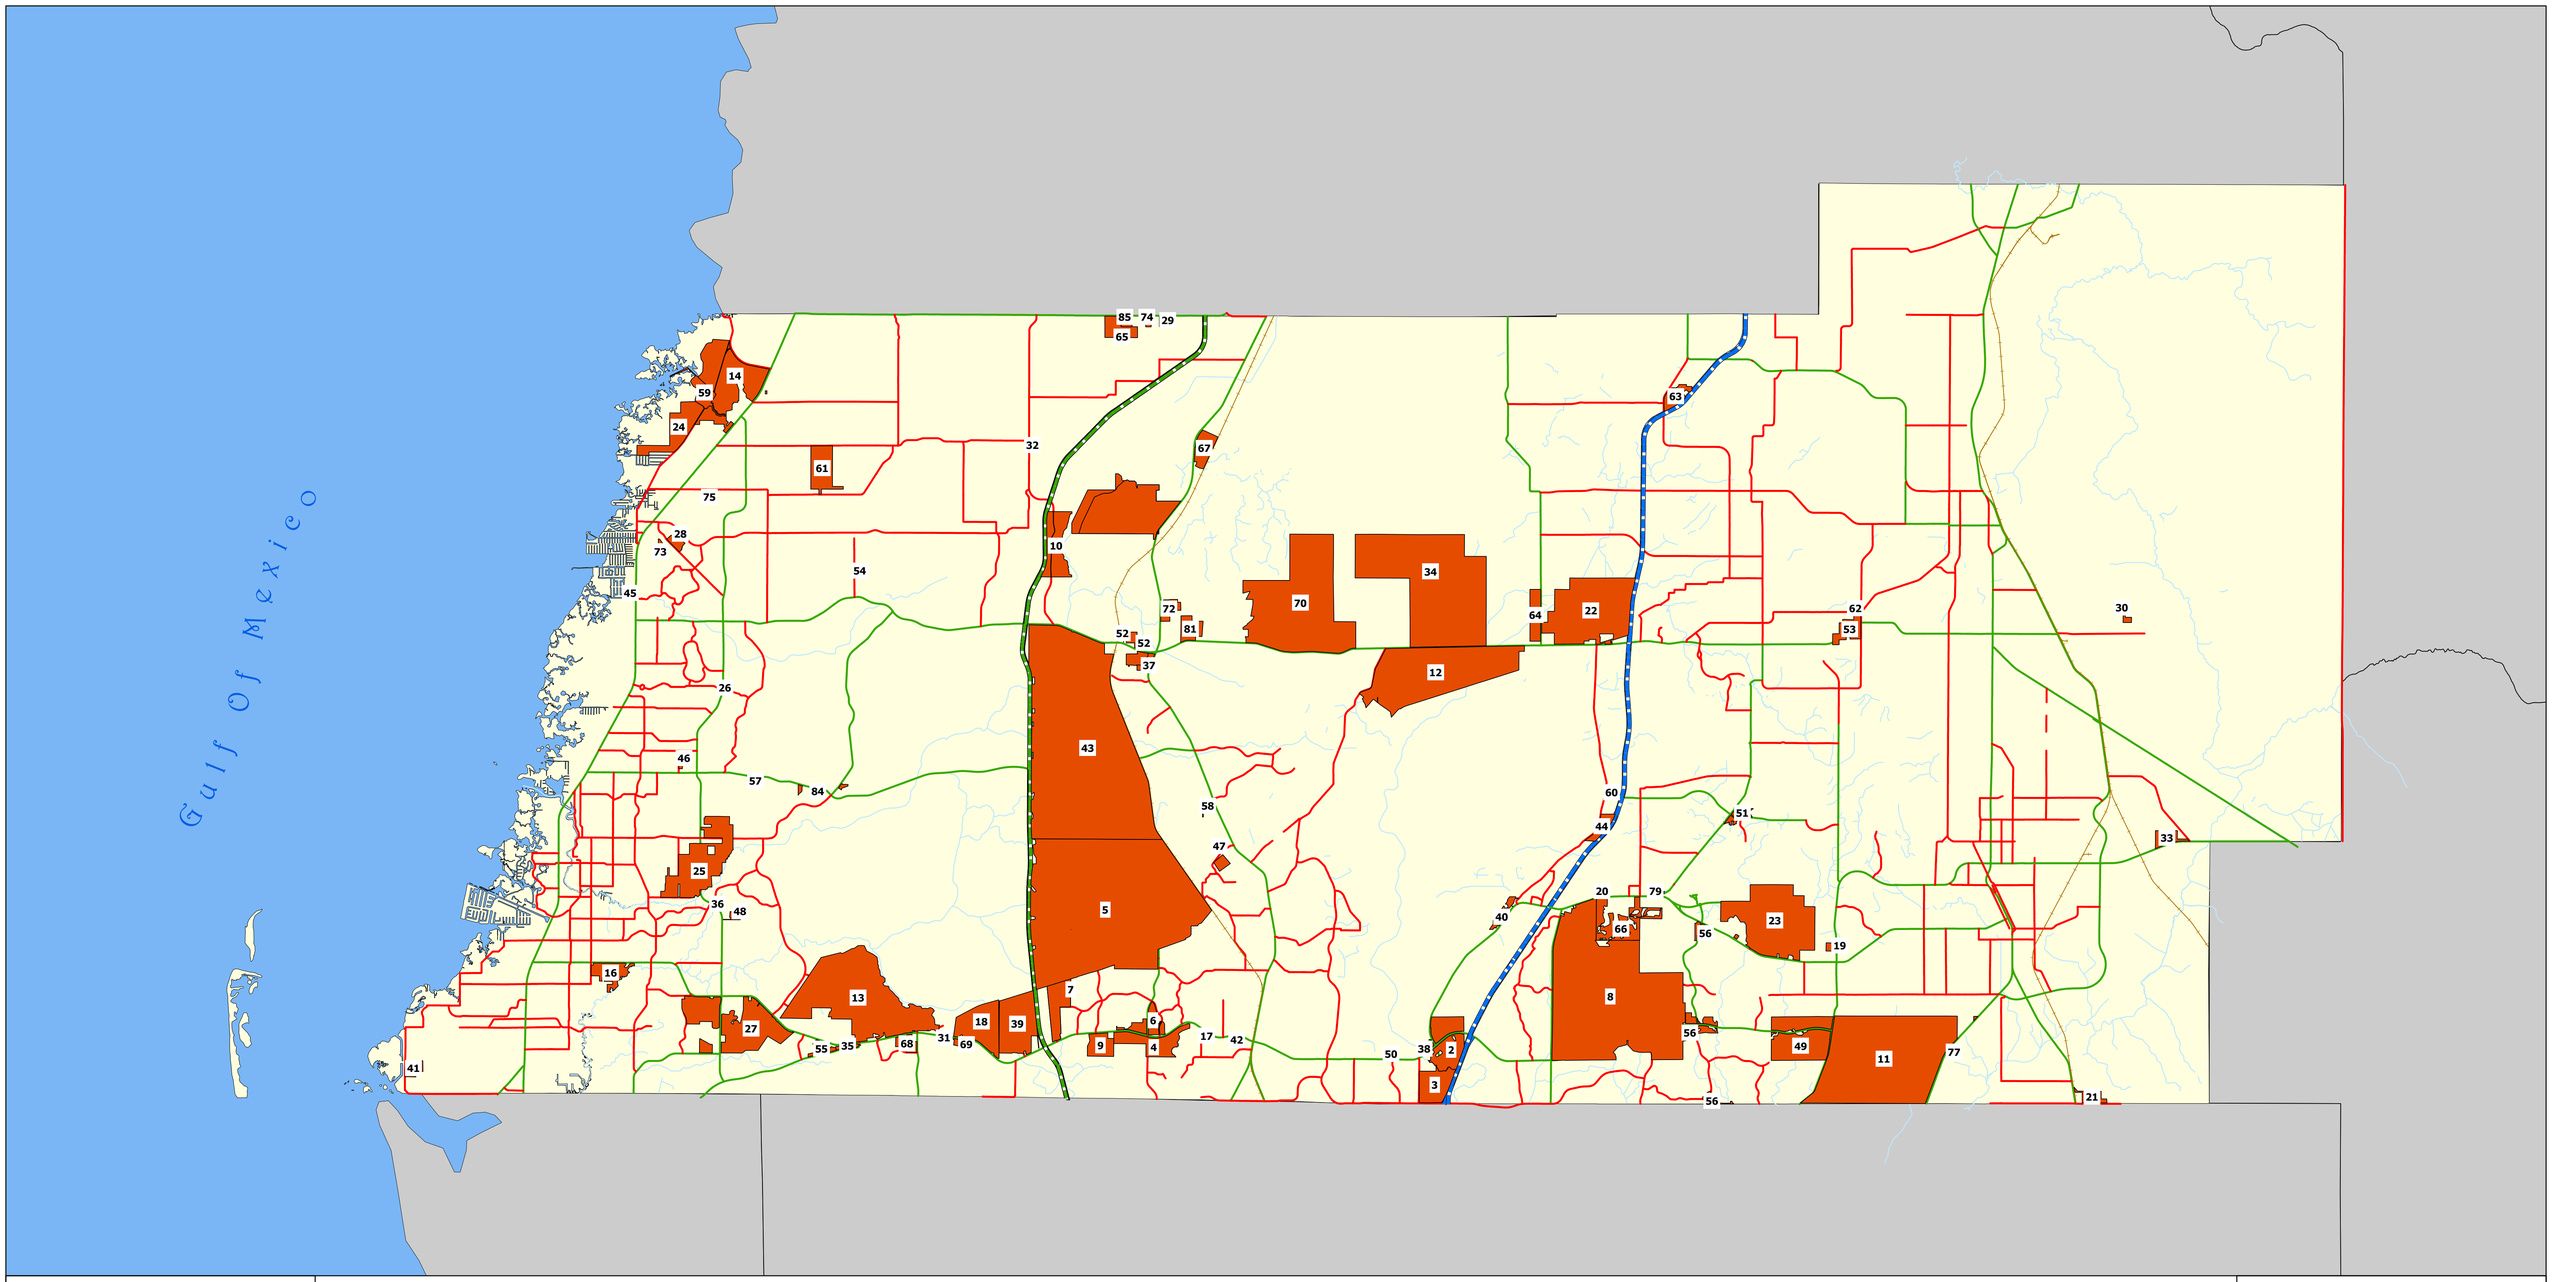
RIVER RIDGE PD SUBAREA POLICY



POLICY FLU 7.1.84 RIVER RIDGE PD

a. The River Ridge Planned Development (PD) is identified on Future Land Use (FLU) Subarea Map 2-9. All rezonings within the subarea shall be MPUD Master Planned Unit Development District(s) and shall be governed by the terms of this subarea policy. Any development that would exceed the level of development allowed under this subarea policy shall require an amendment to this policy, Policy FLU 7.1.84, and such amendment shall be supported by data and analysis that demonstrates adequate public facilities, services, and infrastructure are available to accommodate the proposed density and intensity of development. Such amendment shall be consistent with the Goals, Objectives, and Policies of the Comprehensive Plan, and Chapter 163, Florida Statutes.

b. The following maximum levels of development and permitted uses within River Ridge PD Subarea are approved.

Maximum Development Potential	
Type of Development	**Square Footage**
29-25-17-0000-00600-0000 (Parcel K3) Retail Commercial Office	125,000 Square Feet
30-25-17-0000-00200-0000 (Parcel I2) Retail Commercial Office	13,590 Square Feet

PD (PLANNED DEVELOPMENT)

Intent: To provide for a variety of land uses and intensities within a development site to preserve conservation areas above and beyond Land Development Code requirements; reduce public investment in provision of services; encourage flexible and creative site design; and provide sites for schools, recreation, and other public facilities which provide an areawide benefit to the community.

Comprehensive Plan Amendment requests for the assignment of a PD (Planned Development) Future Land Use Classification must be accompanied by a concept plan identifying: the range of uses, density, intensity, maximum units, and nonresidential square feet. The concept plan shall also show a general arrangement of land uses and shall articulate the guiding development principles for the PD (Planned Development). All PD (Planned Developments) require rezoning to either MPUD Master Planned Unit Development or commercial planned development prior to development. All rezoning requests must be accompanied by a Master Development Plan as set forth in the Land Development Code. Such plans shall address, at a minimum, buffering, setbacks, lighting, and building heights to ensure compatibility with adjacent uses.

If the proposed plan does not or cannot achieve the desired level of compatibility as determined by the Board of County Commissioners, the Board of County Commissioners may deny the rezoning request.

PD (Planned Development) Land Use Classifications are made through amendments to the Future Land Use Map.

General Range of Potential Uses:

Mixed-use developments (residential and nonresidential uses on the development site); residential developments with a range of unit types and densities; nonresidential developments such as office, commercial, industrial, elementary schools, middle schools, and high schools; attendant-on-site facilities such as utilities and recreation areas. Service and facility requirements will vary according to development intensity. Services and facilities are to be at a minimum, consistent with the requirements of comparable individual (residential, office, commercial, industrial) land use classifications for uses on the development site (see Exhibit 2-1, Services and Facilities by Classification).

Special Provisions and Mix of Uses:

1. Future Land Use Classification Requires Concept Plan and Rezoning: Comprehensive Plan Amendments to PD (Planned Development) must be accompanied by a concept plan as provided above. The specific mix of uses of the land use classification will be

established at the time that the classification is assigned. The specific arrangement of uses shall be determined upon completion of all required development review processes provided for the MPUD Master Planned Unit Development and commercial planned development zoning districts as described in the Pasco County Land Development Code.

2. Conservation and Open Space: Planned developments are required to provide protection of defined conservation areas and open space, and provide recreation and pedestrian circulation as a component of site design.

3. Minimum Open Space: Open space areas shall be designated as appropriate to meet the needs of the project, the community, and the vision of the market area in which the PD (Planned Development) is located.

4. Compatibility with Adjacent Uses: Due to the ability to cluster units and provide for a mixture of uses on site, planned developments require special consideration of the location, type, and size of buffer yards to maximize compatibility with adjacent land uses.

5. Nonresidential-Use Locations: Commercial and other nonresidential uses within planned developments are encouraged to be placed in locations that will provide convenient vehicular, pedestrian, and bicycle access for residents of the planned development community and will minimize the impact of commercial uses on adjacent and surrounding communities.

6. Minimum Size: Mixed-use planned developments are required to be the size necessary in order to effectively design the site for residential and nonresidential uses.

Mix of Uses:

The mix of uses for PD (Planned Development) Land Use Classifications shall be established at the time that the classification is assigned to an individual parcel through an amendment to the Future Land Use Map of the Comprehensive Plan.

Density Restrictions: Dwelling Units/Developable Residential Acre:

Established at the time that the classification is assigned to an individual parcel through an amendment to the Future Land Use Map of the Comprehensive Plan.

Maximum Nonresidential Intensity: Floor Area Ratio:

Established at the time that the classification is assigned to an individual parcel through an amendment to the Future Land Use Map of the Comprehensive Plan.

GH (Gateway Hub)

Intent: To recognize the unique characteristics of the Gateway to Pasco County and the Tampa Bay Region at the intersection of S.R. 52 and I-75. The purpose is to create a mixed use classification that will provide for appropriate development of this critical regional location.

LEGAL NOTICE

NOTICE OF AMENDMENT TO COMPREHENSIVE PLAN FOR PASCO COUNTY

The Pasco County Board of County Commissioners proposes to adopt the following:

AN ORDINANCE AMENDING THE PASCO COUNTY COMPREHENSIVE PLAN; PROVIDING FOR A COMPREHENSIVE PLAN AMENDMENT TO THE FUTURE LAND USE MAP (MAP 2-15 AND SHEET 11) FROM RES-3 (RESIDENTIAL-3 DU/GA) TO PD (PLANNED DEVELOPMENT) ON APPROXIMATELY 10.42 ACRES OF REAL PROPERTY LOCATED ON THE SOUTH SIDE OF RIDGE ROAD APPROXIMATELY 1,185 FEET WEST OF THE INTERSECTION OF RIDGE ROAD AND MOON LAKE ROAD; AND RES-6 (RESIDENTIAL-6 DU/DA) TO PD (PLANNED DEVELOPMENT) ON APPROXIMATELY 13.03 ACRES OF REAL PROPERTY LOCATED ON THE SOUTH SIDE OF RIDGE ROAD APPROXIMATELY 1,187 FEET WEST OF THE INTERSECTION OF RIDGE ROAD AND MOON LAKE ROAD; AND RES-9 (RESIDENTIAL-9 DU/GA) TO PD (PLANNED DEVELOPMENT) ON APPROXIMATELY 9.86 ACRES OF REAL PROPERTY LOCATED ON THE EAST SIDE OF MOON LAKE ROAD APPROXIMATELY 1,455 NORTH OF THE INTERSECTION OF RIDGE ROAD AND MOON LAKE ROAD; AND A TEXT AMENDMENT CREATING SUBAREA POLICY FLU 7.1.84 – RIVER RIDGE PD; AND A MAP AMENDMENT TO THE FUTURE LAND USE MAP 2-9 ADDING SUBAREA MAP 2-9 (84) RIVER RIDGE PD. AND PROVIDING FOR ADDITIONAL TEXT AMENDMENTS AS NECESSARY FOR INTERNAL CONSISTENCY; PROVIDING FOR A REPEALER, SEVERABILITY, AND AN EFFECTIVE DATE.

On **Thursday, June 19, 2025, at 1:30 p.m.**, the Pasco County Planning Commission, convened as the Local Planning Agency will hold a public hearing **at the West Pasco Government Center, Board Room, 8731 Citizens Drive, New Port Richey, Florida** to consider the consistency of the proposed amendment with the adopted Comprehensive Plan.

On **Tuesday, August 19, 2025, at 1:30 p.m.**, the Pasco County Board of County Commissioners will hold an adoption public hearing **at the West Pasco Government Center, Board Room, 8731 Citizens Drive, New Port Richey, Florida.**

[CPAS24(22) River Ridge PD]

Information concerning this matter will be on file and available for examination by appointment only in the office of the Pasco County Planning, Development and Economic Growth Department, West Pasco Government Center, 8731 Citizens Drive, Suite 200, New Port Richey, Florida 34654, or anytime on our website: www.pascocountyfl.net. To make an appointment or for further information, you may call 727-847-8140. All interested parties may participate in the public hearing and be heard. To learn how to participate in this hearing virtually, which requires advance registration, please visit http://mypasco.net/meetingagendas.

Any person desiring to appeal any decision made by the Planning Commission or the Pasco County Board of County Commissioners with respect to any matter considered at any hearing will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which the appeal is to be based. Persons may obtain a verbatim record of the proceeding by contacting the Clerk and Comptroller's Office, East Pasco Government Center, 14236 6th Street, Suite 201, Dade City, Florida 33523-3414; or at (352) 521-4345.

For questions or inquiries about this meeting, members of the public can reach out to the County's Customer Service Center (727) 847-2411 or County Administration (727) 847-8115 or visit www.mypasco.net. To view the Local Planning Agency and Board of County Commissioners Agendas, please visit http://mypasco.net/meetingagendas.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact the County's Human Resources Department, Internal Services Building, 7536 State Street, New Port Richey, Florida 34654, (727) 847-8030 (V) at least 7 days before the public hearing, or immediately upon receiving this notification if the time before the public hearing is less than 7 days; if you are hearing or voice impaired, call 711.

PLANNING COMMISSION AGENDA MEMORANDUM

COMMISSION DISTRICT: 4 **FILE NO.:** PDE25-7688 **DATE:** 6/19/2025

SUBJECT: Substantial Modification (Consent) – River Ridge MPUD Master Planned Unit Development – River Ridge Homes, Inc. – Rezoning Request from MPUD Master Planned Unit Development to MPUD Master Planned Unit Development District to Allow for the Reinstatement of Entitlements from the River Ridge DRI to the River Ridge MPUD, Increasing Commercial Entitlements on Parcel K3, Increasing Residential Entitlements on Parcel J/L, Decreasing Commercial Entitlements on Parcel I2, Increase the Height Limit on Parcel P2, and Associated Revisions to the Conditions of Approval on Approximately 1,388.2 Acres, Located in West Central Pasco County

REFERENCES: All Planning Commission (PC) and Board of County Commissioners (BCC) Public Hearings at 1:30 p.m. in New Port Richey (NPR) or Dade City (DC): PC at NPR 6/19/2025; BCC at NPR 8/19/2025

THRU: David Allen, Assistant County Administrator

FROM: David Engel, Director Planning, Development and Economic Growth

RECOMMENDED COMMITTEE ACTION:

Recommend approval of the rezoning request with conditions to the Board of County Commissioners (BCC).

BACKGROUND:

PROJECT OVERVIEW

Land Development Code (LDC) Section 402.2, Zoning Amendment – MPUD Master Planned Unit Development; Section 522 – MPUD Zoning District.

Proposed is a substantial modification to the River Ridge MPUD Master Planned Unit Development District to reinstate entitlements from the former River Ridge Development of Regional Impact (DRI), allow for the reinstatement of the MPUD entitlements, increase the commercial intensity on Parcel K3, increase residential density on Parcel J/L, decrease the commercial intensity on Parcel I2, and increase the height limit on Parcel P2. The proposed MPUD Master Plan and Conditions of Approval have been updated herein to reflect these changes.

On April 10, 2024, the River Ridge DRI entitlements were rescinded pursuant to DRI Rescission Resolution No. 24-48RZ. As a result of this rescission, the proposed amendment to substantially modify the MPUD seeks to re-adopt entitlements previously approved on September 19, 2016, pursuant to Rezoning Petition No. 1530, and re-establish entitlements via the MPUD Master Plan (i.e., download entitlements from the DRI to the MPUD, completing the rescinding process). As part of this application, the substantial modification will impact the following vacant or partially vacant parcels and re-instate the following entitlements (with the exception of Parcels K3 and J/L as the applicant is requesting to increase the previously approved entitlements):

- Parcel I2: 13,590 square feet (sf) of commercial (the applicant is seeking a reduction of the commercial entitlements from the originally approved 13,800 sf, resulting in a reduction of 210 sf);

- Parcel K3: 125,000 sf of commercial (the applicant is seeking an increase to the non-residential entitlements from the originally approved 64,285 sf, resulting in an additional 60,715 sf);
- Parcel P2: 7,500 sf of commercial, and 225 multi-family (MF);
- Parcels G1 and G2: 94,000 sf of commercial, and 15,000 sf of office;
- Parcel K2: 121,000 sf of commercial;
- Parcel P3: 16,000 sf of commercial;
- Parcel J/L: 260 single-family dwelling units (the applicant is seeking an increase to the residential entitlements from the originally approved 256 dwelling units, resulting in an additional 4 du).

These entitlements are consistent with the existing 2025 Pasco County Comprehensive Plan for the River Ridge community with the exception of parcels K3, I2, and P2 which are seeking a separate application for an amendment to the Future Land Use (FLU) map to PD (Planned Development) FLU. That amendment will make those parcels consistent with the Comprehensive Plan.

PDE has agreed to the applicant's request that Parcel P2 will be exempt from PM-26 because this parcel had multi-family entitlements prior to PM-26's effective date. Additionally, the built-out portions of this MPUD, which include existing townhomes, were developed prior to the adoption of PM-26. PRNR has agreed to the applicants' request that Parcel P2 qualifies for an exemption of LDC section 905.1 Neighborhood Parks requirements, citing LDC Section 905.1.E which permits an exemption of 905.1 so long as 80% of the PSP/PDP submittals of residential communities in the River Ridge MPUD were approved prior to November 8, 2002, which is the case in the River Ridge MPUD.

Carwashes as a use within this MPUD will be subject to the adopted Car Wash Ordinance, which makes carwashes a conditional use that would need to be sought separately from this application and subject to approval by the BCC (in accordance with LDC 402.3). Ridge Road is not an identified roadway corridor per LDC Section 1105.4, Corridor Specific Design Standards. Any potential self-storage use would be required to follow Section 1105 Self-Storage Facilities Design Standards. Parcels P2, I2, G1, G2 will retain their previous non-residential permitted uses.

Additionally, Parcel P2's alternative parking standard approval (ALTSTD-2022-00053) on June 29, 2022 (PDD22-0450) shall remain in full force and effect. This reduction allowed for 1.4 spaces per unit pursuant to a parking study submitted by the applicant.

The applicant is also seeking the following variations from the LDC:

Variation No. 1 – **LDC Section 805.6,** *Restrictions on Post-development Wetlands and Upland Buffers within Residential Lots and Nonresidential Parcels,* from **LDC Section 805,** *Wetlands,* and any other applicable section of the LDC.

STAFF VARIATION REQUEST(S) ANALYSIS:

Variation No. 1 – Applicant requests a variation from LDC section 805, *Wetlands,* specifically 805.6, *Restrictions on Post-development Wetlands and Upland Buffers within Residential Lots and Nonresidential Parcels,* to ensure the property owners of non-residential parcels under single ownership are responsible for all open space, drainage areas, common areas, landscape areas, wetland areas, buffer areas, preservation/conservation areas, or other special-purpose areas without dedication to an association or CDD.

PDE is amenable to the request as it accomplishes the intent of LDC section 805.6.

This agenda memo was prepared by Kurt Siverson, Planner I

SITE DETAILS

The project is located in the Central Market Area; the River Ridge MPUD is generally located on the south side of Ridge Road west of the intersection of Ridge Road and Decubellis/Moon Lake Road; and on the north and south sides of Ridge Road east of the intersection of Ridge Road and Decubellis/Moon Lake Road. (Parcel ID Nos.: 29-25-17-0000-00600-0000, 30-25-17-0000-00200-0000, et al.).

Commission District:	The Honorable Lisa Yeager
Project Name:	River Ridge MPUD
Applicants' Name(s) :	River Ridge Homes, Inc.
Current Zoning District:	MPUD Master Planned Unit Development District
Proposed Zoning District:	MPUD Master Planned Unit Development District
Future Land Use (FLU) Classification:	RES-3 (Residential-3 du/ga) RES-6 (Residential-6 du/ga) RES-9 (Residential-9 du/ga)
Water/Sewage:	Pasco/Pasco
Flood Zone:	A & X
Requested Entitlements:	Parcel I2: 13,590 sf Commercial Parcel K3: 125,000 sf Commercial Parcel P2: 7,500 sf Commercial, 225 MF Parcels G1 & G2: 94,000 sf Commercial, 15,000 SF Office Parcel K2: 121,000 sf Commercial Parcel P3: 16,000 sf Commercial Parcel J/L: 260 Single-Family Residential Dwelling Units
Roads/Access:	Ridge Road (County, Arterial) Decubellis Road (County, Collector), Moon Lake Road (County, Arterial)

MPUD SURROUNDING CONDITIONS ANALYSIS

1. The River Ridge MPUD, inclusive of the former DRI, is mostly built out and contains residential communities totaling 2,114 units (PDD13-713E), commercial endeavors totaling 466,290 square feet, and office uses of 15,000 square feet on all 1388.2 acres.
2. The River Ridge MPUD contains public uses including the River Ridge high school complex, conservation land, park acreage, and a golf course.
3. North of River Ridge MPUD, abutting Ridge Road, are several residential communities and commercial developments. Across Ridge Road from Parcel K3 is the Hidden Ridge residential community, which has been approved for 70 single-family dwelling units.
4. North of River Ridge MPUD is the Hidden Lake residential community and private airport, totaling 150 single-family dwelling units.
5. South and east of the River Ridge MPUD are conservation lands owned by the Southwest Florida Water Management District.

SURROUNDING ZONING AND LAND USES

	Zoning District	Future Land Use (FLU)	Existing Use
North	R-1 (Rural Density Residential District), R-4 (High Density Residential District), C-2 (General Commercial District), MF-2 (Multiple-Family High Density District)	RES-3 (Residential-3 du/ga), RES-9 (Residential-9 du/ga), R/O/R (Retail/Office/Residential), COM (Commercial)	Primarily residential
South	A-C (Agricultural), PUD (Planned Unit Development District), R-4 (High Density Residential District)	RES-6 (Residential-6 du/ga), CON (Conservation Lands), Major Recreation, COM (Commercial)	Primarily undeveloped conservation
East	R-4 (High Density Residential District), PUD (Planned Unit Development)	CON (Conservation Lands)	Primarily undeveloped, conservation
West	E-R (Estate Residential District), PUD (Planned Unit Development District), A-C (Agricultural)	RES-1 (Residential-1 du/ga), RES-3 (Residential-3 du/ga)	Primarily residential, public uses

PREVIOUS ZONING ACTION(S) AND BACKGROUND DETAILS

1. On November 24, 1981, the Board of County Commissioners (BCC) approved Rezoning Petition No. 1567 creating the River Ridge MPUD Master Planned Unit Development District.
2. On October 9, 2013, the BCC approved Rezoning Petition No. 7083, a request to amend MPUD Conditions of Approval to provide a document reflecting the original conditions of approval (COAs) and incorporate all approved amendments.
3. On October 11, 2016, a non-substantial modification was approved for a request to exchange entitlements pursuant to Section 3.a. of the approved Development Order (DO) for River Ridge DRI (Resolution No. 06-134).
4. On April 10, 2024, the BCC approved DRI Recission Rescission Resolution No. 24-48RZ, which formally rescinded the River Ridge Development of Regional Impact (DRI).
5. On May 20, 2024, a non-substantial modification was processed to the River Ridge MPUD (PEG24-0292) to increase the maximum building height from 45 feet to 50 feet for the multi-family development on Parcel P2. However, because the DRI was rescinded the month prior (No. 24-48RZ) with no accompanying substantial modification to the MPUD, this parcel no longer retained any previous entitlements. Therefore, the non-substantial amendment could not increase the building height limit on a parcel that had no entitlements. A vested rights application pursuant to Section 407.6 of the LDC was filed by the owner of Parcel P2 based on this non-substantial modification; however, this vested rights application will be rendered moot by the approval of this substantial modification request.

FINDINGS OF FACT

1. Approval by the Pasco County Board of County Commissioners will entitle the River Ridge MPUD parcels by the following:
   Parcel AA: 5 single-family residential units on 2.33 acres;
   Parcel A: 66 single-family residential units on 53.42 acres;
   Parcel B: 164 single-family residential units on 61.05 acres;
   Parcel C: 90 single-family residential units on 24.6 acres;
   Parcel D: 160 single-family residential units on 69.7 acres;
   Parcel E: 322 multi-family residential units on 48.3 acres;
   Parcel F1/G: 59 single-family residential units on 14.7 acres;
   Parcel F2: public service uses on 12.8 acres;
   Parcel GC: golf course on 121.3 acres;
   Parcel G1: 34,000 sf of commercial & 15,000 sf of office on 8.0 acres;
   Parcel G2: 60,000 sf of commercial on 7.5 acres;
   Parcel H: public service use on 3.0 acres;
   Parcel I1: 370 single-family residential units on 71.6 acres;
   Parcel I2: 13,590 sf of commercial on 2.9 acres;
   Parcel J/L: 260 multi-family units on 108.2 acres;
   Parcel K1: 32 villa/townhome residential units & 125 single-family residential units on 48.5 acres;
   Parcel K2: 121,000 sf of commercial on 13.0 acres;
   Parcel K3: 125,000 sf of commercial on 13.7 acres;
   Parcel M: school complex on 122.8 acres;
   Parcel N/O: 129 single-family residential units on 33.2 acres;
   Parcel P: Portion of Jay B. Starkey Wilderness Park on 65.0 acres;
   Parcel P2: 7,500 sf of retail & 225 multi-family units on 10.6 acres;
   Parcel P3: 18,000 sf of commercial on 3.0 acres;
   Parcel Q1: power station on 4.0 acres;
   Parcel Q2: public service use on 3.0 acres;
   Parcel R: 167 single-family residential units on 51.8 acres;
   Parcel S/T: 169 single-family residential units on 73.9 acres.

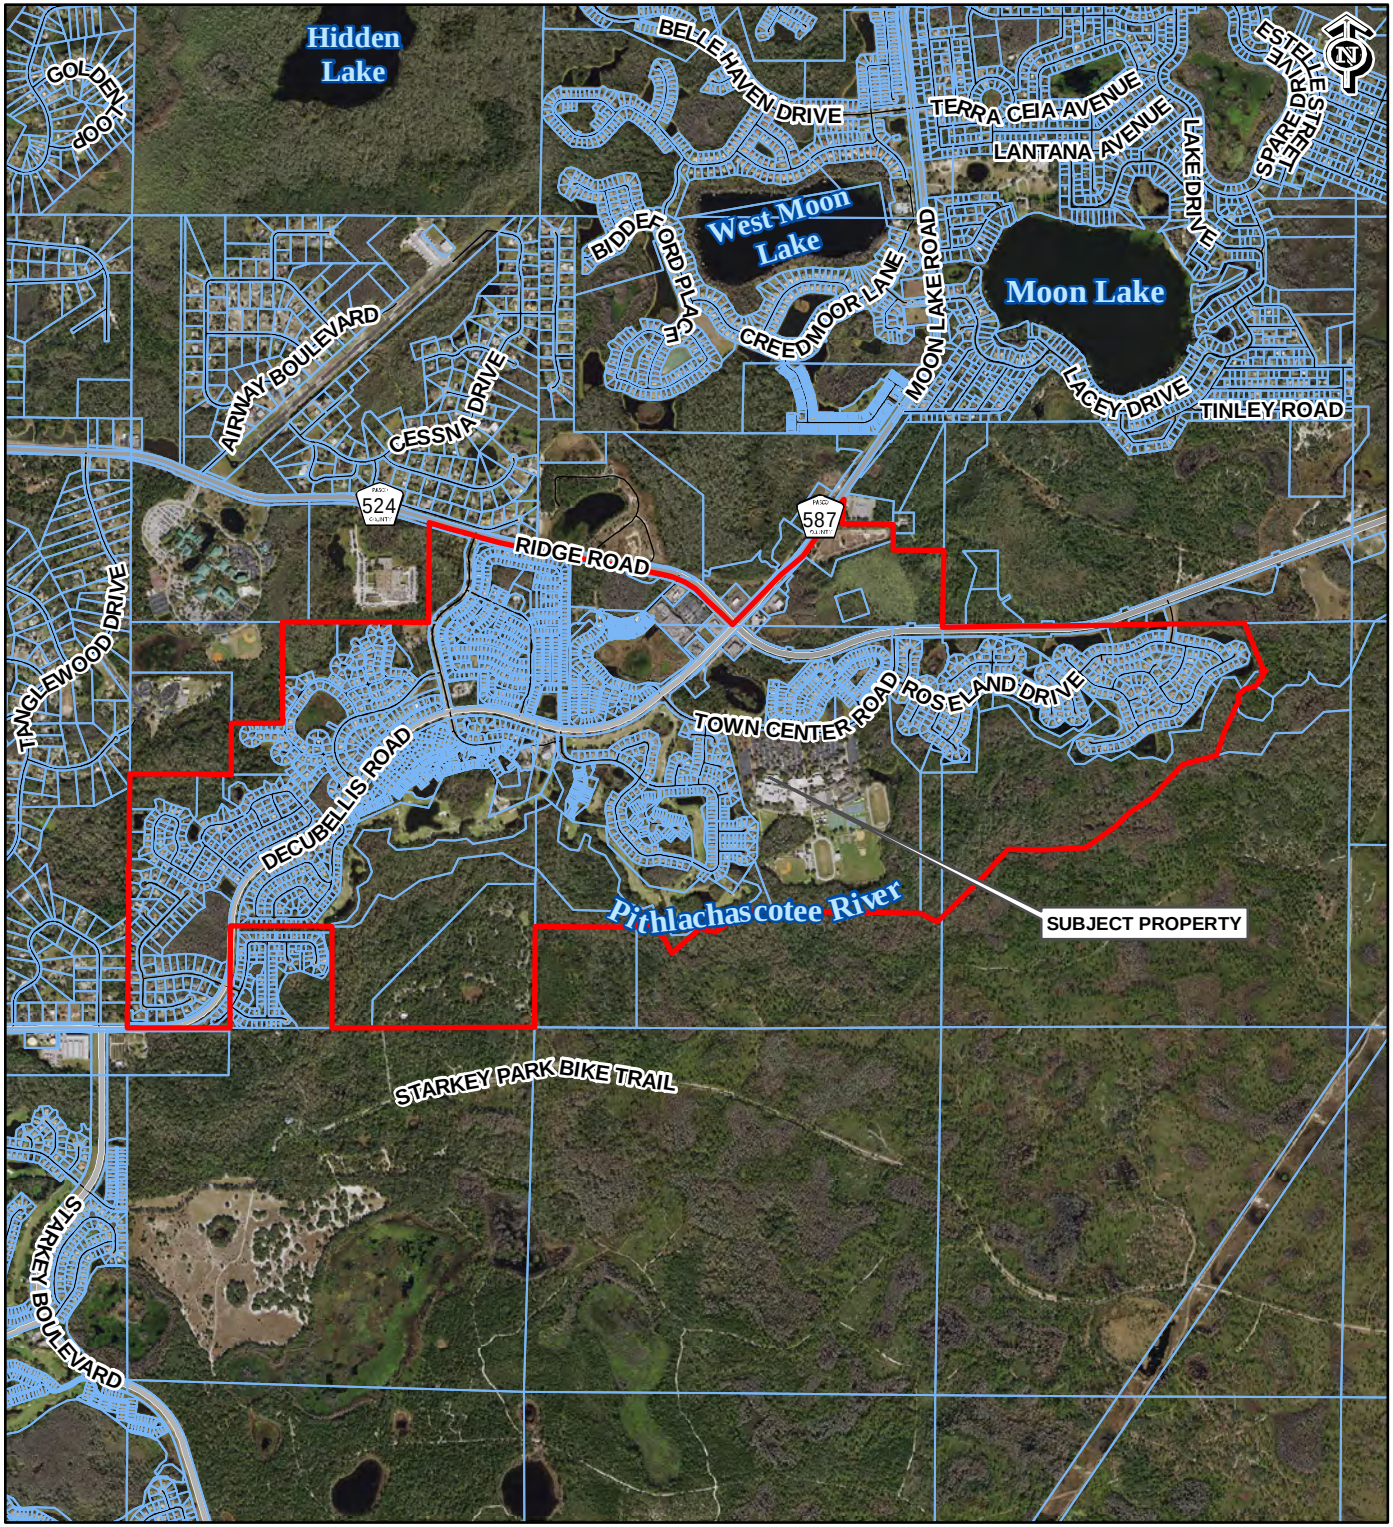
2. Parcels K2, P3, G1, and G2 located within the existing River Ridge MPUD Master Planned Unit Development District are not considered to be in conflict with the existing Residential Future Land Use (FLU) pursuant to Policy FLU 1.6.1.e.(2) which permits commercial development on property that was designated as a commercial zoning district prior to the effective date of the 2025 Pasco County Comprehensive Plan on April 9, 1991, and is located within 1,320 feet of the intersection of an existing arterial and/or collector roadway. These parcels were zoned for commercial through the MPUD Master Planned Unit Development COAs on November 24, 1981. Parcel K2 is located at the southwest corner of the intersection of Moon Lake Road and Ridge Road; Parcel P3 located at the northeast corner of the intersection of Moon Lake Road and Ridge Road; Parcel G1 is located on the east side of Decubellis Road approximately 1,165 feet south from the intersection of Moon Lake Road and Ridge Road; and Parcel G2 is located at the southeast corner of the intersection of Moon Lake Road and Ridge Road. Parcels K2, P3, G1, and G2 were commercially zoned prior to April 9, 1991, and meet the locational criteria set forth in Policy FLU 1.6.1.e.(2), therefore, these parcels are identified as a Medium Commercial Node to permit commercial development within the current RES-6 FLU.

3. Reviewed concurrently, CPAS24(22) is a small-scale Comprehensive Plan Amendment (CPAS) in the name of River Ridge PD. The proposed amendment will include the creation of Subarea Policy FLU 7.1.84, identified on Subarea Map 2-9(84), for parcels K3, I2, and P2, to facilitate the post-DRI recission MPUD modification and ensure consistency with the nonresidential uses previously approved.

4. Parcels K3, P2, and I2 are currently vacant. Parcels G1 and G2 are partially developed.

5. Upon the effective date of this MPUD, Vested Rights Application MSTRGR-2025-00011 is deemed withdrawn/moot.

6. The proposed request is consistent with the Pasco County LDC, Chapter 400, Subsection 402.2 Zoning Amendment - MPUD Master Planned Unit Development, and with the applicable provisions of the Pasco County Comprehensive Plan.



PRELIMINARY FEASIBILITY ANALYSIS

A preliminary feasibility analysis was conducted by the Planning, Development, and Economic Growth (PDE) department. The following assessments/comments/conditions are derived from the various County departments and other agencies.

1. Timing and Phasing (T&P) and/or Substandard Road Analysis (SSRRA): The PDE transportation planner concluded the network operates within the adopted level of service, approving timing & phasing record T&P-2024-00055.
2. Pasco County Utilities (PCU): The Pasco County Utilities Department had no objection to the proposal.
3. Pasco Sheriff's Office (PSO): The Pasco Sheriff's Office did not provide comments.
4. Fire: Fire Services had no objection to the proposal.
5. Emergency Management: The Emergency Management department had no objection to the proposal.
6. Parks, Recreation, and Natural Resources (PRNR): The Parks, Recreation, and Natural Resources department provided comments, and is in agreement with the conditions of approval as provided.

FISCAL IMPACT/COST/REVENUE STATEMENT:
Funding is not required for this action.

LEGAL DESCRIPTION

SURVEYOR'S REPORT

SKETCH AND DESCRIPTION: NOT A SURVEY

DESCRIPTION:

A PORTION OF THE SOUTHEAST 1/4 OF SECTION 29, TOWNSHIP 25 SOUTH, RANGE 17 EAST, PASCO COUNTY, FLORIDA, BEING FURTHER DESCRIBED AS FOLLOWS:

COMMENCE AT THE SOUTHEAST CORNER OF THE SOUTHEAST 1/4 OF SAID SECTION 29; THENCE RUN ALONG THE EAST BOUNDARY LINE OF THE SOUTHEAST 1/4 OF SAID SECTION 29, NORTH 00°47'30" EAST, A DISTANCE OF 1002.08 FEET TO THE SOUTHEAST CORNER OF THE NORTH 1/2 OF THE NORTHEAST 1/4 OF THE SOUTHEAST 1/4 OF THE SOUTHEAST 1/4 OF SAID SECTION 29; THENCE ALONG THE SOUTH BOUNDARY LINE OF THE NORTH 1/2 OF THE NORTHEAST 1/4 OF THE SOUTHEAST 1/4 OF THE SOUTHEAST 1/4 OF SAID SECTION 29, NORTH 89°35'50" WEST, A DISTANCE OF 882.47 FEET TO THE SOUTHWEST CORNER OF THE NORTH 1/2 OF THE NORTHEAST 1/4 OF THE SOUTHEAST 1/4 OF THE SOUTHEAST 1/4 OF SAID SECTION 29; THENCE ALONG THE WEST BOUNDARY LINE OF THE NORTH 1/2 OF THE NORTHEAST 1/4 OF THE SOUTHEAST 1/4 OF THE SOUTHEAST 1/4 OF SAID SECTION 29, NORTH 00°51'07" EAST, A DISTANCE OF 125.76 FEET FOR A POINT OF BEGINNING; THENCE SOUTH 71°00'08" WEST, A DISTANCE OF 774.40 FEET; THENCE SOUTH 18°26'19" WEST, A DISTANCE OF 228.71 FEET; THENCE NORTH 53°29'06" WEST, A DISTANCE OF 432.59 FEET TO THE SOUTHEASTERLY RIGHT-OF-WAY LINE OF COUNTY ROAD NO. C-587 (MOON LAKE ROAD) PARCEL 379, RECORDED IN OFFICIAL RECORDS BOOK 7734, PAGE 96 OF THE PUBLIC RECORDS OF PASCO COUNTY, FLORIDA; THENCE ALONG THE SAID SOUTHEASTERLY RIGHT-OF-WAY THE FOLLOWING COURSES AND DISTANCES: 34.56 FEET ALONG THE ARC OF A CURVE TO THE LEFT, SAID CURVE HAVING A RADIUS OF 4673.66 FEET, A CENTRAL ANGLE OF 0°25'25", AND A CHORD OF 34.56 FEET WHICH BEARS NORTH 34°55'12" EAST, NORTH 34°42'30" EAST, 594.14 FEET TO THE SOUTH LINE OF LANDS DESCRIBED IN OFFICIAL RECORDS BOOK 1437, PAGE 144 OF THE PUBLIC RECORDS OF PASCO COUNTY, FLORIDA; THENCE ALONG SAID SOUTH LINE THE FOLLOWING COURSES AND DISTANCES: SOUTH 55°17'48" EAST, 68.09 FEET, SOUTH 89°35'46" EAST, 80.01 FEET TO THE EAST BOUNDARY LINE OF THE NORTHWEST 1/4 OF THE SOUTHEAST 1/4 OF SAID SECTION 29; THENCE ALONG SAID EAST BOUNDARY LINE, SOUTH 00°54'51" WEST, A DISTANCE OF 52.87 FEET TO THE SOUTHEAST CORNER OF THE NORTHWEST 1/4 OF THE SOUTHEAST 1/4 OF SAID SECTION 29; THENCE ALONG THE NORTH BOUNDARY LINE OF THE SOUTH 1/2 OF THE SOUTH 1/2 OF SAID SECTION 29, SOUTH 89°35'46" EAST, A DISTANCE OF 622.12 FEET TO THE NORTHWEST CORNER OF THE NORTH 1/2 OF THE NORTHEAST 1/4 OF THE SOUTHEAST 1/4 OF THE SOUTHEAST 1/4 OF SAID SECTLQN 29; THENCE ALONG THE WEST BOUNDARY LINE OF THE NORTH 1/2 OF THE NORTHEAST 1/4 OF THE SOUTHEAST 1/4 OF THE SOUTHEAST 1/4 OF SAID SECTION 29, SOUTH 00°51'07" WEST, A DISTANCE OF 208.27 FEET TO THE POLNI OF BEGINNING.

CONTAINING 429,585 SQUARE FEET OR 9.86 ACRES MORE OR LESS.

CONDITIONS OF APPROVAL

RIVER RIDGE MPUD
MASTER PLANNED UNIT DEVELOPMENT
CONDITIONS OF APPROVAL
REZONING PETITION NO. 7688

Master Development Plans

1. Development shall be in accordance with the plans and information submitted; the Land Development Code (LDC); and the Comprehensive Plan unless otherwise stipulated or modified herein. The original MPUD Master Planned Unit Development (MPUD) conditions of approval and Master Plan, Rezoning Petition No. 7083, as approved by the Pasco County Board of County Commissioners (BCC) on October 10, 2013 and subsequent approved amendments are hereby superseded by Rezoning Petition No. 7688.

Environmental

2. The applicant shall provide a 100% gopher tortoise burrow survey conducted according to FFWCC guidelines, the FFWCC gopher tortoise relocation permit and FFWCC accepted after action report prior to commencement of development (which is evidenced by the issuance of site development permit or placard.) If site construction does not commence within 90 days from the date of the most recent 100% gopher tortoise survey or capture activities, a new gopher tortoise burrow survey must be completed to ensure gopher tortoises have not moved in and, if found, a valid permit must be obtained, amended, or acted on to capture and relocate all tortoises prior to commencing any site clearing.

3. The upland buffer line shall be clearly field demarcated prior to any construction activities. No construction activities, including clearing, grading, or grubbing, shall occur within the Wetland Upland Buffer unless otherwise approved by the County and as depicted on the County-approved construction plans for the project.

4. A copy of the SWFWMD Environmental Resource Permit (ERP) shall be submitted to the Pasco County project record prior to commencement of development (which is evidenced by the issuance of site development permit or placard.)

5. If during construction activities any evidence of the presence of State or Federally protected plant and/or animal species is discovered, Pasco County and applicable agencies shall be notified within two working days of the plant and/or animal species found on the site. All work in the affected area shall come to an immediate stop until all pertinent permits have been obtained, agency written authorization to commence activities has been given, or unless compliance with state and federal guidelines can be demonstrated.

Open Space/Buffering

6. The developer(s) shall create a mandatory homeowners'/property owners'/condominium owners'/merchants' association in the form of a nonprofit corporation registered with the State of Florida, Secretary of State, and/or, if approved, by the BCC or State of Florida, a

Community Development District (CDD). The association(s) or District(s) shall encompass the entire boundaries of the MPUD except for any real property to be conveyed to the County or the District School Board of Pasco County (School Board). The developer(s) shall convey in fee simple to the association(s) or the CDD(s), for ownership and maintenance, open space, drainage areas, common areas, landscape areas, wetland areas, buffer areas, preservation/conservation areas, and other special-purpose areas unless the said area(s) is/are required to be dedicated to another governmental entity. Recreation areas and neighborhood parks shall be conveyed to the association(s) as well, but only to the CDD(s) if such special power, pursuant to Section 190.012(2), Florida Statutes, is consented to by the County. All such conveyances shall be for a value that does not exceed the fair market value of the land. Prior to platting the first unit or phase, homeowners'/property owners'/condominium owners'/merchants' association(s) or CDD documents, including Articles of Incorporation with proof of being filed with the State of Florida, Secretary of State, restrictive covenants, and all exhibits shall be submitted to the Survey Department for review along with copies of instruments to be used to convey in fee simple the above-mentioned areas to the said association or the CDD. Impact fee credits for improvements or dedications shall go to the association or the CDD that funded such improvements as applicable. Notwithstanding any other provision of these conditions, the developer shall not be required to dedicate any open space, drainage areas, common areas, landscape areas, wetland areas, buffer areas, preservation/conservation areas, or other special-purpose areas to an association or CDD, or include such areas within an association or CDD boundaries, if the affected areas are located entirely within a non-residential parcel under single ownership or a non-fee simple residential parcel under single ownership.

7. Developer has complied with the parkland dedication requirements established in the River Ridge Development Order as of August 2023. With the exception of Parcel P2 which has been determined to be exempt from LDC Section 905.1, for any further residential development, specific review and approval of the Land Development Code (LDC), Section 905.1. Neighborhood Parks will be conducted at PDPs submittal. At the time of the PDPs submittal, a park plan shall be provided, which shall depict the location, acreage, dimension, type (mini park, neighborhood park, linear park, trails, etc.) and planned amenities of each neighborhood park area in accordance with current LDC 905.1.

8. The developer/builder shall provide the appropriate number of trees per lot pursuant to Table 905.2-C located in the LDC, Section 905.2.D.1.a. If the developer/builder is unable to provide the appropriate number of trees on the lot due to easement(s) or other constraints as determined by the County Administrator or designee, then the developer/builder may plant the tree(s) in common area(s). If trees are proposed to be moved to a location within any County rights-of-way, a Street Tree Plan submittal and review per LDC requirements will be necessary. If common area is not available, then the developer/builder shall pay into the tree mitigation fund at the rate established by resolution of the BCC (Resolution 08-284, as amended) as follows: $50.00 per inch, but not to exceed $500.00 for each residential unit, or $500.00 for each 2,000 square feet of the first floor building area for non-residential development pursuant to Section 802.3.C. of the LDC.

9. Street Tree Planting and/or Front Yard Tree Planting:

a) Each front-loaded single-family detached lot shall have a minimum of two trees on or in front of the lot, one of which may be in the side or back yard and one of which must be in the front of the home but may be either a street tree (in front of the lot) or a lot tree (in the lot front yard).
b) Each front-loaded townhome block (group of attached units) with four (4) or fewer units shall have a minimum of two (2) trees in the front yard and/or street.
c) Each front-loaded townhome block with five (5) or more units shall have a minimum of three (3) trees in the front yard and/or street.
d) Any lot/street trees within a townhome block may be a shade tree, understory tree, or palm tree; provided however, that no front yard/street trees in a townhome block shall be queen palms, and if palms are proposed, there shall be three (3) palms to everyone (1) shade tree.
e) To allow additional room for trees and landscaping, utility easements will be allowed under sidewalks, such that 5' of the utility easement is under the sidewalk (ROW), and 5' is on the lot. Additionally, water main and sanitary lines may be installed under streets or sidewalks in townhome development ROWs.

Transportation/Circulation

10. The Developer has complied with all transportation mitigation improvements listed in the River Ridge Development Order RES-82-115 as amended.

11. The submitted Timing and Phasing Analysis for Parcel K3 assumes the following land use: 125,000 SF Commercial ("K3 Approved Land Use"). Parcel K3 may be developed with up to these development rights without any requirements for an additional timing and phasing analysis through the expiration date of the MPUD as set forth in Condition 27 Any development of land use(s) on Parcel K3 that generate(s) greater traffic impacts than the K3 Approved Land Use may require an updated Timing and Phasing Analysis utilizing a methodology approved by the County. The Planning Commission (PC), BCC, or County Administrator or designee, may impose additional conditions on the applicant or developer based on the updated County-approved Timing and Phasing Analysis. Compliance with the conditions of approval and payment of mobility fees and other generally applicable taxes and assessments, fully mitigates the external transportation impacts of the K3 Approved Land Use through the expiration date of the MPUD as set forth in Condition 27, except any required external site-access improvements which shall be the developer's sole obligation.

12. Parcels I2, P2, G1 and G2 may be developed with up to the following development rights without any requirements for an additional timing and phasing analysis through the expiration date of the MPUD as set forth in Condition 27:

I2	13,590 SF Commercial
P2	7,500 SF Commercial and 225 Multi-Family
G1 and G2	94,000 SF Commercial and 15,000 SF Office

("I2, P2. G1 and G2 Approved Land Uses")

Any development of land use(s) on Parcels I2, P2, G1 and G2 that generate(s) greater traffic impacts than the I2, P2. G1 and G2 Approved Land Uses may require an updated Timing and Phasing Analysis utilizing a methodology approved by the County. The Planning Commission (PC), BCC, or County Administrator or designee, may impose additional conditions on the applicant or developer based on the updated County-approved Timing and Phasing Analysis. Compliance with the conditions of approval and payment of mobility fees and other generally applicable taxes and assessments, fully mitigates the external transportation impacts of the I2, P2. G1 and G2 Approved Land Uses through the expiration date of the MPUD as set forth in Condition 27, except any required external site-access improvements which shall be the developer's sole obligation.

Access Management

12. The access points shown on the master plan are conceptual only. Permanent placement of each access point for each remaining undeveloped increment shall be determined at the time of review with the corresponding PSP/PDP and shall meet established access-management criteria. Based on the corresponding PSP/PDP, County Administrator, or designee, may impose additional conditions on the applicant/developer.

13. Unless otherwise determined at the time of PSP/PDP review through the appropriate review and approval process pursuant to the LDC, access to any commercial out-parcels shall be provided from internal drives or parking areas.

Dedication of Right-of-Way

14. Street connections and rights-of-way to adjoining areas shall be provided to give access to such areas and/or to provide for proper traffic circulation as determined necessary at the time of PDP approval. Those streets that are required to ensure adequate traffic flow to and through the land are to remain public and shall not be gated.

15. In the case of private streets, and any amenities within those rights-of-way such as paths, trails, sidewalks, and any other non-vehicular accessways, dedication and maintenance shall be the responsibility of the mandatory homeowners'/property owners'/condominium owners'/merchants' association(s) or an appropriate entity other than the County. Pasco County will not be responsible for the maintenance of any private streets or private access amenities.

Design/Construction Specifications

16. If, during construction activities, any evidence of historic resources including, but not limited to, aboriginal or historic pottery, prehistoric stone tools, bone or shell tools, historic trash pits, or historic building foundation, are discovered, work shall come to an immediate stop, and the Florida Department of Historic Resources (State Historic Preservation Officer) and Pasco County shall be notified within two working days of the resources found on the site.

17. The developers shall comply with the County and Pasco County Public Transportation requirements to accommodate mass transit service to and within the project if service is available or planned at the time of preliminary plan/preliminary site plan approval. A detailed description of the overall transit accommodations plan shall include, but is not limited to, a proposed ingress and egress route for buses and bus stops proposed to service the project including, but not limited to, benches, shelters, lighting, pedestrian walkways, landscaping, and placement as required by the County or Pasco County Public Transportation. The developers shall submit the detailed description of the overall transit accommodations plan to PDD for review and approval prior to or concurrent with the PDP/PSP of the first unit or phase within the development. Approval of the detailed description of the overall transit-accommodations plan is subject to Pasco County Public Transportation review and approval in accordance with the Pasco County Public Transportation *Transit Infrastructure Guidelines* (June 2005), as may be amended from time to time, or any subsequent ordinance adopted by Pasco County. The developers shall include and show on any PDP/PSP submittal the approved transit-accommodation facilities, which shall be constructed with the infrastructure improvements of each affected preliminary plan/preliminary site plan unless an alternative phasing of transit-accommodation-facilities construction is approved with the overall transit-accommodations plan. The applicant/developers and their successors shall not refuse the Pasco County Public Transportation, or any other transit authority, or any of its users/patrons access to such facilities.

18. All sidewalks, bike paths (not including bike lanes within the pavement of any roadway accepted by the County for maintenance), multi-use trails, and other non-vehicular pathways within the rights-of-way of any roadways within the MPUD shall not be the maintenance responsibility of the County.

Utilities/Water Service/Wastewater Disposal

19. A Master Utility Plan for the MPUD has already been approved.

20. Prior to the first construction plan/construction site plan approval for any remaining undeveloped increment the developer(s) and the County shall enter into a Utilities Service Agreement.

Stormwater

21. The MPUD has an approved Master Drainage Plan **also known as** “River Ridge Master Drainage Plan.” The developer agrees to submit general drainage plan for any undeveloped increment prior to first construction plan/construction site plan approval.

22. The applicant shall contact the SWFWMD Engineering & Watershed Management Section for the latest floodplain study information available for design.

23. At time of the first site development permit, the applicant shall comply with applicable County floodplain management requirements.

24. All passthrough drainage and the finalized 100-year floodplain shall have an access and maintenance easement over it. This easement shall be to Pasco County granting the county the right, but not the obligation to access and maintain.

25. The applicant shall verify if the proposed project is within a Basin of Special Concern. If the project lies in or partially within a Basin of Special Concern, the applicant shall comply with Basin of Special Concern criteria requirements.

Land Use

26. Land Use maximums shall be in accordance with the following Permitted Uses and Development Limits Table as shown in Table 1 below.

Table 1

Development Category	**Totals**
Single Family (du)	1,504
Villas/Townhouse (du)	32
Multi-Family (du)	807
Commercial/Retail (SF)	466,290
Office (SF)	15,000
Golf Course	
Public Service	
School Complex	

27. If a PDP/PSP for the entire River Ridge MPUD is not approved by December 31, 2030 or within six (6) years of any substantial modification for any portion of the River Ridge MPUD, whichever is later, (subject to any statutory or County-wide extensions issued subsequent to the approval), the conditions of approval for those portions of the River Ridge MPUD that do not have (unexpired) PDP/PSP approval shall expire. A new MPUD must be applied for and approved by the BCC for any such portions of the River Ridge MPUD for which the conditions of approval have expired, and the conditions of approval shall be in accordance with the Comprehensive Plan and LDC in effect at that time, including an updated Timing and Phasing Analysis as required. Additional conditions based upon the updated timing and phasing analysis may be imposed by the County. Once a certificate of occupancy is issued, the conditions of approval for that portion of the River Ridge MPUD do not expire.

28. The general dimensional standards for all residential tracts are governed by Table 1 attached hereto and incorporated by reference.

29. A minimum building setback of 35’ from the southern boundary line of increments AA, Z, WI and W2 shall be in effect.

Page 403 of 5451

30. The area within (inside) 100' of the 25 year flood level boundary may be used in calculating open space for the adjoining increment.

31. Permitted office uses shall be all PO-1 Professional Office District and PO-2 Professional Office District permitted uses as listed in the LDC in effect at the time of adoption of the 2025 substantial amendment of this MPUD.

32. Permitted commercial/retail uses for Parcels P2, G2, K2 and P3 shall be all C-1 Neighborhood Commercial District permitted uses and all C-2 General Commercial District permitted uses as listed in the LDC in effect at the time of adoption of the 2025 substantial amendment of this MPUD.

33. Permitted commercial/retail uses for Parcels I2 and G1 shall be all C-1 Neighborhood Commercial District permitted uses as listed in the LDC in effect at the time of adoption of the 2025 substantial amendment of this MPUD.

34. Commercial/Retail permitted uses for Parcel K3 shall be all C-1 Neighborhood Commercial District permitted uses and C-2 General Commercial District permitted uses as listed in the LDC in effect at time of adoption of adoption of the 2025 substantial amendement of this MPUD, including fitness centers, restaurants including drive-in and drive-through restaurants, financial institutions, banks, hotels, private schools and day cares. Notwithstanding, the following uses shall be prohibited: new or pre-owned vehicle sales or leasing; cabinet, carpentry, plumbing, electrical, mechanical, welding, machine, sheet metal, or other similar trade shops; stand-alone boat/rv storage; lumber yards; stand-alone lawn mower or small equipment sales or repairs; mortuaries, funeral homes, or crematoriums; stand-alone outdoor pottery, propane, septic tank or sod sales; shooting or archery ranges; solar power collection facility; automobile towing or collection facility. Freestanding Car Washes are subject to compliance with LDC section 1106 Car Wash Facilities Standards. Freestanding Car Washes shall require a separate conditional use approval in accordance with section 402.3 (Conditional Uses) and 1106 (Car Wash Facilities Standards).

35. Dimensional standards for office uses shall be the PO-2 Professional Office District dimensional standards.

36. Dimensional standards for commercial/retail uses on Parcels K3, P2, G2, K2 and P3 shall be the C-2 General Commercial District dimensional standards.

37. Dimensional standards for commercial/retail uses on Parcels I2 and G1 shall be all C-1 Neighborhood Commercial District dimensional standards.

38. Prior to the first non-residential PSP/PDP approval for any further development of Parcel G2 or for any development of Parcel I2, applicant/developer shall submit for review, and the PDE Director, or designee shall approve enhanced non-residential frontage design guidelines which may include guidelines for:
a. Building Orientation
b. Building Façade
c. Design Standardsd. Landscaping
e. Parking

39. Parcel P2 as shown on the approved Master Plan has a height limitation of 50 feet. Additionally, the Parcel P2 alternative parking standard approval (ALTSTD-2022-00053) on June 29, 2022 (PDD22-0450) shall remain in full force and effect.

Procedures

40. The developer(s) shall submit and obtain approval of a Substantial Modification to add uses not previously approved or to reduce open-space or preservation/conservation areas. A Substantial Modification is also required if there is a cumulative increase in density or intensity of ten percent or more in the number of average daily trips as defined by the Institute of Traffic Engineers and the Pasco County Access Management Team.

41. Unless otherwise approved by the Fire Marshal, or designee, the development shall be included into a Pasco County Municipal Fire Service Taxing Unit to provide fire protection. The developer(s) shall submit a petition for inclusion into the Pasco County Municipal Fire Service Taxing Unit at the time of record plat submission, or when no plat is required, prior to the issuance of the first Building Permit. In no case shall a Building Permit be issued until the Fire Marshal, or designee has received such a petition.

42. A PDP/PSP must be approved for an entire increment (bubble) prior to any phased construction plan/construction site plan approval. An increase in dwelling units within increments is allowed without modification to the master plan as long as there is a corresponding decrease and the total maximum number of entitlements is not increased as approved for the MPUD. A PSP must also be approved for each multiple-family (non-fee simple), recreational vehicle, or commercial increment in its entirety prior to any phased construction site plan approval.

43. PDP/PSP submittals shall include a detailed breakdown of the individual plan approvals, including the plan name and increment or phase designation as it relates to the Master Development Plan, acreage of the site, total number of units, or gross floor area ratio of commercial space which have received PDP/PSP approval, construction plan/construction site plan approval, and/or record plat approval.

44. In addition to complying with the above conditions, no further plan approvals will be granted until such time as the acknowledgment portion of the BCC approved document is completed (including notarization) and received by the PDD after the BCC action.

45. All conditions of this MPUD approval are material to the BCC approval. Accordingly, the conditions are not severable. In the event any section, subsection, sentence, clause, or provision of these conditions or the rezoning resolution is challenged and declared illegal, invalid, or in violation of any statutory or constitutional requirement by a body with jurisdiction to make such determination, the remainder of the conditions and MPUD approval shall be suspended until such time that the BCC modifies the MPUD conditions of approval to address the illegal or invalid provision, provided that such suspension shall not exceed nine months in duration. However, such determination shall not affect the validity of 1) MPUD entitlements that have received plat, Building Permit, or CO approval; or 2) any MPUD mitigation committed to or performed as of the date the determination is made, unless such approvals or mitigation are specifically declared to be illegal, invalid,

or unenforceable. Requests for BCC-approved modifications to the MPUD or the MPUD conditions of approval shall not be considered challenges and decisions by the BCC regarding any modification or the like shall not have the effect of suspending the conditions and the MPUD approval under any circumstances.

46. This MPUD contains land areas that could be construed as being zoned for commercial or mixed-use, and that have been specifically reserved in the MPUD for such uses to ensure that the project provides the benefits of mixed-use development, including but not limited to, adequate employment generation and internal capture of vehicular trips. Accordingly, the applicant/developer(s) for Parcels K3, P2, I2 and a portion of G1/G2 (Parcel No. 32-25-17-0000-00400-0040) only has/have committed to, and is/are hereby requiring, that the permitted uses for such commercial or mixed-use areas shall remain those uses required by these MPUD conditions of approval, notwithstanding any potential contrary requirements in Section 125.01055(7), Florida Statutes. This condition shall be construed as a requirement imposed by the applicant/developer(s), and not a requirement of the County, to the extent it prevents any use allowed or preempted by Section 125.01055(7), Florida Statutes. The applicant/developer(s) for Parcel K3, P2,I2 and a portion of G1/G2 (Parcel No. 32-25-17-0000-00400-0040) only agrees that the applicant/developer and any successors or assigns for Parcels K3, P2, I2 and a portion of G1/G2 (Parcel No. 32-25-17-0000-00400-0040), are not eligible for the ad valorem tax exemption in Section 196.1978(3), Florida Statutes, and further agree the applicant/developer and any successors or assigns for Parcels K3, P2, I2 and a portion of G1/G2 (Parcel No. 32-25-17-0000-00400-0040) will not apply for such an exemption for any portion of the development authorized by this approval.

47. This MPUD shall not be effective until the corresponding PD (Planned Development) Land Use Classification change is effective.

48. Upon the effective date of this MPUD, Vested Rights Application MSTRGR-2025-00011 is deemed withdrawn/moot.

TABLE 1
RIVER RIDGE GENERAL DIMENSIONAL STANDARDS FOR RESIDENTIAL TRACTS

	Tract Type as Designated on the Map H Master Development Plan	
	SF	**MF/Villa/Townhouse**
USE, AREA, AND DIMENSIONAL REGULATIONS The approved preliminary development plan or site plan for a tract shall designate the tract for development and use in conformance with the use, area, and dimensional requirements of one of the following development approaches:		
A. Single Family Detached (Rural Residential)		
1. Permitted in the following tract types:	**X**	
2. Development and use shall be in accordance with regulations for the R-1 Rural Density Residential District, in the Pasco Land Development Code, , except that minimum lot width shall be 95 feet.		
B. Single Family Detached (Medium Density Residential)		
1. Permitted in the following tract types:	**X**	
2. Development and use shall be in accordance with regulations for the R-3, Medium Density Residential District, in the Pasco Land Development Code , except that minimum lot width shall be 60 feet, front setback 20 feet and side setback 7.5 feet		
C. Single Family (Medium Density Residential)		
1. Permitted in the following tract types:	**X**	**X**
2. Development and use shall be in accordance with regulations for the R-3, Medium Density Residential District, in the Pasco Land Development Code , except that minimum front setback shall be 20-feet and side setback 7.5-feet. Narrow linear open space areas will be discouraged. The developer shall submit a concept sketch for PDE Director review and approval prior to submission of a preliminary site plan. The PDE Director shall have the authority to		

reject or recommend modification of the concept sketch.

3. Single family attached dwellings, not to exceed four dwelling units per attached grouping. Narrow linear open space areas will be discouraged. The developer shall submit a concept sketch for PDE Director review and approval prior to submission of a preliminary site plan. The PDE Director shall have the authority to reject or recommend modification of the concept sketch.

4. Accessory uses shall be in accordance with regulations for the R-3 district.

D. <u>Single Family (High Density Residential)</u>

1. Permitted in the following tract types: **X** **X**

2. Development and use shall be in accordance with regulations for the R-4, High Density Residential District, in the Pasco Land Development Code. Lots shall abut and/or have direct access to open space areas where practical. Narrow linear open space areas will be discouraged. The developer shall submit a concept sketch for PDE Director review and approval prior to submission of a preliminary site plan. The PDE Director shall have the authority to reject or recommend modification of the concept.

3. Single family attached dwellings, not to exceed four dwelling units per attached grouping. Narrow linear open space areas will be discouraged. The developer shall submit a concept sketch for PDE Director review and approval prior to submission of a preliminary site plan. The PDE Director shall have the authority to reject or recommend modification of the concept sketch.

4. Accessory uses shall be in accordance with regulations for the R4 district.

E. <u>Multi-Family/Villa/Townhome</u>

1. Permitted in the following tract types: **X**

2. Dimensional standards shall be in accordance with regulations for the MF-1, Multi-Family Medium Density District in the Pasco County Land Development Code, except that minimum front setback shall be 20 feet. Maximum height for Parcel P2 shall be as set forth in Condition 39.

RIVER RIDGE MPUD PARCELS K3, I2 and P2 PD SUBAREA POLICY

POLICY FLU 7.1.84 RIVER RIDGE MPUD PARCELS K3, I2 AND P2 PD

a. The River Ridge MPUD Parcels K3, I2 and P2 PD is identified on Future Land Use Subarea Map 2-9(84). All rezonings within the subarea shall be MPUD Master Planned Unit Development District(s) and shall be governed by the terms of this subarea policy. Any development that would exceed the level of development allowed under this subarea policy shall require an amendment to this policy, Policy FLU 7.1.84, and such amendment shall be supported by data and analysis that demonstrates adequate public facilities, services, and infrastructure are available to accommodate the proposed density and intensity of development. Such amendment shall be consistent with the Goals, Objectives, and Policies of the Comprehensive Plan, and Chapter 163, Florida Statutes.

b. The following maximum levels of development and permitted uses within River Ridge MPUD Parcels K3, I2 and P2 PD Subarea are approved.

Maximum Development Potential	
Type of Development	**Square Footage**
29-25-17-0000-00600-0000 (Parcel K3) Retail Commercial Office	125,000 Square Feet

NOTICE OF PUBLIC HEARINGS
ON A REZONING FOR PROPERTIES
LOCATED IN PASCO COUNTY

PUBLIC NOTICE is hereby given that the Pasco County Planning Commission will hold a public hearing on **Thursday, June 19, 2025, at the West Pasco Government Center, Board Room, 8731 Citizens Drive, New Port Richey, Florida, at 1:30 p.m.**, and that the Pasco County Board of County Commissioners will hold a public hearing on **Tuesday, August 19, 2025, at the West Pasco Government Center, Board Room, 8731 Citizens Drive, New Port Richey, Florida, at 1:30 p.m.**, to consider applications for a rezoning pursuant to the provisions of the Pasco County Land Development Code, Chapter 400. All hearings will be conducted at the stated time or as soon thereafter as is practical on the following application(s):

1 River Ridge Home Inc/River Ridge MPUD (RZ-7688) petition for a rezoning from a MPUD Master Planned Unit Development District to a MPUD Master Planned Unit Development District for a parcel located one and a half miles east of Little Road, south of Ridge Road and north of Decubellis Road (aka 29-25-17-0000-00600-0000 et al).

Information concerning these matters will be on file and available for examination by appointment only in the office of the Pasco County Planning, Development and Economic Growth Department, West Pasco Government Center, 8731 Citizens Drive, Suite 200, New Port Richey, Florida 34654, or anytime on our website: www.pascocountyfl.net. To make an appointment or for further information, you may call 727-847-8140. All interested parties may participate in the public hearing and be heard. To learn how to participate in this hearing virtually, which requires advance registration, please visit http://mypasco.net/meetingagendas.

Any person desiring to appeal any decision made by the Planning Commission or the Pasco County Board of County Commissioners with respect to any matter considered at any hearing will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which the appeal is to be based. Persons may obtain a verbatim record of the proceeding by contacting the Clerk and Comptroller's Office, East Pasco Government Center, 14236 6th Street, Suite 201, Dade City, Florida 33523-3414; or at (352) 521-4345.

For questions or inquiries about this meeting, members of the public can reach out to the County's Customer Service Center (727) 847-2411 or County Administration (727) 847-8115 or visit www.mypasco.net. To view the Local Planning Agency and Board of County Commissioners Agendas, please visit http://mypasco.net/meetingagendas.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact the County's Human Resources Department, Internal Services Building, 7536 State Street, New Port Richey, Florida 34654, (727) 847-8030 (V) at least 7 days before the public hearing, or immediately upon receiving this notification if the time before the public hearing is less than 7 days; if you are hearing or voice impaired, call 711.

PLANNING COMMISSION AGENDA MEMORANDUM

COMMISSION DISTRICT: All **FILE NO.:** PDE25-0287 **DATE:** 6/19/2025

SUBJECT: Pasco 2050 Comprehensive Plan Update Workshop

THRU: David Allen, Assistant County Administrator

FROM: David Engel, Director Planning, Development and Economic Growth

RECOMMENDED COMMITTEE ACTION:

No action required.

BACKGROUND:

Pasco 2050 is a major update to the existing County's Comprehensive Plan (Comp Plan)- a long-range planning tool that guides decision-making about how the County will grow over a 25-year time period. The Comp Plan outlines goals, objectives, and policies for managing growth while protecting the health, welfare, and quality of life of existing and future residents.

The Pasco 2050 update is slated for completion and adoption in December 2025. This workshop will discuss the major changes to the existing Comp Plan, which include:

- Consolidation of existing elements into themed chapters
- Consolidation of existing Future Land Use Categories
- Creation of Mixed-Use Land Use Categories
- Updated Future Land Use Map
- Edits per Florida Statutes
- Removal of outdated and completed policies
- Deletion of repetitive policies across multiple elements.
- Updates based on community engagement and advisory board participation.

FISCAL IMPACT/COST/REVENUE STATEMENT:

No fiscal impact.

PASCO COUNTY FLORIDA
OPEN SPACES. VIBRANT PLACES.

Historic Pasco County Courthouse
Historic Board Room, 2nd Floor
37918 Meridian Avenue
Dade City, FL 33525

This meeting will be broadcast live on Pasco TV, YouTube Live, Frontier Channel 42 and Spectrum Channel 643 (only for residents living in Pasco County).

All electronic devices must be turned off while in the Board Room.

The Planning Commission has final decision-making authority for Special Exceptions. Any person desiring to appeal a special exception to the Board of County Commissioners will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which the appeal is based. All other decisions by the Planning commission are in the form of a recommendation to the Board of County Commissioners and are therefore not appealable. Appeals of special exceptions are limited to the testimony and evidence in the record, which means that new testimony and evidence outside the record cannot be considered during the appeal proceeding.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact the County's Human Resources Department, Internal Services Building, 7536 State Street, New Port Richey, FL 34654, (727) 847-8030 (V) at least 7 days before the public hearing, or immediately upon receiving this notification if the time before the public hearing is less than 7 days; if you are hearing or voice impaired, call 711.

NOTICE OF PUBLIC HEARINGS ON A REZONING FOR PROPERTY LOCATED IN PASCO COUNTY

PUBLIC NOTICE is hereby given that the Pasco County Planning Commission will hold a public hearing on **Thursday, July 10, 2025, at the Historic Pasco County Courthouse, Board Room, 2nd Floor, 37918 Meridian Avenue, Dade City, Florida, at 1:30 p.m.**, and that the Pasco County Board of County Commissioners will hold a public hearing on **Tuesday, August 5, 2025, at the Historic Pasco County Courthouse, Board Room, 2nd Floor, 37918 Meridian Avenue, Dade City, Florida, at 1:30 p.m.**, to consider applications for rezoning and/or conditional use pursuant to the provisions of the Pasco County Land Development Code, Chapter 400. All hearings will be conducted at the stated time or as soon thereafter as is practical on the following application(s):

1. Thirteen State Properties LLC/One Lacoochee Center (RZ-7873) petition for a rezoning from a R-3 Medium Density Residential District, a R-4 High Density Residential District and a MF-1 Multiple-Family Medium Density District to a I-1 Light Industrial Park District for a parcel located southeast of Pine Products Road and west of Bower Road (26-23-21-0020-00P00-0070 et al).

2. THREE M REVOCABLE TRUST, JEAN MCCLAIN-MURPHY TTEE/MURPHY ROAD MPUD (RZ-7666) petition for a rezoning from a A-R Agricultural-Residential District and a R MH Mobile Home District to a MPUD Master Planned Unit Development District for a parcel located north of County Road 54 and west of Forbes Road (AKA 01-26-21-0010-00100-0000 et al).

PUBLIC NOTICE is hereby given that the Pasco County Board of County Commissioners will hold a public hearing on **Tuesday, July 15, 2025, at the Historic Pasco County Courthouse, Board Room, 2nd Floor, 37918 Meridian Avenue, Dade City, Florida, at 1:30 p.m.**, to consider applications for rezoning and/or conditional use pursuant to the provisions of the Pasco County Land Development Code, Chapter 400. All hearings will be conducted at the stated time or as soon thereafter as is practical on the following application(s):

3. James A & Cheryl L Pelletier/Powerline Road Rezone (RZ-7869) petition for a rezoning from a A-C Agricultural District and a A-R Agricultural-Residential District to a A-R Agricultural-Residential District for parcels located at the east side of Powerline Road, approximately 2,200 feet north of Frazee Hill Road (aka 15-24-21-0000-01500-0000 and 15-24-21-0000-01500-0020).

4. Swami Ayyen LLC/Wesley Chapel Professional Center (RZ-7867) petition for a rezoning from a PO-2 Professional Office District to a C-2 General Commercial District for a parcel located at the southeast corner of the intersection of State Road 54 and Veridian Way (aka 09-26-20-0000-00600-0040).

Information concerning these matters will be on file and available for examination by appointment only in the office of the Pasco County Planning, Development and Economic Growth Department, West Pasco Government Center, 8731 Citizens Drive, Suite 200, New Port Richey, Florida 34654, or anytime on our website: www.pascocountyfl.net. To make an appointment or for further information, you may call 727-847-8140. All interested parties may participate in the public hearing and be heard. To learn how to participate in this hearing virtually, which requires advance registration, please visit http://mypasco.net/meetingagendas.

Any person desiring to appeal any decision made by the Planning Commission or the Pasco County Board of County Commissioners with respect to any matter considered at any hearing will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which the appeal is to be based. Persons may obtain a verbatim record of the proceeding by contacting the Clerk and Comptroller's Office, East Pasco Government Center, 14236 6th Street, Suite 201, Dade City, Florida 33523-3414; or at (352) 521-4345.

For questions or inquiries about this meeting, members of the public can reach out to the County's Customer Service Center (727) 847-2411 or County Administration (727) 847-8115 or visit www.mypasco.net. To view the Local Planning Agency and Board of County Commissioners Agendas, please visit http://mypasco.net/meetingagendas.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact the County's Human Resources Department, Internal Services Building, 7536 State Street, New Port Richey, Florida 34654, (727) 847-8030 (V) at least 7 days before the public hearing, or immediately upon receiving this notification if the time before the public hearing is less than 7 days; if you are hearing or voice impaired, call 711.

MY COMMISSION # HH 288099
EXPIRES: July 14, 2026

guidepubno(DH)

-4-

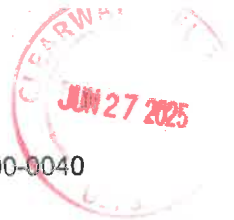
Dear Property Owner:

This is to notify you that Petition No. RZ-7873 has been filed in the name of Thirteen State Properties LLC/One Lacoochee Center for a change in zoning from a R-3 Medium Density Residential District, a R-4 High Density Residential District, and a MF-1 Multiple-Family Medium Density District to an I-1 Light Industrial Park District.

The parcel of land is located southeast of Pine Products Road and west of Bower Road (Parcel I.D. No.: 26-23-21-0020-00P00-0070 et al.), containing approximately 9.85 acres.

Public hearings for the consideration of this application will be held:

Planning Commission	**07/10/25***	**Historic Pasco County Courthouse* 2nd Floor, Board Room 37918 Meridian Avenue Dade City, FL 33525**	**1:30 p.m.**
Board of County Commissioners	**08/05/25***	**Historic Pasco County Courthouse* 2nd Floor, Board Room 37918 Meridian Avenue Dade City, FL 33525**	**1:30 p.m.**



Dates and locations are subject to change based on continuances, please contact the Planning, Development and Economic Growth Department, at 727-847-8142.

If you are in opposition to the above-stated application, you will need competent, substantial evidence presented to support your opposition.

Any person desiring to appeal any decision made by the Planning Commission or Board of County Commissioners with respect to any matter considered at any meeting or hearing will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which the appeal is based.

On occasion, applications may be continued. It is your responsibility to contact this office to confirm the above-scheduled public hearing dates. If you desire any additional information concerning this application, please contact the Pasco County Planning and Economic Growth Development.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact either the Pasco County Customer Service Center, 8731 Citizens Drive, New Port Richey, FL 34654, (727) 847-2411 (V) or the Pasco County Risk Management Office, 7536 State Street, New Port Richey, FL 34654, (727) 847-8028 (V) at least 7 days before the public hearing, or immediately upon receiving this notification if the time before the public hearing is less than 7 days; if you are hearing or voice impaired, call 711.

Tampa Bay Times

Published Daily

STATE OF FLORIDA} ss
COUNTY OF HERNANDO, CITRUS, PASCO,
PINELLAS, HILLSBOROUGH County

Before the undersigned authority personally appeared Deirdre Bonett who on oath says that he/she is a Legal Advertising Representative of the Tampa Bay Times a daily newspaper printed in St. Petersburg, in Hernando, Citrus, Pasco, Pinellas, Hillsborough County, Florida that the attached copy of advertisement being a Legal Notice in the matter PDD25-34 was published in said newspaper by print in the issues of 05/07/25 or by publication on the newspaper's website, if authorized.

Affiant further says that the website or newspaper complies with all legal requirements for publication in chapter 50, Florida Statutes. Affiant further says the said Tampa Bay Times is a newspaper published in Hernando, Citrus, Pasco, Pinellas, Hillsborough County, Florida and that the said newspaper has heretofore been continuously published in said Hernando, Citrus, Pasco, Pinellas, Hillsborough County, Florida each day and has been entered as a second class mail matter at the post office in said Hernando, Citrus, Pasco, Pinellas, Hillsborough County, Florida for a period of one year next preceding the first publication of the attached copy of advertisement, and affiant further says that he/she neither paid nor promised any person, firm or corporation any discount, rebate, commission or refund for the purpose of securing this advertisement for publication in the said newspaper.

NOTICE OF PUBLIC HEARING ON A DEVELOPMENT AGREEMENT FOR PASCO COUNTY

PUBLIC NOTICE is hereby given that the Pasadena Hills Planning and Policy Committee will hold a public hearing **on Wednesday, May 21, 2025, at 1:30 p.m., at the Historic Pasco County Courthouse, Board Room, 2nd Floor, 37918 Meridian Avenue, Dade City, Florida**, the Pasco County Planning Commission, convened as the Local Planning Agency will hold a public hearing on **Thursday, June 5, 2025, at 1:30 p.m., at the Historic Pasco County Courthouse, Board Room, 2nd Floor, 37918 Meridian Avenue, Dade City, Florida**, and that the Pasco County Board of County Commissioners will hold a public hearing on **Tuesday, July 15, 2025, at 1:30 p.m., at the Historic Pasco County Courthouse, Board Room, 2nd Floor, 37918 Meridian Avenue, Dade City, Florida.** The proposed development agreement between Pasco County and HOMES BY WEST BAY LLC sets for the terms and conditions of development approval with respect to the Local Government Development Agreement for Zoning Amendment PDE25-0202 and will be considered at the stated time or as soon thereafter as possible.

The property subject to this development agreement is located on the south side of and abutting the future Tyndall Road, north of and abutting the future Kiefer Road and Curley Road: contains the following parcel 24-25-20-0000-00100-0000.

Information concerning these matters will be on file and available for examination by appointment only in the office of the Pasco County Planning, Development and Economic Growth Department, West Pasco Government Center, 8731 Citizens Drive, Suite 200, New Port Richey, Florida 34654, or anytime on our website: www.pascocountyfl.net. To make an appointment or for further information, you may call 727-847-8140. All interested parties may participate in the public hearing and be heard. To learn how to participate in this hearing virtually, which requires advance registration, please visit http://mypasco.net/meetingagendas.

Any person desiring to appeal any decision made by the Planning Commission or the Pasco County Board of County Commissioners with respect to any matter considered at any hearing will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which the appeal is to be based. Persons may obtain a verbatim record of the proceeding by contacting the Clerk and Comptroller's Office, East Pasco Government Center, 14236 6th Street, Suite 201, Dade City, Florida 33523-3414; or at (352) 521-4345.

For questions or inquiries about this meeting, members of the public can reach out to the County's Customer Service Center (727) 847-2411 or County Administration (727) 847-8115 or visit www.mypasco.net. To view the Local Planning Agency and Board of County Commissioners Agendas, please visit http://mypasco.net/meetingagendas.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact the County's Human Resources Department, Internal Services Building, 7536 State Street, New Port Richey, Florida 34654, (727) 847-8030 (V) at least 7 days before the public hearing, or immediately upon receiving this notification if the time before the public hearing is less than 7 days; if you are hearing or voice impaired, call 711.

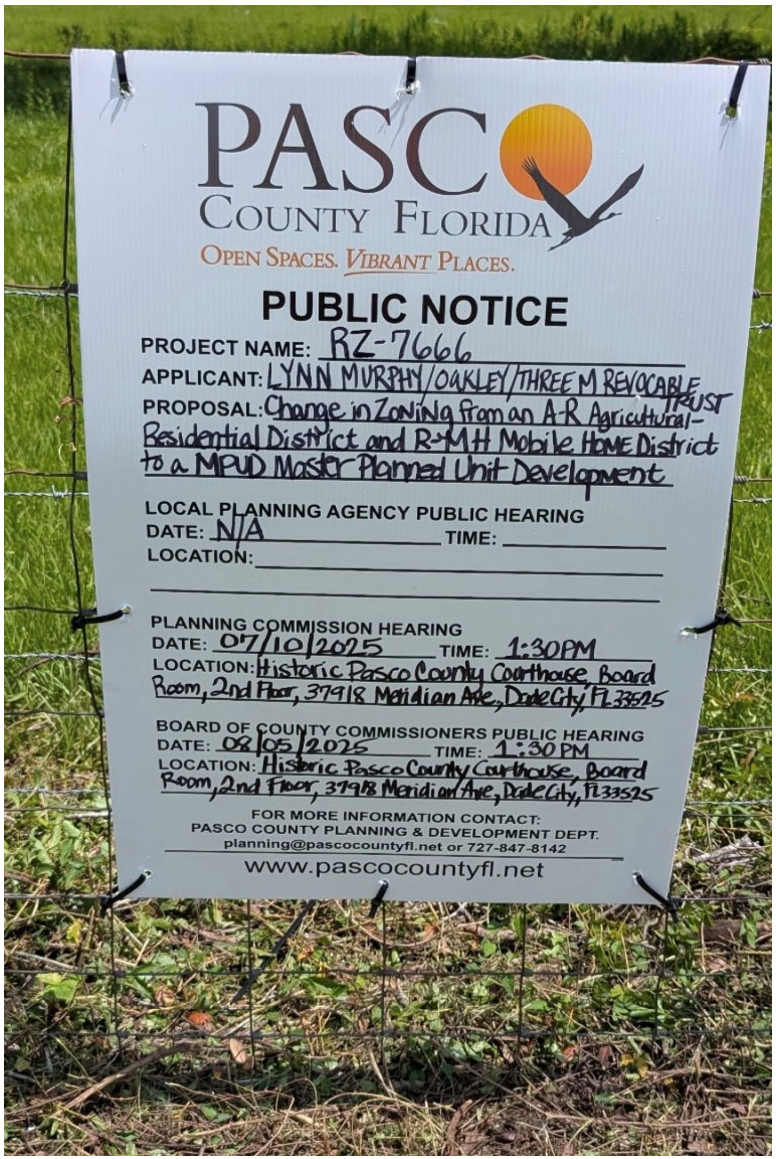
Dear Property Owner:

This is to notify you that Petition No. RZ-7666 has been filed in the name of Three M Revocable Trust / Lynn Murphy Oakley, et al. for a change in zoning from A-R Agricultural - Residential District and R-MH Mobile Home District to a MPUD Master Planned Unit Development District.

The parcels of land are north of County Road 54 and west of Forbes Road (Parcel I.D. Nos.: 01-26-21-0010-00100-0000; 01-26-21-0010-00200-0000; 01-26-21-0010-00300-0000; 01-26-21-0010-01400-0000; 01-26-21-0000-04900-0010; 36-25-21-0000-00200-0000; 36-25-21-0010-12800-0010) containing approximately 120.71 acres, more or less.

Public hearings for the consideration of this application will be held:

Planning Commission	**07/10/2025**	**Historic Pasco County Courthouse 2nd Floor, Board Room 37918 Meridian Avenue Dade City, FL 33525**	**1:30 p.m.**
Board of County Commissioners	**08/05/2025**	**Historic Pasco County Courthouse 2nd Floor, Board Room 37918 Meridian Avenue Dade City, FL 33525**	**1:30 p.m.**



If you are in opposition to the above-stated application, you will need competent, substantial evidence presented to support your opposition.

Any person desiring to appeal any decision made by the Planning Commission or Board of County Commissioners with respect to any matter considered at any meeting or hearing will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which the appeal is based.

On occasion, applications may be continued. It is your responsibility to contact this office to confirm the above-scheduled public hearing dates. If you desire any additional information concerning this application, please contact the Pasco County Planning and Development Department.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact either the Pasco County Customer Service Center, 8731 Citizens Drive, New Port Richey, FL 34654, (727) 847-2411 (V) or the Pasco County Risk Management Office, 7536 State Street, New Port Richey, FL 34654, (727) 847-8028 (V) at least 7 days before the public hearing, or immediately upon receiving this notification if the time before the public hearing is less than 7 days; if you are hearing or voice impaired, call 711.

1:30 PM

PASCO COUNTY FLORIDA
OPEN SPACES. VIBRANT PLACES.

Historic Pasco County Courthouse
Historic Board Room, 2nd Floor
37918 Meridian Avenue
Dade City, FL 33525

This meeting will be broadcast live on Pasco TV, YouTube Live, Frontier Channel 42 and Spectrum Channel 643 (only for residents living in Pasco County).

All electronic devices must be turned off while in the Board Room.

The Planning Commission has final decision-making authority for Special Exceptions. Any person desiring to appeal a special exception to the Board of County Commissioners will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which the appeal is based. All other decisions by the Planning commission are in the form of a recommendation to the Board of County Commissioners and are therefore not appealable. Appeals of special exceptions are limited to the testimony and evidence in the record, which means that new testimony and evidence outside the record cannot be considered during the appeal proceeding.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact the County's Human Resources Department, Internal Services Building, 7536 State Street, New Port Richey, FL 34654, (727) 847-8030 (V) at least 7 days before the public hearing, or immediately upon receiving this notification if the time before the public hearing is less than 7 days; if you are hearing or voice impaired, call 711.

NOTICE OF PUBLIC HEARINGS ON A REZONING FOR PROPERTY LOCATED IN PASCO COUNTY

PUBLIC NOTICE is hereby given that the Pasco County Planning Commission will hold a public hearing on **Thursday, July 10, 2025, at the Historic Pasco County Courthouse, Board Room, 2nd Floor, 37918 Meridian Avenue, Dade City, Florida, at 1:30 p.m.**, and that the Pasco County Board of County Commissioners will hold a public hearing on **Tuesday, August 5, 2025, at the Historic Pasco County Courthouse, Board Room, 2nd Floor, 37918 Meridian Avenue, Dade City, Florida, at 1:30 p.m.**, to consider applications for rezoning and/or conditional use pursuant to the provisions of the Pasco County Land Development Code, Chapter 400. All hearings will be conducted at the stated time or as soon thereafter as is practical on the following application(s):

1. Thirteen State Properties LLC/One Lacoochee Center (RZ-7873) petition for a rezoning from a R-3 Medium Density Residential District, a R-4 High Density Residential District and a MF-1 Multiple-Family Medium Density District to a I-1 Light Industrial Park District for a parcel located southeast of Pine Products Road and west of Bower Road (26-23-21-0020-00P00-0070 et al).

2. THREE M REVOCABLE TRUST, JEAN MCCLAIN-MURPHY TTEE/MURPHY ROAD MPUD (RZ-7666) petition for a rezoning from a A-R Agricultural-Residential District and a R-MH Mobile Home District to a MPUD Master Planned Unit Development District for a parcel located north of County Road 54 and west of Forbes Road (AKA 01-26-21-0010-00100-0000 et al).

PUBLIC NOTICE is hereby given that the Pasco County Board of County Commissioners will hold a public hearing on **Tuesday, July 15, 2025, at the Historic Pasco County Courthouse, Board Room, 2nd Floor, 37918 Meridian Avenue, Dade City, Florida, at 1:30 p.m.,** to consider applications for rezoning and/or conditional use pursuant to the provisions of the Pasco County Land Development Code, Chapter 400. All hearings will be conducted at the stated time or as soon thereafter as is practical on the following application(s):

3. James A & Cheryl L Pelletier/Powerline Road Rezone (RZ-7869) petition for a rezoning from a A-C Agricultural District and a A-R Agricultural-Residential District to a A-R Agricultural-Residential District for parcels located at the east side of Powerline Road, approximately 2,300 feet north of Frazee Hill Road (aka 15-24-21-0000-01500-0000 and 15-24-21-0000-01500-0020).

4. Swami Ayyen LLC/Wesley Chapel Professional Center (RZ-7867) petition for a rezoning from a PO-2 Professional Office District to a C-2 General Commercial District for a parcel located at the southeast corner of the intersection of State Road 54 and Veridian Way (aka 09-26-20-0000-00600-0040).

Information concerning these matters will be on file and available for examination by appointment only in the office of the Pasco County Planning, Development and Economic Growth Department, West Pasco Government Center, 8731 Citizens Drive, Suite 200, New Port Richey, Florida 34654, or anytime on our website: www.pascocountyfl.net. To make an appointment or for further information, you may call 727-847-8140. All interested parties may participate in the public hearing and be heard. To learn how to participate in this hearing virtually, which requires advance registration, please visit http://mypasco.net/meetingagendas.

Any person desiring to appeal any decision made by the Planning Commission or the Pasco County Board of County Commissioners with respect to any matter considered at any hearing will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which the appeal is to be based. Persons may obtain a verbatim record of the proceeding by contacting the Clerk and Comptroller's Office, East Pasco Government Center, 14236 6th Street, Suite 201, Dade City, Florida 33523-3414; or at (352) 521-4345.

For questions or inquiries about this meeting, members of the public can reach out to the County's Customer Service Center (727) 847-2411 or County Administration (727) 847-8115 or visit www.mypasco.net. To view the Local Planning Agency and Board of County Commissioners Agendas, please visit http://mypasco.net/meetingagendas.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact the County's Human Resources Department, Internal Services Building, 7536 State Street, New Port Richey, Florida 34654, (727) 847-8030 (V) at least 7 days before the public hearing, or immediately upon receiving this notification if the time before the public hearing is less than 7 days; if you are hearing or voice impaired, call 711.

PLANNING COMMISSION AGENDA MEMORANDUM

COMMISSION DISTRICT: 1 **FILE NO.:** PDE25-7666 **DATE:** 7/10/2025

SUBJECT: Zoning Amendment (Consent) - Murphy Road MPUD – Oakley Pasco County Property Trust, et al.– Rezoning Request from R-MH Mobile Home District and A-R Agriculture Residential District to MPUD Master Planned Unit Development District to Allow for the Development of 672 Single Family Detached Units and Platted Townhomes and Associated Infrastructure on Approximately 118.82 Acres Located in South Eastern Pasco County

REFERENCES: All Planning Commission (PC) and Board of County Commissioner (BCC) Public Hearings at 1:30 p.m. in New Port Richey (NPR) or Dade City (DC): PC at Dade City - 7/10/2025

THRU: David Allen, Assistant County Administrator

FROM: David Engel, Director Planning, Development and Economic Growth

RECOMMENDED COMMITTEE ACTION:
Recommend approval of the rezoning request with conditions to the Board of County Commissioners.

BACKGROUND:

PROJECT OVERVIEW

Land Development Code (LDC) Section 402.2, Zoning Amendment – MPUD Master Planned Unit Development ; Section 522 – MPUD Zoning District.

Proposed is a rezoning request from an A-R Agriculture Residential Zoning District and R-MH Mobile Home Zoning District to an MPUD Master Planned Unit Development District to allow the development of 672 single family detached and platted townhome units and associated infrastructure on 118.82 acres.

The applicant is also seeking the following variations from the LDC:

LDC Section 901.6.D.11- Street Design and Dedication Requirements - The applicant is requesting not to provide an interconnection to the east to include but isn't limited to Forbes Road and the northwest to include but isn't limited to Chenkin Road.

LDC Section 901.3.B (Table)- Arterial/Collector Standards - The applicant is requesting relief from the connection spacing requirements required by this section of code.

STAFF VARIATION REQUEST(S) ANALYSIS:

LDC Section 901.6.D.11- Street Design and Dedication Requirements- There are existing residential homes which prevent an access connection to the east and to the northwest in some portions along the subject site which prevent an interconnection. Outside the existing residential dwelling units, two substandard county roads exist that abut the subject site. The first is Chenkin Road to the northwest, which exists as a 30-foot substandard road. The applicant is dedicating an additional 30 feet of ROW for Chenkin Road in the event the road is ever improved. The likelihood of Chenkin Road being

improved to County standards up to the next point of a connection to a portion of the roadway or another roadway that is up to county standards is unlikely given the amount of ROW that would need to be acquired from numerous single family properties. The second road is Forbes road to the east; this road is also a substandard road. The connection to this roadway will be made by this development if/when the Daughtery Road extension is completed as it connects to Forbes Road and Chenkin Road. This would provide this development a connection to the east and the northwest. This project is dedicating 30 feet of ROW for Forbes Road and 120 feet of ROW for the Daughtery Road extension. PDE is amenable to the applicant's request as a meaningful connection to the east would be established when the Daughtery Road extension is completed, and Chenkin Road to the northwest is substandard with ROW constraint due to the existing single family homes that use the road for access.

LDC Section 901.3.B (Table) - Arterial/Collector Standards - The applicant proposes the spacing of this project's two access points to be 600 feet instead of 660 feet required by the LDC. The applicant also proposes to reduce the spacing between Forbes Road and the eastern project access from 660 feet to 640 feet. The distance along the project's County Road 54 frontage is ± 1,250 feet. The western project driveway (f/k/a Murphy Road) is planned to be (generally) centered (at ± 24 feet width) within a 60 foot right-of-way located immediately at the western project boundary. The resulting distance between the eastern edge of the western project driveway and the eastern project boundary is ± 1,208 feet, where lessing out the eastern project driveway (at ± 24 feet width) leaves ± 1,184 feet. If split equivalently, the resulting connection spacing would be ± 592 feet in each direction (east and west from the eastern project driveway), and would thus be non-conforming in both directions. Shifting the eastern project driveway to be conforming in one direction (± 660 feet) would result in non-conforming spacing in the other direction (± 524 feet). The foregoing finds that it is mathematically impossible to achieve conforming connection spacing for the two site access driveways, as required by the LDC, given the length of the project's County Road 54 frontage. The provision of these site access turn lanes removes the conflict between decelerating/turning traffic and through traffic, thus maintaining arterial roadway capacity and travel time. Further, the magnitude of the deviation from the otherwise required 660 feet of connection spacing (i.e., 60 feet reduction to the west and 20 feet reduction to the east) is negligible and immaterial with regard to traffic operating conditions. Thus, there would be no increase in the number or severity of accidents associated with these deviations. The PDE is amenable to the applicant's request as this variation will still maintain arterial roadway capacity and travel times without increasing the number or severity of accidents. Additionally, there is no feasible engineering or construction solution that can be applied to satisfy the regulation due to the mathematical impossibility as a result of the project's limited frontage on County Road 54.

This agenda memo was prepared by: William Vermillon, Senior Planner, AICP-C, CNU-A

SITE DETAILS

The project is located in the East Market Area, on the north side of County Road 54 approximately half a mile west of the intersection of County Road 54 and Chancey Road (Parcel ID Nos.: 01 26 21 0010 00300 0000, et. al).

Commission District:	The Honorable Ronald Oakley
Project Name:	Murphy Road MPUD
Applicants' Name(s) :	Oakley Pasco County Property Trust, et al.
Current Zoning District:	A-R and R-MH
Proposed Zoning District:	MPUD

Future Land Use (FLU) Classification:	Res-6 (6 du/ga) Res-9 (9 du/ga)
Water/Sewage:	Zephyrhills/Zephyrhills
Flood Zone:	AE
Requested Entitlements:	672 SFD and Platted Townhomes
Roads/Access:	County Road 54 (Public) Future Daughtery Road Extension (Vision Public)

MPUD SURROUNDING CONDITIONS ANALYSIS

1. There are no approved MPUD's within a one-mile radius of this proposed development. The surrounding area is characterized by single family detached dwelling units and mobile home develoments. There is an existing I-1 zoning district south of this project site across County Road 54 that is currently being used as an auto salvage yard. East of this site is the CSX rail line, which begins the contemplated light industrial corridor that comprises the area east of the rail line and meanders alongside of Chancey Road down to Central State Aggregates.

SURROUNDING ZONING AND LAND USES

	Zoning District	Future Land Use (FLU)	Existing Use
North	R1-MH, A-R	Residenital-6 (6 du/ga)	Single Family Detached Units
South	R-MH, I-1, A-R	Residential-9 (9 du/ga)	Mobile Home Units, Auto Salvage
East	A-R, R-2, R-1, R1-MH	Residential-9 (9 du/ga)	Single Family Detached, CSX Rail Line
West	A-R, R-MH, R-1	Residential-9 (9 du/ga)	Mobile Home Units, Single Family Detached

PREVIOUS ZONING ACTION(S) AND BACKGROUND DETAILS

The subject site has its original 1975 zoning of A-R and R-MH.

FINDING OF FACT

1. The subject site is currently vacant aside from one single family detached dwelling unit on parcel 01 26 21 0010 00300 0000.
2. The Daughtery Road Extension (vision road) bifurcates this subject site from west to east and has a contemplated terminus at Old Lakeland Highway. This project will dedicate 80 feet of right of way (ROW) plus an additional 40 feet of ROW for this vision road. Additionally, this project will dedicate 30 feet of ROW on both Murphy Road and Chenkin Road (both of which are local roads), but will not provide connections to those roads as these properties contain existing homes and are substandard roads.
3. The City of Zephyrhills was contacted per the adopted interlocal agreement and stated that the City preferred the site to be utilized for industrial land uses. However, because of the subject site's proximity to existing single family detached dwelling units, the current

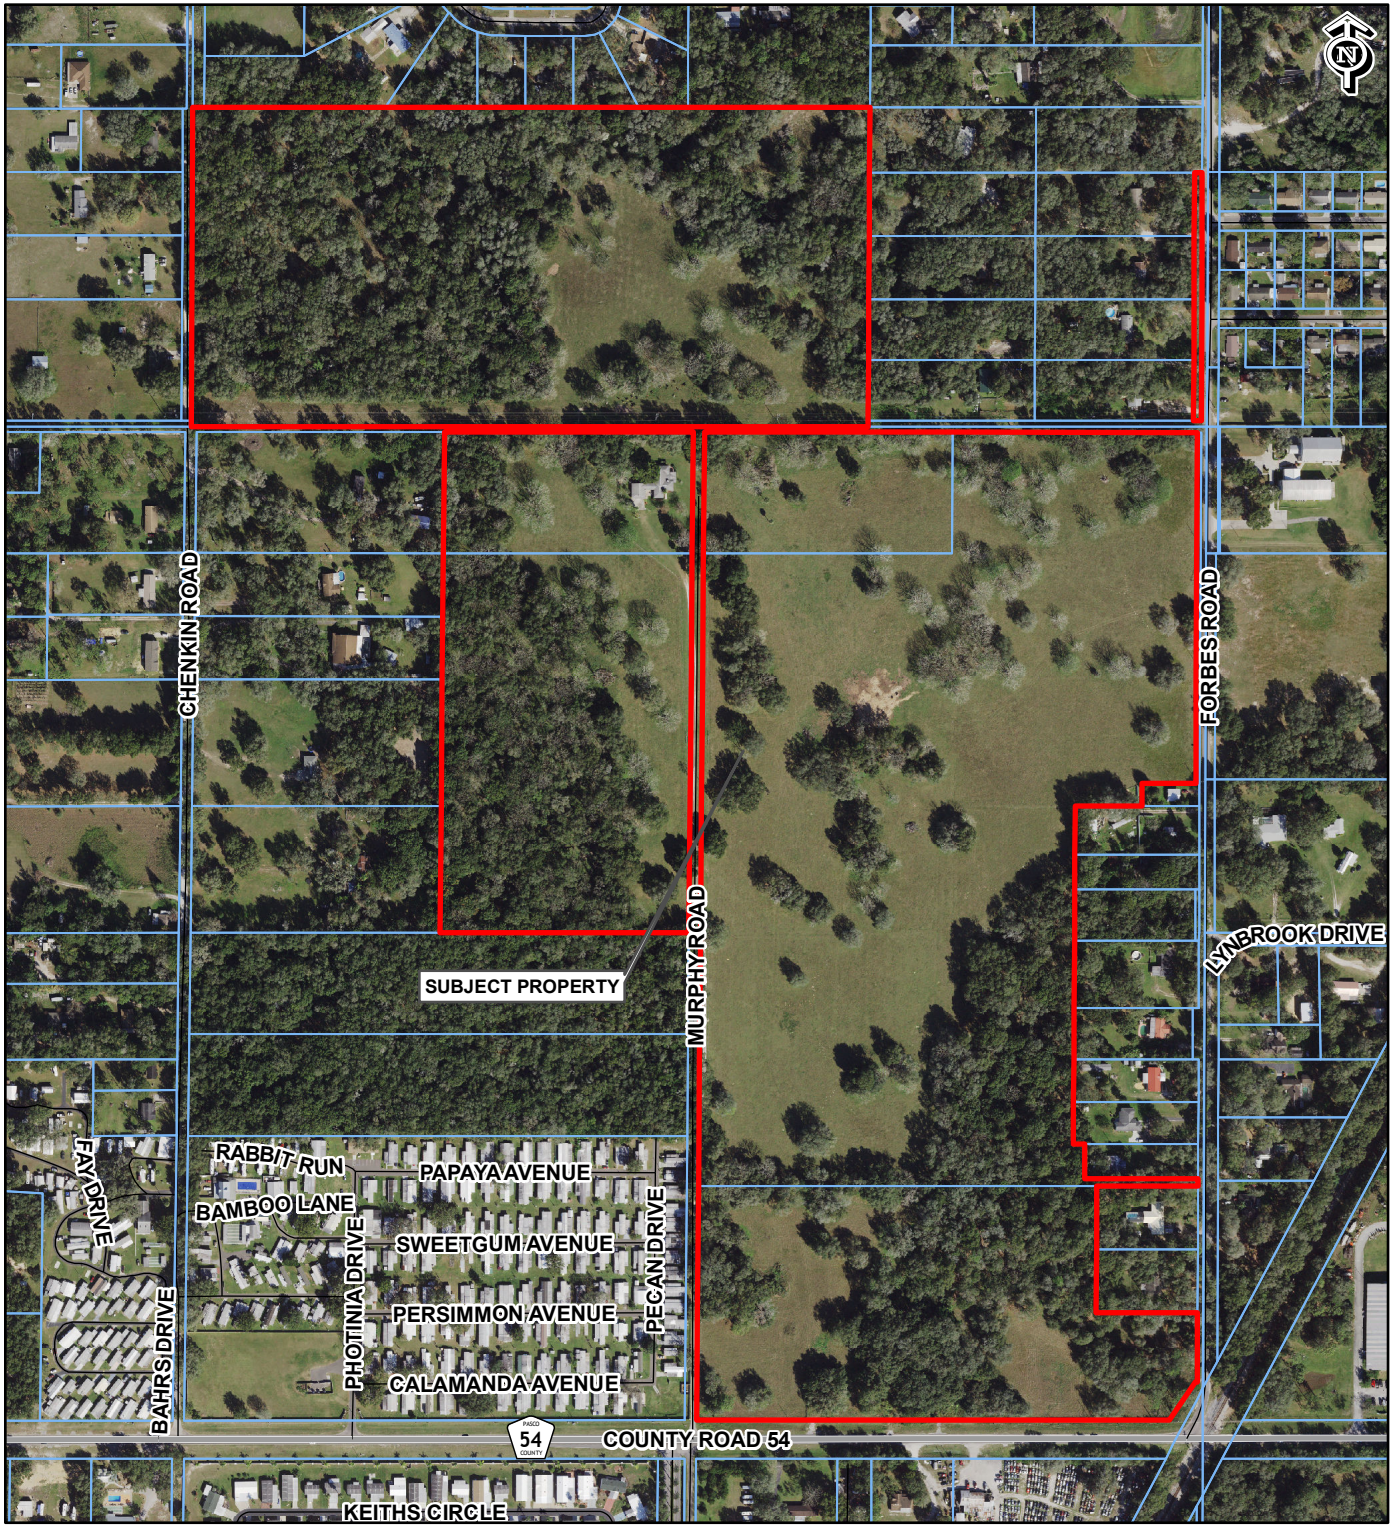
residential future land use and existing residential zoning, along with the planned industrial corridor along Chancey Road, PDE determined that the residential development being proposed is a consistent and proper land use for the area. PDE also determined that the proposed residential land use provided a consistent transition between the existing single family detached units and the industrial corridor to the east.

4. This project was submitted for review by PDE prior to the effective date of PM-26. The applicant agreed with staff that the only variation from PM-26 would be the 40-foot single family detached product (which still may not exceed the 50 percent threshold of the total dwelling units in the development) and the applicable five-foot side yard set back.
5. LDC Section 402.2.C.8 specifies that variations from this Code may be reviewed and approved by the PC and BCC during the public hearing held on any application for an MPUD zoning amendment and the BCC finds, in the particular case, that the proposed variation(s) meet(s) or exceed(s) the intent of the Code. The Planning, Development and Economic Growth Department (PDE) has reviewed the requested variation(s) and finds that they meet the intent of the LDC as noted.
6. The proposed request is consistent with the Pasco County LDC, Chapter 400, Subsection 402.2 Zoning Amendment - MPUD Master Planned Unit Development, and with the applicable provisions of the Pasco County Comprehensive Plan.

PRELIMINARY FEASIBILITY ANALYSIS

A preliminary feasibility analysis was conducted by the PDE. The following assessments/comments/conditions are derived from the various County departments and other agencies.

1. Timing and Phasing (T&P) and/or Substandard Road Analysis (SSRA):The PDE Transportation Planner is in agreement with the conditions as attached hereto.
2. Pasco County Utilities (PCU): It is anticipated that utilities will be provided from the City of Zephyrhills (the “City”) based on the existing service area for the City, but applicant/developer acknowledges that the City does not presently have potable water capacity to provide potable water service for the MPUD. If the City does provide utilities services to the MPUD, Applicant/developer shall enter into a Utility Service Agreement with the City for the same prior to the first construction plan approval for a non-model residential unit in the MPUD. If the City does not provide utility services to the MPUD, the County may elect to provide service to the MPUD and, in such an event, Condition Nos. 29-32 shall apply as attached hereto. In such an event, the developer(s) shall construct all water and wastewater facilities within the development to current County standards. A complete set of instructions may be obtained from the Utilities Services Branch. In addition to the on-site utility improvements, if the County elects to provide service, the applicant/developer shall construct off-site water and sewer lines and facilities to serve the MPUD from the MPUD to the County’s present utilities located at S.R. 39 and Chancey Road, on Eiland Blvd., or such other location as is acceptable to Pasco County Utilities.
3. Pasco Sheriff’s Office (PSO): The PSO provided no comments on this project.
4. Fire: Fire Services had no concerns with this project.
5. Emergency Management: The Emergency Management department had no concerns with this project.
6. School District: This development will be subject to school impact fees and a school concurrency review. Any project that exceeds the adopted Level of Service will be required to mitigate the impacts that are created by the development.



7. Parks, Recreation, and Natural Resources (PRNR): PRNR is in agreement with the conditions as attached hereto.

FISCAL IMPACT/COST/REVENUE STATEMENT:

Funding is not required for this action.

DESCRIPTION: (As Prepared by GeoPoint Surveying Inc.)

Parcel 1
A portion of Tracts 1, 2, 15 through 18, 31, through 34, 47, through 50, 63 and 64 of Section 1, Township 26 South, Range 21 East, of ZEPHYRHILLS COLONY COMPANY, according to the map thereof as recorded in Plat Book 1, Page 55 of the public records of Pasco County, Florida, and being more particularly described as follows:

COMMENCE at the Northeast corner of Northeast 1/4 of said Section 1, run thence along the East boundary of said Northeast 1/4, S.00°13'56"W., a distance of 15.00 feet to the Easterly extension of the Northerly boundary of said Tract 1; thence along said Easterly extension and said North boundary of Tract 1, N.89°58'33"W., a distance of 25.00 feet; to the Northwest corner of the East 10 feet of said Tract 1, said point also being the **POINT OF BEGINNING**; thence along the West boundary of said East 10.00 feet, S.00°13'56"W., a distance of 913.41 feet to the North boundary of the South 60 feet of Tract 17; thence along said North boundary, N.89°59'43"W., a distance of 140.00 feet to the West boundary of the East 150.00 feet of Tract 17; thence along said West boundary S.00°13'56"W., a distance of 60.00 feet to the North boundary of said Tract 32; thence along said North boundary, N.89°59'43"W., a distance of 174.38 feet to the West boundary of the East 1/2 of Tract 32; thence along said West boundary, S.00°16'53"W., a distance of 126.00 feet to the South boundary of the North 126.00 feet of said Tract 32; thence along said South boundary, N.89°59'43"W., a distance of 5.51 feet to the West boundary of the East 330.00 feet of said Tract 32; thence along said West boundary, S.00°13'56"W., a distance of 90.00 feet to the South boundary of the North 216.00 feet of said Tract 32; thence along said South boundary, S.89°59'43"E., a distance of 5.43 feet to the West boundary of the East 1/2 of said Tracts 32 and 33; thence along said West boundary, S.00°16'53"W., a distance of 308.78 feet to the North boundary of the South 133.98 feet of said Tract 33; thence along said North boundary, S.89°59'05"W., a distance of 5.17 feet to the West boundary of the East 330.00 feet of said Tracts 33 and 48; thence along said West boundary, S.00°13'56"W., a distance of 353.98 feet to the South boundary of the North 220.00 feet of said Tract 48; thence along said South boundary, N.89°59'05"E., a distance of 30.00 feet to the West boundary of the East 300.00 feet of said Tract 48; thence along said West boundary, S.00°13'56"W., a distance of 90.00 feet to the South boundary of the North 310.00 feet of said Tract 48; thence along said South boundary, N.89°59'05"E., a distance of 300.00 feet to the East boundary of said Tract 48; thence along said East boundary, S.00°13'56"W., a distance of 19.18 feet to the Northeast corner of said Tract 49; thence along said North boundary, S.89°58'17"W., a distance of 264.00 feet to the West boundary of the East 264.00 feet of said Tract 49; thence along said West boundary, S.00°13'56"W., a distance of 329.24 feet to the North boundary of said Tract 64; thence along said North boundary, N.89°57'29"E., a distance of 264.00 feet to the East boundary of said Tract 64; thence along said East boundary, S.00°13'56"W., a distance of 179.74 feet to the North Right-of-Way of the lands described in Official Records Book 175, Page 222; thence along said North Right-of-Way of said lands described in Official Records Book 175, Page 222 and Official Records Book 175, Page 226 the following three (3) courses: (1) N.89°29'15"W., a distance of 4.64 feet; (2) S.33°12'49"W., a distance of 119.00 feet; (3) S.89°56'12"W., a distance of 1236.37 feet to the West boundary of said Tracts 2, 15, 18, 31, 34, 47, 50 and 63; thence along said West boundary, N.00°31'57"E., a distance of 2571.68 feet to the Northwest corner of said Tract 2; thence along the North boundary of said Tracts 1 and 2, S.89°58'33"E., a distance of 1282.30 feet to the **POINT OF BEGINNING**.

Containing 66.940 acres, more or less.

TOGETHER WITH

Parcel 2
A parcel of land lying in the Southeast 1/4 of Section 36, Township 25 South, Range 21 East, Pasco County, Florida, and being more particularly described as follows:

COMMENCE at the Southeast corner of said Section 36, run thence along the South boundary of said Section 36, N.89°58'33"W., a distance of 880.60 feet to the Southerly extension of the West boundary of Tracts 112, 113 and 128 of said Section 36 of ZEPHYRHILLS COLONY COMPANY, according to the map thereof as recorded in Plat Book 2, Page 6 of the public records of Pasco County, Florida; thence along said Southerly extension and the West boundary of said Tracts 112, 113 and 128, N.00°11'23"E., a distance of 25.00 feet to the North boundary of the South 25.00 feet of said Southeast 1/4, said point also being the **POINT OF BEGINNING**; thence along said North boundary, N.89°58'33"W., a distance of 1734.84 feet to the East boundary of the West 30.00 feet of said Southeast 1/4; thence along said East boundary, N.00°13'54"E., a distance of 807.36 feet to the Southwest corner of PRETTY POND ACRES, according to the plat thereof as recorded in Plat Book 37, Pages 58 through 60 of the public records of said county; thence along the South and East boundary of said PRETTY POND ACRES the following two (2) courses: (1) S.89°59'19"E., a distance of 1259.82 feet; (2) N.00°14'15"E., a distance of 0.24 feet to the South boundary of the lands described in Official Records Book 7620, Page 1767; thence along said South boundary, S.89°58'17"E., a distance of 474.42 feet to the aforesaid West boundary of Tracts 112, 113 and 128; thence along said West boundary, S.00°11'23"W., a distance of 807.84 feet to the **POINT OF BEGINNING**.

Containing 32.158 acres, more or less.

TOGETHER WITH

Parcel 3
Tracts 3, 14, 19 and 30 of Section 1, Township 26 South, Range 21 East, of ZEPHYRHILLS COLONY COMPANY, according to the map thereof as recorded in Plat Book 1, Page 55 of the public records of Pasco County, Florida, and being more particularly described as follows:

BEGIN at the Northeast corner of said Tract 3, thence along the East boundary of Tracts 3, 14, 19 and 30, S.00°31'57"W., a distance of 1303.53 feet to the Southeast corner of said Tract 30; thence along the South boundary of Tract 30, S.89°59'53"W., a distance of 650.85 feet to the Southwest corner of Tract 30; thence along the West boundary of Tracts 3, 14, 19 and 30, N.00°41'35"E., a distance of 1303.87 feet to the Northwest corner of said Tract 3; thence along the North boundary of said Tract 3, S.89°58'33"E., a distance of 647.19 feet to the **POINT OF BEGINNING**.

Containing 19.423 acres, more or less.

TOGETHER WITH

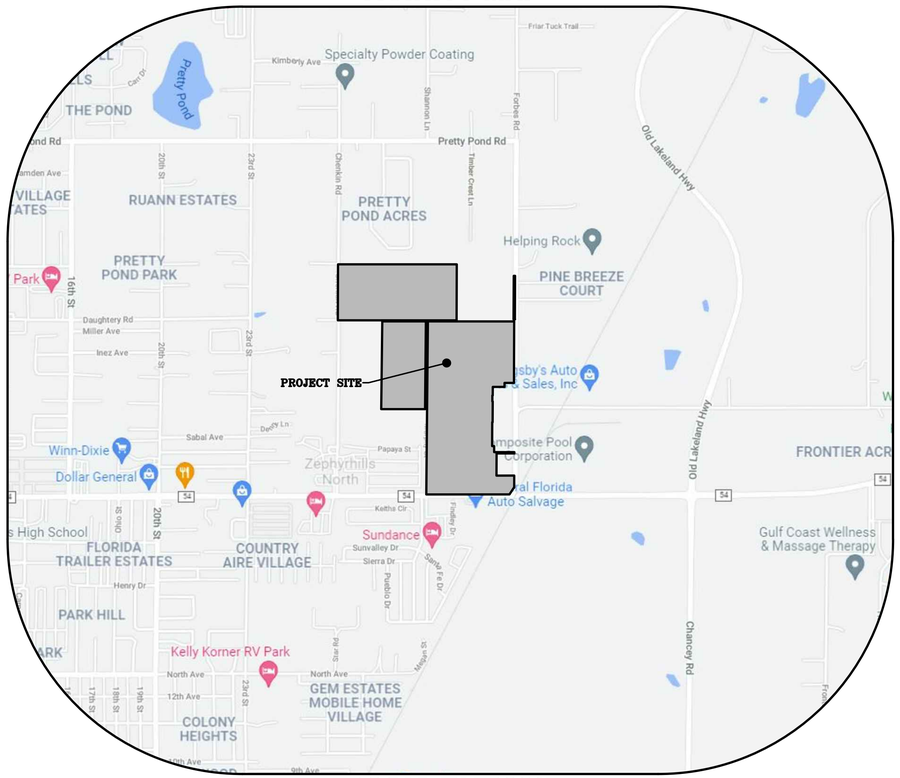
Parcel 4

A portion of Tracts 113 and 128 of Section 36, Township 25 South, Range 21 East, of ZEPHYRHILLS COLONY COMPANY, according to the map thereof as recorded in Plat Book 2, Page 6 of the public records of Pasco County, Florida, and being more particularly described as follows:

BEGIN at the Southeast corner of said Tract 128, run thence along the South boundary of said Tract 128, N.89°58'33"W., a distance of 20.00 feet to the West boundary of the East 20.00 feet of said Tracts 113 and 128; thence along said West boundary, N.00°17'23"E., a distance of 647.31 feet to the North boundary of said Tract 113; thence along said North boundary, S.89°58'18"E., a distance of 20.00 feet to the East boundary of said Tracts 113 and 128; thence along said East boundary, S.00°17'23"W., a distance of 647.31 feet to the **POINT OF BEGINNING**.

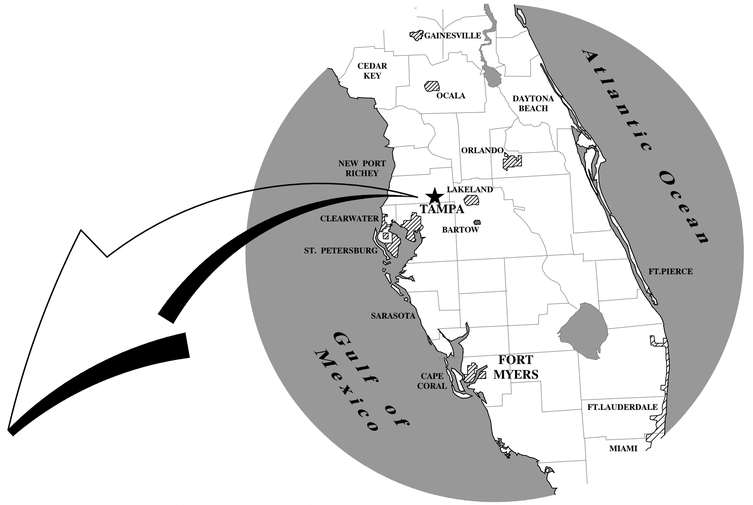
Containing 0.294 acres, more or less.

The above described 4 Parcels contains 118.815 acres, more or less.



DESCRIPTION: Commitment Number 1116387, November 23, 2021

Tracts 1, 15, 16, 17, 18, 31, 32, 33, 34, 47 and 48, ZEPHYRHILLS COLONY COMPANY, in Section 1, Township 26 South, Range 21 East, according to the map or plat thereof as recorded in Plat Book 1, Page 55, Public Records of Pasco County, Florida. Less and Except road right-of-way; Less and Except the South 60 feet of the East 150 feet of Tract 17; Less and Except the East ½ of Tracts 32 and 33; Less and Except the North 220 feet of the East 330 of Tract 48; Less and Except the South 90 feet of the North 310 feet of the East 300 feet of Tract 48; Less and Except the East 10 feet of Tracts 1, 16 and 17; Less and Except the South 60 feet of Tract 17. (Parcel # 01-26-21-0010-0000)
And
Tract 3, ZEPHYRHILLS COLONY COMPANY, in Section 1, Township 26 South, Range 21 East, according to the map or plat thereof as recorded in Plat Book 1, Page 55, Public Records of Pasco County, Florida. (Parcel # 01-26-21-0010-00300-0000)
And
Tracts 14, 19 and 30, ZEPHYRHILLS COLONY COMPANY, in Section 1, Township 26 South, Range 21 East, according to the map or plat thereof as recorded in Plat Book 1, Page 55, Public Records of Pasco County, Florida. (Parcel 01-26-21-0010-01400-0000)
And
Commence at the Southeast corner of Section 36, Township 25 South, Range 21 East, Pasco County, Florida, thence West 880.00 feet for the Point of Beginning; thence West 1751.18 feet to the East line of Chenkins Road, thence North along the East line of Chenkins Road 823.75 feet, thence S. 89°58'17"E., 1751.18 feet, thence South 823.75 feet to the Point of Beginning. (Parcel 36-25-21-0000-00200-0000)
And
The East 20 feet of Tracts 113 and 128, ZEPHYRHILLS COLONY COMPANY, in Section 36, Township 25 South, Range 21 East, according to the map or plat thereof as recorded in Plat Book 2, Page 6, Public Records of Pasco County, Florida. (Parcel 36-25-21-0010-12800-0010)
And
Tract 2, ZEPHYRHILLS COLONY COMPANY, in Section 1, Township 26 South, Range 21 East, according to the map or plat thereof as recorded in Plat Book 1, Page 55, Public Records of Pasco County, Florida. Less road right-of-way. (Parcel 01-26-21-0010-00200-0000)



DESCRIPTION: Commitment Number 1116397, July 12, 2021

Tract 49, LESS the East 264.00 feet thereof; Tract 50; Tracts 63 and 64, LESS AND EXCEPT that portion deeded to the State for road right-of-way of State Road 54, as recorded in O.R. Book 175, Page 222 and O.R. Book 175, Page 226, Public Records of Pasco County, Florida, and LESS AND EXCEPT that portion of Tracts 63 and 64, lying within 50.00 feet of the centerline of County Road 54 (formerly State Road 54); ZEPHYRHILLS COLONY COMPANY lands, in Section 1, Township 26 South, Range 21 East, as recorded in Plat Book 1, Page 55, Public Records of Pasco County, Florida.

Item 13: Rights of the lessees under unrecorded leases. ***Not a Matter of Survey.***

SCHEDULE B - SECTION II: Commitment Number 1116397, July 12, 2021

Item 1 - 4: ***Not a Matter of Survey*****.**

Item 5: All matters contained on the Plat of ZEPHYRHILLS COLONY COMPANY, as recorded in Plat Book 1, Page 55, Public Records of Pasco County, Florida. ***Affects as shown hereon.***

Item 6 - 8: ***Not a Matter of Survey*****.**

SURVEYOR'S NOTES:

1) Easements, rights-of-ways, set back lines, reservations, agreements and other similar matters taken from Old Republic National Insurance Company Commitment for Title Insurance, File Number: 1116397 with an effective date of July 22, 2021, and issued by Straughn & Turner P.A and from Old Republic National Insurance Company Commitment for Title Insurance, File Number: 1116387 with an effective date of November 23, 2021, and issued by Straughn & Turner P.A.
2) This survey is limited to above ground visible improvements along and near the boundary lines, except as shown hereon, and that nothing below the ground was located including, but not limited to foundations (footings), utilities, etc.
3) Bearings shown hereon are based on the North Right of Way of State Road 54, having a Grid bearing of S.89°56'12"W. The Grid Bearings as shown hereon refer to the State Plane Coordinate System, North American Horizontal Datum of 1983 (NAD 83-2011 Adjustment) for the West Zone of Florida.
4) This survey is intended to be displayed at 1" = 200' or smaller.
5) All dimensions, unless otherwise noted, are survey dimensions.
6) Additions or Deletions to survey maps or reports by other than the signing party or parties is prohibited without the written consent of the signing party or parties.
7) The subject parcel lies in Flood Zone "AE" and "X", according to Flood Insurance Rate Map, Map No. 12101C0293F for Pasco County, Community No. 120230, Pasco County, Florida, dated September 26, 2014 and issued by the Federal Emergency Management Agency. Lines shown, if any, have been digitally translated from DFIRM database information supplied by the FEMA Map Service Center (https://msc.fema.gov).
8) Elevations shown hereon are based on the National Geodetic Survey Benchmark "AL7940", having a published elevation of 83.82 feet, relative to the North American Vertical Datum of 1988 (NAVD 88).
9) Use of this survey for purposes other than intended, without written authorization, will be at the user's sole risk and without liability to the surveyor. Nothing hereon shall be construed to give any rights or benefits to anyone other than those certified to.

MURPHY ROAD MPUD
MASTER PLANNED UNIT DEVELOPMENT
CONDITIONS OF APPROVAL
REZONING PETITION NO. RZ-7666

Master Development Plans

1. Development shall be in accordance with the plans and information submitted July 2025; the Land Development Code (LDC); and the Comprehensive Plan unless otherwise stipulated or modified herein.

Environmental

2. If during construction activities any evidence of the presence of State or Federally protected plant and/or animal species is discovered, Pasco County and applicable agencies shall be notified within two working days of the plant and/or animal species found on the site. All work in the affected area shall come to an immediate stop until all pertinent permits have been obtained, agency written authorization to commence activities has been given, or unless compliance with state and federal guidelines can be demonstrated.

3. The applicant shall provide a 100% gopher tortoise burrow survey conducted according to FFWCC guidelines, the FFWCC gopher tortoise relocation permit and FFWCC accepted after action report prior to commencement of development (which is evidenced by the issuance of site development permit or placard.) If site construction does not commence within 90 days from the date of the most recent 100% gopher tortoise survey or capture activities, a new gopher tortoise burrow survey must be completed to ensure gopher tortoises have not moved in and, if found, a valid permit must be obtained, amended, or acted on to capture and relocate all tortoises prior to commencing any site clearing.

4. Suitable nest cavities for the Southeastern American Kestrel were observed within the project area. All suitable nest cavities shall be surveyed for kestrel activity during the breeding season (March 1 to July). All potential nesting cavities shall be identified, recorded, and clearly identified in the field. The applicant shall abide by current FFWCC permitting guidelines and provide documentation from FFWCC that they are in conformance with the guidelines prior to commencement of development (which is evidenced by the issuance of site development permit or placard.)

5. Suitable foraging habitat for the Southeastern American Kestrel was observed within the project area. The FFWCC survey window is from April through August. The applicant shall abide by current FFWCC permitting guidelines, conduct required surveys according to these guidelines, and provide documentation from FFWCC that they are in conformance with the guidelines prior to commencement of development (which is evidenced by the issuance of site development permit or placard.)

6. The upland buffer line shall be clearly field demarcated prior to any construction activities. No construction activities, including clearing, grading, or grubbing, shall occur within the

Wetland Upland Buffer unless otherwise approved by the County and as depicted on the County-approved construction plans for the project.

7. A copy of the SWFWMD Environmental Resource Permit (ERP) shall be submitted to the Pasco County project record prior to commencement of development (which is evidenced by the issuance of site development permit or placard).

Open Space/Buffering

8. The developer(s) shall create a mandatory homeowners'/property owners'/condominium owners'/merchants' association in the form of a nonprofit corporation registered with the State of Florida, Secretary of State, and/or, if approved, by the BCC or State of Florida, a Community Development District (CDD). The association(s) or District(s) shall encompass the entire boundaries of the MPUD except for any real property to be conveyed to the County or the District School Board of Pasco County (School Board). The developer(s) shall convey in fee simple to the association(s) or the CDD(s), for ownership and maintenance, open space, drainage areas, common areas, landscape areas, wetland areas, buffer areas, preservation/conservation areas, and other special-purpose areas unless the said area(s) is/are required to be dedicated to another governmental entity. Recreation areas and neighborhood parks shall be conveyed to the association(s) as well, but only to the CDD(s) if such special power, pursuant to Section 190.012(2), Florida Statutes, is consented to by the County. All such conveyances shall be for a value that does not exceed the fair market value of the land. Prior to platting the first unit or phase, homeowners'/property owners'/condominium owners'/merchants' association(s) or CDD documents, including Articles of Incorporation with proof of being filed with the State of Florida, Secretary of State, restrictive covenants, and all exhibits shall be submitted to the Survey Department for review along with copies of instruments to be used to convey in fee simple the above-mentioned areas to the said association or the CDD. Impact fee credits for improvements or dedications shall go to the association or the CDD that funded such improvements as applicable.

9. The neighborhood parks as depicted on the master plan have not been reviewed or approved for consistency with the Land Development Code (LDC), Section 905.1, Neighborhood Parks. Specific review and approval of the neighborhood parks will be conducted at PDP/PSPs submittal.

10. The developer/builder shall provide the appropriate number of trees per lot pursuant to Table 905.2-C located in the LDC. If the developer/builder is unable to provide the appropriate number of trees on the lot due to easement(s) or other constraints as determined by the County Administrator or designee, then the developer/builder may plant the tree(s) in common area(s). If trees are proposed to be moved to a location within any County rights-of-way, a Street Tree Plan submittal and review per LDC requirements will be necessary. If common area is not available, then the developer/builder shall pay into the tree mitigation fund at the rate established by resolution of the BCC (Resolution 08-284, as amended) as follows: $50.00 per inch, but not to exceed $500.00 for each residential unit, or $500.00 for each 2,000 square feet of the first floor building area for non-residential development pursuant to Section 802.3.C. of the LDC.

Transportation/Circulation

11. The timing and phasing analysis submitted by the applicant assumes the following land uses: 398 single family units and 274 townhomes. Subject to the land use exchanges permitted by the LUEM (as hereinafter defined) or otherwise herein, any development of land use(s) that generate(s) greater traffic impacts than those assumed shall require an updated Timing and Phasing Analysis utilizing a methodology approved by the County. The PC, BCC, or County Administrator or designee, may impose additional conditions on the developer based on the updated County-approved Timing and Phasing Analysis.

12. The entire project must be platted by December 31, 2030, or an updated timing and phasing analysis utilizing a methodology approved by Pasco County shall be required. Additional conditions based upon the updated timing and phasing analysis may be imposed by the County.

Access Management

13. With the exception of the Eastern Project Driveway and the Western Project Drive (both on to C.R. 54 as identified in the Timing and Phasing Analysis, both of which are fixed in location), the access points shown on the master plan are conceptual only. Permanent placement of each access point shall be determined at the time of review with the corresponding PSP/PDP and shall meet established access-management criteria. Based on the corresponding PSP/PDP, County Administrator, or designee, may impose additional conditions on the applicant/developer.

14. Prior to approval of the first record plat containing any of the following improvements, the developer shall construct or bond the following site-access improvements unless determined otherwise at the time of PDP/PSP review based on a subsequent access management analysis for the specific parcel or phase:

    Western Project Driveway on to C.R. 54:

    - 350-foot westbound right turn lane; and
    - 400-foot eastbound left turn lane.

    Eastern Project Driveway on to C.R. 54:

    - 350-foot westbound right turn lane; and
    - 400-foot eastbound left turn lane.

    With its approval of this MPUD, the County hereby approves of the spacing between the Eastern Project Driveway and the Western Project Driveway of 600 feet, and spacing between the Eastern Project Driveway to Forbes Road of 640 Feet. Any crossings of the future Daughtery Road through the MPUD shall meet the 330’ collector spacing requirement in the LDC.

15. At each PDP/PSP approval, the County Engineer, or designee, may also require site-specific internal intersection improvements. Intersection improvements shall be in accordance with the LDC and Access Management Standards as amended.

16. Unless otherwise approved by the County Administrator or designee, the portion of the MPUD lying north of Daughtery Road shall be designed such that all units in the subject area shall have access through internal streets to both proposed access points lying north of Daughtery Road.

Dedication of Right-of-Way

17. No interconnections or cross-access is required to the adjacent residential properties, Chenkin Road or Forbes Road (both local streets) from the MPUD because each of the properties contain existing homes or are substandard roadways.

18. In the case of private streets, and any amenities within those rights-of-way such as paths, trails, sidewalks, and any other non-vehicular accessways, dedication and maintenance shall be the responsibility of the mandatory homeowners'/property owners'/condominium owners'/merchants' association(s) or an appropriate entity other than the County. Pasco County will not be responsible for the maintenance of any private streets or private access amenities.

19. Subject to the provisions of the LDC, Section 901.2.I. (Transportation-Corridor Management; Dedication-Rough Proportionality), the developer(s) shall convey, at no cost to the County, 80 feet of right-of-way plus an additional 40 feet (both as shown on the MPUD Master Plan) for the future extension of Daughtery Road, and 14 feet for C.R. 54 (Pasco County Corridor Preservation Table as amended, located in the Comprehensive Plan, Transportation Element, for arterial/collector and major intersection right-of-way requirements).

In addition, the developer shall, at no cost to Pasco County, design, construct, provide, and obtain any and all permits required by any local, State, or Federal agency for appropriate and sufficient drainage/retention, wetland, and floodplain mitigation facilities on the developer's property or at another site acceptable to the County to mitigate all impacts associated with the initial and future planned roadway; i.e., in the current County Comprehensive Plan Transportation Element or Metropolitan Planning Organization Long-Range Plan, improvements of Daughtery Road or C.R. 54 within or adjacent to the boundaries of the developer's property including, but not limited to, mitigation for initial and future lanes of travel, shoulders, frontage roads, sidewalks, multimodal paths, medians, permanent slope easements (once grade of roadway is set) and other roadway appurtenances. The required drainage/retention, wetland, and floodplain mitigation facilities shall be determined at the time of stormwater-management plan review for the portion(s) of the project adjacent to Daughtery Road or C.R. 54, and this paragraph of this condition shall expire after such stormwater-management plans have been approved, unless such facilities are required pursuant to a development agreement approved pursuant to the LDC, Section 406.3. All stormwater-management plans, reports, or calculations for the developer's project shall include a detailed scope of design and permitting parameters and a signed and sealed certification that such plans, reports, or calculations comply with this condition.

20. The developer(s) shall also convey, at no cost to the County, 30 feet of right-of-way for Chenkin Road and 30 feet of right-of-way for Murphy Road, both as depicted on the MPUD Master Plan.

21. To the extent that any of the conditions of this approval constitute monetary or property exactions that are subject to *Nollan v. California Coastal Comm'n*, 483 U.S. 825 (1987), and *Dolan v. City of Tigard*, 512 U.S 374 (1994), the applicant/owner, and successors and assigns (a), agrees that there is a nexus and rough proportionality between such conditions and the impacts of this project/development, and that such conditions are necessary to ensure compliance with the criteria of the LDC and Comprehensive Plan that are applicable to this approval, and (b) waives any claims based on such conditions. This agreement/waiver was entered into voluntarily, in good faith, for valuable consideration, and with an opportunity to consult legal counsel, but does not affect the applicant/owner's ability to seek variances, administrative remedies, or modifications of the conditions of this approval through applicable processes in the LDC, and does not affect the applicant/owner's ability to bring an action pursuant to Section 70.45, Florida Statutes.

Design/Construction Specifications

22. If, during construction activities, any evidence of historic resources including, but not limited to, aboriginal or historic pottery, prehistoric stone tools, bone or shell tools, historic trash pits, or historic building foundation, are discovered, work shall come to an immediate stop, and the Florida Department of Historic Resources (State Historic Preservation Officer) and Pasco County shall be notified within two working days of the resources found on the site.

23. Prior to the first PDP/PSP submittal, the developer(s) may submit a Master Roadway Plan (MRP) to the PDE for review and approval. The plan shall include, at a minimum, right-of-way widths, roadway cross sections, number of lanes, intersection geometry, phasing, design speed, internal access points, required interconnects, and alignment for major County collector and arterial roadways within the MPUD. The plan shall also demonstrate compliance with the County's collector and arterial design and spacing standards of the LDC, Section 901.1, Transportation-Corridor Spacing. The County shall reserve the right to require specific dates or deadlines for completion of construction for any portion of these roads and intersections.

24. The developers shall comply with the County and Pasco County Public Transportation requirements to accommodate mass transit service to and within the project if service is available or planned at the time of preliminary plan/preliminary site plan approval. A detailed description of the overall transit accommodations plan shall include, but is not limited to, a proposed ingress and egress route for buses and bus stops proposed to service the project including, but not limited to, benches, shelters, lighting, pedestrian walkways, landscaping, and placement as required by the County or Pasco County Public Transportation. The developers shall submit the detailed description of the overall transit accommodations plan to PDE for review and approval prior to or concurrent with the PDP/PSP of the first unit or phase within the development. Approval of the detailed description of the overall transit-accommodations plan is subject to Pasco County Public Transportation review and approval in accordance with the Pasco County Public Transportation *Transit Infrastructure Guidelines* (June 2005), as may be amended from

time to time, or any subsequent ordinance adopted by Pasco County. The developers shall include and show on any PDP/PSP submittal the approved transit-accommodation facilities, which shall be constructed with the infrastructure improvements of each affected preliminary plan/preliminary site plan unless an alternative phasing of transit-accommodation-facilities construction is approved with the overall transit-accommodations plan. The applicant/developers and their successors shall not refuse the Pasco County Public Transportation, or any other transit authority, or any of its users/patrons access to such facilities.

25. The developer(s) may submit an overall pedestrian/bike path plan to the PDE for approval prior to approval of the first PDP/PSP, which provides a path circulation in accordance with the Pasco County LDC, as amended, or an alternative method acceptable to the PDE, and in compliance with the handicapped provisions of Section 336.045, Florida Statutes, or other applicable law. In the absence of an approved pedestrian/bike path plan, compliance with the LDC is required.

26. All sidewalks, bike paths (not including bike lanes within the pavement of any roadway accepted by the County for maintenance), multi-use trails, and other non-vehicular pathways within the rights-of-way of any roadways within the MPUD shall not be the maintenance responsibility of the County.

27. As provided in Chapter 190, Florida Statutes, and subject to the BCC's separate approval, the CDD(s) is hereby authorized to undertake the funding and construction of any of the projects, whether within or outside the boundaries of the CDD(s) that are identified within this rezoning approval. Further, any obligations of the developer contained in this approval may be assigned to a CDD, homeowners'/property owners' association, or other entity approved by the County. However, such CDD shall not be authorized to levy assessments on any property either owned or to be owned by the County or School Board (Public Properties) that are located within the boundary of the CDD. All applicable documents pertaining to the undertaking of funding and construction by the CDD shall reflect the following:

    a. Public Properties shall not be considered benefited properties and shall not be assessed by the CDD.

    b. No debt or obligation of such CDD shall constitute a burden on any Public Property.

Utilities/Water Service/Wastewater Disposal

28. It is anticipated that utilities will be provided from the City of Zephyrhills (the "City") based on the existing service area for the City, but Applicant/developer acknowledges that the City does not presently have potable water capacity to provide potable water service for the MPUD. If the City does provide utilities services to the MPUD, Applicant/developer shall enter into a Utility Service Agreement with the City for the same prior to the first construction plan approval for a non-model residential unit in the MPUD. If the City does not provide utility services to the MPUD, the County may elect to provide service to the MPUD and, in such an event, Condition Nos. 29- 32 shall apply.

29. (**NOTE: CONDITIONS NOS. 29-32 APPLY ONLY IF UTILITY SERVICES ARE PROVIDED FROM PASCO COUNTY UTILITIES**) A Master Utility Plan for the entire development shall be submitted to the Utilities Services Branch for review and approval prior to or concurrent with submittal of the first construction plan/construction site plan. This utility plan shall show, at a minimum, the following:

    a. Trunk sewer lines and lift stations.

    b. Main potable water lines and non-potable water lines, if applicable.

    c. Sewage treatment facility locations, including discussion of the proposed method of treatment and the feasibility of a non-potable water system for irrigation.

    d. Method of lighting for all nonlocal roads shall be submitted at the time of record plat submittal for each unit or phase.

    e. A Master Utility Plan shall include *AutoCAD* and PDF electronic files and hydraulic analysis for the water, wastewater, and reclaimed water systems and shall be in conformance with the Utilities Services Plan guidelines implemented by the Utilities Services Branch.

30. Prior to the first construction plan/construction site plan approval, the developer(s) and the County shall enter into a Utilities Service Agreement on terms and conditions as are acceptable to Pasco County Utilities.

31. The developer(s) shall construct all water and wastewater facilities within the development to current County standards. A complete set of instructions may be obtained from the Utilities Services Branch. In addition to the on-site utility improvements, if the County elects to provide service, Applicant/developer shall construct off-site water and sewer lines and facilities to serve the MPUD from the MPUD to the County's present utilities located at S.R. 39 and Chancey Road, on Eiland Blvd., or such other location as is acceptable to Pasco County Utilities.

32. In consideration of Pasco County's agreement to provide potable water and/or reclaimed water to the subject property, the developer(s)/owner(s) and its successors and assigns, agree to the following:

    a. In the event of production failure or shortfall by Tampa Bay Water (TBW), as set forth in Section 3.19 of the Interlocal Agreement creating TBW, and then only for so long as such a production failure or shortfall exists, the developer(s)/ owner(s) shall transfer to the County any and all Water Use Permits or water-use rights the developer(s)/owner(s) may have to use or consume surface or ground water within the subject property, provided that the same are not needed to continue any existing agricultural uses on the subject property, in which case, such transfer shall not be required as long as such agricultural uses are active.

    b. Prior to the developer(s)/owner(s) selling water, Water Use Permits, or water-use rights, the developer(s)/owner(s) shall notify Pasco County, and Pasco County

shall have a right of first refusal to purchase such water, Water Use Permits, or water-use rights.

Stormwater

33. The applicant shall contact the SWFWMD Engineering & Watershed Management Section for the latest floodplain study information available for design.

34. At the time of the first site development permit, the applicant shall comply with applicable County floodplain management requirements.

35. The developer acknowledges that the HOA and/or CDD documents shall include language to prevent the residential lots from filling below the 100-year floodplain and/or altering drainage patterns on residential lots without permitted approval from Pasco County and/or SWFWMD as applicable. The HOA and/or CDD documents shall be provided to Pasco County for review and approval at the time of plat review.

36. The applicant shall verify if the proposed project is within a Basin of Special Concern. If the project lies in or partially within a Basin of Special Concern, the applicant shall comply with Basin of Special Concern criteria requirements.

37. All pass-through drainage shall have an access and maintenance easement over it. This easement shall be to Pasco County granting the County the right, but not obligation, to access and maintain.

Land Use

38. The residential dimensional standards are as follows:

    a. Townhome

        (1) Minimum Lot Width of 18 feet

        (2) Minimum Lot Depth of 95 feet

        (3) Minimum Front-Yard Setback of 20 feet for body of building/23 Feet for garage

        (4) Minimum Side-Yard Setback of 10 feet

        (5) Minimum Corner Side-Yard Building Setback 15 feet

        (6) Minimum Rear-Yard Setback 10 feet

        (7) Minimum Rear-Yard Setback Accessory 5 feet

        (8) Maximum Height of 2 Story/35 feet

(9) Maximum Lot Coverage of 85 Percent Total – Principal and Accessory Structure (subject to compliance with greenspace, landscaping and setbacks)

(10) Townhome buildings shall be limited to 3-8 units per building

b. Single-Family Detached

(1) Minimum Lot Width of 40 feet

(2) Minimum Lot Depth of 110 feet

(3) Minimum Front-Yard Setback of 20 feet for body of building; front porches can encroach up to seven (7) feet /23 Feet for garage

(4) Minimum Side-Yard Setback of 5 feet*

(5) Minimum Corner Side-Yard Building Setback 15 feet

(6) Minimum Rear-Yard Setback of 10 feet

(7) Minimum Rear-Yard Setback Accessory 5 feet

(8) Maximum Height of 35 feet

(9) Maximum Lot Coverage of 75 Percent—Principal and Accessory Structure (subject to compliance with greenspace, landscaping and setbacks)

*Side-yard setbacks may be reduced to no less than 5 feet subject to compliance with LDC Section 902.2.K.2.b.

39. When 40-foot-wide single-family detached lots account for more than 50% of the residential units in a development (the "Threshold"), any 40-foot-wide single-family detached lots that exceed the Threshold shall be rear-loaded (no driveways in the front of the houses). Any other single-family detached lots in the development shall be at least 50-feet wide.

40. 100% of any MPUD's single-family residential lots may be 40-feet wide, if such lots are all rear-loaded. Flexibility shall be given for alley-loaded or rear-loaded development.

41. The following shall apply to all townhomes:

a. Townhome buildings shall be limited to 3-8 units per building.

b. Rear-loaded townhomes shall be designed with parking and access located to the rear of the structure.

42. Townhome products using typical townhome neighborhood design with individual driveways to accommodate parking for each townhome unit shall be platted.

43. Architectural design and monotony control standards are as follows:

a. Monotony Control for Single-family detached units:

Single-family detached houses shall be required to address the following requirements to avoid architectural monotony:

i. A proposed home shall have three different architectural features (as defined below) from the two houses on either side of it that face the same street.
ii. A proposed home shall differ in architectural features (as defined below) from the house(s) directly across the street (i.e., the house directly across the street, but not diagonal or those on either side of the house directly across the street).
iii. The rear of a proposed home shall differ in appearance (as set forth in section (b)(ii) below) from the houses directly adjacent to it when facing another road.

b) Architectural Features (Single Family Detached)

To establish a difference in architectural features between homes of the same model type facing a street or mews, a minimum of three (3) architectural features shall differ on all 40-foot and 50-foot lots.

i. These features shall include different: colors, materials (e.g., stucco, siding, brick, stone, etc.), elevations, arrangement of openings such as windows and doors, gables and eaves, dentils, cornices, trim, division of lights within windows, variation of building elevation (i.e., height, recessed planes etc.) porches, porticos, dormers, location of garage (left, right or rear), ornamental or decorative garage doors, ornaments such as medallions, shutters etc., and color or material of rooftops (e.g., shingles, tiles etc.). If different models of homes are adjacent to or across from each other, monotony is avoided.
ii. For the rear of homes that back-up to or face a street (i.e., local, collector, or arterial), the differing appearance shall be accomplished, at a minimum, by the reversal of floor plans or changes in material colors.
iii. No more than 20% of garages shall protrude more than 8 feet beyond the roof line of each single family detached unit and each such garage (protruding more than 8 feet beyond the roof line) shall contain decorative garage fronts.

c) Architectural Features (Townhomes)

Each townhome building with 3-8 units shall have three (3) different architectural features from the following list:

i. Varying roof styles (Hip, Gable, Boston Hip)
ii. Arrangement of window openings
iii. Window grids
iv. Siding types (lap, board and batten, brick, stone, etc.)

v. Accent lap siding at gables (faux louvers)
vi. Raised stucco banding
vii. Hardee board banding (or similar material type)
viii. Decorative shutters
ix. Decorative brackets
x. Stucco cornices (headers) at windows, doors, garage doors
xi. Decorative coach lights
xii. Building forward design (building chassis 3 foot to 5 foot in front of garage

44. The applicant/developer has committed to, and is hereby requiring, the foregoing architectural and monotony controls, notwithstanding any potential contrary requirements in Section 163.3202(5)(a), Florida Statutes. This condition shall be construed as a requirement imposed by the applicant/developer pursuant to Section 163.3202(5)(c), Florida Statutes, and not a requirement of the County, to the extent that Section 163.3202(5)(a), Florida Statutes, prevents the County from applying or enforcing architectural or monotony controls in this MPUD.

45. Trees in Single-Family Detached Residential Areas:

a. Each front-loaded single-family detached lot shall have a minimum of two (2) shade trees on or in front of the lot, one (1) of which may be in the side or front yard and one (1) of which must be in the front of the home but may be either a street tree (in front of the lot) or a lot tree (in front yard).

46. The following are the minimum landscape requirements that shall be included for front-loaded townhomes:

Landscaping/Greenspace Table			
Townhomes Per Building	Min Green Space Sq Ft	Min Shade Trees	Min landscaped beds % of Greenspace
3	800	2	15%
4	900	2	15%
5	1,050	3	15%
6	1,200	3	15%
7	1,350	4	15%
8	1,500	4	15%
* Greenspace calculated from the face of the building to the back of curb, inclusive of the area in front of the building face in the side yard.			
** Utility boxes, light fixtures and similar facilities are allowed in the Greenspace without penalty			

Any lot/street trees required by the table above will be a shade tree or palm tree (at a ratio of three (3) palms to every-one (1) shade tree). Front yard lot/street trees in a townhome block may not be substituted with understory or ornamental trees (including queen palms or crepe myrtles). In order to accomplish the foregoing landscaping objectives for townhouses, no driveway flares shall be required for townhouses and water main lines may be installed under sidewalks in townhouse phases.

47. Street Type Standard for Townhomes

Page 41 of 58

a. The following street type shall be required for townhome products.

i. 50-foot right-of-way (ROW)
ii. Twenty-two (22) feet of urban pavement width (dual 11-foot drive lanes)
iii. Five (5) foot sidewalks on either side of the street
iv. Seven (7) feet of sod/tree strip on either side of the street between the sidewalk and the street
v. Two (2) foot curbs (vertical design, e.g., Type D, F, etc.)

In such phases, to allow additional room for trees and landscaping, utility easements will be allowed under sidewalks, such that 5' of the utility easement is under the sidewalk (ROW), and 5' is on the lot. Additionally, in such phases, water main and sanitary lines may be installed under streets or sidewalks in townhome development ROWs.

48. The landscape buffers are to be located within tracts for residential developments and cannot be counted toward the minimum setback requirements. The applicable side- or rear-yard setback shall be measured from the landscape buffer tract line.

49. Recreation-center development standards shall be in accordance with the C-1 Neighborhood Commercial District.

50. Subject to exchanges permitted by the LUEM, the total aggregate number of dwelling units for Murphy Road MPUD shall not exceed 398 single family units and 274 townhomes. The approved residential entitlements (672 single-family attached and detached residential units) may be exchanged in accordance with Land Use Equivalency Matrix (the "LUEM") attached hereto as Attachment "A". The trip generation shall be based on the pm peak hour rates contained in the ITE trip generation manual, 10th ed. Land use exchange requests submitted to the Planning and Development Department for review and approval in accordance with the LUEM or as otherwise permitted hereby shall not constitute an amendment to the MPUD.

51. The maximum density or square footage set forth above is not a vested right and is subject to reduction based on, or as a result of, applicable County ordinances and resolutions.

52. Parcels may be developed out of numerical sequence and in multiples as long as the parcels being developed do not rely upon infrastructure construction of future parcels.

53. The developer(s) may designate, on the Master Development Plan, a site or sites which do not exceed a total of 2 acres, to be used for recreational vehicle storage for the exclusive use of the Murphy Road MPUDs residents. The site(s) must obtain PSP approval prior to development and be owned by the mandatory homeowners'/property owners'/ condominium owners'/merchants' association or CDD.

54. For single-family attached products, the developer may utilize one model center per product type which can exceed the ten percent maximum allowed model center lots per the LDC.

55. Interim silvicultural and/or agricultural activities shall be permitted until the commencement of development for that portion of the proposed development. Seasonal temporary uses pursuant to Section 530.9 LDC may be allowed with subsequent approval, pursuant to the County's Miscellaneous Permit process for temporary events.

Procedures

56. Each Developer shall ensure that the HOA(s) required to be established under this MPUD incorporates the architectural, tree and greenspace requirements in Condition Nos. 43, 45 and 46 into the HOA covenants, conditions, and restrictions for each applicable residential phase and shall ensure that such HOA(s) is the primary enforcement entity for such requirements in such residential phase(s) after the MPUD entitlements have received a final inspection or Certificate of Occupancy, and the only enforcement entity for the architectural requirements. If the County becomes aware of violations of Conditions Nos. 43, 45 and 46, the County reserves the right to hold the applicable developer (until the turnover to the applicable HOA) and/or the applicable HOA responsible for violations of the foregoing requirements. This condition shall not be construed as any attempt by the County to enforce architectural requirements in this MPUD; rather, the condition is intended to ensure that the developer and HOA honor their commitment to privately impose such requirements pursuant to Section 163.3202(5)(c), Florida Statutes.

57. On-street Parking: The HOA or CDD required to be established under this MPUD shall include provisions for the management of on-street parking and obstruction of roadways, including without limitation covenants, conditions, and restrictions which require the HOA or CDD, as applicable, to be the primary enforcement entity for all current or future LDC or Code of Ordinance provisions related to on-street parking and obstruction of roadways, and which require the HOA or CDD, as applicable, to adopt and enforce specific regulations which empower the HOA or CDD Board, as applicable, to adopt, enforce, and otherwise regulate on-street parking and obstruction of roadways within the subdivision, which regulations may be more restrictive than applicable LDC or Code of Ordinance provisions. Such regulations shall specifically include the authority for the HOA or CDD to tow vehicles that violate such regulations. Such HOA or CDD enforcement shall include, at a minimum, any obstruction of any roadway in the subdivision that causes interference with the efficient delivery of emergency or law enforcement services and/or vehicles at any time, whether or not emergency services have been requested. This condition, and the applicable HOA or CDD regulations, do not preclude the County from also enforcing applicable LDC or Code of Ordinance provisions relating to on-street parking or obstruction of roadways. In addition to the other requirements of this condition, the HOA or CDD required to be established under this MPUD shall include provisions which limit parking to one side of each street within the MPUD (in those areas where on-street parking is allowed at all pursuant to the LDC) so as to avoid the obstruction of on-site roadways, but providing such a parking limitation shall not implicate the provisions of LDC Section 907.1.E. requiring additional 0.25 visitor parking spaces. The foregoing parking limitation does not prevent developer from providing dedicated parking stalls on both sides of a street outside the travel lane.

58. A disclosure statement regarding the construction of all future roadways abutting and through the MPUD shall be included in all sales contracts for residential and nonresidential

Page 41 of 58

sales with the MPUD. This disclosure shall include the future roadway's number of lanes and construction timing, if applicable. Such disclosure statement shall also include language notifying the future residents of the portion of the MPUD lying north of Daughtery Road that their access may be closed from time to time to the remainder of the MPUD for the construction or maintenance of the Daughtery Road extension through the MPUD.

59. Unless required elsewhere within the conditions of approval, all conveyances shall occur at record plat or the issuance of the first CO where a record plat is not required or within 90 days of the County's request, whichever occurs first. All conveyances shall include access easements, be in a form acceptable to the Real Estate Division, and be free and clear of all liens and encumbrances, including exemption from all covenants and deed restrictions.

60. The developer(s) shall submit and obtain approval of a Substantial Modification to add uses not previously approved or to reduce open-space or preservation/conservation areas. A Substantial Modification is also required if there is a cumulative increase in density or intensity of ten percent or more in the number of average daily trips as defined by the Institute of Traffic Engineers and the Pasco County Access Management Team.

61. Unless otherwise approved by the Fire Marshal, or designee, the development shall be included into a Pasco County Municipal Fire Service Taxing Unit to provide fire protection. The developer(s) shall submit a petition for inclusion into the Pasco County Municipal Fire Service Taxing Unit at the time of record plat submission, or when no plat is required, prior to the issuance of the first Building Permit. In no case shall a Building Permit be issued until the Fire Marshal, or designee has received such a petition.

62. A PDP/PSP must be approved for an entire increment (bubble) prior to any phased construction plan/construction site plan approval. An increase in dwelling units within increments is allowed without modification to the master plan as long as the total maximum number of entitlements is not increased as approved for the MPUD, or such increase is otherwise permitted by an exchange permitted by the LUEM or otherwise hereby. A PSP must also be approved for each multiple-family (non-fee simple), recreational vehicle, or commercial increment in its entirety prior to any phased construction site plan approval.

63. PDP/PSP submittals shall include a detailed breakdown of the individual plan approvals, including the plan name and increment or phase designation as it relates to the Master Development Plan, acreage of the site, total number of units, or gross floor area ratio of commercial space which have received PDP/PSP approval, construction plan/construction site plan approval, and/or record plat approval.

64. If a PDP/PSP for the entire MPUD is not submitted and approved by December 31, 2030 (subject to any statutory or County-wide extensions issued subsequent to the approval of these revised conditions of approval), the conditions of approval for those portions of the MPUD that do not have (unexpired) PDP or PSP approval shall expire. If the MPUD expires, a new MPUD must be applied for and approved by the BCC, and the conditions of approval shall be in accordance with the Comprehensive Plan and LDC in effect at that time.

65. An extension of time limit for approval as identified above shall be processed as a substantial modification approved by the BCC.

66. In addition to complying with the above conditions, no further plan approvals will be granted until such time as the acknowledgment portion of the **BCC approved document** is completed (including notarization) and received by the PDE after the BCC action.

67. All conditions of this MPUD approval are material to the BCC approval. Accordingly, the conditions are not severable. In the event any section, subsection, sentence, clause, or provision of these conditions or the rezoning resolution is challenged and declared illegal, invalid, or in violation of any statutory or constitutional requirement by a body with jurisdiction to make such determination, the remainder of the conditions and MPUD approval shall be suspended until such time that the BCC modifies the MPUD conditions of approval to address the illegal or invalid provision, provided that such suspension shall not exceed nine months in duration. However, such determination shall not affect the validity of 1) MPUD entitlements that have received plat, Building Permit, or CO approval; or 2) any MPUD mitigation committed to or performed as of the date the determination is made, unless such approvals or mitigation are specifically declared to be illegal, invalid, or unenforceable. Requests for BCC-approved modifications to the MPUD or the MPUD conditions of approval shall not be considered challenges and decisions by the BCC regarding any modification, or the like shall not have the effect of suspending the conditions and the MPUD approval under any circumstances.

@@OWNER@@'@@/DEVELOPER@@'@@ ACKNOWLEDGMENT:

The owner acknowledges that it has read, understood, and accepted the above-listed conditions of approval. **Do not sign this document until a final disposition from the BCC regarding this Petition has been received.**

DESCRIPTION: (As Prepared by GeoPoint Surveying Inc.)
Parcel 1
A portion of Tracts 1, 2, 15 through 18, 31, through 34, 47, through 50, 63 and 64 of Section 1, Township 26 South, Range 21 East, of ZEPHYRHILLS COLONY COMPANY, according to the map thereof as recorded in Plat Book 1, Page 55 of the public records of Pasco County, Florida, and being more particularly described as follows:
COMMENCE at the Northeast corner of Northeast 1/4 of said Section 1, run thence along the East boundary of said Northeast 1/4, S.00°13'56"W., a distance of 15.00 feet to the Easterly extension of the Northerly boundary of said Tract 1; thence along said Easterly extension and said North boundary of Tract 1, N.89°58'33"W., a distance of 25.00 feet; to the Northwest corner of the East 10 feet of said Tract 1, said point also being the POINT OF BEGINNING; thence along the West boundary of said East 10.00 feet, S.00°13'56"W., a distance of 913.41 feet to the North boundary of the South 60 feet of Tract 17; thence along said North boundary, N.89°59'43"W., a distance of 140.00 feet to the West boundary of the East 150.00 feet of Tract 17; thence along said West boundary S.00°13'56"W., a distance of 60.00 feet to the North boundary of said Tract 32; thence along said North boundary, N.89°59'43"W., a distance of 174.38 feet to the West boundary of the East 1/2 of Tract 32; thence along said West boundary, S.00°16'53"W., a distance of 126.00 feet to the South boundary of the North 126.00 feet of said Tract 32; thence along said South boundary, N.89°59'43"W., a distance of 5.51 feet to the West boundary of the East 330.00 feet of said Tract 32; thence along said West boundary, S.00°13'56"W., a distance of 90.00 feet to the South boundary of the North 216.00 feet of said Tract 32; thence along said South boundary, S.89°59'43"E., a distance of 5.43 feet to the West boundary of the East 1/2 of said Tracts 32 and 33; thence along said West boundary, S.00°16'53"W., a distance of 308.78 feet to the North boundary of the South 133.98 feet of said Tract 33; thence along said North boundary, S.89°59'05"W., a distance of 5.17 feet to the West boundary of the East 330.00 feet of said Tracts 33 and 48; thence along said West boundary, S.00°13'56"W., a distance of 353.98 feet to the South boundary of the North 220.00 feet of said Tract 48; thence along said South boundary, N.89°59'05"E., a distance of 30.00 feet to the West boundary of the East 300.00 feet of said Tract 48; thence along said West boundary, S.00°13'56"W., a distance of 90.00 feet to the South boundary of the North 310.00 feet of said Tract 48; thence along said South boundary, N.89°59'05"E., a distance of 300.00 feet to the East boundary of said Tract 48; thence along said East boundary, S.00°13'56"W., a distance of 19.18 feet to the Northeast corner of said Tract 49; thence along said North boundary, S.89°58'17"W., a distance of 264.00 feet to the West boundary of the East 264.00 feet of said Tract 49; thence along said West boundary, S.00°13'56"W., a distance of 329.24 feet to the North boundary of said Tract 64; thence along said North boundary, N.89°57'29"E., a distance of 264.00 feet to the East boundary of said Tract 64; thence along said East boundary, S.00°13'56"W., a distance of 179.74 feet to the North Right-of-Way of the lands described in Official Records Book 175, Page 222; thence along said North Right-of-Way of said lands described in Official Records Book 175, Page 222 and Official Records Book 175, Page 226 the following three (3) courses: (1) N.89°29'15"W., a distance of 4.64 feet; (2) S.33°12'49"W., a distance of 119.00 feet; (3) S.89°56'12"W., a distance of 1236.37 feet to the West boundary of said Tracts 2, 15, 18, 31, 34, 47, 50 and 63; thence along said West boundary, N.00°31'57"E., a distance of 2571.68 feet to the Northwest corner of said Tract 2; thence along the North boundary of said Tracts 1 and 2, S.89°58'33"E., a distance of 1282.30 feet to the POINT OF BEGINNING.
Containing 66.940 acres, more or less.
TOGETHER WITH
Parcel 2
A parcel of land lying in the Southeast 1/4 of Section 36, Township 25 South, Range 21 East, Pasco County, Florida, and being more particularly described as follows:
COMMENCE at the Southeast corner of said Section 36, run thence along the South boundary of said Section 36, N.89°58'33"W., a distance of 880.60 feet to the Southerly extension of the West boundary of Tracts 112, 113 and 128 of said Section 36 of ZEPHYRHILLS COLONY COMPANY, according to the map thereof as recorded in Plat Book 2, Page 6 of the public records of Pasco County, Florida; thence along said Southerly extension and the West boundary of said Tracts 112, 113 and 128, N.00°11'23"E., a distance of 25.00 feet to the North boundary of the South 25.00 feet of said Southeast 1/4, said point also being the POINT OF BEGINNING; thence along said North boundary, N.89°58'33"W., a distance of 1734.84 feet to the East boundary of the West 30.00 feet of said Southeast 1/4; thence along said East boundary, N.00°13'54"E., a distance of 807.36 feet to the Southwest corner of PRETTY POND ACRES, according to the plat thereof as recorded in Plat Book 37, Pages 58 through 60 of the public records of said county; thence along the South and East boundary of said PRETTY POND ACRES the following two (2) courses: (1) S.89°59'19"E., a distance of 1259.82 feet; (2) N.00°14'15"E., a distance of 0.24 feet to the South boundary of the lands described in Official Records Book 7620, Page 1767; thence along said South boundary, S.89°58'17"E., a distance of 474.42 feet to the aforesaid West boundary of Tracts 112, 113 and 128; thence along said West boundary, S.00°11'23"W., a distance of 807.84 feet to the POINT OF BEGINNING.
Containing 32.158 acres, more or less.
TOGETHER WITH
Parcel 3
Tracts 3, 14, 19 and 30 of Section 1, Township 26 South, Range 21 East, of ZEPHYRHILLS COLONY COMPANY, according to the map thereof as recorded in Plat Book 1, Page 55 of the public records of Pasco County, Florida, and being more particularly described as follows:
BEGIN at the Northeast corner of said Tract 3, thence along the East boundary of Tracts 3, 14, 19 and 30, S.00°31'57"W., a distance of 1303.53 feet to the Southeast corner of said Tract 30; thence along the South boundary of Tract 30, S.89°59'53"W., a distance of 650.85 feet to the Southwest corner of Tract 30; thence along the West boundary of Tracts 3, 14, 19 and 30, N.00°41'35"E., a distance of 1303.87 feet to the Northwest corner of said Tract 3; thence along the North boundary of said Tract 3, S.89°58'33"E., a distance of 647.19 feet to the POINT OF BEGINNING.
Containing 19.423 acres, more or less.
TOGETHER WITH
Parcel 4
A portion of Tracts 113 and 128 of Section 36, Township 25 South, Range 21 East, of ZEPHYRHILLS COLONY COMPANY, according to the map thereof as recorded in Plat Book 2, Page 6 of the public records of Pasco County, Florida, and being more particularly described as follows:
BEGIN at the Southeast corner of said Tract 128, run thence along the South boundary of said Tract 128, N.89°58'33"W., a distance of 20.00 feet to the West boundary of the East 20.00 feet of said Tracts 113 and 128; thence along said West boundary, N.00°17'23"E., a distance of 647.31 feet to the North boundary of said Tract 113; thence along said North boundary, S.89°58'18"E., a distance of 20.00 feet to the East boundary of said Tracts 113 and 128; thence along said East boundary, S.00°17'23"W., a distance of 647.31 feet to the POINT OF BEGINNING.
Containing 0.294 acres, more or less.
The above described 4 Parcels contain 118.815 acres, more or less.

GENERAL NOTES

- *ACCESS POINTS SHOWN ON PLAN ARE CONCEPTUAL. FINAL LOCATIONS SHALL BE DETERMINED AT TIME OF PDP/CP WITHOUT REQUIRING AN MPUD MODIFICATION.*
- *INTERNAL LOCAL ROADWAYS SHOWN ON PLANS ARE CONCEPTUAL. FINAL LOCATIONS SHALL BE DETERMINED AT TIME OF PDP/CP WITHOUT REQUIRING AN MPUD MODIFICATION.*
- *NEIGHBORHOOD PARKS LOCATIONS ARE CONCEPTUAL AND SHALL BE PROVIDED CONSISTENT WITH LDC SECTION 905.1 UNLESS AN ALTERNATIVE STANDARD IS APPROVED DURING THE REVIEW PROCESS.*
- *PROPOSED SITE DATA TABLE ARE ESTIMATES BASED ON CONCEPT PLAN AND SUBJECT TO CHANGE WITH FINAL ENGINEERING.*
- *IT IS ANTICIPATED THE PROJECT WILL BE DEVELOPED IN SEVERAL PHASES.*
- *THE MANAGEMENT OF COMMON AREAS AND FACILITIES SHALL BE THROUGH A CDD.*
- *WETLANDS SHOWN ARE PRELIMINARY. FORMAL DETERMINATION OF WETLANDS WILL BE REQUIRED PRIOR TO PDP/CP.*
- *RECREATION AND AMENITY CENTERS ARE ALLOWABLE USES IN RESIDENTIAL PARCELS.*
- *A LISTED SPECIES SURVEY WILL BE CONDUCTED DURING THE DESIGN STAGE, AND PERMITTING WILL BE THROUGH THE APPLICABLE AGENCIES, IF REQUIRED.*
- *SITE IS NOT WITHIN A WELLHEAD PROTECTION AREA.*
- *SITE IS NOT IN AN EVACUATION ZONE.*
- *SITE IS NOT WITHIN A PLANNING AREA.*
- *WIND CODE CATEGORY: 2012 RISK CATEGORY 3/4.*
- *SITE LIES IN THE EAST ZEPHYRHILLS AND UPPER WITHLACOOCHEE WATERSHED.*
- *POTABLE WATER SERVICE BY CITY OF ZEPHYRHILLS (8" WATERMAIN 500' EAST ON CR54).*
- *WASTEWATER SERVICE BY CITY OF ZEPHYRHILLS (FORCEMAIN 3000' EAST AT CHANCEY AND CR54)*
- *SOLID WASTE COLLECTION BY PRIVATE WASTE HAULER.*
- *PLAN DEVIATION: NO CUL-DE-SACS ON DEAD END/ NON-THROUGH STREETS LESS THAN 150' PROPOSED (LDC 901.6.D).*
- *PLAN DEVIATION: CROSS CONNECTION (LDC 901.6.d.11).*
- *ADDITIONAL RIGHT OF WAY DEDICATION SHOWN HEREON TO BE DETERMINED DURING SITE DESIGN AND PERMITTING.*

MPUD REZONING

TIMING & PHASING ANALYSIS

1.0 | INTRODUCTION

This report documents a TIMING & PHASING ANALYSIS performed in association with an MPUD rezoning for the **MURPHY SUBDIVISION**. This analysis was performed consistent with §901.12 of the Pasco County Land Development Code (LDC), and the traffic study methodology statement documented in ***APPENDIX A***.

2.0 | PROJECT DESCRIPTION

The subject project site is located on the north side of County Road 54, west of Forbes Road, in Pasco County, Florida. Refer to ***FIGURE 1.0*** for the project site location map. The subject project site is planned to be rezoned to MPUD to accommodate the development of 398 single family residential units and 274 townhomes. Refer to ***FIGURE 2.0*** for the project site concept plan. The buildout date of the project was assumed as 2030, which was used as the analysis-horizon for this TIMING & PHASING ANALYSIS.

3.0 | PROJECT SITE TRIP GENERATION

Trip generation was estimated for the project site based on the Institute of Transportation Engineers (ITE) *Trip Generation Manual* (11th edition); as summarized in ***TABLE 1.0***. The distribution of project generated traffic was estimated based on a select-zone run of the Tampa Bay Regional Planning Model (TBRPM). Refer to ***APPENDIX B*** for documentation of the TBRPM, and ***FIGURE 3.0*** for the resulting distribution of project generated traffic.

TABLE 1.0 | **PROJECT SITE TRIP GENERATION ESTIMATE SUMMARY**

ITE LUC	Land Use Description	Size	Weekday		AM Peak Hour				PM Peak Hour			
			Formula	Trips	Formula	Trips	Enter	Exit	Formula	Trips	Enter	Exit
210	Single Family Residential	398 units	Ln(T)=0.92*Ln(X)+2.68	3,596	Ln(T)=0.91*Ln(X)+0.12	262	68	194	Ln(T)=0.94*Ln(X)+0.27	364	229	135
220	Multi Family Residential	274 units	T=6.41(X)+75.31	1,832	T=0.31(X)+22.85	108	26	82	T=0.43(X)+20.55	138	87	51
TOTAL TRIPS			--	**5,428**	--	**370**	**94**	**276**	--	**502**	**316**	**186**

***FIGURE 1.0* | PROJECT SITE LOCATION**

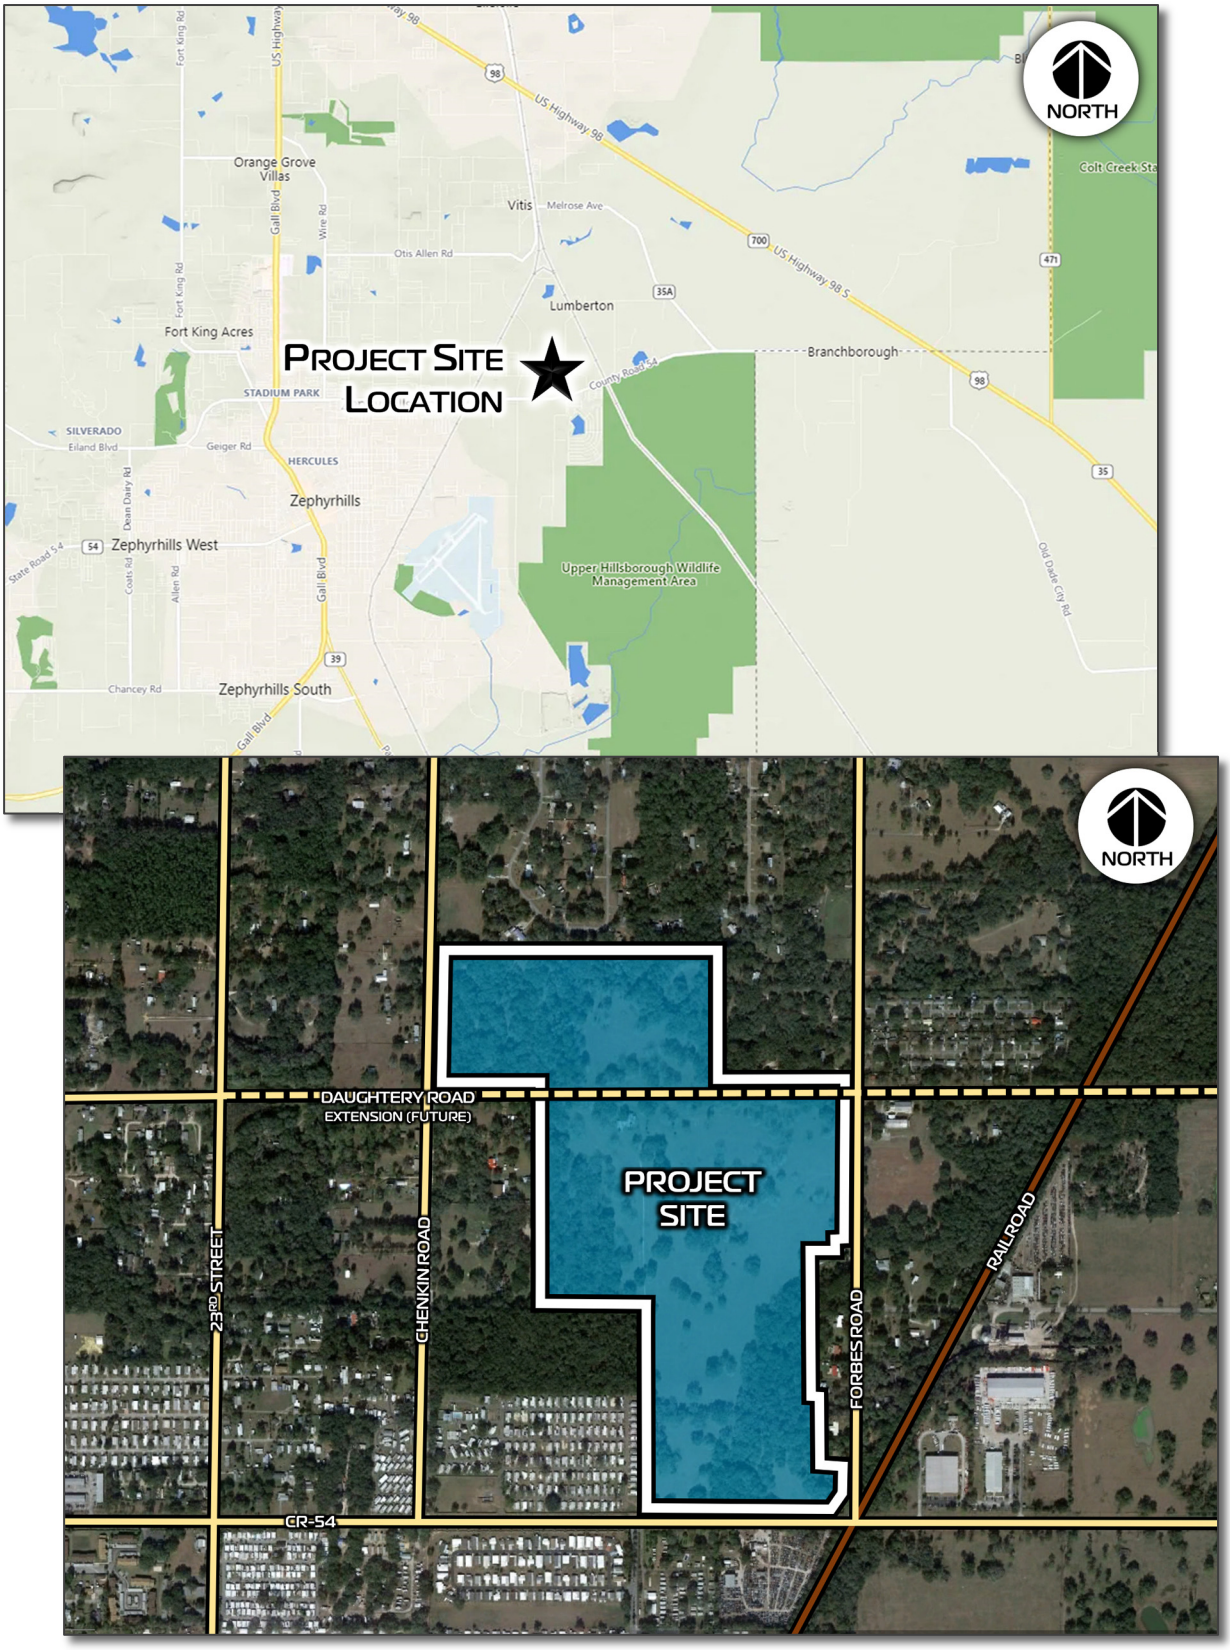

***FIGURE 2.0* | PROJECT SITE CONCEPT PLAN**

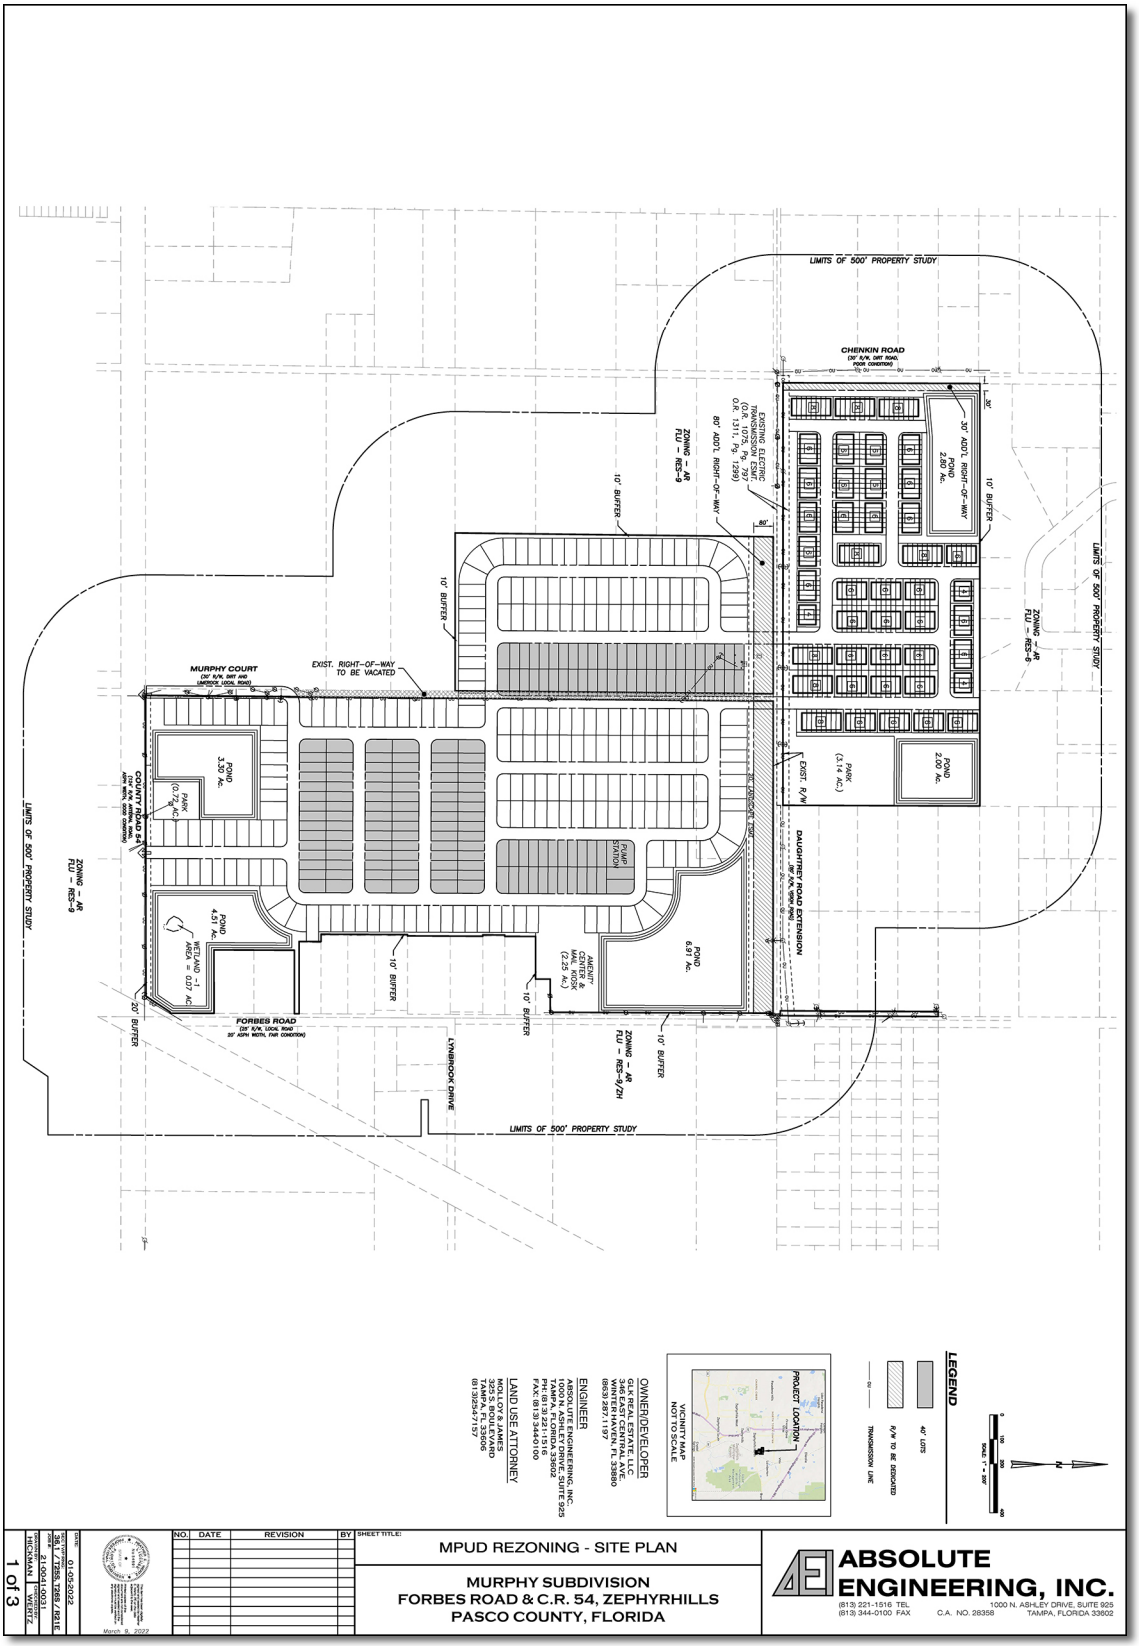

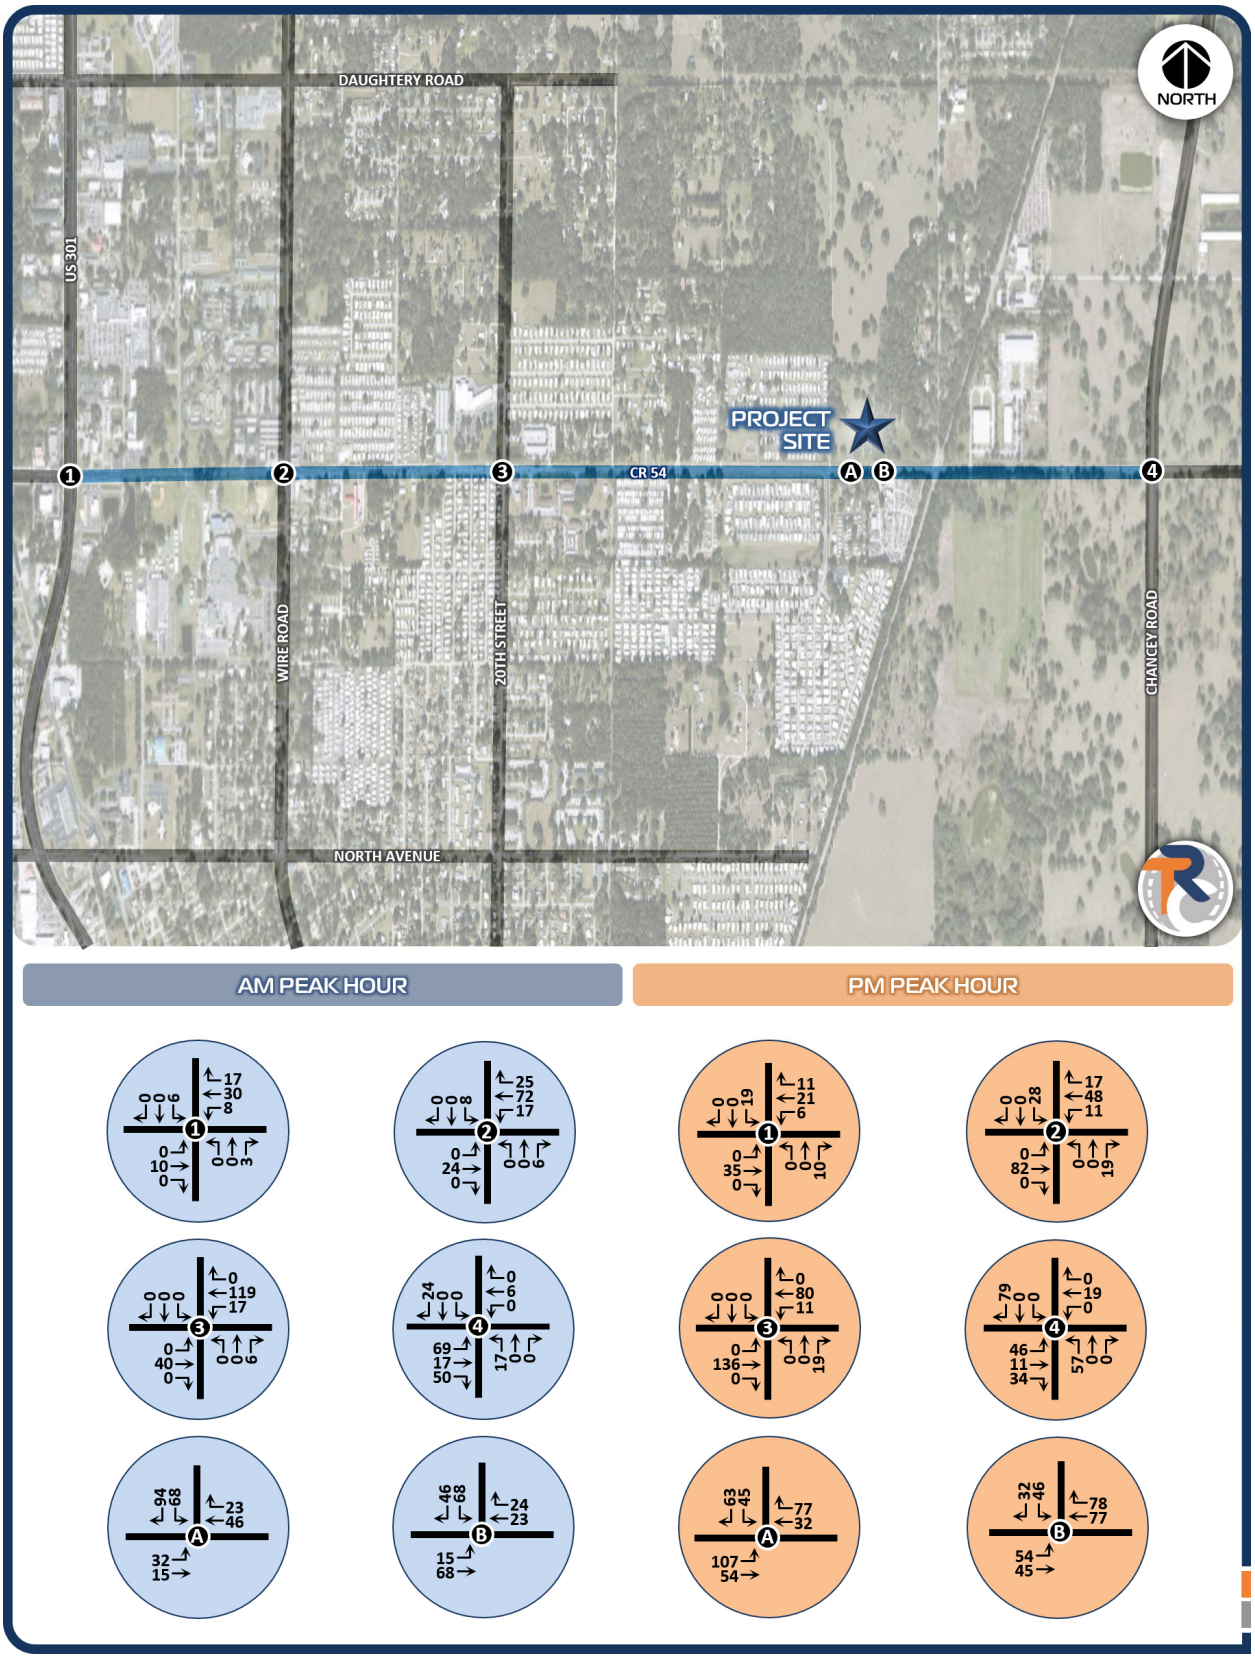

***FIGURE 3.0* | PROJECT GENERATED PEAK HOUR TRAFFIC VOLUMES**

4.0 | Study Area

The study area was determined to consist of the following roadway segments and intersections:

- **Roadway Segments**
  - County Road 54 from US-301 to Chancey Road

- **Intersections**
  - County Road 54 & Chancey Road
  - County Road 54 & 20th Street
  - County Road 54 & 12th Street
  - County Road 54 & US-301
  - County Road 54 & Project Site Driveway Connections

5.0 | Traffic Volumes

Current traffic volumes were obtained from traffic counts conducted during AM peak period (7 am to 9 am) and PM peak period (4 pm to 6 pm) conditions; subsequently adjusted to reflect peak season conditions using FDOT peak season factors. The traffic count data and adjustment factors are documented in ***Appendix C***. Future year background traffic volumes were calculated to reflect 2030 analysis-horizon conditions using an annual growth rate of 2.0% per year, pursuant to the Pasco County growth rate table, applied to the current peak season traffic volumes. Post-development traffic volumes were calculated by adding the project generated traffic volumes to the background traffic volumes. ***Figures 4.0 thru 6.0*** show the traffic volumes used in this study.

6.0 | Roadway Segment Analysis

A roadway segment analysis was undertaken for AM and PM peak hour post-development traffic conditions. The roadway segment analysis was performed using generalized capacity values pursuant to FDOT Generalized Tables. The analysis is summarized in ***Table 2.0*** and further documented in ***Appendix D***. The results of the analysis indicate that the study area roadway segments are anticipated to operate acceptably in consideration of Pasco County transportation performance standards.

***FIGURE 4.0* | CURRENT PEAK HOUR TRAFFIC VOLUMES**

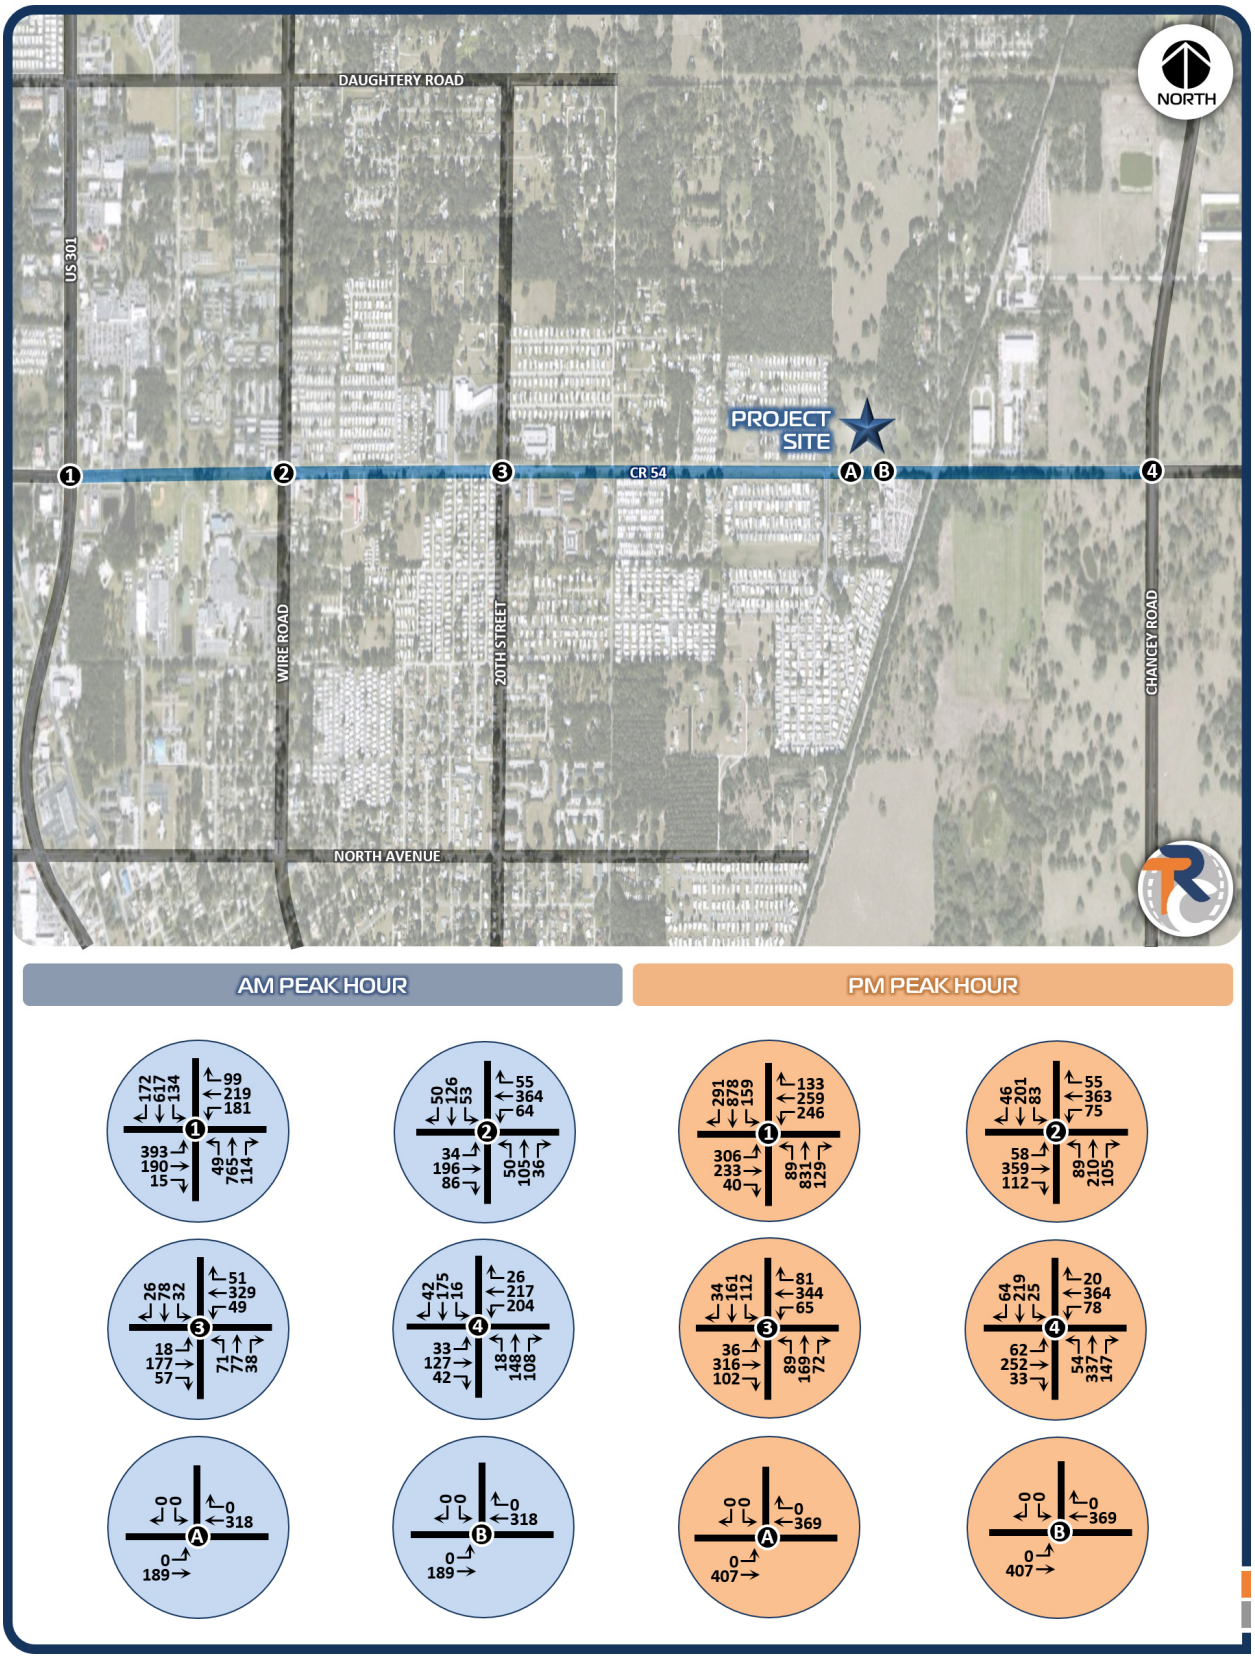

***FIGURE 5.0* | BACKGROUND PEAK HOUR TRAFFIC VOLUMES**

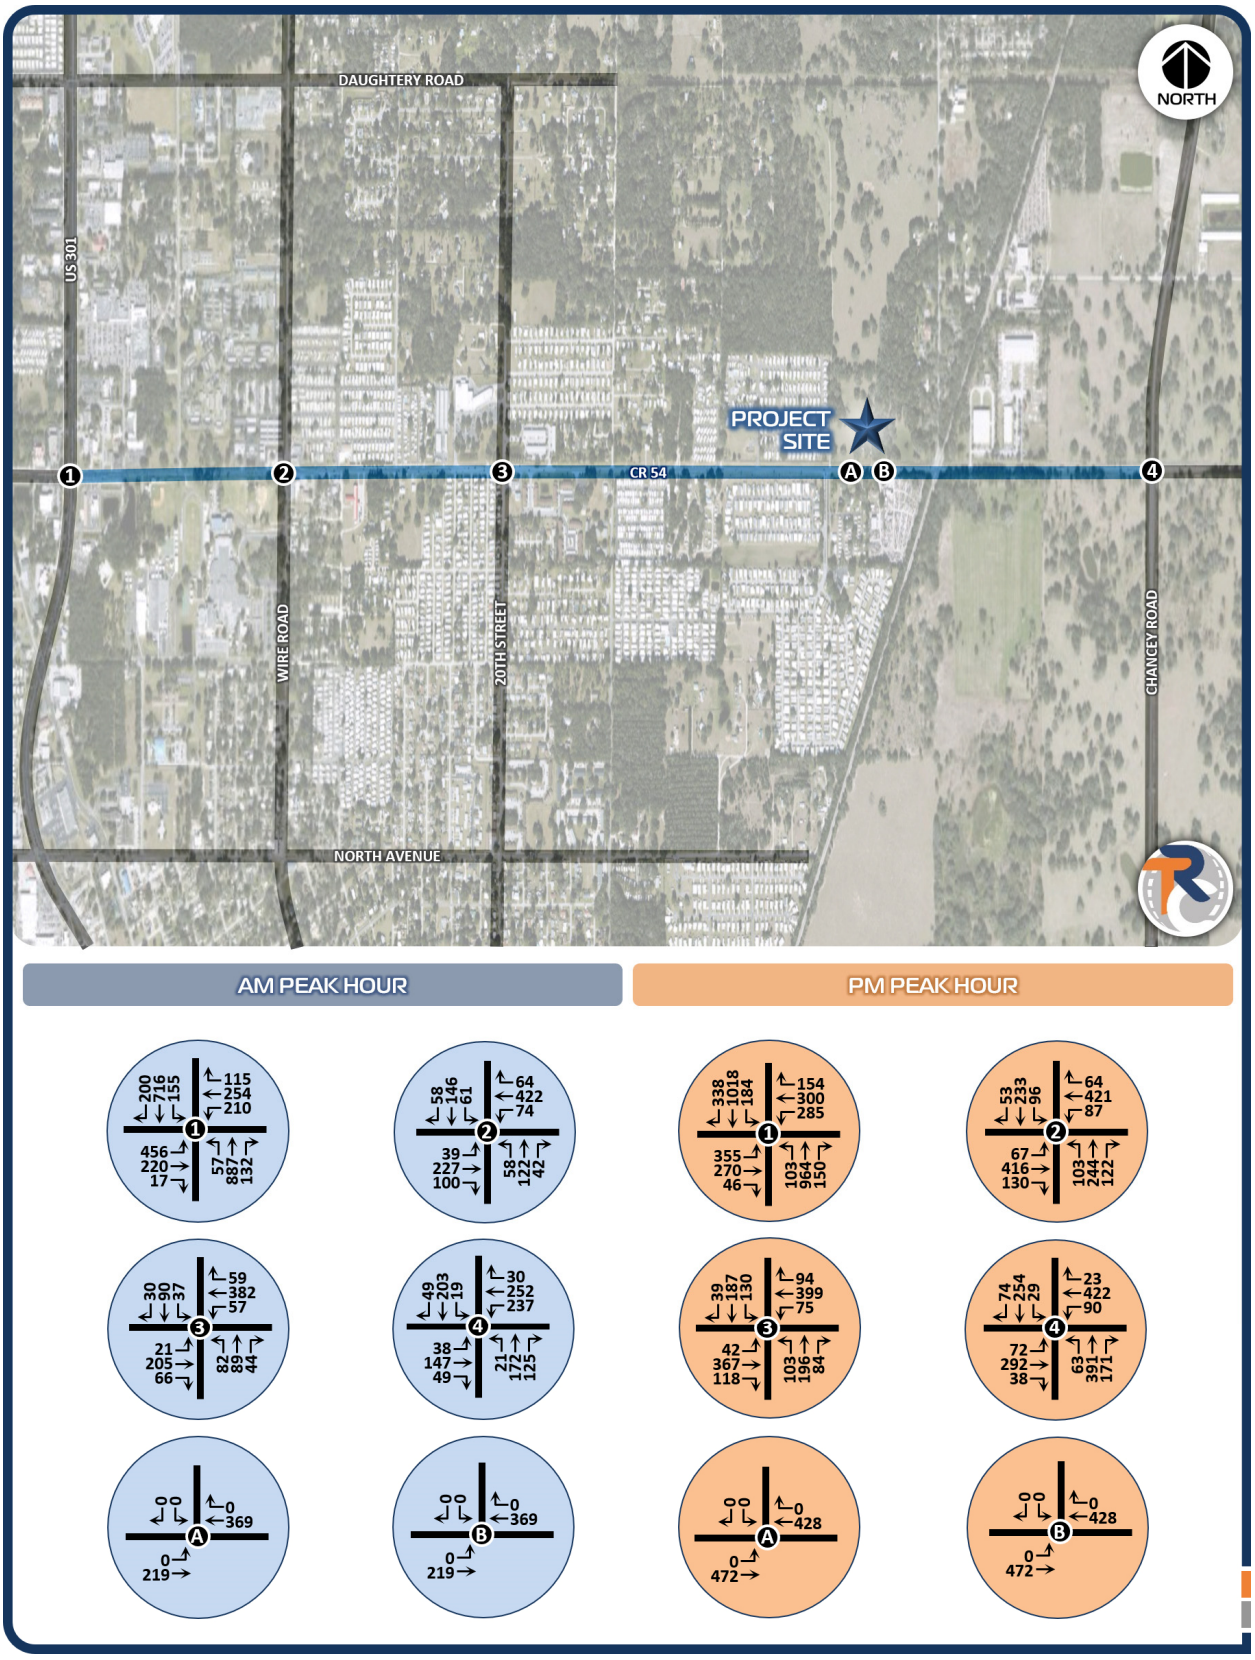

***FIGURE 6.0* | POST-DEVELOPMENT PEAK HOUR TRAFFIC VOLUMES**

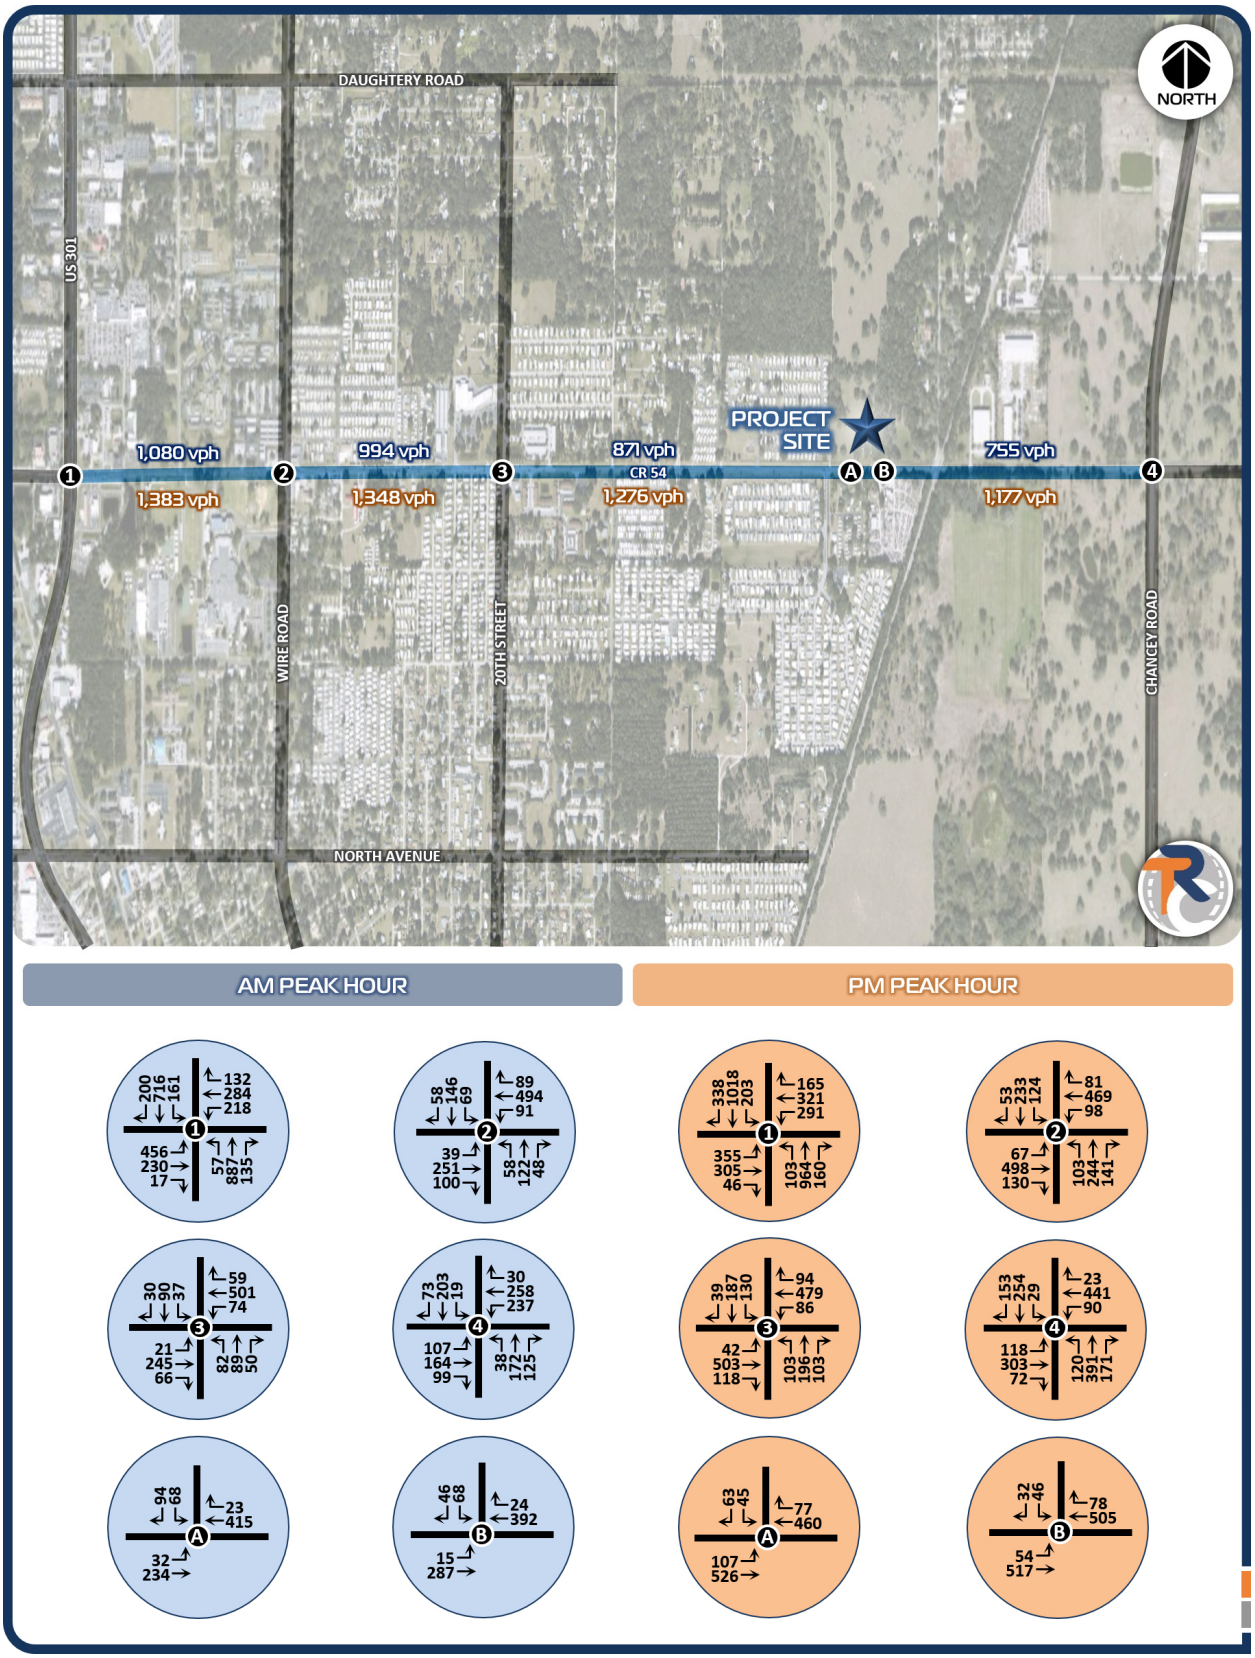

***TABLE 2.0* | ROADWAY SEGMENT ANALYSIS SUMMARY**

Roadway Segment	LOS Std	Service Volume	Peak Hour	Post-Development Traffic		
				Volume	LOS	V/C
County Road 54 *US Highway 301 to Wire Road*	D	1,440	AM	1,080	C	0.75
			PM	1,383	D	0.96
County Road 54 *Wire Road to 20th Street*	D	1,440	AM	994	C	0.69
			PM	1,348	C	0.94
County Road 54 *20th Street to Project Site*	D	1,440	AM	871	C	0.60
			PM	1,276	C	0.89
County Road 54 *Project Site to Chancey Road*	D	1,440	AM	755	C	0.52
			PM	1,177	C	0.82

7.0 | OFF-SITE INTERSECTION ANALYSIS

Operational analyses were undertaken for the off-site study intersections for AM and PM peak hour post-development traffic conditions. The intersection analyses were performed using *Highway Capacity Manual* methodologies calculated by the *Synchro* software program; as documented in ***APPENDIX E***. The results of the analysis indicate that the study intersections are anticipated to operate acceptably for AM and PM peak hour post-development traffic conditions in consideration of Pasco County transportation performance standards.

8.0 | SITE ACCESS EVALUATION

Operational analyses were undertaken for the site access driveway connections to County Road 54 for AM and PM peak hour post-development traffic conditions. The intersection analyses were performed using *Highway Capacity Manual* methodologies calculated by the *Synchro* software program; as documented in ***APPENDIX F***. The results of the analysis indicate that the site access driveway connections to County Road 54 are anticipated to operate acceptably for AM and PM peak hour post-development traffic conditions in consideration of Pasco County transportation performance standards.

A turn lane warrant evaluation was conducted to determine the need for a new site access turn lanes on County Road 54 at the project site driveway connections. The turn lane warrant evaluation was performed based on the warranting criteria pursuant to the requirements of §901.3 of the Pasco County Land Development Code; as documented in ***ATTACHMENT G***. The results of the analysis found that new site access left and right turn lanes are warranted on County Road 54 at both project site driveway connections.

The lengths needed for the warranted site access turn lanes were calculated based on (a) the greater of the 95th percentile queue length from the operational analysis or the County minimum value, and (b) a deceleration length in consideration of a design speed equal to the posted speed limit plus 5 mph; pursuant to FDOT's *Florida Design Manual, Exhibit 212-1*.

WARRANTED SITE ACCESS TURN LANES	
EASTBOUND LEFT TURN LANE (WESTERN SITE DRIVEWAY):	**400'** *(50' queue, 350' deceleration which includes 50' taper)*
WESTBOUND RIGHT TURN LANE (WESTERN SITE DRIVEWAY):	**350'** *(0' queue, 350' deceleration which includes 50' taper)*
EASTBOUND LEFT TURN LANE (EASTERN SITE DRIVEWAY):	**400'** *(50' queue, 350' deceleration which includes 50' taper)*
WESTBOUND RIGHT TURN LANE (EASTERN SITE DRIVEWAY):	**350'** *(0' queue, 350' deceleration which includes 50' taper)*

9.0 | CONCLUSION

Based on the data, analyses and findings presented herein, it is concluded that the proposed MPUD rezoning for the **MURPHY SUBDIVISION** is approvable in regard to transportation considerations pursuant to the requirements of the Pasco County Land Development Code.

Murphy Subdivision

MPUD Rezoning

Timing & Phasing Study

Appendix A

METHODOLOGY STATEMENT

RAYSOR Transportation Consulting

TECHNICAL MEMORANDUM

TO: PASCO COUNTY CURRENT PLANNING DIVISION
PLANNING AND DEVELOPMENT DEPARTMENT
8731 CITIZENS DRIVE, SUITE 360
NEW PORT RICHEY, FLORIDA 34654

FROM: MICHAEL D. RAYSOR, P.E.
RAYSOR TRANSPORTATION CONSULTING, LLC

SUBJECT: MURPHY SUBDIVISION
TIMING & PHASING ANALYSIS METHODOLOGY STATEMENT

DATE: JANUARY 17, 2022

1.0 | EXEMPTION STATUS

- The subject **"MURPHY SUBDIVISION"** project requires a Timing & Phasing Analysis, as an MPUD rezoning is being requested that will result in the generation of greater than 50 non-exempt peak hour trips.

2.0 | SITE PARAMETERS

- *SITE LOCATION:* The subject project site is located on the north side of County Road 54, west of Forbes Road, in Pasco County, Florida. Refer to ***ATTACHMENT A*** for the project site location map.
- *DESCRIPTION OF LAND USE:* The subject project site is planned to be rezoned to MPUD to accommodate the development of 572 single family residential units. Refer to ***ATTACHMENT B*** for the project site concept plan.
- *PARCELS:* The project site consists of Pasco County parcel no's. 01-26-21-0010-04900-0010, 01-26-21-0010-00100-0000, 01-26-21-0010-01400-0000, 01-26-21-0010-00300-0000, 01-26-21-0010-00200-0000, & 36-25-21-0000-00200-0000
- *BUILDOUT SCHEDULE:* The buildout date of the project for the purposes of the Timing & Phasing Analysis will be assumed as 2030, which will be used as the analysis-horizon for the Timing & Phasing Analysis.
- *INTERIM USES GENERATING TRAFFIC:* Not Applicable

3.0 | STUDY AREA

- ROADWAY SEGMENTS
  County Road 54 *(adjacent segment)*
- INTERSECTIONS
  County Road 54 & Chancey Road
  County Road 54 & 20th Street
  County Road 54 & 12th Street
  County Road 54 & US-301
  County Road 54 & Project Site Driveway Connections

4.0 | TRAFFIC COUNTS

- Traffic counts will be conducted during the AM & PM peak periods (7 am to 9 am & 4 pm to 6 pm) as needed, and adjusted to reflect peak season conditions using FDOT's latest available seasonal adjustment factors.

5.0 | TRIP GENERATION

- *TRIP GENERATION:* Trip generation for the project site will be based on the Institute of Transportation Engineers (ITE) *Trip Generation Manual* (11th edition). Refer to ***ATTACHMENT C*** for the project site trip generation estimate.
- *INTERNAL CAPTURE:* No internal capture will be assumed as the trip generation for the site will be estimated using a single land use category.
- *PASS-BY:* No pass-by trips will be assumed as the project site is residential.

6.0 | PROJECT TRAFFIC DISTRIBUTION

- The distribution of project generated traffic will be estimated based on a select-zone run of the Tampa Bay Regional Planning Model.

7.0 | BACKGROUND TRAFFIC GROWTH

- Background traffic volumes will be calculated using a 2% annual growth rate (pursuant to the Pasco County growth rate table) through the 2030 analysis-horizon.

8.0 | POST-DEVELOPMENT (TOTAL) TRAFFIC VOLUMES

- Post-development traffic volumes will be calculated as 2030 background volumes plus project generated traffic.

9.0 | ANALYSIS

- The analysis for the study area roadway segments will be performed for the PM peak hour.
- The analysis for the study area intersections will be performed for AM & PM peak hours.
- FDOT Generalized Tables will be used for the analysis of the study roadway segments (on a two-way basis).
- Intersection analyses will be performed using *Highway Capacity Manual* methodologies calculated using *Synchro* software (and using current signal timings obtained from field observations as applicable).
- The need for turn lanes at the project site access connection will be evaluated based on the analysis results and in consideration of Land Development Code criteria.

10.0 | REPORT

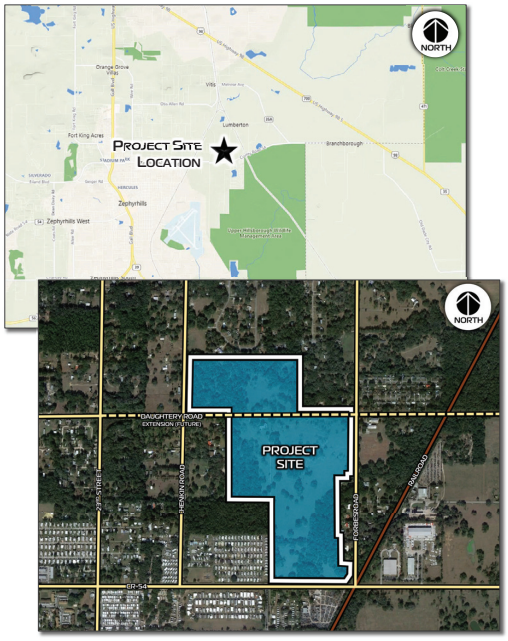
- A report will be prepared summarizing the above described data, analysis, and findings.

11.0 | COORDINATION

- The Applicant and the County will hold conference calls as needed to discuss the analysis and to coordinate on questions or issues that may arise in the preparation/results of the analysis.

12.0 | NEIGHBORHOOD MEETINGS

- The Timing & Phasing Analysis may need to be revised based on input received at neighborhood meetings, where these revisions would be required prior to public hearings.



13.0 | OTHER

- The Land Development Code will be used for parameters not specifically mentioned herein.

TIMING & PHASING STUDY

APPENDIX D

ROADWAY SEGMENT
CAPACITY VALUES

TABLE 4

Generalized **Peak Hour Two-Way** Volumes for Florida's Urbanized Areas[1]

January 2020

INTERRUPTED FLOW FACILITIES

STATE SIGNALIZED ARTERIALS

Class I (40 mph or higher posted speed limit)

Lanes	Median	B	C	D	E
2	Undivided	*	1,510	1,600	**
4	Divided	*	3,420	3,580	**
6	Divided	*	5,250	5,390	**
8	Divided	*	7,090	7,210	**

Class II (35 mph or slower posted speed limit)

Lanes	Median	B	C	D	E
2	Undivided	*	660	1,330	1,410
4	Divided	*	1,310	2,920	3,040
6	Divided	*	2,090	4,500	4,590
8	Divided	*	2,880	6,060	6,130

Non-State Signalized Roadway Adjustments

(Alter corresponding state volumes by the indicated percent.)

Non-State Signalized Roadways	- 10%

Median & Turn Lane Adjustments

Lanes	Median	Exclusive Left Lanes	Exclusive Right Lanes	Adjustment Factors
2	Divided	Yes	No	+5%
2	Undivided	No	No	-20%
Multi	Undivided	Yes	No	-5%
Multi	Undivided	No	No	-25%
–	–	–	Yes	+ 5%

One-Way Facility Adjustment

Multiply the corresponding two-directional volumes in this table by 0.6

BICYCLE MODE[2]

(Multiply vehicle volumes shown below by number of directional roadway lanes to determine two-way maximum service volumes.)

Paved Shoulder/Bicycle Lane Coverage	B	C	D	E
0-49%	*	260	680	1,770
50-84%	190	600	1,770	>1,770
85-100%	830	1,700	>1,770	**

PEDESTRIAN MODE[2]

(Multiply vehicle volumes shown below by number of directional roadway lanes to determine two-way maximum service volumes.)

Sidewalk Coverage	B	C	D	E
0-49%	*	*	250	850
50-84%	*	150	780	1,420
85-100%	340	960	1,560	>1,770

BUS MODE (Scheduled Fixed Route)[3]

(Buses in peak hour in peak direction)

Sidewalk Coverage	B	C	D	E
0-84%	> 5	≥ 4	≥ 3	≥ 2
85-100%	> 4	≥ 3	≥ 2	≥ 1

UNINTERRUPTED FLOW FACILITIES

FREEWAYS

Core Urbanized

Lanes	B	C	D	E
4	4,050	5,640	6,800	7,420
6	5,960	8,310	10,220	11,150
8	7,840	10,960	13,620	14,850
10	9,800	13,510	17,040	18,580
12	11,600	16,350	20,930	23,200

Urbanized

Lanes	B	C	D	E
4	4,130	5,640	7,070	7,690
6	6,200	8,450	10,510	11,530
8	8,270	11,270	13,960	15,380
10	10,350	14,110	17,310	19,220

Freeway Adjustments

Auxiliary Lanes Present in Both Directions	Ramp Metering
+ 1,800	+ 5%

UNINTERRUPTED FLOW HIGHWAYS

Lanes	Median	B	C	D	E
2	Undivided	1,050	1,620	2,180	2,930
4	Divided	3,270	4,730	5,960	6,780
6	Divided	4,910	7,090	8,950	10,180

Uninterrupted Flow Highway Adjustments

Lanes	Median	Exclusive left lanes	Adjustment factors
2	Divided	Yes	+5%
Multi	Undivided	Yes	-5%
Multi	Undivided	No	-25%

[1] Values shown are presented as peak hour directional volumes for levels of service and are for the automobile/truck modes unless specifically stated. This table does not constitute a standard and should be used only for general planning applications. The computer models from which this table is derived should be used for more specific planning applications. The table and deriving computer models should not be used for corridor or intersection design, where more refined techniques exist. Calculations are based on planning applications of the HCM and the Transit Capacity and Quality of Service Manual.

[2] Level of service for the bicycle and pedestrian modes in this table is based on number of vehicles, not number of bicyclists or pedestrians using the facility.

[3] Buses per hour shown are only for the peak hour in the single direction of the higher traffic flow.

* Cannot be achieved using table input value defaults.

** Not applicable for that level of service letter grade. For the automobile mode, volumes greater than level of service D become F because intersection capacities have been reached. For the bicycle mode, the level of service letter grade (including F) is not achievable because there is no maximum vehicle volume threshold using table input value defaults.

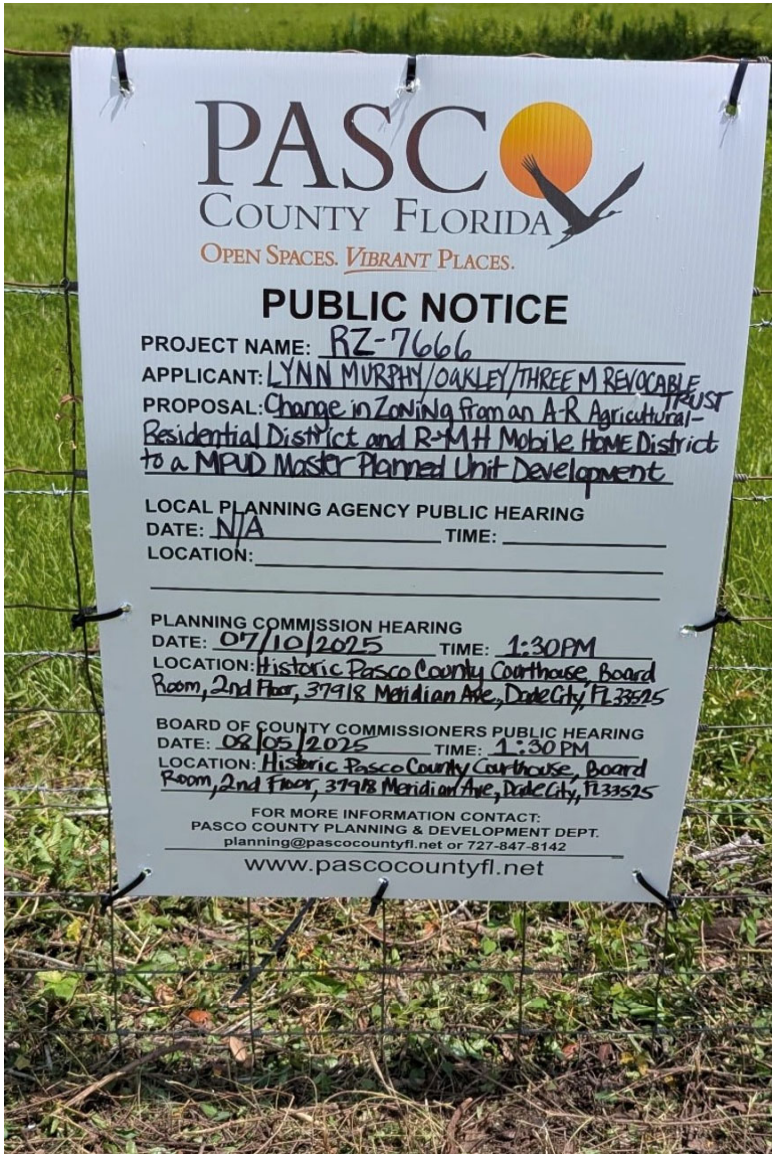
Dear Property Owner:

This is to notify you that Petition No. RZ-7666 has been filed in the name of Three M Revocable Trust / Lynn Murphy Oakley, et al. for a change in zoning from A-R Agricultural - Residential District and R-MH Mobile Home District to a MPUD Master Planned Unit Development District.

The parcels of land are north of County Road 54 and west of Forbes Road (Parcel I.D. Nos.: 01-26-21-0010-00100-0000; 01-26-21-0010-00200-0000; 01-26-21-0010-00300-0000; 01-26-21-0010-01400-0000; 01-26-21-0000-04900-0010; 36-25-21-0000-00200-0000; 36-25-21-0010-12800-0010) containing approximately 120.71 acres, more or less.

Public hearings for the consideration of this application will be held:

Planning Commission	**07/10/2025**	**Historic Pasco County Courthouse 2nd Floor, Board Room 37918 Meridian Avenue Dade City, FL 33525**	**1:30 p.m.**
Board of County Commissioners	**08/05/2025**	**Historic Pasco County Courthouse 2nd Floor, Board Room 37918 Meridian Avenue Dade City, FL 33525**	**1:30 p.m.**



If you are in opposition to the above-stated application, you will need competent, substantial evidence presented to support your opposition.

Any person desiring to appeal any decision made by the Planning Commission or Board of County Commissioners with respect to any matter considered at any meeting or hearing will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which the appeal is based.

On occasion, applications may be continued. It is your responsibility to contact this office to confirm the above-scheduled public hearing dates. If you desire any additional information concerning this application, please contact the Pasco County Planning and Development Department.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact either the Pasco County Customer Service Center, 8731 Citizens Drive, New Port Richey, FL 34654, (727) 847-2411 (V) or the Pasco County Risk Management Office, 7536 State Street, New Port Richey, FL 34654, (727) 847-8028 (V) at least 7 days before the public hearing, or immediately upon receiving this notification if the time before the public hearing is less than 7 days; if you are hearing or voice impaired, call 711.

NOTICE OF PUBLIC HEARINGS ON A REZONING FOR PROPERTY LOCATED IN PASCO COUNTY

PUBLIC NOTICE is hereby given that the Pasco County Planning Commission will hold a public hearing on **Thursday, July 10, 2025, at the Historic Pasco County Courthouse, Board Room, 2nd Floor, 37918 Meridian Avenue, Dade City, Florida, at 1:30 p.m.**, and that the Pasco County Board of County Commissioners will hold a public hearing on **Tuesday, August 5, 2025, at the Historic Pasco County Courthouse, Board Room, 2nd Floor, 37918 Meridian Avenue, Dade City, Florida, at 1:30 p.m.**, to consider applications for rezoning and/or conditional use pursuant to the provisions of the Pasco County Land Development Code, Chapter 400. All hearings will be conducted at the stated time or as soon thereafter as is practical on the following application(s):

1. Thirteen State Properties LLC/One Lacoochee Center (RZ-7873) petition for a rezoning from a R-3 Medium Density Residential District, a R-4 High Density Residential District and a MF-1 Multiple-Family Medium Density District to a I-1 Light Industrial Park District for a parcel located southeast of Pine Products Road and west of Bower Road (26-23-21-0020-00P00-0070 et al).

2. THREE M REVOCABLE TRUST, JEAN MCCLAIN-MURPHY TTEE/MURPHY ROAD MPUD (RZ-7666) petition for a rezoning from a A-R Agricultural-Residential District and a R MH Mobile Home District to a MPUD Master Planned Unit Development District for a parcel located north of County Road 54 and west of Forbes Road (AKA 01-26-21-0010-00100-0000 et al).

PUBLIC NOTICE is hereby given that the Pasco County Board of County Commissioners will hold a public hearing on **Tuesday, July 15, 2025, at the Historic Pasco County Courthouse, Board Room, 2nd Floor, 37918 Meridian Avenue, Dade City, Florida, at 1:30 p.m.**, to consider applications for rezoning and/or conditional use pursuant to the provisions of the Pasco County Land Development Code, Chapter 400. All hearings will be conducted at the stated time or as soon thereafter as is practical on the following application(s):

3. James A & Cheryl L Pelletier/Powerline Road Rezone (RZ-7869) petition for a rezoning from a A-C Agricultural District and a A-R Agricultural-Residential District to a A-R Agricultural-Residential District for parcels located at the east side of Powerline Road, approximately 2,200 feet north of Frazee Hill Road (aka 15-24-21-0000-01500-0000 and 15-24-21-0000-01500-0020).

4. Swami Ayyen LLC/Wesley Chapel Professional Center (RZ-7867) petition for a rezoning from a PO-2 Professional Office District to a C-2 General Commercial District for a parcel located at the southeast corner of the intersection of State Road 54 and Veridian Way (aka 09-26-20-0000-00600-0040).

Information concerning these matters will be on file and available for examination by appointment only in the office of the Pasco County Planning, Development and Economic Growth Department, West Pasco Government Center, 8731 Citizens Drive, Suite 200, New Port Richey, Florida 34654, or anytime on our website: www.pascocountyfl.net. To make an appointment or for further information, you may call 727-847-8140. All interested parties may participate in the public hearing and be heard. To learn how to participate in this hearing virtually, which requires advance registration, please visit http://mypasco.net/meetingagendas.

Any person desiring to appeal any decision made by the Planning Commission or the Pasco County Board of County Commissioners with respect to any matter considered at any hearing will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which the appeal is to be based. Persons may obtain a verbatim record of the proceeding by contacting the Clerk and Comptroller's Office, East Pasco Government Center, 14236 6th Street, Suite 201, Dade City, Florida 33523-3414; or at (352) 521-4345.

For questions or inquiries about this meeting, members of the public can reach out to the County's Customer Service Center (727) 847-2411 or County Administration (727) 847-8115 or visit www.mypasco.net. To view the Local Planning Agency and Board of County Commissioners Agendas, please visit http://mypasco.net/meetingagendas.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact the County's Human Resources Department, Internal Services Building, 7536 State Street, New Port Richey, Florida 34654, (727) 847-8030 (V) at least 7 days before the public hearing, or immediately upon receiving this notification if the time before the public hearing is less than 7 days; if you are hearing or voice impaired, call 711.

LOCAL PLANNING AGENCY
AGENDA MEMORANDUM

COMMISSION DISTRICT: 1 **FILE NO.:** PDE25-0202 **DATE:** 7/10/2025

SUBJECT: Development Agreement (Consent) - Homes by West Bay, LLC. - To Design, Permit, Acquire Right of Way, and Construct a Portion of Kiefer Road and New River Boulevard in Exchange for Transportation Development Fee Credits in the Villages of Pasadena Hills

REFERENCES: All Villages of Pasadena Hills Planning and Policy Committee Meetings (PPC), Local Planning Agency (LPA), and Board of County Commissioners (BCC) Public Hearings at 1:30 p.m. in New Port Richey (NPR) or Dade City (DC): PPC at DC 5/21/25 continued - PPC at DC 6/18/2025 - LPA at DC 7/10/2025

THRU: David Allen, Assistant County Administrator

FROM: David Engel, Director Planning, Development and Economic Growth

RECOMMENDED AGENCY ACTION:
Recommend Approval of the Development Agreement to the Board of County Commissioners.

BACKGROUND:

PROJECT OVERVIEW

This development agreement is for the design, construction, right of way acquisition, and permitting of Kiefer Road and New River Boulevard, as required by the MPUD conditions of approval and the VOPH Enabling Documents. The Magnolia Island MPUD was approved by the BCC for 475 residential dwelling units and 70,000 square feet of commercial on September 20, 2022 (PDD22-7584).

Kiefer Road will be constructed as a 142AA typical section per the VOPH Master Roadway Plan (MRP) and New River Boulevard will be constructed as a 70AA typical section per the VOPH MRP. Kiefer Road will be constructed from Curely Road to the Magnolia Island project access as depicted in Exhibit B-1. New River Boulevard will be constructed from the terminus of the aforementioned Kiefer Road improvements to Tyndall Road.

In exchange for constructing the necessary roadway infrastructure, the developer will be entitled to Transportation Development Fee (TDF) credits. As set forth within the enabling documents for VOPH, TDF credits may not be used for the External Transportation Improvement Fee; those fees must be paid in cash.

On June 19th, 2025, this project received a unanimous vote by the Villages of Pasadena Hills Planning and Policy Committee to recommend approval to the Board of County Commissioners.

This agenda memo was prepared by:William Vermillion, AICP-C, CNU-A, Senior Planner

SITE DETAILS

The project is located in the Villages of Pasadena Hills, Village F, located on the south side of and

abutting the future Tyndall Road, north of and abutting the future Kiefer Road, between Handcart Road and Curley Road. (PID: 24-25-20-0000-00100-0000)

Commission District:	The Honorable Ronald Oakley
Project Name:	Magnolia Island DA
Applicants' Name(s) :	Homes by West Bay LLC.
Current Zoning District:	MPUD
Proposed Zoning District:	N/A
Future Land Use (FLU) Classification:	VMU Type 2B
Water/Sewage:	Pasco/Pasco
Flood Zone:	A, AE, and X
Requested Entitlements:	N/A
Roads/Access:	Kiefer Road and Tyndall Road (Public Roads)

FISCAL IMPACT/COST/REVENUE STATEMENT:

The DA provides mobility fee/transportation development fee credits consistent with the Villages of Pasadena Hills Financial Plan. The fiscal impact of these credits was addressed at the time of the Board's approval of the Villages of Pasadena Hills Financial Plan.

DEVELOPMENT AGREEMENT BETWEEN PASCO COUNTY AND HOMES BY WESTBAY, LLC, A FLORIDA LIMITED LIABILITY COMPANY FOR CERTAIN IMPROVEMENTS TO KIEFER ROAD & NEW RIVER BOULEVARD PURSUANT TO THE MAGNOLIA ISLAND MPUD

THIS DEVELOPMENT AGREEMENT (this "DEVELOPMENT AGREEMENT or "DA") is made and entered into by and between PASCO COUNTY, a political subdivision of the State of Florida, by and through its Board of County Commissioners, hereinafter called "**County**", and HOMES BY WESTBAY, LLC, a Florida limited liability company, hereinafter called "**Developer**".

W I T N E S S E T H:

WHEREAS, the County is authorized by the Florida Local Government Development Agreement Act, Sections 163.3220-163.3243, Florida Statutes (F.S.), to enter into a development agreement with any person having a legal or equitable interest in real property located within its jurisdiction; and

WHEREAS, on September 20, 2022, the County's Board of County Commissioners (the "**BCC**") adopted Resolution No. 22-66RZ, approving the Magnolia Island Master Planned Unit Development with conditions for the development of 475 Single Family Dwelling Units and 70,000 Square Feet Commercial (the "**MPUD**");

WHEREAS, Developer is the owner of the real property in Pasco County, Florida, legally described on **Exhibit "A"** attached hereto and incorporated herein by reference, which constitutes a portion of the MPUD and within which Developer intends to construct a residential development (hereinafter called the "**Project**"); and

WHEREAS, the MPUD and the Project are located in the Villages of Pasadena Hills, an area plan and overlay ("**VOPH**") that was created pursuant to Goal 6 of the Pasco County Comprehensive Plan (the "**Comprehensive Plan**") and Section 602 of the Pasco County Land Development Code (the "**LDC**"); and

WHEREAS, Goal 6 of the Comprehensive Plan and Section 602 of the LDC and the Pasadena Hills Financial Plan (which was adopted by the BCC originally on February 10, 2009, as amended) are collectively referred to hereinafter as the "**Enabling Documents**"; and

WHEREAS, the Enabling Documents create certain special mobility fees and surcharges per unit for residential development within VOPH collectively called a "VOPH Transportation Development Fee" (the "**TDF**" or "**TDFs**"); and

WHEREAS, the Enabling Documents also provide, provided certain terms and conditions are met, that the County will issue credits to be applied towards the payment of the TDFs, less the External Transportation Improvement Fee component of the TDFs (which is comprised of the External Transit Account, External SIS Mobility Fee Account and the External Roads Account), in the event that developer and certain other parties within VOPH (a) undertake the design, permitting and construction of certain identified roadways within VOPH, (b) provide for certain drainage/retention, floodplain compensation and wetland mitigation associated with such roadways, and acquire certain right-of-way associated therewith; and

WHEREAS, pursuant to the Enabling Documents, the MPUD requires that applicant/developer design, permit and construct certain improvements to Kiefer Road as generally depicted on **Exhibit "B-1"** (the "**Kiefer Improvements**") and New River Boulevard, a/k/a Magnolia Island Boulevard as generally depicted on **Exhibit "B-2"** (the "**New River Improvements**") (collectively, the "**Roadway Improvements**") that lie partially within the MPUD (on-site) and partially outside of the MPUD (off-site); and

WHEREAS, pursuant to the Enabling Documents, the MPUD also requires applicant/developer to (a) provide for certain drainage/retention, floodplain compensation and wetland mitigation associated with the Roadway Improvements and (b) dedicate, cause, the dedication of, acquire or provide funding for certain rights-of-way which are necessary to construct the Kiefer Improvements, each of which are identified and denoted on **Exhibit "C"**, which is attached hereto and incorporated herein by reference (the "**Right-of-Way Acquisition Map**"):

1. ROW Parcel Nos. 100, 102 and 104 (Kirkland Ranch Parcels, which has already been acquired by the County as further described herein);
2. ROW Parcel No. 103A (Reid Mayback); and
3. ROW Parcel Nos. 106(A-C), together with a slope easement over Slope Area 106H (Logan).

WHEREAS, Developer has provided the County the sum of $306,458.75 to offset the County's costs incurred in the transaction in which the County acquired ROW Parcel Nos. 100, 102 and 104 shown on the Right-of-Way Acquisition Map via that certain Special Warranty Deed recorded at Official Records Book 10934, Page

3182 of the Public Records of Pasco County, Florida from Kirland Ranch, Inc., a Florida corporation ("**Kirkland**") pursuant to an agreement between the County and Kirkland (the "**Kirkland Agreement**") and;

WHEREAS, this DA further sets forth a specific list of Developer's obligations concerning (a) the design, permitting and construction of the Roadway Improvements (the "**Construction Obligations**"), (b) the provision of such drainage/retention, floodplain compensation and wetland mitigation associated with the Roadway Improvements (the "**Drainage and Mitigation Obligations**") and (c) the dedication of certain right-of-way from Developer and the acquisition and/or funding for the County's acquisition of right-of-way as set forth on the Right-of-Way Acquisition Map (the "**Right-of-Way Obligations**"), the Construction Obligations, Drainage and Mitigation Obligations and the Right-of-Way Obligations being hereinafter collectively referred to as the "**Developer Obligations**");

WHEREAS, Developer is willing to undertake the Developer Obligations on the conditions that it is awarded the TDF Credits (as hereinafter defined) pursuant to the terms and conditions hereof; and

WHEREAS, the County and Developer desire to enter into this DA to provide for each of the same for the TDF Credits pursuant to the terms and conditions hereof; and

WHEREAS, the Board of County Commissioners, after public notice and hearing in accordance with applicable law, has approved this Development Agreement.

NOW, THEREFORE, in consideration of the mutual covenants and provisions herein contained and other good and valuable consideration, receipt, and sufficiency of which is hereby acknowledged, the County and Developer hereby agree as follows:

1. WHEREAS CLAUSES

The WHEREAS clauses set forth above are incorporated herein by reference and made a part of this DA.

2. PURPOSE

It is the purpose and intent of this DA to further set forth terms and conditions for Developer to design, permit and construct the Roadway Improvements, provide for certain drainage/retention, floodplain

compensation and wetland mitigation associated with the Roadway Improvements as hereinafter described, and dedicate and acquire certain right-of-way as hereinafter described, if it is awarded the TDF Credits pursuant to the terms and conditions hereof, and to set forth the parties respective obligations regarding same. All terms and conditions of this DA shall be interpreted in a manner consistent with, and in furtherance of, the purpose as set forth herein.

3. GENERAL REQUIREMENTS

a. Legal Description: The land subject to this DA is identified in **Exhibit "A"**. Developer is the holder of legal title to the real property described on **Exhibit "A"** within the MPUD and its mailing address is 4065 Crescent Park Drive, Riverview, FL 33578, Attention: Beth Bradburn. Pursuant to Section 163.3239, F.S., the burdens of this DA shall be binding upon and the benefits of the DA shall inure to Developer and its designated successors and assigns.

b. Duration and Effective Date: This DA shall be for the earlier of either the duration of twenty (20) years from the effective date of this DA or credit depletion, whichever occurs first subject to any conditions precedent or termination provisions herein or mutual agreement. The effective date of this DA shall be the date this DA is recorded in the Public Records of Pasco County. The Developer shall cause this DA to be recorded upon the latter of its approval by the BCC and its full execution by the parties hereto, but in any event in a timely manner as required by Section 163.3239, Florida Statutes.

c. Development Uses of Land: The Project is currently zoned MPUD Master Planned Unit Development District pursuant to the MPUD.

d. Public Facilities: Adequate transportation facilities are available for the Project through existing facilities and other transportation facilities being provided by Developer, third parties or the County, as required by the Enabling Documents and the MPUD. Adequate potable water and wastewater services for the Project are or will be available through Pasco County Utilities ("**PCU**"). Adequate disposal services for the Project are available through existing licensed collectors and the County's Solid Waste Disposal and Resource Recovery System subject to applicable provisions of the Code of Ordinances and the

Comprehensive Plan. All drainage improvements necessary to serve the Project will be provided by Developer in accordance with the terms and conditions of the MPUD Master Planned Unit Development and satisfaction of all applicable County, State, and Federal regulations.

e. Reservations or Dedications for Public Purpose: All reservations and dedications for public purposes (right[s]-of-way) shall be provided in accordance with the LDC, as amended by the MPUD and its Conditions of Approval.

f. Local Development Permits Needed: Prior to the construction of the applicable portion of the Roadway Improvements, Developer shall obtain any necessary development approvals in accordance with the LDC. This provision does not exempt Developer from obtaining all other permits required by agencies with jurisdiction over the Project.

g. Findings: The County has found that the MPUD and the Project, as permitted and proposed, are consistent with the portions of the Comprehensive Plan applicable to the MPUD and the Project development approvals obtained as of the date of this DA, subject to the conditions of the MPUD and this DA.

h. Requirements Necessary for the Public Health, Safety, and Welfare: The conditions, terms, restrictions, and other requirements determined to be necessary by the County for the public health, safety, or welfare of its citizens have been identified and included within the MPUD and/or this DA. Developer shall be subject to the applicable MPUD conditions of approval and the other applicable provisions of the LDC, Code of Ordinances, and Comprehensive Plan necessary for the public health, safety, and welfare.

i. Compliance with Legal Requirements and Permitting: The failure of this DA to address a particular permit, condition, term, or restriction shall not relieve Developer of the necessity of complying with the laws governing the said permitting requirement, condition, term, or restriction.

j. Zoning and Comprehensive Plan Issues: The current Comprehensive Plan Future Land Use Map classification for the MPUD is VOPH Village Mixed Use- Type 2B. The MPUD and the Project are consistent with the applicable provisions of the Enabling Documents and the other applicable Goals,

Objectives, and Policies of the Comprehensive Plan. The zoning classification for the MPUD and the Project are MPUD Master Planned Unit Development.

4. FINANCE AND CONSTRUCTION OF ROADWAY IMPROVEMENTS

a. Creditable Roadway Improvements.

(1) Developer shall design, permit and construct the Roadway Improvements as set forth herein and depicted on **Exhibit "B-1**" and **Exhibit "B-2"**, but the New River Improvements may be designed and constructed in phases in accordance with Section 6 hereof. The Roadway Improvements shall include all applicable and necessary shoulders, sidewalks/multi-use paths, striping, stormwater-drainage facilities, floodplain mitigation, wetland mitigation and other roadway appurtenances, all as determined by the County and permitting agencies to be necessary during the design and permitting of the Roadway Improvements (collectively, the "**Roadway Appurtenances**"), together with any additional design, permitting construction items further detailed in Section 7(c) hereof. For the purposes of this DA, completion of construction of the Roadway Improvements shall be defined as when the applicable improvements are accepted by the County for maintenance (which is evidenced by the County accepting the maintenance guarantee posted by Developer) and open to the traveling public, and any required Defect Guarantee has been delivered to the County. Subject to the terms and conditions hereof, Developer shall receive reimbursements in the form of TDF Credits as set forth in Section 7 of this DA for the actual, reasonable, eligible amounts spent by Developer for the Roadway Improvements. TDF Credit-eligible expenditures must be segregated from site related expenditures within the invoicing/schedule of values provided the improvements are designed and/or constructed simultaneously. The procedures for such credits are set forth in Section 7 below.

b. Non-Creditable Site Related Improvements.

In addition to the Roadway Improvements (which are eligible for the TDF Credits pursuant to the terms hereof), Developer is obligated by the MPUD conditions of approval to undertake certain site access improvements, which are not part of the Roadway Improvements and for which Developer is NOT entitled to TDF Credits. Such site access improvements include:

i. A 205 foot southbound left turn lane and a 555 foot eastbound left turn lane at the intersection of Kiefer Road and New River Blvd.

5. ROADWAY IMPROVEMENTS DESIGN, PERMITTING, AND RIGHT-OF-WAY ACQUISITION

a. Design, Permitting, Right-of-Way Acquisition, and Construction Requirements: Developer shall design, permit, provide right-of-way for, and complete construction of, the Roadway Improvements (in phases, as to the New River Improvements) in accordance with the terms of this DA no later than December 31, 2026. All design, permitting, and construction for the Roadway Improvements shall be in accordance with the standards promulgated by the County and shall include, but not be limited to, cross sections, drainage, and plan/profile sheets that are consistent with the applicable cross sections for the Roadway Improvements as set forth in the Enabling Documents. The final alignment and design of the Roadway Improvements shall be determined through the construction plans to be approved by the County hereunder (and which be in phases, as to the New River Improvements) and the same shall automatically supersede the depiction of the Roadway Improvements set forth on **Exhibit "B-1"** and **Exhibit "B-2"** without any further approvals of the Pasco County Board of County Commissioners. Plan/profile sheets and cross section drawings shall indicate the location(s) of drainage inlets and roadway facilities. Except as otherwise provided in this DA, any Roadway Improvement-related wetland and floodplain impacts and compensation shall be included in the design and indicated on the applicable plans.

b. Roadway Drainage Facilities: Developer shall provide drainage for the ultimate configuration of Kiefer Road as a 4-lane roadway with the VOPH 142-BB typical cross-section. Roadway drainage facilities, either on-site or off-site, if not commingled or combined with drainage facilities for the Project or any other facilities or developments along the route of the Roadway Improvements shall be owned, operated, and maintained by the County subsequent to the expiration of the three (3) year Defect Guarantee period as set forth herein. Developer may, however, request of the County that Developer, a Community Development District validly existing under Chapter 190, Florida Statutes (a "**CDD**"), or other legal entity as may be approved by the

County, be allowed to maintain these facilities for the County roadways. If such request is granted, Developer or CDD, as applicable, shall provide appropriate easements to the County so that the County has the ability to maintain the facilities in the event Developer or CDD, as applicable, defaults on its obligations to maintain the facilities. If the Roadway Improvements drainage facilities are commingled or combined with drainage facilities of the Project or any other facilities or developments along the route of the Roadway Improvements, all such drainage facilities shall remain owned by the underlying land owner, including Developer where applicable, and operation and maintenance of the same shall be the responsibility of the respective underlying land owner (or a CDD or other similar legal entity as may be approved by the County). The underlying landowner (or a CDD or other similar legal entity as may be approved by the County) shall be responsible for the design, permitting, and construction of all such commingled or combined drainage facilities, unless otherwise approved by the County. Appropriate easements to the County, as applicable, shall be provided on all lands owned by Developer and shall be obtained from all other underlying land owners, by condemnation if necessary (subject to the provisions hereof concerning the awarding of the TDF Credits), of land containing drainage facilities serving the Roadway Improvements, including those facilities that are commingled or combined, so the County has the ability to maintain the facilities associated with the Roadway Improvements in the event Developer or other respective underlying land owners default on its (their) obligation to maintain the facilities.

c. Wetland and Floodplain Mitigation: In the event that the permitted floodplain mitigation area(s) for the impacts associated strictly with the Roadway Improvements are permitted and constructed separately and distinctly from impacts associated with the Project or any other facilities or developments, the County, as applicable, will accept ownership and maintenance responsibilities subsequent to successful completion of the maintenance and monitoring period and acceptance by the governing agency(ies). If the permitted floodplain mitigation areas related to the Roadway Improvements are commingled/combined with floodplain mitigation areas of the Project or any other facilities or developments, all the floodplain mitigation areas shall be permitted, owned, operated, and maintained by the underlying landowner, including Developer or CDD, where applicable. In such an event, appropriate easements shall be provided to the County, as applicable, for

the floodplain mitigation areas associated with the Roadway Improvements which are owned by Developer and shall be obtained, by condemnation if necessary, from all other underlying landowners of land containing such mitigation areas serving the Roadway Improvements, including those areas that are commingled or combined, so the County has the ability to maintain the facilities in the event Developer or other underlying land owner defaults on its (their) obligations to maintain the facilities. If wetland impacts are necessary for the construction of the Roadway Improvements (if the Roadway Improvements are part of a comingled project, only for the portion of such comingled project that is attributable to the Roadway Improvements), Developer shall obtain credits from a wetland mitigation bank with credits available (and which will satisfy the applicable governmental bodies and agencies) for such wetland impact at the lowest available cost for such credits, and Developer shall be entitled to TDF Credits from the County for Developer's actual out-of-pocket expense in obtaining such credits.

d. County Review and Approval of Design: Developer has completed and submitted one hundred percent (100%) design plans for the applicable Roadway Improvements to the County for review and approval. Any reviews and approvals by the County shall be completed by the County within the applicable timelines required by the County's Standard Review Time frames pursuant to the County's Development Manual if applicable to the Planning, Development, and Economic Growth Department or, if applicable to the Transportation Engineering Department, within such department's standard review timelines. All plans for the Roadway Improvements, once accepted and approved for construction by the County, shall become the property of the County.

e. Permitting Requirements: Developer and/or its contractor shall obtain any and all required permits for the work it is to perform from the County, and any and all applicable local and State regulatory agencies, including the Southwest Florida Water Management District.

f. County Cooperation: The County shall, upon Developer's request, cooperate with Developer in processing permit applications, and Developer agrees to use its best efforts to expeditiously secure all permits that are necessary for the design and construction of the applicable phases of the Roadway Improvements.

g. County Review: Developer agrees and recognizes that the County shall not be held liable or responsible for any claims which may result from any actions or omissions of Developer or engineers/contractors selected by Developer, in which the County participated, either through review or concurrence of their actions. In reviewing, approving, and/or rejecting any submissions or acts of Developer or engineers/contractors selected by Developer, the County in no way assumes or shares any of the responsibility or liability of Developer or its consultants, contractors, or registered professionals (architects and/or engineers) under this DA. All work covered under this DA shall be performed in accordance with good engineering practice, and all established design criteria and procedures shall be followed. The County will review the submittals, although detailed checking will not necessarily be done. Developer or engineers/contractors selected by Developer remain solely responsible for the work and are not relieved of responsibility by review comments.

h. Utilities Relocation: Developer shall coordinate the relocation of any utilities infrastructure in conflict with the Roadway Improvements, including County utilities. Relocation of any utilities infrastructure which is in conflict with the Roadway Improvements, including County utilities, shall be completed and paid for by the owner of the utilities infrastructure to the extent required by Sections 337.403-337.404, F.S. County shall be ultimately responsible for ensuring that any County utilities are relocated in a timely manner at the sole cost of the County Utilities Department. The County agrees, upon request of Developer, to cooperate with Developer in requiring the relocation of any such utilities infrastructure to the extent allowed by Sections 337.403-337.404, F.S., in a timely manner.

i. Right-of-Way Acquisition:

(1) Subject to the issuance of the TDF Credits as provided for herein, Developer shall be responsible for satisfying the Drainage and Mitigation Obligations and the Right-of-Way Obligations, which include acquiring, dedicating or causing to be dedicated, any right-of-way needed for the construction of the Roadway Improvements, including the Roadway Appurtenances (except where the County has agreed to acquire the right-of-way or has already acquired the necessary right-of-way), and which may include, but not be limited to, lanes of travel, shoulders, striping, signalization, signage, medians, on-site

stormwater drainage facilities, off-site stormwater drainage facilities, floodplain mitigation, wetland mitigation, guardrails, handrails, sidewalks and multi-use paths, and any other necessary appurtenances, together with other right-of-way for future segments of Tyndall Road which are not being constructed by Developer. The County acknowledges that the landowner to the west of the MPUD, Brightman Logan, as Trustee of the Brightman Logan Revocable Trust created under agreement dated January 23, 1991 ("**Logan**") including ROW Parcels 106 (A-C), and the slope easement over Slope Area 106H, all as shown on the Right-of-Way Acquisition Map (collectively, the "**Logan ROW**"), has agreed to convey the Logan ROW to the County for the construction of the Roadway Improvements. The consideration paid concerning the Logan ROW is a matter between the County and Logan, and not Developer. Developer shall not be obligated to acquire the Logan ROW and the conveyance of the same shall occur between the County and Logan, but in any event shall be a condition to the County's acceptance of the Roadway Improvements. Logan is hereby joining in this DA for the purposes of acknowledging and agree that it will accept the sum of $357,770.00 in mobility fee credits (no cash) (but which such credits shall not apply to the External Improvement Fee portion of the TDFs) for the conveyance of the Logan ROW to the County based on a value of $70,000.00 per acre for the Logan ROW (ROW Parcel No. 106A being 0.770 acres, ROW Parcel No. 106B being 2.017 acres and ROW Parcel No. 106C 2.324 acres, for a total of 5.111 acres). Logan will deliver the special warranty deed within 30 days of the BCC's approval of this DA.

The parties also knowledge that a portion of the land upon which the Roadway Improvements are to be constructed is the subject of the Temporary Construction and Access Easement for Kiefer Road recorded at Official Records 10951, Page 2236 of the Public Records of Pasco County, Florida (the "**School Board Easement**"). The School Board Easement permits the construction and use of a portion of the Roadway Improvements on land currently owned by the District School Board of Pasco County (the "**School Board**"). The original Grantee of the School Board Easement, JP Land Holdings LLC, a Delaware limited liability company, has assigned its rights thereunder to Developer, as developer of the MPUD. Because the School Board Easement expressly permits the assignment of the grantee's rights and/or obligation thereunder to Developer and to the County, if requested by the County, Developer will partially assign its rights arising under the School

Board Easement to the County prior to acceptance of the Roadway Improvements. Developer represents and warrants to the County that the satisfaction of the Right-of-Way Obligations and the County's acceptance of the assignment of the School Board Easement, or the County's acquisition of fee simple title to the land over which the School Board Easement runs, includes all land on which the Kiefer Improvements are to be constructed. The County will acquire fee title of the School Board Easement property within 30 days of the BCC's approval of this DA.

6. INTERSECTION IMPROVEMENTS BIDDING AND CONSTRUCTION

a. Competitive Selection of Contractors: With respect to construction of the Roadway Improvements (as may be phased in accordance with the terms hereof), Developer, at its election, shall comply with either the County's Developer Pipeline Bid and Payment Process document in effect as of the effective date of this DA or other County-approved bid and payment processes; provided, however, Developer may satisfy the bidding procedures in the County's Developer Pipeline Project Provisions document by providing such documentation reasonably acceptable to the County demonstrating that, unless otherwise approved by the County Administrator or designee, Developer solicited for bids and attempted to secure bids from at least three (3) qualified bidders and awarded a contract for the applicable portion, phase, or segment of the Roadway Improvements with costs consistent with other comparable projects located within Pasco County, as reasonably determined by the County. To that end, the Developer shall retain full control of any and all bids and determinations regarding bidder qualification and determination of the qualified lowest bidder. The Developer may elect in its reasonable discretion to award the bids of portions, phases, or segments of the Roadway Improvements to a qualified bidder that is not the lowest overall bidder; provided however, any TDF Credit amounts for construction of the Roadway Improvements that are the subject to such bid may be limited to quantities and amounts awarded in comparable projects located in Pasco County, Florida, as reasonably determined by the County. The County acknowledges that this project (the construction of the Roadway Improvements, together with all associated drainage and improvements) has been formally bid, a contract has been executed and a notice-to-proceed has been issued to the low-bidder (Ripa & Associates or its affiliate). Any

creditable costs incurred by the Developer pursuant to such contract for the construction of the Roadway Improvements prior to execution of this DA are eligible for TDF Credits pursuant to the terms and conditions hereof.

b. Roadway Improvements Construction: Developer shall proceed and complete the construction of the Roadway Improvements in accordance with the final alignment, design, specification, and construction plans as approved by the County, and other applicable Federal, State, and regional regulatory agencies. Notwithstanding any other provision of this DA, Developer may design and construct the New River Improvements in phases provided that: (a) the Kiefer Improvements have been completed, accepted and the defect guarantee for the same posted in favor of the County in accordance with Section 8.b hereof; (b) the phase of the New River Improvements to be constructed provides access from a phase of development within the MPUD through the New River Improvements to Curley Road via the Kiefer Improvements; and (c) the northernmost phase of the New River Improvements providing access to a phase of development within a MPUD must include the remaining, northernmost section of the New River Improvements within the MPUD extending to Tyndall Road. Developer shall be entitled to TDF Credits for the Kiefer Improvements and such phase(s) of the New River Improvements upon completion of such improvements, acceptance of the same by the County, and the posting the applicable defect guarantees in accordance with Section 8.b hereof.

c. Tender of Improvement Area: Upon the issuance of the Notice to Proceed by the Developer to its contractor the area covered by Notice to Proceed shall be deemed to be tendered to the Developer's contractor and such entity shall be in the custody and control of the project areas. The Developer's contractor shall be responsible for providing a safe work zone for the public.

d. County Observation: The County's personnel and authorized representatives reserve the right to inspect, observe, and materials test any and all work associated with the Roadway Improvements and shall at all times have access to the work being performed pursuant to this DA for the County's observation. However, should the County observe any deficiencies inconsistent with the plans or construction not in accordance with the specifications, the County shall notify Developer and its representative in writing, and

Developer shall, at its cost, correct the deficiencies, as necessary. Nothing herein shall require the County to observe or inspect the work on the Roadway Improvements. Developer shall be solely responsible for ensuring that the Roadway Improvements are constructed in accordance with the plans, specifications, and required standards of the County. Observations by the County that do not discover that construction is not in accordance with the approved plans, specifications, and required standards shall not be deemed a waiver of Developer's requirements herein.

e. Right-of-Way: Prior to the County's acceptance of the Roadway Improvements, Developer shall meet the applicable requirements of the County and cause any and all rights-of-way under their ownership/control, including rights-of-way for drainage facilities and floodplain mitigation, as necessary and appropriate, to be conveyed to the County. If any such drainage facilities or floodplain mitigation is required and not satisfied with ponds being conveyed to the County in fee simple, all such conveyances shall include access easements, be in a form acceptable to the Real Estate Division and be free and clear of all liens and encumbrances which restrict its use for road purposes, including exemption from all covenants and deed restrictions. If applicable for proposed co-mingled ponds and associated stormwater facilities, an easement shall be required for drainage purposes into the stormwater system and pond(s) which holds the stormwater caused by the construction of the Roadway Improvements.

f. Construction Requirements: During the construction phases of the Roadway Improvements, Developer shall:

(1) Provide its own on-site inspection and observation by a professional engineer registered in the State of Florida for the purpose of observing and inspecting all construction to ensure it is built according to the plans and specifications (CEI). Such professional engineer shall be approved by the County.

(2) Obtain all necessary Right-of-Way Use Permits from the County for the applicable phases.

(3) Be responsible for supervising and inspecting the construction of the Roadway Improvements and shall be responsible for ensuring the accuracy of all reference points, grade lines, right-of-way lines, and field measurements associated with such construction.

(4) Be responsible for full and complete performance of all applicable phases of construction activities required pursuant to this DA. Developer's contractor shall be responsible for the care and protection of any materials provided or work performed for the Roadway Improvements until the improvements are completed and accepted by the County, which acceptance shall not be unreasonably withheld.

(5) Require testing by an independent laboratory, acceptable to the County in accordance with Pasco County Transportation Engineering Department's testing specifications for construction of roads, stormwater drainage, and utilities as applicable. Any failed tests shall be reported to the County Engineer or designee immediately, and all test reports shall be provided on a quarterly basis to the County Engineer or designee.

(6) Provide a certification from a professional engineer registered in the State of Florida which shall certify that all designs, permits, and construction activities for the applicable Roadway Improvements are in substantial conformance with the standards established by the County. Said certification shall conform to the standards in the industry and be in a form acceptable to the County.

(7) Provide to the County copies of all design drawings, as-built drawings, permits and post-construction permit close-outs/satisfactions received for the applicable Roadway Improvements, as applicable, and such information shall become the property of the County upon submission. All plans submitted to the County shall include electronic files compatible with *AutoCADD*.

7. TRANSPORTATION DEVELOPMENT FEES, CREDITS AND REIMBURSEMENTS

a. The Project shall be assessed TDFs in accordance with the Enabling Documents and the County's adopted regulations, subject to the provisions of this DA.

b. Upon the effective date of this DA, County agrees to post, in a separate TDF account, the portion of the TDF from within the MPUD, less the External Improvement Fee portion of the TDFs,

paid to the County from within the MPUD ("**Magnolia Island TDF Paid Account**"); provided, however, that the County shall not be required to post in such separate account the TDFs received from within the MPUD once the County has received TDFs that exceed the estimated cost of the Creditable Expenditures (as hereinafter defined), as established by an engineer's cost estimate provided by Developer after the bid has been awarded for the construction of the Roadway Improvements.

c. Developer shall receive fee credits against the TDF (but which such credits shall not apply to the External Improvement Fee portion of the TDFs) ("**TDF Credits**") for the actual, reasonable amounts spent for the Roadway Improvements and the other fee creditable items as set forth herein, which include the following: actual, reasonable, and eligible amounts spent by Developer for the Roadway Improvements shall include design, permitting and construction costs (including, without limitation, the cost of mass grading, any subsurface/soil stabilization work, bonding and insurance costs, testing and CEI expenses and services (shall be submitted on an hourly rate basis), the Drainage and Mitigation Obligations and, to the extent permitted hereby as more specifically set forth below in this subsection 7(c), the Right-of-Way Obligations (all such costs and expenses, the "**Creditable Expenditures**"). The Creditable Expenditures shall include any payments to vendors for project costs of the Roadway Improvements that were made or otherwise incurred before the date this DA is fully executed, provided that the such costs are otherwise substantiated by the County is accordance with the other terms and conditions of this DA. TDF Credit-eligible expenditures must be segregated from site related expenditures within the invoicing/schedule of values provided the improvements are designed and/or constructed simultaneously. Notwithstanding any other provision of this Agreement: (a) the Developer shall not be entitled to TDF Credits for the dedication of right-of-way unless such right-of-way was acquired by Developer from third parties for the dedication of the same to the County in accordance with subsection (b) of this sentence (and such third parties were at the time of such acquisition not already obligated to convey such right-of-way pursuant to a rezoning condition of approval or other agreement between such third party and the County) and such right-of-way is required pursuant to the County-approved construction plans; and (b) the TDF Credits to be awarded to Developer for the acquisition of right-of-way from third parties as part

of the Right-of-Way Obligations shall be limited to the lesser of the actual cost of such acquired right-of-way or Seventy Thousand and no/100 Dollars ($70,000.00) per gross acre for such acquired right-of-way unless otherwise approved by the County Administrator or designee; provided, however, that the County acknowledges that Developer has funded the County's acquisition of certain right-of-way for Kiefer Road from Kirland pursuant to the Kirkland Agreement in the amount $306,458.75, which such amount is based on the sum of Seventy Thousand and no/100 Dollars ($70,000.00) per gross acre for the subject right-of-way, plus the County's closing costs associated with the acquisition of such right-of-way, and the County shall issue Developer TDF Credits for the full amount of such $306,458.75. Unless otherwise approved by the County Administrator or designee, Creditable Expenditures for each phase shall not exceed the following:

(1) Bonding – 1.5% of total construction contract price

(2) Insurance - 1% of total construction contract price

(3) Testing - 3% of total construction contract price

(4) CEI – 12 % of total construction contract price

(5) Design & Permitting - 12% of total construction contract price

d. Upon completion of design of the applicable phase of the Roadway Improvements, Developer shall be eligible to apply for and receive TDF Credits for Creditable Expenditures, but if Developer applies for such TDF Credits for such design and permitting costs prior to the determination of the construction contract price for the applicable phase of the Roadway Improvements, the final TDF Credits for such phase shall be adjusted upon the completion of construction of the applicable Roadway Improvements to ensure that the TDF Credits for the Design and Permitting do not exceed 12% of the total construction contract price for the applicable phase as set forth above. Requests for TDF Credits may be submitted to the County at a frequency no greater than monthly and in accordance with the guidance outlined in the County's "Developer Pipeline Project Provisions" document, unless otherwise provided for herein. The County shall establish a credit in an account entitled the "**Magnolia Island TDF Credit Account**" for all undisputed Creditable Expenditures within sixty (60) days of submittal. Any disputed amounts not approved prior to the end of the sixty (60) day period will be carried

over to the next submittal for credit or denial. Should any amount be denied for credit, Developer may appeal such decision in a manner consistent with the Enabling Documents or the County's adopted mobility fee regulations. All such requests and invoices shall be submitted to the County within ninety (90) days of final acceptance of the applicable phase of the Roadway Improvements by the County as applicable, or for amounts under dispute, no later than ninety (90) days after the conclusion of the dispute, unless extended by the County Administrator or designee, but in no event more than thirty-six (36) months after the completion of the Roadway Improvements and their acceptance by the County or applicable CDD. The County agrees to place or list the Roadway Improvements in the CIP, CIE, Transportation Element or LRTP to the extent necessary to allow for the TDF Credits provided for herein.

e. Simultaneously with the first two requests for credit issuance, Developer may apply to exchange TDF Credits to be established in the Magnolia Island TDF Credit Account for cash reimbursements from the Magnolia Island TDF Paid Account. Thereafter, requests to exchange TDF Credits in the Magnolia Island TDF Credit Account for cash reimbursements from the Magnolia Island TDF Paid Account may be submitted to the County at a frequency of no greater than quarterly. All such exchange requests shall include documentation identifying the amount of the TDFs (excluding the External Improvement Fee portion of the TDFs) Developer believes have been collected by the County since Developer's last exchange request and identifying the corresponding lots, parcels and/or addresses. To the extent that funds exist in the Magnolia Island TDF Paid Account, County shall make the cash reimbursement payment to Developer within sixty (60) days of submittal. The cash reimbursement payment to Developer shall be subject to all other requirements of the Prompt Payment Act. All cash reimbursements from the Magnolia Island TDF Paid Account shall result in a corresponding decrease in the Magnolia Island TDF Credit Account.

f. Developer may sell and assign TDF Credits against the TDF (excluding the External Improvement Fee portion of the TDFs) from the Magnolia Island TDF Credit Account to end users anywhere within VOPH and execute credit letters to be presented to the County. Developer may also elect to register its TDF Credits for sale at par value with the VOPH Fee Credit Registry. End users may not use credits

for the External Improvement Fee portion of the TDFs. It is anticipated that, to the maximum extent possible, TDF Credit letters will be submitted to the County whenever Developer has County approved TDF Credits to cover the TDFs fees that are due.

g. The County reserves the right to pay out annually the cash value of any unused, accrued, TDF Credits to Developer and such cash value shall be removed from any credit balance.

8. PERFORMANCE, PAYMENT AND DEFECT GUARANTEES

a. Performance and Payment Guarantees: Prior to commencing construction of the Roadway Improvements, Developer shall post in favor of the County and provide the County, for its approval, performance and payment guarantee(s) acceptable to the County to guarantee payment as required by law and to guarantee performance of its contractual obligations. The performance and payment guarantee(s) shall be with a bank, surety, or other financial institution acceptable to the County, which is authorized to do business in the State of Florida, and which has an "A" policyholders rating and a financial rating of at least Class VII in accordance with the most current Best's Key Rating Guide. The performance and payment guarantee(s) shall be in the amount of 125% of the Construction Contract, be in a form acceptable to the County Attorney's Office, and comply with section 255.05, Florida Statutes. Within sixty (60) days of final acceptance of the Roadway Improvements by the County, the County Administrator or designee shall issue a memorandum to release the performance guarantee and accept the defect guarantee required below.

b. Defect Guarantees: Upon completion of the Roadway Improvements and final acceptance by the County, Developer shall guarantee to the County that all equipment furnished and work performed is free of defects in workmanship or materials for a period of three (3) years for improvements in the County's right-of-way after final acceptance, and, that if any part of the construction should fail within this period, it shall be repaired, replaced, and/or restored to satisfactory condition and/or operation at no cost to the County. The performance guarantee for the Roadway Improvements may cover this guarantee, if it remains in place for a period of three (3) years for improvements in the County's right-of-way in an amount equal to fifteen percent 15% of the applicable construction contract amount or Developer may post a separate defect guarantee

acceptable to the County. Developer is required to advise the County of the warranty option it has selected prior to the County's final acceptance of the Roadway Improvements. Developer shall be responsible for requesting, in writing, a final inspection from the County's Transportation Engineering Inspections Division not before ninety (90) days prior to the termination of the three (3) year defect guarantee period. Upon receipt of the request for final inspection, the Engineering Inspections Division shall notify Developer within ten (10) days of such request, providing a list of defects in workmanship or materials to be remedied by Developer before the expiration of the three (3) year defect guarantee period. Within sixty (60) days of the remedy of any defects in materials or workmanship, or in the case of no defects, but in any case, no sooner than the expiration of the three (3) year defect guarantee period, the County Administrator or designee shall issue a memorandum to release the defect guarantee.

9. INDEMNIFICATION AND INSURANCE

a. Indemnification: Developer shall indemnify and hold harmless the County and its employees and agents from and against all liabilities, claims, suits, demands, damages, losses, and expenses, including, but not limited to, attorneys' fees arising out of or resulting from the performance of the Roadway Improvements, provided that any such liability, claim, suit, demand, damage, loss or any expense: (a) is attributable to bodily injury, sickness, disease or death, or injury to or destruction of tangible property (other than the Roadway Improvements itself), including the loss of use resulting therefrom; and (b) is caused in whole or in part by an act or omission of Developer or anyone directly or indirectly employed by Developer, or anyone for whose acts any of them may be liable.

Developer shall indemnify and hold harmless the County and anyone directly or indirectly employed by the County from and against all claims, suits, demands, damages, losses, and expenses including, but not limited to, attorney's fees, arising out of any infringement of patent rights, copyrights, trademarks, trade dress, or other intellectual property rights held by others in connection with the performance of the Roadway Improvements, and shall defend all such claims in connection with any alleged infringement of such rights.

b. Insurance - Developer's contractor(s):

Prior to the execution of the construction agreement for the Roadway Improvements between Developer and its contractor, the contractor shall provide Developer a certificate of insurance and a true and exact copy of all insurance policies, including additional insured endorsements. Said insurance coverage, and contracts for insurance other than Worker's Compensation and Employer's Liability Policy, shall name the following as additional insureds:

Developer

HOMES BY WESTBAY, LLC
4065 Crescent Park Drive

Pasco County, Florida
Pasco County Government Center
Attn: County Administrator
8731 Citizens Drive, Suite 310
New Port Richey, FL 34654
Fax: (727) 847-8084

General Conditions For All Required Policies:

All insurance shall be provided by responsible companies authorized to transact business in the State of Florida which have an "A" policyholder's rating and a financial rating of at least Class VIII in accordance with the most current Best's Key Rating Guide.

Developer's contractor(s) will provide evidence of insurance coverage as follows:

To Developer:

One (1) true and exact copies of all required insurance policies, including additional insured endorsements, and

One (1) original executed Certificate of Insurance on the form provided by the County.

To the County:

One (1) true and exact copies of all required insurance policies, including additional insured endorsements, and

Four (4) original, executed Certificate of Insurance on the accord form provided by the County

The Certificate should set forth the original signatures of the authorized representative of the insurance company(ies) identified. The Certificate should also reference the Agreement between Developer and its contractor for the Roadway Improvements.

All policies shall require the insurer to deliver to Developer and the County thirty (30) days written notice prior to any cancellation, intent not to renew or reduction in coverage and ten (10) days written notice of any nonpayment of premium. Such notice shall be delivered by U.S. Mail to the above addresses.

The insurance required herein shall be primary to any insurance or self-insurance program of Developer or the County which is applicable to the work provided.

The County shall have the right to review and approve the provided insurance coverage prior to the execution of the construction agreement or issuance of the Notice to Proceed, whichever is earlier.

Insurance Certificates and Policies provided by Developer's contractor will provide evidence of insurance coverage in amounts as follows:

The insurance carrier is required to waive its rights of subrogation against Developer and the County as well as their agents and employees.

Employer's Liability:	$1,000,000 per accident
Commercial General Liability:	$2,000,000 general aggregate
Product & Complete Operations:	$2,000,000 general aggregate
Bodily Injury (including death):	$1,000,000 per person
	$2,000,000 per occurrence
Personal Injury & Advertising Injury:	$500,000 per occurrence
Property Damage:	$1,000,000 per occurrence
Fire Damage:	$500,000 per any (1) fire
Hired & Non-Owned Autos	
or Automobile - Owned Bodily	
/Personal Injury Property Damage:	$1,000,000 combined single limit
Excess/Umbrella Liability:	$3,000,000 per occurrence
	$3,000,000 general aggregate

c. Insurance - Developer’s Engineer

Prior to the execution of the agreement for the Roadway Improvements between Developer and its engineer, the engineer shall provide Developer and County evidence of insurance coverage as follows:

Professional Errors and	$1,000,000 per occurrence
Omissions Liability:	

Occurrence from professional liability insurance is preferred, however, in the event the engineer is only able to secure claims made professional liability insurance, the engineer shall be obligated in the agreement between

Developer and the engineer to maintain insurance in effect with no less limits of liability nor any more restrictive terms and/or conditions for a period of five (5) years from the date of said agreement.

10. GENERAL PROVISIONS

a. Independent Capacity: Developer and any consultants, contractors, or agents are and shall be, in the performance of all work, services, and activities under this DA, independent contractors and not employees, agents, or servants of the County or joint ventures with the County. Developer does not have the power or authority to bind the County in any promise, agreement, or representation other than specifically provided for in this DA. The County shall not be liable to any person, firm, or corporation who contracts with or provides goods or services to Developer in connection with the Roadway Improvements or for debts or claims accruing to such parties against Developer. There is no contractual relationship expressed or implied between the County and any other person, firm, or corporation supplying any work, labor, services, goods, or materials to Developer as a result of the Roadway Improvements.

b. Termination: The County may terminate this DA upon Developer's failure to comply with the terms and conditions of this DA. The County shall provide Developer with a written Notice of Termination, stating the County's intent to terminate and describing those terms and conditions with which Developer has failed to comply. If Developer has not remedied the failure or initiated good faith efforts to remedy the failure within ninety (90) days after receiving the Notice of Termination, or thereafter is not proceeding with due diligence to remedy the failure, the County may terminate this DA immediately without further notice, and Developer shall not thereafter be entitled to any impact fee credits, reimbursement, or compensation as provided herein. This paragraph is not intended to replace any other legal or equitable remedies available to the County under Florida law, but it is in addition thereto. This DA shall automatically terminate upon the full and timely application of all TDF Credits and/or payment of all funds in the Magnolia Island TDF Paid Account (if the combination of the same is equal to the TDF Credits having been awarded to Developer pursuant to this DA) to Developer or its designees in accordance herewith, and thereafter, the County agrees to promptly process a formal termination of this DA and to cause the same to be recorded in the Public Records of Pasco County, Florida.

c. Contracts: All construction contracts entered into by Developer for the Roadway Improvements shall be made in accordance with all applicable laws, rules, and regulations; shall be specified by written contract or agreement; and shall be subject to each paragraph set forth in this DA. Developer shall monitor all contracts on a regular basis to ensure contract compliance. Results of monitoring efforts shall be summarized in written reports submitted to the County and supported with documented evidence of follow-up actions taken to correct areas of noncompliance. Developer shall cause the applicable portions of this DA to be included and made a part of any contract for the Roadway Improvements.

d. Law Compliance: Developer and the County will comply with all applicable Federal, State, and local laws, rules, regulations, and guidelines related to performance under this DA. In particular, Developer verifies and affirms that it is in compliance with the 8 USC, Section 1324, prohibiting the employment either directly or by contract, subcontract, or exchange of unauthorized aliens in the United States. The County will consider the employment of unauthorized aliens by Developer or by any contractor or vendor of Developer during the term of the DA a violation of the Immigration and Nationality Act. Such violation shall be cause for unilateral cancellation of this DA by the County.

e. Certification: Developer shall provide certification to the County, under the seal and signature of a registered, professional engineer that the Roadway Improvements have been constructed in accordance with the standards promulgated by the County; the contract documents; and this DA.

f. Notice: Whenever one (1) party gives notice to the other party concerning any of the provisions of this DA, including notice of termination, such notice shall be given by certified mail, return-receipt requested. The said notice shall be deemed given when it is deposited in the U.S. Mail with sufficient postage prepaid (notwithstanding that the return-receipt is not subsequently received). Notices shall be addressed as follows: HOMES BY WESTBAY, LLC, 4065 Crescent Park Drive, Riverview, FL 33578, Attention: Beth Bradburn, with a copy to Clarke G. Hobby, Esq., 109 N. Brush St., Suite 250, Tampa, FL 33602, Pasco County, c/o Assistant County Administrator (Development Services), West Pasco Government Center, 8731 Citizens Drive, Suite 320, New Port Richey, FL 34654, with a copy to David A. Goldstein, Chief Assistant County

Attorney, West Pasco Government Center, 8731 Citizens Drive, Suite 340, New Port Richey, FL 34654. These addresses may be changed by giving notice as provided for in this paragraph.

g. Entire Agreement: This DA embodies and constitutes the entire understanding and agreement between the parties with respect to the transactions contemplated herein, and this DA supersedes all prior and contemporaneous agreements, understandings, representations, communications, and statements, either oral or written; provided, however, that nothing shall relieve Developer of any development approval requirements or conditions previously imposed or authorized to be imposed under the County's LDC or Comprehensive Plan for future permits required by Developer. All exhibits attached hereto are incorporated herein by reference.

h. Modification and Amendment: Neither this DA, nor any portion hereof, may be waived, modified, amended, discharged, nor terminated, except as authorized by law pursuant to an instrument in writing, signed by the party against which the enforcement of such waiver, modification, amendment, discharge, or termination is sought and then only to the extent set forth in such instrument.

i. Waiver: The failure of any party to this DA to object to or to take affirmative action with respect to any conduct of the other which is in violation of the terms of this DA shall not be construed as a waiver of the violation or breach or of any future violation, breach, or wrongful conduct.

j. Contract Execution: This DA may be executed in several counterparts, each constituting a duplicate original, but all such counterparts shall constitute one (1) and the same agreement.

k. Gender: Whenever the contract hereof shall so require, the singular shall include the plural, the male gender shall include the female gender and the neuter and vice versa.

l. Headings: All article and descriptive headings of paragraphs in this DA are inserted for convenience only and shall not affect the construction or interpretation hereof.

m. Severability: Each provision of this DA and the related MPUD conditions of approval are material to the Board of County Commissioners approval of this DA. Accordingly, the provisions are not severable. In the event any section, sentence, clause, or provision of this DA or the related MPUD

conditions of approval are declared illegal or invalid by a body with jurisdiction to make such determination, the remainder of this DA and the related MPUD conditions of approval shall be suspended until such time the Board of County Commissioners modifies the DA or the related MPUD conditions of approval to address the illegal or invalid provision; provided however, such determination shall not affect the validity of entitlements that have received preliminary plan, preliminary site plan, plat, construction plan, Building Permit, or CO approval as of the date the determination is made. Developer-requested amendments to this DA and the related MPUD conditions of approval shall not be considered challenges to this DA or the related MPUD conditions of approval and decisions by the Board of County Commissioners regarding any Developer-requested amendments, or the like, shall not have the effect of suspending this DA or the related MPUD conditions of approval under any circumstances. Notwithstanding the foregoing, if a third party challenges any section, subsection, sentence, clause, or provision of the DA or the related MPUD conditions of approval and the challenged portion of the DA or the related MPUD conditions of approval are subsequently declared illegal or invalid, this DA or the related MPUD conditions of approval shall not be suspended, and shall remain in full force and effect except for that portion declared illegal or invalid. If any section, subsection, sentence, clause, or provision of this resolution is declared illegal or invalid as the result of a third-party challenge, Developer shall cooperate with the County to amend this DA or the MPUD conditions of approval to address the portion which has been declared invalid or illegal.

n. Construction: The parties hereby agree that each has played an equal part in the negotiation and drafting of this DA and, in the event any ambiguity should be realized in the construction or interpretation of this DA, the result of such ambiguity shall be equally assumed and realized by each of the parties to this DA.

o. Cancellation: This DA may be canceled by mutual consent of the parties to the DA.

p. Third Party Beneficiaries: Except for Logan, who has joined in this DA as set forth herein, nothing in this DA shall be construed to benefit any person or entity not a party to this DA.

q. Strict Compliance with Laws: Developer agrees that acts to be performed by it in connection with this DA shall be performed in strict conformity with all applicable Federal, State, and local laws, rules, regulations, standards, and guidelines.

r. Nondiscrimination: Developer will not discriminate against any employee employed in the performance of this DA or against any applicant for employment because of race, creed, color, handicap, national origin, or sex. Developer shall insert a similar provision in all contracts for the Roadway Improvements.

s. Signatories Authority: By the execution hereof, the parties covenant that the provisions of this DA have been duly approved and signatories hereto are duly authorized to execute this DA.

t. Right-of-Way Use Permit: Developer shall obtain Right-of-Way Use Permit(s) from the County as required by applicable law.

u. Controlling Law: This DA shall be governed by and construed in accordance with the laws of the State of Florida. Venue for any litigation arising from this DA shall be in Pasco County, Florida.

v. Successors and Assigns: The terms of this DA shall run with the land and be binding upon Developer and owners and their successors and assigns. Developer and owners may assign this DA and all its rights and obligations hereunder to any person, firm, corporation, or other entity, with the consent of the parties to this DA, which consent should not be unreasonably withheld or delayed, and any such assignee shall be entitled to all the rights and powers of such participation hereunder. Upon any such assignment, such assignee shall succeed to all the rights and obligations of the assignor hereto, and shall, for purposes of specific rights and/or obligations assigned, or otherwise, all purposes hereof, be substituted for such participant.

w. Force Majeure: In the event Developer's or County's performance of this DA is prevented or interrupted by consequent act of God, or of the public enemy, or national emergency, or a governmental restriction upon the use or availability of labor or materials, or civil insurrection, riot, racial or civil rights disorders or demonstration, strike, embargo, flood, tidal wave, fire, explosion, bomb detonation, nuclear fallout, windstorm, hurricane, sinkholes, earthquake, or other casualty, disaster, or catastrophe, or judgment, or

a restraining order or injunction of any court, Developer or County shall not be liable for such nonperformance, and the time of performance shall be extended for the number of days that the force majeure event prevents or interrupts Developer's or County's performance of this DA as reasonably determined by the other party. This paragraph shall not apply to force majeure events caused by Developer or under Developer's control, or caused by the County or under the County's control, as applicable. In the event that performance by Developer or County of the commitments set forth in this DA shall be interrupted or delayed in connection with acquisition of necessary governmental permits or approvals for the construction of the Roadway Improvements and which interruption or delay is caused through no fault of the party with a delayed performance, then the party with a delayed performance shall submit documentation to the other party regarding such event for review and concurrence. If such documentation shows that such event(s) have taken place, then the party with a delayed performance shall be excused from such performance for such period of time as is reasonably necessary after such occurrence to remedy the effects thereof, provided, however, in no event shall any such extension exceed three (3) months. Any requested extensions beyond such three (3) month period may only be accomplished by an amendment to this DA.

x. Notwithstanding any other provision of this DA, the County acknowledges and agrees that while Developer shall be primarily responsible for its obligations hereunder, such obligations may be satisfied, in whole or in part, by the performance of the Affiliates (as hereinafter defined) of Developer, its designated successors and assigns or their Affiliates, or any CDD ((individually, a "**Designated Entity**" or collectively, the "**Designated Entities**"). For purposes of this DA, "**Affiliates**" shall mean any individuals or entities that directly or indirectly, through one or more intermediaries, controls, are controlled by or are under common control with Developer, its principals or the designated successors or assigns of Developer. The County shall recognize Designated Entities' payment or performance of any obligations required in this DA or any agreement related to this DA, as payment or performance by Developer. Notwithstanding any other provision of this DA, to the extent the design, permitting and construction of any phases of the Roadway Improvements are

undertaken or paid for by a Designated Entity other than the Developer (such as a CDD), such Developer Entity shall be entitled to the TDF Credits for such applicable phases.

y. Public Records. Developer, its agents, and all contractors performing work under this Agreement, as applicable, shall comply with the requirements of Florida's Public Records Act, Chapter 119, Florida Statutes. To the extent required by Section 119.0701, Florida Statutes, each such party shall (a) keep and maintain those public records required by the County hereunder to perform the services under this Agreement; (b) upon request from the County's custodian of public records provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided for under Florida's Public Records law; (c) ensure that the public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement term and following completion of the Agreement if the applicable party does not transfer the records to the County; and (d) upon completion of the Agreement, transfer, at no cost to the County, all public records in possession of such party. Upon transfer, the party shall destroy any duplicate public records that are exempt or confidential and exempt from public records requirements. All records stored electronically must be provided to the County in a format that is compatible with the information technology systems of the County. All documentation produced as part of this Agreement will become the property of the County. This paragraph shall survive the expiration or termination of this Agreement.

IF ANY APPLICABLE PARTY HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE PARTY'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT TELEPHONE NUMBER (727) 815-7092, E-MAIL ADDRESS oeg@pascocountyfl.net, WEST PASCO GOVERNMENT CENTER, 8731 CITIZENS DRIVE, SUITE 135, NEW PORT RICHEY, FLORIDA 34654. Under Florida law, a company who fails to provide the public records to the County within a reasonable time may be subject to penalties under Section 119.10, Florida Statutes, and such non-compliance will constitute a breach of the Agreement and may serve as grounds for termination of this Agreement. Such records shall be and remain available at the applicable party's

place of business at all reasonable times during the term of this Agreement and for five (5) years after Agreement termination.

IN WITNESS WHEREOF, the parties hereto have by their duly authorized representatives executed this DA on the dates set forth below.

NOTICE OF PUBLIC HEARING ON A DEVELOPMENT AGREEMENT FOR PASCO COUNTY

PUBLIC NOTICE is hereby given that the Pasadena Hills Planning and Policy Committee will hold a public hearing **on Wednesday, May 21, 2025, at 1:30 p.m., at the Historic Pasco County Courthouse, Board Room, 2nd Floor, 37918 Meridian Avenue, Dade City, Florida**, the Pasco County Planning Commission, convened as the Local Planning Agency will hold a public hearing on **Thursday, June 5, 2025, at 1:30 p.m., at the Historic Pasco County Courthouse, Board Room, 2nd Floor, 37918 Meridian Avenue, Dade City, Florida**, and that the Pasco County Board of County Commissioners will hold a public hearing on **Tuesday, July 15, 2025, at 1:30 p.m., at the Historic Pasco County Courthouse, Board Room, 2nd Floor, 37918 Meridian Avenue, Dade City, Florida.** The proposed development agreement between Pasco County and HOMES BY WEST BAY LLC sets for the terms and conditions of development approval with respect to the Local Government Development Agreement for Zoning Amendment PDE25-0202 and will be considered at the stated time or as soon thereafter as possible.

The property subject to this development agreement is located on the south side of and abutting the future Tyndall Road, north of and abutting the future Kiefer Road and Curley Road: contains the following parcel 24-25-20-0000-00100-0000.

Information concerning these matters will be on file and available for examination by appointment only in the office of the Pasco County Planning, Development and Economic Growth Department, West Pasco Government Center, 8731 Citizens Drive, Suite 200, New Port Richey, Florida 34654, or anytime on our website: www.pascocountyfl.net. To make an appointment or for further information, you may call 727-847-8140. All interested parties may participate in the public hearing and be heard. To learn how to participate in this hearing virtually, which requires advance registration, please visit http://mypasco.net/meetingagendas.

Any person desiring to appeal any decision made by the Planning Commission or the Pasco County Board of County Commissioners with respect to any matter considered at any hearing will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which the appeal is to be based. Persons may obtain a verbatim record of the proceeding by contacting the Clerk and Comptroller's Office, East Pasco Government Center, 14236 6th Street, Suite 201, Dade City, Florida 33523-3414; or at (352) 521-4345.

For questions or inquiries about this meeting, members of the public can reach out to the County's Customer Service Center (727) 847-2411 or County Administration (727) 847-8115 or visit www.mypasco.net. To view the Local Planning Agency and Board of County Commissioners Agendas, please visit http://mypasco.net/meetingagendas.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact the County's Human Resources Department, Internal Services Building, 7536 State Street, New Port Richey, Florida 34654, (727) 847-8030 (V) at least 7 days before the public hearing, or immediately upon receiving this notification if the time before the public hearing is less than 7 days; if you are hearing or voice impaired, call 711.

Presentations

4 Sports Event Sponsorship Recap - American Association of Formative Football - AAFF - To Provide a Recap of the Florida Cup International
File Number DMO25-0088
Comm. Dist.
Recommendation Presentation Only

Ms. Sanchez reviewed the item and spoke regarding Mr. McKenzie Olivares, American Association of Formative Football, the partnership, and the event.

Mr. Olivares displayed a video and spoke regarding the partnership with Florida Sport's Coast, Sporting Patagonia, a location at the Richey Racquet's Sports Complex, earlier partners in Chile, a local tournament, sports club sponsorships, organizers in Brazil and Argentina, Champion's Accord, and that he was looking forward to a strong relationship.

Discussion was held regarding the tournaments; fields; parking; the teams; the age-range; soccer clubs; the well-organized event; the investment; marketing; payment; a potential non-profit to be able to help those without funds; other sports; sponsorship; and visa processing.

The item was for information only.

5 2025 - 2026 Marketing Matching Sponsorship Program Application Cycle - Various Event Organizers - To Open the 2025 - 2026 Marketing Matching Sponsorship Program Application Cycle - $100,000.00
File Number DMO25-0089
Comm. Dist.
Recommendation Presentation Only

Ms. Sanchez reviewed the item and spoke regarding marketing assistance, promotions from organizers, and signature events in Pasco.

The item was for information only.

6 Marketing Plan Monthly Report - Paradise Advertising & Marketing Inc.- To Present Advertising Campaign Development, Media Planning, and Social Media Strategy Updates
File Number DMO25-0091
Comm. Dist.
Recommendation Presentation Only

The item was not heard.

New Business

7 Communications Updates - Raul Nardi - Marketing & Communications Manager - To Provide an Update on Marketing, Social Media, Website, and PR Activities
File Number DMO25-0091
Comm. Dist.
Recommendation Presentation Only

Mr. Nardi used a PowerPoint presentation to review the item and displayed a video for the Tourism Banquet. He spoke regarding partners serving as distribution centers, the scallop season, media coverage, and use of a Paradise Charters vessel.

Discussion was held regarding scallops; the producer of the video; and the need for boats.

The item was for information only.

8 Sports Tourism Updates - Kayla Glazebrook - Sports & Special Events Program Coordinator - To Present an Update on Sports Tourism and Special Events Activities
File Number DMO25-0092
Comm. Dist.
Recommendation Presentation Only

Ms. Sanchez used a PowerPoint presentation to review the item and displayed a video. She spoke regarding the U.S. Wheelchair Rugby National Event, hosting the North American Chinese Association, the CLPSS, organizers from overseas, a visit by a Columbian organizer, and an event at Saddlebrook.

Discussion was held regarding hotel rooms; site visits; and the Mirada Lagoon.

The item was for information only.

9 Industry Relations and Sales Update - Gaby LaJeunesse - Tourism Sales Manager - To Provide and Update of Film Commission, Industry Relations, and Group Sales
File Number DMO25-0093
Comm. Dist.
Recommendation Presentation Only

The item was not heard.

10 DMO Director's Updates - Adam Thomas - Executive Director - To Provide STR and TDT Revenue Updates
File Number DMO25-0094
Comm. Dist.
Recommendation Presentation Only

Mr. Thomas used a PowerPoint presentation to review the item.

Discussion was held regarding number ten on the quadrants and that they would get information from the Tax Collector.

The item was for information only.

Old Business

11 FY 2025 Q2 Treasurer's Report - Destination Management Organization - To Report Financials Reports from January 1, 2025 to March 31, 2025
File Number DMO25-0095
Comm. Dist.
Recommendation

Mr. Thomas used a PowerPoint presentation to review the item.

This item was for information only.

12 Legislative Update - Destination Management Organization - To Provide an Update on the 2025 Legislative Session
File Number DMO25-0096
Comm. Dist.
Recommendation Presentation Only

Mr. Thomas used a PowerPoint presentation to review the item and spoke regarding the House Bill and that it had significant changes to the Tourist Development Tax.

Discussion was held regarding the Bill; DMOs; the bonds still in place; the impact on tourism; the ownership groups; the sales tax; what could be done; that there were no clear answers at this time; and a future analysis on the economic impact for employment.

This item was for information only.

Adjournment

Mr. Collard spoke regarding the opening day, his excitement for next year, and contracts signed to fully book for the next 10 years.

Mr. Ward spoke regarding services out at Saddlebrook for renovations.

Ms. Hayes spoke regarding the new menu at the Skybox Rooftop Bar, gratitude to Staff for receiving retail information, and a guide for foot traffic.

Chairman Starkey spoke regarding plans from the Porter family, parking, the newest additions downtown, a contract for apartments, a complex down Grand Boulevard, form-based code, development, and an attempted triathlon.

Discussion was held regarding the grand opening; gratitude for the invitations; the Starkey market; the Local Organization Committee logistics; partners throughout the County; a possible triathlon; and the event information for the next day.

The meeting adjourned at 11:03 a.m.

FORM 8B MEMORANDUM OF VOTING CONFLICT FOR COUNTY, MUNICIPAL, AND OTHER LOCAL PUBLIC OFFICERS

LAST NAME—FIRST NAME—MIDDLE NAME	NAME OF BOARD, COUNCIL, COMMISSION, AUTHORITY, OR COMMITTEE
COLLARD PASCAL	
MAILING ADDRESS 3988 ALDEA WAY	THE BOARD, COUNCIL, COMMISSION, AUTHORITY OR COMMITTEE ON WHICH I SERVE IS A UNIT OF: ☐ CITY ☐ COUNTY ☐ OTHER LOCAL AGENCY
CITY WESLEY CHAPEL COUNTY PASCO	NAME OF POLITICAL SUBDIVISION:
DATE ON WHICH VOTE OCCURRED	MY POSITION IS: ☐ ELECTIVE ☒ APPOINTIVE

WHO MUST FILE FORM 8B

This form is for use by any person serving at the county, city, or other local level of government on an appointed or elected board, council, commission, authority, or committee. It applies to members of advisory and non-advisory bodies who are presented with a voting conflict of interest under Section 112.3143, Florida Statutes.

Your responsibilities under the law when faced with voting on a measure in which you have a conflict of interest will vary greatly depending on whether you hold an elective or appointive position. For this reason, please pay close attention to the instructions on this form before completing and filing the form.

INSTRUCTIONS FOR COMPLIANCE WITH SECTION 112.3143, FLORIDA STATUTES

A person holding elective or appointive county, municipal, or other local public office MUST ABSTAIN from voting on a measure which would inure to his or her special private gain or loss. Each elected or appointed local officer also MUST ABSTAIN from knowingly voting on a measure which would inure to the special gain or loss of a principal (other than a government agency) by whom he or she is retained (including the parent, subsidiary, or sibling organization of a principal by which he or she is retained); to the special private gain or loss of a relative; or to the special private gain or loss of a business associate. Commissioners of community redevelopment agencies (CRAs) under Sec. 163.356 or 163.357, F.S., and officers of independent special tax districts elected on a one-acre, one-vote basis are not prohibited from voting in that capacity.

For purposes of this law, a "relative" includes only the officer's father, mother, son, daughter, husband, wife, brother, sister, father-in-law, mother-in-law, son-in-law, and daughter-in-law. A "business associate" means any person or entity engaged in or carrying on a business enterprise with the officer as a partner, joint venturer, coowner of property, or corporate shareholder (where the shares of the corporation are not listed on any national or regional stock exchange).

* * * * * * * * * * * * * * * * *

ELECTED OFFICERS:

In addition to abstaining from voting in the situations described above, you must disclose the conflict:

PRIOR TO THE VOTE BEING TAKEN by publicly stating to the assembly the nature of your interest in the measure on which you are abstaining from voting; *and*

WITHIN 15 DAYS AFTER THE VOTE OCCURS by completing and filing this form with the person responsible for recording the minutes of the meeting, who should incorporate the form in the minutes.

* * * * * * * * * * * * * * * * *

APPOINTED OFFICERS:

Although you must abstain from voting in the situations described above, you are not prohibited by Section 112.3143 from otherwise participating in these matters. However, you must disclose the nature of the conflict before making any attempt to influence the decision, whether orally or in writing and whether made by you or at your direction.

IF YOU INTEND TO MAKE ANY ATTEMPT TO INFLUENCE THE DECISION PRIOR TO THE MEETING AT WHICH THE VOTE WILL BE TAKEN:

- You must complete and file this form (before making any attempt to influence the decision) with the person responsible for recording the minutes of the meeting, who will incorporate the form in the minutes. (Continued on page 2)

APPOINTED OFFICERS (continued)

- A copy of the form must be provided immediately to the other members of the agency.
- The form must be read publicly at the next meeting after the form is filed.

IF YOU MAKE NO ATTEMPT TO INFLUENCE THE DECISION EXCEPT BY DISCUSSION AT THE MEETING:

- You must disclose orally the nature of your conflict in the measure before participating.
- You must complete the form and file it within 15 days after the vote occurs with the person responsible for recording the minutes of the meeting, who must incorporate the form in the minutes. A copy of the form must be provided immediately to the other members of the agency, and the form must be read publicly at the next meeting after the form is filed.

DISCLOSURE OF LOCAL OFFICER'S INTEREST

I, PASCAL COLLINS, hereby disclose that on MAY 21 ST, 20 23:

(a) A measure came or will come before my agency which (check one or more)

___ inured to my special private gain or loss;

___ inured to the special gain or loss of my business associate, _____;

___ inured to the special gain or loss of my relative, _____;

___ inured to the special gain or loss of _____, by whom I am retained; or

___ inured to the special gain or loss of _____, which is the parent subsidiary, or sibling organization or subsidiary of a principal which has retained me.

(b) The measure before my agency and the nature of my conflicting interest in the measure is as follows:

Items # 2 & 3

If disclosure of specific information would violate confidentiality or privilege pursuant to law or rules governing attorneys, a public officer, who is also an attorney, may comply with the disclosure requirements of this section by disclosing the nature of the interest in such a way as to provide the public with notice of the conflict.

MAY 21 ST

ITEM 12 - DMO25-0096

Legislative Update – Destination Management Organization – To Provide an Update on the 2025 Legislative Session

TDT Expansion - DIED

1. Rep. Eskamani (D, Orange) filed a bill identical to a bill she filed in 2022 but was never heard labeled **HB 6031** Tourist Development Taxes. **SB 1114** - Tourist Development Tax by Sen. Smith (D, Orange).

Large Scale DMOs - DIED

2. No movement this week on legislation filed by Sen. Smith (D, Orange) that would create a new statute for "Large Scale County Destination Marketing Organization" has another week without movement. **SB 1110** - Large-scale County Destination Marketing Organizations mandates the requirements for county DMOs with an annual budget of $5 million or more.

Visit Florida Budget - PASS

The House and Senate both allocated $80 million to VISIT FLORIDA.

Senate GAA

2128 SPECIAL CATEGORIES

GRANTS AND AIDS – VF FROM GENERAL REVENUE FUND ……30,000,000

FROM STATE ECONOMIC ENHANCEMENT

AND DEVELOPMENT TRUST FUND ……26,000,000

FROM TOURISM PROMOTIONAL TRUST

FUND ……24,000,000

TDT Redirection and TDC Termination

A few weeks back, amendments were filed in the House on two separate bills that would wipe out local tourism promotion and shift the funds to local governments for property tax reductions.

The language exists in the House Tax Package, **HB 7033** and **HB 1221** - Local Option Taxes by Rep. Monique Miller (R, Brevard)

Both bills passed the committees where they were filed despite a lot of opposition from both parties. Both bills also passed the Floor this morning and will now be sent to the Senate for consideration.

Here's what they do:

- Force 75% of Tourist Development Tax (TDT) revenue to be used as a property tax credit—eliminating funding for tourism promotion, marketing, and tourism facilities.
- Dissolve every Tourist Development Council in Florida by the end of the year.
- Mandate a public referendum on TDT every eight years, as a method of continuing the Property Tax discount.

TOURIST DEVELOPMENT COUNCIL
AGENDA MEMORANDUM

COMMISSION DISTRICT: **FILE NO.:** DMO25-0085 **DATE:** 5/21/2025

SUBJECT: Sports Event Sponsorship Agreement – WRHS Athletic Boosters Inc. – Title Sponsorship for the Florida's Sports Coast Stampede Sprint – Cross Country – Wiregrass Ranch Sports Campus – $2,000.00

THRU: Adam Thomas, Executive Director of Destination Management Organization

FROM: Consuelo Sanchez, Tourism Assistant Director

RECOMMENDED COMMITTEE ACTION:
Tourist Development Council recommends the Purchasing Department approve the Sports Event Sponsorship Agreement with WRHS Athletic Boosters Inc. for up to $2,000.00

BACKGROUND:
WRHS Athletic Boosters Inc. (WRHS), the local organizing committee for Wiregrass Ranch High School, seeks to establish Cross Country as a tourism-driven event within our destination. Their inaugural tourism event, the Florida's Sports Coast (FSC) Stampede Sprint, will be hosted at the Wiregrass Ranch Sports Campus of Pasco County (WRSC) in Wesley Chapel. This event marks a key opportunity to expand our portfolio of sporting events and strengthen our position as a hub for competitive athletics.

The FSC Stampede Sprint will take place on August 30th, welcoming approximately 50 teams. Of these, an estimated 10% will generate overnight stays. The event will feature elementary, middle, and high school competitors racing distances between one and five kilometers.

To ensure a high-quality inaugural experience, the event will operate with a controlled capacity, with the long-term objective of becoming an annual destination event. WRHS has formally requested funding assistance from the Destination Management Organization (DMO) via the Title Sponsorship, recognizing the need for additional marketing to establish and grow this event. This event represents an exceptional opportunity to position WRSC as a premier venue for cross country events. Early investment in marketing and operational support will pave the way for future bids, including regional qualifiers through the Florida High School Athletic Association. The DMO has already initiated collaboration with WRHS to advance these efforts, reinforcing the long-term value of this partnership.

To support the successful launch and long-term viability of this event, the DMO recommends funding of up to $2,000.00 for the Title Sponsorship of the FSC Stampede Sprint. This investment will not only ensure a strong debut for the event but also contribute to broader destination appeal and attract additional competitive opportunities in future years.

FISCAL IMPACT/COST/REVENUE STATEMENT:
Funding in the amount of $2,000.00 is available in Account "Event Sponsorships" in FY2025.

TOURIST DEVELOPMENT COUNCIL
AGENDA MEMORANDUM

COMMISSION DISTRICT: **FILE NO.:** DMO25-0086 **DATE:** 5/21/2025

SUBJECT: Sports Event Sponsorship Agreement – Mouratoglou Tennis Center Zephyrhills LLC - Title Sponsorship for the 2026 ITF Women's World Tennis Tour Tournament ($75K Prize) - Mouratoglou Academy - Tennis - $30,000.00

THRU: Adam Thomas, Executive Director of Destination Management Organization

FROM: Consuelo Sanchez, Tourism Assistant Director

RECOMMENDED COMMITTEE ACTION:
Tourist Development Council recommends the Purchasing Department approve the Sports Event Sponsorship Agreement with Tennis Pro Florida LLC for up to $30,000.00.

BACKGROUND:
In April of this year, the Sarah Vande Berg Tennis and Wellness Center underwent a rebranding as the Mouratoglou Academy (MA). The opening of this new center marks the first full-fledged U.S. academy of world-renowned coach Patrick Mouratoglou, the mastermind behind Serena Williams' legendary career.

The Mouratoglou Academy in Zephyrhills is a public-private partnership facility for Racquet Sports (Tennis, Padel, Pickleball, Beach Tennis). It also has an onsite student living apartment complex, a fully equipped Fitness Center; wellness amenities (cryotherapy, salt room, massage, cognitive performance, nutrition), and an on-site restaurant.

Following their second International Tennis Federation (ITF) Women's World Tennis Tour Tournament, MA will be hosting a $75,000.00 prize level tournament, The Florida's Sports Coast ITF Open. 64 internationally ranked tennis players from across the world will attend the 3rd Florida's Sports Coast Open, which will take place in April, 2026.

MA has proposed to the Destination Management Organization to be the Title Sponsor of the event (See Attachment 1) with the following benefits:

- Florida's Sports Coast is granted Title Sponsorship by naming the event "Florida's Sports Coast Open".
- Florida's Sports Coast name and logo on the flyer and all publications (digital and written)
- Florida's Sports Coast name and logo promotions in tournament flyers, distributed on social media platforms (website, Facebook, Instagram, etc.)
- Florida's Sports Coast will be recognized on TV channels and in newspapers.
- Florida's Sports Coast name and logo in the tournament program book distributed during the event.
- Florida's Sports Coast name on all volunteer t-shirts.
- 4 VIP parking passes, 4 VIP restricted zone area tickets, 4 VIP lounge access tickets, and 4 VIP invitations to the players' party.
- Opportunity to Guest Speak.

The DMO recommends moving forward with this sponsorship, as it is a great opportunity to continue drawing international attention not only to the venue, but also to our destination.

FISCAL IMPACT/COST/REVENUE STATEMENT:
Funding in the amount of $30,000.00 is available in Account “Sports Events Sponsorships” in FY 2025.

ATTACHMENT(S):

TOURIST DEVELOPMENT COUNCIL
AGENDA MEMORANDUM

COMMISSION DISTRICT: **FILE NO.:** DMO25-0087 **DATE:** 5/21/2025

SUBJECT: Marketing Sponsorship Agreement – Mouratoglou Tennis Center Zephyrhills LLC – FSC Brand Promotions at Mouratoglou Academy – $15,000.00

THRU: Adam Thomas, Executive Director of Destination Management Organization

FROM: Consuelo Sanchez, Tourism Assistant Director

RECOMMENDED COMMITTEE ACTION:
Tourist Development Council (TDC) recommends the Purchasing Department approve the Marketing Sponsorship Agreement with Mouratoglou Tennis Center Zephyrhills LLC for up to $15,000.00.

BACKGROUND:
In April of this year, the Sarah Vande Berg Tennis and Wellness Center (SVB) rebranded as the Mouratoglou Academy (MA), marking the first full-fledged U.S. presence of world-renowned coach Patrick Mouratoglou—the architect behind Serena Williams' legendary career. This transition presents a unique opportunity to strengthen Florida's Sports Coast's visibility within the international tennis community.

Since 2020, the Destination Management Organization (DMO) has partnered with Tennis Pro Florida, the former operator of SVB, through a Marketing Sponsorship Agreement to promote Florida's Sports Coast at the Tennis Center in Zephyrhills. With the current agreement set to expire on May 31, 2025, the DMO seeks to renew this sponsorship under the new MA branding for one additional year.

Marketing Sponsorship Details The renewed sponsorship will continue to ensure prominent exposure for Florida's Sports Coast across multiple platforms, including:

The Marketing Sponsorship includes:
1. Physical presence:
- FSC logo presence on 10 tennis courts
- FSC logo presence on side boundary wedges
- FSC logo presence in the David Waronker Centre Court (Exhibition Court)
- FSC magazine presence on the entryway table, and various counters within MA.

2. Digital:
- Social Media: Weekly highlights and mentions of FSC #FLSportCoast on FB and Instagram
- E-newsletter: FSC logo and link inclusion in the monthly edition of the MA E-newsletter
- Website: www.svbtenniscenter.com with links back to sponsors web page

3. Print
- Inclusion of FSC in printed media

The total promotional value of this proposal is $25,000.00 per year. However, MA is offering a special annual marketing sponsorship fee of $15,000.00 to our DMO, which they usually offer for a five-year sponsorship commitment.

MA has done a great job promoting Florida's Sports Coast brand on their website, E-Newsletter, and social media. Furthermore, they have been submitting quarterly reports showing how our brand has been highlighted on their digital outlets. The DMO recommends approval of the $15,000.00 sponsorship renewal, recognizing it as a cost-effective opportunity to maintain a strategic presence in a globally recognized academy while fostering long-term brand positioning and tourism growth.

FISCAL IMPACT/COST/REVENUE STATEMENT:
Funding in the amount of $15,000.00 is available in Account “Marketing Grants” in FY 2025.

COMMISSION DISTRICT: **FILE NO.:** DMO25-0088 **DATE:** 5/21/2025

SUBJECT: Sports Event Sponsorship Recap - American Association of Formative Football - AAFF - To Provide a Recap of the Florida Cup International

THRU: Adam Thomas, Executive Director of Destination Management Organization

FROM: Consuelo Sanchez, Tourism Assistant Director

RECOMMENDED COMMITTEE ACTION:
This presentation is for informational purposes only.

BACKGROUND:
AAFF, the operator of Chile's largest amateur youth soccer tournament, hosted the inaugural edition of the Florida Cup International from May 8 – 11 at the newly developed outdoor fields of the Wiregrass Ranch Sports Campus of Pasco County. This event marked an exciting milestone in international youth soccer, providing a unique platform for global competition and strengthening Florida's Sports Coast's reputation as a premier destination for sports tourism.

The Florida Cup International welcomed 11 teams from Chile, competing in divisions U11 to U15, alongside Florida-based teams from Miami, Ocala, Brooksville, and other regions across the state. The event fostered high-caliber competition, cultural exchange, and valuable exposure for local athletes.

Among other promotional benefits, Florida's Sports Coast received extensive brand visibility throughout the tournament, including:

1. International Team Jerseys: FSC's logo prominently featured on uniforms worn by Chilean teams.
2. On-Site & Digital Promotions: Branding integrated into all event materials, including signage, social media campaigns, and digital promotions before, during, and after the event.
3. Social Media Exposure: Strategic content placement across multiple channels, reinforcing FSC's presence to a global audience.
4. Exposure during the Rowdies game on Saturday evening.

The success of this first edition underscores the potential for future growth, opening doors for expanded international participation and increased visitor engagement. The Florida Cup International has demonstrated strong potential as a recurring event that aligns with our mission to attract high-profile sports tourism opportunities.

TOURIST DEVELOPMENT COUNCIL
AGENDA MEMORANDUM

COMMISSION DISTRICT: **FILE NO.:** DMO25-0089 **DATE:** 5/21/2025

SUBJECT: 2025 - 2026 Marketing Matching Sponsorship Program Application Cycle - Various Event Organizers - To Open the 2025 - 2026 Marketing Matching Sponsorship Program Application Cycle - $100,000.00

THRU: Adam Thomas, Executive Director of Destination Management Organization

FROM: Consuelo Sanchez, Tourism Assistant Director

RECOMMENDED COMMITTEE ACTION:
This presentation is for informational purposes only.

BACKGROUND:
The Destination Management Organization (DMO) is pleased to announce the opening of the 2025–2026 Marketing Matching Sponsorship Program (MMSP) application cycle, which covers events taking place in Pasco County between October 1, 2025, through September 30, 2026. The MMSP provides funding support to offset marketing and promotion expenses for up to $5,000.00 for artistic, cultural, and other unique events and festivals, enhancing Pasco County's appeal and attracting new visitors to our destination.

In 2021, the MMSP was updated to increase the maximum funding cap from $5,000.00 to $20,000.00 for Pasco County's Signature Events (Chasco Fiesta, Cotee Bike Fest, Kumquat Festival, and Pigs in Z/Hills BBQ & Blues Fest).

In 2023, the policy was once again updated to allow event organizers to apply and receive funding from the MMSP for multiple events during the same cycle (County Fiscal Year), organizers can increase promotions for qualifying events, which could translate into direct visitation to our destination.

In 2024, the Tourist Development Council recommended two additional incentives for eligible applicants of up to $5,000 to expand the marketing reach of their events beyond the Tampa Bay area:

1. Long-Distance Promotions Incentive – Provides up to $2,000 for extended marketing efforts.

2. Room Night Generation Incentive – Offers up to $3,000 for events that drive overnight stays within the county.

The application cycle will open from May 21 through July 11th, 2025, and funding requests will be presented to the Tourist Development Council at the August 20th meeting. Local events with the potential to attract visitors to Pasco County are highly encouraged to apply.

Something's Brewing

Beer lovers know that when they're traveling there's nothing like drinking local. Fortunately, on Florida's Sports Coast, you're sure to get your fill of lovingly brewed beer. Our destination has several craft breweries with lively tap rooms, where you and your family and friends can unwind and sample the unique creativity of our local brewmasters. Check out Escape Brewing Company, Infusion Brewing Co., Cotee River Brewing Company, Zephyrhills Brewing Company and In the Loop Brewing.

We've just scratched the surface on family- and group-friendly outings. Check out our Things To Do section for more ideas and details, and be sure to follow us on Facebook or Instagram for up-to-date information on events or festivals!

The ad loads on what is known in the Arcade world as "Attract mode."

A looping animation shows how the user can use the cursor to click on a swimming scallop to collect it.

When the user clicks or touches the ad, the game will begin.

Advertising Campaign Development: Local Palate Summer Road Trip 2 Page Spread

EXPERIENCE THE ULTIMATE UNDERWATER TREASURE HUNT ON FLORIDA'S SPORTS COAST

Just north of Tampa in Pasco County, Florida's Sports Coast is a road trip destination that invites you to jump in, try something new, and savor every moment. After all, we're of the firm belief that "life's a game," and one of the best ways to play—especially in the heat of summer—is to gather the whole family and head out on the water for scalloping season.

If you've never tried it before, scalloping is similar to an underwater Easter egg hunt. From mid-July to mid-August, you can snorkel through the shallow Gulf waters, searching the seagrass beds for bay scallops, keeping an eye out for the reflection of their eyes into the water. Spot them, scoop them up, and drop them in your bag! No experience is required—just a bit of curiosity and a love of the water.

NEW TO THE GAME? LOCALS MAKE IT EASY TO JOIN.

You can book a guided trip with someone like Captain Mark Dillingham from Inshore Adventures or Captain B from Anclote Charters, who can lead you straight to the best spots. Plus, when you book a charter, everything you need is included: snorkel gear, dive bags, and a saltwater fishing license. However, most boats are limited to four passengers, so keep that in mind if you've got a bigger group! If you're bringing your own boat, plan to launch from Nick's Park in Port Richey, and don't forget to pick up a saltwater fishing license before you go.

Scallops tend to hang out in grassy or sandy spots, and people who have been scalloping for years will tell you that if you don't see any right away, don't waste your time. Move on and try somewhere new! Watch where other boats are anchored or chat with folks out on the water. It's all part of the adventure.

FROM THE GULF TO YOUR PLATE.

After a few hours on the water, you'll head back to shore with a cooler full of scallops—and hopefully, a well-earned appetite. Next, it's time to clean your scallops (locals have all kinds of methods, including a wet vac!), but once that's done, the fun continues. Several local restaurants will cook your catch for you, like Get Hooked Grill in New Port Richey. Whether you want them grilled, sautéed, or fried, there's nothing like a meal made from something you caught yourself!

A SUMMER ROAD TRIP WORTH THE DRIVE.

Florida's Sports Coast is an easy drive from just about anywhere in the Southeast, with major roads like I-75, US-41, and the Suncoast Parkway guiding you straight to the action. Whether you decide to stay in New Port Richey, Dade City, Zephyrhills, or Wesley Chapel, you'll find a laid-back, welcoming community, plenty of great eats, and that sweet mix of sunshine and salt air that makes summer feel like… well, a quintessential Florida summer. So this year, skip the typical road trip and try something a little different! Scalloping season only lasts 40 days—and it's worth every second.

OTHER SEAFOOD EXPERIENCES NOT TO MISS.

While you're in town, don't miss the chance to try some of the freshest seafood on Florida's Sports Coast (other than what you already caught yourself). Grab a seat at The Fish Guy in New Port Richey for blackened grouper, scallops, and crab cakes that even locals rave about, accompanied with a side of sweet potato fries. Head to Catches Waterfront Grille for a Captain's Platter packed with flounder, shrimp, scallops, and a crab cake. And if you're near Wesley Chapel, Pinchers is famous for its fish and chips, mahi mahi, and some of the best crab rangoon you'll have ever tasted.

Always On Campaign

Media Results: Always On Campaign Summary

The Always On campaign continued for the month of April.

Campaign Performance Highlights:

- Total Impressions: 971,051
- Total Clicks: 5,611
- CTR: 0.58%
    - *Over industry benchmark of 0.08%*
- Total Video Views: 100,115
- VCR: 79%
    - *Over industry benchmark of 70%*

Top performing media partner for April:

In click-through-rate:

- DigDev email marketing with a a 1.39% CTR, followed by Adara with an average CTR of 0.54%.

In video completion rate:

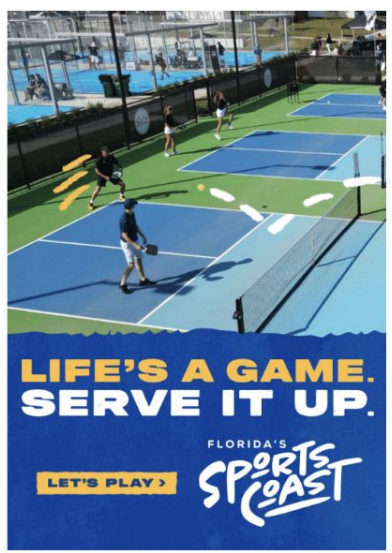
- Adara with a 79% VCR

Always On Campaign Paid Media: Expedia

From those exposed to the Expedia advertising in the month of April came the following performance metrics:

Impressions	Clicks	CTR	Ad Spend	Room Nights	VR Nights	Travelers	Revenue	ROAS
302K	274	0.09%	$7K	121	292.3	257	$76K	11.3

- Advertising drove **121 room nights** and **292 VRBO** for total gross bookings of $76,000.
- The largest share of bookings came from VRBO ($59,000) with Expedia second ($17,000).
- The largest percentage (60.8%) booked 0-6 days out from travel.
    - The second largest percentage (10.2%) booked 91+ days out.
- The $76K in gross bookings delivered an **11.3 Return On Ad Spend.**



Always On Campaign Paid Media: Adara

Adara focuses on reaching those with travel intentions to Florida's Sports Coast and competitive destinations with display and video.

April results from those exposed to the Adara advertising:

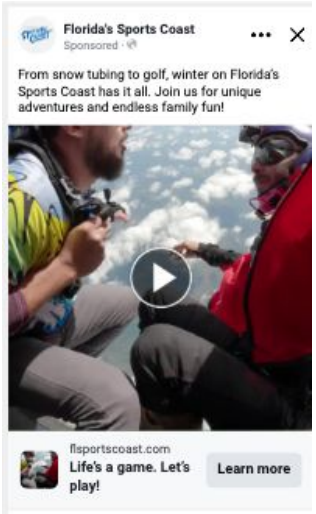
- Total revenue to date of $127,567.78
- Overall ROI at 8.24
- Total room nights: 752
- Total hotel travelers: 546
- Number of Hotel Searches: 4,641
- Number of Hotel Bookings: 336
- Average Length of Hotel Stay: 2.2
- Average days from searching to hotel booking: 7.2 days
- Average days from booking to arriving in destination: 11.7 days
- Average party size: 1.6 travelers
- Average Daily Rate: $169.70

Banner Examples

Always On Campaign Paid Media: Meta

The Always On campaign continued to show strong performance in April. Engagement remained high, ending the month with a **4.80%** CTR on the Traffic campaign, and a blended CTR of 1.03%. Reach remained high near 1.5 million impressions, with the Awareness ad set as the main driver of those impressions.

In terms of driving traffic to the site, the Traffic ad set, drove the highest volume of clicks on the account (90% of all clicks). The Video was the top performing ad for clicks, driving 88% of clicks in the Ad Set, followed by the Fishing ad, showing good variation on content users are engaging with.



April Results:

- Impressions: 1,473,806
- Post Engagement: 41,276
- Clicks: 15,193
- Blended CTR: 1.03%
- Traffic CTR: 4.80%
  **Industry benchmark: 0.9% CTR*

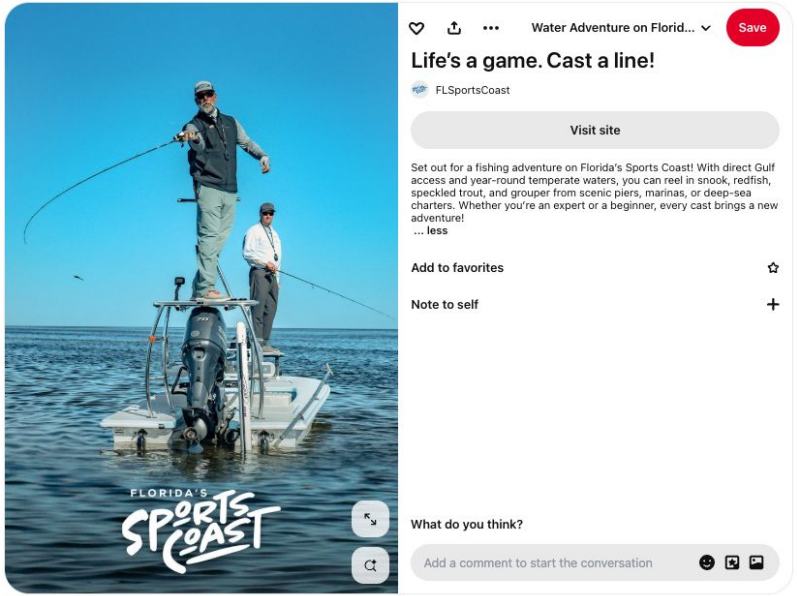
Always On Campaign Paid Media: Pinterest



In April, the Always On campaign continued reaching a strong user base, ending with over 300,000 Impressions. Those users stayed engaged, as there were over 1,500 Clicks, ending with a CTR above industry benchmark. The top performing ad by impressions and clicks remained the same MoM, showcasing a potential appeal to users interested in the Fishing aspect of the destination.

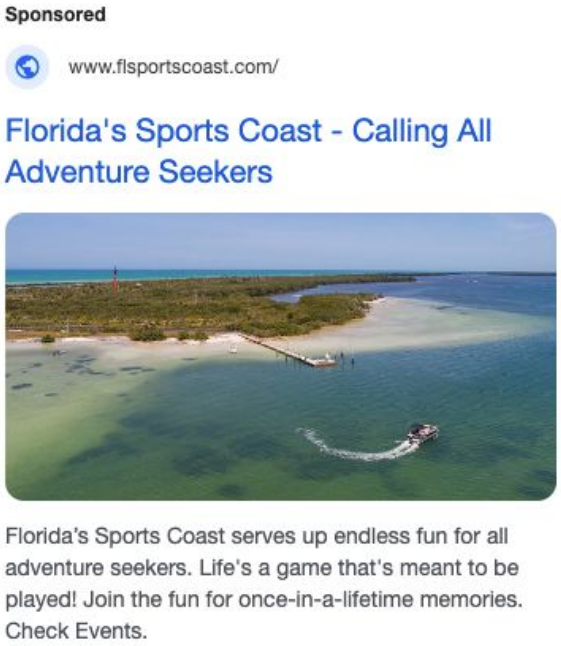
Moving forward, will look to maximize the use of Fishing creative (since it continues to be top performing) as well as look to new creative inspired by those activities.

April Results:

- Impressions: 303,203
- Clicks: 1,529
- CTR: 0.50%
  **Industry benchmark = 0.3% CTR*

Top Performing Post

Always On Campaign Paid Media: Google



In April, the campaign drove 2,406 clicks to the website through Google Ads Paid Search. Month-over-month, there was decrease in impressions but an increase in clicks and average click-through rate (CTR) which stands at 7.92%, above industry standard.
Month-over-month this CTR is up 9% over the previous month.

The team will continue to monitor and optimize the campaign to reach its full potential.

April Results:

- Impressions: 30,395
- Clicks: 2,406
- CTR: 7.92%
  **Industry benchmark: 4.0% CTR*
- CPC: $0.54
  **Industry benchmark: $1.34 CPC*

Top Performing Ad

Spring Campaign

Media Results: Spring Campaign Summary

The Spring campaign continued for the month of April.

Campaign Performance Highlights:

- Total Impressions: 1,454,980
- Total Clicks: 7,147
- CTR: 0.49%
    - *Over industry benchmark of 0.08%*
- Total Video Views: 312,366
- VCR: 91%
    - *Over industry benchmark of 70%*

Top performing media partner for April:

- In click-through-rate:
    - Strategus at a 0.40% CTR
- In video completion rate:
    - Strategus with a 91% VCR

YTD Media Metrics

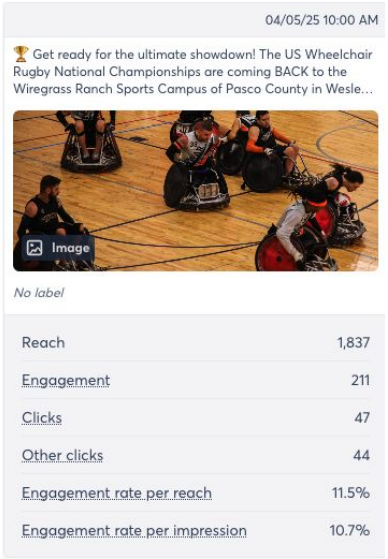
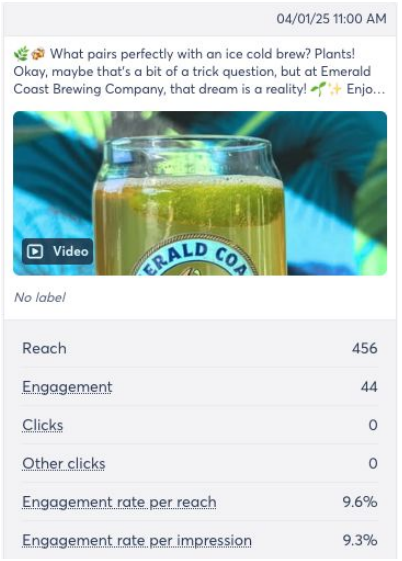
Social Media Strategy & Management Services

Social Media: Summary

- Strengthened collaboration with Florida’s Sports Coast team, establishing a smooth working cadence for social media and content strategy efforts.
- Continued to evolve process for continued collaboration efforts.
- Developed event coverage and promotion approach.
- Advanced the development of the Annual Content Calendar to provide clear direction for quarterly planning.
- Delivered analytics reports and provided support for Meta-related initiatives.



Social Media: Facebook



25.5K Followers
+13 Net Follower Growth

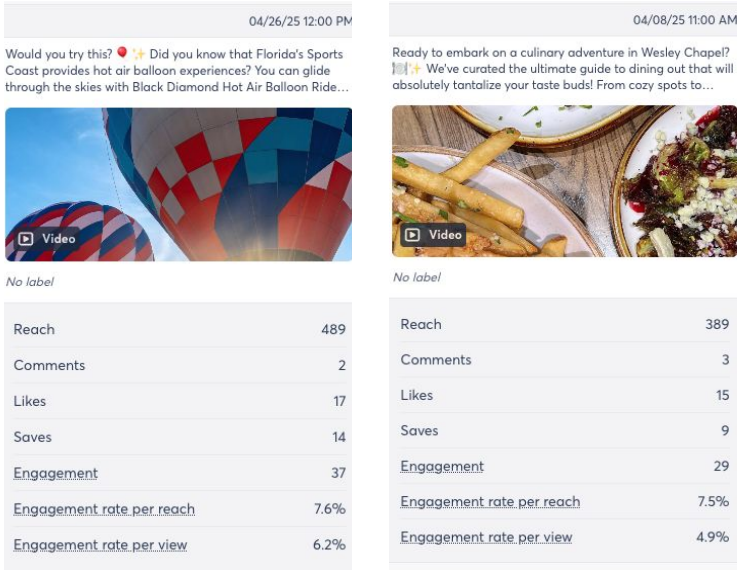
1,021 Engagement
38% Decrease in April

1.5M Impressions
70% decrease in overall
38% decrease in organic

27K Reach
61% increase in overall
27K reported organic (⬇️56%)
661K reported ad support (⬆️82%)

In April, there was growth in both followers and reach, but engagement and impressions declined. This is likely due to reduced posting frequency, fewer videos, and the absence of a giveaway, which boosted interaction in March.

May Recommendations
Increase posting frequency, focusing on carousels and videos. In months without giveaways, prioritize engagement through clickable content like blog promotions and other interactive strategies.



Organic Social Media: Instagram

14,516 Followers
+576 Net Follower Growth

1.4K Engagement
26% decrease in April

83K Impressions
21% decrease in April

6.9K Reach
2.5% Increase in April overall
6.9K reported organic (⬇️56%)
43K reported ad support (⬆️18.9%)

In April, overall reach and followers increased, while engagement and impressions declined. This dip is likely due to reduced posting frequency, fewer shares, limited video content, and the absence of influencer-driven posts seen in March. Top-performing content included video series and dining-related posts, aligning with current trends.

May Recommendations

To offset declines following major influencer pushes, the team recommends increasing post frequency, incorporating boosted post strategies, and prioritizing engagement-driven content.

MAY 2025 INDUSTRY RELATIONS AND SALES UPDATES

Sales Updates:

•Working to secure the Firefighter Combat Challenge. It's a physically demanding, timed competition for firefighters that tests their fitness and skills in simulated firefighting scenarios.

•The 2025 Tourism Banquet sponsorships opportunities and tickets are available now

Advocacy:

- Community Service Project at Gulfside Health Care/Hospice.
    - Thanks to the incredible group of (40) volunteers attending the Sports Express International Conference, the Zephyrhills Thrift Shoppe had one of the most impactful days is just 2.5 hours.

      Thanks to their hard work, the store had one of its strongest Tuesday's, generating over $2,400 in sales. That amount alone helps Gulfside Hospice provide:
        - One full day of comprehensive hospice care for a patient in need, including nursing support, medications, medical supplies, and comfort measures
        - Plus, bereavement support services for multiple grieving family members, including counseling and resources to help them cope

      The team of volunteers helped transform the sales floor and donations into real-time care and compassion and that's something to be proud of.

Film Commission:

- Our Office will be attending the Film Florida Quarterly Meeting to discuss the following items:
    - Election of Council Board Members
    - Updates from Department of Commerce
    - Film Commission Updates & Initiatives
    - 2026 Film Florida Legends Award Ceremony
    - Upcoming Sales Missions (Cannes / Film USA*/Tribeca/Governor's Conference on Tourism/TIFF)

TOURIST DEVELOPMENT COUNCIL
AGENDA MEMORANDUM

COMMISSION DISTRICT: **FILE NO.:** DMO25-0096 **DATE:** 5/21/2025

SUBJECT: Legislative Update - Destination Management Organization - To Provide an Update on the 2025 Legislative Session

THRU: Adam Thomas, Executive Director of Destination Management Organization

FROM: Consuelo Sanchez, Tourism Assistant Director

RECOMMENDED COMMITTEE ACTION:
This presentation is for informational purposes only.

BACKGROUND:
Adam Thomas, DMO Executive Director, will present the Legislative update as of May 9th, 2025, of the 2025 Legislative Session. The update was provided by Robert Skrob, Destinations Florida Executive Director.

FISCAL IMPACT/COST/REVENUE STATEMENT:
Over the past few weeks, HB 7033, the House tax package, has introduced significant challenges to the Tourist Development Tax (TDT), posing a direct threat to Florida's tourism industry. The bill includes provisions that would allow counties to redirect TDT revenue toward property tax relief and other general purposes, fundamentally altering the intended use of these funds. Additionally, HB 7033 seeks to:

- Dissolve all Tourist Development Councils (TDCs) by December 31, 2025
- Mandate a countywide referendum on TDT every eight years, requiring continuous voter approval for the tax to remain in place

While the Senate has not demonstrated the same level of interest in these reforms as the House, now is the critical time to act. It is essential to communicate to the Legislature the devastating consequences these provisions could have on Florida's tourism ecosystem and its attractions.

Additionally, both the Senate and Governor have expressed concerns regarding the permanent sales tax cuts proposed within the House bill. Given the ongoing legislative discussions and the lack of a budget agreement, it is increasingly likely that we are facing an extended session through the end of June.

As discussions evolve, we strongly encourage stakeholders to engage with legislators and underscore the critical role TDT funding plays in sustaining and growing Florida's tourism sector. Advocacy now will be instrumental in preserving the integrity of these essential tourism resources.

NOTICE OF PUBLIC HEARINGS ON REZONINGS FOR PROPERTIES LOCATED IN PASCO COUNTY

PUBLIC NOTICE is hereby given that the Pasadena Hills Planning and Policy Committee will hold a public hearing on **Wednesday, May 21, 2025, at the Historic Pasco County Courthouse, Board Room, 2nd Floor, 37918 Meridian Avenue, Dade City, Florida, at 1:30 p.m.**, and that the Pasco County Board of County Commissioners will hold a public hearing **on Tuesday, July 15, 2025, at the Historic Pasco County Courthouse, Board Room, 2nd Floor, 37918 Meridian Avenue, Dade City, Florida, at 1:30 p.m.** to consider applications for rezoning pursuant to the provisions of the Pasco County Land Development Code, Chapter 400. All hearings will be conducted at the stated time or as soon thereafter as is practical on the following application(s):

1. Ronald J & Elizabeth Schatzberg/Schatzberg MPUD (RZ-7851) petition for a rezoning from a A-C Agricultural District to a MPUD Master Planned Unit Development District for a parcel located on approximately 640 feet north of Kiefer Road and one-quarter mile east of Curley Road (aka 23-25-20-0000-01100-0020).

Information concerning this matter will be on file and available for examination by appointment only in the office of the Pasco County Planning, Development and Economic Growth Department, West Pasco Government Center, 8731 Citizens Drive, Suite 200, New Port Richey, Florida 34654, or anytime on our website: www.pascocountyfl.net. To make an appointment or for further information, you may call 727-847-8140. All interested parties may participate in the public hearing and be heard. To learn how to participate in this hearing virtually, which requires advance registration, please visit http://mypasco.net/meetingagendas.

Any person desiring to appeal any decision made by the Planning Commission or the Pasco County Board of County Commissioners with respect to any matter considered at any hearing will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which the appeal is to be based. Persons may obtain a verbatim record of the proceeding by contacting the Clerk and Comptroller's Office, East Pasco Government Center, 14236 6th Street, Suite 201, Dade City, Florida 33523-3414; or at (352) 521-4345.

For questions or inquiries about this meeting, members of the public can reach out to the County's Customer Service Center (727) 847-2411 or County Administration (727) 847-8115 or visit www.mypasco.net. To view the Local Planning Agency and Board of County Commissioners Agendas, please visit http://mypasco.net/meetingagendas.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact the County's Human Resources Department, Internal Services Building, 7536 State Street, New Port Richey, Florida 34654, (727) 847-8030 (V) at least 7 days before the public hearing, or immediately upon receiving this notification if the time before the public hearing is less than 7 days; if you are hearing or voice impaired, call 711.

NOTICE OF PUBLIC HEARINGS ON REZONINGS FOR PROPERTIES LOCATED IN PASCO COUNTY

PUBLIC NOTICE is hereby given that the Pasadena Hills Planning and Policy Committee will hold a public hearing on **Wednesday, May 21, 2025, at the Historic Pasco County Courthouse, Board Room, 2nd Floor, 37918 Meridian Avenue, Dade City, Florida, at 1:30 p.m.**, and that the Pasco County Board of County Commissioners will hold a public hearing **on Tuesday, July 15, 2025, at the Historic Pasco County Courthouse, Board Room, 2nd Floor, 37918 Meridian Avenue, Dade City, Florida, at 1:30 p.m.** to consider applications for rezoning pursuant to the provisions of the Pasco County Land Development Code, Chapter 400. All hearings will be conducted at the stated time or as soon thereafter as is practical on the following application(s):

1. Ronald J & Elizabeth Schatzberg/Schatzberg MPUD (RZ-7851) petition for a rezoning from a A-C Agricultural District to a MPUD Master Planned Unit Development District for a parcel located on approximately 640 feet north of Kiefer Road and one-quarter mile east of Curley Road (aka 23-25-20-0000-01100-0020).

Information concerning this matter will be on file and available for examination by appointment only in the office of the Pasco County Planning, Development and Economic Growth Department, West Pasco Government Center, 8731 Citizens Drive, Suite 200, New Port Richey, Florida 34654, or anytime on our website: www.pascocountyfl.net. To make an appointment or for further information, you may call 727-847-8140. All interested parties may participate in the public hearing and be heard. To learn how to participate in this hearing virtually, which requires advance registration, please visit http://mypasco.net/meetingagendas.

Any person desiring to appeal any decision made by the Planning Commission or the Pasco County Board of County Commissioners with respect to any matter considered at any hearing will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which the appeal is to be based. Persons may obtain a verbatim record of the proceeding by contacting the Clerk and Comptroller's Office, East Pasco Government Center, 14236 6th Street, Suite 201, Dade City, Florida 33523-3414; or at (352) 521-4345.

For questions or inquiries about this meeting, members of the public can reach out to the County's Customer Service Center (727) 847-2411 or County Administration (727) 847-8115 or visit www.mypasco.net. To view the Local Planning Agency and Board of County Commissioners Agendas, please visit http://mypasco.net/meetingagendas.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact the County's Human Resources Department, Internal Services Building, 7536 State Street, New Port Richey, Florida 34654, (727) 847-8030 (V) at least 7 days before the public hearing, or immediately upon receiving this notification if the time before the public hearing is less than 7 days; if you are hearing or voice impaired, call 711.

SUBJECT: Development Agreement (Consent) - Project @ VOPH, LLC - To Design, Permit, and Construct a Portion of Wirt (Elam) Road in Exchange for Transportation Development Fee Credits in the Villages of Pasadena Hills

REFERENCES: All Villages of Pasadena Hills Planning and Policy Committee Meetings (PPC) and Board of County Commissioner (BCC) Public Hearings at 1:30 p.m. in New Port Richey (NPR) or Dade City (DC): PPC at DC 5/21/25; LPA at DC 6/5/25; BCC at NPR 6/17/25

THRU: David Allen, Assistant County Administrator

FROM: David Engel, Director Planning, Development and Economic Growth

RECOMMENDED COMMITTEE ACTION:

Recommend Approval of the Development Agreement to the Board of County Commissioners

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

PROJECT OVERVIEW

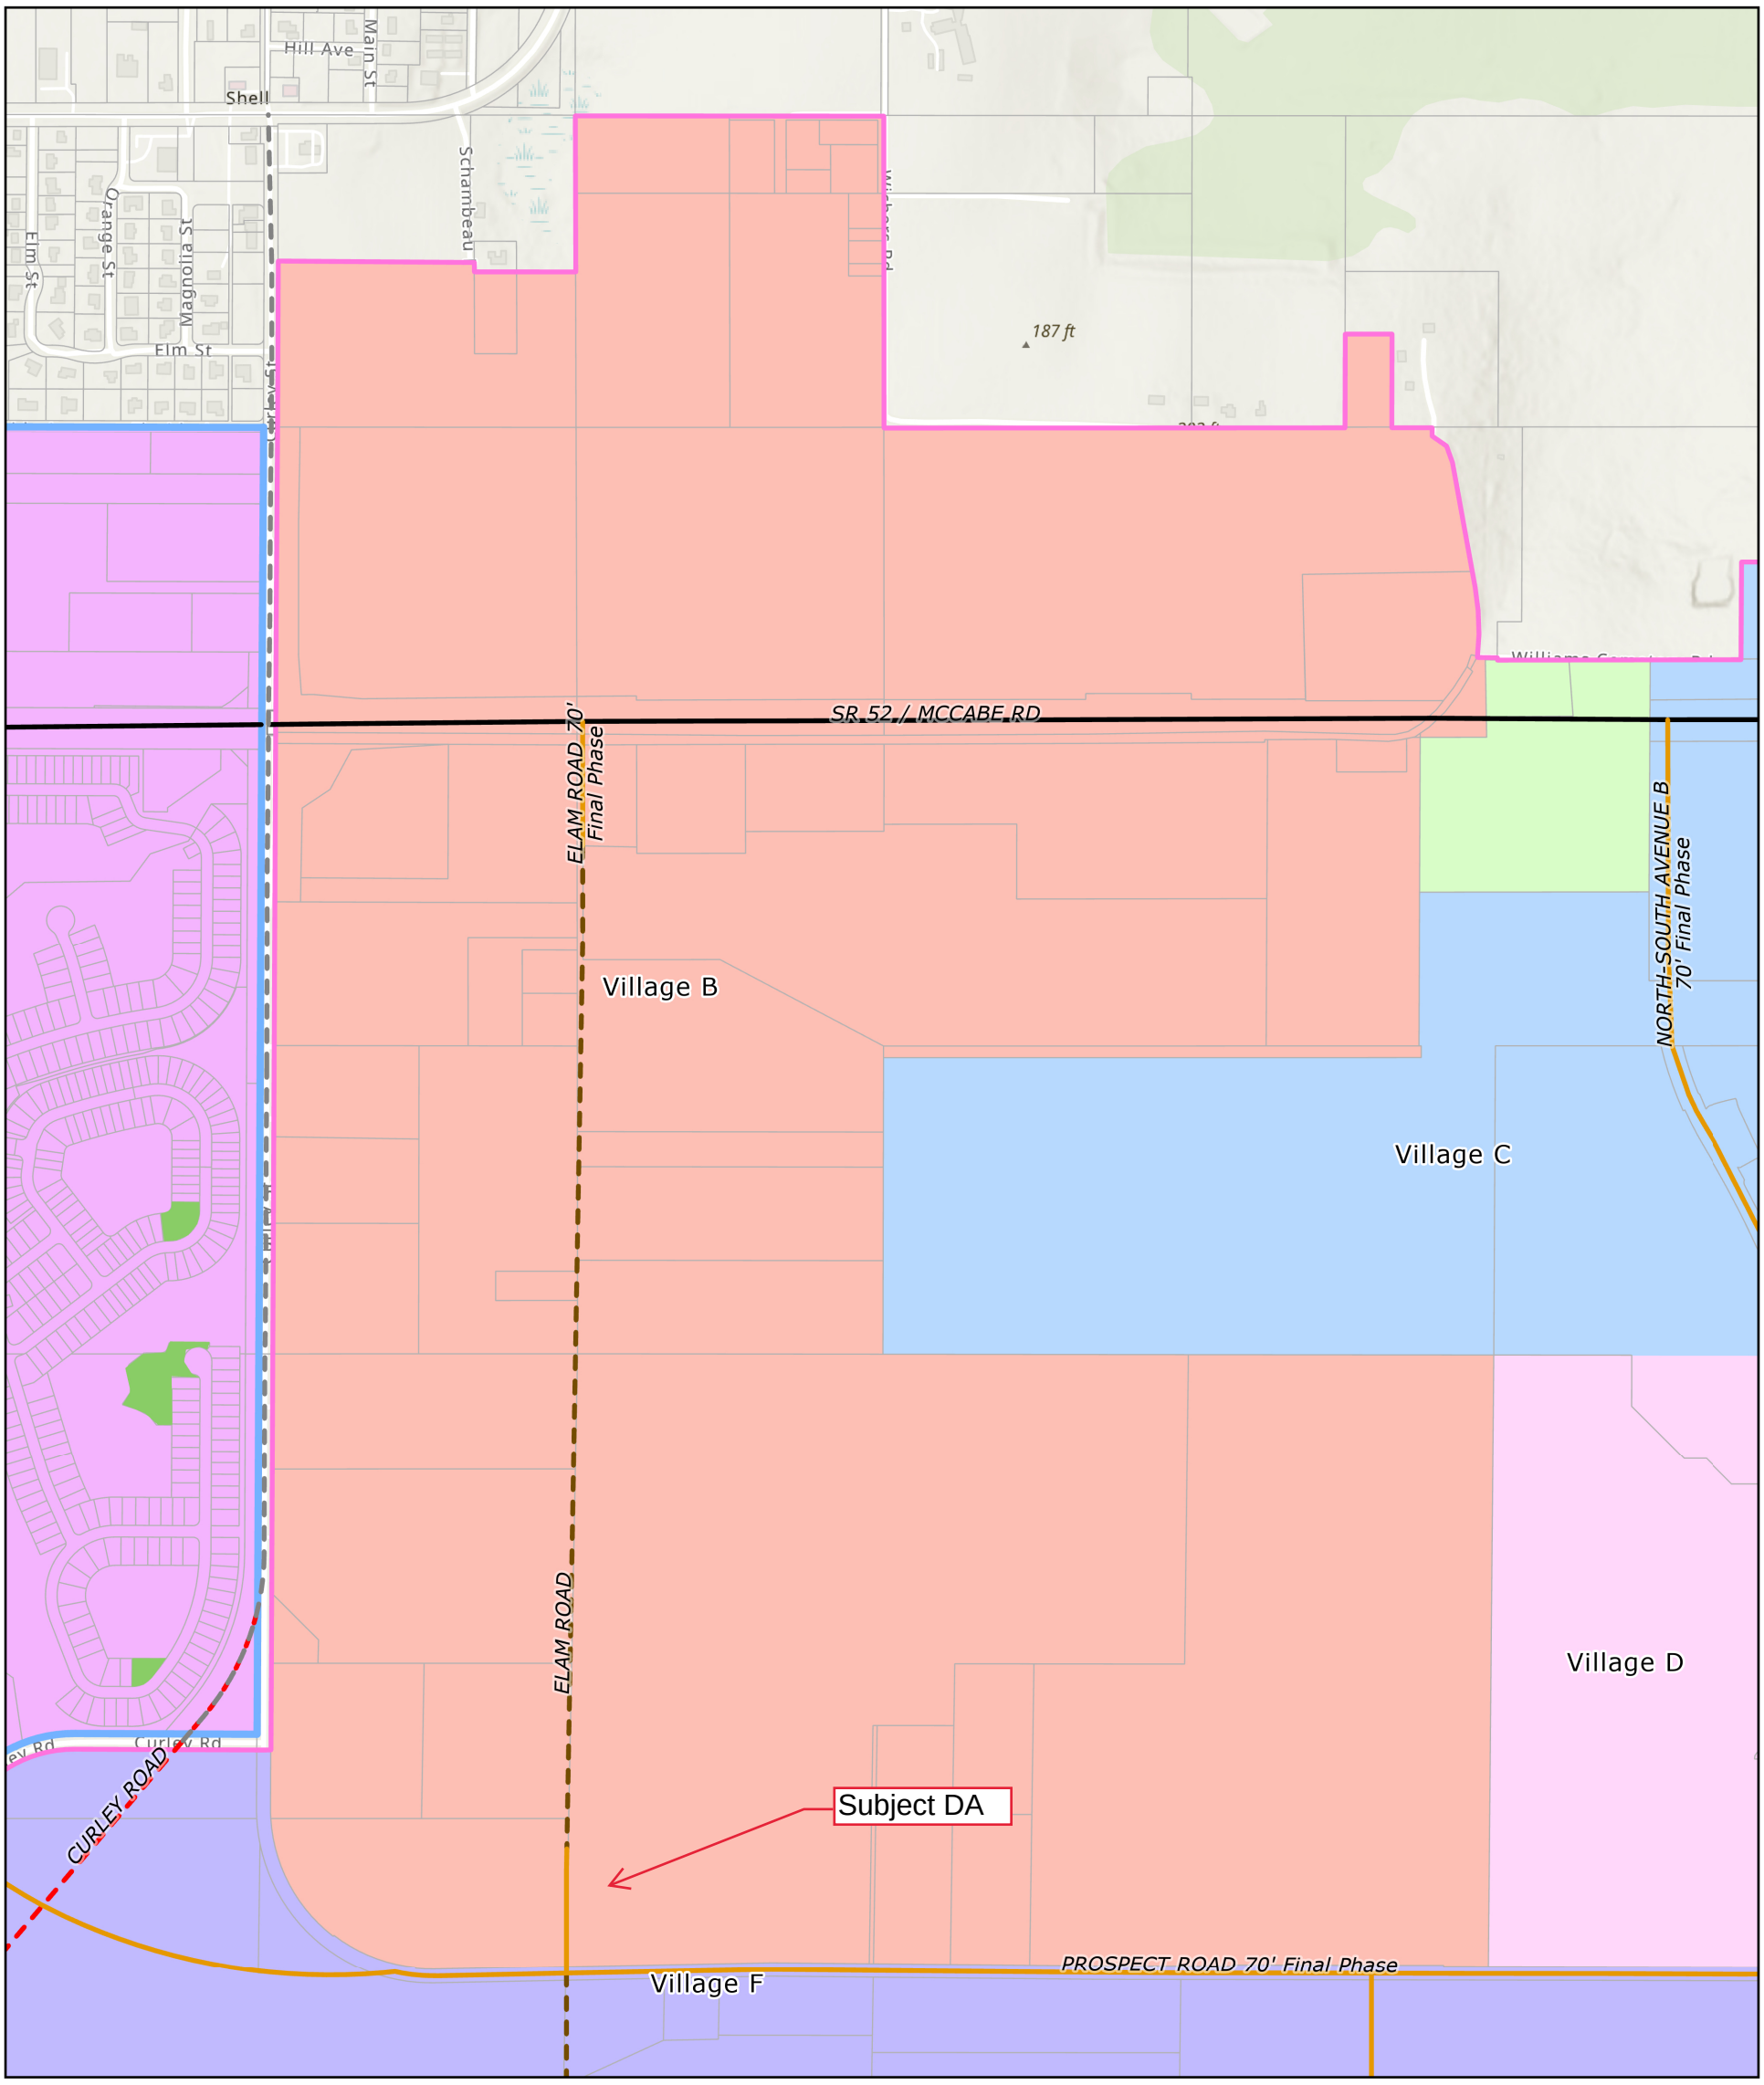
On January 9, 2024, the Board of County Commissioners approved the Kiefer MPUD (RZ-7700) for the development of 200 single-family detached lots on approximately 122 acres within the Villages of Pasadena Hills. Per condition of approval 32 of the Kiefer MPUD, the developer is required to submit a development agreement to design, permit, and construct Wirt (Elam) Road, inclusive of any required drainage/retention for the improvements, as a two-lane road consistent with the 70AA roadway within the Villages of Pasadena Hills Master Roadway Plan (VOPH MRP) from the intersection of Prospect Road and Wirt (Elam) Road to the project's access. The 70AA typical within the VOPH MRP includes:

- Two (2) 11' travel lanes
- Two (2) 2' curbs
- Two (2) 6' multipurpose lanes adjacent to the travel lines
- Two (2) 8' landscape areas
- Two (2) 8' multipurpose paths (one on each side of the road)
- Two (2) 10' utility easements on each side

Transportation Development Fee Credits

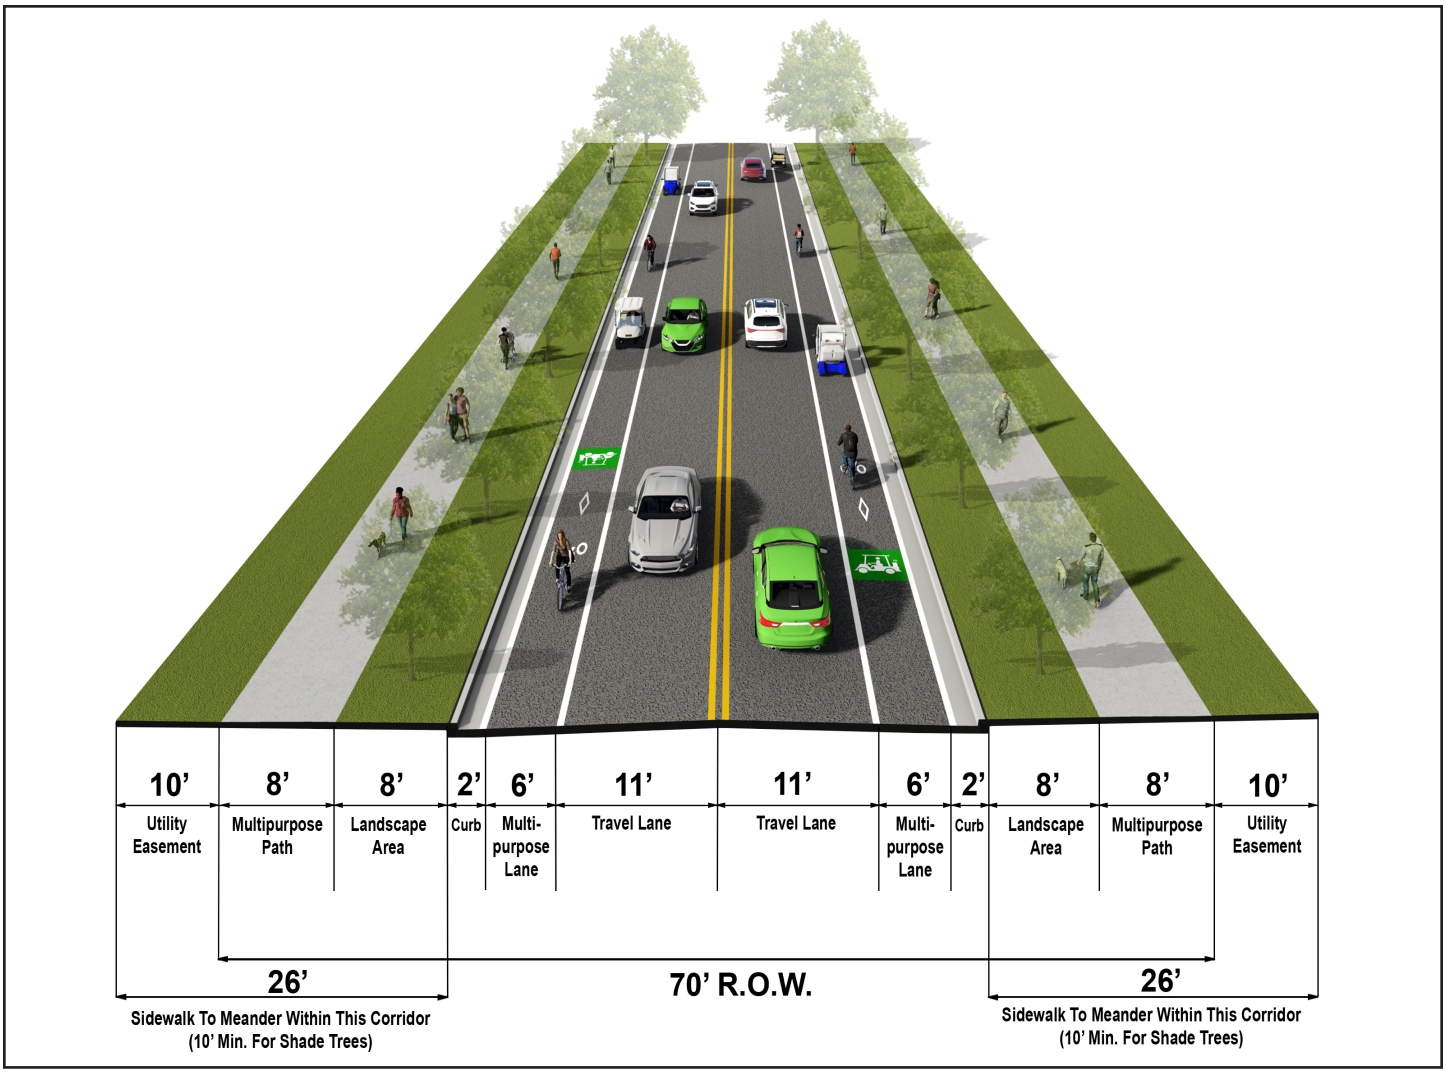
In exchange for constructing the necessary roadway infrastructure, the developer will be entitled to Transportation Development Fee (TDF) credits. As set forth within the enabling documents for VOPH, TDF credits may not be used for the External Transportation Improvement Fee; those fees must be paid in cash. The following site access-related conditions are not eligible for TDF credits:

- A 195 ft southbound left-turn lane at Elam Road/Project Access intersection.
- A 195 ft eastbound left-turn lane at the Prospect Road/Project Access intersection.



- A 195 ft southbound left turn lane at the Prospect /Wirt (Elam) Road intersection.
- A 195 ft eastbound left-turn lane at the Prospect /Wirt (Elam) Road intersection.

This agenda memo was prepared by: Gavin Covey CNU-A, Planner II



FISCAL IMPACT/COST/REVENUE STATEMENT:
The DA provides mobility fee/transportation development fee credits consistent with the Villages of Pasadena Hills Financial Plan. The fiscal impact of these credits was addressed at the time of the Board's approval of the Villages of Pasadena Hills Financial Plan.

* Street trees within landscape areas of less than 10’ in width, shall include sidewalk root preventative measures, as permitted by Pasco County.

** All sidewalks and multipurpose paths shall meander within the landscape area and utility easement as shown on the typical sections. The locations where sidewalks and multipurpose paths meander outside the dedicated right of way must be covered by a sidewalk maintenance easement.

DEVELOPMENT AGREEMENT BETWEEN PASCO COUNTY AND PROJECT @ VOPH, LLC FOR CERTAIN IMPROVEMENTS TO ELAM ROAD PURSUANT TO THE VOPH KIEFER MPUD

THIS DEVELOPMENT AGREEMENT (this "DEVELOPMENT AGREEMENT or "DA") is made and entered into by and between PASCO COUNTY, a political subdivision of the State of Florida, by and through its Board of County Commissioners, hereinafter called "**County**", and PROJECT @ VOPH, LLC, hereinafter called "**Developer**".

W I T N E S S E T H:

WHEREAS, the County is authorized by the Florida Local Government Development Agreement Act, Sections 163.3220-163.3243, Florida Statutes (F.S.), to enter into a development agreement with any person having a legal or equitable interest in real property located within its jurisdiction; and

WHEREAS, on January 9, 2024, the Pasco County Board of County Commissioners (the "**BCC**") adopted Resolution No. 24-24RZ, approving the VOPH Kiefer MPUD Master Planned Unit Development with conditions for the development of a maximum of 200 single family detached dwelling units (the "**MPUD**") on a parcel of real property in Pasco County, Florida, legally described on **Exhibit "A"** attached hereto and incorporated herein by reference, hereinafter called the "**Project**";

WHEREAS, the MPUD and the Project are located in the Villages of Pasadena Hills, an area plan and overlay ("**VOPH**") that was created pursuant to Goal 6 of the Pasco County Comprehensive Plan (the "**Comprehensive Plan**") and Section 602 of the Pasco County Land Development Code (the "**LDC**"); and

WHEREAS, Goal 6 of the Comprehensive Plan and Section 602 of the LDC and the Pasadena Hills Financial Plan (which was adopted by the BCC originally on February 10, 2009, as amended) are collectively referred to hereinafter as the ("**Enabling Documents**"); and

WHEREAS, the Enabling Documents create certain special mobility fees and surcharges per unit for residential development within VOPH collectively called a "VOPH Transportation Development Fee" (the "**TDF**" or "**TDFs**"); and

WHEREAS, the Enabling Documents also provide, provided certain terms and conditions are met, that the County will issue credits to be applied towards the payment of the TDFs, less the External Transportation Improvement Fee component of the TDFs (which is 20% and comprised of the External Transit Account, External SIS Mobility Fee Account and the External Roads Account), in the event that developer and certain other parties within VOPH (a) undertake the design, permitting and construction of certain identified roadways within VOPH, and (b) provide for certain drainage/retention, floodplain compensation and wetland mitigation associated with such roadways; and

WHEREAS, pursuant to the Enabling Documents, the MPUD at Condition 32 requires that Developer design, permit and construct Elam (Wirt) Road as a two-lane road from the project driveway access south to Prospect Road per the VOPH cross-section as generally depicted on **Exhibit "B",** and lying outside of the MPUD boundary (off-site) (the "**Roadway Improvements**"); and

WHEREAS, the County and Developer desire to enter into this DA to provide for the Roadway Improvements for the TDF Credits pursuant to the terms and conditions hereof; and

WHEREAS, the Roadway Improvements eligible for TDR Credits shall include the VOPH Master Roadway Plan Improvements; Alternative Vehicle (AV) or other Alternative Transportation Network Improvements as required by the VOPH Master Roadway Plan & VOPH Enabling Documents: Figure PH-4 & Figure PH-4A to the extent part of the Master Roadway Plan Improvements; Stormwater System plans, permits and construction related to master roadway infrastructure; any other mitigation plans, permits, and construction related to master roadway infrastructure; and Mass Grading and/or Right-of-Way Use permits to implement any of the foregoing items; and

WHEREAS, the Board of County Commissioners, after public notice and hearing in accordance with applicable law, has approved this Development Agreement.

NOW, THEREFORE, in consideration of the mutual covenants and provisions herein contained and other good and valuable consideration, receipt, and sufficiency of which is hereby acknowledged, the County and Developer hereby agree as follows:

1) WHEREAS CLAUSES

The WHEREAS clauses set forth above are incorporated herein by reference and made a part of this DA.

2) PURPOSE

It is the purpose and intent of this DA to further set forth terms and conditions for Developer to design, permit and construct the Roadway Improvements as hereinafter described if it is awarded the TDF Credits pursuant to the terms and conditions hereof, and to set forth the parties respective obligations regarding same. All terms and conditions of this DA shall be interpreted in a manner consistent with, and in furtherance of, the purpose as set forth herein.

3) GENERAL REQUIREMENTS

a) Legal Description: The land subject to this DA is identified in **Exhibit "A"**. Developer is the holder of legal title to the real property described on **Exhibit "A"** and its mailing address is 4912 Turnbury Wood Dr., Tampa, FL 33647. Pursuant to Section 163.3239, F.S., the burdens of this DA shall be binding upon, and the benefits of the DA shall inure to Developer and its designated successors and assigns.

b) Duration and Effective Date: This DA shall be for the earlier of either the duration of twenty (20) years from the effective date of this DA or TDF credit depletion, whichever occurs first subject to any conditions precedent or termination provisions herein or mutual agreement. The effective date of this DA shall be the date this DA is recorded in the Public Records of Pasco County. The Developer shall cause this DA to be recorded upon the latter of its approval by the BCC and its full execution by the parties hereto, but in any event in a timely manner as required by Section 163.3239, Florida Statutes.

c) Development Uses of Land: The Project is currently zoned MPUD Master Planned Unit Development District pursuant to the MPUD.

d) Public Facilities: Adequate transportation facilities are available for the Project through existing facilities and other transportation facilities being provided by Developer, third parties or the County, as required by the Enabling Documents and the MPUD. Adequate potable water and wastewater services for the

Project are or will be available through Pasco County Utilities ("**PCU**"). Adequate disposal services for the Project are available through existing licensed collectors and the County's Solid Waste Disposal and Resource Recovery System subject to applicable provisions of the Code of Ordinances and the Comprehensive Plan. All drainage improvements necessary to serve the Project will be provided by Developer in accordance with the terms and conditions of the MPUD Master Planned Unit Development and satisfaction of all applicable County, State, and Federal regulations.

e) Reservations or Dedications for Public Purpose: All reservations and dedications for public purposes (right[s]-of-way) shall be provided in accordance with the LDC, as amended by the MPUD and its Conditions of Approval.

f) Local Development Permits Needed: Prior to the construction of the Roadway Improvements, Developer shall obtain any necessary development approvals in accordance with the LDC. This provision does not exempt Developer from obtaining all other permits required by agencies with jurisdiction over the Project.

g) Findings: The County has found that the Project, as permitted and proposed, is consistent with the portions of the Comprehensive Plan applicable to the Project development approvals obtained as of the date of this DA, subject to the conditions of the MPUD and this DA.

h) Requirements Necessary for the Public Health, Safety, and Welfare: The conditions, terms, restrictions, and other requirements determined to be necessary by the County for the public health, safety, or welfare of its citizens have been identified and included within the MPUD and/or this DA. Developer shall be subject to the applicable MPUD conditions of approval and the other applicable provisions of the LDC, Code of Ordinances, and Comprehensive Plan necessary for the public health, safety, and welfare.

i) Compliance with Legal Requirements and Permitting: The failure of this DA to address a particular permit, condition, term, or restriction shall not relieve Developer of the necessity of complying with the laws governing the said permitting requirement, condition, term, or restriction.

j) Zoning and Comprehensive Plan Issues: The current Comprehensive Plan Future Land Use Map classification for the Project is VOPH Village Mixed Use-Type 2B. The Project is consistent with the applicable provisions of the Enabling Documents and the other applicable Goals, Objectives, and Policies of the Comprehensive Plan. The zoning classification for the Project is MPUD Master Planned Unit Development.

4) FINANCE AND CONSTRUCTION OF ROADWAY IMPROVEMENTS

a) Roadway Improvements

(1) Developer shall design, permit and construct the Roadway Improvements as set forth herein and depicted on **Exhibit "B**". The Roadway Improvements shall include all applicable and necessary shoulders, sidewalks/multi-use paths, striping, stormwater-drainage facilities, floodplain mitigation, wetland mitigation and other roadway appurtenances, all as determined by the County and permitting agencies to be necessary during the design and permitting of the Roadway Improvements (collectively, the "**Roadway Appurtenances**").

(2) Construction of the Roadway Improvements shall be completed within ten (10) years of the effective date of this DA. For the purposes of this DA, completion of construction of the Roadway Improvements shall be defined as when the applicable improvement is accepted by the County for maintenance and open to the traveling public, and any required Defect Guarantee has been delivered to the County.

(3) Developer shall receive reimbursements in the form of TDF Credits as set forth in Section No. 7 of this DA for the actual, reasonable, eligible amounts spent by Developer for the Roadway Improvements. TDF Credit-eligible expenditures must be segregated from site related expenditures within the invoicing/schedule of values provided the improvements are designed and/or constructed simultaneously. The procedures for such credits are set forth in Section 7. below. Site related expenditures shall be defined as expenditures in connection with the design, permitting and construction of the 195-foot southbound left turn lane at the Elam Road/Project Access Intersection (MPUD COA 27.a.) ("Site Related Expenditures").

5) ROADWAY IMPROVEMENTS DESIGN, PERMITTING, AND RIGHT-OF-WAY ACQUISITION

a) Design, Permitting, Right-of-Way, and Construction Requirements:

Developer shall design, permit, and construct the Roadway Improvements in accordance with the terms of this DA. All design, permitting, and construction for the Roadway Improvements shall be in accordance with the standards promulgated by the County and shall include, but not be limited to, cross sections, drainage, and plan/profile sheets that are consistent with the applicable cross sections for the Roadway Improvements as set forth in the Enabling Documents. The final alignment and design of the Roadway Improvements shall be determined through the construction plans to be approved by the County hereunder and the same shall automatically supersede the depiction of the Roadway Improvements set forth on **Exhibit "B"** without any further approvals of the Pasco County Board of County Commissioners. Plan/profile sheets and cross section drawings shall indicate the location(s) of drainage inlets and roadway facilities. Except as otherwise provided in this DA, any Roadway Improvement-related wetland and floodplain impacts and compensation shall be included in the design and indicated on the plans.

b) Roadway Drainage Facilities: The roadway drainage facilities for the Roadway Improvements as depicted on **Exhibit "B"** will be commingled or combined with drainage facilities for the Project. ("Commingled Drainage Facilities"). Seven and on-half percent (7.5%) of the capacity of the Commingled Drainage Facilities will be for the Roadway Improvements and 7.5% of the actual, reasonable, eligible expenditures by Developer for the Commingled Drainage Facilities shall be TDF Credit-eligible expenditures. The Commingled Drainage Facilities shall remain owned by the underlying landowner, including Developer where applicable, and operation and maintenance of the same shall be the responsibility of the respective underlying landowner (CDD or other similar legal entity as may be approved by the County). The underlying landowner (CDD or other similar legal entity as may be approved by the County) shall be responsible for the design, permitting, and construction of all such commingled or combined drainage facilities, unless otherwise approved by the County. Appropriate easements to the County, as applicable, shall be provided on all lands owned by Developer (subject to the provisions

hereof concerning the awarding of the TDF Credits), containing drainage facilities serving the Roadway Improvements, including those facilities that are commingled or combined, so the County has the ability to maintain the facilities associated with the Roadway Improvements in the event Developer or other respective underlying land owners default on its (their) obligation to maintain the facilities.

c) Wetland and Floodplain Mitigation: No wetland or floodplain impacts will be required for the Roadway Improvements.

d) County Review and Approval of Design: Developer has completed and submitted one hundred (100) percent design plans for the Roadway Improvements to the Planning, Development, and Economic Growth Department (PDE) for review and approval. Developer has or shall obtain approval of the one hundred (100) percent design and right-of-way plans for the Roadway Improvements from the County prior to commencement of any solicitation of bids for the Roadway Improvements. Any reviews and approvals by the County shall be completed by the County within the applicable timelines required by the County's Standard Review Timeframes pursuant to the County's Development Manual. All plans for the Roadway Improvements, once accepted and approved for construction by the County, shall become the property of the County.

e) Permitting Requirements: Developer and/or its contractor shall obtain any and all required permits for the work it is to perform from the County, and any and all applicable local and State regulatory agencies, including the Southwest Florida Water Management District.

f) County Cooperation: The County shall, upon Developer's request, cooperate with Developer in processing permit applications, and Developer agrees to use its best efforts to expeditiously secure all permits that are necessary for the design and construction of the Roadway Improvements.

g) County Review: Developer agrees and recognizes that the County shall not be held liable or responsible for any claims which may result from any actions or omissions of Developer or engineers/contractors selected by Developer, in which the County participated, either through review or concurrence of their actions. In reviewing, approving, and/or rejecting any submissions or acts of Developer or

engineers/contractors selected by Developer, the County in no way assumes or shares any of the responsibility or liability of Developer or its consultants, contractors, or registered professionals (architects and/or engineers) under this DA. All work covered under this DA shall be performed in accordance with good engineering practice, and all established design criteria and procedures shall be followed. The County will review the submittals, although detailed checking will not necessarily be done. Developer or engineers/contractors selected by Developer remain solely responsible for the work and are not relieved of responsibility by review comments.

h) Utilities Relocation: Developer shall coordinate the relocation of any utilities infrastructure in conflict with the Roadway Improvements, including County utilities. Relocation of any utilities infrastructure which is in conflict with the Roadway Improvements, including County utilities, shall be completed and paid for by the owner of the utilities infrastructure to the extent required by Sections 337.403-337.404, F.S. County shall be ultimately responsible for ensuring that any County utilities are relocated in a timely manner at the sole cost of the County Utilities Department. The County agrees, upon the request of Developer, to cooperate with Developer in requiring the relocation of any such utilities infrastructure to the extent allowed by Sections 337.403-337.404, F.S., in a timely manner.

i) Right-of-Way Acquisition: Developer shall be responsible for obtaining any required right of way needed for the Roadway Improvements and dedicating any right of way needed for the Roadway Improvements.

6) ROADWAY IMPROVEMENTS BIDDING AND CONSTRUCTION

a) Competitive Selection of Contractors:

With respect to any of the roadway segments which are subject to the Fee Credits, the Developer shall comply with the COUNTY's Developer Pipeline Project Provisions document in effect as of the effective date of this DA. Developer may satisfy the bidding procedures in the County's Developer Pipeline Project Provisions document by providing such documentation reasonably acceptable to the County demonstrating that, unless otherwise approved by the County Administrator or designee, Developer publicly advertised for bids and secured bids from at least three (3) qualified bidders and awarded a contract for the applicable

portion, phase, or segment of the Roadway Improvements with costs consistent with other comparable projects located within Pasco County, as reasonably determined by the County. To that end, the Developer shall retain full control of any and all bids and determinations regarding bidder qualification and determination of the qualified lowest bidder. The Developer may elect in its reasonable discretion to award the bids of portions, phases, or segments of the Roadway Improvements to a qualified bidder that is not the lowest overall bidder; provided however, any TDF Credit amounts for construction of the Roadway Improvements that are the subject to such bid may be limited to quantities and amounts awarded in comparable projects located in Pasco County, Florida, as reasonably determined by the County.

b) Roadway Improvements Construction:

Developer shall proceed and complete the construction of the Roadway Improvements in accordance with the final alignment, design, specification, and construction plans as approved by the County, and other applicable Federal, State, and regional regulatory agencies.

c) Tender of Improvement Area: Upon the recording of a notice of commencement for a roadway segment, such area and/or portion, phase or segment covered by the notice of commencement shall be deemed to be tendered to Developer's contractor, and such entity shall be in the custody and control of the project areas. Developer's contractor shall be responsible for providing a safe work zone for the public. At all times during construction, the Developer's contractor shall ensure that in constructing the Roadway Improvements, the existing access for any residents relying on the existing, adjacent segments of Elam/Wirt Road are not prohibited from having reasonable access to their residences by virtue of the construction of the Roadway Improvements by Developer.

d) County Observation: The County's personnel and authorized representatives reserve the right to inspect, observe, and materials test any and all work associated with the Roadway Improvements and shall at all times have access to the work being performed pursuant to this DA for the County's observation. However, should the County observe any deficiencies inconsistent with the plans or construction not in accordance with the specifications, the County shall notify Developer and its representative in writing, and

Developer shall, at its cost, correct the deficiencies, as necessary. Nothing herein shall require the County to observe or inspect the work on the Roadway Improvements. Developer shall be solely responsible for ensuring that the Roadway Improvements are constructed in accordance with the plans, specifications, and required standards of the County. Observations by the County that do not discover that construction is not in accordance with the approved plans, specifications, and required standards shall not be deemed a waiver of Developer's requirements herein.

e) Right-of-Way: INTENTIONALLY DELETED.

f) Construction Requirements: During the construction phases of the Roadway Improvements, Developer shall:

(1) Provide its own on-site inspection and observation by a professional engineer registered in the State of Florida for the purpose of observing and inspecting all construction to ensure it is built according to the plans and specifications (CEI). Such professional engineer shall be approved by the County.

(2) Obtain all necessary Right-of-Way Use Permits from the County.

(3) Be responsible for supervising and inspecting the construction of the Roadway Improvements and shall be responsible for ensuring the accuracy of all reference points, grade lines, right-of-way lines, and field measurements associated with such construction.

(4) Be responsible for full and complete performance of all construction activities required pursuant to this DA. Developer's contractor shall be responsible for the care and protection of any materials provided or work performed for the Roadway Improvements until the improvements are completed and accepted by the County, which acceptance shall not be unreasonably withheld.

(5) Require testing by an independent laboratory, acceptable to the County in accordance with Pasco County Transportation Engineering Department's testing specifications for construction of roads, stormwater drainage, and utilities as applicable. Any failed tests shall be reported to the County Engineer or designee immediately, and all test reports shall be provided on a quarterly basis to

the County Engineer or designee.

(6) Provide a certification from a professional engineer registered in the State of Florida which shall certify that all designs, permits, and construction activities for the Roadway Improvements are in substantial conformance with the standards established by the County. Said certification shall conform to the standards in the industry and be in a form acceptable to the County.

(7) Provide to the County copies of all design drawings, as-built drawings, permits and post-construction permit close-outs/satisfactions received for the Roadway Improvements, as applicable, and such information shall become the property of the County upon submission. All plans submitted to the County shall include electronic files compatible with *AutoCAD*.

7) TRANSPORTATION DEVELOPMENT FEES, CREDITS AND REIMBURSEMENTS

a) The Project shall be assessed TDFs in accordance with the Enabling Documents and the County's adopted regulations, subject to the provisions of this DA.

b) Upon the effective date of this DA, County agrees to post, in a separate TDF account, the portion of the TDF from within the MPUD, less the External Improvement Fee portion of the TDFs, paid to the County from within the Project ("**VOPH Kiefer TDF Paid Account**"); provided, however, that the County shall not be required to post in such separate account the TDFs received from within the MPUD once the County has received TDFs that exceed the estimated cost of the Creditable Expenditures (as hereinafter defined), as established by an engineer's cost estimate provided by Developer after the bid has been awarded for the construction of the Roadway Improvements.

c) The process for Developer to receive fee credits against the TDF (but which such credits shall not apply to the External Improvement Fee portion of the TDFs) ("**TDF Credits**") for the actual, reasonable amounts spent for the Roadway Improvements is as follows. Actual, reasonable, and eligible amounts spent by Developer for the Roadway Improvements shall include, but not be limited to, design, permitting, construction survey, geotech, clearing, earthwork, mass grading, subsurface/soil stabilization work, wetland mitigation, floodplain mitigation, grading, drainage, paving, curb, sidewalk, multi-use path, traffic signage, pavement markings, striping, grassing, slope stabilization, landscaping, irrigation and street

lighting, bonding and insurance costs, testing and CEI expenses and services (submitted on an hourly basis),construction management, testing and construction phase services and inspections (all such costs and expenses, the "**Creditable Expenditures**"). TDF Credit-eligible expenditures must be segregated from Site Related Expenditures within the invoicing/schedule of values provided the improvements are designed and/or constructed simultaneously. Notwithstanding any other provision of this Agreement: (a) the Developer shall not be entitled to TDF Credits for the dedication of right-of-way. Unless otherwise approved by the County Administrator or designee, Creditable Expenditures shall not exceed the following:

(1) Bonding – 1.5% of total construction contract price

(2) Insurance - 1% of total construction contract price

(3) Testing - 3% of total construction contract price

(4) CEI – 12 % of total construction contract price

(5) Design & Permitting - 12% of total construction contract price

d) Upon completing design of the Roadway Improvements, Developer shall be eligible to apply for and receive TDF Credits for Creditable Expenditures, but if Developer applies for such TDF Credits for such design and permitting costs prior to the determination of the construction contract price, the final TDF Credits shall be adjusted upon the completion of construction of the Roadway Improvements to ensure that the TDF Credits for the Design and Permitting do not exceed 12% of the total construction contract price as set forth above. Requests for TDF Credits may be submitted to the County at a frequency no greater than monthly and in accordance with the guidance outlined in the County's "Developer Pipeline Project Provisions" document, unless otherwise provided for herein. The County shall establish a credit in an account entitled the "**VOPH Kiefer TDF Credit Account**" for all undisputed Creditable Expenditures within sixty (60) days of submittal. Any disputed amounts not approved prior to the end of the sixty (60) day period will be carried over to the next submittal for credit or denial. Should any amount be denied for credit, Developer may appeal such decision in a manner consistent with the Enabling Documents or the

County's adopted mobility fee regulations. All such requests and invoices shall be submitted to the County within ninety (90) days of final acceptance by the County as applicable, or for amounts under dispute, no later than ninety (90) days after the conclusion of the dispute, unless extended by the County Administrator or designee. The County agrees to place or list the Roadway Improvement in the CIP, CIE, Transportation Element or LRTP to the extent necessary to allow for the TDF Credits provided for herein.

e) Simultaneously with the first two requests for credit issuance, Developer may apply to exchange TDF Credits to be established in the VOPH Kiefer TDF Credit Account for cash reimbursements from the VOPH Kiefer TDF Paid Account. Thereafter, requests to exchange TDF Credits in the VOPH Kiefer TDF Credit Account for cash reimbursements from the VOPH Kiefer TDF Paid Account may be submitted to the County at a frequency of no greater than quarterly. All such exchange requests shall include documentation identifying the amount of the TDFs (excluding the External Improvement Fee portion of the TDFs) Developer believes have been collected by the County since Developer's last exchange request and identifying the corresponding lots, parcels and/or addresses. To the extent that funds exist in the VOPH Kiefer TDF Paid Account, the County shall make the cash reimbursement payment to Developer within sixty (60) days of submittal. The cash reimbursement payment to Developer shall be subject to all other requirements of the Prompt Payment Act. All cash reimbursements from the VOPH Kiefer TDF Paid Account shall result in a corresponding decrease in the VOPH Kiefer TDF Credit Account.

f) Developer may sell and assign TDF Credits against the TDF (excluding the External Improvement Fee portion of the TDFs) from the VOPH Kiefer TDF Credit Account to end users anywhere within VOPH and execute credit letters to be presented to the County. Private credit sales outside of the VOPH Fee Credit Registry shall be tracked/validated through the VOPH Fee Credit Administrator before the credits are presented to the COUNTY. The VOPH Fee Credit Administrator is a consultant to the Planning, Development and Economic Growth Department. Developer may also elect to register its TDF Credits for sale at par value with the VOPH Fee Credit Registry. End users may not use credits for the External Improvement Fee portion of the TDFs. It is anticipated that, to the maximum extent possible, TDF Credit

letters will be submitted to the County whenever Developer has County approved TDF Credits to cover the TDFs fees that are due.

g) The County reserves the right to pay out annually, the cash value of any unused, accrued, TDF Credits to Developer and such cash value shall be removed from any credit balance.

8) PERFORMANCE, PAYMENT AND DEFECT GUARANTEES

a) Performance and Payment Guarantees: Prior to commencing construction of the Roadway Improvements, Developer shall post in favor of the County and provide the County, for its approval, performance and payment guarantee(s) acceptable to the County to guarantee payment as required by law and to guarantee performance of its contractual obligations. The performance and payment guarantee(s) shall be with a bank, surety, or other financial institution acceptable to the County , which is authorized to do business in the State of Florida, and which has an "A" policyholders rating and a financial rating of at least Class VII in accordance with the most current Best's Key Rating Guide. The performance and payment guarantee(s) shall be in the amount of 125% of the Construction Contract amount, be in a form acceptable to the County Attorney's Office, and comply with section 255.05, Florida Statutes. Within sixty (60) days of final acceptance of the Roadway Improvements by the County, the County Administrator or designee shall issue a memorandum to release the performance guarantee and accept the defect guarantee required below.

b) Defect Guarantees: Upon completion of the Roadway Improvements and final acceptance by the County, Developer shall guarantee to the County that all equipment furnished and work performed is free of defects in workmanship or materials for a period of three (3) years for improvements in the County's right-of-way after final acceptance, and, that if any part of the construction should fail within this period, it shall be repaired, replaced, and/or restored to satisfactory condition and/or operation at no cost to the County.. The performance guarantee for the Roadway Improvements may cover this guarantee, if it remains in place for a period of three (3) years for improvements in the County's right-of-way in an amount equal to fifteen percent 15% of the applicable construction contract amount or Developer may post a

separate defect guarantee acceptable to the County. Developer is required to advise the County of the warranty option it has selected prior to the County's final acceptance of the Roadway Improvements. Developer shall be responsible for requesting, in writing, a final inspection from the County's Engineering Inspections Division not before ninety (90) days prior to the termination of the three (3) year defect guarantee period. Upon receipt of the request for final inspection, the Engineering Inspections Division shall notify Developer within ten (10) days of such request, providing a list of defects in workmanship or materials to be remedied by Developer before the expiration of the three (3) year defect guarantee period. Within sixty (60) days of the remedy of any defects in materials or workmanship, or in the case of no defects, but in any case, no sooner than the expiration of the three (3) year defect guarantee period, the County Administrator or designee shall issue a memorandum to release the defect guarantee.

9) INDEMNIFICATION AND INSURANCE

a) Indemnification: Developer shall indemnify and hold harmless the County and its employees and agents from and against all liabilities, claims, suits, demands, damages, losses, and expenses, including, but not limited to, attorneys' fees arising out of or resulting from the performance of the Roadway Improvements, provided that any such liability, claim, suit, demand, damage, loss or any expense: (a) is attributable to bodily injury, sickness, disease or death, or injury to or destruction of tangible property (other than the Roadway Improvements itself), including the loss of use resulting therefrom; and (b) is caused in whole or in part by an act or omission of Developer or anyone directly or indirectly employed by Developer, or anyone for whose acts any of them may be liable.

Developer shall indemnify and hold harmless the County and anyone directly or indirectly employed by the County from and against all claims, suits, demands, damages, losses, and expenses including, but not limited to, attorney's fees, arising out of any infringement of patent rights, copyrights, trademarks, trade dress, or other intellectual property rights held by others in connection with the performance of the Roadway Improvements, and shall defend all such claims in connection with any alleged infringement of such rights.

b) Insurance - Developer's contractor(s):

Prior to the execution of the construction agreement for the Roadway Improvements between Developer and its contractor, the contractor shall provide Developer a certificate of insurance and a true and exact copy of all insurance policies, including additional insured endorsements. Said insurance coverage, and contracts for insurance other than Worker's Compensation and Employer's Liability Policy, shall name the following as additional insureds:

Developer

Project @ VOPH, LLC

County

Pasco County, Florida
Pasco County Government Center
Attn: County Administrator
8731 Citizens Drive, Suite 310
New Port Richey, FL 34654
Fax: (727) 847-8084

General Conditions For All Required Policies:

All insurance shall be provided by responsible companies authorized to transact business in the State of Florida which have an "A" policyholder's rating and a financial rating of at least Class VIII in accordance with the most current Best's Key Rating Guide.

Developer's contractor(s) will provide evidence of insurance coverage as follows:

To Developer:

One (1) true and exact copies of all required insurance policies, including additional insured endorsements, and

One (1) original, executed Certificate of Insurance on the form provided by the County.

To the County:

One (1) true and exact copies of all required insurance policies, including additional insured endorsements, and

Four (4) original, executed Certificate of Insurance on the accord form provided by the County.

The Certificate should set forth the original signatures of the authorized representative of the insurance company(ies) identified. The Certificate should also reference the Agreement between Developer and its contractor for the Roadway Improvements.

All polices shall require the insurer to deliver to Developer and the County thirty (30) days written notice prior to any cancellation, intent not to renew or reduction in coverage and ten (10) days written notice of any nonpayment of premium. Such notice shall be delivered by U.S. Mail to the above addresses.

The insurance required herein shall be primary to any insurance or self-insurance program of Developer or the County which is applicable to the work provided.

The County shall have the right to review and approve the provided insurance coverage prior to the execution of the construction agreement or issuance of the Notice to Proceed, whichever is earlier.

Insurance Certificates and Policies provided by Developer’s contractor will provide evidence of insurance coverage in amounts as follows:

The insurance carrier is required to waive its rights of subrogation against Developer and the County as well as their agents and employees.

Employer's Liability:	$1,000,000 per accident
Commercial General Liability:	$2,000,000 general aggregate
Product & Complete Operations:	$2,000,000 general aggregate
Bodily Injury (including death):	$1,000,000 per person
	$2,000,000 per occurrence
Personal Injury & Advertising Injury:	$500,000 per occurrence
Property Damage:	$1,000,000 per occurrence
Fire Damage:	$500,000 per any (1) fire
Hired & Non-Owned Autos	
or Automobile - Owned Bodily/	
Personal Injury Property Damage:	$1,000,000 combined single limit
Excess/Umbrella Liability:	$3,000,000 per occurrence
	$3,000,000 general aggregate

c) Insurance - Developer's Engineer

Prior to the execution of the agreement for the Roadway Improvements between Developer and its engineer, the engineer shall provide Developer and County evidence of insurance coverage as follows:

Professional Errors and	$1,000,000 per occurrence
Omissions Liability:	

Occurrence from professional liability insurance is preferred, however, in the event the engineer is only able to secure claims made professional liability insurance, the engineer shall be obligated in the agreement between Developer and the engineer to maintain insurance in effect with no less limits of liability nor any more restrictive terms and/or conditions for a period of five (5) years from the date of said agreement.

10) GENERAL PROVISIONS

a) Independent Capacity: Developer and any consultants, contractors, or agents are and shall be, in the performance of all work, services, and activities under this DA, independent contractors and not employees, agents, or servants of the County or joint ventures with the County. Developer does not have the power or authority to bind the County in any promise, agreement, or representation other than specifically provided for in this DA. The County shall not be liable to any person, firm, or corporation who contracts with or provides goods or services to Developer in connection with the Roadway Improvements or for debts or claims accruing to such parties against Developer. There is no contractual relationship expressed or implied between the County and any other person, firm, or corporation supplying any work, labor, services, goods, or materials to Developer as a result of the Roadway Improvements.

b) Termination: The County may terminate this DA upon Developer's failure to comply with the terms and conditions of this DA. The County shall provide Developer with a written Notice of Termination, stating the County's intent to terminate and describing those terms and conditions with which Developer has failed to comply. If Developer has not remedied the failure or initiated good faith efforts to remedy the failure within ninety (90) days after receiving the Notice of Termination, or thereafter is not proceeding with due diligence to remedy the failure, the County may terminate this DA immediately without further notice, and Developer shall not thereafter be entitled to any impact fee credits, reimbursement, or compensation as provided herein. This paragraph is not intended to replace any other legal or equitable remedies available to County under Florida law, but it is in addition thereto. This DA shall automatically terminate upon the full and timely application of all TDF Credits and/or payment to Developer funds in the VOPH Kiefer TDF Paid Account (if the combination of the same is equal to the TDF Credits having been awarded to Developer pursuant to this DA) to Developer or its designees in accordance herewith, and thereafter, the County agrees to promptly process a formal termination of this DA and to cause the same to be recorded in the Public Records of Pasco County, Florida.

c) Contracts: All construction contracts entered into by Developer for the Roadway Improvements shall be

made in accordance with all applicable laws, rules, and regulations; shall be specified by written contract or agreement; and shall be subject to each paragraph set forth in this DA. Developer shall monitor all contracts on a regular basis to ensure contract compliance. Results of monitoring efforts shall be summarized in written reports submitted to the County and supported with documented evidence of follow-up actions taken to correct areas of noncompliance. Developer shall cause the applicable portions of this DA to be included and made a part of any contract for the Roadway Improvements.

d) Law Compliance: Developer and the County will comply with all applicable Federal, State, and local laws, rules, regulations, and guidelines related to performance under this DA. In particular, Developer verifies and affirms that it is in compliance with the 8 USC, Section 1324, prohibiting the employment either directly or by contract, subcontract, or exchange of unauthorized aliens in the United States. The County will consider the employment of unauthorized aliens by Developer or by any contractor or vendor of Developer during the term of the DA a violation of the Immigration and Nationality Act. Such violation shall be cause for unilateral cancellation of this DA by the County.

e) Certification: Developer shall provide certification to the County, under the seal and signature of a registered, professional engineer that the Roadway Improvements have been constructed in accordance with the standards promulgated by the County; the contract documents; and this DA.

f) Notice: Whenever one (1) party gives notice to the other party concerning any of the provisions of this DA, including notice of termination, such notice shall be given by certified mail, return- receipt requested. The said notice shall be deemed given when it is deposited in the U.S. Mail with sufficient postage prepaid (notwithstanding that the return-receipt is not subsequently received). Notices shall be addressed as follows: Project @ VOPH, LLC, 4912 Turnbury Wood Drive, Tampa, Florida 33647. with a copy to Barbara L. Wilhite, Esq., 6327 Grand Boulevard, New Port Richey, Florida 34652, and to Pasco County, c/o Assistant County Administrator (Development Services), West Pasco Government Center, 8731 Citizens Drive, Suite 320, New Port Richey, FL 34654, with a copy to David A. Goldstein, Chief Assistant County Attorney, West Pasco Government Center, 8731 Citizens Drive, Suite 340, New Port Richey, FL

34654. These addresses may be changed by giving notice as provided for in this paragraph.

g) Entire Agreement: This DA embodies and constitutes the entire understanding and agreement between the parties with respect to the transactions contemplated herein, and this DA supersedes all prior and contemporaneous agreements, understandings, representations, communications, and statements, either oral or written; provided, however, that nothing shall relieve Developer of any development approval requirements or conditions previously imposed or authorized to be imposed under the County's LDC or Comprehensive Plan for future permits required by Developer. All exhibits attached hereto are incorporated herein by reference.

h) Modification and Amendment: Neither this DA, nor any portion hereof, may be waived, modified, amended, discharged, nor terminated, except as authorized by law pursuant to an instrument in writing, signed by the party against which the enforcement of such waiver, modification, amendment, discharge, or termination is sought and then only to the extent set forth in such instrument.

i) Waiver: The failure of any party to this DA to object to or to take affirmative action with respect to any conduct of the other which is in violation of the terms of this DA shall not be construed as a waiver of the violation or breach or of any future violation, breach, or wrongful conduct.

j) Contract Execution: This DA may be executed in several counterparts, each constituting a duplicate original, but all such counterparts shall constitute one (1) and the same agreement.

k) Gender: Whenever the contract hereof shall so require, the singular shall include the plural, the male gender shall include the female gender and the neuter and vice versa.

l) Headings: All article and descriptive headings of paragraphs in this DA are inserted for convenience only and shall not affect the construction or interpretation hereof.

m) Severability: Each provision of this DA and the related MPUD conditions of approval are material to the Board of County Commissioners approval of this DA. Accordingly, the provisions are not severable. In the event any section, sentence, clause, or provision of this DA or the related MPUD conditions of approval are declared illegal or invalid by a body with jurisdiction to make such determination, the

remainder of this DA and the related MPUD conditions of approval shall be suspended until such time the Board of County Commissioners modifies the DA or the related MPUD conditions of approval to address the illegal or invalid provision; provided however, such determination shall not affect the validity of entitlements that have received preliminary plan, preliminary site plan, plat, construction plan, Building Permit, or CO approval as of the date the determination is made. Developer-requested amendments to this DA and the related MPUD conditions of approval shall not be considered challenges to this DA or the related MPUD conditions of approval and decisions by the Board of County Commissioners regarding any Developer-requested amendments, or the like, shall not have the effect of suspending this DA or the related MPUD conditions of approval under any circumstances. Notwithstanding the foregoing, if a third party challenges any section, subsection, sentence, clause, or provision of the DA or the related MPUD conditions of approval and the challenged portion of the DA or the related MPUD conditions of approval are subsequently declared illegal or invalid, this DA or the related MPUD conditions of approval shall not be suspended, and shall remain in full force and effect except for that portion declared illegal or invalid. If any section, subsection, sentence, clause, or provision of this resolution is declared illegal or invalid as the result of a third party challenge, Developer shall cooperate with the County to amend this DA or the MPUD conditions of approval to address the portion which has been declared invalid or illegal.

n) Construction: The parties hereby agree that each has played an equal part in the negotiation and drafting of this DA and, in the event any ambiguity should be realized in the construction or interpretation of this DA, the result of such ambiguity shall be equally assumed and realized by each of the parties to this DA.

o) Cancellation: This DA may be canceled by mutual consent of the parties to the DA.

p) Third Party Beneficiaries: Nothing in this DA shall be construed to benefit any person or entity not a party to this DA.

q) Strict Compliance with Laws: Developer agrees that acts to be performed by it in connection with this DA shall be performed in strict conformity with all applicable Federal, State, and local laws, rules, regulations,

standards, and guidelines.

r) Nondiscrimination: Developer will not discriminate against any employee employed in the performance of this DA or against any applicant for employment because of race, creed, color, handicap, national origin, or sex. The developer shall insert a similar provision in all contracts for the Roadway Improvements.

s) Signatories Authority: By the execution hereof, the parties covenant that the provisions of this DA have been duly approved and signatories hereto are duly authorized to execute this DA.

t) Right-of-Way Use Permit: Developer shall obtain Right-of-Way Use Permit(s) from the County as required by applicable law.

u) Controlling Law: This DA shall be governed by and construed in accordance with the laws of the State of Florida. Venue for any litigation arising from this DA shall be in Pasco County, Florida.

v) Successors and Assigns: The terms of this DA shall run with the land and be binding upon Developer and owners and their successors and assigns. Developer and owners may assign this DA and all its rights and obligations hereunder to any person, firm, corporation, or other entity, with the consent of the parties to this DA, which consent should not be unreasonably withheld or delayed, and any such assignee shall be entitled to all the rights and powers of such participation hereunder. Upon any such assignment, such assignee shall succeed to all the rights and obligations of the assignor hereto, and shall, for purposes of specific rights and/or obligations assigned, or otherwise, all purposes hereof, be substituted for such participant.

w) Force Majeure: In the event Developer's or County's performance of this DA is prevented or interrupted by consequent act of God, or of the public enemy, or national emergency, or a governmental restriction upon the use or availability of labor or materials, or civil insurrection, riot, racial or civil rights disorders or demonstration, strike, embargo, flood, tidal wave, fire, explosion, bomb detonation, nuclear fallout, windstorm, hurricane, sinkholes, earthquake, or other casualty, disaster, or catastrophe, or judgment, or a restraining order or injunction of any court, Developer or County shall not be liable for such

nonperformance, and the time of performance shall be extended for the number of days that the force majeure event prevents or interrupts Developer's or County's performance of this DA as reasonably determined by the other party. This paragraph shall not apply to force majeure events caused by Developer or under Developer's control or caused by the County or under the County's control, as applicable. In the event that performance by Developer or County of the commitments set forth in this DA shall be interrupted or delayed in connection with acquisition of necessary governmental permits or approvals for the construction of the Roadway Improvements and which interruption or delay is caused through no fault of the party with a delayed performance, then the party with a delayed performance shall submit documentation to the other party regarding such event for review and concurrence. If such documentation shows that such event(s) have taken place, then the party with a delayed performance shall be excused from such performance for such period of time as is reasonably necessary after such occurrence to remedy the effects thereof, provided, however, in no event shall any such extension exceed three (3) months. Any requested extensions beyond such a three (3) month period may only be accomplished by an amendment to this DA.

x) PUBLIC RECORDS. Developer shall comply with the requirements of Florida's Public Records Act, Chapter 119, Florida Statutes. To the extent required by Section 119.0701, Florida Statutes, Developer shall (a) keep and maintain public records required by the County to perform the service under the Agreement; (b) upon request from the County's custodian of public records provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided for under Florida's Public Records law; (c) ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if Developer does not transfer the records to the County; and (d) upon completion of the contract, transfer, at no cost to the County, all public records in possession of Developer. Upon transfer, Developer shall destroy any duplicate public records that are exempt or confidential and exempt from public records requirements. All records stored electronically must be

provided to the County in a format that is compatible with the information technology systems of the County. All documentation produced as part of this Agreement will become the property of the County. This paragraph shall survive the expiration or termination of this Agreement. IF THE DEVELOPER HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE DEVELOPER'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT (727) 847-8147, Extension 8147; prr@mypasco.net; 7536 State Street New Port Richey, FL. Under Florida law, a Developer who fails to provide the public records to the County within a reasonable time may be subject to penalties under Section 119.10, Florida Statutes, and such non-compliance will constitute a breach of the Agreement and may serve as grounds for termination of this Agreement.

IN WITNESS WHEREOF, the parties hereto have by their duly authorized representatives executed this DA on the dates set forth below.

NOTICE OF PUBLIC HEARING ON A DEVELOPMENT AGREEMENT FOR PASCO COUNTY

PUBLIC NOTICE is hereby given that the Pasadena Hills Planning and Policy Committee will hold a public hearing **on Wednesday, May 21, 2025, at 1:30 p.m., at the Historic Pasco County Courthouse, Board Room, 2nd Floor, 37918 Meridian Avenue, Dade City, Florida,** the Pasco County Planning Commission, convened as the Local Planning Agency will hold a public hearing on **Thursday, June 5, 2025, at 1:30 p.m., at the Historic Pasco County Courthouse, Board Room, 2nd Floor, 37918 Meridian Avenue, Dade City, Florida**, and that the Pasco County Board of County Commissioners will hold a public hearing on **Tuesday, June 17, 2025, at 1:30 p.m., at the West Pasco Government Center, Board Room, 8731 Citizens Drive, New Port Richey, Florida**. The proposed development agreement between Pasco County and Project @ VOPH, LLC sets for the terms and conditions of development approval with respect to the Local Government Development Agreement for Zoning Amendment PDE25-0158 and will be considered at the stated time or as soon thereafter as possible.

The property subject to this development agreement is located on the northeast corner of Prospect Road and Elam Rd (Wirt Road) and contains the following parcel: 13-25-20-0000-00400-0000.

Information concerning these matters will be on file and available for examination by appointment only in the office of the Pasco County Planning, Development and Economic Growth Department, West Pasco Government Center, 8731 Citizens Drive, Suite 200, New Port Richey, Florida 34654, or anytime on our website: www.pascocountyfl.net. To make an appointment or for further information, you may call 727-847-8140. All interested parties may participate in the public hearing and be heard. To learn how to participate in this hearing virtually, which requires advance registration, please visit http://mypasco.net/meetingagendas.

Any person desiring to appeal any decision made by the Planning Commission or the Pasco County Board of County Commissioners with respect to any matter considered at any hearing will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which the appeal is to be based. Persons may obtain a verbatim record of the proceeding by contacting the Clerk and Comptroller's Office, East Pasco Government Center, 14236 6th Street, Suite 201, Dade City, Florida 33523-3414; or at (352) 521-4345.

For questions or inquiries about this meeting, members of the public can reach out to the County's Customer Service Center (727) 847-2411 or County Administration (727) 847-8115 or visit www.mypasco.net. To view the Local Planning Agency and Board of County Commissioners Agendas, please visit http://mypasco.net/meetingagendas.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact the County's Human Resources Department, Internal Services Building, 7536 State Street, New Port Richey, Florida 34654, (727) 847-8030 (V) at least 7 days before the public hearing, or immediately upon receiving this notification if the time before the public hearing is less than 7 days; if you are hearing or voice impaired, call 711.

PREPARED IN THE OFFICE OF
NIKKI ALVAREZ-SOWLES, Esq., CLERK & COMPTROLLER

THE MINUTES WERE PREPARED IN AGENDA ORDER
AS PUBLISHED AND NOT IN THE ORDER
IN WHICH THE ITEMS WERE HEARD

1:30 P.M.

HISTORIC PASCO COUNTY COURTHOUSE, BOARD ROOM, 2ND FLOOR
37918 MERIDIAN AVENUE, DADE CITY, FL 33525

Members

Paul Finora, District 2, Chairman
Emmett Evans, District 1 **– Absent**
Andrew Getz, District 3
Rod Lincoln, District 4
Dale Maggard, District 5
Andrew Pittman, At-Large
Mark A. Philmon, At-Large

Staff

David Goldstein, Chief Assistant County Attorney
David Allen, Interim Assistant County Administrator, Development Services
David Engel, MCRP, AICP, Director Planning and Economic Growth
Nectarios Pittos, AICP, Director Planning Services
Gavin Covey, CNU-A, Planner II, Planning Services

Call to Order

Chairman Finora called the meeting to order at 1:31 p.m.

Moment of Silence

A moment of silence was not held.

Pledge of Allegiance

Chairman Finora led the Pledge of Allegiance to the Flag.

Roll Call

Ms. Nevaeh Wilkes, Deputy Clerk, called the roll. All members were present with the exception of Mr. Evans who was absent.

Swearing In

Ms. Wilkes swore in those who planned to present testimony.

Proof of Publication

Ms. Wilkes noted the proof of publication.

Public Comment

Citizens are given an opportunity to comment on items listed on the Agenda by attending in person. Citizens may also comment on items listed on the Agenda in person inside the Board Room. Attendees are given an opportunity to comment on listed agenda items, as well as non-agenda items specific to the Villages of Pasadena Hills during Public Comment.

Public comment was not called.

Consent

There was none.

Public Hearing

PC1 Zoning Amendment (Consent) - Schatzberg MPUD – Ronald J. Schatzberg – Rezoning Request from A-C Agricultural District to MPUD Master Planned Unit Development District to Allow for the Development of 20 Single-Family Detached Lots and Associated Infrastructure on Approximately 10.09 Acres Located in The Villages of Pasadena Hills, Within Village F

File Number PDE25-7851
Comm. Dist. 1
Recommendation Approval with Conditions

Mr. William Vermillion, Planning, Development, and Economic Growth, read the item into the record.

Mr. Covey used a PowerPoint presentation to review the item.

Mr. Clarke Hobby, representative for the applicant, spoke regarding the history of the property, the property's location, development requirements and design, surrounding properties, the Plazewski MPUD, and the vision roadway.

Ms. Marcia Vieu displayed pictures and videos and spoke regarding flooding on her property, a Watershed study, an existing runoff retention area, swales that run along the property line, and the possible runoff into the development.

Mr. Jeremy Couch, Tampa Civil Engineering, spoke during this discussion.

Discussion was held regarding road locations; the neighboring properties; access points; lot sizes; project benefits; the location of Ms. Vieu's property; the retention area on the east side of the property; water flow; drainage; the swales along the property line; a culvert on the property; an existing berm; a tree request; the Watershed study; Ms. Vieu's displayed pictures; easements; the relief valve; possible fencing issues; the flooding in Zephyrhills; plat and site plan approval requirements; the SWFWMD rules; the redirection of the water; the Stormwater management plan; Knollwood acres; reduced area; dry pond benefits; and the overflow plan.

The Committee approved Staff's recommendation.

PC2 Development Agreement (Consent) - Homes by West Bay, LLC. - To Design, Permit, Acquire Right of Way, and Construct a Portion of Kiefer Road and New River Boulevard in Exchange for Transportation Development Fee Credits in the Villages of Pasadena Hills
File Number PDE25-0202
Comm. Dist. 1
Recommendation Approve

Mr. William Vermillion, Planning, Development, and Economic Growth, read the item into the record and used a PowerPoint presentation to review the item.

Discussion was held regarding neighboring roads; the Development Agreement; and construction plans.

There was no public comment.

The Committee approved Staff's recommendation.

Regular

There was none.

Adjourn

Mr. Pittman left the meeting at 1:40 p.m. and returned at 1:43 p.m.

The meeting adjourned at 2:11 p.m.
