NOTARY PUBLIC

guidepubno(DH)

Dear Property Owner:

This is to notify you that Petition No. RZ-7851 has been filed in the name of Ronald J & Elizabeth Shatzberg for a change in zoning from a A-C Agricultural District to a Master Planned Unit Development (MPUD) to allow for the development of a maximum of 20 single-family detached homes.

The parcel of land is located approximately 400 feet north of Kiefer Road, approximately one-third of a mile East of Curley Road (Parcel I.D. No 23-25-20-0000-01100-0020), containing approximately 10.09 acres.

Public hearings for the consideration of this application will be held as follows:

Villages of Pasadena Hills Planning and Policy Committee	**6/18/25**	**Historic Pasco County Courthouse 2nd Floor, Board Room 37918 Meridian Avenue Dade City, FL 33525**	**1:30 p.m.**
Board of County Commissioners	**7/15/25**	**Historic Pasco County Courthouse 2nd Floor, Board Room 37918 Meridian Avenue Dade City, FL 33525**	**1:30 p.m.**

If you are in opposition to the above-stated application, you will need competent, substantial evidence presented to support your opposition.

Any person desiring to appeal any decision made by the Planning Commission or Board of County Commissioners with respect to any matter considered at any meeting or hearing will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which the appeal is based.

On occasion, applications may be continued. It is your responsibility to contact this office to confirm the above-scheduled public hearing dates. If you desire any additional information concerning this application, please contact the Pasco County Planning and Development Department.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact either the Pasco County Customer Service Center, 8731 Citizens Drive, New Port Richey, FL 34654, (727) 847-2411 (V) or the Pasco County Risk Management Office, 7536 State Street, New Port Richey, FL 34654, (727) 847-8028 (V) at least 7 days before the public hearing, or immediately upon receiving this notification if the time before the public hearing is less than 7 days; if you are hearing or voice impaired, call 711.

THRU: David Allen, Assistant County Administrator

FROM: David Engel, Director Planning, Development and Economic Growth

RECOMMENDED COMMITTEE ACTION:
Recommend to the Board of County Commissioners approval of the rezoning request with conditions.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

PROJECT OVERVIEW

Land Development Code (LDC) Section 402.2, Zoning Amendment – MPUD Master Planned Unit Development; Section 522 – MPUD Zoning District.

The proposed is a rezoning request from A-C Agricultural District to MPUD Master Planned Unit Development District to allow for the development of twenty (20) single family detached lots and associated infrastructure on approximately 10.09 acres located in the Villages of Pasadena Hills (VOPH), within Village F.

The applicant is seeking the following variations from the LDC:

1. Variation from LDC Section 901.6.D.11. – Continuation of Existing Street Pattern and Street Access to Adjoining Property to not provide an interconnection to the south or west.

STAFF VARIATION REQUEST(S) ANALYSIS:

1. The applicant is requesting a variation from LDC Section 901.6.D.11 to not provide an interconnection to the parcels to the south or west. To the south and west of the subject site is designated as a Rural Enclave within the Villages of Pasadena Hills Comprehensive Plan and includes existing single-family homes on one-to-two-acre lots. The applicant is required to construct a Rural Enclave buffer in accordance with *Policy FLU 6.5.6 Rural Enclave Buffer* and *Figure PH-14: Rural Enclave Buffer Illustration* to protect the rural neighborhoods from the interference of adjacent village development; providing a vehicular interconnection to the Rural Enclaves would disrupt the existing neighborhood and would contradict the intent of the required

Rural Enclave Buffer. The Planning, Development, and Economic Growth Department finds that the proposed variation meets or exceeds the intent of the LDC consistent with the VOPH Comprehensive Plan.

This agenda memo was prepared by: Gavin Covey CNU-A, Planner II

SITE DETAILS

The project is located in the Villages of Pasadena Hills, within Village F. Parcel ID: 23-25-20-0000-01100-0020

Commission District:	The Honorable Ronald E. Oakley
Project Name:	Schatzberg MPUD
Applicants' Name(s) :	Ronald J. Schatzberg
Current Zoning District:	A-C
Proposed Zoning District:	MPUD
Future Land Use (FLU) Classification:	VMU-2 (Village Mixed-Use Type 2B)
Water/Sewage:	Pasco/Pasco
Flood Zone:	X
Requested Entitlements:	20 Single Family Lots
Roads/Access:	Tyndall Road (Future, Public)

MPUD SURROUNDING CONDITIONS ANALYSIS

The following table outlines the approved MPUD entitlements within a 1-mile radius of the subject site.

MPUD Name	Entitlements
Magnolia Island	• 475 Residential Dwelling Units • 70,000 Square Feet of Commercial
Plazeweski	• 200 Single-family Detached/Attached Dwelling Units
Evans Nursery	• 1064 Residential Dwelling Units • 70,000 Square Feet of Non-Residential Uses

Boger Ranch	• 215 Single-Family Detached Dwelling Units
Epperson	• 1,603 Single Family Detached Dwelling Units, • 125 Age Restricted Single Family Detached Dwelling Units • 918 Single Family Attached Dwelling Units, • 550 Multifamily Units • 292,000 Square Feet of Retail • 577,000 Square Feet of Office/Medical/Hospital/University • 200 Hotel Rooms
Mirada	• 3,450 Single Family Detached Dwelling Units • 1,500 Age Restricted Single Family Detached Dwelling Units • 850 Single Family Attached Dwelling Units • 900 Multifamily Units, • 421,000 Square Feet of Retail • 287,200 Square Feet of Office/Medical/Hospital/University, and • 200 Hotel Rooms

SURROUNDING ZONING AND LAND USES			
	Zoning District	Future Land Use (FLU)	Existing Use
North	VMU-2 (Village Mixed Use -2)	MPUD (Master Planned Unit Development)	Single-Family Residential
South	RES-1 (Residential-1 du/acre)	A-R (Agricultural Residential)	Single-Family Residential
East	VMU-2 (Village Mixed Use -2)	A-C (Agricultural)	Single-Family Residential
West	RES-1 (Residential-1 du/acre)	A-R (Agricultural Residential)	Single-Family Residential

FINDING OF FACT

1. The subject site is located within Village F, a Type 2B village. A Type 2 Village permits the following uses: single-family and multifamily residential uses, community and neighborhood-scale commercial uses, office uses, university campuses, schools, and civic and public uses.
2. The subject site is adjacent to a Rural Enclave and is required to construct a Rural Enclave Buffer in accordance with Policy FLU 6.5.6 Rural Enclave Buffer and Figure PH-14: Rural Enclave Buffer Illustration.
3. The Schatzberg MPUD will have access through the existing Plazeweski MPUD to the north.
4. LDC Section 402.2.C.8 specifies that variations from this Code may be reviewed and approved by the PC and BCC during the public hearing held on any application for an MPUD zoning amendment and the BCC finds, in the particular case, that the proposed variation(s) meet(s) or exceed(s) the intent of the Code. The Planning, Development and Economic Growth Department (PDE) has reviewed the requested variation(s) and finds that they meet the intent of the LDC as noted.
5. The proposed request is consistent with the Pasco County LDC, Chapter 400, Subsection 402.2 Zoning Amendment - MPUD Master Planned Unit Development, and with the applicable provisions of the Pasco County Comprehensive Plan.

PRELIMINARY FEASIBILITY ANALYSIS

A preliminary feasibility analysis was conducted by the PDE. The following assessments/comments/conditions are derived from the various County departments and other agencies.

1. Timing and Phasing (T&P) and/or Substandard Road Analysis (SSRA): The PDE Transportation Planner is in agreement with the conditions of approval as included.
2. Pasco County Utilities (PCU): PCU noted that offsite improvements may be required to connect to potable, reclaimed, and waste water services.
3. Pasco Sheriff's Office (PSO): The PSO issued no comments on the proposal
4. Fire: Fire Services had no objections to the proposed rezoning
5. Emergency Management: The Emergency Management department had no objections to the proposed rezoning
6. School District: The School District noted that this development will be subject to school impact fees and a school concurrency review. Any project that exceeds the adopted Level of Service will be required to mitigate the impacts that are created by the development.
7. Parks, Recreation, and Natural Resources (PRNR): PRNR is in agreement with the conditions of approval as included.
8. Metropolitan Planning, Development Organization (MPO): The MPO provided no comments on the proposal.

FISCAL IMPACT/COST/REVENUE STATEMENT:
Funding is not required for this action.

DISTRIBUTION:

LEGAL DESCRIPTION

SURVEYOR'S REPORT

MAP OF ALTA/NSPS LAND TITLE SURVEY AND BOUNDARY SURVEY:

THE MAP AND REPORT ARE NOT FULL AND COMPLETE WITHOUT THE OTHER.

LEGAL DESCRIPTION: (SEE DATA SOURCES 2)

THE NORTHEAST 1/4 OF THE NORTHEAST 1/4 OF THE SOUTHEAST 1/4 OF SECTION 23, TOWNSHIP 25 SOUTH, RANGE 20 EAST, PASCO COUNTY, FLORIDA, BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS: FOR A POINT OF BEGINNING: COMMENCE AT THE NORTHEAST CORNER OF THE SOUTHEAST 1/4 OF SAID SECTION 23; THENCE S. 00 DEG. 00'17" E. ALONG THE EAST BOUNDARY OF THE SOUTHEAST 1/4 OF SAID SECTION 23, A DISTANCE OF 664.85 FEET TO A POINT ON THE BOUNDARY OF KNOLLWOOD ACRES AS PER THE MAP OR PLAT THEREOF RECORDED IN PLAT BOOK 12, PAGES 139-142, INCLUSIVE, OF THE PUBLIC RECORDS OF PASCO COUNTY, FLORIDA; THENCE THE FOLLOWING TWO COURSES ALONG THE BOUNDARY OF SAID PLAT OF KNOLLWOOD ACRES: (1) S. 89 DEG 47'40" W., A DISTANCE OF 661.13; (2) N. 00 DEG. 03'08" W., A DISTANCE OF 664.51 FEET TO A POINT ON THE NORTH BOUNDARY OF THE SOUTHEAST 1/4 OF SAID SECTION 23; THENCE DEPARTING THE BOUNDARY OF SAID PLAT, N 89 DEG. 45'52" E. ALONG SAID NORTH BOUNDARY, A DISTANCE OF 661.69 FEET TO THE POINT OF BEGINNING.

TOGETHER WITH AN EASEMENT RECORDED IN OFFICIAL RECORDS BOOK 4367, PAGE 141, OVER: THE WEST 35 FEET OF THE NORTHWEST 1/4 OF THE SOUTHWEST 1/4 AND THE SOUTHWEST 1/4 OF THE NORTHWEST 1/4 OF SECTION 24, TOWNSHIP 25 SOUTH, RANGE 20 EAST, PASCO COUNTY, FLORIDA.

ACCURACY:

1. THE ACCURACY STANDARD USED FOR THIS SURVEY, AS CLASSIFIED IN THE STANDARDS OF PRACTICE (5J-17 FAC), IS "COMMERCIAL/HIGH RISK". THIS SURVEY MEETS OR EXCEEDS THE MINIMUM RELATIVE DISTANCE ACCURACY FOR THIS TYPE OF SURVEY WHICH IS 1 FOOT IN 10,000 FEET.
2. PRIMARY CONTROL POINT POSITIONS FOR THIS SURVEY WERE ESTABLISHED FROM A MINIMUM OF TWO (2) KNOWN FLORIDA DEPARTMENT OF TRANSPORTATION, FLORIDA PERMANENT REFERENCE NETWORK (FPRN) STATIONS (SEE PROJECT DATUM) USING GLOBAL POSITIONING SYSTEM METHODS (GPS) WITH REAL TIME KINEMATICS (RTK) SESSIONS. THE MAXIMUM POSITIONAL UNCERTAINTY OF THE PHYSICAL CONTROL POINTS IS COMPUTED TO BE 0.031 FEET (9.449 MILLIMETERS) USING THE ALGEBRAIC SUM MEAN OF THE PROCESSED POSITIONS.
3. HORIZONTAL CONTROL MEASUREMENTS WERE MADE WITH A TRANSIT AND STEEL TAPE, OR DEVICES WITH EQUIVALENT OR HIGHER DEGREES OF ACCURACY.

DATA SOURCES:

1. THE BASIS OF BEARINGS FOR THIS SURVEY IS THE NORTH BOUNDARY OF THE SOUTHEAST 1/4 OF SECTION 23, TOWNSHIP 25 SOUTH, RANGE 20 EAST, PASCO COUNTY, FLORIDA, BEING S89°51'06"E, AS SHOWN ON THE MAP OF SURVEY.
2. THIS SURVEY WAS PREPARED WITH THE BENEFIT OF A COMMITMENT FOR TITLE INSURANCE PREPARED BY CHICAGO TITLE INSURANCE COMPANY, COMMITMENT NUMBER: 11369286, COMMITMENT DATE: OCTOBER 11, 2023 AT 11:00 PM. THE LEGAL DESCRIPTION SHOWN HEREON IS AS IT APPEARS IN SAID COMMITMENT.
3. THIS SURVEY WAS PREPARED WITH THE BENEFIT OF THE RECORD DOCUMENTS SHOWN AND STATED HEREON, ALL OF THE PUBLIC RECORDS OF PASCO COUNTY, FLORIDA.
4. THIS SURVEY WAS PREPARED WITH THE BENEFIT OF THE PLAT OF KNOLLWOOD ACRES, AS RECORDED IN PLAT BOOK 12, PAGE 139, OF THE PUBLIC RECORDS OF PASCO COUNTY, FLORIDA.
5. THIS SURVEY WAS PREPARED WITH THE BENEFIT OF THAT CERTAIN ALTA/NSPS LAND TITLE AND BOUNDARY SURVEY TITLE "PLAZEWSKI", PREPARED BY FLORIDA DESIGN CONSULTANTS, INC., JOB NUMBER 0595-0255, LATEST REVISION DATED 7-20-2023.
6. CERTIFIED CORNER RECORDS WERE OBTAINED FROM THE FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION LAND BOUNDARY INFORMATION SYSTEM WEB SITE (www.labins.org).
7. THE PARCEL AND RECORDING INFORMATION FOR ADJACENT PROPERTIES ARE PER THE PASCO COUNTY PROPERTY APPRAISER WEB SITE ON 10-11-2023.

LIMITATIONS:

1. USE OF THIS SURVEY BY ANYONE OTHER THAN THOSE PREPARED FOR/CERTIFIED TO, WILL BE THE RE-USERS SOLE RISK WITHOUT LIABILITY TO THE SURVEYOR.
2. THERE MAY BE ADDITIONAL EASEMENTS AND/OR RESTRICTIONS AFFECTING THIS PROPERTY THAT MAY OR MAY NOT BE FOUND IN THE PUBLIC RECORDS OF THIS COUNTY.
3. ORIGINAL FIELD WORK WAS COMPLETED ON 9-26-2023 AND IS CONTAINED IN FIELD BOOK 2182, PAGES 38-42. NO FIELD WORK WAS PERFORMED FOR REVISION 1 AND IS LIMITED TO UPDATED TITLE. FIELD WORK FOR REVISION 2 WAS COMPLETED ON 1-19-2024 AND IS CONTAINED IN FIELD BOOK 2182, PAGES 51-53 AND IS LIMITED TO ADDING WETLAND AND SEASONAL HIGH WATER DATA.
4. PRINTED DIMENSIONS SHOWN ON THE SURVEY SUPERSEDE SCALED DIMENSIONS. THERE MAY BE ITEMS DRAWN OUT OF SCALE TO GRAPHICALLY SHOW THEIR LOCATION.
5. CALCULATED (C) GEOMETRY SHOWN HEREON WAS CALCULATED USING FIELD LOCATED POINTS AND CERTAIN PUBLISHED DATA (SEE DATA SOURCES).
6. SHOWN ANYWHERE ON THIS SURVEY, THE WORD "CERTIFY" IS UNDERSTOOD TO BE AN EXPRESSION OF A PROFESSIONAL OPINION BASED UPON THE SURVEYOR'S BEST KNOWLEDGE, INFORMATION AND BELIEF, AND THAT IT THUS CONSTITUTES NEITHER A GUARANTEE NOR A WARRANTY.
7. SUBSURFACE FOUNDATIONS AND THEIR LOCATIONS HAVE NOT BEEN DETERMINED.
8. IRRIGATION EQUIPMENT AND/OR THEIR APPURTENANCES HAVE NOT BEEN LOCATED UNLESS OTHERWISE SHOWN ON THE MAP OF SURVEY.
9. THE LOCATIONS OF THE UNDERGROUND UTILITIES AND/OR THEIR APPURTENANCES WERE PERFORMED BY A FIELD SURVEY AND ONLY LOCATED AS SHOWN ON THE MAP OF SURVEY. ONLY THE UNDERGROUND UTILITIES AND/OR THEIR APPURTENANCES WHICH WERE VISIBLE FROM GROUND LEVEL TO THE SURVEYOR ON THE ACTUAL DAY OF THE FIELD SURVEY WERE LOCATED AND MAPPED. NO EXCAVATIONS OR SUBSURFACE WORK EFFORTS OF ANY KIND WERE PERFORMED BY THE SURVEYOR TO VERIFY THE EXISTENCE OF ANY UNDERGROUND UTILITIES AND/OR THEIR APPURTENANCES. THE SURVEYOR MAKES NO GUARANTEE THAT THE UNDERGROUND UTILITIES AND/OR THEIR APPURTENANCES SHOWN COMPRISE ALL SUCH UTILITIES IN THE AREA, EITHER IN SERVICE OR ABANDONED.
10. NO INFORMATION ON ADJOINING PROPERTY OWNERS WAS SUPPLIED TO THE SURVEYOR (SEE DATA SOURCES 7).
11. HORIZONTAL DIMENSIONS FROM BOUNDARY LINES TO LOCATED ITEMS WHICH USE SYMBOLS (SEE SYMBOLS LEGEND) ARE MEASURED TO THEIR CENTER.
12. THE LIMITS FOR THIS PROJECT WERE DETERMINED BY THE CLIENT.
13. THE LOT LINES SHOWN ADJACENT TO THE SUBJECT PROPERTY, WERE CALCULATED UTILIZING FIELD LOCATED POINTS TOGETHER WITH RECORD DOCUMENTS (AS REFERENCED ON THE MAP OF SURVEY). THE EXACT PARCEL BOUNDARY LINES ARE SUBJECT TO AN ACCURATE FIELD LAND BOUNDARY SURVEY.
14. A SCALE FACTOR OF 0.999961479 SHOULD BE CONSIDERED FOR GROUND EFFORTS.
15. BEARINGS, DISTANCES AND LOCATIONS OF MONUMENTS ARE FIELD MEASURED UNLESS OTHERWISE NOTED AS CALCULATED OR WITH QUADRANT TIES.
16. THE SUBJECT PROPERTY APPEARS TO LIE WITHIN FLOOD ZONE X; PER FLOOD INSURANCE RATE MAP (FIRM), MAP NUMBER 12101C0267F, COMMUNITY: PASCO COUNTY, NUMBER: 120230, PANEL: 0267, SUFFIX: F, MAP EFFECTIVE ON SEPTEMBER 26, 2014.
17. THE FLOOD INSURANCE RATE MAP ZONE LINES SHOWN ARE APPROXIMATE. AN ACCURATE ZONE LINE DETERMINATION SHOULD BE MADE BY THE PREPARER OF THE MAP, THE FEDERAL EMERGENCY MANAGEMENT AGENCY, OR THE LOCAL GOVERNMENTAL AGENCY HAVING JURISDICTION OVER SUCH MATTERS PRIOR TO ANY JUDGMENTS BEING MADE FROM THE ZONE LINES AS SHOWN. THE ABOVE REFERENCED FEDERAL EMERGENCY MANAGEMENT AGENCY MAP STATES IN THE NOTES TO THE USER THAT: (a) "THIS MAP IS FOR USE IN ADMINISTERING THE NATIONAL FLOOD INSURANCE PROGRAM. IT DOES NOT NECESSARILY IDENTIFY ALL AREAS SUBJECT TO FLOODING, PARTICULARLY FROM LOCAL DRAINAGE SOURCES OF SMALL SIZE. THE COMMUNITY MAP REPOSITORY SHOULD BE CONSULTED FOR POSSIBLE UPDATED OR ADDITIONAL FLOOD HAZARD INFORMATION."; (b) "FLOOD ELEVATIONS ON THIS MAP ARE REFERENCED TO THE NORTH AMERICAN VERTICAL DATUM OF 1988. THESE FLOOD ELEVATIONS MUST BE COMPARED TO STRUCTURE AND GROUND ELEVATIONS REFERENCED TO THE SAME DATUM."; AND (c) "FOR INFORMATION REGARDING CONVERSION BETWEEN THE NATIONAL GEODETIC VERTICAL DATUM OF 1929 AND THE NORTH AMERICAN VERTICAL DATUM OF 1988, VISIT THE NATIONAL GEODETIC SURVEY WEBSITE AT http://www.ngs.noaa.gov OR CONTACT THE NATIONAL GEODETIC SURVEY
18. WETLAND FLAGS AND SEASONAL HIGH WATER DATA WAS DETERMINED BY ECOLOGICAL CONSULTING SOLUTIONS UTILIZING FLAGGING AND SET NAILS AND WAS FIELD LOCATED BY FLORIDA DESIGN CONSULTANTS, INC. ON 1-19-2024. NO REPORT OR SKETCH WAS PROVIDED TO THIS SURVEYOR.

APPARENT PHYSICAL USE:

THE SUBJECT PROPERTY APPEARS TO BE PARCEL LAND WITH IMPROVEMENTS AS SHOWN ON THE MAP OF SURVEY.

BOUNDARY INCONSISTENCIES:

ANY ANGULAR AND/OR DIMENSIONAL DISCREPANCIES BETWEEN THE LEGAL DESCRIPTION(S) AND THE FIELD LOCATED OCCUPATION BOUNDARY CORNERS, AND BOUNDARY CORNERS WITH MULTIPLE BOUNDARY MONUMENTS ALONG WITH THEIR CORRESPONDING QUADRANT DIRECTIONAL MISSES, ARE SHOWN ON THE MAP OF SURVEY.

EASEMENTS/RIGHT-OF-WAYS:

1. SEE DATA SOURCES 2.
2. SEE LIMITATIONS 2.
3. THE SUBJECT PROPERTY HAS DIRECT ACCESS TO KIEFER ROAD VIA THE EASEMENT DESCRIBED IN OFFICIAL RECORDS BOOK 4367, PAGE 141 OF THE PUBLIC RECORDS OF PASCO COUNTY, FLORIDA, AS SHOWN ON THE MAP OF SURVEY.

THE FOLLOWING ARE PER SCHEDULE B-II, OF THE COMMITMENT REFERENCED IN DATA SOURCES 2: [THE FOLLOWING NUMBERS CORRESPOND WITH SAID COMMITMENT]

1-4 ITEMS 1-4 ARE NOT SURVEY MATTERS

5. TERMS, PROVISIONS AND CONDITIONS OF THE CERTIFICATE OF ESTABLISHING WATER BASIN BOUNDARIES OF THE SOUTHWEST FLORIDA WATER MANAGEMENT DISTRICT RECORDED DECEMBER 29, 1961 IN OFFICIAL RECORDS BOOK 190, PAGE 79, PUBLIC RECORDS OF PASCO COUNTY, FLORIDA. [AFFECTS THE SUBJECT PROPERTY IN A BLANKET NATURE]
6. INTENTIONALLY DELETED.
7. INTENTIONALLY DELETED.
8. GRANT OF EASEMENT RECORDED JULY 9, 1996 IN OFFICIAL RECORDS BOOK 3597, PAGE 1662, PUBLIC RECORDS OF PASCO COUNTY, FLORIDA. (AS EASEMENT PARCEL) [MAY BENEFIT SUBJECT PROPERTY A SHOWN ON THE MAP OF SURVEY]
9. TERMS, PROVISIONS AND CONDITIONS IN THE GRANT OF EASEMENT RECORDED IN OFFICIAL RECORDS BOOK 4367, PAGE 141, PUBLIC RECORDS OF PASCO COUNTY, FLORIDA. [AFFECTS SUBJECT PROPERTY AS SHOWN ON THE MAP OF SURVEY]
10. THE ALTA/NSPS LAND TITLE SURVEY PREPARED BY JARED T. PATENAUDE FOR FLORIDA DESIGN CONSULTANTS, INC. FIELD DATED SEPTEMBER 26, 2023 UNDER JOB NO. 0595-0271, SHOWS: [AFFECTS THE SUBJECT PROPERTY AS SHOWN ON THE MAP OF SURVEY]
    A) OVERHEAD UTILITY WIRES, WITHOUT THE BENEFIT OF AN EASEMENT. (FEE & EASEMENT PARCELS)
    B) WOOD WALL, COLUMNS, GATE & KEY PAD LIES WITHIN THE EASEMENT IN OFFICIAL RECORDS BOOK 4367, PAGE 141.
    C) ANY ADDITIONAL ENCROACHMENTS, IF ANY, AFFECTING THE EASEMENT IN OFFICIAL RECORDS BOOK 4367, PAGE 141, BELOW THE LOT 15, KNOLLWOOD ACRES IN PLAT BOOK 12, PAGE 139.

NOTE FOR INFORMATIONAL ONLY:

A) AGREEMENT TO CONVEY REAL PROPERTY FOR RIGHT OF WAY FOR KIEFER ROAD WITH PASCO COUNTY RECORDED IN OFFICIAL RECORDS BOOK 8984, PAGE 1. [DOES NOT AFFECT SUBJECT PROPERTY]

NOTES:

1. THE SUBJECT PROPERTY IS CONTIGUOUS WITH, AND HAS LEGAL AND PHYSICAL ACCESS TO THAT CERTAIN EASEMENT, AS DESCRIBED IN OFFICIAL RECORDS BOOK 4367, PAGE 141, WHICH IS LIES CONTIGUOUS WITH THE PUBLICLY DEDICATED RIGHT-OF-WAY FOR KIEFER ROAD, WITHOUT GAP, GORE OVERLAP OR HIATUS.
2. THE SOUTH AND WEST LINES OF THE SUBJECT PROPERTY ARE CONTIGUOUS WITH THE EASTERLY LINE OF THAT CERTAIN PLAT REFERENCED IN DATA SOURCES 4, WITHOUT GAP, GORE, OVERLAP OR HIATUS.
3. THE NORTH LINE OF THE SUBJECT PROPERTY IS CONTIGUOUS WITH THAT CERTAIN PROPERTY, AS DESCRIBED IN OFFICIAL RECORDS BOOK 4253, PAGE 1474, OF THE PUBLIC RECORDS OF PASCO COUNTY, FLORIDA (PLAZEWSKI)
4. NO RECENT EARTH MOVING WORK WAS OBSERVED AT THE TIME OF SURVEY.

PROJECT DATUM:

HORIZONTAL:

BEARINGS AND COORDINATES (IN U.S. SURVEY FEET) ARE BASED ON NATIONAL GEODETIC SURVEY (NGS), STATE PLANE COORDINATES, FLORIDA WEST ZONE, NORTH AMERICAN DATUM 1983/2011 ADJUSTMENT.

FLORIDA PERMANENT REFERENCE NETWORK (FPRN) STATIONS UTILIZED:

1. ZEPHYRHILLS (ZEFR): RECEIVER TYPE/SERIAL#: LEICA GRI0 / 1701986; ANTENNA TYPE/SERIAL#: LEICA AR20 / 1626017; RECORDING RATE: 1s. (NORTHING = 1415483.5273, EASTING = 603153.9017);
2. DADE CITY (FLDC): RECEIVER TYPE/SERIAL#: LEICA GRIO / 1704222; ANTENNA TYPE/SERIAL#: LEIAR10 / 18341008; (NORTHING = 1,465,759.37500, EASTING = 595,768.57973)

AS PUBLISHED BY THE FLORIDA DEPARTMENT OF TRANSPORTATION WEBSITE. (http://www.dot.state.fl.us).

VERTICAL:

ELEVATIONS ARE BASED ON NORTH AMERICAN VERTICAL DATUM, 1988 ADJUSTMENT (NAVD 88)

CONTROL BENCHMARKS UTILIZED:

1. A FOUND 12" DIAMETER CONCRETE MONUMENT W/ FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION DISK, STAMPED "L 679 2007", DESIGNATED BY NGS AS "L 379", ELEVATION = 124.58 (NAVD 88) FEET.

AS PUBLISHED BY THE NATIONAL GEODETIC SURVEY WEB SITE. (http://ngs.noaa.gov)

PREPARED FOR:

LENNAR HOMES, LLC, A FLORIDA LIMITED LIABILITY COMPANY

CERTIFIED TO:

- LENNAR HOMES, LLC, A FLORIDA LIMITED LIABILITY COMPANY
- CALATLANTIC NATIONAL TITLE SOLUTIONS
- LWL LAW, PLLC, A FLORIDA PROFESSIONAL LIMITED LIABILITY COMPANY
- CHICAGO TITLE INSURANCE COMPANY
- RONALD SCHATZBERG AND ELIZABETH SCHATZBERG

2021 ALTA/NSPS CERTIFICATION:

TO LENNAR HOMES, LLC, A FLORIDA LIMITED LIABILITY COMPANY; CALATLANTIC NATIONAL TITLE SOLUTIONS; LWL LAW, PLLC, A FLORIDA PROFESSIONAL LIMITED LIABILITY COMPANY; CHICAGO TITLE INSURANCE COMPANY; AND RONALD SCHATZBERG AND ELIZABETH SCHATZBERG:

THIS IS TO CERTIFY THAT THIS MAP OR PLAT AND THE SURVEY ON WHICH IT IS BASED WERE MADE IN ACCORDANCE WITH THE 2021 "MINIMUM STANDARD DETAIL REQUIREMENTS FOR ALTA/NSPS LAND TITLE SURVEYS", JOINTLY ESTABLISHED AND ADOPTED BY ALTA AND NSPS, AND INCLUDES ITEMS 1, 2, 3, 4, 8 AND 16 OF TABLE A THEREOF.

EXHIBIT B

CONDITIONS OF APPROVAL

SHATZBERG MPUD
MASTER PLANNED UNIT DEVELOPMENT CONDITIONS OF APPROVAL REZONING PETITION NO. RZ-7851

Master Development Plans

1. Development shall be in accordance with the plans and information submitted in July 2024 and January 2025; the Land Development Code (LDC); and the Comprehensive Plan unless otherwise stipulated or modified herein.

   Development shall substantially conform to the conceptual plan attached as Exhibit D ("Binding Master Plan"). The County Administrator or designee is hereby delegated authority to interpret and apply the Binding Master Plan to the PDP/PSP/Construction Plans for each phase or parcel, provided the substantive intent and purpose of the Binding Master Plan is achieved. So long as the PDP/PSP/Construction Plans are deemed in substantial conformance with the Binding Master Plan, a non-substantial or a substantial modification is not required. However, if the PDP/PSP/Construction Plans materially deviate from the Binding Master Plan, as determined by the County Administrator or designee, a substantial modification to this MPUD shall be required.

Environmental

2. If during construction activities any evidence of the presence of State or Federally protected plant and/ or animal species is discovered, Pasco County and applicable agencies shall be notified within two working days of the plant and/or animal species found on the site. All work in the affected area shall come to an immediate stop until all pertinent permits have been obtained, agency written authorization to commence activities has been given, or unless compliance with state and federal guidelines can be demonstrated.

3. The applicant shall provide a 100% gopher tortoise burrow survey conducted according to FFWCC guidelines, the FFWCC gopher tortoise relocation permit and FFWCC accepted after action report prior to issuance of site development placard. If site construction does not commence within 90 days from the date of the most recent 100% gopher tortoise survey or capture activities, a new gopher tortoise burrow survey must be completed to ensure gopher tortoises have not moved in and, if found, a valid permit must be obtained, amended, or acted on to capture and relocate all tortoises prior to commencing any site clearing.

4. Suitable nest cavities for the Southeastern American Kestrel were observed within the project area. All suitable nest cavities shall be surveyed for kestrel activity during the breeding season (March 1 to July 31). All potential nesting cavities shall be identified, recorded, and clearly identified in the field. The applicant shall abide by current FFWCC permitting guidelines and provide documentation from FFWCC that they are in conformance with the guidelines prior to issuance of site development placard.

5. The upland buffer line shall be clearly field demarcated prior to any construction activities. No construction activities, including clearing, grading, or grubbing, shall occur within the Wetland Upland Buffer unless otherwise approved by the County and as depicted on the County-approved construction plans for the project.

6. A copy of the SWFWMD Environmental Resources Permit (ERP) shall be submitted to the Pasco County Project record prior to issuance of site development placard.

Open Space/Buffering

7. Landscape Buffers shall be constructed in accordance with section 905.2 of the LDC unless an alternative standard is approved at the time of Site Plan Review.

8. Except for those neighborhood park elements depicted on the Binding Master Plan, specific review and approval of the Land Development Code (LDC), Section 905.1, Neighborhood Parks, will be conducted at PDP/ PSPs submittal. At the time of the PDP/PSPs submittal, a park plan shall be provided, which shall depict the location, acreage, dimension, type (mini-park, neighborhood park, linear park, trails etc.) and planned amenities of each neighborhood park area in accordance with the compliance of current LDC 905.1

9. The developer(s) shall create a mandatory homeowners'/property owners'/condominium owners'/merchants' association in the form of a nonprofit corporation registered with the State of Florida, Secretary of State, and/or, if approved, by the BCC or State of Florida, a Community Development District (CDD). The association(s) or District(s) shall encompass the entire boundaries of the MPUD except for any real property to be conveyed to the County or the District School Board of Pasco County (School Board). The developer(s) shall convey in fee simple to the association(s) or the CDD(s), for ownership and maintenance, open space, drainage areas, common areas, landscape areas, wetland areas, buffer areas, preservation/conservation areas, and other special-purpose areas unless the said area(s) is/are required to be dedicated to another governmental entity. Recreation areas and neighborhood parks shall be conveyed to the association(s) as well, but only to the CDD(s) if such special power, pursuant to Section 190.012(2), Florida Statutes, is consented to by the County. All such conveyances shall be for a value that does not exceed the fair market value of the land. Prior to platting the first unit or phase, homeowners'/property owners'/condominium owners'/merchants' association(s) or CDD documents, including Articles of Incorporation with proof of being filed with the State of Florida, Secretary of State, restrictive covenants, and all exhibits shall be submitted to the Survey Department for review along with copies of instruments to be used to convey in fee simple the above-mentioned areas to the said association or the CDD. Impact fee credits for improvements or dedications shall go to the association or the CDD that funded such improvements as applicable.

10. The developer/builder shall provide the appropriate number of trees per lot pursuant to Table 905.2-C located in the LDC, Section 905.2.D.1.a. If the developer/builder is unable to provide the appropriate number of trees on the lot due to easement(s) or other

constraints as determined by the County Administrator or designee, then the developer/builder may plant the tree(s) in common area(s). If trees are proposed to be moved to a location within any County rights-of-way, a Street Tree Plan submittal and review per LDC requirements will be necessary. If common area is not available, then the developer/builder shall pay into the tree mitigation fund at the rate established by resolution of the BCC (Resolution 08-284, as amended) as follows: $50.00 per inch, but not to exceed $500.00 for each residential unit, or $500.00 for each 2,000 square feet of the first floor building area for non-residential development pursuant to Section 802.3.C. of the LDC.

11. A Rural Enclave Buffer is required on the western and south boundary of this MPUD and shall be in accordance with Attachment A "Rural Enclave Buffer Illustration." The Rural Enclave Buffer shall be installed prior to the first record plat. Area A will consist of a 6-foot solid fence, in addition to any required landscaping outlined in Attachment A.

12. Street Tree Planting and/or Front Yard Tree Planting:

    a) Each front-loaded single-family detached lot shall have a minimum of two trees on or in front of the lot, one of which may be in the side or back yard and one of which must be in the front of the home but may be either a street tree (in front of the lot) or a lot tree (in the lot front yard).

Transportation/Circulation

13. The MPUD was found exempt from Timing and Phasing as the proposed rezoning to develop 20 Single Family Detached dwellings would result in a gross trip difference less than 50 peak hour trips. Any development of land use(s) that generate(s) greater traffic impacts than those assumed shall require a Timing and Phasing Analysis utilizing a methodology approved by the County. In addition, where the Timing and Phasing Analysis assumes retirement, age restricted, 55 and older, or 62 and older housing, prior to approval of each plat, the developer shall comply with LDC Section 1302.1.D. If the developer fails to timely provide the required covenants or deed restrictions, or fail to comply with such covenants or deed restrictions, the developer shall be required, in addition to any County remedies set forth in the County-approved covenants/deed restrictions, to submit a traffic study without any reduction in trip generation based on retirement, age restricted, 55 and older, or 62 and older housing; and additional approvals within the development shall be held in abeyance until the County approves the updated traffic study and determines the appropriate transportation mitigation. The PC, BCC, or County Administrator or designee, may impose additional conditions on the applicant or developer based on the County-approved Timing and Phasing Analysis.

14. The entire project must be platted, prior to the expiration of this MPUD, outlined in condition 62.

15. All alternative transportation facilities which contain vehicular travel lanes for golf carts, autonomous vehicles and/or low-speed vehicles, shall be owned and maintained by a

HOA and/or CDD. The applicable entity shall govern the rules and regulations applicable to such vehicle use on any alternative transportation facility paths, multipurpose trails, alleys, or streets which are not County public roadways.

16. The design, construction and use of any street or roadway authorized as a permitted road for golf carts or low-speed vehicles by resolution within VOPH shall include the installation of traffic control, signage, and other safety features as required therein for such alternative vehicle use. Pursuant to Chapter 316.212 (1), Florida Statutes and Pasco County Resolution No. 21-086, the HOA and/or CDD shall post appropriate signs indicating that golf cart use is allowed on all such permitted roads.

Access Management

17. The access points shown on the master plan are conceptual only. Permanent placement of each access point shall be determined at the time of review with the corresponding PSP/PDP and shall meet established access-management criteria. Based on the corresponding PSP/PDP, County Administrator, or designee, may impose additional conditions on the applicant/developer.

18. Prior to approval of the first record plat containing any of the following improvements, the developer shall construct, or bond site-access improvements unless (a) determined otherwise at the time of PDP/PSP review based on a subsequent access management analysis provided by the Developer for the specific parcel or phase or (b) constructed by others:

- a 170-foot eastbound right turn lane at the Plazewski MPUD project access on to Tyndall Road
- a 195-foot westbound left turn lane at the Plazewski MPUD project access on to Tyndall Road
- Allendale Street from Tyndall Road to the northern boundary of the Schatzberg MPUD.

19. At each PDP/PSP approval, the County Engineer, or designee, may also require site-specific internal or external intersection improvements. Intersection improvements shall be in accordance with the LDC and Access Management Standards as amended.

20. All roads that will be used to access public-purpose sites, such as public school, park, library, and fire rescue sites (as determined by the School Board, Parks and Recreation Department, Libraries Services Department, Fire Rescue Department, or the Planning Commission (PC), as applicable) shall be public roadways and constructed in accordance with applicable County/Florida Department of Transportation (FDOT) design, construction, and signage standards; e.g., Chapter 316, Florida Statutes, and *Manual of Uniform Traffic Control Devices* standards. Such roadways shall be deeded in fee simple to the County or the FDOT, as applicable, prior to or concurrent with the first record plat containing such roadways.

Dedication of Right-of-Way

21. Street connections and rights-of-way to adjoining areas, as shown on the MPUD Master Plan, shall be provided to give access to such areas and/or to provide for proper traffic circulation as determined necessary at the time of PDP approval. Those streets that are required to ensure adequate traffic flow to and through the land are to remain public and shall not be gated.

22. In the case of private streets, and any amenities within those rights-of-way such as paths, trails, sidewalks, and any other non-vehicular accessways, dedication and maintenance shall be the responsibility of the mandatory homeowners'/property owners'/condominium owners'/merchants' association(s) or an appropriate entity other than the County. Pasco County will not be responsible for the maintenance of any private streets or private access amenities.

23. To the extent that any of the conditions of this approval constitute monetary or property exactions that are subject to *Nollan v*. *California Coastal Comm'n*, 483 U.S. 825 (1987), and *Dolan v*. *City of Tigard*, 512 U.S 374 (1994), the applicant/owner, and successors and assigns (a), agrees that there is a nexus and rough proportionality between such conditions and the impacts of this project/development, and that such conditions are necessary to ensure compliance with the criteria of the LDC and Comprehensive Plan that are applicable to this approval, and (b) waives any claims based on such conditions. This agreement/waiver was entered into voluntarily, in good faith, for valuable consideration, and with an opportunity to consult legal counsel, but does not affect the applicant/owner's ability to seek variances, administrative remedies, or modifications of the conditions of this approval through applicable processes in the LDC and does not affect the applicant/owner's ability to bring an action pursuant to Section 70.45, Florida Statutes.

Design/Construction Specifications

24. If, during construction activities, any evidence of historic resources including, but not limited to, human burial sites such as Indian mounds, lost historic and aboriginal cemeteries, or other unmarked burials or associated artifacts, original or historic pottery, prehistoric stone tools, bone or shell tools, historic trash pits, or historic building foundation, are discovered, work shall come to an immediate stop, and the Florida Department of Historic Resources (State Historic Preservation Officer) and Pasco County shall be notified within two working days of the resources found on the site. Additionally, should any human burial sites such as Indian mounds, lost historic and aboriginal cemeteries, or other unmarked burials or associated artifacts be found, then the provisions and guidelines set forth in Chapter 872.05, FS (Florida's Unmarked Burial Law) are to be followed.

25. Prior to the first PDP/PSP submittal, the developer(s) shall submit a Master Roadway Plan (MRP) to the PDE for review and approval. The plan shall include, at a minimum, right-of-way widths, roadway cross sections, number of lanes, intersection geometry, phasing,

design speed, internal access points, required interconnects, and alignment for major County collector and arterial roadways within the MPUD. The plan shall also demonstrate compliance with the County's collector and arterial design and spacing standards of the LDC, Section 901.1, Transportation-Corridor Spacing. The County shall reserve the right to require specific dates or deadlines for completion of construction for any portion of these roads and intersections.

26. The developers shall comply with the County and Pasco County Public Transportation requirements to accommodate mass transit service to and within the project if service is available or planned at the time of preliminary plan/preliminary site plan approval. A detailed description of the overall transit accommodations plan shall include, but is not limited to, a proposed ingress and egress route for buses and bus stops proposed to service the project including, but not limited to, benches, shelters, lighting, pedestrian walkways, landscaping, and placement as required by the County or Pasco County Public Transportation. The developers shall submit the detailed description of the overall transit accommodations plan to PDE for review and approval prior to or concurrent with the PDP/PSP of the first unit or phase within the development. Approval of the detailed description of the overall transit-accommodations plan is subject to Pasco County Public Transportation review and approval in accordance with the Pasco County Public Transportation *Transit Infrastructure Guidelines* (June 2005), as may be amended from time to time, or any subsequent ordinance adopted by Pasco County. The developers shall include and show on any PDP/PSP submittal the approved transit-accommodation facilities, which shall be constructed with the infrastructure improvements of each affected preliminary plan/preliminary site plan unless an alternative phasing of transit-accommodation-facilities construction is approved with the overall transit-accommodations plan. The applicant/developers and their successors shall not refuse the Pasco County Public Transportation, or any other transit authority, or any of its users/patrons access to such facilities.

27. The developer(s) shall submit an overall pedestrian/bike path plan to the PDE for approval prior to approval of the first PDP/PSP, which provides a path circulation in accordance with the Pasco County LDC, as amended, or an alternative method acceptable to the PDE, and in compliance with the handicapped provisions of Section 336.045, Florida Statutes, or other applicable law. In the absence of an approved pedestrian/bike path plan, compliance with the LDC is required.

28. All sidewalks, bike paths (not including bike lanes within the pavement of any roadway accepted by the County for maintenance), multi-use trails, and other non-vehicular pathways within the rights-of-way of any roadways within the MPUD shall not be the maintenance responsibility of the County.

29. Street lighting is required throughout the MPUD pursuant to LDC Section 901.11.

30. If the property to the north or east has an approved PDP/PSP or is built-out, then prior to PDP/PSP submittal for Shatzberg MPUD development, the developer shall supply evidence that it has coordinated with the developer(s) and engineer(s)/surveyor(s) of the adjoining parcels to identify and provide the location of the required interconnecting

roadway [such interconnecting roadways do not include the collector/arterial/vision roadways as depicted on the approved master plan]. The following information shall be shown on all PDPs/PSPs and construction plans/construction site plans that include or abut the interconnecting roadway: location (by State plane coordinates), centerline, right-of-way width, cross section, elevation of centerline, grade, and centerline geometry (tangent bearing/curve geometry) to provide a seamless continuation of this road at property lines.

31. As provided in Chapter 190, Florida Statutes, and subject to the BCC's separate approval, the CDD(s) is hereby authorized to undertake the funding and construction of any of the projects, whether within or outside the boundaries of the CDD(s) that are identified within this rezoning approval. Further, any obligations of the developer contained in this approval may be assigned to a CDD, homeowners'/property owners' association, or other entity approved by the County. However, such CDD shall not be authorized to levy assessments on any property either owned or to be owned by the County or School Board (Public Properties) that are located within the boundary of the CDD. All applicable documents pertaining to the undertaking of funding and construction by the CDD shall reflect the following:

a) Public Properties shall not be considered benefited properties and shall not be assessed by the CDD.

b) No debt or obligation of such CDD shall constitute a burden on any Public Property.

Utilities/Water Service/ Wastewater Disposal

32. A Master Utility Plan for the entire development shall be submitted to the Utilities Services Branch for review and approval prior to or concurrent with submittal of the first construction plan/construction site plan. This utility plan shall show, at a minimum, the following:

a) Trunk sewer lines and lift stations.

b) Main Potable water lines and non-potable water lines, if applicable.

c) Sewage treatment facility locations, including discussion for the proposed method of treatment and the feasibility of a non-potable water system for irrigation.

d) Method of Lighting for all nonlocal roads shall be submitted at the time of record plat submittal for each unit or phase.

e) A master Utility Plan shall include AutoCAD and PDF electronic files and hydraulic analysis for the water, wastewater, and reclaimed water systems and shall be in conformance with the Utilities Services Plan guidelines implemented by the Utilities Services Branch.

33. Prior to the first construction plan/construction site plan approval, the developer(s) and the

County shall enter into a Utilities Service Agreement.

34. The developer(s) shall construct all water and wastewater facilities within the development to current County standards. A complete set of instructions may be obtained from the Utilities Services Branch.

35. In consideration of Pasco County's agreement to provide potable water and/or reclaimed water to the subject property, the developer(s)/owner(s) and its successors and assigns, agree to the following:

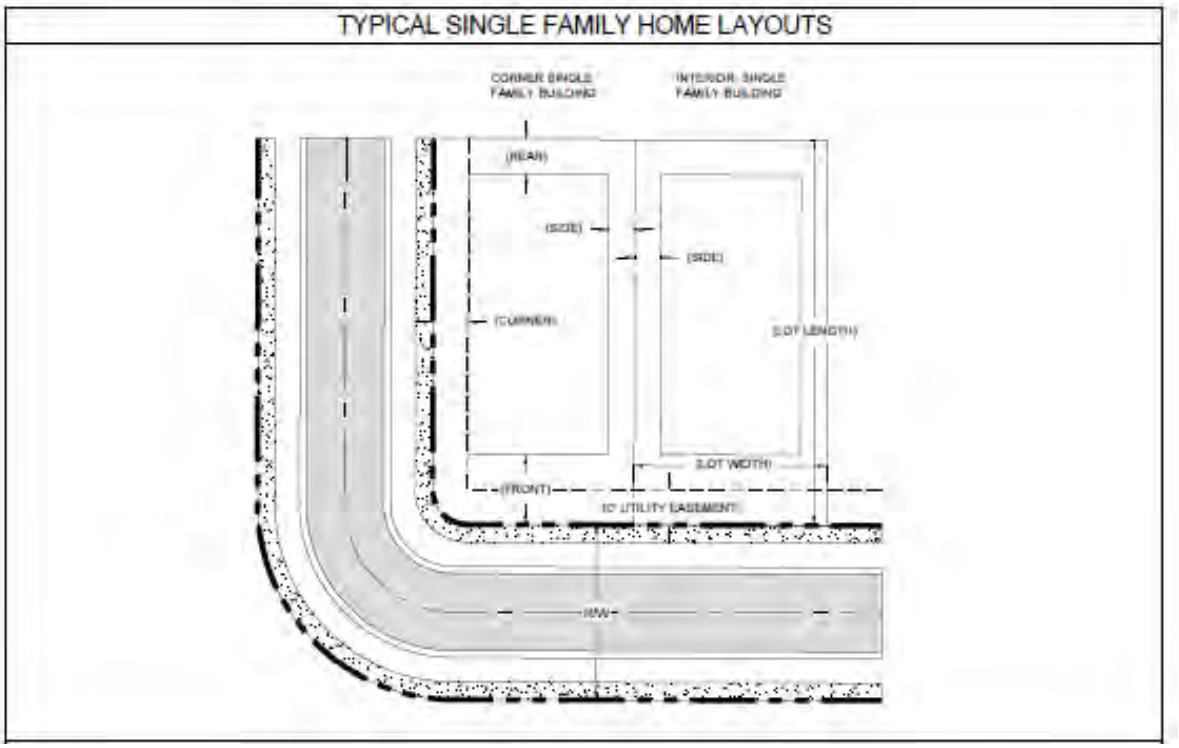
    a) In the event of production failure or shortfall by Tampa Bay Water (TBW), as set forth in Section 3.19 of the Interlocal Agreement creating TBW, and then only for so long as such a production failure or shortfall exists, the developer(s)/owner(s) shall transfer to the County any and all Water Use Permits or water-use rights the developer(s)/owner(s) may have to use or consume surface or ground water within the subject property, provided that the same are not needed to continue any existing agricultural uses on the subject property, in which case, such transfer shall not be required as long as such agricultural uses are active.

    b) Prior to the developer(s)/owner(s) selling water, Water Use Permits, or water-use rights, the developer(s)/owner(s) shall notify Pasco County, and Pasco County shall have a right of first refusal to purchase such water, Water Use Permits, or water-use rights.

Stormwater

36. The applicant shall contact SWFWMD Engineering & Watershed Management Section for the latest floodplain study information available for design.

37. At the time of the first site development permit, the applicant shall comply with the applicable County floodplain management requirements.



38. The developer acknowledges that the HOA documents shall include language to prevent the residential lots from filling below the 100-year floodplain and/or altering drainage patterns on residential lots without permitted approval from Pasco County and/or SWFWMD as applicable. The HOA documents shall be provided to Pasco County for review and approval at the time of plat review.

39. All pass-through drainage shall have an access and maintenance easement over it. This easement shall be to Pasco County granting the County the right, but not obligation to access and maintain.

40. The applicant shall verify if the proposed project is within a Basin of Special Concern. If the project lies in or partially within a Basin of Special Concern, the applicant shall comply with Basin of Special Concern criteria requirements.

Land Use

41. The residential dimensional standards are as follows:

a) Single Family Detached Typical
   (1) Minimum Lot Width of 60' Feet
   (2) Minimum Lot Depth of 100' Feet
   (3) Minimum Front-Yard Setback of 20 feet ***
   (4) Minimum Setback to Front Garage- 23 feet
   (5) Minimum Side-Yard Setback of 7.5 Feet
   (6) Minimum Corner Setback of 10 feet
   (7) Maximum Height of 35 Feet (2 stories)
   (8) Minimum Lot Area of 6,000 Square Feet
   (9) Minimum Rear Setback of 10'
   (10) ***Maximum Lot Coverage of 80 Percent – Principal and Accessory Structure
   (11) Units located adjacent to the proposed drainage/open space/park area as depicted on the Binding Master Plan shall be a minimum of 20 feet from the rear of the structure and a minimum of 15 feet from the side of the structure.

42. Voluntary Architectural Design Standards are as follows:

Page 45 of 58

a) Monotony Control:
Single-Family detached houses shall be required to address the following requirements to avoid architectural monotony:

i. A proposed home shall have three different architectural features (as defined below) from the two houses on either side of it that face the same street.
ii. A proposed home shall differ in architectural features (as defined below) from the house(s) directly across the street (i.e., the house directly across the street, but not diagonal or those on either side of the house directly across the street).
iii. The rear of a proposed home shall differ in appearance (as set forth in section (b) (ii) below) from the houses directly adjacent to it when facing another road.

b) Architecture Features:
To establish a difference in architectural features between homes of the same model type facing a street or mews, a minimum of three (3) architectural features shall differ on all Single Family Detached houses.

i. These features shall include different: colors, materials (e.g., stucco, siding, brick, stone, etc.), elevations, arrangement of openings such as windows and doors, gables and eaves, dentils, cornices, trim, division of lights within windows, variation of building elevation (i.e., height, recessed planes etc.) porches, porticos, dormers, location of garage (left, right or rear), ornamental or decorative garage doors, ornaments such as medallions, shutters etc., and color or material of rooftops (e.g., shingles, tiles etc.). If different models of homes are adjacent to or across from each other, monotony is avoided.
ii. For the rear of homes that back-up to or face a street (i.e., local, collector, or arterial), the differing appearance shall be accomplished, at a minimum, by the reversal of floor plans or changes in material colors.
iii. No more than 20% of garages shall protrude more than 8 feet beyond the roof line of each single family detached unit and each such garage (protruding more than 8 feet beyond the roof line) shall contain decorative garage fronts.

43. The applicant/developer has committed to, and is hereby requiring, the foregoing architectural and monotony controls, notwithstanding any potential contrary requirements in Section 163.3202(5)(a), Florida Statutes. This condition shall be construed as a requirement imposed by the applicant/developer pursuant to Section 163.3202(5)(c), Florida Statutes, and not a requirement of the County, to the extent that Section 163.3202(5)(a), Florida Statutes, prevents the County from applying or enforcing architectural or monotony controls in this MPUD.

44. The total aggregate number of dwelling units for Shatzberg MPUD shall not exceed 20 units.

45. Recreation-center development standards shall be in accordance with the C-1 Neighborhood Commercial District.

46. The maximum density set forth above is not a vested right and is subject to reduction based on, or as a result of, applicable County ordinances and resolutions.

47. Parcels may be developed out of numerical sequence and in multiples as long as the parcels being developed do not rely upon infrastructure construction of future parcels.

48. Interim silvicultural and/or agricultural activities shall be permitted until the commencement of development for that portion of the proposed development. Seasonal temporary uses pursuant to Section 530.9 LDC may be allowed with subsequent approval, pursuant to the County's Miscellaneous Permit process for temporary events.

49. Condition 48 allows for uses that could be construed as being zoned for commercial or mixed-use, and that have been specifically reserved in the MPUD for such uses. In addition, this MPUD contains a buildout date that is beyond the expiration date of Section 125.01055(7), Florida Statutes (October 1, 2033), and any areas of this MPUD that allow for the Condition 48 uses are permitted to develop with such uses beyond the expiration date of Section 125.01055(7), Florida Statutes. Accordingly, the applicant/developer has committed to, and is hereby requiring, that the Condition 48 uses shall remain those uses required by Condition 48, notwithstanding any potential contrary requirements in Section 125.01055(7), Florida Statutes. This condition shall be construed as a requirement imposed by the applicant/developer, and not a requirement of the County, to the extent it prevents any use allowed or preempted by Section 125.01055(7), Florida Statutes.

50. For single-family detached products, the developer may utilize one model center per product type which can exceed the ten percent maximum allowed model center lots per the LDC.

Procedures

51. The applicant/developer understands that, should any LDC Variation Requests be approved with the approval of this MPUD, any proposed modification thereto shall constitute a modification to the MPUD.

52. The applicant/developer shall ensure that the HOA required to be established under this MPUD incorporates the minimum tree and architectural requirements in Conditions 12 and 42, into the HOA covenants, conditions, and restrictions and shall ensure that the HOA is the primary enforcement entity for the tree requirements after the MPUD entitlements have received a final inspection or Certificate of Occupancy, and the only enforcement entity for the architectural requirements. If the County becomes aware of violations of Conditions 12 and 42, concerning the minimum tree and architectural/monotony control conditions, the County reserves the right to hold the developer (until the turnover to the HOA) and/or

the HOA responsible for violations of the foregoing requirements. This condition shall not be construed as any attempt by the County to enforce architectural requirements in this MPUD; rather, the condition is intended to ensure that the developer and HOA honor their commitment to privately impose such requirements pursuant to Section 163.3202(5)(c), Florida Statutes.

53. On-street Parking: The HOA or CDD required to be established under this MPUD shall include provisions for the management of on-street parking and obstruction of roadways, including without limitation covenants, conditions, and restrictions which require the HOA or CDD, as applicable, to be the primary enforcement entity for all current or future LDC or Code of Ordinance provisions related to on-street parking and obstruction of roadways, and which require the HOA or CDD, as applicable, to adopt and enforce specific regulations which empower the HOA or CDD Board, as applicable, to adopt, enforce, and otherwise regulate on-street parking and obstruction of roadways within the subdivision, which regulations may be more restrictive than applicable LDC or Code of Ordinance provisions. Such regulations shall specifically include the authority for the HOA or CDD to tow vehicles that violate such regulations. Such HOA or CDD enforcement shall include, at a minimum, any obstruction of any roadway in the subdivision that causes interference with the efficient delivery of emergency or law enforcement services and/or vehicles at any time, whether or not emergency services have been requested. This condition, and the applicable HOA or CDD regulations, do not preclude the County from also enforcing applicable LDC or Code of Ordinance provisions relating to on-street parking or obstruction of roadways. In addition to the other requirements of this condition, the HOA or CDD required to be established under this MPUD shall include provisions which limit parking to one side of each street within the MPUD (in those areas where on-street parking is allowed at all pursuant to the LDC) so as to avoid the obstruction of on-site roadways, but providing such a parking limitation shall not implicate the provisions of LDC Section 907.1.E. requiring additional 0.25 visitor parking spaces. The foregoing parking limitation does not prevent developer from providing dedicated parking stalls on both sides of a street outside the travel lanes.

54. A disclosure statement regarding the construction of all future roadways abutting and through the MPUD shall be included in all sales contracts for residential homes within the MPUD. This disclosure shall include the future roadway's number of lanes and construction timing, if applicable.

55. Prior to the first record plat approval, the developer/owner shall record a "Consent to Development Fee Surcharges and Special Assessments" in a form acceptable to the Pasco County Attorney's Office and in accordance with the LDC, Section 602.8.K.3. and Section 602.8.M.4.

56. Unless required elsewhere within the conditions of approval, all conveyances shall occur at record plat or within 90 days of the County's request, whichever occurs first. All conveyances shall include access easements, be in a form acceptable to the Real Estate Division, and be free and clear of all liens and encumbrances, including exemption from all covenants and deed restrictions.

57. The developer(s) shall submit and obtain approval of a Substantial Modification to add uses not previously approved or to reduce open-space or preservation/conservation areas. A Substantial Modification is also required if there is a cumulative increase in density or intensity of ten percent or more in the number of average daily trips as defined by the Institute of Traffic Engineers and the Pasco County Access Management Team.

58. Unless otherwise approved by the Fire Marshal, or designee, the development shall be included into a Pasco County Municipal Fire Service Taxing Unit to provide fire protection. The developer(s) shall submit a petition for inclusion into the Pasco County Municipal Fire Service Taxing Unit at the time of record plat submission. In no case shall a Building Permit be issued until the Fire Marshal, or designee has received such a petition.

59. A PDP/PSP must be approved for an entire increment (bubble) prior to any phased construction plan/construction site plan approval. An increase in dwelling units within increments is allowed without modification to the master plan as long as there is a corresponding decrease and the total maximum number of entitlements is not increased as approved for the MPUD.

60. PDP/PSP submittals shall include a detailed breakdown of the individual plan approvals, including the plan name and increment or phase designation as it relates to the Master Development Plan, acreage of the site, total number of units, or gross floor area ratio of commercial space which have received PDP/PSP approval, construction plan/construction site plan approval, and/or record plat approval.

61. Development is exempt from the LDC: Concurrency Management System, for parks and recreation, and transportation only pursuant to the LDC Section 602.8.M.5, provided the project complies with the VOPH Financial Plan, as amended.

62. Because the VOPH Area Plan is a 2065 Horizon Plan, this MPUD rezoning shall remain in force and effect until December 31, 2065, including subsequent extensions thereof.

63. An extension of time limit for approval as identified above shall be processed as a substantial modification approved by the BCC.

64. In addition to complying with the above conditions, no further plan approvals will be granted until such time as the acknowledgment portion of the **BCC approved document** is completed (including notarization) and received by the PDE after the BCC action.

65. All conditions of this MPUD approval are material to the BCC approval. Accordingly, the conditions are not severable. In the event any section, subsection, sentence, clause, or provision of these conditions or the rezoning resolution is challenged and declared illegal, invalid, or in violation of any statutory or constitutional requirement by a body with jurisdiction to make such determination, the remainder of the conditions and MPUD approval shall be suspended until such time that the BCC modifies the MPUD conditions of approval to address the illegal or invalid provision, provided that such suspension shall not exceed nine months in duration. However, such determination shall not affect the validity of 1) MPUD entitlements that have received plat, Building Permit, or CO

approval; or 2) any MPUD mitigation committed to or performed as of the date the determination is made, unless such approvals or mitigation are specifically declared to be illegal, invalid, or unenforceable. Requests for BCC-approved modifications to the MPUD or the MPUD conditions of approval shall not be considered challenges and decisions by the BCC regarding any modification or the like shall not have the effect of suspending the conditions and the MPUD approval under any circumstances.

OWNER/DEVELOPER ACKNOWLEDGEMENT

The owner/developer acknowledges that it has read, understood, and accepted the above- listed conditions of approval. **Do not sign this document until a final disposition from the BCC regarding this Petition has been received.**

LEGAL DESCRIPTION:

THE NORTHEAST 1/4 OF THE NORTHEAST 1/4 OF THE SOUTHEAST 1/4 OF SECTION 23, TOWNSHIP 25, RANGE 20 EAST, PASCO COUNTY, FLORIDA, BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS: FOR A POINT OF BEGINNING: COMMENCE AT THE NORTHEAST CORNER OF THE SOUTHEAST 1/4 OF SAID SECTION 23; THENCE S. 00 DEG 00'17" E. ALONG THE EAST BOUNDARY OF THE SOUTHEAST 1/4 OF SAID SECTION 23, A DISTANCE OF 664.85 FEET TO A POINT ON THE BOUNDARY OF KNOLLWOOD ACRES AS PER THE MAP OR PLAT THEREOF RECORDED IN PLAT BOOK 12, PAGES 139-142, INCLUSIVE, OF THE PUBLIC RECORDS OF PASCO COUNTY, FLORIDA; THENCE THE FOLLOWING TWO COURSES ALONG THE BOUNDARY OF SAID PLAT OF KNOLLWOOD ACRES: (1) S. 89 DEG 47'40" W., A DISTANCE OF 661.13; (2) N. 00 DEG. 03'08" W., A DISTANCE OF 664.51 FEET TO A POINT ON THE NORTH BOUNDARY OF THE SOUTHEAST 1/4 OF SAID SECTION 23; THENCE DEPARTING THE BOUNDARY OF SAID PLAT, N 89 DEG, 45'52" E. ALONG SAID NORTH BOUNDARY A DISTANCE OF 661.69 FEET TO THE POINT OF BEGINNING.

TOGETHER WITH AN EASEMENT RECORDED IN OFFICIAL RECORDS BOOK 4367, PAGE 141, OVER: THE WEST 35 FEET OF THE NORTHWEST 1/4 OF THE SOUTHWEST 1/4 AND THE SOUTHWEST 1/4 OF THE NORTHWEST 1/4 OF SECTION 24, TOWNSHIP 25 SOUTH, RANGE 20 EAST, PASCO COUNTY, FLORIDA.

GENERAL NOTES:

1. THERE ARE NO WELLHEADS OR WELLHEAD AREAS WITHIN THE PROJECT OR WITHIN 1000 FEET OF THE PROPERTY.
2. THERE ARE NO ECOLOGICAL CORRIDORS/CRITICAL LINKAGES WITHIN THE SITE.
3. THERE ARE NO PROPOSED MAJOR FACILITIES, INCLUDING SCHOOL SITES AND FIRE STATION SITES, WITHIN THE PROJECT.
4. THERE ARE NO KNOWN WETLANDS ONSITE.
5. THE PROPERTY IS WITHIN FEMA FLOOD ZONE X.
6. TIMING OF DEVELOPMENT: THE TIMING OF DEVELOPMENT FOR ANY PHASE OF THE PROJECT WILL BE ESTABLISHED BY THE DEVELOPER IN RESPONSE TO MARKET CONDITIONS.
7. POTABLE WATER, RECLAIMED WATER, SANITARY SEWER, AND FIRE SERVICE TO BE PROVIDED BY PASCO COUNTY UTILITIES. ELECTRICAL SERVICE TO BE PROVIDED BY WITHLACOOCHEE RIVER ELECTRIC COOP., INC.
8. UNLESS AN ALTERNATIVE STANDARD IS APPROVED AT TIME OF PRELIMINARY SITE PLAN, LANDSCAPE BUFFERS WILL COMPY WITH LDC STANDARDS.
9. UNLESS AN ALTERNATIVE STANDARD IS APPROVED AT TIME OF PRELIMINARY SITE PLAN, OPEN SPACE AND PARKS WITHIN THE DEVELOPMENT WILL COMPLY WITH LDC STANDARDS. OPEN SPACE AND PARK LOCATIONS AND SIZES SHALL BE DETERMINED DURING PDP/PSP.
10. ALL COMMON AREAS AND FACILITIES SHALL BE MAINTAINED BY A PROPERTY OWNER'S ASSOCIATION, COMMUNITY DEVELOPMENT DISTRICT, MANAGEMENT COMPANY, OR OWNER.
11. TRANSPORTATION NETWORK AND ACCESS POINTS: ONE (1) PRIMARY ACCESS POINT CONNECTED TO PLAZEWSKI MPUD (ALLENDALE ROAD) AND ONE (1) STUB OUT ON THE EASTERN BOUNDARY OF THE PROPERTY. ANY STUB OUT LOCATION WILL BE IDENTIFIED ON THE PRELIMINARY DEVELOPMENT PLAN(S) AND WILL BE DESIGNED PER PASCO COUNTY STANDARDS.

_____
NOTARY PUBLIC

Dear Property Owner:

This is to notify you that Petition No. RZ-7851 has been filed in the name of Ronald J & Elizabeth Shatzberg for a change in zoning from a A-C Agricultural District to a Master Planned Unit Development (MPUD) to allow for the development of a maximum of 20 single-family detached homes.

The parcel of land is located approximately 400 feet north of Kiefer Road, approximately one-third of a mile East of Curley Road (Parcel I.D. No 23-25-20-0000-01100-0020), containing approximately 10.09 acres.

Public hearings for the consideration of this application will be held as follows:

Villages of Pasadena Hills Planning and Policy Committee	**6/18/25**	**Historic Pasco County Courthouse 2nd Floor, Board Room 37918 Meridian Avenue Dade City, FL 33525**	**1:30 p.m.**
Board of County Commissioners	**7/15/25**	**Historic Pasco County Courthouse 2nd Floor, Board Room 37918 Meridian Avenue Dade City, FL 33525**	**1:30 p.m.**

If you are in opposition to the above-stated application, you will need competent, substantial evidence presented to support your opposition.

Any person desiring to appeal any decision made by the Planning Commission or Board of County Commissioners with respect to any matter considered at any meeting or hearing will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which the appeal is based.

On occasion, applications may be continued. It is your responsibility to contact this office to confirm the above-scheduled public hearing dates. If you desire any additional information concerning this application, please contact the Pasco County Planning and Development Department.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact either the Pasco County Customer Service Center, 8731 Citizens Drive, New Port Richey, FL 34654, (727) 847-2411 (V) or the Pasco County Risk Management Office, 7536 State Street, New Port Richey, FL 34654, (727) 847-8028 (V) at least 7 days before the public hearing, or immediately upon receiving this notification if the time before the public hearing is less than 7 days; if you are hearing or voice impaired, call 711.

NOTICE OF PUBLIC HEARINGS ON REZONINGS FOR PROPERTIES LOCATED IN PASCO COUNTY

PUBLIC NOTICE is hereby given that the Pasadena Hills Planning and Policy Committee will hold a public hearing on **Wednesday, May 21, 2025, at the Historic Pasco County Courthouse, Board Room, 2nd Floor, 37918 Meridian Avenue, Dade City, Florida, at 1:30 p.m.**, and that the Pasco County Board of County Commissioners will hold a public hearing **on Tuesday, July 15, 2025, at the Historic Pasco County Courthouse, Board Room, 2nd Floor, 37918 Meridian Avenue, Dade City, Florida, at 1:30 p.m.** to consider applications for rezoning pursuant to the provisions of the Pasco County Land Development Code, Chapter 400. All hearings will be conducted at the stated time or as soon thereafter as is practical on the following application(s):

1. Ronald J & Elizabeth Schatzberg/Schatzberg MPUD (RZ-7851) petition for a rezoning from a A-C Agricultural District to a MPUD Master Planned Unit Development District for a parcel located on approximately 640 feet north of Kiefer Road and one-quarter mile east of Curley Road (aka 23-25-20-0000-01100-0020).

Information concerning this matter will be on file and available for examination by appointment only in the office of the Pasco County Planning, Development and Economic Growth Department, West Pasco Government Center, 8731 Citizens Drive, Suite 200, New Port Richey, Florida 34654, or anytime on our website: www.pascocountyfl.net. To make an appointment or for further information, you may call 727-847-8140. All interested parties may participate in the public hearing and be heard. To learn how to participate in this hearing virtually, which requires advance registration, please visit http://mypasco.net/meetingagendas.

Any person desiring to appeal any decision made by the Planning Commission or the Pasco County Board of County Commissioners with respect to any matter considered at any hearing will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which the appeal is to be based. Persons may obtain a verbatim record of the proceeding by contacting the Clerk and Comptroller's Office, East Pasco Government Center, 14236 6th Street, Suite 201, Dade City, Florida 33523-3414; or at (352) 521-4345.

For questions or inquiries about this meeting, members of the public can reach out to the County's Customer Service Center (727) 847-2411 or County Administration (727) 847-8115 or visit www.mypasco.net. To view the Local Planning Agency and Board of County Commissioners Agendas, please visit http://mypasco.net/meetingagendas.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact the County's Human Resources Department, Internal Services Building, 7536 State Street, New Port Richey, Florida 34654, (727) 847-8030 (V) at least 7 days before the public hearing, or immediately upon receiving this notification if the time before the public hearing is less than 7 days; if you are hearing or voice impaired, call 711.

AGENDA MEMORANDUM

COMMISSION DISTRICT: 1 **FILE NO.:** PDE25-0202 **DATE:** 6/18/2025

SUBJECT: Development Agreement (Consent) - Homes by West Bay, LLC. - To Design, Permit, Acquire Right of Way, and Construct a Portion of Kiefer Road and New River Boulevard in Exchange for Transportation Development Fee Credits in the Villages of Pasadena Hills

REFERENCES: All Villages of Pasadena Hills Planning and Policy Committee Meetings (PPC) and Board of County Commissioner (BCC) Public Hearings at 1:30 p.m. in New Port Richey (NPR) or Dade City (DC): PPC at DC 5/21/25

THRU: David Allen, Assistant County Administrator

FROM: David Engel, Director Planning, Development and Economic Growth

RECOMMENDED COMMITTEE ACTION:
Recommend Approval of the Development Agreement to the Board of County Commissioners.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

PROJECT OVERVIEW

This development agreement is for the design, construction, right of way acquisition, and permitting of Kiefer Road and New River Boulevard, as required by the MPUD conditions of approval and the VOPH Enabling Documents. The Magnolia Island MPUD was approved by the BCC for 475 residential dwelling units and 70,000 square feet of commercial on September 20, 2022 (PDD22-7584).

Kiefer Road will be constructed as a 142AA typical section per the VOPH Master Roadway Plan (MRP) and New River Boulevard will be constructed as a 70AA typical section per the VOPH MRP. Kiefer Road will be constructed from Curely Road to the Magnolia Island project access as depicted in Exhibit B-1. New River Boulevard will be constructed from the terminus of the aforementioned Kiefer Road improvements to Tyndall Road.

In exchange for constructing the necessary roadway infrastructure, the developer will be entitled to Transportation Development Fee (TDF) credits. As set forth within the enabling documents for VOPH, TDF credits may not be used for the External Transportation Improvement Fee; those fees must be paid in cash.

This agenda memo was prepared by:William Vermillion, AICP-C, CNU-A, Senior Planner

SITE DETAILS

The project is located in the Villages of Pasadena Hills, Village F, located on the south side of and abutting the future Tyndall Road, north of and abutting the future Kiefer Road, between Handcart Road and Curley Road. (PID: 24-25-20-0000-00100-0000)

Commission District: The Honorable Ronald Oakley

Project Name:	Magnolia Island DA
Applicants' Name(s) :	Homes by West Bay LLC.
Current Zoning District:	MPUD
Proposed Zoning District:	N/A
Future Land Use (FLU) Classification:	VMU Type 2B

DEVELOPMENT AGREEMENT BETWEEN PASCO COUNTY AND HOMES BY WESTBAY, LLC, A FLORIDA LIMITED LIABILITY COMPANY FOR CERTAIN IMPROVEMENTS TO KIEFER ROAD & NEW RIVER BOULEVARD PURSUANT TO THE MAGNOLIA ISLAND MPUD

THIS DEVELOPMENT AGREEMENT (this "DEVELOPMENT AGREEMENT or "DA") is made and entered into by and between PASCO COUNTY, a political subdivision of the State of Florida, by and through its Board of County Commissioners, hereinafter called "**County**", and HOMES BY WESTBAY, LLC, a Florida limited liability company, hereinafter called "**Developer**".

W I T N E S S E T H:

WHEREAS, the County is authorized by the Florida Local Government Development Agreement Act, Sections 163.3220-163.3243, Florida Statutes (F.S.), to enter into a development agreement with any person having a legal or equitable interest in real property located within its jurisdiction; and

WHEREAS, on September 20, 2022, the County's Board of County Commissioners (the "**BCC**") adopted Resolution No. 22-66RZ, approving the Magnolia Island Master Planned Unit Development with conditions for the development of 475 Single Family Dwelling Units and 70,000 Square Feet Commercial (the "**MPUD**");

WHEREAS, Developer is the owner of the real property in Pasco County, Florida, legally described on **Exhibit "A"** attached hereto and incorporated herein by reference, which constitutes a portion of the MPUD and within which Developer intends to construct a residential development (hereinafter called the "**Project**"); and

WHEREAS, the MPUD and the Project are located in the Villages of Pasadena Hills, an area plan and overlay ("**VOPH**") that was created pursuant to Goal 6 of the Pasco County Comprehensive Plan (the "**Comprehensive Plan**") and Section 602 of the Pasco County Land Development Code (the "**LDC**"); and

WHEREAS, Goal 6 of the Comprehensive Plan and Section 602 of the LDC and the Pasadena Hills Financial Plan (which was adopted by the BCC originally on February 10, 2009, as amended) are collectively referred to hereinafter as the "**Enabling Documents**"; and

WHEREAS, the Enabling Documents create certain special mobility fees and surcharges per unit for residential development within VOPH collectively called a "VOPH Transportation Development Fee" (the "**TDF**" or "**TDFs**"); and

WHEREAS, the Enabling Documents also provide, provided certain terms and conditions are met, that the County will issue credits to be applied towards the payment of the TDFs, less the External Transportation Improvement Fee component of the TDFs (which is comprised of the External Transit Account, External SIS Mobility Fee Account and the External Roads Account), in the event that developer and certain other parties within VOPH (a) undertake the design, permitting and construction of certain identified roadways within VOPH, (b) provide for certain drainage/retention, floodplain compensation and wetland mitigation associated with such roadways, and acquire certain right-of-way associated therewith; and

WHEREAS, pursuant to the Enabling Documents, the MPUD requires that applicant/developer design, permit and construct certain improvements to Kiefer Road as generally depicted on **Exhibit "B-1"** (the "**Kiefer Improvements**") and New River Boulevard, a/k/a Magnolia Island Boulevard as generally depicted on **Exhibit "B-2"** (the "**New River Improvements**") (collectively, the "**Roadway Improvements**") that lie partially within the MPUD (on-site) and partially outside of the MPUD (off-site); and

WHEREAS, pursuant to the Enabling Documents, the MPUD also requires applicant/developer to (a) provide for certain drainage/retention, floodplain compensation and wetland mitigation associated with the Roadway Improvements and (b) dedicate, cause, the dedication of, acquire or provide funding for certain rights-of-way which are necessary to construct the Kiefer Improvements, each of which are identified and denoted on **Exhibit "C"**, which is attached hereto and incorporated herein by reference (the "**Right-of-Way Acquisition Map**"):

1. ROW Parcel Nos. 100, 102 and 104 (Kirkland Ranch Parcels, which has already been acquired by the County as further described herein);
2. ROW Parcel No. 103A (Reid Mayback); and
3. ROW Parcel Nos. 106(A-C), together with a slope easement over Slope Area 106H (Logan).

WHEREAS, Developer has provided the County the sum of $306,458.75 to offset the County's costs incurred in the transaction in which the County acquired ROW Parcel Nos. 100, 102 and 104 shown on the Right-of-Way Acquisition Map via that certain Special Warranty Deed recorded at Official Records Book 10934, Page

3182 of the Public Records of Pasco County, Florida from Kirland Ranch, Inc., a Florida corporation ("**Kirkland**") pursuant to an agreement between the County and Kirkland (the "**Kirkland Agreement**") and;

WHEREAS, this DA further sets forth a specific list of Developer's obligations concerning (a) the design, permitting and construction of the Roadway Improvements (the "**Construction Obligations**"), (b) the provision of such drainage/retention, floodplain compensation and wetland mitigation associated with the Roadway Improvements (the "**Drainage and Mitigation Obligations**") and (c) the dedication of certain right-of-way from Developer and the acquisition and/or funding for the County's acquisition of right-of-way as set forth on the Right-of-Way Acquisition Map (the "**Right-of-Way Obligations**"), the Construction Obligations, Drainage and Mitigation Obligations and the Right-of-Way Obligations being hereinafter collectively referred to as the "**Developer Obligations**");

WHEREAS, Developer is willing to undertake the Developer Obligations on the conditions that it is awarded the TDF Credits (as hereinafter defined) pursuant to the terms and conditions hereof; and

WHEREAS, the County and Developer desire to enter into this DA to provide for each of the same for the TDF Credits pursuant to the terms and conditions hereof; and

WHEREAS, the Board of County Commissioners, after public notice and hearing in accordance with applicable law, has approved this Development Agreement.

NOW, THEREFORE, in consideration of the mutual covenants and provisions herein contained and other good and valuable consideration, receipt, and sufficiency of which is hereby acknowledged, the County and Developer hereby agree as follows:

1. WHEREAS CLAUSES

The WHEREAS clauses set forth above are incorporated herein by reference and made a part of this DA.

2. PURPOSE

It is the purpose and intent of this DA to further set forth terms and conditions for Developer to design, permit and construct the Roadway Improvements, provide for certain drainage/retention, floodplain

compensation and wetland mitigation associated with the Roadway Improvements as hereinafter described, and dedicate and acquire certain right-of-way as hereinafter described, if it is awarded the TDF Credits pursuant to the terms and conditions hereof, and to set forth the parties respective obligations regarding same. All terms and conditions of this DA shall be interpreted in a manner consistent with, and in furtherance of, the purpose as set forth herein.

3. GENERAL REQUIREMENTS

a. Legal Description: The land subject to this DA is identified in **Exhibit "A"**. Developer is the holder of legal title to the real property described on **Exhibit "A"** within the MPUD and its mailing address is 4065 Crescent Park Drive, Riverview, FL 33578, Attention: Beth Bradburn. Pursuant to Section 163.3239, F.S., the burdens of this DA shall be binding upon and the benefits of the DA shall inure to Developer and its designated successors and assigns.

b. Duration and Effective Date: This DA shall be for the earlier of either the duration of twenty (20) years from the effective date of this DA or credit depletion, whichever occurs first subject to any conditions precedent or termination provisions herein or mutual agreement. The effective date of this DA shall be the date this DA is recorded in the Public Records of Pasco County. The Developer shall cause this DA to be recorded upon the latter of its approval by the BCC and its full execution by the parties hereto, but in any event in a timely manner as required by Section 163.3239, Florida Statutes.

c. Development Uses of Land: The Project is currently zoned MPUD Master Planned Unit Development District pursuant to the MPUD.

d. Public Facilities: Adequate transportation facilities are available for the Project through existing facilities and other transportation facilities being provided by Developer, third parties or the County, as required by the Enabling Documents and the MPUD. Adequate potable water and wastewater services for the Project are or will be available through Pasco County Utilities ("**PCU**"). Adequate disposal services for the Project are available through existing licensed collectors and the County's Solid Waste Disposal and Resource Recovery System subject to applicable provisions of the Code of Ordinances and the

Comprehensive Plan. All drainage improvements necessary to serve the Project will be provided by Developer in accordance with the terms and conditions of the MPUD Master Planned Unit Development and satisfaction of all applicable County, State, and Federal regulations.

e. Reservations or Dedications for Public Purpose: All reservations and dedications for public purposes (right[s]-of-way) shall be provided in accordance with the LDC, as amended by the MPUD and its Conditions of Approval.

f. Local Development Permits Needed: Prior to the construction of the applicable portion of the Roadway Improvements, Developer shall obtain any necessary development approvals in accordance with the LDC. This provision does not exempt Developer from obtaining all other permits required by agencies with jurisdiction over the Project.

g. Findings: The County has found that the MPUD and the Project, as permitted and proposed, are consistent with the portions of the Comprehensive Plan applicable to the MPUD and the Project development approvals obtained as of the date of this DA, subject to the conditions of the MPUD and this DA.

h. Requirements Necessary for the Public Health, Safety, and Welfare: The conditions, terms, restrictions, and other requirements determined to be necessary by the County for the public health, safety, or welfare of its citizens have been identified and included within the MPUD and/or this DA. Developer shall be subject to the applicable MPUD conditions of approval and the other applicable provisions of the LDC, Code of Ordinances, and Comprehensive Plan necessary for the public health, safety, and welfare.

i. Compliance with Legal Requirements and Permitting: The failure of this DA to address a particular permit, condition, term, or restriction shall not relieve Developer of the necessity of complying with the laws governing the said permitting requirement, condition, term, or restriction.

j. Zoning and Comprehensive Plan Issues: The current Comprehensive Plan Future Land Use Map classification for the MPUD is VOPH Village Mixed Use- Type 2B. The MPUD and the Project are consistent with the applicable provisions of the Enabling Documents and the other applicable Goals,

Objectives, and Policies of the Comprehensive Plan. The zoning classification for the MPUD and the Project are MPUD Master Planned Unit Development.

4. FINANCE AND CONSTRUCTION OF ROADWAY IMPROVEMENTS

a. Creditable Roadway Improvements.

(1) Developer shall design, permit and construct the Roadway Improvements as set forth herein and depicted on **Exhibit "B-1**" and **Exhibit "B-2"**, but the New River Improvements may be designed and constructed in phases in accordance with Section 6 hereof. The Roadway Improvements shall include all applicable and necessary shoulders, sidewalks/multi-use paths, striping, stormwater-drainage facilities, floodplain mitigation, wetland mitigation and other roadway appurtenances, all as determined by the County and permitting agencies to be necessary during the design and permitting of the Roadway Improvements (collectively, the "**Roadway Appurtenances**"), together with any additional design, permitting construction items further detailed in Section 7(c) hereof. For the purposes of this DA, completion of construction of the Roadway Improvements shall be defined as when the applicable improvements are accepted by the County for maintenance (which is evidenced by the County accepting the maintenance guarantee posted by Developer) and open to the traveling public, and any required Defect Guarantee has been delivered to the County. Subject to the terms and conditions hereof, Developer shall receive reimbursements in the form of TDF Credits as set forth in Section 7 of this DA for the actual, reasonable, eligible amounts spent by Developer for the Roadway Improvements. TDF Credit-eligible expenditures must be segregated from site related expenditures within the invoicing/schedule of values provided the improvements are designed and/or constructed simultaneously. The procedures for such credits are set forth in Section 7 below.

b. Non-Creditable Site Related Improvements.

In addition to the Roadway Improvements (which are eligible for the TDF Credits pursuant to the terms hereof), Developer is obligated by the MPUD conditions of approval to undertake certain site access improvements, which are not part of the Roadway Improvements and for which Developer is NOT entitled to TDF Credits. Such site access improvements include:

i. A 205 foot southbound left turn lane and a 555 foot eastbound left turn lane at the intersection of Kiefer Road and New River Blvd.

5. ROADWAY IMPROVEMENTS DESIGN, PERMITTING, AND RIGHT-OF-WAY ACQUISITION

a. Design, Permitting, Right-of-Way Acquisition, and Construction Requirements: Developer shall design, permit, provide right-of-way for, and complete construction of, the Roadway Improvements (in phases, as to the New River Improvements) in accordance with the terms of this DA no later than December 31, 2026. All design, permitting, and construction for the Roadway Improvements shall be in accordance with the standards promulgated by the County and shall include, but not be limited to, cross sections, drainage, and plan/profile sheets that are consistent with the applicable cross sections for the Roadway Improvements as set forth in the Enabling Documents. The final alignment and design of the Roadway Improvements shall be determined through the construction plans to be approved by the County hereunder (and which be in phases, as to the New River Improvements) and the same shall automatically supersede the depiction of the Roadway Improvements set forth on **Exhibit "B-1"** and **Exhibit "B-2"** without any further approvals of the Pasco County Board of County Commissioners. Plan/profile sheets and cross section drawings shall indicate the location(s) of drainage inlets and roadway facilities. Except as otherwise provided in this DA, any Roadway Improvement-related wetland and floodplain impacts and compensation shall be included in the design and indicated on the applicable plans.

b. Roadway Drainage Facilities: Developer shall provide drainage for the ultimate configuration of Kiefer Road as a 4-lane roadway with the VOPH 142-BB typical cross-section. Roadway drainage facilities, either on-site or off-site, if not commingled or combined with drainage facilities for the Project or any other facilities or developments along the route of the Roadway Improvements shall be owned, operated, and maintained by the County subsequent to the expiration of the three (3) year Defect Guarantee period as set forth herein. Developer may, however, request of the County that Developer, a Community Development District validly existing under Chapter 190, Florida Statutes (a "**CDD**"), or other legal entity as may be approved by the

County, be allowed to maintain these facilities for the County roadways. If such request is granted, Developer or CDD, as applicable, shall provide appropriate easements to the County so that the County has the ability to maintain the facilities in the event Developer or CDD, as applicable, defaults on its obligations to maintain the facilities. If the Roadway Improvements drainage facilities are commingled or combined with drainage facilities of the Project or any other facilities or developments along the route of the Roadway Improvements, all such drainage facilities shall remain owned by the underlying land owner, including Developer where applicable, and operation and maintenance of the same shall be the responsibility of the respective underlying land owner (or a CDD or other similar legal entity as may be approved by the County). The underlying landowner (or a CDD or other similar legal entity as may be approved by the County) shall be responsible for the design, permitting, and construction of all such commingled or combined drainage facilities, unless otherwise approved by the County. Appropriate easements to the County, as applicable, shall be provided on all lands owned by Developer and shall be obtained from all other underlying land owners, by condemnation if necessary (subject to the provisions hereof concerning the awarding of the TDF Credits), of land containing drainage facilities serving the Roadway Improvements, including those facilities that are commingled or combined, so the County has the ability to maintain the facilities associated with the Roadway Improvements in the event Developer or other respective underlying land owners default on its (their) obligation to maintain the facilities.

c. Wetland and Floodplain Mitigation: In the event that the permitted floodplain mitigation area(s) for the impacts associated strictly with the Roadway Improvements are permitted and constructed separately and distinctly from impacts associated with the Project or any other facilities or developments, the County, as applicable, will accept ownership and maintenance responsibilities subsequent to successful completion of the maintenance and monitoring period and acceptance by the governing agency(ies). If the permitted floodplain mitigation areas related to the Roadway Improvements are commingled/combined with floodplain mitigation areas of the Project or any other facilities or developments, all the floodplain mitigation areas shall be permitted, owned, operated, and maintained by the underlying landowner, including Developer or CDD, where applicable. In such an event, appropriate easements shall be provided to the County, as applicable, for

the floodplain mitigation areas associated with the Roadway Improvements which are owned by Developer and shall be obtained, by condemnation if necessary, from all other underlying landowners of land containing such mitigation areas serving the Roadway Improvements, including those areas that are commingled or combined, so the County has the ability to maintain the facilities in the event Developer or other underlying land owner defaults on its (their) obligations to maintain the facilities. If wetland impacts are necessary for the construction of the Roadway Improvements (if the Roadway Improvements are part of a comingled project, only for the portion of such comingled project that is attributable to the Roadway Improvements), Developer shall obtain credits from a wetland mitigation bank with credits available (and which will satisfy the applicable governmental bodies and agencies) for such wetland impact at the lowest available cost for such credits, and Developer shall be entitled to TDF Credits from the County for Developer's actual out-of-pocket expense in obtaining such credits.

d. County Review and Approval of Design: Developer has completed and submitted one hundred percent (100%) design plans for the applicable Roadway Improvements to the County for review and approval. Any reviews and approvals by the County shall be completed by the County within the applicable timelines required by the County's Standard Review Time frames pursuant to the County's Development Manual if applicable to the Planning, Development, and Economic Growth Department or, if applicable to the Transportation Engineering Department, within such department's standard review timelines. All plans for the Roadway Improvements, once accepted and approved for construction by the County, shall become the property of the County.

e. Permitting Requirements: Developer and/or its contractor shall obtain any and all required permits for the work it is to perform from the County, and any and all applicable local and State regulatory agencies, including the Southwest Florida Water Management District.

f. County Cooperation: The County shall, upon Developer's request, cooperate with Developer in processing permit applications, and Developer agrees to use its best efforts to expeditiously secure all permits that are necessary for the design and construction of the applicable phases of the Roadway Improvements.

g. County Review: Developer agrees and recognizes that the County shall not be held liable or responsible for any claims which may result from any actions or omissions of Developer or engineers/contractors selected by Developer, in which the County participated, either through review or concurrence of their actions. In reviewing, approving, and/or rejecting any submissions or acts of Developer or engineers/contractors selected by Developer, the County in no way assumes or shares any of the responsibility or liability of Developer or its consultants, contractors, or registered professionals (architects and/or engineers) under this DA. All work covered under this DA shall be performed in accordance with good engineering practice, and all established design criteria and procedures shall be followed. The County will review the submittals, although detailed checking will not necessarily be done. Developer or engineers/contractors selected by Developer remain solely responsible for the work and are not relieved of responsibility by review comments.

h. Utilities Relocation: Developer shall coordinate the relocation of any utilities infrastructure in conflict with the Roadway Improvements, including County utilities. Relocation of any utilities infrastructure which is in conflict with the Roadway Improvements, including County utilities, shall be completed and paid for by the owner of the utilities infrastructure to the extent required by Sections 337.403-337.404, F.S. County shall be ultimately responsible for ensuring that any County utilities are relocated in a timely manner at the sole cost of the County Utilities Department. The County agrees, upon request of Developer, to cooperate with Developer in requiring the relocation of any such utilities infrastructure to the extent allowed by Sections 337.403-337.404, F.S., in a timely manner.

i. Right-of-Way Acquisition:

(1) Subject to the issuance of the TDF Credits as provided for herein, Developer shall be responsible for satisfying the Drainage and Mitigation Obligations and the Right-of-Way Obligations, which include acquiring, dedicating or causing to be dedicated, any right-of-way needed for the construction of the Roadway Improvements, including the Roadway Appurtenances (except where the County has agreed to acquire the right-of-way or has already acquired the necessary right-of-way), and which may include, but not be limited to, lanes of travel, shoulders, striping, signalization, signage, medians, on-site

stormwater drainage facilities, off-site stormwater drainage facilities, floodplain mitigation, wetland mitigation, guardrails, handrails, sidewalks and multi-use paths, and any other necessary appurtenances, together with other right-of-way for future segments of Tyndall Road which are not being constructed by Developer. The County acknowledges that the landowner to the west of the MPUD, Brightman Logan, as Trustee of the Brightman Logan Revocable Trust created under agreement dated January 23, 1991 ("**Logan**") including ROW Parcels 106 (A-C), and the slope easement over Slope Area 106H, all as shown on the Right-of-Way Acquisition Map (collectively, the "**Logan ROW**"), has agreed to convey the Logan ROW to the County for the construction of the Roadway Improvements. The consideration paid concerning the Logan ROW is a matter between the County and Logan, and not Developer. Developer shall not be obligated to acquire the Logan ROW and the conveyance of the same shall occur between the County and Logan, but in any event shall be a condition to the County's acceptance of the Roadway Improvements. Logan is hereby joining in this DA for the purposes of acknowledging and agree that it will accept the sum of $357,770.00 in mobility fee credits (no cash) (but which such credits shall not apply to the External Improvement Fee portion of the TDFs) for the conveyance of the Logan ROW to the County based on a value of $70,000.00 per acre for the Logan ROW (ROW Parcel No. 106A being 0.770 acres, ROW Parcel No. 106B being 2.017 acres and ROW Parcel No. 106C 2.324 acres, for a total of 5.111 acres). Logan will deliver the special warranty deed within 30 days of the BCC's approval of this DA.

The parties also knowledge that a portion of the land upon which the Roadway Improvements are to be constructed is the subject of the Temporary Construction and Access Easement for Kiefer Road recorded at Official Records 10951, Page 2236 of the Public Records of Pasco County, Florida (the "**School Board Easement**"). The School Board Easement permits the construction and use of a portion of the Roadway Improvements on land currently owned by the District School Board of Pasco County (the "**School Board**"). The original Grantee of the School Board Easement, JP Land Holdings LLC, a Delaware limited liability company, has assigned its rights thereunder to Developer, as developer of the MPUD. Because the School Board Easement expressly permits the assignment of the grantee's rights and/or obligation thereunder to Developer and to the County, if requested by the County, Developer will partially assign its rights arising under the School

Board Easement to the County prior to acceptance of the Roadway Improvements. Developer represents and warrants to the County that the satisfaction of the Right-of-Way Obligations and the County's acceptance of the assignment of the School Board Easement, or the County's acquisition of fee simple title to the land over which the School Board Easement runs, includes all land on which the Kiefer Improvements are to be constructed. The County will acquire fee title of the School Board Easement property within 30 days of the BCC's approval of this DA.

6. INTERSECTION IMPROVEMENTS BIDDING AND CONSTRUCTION

a. Competitive Selection of Contractors: With respect to construction of the Roadway Improvements (as may be phased in accordance with the terms hereof), Developer, at its election, shall comply with either the County's Developer Pipeline Bid and Payment Process document in effect as of the effective date of this DA or other County-approved bid and payment processes; provided, however, Developer may satisfy the bidding procedures in the County's Developer Pipeline Project Provisions document by providing such documentation reasonably acceptable to the County demonstrating that, unless otherwise approved by the County Administrator or designee, Developer solicited for bids and attempted to secure bids from at least three (3) qualified bidders and awarded a contract for the applicable portion, phase, or segment of the Roadway Improvements with costs consistent with other comparable projects located within Pasco County, as reasonably determined by the County. To that end, the Developer shall retain full control of any and all bids and determinations regarding bidder qualification and determination of the qualified lowest bidder. The Developer may elect in its reasonable discretion to award the bids of portions, phases, or segments of the Roadway Improvements to a qualified bidder that is not the lowest overall bidder; provided however, any TDF Credit amounts for construction of the Roadway Improvements that are the subject to such bid may be limited to quantities and amounts awarded in comparable projects located in Pasco County, Florida, as reasonably determined by the County. The County acknowledges that this project (the construction of the Roadway Improvements, together with all associated drainage and improvements) has been formally bid, a contract has been executed and a notice-to-proceed has been issued to the low-bidder (Ripa & Associates or its affiliate). Any

creditable costs incurred by the Developer pursuant to such contract for the construction of the Roadway Improvements prior to execution of this DA are eligible for TDF Credits pursuant to the terms and conditions hereof.

b. Roadway Improvements Construction: Developer shall proceed and complete the construction of the Roadway Improvements in accordance with the final alignment, design, specification, and construction plans as approved by the County, and other applicable Federal, State, and regional regulatory agencies. Notwithstanding any other provision of this DA, Developer may design and construct the New River Improvements in phases provided that: (a) the Kiefer Improvements have been completed, accepted and the defect guarantee for the same posted in favor of the County in accordance with Section 8.b hereof; (b) the phase of the New River Improvements to be constructed provides access from a phase of development within the MPUD through the New River Improvements to Curley Road via the Kiefer Improvements; and (c) the northernmost phase of the New River Improvements providing access to a phase of development within a MPUD must include the remaining, northernmost section of the New River Improvements within the MPUD extending to Tyndall Road. Developer shall be entitled to TDF Credits for the Kiefer Improvements and such phase(s) of the New River Improvements upon completion of such improvements, acceptance of the same by the County, and the posting the applicable defect guarantees in accordance with Section 8.b hereof.

c. Tender of Improvement Area: Upon the issuance of the Notice to Proceed by the Developer to its contractor the area covered by Notice to Proceed shall be deemed to be tendered to the Developer's contractor and such entity shall be in the custody and control of the project areas. The Developer's contractor shall be responsible for providing a safe work zone for the public.

d. County Observation: The County's personnel and authorized representatives reserve the right to inspect, observe, and materials test any and all work associated with the Roadway Improvements and shall at all times have access to the work being performed pursuant to this DA for the County's observation. However, should the County observe any deficiencies inconsistent with the plans or construction not in accordance with the specifications, the County shall notify Developer and its representative in writing, and

Developer shall, at its cost, correct the deficiencies, as necessary. Nothing herein shall require the County to observe or inspect the work on the Roadway Improvements. Developer shall be solely responsible for ensuring that the Roadway Improvements are constructed in accordance with the plans, specifications, and required standards of the County. Observations by the County that do not discover that construction is not in accordance with the approved plans, specifications, and required standards shall not be deemed a waiver of Developer's requirements herein.

e. Right-of-Way: Prior to the County's acceptance of the Roadway Improvements, Developer shall meet the applicable requirements of the County and cause any and all rights-of-way under their ownership/control, including rights-of-way for drainage facilities and floodplain mitigation, as necessary and appropriate, to be conveyed to the County. If any such drainage facilities or floodplain mitigation is required and not satisfied with ponds being conveyed to the County in fee simple, all such conveyances shall include access easements, be in a form acceptable to the Real Estate Division and be free and clear of all liens and encumbrances which restrict its use for road purposes, including exemption from all covenants and deed restrictions. If applicable for proposed co-mingled ponds and associated stormwater facilities, an easement shall be required for drainage purposes into the stormwater system and pond(s) which holds the stormwater caused by the construction of the Roadway Improvements.

f. Construction Requirements: During the construction phases of the Roadway Improvements, Developer shall:

(1) Provide its own on-site inspection and observation by a professional engineer registered in the State of Florida for the purpose of observing and inspecting all construction to ensure it is built according to the plans and specifications (CEI). Such professional engineer shall be approved by the County.

(2) Obtain all necessary Right-of-Way Use Permits from the County for the applicable phases.

(3) Be responsible for supervising and inspecting the construction of the Roadway Improvements and shall be responsible for ensuring the accuracy of all reference points, grade lines, right-of-way lines, and field measurements associated with such construction.

(4) Be responsible for full and complete performance of all applicable phases of construction activities required pursuant to this DA. Developer's contractor shall be responsible for the care and protection of any materials provided or work performed for the Roadway Improvements until the improvements are completed and accepted by the County, which acceptance shall not be unreasonably withheld.

(5) Require testing by an independent laboratory, acceptable to the County in accordance with Pasco County Transportation Engineering Department's testing specifications for construction of roads, stormwater drainage, and utilities as applicable. Any failed tests shall be reported to the County Engineer or designee immediately, and all test reports shall be provided on a quarterly basis to the County Engineer or designee.

(6) Provide a certification from a professional engineer registered in the State of Florida which shall certify that all designs, permits, and construction activities for the applicable Roadway Improvements are in substantial conformance with the standards established by the County. Said certification shall conform to the standards in the industry and be in a form acceptable to the County.

(7) Provide to the County copies of all design drawings, as-built drawings, permits and post-construction permit close-outs/satisfactions received for the applicable Roadway Improvements, as applicable, and such information shall become the property of the County upon submission. All plans submitted to the County shall include electronic files compatible with *AutoCADD*.

7. TRANSPORTATION DEVELOPMENT FEES, CREDITS AND REIMBURSEMENTS

a. The Project shall be assessed TDFs in accordance with the Enabling Documents and the County's adopted regulations, subject to the provisions of this DA.

b. Upon the effective date of this DA, County agrees to post, in a separate TDF account, the portion of the TDF from within the MPUD, less the External Improvement Fee portion of the TDFs,

paid to the County from within the MPUD ("**Magnolia Island TDF Paid Account**"); provided, however, that the County shall not be required to post in such separate account the TDFs received from within the MPUD once the County has received TDFs that exceed the estimated cost of the Creditable Expenditures (as hereinafter defined), as established by an engineer's cost estimate provided by Developer after the bid has been awarded for the construction of the Roadway Improvements.

c. Developer shall receive fee credits against the TDF (but which such credits shall not apply to the External Improvement Fee portion of the TDFs) ("**TDF Credits**") for the actual, reasonable amounts spent for the Roadway Improvements and the other fee creditable items as set forth herein, which include the following: actual, reasonable, and eligible amounts spent by Developer for the Roadway Improvements shall include design, permitting and construction costs (including, without limitation, the cost of mass grading, any subsurface/soil stabilization work, bonding and insurance costs, testing and CEI expenses and services (shall be submitted on an hourly rate basis), the Drainage and Mitigation Obligations and, to the extent permitted hereby as more specifically set forth below in this subsection 7(c), the Right-of-Way Obligations (all such costs and expenses, the "**Creditable Expenditures**"). The Creditable Expenditures shall include any payments to vendors for project costs of the Roadway Improvements that were made or otherwise incurred before the date this DA is fully executed, provided that the such costs are otherwise substantiated by the County is accordance with the other terms and conditions of this DA. TDF Credit-eligible expenditures must be segregated from site related expenditures within the invoicing/schedule of values provided the improvements are designed and/or constructed simultaneously. Notwithstanding any other provision of this Agreement: (a) the Developer shall not be entitled to TDF Credits for the dedication of right-of-way unless such right-of-way was acquired by Developer from third parties for the dedication of the same to the County in accordance with subsection (b) of this sentence (and such third parties were at the time of such acquisition not already obligated to convey such right-of-way pursuant to a rezoning condition of approval or other agreement between such third party and the County) and such right-of-way is required pursuant to the County-approved construction plans; and (b) the TDF Credits to be awarded to Developer for the acquisition of right-of-way from third parties as part

of the Right-of-Way Obligations shall be limited to the lesser of the actual cost of such acquired right-of-way or Seventy Thousand and no/100 Dollars ($70,000.00) per gross acre for such acquired right-of-way unless otherwise approved by the County Administrator or designee; provided, however, that the County acknowledges that Developer has funded the County's acquisition of certain right-of-way for Kiefer Road from Kirland pursuant to the Kirkland Agreement in the amount $306,458.75, which such amount is based on the sum of Seventy Thousand and no/100 Dollars ($70,000.00) per gross acre for the subject right-of-way, plus the County's closing costs associated with the acquisition of such right-of-way, and the County shall issue Developer TDF Credits for the full amount of such $306,458.75. Unless otherwise approved by the County Administrator or designee, Creditable Expenditures for each phase shall not exceed the following:

(1) Bonding – 1.5% of total construction contract price

(2) Insurance - 1% of total construction contract price

(3) Testing - 3% of total construction contract price

(4) CEI – 12 % of total construction contract price

(5) Design & Permitting - 12% of total construction contract price

d. Upon completion of design of the applicable phase of the Roadway Improvements, Developer shall be eligible to apply for and receive TDF Credits for Creditable Expenditures, but if Developer applies for such TDF Credits for such design and permitting costs prior to the determination of the construction contract price for the applicable phase of the Roadway Improvements, the final TDF Credits for such phase shall be adjusted upon the completion of construction of the applicable Roadway Improvements to ensure that the TDF Credits for the Design and Permitting do not exceed 12% of the total construction contract price for the applicable phase as set forth above. Requests for TDF Credits may be submitted to the County at a frequency no greater than monthly and in accordance with the guidance outlined in the County's "Developer Pipeline Project Provisions" document, unless otherwise provided for herein. The County shall establish a credit in an account entitled the "**Magnolia Island TDF Credit Account**" for all undisputed Creditable Expenditures within sixty (60) days of submittal. Any disputed amounts not approved prior to the end of the sixty (60) day period will be carried

over to the next submittal for credit or denial. Should any amount be denied for credit, Developer may appeal such decision in a manner consistent with the Enabling Documents or the County's adopted mobility fee regulations. All such requests and invoices shall be submitted to the County within ninety (90) days of final acceptance of the applicable phase of the Roadway Improvements by the County as applicable, or for amounts under dispute, no later than ninety (90) days after the conclusion of the dispute, unless extended by the County Administrator or designee, but in no event more than thirty-six (36) months after the completion of the Roadway Improvements and their acceptance by the County or applicable CDD. The County agrees to place or list the Roadway Improvements in the CIP, CIE, Transportation Element or LRTP to the extent necessary to allow for the TDF Credits provided for herein.

e. Simultaneously with the first two requests for credit issuance, Developer may apply to exchange TDF Credits to be established in the Magnolia Island TDF Credit Account for cash reimbursements from the Magnolia Island TDF Paid Account. Thereafter, requests to exchange TDF Credits in the Magnolia Island TDF Credit Account for cash reimbursements from the Magnolia Island TDF Paid Account may be submitted to the County at a frequency of no greater than quarterly. All such exchange requests shall include documentation identifying the amount of the TDFs (excluding the External Improvement Fee portion of the TDFs) Developer believes have been collected by the County since Developer's last exchange request and identifying the corresponding lots, parcels and/or addresses. To the extent that funds exist in the Magnolia Island TDF Paid Account, County shall make the cash reimbursement payment to Developer within sixty (60) days of submittal. The cash reimbursement payment to Developer shall be subject to all other requirements of the Prompt Payment Act. All cash reimbursements from the Magnolia Island TDF Paid Account shall result in a corresponding decrease in the Magnolia Island TDF Credit Account.

f. Developer may sell and assign TDF Credits against the TDF (excluding the External Improvement Fee portion of the TDFs) from the Magnolia Island TDF Credit Account to end users anywhere within VOPH and execute credit letters to be presented to the County. Developer may also elect to register its TDF Credits for sale at par value with the VOPH Fee Credit Registry. End users may not use credits

for the External Improvement Fee portion of the TDFs. It is anticipated that, to the maximum extent possible, TDF Credit letters will be submitted to the County whenever Developer has County approved TDF Credits to cover the TDFs fees that are due.

g. The County reserves the right to pay out annually the cash value of any unused, accrued, TDF Credits to Developer and such cash value shall be removed from any credit balance.

8. PERFORMANCE, PAYMENT AND DEFECT GUARANTEES

a. Performance and Payment Guarantees: Prior to commencing construction of the Roadway Improvements, Developer shall post in favor of the County and provide the County, for its approval, performance and payment guarantee(s) acceptable to the County to guarantee payment as required by law and to guarantee performance of its contractual obligations. The performance and payment guarantee(s) shall be with a bank, surety, or other financial institution acceptable to the County, which is authorized to do business in the State of Florida, and which has an "A" policyholders rating and a financial rating of at least Class VII in accordance with the most current Best's Key Rating Guide. The performance and payment guarantee(s) shall be in the amount of 125% of the Construction Contract, be in a form acceptable to the County Attorney's Office, and comply with section 255.05, Florida Statutes. Within sixty (60) days of final acceptance of the Roadway Improvements by the County, the County Administrator or designee shall issue a memorandum to release the performance guarantee and accept the defect guarantee required below.

b. Defect Guarantees: Upon completion of the Roadway Improvements and final acceptance by the County, Developer shall guarantee to the County that all equipment furnished and work performed is free of defects in workmanship or materials for a period of three (3) years for improvements in the County's right-of-way after final acceptance, and, that if any part of the construction should fail within this period, it shall be repaired, replaced, and/or restored to satisfactory condition and/or operation at no cost to the County. The performance guarantee for the Roadway Improvements may cover this guarantee, if it remains in place for a period of three (3) years for improvements in the County's right-of-way in an amount equal to fifteen percent 15% of the applicable construction contract amount or Developer may post a separate defect guarantee

acceptable to the County. Developer is required to advise the County of the warranty option it has selected prior to the County's final acceptance of the Roadway Improvements. Developer shall be responsible for requesting, in writing, a final inspection from the County's Transportation Engineering Inspections Division not before ninety (90) days prior to the termination of the three (3) year defect guarantee period. Upon receipt of the request for final inspection, the Engineering Inspections Division shall notify Developer within ten (10) days of such request, providing a list of defects in workmanship or materials to be remedied by Developer before the expiration of the three (3) year defect guarantee period. Within sixty (60) days of the remedy of any defects in materials or workmanship, or in the case of no defects, but in any case, no sooner than the expiration of the three (3) year defect guarantee period, the County Administrator or designee shall issue a memorandum to release the defect guarantee.

9. INDEMNIFICATION AND INSURANCE

a. Indemnification: Developer shall indemnify and hold harmless the County and its employees and agents from and against all liabilities, claims, suits, demands, damages, losses, and expenses, including, but not limited to, attorneys' fees arising out of or resulting from the performance of the Roadway Improvements, provided that any such liability, claim, suit, demand, damage, loss or any expense: (a) is attributable to bodily injury, sickness, disease or death, or injury to or destruction of tangible property (other than the Roadway Improvements itself), including the loss of use resulting therefrom; and (b) is caused in whole or in part by an act or omission of Developer or anyone directly or indirectly employed by Developer, or anyone for whose acts any of them may be liable.

Developer shall indemnify and hold harmless the County and anyone directly or indirectly employed by the County from and against all claims, suits, demands, damages, losses, and expenses including, but not limited to, attorney's fees, arising out of any infringement of patent rights, copyrights, trademarks, trade dress, or other intellectual property rights held by others in connection with the performance of the Roadway Improvements, and shall defend all such claims in connection with any alleged infringement of such rights.

b. Insurance - Developer's contractor(s):

Prior to the execution of the construction agreement for the Roadway Improvements between Developer and its contractor, the contractor shall provide Developer a certificate of insurance and a true and exact copy of all insurance policies, including additional insured endorsements. Said insurance coverage, and contracts for insurance other than Worker's Compensation and Employer's Liability Policy, shall name the following as additional insureds:

General Conditions For All Required Policies:

All insurance shall be provided by responsible companies authorized to transact business in the State of Florida which have an "A" policyholder's rating and a financial rating of at least Class VIII in accordance with the most current Best's Key Rating Guide.

Developer's contractor(s) will provide evidence of insurance coverage as follows:

To Developer:

One (1) true and exact copies of all required insurance policies, including additional insured endorsements, and

One (1) original executed Certificate of Insurance on the form provided by the County.

To the County:

One (1) true and exact copies of all required insurance policies, including additional insured endorsements, and

Four (4) original, executed Certificate of Insurance on the accord form provided by the County

The Certificate should set forth the original signatures of the authorized representative of the insurance company(ies) identified. The Certificate should also reference the Agreement between Developer and its contractor for the Roadway Improvements.

All policies shall require the insurer to deliver to Developer and the County thirty (30) days written notice prior to any cancellation, intent not to renew or reduction in coverage and ten (10) days written notice of any nonpayment of premium. Such notice shall be delivered by U.S. Mail to the above addresses.

The insurance required herein shall be primary to any insurance or self-insurance program of Developer or the County which is applicable to the work provided.

The County shall have the right to review and approve the provided insurance coverage prior to the execution of the construction agreement or issuance of the Notice to Proceed, whichever is earlier.

Insurance Certificates and Policies provided by Developer's contractor will provide evidence of insurance coverage in amounts as follows:

The insurance carrier is required to waive its rights of subrogation against Developer and the County as well as their agents and employees.

Employer's Liability:	$1,000,000 per accident
Commercial General Liability:	$2,000,000 general aggregate
Product & Complete Operations:	$2,000,000 general aggregate
Bodily Injury (including death):	$1,000,000 per person
	$2,000,000 per occurrence
Personal Injury & Advertising Injury:	$500,000 per occurrence
Property Damage:	$1,000,000 per occurrence
Fire Damage:	$500,000 per any (1) fire
Hired & Non-Owned Autos	
or Automobile - Owned Bodily	
/Personal Injury Property Damage:	$1,000,000 combined single limit
Excess/Umbrella Liability:	$3,000,000 per occurrence
	$3,000,000 general aggregate

c. Insurance - Developer’s Engineer

Prior to the execution of the agreement for the Roadway Improvements between Developer and its engineer, the engineer shall provide Developer and County evidence of insurance coverage as follows:

Professional Errors and	$1,000,000 per occurrence
Omissions Liability:	

Occurrence from professional liability insurance is preferred, however, in the event the engineer is only able to secure claims made professional liability insurance, the engineer shall be obligated in the agreement between

Developer and the engineer to maintain insurance in effect with no less limits of liability nor any more restrictive terms and/or conditions for a period of five (5) years from the date of said agreement.

10. GENERAL PROVISIONS

a. Independent Capacity: Developer and any consultants, contractors, or agents are and shall be, in the performance of all work, services, and activities under this DA, independent contractors and not employees, agents, or servants of the County or joint ventures with the County. Developer does not have the power or authority to bind the County in any promise, agreement, or representation other than specifically provided for in this DA. The County shall not be liable to any person, firm, or corporation who contracts with or provides goods or services to Developer in connection with the Roadway Improvements or for debts or claims accruing to such parties against Developer. There is no contractual relationship expressed or implied between the County and any other person, firm, or corporation supplying any work, labor, services, goods, or materials to Developer as a result of the Roadway Improvements.

b. Termination: The County may terminate this DA upon Developer's failure to comply with the terms and conditions of this DA. The County shall provide Developer with a written Notice of Termination, stating the County's intent to terminate and describing those terms and conditions with which Developer has failed to comply. If Developer has not remedied the failure or initiated good faith efforts to remedy the failure within ninety (90) days after receiving the Notice of Termination, or thereafter is not proceeding with due diligence to remedy the failure, the County may terminate this DA immediately without further notice, and Developer shall not thereafter be entitled to any impact fee credits, reimbursement, or compensation as provided herein. This paragraph is not intended to replace any other legal or equitable remedies available to the County under Florida law, but it is in addition thereto. This DA shall automatically terminate upon the full and timely application of all TDF Credits and/or payment of all funds in the Magnolia Island TDF Paid Account (if the combination of the same is equal to the TDF Credits having been awarded to Developer pursuant to this DA) to Developer or its designees in accordance herewith, and thereafter, the County agrees to promptly process a formal termination of this DA and to cause the same to be recorded in the Public Records of Pasco County, Florida.

c. Contracts: All construction contracts entered into by Developer for the Roadway Improvements shall be made in accordance with all applicable laws, rules, and regulations; shall be specified by written contract or agreement; and shall be subject to each paragraph set forth in this DA. Developer shall monitor all contracts on a regular basis to ensure contract compliance. Results of monitoring efforts shall be summarized in written reports submitted to the County and supported with documented evidence of follow-up actions taken to correct areas of noncompliance. Developer shall cause the applicable portions of this DA to be included and made a part of any contract for the Roadway Improvements.

d. Law Compliance: Developer and the County will comply with all applicable Federal, State, and local laws, rules, regulations, and guidelines related to performance under this DA. In particular, Developer verifies and affirms that it is in compliance with the 8 USC, Section 1324, prohibiting the employment either directly or by contract, subcontract, or exchange of unauthorized aliens in the United States. The County will consider the employment of unauthorized aliens by Developer or by any contractor or vendor of Developer during the term of the DA a violation of the Immigration and Nationality Act. Such violation shall be cause for unilateral cancellation of this DA by the County.

e. Certification: Developer shall provide certification to the County, under the seal and signature of a registered, professional engineer that the Roadway Improvements have been constructed in accordance with the standards promulgated by the County; the contract documents; and this DA.

f. Notice: Whenever one (1) party gives notice to the other party concerning any of the provisions of this DA, including notice of termination, such notice shall be given by certified mail, return-receipt requested. The said notice shall be deemed given when it is deposited in the U.S. Mail with sufficient postage prepaid (notwithstanding that the return-receipt is not subsequently received). Notices shall be addressed as follows: HOMES BY WESTBAY, LLC, 4065 Crescent Park Drive, Riverview, FL 33578, Attention: Beth Bradburn, with a copy to Clarke G. Hobby, Esq., 109 N. Brush St., Suite 250, Tampa, FL 33602, Pasco County, c/o Assistant County Administrator (Development Services), West Pasco Government Center, 8731 Citizens Drive, Suite 320, New Port Richey, FL 34654, with a copy to David A. Goldstein, Chief Assistant County

Attorney, West Pasco Government Center, 8731 Citizens Drive, Suite 340, New Port Richey, FL 34654. These addresses may be changed by giving notice as provided for in this paragraph.

g. Entire Agreement: This DA embodies and constitutes the entire understanding and agreement between the parties with respect to the transactions contemplated herein, and this DA supersedes all prior and contemporaneous agreements, understandings, representations, communications, and statements, either oral or written; provided, however, that nothing shall relieve Developer of any development approval requirements or conditions previously imposed or authorized to be imposed under the County's LDC or Comprehensive Plan for future permits required by Developer. All exhibits attached hereto are incorporated herein by reference.

h. Modification and Amendment: Neither this DA, nor any portion hereof, may be waived, modified, amended, discharged, nor terminated, except as authorized by law pursuant to an instrument in writing, signed by the party against which the enforcement of such waiver, modification, amendment, discharge, or termination is sought and then only to the extent set forth in such instrument.

i. Waiver: The failure of any party to this DA to object to or to take affirmative action with respect to any conduct of the other which is in violation of the terms of this DA shall not be construed as a waiver of the violation or breach or of any future violation, breach, or wrongful conduct.

j. Contract Execution: This DA may be executed in several counterparts, each constituting a duplicate original, but all such counterparts shall constitute one (1) and the same agreement.

k. Gender: Whenever the contract hereof shall so require, the singular shall include the plural, the male gender shall include the female gender and the neuter and vice versa.

l. Headings: All article and descriptive headings of paragraphs in this DA are inserted for convenience only and shall not affect the construction or interpretation hereof.

m. Severability: Each provision of this DA and the related MPUD conditions of approval are material to the Board of County Commissioners approval of this DA. Accordingly, the provisions are not severable. In the event any section, sentence, clause, or provision of this DA or the related MPUD

conditions of approval are declared illegal or invalid by a body with jurisdiction to make such determination, the remainder of this DA and the related MPUD conditions of approval shall be suspended until such time the Board of County Commissioners modifies the DA or the related MPUD conditions of approval to address the illegal or invalid provision; provided however, such determination shall not affect the validity of entitlements that have received preliminary plan, preliminary site plan, plat, construction plan, Building Permit, or CO approval as of the date the determination is made. Developer-requested amendments to this DA and the related MPUD conditions of approval shall not be considered challenges to this DA or the related MPUD conditions of approval and decisions by the Board of County Commissioners regarding any Developer-requested amendments, or the like, shall not have the effect of suspending this DA or the related MPUD conditions of approval under any circumstances. Notwithstanding the foregoing, if a third party challenges any section, subsection, sentence, clause, or provision of the DA or the related MPUD conditions of approval and the challenged portion of the DA or the related MPUD conditions of approval are subsequently declared illegal or invalid, this DA or the related MPUD conditions of approval shall not be suspended, and shall remain in full force and effect except for that portion declared illegal or invalid. If any section, subsection, sentence, clause, or provision of this resolution is declared illegal or invalid as the result of a third-party challenge, Developer shall cooperate with the County to amend this DA or the MPUD conditions of approval to address the portion which has been declared invalid or illegal.

n. Construction: The parties hereby agree that each has played an equal part in the negotiation and drafting of this DA and, in the event any ambiguity should be realized in the construction or interpretation of this DA, the result of such ambiguity shall be equally assumed and realized by each of the parties to this DA.

o. Cancellation: This DA may be canceled by mutual consent of the parties to the DA.

p. Third Party Beneficiaries: Except for Logan, who has joined in this DA as set forth herein, nothing in this DA shall be construed to benefit any person or entity not a party to this DA.

q. Strict Compliance with Laws: Developer agrees that acts to be performed by it in connection with this DA shall be performed in strict conformity with all applicable Federal, State, and local laws, rules, regulations, standards, and guidelines.

r. Nondiscrimination: Developer will not discriminate against any employee employed in the performance of this DA or against any applicant for employment because of race, creed, color, handicap, national origin, or sex. Developer shall insert a similar provision in all contracts for the Roadway Improvements.

s. Signatories Authority: By the execution hereof, the parties covenant that the provisions of this DA have been duly approved and signatories hereto are duly authorized to execute this DA.

t. Right-of-Way Use Permit: Developer shall obtain Right-of-Way Use Permit(s) from the County as required by applicable law.

u. Controlling Law: This DA shall be governed by and construed in accordance with the laws of the State of Florida. Venue for any litigation arising from this DA shall be in Pasco County, Florida.

v. Successors and Assigns: The terms of this DA shall run with the land and be binding upon Developer and owners and their successors and assigns. Developer and owners may assign this DA and all its rights and obligations hereunder to any person, firm, corporation, or other entity, with the consent of the parties to this DA, which consent should not be unreasonably withheld or delayed, and any such assignee shall be entitled to all the rights and powers of such participation hereunder. Upon any such assignment, such assignee shall succeed to all the rights and obligations of the assignor hereto, and shall, for purposes of specific rights and/or obligations assigned, or otherwise, all purposes hereof, be substituted for such participant.

w. Force Majeure: In the event Developer's or County's performance of this DA is prevented or interrupted by consequent act of God, or of the public enemy, or national emergency, or a governmental restriction upon the use or availability of labor or materials, or civil insurrection, riot, racial or civil rights disorders or demonstration, strike, embargo, flood, tidal wave, fire, explosion, bomb detonation, nuclear fallout, windstorm, hurricane, sinkholes, earthquake, or other casualty, disaster, or catastrophe, or judgment, or

a restraining order or injunction of any court, Developer or County shall not be liable for such nonperformance, and the time of performance shall be extended for the number of days that the force majeure event prevents or interrupts Developer's or County's performance of this DA as reasonably determined by the other party. This paragraph shall not apply to force majeure events caused by Developer or under Developer's control, or caused by the County or under the County's control, as applicable. In the event that performance by Developer or County of the commitments set forth in this DA shall be interrupted or delayed in connection with acquisition of necessary governmental permits or approvals for the construction of the Roadway Improvements and which interruption or delay is caused through no fault of the party with a delayed performance, then the party with a delayed performance shall submit documentation to the other party regarding such event for review and concurrence. If such documentation shows that such event(s) have taken place, then the party with a delayed performance shall be excused from such performance for such period of time as is reasonably necessary after such occurrence to remedy the effects thereof, provided, however, in no event shall any such extension exceed three (3) months. Any requested extensions beyond such three (3) month period may only be accomplished by an amendment to this DA.

x. Notwithstanding any other provision of this DA, the County acknowledges and agrees that while Developer shall be primarily responsible for its obligations hereunder, such obligations may be satisfied, in whole or in part, by the performance of the Affiliates (as hereinafter defined) of Developer, its designated successors and assigns or their Affiliates, or any CDD ((individually, a "**Designated Entity**" or collectively, the "**Designated Entities**"). For purposes of this DA, "**Affiliates**" shall mean any individuals or entities that directly or indirectly, through one or more intermediaries, controls, are controlled by or are under common control with Developer, its principals or the designated successors or assigns of Developer. The County shall recognize Designated Entities' payment or performance of any obligations required in this DA or any agreement related to this DA, as payment or performance by Developer. Notwithstanding any other provision of this DA, to the extent the design, permitting and construction of any phases of the Roadway Improvements are

undertaken or paid for by a Designated Entity other than the Developer (such as a CDD), such Developer Entity shall be entitled to the TDF Credits for such applicable phases.

y. Public Records. Developer, its agents, and all contractors performing work under this Agreement, as applicable, shall comply with the requirements of Florida's Public Records Act, Chapter 119, Florida Statutes. To the extent required by Section 119.0701, Florida Statutes, each such party shall (a) keep and maintain those public records required by the County hereunder to perform the services under this Agreement; (b) upon request from the County's custodian of public records provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided for under Florida's Public Records law; (c) ensure that the public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement term and following completion of the Agreement if the applicable party does not transfer the records to the County; and (d) upon completion of the Agreement, transfer, at no cost to the County, all public records in possession of such party. Upon transfer, the party shall destroy any duplicate public records that are exempt or confidential and exempt from public records requirements. All records stored electronically must be provided to the County in a format that is compatible with the information technology systems of the County. All documentation produced as part of this Agreement will become the property of the County. This paragraph shall survive the expiration or termination of this Agreement.

IF ANY APPLICABLE PARTY HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE PARTY'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT TELEPHONE NUMBER (727) 815-7092, E-MAIL ADDRESS oeg@pascocountyfl.net, WEST PASCO GOVERNMENT CENTER, 8731 CITIZENS DRIVE, SUITE 135, NEW PORT RICHEY, FLORIDA 34654. Under Florida law, a company who fails to provide the public records to the County within a reasonable time may be subject to penalties under Section 119.10, Florida Statutes, and such non-compliance will constitute a breach of the Agreement and may serve as grounds for termination of this Agreement. Such records shall be and remain available at the applicable party's

place of business at all reasonable times during the term of this Agreement and for five (5) years after Agreement termination.

IN WITNESS WHEREOF, the parties hereto have by their duly authorized representatives executed this DA on the dates set forth below.

NOTICE OF PUBLIC HEARING ON A DEVELOPMENT AGREEMENT FOR PASCO COUNTY

PUBLIC NOTICE is hereby given that the Pasadena Hills Planning and Policy Committee will hold a public hearing **on Wednesday, May 21, 2025, at 1:30 p.m., at the Historic Pasco County Courthouse, Board Room, 2nd Floor, 37918 Meridian Avenue, Dade City, Florida**, the Pasco County Planning Commission, convened as the Local Planning Agency will hold a public hearing on **Thursday, June 5, 2025, at 1:30 p.m., at the Historic Pasco County Courthouse, Board Room, 2nd Floor, 37918 Meridian Avenue, Dade City, Florida**, and that the Pasco County Board of County Commissioners will hold a public hearing on **Tuesday, July 15, 2025, at 1:30 p.m., at the Historic Pasco County Courthouse, Board Room, 2nd Floor, 37918 Meridian Avenue, Dade City, Florida.** The proposed development agreement between Pasco County and HOMES BY WEST BAY LLC sets for the terms and conditions of development approval with respect to the Local Government Development Agreement for Zoning Amendment PDE25-0202 and will be considered at the stated time or as soon thereafter as possible.

The property subject to this development agreement is located on the south side of and abutting the future Tyndall Road, north of and abutting the future Kiefer Road and Curley Road: contains the following parcel 24-25-20-0000-00100-0000.

Information concerning these matters will be on file and available for examination by appointment only in the office of the Pasco County Planning, Development and Economic Growth Department, West Pasco Government Center, 8731 Citizens Drive, Suite 200, New Port Richey, Florida 34654, or anytime on our website: www.pascocountyfl.net. To make an appointment or for further information, you may call 727-847-8140. All interested parties may participate in the public hearing and be heard. To learn how to participate in this hearing virtually, which requires advance registration, please visit http://mypasco.net/meetingagendas.

Any person desiring to appeal any decision made by the Planning Commission or the Pasco County Board of County Commissioners with respect to any matter considered at any hearing will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made which includes the testimony and evidence upon which the appeal is to be based. Persons may obtain a verbatim record of the proceeding by contacting the Clerk and Comptroller's Office, East Pasco Government Center, 14236 6th Street, Suite 201, Dade City, Florida 33523-3414; or at (352) 521-4345.

For questions or inquiries about this meeting, members of the public can reach out to the County's Customer Service Center (727) 847-2411 or County Administration (727) 847-8115 or visit www.mypasco.net. To view the Local Planning Agency and Board of County Commissioners Agendas, please visit http://mypasco.net/meetingagendas.

If you are a person with a disability who needs any accommodation in order to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Please contact the County's Human Resources Department, Internal Services Building, 7536 State Street, New Port Richey, Florida 34654, (727) 847-8030 (V) at least 7 days before the public hearing, or immediately upon receiving this notification if the time before the public hearing is less than 7 days; if you are hearing or voice impaired, call 711.

BOARD OF COUNTY COMMISSIONERS
AGENDA MEMORANDUM

COMMISSION DISTRICT: All **FILE NO.:** NI26-0896 **DATE:** 6/16/2026

SUBJECT: Commission on the Status of Women (CSW) January 12, 2026 Meeting Minutes

AGENDA SECTION: Noted Items

RECOMMENDED BOARD ACTION:
Receive and File

ATTACHMENT(S):
1. NI26-0896_CSW Minutes 1-12-2026

Pasco County Commission on the Status of Women (CSW)

Meeting Minutes

Date: January 12, 2026
Time: 2:07 PM
Location: Pasco County Utilities Administration, Cotee Room
Chair: Jennifer Pearson Yingling

---

1. Call to Order

Chair Jennifer Yingling called the meeting to order at **2:07 PM**.

---

2. Roll Call

Members Present (In Person):

- Jennifer Pearson Yingling (Chair)
- Leona Shuler (Secretary)
- Sarah Raaymakers
- Lauren Miceli (Vice Chair)
- Michele Chamberlin
- Diane Jones
- Stefanie Pontlitz
- Rosie Paulsen
- Sandy Graves
- Lindsay Moore
- Toni Zetzsche

Members Present (Virtual – Non-Voting):

- Larnelle Scott

Absent:

- Denise Nicolas (Excused)

- Jennifer Tussing (New member; not present)

A quorum was met.

---

3. Public Comment

Ms. Eileen York, Senior Campus Coordinator at PHSC Porter Campus, introduced herself and provided background about her role and long tenure at the college. She expressed enthusiasm for collaborating with CSW and shared that her son will begin classes at PHSC soon.

No other public comments were offered.

---

4. Approval of Minutes

Motion: To approve the December 1, 2025 meeting minutes.

- **Moved by:** Sarah Raaymakers
- **Seconded by:** Diane Jones
- **Vote:** Unanimously approved

---

5. Guest Speaker

A formal guest speaker was not scheduled; however, the CSW anticipated the AdventHealth Academy representative for a future meeting.

Additionally, keynote-speaker candidate **Ranisha "Miss Classy" Toom** joined virtually at 2:15 PM to present her background and potential fit for the Women Uplifting Women luncheon keynote role. She explained her work in financial empowerment, credit education, business structuring, and community support initiatives.

CSW members asked questions regarding content focus, inclusivity for a broad audience, and speaker fees. She agreed to submit:

- A 30-minute keynote outline
- Her fee structure
- Certifications/credentials

The Board agreed to continue reviewing keynote speaker options and reconvene with potential candidates.

---

6. Old Business

Election of Officers for 2026

Motion: To elect new officers **in May**, with the transition occurring **after the June BCC presentation**, aligning leadership terms with the CSW's operational cycle.

- **Moved by:** Sandy Graves
- **Seconded by:** Lauren Miceli
- **Vote:** Unanimously approved

Discussion emphasized:

- Ensuring outgoing chair presents annual report to BCC
- Preventing leadership turnover during the luncheon planning cycle

---

7. Committee Reports

Public Policy Committee

- The CSW website updates are live.
- A review of member seats and role definitions is planned to ensure representation remains aligned to current needs.

Public Relations Committee

- Save-the-Date has been posted on social media.
- Press release pending until keynote speaker is confirmed.
- Efforts underway to coordinate posting across county platforms once county PIO returns from leave.

Special Events Committee – Women Uplifting Women Luncheon

Venue Fee Increase:
PHSC increased event rental fees to **$610 total** (facility, AV, security).

- **Motion:** Accept the increased fee.
- **Moved by:** Rosie Paulsen
- **Seconded by:** Michele Chamberlin
- **Vote:** Unanimously approved

Catering:

- Very limited options available in Pasco for plated meals.
- Chef John (St. Leo) provided initial quote: **~$25 per person**.
- Menu concept: preset salads, bread, dessert (seeking a dessert sponsor), and plated protein.

Keynote Speaker:

- Under review; multiple candidate names discussed
- Decision tabled to next meeting

Student Participation:

- A student singer and a student speaker will be selected (names pending coordination with the school district).

Video Project:

- Led by Toni Zetzsche
- Will begin recording in February using district studio
- Additional off-site filming possible for key individuals

Eventbrite / Ticketing:

- Registration page built
- Launch date TBD pending keynote selection

---

8. Chair's Update / New Business

- The Chair will prepare a **Run of Show** (event agenda) for the February meeting.
- Swag/giveaways: CSW exploring book-based gift bags; inventory check pending.

- Resource tables will not return this year; instead, resources will be accessible via QR code linking to the new CSW webpage.

---

9. Community Updates

Law Enforcement / Human Trafficking - Chief Lindsay Moore:

- Participation on statewide human trafficking data repository advisory group
- Ongoing multi-agency trafficking interdiction operations (Operation Phoenix)
- Active warrant recently executed for attempted trafficking of a minor

School District Updates – Dr. Toni Zetsche:

- Healthcare Academy opening at Pasco High (PCT, phlebotomy, EMT training)
- New **Podcast Bus** to launch February 5, used for student interviews and community engagement
- School choice period opening
- Family engagement survey launched district-wide

---

10. Announcements

- **Starkey Market "Miles That Matter"** — January 17, 2026
- Next CSW Meeting: **February 2, 2026 at 2:00 PM**

Additionally, CSW members shared announcements about caregiving forums, vendor opportunities, and community partnerships.

---

11. Adjournment

Meeting adjourned at **3:54 PM**.

5. Guest Speaker – Mistie Palmer, AdventHealth Director of Workforce Development

Overview of Presentation

Mistie Palmer shared her professional journey and AdventHealth's major workforce transformation efforts. Key points included:

- First-generation college graduate; career began as a lab assistant while facing poverty.
- Emphasis on redesigning health-care career pathways to make advancement accessible for women and working adults.

Workforce Development Innovations

- **Paid training model ("Learning *is* the work")**:
    - Full-time paid student roles; no unpaid clinicals.
    - 12-week CT Tech program raises pay from **$27/hr → $35/hr**; saved AdventHealth **$2 million** in staffing costs last year.
    - Surgical Tech program video shared documenting participant success.
- **Critical in-demand roles:**
    - No nursing shortage, but major shortages in X-ray, CT, MRI, surgical tech, respiratory therapy.
    - Example wages:

    - X-ray Tech: ~$30/hr
    - CT Tech: ~$35/hr
    - MRI Tech: ~$72,000 annually
    - Respiratory Therapy: ~$100,000 annually

Partnership with Pasco County Schools

- Building a multi-pathway **Healthcare Academy at Pasco High School**.
- Five pathways, 100 students per year.
- **Youth Apprenticeship Model**: 11th grade students earn HS credit, college credit, and wages while working in hospital settings.
- Future plan: **full magnet high school** in Zephyrhills/Wiregrass area with access to athletics and extracurriculars.

Inclusion & Workforce Access

- Partnership with **Project Search** for ESE students to gain hospital work experience.
- Emphasis on "family-sustaining wages" and workforce equity.

---

6. Old Business

No significant old business discussed beyond ongoing luncheon planning items resumed under committee reports.

---

7. Committee Reports

A. Public Policy Committee

No new updates; last week was busy for members.

B. Public Relations Committee

- **Keynote speaker confirmed:** *Danielle Bayard Jackson* (women's friendship researcher/author).
- **Fee:** $2,500 (discounted from $7,500).

- Books available only in hardback; **$20 each for 150 copies** (normally $30).
- Contract in progress; committee preparing updated press release.
- Social media posts to launch after Eventbrite goes live.

C. Special Events – Women Uplifting Women Luncheon

Venue & Catering

- PHSC venue contract finalized; fee increased to **$610** previously approved.
- Catering secured with **Chef John (St. Leo)**.
- Menu includes preset salad, plated chicken or vegetarian option; confirm gluten-free salad.

Dessert Sponsor

- Dessert table sponsored by **Rosie Paulsen & Michele Chamberlin** ($300).
- Vendor: **Mmmm Delicious** (Jen Franks).

Keynote Speaker Motions

Motion 1: Approve keynote selection (Danielle Bayard Jackson).
Vote: Unanimous.
Motion 2: Approve $2,500 speaker fee.
Vote: Unanimous.

Sponsorship Progress

Confirmed or expected sponsors include:

- **$2,500 – Pasco EDC**
- **$1,000 – Sheriff's Charities** (pending March 2 approval)
- **$1,000 – AARP**
- **$1,000 – Florida Commission on the Status of Women**
- **$500 – Women-owned business (Plumber)**
- Multiple **Friends of CSW** at $500
  Total sponsorships are on track to cover **~$3,000 needed for books**.

Estimated **25 sponsor tickets** will be reserved.

Eventbrite & Registration

- Event registration to launch the **day after the meeting**, with 24-hour early access for CSW members.
- Public launch the following day.

Video Project Update

- Four filming dates scheduled (2 in February, 2 in March).
- Filming at the district CTV studio; off-site filming available as needed.
- Participants will answer one of two prompts:
    1. "A woman who helped you rise, grow, or find your voice."
    2. "A female leader you admire and why."
- Snippets will be used during the event and for social media.

Swag / Gift Bags

- Decision to provide **book + bookmark** as primary takeaway.
- Bookmarks to be donated by Chair Yingling.
- 150 bags to be provided by AdventHealth Center Ice.
- No vendor tables this year; resource QR code will be provided instead.

---

8. Chair's Update / New Business

- **Run of Show** will be drafted and distributed by next week.
- Chair announced transition to new role as **Director of Development & Community Engagement for Metropolitan Ministries Pasco**.

---

9. Community Updates

A. Law Enforcement – Chief Lindsay Moore

- Collaboration with DCF on potential child trafficking cases.
- Multiple active investigations involving commercial sexual exploitation of minors.

- Red Sand Project events occurring on both east and west sides of the county.

B. School District – Dr. Toni Zetzsche

- **Podcast Bus** launches February 5 via partnership with Suncoast Credit Union.
- Beginning community outreach and education on **2026 salary referendum renewal**.
- Lacoochee Elementary expanding to become **full K-8 by 2030**.

---

10. Announcements

- Pregnancy Center of Zephyrhills events:
    - **February 28:** Community Tea (two tables hosted by Rosie).
    - **April 25:** Walk for Life.
- CSW will present at **PWIB Pasco Women in Business** on **February 18**.
- Next Farm Share date forthcoming for District 5.

---

11. Next Meeting

March 2, 2026 – 2:00 PM

---

12. Adjournment

Meeting adjourned at **3:54 PM**.

None.

---

4. Approval of Minutes

Motion: Approve the February 2, 2026 CSW meeting minutes.
Moved by: Lindsey Moore
Seconded by: Jennifer Tussing
Vote: Motion carried unanimously.

---

5. Guest Speaker

Arlene York, Director, PHSC Porter Campus, introduced herself as the upcoming newest CSW member representing Higher Education (BCC Approval of nomination set for March 10, 2026). Ms. York shared her background with Pasco–Hernando State College, including over 27 years of service in recruitment, advising, student affairs leadership, and her recent role transition to the Porter Campus. She expressed enthusiasm for engagement with CSW and involvement in the community.

---

6. Old Business

Women Uplifting Women (WUW) Luncheon – Run of Show
The Chair reviewed the draft **Run of Show** included in the agenda packet. Discussion focused on timing, transitions, planned speakers, student participation, and Q&A flow.

---

7. Committee Reports

A. Public Policy Committee

No formal report.

B. Public Relations Committee

- Social media posts have been scheduled through the end of March.
- All sponsors will receive individual recognition posts.
- Graphics for keynote speaker and sponsors are complete.
- Members were encouraged to share posts to increase reach.

C. Special Events Committee – Women Uplifting Women Luncheon

- **Attendance:** Approximately 147 registered; capacity approximately 140. A waitlist has been activated.
- **Catering:** Chef John (St. Leo) confirmed for **160 meals** to accommodate attendees, commissioners, PHSC staff, and contingency.
- **Desserts:** Commissioner Starkey will donate **160 cookies**; dessert table confirmed.
- **Keynote:** Danielle Bayard Jackson's books will be placed at each seat with a bookmark.
- **Student Participation:**
    - **Outstanding Student:** Alyssa Torum, River Ridge High School (confirmed)
    - **Student Singer:** Confirmed
- **Program Elements:**
    - Trailblazer recognition
    - Student performance
    - Keynote address and moderated Q&A

---

8. Chair's Update / New Business

A. Food Vendor Contract

Motion: Approve PHSC's updated venue fee of **$610**.
Moved by: Rosie Paulsen
Seconded by: Michele Chamberlin
Vote: Motion carried unanimously.

B. Questions for Keynote Speaker

The Commission reviewed and discussed the proposed Q&A questions included in the agenda packet. Members suggested minor wording adjustments (e.g., broadening geographic references to “our region”).

No formal motion required.

C. Allocation of Luncheon Proceeds

The Commission discussed projected net proceeds and future use of funds.

Motion: Allocate remaining net proceeds from the 2026 Women Uplifting Women Luncheon toward seed funding for future CSW activities and toward scholarships supporting women and girls in Pasco County.
Moved by: Larnelle Scott
Seconded by: Michele Chamberlin
Vote: Motion carried unanimously.

D. Future Luncheon Planning

Motion: Approve hosting a CSW Women Uplifting Women Luncheon again in **2027** and authorize planning discussions to occur outside regular CSW meetings via subcommittees.
Moved by: Larnelle Scott
Seconded by: Toni Zetzsche
Vote: Motion carried unanimously.

E. Meeting Schedule Adjustment

Motion: Cancel the April 6, 2026 CSW meeting and instead hold a **special Event Planning Committee check-in meeting via Microsoft Teams on March 26, 2026, at 12:00 PM** focused on final luncheon planning.
Moved by: Michele Chamberlin
Seconded by: Lindsey Moore
Vote: Motion carried unanimously.

---

9. Community Updates

A. Law Enforcement

Updates provided on:

- Red Sand Project outreach events (east and west Pasco).
- Enhanced coordination with DCF regarding human trafficking cases.

- Continued investigations related to exploitation prevention.

B. School District

Updates included:

- Partnership with Tampa Bay Lightning Foundation creating a youth hockey league eligible for PE credit.
- Recognition of students passing the Florida Civic Literacy Exam with graduation tassels.
- Expansion of Florida Prepaid scholarship opportunities through Pasco Education Foundation.
- Preparation for a November referendum sustaining educator compensation and school safety staffing.

---

10. Announcements

- Women Uplifting Women video recording sessions scheduled immediately following the meeting.
- Members were encouraged to participate in video storytelling.
- Additional volunteer assignments were outlined for event registration, swag assembly, signage, and logistics.

---

11. Next Meeting

Special Virtual Event Planning Committee Meeting:
Thursday, March 26, 2026 – 12:00 PM (via Microsoft Teams)

---

12. Adjournment

The meeting adjourned at approximately **3:33 PM**.

SUBJECT: Authorized Designees for Work Orders Performed under As Needed Pipeline Repairs Contract – Schaer Development of Central Florida, Inc. and U.S. Water Services Corporation

REFERENCES: UTD26-0283

This is to formally request that the following list of designees be delegated the authority to sign all work orders under the As Needed Pipeline Repairs Contract, IFB-BW-25-052, managed by the Utilities Engineering & Contract Management Department, for the purpose of workflow efficiency.

The referenced contract was approved and awarded by the Board of County Commissioners on March 24, 2026, in an amount not to exceed $12,000,000.00. Section 8 of the Project Specific Special Conditions included in the Contract Documents includes a provision authorizing the County Administrator or his designee to approve work orders.

The designee authorizing the work orders shall coordinate with an appropriate accountant from the Public Infrastructure Fiscal and Business Administration Department prior to approving any work orders.

- Assistant County Administrator for Public Infrastructure
- Utilities Director
- Utilities Engineering & Contract Management Director

Should you have further questions, please feel free to contact the Utilities Engineering & Contract Management Department at (813) 235-6189.

Section 8 highlighted on Page 2

CONDITIONS OF THE CONTRACT

C. PROJECT-SPECIFIC CONDITIONS

SPECIFIC TERMS

1. DAMAGE TO PRIVATE PROPERTY

If during the course of the Work provided for hereunder, the Contractor damages private property, the Contractor shall be responsible for correcting the damage and restoring the property or correcting the defect upon the written request from the County to correct the defect or damage.

2. CONSTRUCTION SITE RUNOFF, SITE OPERATOR TRAINING

To ensure NPDES compliance, the Contractor must have and maintain at their expense training certificates issued by the Florida Stormwater Erosion and Sediment Control Inspector Training Program, or equivalent program approved by FDEP for all inspectors he/she is planning to use to provide the services contracted herein. Current copies of certificates shall be provided upon demand at any time during the contract period (if applicable).

3. PERMISSIBLE CONSTRUCTION LOCATIONS

As applicable, all construction shall be performed within County-owned rights-of-way, property, or easements, or as otherwise provided by this Bid Package.

4. All potable water for testing, flushing and construction shall be furnished by the CONTRACTOR. It may be available by connecting to the COUNTY'S water system at a point approved by the COUNTY. The Contractor shall install in each and every connection to the COUNTY'S water supply a backflow preventer meeting the requirements of ANSI A40.6, latest revision. CONTRACTOR shall be required to meter all water used by equipment and methods approved by the COUNTY ENGINEER.

5. COUNTY ENGINEER

The definition of County Engineer in Article 2, section 2.19 of the General Conditions is hereby changed to read as follows: "The Director of Utilities Engineering and Contract Management of Pasco County, Florida, acting directly or through duly authorized representatives, which representatives are acting exclusively within the scope of the duties and authority assigned to them."

6. OWNER

The definition of Owner referenced in Technical Specifications refers to the County.

7. PERFORMANCE OF THE WORK

Work and/or purchases are authorized by the County only if a properly executed Work Order is issued in advance of the transaction, showing that the County has sufficient funds available to pay for the goods and/or services. Contractors providing goods and/or services

without a properly executed Work Order do so at their own risk. The County will not be liable for payment for any services provided under the Contract unless a valid Work Order has been issued to the Contractor.

In the event that Bidder is awarded the Contract, Bidder agrees that should Bidder fail to complete the work within the time stipulated in the Work Order or within such extra time granted by the County as provided in the Agreement, the Bidder shall pay to the County for delay and loss of use, and not as a penalty but as liquidated damages as stated in the Agreement section.

8. WORK ORDERS AND WORK ORDER PROCEDURES

Upon execution of the Agreement, the Contractor will begin receiving Work Orders. The Contractor will be issued a separate Work Order for each particular item of work assigned by the County. Each Work Order shall describe the work included and stipulate the maximum fee as well as the number of calendar days within which the Contractor must both commence and complete the work for the particular Work Order. Work Orders will be executed by the County Administrator or his designee.

For Non-Emergency As-Needed on-site work the County will contact the Contractor for a work order proposal to complete a particular Work Order. The Contractor shall respond within three (3) business days with a work order proposal including time to complete from the Notice to Proceed, proposed bid items to be utilized for the work, anticipated materials with cost, and total cost. The County shall then execute a Work Order and deliver it to the Contractor. The Contractor shall not receive additional compensation for the work order proposal process.

The Contractor shall have no claim for compensation greater than the maximum listed on the work order proposal and Work Order form.

Following execution of any part of any work as described in Work Order, and within time stipulated in the Work Order, the Contractor shall submit a written proposal for any additional work that, in the Contractor's opinion, is not listed in the Work Order. The proposal shall list all recommended work, describing each item of work in sufficient detail to complete the work order. If it agrees, the County shall then revise the Work Order and deliver it to the Contractor to complete the work or reject the proposal.

The County Administrator or his designee may order emergency as-needed on-site work. Emergency work is performed any day, including weekends and Holidays recognized by Pasco County. The Contractor shall respond to emergency requests as set in Special Condition SC-3, paragraph B. The Contractor shall perform the work not to exceed that listed in the Work Order Form. The Contractor shall have no claim for compensation greater than the maximum listed on the Work Order Form.

Critical or emergency work shall take priority over normal priority work. In the event that critical or emergency work prevents timely completion of normal priority work, at the

request of the Contractor the County Administrator or his designee will review outstanding Work Order(s) to determine an appropriate extension of time to complete the Work Order(s).

The County may order critical as-needed on-site work during normal business hours. The Contractor shall respond to critical requests on-site within one (1) hour of notification and begin work on-site within two (2) hours. Critical work is defined by required response time and is performed Monday through Friday 7:00 am to 6:00 pm. The Contractor shall perform the work not to exceed that listed on the Work Order form. Only actual time on-site shall be billed. Contractor shall fill out logs at the nearest County Facility to substantiate work performed.

9. WORK ORDER CLOSE OUT

For payment of work under this contract, the Contractor shall submit to the COUNTY the properly executed copies of the Work Order(s), and invoice. The invoice shall include Work Order number, location of work, cost of the work according to the rates listed in the Bid Form, and actual dates of the work. The COUNTY will evaluate the Application for Payment within forty-five (45) days, which shall meet the requirements set forth in these Contract Documents. Upon approval, the County Administrator or his designee will authorize final payment to be made and close out the Work Order(s).

All work and support are subject to verification by the COUNTY. Contractor shall maintain logs to verify work and support performed. Failure to maintain adequate records or provide authorized Work Order(s) shall result in non-payment or cancellation of the Contract.

The Bidder further agrees to begin work within three (3) calendar days after the date of the Notice to Proceed or otherwise approved in advance and to complete the project, in all respects, within the number of calendar days allotted for each Work Order, after the date indicated on the Work Order executed by the County Administrator or his designee. The Bidder shall also comply with specific completion dates and sequences indicated elsewhere in the Contract Documents or as set forth in the Work Order

All work is subject to verification by the County. Contractor shall maintain proper records to verify work performed. Failure to maintain adequate records or provide authorized work orders shall result in non-payment or cancellation of the Contract.

END OF SPECIFIC TERMS

C. PROJECT-SPECIFIC CONDITIONS (cont.)

SPECIFIC CONDITIONS

SC-1 BASE BID WORK AND AWARD

The Work will consist of constructing: As-Needed Pipeline Repairs Contract (PCU 20-403.00):

The work will consist of pipeline repairs work on as needed basis. The work includes but is not limited to repair and rehabilitation construction services of various miscellaneous pipelines including gravity sewer, force mains, reclaimed and water systems. The work will be performed in various locations throughout the County and will be assigned from time to time by written Work Order, executed by the County Administrator or his designee. A separate set of plans and a schedule will be issued for each individual Work Order. The total amount of all Work Orders in one (1) year will not exceed the total amount of this Agreement and will be compensated for at the unit prices specified in the Proposal and in accordance with the specific Work Authorization. The categories of Work Orders are: Normal, As-Needed On-Site Work, and Emergency As- Needed Work.

SC–2 ADMINISTRATIVE SUBMITTALS

A. The bidding contractor must provide the following licenses and certifications at time of bid submittal for this project:

1. Pasco County Occupational License if applicable.

2. All County, City, State licenses for areas as specified within these documents including but not limited to:

   a. General Contractor and/or
   b. Underground Utility & Excavation Contractor

3. Submit documented proof of stated qualifications as per Technical Specifications with the bid form.

SC–3 HOURS OF WORK

A. The Normal As-Needed Hours of Work that will be allowed for this project are Monday through Friday between 7:00 am and 5:00 pm local time for Pasco County, FL, excluding County observed holidays and weekends. Work outside these hours will require twenty-four-hour notice to and written approval from the Project Manager. Standard work hours may be impacted by the requirements of Right-of-Way or MOT permits.

B. Emergency As-Needed Hours of Work is performed Monday through Friday from

5:01 pm to 6:59 am, all Saturdays, all Sundays, and all holidays recognized by Pasco County. The Contractor shall respond to emergency requests within one (1) hour of notification and begin work on-site within two (2) hours or as instructed by the County. The Contractor shall perform the work not to exceed that listed in the Work Order Form. Only actual time on-site may be billed. The Work Order will be executed the next business day by the Owner and must be completed as required by the Contractor. Contractor shall fill out logs at the nearest County Facility to substantiate work performed. The Contractor shall have no claim for compensation greater than the maximum listed on the Work Order Form.

C. Emergency work will take priority over normal priority work. In the event that emergency work prevents timely completion of normal priority work, at the request of the Contractor the Owner will review outstanding Work Order(s) to determine an appropriate extension of time to complete the Work Order(s).

D. The Contractor shall provide 24 hour, 7 days a week telephone and online contact information.

SC–4 GEOTECHNICAL INFORMATION

A. Geotechnical investigations will be conducted per Work Order if required by the work to be performed. If so, the County may hire a third-party company to conduct the geotechnical studies.

SC–5 PERMITS

A. At the time a Work Order is issued, the County and the Contractor shall jointly determine which permits are applicable to the proposed activities. Based on the determination, the County will apply for all the permits pertaining to the Work for each Work Order except those listed in this article. At the sole discretion of the County, the County may require the Contractor to apply for these permits. Additional costs related to the permitting requirements will be negotiated with Contractor for each individual Work Order, as applicable. Each Work Order will include a list of the applicable permits.

B. The Contractor shall be familiar with the requirements of the permit conditions that relate to construction activities.

C. Portions of the project, authorized by permit or license agreement, will be subject to inspection and tests as may be necessary by the permitting authority. All CONTRACTOR Supervisory Personnel shall furnish information to and cooperate with these authorities in conducting their testing and inspection program.

D. Permits shall be obtained pursuant to paragraph A above. No clearing may occur, and no earthmoving equipment may be placed onsite until after the permits have been issued.

E. The CONTRACTOR shall be responsible for all required permits relating to discharges from dewatering activities or stormwater collection and control activities.

F. The Contractor shall obtain and implement, and then comply with the requirements of, a Generic Permit for Storm Water Discharge from Large and Small Construction Activities (CGP), in accordance with 62-621.300(4) FAC. The Contractor shall submit a CGP Notice of Intent (NOI) to the Florida Department of Environmental Protection (FDEP) and develop and submit a Storm Water Pollution Prevention Plan (SWPPP) as part of the CGP. The Contactor shall:

1. Obtain the CGP form and NOI Application Form from the FDEP or its website, DEP Documents 62-621.300(4)(a) and 62-621.300(4)(b), respectively.

2. Develop an SWPPP in compliance with FDEP storm water permitting rules that must include, at a minimum, the following:

   a. A site evaluation of how and where pollutants may be mobilized by storm water.
   b. A site plan for managing storm water runoff.
   c. Identification of appropriate erosion and sediment controls including Best Management Practices to reduce erosion, sedimentation, and storm water pollution.
   d. A maintenance and inspection schedule.
   e. Plan and procedures for record keeping.
   f. A map depicting storm water exit areas.

3. Complete and submit the NOI Application, including all attachments, to the local FDEP office along with the appropriate application fee. The Contractor shall refer to the most current version of Rule 62-4.050(4)(d), F.A.C. to confirm actual application fee amounts.

4. The Contractor shall obtain and implement a CGP for the project site.

SC–6 WORK IN PASCO COUNTY ROAD RIGHTS-OF-WAY

A. No track-type equipment will be allowed on any asphaltic or concrete surfaces throughout the project.

B. All pipelines within the right-of-way will be placed a minimum of 36-inches below grade.

C. Erosion and silt control devices must be in place during the construction and restoration phase at all times. After proper and normal stabilization has been established, control devices may be removed.

D. CONTRACTOR shall maintain pedestrian and vehicular traffic per Pasco County, and Florida Department of Transportation roadway design standards on traffic control and safe practices (F.D.O.T. Index Series 600-650), to ensure safe passage of vehicular and pedestrian traffic during construction activities.

E. All disturbed areas must be compacted and replaced with sod and mulch to pre-existing conditions.

F. All backfill, sub-base, base and asphalt surface restoration must comply with the latest FDOT standards or as otherwise approved by the County. Fill must be placed in loose lifts not exceeding 12-inches and must be compacted under roadway pavement to a minimum of 98% of the maximum modified Proctor dry density, and in unimproved roadway rights-of-way and unimproved easements to a minimum of 90% of the maximum modified Proctor dry density.

G. It is the responsibility of the CONTRACTOR to remove and relocate all traffic control devices. After construction is complete, the devices must be re-installed to the original locations and conditions. All damaged devices must be repaired or replaced to the satisfaction of the ENGINEER.

H. No work shall be performed outside the hours specified in **SC – 3** of these Special Provisions.

I. The contractor will provide their own water on site.

J. The cost of the work associated with this ARTICLE must be included in the various prices bid for the work.

SC–7 EXISTING UTILITIES

A. It is the responsibility of the CONTRACTOR to locate all utilities prior to any excavation. The CONTRACTOR will be held responsible for any damage to existing utilities and shall coordinate the protection of these utilities with the respective OWNERS.

B. The Contractor shall be responsible for contacting any and all applicable utility location services, including "Sunshine One-Call" at least 48 hours prior to actual installation to verify the location of existing utilities and identify any potential conflicts.

SC–8 STORM WATER POLLUTION PREVENTION

A. The CONTRACTOR shall use best management practices regarding storm water

pollution prevention. CONTRACTOR shall conform to any additional local requirements for storm water pollution prevention.

B. Erosion and sediment control in the form of double silt fence, with a 3-foot separation between, is required at all sites.

C. CONTRACTOR shall not conduct any staging activities outside of the erosion and sediment control containment area.

D. CONTRACTOR shall not store any fill outside of the erosion and sediment control containment area.

E. CONTRACTOR shall stabilize any disturbed area to the satisfaction of the OWNER.

SC–9 EASEMENTS

A. It shall be the Contractor's sole responsibility to perform all construction surveying and staking associated with locating the easements on this project. The Engineer will provide available data to the Contractor to facilitate said construction staking.

B. The specific attention of the Contractor is directed to the fact that certain easements are portions of larger land tracts used for livestock grazing. The Contractor shall take all precautions necessary to assure the protection of the livestock including closing all open excavations daily, construction of temporary fencing, and other precautions where directed by the County's designated project manager. The cost of precautions required for protecting livestock must be included in the various unit prices bid for the work and no separate payment will be made, therefore.

C. The County will provide property boundaries for each chosen site. It is the Contractor's responsibility to ensure that all construction and staging activities occur within the boundaries provided by the County.

SC–10 ELECTRONIC SHOP DRAWINGS AND OPERATIONS AND MAINTENANCE MANUALS

A. The Contractor shall furnish final approved Shop Drawings and Maintenance Manuals in electronic ".pdf" format for all materials furnished under Specifications when applicable.

B. The Contractor shall organize all electronic Shop Drawings and Maintenance data by specification division and section number and submit on USB and electronically via e-mail or other electronic delivery acceptable to the County.

SC–11 ENVIRONMENTAL PROTECTION

A. The Contractor will be held liable for the violation of any and all environmental regulations and permit conditions. Violation citations carry civil penalties and, in the event of willful violation, criminal penalties. The fact that the permits are

issued to the County does not relieve the Contractor in any way of his environmental obligations and responsibilities.

B. The Contractor shall evaluate and assess the impact of any adverse effects on the natural environment that may result from construction operations and shall operate to minimize pollution of air, ground or surface waters and vegetation and afford the neighboring community the maximum protection during and upon completion of the construction. The Contractor shall submit any implementation plan that might be required by a regulatory agency.

C. The Contractor shall take sufficient precautions to prevent pollution of streams, lakes, ponds and other water sources with fuels, oils, bitumen, calcium hypochlorite (HTH) or other harmful materials. Contractor shall conduct and schedule operations so as to avoid pollution or siltation of streams, lakes, etc., including the use of silt barriers, synthetic bales or other related control methods, as outlined in Section 104 of the FDOT Standard Specifications. Where there is a high potential for erosion, the Contractor shall not expose, by construction operations, a larger area of erosive land at any one time than the minimum necessary for efficient construction operations, and the duration of exposure of the uncompleted construction to the elements must be as short as practicable. Erosion control features must be constructed concurrently with other work and at the earliest practicable time.

SC–12 MATERIALS TESTING

A. The County will pay for all required tests except that the cost of all retesting due to defective materials or construction must be borne by the Contractor. For pipelines and pavement, the manufacturers or suppliers' certificates that the materials meet the requirements of the Specifications will be accepted, subject to verification by the County. Any tests that have to be re-made due to the failure of the tested material to meet Specifications must be paid for by the Contractor under separate billing from the County's testing firm.

B. The County will retain a Certified Engineering Testing Laboratory to perform all materials testing specified in the Technical Specifications and as may be required by the appropriate governmental agency having jurisdiction. It shall be the responsibility of the Contractor to ensure that the required testing has been made prior to covering up any of the work. Test frequency will be at the discretion of the County's project manager.

SC–13 NOTICE AND SERVICE THEREOF

A. All notices, which include demands, instructions, request, approvals, and claims, must be in writing.

B. Any notice to or demand upon the Contractor will be sufficiently given if delivered to the office of the Contractor specified in the bid (or to such other office as the

Contractor may, from time to time, designate to the County in writing), or if deposited in the United States mail in a sealed, postage-prepaid envelope, or delivered, with charge prepaid, to any recognized overnight courier, in each case addressed to such office.

C. All notices required to be delivered to the County must be in writing, unless otherwise specified, and be delivered to the County Administrator or his designee, for the Pasco County Utilities Department, 19420 Central Blvd., Land O' Lakes, FL 34637, and any notice to or demand upon the County will be sufficiently given if hand delivered to the County, or if deposited in the United States mail in a sealed, postage-prepaid envelope, or delivered with charges prepaid to any recognized overnight courier, in each case addressed to the County at the above address or to such other address as the County may subsequently specify in writing to the Contractor for such purposes.

D. Any such notice or demand will be deemed to have been given or made as of the time of actual delivery or (in the case of mailing) when the same should have been received in due course of post.

SC–14 MAINTENANCE OF TRAFFIC

A. In addition to the requirements contained in the Contract Documents, the Contractor shall prepare and develop maintenance of traffic plan and shall obtain approval of the plan by the County Traffic Operations Division prior to beginning work within any County right-of-way.

B. The Contractor must obtain written approval from the Pasco County Boards of County Commissioners prior to completely closing any roadway to through traffic.

C. The cost of the work associated with this ARTICLE is included in the Bid Form.

SC–15 STREET & TRAFFIC SIGNS

Removal and relocation of all street or traffic signs must be approved through Pasco County, Florida Department of Transportation, or other applicable permitting agency.

SC–16 SURVEYING

A. If required in the individual Work Orders, available horizontal and vertical control data will be as shown on the drawings. The Contractor shall be responsible for obtaining any other data and information necessary to stake out the rights-of-way, easements and pipelines along the routes and pump stations.

B. If required in the individual Work Orders, the Contractor shall provide and pay for necessary field engineering and survey service. Such work must include survey work to establish existing and/or proposed lines and grades and to locate and layout site boundaries, project control, site improvements, structures, controlling lines and levels and all other survey activities required for the construction of the

work. Engineers and surveyors must be licensed professionals registered in the State of Florida.

C. The accuracy of any method of staking shall be the responsibility of the Contractor. All surveying for vertical and horizontal control shall be the responsibility of the Contractor.

D. The Contractor shall be held responsible for the preservation of all stakes and marks. If any stakes or marks are carelessly or willfully disturbed by the Contractor, the Contractor shall not proceed with any work until they have established such points, marks, lines and elevations as may be necessary for the completion of the work.

E. The Contractor shall locate and protect control points prior to starting work and shall preserve all permanent reference points during construction. In working near any permanent property corners or reference markers, the Contractor shall use care not to remove or disturb any such markers. In the event that markers/monumentation must be removed or are disturbed due to the proximity to the construction work, the Contractor shall have them referenced and reset by a Registered Land Surveyor.

F. The Registered Land Surveyor shall utilize current right-of-way maps, plats, and property deeds, all being of public record, in conjunction with existing monumentation to establish the existing right-of-way lines and utility easement boundaries.

G. The Registered Land Surveyor shall establish a temporary benchmark system in accordance with Chapter 61G17-6 F.A.C. and shall provide a written list to the Contractor for their use.

SC–17 WATER FOR CONSTRUCTION

The Contractor shall pay for all water consumption for filling, cleaning, flushing and testing of gravity sewer system and services under this contract. Contractor shall make arrangements with local water departments and Utilities for obtaining temporary water connections and shall pay all associated costs thereby incurred. All water for construction purposes will need to be supplied through a metered connection with a reduced pressure zone and backflow prevention assembly.

SC–18 USE OF PRIVATE PROPERTY

All construction activities required to complete the work in accordance with the plans and specifications must be confined to public rights-of-way and County owned easements, unless the Contractor makes specific arrangements with private property owners for his use of their property. Such permission will be required for the repairs or installation of any/all new service connections from the sewer main to the residence lateral line clean out if located outside the easement or right of way. The County

assumes no responsibility for damage to private property in such instances. The Contractor is responsible for protection of private property abutting the work areas on this project.

SC-19 SHUTDOWNS

A. The Contractor shall notify those customers subject to interruption of service at least 24 hours in advance. The Contractor shall maintain a written log of all addresses notified. The Contractor is further required to make this notification in writing, providing the following information in addition to the starting time and duration of interruption:

B. Contractor's name, address, and telephone number.

C. Name of Contractor's project superintendent and telephone number(s), which must allow 24-hours per day contact.

D. Name of County inspector and telephone number(s).

E. Date and time of notification.

F. This written notification must be in such format as to be easily affixed to the structure, such as a "hang tag," if no person is in the building at the time of notification.

G. The Contractor shall coordinate all scheduled shutdown activities with the County Utilities Department. Contractor shall operate and maintain all temporary bypass piping and pumping operations so that the existing section of system piping can be isolated for subsequent rehabilitation or repair, per the Work Order. As specified in the Measurement and Payment section of the Technical Special Provisions, the Contractor shall be responsible for redirecting or trucking of all sewage during the rehabilitation or repair work on the County's existing gravity sewer system.

H. The costs for all bypass pumping, piping connection, and sewage bypass activities must be included in the applicable pay items for such work. Separate payment will be paid for temporary bypass piping and pumping above 2,000gpm up to 4,000gpm, as specified in the Measurement and Payment section of the Technical Special Provisions.

SC-20 EXISTING UTILITIES

Underground and above ground utilities will be identified on provided drawings for each Work Order based on best available information when applicable. It is the responsibility of the Contractor to locate all utilities prior to any excavation. The Contractor will be held responsible for any damage to existing utilities and shall coordinate the protection of these utilities with the respective owners.

SC-21 ACCEPTABLE PIPE MATERIALS

- Pipe materials acceptable for installation are as follows:

Service/Size	Material
Gravity Sewer (4" to 15")	PVC Pipe (SDR 26)
(over 15")	PVC Pipe (C905-DR 18)
(16" and smaller)	Epoxy-Lined Ductile Iron Pipe (Class 350) for Sewer/ Cement Lined for Water/Reclaimed

SC–22 AS-BUILT DETAILS

A. Most of the work under the Contract will include the repair of existing pipelines. When applicable, however, the Contractor shall engage the services of a Registered Land Surveyor to perform as-built surveying of the constructed infrastructure/components. In order to facilitate the collection of as-built survey points of underground piping/components, the Contractor shall install temporary standpipes (2" diameter minimum) at the following locations:

1. At the beginning and end points of all casing installations.
2. New or repaired service connections.
3. Point repairs if made by excavation.

B. In the event that the underground piping is installed within the extent of vehicular access locations/travel lanes, the Contractor shall coordinate with the Surveyor to obtain the required as-built survey information prior to initiating roadwork above the piping.

C. The Contractor shall maintain at least one as-built set of construction plans at the site and red-line the plans throughout the construction activities to document the actual installed infrastructure locations, in accordance with the Specifications.

D. The Contractor shall indicate on standard details if the installation was constructed in accordance with the provided standard detail. If there were any deviations from the standard detail, the Contractor is to note them on the standard detail and return this to the County. Contractor is responsible for obtaining permission from the County's project manager when constructing facilities other than as instructed within these specifications and this provision will not serve as permission to construct in any manner not specified herein.

E. Upon substantial completion of the construction activities, and before final

payment is considered by the County, the Contractor shall submit to the Engineer all as-built information. This as-built information must consist of the red-line set of as-built construction plans, two (2) copies of the as-built plans from their as-built survey and on a USB and electronically via e-mail or other electronic delivery acceptable to the County. The as-built drawings must consist of the surveyed coordinate/elevation data for the above-mentioned standpipe locations and abandoned, repaired or new manholes and wet-wells along with a written summary of the gravity sewer pipe size, pipe material and lining description, abandoned piping, and apparent right-of-way using found monumentation. The Contractor shall provide the most updated version of electronic AutoCAD file of the project construction plans, illustrating the surveyed utility locations/point data. Pursuant to 06-03 Resolution and in compliance with the Development Services System and Enterprise Addressing System, AutoCAD drawings must be submitted on State Plane coordinates system, with State Plane bearings for the required utilities locations.

SC-23 RESERVED.

SC-24 MAINTENANCE OF CONTINUOUS MAIL AND EMERGENCY SERVICES

The Contractor shall be responsible for maintaining continuous mail, trash pickup and emergency services for each residence throughout the construction phase. The Contractor shall provide, when necessary, temporary mailboxes which clearly indicate the address for each residence. Such temporary mailboxes must be located as close as possible to the original location of the resident's mailbox. The Contractor shall also be responsible for providing uninterrupted service by erecting temporary access roadways as necessary. No additional payment will be made to the Contractor for this item.

SC- 25 RESIDENT'S ACCESS TO HOMES

A. The Contractor shall assume all responsibility for maintaining continuous access to each residence during Construction. The Contractor shall be fully responsible for the construction of any temporary access driveways, roadways, etc., to ensure accessibility.

B. In the event that it becomes necessary to temporarily restrict any resident to their home, the Contractor shall notify the director of Utilities Engineering and Contract Management, and affected resident(s) in writing, at least 48 hours in advance of such temporary restriction. This written notification should be in such format as to be easily affixed to the structure, such as a "hang tag", should no citizen be in the building at the time of notification. Temporary restrictions must, in no case, exceed two (2) hours, and must be limited to the time periods of 10:00 a.m. to 12:00 p.m. and 2:00 p.m. to 4:00 p.m. The County will evaluate each request on a case-by-case basis and retain the right to refuse any and all requests for temporary access restrictions. In the event that the request for temporary access restriction is approved by the County, the Contractor shall also provide verbal notification to the resident(s) prior to access impacts.

SC-26 STANDARD DETAILS

In addition to the details provided on the Work Order or Work Order Plans, the latest versions of the Standard for Design and Construction of the Pasco County Utilities Department and FDOT Design Standards will also apply to this Work.

SC-27 PIPELINE INSTALLATION

A. Trenching/Pipeline installation activities must not advance more than 0.25 mile ahead of final surface restoration activities, including final grading and sodding. The distance between trenching operation and driveway surface restoration must not exceed 0.5 mile.

B. In areas where roadside drainages are present, the Contractor shall restore the final surface grades to match the grades existing prior to construction activities. Limits of clear sight must be maintained at each road/driveway intersection throughout the construction activities.

C. No construction activities, including unloading of piping, may commence until warning signs, flaggers, barricades, etc. are erected in accordance with approved maintenance of traffic plan.

SC-28 RESERVED.

SC-29 PROJECT SIGNS

A. The County may provide the Contractor with portable project identification signs when needed. The signs will display a generic title such that they can be re-used on successive Work Orders during the term of the Contract.

B. Before mobilization on each Work Order, the Contractor shall display a project identification sign in a prominent location at the project site. The Contractor shall remove and relocate signs to the new Work Order construction sites as needed, or at the direction of the Project Manager. The Contractor shall remove and dispose of the signs at the completion of the contract term or as directed by the Project Manager. Disposal of the signs must be at no additional cost to the County. All costs associated with this item should be included in the Contractor's overhead.

SC-30 PURPOSE AND INTENT

A. The purpose of these specifications is to describe the requirements of the Pasco County Utilities (PCU), for a competitive bid, undefined quantity, and term contract for AS NEEDED PIPELINE REPAIR SERVICES as described herein. Work authorized under this term contract will be ordered only on an "as needed" basis through written Work Orders authorized by the County Administrator or his designee.

B. AUTHORIZATION OF WORK

1. No work may be performed under this term contract except as authorized by written Work Orders issued by the County. The Contractor shall not proceed with, and shall not be compensated for, any work that is not authorized by a written Work Order. Verbal authorization may be given when emergency response conditions occur at night and/or on weekends and followed-up with a written authorization within 24 to 48 hours of the occurrence.

2. The ACA or his designee will review all Work Orders and upon concurrence with the terms, approve such Work Orders.

SC-31 CONTRACT COMMENCEMENT AND EXPIRATION

A. The Contract time will commence on the date specified on the Agreement and will expire upon completion of all authorized Work. The Work Order Authorization Period (period during which the County is entitled to issue Work Orders) will expire on the first anniversary of the Contract time, or when the actual authorized work equals the awarded Contract amount, whichever occurs earlier.

B. Bid Proposal item unit prices must remain **firm and non-negotiable** during the life of the Contract, including any renewal periods. Bid Proposal item unit prices can only be adjusted under the conditions outlined elsewhere in this section.

SC-32 RESERVED.

SC-33 COST ESCALATION

A written request for price adjustments may be made by the Contractor once every year, no less than thirty (30) days prior to the end of a contract year. Any increased price adjustment(s) must be accompanied by written justification attesting that the request is a bona fide cost increase to the Vendor. The base period for any requested adjustment will be the beginning of the latest period during which an adjustment may have been made. For example, if annual adjustments may be requested under a three-year contract and none is requested after the first two (2) years, the base period for an adjustment effective the third year will be the beginning of the second year. All requests for price adjustment(s) must be supported by documented construction economic information regularly published in *ENR (Engineering News-Record).* Any increase must not exceed 6%. All price adjustments must be accepted by the ACA and must be accomplished by a written amendment to this Contract.

SC-34 CONTRACT ESTIMATED QUANTITIES

A. Unit quantities indicated in the Bid Proposal section (Part III) are provided as a means of comparing bid proposals and as a basis for award. However, these quantities are estimated, and actual unit quantities may vary greatly during the term of this contract. **THE BIDDER IS ADVISED THAT THE TOTAL QUANTITY OF WORK REQUESTED MAY BE LESS THAN THE QUANTITY ESTIMATED IN THE BID**

PROPOSAL PAGES, AND IN FACT THE COUNTY CANNOT AND DOES NOT GUARANTEE A MINIMUM OF USAGE ON THIS CONTRACT.

B. Bidders are cautioned against predicating their bid prices on an assumed scope of work or estimated bid quantities. The amount of award represents only the upper dollar limit beyond which no further work may be ordered, except as may be approved by the Board through a Change Order. It is not known how much or how little work will be ordered during the term of this contract.

C. Bidder acknowledges that actual quantities may be significantly less than those indicated in the bid, and agrees that, as the Contractor, it will not make any claim for damages or for loss of profits because of a difference between the quantities shown in the Bid Proposal (Part lll) and the quantity of work actually ordered.

D. Work Order pricing must be based on actual field measurement, not estimated bid or planned quantities.

E. Because quantities are estimated and actual requirements will not be determined until time of need, any reference in the General Conditions are hereby modified to delete the necessity for a Change Order in the event of line-item quantity over or under runs, provided that total purchases do not exceed the amount of award.

SC-35 BASIS FOR AWARD AND CONTRACT PRICE

A. Award will be made to the responsive and responsible bidder(s) meeting specifications who submit the lowest total bid price, based on the estimated quantities included herein. Bidders are required to submit prices for all items included on the electronic Bid Form in Bonfire. The County reserves the right to award more than one contract under these specifications.

B. For budgetary and other reasons, the total amount of award for this Contract will be established at $1,000,000 or the recommended total bid price whichever is less.

C. If the recommended total bid price is greater than the award amount of $1,000,000, authorized work (and bid estimated quantities) will be reduced accordingly.

D. Notwithstanding the above, the actual amount of work to be performed is not known, and the County cannot guarantee a minimum on this Contract.

E. The amount of award referenced in the above statements is defined as the upper dollar limit beyond which no further work may be authorized without approval of the Board. Specifically, the amount of award will not be construed as indicating the actual value of work anticipated by the County under this Contract. The actual value of work to be authorized is not determined until the time of need for that

work occurs and may be significantly less than the amount indicated in the award.

SC-36 LIQUIDATED DAMAGES

Liquidated damages for each calendar day that each milestone date is not met are as follows:

Milestone	Calendar Days from NTP (1) to completion of the corresponding milestone	Amount of Liquidated Damages (2) ($/day)
Final Completion for Work Order (individual project)	To be determined for each Work Order	$250

Notes:
(1) Notice to Proceed for each Work Order (individual project).
(2) Liquidated Damages may be assessed on each milestone separately until that milestone is completed.

SC-37 SIMILAR WORK BY OTHER CONTRACTORS

Award of this term contract to a particular Contractor will impose no obligation on the County to utilize that Contractor for all work of this type which may develop during the period of this contract. **This is not an exclusive contract.** The County specifically reserves the right to concurrently contract with other companies for work of this type if the County deems such to be in the County's best interest.

SC-38 BID PRICES

A. The Contractor shall include all costs for completing all WORK identified in the Contract Documents in the bid items listed on the bid form. The contract unit price bid items must include all labor, equipment, materials, tools and incidentals required to accomplish the Work contemplated in these Contract Documents in an expeditious and workmanlike manner.

B. The bidder's bid prices must contain all cost items in amounts deemed sufficient by the Contractor for overhead, profit, bond premiums, performance and payment bond premiums, insurance, minimal design, engineering, drafting support, site superintendent, administrative support, progress meeting expenses, contract startup costs, computer equipment and supplies, all contingencies, and all risks associated with this contract. The Bidder is hereby notified that no other amounts will be paid in excess of those bid prices shown in Bid Proposal, and they are **non-negotiable** during the life of the contract.

SC-39 PRICING OF WORK ORDERS

Pricing of Work Orders will be accomplished by multiplying the appropriate unit prices times the quantities of each line item required for the work order, to arrive at a Pay

Quantity for that line item, then adding all such line item Pay Quantities to arrive at the Work Order Cost. It shall be the Contractor's responsibility to advise the County and obtain prior approval or any additional quantities to be utilized beyond those specified in the Work Order. The Contractor will not be compensated for any materials or work without written authorization from the County. The Contractor will be compensated for **authorized** additional quantities on the Revised Work Order after Final Completion of the Work Order.

SC-40 NON-PRICED ITEMS (NPI)

A. Non-Priced Items (NPI) are defined as items which may be required, but do not appear in the Bid Proposal in Part III. An allowance for NPI per Work Order will be included in the Bid Proposal to cover any NPI. This allowance represents an estimate of the amount of money that may be expended for such items during the term of this contract plus any additional work not included in the Work Order and necessary to complete the work. NPI work must be identified prior to Work Order issuance but may be added to the Work in the manner outlined for additional quantities.

B. NPI work must be priced based on the following:

a. If the item does not appear in the Bid Proposal, the price must be negotiated as outlined in Article 12 of the Contract General Conditions.

b. Once an NPI is approved, it becomes a candidate for incorporation into the Contract as a unit priced line item for all subsequent Work Orders, including those issued during renewal periods.

SC-41 WORK ORDERS

A. Upon approval of this Agreement by the Board of County Commissioners, the County Administrator or his designee will be authorized to begin issuing Work Orders. The Contractor(s) will be issued a separate Work Order for each particular item of work assigned by Pasco County Utilities (PCU) in accordance with the Contract Documents. Each Work Order will describe the Work required to be completed and the number of calendar days within which the Contractors must both commence and complete the Work for the particular Work Order.

B. PCU will furnish a scope and completion time to the Contractor(s) requesting a Work Order Proposal. The Contractor shall be responsible for any additional investigation required for proper completion of the work. The Contractor shall not receive compensation for preparing the Work Order Proposal.

C. Upon receipt of cost proposal from the contractor based on bid item list, the County project manager will prepare a work order to be approved by the

Assistant County Administrator for Public Infrastructure. Work Orders shall include description of work, cost, term, and any relevant information pertaining to the project. Contractors providing goods and/or services without a properly executed Work Order do so at their own risk. The County will not be liable for payment for any services provided under the Contract unless a valid Work Order has been issued to the Contractors.

D. After approval of the work order, work shall commence upon a separate written Notice to Proceed; issued by the Department director, Engineering Manager, Project Manager or designee. The Contractor shall not proceed with, and shall not be compensated for, any Work that is not authorized by a written Work Order and accompanied by a written Notice to Proceed. Verbal authorization may be given when immediate response conditions occur at night and/or on weekends and will be followed-up with a written authorization within 48 hours of the occurrence.

SC-42 RESERVED.

SC-43 PROCEDURE FOR DEVELOPMENT OF A PROPOSAL, EVALUATION OF THE PROPOSAL, AND ISSUANCE OF WORK ORDERS

A. Upon identifying the need for work to be performed under this contract, the Project Manager, or designee will meet with the Contractor to review the scope of work. This may also include an on-site visit.

B. Following this initial meeting, the Project Manager, or designee, will provide the Contractor with a written scope of work or a cost estimate using the prices included in Part III, Bid Proposal. This must include a Contractor-developed, detailed statement of work and shop drawings/sketches for the project. The Contractor shall ensure that its proposal is complete using the applicable specifications and standards included herein.

C. The detailed (Contractor-developed) statement of work must be supported by all necessary documentation to indicate that adequate planning has been performed to accomplish the required work. Costs for the aforementioned documentation must be included in the Contractor's bid prices and will not be paid separately by the County. **The Contractor shall not receive additional compensation for the proposal preparation.**

D. The Contractor's bid prices, included in Part III, Bid Proposal, will serve as the basis for establishing the value of the Work to be performed on a unit price basis.

E. **Timeliness of Services**: Since the primary goal of work order contracting is the prompt acquisition of construction services, Contractor responsiveness under the terms of this contract is paramount. Upon notification of a need for

services, the Contractor shall acknowledge the request and reply to the Project Manager, or designee, within three (3) business days, unless the request is for an emergency. The Contractor shall expeditiously prepare its proposal and in no event will the proposal preparation time, mobilization time, or work order completion time exceed the time specified in the Work Order. Failure to respond within the time specified above may result in the work being performed by others; no further Work Orders being issued to the Contractor; termination of the Contract; or the filing of a claim by the County against the Performance Bond when applicable.

F. As part of the price proposal, the Contractor may also develop a **proposed** schedule for completion of the work, if the schedule was not previously provided to the Contractor by the Project Manager.

G. The Contractor shall submit its proposal to the Project Manager, or his designee, who will evaluate the proposal and, if approved, issue a Work Order. The Project Manager reserves the right to disapprove the proposal, in which case he shall not have an obligation to issue the Work Order.

H. If, in the Project Manager's opinion, additional unit price items or quantities are required to complete the project, a revised work order detailing the additional work will be issued. The Contractor shall review the revisions and submit a detailed cost proposal. The Project Manager will review the Contractor's proposal and, if approved, will issue a revised Work Order.

I. If, in the Contractor's opinion, additional unit price items or quantities are required to complete the project, it is the Contractor's responsibility to advise the Project Manager, or his designated representative, and obtain approval by amended Work Order **prior** to performing such additional items or quantities.

J. It shall be the Contractor's responsibility to notify the Project Manager, or his designated representative, if the additional quantities are likely to exceed the Work Order limit and obtain prior approval. Prior approval will be granted by way of a Revised Work Order.

K. The Project Manager, or his designee, reserves the right to reject any proposal, in which case the Project Manager, or his designee, will have no obligation to issue the Work Order.

SC-44 UNUSED ALLOWANCES

Any unused allowances remaining at the end of the contract will automatically expire with the contract.

SC-45 DISPUTES REGARDING WORK ORDERS

A. In the event the County and Contractor are unable to agree on final quantities or items for the performed work, the County may reject the Contractor's pay request and require the Contractor to provide verifiable documentation as to the quantities and items actually used. The burden of proof is on the Contractor. If the Project Manager finds the verifiable documentation sufficient, the pay application will be processed. If the Project Manager finds the documentation insufficient or unverifiable, the Contractor and the Project Manager may appeal to the County Administrator or his designee. The decision of the Utilities Department officials will be final.

B. If the Contractor refuses or otherwise fails to perform any of its obligations under the Contract or fails to perform the Work, in addition to all available remedies at law or in equity, the County reserves the right to take any or all of the following actions:

1. Obtain the Work Order services from another Contractor;

2. Terminate the Contract;

3. Debar the Contractor from bidding on County construction projects for a period of up to 36 months;

4. File a claim against the Contractor's Performance Bond.

C. If the Contractor believes there is good cause for not performing requested Work, the Contractor may submit notice which cites the refusal and contains supportive documentation and may appeal an adverse decision to the County Administrator or his designee.

SC-46 CONTRACTOR QUALIFICATION AND EXPERIENCE

A. The CONTRACTOR must have at least five (5) years consecutive current active experience in the construction of utility projects of similar difficulty and magnitude as described in the Contract scope of work (range of duties) and outlined in the Contract Documents. The five (5) years consecutive active years are up to and including the date of bid. The CONTRACTOR must submit a least ten (10) projects to confirm the five (5) years current active experience to the COUNTY within five (5) days of the request from the COUNTY. The submittal of projects must include the following: project name, project amount, location, brief description of the project, address, and contact name and phone number. The COUNTY reserves the right to reject any bid if the evidence submitted by, or investigation of, the CONTRACTOR fails to satisfy the COUNTY, at its sole discretion, that the CONTRACTOR is properly qualified to carry out the obligations of the contract and to complete the work described and outlined in the Contract Documents.

B. The Contractor must provide a qualified foreman with at least three years consecutive current active experience in underground utilities construction. The foreman shall be present at all times when construction work is being performed and all communications given to the foreman will be binding, as if given to the Contractor.

SC-47 BID ACCEPTANCE DETERMINATION LETTER

A. After bid opening, the County may request the below listed information from the apparent responsive low bidders. This information will be used by the County to help make a recommendation to the Purchasing Department whether to accept or reject the bid.

1. A list of all projects the apparent low bidder has worked on or is currently working on in the past 3 years.

2. A list of completed projects confirming successful experience as stated in the Range of Duties anticipated to be performed under this Contract as outlined herein.

3. A list of all major equipment owned and operated by the apparent low bidder and a list of all equipment to be utilized on this project.

4. A list of employees to be utilized on this project with their job title, years of experience and number of years in current job function.

5. Resume of the project manager(s) and full-time job superintendent(s) that will be utilized to complete the Work.

6. Explain how the apparent low bidder will ensure the Work is adequately manned, equipped, and managed so it will be completed on time and within budget.

7. A copy of all required licenses. All licenses must be active and current at time of bid opening.

SC-48 RESERVED.

SC-49 DOOR HANGERS

In the event any activity under this Contract is determined to affect near-by residents, the Contractor will be required to notify the affected residents using door hangers. All residents must be notified at least twenty-four hours in advance of mobilization. The geographical area of notification will be determined by the County. The County will provide the Contractor with the door hangers. All costs associated with this item must be included in the Contractor's overhead.

SC-50 SEWAGE SPILLS

All wastewater or other spills resulting from Contractor operations hereunder must be contained, removed, and cleaned up immediately by the Contractor at no additional cost to the County. The Contractor shall disinfect spills using a disinfectant method approved by the Project Manager. The Contractor shall report all spills immediately to the Project Manager. All required regulatory agencies must be notified as soon as possible, but in no case later than twenty-four hours from the time of the spill. The Contractor shall provide the regulatory agencies and the Project Manager a detailed written report of the spill, describing the occurrence and all actions taken. Any fine as a result of the spill due to the Contractor's actions shall be paid by the Contractor.

SC-51 SITE SAFETY AND CLEAN-UP

The Contractor shall be responsible for site safety and clean-up. The Contractor will be responsible for keeping the site(s) safe for pedestrians and traffic. The Contractor shall dispose of all debris on a daily basis and be responsible for hauling all debris to an appropriate and permitted disposal site. The Contractor will not be allowed to accumulate debris on the site, unless approved by the Project Manager. All costs associated with the safety, clean-up, and disposal of debris must be included in the Contractor's overhead.

SC-52 VIDEO REQUIREMENTS

Within two (2) weeks of Notice To Proceed, the Contractor shall have a continuous color audio/video tape recording taken along the entire length of the Project including all affected project areas. Streets, easements, rights-of way, lots or construction sites within the Project must be recorded to serve as a record of the pre-construction conditions. Two (2) copies of tape recording and video log must be submitted to the Owner on USB and electronically via e-mail or other electronic delivery acceptable to the County before commencing construction. The Engineer of Record shall designate those areas, if any, to be omitted from or added to the audio-visual coverage. All tapes and written records will become property of the County.

SC-53 TEMPORARY ELECTRICITY/POWER

The Contractor shall make arrangements for obtaining temporary electric power service, metering equipment, billing account(s) as applicable and pay all costs for electric power used during Contract period, except for portions of the Work designated in writing by Engineer as substantially complete and accepted by the Owner, or if otherwise noted in the specifications. Contractor must transfer power account(s) to the Owner's name upon acceptance of the Work.

C. **PROJECT-SPECIFIC CONDITIONS (cont.)**

TECHNICAL SPECIFICATIONS AND PLANS

CONTRACTOR WILL PERFORM THE WORK IN ACCORDANCE WITH THE ATTACHED TECHNICAL SPECIFICATIONS DATED **FEBRUARY 10, 2022**, WHICH TECHNICAL SPECIFICATIONS ARE ATTACHED HERETO AND INCORPORATED HEREIN BY REFERENCE. THE INTENTION OF ALL TECHNICAL SPECIFICATIONS AND PLANS IS TO BE COMPLEMENTARY AND SUPPLEMENTARY TO ALL GENERAL AND SPECIAL CONDITIONS IN THESE CONTRACT DOCUMENTS. SHOULD ANY CONFLICTS EXIST BETWEEN THE TECHNICAL SPECIFICATIONS AND PLANS, AND THE GENERAL OR SPECIAL CONDITIONS (IF ANY), THE STRICTER PROVISION SHALL PREVAIL AND CONTROL.

END OF TECHNICAL SPECIFICATIONS AND PLANS

AGREEMENT
AS NEEDED PIPELINE REPAIRS
Solicitation No. IFB-BW-25-052

THIS AGREEMENT is entered by and between **PASCO COUNTY, FLORIDA,** by and through its Board of County Commissioners (hereinafter called "Owner") and **Schaer Development of Central Florida, Inc.,** (hereinafter called "Contractor").

WITNESSETH:

WHEREAS, the Owner issued an Invitation to Bid (IFB-BW-25-052), together with any addenda ("Solicitation") to secure services for **AS NEEDED PIPELINE REPAIRS;** and

WHEREAS, the Contractor desires to render services as described in the Solicitation, and the Contractor hereby certifies it has the qualifications, experience, staff, and resources to perform those services; and

WHEREAS, Contractor agrees to serve as Owner's Contractor for **AS NEEDED PIPELINE REPAIRS** based upon the terms and conditions set forth in this Agreement and as set forth in Owner's Solicitation and Contractor's Bid Proposal ("Bid"), which are incorporated herein by reference as though set forth fully herein.

NOW, THEREFORE, in consideration of the premises set forth hereinabove, and of the mutual promises hereinafter set forth, the sufficiency and adequacy of which are hereby acknowledged, the parties hereto, intending to be legally bound hereby, agree as follows:

ARTICLE 1- RECITALS
The recitations in the Whereas clauses above are incorporated herein by reference and made a part hereof. Capitalized terms in this Agreement, not otherwise defined, shall have the meaning defined in the Solicitation.

ARTICLE 2 - WORK
Contractor shall provide all labor, equipment, materials, supplies, and services, necessary to perform the As Needed Miscellaneous Pipeline Construction Services, as set forth in the Solicitation and listed specifications.

ARTICLE 3 – OWNER'S REPRESENTATIVE
The Project is administered by:

Public Infrastructure
Pasco County Utilities Department

Who is to act as Owner's representative, assume all duties and responsibilities, and have the rights and authority assigned to Owner's representative in the Contract Documents in connection with completion of the Work in accordance with the Contract Documents.

ARTICLE 4 - CONTRACT TIME

4.1 Except as otherwise specified herein, the Agreement shall remain in full force and effect from the effective date of this Agreement for a three (3) year term, unless otherwise terminated or extended as provided in this Agreement, subject to the Price Escalation terms described elsewhere herein, unless cancelled in writing by Pasco County. The County reserves the right to extend this agreement, under the same prices, terms, and conditions as in the original Agreement approved by Pasco County for two additional one-year periods, as found to be in the best interest of the County. All contracts are subject to the appropriation of funds by Pasco County. The effective date for this Agreement is the date this Agreement is executed by the Owner.

4.2 In the event that a properly executed Work Order initiated within the initial term of the Agreement, or Addendum to such Work Order requires or expressly permits work to be performed by the Contractor after termination of this Agreement, such WORK ORDER or Addendum to such Work Order shall automatically extend the effective period of the Agreement to coincide with the completion date delineated in the Work Order or Addendum to such Work Order.

4.3 Each Work Order will be completed within the time stipulated in the Work Order Form.

4.4 Liquidated Damages. The Contractor agrees that should the Contractor fail to complete the work as specified or directed in the Work Order(s), the Contractor shall pay the Owner for delay and loss of use, and not as a penalty but as liquidated damages, the sum of TWO HUNDRED and 00/100 (200.00) for each calendar day after the date of completion listed in the Work Order. Default days will be counted in calendar days, excluding Sundays and legal holidays.

ARTICLE 5 - CONTRACT PRICE

5.1 The Owner shall pay the Contractor for completion of the Work in current funds and in accordance with the Contract Documents subject to the Not-to-Exceed annual amount of $12,000,000.00. The total Contract Price includes $100.00 for Indemnification and $100.00 for termination for convenience. Payment shall be made not more often than once per month and in accordance with the Contract Documents.

5.2 All incidental costs, including allowances for profit and tools of the trade, must be included in the Contract bid prices.

5.3 The County has awarded multiple agreements for solicitation **IFB-BW-25-052.** The total County budget for the services provided for in the solicitation documents is the Contract Price stated in Section 5.1 above, as such price may be amended by the County. The contract price under each of the agreements is the same; provided however, the combined payments to all contractors for services shall not exceed the total County budget for these services.

ARTICLE 6- CONFLICTS

6.1 To the extent there is a conflict regarding indemnification and contract term between the Instructions to bidders and this Agreement, the provisions of this Agreement will control.

ARTICLE 7 - TERMINATION OF AGREEMENT

7.1 In return for good and valuable consideration in the amount of $100.00, the receipt of which is acknowledged by the Contractor, Owner may terminate or cancel this Agreement at its

discretion and termination will be effective, with cause immediately or without cause after 30 days, after written notice has been provided to the Contractor.

7.2 Following termination, Owner shall make a settlement with the Contractor upon a pro rata basis as determined by Owner, which will fix the value of the Services performed by the Contractor prior to the termination or cancellation of this Agreement.

ARTICLE 8 - CONTRACTOR'S REPRESENTATIONS

In order to induce Owner to enter into this Agreement, Contractor makes the following representations:

8.1 Contractor has familiarized itself with the nature and extent of the Contract Documents, Work, site, locality, and all local conditions and Laws and Regulations that in any manner may affect cost, progress, performance, or furnishing of the Work.

8.2 Contractor understands the estimate of quantities of the various items of work and materials, if set forth in the Proposal Form, is approximate only and is given solely to be used as a uniform basis for the comparison of Proposals. The quantities actually required to complete the work may be less or more than so estimated, and, if awarded a contract for the work specified, the Contractor agrees that he will not make any claim for damages or for loss of profits or for an extension of time because of a difference between the quantities of the various classes of work assumed for comparison of Proposals and quantities of work actually performed. The Owner further reserves the right to vary the quantities in any amount.

ARTICLE 9 - SUBCONTRACTORS

The Contractor shall not sublet, assign, or transfer any Goods and/or Services specifically set forth under this Agreement without the prior written consent of Owner. All persons used by the Contractor for fulfilling the requirements of this Agreement must be employees of the Contractor.

ARTICLE 10 – INDEMNIFICATION

10.1 The CONTRACTOR shall indemnify and hold harmless the COUNTY and the employees and agents of the COUNTY from, and against, all liabilities, claims, suits, demands, damages, losses, and expenses, including, but not limited to, attorneys' fees, arising out of, or resulting from, the performance of the Work, provided that any such liability, claim, suit, demand, damage, loss, or expense: (a) is attributable to bodily injury, sickness, disease or death, or injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom; and (b) to the extent caused by an act or omission of the CONTRACTOR, any SUBCONTRACTOR, anyone directly or indirectly employed by any of them, or anyone for whose acts any of them may be liable.

10.2 In any and all claims against the COUNTY, or against any of the agents or employees of the COUNTY, by any employee of the CONTRACTOR, any SUBCONTRACTOR, anyone directly or indirectly employed by any of them, or anyone for whose acts any of them may be liable, the indemnification obligation under the previous paragraph will not be limited in any way as to the amount or type of damages, compensation, or benefits payable by or for the CONTRACTOR or any SUBCONTRACTOR under workmen's compensation acts, disability benefit acts, or other employee benefit acts.

10.3 The CONTRACTOR shall indemnify and hold harmless the COUNTY and anyone directly or indirectly employed by the COUNTY from and against all claims, suits, demands, damages, losses, and expenses including, but not limited to, attorneys' fees, arising out of any infringement of patent rights, copyrights, trademarks, trade dress, or other intellectual property rights held by others, and shall defend all such claims in connection with any alleged infringement of such rights.

10.4 The CONTRACTOR shall, at the option of the COUNTY, underwrite on an interim basis all expenses associated with the legal defense of the COUNTY, pending the outcome of any litigation through appeal, with respect to any liabilities, claims, suits, demands, damages, losses, and expenses, including, but not limited to, attorneys' fees, for which the CONTRACTOR may be liable to the COUNTY, in whole or in part, pursuant to 10.1 – 10.3 above, irrespective of whether said liabilities, claims, suits, demands, damages, losses, and expenses, including, but not limited to, attorneys' fees, may ultimately be found by a court of law to have been caused, in whole or in part, by the negligence or other fault of the COUNTY. In discharging this duty to the COUNTY, the CONTRACTOR shall strictly account to the COUNTY on a monthly basis for all expenditures incurred. Upon the conclusion of any litigation through appeal, to the extent that the CONTRACTOR has been found less than fully liable for any liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees, the COUNTY shall reimburse the CONTRACTOR for that portion of the reasonable costs of underwriting the legal defense of the COUNTY.

10.5 With respect to, and in consideration for, the indemnification provided herein by the CONTRACTOR, as well as the duty of the CONTRACTOR, at the option of the COUNTY, to underwrite the legal defense of the COUNTY pending the outcome of any litigation through appeal, the COUNTY agrees to pay to the CONTRACTOR, as separate consideration, the sum of $100.00, the sufficiency and receipt of which is hereby acknowledged.

10.6 Notwithstanding any language to the contrary which may be contained herein, the ultimate duty of the CONTRACTOR to indemnify and hold the COUNTY harmless under this Article will be limited to the extent that any liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees, are caused by the negligence, recklessness, or intentional wrongful misconduct of the indemnifying party and persons employed or utilized by the indemnifying party in the performance of the construction contract.

Article 11- ORDER OF DOCUMENTS

In the event of a conflict among the Contract Documents, the order of precedence shall be as follows:

1. This Agreement
2. Solicitation Documents inclusive of all addendums
3. Any documents submitted by the contractor in its Bid.

ARTICLE 12 - MISCELLANEOUS

12.1 Contractor shall provide Goods and/or perform all Services under this Agreement as an independent contractor. Contractor will not be considered an agent of Owner nor will Contractor's subcontractors, suppliers, experts, or other persons, or organizations retained or utilized by the Contractor be considered agents of Owner.

12.2 No assignment by a party hereto of any rights under or interests in the Contract Documents will be binding on another party hereto without written consent of the party sought to be bound; and specifically but without limitation moneys that may become due and moneys that are due may not be assigned without such consent (except to the extent that the effect of this restriction may be limited by law), and unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under the Contract Documents.

12.3 Owner and Contractor each bind itself, its partners, successors, assigns, and legal representatives to the other party hereto, its partners, successors, assigns, legal representatives in respect of all covenants, agreements, and obligations contained in the Contract Documents.

12.4 The Contractor hereby guarantees all work performed in accordance with the terms of the Contract with Owner against defects due to faulty workmanship or materials for a period of 365 days from the date of service. During the period of the guarantee, the Contractor agrees to make all repairs necessitated by reason of faulty workmanship or materials at no cost to the owner, subject to the following additional conditions.

12.4.1 This guarantee is in addition to factory warranties covering certain equipment where applicable under contract.

12.4.2 Nothing herein contained will serve to modify or limit the obligations of the Contractor to faithfully fulfill and complete its obligations under the Contract.

12.4.3 Specifically excluded from this guarantee is maintenance of equipment or repair of any damage caused by normal wear and tear, fire, windstorm, or other casualties.

12.5 The Agreement will be governed by and construed under the laws of the State of Florida.

12.6 Venue for any action arising under this Agreement will lie in Pasco County, Florida at the West Pasco Judicial Center.

12.7 During the performance of this Agreement, the CONTRACTOR herein assures the COUNTY that said CONTRACTOR is in compliance with Title VII of the 1964 Civil Rights Act, as amended, and The Florida Civil Rights Act of 1992 in that the CONTRACTOR does not on the grounds of race, color, national origin, religion, sex, age, handicap or marital status, discriminate in any form or manner against the employees of the CONTRACTOR or its applicants for employment. The CONTRACTOR understands and agrees that this Agreement is conditioned upon the veracity of this Statement of Assurance. Furthermore, the CONTRACTOR herein assures the COUNTY that said CONTRACTOR shall comply with Title VI of the Civil Rights Act of 1964 when any Federal

grant is involved. Other applicable Federal and State laws, executive orders and regulations prohibiting the type of discrimination as hereinabove delineated are included by this reference thereto. This Statement of Assurance shall be interpreted to include Vietnam Era Veterans and Disabled Veterans within its protective range of applicability.

12.8 Any notices or other writings permitted or required to be delivered as described and required under the provisions of this Agreement must be delivered by sending the notice by Certified Mail, Return Receipt Requested, and addressed as follows:

If to Owner:
Pasco County Utilities
19420 Central Boulevard
Land O' Lakes, FL 34637

Attention: Branford N. Adumuah
Assistant County Administrator, Public Infrastructure

If to the Contractor:
Schaer Development of Central Florida, Inc.
2715 Hunt Road
Land O' Lakes, FL 34638

Attention: Arthur L. Schaer
President

ARTICLE 12 – LAW COMPLIANCE

Each party will comply will all applicable Federal, State and Local laws, rules, regulations, and guidelines, related to performance under this Agreement. In particular, the Contractor verifies and affirms that it is in compliance with 8 USC Sec. 1324 prohibiting the employment either directly or by contract, subcontract or exchange of unauthorized aliens in the United States. The County will consider the employment of unauthorized aliens by any Contractor during the term of the Agreement a violation of the Immigration and Nationality Act. Such violation will be cause for unilateral cancellation of this Agreement by the County.

ARTICLE 13 - E-VERIFY PROGRAM/AUDIT COOPERATION

A contractor or consultant entering into a contract with a public entity (such as the County) is required to be registered with the U.S. Department of Homeland Security's E-Verify System and to utilize it to verify the work authorization status of all newly hired employees throughout the term of the contract. The contractor or consultant shall also be required to obtain and retain affidavits from all subcontractors or subconsultants utilized during the contract verifying that they do not employ, contract with, or subcontract with any unauthorized aliens as that term is defined in 8 U.S.C.S. 1324a(h)(3). The failure to comply with this requirement constitutes grounds for termination of the contract and for such other penalties as provided under section 448.095, Florida Statutes.

If a public employer has terminated a contract with a contractor for failure to comply with the requirements of the paragraph above, the contractor may not be awarded a public contract for at least one year after the date on which the contract was terminated.

The County reserves the right to request verification of compliance from its consultants and contractors during the term of its contract with the County and for a period of up to five (5) years thereafter. Should a County-retained consultant, contractor, and/or its subconsultants be found to be non-compliant with E-Verify as part of a federal audit or other inquiry, the consultant, contractor and/or its subconsultant(s) will be solely responsible for the payment of any fines or costs imposed upon the county as a result of such non-compliance. Compliance with this section is mandatory for all projects.

THE REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the last day written below (bid award date for the Project subject thereto).

REFERENCES: RSQ-BW-25-075, Task Order No. 5-24, UTD24-0307, RLS24-00435

Please approve the attached Task Order No. 3-26 with Stroud Engineering Consultants, Inc. (Stroud) for the above-referenced project in the amount of $49,780.00. This Task Order establishes a completion date of November 30, 2028.

Task Order No. 3-26 authorizes Stroud to provide professional engineering services to reroute the existing 30-inch force main (FM) bypass so that it discharges directly into the anoxic rapid mix basin, rather than entering through the side of the splitter structure at the Wesley Center Wastewater Treatment Facility. This rerouting is essential to improving treatment efficiency, reducing operational risks, and maintaining compliance with regulatory and design standards. Implementing a durable and reliable corrective solution will help protect long-term system integrity and enhance service reliability for customers.

On January 20, 2024, the County Administrator approved an agreement with Carollo Engineers (Carollo) under solicitation RSQ-DS-20-056 to inspect the concrete wall and link seal for the 30-inch pipe and prepare a technical memorandum with recommendations. However, because Carollo is not included in the new Continuing Professional Services Agreement (RSQ-BW-25-075), Stroud, an approved provider, will perform the work associated with rerouting the 30-inch FM into the anoxic rapid mix basin. Task Order No. 3-26 includes design, ~~permitting~~, procurement coordination, construction oversight, and project closeout. Construction is expected to begin in November 2027 and be completed by November 2028, with an Opinion of Probable Construction Cost of approximately $484,000.00.

Funding in the amount of $49,780.00 is budgeted and available in FY 2026 within the Water and Wastewater Capital Fund, Renewal and Replacement, Project Number 20011.

Task Order No. 3-26

WESLEY CENTER WASTEWATER TREATMENT FACILITY 30-INCH FORCE MAIN BYPASS MODIFICATION

Pasco County Utilities Department

PCU-24-004.00

This Task Order No. 3-26 between Pasco County, Florida, by and through its Board of County Commissioners (County) and Stroud Engineering Consultants, Inc. (Consultant), is executed pursuant to the Continuing Professional Services Agreement for solicitation RSQ-BW-25-075 effective as of January 12th, 2026 (Agreement), which is incorporated herein by reference.

NOW, THEREFORE, in consideration of the premises set forth hereinabove, and of the mutual promises hereinafter set forth, the sufficiency and adequacy of which are hereby acknowledged, the parties agree as follows:

1. **RECITALS**

   The foregoing recitals are true and correct and are incorporated herein by reference.

2. **SCOPE OF SERVICES**

   The Scope of Services to be rendered by Consultant is described in Exhibit "A" of this Task Order, which is attached hereto and made a part hereof as is fully set forth herein.

3. **TERM**

   The term of this Task Order shall be from the date this Task Order is signed by the County, and shall continue until one of the following occurs: the maximum compensation amount of this Task Order, inclusive of any Change Orders, is paid in full; the project is terminated; or November 30, 2028. Work shall commence upon issuance of a separate written Notice to Proceed ("NTP"), which shall become part of this Task Order.

4. **COMPENSATION AND METHOD OF PAYMENT**

   The Consultant will be paid for these services in accordance with Exhibit "B," the Summary of Fees, which is attached hereto and made part hereof as if fully set forth herein. The maximum compensation amount under this Task Order is forty-nine thousand seven hundred eighty

and 00/100 Dollars ($49,780.00).

5. **CONFLICT**

To the extent there is a conflict between the terms of the Agreement and this Task Order, the terms of the Agreement shall prevail.

IN WITNESS WHEREOF, the parties hereto, by their duly authorized representatives, have executed this Task Order No. 3-26, effective the last date listed below.

BACKGROUND SUMMARY

In 2006, as part of the expansion of the Wesley Center Wastewater Treatment Facility (WWTF), a 30-inch diameter force main bypass line was installed from the influent force main piping to the anoxic rapid-mix splitter basin (see photo below). The purpose of the bypass was to allow for continued operation of the plant in the event that the headworks had to be taken out of service due to emergency failure or equipment repair. The bypass piping was installed aboveground at the anoxic basin and terminated into the side of splitter box #6. In 2022, plant operations noticed a slow leak from the link seal at the piping penetration into the concrete box. An evaluation of the leakage and potential repair options was subsequently performed, and the County has decided to move forward with the rerouting of the bypass piping, directly into the anoxic rapid-mix basin instead of into the side of splitter box #6. A site meeting between Mr. Wayne Baker of the County and Mr. Kurt Heath of the CONSULTANT was held on November 21st, 2025, to discuss the scope of work associated with the piping rerouting. This option will consist of the removal of the existing aboveground ductile iron piping from ground level to the wall penetration of splitter box #6. The piping penetration will be plugged on the outside of the structure, and all unusable piping and materials will be disposed of, while any suitable flanged fittings will be reused as appropriate. The aboveground piping configuration will be redesigned so that the bypass flows will be deposited directly into the rapid-mix basin, and not into an individual splitter box. The design will account for vertical support of the piping loads to minimize any increased weight loading on the existing concrete structure. The CONSULTANT will provide authorized professional services to the COUNTY for the design, procurement assistance, and construction phase services associated with the installation of the proposed piping bypass infrastructure.

Mr. Kurt Heath, P.E., will serve as the CONSULTANT's project manager on this task order for the duration of the scope of services. The CONSULTANT will provide project management as part of this task order, which shall include continuous management and coordination of the overall project; preparation of miscellaneous correspondence; coordination of sub-consultant services; necessary scheduling of design and construction activities; and attendance at project meetings (as requested) with the COUNTY. The progress of the project will be discussed with the County's designated project manager as required throughout the life of the project. A written summary of the project status and completed tasks will be provided with each invoice submitted by the CONSULTANT.

Based on the above background discussion, the following specific tasks and services are anticipated for this project, and are included in this Scope of Services:

1.0 UTILITY DESIGN

Prior to final design, the CONSULTANT will gather background information needed to complete the final design and support permit applications. This will consist of available information for the existing utilities located within the proposed project area limits, which shall include as-built information for the existing structures, force main bypass system piping, and other process piping located within this area of the WWTF. These as-built drawings and record documents will be evaluated with a specific emphasis on determining the optimum alignment and configuration for the proposed piping installation. The CONSULTANT will make site visits to further our understanding of both the existing facilities and potential improvements.

The CONSULTANT's preliminary design scope will include the following:

- Assemble available as-builts and record drawings for the existing piping infrastructure at the WWTF that may be encountered during the construction phase.
- Conduct a field review of the project area to obtain necessary system information, perform visual documentation survey of the utilities components, and verify identification of surface features displayed on the as-built drawings.
- Prepare preliminary (30%) design drawings for the COUNTY's review. These drawings will include plan views of the proposed piping configuration, and the plans will be provided in electronic format (.pdf file type) for the COUNTY's use in performing the review.
- Attend a preliminary design review meeting with the County's staff to discuss the project scope and review comments.
- Prepare updated (60%) design drawings for the COUNTY's review. These drawings will include plan and cross-section views of the proposed piping configuration, and the plans will be provided in electronic format (.pdf file type) for the COUNTY's use in performing the review.
- Attend a follow-up design review meeting with the County's staff to discuss the project scope and review comments.

Upon completion of the preliminary design activities, including responding to comments from the COUNTY's Project Manager and Operation & Maintenance personnel, the CONSULTANT will proceed with preparation of the final design documents. The CONSULTANT's final design scope will include the following:

- Coordinate with a structural engineering subconsultant to evaluate the weight loading associated with the proposed piping configuration and the structural support considerations to include within the final design. The CONSULTANT has included costs within Task 1.0 to provide funding for the proposed structural evaluation and design of piping supports.

- Prepare and submit copies of construction drawings at designated project completion milestones (90% and final) for review, comment, and approval by the COUNTY. The construction drawings will include construction notes and plan sheets at appropriate scale for legible interpretation. The drawings will incorporate the construction materials to be utilized and the associated performance specifications. The drawings will be prepared in accordance with Pasco County Utilities Services Branch standards, latest version, with plans provided in electronic format (.pdf file type) for the COUNTY's use in performing the review at each submittal stage. The final design drawings will be based on a plotting scale at 22" x 34" size.

- Consultant will attend all design review meetings prior to the project entering construction.

2.0 PROCUREMENT ASSISTANCE

- Contract: It is anticipated that the COUNTY will enter into an agreement with the County's existing As-Needed Contractor, via the work order authorization process, in order to perform the proposed piping improvements. The CONSULTANT will assist the COUNTY with preparation of the necessary Work Order by determining the appropriate pay items to be used, the associated quantities for each pay item, the potential contingency items, and the overall work order amount. The CONSULTANT will also be directly involved in communications with the As-Needed Contractor, including providing descriptions of the proposed construction scope and answering all pertinent questions as necessary to complete the Work Order approval process.

3.0 SERVICES DURING CONSTRUCTION (LIMITED)

- Construction Administration – Upon award of the construction contract, the CONSULTANT will assist the COUNTY during the construction phase by attending the pre-construction and progress meetings, conducting shop drawing reviews, conducting payment application reviews, responding to contractor requests for direction/interpretation, and assisting the County's Project Manager with preparation of any Allowance Authorization Requests or Change Orders.

- Construction Observation - The CONSULTANT will conduct part time on-site observation of the work in progress, especially during periods of major construction, and consult with the COUNTY's inspection staff to monitor conformance with the design documents. It is anticipated that on-site observation of the work in progress will be conducted with assistance from the COUNTY's inspections staff at intervals necessitated by the contractor's schedule, capabilities and effectiveness, and as required to provide final regulatory certification. It is anticipated that the CONSULTANT will observe hydrostatic pressure testing in the field. The CONSULTANT will assist the COUNTY with operational questions associated with acceptance of the completed project. The COUNTY's inspection team will be observing routine materials installation, methods of construction selected by the contractor, connections to existing utilities, and any testing procedures.

4.0 PROJECT CLOSEOUT

- Project Start-up – Since this project only involves piping installation and no mechanical/pumping equipment, it is anticipated that no formal start-up testing and/or training will be required. No operational manuals will be required as part of this Task Order.

- Record Drawings - Upon receipt of the as-built drawings and survey information from the contractor, CONSULTANT will provide signed and sealed record drawings along with the project certification documents to the COUNTY. The record drawing submittal will consist of electronic drawings in AutoCAD file format and PDF file format. PDF files will comply with standard instructions provided on Pasco County's Web Site.

- Certification of Completion - In order to properly close out the project, the CONSULTANT will be required to submit a Certificate of Substantial and a Certificate of Final Completion. This Certificate will fix the date when the entire work, associated with the County's utilities, is considered substantially complete and ready for its intended use. It will identify significant items that need to be addressed or corrected before final payment can be recommended. Upon resolution and completion of the items mentioned in the Certificate and submittal of all contractual documents by the contractor, the CONSULTANT will prepare and submit a Recommendation of Final Payment to the COUNTY.

5.0 ALLOWANCE FOR AUTHORIZED ADDITIONAL WORK

In the event that additional work is required or requested by the COUNTY, which may arise from unforeseen field conditions, changes in the project limits, increased design and/or permitting services, this task is intended to provide an allowance for such work. Such additional work shall be authorized in writing by the Assistant County Administrator for Utilities Services.

A. DELIVERABLES

This Scope of Services is to include the following deliverables:

- Preliminary Design Drawings (at 30% and 60% milestones)
- Final Design Drawings (90% and 100%)
- Submittal of As-Needed Work Order
- Certificate of Substantial and Final Completion
- Recommendation for Final Payment
- Record Drawings

B. ASSUMPTIONS

This Scope of Services is based upon the following assumptions:

1. Since the scope of work is associated with a condensed area, the CONSULTANT will utilize the existing record survey information as provided by the County as part of the previous facility expansion projects.

2. It is anticipated that no permits are required for this scope of work.

Exhibit B – "Summary of Fees"

COMPENSATION

FEE SUMMARY			
1.	UTILITY DESIGN SERVICES	$	27,200.00
2.	PROCUREMENT ASSISTANCE	$	2,850.00
3.	CONSTRUCTION PHASE SERVICES	$	11,155.00
4.	PROJECT CLOSEOUT	$	3,575.00
	LUMP SUM SUB-TOTAL	$	44,780.00
5.	ALLOWANCE FOR AUTHORIZED ADDITIONAL WORK	$	5,000.00
	NOT-TO-EXCEED TOTAL:	**$**	**49,780.00**

In accordance with Section 5.01, Payment Method (1), of the Continuing Professional Services Agreement, the COUNTY will compensate the CONSULTANT for work performed at the lump sum amount of forty-four thousand seven hundred eighty dollars and zero cents ($44,780.00) as a lump sum and five thousand dollars and zero cents ($5,000.00) as an allowance, for a total not to exceed cost of forty-nine thousand seven hundred eighty dollars and zero cents ($49,780.00). The Task Order allowance (Task 5.0) can only be authorized in writing by the County Administrator, Assistant County Administrator for Public Infrastructure, or their designees. No additional funding will be available without further written authorization from the COUNTY.

Billing will be made monthly and be accompanied by Progress Reports from the CONSULTANT describing the work completed and quantified as a percentage completed of the tasks.

During the work, CONSULTANT shall notify the COUNTY in writing of any unanticipated costs or out-of-scope work and shall provide a new estimate for that work. Appropriate adjustments to the authorized task order amount must be presented to the County for approval.

Dear Mr. Heath,

On April 24, 2026, the County Administrator approved the above-referenced Task Order. This will confirm authorization to proceed with the project work effective on Date. Please refer to the subject project name, Pasco County project number and task order on all correspondence and project documentation.

Should you have any questions, please call me.

Sincerely,

Matt Wetherington

PASCO COUNTY PROFESSIONAL SERVICES AGREEMENT

THIS **PROFESSIONAL SERVICES AGREEMENT** (hereinafter referred to as "Agreement") by and between Pasco County, Florida, a political subdivision of the State of Florida, acting by and through its Board of County Commissioners (hereinafter referred to as "County"), and Stroud Engineering Consultants, Inc., a Florida profit corporation, licensed in the State of Florida, whose address is 10503 Cyndee Lane, Odessa, FL, 33556 (hereinafter referred to as "Consultant").

RECITALS:

WHEREAS, the County issued a Request for Statements of Qualifications (**RSQ-BW-25-075**), together with any addenda ("RSQ") for **PASCO COUNTY UTILITIES CONTINUING PROFESSIONAL SERVICES,** to secure an experienced Consultant to render professional engineering services; and

WHEREAS, the Consultant submitted a response to the RSQ which was deemed by the County as responsive and responsible; and

WHEREAS, the Consultant desires to render certain Water, Wastewater, and Reclaimed Water Treatment & Storage Systems, Reclaimed Water Conveyance Systems and related services (Categories 1, 2) as defined in the Agreement and as more fully described in specific Task Orders that will be separately executed under this Agreement, and the Consultant hereby certifies it has the qualifications, experience, staff, and resources to perform those services; and

WHEREAS, the selection and engagement of the Consultant has been made by the County based on the Consultant's response to the RSQ and the County's solicitation process, and in accordance with the provisions of the Consultant's Competitive Negotiation Act, Section 287.055, Florida Statutes; and

WHEREAS, the Consultant hereby certifies that it has been granted and possesses a valid, current license to do business in the State of Florida and in Pasco County, Florida, issued by those state boards and/or governmental agencies responsible for regulating and licensing the professional services to be provided and performed by the Consultant pursuant to this Agreement; and

WHEREAS, the Consultant has been informed of and has reviewed the professional services required to be performed pursuant to this Agreement and is qualified, willing, and able to provide and perform all such services in accordance with the provisions, conditions, and terms hereinafter set forth in this Agreement and any executed Task Orders and Change Orders; and

NOW, THEREFORE, in consideration of the mutual covenants, terms, and provisions contained herein, the parties, as indicated by their respective execution of this Agreement, agree that a Contract shall exist between the County and the Consultant specifically consisting of:

SECTION 1 – DEFINITIONS

The following definition of terms associated with this Agreement is provided to establish a common understanding between both parties to this Agreement as to the intended usage, application, interpretation, and meaning of such terms as they appear throughout this Agreement.

1.1 – COUNTY

The term County shall refer to the Board of County Commissioners of Pasco County, a political subdivision of the State of Florida, and any official and/or employee thereof who shall be duly authorized to act on the County's behalf relative to this Agreement.

1.2 - COUNTY ADMINISTRATOR

The term County Administrator shall refer to the County Administrator of Pasco County, Florida, acting directly or through duly authorized representatives, which representatives are acting exclusively within the scope of the duties and authority assigned to them as set forth in this Agreement and pursuant to the Purchasing Ordinance of Pasco County, Florida.

1.3 – CONSULTANT

The term Consultant shall refer to the individual, company, or firm that will offer the Consultant Services which, by execution of this Agreement, shall be legally obligated, responsible, and liable for providing and performing any and all of the work, materials, and/or services including work and materials required under the covenants, terms, and provisions contained in this Agreement and any and all Modifications, Task Orders, or Change Orders issued pursuant thereto.

1.4 – CONSULTANT SERVICES

The term Consultant Services or Services shall refer to all the work, materials, and services, and all related professional, technical, and administrative activities which are necessary to be provided and performed by the Consultant, its employees, and any subconsultants that the Consultant may engage to provide, perform, and complete the services required pursuant to the provisions of this Agreement, any Task Order, and as authorized under the Consultants' Competitive Negotiation Act ("CCNA").

This Scope of Services outlined below describes the general task order work and responsibilities the Consultant will be expected to perform a wide range of professional engineering services for the County. The Consultant will perform many tasks, including, but not limited to those set forth in the Statement of Work.

The work will be assigned on a Task Order basis as requested by the County in the County's sole discretion.

1.5 – SUBCONSULTANT

The term Subconsultant shall refer to any individual, company, or firm offering Consultant Services that is engaged by the Consultant to assist the Consultant in providing and performing the Consultant Services for which the Consultant is contractually obligated, responsible, and liable to provide and perform pursuant to the provisions of this Agreement. The use of any Subconsultant(s) must be approved in writing by the County Administrator or his designee before such Subconsultant(s) may be retained by the Consultant.

The County shall not be a party to, responsible or liable for, or assume any obligation whatsoever for any agreement or contract entered into between the Consultant and any Subconsultant.

1.6 – ADDITIONAL SERVICES

The term Additional Services shall refer to such Consultant Services the County may request or authorize the Consultant to provide or perform relative to this Agreement which are not included in the Agreement or Task Order. Additional Services shall be authorized by the execution of a Modification to this Agreement executed by both parties, a new Task Order, or a Change Order. Additional Services shall constitute a continuation of the Consultant Services under this Agreement and shall be provided and performed in accordance with the covenants, terms, and provisions set forth in this Agreement.

1.7 – MODIFICATION

The term Modification shall refer to a written document executed by both the County and the Consultant setting forth and authorizing Consultant Services or tasks which were not set forth in and are supplemental to this Agreement.

The amount of the change in contract compensation and time set forth in any Modification(s) executed and issued under this Agreement shall be understood and agreed by both the County and the Consultant to be fair, equitable, and adequate, and to represent the total of all costs associated with said Modification.

1.8 – TASK ORDER

The term Task Order shall refer to a written document executed by both parties to this Agreement, for which an individual Notice to Proceed may be issued that delineates a fixed number of days for completion of the specified Consultant Services, tasks, or scope of work set forth in the Task Order.

Through a properly executed Task Order and Notice to Proceed, the County provides authorization and notification to the Consultant to proceed to provide or perform certain Consultant Services, tasks, or work pursuant to the scope of Consultant's Services set forth in

the Task Order and this Agreement. In the event that federal or state funding is ascertained, such additional state or federal provisions may be included in a Task Order as necessary. Each Task Order shall be limited to the monetary thresholds set forth in section 287.055, Florida Statutes (the CCNA).

All terms in this Agreement shall be incorporated by reference in each executed Task Order, unless specifically altered, superseded, or modified. In the event of any conflict, the provisions of this Agreement will control over the conflicting provisions of any Task Order. Each fully executed Task Order shall become a supplement to and a part of this Agreement.

1.9 – CHANGE ORDER

The term Change Order shall refer to a written document executed by both the COUNTY and the Consultant setting forth and authorizing changes to the agreed-upon scope of Consultant Services, compensation, method of payment, time and schedule of performance, or project guidelines and criteria as such were set forth and agreed to in the Task Order(s), or previous Change Order(s) issued thereto. The Change Order document shall set forth authorized changes to the scope of Consultant Services, tasks, work, or materials to be performed or provided by the Consultant and/or its Subconsultants as well as the compensation and method of payment, the schedule or time period for performance and completion, and the guidelines, criteria, and requirements pertaining thereto. Any changed compensation to the Consultant as a result of the Change Order shall be understood and agreed to be the total of all costs associated with said Change Order.

The time of performance for rendering Consultant Services pursuant to any Change Order shall commence to run from the date specified in the Notice to Proceed issued for said Change Order. The County specifically reserves the right to establish milestones for completion of the work required under the Change Order and/or to tie deliverables to any payment provided for under that Change Order.

All terms in this Agreement shall be incorporated by reference in each executed Change Order, unless specifically altered, superseded, or modified. In the event of any conflict, the provisions of this Agreement will control over the conflicting provisions of any Change Order. Each fully executed Change Order shall become a supplement to and a part of this Agreement.

1.10 – COUNTY PROJECT MANAGER

The term County Project Manager shall refer to that person employed by the County designated to serve and act on the County's behalf to provide direct contact and communication between the County and the Consultant throughout the effective period of this Agreement or, at the County's direction, for the duration of a particular Task Order and/or Change Order. The County Project Manager is not authorized to, and shall not, issue any verbal request or instruction to the Consultant that would have the effect, or be interpreted to have the effect, of modifying or changing in any way: (1) the scope of Consultant Services to be performed by the Consultant; (2) the time the Consultant is

obligated to commence and complete all such services; and/or (3) the amount of compensation the County is obligated to pay the Consultant. The County Project Manager shall review and make appropriate recommendations on requests submitted by the Consultant for payment for services and work provided and performed pursuant to this Agreement and any Task Order(s) or Change Order(s) issued thereof.

1.11 – CONSULTANT'S STANDARD HOURLY RATES

The Consultant's standard hourly rates for professional services rendered pursuant to this Agreement are those attached hereto as Exhibit "A," entitled "Standard Hourly Rates", which Exhibit "A" is specifically made part of this Agreement. The Standard Hourly Rates shall be considered the maximum rates for specific job and/or work classifications and shall cover all the Consultant's costs, including direct salaries, overhead, operating margin, and Reimbursable Expenses as delineated in Section 5 below. If the Consultant charges less than those maximum rates included in Exhibit "A," those charges will be considered acceptable to the County.

Within sixty (60) calendar days after the first anniversary of the effective date of this Agreement, and each one (1) year anniversary thereafter, the Consultant may request in writing to the County an adjustment to those rates delineated in Exhibit "A". The County shall approve the rate adjustment or reject the rate adjustment until documentation substantiating the rate adjustment is provided by the Consultant and deemed acceptable to the County.

If the Consultant's Exhibit "A" covers multiple years, any request for a rate adjustment cannot exceed the multiple year rates included in the Consultant's Exhibit "A."

If the rate adjustment is found acceptable, it shall only be effective for Task Orders (not Change Orders) executed after the rate adjustment has been approved by the Board of County Commissioners. Therefore, any Change Orders executed after the approved rate adjustment shall continue to utilize the rates effective at the time of their originating Task Orders.

1.12 – NOTICE TO PROCEED

The term Notice to Proceed shall refer to a written document, executed by the County Administrator or his designee and issued to the Consultant, that shall notify the Consultant to commence work or to provide Consultant Services pursuant to a properly executed Task Order or Change Order. The time for performance of Consultant Services or work required pursuant to any properly executed Task Order or Change Order shall commence to run from the date specified in the Notice to Proceed.

SECTION 2 – TERM

Except as otherwise specified herein, this Agreement shall remain in full force and effect for a period of **three years, with two one-year options to renew,** from the effective date of this Agreement ("Effective Period"), unless terminated earlier as otherwise provided in this Agreement. The effective date for this Agreement shall be defined as the day and year that this

Agreement is executed by the County.

Where applicable, in the event that a properly executed Task Order initiated within the term of the Agreement or Change Order to such Task Order requires or expressly permits work to be performed by the Consultant after termination of the Agreement, such Task Order or Change Order shall automatically extend the Effective Period of the Agreement to coincide with the completion date delineated in said Task Order or Change Order. No new Task Orders may be issued, however, during this extension period.

SECTION 3 – CONSULTANT'S RESPONSIBILITIES

The obligations of the Consultant with respect to all Consultant Services authorized pursuant to this Agreement and any Task Order(s) and/or Change Order(s) issued thereof shall include, but not be limited to, the following:

3.1 – LICENSES

The Consultant agrees to maintain throughout the period this Agreement is in effect all such licenses as are required to do business in the State of Florida and in Pasco County, Florida, including, but not limited to, licenses required by the respective regulatory boards and/or other governmental agencies responsible for regulating and licensing the Consultant Services provided and performed by the Consultant pursuant to this Agreement.

3.2 – PERSONNEL

(1) QUALIFIED PERSONNEL
The Consultant agrees that when services to be provided and performed pursuant to this Agreement relate to Consultant Services which, under the Florida Statutes, require a license, certificate of authorization, or other form of legal entitlement to practice such service, the Consultant will employ and/or retain only qualified personnel to be in responsible charge of all such services.

(2) CONSULTANT'S PROJECT DIRECTOR
The Consultant agrees to employ and designate in writing a qualified, and if required by law, a licensed professional, to serve as the Consultant's Project Director. The Consultant's Project Director shall be authorized and responsible to act on behalf of the Consultant with respect to directing, coordinating, and administering all aspects of the services to be provided and performed under this Agreement and any Task Order(s) and/or Change Order(s) issued thereof. The Consultant's Project Director shall have full authority to bind and obligate the Consultant on any matter arising under this Agreement unless substitute arrangements, acceptable to the County, have been furnished to the County in writing.

(3) REMOVAL OF PERSONNEL FROM WORK ON THE PROJECT
The Consultant agrees, within seven (7) calendar days of receipt of a written request

from the County, to promptly remove and replace the Consultant's Project Director, or any other personnel employed or retained by the Consultant, or personnel of any Subconsultant(s) engaged by the Consultant pursuant to this Agreement. The County may make such request for the removal of personnel with or without cause.

SECTION 4 – COUNTY'S RESPONSIBILITIES

Except as otherwise provided herein, the County's responsibilities are as follows:

4.1 – DESIGNATION OF AUTHORITY

The County hereby designates the County Administrator, or his designee, to act on the County's behalf with respect to the Scope of Services of this Agreement and any Task Orders or Change Orders issued thereunder, where applicable. The County Administrator, or his designee, shall have complete authority to transmit instructions, receive information, interpret, and define County's policies and decisions with respect to materials, elements, and systems pertinent to Consultant's services.

4.2 – DESIGNATION OF COUNTY PROJECT MANAGER

The County agrees, after execution of this Agreement, to properly advise the Consultant, in writing, of the person designated to serve and act as the County Project Manager pursuant to the provisions of Section 1.10 of this Agreement.

4.3 – INFORMATION PROVIDED BY THE COUNTY

The County shall provide, within a reasonable time from request of the Consultant, existing data, plans, reports, and other information in the County's possession or under the County's control which are necessary for the performance of the duties of Consultant in the Scope of Services, and to provide full information regarding requirements of the Scope of Services, including objectives, budget constraints, criteria, and other requirements that exist at the time of signing of this Agreement or which may develop during the performance of this Agreement.

The County shall make available to the Consultant all information and data relative to the Consultant Services to be provided pursuant to this Agreement in the County's possession, including the County's objectives and constraints, previous studies, surveys, aerial photographs, maps, environmental reports, photographs, analytical data, and any other relevant information requested by the Consultant in writing.

4.4 – ACCESS TO COUNTY PROPERTY

The County agrees, with reasonable prior written notice given by the Consultant, to provide the Consultant with access to County property, facilities, buildings, and structures to enable the Consultant to provide and perform any required Consultant Services and work pursuant to this

Agreement. Such rights of access shall not be exercised in such a manner or to such an extent as to impede or interfere with County operations, or the operations carried on by others under a lease, or other contractual arrangements with the County, or in such a manner to adversely affect the public health, safety, or welfare.

SECTION 5 – COMPENSATION AND METHOD OF PAYMENT

The County shall pay the Consultant for all authorized Consultant Services rendered hereunder by the Consultant and any Subconsultant(s) and completed in accordance with the requirements, provisions, and/or terms of this Agreement, Task Order(s), Modification(s), and/or Change Order(s) and in accordance with the provisions delineated below. The Consultant acknowledges that Consultant Services will be requested on an as-needed basis and agrees that it will not be entitled to make any claim for damages or loss of profits due to the amount of work assigned during the term of the Agreement.

5.1 – PAYMENT METHODS

The fee paid to the Consultant shall be based on one of the following methods or any combination thereof as determined by the County in its sole discretion:

(1) LUMP-SUM PAYMENT METHOD
The County may pay a negotiated fixed-price amount for an executed Task Order as a Lump Sum. The Lump-Sum compensation amount will be estimated based on the Standard Hourly Rates cost for work performed on an estimated Task Order in accordance with the rates established in Exhibit "A," which rates shall include all the Consultant's costs, Overhead, Operating Margin, Reimbursable Expenses, and charges. A negotiated Lump-Sum compensation amount shall be delineated in the executed Task Order. The Lump-Sum Compensation Method shall anticipate that all costs for the Consultant Services required are known and that no modifications to the established Lump-Sum amount will be necessary. The County may also elect to apply the Lump-Sum Compensation Method on a line-item basis for a particular service or activity as defined within an individual Task Order, Change Order, or Modification to the Agreement. If the Lump-Sum Compensation Method is used, no additional documentation regarding costs for work will be required to be attached to the Consultant's invoices for Lump-Sum payment for the Task Order or Change Order or for a specific line item or items within a Task Order or Change Order.

(2) NOT TO EXCEED PAYMENT METHOD
The County will pay the Standard Hourly Rates for work provided or services performed on an executed Task Order in accordance with the rates delineated in Exhibit "A," subject to a Not-to-Exceed Amount, which shall be delineated in said Task Order. In no event shall the established Not-to-Exceed method be increased except through the issuance of a new Task Order or Change Order approved by the County. The County may also elect to apply the Not-to-Exceed method on a line- item basis for a particular service or activity defined within an individual Task Order or Additional Service defined

within a Change Order. If the Not-to-Exceed Method is used, additional documentation is required by the County (e.g., payroll sheets) regarding costs of work is required to be attached to the Consultant's invoices for Not-to-Exceed payment of a Task Order or Change Order or specific line item within a Task Order or Change Order.

(3) REIMBURSABLE EXPENSES

The County shall pay the Consultant for Reimbursable Expenses in accordance with the provisions of this Section. The term Reimbursable Expenses shall mean the Consultant's and/or the Subconsultant(s)'s out-of-pocket costs for items directly charged to any Task Order initiated pursuant to this Agreement including, but not limited to, charges for printing services and copying (both in-house or subcontracted), fees, and per diem and travel expenses of the Consultant's employees not to exceed the statutory limits delineated in Chapter 112.061, Florida Statutes.

The County shall only compensate the Consultant for Reimbursable Expenses which are directly charged to tasks performed pursuant to this Agreement, and/or any executed Task Order or Change Order, which are not included in the Consultant's Overhead Rate, and which are consistently charged to all clients. The County, in its sole discretion, may require the Consultant to verify and/or provide supporting documentation which demonstrates that Reimbursable Expenses for which compensation has been sought have been generated or originated from or by a task performed pursuant to this Agreement. If the Consultant seeks compensation for CADD, PC'S or Facilities Capital Cost of Money (FCCM) as a Reimbursable Expense, the cost basis for the unit rates used for such items must be fully supported by appropriate documentation. All Reimbursable Expenses shall be charged at the actual cost to the Consultant.

(4) ADDITIONAL COSTS

The parties agree that any additional costs for work or services to be provided or performed under a Task Order issued pursuant to this Agreement, or pursuant to any other method utilized by the parties for determining the original costs of work or services to be provided or performed by the Consultant, must be approved in writing by the Board of County Commissioners at a regularly scheduled meeting of said Board of County Commissioners. If such additional costs are not authorized by the Board of County Commissioners in writing, no payment, reimbursement, or compensation for such additional costs shall be tendered by the County to the Consultant.

(5) SUBCONSULTANT CHARGES

The professional services of any Subconsultant(s), whose expertise is required within the scope of the Consultant's work under this Agreement, will be paid in accordance with the fees identified in the individual Task Order(s) or Change Order(s) for such services.

The use of any Subconsultant(s) referenced in the above paragraph must be approved in writing by the County Administrator or his designee before such Subconsultant(s) may be retained by the Consultant.

5.2 – TERMS OF PAYMENT

(1) MONTHLY INVOICES

The Consultant shall submit one invoice statement to the County no later than 45 days from the last date of the month in which the services were rendered. The Consultant's invoice statement(s) shall be itemized to correspond to the basis of compensation as set forth in the Agreement, Task Order(s), or Change Order(s) issued hereunder. The Consultant's invoice statements shall contain amount of work and description of services(s) provided and/or performed, and where appropriate, supportive documentation of charges consistent with the basis of compensation set forth in this Agreement. If the Consultant has been issued more than one Task Order or Change Order pursuant to this Agreement, the Consultant shall submit separate invoices to the County for the specific services performed for each specific Task Order or Change Order. Failure to submit a timely invoice in accordance with this paragraph may result in a reduction of payment in the amount of 1.5% per day of the amount invoiced by the Consultant, beginning on the first day after the invoice is due to the County.

Payment for services rendered during any billing period by the Consultant shall be due and payable by the County in accordance with the provisions of Chapter 218, Part VII, Florida Statutes (the Local Government Prompt Payment Act). In the event that federal aid is a source of funds for payment, then 49 CFR § 26.29 will also be applicable.

(2) PAYMENT FOR SERVICES PERFORMED

The County shall pay the Consultant on the basis of services completed for tasks set forth in any Task Orders and any Change Orders agreed upon by the Consultant and the County. Payments shall be made for the Consultant's work-in progress or completed service items based on the agreed method of compensation as outlined in the Task Order or Change Order.

When the Lump-Sum Payment Method is used for a particular service or activity within the Task Order or a Change Order, the County shall pay the Consultant for services performed for tasks set forth in the Task Order or Change Order on the basis of the invoice statement covering the Consultant's work-in-progress expressed as a percentage of the total cost of the work and/or services required for each task involved. All such work-in-progress percentages are subject to review and approval by the County Project Manager. The decision of the County shall be final as to work-in-progress percentages to be paid. Payment by the County for tasks on a work-in-progress percentage basis shall not be deemed or interpreted in any way to constitute an approval or acceptance by the County of any such service or work-in-progress. The Consultant shall be responsible for correcting, re-doing, modifying, or otherwise completing the work and services required for each task before receiving final full payment, whether or not previous work-in-progress payments have been made by the County.

(3) PAYMENT SCHEDULE

The County shall issue payment to the Consultant as invoices are provided from the Consultant, which invoices must be in acceptable form and must contain the requested detailed description of charges. Should the County object or take exception to the amount of the Consultant's invoice statement, the County shall notify the Consultant of such objection or exception within twenty (20) business days from date of payment period set forth hereinbefore. If such objection or exception remains unresolved at the end of said twenty (20) business-day period, the County, as represented by the County Project Manager, shall have the authority to withhold the disputed amount and make payment to the Consultant of any amount not in dispute. Payment of any disputed amount, or adjustment thereto resolved by mutual agreement of the parties, will be paid in accordance with the Local Government Prompt Payment Act.

SECTION 6 – TASK ORDERS

The work and/or services to be provided and performed under this Agreement are Task Order driven. If and when the County requires the professional services of the Consultant, individual Task Orders or Orders will be approved by the County, by the County Administrator, or by the Purchasing Director, when applicable. For purposes of this Agreement, the Purchasing Director and County Administrator are specifically delegated authority by the County to issue and approve Task Order(s) for Consultant Services up to the allowable amount provided in the County's Purchasing Ordinance. The completion date for an individual Task Order will be specified in the Notice to Proceed. The completion date for an individual Task Order may be extended, in writing, by the County at a regularly scheduled meeting of the Board of County Commissioners or by the County Administrator, as provided herein.

For each Task required for a specific project, the County Project Manager shall provide the Consultant a detailed description of the services to be performed, the method of payment to be utilized in accordance with this Agreement, and the time and cost limitations for such task, if appropriate. The Consultant shall respond in writing, no more than 21 days from the date such detailed description is provided by the County Project Manager, by describing the proposed scope of work, staffing, schedule, total compensation, and the number and type of deliverables that are required to complete the described services. If the response from the Consultant is acceptable, the County may issue a Task Order to the Consultant containing the agreed-upon scope of work, staffing, schedule, time of performance, total compensation, method of payment, and deliverables.

Each Task Order shall be numbered consecutively and shall reference this Agreement. In the event of any conflict, the provisions of this Agreement will control over conflicting provisions of any Task Order. Each Task Order, after execution by the Board of County Commissioners, the County Administrator, or the Purchasing Director, shall become a supplement to and a part of this Agreement.

SECTION 7 – TIMELY ACCOMPLISHMENT OF SERVICES

The timely performance, provision, and completion of the required Consultant Services,

work, and materials is vitally important to the interests of the County. Time is of the essence for all the duties and obligations contained in this Agreement. The County may suffer damages in the event that the Consultant does not accomplish and complete the required services in a timely manner. The Consultant agrees to employ, engage, retain, and/or assign an adequate number of qualified personnel throughout the period this Agreement is in effect so that all Consultant Services will be provided and performed in a timely and diligent manner. If the Consultant fails to commence, provide, perform, and/or complete any service required under this Agreement in a timely and diligent manner as determined by the County, or within a specified time period delineated in executed Modification(s), Task Order(s), or Change Order(s), the County may consider such failure as a material breach of this Agreement. In such an event, the County, in its sole discretion, may terminate the Agreement.

The Consultant, at all times that this Agreement is in effect, shall ensure that sufficient time remains in the project schedule within which to complete the services required and authorized by any given Task Order(s). In the event there are delays which would modify or extend a scheduled Task Order completion date, the Consultant shall, within seven (7) calendar days of discovery of such delay, submit a written request to the County seeking a time extension to complete a delayed project, which request shall specifically identify the reason(s) for the delay and the amount of time related thereto.

In the event the specified time of performance for a given Task Order or Change Order expires and the Consultant has not requested a time extension, or if the County has denied a request for a time extension in writing, partial progress payments will be stopped on the date time expires.

SECTION 8 – STANDARDS OF PROFESSIONAL SERVICE

The work and services to be provided and/or performed by the Consultant shall be done in accordance with the generally accepted standards of professional practice and in accordance with the laws, rules, regulations, ordinances, codes, policies, standards, or other guidelines issued by any governmental agency having jurisdiction over all or a portion of any work performed under this Agreement in effect at the time of the performance of the Consultant Services. All final documents, reports, studies, or other data prepared by the Consultant shall bear a professional's seal/signature in accordance with the applicable Florida Statutes and/or any applicable Administrative Rules promulgated by the Florida Department of Business and Professional Regulation (where applicable).

SECTION 9 – CONSULTANT'S QUALITY CONTROL

9.1 – RESPONSIBILITY TO CORRECT

The Consultant agrees to be responsible for the professional quality, technical adequacy and accuracy, timely completion in accordance with the mutually agreed upon schedule, and the coordination of all data, studies, surveys, designs, specifications, calculations, estimates, plans,

drawings, construction documents, photographs, reports, memoranda, and other services, work, and materials performed, provided, and/or furnished by the Consultant, or any Subconsultant(s) utilized by the Consultant, pursuant to this Agreement.

Upon written notice from the County, the Consultant shall, without additional compensation, correct or revise any errors, omissions, mistakes or other deficiencies in such data, studies, calculations, estimates, plans, work, and materials resulting from the negligent act, errors or omissions, or intentional misconduct of the Consultant.

If the Consultant does not correct the defective work within the time specified in the County's written notice, the County may have the deficiency corrected. All direct or indirect costs of such correction shall be paid by the Consultant or deducted from payment due to the Consultant.

If any work or submittal prepared by the Consultant contains an error, omission, deficiency, or mistake and the Consultant fails to correct such error, omission, deficiency, or mistake within the time period established for completion in the notice to correct or the Task Order(s) requiring such work or submittal, the County, in its discretion, may terminate this Agreement.

9.2 – COUNTY'S APPROVAL SHALL NOT RELIEVE CONSULTANT OF RESPONSIBILITY

Neither review, approval, or acceptance by the County of data, studies, calculations, estimates, reports, memoranda, and incidental professional services, work and materials furnished hereunder by the Consultant shall in any way relieve the Consultant of responsibility for the adequacy, completeness, and accuracy of its services, work and/or materials, or the services, work and materials. Neither the County's review, approval, or acceptance of, nor payment for, any of the Consultant's work, services, and materials shall be construed to operate as a waiver of any of the County's rights under this Agreement, or any cause of action the County may have arising out of the performance of this Agreement.

The Consultant agrees and recognizes that the County shall not be held liable or responsible for any claims which may result from any action or omission of the Consultant in which the County participates either through review of or concurrence with the Consultant's actions. In reviewing, approving, or rejecting any submissions or other work prepared by the Consultant, the County in no way assumes or shares any of the responsibility or liability of the Consultant under this Agreement.

SECTION 10 – REPORTS AND REVIEWS

10.1 The County may, at any time, require the Consultant to report in writing in a format approved by the County on the status and overall progress of the work with a projection as to whether deliverables will be on time and within budget. In addition, the County may require the Consultant to provide an estimate of the overall percentage of completion.

10.2 The County will monitor the Consultant's work product for compliance with project

standards and criteria and may make comments and recommendations to the Consultant regarding the work. However, any such monitoring or comments and recommendations by the County, or absence thereof, shall not relieve the Consultant of any of its obligations under this Agreement. The Consultant retains sole authority and responsibility for the adequacy and accuracy of its Consultant Services in accordance with generally accepted practices.

SECTION 11 – WORK WITHIN COUNTY PROPERTY / CONSULTANT TO REPAIR PROPERTY DAMAGE CAUSED BY THE CONSULTANT OR ITS SUBCONSULTANTS

11.1 As applicable, the Consultant, any Subconsultant retained by Consultant, or any other person, firm, corporation, or other entity that contracts with or provides goods or services to the Consultant in connection with the work required to be performed pursuant to this Agreement shall perform all work within only the County-owned right-of-way(s) and/or any County easement(s), or as permitted by this solicitation or by law.

11.2 The Consultant agrees to promptly repair and/or replace, or cause to have repaired and/or replaced, at its sole cost and expense and in a manner acceptable to and approved by the County, any property damage arising out of, or caused by, the willful or negligent acts of the Consultant and/or its Subconsultant(s). The County reserves the right, should the Consultant fail to make such repairs and/or replacements within a reasonable period of time, to cause such repairs and/or replacements to be made. All costs and expenses associated with having such repairs and/or replacements performed shall be paid for by the Consultant directly or via reimbursement to the County from the Consultant.

SECTION 12 – DOCUMENTS

The documents comprising this Agreement between the County and the Consultant consist of the following:

1. This Professional Services Agreement and its Exhibits.
2. Any written amendments, modifications, or addenda to this Agreement.
3. Any Task Orders and Change Orders issued pursuant to this Agreement and executed by the County and the Consultant.
4. Request for Statements of Qualifications – **RSQ-BW-25-075,** including any written addenda. The Statement of Work attached to the RSQ is replaced with the Statement of Work attached hereto as Exhibit C.
5. The Consultant's proposal and attachments submitted in response to **RSQ-BW-25-075.**

SECTION 13 – COMPLIANCE AND AGREEMENT WITH LAWS AND REGULATIONS

13.1 The Consultant shall observe and comply with all applicable federal and state laws, County and municipal ordinances, and the rules and regulations of all authorities having jurisdiction over the project and all work performed pursuant to this Agreement, including but not limited to the federal and state provisions specifically provided for in the solicitation. All applicable federal, state, and local laws and ordinances are deemed to be included in this Agreement the same as

though herein written out in full.

13.2 The Consultant shall give all notice and comply with all laws, ordinances, rules, and regulations applicable to the Consultant Services. If the Consultant observes that any of the Contract Documents or executed Task Order or Change Order are contradictory to such laws, rules, and regulations, the Consultant will notify the County Project Manager promptly in writing. An appropriate Change Order or Modification shall then be used to institute any necessary changes. If the Consultant performs any work that it knows or should have known to be contrary to such laws, ordinances, rules, and regulations and without such notice to the County Project Manager, the Consultant shall bear all related costs.

SECTION 14 – PROHIBITION AGAINST CONTINGENCY FEES

In accordance with the provisions of section 287.055 of the Florida Statutes, the Consultant warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the Consultant to solicit or secure this Agreement and that the Consultant has not paid or agreed to pay any person, company, corporation, individual or firm, other than a bona fide employee working solely for the Consultant, any fee, commission, percentage, gift or any other consideration contingent upon or resulting from the award or making of this Agreement. For the breach or violation of this provision, the County shall have the right to terminate this Agreement without liability, and at its discretion, to deduct from the contract price, or otherwise recover, the full amount of such fee, commission, percentage, gift, or consideration.

SECTION 15 – TRUTH-IN-NEGOTIATIONS/PUBLIC ENTITY CRIMES AFFIDAVIT

The Consultant certifies that wage rates and other factual unit costs supporting the compensation are accurate, complete, and current at the time of contracting. The original contract price, and any additions thereto, shall be adjusted to exclude any significant sums by which the County determines the contract price was increased due to inaccurate, incomplete, or non-current wage rates and other factual unit costs. The Consultant represents that it has furnished a Public Entity Crimes Affidavit pursuant to section 287.133, Florida Statutes, verifying its eligibility for award of an Agreement. The County may exercise its rights under this "certification" within one (1) year following final payment.

Pursuant to subsections 287.133(2) and (3), Florida Statutes, a person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in section 287.017, Florida Statutes, for Category Two, for a period of 36 months following the date of being placed on the convicted vendor list. The Consultant agrees to include this provision in all

contracts it issues as a result of this Agreement.

SECTION 16 – DISCRIMINATORY VENDOR LIST

The County adheres to subsection 287.134(2)(a), Florida Statutes. The County will not transact business with entities or affiliates placed on the discriminatory vendor list maintained by the Florida Department of Management Services. By signing this Agreement or accepting any Task Order, the Consultant certifies that it is not placed on the discriminatory vendor list. The County may terminate this Agreement if this Consultant certification is found to be false. The Consultant agrees to include this provision in all contracts issued as a result of this Agreement.

SECTION 17 – SCRUTINIZED COMPANIES

A company is ineligible to, and may not, bid on, submit a proposal for, or enter into or renew a contract with the County for goods or services of:

(a) Any amount if, at the time of bidding on, submitting a proposal for, or entering into or renewing such contract, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to section 215.4725, Fla. Stat., or is engaged in a boycott of Israel; or

(b) One million dollars or more if, at the time of bidding on, submitting a proposal for, or entering into or renewing such contract, the company:

1. Is on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Terrorism Sectors List or the Scrutinized Companies with Activities in Iran Terrorism Sectors List, created pursuant to section 215.473, Fla. Stat.; or

2. Is engaged in business operations in Cuba or Syria.

By signing this Agreement and/or accepting any Task Order, the Consultant certifies that it is not participating in a boycott of Israel, is not on any of the aforementioned lists, and it does not have business operations in Cuba or Syria. The Consultant agrees to notify the County if placement on any of the aforementioned lists occurs or if the Consultant is engaged in a boycott of Israel or has business operations in Cuba or Syria.

The COUNTY may terminate this Agreement if the County finds that: the Consultant certification above is/are found to be false; the Consultant has been placed on the Scrutinized Companies that Boycott Israel List or is engaged in a boycott of Israel; the Consultant has been placed on the Scrutinized Companies with Activities in Terrorism Sectors List or the Scrutinized Companies with Activities in Iran Terrorism Sectors List; or the Consultant has been or is engaged in business operations in Cuba or Syria. In addition to possible termination of this Agreement based on the above grounds, the COUNTY will comply with section 287.135, Florida Statutes, regarding submittal of a false certification.

SECTION 18 – COMPLIANCE WITH PUBLIC RECORDS ACT

The Consultant shall allow public access to documents and materials made or received pursuant to this Agreement by either party in accordance with the Public Records Act, Chapter 119, Florida Statutes. To the extent required by section 119.0701, Florida Statutes, the Consultant shall (1) keep and maintain public records that ordinarily and necessarily would be required by the County in order to perform the service; (2) provide the public with access to public records on the same terms and conditions that the County would provide the records and at a cost that does not exceed the cost provided by law; (3) ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law; and (4) meet all requirements for retaining public records and transfer, at no cost to the Consultant, all public records in possession of the Consultant upon termination of this Agreement and destroy any duplicate public records that are exempt or confidential and exempt from public records requirements. All records stored electronically must be provided to the County in a format that is compatible with the information technology systems of the County. This paragraph shall survive the expiration or termination of this Agreement.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT (727) 847-8147, PRR@MYPASCO.NET, OR 7536 STATE STREET, NEW PORT RICHEY, FL 34654.

Under Florida law, a consultant who fails to provide the public records to the County within a reasonable time may be subject to penalties under section 119.10, Florida Statutes, and such non-compliance will constitute a breach of the Agreement and may serve as grounds for termination of this Agreement.

SECTION 19 – RETENTION OF DOCUMENTS

Upon payment of any compensation due for completed and accepted work, all documents prepared or obtained under this Agreement will be considered the property of the County without restriction or limitation on their use and shall be made available upon request to the County at any time.

19.1 Said records and documentation shall be retained by the Consultant and made available to the County for a minimum of five (5) years from the date of completion of the work. The County shall have the right to audit, inspect, and copy all such records and documentation as often as the County deems necessary during the term of this Agreement and during the above referenced five (5) year period at actual costs; provided, however, such activity shall be conducted only during normal business hours. If agreed to by the parties, the Consultant shall retain records and supporting documentation until further notified.

19.2 For those projects funded by State funds, the Consultant agrees to cooperate with

any audit(s) requested by the State Auditor General's Office or, in the instance of federal funding, by the funding agency.

SECTION 20 – CONFLICTS OF INTEREST

The Consultant represents that it presently has no interest, either direct or indirect, that may or could conflict in any manner with the performance of the services required by this Agreement, and which interest has not been disclosed to the County in writing. The Consultant expressly agrees that, throughout the Effective Period, it shall not acquire an interest, either direct or indirect, which would conflict in any manner with the performance of services required by this Agreement, or which would conflict with any interest of the County. The Consultant further agrees that no person having any such interest shall be employed or engaged by the Consultant for said performance. In addition, the Consultant shall require all Subconsultants to comply with the provisions of this Section.

If the Consultant is about to engage in representing another client, whom it in good faith believes could result in a conflict of interest with the work being performed by the Consultant pursuant to this Agreement, then the Consultant shall promptly bring such potential conflict of interest to the County's attention, in writing. The County will advise the Consultant within twenty (20) calendar days, in writing, if such conflict of interest exists. If the County determines that a conflict of interest exists, the Consultant and/or any Subconsultant shall decline the representation upon the County's written notice. If the County determines that there is no such conflict of interest, then the County shall give its written consent to such representation.

In the event the Consultant fails to advise or notify the County, as provided hereinabove, of representation which could, or does, result in a conflict of interest, or should the Consultant fail to decline such representation upon the County's written notice, the County may, in its sole discretion, terminate this Agreement in accordance with the provisions of Section 23 below.

SECTION 21 – INSURANCE

The Consultant shall not commence any work pursuant to this Agreement until satisfactory proof of all insurance required hereunder has been provided to and approved by the County. It shall be the responsibility of the Consultant to ensure that all Subconsultant(s) performing services pursuant to this Agreement comply with the insurance requirements of this provision. The Consultant shall furnish to the County certificate(s) of insurance in the form required by County and, if requested by the County, the Consultant shall provide certified copies of all required insurance policies. The certificate(s) of insurance shall clearly indicate that the Consultant has obtained insurance of the type, amount, and classification required for strict compliance with this Agreement and that no reduction in coverage or in limits, suspension, or cancellation of the insurance shall be effective without thirty (30) calendar days' prior written notice to the County, as provided below. All certificate(s) of insurance shall be signed by a person authorized by that insurer to bind coverage on its behalf.

Each insurance policy required by this Agreement shall be endorsed to state that coverage shall

not be suspended, voided, cancelled, reduced in coverage or in limits, except after thirty (30) calendar days' prior written notice by certified mail (return receipt requested) has been given to the County to the attention of the Pasco County Risk Manager, Internal Services Building, 7536 State Street, Suite 111, New Port Richey, Florida 34654. In the event any insurance coverage expires prior to the expiration of this Agreement, a renewal certificate shall be issued within thirty (30) calendar days prior to said expiration. Compliance with the foregoing requirements shall not relieve the Consultant of any liability and/or other obligations pursuant to this Agreement. Neither approval by the County, nor a failure to disapprove insurance certificates or policies furnished by the Consultant, shall release the Consultant from full responsibility of all liability or its obligations under this Agreement.

All insurance policies shall be issued by responsible companies authorized to do business under the laws of the State of Florida. Said insurance companies shall have an "A" policyholders' rating, have a financial rating of at least Class VIII in accordance with the most current Best Key Rating Guide, and shall be satisfactory to the County. All policies of insurance required by this Agreement shall be primary insurance with respect to the County, its officials, agents, or employees. Any insurance or self-insurance maintained by the County or its officials, agents, or employees, shall be in excess of the Consultant's insurance and shall not contribute with it. All policies of insurance required by this Agreement, except Workers' Compensation and Errors and Omissions Liability, shall specifically provide that Pasco County, Florida, a political subdivision of the State of Florida, by and through its Board of County Commissioners and its officials, agents, or employees shall be "additional insureds" under the policy and shall contain a provision for severability of interests. The County shall also be listed as a certificate holder. All insurance policies required herein shall apply to all operations, activities, or use by the Consultant or anyone employed by, contracting with, or acting at the Consultant's direction or supervision. The insurance coverage and limits provided herein are designed to meet the minimum requirements of the County.

Any deductibles or self-insured retentions must be declared and approved by the County and are the responsibility of the Consultant. The minimum kinds and limits of coverage to be carried by the Consultant throughout the term of this Agreement shall be as follows:

21.1 – WORKER'S COMPENSATION AND EMPLOYER'S LIABILITY INSURANCE

The Consultant and all Subconsultants shall take out and maintain, during the life of this Agreement, Worker's Compensation Insurance for all employees working on this Agreement. Coverage shall be for the statutory limits in compliance with the applicable State and Federal laws. The policy must include employer's liability with a limit of $100,000.00 each accident. The insurer shall agree to waive all rights of subrogation against the County, its officials, agents, and employees. In case any employee is engaged in any hazardous work pursuant to this Agreement and is not protected under the Workers' Compensation statute, the Consultant and any Subconsultant(s) shall provide for adequate insurance coverage to protect these employees, as required under Florida law.

21.2 – COMPREHENSIVE GENERAL LIABILITY INSURANCE

The Comprehensive General Liability Insurance shall include premises and/or operations, products and/or competed operations, broad form of property damage, XCU coverage, independent contractors, and contractual liability, and shall be written on an "occurrence basis."

Bodily injury and personal injury, including death:

- $1,000,000.00 each person
- $3,000,000.00 aggregate

Property damage:

- $1,000,000.00 each occurrence
- $3,000,000.00 aggregate

21.3 – COMPREHENSIVE AUTOMOBILE LIABILITY INSURANCE

The Comprehensive Automobile Liability Insurance shall include owned vehicles, hired, and non-owned vehicles, and employees' non ownership.

Bodily injury and personal injury, including death:

- $1,000,000.00 each person
- $3,000,000.00 aggregate

Property damage:

- $1,000,000.00 each occurrence
- $3,000,000.00 aggregate

21.4 – PROFESSIONAL LIABILITY INSURANCE

The Consultant shall maintain during the term of this Agreement standard Professional Liability Insurance in the minimum amount of $1,000,000.00 per occurrence/$1,000,000.00 aggregate. The County may require a higher limit, as mutually agreed to with the Consultant, for specific Task Orders or Change Orders.

SPECIAL INSTRUCTIONS: Occurrence form Professional Liability Insurance is highly preferred. However, in the event the Consultant is only able to secure claims-made Professional Liability Insurance, special conditions apply. All certificates of insurance must clearly indicate whether the coverage is on a claims-made basis. Should coverage be afforded on a claims-made basis, the Consultant shall be obligated by virtue of this Agreement to maintain insurance coverage in effect with no less than limits of liability nor any more restrictive terms and conditions for a period of seven (7) years from the date of this Agreement. All Certificates of Insurance must clearly indicate whether the coverage is on a claim made or an occurrence basis.

SECTION 22 – SUSPENSION OF WORK

In addition to the County's contractual right to terminate this Agreement in its entirety as set forth above, the County may, at its convenience, stop, suspend, supplement, or otherwise change all, or any part of, the Consultant Services set forth herein. The County shall provide written notice to the Consultant to implement a stoppage, suspension, supplement, or change. If any engineering, professional, or consulting services covered by this Agreement to be carried out by the Consultant shall be suspended, abated, or terminated at the direction of the County for reasons unrelated to the quality of work provided by the Consultant, the County shall pay the Consultant for such services actually rendered prior to the suspension, abatement, or termination, and any reasonable additional costs incurred by the Consultant to effectuate an orderly closing of its activities, with the payment to be based insofar as possible on the fees established in this Agreement.

SECTION 23 – TERMINATION OF AGREEMENT BY THE COUNTY

The County may terminate this Agreement for any one or more of the following reasons:

1. If adequate progress on any phase of the Consultant Services is not being made by the Consultant as a direct result of the Consultant's failure to perform.
2. The quality of the Consultant Services performed by the Consultant is not in conformance with commonly accepted design codes and standards, standards of the County and the requirements of Federal and/or State regulatory agencies in effect as of the date of this Agreement and the particular services involved are considered by the County to be essential to the proper completion of the Consultant Services.
3. The Consultant or any employee or agent of the Consultant is indicted or has a direct charge issued against him/her for any crime arising out of or in conjunction with any Consultant Services that have been performed by the Consultant.
4. The Consultant becomes involved in either voluntary or involuntary bankruptcy proceedings or makes an assignment for the benefit of creditors.
5. The Consultant is in non-compliance with any other provision of this Agreement.

In the event of any of the causes described in Items (1) through (5) above, the County's Project Manager will send a written notice to the Consultant requesting that the Consultant show cause why the Agreement should not be terminated. If adequate assurances or acceptable reasons are not given to the County within fifteen (15) calendar days of receipt by the Consultant of the show cause notice, the County may consider the Consultant to be in default and may immediately terminate this Agreement.

Notwithstanding any other provision of this Agreement, this Agreement and/or any Task Order(s) and/or any Change Order(s) may be terminated for any reason by the County giving fourteen (14) calendar days' written notice to the Consultant of the County's intent to terminate. In the event that a task of this Agreement and/or any Task Order, and/or any Change Order is terminated, the County shall identify the specific Task Order and/or Change Order being terminated and the specific tasks and/or Task Order(s) and/or Change Order(s) to be continued for completion, pursuant to the provisions of this Agreement. This Agreement will remain in full force and effect as to all authorized tasks and/or Task Order(s) and/or Change

Order(s) which are to be continued to completion, unless the Agreement is terminated in full.

In the event of termination of this Agreement, the County shall compensate the Consultant only for: (1) all services performed and accepted by the County prior to the effective date of the termination; (2) Reimbursable Expenses then due; and (3) Reasonable Expenses incurred by the Consultant in affecting the termination of services, including costs incurred by submittal to the County of project drawings, plans, data, and other documents.

The Consultant shall not be entitled to receive compensation for anticipated professional fees, profit, general and administrative overhead expenses or for any other anticipated income or expense which may be associated with services which are terminated, suspended, eliminated, or cancelled.

Upon termination of this Agreement by the County, the Consultant shall promptly deliver to the County copies of all then completed deliverable items and all plans, reports, studies, calculations, maps, graphics, and other documents that directly support the deliveries prepared by Consultant.

SECTION 24 – CHOICE OF LAW / VENUE

This Agreement is to be governed by the laws of the State of Florida. The venue for any litigation resulting out of this Agreement shall be at the West Pasco Judicial Center, in Pasco County, Florida (State court matters) and the United States District Court in and for the Middle District of Florida – Tampa Division (Federal court matters).

SECTION 25 – SUCCESSORS AND ASSIGNS

The County and the Consultant respectively, bind themselves, their partners, successors, assigns, and legal representatives to the other party to this Agreement and to the partners, successors, assigns and legal representatives of such other party with respect to all covenants of this Agreement. The Consultant shall not assign or transfer any interest in this Agreement without the prior written consent of the County.

SECTION 26 – ASSIGNMENT, TRANSFER, AND SUBCONTRACTS

Neither the County nor the Consultant shall assign, sublet, or transfer its interest in this Agreement without the written consent of the other party. Except as otherwise authorized in this Agreement, the Consultant shall not subcontract any of its service obligations hereunder to third parties without the prior written approval of the County. The Consultant shall have the right, subject to the County's prior written approval, to employ other persons and/or firms to serve as Subconsultants to the Consultant pursuant to the requirements of this Agreement. The County shall have the right and be entitled to withhold its approval of Subconsultants, but such approval shall not be unreasonably withheld.

SECTION 27 – EXTENT OF THE AGREEMENT

This Agreement represents the entire and integrated agreement between the County and the Consultant and supersedes all prior negotiations, representations, or agreement, either written or oral. This Agreement may only be amended, supplemented, modified, changed, or canceled by a written instrument executed by both parties hereto.

SECTION 28 – NON-EXCLUSIVE AGREEMENT

This Agreement is not intended to be and shall not be construed as an exclusive contract and the County may employ additional or other consulting firms to perform any work contemplated by this Agreement without liability to the Consultant.

SECTION 29 – INDEMNIFICATION OF THE COUNTY

For good and valuable consideration, the receipt of which is acknowledged, and notwithstanding the provisions of section 725.06, Florida Statutes, and in accordance with section 725.08, Florida Statutes, the Consultant shall indemnify and hold harmless the County and the County's Commissioners, officers, agents, and employees, harmless from liabilities, damages, losses, and costs, including, but not limited to, reasonable attorneys' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Consultant and other persons employed or utilized by the Consultant in the performance of the contract.

The Consultant shall not be required to indemnify the County for any negligence of the County's employees or agents. This indemnity shall include, but not be limited to, charges of attorneys, legal assistants, and other professionals, and costs of both defense and appeal in a court of law or other tribunal, for any reason.

This provision shall also pertain to any claim brought against the County by any employee of the Consultant, its subconsultant(s), or anyone directly or indirectly employed by any of them.

The Consultant's indemnification obligation under the provision shall not be limited in any way to the consideration hereunder, the agreed-upon prices as shown in any Task Order issued pursuant to this Agreement, or any other agreed payment or compensation amount, nor shall this indemnification be limited due to the Consultant's lack of sufficient insurance protection. The Consultant hereby acknowledges and expressly agrees that the compensation to be paid to the Consultant by the County pursuant to this Agreement specifically includes compensation as consideration for the indemnification provided herein.

This Section 29 shall survive the expiration or termination of the Agreement.

SECTION 30 – NOTICES

Any notices to be given under this Agreement shall be in writing and delivered by United States Mail to the respective addresses referenced above. All such notices shall be sent to the

designated project managers for each party.

SECTION 31 – INDEPENDENT CONSULTANT

Neither the County nor any of its employees shall have any control over the conduct of the Consultant or any of Consultant's employees, except as herein set forth. The Consultant and any and all Subconsultants are and shall be Independent Contractors in and throughout the performance of all work and services provided and performed pursuant to this Agreement. As Independent Contractors, the Consultant's and the Subconsultant's agents, servants, or employees shall not be deemed agents, servants, or employees of the County.

The Consultant does not have the power or authority to bind the County in any promise, agreement, or representation other than specifically provided for in this Agreement. The Consultant shall be responsible to the County for all the work or services performed by the Consultant, or any person or firm engaged as a Subconsultant pursuant to this Agreement. The County shall not be liable to any Subconsultant, or any other person, firm, corporation, or other entity that contracts with or provides goods or services to the Consultant in connection with the work required to be performed pursuant to this Agreement. The County shall not be liable to any Subconsultant, or any other person, firm, corporation, or other entity for debts or claims accruing to such parties against the Consultant pursuant to any work or services performed under this Agreement.

SECTION 32 – E-VERIFY PROGRAM

A contractor or consultant entering into a contract with a public entity (such as the County) is required to be registered with the U.S. Department of Homeland Security's E-Verify System and to utilize it to verify the work authorization status of all newly hired employees throughout the term of the contract. The contractor or consultant shall also be required to obtain and retain affidavits from all subcontractors or subconsultants utilized during the contract verifying that they do not employ, contract with, or subcontract with any unauthorized aliens as that term is defined in 8 U.S.C.S. 1324a(h)(3). The failure to comply with this requirement constitutes grounds for termination of the contract and for such other penalties as provided under section 448.095, Fla. Stat.

If a public employer has terminated a contract with a contractor for failure to comply with the requirements of the paragraph above, the contractor may not be awarded a public contract for at least one year after the date on which the contract was terminated.

The County reserves the right to request verification of compliance from its consultants and contractors during the term of its contract with the County and for a period of up to five (5) years thereafter. Should a County-retained consultant, contractor, and/or its subconsultants be found to be non-compliant with E-Verify as part of a federal audit or other inquiry, the consultant, contractor and/or its subconsultant(s) will be solely responsible for the payment of any fines or costs imposed upon the county as a result of such non-compliance. Compliance with this section is mandatory for all projects.

SECTION 33 – MAINTENANCE OF RECORDS / COOPERATION WITH STATE AUDITS

The Consultant shall keep and maintain its accounting records and supporting documentation related to the services, work, information, expenses, costs, invoices, and materials provided and/or performed pursuant to the requirements of this Agreement for a minimum of five (5) years from the date of termination or expiration of this Agreement. The County, its authorized agents and representatives of federal and state agencies funding the Agreement ("Agencies") shall, with reasonable prior notice, have the right to audit, inspect and copy all such accounting records and supporting documentation as often as they deem reasonably necessary during the effective period of the Agreement and during the five (5) year period after the date of final payment or termination hereof. Any auditing, inspections, or copying of the Consultant's accounting records and supporting documentation performed by the County or Agencies shall be conducted during normal business hours upon reasonable prior notice to the Consultant and shall be at the sole expense of the County or the Agencies.

The Consultant specifically acknowledges that by accepting a Task Order which will be funded through state funds, the Consultant and any subconsultants retained by it will agree to cooperate with any audit initiated by the Office of the Auditor General of the State of Florida or any successor office. Such cooperation includes any investigation, audit, inspection, review, or hearing pursuant to section 20.055(5), Florida Statutes.

SECTION 34 – WAIVER OF BREACH

Waiver by either party of a breach of any provision of this Agreement shall not be deemed as a waiver of any other breach and shall not be construed to be a modification of the terms of this Agreement.

SECTION 35 – EMERGENCIES

In the event that the Consultant's services are activated or requested during an event that disrupts essential operations, or when there is a threat to the public's health, welfare, or safety, or when normal purchasing procedures are not possible, or when there is a local, state, or federal declared state of emergency, the provisions of Section 2-101 of the Pasco County Code of Ordinances and any declaration of emergency, and orders issued thereto, shall apply and shall supersede as necessary, the terms and conditions of this Agreement.

SECTION 36 – FORCE MAJEURE

Neither the County nor the Consultant shall be liable for delay or their failure to perform hereunder due to circumstances beyond their respective control, such as Acts of God, governmental laws or orders, wars, riots, pandemics, national emergencies, strikes, or accidents. The County or the Consultant may suspend their respective performance under this Agreement as a result of a force majeure and shall resume performance as soon as is reasonably possible. The delayed party must notify the other party promptly upon the

occurrence of any such circumstance and inform the other party of its plans to resume performance; otherwise, performance by the delayed party will not be considered excused pursuant to this Section.

Should the Consultant be obstructed or delayed in the prosecution or completion of its obligations under this Agreement as a result of causes not due to its own fault or neglect, the Consultant shall notify the County in writing within seven (7) calendar days after commencement or discovery of such delay, stating the cause(s) therefore and requesting an extension of the Consultant's time of performance. Causes beyond the control of the Consultant shall include, but are not limited to, court orders and injunctions, actions or rulings of any federal, state or municipal authority (including the County) having jurisdiction over any project and/or any Force Majeure event as delineated in this Section.

Upon receipt of the Consultant's request for an extension of time for cause(s) beyond the control of the Consultant, the County Administrator shall have the discretion to grant an extension of time only if the County determines the delay encountered by the Consultant was not due to its own fault or neglect. All other extensions of time must be approved by the Board of County Commissioners.
No interruption, interference, inefficiency, suspension, or delay in the commencement or progress of the Consultant's services for any cause whatsoever, including those for which the County, including any of its agents or employees, may be responsible in whole or in part, shall relieve the Consultant of its duty to perform or give rise to any right to damages or additional compensation from the County.

The Consultant's sole remedy against the County in the event of such interruption, interference, inefficiency, suspension, or delay in the commencement or progress of such services shall be the right to seek an extension of the time only, as included in any affected Task Order. However, such extension shall not operate as a waiver of any other rights of the County. This section shall expressly apply to claims for early completion, as well as claims based on late completion. The County shall not be responsible for any consequential damages or loss in profits incurred by the Consultant from such delays.

SECTION 37 – OWNERSHIP OF DOCUMENTS

All documents, such as drawings, tracings, notes, photographs, computer files, plans, specifications, maps, evaluations, reports, and other records and data relating to this Agreement shall become the property of the County and shall be delivered by the Consultant to the County within thirty (30) calendar days of completion of the Project or within seven (7) calendar days of the County making a request for said document delivery, whichever is applicable. In the event the County gives the Consultant a written Notice of Termination pursuant to Section 23 of this Agreement, or upon issuance to the Consultant by the County of a written Modification or Change Order which deletes all or part of the work or services required, the Consultant shall deliver to the County any and all documents listed above with the mutual understanding and commitment by the County that compensation earned or owing to the Consultant for services provided or performed by the Consultant pursuant to this

Agreement prior to the date of any such termination will be paid to the Consultant as provided in Section 23 and within sixty (60) calendar days of the date of issuance of the Notice of Termination.

The Consultant, at its expense, may make and retain copies of all documents delivered to the County for the Consultant's reference and internal use. The Consultant shall not use any of these documents and/or data or information contained therein on any other project or for any other client without the prior expressed written permission of the County.

SECTION 38 – HEADINGS

The headings of the articles, sections, subsections, exhibits, and/or attachments contained in this Agreement are for the purpose of convenience only and shall not be deemed to expand, limit, or change the provisions contained in such articles, sections, subsections, exhibits and/or attachments.

SECTION 39 – EVALUATION OF THE CONSULTANT

The County shall perform a performance evaluation of the Consultant. The evaluation shall be forwarded to the Consultant for their records.

SECTION 40 – SEVERABILITY

In the event any one or more of the provisions contained in this Agreement shall for any reason be held invalid, illegal, or unenforceable in any respect, the invalidity, illegality, or unenforceability shall not affect any other provision and this Agreement shall be construed as if the invalid, illegal, or unenforceable provision had never been contained in it.

SECTION 41 – EXECUTION IN COUNTERPARTS

For the convenience of the parties and to facilitate execution, this Agreement may be executed in two (2) or more counterparts, each of which shall be deemed an original, but all of which shall constitute one and the same document.

SECTION 42 – ENTIRE AGREEMENT

This Agreement, including all referenced exhibits and attachments hereto, any written amendments, modifications, or addenda to it, and all the documents referenced in Section 12, constitutes the entire Agreement between the County and the Consultant and shall supersede, replace, and nullify any and all prior agreements or understandings, written and oral, relating to the matters set forth herein. Prior agreements or understandings, if any, shall have no force or affect whatsoever on this Agreement.

SECTION 43- SCRUTINIZED COMPANIES

Pursuant to section 287.135, Florida Statutes, by accepting this Agreement, Consultant certifies that: (1) it is not on the Scrutinized Companies that Boycott Israel List, created pursuant to section 215.4725, Florida Statutes; (2) it is not participating in a boycott of Israel; (3) it is not on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Terrorism Sectors List, created pursuant to section 215.473, Florida Statutes; and (4) it is not engaged in business operations in Cuba or Syria.

The County reserves the right to terminate this Agreement if the County finds that: (1) any of the above certifications are false; (2) Consultant has been placed on the Scrutinized Companies that Boycott Israel List; (3) Consultant is engaged in a boycott of Israel; (4) Consultant has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Terrorism Sectors List; or (5) Consultant is engaged in business operations in Cuba or Syria. Notwithstanding the foregoing, the Parties are aware of the Eleventh Circuit Court's decision in Odbrecht Constr. v. Sec'y, Fla. DOT, 715 F.3d 1268 (11th Cir. Fla. 2013), and agree that the provisions of sections 287.135(1)-(5), F.S., pertaining to a company engaged in business operations in Cuba or Syria shall not apply to this Agreement unless and until the Eleventh Circuit Court's decision in Odebrecht Constr. v. Sec'y, Fla.DOT, 715 F.3d 1268 (11th Cir.Fla. 2013) is overturned.

SECTION 44- COUNTRIES OF CONCERN

As required by section 286.101, Florida Statutes, for contracts of $100,000.00 or more, contractors shall disclose to the County any current or prior interest of, any contract with, or any grant or gift received from a foreign country of concern if such interest, contract, or grant or gift has a value of $50,000 or more and such interest existed at any time or such contract or grant or gift was received or in force at any time during the previous 5 years ("Item"). "Foreign country of concern" means the People's Republic of China, the Russian Federation, the Islamic Republic of Iran, the Democratic People's Republic of Korea, the Republic of Cuba, the Venezuelan regime of Nicolás Maduro, or the Syrian Arab Republic, including any agency of or any other entity under significant control of such foreign country of concern. Consultant, by executing this Agreement, affirms that it has not received an Item from a foreign country of concern.

SECTION 45- CONVICTED VENDOR LIST (PUBLIC ENTITY CRIME)

In accordance with section 287.133, Florida Statutes, a person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in s. 287.017 for

CATEGORY TWO for a period of 36 months following the date of being placed on the convicted vendor list. Consultant certifies that it is not on the convicted vendor list.

(The Remainder of this Page Intentionally Left Blank).

IN WITNESS WHEREOF, the parties hereto by their duly authorized representatives have executed this Professional Services Agreement for solicitation number **RSQ-BW-25-075** effective the last day and year entered below.

TASK ORDER NO. 05-24
(Wesley Center Link Seal Repair Project)
PCU NO. 24-004.00

This Task Order is entered into pursuant to the terms of the Continuing Professional Service Agreement (Agreement) for **RSQ-DS-20-056** dated January 13, 2021, by and between PASCO COUNTY, FLORIDA (the "County"), a political subdivision of the State of Florida, acting by and through its Board of County Commissioners, and Carollo Engineers, Inc., (the Engineer) a corporation authorized to do business in the State of Florida.

WITNESSETH:

WHEREAS, the County and the Engineer desire to enter into Task Order No. 05-24;

NOW, THEREFORE, it is agreed that the Engineer shall provide the services enumerated in this Task Order No. 05-24 for the Pasco County Utilities Department (PCU), as described below.

A. PROJECT DESCRIPTION AND SCOPE OF SERVICES

PROJECT DESCRIPTION

PCU has observed at the Wesley Center Wastewater Treatment Plant (WCWWTP) a possible crack at the southwest side of the existing biological splitter box and near the existing 30-inch raw sewage bypass pipe. In addition, the existing 36-inch raw sewage bypass pipe penetration to the biological splitter box is experiencing fluid leakage at the invert of the pipe, which appears to be a link-seal issue. PCU has requested Carollo to perform a site visit visual inspection of the concrete wall as well as the link seal of the 36-in pipe and to then prepare a technical memorandum with assessment and recommendations.

The following describes the tasks to be completed under this task order.

SCOPE OF WORK

TASK 100 – PROJECT MANAGEMENT, COORDINATION, AND QUALITY CONTROL AND QUALITY ASSURANCE

Subtask 101: Project Management and Coordination

Provide overall project management and communication between Engineer and PCU staff including regular internal coordination meetings. This task also includes the tracking and management of the budget, project tasks, and schedule. The scope of work and associated fee account for project management and coordination throughout the project schedule. If the project is extended beyond the planned period at the request of or by necessity due to PCU, the Engineer may request an amendment to account for additional project management and coordination efforts necessary to accommodate a longer schedule.

Subtask 102: Project Meetings

The Engineer will prepare and conduct virtual project meetings throughout the project to inform PCU staff of the progress, issues, and recommendations. This includes the preparation of the agenda, meeting materials, meeting minutes, and action/decision logs for each meeting, and the distribution of these items to all project team members electronically. These meetings and workshops include:

- Project Kickoff Meeting: One 1-hour Project Kickoff Meeting to review the project tasks, goals, schedule, lines of communication, and quality management procedures.
- Review Meetings: After the Engineer drafts the technical memorandum and delivers it to PCU, the Engineer will set up a 1-hour meeting to review PCU comments prior to finalizing the technical memorandum.

Subtask 103: Monthly Progress Reports

The Engineer will provide PCU with monthly progress reports that identify what work has been performed during the month and an itemized list of work that will be anticipated in the upcoming month. These reports will be delivered as part of the monthly progress payment request.

Subtask 104: Quality Control and Quality Assurance

The Engineer's project manager will coordinate quality control and quality assurance review of the project.

Task 100 Deliverables

- All meetings' agendas and minutes (electronic PDF).
- Monthly progress reports (electronic PDF).

TASK 200 – DATA COLLECTION, REVIEW, AND FIELD INVESTIGATIONS

Subtask 201: Data Collection and Review

During the Kickoff Meeting, the Engineer will review with PCU a list of data needed to complete the project. At a minimum, the following information will be included in the data request list:

- WCWWTP record drawings.

Additional data may be requested as needed. Data will be transmitted electronically where possible. The Engineer will work with PCU staff to acquire the information. This may include phone calls, virtual meetings, site visits/ data collection meetings, and/or email communications with staff.

Subtask 202: Field Investigations

This task includes one 1-day (3-hour) site visit for four team members to the WCWWTP for a visual inspection of the biological splitter box concrete wall and pipe link seal.

Task 200 Deliverables

- Data request list (via email).

TASK 300 – TECHNICAL MEMORANDUM

Based on the site visit visual inspection, the Engineer will evaluate the condition of the existing biological splitter box concrete wall and pipe link seal and prepare a technical memorandum providing findings and recommendations on how to fix these issues. The technical memorandum will include a Class 4 cost estimate for the proposed/recommended solution and a bypass plan if needed to always maintain the biological basin 6 in operation.

Subtask 301: Draft Technical Memorandum

The Engineer will develop a technical memorandum for PCU review and comment.

Subtask 302: Final Technical Memorandum

Upon receipt of PCU's comments, the Engineer will revise the document based on the County's comments, and a Final technical memorandum will be issued to PCU.

Task 300 Deliverables

- Draft Facility Plan Report (electronic PDF)
- Final Facility Plan Report (electronic PDF)

TASK 400 – ALLOWANCE FOR AUTHORIZED ADDITIONAL WORK

An allowance in the amount of **$3,145** for additional Services is included to allow the County to direct the Engineer to perform additional tasks that may be identified during the execution of this Task Order but are beyond the scope of services that have been defined as part of Tasks 100 through 300 described above. The Engineer will only use the allowance budget for additional services if authorized in writing by the County Administrator, Assistant County Administrator, or designee.

PCU RESPONSIBILITIES

Because of the nature of this project, certain assumptions apply to this Scope of Services. These assumptions are stated within this document and are reflected in the budget. If the project task requirements are different from the assumptions presented in this Scope of Services, or if PCU desires additional services, the resultant change in scope will serve as a basis for amending this project assignment or initiating the development of a new project assignment as agreed to by both the County and the Engineer.

The following assumptions and PCU responsibilities apply to this project:

- The Engineer shall be entitled to rely upon the accuracy of the data and information supplied by PCU without independent review or evaluation.
- PCU will provide the Engineer with access to the wastewater treatment plant for data gathering, validation, and field investigation.
- PCU shall assist in scheduling and will attend all meetings to maintain the progress of the project according to the schedule. The requested data will be provided within the designated timeframe in the project schedule.

- PCU will provide all required information within the period established in the schedule contained in this Scope of Services. The schedule is based on timely receipt of data from PCU. PCU will review Draft deliverables and provide comments to the Engineer within a two-week period via email.
- In providing opinions on cost, financial analyses, economic feasibility projections, and schedules for potential projects, Consultant has no control over the cost or price of labor and material; unknown or latent conditions of existing equipment or structures that may affect operation and maintenance costs; competitive bidding procedures and market conditions; time or quality of performance of third parties; quality, type, management, or direction of operating personnel; and other economic and operational factors that may materially affect the ultimate project cost or schedule. Therefore, the Consultant makes no warranty that the County's actual project costs, financial aspects, economic feasibility, or schedules will not vary from the Consultant's opinions, analyses, projections, or estimates.

ITEMS NOT INCLUDED

- Additional services not otherwise provided for in this Scope of Services.

COMPENSATION

For the performance of the services described in this Scope of Services, PCU will compensate the Engineer in the lump sum amount of $20,967 for Tasks 100 through 300 as shown in the table below, which may be billed in monthly progress payments. The Engineer will be paid for services performed per task as set forth herein, covering the work-in-progress expressed as a percentage of the total cost of the service and work required for each task involved.

Task No.	Description	Cost
100	Project Management, Coordination, and QC/QA	$5,142.00
200	Data Collection, Review, and Field Investigations	$4,895.00
300	Technical Memorandum	$ 10,930.00
	Lump Sum Total:	**$ 20,967.00**
	Task 400 – Allowance for Authorized Additional Work	$3,145.00
	Not-to-Exceed Total:	**$24,112.00**

PROJECT SCHEDULE

The term of this Task Order will be from the date this Task Order is approved by the County to the time at which the upper limit of this Task Order is paid in full, PCU terminates this project, or 12 months from date of the Notice to Proceed, whichever is sooner. The Engineer is authorized to commence work on the Project upon execution of this Task Order and estimates the work included in this task order will be completed in accordance with the following schedule, note that some tasks may overlap:

Task	Estimated Weeks from NTP
Task 200 – Data Collection, Review, and Field Investigations	4
Subtask 301 – Draft Technical Memorandum	12
County Review	14
Subtask 302 – Final Technical Memorandum	16

The project will be completed over a period of 16 weeks. PCU will provide all required information within the period established in the schedule included in this task order. If the schedule is extended based on the request by or necessity due to PCU, this will constitute a basis for amending the project fee to accommodate the extended project duration.

B. **ACCEPTANCE:**

By signature, the parties each accept the revisions of this Task Order and authorize the Engineer to proceed at the direction of the County's Representative in accordance with the Scope of Services.

PASCO COUNTY STANDARD PROFESSIONAL SERVICE CONTRACT

THIS CONTRACT by and between PASCO COUNTY, FLORIDA, a political subdivision of the State of Florida, acting by and through its authorized County Administrator (hereinafter referred to as "COUNTY"), and Carollo Engineers, Inc. a Delaware Corporation, whose address is: 10117 Princess Palm Avenue, Suite 340, Tampa, FL 33610 (hereinafter referred to as "CONSULTANT").

WHEREAS, the COUNTY issued Request for Statement of Qualification RSQ-DS-20-056 CONTINUING PROFESSIONAL SERVICES RSQ to secure the services of an experienced consultant to render ongoing and as needed services to support Capital Improvement Program (CIP) and other programs related to water, wastewater, reclaimed water and solid waste for the Utilities Department (Public Infrastructure Branch); and

WHEREAS, the CONSULTANT submitted a response to the RSQ which was deemed by the COUNTY as responsive and responsible; and

WHEREAS, the CONSULTANT desires to render certain services as described in specific Task Orders that will be separately executed and the CONSULTANT hereby certifies it has the qualifications, experience, staff, and resources to perform those services; and

NOW, THEREFORE, in consideration of the mutual covenants and contracts hereinafter contained, the parties hereto agree as follows:

SECTION 1- DEFINITIONS

The following definition of terms associated with this Contract is provided to establish a common understanding between both parties to this Contract as to the intended usage, application, interpretation and meaning of such terms as they appear throughout this Contract.

1.01 - COUNTY

The term COUNTY shall refer to the Board of County Commissioners of Pasco County, a political subdivision of the State of Florida, and any official and/or employee thereof who shall be duly authorized to act on the COUNTY'S behalf relative to this Contract.

1.02 - COUNTY ADMINISTRATOR

The County Administrator of Pasco County, Florida, acting directly or through duly authorized representatives, which representatives are acting exclusively within the scope of the duties and authority assigned to them.

1.03 - CONSULTANT

The term CONSULTANT shall refer to the individual, company, or firm offering CONSULTANT SERVICES which, by execution of this Contract, shall be legally obligated, responsible, and liable for providing and performing any and all of the work, materials, and/or services including work and materials required under the covenants, terms and provisions contained in this Contract and any and all MODIFICATIONS, TASK ORDERS or CHANGE ORDERS issued pursuant thereto.

1.04 - CONSULTANT SERVICES

The term CONSULTANT SERVICES shall refer to all of the work, materials and services, and all related professional, technical, and administrative activities which are necessary to be provided and performed by the CONSULTANT, its employees, and any subconsultants that the CONSULTANT may engage to provide,

NotaryCam DocID:5fdcfedd5061200011c0e95d

ADMINISTRATOR or his designee issued to the CONSULTANT which shall notify the CONSULTANT to commence work or provide CONSULTANT SERVICES pursuant to a properly executed Task Order or Change Order. The time for performance of the CONSULTANT SERVICES or work required pursuant to any properly executed Task Order or Change Order shall commence to run from the date specified in the NOTICE TO PROCEED.

1.11 - PROJECT MANAGER

The term PROJECT MANAGER shall refer to that person employed by the COUNTY designated to serve and act on the COUNTY'S behalf to provide direct contact and communication between the COUNTY and the CONSULTANT throughout the effective period of this Contract or, at the COUNTY'S direction, for the duration of a particular Task Order. The PROJECT MANAGER is not authorized to, and shall not, issue any verbal request or instruction to the CONSULTANT that would have the effect, or be interpreted to have the effect, of modifying or changing in any way: (1) the scope of CONSULTANT SERVICES to be performed by the CONSULTANT; (2) the time the CONSULTANT is obligated to commence and complete all such services; and/or (3) the amount of compensation the COUNTY is obligated to pay the CONSULTANT. The PROJECT MANAGER shall review and make appropriate recommendations on all requests submitted by the CONSULTANT for payment for services and work provided and performed pursuant to this Contract.

1.12 - CONSULTANT'S STANDARD HOURLY RATES

The CONSULTANT'S standard hourly rates for professional services rendered pursuant to this Contract are those attached hereto as EXHIBIT "A," entitled "STANDARD HOURLY RATES", which EXHIBIT "A" is specifically made part of this Contract. The STANDARD HOURLY RATES shall be considered the maximum rates for specific job and/or work classifications and shall cover all of the CONSULTANT'S costs, including direct salaries, overhead, and operating margin. If the CONSULTANT charges less than those maximum rates included in Exhibit "A," those charges will be considered acceptable to the COUNTY.

Within sixty (60) calendar days after the first anniversary of the effective date of this Contract, and each one (1) year anniversary thereafter, the CONSULTANT may request in writing to the COUNTY an adjustment to those rates defined in EXHIBIT "A." The COUNTY shall within thirty (30) calendar days of receipt of such request, approve the rate adjustment or reject the rate adjustment until documentation substantiating the rate adjustment is provided by the CONSULTANT and deemed acceptable to the COUNTY.

If the CONSULTANT'S EXHIBIT "A" covers multiple years, the above described procedure must still be followed in order to obtain a rate adjustment. Also, if the CONSULTANT'S EXHIBIT "A" covers multiple years, any request for a rate adjustment cannot exceed the multiple year rates included in the CONSULTANT'S EXHIBIT "A."

If the rate adjustment is found acceptable, it shall only be effective for Task Orders (not CHANGE ORDERS) executed after the rate adjustment has been approved by the Board of County Commissioners. Therefore, any CHANGE ORDERS executed after the approved rate adjustment shall continue to utilize the rates effective at the time of their originating Task Orders or Purchase Orders as applicable.

SECTION 2 - CONSULTANT'S RESPONSIBILITIES

The obligations of the CONSULTANT with respect to all CONSULTANT SERVICES authorized pursuant to this Contract shall include, but not be limited to, the following:

Water, Wastewater, and Reclaimed Water Treatment & Storage Systems and Planning.

2.01 - LICENSES

The CONSULTANT agrees to maintain throughout the period this Contract is in effect all such licenses as are

NotaryCam DocID:5fdcfedd5061200011c0e95d

maps, environmental reports, photographs, analytical data, and any other relevant information requested by the CONSULTANT in writing.

3.05 The COUNTY agrees, with reasonable prior written notice given by the CONSULTANT, to provide the CONSULTANT with access to COUNTY property, facilities, buildings, and structures to enable the CONSULTANT to provide and perform any required CONSULTANT SERVICES and work pursuant to this Contract. Such rights of access shall not be exercised in such a manner or to such an extent as to impede or interfere with COUNTY operations, or the operations carried on by others under a lease, or other contractual arrangements with the COUNTY, or in such a manner to adversely affect the public health, safety, or welfare.

SECTION 4 - TERM

Except as otherwise specified herein, the Contract shall remain in full force and effect from the effective date of this Contract for a five (5) year period thereafter, upon mutual agreement, unless otherwise terminated or extended as provided in this Contract. The effective date for this Contract shall be defined as the day and year this Contract is executed by the COUNTY.

In the event that a properly executed Task Order initiated within the initial term of the Contract requires or expressly permits work to be performed by the CONSULTANT after termination of this Contract, such Task Order shall automatically extend the effective period of the Contract to coincide with the completion date delineated in said Task Order.

SECTION 5 - COMPENSATION

The COUNTY shall pay the CONSULTANT for all authorized CONSULTANT SERVICES rendered hereunder by the CONSULTANT and completed in accordance with the requirements, provisions, and/or terms of this Contract, MODIFICATION(S), TASK ORDER(S), or CHANGE ORDER(S) and in accordance with the provisions delineated below.

5.01 PAYMENT METHODS

The fee paid to the CONSULTANT shall be based on one of the following methods or any combination thereof as determined by the COUNTY in its sole discretion:

(1) Lump Sum Method. The COUNTY may pay a negotiated fixed-price amount for an executed TASK ORDER as a Lump Sum. The Lump Sum compensation amount will be estimated based on the STANDARD HOURLY RATE cost for work performed on an estimated TASK ORDER in accordance with the rates established in EXHIBIT "A." A negotiated Lump Sum compensation amount shall be delineated in the executed TASK ORDER. The Lump Sum compensation method shall anticipate that all costs for the CONSULTANT SERVICES required are known and that no modifications to the established Lump Sum amount will be necessary. The established Lump Sum amount shall include all of the CONSULTANT'S costs, including DIRECT SALARIES (as defined on EXHIBIT "B"), Overhead, Operating Margin, Reimbursable Expenses, and charges. The COUNTY may also elect to apply the Lump Sum Method on a line item basis for a particular service or activity as defined within an individual TASK ORDER. If the Lump Sum Method is used, no additional documentation regarding costs for work is required to be attached to the CONSULTANT'S invoices for lump sum payment of a TASK ORDER or specific line item within a TASK ORDER.

OR

(2) Not to Exceed Method. The COUNTY will pay the STANDARD HOURLY RATES for work provided or services performed on an executed TASK ORDER in accordance with the rates delineated in EXHIBIT "A," subject to a Not to Exceed Amount, which shall be delineated in said TASK ORDER. In addition to payment of the aforementioned DIRECT SALARIES, the

NotaryCam DocID:5fdcfedd5061200011c0e95d

pursuant to this Contract. If the CONSULTANT seeks compensation for CADD, PC'S etc. as a Reimbursable Expense, the cost basis for the unit rates used for such items must be fully supported by appropriate documentation. All Reimbursable Expenses shall be charged at the actual cost to the CONSULTANT.

(6) ADDITIONAL COSTS

The parties agree that any additional costs for work or services to be provided or performed under a TASK ORDER issued pursuant to this Contract, or pursuant to any other method utilized by the parties for determining the original costs of work or services to be provided or performed by the CONSULTANT, must be approved in writing by the Board of County Commissioners at a regularly scheduled meeting of said Board of County Commissioners. If such additional costs are not authorized by the Board of County Commissioners in writing, no payment, reimbursement, or compensation for such additional costs shall be tendered by the COUNTY to the CONSULTANT.

(7) SUBCONSULTANT CHARGES

The professional services of any subconsultant(s) whose expertise is required within the scope of the CONSULTANT'S work under this Contract will be paid in accordance with the fees identified in the individual Task Order(s) for such services.

The use of any subconsultant(s) referenced in the above paragraph must be approved in writing by the COUNTY ADMINISTRATOR or his designee before such subconsultant(s) may be retained by the CONSULTANT.

5.02 TERMS OF PAYMENT

(1) MONTHLY INVOICES

The CONSULTANT shall be entitled to submit no more than one invoice statement to the COUNTY each month covering services rendered during the preceding month. The CONSULTANT'S invoice statement(s) shall be itemized to correspond to the basis of compensation as set forth in the Contract, or TASK ORDER(S), issued hereunder. The CONSULTANT'S invoice statements shall contain amount of work and description of service(s) provided and/or performed, and where appropriate, supportive documentation of charges consistent with the basis of compensation set forth in this Contract. If the CONSULTANT has been issued more than one TASK ORDER pursuant to this Contract, the CONSULTANT shall submit separate invoices to the COUNTY for the specific services performed for each specific TASK ORDER.

Payment for services rendered by the CONSULTANT during any billing period shall be due and payable by the COUNTY in accordance with the provisions of Chapter 218, Part VII, Florida Statutes (the Local Government Prompt Payment Act).

(2) PAYMENT FOR SERVICES PERFORMED

(A) The COUNTY shall pay the CONSULTANT on the basis of services completed for tasks set forth in the TASK ORDER agreed upon by the CONSULTANT and the COUNTY. Payments shall be made for CONSULTANT'S work-in progress or completed service items based on the agreed method of compensation as outlined in the TASK ORDER.

(B) When the Lump Sum Method is used for a TASK ORDER or for a particular service or activity within a TASK ORDER, the COUNTY shall pay the CONSULTANT for services performed for tasks set forth in the TASK ORDER on the basis of the invoice statement

NotaryCam DocID:5fdcfedd5061200011c0e95d

The CONSULTANT, at all times that this Contract is in effect, shall ensure that sufficient time remains in the project schedule within which to complete the services required and authorized by any given Task Order(s). In the event that there are delays which would modify or extend a scheduled Task Order completion date, the CONSULTANT shall, within seven (7) calendar days of discovery of such delay, submit a written request to the COUNTY seeking a time extension to complete a delayed project which request shall specifically identify the reason(s) for the delay and the amount of time related thereto.

In the event the specified time of performance for a given Task Order expires and the CONSULTANT has not requested a time extension, or if the COUNTY has denied a request for a time extension in writing, partial progress payments may be stopped on the date time expires.

Should the CONSULTANT be obstructed or delayed in the prosecution or completion of its obligations under this Contract as a result of causes beyond the control of the CONSULTANT, the CONSULTANT shall notify the COUNTY in writing within seven (7) calendar days after commencement or discovery of such delay, stating the cause(s) therefore and requesting an extension of the CONSULTANT'S time of performance. Causes beyond the control of the CONSULTANT shall include, but are not limited to, court orders and injunctions, actions or rulings of any federal, state or municipal authority (including the COUNTY) having jurisdiction over any project or Task Order performed pursuant to this Contract, and/or any Force Majeure event as delineated in Section 19.03 of this Contract. Upon receipt of the CONSULTANT'S request for an extension of time for cause(s) beyond the control of the CONSULTANT, the COUNTY ADMINISTRATOR or his designee shall have the discretion to grant an extension if the COUNTY determines the delay encountered by the CONSULTANT was due to causes beyond its control and not attributable to the fault, error, omission or neglect of the CONSULTANT.

SECTION 8 - FAILURE TO PERFORM IN A TIMELY MANNER

The timely performance, provision and completion of the required services, work and materials is vitally important to the interests of the COUNTY. Time is of the essence for all of the duties and obligations contained in this Contract. The COUNTY may suffer damages in the event that the CONSULTANT does not accomplish and complete the required services in a timely manner. The CONSULTANT agrees to employ, engage, retain and/or assign an adequate number of qualified personnel throughout the period this Contract is in effect so that all CONSULTANT SERVICES will be provided and performed in a timely and diligent manner. Alternatively, the COUNTY, in its sole discretion, may terminate this Contract.

As an alternative to termination, the COUNTY may also, at its option, upon written notice to the CONSULTANT, withhold any and all payments due and owing to the CONSULTANT, not to exceed the amount of the compensation for any work in dispute, until such time as the CONSULTANT resumes performance of its obligations in such a manner as to get back on schedule in accordance with the time and schedule of performance requirements set forth in this Contract, or as set forth in any MODIFICATION(S), TASK ORDER(S), or CHANGE ORDER(S) issued pursuant thereto.

SECTION 9 - STANDARDS OF PROFESSIONAL SERVICE

The work and services to be provided and/or performed by the CONSULTANT shall be done in accordance with the generally accepted standards of professional practice and in accordance with the laws, rules, regulations, ordinances, codes, policies, standards or other guidelines issued by any governmental agency having jurisdiction over all or a portion of any work performed under this Contract in effect at the time the COUNTY executes this Contract and/or which may subsequently be changed or revised. All final documents, reports, studies, or other data prepared by the CONSULTANT shall bear a professional's seal/signature in accordance with the applicable Florida Statutes and/or any applicable Administrative Rules promulgated by the Florida Department of Business and Professional Regulation (where applicable).

SECTION 10 - CONSULTANT'S QUALITY CONTROL

10.01- RESPONSIBILITY TO CORRECT

NotaryCam DocID:5fdcfedd5061200011c0e95d

11.02 The COUNTY will monitor the CONSULTANT'S work product for compliance with project standards and criteria and may make comments and recommendations to the CONSULTANT regarding the work. However, any such monitoring or comments and recommendations by the COUNTY, or absence thereof, shall not relieve the CONSULTANT of any of its obligations under this Contract. The CONSULTANT retains sole authority and responsibility for the adequacy and accuracy of its CONSULTANT services in accordance with generally accepted practices.

SECTION 12 - DOCUMENTS

The documents which comprise this Contract between the COUNTY and the CONSULTANT consist of the following:

12.01 This Contract.

12.02 Request for Statement of Qualifications –RSQ-DS-20-056.

12.03 Any written amendments, modifications or Addenda to this Contract.

12.04 Any Task Orders issued pursuant to this Contract and executed by the Board of County Commissioners or the County Administrator or his designee.

12.05 Consultant's Response to the RSQ.

SECTION 13 - COMPLIANCE WITH LAWS AND REGULATIONS

The CONSULTANT shall observe and comply with all applicable federal and state laws, COUNTY and municipal ordinances, and the rules and regulations of all authorities having jurisdiction over any project or work performed pursuant to this Contract. All applicable federal, state, and local laws and ordinances are deemed to be included in this Contract the same as though herein written out in full.

SECTION 14 - PROHIBITION AGAINST CONTINGENCY FEES

The CONSULTANT warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for CONSULTANT to solicit or secure this Contract and that CONSULTANT has not paid or agreed to pay any person, company, corporation, individual or firm, other than a bona fide employee working solely for CONSULTANT, any fee, commission, percentage, gift or any other consideration contingent upon or resulting from the award or making of this Contract. For the breach or violation of this provision, the COUNTY shall have the right to terminate this Contract without liability, and at its discretion, to deduct from the contract price, or otherwise recover, the full amount of such fee, commission, percentage, gift or consideration.

SECTION 15 - TRUTH-IN-NEGOTIATIONS/PUBLIC ENTITY CRIMES AFFIDAVIT

The CONSULTANT certifies that wage rates and other factual unit costs supporting the compensation are accurate, complete, and current at the time of contracting. The original contract price and any additions thereto shall be adjusted to exclude any significant sums by which the COUNTY determines the contract price was increased due to inaccurate, incomplete, or non-current wage rates and other factual unit costs. CONSULTANT represents that it has furnished a Public Entity Crimes Affidavit pursuant to Section 287.133, Florida Statutes.

SECTION 16 - COMPLIANCE WITH PUBLIC RECORDS ACT

The CONTRACTOR shall comply with the requirements of Florida's Public Records Act, Chapter 119, Florida Statutes. To the extent required by Section 119.0701, Florida Statutes, CONTRACTOR shall (a) keep and maintain public records required by the County to perform the service under the Contract; (b) upon request from the County's custodian of public records provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided for

NotaryCam DocID:5fdcfedd5061200011c0e95d

this Contract. The COUNTY may suffer damages in the event that the CONSULTANT does not accomplish and complete the required and authorized professional services in a timely manner. The COUNTY and the CONSULTANT agree that the completion dates of the various individual Task Order(s) to be issued pursuant to this Contract are critical.

19.02 The CONSULTANT expressly agrees to employ, engage, retain and/or assign an adequate number of personnel throughout the Term of this Contract so that all services and/or work performed hereunder will be provided and completed in a timely and diligent manner without interruption or delay.

19.03 Should the CONSULTANT be obstructed or delayed in the prosecution or completion of its services as a result of unforeseeable causes beyond the control of the CONSULTANT, and not due to its own fault or neglect, including but not restricted to acts of God or of public enemy, acts of government or of COUNTY including any of its agents or employees, fires, floods, epidemics, quarantine regulations, strikes or lockouts, then the CONSULTANT shall notify the COUNTY in writing within ten (10) calendar days after commencement of such delay, stating the cause or causes thereof, or shall be deemed to have waived any right which the CONSULTANT may have had to request an extension to the time specified in this Contract.

19.04 No interruption, interference, inefficiency, suspension or delay in the commencement or progress of the CONSULTANT'S services for any cause whatsoever, including those for which the COUNTY, including any of its agents or employees, may be responsible in whole or in part, shall relieve the CONSULTANT of its duty to perform or give rise to any right to damages or additional compensation from the COUNTY.

The CONSULTANT'S sole remedy against the COUNTY in the event of such interruption, interference, inefficiency, suspension or delay in the commencement or progress of such services shall be the right to seek an extension to the time stated in this Contract. However, such extension shall not operate as a waiver of any other rights of the COUNTY. This section shall expressly apply to claims for early completion, as well as claims based on late completion.

SECTION 20 - INSURANCE

20.01 The CONSULTANT shall not commence any work pursuant to this Contract until satisfactory proof of all insurance required hereunder has been provided to and approved by the COUNTY. It shall be the responsibility of the CONSULTANT to ensure that all SUB-CONSULTANT(S) performing services pursuant to this Contract comply with the insurance requirements of this provision. The CONSULTANT shall furnish to the COUNTY certificate(s) of insurance in the form required by COUNTY and, if requested by the COUNTY, CONSULTANT shall provide certified copies of all required insurance policies. The certificate(s) of insurance shall clearly indicate that the CONSULTANT has obtained insurance of the type, amount, and classification required for strict compliance with this Contract and that no reduction in coverage or in limits, suspension, or cancellation of the insurance shall be effective without thirty (30) days prior written notice to the COUNTY. All certificate(s) of insurance shall be signed by a person authorized by that insurer to bind coverage on its behalf. Each insurance policy required by this Contract shall be endorsed to state that coverage shall not be suspended, voided, cancelled, reduced in coverage or in limits, except after thirty (30) days prior written notice by certified mail (return receipt requested) has been given to the COUNTY to the attention of the Pasco County Risk Manager, West Pasco Government Center, 8731 Citizens Drive, New Port Richey, Florida 34654. In the event any insurance coverage expires prior to the expiration of this Contract, a renewal certificate shall be issued thirty (30) days prior to said expiration. Compliance with the foregoing requirements shall not relieve the CONSULTANT of any liability and/or other obligations pursuant to this Contract. Neither approval by the COUNTY, nor a failure to disapprove insurance certificates or policies furnished by the CONSULTANT, shall release the CONSULTANT from full responsibility of all liability or its obligations under this Contract.

20.02 All insurance policies shall be issued by responsible companies authorized to do business under the laws of the State of Florida. Said insurance companies shall have an "A" policyholders' rating, have a financial rating of at least Class VIII in accordance with the most current Best Key Rating Guide, and shall be satisfactory to the COUNTY. Policies of insurance required by this the Contract shall be primary insurance

NotaryCam DocID:5fdcfedd5061200011c0e95d

CONSULTANT shall maintain during the term of this Contract standard professional liability insurance in the minimum amount of $1,000,000.00 per occurrence.

SPECIAL INSTRUCTIONS. Occurrence form professional liability insurance is highly preferred, however, in the event CONSULTANT is only able to secure claims-made professional liability insurance, special conditions apply. All certificates of insurance must clearly indicate whether the coverage is on a claims-made basis. Should coverage be afforded on a claims-made basis, CONSULTANT shall be obligated by virtue of this Contract to maintain insurance coverage in effect with no less than limits of liability nor any more restrictive terms and conditions for a period of seven (7) years from the date of this Contract. All Certificates of Insurance must clearly indicate whether the coverage is on a claim made or an occurrence basic.

SECTION 21 - SUSPENSION OF WORK

In addition to the COUNTY'S contractual right to terminate this Contract in its entirety as set forth above, the COUNTY may, at its convenience, stop, suspend, supplement or otherwise change all, or any part of, the CONSULTANT SERVICES set forth herein. The COUNTY shall provide written notice to the CONSULTANT in order to implement a stoppage, suspension, supplement or change. If any engineering, professional or consulting services covered by this Contract to be carried out by the CONSULTANT shall be suspended, abated, or terminated at the direction of the COUNTY for reasons unrelated to the quality of work provided by the CONSULTANT, the COUNTY shall pay the CONSULTANT for such services actually rendered prior to the suspension, abatement, or termination, and any reasonable additional costs incurred by the CONSULTANT to effectuate an orderly closing of its activities, with the payment to be based insofar as possible on the fees established in this Contract.

SECTION 22 - TERMINATION OF CONTRACT BY THE COUNTY

This Contract may be terminated by the COUNTY, with or without cause, upon ten (10) days written notice. If this Contract is so terminated, CONSULTANT shall be paid for all work performed, and accepted by the COUNTY pursuant to the terms and conditions of this Contract, up to the date of termination. Upon termination of this Contract by the COUNTY, CONSULTANT shall promptly deliver to the COUNTY copies of all then completed deliverable items and all plans, reports, studies, calculations, maps, graphics, and other documents that directly support the deliveries prepared by CONSULTANT.

SECTION 23 - CONTROLLING LAW

This Contract is to be governed by the laws of the state of Florida. The venue for any litigation resulting out of this Contract shall be in Pasco County, Florida, at the West Pasco Judicial Center.

SECTION 24 - SUCCESSORS AND ASSIGNS

The COUNTY and CONSULTANT respectively, bind themselves, their partners, successors, assigns, and legal representatives to the other party to this Contract and to the partners, successors, assigns and legal representatives of such other party with respect to all covenants of this Contract. The CONSULTANT shall not assign or transfer any interest in this Contract without the prior written consent of the COUNTY.

SECTION 25 - EXTENT OF CONTRACT

25.01 This Contract represents the entire and integrated contract between the COUNTY and CONSULTANT and supersedes all prior negotiations, representations, or contract, either written or oral.

25.02 This Contract may only be amended, supplemented, modified, or changed by a written instrument executed by both parties hereto.

NotaryCam DocID:5fdcfedd5061200011c0e95d

Neither the COUNTY nor any of its employees shall have any control over the conduct of CONSULTANT or any of CONSULTANT'S employees, except as herein set forth, and CONSULTANT expressly warrants not to represent at any time or in any manner that CONSULTANT or any of CONSULTANT'S agents, servants or employees are in any manner agents, servants or employees of the COUNTY. It is understood and agreed that CONSULTANT is and shall at all times remain as to the COUNTY, a wholly independent CONSULTANT and that CONSULTANT'S obligations to the COUNTY are solely as prescribed by this Contract.

SECTION 31 – E-VERIFY PROGRAM/AUDIT COOPERATION

The CONSULTANT shall be required to register with and utilize the U.S. Department of Homeland Security's E-Verify system, in accordance with all the terms governing the use of the system, to confirm the employment eligibility of all new hires employed by the CONSULTANT during the term of any affected Agreement or length of Project to perform employment duties within Florida and all person, contractors, including subcontractors, assigned by the CONSULTANT to perform work pursuant to the Agreement. The CONSULTANT shall be obligated to verify compliance with this E-Verify by completing such forms as may be required by the State of Florida or its departments or agencies or to provide such other documentation verifying compliance as may be requested by the COUNTY. In addition, the CONSULTANT shall obtain and retain affidavits from any subconsultants utilized for this Agreement verifying that such subconsultants do not employ contract or subcontract with any unauthorized aliens as defined in 8 U.S.C.s.1342a(h)(3). Failure to comply with this requirement would serve as grounds for termination of the Agreement as well as such additional penalties as provided under Section 448.095, Fla, Stat.

The COUNTY reserves the right to request verification of compliance from the CONSULTANT during the term of this Contract and for a period of up to five (5) years thereafter. Should a COUNTY retained CONSULTANT and/or its SUBCONSULTANTS be found to be non-complaint with E-VERIFY as part of a federal audit or other inquiry, the CONSULTANT and/or its SUBCONSULTANT(S) will be solely responsible for the payment of any fines or costs imposed upon the COUNTY as a result of such noncompliance.

By accepting a Task Order which will be funded through state funds, the CONSULTANT specifically agrees to cooperate with any audit of such funds initiated by the State Auditor General or the state agency providing the funds in question.

SECTION 32 - WAIVER OF BREACH

Waiver by either party of a breach of any provision of this contract shall not be deemed as a waiver of any other breach and shall not be construed to be a modification of the terms of this contract.

SECTION 33 - SEVERABILITY

In the event any one or more of the provisions contained in this Contract shall for any reason be held invalid, illegal, or unenforceable in any respect, the invalidity, illegality, or unenforceability shall not affect any other provision and this Contract shall be construed as if the invalid, illegal, or unenforceable provision had never been contained in it.

SECTION 34 - EXECUTION IN COUNTERPARTS

For the convenience of the parties and to facilitate execution, this Contract may be executed in two (2) or more counterparts, each of which shall be deemed an original, but all of which shall constitute one and the same document.

SECTION 35 - NON-DISCRIMINATION

During the performance of this Agreement, the PROFESSIONAL herein assures the COUNTY that said PROFESSIONAL is in compliance with Title VII of the 1964 Civil Rights Act, as amended, and The Florida Civil Rights Act of 1992 in that the PROFESSIONAL does not on the grounds of race, color, national origin, religion,

NotaryCam DocID:5fdcfedd5061200011c0e95d

IN WITNESS WHEREOF, the parties have caused this Contract to be executed by their duly authorized representatives effective as of the last day of execution below.

BOARD OF COUNTY COMMISSIONERS
AGENDA MEMORANDUM

COMMISSION DISTRICT: ALL **FILE NO.**: PU20-0035 **DATE**: 06/23/2020

SUBJECT: Approve Authorization to Shortlist and Delegate Negotiation and Execution of Agreements to County Administrator for RSQ-DS-20-056 - Continuing Professional Services for Pasco County Utilities – Multiple Firms - No Funding Required

THRU: Erik K. Breitenbach, P.E., CEM, Assistant County Administrator (Internal Services)

FROM: Stacey Ziegler, Internal Services, Purchasing Director

RECOMMENDED BOARD ACTION:
Approve the Evaluation Committee's recommendation to shortlist the proposed firms for each category listed below; and delegate authorization to the County Administrator to negotiate and execute a contract with the firms from each category (equally), in order to secure an agreements for RSQ-DS-20-056 for continuing professional services for Pasco County Utilities (PCU).

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:
On January 21, 2020, at the request of the Engineering Services Department, the Purchasing Department solicited a Request for Statement of Qualifications (RSQ) RSQ-DS-20-056 for continuing professional services for Pasco County Utilities. The specifications were prepared by the Engineering Services Department. The negotiated Agreements will be executed no later than nine months from the date of this Board meeting. All provisions of the Purchasing Ordinance have been met.

On February 25, 2020, all responses received were publicly opened with the names of the responding firms being read. Two hundred forty vendors received automatic e-mail notices; twenty of which were from Pasco County. One hundred and eight manually searched for and downloaded the solicitation; Five of which were from Pasco County. Thirty-eight responses were received; six of which were from Pasco County. A summary of the download history for this solicitation is attached.

A five-member committee evaluated the subject responses. The Evaluation Committee members were: Michael Carballa, Assistant County Administrator (Public Infrastructure); Sarah Rodriguez, Utilities Engineering Manager; Charles Cullen, Utilities Engineering and Contracts Management Director; Kimberly Rogers, Engineering Manager; Timothy Treshler, Senior Project Manager Public Infrastructure – Solid Waste.

On May 11, 2020, at a properly noticed public meeting, the Evaluation Committee discussed and carefully considered each proposers' qualifications and experience. The Evaluation Committee thereafter scored all responsive firms and found that the following firms are equally qualified for the specified professional engineering services listed below:

Category 1: Water, Wastewater, and Reclaimed Water Treatment & Storage Systems

McKim & Creed, Inc.
Carollo Engineers, Inc.
Arcadis U.S. Inc.
Ardurra Group, Inc.
Hazen and Sawyer
Freese and Nichols, Inc.

Category 2: Water, Wastewater, and Reclaimed Water Conveyance Systems

Florida Design Consultants, Inc.
Stroud Engineering Consultants, Inc.
Kimley-Horn and Associates, Inc.
McKim & Creed, Inc.
Ardurra Group, Inc.
Cardno, Inc.
George F. Young, Inc.
Mead and Hunt, Inc.

Category 3: Water, Wastewater, and Reclaimed Water Planning

Carollo Engineers, Inc.
Hazen and Sawyer
Freese and Nichols, Inc.
Arcadis U.S. Inc.
Black and Veatch Corporation

Category 4: Electrical and Instrumentation/Controls

Enercon Services, Inc.
Benro Enterprises, Inc. d/b/a Rocha Controls, Inc.
McKim & Creed, Inc.
Black and Veatch Corporation

Category 5: Survey

D.C. Johnson & Associates, Inc.
Florida Design Consultants, Inc.
George F. Young, Inc.
DRMP, Inc.

Category 6: Geotechnical

Professional Service Industries, Inc.
AREHNA Engineering, Inc.
Tierra, Inc.

Upon Board of County Commissioners (BCC) approval, PCU Engineering and Contract Management Department can begin meaningful discussions with the above-listed firms in the specific continuing professional service category as outlined above in hopes of securing an agreement. The resulting agreements will be presented to the County Administrator for review and execution with no funding required. The PCU intends to contract with all the firms selected for each category to ensure availability, competition, and sufficient coverage for the numerous projects and work anticipated for the coming years. Funding approval for future projects under the Agreements will be approved according to the thresholds of the Purchasing Ordinance.

FISCAL IMPACT/COST/REVENUE STATEMENT:
Funding is not required at this time.

DISTRIBUTION:
None.

SUBJECT: AAR No.2 – Cypress Creek Road and County Line Road Intersection Improvements – Kamminga & Roodvoets, Inc., $20,359.63.

REFERENCES: Work Order No. X11235.10.

The Agreement with Kamminga & Roodvoets, Inc. for the construction of the Cypress Creek Road and County Line Road Intersection Improvements was executed on August 19, 2025, in the amount of $846,248.60. The Agreement expires on July 4, 2026. The Agreement includes an AAR (Allowance Authorization Release) in the total amount of $71,930.00 and 60 calendar days.

These items are due to changes in the field and discrepancies between estimated plan quantities and actual field measurements and to eliminating a joint in the tire path, as these additional expenses were not included in the Agreement amount. Payment will be made through the AAR process for the addition of items 110-1-1 for Clear & Grub, 327-70-6 for Milling Existing Asphalt Pavement, 1-1/2-inch Depth, and 334-1-53 for SuperPave Asphaltic Concrete SP-12.5 Traffic Level C PG76.

This memo requests approval of AAR No. 2 (two originals) in the amount of $20,359.63. The current and all previously approved AARs are shown below.

AAR	Description	Additional Fee ($)	Additional Calendar Days	Remaining Allowance Total ($)
No. 1	Removal of 1 each Item 649-1-14 and Addition of 1 each Item 649-1-14A	$1,843.94	0	$70,086.06
No. 2	Addition of Items 110-1-1, 327-70-6, and 334-1-53	$20,359.63	0	$49,726.43

Allowance Work included in Agreement	$71,930.00	0 Days
Allowance Work in AAR No. 1	$1,843.94	0 Days
Allowance Work in this AAR No. 2	$20,359.63	0 Days
Remaining Allowance Work Balance	**$49,726.43**	**60 Days**

If the above meets with your approval, please sign both originals and forward for further processing.

TRANSPORTATION ENGINEERING DEPARTMENT

727.834.3604 I Sunset Building I 5418 Sunset Road I New Port Richey, FL 34652

AGREEMENT

THIS AGREEMENT is made and entered into by and between PASCO COUNTY, FLORIDA, by and through its Board of County Commissioners, hereinafter called COUNTY, and Kamminga & Roodvoets, Inc., hereinafter called the CONTRACTOR, whose business address is 5219 Cone Road, Tampa, FL 33610.

WITNESSETH THAT:

In consideration of the mutual covenants and provisions contained herein, the parties hereto agree as follows:

1. The CONTRACTOR shall provide to the COUNTY, within the Contract Time, all labor, materials, and appurtenances thereto per the requirements set forth in the Contract Documents for:

   Solicitation Title: Cypress Creek Road and County Line Road Intersection Improvements

   Bid No.: IFB-KM-25-068

2. The CONTRACTOR shall complete the Work to be performed under this Agreement within 180 calendar days (the initial Contract Time) from the date of the Notice to Proceed issued by the COUNTY.

3. In addition to the number of calendar days specified for the initial Contract Time in the preceding paragraph, 60 calendar days have been included in the overall Contract Time for allocation to the CONTRACTOR for performance of Allowance Work in accordance with the Allowances provision of the Contract Documents.

4. **Time is of the essence for this Agreement.** Timely completion of the Work after the issuance of the aforesaid Notice to Proceed is of central importance to the COUNTY. This Project has certain various critical milestones to be met.

5. **Liquidated damages shall apply to compensate for delays.** The parties acknowledge and agree that the damages to the COUNTY associated with any delay in completion of the Project are not readily ascertainable as of the time of execution of this Agreement, and concur that the sum of $ 1685.00 per diem, bears a reasonable relationship to the actual damages which the COUNTY would suffer as a consequence of any such delay in completion of the Work. The parties agree that such sums are reasonable and would not constitute a penalty against the CONTRACTOR. In arriving at these sums, consideration has been given to the loss to the public of the use of the Project due to delay, the additional administrative costs caused by any delay, higher labor and material costs associated with delay, risks associated with litigation from delay, and other factors. Failure to complete the Work by any Milestone Date(s) set forth in the agreed

upon Work Schedule or in this Agreement, up to and including that for Final Completion, therefore, shall entitle the COUNTY to deduct these sums from the Contract Price for each day of delay in meeting each such Milestone Date. The amounts of Liquidated Damages for individual Milestone Dates are additive for each day of delay they are concurrently in effect.

6. This Agreement includes and incorporates by reference all Contract Documents, as the term Contract Documents is defined within Article 1 of the General Conditions.

7. The total Contract Price for the full and complete performance by Contractor of all Work required by the Contract Documents shall not exceed $ 846,248.60, unless otherwise modified as provided herein. The total Contract Price includes **$100.00** for Indemnification, **$100.00** for termination for convenience, $ 71,930.00 for Allowance Work, and $ N/A for Alternate No. N/A. Payment shall be made not more often than once per month and in accordance with the Contract Documents.

8. During the performance of this Agreement, the CONTRACTOR herein assures the COUNTY that said CONTRACTOR is in compliance with Title VII of the 1964 Civil Rights Act, as amended, and The Florida Civil Rights Act of 1992 in that the CONTRACTOR does not on the grounds of race, color, national origin, religion, sex, age, handicap or marital status, discriminate in any form or manner against the employees of the CONTRACTOR or its applicants for employment. The CONTRACTOR understands and agrees that this Agreement is conditioned upon the veracity of this Statement of Assurance. Furthermore, the CONTRACTOR herein assures the COUNTY that said CONTRACTOR shall comply with Title VI of the Civil Rights Act of 1964 when any Federal grant is involved. Other applicable Federal and State laws, executive orders and regulations prohibiting the type of discrimination as hereinabove delineated are included by this reference thereto. This Statement of Assurance shall be interpreted to include Vietnam Era Veterans and Disabled Veterans within its protective range of applicability.

9. The CONTRACTOR shall furnish to the COUNTY (when and in the manner required by the Contract Documents) all appropriate Certificates of Insurance, and a Performance Bond and/or Payment Bond for the Contract Price within ten (10) days following Notification of Award.

10. The COUNTY and the CONTRACTOR acknowledge the acceptance from the Bid Proposal of the following Alternate(s).

No. N/A	No. _____	No. _____	No. _____
No. _____	No. _____	No. _____	No. _____

The COUNTY and the CONTRACTOR acknowledge that the corresponding price as shown in the

Bid Proposal for each accepted Alternate is incorporated in the amount of compensation specified in paragraph 7 above.

11. The COUNTY and the CONTRACTOR acknowledge that all addendums issued with respect to this Project are herein incorporated into the list of Contract Documents listed in Article 1 of the General Conditions.

12. The funding required for this Project is contingent upon the availability of County funds and the appropriation of such funds by the Board of County Commissioners.

13. This Agreement and any changes hereto shall constitute the entire agreement between CONTRACTOR and COUNTY relating to Work. This Agreement supersedes all previous or contemporary representations or warranties of COUNTY or CONTRACTOR not set forth or referenced in the Contract Documents.

14. Except as specifically provided herein, no modification, waiver, termination, rescission, discharge, or cancellation of this Agreement, or of any term thereof, shall be binding on the COUNTY unless in writing and executed by the Board of County Commissioners.

15. Waiver by the COUNTY of a breach of any provision of this Agreement by the CONTRACTOR shall not be deemed to be a waiver or any other breach and shall not be construed to be a modification of the terms of this Agreement.

16. No modification, waiver, termination, discharge, or cancellation of the Agreement or of any terms thereof shall impair the rights of the COUNTY with respect to any liabilities, whether or not liquidated, of the CONTRACTOR to the COUNTY theretofore accrued.

17. The duties and obligations imposed upon the CONTRACTOR by this Agreement and the rights and remedies available hereunder, shall be in addition, and not limited, to any otherwise imposed or available in law or in equity, whether by statute, special guarantee, or otherwise.

18. The CONTRACTOR shall at all times remain an independent contractor and shall have no power, nor shall the CONTRACTOR represent that the CONTRACTOR has any power, to bind COUNTY or to assume or to create any obligation expressed or implied on behalf of the COUNTY.

19. This Agreement shall be binding upon, and its benefits and advantages shall inure to the heirs, personal representatives, successors and assigns of the parties hereto.

20. The parties agree that if any part, term, or provision of this Agreement is held to be illegal, unenforceable or in conflict with any applicable federal, state or local law or regulation, such part, term or provision shall be severable with the remainder of the Agreement remaining valid and enforceable.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the last day written below (bid award date for the Project subject thereto).

SUBJECT: Task Order No. TED26-0150 – Cumbey and Fair, Inc. – Equal Employment Opportunity Compliance Services for the School Road Multi-Use Path (From Community Center Road to U.S. Highway 41) – $25,390.95

Summary: Approve Task Order No. TED26-0150 in the total Not to Exceed (NTE) amount of $25,390.95 for Fiscal Year (FY) 2026 with Cumbey and Fair, Inc. (Cumbey and Fair) to provide Equal Employment Opportunity compliance services as required by the Local Agency Program (LAP) Agreement between Pasco County and the Florida Department of Transportation for the School Road Multi-Use Path from Community Center Road to U.S. Highway 41 (the Project) (TED25-0348).

Background: On December 20, 2023, the County Administrator approved the Professional Services Agreement for continuing miscellaneous professional engineering services with Cumbey and Fair, effective October 1, 2023, pursuant to solicitation no. RSQ-KM-23-060 (PU23-0036; NI24-0206). The Agreement allows the Transportation Engineering Department (TED) to issue task orders for services related to planning, design, construction, installation, operation, and administration of Transportation Capital Improvement Program projects (IOM No. PMM24-010).

Services: Cumbey and Fair shall monitor and ensure that the construction contractor complies with all provisions of federal Form FHWA-1273 throughout the duration of the Project., Form FHWA-1273 contains mandatory federal requirements for all highway construction contracts receiving Federal-aid funding, including, but not limited to, Equal Employment Opportunity, federal wage and labor standards, and Disadvantaged Business Enterprise requirements. The services for this Task Order are further detailed in the attached Exhibit "A," Scope of Services.

Time for Completion: The services for this Task Order shall begin upon issuance of the Notice to Proceed (NTP) and be completed within 90 calendar days following the issuance of the Certificate of Final Completion to the construction contractor.

Fees: The fee summary, provided in the attached Exhibit "B," has been evaluated by the TED team and found

TRANSPORTATION ENGINEERING | PROJECT MANAGEMENT
727.834.3604 | Sunset Building | 5418 Sunset Road | New Port Richey, FL 34652

to be reasonable.

The Project involves the construction of an 8-foot-wide concrete multi-use path extending approximately 1,000 feet along east side of School Road from Community Center Road to U.S. Highway 41. Construction duration is anticipated to be approximately one-hundred and sixty (160) calendar days.

Project Phase	Schedule Start	Schedule Finish	Fiscal Year	Budget Amount
Design	May 2024	April 2025	2024	$74,522.00
Construction	April 2026	October 2026	2026	$278,521.30
Equal Employment Opportunity (EEO) Compliance Services	April 2026	October 2026	2026	$25,390.25
			Total:	**$378,433.55**

Funding in the amount of $25,390.95 is budgeted and available for FY 2026 in the Mobility Fees Central Bike/Ped Fund, Transportation Engineering Department, Project Number 23013.

The Project Management Division of TED, with the Purchasing Department's concurrence, requests approval of Task Order No. TED26-0150 with the Consultant in the LS amount of $25,390.95 for FY 2026.

Please contact Will Kelleher, P.E., with any questions or concerns.

PASCO COUNTY, FLORIDA

TASK ORDER NO. TED26-0150

School Road Multi-Use Path (From Community Center Road to U.S. Highway 41)

This Task Order No. TED26-0150 between Pasco County, Florida, by and through its Board of County Commissioners ("County"), and Cumbey and Fair, Inc. (Consultant), is executed pursuant to the Professional Services Agreement for solicitation no. RSQ-KM-23-060, effective as of October 1, 2023 ("Agreement"), which is incorporated herein by reference.

1. **SCOPE OF SERVICES**

The Scope of Services to be rendered by Consultant is described within Exhibit "A" of this Task Order, which is attached hereto and made part hereof as if fully set forth herein.

2. **TERM**

The term of this Task Order shall begin on the date the Task Order is signed by the County, and shall continue as set forth within Exhibit "A" of this Task Order. Any separate written Notice to Proceed issued pursuant to this Task Order shall become part of it.

3. **COMPENSATION AND METHOD OF PAYMENT**

The Consultant will be paid for these services in accordance with Exhibit "B" of this Task Order, the Fee Summary, which is attached hereto and made part hereof as if fully set forth herein. The maximum compensation amount under this Task Order is twenty-five thousand three hundred ninety and 95/100 dollars ($25,390.95).

4. **CONFLICT**

To the extent there is a conflict between the terms of the Agreement and this Task Order, the terms of the Agreement shall prevail.

[Signature Page Follows]

IN WITNESS WHEREOF, the parties hereto, by their duly authorized representatives, have executed this Task Order No. TED26-0150, effective the last date listed below.

March 2026

Pasco County Transportation Engineering Department
Project Management Division
5418 Sunset Rd.
New Port Richey, Florida 34652

I. DESCRIPTION OF SERVICES

The Consultant shall provide Equal Employment Opportunity (EEO) compliance services, including monitoring the construction contractor's performance and subcontractors' performance, to ensure complete compliance with all applicable federal requirements, including but not limited to, those requirements set forth under , federal Form FHWA-1273, including but not limited to, Title VI of the Civil Rights Act of 1964 requirements, Equal Employment Opportunity ("EEO") requirements, On-the-Job Training (OJT) requirements, Wages and Labor Standards requirements, Disadvantaged Business Enterprise ("DBE") requirements, related subcontractor monitoring requirements, and all other such requirements related to the funding of the Project (collectively "FHWA 1273 Compliance Requirements"). The Consultant shall provide these compliance services from pre-construction through the time specified in the Section IV (Length of Services) below for the School Road Multi-Use Path from Community Center Road to U.S. Highway 41 ("Project"), which is funded by the Florida Department of Transportation ("FDOT")'s Local Agency Program ("LAP").

The Project involves the construction of an 8 ft wide concrete multi-use path extending approximately 1,000 feet along east side of School Road. Construction of the Project will be performed by a construction contractor secured through the County's competitive solicitation process ("Construction Contractor"). The Consultant shall ensure the Construction Contractor and any subcontractors comply with all applicable FHWA 1273 requirements. Construction duration is anticipated to be approximately one-hundred and sixty (160) calendar days.

II. SCOPE OF SERVICES

The Consultant shall provide comprehensive FHWA 1273 compliance support for the Project to the County. Support activities include but are not limited to: coordination with FDOT's District 7 office and various auditing agencies, for example FDOT (or whomever FDOT has contracted with to perform this duty) and the Federal Highway Administration, as appropriate, to review, advise, and provide expert guidance on EEO compliance, Title VI compliance, and all other FHWA 1273 Compliance Requirements in connection with the Project. The Consultant shall serve as the project Resident Compliance Specialist (RCS) for the purpose of monitoring and ensuring compliance with all applicable federal regulations.

III. SERVICES TO BE PROVIDED

Task 1 FHWA 1273 Compliance Support and Training

1.1 General Support and Training

The Consultant shall:

1.1.1 Perform training services related to County's duties/responsibilities per the FHWA 1273 Compliance Requirements for the Project. Perform mock audits of County processes and LAP projects that are underway or complete to

ensure compliance is met prior to official audits.

1.1.2 Assist in the development and update of spreadsheets, checklists, and associated program and project materials for the Project.

1.1.3 Assist with duties related to FHWA 1273 Compliance Requirements.

1.1.4 Provide training to County staff related to FHWA 1273 Compliance Requirements and related matters including but not limited to those listed above.

1.1.5 Conduct Project pre-construction meetings to discuss DBE, EEO, OJT, and Prevailing Wage Rate Provisions and any other applicable FHWA 1273 required contract provisions for federal aid contracts with the Construction Contractor and ensure all relevant Project personnel attend the meeting.

1.1.6 Ensure the Construction Contractor provides a pre-construction package prior to beginning work; ensure pre-construction meeting minutes are distributed to all attendees, properly uploaded, and retained; and satisfy any other pre-construction FHWA 1273 requirements.

1.1.7 Issue and explain all relevant notices, procedures and forms, including those posted to the Project job-site bulletin board.

1.1.8 Ensure the Construction Contractor enters the anticipated DBE participation commitments into the federal Equal Opportunity Compliance (EOC) system prior to the pre-construction meeting.

1.1.9 Ensure that the Construction Contractor posts and maintains required notices and posters throughout the life of the Project, including the Construction Contractor's EEO policy, wage decision and additional classifications, if any.

1.1.10 Ensure the Construction Contractor incorporates the FHWA 1273 form into all Federal-aid subcontracts.

1.1.11 Monitor on-site compliance FHWA 1273 Compliance Requirements, EEO-required contract provisions, labor compliance and training special provisions, as applicable.

1.1.12 Review certified payrolls and labor interviews

1.1.13 Review and approve the DBE commitments and payments entered in EOC by the (prime) Construction Contractor.

1.1.14 If the Consultant discovers that the Construction Contractor has failed to adhere to applicable FWHA 1273 Compliance Requirements, Consultant shall, within 72 hours of discovery of the violation, issue a Notice of Noncompliance via email to the Construction Contractor. If Construction Contractor remains non-compliant 7 business days after the date that the Notice of

Noncompliance is sent via email, the Consultant shall issue a Deficiency Warning Letter to the Construction Contractor via email. If Construction Contractor remains non-compliant 7 business days after the date that the letter is sent via email, the Consultant shall provide a copy of the letter to the "Project Representative" for signature, as that term is defined in the construction contract for the Project. The Consultant is responsible for verifying the email address(es) for which to send all notices and letters.

1.1.15 Nothing in the above section shall prevent Consultant from taking other reasonable steps or shorter periods between corrective actions to ensure the Construction Contractor follows all FHWA 1273 Compliance Requirements.

1.1.16 The Consultant shall provide the County a written copy of all notices or documents regarding failure to comply with any requirements issued by the Consultant to the Construction Contractor or any subcontractor, including but not limited to any Notices of Noncompliance and Deficiency Warning Letters. The Consultant shall provide the County with such copies at the time the Consultant issues the notice or other document to the Construction Contractor or subcontractor, or as soon thereafter as practicable. The Consultant shall confirm the County's receipt of such copies.

1.1.17 The Consultant shall provide additional training and instructions regarding FHWA 1273 Compliance Requirements upon request from the Construction Contractor.

1.1.18 Prepare the required EEO reports and other reports required for compliance with FHWA-1273.

1.1.19 Address any FDOT review findings in a timely manner and notify the District Contract Compliance Manager (DCCM) and/or District Local Programs (LP) Administrator once all findings have been addressed.

1.2 LAP FHWA 1273 Training and Coordination

1.2.1 Organize, plan, prepare, and present all EEO training sessions required for the Project to receive/utilize LAP/federal funding.

1.2.2 Such training may be informal meetings to ensure the Construction Contractor and any subcontractor understand the requirements of FWHA 1273. Nothing in this paragraph shall prevent Consultant from using more formal means of training.

1.3 LAP Project Closeout

1.3.1 Consultant shall ensure resolution of outstanding Document

Requests, Notices of Non-Compliance (NNC) and Payroll Violations.

1.3.2 Consultant shall assemble, complete, and submit all FHWA 1273/EEO Compliance documents required for Substantial and Final Completion Audit and Project Closeout.

IV. LENGTH OF SERVICES

The services to be provided pursuant to Task Order TED26-0150 shall commence on the date specified in the written Notice to Proceed, which shall become part of the Agreement and Task Order. The services shall be completed within ninety days (90) calendar days after the Certificate of Final Completion is issued for the construction of the Project by the Construction Contractor.

V. COMPENSATION

Invoicing for the EEO compliance services under this Task Order shall be based on the agreed-upon Lump Sum amount, which is attached in Exhibit B to this Task Order and is based on the rates delineated in the Pasco County Professional Services Agreement between the County and the Consultant (awarded under Solicitation No. RSQ-KM-23-060). The Consultant will invoice the County monthly based on the portion of the work provided under the Task Order in the preceding month.

INTEROFFICE MEMORANDUM

DATE:	November 8, 2023	COMMISSION DISTRICTS: ALL	FILE NO.: PMM24-010

TO: Michael J. Carballa, P.E., County Administrator
Carrie C. Roberts, Purchasing Director

Branford N. Adumuah Digitally signed by Branford N. Adumuah Date: 2023.11.13 14:15:19 -05'00'

THRU: Branford N. Adumuah, Assistant County Administrator (Public Infrastructure)

FROM: Nick Uhren, P.E., County Engineer/Engineering Services Director NU

SUBJECT: Professional Services Agreements for RSQ-KM-23-060 (Continuing Miscellaneous Professional Engineering Services) – Multiple Vendors – No Funding Required

---

RECOMMENDED ACTION:

Approve the award of the Professional Services Agreements for Continuing Miscellaneous Professional Engineering Services for RSQ-KM-23-060 to the following firms: HNTB Corporation (HNTB); American Consulting Engineers of Florida, LLC (American); H.W. Lochner, Inc., (HW Lochner); Johnson Engineering, Inc. (Johnson); HDR Engineering, Inc. (HDR); Coastal Design Consultants, Inc. (Coastal); Cumbey and Fair, Inc. (Cumbey); AECOM Technical Services, Inc. (AECOM); WSP USA, Inc. (WSP); Kisinger, Campo & Associates, Corp. (KCA); DRMP, Inc. (DRMP); Burgess & Niple, Inc. (Burgess); Ayres Associates Inc. (Ayres); Pennoni Associates Inc. (Pennoni); and Atkins North America, Inc. (Atkins); for a three-year contract term with two optional one-year renewals, unless canceled in accordance with the solicitation documents.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

On March 15, 2023, at the request of the Project Management Division, the Purchasing Department solicited a Request for Statements of Qualifications (RSQ) RSQ-KM-23-060 for Continuing Miscellaneous Professional Engineering Services. The specifications were prepared by the Project Management Division. All provisions of the Purchasing Ordinance have been met.

On April 18, 2023, all responses received were publicly opened, with the names of the responding firms being read. One hundred and thirty-six vendors downloaded the solicitation. Twenty-seven responses were received, four of which were from Pasco County. A summary of the download history for this solicitation is attached.

A five-member committee evaluated the subject responses. The Evaluation Committee members were Branford Adumuah, Assistant County Administrator (Public Infrastructure); Adolfo Gonzalez, Utilities Engineering Director; Panos Kontses, Assistant Engineering Services Director;Clayton Watkins, Engineering Manager; and William Poon, Sr. Engineer. On May 17, 2023, at a properly noticed public meeting, the Evaluation Committee discussed and carefully considered each proposer's qualifications and experience as outlined in their proposals. After scoring, the ranking of the top fifteen responses were as follows: HNTB; American; HW Lochner; Johnson; HDR; Coastal; Cumbey; AECOM; WSP; KCA; DRMP; Burgess; Ayres; Pennoni; and Atkins. The Evaluation Committee voted and recommended that the fifteen firms should be shortlisted for negotiations.

On July 11, 2023, at the Board of County Commissioners (BCC) meeting, the shortlist for the Continuing Miscellaneous Professional Engineering Services RSQ-KM-23-060 was approved, which included the following fifteen firms in ranked

order: HNTB; American; HW Lochner; Johnson; HDR; Coastal; Cumbey; AECOM; WSP; KCA; DRMP; Burgess; Ayres; Pennoni; and Atkins. The BCC also delegated authority to the County Administrator under Section 2-110(c) of the Pasco County Purchasing Ordinance to negotiate and execute contracts with all shortlisted firms, in order to secure professional services for Continuing Miscellaneous Professional Engineering Services.

FISCAL IMPACT/COST/REVENUE STATEMENT:
Funding is not required for this action. Funding will be requested as needed based on issuance of Task Orders.

Please contact Clayton T. Watkins, P.E. with any questions or concerns.

DISTRIBUTION:
Return the original documents to Engineering Service Project Management for distribution to the Consultants.

APPROVALS:

Carrie C. Roberts, Purchasing Director — Date: 11/13/23

PASCO COUNTY PROFESSIONAL SERVICES AGREEMENT

THIS **PROFESSIONAL SERVICES AGREEMENT** (hereinafter referred to as "Agreement") by and between Pasco County, Florida, a political subdivision of the State of Florida, acting by and through its Board of County Commissioners (hereinafter referred to as "County"), and Cumbey and Fair, Inc., a Florida for-profit corporation licensed in the State of Florida, whose address is 2463 Enterprise Road, Clearwater, Florida 33763 (hereinafter referred to as "Consultant").

RECITALS:

WHEREAS, the County issued a Request for Statements of Qualifications (**RSQ-KM-23-060**), together with any addenda ("RSQ") for the **CONTINUING MISCELLANEOUS PROFESSIONAL ENGINEERING SERVICES,** to secure an experienced Consultant to render ongoing and as needed professional engineering services to implement the County's Transportation Capital Improvement Program (TCIP) and support other projects as assigned, as appropriate; and

WHEREAS, the Consultant submitted a response to the RSQ which was deemed by the County as the most responsive and responsible; and

WHEREAS, the Consultant desires to render certain architectural, engineering, and related services as defined in the Agreement and as more fully described in specific Task Orders that will be separately executed under this Agreement, and the Consultant hereby certifies it has the qualifications, experience, staff, and resources to perform those services; and

WHEREAS, the selection and engagement of the Consultant has been made by the County based on the Consultant's response to the RSQ and the County's solicitation process, and in accordance with the provisions of the Consultant's Competitive Negotiation Act, Chapter 287.055, Florida Statutes; and

WHEREAS, the Consultant hereby certifies that it has been granted and possesses a valid, current license to do business in the State of Florida and in Pasco County, Florida, issued by those state boards and/or governmental agencies responsible for regulating and licensing the professional services to be provided and performed by the Consultant pursuant to this Agreement; and

WHEREAS, the Consultant has been informed of and has reviewed the professional services required to be performed pursuant to this Agreement and is qualified, willing, and able to provide and perform all such services in accordance with the provisions, conditions, and terms hereinafter set forth in this Agreement and any executed Task Orders and Change Orders; and

NOW, THEREFORE, in consideration of the mutual covenants, terms, and provisions contained herein, the parties, as indicated by their respective execution of this Agreement, agree that a Contract shall exist between the County and the Consultant specifically consisting

of:

SECTION 1 – DEFINITIONS

The following definition of terms associated with this Agreement is provided to establish a common understanding between both parties to this Agreement as to the intended usage, application, interpretation, and meaning of such terms as they appear throughout this Agreement.

1.1 – COUNTY

The term County shall refer to the Board of County Commissioners of Pasco County, a political subdivision of the State of Florida, and any official and/or employee thereof who shall be duly authorized to act on the County's behalf relative to this Agreement.

1.2 - COUNTY ADMINISTRATOR

The term County Administrator shall refer to the County Administrator of Pasco County, Florida, acting directly or through duly authorized representatives, which representatives are acting exclusively within the scope of the duties and authority assigned to them as set forth in this Agreement and pursuant to the Purchasing Ordinance of Pasco County, Florida.

1.3 – CONSULTANT

The term Consultant shall refer to the individual, company, or firm that will offer the Consultant Services which, by execution of this Agreement, shall be legally obligated, responsible, and liable for providing and performing any and all of the work, materials, and/or services including work and materials required under the covenants, terms, and provisions contained in this Agreement and any and all Modifications, Task Orders, or Change Orders issued pursuant thereto.

1.4 – CONSULTANT SERVICES

The term Consultant Services or Services shall refer to all the work, materials, and services, and all related professional, technical, and administrative activities which are necessary to be provided and performed by the Consultant, its employees, and any subconsultants that the Consultant may engage to provide, perform, and complete the services required pursuant to the provisions of this Agreement, any Task Order, and as authorized under the Consultants' Competitive Negotiation Act ("CCNA").

The Consultant Services outlined below describes the general work and responsibilities the Consultant will be expected to perform. The professional engineering services will be ongoing and as needed on a task-order basis, to implement the County's Transportation Capital

Improvement Program (TCIP), and will support other projects as assigned, including, but not limited to, the following:

- Professional Engineering: Provide comprehensive professional engineering services related to roadways, bridges, intersections, multi-use paths, sidewalks, and utility capital improvements. Engineering services may include support for administration, planning, surveying, design, traffic forecasting modeling, collecting traffic data for modeling, drainage and environmental permitting, , plan and other deliverable reviews, scope of services and staff-hour estimate production and reviews, project management, constructability, value engineering reviews/analyses, project advertisement and bidding (procurement), and Construction Phase services including construction engineering and inspection (CEI).

- Procurement/Bidding: Provide services in support of the County's procurement/ solicitation processes for design and construction contractors, including preparation and reviews of scopes of services and staff-hours, as well as fee estimates provided in solicitation responses. Provide services in support of advertisement and bidding through attending Pre-Bid meetings, addressing bidders' requests for information, and reviewing and providing analyses of bids.

- Services to the Public: Provide services in support of public awareness, engagement, and outreach, including but not limited to: participation, presentation, coordination, and notification of public workshops and group meetings; coordination with County Commissioners; preparation of multimedia presentations and materials; notification of property owners; social media outreach and engagement; project specific websites production; graphic design support; and other public notifications, as required. Assist with and document Title VI compliance with special needs requests at public meetings and venues including bilingual capabilities, as necessary.

- Planning: Provide services in support of Planning Phases through performance of feasibility assessments, Route and Pond Siting Studies and Reports, Project Development & Environment (PD&E) studies, and traffic operations studies including signal warrant analyses, roundabout evaluations, safety studies, Intersection Control Evaluations (ICE), and other reports as needed or requested.

- GIS: Provide GIS assistance, as directed, to support the needs of the County.

- Design: Provide services in support of design through tasks including:

    - Data Collection: survey, all platforms of LiDAR, geotechnical investigation, and subsurface utility engineering (SUE)

    - Traffic Design: Perform and assist with the management and review of traffic forecasting modeling, collecting traffic data for modeling, and collecting data for

volume projections

- Maintenance of Traffic Plans
- Roadway Design, Drainage and Floodplain Compensation, Utility Coordination, Signing and Pavement Markings, Pavement Design, Permitting, and Maintenance of Traffic
- Signalization Design: Signal Design, Intelligent Transportation System (ITS), Structural Design of Mast Arms and Strain poles
- Lighting Design: Photometrics and pole design
- Structural Design: Retaining Walls, Bridges, Mast Arms, Strain Poles, Foundations, and other structures.

- Environmental Permitting: Prepare, manage, and review applicable environmental studies and the completion of required engineering and environmental documentation necessary to obtain approval from appropriate federal and state agencies. This also includes coordination with appropriate agencies, local officials, interested parties, and the general public. Coordinate with the applicable environmental permitting agencies (Southwest Florida Water Management District, U.S. Army Corps of Engineers, Florida Department of Environmental Protection, etc.) on behalf of the County to secure the necessary permits on a per-project basis.

- Cultural and Historic Resources: Provide cultural resource program services pursuant to the programs and regulations promulgated by the Florida Department of State Division of Historical Resources, including, but not limited to, performance of archaeological/historic structures surveys and subsequent reports, and historic architectural design.

- General Support to the County: Provide staff with sufficient knowledge and expertise of the subject-matter outlined herein, either on a full- or part-time basis, as requested by the County, to act as an extension of the County's staff. Provide services to the County in Project Management, Permitting, Construction, and other services to supplement County's resources. Provide other similar and/or associated services to the County on an as needed basis.

- Survey Assistance: Provide survey support services through performance of required surveys and title searches, development of right-of-way maps, legal descriptions, and parcel sketches, producing graphics, attending meetings, furnishing trial exhibits, and providing expert witness testimony.

- Quality Control: Provide services in support of miscellaneous plan, report, and other

engineering document reviews, including quality control, value engineering, and constructability reviews. The Professional shall be responsible for ensuring that work products submitted to the County by other professional/consulting firms conform with County standards and criteria, are of acceptable quality, and are constructible.

- Construction: Provide services in support of construction through constructability review of construction plans and specifications for contract bids, prepare construction duration estimates, prepare Traffic Control Plans (TCPs) upon request, attend pre-construction and progress meetings, provide contract management and schedule-keeping services, review shop drawings and other submittals, respond to contractor Requests for Information, provide construction engineering and inspection (CEI) services, and assist with construction projects closeouts.

- Transportation: Provide services in Intelligent Transportation Systems Support Services, prepare Advanced Traffic Management Systems (ATMS) plans, determine feasibility, and develop conceptual and design plans.

- County's FDOT Local Agency Program: Provide services in support of the County in the FDOT's Local Agency Program (LAP) process, in design, construction, and project closeout. Provide services in support of the County in the FDOT LAP Equal Employment Opportunity (EEO) assistance document processing in design, construction, and project closeout.

- Grant Writing: Provide services in support of grant writing for pursuits of State and Federal funding for various County programs and/or projects.

Work will be assigned on a task-order basis in the County's sole discretion.

1.5 – SUBCONSULTANT

The term Subconsultant shall refer to any individual, company, or firm offering Consultant Services that is engaged by the Consultant to assist the Consultant in providing and performing the Consultant Services for which the Consultant is contractually obligated, responsible, and liable to provide and perform pursuant to the provisions of this Agreement. The use of any Subconsultant(s) must be approved in writing by the County Administrator or his designee before such Subconsultant(s) may be retained by the Consultant.

The County shall not be a party to, responsible or liable for, or assume any obligation whatsoever for any agreement or contract entered into between the Consultant and any Subconsultant.

1.6 – ADDITIONAL SERVICES

The term Additional Services shall refer to such Consultant Services the County may request or

authorize the Consultant to provide or perform relative to this Agreement which are not included in the Agreement or Task Order. Additional Services shall be authorized by the execution of both parties to this Agreement of a Modification, a new Task Order, or a Change Order. Additional Services shall constitute a continuation of the Consultant Services under this Agreement and shall be provided and performed in accordance with the covenants, terms, and provisions set forth in this Agreement.

1.7 – MODIFICATION

The term Modification shall refer to a written document executed by both the County and the Consultant setting forth and authorizing Consultant Services or tasks which were not set forth in and are supplemental to this Agreement.

The amount of the change in contract compensation and time set forth in any Modification(s) executed and issued under this Agreement shall be understood and agreed by both the County and the Consultant to be fair, equitable, and adequate, and to represent the total of all costs associated with said Modification.

1.8 – TASK ORDER

The term Task Order shall refer to a written document executed by both parties to this Agreement, for which an individual Notice to Proceed may be issued that delineates a fixed number of days for completion of the specified Consultant Services, tasks, or scope of work set forth in the Task Order.

Through a properly executed Task Order and Notice to Proceed, the County provides authorization and notification to the Consultant to proceed to provide or perform certain Consultant Services, tasks, or work pursuant to the scope of Consultant's Services set forth in the Task Order and this Agreement. In the event that federal or state funding is ascertained, such additional state or federal provisions may be included in a Task Order as necessary. Each Task Order monetary amount shall be limited to the monetary thresholds set forth in section 287.055, Florida Statutes (the CCNA).

All terms in this Agreement shall be incorporated by reference in each executed Task Order, unless specifically altered, superseded, or modified. In the event of any conflict, the provisions of this Agreement will control over the conflicting provisions of any Task Order. Each fully executed Task Order shall become a supplement to and a part of this Agreement.

1.9 – CHANGE ORDER

The term Change Order shall refer to a written document executed by both the County and the Consultant setting forth and authorizing changes to the agreed-upon scope of Consultant Services, compensation, method of payment, time and schedule of performance, or project guidelines and criteria as such were set forth and agreed to in the Task Order(s), or previous

Change Order(s) issued thereto. The Change Order document shall set forth authorized changes to the scope of Consultant Services, tasks, work, or materials to be performed or provided by the Consultant as well as the compensation and method of payment, the schedule or time period for performance and completion, and the guidelines, criteria, and requirements pertaining thereto. Any changed compensation to the Consultant as a result of the Change Order shall be understood and agreed to be the total of all costs associated with said Change Order.

The time of performance for rendering Consultant Services pursuant to any Change Order shall commence to run from the date specified in the Notice to Proceed issued for said Change Order. The County specifically reserves the right to establish milestones for completion of the work required under the Change Order and/or to tie deliverables to any payment provided for under that Change Order.

All terms in this Agreement shall be incorporated by reference in each executed Change Order, unless specifically altered, superseded, or modified. In the event of any conflict, the provisions of this Agreement will control over the conflicting provisions of any Change Order. Each fully executed Change Order shall become a supplement to and a part of this Agreement.

1.10 – COUNTY PROJECT MANAGER

The term County Project Manager shall refer to that person employed by the County designated to serve and act on the County's behalf to provide direct contact and communication between the County and the Consultant throughout the effective period of this Agreement or, at the County's direction, for the duration of a particular Task Order and/or Change Order. The County Project Manager is not authorized to, and shall not, issue any verbal request or instruction to the Consultant that would have the effect, or be interpreted to have the effect, of modifying or changing in any way: (1) the scope of Consultant Services to be performed by the Consultant; (2) the time the Consultant is obligated to commence and complete all such services; and/or (3) the amount of compensation the County is obligated to pay the Consultant. The County Project Manager shall review and make appropriate recommendations on requests submitted by the Consultant for payment for services and work provided and performed pursuant to this Agreement and any Task Order(s) or Change Order(s) issued thereof.

1.11– CONSULTANT'S STANDARD HOURLY RATES

The Consultant's standard hourly rates for professional services rendered pursuant to this Agreement are those attached hereto as Exhibit "A," entitled "Standard Hourly Rates", which Exhibit "A" is specifically made part of this Agreement. The Standard Hourly Rates shall be considered the maximum rates for specific job and/or work classifications and shall cover all the Consultant's costs, including direct salaries, overhead, operating margin, and Reimbursable Expenses as delineated in Section 5 below. If the Consultant charges less than those maximum rates included in Exhibit "A," those charges will be considered acceptable

to the County.

Within sixty (60) calendar days after the first anniversary of the effective date of this Agreement, and each one (1) year anniversary thereafter, the Consultant may request in writing to the County an adjustment to those rates delineated in Exhibit "A". The County shall approve the rate adjustment or reject the rate adjustment until documentation substantiating the rate adjustment is provided by the Consultant and deemed acceptable to the County.

If the Consultant's Exhibit "A" covers multiple years, any request for a rate adjustment cannot exceed the multiple year rates included in the Consultant's Exhibit "A."

If the rate adjustment is found acceptable, it shall only be effective for Task Orders (not Change Orders) executed after the rate adjustment has been approved by the Board of County Commissioners. Therefore, any Change Orders executed after the approved rate adjustment shall continue to utilize the rates effective at the time of their originating Task Orders.

1.12 – CONSULTANT'S DIRECT SALARIES

The Consultant's Direct Salaries under this Agreement are those attached hereto as Exhibit "B," entitled "Consultant's Direct Salaries," which Exhibit "B" is specifically made a part of this Agreement. The Consultant's Direct Salaries shall be the established rates for specific employees or the average rates for specific employment classifications utilized by the Consultant. The Consultant's Direct Salaries shall be subject to verification by a current payroll register or other appropriate payroll or salary records, if requested by the County. Those Direct Salaries which are based on average rates for specific employment classifications shall require supporting documentation which identifies the Consultant's employees within the specific employment classes and their respective wage rates. Within sixty (60) days after the first anniversary of the effective date of this Agreement, the Consultant may request in writing an adjustment to the rates delineated in Exhibit "B." Adjusted rates for Direct Salaries, if any, shall not modify any limiting amount or maximum compensation amount established by any executed Task Order.

1.13 – NOTICE TO PROCEED

The term Notice to Proceed shall refer to a written document, executed by the County Administrator or his designee and issued to the Consultant, that shall notify the Consultant to commence work or to provide Consultant Services pursuant to a properly executed Task Order or Change Order. The time for performance of Consultant Services or work required pursuant to any properly executed Task Order or Change Order shall commence to run from the date specified in the Notice to Proceed.

SECTION 2 – TERM

Except as otherwise specified herein, this Agreement shall remain in full force and effect for a period of **three years, with two one-year options to renew,** from the effective date of this Agreement ("Effective Period"), unless terminated earlier as otherwise provided in this Agreement. The effective date for this Agreement shall be **October 1, 2023.**

Where applicable, in the event that a properly executed Task Order initiated within the term of the Agreement or Change Order to such Task Order requires or expressly permits work to be performed by the Consultant after termination of the Agreement, such Task Order or Change Order shall automatically extend the effective period of the Agreement to coincide with the completion date delineated in said Task Order or Change Order. No new Task Orders may be issued, however, during this extension period.

SECTION 3 – CONSULTANT'S RESPONSIBILITIES

The obligations of the Consultant with respect to all Consultant Services authorized pursuant to this Agreement and any Task Order(s) and/or Change Order(s) issued thereof shall include, but not be limited to, the following:

3.1 – LICENSES

The Consultant agrees to maintain throughout the period this Agreement is in effect all such licenses as are required to do business in the State of Florida and in Pasco County, Florida, including, but not limited to, licenses required by the respective regulatory boards and/or other governmental agencies responsible for regulating and licensing the Consultant Services provided and performed by the Consultant pursuant to this Agreement.

3.2 – PERSONNEL

(1) QUALIFIED PERSONNEL
The Consultant agrees that when services to be provided and performed pursuant to this Agreement relate to Consultant Services which, under the Florida Statutes, require a license, certificate of authorization, or other form of legal entitlement to practice such service, the Consultant will employ and/or retain only qualified personnel to be in responsible charge of all such services.

(2) CONSULTANT'S PROJECT DIRECTOR
The Consultant agrees to employ and designate in writing a qualified, and if required by law, a licensed professional, to serve as the Consultant's Project Director. The Consultant's Project Director shall be authorized and responsible to act on behalf of the Consultant with respect to directing, coordinating, and administering all aspects of the services to be provided and performed under this Agreement and any Task Order(s) and/or Change Order(s) issued thereof. The Consultant's Project Director shall have full

authority to bind and obligate the Consultant on any matter arising under this Agreement unless substitute arrangements, acceptable to the County, have been furnished to the County in writing.

(3) REMOVAL OF PERSONNEL FROM WORK ON THE PROJECT
The Consultant agrees, within seven (7) calendar days of receipt of a written request from the County, to promptly remove and replace the Consultant's Project Director, or any other personnel employed or retained by the Consultant, or personnel of any Subconsultant(s) engaged by the Consultant pursuant to this Agreement. The County may make such request for the removal of personnel with or without cause.

SECTION 4 – COUNTY'S RESPONSIBILITIES

Except as otherwise provided herein, the County's responsibilities are as follows:

4.1 – DESIGNATION OF AUTHORITY

The County hereby designates the County Administrator, or his designee, to act on the County's behalf with respect to the Scope of Services of this Agreement and any Task Orders or Change Orders issued thereunder, where applicable. The County Administrator, or his designee, shall have complete authority to transmit instructions, receive information, interpret, and define County's policies and decisions with respect to materials, elements, and systems pertinent to Consultant's services.

4.2 – DESIGNATION OF COUNTY PROJECT MANAGER

The County agrees, after execution of this Agreement, to properly advise the Consultant, in writing, of the person designated to serve and act as the County Project Manager pursuant to the provisions of Section 1.10 of this Agreement.

4.3 – INFORMATION PROVIDED BY THE COUNTY

The County shall provide, within a reasonable time from request of the Consultant, existing data, plans, reports, and other information in the County's possession or under the County's control which are necessary for the performance of the duties of Consultant in the Scope of Services, and to provide full information regarding requirements of the Scope of Services, including objectives, budget constraints, criteria, and other requirements that exist at the time of signing of this Agreement or which may develop during the performance of this Agreement.

The County shall make available to the Consultant all information and data relative to the Consultant Services to be provided pursuant to this Agreement in the County's possession, including the County's objectives and constraints, previous studies, surveys, aerial photographs, maps, environmental reports, photographs, analytical data, and any other

relevant information requested by the Consultant in writing.

4.4 – ACCESS TO COUNTY PROPERTY

The County agrees, with reasonable prior written notice given by the Consultant, to provide the Consultant with access to County property, facilities, buildings, and structures to enable the Consultant to provide and perform any required Consultant Services and work pursuant to this Agreement. Such rights of access shall not be exercised in such a manner or to such an extent as to impede or interfere with County operations, or the operations carried on by others under a lease, or other contractual arrangements with the County, or in such a manner to adversely affect the public health, safety, or welfare.

SECTION 5 – COMPENSATION AND METHOD OF PAYMENT

The County shall pay the Consultant for all authorized Consultant Services rendered hereunder by the Consultant and any Subconsultant(s) and completed in accordance with the requirements, provisions, and/or terms of this Agreement, Task Order(s), Modification(s), and/or Change Order(s) and in accordance with the provisions delineated below. The Consultant acknowledges that Consultant Services will be requested on an as-needed basis and agrees that it will not be entitled to make any claim for damages or loss of profits due to the amount of work assigned during the term of the Agreement.

5.1 – PAYMENT METHODS

The fee paid to the Consultant shall be based on one of the following methods or any combination thereof as determined by the County in its sole discretion:

(1) LUMP-SUM PAYMENT METHOD
The County may pay a negotiated fixed-price amount for an executed Task Order as a Lump Sum. The Lump-Sum compensation amount will be estimated based on the Standard Hourly Rates cost for work performed on an estimated Task Order in accordance with the rates established in Exhibit "A". A negotiated Lump-Sum compensation amount shall be delineated in the executed Task Order. The Lump-Sum Compensation Method shall anticipate that all costs for the Consultant Services required are known and that no modifications to the established Lump-Sum amount will be necessary. The established Lump-Sum amount shall include all the Consultant's costs, including Direct Salaries (as defined on Exhibit "B"), Overhead, Operating Margin, Reimbursable Expenses, and charges. The County may also elect to apply the Lump-Sum Compensation Method on a line-item basis for a particular service or activity as defined within an individual Task Order, Change Order, or Modification to the Agreement. If the Lump-Sum Compensation Method is used, no additional documentation regarding costs for work will be required to be attached to the Consultant's invoices for Lump-Sum payment for the Task Order or Change Order or for a specific line item or items within a Task Order or Change Order.

(2) NOT TO EXCEED PAYMENT METHOD

The County will pay the Direct Salaries for work provided or services performed on an executed Task Order in accordance with the rates delineated in Exhibit "B," subject to a Not-to-Exceed Amount, which shall be delineated in said Task Order. In addition to payment of the aforementioned Direct Salaries, the County shall pay the Consultant an Overhead Rate as established pursuant to subsection (3) below, plus an Operating Margin defined in this Agreement, plus Reimbursable Expenses in accordance with the provisions of subsection (4) below, plus Subconsultant Charges in accordance with the provisions of subsection (6) below. Operating Margin and Overhead Rate shall not be allowed on any premium portion of overtime or on any Reimbursable Expenses or Subconsultant Charges. In no event shall the established Not-to-Exceed method be increased except through the issuance of a new Task Order or Change Order approved by the County. The County may also elect to apply the Not-to-Exceed method on a line-item basis for a particular service or activity defined within an individual Task Order or Additional Service defined within a Change Order. If the Not-to-Exceed Method is used, additional documentation is required by the County (e.g., payroll sheets) regarding costs of work is required to be attached to the Consultant's invoices for Not-to-Exceed payment of a Task Order or specific line item within a Task Order.

(3) OVERHEAD RATE

In determining the Overhead Rate to be paid to the Consultant, it is the County's expressed intention to utilize the audit information compiled by the Florida Department of Transportation ("FDOT") pursuant to its Qualification, Selection, and Performance Evaluation requirements for consultants in accordance with Chapter 14-75 of the Florida Administrative Code. The overhead rate to be paid by the County shall be as established in Exhibit "C," which is provided in accordance with the audit information supplied by the FDOT and shall not exceed the uniform Overhead Rate cap established by the FDOT. In the event the Consultant has not supplied audit information to the FDOT in accordance with Chapter 14- 75 of the Florida Administrative Code, the County shall establish the Overhead Rate to be paid in each executed Task Order, which rate may be less than the current uniform Overhead Rate cap established by the FDOT. At the County's election, the parties may also agree at the outset of the Agreement to an alternative method for determining overhead. A lower overhead rate may be used, if submitted by the Consultant and approved by the County.

(4) REIMBURSEABLE EXPENSES

The County shall pay the Consultant for Reimbursable Expenses in accordance with the provisions of this Section. The term Reimbursable Expenses shall mean the Consultant's and/or the Subconsultant(s)'s out-of-pocket costs for items directly charged to any Task Order initiated pursuant to this Agreement including, but not limited to, charges for printing services and copying (both in-house or subcontracted), fees, and per diem and travel expenses of the Consultant's employees not to exceed the statutory limits delineated in Chapter 112.061, Florida Statutes.

The County shall only compensate the Consultant for Reimbursable Expenses which are directly charged to tasks performed pursuant to this Agreement, and/or any executed Task Order or Change Order, which are not included in the Consultant's Overhead Rate, and which are consistently charged to all clients. The County, in its sole discretion, may require the Consultant to verify and/or provide supporting documentation which demonstrates that Reimbursable Expenses for which compensation has been sought have been generated or originated from or by a task performed pursuant to this Agreement. If the Consultant seeks compensation for CADD, PC'S or Facilities Capital Cost of Money (FCCM) as a Reimbursable Expense, the cost basis for the unit rates used for such items must be fully supported by appropriate documentation. Except as provided in Exhibit "B," all Reimbursable Expenses shall be charged at the actual cost to the Consultant.

(5) ADDITIONAL COSTS

The parties agree that any additional costs for work or services to be provided or performed under a Task Order issued pursuant to this Agreement, or pursuant to any other method utilized by the parties for determining the original costs of work or services to be provided or performed by the Consultant, must be approved in writing by the Board of County Commissioners at a regularly scheduled meeting of said Board of County Commissioners. If such additional costs are not authorized by the Board of County Commissioners in writing, no payment, reimbursement, or compensation for such additional costs shall be tendered by the County to the Consultant.

(6) SUBCONSULTANT CHARGES

The professional services of any Subconsultant(s), whose expertise is required within the scope of the Consultant's work under this Agreement, will be paid in accordance with the fees identified in the individual Task Order(s) or Change Order(s) for such services.

The use of any Subconsultant(s) referenced in the above paragraph must be approved in writing by the County Administrator or his designee before such Subconsultant(s) may be retained by the Consultant.

5.2 – TERMS OF PAYMENT

(1) MONTHLY INVOICES

The Consultant shall be entitled to submit no more than one invoice statement to the County each month covering services rendered during the preceding month. The Consultant's invoice statement(s) shall be itemized to correspond to the basis of compensation as set forth in the Agreement, Task Order(s), or Change Order(s) issued hereunder. The Consultant's invoice statements shall contain amount of work and description of services(s) provided and/or performed, and where appropriate, supportive documentation of charges consistent with the basis of compensation set forth in this Agreement. If the Consultant has been issued more than one Task Order or Change Order pursuant to this Agreement, the Consultant shall submit separate invoices

to the County for the specific services performed for each specific Task Order or Change Order.

Payment for services rendered during any billing period by the Consultant shall be due and payable by the County in accordance with the provisions of Chapter 218, Part VII, Florida Statutes (the Local Government Prompt Payment Act). In the event that federal aid is a source of funds for payment, then 49 CFR § 26.29 will also be applicable.

(2) PAYMENT FOR SERVICES PERFORMED

The County shall pay the Consultant on the basis of services completed for tasks set forth in any Task Orders and any Change Orders agreed upon by the Consultant and the County. Payments shall be made for the Consultant's work-in progress or completed service items based on the agreed method of compensation as outlined in the Task Order or Change Order.

When the Lump-Sum Payment Method is used for a particular service or activity within the Task Order or a Change Order, the County shall pay the Consultant for services performed for tasks set forth in the Task Order or Change Order on the basis of the invoice statement covering the Consultant's work-in-progress expressed as a percentage of the total cost of the work and/or services required for each task involved. All such work-in-progress percentages are subject to review and approval by the County Project Manager. The decision of the County shall be final as to work-in-progress percentages to be paid. Payment by the County for tasks on a work-in-progress percentage basis shall not be deemed or interpreted in any way to constitute an approval or acceptance by the County of any such service or work-in-progress. The Consultant shall be responsible for correcting, re-doing, modifying, or otherwise completing the work and services required for each task before receiving final full payment, whether or not previous work-in-progress payments have been made by the County.

(3) PAYMENT SCHEDULE

The County shall issue payment to the Consultant as invoices are provided from the Consultant, which invoices must be in acceptable form and must contain the requested detailed description of charges. Should the County object or take exception to the amount of the Consultant's invoice statement, the County shall notify the Consultant of such objection or exception within twenty (20) business days from date of payment period set forth hereinbefore. If such objection or exception remains unresolved at the end of said twenty (20) business-day period, the County, as represented by the County Project Manager, shall have the authority to withhold the disputed amount and make payment to the Consultant of any amount not in dispute. Payment of any disputed amount, or adjustment thereto resolved by mutual agreement of the parties, will be paid in accordance with the Local Government Prompt Payment Act.

SECTION 6 – TASK ORDERS

The work and/or services to be provided and performed under this Agreement are Task Order driven. If and when the County requires the professional services of the Consultant, individual Task Orders or Orders will be approved by the County, by the County Administrator, or by the Purchasing Director, when applicable. For purposes of this Agreement, the Purchasing Director and County Administrator are specifically delegated authority by the County to issue and approve Task Order(s) for Consultant Services up to the allowable amount provided in the County's Purchasing Ordinance. The completion date for an individual Task Order will be specified in the Notice to Proceed. The completion date for an individual Task Order may be extended, in writing, by the County at a regularly scheduled meeting of the Board of County Commissioners or by the County Administrator, as provided herein.

For each Task required for a specific project, the County shall provide the Consultant a detailed description of the services to be performed, the method of payment to be utilized in accordance with this Agreement, and the time and cost limitations for such task, if appropriate. The Consultant shall respond in writing to such detailed description by describing the proposed Scope of Work, staffing, schedule, total compensation, and the number and type of deliverables that are required to complete the described services. If the response from the Consultant is acceptable, the County may issue a Task Order to the Consultant containing the agreed-upon scope of work, staffing, schedule, time of performance, total compensation, method of payment, and deliverables.

Each Task Order shall be numbered consecutively and shall reference this Agreement. In the event of any conflict, the provisions of this Agreement will control over conflicting provisions of any Task Order. Each Task Order, after execution by the Board of County Commissioners, the County Administrator, or the Purchasing Director, shall become a supplement to and a part of this Agreement.

SECTION 7 – TIMELY ACCOMPLISHMENT OF SERVICES

The timely performance, provision, and completion of the required Consultant Services, work, and materials is vitally important to the interests of the County. Time is of the essence for all the duties and obligations contained in this Agreement. The County may suffer damages in the event that the Consultant does not accomplish and complete the required services in a timely manner. The Consultant agrees to employ, engage, retain, and/or assign an adequate number of qualified personnel throughout the period this Agreement is in effect so that all Consultant Services will be provided and performed in a timely and diligent manner. If the Consultant fails to commence, provide, perform, and/or complete any service required under this Agreement in a timely and diligent manner as determined by the County, or within a specified time period delineated in executed Modification(s), Task Order(s), or Change Order(s), the County may consider such failure as a material breach of this Agreement. In such an event, the County, in its sole discretion, may terminate the Agreement.

The Consultant, at all times that this Agreement is in effect, shall ensure that sufficient time remains in the project schedule within which to complete the services required and authorized by any given Task Order(s). In the event there are delays which would modify or extend a scheduled Task Order completion date, the Consultant shall, within seven (7) calendar days of discovery of such delay, submit a written request to the County seeking a time extension to complete a delayed project, which request shall specifically identify the reason(s) for the delay and the amount of time related thereto.

In the event the specified time of performance for a given Task Order or Change Order expires and the Consultant has not requested a time extension, or if the County has denied a request for a time extension in writing, partial progress payments will be stopped on the date time expires.

SECTION 8 – STANDARDS OF PROFESSIONAL SERVICE

The work and services to be provided and/or performed by the Consultant shall be done in accordance with the generally accepted standards of professional practice and in accordance with the laws, rules, regulations, ordinances, codes, policies, standards, or other guidelines issued by any governmental agency having jurisdiction over all or a portion of any work performed under this Agreement in effect at the time of the performance of the Consultant Services. All final documents, reports, studies, or other data prepared by the Consultant shall bear a professional's seal/signature in accordance with the applicable Florida Statutes and/or any applicable Administrative Rules promulgated by the Florida Department of Business and Professional Regulation (where applicable).

SECTION 9 – CONSULTANT'S QUALITY CONTROL

9.1 – RESPONSIBILITY TO CORRECT

The Consultant agrees to be responsible for the professional quality, technical adequacy and accuracy, timely completion in accordance with the mutually agreed upon schedule, and the coordination of all data, studies, surveys, designs, specifications, calculations, estimates, plans, drawings, construction documents, photographs, reports, memoranda, and other services, work, and materials performed, provided, and/or furnished by the Consultant, or any Subconsultant(s) utilized by the Consultant, pursuant to this Agreement.

Upon written notice from the County, the Consultant shall, without additional compensation, correct or revise any errors, omissions, mistakes or other deficiencies in such data, studies, calculations, estimates, plans, work, and materials resulting from the negligent act, errors or omissions, or intentional misconduct of the Consultant.

If the Consultant does not correct the defective work within the time specified in the County's written notice, the County may have the deficiency corrected. All direct or indirect costs of

such correction shall be paid by the Consultant or deducted from payment due to the Consultant.

If any work or submittal prepared by the Consultant contains an error, omission, deficiency, or mistake and the Consultant fails to correct such error, omission, deficiency, or mistake within the time period established for completion in the notice to correct or the Task Order(s) requiring such work or submittal, the County, in its discretion, may terminate this Agreement.

9.2 – COUNTY'S APPROVAL SHALL NOT RELIEVE CONSULTANT OF RESPONSIBILITY

Neither review, approval, or acceptance by the County of data, studies, calculations, estimates, reports, memoranda, and incidental professional services, work and materials furnished hereunder by the Consultant shall in any way relieve the Consultant of responsibility for the adequacy, completeness, and accuracy of its services, work and/or materials, or the services, work and materials. Neither the County's review, approval, or acceptance of, nor payment for, any of the Consultant's work, services, and materials shall be construed to operate as a waiver of any of the County's rights under this Agreement, or any cause of action the County may have arising out of the performance of this Agreement.

The Consultant agrees and recognizes that the County shall not be held liable or responsible for any claims which may result from any action or omission of the Consultant in which the County participates either through review of or concurrence with the Consultant's actions. In reviewing, approving, or rejecting any submissions or other work prepared by the Consultant, the County in no way assumes or shares any of the responsibility or liability of the Consultant under this Agreement.

SECTION 10 – REPORTS AND REVIEWS

10.1 The County may, at any time, require the Consultant to report in writing in a format approved by the County on the status and overall progress of the work with a projection as to whether deliverables will be on time and within budget. In addition, the County may require the Consultant to provide an estimate of the overall percentage of completion.

10.2 The County will monitor the Consultant's work product for compliance with project standards and criteria and may make comments and recommendations to the Consultant regarding the work. However, any such monitoring or comments and recommendations by the County, or absence thereof, shall not relieve the Consultant of any of its obligations under this Agreement. The Consultant retains sole authority and responsibility for the adequacy and accuracy of its Consultant Services in accordance with generally accepted practices.

SECTION 11 – WORK WITHIN COUNTY PROPERTY / CONSULTANT TO REPAIR PROPERTY DAMAGE CAUSED BY THE CONSULTANT OR ITS SUBCONSULTANTS

11.1 As applicable, the Consultant, any Subconsultant retained by Consultant, or any other

person, firm, corporation, or other entity that contracts with or provides goods or services to the Consultant in connection with the work required to be performed pursuant to this Agreement shall perform all work within only the County-owned right-of-way(s) and/or any County easement(s), or as permitted by this solicitation or by law.

11.2 The Consultant agrees to promptly repair and/or replace, or cause to have repaired and/or replaced, at its sole cost and expense and in a manner acceptable to and approved by the County, any property damage arising out of, or caused by, the willful or negligent acts of the Consultant and/or its Subconsultant(s). The County reserves the right, should the Consultant fail to make such repairs and/or replacements within a reasonable period of time, to cause such repairs and/or replacements to be made. All costs and expenses associated with having such repairs and/or replacements performed shall be paid for by the Consultant directly or via reimbursement to the County from the Consultant.

SECTION 12 – DOCUMENTS

The documents comprising this Agreement between the County and the Consultant consist of the following:

1. This Professional Services Agreement and its Exhibits.
2. Any written amendments, modifications, or addenda to this Agreement.
3. Any Task Orders and Change Orders issued pursuant to this Agreement and executed by the County and the Consultant.
4. Request for Statements of Qualifications – **RSQ-KM-23-060**, including any written addenda.

SECTION 13 – COMPLIANCE AND AGREEMENT WITH LAWS AND REGULATIONS

13.1 The Consultant shall observe and comply with all applicable federal and state laws, County and municipal ordinances, and the rules and regulations of all authorities having jurisdiction over the project and all work performed pursuant to this Agreement, including but not limited to the federal and state provisions specifically provided for in the solicitation. All applicable federal, state, and local laws and ordinances are deemed to be included in this Agreement the same as though herein written out in full.

13.2 The Consultant shall give all notice and comply with all laws, ordinances, rules, and regulations applicable to the Consultant Services. If the Consultant observes that any of the Contract Documents or executed Task Order or Change Order are contradictory to such laws, rules, and regulations, the Consultant will notify the County Project Manager promptly in writing. An appropriate Change Order or Modification shall then be used to institute any necessary changes. If the Consultant performs any work that it knows or should have known to be contrary to such laws, ordinances, rules, and regulations and without such notice to the County Project Manager, the Consultant shall bear all related costs.

SECTION 14 – PROHIBITION AGAINST CONTINGENCY FEES

In accordance with the provisions of section 287.055 of the Florida Statutes, the Consultant warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the Consultant to solicit or secure this Agreement and that the Consultant has not paid or agreed to pay any person, company, corporation, individual or firm, other than a bona fide employee working solely for the Consultant, any fee, commission, percentage, gift or any other consideration contingent upon or resulting from the award or making of this Agreement. For the breach or violation of this provision, the County shall have the right to terminate this Agreement without liability, and at its discretion, to deduct from the contract price, or otherwise recover, the full amount of such fee, commission, percentage, gift, or consideration.

SECTION 15 – TRUTH-IN-NEGOTIATIONS/PUBLIC ENTITY CRIMES AFFIDAVIT

The Consultant certifies that wage rates and other factual unit costs supporting the compensation are accurate, complete, and current at the time of contracting. The original contract price, and any additions thereto, shall be adjusted to exclude any significant sums by which the County determines the contract price was increased due to inaccurate, incomplete, or non-current wage rates and other factual unit costs. The Consultant represents that it has furnished a Public Entity Crimes Affidavit pursuant to section 287.133, Florida Statutes, verifying its eligibility for award of an Agreement. The County may exercise its rights under this "certification" within one (1) year following final payment.

Pursuant to subsections 287.133(2) and (3), Florida Statutes, a person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in section 287.017, Florida Statutes, for Category Two, for a period of 36 months following the date of being placed on the convicted vendor list. The Consultant agrees to include this provision in all contracts it issues as a result of this Agreement.

SECTION 16 – NON-DISCRIMINATION

Pursuant to subsection 287.134(2)(a), Florida Statutes, an entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid, proposal, or reply on a contract to provide any goods or services to the state or any department or agency of this state ("public entity"); may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a

contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity. The Consultant agrees to include this provision in all contracts issued as a result of this Agreement.

SECTION 17 – SCRUTINIZED COMPANIES

(1) A company is ineligible to, and may not, bid on, submit a proposal for, or enter into or renew a contract with the County for goods or services of:

(a) Any amount if, at the time of bidding on, submitting a proposal for, or entering into or renewing such contract, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to s. 215.4725, or is engaged in a boycott of Israel; or

(b) One million dollars or more if, at the time of bidding on, submitting a proposal for, or entering into or renewing such contract, the company:

1. Is on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to s. 215.473; or

2. Is engaged in business operations in Cuba or Syria.

By signing this Agreement and/or accepting any Task Order, the Consultant certifies that it is not participating in a boycott of Israel, is not on any of the aforementioned lists, and it does not have business operations in Cuba or Syria. The Consultant agrees to notify the County if placement on any of the aforementioned lists occurs or if the Consultant is engaged in a boycott of Israel or has business operations in Cuba or Syria.

The County may terminate this Agreement if the Consultant certification above is found to be false; has been placed on the Scrutinized Companies that Boycott Israel List or is engaged in a boycott of Israel; has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List; or has been engaged in business operations in Cuba or Syria. In addition to possible termination of this Agreement based on the above grounds, the County will comply with section 287.135, Florida Statutes, regarding submittal of a false certification.

SECTION 18 – COMPLIANCE WITH PUBLIC RECORDS ACT

The Consultant shall allow public access to documents and materials made or received pursuant to this Agreement by either party in accordance with the Public Records Act, Chapter 119, Florida Statutes. To the extent required by section 119.0701, Florida Statutes, the Consultant shall (1) keep and maintain public records that ordinarily and necessarily would be required by the County in order to perform the service; (2) provide the public with access to public records on the same terms and conditions that the County would provide the records and at a cost that

does not exceed the cost provided by law; (3) ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law; and (4) meet all requirements for retaining public records and transfer, at no cost to the Consultant, all public records in possession of the Consultant upon termination of this Agreement and destroy any duplicate public records that are exempt or confidential and exempt from public records requirements. All records stored electronically must be provided to the County in a format that is compatible with the information technology systems of the County. This paragraph shall survive the expiration or termination of this Agreement.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT PROJECT MANAGEMENT, DONNA HOLDREGE AT 727-834-3604, EXT. 1632, DHOLDREGE@PASCOCOUNTYFL.NET, OR 5418 SUNSET ROAD NEW PORT RICHEY, FL 34652.

Under Florida law, a consultant who fails to provide the public records to the County within a reasonable time may be subject to penalties under section 119.10, Florida Statutes, and such non-compliance will constitute a breach of the Agreement and may serve as grounds for termination of this Agreement.

SECTION 19 – RETENTION OF DOCUMENTS

Upon payment of any compensation due for completed and accepted work, all documents prepared or obtained under this Agreement will be considered the property of the County without restriction or limitation on their use and shall be made available upon request to the County at any time.

19.1 Said records and documentation shall be retained by the Consultant and made available to the County for a minimum of five (5) years from the date of completion of the work. The County shall have the right to audit, inspect, and copy all such records and documentation as often as the County deems necessary during the term of this Agreement and during the above referenced five (5) year period at actual costs; provided, however, such activity shall be conducted only during normal business hours. If agreed to by the parties, the Consultant shall retain records and supporting documentation until further notified.

19.2 For those projects funded by State funds, the Consultant agrees to cooperate with any audit(s) requested by the State Auditor General's Office or, in the instance of federal funding, by the funding agency.

SECTION 20 – CONFLICTS OF INTEREST

The Consultant represents that it presently has no interest, either direct or indirect, that may or could conflict in any manner with the performance of the services required by this Agreement, and which interest has not been disclosed to the County in writing. The Consultant expressly agrees that, throughout the Effective Period, it shall not acquire an interest, either direct or indirect, which would conflict in any manner with the performance of services required by this Agreement, or which would conflict with any interest of the County. The Consultant further agrees that no person having any such interest shall be employed or engaged by the Consultant for said performance. In addition, the Consultant shall require all Subconsultants to comply with the provisions of this Section.

If the Consultant is about to engage in representing another client, whom it in good faith believes could result in a conflict of interest with the work being performed by the Consultant pursuant to this Agreement, then the Consultant shall promptly bring such potential conflict of interest to the County's attention, in writing. The County will advise the Consultant within twenty (20) calendar days, in writing, if such conflict of interest exists. If the County determines that a conflict of interest exists, the Consultant and/or any Subconsultant shall decline the representation upon the County's written notice. If the County determines that there is no such conflict of interest, then the County shall give its written consent to such representation.

In the event the Consultant fails to advise or notify the County, as provided hereinabove, of representation which could, or does, result in a conflict of interest, or should the Consultant fail to decline such representation upon the County's written notice, the County may, in its sole discretion, terminate this Agreement in accordance with the provisions of Section 23 below.

SECTION 21 – INSURANCE

The Consultant shall not commence any work pursuant to this Agreement until satisfactory proof of all insurance required hereunder has been provided to and approved by the County. It shall be the responsibility of the Consultant to ensure that all Subconsultant(s) performing services pursuant to this Agreement comply with the insurance requirements of this provision. The Consultant shall furnish to the County certificate(s) of insurance in the form required by County and, if requested by the County, the Consultant shall provide certified copies of all required insurance policies. The certificate(s) of insurance shall clearly indicate that the Consultant has obtained insurance of the type, amount, and classification required for strict compliance with this Agreement and that no reduction in coverage or in limits, suspension, or cancellation of the insurance shall be effective without thirty (30) calendar days' prior written notice to the County, as provided below. All certificate(s) of insurance shall be signed by a person authorized by that insurer to bind coverage on its behalf.

Each insurance policy required by this Agreement shall be endorsed to state that coverage shall not be suspended, voided, cancelled, reduced in coverage or in limits, except after thirty (30) calendar days' prior written notice by certified mail (return receipt requested) has been given to

the County to the attention of the Pasco County Risk Manager, Internal Services Building, 7536 State Street, Suite 111, New Port Richey, Florida 34654. In the event any insurance coverage expires prior to the expiration of this Agreement, a renewal certificate shall be issued within thirty (30) calendar days prior to said expiration. Compliance with the foregoing requirements shall not relieve the Consultant of any liability and/or other obligations pursuant to this Agreement. Neither approval by the County, nor a failure to disapprove insurance certificates or policies furnished by the Consultant, shall release the Consultant from full responsibility of all liability or its obligations under this Agreement.

All insurance policies shall be issued by responsible companies authorized to do business under the laws of the State of Florida. Said insurance companies shall have an "A" policyholders' rating, have a financial rating of at least Class VIII in accordance with the most current Best Key Rating Guide, and shall be satisfactory to the County. All policies of insurance required by this Agreement shall be primary insurance with respect to the County, its officials, agents, or employees. Any insurance or self-insurance maintained by the County or its officials, agents, or employees, shall be in excess of the Consultant's insurance and shall not contribute with it. All policies of insurance required by this Agreement, except Workers' Compensation and Errors and Omissions Liability, shall specifically provide that Pasco County, Florida, a political subdivision of the State of Florida, by and through its Board of County Commissioners and its officials, agents, or employees shall be "additional insureds" under the policy and shall contain a provision for severability of interests. The County shall also be listed as a certificate holder. All insurance policies required herein shall apply to all operations, activities, or use by the Consultant or anyone employed by, contracting with, or acting at the Consultant's direction or supervision. The insurance coverage and limits provided herein are designed to meet the minimum requirements of the County.

Any deductibles or self-insured retentions must be declared and approved by the County and are the responsibility of the Consultant. The minimum kinds and limits of coverage to be carried by the Consultant throughout the term of this Agreement shall be as follows:

21.1 – WORKER'S COMPENSATION AND EMPLOYER'S LIABILITY INSURANCE

The Consultant and all Subconsultants shall take out and maintain, during the life of this Agreement, Worker's Compensation Insurance for all employees working on this Agreement. Coverage shall be for the statutory limits in compliance with the applicable State and Federal laws. The policy must include employer's liability with a limit of $100,000.00 each accident. The insurer shall agree to waive all rights of subrogation against the County, its officials, agents, and employees. In case any employee is engaged in any hazardous work pursuant to this Agreement and is not protected under the Workers' Compensation statute, the Consultant and any Subconsultant(s) shall provide for adequate insurance coverage to protect these employees, as required under Florida law.

21.2 – COMPREHENSIVE GENERAL LIABILITY INSURANCE

The Comprehensive General Liability Insurance shall include premises and/or operations, products and/or competed operations, broad form of property damage, XCU coverage, independent contractors, and contractual liability, and shall be written on an "occurrence basis."

Bodily injury and personal injury, including death:

- $1,000,000.00 each person
- $3,000,000.00 aggregate

Property damage:

- $1,000,000.00 each occurrence
- $3,000,000.00 aggregate

21.3 – COMPREHENSIVE AUTOMOBILE LIABILITY INSURANCE

The Comprehensive Automobile Liability Insurance shall include owned vehicles, hired, and non-owned vehicles, and employees' non ownership.

Bodily injury and personal injury, including death:

- $1,000,00.00 each person
- $3,000,000.00 aggregate

Property damage:

- $1,000,000.00 each occurrence
- $3,000,000.00 aggregate

21.4 – PROFESSIONAL LIABILITY INSURANCE

The Consultant shall maintain during the term of this Agreement standard Professional Liability Insurance in the minimum amount of $1,000,000.00 per occurrence. The County may require a higher limit, as mutually agreed to with the Consultant, for specific Task Orders or Change Orders.

SPECIAL INSTRUCTIONS: Occurrence form Professional Liability Insurance is highly preferred. However, in the event the Consultant is only able to secure claims-made Professional Liability Insurance, special conditions apply. All certificates of insurance must clearly indicate whether the coverage is on a claims-made basis. Should coverage be afforded on a claims-made basis, the Consultant shall be obligated by virtue of this Agreement to maintain insurance coverage in effect with no less than limits of liability nor any more restrictive terms and conditions for a period of seven (7) years from the date of this Agreement. All Certificates of Insurance must clearly indicate whether the coverage is on a claim made or an occurrence basis.

SECTION 22 – SUSPENSION OF WORK

In addition to the County's contractual right to terminate this Agreement in its entirety as set forth above, the County may, at its convenience, stop, suspend, supplement, or otherwise change all, or any part of, the Consultant Services set forth herein. The County shall provide written notice to the Consultant to implement a stoppage, suspension, supplement, or change. If any engineering, professional, or consulting services covered by this Agreement to be carried out by the Consultant shall be suspended, abated, or terminated at the direction of the County for reasons unrelated to the quality of work provided by the Consultant, the County shall pay the Consultant for such services actually rendered prior to the suspension, abatement, or termination, and any reasonable additional costs incurred by the Consultant to effectuate an orderly closing of its activities, with the payment to be based insofar as possible on the fees established in this Agreement.

SECTION 23 – TERMINATION OF AGREEMENT BY THE COUNTY

The County may terminate this Agreement for any one or more of the following reasons:

1. If adequate progress on any phase of the Consultant Services is not being made by the Consultant as a direct result of the Consultant's failure to perform.
2. The quality of the Consultant Services performed by the Consultant is not in conformance with commonly accepted design codes and standards, standards of the County and the requirements of Federal and/or State regulatory agencies in effect as of the date of this Agreement and the particular services involved are considered by the County to be essential to the proper completion of the Consultant Services.
3. The Consultant or any employee or agent of the Consultant is indicted or has a direct charge issued against him/her for any crime arising out of or in conjunction with any Consultant Services that have been performed by the Consultant.
4. The Consultant becomes involved in either voluntary or involuntary bankruptcy proceedings or makes an assignment for the benefit of creditors.
5. The Consultant is in non-compliance with any other provision of this Agreement.

In the event of any of the causes described in Items (1) through (5) above, the County's Project Manager will send a written notice to the Consultant requesting that the Consultant show cause why the Agreement should not be terminated. If adequate assurances or acceptable reasons are not given to the County within fifteen (15) calendar days of receipt by the Consultant of the show cause notice, the County may consider the Consultant to be in default and may immediately terminate this Agreement.

Notwithstanding any other provision of this Agreement, this Agreement and/or any Task Order(s) and/or any Change Order(s) may be terminated for any reason by the County giving fourteen (14) calendar days' written notice to the Consultant of the County's intent to terminate. In the event that a task of this Agreement and/or any Task Order, and/or any Change Order is terminated, the County shall identify the specific Task Order and/or Change

Order being terminated and the specific tasks and/or Task Order(s) and/or Change Order(s) to be continued for completion, pursuant to the provisions of this Agreement. This Agreement will remain in full force and effect as to all authorized tasks and/or Task Order(s) and/or Change Order(s) which are to be continued to completion, unless the Agreement is terminated in full.

In the event of termination of this Agreement, the County shall compensate the Consultant only for: (1) all services performed and accepted by the County prior to the effective date of the termination; (2) reimbursable expenses then due; and (3) reasonable expenses incurred by the Consultant in affecting the termination of services, including costs incurred by submittal to the County of project drawings, plans, data, and other documents.

The Consultant shall not be entitled to receive compensation for anticipated professional fees, profit, general and administrative overhead expenses or for any other anticipated income or expense which may be associated with services which are terminated, suspended, eliminated, or cancelled.

Upon termination of this Agreement by the County, the Consultant shall promptly deliver to the County copies of all then completed deliverable items and all plans, reports, studies, calculations, maps, graphics, and other documents that directly support the deliveries prepared by Consultant.

SECTION 24 – CHOICE OF LAW / VENUE

This Agreement is to be governed by the laws of the State of Florida. The venue for any litigation resulting out of this Agreement shall be at the West Pasco Judicial Center, in Pasco County, Florida (State court matters) and the United States District Court in and for the Middle District of Florida – Tampa Division (Federal court matters).

SECTION 25 – SUCCESSORS AND ASSIGNS

The County and the Consultant respectively, bind themselves, their partners, successors, assigns, and legal representatives to the other party to this Agreement and to the partners, successors, assigns and legal representatives of such other party with respect to all covenants of this Agreement. The Consultant shall not assign or transfer any interest in this Agreement without the prior written consent of the County.

SECTION 26 – ASSIGNMENT, TRANSFER, AND SUBCONTRACTS

Neither the County nor the Consultant shall assign, sublet, or transfer its interest in this Agreement without the written consent of the other party. Except as otherwise authorized in this Agreement, the Consultant shall not subcontract any of its service obligations hereunder to third parties without the prior written approval of the County. The Consultant shall have the right, subject to the County's prior written approval, to employ other persons and/or firms to serve as Subconsultants to the Consultant pursuant to the requirements of this Agreement. The County shall have the right and be entitled to withhold its approval of Subconsultants, but such

approval shall not be unreasonably withheld.

SECTION 27 – EXTENT OF THE AGREEMENT

This Agreement represents the entire and integrated agreement between the County and the Consultant and supersedes all prior negotiations, representations, or agreement, either written or oral. This Agreement may only be amended, supplemented, modified, changed, or canceled by a written instrument executed by both parties hereto.

SECTION 28 – NON-EXCLUSIVE AGREEMENT

This Agreement is not intended to be and shall not be construed as an exclusive contract and the County may employ additional or other Consultant consulting firms to perform any work contemplated by this Agreement without liability to the Consultant.

SECTION 29 – INDEMNIFICATION OF THE COUNTY

For good and valuable consideration, the receipt of which is acknowledged, and notwithstanding the provisions of section 725.06, Florida Statutes, and in accordance with section 725.08, Florida Statutes, the Consultant shall indemnify and hold harmless the County and the County's Commissioners, officers, agents, and employees, harmless from liabilities, damages, losses, and costs, including, but not limited to, reasonable attorneys' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Consultant and other persons employed or utilized by the Consultant in the performance of the contract.

The Consultant shall not be required to indemnify the County for any negligence of the County's employees or agents. This indemnity shall include, but not be limited to, charges of attorneys, legal assistants, and other professionals, and costs of both defense and appeal in a court of law or other tribunal, for any reason.

This provision shall also pertain to any claim brought against the County by any employee of the Consultant, its subconsultant(s), or anyone directly or indirectly employed by any of them.

The Consultant's indemnification obligation under the provision shall not be limited in any way to the consideration hereunder, the agreed-upon prices as shown in any Task Order issued pursuant to this Agreement, or any other agreed payment or compensation amount, nor shall this indemnification be limited due to the Consultant's lack of sufficient insurance protection. The Consultant hereby acknowledges and expressly agrees that the compensation to be paid to the Consultant by the County pursuant to this Agreement specifically includes compensation as consideration for the indemnification provided herein.

This Section 29 shall survive the expiration or termination of the Agreement.

SECTION 30 – NOTICES

Any notices to be given under this Agreement shall be in writing and delivered by United States Mail to the respective addresses referenced above. All such notices shall be sent to the designated project managers for each party.

SECTION 31 – INDEPENDENT CONSULTANT

Neither the County nor any of its employees shall have any control over the conduct of the Consultant or any of Consultant's employees, except as herein set forth. The Consultant and any and all Subconsultants are and shall be Independent Contractors in and throughout the performance of all work and services provided and performed pursuant to this Agreement. As Independent Contractors, the Consultant's and the Subconsultant's agents, servants, or employees shall not be deemed agents, servants, or employees of the County.

The Consultant does not have the power or authority to bind the County in any promise, agreement, or representation other than specifically provided for in this Agreement. The Consultant shall be responsible to the County for all the work or services performed by the Consultant, or any person or firm engaged as a Subconsultant pursuant to this Agreement. The County shall not be liable to any Subconsultant, or any other person, firm, corporation, or other entity that contracts with or provides goods or services to the Consultant in connection with the work required to be performed pursuant to this Agreement. The County shall not be liable to any Subconsultant, or any other person, firm, corporation, or other entity for debts or claims accruing to such parties against the Consultant pursuant to any work or services performed under this Agreement.

SECTION 32 – E-VERIFY PROGRAM

A contractor or consultant entering into a contract with a public entity (such as the County) is required to be registered with the U.S. Department of Homeland Security's E-Verify System and to utilize it to verify the work authorization status of all newly hired employees throughout the term of the contract. The contractor or consultant shall also be required to obtain and retain affidavits from all subcontractors or subconsultants utilized during the contract verifying that they do not employ, contract with, or subcontract with any unauthorized aliens as that term is defined in 8 U.S.C.S. 1324a(h)(3). The failure to comply with this requirement constitutes grounds for termination of the contract and for such other penalties as provided under section 448.095, Fla. Stat.

If a public employer has terminated a contract with a contractor for failure to comply with the requirements of the paragraph above, the contractor may not be awarded a public contract for at least one year after the date on which the contract was terminated.

The County reserves the right to request verification of compliance from its consultants and contractors during the term of its contract with the County and for a period of up to five (5)

years thereafter. Should a County-retained consultant, contractor, and/or its subconsultants be found to be non-compliant with E-Verify as part of a federal audit or other inquiry, the consultant, contractor and/or its subconsultant(s) will be solely responsible for the payment of any fines or costs imposed upon the county as a result of such non-compliance. Compliance with this section is mandatory for all projects.

SECTION 33 – MAINTENANCE OF RECORDS / COOPERATION WITH STATE AUDITS

The Consultant shall keep and maintain its accounting records and supporting documentation related to the services, work, information, expenses, costs, invoices, and materials provided and/or performed pursuant to the requirements of this Agreement for a minimum of five (5) years from the date of termination or expiration of this Agreement. The County, its authorized agents and representatives of federal and state agencies funding the Agreement ("Agencies") shall, with reasonable prior notice, have the right to audit, inspect and copy all such accounting records and supporting documentation as often as they deem reasonably necessary during the effective period of the Agreement and during the five (5) year period after the date of final payment or termination hereof. Any auditing, inspections, or copying of the Consultant's accounting records and supporting documentation performed by the County or Agencies shall be conducted during normal business hours upon reasonable prior notice to the Consultant and shall be at the sole expense of the County or the Agencies.

The Consultant specifically acknowledges that by accepting a Task Order which will be funded through state funds, the Consultant and any subconsultants retained by it will agree to cooperate with any audit initiated by the Office of the Auditor General of the State of Florida or any successor office. Such cooperation includes any investigation, audit, inspection, review, or hearing pursuant to section 20.055(5), Florida Statutes.

SECTION 34 – WAIVER OF BREACH

Waiver by either party of a breach of any provision of this Agreement shall not be deemed as a waiver of any other breach and shall not be construed to be a modification of the terms of this Agreement.

SECTION 35 – EMERGENCIES

In the event that the Consultant's services are activated or requested during an event that disrupts essential operations, or when there is a threat to the public's health, welfare, or safety, or when normal purchasing procedures are not possible, or when there is a local, state, or federal declared state of emergency, the provisions of Section 2-101 of the Pasco County Code of Ordinances and any declaration of emergency, and orders issued thereto, shall apply and shall supersede as necessary, the terms and conditions of this Agreement, except as to Exhibit "B."

SECTION 36 – FORCE MAJEURE

Neither the County nor the Consultant shall be liable for delay or their failure to perform hereunder due to circumstances beyond their respective control, such as Acts of God, governmental laws or orders, wars, riots, pandemics, national emergencies, strikes, or accidents. The County or the Consultant may suspend their respective performance under this Agreement as a result of a force majeure and shall resume performance as soon as is reasonably possible. The delayed party must notify the other party promptly upon the occurrence of any such circumstance and inform the other party of its plans to resume performance; otherwise, performance by the delayed party will not be considered excused pursuant to this Section.

Should the Consultant be obstructed or delayed in the prosecution or completion of its obligations under this Agreement as a result of causes not due to its own fault or neglect, the Consultant shall notify the County in writing within seven (7) calendar days after commencement or discovery of such delay, stating the cause(s) therefore and requesting an extension of the Consultant's time of performance. Causes beyond the control of the Consultant shall include, but are not limited to, court orders and injunctions, actions or rulings of any federal, state or municipal authority (including the County) having jurisdiction over any project and/or any Force Majeure event as delineated in this Section.

Upon receipt of the Consultant's request for an extension of time for cause(s) beyond the control of the Consultant, the County Administrator shall have the discretion to grant an extension of time only if the County determines the delay encountered by the Consultant was not due to its own fault or neglect. All other extensions of time must be approved by the Board of County Commissioners.

No interruption, interference, inefficiency, suspension, or delay in the commencement or progress of the Consultant's services for any cause whatsoever, including those for which the County, including any of its agents or employees, may be responsible in whole or in part, shall relieve the Consultant of its duty to perform or give rise to any right to damages or additional compensation from the County.

The Consultant's sole remedy against the County in the event of such interruption, interference, inefficiency, suspension, or delay in the commencement or progress of such services shall be the right to seek an extension of the time only, as included in any affected Task Order. However, such extension shall not operate as a waiver of any other rights of the County. This section shall expressly apply to claims for early completion, as well as claims based on late completion. The County shall not be responsible for any consequential damages or loss in profits incurred by the Consultant from such delays.

SECTION 37 – OWNERSHIP OF DOCUMENTS

All documents, such as drawings, tracings, notes, photographs, computer files, plans,

specifications, maps, evaluations, reports, and other records and data relating to this Agreement shall become the property of the County and shall be delivered by the Consultant to the County within thirty (30) calendar days of completion of the Project or within seven (7) calendar days of the County making a request for said document delivery, whichever is applicable. In the event the County gives the Consultant a written Notice of Termination pursuant to Section 23 of this Agreement, or upon issuance to the Consultant by the County of a written Modification or Change Order which deletes all or part of the work or services required, the Consultant shall deliver to the County any and all documents listed above with the mutual understanding and commitment by the County that compensation earned or owing to the Consultant for services provided or performed by the Consultant pursuant to this Agreement prior to the date of any such termination will be paid to the Consultant as provided in Section 23 and within sixty (60) calendar days of the date of issuance of the Notice of Termination.

The Consultant, at its expense, may make and retain copies of all documents delivered to the County for the Consultant's reference and internal use. The Consultant shall not use any of these documents and/or data or information contained therein on any other project or for any other client without the prior expressed written permission of the County.

SECTION 38 – HEADINGS

The headings of the articles, sections, subsections, exhibits, and/or attachments contained in this Agreement are for the purpose of convenience only and shall not be deemed to expand, limit, or change the provisions contained in such articles, sections, subsections, exhibits and/or attachments.

SECTION 39 – EVALUATION OF THE CONSULTANT

The County shall perform a performance evaluation of the Consultant. The evaluation shall be forwarded to the Consultant for their records.

SECTION 40 – SEVERABILITY

In the event any one or more of the provisions contained in this Agreement shall for any reason be held invalid, illegal, or unenforceable in any respect, the invalidity, illegality, or unenforceability shall not affect any other provision and this Agreement shall be construed as if the invalid, illegal, or unenforceable provision had never been contained in it.

SECTION 41 – EXECUTION IN COUNTERPARTS

For the convenience of the parties and to facilitate execution, this Agreement may be executed in two (2) or more counterparts, each of which shall be deemed an original, but all of which shall constitute one and the same document.

SECTION 42 – ENTIRE AGREEMENT

This Agreement, including all referenced exhibits and attachments hereto, any written amendments, modifications or addenda to it, and any Task Order or Change Order executed pursuant to it, together with the RSQ and any written addenda, constitutes the entire Agreement between the County and the Consultant and shall supersede, replace, and nullify any and all prior agreements or understandings, written and oral, relating to the matters set forth herein. Prior agreements or understandings, if any, shall have no force or affect whatsoever on this Agreement.

(The Remainder of this Page Intentionally Left Blank).

IN WITNESS WHEREOF, the parties hereto by their duly authorized representatives have executed this Professional Services Agreement for solicitation number **RSQ-KM-23-060** on the last day and year entered below, and **effective October 1, 2023.**

Subject: EMERGENCY PURCHASE: HANDCART ROAD DRAINAGE SWALE - $823, 2560.00

REQUESTING DEPARTMENT: Public Works

AMOUNT: $823,256.00

VENDOR: Heavy Metal Site Development

DESCRIPTION OF GOODS AND/OR SERVICES:

CR 579, Handcart Rd, just S of Pasadena Ridge Subdivision
Grout Fillable Fabric Reinforcement (GFFR), also known as Armlight/Fabricform, Mat Failure and Failed Guardrail section

- MOT Traffic Control (Lane Closure)
- Demolition, Removal and Disposal of:
  - Existing Concrete Filter Fabric
  - Damaged Guardrail section
- Installation
  - Fabricate and Install Armorform 8" Filter Point Mat
- Pump Flowable Fill into Armorform 8" Filter Point Mat
  - Reinstall Guardrail section
- Re-vegetate Disturbed Areas within Project Area with Bahia Sod

TYPE OF PURCHASE: Emergency Purchase

JUSTIFICATION: A significant and rapidly progressing structural failure has occurred along the Handcart Road right of way (ROW) drainage swale and adjacent guardrail system. The erosion and undermining now pose an immediate threat to the roadway, the traveling public, and critical supporting infrastructure. Conditions meet the threshold for emergency repairs due to imminent roadway failure, public safety hazards, and the approaching rainy season.

Public Works requests authorization for emergency procurement to restore the failed drainage system and stabilize the roadway and guardrail.

ADDITIONAL INFORMATION:

Provide a timeline of when the collapse happened.

- During field inspections conducted on April 15, 2026, staff identified extreme, and severe erosion, combined significant structural failure within the Handcart Road right of way, N bound corridor. The existing grout fillable fabric reinforcement (GFFR), also known as Armlight/Fabricform, has collapsed due to undermining caused by redirected stormwater flows.

- PW East Side Operations had to complete emergency repairs along the swale and damaged guardrail area, as soils were eroded to the point where the guardrail was literally suspended in midair and the recovery lane shoulder severely compromised.

- RH Moore and Associates was contacted on April 16, 2026, as they are the regional supplier of grout fillable fabric reinforcement (GFFR), to inquired as possible contractors who can expediently and properly repair this with in kind material.

- RH Moore suggested Heavy Metals Site Development (HMSD). HMSD was contacted and immediately went to investigate, inspect and assess the damages and possible repairs.

- Two additional vendors were contacted on April 16, 2026, – no response received to date.

When did you reach out to the vendor?

- Mark Gleen, PM, with Heavy Metal Site Development, was contacted on April 16, 2026, with immediate response to investigate, inspect and assess damages and possible repairs.

Did you reach out to any other vendors?

- Two additional vendors were contracted on April 16, 2026 – no response received to

date.

FUNDING SOURCE: Funding in the amount of $823,256.00 for Fiscal Year (FY) 2026, is available in the Transportation Trust Fund, Public Works Department.

The Public Works Department will submit this as a noted item at the next BCC meeting.

Proposal: Storm Drainage Fabriform Replacement and Related Site Work

Project Location: 8676–8698 Handcart Rd, Wesley Chapel, FL 33545

Project Overview

We propose comprehensive repairs to the failing Fabriform storm drainage system along Handcart Road.

Scope of Work

1. Mobilization / General Conditions

- Mobilization of equipment, materials, personnel, and site setup.
- General conditions including project management, insurance, temporary facilities, erosion/sediment control measures, and site cleanup.
- **Quantity:** 1.00 LS (Lump Sum)

2. MOT (Maintenance of Traffic)

- Implementation of traffic control plan per applicable standards (MUTCD and local requirements).
- Signage, cones, barricades, flaggers (if needed), and phasing to maintain safe guest/vehicle access during parking lot and drainage work.
- **Quantity:** 1.00 LS (Lump Sum)

3. Sediment / Erosion Control

- Install silt fence.
- Install turbidity barrier.
- **Quantities:**
  - Silt Fence: 2,000 LF
  - Turbidity Barrier: 2.0 LS

4. Ditch Bank Washout Repair

- Demo failing Fabriform (SF subject to change as project progresses).
- Regrade eroded ditch bank areas to restore proper slopes and prevent further washout.
- Install Fabriform on regraded ditch bank surfaces for erosion control and restoration.
- **Quantities:**
  - Demo / Haul Off / Regrade: 378,118 SF
  - Install 10" FPM Fabriform (1000 ft × 35 ft): 378,118 SF

5. Guardrail Removal & Reuse

- Remove roadway general/low-speed guardrail.
- Reinstall guardrail using existing materials.
- Install 2" SP12.5 asphalt housekeeping pad.
- **Quantities:**
    - Remove Guardrail: 250 LF
    - Reinstall Guardrail: 250 LF
    - Install SP12.5 Asphalt Pad: 100 SY

6. Additional Considerations

- Import fill for voids under existing Fabriform.
- Restoration of disturbed areas beyond asphalt/pond bank (landscaping if impacted).

Total Project Cost

Total Lump Sum Price: $823,256.00

This price includes all labor, materials, equipment, mobilization, traffic control, taxes, overhead, profit, and contingencies for the full scope of work described above. Pricing is valid for 30 days from the date of this proposal.

Benefits of Proposed Solution

- Stabilized ditch bank to prevent ongoing erosion and improve site appearance.

2" SP12.5 ASPHALT GUARD RAIL	100	SY	$32.00	$3,200.00
TOTAL PROJECT PRICE				**$823,256.00**

Clarifications:

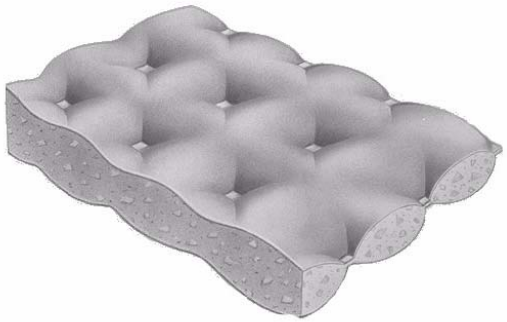
*We will not be responsible for any unforeseen construction errors or deviations that may not be visible on the bid set. If revised plans are issued, we will need to revise our pricing.
*Site will be restored to within + or -.1 feet whenever we are subcontractors. In this situation, we will not be responsible for regarding others work.
*Before beginning all earthwork operations, we will check site topography and make any quantity adjustments as needed.
*No Permits and Fees
*All Pipe work to be 5 foot of building pad
*Relocation of Power Poles by Others
*Relocation of Trees by Others
*Asphalt pricing based on Asphalt Oil Market Index at the time of this proposal.
*All quoted prices are subject to review based on current market conditions.
*Bid subject to confirmation after 30 days

Exclusions:

*No removal of unsuitable material. No Import of any structural or suitable soils to account for soils that will be deemed unsuitable.
*Demucking, rock, and hardpan excavation or removal are not included. Additional pricing will be required if any of these is encountered.
*Clay removal is not included.
*No removal of hazardous materials
*No Landscaping
*No Fencing or Gates
*No Relocation of Existing Utility Lines
*No retaining walls or segmental walls
*No Boundary Survey or Benchmark. Survey expense covers our scope of work layout only and these costs do not include the layout of building corners
*No Removal of existing lines
*No Chemical testing for dewatering
*Excluded Irrigation Meter & RPZ
*No Telemetry Included on Lift Station
*No RTU on Lift Station
*Excavation and backfill for others
*Gas Lines
*Dumpster/Trash Maintenance Pads
*All patio, pool, amenity center, dog park and community garden hardscape work and concrete excluded. We will bring subgrade to within +/- 0.1' subgrade
*Any specialty concrete
*Pavers
*Fencing excluded unless stated as a line item
* Buffer Wall
*Geotechnical testing
*Bollards

Armorform®: Filter Point Mat (FPM):

The Armorform® FPM utilizes a double-layer, 100% nylon fabric form, especially woven for optimum strength, stability, adhesion, and filtering characteristics, combined with a highly fluid fine aggregate concrete (grout) to provide an economical hard armor solution for erosion control. Armorform® revetments can be cast underwater as well as in-the-dry.



Armorform®: Technical Data

Filter point (FP) revetment fabric is a form for casting in place fine aggregate concrete (grout) revetments. Characterized by a deeply cobbled surface, these rigid revetments exhibit a relatively high coefficient of hydraulic friction which is well suited to attenuation of hydraulic energy. The woven filter points permit escape of ground water to relieve hydrostatic uplift.

Filter point revetment fabrics are woven of 100% high-tenacity, multifilament nylon of which at least 50% by weight consists of textured fibers for optimum filtering characteristics and adhesion to the grout. These fibers have an excellent long-term performance record in the critical areas where the two layers of fabric are joined together to form the filter points. Nylon yarns also provide a relatively high resistance to ultraviolet light and alkali degradation.

The Filter point revetment fabric is shop-assembled in predetermined panel sizes to fit site topography. The panels are convenient to handle and are joined together side-by-side at the job site by means of sewing or zipper closures attached to both the upper and lower layers of fabric.

The panels will contract when they are injected with grout. Allowance must be made for this contraction when preparing shop drawings of panel assemblies. Contraction will vary with site conditions. For budgetary estimates, a minimum contraction allowance should be made for approximately 10% additional fabric to cover the cast-in-place area.

ARMORFORM ® FILTER POINT MAT (FPM)				
FPM size	Filter Point Spacing	Average Thickness	Weight/ sq. ft.	Coverage/ CY of Concrete
5" FPM	5"	2.2"	26 lbs.	135 sq. ft.
8" FPM	8"	4.0"	47 lbs.	75 sq. ft.
10" FPM	10"	6.0"	70 lbs.	50 sq. ft.

Filter Point Mat (FPM) fabric forms are constructed with spaced interwoven filter points to form a lining of required average thickness, deeply cobbled surface and specified weight to provide strength and erosion protection. The design criterion for selection of lining thickness is the same as that used to determine the thickness of conventional concrete slope paving. Relief of hydrostatic uplift pressure, caused by entrapped and ground-water is provided by the woven filter points which are on 5”, 8” or 10” centers. Filter Point Mat (FPM) is

custom fabricated into multiple mill width panels, designed to fit actual site dimensions and topography.

Design Considerations:

- FPM is used where velocities are low, bed load and ice formations are light and a roughness coefficient of N= 0.025 to 0.030 is acceptable.
- FPM is used where wave action is light.
- FPM is ideal for underwater placement.
- FPM should be installed on well compacted soil conditions only.

Armorform®: Guide Specification for Filter Point Mat (FPM)

I. GENERAL

A. Scope of Work

The work shall consist of furnishing all labor, materials, and equipment for installing fabric-formed concrete revetment as indicated in the contract drawings and specified herein.

B. Description

The work shall consist of installing an unreinforced concrete revetment, as indicated in the contract drawings, by positioning a specially woven, dual wall, 100% nylon fabric form on the slope or surface to be protected and injecting it with fine aggregate concrete (grout). The surfaces to be protected shall be prepared and graded to such an extent that they are normally stable in the absence of erosive forces.

C. Qualification of Contractor

The Contractor shall furnish records of past successful experience in performing this type of work. The Contractor shall save the owner harmless from liability of any kind arising from the use of any patented or unpatented invention in the performance of this work.

II. MATERIALS

A. Fiber and Fabric Specifications

Fiber and fabric materials shall meet the minimum requirements, as listed and reported by an independent testing agency, shown below:

B. Fabric Design

Fabric-forming material shall consist of double-layer, open-selvage fabric joined in a mat configuration. Fabric shall be woven of 100% high-tenacity, continuous multifilament nylon of which at least 50% by weight shall be textured fiber. Polyester, staple, and partially orientated yarn shall not be allowed.

Filter Point Fabric, designated as _____FPM on the drawings, shall be woven in such a manner as to provide interwoven points of attachment on spaced centers. *(See Note 1 below)* These points of attachment shall serve to control the thickness of the revetment and also act as “Filter points” to provide relief of hydrostatic uplift pressure beneath the revetment. The filter points shall be woven in a basket or other open weave to allow improved permittivity.

Thickness of the finished revetment shall be measured as described in Section III.D of these specifications.

Note 1: Designer will indicate here the fabric designation required from choice of fabric styles below. Fabric style designates approximate spacing of filter points cast in place in the completed revetment:

5” FPM, 8” FPM, 10” FPM

C. Fabric Porosity

Fabric porosity is essential for the successful execution of this work at the direction of the Engineer; the Contractor shall demonstrate the suitability of fabric design by injecting the proposed grout into 5½" (140 mm) diameter sleeves. The sleeves shall be constructed of a single layer of the same basic fabric material. Test cylinders, 12" (300 mm) long, shall be cut from each specimen and tested in accordance with ASTM C-39. This test will be run once at the start of the project unless otherwise directed by the engineer. (See Item E below)

D. Fabric Assembly

The FPM fabric can be factory sewn into predetermined custom sized panels. The FPM fabric rolls are first cut into the lengths specified on the shop drawings. These fabric pieces are then joined together, top layer to top layer and bottom layer to bottom layer. This will allow for the finished revetment to have the full mat thickness between the top and bottom seam. A single seam in which all four layers of fabric are joined at one point will not be permitted. All factory seams shall face downwards and shall be made using a double-needled machine utilizing the Standard Type 401 stitch. If required, bulkheads (grout stops) may be installed parallel to and in between individual mill widths at predetermined intervals to regulate the flow of fine aggregate concrete. Grout stops shall be designed as to produce full mat thickness along the full length of the grout stop. Completed FPM panels shall be inspected to verify that the proper filter point spacing is maintained throughout the panel.

E. Fine Aggregate Concrete (Grout)

Fine aggregate concrete (grout) shall consist of a mixture of Portland cement, fine aggregate, and water so proportioned and mixed as to provide a readily flowable grout. Admixtures and/or a pozzolan may be used with the approval of the Engineer. Use of super plasticizers requires special precautions; silica fume is not recommended. The hardened fine aggregate concrete shall exhibit a compressive strength of 2,500 psi (17 Mpa) at 28 days when specimens are made and tested according to the provisions of ASTM C-31 and C-39. The average compressive strength of fabric cast test cylinders, as described in paragraph C above, shall be at least 20% higher at 7 days than that of companion test cylinders made in accordance with ASTM C-31, and not less than 3,000 psi (21 Mpa) at 28 days.

III. INSTALLATION

A. Fabric Storage

Immediately following receipt of fabric on the job site, fabric shall be inspected and stored in a clean, dry area where it will not be subject to mechanical damage or exposure to moisture or direct sunlight. Fabric that is allowed to become wet, and then dried, before installation is subject to shrinkage.

B. Site Preparation

The surface to be protected shall be constructed to the line and dimensions as shown on the contract drawings. The area shall be free of all obstruction and organic material, such as rocks and roots. Areas below grade shall be brought to grade using engineered fill or a drainage stone as specified by the Engineer. Anchor and flank trench installation will be in accordance with project plans and specifications.

C. Fabric Placement

The FPM fabric panels shall be positioned over a geotextile filter fabric, as specified by the Engineer, at their approximate design location. The factory assembled panels shall be joined in the field by means of sewing or zipper closures. Adjacent panels shall be joined top layer to top layer and bottom layer to bottom layer. The contractor must make the appropriate allowance for approximately 10% contraction of the fabric in each direction which will occur as a result of grout injection. If joining of panels as described above is impractical, adjacent panels may be overlapped a minimum of 3 feet (900 mm), subject to Engineer's approval. In no case will simple butt joints between panels be allowed. However, a modified butt joint where an underlayment of similar fabric is sewn to one panel and overlapped a minimum of 2 feet (600mm) by the adjacent panel is allowed subject to Engineer's approval.

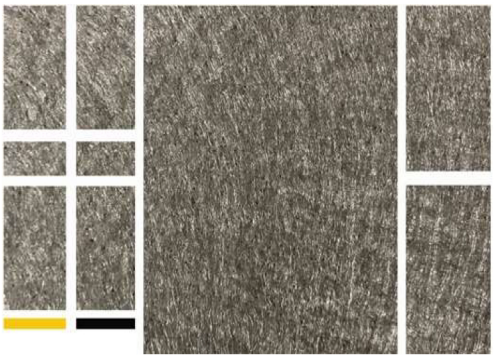
D. Fine Aggregate Concrete (Grout) Injection

Following placement of FPM fabric panels over the geotextile filter cloth, fine aggregate concrete (grout) shall be injected between the upper and lower layers of fabric through small slits cut in the upper layer of fabric. The injection pipe shall be wrapped tightly at the point of injection with a strip of burlap during pumping. First pump the upper edge of the mat which has been placed in the anchor trench followed by injection into the lower edge, working back up the slope. Avoid over-pressuring of the fabric. After pumping, the burlap shall be pushed into the slit as the injection pipe is withdrawn in order to minimize spillage of grout on the revetment surface. The burlap seal shall be removed prior to the final set of the fine aggregate concrete and the injection area hand-finished. The sequence of grout injection shall be such as to ensure complete filling of the revetment-forming fabric to the thickness specified by the fabric manufacturer.

Foot traffic will not be permitted on the freshly pumped mat when such traffic will cause permanent indentations in the mat surface. Walk boards shall be used where necessary.

Excessive grout which has been inadvertently spilled on the mat surface shall be cleaned up with a broom and shovel. Use of a water hose to remove spilled grout from the surface of a freshly pumped mat will not be permitted.

During grout injection, the mat thickness may be measured by inserting a short piece of stiff wire through the mat at several locations from the crest to the toe of the slope. Any mat measuring less than 90% of the average of all thickness measurements shall be re-injected until desired average thickness has been attained.



Information contained in this publication is offered in good faith as a guide to placement of Armorform® erosion control revetments. It is based on experience obtained under a variety of conditions. However, information contained herein will not apply to every job and dimensions and quantities shown are approximate only and will vary as a result of site conditions and installation procedures.

NON-WOVEN GEOTEXTILE

GT - 170

SKAPS GT-170 is a needle-punched nonwoven geotextile made of 100% virgin polypropylene staple fibers, which are formed into a random network for dimensional stability. SKAPS GT-170 resists ultraviolet deterioration, rotting, biological degradation, naturally encountered alkalis and acids. Polypropylene is stable within the pH range of 2 to 13. SKAPS GT-170 is NTPEP certified and meets requirements as per AASHTO Standards and/or D.O.T. Standards.

SKAPS GT-170 conforms to the Minimum Average Roll Values (MARV) listed below:

Property	Method	English (MARV[2])	Metric (MARV[2])
Grab Tensile Strength	ASTM D 4632	180 lbs.	0.800 kN
Grab Elongation	ASTM D 4632	50%	50%
Trapezoid Tear Strength	ASTM D 4533	75 lbs.	0.333 kN
CBR Puncture Resistance	ASTM D 6241	475 lbs	2.113 kN
Permittivity[4]	ASTM D 4491	1.4 sec^{-1}	1.4 sec^{-1}
Water Flow[4]	ASTM D 4491	105 gpm/ft^2	4278 $l/min/m^2$
Apparent Opening Size (AOS)[3&4]	ASTM D 4751	70 Std. U.S. Sieve	0.212 mm
UV Resistance	ASTM D 4355	70%/500 hrs.	70%/500 hrs.

Packaging

Roll Dimensions (W x L)	12.5 x 360 ft. 15 x 300 ft.	3.81 m x 109.8 m 4.6 m x 91.4 m
Area Per Roll	500 sq. yards	418.3 sq. meters

Note

1. The property values listed above are subject to change without notice.
2. Minimum Average Roll Values (MARV) is calculated as the average minus two standard deviations. Statistically, it yields approximately 97.5% degree of confidence that any samples taken from quality assurance testing will meet or exceed the values described above.
3. Maximum Average Roll Value (MaxARV)
4. At time of manufacturing. Handling may change these properties.

PASADENA
RIDGE

Emergency Repair Justification – Handcart Road Drainage Swale & Guardrail Failure

Subject: Request for Emergency Authorization – Handcart Road Drainage Swale & Guardrail Collapse (Northbound Lane, South of Pasadena Ridge Subdivision)
Date: April 28, 2026

Summary of Issue

A significant and rapidly progressing structural failure has occurred along the Handcart Road right-of-way (ROW) drainage swale and adjacent guardrail system. The erosion and undermining now pose an immediate threat to the roadway, the traveling public, and critical supporting infrastructure. Conditions meet the threshold for emergency repair due to imminent roadway failure, public safety hazards, and the approaching rainy season.

Public Works requests authorization for emergency procurement to restore the failed drainage system and stabilize the roadway and guardrail.

Background

During field inspections conducted in April 2026, staff identified severe erosion and structural failure within the Handcart Road right-of-way. The existing grout-fillable fabric reinforcement (GFFR), also known as Armlight/Fabricform, has collapsed due to undermining caused by redirected stormwater flows.

The Pasadena Ridge Phase 1 development previously made improvements within the County ROW. Although these improvements were approved through the County's review process, it appears the contractor did **not** complete all required elements shown on the approved plans. Approximately 950 linear feet of existing GFFR was removed and replaced with a sodded swale without proper termination or armoring of the remaining system.

This created a direct pathway for runoff to flow beneath the remaining mats, resulting in accelerated erosion and collapse of the existing guardrail.

With the rainy season approaching, the rate of erosion is expected to increase rapidly.

Findings from Field Investigation

1. Water Line Ruled Out

A 12" force main water line runs parallel to the ditch.

- Pasco County Utilities performed physical inspection and pressure testing.

- No leakage was detected.
  Conclusion: The water line is not contributing to the erosion.

2. Failure of Existing Grout-Fillable Fabric Reinforcement (GFFR / Armlight / Fabricform)

- The existing GFFR system has **collapsed**.
- Runoff is flowing **beneath** the remaining mats, eroding the supporting soils.
- Undermining caused the guardrail posts and shoulder to lose structural support.
- Operations Group E performed emergency stabilization after discovering the guardrail suspended in midair and the recovery lane shoulder severely compromised.

3. Upstream Modifications by Pasadena Ridge Subdivision

During construction of two new entrances, the subdivision regraded approximately **950 LF** of the ditch along their frontage.

- The contractor removed the existing Armlight/Fabricform and replaced it with a standard sodded swale.
- The removal severed the GFFR system without proper termination, armoring, or required flank trenching.
- This created a direct pathway for runoff to enter beneath the remaining GFFR, accelerating erosion and structural failure.

4. Additional Damage on West Side from Hurricane Milton

- The west side of the ditch sustained major storm damage.
- FDOT is designing and planning repairs under a cost-share agreement.
- The east side failure now threatens the integrity of the entire corridor if not addressed immediately.

Imminent Threats

- Continued undermining will lead to catastrophic roadway embankment failure.
- Guardrail integrity is already compromised, posing a direct public safety hazard.
- The ditch conveys high-volume, high-velocity runoff; erosion will accelerate with the rainy season.
- Delays will significantly increase repair costs and may require full roadway reconstruction.

Regulatory & Liability Exposure

- A known structural failure adjacent to a public roadway creates immediate liability.
- Continued deterioration may jeopardize FDOT's west-side repair project and cost-share arrangement.

Repair Options Considered

1. In-Kind Replacement (Armlight/Fabricform) – Recommended

- Only material capable of handling the required hydraulic loading.
- No design or permitting delays.
- Heavy Metals Site Development (HMSD) inspected the site and submitted a lump-sum proposal of $823,256.00.
  This is the only viable option under emergency conditions.

2. Flexmat

- Technical specifications indicate it cannot withstand the ditch's flow velocities.
- Eliminated from consideration.

3. Gabion Walls

• Requires full engineering design and permitting.
• Total cost (design + permitting + construction) exceeds in-kind GFFR replacement.
• Not feasible under emergency conditions.

4. Annual Pipe Replacement Contract

• Does not include GFFR materials or installation.
• Cannot be used for this scope of work**.**

5. Other Vendors

• Multiple regional vendors contacted
• No availability to perform the work.

Recommendation

Given the active erosion, structural failure, public safety risk, and lack of viable alternatives, this situation meets the criteria for emergency repair authorization. Immediate action is necessary to prevent:
• Loss of roadway
• Collapse of guardrail and shoulder

- Major reconstruction costs
- Disruption to FDOT's adjacent repair project
- Safety hazards to the traveling public

Public Works strongly recommends approving the emergency repair contract with Heavy Metals Site Development for the in-kind GFFR replacement in the amount of $823,256.00.

INTEROFFICE MEMORANDUM

TO: Erik K. Breitenbach, P.E., CEM, Assistant County Administrator (Internal Services)

THRU: Andrew Baxter, Facilities Management Director

FROM: Jordan M. Andrews, Project Manager

DATE: 4/1/2026 FILE: FAC26-1106

SUBJECT: Jail Expansion - Moss & Associates - Construction Change Directive CCD082 - Mechanical and Electrical - $49,000.00

On July 14, 2020, the Board of County Commissioners (BCC) approved RFP-KM-20-032, Construction Management at Risk Agreement with Moss for the preconstruction phase of the expansion and renovation of the Pasco County Jail Addition.

On August 9, 2022, the BCC approved Amendment No. 1 to the Agreement between Pasco County and the Construction Manager (Agreement) to establish a Guaranteed Maximum Price (GMP) and contract time for the work for the Jail Addition Project (Project) in the amount of one hundred ninety-two million, five hundred ninety-five thousand and four hundred and ninety-seven dollars. ($192,595,497.00).

On June 4, 2024, the BCC approved Amendment No. 2 to the Agreement to increase the GMP and the Project budget for a total of one hundred ninety-eight million, four hundred eighty-four thousand and four hundred ninety-seven dollars ($198,484,497.00), establish and add five million dollars ($5,000,000.00) to Owner's Contingency, and add 102 calendar days to contract time for a final completion date of December 26, 2025.

On April 9, 2025, the BCC approved Amendment No. 3 to the Agreement to increase the GMP and the Project budget by fourteen million, seven hundred ninety-one thousand, thirteen dollars and fifty-two cents ($14,791,013.52) for a Not to Exceed Amount of two hundred thirteen million, two hundred seventy-five thousand, five hundred ten dollars and fifty-two cents ($213,275,510.52); increase the Owner's Contingency by four million, four hundred sixty-nine thousand, four hundred thirty-one dollars ($4,469,431.00); and add two hundred eighty-four (284) days to the Contract Time for a final completion date of October 6, 2026.

Presented for review and approval is CCD082 in the ROM amount of $49,000.00. This CCD includes design revisions associated with RFI 991R1, specifically the demolition and replacement of three VAV terminals in Area G, along with corresponding updates to HVAC schedules, and the addition of new electrical power connections for VAV5-1-1, VAV5-1-2, and VAV5-1-7. This will be funded from the Owner's Contingency.

CCD NO.	CCD ROM	CONTINGENCY	BALANCE
CCD 082	49,000.00	27,847.25	(21,152.75)

Facilities Management has reviewed CCD082 and finds it to be fair and reasonable. Should you concur, please sign, and return the attached documents to Chris Koys at the Facilities Management Department, 4111 Land O' Lakes Blvd., Suite 307, Land O'Lakes, for distribution.

If you have any questions, please contact Jordan Andrews, Project Manager, at 727.247.8543. Thank you.

Christine Koys

Subject: 1112007 PCJE - CCD#82 ROM

Jordan, Ben,
I am following up on the ROM pricing for CCD 82 for the for the multidisciplinary changes.

While CCD 82 has yet to be fully executed by Pasco, Moss has reviewed the initial version of the CCD provided by HOK on 3/27/2026 and has prepared the following ROM pricing based on our subcontractor feedback:

ROM Estimate, this CCD is anticipated to be a cost to the Owner in the amount of **$49,000.00.**

- $34,000 Mechanical
- $15,000 Electrical

This ROM assumes the funding will come from the Owner's Contingency within the existing contract. It does not include the expected cost and impact of additional time or CM markup for fees and insurance. This also assumes no cost from other trades currently on site supporting the directly affected subcontractors.

Please provide the executed CCD, providing us authorization to proceed.
As always, we will work to mitigate any related impact.

Thank you,

AIA® Document G714® – 2017

Construction Change Directive

PROJECT: *(name and address)*	CONTRACT INFORMATION:	CCD INFORMATION:
Pasco County Jail Expansion	Contract For: General Construction Date: 05-19-2020	Directive Number: CCD 82 Date: 03/26/2026
OWNER: *(name and address)*	**ARCHITECT:** *(name and address)*	**CONTRACTOR:** *(name and address)*
Pasco County 4111 Land O'Lakes Blvd., Suite 107 Land O' Lakes, FL 34638	Hellmuth, Obata & Kassabaum, Inc. One Tampa City Center, Suite 1800 Tampa, FL 33602	Moss & Associates, LLC 5401 W Kennedy Boulevard, Suite 1060 Tampa, FL 33609

The Contractor is hereby directed to make the following change(s) in this Contract:
(Insert a detailed description of the change and, if applicable, attach or reference specific exhibits.)

Modifications are associated with the Jail Expansion updates and clarifications. Refer to the enclosed narrative for additional information.

PROPOSED ADJUSTMENTS

1. The proposed basis of adjustment to the Contract Sum or Guaranteed Maximum Price is:
   - [ ] Lump Sum unchanged $ 0.00
   - [ ] Unit Price of $ 0.00 per
   - [ ] Cost, as defined below, plus the following fee: 0.00
     (Insert a definition of, or method for determining, cost)
   - [X] As follows: To be determined and provided by Moss at a later date

2. The Contract Time will be unchanged by TBD days.

NOTE: The Owner, Architect and Contractor should execute a Change Order to supersede this Construction Change Directive to the extent they agree upon adjustments to the Contract Sum, Contract Time, or Guaranteed Maximum price for the change(s) described herein.

When signed by the Owner and Architect and received by the Contractor, this document becomes effective IMMEDIATELY as a Construction Change Directive (CCD), and the Contractor shall proceed with the change(s) described above.

Contractor signature indicates agreement with the proposed adjustments in Contract Sum and Contract Time set forth in this CCD.

INTEROFFICE MEMORANDUM

TO: Michael J. Carballa, P.E., County Administrator

DATE: 4/1/2026 FILE: FAC26-1105

THRU: Erik K. Breitenbach, P.E., CEM, Assistant County Administrator (Internal Services)

FROM: Andrew W. Baxter, Facilities Management Director

SUBJECT: Jail Expansion - Moss & Associates, LLC - Construction Change Directive CCD081 - Demolition, Concrete, Steel, Roofing, Fireproofing, Fire Protection, Mechanical and Electrical - $110,000.00

On July 14, 2020, the Board of County Commissioners (BCC) approved RFP-KM-20-032, Construction Management at Risk Agreement with Moss for the preconstruction phase of the expansion and renovation of the Pasco County Jail Addition.

On August 9, 2022, the BCC approved Amendment No. 1 to the Agreement between Pasco County and the Construction Manager to establish a Guaranteed maximum price and contract time for the work for the Jail Addition Project in the amount of one hundred ninety-two million, five hundred ninety-five thousand and four hundred and ninety-seven dollars. ($192,595,497.00).

On June 4, 2024, the BCC approved Amendment No. 2 to the Agreement between Pasco County and the Construction Manager to increase the Guaranteed Maximum Price and the project budget for a total of one hundred ninety-eight million, four hundred eighty-four thousand and four hundred ninety-seven dollars ($198,484,497.00), establish and add five million dollars ($5,000,000.00) to Owner's Contingency, and add 102 calendar days to contract time for a final completion date of December 26, 2025.

On April 9, 2025, the BCC approved Amendment No. 3 to the Agreement to increase the GMP and the Project budget by fourteen million, seven hundred ninety-one thousand, thirteen dollars and fifty-two cents ($14,791,013.52) for a Not to Exceed Amount of two hundred thirteen million, two hundred seventy-five thousand, five hundred ten dollars and fifty-two cents ($213,275,510.52); increase the Owner's Contingency by four million, four hundred sixty-nine thousand, four hundred thirty-one dollars ($4,469,431.00); and add two hundred eighty-four (284) days to the Contract Time for a final completion date of October 6, 2026.

Presented for your review and approval is Construction Change Directive CCD081 in the ROM amount of $110,000.00. This CCD includes multidisciplinary design revisions across architectural, electrical, mechanical, fire protection, and laundry systems. These include adding interior elevations for Central Mail Room equipment, adjusting chain-link fencing for relocated dryers, sloped floor additions at the Area K–G connection, revising electrical panel schedules and outlet/disconnect changes, conversion of fire protection systems from pre-action to dry-pipe in multiple areas, adding exhaust and transfer air components, revised make-up air and exhaust routing for dryer relocations, updating HVAC schedules, and relocating laundry equipment and ventilation.

This will be funded by the Owner's Contingency.

CCD NO.	CCD ROM	CONTINGENCY	BALANCE
CCD 081	110,000.00	137,847.25	27,847.25

Facilities Management reviewed CCD081 and found it to be fair and reasonable. Should you concur, please sign, and return the attached documents to Chris Koys at the Facilities Management Department, 4111 Land O'Lakes Blvd., Suite 307, Land O'Lakes, for distribution.

If you have any questions, please contact Jordan Andrews, Project Manager, at 727.247.8543. Thank you.

Approved:

Michael J. Carballa, P.E., County Administrator

Subject: 1112007 PCJE - CCD#81 ROM

Jordan, Ben,
I am following up on the ROM pricing for CCD #81 for the multidisciplinary changes.

While CCD #81 has yet to be fully executed by Pasco, Moss has reviewed the initial version of the CCD provided by HOK on 3/20/2026 and has prepared the following ROM pricing based on our subcontractor feedback:

ROM Estimate, this CCD is anticipated to be a cost to the Owner in the amount of **$110,000**

- $2,500 Demolition
- $20,000 Concrete
- $5,000 Steel
- $10,000 Roofing
- $3,000 Fireproofing
- $5,000 Fire Protection
- $45,000 Mechanical
- $19,500 Electrical

This ROM assumes the funding will come from the Owner's Contingency within the existing contract. It does not include the expected cost and impact of additional time or CM markup for fees and insurance. This also assumes no cost from other trades currently on site supporting the directly affected subcontractors.

Please provide the executed CCD, providing us authorization to proceed.
As always, we will work to mitigate any related impact.

Thank you,

AIA® Document G714® – 2017

Construction Change Directive

PROJECT: *(name and address)*	CONTRACT INFORMATION:	CCD INFORMATION:
Pasco County Jail Expansion	Contract For: General Construction Date: 05-19-2020	Directive Number: CCD 81 Date: 03/20/2026
OWNER: *(name and address)*	**ARCHITECT:** *(name and address)*	**CONTRACTOR:** *(name and address)*
Pasco County 4111 Land O'Lakes Blvd., Suite 107 Land O' Lakes, FL 34638	Hellmuth, Obata & Kassabaum, Inc. One Tampa City Center, Suite 1800 Tampa, FL 33602	Moss & Associates, LLC 5401 W Kennedy Boulevard, Suite 1060 Tampa, FL 33609

The Contractor is hereby directed to make the following change(s) in this Contract:
(Insert a detailed description of the change and, if applicable, attach or reference specific exhibits.)

Modifications are associated with the Jail Expansion updates and clarifications. Refer to the enclosed narrative for additional information.

PROPOSED ADJUSTMENTS

1. The proposed basis of adjustment to the Contract Sum or Guaranteed Maximum Price is:
   - [ ] Lump Sum unchanged $ 0.00
   - [ ] Unit Price of $ 0.00 per
   - [ ] Cost, as defined below, plus the following fee: 0.00
     (Insert a definition of, or method for determining, cost)

SUBJECT: Fire Rescue Station No. 19 - CAR No. CM-017 – Ajax Building Company, LLC., – $3,198.00

On June 10, 2024, the County Administrator approved Task Order FM24-022, Construction Management at Risk Agreement CMAR with Ajax Building Company, LLC. (Ajax) for pre-construction services of Fire Station No. 19 in the Not to Exceed (NTE) amount of $42,552.35.

On December 10, 2024, the BCC approved Amendment No. 1 to Task Order FM24-022, which established the Guaranteed Maximum Price (GMP) in the NTE amount of $15,379,609.00 which included $461,375.00 for the Construction Manager's Contingency and sixty (60) Contingency days.

Presented for your approval per Section 2 – Guaranteed Maximum Price - GMP Amendment is CAR No.CM-017 for the following:

RFI #076 – Provide EIFS system at Balcony due to elevation revision. (Code CO-DC). This results in a cost increase of $3,198.00, which will be taken from the Construction Manager's Contingency.

The scope and total cost of CAR No. CM-017 have been evaluated by the Construction and Renovation team who find it to be a fair and reasonable sum for this work and recommend approval of this CAR. Should you concur, please sign, and return the two attached original CARs to Kimberly Corson at Facilities Management, 4111 Land O' Lakes Suite 307, in Land O' Lakes for distribution.

If you have any questions, please contact Ben Harger, Sr. Project Manager, at 727-992-0690. Thank you.

On June 10, 2024, the County Administrator approved Task Order FM24-022, Construction Management at Risk Agreement CMAR with Ajax Building Company, LLC. (Ajax) for pre-construction services of Fire Station No. 19 in the Not to Exceed (NTE) amount of $42,552.35.

On December 10, 2024, the BCC approved Amendment No. 1 to Task Order FM24-022, which established the Guaranteed Maximum Price (GMP) in the NTE amount of $15,379,609.00 which included $461,375.00 for the Construction Manager's Contingency and sixty (60) Contingency days.

Presented for your approval per Section 2 – Guaranteed Maximum Price - GMP Amendment is CAR No.CM-021 for the following:

RFI #112 – Revised electrical controls for the Apparatus Bay exhaust fans. (Code CO-AE). This results in a cost increase of $4,966.00, which will be taken from the Construction Manager's Contingency.

The scope and total cost of CAR No. CM-021 have been evaluated by the Construction and Renovation team who find it to be a fair and reasonable sum for this work and recommend approval of this CAR. Should you concur, please sign, and return the two attached original CARs to Kimberly Corson at Facilities Management, 4111 Land O' Lakes Suite 307, in Land O' Lakes for distribution.

If you have any questions, please contact Ben Harger, Sr. Project Manager, at 727-992-0690. Thank you.

THRU: Erik K. Breitenbach, P.E., CEM, Assistant County Administrator (Internal Services)

FROM: Andrew W. Baxter, Facilities Management Director

SUBJECT: Jail Expansion - Moss & Associates, LLC - Potential Change Item (PCI) Budget Transfer BT0634 for Construction Change Directive CCD075 - Demolition, Concrete, Millwork, Framing/Drywall, Flooring, Plumbing, HVAC, Electrical, and Security - $277,235.35

On July 14, 2020, the Board of County Commissioners (BCC) approved RFP-KM-20-032, Construction Management at Risk Agreement with Moss for the preconstruction phase of the expansion and renovation of the Pasco County Jail Addition.

On August 9, 2022, the BCC approved Amendment No. 1 to the Agreement between Pasco County and the Construction Manager (Agreement) to establish a Guaranteed Maximum Price (GMP) and contract time for the work for the Jail Addition Project (Project) in the amount of one hundred ninety-two million, five hundred ninety-five thousand and four hundred and ninety-seven dollars. ($192,595,497.00).

On June 4, 2024, the BCC approved Amendment No. 2 to the Agreement to increase the GMP and the Project budget for a total of one hundred ninety-eight million, four hundred eighty-four thousand and four hundred ninety-seven dollars ($198,484,497.00), establish and add five million dollars ($5,000,000.00) to Owner's Contingency, and add 102 calendar days to contract time for a final completion date of December 26, 2025.

On April 9, 2025, the BCC approved Amendment No. 3 to the Agreement to increase the GMP and the Project budget by fourteen million, seven hundred ninety-one thousand, thirteen dollars and fifty-two cents ($14,791,013.52) for a Not to Exceed Amount of two hundred thirteen million, two hundred seventy-five thousand, five hundred ten dollars and fifty-two cents ($213,275,510.52); increase the Owner's Contingency by four million, four hundred sixty-nine thousand, four hundred thirty-one dollars ($4,469,431.00); and add two hundred eighty-four (284) days to the Contract Time for a final completion date of October 6, 2026.

Presented for review and approval is BT0634 for CCD075 in the amount of $277,235.35. The ROM for CCD075, approved February 25, 2026, was $250,000.00; a copy is attached at the end of the documents for reference.

Demolition includes adding the demolition scope and adding slab cutting for laundry thickened slabs. Concrete includes adding foundations for walls between Areas G and K and adding thickened slabs at the laundry room. Millwork includes adding cabinetry and countertops to the dental exam room. Framing/drywall includes adding scope and deleting walls and ceilings from Area H on the second floor. Plumbing includes adding air and water piping for dental chairs and laundry equipment and adding provisions for relocated points of connection and AGS panel. HVAC includes adding a variable air volume terminal and associated ductwork at Area G, and

deletion of air distribution devices from Area H on the second floor. Electrical includes adding fixtures, circuits, breakers and receptacles, including raceways and wiring, and deleting fixtures from Area H on the second floor. Security includes deleting cameras from Area H on the second floor. This will be funded by the Owner's Contingency.

BT NO.	BT AMOUNT	ROM AMOUNT	DIFFERENCE	CONTINGENCY	BALANCE
0634 for CCD075	250,000.00	277,235.35	(27,235.35)	(21,152.75)	(48,388.10)

Facilities Management has reviewed BT0634 for CCD075 and finds it to be fair and reasonable. Should you concur, please sign, and return the attached documents to Chris Koys at the Facilities Management Department, 4111 Land O'Lakes Blvd., Suite 307, Land O'Lakes, for distribution.

If you have any questions, please contact Jordan Andrews, Project Manager, at 727.247.8543. Thank you.

RE: BT0634 – Construction Change Directive #75
Pasco County Jail Expansion
20101 Central Blvd.
Land O' Lakes, FL 34637

Dear Mr. Andrews,

This letter provides detailed information about all the costs associated with Construction Change Directive #75, including changes in the Demolition, Concrete, Millwork, Framing & Drywall, Flooring, Plumbing, HVAC, Electrical, and Security scopes of work. Moss has evaluated and vetted the attached subcontractor pricing and is pleased to present the following for CCD #75.

CCD #75 pricing for Demolition includes the following changes:

- Added demolition scope from RFIs encapsulated within this CCD
- Added slab cutting for laundry thickened slabs

CCD #75 pricing for Concrete includes the following changes:

- Added foundations for walls between Areas G & K
- Added thickened slabs at laundry room

CCD #75 pricing for Millwork includes the following changes:

- Added cabinetry and countertops at dental exam room

CCD #75 pricing for Framing & Drywall includes the following changes:

- Added framing and drywall scope from RFIs encapsulated within this CCD
- Deletion of walls and ceilings from Area H 2nd floor

CCD #75 pricing for Flooring includes the following changes:

- Added flooring at Area G former judge's chamber
- Deletion of flooring from Area H 2nd floor

CCD #75 pricing for Plumbing includes the following changes:

- Added air and water piping for dental chairs and laundry equipment
- Added provisions for relocated points of connection and AGS panel

CCD #75 pricing for HVAC includes the following changes:

- Added variable air volume terminal and associated ductwork at Area G
- Deletion of air distribution devices from Area H 2nd floor

CCD #75 pricing for Electrical includes the following changes:

- Added fixtures, circuits, breakers, and receptacles, including raceways and wiring
- Deletion of fixtures from Area H 2nd floor

CCD #75 pricing for Security includes the following changes:

- Deletion of cameras from Area H 2nd floor

The total of this Contingency Request is a Cost of $277,235.35.

This request will be funded by the Owner's Contingency.

Sincerely,
Moss & Associates, LLC.

Mike Tippy, Project Executive

RE: Authorization for Contingency Release
Potential Change Item (PCI) BT0634 Notification
Pasco County Jail Expansion - 1112007

Dear Jordan Andrews,

This letter is to provide official notification of a potential change item (PCI) as follows:

PCI Number: BT0634
Date: March 25, 2026
Description: CCD #75
Days Requested: 0
Reason: Budget Transfer

This PCI is comprised of the following items:

Cost Distribution	Category	Description	Amount	Vendor Code	Vendor Name
02.4100.00	S	CCD #75 Demolition	17,865.00	10212	Cross Construction Services, Inc.
03.0000.00	S	CCD #75 Concrete	19,081.36	14729	OLP Construction Inc
06.4000.00	S	CCD #75 Architectural Woodwork	27,915.00	08166	Adams Bros. Cabinetry, Inc. dba Adams Group
09.2000.00	S	CCD #75 Metal Framing & DW Systems, ACT, Stucco	11,284.89	20457	Kenpat Gulf Coast LLC
09.6000.00	S	CCD #75 Flooring	713.86	20298	Spectra Holdings Inc dba Spectra Contract Flooring
22.0000.00	S	CCD #75 Plumbing	98,568.51	09422	Ackerman Plumbing, LLC
23.0000.00	S	CCD #75 Heating Ventilating and Air-Conditioning HVAC	9,380.41	08766	BCH Mechanical, LLC
26.0000.00	S	CCD #75 Electrical, Fire Alarm, Communications	94,965.52	08938	APG Electric, LLC
28.0000.00	S	CCD #75 Electronic Safety and Security	-2,539.20	10566	Accurate Control, Inc
80.1200.00	CC	Owners Contingency	-277,235.35		

The total of this Contingency Request is a Cost of $277,235.35.
This request will be funded by the Owner's Contingency.

Per the terms and conditions of our contract, we have attached the appropriate back up documentation to substantiate the above referenced costs. This Contingency Adjustment only includes the items specifically identified in this change proposal. All other costs associated with this Project shall be submitted under a separate change cover.

Moss respectfully reserves its rights to seek additional costs associated with the days requested for this change. Specifically, this CCD has impacted the time for five trades:

1. Demolition – Added 5 days
2. Framing & Drywall – Added 7 days
3. Plumbing – Added 35 days
4. HVAC – Added 2 days
5. Electrical – Added 19 days

This CCD has added time for these trades. It has impacted the Critical Path and extended the Project's overall completion. Moss will seek additional compensation for any applicable cost related to the additional days. In addition, Moss reserves the right to request additional compensation should future Project Schedule updates reveal subsequent activities are impacted by this Work.

Please indicate your formal approval for this additional work and cost by signing in the space provided below.

Attention:

We Hereby Submit Our Proposal For:

Clarifications and Details:

Millwork ROM per CCD#75R1.

We Propose to Furnish the Above for the Sum of:

Material: $16,513.91
Foreman: $2,160.00 (16 hrs @ $135)
Journeyman: $4,000.00 (32 hrs @ $125)
Apprentice: $1,600.00 (16 hrs @ $100)

Job Information:

Job Name:	Pasco County Jail Expansion
Job Location:	Land O'Lakes, FL
Architect:	
Bid Number:	O-22-1067-001
Bid Date:	12/15/2022
Plan Date:	8/9/2021
Spec Date:	8/9/2021
Addenda:	
Delivery Date:	7/3/2023

Labor & Material Fabrication:	$24,273.91
OH&P (15%):	$3,641.09
Total Price:	$27,915.00

Scope of work:

Location	Drawing references	Products
G145M Dental Exam Room	A421, A610, A613	Olympus DCN2 Lock, PL-04 D&D Base Cabinet, PL-04 End Panel, PL-04 Sloped Top, PL-04 Wall Cabinet, SS-01 Top Cap

Legal Conditions:

Payment to be made per **mutually agreed upon payment terms**. If retainage is required, when 50% of the work has been completed, the rate of retainage must be reduced to 5%. Our price is based on the attached scope of work, which must become a part of any signed purchase order or contract. Failure by the contractor to include or acknowledge this scope of work into the contract in no way nullifies the these terms & conditions. All material is guaranteed to be as specified. All work to be completed in a substantial workman like manner according to specifications submitted, per standard practices. Any alteration or deviation from above specifications, involving extra costs, will be executed only upon written orders and will become an extra charge over & above the estimate. No back charges will be accepted unless agreed upon, in writing, by an officer of Adams Group prior to the execution of the work performed. All agreements are contingent upon strikes, accidents, or delays beyond our control. Adams Group reserves the right to withdraw this proposal if not accepted within 30 days. This proposal is priced in accordance with bid documents **listed** and specifications dated **as shown**. Please note, conflicts between the bid drawings and specifications are not the responsibility of Adams Group. Standard warranty will cover defects for a period of **one year** from the date of substantial completion, **unless noted otherwise**.

Narrative:

G2 RR wall modifications; Credit 6" wall with R19 swap to (2) 3-5/8" furred walls with R11; Credit 4" wall swap to (1) 4" furred wall & (1) 3-5/8" wall both with R11 insulation. There is no credit/add for drywall or finish as these washed each other from original walls. Cost covers framing & insulation material and labor. Credit is given to owner for the 6" framing even though this was ordered as we will relocate the framing to G1 for use.

Excludes: Overtime, Premium Time, Level 5 Finish, multiple moves (all work is figured to be in the sequences of the room.)

Narrative:

Add in-fill wall in H - Laundry (security caulking is by others, both sides; KP is not including any caulking for this in-fill), skim the walls in the judges' room (G1), and provide backing for cabinet modifications in the dentist's exam room. To fully combine all costs, Moss needs to include KP COR 71 (credit $19,238.70), 77 (Add $2,674.21) & 78 (Add $13,363.20), COR 80 ($13,267.49) for an overall CCD 75. ($10,066.20)

Excludes: any premium time or overtime, any plaster work at the H docking for RFI 934, secutiry caulking at infill for future washer in H1.

Subject: Change Order Request Transmittal Letter #97

Dear Stephen Marano,
We are submitting this Change Order Request #97 for your review and approval. This request outlines the scope of additional work related to CCD #75R1 produced by Hellmuth, Obata & Kassabaum (HOK) and dated 2.3.2026.

Quoted Price

The total quoted price for the work outlined for your request is $98,568.51 [Ninety Eight Thousand Five Hundred Sixty Eight Dollars and Fifty One Cents]

Scope of Work

- Addition of underground water line feeding dental chairs
- Adjustment of aboveground water lines to feed dental chairs
- Adjustment of water lines tie-in point for print east side water supply
- Adjustment of area HJ underground sanitary piping
- Adjustment of area HJ aboveground vent piping
- Demo of existing water lines to increase pipe size
- Addition of new water lines to supply center of area HJ
- Addition of compressed air lines serving laundry equipment
- Move a AGS panel location
- Change to underground demo plans from grout fill to cut, cap and abandon in place

Time Extension

Area HJ – 10 days for air piping
Area HJ – 15 days for water piping
Area G – 5 days
Area G, HJ – 5 days for AGS panel

Exclusions

- Structural Modifications: Any structural work, including cutting or altering structural elements (e.g., beams, walls, or floors), is excluded unless explicitly specified above.
- Electrical Work: Electrical wiring, connections, or any associated electrical modifications related to plumbing equipment (e.g., water heaters or sump pumps) are excluded.

ACKERMAN PLUMBING

TELEPHONE 941.755.7448 • FAX 941.756.7448 • TOLL FREE 877.755.7448

- Permits and Fees: Additional permitting fees are excluded.
- Excavation and Restoration: Excavation beyond the specific plumbing scope above.
- Materials Beyond Scope: Specialty fixtures, finishes, or owner-supplied materials are excluded unless listed above.
- After-Hours Work: Overtime, weekend, or holiday work unless explicitly mentioned in the scope above.
- Delays Due to Unforeseen Conditions: Any additional labor or time caused by unexpected site conditions (e.g. buried utilities, hidden damage, or hazardous materials).
- Demolition or Debris Removal: Removal of existing materials, debris, or general cleanup not specified in the scope above.
- Extended Warranties: Only standard manufacturer and workmanship warranties apply to this scope of work unless explicitly mentioned in this proposal.

Terms

1. Notice to Proceed Validity: This pricing is valid for 30 days from the date of this transmittal. A written Notice to Proceed must be received within this period to secure the quoted pricing.
2. Funding Requirement: All approved change orders must be funded within 60 days of the Notice to Proceed. Failure to secure funding within this timeframe will result in our right to postpone any additional work not already incorporated into the contract.
3. Workforce Allocation: This additional work is anticipated to be incorporated into the project without additional labor. The customer shall coordinate the scheduling of additional work with Ackerman prior to work commencing. If additional labor is required Ackerman needs ten (10) business days to properly coordinate the added manpower.

We kindly request that you review the attached documentation and provide your feedback or approval at your earliest convenience. Should you have any questions or require further clarification, please do not hesitate to contact us.

Thank you for your attention to this matter.

Sincerely,
Justin Klein
Project Manager

Re: CCD-75

BCH Job Number: Pasco County Jail Expansion 22-10-0027

Dear Livan,

BCH Mechanical LLC. is requesting a change order for the following scope of work related to CCD-75:

Scope:

1. M201G
    i. Existing VAV-G1-20 was revised to be removed and replaced with new.
2. M202HJ
    i. Adjusted scope in Area H.
3. M603
    i. Added specification for VAV-G1-20 to the VAV terminal schedule.
4. MD201G
    i. Clarified demolition of existing DX air handling unit within the existing office area. Unit is to be removed in its entirety including all ductwork, electrical, piping, ect.
    ii. Existing VAV-G1-20 was revised to be removed and replaced with new.
5. MD202HJ
    i. Adjusted scope in Area H.

The COST for this change is the amount of $9,380.41 this sum includes only those direct costs identified herein. Should it be determined later that we are experiencing impact cost because of multiple changes, delays, or other causes beyond our control, we reserve our right to submit those costs at that time.

This proposal is based solely on the usual cost elements such as labor, material and applicable mark-ups and does not include disruption; rescheduling, extended overhead, overtime accelerated and/or impact costs. Our right is expressly reserved for settlement of these items as it pertains to this contract.
Please advise in writing, by Change Order, acceptance of this proposal so any additional equipment and materials can be ordered, and the work can be incorporated into the construction schedule. If you have any questions, please do not hesitate to contact me here at 727 639 4804.

Exclusions and Qualifications

1. Roofing or flashing.
2. Above ROM would require an extension of (2) days to schedule.
    a. Area G1 – 2 days
3. Ceiling removal, modifications, or rework.
4. Controls for smoke control system (by others).
5. Wall Modifications/Rework.
6. Concrete work, including housekeeping pads.
7. Structural steel modifications.
8. Cutting, patching or painting.
9. Electrical work, including motor starters and power wiring, by division 16.
10. All work to be performed during regular business hours.
11. Performance and payment bond; one can be provided for an additional cost.
12. This proposal is good for thirty (30) days.

Pending Change Order: PCO #300, CCD #75

Below is the detail for our proposal to complete the following changes in contract work:

Proposed Scope of Work:

Sheet AD001:

- 1) Remove and reinstall lightning protection during the demolition of the existing parapet.

Sheet E003:

- 1) Provided Lighting Fixture Types KD, KR1, KR2, KR3 to the lighting fixture schedule. The cost for these fixtures will be picked up on the lighting plan sheets. APG has no cost impact for changes made to this sheet.

Sheet E706:

- 1) Move microwave circuits from Panelboard LNL1 to Panelboard LNL6. These circuits will be connected to the fridge circuits being removed. APG has no cost impact for changes made to this sheet.
- 2) Add circuit for the Storage Room outlets. This circuit will be connected to a fridge circuit break that the fridge circuit is being removed. APG has no cost impact for changes made to this sheet.

DATE: 2/25/2026

Sheet E709:

- 1) Provide one (1) 100A 3P 42 kA circuit breaker on circuit 25, 27, 29 to provide power for the existing lift station.

Sheet E710:

- 1) Provide one (1) 20A 2P 42 kA circuit breaker on circuit 31,33 to provide power for the Vacuum Pump.
- 2) Provide one (1) 20A 1P 42kA circuit breaker on circuit 35 to provide power for the Air Compressor.
- 3) Provide one (1) 20A 1P 42kA circuit breaker on circuit 30 to provide power for the Dental Room Chair.
- 4) Provide one (1) 20A 1P 42kA circuit breaker on circuit 32 to provide power for the Ultra Sonic Cleaner.
- 5) Provide one (1) 20A 1P 42kA circuit breaker on circuit 34 to provide power for the Dental Room Receptacles.
- 6) Provide AGS Panel circuit to Panelboard LEM-2 to existing spare breaker space #9.
- 7) Provide Remote Water Control Valve circuit to Panelboard LEL1-2 to existing spare breaker space #11.
- 8) Provide Mechanical Control Room Panel circuit to Panelboard LEL1-2 to existing spare breaker space #13.
- 9) Provide Dental Computer circuit to Panelboard LEL1-2 to existing spare breaker space #14.
- 10) Provide Cart Staging circuit to Panelboard LNL1-2 to existing spare breaker space #8.
- 11) Provide Supply Storage receptacle circuit to Panelboard LEL1-2 to existing spare breaker space #10.

Sheet EL201G:

- 1) Credit four (4) Type K1 light fixtures G102. Provide K1 fixtures to Owner.
- 2) Credit six (6) Type K4 light fixtures G107. Utilize on second floor.
- 3) Credit two (2) dimming switches G107. See item 8.
- 4) Credit two (2) occupancy sensors G107. Provide Occupancy sensors to the owner.
- 5) Credit three (3) switches G102.
- 6) Add three (3) switches G145A, G145B, G145C. Utilize three (3) switches from G102.

DATE: 2/25/2026

Sheet EL202G:

- 1) Provide nine (9) Type K4 light fixtures G225. Utilize six (6) fixtures from G107.
- 2) Recircuit lighting controls for thirty-six (36) fixtures and add two (2) dimming light switches in the Lobby area.
- 3) Provide two (2) Type KD light fixtures including one (1) spare fixture for stock.
- 4) Provide thirty-one (31) Type KR1 light fixtures including two (2) spare fixtures for stock.
- 5) Provide thirty-five (35) Type KR2 light fixtures including two (2) spare fixtures for stock.
- 6) Provide nineteen (19) Type KR3 light fixtures including two (2) spare fixtures for stock.

Sheet EP201G:

- 1) Provide new feed for the existing lift station to include raceway and wiring, wireway, NEMA 1 enclosures with security screws, to connect to the existing raceway feed of the lift station.
- 2) Relocate one (1) receptacle in G102. APG has no cost impact for this work.
- 3) Credit three (3) receptacles in G107.
- 4) Credit three (3) receptacles in G108.
- 5) Credit one (1) circuit for EQ-92
- 6) Credit one (1) receptacle for LNL1-8
- 7) Add four (4) quad receptacles in G170A.
- 8) Add three (3) quad receptacles in G170D.
- 9) Add one (1) receptacle in G170D.
- 10) Add one (1) receptacle in G182.

Sheet EP201G Dental Exam Room G145M and G145N.:

Room G145M:

- 1) Credit one (1) receptacle on circuit LNL1-26.
- 2) Credit one (1) receptacle on circuit LNL1-28.
- 3) Credit four (4) receptacles on circuit LNL1-10.
- 4) Add four (4) receptacles to circuit LNL6-34.
- 5) Add two (2) quad receptacles to LNL6-19.
- 6) Add two (2) quad receptacles to LNL6-30.
- 7) Add four (4) receptacles to circuit LEL1-2-14.
- 8) Add two (2)- 2" raceways with jet line from the millwork each dental chair in room G145M.
- 9) Add two (2) J-box power feed from Panelboard LNL6 to each dental chair for light and monitor.
- 10) Add two (2) J-box power feed from Panelboard LNL6 for the water filter and mercury filter indicated on the shop drawings.

DATE: 2/25/2026

Room G145N:

- 1) Relocate one (1) Disconnect circuit LNL6-35 for the Air Compressor. Replace the 30/1/20 NEMA 1 Disconnect with a 30/1/NF NEMA 1 Disconnect.
- 2) Relocate one (1) Disconnect circuit LNL6-31,33 for the Vacuum Pump. Replace the 30/1/20 NEMA 1 Disconnect with a 30/2/NF NEMA 1 Disconnect. Provide additional circuit wiring and a 208/230 Buck-Boost Transformer.
- 3) Credit one (1) receptacle on circuit LNL1-4. APG has no cost impact for this work.
- 4) Add one (1) receptacle to circuit LEL1-2-11. APG has no cost impact for this work.

Sheet EP201HJ:

- 1) Credit circuit LHJR-47.
- 2) Relocate receptacle in room H151. APG has no cost impact for this work.

Sheet EP202G:

- 1) Provide power connection to AGS Panel In room EG187.
- 2) Relocate GFCI receptacles in restrooms G262E, G262F. APG has no cost impact for this work.
- 3) Relocating three (3) receptacles G262B. APG has no cost impact for this work.
- 4) Credit five (5) receptacles G262B.

Sheet ET201G:

- 1) Credit one WAP in G102.
- 2) Credit two (2) D2 in G107.
- 3) Credit one (1) D2 in G108.
- 4) Add three (3) D2 in G145M.
- 5) Add Mechanical Control Panel in Room G145M.
- 6) Add three (3) J-box with 18/4 wire and conduits in G145N.
- 7) Add four (4) D4 in G170A.
- 8) Add four (4) D2 in G170D.

Sheet M201G:

- 1) Remove and reinstall power and fire alarm control for new VAV Terminal.

Sheet MD201G:

- 1) Remove power and fire alarm control for existing AHU unit to be removed.

DATE: 2/25/2026

Sheet TY202HJ:

- 1) All devices are shown as existing or existing and replacing security equipment. APG will not have cost for this scope. Please note if the existing equipment will need raceways as required by the specifications this will be handled under a separate PCO if existing installation will require raceways to be provided.

Sheet TY403:

- 1) Relocation of Security Gate 3A. This work was provided under the pricing of CCD #74. No additional cost required for this scope.

The above PCO #300 Scope of Work is based upon:

- The Terms of the executed Subcontract Agreement between Moss & Associates LLC. and APG Electric, Inc. for the Pasco County Jail Expansion Land O Lakes, Florida 34637 dated 10/14/2022.
- **Conduit raceways in existing areas of Bldg. G, H, J are to be surface mounted, in masonry walls that are cut and patched by others, or in new furred out and drywalled walls by others.**
- **Concrete and Asphalt demolition, cutting, and patching is to be provided by others and not included in our pricing. This work will be required for the Dental Exam Room G145M, and the existing lift station feeders.**
- **Cutting of the millwork in the Dental exam room G145M.**
- **Security equipment is not included.**
- **Plumbing Gas Detection raceways and wiring to be provided by others.**
- We reserve the right to correct this quote for errors and omissions.

The time required for this work in these areas is as follows:

Location	**Workdays**
Area G 1st Floor	8 Days
Area G 2nd Floor	10 Days
Area HJ	1 Day

ACCURATE CONTROLS, INC.

February 16, 2026

Stephen Marano
Senior Project Manager
Moss & Associates

Pasco County Jail Expansion, FL

Description of Changes:

The below is the cost associated with the proposed changes in CCD #75.

- Six (6) cameras, six (6) Video Record Buttons, and six (6) Recording Lights have been removed from Interview Rooms H219, H220, H221, H223, H224, and H207A. These devices were previously purchased and will be provided to the Owner as attic stock at the completion of the project. The credit shown reflects installation, termination, and testing labor only for the eighteen (18) removed devices.

	CCD #75 - Scope Reduction for Area H		
Qty	Description	Rate	Total
0.0	Hours AutoCad	$135.00	$0.00

	Total		**-($2,539.20)**

Exceptions:

- Pricing ONLY includes items which were included as listed above in CCD #75 and the description of changes. Other changes without clouding on the drawings were not included in this pricing and it should NOT be assumed anything beyond the called-out changes is included.
- The cost of any fiber work, or equipment is to be provided by others.
- The electrical contractor shall be responsible for all 120/208/240 VAC UPS power and branch circuits including wiring and connections from power distribution panels through, terminal strips and/or receptacles in electronic control panels and/or electronic system devices.

ACCURATE CONTROLS, INC.

Warranty:
Accurate Controls, Inc. shall guarantee our equipment to be free from defects for a minimum period of two years. We shall send replacements of defective equipment in a timely fashion after diagnosis by our technical assistance department and a purchase order is issued. If it is determined that the equipment replaced is determined to be defective, no invoice will be sent. Accurate Controls, Inc. does not warrant equipment, which is damaged due to negligence, acts of god or vandalism; if the equipment is so damaged, an invoice for the purchase order will be sent.

Respectfully,

Ben Masters

INTEROFFICE MEMORANDUM

TO: Michael J. Carballa, P.E., County Administrator

DATE: 2/18/2026 FILE: FAC26-1073

THRU: Erik K. Breitenbach, P.E., CEM, Assistant County Administrator (Internal Services)

FROM: Andrew W. Baxter, Facilities Management Director

SUBJECT: Jail Expansion - Moss & Associates, LLC - Construction Change Directive CCD075 - Demolition, Concrete, Masonry, Millwork, Framing/Drywall, Flooring, Plumbing, Mechanical, Electrical, Security - $250,000.00

On July 14, 2020, the Board of County Commissioners (BCC) approved RFP-KM-20-032, Construction Management at Risk Agreement with Moss for the preconstruction phase of the expansion and renovation of the Pasco County Jail Addition.

On August 9, 2022, the BCC approved Amendment No. 1 to the Agreement between Pasco County and the Construction Manager to establish a Guaranteed maximum price and contract time for the work for the Jail Addition Project in the amount of one hundred ninety-two million, five hundred ninety-five thousand and four hundred and ninety-seven dollars. ($192,595,497.00).

On June 4, 2024, the BCC approved Amendment No. 2 to the Agreement between Pasco County and the Construction Manager to increase the Guaranteed Maximum Price and the project budget for a total of one hundred ninety-eight million, four hundred eighty-four thousand and four hundred ninety-seven dollars ($198,484,497.00), establish and add five million dollars ($5,000,000.00) to Owner's Contingency, and add 102 calendar days to contract time for a final completion date of December 26, 2025.

On April 9, 2025, the BCC approved Amendment No. 3 to the Agreement to increase the GMP and the Project budget by fourteen million, seven hundred ninety-one thousand, thirteen dollars and fifty-two cents ($14,791,013.52) for a Not to Exceed Amount of two hundred thirteen million, two hundred seventy-five thousand, five hundred ten dollars and fifty-two cents ($213,275,510.52); increase the Owner's Contingency by four million, four hundred sixty-nine thousand, four hundred thirty-one dollars ($4,469,431.00); and add two hundred eighty-four (284) days to the Contract Time for a final completion date of October 6, 2026.

Presented for review and approval is Construction Change Directive CCD075 in the ROM amount of $250,000.00.

This CCD includes design updates across architectural, electrical, mechanical, plumbing, technology, and security systems. Major changes involve reconfiguring the Dental Exam Room, revising ceiling heights, adjusting door and wall locations, and updating finish and FF&E plans. Electrical and technology revisions add and relocate outlets, adjust panel schedules, and modify lighting layouts, while mechanical and plumbing updates replace HVAC components, revise sanitary and gas systems, and add a compressed air system.

FILE COPY CCD075
ATTACHED FOR REFERENCE

Security layouts were also updated, and demolition plans clarified scope removals and parapet details, all driven by RFIs, site visits, and owner requirements. This will be funded from the Owner's Contingency.

CCD NO.	CCD ROM	CONTINGENCY	BALANCE
CCD 075	250,000.00	(88,820.50)	(338,820.50)

Facilities Management reviewed CCD075 and found it to be fair and reasonable. Should you concur, please sign, and return the attached documents to Chris Koys at the Facilities Management Department, 4111 Land O'Lakes Blvd., Suite 307, Land O'Lakes, for distribution.

If you have any questions, please contact Jordan Andrews, Project Manager, at 727.247.8543. Thank you.

Subject: 112007 - CCD #75 ROM

Jordan, Ben

I am following up on the ROM pricing for CCD #75 for the for the Multidisciplinary changes.

While CCD #75 has yet to be fully executed by Pasco, Moss has reviewed the initial version of the CCD provided by HOK on 2/3/2026 and has prepared the following ROM pricing based on our subcontractor feedback:

ROM Estimate, this CCD is anticipated to be a cost to the Owner in the amount of **$250,000**

- $25,000 Demolition
- $21,000 Concrete
- $10,000 Masonry
- $28,000 Millwork
- $11,000 Framing & Drywall
- $1,000 Flooring
- $83,000 Plumbing
- $17,000 Mechanical
- $56,000 Electrical
- ($2,000) Security

Please note that this ROM also includes the credits for the deletion of scope within the second floor of Area H, as detailed in this CCD, which will be further detailed in the Budget Transfer package upon execution of this CCD.

This ROM assumes the funding will come from the Owner's Contingency within the existing contract. It does not include the expected cost and impact of additional time or CM markup for fees and insurance. This also assumes no cost from other trades currently on site supporting the directly affected subcontractors.

Please provide the executed CCD, providing us authorization to proceed.

As always, we will work to mitigate any related impact.

Thank you,

INTEROFFICE MEMORANDUM

TO: Michael J. Carballa, P.E., County Administrator

DATE: 4/16/2026 FILE: FAC26-1109

THRU: Erik K. Breitenbach, P.E., CEM, Assistant County Administrator (Internal Services)

FROM: Andrew W. Baxter, Facilities Management Director

SUBJECT: Jail Expansion - Moss & Associates, LLC - Construction Change Directive CCD083 - Architectural, Electrical, Mechanical, Plumbing, Fire Protection, and Ceiling Systems - $85,000.00

On July 14, 2020, the Board of County Commissioners (BCC) approved RFP-KM-20-032, Construction Management at Risk Agreement with Moss for the preconstruction phase of the expansion and renovation of the Pasco County Jail Addition.

On August 9, 2022, the BCC approved Amendment No. 1 to the Agreement between Pasco County and the Construction Manager to establish a Guaranteed maximum price and contract time for the work for the Jail Addition Project in the amount of one hundred ninety-two million, five hundred ninety-five thousand and four hundred and ninety-seven dollars. ($192,595,497.00).

On June 4, 2024, the BCC approved Amendment No. 2 to the Agreement between Pasco County and the Construction Manager to increase the Guaranteed Maximum Price and the project budget for a total of one hundred ninety-eight million, four hundred eighty-four thousand and four hundred ninety-seven dollars ($198,484,497.00), establish and add five million dollars ($5,000,000.00) to Owner's Contingency, and add 102 calendar days to contract time for a final completion date of December 26, 2025.

On April 9, 2025, the BCC approved Amendment No. 3 to the Agreement to increase the GMP and the Project budget by fourteen million, seven hundred ninety-one thousand, thirteen dollars and fifty-two cents ($14,791,013.52) for a Not to Exceed Amount of two hundred thirteen million, two hundred seventy-five thousand, five hundred ten dollars and fifty-two cents ($213,275,510.52); increase the Owner's Contingency by four million, four hundred sixty-nine thousand, four hundred thirty-one dollars ($4,469,431.00); and add two hundred eighty-four (284) days to the Contract Time for a final completion date of October 6, 2026.

Presented for your review and approval is Construction Change Directive CCD083 in the ROM amount of $85,000.00. This CCD includes adding walls and access panels in Area G, changing ceiling and diffuser in Sally Port Vestibule H149, omitting concrete bench and adjusted fence partitions in Area H, updating lighting layouts with new fixture types, revising plumbing plans across multiple areas, updating electrical risers and panel configurations, and required smoke duct detectors on Level 2. Execution of CCD083 is requested to authorize Moss to proceed. This will be funded from the Owner's Contingency.

CCD NO.	CCD ROM	CONTINGENCY	BALANCE
CCD 083	85,000.00	(42,443.08)	(127,443.08)

Facilities Management reviewed CCD083 and found it to be fair and reasonable. Should you concur, please sign, and return the attached documents to Chris Koys at the Facilities Management Department, 4111 Land O'Lakes Blvd., Suite 307, Land O'Lakes, for distribution.

If you have any questions, please contact Jordan Andrews, Project Manager, at 727.247.8543. Thank you.

Approved:

Michael J. Carballa, P.E., County Administrator

Subject: 1112007 PCJE - CCD#83 ROM

Jordan, Ben,
I am following up on the ROM pricing for CCD #83 for the for the multidisciplinary changes.

While CCD 83 has yet to be fully executed by Pasco, Moss has reviewed the initial version of the CCD provided by HOK on 4/6/2026 and has prepared the following ROM pricing based on our subcontractor feedback:

ROM Estimate, this CCD is anticipated to be a cost to the Owner in the amount of **$85,000.00.**

- $30,000 - Electrical
- $15,000 - Plumbing
- $15,000 - Drywall and Framing
- $5,000 - Fire Protection
- $20,000 - Mechanical

This ROM assumes the funding will come from the Owner's Contingency within the existing contract. It does not include the expected cost and impact of additional time or CM markup for fees and insurance. This also assumes no cost from other trades currently on site supporting the directly affected subcontractors.

Please provide the executed CCD, providing us authorization to proceed.
As always, we will work to mitigate any related impact.

Thank you,

April 10, 2026

RE: Construction Change Directive #83 – Notice of Potential Cost/Time Impact and Request for Additional Time to Provide Pricing
Pasco County Jail Expansion
20201 Central Blvd.
Land O' Lakes, FL 34637

Dear Mr. Baxter,

In accordance with the *Prime Contract, General Conditions, Section 14 - Claims and Disputes*, please allow this correspondence to serve as notice of a potential impact to project Costs and/or Time due to the design changes within Construction Change Directive #83 ("CCD #83"). In addition, Moss requests an extension of the 30-day timeframe to provide its initial cost/time estimate after the associated drawing changes are finalized, for the reasons detailed below.[1] Please note, the potential impacts detailed herein, if any, are exclusive and apart from impacts previously communicated to Pasco County and were not included in any previous schedule updates.

On April 6, 2026, Moss received CCD #83 from HOK which includes revisions to twenty-one (21) drawings for the Jail Renovation & Expansion. Generally, the changes are as follows:

- Architectural – 9 sheets;
  - Added wall and access panel in Area G and adjusted furring partitions to coordinate with plumbing routing.
  - Revised floor plans in Areas H, J, and K, including removal of concrete bench, adjustment of fence partitions, and addition of CMU wall and column callouts.
  - Updated reflected ceiling plans to coordinate with new walls, furring, and ceiling adjustments in Areas G, H, and J.
  - Revised interior elevations and partition details to reflect updated layouts.
  - Updated expansion joint and ceiling details to align with structural coordination and County direction.
- Electrical – 6 sheets;
  - Revised power riser diagrams and panel configurations.
  - Updated panel schedules to include new circuits.
  - Revised lighting layouts and added new fixture types in Areas G, H, and J.
  - Added power connections for gas valves.
- Fire Protection – 1 sheet;
  - Revised sprinkler head types in the sallyport vestibule.

[1] See, *GMP Amendment, Assumptions and Clarifications – Item 44* (Due to current market conditions and supply chain constraints, the Construction Manager shall be entitled to thirty (30) days to provide an initial estimate of costs and time associated with the identification of a change that may have cost or time implications.)

- Fire Alarm – 1 sheet;
    - Updated fire alarm plan to include required duct smoke detectors and associated controls.
- Mechanical (HVAC) – 1 sheet;
    - Revised diffuser type in the sallyport vestibule.
- Plumbing – 3 sheets;
    - Revised plumbing floor plans in Areas G, H, and J to coordinate with updated layouts.

For Moss to proceed with this work and minimize the resulting cost of the potential schedule impact, it's imperative Pasco Facilities immediately execute CCD #83.

Based on a preliminary review of CCD #83 and the collective number of design changes to date, the proposed revisions will impact Project Costs and Time. Specifically, Moss's architectural, electrical, fire protection, plumbing, and mechanical subcontractors will incur costs for the changed and/or added scopes and possibly face delays for any necessary rework. In addition, subsequent trades may also be affected by rework. Because CCD #83 has not been finalized or evaluated by Moss's subcontractors, schedule impacts are not fully understood or realized. **Impacts stemming from CCD #83 have not been included in previous schedule updates. As impacts are better understood, they will be communicated to Pasco County through appropriate means and the Project schedule updated to reflect the impacts, if any.**

Additionally, as Contract Time continues to be impacted by CCDs (including potentially CCD #83), subcontractor and trade partner resources will be affected. In other words, commitments and rates allocated in reliance on specific start-stop dates—dates that have moved upwards of 12 months – may be affected and the Contract Sum may be impacted by the same. Moss is working to mitigate these impacts.

While Moss will work to mitigate the impacts stemming from CCD #83 and the collective impact of all CCDs to date, in the event we cannot compensate for the resulting costs and/or delay, we are providing the required notice. We appreciate your patience and cooperation in this matter, and please contact me if you have any questions.

Sincerely,
Moss & Associates, LLC

Mike Tippy
Project Executive

Facilities Management Director

DATE: 4/16/2026 FILE: FAC26-1110

FROM: Jordan M. Andrews,
Project Manager

SUBJECT: Jail Expansion - Moss & Associates - Construction Change Directive CCD084 - Structural - $15,000.00

On July 14, 2020, the Board of County Commissioners (BCC) approved RFP-KM-20-032, Construction Management at Risk Agreement with Moss for the preconstruction phase of the expansion and renovation of the Pasco County Jail Addition.

On August 9, 2022, the BCC approved Amendment No. 1 to the Agreement between Pasco County and the Construction Manager (Agreement) to establish a Guaranteed Maximum Price (GMP) and contract time for the work for the Jail Addition Project (Project) in the amount of one hundred ninety-two million, five hundred ninety-five thousand and four hundred and ninety-seven dollars. ($192,595,497.00).

On June 4, 2024, the BCC approved Amendment No. 2 to the Agreement to increase the GMP and the Project budget for a total of one hundred ninety-eight million, four hundred eighty-four thousand and four hundred ninety-seven dollars ($198,484,497.00), establish and add five million dollars ($5,000,000.00) to Owner's Contingency, and add 102 calendar days to contract time for a final completion date of December 26, 2025.

On April 9, 2025, the BCC approved Amendment No. 3 to the Agreement to increase the GMP and the Project budget by fourteen million, seven hundred ninety-one thousand, thirteen dollars and fifty-two cents ($14,791,013.52) for a Not to Exceed Amount of two hundred thirteen million, two hundred seventy-five thousand, five hundred ten dollars and fifty-two cents ($213,275,510.52); increase the Owner's Contingency by four million, four hundred sixty-nine thousand, four hundred thirty-one dollars ($4,469,431.00); and add two hundred eighty-four (284) days to the Contract Time for a final completion date of October 6, 2026.

Presented for your review and approval is Construction Change Directive CCD084 in the ROM amount of $15,000.00. This CCD incorporates structural revisions to Stair 1 within Area K, including updates to the foundation layout (S201K) and Level 2 framing plan (S202K), with added structural detailing issued in response to RFI 1032. This will be funded by the Owner's Contingency.

CCD NO.	ROM	CONTINGENCY	BALANCE
CCD 084	15,000.00	(127,443.08)	(142,443.08)

Facilities Management has reviewed CCD084 and finds it to be fair and reasonable. Should you concur, please sign, and return the attached documents to Chris Koys at the Facilities Management Department, 4111 Land O'Lakes Blvd. Suite 307, Land O'Lakes, for distribution.

If you have any questions, please contact Jordan Andrews, Project Manager, at 727.247.8543. Thank you.

Subject: 1112007 PCJE - CCD#84 ROM

Jordan, Ben,
I am following up on the ROM pricing for CCD #84 for the for the steel changes.

While CCD 84 has yet to be fully executed by Pasco, Moss has reviewed the initial version of the CCD provided by HOK on 4/8/2026 and has prepared the following ROM pricing based on our subcontractor feedback:

ROM Estimate, this CCD is anticipated to be a cost to the Owner in the amount of **$15,000.00.**

- $15,000 - Steel

This ROM assumes the funding will come from the Owner's Contingency within the existing contract. It does not include the expected cost and impact of additional time or CM markup for fees and insurance. This also assumes no cost from other trades currently on site supporting the directly affected subcontractors.

Please provide the executed CCD, providing us authorization to proceed.
As always, we will work to mitigate any related impact.

Thank you,

THRU: Erik K. Breitenbach, P.E., CEM, Assistant County Administrator (Internal Services)

FROM: Andrew W. Baxter, Facilities Management Director

SUBJECT: Jail Expansion - Moss & Associates, LLC - Potential Change Item (PCI) Budget Transfer BT0650 for Construction Change Directive CCD078 – Metal Framing, Drywall, HVAC, Electrical, and Security - $189,527.74

On July 14, 2020, the Board of County Commissioners (BCC) approved RFP-KM-20-032, Construction Management at Risk Agreement with Moss for the preconstruction phase of the expansion and renovation of the Pasco County Jail Addition.

On August 9, 2022, the BCC approved Amendment No. 1 to the Agreement between Pasco County and the Construction Manager (Agreement) to establish a Guaranteed Maximum Price (GMP) and contract time for the work for the Jail Addition Project (Project) in the amount of one hundred ninety-two million, five hundred ninety-five thousand and four hundred and ninety-seven dollars. ($192,595,497.00).

On June 4, 2024, the BCC approved Amendment No. 2 to the Agreement to increase the GMP and the Project budget for a total of one hundred ninety-eight million, four hundred eighty-four thousand and four hundred ninety-seven dollars ($198,484,497.00), establish and add five million dollars ($5,000,000.00) to Owner's Contingency, and add 102 calendar days to contract time for a final completion date of December 26, 2025.

On April 9, 2025, the BCC approved Amendment No. 3 to the Agreement to increase the GMP and the Project budget by fourteen million, seven hundred ninety-one thousand, thirteen dollars and fifty-two cents ($14,791,013.52) for a Not to Exceed Amount of two hundred thirteen million, two hundred seventy-five thousand, five hundred ten dollars and fifty-two cents ($213,275,510.52); increase the Owner's Contingency by four million, four hundred sixty-nine thousand, four hundred thirty-one dollars ($4,469,431.00); and add two hundred eighty-four (284) days to the Contract Time for a final completion date of October 6, 2026.

Presented for review and approval is BT0650 for CCD078 in the amount of $189,527.74. The ROM for CCD078, approved March 17, 2026, was $220,000.00; a copy is attached at the end of the documents for reference.

This BT includes Structural Metal Framing: add steel plate closures at all abandoned detention bar grating openings. Metal Framing and Drywall: delete A3 wall at Room G115A and add A3 wall at Room G116. Add furred walls, add shaft wall enclosure, add 1-hour rated soffits, add wall through existing conduit rack, and add wall and door frame. HVAC: Demolition of existing VAVs and furnishing/installing new VAVs at lounge, vestibule staff circulation and staff corridor. Electrical: Relocate two Type B1 fixtures in Maintenance Storage, provide 12 standalone lighting control dimmers, relocate on quad receptacle, relocate panelboard, provide power to VAV units, reroute existing conduit to cardboard compactor, add one D2 data outlet, relocate one

data outlet, and provide raceways for 15 cameras. High Security Chain-Link Fences: Add 5 linear feet of 9-foot-high galvanized chain-link fencing with top, middle and bottom rails, and include a 4' wide by 7' high single swing gate equipped with a header bar.

This will be funded by the Owner's Contingency.

RE: BT0650 – Construction Change Directive #78
Pasco County Jail Expansion
20101 Central Blvd.
Land O' Lakes, FL 34637

Dear Mr. Harger / Andrews,

This letter provides detailed information about all the costs associated with Construction Change Directive #78, including changes in the Structural Metal Framing, Metal Framing and Drywall Systems, HVAC, Electrical, and High Security Chain-Link Fences scopes of work. Moss has evaluated and vetted the attached subcontractor pricing and is pleased to present the following for CCD #78.

Pricing for Structural Metal Framing includes the following changes:

- Added steel plate closures at all abandoned detention bar grating openings in Area H.

Pricing for Metal Framing and Drywall includes the following changes:

- Deleted A3 wall and HMDF at Room G115A (Plan North Wall).
- Added A3 wall and HMDF at Room G116.
- Added H2 furred walls at:
  - Room G182 (Plan South Wall)
  - Room G166
- Added shaft wall enclosure at Room H106.
- Added 1-hour rated soffits at Rooms G176 and G181 in lieu of Wall Type 1SP8D.
- Added A6 wall through existing conduit rack at Room G181.
- Added A3 wall and door frame at Room G119.

Pricing for HVAC includes the following changes:

- Demolition of existing VAV's and furnishing / installation of new VAV's at:
  - Lounge X-H102
  - Vestibule E245
  - Staff Circulation G193
  - Staff Corridor G102

Pricing for Electrical includes the following changes:

- Relocated two (2) Type B1 fixtures in Maintenance Storage G181.
- Provided twelve (12) standalone lighting control dimmers.
- Relocated one (1) quad receptacle in Room G119.
- Added one (1) quad receptacle in Room G181.
- Relocated Panelboard LEC1 from Room G115A to Room G116.
- Provided power to VAV units as follows:
    - VAV-G1-19 from circuit LNL6-9
    - VAV-G1-18 from circuit LEL1-26
    - VAV-G1-20 from circuit LEL1-3
    - VAV-H1-16 from circuit LHJR-15
- Rerouted existing conduit to cardboard compactor.
- Added one (1) D2 data outlet in Room G181.
- Relocated one (1) data outlet in Room G119.
- Provided raceways for fifteen (15) cameras to X-H148.

Pricing for High Security Chain-Link Fences includes the following changes:

- Added 5 linear feet of 9-foot-high galvanized chain-link fencing, complete with top, middle, and bottom rails.
- Inclusion of one (1) 4-foot-wide by 7-foot-high single swing gate, equipped with a header bar.

The total of this Contingency Request is a Cost of $189,527.74

This request will be funded by the Owner's Contingency.

Sincerely,
Moss & Associates, LLC.

RE: Authorization for Contingency Release
Potential Change Item (PCI) BT0650 Notification
Pasco County Jail Expansion - 1112007

Dear Jordan Andrews,

This letter is to provide official notification of a potential change item (PCI) as follows:

PCI Number: BT0650
Date: April 24, 2026
Description: CCD #078
Days Requested: 0
Reason: Budget Transfer

This PCI is comprised of the following items:

Cost Distribution	Category	Description	Amount	Vendor Code	Vendor Name
05.1000.00	S	Structural Metal Framing	21,303.18	01044	Steel Fabricators LLC
09.2000.00	S	Metal Framing & DW Systems, ACT, Stucco	15,419.17	20457	Kenpat Gulf Coast LLC
23.0000.00	S	Heating Ventilating and Air-Conditioning HVAC	35,116.96	08766	BCH Mechanical, LLC
26.0000.00	S	Electrical, Fire Alarm, Communications	112,943.43	08938	APG Electric, LLC
48.1410.00	S	High Security Chain-Link Fences & Gates	4,745.00	19541	Diversicon WFF LLC dba West Florida Fence
80.1200.00	CC	Owners Contingency	-189,527.74		

The total of this Contingency Request is a Cost of $189,527.74
This request will be funded by the Owner's Contingency.

Per the terms and conditions of our contract, we have attached the appropriate back up documentation to substantiate the above referenced costs. This Contingency Adjustment only includes the items specifically identified in this change proposal. All other costs associated with this Project shall be submitted under a separate change cover.

Moss respectfully reserves its rights to seek additional costs associated with the days requested for this change. Specifically, this CCD has impacted the time for the following trades:

1. Metal Framing and Drywall – 23 days
2. HVAC – 10 days
3. Electrical – 29 days

Although this CCD has added time for the above trades, Moss's scheduling efforts have mitigated any impact to the Critical Path. However, should future Project schedule updates reveal that this Work or subsequent activities that are impacted by this Work extend the Project's overall completion, Moss reserves the right to request compensation for any applicable time and cost.

Please indicate your formal approval for this additional work and cost by signing in the space provided below.

Sincerely, **Moss & Associates, LLC** Date: 4/21/26 **Mike Tippy** **Project Executive**	Reviewed / Approved by: **Pasco County Facilities** **Approved:** Date: 04.23.26 **Jordan Andrews** **Project Manager**

Narrative:

The costs capured above is related to CCD#78:
-- Deletion of A3 wall and HMDF, Room G115A (Plan North Wall).
-- Addition of A3 wall and HMDF, Room G116.
-- Addition of H2 furr wall, Room G182 (Plan South Wall).
-- Addition of H2 furr wall, Room G166.
-- Addition of shaft wall enclosure, Room H106.
-- Addition of 1hr rated soffits in Room G176 & G181 in lieu of wall type 1SP8D, due to on-site overhead MEP conditions not allowing for this.
-- Removal and reinstallation of ACT tile/grid for MEP renovations, as per M201HJ. (Excludes: ACT materials)
Excludes: Overtime, Premium Time, Level 5 Finish, multiple moves (all work is figured to be in the sequences of the room.)
Excludes: Detail 2 on A201G, also, Detail 2 & 3 on A202G

Re: CCD-78

BCH Job Number: Pasco County Jail Expansion 22-10-0027

Dear Livan,

BCHMechanical LLC. is requesting a change order for the following scope of work related to CCD-78:

Scope:

1. M201G
   i. New VAV's at LOUNGE X-H102 & VEST. E245, STAFF CIRCULATION G193, & STAFF CORRIDOR G102
2. M201HJ
   i. New VAV's at LOUNGE X-H102 & VEST. E245.
3. M603
   i. Adjusted VAV schedule as required.
4. MD201G
   i. Demolish existing VAVs at LOUNGE VEST. E245, STAFF CIRCULATION G193, & STAFF CORRIDOR G102
5. MD201HJ
   i. Demolish existing VAVs at LOUNGE X-H102 & VEST. E245.

The COST for this change is the amount of **$35,116.96** this sum includes only those direct costs identified herein. Should it be determined later that we are experiencing impact cost because of multiple changes, delays, or other causes beyond our control, we reserve our right to submit those costs at that time.

This proposal is based solely on the usual cost elements such as labor, material and applicable mark-ups and does not include disruption; rescheduling, extended overhead, overtime accelerated and/or impact costs. Our right is expressly reserved for settlement of these items as it pertains to this contract.
Please advise in writing, by Change Order, acceptance of this proposal so any additional equipment and materials can be ordered, and the work can be incorporated into the construction schedule. If you have any questions, please do not hesitate to contact me here at 727 639 4804.

Exclusions and Qualifications

1. Roofing or flashing.
2. Above ROM would require an extension of (10) days to schedule.
   a. Area G Level 1 – 6 days
   b. Area H/J Level 1 – 4 days
3. Duct work painting.
4. Ceiling removal, modifications, or rework.
5. Controls for smoke control system (by others).
6. Wall Modifications/Rework.
7. Concrete work, including housekeeping pads.
8. Structural steel modifications.
9. Cutting, patching or painting.
10. Electrical work, including motor starters and power wiring, by division 16.
11. All work to be performed during regular business hours.
12. Performance and payment bond; one can be provided for an additional cost.
13. This proposal is good for thirty (30) days.

Electric heater kW - 3.5
Stage -1
SCR Electric Heat Control

Exclusions: sound attenuators on cooling only boxes, controls, factory mounting of controls by others, external isolation, rigging, installation, startup, warranty beyond first year

***All boxes will ship with empty enclosure for field installation of controls by others**

***Electrical change for VAV-G1-20 has no effect on pricing. VAV-G1-20 will be provided with a 120V transformer instead of a 277V transformer**

Total Net Price *(excluding sales tax)* $4,395.00

Trane shall have the right, at its discretion, to pass along any related increases should (1) its costs related to the manufacture, supply, and shipping for any product or service materially increase. This includes, but is not limited to, cost increases in raw materials, supplier components, labor, utilities, freight, logistics, wages and benefits, regulatory compliance, or any other event beyond Company's control and/or (2) any tariffs, taxes, levies or fees affecting, placed on or related to any product or service materially increases.

Tax Status:	Taxable Exempt	☐ ☐	If you are claiming an exemption from sales tax on this project, please submit a completed exemption certificate for both the jobsite location state and the state where the equipment will be delivered (if different from the jobsite). You can submit the relevant state exemption certificate at the following link: https://trane.certifytax.com/custportalas.aspx . You will receive an email indicating approval or rejection within 1-2 business days. If your exemption claim is rejected, sales tax will be billed based on the state where the equipment was delivered. For any questions, please email: financial_services-tax_department@tranetechnologies.com.

Attn: **Blake Grimm**

RE: **Pasco County Jail Expansion**
Temperature Controls

The following is a scope of work and price to provide the temperature controls for the referenced project. Automated Building Controls (ABC) proposes to furnish and install a KMC system for this project. This scope of work

Scope of Work

1. **VAV's (Qty: 4)**
   Furnish and install (1) KMC controller at each VAV for control of:
   - Supply duct temperature sensor
   - Space temperature sensor (Stainless steel flat plate)

We **include** the following:
Graphics
Programming and commissioning
1 Year Warranty

We **exclude** the following:
Fire Dampers
Smoke Control
VAV retrofit kits
After hours work
Additional sensors not listed on this proposal

Exceptions: ABC does not provide or install the following: Power Wiring, Starters, Disconnects, Smoke Detectors, Fires Stats, Fire/Smoke Dampers.

Total Installed Price: $9,400.00

Sincerely,

Zack Byers

Pending Change Order: PCO # 306 CCD #78

Below is the detail for our proposal to complete the following changes in contract work:

Proposed Scope of Work:

Sheet A201G:

- 1) The adding of the G119A Electrical Room will require a fire smoke detector at this location. No Fire Alarm drawings have been provided in the CCD set. ROM Price to Add Smoke Detector in this room is $3,000.00.
- 2) The adding of the G116A Electrical Room will require a fire smoke detector at this location. No Fire Alarm drawings have been provided in the CCD set. ROM Price to Add Smoke Detector in this room is $3,000.00.
- Sheet E401B:
- 1) Indicated electrical panelboards HNL6, LNL6, HNL6B and Transformer N11 at their existing locations in the electrical room. The Design Team needs to confirm wall locations as the room appears to need to be 9" larger. APG has no cost impact for this work.

Sheet ED201G:

- 1) Indicated electrical panelboards HNL6, LNL6, and Transformer N11 at their existing locations. APG has no cost impact for this work.
-

DATE: 3/06/2026

Sheet EL201G:

- 1) Relocate two (2) Type B1 fixtures in Maintenance Storage G181
- 2) Provide twelve (12) standalone lighting control dimmers.

Sheet EP201G:

- 1) Relocate one (1) quad receptacle in Room G119.
- 2) Add one (1) quad receptacle in Room G181.
- 3) Relocate Panelboard LEC1 from G115A to G116. G116 will need to add a smoke detector in this area.
- 4) Provide power to VAV-G1-19 from circuit LNL6-9.
- 5) Provide power to VAV-G1-18 from circuit LEL1-26.
- 6) Provide power to VAV-G1-20 from circuit LEL1-3.

Sheet EP201HJ:

- 1) Provide power to VAV-H1-16 from circuit LHJR-15.
- 2) Relocate three (3) future laundry 30A/3P/20A NEMA 1 disconnects fed from circuits HNM1-8,10,12 HMN1-13,15,17 and HHJM-31,33,35. APG has no cost impact for this work.
- 3) Reroute existing conduit to cardboard compactor.

Sheet ET201G:

- 1) Trace and identify all existing low voltage cables. Active cables shall be organized and properly supported. Non-active cables shall be marked for demolition.
- 2) Add one (1) D2 data outlet in room G181.
- 3) Relocate one (1) data outlet in room G119.

Sheet ET202G:

- 1) Trace and identify all existing low voltage cables. Active cables shall be organized and properly supported. Non-active cables shall be marked for demolition.

Sheet TY201HJ:

- 1) Provide raceways for fifteen (15) cameras to X-H148.

PCO #306 ROM Pricing;	$112,943.43
ADD ROM Price FA Smoke Detectors in Rooms G119A and G116A:	$ 6,000.00

INTEROFFICE MEMORANDUM

TO: Michael J. Carballa, P.E., County Administrator

DATE: 3/11/2026 FILE: FAC26-1093

THRU: Erik K. Breitenbach, P.E., CEM, Assistant County Administrator (Internal Services)

SUBJECT: Jail Expansion - Moss & Associates, LLC - Construction Change Directive CCD078 – Mechanical, Electrical, Framing and Drywall - $220,000.00

FROM: Andrew W. Baxter, Facilities Management Director

On July 14, 2020, the Board of County Commissioners (BCC) approved RFP-KM-20-032, Construction Management at Risk Agreement with Moss for the preconstruction phase of the expansion and renovation of the Pasco County Jail Addition.

On August 9, 2022, the BCC approved Amendment No. 1 to the Agreement between Pasco County and the Construction Manager to establish a Guaranteed maximum price and contract time for the work for the Jail Addition Project in the amount of one hundred ninety-two million, five hundred ninety-five thousand and four hundred and ninety-seven dollars. ($192,595,497.00).

On June 4, 2024, the BCC approved Amendment No. 2 to the Agreement between Pasco County and the Construction Manager to increase the Guaranteed Maximum Price and the project budget for a total of one hundred ninety-eight million, four hundred eighty-four thousand and four hundred ninety-seven dollars ($198,484,497.00), establish and add five million dollars ($5,000,000.00) to Owner's Contingency, and add 102 calendar days to contract time for a final completion date of December 26, 2025.

On April 9, 2025, the BCC approved Amendment No. 3 to the Agreement to increase the GMP and the Project budget by fourteen million, seven hundred ninety-one thousand, thirteen dollars and fifty-two cents ($14,791,013.52) for a Not to Exceed Amount of two hundred thirteen million, two hundred seventy-five thousand, five hundred ten dollars and fifty-two cents ($213,275,510.52); increase the Owner's Contingency by four million, four hundred sixty-nine thousand, four hundred thirty-one dollars ($4,469,431.00); and add two hundred eighty-four (284) days to the Contract Time for a final completion date of October 6, 2026.

Presented for your review and approval is Construction Change Directive CCD078 in the ROM amount of $220,000.00. This CCD revises twenty-nine (29) drawings across architectural, electrical, mechanical, plumbing, technology, and security disciplines. The work includes adding furring walls and new electrical closets, relocating panels and transformers, updating lighting and power, demolishing and adding VAV units, revising sanitary/storm systems, and adding low-voltage and security routing. The design narrative notes "Added furring walls to conceal relocated sanitary riser piping", and "Relocated electrical panels HNL6, LNL6 and transformer N11 to existing site location, inside of the new electrical closet."

Because this CCD is not yet executed and subcontractor evaluations are ongoing, schedule impacts remain undetermined and have not been included in prior updates. Moss requests the approval of CCD078 to

FILE COPY CCD078
ATTACHED FOR REFERENCE

authorize work and minimize schedule disruption. Refined pricing and schedule updates will be provided as subcontractor feedback is finalized.

This will be funded by the Owner's Contingency.

CCD NO.	CCD ROM	CONTINGENCY	BALANCE
CCD 078	220,000.00	(371,320.50)	(591,320.50)

Facilities Management reviewed CCD078 and found it to be fair and reasonable. Should you concur, please sign, and return the attached documents to Chris Koys at the Facilities Management Department, 4111 Land O'Lakes Blvd., Suite 307, Land O'Lakes, for distribution.

If you have any questions, please contact Jordan Andrews, Project Manager, at 727.247.8543. Thank you.

From: Mike Tippy <mtippy@moss.com>
Sent: Friday, March 6, 2026 2:57 PM
To: Benjamin Harger; Jordan Andrews
Cc: Christine Koys; Jeffrey Sellers; Andrew W. Baxter
Subject: 1112007 PCJE - CCD 78 ROM

Jordan, Ben

I am following up on the ROM pricing for CCD #78 for the for the multidisciplinary changes.

While CCD #78 has yet to be fully executed by Pasco, Moss has reviewed the initial version of the CCD provided by HOK on 2/26/2026 and has prepared the following ROM pricing based on our subcontractor feedback:
ROM Estimate, this CCD is anticipated to be a cost to the Owner in the amount of $220,000.00.

- $70,000 Mechanical
- $135,000 Electrical
- $15,000 Framing and Drywall

This ROM assumes the funding will come from the Owner's Contingency within the existing contract. It does not include the expected cost and impact of additional time or CM markup for fees and insurance. This also assumes no cost from other trades currently on site supporting the directly affected subcontractors.

Please provide the executed CCD, providing us authorization to proceed.

As always, we will work to mitigate any related impact.

Thanks

INTEROFFICE MEMORANDUM

TO: Erik K. Breitenbach, P.E., CEM,
Assistant County Administrator
(Internal Services)

THRU: Andrew Baxter,
Facilities Management Director

FROM: Jordan M. Andrews,
Project Manager

DATE: 4/28/2026 FILE: FAC26-1115

SUBJECT: Jail Expansion - Moss & Associates - Construction Change Directive CCD085 - Mechanical and Electrical - $49,000.00

On July 14, 2020, the Board of County Commissioners (BCC) approved RFP-KM-20-032, Construction Management at Risk Agreement with Moss for the preconstruction phase of the expansion and renovation of the Pasco County Jail Addition.

On August 9, 2022, the BCC approved Amendment No. 1 to the Agreement between Pasco County and the Construction Manager (Agreement) to establish a Guaranteed Maximum Price (GMP) and contract time for the work for the Jail Addition Project (Project) in the amount of one hundred ninety-two million, five hundred ninety-five thousand and four hundred and ninety-seven dollars. ($192,595,497.00).

On June 4, 2024, the BCC approved Amendment No. 2 to the Agreement to increase the GMP and the Project budget for a total of one hundred ninety-eight million, four hundred eighty-four thousand and four hundred ninety-seven dollars ($198,484,497.00), establish and add five million dollars ($5,000,000.00) to Owner's Contingency, and add 102 calendar days to contract time for a final completion date of December 26, 2025.

On April 9, 2025, the BCC approved Amendment No. 3 to the Agreement to increase the GMP and the Project budget by fourteen million, seven hundred ninety-one thousand, thirteen dollars and fifty-two cents ($14,791,013.52) for a Not to Exceed Amount of two hundred thirteen million, two hundred seventy-five thousand, five hundred ten dollars and fifty-two cents ($213,275,510.52); increase the Owner's Contingency by four million, four hundred sixty-nine thousand, four hundred thirty-one dollars ($4,469,431.00); and add two hundred eighty-four (284) days to the Contract Time for a final completion date of October 6, 2026.

Presented for review and approval is CCD085 in the ROM amount of $49,000.00. This CCD incorporates revisions to the fire alarm and plumbing systems in Areas H and J, including the added requirement to replace the fire-alarm solenoid valve on the gas line (EF201HJ); installation of a new discharge line for the air compressors to drain to an exterior drywell or French drain (P201HJ-A); revised routing of the gas system and associated materials to meet W.C. requirements for the new and phased-out dryers and existing boiler (P201HJ-B and P560); and demolition of the existing gas solenoid valve as reflected in the updated plumbing demolition plan (PD201HJ-B).

This will be funded from the Owner's Contingency.

CCD NO.	CCD ROM	CONTINGENCY	BALANCE
CCD 085	49,000.00	(111,970.82)	(160,970.82)

Facilities Management has reviewed CCD085 and finds it to be fair and reasonable. Should you concur, please sign, and return the attached documents to Chris Koys at the Facilities Management Department, 4111 Land O' Lakes Blvd., Suite 307, Land O'Lakes, for distribution.

If you have any questions, please contact Jordan Andrews, Project Manager, at 727.247.8543. Thank you.

Subject: 1112007 PCJE - CCD 85 ROM

Jordan, Ben,
I am following up on the ROM pricing for CCD #85 for the for the Plumbing and Electrical changes.

While CCD 85 has yet to be fully executed by Pasco, Moss has reviewed the initial version of the CCD provided by HOK on 4/17/2026 and has prepared the following ROM pricing based on our subcontractor feedback:

ROM Estimate, this CCD is anticipated to be a cost to the Owner in the amount of **$49,000.00.**

- $39,000 – Plumbing
- $10,000 – Electrical

This ROM assumes the funding will come from the Owner's Contingency within the existing contract. It does not include the expected cost and impact of additional time or CM markup for fees and insurance. This also assumes no cost from other trades currently on site supporting the directly affected subcontractors.

Please provide the executed CCD, providing us authorization to proceed.
As always, we will work to mitigate any related impact

Thanks,

Moss

RE: Construction Change Directive #85 – Notice of Potential Cost/Time Impact and Request for Additional Time to Provide Pricing
Pasco County Jail Expansion
20201 Central Blvd.
Land O' Lakes, FL 34637

Dear Mr. Baxter,

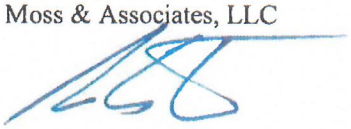
In accordance with the *Prime Contract, General Conditions, Section 14 - Claims and Disputes*, please allow this correspondence to serve as notice of a potential impact to project Costs and/or Time due to the design changes within Construction Change Directive #85 ("CCD #85"). In addition, Moss requests an extension of the 30-day timeframe to provide its initial cost/time estimate after the associated drawing changes are finalized, for the reasons detailed below.[1] Please note, the potential impacts detailed herein, if any, are exclusive and apart from impacts previously communicated to Pasco County and were not included in any previous schedule updates.

On April 17, 2026, Moss received CCD #85 from HOK which includes revisions to five (5) drawings for the Jail Renovation & Expansion. Generally, the changes are as follows:

- Fire Alarm – 1 sheet;
  - Added note to replace fire alarm solenoid valve on gas line.
- Plumbing – 4 sheets;
  - Added discharge line for air compressors to drain to exterior drywell or French drain.
  - Revised gas system routing and associated materials to coordinate with new and existing dryer and boiler requirements.
  - Updated gas riser diagram to reflect revised system routing.
  - Revised demolition plan to include removal of existing gas solenoid valve.

For Moss to proceed with this work and minimize the resulting cost of the potential schedule impact, it's imperative Pasco Facilities immediately execute CCD #85.

Based on a preliminary review of CCD #85 and the collective number of design changes to date, the proposed revisions will impact Project Costs and Time. Specifically, Moss's electrical, and plumbing subcontractors will incur costs for the changed and/or added scopes and possibly face delays for any necessary rework. In addition, subsequent trades may also be affected by rework. Because CCD #85 has not been finalized or evaluated by Moss's subcontractors, schedule impacts are not fully understood or realized. **Impacts stemming from CCD #85 have not been included in previous schedule updates. As**



[1] See, *GMP Amendment, Assumptions and Clarifications – Item 44* (Due to current market conditions and supply chain constraints, the Construction Manager shall be entitled to thirty (30) days to provide an initial estimate of costs and time associated with the identification of a change that may have cost or time implications.)

impacts are better understood, they will be communicated to Pasco County through appropriate means and the Project schedule updated to reflect the impacts, if any.

Additionally, as Contract Time continues to be impacted by CCDs (including potentially CCD #85), subcontractor and trade partner resources will be affected. In other words, commitments and rates allocated in reliance on specific start-stop dates—dates that have moved upwards of 12 months—may be affected and the Contract Sum may be impacted by the same. Moss is working to mitigate these impacts.

While Moss will work to mitigate the impacts stemming from CCD #85 and the collective impact of all CCDs to date, in the event we cannot compensate for the resulting costs and/or delay, we are providing the required notice. We appreciate your patience and cooperation in this matter, and please contact me if you have any questions.

Sincerely,
Moss & Associates, LLC

Mike Tippy
Project Executive

SUBJECT: Avalon Park West-Change in Escrow Agent

FROM: David H. Engel, MCRP, AICP, Planning, Development and Economic Growth Director

REFERENCES: OEG20-1030

On February 18, 2020, the Board of County Commissioners approved OEG20-1030 Avalon Park West (APW) Economic Development Agreement (EDA), which includes an Ad Valorem Equivalency Grant deposited annually with an Escrow Agent, Akerman, L.L.P. On April 30, 2026, APW formally requested that the County approve a change in Escrow Agent from Akerman, L.L.P. to Lowndes, Drosdick, Doster, Kantor & Reed, P.A.

Pursuant to Article V of the EDA, the County Administrator is authorized to approve any change in Escrow Agent. The County Attorney's Office has reviewed and approved this request.

If approved, the change in Escrow Agent will be effective upon execution of the memorandum. Please sign below to indicate approval.

Thank you.

SUBJECT Amendment 1– Metropolitan Ministries CDBG

BACKGROUND SUMMARY:

On August 5, 2025, the Board of County Commissioners (BCC) approved CD25-0100 which recognized funds allocated to Pasco County through Emergency Services Grant (ESG) funding, Community Development Block Grant Funding (CDBG), approved the 2025-2026 Annual Action Plan, approved the projects recommended for funding, and delegated full authority to the County Administrator to execute project specific agreements on behalf of the BCC.

Metropolitan Ministries has requested an Amendment to their agreement which is currently providing funding for intake services. The agency has recognized limitations with this position. The amended project will allow the agency to use the remaining award funding to support an Outreach Prevention Specialist. This position, developed to provide a greater scope of services for the community, will ensure that clients are assessed according to the Outreach Policies and Procedures with an additional focus on screening clients in need of Financial Special Assistance, Prevention and Diversions in a timely and efficient manner.

AMENDMENT NO. 1 TO THE AGREEMENT WITH METROPOLITAN MINISTRIES, INC. FOR COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM CFDA NO. 14.218

THIS AMENDMENT to the Agreement between PASCO COUNTY, a political subdivision of the State of Florida (hereinafter, the "COUNTY") and Metropolitan Ministries, Inc., a Florida registered, not-for-profit and Federal 501(c)(3) company (hereinafter, the "SUBRECIPIENT") (collectively, "Parties") for the Community Development Block Grant Program.

WITNESSETH:

WHEREAS, the COUNTY and the SUBRECIPIENT entered into an Agreement effective October 21, 2025, ("Agreement") for the use of Community Development Block Grant Entitlement funds; and

WHEREAS, the Parties wish to amend the Agreement to change the scopes of services in Exhibit A.

NOW THEREFORE, it is hereby agreed by and between the Parties as follows:

1. Recitals. The WHEREAS clauses set forth above are incorporated herein by reference and made a part of this AMENDMENT No. 1.

2. Exhibit A, Paragraph A-2, is hereby amended and replaced with the following:

> **Project**: This project is a Public Services Project. The project will pay for an Outreach Prevention Specialist who works full time in East Pasco. This position will ensure that clients are assessed according to the Outreach Policies and Procedures with an additional focus on screening clients in need of Financial Special Assistance, Prevention and Diversions in a timely and efficient manner. Additionally, this position is responsible for providing resources for clients while properly entering real-time data. The agency anticipates being able to serve 110 LMI households over the two-year grant period. The project budget shall not be utilized for any expenditures for which any Federal or State grant funding has been requested.

3. This Amendment shall be effective the last date all Parties hereto have signed.

4. The terms, covenants, and conditions set forth in the Agreement, except as specifically amended herein, are hereby ratified, approved, and confirmed in their entirety.

5. If there is any conflict between the terms and conditions of the Agreement and the terms and conditions of this AMENDMENT No. 1, this AMENDMENT No. 1 shall prevail.

6. The Parties intend for the Agreement and this AMENDMENT No. 1 to be hereinafter considered and interpreted together as a single contract between the Parties and that the capitalized terms of the Agreement not otherwise defined herein shall have the same meaning as defined in the Agreement.

[Signature Page to Follow]

IN WITNESS WHEREOF, the parties hereto have caused this AMENDMENT No. 1 to be executed by their duly authorized representatives.

1. Recitals. The WHEREAS clauses set forth above are incorporated herein by reference and made a part of this AMENDMENT No. 1.

2. Exhibit A, Paragraph A-2, is hereby amended and replaced with the following:

> **Project**: This project is a Public Services Project. The project will pay for an Outreach Prevention Specialist who works full time in East Pasco. This position will ensure that clients are assessed according to the Outreach Policies and Procedures with an additional focus on screening clients in need of Financial Special Assistance, Prevention and Diversions in a timely and efficient manner. Additionally, this position is responsible for providing resources for clients while properly entering real-time data. The agency anticipates being able to serve 110 LMI households over the two-year grant period. The project budget shall not be utilized for any expenditures for which any Federal or State grant funding has been requested.

3. This Amendment shall be effective the last date all Parties hereto have signed.

4. The terms, covenants, and conditions set forth in the Agreement, except as specifically amended herein, are hereby ratified, approved, and confirmed in their entirety.

5. If there is any conflict between the terms and conditions of the Agreement and the terms and conditions of this AMENDMENT No. 1, this AMENDMENT No. 1 shall prevail.

6. The Parties intend for the Agreement and this AMENDMENT No. 1 to be hereinafter considered and interpreted together as a single contract between the Parties and that the capitalized terms of the Agreement not otherwise defined herein shall have the same meaning as defined in the Agreement.

[Signature Page to Follow]

IN WITNESS WHEREOF, the parties hereto have caused this AMENDMENT No. 1 to be executed by their duly authorized representatives.

INTEROFFICE MEMORANDUM

DATE: August 8, 2025 FILE NO.: **CD25-0041**

TO: Mike Carballa, P.E., County Administrator

THRU: Cathy Pearson, Assistant County Administrator, Public Services

FROM: Charles Lane, Community Development Director

SUBJECT: Approval and Execution of Subrecipient Agreements Emergency Solutions Grant (ESG) FY26 and Community Development Block Grant (CDBG) FY26

BACKGROUND SUMMARY:

On August 5, 2025, the Board of County Commissioners (BCC) approved CD25-0100 which recognized funds allocated to Pasco County through Emergency Services Grant (ESG) funding, Community Development Block Grant Funding (CDBG), approved the 2025-2026 Annual Action Plan, approved the projects recommended for funding, and delegated full authority to the County Administrator to execute any and all documents deemed necessary by the U.S. Department of Housing and Urban Development (HUD) related to the project-specific agreements and agreements between the County and HUD for the use of the ESG funds.

The attached documents, requiring signature by the County Administrator, are required by HUD to finalize the agreement. **Two copies of the Subrecipient Agreement are attached for signature.**

BOARD OF COUNTY COMMISSIONERS
AGENDA MEMORANDUM

COMMISSION DISTRICT: All **FILE NO.:** CD25-0100 **DATE:** 8/5/2025

SUBJECT: One-Year Action Plan for 2025-2026, and Subrecipient Agreement Templates for Community Development Block Grant (CDBG), (Services and Development); HOME Investment Partnership (HOME) and Emergency Solutions Grant (ESG) Funds – U.S. Department of Housing and Urban Development – Community Development Block Grant, CFDA No. 14.218; HOME Investment Partnerships, CFDA No. 14.239; Emergency Solutions Grant, CFDA No. 14.231 – No Funding Required

REFERENCES: Not Applicable

AGENDA SECTION: Consent Agenda

THRU: Catherine Pearson, Assistant County Administrator

FROM: Charles Lane, Community Development Director

RECOMMENDED BOARD ACTION:

Approve 2025-2026 One-Year Action Plan for the use of Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), and Emergency Solutions Grant (ESG) funds provided by the U.S. Department of Housing and Urban Development (HUD), thereby allowing the Pasco County Community Development Department to submit the required plan to HUD prior to the statutory deadline of August 16, 2025. Approve the Subrecipient Agreement templates for CDBG, HOME and ESG funds provided. Delegate authority to the County Administrator to execute the project-specific agreements on behalf of the Board of County Commissioners (BCC) pursuant to the action plan, including executing the project-specific agreements that have its project budget reallocated to a different funding source or program year. Additionally, delegate full authority to the County Administrator to act on behalf of the County for any purpose described in the agreements, including but not limited to agreement amendments, the authority to provide any necessary notices or to exercise the right to terminate the agreements, or to extend the agreements for thirty-six (36) months, if necessary. Delegate full authority to the County Administrator to execute any and all documents deemed necessary by HUD related to the project-specific agreements and agreements between the County and HUD for the use of these funds. Approve the Subrecipient Land Use Restrictive Agreement (LURA) template, and delegate authority to the County Administrator, with approval from the County Attorney's office, to execute corresponding lien documents, including but not limited to, LURAs, UCC-1 forms, and FLHSMV's notice of lien on behalf of the BCC.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

As an entitlement community, Pasco County receives CDBG, HOME and ESG funds from HUD on an annual basis. HUD determines the amount of each entitlement grant by a statutory formula which uses several objective measures of community needs, including the extent of poverty, population, housing overcrowding, age of housing, and population growth lag in relation to other Metropolitan Statistical Areas. Every five years, Pasco County is required to write a Consolidated Plan (ConPlan) that identifies affordable housing needs, homeless needs, and community development needs, and to establish priority needs and set goals that will be addressed over the planning period. The BCC is being asked to approve the 2025-2026 Action Plan, which is submitted

annually to HUD outlining the activities that will be undertaken with the grant funds during the next program year to meet the established priorities and goals. The Action Plan must be submitted to HUD by August 16th, or entitlement funds for the next program year will be suspended.

Pasco County has received notification from HUD that the 2025-2026 allocations are as follows: CDBG is $3,160,581.00; HOME is $1,172,493.00; and ESG is $272,372.00.

CDBG, HOME and ESG programs are carried out through Pasco County and various not-for-profit subrecipients. A Review Committee consisting of four community members and three members representing two County branches convened on May 15, 2025, to review applications and arrive at the funding recommendations that were presented on July 2, 2025, at a Public Hearing. The Draft Action Plan and summary of activities were made available for public review and comment beginning June 4, 2025. Notification of the July 2, 2025, Public Hearing was published on June 4, 2025. Comments received during this comment period are included in the Action Plan.

Approval of the Annual Action Plan also includes approval of the appropriation of grant funds for the designated projects set forth in the Annual Action Plan. From time to time due to expenditure deadlines, required set-asides, project overages, or eligibility requirements, a project that has been approved for funding in a specific funding source may need to be changed to a different funding source or program year, which is included in this approval and delegation of authority to the County Administrator. The attached Subrecipient Agreements templates have been reviewed and approved by the County Attorney's Office. The delegation of authority to the County Administrator will significantly decrease the amount of time it takes to fully execute these agreements. Additionally, Land Use Restrictive Agreement (LURA) template has been reviewed and approved by the County Attorney's Office. Approval of the LURA, along with delegation of signatory authority to the County Administrator, will decrease the time it takes to fully execute these corresponding lien documents. All Subrecipient Agreements and LURAs submitted for signature will have had final review by the County Attorney's Office.

FISCAL IMPACT/COST/REVENUE STATEMENT:
Funding is not required for this action.

NOTICE OF PUBLIC HEARING
ONE-YEAR 2025-2026 ACTION PLAN
PROPOSED STATEMENT OF HOUSING AND COMMUNITY DEVELOPMENT
OBJECTIVES AND PROJECTED USE OF FUNDS

The U.S. Department of Housing and Urban Development (HUD) has awarded Pasco County entitlement funds to improve the quality of life for low- and moderate-income persons. The Pasco County Community Development Department is preparing the annual One-Year Action Plan as required by HUD, 24 Code of Federal Regulations, Part 91. The One-Year Action Plan serves as the application for program year Federal funds and provides a description of the activities that Pasco County will undertake during the next year to address priority needs and objectives as indicated in the Consolidated Plan. The formula grant programs covered by the Plan include the Community Development Block Grant (CDBG), HOME Investment Partnership (HOME), and Emergency Solutions Grant (ESG).

A public hearing is scheduled for Wednesday, July 2, 2025 at 2:00 PM and will be held in the Community Development Conference Room located at 8610 Galen Wilson Blvd, Port Richey, FL 34668. The purpose of this hearing is to review the projects to be recommended for funding to the Board of County Commissioners for approval on August 5, 2025 and will be filed with HUD prior to August 16, 2025. Interested parties can contact communitydev@pascocountyfl.net or (727) 834-3447 for additional information. Public comments will be accepted through 5:00 p.m. on July 7, 2025, and should be directed to the Community Development Department at 8610 Galen Wilson Blvd., Port Richey, FL 34668 or via email at communitydev@pascocountyfl.net.

In accordance with the Americans with Disabilities Act, persons needing a special accommodation or an interpreter to participate in these proceedings should contact the Community Development Department at (727) 834-3447 at least seven (7) days prior to the date of the hearing, or immediately upon receiving this notification if the time before the public hearing is less than 7 days; if hearing or voice impaired, call 711.

AGREEMENT WITH
Metropolitan Ministries Inc, FOR
Intake Services for East and West Pasco County
COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM
CFDA NO. 14.218

THIS AGREEMENT ("Agreement") is made and entered into by and between PASCO COUNTY, a political subdivision of the State of Florida (hereinafter, the "COUNTY") and Metropolitan Ministries, Inc. , a Florida registered, not-for-profit and Federal 501(c)(3) company (hereinafter, the "SUBRECIPIENT") (collectively, "Parties").

WITNESSETH:

WHEREAS, the COUNTY made application for Community Development Block Grant (CDBG) Entitlement funds from the U.S. Department of Housing and Urban Development, herein referred to as "HUD," under Title I of the Housing and Community Development Act of 1974, as amended, Public Law 93-383; and

WHEREAS, the COUNTY has been awarded Three Million One Hundred Sixty Thousand Five Hundred Eighty One and 00/100 Dollars ($3,160,581.00) in CDBG Entitlement funds along with the anticipated receipt of program income and the potential of reallocating prior years funds; and

WHEREAS, the COUNTY is undertaking certain activities to develop a viable community by providing decent housing, a suitable living environment, and expanding economic opportunities principally for low- and moderate-income persons, as described in the CDBG Program application; and

WHEREAS, the SUBRECIPIENT has requested funds from the COUNTY for the benefit of low- and moderate-income persons, as described in the CDBG Program application; and

WHEREAS, the COUNTY and SUBRECIPIENT desire to enter into an Agreement in accordance with 24 Code of Federal Regulations (CFR), 570 and 2 CFR, 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards to

C48

provide the SUBRECIPIENT a sub-award from CDBG funds to carry out Project activities in compliance with the CDBG Program application; and

WHEREAS, the SUBRECIPIENT's use and benefit of CDBG funds is contingent upon execution of Funding Approval Agreement B-25-UC-12-0009 by the COUNTY and HUD; and

WHEREAS, the funding and other COUNTY administration of this Agreement shall be through the Pasco County Community Development Department; and

WHEREAS, to further support and train the SUBRECIPIENT to efficiently carry out the terms and conditions of the written Agreement, the COUNTY will provide the link for HUD Exchange to the SUBRECIPIENT via email communication that emphasizes administrative requirements for internal management and control of financial systems, procurement and contracting, property management and disposition, recordkeeping and reporting requirements, other administrative and program requirements, audits, and closeout of grants as provided for in 2 CFR, 200; and

WHEREAS, Exhibits A, B, and C are essential to this Agreement and are attached hereto and incorporated herein by reference.

NOW, THEREFORE, in consideration of the mutual covenants, promises, and representations contained herein, the parties hereto agree as follows:

ARTICLE I
RECITALS

The statements contained in the recitation of facts above are true and correct and are hereby incorporated in and made a part of this Agreement.

ARTICLE II
NATIONAL OBJECTIVE PURPOSE

The purpose of this Agreement is to allocate Program Year 2025 CDBG funds so that the SUBRECIPIENT may accept the Project Budget, as defined herein, for the Project as defined herein and administer the Project, more specifically described in Exhibit A; execute Title I of the

Housing and Community Development Act of 1974 (42 United States Code (U.S.C.), 5301, et seq.); and carry out a national objective as set forth in 24 CFR, 570.208. By executing this Agreement and accepting the Project Budget for the Project, the SUBRECIPIENT certifies that the work performed will meet the national objective as further described in Exhibit A.

ARTICLE III
TERM

1. The term of this Agreement ("Term") shall commence on the last date signed by the Parties below ("Effective Date") and shall remain in full force and effect until September 30, 2027, unless earlier terminated as provided herein. Expenditures made from October 1, 2025, through September 30, 2027 ("Project Term") may be reimbursed pursuant to the terms of this Agreement. Notwithstanding the foregoing, no reimbursement shall be made for expenditures during the First Quarter, as defined herein, until the Request for CDBG Reimbursement and Quarterly Performance Report for such period has been entered into Neighborly Software and approved by the COUNTY in accordance with this Agreement. Quarterly Performance reports are due on the progress of the project and the demographic information required by HUD which must be answered in the Neighborly Software Program. Reimbursement requests must be entered into Neighborly with all supporting documentation for payment requests.

2. Upon written request from the SUBRECIPIENT, the Project Term may be extended up to twelve (12) months by the Community Development Director; twenty-four (24) months by the Assistant County Administrator for Public Services; or thirty-six (36) months by the County Administrator. Such extension shall be in writing and dated before the expiration of this Agreement, and an amendment to this Agreement shall not be required. Any extension beyond thirty-six (36) months will require approval by the Board of County Commissioners.

ARTICLE IV
PROJECT BUDGET

1. The SUBRECIPIENT is allocated a total sum of One Hundred Two Thousand and 00/100 Dollars ($102,000.00) by the COUNTY from the COUNTY's CDBG Program award in consideration for performance of the Project, defined herein and further described in Exhibit A.

2. Upon written request, from the SUBRECIPIENT, the Project Budget may be increased up to 20 percent with approval by the Community Development Director and up to 30 percent with approval by the Assistant County Administrator for Public Services. An amendment to this Agreement for such action will not be required; however, the COUNTY will provide a formal written notice of any approved increase in funding to the SUBRECIPIENT. Any increase in the Project Budget of more than 30 percent shall require an amendment and approval by the Board of County Commissioners.

3. The Community Development Director has the discretion to decrease the Project Budget upon written notice to the SUBRECIPIENT. The written notice shall include the revised Budget Amount and the reason for the adjustment.

4. If the Project Budget is less than $250,000.00, a Land Use Restriction Agreement ("LURA") will be entered into by the parties and recorded in the public records of Pasco County for a period up to thirty (30) years. The land and all structures located thereon will be required to be used for a HUD approved program that benefits low to moderate income individuals. The use shall not be changed until the LURA has expired or is otherwise terminated. The LURA may be terminated upon repayment of the Project Budget in full.

5. If the Project Budget is greater than or equal to $250,000.00, the SUBRECIPIENT shall execute a mortgage and note ("Mortgage Documents") in favor of the COUNTY encumbering the property that is the subject of this Agreement.

ARTICLE V
STATEMENT OF WORK

1. Project: SUBRECIPIENT shall utilize CDBG Funds to perform the scope of services set forth in Exhibit A of this Agreement ("Project") for the COUNTY in full and complete accordance with this Agreement. Additional work or equipment may be substituted to the scope of work if it is in the best interest of the Project and will assist in the completion of said Project but shall not increase the Project Budget and must be approved by the Community Development Director. A written request from the SUBRECIPIENT to the Director of Community Development is required and the response whether approved or denied will be supplied via written response from the Director of Community Development.

2. Schedule: The SUBRECIPIENT shall perform the Project in accordance with the Project Schedule and deadlines set forth in Exhibit A.

ARTICLE VI
PERFORMANCE, SUBCONTRACTS, AND AMENDMENTS

1. Performance Monitoring: The COUNTY shall monitor the performance of the SUBRECIPIENT against goals and performance standards as required herein. Substandard performance, as determined by the COUNTY, in its sole and absolute discretion, shall constitute noncompliance of this Agreement. If such substandard performance is not corrected by the SUBRECIPIENT within thirty (30) days after being notified by the COUNTY, in accordance with Article IX, contract suspension or termination procedures may be initiated and enforced in accordance with regulations set forth in 2 CFR 200, Subpart D, and Article IX herein.

2. Procurement Standards: The SUBRECIPIENT shall comply with written procurement procedures in compliance with 24 CFR, 570.502 and applicable Federal law and standards identified in 2 CFR, Part 200, Subpart D (200.318 – 200.326). All procurement transactions shall be conducted in a manner to provide to the maximum extent practical, open, and free competition. Qualification-based procurements, requests for proposals, bid packages

and advertisements shall be subject to COUNTY review and approval before being published. Once the contractor is selected, documentation concerning the selection process for all contracts or subcontracts shall be forwarded to the COUNTY for review and approval prior to the final contract being executed.

3. Laws: The SUBRECIPIENT shall not enter into any contracts or subcontracts in the performance of this Agreement without the written consent of the COUNTY. All contracts or subcontracts made by the SUBRECIPIENT to carry out the Project shall be made in accordance with all applicable Federal, State, and local laws, rules, and regulations stipulated in this Agreement and in strict accordance with all terms, covenants, and conditions in this Agreement. Any worker's services contracted hereunder shall be specified by written contract or agreement and shall be subject to each article set forth in this Agreement.

4. Subcontract Monitoring: The SUBRECIPIENT shall monitor all subcontracted services on a regular basis to assure contract compliance. Results of monitoring efforts shall be summarized in written reports and supported with documented evidence of follow-up actions taken to correct areas of noncompliance. Such summaries and documents shall be submitted to the COUNTY with each Request for CDBG Reimbursement and Quarterly Performance Report to be reported to HUD.

5. Amendments: The COUNTY may, at its discretion, amend this Agreement to conform with Federal, State, or local government guidelines, policies, or available funding amounts, or for other reasons. If such amendment results in a change in the funding, the scope of services, or the schedule of activities to be undertaken as part of this Agreement, such modifications will be incorporated only by written amendments signed by the Parties, except as provided for in Article III and Article IV.

6. Prior County Approvals: The following includes, but is not limited to, activities that require the prior written approval of the COUNTY to be eligible for payment:

a. All requests for proposals/qualifications, bid packages, proposed advertisements, and procurement documentation for services, prior to award.

b. The initiation of new activities not covered by this Agreement or changes in the location or the deletion of any activity/activities

c. Any service(s) or activity/activities other than those described in Article V above.

d. Any proposed revisions to this Agreement.

e. Requests to utilize remaining funds should there be a surplus after work is substantially completed. Requests must be made in writing and signed by an individual with signatory authority.

ARTICLE VII
PAYMENT

The Allocated Sum is payable either by reimbursement to the SUBRECIPIENT in accordance with the terms of this Agreement, or direct payment to the SUBRECIPIENT's vendor upon receipt of the required documents set forth below. Request for payment of the Allocated Sum to the SUBRECIPIENT or vendor shall be submitted via an invoice along with Verifying Documents, defined herein, either quarterly or monthly, entered and uploaded in Neighborly Payment requests must comply with the applicable requirements of 2 CFR, Part 200 and must be uploaded using the Pasco County Community Development Neighborly Software with back-up documentation.

1. The SUBRECIPIENT shall submit to the COUNTY, through its COUNTY Community Development Department, all documents requested by the COUNTY verifying the request for payment, herein "Verifying Documents." First verifying Documents shall be submitted within ninety (90) days of the Effective Date of the Agreement. Verifying Documents shall be submitted to the COUNTY within thirty (30) days from the day the SUBRECIPIENT received

service or performance or supplies from a vendor, quarterly billing will only be accepted if written agreement has been confirmed. Request for payment cannot exceed the invoice from the vendor, and the request for payment must be submitted within forty-five (45) days from receipt of invoice from the vendor. Final request for payment shall be submitted no later than ten (10) days from Project completion as provided for in Exhibit A. Verifying Documents may include, but are not limited to:

a. When CDBG reimbursement is sought for salaries or related benefits for employees, the CFO or senior payroll administrator must audit a reimbursement request before it is submitted.

b. All payroll reimbursements must be at the rate of pay for the position or job performed. Any employee at a higher rate of pay performing duties of a different position with lower rate of pay must bill according to the lower rate of pay. CDBG does not reimburse administrative payroll expenses.

c. Fringe benefits may only be claimed for the portion of salary being requested. Reimbursement is eligible for full time employees. Eligible fringe benefit deductions for reimbursement per pay period include the following: employee medical, HSA (Health Savings Account) – dental – vision – life insurance – sick leave, family leave (must provide documentation for sick leave and family leave) - employee 403b contributions. The eligible fringe benefits deductions for reimbursement are calculated at employer responsibility FICA at 7.65% multiplied by gross pay. An agency summary must be provided clearly highlighting each employee and the benefits sought for reimbursement.

d. Proof of attending all required training as assigned, which includes but not limited to, Case Management, Invoicing and Reimbursement Requests, and Homeless Management Information System (HMIS).

e. Timesheets must be kept identifying all funding sources for the employee. CDBG and other activities undertaken by the employee must be documented on the timesheet with the date, times and the number of hours worked. Timesheets must differentiate between hours charged to CDBG and hours not charged to CDBG, must document the specific CDBG-related activity worked on, and the date and number of hours worked. Timesheets may be signed physically or electronically by both the employee and an individual with signatory authority (supervisor) pursuant to the governing documents of the SUBRECIPIENT (i.e., corporate bylaws or resolution), and all applicable cancelled checks (front and back) or a bank statement, if the cancelled checks are not legible, are required. Include the employee's name and the eligible gross wages and benefits being requested for reimbursement for each employee. A pay register or pay stub is required for salary reimbursement. No mileage or cellular phone reimbursement shall be paid from CDBG funds. No administrative payroll charges will be reimbursed with CDBG funds. If health or other benefits are being reimbursed, proof of those items must be included in the invoice.

f. When reimbursement is sought for services or materials, a copy of the applicable invoice or receipt for materials or services for each eligible expense. Invoices must include a description of materials or services purchased. A cost is eligible for the CDBG Program only if the cost is necessary to the overall completion of the Project. If there is a disagreement between the Parties regarding whether an item was necessary to the overall completion, the final decision shall be made by the COUNTY. Documentation of eligible costs shall include a copy of the front and back of the cancelled check, bank statement, or credit card statement

used in payment, reconciled to the applicable expense. For construction projects, copies of all applicable permits are required as well as a notice to proceed with the contractor. Also, all Davis- Bacon certified payroll sheets are required for construction projects, as applicable.

g. When direct payment to vendor is sought for services or materials; a copy of the applicable invoice or sales contract for each eligible expense is required.

2. Within ten (10) working days of receipt of Verifying Documents, the COUNTY shall, in its sole discretion, determine if the Verifying Documents or any portion of them are acceptable and in strict compliance with the purpose, national objective, and laws stated herein and approve them for payment. If the COUNTY determines that there are any errors in the Verifying Documents, the COUNTY shall notify the SUBRECIPIENT within ten (10) working days of receipt of the Verifying Documents. The SUBRECIPIENT shall submit corrected Verifying Documents within ten (10) working days of receipt of notice from the COUNTY. Payment shall not be made for any Verifying Documents that contain errors, as determined by the COUNTY.

3. Upon determination by the COUNTY that Verifying Documents are approved, the COUNTY will initiate the payment process in accordance with Section 218.73-74, Florida Statutes, considered due upon receipt by the Clerk & Comptroller's Office and paid upon approval by the COUNTY. The COUNTY reserves the right to delay any payment request for Verifying Documents containing errors until such errors are corrected to the satisfaction of the COUNTY.

4. In no event shall the COUNTY be obligated to reimburse for any Verifying Documents submitted to the COUNTY more than sixty (60) days after the SUBRECIPIENT receives the Verifying Documents from the vendor.

5. The SUBRECIPIENT may submit eligible pre-award costs with Verified Documents within thirty (30) days of Effective Date of the Agreement.

6. Payments shall be contingent upon certification of the SUBRECIPIENT's financial management system in accordance with the standards specified in 2 CFR, Part 200, as applicable.

7. If applicable, Program Income as defined herein must be disbursed before the SUBRECIPIENT requests funds from the COUNTY.

8. If any costs are disallowed up to five (5) years after expiration of this Agreement or until HUD closes out the Project, whichever occurs later, and the COUNTY is forced to reimburse the CDBG Program or HUD, then the SUBRECIPIENT shall reimburse the COUNTY for the said costs.

9. Within ten (10) days after Project completion, the SUBRECIPIENT shall submit the final request for payment for all eligible expenditures not previously invoiced. The COUNTY shall not be responsible for payments of any charges, claims, or demands of the SUBRECIPIENT not received within the said ten (10) day period; however, such time may be extended at the COUNTY's discretion not to exceed a period of thirty (30) days, provided the delay in its submission is not caused by any fault or negligence of the SUBRECIPIENT.

Applicable ☒ N/A ☐

ARTICLE VIII
CONTINUITY OF SERVICE

1. The SUBRECIPIENT and the COUNTY acknowledge and agree that, in addition to all other terms, covenants, and conditions herein, the SUBRECIPIENT shall be obligated to use the property that is the subject of the Project herein ("Property") in a manner strictly consistent with Exhibit A, and as further indicated in a LURA(s) or Mortgage Documents between the COUNTY and the SUBRECIPIENT, to be recorded in Pasco County's Official Records encumbering the Property. This Article VIII shall survive any expiration or termination of this Agreement and shall be subject to the terms and conditions set forth in the LURA or Mortgage Documents encumbering the Property. The LURA or Mortgage Documents shall encumber the Property for thirty years. If prior to the expiration of the LURA or Mortgage Documents, the land

is sold or no longer used to benefit low-moderate income persons the Project Budget shall be repaid by the SUBRECIPIENT.

2. If the COUNTY and the SUBRECIPIENT determine, after consultation with affected citizens, that it is appropriate to change the use of the Property to a use which does not strictly adhere to Exhibit A, the SUBRECIPIENT may retain or dispose of the Property for such changed use only after the COUNTY's CDBG Program Project Budget has been reimbursed.

3. If the change of use occurs after HUD's closeout of the COUNTY's CDBG Program, the provisions governing income from the disposition of the real property in 24 CFR, 570.504(b)(4) or 570.504(b)(5), as applicable, shall apply to the use of funds reimbursed. Reimbursement shall be from the SUBRECIPIENT to the COUNTY for the CDBG Program Fund. In the event of such a disposition process, specific instructions for the sale of the Property will be provided to the SUBRECIPIENT by the COUNTY. Following the reimbursement of the Project Budget and any applicable Program Income (pursuant to Article X), the Property will no longer be subject to any CDBG Program requirements.

ARTICLE IX
SUSPENSION AND TERMINATION

1. Termination: The COUNTY may terminate this Agreement with cause immediately upon written notice to the SUBRECIPIENT. Cause shall include, but is not limited to, SUBRECIPIENT's failure to strictly comply with 24 CFR, 570.502 and 570.503, all applicable Federal, State, and local laws, rules and regulations, default on any of the terms and conditions of this Agreement, failure to adhere to the Project Schedule set forth in Exhibit A, or any substandard performance by the SUBRECIPIENT. Substandard performance shall be any performance indicated by Verifying Documents but not reflected in the actual performance of the Project. In the event of substandard performance, the COUNTY shall notify the SUBRECIPIENT in writing of such substandard performance, and the SUBRECIPIENT shall take corrective action within a reasonable time, but in no event later than thirty (30) days from receipt of the notice from

the COUNTY. In the event of termination pursuant to this paragraph, the Subrecipient shall repay the Allocated Sum to the County within 30 days of the effective date of the termination.

a. The SUBRECIPIENT may terminate this Agreement with cause upon thirty (30) days prior written notice to the COUNTY if SUBRECIPIENT is unable to start the project or if the SUBRECIPIENT has filed to dissolve the business. However, any portion of the Project Budget previously paid to the SUBRECIPIENT shall be repaid to the COUNTY within 60 days of SUBRECIPIENT's notice of termination.

b. The COUNTY may terminate this Agreement with cause upon a thirty (30) days written notice to the SUBRECIPIENT if the SUBRECIPIENT fails to commence work as outlined in this Agreement within ninety (90) days of the Effective Date and such delay is not excused by mutual written agreement of the Parties. Any portion of the Project Budget previously paid to the SUBRECIPIENT shall be repaid to the COUNTY within 60 days of SUBRECIPIENT's notice of termination.

c. In the event of any termination, all finished or unfinished documents, data, studies, surveys, maps, models, photographs, reports, or other materials prepared by the SUBRECIPIENT under this Agreement shall, at the option of the COUNTY, become the property of the COUNTY, and the SUBRECIPIENT shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents or materials prior to the termination.

2. Suspension: In lieu of termination upon a finding of cause, as defined in this article, the COUNTY may suspend this Agreement and withhold any payment of the Project Budget until such time as the SUBRECIPIENT is found to be in compliance by the COUNTY.

3. Mutual Termination: Upon issuance of final payment and the County's acceptance of all required closeout documentation, this Agreement may be terminated upon mutual written agreement by the parties.

ARTICLE X
PROGRAM INCOME

The SUBRECIPIENT shall record the receipt and expenditure of Program Income, as defined in 24 CFR, 570.500(a) and (b) ("Program Income"), as part of the financial transactions of the grant funded Project. The use of Program Income by the SUBRECIPIENT shall comply with the requirements set forth in 24 CFR, 570.504. The SUBRECIPIENT may use Program Income during the Term of this Agreement for activities permitted under this Agreement and shall reduce requests for additional funds by the amount of any such Program Income on hand. The SUBRECIPIENT shall submit a quarterly report with a detailed accounting of the receipt and use of Program Income to the COUNTY in accordance with HUD requirements. All unused Program Income with interest shall be returned to the COUNTY at the end of the Term. The COUNTY shall return these monies to HUD.

ARTICLE XI
REVERSION OF ASSETS

Upon expiration or termination of this Agreement, the SUBRECIPIENT shall transfer to the COUNTY any Project Budget or Program Income funds that have not been expended for the Project pursuant to this Agreement. Any real property under the SUBRECIPIENT's control that was acquired or improved, in whole or in part, with the Project Budget in excess of Twenty-Five Thousand and 00/100 Dollars ($25,000.00) will be covered by the regulations specified in 24 CFR, 570.503(b)(7).

ARTICLE XII
NOTICES

Unless and to the extent otherwise provided in this Agreement, all notices, demands, requests for approvals and other communications which are required to be given by either party

to the other shall be in writing and shall be deemed given and delivered on the date delivered in person to the authorized representative of the recipient provided below, upon the expiration of five (5) days following the date mailed by Registered or Certified Mail, Postage Prepaid, Return Receipt Requested to the authorized representative of the recipient at the address provided below, or upon the date delivered by overnight courier (signature required) to the authorized representative of the recipient at the address provided below.

PASCO COUNTY
Community Development Director

Pasco County Community Development Department
8610 Galen Wilson Blvd.
Port Richey, FL 34668
(727) 834-3447

SUBRECIPIENT
Dr. Sarah Combs,
President/CEO
Metropolitan Ministries, Inc.
2002 North Florida Avenue
Tampa, FL 33602
727-937-3268
SAM NO. HJNGKYWTDKE5

ARTICLE XIII
INDEPENDENT CONTRACTOR

Nothing contained in this Agreement is intended or shall be construed in any manner as creating or establishing the relationship of employer/employee between the parties. The SUBRECIPIENT shall, at all times, remain an independent contractor with respect to the services to be performed under this Agreement. The COUNTY shall be exempt from payment of all unemployment compensation, FICA, retirement, life and/or medical insurance, and workers' compensation insurance.

ARTICLE XIV
SCRUTINIZED COMPANIES

1. A company is ineligible to, and may not, bid on, submit a proposal for, or enter into or renew a contract with the County for goods or services of:

   a. Any amount if, at the time of bidding on, submitting a proposal for, or entering or renewing such contract, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to s. 215.4725, or is engaged in a boycott of Israel; or

b. One million dollars or more if, at the time of bidding on, submitting a proposal for, or entering or renewing such contract, the company:

i. Is on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in Iran Petroleum Energy Sector List, created pursuant to s. 215.473; or

ii. Is engaged in business operations in Cuba or Syria.

2. By signing this Agreement, the Consultant certifies that it is not participating in a boycott of Israel, is not on any of the aforementioned lists, and it does not have business operations in Cuba or Syria. The Consultant agrees to notify the County if placement on any of the aforementioned lists occurs or if the Consultant is engaged in a boycott of Israel or has business operations in Cuba or Syria.

The County may terminate this Agreement if the Consultant's certification above is found to be false; it has been placed on the Scrutinized Companies that Boycott Israel List, or is engaged in a boycott of Israel; it has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List; or it has been engaged in business operations in Cuba or Syria. In addition to possible termination of this Agreement based on the above grounds, the County will comply with section 287.135, Florida Statutes, regarding submittal of a false certification.

ARTICLE XV
COUNTY RECOGNITION

The SUBRECIPIENT shall ensure recognition of the role of the COUNTY in providing services through this Agreement. All activities, facilities, and items utilized pursuant to this Agreement shall be permanently labeled as to the funding source. In addition, the SUBRECIPIENT shall include in all its publications a reference to the support provided herein through the CDBG Program and made possible with funds provided under this Agreement by the Pasco County Board of County Commissioners.

ARTICLE XVI
UNIFORM ADMINISTRATIVE REQUIREMENTS

The SUBRECIPIENT shall comply with 24 CFR, 570.502, 570.503, and 570.610, and adhere to accounting principles and procedures required therein, utilize adequate internal controls, and maintain necessary source documentation for all costs incurred. The SUBRECIPIENT shall administer the Project in conformance with 2 CFR, 200, "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards", as amended, and in accordance with 24 CFR 570.502, as appropriate, to ensure substantial adherence to the applicable accounting principles and procedures required therein, utilization of adequate internal controls, and the maintenance of necessary source documentation for all costs incurred.

ARTICLE XVII
RECORDS TO BE MAINTAINED

1. Maintenance of Records:

   a. The SUBRECIPIENT shall maintain all records required by Federal regulations specified in 24 CFR, 570.506 and 2 CFR, 200 that are pertinent to the Project herein funded by the Project Budget. Such records shall include, but are not limited to:

      i. Application requesting Project funding.

      ii. Executed Subrecipient Agreement approving the Project, including any amendments to this Agreement.

      iii. Records providing a full description of each activity undertaken.

      iv. Records demonstrating that the activity meets the national objective described herein.

      v. Records demonstrating eligibility of work performed to be paid by the Project Budget.

      vi. Records documenting the acquisition, improvement, use, or disposition of real property acquired or improved with the Project Budget, if applicable.

vii. Records documenting compliance with the Fair Housing and Equal Opportunity components of the CDBG Program, if applicable.

viii. Financial records as required by 24 CFR, 570.502, 570.610, 2 CFR, 200, and all Financial Management standards as specified in Exhibit B.

ix. Records documenting compliance with Subpart K of 24 CFR, 570.

x. Records documenting compliance with 24 CFR Part 75.

xi. Copy of Request for CDBG Reimbursements and Quarterly Performance Reports submitted as required herein.

b. The SUBRECIPIENT shall maintain real property inventory records which clearly identify properties purchased, improved, or sold with CDBG funds. Properties retained shall continue to meet the eligibility criteria and shall conform to the "changes in use" and restrictions specified in 24 CFR, 570.505.

c. The SUBRECIPIENT shall maintain client data demonstrating client eligibility for services provided. Such data shall include, but not be limited to, client name, address, income level or other basis for determining eligibility, demographic information including ethnicity, race, gender, and head of household, and a description of services provided. Such information shall be made available to the COUNTY for review upon request.

2. Retention of Records: The SUBRECIPIENT shall retain all records pertinent to expenditures incurred under this Agreement for a period of five (5) years after the termination of all activities funded under this Agreement, after the resolution of all Federal audit findings, or until the note and mortgage associated with this Agreement are satisfied, whichever occurs later. Records for nonexpendable property acquired with funds under this Agreement shall be retained for five (5) years after final disposition of such property. Records for any displaced person must be kept for five (5) years after he/she has received final payment.

3. Public Records: The SUBRECIPIENT shall comply with the requirements of Florida's Public Records Act, Chapter 119, Florida Statutes. To the extent required by Section 119.0701, Florida Statutes, the SUBRECIPIENT shall: (a) keep and maintain public records required by the COUNTY to perform the service under the Agreement; (b) upon request from the COUNTY's custodian of public records, provide the COUNTY with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided for under Florida's Public Records law; (c) ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Term and following completion of the Agreement if the SUBRECIPIENT does not transfer the records to the COUNTY; and (d) upon completion of the Agreement, transfer, at no cost to the COUNTY, all public records in possession of the SUBRECIPIENT. Upon transfer, the SUBRECIPIENT shall destroy any duplicate public records that are exempt or confidential and exempt from public records requirements. All records stored electronically must be provided to the COUNTY in a format that is compatible with the information technology systems of the COUNTY. All documentation produced as part of this Agreement will become the property of the COUNTY. This paragraph shall survive the expiration or termination of this Agreement.

IF THE SUBRECIPIENT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE SUBRECIPIENT'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

ADMINISTRATIVE ASSISTANT
PASCO COUNTY COMMUNITY DEVELOPMENT DEPARTMENT
8610 GALEN WILSON BLVD.
PORT RICHEY, FLORIDA 34668
TELEPHONE: (727) 834-3447
FACSIMILE: (727) 834-3450
EMAIL: COMMUNITYDEV@PASCOCOUNTYFL.NET

Under Florida law, a SUBRECIPIENT who fails to provide the public records to the COUNTY within a reasonable time may be subject to penalties under Section 119.10, Florida

Statutes, and such non- compliance will constitute a breach of the Agreement and may serve as grounds for termination of this Agreement.

4. Inspector General: In those instances where State funding is involved, the SUBRECIPIENT and its subcontractors must agree to cooperate with the Inspector General in any investigation, audit, inspection, review, or hearing pursuant to Section 20.055 (5), Florida Statutes. By entering into this Agreement, the SUBRECIPIENT certifies that they understand and will comply with this provision.

5. Access to Records: The COUNTY and the Comptroller General of the United States or any of their authorized representatives shall have the right of access to any pertinent books, documents, papers, or other records of grantees and subgrantees which are pertinent to the grant in order to make audits, examinations, excerpts, and transcripts. The right of access shall last as long as any record is required to be retained. The SUBRECIPIENT, its employees, or agents shall provide access during the Term to all related records and documents for accounts placed with the SUBRECIPIENT by the COUNTY at reasonable times to the COUNTY, its employees or agents. "Reasonable" shall be construed according to the circumstances but ordinarily shall mean during normal business hours of 8:00 a.m. to 5:00 p.m., Eastern Standard Time, Monday through Friday. "Agents" shall include, but not be limited to, auditors retained by the COUNTY.

ARTICLE XVIII
AUDITS AND MONITORING

1. In the event that the SUBRECIPIENT expends Seven Hundred Fifty Thousand and 00/100 Dollars ($750,000.00) or more in Federal awards in its fiscal year, the SUBRECIPIENT must have a single or program-specific audit conducted in accordance with the provisions of 2 CFR, 200, Subpart F, Audit Requirements, as revised. In determining the Federal awards expended in its fiscal year, the SUBRECIPIENT shall consider all sources of Federal awards, including Federal resources received from the COUNTY. The determination of amounts of

Federal awards expended must be in accordance with the guidelines established by 2 CFR, 200.502, as revised. An audit of the SUBRECIPIENT conducted by the Auditor General in accordance with the provision of 2 CFR, 200, as revised, will meet the requirements of this part.

2. In connection with the audit requirements addressed in Subsection 1 above, the COUNTY shall:

a. verify that the SUBRECIPIENT has fulfilled the requirements relative to audit responsibilities as provided in 2 CFR, 200, Subpart F, and that the required audit(s) are completed within nine (9) months of the end of the SUBRECIPIENT's fiscal year;

b. issue a management decision on audit findings within six (6) months after receipt of the SUBRECIPIENT's audit report; and

c. ensure that the SUBRECIPIENT takes timely and appropriate action on all audit findings. If the SUBRECIPIENT is unable or unwilling to have the required audits, the COUNTY shall take the appropriate action using sanctions as provided for in 2 CFR, 200.

3. In the event that the SUBRECIPIENT expends less than Seven Hundred Fifty Thousand and 00/100 Dollars ($750,000.00) in Federal awards in its fiscal year, the SUBRECIPIENT is exempt from the Federal audit requirements for that year, but records must be available for review or audit by HUD, the COUNTY, the Government Accountability Office, or their authorized representatives.

4. If the SUBRECIPIENT is not subject to the audit requirements found at 2 CFR, 200, Subpart F, a financial report in accordance with FAS Statement No. 117, Financial Statement of Not-for-Profit Organizations, as amended, shall be submitted to the COUNTY within 30 days after the end of its fiscal year.

5. In addition to review of audits conducted in accordance with 2 CFR, 200, Subpart F, or financial reports conducted in accordance with FAS Statement No. 117, the COUNTY shall

monitor the performance of the SUBRECIPIENT as necessary to ensure that the subaward is used for authorized purposes, is in compliance with Federal statutes, regulations, and the terms and conditions of the subaward, and that the performance goals are achieved for the duration of the Agreement.

6. Monitoring provides information for making informed judgment about program effectiveness and management efficiency, as well as identifying internal weaknesses that may contribute to fraud or abuse. The monitoring procedures established for the SUBRECIPIENT may include, but are not limited to, on-site visits by the COUNTY or HUD; limited-scope audits as defined by 2 CFR, 200, as revised; submittal and review of financial management statements as defined by FAS Statement No. 117, performance reports; and other procedures as determined necessary.

7. By entering into this Agreement, the SUBRECIPIENT agrees to comply and cooperate with any monitoring procedures/processes deemed appropriate by the COUNTY and/or HUD. In the event the COUNTY or HUD determines that more than a limited-scope audit of the SUBRECIPIENT is appropriate, the SUBRECIPIENT agrees to comply with any additional instructions provided by the COUNTY or HUD to the SUBRECIPIENT regarding such audit. The SUBRECIPIENT further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the COUNTY, Chief Financial Officer, or Auditor General.

8. A copy of the audit or financial management report must be provided to the Community Development Department within thirty (30) days after receipt by the SUBRECIPIENT.

9. This Article XVIII shall survive any termination, cancellation, or expiration of this Agreement.

ARTICLE XIX
PERSONNEL AND PARTICIPANT CONDITIONS

1. Civil Rights:

   a. Compliance: The SUBRECIPIENT shall comply with Title VI of the Civil Rights Act of 1964, as amended; Title VIII of the Civil Rights Act of 1968, as amended; Section 104(b) and Section 109 of Title I of the Housing and Community Development Act of 1974, as amended; Section 504 of the Rehabilitation Act of 1973, as amended; the Americans with Disabilities Act of 1990, as amended; the Age Discrimination Act of 1975, as amended; Executive Order 11063, as amended; and Executive Order 11246, as amended.

   b. Nondiscrimination: The SUBRECIPIENT shall comply with nondiscrimination in employment and contracting opportunities laws, regulations, and executive orders referenced in 24 CFR, 570.607, Executive Order 13279, as amended, and all other applicable laws, rules, and regulations. The SUBRECIPIENT shall not discriminate against any person on the basis of race, color, religion, gender, national origin, marital status, age, disability, sexual orientation, genetic information or other protected category with regard to public assistance. The SUBRECIPIENT will take affirmative action to ensure that all employment practices prohibit such discrimination. Such employment practices include, but are not limited to, the following: hiring, promotion, demotion, transfer, recruitment or recruitment advertising, lay-off, termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. The SUBRECIPIENT shall post, in conspicuous places available to employees

and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.

c. Rehabilitation Act of 1973, Section 504: The SUBRECIPIENT shall comply with Section 504 of the Rehabilitation Act of 1973 (29 U.S.C., 794, and 24 CFR, Parts 8 and 9), as amended, which prohibits discrimination against individuals with disabilities in any federally assisted program. The COUNTY will provide the SUBRECIPIENT with assistance regarding guidelines necessary for compliance with that portion of the regulations during the term of this Agreement; however, it shall remain the SUBRECIPIENT's responsibility to ensure compliance.

2. Affirmative Action:

a. Approved Plan: The SUBRECIPIENT agrees that it shall be committed to carry out its activities pursuant to the COUNTY's specifications and to the Affirmative Action program in keeping with principles as provided in the President's Executive Order 11246 of September 24, 1965, as amended. Such information shall be made available to the CDBG Program Administrator for review upon request.

b. Women and Minority-Owned Businesses: The SUBRECIPIENT will make every effort to afford women-owned and minority-owned business enterprises the maximum practical opportunity to participate in the performance of this Agreement. As used in this Agreement, the term "minority-owned and women-owned business enterprise" means a business at least fifty-one percent (51%) owned and controlled by minority group members or women. The SUBRECIPIENT may rely on written representations by subcontractors regarding their status as minority and women-owned business enterprises in lieu of an independent investigation.

c. Access to Records: The SUBRECIPIENT shall furnish and cause each of its subcontractors to furnish all information and reports required hereunder and will permit access to its books, records, and accounts by the COUNTY, HUD or its agents, or other authorized Federal officials for purposes of investigation to ascertain compliance with the rules, regulations, and provisions stated herein.

d. Inspector General: In those instances where State funding is involved, the RECIPIENT and its subcontractors must agree to cooperate with the Inspector General in any investigation, audit, inspection, review, or hearing pursuant to Section 20.055 (5), Florida Statutes. By entering into this Agreement, the SUBRECIPIENT certifies that they understand and will comply with this provision.

e. Notifications: The SUBRECIPIENT will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice from the SUBRECIPIENT's contracting officer advising the labor union or worker's representative of the SUBRECIPIENT's commitments hereunder and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

f. Equal Employment Opportunity and Affirmative Action Statement: The SUBRECIPIENT shall, in all solicitations or advertisements for employees placed by or on behalf of the SUBRECIPIENT, state that it is an Equal Opportunity or Affirmative-Action employer.

g. Subcontract Provisions: The SUBRECIPIENT shall include the provisions of Subsection 1-a, Civil Rights, and Subsection 2- a-f, Affirmative Action, in

every subcontract or purchase order, specifically or by reference, so that such provisions will be binding upon each subcontractor or vendor.

3. Employment Restrictions:

a. Prohibited Activities: The SUBRECIPIENT shall not use any portion of the Project Budget or personnel employed to carry out this Agreement for political activities, inherently religious activities, lobbying, political patronage, or nepotism activities.

Applicable ☐ N/A ☒

b. Labor Standards: The SUBRECIPIENT shall comply with the Davis-Bacon Act, as applicable, the provisions for Contract Work Hours and Safety Standards Act (40 U.S.C., 327, et seq.), and all other applicable Federal, State, and local laws and regulations pertaining to labor standards insofar as such acts apply to the performance of this Agreement. The SUBRECIPIENT further shall comply with the Copeland "Anti-Kickback" Act (18 U.S.C., 874, et seq.). The SUBRECIPIENT shall maintain documentation demonstrating compliance with the wage and hour requirements of this subsection. Such documentation shall be made available to the COUNTY for review upon request.

The SUBRECIPIENT agrees that, except with respect to the rehabilitation or construction of residential property designed for residential use for less than eight (8) households, all subcontractors engaged under contracts in excess of Two Thousand and 00/100 Dollars ($2,000.00) for construction, renovation, or repair of any building, or work financed in whole or in part with assistance provided under this Agreement, shall comply with Federal requirements adopted by the COUNTY pertaining to such Agreements.

With the applicable requirements of the regulations of the United States Department of Labor under 29 CFR, Parts 1, 3, 5, 6, and 7, governing the payment of wages and ratio of apprentices and trainees to journeymen provided, if wage rates higher than those required under the regulations are imposed by State or local law, nothing hereunder is intended to relieve the SUBRECIPIENT of its obligation, if any, to require payment of the higher wage. The SUBRECIPIENT shall cause or require language to be inserted in full in all such contracts subject to such regulations and provisions, meeting the requirements of this article.

Applicable ☒ N/A ☐

c. Section 3 Clause:

i. Compliance: Compliance with the provisions of Section 3 of the HUD Act of 1968, the regulations set forth in 24 CFR, 75, and applicable rules and orders issued hereunder prior to the execution of this Agreement shall be a condition of the Federal financial assistance provided under this Agreement and is binding upon the COUNTY, the SUBRECIPIENT, and any subcontractors. Failure to fulfill these requirements shall subject the COUNTY, the SUBRECIPIENT, and any subcontractors, their successors and assignees to those sanctions specified by the COUNTY's agreement with HUD through which Federal assistance is provided. The SUBRECIPIENT certifies and agrees that no contractual or other disability exists which would prevent compliance with these requirements.

The SUBRECIPIENT further agrees to comply with the Section 3 requirements and to include the following language in all subcontracts executed under this Agreement:

"The work to be performed under this contract is a project assisted under a program providing direct Federal financial assistance from HUD and is subject to the requirements of Section 3 of the HUD Act of 1968, as amended (12 U.S.C., 1701). Section 3 requires that to the greatest extent feasible, opportunities for training and employment be given to lower-income residents of the Project area, in contracts for work in connection with the Project, and the award to business concerns which are located in or owned in substantial part by persons residing in areas of the Project."

ii. Notifications: The SUBRECIPIENT agrees to send to each labor organization or representative of workers with which it has a collective bargaining Agreement or contract or understanding, if any, a notice advising the said labor organization or worker's representative of its commitments under the Section 3 clause and shall post copies of the notice in conspicuous places available to employees and applicants for employment or training.

iii. Subcontracts: The SUBRECIPIENT will include the Section 3 clause in every subcontract and will take appropriate action pursuant to the subcontract upon finding that the subcontractor is in violation of regulations issued by the COUNTY or the Federal government. The SUBRECIPIENT will not subcontract with any subcontractor where it has notice or knowledge that the latter has been found in violation of the regulations at 24 CFR, 75, and will not subcontract unless the subcontractor has first provided the SUBRECIPIENT with a preliminary statement of ability to comply with these requirements.

4. Conduct:

a. Hatch Act: The SUBRECIPIENT agrees that no funds provided, nor personnel employed under this Agreement, shall be in any way or any extent engaged in the conduct of political activities in violation of Chapter 15 of Title V of the U.S.C.

b. Conflict of Interest: The SUBRECIPIENT shall abide by the provisions of 24 CFR, 570.611 and 2 CFR, 200.112. The SUBRECIPIENT shall maintain no present or future financial interest, direct or indirect, which would conflict in any manner or degree with the performance of services required under this Agreement as indicated in 2 CFR, 200.318. The SUBRECIPIENT further covenants that in the performance of this Agreement, no person having such a financial interest shall be employed or retained by the SUBRECIPIENT hereunder. These conflict-of-interest provisions apply to any person who is a person, agent, consultant, officer, elected official or appointed official of the COUNTY, or of any designated public agencies or developers that are receiving funds under the CDBG Program.

c. Lobbying: The SUBRECIPIENT hereby certifies:

i. No Federal appropriated funds have been paid by or on behalf of it to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

ii. If any funds other than Federally appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with this Agreement, the SUBRECIPIENT shall complete and submit Standard Form LLL, Disclosure Form to Report Lobbying, in accordance with its instructions.

iii. The SUBRECIPIENT shall require that the language of the Anti-Lobbying Certification be included in the award documents for all sub-awards at all tiers (including subcontracts, sub- grants, and contracts under grants, loans, and cooperative Agreements), and shall certify and disclose accordingly.

d. Copyright: In the event the performance of this Agreement results in any copyrighted material or inventions, the COUNTY reserves the right to royalty-free, nonexclusive, and irrevocable license to reproduce, publish, or otherwise use and authorize others to use the work or material for governmental purposes.

e. Religious Activities: The SUBRECIPIENT agrees that funds provided under this Agreement will not be utilized for religious activities, to promote religious interests, or for the benefit of a religious organization, in accordance with the Federal regulations specified in 24 CFR, 570.200(j)

ARTICLE XX
ENVIRONMENTAL CONDITIONS

1. Air and Water: The SUBRECIPIENT agrees to comply with the following regulations insofar as they apply to the performance of this Agreement:

a. Clean Air Act, 42 U.S.C., 7401, et seq.

b. Federal Water Pollution Control Act, as amended; 33 U.S.C., 1251, et seq., as amended; and 33 U.S.C., 1318, relating to inspection, monitoring, entry, reports, and information, as well as other requirements specified in the said Sections 114 and 308, and all regulations and guidelines issued thereunder.

c. Environmental Protection Agency Regulations pursuant to 40 CFR, 50, as amended.

d. National Environmental Policy Act of 1969, as amended.

e. HUD Environmental Review Procedures (24 CFR, 58).

2. Lead-based Paint: The SUBRECIPIENT agrees that any construction or rehabilitation of residential structures with assistance provided under this Agreement shall be subject to HUD's Lead-Based Paint Regulations in 24 CFR, 570.608, 24 CFR, 35, and in particular, Subpart B thereof. Such regulations pertain to all HUD-assisted housing and require that all owners, prospective owners, and tenants of properties constructed prior to 1978 be properly notified that such properties may include lead-based paint. Such notification shall point out the hazards of lead-based paints and explain the symptoms, treatment, and precautions that should be taken when dealing with lead-based poisoning.

3. Historic Preservation: The SUBRECIPIENT agrees to comply with the historic preservation requirements set forth in the National Historic Preservation Act of 1966, as amended (16 U.S.C., 470), and the procedures set forth in 36 CFR, 800, Advisory Council on Historic Preservation Procedures, for protection of historic properties insofar as they apply to the performance of this Agreement. In general, this requires concurrence from the State Historic Preservation Officer for rehabilitation and demolition of all properties built fifty (50) years ago to assess how the activity could affect historic property listed in, or eligible for, the National Register of Historic Places.

4. Flood Disaster Protection: In accordance with requirements of the Flood Disaster Protection Act of 1973 (42 U.S.C., 4001), the SUBRECIPIENT shall obtain and maintain flood insurance under the National Flood Insurance Program for any activities located in an area identified by the Federal Emergency Management Act as having special flood hazards.

ARTICLE XXI
CONTRACT LIABILITY

The COUNTY shall not be liable to any person, firm, or corporation who contracts with, or provides goods or services to, the SUBRECIPIENT in connection with the services as agreed to perform hereunder or for debts or claims accruing to such parties against the SUBRECIPIENT; and there is no contractual relationship either expressed or implied between the COUNTY and any other person, firm, or corporation supplying any work, labor, services, goods, or materials to the SUBRECIPIENT as a result of the SUBRECIPIENT's services to the COUNTY hereunder.

ARTICLE XXII
INDEMNIFICATION

The SUBRECIPIENT shall defend, hold harmless, and indemnify the COUNTY and all of its officers, agents, and employees, whether current or former, from and against any and all actions, claims, liabilities, losses, damages, costs, attorney's fees, charges, or expenses of whatever kind or nature which the COUNTY may sustain, suffer, incur, or be required to pay by reason of the loss of any monies paid to the SUBRECIPIENT resulting out of fraud, defalcation, dishonesty, or failure of the SUBRECIPIENT to comply with the Housing and Community Development Act of 1974 and its regulations; or arising out of any act, action, neglect, or omission during the performance of this Agreement, any part thereof, or work performed hereunder, whether direct or indirect; or by reason or result of injury caused by the SUBRECIPIENT's or subcontractor's willful or negligent maintenance or supervision of the property or work performed; or by reason of a judgment over and above the limits provided by the insurance required under Article XXIII of this Agreement; or by any defect in the condition or construction of the Project if the Project was inspected and accepted by the SUBRECIPIENT, whether or not due to, or caused

by negligence of the COUNTY or any of its agents and employees. Only a final adjudication judgment finding the COUNTY solely negligent shall excuse performance of this provision by the SUBRECIPIENT. The SUBRECIPIENT shall pay all costs and fees related to this obligation and its enforcement by the COUNTY. This Article XXII shall survive any termination, cancellation, or expiration of this Agreement.

Applicable ☒ N/A ☐

ARTICLE XXIII
INSURANCE

1. The SUBRECIPIENT shall procure and maintain, for the duration of this Agreement, insurance against claims for injuries to persons or damages to property which may arise from or in connection with the SUBRECIPIENT's operation and use of any real property and any building, shelter, or similar structures thereon (hereinafter referred to as "Premises"). The cost of such insurance shall be borne by the SUBRECIPIENT.

2. The SUBRECIPIENT shall not enter or occupy the Premises until it has obtained all insurance required herein and such insurance has been approved by the COUNTY as provided herein.

3. The SUBRECIPIENT shall furnish certificate(s) of insurance on the form required by the COUNTY to the COUNTY (Attention: Pasco County Community Development Director, 8610 Galen Wilson Blvd., Port Richey, Florida 34668). The certificate(s) shall clearly indicate the SUBRECIPIENT has obtained insurance of the type, amount, and classification required for strict compliance with this Agreement and that no reduction in coverage or in limits, suspension, or cancellation of the insurance shall be effective without thirty (30) days' prior written notice as provided below. The certificate(s) shall be signed by a person authorized by that insurer to bind coverage on its behalf. The COUNTY reserves the right to require complete, certified copies of all required policies at any time. Each insurance policy required by this Agreement shall be endorsed to state that coverage shall not be suspended, voided, cancelled, reduced in coverage or in limits, except after thirty (30) days' prior written notice by Certified Mail, Return Receipt

Requested, has been given to the COUNTY to the attention of the Pasco County Community Development Director. In the event the insurance coverage expires prior to the termination or end of this Agreement, a renewal certificate shall be issued thirty (30) days prior to the expiration date. Compliance with the foregoing requirements shall not relieve the SUBRECIPIENT of the liability and obligations under this Agreement. Neither approval by the COUNTY or a failure to disapprove insurance certificates or policies furnished by the SUBRECIPIENT shall release the SUBRECIPIENT of full responsibility for all liability or its obligations under this Agreement.

4. All insurance policies shall be issued by responsible companies authorized to do business under the laws of the State of Florida, shall have an "A" policyholders' rating, shall have a financial rating of at least Class VIII in accordance with the most current Best's Key Rating Guide, and shall be satisfactory to the COUNTY. All policies of insurance required by this Agreement shall be primary insurance with respect to the COUNTY, its officials, agents, and employees. Any insurance or self-insurance maintained by the COUNTY, its officials, agents, or employees shall be in excess of the SUBRECIPIENT's insurance and shall not contribute with it. All policies of insurance required by this Agreement, except workers' compensation, shall specifically provide that the COUNTY shall be an "additional insured" under the policy and shall contain a Severability of Interests provision. All insurance policies required herein, and all provisions hereof shall apply to all operations, activities, or use by the SUBRECIPIENT or by anyone employed by or contracting with the SUBRECIPIENT, and it is the SUBRECIPIENT's responsibility to ensure that any contractor, subcontractor, or anyone directly or indirectly employed by any of them complies with those insurance provisions and that the COUNTY is an "additional insured" on such policies. Any deductibles or self-insured retentions must be declared to and approved by the COUNTY and are the responsibility of the SUBRECIPIENT. The minimum types and limits of coverage to be carried by the SUBRECIPIENT shall be as follows:

a. Workers' Compensation and Employer's Liability:

If the SUBRECIPIENT falls under the State of Florida Workers' Compensation law, the SUBRECIPIENT shall provide coverage for all employees. The coverage shall be for the statutory limits in compliance with the applicable State and Federal laws. The policy must include the employer's liability with a limit of One Hundred Thousand and 00/100 Dollars ($100,000.00) for each accident. The insurer shall agree to waive all rights of subrogation against the COUNTY, its officials, agents, and employees.

b. Comprehensive General Liability:

Shall include premises and/or operations, broad form property damage, independent contractor, contractual liability, and fire legal liability, and shall be written on an "occurrence basis." In the event SUBRECIPIENT is only able to secure coverage on a "claims-made basis," the SUBRECIPIENT shall be obligated, by virtue of this Agreement, to maintain tail coverage in effect with no less limits of liability, nor any more restrictive terms and/or conditions, for a period of three (3) years from expiration or termination of this Agreement.

c. Bodily Injury and Personal Injury, Including Death:

- $1,000,000.00 each person;
- $2,000,000.00 aggregate;
- $1,000,000.00 each occurrence;
- $2,000,000.00 aggregate.

ARTICLE XXIV
MAINTENANCE AND REAL PROPERTY PROTECTIONS

1. The COUNTY may inspect, or have inspections performed on its behalf, property acquired by the SUBRECIPIENT pursuant to this Agreement or property under the

SUBRECIPIENT's control pursuant to this Agreement ("Real Property") for structural integrity and safety.

2. The SUBRECIPIENT is required to maintain the Real Property and structures located thereon in a condition that meets all current Federal, State, and local housing, safety, and health standards.

3. The SUBRECIPIENT shall not mortgage or otherwise encumber title to the Real Property by utilizing the Real Property as collateral for any type of lien, note, mortgage, debt obligation, or security agreement without prior written approval from the Program Administrator. The SUBRECIPIENT shall not subject the title to the Real Property to any liens or grants; the making of any Federal loan; the entering into of any cooperative agreement; or to the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement without prior written approval from the COUNTY.

Applicable	N/A	
☐	☒	**ARTICLE XXV**

BUILD AMERICA BUY AMERICA ACT (BABA)

Build America, Buy America Act (Public Law 117-58, 29 U.S.C. § 50101. Executive Order 14005): The SUBRECIPIENT shall comply with the requirements under the Build America, Buy America Act when using Federal funds for the purchase of iron, steel, manufactured products, and construction materials permanently incorporated into infrastructure projects as applicable pursuant to the Build America, Buy America Act. All iron, steel, manufactured products and construction materials used under a federally grant funded project must be produced in the United States as applicable pursuant to the Build America, Buy America Act. The SUBRECIPIENT must implement these requirements in its procurements, and this article must flow down to all subawards and contracts at any tier.

ARTICLE XXVI
GENERAL CONDITIONS

1. Assignment: The SUBRECIPIENT may not assign this Agreement without prior written consent of the COUNTY; such consent may be withheld by the COUNTY in its sole and absolute discretion.

2. Headings: All articles and descriptive headings of paragraphs in this Agreement are inserted for convenience only and shall not affect the construction or interpretation hereof.

3. Modification: This Agreement may be amended only in writing executed by the Parties. The COUNTY may, in its discretion, amend this Agreement to conform with Federal, State, or local governmental guidelines, policies, or available funding amounts or for other reasons. If such amendments result in a change in the funding, except as provided in the scope of services, or the schedule of activities to be undertaken as part of this Agreement, such modifications will be incorporated only by written amendments signed by both the COUNTY and the SUBRECIPIENT.

4. Entire Agreement: This Agreement represents the entire agreement between the parties and supersedes any and all prior agreements, negotiations, or understandings, written or oral, relating to the matters set forth herein. Prior agreements, negotiations, or understandings, if any, shall have no force or effect whatsoever on this Agreement.

5. Sovereign Immunity: Nothing in this Agreement shall be construed in any way to waive the sovereign immunity of the COUNTY.

6. Applicable Law and Venue: This Agreement, when not governed by Federal law, shall be governed by and be interpreted in accordance with the laws of the State of Florida. The venue for any action brought into State court shall be in the Sixth Judicial Circuit of Pasco County, Florida (west side). The venue for any action brought into Federal court shall be in the Middle District of Florida, Tampa Division. Each party waives any defense of improper or inconvenient venue as to either court, and consents to personal jurisdiction in either court.

7. No Construction Against Preparer of Agreement: This Agreement has been prepared by the COUNTY and reviewed by the SUBRECIPIENT and its professional advisors. The COUNTY, SUBRECIPIENT, and SUBRECIPIENT's professional advisors believe that this Agreement expresses their agreement and that it should not be interpreted in favor of either the COUNTY or the SUBRECIPIENT or against the COUNTY or the SUBRECIPIENT merely because of their efforts in preparing it.

8. Human Trafficking Affidavit: the Pasco County's Human Trafficking Affidavit must be signed and attested to in conjunction with this Agreement.

ARTICLE XXVII
NON-APPROPRIATION

The obligation of the COUNTY to fund any expenditures required by this Agreement shall be limited to an obligation in any given year to budget, appropriate and pay from legally available funds, after monies for essential County services have been budgeted and appropriated, sufficient monies for the funding of any expenditures that are due during that year. Notwithstanding the foregoing, the County shall not be prohibited from pledging any legally available non-ad valorem revenues for any obligations heretofore or hereafter incurred, which pledge shall be prior and superior to any obligation of the COUNTY pursuant to this Agreement.

ARTICLE XXVIII
QUARTERLY PERFORMANCE REPORTING REQUIREMENT

The SUBRECIPIENT shall submit to the COUNTY's CDBG Administrator a completed Request for CDBG Reimbursement which must be completed and submitted to Pasco County's Community Development Department via Neighborly Software. This is required to provide quarterly accomplishment data to HUD; the information submitted must be reliable and comprehensive as it relates to the CDBG funded program. A Quarterly Report is due January 15 for the period beginning October 1 through December 31 ("First Quarter"); April 15 for the period beginning January 1 through March 31 ("Second Quarter"); July 15 for the period beginning April

1 and ending June 30 ("Third Quarter"); and October 10 for the period beginning July 1 and ending September 30 ("Fourth Quarter") and must include information on levels of accomplishment, national objectives met for each activity funded, subcontract monitoring reports, and Program Income as applicable. The SUBRECIPIENT shall also complete the written narrative section describing the program accomplishments for the quarter, and the final report shall provide a written narrative describing the program accomplishments for the program year. No payments will be processed for expenditures made during the First Quarter until a completed quarterly report is completed in Neighborly for the First Quarter has been submitted and approved by the COUNTY. No payments will be processed for expenditures made during the Second Quarter until a completed quarterly report for the First Quarter has been completed in Neighborly and approved by the COUNTY. No payments will be processed for expenditures made during the Third Quarter until a completed the Second Quarter has been completed in Neighborly and approved by the COUNTY. No payments will be processed for expenditures made during the Fourth Quarter until a completed Third Quarter has been completed in Neighborly and approved by the COUNTY.

CD25-0100 CDBG Metropolitan Ministries, Inc. East Pasco Intake Specialist

EXHIBIT A

All providers of homeless services are required to use the Homeless Management Information System (HMIS). Domestic Violence providers may use a comparable database.

A-1 **National Objective:** This program will have a Low-Moderate Limited Clientele benefit to individuals in Pasco County. Matrix Code 03T. Accomplishments will be measured by the number of individuals served. 24 CFR 570.201 (e).

A-2 **Project**: The Project is a Public Services Project. The project will pay for an Intake Staff member to be physically present in East Pasco two (2) days a week – (16 hours per week); 1 day/week in Zephyrhills, 1 day/week in Dade City to provide intake, assessment, financial assistance, and warm referrals per beneficiary needs. The Intake Specialist will attend CHIPZ meetings each month in-person in Zephyrhills, and the Make a Difference Meeting in-person monthly in Dade City. The agency anticipates being able to serve approximately 110 LMI Households over two years. The Project Budget shall not be utilized for any expenditures for which any Federal or State grant funding has been requested.

The Project may be amended upon written approval of the Pasco County Community Development Director. Notwithstanding the foregoing, substantial amendments, as determined by the Community Development Director, shall require an amendment to this Agreement and approval by the Board of County Commissioners.

A-3 **Project Reporting Requirements:** Quarterly reporting information is to be completed in the Neighborly Software program. All reporting documentation required pursuant to the terms of this Agreement shall be uploaded to Neighborly. The SUBRECIPIENT is responsible for income qualifying clients via HUD standards and income ranges. Such income verification shall be on an income qualification form and signed by the client. The completed income qualification forms shall be uploaded quarterly into Neighborly.

Direct benefit activities, those with a national objective of LMC (Low-Moderate Clientele), will require the following accomplishment data:

Number of beneficiaries served in East Pasco
Number of beneficiaries served in West Pasco
Income level of beneficiaries Leveraging funds
Race/Ethnicity

Staff will document case management notes in HMIS for any/all services and referrals. HMIS notes will be required to be printed and submitted with each reimbursement request.

A-4 **Project Schedule**: Request for CDBG Reimbursements and Quarterly Performance

Reports are to be submitted pursuant to the schedule set forth in this Agreement; invoices are to be submitted monthly or no less than quarterly. The receipt and use of Program Income shall be submitted on a quarterly basis. The Project shall be completed on or before September 30, 2027, and final invoices, performance reports and accounting of Program Income are due **no later than October 10, 2027.** The SUBRECIPIENT shall ensure all required documentation is uploaded into the Community Development's Neighborly Software.

A letter from the SUBRECIPIENT affirming that the Project Budget was not duplicated for each reimbursement request is required. The letter must be signed by a person with signatory authority. Reimbursements will not be processed without this affirmation.

A-5 Project Budget: $102,000.00
The project will pay for Intake Staff to be a physical presence 16 hours each week in East Pasco County; working out of a satellite office in Zephyrhills 8 hrs., and the Resource Center or designated office in Dade City 8 hrs. to provide services to East Pasco individuals/families (with HMIS documentation). This Intake Specialist will attend, in-person, monthly CHIPZ meetings in Zephyrhills and the Make a Difference meeting held in Dade City.

A-6 Income Qualifications:
When Income Qualifications is required to be completed for this project, the Agency shall use Office of Policy Development and research (PD&R) Income Methodology.

A-7 Case Managers

Expected to use HMIS or comparable database to create and document a plan (with goals) which detail how the beneficiary will obtain and retain permanent housing. Will meet face to face with clients once per month in the client's home or a determined appropriate location. Facilitate and document at least one home visit per month. Document beneficiary progress with clear outcomes. Other instances in which a note is required: Beneficiaries receiving a one-time payment for assistance for rent/utilities/transportation/diversion, if services cannot be provided, if a referral to another agency/entity is provided to the beneficiary. To be reimbursed for direct client services/case management, Complete HMIS notes must be printed (redacted as needed by agency policies) and included in the reimbursement request:

a. Place notes after a time sheet if salary is also requested for reimbursement. HMIS case notes must correspond to the hours requested for reimbursement on the time sheet.
b. For one-time payment assistance, place notes after a lease or respective invoice.

SUBJECT: Professional Services Agreement for RSQ-KM-25-020 – Kimley-Horn and Associates, Inc. – Collier Parkway Extension (Parkway Boulevard to State Road 52) Route Study and Pond Siting Analysis Report – $1,476,063.00

Summary: Please approve the Professional Services Agreement for Solicitation No. RSQ-KM-25-020 with Kimley-Horn and Associates, Inc. (Kimley-Horn) for the Collier Parkway Extension (from Parkway Boulevard to State Road 52) Route Study and Pond Siting Analysis Report (the Project) in the Not to Exceed (NTE) amount of $1,476,063.00 for Fiscal Year (FY) 2026.

Authority: Pursuant to section 2-110(c) of the Pasco County Purchasing Ordinance, the Board of County Commissioners (BCC) delegated authority to the County Administrator to negotiate and execute a contract for the Project with Kimley-Horn in the Not to Exceed (NTE) amount of the budgeted amount ($1,300,000.00) plus 20 percent ($1,560,000.00) (PU25-0021).

Background: On March 14, 2025, at the request of the Project Management Division of the Transportation Engineering Department (TED), the Purchasing Department solicited RSQ-KM-25-020 for the Project. On June 16, 2025, the BCC approved the Evaluation Committee's recommendation to shortlist Kimley-Horn for the award of the solicitation and delegated authority to the County Administrator to negotiate and execute a contract for the Project (PU25-0021).

Specifically, Kimley-Horn will perform a study for the extension of Collier Parkway (from Parkway Boulevard to State Road 52, a distance of approximately 9.8 miles) and produce a Route Study and Pond Siting Analysis Report (Report). The Study will identify alternative alignments and evaluate each alternative based on relevant factors (e.g., the availability of alternative routes, costs, environmental factors, long-range area planning, and safety considerations). The Report will document the analyses and findings and recommend a preferred alignment and improvements that will provide a Level of Service D or better during the Design Year 2055, and will also include the associated pond siting and floodplain compensation analysis.

Kimley-Horn shall complete the work in accordance with the Project Schedule set forth in Exhibit "H" to the Professional Services Agreement. The Agreement shall remain in effect for 548 calendar days from the date specified in the NTP issued by the County for the Project.

Funding in the amount of $600,000.00 is budgeted and available for FY 2026 in the Mobility Fees Central Road/SIS Fund, Mobility Fees Bike/Ped Fund, Transportation Engineering Department, Project Number 25023.

TRANSPORTATION ENGINEERING | PROJECT MANAGEMENT

PASCO COUNTY
PROFESSIONAL SERVICES AGREEMENT
RSQ-KM-25-020
COLLIER PARKWAY EXTENSTION, FROM PARKWAY BOULEVARD TO STATE ROAD 52
ROUTE STUDY AND POND SITING ANALYSIS REPORT

THIS **PROFESSIONAL SERVICES AGREEMENT** (hereinafter referred to as "Agreement") by and between PASCO COUNTY, FLORIDA, a political subdivision of the State of Florida, acting by and through its Board of County Commissioners (hereinafter referred to as "County"), and KIMLEY-HORN AND ASSOCIATES, INC., whose principal address is 421 Fayetteville Street Suite 600 Raleigh, NC 27601 (hereinafter referred to as "PROFESSIONAL").

RECITALS:

WHEREAS, the COUNTY issued a Request for Statements of Qualifications, **RSQ-KM-25-020**, together with any addenda (RSQ) for the **Collier Parkway Extension (Parkway Boulevard to SR 52) Route Study and Pond Siting Analysis Report** (the Project), to secure an experienced consultant to develop and evaluate alternatives and prepare the necessary documents for the route study and pond siting report for the Project; and

WHEREAS, the PROFESSIONAL desires to render the services as described in the attached **EXHIBIT "A", Scope of Services**, and the PROFESSIONAL hereby certifies it has the qualifications, experience, staff, and resources to perform those services; and

WHEREAS, the PROFESSIONAL submitted a response to the RSQ which was deemed by the COUNTY as the most responsive and responsible, which is attached hereto as **EXHIBIT "B"** and made part hereof as if set forth in full herein; and

WHEREAS, the selection and engagement of the PROFESSIONAL has been made by the COUNTY based on the PROFESSIONAL'S response to the RSQ and in accordance with the provisions of the Consultants' Competitive Negotiation Act, Section 287.055, Florida Statutes; and

WHEREAS, the PROFESSIONAL hereby certifies that it has been granted and possesses a valid, current license to do business in the State of Florida and in Pasco County, Florida, issued by those state boards and/or governmental agencies responsible for regulating and licensing the professional services to be provided and performed by the PROFESSIONAL pursuant to this Agreement and any mutually agreed-to Change Orders; and

WHEREAS, the PROFESSIONAL has been informed of and has reviewed the professional services required to be performed pursuant to this Agreement and is qualified, willing and able to provide and perform all such services in accordance with the provisions, conditions, and terms hereinafter set forth in this Agreement; and

NOW, THEREFORE, in consideration of the mutual covenants, terms, and provisions contained herein, the parties, as indicated by their respective execution of this Agreement, agree that a contract shall exist between the COUNTY and the PROFESSIONAL specifically consisting of:

SECTION 1 – DEFINITIONS

The following definition of terms associated with this Agreement is provided to establish a common understanding between both parties to this Agreement as to the intended usage, application, interpretation and meaning of such terms as they appear throughout this Agreement.

1.1 – COUNTY

The term COUNTY shall refer to the Board of County Commissioners of Pasco County, a political subdivision of the State of Florida, and any official and/or employee thereof who shall be duly authorized to act on the COUNTY'S behalf relative to this Agreement.

1.2 – COUNTY ADMINISTRATOR

The term COUNTY ADMINISTRATOR shall refer to the County Administrator of Pasco County, Florida, acting directly or through duly authorized representatives, which representatives are acting exclusively within the scope of the duties and authority assigned to them hereunder and pursuant to the Purchasing Ordinance of Pasco County.

1.3 – PROFESSIONAL

The term PROFESSIONAL shall refer to the individual, company, or firm which will offer the PROFESSIONAL SERVICES and, by execution of this Agreement, shall be legally obligated, responsible, and liable for providing and performing any and all of the work, materials, and/or services of subconsultants required under the covenants, terms and provisions contained in this Agreement and any and all MODIFICATIONS or CHANGE ORDERS issued pursuant thereto.

1.4 – PROFESSIONAL SERVICES

The term PROFESSIONAL SERVICES shall refer to all of the work, materials and services, and all related professional, technical, and administrative activities which are necessary to be provided and performed by the PROFESSIONAL, its employees, and any subconsultants that the PROFESSIONAL may engage to provide, perform, and complete the services required pursuant to the provisions of this Agreement, and as specifically identified in **EXHIBIT "A"**. In case of conflict between EXHIBIT A and EXHIBIT B, EXHIBIT A shall control.

1.5 – SUBCONSULTANT

The term SUBCONSULTANT shall refer to any individual, company, or firm offering professional services that is engaged by the PROFESSIONAL to assist the PROFESSIONAL in providing and performing the PROFESSIONAL SERVICES for which the PROFESSIONAL is contractually obligated, responsible, and liable to provide and perform pursuant to the provisions of this Agreement. The use of any SUBCONSULTANT(S) must be approved in writing by the COUNTY ADMINISTRATOR or his designee before such SUBCONSULTANT(S) may be retained by the PROFESSIONAL.

The COUNTY shall not be a party to, responsible or liable for, or assume any obligation whatsoever for

any agreement or contract entered into between the PROFESSIONAL and any SUBCONSULTANT.

1.6 – ADDITIONAL SERVICES

The term ADDITIONAL SERVICES shall refer to such PROFESSIONAL SERVICES the COUNTY may request or authorize the PROFESSIONAL to provide or perform relative to this Agreement which are not included in the Agreement. ADDITIONAL SERVICES shall be authorized by the execution of both parties to this Agreement of a MODIFICATION or a CHANGE ORDER. ADDITIONAL SERVICES shall constitute a continuation of the PROFESSIONAL SERVICES under this Agreement and shall be provided and performed in accordance with the covenants, terms, and provisions set forth in this Agreement.

1.7 – MODIFICATION

The term MODIFICATION shall refer to a written document executed by both the COUNTY and the PROFESSIONAL setting forth and authorizing PROFESSIONAL SERVICE tasks which were not set forth in and are supplemental to this Agreement.

The amount of the change in contract compensation and time set forth in any MODIFICATION(S) executed and issued under this Agreement shall be understood and agreed by both the COUNTY and the PROFESSIONAL to be fair, equitable, and adequate and to represent the total of all costs associated with said MODIFICATION.

1.8 – CHANGE ORDER

The term CHANGE ORDER shall refer to a written document executed by both the COUNTY and the PROFESSIONAL setting forth and authorizing changes to the agreed upon scope of PROFESSIONAL SERVICES, compensation, method of payment, time and schedule of performance, and/or Project guidelines and criteria set forth and agreed to in this Agreement or subsequent CHANGE ORDER(S) issued thereto. The CHANGE ORDER document, which shall be executed on a COUNTY standard form, shall set forth authorized changes to the scope of PROFESSIONAL SERVICES, tasks, work or materials to be performed or provided by the PROFESSIONAL and/or any of its SUBCONSULTANTS as well as the compensation and method of payment, the schedule or time period for performance and completion, and the guidelines, criteria and requirements pertaining thereto. Any changes to the compensation of the PROFESSIONAL as a result of the CHANGE ORDER shall be understood and agreed to be the total of all costs associated with said CHANGE ORDER.

The time of performance for rendering PROFESSIONAL SERVICES pursuant to any CHANGE ORDER shall commence to run from the date specified in the NOTICE TO PROCEED issued for said CHANGE ORDER. The COUNTY specifically reserves the right to establish milestones for the completion of the work required under the CHANGE ORDER and/or to tie deliverables to any payment provided for under that CHANGE ORDER.

All terms in this Agreement shall be incorporated by reference in each executed CHANGE ORDER, unless specifically altered, superseded, or modified. In the event of any conflict, the provisions of this Agreement will control over the conflicting provisions of any CHANGE ORDER. Each fully executed CHANGE ORDER shall become a supplement to and a part of this Agreement.

1.9 – NOTICE TO PROCEED

The term NOTICE TO PROCEED shall refer to a written document, executed by the COUNTY ADMINISTRATOR or his designee and issued to the PROFESSIONAL, which shall notify the PROFESSIONAL to commence work or provide PROFESSIONAL SERVICES. The time for performance of the PROFESSIONAL SERVICES or work required for the Project shall commence to run from the date of execution of the Agreement by the County.

1.10 – COUNTY PROJECT MANAGER

The term COUNTY PROJECT MANAGER shall refer to that person employed by the COUNTY designated to serve and act on the COUNTY'S behalf to provide direct contact and communication between the COUNTY and the PROFESSIONAL throughout the Effective Period of this Agreement. The COUNTY PROJECT MANAGER is not authorized to, and shall not, issue any verbal request or instruction to the PROFESSIONAL that would have the effect, or be interpreted to have the effect, of modifying or changing in any way: (1) the scope of PROFESSIONAL SERVICES to be performed by the PROFESSIONAL; (2) the time the PROFESSIONAL is obligated to commence and complete all such services; and/or (3) the amount of compensation the COUNTY is obligated to pay the PROFESSIONAL. The COUNTY PROJECT MANAGER shall review and make appropriate recommendations on all requests submitted by the PROFESSIONAL for payment for services and work provided and performed pursuant to this Agreement and any CHANGE ORDER(S) issued thereof.

1.11 – PROFESSIONAL'S STANDARD HOURLY RATES

The PROFESSIONAL'S STANDARD HOURLY RATES for PROFESSIONAL SERVICES rendered pursuant to this Agreement are those attached hereto as **EXHIBIT "C"**, entitled " STANDARD HOURLY RATES", which **EXHIBIT "C"** is specifically made part of this Agreement. The PROFESSIONAL'S STANDARD HOURLY RATES shall be considered the maximum rates for specific job and/or work classifications and shall cover all the PROFESSIONAL'S costs, including direct salaries, overhead, and operating margin (profit/fees). If the PROFESSIONAL charges less than those maximum rates included in **EXHIBIT "C,"** those charges will be considered acceptable to the COUNTY.

The PROFESSIONAL'S STANDARD HOURLY RATES shall be subject to verification by a current payroll register, or other appropriate payroll or salary records. The PROFESSIONAL'S STANDARD HOURLY RATES, which are based on average rates for specific employment classifications shall require supporting documentation identifying the PROFESSIONAL'S employees within the specific employment classes and their respective wage rates.

1.12 – PROFESSIONAL'S DIRECT SALARIES

The PROFESSIONAL'S DIRECT SALARIES under this Agreement are those attached hereto as **Exhibit "D,"** entitled " DIRECT SALARIES," which **Exhibit "D"** is specifically made a part of this Agreement. The PROFESSIONAL'S Direct Salaries shall be the established rates for specific employees or the average rates for specific employment classifications, to be utilized by the PROFESSIONAL. The PROFESSIONAL'S DIRECT SALARIES shall be subject to verification by a current payroll register or other

appropriate payroll or salary records, if requested by the COUNTY. Those Direct Salaries which are based on average rates for specific employment classifications shall require supporting documentation which identifies the PROFESSIONAL'S employees within the specific employment classes and their respective wage rates.

SECTION 2 – TERM

Except as otherwise specified herein, this Agreement shall remain in full force and effect for a period of **548 calendar days** from the date specified in the Notice to Proceed issued by the COUNTY, unless extended or terminated earlier as otherwise provided in this Agreement.

In the event that a properly executed CHANGE ORDER initiated within the term of the Agreement requires or expressly permits work to be performed by the PROFESSIONAL after termination of the Agreement, such CHANGE ORDER shall automatically extend the effective period of the Agreement to coincide with the completion date delineated in said CHANGE ORDER.

SECTION 3 – SCOPE OF PROFESSIONAL SERVICES

The PROFESSIONAL agrees to provide the PROFESSIONAL SERVICES for the Project as identified in **EXHIBIT "A"** (Scope of Services) which is attached hereto and incorporated herein by reference. The terms and provisions of **EXHIBIT "A"** are intended to be complementary and supplementary to the terms of this Agreement. In case of conflict between the Agreement and **EXHIBIT "A",** the Agreement shall control.

SECTION 4 – PROFESSIONAL'S RESPONSIBILITIES

The obligations of the PROFESSIONAL with respect to all PROFESSIONAL SERVICES authorized pursuant to this Agreement and any CHANGE ORDER(S) issued thereof shall include, but not be limited to, the following:

4.1 – LICENSES

The PROFESSIONAL agrees to maintain throughout the period this Agreement is in effect all such licenses as are required to do business in the State of Florida and in Pasco County, Florida, including, but not limited to, licenses required by the respective regulatory boards and/or other governmental agencies responsible for regulating and licensing the PROFESSIONAL SERVICES provided and performed by the PROFESSIONAL pursuant to this Agreement.

4.2 – PERSONNEL

(1) QUALIFIED PERSONNEL
The PROFESSIONAL agrees that when services to be provided and performed pursuant to this Agreement relate to PROFESSIONAL SERVICES which, under the Florida Statutes, require a license, certificate of authorization or other form of legal entitlement to practice such service, the PROFESSIONAL will employ and/or retain only qualified personnel to be in responsible charge of all such services.

(2) PROFESSIONAL'S PROJECT MANAGER
The PROFESSIONAL agrees to employ and designate in writing a qualified, and if required by law, a licensed professional to serve as the PROFESSIONAL'S PROJECT MANAGER. The PROFESSIONAL'S PROJECT MANAGER shall be authorized and responsible to act on behalf of the PROFESSIONAL with respect to directing, coordinating, and administering all aspects of the services to be provided and performed under this Agreement and any CHANGE ORDER(S) issued thereof. The PROFESSIONAL'S PROJECT MANAGER shall have full authority to bind and obligate the PROFESSIONAL on any matter arising under this Agreement unless substitute arrangements, acceptable to the COUNTY, have been furnished to the COUNTY in writing.

(3) REMOVAL OF PERSONNEL FROM WORK ON THE PROJECT
The PROFESSIONAL agrees to promptly remove and replace, within seven (7) calendar days of receipt of a written request from the COUNTY, the PROFESSIONAL'S PROJECT MANAGER, or any other personnel employed or retained by the PROFESSIONAL, or personnel of any SUBCONSULTANT(S) engaged by the PROFESSIONAL pursuant to this Agreement. The COUNTY may make such request for the removal of personnel with or without cause.

SECTION 5 – COUNTY'S RESPONSIBILITIES

The COUNTY'S responsibilities are as follows:

5.1 – DESIGNATION OF AUTHORITY

The COUNTY hereby designates the County Administrator, or his designee, to act on the COUNTY'S behalf with respect to the Scope of Services of this Agreement. The County Administrator, or his designee, shall have complete authority to transmit instructions, receive information, interpret and define COUNTY'S policies and decisions with respect to materials, elements, and systems pertinent to the PROFESSIONAL SERVICES.

5.2 – DESIGNATION OF COUNTY PROJECT MANAGER

The COUNTY agrees, after execution of this Agreement, to properly advise the PROFESSIONAL, in writing, of the person designated to serve and act as the COUNTY PROJECT MANAGER pursuant to the provisions of Section 1.10 of this Agreement.

5.3 – INFORMATION PROVIDED BY THE COUNTY

Within a reasonable time from request of by the PROFESSIONAL, the COUNTY shall make available to the PROFESSIONAL all information and data that is available in the COUNTY'S possession and is relevant to the PROFESSIONAL SERVICES to be provided by the PROFESSIONAL and its SUBCONSULTANT(S) pursuant to this Agreement. This information and data will include the COUNTY'S objectives and constraints, previous studies and design plans, surveys, aerial photographs, maps, environmental reports, photographs, analytical data, and any other relevant information, which is requested by the PROFESSIONAL in writing.

5.4 – ACCESS TO COUNTY PROPERTY

The COUNTY agrees, with reasonable prior written notice given by the PROFESSIONAL, to provide the PROFESSIONAL with access to COUNTY property, facilities, buildings, and structures to enable the PROFESSIONAL to provide and perform any required PROFESSIONAL SERVICES and work pursuant to this Agreement. Such rights of access shall not be exercised in such a manner or to such an extent as to impede or interfere with COUNTY operations, or the operations carried on by others under a lease, or other contractual arrangements with the COUNTY, or in such a manner to adversely affect the public health, safety, or welfare.

SECTION 6 – COMPENSATION AND METHOD OF PAYMENT

The COUNTY shall pay the PROFESSIONAL for all authorized PROFESSIONAL SERVICES rendered hereunder by the PROFESSIONAL and any SUBCONSULTANT(S) and completed in accordance with the requirements, provisions, and/or terms of this Agreement, MODIFICATION(S) and/or CHANGE ORDER(S) and in accordance with the provisions delineated below:

6.1 – PAYMENT METHODS

The fee paid to the PROFESSIONAL shall be based on one of the following methods or any combination thereof as determined by the COUNTY in its sole discretion:

(1) LUMP-SUM PAYMENT METHOD

The COUNTY may pay a negotiated fixed-price for the PROFESSIONAL SERVICES to be provided under this Agreement or for a particular work item or items within the scope of such services as a Lump Sum. The Lump-Sum compensation amount will be estimated based on the PROFESSIONAL'S STANDARD HOURLY RATES, established in **EXHIBIT "C"** and discussed in Section 1.11, plus Reimbursable Expenses described in Subsection (4) and SUBCONSULTANT CHARGES as described in Subsection (6) below and operating margin (profit/fees); which EXHIBIT is attached hereto and incorporated herein by reference. The Lump-Sum Compensation Method shall anticipate that all costs for the PROFESSIONAL SERVICES required are known and that no modifications to the established Lump-Sum amount will be necessary. The COUNTY may also elect to apply the Lump-Sum Compensation Method on a line-item basis for a particular service or activity as defined within **EXHIBIT "A"** and/or a CHANGE ORDER or MODIFICATION to the Agreement. If the Lump-Sum Compensation Method is used, no additional documentation regarding costs and profit/fees for work will be required to be attached to the PROFESSIONAL'S invoices for Lump-Sum payment for the Project or for a specific line item or items within the agreed upon Scope of Services (as it may be amended).

(2) NOT-TO-EXCEED PAYMENT METHOD

The COUNTY will pay the PROFESSIONAL'S DIRECT SALARIES which are defined as the hourly unloaded rate (without benefits added) per job classification (DIRECT SALARIES) needed to perform the services to be provided in accordance with the rates delineated in **EXHIBIT "D"** and Section 1.12, subject to an established limiting amount, which Not to Exceed amount shall be delineated in this Agreement. In addition to payment of the aforementioned DIRECT SALARIES,

the COUNTY shall pay the PROFESSIONAL an Overhead Rate as established pursuant to subsection (3) below, plus an operating margin defined in this Agreement, plus Reimbursable Expenses in accordance with the provisions of subsection (4) below, plus SUBCONSULTANT charges in accordance with the provisions of subsection (6) below. Operating margin and Overhead Rate shall not be allowed on any premium portion of overtime or on any Reimbursable Expenses or SUBCONSULTANT charges. In no event shall the established Not to Exceed method be increased except through the issuance of a CHANGE ORDER approved by the COUNTY. The COUNTY may also elect to apply the Not to Exceed method on a line-item basis for a particular ADDITIONAL SERVICE defined within a MODIFICATION or CHANGE ORDER.

(3) OVERHEAD RATE

In determining the Overhead Rate to be paid to the PROFESSIONAL, it is the COUNTY'S expressed intention to utilize the audit information compiled by the Florida Department of Transportation (FDOT) pursuant to its Qualification, Selection, and Performance Evaluation requirements for PROFESSIONALS in accordance with Chapter 14-75 of the Florida Administrative Code. The Overhead Rate to be paid by the COUNTY shall be as established in **EXHIBIT "E"**, OVERHEAD RATES, which is provided in accordance with the audit information supplied by the FDOT and shall not exceed the uniform Overhead Rate cap established by the FDOT. A lower overhead rate may be used, if submitted by the PROFESSIONAL and accepted by the COUNTY.

In the event the PROFESSIONAL has not supplied audit information to the FDOT in accordance with Chapter 14-75 of the Florida Administrative Code, the PROFESSIONAL may provide a self-certified overhead rate determination. The COUNTY may consider this determination but shall establish the Overhead Rate to be paid during the Project, which rate may be less than the current uniform Overhead Rate cap established by the FDOT. The PROFESSIONAL'S overhead rates for its one-year applicable accounting period shall be applied to the Agreement; however, once an Overhead Rate is established for an agreement it may be extended beyond the one-year applicable accounting period, provided the COUNTY and the PROFESSIONAL agree.

The COUNTY shall apply these Overhead Rates for the purposes of contract estimation, negotiation, administration, and reporting and contract payment. The Overhead Rates shall not be limited by any administrative or de facto ceiling.

(4) REIMBURSABLE EXPENSES

The COUNTY shall pay the PROFESSIONAL for Reimbursable Expenses in accordance with the provisions of this Article and identified on **EXHIBIT "F"**, REIMBURSABLE EXPENSES. The term Reimbursable Expenses shall mean the PROFESSIONAL'S and/or the SUBCONSULTANT(S) out-of-pocket costs for items directly charged to any task performed pursuant to this Agreement including, but not limited to, charges for printing services and copying (both in-house or subcontracted), fees, and per diem and travel expenses of the PROFESSIONAL'S employees not to exceed the statutory limits delineated in Chapter 112.061, Florida Statutes.

The COUNTY shall only compensate the PROFESSIONAL for Reimbursable Expenses which are directly charged to tasks performed pursuant to this Agreement, which are not included in the PROFESSIONAL'S Overhead Rate, and which are consistently charged to all clients. The COUNTY, in its sole discretion, may require the PROFESSIONAL to verify and/or provide supporting documentation which demonstrates that Reimbursable Expenses for which compensation has been sought have been generated or originated from or by a task performed pursuant to this Agreement. If the PROFESSIONAL seeks compensation for CADD, PC'S or Facilities Capital Cost of Money (FCCM) as a Reimbursable Expense, the cost basis for the unit rates used for such items must be fully supported by appropriate documentation. All Reimbursable Expenses shall be charged at the actual cost to the PROFESSIONAL.

(5) ADDITIONAL COSTS

All parties agree that any additional costs for work or services to be provided or performed pursuant to this Agreement and/or any subsequent CHANGE ORDERS, or pursuant to any other method utilized by the parties for determining the original costs of work or services to be provided or performed by the PROFESSIONAL, must be approved in writing by the COUNTY. If such additional costs are not authorized by the COUNTY in writing, no payment, reimbursement, or compensation for such additional costs shall be tendered by the COUNTY to the PROFESSIONAL.

(6) SUBCONSULTANT CHARGES

The PROFESSIONAL SERVICES of any SUBCONSULTANT(S), whose expertise is required within the scope of the PROFESSIONAL'S work under this Agreement, will be paid in accordance with the fees identified in the attached exhibits as applicable (which are attached hereto and incorporated herein by reference) for such services.

6.2 – TERMS OF PAYMENT

(1) MONTHLY INVOICES

The PROFESSIONAL shall be entitled to submit no more than one invoice statement to the COUNTY each month covering services rendered during the preceding month. The PROFESSIONAL'S invoice statement(s) shall be in acceptable form, must contain itemized and detailed descriptions the requested charges to correspond to the basis of compensation as set forth in the Agreement, and/or the CHANGE ORDER(S) issued hereunder. If the PROFESSIONAL has been issued more than one CHANGE ORDER pursuant to this Agreement, the PROFESSIONAL shall submit separate invoices to the COUNTY for the specific services performed for each specific CHANGE ORDER.

Payment for services rendered during any billing period by the PROFESSIONAL, and/or its SUBCONSULTANT(S), shall be due and payable by the COUNTY in accordance with the provisions of Chapter 218, Part VII, Florida Statutes (the Local Government Prompt Payment Act).

(2) PAYMENT FOR SERVICES PERFORMED

The COUNTY shall pay the PROFESSIONAL on the basis of services completed for tasks set forth in this Agreement and any MODIFICATIONS and/or CHANGE ORDERS agreed upon by the PROFESSIONAL and the COUNTY. Payments shall be made for the PROFESSIONAL'S work-in progress or completed service items based on the agreed method of compensation as outlined in the Agreement.

When the Lump-Sum Payment Method is used for a particular service or activity within this Agreement and any MODIFICATIONS and/or a CHANGE ORDER, the COUNTY shall pay the PROFESSIONAL for services performed for tasks set forth in this Agreement and any MODIFICATIONS and/or CHANGE ORDER on the basis of the invoice statement covering the PROFESSIONAL'S work-in-progress expressed as a percentage of the total cost of the work and/or services required for each task involved. All such work-in-progress percentages are subject to review and approval by the COUNTY'S PROJECT MANAGER. The decision of the COUNTY shall be final as to work-in-progress percentages to be paid. Payment by the COUNTY for tasks on a work-in-progress percentage basis shall not be deemed or interpreted in any way to constitute an approval or acceptance by the COUNTY of any such service or work-in-progress. The PROFESSIONAL shall be responsible for correcting, re-doing, modifying or otherwise completing the work and services required for each task before receiving final full payment, whether or not previous work-in-progress payments have been made by the COUNTY.

(3) PAYMENT SCHEDULE

The COUNTY shall issue payment to the PROFESSIONAL as invoices are provided from the PROFESSIONAL, which invoices must be in acceptable form and must contain the requested detailed description of charges.

Should the COUNTY object or take exception to the amount of the PROFESSIONAL'S invoice statement, the COUNTY shall notify the PROFESSIONAL of such objection or exception within twenty (20) business days from date of payment period set forth hereinbefore. If such objection or exception remains unresolved at the end of said twenty (20) business day period, the COUNTY, as represented by the COUNTY'S PROJECT MANAGER, shall have the authority to withhold the disputed amount and make payment to the PROFESSIONAL of any amount not in dispute. Payment of any disputed amount, or adjustment thereto resolved by mutual agreement of the parties will be paid in accordance with the Local Government Prompt Payment Act.

SECTION 7 – TIMELY ACCOMPLISHMENT OF SERVICES

The PROFESSIONAL shall complete the work for this Agreement in accordance with the Project Schedule provided in **EXHIBIT "H"; EXHIBIT "H" is attached hereto and made part hereof**. The timely performance, provision, and completion of the required PROFESSIONAL SERVICES, work, and materials is vitally important to the interests of the COUNTY. Time is of the essence for all the duties and obligations contained in this Agreement. The COUNTY may suffer damages in the

event that the PROFESSIONAL does not accomplish and complete the required services in a timely manner. The PROFESSIONAL agrees to employ, engage, retain, and/or assign an adequate number of qualified personnel throughout the period this Agreement is in effect so that all PROFESSIONAL SERVICES will be provided and performed in a timely and diligent manner.

If the PROFESSIONAL fails to commence, provide, perform, and/or complete any service required under this Agreement in a timely and diligent manner as determined by the COUNTY, as set forth in this Agreement or within a specified time period delineated in executed MODIFICATION(S) or CHANGE ORDER(S), the COUNTY may consider such failure as a material breach of this Agreement. In such an event, the COUNTY, in its sole discretion, may terminate the Agreement without a termination fee or other liability.

As an alternative to termination, the COUNTY may also, at its option, upon written notice to the PROFESSIONAL, withhold any and all payments due and owing to the PROFESSIONAL, not to exceed the amount of the compensation for any work in dispute, until such time as the PROFESSIONAL resumes performance of its obligations in such a manner as to get back on schedule in accordance with the time and schedule of performance requirements set forth in this Agreement, or as set forth in any MODIFICATION(S) or CHANGE ORDER(S) issued pursuant thereto.

The PROFESSIONAL, at all times that this Agreement is in effect, shall ensure that sufficient time remains in the project schedule within which to complete the services required and authorized hereunder and/or authorized by this Agreement, or as set forth in any MODIFICATION(S) or any given CHANGE ORDER to this Agreement. In the event there are delays which would modify or extend the completion date, the PROFESSIONAL shall, within seven (7) calendar days of discovery of such delay, submit a written request to the COUNTY seeking a time extension to complete the delayed project, which request shall specifically identify the reason(s) for the delay and the amount of time related thereto.

In the event the specified time of performance for this Agreement, or as set forth in any MODIFICATION(S) or a given CHANGE ORDER expires and the PROFESSIONAL has not requested a time extension, or if the COUNTY has denied a request for a time extension in writing, partial progress payments will be stopped on the date time expires. This section shall expressly apply to claims for early completion, as well as claims based on late completion.

SECTION 8 – STANDARDS OF PROFESSIONAL SERVICE

The work and services to be provided and/or performed by the PROFESSIONAL shall be done in accordance with the generally accepted standards of professional practice and in accordance with the laws, rules, regulations, ordinances, codes, policies, standards, or other guidelines issued by any governmental agency having jurisdiction over all or a portion of any work performed under this Agreement in effect at the time of the performance of the PROFESSIONAL SERVICES. All final documents, reports, studies, or other data prepared by the PROFESSIONAL shall bear a professional's seal/signature in accordance with the applicable Florida Statutes and/or any applicable Administrative Rules promulgated by the Florida Department of Business and Professional Regulation (where applicable).

SECTION 9 – PROFESSIONAL'S QUALITY CONTROL

9.1 – RESPONSIBILITY TO CORRECT

The PROFESSIONAL agrees to be responsible for the professional quality, technical adequacy and accuracy, timely completion, and the coordination of all data, studies, surveys, designs, specifications, calculations, estimates, plans, drawings, construction documents, photographs, reports, memoranda, and other services, work, and materials performed, provided, and/or furnished by PROFESSIONAL, or any SUBCONSULTANT(S) utilized by the PROFESSIONAL, pursuant to this Agreement.

Upon written notice from the COUNTY, the PROFESSIONAL shall, without additional compensation, correct or revise any errors, omissions, mistakes or other deficiencies in such data, studies, calculations, estimates, plans, work, and materials resulting from the negligent act, errors or omissions, or intentional misconduct of the PROFESSIONAL.

If the PROFESSIONAL does not correct the defective work within the time specified in the COUNTY'S written notice, the COUNTY may have the deficiency corrected. All direct or indirect costs of such correction shall be paid by the PROFESSIONAL or deducted from payment due to the PROFESSIONAL.

If any work or submittal prepared by the PROFESSIONAL contains an error, omission, deficiency, or mistake and the PROFESSIONAL fails to correct such error, omission, deficiency or mistake within the time period established for completion in the notice to correct, the COUNTY, in its discretion, may, elect to terminate this Agreement without a termination fee or other liability.

9.2 – COUNTY'S APPROVAL SHALL NOT RELIEVE PROFESSIONAL OF RESPONSIBILITY

Neither review, approval, nor acceptance by the COUNTY of data, studies, calculations, estimates, reports, memoranda, and incidental professional services, work and materials furnished hereunder by the PROFESSIONAL shall in any way relieve the PROFESSIONAL of responsibility for the adequacy, completeness, and accuracy of its services, work and/or materials. Neither the COUNTY'S review, approval, or acceptance of, nor payment for, any of the PROFESSIONAL'S work, services, and materials shall be construed to operate as a waiver of any of the COUNTY'S rights under this Agreement, or any cause of action the COUNTY may have arising out of the performance of this Agreement.

The PROFESSIONAL agrees and recognizes that the COUNTY shall not be held liable or responsible for any claims which may result from any action or omission of the PROFESSIONAL, in which the COUNTY participates either through review of or concurrence with the PROFESSIONAL'S actions. In reviewing, approving, or rejecting any submissions or other work prepared by the PROFESSIONAL, the COUNTY in no way assumes or shares any of the responsibility or liability of the PROFESSIONAL under this Agreement.

SECTION 10 – WORK WITHIN COUNTY PROPERTY / PROFESSIONAL TO REPAIR PROPERTY DAMAGE CAUSED BY THE PROFESSIONAL OR ITS SUBCONSULTANTS

10.1 As applicable, the PROFESSIONAL, any SUBCONSULTANT retained by PROFESSIONAL, or any

other person, firm, corporation, or other entity that contracts with or provides goods or services to the PROFESSIONAL in connection with the work required to be performed pursuant to this Agreement shall perform all work within only the COUNTY-owned right-of-way(s) and any COUNTY easement(s), or as permitted by this Agreement or by law.

10.2 The PROFESSIONAL agrees to promptly repair and/or replace, or cause to have repaired and/or replaced, at its sole cost and expense and in a manner acceptable to and approved by the COUNTY, any property damage arising out of, or caused by, the willful or negligent acts of the PROFESSIONAL and/or its SUBCONSULTANT(S). The COUNTY reserves the right, should the PROFESSIONAL fail to make such repairs and/or replacements within a reasonable period of time, to cause such repairs and/or replacements to be made. All costs and expenses associated with having such repairs and/or replacements performed shall be paid for by the PROFESSIONAL directly or via reimbursement to the COUNTY from the PROFESSIONAL.

SECTION 11 – REPORTS AND REVIEWS

11.1 The COUNTY may, at any time, require the PROFESSIONAL to report in writing in a format approved by the COUNTY on the status and overall progress of the work with a projection as to whether deliverables will be on time and within budget. In addition, the COUNTY may require the PROFESSIONAL to provide an estimate of the overall percentage of completion.

11.2 The COUNTY will monitor the PROFESSIONAL'S work product for compliance with project standards and criteria and may make comments and recommendations to the PROFESSIONAL regarding the work. However, any such monitoring or comments and recommendations by the COUNTY, or absence thereof, shall not relieve the PROFESSIONAL of any of its obligations under this Agreement. The PROFESSIONAL retains sole authority and responsibility for the adequacy and accuracy of its PROFESSIONAL SERVICES in accordance with generally accepted practices.

SECTION 12 – DOCUMENTS

The documents which comprise this Agreement between the COUNTY and the PROFESSIONAL consist of the following:

1. This Professional Services Agreement and its Exhibits.
2. Any CHANGE ORDERS or MODIFICATIONS issued pursuant to this Agreement and executed by the COUNTY and the PROFESSIONAL.
3. Request for Statements of Qualifications – RSQ-KM-25-020, including any written addenda.
4. PROFESSIONAL'S written proposal submitted in response to RSQ-KM-25-020, including any exhibits or attachments.

SECTION 13 – COMPLIANCE WITH LAWS AND REGULATIONS

13.1 The PROFESSIONAL shall observe and comply with all applicable federal and state laws, COUNTY and municipal ordinances, and the rules and regulations of all authorities having jurisdiction

over the project and all work performed pursuant to this Agreement, including but not limited to those laws and regulations included and referenced in the solicitation, RSQ-KM-25-020. All applicable federal, state, and local laws and ordinances are deemed to be included in this Agreement the same as though herein written out in full.

13.2 The PROFESSIONAL shall give all notice and comply with all laws, ordinances, rules, and regulations applicable to the PROFESSIONAL SERVICES. If the PROFESSIONAL observes that the Agreement or executed CHANGE ORDER or MODIFICATION are contradictory to such laws, rules, and regulations, the PROFESSIONAL will notify the COUNTY PROJECT MANAGER promptly in writing. An appropriate CHANGE ORDER or MODIFICATION shall then be used to institute any necessary changes. If the PROFESSIONAL performs any work that it knows or should have known to be contrary to such laws, ordinances, rules, and regulations and without such notice to the COUNTY PROJECT MANAGER, the PROFESSIONAL shall bear all related costs.

SECTION 14 – PROHIBITION AGAINST CONTINGENCY FEES

In accordance with the provisions of section 287.055, Florida Statutes, the PROFESSIONAL warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the PROFESSIONAL to solicit or secure this Agreement and that the PROFESSIONAL has not paid or agreed to pay any person, company, corporation, individual or firm, other than a bona fide employee working solely for the PROFESSIONAL, any fee, commission, percentage, gift or any other consideration contingent upon or resulting from the award or making of this Agreement. For the breach or violation of this provision, the COUNTY shall have the right to terminate this Agreement without liability, and at its discretion, to deduct from the contract price, or otherwise recover, the full amount of such fee, commission, percentage, gift or consideration.

SECTION 15 – TRUTH-IN-NEGOTIATIONS/PUBLIC ENTITY CRIMES AFFIDAVIT

The PROFESSIONAL certifies that wage rates and other factual unit costs supporting the compensation are accurate, complete, and current at the time of contracting. The original contract price, and any additions thereto, shall be adjusted to exclude any significant sums by which the COUNTY determines the contract price was increased due to inaccurate, incomplete, or non-current wage rates and other factual unit costs. The COUNTY may exercise its rights under this "certification" within one (1) year following final payment.

Pursuant to subsections 287.133(2) and (3), Florida Statutes, a person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in section 287.017, Florida Statutes, for Category

Two, for a period of 36 months following the date of being placed on the convicted vendor list. The PROFESSIONAL agrees to include this provision in all contracts it issues as a result of this Agreement.

SECTION 16 – DISCRIMINATORY VENDOR LIST

The COUNTY adheres to subsection 287.134(2)(a), Florida Statutes. The COUNTY will not transact business with entities or affiliates placed on the discriminatory vendor list maintained by the Florida Department of Management Services. By signing this Agreement, the PROFESSIONAL certifies that it is not placed on the discriminatory vendor list. The COUNTY may terminate this Agreement if this PROFESSIONAL certification is found to be false. The PROFESSIONAL agrees to include this provision in all contracts issued as a result of this Agreement.

SECTION 17 – SCRUTINIZED COMPANIES

(1) A company is ineligible to, and may not, bid on, submit a proposal for, or enter into or renew a contract with the County for goods or services of:

(a) Any amount if, at the time of bidding on, submitting a proposal for, or entering into or renewing such contract, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to s. 215.4725, or is engaged in a boycott of Israel; or

(b) One million dollars or more if, at the time of bidding on, submitting a proposal for, or entering into or renewing such contract, the company:

1. Is on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Terrorism Sectors List, created pursuant to s. 215.473; or
2. Is engaged in business operations in Cuba or Syria.

By signing this Agreement, the PROFESSIONAL certifies that it is not participating in a boycott of Israel, is not on any of the aforementioned lists, and it does not have business operations in Cuba or Syria. The PROFESSIONAL agrees to notify the COUNTY if placement on any of the aforementioned lists occurs or if the PROFESSIONAL is engaged in a boycott of Israel or has business operations in Cuba or Syria.

The COUNTY may terminate this Agreement if the PROFESSIONAL certification above is found to be false; has been placed on the Scrutinized Companies that Boycott Israel List, or is engaged in a boycott of Israel; has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Terrorism Sectors List; or has been engaged in business operations in Cuba or Syria. In addition to possible termination of this Agreement based on the above grounds, the County will comply with section 287.135, Florida Statutes, regarding submittal of a false certification.

SECTION 18 – COMPLIANCE WITH PUBLIC RECORDS ACT

The PROFESSIONAL shall allow public access to documents and materials made or received pursuant to this Agreement by either party in accordance with the requirements of Florida's Public Records Act, Chapter 119, Florida Statutes. To the extent required by Section 119.0701, Florida Statutes, the PROFESSIONAL shall (a) keep and maintain public records required by the COUNTY to perform the services under the Agreement; (b) upon request by the below COUNTY custodian of records, provide the COUNTY with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided; (c) ensure that public records that are exempt or confidential and exempt from the public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract, if the PROFESSIONAL does not transfer the records to the COUNTY; and (d) upon completion of the contract, transfer, at no cost to the COUNTY, all public records in possession of the PROFESSIONAL. Upon transfer, the PROFESSIONAL shall destroy any duplicate public records that are exempt or confidential and exempt from the public records requirements. All records stored electronically must be provided to the COUNTY in a format that is compatible with the information technology systems of the COUNTY. All documentation produced as part of this Agreement will become the property of the COUNTY. This paragraph shall survive the expiration or termination of this Agreement.

IF THE PROFESSIONAL HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE PROFESSIONAL'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT (727) 847-8147, PRR@MYPASCO.NET, OR 7536 STATE STREET, NEW PORT RICHEY, FL 34654.

Under Florida law, a professional who fails to provide the public records to the COUNTY within a reasonable time may be subject to penalties under Section 119.10, Florida Statutes, and such non-compliance will constitute a breach of the Agreement and may serve as grounds for termination of this Agreement.

SECTION 19 – RETENTION OF DOCUMENTS

All documents prepared or obtained under this Agreement are the property of the COUNTY without restriction or limitation on their use and shall be made available upon request to the COUNTY at any time.

19.1 Said records and documentation shall be retained by the PROFESSIONAL and made available to the COUNTY for a minimum of five (5) years from the date of completion of the work. The COUNTY shall have the right to audit, inspect, and copy all such records and documentation as often as the COUNTY deems necessary during the term of this Agreement and during the above referenced five (5) year period at actual costs; provided, however, such activity shall be conducted only during normal business hours. If agreed to by the parties, the PROFESSIONAL shall retain records and supporting documentation until further notified.

19.2 For those projects funded by State funds, the PROFESSIONAL agrees to cooperate with any audit(s) requested by the State Auditor General's Office or, in the instance of federal funding, by the funding agency.

SECTION 20 – CONFLICT OF INTEREST

The PROFESSIONAL represents that it presently has no interest, either direct or indirect, that may or could conflict in any manner with the performance of the services required by this Agreement, and which interest has not been disclosed to the COUNTY in writing. The PROFESSIONAL expressly agrees that, throughout the Effective Period, it shall not acquire an interest, either direct or indirect, which would conflict in any manner with the performance of services required by this Agreement, or which would conflict with any interest of the COUNTYA. The PROFESSIONAL further agrees that no person having any such interest shall be employed or engaged by the PROFESSIONAL for said performance. In addition, the PROFESSIONAL shall require all SUBCONSULTANTS to comply with the provisions of this Article.

If the PROFESSIONAL is about to engage in representing another client, whom it in good faith believes could result in a conflict of interest with the work being performed by the PROFESSIONAL pursuant to this Agreement, then the PROFESSIONAL shall promptly bring such potential conflict of interest to the COUNTY'S attention, in writing. The COUNTY will advise the PROFESSIONAL within twenty (20) calendar days, in writing, if such conflict of interest exists. If the COUNTY determines that a conflict of interest exists, the PROFESSIONAL and/or any SUBCONSULTANT shall decline the representation upon the COUNTY'S written notice. If the COUNTY determines that there is no such conflict of interest, then the COUNTY shall give its written consent to such representation.

In the event the PROFESSIONAL fails to advise or notify the COUNTY, as provided hereinabove, of representation which could, or does, result in a conflict of interest, or should the PROFESSIONAL fail to decline such representation upon the COUNTY'S written notice, the COUNTY may, in its sole discretion, terminate this Agreement in accordance with the provisions of Section 23 below.

SECTION 21 – INSURANCE

The PROFESSIONAL shall not commence any work pursuant to this Agreement until satisfactory proof of all insurance required hereunder has been provided to and approved by the COUNTY. It shall be the responsibility of the PROFESSIONAL to ensure that all SUBCONSULTANT(S) performing services pursuant to this Agreement comply with the insurance requirements of this provision. The PROFESSIONAL shall furnish to the COUNTY certificate(s) of insurance in the form required by COUNTY and, if requested by the COUNTY, the PROFESSIONAL shall provide certified copies of all required insurance policies. The certificate(s) of insurance shall clearly indicate that the PROFESSIONAL has obtained insurance of the type, amount, and classification required for strict compliance with this Agreement and that no reduction in coverage or in limits, suspension, or cancellation of the insurance shall be effective without thirty (30) calendar days' prior written notice to the COUNTY, as provided below. All certificate(s) of insurance shall be signed by a person authorized by that insurer to bind coverage on its behalf.

Each insurance policy required by this Agreement shall be endorsed to state that coverage shall not be suspended, voided, cancelled, reduced in coverage or in limits, except after thirty (30) calendar days' prior written notice by certified mail (return receipt requested) has been given to the COUNTY to the attention of the Pasco County Risk Manager, Internal Services Building, 7536 State Street, Suite 111, New Port Richey, Florida 34654. In the event any insurance coverage expires prior to the expiration of this Agreement, a renewal certificate shall be issued within thirty (30) calendar days prior to said expiration. Compliance with the foregoing requirements shall not relieve the PROFESSIONAL of any liability and/or other obligations pursuant to this Agreement. Neither approval by the COUNTY, nor a failure to disapprove insurance certificates or policies furnished by the PROFESSIONAL, shall release the PROFESSIONAL from full responsibility of all liability or its obligations under this Agreement.

All insurance policies shall be issued by responsible companies authorized to do business under the laws of the State of Florida. Said insurance companies shall have an "A" policyholders' rating, have a financial rating of at least Class VIII in accordance with the most current Best Key Rating Guide, and shall be satisfactory to the COUNTY. All policies of insurance required by this Agreement shall be primary insurance with respect to the COUNTY, its officials, agents, or employees. Any insurance or self-insurance maintained by the COUNTY or its officials, agents, or employees, shall be in excess of the PROFESSIONAL'S insurance and shall not contribute with it. All policies of insurance required by this Agreement, except Workers' Compensation and Errors and Omissions Liability, shall specifically provide that Pasco County, Florida, a political subdivision of the State of Florida, by and through its Board of County Commissioners and its officials, agents, or employees, as well as the Florida Department of Transportation and its officials, agents, or employees (FDOT), shall be "additional insureds" under the policy and shall contain a provision for severability of interests. The COUNTY and FDOT shall also be listed as certificate holders. All insurance policies required herein shall apply to all operations, activities, or use by the PROFESSIONAL or anyone employed by, contracting with, or acting at the PROFESSIONAL'S direction or supervision. The insurance coverage and limits provided herein are designed to meet the minimum requirements of the COUNTY.
Any deductibles or self-insured retentions must be declared and approved by the COUNTY and are the responsibility of the PROFESSIONAL. The minimum kinds and limits of coverage to be carried by the PROFESSIONAL throughout the term of this Agreement shall be as follows:

21.1 – WORKER'S COMPENSATION AND EMPLOYER'S LIABILITY INSURANCE

The PROFESSIONAL and all SUBCONSULTANTS shall take out and maintain, during the life of this Agreement, Worker's Compensation Insurance for all employees working on this Agreement. Coverage shall be for the statutory limits in compliance with the applicable State and Federal laws. The policy must include employer's liability with a limit of $100,000.00 each accident. The insurer shall agree to waive all rights of subrogation against the COUNTY, its officials, agents, and employees. In case any employee is engaged in any hazardous work pursuant to this Agreement and is not protected under the Workers' Compensation statute, the PROFESSIONAL and any SUBCONSULTANT(S) shall provide for adequate insurance coverage to protect these employees, as required under Florida law.

21.2 – COMPREHENSIVE GENERAL LIABILITY INSURANCE

The Comprehensive General Liability Insurance shall include premises and/or operations, products and/or competed operations, broad form of property damage, XCU coverage, independent contractors, and contractual liability, and shall be written on an "occurrence basis."

Bodily injury and personal injury, including death:

- $1,000,000.00 each person
- $3,000,000.00 aggregate

Property damage:

- $1,000,000.00 each occurrence
- $3,000,000.00 aggregate

21.3 – COMPREHENSIVE AUTOMOBILE LIABILITY INSURANCE

The Comprehensive Automobile Liability Insurance shall include owned vehicles, hired, and non-owned vehicles, and employees' non ownership.

Bodily injury and personal injury, including death:

- $1,000,00.00 each person
- $3,000,000.00 aggregate

Property damage:

- $1,000,000.00 each occurrence
- $3,000,000.00 aggregate

21.4 – PROFESSIONAL LIABILITY INSURANCE

The PROFESSIONAL shall maintain during the term of this Agreement standard Professional Liability Insurance in the minimum amount of $1,000,000.00 per occurrence/$1,000,000.00 in the aggregate. The COUNTY may require a higher limit, as mutually agreed to with the PROFESSIONAL, for specific CHANGE ORDERS.

SPECIAL INSTRUCTIONS: Occurrence form Professional Liability Insurance is highly preferred. However, in the event the PROFESSIONAL is only able to secure claims-made Professional Liability Insurance, special conditions apply. All certificates of insurance must clearly indicate whether the coverage is on a claims-made basis. Should coverage be afforded on a claims-made basis, the PROFESSIONAL shall be obligated by virtue of this Agreement to maintain insurance coverage in effect with no less than limits of liability nor any more restrictive terms and conditions for a period of seven (7) years from the date of this Agreement. All Certificates of Insurance must clearly indicate whether the coverage is on a claim made or an occurrence basis.

SECTION 22 – SUSPENSION OF WORK

In addition to the COUNTY'S contractual right to terminate this Agreement in its entirety as set forth

above, the COUNTY may, at its convenience, stop, suspend, supplement or otherwise change all, or any part of, the PROFESSIONAL SERVICES set forth herein. The COUNTY shall provide written notice to the PROFESSIONAL in order to implement a stoppage, suspension, supplement or change. If any engineering, professional or consulting services covered by this Agreement to be carried out by the PROFESSIONAL shall be suspended, abated, or terminated at the direction of the COUNTY for reasons unrelated to the quality of work provided by the PROFESSIONAL, the COUNTY shall pay the PROFESSIONAL for such services actually rendered prior to the suspension, abatement, or termination, and any reasonable additional costs incurred by the PROFESSIONAL to effectuate an orderly closing of its activities, with the payment to be based insofar as possible on the fees established in this Agreement.

SECTION 23 – TERMINATION

The COUNTY may terminate this Agreement for any one or more of the following reasons:

1. If adequate progress on any phase of the PROFESSIONAL'S SERVICES is not being made by the PROFESSIONAL as a direct result of the PROFESSIONAL'S failure to perform.
2. The quality of the PROFESSIONAL SERVICES performed by the PROFESSIONAL is not in conformance with commonly accepted design codes and standards, standards of the COUNTY and the requirements of Federal and/or State regulatory agencies in effect as of the date of this Agreement and the particular services involved are considered by the COUNTY to be essential to the proper completion of the PROFESSIONAL SERVICES.
3. The PROFESSIONAL or any employee or agent of the PROFESSIONAL is indicted or has a direct charge issued against him/her for any crime arising out of or in conjunction with any PROFESSIONAL SERVICES that have been performed by the PROFESSIONAL.
4. The PROFESSIONAL becomes involved in either voluntary or involuntary bankruptcy proceedings or makes an assignment for the benefit of creditors.
5. The PROFESSIONAL is in non-compliance with any other provision of this Agreement.

In the event of any of the causes described in Items (1) through (5) above, the COUNTY'S PROJECT MANAGER will send a written notice to the PROFESSIONAL requesting that the PROFESSIONAL show cause why the Agreement should not be terminated. If adequate assurances or acceptable reasons are not given to the COUNTY within fifteen (15) calendar days of receipt by the PROFESSIONAL of the show cause notice, the COUNTY may consider the PROFESSIONAL to be in default and may immediately terminate this Agreement.

Notwithstanding any other provision of this Agreement, this Agreement and/or any CHANGE ORDER(S) may be terminated for any reason by the COUNTY giving fourteen (14) calendar days' written notice to the PROFESSIONAL of the COUNTY'S intent to terminate. In the event that a task of this Agreement and/or any CHANGE ORDER is terminated, the COUNTY shall identify the specific task and/or CHANGE ORDER being terminated and the specific tasks and/or CHANGE ORDER(S) to be continued for completion, pursuant to the provisions of this Agreement. This Agreement will remain in full force and effect as to all authorized tasks and/or CHANGE ORDER(S) which are to be continued to completion, unless the Agreement is terminated in full.

In the event of termination of this Agreement, the COUNTY shall compensate the PROFESSIONAL only for: (1) all services performed and accepted by the COUNTY prior to the effective date of the termination; (2) reimbursable expenses then due; and (3) reasonable expenses incurred by the PROFESSIONAL in affecting the termination of services, including costs incurred by submittal to the COUNTY of project drawings, plans, data, and other documents.

The PROFESSIONAL shall not be entitled to receive compensation for anticipated professional fees, profit, general and administrative overhead expenses or for any other anticipated income or expense which may be associated with services which are terminated, suspended, eliminated, or cancelled.

Upon termination of this Agreement by the COUNTY, the PROFESSIONAL shall promptly deliver to the COUNTY copies of all then completed deliverable items and all plans, reports, studies, calculations, maps, graphics, and other documents that directly support the deliveries prepared by PROFESSIONAL.

SECTION 24 – ASSIGNMENT, TRANSFER AND SUBCONTRACTS

Neither the COUNTY nor the PROFESSIONAL shall assign, sublet, or transfer its interest in this Agreement without the written consent of the other party. Except as otherwise authorized in this Agreement, the PROFESSIONAL shall not subcontract any of its service obligations hereunder to third parties without the prior written approval of the COUNTY. The PROFESSIONAL shall have the right, subject to the COUNTY'S prior written approval, to employ other persons and/or firms to serve as SUBCONSULTANTS to the PROFESSIONAL pursuant to the requirements of this Agreement. The COUNTY shall have the right and be entitled to withhold its approval of SUBCONSULTANTS, but such approval shall not be unreasonably withheld.

SECTION 25 – INDEPENDENT CONTRACTOR

Neither the COUNTY nor any of its employees shall have any control over the conduct of PROFESSIONAL or any of PROFESSIONAL'S employees, except as herein set forth. The PROFESSIONAL and any and all SUBCONSULTANTS are and shall be independent contractors in and throughout the performance of all work and services provided and performed pursuant to this Agreement. As independent contractors, the PROFESSIONAL'S and the SUBCONSULTANT'S agents, servants or employees shall not be deemed agents, servants or employees of the COUNTY.

The PROFESSIONAL does not have the power or authority to bind the COUNTY in any promise, agreement, or representation other than specifically provided for in this Agreement. The PROFESSIONAL shall be responsible to the COUNTY for all the work or services performed by the PROFESSIONAL or any person or firm engaged as a SUBCONSULTANT pursuant to this Agreement. The COUNTY shall not be liable to any SUBCONSULTANT, or any other person, firm, corporation or other entity that contracts with or provides goods or services to the PROFESSIONAL in connection with the work required to be performed pursuant to this Agreement. The COUNTY shall not be liable to any SUBCONSULTANT, or any other person, firm, corporation or other entity for debts or claims accruing to such parties against the PROFESSIONAL pursuant to any work or services performed under this Agreement.

SECTION 26 – GENERAL PROVISIONS

26.1 – CHOICE OF LAW / VENUE

This Agreement is to be governed by the laws of the State of Florida. The venue for any state court litigation resulting out of this Agreement shall be at the West Pasco Judicial Center, in Pasco County, Florida. Venue for any federal court litigation shall be at the United States Court in and for the Middle District of Florida – Tampa Division.

26.2 – SUCCESSORS AND ASSIGNS

The COUNTY and PROFESSIONAL respectively, bind themselves, their partners, successors, assigns, and legal representatives to the other party to this Agreement and to the partners, successors, assigns and legal representatives of such other party with respect to all covenants of this Agreement. The PROFESSIONAL shall not assign or transfer any interest in this Agreement without the prior written consent of the COUNTY.

26.3 – EXTENT OF THE AGREEMENT

This Agreement represents the entire and integrated agreement between the COUNTY and the PROFESSIONAL and supersedes all prior negotiations, representations, or agreement, either written or oral. This Agreement may only be amended, supplemented, modified, changed or canceled by a written instrument executed by both parties hereto.

26.4 – NON-EXCLUSIVE AGREEMENT

This Agreement is not intended to be and shall not be construed as an exclusive contract and the COUNTY may employ additional or other professional consulting firms to perform any work contemplated by this Agreement without liability to the PROFESSIONAL.

26.5 – INDEMNIFICATION OF THE COUNTY

For good and valuable consideration, the receipt of which is acknowledged, and notwithstanding the provisions of section 725.06, Florida Statutes, and in accordance with section 725.08, Florida Statutes, the PROFESSIONAL shall indemnify and hold harmless the COUNTY and the COUNTY'S Commissioners, officers, agents, and employees, harmless from liabilities, damages, losses, and costs, including, but not limited to, reasonable attorneys' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the PROFESSIONAL and other persons employed or utilized by the PROFESSIONAL in the performance of the contract.

The PROFESSIONAL shall not be required to indemnify the COUNTY for any acts of the COUNTY'S employees or agents not contemplated by section 725.08, Florida Statutes. This indemnity shall include, but not be limited to, charges of attorneys, legal assistants, and other professionals, and costs of both defense and appeal in a court of law or other tribunal, for any reason.

This provision shall also pertain to any claim brought against the COUNTY by any employee of the PROFESSIONAL, its SUBCONSULTANTS or anyone directly or indirectly employed by any of them.

The PROFESSIONAL'S indemnification obligation under the provision shall not be limited in any way to the consideration hereunder, the agreed upon prices as shown in this Agreement, or any other agreed payment or compensation amount, nor shall this indemnification be limited due to the PROFESSIONAL'S lack of sufficient insurance protection. The PROFESSIONAL hereby acknowledges and expressly agrees that the compensation to be paid to the PROFESSIONAL by the COUNTY pursuant to this Agreement specifically includes compensation as consideration for the indemnification provided herein.

26.6 – NOTICES

Any notices to be given under this Agreement shall be in writing and delivered by United States Mail to the respective addresses referenced above. All such notices shall be sent to the designated project managers for each party.

26.7 – E-VERIFY PROGRAM

A contractor or consultant entering into a contract with a public entity (such as the County) is required to be registered with the U.S. Department of Homeland Security's E-Verify System and to utilize it to verify the work authorization status of all newly hired employees throughout the term of the contract. The PROFESSIONAL shall also be required to obtain and retain affidavits from all subcontractors or subconsultants utilized during the contract verifying that they do not employ, contract with, or subcontract with any unauthorized aliens as that term is defined in 8 U.S.C.S. 1324a(h)(3). The failure to comply with this requirement constitutes grounds for termination of the contract and for such other penalties as provided under section 448.095, Florida Statutes.

If a public employer has terminated a contract with a contractor for failure to comply with the requirements of the paragraph above, the contractor may not be awarded a public contract for at least one year after the date on which the contract was terminated.

The County reserves the right to request verification of compliance from its consultants and contractors during the term of its contract with the County and for a period of up to five (5) years thereafter. Should a County-retained consultant, contractor, and/or its subconsultants be found to be non-compliant with E-Verify as part of a federal audit or other inquiry, the consultant, contractor and/or its subconsultant(s) will be solely responsible for the payment of any fines or costs imposed upon the county as a result of such non-compliance. Compliance with this section is mandatory for all projects.

26.8 – MAINTENANCE OF RECORDS / COOPERATION WITH STATE AUDITS

The PROFESSIONAL shall keep and maintain its accounting records and supporting documentation related to the services, work, information, expenses, costs, invoices and materials provided and/or performed pursuant to the requirements of this Agreement for a minimum of five (5) years from the date of termination or expiration of this Agreement. The COUNTY, its authorized agents and representatives of federal and state agencies funding the Agreement ("AGENCIES") shall, with reasonable prior notice, have the right to audit, inspect and copy all such accounting records and

supporting documentation as often as they deem reasonably necessary during the effective period of the Agreement and during the five (5) year period after the date of final payment or termination hereof. Any auditing, inspections or copying of the PROFESSIONAL'S accounting records and supporting documentation performed by the COUNTY or AGENCIES shall be conducted during normal business hours upon reasonable prior notice to the PROFESSIONAL and shall be at the sole expense of the COUNTY or the AGENCIES.

The PROFESSIONAL specifically acknowledges that if state funding is utilized for the project, the PROFESSIONAL will agree to cooperate with any audit initiated by the Office of the Auditor General of the State of Florida or any successor office. Such cooperation includes any investigation, audit, inspection, review, or hearing pursuant to section 20.055(5), Florida Statutes, or any federal funding agency.

26.9 – WAIVER OF BREACH

Waiver by either party of a breach of any provision of this Agreement shall not be deemed as a waiver of any other breach and shall not be construed to be a modification of the terms of this Agreement.

26.10 – FORCE MAJEURE

Neither the COUNTY nor the PROFESSIONAL shall be liable for delay or their failure to perform hereunder due to circumstances beyond their respective control, such as Acts of God, governmental laws or orders (which do **not** include tariffs for purposes of this Agreement), wars, riots, pandemics, national emergencies, strikes, or accidents. The COUNTY or the PROFESSIONAL may suspend their respective performance under this Agreement as a result of a force majeure and shall resume performance as soon as is reasonably possible. The delayed party must notify the other party promptly upon the occurrence of any such circumstance and inform the other party of its plans to resume performance; otherwise, performance by the delayed party will not be considered excused pursuant to this Section.

Should the PROFESSIONAL be obstructed or delayed in the prosecution or completion of its obligations under this Agreement as a result of causes not due to its own fault or neglect, the PROFESSIONAL shall notify the COUNTY in writing within seven (7) calendar days after commencement or discovery of such delay, stating the cause(s) therefore and requesting an extension of the PROFESSIONAL'S time of performance. Causes beyond the control of the PROFESSIONAL shall include, but are not limited to, court orders and injunctions, actions or rulings of any federal, state or municipal authority (including the COUNTY) having jurisdiction over any project and/or any Force Majeure event as delineated in this Section.

Upon receipt of the PROFESSIONAL'S request for an extension of time for cause(s) beyond the control of the PROFESSIONAL, the COUNTY ADMINISTRATOR shall have the discretion to grant an extension of time only if the COUNTY determines the delay encountered by the PROFESSIONAL was not due to its own fault or neglect. All other extensions of time must be approved by the Board of County Commissioners.

No interruption, interference, inefficiency, suspension, or delay in the commencement or progress of the PROFESSIONAL'S services for any cause whatsoever, including those for which the COUNTY, including any of its agents or employees, may be responsible in whole or in part, shall relieve the PROFESSIONAL of its duty to perform or give rise to any right to damages or additional compensation from the COUNTY.

The PROFESSIONAL'S sole remedy against the COUNTY in the event of such interruption, interference, inefficiency, suspension, or delay in the commencement or progress of such services shall be the right to seek an extension of the time only. However, such extension shall not operate as a waiver of any other rights of the COUNTY. This section shall expressly apply to claims for early completion, as well as claims based on late completion. The COUNTY shall not be responsible for any consequential damages or loss in profits incurred by the PROFESSIONAL from such delays.

26.11 – SEVERABILITY

In the event any one or more of the provisions contained in this Agreement shall for any reason be held invalid, illegal, or unenforceable in any respect, the invalidity, illegality, or unenforceability shall not affect any other provision, and this Agreement shall be construed as if the invalid, illegal, or unenforceable provision had never been contained in it.

26.12 – OWNERSHIP OF DOCUMENTS

All documents, such as drawings, tracings, notes, photographs, computer files, plans, specifications, maps, evaluations, reports and other records and data relating to this Agreement shall become the property of the COUNTY and shall be delivered by the PROFESSIONAL to the COUNTY within thirty (30) calendar days of completion of the Project or within seven (7) calendar days of the COUNTY making a request for said document delivery, whichever is applicable. In the event the COUNTY gives the PROFESSIONAL a written Notice of Termination pursuant to Section 23 of this Agreement, or upon issuance to the PROFESSIONAL by the COUNTY of a written MODIFICATION or CHANGE ORDER which deletes all or part of the work or services required, the PROFESSIONAL shall deliver to the COUNTY any and all documents listed above with the mutual understanding and commitment by the COUNTY that compensation earned or owing to the PROFESSIONAL for services provided or performed by the PROFESSIONAL pursuant to this Agreement prior to the date of any such termination will be paid to the PROFESSIONAL as provided in Section 23 and within sixty (60) calendar days of the date of issuance of the Notice of Termination.

The PROFESSIONAL, at its expense, may make and retain copies of all documents delivered to the COUNTY for the PROFESSIONAL'S reference and internal use. The PROFESSIONAL shall not use any of these documents and/or data or information contained therein on any other project or for any other client without the prior expressed written permission of the COUNTY.

26.13 – HEADINGS

The headings of the articles, sections, subsections, exhibits, and/or attachments contained in this Agreement are for the purpose of convenience only and shall not be deemed to expand, limit or change the provisions contained in such articles, sections, subsections, exhibits and/or attachments.

26.14 – ENTIRE AGREEMENT

This Agreement, including all referenced exhibits and attachments hereto, and together with all the documents referenced in Section 12, constitutes the entire Agreement between the COUNTY and the PROFESSIONAL and shall supersede, replace, and nullify any and all prior agreements or understandings, written and oral, relating to the matters set forth herein. Prior agreements or understandings, if any, shall have no force or affect whatsoever on this Agreement.

26.15 – EVALUATION OF THE PROFESSIONAL

The COUNTY shall perform a performance evaluation of the PROFESSIONAL. The evaluation shall be forwarded to the PROFESSIONAL for their records.

SECTION 27 – EXECUTION IN COUNTERPARTS

For the convenience of the parties and to facilitate execution, this Agreement may be executed in two (2) or more counterparts, each of which shall be deemed an original, but all of which shall constitute one and the same document.

(The Remainder of This Page is Intentionally Left Blank.)

(Signature Page to Follow.)

IN WITNESS WHEREOF, the parties hereto by their duly authorized representatives have executed this Professional Services Agreement for solicitation no. RSQ-KM-25-020, effective the last day and year entered below.

FULL CONTRACT SIGNING AUTHORITY
December 15, 2025

The following individuals have authority to sign both standard and non-standard agreements directly related to serving clients ("Project Agreements"). Project Agreements include client contracts, subcontracts, project-specific vendor agreements, IPO's, contract amendments, non-disclosure agreements, teaming agreements, project-specific equipment and facility rental agreements for specific projects, and certifications related to proposals. This document does not grant authorization to sign other types of contracts or legal documents not directly related to client service such as office leases, software purchase or license agreements, tax returns, purchase agreements for supplies, or agreements to procure accounting, legal, recruiting, or similar services.

SCOPE OF SERVICES

COLLIER PARKWAY EXTENSION, FROM PARKWAY BOULEVARD TO STATE ROAD 52 ROUTE STUDY AND POND SITING ANALYSIS REPORT

1.0 STUDY OBJECTIVES AND REQUIREMENTS

1.1 Study Objectives

The PROFESSIONAL is to perform a study for the extension of Collier Parkway, from Parkway Boulevard to State Road 52 (Study), a distance of approximately 9.8 miles, and produce a Route Study and Pond Siting Analysis Report (Report). The objective of the Study is to identify alternative alignments and evaluate each alternative based on all relevant factors including, but not limited to the availability of alternative routes, costs, environmental factors, long-range area planning, and safety considerations (Factors). The Report will document the analyses and findings and recommend a preferred alignment and necessary improvements that will provide a Level of Service D or better during the Design Year 2055. The Report will include the associated pond siting and floodplain compensation analysis.

The Study has the following objectives:

1. Accurately project the vehicular traffic demand and the multimodal needs for the Collier Parkway Extension, from Parkway Boulevard (1,050 feet north of Plantation Palms Boulevard) to State Road 52 (Project or Project Area) for the Opening Year 2035 and the Design Year 2055.
2. Develop a typical section consistent with the 124-foot right-of-way section in the comprehensive plan while allowing flexibility for reductions to minimize impacts. At least one alternative should include four (4) 11-foot travel lanes, a 22-foot median (including curb and gutter), and two (2) 10-foot multi-use pathways. Green space located between the back of curb and the pathway, as well as between the pathway and the edge of the right-of-way, may be reduced as needed to mitigate impacts.
3. Evaluate traffic control alternatives (i.e., STOP signs, traffic signals, roundabouts, etc.) and recommend the most suitable options, as well as the improvements needed for each intersection.
4. Develop and evaluate typical section alternatives for the Project and recommend those that best accommodate the vehicular traffic demand and the multimodal needs for the Project, at Level of Service D or better during the Design Year 2055, while minimizing impacts to adjacent properties and the environment.
5. Develop viable alignment alternatives for the Project; evaluate the sociocultural, physical and environmental impacts of each alignment alternative and the No-Build Alternative; estimate their design and construction costs; and prepare a comparative evaluation matrix. The matrix will include the performance of the No-Build Alternative as the baseline for comparison.
6. Develop feasible widening options for the existing two-lane Collier Parkway and Parkway Boulevard roadway corridors south of the Project to effectively support a four-lane divided typical section ensuring continuity with the new alignment alternatives.
7. Develop feasible options to tie-in Ehren Cutoff into Collier Parkway north of Outlaw Way. The PROFESSIONAL should take into account that the segment of Ehren Cutoff from north of Connerton Boulevard to Roadway S will be removed from the County's vision

road network as part of the 2050 comprehensive plan update. This segment should be evaluated using local residential standards to prevent potential complications with design criteria during the design phase.

8. Analyze and evaluate multiple wildlife crossing location alternatives, various structure types and wildlife fencing alternatives to minimize the risk of wildlife-vehicle collisions along the Project.
9. Assess the stormwater management needs for the Project as follows:
   a) For the drainage basins where the adjacent development has permitted accommodation of the future roadway typical section within their onsite ponds, the PROFESSIONAL will evaluate the adequacy of the allotted treatment and detention volumes within their permitted stormwater management facility (SMF) per current Southwest Florida Water Management District (SWFWMD) design criteria. Should any permitted stormwater volumes be determined to be inadequate, the PROFESSIONAL will identify three (3) alternatives (or, if the COUNTY agrees to less than three alternatives, the number of alternatives required by the COUNTY), including modifying the existing or future permitted pond volumes and/or control structures as an alternative, and include two (2) SMF locations within the same basin to supplement the permitted volume and recommend the most suitable alternative or combination of alternatives based on evaluation of impacts and costs.
   b) For the drainage basins where the COUNTY has not acquired the parcels for the SMFs, identify three alternative SMF locations (or, if the COUNTY agrees to less than three alternative SMF locations, the number of alternative SMF locations required by the COUNTY), within each of the respective basins and recommend the most suitable sites based on evaluation of impacts and costs.
10. Assess impacts on the floodplain for each alignment alternative and develop two alternative floodplain compensation sites (FPCs) for each area of impact (or, if the COUNTY requires less than two FPCs for each area of impact, the number of FPCs required by the COUNTY for each area of impact). Select and recommend the most suitable FPC sites based on comparative evaluation of impacts and costs.
11. Coordinate with the permitting and regulatory agencies.
12. Recommend appropriate Project segmentation with logical termini for potential phased Project development.
13. Effectively engage the citizens and stakeholders through a comprehensive public involvement program.
14. Coordinate with the COUNTY'S consultant performing the Orange Belt Trail (OBT) PD&E Study to ensure design consistency and connectivity.
15. Assess future needs for Connected and Automated Vehicles (CAV) infrastructure.
16. Select and recommend the most suitable alternative for the Project based on the Factors listed in Section 1.1.

In developing the alignments and improvement recommendations for the Study, the PROFESSIONAL shall also consider the following design plans recently developed for the COUNTY as "existing conditions" for the Study:

- 256334-1-52-01 – SR 52 from east of Ehren Cutoff to CR 581/Bellamy Brothers Boulevard (in design, construction expected to start in Fall 2027)
- 450390-1 – Orange Belt Trail (OBT) Study Segment 1, from U.S. 41 to Mt. Carmel Cemetery
- 450390-1 – Orange Belt Trail (OBT) Study Segment 2A, from Mt. Carmel Cemetery northeast along Ehren Cutoff to Pump Station Road

1.2 Governing Regulations

The services to be performed by the PROFESSIONAL shall comply with all applicable COUNTY and FDOT manuals and guidelines, Florida Statutes, Federal regulations, and all applicable local, state, and federal laws, including but not limited to those listed below. The current editions of the manuals and guidelines listed below, including updates of the following manuals and guidelines, shall be used in the performance of this work.

- Florida Statutes
- The Florida Administrative Code
- Project Development and Environment (PD&E) Manual (FDOT)
- Sociocultural Effects Evaluation Handbook (FDOT)
- Public Involvement Handbook (FDOT)
- Design Manual (FDOT)
- Drainage Manual (FDOT)
- Drainage Design Guide (FDOT)
- Manual of Uniform Minimum Standards for Design, Construction and Maintenance for Streets and Highways a/k/a the Florida Greenbook (FDOT)
- Bicycle Facilities Planning and Design Handbook (FDOT)
- Manual on Uniform Traffic Studies (FDOT)
- Survey and Mapping Handbook (FDOT)
- Structures Manual (FDOT)
- CADD Manual (FDOT)
- Quality / Level of Service Handbook (FDOT)
- Project Traffic Forecasting Handbook & Project Traffic Forecasting Procedure 525-030-120 (FDOT)
- Traffic Engineering Manual (FDOT)
- Traffic Analysis Handbook (FDOT)
- Florida Highway Landscape Guide (FDOT)
- Basis of Estimates Manual (FDOT)
- Project Management Handbook (FDOT)
- Highway Capacity Manual (TRB)
- Manual of Uniform Traffic Control Devices (FHWA)
- Guide for the Development of Bicycle Facilities (AASHTO)
- Guide for the Development of Pedestrian Facilities (AASHTO)
- Highway Safety Manual (AASHTO)
- Soil Survey of Pasco County, Florida; USDA Soil Conservation Service
- Pasco County Land Development Code
- Pasco County Comprehensive Plan
- Pasco County Long Range Transportation Plan (LRTP)

1.3 Meetings and Presentations

The PROFESSIONAL shall attend a "Notice to Proceed" Meeting with COUNTY representatives, where relevant Study information will be provided by the COUNTY and the parties will discuss key Study considerations (e.g., deadlines/milestone dates, concerns, etc.). The PROFESSIONAL shall meet with the COUNTY as needed throughout the Study. It is anticipated that 30 meetings will be needed, however, more meetings may be required in the discretion of the COUNTY at no additional cost. These meetings will include progress, deliverable reviews, and other coordination activities.

The PROFESSIONAL and staff shall also be available with no more than five (5) workdays' notice to attend meetings or make presentations at the request of the COUNTY. Such meetings and presentations may be held at any time between 8:00 A.M. and 12:00 midnight on any day of the week at the COUNTY's request and discretion. The PROFESSIONAL may be called upon to provide maps, press releases, advertisements, audiovisual displays and other relevant material for such meetings and/or presentations.

1.4 Communication

The PROFESSIONAL must communicate with the COUNTY PROJECT MANAGER to discuss and resolve issues and solicit opinions regarding this Study. The PROFESSIONAL must include the COUNTY when seeking and receiving advice from various state, regional, and local agencies, and citizen groups.

All written correspondence between the PROFESSIONAL and any party pertaining specifically to this Study must be reviewed and approved by the COUNTY prior to submittal. The COUNTY shall be copied on all final correspondence. The PROFESSIONAL must respond to information requests related to the Study from third parties at the direction, and with the approval, of the COUNTY. The PROFESSIONAL will assist the COUNTY in preparing letters from COUNTY staff to other agencies, public officials, and others as needed or requested by the COUNTY.

Copies of all written correspondence pertaining specifically to this Study between the PROFESSIONAL and any party shall be provided to the COUNTY for their records within one (1) week of receiving or sending said correspondence.

1.5 Computer Automation

The Study's plans shall be developed utilizing Computer Aided Drafting and Design (CADD) systems. It is the responsibility of the PROFESSIONAL to meet the requirements of the FDOT'S **CADD Manual**. The PROFESSIONAL will submit final documents and files as described therein. Additional related information is found in the FDOT'S **Florida Design Manual (FDM)**. Concept plans and alternatives designs shall also be displayed using Google Earth-ready KMZ files. The concept plans must have both existing and proposed engineering and environmental features.

All computer disks shall be scanned for viruses prior to their submission to the COUNTY. Failure to scan for viruses may result in a lower work performance evaluation for the PROFESSIONAL. In no event shall any computer disks contain viruses.

1.6 Quality Control

The PROFESSIONAL shall be responsible for ensuring that all work products and deliverables (including the subconsultant products and deliverables) conform to COUNTY standards and criteria. All Study documents, technical studies, calculations, maps, reports, plans, design, and the Report shall be correct and complete, appropriate for the intended purposes, and conform to requirements of this Scope of Services.

The PROFESSIONAL will independently review deliverables for accuracy and completeness. The PROFESSIONAL must develop and follow an internal Quality Control (QC) process. The QC process is intended to ensure that quality is achieved through checking, reviewing, and verifying work activities and deliverables by qualified individuals who were not directly

responsible for performing the initial work. The PROFESSIONAL shall maintain documentation of the QC process applied on each deliverable to the COUNTY and shall be ready to deliver such documentation to the COUNTY at the COUNTY'S request.

The PROFESSIONAL is responsible for assuring that all deliverables submitted to the COUNTY by its subconsultants are subjected to a proper QC process.

With each submittal or deliverable, a quality review checklist must be provided to the COUNTY PROJECT MANAGER, at a minimum, to show that the QC process was followed.

1.7 Coordination with Other Professionals and Entities

The PROFESSIONAL shall coordinate their work with any ongoing and/or planned projects that may affect this Study. The PROFESSIONAL is to coordinate with the COUNTY and any other applicable governmental entities and private developers to ensure the design and the right-of-way requirements for the Project are compatible with scheduled improvements, right-of-way activities and development activities in the vicinity of the Project, including, but not limited to, SWFWMD, Tampa Bay Water, 1995 Loyal Padgett, LLC (property owner) and LNR3 AIV LLC/ Lennar Homes (property owner).

1.8 Schedule

Within ten (10) calendar days after the Notice to Proceed is issued, the PROFESSIONAL shall provide the COUNTY PROJECT MANAGER a schedule of activities to complete the Study which will include major Project milestones and the dates of submittal of the major deliverables. The PROFESSIONAL will be responsible for updating the schedule. Updates to the schedule must be approved by the COUNTY.

In developing the schedule for this Project, the PROFESSIONAL must allow adequate time for formal consultation timeframes and for COUNTY staff to perform their reviews of the deliverables. Each COUNTY staff member shall have 21 calendar days after receipt of a deliverable to review the deliverable.

This Study shall be completed and its findings and a recommendation shall be presented to the Board of County Commissioners (BCC) for approval within 540 calendar days from the date the Notice to Proceed is issued.

1.9 Submittals/Deliverables

The PROFESSIONAL shall furnish plans and documents, as required by the COUNTY, to adequately control, coordinate, and approve work. The PROFESSIONAL shall distribute submittals as directed by the COUNTY.

The PROFESSIONAL shall provide the following deliverables to the COUNTY:

Roadway:

- Typical Section Evaluation Memorandum
- Design Criteria Memorandum
- Sociocultural Effects Technical Memorandum
- Conceptual Design Roadway Plan Sets (Alternative Alignments and Preferred Alignment)

- Right-of-way cost estimating support, including parcel IDs and impacted property areas in square feet or acreage (Alternative Alignments and Preferred Alignment)
- Construction Cost Estimates (Alternative Alignments and Preferred Alignment)

Drainage:
- Drainage Analysis and Pond & Floodplain Compensation Siting Memorandum

Traffic:
- Traffic Technical Memorandum (includes Signal Warrants and ICE forms, Safey Analysis and Needs Analysis)

Structures:
- Bridge Development Memorandum

Natural Resources:
- Natural Resources Evaluation Memorandum

Cultural Resources:
- Cultural Resources Memorandum

Contamination:
- Contamination Assessment Memorandum

Public Involvement:
- Public Involvement Comments and Coordination Memorandum

Geotechnical:
- Geotechnical Memorandum (includes 132 borings)

Final Deliverables:
- Draft Report
- Final Report (Signed and Sealed)
- Executive Summary and PowerPoint Presentation of Alternatives and Preferred Alignment, SMFs, FPCs and other improvements for presentation to the Board of County Commissioners.

1.10 Study Files

Upon completion of the Study, the PROFESSIONAL shall deliver to the COUNTY, in an organized manner, all Project files, maps, sketches, worksheets, and other materials used or generated during the Study process.

2.0 WORK TO BE PERFORMED

In addition to any other professional services required to be provided by the PROFESSIONAL, the PROFESSIONAL will provide the professional services described within this section.

2.1 Meetings

2.1.1 Public Involvement

Public involvement includes communicating with and receiving input from all interested persons, groups, business owners, and government organizations regarding the Study. The PROFESSIONAL, in agreement with the COUNTY, shall coordinate and perform the appropriate level of public involvement for this Study.

The PROFESSIONAL shall provide to the COUNTY drafts of all Public Involvement materials (i.e., property owner letters, press releases, handouts, displays, etc.) associated with the following tasks for review and approval at least five (5) business days prior to printing and/or distribution; business days do not include COUNTY holidays.

2.1.1.1 Data Collection

The PROFESSIONAL shall perform the data collection and prepare responses to any public inquiries received. The PROFESSIONAL will maintain and regularly update both an electronic and paper public involvement Study file, which will document a record of all public involvement activities for this Study.

The PROFESSIONAL will investigate potential venues to hold the public involvement meetings and will advise the COUNTY of their suitability.

2.1.1.2 Alternatives Public Workshop

As soon as the Project alternatives are developed and the Evaluation Matrix is available, the PROFESSIONAL and COUNTY staff will schedule and participate in an Alternatives Public Workshop (APW). The PROFESSIONAL shall provide the necessary support for the COUNTY to hold the APW. The PROFESSIONAL shall prepare materials and provide support as follows:

- Investigate potential venues to hold the APW and will discuss their suitability with the COUNTY. The COUNTY will ultimately approve the meeting venue. The COUNTY prefers a venue that does not require expenditure of COUNTY funds. The PROFESSIONAL shall investigate venues that do not require the expenditure of COUNTY funds and advise the COUNTY of such venues. If required, however, the COUNTY will pay costs for meeting site rental and insurance in accordance with the "Reimbursable Expenses" provisions of the Agreement.
- Develop a mailing list of property owners for the Study using the Pasco County Property Appraiser's Maps. The list will consist of properties included within 300 feet from either right-of-way line of each alignment alternative under evaluation. Should communities exist within the Project's limits that gain exclusive access through the Project, the entire community must be included in the mailing list.
- Prepare and mail out the property owner invitation letters.
- Prepare an adequate number of handouts for the meeting. Handouts must include all pertinent information (e.g., a Project summary sheet, a comment form, a Project Area map, traffic volume projections, etc.).
- Prepare two (2) sets of displays for each item required (required items include, but are not limited to, Project Area maps, alternative alignment concepts roll-plot, typical sections, alternatives evaluation matrix, traffic volume projections,

anticipated project development timeline, etc.) for the meeting, consistent with the information presented in the draft Report.

- Attend the APW with an appropriate number of staff and the appropriate technical specialists (based on Project issues) to assist the COUNTY PROJECT MANAGER.
- Set-up and take-down the meeting equipment and displays.
- Brief and debrief COUNTY staff before and after the meeting.

The PROFESSIONAL will mail the property owner notification/invitation letters for the APW to every property owner required pursuant to the terms above at least 21 calendar days prior to the APW date.

The PROFESSIONAL will prepare press releases, maps, and other materials, as necessary, for display on the COUNTY's website and social media.

Comments received at the APW and within ten (10) calendar days after the workshop (including email/website comments) will be accepted as responses and summarized in the Report. The PROFESSIONAL shall complete a typewritten summary of comments, answering significant questions, within thirty (30) business days after the closing of the comment period. The comments and the responses will be included in the Public Involvement Comments and Coordination Memorandum.

2.1.2 Presentation to BCC

After submittal of the Final Report, the PROFESSIONAL will prepare a brief PowerPoint presentation documenting the major findings and recommendations of the Study. The PowerPoint presentation will be used to inform the BCC, to allow the BCC to select an alignment for the Project. The presentation will include slides/graphics showing the Project area, typical sections, alignment alternatives, evaluation matrix, recommended pond and floodplain compensation sites, summary of the public comments received through the APW and the decision-making process and criteria leading to the selection of the preferred or recommended alignment. The PowerPoint must be reviewed and approved by the COUNTY PROJECT MANAGER before its presentation to the BCC.

2.1.3 Other Public and Agency Meetings

In addition to scheduled public meetings, the PROFESSIONAL may be required to provide support in other meetings with the public, elected officials, special interest groups or public agencies. The PROFESSIONAL'S support will be limited to participating with the appropriate staff, note taking, and summarizing the meeting in a memo to the file.

It is estimated that there will be a maximum of six (6) unscheduled meetings during this Study; however, the PROFESSIONAL shall attend all such unscheduled meetings as required by the COUNTY at no additional cost.

2.2 Engineering Analyses and Reports

The PROFESSIONAL shall coordinate and perform the appropriate level of engineering analyses for this Study to develop viable improvement alternatives, assess their impacts and recommend the most suitable alternative(s) for selection by the BCC. The PROFESSIONAL'S activities shall be performed in accordance with the direction and concurrence of the COUNTY

PROJECT MANAGER. In performing these tasks, the PROFESSIONAL shall use as reference **Part 2, Chapter 3** of the FDOT'S **PD&E Manual.**

The PROFESSIONAL will gather and review existing data from the COUNTY, such as transportation planning data developed for long-range plans, and previously completed route studies and other technical studies within the Project Area. The PROFESSIONAL will collect all additional data necessary to supplement existing data for the purpose of evaluating the location and design concept for this Study.

Upon issuance of the Notice to Proceed, the PROFESSIONAL shall begin collecting various information and materials related to the performance of the engineering analyses, assessments and preliminary design of the subject transportation facility. The engineering analyses will be ongoing throughout the duration of the Study and will be performed in conjunction with the results of the environmental impacts analyses.

The PROFESSIONAL shall develop and evaluate viable alternatives that address the Study's objectives. The COUNTY will then determine the viable alternative(s) to be further evaluated through the public involvement process and environmental analyses. The No-Build alternative will always be included as one the alternatives and will remain under consideration until the conclusion of the Study.

2.2.1 Survey

The PROFESSIONAL will provide limited survey information, such as gathering data to determine boring elevations for evaluating alignment alternatives. Once the Preferred Alternative(s) is selected, the PROFESSIONAL will draft a supplemental agreement (SA) to furnish all necessary survey information for the preliminary design, if requested by the COUNTY.

2.2.2 Field Reviews and Data Collection

The PROFESSIONAL shall conduct field reviews as needed and collect the necessary data to perform the required engineering analyses. The data collection activities include, but are not limited to:

- Survey coordination with Pasco County Surveying & Mapping Division
- Existing roadway characteristics
- Traffic data
- Crash data (to be provided by COUNTY)
- Transportation and comprehensive plans
- Approved developments and developments under review
- Drainage and other structures
- Floodplain maps
- Utilities
- Existing and maintained right-of-way

2.2.2.1 Aerial Photography

The PROFESSIONAL shall obtain the most current available aerial photography from the COUNTY or the FDOT.

2.2.2.2 Traffic Data

The PROFESSIONAL will perform, at minimum, 48-hour bi-directional machine class counts along Collier Parkway at the following locations:

- North of Parkway Boulevard (near East Lake Padgett Park)
- South of Parkway Boulevard (near Land O' Lakes Wastewater Treatment Plant)

The PROFESSIONAL will perform, at minimum, 48-hour bi-directional machine class counts along Parkway Boulevard at the following locations:

- South of Collier Parkway
- East of Ehren Cutoff

The PROFESSIONAL will perform, at minimum, 48-hour bi-directional machine class counts along Ehren Cutoff at the following locations:

- North of Parkway Boulevard
- South of SR 52

The PROFESSIONAL will perform weekday morning two-hour and evening two-hour peak period turning movement traffic counts at the following intersections of Collier Parkway, based on 48-hour bi-directional counts above:

- Collier Parkway at Parkway Boulevard (near East Lake Padgett Park)
- Collier Parkway at Collridge Drive
- Collier Parkway at Bell Lake Road/Whittner Drive
- Collier Parkway at Richardson Lane
- Collier Parkway at Cuarta Drive/Bradenwood Court
- Collier Parkway at Marsh Wren Drive
- Collier Parkway at Roderick Drive/Braesgate Court
- Collier Parkway at Carroway Drive
- Collier Parkway at Everhart Drive
- Collier Parkway at Hale Road
- Collier Parkway at Dupree Lakes Drive

The PROFESSIONAL will perform weekday morning two-hour and evening two-hour peak period turning movement traffic counts at the following intersections of Parkway Boulevard, based on 48-hour bi-directional counts above:

- Parkway Boulevard at Collier Parkway (near Land O' Lakes Wastewater Treatment Plant)
- Parkway Boulevard at Regina Place
- Parkway Boulevard at Do Good Way
- Parkway Boulevard at Heroes Run
- Parkway Boulevard at Paw Place

The PROFESSIONAL will perform weekday morning two-hour and evening two-hour peak period turning movement traffic counts at the following intersections of Ehren Cutoff, based on 48-hour bi-directional counts above:

- Ehren Cutoff at Parkway Boulevard
- Ehren Cutoff at Atlantic Line Place
- Ehren Cutoff at Caliente Boulevard
- Ehren Cutoff at Ehren Cemetery Road

- Ehren Cutoff at Pump Station Road
- Ehren Cutoff at Jerome Road
- Ehren Cutoff at Belinda Drive
- Ehren Cutoff at Rolling Meadow Lane
- Ehren Cutoff at Connerton Boulevard
- Ehren Cutoff at Bahia Loop (S)
- Ehren Cutoff at Bahia Loop (N)
- Ehren Cutoff at Outlaw Way
- Ehren Cutoff at SR 52

2.2.2.3 Crash Data

The COUNTY will provide to the PROFESSIONAL the most recent available five-year crash data from its database for the segments of Collier Parkway from Parkway Boulevard near East Lake Padgett Park to Parkway Boulevard at the Land O' Lakes Wastewater Treatment Plant; Parkway Boulevard from Collier Parkway to Ehren Cutoff; and Ehren Cutoff from Parkway Boulevard to SR 52. The data shall include, but not be limited to, the number and types of crashes, crash locations, times of day (daylight or night), pavement conditions, crash severity, and estimates of property damage and economic loss.

2.2.2.4 Utilities

The PROFESSIONAL shall obtain information regarding the existing utilities in the Project Area. The PROFESSIONAL will send Project base maps to the utility agency owners (UAOs) to mark their existing and planned utilities, above and below ground equipment and return all marked project base maps to the PROFESSIONAL. The PROFESSIONAL must coordinate with the Pasco County Utilities Engineering and Contract Management department regarding the future transmission watermain CIP project along Ehren Cutoff. The PROFESSIONAL shall also coordinate with Tampa Bay Water to avoid utility conflicts and prevent encroachments onto their easement. The PROFESSIONAL will evaluate and consider significant utility conflicts as they may affect the development of the alternatives' conceptual plans. Utility conflicts will also be considered in the comparative evaluation process of alternatives.

2.2.3 Geotechnical Investigation

The PROFESSIONAL will review the US Department of Agriculture soil data, Geological Survey, and Natural Resource Conservation Service (NRCS) maps, US Coast and Geodetic Survey (USGS) maps, and summarize the findings. The PROFESSIONAL will also perform a review of previously completed geotechnical surveys, as provided by the COUNTY, and compile available boring data from previous projects within the Project limits, as provided by the COUNTY.

The PROFESSIONAL will perform field reconnaissance of the Project Area to determine conditions that may affect the development of the Project alternatives. To evaluate soil and groundwater conditions in the Project Area, the PROFESSIONAL will perform a preliminary boring data collection program consisting of preliminary roadway augers spaced at an average interval of 600 feet along the alignment to evaluate near-surface soils and determine the seasonal high groundwater. To supplement the published and available data and to support the pond siting activities, the PROFESSIONAL will perform subsurface

explorations at each of the preferred SMF and FPC sites on the order of 1.5 borings on average per alternative to provide seasonal high groundwater data and to evaluate near-surface soil conditions. In addition, the PROFESSIONAL shall perform limited unsuitable soil probing on the virgin alignments in areas of wetlands to determine if muck is present and estimate the depths of the muck.

The PROFESSIONAL will prepare a Geotechnical Memorandum summarizing the results of the geotechnical investigation, which will be used to facilitate the final design.

2.2.4 Base Maps

The PROFESSIONAL will prepare base maps for the Study to be used for displaying the preliminary design of the Project alternatives. The base maps shall be at an appropriate scale to easily convey information to the public and the officials at public meetings and presentations (1" =100' scale base maps, unless otherwise specified by the COUNTY in writing). Consideration should also be given to the Project schedule, the types of graphic displays required in the reports and the CADD requirements.

The base maps will reference the topographic survey and will show existing drainage and other structures, utilities, names of adjacent developments, road and street names, names of other major land features (parks, schools, churches, cemeteries, water bodies and rivers, etc.), existing and proposed right-of-way lines, and property (parcel) lines. Existing right-of-way will be shown in solid green lines; proposed right-of-way (in areas where it varies from the existing right-of-way) will be shown in solid red lines; property/parcel lines will be shown in black solid lines.

2.2.5 Analyses and Reports

2.2.5.1 Traffic Analysis

The PROFESSIONAL shall develop traffic volume projections to be used to establish the basic requirements for roadway typical sections and intersection design for this Project. Following standard procedures and methodology, which will be approved by the COUNTY, the PROFESSIONAL will develop Average Daily Traffic (ADT), Design Hour Volume (DHV) and AM and PM peak hour turning movement volume projections for the existing, opening and design years (2026, 2035 and 2055, respectively). In developing the future traffic volume projections, the PROFESSIONAL shall:

- Consider COUNTY-provided approved land developments, land developments currently under review and future roadway improvement projects; and
- Develop and analyze the traffic volume data for each design alternative, as appropriate.

For each alignment alternative and the No-Build Alternative, the PROFESSIONAL shall perform level of service (LOS) analyses for all components (segments and intersections) of the roadway network in the Project Area. The PROFESSIONAL will identify the minimum necessary improvements for each component of the roadway system (i.e., intersections and links) to provide roadway and intersection LOS D or better during the design year. For key intersections in the Project Area, and as necessary, the PROFESSIONAL shall evaluate alternative traffic control options (i.e., STOP signs, signalization and roundabouts).

The PROFESSIONAL will prepare a Traffic Technical Memorandum that documents the methodology used for developing the traffic demand as well as for determining the level of service for the existing, opening and design year conditions. The memorandum shall present the traffic volumes and the LOS of the key roadway network components for the existing configuration and each alternative for the existing, opening and design years (2026, 2035 and 2055, respectively).

2.2.5.2 Signal Warrant

The PROFESSIONAL will perform Signal Warrant analyses as needed for busier intersections in the corridor. If an intersection meets a signal warrant, the PROFESSIONAL will do Intersection Control Evaluation (ICE) screenings to determine appropriate intersection configuration. Intersections to perform Signal Warrant analyses include:

- Collier Parkway at Parkway Boulevard (near East Lake Padgett Park) (ICE only)
- Collier Parkway at Hale Road (ICE only)
- Collier Parkway at Bell Lake Road/Whittner Drive (ICE only)
- Parkway Boulevard at Collier Parkway (near Land O' Lakes Wastewater Treatment Plant)
- Parkway Boulevard at Heroes Run or Do Good Way
- Collier Parkway Extension at Ehren Cutoff (adjacent to Mt. Carmel Cemetery)
- Collier Parkway Extension at Connerton Boulevard
- Collier Parkway Extension at Ehren Cutoff (south of cement plant)
- Ehren Cutoff at Parkway Boulevard
- Ehren Cutoff at Caliente Boulevard
- Ehren Cutoff at Connerton Boulevard
- Ehren Cutoff/Collier Parkway Extension at SR 52

2.2.5.3 Safety Analysis

The PROFESSIONAL will evaluate the crash data obtained from the COUNTY for the segments of Collier Parkway from Parkway Boulevard near East Lake Padgett Park to Parkway Boulevard at the Land O' Lakes Wastewater Treatment Plant; Parkway Boulevard from Collier Parkway to Ehren Cutoff; and Ehren Cutoff from Parkway Boulevard to SR 52, and use these findings to identify short-term improvement needs associated with the safety of the existing facility.

2.2.5.4 Needs Analysis

Based on consideration of the Traffic Analysis and Safety Analysis results and information from other sources – including the COUNTY's Long-Range Transportation and Comprehensive plans, the PROFESSIONAL shall establish and document the need for the improvements. This task will include the following:

- Multi-modal Considerations: The PROFESSIONAL shall consider the need for incorporating multi-modal facilities in the Project alternatives, consistent with the COUNTY'S Long Range Transportation Plan and Transportation Capital Improvement Projects map, the location of the Project, and the functional classification of the facility.

- Roadway Typical Section Analysis: The PROFESSIONAL shall develop and evaluate urban/suburban typical sections for the roadway and bridge segments of the Project for consideration based on current data and conditions, in accordance with COUNTY and FDOT standards. In evaluating typical sections, the PROFESSIONAL will consider the functional classification of the roadway facility, the need for multi-modal facilities, the design year traffic volume projections and the COUNTY'S Long Range Transportation Plan and Transportation Capital Improvement Projects map. The PROFESSIONAL will also consider the COUNTY'S current standard typical sections and any typical sections that incorporate context sensitive solutions that may result in minimizing right-of-way impacts.

  After the development of the typical section alternatives, and considering factors such as adjacent land development, regional context of the road, and compatibility and connectivity with other transportation facilities in the Project Area, the PROFESSIONAL will recommend for the COUNTY's approval the most suitable typical section for each segment of the Project.

2.2.5.5 Drainage Analyses

The PROFESSIONAL will gather drainage basin data including the Federal Emergency Management Agency (FEMA) floodplain information, evaluate the Watershed Boundary Dataset to determine the Hydrologic Unit Code (HUC12) for each subbasin, and review the Florida Department of Environmental Protection (FDEP) data to identify the Waterbody IDs (WBIDs) and their impairment status for the project area to determine existing flow patterns and existing drainage basin characteristics. Existing drainage structures and facilities in the Project area will be documented and evaluated for condition and function.

The PROFESSIONAL will establish the base clearance high water elevations for the purpose of establishing a preliminary roadway profile through analysis of the soil's seasonal high ground water table elevations, adjacent wetland seasonal highwater elevations, cross drain design highwater elevations, and adjacent ponds control elevations. The determination of the soil's seasonal high-water elevations for each basin will be based upon the Soil Survey of Pasco County, Florida (published by the USDA Soil Conservation Service) and Project geotechnical investigation.

Drainage analyses will also include checking the capacity and structural adequacy of the existing five (5) cross drains and one (1) bridge-culvert impacted by the Project. The existing cross drain and bridge culvert hydraulic analyses will establish the design high-water elevation that will be considered in setting the roadway profile.

The PROFESSIONAL will delineate the basin boundaries by using LiDAR information, existing survey data, and field observations. The PROFESSIONAL will perform preliminary drainage design to determine potential outfall locations and preliminary sizes (volume and area) of required detention and/or retention facilities for stormwater treatment or attenuation. The PROFESSIONAL shall establish the stormwater management requirements and estimate the SMF needs for each basin. Alternative SMF sites will be sized conservatively for the roadway improvement scenario that results in the most impervious area.

- For the drainage basins where the adjacent development has permitted accommodation of the future roadway typical section within their onsite ponds, the PROFESSIONAL will evaluate the adequacy of the allotted treatment and detention volumes within their permitted SMF per current SWFWMD design criteria. Should any permitted stormwater volumes be determined to be inadequate, the PROFESSIONAL will identify three (3) alternatives (or less alternatives if the COUNTY requires less alternatives), including modifying the existing or future permitted pond volumes and/or control structures as an alternative, and include two (2) SMF locations within the same basin (or less SMF locations if the COUNTY requires less SMF locations) to supplement the permitted volume and recommend the most suitable alternative or combination of alternatives based on evaluation of impacts and costs. For the drainage basins where the COUNTY has not acquired the parcels for the SMFs, the PROFESSIONAL will identify three (3) alternative SMF locations within each of the respective basins (or less alternative SMF locations if the COUNTY agrees to less SMF locations) and recommend the most suitable location based on evaluation of impacts and costs.

- Each SMF alternative, including the adjacent development ponds permitted to accommodate the future roadway typical section, will be evaluated for hydraulic feasibility by establishing the seasonal high-water controls, tailwater conditions, and pipe routing distances within each basin. The analysis will include an evaluation of the soil characteristics, including a geotechnical investigation to determine the depth to the estimated seasonal high groundwater elevation and infiltration rates where applicable for dry retention. The seasonal highwater elevation for adjacent wetlands where present will be determined by the environmental scientist. This evaluation will assist in sizing SMF areas that provide the volumetric requirements for treatment and attenuation within the seasonal high water and hydraulic controls for each basin.

The PROFESSIONAL will schedule three (3) meetings with the COUNTY to discuss the SMF alternatives (or less meetings if the COUNTY requires less meetings).

For the drainage basins where new SMFs or supplemental SMFs are considered, the PROFESSIONAL will estimate construction costs for each SMF alternative and evaluate each SMF alternative for the existence of protected species, wetlands, cultural resources and contamination. The COUNTY PROJECT MANAGER will provide right-of-way cost estimates for each SMF alternative upon receipt of parcel IDs and impacted property areas from the PROFESSIONAL. The PROFESSIONAL will prepare a comparison matrix for these SMFs and recommend the preferred SMF alternative for each basin.

The PROFESSIONAL shall determine base floodplain elevations and estimate floodplain encroachments along the Project Area. Two (2) floodplain compensation (FPC) site alternatives, contiguous to each impacted floodplain, will be evaluated and one (1) recommended to address the Project's objectives. The alternatives included will be based on site areas that require the least surface area to meet the volumetric needs for floodplain compensation, with suitable terrain for excavation above the controlling seasonal highwater elevation and below the floodplain elevation. The alternative site areas will include a geotechnical determination of seasonal high groundwater elevation

and adjacent wetland seasonal highwater elevation determination to accurately evaluate the compensation volume capacity of the site alternative. The PROFESSIONAL will prepare a comparison matrix for these FPC alternatives and recommend the preferred FPC alternative for each impacted floodplain.

The PROFESSIONAL will perform permitting agency coordination (via one SWFWMD Pre-Application Meeting) to ensure the agency's sufficient concurrence on the recommended floodplain compensation requirements.

The PROFESSIONAL shall summarize the basin characteristics, the preliminary drainage analyses – including the preliminary base clearance highwater profile evaluation, the SMF and FPC evaluations and the recommendations in the Drainage Analysis and SMF and FPC Siting Memorandum.

2.2.5.6 Design Exceptions and Variations

The PROFESSIONAL will prepare for the Report table summarizing the design criteria used in developing the conceptual design plans for the Study alternatives. If necessary and/or required by the COUNTY, the PROFESSIONAL will identify and document design exceptions and variations for approval by the COUNTY.

2.2.5.7 Access Management

The PROFESSIONAL will review the COUNTY'S access management standards and recommend the proper access management criteria for the Project, consistent with the functional classification of the facility. The proposed access management plan, which will consider the roadway network and the adjacent land uses and proposed development, will be presented by the PROFESSIONAL as part of the public involvement process.

2.2.5.8 Conceptual Design Plans

- Alternatives Conceptual Plans: The PROFESSIONAL will prepare conceptual design plans for each of the alternatives considered in the Study using the base maps, previously discussed in Section 2.2.4. For estimating purposes, conceptual design plans for each of the three alternatives (either typical sections or alignments) will be developed. To more accurately assess right-of-way and natural resources impacts, the PROFESSIONAL will develop preliminary profiles and critical cross sections for each alternative by using available survey information from the COUNTY and/or USGS map contours. The Alternatives Conceptual Plans will be presented to the public for comments at the APW.
- Preferred Alternative Conceptual Plans: If any comments received at the BCC presentation indicate, request, or otherwise suggest a need for refinement, the PROFESSIONAL will finalize the conceptual design plans for the Preferred Alternative(s) to include refinements based on comments received at the BCC presentation in accordance with any direction from the COUNTY PROJECT MANAGER.

2.2.5.9 Construction Segments

Based on review of traffic growth trends along the Project Area, future development plans, and available funding options, the PROFESSIONAL will identify Project segments

and/or construction segments with logical termini and will define the sequence of segment development.

2.2.5.10 Construction Cost Estimates

The PROFESSIONAL shall develop construction cost estimates for the alternatives considered in the Study. Costs will be based on the FDOT's Long Range Estimating (LRE) Program using historic statewide average unit prices. A 15% contingency will be included for this conceptual level of analysis.

2.2.5.11 Right-of-Way Cost Estimates

The PROFESSIONAL will provide a list of impacted parcels, including Property Appraiser folio numbers and the size of the proposed takes in square footage or acreage, and the COUNTY's Real Property Division will provide preliminary cost estimates for the right-of-way acquisition needed to accommodate each of the Project's alignment alternatives, the SMFs and floodplain compensation sites. The cost estimates will account for the costs of property appraisals, improvement values, cost to cure analyses, business damages and eminent domain analyses.

2.2.5.12 Wetland Impact Mitigation Cost Estimates

For each alignment alternative under evaluation, the PROFESSIONAL will provide preliminary cost estimates mitigating wetland impacts.

2.2.5.13 Comparative Analysis and Alternatives Evaluation Matrix

After developing the cost estimates, the PROFESSIONAL will conduct a comparative analysis assessing the impacts and costs of the alternatives evaluated, prepare an Alternatives Evaluation Matrix and recommend the Preferred Alternative(s) for selection by the BCC. Each alternative considered in the Study shall be evaluated based on the Factors listed in Section 1.1

Prior to finalizing the recommendations in the Report, the PROFESSIONAL shall present these recommendations to the COUNTY for consideration.

2.2.5.14 Selection of Preferred Alternative(s)

The PROFESSIONAL shall select and recommend to the COUNTY the Preferred Alternative based on a review and analysis of all engineering, environmental, and public involvement issues related to the Project and consideration of the Factors listed in Section 1.1.

2.2.5.15 Route Study and Pond Siting Analysis Report

The PROFESSIONAL shall prepare a Route Study and Pond Siting Analysis Report (Report) that documents the alternatives considered, including the No-Build Alternative, the results of all the analyses performed for this Study, the public involvement activities and public input received, and the reasons for recommending the Preferred Alternative and preferred pond and FPC sites.

The Report should be, in general, arranged as follows:

Executive Summary

1.0 Introduction
- 1.1 Project Description
- 1.2 Project Purpose and Need
- 1.3 Project Consistency with Long-Range Transportation Plan

2.0 Existing Conditions
- 2.1 Roadway Network and Typical Sections
- 2.2 Pedestrian and Bicycle Facilities
- 2.3 Multi-Modal Facilities
- 2.4 Traffic Conditions
  - 2.4.1 Intersection Traffic Controls
  - 2.4.2 Traffic Volumes
  - 2.4.3 Level of Service (LOS) Analysis
  - 2.4.4 Crash History
- 2.5 Right-of-Way
- 2.6 Soils Data
- 2.7 Utilities
- 2.8 Pavement Conditions

3.0 Future Traffic Conditions
- 3.1 Long-Range Transportation Plan
- 3.2 Approved Developments and Developments Under Review
- 3.3 Traffic Forecasts for Opening and Design Year
- 3.4 Design Year Traffic Controls
- 3.5 Opening and Design Year LOS Analysis
- 3.6 Traffic Analysis Summary and Conclusions

4.0 Engineering Analysis
- 4.1 Design Criteria
- 4.2 Multi-Modal Considerations
  - 4.2.1 Microtransit
  - 4.2.2 Micromobility
- 4.3 Typical Sections
- 4.4 ITS and CAV Considerations
- 4.5 Access Management
- 4.6 Alternatives Conceptual Design Plans
- 4.7 Alternatives Evaluation
  - 4.7.1 Compatibility with Pasco County's Long Range Transportation Plan
  - 4.7.2 Safety
  - 4.7.3 Utility Impacts
  - 4.7.4 Temporary and Permanent Easements
  - 4.7.5 Right-of-Way Acquisition and Estimated Cost
  - 4.7.6 Potential Business Relocations and Estimated Cost
  - 4.7.7 Potential Residential Relocations and Estimated Cost
- 4.8 Project Construction Segments

5.0 Environmental Analysis
- 5.1 Social Resources
- 5.2 Land Use Changes
  - 5.2.1 Existing Land Use
  - 5.2.2 Future Land Use
- 5.3 Cultural Resources
  - 5.3.1 Results of the Records Research

5.3.2 Impacts to Cultural Resources
5.4 Natural Resources
5.4.1 Floodplains, Wetlands, Uplands, Preserved Natural Areas
5.4.2 Threatened and Endangered Species
5.4.3 Impacts to Natural Areas and Protected Species
5.4.4 Mitigation Requirements and Recommendations
5.5 Contaminated Sites
5.5.1 Contaminated Sites Records Research
5.5.2 Impacts to Contaminated Sites
6.0 Drainage Analysis and Pond & Floodplain Compensation Site Evaluation
6.1 Existing Drainage Features
6.2 Drainage Analysis
6.3 Cross Drains
6.4 Culverts
6.5 Alternative Stormwater Management Facility Sites
6.5.1 Right-of-Way Acquisition and Estimated Costs
6.5.2 Potential Relocations and Estimated Costs
6.5.3 Impacts to Natural Areas and Protected Species
6.5.4 Impacts to Cultural Resources
6.5.5 Impacts to Contaminated Sites
6.5.6 Mitigation Requirements and Recommendations
6.5.7 Evaluation Matrix
6.5.8 Recommended Floodplain Compensation Sites
6.6 Floodplain Impacts and Recommended Compensation Sites
7.0 Permits
7.1 Permitting Agency Coordination
7.2 Required Permits Identification
8.0 Estimated Project Costs
8.1 Estimated Right-of-Way Costs
8.1.1 Roadway Improvements
8.1.2 Stormwater Management Facility Sites
8.1.3 Floodplain Compensation Sites
8.2 Estimated Construction Costs
8.2.1 Roadway Improvements
8.2.2 Stormwater Management Facility Sites
8.2.3 Floodplain Compensation Sites
8.3 Estimated Mitigation Costs
8.3.1 Roadway Improvements
8.3.2 Stormwater Management Facility Sites
8.3.3 Floodplain Compensation Sites
9.0 Public Involvement
9.1 Alternatives Public Workshop Overview
9.2 Conceptual Design Changes Based on Public Involvement
10.0 Evaluation Matrix and Comparative Analysis
10.1 Evaluation Matrix
10.2 Comparative Analysis
11.0 Recommendations
11.1 Recommendations
11.2 Basis of Recommendation

11.2.1 Long-Range Planning
11.2.2 Safety
11.2.3 Property Impacts
11.2.4 Environmental Impacts
11.2.5 Right-of-Way Acquisition Costs
11.2.6 Construction Costs
11.2.7 Public Comments

All memorandums referenced in Section 1.9 will be included in the appendices of the Report.

2.3 Environmental Analyses and Reports

The PROFESSIONAL shall coordinate and perform the appropriate level of environmental analysis to effectively evaluate the impacts of the Project on the various environmental resources in the Project Area.

2.3.1 Sociocultural Effects

The PROFESSIONAL shall collect data and consider the following sociocultural issues:

- Social Resources: Identify any community facilities and social focal points in the Project Area such as schools, churches, cemeteries, parks, emergency facilities, hospitals, social services, day care facilities, retirement centers, community centers, and retail locations. In addition, the PROFESSIONAL shall consider Project effects on safety and emergency response time.
- Land Use Changes: Consider the Project's consistency with the COUNTY's comprehensive plan, long-range transportation plans, growth management plans and policies, future land use plans, proposed developments, DRIs, MPUDs, etc. Identify any developments that have the potential to dedicate right-of-way or joint use ponds.
- Cultural Resources: The PROFESSIONAL will conduct records research to collect data and assess impacts on all cultural resources in the Project Area by the proposed Project alternatives, including all viable ponds, for inclusion in the Alternatives Evaluation Matrix. The PROFESSIONAL will conduct a Cultural Resources Memorandum of the Preferred Alternative(s). Should the Preferred Alternative(s) alignment be located within close proximity to a historic cemetery, an additional Ground Penetrating Survey may be required by the COUNTY as an "optional service" pursuant to Exhibit "G" of the Agreement. The findings of the research will be presented in the Cultural Resources Memorandum and summarized in the Report.

2.3.2 Natural Resources

- The PROFESSIONAL will collect data and evaluate the impact of the Project alternatives on the existing natural resources in the Project Area. The environmental impacts summary will be generated from the variety of physical, hydrological, and biological analyses that are part of this Study. The findings of the research and the results of the evaluations will be presented in the Natural Resources Evaluation and summarized in the Report.

2.3.2.1 Floodplains, Wetlands, Uplands and Preserved Natural Areas

The PROFESSIONAL will collect all necessary data to accurately identify the floodplains, wetlands, uplands and preserved natural areas in the Project Area. The PROFESSIONAL will assess the impact of each alternative on these resources for inclusion in the Alternatives Evaluation Matrix. In addition, the PROFESSIONAL will consider the impacts of the alternative SMF sites on these resources in order to select the preferred SMF sites. The PROFESSIONAL will set seasonal high-water elevations on biological indicators near floodplain compensation sites.

The PROFESSIONAL will evaluate the possibility of using appropriate mitigation banks, their availability of credits and habitat types, and costs to the COUNTY.

In coordination with the COUNTY and the appropriate permitting agencies, the PROFESSIONAL will develop preliminary Uniform Mitigation Assessment Methods (UMAM) scores for the impacts of the preferred roadway alternative and the preferred SMF and FPC sites. A summary score sheet will be used to generate total functional loss from the wetland impacts to determine credits required for mitigation.

2.3.2.2 Threatened and Endangered Species

The PROFESSIONAL will conduct research, limited field reviews and coordination necessary to assess impacts to state and federal-listed wildlife and habitats. The PROFESSIONAL will assess the impacts of each widening alternative on the protected species and their habitats for inclusion in the Alternatives Evaluation Matrix. In addition, the PROFESSIONAL will consider the impacts of the alternative SMF and FPC sites on these resources in order toto select the preferred sites, respectively.

2.3.3 Contaminated Sites

The PROFESSIONAL will conduct a contamination screening in accordance with the methodologies described in Part 2, Chapter 20, of the PD&E Manual. The PROFESSIONAL will submit a Contamination Assessment Memorandum to the COUNTY for review and final approval. This Contamination Assessment Memorandum must include a desktop review of historic aerial photos, other readily available historic resources, and contamination database information to identify potential contaminated sites, including regulated facilities within a 500-foot radius of the Project Area, non-landfill solid waste sites within 1,000 feet, and solid waste landfills, Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) and National Priorities List (NPL) sites within a half mile radius of the Project Area. The PROFESSIONAL shall perform site reconnaissance to verify the database information and identify other potential contaminated sites, if any. Files maintained by Florida Department of Environmental Protection or other regulatory agencies will be reviewed for identified sites.

The PROFESSIONAL will assess the impacts of each Project alternatives on contaminated sites for inclusion in the Alternatives Evaluation Matrix. In addition, the PROFESSIONAL will consider the impacts of the alternative SMF and FPC sites on potential contamination sites in order to select the preferred SMF and FPC sites. The findings of the research and the contamination impacts assessment will be presented in the Contamination Assessment Memorandum and summarized in the Report.

2.3.4 Permits

The PROFESSIONAL shall document all coordination conducted during the Study with the various permitting agencies and include such documentation in the appendix of the Report. In addition, the PROFESSIONAL shall identify the permit conditions and types of permits required for this Project.

3.0 COUNTY'S RESPONSIBILITIES

The COUNTY will provide the following:

- Contract administration
- Technical review of the reports, concept plans and other submittal documents
- Existing construction plans, as-built information and utility information, if available
- Available crash data, traffic volumes, planning data and any approved and on-going land development information
- Existing right-of-way maps
- Right-of-way Acquisition cost estimates for Alternative Alignments, Preferred Alternative, and SMF and FPC sites.
- All available information it possesses and is necessary for completion of the work

The COUNTY's responsibilities are in addition to, and not in place of, the PROFESSIONAL's responsibilities.

4.0 EXCLUDED ITEMS

The following items are excluded from the PROFESSIONAL SERVICES to be performed by the PROFESSIONAL for this Project unless otherwise specified in this Scope of Services:

- Hazardous materials assessment and remediation
- Contamination site assessments (other than records research based on a desktop review of available database information or as otherwise specified in this Scope of Services)
- Archaeological/historical assessments and cultural resources surveys (other than records research based on a desktop review of available database information or as otherwise specified in this Scope of Services)
- Location hydraulic studies
- Wetland mitigation design or construction
- Wetland delineations
- Species specific surveys
- Air quality analysis
- Right-of-way acquisition cost estimates
- Design or right-of-way surveys
- Parcel sketches, legal descriptions and title searches
- Right-of-way mapping
- Construction phase services
- Expert witness services.

RE: RSQ-KM-25-020 Collier Parkway Extension (Parkway Boulevard to SR52) Route Study

Dear Ms. Roberts, Pasco Board of County Commissioners and Members of the Selection Committee,

Kimley-Horn and Associates, Inc. (KH) is excited to present our credentials to perform a Route Study and to prepare Project Development and Environment (PD&E) documentation for the extension of Collier Parkway from Parkway Boulevard to SR 52. This study will analyze new four-lane alignment alternatives through environmentally sensitive and residential areas, as well as pond siting alternatives, in this fast-growing area of central Pasco County. KH has carefully selected a highly qualified group of local professionals to provide Pasco County with a team that possesses technical understanding, personnel resources, past working relationships, and experience.

We have carefully reviewed the RSQ-KM-25-020, the October 2024 Pasco County MPO Long Range Transportation Plan (LRTP), the Orange Belt Trail study concepts, permit plans and all other available information. We now have a thorough understanding of key project elements such as future developments, flooding issues, existing and future traffic conditions, available right-of-way (R/W), and public sensitivity.

Our team is well-versed in Pasco County's procedures, with several of our PD&E and design team members having contributed to a range of County projects. Our experience on these efforts has strengthened our partnership with the County and reinforces our commitment to pursuing this RSQ.

One of the key strengths of the KH team is our familiarity with the planned developments within the project area, supported by our development services teams who maintain strong relationships with adjacent developers. Our longstanding relationships with adjacent developers position us to effectively coordinate efforts and seamlessly integrate with surrounding projects, ensuring a more efficient and cohesive design process.

The KH team will be led from our Tampa office under the management of **Alejandro Mendez, PE**, a resident of Pasco County, who brings familiarity in working for the County, FDOT and for other local municipalities, including Pinellas, Hillsborough, Sarasota, and Manatee counties. Mr. Mendez has significant knowledge of PD&E processes, roadway and safety design, and project management. **Sarah Johnson, CE** will be our PD&E Deputy PM and Environmental Lead, and **Andrew Gregg, PE RSP1** will be our Design Deputy PM for this Route Study. Ms. Johnson has worked on several recent County led PD&E studies including Ft. Hamer Road PD&E Study (Manatee County), and Thompson Nursery Rd. PD&E Study (Polk County). Mr. Gregg is engaged with Lennar and the Clearview Land Design team (Connerton) on a roadway project in Manatee County.

Our team is further enhanced by the following experienced local subconsultants:

- AlfKa, LLC (AlfKa) [SBE/MBE]
- SAM Surveying and Mapping (SAM)
- Tierra, Inc. (Tierra) [MBE]
- American Acquisition Group, LLC (AAG) [SBE]
- The Valerin Group, Inc. (Valerin) [DBE/SBE/WBE]
- SEARCH, Inc. (SEARCH)
- Adams Traffic, Inc. (Adams) [DBE]

Other key contributors to our team include **Jordan Walker, PE ENV SP** and **Andrew Stastny, PE RSP2i PTOE**. Mr. Walker is actively collaborating with the County and multiple local developers to facilitate utility connections for private developments in the area and will serve as liaison with the private sector and as well as aid in the utility coordination effort. Mr. Stastny has provided traffic expertise on PD&E studies for FDOT Districts 1 and 7, as well as Hillsborough and Manatee Counties.

As local users of the Ehren Cutoff and Collier Parkway corridors and long-time residents of the area, we are excited to pair our extensive PD&E experience and personal corridor understanding with our knowledge of Pasco County standards, specifications, and procedures to deliver a comprehensive and forward-thinking study that not only meets the project's purpose and need but also anticipates future growth, enhances community connectivity, and supports long-term mobility throughout the corridor.

KH is extremely confident that each of our team members' vast experience will be invaluable in assisting the County in navigating and successfully completing a new PD&E study for the Collier Parkway extension. We appreciate the opportunity to submit this Request for Statements of Qualifications (RSQ) package and look forward to continuing working with Pasco County.

Sincerely,
KIMLEY-HORN & ASSOCIATES, INC.

Alejandro Mendez, PE
Project Manager

Gary Nadeau, PE
Principal-in-Charge/Senior Vice President
Authorized Signer

Kimley-Horn acknowledges receipt of Addendum 1 on April 2, 2025.

In accordance with RSQ-KM-25-20, Kimley-Horn affirms there is no known conflict of interest or potential conflict of interest that the Proposal may have due to other clients, contracts, or property interests for this project.

Future Connerton Blvd. at Collier Pkwy 4-way intersection

B

PROJECT UNDERSTANDING AND APPROACH

TAB B. PROJECT UNDERSTANDING AND APPROACH

Project Understanding

The Collier Parkway extension improvements will be essential to accommodate the rapid growth from nearby developments of regional impact (DRIs) such as Connerton as well as other planned upgrades in the surrounding area. These improvements will aim to enhance roadway connectivity, alleviate existing traffic congestion to reduce travel delays in the region, provide adequate future vehicular capacity, and ensure multimodal transportation linkage. Extending the Collier Parkway corridor will create a new south-north connection in central Pasco County that will act as a major collector roadway ultimately linking SR 54 with SR 52.

A Step-by-Step Guide to Performing a Route Study

Purpose & Need: One of the initial steps our team will undertake is developing the project's Purpose and Need, which outlines why the project is necessary and what transportation benefits are anticipated. This is an important first step because it will set the direction for the project and be the standard by which project alternatives will be evaluated later in the study.

Affected Environments & Constraints: Next, we will collect data on existing conditions within the project area, looking at the social, cultural, natural, and physical environments and constraints.

Alternatives: Using the data collected and agency feedback gathered in the above phase, our team will work with Pasco County and local stakeholders to develop alignment alternatives (routes) for the proposed project. These alternatives will be evaluated through desktop analysis and fieldwork to quantify impacts to the social, cultural, natural, and physical environments. Technical documents will be prepared to document the impacts on environmental resources.

Agency and Public Involvement: Engagement with resource agencies and the public is a critical part of the PD&E process and will occur throughout the study, helping to shape the development of alternatives and overall acceptance of the project. Impact analysis from the alternatives phase will be shared with resource agencies, local stakeholders, and the public, and feedback will be sought on the project alternatives.

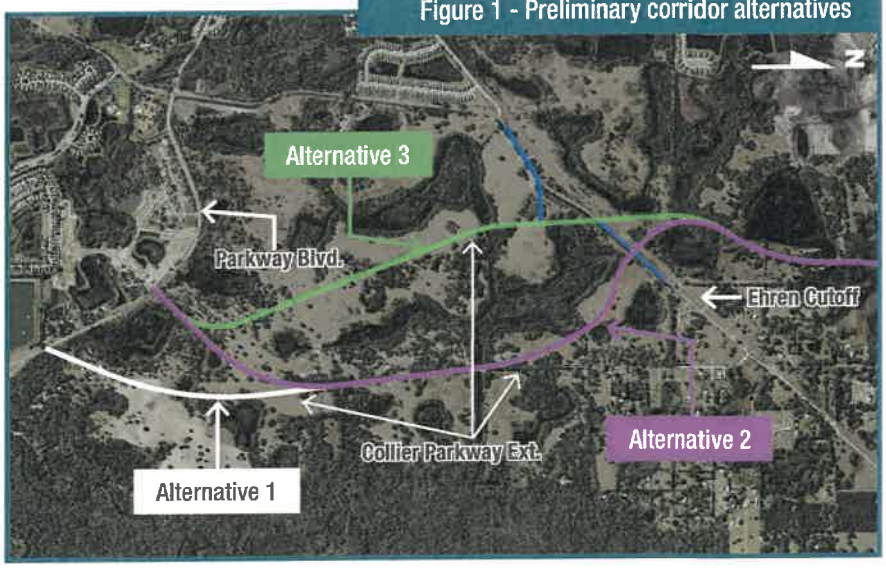
Mitigation: We will attempt to develop alternatives which avoid impacts to the social, cultural, natural, and physical environments. However, should impacts occur, our team of experienced professionals will help develop mitigation strategies to offset the impacts from the project and obtain agency concurrence to facilitate the project through the design and permitting phases. This is a critical component in receiving project approval from resource and permit agencies.

Project Approach

Our team will begin by conducting topographic and right-of-way surveys along the corridor to evaluate typical sections, corridor alignment, and traffic control alternatives that will meet the study's purpose and need. A No-Build Alternative will also be part of this evaluation. Recognizing that the surrounding corridor area includes a mix of environmental preservation lands and undeveloped parcels slated for future development, we will analyze alternative locations for stormwater management facilities (SMFs) and floodplain compensation (FPC). Our professionals will assess the sociocultural, physical, and environmental impacts associated with the build alternatives and will implement a robust public involvement program to ensure all stakeholders are engaged throughout all phases of the study. We will conclude the study with a recommendation of a Preferred Alternative suitable for advancing the project to the design phase and will initiate all pertinent permitting coordination. Upon completion, and as part of the optional services scoped for this route study, the KH team can provide a project segmentation plan with logical termini and may develop Phase I design plans, if directed by the County.

Roadway

This project involves evaluating alternatives for an approximately 5.5-mile extension of Collier Parkway from Parkway Boulevard to SR 52. A key component of the study is the identification and assessment of alignment alternatives that demonstrate avoidance and minimization of wetland impacts—critical to achieving smooth permitting through the USACE and SWFWMD. Our team of professionals will collaborate closely to reduce environmental impacts throughout this sensitive corridor.



Typical Section Alternatives. A typical section evaluation memorandum will be prepared to identify the most suitable typical section for the Collier Parkway corridor based on Pasco County's Right-of-Way Preservation Width Standards. This analysis will incorporate projected traffic volumes and established design criteria, with a focus on minimizing impacts to the surrounding environment and adjacent properties. Multi-modal considerations, including accommodation for pedestrians and bicyclists and incorporation of the Orange Belt Trail into our alternatives will be documented in this evaluation.

Although multiple typical sections will be assessed, our team has confirmed that the right-of-way for the Collier Parkway extension is already established from the southern property line of the Connerton development to the Cemex plant, covering approximately 3.5 miles. Within this segment, the available right-of-way varies between 124 and 141 feet. Based on the County's right-of-way preservation standards, a four-lane divided urban/suburban section can be accommodated within a 124-foot-wide corridor. This section would provide four 11-foot travel lanes, 5-foot bike lanes, curb and gutter, a 22-foot-wide median, a 5-foot sidewalk, and a 12-foot multi-use path, meeting both operational and multi-modal needs while remaining within the existing right-of-way constraints.

Extension/New Alignment Segment. The Collier Parkway Route Study will evaluate at least three alignment alternatives, including the corridor identified in the Pasco County Comprehensive Plan. These alternatives will be reviewed to determine the most effective use of existing County-owned right-of-way, while assessing the sociocultural, physical, and environmental impacts associated with each alignment. With significant growth occurring throughout the region, the need for a connected north-south corridor has become increasingly critical to support mobility and access.

We have identified initial alignment alternatives to evaluate early opportunities, and constraints and explore innovative design strategies. A few starting points for the proposed alignment have been identified (See **Figure 1**). One corresponds with the alignment shown in the Comprehensive Plan near Regina Way, though this location may impact several existing residential properties (**see Alternative 1 in Figure 1**). An alternative starting point could involve aligning the corridor with Do Good Way, which would serve as a more logical termini due to the existing T-intersection while significantly reducing wetland impacts (**see Alternatives 2 and 3 in Figure 1**). A third potential corridor may originate from Heroes Run, which will also be explored during the study.

Figure 1 - Preliminary corridor alternatives

The initial portions of each alignment will be routed through uplands to minimize environmental impacts, following existing clearings or disturbed paths where feasible. During the design phase, a base clearance analysis and geotechnical investigation will be essential, as high groundwater levels and unsuitable subsurface materials are expected to influence roadway design. Alignment development will also be sensitive to nearby cultural resources; each alternative will be laid out to avoid impacts to the historic Ehren and Mt. Carmel cemeteries.

North of Mt. Carmel Cemetery, our alignment alternatives are anticipated to follow the existing dedicated corridor before intersecting again with Ehren Cutoff further to the north. From that point north to SR 52, the proposed alignment is expected to utilize and realign portions of the existing Ehren Cutoff right-of-way to accommodate the typical section developed for the Collier Parkway Extension. FDOT's SR 52 from E. of SR 45 (US 41) to Ehren Cutoff (FPID 256334-1) currently shows the Collier Parkway connection tying into SR 52 as a four-lane divided roadway.

Mt. Carmel Cemetery

Preliminary horizontal and vertical alignments will be developed for each build alternative as part of the Route study. These design concepts will support a comprehensive comparison of the alternatives, considering their ability to satisfy the project's purpose and need while minimizing social, cultural, and environmental impacts. The evaluation will also consider anticipated right-of-way requirements, constructability, and cost implications. This process will culminate in the selection of a Preferred Alternative that reflects stakeholder input, addresses key constraints, and is positioned for advancement into the design phase.

Intersection Alternatives. Eight potential intersections within the study area will be evaluated during the route study, including connections to Parkway Boulevard, two locations along Ehren Cutoff, Nebula Way, Connerton Boulevard, Pondered Day Lane, Pasco Village Parkway, and SR 52. The analysis will assess appropriate traffic control strategies for each intersection, considering treatments such as stop control, signalization, or roundabouts, with recommendations based on operational efficiency, safety, and compatibility with the corridor's overall function. Our team offers specialized experience in roundabout design, with staff who contributed to the development of NCHRP Report 1043: Roundabouts: An Informational Guide – Second Edition. These team members remain actively involved in internal design reviews to help validate geometry, enhance performance, and promote consistency across projects.

At Parkway Boulevard, a roundabout (**Figure 2**) and a 4-way signal-controlled intersection (**Figure 3**) will be considered. The roundabout is ideal for maintaining steady traffic flow, reducing delays, and enhancing safety by lowering conflict points, while the signalized intersection may better accommodate higher traffic volumes during peak periods with coordinated signal timing and requires less right-of-way. The study will evaluate these options based on factors like traffic demand, safety, and overall corridor compatibility.

As part of the route study, the potential realignment of Ehren Cutoff at its intersection with Collier Parkway will also be considered. The current skewed intersection presents several issues, including limited sight distance for drivers, particularly when making turns or navigating through the intersection at sharper angles. The alignment forces drivers to glance over their shoulders to avoid potential conflicts, which could lead to safety hazards. Additionally, the angle may complicate the turning radii for larger vehicles, increasing the potential for traffic conflicts and delays. These concerns will be addressed in the study as we consider alternative alignments to improve safety and operational efficiency. In addition to evaluating a roundabout and a stop-controlled intersection, the study may also explore an innovative approach: splitting Ehren Cutoff at Collier Parkway to create two distinct intersections, as illustrated in **Figure 4**.

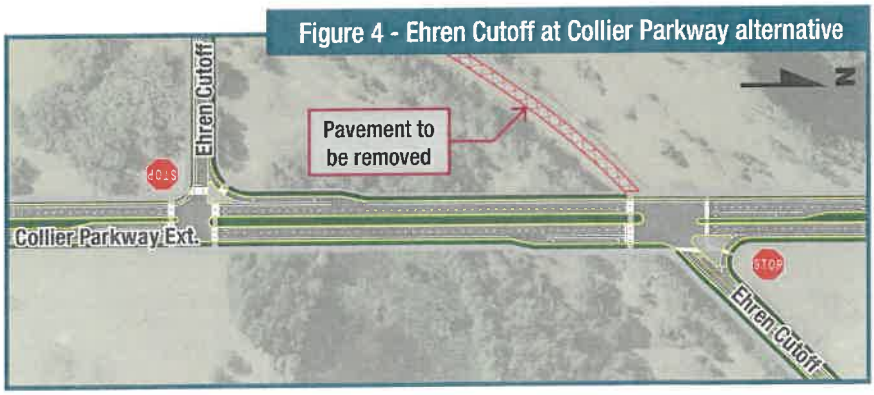


Figure 2 - Parkway Boulevard roundabout alternative

Figure 3 - Parkway Boulevard 4-way signal-controlled intersection alternative

Figure 4 - Ehren Cutoff at Collier Parkway alternative

The connection to Ehren Cutoff near the Cemex plant introduces several unique design and operational challenges that will be carefully examined as part of the route study. This segment of the corridor experiences a mix of industrial traffic, including trucks accessing the plant, as well as local and commuter traffic, creating the need for a safe and efficient intersection design.

To address these challenges, four primary intersection alternatives will be considered:

- A roundabout (**Figure 5**), which could help improve traffic flow and reduce conflict points while accommodating large vehicles with appropriate geometric design.
- A three-legged signalized T-intersection (**Figure 6**), offering a conventional and straightforward layout that may simplify navigation and reduce vehicle conflict zones.
- A Y-intersection with merge lanes (**Figure 7**), which could facilitate smoother transitions between roads, particularly for right-turning traffic, and may better support higher-speed travel.
- A realignment of Ehren Cutoff to form a T-intersection (**Figure 8**), which would shift the roadway to establish a more conventional, perpendicular layout—enhancing sight distance and improving the safety of turning movements.

Each of these alternatives will be analyzed based on safety performance, traffic operations, and the ability to accommodate future growth and vehicle types, with the ultimate goal of identifying the most effective long-term solution for the corridor.

Multi-Modal Accommodation. Our team's vision for the Collier Parkway corridor is closely aligned with the community's goals as outlined in the County's Envision 2050 guidelines. The alternatives will prioritize multimodal connectivity, providing dedicated bike lanes, sidewalks, and a multi-use path to accommodate pedestrians and cyclists. The proposed alternative alignments will intersect with the Orange Belt Trail along Ehren Cutoff, with adjustments to the trail included as part of the intersection improvements. Opportunities will be explored to further enhance connectivity between the Collier Parkway multi-use path and the Orange Belt Trail. This connection will also extend to the conceptual Connerton Trail and SR 52. In addition, crosswalks and other traffic control measures will be evaluated to ensure safety for all corridor users. Given the significant residential development in the area, consideration of a GoPasco bus route may also be incorporated to support public transit needs within the project limits.

Safety. The KH team is committed to optimizing safety across all transportation facilities. Our team includes two licensed Roadway Safety Professionals dedicated to improving safety in every aspect of the project. We focus not only on vehicle safety but also on the safety of all corridor users, including pedestrians, cyclists, and

Figure 5 - Roundabout

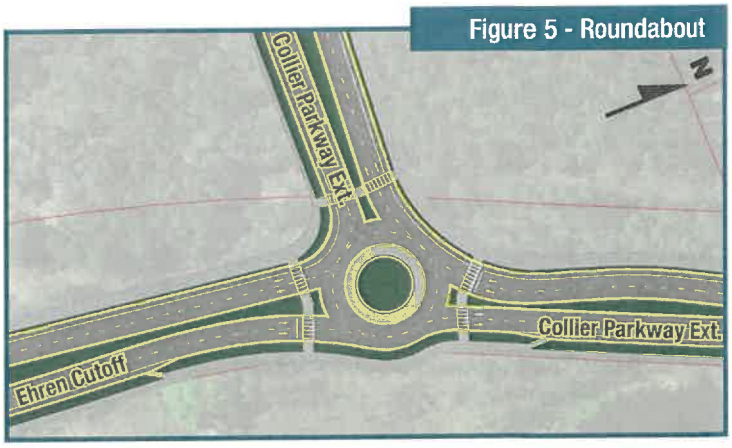

Figure 6 - Three-legged signalized T-intersection

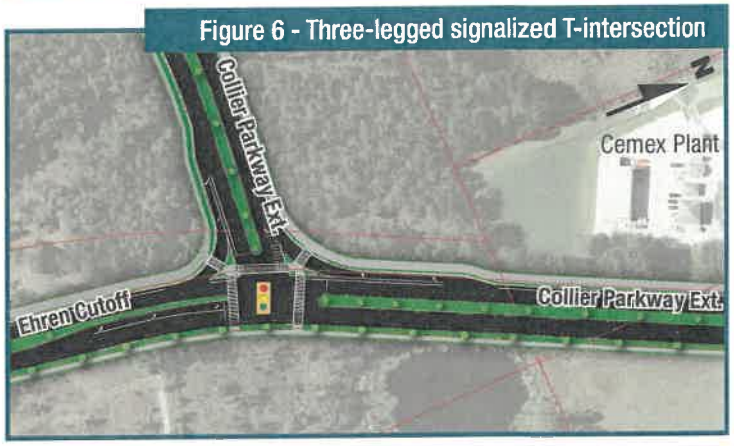

Figure 7 - Y-intersection with merged lanes

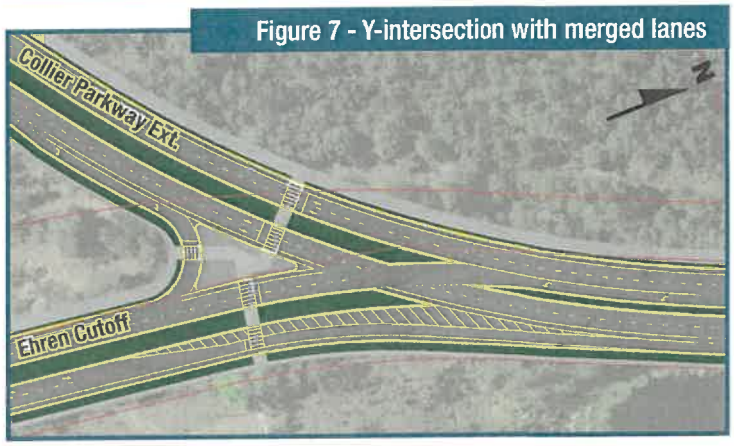

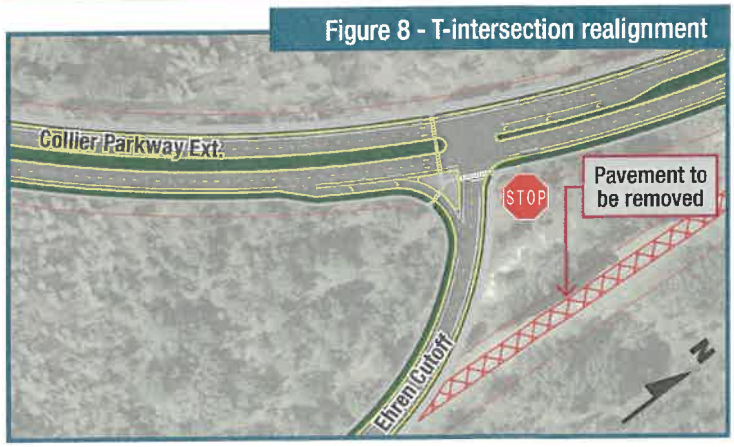

Figure 8 - T-intersection realignment

drivers. To achieve this, we incorporate safety audits, crash data analysis, and the latest traffic safety standards into our design process. Our approach includes recommending safety features such as improved signage, enhanced lighting, pedestrian crossings, and traffic-calming measures where appropriate. This comprehensive focus on safety ensures that all users of the corridor are protected throughout the project's lifespan.

30% Design Phase. The route study will result in a recommended alternative that will serve as the foundation for developing a 30% design plan set. While this phase is currently listed as an optional service, our approach will ensure a seamless transition from the study to the design phase. The design team will be actively engaged in the analysis of route alternatives and will collaborate closely with County staff throughout the route study, ensuring that the chosen alignment follows design requirements and meets the project's purpose and need.

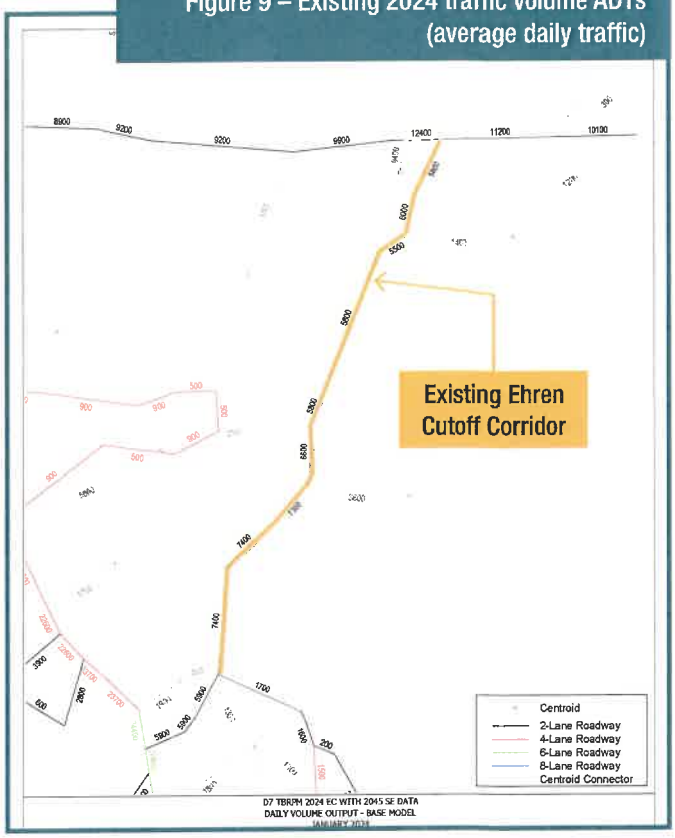
Traffic Analysis

The traffic analysis on this project will include the development of the Traffic Technical Memorandum, planning for Opening year of 2035 and Design year of 2055. Our team will establish the vehicular traffic demand projections, analysis, forecasting, modeling and microsimulation for this corridor. Safety analysis will be performed for this new corridor using safety prediction methods based on roadway geometrics: number of lanes, lane width, shoulder width, bike lane presence, sidewalk presence, horizontal curves, intersection types, etc. Historical crash data on nearby roads, including Ehren Cutoff, will be reviewed as well, for any patterns or trends that may also be present on the new Collier Parkway extension.

Traffic volumes will play a key part in this PD&E, determining the number of lanes needed. The alternative alignments and where they intersect certain roads, such as SR 52, will impact projected traffic volumes as well. Traffic count data will be collected on nearby roadways, including Ehren Cutoff, where the Collier Parkway extension is planned to intersect that roadway. 2024 data (**Figure 9**) from the Tampa Bay Regional Planning Model (TBRPM) shows Parkway Boulevard just west of Collier Parkway with approximately 1,700 vehicles per day, while Ehren Cutoff north of Parkway Boulevard has approximately 7,400 vehicles per day, decreasing to 5,800 vehicles per day just south of SR 52.

The TBRPM only projects traffic volumes out to 2045, projections to 2055 will be done using software during this project's traffic analysis phase. By 2045 (**Figure 10**), the TBRPM model shows Collier Parkway with approximately 4,400 vehicles per day north of Parkway Boulevard, increasing north of Ehren Cutoff to 7,500 vehicles per day and 14,900 vehicles per day north of Connerton Boulevard and then decreasing to 6,800 vehicles per day close to the northern terminus/merge into Ehren Cutoff. In this 2045 model, Ehren Cutoff is projected to have approximately 13,800 vehicles per day south of the first intersection with

Figure 9 – Existing 2024 traffic volume ADTs (average daily traffic)



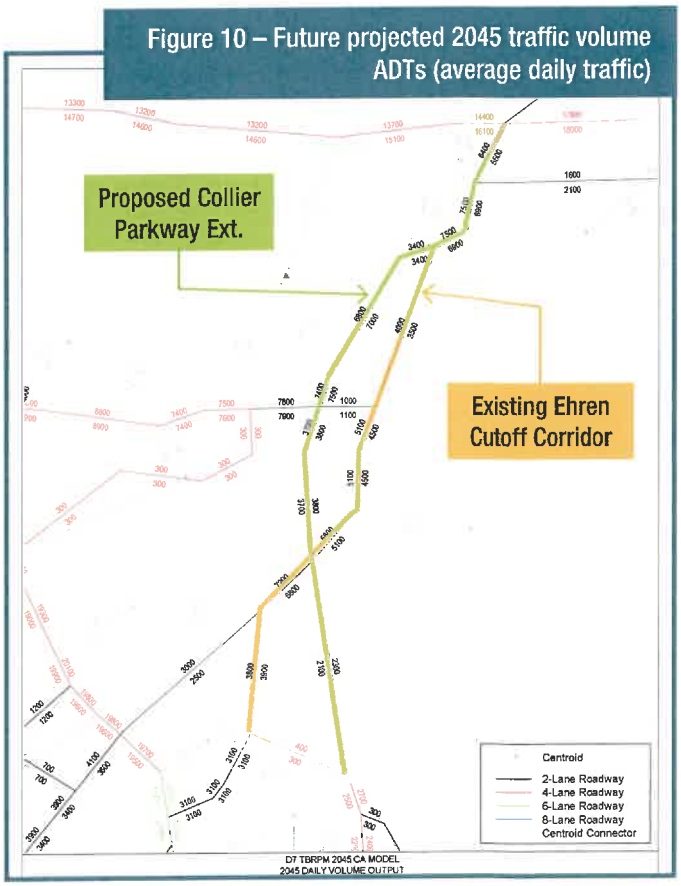


Figure 10 – Future projected 2045 traffic volume ADTs (average daily traffic)

Collier Parkway, decreasing to 10,700 vehicles per day until Connerton Boulevard, then 7,500 vehicles per day to the north, and 14,400 vehicles per day north of where Collier Parkway is planned to merge into Ehren Cutoff (in the TBRPM 2045 model) up to SR 52. When doing the actual traffic analysis for this corridor, our team will project volumes for design year 2055.

While these volumes are projections, they may not include all planned and future developments near this corridor and are subject to change. We will review all volumes, projected, and estimated, along with all planned developments nearby, to determine the appropriate projected future traffic volumes. One advantage that this KH team brings is our knowledge of planned developments in this area which allows for efficient transition of information for traffic projections. Typical corridor sections will be developed and reviewed based upon future design year vehicular traffic demand projections to best accommodate the traffic demand and the multimodal needs along the corridor. It is important to minimize impacts on the adjacent properties and the natural environment.

Each intersection in the study area will be evaluated for stop-sign, signal, roundabout, and Green-T traffic control alternatives. This analysis will start with a basic screening of intersection types/configurations that considers roadway volumes, crash data, and roadway geometrics based on safety data factors. A preferred traffic control alternative will be developed for each major intersection and a preferred traffic control alternative will be developed, and microsimulation analysis done to determine required turn lanes needed at the intersection for acceptable Level-of-Service (LOS). Preliminary analysis indicates a signal at the Ehren Cutoff (southern intersection) may work best there, while a Green-T may work best at the Ehren Cutoff (northern intersection), as shown in the Pasco County Comprehensive Plan. Further signalization analysis will be performed should the County choose to move forward with a 30% design phase.

Pond Siting and Hydraulic Analysis

Our team is familiar with the characteristics and challenges associated with this study corridor. Key challenges of this study will be minimization and avoidance of wetlands and floodplains, providing floodplain connectivity, and coordination with key stakeholders for siting suitable pond sites or utilizing existing ponds to meet the needs of the proposed corridor. The study corridor traverses through many interconnected floodplains that primarily convey west to east towards Cypress Creek. From south to north, the corridor crosses through three FDEP mapped water body basins: Cypress Creek North, Fivemile Creek, and Ehren Cutoff Creek. All three basins are in the HUC 12 Middle Cypress Creek watershed (HUC 031002050403) which discharges into the Hillsborough River. Cypress Creek is designated as an Outstanding Florida Waters (OFW) which will mean more stringent pollutant loading reduction requirements for the project corridor.

Figure 11 - Cypress Creek Preserve (SWFWMD)

The project corridor starts at Parkway Blvd south of Ehren Cutoff and extends north through Cypress Creek Preserve, which is owned and managed by SWFWMD (**Figure 11**). Early coordination with SWFWMD will be crucial for setting the preferred alignment and determining suitable locations for pond sites and floodplain compensation sites for this portion of the roadway. The goal will be to select an alignment that minimizes floodplain impacts to reduce or eliminate the need for floodplain compensation by providing cross drain connections and demonstrating no rise in floodplain elevations upstream or downstream of the crossing.

North of Ehren Cutoff, the proposed corridor crosses privately owned land up to the southern boundary of the Connerton development. Within Connerton, the corridor spans approximately 3.5 miles, and the right-of-way for Collier Parkway has already been conveyed to Pasco County. Within the Connerton SWFWMD permit, the proposed roadway alignment has also been integrated with stormwater pond conveyance systems for the southern 2.2 miles of this segment. Cross drains have also been preliminarily designed to provide conveyance under the corridor to pond sites, Fivemile Creek, and wetlands within portions of the corridor through Connerton. A large wetland near the south end of Connerton and another just south of Fivemile Creek will require evaluation of alternatives to minimize wetland and floodplain impacts. Alternatives for crossing these wetland and floodplain areas include filling along with the installation of cross drains to maintain conveyance; however, any resulting floodplain impacts will require appropriate compensation. Additional alternatives to be evaluated include bridge crossings, larger box culverts, and the use of a contained roadway rise. Identifying suitable areas for floodplain compensation may be challenging, since much of the surrounding land is slated for development. Importantly,

floodplain impacts within the section of the corridor passing through Connerton, north of Connerton Boulevard, appear to have been previously addressed through Connerton's existing onsite floodplain compensation modeling.

North of the Connerton development, the northern 1.3 miles of the dedicated right-of-way is adjacent to the SWFWMD owned Conner Preserve on the west side, with remnants of Lennar-owned property located between the proposed corridor and existing Ehren Cutoff right-of-way (**Figure 12**). Cross drain locations will be required to maintain existing conveyance patterns from west to east. Retaining walls will be included as an alternative to assess the cost of minimization of impacts. Lennar does not appear to have any planned uses for the remnant parcels between the proposed corridor and the existing Ehren Cutoff right-of-way; therefore, this may be the ideal area to provide pond and floodplain compensation sites.

Figure 12 - Potential Stormwater Management Areas

Continuing north, the proposed corridor merges into the existing Ehren Cutoff right-of-way and continues to SR 52. Along this stretch, the CEMEX plant and SWFWMD owned Conner Preserve lie to the west, while vacant land to the east, identified as proposed SWFWMD land for Conner Preserve, borders the corridor. Where the corridor traverses within the existing Ehren Cutoff right- of-way up to SR 52, there are at least three existing cross drains that will require extensions. Floodplain impacts will be limited and potentially can be compensated for within the Lennar remnant parcel.

In accordance with the new statewide stormwater rule, any portions of the project requiring stormwater management permitting must demonstrate either a 90% reduction in total phosphorus (TP) and an 80% reduction in total nitrogen (TN), or post-development nutrient levels lower than pre-development levels (Post < Pre), whichever is more stringent. This requirement is due to the project's location within a HUC12 watershed that contains either an impaired water body or an Outstanding Florida Water (OFW).

The primary challenges posed by the new rule include the need for a significantly larger treatment volume and the inadequacy of traditional wet detention systems to meet the minimum TN/TP load reduction thresholds. To address these challenges, a range of innovative treatment strategies will be evaluated. These include treatment trains that incorporate bio-swales, shallow infiltration areas, biosorption filters, and mechanical treatment technologies.

Given the high groundwater table in the area, which limits the effectiveness of infiltration-based methods, the use of Continuous Monitoring and Adaptive Control (CMAC) technology for Smart Ponds may be a viable solution—particularly in the area north of Connerton, between the corridor right-of-way and the existing Ehren Cutoff right-of-way. Additionally, the National Stormwater Trust, a provider of CMAC systems, may have stormwater treatment credits available for purchase, representing another option for achieving compliance.

Due to the region's rapid development, the project's location through SWFWMD-owned lands, and the complexity of meeting stringent nutrient removal requirements, we recommend a robust and proactive pond siting analysis during the PD&E phase. This analysis should include geotechnical investigation and survey work to support early identification and acquisition of viable pond sites by the 30% design phase.

The pond siting effort will assess hydraulic feasibility; necessary infrastructure and easements for routing inflows and outflows; potential environmental impacts including wetlands, listed species habitats, cultural resources, and contaminated areas; treatment and attenuation volume requirements; sizing based on seasonal high groundwater levels and adjacent infrastructure elevations; and estimated infrastructure and land acquisition costs.

To demonstrate sufficient floodplain compensation and attenuation is being proposed, we plan to utilize the most recent permitted Connerton watershed models expanded to include more portions of the existing Pasco County watershed model for full model coverage of the project corridor. The goal is to update the model sufficiently to accurately reflect the existing permitted conditions within the focus area and copy to create a proposed conditions model to account for the impacts and add the improvements to demonstrate that floodplain compensation sites and or cross drain connections demonstrate no rise within the surrounding floodplain areas. We understand that the Pasco County watershed model needs updates. Our team

observed that the 100-year floodplain elevations within the downstream Cypress Creek area, south of SR 54, appear to be underestimated. This conclusion is based on USGS recorded discharge data at the SR 54 bridge crossing, which indicates that the flow rates associated with the 25-year and 50-year design storm events are significantly higher than the 100-year design flow rate currently assumed in the model.

Our team is currently utilizing the model for our I-75 at I-275 design project to the south within the Cypress Creek watershed. With documented prolonged flooding around Ehren Cutoff to the east of the project corridor, it will be critical to ensure no downstream impacts occur from the new roadway. This project may be an opportunity to provide floodplain compensation sites that also provide additional attenuation and storage to remedy downstream flooding issues. Our team is excited about this project and looks forward to working with Pasco County to provide innovative ideas and solutions that could provide regional improvements, if desired by the County. We are well versed in utilizing innovative solutions to meet the new statewide stormwater rule, and in addressing the challenges of projects with extensive floodplain involvement. Our drainage Engineer of Record (EOR) has experience in coordinating pond siting within SWFWMD owned lands and understands the importance of early coordination. A meeting with SWFWMD representatives will be scheduled early to introduce the project and set expectations. Coordination with the County, Lennar, and SWFWMD, early and through the project's life, will also be key in ensuring pond and floodplain compensation siting alternatives and permitting requirements are viable as the project moves forward into design.

The table below summarizes the basin characteristics and approach for the segments of the corridor discussed.

Basin (Water Body ID)	Contributing Area	Basin Characteristics	Stormwater Management Approach	Conveyance Considerations
Cypress Creek North (WBID 1440E)	From Parkway Boulevard to North of Ehren Cutoff (Connerton Boundary)	» Multiple Corridor Alternatives south of Ehren Cutoff » Can Avoid and Minimize	Propose Pond Site Alternatives, Coordinate with SWFWMD during Siting	Anticipate two cross drains for floodplain conveyance.
Cypress Creek North (WBID 1440E)	From North of Ehren Cutoff to South of Connerton Boulevard	» County owns right of way for Corridor » Wetland and Floodplain Impacts Mitigated	Coordinate with Clearview Engineering and Lennar for stormwater management and mitigation of floodplain impacts.	Design of required cross drains south of Connerton to maintain conveyance west to east.
Fivemile Creek (WBID 1437)	South of Connerton Boulevard to North of Connerton Boulevard	» County owns right of way for Corridor » Floodplain Impacts Mitigated » Wetland Mitigation Required	Coordinate with Clearview Engineering and Lennar for stormwater management and mitigation of floodplain impacts.	Major crossing under intersection of Connerton Boulevard and Collier Parkway for Fivemile Creek and other required crossings designed or modeled by Connerton
Ehren Cutoff Creek (WBID 1429)	From North of Connerton Boulevard to South of CEMEX, South of CEMEX to SR 52 (West Side Only)	» County owns right of way for Corridor » Wetland and Floodplain Impacts Mitigation Required	Within Connerton limits coordinate with Clearview Engineering and Lennar, North of Connerton will require Pond Site and Floodplain Compensation Alternatives	Anticipate multiple cross drains for floodplain conveyance.
Cypress Creek North (WBID 1440E)	From South of CEMEX to SR 52 (East Side Only)	» Corridor will merge into Ehren Cutoff R/W » Wetland and Floodplain Impacts within existing R/W Require Mitigation	Propose Pond and Floodplain Compensation Site Alternatives, Coordinate with SWFWMD during Siting.	Anticipate three cross drain extensions.

Utility Coordination

Our team's approach emphasizes proactive coordination, not only with existing utilities but also with ongoing and future projects. Nine Utility Agency Owners (UAOs) within the project area have been identified, including CenturyLink National (LUMEN), Frontier Communications, Pasco County Traffic Operations Division, Pasco County Utilities, Spectrum, Tampa Bay Water, Withlacoochee River Electric Coop., Zayo Group, and FDOT. We will develop a Utility Contact Matrix to streamline our communication with UAOs and to aid in the preparation of contact letters, and manage escalation procedures. Our team will also coordinate with FDOT regarding their SR 52 widening, resurfacing, and Intelligent Transportation Systems (ITS) projects to identify utility impacts within the project limits. Additionally, we will track new private developments throughout the project's duration, promptly identifying utility extensions that may affect the study and coordination efforts. Communication with UAOs will be proactive and consistent, with initial plans and requests promptly

shared to maintain close engagement with their planning departments. The Utility Conflict Matrix, developed collaboratively with the engineering team, will be continuously updated.

This comprehensive approach includes early identification and verification of utilities through direct engagement with UAOs, regular coordination meetings, and ongoing correspondence to address project impacts and develop alternatives that minimize utility impacts. The team will track UAO current projects and planned work to align it with anticipated Parkway Extension construction schedules, minimizing future disruptions. Through this proactive methodology and our industry relationships, our team will ensure efficient and effective utility coordination for the successful completion of the study.

Structures

Our team will evaluate wetland crossings prioritizing long-term performance, environmental compatibility, and construction feasibility while maintaining permitting feasibility with agencies like USACE and SWFWMD. There is an open span of approximately 450 feet that will need to be crossed, requiring a structure capable of efficiently bridging this distance while minimizing impacts to the underlying wetlands and sensitive environmental features. The KH team will analyze the potential use of both box culverts and bridge structures. Box culverts are typically suitable for smaller, more constrained crossings and can offer lower initial construction costs and ease of installation, particularly when water depths and spans are limited. Conversely, bridges may be more appropriate to minimize wetland fill and when preserving natural hydrologic flow is critical. Bridges also provide enhanced ecological connectivity, an opportunity for wildlife crossings, and reduced impacts to sensitive habitat, which may streamline environmental permitting and reduce long-term risk.

Selection of the appropriate structure type will be based on a holistic assessment that includes wetland impacts, life-cycle cost analysis, floodplain considerations, and constructability in challenging conditions. High groundwater levels and potentially unsuitable subsurface materials—identified as concerns during preliminary roadway development—will be key factors influencing structure type and foundation design. These geotechnical challenges reinforce the need for integrated evaluation across roadway and structures teams.

Where grade differentials and side slope constraints occur along the proposed roadway corridor, gravity retaining walls will be incorporated to maintain the roadway section within the existing or proposed right-of-way. Gravity walls offer substantial benefits, including a reduced construction footprint compared to embankments or MSE walls, making them ideal for environmentally constrained sites and tight corridors. Their inherent mass and simplicity allow for reliable performance in areas with high water tables, while also minimizing excavation and fill requirements. Additionally, gravity walls require minimal long-term maintenance and can be visually enhanced to blend with surrounding natural and residential areas, a valuable consideration given the proximity to existing and planned developments like Connerton.

As part of our structures approach, our team will ensure coordination with multi-modal facilities such as the Orange Belt Trail and explore opportunities for trail underpasses or grade-separated crossings where feasible. This will enhance user safety and connectivity while maintaining the character of the corridor envisioned in Pasco County's Envision 2050 plan. All structural elements will be developed in concert with preliminary horizontal and vertical alignments and reflect the County's typical section goals for the corridor. Ultimately, the proposed structures will support a resilient and context-sensitive design that advances mobility while protecting the corridor's environmental and community assets.

Geotechnical

Our team's initial geotechnical activities include the review of existing geotechnical data, the US Department of Agriculture (USDA) soil data, Geological Survey and Natural Resource Conservation Service (NRCS) maps, US Coast and Geodetic Survey (USC&GS) maps and preparing a Geotechnical Memorandum summarizing the findings.

To aid with the pond siting and to evaluate areas of the project with potential deleterious conditions, it may be warranted to perform limited test borings within the proposed roadway improvements and stormwater management areas to characterize the subsurface conditions. Areas with potential organic soils or areas identified as "Quartzipsamments" would be areas in which it may be warranted to evaluate for unsuitable subsurface conditions.

In advance of any potential geotechnical explorations, our team will prepare a plan for review by the County prior to commencing field activities. A "Call Sunshine" utility clearance will be completed after staking the test boring locations in the field.

Our team will prepare geotechnical reports, summarizing the subsurface explorations, and geotechnical plan sheets will be prepared to support the project with preliminary geotechnical recommendations to guide the design. If the 30% Design phase option is exercised, widely spaced borings along the proposed alignment and within the proposed stormwater management areas will be recommended to evaluate Seasonal High Groundwater levels and to evaluate areas potentially containing deleterious materials (muck or debris).

Natural Resources

When it comes to completing route studies with related environmental analysis and documentation, no other team can match the experience and in-depth resources of our team. We have decades of experience completing projects like this study for approval by FDOT and FHWA and will bring that expertise to the Pasco County project. Our knowledge of this process and understanding of requirements will help us successfully move this project through the environmental phase to the Design. Our team is well versed in the challenges that new alignment projects can bring. The next few sections will help highlight our experience and approach in addressing the different environmental needs to be addressed in this study.

ENVIRONMENTAL DOCUMENTATION

The KH team will prepare environmental reports that detail the existing conditions and potential impacts to the resources within potential alternative alignments. These standalone reports include the Natural Resources Evaluation, Contamination Assessment memorandum, Cultural Resources Assessment Survey, Noise Study, Drainage and pond siting evaluation, Typical Section Evaluation Memo, and Public Involvement Comments and Coordination Memo that will document the potential impacts based on the different alignment alternatives being considered. Additionally, as each discipline creates an individual report summarizing the findings, we will create the overall environmental document for the project which will be the Final Route and Pond Siting Analysis Study Report since no state or federal monies are designated at this time for this project. However, our team can easily switch the environmental report to a State Environmental Impact Report (SEIR) or an Environmental Assessment Report if state or federal funds become available for the project.

WETLANDS

The environmental landscape in this area of Pasco County is transitioning from primarily rural, undeveloped land to a mix of residential and commercial development. The proposed roadway alignment currently traverses largely undeveloped terrain, including the Cypress Creek Preserve (SWFWMD ELAMP), wetlands, agricultural lands, residential zones, the Cemex plant, and the expanding Connerton residential area. The segment from Ehren Cutoff south to Parkway Boulevard lies entirely within the Cypress Creek Preserve, which is jointly owned by SWFWMD and Pasco County through the ELAMP program. Coordination with both entities will be essential in evaluating alignment alternatives and addressing potential impacts to ELAMP lands, which may require compensatory land or mitigation.

Minimizing and avoiding wetland impacts will also be a priority as alignment alternatives are considered. The project corridor contains both forested and herbaceous wetlands of moderate to high ecological quality. It will be critical to identify which wetlands qualify as Waters of the United States (WOTUS) to ensure proper planning for federal permitting timelines. Any unavoidable impacts to wetlands will necessitate mitigation. This may include purchasing credits from an approved mitigation bank, creating or enhancing wetlands, or a combination of both. The project lies within the Hillsborough River Basin, where mitigation banks such as Hillsborough River MB, Wiggins Prairie MB, and Two Rivers Ranch MB offer credits for both herbaceous and forested wetlands at the state and federal levels. Purchasing credits is generally the most efficient mitigation method for maintaining the project schedule.

Given the extent of wetlands and the nature of the proposed new roadway, it is anticipated that the project will require a SWFWMD Environmental Resource Permit (ERP) and a U.S. Army Corps of Engineers (USACE) Section 404 permit. If WOTUS impacts are kept below 0.5 acres, the project may qualify for a USACE Nationwide Permit, potentially streamlining the permitting process during the design phase.

PROTECTED SPECIES

The project corridor lies within the U.S. Fish and Wildlife Service (USFWS) consultation area for the Florida scrub-jay. However, there is no indication of suitable scrub habitat in the area, and no sightings of this species have been reported. While the presence of the Florida scrub-jay is unlikely, our team of environmental biologists will assess the habitat during the field review to determine whether a formal survey is necessary. Other federally protected species with potential to occur in the area include the eastern black rail, tricolored bat, eastern indigo snake, and monarch butterfly. The eastern black rail has very specific habitat requirements, so the need for a species survey will depend on whether the field review identifies suitable nesting or foraging areas. Notably, the tricolored bat and monarch butterfly are currently proposed for listing by USFWS. Including these species in the initial review process will help avoid the need to revise the environmental documentation should they be officially listed in the future.

Florida sandhill crane

Gopher tortoise

Additionally, numerous state-listed species may be present in the project area. These include the Florida **burrowing owl**, **Florida sandhill crane**, least tern, **tricolored heron**, **little blue heron**, roseate spoonbill, **southeastern American kestrel**, Florida pine snake, short-tailed snake, and **gopher tortoise**. Of these, the most encountered species, highlighted in bold above, will require targeted surveys to assess potential project impacts. Previous fieldwork has identified gopher tortoise burrows within the project alignment, and a known wading bird rookery is located approximately 550 feet from the proposed roadway. Effective coordination with both USFWS and the Florida Fish and Wildlife Conservation Commission (FWC) will be essential to ensure all relevant environmental considerations are documented appropriately. The KH team will also assess multiple alignment alternatives, taking into account engineering constraints, environmental impacts, and cost. These findings will be summarized in an evaluation matrix to support informed decision-making.

Cultural Resources

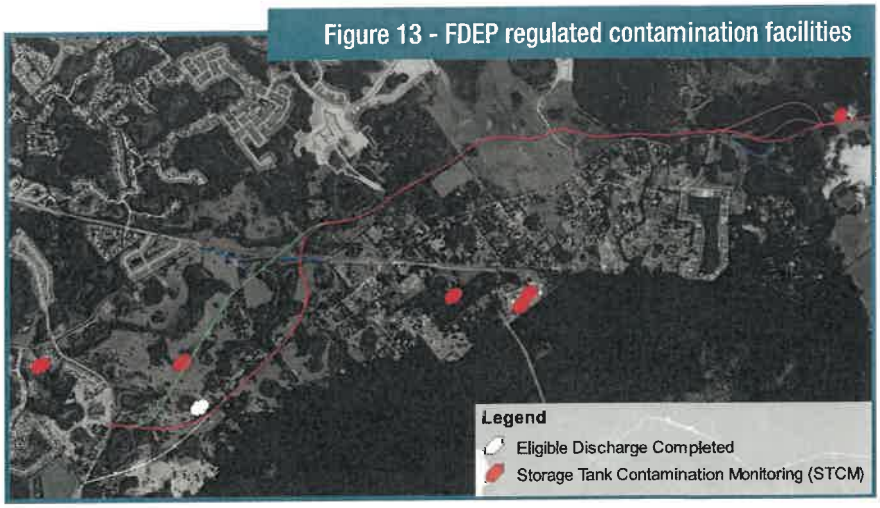
Our team will perform a Cultural Resources Assessment Survey (CRAS) and a Desktop Analysis of alternative alignments and the potential stormwater management facilities and floodplain compensation sites to evaluate the potential to impact cultural resources along our study alternatives. All work will be conducted in accordance with of the PD&E Manual and will be documented and coordinated with appropriate agencies. Our team of experts is comprised of professionals qualified and experienced in providing cultural resources services under the provisions of 36 CFR 61 in compliance with the National Historic Preservation Act of 1966, as well as with the provisions contained in Chapter 267, Florida Statutes. A 1A-32 Archaeological Research Permit from the Florida Bureau of Archaeological Research may be required to conduct a CRAS on portions of the alignment that cross state-owned lands. Additionally, our team includes former Florida SHPO compliance and federal Section 106 archaeologists, offering a unique and comprehensive understanding of the complex cultural resources regulatory framework to effectively support the study.

GPR/GEOPHYSICAL SURVEY APPLICATIONS

Our team recognizes the presence of historic cemeteries near our proposed alternative alignments which may require geophysical surveys to ensure impacts are avoided. Terrestrial field survey and recovery operations can use minimally or non-invasive geophysical survey techniques, such as ground-penetrating radar (GPR) and metal detectors to map the distribution of archaeological material across a site and provide information on site conditions, topography, and past and present land use. Geophysical surveys can also reveal information on the size, depth, and composition of subsurface features, including graves, archaeological features, and other subsurface disturbances. Modern disturbances, such as buried transportation or utility infrastructure can also be detected with geophysics instruments.

These geophysical techniques for archaeological surveys, investigations, and data recovery will be determined by the project's goals, research design, terrain, vegetation, project area accessibility, laws, and regulations. A 1A-32 Archaeological Research Permit may be required on state land to use GPR and metal detecting devices within a project area, but our team will work with the appropriate agencies to ensure a permit is issued to complete the work.

Although some of the potential corridor alternatives have been surveyed, a significant portion of the project corridor will require a CRAS. There are six archaeological sites, (8PA29, 8PA32, 8PA551, 8PA537, 8PA1365, 8PA530), one historic structure (8PA1707), and two historic cemeteries (8PA1994 & 8PA1995) previously recorded near the study area. Of the six known archaeological sites two (8PA29 & 8PA32) have not been formally evaluated for their significance and the rest were formally evaluated by the Florida SHPO as ineligible for the National Register of Historic Places (NRHP). Although the recorded historic structure (8PA1707) appears to have been destroyed, it remains within the Mt. Carmel Cemetery parcel. Our in-house cultural resources management staff will coordinate with the PD&E and design team leads to evaluate potential impacts and ensure these cemeteries are avoided and preserved.



Sociocultural

A Sociocultural Effects (SCE) Memorandum will also be prepared detailing minority and low-income populations, along with Limited English Proficiency populations that could be affected by the project. Utilizing a 1 mile buffer study area due to the project located within a rural area, there are several community facilities (Cypress Creek Preserve, Tampa Archery School, Tampa Bay Water Treatment Plant, Ehren Cemetery, Three Pines Preserve, and others which will be field verified), which will require consideration for potential impacts, including maintaining access during and after construction. The project will enhance mobility and therefore providing access to the plethora of community facilities will help encourage public support. Lastly, aesthetic affects and potential impacts on the surrounding communities viewshed is an important consideration as this a new roadway alignment. Meaningful public engagement will be critical throughout the PD&E Study for the successful outcome of the project, and all PI efforts will also be summarized in the SCE.

Contamination

Our team reviewed the FDEP's Map Direct database for regulated facilities within the Pasco County Parcels KMX file that was provided in the OneDrive. Only eight (8) registered tank sites were identified within those parcels. Two of the tank sites contained previous discharges that have received regulatory closure. The other sites are registered tank sites with no reported discharges. A full Contamination Screening Evaluation Report (CSER) will be completed to fully document these facilities and potentially others in accordance with PD&E Manual **(see Figure 13)**.

Figure 13 - FDEP regulated contamination facilities

Noise

Noise impacts from increasing capacity or changes in elevation are anticipated at nearby receptors and a Noise Study Report will document our findings to determine if noise abatement is required in sensitive areas adjacent to the limits of the study.

Permitting and Regulatory Agencies Coordination

Our team has a successful permitting and coordination history with local, state and federal agencies across multiple disciplines. We have developed strong relationships with staff at the USACE, SWFWMD, FDEP, USFWS, FWC and SHPO. We anticipate that the project will require a SWFWMD/FDEP Environmental Resources Permit and a USACE permit, along with coordination with USFWS, FWC and SHPO. Additionally, due to the level of potential involvement with protected species and cultural resources, coordination with USFWS, FWC and SHPO will be a critical component in receiving concurrence for the potential impacts from the preferred alignment as part of the final environmental document.

Public Involvement

We recognize that public involvement will be a major metric for measuring the success of this study and maintaining the project schedule. Our team's recent experience working in FDOT District Seven delivering Districtwide PD&E Support Services and currently working in Pasco and Hillsborough counties provides us with strong understanding of stakeholders, agencies, and the community to drive a compelling public involvement Plan. Additionally, our team provides ongoing enhancements of public involvement materials and processes to create a more consistent and clear message. We will be able to skillfully navigate the public involvement process to ensure the public remains informed of project development and the dialogue relevant to the Collier Parkway Extension study efforts. Working with the County staff, we will review recent public engagement materials for other projects in the area and collaborate to develop a specific public involvement plan seeking to build consensus and address the requirements of the route study process. Our team is prepared to support the County's formal and informal coordination with the public and local officials with both traditional and enhanced public engagement techniques.

PUBLIC INVOLVEMENT PROGRAM (PIP)

A PIP will be prepared to evaluate alternative alignments along the study corridor. Our team will develop customized community outreach and public involvement programs based on relevant stakeholders, area demographics, and the unique characteristics of local communities. Through public meetings, listening sessions, charettes, focus groups, mail-outs, websites, surveys/questionnaires, social media, project collateral materials, interactive activities, and visualizations, we will proactively communicate and connect with community members and stakeholders where they live, work, and play. Establishing positive stakeholder relationships, engaging local agencies, special interest groups, and community members early, and continuing public engagement throughout the study will be a key focus of public involvement.

Additionally, this corridor includes numerous residential communities along the proposed extension that include Outlaw Ridge, Bahia Acres, Green Briar, Willow Vista, Edgewood at Dupree Lakes, Sandpiper Cove at Sable Ridge, The Landings at Sable Ridge, Bradenwood at Sable Ridge, Sandpiper at Sable Ridge, Heron Point at Sable Ridge, Eaglecrest, ConnerHouse, Connerton, and Osprey Cove. Ehren Cemetery is also within the proposed extension. Stakeholders will include Land O' Lakes WWTP, Land O' Lakes Recreation Complex, Land O' Lakes Library, Crunch Fitness, Our Lady of the Rosary Church, Collier Commons Shopping Mall, and several other businesses.

WEBSITE DEVELOPMENT/TROUBLESHOOTING

Our team has extensive experience with all aspects of ADA compliant website design, development, launch and maintenance and is skilled with a wide range of web technologies, including HTML5, CSS3, JavaScript, PHP/MySQL, and ASP. They are up to date on the latest design technologies, such as responsive web design and adaptive images, and are familiar with various content management systems (CMS) including WordPress and Sitefinity. Valerin integrates social media, optimizes web content for use on mobile devices and applications, and follows the ADA/accessibility guidelines (WCAG 2.1 Level AA). The development team verifies cross-browser support and accessibility by using several accessibility remediation tools, including the JAWS Inspect and WAVE Web Accessibility Evaluation Tool.

SITE HOSTING ALTERNATIVES ANALYSIS

Site hosting requirements and associated costs are driven by such factors as storage capacity, SSL security, automatic backups, and peak traffic demands. Before recommending or selecting the site host, Valerin developers also consider performance reliability of the hosting service and shared versus dedicated needs for the website application.

WORDPRESS PATCHES AND UPGRADES

Our team's website developers have experience monitoring and maintaining hosting servers and WordPress websites for optimal site performance. Additionally, they utilize tools and additional security features to keep websites protected from external threats, allowing clients to focus on content, rather than the latest security vulnerability. Valerin web developers review and test updates and patches to WordPress plugins to verify their functionality and compatibility prior to installation. As new WordPress and/or UX/UI standards evolve, Valerin employs CMS best practices to maintain and improve the website design throughout the duration of the website maintenance cycle.

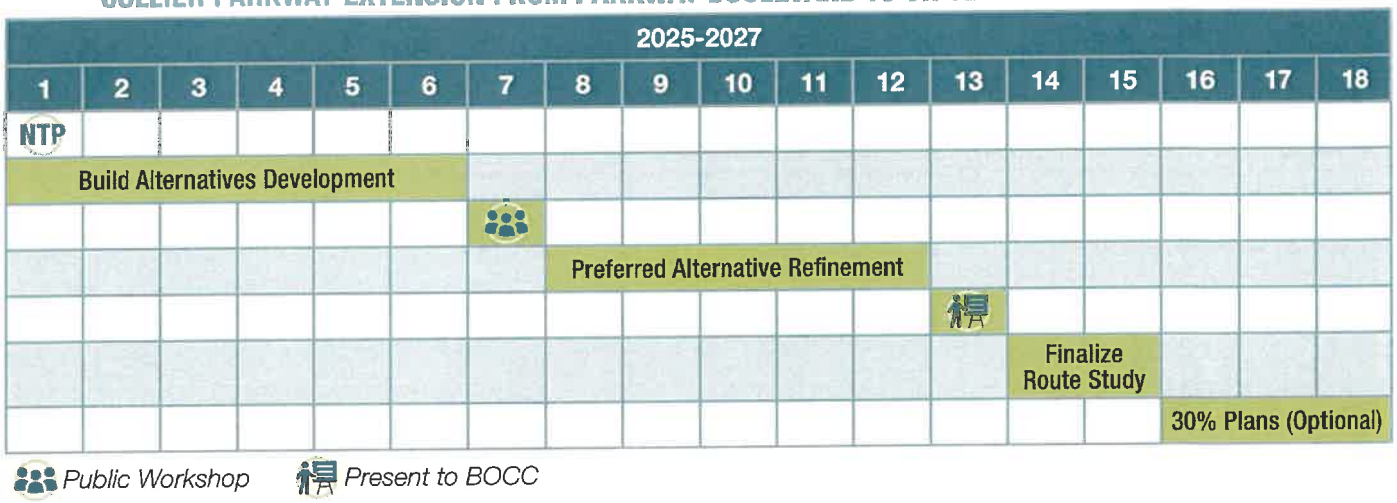
SOCIAL MEDIA

Our team has experience developing compelling content to engage communities and stakeholders and takes an integrated approach to develop social media campaigns that include a mix of quality content, graphics, and a consistent, strategically developed campaign schedule. Social media campaigns are consistent with other communications and messaging but enhanced to accommodate the two-way communication that makes up social media. Valerin's approach to social media strategy is built with seven keys to social media success and aligns social media content with a client's objectives, goals, and branding. The seven keys include:

- Step 1: Establish Social Media Mission, Goals, and Objectives
- Step 2: Perform Platform Audits
- Step 3: Develop Analytics Scorecard
- Step 4: Build Engaging Content
- Step 5: Develop Advertising and Promotion Plan
- Step 6: Engage with the Audience
- Step 7: Analyze Results and Optimize Campaigns

COLLATERAL/DOCUMENT/GRAPHICS DEVELOPMENT

Our team develops collateral pieces produced in both print and digital formats that are factual, informative, educational, and tailored to meet the specific needs and requirements of a project, program, campaign, or initiative. We have extensive experience working with complex ideas and concepts and "translating" them into easy-to-understand materials and in an appropriate voice that effectively communicates the client's message to the public.



LANGUAGE TRANSLATION

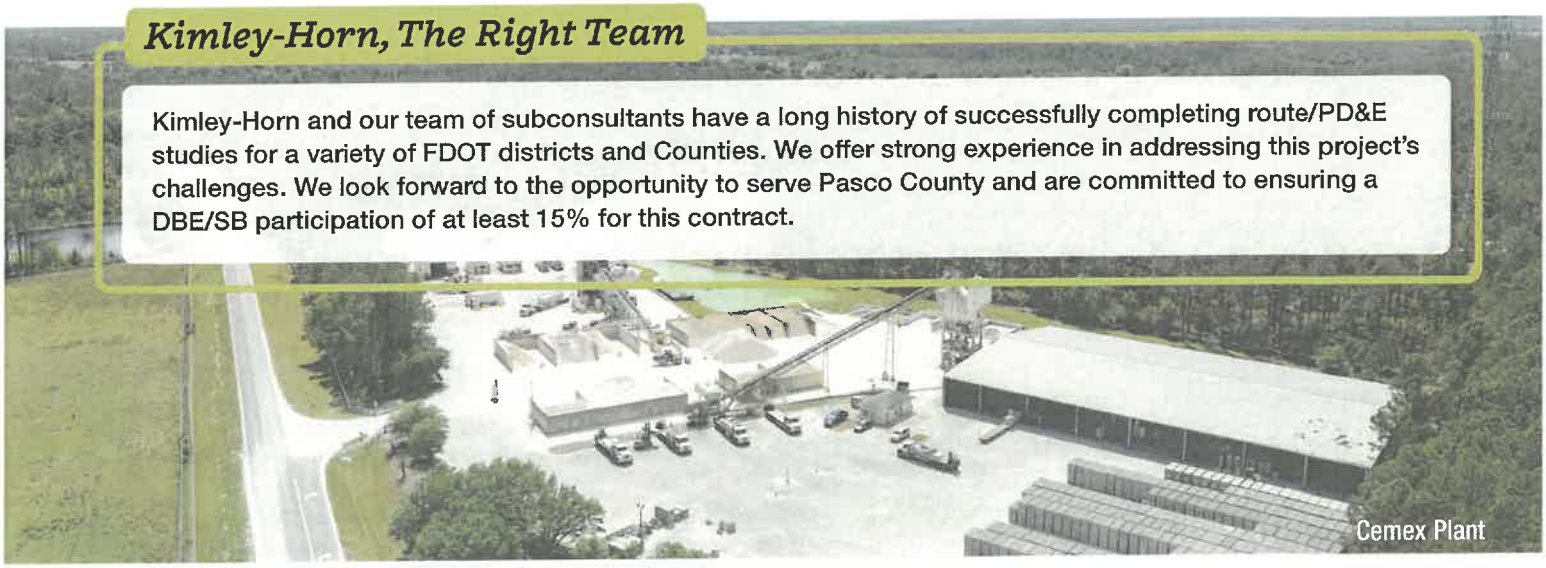
At the start of a project, our team will evaluate the percentage of individuals speaking English "less than very well" within a project area as determined by the EPA Environmental Justice (EJ) Screening and Mapping Tool. Those results, coupled with community research, will determine the need for Spanish translations. Should Spanish translations be warranted, our team has in-house resources who have written and produced numerous digital publications in English, Spanish, and Creole for a range of public sector clients. We also routinely provide Spanish translators/interpreters at public meetings and workshops.

Schedule

Our schedule will integrate the necessary subtasks to ensure the scope presented to the County includes input from all relevant disciplines. It will reflect a coordinated effort among disciplines, illustrating the relationships between successive subtasks and their predecessors. This coordination will provide our team with a clear understanding of the County's goals, objectives, deliverables, schedule, and budget and will establish a solid foundation for a comprehensive project work plan, identifying critical path elements and individual work group milestones.

COLLIER PARKWAY EXTENSION FROM PARKWAY BOULEVARD TO SR 52 ROUTE STUDY SCHEDULE

Quality Control



Kimley-Horn's QC/QA program is based on assigning experienced senior professionals to perform independent reviews of all deliverables. In addition to a five-step process for checking, back-checking, and verification on submittals, our team will also peer review subconsultant reports for consistency. Quality and attention to detail has contributed to our success on past projects.

Quality is one of the key attributes that has enabled KH to become one of the leading consulting firms in the country and it is essential to our continuing success. Our project manager and each task leader will provide careful, properly sequenced, and supervised production, offering continuous observation and guidance over each work element to ensure completion and accuracy. For this project, our internal QC/QA program will include:

- An internal kick-off meeting held with key team members assigned to the job to clearly define the scope, outline subtask responsibilities, establish schedules, and identify project milestones and goals.
- A QC/QA plan will be developed concurrent to the development of the scope which will identify QC/QA roles and responsibilities for each task and develop a timeline, so all reviews are scheduled prior to commencement of project. As part of the plan, a review template will be created which will allow for consistent documentation of all QC/QA reviews.
- At the end of each phase, a QC/QA review will be conducted as one of several final checks to make sure the project deliverable is not only technically correct but also consistent with your objectives.
- Any changes or modifications required to respond to the comments and recommendations of the quality control team will be incorporated during the ongoing analysis prior to submitting deliverables.

Kimley-Horn, The Right Team

Kimley-Horn and our team of subconsultants have a long history of successfully completing route/PD&E studies for a variety of FDOT districts and Counties. We offer strong experience in addressing this project's challenges. We look forward to the opportunity to serve Pasco County and are committed to ensuring a DBE/SB participation of at least 15% for this contract.

C

PROJECT TEAM AND PAST EXPERIENCE

TAB C. PROJECT TEAM AND PAST EXPERIENCE

Kimley-Horn's longstanding experience with similar projects and communities throughout Florida provides you with technical expertise, unmatched client services, and essential local knowledge. We are confident that our team's comprehensive range of services and extensive experience will prove invaluable to Pasco County for this effort. Our team members, including our subconsultants, have a history of successfully working together on similar projects, which strengthens our ability to produce optimal results.

Our project manager, **Alejandro Mendez, PE,** will oversee personnel assignments, scheduling, and budgeting. He brings knowledge in project management, concept development, roadway design and technical report preparation. Alejandro has over 18 years of combined experience in PD&E studies, roadway and highway design, and maintenance of traffic for the various phases of highway construction and site development. He will also leverage his considerable experience with local, state, and federal PD&E studies for multiple Florida Department of Transportation (FDOT) Districts and local municipalities. Alejandro has outstanding IT literacy with a strong ability to use various software packages relevant to the industry. He also has in-depth knowledge of codes of practice, design criteria, and standards of some governmental agencies such as the American Association of State Highway and Transportation Officials (AASHTO) Code and the FDOT Florida Design Manual (FDM). He will ensure each task has a qualified technical lead for day-to-day management by considering factors such as:

- **Technical Expertise.** Our Tampa-based team, supported by our Florida offices and national network, possesses the breadth and depth of knowledge and skills to handle any project aspect.
- **Resource Assignment.** Our project organization chart highlights the key personnel available for task assignments. If critical schedules demand it, we can seamlessly incorporate qualified individuals from our other offices.
- **Local Emphasis.** We prioritize the use of local expertise, with core team members based in the greater local Tampa Bay area, enabling quick responses to project tasks and enhancing overall efficiency.

All project assignments associated with this contract will be divided into understandable and manageable tasks. Each task item will include:

- Well-defined scope and clearly defined deliverables
- Start and finish dates with milestones to check progress
- Required staff and expected level of effort (staff hours)

Our project manager and task leads will conduct weekly project status and coordination meetings with internal and external team members. During these meetings, representatives will provide updates on completion status and identify areas requiring additional effort to ensure compliance with project schedules.

Acknowledging the critical role of effective communication, we prioritize clear and frequent communication among our team members and partners in the County. This emphasis is vital for the success of our clients and projects.

Kimley-Horn provides Pasco County with exceptional client service. Our focus extends beyond short-term results—we are committed to building a long-term relationship founded on trust, respect, and teamwork, aiming to assist the County in meeting the needs of your growing community. Beyond the services and expertise outlined in this proposal, we do not anticipate any unique issues or specific items of focus within the project scope.

SARAH JOHNSON, CE | DEPUTY PROJECT MANAGER PD&E

Sarah has more than more than 23 years of experience in managing and conducting public- and private-sector projects, biological assessments, wetland delineations, species surveys, mitigation, NEPA studies and documentation, geographic information system (GIS), photointerpretation, and related studies. Sarah has managed projects with entities such as private development, Southwest Florida Water Management District (SWFWMD), South Florida Water Management District (SFWMD), Hillsborough County Environmental Protection Commission (HCEPC), Florida's Turnpike Enterprise (FTE), Florida Department of Transportation (FDOT) Districts One, Seven, and Five, as well as numerous counties throughout central and south Florida. Sarah is proficient in local, state, and federal permitting requirements throughout Florida and the mitigation requirements for protected species and wetland impacts. Throughout her career, she has conducted protected species surveys for the Florida panther, crested caracara, Florida scrub-jay, red-cockaded woodpecker, snail kite, wood stork, Florid bonneted bat, tricolored bat, sand skink, West Indian manatee, Big Cypress fox squirrel, gopher tortoise, bald eagle, Florida sandhill crane, wading and shorebirds, southeastern American kestrel, and Florida burrowing owls.

ANDY GREGG, PE, RSP1, I DEPUTY PROJECT MANAGER DESIGN

Andy Gregg has 19 years of experience as an engineer and project manager providing for projects involving urban/suburban roadways, related to storm drain systems, and stormwater management facilities. His transportation knowledge, as a project manager, project engineer and design engineer, includes the design of roadway improvement projects for the Florida Department of Transportation (FDOT), Districts Two and Seven, and Hillsborough, Pasco, Polk, and Lee counties. These projects' scopes have included urban and suburban multi-lane designs, widening and resurfacing, and intersection improvement projects. His responsibilities in these ventures have included establishing horizontal and vertical geometry, storm drain system design, stormwater management facility design, environmental permitting, plans production coordination, and plan reviews.

GARY NADEAU, PE, I PRINCIPAL-IN-CHARGE

Gary has 34 years of experience providing roadway/drainage design, management, and construction oversight services for various transportation improvements ranging from resurfacing to major roadway reconstruction projects. During his career, he has designed over 300 miles of infrastructure improvement projects and brings a hands-on project management and design approach to every project assignment. Gary's areas of expertise include freeway and expressway detailed design, design supervision, bridge and highway design, highway and street drainage design, traffic control design, right-of-way assessment, construction observation, and project management. He specializes in resurfacing and rehabilitation projects and has a strong expertise in pavement rehabilitation strategies and design approaches. Gary is in the Tampa office, dedicated to developing partnerships with local government clients in the region.

LISA STONE, PE I QUALITY CONTROL MANAGER

Lisa has 29 years of experience including public involvement, utility coordination, transportation, PD&E, roadway design, plan preparation, maintenance of traffic, pavement design, roadway lighting design, signing and pavement marking, permitting, long range estimates, specifications, and post-design services. Lisa has served as public involvement task leader for several PD&E's/studies including the Turnpike Mainline Widening from Lake Worth to Jupiter PD&E Study and Design project for Palm Beach County; Archer Road PD&E Study for the City of Gainesville; Mainline Widening PD&E Study/Design and Osceola Parkway Extension PD&E Study. Her technical expertise is in highway and drainage projects, stormwater management plans and drainage studies, stormwater permitting, signing and pavement marking plans, utility coordination and design, and hydrology/hydraulic design and analysis. Lisa has managed projects for FDOT Districts Two, Three, Four and the Turnpike. She is also experienced in field inspections and quality control.

MICHAEL GARAU, PE I PD&E DOCUMENTATION/NEPA SUPPORT

Michael is a civil engineer with 23 years of experience on transportation projects. His primary practice area is on Project Development & Environment (PD&E) projects across Florida. He has served as project manager on various PD&E projects and prepared numerous engineering and environmental documents, including NEPA in accordance with state, federal, and DOT PD&E guidelines. Michael has experience implementing large-scale public involvement programs and managing public relations on controversial projects. He has also authored several technical documents and presented them before a variety of audiences, including agency staff and government bodies.

CRIS SCHOOLEY, PE, AICP I PD&E DOCUMENTATION/NEPA SUPPORT

Cris has 16 years of experience as a professional engineer and planner, bringing the knowledge of transportation planning, a vision, and engineering consulting for several completed projects. He has specialized training in the FDOT PD&E Manual, Advanced Work Zone Traffic Control, and FDOT specifications. Cris has managed PD&E projects for FDOT District One, Manatee County, Osceola County, and Orange County. Cris leverages his multidisciplinary background to develop innovative yet practical concepts that meet the project's purpose and need. His real strength is communicating trade-offs to stakeholders and decision makers to deliver a successful project.

TORI BACHELER, PWS I NATURAL RESOURCES/SOCIOCULTURAL

Tori has 13 years of experience working with state and federal agencies conducting endangered species surveys, delineating wetlands, designing wetland mitigation and restoration areas providing environmental documents compliant with the NEPA process, and permitting projects throughout Florida. She is also a Florida Fish and Wildlife Conservation Commission (FWC) certified gopher tortoise agent for surveying and backhoe excavation supervision. Her expertise includes conducting environmental assessments to determine potential listed species habitat and wetland habitat types to determine permitting implications. She also is an expert in permitting linear infrastructure including utility lines (aerial and underground) and roadways.

SHALEESE PITTERSON | PUBLIC INVOLVEMENT

Shaleese is a transportation planner with 7 years of experience performing public engagement services for the Florida Department of Transportation (FDOT) and municipal clients. She has led the efforts associated with preparing and executing virtual meetings and several virtual design workshops. Her experience includes managing and directing the project team, including subconsultant partners, to effectively plan public workshops and stakeholder meetings.

JEFF HEMPHILL, CNRP | NATURAL RESOURCES/SOCIOCULTURAL

Jeff has seven years of experience working in environmental regulatory compliance. As a wildlife biologist, he has conducted numerous wildlife surveys, habitat analyses, threatened and endangered species evaluations, and served as the environmental monitor for multiple projects. He has experience performing natural resource assessments, Section 404 jurisdictional determinations, 62-340, F.A.C. Wetlands and Surface Water Delineations, regulatory agency permit applications with water management districts and the U.S. Army Corps of Engineers and developing environmental documentation through the NEPA process. Jeff also has experience in geographic information systems including data collection, geographic analysis, information conversion, and cartographic display. He is proficient in the use of Environmental Systems Research Institute (ESRI) GIS applications and extensions.

TAD HARDY, PE | NOISE ANALYSIS

Tad is a transportation engineer specializing in the analysis and modeling of noise and noise mitigation measures. He has been involved in the study of a variety of private development projects ranging from residential communities to industrial complexes and renewable energy projects. Tad also helps review and implement various noise abatement measures, when applicable, for many projects and understands the need to balance the function and budget for many types of abatement recommendations. He has also successfully completed the National Highway Institute Highway Traffic Noise and FHWA TNM 2.5 courses and has provided noise data collection and analysis services for hundreds of projects across the Nation. He is proficient in the use of GIS and noise modeling software, including ArcMap, TNM 2.5, and SoundPLAN.

JEFFREY SHANKS | CULTURAL RESOURCES

Jeffrey has been a professional archaeologist for over two decades, working in Italy, Greece, Ukraine, the Caribbean, and the southeastern United States. His expertise lies in archaeological survey and site investigation, cultural resources monitoring and mitigation, and historic preservation. Jeffrey helps federal agencies, state and local governments, and private sector clients meet compliance requirements for NEPA, NAGPRA, ARPA, and Sections 106 and 110 of the NHPA. For seven years, Jeff worked primarily as a project manager, supervisor, and principal investigator for the Southeast Regions Archaeological Assistance Program AAP. In this role, he developed and facilitated many formal partnerships with federal agencies, state and local governments, and non-profits to provide technical assistance for cultural resources and historic preservation. During this time, Jeffrey was honored with multiple national and regional awards, including the NPS 2023 John L. Cotter Award and the USFS Chiefs Award. Jeffrey has also been published in more than 20 research papers, reports, and print publications.

CHRIS HUNT, PHD, RPA | CULTURAL RESOURCES

Chris has over ten years of experience as a professional archaeologist with proficiency in professional archaeological principles, methods, materials, and practices. He is adept at federal, state, and local laws, regulations and ordinances pertaining to archaeological resources and historic preservation, including Sections 106 and 110 of the NHPA, NEPA, ARPA, and NAGPRA. Chris has provided federal and state historic preservation consultation and spent more than three years at the Florida Division of Historical Resources as a regulatory archaeologist in the Compliance and Review section as the reviewer of record on state and federal permit actions; including NEPA, ESA, FAA and FDOT projects. Chris has coordinated with government agency representatives, cultural resource project managers, tribal agencies, and stakeholders to resolve outstanding issues and mitigate adverse impacts to cultural resources while maintaining compliance with federal, state, and local laws.

BILL SPINNER, PG | CONTAMINATION

Bill has 20 years of experience with conducting and managing assessment and remediation projects involving brownfield sites, hazardous waste, industrial waste, petroleum contamination, and regulatory reporting. He is experienced with environmental compliance, RCRA, CERCLA, and state hazardous waste and petroleum

cleanup programs. He has conducted several Phase I and II environmental site assessments on commercial and industrial facilities. For force main projects for Manatee County, Bill completed preliminary reviews of environmentally impacted properties during the due diligence phase of pipeline installation activities and used this information to focus the pipeline route without affecting environmentally impacted sites along the route. Additionally, Bill provided contamination support for FDOT District Five for NEPA related projects.

SHARI BARNWELL, PE | ENGINEERING ANALYSIS/ROADWAY/SAFETY DESIGN

Shari has 27 years of experience in the civil engineering field, including five years with the Florida Department of Transportation (FDOT), District Seven in Project Management. Her experience includes roadway reconstruction and roadway widening capacity improvement projects, roadway milling and resurfacing projects and enhancement projects including multiple trail design projects. She has also managed many District-wide contacts and is experienced in handling public involvement activities, access management and addressing public concerns.

JORDAN WALKER, PE |ENGINEERING ANALYSIS/UTILITIES & WATER

Jordan is a water resources engineer with 13 years of experience. Jordan's technical experience includes design, permitting, and construction of water and wastewater collection, transmission, treatment, and disposal systems. Jordan is knowledgeable with permitting through all agencies, including FDEP, SWFWMD, FDOT, and ACOE and provides construction phase services, including contractor solicitation, bid analyses, management recommendations, site construction management, and quality control. In addition to design and construction projects, Jordan has planning experience including Capacity, Management, Operations and Maintenance (CMOM) development, hydraulic modeling, water and wastewater master planning, inflow and infiltration studies, and asset management program development. Jordan is proficient in Revit, AutoCAD Civil 3D, ArcGIS (ArcInfo), WaterCAD, SewerCAD, WaterGEMS, SewerGEMS, InfoWater, InfoWorks ICM, MODFLOW, ICPR, HEC-RAS, HEC-HMS, BioWin, Visual Basic, and Microsoft Office.

NICK PROVENZO, PE | ENGINEERING ANALYSIS/ROADWAY/SAFETY DESIGN

Nick has more than a decade of experience serving municipal and private clients providing transportation design services. His experience includes safety studies, lighting design, ITS, signing and pavement marking, roadway design, and construction phase services for similar projects. His design experience includes signals, signing & pavement markings, intersection design, pedestrian and shared use path design, and MOT plan development. This work includes collaborations with FDOT Districts One, Four, Six and Seven, and other major stakeholders and municipalities.

DEBRORAH KNIGHTON, PE | DRAINAGE/STORMWATER DESIGN

Deborah has 28 years of experience as a Civil Engineer specializing in drainage and stormwater management, primarily with consulting firms working on FDOT and municipal roadway projects. Design expertise includes stormwater modeling (ICPR, MODRET) stormsewer conveyance systems (GEOPAK Drainage), underground stormwater management systems, wet and dry retention and detention ponds, closed basin design, design high water analysis, cross drain analysis, bridge hydraulics (HEC-RAS), scour analysis (HEC-18), and floodplain analysis. Types of projects include roadway reconstruction, ramp improvements, interstate, new alignment expressway, intersection improvements, drainage improvements, erosion remediation, flood studies, pond siting studies, bridge hydraulics studies, sidewalks and trails, subdivision drainage, outfall ditches, bridge culverts, cross drain and side drain replacements, and drainage complaints. Deborah has extensive experience reviewing drainage plans and documentation for FDOT transportation projects and civil site plans as an extension of the FDOT staff.

BARRY SWITZER, PE | DRAINAGE/STORMWATER DESIGN

Barry has 35 years of experience in highway drainage design, stormwater management system design, environmental permitting, and hydraulic studies. He has served as a senior drainage engineer for a wide range of transportation-related projects across Florida for various clients including the Florida Department of Transportation (FDOT) Districts One, Two, Three, Four, and Five; Orange, Seminole, Lake, Osceola, and Volusia Counties; Central Florida Expressway Authority (CFX, formerly OOCEA), Cities of Orlando and Deltona; and the Florida Department of Environmental Protection (FDEP).

ANDREW STASTNY, PE, PTOE, RSP21 | TRAFFIC ANALYSIS/ENGINEERING; SIGNALS

Andrew has 17 years of transportation engineering design and project management experience. His design work includes traffic signal, lighting, signing, and pavement marking, maintenance-of-traffic, and ITS design assistance. His technical analysis and studies experience includes PD&Es, transportation planning studies,

traffic signal warrant studies, safety studies, corridor studies, roundabout analyses, traffic operations studies, circulation studies, roadway studies, traffic impact studies, traffic memorandums, traffic-calming studies, cut-through traffic analyses, and neighborhood traffic studies. Andrew has obtained a broad range of experience in design work, studies, project management, and technical writing. His design work includes traffic signal, lighting, signing and pavement markings, maintenance-of-traffic design, and assistance with ITS design.

BASIT ALI, PE | TRAFFIC ANALYSIS/ENGINEERING; SIGNALS

Basit has over six years of experience assisting traffic operations, intersection, and roadway corridor analysis projects, with an emphasis on safety. His design work includes traffic signals, intersection and corridor analysis and ITS design assistance. He is proficient with a number of software programs for transportation projects including MicroStation, SYNCHRO, SIDRA, and HCS\Working.

MASON HOKE, EI | TRAFFIC ANALYSIS/ENGINEERING; SIGNALS

Mason is a Design Analyst with three years of experience for traffic and transportation projects and roadway improvement projects within the Tampa Bay area. Mason also has experience with rural roadways, and urban environments. His experience includes feasibility studies, preliminary engineering reports and construction phase services.

JOSEPH ROBERTS, PE | STRUCTURES

Joseph has 14 years of experience in structural engineering with a focus on the design and analysis of superstructures and substructures of a wide range of bridge types. Superstructure design experience includes post-tensioned concrete U-beams, variable haunch prestressed concrete beams, steel plate girders, Florida-I beams, AASHTO beams, and cast-in-place flat slabs. Substructure design experience includes post-tensioned inverted-T straddle bent piers, conventional reinforced concrete piers, pile bents, and piers subject to ship impact. Other specialties include the design of mast arms, cantilever signs, drilled shafts, box culverts, sheet pile and MSE wall design, bridge load ratings, and shop drawing reviews.

NOLAN VILLATORO, PE, FRSE | STRUCTURES

Nolan has ten years of experience as a structural engineer with experience in analysis and design of superstructures and substructures in a wide variety of bridge types. His additional experience includes box culvert design and extension, MSE wall design, C-I-P cantilever retaining wall, mast arm design, strain pole design, and load rating bridges. He is experienced in several forms of technical software including Leap Openbridge, Leap Concrete, Leap Steel, Microstation, Risa-3D, STADD, and Revit. Nolan is an active member of American Society of Engineers (ASCE) and Society of Hispanic Professional Engineers (SHPE). Nolan is a Florida Board Recognized Structural Engineer (FRSE), as of October 25, 2024.

Subconsultants

Kimley-Horn's emphasis on dynamic teamwork and quality performance serves as the foundation from which we select our subconsultant partners. We work diligently to pursue firms who are respected and accomplished in their respective fields and demonstrate enthusiasm to be a part of our team and serve their local community. We pursue subconsultants we have worked with in the past and have proven their ability to perform up to the standards we expect. Kimley-Horn believes we have a responsibility to provide the best possible client service to you as your consultant and we expect the same level of commitment from each of our subconsultants.

Kimley-Horn is not a minority business enterprise however, our firm is committed to providing opportunities for Minority, Women, and Disabled Veteran Business Enterprises (M/W/DBE) firms and through corporate policies and philosophy, the firm actively seeks to encourage and promote the use of these firms. Kimley-Horn has a recognized record of accomplishment of meeting or exceeding our clients' stated minority business participation goals where stated and strives to engage minority businesses in each of our assignments.

Kimley-Horn understands there is no specific DBE contract goal which may be applied to this project. Much like the County, Kimley-Horn is committed to supporting the identification and use of DBEs and other small businesses.

In 2024, total payments made to disadvantaged firms were **18.72%** of all project fees. In 2023, Kimley-Horn received a DBE utilization grade of **A+** with a **19.48% DBE utilization on 46 projects.**

THE VALERIN GROUP, INC. | PUBLIC INVOLVEMENT

Create • Communicate • Connect

The Valerin Group, Inc. (Valerin) is a woman-owned, full-service strategic communications firm that specializes in providing public involvement, community outreach, marketing, event planning and facilitation, graphic and website design, visualizations, multimedia, drone, and bilingual services. Valerin's approach to working with the project team and Pasco County is quite simply to act as a trusted partner that understands the overall communication goals and objectives of this project and will effectively support the communications and public involvement needs for the organization's general planning services. Valerin has a full complement of technical and communications tools, a deep bench of local resources and the ability to manage and deliver a complete range of communications, marketing, public engagement and creative tasks and services. Valerin excels in communication materials that educate, promote, and inform using appropriate graphics, messaging, and understandable presentations. **The Valerin Group Inc. is a certified Women Business Enterprise (DBE/SBE/WBE).**

ADAMS TRAFFIC, INC. | TRAFFIC DATA COLLECTION

Adams Traffic, Inc.
Traffic Data Collection Services

Adams Traffic has provided traffic data collection services in Florida for over 22 years. AT serves as the traffic data collection subconsultant on numerous local, municipal and FDOT districtwide contracts including traffic and safety studies, statistics annual counts, signal retiming, and PD&E studies. Data is collected by experienced staff utilizing high quality equipment including 65 machine traffic counters, 30 video camera systems, and 30 turning movement count boards. AT staff are both knowledgeable of data collection standards and committed to accurate traffic counts on schedule. **Adams Traffic is a certified DBE/SBE with FDOT and a certified WBE & SBE with Hillsborough County and the City of Tampa.** Recent work for Pasco County includes:

- Overpass Road from Boyette Rd to US 301
- Tower Road Route Study & Pond Siting Analysis Report
- Grand Boulevard/CR 595 Bridge over Pithlachascotee River under Continuing Miscellaneous Professional Engineering Services contract

ALFKA, LLC | UTILITY COORDINATION

AlfKa

AlfKa specializes in comprehensive utility coordination services, with a proven record of accomplishment supporting transportation and infrastructure projects across Pasco County and beyond. Our team is experienced in engaging Utility Agency Owners (UAOs), developing Utility Contact and Conflict Matrices, and facilitating timely coordination throughout all project phases. We emphasize early utility identification, proactive communication, and thorough quality control to minimize conflicts and ensure smooth integration with construction schedules. AlfKa's approach prioritizes collaboration, clear documentation, and responsiveness to evolving project needs, resulting in streamlined utility coordination that supports successful project delivery. **AlfKa, LLC is certified DBE/MBE in the state of Florida.**

AMERICAN ACQUISITION GROUP, LLC (AAG)| ROW ACQUISITION SERVICES

AAG
A CLS COMPANY

Established in 1993, AAG is a full-service right of way firm providing acquisition, relocation and appraisal services for numerous public, semi-public and private sector clients throughout the southeastern U.S. for transportation, pipeline, and utility right of way projects. Our services include program management, PD&E cost estimating, title, eminent domain appraisal, appraisal review, acquisition negotiations, relocation assistance, business damage evaluation and negotiation, eminent domain suit preparation and suit styling, property management (including surplus property disposition), and expert witness testimony, all in compliance with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended (URA). AAG is responsible for over 7,500 acquisitions and relocations valued at more than $500 million since it was established and a member in good standing with the International Right of Way Association and the Right of Way Consultants Council. Similar projects in Pasco County include:

- Sheik Island Appraisal Review
- Curry Property Appraisal Review
- Cadrecha Property Appraisal Review
- Sanctuary Farms Property Appraisal Review
- Wood Property Appraisal Review
- Crawford Property Appraisal Review
- Blackwell Appraisal Reviews
- Stagecoach Ranch Appraisal Reviews

SAM SURVEYING AND MAPPING, LLC (SAM) | ROLE

SAM offers a complete suite of Managed Geospatial services emphasizing Transportation and Municipal related Surveying services, providing a reliable foundation for transportation projects across Florida. Our land surveying capabilities are supported by the most advanced technology in the industry, including high-density terrestrial static, terrestrial mobile, and airborne lidar solutions that collect detailed data and high-quality imagery. SAM is a subconsultant providing Surveying, Mapping, and SUE Services to multiple engineering firms that have contracts with Pasco County.

SOUTHEASTERN ARCHAEOLOGICAL RESEARCH, LLC (SEARCH) | CULTURAL RESOURCES & GEOPHYSICAL SERVICES

Southeastern Archaeological Research, LLC (SEARCH) is a Delaware limited liability company founded on the principles of sound research and quality service. SEARCH, a CLS company, has continuously expanded its personnel, services, and geographic reach and is now part of one of the largest independent providers of land and infrastructure consulting services in the United States. SEARCH's staff are cultural resource industry leaders, pioneers, and subject matter experts across 45 Market, Regional, and Research Sectors. Since 1993, SEARCH has completed more than 5,000 commercial and government projects in 48 US states, 6 US territories, and 39 countries spanning 7 continents and 4 oceans. By integrating science, technology, and creativity, SEARCH harnesses the power of the past to advance the projects, places, and people it serves. Recent work in Pasco County includes:

- **Phase I Cultural Resource Assessment Survey** in Support of the Eglin AFB Gulf Range Enhancement (GRE) Project at Four sites in the Gulf of Mexico, Franklin, Monroe, Pasco, and Sarasota Counties
- **Cultural Resource Assessment Survey Update** for US 41 (SR 45) from Connerton Boulevard to South of SR 52 Stormwater Management facilities
- **Phase II Archaeological Testing of Site 8PA02993** for the Overpass Road and I-75 Interchange Re-Evaluation

TIERRA, INC. (TIERRA) | GEOTECHNICAL SERVICES

Tierra, Inc. (Tierra) began operations in Florida in May 1992 and has offices in Tampa, Winter Garden, and Pensacola, Florida. Our staff of 200 professionals includes principal engineers and technicians with experience ranging from entry level to over 30 years providing geotechnical engineering, contamination assessments and field and laboratory construction materials testing and inspection services. Tierra personnel have significant geotechnical experience in the project vicinity and have been involved in numerous projects throughout Pasco County. Tierra is currently providing geotechnical services for the following important Pasco County roadway projects:

- Overpass Road from East of Boyette Road to US 301 (CIP No. 10091.1)
- Ridge Road Extension Phase 2B (CIP No. C6687.04)
- Overpass Road/I-75 Interchange (FDOT District 7)
- Old Pasco Road from N/ of Deedra to N. of Overpass Road (CIP No. 21016)

Corporate Organization

Kimley-Horn and Associates, Inc. is wholly owned by Associates Group Services, Inc. which is wholly owned by APHC, Inc. APHC Inc. is owned by individuals that are Kimley-Horn employees. Kimley-Horn has a unique philosophy on corporate ownership, as our project managers and other team members own the company. Our company is a privately held, employee-owned corporation with ownership shared among employees. Our employee-owners are the company's sole stockholders and the professionals who directly serve our clients. The firm's operations are not influenced by non-employee owners whose interests may conflict with client service. Since ownership is spread among key professionals, and no single individual or small group owns a controlling interest in the firm, the company is positioned for long-term stability.

Kimley-Horn is divided into 10 geographic regions. Each region is managed by a team of representatives from production, marketing, administration, and practice building. Setting overall direction and policy is the firmwide management committee—also composed of representatives from production, marketing, administration, and practice building—which assists the regional teams, as needed. The primary responsibility of the regional teams and management committee is to provide support to our project managers, who are responsible for every facet of a project from beginning to end—contracting, planning, scheduling, quality control, and client contact and service.

Our corporate structure at Kimley-Horn is such that our offices do not "compete" with one another for work or resources—meaning our firm's national expertise is accessible to our local team to serve you in the highest capacity. **For Pasco County, this translates to precise and cost-effective coordination, deep resources, and the best possible team.**

E. RESUMES OF KEY PERSONNEL PROPOSED FOR THIS CONTRACT

(Complete one Section E for each key person.)

12. NAME	13. ROLE IN THIS CONTRACT	14. YEARS EXPERIENCE	
Alejandro Mendez, PE	Project Manager	a. TOTAL 18	b. WITH CURRENT FIRM 2

15. FIRM NAME AND LOCATION *(City and State)*
Kimley-Horn and Associates, Inc. - Tampa

16. EDUCATION *(Degree and Specialization)*	17. CURRENT PROFESSIONAL REGISTRATION *(State and Discipline)*
MS, Engineering Management; BS, Civil Engineering, University of South Florida, AS, Engineering, Saint Petersburg College	Professional Engineer in FL #77055

18. OTHER PROFESSIONAL QUALIFICATIONS *(Publications, Organizations, Training, Awards, etc.)*
Organizations: American Society of Civil Engineers **Certifications:** Advanced Maintenance of Traffic, FHWA Traffic Noise Model 2.5/Traffic Noise Fundamentals; **Areas of Specialization:** PD&E Studies, Engineering Analysis and Documentation, Conceptual Plans, Roadway Design, Site Development, Horizontal/Vertical Design, Project Management/Coordination, Plans Review

19. RELEVANT PROJECTS

a.

(1) TITLE AND LOCATION *(City and State)*: **PD&E Widen Suncoast Pkwy (SR589) - S of Van Dyke Rd To SR52 (MP13-29), Wesley Chapel, FL**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: 2023-Ongoing; CONSTRUCTION *(If applicable)*:

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — X Check if project performed with current firm

Project engineer for this PD&E study to evaluate alternatives for the widening of the Suncoast Parkway from south of Van Dyke Road to north of SR 52, approximately 16 miles. Improvements to the existing interchanges within project limits have been evaluated with alternatives for new interchange access locations. Suncoast Parkway is currently a four-lane (two lanes in each direction) limited access facility, and the study evaluates alternatives of three general toll lanes in each direction for the project limits. Project cost:$3M

b.

(1) TITLE AND LOCATION *(City and State)*: **Fort Hamer Road and Bridge PD&E Study and Final Design, Bradenton, FL**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: 2023; CONSTRUCTION *(If applicable)*: Est. 2026

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — X Check if project performed with current firm

Project engineer for the PD&E study and final design for widening four miles of the existing two-lane Fort Hamer Road to four lanes from Upper Manatee River Road to US 301. The scope of services included an evaluation of the traffic needs, intersection control evaluations, pond siting, bridge analysis, bridge hydraulics, contamination screening, natural resource evaluation, cultural resource assessment, and public involvement to FDOT standards. The PD&E study was conducted to maintain federal funding eligibility for future phases. The goals addressed the capacity and transportation demand of the corridor while enhancing safety conditions and better accommodating multimodal activity. Environmental tasks include wetland delineation, wetland assessment, protected species assessment, seagrass surveys, mitigation evaluation, environmental documentation, permitting, and agency coordination. Project cost: $13.6M

c.

(1) TITLE AND LOCATION *(City and State)*: **FDOT District Three US 90 Trail PD&E, Tallahassee, FL**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: Ongoing; CONSTRUCTION *(If applicable)*:

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — X Check if project performed with current firm

Project engineer providing a PD&E Study for SR 10 (US 90) in Leon County, to consider a planned multi-use trail as discussed in the previously conducted Feasibility Study by the CRTPA. The trail limits of the project are SR 10 US 90) from Pedrick Road to the Jefferson County Line and will be adjusted as needed. This project will be conducted in three phases. This project will assess and analyze the impact on the social, economic, cultural, natural, and physical environment, of the corridor to devise alternatives for a location and design concept in accordance with FDOT policy, procedures, standards, and requirements. Project cost: $1.2M

d.

(1) TITLE AND LOCATION *(City and State)*: **River Road Widening E. River Road to US41 (Phase 1&2), West Villages Improvement District, Sarasota**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: Ongoing; CONSTRUCTION *(If applicable)*:

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — X Check if project performed with current firm

Project engineer for the task assignment on the West Villages Master Agreement. Phase 1 services including the engineering and design to widen River Road from a 2-lane rural roadway to a divided 4-lane sub-urban roadway from Winchester Blvd to US 41 for a distance of 4.1 miles. The roadway will transition traffic to a new intersection to accommodate access required for a new school. Phase II will then transition into a portion of the same roadway. Environmental documentation is required to satisfy a HUD grant and a 404 permit with anticipated submittal to USACOE. Project cost: $4.8M

e.

(1) TITLE AND LOCATION *(City and State)*: **Winchester Boulevard Widening, West Villages Improvement District, Venice, FL**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: Ongoing; CONSTRUCTION *(If applicable)*:

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — X Check if project performed with current firm

Project engineer for the civil engineering and landscape architectural services for the roadway improvements needed for the hurricane evacuation route providing access for Sarasota, Charlotte, and Lee Counties. The widening includes design, permitting and construction documents for the widening of Winchester Blvd. from a 2-lane rural roadway to a 4-lane suburban roadway for 3.25 miles along the Charlotte County line to prospect Avenue. The project includes 2 12 ft. southbound travel lanes, a 22ft. median, paved shoulder, multiuse path, and drainage features along the corridor. Project cost: $2.2M

19. RELEVANT PROJECTS

a.

(1) TITLE AND LOCATION *(City and State)*: **PD&E and Engineering & Design Services for Nova Road (CR532) Widening from US 192 to Future Sunbridge Parkway, Osceola County, FL**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: 2025 | CONSTRUCTION *(If applicable)*:

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — X Check if project performed with current firm

Environmental Scientist. Osceola County selected Kimley-Horn to provide engineering and design services for the PD&E study for Nova Road Widening. Project limits extend from US 192 to the future Sunbridge Parkway, with a total length of approximately 4.7 miles. Kimley-Horn will provide an alternatives evaluation for the construction of a four-lane divided roadway with multimodal accommodations, associated drainage improvements and storm water ponds, as well as upgrading the Intelligent Transportation Systems (ITS), modification/replacement of two bridges over the canal system, and street lighting. Kimley-Horn will perform the final design phase based on the preferred alignment selected in the study. Environmental tasks included wetland assessments, mitigation assessments, habitat assessments for protected species, Natural Resources Evaluation documentation, and agency coordination. Project cost: $870K

b.

(1) TITLE AND LOCATION *(City and State)*: **Fort Hamer Road and Bridge PD&E Study and Final Design, Bradenton, FL**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: 2023 | CONSTRUCTION *(If applicable)*: Est. 2026

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — X Check if project performed with current firm

Environmental Scientist. Kimley-Horn was the prime consultant for the PD&E study and final design for widening of the existing two-lane Fort Hamer Road to four lanes from Upper Manatee River Road to US 301, approximately four miles, within unincorporated Manatee County. The scope of services included an evaluation of the traffic needs, intersection control evaluations, pond siting, bridge analysis, bridge hydraulics, contamination screening, natural resource evaluation, cultural resource assessment, and public involvement to FDOT standards. This project addresses the corridor's capacity and transportation demand while enhancing safety conditions to accommodating multimodal activity within the area. Environmental tasks included wetland assessments, mitigation assessments, habitat assessments for protected species, Natural Resources documentation, State Environmental Impact Report, coordination with FDOT, and agency coordination. Project cost: $13.6M

c.

(1) TITLE AND LOCATION *(City and State)*: **PD&E Widen Suncoast Pkwy (SR589) - S of Van Dyke Rd To SR52 (MP13-29), Wesley Chapel, FL**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: 2023-Ongoing | CONSTRUCTION *(If applicable)*:

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — X Check if project performed with current firm

Environmental Scientist Kimley-Horn is conducting a PD&E study to evaluate alternatives for the widening of the Suncoast Parkway from south of Van Dyke Road to north of SR 52, approximately 16 miles. Improvements to the existing interchanges within project limits have been evaluated with alternatives for new interchange access locations. Suncoast Parkway is currently a four-lane (two lanes in each direction) limited access facility, and the study evaluates alternatives of three general toll lanes in each direction for the project limits. Project cost:$3M

d.

(1) TITLE AND LOCATION *(City and State)*: **Thompson Nursery Road PD&E, Widening and Extension, Polk County, FL**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: 2022-0ngoing | CONSTRUCTION *(If applicable)*:

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — X Check if project performed with current firm

Environmental Scientist. Kimley-Horn is providing roadway design and environmental services for Polk County's Thompson Nursery Road Extension. Our services include providing species survey for the crested caracara, Florida bonneted bat, and southeastern American kestrel. Following the surveys, Kimley-Horn will summarize the results in a report. Kimley-Horn was also responsible for setting wetland lines and submitting the permitting applications to the SWFWMD and FDEP. Environmental tasks included wetland delineations, wetland assessments, mitigation assessment, protected species surveys for the sand skink, crested caracara, Florida bonneted bat, and southeastern American kestrel, permit documentation, and agency coordination. Project cost: $6.2M (utilizing state funding for the PD&E phase)

e.

(1) TITLE AND LOCATION *(City and State)*: **Space Coast Trail PD&E Study, FDOT District Five**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: 2020 | CONSTRUCTION *(If applicable)*:

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — X Check if project performed with current firm

Environmental scientist. for the PD&E study to incorporate more than 30 miles of trails on federal lands within the Merritt Island National Wildlife Refuge (MINWR) and Canaveral National Seashore (CANA). Study includes extensive coordination with the U.S. Fish and Wildlife Service (USFWS), National Park Service (NPS), and National Aeronautics and Space Administration (NASA). This PD&E study involves the preparation of an Environmental Assessment for USFWS and NPS signature in addition to a State Environmental Impact Report (SEIR) for District Five signature. Project cost: $2.5M

19. RELEVANT PROJECTS

a.

(1) TITLE AND LOCATION *(City and State)*: **Lena Road from North of 44th Avenue East to SR 64, Manatee County, FL**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: 2025 | CONSTRUCTION *(If applicable)*:

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — x Check if project performed with current firm

Project engineer for the coordination of the Lena Road improvements provides important connectivity to the surrounding area through SR64 and 44th Avenue East and improves traffic safety and patterns. The Lena Road improvements consist of an urban closed-drainage two-lane roadway with a center turn lane through the industrial area and a single lane roundabout to provide traffic calming along the corridor. Other key features of the corridor included increased multi-modal connectivity by way of adjacent sidewalk and multi-use paths and roadway lighting. The Lena Road improvements are primarily within an existing roadway corridor, and the additional missing segment connecting the northern segment to the 44th Avenue East roadway will provide a key link in the Lena Road corridor from SR-64, and SR-70, east of I-75. Project Cost: $3.6 million

b.

(1) TITLE AND LOCATION *(City and State)*: **Fort Hamer Road and Bridge PD&E Study and Final Design, Bradenton, FL**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: 2023 | CONSTRUCTION *(If applicable)*: Est. 2026

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — x Check if project performed with current firm

Project engineer for the PD&E study and final design for widening four miles of the existing two-lane Fort Hamer Road to four lanes from Upper Manatee River Road to US 301. The scope of services included an evaluation of the traffic needs, intersection control evaluations, pond siting, bridge analysis, bridge hydraulics, contamination screening, natural resource evaluation, cultural resource assessment, and public involvement to FDOT standards. The PD&E study was conducted to maintain federal funding eligibility for future phases. The goals addressed the capacity and transportation demand of the corridor while enhancing safety conditions and better accommodating multimodal activity. Environmental tasks include wetland delineation, wetland assessment, protected species assessment, seagrass surveys, mitigation evaluation, environmental documentation, permitting, and agency coordination. Project cost: $13.6M

c.

(1) TITLE AND LOCATION *(City and State)*: **59 Street Widening from Cortez Rd to Manatee Avenue, Manatee County, FL**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: Ongoing | CONSTRUCTION *(If applicable)*:

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — x Check if project performed with current firm

Project engineer for 2.7 Miles long project that includes widening of existing two undivided lanes and a center two way left turn lane with existing roadway ditch on both sides, intermittent sidewalk only on one side to two lanes in each direction with a center raised median, curb and gutter, a shared use path on the east side, a continuous sidewalk on the west side, proposed drainage, signalization and signing and pavement marking. The project also includes existing utilities relocations, right of way acquisition and public involvement. Project Cost: $5,913,441

d.

(1) TITLE AND LOCATION *(City and State)*: **SR 50 Bypass from Cobb Road to W of Buck Hope Road, FDOT District Seven**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: | CONSTRUCTION *(If applicable)*:

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — x Check if project performed with current firm

Deputy Project Manager (PM) and Drainage EOR. Responsibilities include assisting with roadway and pavement designs, and other tasks such as widening SR 50 from Cobb Road to west of Buck Hope Road in Hernando County from four to six lanes. This +/- 1.3-mile segment consists of one signalized intersection and one bridge box culvert. It is classified as an urban other principal arterial and a Strategic Intermodal System corridor. Work elements on this project will include milling and resurfacing the existing lanes, turn lane and rigid pavement reconstruction of the Cobb Road/SR 50 intersection, the inclusion of buffered bicycle lanes, sidewalk improvements on the north side of the roadway, and sidewalk or shared-use path along the south.

e.

(1) TITLE AND LOCATION *(City and State)*: **US 41 from S of Pendola Point/Madison Avenue to Denver Street, FDOT District Seven**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: | CONSTRUCTION *(If applicable)*:

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — x Check if project performed with current firm

Drainage EOR. Responsibilities include providing drainage design and analysis for the widening of US 41 from south of Pendola Point/Madison Avenue to Denver Street in Hillsborough County from four to six lanes. This +/- 0.8-mile segment includes two signalized intersections, the extension of one box culvert, and four cross drains. A pond siting analysis to provide appropriate stormwater capacity within a tidal area impaired by nutrient loadings. Floodplain compensation demonstrated through stormwater modeling for impacted roadside ditches and wetlands. Work elements; rigid pavement reconstruction of the roadway, widening and turn lane improvements, the inclusion of buffered bicycle lanes, and sidewalk improvements.

Check if project performed with current firm

Project Manager. Kimley-Horn led the PD&E portion of this State-Wide Acceleration and Transformation (SWAT) project for the addition of a multi-lane roundabout. Designated as a SWAT project, the PD&E and design efforts overlap to reduce schedule and streamline efficiency. This project includes full reconstruction of the intersection to a roundabout configuration, pedestrian signals, lighting, landscape, and drainage improvements. This is the first partial 3-lane roundabout in the state and, due to its complexity, an emphasis has been placed on public involvement. Design improvements for this constrained urban intersection address multi-modal transportation, pedestrian connectivity/safety enhancements and balanced roundabout performance. Project Cost: $11.8M

Osceola Parkway Extension PD&E Study, Florida's Turnpike Enterprise	PROFESSIONAL SERVICES 2019	CONSTRUCTION *(If applicable)*
(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE	Check if project performed with current firm	

Public involvement task leader and assistant project manager. Responsibilities included public involvement, long range estimates, and documentation. Assisted with production of the Preliminary Engineering Report. This proposed extension of Osceola Parkway begins west of Boggy Creek Road and runs east for approximately seven miles to the proposed Southport Connector. The study focused on developing a freeway facility that can be expanded in the future with provisions to accommodate a transit corridor and multiuse pedestrian facilities. The project included a connection to provide direct access to and from SR 417, with interchanges at both ends of the connector road—one at SR 417 and the other at Osceola Parkway. Multiple alternatives were being considered at these two interchanges. Project cost: $1.9M

b.

(1) TITLE AND LOCATION *(City and State)*	(2) YEAR COMPLETED	
PD&E Widen Suncoast Pkwy (SR589) - S of Van Dyke Rd To SR52 (MP13-29), Wesley Chapel, FL	PROFESSIONAL SERVICES 2023-ongoing	CONSTRUCTION *(If applicable)*

FDOT D4 SR A1A North Causeway PD&E Study Fort Pierce, FL	PROFESSIONAL SERVICES 2019	CONSTRUCTION *(If applicable)*
(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE	Check if project performed with current firm	

Public involvement task leader. The SR A1A North Causeway Bridge is a movable bascule bridge that was constructed in 1963. It spans over the Atlantic Intracoastal Waterway (ICWW) connecting the barrier island to the mainland in the City of Fort Pierce. In March 2013, the bridge was inspected and deemed an "operational area of concern." The purpose of this PD&E Study was to evaluate bridge replacement alternatives to resolve the structurally deficient conditions of the existing bridge and enhance regional mobility for the adjacent area. Project Cost: $1.9M

d.

(1) TITLE AND LOCATION *(City and State)*	(2) YEAR COMPLETED	
Delray Beach Lowson Blvd. Roadway Improv Delray, FL	PROFESSIONAL SERVICES 2020	CONSTRUCTION *(If applicable)*
(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE	Check if project performed with current firm	

Project Engineer. The City of Delray Beach selected Kimley-Horn to provide professional engineering services to as-sist with the initial design and final design of the roadway improvements to Lowson Boulevard between Dover Road and S.E. 5th Avenue. The project included shared-use paths for pedestrians and cyclists and other improvements for a 2.5-mile segment of the roadway. The project was partially funded through the FDOT LAP program. In addition, the project included intensive public involvement, coordination with TPA and FDOT, shared-use paths, paving and drainage improvements, curbing, signing, and pavement marking, two railroad at-grade crossings, signal modifications, and lighting improvements. Project Cost: $7M

e.

(1) TITLE AND LOCATION *(City and State)*	(2) YEAR COMPLETED	
FDOT D4 PD&E for Jupiter Bridge West Palm Beach, FL	PROFESSIONAL SERVICES 2019	CONSTRUCTION *(If applicable)*
(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE	Check if project performed with current firm	

Assistant project manager and public involvement lead. Kimley-Horn was retained by FDOT District Four to conduct a PD&E study for Bascule Bridge No. 930005 in Jupiter. Our team evaluated the following alternatives: 1) Bridge rehabilitation; 2) high-, mid-, or low-level replacement, and various alignment alternatives that included consideration for temporary bridge, full bridge closure, and phased construction with temporary traffic using the existing bridge. Each alternative evaluated updating the bridge to FDOT standards that included options to accommodate pedestrians and bicyclists. The study effort also included a public involvement component with a public hearing. Project Cost: $1.96M

Project Planner. Kimley-Horn served as the prime consultant for the PD&E study and final design to widen Fort Hamer Road from two lanes to four, spanning approximately four miles from Upper Manatee River Road to US 301 in unincorporated Manatee County. The scope included traffic evaluations, intersection assessments, pond siting, bridge analysis, contamination screening, and public involvement, all in accordance with FDOT standards. The study aimed to ensure federal funding eligibility for future phases and included plans to widen Bridge #134123 over the Manatee River to four lanes. The project sought to improve corridor capacity, safety, and multimodal activity. The PD&E study commenced in 2023, with final design expected by 2026. Project cost: $13.6M

d.

Check if project performed with current firm

Public Involvement Specialist. Kimley-Horn supported FDOT District Six by providing professional services for the development, evaluation, and implementation of complete streets projects under an ongoing districtwide contract. The contract aimed to enhance corridor safety, mobility, access, and overall quality of life for transportation users. Responsibilities included preparing Complete Street Analyses for arterial and collector corridors, planning multimodal transportation networks, and identifying cost-effective improvements. Deliverables featured recommendations for feasible enhancements and summaries of project phasing and funding. Additionally, Kimley-Horn reviewed pilot program evaluations, conducted plan reviews, developed design plans, and performed GIS mapping and context classification reviews of FDOT roadways. Project Cost $412K

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE

Check if project performed with current firm

Project manager for the PD&E Study for widening the existing 2-lane undivided SR 72 from east of I-75 to Lorraine Road in Sarasota County, a distance of about 3.1 miles. The proposed typical section included a 4-lane divided roadway with raised median, closed drainage system, and shared use paths on both sides. Four multilane roundabout intersections were also recommended. Project cost: $1.2M

b.

(1) TITLE AND LOCATION *(City and State)*: **PD&E Widen Suncoast Pkwy (SR589) - S of Van Dyke Rd To SR52 (MP13-29), Wesley Chapel, FL**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: 2023-Ongoing; CONSTRUCTION *(If applicable)*:

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE

Check if project performed with current firm

Kimley-Horn is conducting a PD&E study to evaluate alternatives for the widening of the Suncoast Parkway from south of Van Dyke Road to north of SR 52, approximately 16 miles. Improvements to the existing interchanges within project limits have been evaluated with alternatives for new interchange access locations. Suncoast Parkway is currently a four-lane (two lanes in each direction) limited access facility, and the study evaluates alternatives of three general toll lanes in each direction for the project limits. Project cost: $3M

c.

(1) TITLE AND LOCATION *(City and State)*: **Fort Hamer Road and Bridge PD&E Study and Final Design, Bradenton, FL**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: 2023; CONSTRUCTION *(If applicable)*: Est. 2026

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE

Check if project performed with current firm

Project engineer for the PD&E study and final design for widening four miles of the existing two-lane Fort Hamer Road to four lanes from Upper Manatee River Road to US 301. The scope of services included an evaluation of the traffic needs, intersection control evaluations, pond siting, bridge analysis, bridge hydraulics, contamination screening, natural resource evaluation, cultural resource assessment, and public involvement to FDOT standards. The PD&E study was conducted to maintain federal funding eligibility for future phases. The goals addressed the capacity and transportation demand of the corridor while enhancing safety conditions and better accommodating multimodal activity. Environmental tasks include wetland delineation, wetland assessment, protected species assessment, seagrass surveys, mitigation evaluation, environmental documentation, permitting, and agency coordination. Project cost: $13.6M

d.

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: Ongoing; CONSTRUCTION *(If applicable)*:

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE

Check if project performed with current firm

Project engineer providing a PD&E Study for SR 10 (US 90) in Leon County, to consider a planned multi-use trail as discussed in the previously conducted Feasibility Study by the CRTPA. The trail limits of the project are SR 10 US 90) from Pedrick Road to the Jefferson County Line and will be adjusted as needed. This project will be conducted in three phases. This project will assess and analyze the impact on the social, economic, cultural, natural, and physical environment, of the corridor to devise alternatives for a location and design concept in accordance with FDOT policy, procedures, standards, and requirements. Project cost: $1.2M

e.

(1) TITLE AND LOCATION *(City and State)*: **PD&E and Engineering & Design Services for Nova Road (CR532) Widening from US 192 to Future Sunbridge Parkway**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: 2025; CONSTRUCTION *(If applicable)*:

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE

Check if project performed with current firm

Project engineer and planner for the provide engineering and design services for the PD&E study for Nova Road Widening. Project limits extend from US 192 to the future Sunbridge Parkway, with a total length of approximately 4.7 miles. Kimley-Horn is providing an alternatives evaluation for the construction of a four-lane divided roadway with multimodal accommodations, associated drainage improvements, and stormwater ponds design and management, as well as upgrading the Intelligent Transportation Systems (ITS), modification/replacement of two bridges over the canal system, and street lighting. Kimley-Horn will perform the final design phase based on the preferred alignment selected in the study. Of the two bridge canal crossings one of which is owned and maintained by SFWMD. Project cost: $870K

Project geologist/contamination assessment for a PD&E study to evaluate alternatives for the widening of the Suncoast Parkway from south of Van Dyke Road to north of SR 52, approximately 16 miles. Improvements to the existing interchanges within project limits have been evaluated with alternatives for new interchange access locations. Suncoast Parkway is currently a four-lane (two lanes in each direction) limited access facility, and the study evaluates alternatives of three general toll lanes in each direction for the project limits. Project cost: $3M

c.

(1) TITLE AND LOCATION *(City and State)*: **Legacy Trail Extension, Sarasota, FL**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: 2022 | CONSTRUCTION *(If applicable)*: 2022

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE

Check if project performed with current firm

Contamination specialist for the assessment of a rail corridor for the proposed redevelopment into a linear park (bike trail). Kimley Horn conducted several iterations of soil sampling to evaluate the historical impacts along the rail corridor for the purposes of soil management during construction. Additionally, groundwater samples were collected to evaluate dewatering requirements for the project. Our services included site assessment documentation, including calculating alternative soil cleanup target levels for contaminants of concern (arsenic and benzo(a) pyrene equivalents), for Florida Department of Environmental Protection (FDEP) approval. Project cost: $31M

d.

(1) TITLE AND LOCATION *(City and State)*: **Townsend Street and US 17 Stormwater and Roadway Flood Protection Improvements, Wauchula, FL**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: 2021 | CONSTRUCTION *(If applicable)*:

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE

Check if project performed with current firm

Project geologist. Kimley-Horn was retained to provide design and permit coordination services for a stormwater and roadway improvement project in the City of Wauchula. The City had experienced historical flooding at the intersection of southbound U.S. 17 (S.R. 35) and Townsend Street in the City of Wauchula. Kimley-Horn worked with the City to develop a stormwater model to establish existing conditions and identify improvement alternatives to reduce flooding. Project cost: $139K

e.

(1) TITLE AND LOCATION *(City and State)*: **Space Coast Trail PD&E Study & Final Design, FDOT District Five**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: 2020 | CONSTRUCTION *(If applicable)*:

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE

Check if project performed with current firm

Environmental Geologist/Contamination for the PD&E study to incorporate more than 30 miles of trails on federal lands within the Merritt Island National Wildlife Refuge (MINWR) and Canaveral National Seashore (CANA). Study includes extensive coordination with the U.S. Fish and Wildlife Service (USFWS), National Park Service (NPS), and National Aeronautics and Space Administration (NASA). This PD&E study involves the preparation of an Environmental Assessment for USFWS and NPS signature in addition to a State Environmental Impact Report (SEIR) for District Five signature. Project cost: $2.5M

(2) YEAR COMPLETED	
PROFESSIONAL SERVICES	CONSTRUCTION *(If applicable)*
2023	Est. 2026

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — X Check if project performed with current firm

Project manager for the PD&E study and final design for widening four miles of the existing two-lane Fort Hamer Road to four lanes from Upper Manatee River Road to US 301. The scope of services included an evaluation of the traffic needs, intersection control evaluations, pond siting, bridge analysis, bridge hydraulics, contamination screening, natural resource evaluation, cultural resource assessment, and public involvement to FDOT standards. The PD&E study was conducted to maintain federal funding eligibility for future phases. The goals addressed the capacity and transportation demand of the corridor while enhancing safety conditions and better accommodating multimodal activity. Environmental tasks include wetland delineation, wetland assessment, protected species assessment, seagrass surveys, mitigation evaluation, environmental documentation, permitting, and agency coordination. Project cost: $13.6M

b.

(1) TITLE AND LOCATION *(City and State)*: **Space Coast Trail PD&E Study & Final Design, FDOT District Five**

(2) YEAR COMPLETED	
PROFESSIONAL SERVICES	CONSTRUCTION *(If applicable)*
2020	

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — X Check if project performed with current firm

Roadway design engineer for the PD&E study to incorporate more than 30 miles of trails on federal lands within the Merritt Island National Wildlife Refuge (MINWR) and Canaveral National Seashore (CANA). Study includes extensive coordination with the U.S. Fish and Wildlife Service (USFWS), National Park Service (NPS), and National Aeronautics and Space Administration (NASA). This PD&E study involves the preparation of an Environmental Assessment for USFWS and NPS signature in addition to a State Environmental Impact Report (SEIR) for District Five signature. c.

(1) TITLE AND LOCATION *(City and State)*: **Modern Roundabout Improvement Design/PD&E for US 41 and Gulfstream, FDOT District One**

(2) YEAR COMPLETED	
PROFESSIONAL SERVICES	CONSTRUCTION *(If applicable)*
2022	Ongoing

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — X Check if project performed with current firm

Project engineer. Kimley-Horn performed engineering services for the state's first State-Wide Acceleration and Transformation (SWAT) project for the multi-lane roundabout. Designated as a SWAT project, the PD&E and Design efforts overlap to reduce schedule and streamline efficiency. This project included full reconstruction of the intersection to a roundabout configuration, pedestrian signals, lighting, landscape, ADA, and drainage improvements. This is the first partial 3 lane roundabout in the state and due to its complexity, an emphasis has been placed on public involvement for this project. Design improvements for this constrained urban intersection addressed multi-modal transportation, pedestrian connectivity/safety enhancements and balanced roundabout performance criteria such as fastest path analysis and design vehicle movements. Due to high pedestrian volumes FDOT is implementing the use of High Intensity Activated Crosswalks or Hawk signals. Project cost: $11.8M

d.

(1) TITLE AND LOCATION *(City and State)*: **Interbay Boulevard Improvements (LAP) from Westshore Boulevard to Bayshore Boulevard, FDOT District Seven**

(2) YEAR COMPLETED	
PROFESSIONAL SERVICES	CONSTRUCTION *(If applicable)*
2023	

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — X Check if project performed with current firm

Project manager. Kimley-Horn was selected the widening design of a two-lane roadway to a three-lane roadway with a two-way left-turn lane. Under a LAP agreement with the City of Tampa, FDOT developed this project to reduce vehicle speeds, improve operations, enhance access, and improve safety for motorists, pedestrians, and cyclists along the project corridor. Kimley-Horn's scope of work included completing a feasibility study that included signal warrant analyses, Stage 1 intersection control evaluations (ICE), corridor safety analysis, road safety audit (RSA), and a full traffic operations study to direct the proposed design. The proposed design was intended to include intermittent widening, rural shoulders, a shared-use path on one side of the roadway and a complete sidewalk on the other, as well as signalization modifications to add four-section flashing yellow arrows and flexible backplates and RRFBs at eight midblock pedestrian crossing. This project ran concurrent with a PD&E being prepared by FDOT, similar to a SWAT project. The project was subsequently shelved due to funding issues. Project cost: $611K

e.

(1) TITLE AND LOCATION *(City and State)*: **5th Avenue North Lane Reduction and Final Design Services (LAP), FDOT District Seven**

(2) YEAR COMPLETED	
PROFESSIONAL SERVICES	CONSTRUCTION *(If applicable)*
2016	

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — X Check if project performed with current firm

Kimley-Horn documented all current public parking supply and occupancy levels during a typical weekday, typical weekend, waterfront event, and Rays baseball game. Parking adequacy was projected for future scenarios based on projects under construction and planned development and potential locations for additional public parking supply was determined. Project cost: $180K

19. RELEVANT PROJECTS

a.

(1) TITLE AND LOCATION *(City and State)*: **62nd Avenue North Preliminary Engineering Report (PER), Pinellas Park, FL**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: 2024 | CONSTRUCTION *(If applicable)*:

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE

x Check if project performed with current firm

Lead roadway engineer. This segment of 62nd Avenue falls along the border of Lealman Community and Pinellas Park primarily serving commercial and industrial businesses properties adjacent to the roadway. Engineering analysis for the PER depicts the roadway improvements intersection improvements including geometric alternatives, traffic analysis, drainage, environmental, utility impacts, right-of-way impacts, safety, and construction cost. The report includes a three-lane section with one 12-ft travel lane in each direction with a 14-ft Two-way Left Turn Lane (TWLTL) with curb and gutter and include evaluating the need for bike lanes, wider sidewalks, and a shared use path. Project cost: $447K

b.

(1) TITLE AND LOCATION *(City and State)*: **Interbay Boulevard Improvements (LAP) from Westshore Boulevard to Bayshore Boulevard, FDOT District Seven**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: 2023 | CONSTRUCTION *(If applicable)*:

c.

(1) TITLE AND LOCATION *(City and State)*: **5th Avenue North Lane Reduction and Final Design Services (LAP) FDOT District Seven**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: 2016 | CONSTRUCTION *(If applicable)*:

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE

x Check if project performed with current firm

Roadway engineer. The study area was comprised of the downtown area between 5th Avenue North to 5th Avenue South from Tampa Bay to Dr. Martin Luther King Jr. Street and the Edge District extending one block north of 1st Avenue North to one block south of 1st Avenue South between Dr. Martin Luther King Jr. Street and I-275. Kimley-Horn documented all current public parking supply and occupancy levels during a typical weekday, typical weekend, waterfront event, and Rays baseball game. Project cost: $180K

d.

(1) TITLE AND LOCATION *(City and State)*: **St. Petersburg Drive Streetscape and Drainage Project (Complete Streets), Oldsmar, FL**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: Ongoing | CONSTRUCTION *(If applicable)*:

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE

x Check if project performed with current firm

Roadway engineer. Kimley-Horn assisted the City with the successful application for grant funding. Following the grant award, Kimley-Horn designed Complete Street multimodal improvements for St. Petersburg Drive with the goal of transforming the rural roadway into an appealing multimodal Complete Street corridor to better serve the CRA and promote a walkable community. The purpose of the design was to eliminate the roadside ditches and implement low impact development elements such as pervious pavement, construct a multiuse path and widened sidewalk, incorporate traffic calming elements including a roundabout and mid-block crossings, provide for roadway corridor decorative lighting, and relocate the overhead utility lines to underground. Design services included survey, SUE, geotechnical, rural to urban roadway conversion and stormwater, environmental permitting, public meetings and presentations, and preparation of construction bid documents. Cost: $36K

e.

(1) TITLE AND LOCATION *(City and State)*: **Collins Street Complete Street Improvements Plant City, FL**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: Ongoing | CONSTRUCTION *(If applicable)*:

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE

Roadway engineer. The City of Plant City retained Kimley-Horn to provide engineering design services. The City's goal was to convert the existing urban four-lane corridor into a pedestrian and bicycle accessible corridor with streetscape enhancements to form a walkable community street as part of the midtown redevelopment plan. The streetscape improvements include relocating all above ground overhead utility lines to underground service. Pre-design services included traffic data for a traffic study to validate the lane repurposing recommendations, and development of conceptual design alternatives to identify the cost and feasibility of achieving goals. Design services included roadway and drainage, hardscape, landscape and irrigation plans, traffic signalization, street and sidewalk lighting plans, public presentation of the design, coordination of utility relocations, electrical system undergrounding, survey and SUE services, and limited construction phase services. Project cost: $274K

Expertise with complex geospatial database management of large water resources systems such as wastewater collection or water distribution networks and pipeline design and assessment

19. RELEVANT PROJECTS

a.

(1) TITLE AND LOCATION *(City and State)*: **Pinellas County Dunn Water Reclamation Facility Ditch Erosion Repair**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: 2021 — CONSTRUCTION *(If applicable)*: 2021

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — Check if project performed with current firm

Project Manager, under an on-call contract with Pinellas County, Kimley-Horn delivered a feasibility assessment and design to stabilize the sideslopes of a drainage ditch at the Dunn Water Reclamation Facility (WRF). The first phase included the development of a feasibility study to evaluate alternative strategies to stabilize the slopes and provide a recommendation for rehabilitation. Phase 2 of the project moved into design and the preparation of construction plans and permitting. In addition to stabilizing the slopes, other design components included the replacement of several mitred end sections and culverts, relocation of a sanitary sewer manhole, design/relocation of a duct bank, regrading a portion of the adjacent parking lot, and the design of a covered wash-down basin for fleet management activities. The project is currently in construction and Kimley-Horn is providing limited construction phase services including site observations and submittal reviews. Project Cost: $170k

b.

(1) TITLE AND LOCATION *(City and State)*: **Lena Road from North of 44th Avenue East to SR 64, Manatee County, FL**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: 2025 — CONSTRUCTION *(If applicable)*:

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — Check if project performed with current firm

Lead utilities manager and coordination for the construction of the Lena Road improvements provides important connectivity to the surrounding area through SR64 and 44th Avenue East and improves traffic safety and patterns. The Lena Road improvements consist of an urban closed-drainage two-lane roadway with a center turn lane through the industrial area and a single lane roundabout to provide traffic calming along the corridor. Other key features of the corridor included increased multi-modal connectivity by way of adjacent sidewalk and multi-use paths and roadway lighting. In addition, the detailed phased maintenance of traffic plan designed to facilitate construction while maintaining existing traffic is included in the construction plan set. The Lena Road improvements are primarily within an existing roadway corridor, and the additional missing segment connecting the northern segment to the 44th Avenue East roadway will provide a key link in the Lena Road corridor from SR-64, and SR-70, east of I-75. Project Cost: $3.6 million

c.

(1) TITLE AND LOCATION *(City and State)*: **Pinellas County Alternate US 19 Water Main Improvements**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: 2023 — CONSTRUCTION *(If applicable)*: 2023

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — Check if project performed with current firm

Project Manager through Kimley-Horn's on-call contract, Kimley-Horn performed design and construction observation services for Alternate US 19 Water Main Improvements. The project included the replacement of the following linear feet of water main along the listed streets: New York Avenue (1,200 feet), Columbia Avenue (approximately 1,200 feet), 11th Street (approximately 1700 feet), 12th Street (approximately 350 feet), Omaha Street (approximately 350 feet), Pennsylvania Avenue (approximately 700 feet), and Indiana Avenue (approximately 1100 feet). The existing mains were composed of old galvanized and thin Schedule 20 PVC pipe. The new replacement mains were constructed as 2-inch high density polyethylene (HDPE) and 6-inch Ductile Iron Pipe (DIP) in accordance with the latest Pinellas County Utilities Material Specification Manual. The water main replacements were installed by horizontal directional drill (HDD) and in open cut trench. Project Cost: $129K

d.

(1) TITLE AND LOCATION *(City and State)*: **Manatee County 20-inch Force Main 15D Rehabilitation, Manatee County, FL**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: 2016 — CONSTRUCTION *(If applicable)*:

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — Check if project performed with current firm

Engineer of Record in charge of providing design, permitting, and construction services associated with the rehabilitation of Force Main 15D, located at 59th Street West at the intersection of Mana-tee Avenue. The existing force main discharged into a manhole located south of the right-of-way in the southbound lane of 59th Street West. The project included approximately 550 LF of 20-inch PVC that included a jack-and-bore under the FDOT right-of-way. Project was nominated and won the APWA Award for Emergency Construction/Repair in 2016. $150K

18. OTHER PROFESSIONAL QUALIFICATIONS *(Publications, Organizations, Training, Awards, etc.)*
Areas of Specialization: stormwater modeling (ICPR, MODRET) stormsewer conveyance systems (GEOPAK Drainage), underground stormwater management systems, wet and dry retention and detention ponds, closed basin design, design high water analysis, cross drain analysis, bridge hydraulics (HEC-RAS), scour analysis (HEC-18), and floodplain analysis

19. RELEVANT PROJECTS

a.

(1) TITLE AND LOCATION *(City and State)*: **I-75/I-275 SB CD Roadway, D7, Pasco and Hillsborough County, FL**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: Ongoing; CONSTRUCTION *(If applicable)*:

X Check if project performed with current firm

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE

Drainage Engineer of Record responsible for ICPR modeling and drainage design for a new three-lane southbound collector-distribution roadway and interchange modifications at the apex of I-275 and I-75 from south of County Line Road to SR 56. Drainage design included extensive permit research and analysis of existing pond capacities to accommodate the additional impervious areas, an interconnected pond system design for the interchange area, pond siting analysis, and bridge hydraulics analysis for two bridge crossings over Cypress Creek, one in Pasco County and the other in Hillsborough County. The ICPR modeling effort included combining data from the Hillsborough County watershed SWMMM and the Pasco County SWFWMD watershed ICPR models to assess the riverine and floodplain impacts and demonstrate floodplain compensation is achieved Project cost: $7.4M

b.

(1) TITLE AND LOCATION *(City and State)*: **CR 470 at Florida's Turnpike, The Villages, Lake County, FL**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: Ongoing; CONSTRUCTION *(If applicable)*:

X Check if project performed with current firm

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE

Drainage Engineer of Record responsible for ICPR modeling and drainage design for the portion of the CR 470 widening project within Florida's Turnpike Enterprise (FTE) right of way. Project included storm sewer design, cross drain design, dry detention stormwater management system designs, and permit modification of existing wet detention systems within the Turnpike interchange at CR 470. Kimley-Horn provided design services for The Villages and permitted the project with FTE and SJRWMD. Project cost: $2.1M

c.

(1) TITLE AND LOCATION *(City and State)*: **SR 50, D7, Hernando County, FL**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: 2023; CONSTRUCTION *(If applicable)*:

Check if project performed with current firm

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE

Drainage Engineer of Record (EOR) for three-mile SR 50 roadway reconstruction project from I-75 to US 98, including the concrete pavement intersection with US 98. Responsible for pond siting, bridge hydraulics analysis for bridge crossing over the Withlacoochee River, ICPR Modeling, storm sewer design, and stormwater permitting. Included coordination with a large DRI for suitable location of a joint-use pond, and modification of existing ponds to accommodate the proposed project.

d.

(1) TITLE AND LOCATION *(City and State)*: **General Engineering Contract, D7, Tampa Bay West Central, FL**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: 2023; CONSTRUCTION *(If applicable)*:

Check if project performed with current firm

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE

Senior drainage engineer. Responsibilities included scope development, staff-hour estimates, review of other Consultant's phase submittals of drainage plans and documentation, and representing the Department in field reviews and meetings, including phase reviews and constructability reviews.

e.

(1) TITLE AND LOCATION *(City and State)*: **Districtwide Stormwater Program Management, D7, FL**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: 2023; CONSTRUCTION *(If applicable)*:

Check if project performed with current firm

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE

Drainage Engineer. Provided stormwater management studies, analyses, and design in support of the District's work program and drainage unit. Responsibilities included drainage flooding investigations for multiple locations along Gulf Boulevard, all tidally influenced systems, and various drainage complaints including roadway flooding and assessment of a FDOT pond berm failure. Provided reviews of FDOT Drainage Connection Permit applications.

19. RELEVANT PROJECTS

a.

(1) TITLE AND LOCATION *(City and State)*: **FDOT D1 SR 72 PD&E Study from East of I-75 to Lorraine Road**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: 2022-est. 10/2025 | CONSTRUCTION *(If applicable)*:

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — X Check if project performed with current firm

Drainage engineer for this PD&E Study for widening the existing 2-lane undivided SR 72 from east of I-75 to Lorraine Road in Sarasota County, a distance of about 3.1 miles. The proposed typical section included a 4-lane divided roadway with raised median, closed drainage system, and shared use paths on both sides. Four multilane roundabout intersections were also recommended. Project cost: $1.2M

b.

(1) TITLE AND LOCATION *(City and State)*: **PD&E Widen Suncoast Pkwy (SR589) - S of Van Dyke Rd To SR52 (MP13-29), Wesley Chapel, FL**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: | CONSTRUCTION *(If applicable)*:

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — X Check if project performed with current firm

Drainage engineer for this PD&E study to evaluate alternatives for the widening of the Suncoast Parkway from south of Van Dyke Road to north of SR 52, approximately 16 miles. Improvements to the existing interchanges within project limits have been evaluated with alternatives for new interchange access locations. Suncoast Parkway is currently a four-lane (two lanes in each direction) limited access facility, and the study evaluates alternatives of three general toll lanes in each direction for the project limits. Project cost: $3M

c.

(1) TITLE AND LOCATION *(City and State)*: **PD&E Study for Poinciana Parkway Extension from CR 532 to North of I-4/SR 429 Interchange**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: 2020 | CONSTRUCTION *(If applicable)*:

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — X Check if project performed with current firm

Drainage engineer is responsible for the engineering analysis and supporting public involvement elements of this PD&E study that evaluated an extension of the Poinciana Parkway and new I-4 interchange. This project was not completed by FDOT due to the reorganization of the expressway authorities. Project cost: $758K (Completed under budget by $159,495)

d.

(1) TITLE AND LOCATION *(City and State)*: **Fort Hamer Road and Bridge PD&E Study and Final Design, Bradenton, FL**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: 2023 | CONSTRUCTION *(If applicable)*: Est. 2026

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — X Check if project performed with current firm

Drainage engineer for the PD&E study and final design for widening four miles of the existing two-lane Fort Hamer Road to four lanes from Upper Manatee River Road to US 301. The scope of services included an evaluation of the traffic needs, intersection control evaluations, pond siting, bridge analysis, bridge hydraulics, contamination screening, natural resource evaluation, cultural resource assessment, and public involvement to FDOT standards. The PD&E study was conducted to maintain federal funding eligibility for future phases. The goals addressed the capacity and transportation demand of the corridor while enhancing safety conditions and better accommodating multimodal activity. Environmental tasks include wetland delineation, wetland assessment, protected species assessment, seagrass surveys, mitigation evaluation, environmental documentation, permitting, and agency coordination. Project cost: $13.6M

e.

(1) TITLE AND LOCATION *(City and State)*: **Thompson Nursery Road PD&E, Widening and Extension, Polk County, FL**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: | CONSTRUCTION *(If applicable)*:

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — X Check if project performed with current firm

Drainage engineer for the multiphase 6.4 mile widening and extension project between US 17 and West Lake Ruby Drive in Winter Haven. Services include roadway and structural design services with the completed design of Segment 1 (started by another firm) and a finalized alignment study with final design plans for the design/construction of Segments 2, 4 and 5. The PD&E phase included three (3) alternative conceptual alignments to widen with an accompanying evaluation of the environmental, physical and cultural impacts of the alternative alignments to identify and recommend a preferred alignment, considering impacts and costs, and to prepare preliminary (15%) Line & Grade plans. Project cost: $6.1 (utilizing state funding for the PD&E phase)

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE

x Check if project performed with current firm

Lead traffic engineer, intersection analysis and signals for the task assignment on the West Villages Master Agreement, Kimley-Horn is providing Phase 1 services including the engineering and design to widen River Road from a 2-lane rural roadway to a divided 4-lane sub-urban roadway from Winchester Blvd to US 41 for a distance of 4.1 miles. The roadway will transition traffic to a new intersection to accommodate access required for a new school. Phase II will then transition into a portion of the same roadway. Environmental documentation is required to satisfy a HUD grant and a 404 permit with anticipated submittal to USACOE. Project cost: $4.8M

c.

(1) TITLE AND LOCATION *(City and State)*
Upper Tampa Bay Trail Gap (Phase IV) PD&E Study from Peterson Park to Van Dyke Road – Gunn Hwy

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: 2023-2025; CONSTRUCTION *(If applicable)*:

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE

x Check if project performed with current firm

Traffic engineer for the preparation of an update to the preliminary design engineering and environmental (PD&E) study for the Upper Tampa Bay Trail Gap for the segment from Peterson Park to Van Dyke Road. The update will document information necessary for the County to reach a decision on the feasibility, location, and conceptual design to meet the goals of the project. The team is working to provide the required level of service and the Americans with Disabilities Act (ADA) requirements are met. Services include public involvement, R/W assessment (based on available GIS data), determining estimated R/W needs, a property appraisers update of the land acquisition cost estimates for current market conditions, and providing costs for the additional trail alignment alternatives. Project cost: $185K

d.

(1) TITLE AND LOCATION *(City and State)*
Fort Hamer Road and Bridge PD&E Study and Final Design, Bradenton, FL

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: 2023; CONSTRUCTION *(If applicable)*: Est. 2026

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE

x Check if project performed with current firm

Lead traffic engineer for the PD&E study and final design for widening four miles of the existing two-lane Fort Hamer Road to four lanes from Upper Manatee River Road to US 301. The scope of services included an evaluation of the traffic needs, intersection control evaluations, pond siting, bridge analysis, bridge hydraulics, contamination screening, natural resource evaluation, cultural resource assessment, and public involvement to FDOT standards. The PD&E study was conducted to maintain federal funding eligibility for future phases. The goals addressed the capacity and transportation demand of the corridor while enhancing safety conditions and better accommodating multimodal activity. Environmental tasks include wetland delineation, wetland assessment, protected species assessment, seagrass surveys, mitigation evaluation, environmental documentation, permitting, and agency coordination. Project cost: $13.6M

e.

(1) TITLE AND LOCATION *(City and State)*
Safety Studies and Minor Design Continuing Services Contract FDOT District Seven

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: ; CONSTRUCTION *(If applicable)*:

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE

Check if project performed with current firm

Andrew served as an in-house consultant 30 hours a week at FDOT District 7 Traffic Operations, in their Safety group, managing the Traffic Operations' Design-Build Push-Button Contract (managing consultants), and various safety tasks including road safety audits, intersection prioritization lists for crashes and pedestrian/bicycle safety, CDMS crash database maintenance, SharePoint database maintenance, Safe Routes to School, safety action plan and contract procurement. In this position, Andrew developed key relationships with FDOT staff across District 7, as well as consultants on the contracts, including WSP, Vibe Engineering, Faller-Davis, Element Engineering, and WGI.

Interbay Boulevard Improvements from Westshore Boulevard to Bayshore Boulevard, Tampa, FL

(2) YEAR COMPLETED	
PROFESSIONAL SERVICES	CONSTRUCTION *(If applicable)*

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE

Check if project performed with current firm

Engineering analyst for the widening design of a two-lane roadway to a three-lane roadway with a two-way left-turn lane. Under a LAP agreement with the City of Tampa, FDOT developed this project to reduce vehicle speeds, improve operations, enhance access, and improve safety for motorists, pedestrians, and cyclists along the project corridor. Kimley-Horns scope of work included completing a feasibility study that included signal warrant analyses, The proposed design was intended to include intermittent widening, rural shoulders, a shared-use path on one side of the roadway and a complete sidewalk on the other, as well as signalization modifications to add four-section flashing yellow arrows and flexible backplates and RRFBs at eight midblock pedestrian crossing. This project ran concurrently with a PD&E being prepared by FDOT, similar to a SWAT project. The project was subsequently shelved due to funding issues. Project Cost: $611K

d.

(1) TITLE AND LOCATION *(City and State)*
Lena Road from North of 44th Avenue East to SR 64, Manatee County, FL

(2) YEAR COMPLETED	
PROFESSIONAL SERVICES	CONSTRUCTION *(If applicable)*
2025	

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE

Check if project performed with current firm

Traffic analyst for the improvement of the Lena Road provides important connectivity to the surrounding area through SR64 and 44th Avenue East and improves traffic safety and patterns. The Lena Road improvements consist of an urban closed-drainage two-lane roadway with a center turn lane through the industrial area and a single lane roundabout to provide traffic calming along the corridor. Other key features of the corridor included increased multi-modal connectivity by way of adjacent sidewalk and multi-use paths and roadway lighting. In addition, the detailed phased maintenance of traffic plan designed to facilitate construction while maintaining existing traffic is included in the construction plan set. The Lena Road improvements are primarily within an existing roadway corridor, and the additional missing segment connecting the northern segment to the 44th Avenue East roadway is a key link in the Lena Road corridor from SR-64, and SR-70, east of I-75. Project Cost: $3.6M

e.

(1) TITLE AND LOCATION *(City and State)*
City of St. Pete Beach Gulf Winds Drive Streetscape Improvements

(2) YEAR COMPLETED	
PROFESSIONAL SERVICES	CONSTRUCTION *(If applicable)*
2025	

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE

Check if project performed with current firm

Traffic analyst for the design plans and contract documents for roadway streetscape improvements for multi-modal accommodations to Gulf Winds Drive from Gulf Boulevard to 73rd Avenue. Improvements included complete reconstruction of the roadway to provide for 10-foot travel lanes with designated bicycle lanes, ADA sidewalks, landscaping, coordination of utility overhead to undergrounding conversion, and public involvement. Community engagement was a critical element of the design due to impacts on residential landscaping and driveway harmonization resulting from the proposed sidewalks and roadway profile grade changes. Total Contract Value $338,559

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: 2022-0ngoing; CONSTRUCTION *(If applicable)*:

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — X Check if project performed with current firm

Project manager for the multiphase 6.4 mile widening and extension project between US 17 and West Lake Ruby Drive in Winter Haven. Services include roadway and structural design services with the completed design of Segment 1 (started by another firm) and a finalized alignment study with final design plans for the design/construction of Segments 2, 4 and 5. The PD&E phase included three (3) alternative conceptual alignments to widen with an accompanying evaluation of the environmental, physical and cultural impacts of the alternative alignments to identify and recommend a preferred alignment, considering impacts and costs, and to prepare preliminary (15%) Line & Grade plans. Project cost: $6,181,426 (utilizing state funding for the PD&E phase)

b.

(1) TITLE AND LOCATION *(City and State)*: **PD&E and Engineering & Design Services for Nova Road (CR532) Widening from US 192 to Future**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: 2025; CONSTRUCTION *(If applicable)*:

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — X Check if project performed with current firm

Project engineer to provide engineering and design services for the PD&E study for Nova Road Widening extending US 192 4.7 miles to the future Sunbridge Parkway. Alternatives developed for evaluation for the construction of a four-lane divided roadway with multimodal accommodations, associated drainage improvements and storm water ponds, upgrading the Intelligent Transportation Systems (ITS), modification/replacement of two bridges over the canal system, and street lighting. Kimley-Horn will perform the final design phase based on the preferred alignment selected in the study. Project cost: $870K

c.

(1) TITLE AND LOCATION *(City and State)*: **PD&E Widen Suncoast Pkwy (SR589) - S of Van Dyke Rd To SR52 (MP13-29), Wesley Chapel, FL**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: 2023-Ongoing; CONSTRUCTION *(If applicable)*:

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — X Check if project performed with current firm

Kimley-Horn is conducting a PD&E study to evaluate alternatives for the widening of the Suncoast Parkway from south of Van Dyke Road to north of SR 52, approximately 16 miles. Improvements to the existing interchanges within project limits have been evaluated with alternatives for new interchange access locations. Suncoast Parkway is currently a four-lane (two lanes in each direction) limited access facility, and the study evaluates alternatives of three general toll lanes in each direction for the project limits.

d.

(1) TITLE AND LOCATION *(City and State)*: **PD&E Study for Poinciana Parkway Extension from CR 532 to North of I-4/SR 429 Interchange**

Mr. Brown is the firm's President / CEO responsible for oversight of all operations undertaken by American Acquisition Group. He has 32 years of experience in the right of way/eminent domain field and is qualified as an Acquisition/Relocation Project Manager under the Uniform Act for Departments of Transportation in multiple states, as well as local municipalities throughout Florida. He is a licensed Real Estate Broker in Florida, Texas, Alabama and North Carolina and State Certified General Real Estate Appraiser in the State of Florida, qualified as an expert witness in Florida Circuit Courts for appraisal and acquisition. Mr. Brown is a senior member of the IRWA, certified in Relocation Assistance and Negotiation Acquisitions, Region 6 Sec/Treasurer, the IEC Finance Committee appointed member and former board member to Chapter 26 and the national Right of Way Consultants Council.

19. RELEVANT PROJECTS

a.

(1) TITLE AND LOCATION *(City and State)*
I-275 & SR 60 Tampa Bay Express Lane Project
FDOT District 7 – Tampa, Florida

(2) YEAR COMPLETED: PROFESSIONAL SERVICES 2023 | CONSTRUCTION *(If applicable)* N/A

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE ☒ Check if project performed with current firm

Role. Project description.
Personally, negotiated to acquire 4 whole take acquisitions, 22 business relocations and 2 ODA billboards in the heart of the Westshore Business District for the ultimate expansion of Interstate 275 as it merges with SR 60 into the Tampa International Airport. All parcels were represented by noted eminent domain attorneys in the Tampa Bay area, valued in excess of $25 million and were acquired pre-suit within 12 months and within budget. The parcels included an industrial business, a large commercial payroll headquarters and multi-tenant executive office center that entailed all the different elements of business relocation eligibility afforded under the URA / FDOT guidelines.

b.

(1) TITLE AND LOCATION (City and State)
Districtwide Acquisition / Relocation Contract & GEC subcontract District 1, 2, 3, 4, 7, Turnpike

(2) YEAR COMPLETED: PROFESSIONAL SERVICES Current | CONSTRUCTION (If applicable) N/A

(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm

Role. Project description. Fees: $50 million
Project Manager on miscellaneous contracts with these districts since 1999. Services also included business damage review, land planning, transportation services, architectural services, appraisal, cost estimating and graphics. Task orders issued to date involved providing in house agents, property management assistance in disposing of surplus property, acquisition negotiations and relocation services on miscellaneous projects throughout the district, appraisal reports and business damage review. Responsibilities included oversight of all work submitted to DOT on each task, contract compliance and subconsultant management. Reference:
Cathy Gardyasz, District 1 (863) 519-2366 (2 Continuing Services Contracts)
Charles Fish, District 2 (386) 961-7494 – (GEC subcontract to Atkins Global)
Carlos Martinez, District 4 (954) 777-4564 – (2 Continuing Services Contracts)
Lauren Clifton, District 5 (386) 943-5048 – (2 Continuing Services Contract)

30 years of experience in various aspects of cultural resources including all phases of prehistoric and historic archaeological field investigations, historic architectural surveys, artifact analysis, historic research, and cultural resources disaster preparation and mitigation. His research interests includes human settlement pattern analysis and the historic and prehistoric cultures of coastal AL, FL, and MSi. He has worked in a supervisory capacity in the southeastern US, all phases of archaeological investigation. He received his master's degree in 2006 and his bachelor's degree in 1993, both from the University of West Florida. His qualifications exceed those set forth by the *Secretary of the Interior's Stds and Guidelines for Archeology and Historic Preservation* (48 FR 44716-42).

19. RELEVANT PROJECTS

a.

(1) TITLE AND LOCATION (City and State)	(2) YEAR COMPLETED	
	PROFESSIONAL SERVICES	CONSTRUCTION (If applicable)
Cultural Resource Desktop Analysis/Support of the Proposed Tower Rd Realignment from West of US 41 to East of US 41, Pasco County, FL	2023	N/A

(3) BRIEF DESCRIPTION (Brief scope size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm

Project Manager, Cultural Resource Desktop Analysis in support of the Proposed Tower Road Realignment from West of Sunlake Boulevard to East of US 41 in Pasco County, Florida. The analysis was intended to assist Pasco County to identify potential cultural resource issues that may be impacted by the realignment project. The desktop review identified eight historic buildings and one resource group. In addition, a review of Pasco County property appraiser's database found 41 parcels within the study area that contained unrecorded buildings of historic age (pre-1980). The study determined that the potential for precontact (Native American) archaeological sites ranged from low to high. The potential for historic archaeological sites within the study area was determined to range from moderate to high. Conducted for American Consulting Engineers of Florida, LLC. and Pasco County.

b.

(1) TITLE AND LOCATION (City and State)	(2) YEAR COMPLETED	
	PROFESSIONAL SERVICES	CONSTRUCTION (If applicable)
Cultural Resource Assessment Survey Update for the Overpass Rd and I-75 Interchange project Pond SMF 3-1, Pasco County, FL	2020	N/A

(3) BRIEF DESCRIPTION (Brief scope size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm

Principal Investigator, FM #432734-2. The archaeological survey of the 2.84-acre pond site included 19 shovel tests resulting in the documentation of previously recorded prehistoric archaeological site (8PA02038) and two archaeological occurrences. The architectural survey confirmed that the previously documented historic linear resource, 8PA02847 (Overpass Road), was within the Overpass Road Pond SMF 3-1 APE. As this resource was recently documented and evaluated in July 2019, and no further documentation of 8PA02847 was prepared. Conducted for American Consulting Professionals, LLC. the FDOT District Seven.

c.

(1) TITLE AND LOCATION (City and State)	(2) YEAR COMPLETED	
	PROFESSIONAL SERVICES	CONSTRUCTION (If applicable)
Phase II Archaeological Testing of Site 8PA02993 for the Overpass Road and I-75 Interchange Re-Evaluation Project, Pasco County, FL	2020	N/A

(3) BRIEF DESCRIPTION (Brief scope size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm

Principal Investigator, Served as the Principal Investigator responsible for close interval subsurface testing, laboratory analysis, and technical report preparation. The evaluation involved close interval subsurface, laboratory analysis, and technical report preparation. The Phase II evaluative testing of the 0.76-acre section of Site 8PA02993 resulted in the recovery of a large volume of non-diagnostic lithic debitage, a few diagnostic prehistoric ceramics, and one diagnostic projectile point/knife (PPK); no cultural features were identified. Due to lacking intact cultural deposits and significant disturbance, the portion of 8PA02993 in the project footprint was ineligible for the NRHP. Conducted for AECOM and Pasco County.

d.

(1) TITLE AND LOCATION (City and State)	(2) YEAR COMPLETED	
	PROFESSIONAL SERVICES	CONSTRUCTION (If applicable)
Phase I Cultural Resource Assessment for US 98 from South of CR 575/Trilby Rd to North of CR 575/Trilby Rd Roundabout, Pasco County, FL	2019	N/A

(3) BRIEF DESCRIPTION (Brief scope size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm

Principal Investigator, FM #442862-1 and FM #442862-2. The archaeological survey of the 0.46-mile APE was limited to a pedestrian survey and surface inspection. The architectural survey resulted in the identification and evaluation of one previously recorded historic structure (8PA02275) and seven newly recorded historic structures (8PA03107-8PA03113). Conducted for Atkins for the FDOT District Seven.

e.

(1) TITLE AND LOCATION (City and State)	(2) YEAR COMPLETED	
	PROFESSIONAL SERVICES	CONSTRUCTION (If applicable)
Cultural Resource Assessment Survey Update for the Overpass Road and I-75 Interchange, Pasco County, FL	2019	N/A

(3) BRIEF DESCRIPTION (Brief scope size, cost, etc.) AND SPECIFIC ROLE ☒ Check if project performed with current firm

Principal Investigator, FM # 432734-2. This work encompassing 17.44 acres was completed to support design changes developed since the previous investigation, including alignment changes and relocation and addition of five pond and floodplain compensation sites. The survey included a pedestrian survey resulting in six surface artifact finds and 38 shovel tests, of which 33 were positive for cultural material. As a result, three previously recorded precontact archaeological sites (8PA00464, 8PA00465, and 8PA02993) were updated. Conducted for URS Corporation Southern as AECOM Affiliate for Pasco County.

Ridge Road Extension Phase 2B from Sunlake Boulevard to US 41 Pasco County, Florida	**2024**	**N/A**

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE ☒ Check if project performed with current firm

Geotechnical Engineer of Record. The project consists of a Progressive Design-Build to provide preconstruction and construction services to complete the design and construction of the Ridge Road Extension Phase 2B from Sunlake Boulevard to US 41 in Pasco County. The design of the new roadway will include a four-lane divided urban typical section with associated walls and drainage, a new bridge crossing over CSX, a new traffic signal at Sunlake Boulevard, new traffic signal and intersection modifications at US 41, and stormwater improvements. Kevin provided preliminary geotechnical input to the design team to assist in the design of the proposed roadway improvements.

b.

(1) TITLE AND LOCATION *(City and State)*	(2) YEAR COMPLETED	
	PROFESSIONAL SERVICES	CONSTRUCTION *(If applicable)*
Connerton Pedestrian Trail Pasco County, Florida	**2022**	**N/A**

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE ☒ Check if project performed with current firm

Geotechnical Engineer of Record. The project included a new pedestrian trail between Pleasant Plains Parkway and Southern Charm Drive. Portions of the trail will be constructed as boardwalks supported by timber piles. Tierra performed a subsurface exploration consisting of borings, subsurface sampling and field testing at locations along the proposed trail alignment. Kevin provided geotechnical recommendations to support the design of the boardwalk sections of the trail.

c.

(1) TITLE AND LOCATION *(City and State)*	(2) YEAR COMPLETED	
	PROFESSIONAL SERVICES	CONSTRUCTION *(If applicable)*
Ridge Road Extension Phase 1 Pasco County, Florida	**2020**	**N/A**

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE ☒ Check if project performed with current firm

Geotechnical Engineer of Record. Tierra completed services to evaluate a subsidence feature that occurred during construction along the Ridge Road extension near Station 135+80 in Pasco County. The depression was reported to be oval in shape and about 7' x 4'. Tierra performed a subsurface exploration consisting of three (3) Standard Penetration Test (SPT) borings within the vicinity of the observed depression. Kevin provided geotechnical recommendations for remediation of the subsidence feature.

d.

(1) TITLE AND LOCATION *(City and State)*	(2) YEAR COMPLETED	
	PROFESSIONAL SERVICES	CONSTRUCTION *(If applicable)*
Old Pasco Road Near Term Road Safety Improvements Pasco County, Florida	**2020**	**N/A**

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE ☒ Check if project performed with current firm

Geotechnical Engineer of Record. The project consisted of proposed improvements to Old Pasco Road from north of CR 54 to north of Foamflower Boulevard in Pasco County. The improvements included widening of Old Pasco Road between Stations 9+00 to 16+00 RT. Kevin provided geotechnical input to assist in the design and construction of the proposed roadway improvements.

e.

(1) TITLE AND LOCATION *(City and State)*	(2) YEAR COMPLETED

County Line Road Sidewalk Improvements Pasco County, Florida	**2018**	**N/A**

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE ☒ Check if project performed with current firm

Senior Geotechnical Engineer. The project consisted of preparing construction plans for the proposed improvements to County Line Road near the intersection of Northwood Palms Boulevard in Pasco County. The project included the construction of approximately 1,600 lineal feet of a proposed new 6-foot sidewalk. The sidewalk expansion included the widening of one (1) bridge structure located along County Line Road over Trout Creek in order to facilitate pedestrian traffic. Kevin provided geotechnical input for the proposed sidewalk and bridge structure widening.

Marc Novak, Ph.D., P.E.	**Senior Geotechnical Engineer**	**20**	**19**

15. FIRM NAME AND LOCATION *(City and State)*

Tierra, Inc. (Tampa, Florida)

16. EDUCATION *(DEGREE AND SPECIALIZATION)*	17. CURRENT PROFESSIONAL REGISTRATION *(STATE AND DISCIPLINE)*
Ph.D., Civil Engineering, University of Florida, M.S., Civil Engineering, University of Florida, B.S., Civil Engineering, University of Florida	**Professional Engineer, Florida No. 67431**

18. OTHER PROFESSIONAL QUALIFICATIONS *(Publications, Organizations, Training, Awards, etc.)*

Marc has 20 years of experience working in the field of geotechnical and materials engineering. He has an M.S. degree in geotechnical engineering studying the effects of lateral impact loads on bridges, and a Ph.D. where he conducted doctoral research specializing in Superpave asphalt pavement mechanics. Marc has extensive experience on a wide variety of transportation projects throughout Florida.

19. RELEVANT PROJECTS

a.

(1) TITLE AND LOCATION *(City and State)*: **Ridge Road Extension Phase 2B from Sunlake Boulevard to US 41 Pasco County, Florida**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: **2024 - ongoing**; CONSTRUCTION *(If applicable)*: **N/A**

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — ☒ Check if project performed with current firm

The project consisted of a Progressive Design-Build contract to provide preconstruction and construction services to complete the design and construction of the Ridge Road Extension Phase 2B in Pasco County. The design of the new roadway included a four-lane divided urban typical section with associated walls and drainage, new bridge crossings over FGT/CSX and the 5-mile creek, new traffic signals at Sunlake Boulevard, new traffic signals and intersection modifications at US 41, a 24-inch water main and a 20-inch reclaimed water main. Tierra provided geotechnical input to the design team to assist in the design of the proposed roadway improvements.

b.

(1) TITLE AND LOCATION *(City and State)*: **Old Pasco Road from North of Deedra Drive to North of Coyote Way Pasco County, Florida**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: **2020-2022**; CONSTRUCTION *(If applicable)*: **N/A**

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — ☒ Check if project performed with current firm

Senior Geotechnical Engineer. The project consisted of the reconstruction and widening of Old Pasco Road from North of Deedra Drive to North of Coyote Way in Pasco County. The improvements include the construction of a four-lane divided urban facility within the project limits and provide approximate transitions at both ends of the project limits to match the existing conditions of Old Pasco Road. The project also includes stormwater pond sites, retaining walls and signalization improvements. Tierra provided geotechnical input to support the project's design.

c.

(1) TITLE AND LOCATION *(City and State)*: **I-75 (SR 93) at Overpass Road Interchange FDOT District 7, Pasco County, Florida**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: **2020**; CONSTRUCTION *(If applicable)*: **N/A**

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — ☒ Check if project performed with current firm

Senior Geotechnical Engineer. The project consisted of preparing construction plans to construct an interchange at I-75 (SR 93) and Overpass Road in Pasco County. The scope of the project includes improvements to Boyette Road, Old Pasco Road, Blair Road and McKendree Road as well as newly constructed I-75 ramps, an access road, replacing the Overpass Road bridge structure over I-75 and a proposed Flyover bridge from westbound Overpass Road to southbound I-75. Tierra provided geotechnical input for the design of the proposed roadway improvements and the proposed I-75 ramps.

d.

(1) TITLE AND LOCATION *(City and State)*: **Asbel Road Extension, Pasco County, Florida**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: **2018**; CONSTRUCTION *(If applicable)*: **N/A**

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — ☒ Check if project performed with current firm

Geotechnical Engineer of Record. The project site is located South of New London Avenue and West of Litzau Lane at the southbound terminus of Asbel Road in Pasco County. The project consisted of preparing construction plans for the proposed extension of Asbel Road from its current terminus at New London Avenue to Litzau Lane. The new segment of Asbel Road will be a two-lane undivided urban roadway with a sidewalk on the west side, consistent with the existing segments of Asbel Road. Tierra provided geotechnical input to the design team for the design of the proposed roadway extension.

e.

(1) TITLE AND LOCATION *(City and State)*: **I-75/SR 56 Interchange from East of CR 54 to West of Cypress Ridge Blvd. FDOT District 7, Pasco County, Florida**

(2) YEAR COMPLETED — PROFESSIONAL SERVICES: **2016-2017**; CONSTRUCTION *(If applicable)*: **N/A**

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* AND SPECIFIC ROLE — ☒ Check if project performed with current firm

Senior Geotechnical Engineer. The project consisted of reconfiguring the current interchange at I-75/SR 56 from a standard diamond interchange to a diverging diamond interchange (DDI). Widening of the ramps as well as the SR 56 mainline was proposed as part of this project. Tierra provided geotechnical input to the design team to assist in the design of the proposed roadway improvements.

18. OTHER PROFESSIONAL QUALIFICATIONS *(Publications, Organizations, Training, Awards, etc.)*
During Valerie's 33-year career, she has developed and implemented hundreds of public participation programs and communication plans for public sector clients, including the Florida Department of Transportation (FDOT), municipalities, expressway and transit authorities, planning organizations, and counties. Valerie serves as a communications manager responsible for overseeing assigned staff and public engagement and outreach activities and also leads Valerin's QA/QC program. Valerie's leadership and commitment to excellence guide the Valerin team to perform to the highest standards on behalf of their clients.

19. RELEVANT PROJECTS

a.

(1) TITLE AND LOCATION *(City and State)*
Districtwide PD&E Support Services
(FDOT District Seven, Districtwide FL)

(2) YEAR COMPLETED	
PROFESSIONAL SERVICES	CONSTRUCTION *(If applicable)*
Ongoing	Ongoing

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* **AND SPECIFIC ROLE** ☒ Check if project performed with current firm

This task order PD&E contract includes evaluating and/or documenting transportation capacity, engineering feasibility and the social, cultural, economic and environmental impacts of transportation improvements or systems. As a subconsultant, Valerin is responsible for assisting with public involvement efforts and activities which include development and implementation of events, public hearings, informational meetings, stakeholder collaboration, video and slide presentation production, as well as audiovisual and visual aid preparations. Valerie is responsible for oversight of assigned Valerin staff issued assignments and performing QA/QC for project deliverables.

b.

(1) TITLE AND LOCATION *(City and State)*
SR 589 (Suncoast Parkway) Widening PD&E Study
(Hillsborough and Pasco Counties, FL)

(2) YEAR COMPLETED	
PROFESSIONAL SERVICES	CONSTRUCTION *(If applicable)*
Ongoing	Ongoing

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* **AND SPECIFIC ROLE** ☒ Check if project performed with current firm

FTE identified the need for capacity improvements and potential new and/or modified interchanges along the Suncoast Parkway (SR 589) from south of Van Dyke Road to SR 52 in Hillsborough and Pasco Counties. Improvements to the existing interchanges within the project limits will be evaluated as well as alternatives for new interchange access locations, which are to be determined. Alternatives will include Build alternatives and the No-Build alternative. Build alternatives along the mainline of the Suncoast Parkway (SR 589) shall include four general toll lanes in each direction from south of Van Dyke Road to SR 54 and three general toll lanes in each direction from SR 54 to SR 52. Recommendations for potential phased implementation will be included as part of the alternative's analysis process. Alternatives for consideration of one new interchange access location will also be prepared. Valerie serves as a senior outreach specialist responsible for providing public involvement support and performing QC/review of project collateral developed by Valerin.

c.

(1) TITLE AND LOCATION *(City and State)*
Lithia Pinecrest Road PD&E Study from Fishhawk Boulevard to Lumsden Road and Bloomingdale Avenue from Culbreath Road to Pearson Road
(Brandon, FL)

(2) YEAR COMPLETED	
PROFESSIONAL SERVICES	CONSTRUCTION *(If applicable)*
Ongoing	Ongoing

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* **AND SPECIFIC ROLE** ☒ Check if project performed with current firm

The purpose of the study is to relieve congestion and enhance safety on Lithia Pinecrest Road. The study will identify and evaluate potential improvements to Lithia Pinecrest Road from Fishhawk Boulevard to Lumsden Road and on Bloomingdale Avenue from Culbreath Road to Pearson Road. Valerie provides oversight of public involvement activities and performs the QC/review of developed collateral materials.

d.

(1) TITLE AND LOCATION *(City and State)*
US 98 (SR 35) PD&E Study from West Daughtery Road to North of West Socrum Loop Road (Lakeland, FL)

(2) YEAR COMPLETED	
PROFESSIONAL SERVICES	CONSTRUCTION *(If applicable)*
2020	N/A

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* **AND SPECIFIC ROLE** ☒ Check if project performed with current firm

This study analyzed the need for roadway improvements, including bicycle, pedestrian, capacity, and safety. Widening the roadway from four to six lanes will improve capacity and provide the opportunity to improve non-motorized mobility for future complete streets corridor planning. Adding bicycle lanes and improving sidewalks throughout the corridor will enhance safety by reducing the number of vehicular crashes involving bicyclists and pedestrians. Valerie provides public involvement support and performs the QC review of all developed collateral prepared by Valerin.

e.

(1) TITLE AND LOCATION *(City and State)*
Palmetto Trails Network Plan PD&E Study
(Palmetto, FL)

(2) YEAR COMPLETED	
PROFESSIONAL SERVICES	CONSTRUCTION *(If applicable)*
Ongoing	Ongoing

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* **AND SPECIFIC ROLE** ☒ Check if project performed with current firm

The trail is one of six transportation improvements proposed in Manatee County's BUILD grant application, known collectively as the Palmetto Trails Network Plan (PTNP). The purpose of the PTNP is to re-establish multimodal, community connections throughout the City of Palmetto that were previously affected during the construction of US 41. The study is currently evaluating the Middle Section which includes trail segments between the Manatee County Area Transit Center, Palmetto Youth Center, Dr. Martin Luther King Jr. Trail, Lincoln Memorial Middle School, and Lincoln Park (Coach Eddie Shannon Park) as well as the Northern Section which includes the development of trail segments connecting Lincoln Park (Coach Eddie Shannon Park) and Washington Park through the neighborhoods just east of US 41. Valerie manages public involvement staff and activities for this study.

Fort Hamer Road PD&E Study from Upper Manatee River Road to US 301 (Bradenton, FL)	Ongoing	Ongoing

(3) BRIEF DESCRIPTION *(Brief scope, size, cost, etc.)* **AND SPECIFIC ROLE** ☒ Check if project performed with current firm

The purpose of this study is to enhance safety, improve traffic operations, provide multimodal access, and meet future transportation demands in Manatee County. Alternatives to be evaluated include widening the existing two-lane roadway to a four-lane roadway with a raised median and enhanced multimodal accommodations for all users. Catherine is responsible for leading public involvement activities including development of the Public Involvement Plan (PIP) and project collateral as well as planning an Alternatives Public Involvement Meeting and Public Hearing.

F. EXAMPLE PROJECTS WHICH BEST ILLUSTRATE PROPOSED TEAM'S QUALIFICATIONS FOR THIS CONTRACT *(Present as many projects as requested by the agency, or 10 projects, If not specified. Complete one Section F for each project.)*	20. EXAMPLE PROJECT KEY NUMBER 1

21. TITLE AND LOCATION *(City and State)*	22. YEAR COMPLETED	
	PROFESSIONAL SERVICES	CONSTRUCTION *(If applicable)*
Fort Hamer Road and Bridge PD&E Study and Final Design, Bradenton, FL	6/2023	Final Design Est. 2026

23. PROJECT OWNER'S INFORMATION

a. PROJECT OWNER	b. POINT OF CONTACT NAME	c. POINT OF CONTACT TELEPHONE NUMBER
Manatee County 1112 Manatee Avenue West 4th Floor Bradenton, FL 34205	Alissa Powers Environmental Program Manager	941.742.5980 Alissa.powers@mymanatee.org

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT *(Include scope, size, and cost)*

This project involves widening the existing two-lane, undivided Fort Hamer Road to four lanes from Upper Manatee River Road to US 301, approximately four miles, within unincorporated Manatee County. The bridge (Bridge #134123), included within the project limits, carrying Fort Hamer Road across the Manatee River, is also proposed to be widened to four lanes. The scope of services included an evaluation of the traffic needs, intersection control evaluations, pond siting, bridge analysis, bridge hydraulics, contamination screening, natural resource evaluation, cultural resource assessment, and public involvement to FDOT standards. The PD&E study was conducted to FDOT standards to maintain federal funding eligibility for future phases. The goal of this project is to address the capacity and transportation demand of the corridor while enhancing safety conditions and better accommodating multimodal activity within the area.

Fort Hamer Road provides a crucial north-south connection across the Manatee River as one of four crossings of the river. It also runs adjacent and parallel to I-75, serving as a potential north-south alternate route to I-75 during periods of congestion and major traffic-related incidents. Fort Hamer Road is classified as "Minor Arterial" and consists of two undivided 12-foot lanes along most of the corridor. An open drainage system with grass swales provides stormwater conveyance along both sides of the existing roadway. The posted speed limit is 45 miles per hour (mph), and the context classification is C3R-Suburban Residential. The existing fixed span bridge along Fort Hamer Road consists of two undivided 12-foot lanes. It was constructed in 2017 and is in good condition. The existing clearances of the main bridge span include a minimum 26-foot vertical clearance above mean high water and a minimum 75-foot horizontal clearance measured perpendicular to the navigable channel of the Manatee River. The proposed project is not anticipated to alter the existing navigable channel required clearances.

A continuous five-foot sidewalk is present on the east side of Fort Hamer Road from the southern project limit across the bridge. North of the bridge, a continuous five-foot sidewalk is present on the west side of the road to the northern project limit. Intermittent sidewalks also occur on the east side of the road north of the bridge. Designated five-foot bicycle lanes are present along the road and bridge for the project's length.

Additional ROW is anticipated to accommodate the proposed improvements. ROW needs will be determined during the PD&E Study.

ENVIRONMENTAL: Environmental tasks for the PD&E Study included evaluation of existing conditions, habitat assessment, wetland assessments, evaluation of potential occurrence of protected species and protected resources including essential fish habitat, seagrass, eastern black rail, and gopher tortoises, NEPA documentation including the Natural Resources Evaluation, State Environmental Impact Report, and Preliminary Engineering Report, agency coordination with SWFWMD, USACE, USCG, and USFWS. Environmental tasks for the design and permitting phase include wetland delineation, mitigation planning, environmental permitting, and agency coordination.

TEAM MEMBERS: Shari Barnwell, PE (Project Manager-Bridge and Road Design), Cris Schooley, PE (Project Manager-PD&E Study), Alejandro Mendez, PE, Joseph Roberts, PE, Barry Switzer, PE, Andrew Stastny, PE, Sarah Johnson, CE, Andrew Gregg, PE, RSP1, Gary Nadeau, PE Jeff Hemphill, CNRP, Bill Spinner, PG, Tori Bachelor, WSP Shaleese Pitterson, Basit Ali, PE, Michael Garau, PE, Nolan Villatoro, PE, Mason Hoke, EI

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT *(Include scope, size, and cost)*

Osceola County selected Kimley-Horn to provide engineering and design services for the PD&E study for Nova Road Widening. Project limits extend from US 192 to the future Sunbridge Parkway, with a total length of approximately 4.7 miles. Kimley-Horn is providing an alternatives evaluation for the construction of a four-lane divided roadway with multimodal accommodations, associated drainage improvements, and stormwater ponds design and management, as well as upgrading the Intelligent Transportation Systems (ITS), modification/replacement of two bridges over the canal system, and street lighting. Kimley-Horn will perform the final design phase based on the preferred alignment selected in the study. Of the two bridge canal crossings one of which is owned and maintained by SFWMD.

ENVIRONMENTAL: Environmental tasks included wetland assessments, mitigation assessment, habitat assessments for protected species, Natural Resources Evaluation documentation, and agency coordination. Also, ACOE permitting, and a Floodplain Compensation plan.

FL Dept. of Transportation District Five 719 S. Woodland Blvd. DeLand FL 32720	Tyler Burgett, Project Manager	386.943.5388, Fax: 386.943.5655 tyler.burgett@dot.state.fl.us

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT *(Include scope, size, and cost)*

The vision for this project is a 30-mile shared-use multiuse trail within the Merritt Island National Wildlife Refuge (MINWR) and Canaveral National Seashore (CANA). The project is located within Brevard and Volusia counties and the proposed trail would become part of the Coast-to-Coast Trail and St. Johns River to Sea Loop Trail. The approach is to conduct a PD&E study for the trail along various alignments, to consider the environmental impacts associated with each alignment and coordinate with the federal agency partners for consistency with the MINWR and CANA management plans. Kimley-Horn conducted a PD&E study for three segments. Our team has evaluated the following alternatives: shared-use trails, regional trail connections, and buffered bike lanes for crossing the Haulover Canal. The preliminary assessment involved data collection and conceptual design alternatives incorporating Complete Streets into the selected areas. In consideration of alternatives for the trail, the project was divided into east-west and north-south segments. Portions of the project considered a 12-foot wide shared-use path along a berm, a shared-use path along an existing railroad, and buffered bike lanes. Alternatives developed also considered bridge crossings, roadway crossing options, and traffic calming solutions.

A comprehensive series of stakeholder interviews are in process to gain input from specific and targeted groups that represent major organizations or that have a major influence. As a part of the public involvement strategy, monthly coordination meetings are held with the U.S. Fish and Wildlife Service (USFWS), National Park Service (NPS), National Aeronautics and Space Administration (NASA), Space Coast TPO, and City of Titusville. The public involvement approach also includes extensive outreach to trail advocates and active visitors to MINWR and CANA.

This project is a local agency program (LAP) funded project. After completing the PD&E study for this 30-mile-long proposed 8- to 12-ft-wide bike/ped trail, Kimley-Horn was selected to design and prepare construction plans for the first 11-mile-long section. Design services include pavement design (concrete pavement for railroad crossing), structural design (box culvert and overhead cantilever signage), signing and pavement marking, milling, and resurfacing, ADA accommodations, drainage design, intersection design, utility coordination, and environmental permitting. The final deliverable includes an Environmental Assessment (EA) for USFWS, NPS signature, and a State Environmental Impact Report (SEIR) for FDOT District Five signature. NASA is a cooperating agency on this project.

ENVIRONMENTAL: Environmental services include conducting habitat mapping, Florida scrub-jay surveys, gopher tortoise surveys, and writing and submitting NEPA documentation (Natural Resource Evaluation and Contamination Screening Evaluation Report). The use of public meetings helped gauge the community's input regarding the development of the project. The existing conditions and data collection plan includes conducting wetlands mapping, Florida scrub-jay surveys, gopher tortoise surveys, and cultural resources surveys to determine the environmental effects and required mitigation for the proposed trail. Environmental tasks for the permitting portion of the project included mitigation planning, wetland delineation and evaluation, SJRWMD and USACE permitting, coordination with USFWS, Merritt Island National Wildlife Refuge, Canaveral National Seashore, NASA, and National Marine Fisheries Service.

TEAM MEMBERS: Michael Garau, PE, Project Manager, Gary Nadeau, PE, Sarah Johnson, CE, Shari Barnwell, PE; Tori Bacheler, PWS, Bill Spinner, PG, Joseph Roberts, PE

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT *(Include scope, size, and cost)*

Kimley-Horn is conducting a PD&E study to evaluate alternatives for the widening of the Suncoast Parkway from south of Van Dyke Road to north of SR 52, approximately 16 miles. Improvements to the existing interchanges within project limits will be evaluated and alternatives for new interchange access locations. Suncoast Parkway is currently a four-lane (two lanes in each direction) limited access facility, and the study will evaluate an alternative of three general toll lanes in each direction for the project limits.

ENVIRONMENTAL: Environmental tasks include wetland assessments, habitat assessments, general species surveys, Natural Resources Evaluation report, State Environmental Impact Report, and agency coordination.

TEAM MEMBERS: Michael Garau, PE (Project Manager), Lisa Stone, PE (Quality Control Manager), Sarah Johnson, CE, Jeff Hemphill, CNRP, Alejandro Mendez, PE, Joseph Roberts, PE, Barry Switzer, PE, Andrew Stastny, PE, PTOE, RSP21, Tori Bachelor, Bill Spinner, PG

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT *(Include scope, size, and cost)*

Kimley-Horn conducted the PD&E study for the extension of Poinciana Parkway in Osceola County for the Florida's Turnpike Enterprise. Although the work was performed as a subconsultant, Kimley-Horn was responsible for development of alternatives and the preparation of the Preliminary Engineering Report (PER) and Environmental Assessment (EA) for approval by FHWA. The project included improvements and/or modifications to the existing interchange at I-4/SR 429 associated with the connection of Poinciana Parkway as well as alternatives for the Sinclair Road/SR 429 and the Poinciana Parkway/CR 532 inter-changes. Prior to the PD&E Study for Florida's Turnpike Enterprise, Kimley-Horn supported CFX with a Concept, Feasibility and Mobility Study for the planned extension to I-4. For both projects, extensive stakeholder meetings and coordination occurred with property owners, utilities, developers, and local governments.

Utilized GIS to create graphics to be used in presentations. Each of these tasks included creating and modifying GIS graphics, shapefiles, and geodatabases and running geoprocessing tools to analyze the information. Gathered information from external databases to be analyzed internally and then displayed on the boards. The final deliverable was a geodatabase, table of right-of-way impacts, and GIS graphics.

ENVIRONMENTAL: Environmental services includes protected species surveys and NEPA documentation of findings in the Natural Resources Evaluation report. Existing environmental and physical constraints were identified, which included mitigation banks, cemeteries, and extensive utilities. Alternative alignments were developed to minimize impacts, and these alternatives are currently being evaluated. Protected species surveys were required including crested caracara nest surveys. Due to development, a cemetery, and utility constraints, a critical factor for determining feasibility of the expressway is its interchange connection to I-4; therefore, interchange concepts have been developed to determine the feasibility of tying into I-4 at two different locations.

PD&E TEAM MEMBERS: Michael Garau, PE, Joseph Roberts, PE, Sarah Johnson, CE, Tori Bacheler, PWS, Barry Switzer, PE,

Hillsborough County 601 E. Kennedy Blvd. Tampa, FL, 33602	Mary Sheets Project Manager	813.307.1793 sheetsm@hillsboroughcounty.org

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT *(Include scope, size, and cost)*

Kimley-Horn is preparing an update to the preliminary design engineering and environmental (PD&E) study for the Upper Tampa Bay Trail Gap for the segment from Peterson Park to Van Dyke Road in Hillsborough County. The PD&E update will add a new alternate trail alignment along Gunn Highway including the option of a landscaped buffer along the existing roadway. The goal for the project is to recommend a trail alignment for the missing gap of the Upper Tampa Bay Trail and a trailhead location, which is supported by community and key project stakeholders.

The PD&E Study update sets out several key project objectives. Its primary goal is to furnish the comprehensive data that Hillsborough County needs to make informed decisions regarding the nature, design, and precise placement of enhancements to the described transportation facility. This involves considering many factors such as transportation requirements, utility adjustments, societal consequences, economic considerations, environmental effects, engineering assessments, and right-of-way prerequisites. The update to the PD&E Study will document information necessary for Hillsborough County to reach a decision on the feasibility, location, and conceptual design that will meet the goals of the project. Our team is working to ensure that the required level of service and the Americans with Disabilities Act (ADA) are met. Services include public involvement, right-of-way assessment (based upon available GIS data), determining estimated right-of-way needs, hiring a property appraiser to update the land acquisition cost estimates for current market conditions for the trail alternatives, and providing land acquisition cost for the additional trail alignment alternative along Gunn highway, and preparing preliminary roadway and trail improvement plans

ENVIRONMENTAL: Environmental tasks for the PD&E Study included evaluation of existing conditions, habitat assessment, wetland assessments, evaluation of potential occurrence of protected species and protected resources including essential fish habitat, seagrass, eastern black rail, and gopher tortoises, NEPA documentation including the Natural Resources Evaluation, State Environmental Impact Report, and Preliminary Engineering Report, agency coordination with SWFWMD, USACE, USCG, and USFWS. Environmental tasks for the design and permitting phase include wetland delineation, mitigation planning, environmental permitting, and agency coordination.

TEAM MEMBERS: Andrew Stastny, PE, PTOE, RSP1, Sarah Johnson, CE, Jeff Hemphill, CNRP

TOTAL PROJECT COST: $185K

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT *(Include scope, size, and cost)*

The scope of the project was a PD&E Study for widening the existing 2-lane undivided SR 72 from east of I-75 to Lorraine Road in Sarasota County, a distance of about 3.1 miles. The proposed typical section included a 4-lane divided roadway with raised median, closed drainage system, and shared use paths on both sides. Four multilane roundabout intersections were also recommended.

ENVIRONMENTAL: The study team analyzed and assessed the project's impact on the social, economic, cultural, natural, and physical environment in accordance with FDOT policy, procedures, and requirements. Final design is an optional service after completion of the study phase. Environmental tasks included assessing the project corridor for wetland and protected species habitat, conducting federally protected species surveys (Florida bonneted bat and crested caracara), preparing the Natural Resources Evaluation report and the Type 2 Categorical Exclusion document, and coordinating with agencies.

TEAM MEMBERS: Chris Schooley, PE, Project Manager, Lisa Stone, PE Quality Control Manager, Sarah Johnson, CE, Jeff Hemphill, CNRPT, Tori Bachelor, PWS Michael Garau, PE, Barry Switzer, PE

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT *(Include scope, size, and cost)*

Kimley-Horn is providing roadway and structural design services for this 6.4 mile widening and extension project between US 17 and West Lake Ruby Drive in Winter Haven. The project is being designed in phases, and Kimley-Horn has completed the design of Segment 1 (started by another firm) and is finalizing an alignment study and final design plans for the design/construction of Segments 2, 4 and 5. The PD&E includes three (3) alternative conceptual alignments to widen Thompson Nursery Road. The study evaluates the environmental, physical, and cultural impacts of the alternative alignments to identify and recommend a preferred alignment, considering impacts and costs, and to prepare preliminary (15%) Line & Grade plans.

Existing portions of the roadway will be reconstructed to a 4-lane divided typical section. require coordination and/or permitting with the Florida Department of Transportation (FDOT Connection Permit), Southwest Florida Water Management District (SWFWMD), US Fish and Wildlife Services (USFWS), the Florida Department of Environmental Protection (FDEP), City of Winter Haven, City of Lake Wales, and Polk County.

Segment 5, Task 5a includes a PD&E study for a new four-lane, divided roadway. Up to three (3) conceptual alignments will be created, evaluated and a recommended preferred alignment identified.

Services also included environmental permitting, Pond Siting Report, PER, natural resources, cultural resources, contamination assessments, utility coordination, drainage design, and railroad coordination, roadway design, structural design, drainage, signing and pavement markings, lighting, signalization, utility adjustment, public involvement, planning, geotechnical services, and survey. The Environmental Impact Report required the acquisition of private property for roadway right-of-way, floodplain compensation and wetland mitigation areas.

ENVIRONMENTAL: Our services include providing species survey for the crested caracara, Florida bonneted bat, and southeastern American kestrel. Following the surveys, The results will be summarized in a report. Kimley-Horn was also responsible for setting wetland lines and submitting the permitting applications to the SWFWMD and FDEP. Environmental tasks included wetland delineations, wetland assessments, mitigation assessment, protected species surveys for the sand skink, crested caracara, Florida bonneted bat, and southeastern American kestrel, permit documentation, and agency coordination.

TEAM MEMBERS: Joseph Roberts, PE, Project Manager, Cris Schooley, PE (Project Manager PD&E), Sarah Johnson, CE, Gary Nadeau, PE, Deborah Knighton, PE, Jeff Hemphill, CRNP, Barry Switzer, PE, Nolan Villatoro, PE, Andrew Gregg, PE, RSP1

TOTAL PROJECT COST: $6.2M (utilizing state funding for the PD&E phase)

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT *(Include scope, size, and cost)*

Kimley-Horn has a West Villages Master Agreement and as a Task Order assignment is completing Phase 1 & Phase 2 services for the engineering and design to widen River Road from a 2-lane rural roadway to a divided 4-lane sub-urban roadway from Winchester Blvd to US 41 for a distance of 4.1 miles. The roadway will transition traffic to a new intersection to accommodate access required for a new school. Phase II will then transition into a portion of the same roadway. Environmental documentation is required to satisfy a HUD grant and a 404 permit with anticipated submittal to USACOE.

Additional services include signing and marking, drainage design and floodplain analysis, utilities coordination and environmental support to others for documentation and permitting, structures design, intersection, design and analysis, lighting design, landscape concepts and renderings and utility design for water and sewer.

ENVIRONMENTAL: Provided by others.

H. ADDITIONAL INFORMATION

30. PROVIDE ANY ADDITIONAL INFORMATION REQUESTED BY THE AGENCY. ATTACH ADDITIONAL SHEETS AS NEEDED.

Kimley-Horn has a long history of being a successful municipal consultant. In fact, one of the largest areas of our practice is within the municipal arena. Our extensive municipal experience including civil engineering, landscape architecture, traffic and transportation planning, urban planning, redevelopment, land development, bike and pedestrian planning, drainage design and stormwater management, environmental services, permitting, structural, parking design, water/wastewater treatment, and construction phase services gives us the technical understanding of how to work with city and county staff and elected officials to effectively achieve our clients' objectives.

We have consistently worked for municipal clients for many years. In fact, as your project manager, Alejandro Mendez, PE brings a unique experience to serving clients like Pasco County—he has spent the last decade of his career primarily managing similar projects and contracts for several municipalities and counties in Florida. For many of these communities we roll up our sleeves and work alongside your staff to tackle the same challenges every growing community faces. We understand that at times we need to be in close collaboration with your staff and know how to work with the community on your behalf. No job has ever been too large or too small. To get an idea of the number of municipalities we serve, the following list demonstrates our statewide experience.

AWARD-WINNING PROJECTS IN FLORIDA

Kimley-Horn is recognized nationwide for the quality of our work environment, for our stature as a business enterprise, and for the outstanding work of our consulting staff.

Here are just a few of our Florida success stories.

2025

- **Florida West Coast Branch American Public Works Association (APWA) Consultant of the Year - Stormwater** *(Renee Cooper, the Public Works Director at the City of Safety Harbor, nominated us for the emergency work the Kimley-Horn St. Petersburg office team did following Hurricane Milton.)*

2024

- **ACEC Engineering Excellence Honor Award, Greater Orlando Aviation Authority(GOAA), Orlando International Airport, Orlando International Airport Terminal** *(Kimley-Horn was the lead firm on airfield civil design, and provided support on the landside civil engineering)*
- **ACEC Florida Engineering Excellence Grand Conceptor Award, Legacy Trail Extension**
- **ASLA Florida Design Award of Merit (Open Space Category), Welleby Park Expansion**
- **ASLA Florida Design Award of Merit (Open Space Category), Massey Park Playground**
- **ASLA Florida Design Award of Honor, Crest Lake Park Renovation**

2023

- **ACEC FL Engineering Excellence Grand Conceptor Award, Legacy Trail Extension**
- **American Society of Golf Course Architects (ASGCA) Environmental Excellence Awards, Bobby Jones Golf Club and Nature Park**
- **American Society of Golf Course Architects (ASGCA) Environmental Excellence Awards, The Square Streetscape Improvements**
- **ASCE Palm Beach Branch Sustainable Project of the Year, Clematis Street Streetscape Improvements**

Welleby Park Expansion, Sunrise, FL

2022

- Award of Merit, Jan Johnson Public Involvement Award, Polk TPO Momentum 2045 Long Range Transportation Plan, Accepted by: Ryan Kordek, Parag Agrawal, Julia Davis, Greg Scott, Lorenzo Thomas
- ACEC Award of Excellence, Legacy Trail
- ASLA FL Frederic B. Stresau Award, Las Olas Boulevard Corridor Improvements
- ASLA FL Award of Excellence, Las Olas Boulevard Corridor Improvements
- Urban Land Institute (ULI) Global Awards for Excellence, St. Petersburg Pier Approach
- Urban Land Institute (ULI) Americas Awards for Excellence, St. Petersburg Pier Approach
- PCI Design Awards Harry H. Edwards Industry Advancement Award, The Robinson

2021

- Florida Section ASLA Award of Merit, Urban Design, Clematis Streetscape Improvements
- ACEC FL Engineering Excellence Award, FLL Rehabilitation of North Airfield
- AIA Northwest Florida chapter Award Citation, Innerarity Point Park
- FDOT Commercial Service Airport Project of the Year, Punta Gorda Airport Runway 15-33 Rehab
- Engineering News-Record (ENR) ENR Southeast 2021 Best Landscape/Urban Development Project, St. Petersburg Pier Approach
- USA Today 2020 Runner-Up for Best New Attraction, St. Petersburg Pier Approach

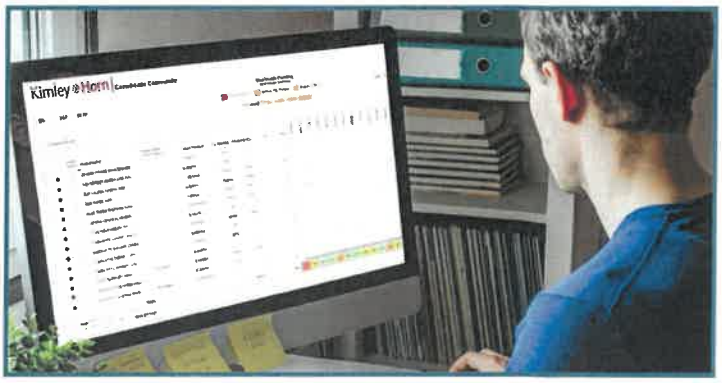
LOCATION AND WORKLOAD

TAB D. LOCATION AND WORKLOAD

The lead office for this contract will be Kimley-Horn's Tampa office located at 201 North Franklin Street, Suite 1400, Tampa, FL 33602, just a half hour from Pasco County's offices. Our local leadership team, led by project manager, **Alejandro Mendez, PE**, is ultimately responsible for overseeing the performance of all aspects of every task assignment and will be held accountable to stakeholders and County staff. They will actively engage in every stage, guiding our engineering and design teams while consistently updating Pasco County. Additionally, Alejandro is a resident of Pasco County and closely located to the project location as well as Counties offices.

Our Benefit to the County. Our proactive approach begins with immediate and clear communication. At Kimley-Horn, production meetings are held weekly to enable staff, task managers, and project managers to stay up to date regarding current and projected workloads. Weekly regional production meetings are also held to assess the availability and distribution of resources among Kimley-Horn's 22 Florida offices. We know the importance of meeting our clients' deadlines—our depth of staff and ability to activate resources from other offices will ensure that we complete your projects on time.

Current and Projected Future Workloads



Kimley-Horn is not only readily available and equipped with the capacity to serve Pasco County on this contract, but we also bring the expertise essential to seamlessly handle the scope of services. Our current workload consists of projects that are either completed, awaiting further development, or awaiting funding for construction. Our active, ongoing projects are noted below. Offering the technical resources of a nationally ranked organization and the personal service of a local firm, we'll regularly evaluate our workload against our resources in Florida. Our project manager, **Alejando Mendez, PE**, is readily available now to begin this project, is empowered to commit necessary resources, and has demonstrated effective project management on numerous contracts throughout the State of Florida.

Our local staff is supported by over 1,500 employees across 22 Florida offices and more than 8,500 employees nationwide. With excess capacity, we can readily meet the technical and manpower needs expected for this contract. Our firm's philosophy prioritizes sharing resources across offices, divisions, and regions, ensuring long-term staff stability and client satisfaction. Our regional and divisional managers routinely adjust manpower and workloads, **guaranteeing ample staff and technical resources for on-time project completion.**

Our project team members were selected based on two key criteria:

1. **Their experience with similar projects**
2. **Their availability to assume major technical responsibilities within your project schedule**

Kimley-Horn's castaheads system details each project's personnel needs, continuously matching them with staff availability to keep our projects on schedule. Castaheads is a management information system (MIS) to continuously track our financial performance and productivity. One of the key elements of the MIS is a reliable forecasting process we call the "castahead" system. The castahead system is the primary means of tracking and evaluating our staffing needs. Updated monthly by the project managers, the castahead system forecasts our workload for the next month and the upcoming six-month period. The castahead process ensures that sufficient staff and hours are available to meet project schedules.

A review of our castaheads assures you that the selected staff members are available immediately and well-positioned to handle the workload. Our subconsultants have also committed their resources to serve the County on this contract. The table below shows an estimation of our team's current and future projected workload as well as the availability based on our understanding of the expected schedule. The following projects are currently in production or soon to be completed prior to the start of this project:

- Fort Hamer Road and Bridge PD&E Study and Final Design, Bradenton, FL – 90%
- PD&E, Engineering & Design for Nova Road (CR532) Widening from US 192 to Sunbridge Pkwy – 99%
- PD&E Study for Poinciana Parkway Extension from CR 532 to North of I-4/SR 429 Interchange – 100%
- Thompson Nursery Road PD&E, Widening and Extension, Polk County, FL – 80%
- SR 70 PD&E Study from Manatee County Line to Peace River Bridge, Desoto County, FL –15%
- River Road Widening E. River Road to US41 (Phase 1&2), West Villages Improvement District, Sarasota – 40%

QUALITY/COST CONTROLS

TAB E. QUALITY/COST CONTROL

Kimley-Horn stands out with distinctive abilities and innovative approaches evident in our track record of successful projects. We endeavor to provide all the necessary controls, and actions to help this project stay on track and is completed in a timely manner. Some highlights include:

Unique Abilities, Innovative Approaches, and Special Considerations

Alignment Expertise. Our focus on vertical and horizontal alignment minimizes environmental impact, reduces fencing needs, and preserves historic vegetation, showcasing our commitment to sustainability.

Sustainable Pavement Practices. We incorporate recycled materials like reclaimed asphalt pavement (RAP) and crushed concrete for cost-effective, eco-friendly road surfaces, emphasizing sustainability in our pavement solutions.

Optimized Drainage. We prioritize maintaining existing drainage characteristics, and simplifying design and permitting processes, resulting in both cost and time savings for our clients.

Innovative Public Engagement. We have an experienced team of professionals and employ virtual engagement techniques to enhance public involvement, keeping stakeholders informed and engaged throughout the project lifecycle.

Technology Integration. Leveraging smartphone, tablet, and mobile apps supports project implementation, economic development promotion, and fosters efficiency in our operations.

Proactive Permitting Strategies. Through advance permitting, we prepare comprehensive data and documentation, akin to "draft permits," demonstrating our commitment to proactive agency coordination and early dialogues.

Sustainable Landscaping Solutions. Our landscaping approach involves relocating historic trees and utilizing Florida-friendly plants with underground irrigation systems, creating aesthetically pleasing and environmentally sustainable landscapes.

Precision with 3D Graphics. The use of 3D design for precise material placement with GPS machine guidance highlights our commitment to innovation and cost reduction in project implementation.

Kimley-Horn recognizes the importance of efficient project execution, we aim to minimize the County's resource allocation by swiftly and responsively handling a wide range of engineering controls to prevent actions for undesirable or unacceptable work product. **Our proactive approach is simply communication; constant, often, and whenever necessary.** We will draw from our experience of successful contracts with the local municipalities in the past and defer to the County for an in-depth understanding of the County's operations and requirements. We are positioned to leverage our knowledge, along with the insights gained from previous projects with a similar scope and size to this upcoming Route Study. Kimley-Horn facilitates a timely, cost-effective completion by actively communicating with you when challenges arise and effectively managing expectations and coordination or a successful project.

The combined strengths of our team, including our skills, extensive experience, and unwavering dedication, ensure that every project for the County will be successfully executed within the specified schedule and budget parameters, without compromise.

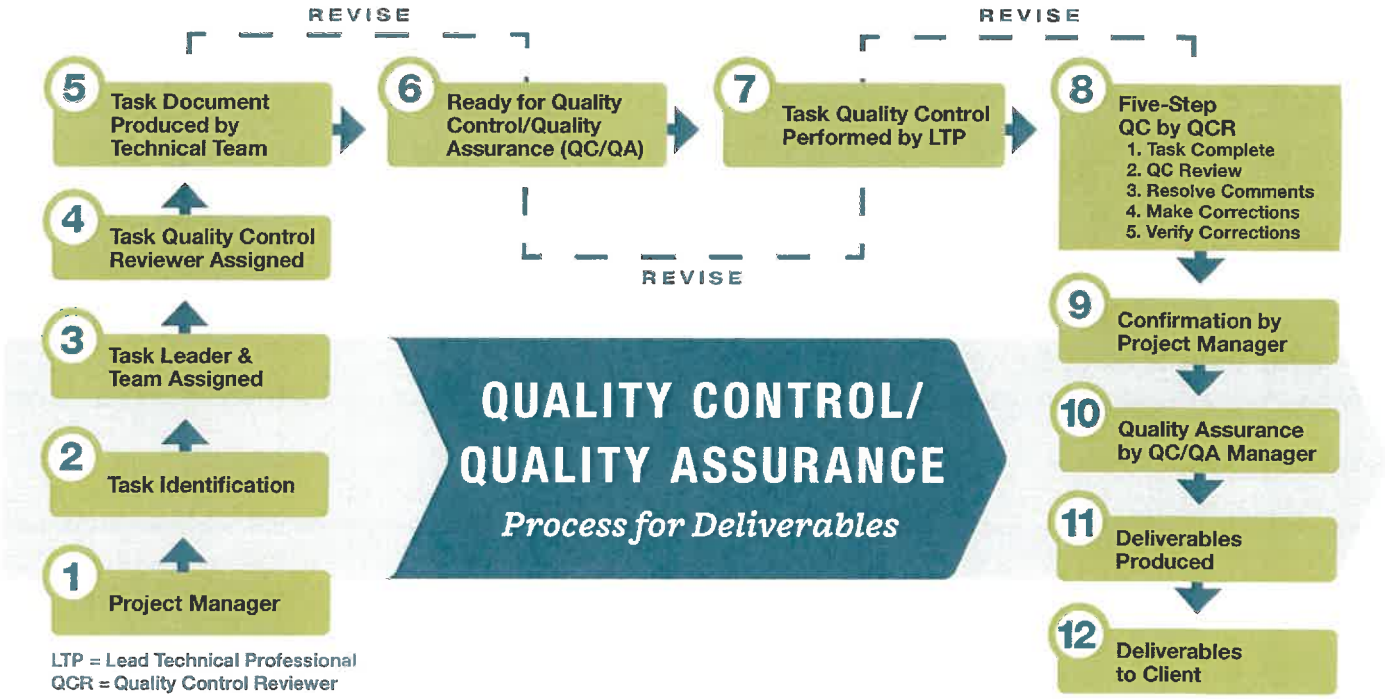
Controls to Maintain Schedule and Budget

Our extensive experience, spanning decades of collaboration on similar projects, has equipped us with effective project management and reporting procedures to maintain control over both schedule and budget. Our refined program management procedures have consistently proven effective.

- **Project Definition/Scoping.** Based on mutual understanding, we'll closely collaborate with County staff to create a detailed statement of services outlining tasks, deliverables, schedules, and fees.
- **Project Implementation.** Our execution will align with the agreed-upon scope. Early coordination with regulatory agencies will precede detailed submittals.
- **Project Scheduling.** We use Microsoft Project with Critical Path Method to identify and manage key tasks. Our project manager, **Alejandro Mendez, PE**, with our Deputy Project Managers **Sarah Johnson, CE** and **Andy Gregg, PE**, will establish an initial schedule, and any deviations will be promptly communicated.
- **Project Management.** Our project manager will maintain routine communication with the County, including monthly updates and weekly check-ins. Our project management plan will be provided to all team members, ensuring schedule adherence.
- **Budgetary Monitoring.** Using an S-Curve management approach, our project manager will actively monitor charges bi-monthly. Bi-weekly project details and monthly expenditure summaries will be accessible online, aiding budget control.
- **Quality Assurance.** A project-specific Quality Control program, subject to County approval, will be developed under this contract. Our Quality Control Manager, **Lisa Stone, PE**, will ensure adherence to quality deliverables, schedules, and budget requirements. Our proprietary "castahead" staffing system will guarantee ample resources to meet contract needs.

Quality Control/Quality Assurance

Quality Control is an integral part of Kimley-Horn's culture. Kimley-Horn has a well-defined QC/QA plan that identifies each staff person's role and responsibilities in the process. It is based on the following best practices and principles:



Kimley-Horn Quality Control Is

The Kimley-Horn team considers the QC/QA process a critical component of project delivery. As a result, we have designated a key senior professional to provide an independent review of each deliverable and oversee the overall process.

QC/QA Compliance

Subconsultants must adopt Kimley-Horn's QC/QA Plan for the professional services and deliverables they are providing to Kimley-Horn and Pasco County for the completion of the assignment or demonstrate that they have a QC/QA plan comparable to Kimley-Horn's. One of the important tenets mentioned above is that individuals assigned to review, check, and backcheck are not solely responsible for performing the work. A corollary to this important principle is that we will guarantee that the same reviewers see their assignment through from the initial review through the last submittal. This helps to ensure that the first review, the critical review gets it right, helping to avoid costly changes later in the design.

OFFEROR INFORMATION/CERTIFICATION FORM

(MUST BE INCLUDED WITH OFFEROR'S SUBMISSION)

(This form must be FULLY executed with original authorized signature and TWO witness signatures)

1. Legal Name of Offeror. Indicate if the Offeror is a Corporation, Joint Venture, Partnership, etc.:

   Kimley-Horn and Associates, Inc.

   (This name must match the name on your current W9 Form. The W9 will be requested at the time of award.)

2. Name/title of contact person for the Offeror: Alejandro Mendez, PE, Project Manager

3. Local business and mailing address: 201 N. Franklin Street, Suite 1400, Tampa, FL 33602

4. Primary business and mailing address: 421 Fayetteville St. Suite 600, Raleigh, NC 27601

5. Telephone number: (813) 620.1460 Fax: ( ) N/A

   Email Address: alejandro.mendez@kimley-horn.com

The above-named Offeror affirms and declares:

A. That the Offeror understands all requirements of this request and states that as a serious Offeror they will comply with all the stipulations included in this request.

B. That the Offeror is of lawful age and that no other person, firm or corporation has any interest in this response or in the contract proposed to be entered into except as expressly stated below:

C. That this response is made without any understanding, contract, or connection with any other person, firm or corporation making a response for the same purpose, and is in all respects fair and without collusion or fraud except as expressly stated below:

D. That the Offeror is not in arrears to the Pasco County Board of County Commissioners upon debt or contract and is not a defaulter, as surety or otherwise, upon any obligation to the Pasco County Board of County Commissioners except as expressly stated below:

E. That the Offeror is in compliance with Section 448.095(2), Florida Statutes, requiring Offeror and its Subcontractors to register with and utilize the U.S. Department of Homeland Security's

E-Verify program to verify the work authorization status of all newly hired employees and acknowledges that it will be required to maintain such compliance throughout the term of any Contract entered between the parties. The Offeror also confirms that no public employer has terminated a contract with the Offeror for failure to comply with Section 448.095(2), Florida Statutes within the 12 months preceding the date this Certification Form is signed by the Offeror.

F. That no officer or employee or person whose salary is payable in whole or in part from the County is, will be or become interested, directly or indirectly, surety or otherwise in this response; in the performance of the resulting contract; in the purchase of supplies, materials, equipment, work and/or labor to which they relate; or in any portion of the profits thereof.

G. That the Offeror has received and carefully examined all Addenda issued prior to uploading its response and its response will be in accordance with all Addenda prior to response opening.

H. That by submitting a response, the Offeror certifies that it is not currently debarred from submitting responses for contracts issued by any political subdivision or agency of the State of Florida and that it is not an agent of a person or entity that is currently debarred from submitting responses for contracts issued by any subdivision or agency of the State of Florida.

I. That pursuant to Section 287.087, Florida Statutes, Offerors understands that they may certify in their response that they have implemented a drug free workplace program. If two or more responses are deemed equal, preference will be given in the award process to the Offeror who has furnished such certification with their response.

J. If claiming Local Vendor Preference, the Offeror certifies that they satisfy each of the following criteria at the time of their submission of a response to the solicitation necessary to qualify as a "Local Business": a) a vendor, supplier, or contractor who does business in Pasco County by providing goods, services, or construction; and b) maintains a physical business address located within the jurisdictional limits of Pasco County in an area zoned for the conduct of such business; and c) which the vendor, supplier or contractor operates or performs business on a daily basis; and d) has for at least twelve (12) months prior to the response opening date; and e) a copy of their local business tax receipt or qualifies as a business in a neighboring county as listed in the County's Purchasing Ordinance. Post office boxes shall not be used for the purpose of establishing said physical address.

Please put an "X" in the applicable box or mark N/A

_____ Local Business located in Pasco County
__X__ Business located within Hillsborough, Pinellas, Polk, or Hernando County

This local preference provision is not applicable to those solicitations involving the use of either State or Federal funds as indicated below:

State and/or Federal Funds Involved: N (Y if applicable, N if not applicable)

Note: If claiming Local Vendor Preference, a valid Local Business Tax Receipt must be provided at the time the response is submitted in order to qualify for such consideration.

K. By signing this Certification, I represent that I am of lawful age and have the authority to bind the Offeror for contract purposes. **If someone other than the President of the corporation, or a member of a member-managed limited liability company, or the manager of a manager managed limited liability company, then one of the following must be submitted with this Certification:**

1. If Offeror is a corporation (includes incorporated or company, or abbreviations thereof, in its name), and if other than the President of the corporation is signing this Certification, then one of the following must be submitted with this Certification:

   a. a current corporate resolution naming the officer or person signing this Certificate as authorized to sign contracts on behalf of the company or,

   b. a copy of the Board of Directors' resolution or meeting minutes designating the officer or person signing this Certificate as authorized to sign contracts for the corporation, certified by the secretary of the corporation. (Attached)

2. If Offeror is a limited liability company, then the following must be submitted with this Certification: a copy of the Operating Agreement of the limited liability company showing that that person signing this Certificate is authorized to sign contracts for the limited liability company.

L. Attached to this response is a copy of the Certificate of Status from the Florida Secretary of State, Division of Corporations, which can be downloaded from https://dos.myflorida.com/sunbiz/search/.

M. Exceptions to Contract Provisions and Miscellaneous Declarations (attach additional sheets, if necessary):

Certificate of Secretary

To Whom It May Concern:

I am the duly qualified and acting Secretary of Kimley-Horn and Associates, Inc., a North Carolina Corporation.

The following is a true copy of a resolution duly adopted by the Board of Directors of the corporation at the Board meeting held on December 17, 2024 and entered in the minutes of such meeting in the minute book of the corporation.

"The Board unanimously approved the contract signing authority of employees as presented." (Copies of the employee lists as presented are enclosed.)

The resolution is in conformity with the articles of incorporation and bylaws of the corporation, has never been modified or repealed, and is now in full force and effect.

Dated: December 18, 2024

Richard N. Cook, Secretary

(corporate seal)

Kimley-Horn and Associates, Inc.
FULL CONTRACT SIGNING AUTHORITY
December 17, 2024

The following individuals have authority to sign both standard and non-standard agreements directly related to serving clients ("Project Agreements"). Project Agreements include client contracts, subcontracts, project-specific vendor agreements, IPO's, contract amendments, non-disclosure agreements, teaming agreements, project-specific equipment and facility rental agreements for specific projects, and certifications related to proposals. This document does not grant authorization to sign other types of contracts or legal documents not directly related to client service such as office leases, software purchase or license agreements, tax returns, purchase agreements for supplies, or agreements to procure accounting, legal, recruiting, or similar services.

POLICY

POLICY PARAMETERS

Purpose

Kimley-Horn and Associates, Inc. (Kimley-Horn) is committed to provide a safe, healthy, and productive work environment. To meet this objective, as well as our obligations under applicable federal and state laws, Kimley-Horn has a drug-free workplace policy and program that provides Kimley-Horn with reasonable measures to ensure that an employee drug or alcohol problem does not jeopardize the successful operation of our business, or otherwise negatively affect Kimley-Horn, our employees, or the general public.

Who Is Covered

The drug-free workplace policy covers all temporary employees, part-time employees, and full-time employees, including contract employees and interns of Kimley-Horn. When used throughout this policy, the term "employee" refers collectively to contract employees and interns, as well as temporary, part-time, and full-time employees, unless specified otherwise.

Final candidates for all job positions will be drug tested and if the individual is considered to have failed the employment screen process, the offer will be withdrawn.

Implementation of the Drug-Free Workplace Policy is subject to restrictions and/or requirements contained in federal, state and local laws, as well as specific collective bargaining agreements.

For the purpose of this policy, all Kimley-Horn employees are deemed to be in "safety-sensitive" positions.

Availability of Treatment

All employees and their family members have access to the Employee Assistance Program (EAP) at no charge.

Should there be a need for treatment, coverage is based on the parameters set forth in the employee's medical benefits plan. Employees who participate in another provider's plan should refer to that plan to determine what coverage is available. Employees are responsible for all costs of treatment that are not covered by their applicable medical benefits plan.

HELP & INTERVENTION

Support for Voluntarily Seeking Help

Kimley-Horn encourages early diagnosis and sound treatment for drug- and alcohol-related problems and encourages employees to voluntarily and confidentially seek help.

In an effort to support employees in obtaining treatment, Kimley-Horn offers the services of an Employee Assistance Program (EAP). This service provides counseling and referral services for employees with drug- and alcohol-related problems and other personal problems. This service should be accessed directly and is available 24 hours a day, 365 days a year. The EAP provides experienced counselors to help with personal problems, including those related to drugs or alcohol. Anonymity and confidentiality are assured. In situations where an employee requests leave for treatment, Kimley-Horn will reasonably accommodate such requests and will attempt to place the employee in a comparable position upon his or her return to work.

Those employees who undergo voluntary counseling or treatment and who continue to work are subject to the same job performance and behavior standards as other employees. As with all employees at Kimley-Horn, those employees seeking voluntary counseling or treatment who fail to meet performance standards are subject to disciplinary action.

Intervention When Not Voluntarily Seeking Help

Whenever an employee has reasonable suspicion that the questionable behavior and/or action(s) of a fellow employee may be related to the use of drugs or alcohol, the employee should contact a member of his/her Regional Human Resources team. The information provided to Human Resources is confidential.

All Rights Reserved

PROHIBITED CONDUCT

The following employee conduct is prohibited on company property, on company business, and in company-supplied vehicles or vehicles being used for company business or during working hours, inclusive of meals and breaks. Engaging in any of the following prohibited conduct is considered a violation of the policy:

- Being under the influence of a controlled substance, illegally used drug, or alcohol
- Use, possession, manufacture, distribution, dispensation, sale, attempted sale, purchase, attempted purchase, cultivation, or storage (including in a desk, locker, automobile, or other repository) of a controlled substance, illegally used drug, or drug paraphernalia

  In addition, in accordance with state and/or federal law, Kimley-Horn does not allow any employee to use, possess, consume, distribute, store or be under the influence of any synthetic products simulating the effects of cannabinoid, cocaine, amphetamine products or other illegal drugs.
- Consumption, possession, manufacture, distribution, dispensation, sale, or storage (including in a desk, locker, automobile, or other repository) of alcohol.
  In addition, Kimley-Horn prohibits employees who leave company property during work hours to consume alcohol if they will be returning to work (e.g. meals and breaks).
- Refusing to consent to, submit to, tampering with or a failure to report for a test will result in termination.
- Disclosure of any information to individuals related to the following (other than in accordance with this policy, or as required by law):
  - Drug or alcohol testing referrals
  - The results of such testing
  - Treatment referrals
- For those employees referred for assessment or treatment by Kimley-Horn, failing to adhere to any of the requirements of the Rehabilitation Agreement.
- Conviction under any criminal drug or alcohol statute related to the following:
  - Conviction occurring in the workplace or occurring while conducting company business or while driving a company-owned or -leased vehicle or a personal vehicle for company business
  - Conviction that may adversely affect Kimley-Horn, the work performance or safety of Kimley-Horn employees, or the safety of others at work
  - Failure to notify a member of the Regional Human Resources team of any conviction under any criminal drug or alcohol statute within 24 hours or the next working day from the time of the conviction
  - Employees must immediately report any change in driver's license status to a member of the Regional Human Resources team if his/her job function may include driving a vehicle for company business.

- Failure to notify a member of the Regional Human Resources team of the use of a prescription drug that may alter the employee's physical or mental ability to perform his/her functions or operate a motor vehicle.

  In addition, the employee who reports the use of a prescription drug that may alter the employee's physical or mental ability to perform his/her job function must provide a memo from the prescribing licensed physician if it is recommended that the employee not continue to perform his/her job function for the term of the prescription, including any specified restrictions. The type of drug being taken and the purpose for taking the drug need not be reported.

  Kimley-Horn may temporarily place an employee in another position during the course of the employee's treatment. The employee's supervisor and a member of the Regional Human Resources team will determine whether the employee's job assignment should be temporarily changed while the prescription is being administered. The company reserves the option to contact the prescribing licensed physician or the pharmacist directly for guidance as to the employee's ability to continue performing his/her job function. The employee shall be present whenever possible.

- Refusing, when required under Kimley-Horn's policy, to sign the following:
  - Drug-free Workplace Policy Acknowledgment & Consent Form
  - Rehabilitation Agreement

- For employees engaging in the following conduct, either off company premises or during off-duty hours, the following is prohibited and will constitute a violation of the drug-free workplace policy:
  - Possession, use, manufacture, distribution, dispensation, cultivation or sale of controlled substances or illegally used drugs off company premises that may adversely affect the employee's work performance, or the employee's safety or others' safety at work
  - Illegal use of legal substances off company premises or during off-duty hours that may adversely affect the employee's work performance, the employee's safety or others' safety at work

Kimley-Horn never encourages the consumption of alcohol and alcohol will not be consumed at any Kimley-Horn function, unless expressly allowed. Alcohol may not be consumed in a Kimley-Horn office, including during office open houses. In rare situations, Regional Leaders may approve the consumption of alcohol in the office at after-hours industry functions. In addition, Kimley-Horn employees are prohibited from consuming alcohol during the business day or while on company business with the following exception: in the case of certain functions that include client entertainment, professional meetings, or senior recruitment activities, the company recognizes that alcohol may be consumed. In these cases, each employee must know his or her physiological limits and act responsibly to avoid impairment.

DRUG & ALCOHOL TESTING

The methods used to determine the presence of alcohol or drugs in the system under this policy include a urine and/or breath test.

Kinds of Tests

Pre-Employment Drug Testing. Applicants shall be advised in connection with their application for employment that once offered a position they will be required to take a drug test. The following will disqualify an applicant from consideration: a verified positive drug test result, failure to consent to such a test, or not having the test conducted within seventy-two (72) hours of being notified unless additional time is approved by a member of Human Resources.

Reasonable Suspicion Drug and Alcohol Testing. Kimley-Horn shall test its employees for drugs and alcohol when there is reasonable suspicion of drug and/or alcohol use. Reasonable suspicion will be documented. Referrals for reasonable suspicion testing shall be coordinated by a member of the Regional Human Resources team.

Post-Incident Drug and Alcohol Testing. All employees who may have caused or contributed to an incident, as defined below, will be subject to a drug and alcohol test as soon as possible following the incident.

For the purposes of this policy, an incident is an unintended or intentional event which occurs on company property, on company business, or during working hours, or involves company-supplied motor vehicles or motor vehicles used for company purposes in which the employee is determined to be at fault, and which results in *any* of the following:

- A fatality of any party
- Bodily injury of any party requiring immediate medical treatment away from the scene
- A citation issued for a serious offense such as but not limited to: reckless driving or driving under the influence.

Due to time constraints, formal estimates and/or assessments are not required. A member of the Regional Human Resources team's estimate and/or assessment is acceptable for the purposes of determining the need for a drug and alcohol test based on the definition above.

The employee is required to immediately notify a member of his/her Regional Human Resources team of an incident. In cases of a vehicle accident, the procedures included in the supplied vehicle accident guidelines must be followed.

If required by a member of the Regional Human Resources team, an individual must remain available for testing. An individual who does not make himself or herself readily available for testing may be deemed to have refused to be tested. If the individual must leave the scene of the incident, he/she must make every effort to be tested or to contact a member of the Regional Human Resources team to inform them of his/her whereabouts.

A post-incident alcohol test must occur immediately or no later than 8 hours following the incident and a post-incident drug test must occur immediately or no later than 32 hours following the incident. For more information on the timing of post-incident tests, refer to the post-incident referral procedures in the Procedures Section of this document.

© Copyright 2018
All Rights Reserved

If an employee who causes or contributes to an incident is exempt from post-incident testing because of state law, testing may still occur if reasonable suspicion exists.

Client-Required Drug and/or Alcohol Testing. Kimley-Horn employees will be tested when required by a client of Kimley-Horn when the client has a drug and alcohol testing policy in place and when such testing is in accordance with the client's policy and consistent with state and federal law.

Follow-Up Drug and/or Alcohol Testing. Employees referred by Kimley-Horn for treatment will be required to sign a Rehabilitation Agreement and may be subject to follow-up drug and alcohol testing.

- **For drugs.** Individuals referred for a drug problem will be subject to unannounced testing for the illegal use of drugs. Follow-up drug testing applies during the two (2) year period following referral and upon return to work.

- **For alcohol.** Individuals referred for an alcohol-related problem will be subject to unannounced testing for alcohol use. Follow-up alcohol testing will begin following referral and upon return to work and will continue until Kimley-Horn determines that the individual's alcohol use does not pose a direct threat to the safety of the individual or others in the workplace. However, follow-up alcohol testing will not exceed a two (2) year period.

Cost of Testing

The company will pay for any drug and/or alcohol test that it requests or requires. Should an employee request a retest, the cost is to be assumed by the employee unless otherwise stated.

Right to a Retest

An employee who tests positive on a confirmatory drug test required by the company may consult with the Medical Review Officer (MRO) to identify possible legitimate, biomedical explanations for the positive result. In addition, the employee may request in writing a retest of the original specimen at his/her expense within five (5) working days after the employee has been informed of the confirmed positive test result. An employee who tests positive for alcohol by breath is automatically given a retest at the time of the original collection as a confirmation.

Consequences for Policy Violations

A violation of the policy, even a first offense, will serve as the basis for discipline, up to and including termination. The degree of the discipline administered will depend on the circumstances of each case. However, employees need to be aware that certain offenses, including but not limited to possession, sale, or use of controlled substances or illegally used drugs on Kimley-Horn premises, on company time or on company business will normally result in immediate termination.

Confidentiality

All information, interviews, reports, statements, memoranda, and drug or alcohol test results, written or otherwise, are confidential. Any written agreements, reports, statements, memoranda, and drug or alcohol test results shall not be maintained in the employee's personnel file, but rather in a secured medical records file. Access to this information is limited to those who have a legitimate need to know in compliance with relevant laws. This includes occasions when various employees within Kimley-Horn will have a "need to know" and this will not be considered a breach of confidentiality.

Kimley-Horn, the laboratory, the Medical Review Officer, EAP, treatment providers, and their agents who receive or have access to information concerning test results shall keep all information confidential and may not release any of the information without the written consent of the employee unless the release is required by law, is in accordance with this policy, or is relevant to a legal claim asserted by the employee.

Reservation of Rights

Kimley-Horn reserves the right to interpret, change, or rescind the policy in whole or in part, with or without notice. In addition, applicable federal or state laws or regulations may require Kimley-Horn to modify or supplement the policy. This policy does not create a binding employment contract.

PROCEDURES

REFERRAL PROCEDURES FOR REASONABLE SUSPICION DRUG & ALCOHOL TESTING

All Kimley-Horn employees are responsible for being alert to declining job performance, erratic behavior, and other symptoms of possible drug and alcohol use. Whenever such conduct and/or performance is recognized and there is a concern about an employee, a member of the Regional Human Resources should be contacted.

Observe & Document: Sometimes a reasonable suspicion test referral may occur based on a single significant event. If a significant event occurs where the employee's actions or behavior causes a potential threat of harm to himself/herself or others, the employee will be promptly removed from the immediate work site.

When there is reasonable suspicion to believe that drugs or alcohol may be involved in the significant event, a member of the Regional Human Resources will refer the employee for drug and/or alcohol testing as outlined below. However, immediate medical attention should never be delayed due to testing.

Most often, a reasonable suspicion test will occur after a period of observation and documentation. The documentation will include appropriate dates and times of questionable conduct or behavior, declining job performance, reliable and credible sources of information, and rationale leading to referral for testing and the action(s) taken.

Make a Referral: Confer with a member of your Regional Human Resources team to discuss the situation. Only a member of the Regional Human Resources team can make a referral.

Notify the Employee: Once a determination has been made that reasonable suspicion exists, a member of the Regional Human Resources team will notify the employee.

Prepare the Employee for the Collection Process: To prepare the employee for specimen collection, a member of the Regional Human Resources team shall:

- Initiate the Drug and/or Breath Alcohol Test via our online system and provide the employee with the authorization to take to the collection site.
- Notify the collection site that the employee is being sent for testing.
- Escort or plan for the employee to get to the collection site for the drug and/or alcohol test and to get home following the collection process.
- Verify that the employee has a valid photo identification to present at the collection site.
- Call the collection site to determine whether the collection procedures were completed.
- If needed, place the employee on leave from work pending receipt by Kimley-Horn of the test results.

All Rights Reserved

REFERRAL PROCEDURES FOR POST-Incident DRUG & ALCOHOL TESTING

All employees who may have caused or contributed to an incident as determined by a member of the Regional Human Resources team, will be subject to a drug and alcohol test as soon as possible following the incident.

A post-incident alcohol test must occur immediately or no later than 8 hours following the incident. A post-incident drug test must occur immediately or no later than 32 hours following the incident.

Determine Whether the Emergency Is Over:

- Take all necessary precautions to stabilize the situation.
- Ensure that all employees involved in the incident safely cease performing their jobs.
- Call the proper authorities at the company and at the local community level.

Determine:

- If medical attention is needed and if so, call the proper authorities.
- If the employee may have caused or contributed to the incident.
- If a drug and alcohol test is needed. Only a member of the Human Resources team can make a referral.

Notify the Employee: Once a determination has been made that reasonable suspicion exists, a member of the Regional Human Resources team will notify the employee.

Prepare the Employee for the Collection Process: To prepare the employee for specimen collection, a member of the Regional Human Resources team shall:

- Initiate the Drug and/or Breath Alcohol Test via our online system and provide the employee with the authorization to take to the collection site.
- Notify the collection site that the employee is being sent for testing.
- Escort or plan for the employee to get to the collection site for the drug and/or alcohol test and to get home following the collection process.
- Verify that the employee has a valid photo identification to present at the collection site.
- Unless otherwise determined, place the employee on leave from work pending receipt by Kimley-Horn of the test results.

GENERAL REHABILITATION AGREEMENT

Name (Print): _____

On this day, _____, Kimley-Horn and Associates, Inc. (Kimley-Horn), in lieu of or in addition to discipline and as a condition of my continued employment, agreed that I seek an assessment and/or rehabilitation for alcohol and/or drug abuse, as required by my treatment provider. The following conditions apply to my Rehabilitation Agreement:

1. I authorize my treatment provider to submit on a scheduled basis proof of enrollment in a rehabilitation program and proof of attendance to a member of the Kimley-Horn's Regional Human Resources Team. I understand that my attendance will be monitored closely and that Kimley-Horn may institute disciplinary procedures if I do not regularly attend all sessions.

2. I must adhere to all of the requirements of the drug or alcohol treatment program in which I am enrolled.

3. If I am absent from work during the rehabilitation period, Kimley-Horn will review the reasons for the absence(s) and may require documentation, as appropriate.

4. I will be responsible for all costs of rehabilitation not covered under Kimley-Horn's medical benefits plan.

5. Upon completion of the rehabilitation program, I understand that I will be required to supply Kimley-Horn with a statement from my treatment provider that I have completed the rehabilitation program in a satisfactory manner.

6. During the treatment period and the two-year period following completion of the assessment or rehabilitation program, I agree to submit to unannounced testing for the illegal use of drugs. I agree to submit to alcohol testing until Kimley-Horn determines that my alcohol use does not pose a direct threat to my safety or others in the workplace.

7. I must meet all established standards of conduct and job performance. Kimley-Horn may terminate me if my on-the-job conduct or job performance is unsatisfactory.

8. I agree that Kimley-Horn has grounds, based on my unsatisfactory performance or behavior related to my drug and/or alcohol use, to discipline me or terminate me from my position, and that I am being held to the same job performance and behavior standards as other employees.

9. I understand that failure to comply with the above conditions will most likely result in my immediate discharge.

I hereby agree to all of the above conditions. This agreement does not alter my at-will employment status or create a binding employment contract or modify any existing contract.

Budget Narrative
Fiscal Year 2027

REVENUES

Interest-Investments
The District earns interest on its operating accounts.

Operations & Maintenance Assessments – On Roll
The District will levy a Non-Ad Valorem assessment on all the assessable property within the District to pay for the operating expenditures during the Fiscal Year. The collection will be provided by the Tax Collector pursuant to Section 197.3632, Florida Statutes, which is the Uniform Collection Methodology.

Developer Contributions
The district will direct bill and collect non-ad valorem assessments on assessable property in order to pay for the debt service expenditures during the fiscal year.

Other Miscellaneous Revenues
Additional revenue sources not otherwise specified by other categories.

Special Assessments-Discounts
Per Section 197.162, Florida Statutes, discounts are allowed for early payment of assessments only when collected by the Tax Collector. The budgeted amount for the fiscal year is calculated at 4% of the anticipated Non-Ad Valorem assessments.

EXPENDITURES

Financial and Administrative

Supervisor Fees
Chapter 190 of the Florida Statutes allows for members of the Board of Supervisors to be compensated $200 per meeting at which they are in attendance. The amount for the Fiscal Year is based upon five supervisors attending each meeting.

District Management
The District retains the services of a consulting manager, who is responsible for the daily administration of the District's business, including any and all financial work related to the Bond Funds and Operating Funds of the District, and preparation of the minutes of the Board of Supervisors. In addition, the District Manager prepares the Annual Budget(s), implements all policies of the Board of Supervisors and attends all meetings of the Board of Supervisors.

Field Management
The District has a contract with Inframark Infrastructure Management Services. for services in the administration and operation of the Property and its contractors.

Administration
The District receives Management, Accounting and Administrative services as part of a Management Agreement with Inframark Infrastructure Management Services.

Budget Narrative
Fiscal Year 2027

Financial and Administrative (continued)

Recording Secretary
Inframark provides recording services with near verbatim minutes.

Construction Accounting
Accounting services as described within the Accounting Services but specifically regarding construction.

Financial/Revenue Collections
Service includes all functions necessary for the timely billing and collection and reporting of District assessments in order to ensure adequate funds to meet the District's debt service and operations and maintenance obligations. These services include, but are not limited to, assessment roll preparation and certification, direct billings and funding request processing as well as responding to property owner questions regarding District assessments. This line item also includes the fees incurred for a collection agent to collect the funds for the principal and interest payment for its short-term bond issues and any other bond related collection needs. These funds are collected as prescribed in the Trust Indenture. The Collection Agent also provides for the release of liens on property after the full collection of bond debt levied on particular properties.

Rentals and Leases
The anticipated cost of rental expenses including but not limited to renting meeting room space for district board meetings.

Accounting Services
Services including the preparation and delivery of the District's financial statements in accordance with Governmental Accounting Standards, accounts payable and accounts receivable functions, asset tracking, investment tracking, capital program administration and requisition processing, filing of annual reports required by the State of Florida and monitoring of trust account activity.

Dissemination Agent/Reporting
The District is required by the Securities and Exchange Commission to comply with rule 15c2-12(b)-(5), which relates to additional reporting requirements for unrelated bond issues. The budgeted amount for the fiscal year is based on standard fees charged for this service.

Website Administration Services
The cost of web hosting and regular maintenance of the District's website by Inframark Management Services.

District Engineer
The District's engineer provides general engineering services to the District, i.e., attendance and preparation for board meetings when requested, review of invoices, and other specifically requested assignments.

District Counsel
The District's attorney provides general legal services to the District, i.e., attendance and preparation for Board meetings, review of contracts, agreements, resolutions, and other research as directed or requested by the BOS District Manager.

Trustee Fees
The District pays US Bank an annual fee for trustee services on the Series 2014 and Series 2015 Bonds. The budgeted amount for the fiscal year is based on previous year plus any out-of-pocket expenses.

Financial and Administrative (continued)

Budget Narrative
Fiscal Year 2027

Auditing Services

The District is required to conduct an annual audit of its financial records by an Independent Certified Public Accounting Firm. The budgeted amount for the fiscal year is an estimate based on prior year costs.

Postage, Phone, Faxes, Copies

This item refers to the cost of materials and service to produce agendas and conduct day-to-day business of the District.

Professional Services – Arbitrage Rebate

The District is required to annually calculate the arbitrage rebate liability on its Series 2013A and 2020 bonds.

Legal Advertising

The District is required to advertise various notices for monthly Board meetings and other public hearings in the newspaper of general circulation.

Miscellaneous-Assessment Collection Costs

The District reimburses the tax collector for necessary administrative costs. Per the Florida Statutes, administrative costs shall include, but not be limited to, those costs associated with personnel, forms, supplies, data processing, computer equipment, postage, and programming. The District also compensates the tax collector for the actual cost of collection or 2% on the amount of special assessments collected and remitted, whichever is greater. The assessment collection cost is based on a maximum of 2% of the anticipated assessment collections.

Bank Fees

This represents the cost of bank charges and other related expenses that are incurred during the year.

Dues, Licenses and Fees

This represents the cost of the District's operating license as well as the cost of memberships in necessary organizations.

Onsite Office Supplies

This represents the cost of supplies used to prepare agenda packages, create required mailings, and perform other special projects. The budget for this line item also includes the cost for supplies in the District office.

Website ADA Compliance

Cost of maintaining district website's compliance with the Americans with Disabilities Act of 1990.

Disclosure Report

On a quarterly and annual basis, disclosure of relevant district information is provided to the Muni Council, as required within the bond indentures.

Budget Narrative
Fiscal Year 2027

Insurance

Insurance-General Liability
The District's General Liability & Public Officials Liability Insurance policy is with Egis Insurance Advisors, LLC. The budgeted amount allows for a projected increase in the premium.

Public Officials Insurance
The District will incur expenditures for public officials' liability insurance for the Board and Staff and may incur a 10% premium increase.

Property & Casualty Insurance
The District will incur fees to insure items owned by the district for its property needs.

Deductible
District's share of expenses for insured property when a claim is filed.

Utility Services

Electric Utility Services
Electricity for accounts with the local Utilities Commissions for the swim club, parks, and irrigation. Fees are based on historical costs for metered use.

Streetlights
Local Utility Company charges electricity usage (maintenance fee). The budget is based on historical costs.

Water/Waste
The District charges each new water/sewer system customer an Accrued Guaranteed Revenue Fee (AGRF) for wastewater service in accordance with the adopted rate schedule.

Amenity

Dog Waste Station Service & Supplies
Cost of cleaning and resupplying dog waste stations.

Entrance Monuments, Gates, Walls R&M
Cost of repairs and regular maintenance for entryways, walls, and gates.

General Maintenance
Cost of all other maintenance not otherwise specified.

Landscape and Pond Maintenance

Landscape Maintenance - Contract
Landscaping company to provide maintenance consisting of mowing, edging, trimming, blowing, fertilizing, and applying pest and disease control chemicals to turf throughout the District.

Landscaping - R&M
Cost of repairs and regular maintenance to landscaping equipment.

Budget Narrative
Fiscal Year 2027

Landscaping – Mulch
Cost of mulch replacement throughout the district.

Landscaping – Plant Replacement Program
Cost of replacing dead or damaged plants throughout the district.

Irrigation Maintenance
Purchase of irrigation supplies. Unscheduled maintenance consists of major repairs and replacement of system components including weather station and irrigation lines.

Aquatics – Contract
Expenses related to the care and maintenance of the lakes and ponds for the control of nuisance plant and algae species.

Wetlands Maintenance and Monitoring
Cost of upkeep and protection of wetlands on CDD property.

Wetland Monitoring
Cost of monitoring waterways and rivers on district property.

Contingency/Reserves

Misc Contingency
Funds set aside for projects, as determined by the district's board.

Budget Narrative
Fiscal Year 2027

REVENUES

Interest-Investments
The District earns interest on its operating accounts.

Operations & Maintenance Assessments – On Roll
The District will levy a Non-Ad Valorem assessment on all the assessable property within the District to pay for the operating expenditures during the Fiscal Year. The collection will be provided by the Tax Collector pursuant to Section 197.3632, Florida Statutes, which is the Uniform Collection Methodology.

Developer Contributions
The district will direct bill and collect non-ad valorem assessments on assessable property in order to pay for the debt service expenditures during the fiscal year.

Other Miscellaneous Revenues
Additional revenue sources not otherwise specified by other categories.

Special Assessments-Discounts
Per Section 197.162, Florida Statutes, discounts are allowed for early payment of assessments only when collected by the Tax Collector. The budgeted amount for the fiscal year is calculated at 4% of the anticipated Non-Ad Valorem assessments.

EXPENDITURES

Debt Service

Principal Debt Retirement
The district pays regular principal payments to annually to pay down/retire the debt.

Interest Expense
The District Pays interest Expenses on the debt twice a year.

Budget Narrative
Fiscal Year 2027

REVENUES

Interest-Investments
The District earns interest on its operating accounts.

Operations & Maintenance Assessments – On Roll
The District will levy a Non-Ad Valorem assessment on all the assessable property within the District to pay for the operating expenditures during the Fiscal Year. The collection will be provided by the Tax Collector pursuant to Section 197.3632, Florida Statutes, which is the Uniform Collection Methodology.

Developer Contributions
The district will direct bill and collect non-ad valorem assessments on assessable property in order to pay for the debt service expenditures during the fiscal year.

Other Miscellaneous Revenues
Additional revenue sources not otherwise specified by other categories.

Special Assessments-Discounts
Per Section 197.162, Florida Statutes, discounts are allowed for early payment of assessments only when collected by the Tax Collector. The budgeted amount for the fiscal year is calculated at 4% of the anticipated Non-Ad Valorem assessments.

EXPENDITURES

Financial and Administrative

District Management
The District retains the services of a consulting manager, who is responsible for the daily administration of the District's business, including any and all financial work related to the Bond Funds and Operating Funds of the District, and preparation of the minutes of the Board of Supervisors. In addition, the District Manager prepares the Annual Budget(s), implements all policies of the Board of Supervisors and attends all meetings of the Board of Supervisors.

Disclosure Report
On a quarterly and annual basis, disclosure of relevant district information is provided to the Muni Council, as required within the bond indentures.

Accounting Services
Services including the preparation and delivery of the District's financial statements in accordance with Governmental Accounting Standards, accounts payable and accounts receivable functions, asset tracking, investment tracking, capital program administration and requisition processing, filing of annual reports required by the State of Florida and monitoring of trust account activity.

Website Administration Services
The cost of web hosting and regular maintenance of the District's website by Inframark Management Services.

District Engineer
The District's engineer provides general engineering services to the District, i.e., attendance and preparation for board meetings when requested, review of invoices, and other specifically requested assignments.

Budget Narrative
Fiscal Year 2027

Financial and Administrative (continued)

Trustee Fees

The District pays US Bank an annual fee for trustee services on the Series 2014 and Series 2015 Bonds. The budgeted amount for the fiscal year is based on previous year plus any out-of-pocket expenses.

Auditing Services

The District is required to conduct an annual audit of its financial records by an Independent Certified Public Accounting Firm. The budgeted amount for the fiscal year is an estimate based on prior year costs.

Postage, Phone, Faxes, Copies

This item refers to the cost of materials and service to produce agendas and conduct day-to-day business of the District.

Public Officials Insurance

The District will incur expenditures for public officials' liability insurance for the Board and Staff and may incur a 10% premium increase.

Mailings

Copies used in the preparation of agenda packages, required mailings, and other special projects.

Legal Advertising

The District is required to advertise various notices for monthly Board meetings and other public hearings in the newspaper of general circulation.

Miscellaneous Administrative

All other administrative costs not otherwise specified above.

Miscellaneous-Assessment Collection Costs

The District reimburses the tax collector for necessary administrative costs. Per the Florida Statutes, administrative costs shall include, but not be limited to, those costs associated with personnel, forms, supplies, data processing, computer equipment, postage, and programming. The District also compensates the tax collector for the actual cost of collection or 2% on the amount of special assessments collected and remitted, whichever is greater. The assessment collection cost is based on a maximum of 2% of the anticipated assessment collections.

Bank Fees

This represents the cost of bank charges and other related expenses that are incurred during the year.

Dues, Licenses and Fees

This represents the cost of the District's operating license as well as the cost of memberships in necessary organizations.

Legal Counsel

District Counsel

The District's attorney provides general legal services to the District, i.e., attendance and preparation for Board meetings, review of contracts, agreements, resolutions, and other research as directed or requested by the BOS District Manager.

Budget Narrative
Fiscal Year 2027

Electric Utility Services

Electric Utility Services
Electricity for accounts with the local Utilities Commissions for the swim club, parks, and irrigation. Fees are based on historical costs for metered use.

Streetlights
Local Utility Company charges electricity usage (maintenance fee). The budget is based on historical costs.

Water-Sewer Combination Services

Water/Waste
The District charges each new water/sewer system customer an Accrued Guaranteed Revenue Fee (AGRF) for wastewater service in accordance with the adopted rate schedule.

Other Physical Environment

Field Management
The District has a contract with Inframark Infrastructure Management Services. for services in the administration and operation of the Property and its contractors.

Waterway Management Program
Cost of maintaining waterways and rivers on district property.

Recreation/Park Facility Maintenance
Cost of upkeep and repairs to all parks and recreation facilities in the CDD

Insurance-General Liability
The District's General Liability & Public Officials Liability Insurance policy is with Egis Insurance Advisors, LLC. The budgeted amount allows for a projected increase in the premium.

Landscape Maintenance - Contract
Landscaping company to provide maintenance consisting of mowing, edging, trimming, blowing, fertilizing, and applying pest and disease control chemicals to turf throughout the District.

Landscaping – Plant Replacement Program
Cost of replacing dead or damaged plants throughout the district.

Irrigation Maintenance
Purchase of irrigation supplies. Unscheduled maintenance consists of major repairs and replacement of system components including weather station and irrigation lines.

Amenities

Pool Monitor
Cost of staff members to facilitate pool safety services.

Pool Maintenance – Contract
Cost of Maintenance for CDD pool facilities.

Janitorial – Contract
Cost of janitorial labor for CDD Facilities.

Budget Narrative
Fiscal Year 2027

Amenity R&M
Cost of repairs and regular maintenance of CDD amenities.

Access Control R&M
Cost of repairs and maintenance to electronic locks, gates, and other security fixtures.

Athletic Courts and Field Maintenance
Cost of upkeep and repairs for athletic fields and courts (ex. Basketball Courts) on CDD property.

Playground Equipment and Maintenance
Cost of acquisition and upkeep of playground equipment for CDD parks.

Clubhouse R&M
Cost of repairs and maintenance not otherwise specified.

Dog Waste Station Service & Supplies
Cost of cleaning and resupplying dog waste stations.

Pool and Spa Permits
Cost of permits required for CDD pool and spa operation as required by law.

Miscellaneous Maintenance
Amenity Expenses not otherwise specified.

Road and Street Facilities

Drainage R&M
Cost of repairs and maintenance drainage system for roads and streets on the property.

Contingency/Reserves

Contingency
Funds set aside for projects, as determined by the district's board.

REVENUES

Interest-Investments
The District earns interest on its operating accounts.

Operations & Maintenance Assessments – On Roll
The District will levy a Non-Ad Valorem assessment on all the assessable property within the District to pay for the operating expenditures during the Fiscal Year. The collection will be provided by the Tax Collector pursuant to Section 197.3632, Florida Statutes, which is the Uniform Collection Methodology.

Developer Contributions
The district will direct bill and collect non-ad valorem assessments on assessable property in order to pay for the debt service expenditures during the fiscal year.

Other Miscellaneous Revenues
Additional revenue sources not otherwise specified by other categories.

Special Assessments-Discounts
Per Section 197.162, Florida Statutes, discounts are allowed for early payment of assessments only when collected by the Tax Collector. The budgeted amount for the fiscal year is calculated at 4% of the anticipated Non-Ad Valorem assessments.

EXPENDITURES

Financial and Administrative

Supervisor Fees
Chapter 190 of the Florida Statutes allows for members of the Board of Supervisors to be compensated $200 per meeting at which they are in attendance. The amount for the Fiscal Year is based upon four supervisors attending 14 meetings.

District Manager
The District retains the services of a consulting manager, who is responsible for the daily administration of the District's business, including any and all financial work related to the Bond Funds and Operating Funds of the District, and preparation of the minutes of the Board of Supervisors. In addition, the District Manager prepares the Annual Budget(s), implements all policies of the Board of Supervisors and attends all meetings of the Board of Supervisors.

Field Services
The District has a contract with Inframark Infrastructure Management Services. for services in the administration and operation of the Property and its contractors.

Budget Narrative
Fiscal Year 2027

Financial and Administrative (continued)

Accounting Services
Services including the preparation and delivery of the District's financial statements in accordance with Governmental Accounting Standards, accounts payable and accounts receivable functions, asset tracking, investment tracking, capital program administration and requisition processing, filing of annual reports required by the State of Florida and monitoring of trust account activity.

Disclosure Report
On a quarterly and annual basis, disclosure of relevant district information is provided to the Muni Council, as required within the bond indentures.

Website Administration Services
The cost of web hosting and regular maintenance of the District's website by Inframark Management Services.

District Engineer
The District's engineer provides general engineering services to the District, i.e., attendance and preparation for board meetings when requested, review of invoices, and other specifically requested assignments.

District Counsel
The District's attorney provides general legal services to the District, i.e., attendance and preparation for Board meetings, review of contracts, agreements, resolutions, and other research as directed or requested by the BOS District Manager.

Trustee Fees
The District pays US Bank an annual fee for trustee services on the Series 2014 and Series 2015 Bonds. The budgeted amount for the fiscal year is based on previous year plus any out-of-pocket expenses.

Auditing Services
The District is required to conduct an annual audit of its financial records by an Independent Certified Public Accounting Firm. The budgeted amount for the fiscal year is an estimate based on prior year costs.

Postage, Phone, Faxes, Copies
This item refers to the cost of materials and service to produce agendas and conduct day-to-day business of the District.

Professional Services – Arbitrage Rebate
The District is required to annually calculate the arbitrage rebate liability on its Series 2013A and 2020 bonds.

Legal Advertising
The District is required to advertise various notices for monthly Board meetings and other public hearings in the newspaper of general circulation.

Miscellaneous-Assessment Collection Costs

The District reimburses the tax collector for necessary administrative costs. Per the Florida Statutes, administrative costs shall include, but not be limited to, those costs associated with personnel, forms, supplies, data processing, computer equipment, postage, and programming. The District also compensates the tax collector for the actual cost of collection or 2% on the amount of special assessments collected and remitted, whichever is greater. The assessment collection cost is based on a maximum of 2% of the anticipated assessment collections.

Bank Fees
This represents the cost of bank charges and other related expenses that are incurred during the year.

Budget Narrative
Fiscal Year 2027

Dues, Licenses and Fees

This represents the cost of the District's operating license as well as the cost of memberships in necessary organizations.

Office Supplies

This represents the cost of supplies used to prepare agenda packages, create required mailings, and perform other special projects. The budget for this line item also includes the cost for supplies in the District office.

Website Administration

Cost of administering and maintaining district website.

Public Officials Insurance

The District will incur expenditures for public officials' liability insurance for the Board and Staff and may incur a 10% premium increase.

Budget Narrative
Fiscal Year 2027

Utility Services

Electric Utility Services
Electricity for accounts with the local Utilities Commissions for the swim club, parks, and irrigation. Fees are based on historical costs for metered use.

Streetlights
Local Utility Company charges electricity usage (maintenance fee). The budget is based on historical costs.

Potable Water
The District charges for drinkable water.

Other Physical Environment

Holiday Decorations
Cost of decorations for major holidays (i.e., Christmas)

Pond Maintenance – Contracts
Cost of upkeep and protection of wetlands on CDD property.

Insurance-General Liability
The District's General Liability & Public Officials Liability Insurance policy is with Egis Insurance Advisors, LLC. The budgeted amount allows for a projected increase in the premium.

Landscape Maintenance - Contract
Landscaping company to provide maintenance consisting of mowing, edging, trimming, blowing, fertilizing, and applying pest and disease control chemicals to turf throughout the District

R&M-Hardscape Cleaning

Landscaping – Plant Replacement Program
Cost of replacing dead or damaged plants throughout the district.

Miscellaneous Maintenance
Other physical environment Expenses not otherwise specified.

Capital Improvements
Funding of major projects and building improvements to CDD property.

Reserves
Funds set aside for unforeseen expenses.

R&M Ponds
Pond maintenance Expenses.

Road and Street Facilities

R&M-Sidewalk Cleaning
Sidewalk Pressure Washing Expenses.

Budget Narrative
Fiscal Year 2027

Parks and Recreation

Janitorial – Contracts
Cost of janitorial labor for CDD Facilities.

R&M-Pools
Cost of Maintenance for CDD pool facilities.

Recreation/Park Facility Maintenance
Cost of upkeep and repairs to all parks and recreation facilities in the CDD

Security Monitoring Services
Cost of CDD security personnel and equipment.

Reserves

Capital Reserves
The board may set aside monetary reserves for necessary for maintenance projects as needed.

Budget Narrative
Fiscal Year 2027

REVENUES

Interest-Investments
The District earns interest on its operating accounts.

Operations & Maintenance Assessments – On Roll
The District will levy a Non-Ad Valorem assessment on all the assessable property within the District to pay for the operating expenditures during the Fiscal Year. The collection will be provided by the Tax Collector pursuant to Section 197.3632, Florida Statutes, which is the Uniform Collection Methodology.

Developer Contributions
The district will direct bill and collect non-ad valorem assessments on assessable property in order to pay for the debt service expenditures during the fiscal year.

Other Miscellaneous Revenues
Additional revenue sources not otherwise specified by other categories.

Special Assessments-Discounts
Per Section 197.162, Florida Statutes, discounts are allowed for early payment of assessments only when collected by the Tax Collector. The budgeted amount for the fiscal year is calculated at 4% of the anticipated Non-Ad Valorem assessments.

EXPENDITURES

Debt Service

Principal Debt Retirement
The district pays regular principal payments to annually to pay down/retire the debt.

Interest Expense
The District Pays interest Expenses on the debt twice a year.

RESOLUTION 2026-07

A RESOLUTION OF THE BOARD OF SUPERVISORS OF THE CYPRESS PRESERVE COMMUNITY DEVELOPMENT DISTRICT APPROVING A PROPOSED OPERATION AND MAINTENANCE BUDGET FOR FISCAL YEAR 2026/2027; SETTING A PUBLIC HEARING THEREON PURSUANT TO FLORIDA LAW; ADDRESSING TRANSMITTAL, POSTING, AND PUBLICATION REQUIREMENTS; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the District Manager prepared and submitted to the Board of Supervisors (**"Board"**) of the Cypress Preserve Community Development District (**"District"**) prior to June 15, 2026, a proposed operation and maintenance budget for the fiscal year beginning October 1, 2026, and ending September 30, 2027 (**"Proposed Budget"**); and

WHEREAS, the Board has considered the Proposed Budget and desires to approve the Proposed Budget and set the required public hearing thereon.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE CYPRESS PRESERVE COMMUNITY DEVELOPMENT DISTRICT:

1. **PROPOSED BUDGET APPROVED**. The Proposed Budget, including any modifications made by the Board, attached hereto as **Exhibit A** is hereby approved as the basis for conducting a public hearing to adopt said Proposed Budget.

2. **SETTING A PUBLIC HEARING**. The public hearing on said Proposed Budget is hereby declared and set for the following date, hour, and location:

DATE:	August 5, 2026
HOUR:	6:00 p.m.
LOCATION:	Land O' Lakes Heritage Park 5401 Land O' Lakes Blvd. Land O' Lakes, FL 33639

3. **TRANSMITTAL OF PROPOSED BUDGET TO LOCAL GENERAL PURPOSE GOVERNMENT**. The District Manager is hereby directed to submit a copy of the Proposed Budget to Pasco County at least 60 days prior to the hearing set above.

4. **POSTING OF PROPOSED BUDGET**. In accordance with Section 189.016, Florida Statutes, the District's Secretary is further directed to post the Proposed Budget on the District's website at least 2 days before the budget hearing date and shall remain on the website for at least 45 days.

5. **PUBLICATION OF NOTICE**. Notice of this public hearing shall be published in the manner prescribed by Florida law.

6. **EFFECTIVE DATE**. This Resolution shall take effect immediately upon adoption.

PASSED AND ADOPTED ON MAY 6, 2026.

Re: **Cypress Preserve Community Development District**
Proposed Fiscal Year 2027 Annual Operations Budget

Dear Mr. Mike Carballa,

In accordance with Chapter 190.008(2)(b) of the Florida Statutes, the District is required to submit to the local governing authorities having jurisdiction over the area included in the District, for purposes of disclosure and information only, the proposed annual budget for the ensuing fiscal year at least sixty (60) days prior to the public hearing.

The District's public hearing is scheduled as follows:

DATE:	**August 5, 2026**
HOUR:	**6:00 p.m.**
LOCATION:	**Land O' Lakes Heritage Park**
	5401 Land O' Lakes Blvd.
	Land O' Lakes, FL 33639

I am pleased to enclose the District's Proposed Operating Budget for Fiscal Year 2027 as required by statute. We request that a copy of the proposed budget be placed on the Pasco County website for public viewing.

If you have any questions, feel free to contact me at Tabitha.blackwelder@inframark.com .

Thank you,

Tabitha Blackwelder

RESOLUTION 2026-02
[FY 2027 BUDGET APPROVAL RESOLUTION]

A RESOLUTION OF THE BOARD OF SUPERVISORS OF THE BRIDGEWATER OF WESLEY CHAPEL COMMUNITY DEVELOPMENT DISTRICT APPROVING PROPOSED BUDGET(S) FOR FY 2027; SETTING A PUBLIC HEARING THEREON AND DIRECTING PUBLICATION; ADDRESSING TRANSMITTAL AND POSTING REQUIREMENTS; ADDRESSING SEVERABILITY AND EFFECTIVE DATE.

WHEREAS, for the fiscal year beginning October 1, 2026, and ending September 30, 2027 (**"FY 2027"**), the District Manager prepared and submitted to the Board of Supervisors ("**Board**") of the Bridgewater of Wesley Chapel Community Development District (**"District"**) prior to June 15, 2026, the proposed budget(s) attached hereto as **Exhibit A** (**"Proposed Budget"**); and

WHEREAS, the Board now desires to set the required public hearing on the Proposed Budget.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE BRIDGEWATER OF WESLEY CHAPEL COMMUNITY DEVELOPMENT DISTRICT:

1. **PROPOSED BUDGET APPROVED.** The Proposed Budget attached hereto as **Exhibit A** is hereby approved preliminarily.

2. **SETTING A PUBLIC HEARING; DIRECTING PUBLICATION.** A public hearing on said approved Proposed Budget is hereby declared and set for the following date, time, and location, and District staff is directed to provide notice of the same in accordance with Florida law:

DATE:	August 4, 2026
TIME:	6:30 PM
LOCATION:	Hilton Garden Inn 26640 Silver Maple Parkway Wesley Chapel, Florida 33544

3. **TRANSMITTAL TO LOCAL GENERAL PURPOSE GOVERNMENT; POSTING OF PROPOSED BUDGET.** The District Manager is hereby directed to (i) submit a copy of the Proposed Budget to the applicable local general-purpose government(s) at least 60 days prior to its adoption, and (ii) post the approved Proposed Budget on the District's website in accordance with Chapter 189, Florida Statutes.

4. **SEVERABILITY; EFFECTIVE DATE.** The invalidity or unenforceability of any one or more provisions of this Resolution shall not affect the validity or enforceability of the remaining portions of this Resolution, or any part thereof. This Resolution shall take effect immediately upon adoption.

PASSED AND ADOPTED THIS 5TH DAY OF MAY, 2026.

Budget Narrative
Fiscal Year 2027

REVENUES

Interest-Investments
The District earns interest on its operating accounts.

Special Assessments – Tax Collector
The District will levy a Non-Ad Valorem assessment on all the assessable property within the District to pay for the operating expenditures during the Fiscal Year. The collection will be provided by the Tax Collector pursuant to Section 197.3632, Florida Statutes, which is the Uniform Collection Methodology.

Special Assessments-Discounts

Re: Harvest Ridge Community Development District
Proposed Fiscal Year 2027 Annual Operations Budget

Dear Mr. Mike Carballa,

Pursuant to Section 190.008 (2)(b) of the Florida Statutes, please find attached the Proposed Fiscal Year 2027 Operations Budget for the Harvest Ridge Community Development District, as prepared by District Management. A Public Hearing on the proposed budget has been approved by the District's Board and is hereby set for August 11, 2026.

We request that a copy of the proposed budget be placed on the Pasco County website for public viewing.

If you have any questions, feel free to contact me at tabitha.blackwelder@inframark.com.

Thank you,

Tabitha Blackwelder
Administrative Assistant II

Budget Narrative
Fiscal Year 2027

REVENUES

Special Assmnts-Tax Collector

The District will levy a Non-Ad Valorem assessment on all the assessable property within the District to pay for the operating expenditure during the Fiscal Year. The collection will be provided by the Tax Collector pursuant to Section 197.3632, Florida Statutes, which is the Uniform Collection Methodology.

Special Assmnts-Discounts

Per Section 197.162, Florida Statutes, discounts are allowed for early payment of assessments only when collected by the Tax Collector. The budgeted amount for the fiscal year is calculated at 4% of the anticipated Non-Ad Valorem assessments.

EXPENDITURES

Financial and Administrative

Supervisor Fees

Chapter 190 of the Florida Statutes allows for members of the Board of Supervisors to be compensated $200 per meeting at which they are in attendance. The amount for the Fiscal Year is based upon four supervisors attending fourteen meetings.

ProfServ-Dissemination Agent

The District is required by the Securities and Exchange Commission to comply with rule 15c2-12(b)-(5), which relates to additional reporting requirements for unrelated bond issues. The budgeted amount for the fiscal year is based on standard fees charged for this service.

ProfServ-Info Technology

Inframark recording secretary services.

Recording Secretary

Inframark provides recording services with near verbatim minutes.

ProfServ-Trustee Fees

The District pays US Bank an annual fee for trustee services on the Series 2014 and Series 2015 Bonds. The budgeted amount for the fiscal year is based on previous year plus any out-of-pocket expenses.

District Counsel

The District's attorney provides general legal services to the District, i.e., attendance and preparation for Board meetings, review of contracts, agreements, resolutions, and other research as directed or requested by the BOS District Manager.

District Engineer

The District's engineer provides general engineering services to the District, i.e., attendance and preparation for board meetings when requested, review of invoices, and other specifically requested assignments.

Adminstrative Services

The District receives Management, Accounting and Administrative services as part of a Management Agreement with Inframark Infrastructure Management Services.

Budget Narrative
Fiscal Year 2027

Administrative (continued)

District Manager

The District retains the services of a consulting manager, who is responsible for the daily administration of the District's business, including all financial work related to the Bond Funds and Operating Funds of the District, and preparation of the minutes of the Board of Supervisors. In addition, the District Manager prepares the Annual Budget(s), implements all policies of the Board of Supervisors and attends all meetings of the Board of Supervisors.

Accounting Services

Services include the preparation and delivery of the District's financial statements in accordance with Governmental Accounting Standards, accounts payable and accounts receivable functions, asset tracking, investment tracking, capital program administration, and requisition processing, filing of annual reports required by the State of Florida and monitoring of trust account activity.

Auditing Services

The District is required to conduct an annual audit of its financial records by an Independent Certified Public Accounting Firm. The budgeted amount for the fiscal year is an estimate based on prior year costs.

Website Compliance

Cost of maintaining district website's compliance with the Americans with Disabilities Act of 1990.

Postage, Phone, Faxes, Copies

This item refers to the cost of materials and services to produce agendas and conduct day-to-day business of the District.

Rentals and Leases

The anticipated cost of rental expenses including but not limited to renting meeting room space for district board meetings.

Legal Advertising

The District is required to advertise various notices for monthly Board meetings and other public hearings in the newspaper of general circulation.

Financial & Revenue Collections

Service includes all functions necessary for the timely billing and collection and reporting of District assessments to ensure adequate funds to meet the District's debt service and operations and maintenance obligations. These services include, but are not limited to, assessment roll preparation and certification, direct billings and funding request processing as well as responding to property owner questions regarding District assessments. This line item also includes the fees incurred for a collection agent to collect the funds for the principal and interest payment for its short-term bond issues and any other bond-related collection needs. These funds are collected as prescribed in the Trust Indenture. The Collection Agent also provides for the release of liens on property after the full collection of bond debt levied on particular properties.

Misc-Assessment Collection Costs

The District reimburses the Pasco County Tax Collector for necessary administrative costs. Per the Florida Statutes, administrative costs shall include, but not be limited to, those costs associated with personnel, forms, supplies, data processing, computer equipment, postage, and programming. The District also compensates the Tax Collector for the actual cost of collection or 1% on the amount of special assessments collected and remitted, whichever is greater. The budget for collection costs was based on a maximum of 2% of the anticipated assessment collections.
Website administration costs for Inframark Management Services.

Website Administration

The cost of web hosting and regular maintenance of the District's website by Inframark Management Services.

Budget Narrative
Fiscal Year 2027

Administrative (continued)

Dues, Licenses, Subscriptions
This represents the cost of the District's operating license as well as the cost of memberships in necessary organizations.

ProfServ-Field Management
The District will be managed for the operation of the Property and its contractors.

ProfServ-Construction Accounting
The District will be managed for the construction accounting of the Property and its contractors.

Meeting Expense
Meetings to be held rental fee per meeting.

DTS – Continuing Disclosure Software Subscriptions
On a quarterly and annual basis, disclosure of relevant district information is provided to the Muni Council, as required within the bond indentures.

Arbitrage Reporting
The District is required to annually calculate the arbitrage rebate liability on its Series 2024 bond.

Insurance

Insurance Deductible
District's share of expenses for insured property when a claim is filed.

Insurance
District's share of expenses for insured property when a claim is filed. The budgeted amount allows for a projected increase in the premium.

Utility Services

Utility - Electric
Electricity for accounts with the local Utilities Commissions for the swim club, parks, and irrigation. Fees are based on historical costs for metered use.

Utility - Water & Sewer
The District charges each new water/sewer system customer an Accrued Guaranteed Revenue Fee (AGRF) for wastewater service in accordance with the adopted rate schedule.

Utility - StreetLights
Local utility company charge electricity usage (maintenance fee). The budget is based on historical costs.

Utility - Internet
District internet services

Landscape and Pond Maintenance

Contracts-Aquatic Control
Water and Sewer monthly costs.

Budget Narrative
Fiscal Year 2027

Landscape and Pond Maintenance (continued)

Contracts-Landscape
Landscaping company provide maintenance consisting of mowing, edging, trimming, blowing, fertilizing, and applying pest and disease control chemicals to turf throughout the District.

Mitigation Maintenance
District mitigation services.

R&M-Tree Trimming Services
District tree trimming services.

Water Trucks
Bulk water services

R&M-Aquatics
Expenses related to the care and maintenance of the lakes and ponds for the control of nuisance plants and algae species.

R&M-Irrigation
District repairs of irrigation systems.

R&M-Mulch
Bulk water services

R&M-Plant Replacement
District plants replacement.

Contracts-Landscape ROW
Landscaping company maintenance for roads.

ProfServ-Wildlife Management Service
Management of wildlife on district property.

R&M-Boundary Walls/Fences/Monuments
Cost of repairs and regular maintenance for entryways, walls, and gates.

Landscape-Storm Clean Up & Tree Removal
District clean-up of storm debris and tree removal.

Amenity

Contracts-Janitorial Services
Cost of janitorial labor for CDD facilities.

Contracts-Pools
Cost of maintenance for CDD pool facilities.

Budget Narrative
Fiscal Year 2027

Amenity (continued)

Amenity Center Pest Control
Costs of pest control maintenance.

R&M-Pools
Non-contractual pool repairs and maintenance.

R&M-Security Cameras
Repairs of security cameras.

Security System Monitoring
Costs for security system monitoring

R&M-Amenity Center
Cost of repairs and regular maintenance of CDD amenities.

Amenities Furniture & Fixtures
Cost of repairs and maintenance to amenity furniture.

Access Control Maintenance & Repair
Cost of repairs and maintenance to electronic locks, gates, and other security fixtures.

Special Events
Costs related to special events.

Pool Permits
Costs related to pool permits.

R&M-Pressure Washing
Costs related to pressure washing of District areas.

Misc-Holiday Lighting
Costs related to holiday lighting.

Dog Waste Station Service & Supplies
Costs related to dog waste station and supplies.

Entry System-Key Fob
Cost of providing fobs to residents to access CDD Facilities.

Contingency

Misc-Contingency
Funds set aside for projects, as determined by the district's board.

Budget Narrative
Fiscal Year 2027

REVENUES

Interest-Investments

The District earns interest in its operating accounts.

Special Assmnts - Tax Collector

The District will levy a Non-Ad Valorem assessment on all the assessable property within the District to pay for the operating expenditure during the Fiscal Year. The collection will be provided by the Tax Collector pursuant to Section 197.3632, Florida Statutes, which is the Uniform Collection Methodology.

Special Assessments-Discounts

Per Section 197.162, Florida Statutes, discounts are allowed for early payment of assessments only when collected by the Tax Collector. The budgeted amount for the fiscal year is calculated at 4% of the anticipated Non-Ad Valorem assessments.

EXPENDITURES

Administrative

Misc-Assessment Collection Cost

The District reimburses the Pasco County Tax Collector for necessary administrative costs. Per the Florida Statutes, administrative costs shall include, but not be limited to, those costs associated with personnel, forms, supplies, data processing, computer equipment, postage, and programming. The District also compensates the Tax Collector for the actual cost of collection or 1% on the amount of special assessments collected and remitted, whichever is greater. The budget for collection costs was based on a maximum of 2% of the anticipated assessment collections.
Website administration costs for Inframark Management Services.

Debt Service

Principal Debt Retirement

The District pays an annual principal amount on 5/1 of each fiscal year.

Interest Expense Series A

The District pays semi-annual interest amounts on 5/1 and 11/1 of each fiscal year.

Budget Narrative
Fiscal Year 2027

REVENUES

Interest-Investments
The District earns interest on its operating accounts.

Special Assessments-Tax Collector
The District will levy a Non-Ad Valorem assessment on all the assessable property within the District to pay for the operating expenditures during the Fiscal Year. The collection will be provided by the Tax Collector pursuant to Section 197.3632, Florida Statutes, which is the Uniform Collection Methodology.

Developer Estimated Contributions
The district will direct bill and collect non-ad valorem assessments on assessable property in order to pay for the debt service expenditures during the fiscal year.

Special Assessments-Discounts
Per Section 197.162, Florida Statutes, discounts are allowed for early payment of assessments only when collected by the Tax Collector. The budgeted amount for the fiscal year is calculated at 4% of the anticipated Non-Ad Valorem assessments.

EXPENDITURES

Financial and Administrative

Supervisor Fees
Chapter 190 of the Florida Statutes allows for members of the Board of Supervisors to be compensated $200 per meeting at which they are in attendance. The amount for the Fiscal Year is based upon five supervisors attending each meeting.

District Management
The District retains the services of a consulting manager, who is responsible for the daily administration of the District's business, including any and all financial work related to the Bond Funds and Operating Funds of the District, and preparation of the minutes of the Board of Supervisors. In addition, the District Manager prepares the Annual Budget(s), implements all policies of the Board of Supervisors and attends all meetings of the Board of Supervisors.

Field Management
The District has a contract with Inframark Infrastructure Management Services. for services in the administration and operation of the Property and its contractors.

Recording Secretary
Inframark provides recording services with near verbatim minutes.

Construction Accounting
Accounting services as described within the Accounting Services but specifically regarding construction.

Financial/Revenue Collections
Service includes all functions necessary for the timely billing and collection and reporting of District assessments in order to ensure adequate funds to meet the District’s debt service and operations and maintenance obligations. These services include, but are not limited to, assessment roll preparation and certification, direct billings and funding request processing as well as responding to property owner questions regarding District assessments. This line item also includes the fees incurred for a collection agent to collect the funds for the principal and interest payment for its short-term bond issues and any other bond related collection needs. These funds are collected as prescribed in the Trust Indenture. The Collection Agent also provides for the release of liens on property after the full collection of bond debt levied on particular properties.

Budget Narrative
Fiscal Year 2027

Financial and Administrative (continued)

Rentals and Leases
The anticipated cost of rental expenses including but not limited to renting meeting room space for district board meetings.

Accounting Services
Services including the preparation and delivery of the District's financial statements in accordance with Governmental Accounting Standards, accounts payable and accounts receivable functions, asset tracking, investment tracking, capital program administration and requisition processing, filing of annual reports required by the State of Florida and monitoring of trust account activity.

Dissemination Agent/Reporting
The District is required by the Securities and Exchange Commission to comply with rule 15c2-12(b)-(5), which relates to additional reporting requirements for unrelated bond issues. The budgeted amount for the fiscal year is based on standard fees charged for this service.

Website Administration Services
The cost of web hosting and regular maintenance of the District's website by Inframark Management Services.

District Engineer
The District's engineer provides general engineering services to the District, i.e., attendance and preparation for board meetings when requested, review of invoices, and other specifically requested assignments.

District Counsel
The District's attorney provides general legal services to the District, i.e., attendance and preparation for Board meetings, review of contracts, agreements, resolutions, and other research as directed or requested by the BOS District Manager.

Trustee Fees
The District pays US Bank an annual fee for trustee services on the Series 2014 and Series 2015 Bonds. The budgeted amount for the fiscal year is based on previous year plus any out-of-pocket expenses.

Auditing Services
The District is required to conduct an annual audit of its financial records by an Independent Certified Public Accounting Firm. The budgeted amount for the fiscal year is an estimate based on prior year costs.

Postage, Phone, Faxes, Copies
This item refers to the cost of materials and service to produce agendas and conduct day-to-day business of the District.

Mailings
Copies used in the preparation of agenda packages, required mailings, and other special projects.

Professional Services – Arbitrage Rebate
The District is required to annually calculate the arbitrage rebate liability on its Series 2013A and 2020 bonds.

Legal Advertising
The District is required to advertise various notices for monthly Board meetings and other public hearings in the newspaper of general circulation.

Financial and Administrative (continued)

Budget Narrative
Fiscal Year 2027

Bank Fees
This represents the cost of bank charges and other related expenses that are incurred during the year.

Dues, Licenses and Fees
This represents the cost of the District's operating license as well as the cost of memberships in necessary organizations.

Onsite Office Supplies
This represents the cost of supplies used to prepare agenda packages, create required mailings, and perform other special projects. The budget for this line item also includes the cost for supplies in the District office.

Website ADA Compliance
Cost of maintaining district website's compliance with the Americans with Disabilities Act of 1990.

DTS – Continuing Disclosure Software Subscription
Cost to produce a quarterly and annual basis, disclosure of relevant district information is provided to the Muni Council, as required within the bond indentures.

Miscellaneous Services
All other administrative costs not otherwise specified above.

Insurance

Insurance-General Liability
The District's General Liability & Public Officials Liability Insurance policy is with Egis Insurance Advisors, LLC. The budgeted amount allows for a projected increase in the premium.

Public Officials Insurance
The District will incur expenditures for public officials' liability insurance for the Board and Staff and may incur a 10% premium increase.

Property & Casualty Insurance
The District will incur fees to insure items owned by the district for its property needs.

Deductible
District's share of expenses for insured property when a claim is filed.

Utility Services

Electric Utility Services
Electricity for accounts with the local Utilities Commissions for the swim club, parks, and irrigation. Fees are based on historical costs for metered use.

Streetlights
Local Utility Company charges electricity usage (maintenance fee). The budget is based on historical costs.

Clubhouse Internet, TV, Phone
Internet service for clubhouse and other amenity locations.

Budget Narrative
Fiscal Year 2027

Water/Waste
The District charges each new water/sewer system customer an Accrued Guaranteed Revenue Fee (AGRF) for wastewater service in accordance with the adopted rate schedule.

Amenity

Payroll - Pool Monitor
Cost of staff members to facilitate pool safety services.

Pool Maintenance – Contract
Cost of Maintenance for CDD pool facilities.

R&M-Pool
Cost of chemical pool treatments and similar maintenance.

Janitorial – Contract
Cost of janitorial labor for CDD Facilities.

Amenity Center Cleaning & Supplies
Cost for cleaning and supplies for CDD Facilities.

Amenity Pest Control
Cost of exterminator and pesticides at CDD amenities and facilities.

R&M Amenity Center
Cost of repairs and regular maintenance of CDD amenities.

R&M Security Cameras
Cost to replace and/or maintain CDD security equipment.

R&M Access Control
Cost of repairs and maintenance to electronic locks, gates, and other security fixtures.

Contract Dumpster – Rental and Collection
Cost of dumpster rental and trash collection at CDD facilities.

R&M – Stormwater System
Cost of repairs and regular maintenance to the CDD's stormwater and drainage infrastructure.

Annual Stormwater Report
Cost to produce annual report on CDD stormwater infrastructure.

Dog Waste Station Service & Supplies
Cost of cleaning and resupplying dog waste stations.

R&M Boundary Walls/Fences/Monuments
Cost of repairs and regular maintenance for entryways, walls, fences and monuments.

Pavement and Signage Repairs
Cost of repairs and regular maintenance to sidewalks, pavements, and signs.

Holiday Decorations
Cost of decorations for major holidays (i.e., Christmas)

Pressure washing

Budget Narrative
Fiscal Year 2027

Cost of cleaning fences, etc. for the CDD.

Playground Equipment and Maintenance
Cost of acquisition and upkeep of playground equipment for CDD parks.

Pool Permits
Cost of permits required for CDD pool operation as required by law.

Key Fob Distribution
Cost of providing keycards to residents to access CDD Facilities.

Special Events
Cost of holiday celebrations and events hosted on CDD property.

Onsite Staff
The district may incur expenses for employees or other staff members needed for recreational facilities such as clubhouse staff.

Amenity Furniture R&M
Cost of repairs and maintenance to amenity furniture.

MISC
Amenity Expenses not otherwise specified.

Landscape and Pond Maintenance

Landscape Maintenance - Contract
Landscaping company to provide maintenance consisting of mowing, edging, trimming, blowing, fertilizing, and applying pest and disease control chemicals to turf throughout the District.

R&M Landscaping
Cost of repairs and regular maintenance to landscaping equipment.

Landscaping – Mulch
Cost of replacing mulch throughout the district.

Landscaping – Annuals
Cost of replacing annual plants throughout the district.

Landscaping –Replacement
Cost of replacing dead or damaged landscaping throughout the district.

Irrigation Maintenance
Purchase of irrigation supplies. Unscheduled maintenance consists of major repairs and replacement of system components including weather station and irrigation lines.

Aquatics – Contract
Expenses related to the care and maintenance of the lakes and ponds for the control of nuisance plant and algae species.

Aquatics – Plant Replacement
The expenses related to replacing beneficial aquatic plants, which may or may not have been required by other governmental entities.

Budget Narrative
Fiscal Year 2027

Landscape and Pond Maintenance (Continued)

Waterway Management Program
Cost of maintaining waterways and rivers on district property.

Wetlands Maintenance and Monitoring
Cost of upkeep and protection of wetlands on CDD property.

Debris Cleanup
Cost of cleaning up debris on district property.

Contingency/Reserves

Misc-Contingency
Funds set aside for projects, as determined by the district's board.

Two Rivers East

Community Development District

Budget Overview

FY 2027

Budget Narrative
Fiscal Year 2027

REVENUES

Interest-Investments
The District earns interest on its operating accounts.

Operations & Maintenance Assessments – CDD Collected/Tax Collector
The District will levy a Non-Ad Valorem assessment on all the assessable property within the District to pay for the operating expenditures during the Fiscal Year. The collection will be provided by the Tax Collector pursuant to Section 197.3632, Florida Statutes, which is the Uniform Collection Methodology.

Other Miscellaneous Revenues
Additional revenue sources not otherwise specified by other categories.

Special Assessments-Discounts
Per Section 197.162, Florida Statutes, discounts are allowed for early payment of assessments only when collected by the Tax Collector. The budgeted amount for the fiscal year is calculated at 4% of the anticipated Non-Ad Valorem assessments.

EXPENDITURES

Financial and Administrative

Supervisor Fees
Chapter 190 of the Florida Statutes allows for members of the Board of Supervisors to be compensated $200 per meeting at which they are in attendance. The amount for the Fiscal Year is based upon four supervisors attending 14 meetings.

District Manager
The District retains the services of a consulting manager, who is responsible for the daily administration of the District's business, including any and all financial work related to the Bond Funds and Operating Funds of the District, and preparation of the minutes of the Board of Supervisors. In addition, the District Manager prepares the Annual Budget(s), implements all policies of the Board of Supervisors and attends all meetings of the Board of Supervisors.

Administrative Services
The District receives Management, Accounting and Administrative services as part of a Management Agreement with Inframark Infrastructure Management Services.

ProfServ – Recording Secretary
Inframark provides recording services with near verbatim minutes.

ProfServ – Construction Accounting
Accounting services as described within the Accounting Services but specifically regarding construction.

Financial & Revenue Collections
Service includes all functions necessary for the timely billing and collection and reporting of District assessments in order to ensure adequate funds to meet the District's debt service and operations and maintenance obligations. These services include, but are not limited to, assessment roll preparation and certification, direct billings and funding request processing as well as responding to property owner questions regarding District assessments. This line item also includes the fees incurred for a collection agent to collect the funds for the principal and interest payment for its short-term bond issues and any other bond related collection needs. These funds are collected as prescribed in the Trust Indenture. The Collection Agent also provides for the release of liens on property after the full collection of bond debt levied on particular properties.

Budget Narrative
Fiscal Year 2027

Financial and Administrative (continued)

Rentals & Leases
The anticipated cost of rental expenses including but not limited to renting meeting room space for district board meetings.

Accounting Services
Services including the preparation and delivery of the District's financial statements in accordance with Governmental Accounting Standards, accounts payable and accounts receivable functions, asset tracking, investment tracking, capital program administration and requisition processing, filing of annual reports required by the State of Florida and monitoring of trust account activity.

ProfServ – Dissemination Agent
The District is required by the Securities and Exchange Commission to comply with rule 15c2-12(b)-(5), which relates to additional reporting requirements for unrelated bond issues. The budgeted amount for the fiscal year is based on standard fees charged for this service.

Website Administration
The cost of web hosting and regular maintenance of the District's website by Inframark Management Services.

ProfServ – Field Management
The District has a contract with Inframark Infrastructure Management Services. for services in the administration and operation of the Property and its contractors.

ProfServ – Info Technology
Cost of server maintenance and technical support for CDD-related IT needs.

District Engineer
The District's engineer provides general engineering services to the District, i.e., attendance and preparation for board meetings when requested, review of invoices, and other specifically requested assignments.

District Counsel
The District's attorney provides general legal services to the District, i.e., attendance and preparation for Board meetings, review of contracts, agreements, resolutions, and other research as directed or requested by the BOS District Manager.

ProfServ – Trustee Fees
The District pays US Bank an annual fee for trustee services on the Series 2014 and Series 2015 Bonds. The budgeted amount for the fiscal year is based on previous year plus any out-of-pocket expenses.

Auditing Services
The District is required to conduct an annual audit of its financial records by an Independent Certified Public Accounting Firm. The budgeted amount for the fiscal year is an estimate based on prior year costs.

Postage, Phone, Faxes, Copies
This item refers to the cost of materials and service to produce agendas and conduct day-to-day business of the District.

Legal Advertising
The District is required to advertise various notices for monthly Board meetings and other public hearings in the newspaper of general circulation.

Bank Fees
This represents the cost of bank charges and other related expenses that are incurred during the year.

Budget Narrative
Fiscal Year 2027

Financial and Administrative (continued)

Dues, Licenses, Subscriptions
This represents the cost of the District's operating license as well as the cost of memberships in necessary organizations.

Website ADA Compliance
Cost of maintaining district website's compliance with the Americans with Disabilities Act of 1990

Meeting Expense
The district may incur expenses for the cost of meetings including but not limited to renting room space for district board meetings.

Miscellaneous-Assessment Collection Costs
The District reimburses the tax collector for necessary administrative costs. Per the Florida Statutes, administrative costs shall include, but not be limited to, those costs associated with personnel, forms, supplies, data processing, computer equipment, postage, and programming. The District also compensates the tax collector for the actual cost of collection or 2% on the amount of special assessments collected and remitted, whichever is greater. The assessment collection cost is based on a maximum of 2% of the anticipated assessment collections.

DTS – Continuing Disclosure Software Subscription
The District may incur charges for obtaining subscriptions for the software for Disclosure Technology.

Arbitrage Reporting
The district is required to annually calculate the arbitrage rebate liability on the Series 2023 bonds.

Streetlight Loan Repayment
The district will repay the loan taken from Two Rivers Developments, LLC for the required streetlight deposits.

Insurance

Insurance – General Liability
The District's General Liability & Public Officials Liability Insurance policy is with Egis Insurance Advisors, LLC. The budgeted amount allows for a projected increase in the premium.

Public Officials Insurance
The District will incur expenditures for public officials' liability insurance for the Board and Staff and may incur a 10% premium increase.

Insurance – Property & Casualty
The District will incur fees to insure items owned by the district for its property needs.

Insurance Deductible
District's share of expenses for insured property when a claim is filed.

Utility Services

Electric – General
Electricity for accounts with the local Utilities Commissions for the swim club, parks, and irrigation. Fees are based on historical costs for metered use.

Budget Narrative
Fiscal Year 2027

Utility Services (continued)

Electricity – Streetlights
Local Utility Company charges electricity usage (maintenance fee). The budget is based on historical costs.

Internet Services
Internet service for clubhouse and other amenity locations.

Utility – Water & Sewer
The District charges each new water/sewer system customer an Accrued Guaranteed Revenue Fee (AGRF) for wastewater service in accordance with the adopted rate schedule.

Amenity

Onsite Staff
The district may incur expenses for employees or other staff members needed for recreational facilities such as clubhouse staff.

Contracts – Janitorial Supplies
Cost of janitorial labor for CDD Facilities.

Amenity Pest Control
Cost of exterminator and pesticides at CDD amenities and facilities.

Amenity Maintenance & Repairs
Cost of repairs and regular maintenance of CDD amenities

R&M – Security Cameras
Cost of the repairs and maintenance of CDD security cameras.

Amenities Furniture & Fixtures
Cost of repairs and maintenance to amenity furniture.

Access Control Maintenance & Repair
Cost of repairs and maintenance to electronic locks, gates, and other security fixtures.

Dog Waste Station Service & Supplies
Cost of cleaning and resupplying dog waste stations.

Contracts – Pools
Cost of Maintenance for CDD pool facilities.

Security Monitoring Services
Cost of CDD security personnel and equipment.

Special Events
Cost of holiday celebrations and events hosted on CDD property.

Pressure Washing
Cost of pressure washing services throughout CDD property.

Pool Maintenance – Misc. Services
Cost of chemical pool treatments and similar maintenance.

Budget Narrative
Fiscal Year 2027

Amenity (Continued)

Onsite Maintenance
Cost of upkeep and repairs to all parks and recreational facilities throughout CDD property.

Holiday Lights
Cost of decorations and lights for major holidays (i.e., Christmas)

Pool Monitors
Cost of staff members to facilitate pool safety services.

Pool Permit
Cost of permits required for CDD pool and spa operation as required by law.

Other Physical Environment

Contracts – Landscape
Landscaping company to provide maintenance consisting of mowing, edging, trimming, blowing, fertilizing, and applying pest and disease control chemicals to turf throughout the District.

Landscape – Mulch
This is for the cost of mulch installation and services needed throughout the District.

Plant Replacement Program
Cost of replacing dead or damaged plants throughout the district.

Irrigation Repairs & Maintenance
Purchase of irrigation supplies. Unscheduled maintenance consists of major repairs and replacement of system components including weather station and irrigation lines.

Contracts – Aquatic Control
Expenses related to the care and maintenance of the lakes and ponds for the control of nuisance plant and algae species.

Contracts – Trash & Debris Removal
Cost of cleaning up debris and trash on district property.

Tree Trimming
This is the cost of tree trimming and replacement services needed throughout the District.

Trail Maintenance
Cost of upkeep to bike paths and trails on CDD property.

Landscape – Storm Clean Up & Tree Removal
This is the cost of cleaning up after a storm and for the removal of knocked down trees and other debris.

R&M – Monument, Entrance, Wall
Cost of repairs and regular maintenance for entryways, walls, and gates.

Pavement & Signage Repairs
Cost of repairs and regular maintenance to sidewalks, pavements, and signs.

Water Trucks
Costs of repairs and regular maintenance for Water Trucks.

Budget Narrative
Fiscal Year 2027

Other Physical Environment (Continued)

TECO Easement Maintenance
This is for the cost of the landscape maintenance of the TECO easement on CDD property.

Contingency

Misc. – Contingency
Funds set aside for projects, as determined by the district's board.

Budget Overview

FY 2027

Budget Narrative
Fiscal Year 2027

REVENUES

Interest-Investments

The District earns interest on its operating accounts.

Special Assessments – CDD Collected/Tax Collector

The District will levy a Non-Ad Valorem assessment on all the assessable property within the District to pay for the operating expenditures during the Fiscal Year. The collection will be provided by the Tax Collector pursuant to Section 197.3632, Florida Statutes, which is the Uniform Collection Methodology.

Special Assessments-Discounts

Per Section 197.162, Florida Statutes, discounts are allowed for early payment of assessments only when collected by the Tax Collector. The budgeted amount for the fiscal year is calculated at 4% of the anticipated Non-Ad Valorem assessments.

EXPENDITURES

Administrative

Misc. – Assessment Collection Costs

The District reimburses the tax collector for necessary administrative costs. Per the Florida Statutes, administrative costs shall include, but not be limited to, those costs associated with personnel, forms, supplies, data processing, computer equipment, postage, and programming. The District also compensates the tax collector for the actual cost of collection or 2% on the amount of special assessments collected and remitted, whichever is greater. The assessment collection cost is based on a maximum of 2% of the anticipated assessment collections.

Debt Service

Principal Debt Retirement

The district pays regular principal payments to annually to pay down/retire the debt.

Interest Expense

The District Pays interest Expenses on the debt twice a year.

Two Rivers North

Community Development District

Budget Overview

FY 2027

Budget Narrative
Fiscal Year 2027

REVENUES

Interest-Investments
The District earns interest on its operating accounts.

Operations & Maintenance Assessments – Tax Collector
The District will levy a Non-Ad Valorem assessment on all the assessable property within the District to pay for the operating expenditures during the Fiscal Year. The collection will be provided by the Tax Collector pursuant to Section 197.3632, Florida Statutes, which is the Uniform Collection Methodology.

Other Miscellaneous Revenues
Additional revenue sources not otherwise specified by other categories.

Special Assessments-Discounts
Per Section 197.162, Florida Statutes, discounts are allowed for early payment of assessments only when collected by the Tax Collector. The budgeted amount for the fiscal year is calculated at 4% of the anticipated Non-Ad Valorem assessments.

EXPENDITURES

Financial and Administrative

Supervisor Fees
Chapter 190 of the Florida Statutes allows for members of the Board of Supervisors to be compensated $200 per meeting at which they are in attendance. The amount for the Fiscal Year is based upon four supervisors attending 14 meetings.

Administrative Services
The District receives Management, Accounting and Administrative services as part of a Management Agreement with Inframark Infrastructure Management Services.

District Manager
The District retains the services of a consulting manager, who is responsible for the daily administration of the District's business, including any and all financial work related to the Bond Funds and Operating Funds of the District, and preparation of the minutes of the Board of Supervisors. In addition, the District Manager prepares the Annual Budget(s), implements all policies of the Board of Supervisors and attends all meetings of the Board of Supervisors.

ProfServ – Recording Secretary
Inframark provides recording services with near verbatim minutes.

Accounting Services
Services including the preparation and delivery of the District’s financial statements in accordance with Governmental Accounting Standards, accounts payable and accounts receivable functions, asset tracking, investment tracking, capital program administration and requisition processing, filing of annual reports required by the State of Florida and monitoring of trust account activity.

ProfServ – Dissemination Agent
The District is required by the Securities and Exchange Commission to comply with rule 15c2-12(b)-(5), which relates to additional reporting requirements for unrelated bond issues. The budgeted amount for the fiscal year is based on standard fees charged for this service.

Budget Narrative
Fiscal Year 2027

Financial and Administrative (continued)

Assessment Roll
The district may incur charges for providing services in line with an assessment roll or any records.

Rentals & Leases
The anticipated cost of rental expenses including but not limited to renting meeting room space for district board meetings

Website Administration
The cost of web hosting and regular maintenance of the District's website by Inframark Management Services.

ProfServ – Info Technology
Cost of server maintenance and technical support for CDD-related IT needs.

Field Services
The District has a contract with Inframark Infrastructure Management Services. for services in the administration and operation of the Property and its contractors.

District Counsel
The District's attorney provides general legal services to the District, i.e., attendance and preparation for Board meetings, review of contracts, agreements, resolutions, and other research as directed or requested by the BOS District Manager.

District Engineer
The District's engineer provides general engineering services to the District, i.e., attendance and preparation for board meetings when requested, review of invoices, and other specifically requested assignments.

Trustee Fees
The District pays US Bank an annual fee for trustee services on the Series 2022 Bonds. The budgeted amount for the fiscal year is based on previous year plus any out-of-pocket expenses.

Meeting Expense
The district may incur expenses for the cost of meetings including but not limited to renting room space for district board meetings.

Misc. – Assessment Collection Costs
The District reimburses the tax collector for necessary administrative costs. Per the Florida Statutes, administrative costs shall include, but not be limited to, those costs associated with personnel, forms, supplies, data processing, computer equipment, postage, and programming. The District also compensates the tax collector for the actual cost of collection or 2% on the amount of special assessments collected and remitted, whichever is greater. The assessment collection cost is based on a maximum of 2% of the anticipated assessment collections.

Auditing Services
The District is required to conduct an annual audit of its financial records by an Independent Certified Public Accounting Firm. The budgeted amount for the fiscal year is an estimate based on prior year costs.

Postage, Phone, Faxes, Copies
This item refers to the cost of materials and service to produce agendas and conduct day-to-day business of the District.

Budget Narrative
Fiscal Year 2027

Financial and Administrative (continued)

Legal Advertising
The District is required to advertise various notices for monthly Board meetings and other public hearings in the newspaper of general circulation.

Bank Fees
This represents the cost of bank charges and other related expenses that are incurred during the year.

Dues, Licenses, Subscriptions
This represents the cost of the District's operating license as well as the cost of memberships in necessary organizations.

Website Compliance
Cost of maintaining district website's compliance with the Americans with Disabilities Act of 1990.

Professional Services – Tax Collector
This represents the fees that the District may incur in relation to Tax Collector services.

DTS – Continuing Disclosure Software Subscription
The District may incur charges for obtaining subscriptions for the software for Disclosure Technology.

The District is required to annually calculate the arbitrage rebate liability on its Series 2022 bonds.

Insurance

Public Officials Insurance
The District will incur expenditures for public officials' liability insurance for the Board and Staff and may incur a 10% premium increase.

Insurance – Property & Casualty
The District will incur fees to insure items owned by the district for its property needs.

Insurance – General Liability
The District's General Liability & Public Officials Liability Insurance policy is with Egis Insurance Advisors, LLC. The budgeted amount allows for a projected increase in the premium.

Deductible
District's share of expenses for insured property when a claim is filed.

Utility Services

Utility – Streetlights
Local Utility Company charges electricity usage (maintenance fee). The budget is based on historical costs.

Utility – Electric
Electricity for accounts with the local Utilities Commissions for the swim club, parks, and irrigation. Fees are based on historical costs for metered use.

Budget Narrative
Fiscal Year 2027

Utility Services (continued)

Utility – Water
The District charges each new water/sewer system customer an Accrued Guaranteed Revenue Fee (AGRF) for wastewater service in accordance with the adopted rate schedule.

Utility – Gas
Cost of natural gas for CDD facilities. Regular fuel costs (automobile etc.)

Internet & Wifi
Internet service for clubhouse and other amenity locations.

Other Physical Environment

Aquatics Maintenance
Expenses related to the care and maintenance of the lakes and ponds for the control of nuisance plant and algae species.

Contracts – Landscape
Landscaping company provides maintenance consisting of mowing, edging, trimming, blowing, fertilizing, and applying pest and disease control chemicals to turf throughout the District.

R&M – Plant Replacement
Cost of replacing dead or damaged plants throughout the district.

Landscape – Mulch
This is for the cost of mulch installation and services needed throughout the district.

Landscape – Annuals
This is for the cost of annuals installation and services needed throughout the district.

Irrigation Maintenance
Purchase of irrigation supplies. Unscheduled maintenance consists of major repairs and replacement of system components including weather station and irrigation lines.

Tree Trimming
This is for the cost of tree trimming and replacement services needed throughout the district.

Trail Maintenance
Cost of upkeep to bike paths and trails on CDD property.

Entry & Walls Maintenance
Cost of repairs and regular maintenance for entryways, walls, and gates.

R&M – Boundary Walls/Fences/Monuments
Cost of repairs and regular maintenance for walls, fences, and monuments.

Landscape – Storm Clean Up & Tree Removal
This is the cost of cleaning up after a storm and for removal of knocked down trees and other debris.

Water Trucks
Cost of repairs and regular maintenance for Water Trucks.

Budget Narrative
Fiscal Year 2027

Road and Street Facilities

Sidewalk & Pavement Repair
Cost of repairs and regular maintenance to sidewalks and pavements.

Parks and Recreation

Onsite Staff
The district may incur expenses for employees or other staff members needed for recreational facilities such as clubhouse staff.

Payroll – Pool Monitors
Cost of staff members to facilitate pool safety services.

Access Control Maintenance & Repair
Cost of repairs and maintenance to electronic locks, gates, and other security fixtures.

Security System Monitoring
Cost of CDD security personnel and equipment.

R&M – Security Cameras
Cost of repairs and maintenance of security cameras within CDD property.

Amenity Maintenance & Repairs
Cost of repairs and regular maintenance of CDD amenities.

Contracts – Janitorial Services
Cost of janitorial labor for CDD Facilities.

Janitorial Services & Supplies (Dog Stations)
Cost of janitorial supplies for CDD Facilities along with the cost of cleaning and resupplying dog waste stations.

Pest Control
Cost of exterminator and pesticides at CDD amenities and facilities.

Contracts – Pool & Spa
Cost of Maintenance for CDD pool facilities.

R&M – Swimming Pool
Cost of chemical pool treatments and similar such maintenance.

Pool Permits
Cost of permits required for CDD pool and spa operation as required by law.

Special Events
Cost of holiday celebrations and events hosted on CDD property.

Office Supplies
Cost of supplies for clubhouse clerical duties (pens, paper, ink, etc.)

Onsite Maintenance
Cost of upkeep and repairs to all parks and recreational facilities in the CDD.

Budget Narrative
Fiscal Year 2027

Parks and Recreation (continued)

Playground R&M
Cost of acquisition and upkeep of playground equipment for CDD parks.

Holiday Lights
Cost of decorations and lights for major holidays (i.e., Christmas)

Pressure Washing
Cost of pressure washing services throughout the CDD property.

Contingency

Misc. – Contingency
Funds set aside for projects, as determined by the district's board.

Community Development District

Budget Overview

FY 2027

Budget Narrative
Fiscal Year 2027

REVENUES

Interest-Investments

The District earns interest on its operating accounts.

Operations & Maintenance Assessments – Tax Collector

The District will levy a Non-Ad Valorem assessment on all the assessable property within the District to pay for the operating expenditures during the Fiscal Year. The collection will be provided by the Tax Collector pursuant to Section 197.3632, Florida Statutes, which is the Uniform Collection Methodology.

Special Assessments-Discounts

Per Section 197.162, Florida Statutes, discounts are allowed for early payment of assessments only when collected by the Tax Collector. The budgeted amount for the fiscal year is calculated at 4% of the anticipated Non-Ad Valorem assessments.

EXPENDITURES

Administrative

Misc. – Assessment Collection Costs

The District reimburses the tax collector for necessary administrative costs. Per the Florida Statutes, administrative costs shall include, but not be limited to, those costs associated with personnel, forms, supplies, data processing, computer equipment, postage, and programming. The District also compensates the tax collector for the actual cost of collection or 2% on the amount of special assessments collected and remitted, whichever is greater. The assessment collection cost is based on a maximum of 2% of the anticipated assessment collections.

Debt Service

Principal Debt Retirement

The district pays regular principal payments to annually to pay down/retire the debt.

Interest Expense

The District Pays interest Expenses on the debt twice a year.

Two Rivers West

Community Development District

Budget Overview

FY 2027

Budget Narrative
Fiscal Year 2027

REVENUES

Interest-Investments
The District earns interest on its operating accounts.

Operations & Maintenance Assessments – CDD Collected/Tax Collector
The District will levy a Non-Ad Valorem assessment on all the assessable property within the District to pay for the operating expenditures during the Fiscal Year. The collection will be provided by the Tax Collector pursuant to Section 197.3632, Florida Statutes, which is the Uniform Collection Methodology.

Other Miscellaneous Revenues
Additional revenue sources not otherwise specified by other categories.

Special Assessments-Discounts
Per Section 197.162, Florida Statutes, discounts are allowed for early payment of assessments only when collected by the Tax Collector. The budgeted amount for the fiscal year is calculated at 4% of the anticipated Non-Ad Valorem assessments.

EXPENDITURES

Financial and Administrative

Supervisor Fees
Chapter 190 of the Florida Statutes allows for members of the Board of Supervisors to be compensated $200 per meeting at which they are in attendance. The amount for the Fiscal Year is based upon four supervisors attending 14 meetings.

ProfServ – District Management
The District retains the services of a consulting manager, who is responsible for the daily administration of the District's business, including any and all financial work related to the Bond Funds and Operating Funds of the District, and preparation of the minutes of the Board of Supervisors. In addition, the District Manager prepares the Annual Budget(s), implements all policies of the Board of Supervisors and attends all meetings of the Board of Supervisors.

ProfServ – Field Management
The District has a contract with Inframark Infrastructure Management Services. for services in the administration and operation of the Property and its contractors.

ProfServ – Administration
The District receives Management, Accounting and Administrative services as part of a Management Agreement with Inframark Infrastructure Management Services.

ProfServ – Recording Secretary
Inframark provides recording services with near verbatim minutes.

ProfServ – Construction Accounting
Accounting services as described within the Accounting Services but specifically regarding construction.

Budget Narrative
Fiscal Year 2027

Financial and Administrative (continued)

ProfServ – Financial/Revenue Collections

Service includes all functions necessary for the timely billing and collection and reporting of District assessments in order to ensure adequate funds to meet the District's debt service and operations and maintenance obligations. These services include, but are not limited to, assessment roll preparation and certification, direct billings and funding request processing as well as responding to property owner questions regarding District assessments. This line item also includes the fees incurred for a collection agent to collect the funds for the principal and interest payment for its short-term bond issues and any other bond related collection needs. These funds are collected as prescribed in the Trust Indenture. The Collection Agent also provides for the release of liens on property after the full collection of bond debt levied on particular properties.

ProfServ – Rentals and Leases

The anticipated cost of rental expenses including but not limited to renting meeting room space for district board meetings.

ProfServ – Technology Data Storage

Cost of server maintenance and technical support for CDD related IT needs.

ProfServ – Accounting Services

Services including the preparation and delivery of the District's financial statements in accordance with Governmental Accounting Standards, accounts payable and accounts receivable functions, asset tracking, investment tracking, capital program administration and requisition processing, filing of annual reports required by the State of Florida and monitoring of trust account activity.

ProfServ – Dissemination Agent/Reporting

The District is required by the Securities and Exchange Commission to comply with rule 15c2-12(b)-(5), which relates to additional reporting requirements for unrelated bond issues. The budgeted amount for the fiscal year is based on standard fees charged for this service.

ProfServ – Website Admin Services

The cost of web hosting and regular maintenance of the District's website by Inframark Management Services.

District Engineer

The District's engineer provides general engineering services to the District, i.e., attendance and preparation for board meetings when requested, review of invoices, and other specifically requested assignments.

District Counsel

The District's attorney provides general legal services to the District, i.e., attendance and preparation for Board meetings, review of contracts, agreements, resolutions, and other research as directed or requested by the BOS District Manager.

Trustee Fees

The District pays US Bank an annual fee for trustee services on the Series 2014 and Series 2015 Bonds. The budgeted amount for the fiscal year is based on previous year plus any out-of-pocket expenses.

Auditing Services

The District is required to conduct an annual audit of its financial records by an Independent Certified Public Accounting Firm. The budgeted amount for the fiscal year is an estimate based on prior year costs.

Postage, Phone, Faxes, Copies

This item refers to the cost of materials and service to produce agendas and conduct day-to-day business of the District.

Budget Narrative
Fiscal Year 2027

Financial and Administrative (continued)

Legal Advertising
The District is required to advertise various notices for monthly Board meetings and other public hearings in the newspaper of general circulation.

Dues, Licenses, Subscriptions
This represents the cost of the District's operating license as well as the cost of memberships in necessary organizations.

Website ADA Compliance
Cost of maintaining district website's compliance with the Americans with Disabilities Act of 1990.

Meeting Expense
The district may incur expenses for the cost of meetings including but not limited to renting room space for district board meetings.

Loan Interest Expense
The district may incur interest expenses for the loan that was taken out.

Loan Repayment
The district is making payments on the loan that was taken out.

Miscellaneous-Assessment Collection Costs
The District reimburses the tax collector for necessary administrative costs. Per the Florida Statutes, administrative costs shall include, but not be limited to, those costs associated with personnel, forms, supplies, data processing, computer equipment, postage, and programming. The District also compensates the tax collector for the actual cost of collection or 2% on the amount of special assessments collected and remitted, whichever is greater. The assessment collection cost is based on a maximum of 2% of the anticipated assessment collections.

DTS – Continuing Disclosure Software Subscription
The District may incur charges for obtaining subscriptions for the software for Disclosure Technology.

Arbitrage Reporting
The district is required to annually calculate the arbitrage rebate liability on the Series 2023 bonds.

Insurance

General Liability
The District's General Liability & Public Officials Liability Insurance policy is with Egis Insurance Advisors, LLC. The budgeted amount allows for a projected increase in the premium.

Public Officials Insurance
The District will incur expenditures for public officials' liability insurance for the Board and Staff and may incur a 10% premium increase.

Property & Casualty Insurance
The District will incur fees to insure items owned by the district for its property needs.

Deductible
District's share of expenses for insured property when a claim is filed.

Budget Narrative
Fiscal Year 2027

Utility Services

Electric Utility Services
Electricity for accounts with the local Utilities Commissions for the swim club, parks, and irrigation. Fees are based on historical costs for metered use.

Water/Waste
The District charges each new water/sewer system customer an Accrued Guaranteed Revenue Fee (AGRF) for wastewater service in accordance with the adopted rate schedule.

Other Physical Environment

Landscape Maintenance - Contract
Landscaping company to provide maintenance consisting of mowing, edging, trimming, blowing, fertilizing, and applying pest and disease control chemicals to turf throughout the District.

Landscaping – Mulch
This is for the cost of mulch installation and services needed throughout the District.

Landscaping – Annuals
This is for the cost of annuals installation and services needed throughout the District.

Landscaping – Plant Replacement Program
Cost of replacing dead or damaged plants throughout the district.

Irrigation Maintenance & Repairs
Purchase of irrigation supplies. Unscheduled maintenance consists of major repairs and replacement of system components including weather station and irrigation lines.

Aquatics – Contract
Expenses related to the care and maintenance of the lakes and ponds for the control of nuisance plant and algae species.

Dog Station Service & Supplies
Cost of cleaning and resupplying dog waste stations.

Storm Cleanup Contingency
This is the cost of cleaning up after a storm and for the removal of knocked down trees and other debris.

Tree Trimming
This is the cost of tree trimming and replacement services needed throughout the District.

Trail Maintenance
Cost of upkeep to bike paths and trails on CDD property.

R&M – Boundary Walls/Fences/Monuments
Cost of repairs and regular maintenance for entryways, walls, fences, and monuments.

Wildlife Management Service
Management of wildlife on district property.

Erosion Repair
Cost of repairs and regular maintenance for erosion throughout the district.

Pressure Washing
Cost of pressure washing services throughout CDD property.

Budget Narrative
Fiscal Year 2027

Other Physical Environment (continued)

Windmill R&M
Cost of maintenance and repairs for the windmill on CDD property.

Holiday Lights
Cost of decorations and lights for major holidays (i.e., Christmas)

TECO Easement Maintenance
This is for the cost of the landscape maintenance of the TECO easement on CDD property.

Onsite Maintenance
Cost of upkeep and repairs to all parks and recreational facilities throughout CDD property.

Water Trucks
Cost of repairs and regular maintenance of Water Trucks.

Well Installation
Cost of the installation of wells throughout CDD property.

Two Rivers West

Community Development District

Budget Overview

FY 2027

Budget Narrative
Fiscal Year 2027

REVENUES

Interest-Investments
The District earns interest on its operating accounts.

Special Assessments – CDD Collected/Tax Collector
The District will levy a Non-Ad Valorem assessment on all the assessable property within the District to pay for the operating expenditures during the Fiscal Year. The collection will be provided by the Tax Collector pursuant to Section 197.3632, Florida Statutes, which is the Uniform Collection Methodology.

Special Assessments-Discounts
Per Section 197.162, Florida Statutes, discounts are allowed for early payment of assessments only when collected by the Tax Collector. The budgeted amount for the fiscal year is calculated at 4% of the anticipated Non-Ad Valorem assessments.

EXPENDITURES

Administration

Miscellaneous-Assessment Collection Costs
The District reimburses the tax collector for necessary administrative costs. Per the Florida Statutes, administrative costs shall include, but not be limited to, those costs associated with personnel, forms, supplies, data processing, computer equipment, postage, and programming. The District also compensates the tax collector for the actual cost of collection or 2% on the amount of special assessments collected and remitted, whichever is greater. The assessment collection cost is based on a maximum of 2% of the anticipated assessment collections.

Debt Service

Principal Debt Retirement
The district pays regular principal payments to annually to pay down/retire the debt.

Interest Expense
The District Pays interest Expenses on the debt twice a year.

Notes

(1) Represents approximately 3 months of operating expenditures

Budget Narrative
Fiscal Year 2027

REVENUES

Interest-Investments
The District earns interest on its operating accounts.

Special Assessment-Tax Collector
The District will levy a Non-Ad Valorem assessment on all sold and platted parcels within the District to pay for the operating expenditures during the Fiscal Year.

Special Assessments-Discounts
Per Section 197.162, Florida Statutes, discounts are allowed for early payment of assessments only when collected by the Tax Collector. The budgeted amount for the fiscal year is calculated at 4% of the anticipated Non-Ad Valorem assessments.

Room Rentals Income
The District receives revenue from the rental of the Clubhouse for events.

EXPENDITURES

Financial and Administrative

Supervisor Fees
Chapter 190 of the Florida Statutes allows for members of the Board of Supervisors to be compensated $200 per meeting at which they are in attendance. The amount for the Fiscal Year is based upon four supervisors attending 14 meetings.

District Management
The District retains the services of a consulting manager, who is responsible for the daily administration of the District's business, including any and all financial work related to the Bond Funds and Operating Funds of the District, and preparation of the minutes of the Board of Supervisors. In addition, the District Manager prepares the Annual Budget(s), implements all policies of the Board of Supervisors and attends all meetings of the Board of Supervisors.

Onsite Staff
The district may incur expenses for employees or other staff members needed for recreational facilities such as clubhouse staff.

District Engineer
The District's engineer provides general engineering services to the District, i.e., attendance and preparation for board meetings when requested, review of invoices, and other specifically requested assignments.

District Counsel
The District’s attorney provides general legal services to the District, i.e., attendance and preparation for Board meetings, review of contracts, agreements, resolutions, and other research as directed or requested by the BOS District Manager.

Auditing Services
The District is required to conduct an annual audit of its financial records by an Independent Certified Public Accounting Firm. The budgeted amount for the fiscal year is an estimate based on prior year costs.

Postage, Phone, Faxes, Copies
This item refers to the cost of materials and service to produce agendas and conduct day-to-day business of the District.

Budget Narrative
Fiscal Year 2027

Financial and Administrative (continued)

Misc-Assessment Collection Costs
The District reimburses the Tax Collector for her or his necessary administrative costs. Per the Florida Statutes, administrative costs shall include, but not be limited to, those costs associated with personnel, forms, supplies, data processing, computer equipment, postage, and programming. The District also compensates the Tax Collector for the actual cost of collection or 2% on the amount of special assessments collected and remitted, whichever is greater. The budget for collection costs was based on a maximum of 2% of the anticipated assessment collections.

Legal Advertising
The District is required to advertise various notices for monthly Board meetings and other public hearings in the newspaper of general circulation.

Dues, Licenses and Fees
This represents the cost of the District's operating license as well as the cost of memberships in necessary organizations.

Insurance

Public Officials Insurance
The District will incur expenditures for public officials' liability insurance for the Board and Staff and may incur a 10% premium increase.

Property & Casualty Insurance
The District will incur fees to insure items owned by the district for its property needs.

Insurance-General Liability
The District's General Liability & Public Officials Liability Insurance policy is with Egis Insurance Advisors, LLC. The budgeted amount allows for a projected increase in the premium.

Insurance-Crime
The District will incur fees to protect financial losses caused by employee dishonesty, fraud, theft, and other criminal acts.

Utility Services

Utility - Electric
Electricity for accounts with the local Utilities Commissions for the swim club, parks, and irrigation. Fees are based on historical costs for metered use.

Amenity Internet
Internet service for clubhouse and other amenity locations.

Water/Waste
The District charges each new water/sewer system customer an Accrued Guaranteed Revenue Fee (AGRF) for wastewater service in accordance with the adopted rate schedule.

Amenity

Security System Monitoring & Maintenance
Cost of CDD repairs and maintenance of the security monitoring equipment.

Budget Narrative
Fiscal Year 2027

Amenity (continued)

Janitorial Services & Supplies
Cost of janitorial supplies for CDD Facilities.

Garbage Removal
Cost of dumpster rental and trash collection at CDD facilities.

Amenity Center Pest Control

RESOLUTION 2026-04

A RESOLUTION OF THE BOARD OF SUPERVISORS OF THE NORTHWOOD COMMUNITY DEVELOPMENT DISTRICT APPROVING A PROPOSED OPERATION AND MAINTENANCE BUDGET FOR FISCAL YEAR 2026/2027; SETTING A PUBLIC HEARING THEREON PURSUANT TO FLORIDA LAW; ADDRESSING TRANSMITTAL, POSTING, AND PUBLICATION REQUIREMENTS; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the District Manager prepared and submitted to the Board of Supervisors (**"Board"**) of the Northwood Community Development District (**"District"**) prior to June 15, 2026, a proposed operation and maintenance budget for the fiscal year beginning October 1, 2026, and ending September 30, 2027 (**"Proposed Budget"**); and

WHEREAS, the Board has considered the Proposed Budget and desires to approve the Proposed Budget and set the required public hearing thereon.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF THE DISTRICT:

1. **Proposed Budget Approved**. The Proposed Budget, including any modifications made by the Board, attached hereto as **Exhibit A** is hereby approved as the basis for conducting a public hearing to adopt said Proposed Budget.

2. **Setting a Public Hearing**. The public hearing on said Proposed Budget is hereby declared and set for Monday, July 20, 2026, at 6:30 p.m. at the Northwood Clubhouse, 27248 Big Sur Drive, Wesley Chapel, Florida 33544.

3. **Transmittal of Proposed Budget to Local General Purpose Government**. The District Manager is hereby directed to submit a copy of the Proposed Budget to Pasco County at least 60 days prior to the hearing set above.

4. **Posting of Proposed Budget**. In accordance with Section 189.016, Florida Statutes, the District's Secretary is further directed to post the Proposed Budget on the District's website at least 2 days before the budget hearing date and shall remain on the website for at least 45 days.

5. **Publication of Notice**. Notice of this public hearing shall be published in the manner prescribed by Florida law.

6. **Effective Date**. This Resolution shall take effect immediately upon adoption.

Passed and Adopted on May 18, 2026.

Re: **Northwood Community Development District**
Proposed Fiscal Year 2027 Annual Operations Budget

Dear Mr. Mike Carballa,

In accordance with Chapter 190.008(2)(b) of the Florida Statutes, the District is required to submit to the local governing authorities having jurisdiction over the area included in the District, for purposes of disclosure and information only, the proposed annual budget for the ensuing fiscal year at least sixty (60) days prior to the public hearing.

The District's public hearing is scheduled as follows:

DATE:	**July 20, 2026**
HOUR:	**6:30 p.m.**
LOCATION:	**Northwood Clubhouse** **27248 Big Sur Drive** **Wesley Chapel, Fl 33544**

I am pleased to enclose the District's Proposed Operating Budget for Fiscal Year 2027 as required by statute. We request that a copy of the proposed budget be placed on the Pasco County website for public viewing.

If you have any questions, feel free to contact me at Tabitha.blackwelder@inframark.com .

Thank you,

Tabitha Blackwelder

Notes

(1) Represents approximately 3 months of operating expenditures

Budget Narrative
Fiscal Year 2027

REVENUES

Interest-Investments
The District earns interest on its operating accounts.

Special Assessments-Tax Collector
The District will levy a Non-Ad Valorem assessment on all the assessable property within the District to pay for the operating expenditures during the Fiscal Year. The collection will be provided by the Tax Collector pursuant to Section 197.3632, Florida Statutes, which is the Uniform Collection Methodology.

Other Miscellaneous Revenues
Additional revenue sources not otherwise specified by other categories.

Special Assessments-Discounts
Per Section 197.162, Florida Statutes, discounts are allowed for early payment of assessments only when collected by the Tax Collector. The budgeted amount for the fiscal year is calculated at 4% of the anticipated Non-Ad Valorem assessments.

EXPENDITURES

Financial and Administrative

Supervisor Fees
Chapter 190 of the Florida Statutes allows for members of the Board of Supervisors to be compensated $200 per meeting at which they are in attendance. The amount for the Fiscal Year is based upon four supervisors attending 14 meetings.

District Management
The District retains the services of a consulting manager, who is responsible for the daily administration of the District's business, including any and all financial work related to the Bond Funds and Operating Funds of the District, and preparation of the minutes of the Board of Supervisors. In addition, the District Manager prepares the Annual Budget(s), implements all policies of the Board of Supervisors and attends all meetings of the Board of Supervisors.

District Engineer
The District's engineer provides general engineering services to the District, i.e., attendance and preparation for board meetings when requested, review of invoices, and other specifically requested assignments.

Field Management
The District has a contract with Inframark Infrastructure Management Services. for services in the administration and operation of the Property and its contractors.

Administration
The District receives Management, Accounting and Administrative services as part of a Management Agreement with Inframark Infrastructure Management Services.

Trustee Fees
The District pays US Bank an annual fee for trustee services on the Series 2014 and Series 2015 Bonds. The budgeted amount for the fiscal year is based on previous year plus any out-of-pocket expenses.

Budget Narrative
Fiscal Year 2027

Financial and Administrative (continued)

Auditing Services

The District is required to conduct an annual audit of its financial records by an Independent Certified Public Accounting Firm. The budgeted amount for the fiscal year is an estimate based on prior year costs.

Professional Services - Arbitrage Rebate Calculation

The District has a proposal with a company who specializes to calculate the District's Arbitrage Rebate Liability on the Series of Benefit Special Assessment Bonds. The budgeted amount for the fiscal year is based on standard fees charged for this service.

Public Officials Insurance

The District will incur expenditures for public officials' liability insurance for the Board and Staff and may incur a 10% premium increase.

Mailings

Copies used in the preparation of agenda packages, required mailings, and other special projects.

Legal Advertising

The District is required to advertise various notices for monthly Board meetings and other public hearings in the newspaper of general circulation.

Bank Fees

This represents the cost of bank charges and other related expenses that are incurred during the year.

Dues, Licenses and Fees

This represents the cost of the District's operating license as well as the cost of memberships in necessary organizations.

Website Administration Services

The cost of web hosting and regular maintenance of the District's website by Inframark Management Services.

Website ADA Compliance

Cost of maintaining district website's compliance with the Americans with Disabilities Act of 1990.

District Counsel

The District's attorney provides general legal services to the District, i.e., attendance and preparation for Board meetings, review of contracts, agreements, resolutions, and other research as directed or requested by the BOS District Manager.

Recording Secretary

Inframark provides recording services with near verbatim minutes.

Construction Accounting

Accounting services as described within Accounting Services but specifically regarding construction.

Budget Narrative
Fiscal Year 2027

Financial and Administrative (continued)

Financial/Revenue Collections

Service includes all functions necessary for the timely billing and collection and reporting of District assessments in order to ensure adequate funds to meet the District's debt service and operations and maintenance obligations. These services include, but are not limited to, assessment roll preparation and certification, direct billings and funding request processing as well as responding to property owner questions regarding District assessments. This line item also includes the fees incurred for a collection agent to collect the funds for the principal and interest payment for its short-term bond issues and any other bond related collection needs. These funds are collected as prescribed in the Trust Indenture. The Collection Agent also provides for the release of liens on property after the full collection of bond debt levied on particular properties.

Rentals and Leases

The anticipated cost of rental expenses including but not limited to renting meeting room space for district board meetings.

Data Storage

Cost of server maintenance and technical support for CDD related IT needs.

Accounting Services

Services including the preparation and delivery of the District's financial statements in accordance with Governmental Accounting Standards, accounts payable and accounts receivable functions, asset tracking, investment tracking, capital program administration and requisition processing, filing of annual reports required by the State of Florida and monitoring of trust account activity.

Dissemination Agent/Reporting

The District is required by the Securities and Exchange Commission to comply with rule 15c2-12(b)-(5), which relates to additional reporting requirements for unrelated bond issues. The budgeted amount for the fiscal year is based on standard fees charged for this service.

Postage, Phone, Faxes, Copies

This item refers to the cost of materials and service to produce agendas and conduct day-to-day business of the District.

Onsite Office Supplies

This represents the cost of supplies used to prepare agenda packages, create required mailings, and perform other special projects. The budget for this line item also includes the cost for supplies in the District office.

Disclosure Report

On a quarterly and annual basis, disclosure of relevant district information is provided to the Muni Council, as required within the bond indentures.

Annual Stormwater Report

Cost to produce annual report on CDD stormwater infrastructure.

Miscellaneous Administrative

All other administrative costs not otherwise specified above.

Budget Narrative
Fiscal Year 2027

Security Operations

Security Monitoring Services
Cost of CDD security personnel and equipment

Security Camera Maintenance
Camera maintenance to provide security for the District.

Security Services
The District may wish to contract with a private company to provide security for the District.

Road and Street Facilities

R&M-Sidewalks
This is for the repairs and maintenance of the sidewalks around the District.

R&M-Street Signs
This is for the repairs and maintenance of the street signs around the District.

R&M-Streetlights
This is for the repairs, maintenance and inspection of the streetlights around the District.

Electric Utility Services

Electricity-General
This is for the electric utility services for the irrigation timers, lift station pumps, fountains, signs, etc.

Street Lights
This is for the electricity for the streetlights in the District.

Gas Utility – Recreation Facilities
The district may incur gas utility expenditures related to district operations at its facilities such as pool heat etc.

Garbage/Solid Waste Control Services

Contracts-Solid Waste Services
This is for the solid waste services related to the operations of the District.

Garbage-Recreational Facility
The District will incur expenditures related to the removal of garbage and solid waste.

Water-Sewer Combination Services

Utility-Services
This is for the water utility services related to the operations of the District.

Budget Narrative
Fiscal Year 2027

Stormwater Control

Aquatic Maintenance
Expenses related to the care and maintenance of the lakes and ponds for the control of nuisance plant and algae species..

R&M-Lake & Pond Bank
The District may incur expenditures to maintain lake banks, etc. for the ponds and lakes within the District's boundaries, along with planting of beneficial aquatic plants, stocking of fish, mowing and landscaping of the banks as the District determines necessary.

R&M-Stormwater System
This is for the repairs and maintenance of the stormwater system throughout the District.

Other physical Environment

Insurance-General Liability
The District's General Liability & Public Officials Liability Insurance policy is with Egis Insurance Advisors, LLC. The budgeted amount allows for a projected increase in the premium.

Property & Casualty Insurance
The District will incur fees to insure items owned by the district for its property needs.

Landscape Maintenance - Contract
Landscaping company provide maintenance consisting of mowing, edging, trimming, blowing, fertilizing, and applying pest and disease control chemicals to turf throughout the District.

Irrigation Maintenance
Purchase of irrigation supplies. Unscheduled maintenance consists of major repairs and replacement of system components including weather station and irrigation lines.

Landscaping - R&M
Cost of repairs and regular maintenance to landscaping equipment.

Landscaping – Plant Replacement Program
Cost of replacing dead or damaged plants throughout the district.

Holiday Decorations
Cost of decorations for major holidays (i.e., Christmas)

Parks and Recreation

Athletic Courts and Field Maintenance
Cost of upkeep and repairs for athletic fields and courts (ex. Basketball Courts) on CDD property.

Cost of miscellaneous expenses for clubhouse.

Computer Support
Cost of IT services and for clubhouse operational needs.

Dog Park Maintenance
Cost of upkeep and repairs to dog parks and recreation facilities in the CDD

Budget Narrative
Fiscal Year 2027

Parks and Recreation (continued)

Janitorial – Contract
Cost of janitorial labor for CDD Facilities.

R&M-Fitness Equipment
Cost of repairs and regular maintenance of CDD fitness equipment.

Janitorial Supplies
Cost of janitorial supplies for CDD Facilities.

Pest Control
Cost of exterminator and pesticides at CDD amenities and facilities.

Pool Furniture repair & Replacement
Cost of upkeep for pool furniture for CDD.

R&M-Pools
Cost of chemical pool treatments and similar maintenance.

Contract-Pools
Cost of Maintenance for CDD pool facilities.

R&M-Vehicles
Cost of Maintenance for CDD vehicles.

Contingency/Reserves

Contingency
Funds set aside for projects, as determined by the district's board.

Janitorial Services
Cost of janitorial services for CDD Facilities.

Guard gate staff
The board may set aside monetary reserves for necessary guard gate staff as needed.

To Whom it May Concern:

Proposed Operating Budget for Fiscal Year 2027

In accordance with Chapter 190.008(2)(b) of the Florida Statutes, the District is required to submit to the local governing authorities having jurisdiction over the area included in the District, for purposes of disclosure and information only, the proposed annual budget for the ensuing Fiscal Year at least sixty (60) days prior to the Public Hearing.

The District's Public Hearing is scheduled as follows:

Date:	Tuesday, August 4, 2026
Time:	10:00 a.m.
Location:	The Groves Civic Center 7924 Melogold Circle Land O' Lakes, Florida 34637

I am pleased to enclose the District's Proposed Operating Budget for Fiscal Year 2027 as required by Statute and request you post it to the Pasco County's website. If you have any questions or comments, please feel free to contact me directly at mwilliams4@Inframark.com.

Sincerely,

Melissa Williams

BOARD OF COUNTY COMMISSIONERS
AGENDA MEMORANDUM

COMMISSION DISTRICT: All **FILE NO.:** NI26-0846 **DATE:** 6/16/2026

SUBJECT: Union Park West Community Development District FY 2025-2026 Adopted Budget

AGENDA SECTION: Noted Items

RECOMMENDED BOARD ACTION:
Receive and File

ATTACHMENT(S):
1. UP Resolution 2026-03 Budget Amendment

RESOLUTION 2026-_03_

A RESOLUTION OF THE BOARD OF SUPERVISORS OF THE UNION PARK COMMUNITY DEVELOPMENT DISTRICT AMENDING ITS BUDGET FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2025, AND ENDING SEPTEMBER 30, 2026; PROVIDING FOR SEVERABILITY; PROVIDING FOR CONFLICTS; PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Board of Supervisors (the "**Board**") of the Union Park Community Development District (the "**District**") previously adopted its budget for fiscal year 2025/2026;

WHEREAS, the Board desires to reallocate funds budgeted to reflect appropriated revenues and expenses approved during the fiscal year;

WHEREAS, the District is empowered by Section 189.016, Florida Statutes, to adjust the budget based on actual revenues and expenses; and

WHEREAS, the District Manager has submitted a proposed amended budget to reflect appropriated revenues and expenses approved during the fiscal year 2025/2026 (the "**Amended Budget**"), attached hereto as **Exhibit A** and incorporated as a material part of this Resolution by this reference.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD AS FOLLOWS:

1. **Recitals**. The foregoing recitals are hereby incorporated as the findings of fact of the Board.

2. **Amended Budget**. The Board hereby finds and determines as follows:

    a. That the Board has reviewed the Amended Budget, a copy of which is on the District's website, on file with the office of the District Manager, and at the District's Records Office.

    b. The Amended Budget is hereby adopted and shall accordingly amend the previously adopted budget for fiscal year 2025/2026.

    c. That the Amended Budget shall be maintained in the office of the District Manager and at the District's Records Office and identified as the "Amended Budget for the Union Park Community Development District for the Fiscal Year Beginning October 1, 2025, and Ending September 30, 2026".

    d. The Amended Budget shall be posted by the District Manager on the District's official website within five (5) days after adoption and remain on the website for at least two (2) years.

3. **Severability**. If any section or part of a section of this Resolution is declared invalid or unconstitutional, the validity, force and effect of any other section or part of a section of this Resolution shall not thereby be affected or impaired unless it clearly appears that such other section or part of a section of this Resolution is wholly or necessarily dependent upon the section or part of a section so held to be invalid or unconstitutional.

4. **Conflicts.** This Resolution is intended to supplement the original resolution adopting the budget for fiscal year 2025/2026, which remains in full force and effect. This Resolution and the original resolution shall be construed to the maximum extent possible to give full force and effect to the provisions of each resolution. All District resolutions or parts thereof in actual conflict with this Resolution are, to the extent of such conflict, superseded and repealed.

5. **Effective Date.** This Resolution shall become effective upon its adoption.

Passed and adopted February 25, 2026.

GENERAL FUND BUDGET
ACCOUNT CATEGORY DESCRIPTION

The General Fund Budget Account Category Descriptions are subject to change at any time depending on its application to the District. Please note that not all General Fund Budget Account Category Descriptions are applicable to the District indicated above. Uses of the descriptions contained herein are intended for general reference.

REVENUES:

Interest Earnings: The District may earn interest on its monies in the various operating accounts.

Tax Roll: The District levies Non-Ad Valorem Special Assessments on all of the assessable property within the District to pay for operating expenditures incurred during the Fiscal Year. The assessments may be collected in two ways. The first is by placing them on the County's Tax Roll, to be collected with the County's Annual Property Tax Billing. This method is only available to land properly platted within the time limits prescribed by the County.

Off Roll: For lands not on the tax roll, and that is by way of a direct bill from the District to the appropriate property owner.

Developer Contributions: The District may enter into a funding agreement and receive certain prescribed dollars from the Developer to offset expenditures of the District.

Event Rental: The District may receive monies for event rentals for such things as weddings, birthday parties, etc.

Miscellaneous Revenues: The District may receive monies for the sale or provision of electronic access cards, entry decals etc.

Facilities Rentals: The District may receive monies for the rental of certain facilities by outside sources, for such items as office space, snack bar/restaurants etc.

EXPENDITURES – ADMINISTRATIVE:

Supervisor Fees: The District may compensate its supervisors within the appropriate statutory limits of $200.00 maximum per meeting within an annual cap of $4,800.00 per supervisor.

Administrative Services: The District will incur expenditures for the day-to-day operation of District matters. These services include support for the District Management function, recording and preparation of meeting minutes, records retention and maintenance in accordance with Chapter 119, Florida Statutes, and the District's adopted Rules of Procedure, preparation and delivery of agenda, overnight deliveries, facsimiles, and phone calls.

District Management: The District, as required by statute, will contract a firm to provide for the management and administration of the District's day-to-day needs. These services include the conducting of board meetings, workshops, overall administration of District functions, all required state and local filings, preparation of annual budget, purchasing, risk management, preparing various resolutions, and all other secretarial duties requested by the District throughout the year is also reflected in this amount.

District Engineer: The District's engineer provides general engineering services to the District. Among these services are attendance at and preparation for monthly board meetings, review of construction invoices, and all other engineering services requested by the district throughout the year.

Disclosure Report: The District is required to file quarterly and annual disclosure reports, as required in the District's Trust Indenture, with the specified repositories. This is contracted out to a third party in compliance with the Trust Indenture.

Trustee's Fees: The District will incur annual trustee fees upon the issuance of bonds for the oversight of the various accounts relating to the bond issues.

Assessment Roll: The District will contract with a firm to prepare, maintain, and certify the assessment roll(s) and annually levy a non-ad valorem assessment for operating and debt service expenses.

Financial Consulting & Revenue Collections: Services include investment administration of the District's bank and trust accounts, if applicable, ongoing banking analyses, and related consulting services to support prudent cash management in compliance with applicable statutory requirements. However, the firm does not serve as a Municipal Advisor and does not provide investment advice. The firm also provides comprehensive billing, collection, and reporting of District assessments to fund debt service and operations, including direct billings, funding requests and owner inquiries. This line item also includes the fees incurred for a Collection Agent to collect the funds for the principal and interest payment for any bond-related collection needs. These funds are collected as prescribed in the Trust Indentures. The Collection Agent also provides for the release of liens on property after the full collection of bond debt levied on particular properties.

Accounting Services: Services include the preparation and delivery of the District's financial statements in accordance with Governmental Accounting Standards, accounts payable and accounts receivable functions, asset tracking, investment tracking, capital program administration and requisition processing, filing of annual reports required by the State of Florida, and monitoring of trust account activity.

Auditing Services: The District is required annually to conduct an audit of its financial records by an Independent Certified Public Accounting firm, once it reaches certain revenue and expenditure levels, or has issued bonds and incurred debt.

Arbitrage Rebate Calculation: The District is required to calculate the interest earned from bond proceeds each year pursuant to the Internal Revenue Code of 1986. The Rebate Analyst is required to verify that the District has not received earnings higher than the yield of the bonds.

Travel: Each Board Supervisor and the District Staff are entitled to reimbursement for travel expenses per Florida Statutes 190.006(8).

Public Officials Liability Insurance: The District will incur expenditures for public officials' liability insurance for the Board and Staff.

Legal Advertising: The District will incur expenditures related to legal advertising. The items for which the District will advertise include, but are not limited to meeting schedules, special meeting notices, public hearings, bidding etc., for the District based on statutory guidelines

Bank Fees: The District will incur bank service charges during the year.

Dues, Licenses & Fees: The District is required to pay an annual fee to the Department of Economic Opportunity, along with other items that may require licenses or permits, etc.

Miscellaneous Fees: The District could incur miscellaneous fees throughout the year, which may not fit into any standard categories.

Website Hosting, Maintenance, and Email: The District may incur fees as they relate to the development and ongoing maintenance of its own website, along with possible email services if requested.

District Counsel: The District's legal counsel provides general legal services to the District. Among these services are attendance at and preparation for monthly board meetings, review of operating and maintenance contracts, and all other legal services requested by the district throughout the year.

EXPENDITURES - FIELD OPERATIONS:

Deputy Services: The District may wish to contract with the local police agency to provide security for the District.

Security Services and Patrols: The District may wish to contract a private company to provide security for the District.

Electric Utility Services: The District will incur electric utility expenditures for general purposes such as irrigation timers, lift station pumps, fountains, etc.

Street Lights: The District may have expenditures relating to streetlights throughout the community. These may be restricted to main arterial roads or in some cases to all streetlights within the District's boundaries.

Utility - Recreation Facility: The District may budget separately for its recreation and or amenity electric separately.

Gas Utility Services: The District may incur gas utility expenditures related to district operations at its facilities such as pool heat etc.

Garbage - Recreation Facility: The District will incur expenditures related to the removal of garbage and solid waste.

Solid Waste Assessment Fee: The District may have an assessment levied by another local government for solid waste, etc.

Water-Sewer Utility Services: The District will incur water/sewer utility expenditures related to district operations.

Utility - Reclaimed: The District may incur expenses related to the use of reclaimed water for irrigation.

Aquatic Maintenance: Expenses related to the care and maintenance of the lakes and ponds for the control of nuisance plant and algae species.

Fountain Service Repairs & Maintenance: The District may incur expenses related to maintaining the fountains throughout the Parks & Recreation areas

Lake/Pond Bank Maintenance: The District may incur expenditures to maintain lake banks, etc. for the ponds and lakes within the District's boundaries, along with planting of beneficial aquatic plants, stocking of fish, mowing, and landscaping of the banks as the District determines necessary.

Wetland Monitoring & Maintenance: The District may be required to provide for certain types of monitoring and maintenance activities for various wetlands and waterways by other governmental entities.

Mitigation Area Monitoring & Maintenance: The District may be required to provide for certain types of monitoring and maintenance activities for various mitigation areas by other governmental entities.

Aquatic Plant Replacement: The expenses related to replacing beneficial aquatic plants, which may or may not have been required by other governmental entities.

General Liability Insurance: The District will incur fees to insure items owned by the District for its general liability needs.

Property Insurance: The District will incur fees to insure items owned by the District for its property needs.

Entry and Walls Maintenance: The District will incur expenditures to maintain the entry monuments and the fencing.

Landscape Maintenance: The District will incur expenditures to maintain the rights-of-way, median strips, recreational facilities, including pond banks, entryways, and similar planting areas within the District. These services include, but are not limited to monthly landscape maintenance, fertilizer, pesticides, annuals, mulch, and irrigation repairs.

Irrigation Maintenance: The District will incur expenditures related to the maintenance of the irrigation systems.

Irrigation Repairs: The District will incur expenditures related to repairs of the irrigation systems.

Landscape Replacement: Expenditures related to the replacement of turf, trees, shrubs etc.

Field Services: The District may contract for field management services to provide landscape maintenance oversight.

Miscellaneous Fees: The District may incur miscellaneous expenses that do not readily fit into defined categories in field operations.

Gate Phone: The District will incur telephone expenses if the District has gates that are to be opened and closed.

Street/Parking Lot Sweeping: The District may incur expenses related to street sweeping for roadways it owns or are owned by another governmental entity, for which it elects to maintain.

Gate Facility Maintenance: Expenses related to the ongoing repairs and maintenance of gates owned by the District if any.

Sidewalk Repair & Maintenance: Expenses related to sidewalks located in the right-of-way of streets that the District may own, if any.

Roadway Repair & Maintenance: Expenses related to the repair and maintenance of roadways owned by the District if any.

Employees - Salaries: The District may incur expenses for employees/staff members needed for the recreational facilities, such as Clubhouse Staff.

Employees - P/R Taxes: This is the employer's portion of employment taxes, such as FICA etc.

Employee - Workers' Comp: Fees related to obtaining workers' compensation insurance.

Management Contract: The District may contract with a firm to provide for the oversight of its recreation facilities.

Maintenance & Repair: The District may incur expenses to maintain its recreation facilities.

Facility Supplies: The District may have facilities that require various supplies to operate.

Gate Maintenance & Repairs: Any ongoing gate repairs and maintenance would be included in this line item.

Telephone, Fax, Internet: The District may incur telephone, fax, and internet expenses related to the recreational facilities.

Office Supplies: The District may have an office in its facilities that requires various office-related supplies.

Clubhouse - Facility Janitorial Service: Expenses related to the cleaning of the facility and related supplies.

Pool Service Contract: Expenses related to the maintenance of swimming pools and other water features.

Pool Repairs: Expenses related to the repair of swimming pools and other water features.

Security System Monitoring & Maintenance: The District may wish to install a security system for the clubhouse

Clubhouse Miscellaneous Expense: Expenses that may not fit into a defined category in this section of the budget

Athletic/Park Court/Field Repairs: Expenses related to any facilities such as tennis, basketball etc.

Trail/Bike Path Maintenance: Expenses related to various types of trail or pathway systems the District may own, from hard surface to natural surfaces.

Special Events: Expenses related to functions such as holiday events for the public's enjoyment

Miscellaneous Fees: Monies collected and allocated for fees that the District could incur throughout the year, which may not fit into any standard categories.

Miscellaneous Contingency: Monies collected and allocated for expenses that the District could incur throughout the year, which may not fit into any standard categories.

Capital Outlay: Monies collected and allocated for various projects as they relate to public improvements.

RESERVE FUND BUDGET
ACCOUNT CATEGORY DESCRIPTION

The Reserve Fund Budget Account Category Descriptions are subject to change at any time depending on its application to the District. Please note, not all Reserve Fund Budget Account Category Descriptions are applicable to the District indicated above. Uses of the descriptions contained herein are intended for general reference.

REVENUES:

Tax Roll: The District levies Non-Ad Valorem Special Assessments on all of the assessable property within the District to pay for operating expenditures incurred during the Fiscal Year. The assessments may be collected in two ways. The first is by placing them on the County's Tax Roll, to be collected with the County's Annual Property Tax Billing. This method is only available to land properly platted within the time limits prescribed by the County.

Off Roll: For lands not on the tax roll, and that is by way of a direct bill from the District to the appropriate property owner.

Developer Contributions: The District may enter into a funding agreement and receive certain prescribed dollars from the Developer to offset expenditures of the District.

Miscellaneous Revenues: The District may receive monies for the sale or provision of electronic access cards, entry decals etc.

EXPENDITURES:

Capital Reserve: Monies collected and allocated for the future repair and replacement of various capital improvements such as club facilities, swimming pools, athletic courts, roads, etc.

Capital Outlay: Monies collected and allocated for various projects as they relate to public improvements.

DEBT SERVICE FUND BUDGET
ACCOUNT CATEGORY DESCRIPTION

The Debt Service Fund Budget Account Category Descriptions are subject to change at any time depending on its application to the District. Please note, not all Debt Service Fund Budget Account Category Descriptions are applicable to the District indicated above. Uses of the descriptions contained herein are intended for general reference.

REVENUES:

Special Assessments: The District may levy special assessments to repay the debt incurred by the sale of bonds to raise working capital for certain public improvements. The assessments may be collected in the same fashion as described in the Operations and Maintenance Assessments.

EXPENDITURES – ADMINISTRATIVE:

Bank Fees: The District may incur bank service charges during the year.

Debt Service Obligation: This would be a combination of the principal and interest payment to satisfy the annual repayment of the bond issue debt.

GENERAL FUND BUDGET
ACCOUNT CATEGORY DESCRIPTION

The General Fund Budget Account Category Descriptions are subject to change at any time depending on its application to the District. Please note, not all General Fund Budget Account Category Descriptions are applicable to the District indicated above. Uses of the descriptions contained herein are intended for general reference.

REVENUES:

Interest Earnings: The District may earn interest on its monies in the various operating accounts.

Tax Roll: The District levies Non-Ad Valorem Special Assessments on all of the assessable property within the District to pay for operating expenditures incurred during the Fiscal Year. The assessments may be collected in two ways. The first is by placing them on the County's Tax Roll, to be collected with the County's Annual Property Tax Billing. This method is only available to land properly platted within the time limits prescribed by the County.

EXPENDITURES – ADMINISTRATIVE:

Supervisor Fees: The District may compensate its supervisors within the appropriate statutory limits of $200.00 maximum per meeting within an annual cap of $4,800.00 per supervisor.

Administrative Services: The District will incur expenditures for the day to today operation of District matters. These services include support for the District Management function, recording and preparation of meeting minutes, records retention and maintenance in accordance with Chapter 119, Florida Statutes, and the District's adopted Rules of Procedure, preparation and delivery of agenda, overnight deliveries, facsimiles and phone calls.

District Management: The District as required by statute, will contract with a firm to provide for management and administration of the District's day to day needs. These service include the conducting of board meetings, workshops, overall administration of District functions, all required state and local filings, preparation of annual budget, purchasing, risk management, preparing various resolutions and all other secretarial duties requested by the District throughout the year is also reflected in this amount.

District Engineer: The District's engineer provides general engineering services to the District. Among these services are attendance at and preparation for monthly board meetings, review of construction invoices and all other engineering services requested by the district throughout the year.

Disclosure Report: The District is required to file quarterly and annual disclosure reports, as required in the District's Trust Indenture, with the specified repositories. This is contracted out to a third party in compliance with the Trust Indenture.

Trustee's Fees: The District will incur annual trustee's fees upon the issuance of bonds for the oversight of the various accounts relating to the bond issues.

Assessment Roll: The District will contract with a firm to prepare, maintain and certify the assessment roll(s) and annually levy a non-ad valorem assessment for operating and debt service expenses.

Financial & Revenue Collections: Services of the Collection Agent include all functions necessary for the timely billing and collection and reporting of District assessments in order to ensure adequate funds to meet the District's debt service and operations and maintenance obligations. The Collection Agent also maintains and updates the District's lien book(s) annually and provides for the release of liens on property after the full collection of bond debt levied on particular properties.

Accounting Services: Services include the preparation and delivery of the District's financial statements in accordance with Governmental Accounting Standards, accounts payable and accounts receivable functions, asset tracking, investment tracking, capital program administration and requisition processing, filing of annual reports required by the State of Florida and monitoring of trust account activity.

Auditing Services: The District is required annually to conduct an audit of its financial records by an Independent Certified Public Accounting firm, once it reaches certain revenue and expenditure levels, or has issued bonds and incurred debt.

Arbitrage Rebate Calculation: The District is required to calculate the interest earned from bond proceeds each year pursuant to the Internal Revenue Code of 1986. The Rebate Analyst is required to verify that the District has not received earnings higher than the yield of the bonds.

Public Officials Liability Insurance: The District will incur expenditures for public officials' liability insurance for the Board and Staff.

Legal Advertising: The District will incur expenditures related to legal advertising. The items for which the District will advertise include, but are not limited to meeting schedules, special meeting notices, and public hearings, bidding etc. for the District based on statutory guidelines

Dues, Licenses & Fees: The District is required to pay an annual fee to the Department of Economic Opportunity, along with other items which may require licenses or permits, etc.

Miscellaneous Fees: The District could incur miscellaneous throughout the year, which may not fit into any standard categories.

Website Hosting, Maintenance and Email: The District may incur fees as they relate to the development and ongoing maintenance of its own website along with possible email services if requested.

District Counsel: The District's legal counsel provides general legal services to the District. Among these services are attendance at and preparation for monthly board meetings, review of operating and maintenance contracts and all other legal services requested by the district throughout the year.

EXPENDITURES - FIELD OPERATIONS:

Electric Utility Services: The District will incur electric utility expenditures for general purposes such as irrigation timers, lift station pumps, fountains, etc.

Street Lights: The District may have expenditures relating to street lights throughout the community. These may be restricted to main arterial roads or in some cases to all street lights within the District's boundaries.

Utility - Reclaimed: The District may incur expenses related to the use of reclaimed water for irrigation.

Aquatic Maintenance/Dry Pond Mowing: Expenses related to the care and maintenance of the lakes and ponds for the control of nuisance plant and algae species.

Aquatic Plant Replacement: The expenses related to replacing beneficial aquatic plants, which may or may not have been required by other governmental entities.

General Liability Insurance: The District will incur fees to insure items owned by the District for its general liability needs

Property Insurance: The District will incur fees to insure items owned by the District for its property needs

Wall and Fence Maintenance: The District will incur expenditures to maintain the wall and the fencing.

Entry Maintenance: The District will incur expenditures to maintain the entry monuments.

Landscape Maintenance: The District will incur expenditures to maintain the rights-of-way, median strips, recreational facilities including pond banks, entryways, and similar planting areas within the District. These services include but are not limited to monthly landscape maintenance, fertilizer, pesticides, annuals, mulch, and irrigation repairs.

Irrigation Maintenance: The District will incur expenditures related to the maintenance of the irrigation systems.

Irrigation Repairs: The District will incur expenditures related to repairs of the irrigation systems.

Landscape Replacement: Expenditures related to replacement of turf, trees, shrubs etc.

Landscape Mulch: Expenditures related to mulch replacement.

Miscellaneous Contingency: Monies collected and allocated for expenses that the District could incur throughout the year, which may not fit into any standard categories.

DEBT SERVICE FUND BUDGET
ACCOUNT CATEGORY DESCRIPTION

The Debt Service Fund Budget Account Category Descriptions are subject to change at any time depending on its application to the District. Please note, not all Debt Service Fund Budget Account Category Descriptions are applicable to the District indicated above. Uses of the descriptions contained herein are intended for general reference.

REVENUES:

Special Assessments: The District may levy special assessments to repay the debt incurred by the sale of bonds to raise working capital for certain public improvements. The assessments may be collected in the same fashion as described in the Operations and Maintenance Assessments.

EXPENDITURES – ADMINISTRATIVE:

Bank Fees: The District may incur bank service charges during the year.

Debt Service Obligation: This would a combination of the principal and interest payment to satisfy the annual repayment of the bond issue debt.

Re: Hidden Creek North Community Development District
Proposed Fiscal Year 2026/2027 Budget

Dear Sir/Madam:

Enclosed please find the Fiscal Year *2026/2027* budget (the "Proposed Budget") approved by the Board of Supervisors (the "Board") for the purpose of setting a hearing to consider public comment and testimony on same. The public hearing on the Proposed Budget has been scheduled for **August 04, 2026 at 10:00 a.m. at the office of Rizzetta & Company, Inc. located at 5844 Old Pasco Road, Suite 100, Wesley Chapel, FL 33544.** Transmittal of the enclosed Proposed Budgets are being made for purposes of disclosure and information, in accordance with the requirement set forth in Section 190.008(b), *Florida Statutes.*

Should you have any questions, please do not hesitate to contact me at your earliest convenience.

Sincerely,

Daryl Adams

Daryl Adams
District Manager

GENERAL FUND BUDGET
ACCOUNT CATEGORY DESCRIPTION

The General Fund Budget Account Category Descriptions are subject to change at any time depending on its application to the District. Please note that not all General Fund Budget Account Category Descriptions are applicable to the District indicated above. Uses of the descriptions contained herein are intended for general reference.

REVENUES:

Interest Earnings: The District may earn interest on its monies in the various operating accounts.

Tax Roll: The District levies Non-Ad Valorem Special Assessments on all of the assessable property within the District to pay for operating expenditures incurred during the Fiscal Year. The assessments may be collected in two ways. The first is by placing them on the County's Tax Roll, to be collected with the County's Annual Property Tax Billing. This method is only available to land properly platted within the time limits prescribed by the County.

Off Roll: For lands not on the tax roll, and that is by way of a direct bill from the District to the appropriate property owner.

Developer Contributions: The District may enter into a funding agreement and receive certain prescribed dollars from the Developer to offset expenditures of the District.

Event Rental: The District may receive monies for event rentals for such things as weddings, birthday parties, etc.

Miscellaneous Revenues: The District may receive monies for the sale or provision of electronic access cards, entry decals etc.

Facilities Rentals: The District may receive monies for the rental of certain facilities by outside sources, for such items as office space, snack bar/restaurants etc.

EXPENDITURES – ADMINISTRATIVE:

Supervisor Fees: The District may compensate its supervisors within the appropriate statutory limits of $200.00 maximum per meeting within an annual cap of $4,800.00 per supervisor.

Administrative Services: The District will incur expenditures for the day-to-day operation of District matters. These services include support for the District Management function, recording and preparation of meeting minutes, records retention and maintenance in accordance with Chapter 119, Florida Statutes, and the District's adopted Rules of Procedure, preparation and delivery of agenda, overnight deliveries, facsimiles, and phone calls.

District Management: The District, as required by statute, will contract a firm to provide for the management and administration of the District's day-to-day needs. These services include the conducting of board meetings, workshops, overall administration of District functions, all required state and local filings, preparation of annual budget, purchasing, risk management, preparing various resolutions, and all other secretarial duties requested by the District throughout the year is also reflected in this amount.

District Engineer: The District's engineer provides general engineering services to the District. Among these services are attendance at and preparation for monthly board meetings, review of construction invoices, and all other engineering services requested by the district throughout the year.

Disclosure Report: The District is required to file quarterly and annual disclosure reports, as required in the District's Trust Indenture, with the specified repositories. This is contracted out to a third party in compliance with the Trust Indenture.

Trustee's Fees: The District will incur annual trustee fees upon the issuance of bonds for the oversight of the various accounts relating to the bond issues.

Assessment Roll: The District will contract with a firm to prepare, maintain, and certify the assessment roll(s) and annually levy a non-ad valorem assessment for operating and debt service expenses.

Financial Consulting & Revenue Collections: Services include investment administration of the District's bank and trust accounts, if applicable, ongoing banking analyses, and related consulting services to support prudent cash management in compliance with applicable statutory requirements. However, the firm does not serve as a Municipal Advisor and does not provide investment advice. The firm also provides comprehensive billing, collection, and reporting of District assessments to fund debt service and operations, including direct billings, funding requests and owner inquiries. This line item also includes the fees incurred for a Collection Agent to collect the funds for the principal and interest payment for any bond-related collection needs. These funds are collected as prescribed in the Trust Indentures. The Collection Agent also provides for the release of liens on property after the full collection of bond debt levied on particular properties.

Accounting Services: Services include the preparation and delivery of the District's financial statements in accordance with Governmental Accounting Standards, accounts payable and accounts receivable functions, asset tracking, investment tracking, capital program administration and requisition processing, filing of annual reports required by the State of Florida, and monitoring of trust account activity.

Auditing Services: The District is required annually to conduct an audit of its financial records by an Independent Certified Public Accounting firm, once it reaches certain revenue and expenditure levels, or has issued bonds and incurred debt.

Arbitrage Rebate Calculation: The District is required to calculate the interest earned from bond proceeds each year pursuant to the Internal Revenue Code of 1986. The Rebate Analyst is required to verify that the District has not received earnings higher than the yield of the bonds.

Travel: Each Board Supervisor and the District Staff are entitled to reimbursement for travel expenses per Florida Statutes 190.006(8).

Public Officials Liability Insurance: The District will incur expenditures for public officials' liability insurance for the Board and Staff.

Legal Advertising: The District will incur expenditures related to legal advertising. The items for which the District will advertise include, but are not limited to meeting schedules, special meeting notices, public hearings, bidding etc., for the District based on statutory guidelines

Bank Fees: The District will incur bank service charges during the year.

Dues, Licenses & Fees: The District is required to pay an annual fee to the Department of Economic Opportunity, along with other items that may require licenses or permits, etc.

Miscellaneous Fees: The District could incur miscellaneous fees throughout the year, which may not fit into any standard categories.

Website Hosting, Maintenance, and Email: The District may incur fees as they relate to the development and ongoing maintenance of its own website, along with possible email services if requested.

District Counsel: The District's legal counsel provides general legal services to the District. Among these services are attendance at and preparation for monthly board meetings, review of operating and maintenance contracts, and all other legal services requested by the district throughout the year.

EXPENDITURES - FIELD OPERATIONS:

Deputy Services: The District may wish to contract with the local police agency to provide security for the District.

Security Services and Patrols: The District may wish to contract a private company to provide security for the District.

Electric Utility Services: The District will incur electric utility expenditures for general purposes such as irrigation timers, lift station pumps, fountains, etc.

Street Lights: The District may have expenditures relating to streetlights throughout the community. These may be restricted to main arterial roads or in some cases to all streetlights within the District's boundaries.

Utility - Recreation Facility: The District may budget separately for its recreation and or amenity electric separately.

Gas Utility Services: The District may incur gas utility expenditures related to district operations at its facilities such as pool heat etc.

Garbage - Recreation Facility: The District will incur expenditures related to the removal of garbage and solid waste.

Solid Waste Assessment Fee: The District may have an assessment levied by another local government for solid waste, etc.

Water-Sewer Utility Services: The District will incur water/sewer utility expenditures related to district operations.

Utility - Reclaimed: The District may incur expenses related to the use of reclaimed water for irrigation.

Aquatic Maintenance: Expenses related to the care and maintenance of the lakes and ponds for the control of nuisance plant and algae species.

Fountain Service Repairs & Maintenance: The District may incur expenses related to maintaining the fountains throughout the Parks & Recreation areas

Lake/Pond Bank Maintenance: The District may incur expenditures to maintain lake banks, etc. for the ponds and lakes within the District's boundaries, along with planting of beneficial aquatic plants, stocking of fish, mowing, and landscaping of the banks as the District determines necessary.

Wetland Monitoring & Maintenance: The District may be required to provide for certain types of monitoring and maintenance activities for various wetlands and waterways by other governmental entities.

Mitigation Area Monitoring & Maintenance: The District may be required to provide for certain types of monitoring and maintenance activities for various mitigation areas by other governmental entities.

Aquatic Plant Replacement: The expenses related to replacing beneficial aquatic plants, which may or may not have been required by other governmental entities.

General Liability Insurance: The District will incur fees to insure items owned by the District for its general liability needs.

Property Insurance: The District will incur fees to insure items owned by the District for its property needs.

Entry and Walls Maintenance: The District will incur expenditures to maintain the entry monuments and the fencing.

Landscape Maintenance: The District will incur expenditures to maintain the rights-of-way, median strips, recreational facilities, including pond banks, entryways, and similar planting areas within the District. These services include, but are not limited to monthly landscape maintenance, fertilizer, pesticides, annuals, mulch, and irrigation repairs.

Irrigation Maintenance: The District will incur expenditures related to the maintenance of the irrigation systems.

Irrigation Repairs: The District will incur expenditures related to repairs of the irrigation systems.

Landscape Replacement: Expenditures related to the replacement of turf, trees, shrubs etc.

Field Services: The District may contract for field management services to provide landscape maintenance oversight.

Miscellaneous Fees: The District may incur miscellaneous expenses that do not readily fit into defined categories in field operations.

Gate Phone: The District will incur telephone expenses if the District has gates that are to be opened and closed.

Street/Parking Lot Sweeping: The District may incur expenses related to street sweeping for roadways it owns or are owned by another governmental entity, for which it elects to maintain.

Gate Facility Maintenance: Expenses related to the ongoing repairs and maintenance of gates owned by the District if any.

Sidewalk Repair & Maintenance: Expenses related to sidewalks located in the right-of-way of streets that the District may own, if any.

Roadway Repair & Maintenance: Expenses related to the repair and maintenance of roadways owned by the District if any.

Employees - Salaries: The District may incur expenses for employees/staff members needed for the recreational facilities, such as Clubhouse Staff.

Employees - P/R Taxes: This is the employer's portion of employment taxes, such as FICA etc.

Employee - Workers' Comp: Fees related to obtaining workers' compensation insurance.

Management Contract: The District may contract with a firm to provide for the oversight of its recreation facilities.

Maintenance & Repair: The District may incur expenses to maintain its recreation facilities.

Facility Supplies: The District may have facilities that require various supplies to operate.

Gate Maintenance & Repairs: Any ongoing gate repairs and maintenance would be included in this line item.

Telephone, Fax, Internet: The District may incur telephone, fax, and internet expenses related to the recreational facilities.

Office Supplies: The District may have an office in its facilities that requires various office-related supplies.

Clubhouse - Facility Janitorial Service: Expenses related to the cleaning of the facility and related supplies.

Pool Service Contract: Expenses related to the maintenance of swimming pools and other water features.

Pool Repairs: Expenses related to the repair of swimming pools and other water features.

Security System Monitoring & Maintenance: The District may wish to install a security system for the clubhouse

Clubhouse Miscellaneous Expense: Expenses that may not fit into a defined category in this section of the budget

Athletic/Park Court/Field Repairs: Expenses related to any facilities such as tennis, basketball etc.

Trail/Bike Path Maintenance: Expenses related to various types of trail or pathway systems the District may own, from hard surface to natural surfaces.

Special Events: Expenses related to functions such as holiday events for the public's enjoyment

Miscellaneous Fees: Monies collected and allocated for fees that the District could incur throughout the year, which may not fit into any standard categories.

Miscellaneous Contingency: Monies collected and allocated for expenses that the District could incur throughout the year, which may not fit into any standard categories.

Capital Outlay: Monies collected and allocated for various projects as they relate to public improvements.

RESERVE FUND BUDGET
ACCOUNT CATEGORY DESCRIPTION

The Reserve Fund Budget Account Category Descriptions are subject to change at any time depending on its application to the District. Please note, not all Reserve Fund Budget Account Category Descriptions are applicable to the District indicated above. Uses of the descriptions contained herein are intended for general reference.

REVENUES:

Tax Roll: The District levies Non-Ad Valorem Special Assessments on all of the assessable property within the District to pay for operating expenditures incurred during the Fiscal Year. The assessments may be collected in two ways. The first is by placing them on the County's Tax Roll, to be collected with the County's Annual Property Tax Billing. This method is only available to land properly platted within the time limits prescribed by the County.

RE: Meadow Pointe IV Community Development District

To Whom It May Concern:

Pursuant to Section 11.45, Florida Statutes, and Section 189.418, Florida Statutes, an independent special district in one county must file its Annual Financial Audit Report with the Office of the Auditor General and the Clerk of the County governing within 45 days of audit completion and within 9 months of fiscal year end. One copy of the report must be submitted to the Clerk of the Board of County Commissioners.

Accordingly, enclosed is one copy of the Annual Financial Audit Report for the Fiscal Year Ended September 30, 2025 for the above referenced district. Please call me at (813) 933-5571 with any questions.

Sincerely,

Scott Brizendine

INDEPENDENT AUDITOR'S REPORT

To the Board of Supervisors
Meadow Pointe IV Community Development District
Pasco County, Florida

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of Meadow Pointe IV Community Development District, Pasco County, Florida ("District") as of and for the fiscal year ended September 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of September 30, 2025, and the respective changes in financial position thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

The District's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information Included in the Financial Report

Management is responsible for the other information included in the financial report. The other information comprises the information for compliance with FL Statute 218.39 (3) (c) but does not include the financial statements and our auditor's report thereon. Our opinions on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 18, 2026, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of Meadow Pointe IV Community Development District, Pasco County, Florida ("District") provides a narrative overview of the District's financial activities for the fiscal year ended September 30, 2025. Please read it in conjunction with the District's Independent Auditor's Report, basic financial statements, accompanying notes and supplementary information to the basic financial statements.

FINANCIAL HIGHLIGHTS

- The assets plus deferred outflows of resources of the District exceeded its liabilities at the close of the most recent fiscal year resulting in a net position balance of $8,818,981.
- The change in the District's total net position in comparison with the prior fiscal year was $16,769, an increase. The key components of the District's net position and change in net position are reflected in the table in the government-wide financial analysis section.
- At September 30, 2025, the District's governmental funds reported combined ending fund balances of $2,393,518, an increase of $546,169 in comparison with the prior fiscal year. A portion of the fund balance is nonspendable for prepaid items and deposits, restricted for debt service, assigned to capital reserves, and the remaining amount is unassigned fund balance which is available for spending at the District's discretion.

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as the introduction to the District's basic financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the residual amount being reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements include all governmental activities that are principally supported by special assessment revenues. The District does not have any business-type activities. The governmental activities of the District include the general government (management), maintenance and operations and recreation functions.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District has one fund category: the governmental funds.

OVERVIEW OF FINANCIAL STATEMENTS (Continued)

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains two governmental funds for external reporting. Information is presented separately in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund and debt service fund, both of which are considered major funds.

The District adopts an annual appropriated budget for its general fund. A budgetary comparison schedule has been provided for the general fund to demonstrate compliance with the budget.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of an entity's financial position. In the case of the District, assets plus deferred outflows of resources exceeded liabilities at the close of the most recent fiscal year.

Key components of the District's net position are reflected in the following table:

NET POSITION
SEPTEMBER 30,

	2025	2024
Current and other assets	$ 2,460,230	$ 1,907,645
Capital assets, net of depreciation	11,405,296	12,302,182
Total assets	13,865,526	14,209,827
Deferred outflows of resources	33,136	35,872
Total assets and deferred outflows	13,898,662	14,245,699
Current liabilities	141,681	140,487
Long-term liabilities	4,938,000	5,303,000
Total liabilities	5,079,681	5,443,487
Net position		
Net investment in capital assets	6,500,432	7,035,054
Restricted	384,764	339,685
Unrestricted	1,933,785	1,427,473
Total net position	$ 8,818,981	$ 8,802,212

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

The District's net position reflects its investment in capital assets (e.g. land, land improvements, and infrastructure) less any related debt used to acquire those assets that is still outstanding. These assets are used to provide services to residents; consequently, these assets are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The restricted portion of the District's net position represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position may be used to meet the District's other obligations.

The District's net position increased during the most recent fiscal year. The majority of the increase represents the extent to which ongoing program revenues exceeded the cost of operations and depreciation expense.

Key elements of the change in net position are reflected in the following table:

CHANGES IN NET POSITION
FOR THE FISCAL YEAR ENDED SEPTEMBER 30,

	2025	2024
Revenues:		
Program revenues		
Charges for services	$ 2,720,340	$ 2,641,408
Operating grants and contributions	23,006	28,421
General revenues		
Miscellaneous	15,744	10,578
Unrestricted investment earnings	78,917	80,695
Total revenues	2,838,007	2,761,102
Expenses:		
General government	235,335	187,892
Physical environment	2,033,923	2,536,923
Culture and recreation	362,009	360,234
Interest on long-term debt	189,971	205,517
Total expenses	2,821,238	3,290,566
Change in net position	16,769	(529,464)
Net position - beginning, restated	8,802,212	9,331,676
Net position - ending	$ 8,818,981	$ 8,802,212

As noted above and in the statement of activities, the cost of all governmental activities during the fiscal year ended September 30, 2025 was $2,821,238. The costs of the District's activities were primarily funded by program revenues. Program revenues are comprised primarily of assessments and investment earnings for both the current and prior fiscal years. In total, expenses decreased over the prior year primarily as the result of a decrease in maintenance costs.

GENERAL BUDGETING HIGHLIGHTS

An operating budget was adopted and maintained by the governing board for the District pursuant to the requirements of Florida Statutes. The budget is adopted using the same basis of accounting that is used in preparation of the fund financial statements. The legal level of budgetary control, the level at which expenditures may not exceed budget, is in the aggregate. Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board of Supervisors. Actual general fund expenditures did not exceed appropriations for the fiscal year ended September 30, 2025.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At September 30, 2025, the District had $18,376,008 invested in capital assets for its governmental activities. In the government-wide financial statements depreciation of $6,970,712 has been taken, which resulted in a net book value of $11,405,296. More detailed information about the District's capital assets is presented in the notes to the financial statements.

Capital Debt

At September 30, 2025, the District had $4,938,000 Bonds outstanding for its governmental activities. More detailed information about the District's capital debt is presented in the notes to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND OTHER EVENTS

The District does not anticipate any major projects or significant changes to its infrastructure maintenance program for the subsequent fiscal year. In addition, it is anticipated that the general operations of the District will remain fairly constant.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, land owners, customers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the financial resources it manages and the stewardship of the facilities it maintains. If you have questions about this report or need additional financial information, contact the Meadow Pointe IV Community Development District's Accounting Department at 3434 Colwell Avenue, Suite 200, Tampa, Florida 33614.

MEADOW POINTE IV COMMUNITY DEVELOPMENT DISTRICT
PASCO COUNTY, FLORIDA
RECONCILIATION OF THE BALANCE SHEET – GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET POSITION
SEPTEMBER 30, 2025

Fund balance - governmental funds		$ 2,393,518
Amounts reported for governmental activities in the statement of net position are different because:		
Capital assets used in governmental activities are not financial resources and, therefore, are not reported as assets in the governmental funds. The statement of net position includes those capital assets, net of any accumulated depreciation, in the net position of the government as a whole.		
Cost of capital assets	18,376,008	
Accumulated depreciation	(6,970,712)	11,405,296
Deferred charges on refunding of long-term debt are shown as deferred outflows/inflows of resources in the government-wide financial statements; however, this amount is expensed in the governmental fund financial statements.		33,136
Liabilities not due and payable from current available resources are not reported as liabilities in the governmental fund statements. All liabilities, both current and long-term, are reported in the government-wide financial statements.		
Accrued interest payable	(74,969)	
Bonds payable	(4,938,000)	(5,012,969)
Net position of governmental activities		$ 8,818,981

PASCO COUNTY, FLORIDA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2025

Net change in fund balances - total governmental funds	$	546,169
Amounts reported for governmental activities in the statement of activities are different because:		
Repayment of long-term liabilities are reported as expenditures in the governmental fund financial statements, but such repayments reduce liabilities in the statement of net position and are eliminated in the statement of activities.		365,000
Depreciation of capital assets is not recognized in the governmental fund financial statements, but is reported as an expense in the statement of activities.		(896,886)
Amortization of the deferred charge on refunding is not recognized in the governmental fund financial statements, but is reported as an expense in the statement of activities.		(2,736)
The change in accrued interest on long-term liabilities between the current and prior fiscal year is recorded in the statement of activities but not in the fund financial statements.		5,222
Change in net position of governmental activities	$	16,769

See notes to the financial statements

MEADOW POINTE IV COMMUNITY DEVELOPMENT DISTRICT
PASCO COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – NATURE OF ORGANIZATION AND REPORTING ENTITY

Meadow Pointe IV Community Development District (the "District") was established by Pasco County Ordinance 2002-21 enacted on September 4, 2002 pursuant to the Uniform Community Development District Act of 1980, otherwise known as Chapter 190, Florida Statutes. The Act provides among other things, the power to manage basic services for community development, power to borrow money and issue bonds, and to levy and assess non-ad valorem assessments for the financing and delivery of capital infrastructure.

The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of a portion of the infrastructure necessary for community development within the District.

The District is governed by the Board of Supervisors ("Board"), which is composed of five members. The Supervisors are elected on an at large basis by the qualified electors within the District. The Board of Supervisors of the District exercise all powers granted to the District pursuant to Chapter 190, Florida Statutes.

The Board has the responsibility for:
1. Allocating and levying assessments.
2. Approving budgets.
3. Exercising control over facilities and properties.
4. Controlling the use of funds generated by the District.
5. Approving the hiring and firing of key personnel.
6. Financing improvements.

The financial statements were prepared in accordance with Governmental Accounting Standards Board ("GASB") Statements. Under the provisions of those standards, the financial reporting entity consists of the primary government, organizations for which the District is considered to be financially accountable, and other organizations for which the nature and significance of their relationship with the District are such that, if excluded, the financial statements of the District would be considered incomplete or misleading. There are no entities considered to be component units of the District; therefore, the financial statements include only the operations of the District.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Government-Wide and Fund Financial Statements
The basic financial statements include both government-wide and fund financial statements.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include: 1) charges to customers who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; operating-type special assessments for maintenance and debt service are treated as charges for services and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other items not included among program revenues are reported instead as *general revenues*.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement* focus and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Assessments are recognized as revenues in the year for which they are levied. Grants and similar items are to be recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Assessments

Assessments are non-ad valorem assessments imposed on assessable lands located within the District. Assessments may be levied on property to pay for the operations and maintenance of the District. The fiscal year for which annual assessments may be levied begins on October 1 with discounts available for payments through February 28 and become delinquent on April 1. For debt service assessments, amounts collected as advance payments are used to prepay a portion of the Bonds outstanding. Otherwise, assessments are collected annually to provide funds for the debt service on the portion of the Bonds which are not paid with prepaid assessments.

Assessments and interest associated with the current fiscal period are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. The portion of assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period.

The District reports the following major governmental funds:

General Fund

The general fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

Debt Service Fund

The debt service fund is used to account for the accumulation of resources for the annual payment of principal and interest on long-term debt.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first for qualifying expenditures, then unrestricted resources as they are needed.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities and Net Position or Equity

Restricted Assets
These assets represent cash and investments set aside pursuant to Bond covenants or other contractual restrictions.

Deposits and Investments
The District's cash on hand and demand deposits are considered to be cash and cash equivalents.

The District has elected to proceed under the Alternative Investment Guidelines as set forth in Section 218.415 (17) Florida Statutes. The District may invest any surplus public funds in the following:

a) The Local Government Surplus Trust Funds, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act;
b) Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency;
c) Interest bearing time deposits or savings accounts in qualified public depositories;
d) Direct obligations of the U.S. Treasury.

Securities listed in paragraph c and d shall be invested to provide sufficient liquidity to pay obligations as they come due. In addition, surplus funds may be deposited into certificates of deposit which are insured and any unspent Bond proceeds are required to be held in investments as specified in the Bond Indenture.

The District records all interest revenue related to investment activities in the respective funds. Investments are measured at amortized cost or reported at fair value as required by generally accepted accounting principles.

Prepaid Items
Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Capital Assets
Capital assets which include property, plant and equipment, and infrastructure assets (e.g., roads, sidewalks and similar items) are reported in the governmental activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than $5,000 (amount not rounded) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Roadways & infrastructure	20
Stormwater & water systems	25
Security & landscaping	15
Recreational facilities	10 - 30
Furniture, fixtures & equipment	5 - 10

In the governmental fund financial statements, amounts incurred for the acquisition of capital assets are reported as fund expenditures. Depreciation expense is not reported in the governmental fund financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities and Net Position or Equity (Continued)

Refundings of Debt

For current refundings and advance refundings resulting in the defeasance of debt, the difference between the reacquisition price and the net carrying amount of the old debt is reported as a deferred outflow of resources and recognized ratably as a component of interest expense over the remaining life of the old debt or the life of the new debt, whichever is shorter. In connection with the refunding, $2,736 was recognized as a component of interest expense in the current fiscal year.

Unearned Revenue

Governmental funds report unearned revenue in connection with resources that have been received, but not yet earned.

Long-Term Obligations

In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized ratably over the life of the Bonds. Bonds payable are reported net of applicable premiums or discounts. Bond issuance costs are expensed when incurred.

In the fund financial statements, governmental fund types recognize premiums and discounts, as well as issuance costs, during the current period The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Fund Equity/Net Position

In the fund financial statements, governmental funds report non spendable and restricted fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Assignments of fund balance represent tentative management plans that are subject to change.

The District can establish limitations on the use of fund balance as follows:

Committed fund balance – Amounts that can be used only for the specific purposes determined by a formal action (resolution) of the Board of Supervisors. Commitments may be changed or lifted only by the Board of Supervisors taking the same formal action (resolution) that imposed the constraint originally. Resources accumulated pursuant to stabilization arrangements sometimes are reported in this category.

Assigned fund balance – Includes spendable fund balance amounts established by the Board of Supervisors that are intended to be used for specific purposes that are neither considered restricted nor committed. The Board may also assign fund balance as it does when appropriating fund balance to cover differences in estimated revenue and appropriations in the subsequent year's appropriated budget. Assignments are generally temporary and normally the same formal action need not be taken to remove the assignment.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities and Net Position or Equity (Continued)

Fund Equity/Net Position (Continued)
The District first uses committed fund balance, followed by assigned fund balance and then unassigned fund balance when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Net position is the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources. Net position in the government-wide financial statements is categorized as net investment in capital assets, restricted or unrestricted. Net investment in capital assets represents net position related to infrastructure and property, plant and equipment. Restricted net position represents the assets restricted by the District's Bond covenants or other contractual restrictions. Unrestricted net position consists of the net position not meeting the definition of either of the other two components.

Other Disclosures

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 3 – BUDGETARY INFORMATION

The District is required to establish a budgetary system and an approved Annual Budget. Annual Budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund. All annual appropriations lapse at fiscal year-end.

The District follows these procedures in establishing the budgetary data reflected in the financial statements.

a) Each year, the District Manager submits to the District Board a proposed operating budget for the fiscal year commencing the following October 1.
b) A public hearing is conducted to obtain comments.
c) Prior to October 1, the budget is legally adopted by the District Board.
d) All budget changes must be approved by the District Board.
e) The budgets are adopted on a basis consistent with generally accepted accounting principles.
f) Unused appropriation for annually budgeted funds lapse at the end of the year.

NOTE 4 – DEPOSITS AND INVESTMENTS

Deposits

The District's cash balances were entirely covered by federal depository insurance or by a collateral pool pledged to the State Treasurer. Florida Statutes Chapter 280, "Florida Security for Public Deposits Act", requires all qualified depositories to deposit with the Treasurer or another banking institution eligible collateral equal to various percentages of the average daily balance for each month of all public deposits in excess of any applicable deposit insurance held. The percentage of eligible collateral (generally, U.S. Governmental and agency securities, state or local government debt, or corporate Bonds) to public deposits is dependent upon the depository's financial history and its compliance with Chapter 280. In the event of a failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses.

NOTE 4 – DEPOSITS AND INVESTMENTS (Continued)

Investments

The District's investments were held as follows at September 30, 2025:

	Amortized Cost	Fair Value	Credit Risk	Weight Average Maturities
First American Treasury Obligations Fund Class Y	$ 82,642	$ -	S&P AAAm	48 days
First American Treasury Obligations Fund Class Z	377,091	-	S&P AAAm	48 days
FL Class	-	1,745,193	S&P AAAm	42 days
Total Investments	$ 459,733	$ 1,745,193		

Credit risk – For investments, credit risk is generally the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Investment ratings by investment type are included in the preceding summary of investments.

Concentration risk – The District places no limit on the amount the District may invest in any one issuer.

Interest rate risk – The District does not have a formal policy that limits investment maturities as a means of managing exposure to fair value losses arising from increasing interest rates.

However, the Bond Indentures limit the type of investments held using unspent proceeds.

Fair Value Measurement – When applicable, the District measures and records its investments using fair value measurement guidelines established in accordance with GASB Statements. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques.

These guidelines recognize a three-tiered fair value hierarchy, in order of highest priority, as follows:

- *Level 1:* Investments whose values are based on unadjusted quoted prices for identical investments in active markets that the District has the ability to access;
- *Level 2:* Investments whose inputs - other than quoted market prices - are observable either directly or indirectly; and,
- *Level 3:* Investments whose inputs are unobservable.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the entire fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Money market investments that have a maturity at the time of purchase of one year or less and are held by governments other than external investment pools should be measured at amortized cost. Accordingly, the District's investments have been reported at amortized cost above.

NOTE 5 – CAPITAL ASSETS

Capital asset activity for the fiscal year ended September 30, 2025 was as follows:

	Beginning Balance	Additions	Disposals	Ending Balance
Governmental activities				
Capital assets, being depreciated				
Roadways & infrastructure	$ 13,356,524	$ -	$ -	$ 13,356,524
Stormwater & water systems	1,451,020	-	-	1,451,020
Security & landscaping	1,442,775	-	-	1,442,775
Recreational facilities	2,076,422	-	-	2,076,422
Furniture, fixtures & equipment	49,267	-	-	49,267
Total capital assets, being depreciated	18,376,008	-	-	18,376,008
Less accumulated depreciation for:				
Roadways & infrastructure	4,006,957	667,826	-	4,674,783
Stormwater & water systems	348,245	58,041	-	406,286
Security & landscaping	577,110	96,185	-	673,295
Recreational facilities	1,106,247	72,034	-	1,178,281
Furniture, fixtures & equipment	35,267	2,800	-	38,067
Total accumulated depreciation	6,073,826	896,886	-	6,970,712
Total capital assets, being depreciated, net	12,302,182	(896,886)	-	11,405,296
Governmental activities capital assets, net	$ 12,302,182	$ (896,886)	$ -	$ 11,405,296

Depreciation expense was charged to function/programs as follows:

Physical environment	$ 822,052
Culture and recreation	74,834
Total depreciation expense	$ 896,886

NOTE 6 – LONG-TERM LIABILITIES

Capital Improvement Revenue Bonds - Series 2014

In June 2014, the District issued Capital Improvement Revenue Refunding Bonds, Series 2014 comprised of: Series 2014A Bonds of $908,074 due on May 1, 2035 with a fixed interest rate of 7.25% and Series 2014B Bonds of $810,932 due on May 1, 2022 with a fixed interest rate of 7.25%. The Bonds were issued in exchange for $1,719,005 of the Series 2012B-2 Bonds.

The Series 2014 Bonds are Convertible Capital Appreciation Bonds. Interest accretes and was added to the bond value from the issuance date until the conversion date of November 1, 2016. After that date, the bonds converted to current interest bonds and interest payments are due semiannually on each May 1 and November 1, commencing May 1, 2017. Annual principal payments began on May 1, 2017 for the Series 2014A Bonds. Principal on the 2014B Bonds was due in a lump sum payment May 1, 2022. The Series 2014B Bonds were fully redeemed in November 2019.

The Series 2014 Bonds were subject to redemption at the option of the District prior to their maturity. The Series 2014 Bonds were also subject to extraordinary mandatory redemption prior to their selected maturity in the manner determined by the Bond Registrar if certain events occurred as outlined in the Bond Indenture.

The Bond Indenture established a debt service reserve requirement as well as other restrictions, requirements and the procedures to be followed by the District on assessments to property owners. The District agrees to levy special assessments in annual amounts adequate to provide payment of debt service and to meet the reserve requirements. The District was in compliance with the requirements at September 30, 2025.

NOTE 6 – LONG-TERM LIABILITIES (Continued)

Capital Improvement Revenue Refunding Bonds - Series 2015

In April 2015, the District issued $2,360,000 of Capital Improvement Revenue Refunding Bonds, Series 2015 due on May 1, 2034 with a variable interest rate of 2% to 4.20%. Interest payments are due semiannually on each May 1 and November 1, commencing November 1, 2015. Principal on the bonds is to be paid serially commencing May 1, 2016 through May 1, 2034.

The Series 2015 Bonds were subject to redemption at the option of the District prior to their maturity. The Series 2015 Bonds were also subject to extraordinary mandatory redemption prior to their selected maturity in the manner determined by the Bond Registrar if certain events occurred as outlined in the Bond Indenture.

The Bond Indenture established a debt service reserve requirement as well as other restrictions, requirements and the procedures to be followed by the District on assessments to property owners. The District agrees to levy special assessments in annual amounts adequate to provide payment of debt service and to meet the reserve requirements. The District was in compliance with the requirements at September 30, 2025.

Capital Improvement Revenue Refunding Bonds - Series 2022

In April 2022, the District issued Series 2022 Bonds comprised of Series 2022A-1 Bonds of $1,336,000 due on May 1, 2036 with a fixed interest rate of 2.59% and Series 2022A-2 Bonds of $2,348,000 due on May 1, 2038 with a fixed interest rate of 2.63%. The Series 2022 Bonds were issued to redeem all the outstanding Series 2012A-1 and Series 2012A-2, respectively. Interest is to be paid semiannually on each May 1 and November 1. Principal on the Bonds is to be paid serially commencing May 1, 2022 through May 1, 2036 and May 1, 2038 for both the Series 2012A-1 and 2012A-2 Bonds, respectively.

The Series 2022 Bonds were subject to redemption at the option of the District prior to their maturity. The Series 2022 Bonds were also subject to extraordinary mandatory redemption prior to their selected maturity in the manner determined by the Bond Registrar if certain events occurred as outlined in the Bond Indenture.

The Bond Indenture established certain restrictions, requirements and the procedures to be followed by the District on assessments to property owners. The District agrees to levy special assessments in annual amounts adequate to provide payment of debt service. The District was in compliance with the requirements at September 30, 2025.

Long-term Debt Activity

Changes in long-term liability activity for the fiscal year ended September 30, 2025 were as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Governmental activities					
Bonds payable:					
Series 2014A	$ 715,000	$ -	$ 45,000	$ 670,000	$ 45,000
Series 2015	1,400,000	-	115,000	1,285,000	120,000
Series 2022A-1	1,137,000	-	82,000	1,055,000	84,000
Series 2022A-2	2,051,000	-	123,000	1,928,000	126,000
Total	$ 5,303,000	$ -	$ 365,000	$ 4,938,000	$ 375,000

NOTE 6 – LONG-TERM LIABILITIES (Continued)

Long-term Debt Activity (Continued)

At September 30, 2025, the scheduled debt service requirements on the long-term debt were as follows:

Year ending, September 30:	Governmental Activities		
	Principal	Interest	Total
2026	$ 375,000	$ 179,926	$ 554,926
2027	390,000	166,254	556,254
2028	406,000	151,884	557,884
2029	422,000	136,789	558,789
2030	438,000	120,971	558,971
2031-2035	2,293,000	339,208	2,632,208
2036-2038	614,000	29,623	643,623
Total	$ 4,938,000	$ 1,124,655	$ 6,062,655

NOTE 7 – ASSESSMENTS

The Developer owns a portion of the land within the District; therefore, assessment revenues in the general and debt service funds include the assessments levied on those lots owned by the Developer.

NOTE 8 – MANAGEMENT COMPANY

The District has contracted with a management company to perform management services, which include financial and accounting services. Certain employees of the management company also serve as officers (Board appointed non-voting positions) of the District. Under the agreement, the District compensates the management company for management, accounting, financial reporting, and other administrative costs.

NOTE 9 – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District has obtained commercial insurance from independent third parties to mitigate the costs of these risks; coverage may not extend to all situations. There was one settled claim during the past three years that did not exceed the coverage amount.

MEADOW POINTE IV COMMUNITY DEVELOPMENT DISTRICT
PASCO COUNTY, FLORIDA
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

The District is required to establish a budgetary system and an approved Annual Budget for the general fund. The District's budgeting process is based on estimates of cash receipts and cash expenditures which are approved by the Board. The budget approximates a basis consistent with accounting principles generally accepted in the United States of America (generally accepted accounting principles).

The legal level of budgetary control, the level at which expenditures may not exceed budget, is in the aggregate. Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board of Supervisors. Actual general fund expenditures did not exceed appropriations for the fiscal year ended September 30, 2025.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Supervisors
Meadow Pointe IV Community Development District
Pasco County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Meadow Pointe IV Community Development District, Pasco County, Florida ("District") as of and for the fiscal year ended September 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our opinion thereon dated March 18, 2026.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH THE REQUIREMENTS OF SECTION 218.415, FLORIDA STATUTES, REQUIRED BY RULE 10.556(10) OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA

To the Board of Supervisors
Meadow Pointe IV Community Development District
Pasco County, Florida

We have examined Meadow Pointe IV Community Development District, Pasco County, Florida's ("District") compliance with the requirements of Section 218.415, Florida Statutes, in accordance with Rule 10.556(10) of the Auditor General of the State of Florida during the fiscal year ended September 30, 2025. Management is responsible for the District's compliance with those requirements. Our responsibility is to express an opinion on the District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the District complied, in all material respects, with the specified requirements referenced in Section 218.415, Florida Statutes. An examination involves performing procedures to obtain evidence about whether the District complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the District's compliance with specified requirements.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the examination engagement.

In our opinion, the District complied, in all material respects, with the aforementioned requirements for the fiscal year ended September 30, 2025.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, management, and the Board of Supervisors of Meadow Pointe IV Community Development District, Pasco County, Florida and is not intended to be and should not be used by anyone other than these specified parties.

MANAGEMENT LETTER PURSUANT TO THE RULES OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA

To the Board of Supervisors
Meadow Pointe IV Community Development District
Pasco County, Florida

Report on the Financial Statements

We have audited the accompanying basic financial statements of Meadow Pointe IV Community Development District, Pasco County, Florida ("District") as of and for the fiscal year ended September 30, 2025 and have issued our report thereon dated March 18, 2026.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards;* and Independent Auditor's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated March 18, 2026, should be considered in conjunction with this management letter.

Purpose of this Letter

The purpose of this letter is to comment on those matters required by Chapter 10.550 of the Rules of the Auditor General of the State of Florida. Accordingly, in connection with our audit of the financial statements of the District, as described in the first paragraph, we report the following:

I. **Current year findings and recommendations.**
II. **Status of prior year findings and recommendations.**
III. **Compliance with the Provisions of the Auditor General of the State of Florida.**

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, as applicable, management, and the Board of Supervisors of Meadow Pointe IV Community Development District, Pasco County, Florida and is not intended to be and should not be used by anyone other than these specified parties.

We wish to thank Meadow Pointe IV Community Development District, Pasco County, Florida and the personnel associated with it, for the opportunity to be of service to them in this endeavor as well as future engagements, and the courtesies extended to us.

Grau & Associates

March 18, 2026

REPORT TO MANAGEMENT

I. CURRENT YEAR FINDINGS AND RECOMMENDATIONS

None

II. PRIOR YEAR FINDINGS AND RECOMMENDATIONS

None

III. COMPLIANCE WITH THE PROVISIONS OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA

Unless otherwise required to be reported in the auditor's report on compliance and internal controls, the management letter shall include, but not be limited to the following:

1. A statement as to whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report.

   There were no significant findings and recommendations made in the preceding annual financial audit report for the fiscal year ended September 30, 2024.

2. Any recommendations to improve the local governmental entity's financial management.

   There were no such matters discovered by, or that came to the attention of, the auditor, to be reported for the fiscal year ended September 30, 2025.

3. Noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance.

   There were no such matters discovered by, or that came to the attention of, the auditor, to be reported, for the fiscal year ended September 30, 2025.

4. The name or official title and legal authority of the District are disclosed in the notes to the financial statements.

5. The District has not met one or more of the financial emergency conditions described in Section 218.503(1), Florida Statutes.

6. We applied financial condition assessment procedures and no deteriorating financial conditions were noted as of September 30, 2025. It is management's responsibility to monitor financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

7. Management has provided the specific information required by Section 218.39(3)(c) in the Other Information section of the financial statements on page 24.

FLORIDA PUBLIC SERVICE COMMISSION

COMMISSION CONFERENCE AGENDA

CONFERENCE DATE AND TIME: Tuesday, May 5, 2026, 9:30 a.m.

LOCATION: Betty Easley Conference Center, Joseph P. Cresse Hearing Room 148

DATE ISSUED: April 23, 2026

NOTICE

Persons affected by Commission action on certain items on this agenda may be allowed to address the Commission, either informally or by oral argument, when those items are taken up for discussion at this conference. These items are designated by double asterisks (**) next to the item number.

To participate informally, affected persons need only appear at the conference and request the opportunity to address the Commission on an item listed on the agenda. Informal participation is not permitted: (1) on dispositive motions and motions for reconsideration; (2) when a recommended order is taken up by the Commission; (3) in a rulemaking proceeding after the record has been closed; or (4) when the Commission considers a post-hearing recommendation on the merits of a case after the close of the record. The Commission allows informal participation at its discretion in certain types of cases (such as declaratory statements and interim rate orders) in which an order is issued based on a given set of facts without hearing. See Florida Administrative Code Rules 25-22.0021 (agenda conference participation) and 25-22.0022 (oral argument).

Conference agendas, staff recommendations, vote sheets, and transcripts are available online at https://www.floridapsc.com, by selecting *Conferences & Meeting Agendas* and *Commission Conferences of the FPSC*. An official vote of "move staff" denotes that the Item's recommendations were approved.

In accordance with the Americans with Disabilities Act, persons needing a special accommodation to participate at this proceeding should contact the Office of Commission Clerk no later than five days prior to the conference at 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850 or 850-413-6770 (Florida Relay Service, 1-800-955-8770 Voice or 1-800-955-8771 TDD). Assistive Listening Devices are available upon request from the Office of Commission Clerk, Gerald L. Gunter Building, Room 152.

The Commission Conference has a live video broadcast the day of the conference, which is available from the FPSC website. Upon completion of the conference, the archived video will be available from the website by selecting *Conferences & Meeting Agendas*, then *Audio and Video Event Coverage*.

EMERGENCY CANCELLATION OF CONFERENCE: If a named storm or other disaster requires cancellation of the Conference, Commission staff will attempt to give timely notice. Notice of cancellation will be provided on the Commission's website (https://www.floridapsc.com) under the Hot Topics link on the home page. Cancellation can also be confirmed by calling the Office of Commission Clerk at 850-413-6770.

If you have any questions, contact the Office of Commission Clerk at 850-413-6770 or Clerk@psc.state.fl.us.

11 **Docket No. 20260050-EI** – Petition for approval of revised underground residential distribution tariff, by Tampa Electric Company. 13

12 **Docket No. 20260051-EI** – Petition for approval of revisions to underground residential differential, underground commercial differential, and contribution-in-aid-of-construction tariffs, by Florida Power & Light Company. 14

ITEM NO.	CASE
1**PAA	**Docket No. 20260014-EI** – Complaint by Juan Merchan and Gonzalo Lever against Tampa Electric Company.

Critical Date(s): None

Commissioners Assigned: All Commissioners
Prehearing Officer: Payne

Staff: CAO: Plescow
ENG: Brown
GCL: Dose

Issue 1: What is the appropriate resolution of the Petitioners' complaint?
Recommendation: Staff recommends that the Petitioners' formal complaint be denied. It does not appear that TECO violated its Commission-approved tariff or any statutes, rules, or orders of the Commission in its relocation of guy wires within its right of way.
Issue 2: Should this docket be closed?
Recommendation: If no person whose substantial interests are affected by the proposed agency action files a protest within 21 days of the issuance of the order, this docket should be closed upon the issuance of a consummating order.

ITEM NO.	CASE

2** **Docket No. 20260001-EI** – Fuel and purchased power cost recovery clause with generating performance incentive factor.

Critical Date(s): None

Commissioners Assigned: All Commissioners
Prehearing Officer: Clark

Staff: AFD: Higgins, G. Kelley, Zaslow
ECO: Hampson
GCL: M. Thompson

Issue 1: Should the Commission approve DEF's request to refund $90,515,614 of over-recovered storm costs through the fuel cost recovery clause?
Recommendation: Yes. The Commission should approve DEF's request to refund $90,515,614 of over-recovered storm costs through reductions to its fuel cost recovery factors applicable for June 2026 through September 2026. The Commission should also approve DEF's request to true-up any remaining storm cost recovery balance through the fuel clause when those amounts become final.
Issue 2: If approved by the Commission, what is the appropriate effective date for DEF's revised fuel cost recovery factors?
Recommendation: The fuel cost recovery factors, as shown on Appendix A, should become effective with the first billing cycle of June 2026 and continue through the last billing cycle of September 2026.
Issue 3: Should this docket be closed?
Recommendation: No. The 20260001-EI docket is an on-going proceeding and should remain open.

ITEM NO.	CASE

3**PAA

Docket No. 20260024-GU – Petition for approval of change in rate used to capitalize allowance for funds used during construction (AFUDC) from 7.08% to 7.18%, effective January 1, 2026, by Peoples Gas System, Inc.

Critical Date(s): None

Commissioners Assigned: All Commissioners
Prehearing Officer: Administrative

Staff: AFD: D'Sa, Souchik
GCL: Brownless

Issue 1: Should the Commission approve PGS's request to change its AFUDC rate from 7.08 percent to 7.18 percent?
Recommendation: Yes. The appropriate AFUDC rate for PGS is 7.18 percent based on a 13-month average capital structure for the period ended December 31, 2025.
Issue 2: What is the appropriate monthly compounding rate to achieve PGS's requested annual AFUDC of 7.18 percent?
Recommendation: The appropriate compounding rate to achieve an annual AFUDC rate of 7.18 percent is 0.005795 percent.
Issue 3: Should the Commission approve PGS's requested effective date of January 1, 2026, for implementing the AFUDC rate?
Recommendation: Yes. The AFUDC rate should be effective January 1, 2026, for all purposes.
Issue 4: Should this docket be closed?
Recommendation: If no person whose substantial interests are affected by the proposed agency action files a protest within 21 days of the issuance of the order, this docket should be closed upon the issuance of a consummating order.

ITEM NO.	CASE
4**PAA	**Docket No. 20260048-EQ** – Petition for approval of amended standard offer contract (Schedule COG-2), by Duke Energy Florida, LLC.

Critical Date(s): None

Commissioners Assigned: All Commissioners
Prehearing Officer: Administrative

Staff: ENG: Willis, Ellis
GCL: Sparks

Issue 1: Should the Commission approve the renewable energy tariff and amended standard offer contract filed by Duke Energy Florida, LLC?
Recommendation: Yes. The provisions of DEF's renewable energy tariff and amended standard offer contract meet the requirements of Rules 25-17.200 through 25-17.310, F.A.C. The amended standard offer contract offers multiple payment options so that a developer of renewable generation may select the payment stream best suited to its financial needs.
Issue 2: Should this docket be closed?
Recommendation: Yes. This docket should be closed upon issuance of a Consummating Order, unless a person whose substantial interests are affected by the Commission's decision files a protest within 21 days of the issuance of the Commission's Proposed Agency Action Order. Potential signatories should be aware that, if a timely protest is filed, DEF's standard offer contract may subsequently be revised.

ITEM NO.	CASE
5**PAA	**Docket No. 20260049-EQ** – Petition for approval of revisions to standard offer contract and rate schedule COG-2, by Tampa Electric Company.

Critical Date(s): None

Commissioners Assigned: All Commissioners
Prehearing Officer: Administrative

Staff: ENG: Willis, Ellis
GCL: Hixon, Marquez

Issue 1: Should the Commission approve the amended standard offer contract and associated rate schedule COG-2 filed by Tampa Electric Company?
Recommendation: Yes. The provisions of TECO's amended standard offer contract and associated rate schedule COG-2 meet the requirements of Rules 25-17.200 through 25-17.310, F.A.C. The amended standard offer contract offers multiple payment options so that a developer of renewable generation may select the payment stream best suited to its financial needs.
Issue 2: Should this docket be closed?
Recommendation: Yes. This docket should be closed upon issuance of a Consummating Order, unless a person whose substantial interests are affected by the Commission's decision files a protest within 21 days of the issuance of the Commission's Proposed Agency Action Order. Potential signatories should be aware that, if a timely protest is filed, TECO's standard offer contract may subsequently be revised.

ITEM NO.	CASE
6**PAA	**Docket No. 20260052-EQ** – Petition for approval of renewable energy tariff and standard offer contract, by Florida Power & Light Company.

Critical Date(s): None

Commissioners Assigned: All Commissioners
Prehearing Officer: Administrative

Staff: ENG: Willis, Ellis
GCL: Imig

Issue 1: Should the Commission approve the renewable energy tariff and amended standard offer contract filed by Florida Power & Light Company?
Recommendation: Yes. The provisions of FPL's renewable energy tariff and amended standard offer contract meet the requirements of Rules 25-17.200 through 25-17.310, F.A.C. The amended standard offer contract offers multiple payment options so that a developer of renewable generation may select the payment stream best suited to its financial needs.
Issue 2: Should this docket be closed?
Recommendation: Yes. This docket should be closed upon issuance of a consummating order, unless a person whose substantial interests are affected by the Commission's decision files a protest within 21 days of the issuance of the Commission's Proposed Agency Action Order. Potential signatories should be aware that, if a timely protest is filed, FPL's standard offer contract may subsequently be revised.

ITEM NO.	CASE

7**PAA **Docket No. 20240123-WU** – Application for grandfather certificate to operate water utility in Columbia County by Suwannee Valley Utilities, LLC.

Critical Date(s): None

Commissioners Assigned: All Commissioners
Prehearing Officer: Payne

Staff: ENG: Sanchez, Ellis, King, Ramos
AFD: Bardin, McClelland
ECO: Sibley
GCL: Dose

(Proposed Agency Action for Issues 3-5)
Issue 1: Should Suwannee Valley Utilities, LLC's application for a grandfather water certificate in Columbia County be acknowledged?
Recommendation: Yes. Suwannee Valley's application should be acknowledged and the Utility should be granted Certificate 696-W, effective May 16, 2024, to serve the territory described in Attachment A of staff's memorandum dated April 23, 2026. The resultant order should serve as Suwannee Valley's certificate and should be retained by the Utility.
Issue 2: What rates, charges, and deposits should be approved for Suwannee Valley Utilities, LLC?
Recommendation: Of the Utility's rates and charges that were in effect when the County transferred jurisdiction to the Commission, only the rates and charges shown on Schedule No. 1 of staff's memorandum dated April 23, 2026, are appropriate and should be approved. The rates and charges should be effective for services rendered or connections made on or after the stamped approval date on the tariff sheets. Suwannee Valley should be required to charge the approved rates and charges until authorized to change them by the Commission in a subsequent proceeding.
Issue 3: What are the appropriate miscellaneous service charges for Suwannee Valley Utilities, LLC?
Recommendation: The appropriate miscellaneous service charges shown on Table 3-4 of staff's memorandum dated April 23, 2026, should be approved. The Utility should be required to file a proposed customer notice to reflect the Commission-approved charges. The approved charges should be effective for service rendered or connections made on or after the stamped approval date on the tariff sheet pursuant to Rule 25-30.475(2), F.A.C. In addition, the tariff sheets should be approved upon staff's verification that the tariffs are consistent with the Commission's decision and that the proposed customer notice is adequate.

ITEM NO.	CASE

7**PAA **Docket No. 20240123-WU** – Application for grandfather certificate to operate water utility in Columbia County by Suwannee Valley Utilities, LLC.

(Continued from previous page)

Issue 4: What is the appropriate meter installation charge for Suwannee Valley Utilities, LLC?

Recommendation: The appropriate meter installation charge is $219 and should be approved. The Utility should file a tariff sheet and a proposed customer notice. The Utility should provide notice to potential customers who have requested service within 12 calendar months prior to the month the application was filed and up until this Order becomes final. The approved charge should be effective for connections made on or after the stamped approval date on the tariff sheet. The Utility should provide proof of the date notice was given within 10 days of the date of notice.

Issue 5: What are the appropriate initial customer deposits for Suwannee Valley Utilities, LLC?

Recommendation: The appropriate initial customer deposit amount should be $85 for the residential 5/8 inch x 3/4 inch meter sizes. The initial customer deposits for all other residential meter sizes and all general service meter sizes should be two times the average estimated bill. The approved initial customer deposits should be effective for services rendered or connections made on or after the stamped approval date on the tariff sheets pursuant to Rule 25-30.475, F.A.C. The Utility should be required to collect the approved deposits until authorized to change them by the Commission in a subsequent proceeding.

Issue 6: Should this docket be closed?

Recommendation: If no person whose substantial interests are affected by the proposed agency action portion of this recommendation files a protest within 21 days of the issuance of this order, a consummating order should be issued. The docket should remain open for staff's verification that the revised tariff sheets have been filed by the Utility and approved by staff, and notice has been provided to customers. Once these actions are complete, this docket should be closed administratively if no timely protest has been filed.

ITEM NO. **CASE**

8**PAA **Docket No. 20250144-WU** – Application for transfer of majority organizational control of Wildwood Water Company, holder of Certificate No. 648-W in St. Johns County.

Critical Date(s): None

Commissioners Assigned: All Commissioners
Prehearing Officer: Clark

Staff: ENG: Davis, Ellis
AFD: Gatlin, Holloway
ECO: Rashawn
GCL: Dose

(Proposed Agency Action for Issue 3)
Issue 1: Should Wildwood Water Company be required to show cause why it should not be fined for an apparent violation of Section 367.071(1), F.S., and Rule 25-30.037(1)(a), F.A.C., for failing to obtain Commission approval prior to the transfer of majority organizational control, and failing to submit an application to the Commission for authority to transfer no later than 90 days after the transfer of majority organizational control?
Recommendation: No. Staff recommends that the Utility's apparent violation of Section 367.071(1), F.S., and Rule 25-30.037(1)(a), F.A.C., does not rise to the level which warrants the initiation of a show cause proceeding. However, Wildwood should be placed on notice that show cause proceedings may be initiated if further violations of Commission laws or rules regarding the transfer of certificates are identified.
Issue 2: Should the application for transfer of majority organizational control of Wildwood Water Company in St. Johns County be approved?
Recommendation: Yes. The transfer of majority organizational control from Gerald E. Mills and Diane N. Mills to G. Gregory Mills is in the public interest and should be approved effective the date of the Commission vote. The resultant order should serve as the water and wastewater certificates, with the territories described in Attachment A of staff's memorandum dated April 23, 2026, for the Utility. The Utility's existing rates and charges should remain in effect until a change is authorized by the Commission in a subsequent proceeding. For the Utility, the tariff pages reflecting the transfer should be effective on or after the stamped approval date on the tariff sheets pursuant to Rule 25-30.475(1), F.A.C.

ITEM NO.	CASE
8**PAA	**Docket No. 20250144-WU** – Application for transfer of majority organizational control of Wildwood Water Company, holder of Certificate No. 648-W in St. Johns County.

(Continued from previous page)

Issue 3: What are the appropriate revisions to miscellaneous service charges for Wildwood Water Company?

Recommendation: The appropriate revisions to miscellaneous service charges for Wildwood Water Company should be the removal of initial connection and normal reconnection charges and update the definition of the premises visit charge to be consistent with Rule 25-30.460, F.A.C. The Utility should be required to file a proposed customer notice to reflect the Commission-approved charges. The approved charges should be effective on or after the stamped approval date on the tariff sheet pursuant to Rule 25-30.475(1), F.A.C. In addition, the approved charges should not be implemented until staff has approved the proposed customer notice and the notice has been received by customers. The Utility should provide proof of the date notice was given, no less than 10 days after the date of the notice. Wildwood should be required to charge the approved miscellaneous services charges until authorized to change them by the Commission in a subsequent proceeding.

Issue 4: Should this docket be closed?

Recommendation: If no person whose substantial interests are affected by the proposed agency action portion of this recommendation files a protest within 21 days of the issuance of this order, a consummating order should be issued.

ITEM NO.	CASE
9**PAA	**Docket No. 20260013-EU** – Joint petition for approval of territorial agreement in Hillsborough, Pasco, Pinellas, and Polk Counties, by Tampa Electric Company and Duke Energy Florida, LLC.

Critical Date(s): None

Commissioners Assigned: All Commissioners
Prehearing Officer: Payne

Staff: ECO: Prewett, Barrett, Clark
GCL: Thompson

Issue 1: Should the Commission approve the 2026 Territorial Agreement between DEF and TECO in Hillsborough, Pasco, Pinellas, and Polk Counties, dated January 7, 2026?
Recommendation: Yes, the Commission should approve the 2026 Territorial Agreement between DEF and TECO in Hillsborough, Pasco, Pinellas, and Polk Counties, as consistent with the Standards for Approval set forth in Rule 25-6.0440(2), F.A.C. The 2026 Territorial Agreement, if approved, amends the respective boundary lines between the Utilities, thereby eliminating extra-territorial connections. The agreement would also facilitate the joint petitioners' efforts to avoid uneconomic duplication of service facilities, wasteful expenditures, and hazardous conditions. Also, the terms of the agreement require the Utilities to seek Commission approval of any temporary service, including inadvertent service, expected to last more than one year. The Utilities are also encouraged to communicate with Commission staff in a timely fashion when inadvertent service is discovered.
Issue 2: Should this docket be closed?
Recommendation: If no protest is filed by a person whose substantial interests are affected within 21 days of the issuance of the Order, this docket should be closed upon the issuance of a Consummating Order.

ITEM NO.	CASE
10	**Docket No. 20260046-EI** – Petition for approval of revised underground residential distribution tariffs, by Duke Energy Florida, LLC.

Critical Date(s): 05/31/26 (60-Day Suspension Date)

Commissioners Assigned: All Commissioners
Prehearing Officer: Administrative

Staff: ECO: Nguyen, Hampson
GCL: Brownless

(Tariff Suspension - Participation is at the discretion of the Commission)
Issue 1: Should DEF's proposed underground differential tariffs be suspended?
Recommendation: Yes. Staff recommends that the proposed tariffs be suspended to allow staff sufficient time to review the petition and gather all pertinent information in order to present the Commission with an informed recommendation on the tariff proposals.
Issue 2: Should this docket be closed?
Recommendation: This docket should remain open pending the Commission's decision on the proposed tariffs.

ITEM NO.	CASE
11	**Docket No. 20260050-EI** – Petition for approval of revised underground residential distribution tariff, by Tampa Electric Company.

Critical Date(s): 06/01/26 (60-Day Suspension Date)

Commissioners Assigned: All Commissioners
Prehearing Officer: Administrative

Staff: ECO: P. Kelley
GCL: Farooqi

(Tariff Suspension - Participation is at the discretion of the Commission)
Issue 1: Should TECO's proposed underground residential distribution tariffs be suspended?
Recommendation: Yes. The proposed tariffs should be suspended to allow staff sufficient time to review the petition and gather all pertinent information in order to present the Commission with an informed recommendation on the tariff proposals.
Issue 2: Should this docket be closed?
Recommendation: This docket should remain open pending the Commission's decision on the proposed tariffs.

ITEM NO.	CASE
12	**Docket No. 20260051-EI** – Petition for approval of revisions to underground residential differential, underground commercial differential, and contribution-in-aid-of-construction tariffs, by Florida Power & Light Company.

Critical Date(s): 06/01/26 (60-Day Suspension Date)

Commissioners Assigned: All Commissioners
Prehearing Officer: Administrative

Staff: ECO: Ward, Hampson
GCL: M. Thompson

(Tariff Suspension - Participation is at the discretion of the Commission)
Issue 1: Should FPL's proposed underground differential tariffs and CIAC tariffs be suspended?
Recommendation: Yes. The proposed tariffs should be suspended to allow staff sufficient time to review the petition and gather all pertinent information in order to present the Commission with an informed recommendation on the tariff proposals.
Issue 2: Should this docket be closed?
Recommendation: This docket should remain open pending the Commission's decision on the proposed tariffs.

AGENDA: 05/05/26 – Regular Agenda – Proposed Agency Action – Interested Persons May Participate

COMMISSIONERS ASSIGNED: All Commissioners

PREHEARING OFFICER: Payne

CRITICAL DATES: None

SPECIAL INSTRUCTIONS: None

Case Background

On January 7, 2026, Duke Energy Florida, LLC (DEF) and Tampa Electric Company (TECO) (collectively the joint petitioners or Utilities), filed a petition seeking Commission approval of a territorial agreement in Hillsborough, Pasco, Pinellas, and Polk Counties (2026 Territorial Agreement) with a twenty-year term.[1] The 2026 Territorial Agreement provides details on the boundary line changes and includes maps depicting the new territorial boundaries, written descriptions, and addresses of proposed customer transfers that are attached hereto as Attachment A.

[1] Document No. 00096-2026, filed January 7, 2026, in Docket No. 20260013-EU, *In re: Joint petition for approval of Territorial Agreement [in Hillsborough, Pasco, Pinellas, and Polk Counties]*.

Since 1991, DEF and TECO have been parties to an agreement for Hillsborough, Pasco, Pinellas, and Polk Counties, which expired in 2021 (1991 Agreement).[2] Since the expiration of that agreement, the joint petitioners have been working on the 2026 Territorial Agreement, which is intended to replace the expired agreement in the above-referenced counties.[3] Although the 1991 Agreement expired, the Utilities have continued to meet their obligations under that agreement while negotiations for the 2026 Territorial Agreement were underway.

The 2026 Territorial Agreement, in part, is intended by the joint petitioners to reflect sound engineering and operational decisions regarding proposed changes in the territorial boundary while also facilitating the orderly transfer of certain inadvertently served customers. Also certain boundary line changes are proposed to allow extra-territorial customers to remain with the electric utility to which they are currently connected.[4]

During the review process, staff issued two data requests to the joint petitioners, for which responses were received on February 17, 2026 and April 2, 2026. Staff also held an informal teleconference with the Utilities on March 13, 2026. The 2026 Territorial Agreement, if approved as filed, would establish revised territorial boundaries for a twenty year period in the affected counties and would eliminate current extra-territorial connections.

The Commission has jurisdiction over this matter pursuant to Section 366.04, Florida Statutes (F.S.).

[2] Order No. 24593, issued May 29, 1991, in Docket No. 910085-EU, *In re: Joint petition for approval of Territorial Agreement between Tampa Electric Company and Florida Power Corporation.*
[3] Document No. 01120-2026, joint petitioners' Response to Staff's First Data Request, No. 5.
[4] Document No. 01993-2026, joint petitioners' Response to Staff's Second Data Request, Nos. 4 and 5.

Discussion of Issues

Issue 1: Should the Commission approve the 2026 Territorial Agreement between DEF and TECO in Hillsborough, Pasco, Pinellas, and Polk Counties, dated January 7, 2026?

Recommendation: Yes, the Commission should approve the 2026 Territorial Agreement between DEF and TECO in Hillsborough, Pasco, Pinellas, and Polk Counties, as consistent with the Standards for Approval set forth in Rule 25-6.0440(2), F.A.C. The 2026 Territorial Agreement, if approved, amends the respective boundary lines between the Utilities, thereby eliminating extra-territorial connections. The agreement would also facilitate the joint petitioners' efforts to avoid uneconomic duplication of service facilities, wasteful expenditures, and hazardous conditions. Also, the terms of the agreement require the Utilities to seek Commission approval of any temporary service, including inadvertent service, expected to last more than one year. The Utilities are also encouraged to communicate with Commission staff in a timely fashion when inadvertent service is discovered. (Prewett)

Staff Analysis: Pursuant to Section 366.04(2)(d), F.S., and Rule 25-6.0440(2), (F.A.C.), the Commission has jurisdiction to approve territorial agreements between and among rural electric cooperatives, municipal electric utilities, and investor-owned electric utilities. Unless the Commission determines that the agreement will cause a detriment to the public interest, the 2026 Territorial Agreement should be approved.[5]

Rule 25-6.0440(2), F.A.C., addresses the standards the Commission should consider for approving territorial agreements for electric utilities. The rule states:

> (2) Standards for Approval. In approving territorial agreements, the Commission may consider:
> (a) The reasonableness of the purchase price of any facilities being transferred;
> (b) The reasonable likelihood that the agreement, in and of itself, will not cause a decrease in the reliability of electrical service to the existing or future ratepayers of any utility party to the agreement;
> (c) The reasonable likelihood that the agreement will eliminate existing or potential uneconomic duplication of facilities; and
> (d) Any other factor the Commission finds relevant in reaching a determination that the territorial agreement is in the public interest.

Proposed 2026 Territorial Agreement

DEF and TECO executed the 2026 Territorial Agreement addressing common boundaries over a four-county area on January 7, 2026, to replace and supersede the existing territorial agreement from 1991. The joint petitioners assert that the 2026 Territorial Agreement will accomplish three main objectives:

(1) Reduce or eliminate dangerous and uneconomic conditions;

[5] *Utilities Commission of the City of New Smyrna Beach v. Florida Public Service Commission*, 469 So. 2d 731 (Fla. 1985).

(2) Transfer certain customers over a future 12 months to correct (reverse) inadvertent service connection errors that have taken place; and

(3) Make minor boundary changes to allow for sound engineering and operational decisions and to eliminate extra-territorial connections.

Collectively, these objectives are expected to aid the Utilities in eliminating circumstances that give rise to the uneconomic duplication of service facilities and hazardous conditions, such as overlapping wires and facilities that could endanger utility linemen and the public at large.[6]

The 2026 Territorial Agreement includes 72 maps depicting the new territorial boundaries, written descriptions of the territorial areas, and comprehensive terms and conditions the joint petitioners negotiated. Among the terms the joint petitioners agreed on were terms addressing the provision of new and temporary service, methods and obligations each utility will follow for correcting inadvertent service errors, and procedures for the transfer of customers and facilities. The 2026 Territorial Agreement also includes the joint petitioners' negotiated terms regarding the method of compensation for transferred facilities, and identifies the service addresses for the extra-territorial customers that are to be transferred. The joint petitioners' filing also includes a sample copy of the notification letters provided to customers that are subject to transfer.

Pursuant to Section 6.1, the 2026 Territorial Agreement, if approved, would remain in effect for 20 years from the date the Commission issues its order approving the agreement in its entirety and the order is no longer subject to judicial review. Upon the expiration of the initial 20-year term, the agreement would remain in effect in perpetuity unless either party provides written notice of termination at least 12 months prior to the termination of the agreement in accordance with Section 8.3.

Proposed Boundary Changes

The joint petitioners negotiated and are proposing boundary line changes, in part, as a corrective measure to address inadvertent service connections each party identified in their respective territories. While collaborating over the last several years, the joint petitioners discovered some of the inadvertent connections while analyzing the territorial service boundaries related to the instant pleading.[7]

Some proposed boundary line changes address approximately 340 extra-territorial customer connections (80 extra-territorial DEF customers in TECO's territory and 259 extra-territorial TECO customers in DEF's territory) that are not subject to transfer due to specific technical reasons or the uneconomic cost of switching utility facilities. Instead, the Utilities have agreed to modify their service territory boundaries to eliminate these extra-territorial connections.[8]

[6] Document No. 01120-2026, joint petitioners' Response to Staff's First Data Request, No. 6.
[7] Document No. 01120-2026, joint petitioners' Response to Staff's First Data Request, No. 5.
[8] Document No. 01993-2026, joint petitioners' Response to Staff's Second Data Request, Nos. 4 and 5.

The joint petitioners assert that the proposed boundary line changes are primarily needed to avoid duplication of services and wasteful expenditures, as well as to best protect the public health and safety from hazardous conditions.[9]

While negotiating the 2026 Territorial Agreement, both DEF and TECO exchanged geographic information systems (GIS) files to update their respective mapping resources. Should the agreement be approved, the joint petitioners claim having agreed-upon maps will allow for better planning of distribution and transmission capital investments.[10]

The joint petitioners assert that corrective measures and improved processes should significantly reduce inadvertent service connections going forward. Both Utilities state that modern digital mapping more clearly defines service territories, and that shared advanced GIS platforms provide greater precision for identifying boundaries and agreeing on proposed borders.[11] Both Utilities report expanded GIS team staffing. In addition, both Utilities perform verification reviews of boundary lines in the field upon service initiation, and DEF now also conducts off-cycle verification reviews roughly every five years.[12] Despite these improvements, the joint petitioners acknowledge connection errors may still occur. Section 2.5 of the proposed 2026 Territorial Agreement requires correction within 12 months of discovery.[13] In the interim, affected customers are treated as temporary service customers, and if temporary service is expected to exceed one year, the parties must jointly seek Commission approval.[14]

Proposed Customer Transfers, Notifications, and Bills

Exhibit B of the 2026 Territorial Agreement identifies the service addresses of the two active DEF customer accounts that are proposed to be transferred to TECO.[15] Both customers are neighboring parcels in a residential subdivision. The proposed customer transfers under the 2026 Territorial Agreement are a result of negotiations between the Utilities, with the intent of avoiding duplication of services and wasteful expenditures, as well as to best protect the public health and safety from potentially hazardous conditions.[16]

The Utilities have no plans to transfer facilities. The joint petitioners state that, upon Commission approval of the 2026 Territorial Agreement, customer transfers will be coordinated over a 12-month period.[17] The joint petitioners state that they will not conduct any customer transfers until the Commission approves the joint petition.

Rule 25-6.0440(2)(d), F.A.C., also gives the Commission the discretion to address any other relevant concerns that are case-specific. Based on the comparative bill information provided to customers by letter in November 2025, the average residential DEF bill for 1,000 kWh was

[9] Document No. 00096-2026, joint petition for approval of territorial agreement, paragraph 4.
[10] Document No. 01120-2026, joint petitioners' Response to Staff's First Data Request, No. 3.A. and No. 5.
[11] Document No. 01120-2026, joint petitioners' Response to Staff's First Data Request, No. 3.A. and Document No. 01993-2026, joint petitioners' Response to Staff's Second Data Request, No. 3.C.
[12] Document No. 01993-2026, joint petitioners' Response to Staff's Second Data Request, No. 3.C.
[13] 2026 Territorial Agreement, Article II – Retail Electric Service, Section 2.5.
[14] 2026 Territorial Agreement, Article II – Retail Electric Service, Section 2.3.
[15] 2026 Territorial Agreement, Exhibit B.
[16] Document No. 01120-2026, joint petitioners' Response to Staff's First Data Request, No. 6.
[17] 2026 Territorial Agreement, Article III – Transfer of Customers and Facilities, Section 3.1.

$179.29 and the average residential TECO bill for 1,000 kWh was $168.01, a difference of $11.28, or about 6 percent.

The joint petitioners assert they followed the guidelines of Rule 25-6.0440(1)(d), F.A.C., which required them to provide notification to the affected customers. This notification was provided in letters dated November 10, 2025.[18] Regarding feedback from those letters, the joint petitioners stated they have received no customer comments expressing dissatisfaction related to the proposed transfers. The joint petitioners also assert that prior to the actual transfer, the affected customers will receive a second notification of the transfer. The joint petitioners also state that no additional charges will be imposed on the customers who will be transferred, assuming Commission approval.

Staff Review

In its review, staff analyzed the 2026 Territorial Agreement for compliance with each component of Rule 25-6.0440(2), F.A.C. Staff notes that no purchase price, construction cost estimates, or detailed engineering drawings were presented to staff for review, as the joint petitioners stated that no facilities are intended to be purchased or transferred.[19]

Staff also evaluated the agreement according to Rule 25-6.0440(2)(b), F.A.C., which addresses electrical system reliability for existing or future customers. The joint petitioners contend that the reliability of service to existing or future DEF or TECO customers would not be decreased as a result of the proposed agreement.[20] Additionally, both Utilities confirmed that the 2026 Territorial Agreement would help them gain further operational efficiencies and customer service improvements in their respective retail service areas.

Under the 2026 Territorial Agreement, the joint petitioners have proposed to minimize existing or potential uneconomic duplication of facilities, as referenced in Rule 25-6.0440(2)(c), F.A.C., and have provided a brief justification to support each boundary line change.[21] The Utilities have also provided brief justifications to support aligning the boundary lines to eliminate all known extra-territorial customers instead of transferring them.[22] In accordance with Rule 25-6.0440(2)(c), F.A.C., staff believes the minimizing of potential uneconomic duplication of facilities represents a strong argument favoring approval of the 2026 Territorial Agreement.

Staff is concerned with the extent of extra-territorial customer connections reported by the Utilities (80 extra-territorial DEF customers in TECO's territory and 259 extra-territorial TECO customers in DEF's territory), with some extra-territorial customers being located a significant distance from the boundary line.[23] For example, the entirety of a Polk County walled subdivision served by TECO is located inside DEF's service area at a distance of approximately 0.4 miles from the nearest DEF/TECO territorial border. The 2026 Territorial Agreement, however,

[18] Document No. 01120-2026, joint petitioners' Response to Staff's First Data Request, No. 1.A.
[19] Document No. 01120-2026, joint petitioners' Response to Staff's First Data Request, No. 2.
[20] Document No. 01120-2026, joint petitioners' Response to Staff's First Data Request, No. 6.
[21] Document No. 01120-2026, joint petitioners' Response to Staff's First Data Request, No. 3.C.
[22] Document No. 01993-2026, joint petitioners' Response to Staff's Second Data Request, No. 3 and 5.
[23] Document No. 01120-2026, joint petitioners' Response to Staff's First Data Request, No. 3.B., Exhibit A, Attachment 10, Map Page 52.

addresses these concerns by setting forth the specific obligations both Utilities are bound to regarding service provisioning and adherence to the Commission-established boundary lines.[24]

While Article II of the 2026 Territorial Agreement includes specific terms for provisioning of new and temporary services, staff notes that Article II also addresses remedies the joint petitioners should follow for correcting temporary service and inadvertent service connections. Specifically, temporary service expected to last more than one year, including inadvertent service connections, must be jointly submitted to the Commission for approval by the Utilities (Sections 2.3 and 2.5). Staff believes the joint parties, aided with their respective boundary verification protocols for establishing/auditing service connections, should follow such protocols in order to assure compliance with this stated term of the 2026 Territorial Agreement. Doing so will assure that the Utilities are abiding by the Commission-established boundary lines to the greatest extent possible, and should also serve to limit the Utilities' need to seek Commission approval for inadvertent connections beyond a year.

Staff believes DEF and TECO satisfied the notification requirements of Rule 25-6.0440(1)(d), F.A.C., for customers affected by the proposed service and rate changes. At the time the November 10, 2025 notification letters were issued, the projected bill decrease for DEF customers to be transferred to TECO did not appear significant. However, Staff recognizes that future rate differences cannot be known with certainty and that actual rates at the time of transfer may differ from those presented in the notification letters.[25]

Conclusion

Staff believes the Commission should approve the 2026 Territorial Agreement between DEF and TECO in Hillsborough, Pasco, Pinellas, and Polk Counties, as consistent with the Standards for Approval set forth in Rule 25-6.0440(2), F.A.C. The 2026 Territorial Agreement, if approved, amends the respective boundary lines between the Utilities and authorizes customer transfers for two residential customers. Additionally, the terms of the agreement, if approved, would allow the joint petitioners to avoid uneconomic duplication of service facilities, wasteful expenditures, and hazardous conditions. Also, the terms of the agreement require the Utilities to seek Commission approval of any temporary service, including inadvertent service, expected to last more than one year. Staff believes the need for the Utilities to seek such approval should be limited as a result of recently deployed boundary line verification protocols for new service connections, increased boundary monitoring personnel, and improved mapping tools and technologies. The Utilities are also encouraged to communicate with Commission staff in a timely fashion when inadvertent service is discovered.

[24] 2026 Territorial Agreement, Article II – Retail Electric Service.

[25] Although staff is cognizant of the rate impact on the customers, the Commission has consistently adhered to the principle set forth in *Storey v. Mayo*, 217 So. 2d 304, 307-308 (Fla. 1968), and reaffirmed in *Lee County Electric Cooperative v. Marks*, 501 So. 2d 585 (Fla. 1987), that no person has a right to compel service from a particular utility simply because he believes it to be to his advantage.

Issue 2: Should this docket be closed?

Recommendation: If no protest is filed by a person whose substantial interests are affected within 21 days of the issuance of the Order, this docket should be closed upon the issuance of a Consummating Order. (Thompson)

Staff Analysis: If no protest is filed by a person whose substantial interests are affected within 21 days of the issuance of the Order, this docket should be closed upon the issuance of a Consummating Order.

ATTACHMENT 1

TERRITORIAL AGREEMENT

TAMPA ELECTRIC COMPANY

AND

DUKE ENERGY FLORIDA, LLC

HILLSBOROUGH, PASCO,

PINELLAS AND POLK COUNTIES

TERRITORIAL AGREEMENT

Section 0.1: This Territorial Agreement ("Agreement"), made and entered into this __6__ day of ____January_____ , 2026, by and between Duke Energy Florida, LLC d/b/a Duke Energy ("DEF") and Tampa Electric Company ("Tampa Electric"), each of which are corporations organized and existing under the laws of the State of Florida and electric utilities as defined in, and whose retail service territories are subject to regulation pursuant to, Chapter 366, Florida Statutes, and which corporations are herein collectively, the "Parties" and individually, a "Party," enter into this Agreement;

WITNESSETH:

Section 0.2: WHEREAS, each of the Parties is authorized, empowered and obligated by its corporate charters and the laws of the State of Florida to furnish retail electric service to Persons desiring to use such service within their respective areas of service; and

Section 0.3: WHEREAS, each of the Parties is authorized by Chapter 366, Florida Statutes, to furnish retail electric service to customers in areas of Hillsborough, Pasco, Pinellas, and Polk counties, Florida; and

Section 0.4: WHEREAS, the Parties previously entered into a Territorial Agreement delineating their respective service territories in Hillsborough, Pasco, Pinellas, and Polk counties which was approved by the Florida Public Service Commission (the "Commission") in Docket No. 910085-EI, issued May 29, 1991 in Order 24593, (the "Expired Agreement"). The Expired Agreement had a fifteen (15) year term through May 29, 2006, with an automatic renewal period of fifteen (15) years; and

Section 0.5: WHEREAS, the Parties desire to enter into a new Agreement to better serve their interests and the interests of their customers in realizing the planning, operational, and

customer service benefits provided to their respective electric systems by a properly constructed, approved, and supervised territorial agreement; and

Section 0.6: WHEREAS, the respective retail service areas of the Parties are contiguous, with the result that, absent the establishment of a territorial agreement defining the Party's respective service territories, duplication of service facilities would be likely to occur which may result in needless and wasteful expenditures and may create hazardous situations, both detrimental to the public interest; and

Section 0.7: WHEREAS, the Commission is empowered by the Florida legislature, pursuant to Section 366.04(2)(d), Florida Statutes, to approve and enforce territorial agreements between utilities, and the Commission, as a matter of long-standing regulatory policy, has encouraged retail territorial agreements between electric utilities subject to its jurisdiction based on its findings that such agreements, when properly established and administered by the Parties and actively supervised by the Commission, serve the public interest.

NOW, THEREFORE, in consideration of the mutual covenants and agreements herein contained, which shall be construed as being interdependent, the Parties hereby agree as follows:

ARTICLE I

DEFINITIONS

Section 1.1: Territorial Boundary Line(s). As used herein, the term "Territorial Boundary Line(s)" shall mean the boundary lines which circumscribe the geographic areas as depicted on the maps attached hereto as Exhibit A which delineate and differentiate the Parties' respective Territorial Areas in Hillsborough, Pasco, Pinellas, and Polk counties, Florida. The

portions of the counties which are not subject to this agreement are marked on the maps as "Not Part of this Agreement." Additionally, as required pursuant to Rule 25-6.0440(1)(a), Florida Administrative Code, a written description of the territorial areas served is attached as Exhibit C. If there are any discrepancies between Exhibit A and Exhibit C, then the territorial boundary maps in Exhibit A shall prevail.

Section 1.2: Tampa Electric Territorial Area. As used herein, the term "Tampa Electric Territorial Area" shall mean the geographic areas in Hillsborough, Pasco, Pinellas, and Polk counties, Florida, allocated to Tampa Electric as its retail service territory and labeled as "Tampa Electric Company" on the maps contained in Exhibit A.

Section 1.3: DEF Territorial Area. As used herein, the term "DEF Territorial Area" shall mean the geographic area in Hillsborough, Pasco, Pinellas, and Polk counties, Florida, allocated to DEF as its retail service territory and labeled as "Duke Energy Florida" on the maps contained in Exhibit A.

Section 1.4: Point of Use. As used herein, the term "Point of Use" shall mean the location within the Territorial Area of a Party where a customer's end-use facilities consume electricity, wherein such Party shall be entitled to provide retail electric service under this Agreement, irrespective of where the customer's point of delivery or metering is located.

Section 1.5: Person. As used herein, the term "Person" shall have the same inclusive meaning given to it in Section 1.01(3), Florida Statutes.

Section 1.6: New Customer. As used herein, the term "New Customer" shall mean a Person applying for retail electric service to either Party after the Effective Date of this Agreement at a Point of Use in the Territorial Area of either Party.

Section 1.7: Existing Customer. As used herein, the term "Existing Customer" shall mean

any Person receiving retail electric service from either Party as of the Effective Date of this Agreement.

Section 1.8: Extra-Territorial Customers. As used herein, the term "Extra-Territorial Customers" shall mean those customers served by either Party on the Effective Date of the Agreement who are located within the Territorial Area of the other Party established by such Agreement.

Section 1.9: Temporary Service Customers. As used herein, the term "Temporary Service Customers" shall mean customers who are being served under the temporary service provisions provided in Section 2.3 of this Agreement.

Section 1.10: Commission. As used herein, the term "Commission" shall mean the Florida Public Service Commission.

Section 1.11: Effective Date. As used herein, the term "Effective Date" shall mean the date on which the final Order of the Commission granting approval of this Agreement in its entirety is no longer subject to judicial review.

ARTICLE II

RETAIL ELECTRIC SERVICE

Section 2.1: Territorial Allocations. Except as otherwise specifically provided herein, during the terms of this Agreement, Tampa Electric shall have the exclusive authority to furnish retail electric service within the Tampa Electric Territorial Area, and DEF shall have the exclusive authority to furnish retail electric service in the DEF Territorial Area. The Territorial Boundary Line shall not be altered or affected by any change that may occur in the corporate limits of any municipality or county through annexation or otherwise unless such change is agreed to in writing by the Parties and approved by the Commission.

Section 2.2: Service to New Customers. DEF and Tampa Electric agree that neither Party will attempt to serve or knowingly serve any New Customer located in the territorial area of the other Party, except as specifically provided in Section 2.3 below.

Section 2.3: Temporary Service. The Parties recognize that in exceptional circumstances, economic constraints or good engineering practices may indicate that a New Customer's Point of Use either cannot or should not be immediately served by the Party in whose Territorial Area such Point of Use is located. In such instances, upon written request by the Party in whose Territorial Area the New Customer's Point of Use is located, the other Party may, in its sole discretion, agree in writing to temporarily provide service to such New Customer. Prior to the commencement of temporary service, the Party providing such service shall inform the New Customer of the temporary nature of its service and that the other Party will ultimately serve the New Customer. Such temporary service shall be discontinued upon written notice from the requesting Party of its intent and ability to provide service, and the Parties shall coordinate to minimize any inconvenience to the customer. In conjunction with such discontinuance, the Party providing temporary service hereunder shall be compensated by the requesting Party in accordance with Section 3.4 for its distribution facilities used exclusively to provide such service, which the requesting Party may elect to acquire. The requesting Party shall not be entitled to compensation for any loss of revenues for the period during which such temporary service is provided. Any temporary service expected to last for more than one year shall be jointly submitted by the Parties to the Commission for approval.

Section 2.4: Referral of Service Request. In the event that a prospective New Customer requests or applies for service from either Party to be provided to a Point of Use located in the Territorial Area of the other Party, the Party receiving the request or application shall advise the

prospective New Customer that such service is not permitted under this Agreement and shall refer the prospective New Customer to the other Party. Further, in those instances where the Territorial Boundary Line traverses the property of an individual New Customer or prospective New Customer, the Parties will determine the location of the New Customer's Point of Use, and the Party in whose service area the Point of Use is located will provide service to the New Customer.

Section 2.5: Correction of Inadvertent Service Errors. If any situation is discovered during the term of this Agreement in which either Party is inadvertently providing retail electric service to a customer's Point of Use located within the Territorial Area of the other Party, service to such customer by the other Party will be established at the earliest practical time, but in any event within twelve (12) months of the date the inadvertent service error was discovered. Until service by the other Party can be reasonably established, the inadvertent service will be deemed to be temporary service provided and governed in accordance with Section 2.3 above.

ARTICLE III

TRANSFER OF CUSTOMERS AND FACILITIES

Section 3.1: In General. It is the intent of the Parties that all customers of either Party shall be served by the Party in whose Territorial Area they are located at the earliest practicable time. Accordingly, the Parties intend to complete all transfers of the Extra-Territorial Customers within twelve (12) months of the Effective Date of the Agreement and will notify the Commission in writing if circumstances require additional time.

In accordance with Rule 25-6.0440(1)(d), Florida Administrative Code, the Parties sent the affected customers written notification of this Agreement and the transfer provisions described above. Sample copies of the letters providing such notification are attached as Exhibit D.

In the event that circumstances arise during the term of this Agreement in which the Parties agree that, based on sound economic considerations or good engineering practices, an area located in the Territorial Area of one Party would be better served if reallocated to the service territory of the other Party, the Parties shall jointly petition the Commission for approval of a modification of the Territorial Boundary line that places the area in question (the "Reallocated Area") within the Territorial Area of the other Party and transfer of the customers located in the Reallocated Area to the other Party.

Section 3.2: Transfer of Extra-Territorial Customers. The Extra-Territorial Customers currently served by DEF and subject to transfer to Tampa Electric pursuant to this Agreement are listed by the service address and/or other identifying factor in Exhibit B, attached hereto.

Section 3.3: Transfer of Related Service Facilities. In conjunction with the transfer of the Extra-Territorial Customers pursuant to Sections 3.1 and 3.2 above, the receiving Party may elect to purchase the electric distribution facilities of the transferring Party used exclusively for providing electric service to the transferred customers for an amount to be determined in accordance with Section 3.4 below.

Section 3.4: Compensation for Transferred Facilities. The receiving Party shall compensate the transferring Party for the electric distribution facilities used exclusively for providing electric service to the transferred customers in an amount based upon the replacement cost (new), less depreciation calculated on a straight-line basis over the life of the asset (facility) as determined from the transferring Party's books and records. The replacement cost shall be determined by applying a cost calculator such as the Handy Whitman index or a common engineering cost estimation methodology to the original cost, as long as both Parties apply the same estimation method.

Section 3.5: Transfer Closings. The Parties shall mutually agree on a closing date for each transfer allowing sufficient time for the Parties to identify the customers and facilities to be transferred; to determine the compensation for transferred customers and facilities; and to prepare the appropriate closing statements, assignments, and other instruments to transfer and convey the transferring Party's interest in the electric distribution facilities to the receiving Party pursuant to Section 3.3 above. At the closing, the receiving Party shall pay the transferring Party the compensation due, and the transferring Party shall execute and deliver to the receiving Party the assignments and other instruments referred to above.

ARTICLE IV

OPERATION AND MAINTENANCE

Section 4.1: Facilities to Remain. Other than as expressly provided for herein, any generating plant, transmission line, substation, distribution line, or related equipment now or herein constructed after or used by either Party in conjunction with its electric utility system, which is directly or indirectly used and useful in service to its customers by either of the Parties in its Territorial Area, shall be allowed to remain where situated and shall not be subject to removal or transfer to the other Party hereunder; provided, however, that each Party shall operate and maintain all such plants, lines, substations or facilities in such a manner as to minimize any interference with the operations of the other Party.

ARTICLE V

Section 5.1: Commission Approval. The provisions and the Parties' performance of this Agreement are subject to the regulatory authority of the Commission, and appropriate approval by the Commission of the provisions of this Agreement shall be an absolute condition precedent to the validity, enforceability, and applicability hereof. This Agreement shall have no effect whatsoever until Commission approval has been obtained, and the "Effective Date" of this Agreement will be the date on which the final Order of the Commission granting approval of this Agreement in its entirety is no longer subject to judicial review. Any proposed modification to this Agreement, shall be jointly submitted to the Commission for consideration and approval prior to becoming effective. In addition, the Parties agree to jointly petition the Commission to resolve any dispute concerning the provisions of this Agreement or the Parties performance hereunder.

Section 5.2: Liability in the Event of Disapproval. In the event approval of this Agreement pursuant to Section 5.1, hereof is not obtained, neither Party will have any cause of action against the other arising under this Agreement.

Section 5.3: Supersedes Prior Agreements. Upon the Effective Date, this Agreement shall be deemed to specifically supersede any and all prior agreements between the Parties regarding their respective retail service areas in Hillsborough, Pasco, Pinellas and Polk counties, Florida.

ARTICLE VI

DURATION

Section 6.1: Term. This Agreement shall continue and remain in effect for a period of twenty (20) years from the Effective Date. After expiration of the twenty (20) year term provided herein, this Agreement shall remain in effect thereinafter unless either Party provides written notice of Termination at least (twelve) 12 months prior to the termination of the agreement as contemplated by Section 8.3.

ARTICLE VII

CONSTRUCTION OF AGREEMENT

Section 7.1: Other Electric Utilities. Nothing in this Agreement shall restrict or affect in any manner the right of either Party to establish its retail service area with respect to any other electric utility. The Parties understand that Tampa Electric or DEF may, from time to time and subject to Commission approval, enter into territorial agreements with other electric utilities that have adjacent or overlapping service areas and that, in such event, nothing herein shall be construed to prevent Tampa Electric or DEF from designating any portion of its Territorial Area under this Agreement as the service area of such other electric utility.

Section 7.2: Bulk Power for Resale. Nothing herein shall be construed to prevent either Party from providing a bulk power supply for resale purposes, as defined in the Final Judgement dated August 19, 1971, in *United States of America v. Florida Power Corporation and Tampa Electric Company,* Case No. 68-297-Civ-T, regardless of where the purchaser for resale may be located. Further, no other section or provision of this Agreement shall be construed as applying to a bulk power supply for resale purposes.

Section 7.3: Intent and Interpretation. It is hereby declared to be the purpose and intent of the Parties that this Agreement shall be interpreted and construed, among other things, to further this State's policy of actively regulating and supervising the service territories of electric utilities; supervising the planning, development, and maintenance of a coordinated electric power grid throughout Florida; avoiding uneconomic duplication of generation, transmission, and distribution facilities; and encouraging the installation and maintenance of facilities necessary to fulfill the Parties' respective obligations to serve.

ARTICLE VIII

MISCELLANEOUS

Section 8.1: Negotiations. Regardless of any other terms or conditions that may have been discussed during the negotiations leading up to the execution of this Agreement, the only terms and conditions agreed upon by the Parties are those set forth herein, and no alteration, modification, enlargement, or supplement to this Agreement shall be binding upon either of the Parties hereto unless the same shall be in writing, attached hereto, signed by both of the Parties and approved by the Commission in accordance with Section 5.1 hereof.

Section 8.2: Successors and Assigns. This Agreement shall be binding upon the Parties hereto and their respective successors and assigns. Nothing in this Agreement, expressed or implied, is intended or shall be construed, to confer upon or give to any Person other than the Parties hereto or their respective successors or assigns, any right, remedy, or claim under or by reason of this Agreement, or any provision or conditions hereof; and all of the provisions, representations, covenants and conditions herein contained shall inure to the sole benefit of the Parties and their respective successors, and assigns.

Section 8.3: Notices. Notices and other written communications contemplated by this Agreement shall be deemed to have been given if sent by certified mail, postage prepaid, by prepaid private courier, or by confirmed facsimile transmittal, as follows:

TAMPA ELECTRIC COMPANY

Penelope Rusk
Vice President Regulatory Affairs
Tampa Electric Company
P.O. Box 111
Tampa, Florida 33607

DUKE ENERGY FLORIDA

Melissa Seixas
State President

EXHIBIT B

Map Page	County	Quarter	Township/Range	Section(s)	Description/Notes
1	Pasco	NW	T25S, R21E	4, 5, 6, 7, 8, 9, 16, 17, 18	The entire section is served by TECO. No areas are served by DEF.
2	Pasco	NE	T25S, R21E	1, 2, 3, 10, 11, 12, 13, 14, 15	The entire section is served by TECO. No areas are served by DEF.
3	Pasco	SW	T25S, R21E	19	This section is Not Part of this Agreement.
3	Pasco	SW	T25S, R21E	20, 21	The entire section is served by TECO. No areas are served by DEF.
3	Pasco	SW	T25S, R21E	28	The entire section is served by DEF. No areas are served by TECO.
3	Pasco	SW	T25S, R21E	29	The entire section is served by DEF except for the three parcels in the northeastern quarter of the section that are served by TECO.
3	Pasco	SW	T25S, R21E	30, 31	DEF serves the entire section that is Part of this Agreement. No areas are served by TECO.
3	Pasco	SW	T25S, R21E	32, 33	The entire section is served by DEF. No areas are served by TECO.
4	Pasco	SE	T25S, R21E	22	The entire section is served by TECO. No areas are served by DEF.
4	Pasco	SE	T25S, R21E	23	TECO serves the northern half of the section except for the area adjacent to the northeastern section line that is Not Part of This Agreement. TECO also serves four parcels in the southern half of the section. DEF serves the southern half of the section including the Scotland Yard Gold Club except for the four parcels that are served by TECO.
4	Pasco	SE	T25S, R21E	24, 25	DEF serves the entire section that is Part of this Agreement. No areas are served by TECO.
4	Pasco	SE	T25S, R21E	26, 27, 34, 35	The entire section is served by DEF. No areas are served by TECO.
4	Pasco	SE	T25S, R21E	36	DEF serves the entire section that is Part of this Agreement. No areas are served by TECO.
5	Pasco	NW	T26S, R21E	4, 5	The entire section is served by DEF. No areas are served by TECO.
5	Pasco	NW	T26S, R21E	6, 7	DEF serves the entire section that is Part of this Agreement. No areas are served by TECO.
5	Pasco	NW	T26S, R21E	8, 9	The entire section is served by DEF. No areas are served by TECO.

* If there are any discrepancies between Exhibit A and Exhibit B, then the territorial boundary maps in Exhibit A shall prevail.

Written Description of the Territorial Boundary Lines* - TECO & DEF

EXHIBIT B

5	Pasco	NW	T26S, R21E	16, 17	DEF serves the entire section that is Part of this Agreement. No areas are served by TECO.
5	Pasco	NW	T26S, R21E	18	This section is Not Part of this Agreement.
6	Pasco	NE	T26S, R21E	1, 2, 3, 10, 11, 12, 13, 14, 15	The entire section is served by DEF. No areas are served by TECO.
7	Pasco	SW	T26S, R17E	19, 20, 21, 28, 29, 30, 31, 23, 33	The entire section is served by DEF. No areas are served by TECO.
8	Pasco	SE	T26S, R17E	22, 23, 24, 25, 26, 27	The entire section is served by DEF. No areas are served by TECO.
8	Pasco	SE	T26S, R17E	34	The entire section is served by TECO. No areas are served by DEF.
8	Pasco	SE	T26S, R17E	35	The entire section is served by TECO except for the subdivision on Man O' War Drive that is served by DEF.
8	Pasco	SE	T26S, R17E	36	DEF serves the northern half of the section. DEF also serves the parcels adjacent to Wind Whisper Road, Lake Polo Road, Dunns Pond Court and Jam Lane in the southern half of the northern half of the section. TECO serves the southern half of the section except for the areas that are served by DEF.
9	Pasco	SW	T26S, R18E	19, 20, 21, 28, 29, 30, 31, 32, 33	The entire section is served by DEF. No areas are served by TECO.

In re: Petition for approval of revised underground residential distribution tariffs, by Duke Energy Florida, LLC.	DOCKET NO. 20260046-EI ORDER NO. PSC-2026-0154-PCO-EI ISSUED: May 18, 2026

The following Commissioners participated in the disposition of this matter:

GARY F. CLARK
MIKE LA ROSA
BOBBY PAYNE
ANA ORTEGA

ORDER SUSPENDING UNDERGROUND RESIDENTIAL DISTRIBUTION TARIFFS

BY THE COMMISSION:

Background

On March 31, 2026, Duke Energy Florida, LLC (DEF) filed a petition for approval of revisions to its underground residential differential tariffs (URD) and associated charges. These tariffs represent the estimated additional cost, if any, DEF incurs to provide underground service in place of overhead service in new residential subdivisions. The petition was filed pursuant to Rule 25-6.078(3), Florida Administrative Code (F.A.C.), which states, in part: "If the cost differential as calculated in Form PSC 1031 (08/20) varies from the Commission-approved differential by plus or minus 10 percent or more, the utility shall file a written policy and supporting data and analyses as prescribed in subsections (1), (4) and (5) of this rule on or before April 1 of the following year." DEF has filed the instant petition which includes updated URD tariff sheets to be consistent with the ten percent plus or minus filing requirement.

In its petition, DEF is proposing revised URD charges reflecting changes in cost differentials between overhead and underground services. For example, in Exhibit D of the petition, DEF states that revisions are proposed for the per foot charges for the feeder differential where DEF is installing the conduit and for the per lot charge for high-density subdivisions where DEF is supplying and installing the underground conduit. Also, in Exhibit D of the petition, DEF states that material and labor costs have increased for both overhead and underground, though the overhead material and labor costs have escalated at a higher percentage than underground costs resulting in lower differential costs.

This order addresses suspension of the proposed tariffs. We have jurisdiction over this matter pursuant to Sections 366.03, 366.04, 366.05, and 366.06, Florida Statutes (F.S.).

Decision

Pursuant to Section 366.06(3), F.S., we may withhold consent to the operation of all or any portion of a new rate schedule, delivering to the utility requesting such a change a reason or written statement of good cause for doing so within 60 days. Upon review of DEF's petition and attached exhibits, we find that the proposed tariffs shall be suspended to allow sufficient time for Commission staff to further review the petition and gather all pertinent information to present us with an informed recommendation on the tariff proposals. We find that this constitutes good cause to suspend the proposed tariffs consistent with the requirements of Section 366.06(3), F.S.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that Duke Energy Florida, LLC's proposed revised underground residential distribution tariff sheets shall be suspended in accordance with Section 366.06(3), F.S. It is further

ORDERED that this docket shall remain open pending our decision on the proposed tariffs.

By ORDER of the Florida Public Service Commission this 18th day of May, 2026.

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility. A motion for reconsideration shall be filed with the Office of Commission Clerk, in the form prescribed by Rule 25-22.0376, Florida Administrative Code. Judicial review of a preliminary, procedural or intermediate ruling or order is available if review of the final action will not provide an adequate remedy. Such review may be requested from the appropriate court, as described above, pursuant to Rule 9.100, Florida Rules of Appellate Procedure.

ORDER SUSPENDING TARIFFS

BY THE COMMISSION:

Background

On April 1, 2026, Tampa Electric Company (TECO) filed a petition for approval of revisions to its underground residential distribution (URD) tariffs and associated charges. These tariffs represent the additional costs, if any, TECO incurs to provide underground service in place of overhead service in new residential subdivisions. The petition was filed pursuant to Rule 25-6.078(3), Florida Administrative Code (F.A.C.), which states, in part: "If the cost differential as calculated in Form PSC 1031 (08/20) varies from the Commission-approved differential by plus or minus 10 percent or more, the utility shall file a written policy and supporting data and analyses as prescribed in subsections (1), (4) and (5) of this rule on or before April 1 of the following year."

The ten-percent threshold outlined by the rule has not been met or exceeded since TECO's last URD tariff filing, which was ruled upon in Order No. PSC-2023-0211-TRF-EI.[1] Because it has been three years since TECO last updated its URD tariff, TECO filed updated URD tariff sheets in the subject docket. TECO proposes that the URD surcharge remain at $0.00 per lot, as discussed in paragraphs 9 and 14 of the petition. TECO also proposes modifications to several other charges and non-refundable deposits for underground service, as shown in Exhibit B to the petition.

The 60-day statutory deadline for us to suspend the TECO's charges is June 1, 2026. At our May 5, 2026 Agenda Conference, we voted to suspend TECO's tariffs. This Order addresses

[1] Order No. PSC-2023-0211-TRF-EI, issued July 25, 2023, in Docket No. 20230042-EI, *In re: Petition for approval of revised underground residential distribution tariff, by Tampa Electric Company.*

the suspension of the Utility's requested charges. We have jurisdiction over this matter pursuant to Sections 366.03, 366.04, 366.05, and 366.06, Florida Statutes (F.S.).

Decision

We find that TECO's proposed tariffs shall be suspended to allow our staff sufficient time to review the Utility's petition and gather all pertinent information in order to present us with an informed recommendation.

Pursuant to Section 366.06(3), F.S., we may withhold consent to the operation of any or all portions of new rate schedules, by a vote to that effect within 60 days, giving a reason or statement of good cause for withholding that consent. If we do not withhold consent, the proposed tariff may go into effect after 60 days. We find the reasons stated above are good cause consistent with the requirements of Section 366.06(3), F.S.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that Tampa Electric Company's proposed tariffs are hereby suspended. It is further

ORDERED that this docket shall remain open pending our decision on Tampa Electric Company's proposed tariffs.

By ORDER of the Florida Public Service Commission this 19th day of May, 2026.

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility. A motion for reconsideration shall be filed with the Office of Commission Clerk, in the form prescribed by Rule 25-22.0376, Florida Administrative Code. Judicial review of a preliminary, procedural or intermediate ruling or order is available if review of the final action will not provide an adequate remedy. Such review may be requested from the appropriate court, as described above, pursuant to Rule 9.100, Florida Rules of Appellate Procedure.

RE: The Verandahs Community Development District

To Whom It May Concern:

Pursuant to Section 11.45, Florida Statutes, and Section 189.418, Florida Statutes, an independent special district in one county must file its Annual Financial Audit Report with the Office of the Auditor General and the Clerk of the County governing within 45 days of audit completion and within 9 months of fiscal year end. One copy of the report must be submitted to the Clerk of the Board of County Commissioners.

Accordingly, enclosed is one copy of the Annual Financial Audit Report for the Fiscal Year Ended September 30, 2025 for the above referenced district. Please call me at (813) 933-5571 with any questions.

Sincerely,

Scott Brizendine

REPORT OF INDEPENDENT AUDITORS

To the Board of Supervisors
The Verandahs Community Development District
Pasco County, Florida

Report on Audit of the Financial Statements

Opinion

We have audited the financial statements of the governmental activities and each major fund of The Verandahs Community Development District (the "District"), as of and for the year ended September 30, 2025, and the related notes to financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of September 30, 2025, and the respective changes in financial position and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS), and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards)*. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

To the Board of Supervisors
The Verandahs Community Development District

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for one year beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore, is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts, and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis be presented to supplement the basic financial statements.

To the Board of Supervisors
The Verandahs Community Development District

Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the *Governmental Accounting Standards Board* who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Management is responsible for the other information included in the financial report. The other information comprises the information for compliance with Florida Statutes 218.39(3)(c) but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report dated March 11, 2026 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations and contracts and grant agreements and other matters.

The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

The Verandahs Community Development District
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Year Ended September 30, 2025

Management's discussion and analysis of The Verandahs Community Development District's (the "District") financial performance provides an objective and easily readable analysis of the District's financial activities. The analysis provides summary financial information for the District and should be read in conjunction with the District's financial statements.

OVERVIEW OF THE FINANCIAL STATEMENTS

The District's basic financial statements comprise three components; 1) *Government-wide financial statements,* 2) *Fund financial statements,* and 3) *Notes to financial statements.* The *Government-wide financial statements* present an overall picture of the District's financial position and results of operations. The *Fund financial statements* present financial information for the District's major funds. The *Notes to financial statements* provide additional information concerning the District's finances.

The *Government-wide financial statements* are the **statement of net position** and the **statement of activities**. These statements use accounting methods similar to those used by private-sector companies. Emphasis is placed on the net position of governmental activities and the change in net position. Governmental activities are primarily supported by special assessments.

The **statement of net position** presents information on all assets and liabilities of the District, with the difference between assets and liabilities reported as net position. Net position is reported in three categories: 1) net investment in capital assets, 2) restricted, and 3) unrestricted. Assets, liabilities, and net position are reported for all Governmental activities.

The **statement of activities** presents information on all revenues and expenses of the District and the change in net position. Expenses are reported by major function and program revenues relating to those functions are reported, providing the net cost of all functions provided by the District. To assist in understanding the District's operations, expenses have been reported as governmental activities. Governmental activities financed by the District include general government, physical environment, culture/recreation and debt service.

Fund financial statements present financial information for governmental funds. These statements provide financial information for the major funds of the District. Governmental fund financial statements provide information on the current assets and liabilities of the funds, changes in current financial resources (revenues and expenditures), and current available resources.

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Fund financial statements include a **balance sheet** and a **statement of revenues, expenditures and changes in fund balances** for all governmental funds. A **statement of revenues, expenditures, and changes in fund balances – budget and actual** is provided for the District's General Fund. *Fund financial statements* provide more detailed information about the District's activities. Individual funds are established by the District to track revenues that are restricted to certain uses or to comply with legal requirements.

The *government-wide financial statements* and the *fund financial statements* provide different pictures of the District. The *government-wide financial statements* provide an overall picture of the District's financial standing. These statements are comparable to private-sector companies and give a good understanding of the District's overall financial health and how the District paid for the various activities, or functions, provided by the District. All assets of the District, including capital assets, are reported in the **statement of net position**. All liabilities, including principal outstanding on bonds are included. The **statement of activities** includes depreciation on all long-lived assets of the District, but transactions between the different functions of the District have been eliminated in order to avoid "doubling up" the revenues and expenses. The *fund financial statements* provide a picture of the major funds of the District. In the case of governmental activities, outlays for long lived assets are reported as expenditures and long-term liabilities, such as capital improvement bonds, are not included in the fund financial statements. To provide a link from the *fund financial statements* to the *government-wide financial statements*, reconciliations are provided from the *fund financial statements* to the *government-wide financial statements.*

Notes to financial statements provide additional detail concerning the financial activities and financial balances of the District. Additional information about the accounting practices of the District, investments of the District, capital assets and long-term debt are some of the items included in the *notes to financial statements.*

Financial Highlights

The following are the highlights of financial activity for the year ended September 30, 2025.

- The District's total assets and deferred outflows of resources exceeded total liabilities by $2,488,774 (net position). Net investment in capital assets for the District was $1,727,890. Restricted net position was $58,579 and unrestricted net position was $702,305.

- Revenues from governmental activities totaled $925,128 and expenses from governmental activities totaled $655,446.

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Financial Analysis of the District

The following schedule provides a summary of the assets, liabilities and net position of the District and is presented by category for comparison purposes.

Net Position

	Governmental Activities	
	2025	2024
Current assets	$ 714,118	$ 623,390
Restricted assets	176,527	164,066
Capital assets	4,439,061	4,483,800
Total Assets	5,329,706	5,271,256
Deferred outflows of resources	6,641	7,269
Current liabilities	262,573	264,433
Non-current liabilities	2,585,000	2,795,000
Total Liabilities	2,847,573	3,059,433
Net Position		
Net investment in capital assets	1,727,890	1,568,257
Restricted	58,579	43,128
Unrestricted	702,305	607,707
Total Net Position	$ 2,488,774	$ 2,219,092

The increase in current assets and restricted assets is related to revenues exceeding expenditures at the fund level in the current year.

The decrease in capital assets is related to depreciation in the current year.

The decrease in non-current liabilities is related to the principal payments made in the current year.

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Financial Analysis of the District (Continued)

The following schedule provides a summary of the changes in net position of the District and is presented by category for comparison purposes.

Change In Net Position

	Governmental Activities	
	2025	2024
Program Revenues		
Charges for services	$ 901,900	$ 852,847
General Revenues		
Miscellaneous revenues	1,720	112
Investment income	21,508	17,734
Total Revenues	925,128	870,693
Expenses		
General government	113,755	95,412
Physical environment	374,206	351,514
Culture/recreation	64,847	63,157
Interest and other charges	102,638	109,860
Total Expenses	655,446	619,943
Change in Net Position	269,682	250,750
Net Position - Beginning of Year	2,219,092	1,968,342
Net Position - End of Year	$ 2,488,774	$ 2,219,092

The increase in charges for services is related to the increase in special assessments.

The increase in physical environment is related to the increase in landscape maintenance and replacement expenses in the current year.

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Capital Assets Activity

The following schedule provides a summary of the District's governmental activities capital assets as of September 30, 2025 and 2024:

Description	Governmental Activities 2025	2024
Land	$ 3,576,042	$ 3,576,042
Infrastructure	982,564	982,564
Buildings	398,851	398,851
Equipment	32,000	32,000
Less: accumulated depreciation	(550,396)	(505,657)
Governmental Activities Capital Assets	$ 4,439,061	$ 4,483,800

During the year, depreciation was $44,739.

General Fund Budgetary Highlights

The budgeted expenditures exceeded actual expenditures in the current year because capital outlay and reserve expenditures were less than anticipated.

The September 30, 2025 budget was not amended.

Debt Management

Governmental Activities debt includes the following:

- In August 2016, The District issued $4,430,000 Series 2016 Capital Improvement Revenue Refunding Bonds. The bonds were issued to refund the District's outstanding Capital Improvements Revenue Bonds, Series 2006A and to finance the acquisition and construction of certain improvements for the benefit of the District. The balance outstanding on the Series 2016 Bonds at September 30, 2025 was $2,795,000.

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Economic Factors and Next Year's Budget

The Verandahs Community Development District does not expect any economic factors to have any significant effect on the financial position or results of operations of the District in fiscal year 2026.

Request for Information

The financial report is designed to provide a general overview of The Verandahs Community Development District's finances for all those with an interest. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the The Verandahs Community Development District's Accounting Department at 3434 Colwell Avenue, Suite 200, Tampa, Florida 33614.

The Verandahs Community Development District
RECONCILIATION OF TOTAL GOVERNMENTAL FUND BALANCES
TO NET POSITION OF GOVERNMENTAL ACTIVITIES
September 30, 2025

Total Governmental Fund Balances	$ 878,832
Amounts reported for governmental activities in the Statement of Net Position are different because:	
Capital assets, land, $3,576,042, infrastructure, $982,564, buildings, $398,851, and equipment, $32,000, net of accumulated depreciation, $(550,396), used in governmental activities are not current financial resources, and therefore, are not reported at the fund level.	4,439,061
The deferred amount on refunding is recorded as other debt service costs at the fund level, however, at the government-wide level it is recognized as a deferred outflow of resources and amortized over the life of the bonds.	6,641
Long-term liabilities, bonds payable, are not due and payable in the current period, and therefore, are not reported at the fund level.	(2,795,000)
Accrued interest expense for long-term debt is not a current financial use, and therefore, is not reported at the fund level.	(40,760)
Net Position of Governmental Activities	$ 2,488,774

See accompanying notes to financial statements.

The Verandahs Community Development District
STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS
For the Year Ended September 30, 2025

	General	Debt Service	Total Governmental Funds
Revenues			
Special assessments	$ 588,849	$ 313,051	$ 901,900
Miscellaneous revenues	1,720	-	1,720
Investment income	12,098	9,410	21,508
Total Revenues	602,667	322,461	925,128
Expenditures			
Current			
General government	113,755	-	113,755
Physical environment	329,467	-	329,467
Culture/recreation	64,847	-	64,847
Debt service			
Principal	-	205,000	205,000
Interest	-	105,000	105,000
Total Expenditures	508,069	310,000	818,069
Net Change in Fund Balances	94,598	12,461	107,059
Fund Balances - Beginning of Year	607,707	164,066	771,773
Fund Balances - End of Year	$ 702,305	$ 176,527	$ 878,832

See accompanying notes to financial statements.

The Verandahs Community Development District
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
For the Year Ended September 30, 2025

Net Change in Fund Balances - Total Governmental Funds	$	107,059
Amounts reported for governmental activities in the Statement of Activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation. This is the amount of depreciation in the current period.		(44,739)
Repayments of long-term debt are expenditures at the fund level, but the repayment reduces long-term liabilities at the government-wide level.		205,000
Deferred amount on refunding is amortized over the life of the bonds as interest. This is the current period amortization.		(628)
At the government-wide level, interest is accrued on outstanding bonds; whereas at the fund level, interest expenditures are reported when due. This is the change in accrued interest in the current period.		2,990
Change in Net Position of Governmental Activities	$	269,682

See accompanying notes to financial statements.

The Verandahs Community Development District

Fund Balances - End of Year	$ -	$ -	$ 702,305	$ 702,305

See accompanying notes to financial statements.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District's more significant accounting policies are described below.

1. Reporting Entity

The District was established on July 25, 2006, pursuant to the Uniform Community Development District Act of 1980, Chapter 190, Florida Statutes, as amended (the "Act"), by Ordinance 06-20 of the Pasco County Board of County Commissioners as a Community Development District. The District was established for the purpose of financing and managing the acquisition, construction, maintenance and operation of the infrastructure necessary for community development within its jurisdiction. The District is authorized to issue bonds for the purpose, among others, of financing, funding, planning, establishing, acquiring, constructing district roads, landscaping, and other basic infrastructure projects within or outside the boundaries The Verandahs Community Development District. The District is governed by a five-member Board of Supervisors. The District operates within the criteria established by Chapter 190, Florida Statutes.

As required by GAAP, these financial statements present The Verandahs Community Development District (the primary government) as a stand-alone government. The reporting entity for the District includes all functions of government in which the District's Board exercises oversight responsibility including, but not limited to, financial interdependency, selection of governing authority, designation of management, significant ability to influence operations and accountability for fiscal matters.

Based upon the application of the above-mentioned criteria as set forth by the Governmental Accounting Standards Board, the District has identified no component units.

2. Measurement Focus and Basis of Accounting

The basic financial statements of the District are composed of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to financial statements

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. Measurement Focus and Basis of Accounting (Continued)

a. Government-wide Financial Statements

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Government-wide financial statements report all non-fiduciary information about the reporting government as a whole. These statements include all the governmental activities of the primary government. The effect of interfund activity has been removed from these statements.

Governmental activities are supported by special assessments and interest. Program revenues are netted with program expenses in the statement of activities to present the net cost of each program.

Amounts paid to acquire capital assets are capitalized as assets, rather than reported as an expenditure. Proceeds of long-term debt are recorded as liabilities in the government-wide financial statements, rather than as an other financing source.

Amounts paid to reduce long-term indebtedness of the reporting government are reported as a reduction of the related liability, rather than as an expenditure.

b. Fund Financial Statements

The underlying accounting system of the District is organized and operated on the basis of separate funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Fund financial statements for the primary government's governmental funds are presented after the government-wide financial statements. These statements display information about major funds individually.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. Measurement Focus and Basis of Accounting (Continued)

b. Fund Financial Statements (Continued)

Governmental Funds

The District classifies fund balance in accordance with Governmental Accounting Standards Board Statement 54 – Fund Balance Reporting and Governmental Fund Type Definitions. The Statement requires the fund balance for governmental funds to be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

The District has various policies governing the fund balance classifications.

Nonspendable Fund Balance – This classification consists of amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact.

Restricted Fund Balance – This classification includes amounts that can be spent only for specific purposes stipulated by constitution, external resource providers, or through enabling legislation.

Assigned Fund Balance – This classification consists of the Board of Supervisors' intent to be used for specific purposes but are neither restricted nor committed. The assigned fund balances can also be assigned by the District's management company.

Unassigned Fund Balance – This classification is the residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications. Unassigned fund balance is considered to be utilized first when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Fund Balance Spending Hierarchy – For all governmental funds except special revenue funds, when restricted, committed, assigned, and unassigned fund balances are combined in a fund, qualified expenditures are paid first from restricted or committed fund balance, as appropriate, then assigned and finally unassigned fund balances.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. Measurement Focus and Basis of Accounting (Continued)

b. Fund Financial Statements (Continued)

Governmental Funds (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are considered to be available when they are collected within the current period, or soon thereafter, to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. Interest associated with the current fiscal period is considered to be an accrual item and so has been recognized as revenue of the current fiscal period.

Under the current financial resources measurement focus, only current assets and current liabilities are generally included on the balance sheet. The reported fund balance is considered to be a measure of "available spendable resources".

Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

Because of their spending measurement focus, expenditure recognition for governmental fund types excludes amounts represented by non-current liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities.

Amounts expended to acquire capital assets are recorded as expenditures in the year that resources are expended, rather than as fund assets. The proceeds of long-term debt are recorded as an other financing source rather than as a fund liability.

Debt service expenditures are recorded only when payment is due.

3. Basis of Presentation

a. Governmental Major Funds

General Fund – The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3. Basis of Presentation (Continued)

a. Governmental Major Funds (Continued)

Debt Service Fund – The Debt Service Fund accounts for debt service requirements to retire the capital improvement bonds which were used to finance the construction of District infrastructure improvements.

b. Non-current Governmental Assets/Liabilities

GASB Statement 34 requires that non-current governmental assets, such as capital assets, and non-current governmental liabilities, such as capital improvement bonds, be reported in the governmental activities column in the government-wide Statement of Net Position.

4. Assets, Deferred Outflows of Resources, Liabilities, and Net Position or Equity

a. Cash and Investments

Florida Statutes require state and local governmental units to deposit monies with financial institutions classified as "Qualified Public Depositories," a multiple financial institution pool whereby groups of securities pledged by the various financial institutions provide common collateral from their deposits of public funds. This pool is provided as additional insurance to the federal depository insurance and allows for additional assessments against the member institutions, providing full insurance for public deposits.

The District is authorized to invest in those financial instruments as established by Section 218.415, Florida Statutes. The authorized investments consist of:

1. Direct obligations of the United States Treasury;

2. The Local Government Surplus Funds Trust or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperative Act of 1969;

3. Interest-bearing time deposits or savings accounts in authorized qualified public depositories;

4. Securities and Exchange Commission, registered money market funds with the highest credit quality rating from a nationally recognized rating agency.

Cash equivalents include time deposits and all highly liquid debt instruments with original maturities of three months or less and held in a qualified public depository as defined by Section 280.02, Florida Statutes.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4. Assets, Deferred Outflows of Resources, Liabilities, and Net Position or Equity (Continued)

b. Restricted Net Position

Certain net position of the District is classified as restricted on the statement of net position because their use is limited either by law through constitutional provisions or enabling legislation; or by restrictions imposed externally by creditors. In a fund with both restricted and unrestricted net position, qualified expenses are considered to be paid first from restricted net position and then from unrestricted net position.

c. Capital Assets

Capital assets, which include land, buildings, infrastructure, and equipment, are reported in the governmental activities' column.

The District defines capital assets as assets with an initial, individual cost of $5,000 or more and an estimated useful life in excess of two years. The valuation basis for all assets is historical cost.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Depreciation of capital assets is computed and recorded by utilizing the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows:

Infrastructure	40 years
Buildings	20 years
Equipment	5 years

d. Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the financial statement date and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4. Assets, Deferred Outflows of Resources, Liabilities, and Net Position or Equity (Continued)

e. Deferred Outflows of Resources

Deferred outflows of resources is the consumption of net position by the government that is applicable to a future reported period. Deferred amount on refunding is amortized and recognized as a component of interest expense over the life of the bond.

f. Budgets

Budgets are prepared and adopted after a public hearing for the governmental funds, pursuant to Chapter 190, Florida Statutes. The District utilizes the same basis of accounting for budgets as it does for revenues and expenditures in its various funds. The legal level of budgetary control is at the fund level. All budgeted appropriations lapse at year end. Formal budgets are adopted for the general and debt service funds. As a result, deficits in the budget columns of the accompanying financial statements may occur.

NOTE B – CASH AND INVESTMENTS

All deposits are held in qualified public depositories and are included on the accompanying balance sheet as cash and investments.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a formal deposit policy for custodial credit risk; however, they follow the provisions of Chapter 280, Florida Statutes regarding deposits and investments. As of September 30, 2025, the District's bank balance was $689,167 and the carrying value was $683,744. Exposure to custodial credit risk was as follows; the District maintains all deposits in a qualified public depository in accordance with the provisions of Chapter 280, Florida Statutes, which means that all deposits are fully insured by Federal Depositors Insurance or collateralized under Chapter 280, Florida Statutes.

NOTE B – CASH AND INVESTMENTS (CONTINUED)

Investments

As of September 30, 2025, the District had the following investments and maturities:

Investment	Maturities	Fair Value
First American Government Obligations Fund	45 days*	$ 176,527

* Maturity is a weighted average maturity

The District categorizes its fair value measurement within the fair value hierarchy established by generally accepted accounting principles. The fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The District uses a market approach in measuring fair value that uses prices and other relevant information generated by market transactions involving identical or similar assets, liabilities, or groups of assets and liabilities.

Assets or liabilities are classified into one of three levels. Level 1 is the most reliable and is based on quoted price for identical assets, or liabilities, in an active market. Level 2 uses significant other observable inputs when obtained quoted prices for identical or similar assets, or liabilities, in markets that are not active. Level 3 is the least reliable and uses significant unobservable inputs that uses the best information available under the circumstances which includes the District's own data in measuring unobservable inputs.

Based on the criteria in the preceding paragraph, the investment listed above is a Level 1 asset.

Interest Rate Risk

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk

The District's investments are limited by state statutory requirements and bond compliance. The District has no investment policy that would further limit its investment choices. As of September 30, 2025, the District's investments in First American Government Obligations Fund was rated AAAm by Standard and Poor's.

Concentration of Credit Risk

The District places no limit on the amount it may invest in any one fund. The investments in First American Government Obligations Fund represent 100% of District's total investments.

The types of deposits and investments and their level of risk exposure as of September 30, 2025 were typical of these items during the fiscal year then ended. The District considers any decline in fair value for certain investments to be temporary.

NOTE C – SPECIAL ASSESSMENT REVENUES

Assessments are non-ad valorem assessments on benefited property within the District. Operating and Maintenance Assessments are based upon the adopted budget and levied annually at a public hearing by the District. Debt Service Assessments are levied when bonds are issued and collected annually. The District may collect assessments directly or utilize the uniform method of collections (Chapter 197.3632, Florida Statues). Direct collected assessments are due as determined by annual assessment resolution adopted by the Board of Supervisors. Assessments collected under the uniform method are due and payable on November 1 or as soon as the assessment roll is certified and delivered to the Tax Collector. Per Section 197.162, Florida Statutes discounts are allowed for early payment at the rate of 4% in November, 3% in December, 2% in January, and 1% in February. Taxes paid in March are without discount.

All unpaid assessments become delinquent as of April 1. Virtually all unpaid assessments are collected via the sale of tax certificates on, or prior to, June 1; therefore, there were no material amounts receivable at fiscal year-end. Assessment levied for the 2024-2025 fiscal year were levied in August 2024.

NOTE D – CAPITAL ASSETS

Capital asset activity for the year ended September 30, 2025 was as follows:

	Balance October 1, 2024	Additions	Disposals	Balance September 30, 2025
Governmental activities:				
Capital assets, not being depreciated				
Land	$ 3,576,042	$ -	$ -	$ 3,576,042
Capital assets, being depreciated:				
Infrastructure	982,564	-	-	982,564
Buildings	398,851	-	-	398,851
Equipment	32,000	-	-	32,000
Less: accumulated depreciation	(505,657)	(44,739)	-	(550,396)
Total Capital Assets Being Depreciated, Net	907,758	(44,739)	-	863,019
Governmental Activities Capital Assets	$ 4,483,800	$ (44,739)	$ -	$ 4,439,061

Current year depreciation was charged to physical environment, $44,739.

NOTE E – LONG-TERM DEBT

Governmental Activities

The following is a summary of activity for long-term debt of the Governmental Activities for the year ended September 30, 2025:

Long-term debt at October 1, 2024	$ 3,000,000
Principal payments	(205,000)
Long-term debt at September 30, 2025	$ 2,795,000

In August 2016, the District issued $4,430,000 Series 2016 Capital Improvement Revenue Refunding Bonds due in annual principal installments beginning May 2017, maturing May 2036. Interest is due semi-annually on May 1 and November 1, beginning November 1, 2016, at a fixed interest rate of 3.5%.	$ 2,795,000

The annual requirements to amortize the principal and interest of bonded debt outstanding as of September 30, 2025 are as follows:

Year Ending September 30,	Principal	Interest	Total
2026	$ 210,000	$ 97,825	$ 307,825
2027	220,000	90,475	310,475
2028	230,000	82,775	312,775
2029	235,000	74,725	309,725
2030	245,000	66,500	311,500
2031-2035	1,355,000	197,925	1,552,925
2036	300,000	10,500	310,500
Totals	$ 2,795,000	$ 620,725	$ 3,415,725

Summary of Significant Bond Resolution Terms and Covenants

The District levies special assessments pursuant to Section 190.022, Florida Statutes and the assessment rolls are approved by resolutions of the District Board. The collections are to be strictly accounted for and applied to the debt service of the bond series for which they were levied. The District covenants to levy special assessments in annual amounts adequate to provide for payment of principal and interest on the bonds. Payment of principal and interest is dependent on the money available in the debt service fund and the District's ability to collect special assessments levied.

The Series 2016 Bonds are subject to redemption at the option of the District prior to their maturity, in whole or in part, at a redemption price equal to the principal amount of the Series 2016 Bonds to be redeemed, together with accrued interest to the date of redemption. The Series 2016 Bonds are subject to extraordinary mandatory redemption prior to maturity in the manner determined by the Bond Registrar if certain events occurred as outlined in the Trust Indenture.

NOTE E – LONG-TERM DEBT (CONTINUED)

The Bond Indenture provides for a Debt Service Reserve Fund, which shall be held by the Trustee separate and apart from all other funds. The following is a schedule of reserve requirements and balances in the reserve accounts at September 30, 2025:

	Reserve Balance	Reserve Requirement
Capital Improvement Revenue Refunding Bonds, Series 2016	$ 77,188	$ 77,188

NOTE F – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the government carries commercial insurance. There were no claims or settled claims from these risks that exceeded commercial coverage in the last three years.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Supervisors
The Verandahs Community Development District
Pasco County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements, as listed in the table of contents, of The Verandahs Community Development District, as of and for the year ended September 30, 2025, and the related notes to the financial statements, which collectively comprise the basic financial statements and have issued our report thereon dated March 11, 2026.

Report on Internal Control Over Financial Reporting

In planning and performing our audit, we considered The Verandahs Community Development District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of The Verandahs Community Development District's internal control. Accordingly, we do not express an opinion on the effectiveness of The Verandahs Community Development District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Berger, Toombs, Elam,
Gaines & Frank

To the Board of Supervisors
The Verandahs Community Development District

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether The Verandahs Community Development District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

To the Board of Supervisors
The Verandahs Community Development District
Pasco County, Florida

Report on the Financial Statements

We have audited the financial statements of The Verandahs Community Development District as of and for the year ended September 30, 2025, and have issued our report thereon dated March 11, 2026.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Florida Auditor General.

Other Reports and Schedule

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* and our Independent Auditor's Report on an examination conducted in accordance with *AICPA Professionals Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated March 11, 2026, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been made to address findings and recommendations made in the preceding financial audit report. There were no findings or recommendations in the preceding financial audit report.

To the Board of Supervisors
The Verandahs Community Development District

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, requires us to apply appropriate procedures and communicate the results of our determination as to whether or not The Verandahs Community Development District met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that The Verandahs Community Development District did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for The Verandahs Community Development District. It is management's responsibility to monitor The Verandahs Community Development District's financial condition; and our financial condition assessment was based in part on the representations made by management and the review of the financial information provided by the same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Specific Information

The information below was provided by management and has not been audited by us; therefore, we do not express an opinion or provide any assurance on the information.

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)7, Rules of the Auditor General, The Verandahs Community Development District reported:

1) The total number of District employees compensated in the last pay period of the District's fiscal year as: 0
2) The total number of independent contractors, defined as individuals or entities that receive 1099s, to whom non-employee compensation was paid in the last month of the District's fiscal year as: 2
3) All compensation earned by or awarded to employees, whether paid or accrued, regardless of contingency as: $0
4) All compensation earned by or awarded to nonemployee independent contractors, whether paid or accrued, regardless of contingency: $10,772
5) Each construction project with a total cost of at least $65,000 approved by the District that is scheduled to begin on or after October 1, 2024, together with the total expenditures for such project as: N/A
6) A budget variance based on the budget adopted under Section 189.016(4), Florida Statutes, before the beginning of the fiscal year being reported if the District amends a final adopted budget under Section 189.016(6), Florida Statutes: The Board did not amend the budget.

Berger, Toombs, Elam,
Gaines & Frank
Certified Public Accountants PL

To the Board of Supervisors
The Verandahs Community Development District

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)9, Rules of the Auditor General, The Verandahs Community Development District reported:

1) The rate or rates of non-ad valorem special assessments imposed by the District as: $561.67 - $1,123.34 for the General Fund and $48.39 - $593.10 for the Debt Service Fund
2) The amount of special assessments collected by or on behalf of the District as: $901,889.77
3) The total amount of outstanding bonds issued by the District and the terms of such bonds are as follows: $2,795,000 Series 2016 Bonds maturing in 2036

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or fraud, waste, or abuse, that has occurred or is likely to have occurred, that has an effect on the financial statements that is less than material, but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Supervisors, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANTS' REPORT/COMPLIANCE WITH SECTION 218.415, FLORIDA STATUTES

To the Board of Supervisors
The Verandahs Community Development District
Pasco County, Florida

We have examined The Verandahs Community Development District's compliance with Section 218.415, Florida Statutes during the year ended September 30, 2025. Management is responsible for The Verandahs Community Development District's compliance with those requirements. Our responsibility is to express an opinion on The Verandahs Community Development District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about The Verandahs Community Development District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on The Verandahs Community Development District's compliance with the specified requirements.

In our opinion, The Verandahs Community Development District complied, in all material respects, with the aforementioned requirements during the year ended September 30, 2025.
